### Chapter 102 – 104

#### Chapter 102

Hunter Jackson turned his back to the big bed and took off his bathrobe.

She changed her clothes gracefully in front of the girl on the bed.

It was the first time that Emily Gale saw that someone could do such a simple thing as wearing clothes with such a perfect and beautiful action!

He didn't deliberately express anything, just the simplest dressing, buttoning, and even the absolutely indecent trousers made by others, can be dressed so tall!

His back, that inverted triangle back, and a sturdy waist without fat, is a perfect mess!

It's really beautiful and charming.

At the moment Hunter Jackson turned his head, Emily Gale hurriedly lowered his head, not daring to watch.

Look again, he will laugh at him again.

"How does it feel to cheat?" The man had changed his clothes and looked back at her.

Emily Gale suddenly raised his head, his gaze slammed into his deep eyes.

I had to refute what I had said, but after the two eyes met, I couldn't say a word.

After a long while, she said: "I have a clear conscience."

What's more, hasn't he already found Jackson Tianyou today?

Since you can find it even here, you should know why Tianyou and Yang Yi stayed in the hotel.

The four of them always like to be together. No matter what they do, what's so strange that she and Su Xiaomi come to the hotel to see God You?

Did he not know that God Bless was injured last night to save her... Wait, Xiaomi?

Emily Gale's face changed, and immediately pulled the quilt away to get out of bed.

"I don't know how many of them are staying here.

Are you sure you want to go out now?" These students are indeed crazy.

They only took away more than 30 people.

The first floor, all floors, and the front and rear doors of the hotel, I don't know how many people there are.

Although the matter has basically been resolved, there is no guarantee that no one will still want to make trouble.

"But, Xiaomi just..."

"Just that girl, what can I stop you?" Hunter Jackson snorted coldly.

However, such a weak Su Xiaomi dared to stand alone at the other side of the corridor in order to delay her time, which was a bit beyond his expectation.

That girl was kind of sincere to Emily Gale.

In fact, if Hunter Jackson is willing to admit, whether it is Su Xiaomi, Yang Yi, or Jackson Tianyou, they are absolutely sincere to Emily Gale.

These four people, for the sake of each other, don't even need life.

However, the proud Young Master Jackson does not want to admit such boring things now!

Emily Gale calmed down, thinking about it, there really didn't seem to be any particularly big movements outside just now.

So, where did Xiaomi go?

"It was your people who saved her?" She looked at Hunter Jackson.

Hunter Jackson didn't speak, this guy, when he didn't want to speak, he wouldn't have any results when he asked.

She tidied up her clothes and was about to take out  
door.

Hunter Jackson suddenly clasped her wrist, and his eyebrows sank: "I said, now I'm not allowed to go out."

"I'm going to find Xiaomi."

He didn't answer, so she could only find the answer by herself.

Hunter Jackson squinted his eyes, this woman was clearly challenging his patience.

If you want to change it to someone else, let alone spending time and energy for her, it is not pleasing to the eye, and perhaps people will be thrown into the river to feed the fish.

But this woman!

Obviously I didn't want to care about her, but after receiving news that someone was going to the hotel to block her, he came immediately!

And she didn't know anything about gratitude!

"Aspen Li is outside, what can your friend have?" He snorted coldly, throwing away her hand.

Emily Gale was a little surprised, and looked up at him.

With a cold breath, the man walked to the desk beside him and opened the wine bottle.

"Don't drink, in broad daylight, in case you have to drive..."

"Care about me?" He put the bottle on the table, but didn't let go. He just turned his head and stared at her, his eyes a little unclear.

Emily Gale stubbornly said: "I just don't want to see the words drunk and driving in the evening paper tonight."

Now that she knows that Xiaomi and Aspen Li are together, she is relieved.

Although Aspen Li always looks like a little pitiful being bullied, in fact, only Young Master Jackson can bully him.

Emily Gale feels relieved when Aspen Li does things.

None of the people around Mr. Jackson are eating idle meals.

