

Love Through Time and Space

Chapter 108

Then tell them not to live, "Dad, listen to me, it's not..."

Toot... the call was cut off again.

Ye Fangfang didn't give up and continued to call. This time, it was turned off.

Dad, why can you be so cruel?

When she was with Jackson Yuxuan, her father was kind to her.

But later, the bastard Jackson Yuxuan didn't know why, so he didn't want her, and his father's attitude began to cool down.

Today, when such a terrible thing happened, my father didn't come to comfort her for the first time. On the contrary, he wanted to sever the father-daughter relationship with her!

Why do you do this to her?

why?

Ye Fangfang walked down the street, always feeling that everyone looked at her strangely.

She lowered her head, not even daring to lift her head, for fear that others would recognize her.

The Weibo that was originally sent has been deleted, but those photos and videos are still being broadcast wildly.

The whole Beiling knew about this incident.

Although their Ye family is not a particularly powerful family, they are always well-known in the business community of Beiling.

When such a thing happened, my father felt that his face was severely damaged, and it would be no surprise to not let her.

Her father is such a snobby person.

In his eyes, his daughter is a bargaining chip, so after she climbed to Jackson Yuxuan, his father would be so happy.

Now, if something like this happens, it will be impossible for all the nobles in the entire Beiling business district to ask her again.

Dad felt that she had no value anymore, so he immediately wanted to dissolve her father-daughter relationship publicly.

In the future, not only will her reputation be ruined, but her life will be very difficult.

How can she live without the money from the Ye family?

"Oh, isn't that the young lady of the Ye family?" "Yes, that's the one named Ye Fangfang. I heard that her father has already published the newspaper and wants to dissolve his father-daughter relationship with her."

"Really, I had a few friends at a young age. With men... Tsk tsk, I feel ashamed to talk about that kind of thing, she really dared to play it!" "It's a pity, I haven't seen it clearly, the original video is gone, and now the rest is coded.

"Do you want to see? I saved it, and I passed it back to you.

The picture is really exciting, three mouthfuls..."

"No! Not me! Not me!" More foul language scared and hugged Ye Fangfang.

The head ran away like crazy.

Stop discussing her affairs, stop looking at her like that, no!

She sighed, not knowing how long she ran, and finally hid in a small alley.

Finally, she sounded a person, perhaps the only person in this world who could save herself.

"Cousin, I... I am Fangfang, I now... what should I do now? Woo..."

On the other end of the phone, Kylena Gale's voice sounded a little impatient.

"thing

What else can you do if it's like this?

You have been ruined in your life!

"Cousin, don't hang up the phone, I have...I have nothing to do. Dad wants to break the relationship with me, they..."

"Don't cry, cry again, I really want to hang up."

"Kylena Gale warned. Ye Fangfang bit her lip immediately and didn't dare to continue crying.

"Cousin, I really can't think of a way now. You have to help me."

" "how can I help you?"

"Kylena Gale flicked her nails and snorted coldly.

"But cousin, you... don't you always love me the most?"

I...I deal with Emily Gale for you!

Ye Fangfang is really wronged. Did her cousin forget everything she did for her cousin? Ye Fangfang said dumbly: "You reminded me to let me deal with Emily Gale's friends. Emily Gale almost fell to death last time.

It's all my credit..."

Kylena Gale curled her lips: "Come on, don't talk nonsense, I didn't let you deal with anyone. You were ruined by Emily Gale yourself, so don't want to drag me into the water.

"Cousin..."

"It's useless for you to do anything now. You have been completely destroyed in your entire life. Is there any man in the entire Beiling who wants you?"

"What's more, the Internet is so developed now, not to mention Beiling, it is the whole world, and everyone will treat you like a shoe.

"It's useless to think of anything. You have no chance of turning over."

"Cousin..."

Kylena Gale said one word, so cruel that Ye Fangfang lost the courage to live.

"You are already like this, why don't you think of a way to make yourself better?"

