

## Love Slave 172

### 172 Extra Pleasure

Ace pulled me into his crushing embrace, and I cried out. He hugged me tightly as he buried his face into the side of my neck and began kissing me there. His lips kissed and then sucked on the side of my neck as I moaned from the pleasure of his passionate attack.

Ace's actions were more passionate and desperate than usual. Perhaps, just like me, he also felt the need for us to reconnect again to return our relationship and bond to how it once was, if not even stronger than before. I let him have his way with me as I surrender my heart and my body willingly to him and his impassioned kisses. His wet tongue traced a line along the sensitive skin of my neck as he held me close to him. I could feel the heat of his body envelop me again and it made me want to feel even more of him.

"Ace...please..." I begged him with my words.

Ace let go of me enough for his hands to come between us to undress me. My hands moved boldly to strip off his suit before moving to unbutton his shirt. His hands worked fast to strip me. Our hands and movements were a wild mess as he hurried to strip one another. When our upper body were naked, Ace pulled me into his arms again before he kissed my lips roughly and deeply. I opened my mouth invitingly and his tongue thrust deep inside. He sucked on my tongue as I wrapped my arms around his neck.

"Ahhh..." I moaned loudly when I felt his hand slipping between my thighs and then under my skirt.

"Your pussy is so wet, Rina..." Ace murmured against my lips before his tongue snaked out to lick my lower lip.

"Touch me...please..." I begged shamelessly for him to caress the wetness in between my legs.

I parted my legs for him and soon I felt his fingers prodding against my wet opening through my panties. My core throbbed with need as desire swelled in my lower abdomen. The pleasurable ache between my legs was desperately seeking for satisfaction. Ace began stroking my pussy through the thin lace of my panties while I sucked in a breath and moaned lewdly.

The pleasure that I felt from his touch made my legs go weak and I started to want him to touch me more. I stared deeply into his eyes before I quickly slipped off my panties and casting it away to the side. Ace chuckled at my naughty and provocative action before he pushed me backwards gently. I felt the hardness of the wall against my back before Ace trapped me against it with his large frame.

.....

"Rina..." he groaned my name passionately.

"Touch me. I can't wait...please..." I begged again as I held his wrist biding in my hand.

I parted my legs before guiding his hand between my thighs. A satisfied moan escaped my lips when I guided his fingers to the wet cleft in between my parted legs. I closed my eyes and rocked my hips, rotating my pussy against his fingers until it started to hit against my swollen and sensitive clit.

"It's so slippery here. So flooded..." Ace murmured lustily.

“Ah! Ahhhhh...” I cried out before moaning louder than before.

Ace thrust a thick and long finger upwards into my pussy hole. I leaned back against the wall for support before thrusting my hips upwards towards his hand as my pussy sucked in more of his finger deep into my pleasure hole. My pussy clenched hard around his finger to feel more of him.

“Fuck me with your fingers...please...” I pleaded.

“You’re so demanding today. Do you want me to pleasure you that badly?” Ace asked teasingly.

I was so desperate to have him. Everything that he did to me felt extra good and I couldn’t get enough. My hips moved up and down desperately against his hand as I felt his finger sliding in and out of my hole.

“I’ll put in another one inside you...” Ace whispered seductively.

“Ahhhh...Yes...” I moaned at the sensation of my love entrance being stretched open.

Ace screwed another finger into me, and I marveled the pleasure of my wet hole being stretched and filled by his intruding fingers. Ace began moving his fingers, thrusting it in and out of my wet cunt while I cried out his name and moaned. My pussy got wetter and wetter as my desire for him heightened. His fingers stroked along the length of my pussy walls before directly stimulating the sensitive pleasure spot deep inside of me.

“Yes...it’s so good...Ace...” I moaned in between my wild pantings.

My hips pumped up and down as I rode his fingers in wild abandon. His fingers curved upwards and began thrusting fast and hard against my G-spot. I cried out as I felt my climax fast approaching.

“Ace...stop...I’m going to cum...” I pleaded for him to stop.

“You don’t want to cum just yet?” Ace asked tenderly.

“I want to cum with you...please...” I confessed a little shyly.

“You’re extra cute today, Rina...” Ace complimented me, and I ended up smiling.

“Ahhh...” I whimpered softly when I felt his fingers slowly sliding out of my pussy hole.

My love juices leaked out of my hole and wetted my inner thighs. I struggled to catch my breath before I reached for the front of his pants. I couldn’t wait anymore to feel his cock deep inside of me. Boldly, I began undoing his belt as Ace watched me. I gasped in delight at the length and thickness of his cock when I managed to the beast from his pants. His cock was already so hard and erect.

“Lift your leg up, I’ll help you...” Ace instructed just when I wasn’t sure which position he wanted to take me in.

I nodded enthusiastically as I let Ace help lift one of my legs upwards. Ace moved his hips closer to mine before he positioned his massive thickness at my wet entrance. I moaned his name when I felt the heat of his cock in between my pussy lips.
