

## Love So Sweet 618

### Chapter 618 Distracting You

After the phone call with Zhang Li Xue ended, Fang Su Jin turned around to look at her boyfriend who was focusing on his laptop.

Just now, while she was on a video call with Zhang Li Xue, Fang Su Jin had to pretend as if Zhang Yi Hai was not around.

It was hard not to look at Zhang Yi Hai who continuously tried to distract her.

Her eyes narrowed as Fang Su Jin recalled the way Zhang Yi Hai had tried to distract her while she was on the phone with his sister.

Fang Su Jin put down her phone on the sofa before walking over to her boyfriend. She stood by his side until he finally raised his head to look at her.

Without warning, Fang Su Jin sat on his lap and encircled her arms around his neck. There was a glint of mischievousness in her eyes.

Fang Su Jin thought that after being together with Zhang Yi Hai for a few months, this mischievousness was rubbed onto her.

Of course, Zhang Yi Hai was not a bit upset that a certain someone was coming to disturb him from looking at his computer. When Fang Su Jin sat on his lap, Zhang Yi Hai quickly cooperate by hugging her tighter.

"What are you doing?" Zhang Yi Hai asked.

.....

"Distracting you from your work."

Zhang Yi Hai laughed at her answer. Somehow, his hand went under her clothes and his warm palm was roaming against her supple skin.

"Don't make trouble," Fang Su Jin said with a frown. "Your sister reminded us to pick up your parents at the airport later."

Zhang Yi Hai glanced at his wristwatch. "There is still some time."

Fang Su Jin leaned over.

Zhang Yi Hai thought that his girlfriend was going to kiss him. However, she only leaned over to whisper a few words to him. "I'm hungry. Let's go out and have our dinner outside before we go and pick up your parents."

Then, Fang Su Jin pulled away and looked at her boyfriend with a pair of innocent eyes.

"There are still plenty of times," Zhang Yi Hai said. "We can make it quick."

Hearing his words, Fang Su Jin quickly gets off the man's lap. "Don't make trouble. I still have to dress up decently before meeting your parents."

Knowing what was going on in Zhang Yi Hai's head, Fang Su Jin decided to move away and escape.

Of course, Fang Su Jin was not going to believe Zhang Yi Hai's nonsense about making it quick. Each time that they were together, the two of them would roll around the mattress for a long time!

How many times she was tricked into believing that he would make it quick?

Just the thought of it made her angrier.

Zhang Yi Hai stretched his hand to grab Fang Su Jin's arms. However, she had escaped too quickly. He could only watch as her figure entered the room and closed the door.

A long, heavy sigh escaped him.

Zhang Yi Hai lowered his gaze to look at his crotch.

A certain someone was provoking him but got away very easily. Zhang Yi Hai made a mental note to remember this incident.

It took Fang Su Jin a while to change her clothes and get dressed.

When she finally came out of the room, Fang Su Jin noted that Zhang Yi Hai was already in different clothes.

The man walked over to her side and gave her a look over. Seeing the way she was dressed prettily and the makeup on her face made him smile. "You're very pretty."

Zhang Yi Hai wanted to tell his girlfriend that his parents would not mind her dress-up or makeup. However, he also knew that Fang Su Jin was someone who liked to look her best whenever she was going to meet important people.

For example, each time they went on a date, Fang Su Jin would always dress up a little bit. She was someone who liked to look pretty.

Fang Su Jin smiled happily at his words. She had spent a long time doing her makeup. Of course, she would be happy if someone knew how to appreciate it.

After a while, the two of them left the hotel together.

As they walked into the hotel's lobby, Fang Su Jin would lower her head and avoid any eye contact. She still remembered what happened a few months ago and was too embarrassed to see any of the hotel staff.

Fang Su Jin had a feeling as if almost all the staff in the hotel knew about the incident where Zhang Yi Hai had brought a girl to the hotel. What's embarrassing was that the next day, his parents came to question him. Surely, the news would spread among the staff and there would be many who still talked about it.

Fang Su Jin did not want to be the subject of their gossip.

Seeing that there was no one else around, Fang Su Jin peeked at her boyfriend. Seeing the easy-going look on his face made her sigh.

It seemed that Zhang Yi Hai did not mind that the others would talk about them.

Zhang Yi Hai glanced at his girlfriend and thought that the shy look on her face was too adorable. He stretched his arms around Fang Su Jin's waist and hugged her tightly as they walked.

Last time, he had already mentioned to his girlfriend that his father had ordered the staff not to utter any gossip about him. Still, Fang Su Jin was still worried. It made him helpless. Zhang Yi Hai really could not do anything about this.

The two of them took the car and headed to the airport.

Zhang Yi Hai sat in the driver's seat while looking at his anxious girlfriend. As they stopped at a red light, Zhang Yi Hai grabbed his girlfriend's hand and gave it a gentle squeeze. He did not say anything but knew that Fang Su Jin would understand that he hoped that she would stop worrying. After all, this was not the first time she met his parents.

As they were going to pick up his parents at the airport, the two of them decided to have their dinner at one of the restaurants there to save time.

They picked up their seat and ordered their food.

Unknown to them, there was a pair of eyes that continued to watch them.

Ji Xin Xin could almost find it unbelievable when she saw the couple together at the airport. She thought that Zhang Yi Hai would surely break up with Fang Su Jin after she sent out the photograph to his father.

Seeing them together made her heart ache.

She could not help but wonder if Zhang Yi Hai was still dating Fang Su Jin behind his parent's backs.

Ji Xin Xin snapped out of her trance when her father called her name and told her that it was time to leave. She was unwilling to leave but had no other choice.

Her brow furrowed. The look in her eyes turned darker as she recalled the couple's intimacy.
