

Love Through Time and Space

Chapter 213

Only to make her disappear, Hunter Jackson lighted himself a cigarette again.

There was only soft music in the box, no one spoke, and even Nangong Yu's words were shut up.

Although they are not Mr. Jackson, for a man born in a wealthy family, Mr. Jackson's rhetoric will not be opposed.

Women can be painful or accustomed, but never fall in love.

Because once you fall in love, your life will have weaknesses, and your life will be in the hands of some caring people at any time.

I don't know how long it took, Hunter Jackson lit a third cigarette for himself.

He left the lighter aside, and he looked at Jiang Nan indifferently and sneered.

"Who told you that I fell in love with that girl?" Jiang Nan didn't even mean the slightest joking. He greeted him with his gaze, which was as cold as ice, and sighed for a while.

"Emily Gale's team has offended many people. In the past, those secretly only wanted to deal with their god-painted hands."

"But now," he looked at Hunter Jackson without letting go of any of his faces. Subtle expression.

"Today they were too arrogant to win, and you were so angry that the old man's teachings were put aside, suggesting on the spot that Emily Gale has a close relationship with you."

"Guess, can they spend tonight safely?" Joseph Beibei looked cold, and the cigarette at his fingertips was gradually burning, but he never thought of taking a sip.

Today, he is indeed willful.

Suddenly, he threw the unburned cigarette in the ashtray, his tall body stood up from the sofa, and walked out the door.

The moment the box door was closed, the three people who were left could clearly hear the conversation between him and Aspen Li: "At the door, prepare the car!" The boss really changed.

In the past, no matter what happened, he could deal with it calmly.

And now, just thinking that the girl might be in danger, he immediately left them and left.

In the past, the boss would never do anything to steal a woman in a crowd.

Now, he is openly fighting in front of everyone and even the media.

The boss is clearly the boss, decisive and wise.

But the boss is not the boss anymore, at least in the face of things related to that girl, he has become so impulsive and irrational!

"Second brother, what do you think?" Nangong Yu looked at Jiangnan.

The hippie smiles that usually hang on his face completely disappeared at this time.

"I'll deal with her."

Lu Qing dropped the cup. If you look closely, you will surely see the strong murderous aura under him.

"Do you want Emily Gale to disappear completely?" Jiang Nan raised his eyebrows, "Did you make it clear?" "Only by letting the girl disappear, the boss will return to normal."

Lu Qing decided that this matter must be done by him himself. .

In order to change the boss back to the wujian

The indestructible Young Master Jackson, he must completely remove any people and things that will bring him danger!

"This is the first time the boss is emotional in his life. If you kill her, how will the boss deal with your relationship with you in the future?" "Could it be that the boss really does not want us brothers for a woman?" Lu Qing can't understand this mentality. For them, women have always been synonymous with trouble.

Can avoid, never contaminate.

So he couldn't understand that the boss became like this for a woman.

"He won't want us, but he won't allow us to hurt his woman."

Jiang Nan gave him a lifetime, this guy, among them, is the youngest and the most upright.

He doesn't like to talk, but once he decides what to do, he is quick and resolute.

So at this time, if he can't change his thoughts in time, he might really do something irreparable.

"If you want the boss to wake up, you don't necessarily have to get rid of his woman."

Jiang Nan's words made Lu Qing and Nangong Yudu's heart tighten and stared at him seriously.

Jiang Nan poured himself a glass, tasted two, then said: "I think there is another way."

... Emily Gale and the others did have some trouble tonight.

After coming out of Sichuan House, a group of people walked lightly towards the office.

Everyone plans to stay drunk tonight, and when we return to the office, we will continue to order a few takeaways to eat and drink until dawn.

But unexpectedly, before reaching the Fuhua Building, the alley at the back of the building was blocked by a group of people.

A well-dressed girl walked out of the crowd and blocked Qin Zhizhou's front.

Raising his hand, with a slap, a heavy slap fell.

Su Xiaomi wanted to go up and stop, but Emily Gale pulled her back.

That is Qin Zhizhou and Shu Lei's matter, let them solve it by themselves.

Others can't help.

Shu Lei slapped, but still puzzled, raised her hand again, slapped, slapped four or five consecutive slaps.

Qin Zhizhou's face quickly swelled, and a little bloodshot was lying on the corner of his mouth.

But he didn't fight back at all, just looked at the girl in front of him quietly.

Shu Lei was obviously very excited, and her heart was constantly fluctuating.

After five slaps, she raised her hand again.

But this time, when the slap was about to fall, Qin Zhizhou buckled his wrist tightly.

"Isn't it enough?" "Not enough!" She gritted her teeth, her face was completely distorted because of anger and grievance.

"You dare to fool me! Why are you doing this to me!" "What did I lie to you? From beginning to end, I didn't give you any promise."

So, cheating doesn't exist at all, let alone, that night he didn't If you don't touch her, you don't owe her anything.

"Shu Lei, enough, this

Five slaps are not for you, but to tell myself that between you and me, we have had a good time and we have nothing to do with each other!

"You..."

Shu Lei didn't expect that he would speak to herself in such a cold tone. He has changed, and he is no longer the same cold sky who begs her, obeys her, and is infinitely tolerant of her.

"Do you like other women?"

Who among them?

Is it this ugly monster, or the two girls?

She pointed to the three girls behind Qin Zhizhou, wishing to cramp them!
"What are they good about?"

Are you blind or nervous?

Are you fancy these ugly monsters?

"" Each of them is more beautiful than you.

"Qin Zhizhou shook her hand away. Shu Lei was careless and almost fell.

The two men behind him immediately stepped forward and supported her.

They were like darlings, for fear that she might be injured in some way. But Qin Zhizhou Seeing her interacting with the two men, he only felt ironic. He suddenly smiled.

There was no complacency or hatred in his smile.

It was just plain.

"There are always countless men around you. You always feel that you are In the center of the whole world, everyone should be around you.

"So you think that you can really control all the men in this world.

As long as you hook your fingers, those men will do anything for their sake."

"These words, when he left her that year, he already wanted to tell her. But at the beginning, pain was more than realizing, he just wanted to leave, and didn't even want to communicate with her for half a sentence.

"Shu Lei, wake up. , You continue to live in this way, all you meet are the same men.

"They are close to you, not for your body, or for your money. You don't give your heart, and no one will treat you heartily.

Chapter 214

As long as you give her two slaps, "You bullsh*t!" Shu Lei was not willing to accept his rhetoric at all.

Which man beside her loves her crazy?

Think back when he loved her, didn't she also have other men?

But he still loves her to the point of no bottom line!

Even if she knew that she was more than him, she still couldn't let go!

Now, he dared to treat her like this, but because he was instigated!

"Han Tian, you come back to my side, we can still be like before!" She suddenly swept away her eyes, and pointed her long finger to Emily Gale: "As long as you walk over and give me two slaps on this b*tch, I promised You and you are as good as ever!" Everything is Emily Gale's fault!

The painting club is hers, and everything Qin Zhizhou does is taught by her.

"I'm telling you, she is not as pure as you think.

She has a close relationship with Young Master Jackson, and she also hooked the Second Young Master Jiang."

"Do you think she is really only you as a man? Don't be silly, this woman The complexity of the relationship behind is completely beyond your imagination."

"No matter what complex relationship she has behind, she has only one identity to me."

