

Love Slave 60

60 A Glimpse of Heaven

"Ahh..." I moaned as I felt my pussy opening being stretched open.

Ace bent my legs and spread them widely apart. Unlike when we were in his office, he could see everything in this position as he sat in between my legs. Suddenly, a huge wave of embarrassment overcame me, and I couldn't take it anymore.

"Please don't look!" I cried out at the same time that I reached my hands down to cover my pussy to shield it from his intense gaze.

"Why? Your pussy is so attractive. Let me see it, Rina..." Ace coaxed as his hand gently started peeling my hand away from my love opening.

"No...please. It's so...embarrassing..." I pleaded in a small voice.

"There's nothing to be embarrassed about. I know, what about I show you my cock. Will that make you feel less embarrassed?" Ace suggested with a playful smile.

His cock?

I blushed a deeper shade of red as my face became unbearably hot. Now that he had said it, I couldn't stop myself from picturing his cock and how massive it must be. This is not good, now I'm yearning for his cock more than anything.

"No...please..." I pleaded again.

.....

"You don't want to see it? I'm always told that my size is very impressive by the ladies..." Ace said with a small laugh.

I knew that he was teasing me, and he seemed to be enjoying himself so much at my expense. His hand pulled my hands away from my pussy and soon my hands were replaced by his. A lustful moan of pleasure escaped my lips as I threw my head back and enjoyed the sensation of his fingers running up and down the length of my flooded slit.

"You're flooded down here, Rina," Ace teased as he stroked his fingers along my pussy folds faster.

The way he said my name turned me on so much more than he would ever know. My pussy clenched greedily as he continued to stroke me there. When his fingers brushed slightly against my ultra-sensitive little nub, I cried out like I was possessed. Ace applied more pleasure as his fingertips swirled around my clit faster and faster while I moaned louder than before.

"You taste so sweet..." Ace said.

I watched as Ace seductively licked my juices from his fingers before his fingers disappeared into his mouth. He sucked on his fingers as he stared deeply into my eyes. I couldn't believe what I was seeing. Ace is...eating my juices...

"I need more," Ace groaned.

He gripped my thighs with his hand and parted them further apart before he buried his face in between my legs. I screamed when I felt his tongue on my clit. He flicked my sensitive nub with the tip of his tongue and I gripped his hair tightly in my hands as ecstasy flooded my body in endless waves. Just when I thought that things couldn't heat up anymore than this, I felt a sudden piercing sensation in my love tunnel.

"Ace! Ahhh! Ahhhh!" I screamed as my hips bucked upwards.

Ace had thrust his fingers into my hole while his tongue continued to pleasure my swollen clit. I pulled on his hair as a way for me to deal with the lust and pleasure that he was making me feel. His thick and long fingers stretched and filled my hole before he began moving them in and out of my hole. The powerful thrusts of his fingers deep inside of my hole felt so good and it made feel like I was about to lose my mind.

"Please...Ace..." I pleaded in a choked-up voice.

I wasn't sure if I was begging for him to stop or for him to finger me faster. The double pleasure from him sucking on my clit and fingering my hole was almost too much for me to handle. I'm going to cum. He's going to make me cum very very soon. I closed my eyes as my body writhed, thrusting my hips up and down towards his hand and face.

Loud wet lewd sounds echoed in the room along with my cries of pleasure as his fingers delved in and out of my wet hole. My insides got stirred up by his fingers fast and hard as he screwed his fingers faster and harder into me. When his fingers curled up and felt along the upper walls of my pussy, I knew that he would soon find my pleasure spot.

I cried out his name loudly when his fingers began thrusting against my G-spot. Ace sucked on my clit harder, and I felt my entire body unravelling at his lewd stimulations. My pussy got wetter as my pussy walls clenched tightly around his fingers.

"I'm...going to..." I whimpered as I felt my orgasm fast approaching.

After a few hard and rough strokes of his fingers inside of my love hole, I climax spectacularly. I cried out Ace's name as my body spasmed uncontrollably from the pure bliss of my orgasm. I've never felt this good before and we haven't even gone all the way yet. While I lay there trying to catch my breath, Ace slowly slid his fingers out of me and then I felt his weight close to me.

Slowly, I opened my eyes to see his hazel brown eyes watching me closely as he leaned his head in his hand. He watched me with a smug smile on his face and I started to blush from embarrassment. My throat had already started to hurt, a great reminder of how loud he made me scream in my ecstasy.

"Did you catch a glimpse of heaven?" Ace asked mockingly as he whispered in my ear.

I felt my face burn hotter at his words, but I did end up nodding my head a little in response to his question.

...

“Grab your things and come to my office, I’ll help you out with your work...” Ace said as he shrugged on his suit.

My eyes widened in surprise. Ace is going to help me?
