

## Love So Sweet 578

578 It's the Newlyweds

Zhang Li Xue woke up and found that she was in Bai Qi's embrace. Seeing his hard chest in front of her, Zhang Li Xue inched closer, wanting to get into a comfortable position.

Just then, Bai Qi leaned over to kiss her head. His hand was stroking her spine as he pulled her closer to him.

"You're awake." Zhang Li Xue raised her head and smiled at him.

"Mhm..." He replied lazily. "What do you want for breakfast? Should we order something or would you like to go out?"

Zhang Li Xue pondered over his question and spoke, "What time is it? If it's still early, let's go out and have our breakfast at the coffeehouse."

After fooling around for a while, she was too hungry. Thinking of the various choice of food at the coffeehouse made her hungry.

Bai Qi turned around to reach for his phone at the bedside. "If we get ready now, we might be able to have breakfast at the coffeehouse."

Her eyes lit up as she looked at the time. Then Zhang Li Xue leaned over to kiss Bai Qi on the lips. "Then, I'll go and get ready first."

Without waiting for his reply, Zhang Li Xue rolled out of bed and ran off to the bathroom.

.....

Bai Qi looked at the closed door with a helpless smile on his face. Then, he got off the bed and started to look at the messages on his phone.

Meanwhile, Zhang Li Xue stood in front of the sink, holding her toothbrush happily. She raised her head and suddenly halted upon seeing her reflection in the mirror.

Slowly, her face turned bright red as she recalled the shameless thing that the two of them had done in front of the mirror last night.

It seemed that she could no longer look at the mirror the same way she used to.

Zhang Li Xue brushed her teeth quickly and washed up. Then, she came out of the bathroom again and saw that Bai Qi was on the phone with someone. Seeing her coming out, Bai Qi quickly ended the phone call.

"Who is it?" Zhang Li Xue asked as she approached him.

"It's Xi Xi. She said that she had returned to the house with Mom and Dad this morning," Bai Qi said.

"She wanted us to have a lot of fun."

Zhang Li Xue chuckled. "Well, we must remember to bring a lot of gifts for Xi Xi."

In the evening, the two of them would be going to the airport and heading to T Country for their honeymoon. It was said that the beaches in T Country were beautiful.

When she was a little girl, her parents had taken her to T Country once. However, Zhang Li Xue did not remember much about it.

While Bai Qi went into the bathroom, Zhang Li Xue turned around and started to apply some skin care. She glanced at the time and could not help but hurry up.

After a while, the bathroom door swung open and Bai Qi stepped out. He saw that his wife was busy putting on her makeup and leaned on the wall to watch her.

Then, Zhang Li Xue turned to meet his gaze.

“Li Xue.”

“Un.” Zhang Li Xue uncapped her lipstick and tossed them into the small bag on the table.

“I was thinking of stopping by S Country on our way back,” Bai Qi said. “What do you think?”

The last time they visited S Country, he brought Zhang Li Xue to visit his family’s cemetery and introduced her as his girlfriend. This time, he wanted to introduce her as his wife.

Moreover, Uncle Wei had mentioned that he should visit S Country to sign some documents to hasten the process.

“Alright.” Zhang Li Xue naturally did not have any objection. Wherever it is that Bai Qi wanted to go, she decided that she would always go with him.

The couple left their room once they were ready.

As they were walking to the elevator, Zhang Li Xue recalled that Bai Qi had mentioned visiting S Country. She thought about what her Uncle Wei had told them a while ago and spoke, “Bai Qi, what do you plan to do with the company?”

“I don’t plan to care about the company. I think I might as well sell it and save the money for Xi Xi,” Bai Qi said.

Once upon a time, his father worked hard for the company. But, after someone had taken it away, the company was no longer the same.

Besides, he was a doctor. He would not have the time and energy to look at the company anymore. He would rather spend his free time accompanying his wife.

With the money he got, Bai Xi Xi would not have to worry about anything for the rest of her life.

Bai Qi had always thought that his little sister was too pitiful. She grew up without a parent and did not get to enjoy her childhood as much as he did.

He thought that his parents would also be at ease knowing that the money would go to Xi Xi. As for him, he could work hard to get money. Moreover, he still has some share in He Rong’s company.

Zhang Li Xue listened to his idea and thought that it was quite good as well. Regarding this, she did not intend to interfere. Unless Bai Qi asked for her opinion, she would not say anything.

When the two of them arrived at the coffeehouse, they both noticed a few familiar faces around the table. Her brother, Fang Su Jin, the triplets, and a few others were having breakfast together.

The corner of Zhang Li Xue's lips twitched. Just as she was about to tell Bai Qi that they should leave, Wei Zi Kai raised his head and met her gaze.

"It's the newlyweds," Wei Zi Kai announced.

Suddenly, everyone was looking in their direction and started to cheer.

Fortunately, there were not many people around the coffeehouse.

"Sister, Brother-in-law, come and join us," Wei Zi Kai waved his hand at them.

Zhang Li Xue put a hand to cover her face. She wanted to pretend that she did not know this group of people, But with Bai Qi by her side, Zhang Li Xue could only resign to her fate and headed to the table to join them.
