

## Love Through Time and Space

### Chapter 156

Really thinking that you must meet Hunter Jackson's deep and cold eyes, Emily Gale tightened his lips.

"I am not interested in being one of your many women. If you have to find Kylena Gale, I will not stop it."

Anyway, Kylena Gale likes him so much.

Although she has a vicious heart, at least she will not harm him.

Since her advice was superfluous to him, and even, he regarded it as an expression of jealousy, she said it was useless.

"Since there is nothing wrong, I will go back to school first."

She turned around and left.

Suddenly, the door slammed shut when she just opened a seam.

Hunter Jackson's big palm pressed on the door, and the door was closed tightly in an instant.

Emily Gale looked back and met his quenched gaze: "Young Master Jackson, is there anything else?" "Are you deliberately annoying me?" Hunter Jackson squinted his eyes and dropped his long fingers on her chin.

The ground tightened for a while.

Emily Gale frowned.

Although he didn't have much strength, he didn't pinch her.

But this feeling of being controlled, she didn't like it at all.

"Young Master Jackson, I don't understand what you mean?" Does she want to accept such things as goddess?

"Do you mind about Kylena Gale?" He couldn't explain this matter.

Grandma didn't want to let people know the relationship between Kylena Gale and her, he had to keep it secret.

But Kylena Gale is not his woman. Does she really know if he has any other women?

Don't know, or don't want to believe it?

"Why should I mind? What kind of woman is your right. My relationship with you is a fake!" "Emily Gale!" "Am I wrong? Didn't you say it? , Two years later, go their own way?" In fact, she didn't know why she deliberately annoyed him.

But now, she has no way to talk to him calmly!

He recognized Kylena Gale as a goddess!

What else can she tell him?

That woman is her old enemy. In this life, she and Kylena Gale can't live together peacefully!

Hunter Jackson didn't want to talk, every word of this woman made him very upset!

Pulling her into his arms abruptly, he lowered his head to k\*ss her thin lips.

Only by sealing these two thin lips, she could not say the words that made him angry.

Emily Gale didn't expect that he was still arguing just now, and now he was about to make affection.

Men, can you really only think about problems half-length?

"Let go!" She pushed hard, completely unwilling to give him the slightest chance to get close to herself.

Hunter Jackson was a little irritable, this woman was simply unreasonable.

Suddenly he picked her up and walked to the big desk.

"Hunter Jackson, what are you going to do?" She was so familiar with the look in her eyes.

Dark, deep, full of letters of conquest

interest.

This is the study room, what does he want to do?

"Let go of me! Hunter Jackson, don't touch me! Don't touch me!" "Don't let me touch, who else do you want to touch?" He got angry, pressed her on the desk and was about to untie her clothes button.

Emily Gale kicked out angrily, but was buckled by his big palm, and his ankle was directly lifted by him.

"Let go!" This posture is simply shameful!

Fortunately, I didn't wear a skirt today. Otherwise, this posture would be gone.

"Hunter Jackson, you are not qualified to treat me like this, let go!" "I am your fiance!" He is not qualified, who is qualified?

Jackson Tianyou?

"That's fake!" Emily Gale yelled and pushed his palm away!

"You know that our relationship is fake, why do you want to do this? I am not your woman, I don't want to be your woman!" Kylene Gale is already in his yard, so why should she stay?

Does he feel that he is rich and powerful, and all women in the world can play with him?

Hunter Jackson didn't want to say a word to her.

There was nothing in her words that made him feel comfortable.

"When you come to my place, you have to listen to me.

It is not your turn to say no!" "You let go!" She felt that her dignity was really hurt.

I don't know when the hand fell on his face, and the sharp nails slashed across his cheek.

She just wanted to push him away, but never thought of hurting him.

But after realizing what he had done, there were already a few bright red marks on his face.

It's all... blood.

Emily Gale was stunned, and Young Master Jackson's face was so perfect that it made a woman crazy, now bright and colorful, with four more finger marks.

The man's eyes instantly became cold, like an angry beast, and the dangerous breath in his eyes instantly chilled the surrounding air.

Emily Gale shuddered unconsciously, and shrank back subconsciously.

His big palm fell on her shoulder, and yanked her back.

"No...uh!" She beat, she shoved, she cried, it was of no use.

In his hand, the fragile cloth was torn to shreds like paper.

In the end, when she was unable to resist, she could only close her eyes and let him toss her body.

In front of him, there is no capital to talk about, or even any value to talk about.

He never needs to care if she cares about what he wants to do.

He can let any woman stay by his side without giving her half an explanation.

And she didn't even have the qualifications to interrogate.

Tears slid down the corner of her eyes, but she was not crying, nor did she feel that she needed to cry.

It's just that my heart is a bit sour, and those tears that are of no use have slipped without knowing it.

Hunter Jackson lowered his head, his thin lips stroking hard on her cheeks.

But I don't want to, what I can taste between my lips and teeth is her desperate taste, her tears... To him, I hate it to the point that I don't even want to touch her?

He thought that they could actually go further.

But this girl can laugh presumptuously in front of anyone, and can get along with anyone, but she is the only one who doesn't want to get close to him.

