

Love Slave 201

201 Pleasure and Longing

"Ahh! Ahhh!" I cried out when he pinched my nipples in between his fingertips.

"Your nipples are so hard. I can see them and play with them through your clothes..." Ace said with a delighted chuckle.

Mind-numbing pleasure jolted through my body from the erect perks that he was playing with. The texture of satin rubbing against my nipples turned me on even more than before. My hips began moving as I began losing control over my body. A pleasurable ache formed in my lower abdomen before moving further down to the sensitive spot in between my thighs.

"Ace..." I moaned his name before I moaned loudly.

My pussy clenched uncontrollably as it got wet for him. A hot rush of wetness spurted out of me as he took me to even further heights. Ace slipped his hands into the front of my nightgown and cupped my breasts directly. The heat of his touch felt like it was ready to melt me and so did the pleasure that he was making me feel.

"Good girl. Thanks for your help..." Ace complimented me when I reached for the thin straps of my nightgown and pulled them down my shoulders.

The thin fabric covering my womanly assets fell away and Ace enjoyed himself as he played roughly with my breasts.

"Let me kiss you, Rina..." Ace demanded seductively.

I turned my head back readily to offer my lips to him. Ace's lips captured mine immediately in a hot and passionate kiss, his tongue thrusting deep and firmly into the wet depths of my mouth. I moaned into his kiss as his hands moved faster and harder to massage my tits. The sensation of his tongue grinding against mine as his hands kneaded my breasts felt almost too good for me to take.

.....

Ace sucked on my tongue as he tasted me. His kiss felt so good, and it felt like my entire body was about to melt into mush on his lip. Suddenly, Ace broke our kiss. Confused by the sudden retreat of his tongue from my mouth, I stared up into his face with a questioning look.

"Stick out your tongue, Rina..." Ace instructed.

His hand stilled on my breasts as he waited for me to comply with his little naughty request. Ace's eyes held mine as he continued to wait. Slowly, I slipped my tongue out from between my lips. Ace's lips immediately curved into a satisfied smile before his face approached mine again. I should have closed my eyes, but I also wanted to see what he was going to do.

In the end, I ended up watching him as I got lost in his captivating eyes. My heartbeat wildly in my chest as if it was about to explode. Ace's lips approached mine and then his tongue snaked out between his lips before slowly licking mine. The tip of his tongue flicked along mine a couple of times before his tongue started moving against mine.

I moaned deep in my throat at the sensation of his wet tongue dancing against mine. It felt so intoxicating and so seductive. His hands began moving on my breasts again and soon he was sucking on my tongue as his fingertips pinched and pulled on my swollen nipples.

By the time he finally let go of my tongue, I was panting, and my entire body felt so hot. Suddenly, I felt his hands wedging in between my upper thighs and my eyes widened.

“Ahhh...no please...” I whimpered weakly.

“Don’t you mean yes instead?” Ace asked knowingly as his fingers began moving against my pussy through my panties.

I could feel his touch against my wet opening as he began stroking my pussy through the thin fabric of my panties. My hips began rocking, rubbing, and grinding my pussy bolding against his hand as I begged him with my body to pleasure me more. Ace chuckled close to my ear before his fingers pulled the fabric covering my wet hole to the side.

“Ahhh...Oh...Ace...please...” I moaned and begged for more.

Ace’s fingers finally reached my wetness and began stroking up and down along the length of my wet slit. He knew how to pleasure me so well. With a few touches, I felt another rush of wetness gushing out of my hole onto his exploring fingers.

“You’re so wet. Did you call me over just because you were horny?” Ace asked teasingly.

I shook my head in denial, but I didn’t think that I managed to convince Ace at all. When I called him, I just missed him and wanted to hear the sound of his voice and then I wanted to see him. However, right now, I couldn’t deny that I wanted him so badly.

“No...” I murmured in denial.

“No?” Ace said teasing.

I felt his thick fingers probing my wet entrance and my pussy instinctively clenched in anticipation of their entrance. Without any warning, Ace screwed his fingers deep into me in one powerful stroke. I cried out as his fingers stretched my entrance before plunging into my wet depths. It’s been too long, and I missed him and the love that he could give me.

“Ahhh! Ace...Ahhh...” I moaned as my pussy clenched tightly around the thickness of his fingers.

“It’s so hot inside you...and so tight...” Ace murmured as his fingers began feeling around inside of me.

“No...don’t do that...” I whimpered.

It felt strange yet so pleasurable. His fingers were so long, and it felt like they were reaching everywhere inside of me. Ace slowly withdrew his fingers out of me as I whimpered at the pleasure of his fingers running along my sensitive pussy walls. Ace removed his fingers from me completely before thrusting it all the way back inside.

“Ace! Ahh! Ahhh!” I began screaming as raw pleasure invaded my pussy.

Ace fingered me fast and hard as my hips thrust up and down on his lap. His other arm held me in place, and I could feel his eyes on me as he took in my every reaction. His thick fingers messed up my insides as he thrust them against my pleasure spot. My legs immediately went weak and all I could do was moan and cry out his name along with my lewd moans of ecstasy.
