

Love Slave 99

99 Unstoppable Desire

I cried out loudly before I moaned at the pleasure of his massive thickness stretching my insides. His cock felt very hot inside of me, and my pussy fully enjoyed his presence deep inside.

“Your pussy feels extra tight today...” Ace groaned as he pulled his cock back.

His cock slid along the sensitive walls of my pussy at his exit before he rammed his cock back all the way into my hole. His thrust was so intense that it left me reeling from the impact of his entry. Ace’s hips began moving faster and harder, thrusting his cock in and out of my sopping wet hole while I moaned. My pussy clenched around his cock as I moved my hips up to welcome his thrusts.

“Ahh! Ahhh! Ace...Ahhh...” I moaned heatedly as my body moved in rhythm to his movements.

His cock hit me deep and hard with each firm stroke. The pleasurable ache in my abdomen became unbearable and so was the heat that burned deep inside of me. His cock hit my pleasure spot over and over again as it rammed against my womb. I couldn’t focus on anything else but the pleasure of his cock beating hard and fast into my wet hole. I wanted more of him as my lust started to take over me completely.

“Ace...so deep. Your cock...is so...big...” I manage to whimper.

I spread my legs even wider and thrust my pussy upwards to swallow his cock into me. His cock diving into my wetness made lewd wet sounds erupt from between our bodies. The lewdness of what we were doing turned me on and I was ashamed to admit that Ace was right, doing it here...with him...like this...really turns me on.

“You really know how to turn a man on...” Ace groaned seductively.

As if he wanted to reward me, Ace’s hands moved under my buttocks before he lifted my ass up from the table and held it steady. When he had me where he wanted me, his cock pounded faster and even deeper into me. The heightened pleasure almost made me lose my mind right then and there. His cock hit me faster, harder, and deeper inside with each thrust. It started to hurt but I didn’t want him to stop pounding into me.

.....

“Ace! I’m cumming! Ahhh...I’m cumming!” I screamed loudly when I finally climaxed.

Ace continued giving it to me fast and hard while I rode out my intense orgasm. His cock felt so amazing inside of me.

“I love your face when you cum, Rina. Let me see it again...” Ace said in a sexy drawl.

With his cock still buried deep inside my pussy hole, Ace lifted me off the table along with him before he sat down on my chair. His cock pushed all the way into me again when he made me straddle him. Was it just me, or did his cock get hotter and bigger?

“Don’t hide your face away from me, Rina. Let me see you properly,” he whispered seductively to me when I tried to look away.

This position was even worse. I sat facing him, so it was difficult to hide my face from him. His amber eyes stared directly into mine before he suddenly thrust his hips upwards. His cock rammed upwards into my cunt, and I automatically cried out at the pleasure that surged through me. My heart was beating so fast, and my pussy felt so sensitive from my climax earlier.

“Ride my cock, Rina. Let me see your face...” Ace commanded as his fingers stroked the side of my face.

His words turned me on so much and I felt like such a naughty and wanton woman when I began riding on his cock just as he had commanded. I lifted my hips up slowly as I enjoyed the sensation of his cock slowly sliding out of my hole. When his cock had almost completely exited my wet love tunnel, I sat back down on his cock to draw him inside of me again. Over and over, I pumped my hips up and down the length of his enormous upstanding cock while I moaned heatedly.

My breasts bounced around as I bounced my hips up and down his cock faster and faster. His hands reached out to play with my soft breasts. When he pinched my nipples, I cried out and my pussy clenched hard around his cock.

“That’s it, Rina. Ride me faster. I want to cum inside you...” Ace urged me.

His hands continued to play with my breasts as I slammed my hips down onto his lap to take his cock into me faster and harder than before. I angled my body and hips so that his cock would pound against my pleasure spot. Each thrust felt so deliciously good and soon I was moving so wildly on top of him. Desire consumed me and I couldn’t stop ramming my wet pussy down onto his hard cock. Ace watched me with intense satisfaction before his hand reached down to stroke my clit.

“Ace...no...!...” I moaned incoherent words.

The pleasure was too much for me. He’s going to make me cum again and he hasn’t even moved his hips yet. I knew that he was teasing me and soon I would be showing him the face that he wanted to see when I reached my ultimate release.

“Let’s cum together, Rina...” Ace suggested sweetly.

His hands stroked the sides of my waist before moving downwards to cup the sides of my hips. I lifted my hips a little and he held me steady. Almost instantly, his hips thrust upwards and rammed his cock all the way into my eager awaiting pussy hole.

“Ahhh...” I moaned before I closed my eyes in bliss.

His cock continued thrusting up into my hole as I threw my head back and moaned. Ace shook my body and my breasts and hips moved around. He fucked me faster and harder as he raced towards his own climax.

“I’m about to cum inside you, Rina...” he groaned sexily.
