

Love Slave 188

188 Need You Now

“Let’s head back?” I suggested while I panted after Ace finally let go of my lips.

Wordlessly, Ace stood up from his seat. At first, I thought that he was ready to leave too; however, when I turned to leave, his hands pulled my arm back. Then his arms were around me and I felt myself being lifted until I sat on his table. The way his hazel brown eyes looked at me told me that we wouldn’t be going home for a while.

“Ace...” I whispered his name before I felt surprised at how seductive my voice sounded.

It must have been the effect of his kiss and having him so close to me that made me this turned on. Ace was very turned on as well as he stepped closer to me and spread my legs to the side. His hands didn’t hesitate to pull up my skirt so that he could part my legs even further apart. I stared up into his face as he stood in between my legs. His hot hands rubbing my thighs made desire dance and throb in my lower abdomen. My pussy started to get wet for him as I moaned softly from the heat of his caresses.

“Lay back...unless you feel like you can keep sitting,” Ace instructed with a hint of teasing in his tone.

With what I knew he was going to do to me, I doubted that I could stay sitting for much longer anyways. I slowly laid back across his desk as Ace continued to stroke my thighs seductively before his hands moved to stroke the sensitive skin of my inner thighs.

“Ahhh...” I moaned as I closed my eyes momentarily.

His skillful hands slowly inched up my inner thighs as I moaned in anticipation of his touch at my most feminine spot. My pussy quivered as it got wetter. I wanted him to touch me there so badly that my hips began to move and thrust upwards.

“I guess you can’t wait till we get home either,” Ace teased me mercilessly.

.....

I opened my eyes and lifted my head a little to see him smirking at me. The slightly naughty look on his face turned me on even more. His large hands lifted and spread my legs further apart again and soon I felt the pressure of his fingers against the wetness in between my legs.

“Ahh...Ace...” I moaned at the pleasure of his exploring fingers tracing a line up and down the wet slit in between my thighs.

My pussy trembled and then clenched wildly as his fingers stroked my pussy lips up and down. I could feel how wet and slippery I was from his fingers sliding against me.

“You always get wet so fast...” Ace said it like a compliment.

His fingers began moving faster and my hips thrust up and down, rocking my pussy against his fingers. I felt more of my juices leaking out of my love hole to lubricate his fingers.

“Ace...please...I can’t wait...” I pleaded.

"It's so hot inside you..." Ace murmured before he bit down on his lower lip.

I gasped and then cried out loudly at the sensation of his thick and long fingers slipping a little into my wet entrance. His fingers stretched my open before penetrating into my wet cunt. It felt so good already and his fingers weren't all the way in yet. I moaned before sucking in a deep breath. In the next instance, Ace removed his finger from my hole before thrusting it back deep and hard all the way inside of me.

"Ahhh! Ace...Ahh...it's so good..." I moaned and whimpered as my head rolled on his work desk.

"Your pussy is flooded, Rina. It can't stop sucking in my fingers. How am I supposed to move my fingers like this?" Ace asked teasingly as he shook his head in mocking disapproval.

I couldn't help it. No matter what he said, my pussy wouldn't stop clenching hard around his fingers. His teasing words only worked to turn me on even more and my pussy suddenly felt so sensitive. Suddenly, Ace began moving his fingers inside my wet hole. His thick and long fingers thrust in and out of my hole as I cried out from the pleasure. Each thrust hit hard against my pleasure spot and the feeling of his fingers sliding and rubbing against my pussy walls drove me crazy with lust.

"Ahh! Ahhhh! Yeahhh!" I cried out as my hips pumped up and down.

My entire body writhed from ecstasy on his worktable as Ace continued ramming his fingers faster and harder into my wetness. He felt around and quickly found my g-spot before he played with it until I was so close to my climax.

"Ace...I'm going to..." I moaned before I placed my hand over my mouth.

I'm going to scream!

"Scream all you want, Rina. If there's anyone else here, they would've heard you a long time ago already..." Ace said with a small chuckle.

"Ahhh! I'm cumming! Ace...Ahhh!" I screamed so loudly as my hips bucked off the table.

He took me to my climax with his fingers and as my body spasmed from the aftereffects of my orgasm, Ace slowly slid his fingers out of me. It didn't take long before I felt something much thicker and hotter position itself between my throbbing pussy lips. My senses were heightened from my climax from earlier and I could feel the heat of his cock as he rubbed it against my opening.

"Don't...Ahhh!" I cried out when the tip of his cock stroked my swollen clit.

It felt too good. I can't even think anymore and maybe I didn't need to think about anything else anymore.

"I really can't wait to fuck you, Rina..." Ace murmured seductively.

"Ace...fuck me...please..." I begged him as I completely lost control.

Ace's hands quickly gripped my thighs before he thrust his cock sharply into my pussy. I cried out as he groaned. His cock penetrated deep inside me. He was so thick and so big that I had a hard time adjusting to having him inside of me.