At least those who have harmed you and bullied you, you should also find a way to return.

"Kylena Gale looked at her newly made nails and smiled softly.

"Anyway, you will be pointed out wherever you go.

The Ye Family won't want you in the future, you don't even have money to eat, you..."

she He lifted his lips and smiled cruelly: "You probably, you really can't live anymore. Why don't you let the person who harmed you do not live..."

... This dinner tonight is a celebration.

Although they are now in the entrepreneurial stage. , I'm really poor, but I still have to eat, otherwise, wouldn't my life be boring? "Don't you know how disgusting Ye Fangfang was at the beginning. He has been pretending to be weak and wants to incite Those boys deal with Ranran.

"Su Xiaomi is still a little scared in retrospect.

"They really wanted to do it at the time, and I felt terrified.

She turned her head to look at Emily Gale who was fighting with the crayfish, and muttered her small mouth: "Why don't you panic at all, I'm panicked to death."

"Who said I don't panic?"

"Emily Gale took the time to look at her.

At that time, the group of boys really wanted to do something, so many people surrounded her, can she not panic? Just knowing that even panic is useless. What's more, panic

Doesn't it mean a guilty conscience?

She didn't do anything bad, why should she be guilty?

"So you know that you are afraid, I thought you were really not afraid of it!" Emily Gale was so calm at that time that even Su Xiaomi was deceived.

Unexpectedly, this guy also knew how to write these two words afraid.

Jackson Tianyou looked at Emily Gale, before he could speak, Emily Gale smiled and said, "It's all over."

But he was still a little scared. If the photos and videos appeared later, he didn't know what would happen to Ranran.

Su Xiaomi looked at Yang Yi with a look of excitement: "You're really amazing, did you make this thing too timely?" If it's a little later, then maybe it's really hit by those excited and stupid boys.

Yang Yi put his finger to his lips and made a silent motion for her.

Su Xiaomi covered her lips and nodded, not to mention it.

.

However, there is one thing, she is still very curious.

Those beautiful eyes like crystal grapes stared at Jackson Tianyou: "What the hell is going on? Why do you have these things?" "Aspen Li gave it."

"The bad guy next to Joseph?" With these two words, Su Xiaomi's face is very ugly.

"What's wrong? What did Aspen Li do to you?" Emily Gale looked at her as she wiped her hands.

"No, nothing."

Su Xiaomi was very uncomfortable when she saw her, and her face flushed.

In order to break this topic, she hurriedly asked Tianyou: "What the hell is going on? Yesterday you didn't make it clear. What is the relationship between

those people who were going to kill Ranran the night before and Ye Fangfang?"

Chapter 109

All those people fell into Hunter Jackson's hands the night before, and none was spared.

Those people were of course handed over to the police to deal with them, but before the police came, Mr. Jackson's people did something.

Investigation, that is necessary.

As a result, the gold master behind it emerged.

"The man before Ye Fangfang?" Su Xiaomi looked surprised.

"There are people who are so infatuated, revenge for that woman."

"It's a bit too much to say infatuation, but I just want to give my own woman a breath, by the way Ye Fangfang is just coaxing to play."

Yang Yi shrugged, there are too many such things to count.

After all, Ye Fangfang is indeed a standard beauty embryo.

Besides, I used to play so enthusiastically, it is normal to want to revisit it.

"So in order to beg for mercy, he gave the previous videos and photos of Ye Fangfang to Young Master Jackson?" Emily Gale sighed.

As the saying goes, it's not that you don't report it.

The time has not yet come.

Before doing anything, you really have to think twice.

There is no impermeable wall in the world. If you do it, you will definitely be known.

“But now, Ye Fangfang is really ruined.”

She didn't sympathize with that woman, and there was nothing worthy of sympathy for someone who had always wanted to kill herself.

She was just a little bit emotional, the reincarnation of cause and effect, who has the sky forgotten?

“When she harmed us, did you ever think we would be ruined for a lifetime?”
Su Xiaomi had no sympathy for Ye Fangfang.