Qin Zhizhou found that he and her had no room for communication.

He said lightly: "She is just my captain, and in the future, she will also be my boss, that's all."

"You lie!" Just the captain, can he be willing to betray his beloved woman for her?

She doesn't believe it!

Even if you die!

"I don't want to talk nonsense with you!" She glared at Qin Zhizhou and pointed to Emily Gale: "You will pass now and give me two slaps!" She couldn't see Emily Gale well, since the second young master Jiang and Jackson Da Starting to snatch her together on the podium, she would like to die Jenni!

"As long as you do it, I can let you go, but in the future, you will either come back to my studio and continue to draw for me, or get out of Beiling!" "What if he doesn't?" Emily Gale suddenly moved forward Two steps, walking beside Qin Zhizhou.

"b*tch, there is no place for you to speak!" Even if she is Young Master Jackson's fiancée, today, she Shu Lei is not afraid of her!

Emily Gale had offended Young Master Jackson to death today, and chose another man in front of him.

When Young Master Jackson left, who didn't know that he was so angry that he was so angry.

At this time, if someone beat Emily Gale to death, Young Master Jackson wouldn't care!

She still stared at Qin Zhizhou, this was the last chance she gave him!

"If you are not obedient, after tonight, you promise you will never be able to hold a paintbrush!" Behind her, a dozen men took two steps forward.

But behind Emily Gale and the others, a dozen men also cut off their way.

These people, at first glance, knew that it wasn't as simple as a gangster, it was a fully trained professional thug.

Shu Lei, a young lady, could still find such a person.

Behind her, what kind of power is there, it is impossible to imagine.

Qin Zhizhou's face sank, and he didn't expect Shu Lei to be so utterly utterly unbelievable that he would rush to kill him.

"To deal with a few students, do you need to use such a method?" he angered.

For a moment just now, he thought he could awaken this woman who was obsessed with power.

Now I finally know that I am still too naive.

This woman is not saved at all!

Just ask a girl who knows to find those bosses when she is a teenager, what else can she do?

Is he stupid?

Holding Emily Gale's wrist and returning to his team, Qin Zhizhou said angrily: "Shu Lei, you have to think carefully, can you afford the consequences if you do this?" "Did you forget? , Who am I?" Shu Lei sneered, squinted at him, disdainfully said: "I am the most favored lady of the Shu family, and my aunt is the eldest lady of the Jackson family. Do you think anyone dares to move me?" "You... don't you know, of course she is..."

"Why no one dared to touch you?" Emily Gale interrupted Su Xiaomi's words.

She met Shu Lei's gaze and said indifferently: "As long as you make a mistake, you will definitely be punished."

"Heh, then let's take a look, who dares to punish me!" Shu Lei waved her hand, completely impatient. Up!

"Take me to this b*tch and disuse Qin Zhizhou's hands! Others, you are free!" She is really crazy!

How dare to join these people in society and do such a terrible thing!

But now, their situation is really bad!

Su Xiaomi and He Lingzhi hurriedly pulled Emily Gale.

They were both tall and strong men. What can they do with their little girls?

Although Yang Yi knew that Jackson Tianyou could fight, there was only Jackson Tianyou who could carry it.

However, there are nearly 30 people on the other side!

How to fight this one?

More than 30 people waited for an order, and after Shu Lei spoke, they took wooden sticks and immediately walked to the group of people in the alley.

"Of course, what should I do?" He Lingzhi was frightened.

Su Xiaomi followed Emily Gale, and she had seen some big scenes, but she had never.

For so many years, she has always been a good girl.

She doesn't fight or even skip class.

She always ranks among the best in the class for exams.

What if she really can't fight?

Jackson Tianyou walked up to everyone and protected them behind him.

Yang Yi could only courage and stand in front of a few girls.

Qin Zhizhou and Liu Shang went out and stood with Jackson Tianyou, even if they were beaten and disabled, they must protect the girls in the team!

The thirty-odd people held wooden sticks and approached step by step.

But when they raised the sticks, suddenly

Of course, there was a neat sound of footsteps at the entrance of the alley.

Soon, dozens of people came in from the alley, everyone with baseball bats in their hands, swarming.

"Teacher God, we are here!" "Who dares to bully our coach, all members of our boxing team, must have them cramped and skinned!" Brothers give me up and beat them to nothing!

"Members of the boxing team! The thirty-something who took the wooden sticks immediately made their scalp numb.

The most important thing is that there are at least fifty or sixty people! "Miss Shu, let's go first!

The two men standing with Shu Lei looked at the group of people coming, and their voices trembled: "Tonight...tonight is not a good time."

"No!"

You haven't killed that b*tch for me, I won't go!

Today, Shu Lei's face was almost completely damaged. Everyone knows that Qin Zhizhou used her as a shield for the September Painting Society. Everyone knows that Shu Lei was tricked! She can't go.

She must not leave! She must destroy Emily Gale! "Miss Shu, we must leave!"

Seeing that those people were getting closer and closer to them, the two men couldn't persuade Shu Lei.

They turned around and left.

"What's the matter with you?"

You dare to go!

Shu Lei stomped her feet with anger. What's even more annoying was that all the thugs she found dropped their sticks and left like this.

"Don't go, come back, come back to me!"

"However, no one listened to her at all. Thirty or forty people disappeared without a trace in an instant. Only Shu Lei was left in the alley, and she had to face dozens of boxing clubs alone.

The team members! And, those b*tches who have been laughing at her, playing with her, betraying her!

Chapter 215

The heroine, aren't all white lotus flowers?

What Emily Gale asked God to do before the game today was to find a helper.

At that time Jackson Tianyou was still a little hesitant, and didn't have so much confidence in Qin Zhizhou.

But Emily Gale believed that Qin Zhizhou would definitely come back.

And his return will definitely stab Shu Lei's self-esteem.

A daughter like Shu Lei can't swallow this breath, so there is bound to be a fierce battle at night.

Jackson Tianyou works as a coach in a boxing club, and all his students are here tonight.

However, it is used to frighten those people.

As for those who really do something, Jackson Tianyou said that they should never do it.

After all, doing it means gathering people to fight.

In this way, to scare away the opponent's person, it can be regarded as a satisfactory solution to this matter.

"God bless coach, how? Let's do it!" The young man in the lead raised his baseball bat and asked with a smile.

Jackson Tianyou just laughed and said nothing.

Everyone has long been used to it, he is such a talkative person.

However, everyone respects him very much.

This coach, serious and stern, although unsmiling, does not seem to be impersonal.

However, all the students trained by him are good boxers.

"Tonight, thank you everyone."

Emily Gale came out from behind Jackson Tianyou and smiled at them.

"Thank you? God you are our coach. If you have anything in the future, just ask us directly!" "Well, if there is anything in the future, I will definitely find you!" Emily Gale smiled, "But now, I have to leave quickly. Otherwise, we will really become the gathering of people."

"Understand."

Everyone gathered here with weapons in their hands.

It was really scary.

If you don't leave again, the scorpions will come to teach them science.

After sending a group of people away, they were about to go back to the office, only to find that Shu Lei was still there.

Shu Lei still stared at Qin Zhizhou, still unwilling to leave.

Qin Zhizhou really didn't want to put her down, but in the end, he couldn't help but persuade: "Can you see clearly now, those people..."

"Shut up!" Shu Lei glared at him, full of anger. Trembling.

