

Love So Sweet 614

Chapter 614 A Son or a Daughter?

That night, the couple lay down on the bed. Bai Qi pulled his wife into his embrace as he caressed her long hair. He thought about the news they learned that day and could not help but kiss his wife a few times on her face.

His action made Zhang Li Xue giggle. Bai Qi's kisses were a little ticklish.

After a while, the man finally stopped kissing her. Zhang Li Xue looked at her husband and smiled. "Hubby, what did you and Xi Xi talk about earlier?"

Bai Qi heaved a faint sigh.

His little fairy was in his embrace. She smelled so sweet and her body was soft against his. The way she was looking at him was too adorable. However, he could not do anything and fool around.

At this time, Bai Qi could only hug his wife, hoping that it would help him to calm down. But it was difficult as his wife liked to move around in his embrace.

Bai Qi hugged his wife tighter, stopping her from moving around too much and torturing him.

"Nothing much. I just thought that I wanted to figure out what Xi Xi was really thinking," Bai Qi said. "Xi Xi hoped that we will give her a lot of playmates."

Zhang Li Xue laughed happily upon hearing his words.

.....

Of course, Bai Qi was unaware that his wife too had the same idea as his little sister.

Even if they did not have many children, having a pair of a boy and a girl should be enough as well. At least, the siblings will have someone to look after each other. Just like her and Zhang Yi Hai, or Bai Qi and Bai Xi Xi.

Zhang Li Xue inched closer again. Her eyes were twinkling. "Hubby..."

Bai Qi swallowed. He thought that his wife's voice sounded especially coquettish today. "Mhmm?"

"Which one do you like the most? A son or a daughter?"

The room was dark. Bai Qi looked into his wife's eyes and saw his reflection in them. "I don't mind. As long as the baby is healthy, I will like the baby. But..." His lips curled up into a smile. "It is best to have a baby that looked just like you."

Zhang Li Xue giggled. "Un. Then, you will have another little fairy in your life."

Bai Qi was imagining his wife and his daughter wearing matching outfits, both looking like little fairies. Then, Bai Xi Xi could join them as well.

The corner of his lips tilted up as he started to picture them. Subconsciously, Bai Qi was leaning to have a daughter.

Zhang Li Xue continued to talk to Bai Qi about their baby. Seeing that a certain someone continued to chatter without a hint of sleepiness on her face made Bai Qi sigh.

In the end, Bai Qi had to hug his wife and reminded her that it was getting late and they both needed to work tomorrow. It was then that Zhang Li Xue finally closed her lips and eyes.

Bai Qi waited for a few minutes. Once he could sense that his wife was already asleep, Bai Qi leaned over to kiss her face. Then, he too closed his eyes.

...

The next morning, Bai Qi woke up earlier and headed to the bathroom to take a shower. Just as he came out of the bathroom, Bai Qi walked over to his wife and kissed her cheek.

Zhang Li Xue frowned, as she begged him to give her another ten minutes.

A chuckle escaped him. Seeing that his wife was too sleepy, Bai Qi decided to let her sleep for a few more minutes. He walked over to the closet and put on his clothes.

Just as he turned around, Bai Qi saw his wife sitting up quickly and ran over to the bathroom. Then, the sound of her retching followed.

His expression tensed. Bai Qi went after his wife and stayed by her side as she continued to vomit. His heart was aching at the thought that Zhang Li Xu might have to experience this every morning.

It seemed that he will have to find out a way for his wife to be comfortable.

Zhang Li Xue stopped vomiting after a while.

Bai Qi handed her a glass of water to rinse her mouth and helped her wipe her face. The look on his face turned gentler as he saw her misty eyes.

"Are you feeling alright now?" Bai Qi looked at his wife with worry.

A faint smile appeared on her face. "I'll be alright."

Bai Qi gave his wife a lookover. Then, he carried her away, wanting to return to the room.

"Put me down. I'm dirty." Zhang Li Xue frowned. She had just thrown up and Bai Qi was already showered and wore a new shirt. Being hugged like this made her feel a little uncomfortable.

Bai Qi finally put her on the bed. Then, he leaned over and kissed his wife's lips a few times. "Where are you dirty? I like you no matter what."

The corner of her lips tilted into a smile. Zhang Li Xue found that she really liked hearing Bai Qi's words. This man was really good to her.

Bai Qi stretched his hand and stroked his wife's head. "Alright. You go and wash up first. What do you want to eat? I'll go to the kitchen to prepare something."

Zhang Li Xue knew that Bai Qi needed to head over to the hospital early. But still, he would try to make time for her.

“It’s fine. I’m sure that Mom had prepared something for me.”

Bai Qi thought that what his wife said made sense.

Now that her parents knew about her pregnancy, naturally, they would look after his wife’s diet. Bai Qi seemed to remember that his mother-in-law had reminded the auntie to prepare some nourishing soup for his wife.

Bai Qi stared at his wife for a few seconds longer before he kissed her again. “I might be busy at the hospital today. But Li Xue, whatever it is, if you are feeling uncomfortable, you have to tell me, alright?”

Zhang Li Xue nodded obediently. “Un. I know.”