The full of impulse, after tasting her tears, was like a flame being instantly extinguished by cold water.

He let go of the woman who had given up struggling, stood up straight, and stared at her disheveled.

Obviously I don't want to see her crying, but seeing her desperate appearance under me, when I export it, it instantly becomes harsh and hurtful.

"You just made me lose my appetite."

"Is it?" Emily Gale opened his eyes and looked at him coldly: "Major Jackson must force even a woman who makes you lose my appetite, is it possible that Young Master Jackson must I really can't find another woman?" "Do you think I really have to be you?" "Isn't it?" Emily Gale sneered, even in a mocking tone.

"If not, why do you behave so impatiently and eagerly every time?" This tone is almost like watching his joke!

Who is Joseph?

When has he been teased by women like this?

How cold the smile on her lips was at this moment, how cold his heart was.

With a snap, he closed the notebook not far away, and he threw her away, as if he threw away a waste that he didn't want.

Hunter Jackson buttoned the shirt buttons one by one, his face returned to his usual coldness and his movements were always elegant.

The impulse and brutality just now, at this time, there is no trace of him on his body.

He stared at the messy girl lying on the desk.

Seeing her eyes, there is no temperature at all: "Get out!"

## Chapter 157

Because my woman doesn't like you Emily Gale immediately rolled away.

After finding a set of clothes in the room on the second floor, he immediately went downstairs and left the hall.

Walking out of Wangjiang Pavilion all the way, I didn't even look back.

On the balcony on the second floor, a man stood at the air outlet.

Seeing the figure walking further and further away, the gaze of Shen Ning was cold.

"Young Master Jackson."

Kylena Gale looked at him in the corner for a long time.

Since she heard that Young Master Jackson angrily drove the young lady out, she immediately came back to look for him.

Seeing his figure standing on the balcony, I wanted to be comforted by the past, but I couldn't find a chance.

He is too cold, and his stiff back makes people lose the courage to approach easily.

At this time, after taking a few deep breaths, she finally took a few steps closer.

"Master Jackson, I heard that you...he Ranran quarreled."

The man standing on the balcony didn't react at all. Kylena Gale lowered her head and looked timid, unspeakably pitiful.

"Sorry, Young Master Jackson, but did you misunderstand me? I don't know...

She would be so angry."

That stingy woman dare to fight with Young Master Jackson, huh, she is so stupid to die.

Such a good man naturally has to coax to confess, quarrel?

Isn't this looking for death?

"Master Jackson, I'm really sorry, but I never liked me since I was a child. This time, if you treat me so well, she will definitely be upset."

She performed the humblest side, and people have already walked behind him.

He is really tall. If you want to look at his profile, you have to look up.

This feeling of looking up at him made Kylena Gale crazy infatuated.

She likes this, she really likes this, looking at him, in love with him, infatuated with him!

Waiting for him to look back at her, wait for him to hold her, wait for him to use the craziest force to press her down... Kylena Gale's breathing quickly became hurried, as long as she fantasizes about the scenes of her crazy

together with Young Master Jackson. Can't help his heartbeat speed up, blushing.

It's as if the whole person was completely given to him.

However, the man standing in front of the railing still had no reaction at all.

Kylena Gale couldn't help reaching out her hand, really wanting to touch his back, but she still didn't have the courage.

She took a deep breath, her voice softer: "Young Master Jackson, if...if you want, I...I can go and explain to her."

She still looked up at him, and her heart was broken.

"No matter what you want me to do, I am willing to do it.

As long as you say it, I will listen, okay?" Man, who doesn't like such a well-behaved woman?

Compared with Emily Gale's idiot, does he think she is the cutest girl in the world?

Kylena Gale waited, waiting for Hunter Jackson's pity.

But he always stood in front of the railing, from start to finish, without any reaction at all.

Does he listen

Can't she speak?

But, how can you not hear it at such a close distance?

"Major Jackson?" Kylena Gale tried to get two steps closer, and now the distance from him was only about five steps.

"Young Master Jackson, I really... listen to you. I do whatever you want me to do, Jackson..."

She couldn't help but step forward.

The man who hadn't responded coldly finally lost a sentence: "Get off."

"..."

What?

roll?

Did she get it wrong?

She is so well-behaved, so docile, how could he let her go?

"Young Master Jackson..."

"From now on, you are not allowed to go to the second floor."

His words never allow others to question.

Kylena Gale opened her eyes wide, watching him leave from the balcony and walk to the second floor lobby.

She wanted to follow, but she didn't dare to get too close.

Just now, was the distance between himself and him almost less than five steps?

I heard that five steps are the distance between Young Master Jackson and a woman, but when she clearly saw Emily Gale walking with him, she never had this rule!

Kylena Gale felt aggrieved: "Young Master Jackson, did I do something wrong?" Hunter Jackson took out his cell phone and dialed Aspen Li's number: "Please go down, Miss Gale."

"I can go down by myself!" Gale Kylena's eyes filled with tears.

"But, why? What did I do wrong? Young Master Jackson, please give me a reason."