"Qin Zhizhou, forget it, you can't persuade her for this kind of person."

Su Xiaomi sighed and turned back to hold Qin Zhizhou's hand: "Let's go, go back and continue celebrating."

Qin Zhizhou is also the same. I really gave up completely, and walked to Fuhua Building with her.

Shu Lei glared at their backs, she took off the temptation in front of Qin Zhizhou, sat on him, scenes full of confidence flashed in her mind.

Han Mingzhu's mockery of her, everyone's eyes that treat her like a monkey, are constantly hovering in her head.

She became a joke all over the world, everyone was

Laugh at her, stupid, used, dumped!

"Qin Zhizhou."

She gritted her teeth, shaking her hands.

Suddenly picked up a wooden stick from the ground and rushed towards Qin Zhizhou like crazy.

When Emily Gale looked back, she happened to see Shu Lei rushing towards Qin Zhizhou.

"Qin Zhizhou, beware!" She was startled, and immediately turned her head and ran to Qin Zhizhou.

With a snap, the wooden stick hit someone's arm.

Because of the strength, Shu Lei's wrist was sore that she screamed, and the stick took off and flew out.

Emily Gale was stunned, and looked up at the man standing in front of him, completely unable to believe his eyes.

When did he come out?

Why could she stand in front of him as if she had fallen from the sky when she was most dangerous?

Qin Zhizhou was also dumbfounded, and immediately turned around to look at Emily Gale: "Are you injured?" "I... it's okay."

That stick didn't hit her at all.

Shu Lei looked at the man standing in front of Emily Gale. Before she could be afraid, her wrists ached sharply.

"Pain..."

She hugged her right wrist, her expression tangled in pain.

Wrist...wrist seems to be dislocated!

Her hand...

She is relying on this hand. What if she hurts her muscles and bones?

Qin Zhizhou wanted to go over and show her, but after seeing Emily Gale, he immediately took his steps back.

Just now, Shu Lei's stick almost hit Emily Gale.

He couldn't sympathize with this woman, and she was responsible for everything.

"I'm so hurt, I'm so hurt..."

Shu Lei didn't know if it was really hurt or... scared.

Seeing the man standing in front of Emily Gale, she was so panic that she couldn't even stand.

Finally, she simply sat down on the ground and wept bitterly.

Because it really hurts, and even more because it was really panicked, so panic that he didn't even dare to call him.

"How are you?" After the shock, Emily Gale immediately grabbed Hunter Jackson's hand and checked his arm: "Is there any..."

"No."

Hunter Jackson's expression was indifferent, and he looked back at him sitting on the ground and cried loudly. Shu Lei.

His voice was cold and ruthless: "Pretending to be crazy and stupid is of no use in front of me."

"Brother, I hurt..."

Shu Lei held her wrist with tears on her face.

Hunter Jackson kicked it randomly, and a wooden stick fell in front of Shu Lei.

"Just now, when you hit her with any strength, hit yourself with any strength, right hand."

God!

If you use the same strength just now, isn't it going to destroy Shu Lei's hand?

This directly ruined the rest of her own life.

"Big brother, no, I don't want..."

Shu Lei cried back, her face paled in fright, "Big brother, I dare not, I didn't mean it, I didn't..."

"If you want Shu's in the third Within days

If it goes bankrupt, you can leave now.

"Hunter Jackson's words are absolutely trembling with the cold.

"One, two..."

"I fight!"

Brother, I...fight..."

Shu Lei was crying almost to her back, but she knew in her heart that Young Master Jackson said exactly what she said, she would definitely do what she said.

The Shu family is also considered a famous family, if someone else says she wants it Let Shu's bankruptcy within three days, she will only treat it as a joke. But he is different, if it is Hunter Jackson, no one will doubt the authenticity of his words! Without the right hand, at best, she will not be able to paint by herself.

She painted, but she can still take the other people in the studio and continue on this path. Even find a few people with great painters to release new works in her own name. But if Shu's bankruptcy, she will no longer be a daughter Miss, how will you live in the future? Shu Lei picked up the stick, and everyone else felt a bit cruel. But, who dares to refute what Mr. Jackson said? What's more, Shu Lei just wanted to destroy Qin Zhi Zhou, didn't he think that he would be cruel if he did this? Young Master Jackson, he just used his own way to treat his body.

Although the method is cruel, he is very fair! Everyone can only look away. Shu Lei took the wooden stick and looked at her right hand, her left hand trembling all the time. When the stick went down, she would be completely destroyed! She glanced at Emily Gale, and her eyes were all pleading. If now Emily Gale has won Everything, she is the heroine of this big show, so, aren't all the heroines' white lotus? Can she beg for herself? Since she is the heroine, she should be kind! What a pity, Emily Gale She didn't even look at her. Shu Lei looked at Hunter Jackson again, but she was shocked by the coldness in his eyes. Finally, she gritted her teeth, raised the wooden stick, and slammed it into her right hand.

Chapter 216

In the end, who is his fiancée beauty? When in crisis, someone should come forward and save the beauty.

So when Shu Lei knocked it down, there was still a hint of fantasy in her heart.

Maybe someone would come down from the sky and save her like Young Master Jackson saved Emily Gale.

Until the stick really fell on her wrist, until the heart-wrenching pain spread from the wrist, making her so much pain that she almost fainted.

"Ah..."

The screaming voice came from the alley, making people passing by could not help but look inside.

However, no one bullied the girl, it was she herself who hurt herself.

Therefore, no one dared to be nosy.

What's more, the atmosphere inside is really not right.

It's cold to death. Who dares to go in and cause trouble?

He Lingzhi still called the emergency call, which was the last point of pity for the bad guy.

Emily Gale looked at Hunter Jackson's arm. He was wearing a long-sleeved shirt and could not see any injuries.

However, with such a heavy wooden stick, I don't know if it was hurt inside.

"You..."

"Go home with me."

Hunter Jackson's voice was still a bit cold.

Emily Gale was slightly stunned. This guy's anger today hasn't finished yet.

"I have class tomorrow afternoon."

In the afternoon...so this excuse is actually a bit far-fetched.

Hunter Jackson's face sank, then turned and left.

Su Xiaomi pushed Emily Gale's arm, and the group of people looked at the back of Joseph leaving, the chill was really deep.

But a little bit...lonely.

"RJenni..."

Su Xiaomi pushed her again.

Seeing such a lonely figure of a handsome guy, she couldn't stand it anymore, and she felt distressed!

He Lingzhi was also distressedly messed up, and the most unpredictable man was wronged.

"Of course, there are classes in the afternoon, and the time is not rushed at all. Besides, even if there are classes in the morning, they don't rush.

There are many drivers in their house."

In fact, what is the problem of catching up?

It's just that there is a woman in that house, she really doesn't want to go back.

But what is he avoiding?

That is her home for the time being, but Kylena Gale, whose name is not righteous, does she need to hide from her?

No need, just look upset.

Hunter Jackson walked to the car, Aspen Li had already opened the door for him.

However, when the eldest master got on the bus, Aspen Li looked behind him, and his eyes lit up: "Young lady!" Seeing pitifully, Young lady is finally willing to come back!

During this period of time, I don't know what happened to the young master and the young lady.

Although it does not seem to be noisy, the cold war hurt the most.

Well, what hurts the bodies of innocent people like them.

During the period when Mrs. Young is away, the young master is like a workaholic every day.