However, now, I can't go out for the time being, and there are only two of them in the room... Suddenly, why does the atmosphere feel a little weird?

Emily Gale was a little restless, and he hesitated before walking to the sofa.

Obviously, the air conditioner is turned on so big, why do you feel more and more that the temperature of the room... is so high?

What are Xiaomi and Aspen Li doing now?

... Su Xiaomi was indeed pulled into the room by Aspen Li, what are you doing now?

In fact, they haven't done anything, just standing behind the door, listening to the movement outside.

The girl in her arms had been struggling, Aspen Li could only cover her lips and confine her under him.

Su Xiaomi struggled even more when the movement outside increased.

Aspen Li's voice was a bit heavy, and he said displeased: "Don't move, there is a young master, no one can hurt the young lady."

The young master...the young lady?

Su Xiaomi's eyes widened. Could it be that Young Master Jackson is here?

This man's voice is also very familiar, as if he was on the island that day and later rescued her ashore, Aspen Li?

The noise outside became louder and louder, Su Xiaomi didn't dare to hum anymore, and concentrated on listening, for fear of Emily Gale's accident.

The two became quieter and quieter, until the movement outside gradually subsided.

Su Xiaomi breathed a sigh of relief, listening to the voice, it seemed that the students had been taken away.

One by one

They were crying and begging for mercy, but they were still taken away by the tough guys!

Su Xiaomi felt relieved in her heart. What makes them cry?

If it weren't for the people from Young Master Jackson, now, if it fell into their hands, I don't know how desolate it would be!

Still crying!

It's all a group of wicked people, and now, it's just that evil is rewarded!

She was relieved, struggling slightly, but felt that the touch on her body was a bit wrong.

Aspen Li kept covering his lips, unable to speak, but when he lowered his head, Su Xiaomi almost fainted with fright.

"Mmm..."

She began to twist, and she rubbed Aspen Li's body accidentally.

Aspen Li frowned, why is this little guy so dishonest!

He whispered: "Don't move, the people outside have not gone far."

In order to avoid extraneous, let the students be completely taken away.

What's more, how many students who want to take photos are lurking in this hotel, who knows?

Unexpectedly, Su Xiaomin was not obedient at all this time, and even twisted all the time.

Aspen Li is a little irritable, what does a girl mean by writhing in his arms?

I wonder if this is a kind of hook for men?

"Hmm..."

Su Xiaomi held Aspen Li's wrist with both hands, desperately trying to remove his hand from her.

Aspen Li was really impatient: "If you move again, I'll..."

Looking down at the position of his hand, he paused and instantly felt a strange feeling.

What is he holding?

It's really not intentional, I didn't even notice it just now!

However, it's soft, Q bomb...

The feel is really not so good.

He was completely subconscious, his eyes were covered with a dark color, his fingers were tight, and he grabbed a handful...

## Chapter 103

Next time, I interrupted his leg "Hmm..."

Su Xiaomi opened her eyes wide, her eyes flushed, and tears seemed to be spinning.

He tried desperately to push Aspen Li's hand away, but the difference in strength between men and girls was so obvious.

No matter how she pushed, she couldn't even push it.

The movement outside finally disappeared completely, and Aspen Li lowered his head and glanced at where his big palm fell.

It seems a bit reluctant to let go.

However, after all, people were released.

As soon as he was free, Su Xiaomi quickly escaped from his arms.

She had been hiding in the corner of the room before she pointed at Aspen Li, her face flushed with anger: "You...you..."

"What am I?" Aspen Li shrugged, disapproving at all.

"It's just a man's nature.

It's not intentional to touch wherever it is soft."

Su Xiaomi was really mad at his attitude. Just... just grabbed a handful, and said it wasn't intentional!

She wanted to go out, but Aspen Li said indifferently: "Now go out, if you are seen by a lurking student, you will have something to say later."

"I don't care."

What else can she say about those messy things?

"You don't care, but I can't let you tire the young lady."

Aspen Li put his hands in his trouser pockets and stared at her.

