

## Love Slave 107

### 107 Stopping Halfway

Over and over again, he thrust his cock into my wet pussy while I cried out with every thrust that hit me deep inside. The pain quickly transformed into a mind-shattering pleasure that was hard for my body to control and deal with. I cried out and moaned in pure bliss and ecstasy as his cock continued to fuck my wet hole. It felt like his cock had gotten even thicker and longer inside of my love tunnel and suddenly, he was hitting a pleasure spot that was even deeper than the last time.

I cried out his name as my hips began thrusting up from the bed to meet his wild thrusts halfway, ramming his cock even deeper and harder into my flooded love hole. Ace's movements were fast and merciless. He has never taken me this urgently before. His low growls and groans of pleasure echoed around my bedroom along with my cries of pleasure as he rode me.

"Your pussy is so tight, Rina..." Ace groan on top of me.

His hips continued beating his cock into my hole while I cried out from the unbelievable pleasure. Ace lifted one of my legs upwards and placed it on his shoulder. My hips got lifted up from the bed and suddenly, Ace's thrust felt much deeper than before. The thick head of his cock rammed into my womb with each of his powerful thrust. Pleasure exploded inside of my body, and I felt my pussy squirt out more love juice onto his hard dick.

"Ace! It's so good...Ahhh!" I cried out before more lewd moans escaped my lips.

Lewd wet sounds echoed all around us as his cock continued pounding into my wetness and messing up my insides. Each thrust felt so good that it made me feel like I was on the verge of cumming all the time.

"I'm cumming! I'm cumming, Ace!" I yelled loudly before my mind went completely white.

I wasn't sure what happened while I rode out the effects of my mind-numbing orgasm. My body felt like it was floating. I never knew that it felt so glorious to climax like this. When my mind came to, everything felt very hazy. I saw Ace on top of me and he was still moving inside of me.

"Ahhh..." I moaned.

.....

The feelings came flooding back and I could feel the ecstatic bliss from his hard cock pounding against my womb and pleasure spot. Ace groaned on top of me, and I could tell that he was also close to his limit. I wrapped my legs around his hips and my arms around his back.

Ace's cock twitched inside of me, and I knew that he was very close to his release. I smiled up at him as I waited for him to cum. Suddenly, Ace still on top of me while my eyes widened at him in confusion.

Why did he stop?

"I'm not wearing a condom..." Ace confessed as he stilled above me.

Since we were so rushed earlier, I hadn't realized that we just did it raw. No wonder his cock felt hot inside of me. As for the condom, I didn't have one. Since breaking up with Kyle I had decided to throw

everything away and I never got around to restocking on condoms because I didn't think that it would be necessary. Now that I thought of it, Ace always had a condom on him whenever we did it.

"It's ok...it's a safe day," I told him reassuringly as I stroked my fingertips slowly along his muscular back before sliding lower to stroke his strong and muscular arms.

"We should stop here for today," Ace said decisively as he started pulling back from me.

"Wait...I'll be ok...so...please..." I said softly as I pleaded to him with my eyes.

It was true that it was a safe day, but most importantly, I wanted to make him cum just like he had made me feel so good. It felt like I would go insane if he wouldn't continue.

"We can't do it. It's too risky for you..." Ace muttered decisively as he shook his head from side to side.

I knew that he was trying to control himself and I admired him so much for his ability to think so logically even at a time like this. Ace heaved a sigh and slowly disentangled my arms from his body. I let my arms fall to the side and then Ace slowly withdrew his cock from my pussy. I moaned softly as sadness filled me up inside when he removed his cock entirely from my wet cunt.

"Wait, Ace..." I called to him as I sat up.

"I'm fine. It's better to stop here for today. I wanted to see you so much that I forgot to prepare things. It's my fault..." Ace said with a small smile.

"Ace..." I murmured his name.

"I just wanted to surprise you that I'm back earlier. I didn't plan on...you know..." Ace explained before trailing off.

I knew exactly what he was trying to say. His words and his honesty tugged at my heart and that made me want to satisfy him even more. If he wouldn't cum inside of me then...what about...

"Can you...sit still for a bit?" I asked shyly.

Ace cocked his head to the side as his hazel eyes watched me with a mix of confusion and curiosity. Regardless, Ace decided to do as I had requested.

Slowly, I lay down a little on my stomach before bending my head down towards his cock. I was sure that Ace knew what I was going to do by that time, but if he hated it, he didn't quite have the time to stop me. I reached out my hand to hold his cock gently before I opened my mouth and engulfed the bulging head of his cock. His strong scent and manly taste filled my mouth.

I ran my tongue around in circular motions on the head of his cock. His taste filled my mouth as I lapped further at the small hole at the tip of his cock while Ace moaned. I felt his hand at the back of my head and knew that he was enjoying the attention that I was paying to his swollen member.