Everyone in the whole company must be crazy with him

pace.

Sometimes, except for the cleaning staff, everyone has to work overtime with him until the early hours of the morning.

Aspen Li has also been tired physically and mentally recently, and if this continues, he will also collapse.

Emily Gale smiled at him and took a look in the car.

Hunter Jackson leaned on the back of his chair, his slender legs folded, and he looked like he was resting with his eyes closed.

But the breath that made him stay away from strangers was so strong that he could feel it through the car window.

"Mrs. Young, get in the car, Young Master is waiting for you."

Aspen Li knows Hunter Jackson, people seem to be colder, but...cough, in fact, this coldness, isn't it a sorrowful expression?

Usually the young master rides in the car, the one on the right side of the back row.

But now, the eldest master is sitting on the left side of the back row, and the position on the right is clearly reserved for the young lady!

I want to die in my heart, but I have to act indifferently. Isn't this what Mengsao is?

Aspen Li coughed slightly and confessed in his heart.

It's really not deliberately to slander the young master, but the young master who has always killed and resolutely killed, in front of the young lady, sometimes really looks like a young child.

Uncomfortable, stingy, stubborn, and... Well, sometimes, it's a bit pitiful.

Under the whole world, there is only the young lady, who can make the young master so wronged.

Emily Gale sat down in the back row, Aspen Li closed the door for her, then returned to the driving position, drove the car out of the roadside, and drove firmly on the road.

All the way, it was speechless.

Hunter Jackson moved his index finger, and a little bit wanted to smoke.

However, she didn't like the smell of cigarettes, so he endured it.

He didn't know how long he had passed, he suddenly glanced at her, but unexpectedly, Emily Gale's gaze was also cast over.

Hunter Jackson's face was icy, resisting the throbbing of that glance, with a reproachful tone: "Drinking?" "Yeah."

Emily Gale nodded, "I am happy to win the game today, and celebrate with everyone.

The man raised his eyebrows with a hint of displeasure: "Is it so worthy to be happy to sign the Jiang family?" She didn't speak, and didn't know how to reply.

Although he has not signed a contract with Jiang, it should also be signed these days, which is of course happy.

However, if he was happy in front of Young Master Jackson, would this guy be angry again?

Hunter Jackson was indeed a little dull, but in the end, the dullness went down.

It's rare for two people to be together, not wanting to destroy the calm atmosphere because of these messy things.

"How much did you drink?" he asked.

"I didn't drink much."

In fact, Emily Gale was also a little nervous. Every time I was alone with him, I was nervous.

Even if there is Aspen Li driving in front, there are only two people in the back row, and Aspen Li never talks much when driving.

So it feels like there are only two of them.

She is real

People don't want to fight, because quarrels will make their hearts feel bad.

"You too...drank alcohol?" He had a strong alcohol smell, and he had smelled it when he was in the alley just now, but he never had the opportunity to ask.

"I was rejected on the spot. I was in a bad mood. Drink some wine to relieve my boredom."

"..."

Emily Gale was speechless for a while, saying that it was her cause so bluntly. How would anyone answer this?

When chatting with Master Jackson, it is really easy to talk about the topic completely, and there is no room for recovery.

She turned her face away and looked out the window, but Hunter Jackson stared at her profile: "Nothing to tell me?" "In the future, drink less."

She did not look back.

"Huh!" "..."

Emily Gale rubbed his eyebrows, finally turned his head and looked at him.

Just about to say something, a mechanical cell phone rang, and it was Mr. Jackson's phone that rang.

The most original ringtones, even the music, come with the phone, and I haven't downloaded anything.

This man is only twenty-seven years old, but he is rigorous and low-key acting like an uncle.

Well, uncle, Oppa.

Hunter Jackson took out the phone, and Emily Gale's eyes fell subconsciously.

Seeing the three words displayed on the screen of the mobile phone, did the mood that I feel better just now drop instantly.

Kylena Gale.

This woman is really lingering.

Now living in Wangjiang Pavilion, it is not enough to face each other every day. Even if a man goes back later, he will kill 13 Swords Call?

Now, who is the fiancée of Young Master Jackson?

Chapter 217

You are my fiancée of Hunter Jackson, to Emily Gale's surprise, Hunter Jackson glanced at the caller ID on the screen, and even dropped the phone without answering.

Among other things, the fact that Young Master Jackson did not answer the phone still made Emily Gale a lot more comfortable.

Whether she wants to admit it or not, she is still jealous and cares.

"How is your grandma's health recently?" Emily Gale was finally willing to take the initiative to find a topic when he was in a good mood.

"Want to know, I won't go back to see her?" Hunter Jackson snorted coldly.

Emily Gale glanced at him, but it was okay if he didn't look at it, but when he saw it, he suddenly jumped again.

Young Master Jackson, who had drunk, had a messy hair, drunkenness in his breath, and a slightly drunk red face.

Phew, there is only a wild breath between gestures, you can't see, you can't see!

She quickly withdrew her gaze, knowing that this man couldn't see more.

"I'll see her later."

"Are you sure?" Hunter Jackson raised his eyebrows. What time is it going back?

At this point, I still have to see my grandma, not afraid to disturb her rest.

Emily Gale only remembered that now it seems to be a bit too late.

"That..."

Hunter Jackson's cell phone ringing suddenly rang again.

It was still Kylena Gale's phone, which she saw.

He was obviously a little impatient, frowned, and finally turned off.

Emily Gale just turned his head and looked at the scenery outside the window as he could not see, his eyes were shining brightly in the car window.

Suddenly raising his eyes, he met the deep gaze of Joseph under the reflection of the glass window.

At that moment, the heart pounded wildly, and the breathing was messed up.

She was so scared that she hurriedly lowered her head, not looking at him, not even looking out the car window.

What is this guy staring at her for?

"Come here."

He suddenly said lightly.

Emily Gale was startled slightly, and looked back at him, "What are you doing?" Hunter Jackson did not speak, but reached out and grabbed her.

In the huge back seat space, the temperature suddenly rose several degrees, as if it foreshadows that something unusual will happen.

Her breathing was messy and messy, and she didn't know what Joseph meant.

With both hands on his chest, she gave her a light push, and her face was still red in despair.

"Young Master Jackson, what the hell is going on?" Whenever you close the distance between two people, do you have to talk so close?

"Hide me?" He frowned, dissatisfied with her resistance to himself.

"No."

Emily Gale was a little stubborn, why did he avoid him?

"Then what are you struggling with?" Hunter Jackson tightened his arms, and her petite body slammed into his arms.

Emily Gale suddenly got a black line. Is struggling to avoid him?

It's good, I just hugged it somehow, can you not struggle?

"I..."

The next second, she suddenly stopped her mouth because she felt him

A harsh and cold breath.

"Is there any other man who has hugged like this?" After holding back the anger for several days, it suddenly exploded at this moment.

He imprisoned her on his lap without even giving the slightest room to resist.

Emily Gale flinched subconsciously, panicking a little.

He was still angry, angry that she did not choose his behavior during the day.

This man looks dignified, noble and arrogant, in fact, he is stingy!

"No."

There should be no, except for the baby years.

The cold air around him finally eased, but he was still dissatisfied.

"You are my fiancée of Hunter Jackson!" At least this has never changed!

"However, Mr. Jackson also said that she will not interfere in my private life."

Work is her own business.

