

Love Slave 256

256 Passionate Possession

"Come on, Rina. Stick my fingers into your pussy..." Ace coaxed encouragingly into my ear.

The sultry tone of his voice and the warmth of his breath gently hitting against my ear turned me on even more than before. I gulped before I began guiding his hand in between my legs.

"Ahh..." I moaned when I felt his fingertips against my wet opening.

"Good girl..." Ace complimented me when I began guiding his fingers along my wet slit.

It felt so strange but so pleasurable. My hips lifted upwards, pushing my pussy up against his thick and long fingers. I wanted to feel his fingers deep inside of me and I couldn't wait any longer. Quickly, I parted my legs and pushed his fingers into my slippery pussy hole.

"Oh...Ahhhh..." I moaned before crying out as two of his fingers penetrated into me.

I pushed against his hand until the entire length of his fingers were buried deep inside of my love hole. His thick fingers stretched my opening before filling me up deep inside. It felt so good although he hadn't moved his fingers yet. My hips were already moving, thrusting up and down to grind my inside against his fingers.

"It's so hot inside you, Rina..." Ace murmured sexily into my ear from behind.

"Ace...please..." I pleaded as I begged him to finger me.

.....

"Do you need my help?" he inquired mockingly.

"Yes...please...move your fingers. Please..." I begged without any reserve.

Ace chuckled a little and I could tell that he was pleased with what he had just heard. Ace's fingers began moving painfully slowly inside of me. He gently removed his fingers from my hole before thrusting it roughly all the way back inside. My eyes bulged in pure shock at the suddenness and force of his thrust as well as the pleasure that exploded deep inside of my love tunnel.

"Ahh! Ahhh!" I cried out loudly.

My lewd cries of pleasure echoed noisily in the bathroom all around us along with the splashing sound of the water in the bath as Ace began fingering my pussy in earnest. His fingers moved faster and faster as he pumped it in and out of my tight pussy hole. My pussy clenched around his fingers to feel more of him as his fingers stroked along the walls of my pussy. I spread my legs and thrust my hips up and down to ride his fingers while angling my pussy to make sure that his fingers would hit against the pleasure spot deep inside of me.

"I'm going to cum...Ace...I...Ahh!" I cried out as I felt my orgasm fast approaching.

I knew that it wouldn't be long until I came at the rate that he was pushing his fingers against my pleasure spot. Each thrust felt better than the one before and much deeper. My hips bucked as he

began pounding his fingers deeper and faster into me. I came crying out his name as I lost all control and surrendered my mind and body to my own intense climax.

...

Somehow, we managed to finish bathing without any further incidents. My legs felt weak as I walked over to the bedroom ahead of Ace. I yawned as I thought of a peaceful night of sleep. Admittedly, the pending issue about his relationship with Elizabeth had been keeping me up for many nights. Even on nights that I could fall asleep, my sleep was light and quite disturbed.

I tried to tell myself that I should believe Ace and that time would probably tell. If he wanted me to wait for a month more, then it probably won't kill anyone if I decided to wait. After all, it was only one more month. During that time, he was also right that I should focus my efforts on Project Alpha and winning the competition. It didn't matter if Ace was going to remain as the CEO or not, the result of the competition would still have a big impact on the future of the company and that meant our future together as well.

With my mind made up, I felt slightly better about myself, and it became clear what I had to do next. I pulled out my short nightgown from the closet and slipped it on before sitting on the side of the bed. The bed shifted under his weight when Ace climbed onto the bed. I watched as he carelessly tossed the white towel from around his waist onto the floor and relaxed on his back on the bed.

I didn't need to ask to figure out that Ace wanted to sleep naked tonight. It wasn't like I really minded...

"Come here, Rina. Let me hold you for a bit..." Ace urged demandingly.

I had begun to lose count of the times that he had told me to come to him. Things must have been quite tough for him to act so clingy. I laid down next to him and rested my head on his shoulder. Ace pulled me closer to his side and held me.

"Rina, I don't want you meeting up with Kyle again behind my back. Can you promise me that you won't do it again?" he asked as his eyes stared into my face.

"Well, it's not like I wanted to meet him or talk to him. I was just worried about what you were up to...with Elizabeth..." I muttered darkly in my own defense.

"Even so. If you're curious about something, just ask me about it directly. Don't go talking to other guys," Ace said with clear disapproval.

If only things were as easy as he believed them to be. It was hard for me to ask him those kind of questions and when I did ask him, it always felt like we would get into an argument. Plus, I didn't know if I could believe him. I sighed softly when I thought that I couldn't tell Ace that.

"I don't want you meeting up with her either...even if it's for work..." I said as I started to frown.
