

Love Slave 217

217 Burning with Him

Ace filled me completely and I could feel him everywhere inside of me. The feeling of his cock buried so deeply inside of my love hole felt so fulfilling and made me feel so complete.

"It's tight. Don't clench around me so much. You'll make it hard for me to move..." Ace complained mockingly before he chuckled a little.

"I can't help it...it feels...so good..." I mumbled softly.

Despite his warning, I couldn't stop my pussy from greedily clenching around the thick grith of his pulsating manhood. He felt so hot and so big inside of me that I wondered if he had gotten bigger just from entering me. I took in deep breaths as I willed the muscles of my pussy walls to relax around his cock. Ace reared his hips back and I felt his cock slowly sliding along my sensitive pussy walls until his cock almost exited me completely.

"Ahh! Ahh! Yes!" I cried out louder at the intense pleasure that accompanied his rough thrusting inside of me.

Ace reared back his hips just to pound his cock back into my hole even deeper than before. The thrusting motions of his hips were rough, driving his cock fast and hard in and out of my hole. His large hand gripped the sides of my hips and controlled their motions. He rocked my hips, pushing my pussy hole against the oncoming thrusting motion of his cock to bury his massive member harder and deeper into my sopping wet pussy.

The thick head of his cock hit me deep inside. Each stroke reached my womb and made me cry out from the mind-blowing pleasure. Ace continued pounding his massive thickness in and out of my pussy as my hips writhed and I cried out. His cock hit me harder and deeper inside with each thrust and I could feel my climax fast approaching. Ace thrust his cock into me at just the right angle to hit and stimulate my pleasure spot and it drove me wild with lust.

"Ahh! It's so good...harder...fuck me...harder..." I managed to plead in between my violent panting.

"Are you sure that you won't regret this later?" Ace asked before he smirked at me.

.....

"Ahh!" I cried out when I felt his hand digging beneath my ass to cup my buttocks.

Then I was no longer seated on the counter as Ace lifted me up. I stared into his eyes in shock as he carried me further up with him. His large hands positioned my hips where he wanted them before he reared his hips back and then screwed his large cock all the way into me. I wrapped my arms around his neck and held on like I was holding on to dear life.

My sanity was quickly slipping from me as his cock rammed faster and deep into me. This different angle felt deeper than before. Ace screwed his cock all the way into me before shaking my body against his. I could feel his cock moving inside of me along with the movement of my own body. It felt so strange yet so pleasurable as his cock bumped into the walls of my pussy and stretched me from various angles.

We were so close and that meant that Ace could tease me more than before with his lips and his tongue. His lips captured mine in a smoldering hot kiss, his tongue thrusting immediately into my mouth to dance around with mine. I moaned erotically into our deep kiss before I began kissing him back desperately. His cock hit even deeper inside of me, and I was absolutely certain that his cock had grown even longer and thicker inside of my wet hole.

Ace broke our kiss before burying his face into the side of my neck where he began kissing and then sucking on that patch of delicate skin, making my entire body shudder in bliss. I wrapped my legs around him tightly as he bounced my body up and down.

"Ace...I can't...I'm going to cum..." I said in a broken voice as I panted.

My cries and moans of pleasure robbed me of my ability to speak again. His cock hitting against my pleasure spot made my entire body spasm and I wasn't sure if I had already climaxed or not. It felt so good, I wanted to climax but then I didn't want him to stop pounding his love stick into me.

"It's fine. You can go ahead and cum, Rina..." Ace whispered to me sweetly.

"Ahhh! Ace...I'm cumming!" I screamed so loudly before I completely lost myself to the consuming heat of my own orgasm.

My entire body felt weak and useless immediately after that. Ace held me in his arms and stroked my back lovingly as I struggled to catch my breath. My mind was blissfully empty as I floated in the afterglow of my climax.

"Ace..." I whispered his name when I managed to regain a little of my sanity.

"I'm here..." he whispered back sweetly.

I felt his cock gently sliding out of me and then my own wetness spurted out of my opening and trickled down my inner thighs when he slowly placed me back down on my feet. Ace kept his arms around my waist to help support me because he probably knew that I couldn't stand on my own just yet and he was absolutely correct about that.

Ace began turning me around while he instructed me to grab hold of the counter with my hands. I knew that he wanted to take me from behind and as much as I wanted that too, I felt like I might not last until the end in the state that I was in. Ace leaned over me, and I could feel his body heat against my back. When I turned my head around to talk to him, his lips captured mine in a passionate kiss that was immediately wild, robbing me of my opportunity to speak to him.

One of his arms loosened from my waist and then his hand were busy groping and massaging my breasts in turn while I moaned my pleasure into his kiss.