She was for no reason, and she almost committed suicide!

If it hadn't saved her life, she can still eat barbecue and delicious crayfish here?

For a person who has almost died, there is really not much pity left.

Anyway, it was not that he deliberately harmed others, it was not that Ye Fangfang forced them into this, and they would not fight back so hard!

To blame, blame herself.

“I'll get some crayfish.”

Jackson Tianyou stood up and walked to the stall.

As soon as he left, Emily Gale's cell phone rang.

She took it out and saw that a message with a strange number turned out to be Ross!

Ross asked her to go to the black car on the side of the road to get something?

Emily Gale glanced at the other side of the road, and there was a black car parked beside the road.

The car is not luxurious, it looks average, but it fits Ross's taste very well.

Ross has never liked driving luxury cars. Most of the time, he drives mediocre cars.

She just didn't know what Ross asked her to take.

However, since Young Master Jackson was absent for the past two days, it was not impossible to have something to send him.

She stood up: "I'll get something and come back soon."

"I'll accompany you."

Su Xiaomi dropped the crayfish in her hand.

Emily Gale

Looking at her greasy hand, she smiled and said, "It's okay, it's on the side of the road."

When Su Xiaomi saw the people coming and going on the side of the road, she felt relieved and picked up the crayfish again.

After the meeting, Jackson Tianyou returned with a large plate of crayfish, but Emily Gale was alone.

"What about it?" In the past two days, I didn't know what was going on. Unless Emily Gale returned to Young Master Jackson's side, otherwise, she was not in her sight at night, and Jackson Tianyou felt uneasy.

"Of course, go get things."

Su Xiaomi and Yang Yi were dealing with hairy crabs, pointing at the side of the road at will.

The road is not far away, but Emily Gale is nowhere to be seen.

Jackson Tianyou's heart tightened, and he put down the plate and walked to the other side of the road.

"What's the matter?" Su Xiaomi also glanced in the direction of the road.

Looking over this way, I didn't even see Ranran!

"What about it?" Su Xiaomi was also taken aback, and hurriedly caught up with Jackson Tianyou.

"She was walking here just now, saying that someone would give her something and get it back."

Yang Yi also chased it, "But, it seems that it has been several minutes."

They have been eating, but they didn't find Gale.

Jenni has been away for so long.

Jackson Tianyou's hair was tight and he couldn't walk far for a few minutes, but there was no Emily Gale here.

Emily Gale is gone, what's the matter?

"God, the bracelet of Ranran!" Su Xiaomi found something and ran over quickly.

Just on the side of the road, a silver bracelet fell to the ground and almost slipped through the gap into the sewer.

She picked it up and saw that it was really Emily Gale's chain.

Thinking about it again, I hurriedly glanced over here just now.

At that time, there seemed to be a car parked here.

But now, there is no car, and Emily Gale is also gone!

Jackson Tianyou strode over and snatched the chain from her hand.

It's really a chain of Ranran, Ranran has something wrong!

"Yang Yi, think of a way to bring up the surveillance around here, hurry up!" Yang Yi suddenly sober, anxiously said: "Okay, I will go back to get the computer immediately!" ... Emily Gale heard the call before he opened his eyes.

The sound of the wind.

It sounds like there are still waves.

The tip of the nose also seemed to linger with the salty taste of sea water.

She frowned, and subconsciously wanted to stretch her exhausted limbs.

She moved, and immediately found that her hands and feet were tied and tied firmly.

what happened?

Emily Gale opened her eyes suddenly, and a night sky entered.

Under the night sky, it really is the vast ocean!

How could she be at sea?

"Are you finally awake?" A hoarse voice sounded not far away.

Emily Gale finally sat up and saw Ye Fangfang sitting at the end of the speedboat, staring at herself.

And in her hand... there is a sharp knife!

The knife edge shone with a terrifying cold light under the moonlight.

Ye Fangfang's eyes were red and swollen, and he clearly cried for a long time, but now, the look in her eyes was full of hatred.