"Because," he finally turned his head and stared at her face.

There was no waves in those eyes: "My Women don't like you."

"But you promised grandma, you will take care of me forever."

"I only promised to ensure your safety."

If it weren't for grandma, she thought she would have a chance to appear in his sight?

"Don't try to provoke my relationship with Ranran, I can take your life, but I will let you know what is better than death!" "Major Jackson!" Kylena Gale almost wanted to scream!

"I didn't provoke your relationship, it was Emily Gale who was making trouble for me.

She didn't like me, I..."

"Then don't show up in front of her and make her angry."

Hunter Jackson walked into the hall and walked towards himself. To the room.

Aspen Li had already gone upstairs, and when Kylena Gale wanted to chase her over, he stepped forward and stopped her.

"Miss Gale, upstairs is not your range of activities, please go downstairs."

"Young Master Jackson, you can't be so unfair to me."

Kylena Gale cried so much that it rained with tears, "You promised to take care of me, I didn't do anything wrong, it was Emily Gale who bullied others."

"Qin Yi saw it, and Emily Gale pushed me to the ground.

She even wanted to kick me..."

Hunter Jackson opened the door and closed it with a slam. .

What she said, I'm afraid not even a word will reach his ears.

"Why Ms. Gale gets caught all day long?

Bullying, can be pushed down countless times in a day?

Aspen Li wanted to laugh a little, "Could it be that Miss Gale has the physique?"

"What do you mean?"

"As soon as Hunter Jackson left, the grievances on Kylena Gale's face could no longer be put on. Staring at Aspen Li, she said solemnly: "You'd better explain this to me."

"Am I not clear enough?"

Still, Miss Gale can't understand human words?

"You..."

"Miss Gale, it's not that you don't know many things, but you just don't want to pay attention to it."

"You..."

"Today, the young master punished Miss Six, not for Miss Gale, on the contrary, he was for Miss Six.

The smile on Aspen Li's lips converged, staring at her, and his face became cold and terrifying.

"Miss Six is the younger sister of the eldest master, I advise Miss Gale, don't take yourself too seriously."

"You..."

Kylena Gale blushed instantly, "Do you know who I am?"

How dare you talk to me like this!

"I don't care what your status is. Now, the young master wants you to go downstairs. If you don't listen, I don't mind throwing you down from the second floor by myself."

" "you!

"He is really walking towards her! Kylena Gale is very scared. This man looks very nice to get along with when he is next to Young Master Jackson. But now, with a calm face, he can be so scary! Jackson No one around the young man is easy to provoke. Qin Yi damn it and don't know where to go. Now, where does she dare to provoke Aspen Li? "I will remember you!

She stomped her feet with anger and quickly walked towards the stairs. With the identity of the old lady and granddaughter, she doesn't need to wrong herself like before. From now on, she will be the celebrity next to Jackson Dayo, who dares to bully her, Don't Let It Go!

## Chapter 158

The moment this disgusting woman left the Jackson's house, Emily Gale adjusted her mood.

Some things are better if they are said thoroughly. Since there is no future, there is nothing to think about.

Now, at this point, everyone is clear in their hearts.

Amorous?

No, she is not passionate, but she doesn't want to repeat the mistakes of her previous life.

As for the woman Kylena Gale, as long as she dared to touch her, even if she was Young Master Jackson's god-sister, she would definitely not let her go.

As soon as she walked into the company, Su Xiaomi walked over to her quickly, with an angry expression on her face.

"Of course, you see, this woman is so disgusting! She turned out to be Brother Joseph and posted a selfie of herself in Wangjiang Pavilion, look!" Emily Gale glanced at Su Xiaomi's phone screen.

It was Weibo that Kylena Gale sent, saying that her good brother asked the chef to cook her delicious dishes today.

In Jiugongge's selfies, there are pictures of her sitting at the dining table and some in the hall.

The last few pictures were taken at the gate of Wangjiang Pavilion.

It looks like a selfie, but behind the three words Wangjiangge, who can't see it clearly?

As for the following reply, that is interesting.

A group of people said that this is not the Wangjiang Pavilion of Joseph?

Others are envious, saying that Young Master Jackson turned out to be her brother.

Su Xiaomi continued to pull down comments, but Emily Gale didn't want to read it.

"Some trumpets, nothing to look at."

It was nothing more than looking for a group of navy soldiers to explain things that were not clearly stated on Weibo.

The replies with the highest likes clearly stated that Wangjiang Pavilion is the place of Young Master Jackson. Kylena Gale and Young Master Jackson ate together, and Kylena Gale's name is Big Brother Jackson.

Kylena Gale's methods are still clever, she didn't make it clear on her Weibo, and her words were unclear.

However, those who responded have analyzed it so clearly that the comments of those analyses are still at the forefront.

After reading Weibo, can you still read the top replies?

In the following comments, many people are really envious, even jealous.

Of course, some people pulled out the words Emily Gale and took turns.

Basically, how could Emily Gale, an ugly monster, stand up to Young Master Jackson?

Or, the two sisters, Major General Jackson and Gale's family, have been taking it all.