Anyway, it is impossible for her to leave now.

Su Xiaomi was taken aback and stopped immediately.

If you are tired, don't say anything, just don't dare to hum.

However, staying alone in the room with this man, a man and a widow, felt very uncomfortable thinking about how presumptuous he was to himself just now.

Aspen Li didn't think there was anything, but this girl still has a blushing face without makeup. He didn't expect it to look pretty.

"Isn't this great? Why did you always mess up your face in the past?" Su Xiaomi was lucky.

After his true face was revealed, he could be called beautiful.

Their young wife is not so lucky.

Everyone can see the freckles on her face clearly without makeup.

So much, indeed...a bit unsightly.

I don't know how the eldest master chewed on such a face.

After changing him, the young lady's face has been right for a long time, and I am afraid that even the basic functions of men will be lost.

Of course, this can't be said to the outside world.

After all, a woman who is a young master can only be respected, not humiliated, even in her heart!

Remember!

Su Xiaomi didn't want to talk to him at all.

It was the first time for a man to take advantage of him when he grew up.

Although he saved himself twice, he didn't know how to get along with him when he thought of the scene just now.

What else is this a man's normal reaction!

Pooh!

Obviously, it is sophistry!

"Is there no movement outside?" She stuck to the door, listening carefully to the voice outside.

This little look, bending over on the door,

Carefully opened a crack in the door and opened it out, but didn't know how cute he was.

Aspen Li unknowingly walked behind her and looked out together with her: "How? Are they all gone?" "Looks like they are gone, I wonder if anyone is hiding in the corner, waiting to take a photo.

"Su Xiaomi's impression of these people has been extremely bad, and there is no guarantee that they will hide, just waiting to take some unnecessary photos, and then get slander on the Internet.

"Really? You have to continue to observe before you know."

Aspen Li lowered his head and looked at the bodies of the two people close together.

In order to continue to observe, the girl bent down a little more, and quietly poked out half of her head.

Aspen Li only felt that this soft body was close to him, still rubbing against him, it was...a bit tormented.

He subconsciously dropped his hand on her waist and held it gently.

The current posture of the two people is particularly easy to reverie.

I never knew I had such an evil side before, but it seemed to be good.

"There should be no one."

Su Xiaomin breathed a sigh of relief and was about to push the door open.

Just think about it, why it feels a bit wrong, the touch of the body is too unusual.

It seems, pressed by something...

After looking back, Su Xiaomin suddenly screamed "Ah", hurriedly trying to escape from Aspen Li's arms.

Unexpectedly, his waist was imprisoned by his hands. During this run, not only did he not run away, he even slipped and fell to the ground.

Aspen Li held her waist hand, instead it became Su Xiaomi's only support point.

As a result, the unlucky girl hung her feet in the air and head down, stupefied and fell on her stomach, showing an indescribable scene.

"What are you doing?" Emily Gale glared at them, dumbfounded.

Just now, she was actually paying attention to the movement outside, and when she heard Su Xiaomi's scream, she immediately rushed out.

Unexpectedly, after rushing out, what he saw was Xiaomi head down, little... butt up, lying... lying in front of Aspen Li?

And Aspen Li's hands were still holding Xiaomi's waist, this posture... Damn!

Simply hot eyes!

Hunter Jackson walked leisurely behind her, seeing Su Xiaomi and Aspen Li's actions, but he didn't care much.

However, this posture... He stared sharply at Emily Gale's back, and gradually moved downward.

I haven't tried this posture. Maybe... Emily Gale only felt a sudden chill on his back, and when he turned his head, he saw Joseph staring at him, his eyes were like those of a cheetah.

She has the feeling that she has become a prey and will be eaten up by this fierce leopard at any time!

The conquering hostility in the eyes of Young Master Jackson made her shudder uncontrollably.

It's really scary!

very scary!

Su Xiaomi finally stood firm, Aspen Li has

Let go of her.

Aspen Li didn't seem to care about the fact that he had made such an unsightly posture with her just now.

