

Love So Sweet 625

Chapter 625 Your Present

On the side, Ji Xin Xin could only watch Fang Su Jin and the Zhang family get along with each other.

Initially, she was still in denial, thinking that perhaps, Zhang Yi Hai's parents only treated Fang Su Jin well because of her connection with his sister. After all, Zhang Yi Hai had once mentioned that Fang Su Jin was his sister's friend.

But soon, Ji Xin Xin was forced to witness as Zhang Yi Hai putting his arms around Fang Su Jin in front of his parents. Then, Zhang Yi Hai leaned closer to Fang Su Jin, as if giving her a kiss.

Looking at this situation, it seemed that the elders knew about the couple's relationship.

Her heart was breaking and tears rolled down her cheek.

Ji Xin Xin had always thought that the Zhang couple would mind that their son was dating someone older. After all, people from a rich families would often value their faces.

Once others from their class heard that their son was dating an older woman, wouldn't that be an embarrassing thing?

This was the reason Ji Xin Xin was too confident that Zhang Yi Hai's parents would be against their relationship. However, it seemed that she was wrong. The Zhang couple really did not mind.

Ji Xin Xin watched as the group left. This time, she did not try to follow them again.

.....

Once the group was away from her sight, Ji Xin Xin's legs turned weak and she was seated on the ground. Her mind was replaying the conversation with Zhang Yi Hai again.

Her face turned pale as she recalled the photo she had sent to President Zhang.

In the beginning, Ji Xin Xin thought that perhaps President Zhang had missed that package. However, it seemed that he had received it and Zhang Yi Hai also knew about it.

Suddenly, Ji Xin Xin began to understand the chilling look in Zhang Yi Hai's eyes when he looked at her earlier. This was supposed to be a happy day for her and a happy reunion. How did things turn out like this?

...

Meanwhile, after Zhang Yi Hai left the area, he took his parents and Fang Su Jin around the building to take a few photos of his graduation.

His mother bought him a big bouquet with a big teddy bear on it. Zhang Yi Hai had to walk around while holding two bouquets in his arms. His hands were full and walking was quite difficult.

Zhang Yi Hai took a photo with his parents around the hall.

Then, there was another one with his girlfriend. He lowered his gaze to look at Fang Su Jin. Meanwhile, Fang Su Jin had to tilt her head up to look at him. The look in their eyes was especially affectionate.

Li Qin Yao looked at the photos in her phone gallery and decided to send a few to her daughter.

Zhang Li Xue who was away in Y City saw the affectionate photo of her brother and his girlfriend together. Then she finally sent a text to her brother to congratulate him on his graduation.

After leaving the university, Zhang Yu Han took everyone to have a meal at one of the famous restaurants in Capital City for a big meal.

His son had finally graduated. Of course, Zhang Yu Han did not mind spending his money to treat everyone to a meal. The atmosphere in the room was quite lively with their chatters.

Zhang Yi Hai glanced at his girlfriend and a light smile appeared on his face.

Initially, Fang Su Jin was still worried about attending his graduation with his parents. But it did not take her too long to get along with his parents well.

After the meal, Zhang Yu Han decided to take everyone back to the hotel and rest.

Today, everyone had to wake up early morning to attend Zhang Yi Hai's graduation. Now that it was over, Zhang Yu Han planned to let his wife rest at the hotel and catch up on their sleep.

After sending his parents to their room, Zhang Yi Hai turned around and took the elevator again. Instead of going back to his room to rest, Zhang Yi Hai went straight to his girlfriend's room instead.

He pressed the doorbell and waited for a few seconds before his girlfriend showed up at the door.

Fang Su Jin stared back at him in confusion for a few seconds. "Why are you here again?"

She seemed to recall that earlier, they had all agreed to return to their room and rest.

"Su Jin, are you not going to let me in?" Zhang Yi Hai put on a pitiful look on his face.

Fang Su Jin chuckled. Recently, it seemed that Zhang Yi Hai was really good at trying to get her attention by putting on a pitiful look on his face.

Once upon a time, she would look away each time she met Zhang Yi Hai's gaze. She always thought that this person was quite scary.

Who would have thought that after getting together with him, Zhang Yi Hai could be quite childish?

Fang Su Jin stepped aside and let Zhang Yi Hai into the room. She watched as he sauntered around before sitting on the sofa.

She thought about the watch that she had bought and decided to give it to him now. Fang Su Jin rummaged through her bag and came out again with a small box in her hand. Then, she sat beside him and put the box in his hand.

"Zhang Yi Hai, congratulations again on your graduation," Fang Su Jin said.

The young man stared at the box in his hand and chuckled. "What is this?"

“Your present.”

He raised a brow and spoke, “Can I open it?” He watched as Fang Su Jin nodded before unwrapping the gift. His eyes flickered upon seeing the brand. Then, he opened the box and saw a men’s watch sitting in there.

“How is it? Do you like it?”

Zhang Yi Hai smiled happily. “Of course.” He would like anything that his girlfriend gave him. “Help me to put it on.”

Fang Su Jin stretched her hand to help her boyfriend put on the watch on his hand. Once she was done, Fang Su Jin showed off the watch in her hand as well. “Look, it’s a couple watch.”

Zhang Yi Hai saw that they were wearing matching watches and the smile on his face became apparent.

Just as Fang Su Jin had thought, Zhang Yi Hai really does love this sort of thing.

Seeing the happy look on his face, Fang Su Jin leaned over and wrapped her arms around his neck.

“Zhang Yi Hai, are you not going to tell me about your request now?”

His eyes turned darker at the mention of this request. He laughed to mask his expression and spoke, “I’ll tell you about it during dinner, alright?”

Fang Su Jin raised a brow. “So mysterious?”

“Un.” He leaned to kiss her lips. “Be patient.”