Others are calling on Young Master Jackson to kick the ugly Emily Gale to be with his beautiful, gentle and kind sister.

Of course, there are also people who are sore and enthusiastic about Kylena Gale, but such comments soon drowned under the feet of the navy.

"Of course, aren't you angry? Your name is Brother Joseph! This woman is too shameless!" "People should call him brother."

Emily Gale put down the bag, opened the notebook, and started to do something.

"What? Of course, what's the matter with you? That woman and

What does it matter to Young Master Jackson?

Su Xiaomi thought for a while, and suddenly panicked: "Major Jackson will not really be with her anymore?"

"I don't know.

"Is it together? Who knows, is she obligated to tell her.

"Of course, how can you have this attitude?"

Young Master Jackson is your fiance!

Now, her fiancé is called elder brother by another woman. Isn't she uncomfortable? Emily Gale finally turned her head and glanced at her: "Did I say that my relationship with Joseph is not so real? ?

"So, what else do you need her to do? Pushing the notebook away, she stood up and walked to another office.

"What about people?"

"It's all inside."

"Su Xiaomi also followed.

There were three people in the small office, Yang Yi was painting, and Liu Shang was hooking.

The last one, he was sitting in the innermost corner, his hair was messy, his face was scumbags, and his clothes were still seen the day before yesterday.

The set that arrived has a greasy face.

"My God, how long have you been back to the dormitory?"

"Emily Gale was completely dumbfounded. Qin Zhizhou didn't even look at her. Emily Gale knew that this guy was always so attentive when he was creating. However, Qin Zhizhou is now compared to two weeks.

The previous one was obviously thinner. He didn't seem to feel haggard, but he was really thin. Her boss, it seems to be too harsh for an employee.

"He has been here for four days and four nights. Did you forget it?"

This dress was made four days ago.

Su Xiaomin sighed and looked helpless.

"Look at him like this, he ignores people when he talks to him. He must wait until he finishes painting this sentence before he will have time to talk to you.

"How much did you talk today?"

"Of course Emily Gale knows Qin Zhizhou's temper.

It's just that after two weeks of getting along, everyone has adapted.

"Now is the third story.

"Qin Zhizhou, you are crazy!"

"This is only half a day's work, it is already the third chapter! He is planning to draw five or six words a day? "Because we are shortlisted in the preliminary competition!"

Su Xiaomi originally planned to tell her the good news as soon as she came back, and surprise her. But unexpectedly, there happened halfway through Kylena Gale living in Wangjiang Pavilion and calling for Brother Jackson.

"Are you shortlisted?"

"At this time, the unpleasant things I had previously forgotten in an instant. I originally thought that the results would come out in the next week at the earliest, but I didn't expect that it would come out this weekend.

"Qin Zhizhou is planning to use the time of a week to add the first part of "The Youth on Fire". Finished the second season?"

"Yes, the rematch will be next Friday, and the rematch will definitely be more competitive than the preliminary round."

"If the second season is also finished, for them, their competitiveness can be improved by at least one level. Su Xiaomi will open the comics app on the phone and click on the new book list.

"RJenni

You see, we have climbed to third in the new book list. We will continue to double-update tonight, and maybe we will be able to climb to second tomorrow.

"This result is already very good for newcomer groups like them who have nothing. You should know that most of the top people on these lists are old groups with their own fans. Starting from scratch, it's so difficult.

"It's okay, just take it slow. I believe that our quality will definitely be better.

"However, seeing Qin Zhizhou working so hard, Emily Gale is still a little guilty.

The task originally given to him is already a heavy non-human, but he did not expect that the task he himself gave himself is so scary! Normal people, really do it! Less than this speed. What's more, when the speed is fast, the quality can be guaranteed without any relaxation.

"Big guys, lunch!

He Lingzhi came back with two large bags of food, and when she saw Emily Gale, she was a little stunned.

"Isn't that something is going on at home today and I will be back at night?"

I didn't buy your meal!

"It's okay, I just have a portion with Ranran."

"Su Xiaomi said immediately. Emily Gale walked over and helped her put things down together.

"Squad leader, can you see the ranking for today's results?"

"I can't see the rankings, but there are a few great ones that went straight to the finals."

"He Lingzhi is envious, but he can only envy it for a while.

"It's the team of Shu Lei's studio."

" "how is this possible?"

Isn't Shu Lei a judge?

"It is impossible for the judges' studio to be allowed to participate in the competition.

There are rules for this competition.

"She quit her job as a judge.

"He Lingzhi was also a little helpless. Shu Lei was not a judge, but became a member of the competition. This is a disaster for every participant.

"This year's competition, I heard that there was a special airborne. Jackpot.

"Yes, yes, I've heard that, he is definitely an unprecedented general!"

Su Xiaomi also leaned over, full of excitement! "The team that won the special prize will be able to form a joint animation company with Jiang's Brilliant Entertainment.

## Chapter 159

They were both the woman's wrong Jiang family, and the second largest in Beiling, second only to the Jackson family.

But the Jackson family didn't get involved in the entertainment industry, so Brilliant Entertainment under the Jiang family is the largest entertainment group in Beiling.

