

## Love Slave 233

### 233 Intense Loving

"Ahhh...Oh...Ahhh..." I moaned as his cock slowly penetrated it my pussy.

Ace's hands tightened on the sides of my waist as I continued lowering my hips down onto his upstanding cock. His cock felt so hard and so hot as it thrust into me. Ace pulled me down onto him and his cock pounded all the way into me until I was sitting right on top of his lap with his cock buried all the way inside of my wet love tunnel. I could feel his cock twitching slightly inside of me and it reminded me of how alive and virile it was.

"Good girl, Rina. It's all the way in now..." Ace said before he leaned his face towards mine and planted a loving kiss on my forehead.

His cock fitted so snugly inside of me and it made me feel so close to him. I smiled a little at him before I began lifting my hips up from him. The sweet pleasurable sensation of his cock sliding and rubbing against the sensitive walls of my pussy as his cock slowly slid out of me made me moan and I had to close my eyes for a moment to refocus myself. It just felt so good.

"Ace...Ahh...Ace..." I moaned his name as I wrapped my arms loosely around his neck.

Ace's hands tightened to better support the sides of my hips as I moved them up and down to ride his thick and hard dick. I started off slowly to get used to his cock sliding in and out of my hole as my pussy moved on top of him. I lifted my hips until his cock almost exited my pussy completely before lowering down onto his thick hardness again. It felt so good, and I was moaning very loudly as Ace watched my every reaction.

"Your pussy feels amazing, Rina. It's squeezing me so tightly. Move a little faster..." Ace said encouragingly.

I nodded at him to tell him that I understood what he wanted me to do. I began moving my hips up and down faster as I made sure to angle my hips for his cock to hit all the right spots inside of me to heighten my own pleasure. His cock felt so hot and thick inside of me and that turned me on even more. My pussy clenched around his thick grith as I got wetter and wetter. Our bodies made slapping sounds as I rode his cock harder than before, lifting my hips and then using my weight to slam my hips down onto his cock. His cock pounded up into my pussy and made me scream from the raw pleasure of its thick head hitting all the way against my womb.

"Ahh...Ace. It feels so good..." I managed to say before I moaned lewdly.

.....

"Lift your hips a little and stay still..." Ace commanded as his hands moved under my ass to lift my hips.

"Ahhh! Yes! Yes!" I cried out in wild abandon when Ace began thrusting his thick love pole into me from below.

His large hands held my hips in place as his hips thrust upwards to pound his cock fast and hard into my awaiting pussy. I cried out each time his thick manhood rammed into me and hit my womb. Each thrust felt rougher and more forceful than the one before and I started to feel like my insides were

melting. Ace had a very erotic and determined look on his face that I found to be very sexy as he continued giving it to me. His cock felt hotter inside of me and it felt like he had gotten even bigger than he was before as he filled and stretched my insides even further.

"I love fucking you, Rina..." he admitted without any shame or guilt.

I loved it when he made love to me fast and wild like this too. His cock pounding repeatedly against my sensitive pleasure spots drew me closer and closer to the edge. My breasts jiggled up and down as he began shaking my body to match the rhythm of his wild animalistic thrusts. I was sure that I would be bruised and sore after we were done but I didn't mind at all. His cock moving inside of me felt so good that I didn't want him to stop.

"Ahh...Ace...I'm cumming!" I screamed loudly as I threw my head back.

My entire body convulsed from the pleasure that flooded every cell of my body as my orgasm consumed me completely. I couldn't think of anything else but Ace and that seemed like it was already enough. I didn't want to think of anything or anyone else. I surrendered both my mind and body to him entirely.

I felt his hand stroking the back of my head lovingly and then he was hugging me against his body. His warmth and familiar scent enveloped me and made me feel so safe. I wanted to stay locked up in his loving embrace like that forever. Even if it was just for a moment, I wanted to fool myself that that moment could last forever.

"Can you stand, Rina?" Ace asked in a suggestive whisper close to my ear.

I was still struggling to catch my breath from the exhausting aftereffects of my mind-blowing climax. On the other hand, I knew that Ace was already looking forward to going for another round. He had not cum yet and I knew that he would keep doing me until he came inside me. I had to admit that I probably didn't want him any less than he wanted me.

"Yes, I can..." I replied confidently.

The weakness in my legs didn't make me feel as confident as I sounded but I knew that I will somehow manage. Ace could probably tell because he was careful in helping me up onto my feet. His hand on my arm and his other arm around my waist helped to support me as he turned me to face his worktable.

"Hold onto the table..." Ace instructed, and I nodded.