She has signed Jiang's now and it will not affect the "unmarried couple relationship" between her and him. ?

It's not that he really did anything out of line with other men, which affected his reputation.

He was just upset that some women dared to refuse him.

To put it bluntly, isn't it an arrogant macho?

"You know how to provoke my anger!" Hunter Jackson narrowed his eyes.

He had said this before, but, now and then, if he said it, he can take it back!

"Master Jackson, I just really want to do something of my own. I didn't do anything wrong."

She even read a message under his eyes. If he wanted to, he could ruin everything about her at any time.

Sure enough, men and men really can't make sense, because they are simply unreasonable savages!

He stared at her, staring hard.

This concentration doesn't make people feel sweet at all, on the contrary, there is a feeling of being burned by him at any time.

After changing to another woman, he should have been softened and promised that he would not sign a contract with Jiang, right?

But she is not another woman, she is Emily Gale, she is herself!

Two years later, maybe less than two years, he has nothing to do with Major General Jackson.

Regardless of whether it was Jackson Shi or his own Century Group, she never thought of asking for a small amount of share compensation... In fact, Hunter Jackson originally wanted to break the marriage contract with her in his previous life.

Not long after the engagement, Hunter Jackson even negotiated the terms, and the ten points of the Century Group's shares were considered compensation for her loss.

Although Emily Gale knew that he was really not worth that much money.

But later, grandma insisted that they be together, and she also promised to marry her.

So after two years of engagement, they will get married.

As for the marriage, I never mentioned divorce again.

The only time, and the last time, was mentioned by her.

In the end, Kylene Gale laughed triumphantly and found someone to kill her on the street.

In this life, in order not to follow the old path and not to repeat that tragedy,

She must rely on herself.

“Major Jackson, I know you are unhappy, but I also know that you have no intention of doing anime.”

Animation, such a small business, is a waste of his time.

In fact, Emily Gale didn't understand why Young Master Jackson would be full, and went to Jiang Da to be a judge in person, and he still had to fight against Jiang.

like her?

No no no!

Don't make your own sentimental infatuation, because you didn't lose thoroughly in your previous life?

Emily Gale never thought that Hunter Jackson liked him a little bit.

At most, he felt that his things were moved.

Yes, to him, his fiancée is his property.

Now, he is just very upset, his belongings have been moved by the Second Young Master Jiang.

The product of male chauvinism is so overbearing that there is no need for reason.

“Actually, I know that Jiang Er Shao is not interested in animation, but the people he brought are professional, and he really allocated funds to do this business.”

Since Jiang took over the game, all the games The rules, topics, and even the entire process of the competition can be called the most professional competition in the entire industry.

It can also be seen from this point that Jiang is serious.

“Master Jackson, although I know that as long as you are willing, the animation company you want to set up can definitely be the first in the industry.”

“But I don’t want people to think that my team can develop because of my identity. Our team has the strength...you, what are you going to do?” What do you mean by lowering your head without saying a word, and being so close to her?

Chapter 218

She was just a child.

After Aspen Li got out of the car, she quickly slid away.

I don’t know how long it took before the car door was opened and the man walked down coolly.

His face is calm, his breath is calm, his clothes are neat, and he is clearly ascetic and cold.

On the other hand, the girl after he stepped down, although the clothes were cleaned, there were obviously signs of messy clothes.

The long hair also looks a little messy, but fortunately, the hair is naturally good, so I comb it with my fingers and it goes smoothly again.

But that face was blushing, and the breath between her breathing, rush and disorder, and even drunken eyes.

If it weren't for drinking too much, it must be that there was some interaction between the two people just now, and the emotions were too high.

"Look at what I am doing? It has slapped your fiance's face in public, don't you need to accept some punishment?" In comparison, Mr. Jackson is really proud of the spring breeze.

Emily Gale glared at him fiercely. He didn't expect this man to be shameless, and he could be shameless to this point!

However, this kind of thing cannot be condemned loudly.

Who will let them, they are still unmarried couples?

Emily Gale finished her clothes again and walked into the hall first.

Unexpectedly, in the hall, Shu Ran saw a woman sitting on the sofa in a daze.

Seeing Emily Gale's return, Shu Ran immediately stood up, but looked over her and looked at Hunter Jackson who was walking behind her.

"Abei, are you back?" Her voice was a little muffled, with a hint of anxiety.

"Yeah."

Hunter Jackson nodded, and went over with Emily Gale, "Aunt Shu."

"Abei, let Xiaolei go.

She is still a child and doesn't understand anything."

Shu Ran opened her mouth, almost tears in her eyes. Just rolled down.

Something happened to Shu Lei.

She hadn't had time to see her yet, but she knew that her hand was destroyed and her painting career in the second half of her life would be completely abandoned.

She will go to see her later, but now, she must first go to Hunter Jackson to make it clear.

"Abei, if Xiaolei did something uncomfortable, Aunt Shu would say sorry for her, okay?" "I won't find her."

Hunter Jackson stated his attitude, "unless , She chooses something."

"She won't, she really won't!" Shu Ran immediately shook her head and assured her.

"In this case, Aunt Shu can go back, I said, I won't find her."

This matter is completely over.

Hunter Jackson walked to the sofa and sat down, but Shu Ran still stood there, just looking back at him, biting his lip.

"Aunt Shu, is there anything else?" Hunter Jackson raised his eyebrows.

Such an expression is no different in normal times. Such a big event has ruined Xiao Lei's life, but he doesn't take it seriously.

Shu Ran's fingertips were trembling, and she looked at the man who was sitting on the sofa and had a good relationship with him.

Excitement, atmosphere,

Feeling wronged, but not reconciled.

But she was always suppressing, suppressing her anger, even if she spoke, she still barely managed to speak softly.

"Abei, Xiao Lei is only twenty-two years old.

She is really still a child."

At twenty-two, she hasn't even left school yet.

At such a young age, it is inevitable that she will make mistakes.

Occasionally make a mistake, as long as you know the mistake and can correct it, it will be fine, right?

Hunter Jackson looked at her, if not necessary, he didn't want to conflict with this stepmother who had been married to Jackson's house for many years and had been keeping herself safe.

But he never liked to explain to others, so when he didn't agree with Shu Ran's remarks, he could only be silent.

But this Aunt Shu, who doesn't usually argue with others, was probably really stimulated today.

She walked to Hunter Jackson, even though her fingertips were shaking with anger, she still endured it.

"Abei, I hope you can give me a promise that no one will ever hurt Xiaolei like this again."

"Aunt Shu," Emily Gale walked over, stood beside Hunter Jackson and met her gaze.

"Am I a child in your eyes?" she asked.

Shu Ran didn't want to see her at this time, but she was standing by Hunter Jackson's side and she couldn't ignore it.

"I don't understand what Miss Gale means."

The corners of her lips twitched lightly.

"If someone hurts me, I don't know if Aunt Shu can also tell that person, I'm still a child, I hope she can hold her hands high?" Shu Ran looked at her, she really didn't want to fight today, she just hoped, Joseph Bei can give her a promise.

Shu Lei was her most dear niece, and something happened to Shu Lei, and her eldest brother and parents were going crazy in a hurry.

Now, the entire Shu family has fallen into a bleak, and everyone is angry and sad, but there is absolutely nothing to do with Hunter Jackson.

At this time, how could she still be in the mood to care about a girl who is not yet Jackson's family?