Of course, there are also two big groups, Dingsheng Entertainment and Qinghe Entertainment, which have been catching up to glory.

But even at the level of Dingsheng and Qinghe, these small teams could never even think of it.

Not to mention, it is the first glory in the city.

Unexpectedly, such a large entertainment group as Brilliant would actually take a fancy to the games of college students like them.

Even, willing to let shares cooperate with these student teams, the matter itself, is already magical enough.

No wonder even Shu Lei gave up his qualifications as a judge and would rather become a racer.

You know, the entertainment group is not just doing animation.

Even for the entire entertainment industry, the proportion of animation is really not important.

The animation company Shu Lei worked with before was also ranked high in the animation circle of Beiling.

But after all, she is only a student.

Although basically no one can surpass in the student circle, but in the entire animation industry, she is still not ranked in the top three.

But if she can form an animation company with Brilliant this time, she will definitely rank higher in the animation industry in Beijing.

In short, this is definitely a very big and very important opportunity for Shu Lei!

What's more, with Shu Lei's ability, if you want to get the first place, you have at least a 70-80% chance of winning.

Unless, among these teams, a super dark horse will suddenly emerge.

However, the animation industry says that small is not small, but it is not that big.

At least what information is available in the industry, under normal circumstances, will spread soon.

There are any powerful painters in the industry, and they have already emerged.

This line needs precipitation, experience, and popularity.

Even if you are very powerful and not popular, in the finals, when it comes to popular votes, you will still suffer.

"This time, the champion must be Shu Lei's team.

There is no suspense anymore."

Among them, the level of Shu Lei is completely different from them.

In fact, there are some great painters among the students, but they will always be labeled "campus painters" for fame or something.

But Shu Lei is different.

She can completely leave the campus and appear in front of the public as a social painter.

"It's not only the first place, isn't there a second and third place?" Emily Gale cheered everyone on.

As long as they can enter the top three, it is also a very good result for them.

"Yes, it would be good to get the third place.

At that time, our team will gather popularity. Recruiting people is not easy?" Su Xiaomi is still worried about hiring people.

There are many painters in society, and many students paint hands, but one

Inquiring about their team, a name that hasn't even heard of it, better painters are reluctant to come.

This time, it was the first hurdle for them to become famous, and they had to do it well.

Everyone's eyes fell on Qin Zhizhou's body.

It coincided that Qin Zhizhou finished the third story and stood up.

"Come and eat something."

Emily Gale hurriedly greeted.

Qin Zhizhou was not at all polite with them, went to the bathroom and came out, immediately holding the lunch box and eating.

It's rare to have time for the whole day this weekend.

Three episodes have been completed from early morning to now, and the afternoon and evening should add up to three episodes.

In this way, their second season will have a chance to be completed in the rematch.

Emily Gale knew what he was thinking, but such an intensity was really inhuman.

"Actually, it's okay for us to slow down a little bit. Don't push yourself too hard."

For ordinary people, if you don't eat or drink or sleep all day, you may not be able to draw a word in a day.

He draws five or six words a day, which is really scary.

I'm afraid no one wants to believe it.

Qin Zhizhou nodded, but still ate a meal without saying a word.

Emily Gale knew that this guy would definitely not listen to him.

Sure enough, as soon as he finished eating, Qin Zhizhou immediately sat back in front of the computer, picked up the pen and continued to paint.

Seeing this, I really don't plan to rest today.

"Baby's hands are very expensive in the current week. Squad leader, if you are okay, you can take some chicken feet soup to make up for him."

"No problem!" That day, Emily Gale stayed in the company like everyone else. .

Qin Zhizhou draws so fast, her script must also be able to keep up, otherwise, people will have nothing to draw after finishing the drawing.

After nightfall, Su Xiaomi pulled Emily Gale to the corner and asked in a low voice: "You won't go back today?" "Where are you going back?" Emily Gale was still thinking about the manuscript of the next sentence.

"Of course it is the place of Young Master Jackson."

Su Xiaomin gave her a white look. Is this guy deliberately sloppy with her?

"Today is the weekend, you can usually live in the dormitory, but you can't go back at the weekend, right?" "Not going back, he's not at home."

Young Master Jackson is now in the Wangjiang Pavilion of Jackson's family with Kylena Gale. What is she going to do?

Emily Gale admitted that he was angry at first, but then he was really discouraged.

She has told Hunter Jackson that Kylena Gale is not a good person.

As for whether or not to listen, or how much to listen to, it's Young Master Jackson himself.

As an agreement partner, she really has no right to interfere too much.

"Then, don't you go to Jackson's house, have you seen the old lady?" Ranran had been talking about the old lady's condition before, and Su Xiaomi knew that she had always remembered the old lady.

But recently, I don't seem to listen much

Until she mentioned the old lady.

Emily Gale's eyes drooped, and a trace of sorrow and grief passed over his heart.

She wanted to see the old lady and wanted to miss it, but the flash of dislike in the old lady's eyes last time really stabbed her.

"I will go see her."

She sighed and tried to convince herself that maybe it was just that the old lady was not feeling well at the time and she was wrong.