"What are you going to do?" Emily Gale backed away subconsciously.

But they are now on a speedboat, and there is no way to retreat!

Her head still hurt a bit, and she finally remembered that when she was standing on the side of the road, she was suddenly smashed in her head from behind.

After being hit, she fainted, and when she woke up, it was now.

Ye Fangfang kidnapped her!

"You are crazy! You are a crime!" Emily Gale struggled hard.

However, the ropes on the hands and feet were so tightly tied that they couldn't escape half a minute!

"Crime? Do you think I still care?" Ye Fangfang suddenly looked up to the sky and laughed. He laughed a bit out of control, and his tears rolled down.

"I'm like this. I have no hope in my whole life. Crime... I don't care about it at all!" "Emily Gale, I'm going to fight it out, haha, I suddenly feel that I feel really good now, you It fell into my hands, I am very happy, hahaha..."

She was really crazy, most of the night, just listening to this laughter was enough to make her scalp numb.

Especially the knife in her hand, shining brightly, it was terrible!

Emily Gale struggled hard in secret, but the rope was never loosened!

"How about? Want to run away, right?" Ye Fangfang finally laughed enough and tired, looking at Emily Gale's face, the corners of his lips made a cruel smile.

She took the knife and walked towards Emily Gale step by step: "I am no longer afraid of being punished, so Emily Gale, guess what, what do I want to do now?"

Chapter 110

She died Ye Fangfang was really crazy!

Perhaps, no matter who it is, after such a severe blow, it will become crazy.

However, Emily Gale did not sympathize with her at all.

If people don't offend me, I don't offend others.

Looking at the knife in Ye Fangfang's hand, Emily Gale's face was still calm, even if his heart was hairy.

"Why use Ross to lead me to the street?" She still can't figure out this point.

She and Ross haven't had much intersection in this life. Why doesn't Ye Fangfang use other people's name, but only uses Ross?

"Heh, because you like Ross."

Ye Fangfang smiled wantonly.

She squatted down, squatting in front of Emily Gale, holding the knife in her hand and shook it in front of her.

"You are really greedy. With such an outstanding fiancé like Mr. Jackson, you are still greedy and admiring the third son?" The knife patted Emily Gale's face.

"Oh, greedy people have always died miserably, don't you know?" Although the knife was only slapped on her face without cutting her flesh, Emily Gale still felt terrified.

I'm afraid that this sharp knife will be cut directly on his face after a while.

She closed her eyes and took a deep breath, trying to make her voice sound calmer.

"Really? Why don't I remember, what special feelings I have for Jackson Sanshao? I'm afraid I haven't spoken to him more than three sentences."

She stared at Ye Fangfang without missing any expression on her face.

"Ye Fangfang, your ability to inquire about news is a bit too bad?" "Really?" Ye Fangfang sneered, and suddenly the knife hit her face heavily.

"Um..."

Emily Gale was still shocked no matter how hard she tried to pretend.

"It turns out that you will be afraid too? I thought you were not afraid of anything!" Ye Fangfang's eyes flashed, and he was suddenly too excited!

"Are you scared? You said, are you scared of me? Emily Gale, please beg me, beg me! Otherwise I will cut it off with a single knife, please beg me!" Emily Gale clenched his fist secretly. This person is about to fall into madness!

"Yes, I'm very scared, I'm afraid of death, please don't hurt me."

At this time, if you don't follow her, she may really cut it off with one knife.

"Then can you tell me, who on earth told you that I like Ross?" "You fell in love with Ross at Jackson's house, and you were caught on the spot by Young Master Jackson. You think I don't know.

"Ye Fangfang was very proud, and seemed to have grasped her pigtail, winning the ticket.

"You flirtatious b*tch, when you see someone who loves you, why are you so cheap?" Emily Gale didn't say a word, but he wondered.

.

The Jackson family has the eyes of these people. Kylena Gale probably told her about this news.