"Miss Gale, I know you are wronged, but our family Xiaolei is already pitiful enough. I like you to be kind and don't mix up."

"Aunt Shu, I just want to reason with you."

Emily Gale didn't want anything.

She can see the meaning of provoking her, even if Shu Ran is going crazy, but at least, she is still very well-educated, and she has been suppressing herself.

Such cultivation is really rare.

"At that time, it was the child that Aunt Shu called you, who found more than 30 thugs in the society and came to trouble us."

Emily Gale's face was a bit heavy, not ironic, but angry.

Shu Ran didn't want to pay any attention to her at all.

She only looked at Hunter Jackson: "Abei, Aunt Shu just wants a promise from you!" "Shu Ran commanded those people, saying that he would abolish my classmate's hand, and said he would Disable me! Who am I going to promise to go?" Emily Gale's voice suddenly increased, and her words were echoing in the entire hall.

As you can imagine, how much is said

Loud?

"The children of your Shu family are children who made mistakes. Those of us who are innocent are older than her? Are we not children?" "The person she wants to destroy is her former boyfriend.

She has been using other people to paint her, but they have taken other people's names."

"You bullsh*t!" Shu Ran finally couldn't suppress her anger, staring at her, anger burning in her eyes.

"What's wrong with you now? Are you injured or disabled? How wrong have you been?" But what about her Xiao Lei?

Her Xiao Lei's hands are gone!

"I didn't get hurt, that's because I knew to prevent it, and let people come to help."

"But Miss Shu from your family is still unwilling to give up.

She picked up the stick and wanted to waste my classmate, if it wasn't for Jackson University. Shao rushed here, now, the injured person is me."

"You..."

"Joseph was injured, Aunt Shu, it was your family's Xiao Lei who injured him. Do you want to say, Joseph skinny Thick, it doesn't matter if you get hit with a stick?" "I..."

Shu Ran looked at Hunter Jackson, but Hunter Jackson showed no signs of injury at all.

In the end, she stared at Emily Gale, her cultivation was completely overwhelmed by anger.

"This is not your home.

It is not your turn to speak to an outsider here! I am the eldest wife of the Jackson family. I order you to go! Go back to your Gale's house!" To be reasonable, there is no use at all.

She suddenly took out the phone and dialed a certain number: "Go and investigate, Shu Lei's previous unspoken rules, if there is evidence, all publish them on the Internet."

Chapter 219

Life is too short, and he has fun in time "What are you going to do?" Shu Ran almost went crazy.

Hunter Jackson also looked at Emily Gale, with a slight surprise.

This girl, the means... can be so hot!

Although cruel, but for some reason, it is so pleasing to the eye.

This is the woman he admires for Joseph.

Hanging up the phone, Emily Gale put away the phone and looked at Shu Ran indifferently.

"I didn't do anything, I just wanted to use this way to prove to those so-called elders who kept saying that a 22-year-old is still a child, she was not a child long ago."

Never make a mistake with someone.

After that, she pretended to say that she was just a child.

Never use your own emotions to measure the care that others care about your "children".

Even if it is a child, a bear child will accidentally attract social "teaching", let alone an adult!

"Who are you calling, let him stop! Hurry up!" Shu Ran walked over and was about to grab her mobile phone.

Emily Gale ducked sideways and sat directly in front of Hunter Jackson.

Shu Ran still wants to pull her. Hunter Jackson raised his hand and pushed her hand back: "Aunt Shu, that's enough!" "Don't you stop? Do you know what she is doing?" Shu Ran almost did it. Crying, she has hurt the child for so many years, now, helping an outsider deal with her?

"Abei, I'm your Aunt Shu! Even if it's not your mother, but for so many years, how can I sorry you?" "She did this to force Xiaolei to death! Abei, you really Do you want to help this vicious woman?" "If your niece has not done those things, she and her friends fabricated them out of thin air, I promise you, I will punish her."

Hunter Jackson held her hand gently Pushing away, Shu Ran still wanted to go, but was persuaded by Aspen Li to go back.

"Madam, since the young master has already promised you, why bother to do this?" "No, you have to stop her, A Bei, you have to stop her, she will kill Xiao Lei!" Hunter Jackson raised his eyes. Looking at her, she said blankly: "So what Aunt Shu meant, don't you even believe that your niece did those shameful things?" "I..."

Shu Ran's face was stagnant, "Xiao Lei still A child, she doesn't understand anything."

"Then wait for you to recognize this matter, and to understand that she is no longer a child, come to me again."

Hunter Jackson waved his hand.

Aspen Li immediately looked at Shu Ran and said, "Madam, it's not early, go back and rest early."

"Abei, don't do this, you will kill Xiaolei, Abei, Aunt Shu please, stop her, stop her.

She..."

Although Shu Ran has never been respected by the two Jackson's ladies in this home, she still has a certain status.

Especially, Hunter Jackson

Always respect her.

With her status and status like this, she was "persuaded" from Wangjiang Pavilion. How could she save her face?

But this was not what she was most saddened for, and Abei was really totally unwilling to give her the slightest face.

He listened to Emily Gale and wanted to kill Xiao Lei.

No way, Xiao Lei's life is really going to be ruined by them!

After Shu Ran was sent out, Aspen Li came back and looked at Emily Gale: "Madam Young, you really want to..."

He didn't ask, but he hoped that Mrs. Young was just joking about such things.

Otherwise, once this troubles, the faces of the two families will be ugly.

"Madam, you... just scared the eldest lady, didn't you?" "Does your eldest master frighten others like this when doing things?" Emily Gale picked up the cup and took a sip of tea.

"This..."

Aspen Li glanced at Hunter Jackson.

The young master really doesn't do things like this.

He doesn't understand what scare is.

The young master either doesn't do it, he will do it if he says to do it.

However, this will really hurt the faces of the two families.

The eldest lady has been in their house for more than 20 years and has been keeping herself safe.

The young lady hurt her like this as soon as she walked in. Will everyone still get along with each other in this house in the future?

"Aspen Li, if you think that I did this and hurt the Jackson family's face, then you should treat this matter as Emily Gale myself."

She didn't care at all, put down the cup and stood up.

"Behind every bear child, there is one, even a group of bear parents, and your eldest lady is also one of these bear parents."

"How can the eldest..."

"Too much spoiling is itself a kind of Wrong, if Shu Lei didn't do those things, if I really made up and slandered her out of thin air, you don't need to persuade me, your eldest and young master can cramp me."

"Not so."

A certain man also put down his cup, top Mostly, clean up in other ways.

Emily Gale went upstairs and Hunter Jackson followed.

Aspen Li looked at the back of the two and sighed lightly.

Mrs. Shao said that behind every bear child, there is a bear parent.

Isn't it right for both of them to say this?

Aspen Li believed that if the young lady made any mistakes and bullied someone, I am afraid that no one can compare to the young master.

The young master is simply a short-term demon!

Emily Gale stopped in front of her room and looked back at the man standing behind her.

"Young Master Jackson, your room is at the back, and you have already walked through."

"If you don't go to my place, I can only give in and go to your room."

Emily Gale stood at the door and blocked his way: "Da Jackson It's too late."

"So?" He took a step forward.

As soon as Emily Gale retreated, he immediately occupied

The position of the doorway, leaning against the door.

"Bath and sleep?" An attractive thought seemed to interest him: "Wash together?" "Wash together...?" Emily Gale took half a second to react, and immediately stepped back.