The old lady is a kind-hearted elder, and there is no need to deny her love to herself in her previous life because of a temporary illusion.

Even if she no longer spoiled herself, she still respected and loved the old lady.

Thinking about it this way, my mood seems to be much better.

"Wait for two days, go and see her."

...Kylena Gale has been living in Wangjiang Pavilion these days, saying that it is convenient to visit the old lady every day.

"Young Master, do you really let Kylena Gale live here?" Aspen Li was a little worried, and he hesitated for a while before saying: "Madam Young...it seems like I haven't contacted you for a long time."

It should be said, Da The young master hasn't contacted the young lady for several days.

Hunter Jackson did not speak and picked up the computer bag.

Aspen Li took a look at Emily Gale's class schedule, and said: "This morning, Mrs. Young has no class."

Hunter Jackson paused, but soon he continued to walk outside.

Aspen Li sighed silently, the young master and the young lady didn't know what was going on these days, and they really broke all the contact.

But this woman named Kylena Gale has been dangling in front of the young master.

However, the old lady's body has indeed improved a lot recently, and I don't know if it is due to Kylena Gale.

Aspen Li knew that as long as it was good for the old lady, the young master would definitely do it.

Therefore, Kylena Gale lives in Wangjiang Pavilion every day and posts Weibo every day. He just tells the young master about this kind of thing, and the young master doesn't care about it.

But he just didn't like to look after Kylena.

Since this woman came, the young lady didn't care about him anymore.

This woman is really annoying!

The most important thing is that the young lady ignores him, even the little girl next to her is unwilling to respond to him, and does not even answer his phone calls.

Alas, it's all Kylena Gale's fault!

Just about to go out with the young master, Aspen Li answered the phone.

After hanging up, he chased out, his eyes flashing with excitement: "Master, the young lady is here, it should be to see the old lady."

Hunter Jackson, who was about to get in the car, stiffened slightly, but half. Seconds later, he still stepped forward...

## Chapter 160

I really miss her. Kylena Gale is still with the old lady now.

Although being with this old woman, it is really meaningless.

However, after two days of observation, Kylena Gale had already seen the situation clearly.

As long as she can make the old lady happy and make the old lady's health better, Madam Jackson will let her stay in Wangjiang Pavilion.

I heard that the old lady's own son died for the sake of the youngest Jackson, and now to youngest Jackson, no one is more important than the old lady.

Therefore, if you please the old lady, you will not be afraid that Young Master Jackson will not get caught.

Her goal now is to let Emily Gale be completely dismissed from the old lady's heart.

The best thing is to let the old lady take the initiative to speak, and let Young Master Jackson and Emily Gale break the marriage contract.

Then, she was rationed to Young Master Jackson...

The idea is always good, but unfortunately, having been with this old woman for several days, there is no meaning to let her and Young Master Jackson be together?

"Grandma, do you like this sea of flowers?" Kylena Gale pushed her to walk slowly among the flowers.

The maid followed far behind and didn't come close. Here, there were only two of them.

The old lady kept staring at Kylena Gale's face, feeling a little trance.

When I first saw it, Kylena Gale wore a retro blue dress, the style that Qingqing had left on the photo before.

At first sight, the old lady was shocked, and always felt that she was green.

But why, the familiar feeling, gradually disappeared after getting along?

"Grandma, what are you thinking about? Why are you looking at me all the time?" Kylena Gale noticed her fault several times. In the past two days, it seemed to be the case often.

Looking at her face, a little dazed, a little confused, and a little...disappointed?

This old woman can't see anything, right?

"Nothing."

The old lady didn't know what she was thinking, but she felt strange. Why did the familiarity at first become more and more strange?

Especially, except for the first few days, Kylena likes to wear retro dresses.

These days, she is wearing short skirts that are popular nowadays.

And her familiarity with Kylena seems to be all because of that skirt...

"Grandma, why are you always absent-minded today?" Kylena Gale glanced at her complainingly.

The old lady breathed a sigh of relief, barely cheering up.

"It's okay, maybe grandma is a little uncomfortable today."

She turned her head and beckoned, and the maid came over immediately and pushed her.

"Grandma is going back to rest for a while, don't you still have classes in the afternoon? You should also take a break and go to school early at noon."

Kylena Gale's face is not so good, but in front of the old lady, she dare not presume.

She glanced at the maid, and the maid nodded and pushed the old lady to the back room.

"Old lady, what happened these past two days? You don't particularly like being with Miss Kylena

Up?

"The old lady didn't speak, as if she was thinking about something.

The maid wanted to say something, but the old lady suddenly raised her head and looked at the figure in the distance.

She was stunned.

The maid followed her gaze. When the girl arrived, the maid's face suddenly sank.

"Old lady, I will send you back to rest.

The maid quickened her pace immediately.

"Wait!"

"However, the maid didn't listen to her at all, she still pushed her, and quickly walked towards the back room of the main house.

"Axin, wait a minute."

Seeing that she hadn't reacted, the old lady still pushed herself away.

She patted the arm of the chair, a little excited, and her voice became louder:  
"Axin, stop!"