When he walked in front of Hunter Jackson, he had another serious expression.

The evil just now has long since disappeared.

Su Xiaomi blushed, and quickly hid behind Emily Gale, so ashamed that she couldn't wait to find a hole in it and never come out to see people.

"Young Master, those people should be almost gone. Young Master is going back now?" Aspen Li asked.

"You... why are you here?" Emily Gale stared at him.

The question that Young Master Jackson did not want to answer could only be answered by Aspen Li.

Aspen Li smiled at her and said: "The young master had lunch nearby here. I received a message halfway through that someone wanted to go to the hotel to stop Madam you.

Therefore, the young master rushed over."

The hero saves the beauty, enough to make the young lady moved for a long time, right?

"You... came here to rescue me?" Emily Gale quietly glanced at Young Master Jackson.

In fact, I should guess that this must be the case. Otherwise, with the identity of Mr. Jackson, how could it be possible to stay in such a second-rate hotel?

However, Hunter Jackson didn't want to say anything, and she was embarrassed to take it for granted.

Hunter Jackson just snorted coldly, and walked past her.

Behind him, he also left a few cold words: "Next time I go to the hotel with a man, I will break his leg directly."

"I..."

Emily Gale bit his lip and stared at his indifferent back.

Knowing that she and Jackson Tianyou came to the hotel innocently, what do you mean by that?

Deliberately?

## Chapter 104

Yuanjia Luzhai "The young master came to see Tianyou classmates for other things, there is no malice, but this time I came here, but it was all for you, the young lady."

Aspen Li smiled politely at Emily Gale: "At that time, the young master even had food. He left his chopsticks before he finished eating."

After taking a peek at Hunter Jackson, seeing that he was already a little far away, Aspen Li approached Emily Gale and lowered his voice.

"I have been with Young Master for so many years. I have never seen Young Master react so anxiously to anything because of you."

"So, you must know, Young Master, Young Master cares about you very much. , Don't get angry with the young master." In fact, the young master is really patient in front of the young lady, and his temper is good enough.

The young lady didn't know what the consequences would be if most people angered the young master.

She...really lucky.

"I'm leaving, little guy."

Looking down at Su Xiaomi behind Emily Gale, Aspen Li twitched his lips and smiled.

Su Xiaomi was shivering with fright, hiding behind Emily Gale, not even daring to poke his head.

It wasn't until Aspen Li caught up with Hunter Jackson and the two walked into the elevator that Su Xiaomi breathed a sigh of relief.

"You two..."

Emily Gale looked back at her with a look of confusion.

"Nothing happened between me and him, of course, don't get me wrong!" Su Xiaomi immediately denied.

"Did I say something happened to you?" But looking at this anxious and shy look, something must have happened.

Su Xiaomi bit her lip and lowered her head, without speaking, her face was still blushing.

Actually nothing happened, but the guy grabbed her, and just now... He also appeared in the sight of RJenni and Jackson Da Shao in the same pose with her... God, even she felt it, jumped in The Yellow River can't be washed!

"After all, did you follow him..."

Emily Gale looked at her thiefly when he went downstairs.

Su Xiaomi stared at her fiercely: "No! I said no! This matter will never be mentioned again!" That man named Aspen Li, she would never see him again, it would be fine!

Can't we just turn over this matter?

"But you blush like this, Yang Yi and Tianyou will definitely ask later."

"I...I'm just worried about you. I run a little anxiously, so my breath is unstable and blush."

Su Xiaomi really does. To be teased by her, she shook her arm and shook her: "Surely, don't talk about it again, and don't say it in front of Yang Yi and Tianyou."

Today is simply a disaster day!

Seeing that she was really anxious, her eyes were red, Emily Gale put away the teasing and nodded.

"Okay, let's not say it."

Su Xiaomi just breathed a sigh of relief, but then heard Emily Gale say: "But in fact, Aspen Li is also good, handsome and rich..."

Bian's special assistant, can you run out of money?

"Emily Gale!" "Okay, okay, now, I won't say anything."

