

Love Slave 106

106 Accepting His Urgent Passion

After making up my mind that I wanted this, I took a step backwards into my room. Ace followed after me without hesitation. His lips were hot against mine again and I quickly parted my lips invitation for his tongue to thrust into my mouth. I pulled Ace into my room while he continued kissing me. Ace kicked the door close behind him before his full attention returned to deepening our heated kiss.

Our tongues mingled in an ardent dance as his hands began boldly caressing the curves of my body. I knew that it was the right decision to allow him into my room. Ace might not have hesitated to touch me like this even if we were still standing in the hallway. His hand caressed my waist before moving downwards to cup my buttocks directly. He moaned into our kiss as his hands began massaging and squeezing my ass.

I moaned and whimpered into our wet kiss as I felt my legs grow weak beneath me. Ace's hands pulled my hips up against his. The hard outline of his erect cock brushed against my pussy through our clothes. Since I was in my short night gown, I didn't have that much on to begin with. Ace broke our kiss before his eyes travelled down my body to take in my curves. I felt heat rise to my cheeks as I blushed in response to his heated gaze.

"Ace..." I whispered his name softly.

"Don't say my name like that, I'm more than turned on already..." Ace muttered before his hands pulled my hips against his again.

His hardness grinded against my pussy through the thin lacy fabric of the underwear that I had on. I could feel his thick cock brushing against my clit and the pleasure made me moan loudly. My hips began moving to grind my pussy against the hard outline of his cock as my desire for him started to take over.

"I can't wait to fuck you, Rina..." Ace admitted boldly.

With that said, he lifted me up into his arms princess-style while I let out a cry of surprise. Ace carried me to my bed and dumped me on there. I felt the softness of the mattress against my back and then Ace was on top of me.

"Ahhh!" I moaned loudly when he buried his face into the side of my neck and began sucking and kissing on my sensitive skin.

.....

He sucked hard on my skin and the slight stinging sensation told me that he was going to leave a mark. The pleasure felt too amazing for me to care about any love marks that he would leave on my neck or anywhere else on my body. My hands moved to cradle his head before I ran my fingers through his soft dark hair.

He sucked on my skin again and I whimpered. Ace's wet tongue traced a line down the side of my neck and my body trembled with pure pleasure. My core throbbed so hard that I thought that I was about to cum just from his seductive caresses. A pleasurable ache formed in my lower abdomen as my pussy quivered with desire.

Ace lifted his face from my neck and sat up just enough for him to quickly unbutton his shirt and then swiftly removing it from his body. I stared in admiration at his well-built and muscular body. The way his muscles moved as he stripped off his shirt looked so sexy that it made my lower belly swirl with my lust for him.

His hand quickly moved to unbuckle his belt before he quickly stripped the rest of his clothes and threw them down on the floor next to my bed. From his impatient actions and the wild desire in his eyes, I knew that Ace was truly at his limit. He needed to take me now.

When his cock sprang free from his pants and boxers, I gasped at the sheer size and length of his erect cock. That was more than enough proof for me that Ace couldn't wait to move on to the next phase. My pussy twitched with my desire to feel his cock inside of me. By that time, my pussy was more than wet enough for him. My love juices had leaked out of my love hole to wet and soak my panties.

"I can't wait anymore, Rina. I need you now," Ace said as his eyes stared down at me.

I didn't know what to say to him, so I just nodded my head in acceptance. Ace smiled a little at me and I could tell that he was pleased and then he was on top of me again. This time his hands quickly pulled up my night gown to expose my thighs and my waist to him. Suddenly, there was only my thin lacey underwear that separated us.

Ace's hands grabbed my thighs before spreading them widely apart while I moaned softly. I could feel his eyes on my pussy before his hand peeled away the thin fabric covering my love entrance. I moaned softly as Ace quickly positioned his thick cock at my entrance.

"Ahh...Ace..." I moaned lustily.

The heat of his massive cock at my opening made me want to feel him inside of me. I was so wet for him, and Ace was more than ready to take me. His cock twitched against my pussy lips, and I could sense his urgency.

"Bear with me, Rina..." Ace whispered.

"Ahhh! Ahhhh! Ace! Ahhh!" I screamed loudly as my hips bucked upwards.

Ace thrust his cock all the way into my wet cunt in one single thrust that made me cry out at the combination of pain and pleasure that surged through my body. His cock felt bigger and hotter than normal, and my pussy struggled to accommodate his size and sudden entrance. Ace began moving his cock in and out of my hole immediately after burying himself all the way to the hilt at his first entrance. He reared his hips back to withdraw his cock completely from my hole before thrusting forward to pound his hot rod back into my wet hole.