"No..."

"I haven't tried it, I'm a little curious what it would be like."

He took a step forward and closed the door easily.

Emily Gale glared at him: "Young Master Jackson, there are too many things you haven't tried in this world. Do you have to try them one by one?" "If I am interested, I will try one by one."

He stretched out his hand. .

Emily Gale immediately avoided his devil's claws and retreated to a far place.

What's the matter with this guy?

When I came back, I was still in a bad mood. Now, I seem to be in a good mood?

She had to remind him: "I just did a very cruel thing."

"Yeah."

He heard it, and it was not absent.

"Aren't you angry?" Even if he didn't object to it, it hurt the relationship between Jackson and Shu.

"Do you think you did something wrong?" Hunter Jackson did not answer the question.

"Of course not."

She never felt that she was a kind person.

When an unkind person is wronged, his first reaction is to fight back.

What's wrong with fighting back?

"Since you are right, why should I be angry?" Hunter Jackson walked towards her, pulling open his neckline as he walked: "Let's continue with the topic just now."

For something that has not been tried, try. how is it?

Life is too short, is not it?

Chapter 220

I will give you ten seconds to prepare the room to be very big, but when Young Master Jackson walked towards him, Emily Gale suddenly felt that the room was too small.

She tried to escape, what, wanted to get past him and escape from the door.

But Shao Jackson was obviously very slow, but no matter where she fled, he could easily catch her back.

Finally, he was banged on the desk.

"I'm very angry today."

The man's tone didn't contain a hint of blame.

"Woman, should you accept certain punishments for your actions?" "Didn't you say that I did nothing wrong?" As for the topic that just ended, as for the memory so bad?

"In the afternoon, didn't you do something wrong?" "No..."

"Yu Shi, you were so wrong."

And he said that he would go home at night and close the door to talk to her.

"But that's outside, I...we're talking about official business."

Emily Gale frowned, and she knew the scene of disdain under Joseph's eyes.

For this guy, he has the final say!

He said it was a business matter, and he said it was a private matter, and no one could refute it!

This person is too domineering!

"Then what do you want?" After Emily Gale asked this, he immediately regretted it.

Isn't this digging a hole and jumping down?

Sure enough, Hunter Jackson's thin lips curled up, evoking a rare smile.

"I didn't think about how, but I have to punish it."

"How...punish?" Her voice was a little hoarse, and her throat seemed to be dry.

His smile is really...too hooked, and if he is not careful, his soul is hooked off by him.

Emily Gale looked completely lost, until the man suddenly picked her up and walked to the bathroom, she suddenly returned to her senses.

Subconsciously grabbing his open tunic, she panicked: "Young Master Jackson, what are you going to do?" "Didn't you just say it, life is too short, and have fun in time?" Hunter Jackson lowered his head, and the sparkle flashed across his eyes.

The luster of the people is intimidating while at the same time.

"Since some things haven't been tasted yet, of course you have to taste them."

He kicked the bathroom door open and walked in with his long legs.

"No... OK! Wait a minute, Young Master Jackson!" Emily Gale was put down by him, trying to escape, but was pulled back into his arms.

He confined her between his body and the sink, and started to take off her loose T-shirt.

"No, no...no...no, Mr. Jackson, don't do this, I'm not ready yet, I'm not ready, no..."

"Okay, I'll give you ten seconds to prepare."

He smiled, she was flustered.

The small appearance completely pleased him.

"Now, I will take off the clothes that will get in the way for you first."

"Isn't there ten seconds?" She thought that he could leave her alone.

Wait ten seconds in the bathroom.

In this way, maybe there is still a little chance to find a way to escape from his clutches.

"Yes, after ten seconds, I will take a bath with you."

So in these ten seconds, she will take off her clothes first, not just right.

"That's not the case..."

Emily Gale almost cried.

It turned out that his ten seconds were counted like this!

"I'll wait, wait, wait, wait..."

At this moment, there was Aspen Li knocking on the door: "Young Master, something has happened."

Hunter Jackson completely ignored Aspen Li. Guys, have you become more and more useless recently?

Since something has just happened, won't you deal with it?

"Aspen Li is looking for you."

Emily Gale pushed him hard, helpless, unable to push away.

"He can handle it."

Hunter Jackson's big palm fell on her waist, trying to lift his clothes from her waist and poke it out.

Emily Gale desperately stopped his hand, but his other hand was helping her take off the T-shirt.

She cares about this and loses the other, hurriedly, almost breaking down!

The clothes really have to be picked up, and even the most intimate clothes are exposed!

She was so frightened that she screamed, and the bastard was still happy.

No, you can't lose your final position!

She should not take a bath with Young Master Jackson, she can't do such a shameful thing!

Now it's taking a bath together.

This bad guy's request will only become more and more excessive!

"Young Master Jackson, our relationship is fake. We are just an agreement. Don't be like that."

"At least, we are still an unmarried couple during the agreement."

Hunter Jackson remained unmoved, with a smile on his lips.

Always if there is nothing.

"Which unmarried couple doesn't do this kind of thing? Huh?" "No..."

"Young Master!" Outside, Aspen Li's beautiful voice came in again, "Young Master, Miss Gale, she..."

It's gone."

... Kylena Gale is gone, if Aspen Li came to see Young Master Jackson in person, it must be really gone.

And this missing is extremely likely and dangerous.

Although Emily Gale really hates this woman and disdains her methods, for her now, the news of Kylena Gale's disappearance is undoubtedly a lifesaver.

"Young Master Jackson, she is grandma's lifesaver."

She quickly reminded.

Hunter Jackson's face went completely black.

At this point, the arrow was on the string, and he came to tell him that the woman was missing and needs him to deal with it?

Aspen Li's ability to do things, Jane has reached the point where it should be replaced!

Across the thick bathroom door, Aspen Li could feel the look of contempt from the young master.

But isn't he helpless?

He didn't want to interrupt other people's good deeds at this time.

Aspen Li lowered his head and reported pitifully, "Qin Yi has lost sight of people. He hopes that

The Lord can ask him to mobilize people and find them immediately.

"Also, Qin Yi said, Miss Gale had the thought of committing suicide before, so Miss Gale kept calling you, Young Master, but Young Master ignored her.

"Miss Gale wanted to jump into the sea, but Qin Yi rescued it and came back.

After that, she said she wanted to be alone by the sea, but Qin Yi did not stop.

"Qin Yi walked away for a while, returned her to the car and took a bottle of water.

The people who came back disappeared.

"It looks like it has really jumped into the sea no matter what it looks like.

Although Emily Gale believes that the woman is impossible to commit suicide, but now, she hasn't said anything.

She pushed Hunter Jackson gently, and she whispered in a low voice. :
"Or...get the person back first, otherwise, I don't know how to explain to grandma.

"Young Master Jackson remained unmoved, but Emily Gale said, "Have you promised grandma to protect her?"

"You don't have to think about it. If it wasn't, how could even someone as powerful as Qin Yi be sent to protect Kylena Gale? Young Master Jackson promised the most, and when he said it, he would do it. He promised, it couldn't be true. Hunter Jackson closed his eyes, took a deep breath, and suddenly pressed against her.

"Ah!

You..."

Emily Gale's two delicate eyebrows were immediately frowned together, and this guy...the body was already tense to this point. When he pressed it down suddenly, this hard breath was almost terrifying! She bit it.

