

Love Slave 254

254 Distracting Pleasure

I made some room for Ace before waiting for him to climb into the bathtub. Suddenly, it felt like there was too much water in the tub and the water was about to overflow after Ace's entry. I quickly reached over to turn off the tap while Ace sat down comfortably and leaned back against the bathtub.

"That was close..." I whispered under my breath.

"Come here, Rina..." Ace urged lazily.

I turned around to see him smiling at me as he waved me over with his hand. Ace still looked tired and I thought that catching up on some sleep would probably do him good. Despite that, I still thought that he looked as attractive as always as our eyes met. Suddenly, I felt slightly shy, but I didn't want to keep Ace waiting for too long because I didn't want to risk ruining the mood.

Just as I knew that Ace wanted, I sat down with my back to him in between his legs before his arms wrapped themselves around my waist and held me naturally against him. I could feel the heat of his skin against my back as he held me close and it made the warmth of the water feel like nothing at all. He always felt so warm when he held me close to him like this.

"You haven't replied to my question, Ace..." I reminded him.

If he thought that I would forget about it because of how he was trying to distract me then he now found out that he was so wrong. I could feel Ace's warm breath blowing against the small hair at the back of my neck before I felt the softness of his lips against the base of my neck as he kissed me there gently. There wasn't anything sexual about that kiss yet, but I couldn't stop the tremble that ran through my body.

His arms tightened around my waist as if he was scared that I would escape and run from him. Ace's continued planting small little sweet kisses against the back of my neck all the way down to my shoulder.

"Ace..." I whispered his name as I tried my best to keep myself from moaning.

.....

"Hmm?" Ace made a questioning sound.

I could tell that he didn't care much for conversation right now because his lips and then his tongue were too busy teasing and tasting the sensitive skin of my neck and shoulder. A small whimper escaped from me as my breathing starting to quicken from his seductive kisses. His hands began softly stroking the plain of my naked stomach under the water while I tried to resist my bodily urges to react to him.

"Ace...will you tell the chairman about your plans?" I asked before I had to bite down on my lower lip to stop myself from crying out from the pleasure of his touch.

"I probably have to or else he'll keep me locked up at the mansion forever..." Ace replied half teasingly.

"Ahh..." I let out a moan despite my effort to hold it in.

His hands moved up and cupped my breasts before he gave them a firm squeeze that sent jolts of raw pleasure flooding into my body. His skillful hands massaged my breasts expertly while I moaned from the pleasure. There were still questions in my mind and some doubt; however, the things that we was doing to me made it hard for me to focus on my thoughts.

“Ace...Ahh...” I whimpered his name before I moaned louder than before.

My chest heaved up and down as his large manly hands started pumping my breasts together. My soft womanly flesh molded into the shape of his hands as he squeezed and played around with them. I cried out his name while my nipples hardened even further until they started to sting a little as they rubbed against the palm of his hands.

“Ace...wait...” I managed to protest a little as I covered his hands with my own.

“Shh...I know that you like this. Your nipples are so hard...look...” Ace replied teasingly.

I cried out when his fingertips moved to capture the erect perks of my breast and began squeezing them softly. His fingers tugged on my sensitive nipples and made them even more erect than before. My body writhed in between his legs as I struggled to deal with the pleasurable sensations that were invading my senses and my body.

“Ahh...Ahhh...” I moaned and gasped as he continued teasing my swollen nipples.

It felt so amazing when he tugged rhythmically on my nipples before he squeezed them sharply. His caresses got rougher and rougher and the pleasure from his touch only intensified. Desire started to stir in my lower abdomen as my core heated up and started to tighten as if a large knot had formed in the pit of my stomach. It ached down there as my core started to throb and clench with need and desire. I was so turned on by him just like always. All he had to do was play around with me a little and I would end up yearning for him so madly.

“Your breasts are so soft, Rina...” Ace murmured close to my ear.

“Ahh...Ace...” I moaned and whimpered his name.

My vocabulary only contained his name right now along with my incoherent moans as my body starved for more of his loving attention. He continued playing with my breasts and pinching on my nipples until it felt like I was on the verge of cumming. It felt unbelievably good, and my body felt so sensitive. Every sensation felt shaper and clearer than normal and I knew that it was because I was already so turned on by Ace.

I leaned back against his hard frame as my desire started taking over me. My hips began thrusting up and down as his hands continued teasing my womanly mounds. I cried out his name when he pinched my nipples.

“Turn this way, Rina...” Ace instructed with clear desire in his tone.