"Now, Ah Xin could no longer pretend not to hear anymore, so she stopped in a desperate manner.

The old lady didn't know what was going on with this girl, and her reaction was so unusual. However, her mind was quickly caught in the distance.

The figure was attracted.

She stood under the tree, looking at her from a distance, not knowing how long she had been watching. That slender figure, and the shadow deep in her heart, gradually overlapped. So far She couldn't see clearly what was on Emily Gale's face because of the distance. But her facial features became clearer because of the distance.

These facial features are so similar...

"Axin, you go back first. I will stay here for a while.

"Old lady!"

"Axin glared at the girl in the distance, knowing what the old lady meant, but how could she let the old lady and Emily Gale be together? "Old lady, the doctor ordered that you have to rest more. I will send you back."

"Axin, I think..."

"Old lady, I have to be responsible for your health. You can't stay outside for too long."

"In order to avoid extra branches, Ah Xin didn't even give Emily Gale a chance, pushed the old lady, and continued to walk to the back room.

"A Xin, A Xin..."

The old lady's body was too weak, even the voice of the call was so weak. Weak. But she just wants to stay, she wants to see Ranran. Even if she believes that Kylenea Gale is her granddaughter, she still wants to see Ranran.

She hasn't seen Ranran for a long time, and she really wants to see Ranran. Even if it is not her. 'S granddaughter, she still misses her very much...

"Of course..."

"Grandma said she didn't want to go back, didn't you hear?"

"The cold voice suddenly intervened. Before the maid could see the person who came in, she was pushed out by Emily Gale.

An unstable, the maid sat on the ground with a bang.

"What are you doing?" ?

She immediately got up, trying to snatch the wheelchair handle back. Emily Gale glared at her, and said in a deep voice: "You come here again, I will call someone immediately!"

"If you call someone, call someone. You want to bully the old lady. Isn't it, I'm afraid you won't succeed?"

The maid didn't panic at all, rushing over to grab someone.

"Don't..."

Don't be like this..."

The old lady was terrified and had never seen Ah Xin so savage.

"Axin, Ah Xin, I want to talk to Ranran, Ah Xin..."

"She's not a good person, old lady, you forgot ?

She bullied Miss Kylene, she...ah!

With a slap, Emily Gale's slap was so hard that he almost spared no effort.

A Xin was hit and fell to the ground, dizzy, and for a while, she couldn't get up.

"You...do you dare to get up."

Hit someone, you..."

"Ran..."

The old lady didn't expect that Emily Gale would actually make a move. However, this Ah Xin was really strange. For that moment, she even felt imprisoned. I am the fiancée of Young Master Jackson. How dare you be a maid in front of me?

"You..."

A Xin reluctantly got up and was about to rush over. But this time, Emily Gale turned his passivity into an active one, walked over, raised his hand, and slapped another slap.

The one who was beaten cried and yelled: "b\*tch, you dare to beat me!

You...ah!

There was another snap.

After Ah Xin fell to the ground this time, she couldn't get up for a long time, so she could only sit on the ground and cry.

The security guard came over quickly, seeing this situation, and didn't know what to do. However, A Xin is just a servant, but Emily Gale is half the master of the Jackson family anyway. No matter what, you can't offend her for A Xin. In the end, the security can only see the old lady with the highest status here and ask tremblingly. Said: "Old lady, what's the matter?

"She..."

The old lady didn't know what to do, and she looked at Emily Gale subconsciously. Emily Gale said indifferently: "This maid has a problem, immediately chase her away and never return to Jackson's house.

## Chapter 161

The young master asked you to go over, "What did you say? Are you going to drive me away?" A Xin was dumbfounded when she heard it.

But soon, she got up and stared at Emily Gale proudly: "Why are you?" The old lady also wanted to say something.

After all, A Xin has been with her for so many years, and she has some feelings.

However, Ah Xin's performance just now was really strange.

In addition, she was so rude to RJenni, the old lady was also a little unhappy in her heart.

A Xin didn't think that Emily Gale had any power in the Jackson family.

She looked at the old lady with a calm face: "Old lady, I get along so well with Miss Kylena, Miss Kylena likes me very much, even if you want to drive me away, should you let Miss Kylena make the decision?" , The old lady dare not say anything.

As long as Kylena likes and wants, except for Abe, she is willing to give her.

The old lady was about to intercede for Ah Xin, but Emily Gale coldly said: "What is Kylena Gale's status in Jackson's family? I want to fire a maid, and I need to ask for Kylena Gale's consent?" "She belongs to the old lady...

The old lady's favorite person!" A Xin relies on Kylena Gale to support her back, why is she afraid of Emily Gale?

"RJenni..."

The old lady took Emily Gale's hand and wanted to say something.

Emily Gale looked serious and said, "Grandma, listen to me. This maid behaved strangely just now. You can't keep her."

"Of course..."

"Grandma, you must listen to me this time!" Emily Gale increased his tone.

The old lady looked at her, and suddenly she seemed to see Qingqing.

When Qingqing was upset, she also had this expression when she was serious.

