

Love Slave 90

90 Can't Hold Back

"Mhmmm..." I moaned my protest into his kiss when his lips captured mine.

He kissed me and my mind immediately grew hazy as desire started building up deep inside of my core. His lips teased mine before his wet tongue thrusting deftly into my mouth and began tasting me. His tongue explored my mouth before engaging my tongue in a passionate dance while I made small whimpering sounds. His hands began exploring the curves of my body starting from my waist before slipping upwards.

My back arched upwards when his large hands found my breasts and began massaging them softly. His touch felt so pleasurable on my womanly flesh. My core started throbbing with need as a pleasurable ache began forming in the pit of my stomach. Once again, my body began reacting to him without reserve and it wasn't long before I began kissing him back hungrily. I loved the taste of his kisses and his scent as it filled my senses and made me desire him more.

Ace broke our kiss just enough to pull the white robe that he had on completely off his body. My eyes fell on his sexy naked form as my eyes took in his well-formed muscles. My hands itched with my desire to run my hands all along the muscles of his naked body. I wanted to touch him...

"Ahh...Ace..." I moaned when his hands began undressing me.

His tugged and pulled on my clothes roughly and I could sense his impatience and desire for me. I helped him by lifting my arms and my hips off the bed in turn until he had completely stripped me. Things were moving fast to match the intense desire that was burning wildly inside us both. I tried to cover my naked breasts with my hands when I lay completely naked under his intense gaze on the bed.

"Remove your hands, Rina. Let me get my fill of you..." Ace urged seductively as his hands started to peel my hands away from my naked womanly mounds.

"Ace..." I whimpered his name weakly.

My core throbbed with the heat of my desire, and I couldn't wait for him to touch my naked skin directly. Soon, I got my wish. Ace pressed his body on top of mine, and I moaned as I felt the pleasure of his heated skin against my own. His hard muscles pressed up against my softer body. I never knew that the weight of another person on top of me could feel this good. My lips moaned his name repeatedly as his hands began stroking my hips before moving up to cup and grope my breasts again.

.....

The twin perks of my breasts hardened to his touch. My nipples grew erect as it stood up to beg for his loving attention. His large hands massaged my breasts while I whimpered and thrust my chest up against his hands.

"Ace...Ahhhh!" I cried out loudly at the intense pleasure coursing through my body.

His hot wet lips engulfed my nipple and began sucking hard on them while lapping at the hardened tip with his skillful tongue. I had never felt so much pleasure from my breasts being played with before. It

felt so good that I felt like I could really cum just from him pleasuring my breasts. His lips let go of my swollen nipple before paying the same loving attention to my other nipple while I moaned my lust.

His hand quickly moved down my body until he began parting my legs wide apart for him. My legs felt weak, and my mind was consumed by lust. I did not hesitate to part my legs open widely for him before thrusting my hips upwards, shoving my pussy up wantonly from the bed invitingly.

So much for wanting to sleep separately for the night...

"Sorry, Rina...but I can't hold back two nights in a row..." Ace whispered in a voice dripping with lust.

"Ahhh..." I moaned lewdly.

His finger caressed up its way until they arrived at the wetness in between my legs. I closed my eyes and moaned as raw pleasure began taking over me at the sensation of his fingers stroking my flooded love entrance. Ace ran his fingertips up and down my wet slit before pinching my swollen and sensitive clit teasingly. He made my hips squirm from the tantalizing pleasure. I thrust my hips wildly against his fingers as I attempted to rub my clit against his fingers for heightened pleasure.

"Ahhh...Ace..." I moaned his name again.

His fingers thrust suddenly and deeply into my wet cunt, and I screamed my pleasure. It felt so good for my pussy to be stretched and filled like this. So satisfying...

"You're flooded down here. I guess you can't hold yourself back either..." Ace teased with a chuckle.

Without giving me any more pleasure from his fingers, he withdrew them out of my hole after making sure that I was adequately wet and ready for his thick cock. I didn't mind moving onto the main dish right way. I couldn't wait to feel his hard and gigantic cock ramming all the way into my hole either.

"Ace...please..." I pleaded for his cock to enter me.

"I'll make you cum till you can't cum anymore, don't you worry, Rina," Ace continued teasing me in his deep seductive voice.

Ace retreated from me, and I opened my eyes wide in confusion. I saw Ace take out a pack of condom and realized that I had forgotten all about that. Thankfully, Ace still had his wits about him because I didn't have any left on me.

"Put this on me," Ace instructed as he tossed the condom pack towards me.

Slowly, I sat up as my hands automatically started tearing at the pack. My eyes fell to the thick and long upstanding pole in between his legs, and I gulped. I can't believe something so enormous could fit inside of me. My hands shook slightly when I felt his eyes on me. Carefully, I placed the condom at his tip before slowly rolling it down the length of his hot cock.