Ye Fangfang is just a small person. In fact, at first, she also felt that Kylena Gale was not afraid.

Kylena Gale alone could not do many things, including Ross's death.

But in the past life, who was behind Kylena Gale, who had been planning, she didn't know until she died.

Is this person already joining hands with Kylena Gale now?

Is it Daniel Jackson?

No, Jackson Er Shao's mind is not so thorough.

Who the hell is it?

Suddenly a wave hit, Ye Fangfang slipped, the knife in his hand flashed under the moonlight, and he accidentally struck Emily Gale's cheek.

If it hadn't been for Emily Gale to react quickly enough and quickly leaned back to avoid her, now, a deep blood mark had been drawn on her face.

The knife is sharp, and the person with the knife has no sense at all. This is still on the ocean... If you don't save yourself, there will be no chance.

Before Ye Fangfang had time to stand still, Emily Gale gritted his teeth and suddenly slammed into it.

Ye Fangfang was hit in his stomach, his hand shook, and the knife fell silently into the sea, disappearing in a blink of an eye.

She herself was knocked back a few steps, one of them could not stand firmly, and the whole person stood upright and fell down.

With a bang, I didn't know what hit my head, and I rolled my eyes and passed out.

Emily Gale was about to go to see the situation, and didn't know where she hit, so don't really kill her, otherwise, she would become a murderer.

But she just took a step, and suddenly, another wave came.

The speedboat shook violently, and Emily Gale staggered, before he could stand still, and then, the third huge wave.

This time, she was thrown up. When her foot fell, her leg touched the edge of the speedboat, and a center of gravity was unstable, and she fell into the sea with a plop.

She immediately wanted to struggle, but forgot that her hands and feet were still tied up!

Falling into the water like this now is no safer than on the speedboat just now!

No, now, it's the moment of life and death!

The sea water poured in from her nose, which made her feel dizzy. When she opened her eyes, even her eyes were stinging.

Damn it!

How could she let herself fall into such a helpless and desperate state?

The ropes on her hands and feet couldn't break away no matter what, her body was sinking constantly, as the waves surged and floated... unable to breathe, her limbs gradually weakened, and finally, even her consciousness disappeared.

How long have you just returned to this world?

Danger is everywhere. Is it so difficult to think about living an ordinary life?

This time, there will be no more miracles, right?

The last point of consciousness, with an undercurrent, was completely dissipated.

The moment I passed out, there was a question in my head.

in case

She is dead, Young Master Jackson... will she shed a tear for her?

... Emily Gale is gone.

When Ye Fangfang was found, he was still in a coma on the speedboat.

It is said that he was sent to the hospital for examination and injured the back of his head. Now people are confused and unconscious. I don't know if their head was damaged.

She was a little bit crazy, saying that Emily Gale was going to kill her, and then that she had killed Emily Gale, and then that a god had taken Emily Gale away.

Even the hospital staff cooperated with the cross-examination, but they couldn't tell why.

According to a traffic surveillance video tuned by Yang Yi, Ye Fangfang did see Ye Fangfang sneak attacking Emily Gale behind him.

After that, he dragged Emily Gale into the car and drove away.

But now, Ye Fangfang looked crazy, but Emily Gale disappeared without a trace!

The speedboat was found on the sea, in the vast ocean, where to find a girl?

It has been two days and two nights, if Emily Gale was still alive, he would have gone back long ago.

Now, the only possibility is that Emily Gale has been buried in the sea.

The people in Hunter Jackson were still searching everywhere, and Young Master Jackson seemed unwilling to accept this fact.

But some people, after hearing the news, were secretly happy for a long time.

That b*tch died, she no longer has to worry about it anymore, Emily Gale will suddenly restore her true appearance, allowing Hunter Jackson to see her beautiful side.

What more news can make Kylenea Gale happier than this?

So she made an appointment with Daniel Jackson tonight, just to inquire about the news from Young Master Jackson.

"Are they really still looking for it? In other words, they really can't find it now?"