The old lady did not speak anymore, and she acquiesced to Emily Gale's handling of the matter.

A Xin said anxiously: "Old lady, I am Miss Kylena's favorite servant, you can't drive me away, Miss Kylena will be unhappy."

The old lady moved her finger, but Emily Gale forced her hand. Clenched.

"You," she looked at the two bodyguards, and said in a deep voice, "stare at her to pack things, and then stare at her to go to the housekeeper to get her commission, and then send it directly to Jackson's family, and you are not allowed to come back."

"You... .." "Yes!" The old lady obviously listened to Emily Gale's words. Of course, the bodyguards did not dare not listen to Emily Gale's words.

In other words, she is also the fiancée of the eldest young master. In this family, she still has some status.

Ah Xin was escorted by them and sent back to the maid's room.

Along the way, she was still yelling: "Old lady, old lady!" "Old lady, if you treat me like this, Miss Kylena will be upset! Miss Kylena will Angry! Old lady!" "Old lady..."

Axin knew that the old lady wouldn't care about herself, so she shouted: "Miss Kylena, Miss Kylena save me, the old lady wants to drive me away, Wei

Miss Zi..."

It is a pity that after Kylena Gale left here, she had already looked back at Jiang Pavilion, and could not hear her calling.

After a few people walked away, only the old lady and Emily Gale were left in this corner of the yard. Emily Gale squatted down in front of her wheelchair

and looked up at her old face. Neither of them mentioned the unpleasant memory of the last time.

"How are you doing recently?"

How does Abe treat you?

"The old lady held her hand, feeling sour inexplicably. Last time, because Kylena Gale was hurt, she was anxious, and she didn't know if she had said anything to blame. But it is true that she will be thrown away. I was really anxious at that time. Looking back now, I feel distressed again. But when I was thrown down, did I feel wronged? "Grandma knows, it must not be you..."

"It's all over, grandma, I'm fine , Nothing happened.

"The old lady sighed lightly and squeezed her hand: "Of course, let's push grandma around."

" "it is good.

"The two people walked in the shade of the trees and looked at the surrounding scenery, and they felt a sense of peace. No one said anything along the way, and didn't know what to say. Kylena Gale seemed to stand between the two. One of the walls in the city clearly had many things to say, but in the end, she couldn't say a word.

After walking for ten minutes, Emily Gale suddenly said, "Grandma, shall I send you back?"

After driving away an Ah Xin, the butler will definitely arrange for the old lady to arrange a servant to come over.

At that time, the old lady may have to adapt for a while. Go back early, maybe the butler has already sent someone over.

"RJenni. , Will you still see grandma?

"The old lady didn't know what she was thinking, but suddenly she felt a little uneasy.

It was like, with a foreboding that she would not come again. Emily Gale lowered her head, her eyes dim.

She had indeed thought, as long as the old lady is well, this admiration Home, she may really rarely come here in the future.

It may not be a good thing to be too close to her. In the last life, Kylena Gale and the people behind, almost all the people who have to deal with, have something to do with her.

And they, all It didn't end well. But now, the look in the old lady's eyes, this kind of loss of tone, makes her feel uncomfortable.

"I... will visit you from time to time.

"In the end, she still gave a promise.

The old lady nodded and swept away the gloom of her mood.

She looked up at her and said: "Of course, during this time, how well did you get along with Abei?"

"Good."

"I didn't even think about it."

The old lady didn't doubt that he had him, and smiled: "Abei is a good person. No matter what, you must be good.

" "Ok.

“Emily Gale sent the old lady back to the back room, and the old housekeeper really brought a few maids over to let the old lady

People pick.

As for why Emily Gale had to drive Axin away, the butler didn't know and didn't plan to ask.

There are at least hundreds of servants in the Jackson family.

For him, it's just an irrelevant thing.

After saying goodbye to the old lady, Emily Gale left immediately.

In the yard, I saw Aspen Li standing not far away from a distance, as if waiting for someone.

Not wanting to have any dealings with Young Master Jackson's people, Emily Gale staggered that road and walked to the gate from another road.

Aspen Li didn't expect the young lady to take another way to avoid him.

After a daze, he immediately chased after him: “Madam! Wait a minute.”

Emily Gale pursed her lower lip, cleared up her mood, and then smiled at him: “Aspen Li, what's the matter?” Aspen Li's attitude towards her It has always been very good.

Aside from his identity as Young Master Jackson, in fact, Emily Gale has no reason to be cold to him.

Just forget about the quarrel or something, don't irritate others just because you are arguing with Young Master Jackson.

She had such a good attitude towards herself, which was unexpected to Aspen Li.

Originally thought that she and the eldest master would have had a fight for a while, she would definitely show her face.

"No, nothing, I just want to tell the young lady that the youngest master is still in Wangjiang Pavilion, is the young lady going to have a cup of tea with the youngest master?" "No, I don't like tea."

Emily Gale refused.

"Then, have some coffee..."

"I don't have the habit of drinking coffee either."

Emily Gale didn't know why he had been pestering herself, but she still remembered the scene when Young Master Jackson asked her to roll last time.

"I have something to go now!"
