

Love So Sweet 619

Chapter 619 His Parents were Fully Supportive

After having dinner together, it did not take too long for Zhang Yu Han and Li Qin Yao to arrive.

Zhang Yi Hai took his girlfriend to the arrival hall and saw his parents walking over. The couple was holding hands and their steps were unhurried. His mother was talking about something and his father was listening attentively.

Looking at the glint in his father's eyes whenever he looked at his mother made him sigh.

From when he was a little boy, Zhang Yi Hai always remember that his parents had a good relationship. His couple would always look at each other with so much love.

There was a hint of jealousy when he looked at them. Zhang Yi Hai felt that he also wanted to have what his parents had.

After a while, Li Qin Yao raised her head and finally saw the young couple waiting for them. Her gaze fell on Fang Su Jin and the smile on her face widened.

"Su Jin..." Li Qin Yao walked to the girl's side and hold her hand. Then, she finally turned to her son. "Did you two wait for too long?"

"It's alright." Zhang Yi Hai took the luggage from his father.

Li Qin Yao turned to Fang Su Jin again and smiled. "Sorry. There was a slight delay earlier."

.....

"Mom, Dad... Have you had your dinner?" Zhang Yi Hai asked. "Should we stop somewhere before heading to the hotel?"

He and Fang Su Jin already ate their dinner, but they did not mind accompanying his parents for another round.

"No need. We already had our meal on the flight," Li Qin Yao spoke. She turned to look at her husband and the look on her face softened when she saw the trace of tiredness on Zhang Yu Han's face. "Let's just go to the hotel. We just want to rest."

Since they decided to leave for Capital City later, Zhang Yu Han decided to head to the office and look at a few documents.

Knowing that they were going to stay in Capital City for a few days, Zhang Yu Han wanted to deal with his piling work so that he would be able to relax during this trip. Although his daughter was around, Zhang Yu Han wanted her to take it easy because of her pregnancy.

After exchanging a few words, the two couples finally left the airport.

Li Qin Yao was still holding Fang Su Jin's hand affectionately as they were chatting about Zhang Li Xue's pregnancy check-up that morning. Meanwhile, Zhang Yi Hai and his father were dragging the suitcase as they followed the women around.

Unfortunately, Ji Xin Xin was not around to witness this scene. Otherwise, she might as well faint in shock at Zhang's family's closeness to Fang Su Jin. The girl had thought that Zhang Yi Hai's parents would be against him dating an elder woman. Who would have thought that his parents were fully supportive and had a good relationship with Fang Su Jin?

The journey to the hotel was quite smooth. The moment they arrived, both Li Qin Yao and Zhang Yu Han headed to their room to rest.

Seeing that his parents had closed the door behind them, Zhang Yi Hai took the elevator and headed to his girlfriend's room. He rang the doorbell and waited for a few seconds. Then, the door was pulled open and Fang Su Jin appeared.

Without saying a word, Zhang Yi Hai entered the room and hugged his girlfriend.

"What are you doing?" Fang Su Jin glanced at the door anxiously, worried that someone would show up and see them. Then, she hurriedly closed the door and a kiss landed on her cheek.

Then, Zhang Yi Hai pulled away and stared at his girlfriend for a long time. He watched as his girlfriend's face turned red and smiled. He thought that this scene was something that he liked the most. Fang Su Jin was too adorable.

Fang Su Jin opened her mouth to speak again, but Zhang Yi Hai beat her to it.

"I miss you," Zhang Yi Hai murmured. Then, he buried his face in Fang Su Jin's neck and inhaled her scent.

His words made her laugh. "We see each other all the time. What are you talking about?"

"Well, I still miss you."

A certain someone was acting coquettishly with her. Fang Su Jin let out a helpless sigh as she let Zhang Yi Hai continue and hug her.

"My parents said that they are planning to visit my uncles tomorrow," Zhang Yi Hai said. He pulled away and looked at Fang Su Jin again. "Go with us?"

Her heartbeat accelerated. The thought of meeting Zhang Yi Hai's uncles made her anxious.

Of course, Zhang Yi Hai already understood what was going on in his girlfriend's mind. "You have met my uncles a few times before. Don't worry, they will like you."

The last time she had an exhibition in Capital City, Zhang Yi Hai invited his uncles to attend her exhibition. Then, she was once again introduced to them during Zhang Li Xue's wedding.

"It's not appropriate, is it?"

Zhang Yi Hai chuckled. "How can it be inappropriate? It is my mother who wanted you to go with us." The corner of his lips tilted up. "Fang Su Jin, have you not noticed it? My mother already treated you like you are her daughter-in-law."

Fang Su Jin's face easily turned red again. "What daughter-in-law?"

Zhang Yi Hai continued to stare at his girlfriend's face for a long time. The look in his eyes darkened as he thought of his plan.

Perhaps, others might think that he was being hasty, but Zhang Yi Hai has been thinking about this life event for a long time.

He knew that he loved Fang Su Jin that much and wanted to be with her all the time. Zhang Yi Hai thought about the ring that he had brought not too long ago and smiled. He was already planning to propose to his girlfriend. However, he was still thinking of a way he would want to do it.