There is a weak lips. I interrupted him at this time. No wonder he was so upset. Maybe, if he came a few more times, his functions would become incomplete. But after pressing her hard, Hunter Jackson suddenly let her go He casually buttoned the button that he had torn apart, and he walked out quickly...

Chapter 221

It was her fault that Aspen Li had made the car ready for a long time, and stopped outside the hall.

When Hunter Jackson was about to get in the car, he suddenly stopped again.

"Young Master, what?" Aspen Li was also anxious to go out looking for someone now, seeing him stop, thinking he didn't want to go.

In fact, Aspen Li really didn't care about Kylena Gale, and even a little annoying.

However, Kylena Gale is the benefactor of the Jackson family, now, how many people are staring.

For those who care about both the old man and the old lady, if something goes wrong under the hands of the young master, in the future, how many people in the Jackson family will take this matter to criticize the young master?

He completely considered these issues from the perspective of the young master.

The young master doesn't care about his position in the Jackson family, he cares about Aspen Li.

Hunter Jackson turned his head and glanced, the slender figure in the evening breeze always revealed a profoundness that people could not understand.

"Call Mrs. Young and go out with me."

"Young Master, Mrs. Young... I'm afraid that..."

I'm afraid I don't like Kylena Gale that much.

What's more, for Madam Young, all Kylena Gale's methods are basically regarded as a joke.

"Then let her stare at me even more."

Saved, that girl always said what he and Kylena Gale had.

The relationship between the two people finally eased tonight, and suddenly, I didn't want to continue the cold war of the previous few days.

Although, that girl really didn't care much about him, all her thoughts were spent on others.

But anyway, she is now his nominal fiancée.

For that night, Emily Gale was unwilling to wait for him and left the house early in the morning. In fact, Young Master Jackson was still a little bit worried.

Aspen Li seemed to understand the young master's thoughts a little bit, but he just didn't understand, when did the young master care about others' opinions?

Maybe, just care about Mrs. Shao's views?

Unexpectedly, I have to bring the young lady to avoid suspicion.

"Okay."

Aspen Li nodded and immediately walked into the hall.

When Emily Gale changed his clothes and got down, Hunter Jackson was already in the car.

Unexpectedly, it was so cold outside.

It was chilly on October night.

She seemed to be wearing a little thin.

Aspen Li opened the car door, and Emily Gale stepped up.

Before she could sit down, a thin coat was thrown on her.

There was still the man's body temperature on the thin coat, and it was warm for a moment.

But how does he know that she is cold?

Could it be that you just watched her cringe coming from the door?

For a while, I felt happy, but soon I calmed down.

“Why let me find someone? I can’t help.”

Most importantly, she didn’t want to find that hypocritical woman at all.

Hunter Jackson glanced at her and said nothing.

Aspen Li got in the car and started the car.

A dozen cars in them

Before, I started from Wangjiang Pavilion and went to the beach to find someone.

When Hunter Jackson and Emily Gale arrived, dozens of people gathered on the beach, all their own bodyguards.

The person was missing for half a night, and so far, it has only been more than three hours.

An adult has been missing for three hours. In such a short period of time, the police will not accept it even if it is reported to the police.

Therefore, I can only search everywhere on my own.

“Has the surveillance of the surrounding streets been adjusted?” Aspen Li asked Qin Yi, who had been looking for people here.

Qin Yi’s expression was sullen and he blamed himself: “The surveillance of the surrounding passages has been passed over, and she has not left the beach.”

If she did not leave the beach, she must still be on the beach, or she would have taken the waterway.

But when Qin Yi sent her here, she was alone, where did the speedboat take the waterway?

The only possibility is to be taken away.

Hunter Jackson got out of the car, and Emily Gale was about to get off. He said, "The wind is strong by the sea, you are waiting in the car."

Emily Gale hesitated before nodding.

Qin Yi immediately greeted Hunter Jackson: "Young Master, in my estimation, Miss Kylena was taken away."

But seeing his face so cold, I am afraid that the person he estimated was mostly unkind.

"Miss Kylena, a girl, shouldn't offend any powerful people, the only possibility..."

Qin Yi looked at him, although it was difficult to speak, but now that the matter has come, he has to say.

"Master, I suspect... it's your enemy."

Recently, Kylena Gale often posted her life in Wangjiang Pavilion on Weibo. Before that, as the representative of the Jackson family, she attended the campus comic contest hosted by the Jiang family.

Everyone has been speculating about how deep the relationship between her and Hunter Jackson is.

There is a legend on the Internet, saying that Young Master Jackson and Kylena Gale had an affinity before, but they were separated by Mrs. Jackson later.

Young Master Jackson listened to the old lady's words and got engaged to Miss Gale's third lady, but privately, his favorite was Kylena Gale, the second Miss Gale's.

She disappeared tonight, is it also related to these rumors?

"Master, is it possible that they are from Paradise Island?" Aspen Li had been worried about this issue before.

The young master directly took the young lady away from the auction on Paradise Island, making the guests of Paradise Island aggrieved.

This completely broke the rules of Paradise Island.

It is not surprising that the owner of Paradise Island wants revenge.

What's more, this kind of rule-breaking matter, if it is not retaliated and punished, and spread out, it will definitely affect the trust of Paradise Island in the hearts of guests.

The revenge on Paradise Island is basically within their estimates.

It's just that I didn't expect that Kylena Gale would be chosen to start.

"Master, it's the symbol of Paradise Island!" One of his men was on the beach and almost saw a

The badge washed away by the waves.

Hunter Jackson took a look, and a chill flashed across his eyes.

People from Paradise Island really attacked Kylena Gale in order to retaliate against her.

“If it weren’t for Kylena Gale who lives too high-profile, how could those people take her as a target.”

Emily Gale didn’t know when she got out of the car, and was walking towards them slowly.

Hunter Jackson frowned, originally didn’t want her to come down to mix up this matter.

However, seeing her wearing her thin coat when she turned around, there was a hint of warmth in her eyes.

Qin Yi looked at Emily Gale, it was indeed a bit too much to say cold words at this time.

His face was a bit heavy, and he said with a slight displeasure: “Mrs. Young, Miss Kylena is your sister!” “I didn’t say anything wrong. If it is really for Mr. Jackson, then she is indeed responsible for herself.”

Look at Kylena Gale’s Weibo, at least two updates every day, sometimes three or four!

In addition to taking selfies, it was her days in Wangjiang Pavilion. Occasionally, there were one or two of them who accidentally took on Hunter Jackson’s figure.

Although it was only a distant figure every time, it was impossible for anyone who knew Joseph to know that it was him.

That woman, she asked herself!

In fact, Aspen Li couldn’t agree more with Emily Gale’s words.

The young master disliked his private life being infinitely magnified, but the woman showed off her days by the young master all the time.

If it wasn't for the old lady's sake, the young master would definitely drive her out of Wangjiang Pavilion.

But now, Kylenea Gale has disappeared, and he is a big man, and he can't say anything.

Just looking at Hunter Jackson, he said solemnly: "Young Master, it is very likely that it is really because of those Weibo that Miss Gale posted.

It makes people think that she has a very good relationship with Young Master."

Even, people think she is. This is the woman of Hunter Jackson.

Therefore, she was kidnapped by the eldest master's enemy, really... she asked for it.