Ha, it's not funny, "but you can really consider him."

"Gale..."

"Here, what else?" Emily Gale was smiling, but Su Xiaomi was helpless.

Because, it's really time for Tianyou and Yang Yi's room.

Just now after Yang Yi knew that it was Young Master Jackson who was with Emily Gale, he immediately turned back.

This time, I'm still cleaning up all the mess in the room.

As soon as Emily Gale and Su Xiaomi walked in, they saw a mess everywhere.

"They did it?" They turned Yang Yi and Tianyou's suitcases all over, and the ground was full of clothes!

unacceptable!

There is really no king's law at all!

"They will learn a lesson, it's okay."

Tianyou looked at Emily Gale, "Is it all right?" In fact, he knew that there would be nothing wrong with Young Master Jackson.

He knew the man's ability very well.

"It's too much, the clothes are dirty."

Yang Yi tidied up for a while and finally gave up.

Take a pile of clothes directly onto the chair, and wait for it to be washed later.

"But, what should I do now?" Su Xiaomi flipped her phone for a while, looking aggrieved: "A person like Ye Fangfang can still wash white!" And they have become bad girls who go to open houses with men casually!

Although there were no pictures of Emily Gale and the man in the hotel, many people were talking about seeing them walking in.

The most important thing is that Ye Fangfang's usual image is really good, and he looks beautiful.

As Ye Fangfang's opponents, they naturally became villains.

Internet public opinion is terrible. Even if no photos are taken, everyone will say things very badly.

The most ridiculous thing is that they even slandered the sponsor behind Emily Gale and used their forces to bully the students.

But no one is willing to tell the truth, and everyone is unwilling to admit it.

The golden master is Joseph.

Of course, in the hearts of those people, how could an ugly woman like Emily Gale be worthy of Young Master Jackson?

They would rather believe that Emily Gale is a bad old man behind them than face the facts.

"It's boring!" But the damn thing is, this kind of boring thing will really affect Ranran's life at school.

"What kind of woman is Ye Fangfang, do these people really know none of them?" Su Xiaomi stomped angrily while turning over the comments: "She is the bad girl who has been with countless men.

These people have lard in their eyes. I'm blinded, I can't tell if it's true or false!" Jackson Tianyou just looked at Emily Gale with a weird expression.

"God, do you have something to say?" Su Xiaomi quickly realized that it was wrong.

Jackson Tianyou was silent for two seconds before saying: "Those people last night

, Has something to do with Ye Fangfang.

"...Because I didn't know what would be the problem when returning to school, that night, Emily Gale went directly to Hunter Jackson's villa. Coincidentally, Mr. Jackson's branch had some trouble, and he left Beijing overnight.

There is no need to face it when I go back, Emily Gale breathed a sigh of relief. However, looking at the empty hall, occasionally it is inevitable to feel a little lonely.

Although there are still a house servant and a yard bodyguard, they are basically the same as her There is no intersection.

After taking a shower, lying on the bed, looking at the French window curtains that are slightly floating in the wind, my mood begins to be a little more complicated. What Aspen Li said today is still lingering in his mind. He said, follow Mr. Jackson For so many years, I have never seen Young Master Jackson so anxious because of her. He also said that Young Master Jackson actually cares about her...

After five years with him in his previous life, he only feels disgusted with her. Care? Too much thinking! Why in this life, Master Jackson has become completely invisible? Toss and turn, sleepless. So the next day, Emily Gale had two dark circles under her eyes in addition to her freckles.

It's even uglier than before. Su Xiaomi waited for her at the appointed place early in the morning.

As soon as she walked in, she immediately felt countless eyes of disgust and hatred. However, yesterday, more than 30 students who made trouble were caught. Everyone, even if they hate this ugly girl, don't dare to mess around.

It's a coincidence today that Ning University and Jiang University have academic exchanges with high-achieving students, and Ye Fangfang is also on the list of exchange students. Yuanjia has a narrow road, and I met Emily Gale and others in the schoolyard. Got it.
