

## Love So Sweet 244

244 Good Morning, My Little Fairy

The sound of the alarm woke her up.

Zhang Li Xue looked around groggily, wanting to switch off the alarm. She did not want to move away from the warm and comfortable spot, but the alarm was too noisy and it was making her irritated.

However, Zhang Li Xue soon realized that the surroundings were a little different.

She forced herself to wake up and realized that the sound of the alarm had stopped. Suddenly, an arm landed on her waist, holding her tightly.

Zhang Li Xue raised her head only to realize that her head was laying on Bai Qi's arms and the man was looking at her with a gentle smile on his face.

At this time, Bai Qi squinted his eyes to look at her. He leaned to kiss the top of her nose and spoke, "Good morning, my little fairy."

Her face turned bright red.

Because of sleepiness, Bai Qi's voice sounded a little deep and magnetic. His lips were very close to her ear, making him sound a little seductive.

Moreover... why would he call her little fairy?

.....

It made her very shy!

"Good morning." Zhang Li Xue whispered.

His arms around her waist tightened. "Li Xue, you should go back before someone realized that you spent the night outside." His lips curled into a teasing smile. "But, what should I do? I'm not willing to let you leave now."

Her Doctor Bai was looking very seductive right now and Zhang Li Xue could only bury her face in his embrace to avoid his penetrating gaze.

Bai Qi continued to hug the person in his arms until he calm down.

Then, he patted Zhang Li Xue's shoulder and spoke, "Come on. I'll walk you downstairs."

Zhang Li Xue snapped out of her daze and nodded.

The two of them were aware that Zhang Li Xue had to go back to her place. Otherwise, it would only be difficult for her.

Zhang Li Xue rolled away from Bai Qi's embrace. Then, she ran out and hid in the bathroom. After washing her face with cold water, Zhang Li Xue came out again and found that Bai Qi was waiting for her in the dining area.

The man motioned at the table. "I prepared something for you. Have a bite first before you leave."

Zhang Li Xue ate a few bites of bread and drank a cup of coffee. Her mind felt a little more awake afterward.

“Come on. I’ll walk you downstairs.”

“It’s alright. I can go by myself.” Zhang Li Xue stretched her hand and touched the dark circle under his eyes. Her heart ached as she looked at his tired face. “You should sleep a little bit.”

Bai Qi grabbed her wrist and planted a kiss on the back of her hand. “I should be the one to send you back.”

Unfortunately, he did not own a car and could not leave his little sister alone at this time.

“I don’t mind.” Zhang Li Xue tiptoed to peck on his cheek, as if to coax him.

His girlfriend did not mind, but as the boyfriend, Bai Qi felt really bad about it.

“At least let me walk you downstairs and watch you leave, alright?”

After a brief hesitation, Zhang Li Xue nodded.

The two of them left the apartment stealthily and walked down the stairs together. They held hands quietly until they reached her car.

The sun had just come out and there were not a lot of people outside. The surrounding was very quiet.

When they arrived at her vehicle, Zhang Li Xue turned around to look at Bai Qi again. “That’s right. When I get back, I will talk to my mom about Xi Xi’s new school. Doctor Bai, will you have time to look at it?”

Bai Qi nodded. “I can apply a break.”

Zhang Li Xue nodded.

Bai Qi helped to open the door for his girlfriend. Before she could go in, Bai Qi wrapped his arms around her waist and kissed her deeply. He only let her go once the girl became a little breathless.

“Tell me when you arrive.” Bai Qi patted her head. “Otherwise, I will worry.”

“Un. I know.” Zhang Li Xue nodded obediently.

Although he was still reluctant, Bai Qi had no other choice but to watch his girlfriend leave. Once her car could no longer be seen, Bai Qi turned around and headed back to his room to sleep.

...

After ten minutes of driving, Zhang Li Xue parked her car at the usual parking spot. She sent a quick text to Bai Qi before she swept her gaze around the house.

Seeing that there was not any movement outside, Zhang Li Xue sneaked around to enter the house.

A breath of relief escaped her, knowing that she was safe as her parents were still asleep.

Zhang Li Xue went back to her room and was changing her clothes when someone knocked on the door. She jumped in shock before forcing herself to calm down.

When she opened the door, her mother was already waiting for her outside. "Mommy." There was a hint of guilt on her face. She stepped aside to let her mother in.

Li Qin Yao walked into the room before closing the door. She sat down on the chair and smiled. "Did you just get back?"

Zhang Li Xue nodded. Since her mother already knew about her and Bai Qi, Zhang Li Xue did not see a reason to tell a lie.

She went closer to her mother and took the initiative to speak first, "Mommy, Bai Qi had an emergency last night and came home a little late. When I finished talking to him, it was already late. He's worried that something might happen, so he asked me to stay the night until the sun came up."

Li Qin Yao looked at her daughter and laugh. She stretched her hand and pinched the girl on the cheek. "Un. I know. You're already an adult. Whatever it is that you decide, I will believe you."

Her daughter was someone that she had raised. Of course, Li Qin Yao believe that her daughter would not do anything that would harm herself or the family.

"Mommy..." Zhang Li Xue leaned her head on her mother's shoulder, acting coquettishly. Her lips curled into a sheepish smile.
