

## Love Through Time and Space

### Chapter 282

What exactly did he want to do When Hunter Jackson walked into the ward, Emily Gale was still sleeping.

The doctor checked her and cleaned up the wound, and now she was given a tranquilizer and an injection.

For this sleep, she probably has to sleep at least until evening.

And now, it's still dark... Hunter Jackson was sitting by the hospital bed, holding her hand.

This little hand was so soft as if it had no bones, it fell on his palm, lifeless.

He felt a pain in his heart, gently wrapped her hand, and the scenes of last night returned to his mind.

Every time I think about it, my heart will be painful.

At that time, he couldn't control his behavior at all, but he still had memories.

The girl was pressed down by herself, from panic at the beginning to despair, and finally, she passed out completely.

His body was tossed almost completely, and the trauma was more serious than he thought.

At this moment, she was lying on the hospital bed, her face was as pale as paper without a trace of blood!

He didn't know how long he had been sitting by the hospital bed until Jiang Nan arrived. He still sat quietly, staring at Emily Gale, who was always closed.

Before Jiang Nan came in, he had asked Aspen Li about the situation.

I had long thought that the situation was a bit bad, but after seeing Emily Gale, I realized that the situation was more serious than he knew.

Her face was also injured, a few blood marks were caught on her chin, and there were blood stains on the bottom.

There are still a few scratches on the neck.

Although they have been treated, it can be predicted that they must be bloody at the time.

Even the hand held by Hunter Jackson in his palm, the back of his hand and his arm were scarred.

Either it was caught, or it was abraded by a sharp object, where it was exposed, so scarred, I am afraid it is the same.

Jiang Nan's fist was tightly clenched. If the person who hurt her was not Hunter Jackson, and if Hunter Jackson had not regretted this point, he did not guarantee that he would tear the murderer.

"You look at her."

Hunter Jackson stood up suddenly and was about to leave like this.

"Where are you going?" Ali Khan, it should be tomorrow, not today.

Jiang Nan panicked, and hurriedly said, "You want to go ahead?" Hunter Jackson did not speak, and threw him a cold back.

Jiang Nan chased it out. This is not a good place to talk. His voice has been kept as low as possible.

"We have arranged the routes. You have to change them temporarily. Those routes may not be safe."

"You don't need to go."

Hunter Jackson's voice was cold and deep.

Jiang Nan was taken aback, and immediately speeded up, stepping in front of him.

"What do you mean?" Didn't you say it, he went with him?

"She needs someone to accompany..."

"Fart! There are so many people willing to accompany her, I don't need me!" Hunter Jackson was about to leave, but Jiang Nan kept stopping.

In front of him.

Can't stop him, can only walk backwards, people still stand in front of him, don't shrink back.

"I won't accompany her.

She is not mine. If you want to accompany her, you can stay with me by yourself. I want to go with you!" Hunter Jackson was completely unmoved. Jiang Nan was anxious. If this guy doesn't Willing to let him accompany him, he can't catch up anyway.

"Boss!" Finally, Jiang Nan's tone was not hardened, and completely soft: "We follow the original plan... No, if you want to advance, I will immediately let someone re-plan, we will leave tomorrow, and it will be done tonight!" But the point is, let him go together!

No matter how great he is, Ali Khan is too dangerous.

Hunter Jackson finally stopped and stared at his anxious face.

"The fourth club will go with me. If you leave, it will arouse everyone's suspicion."

"What do you want to do?" Does he want "Hunter Jackson" to stay in Beiling?

"Ye Han will know how to do it."

"No! You must bring Ye Han!" The boss is determined and wants to keep him.

Jiang Nan knew that no matter how he said it, it was impossible to change the decision of the boss.

However, if Ye Han stayed, what would he do in Ali Khan?

"If Ye Han and Aspen Li are gone, they will suspect that I am not in Beiling either."

"So, you also want to stay with Aspen Li?" Absurd!

This is ridiculous!

What does he want to do?

Did Paradise Island's move this time really anger him?

"I know what you think, but..."

"Since you know, there is no such thing."

Hunter Jackson stopped, listening to his face.

He said clearly, word by word: "Be guarding her, if she has any accidents, I can only ask you!" Before Jiang Nan could say anything, Hunter Jackson had already pushed him away.

Jiang Nan wanted to catch up, but Aspen Li stopped him.

Shaking his head, Aspen Li looked helpless: "Don't persuade, Second Young Master Jiang, when the young master is not in Beiling, please take care of our young lady."

The young lady in their Wangjiang Pavilion has nothing but One.

What Kylena Gale, that's just the person whom the young master agreed to take care of the old lady.

It is impossible to really want to be the mistress of Wangjiang Pavilion.

"But even if you bring people back, it will not happen overnight to deal with Paradise Island."

Jiang Nan stared at Hunter Jackson's back. His woman was still lying on the hospital bed, and he just left.

Isn't he worried that when Emily Gale wakes up, will he be desperate?

The injury last night was all caused by him alone, even if he didn't intend to, he shouldn't leave now.

Hunter Jackson still ignored it, and the tall figure walked to the elevator entrance and quickly disappeared behind the elevator door.

Jiangnan just felt nothing

Li, if the boss goes to Ali Khan like this, can he really come back unharmed?

“Second Young Master Jiang, the young lady will leave it to you.”

It could be seen that Aspen Li was also in a bad mood.

After greeted Jiangnan, he also left, his back was unspeakably disappointed.

Old Dalian Aspen Li didn't take it, and Aspen Li was of course disappointed, just like he is now.

Going in such a hurry, all previous plans were disrupted.

If you just go to Ali Khan, there is actually no need to rush such a day or two. Isn't it possible that the plan does not work?

Jiang Nan couldn't guess Hunter Jackson's mind at all, but he always felt that the boss went to Ali Khan this time, it was not that simple.

Boss, what are you thinking about?

... When Emily Gale woke up, it was already the evening of the next day.

She seemed to have a very long dream, in which she was crushed by a beast.

It bit her body frantically, biting bleeding wounds everywhere on her body.

It hurts all over, it hurts so much that she wants to scream.

When she picked up the rock and wanted to hit the beast's head, she found that the beast on her body had turned into Hunter Jackson.

The stone in his hand couldn't go down at all.

Hunter Jackson's eyes were fiery red, and the whole person seemed to be devilish.

He grasped her body as if trying to tear her apart.

The body is about to be crushed and torn in half, the pain is getting stronger and more real.

It hurts, it hurts...

"Don't..."

She waved her hand, not daring to hurt him, but just tried to push him away.

But I can't push it out!

All the strength seemed to be completely exhausted, she was unable to struggle, she was dying!

## Chapter 283

The fire burned.

"No, no, please..."

Emily Gale's eyes widened suddenly, and he hurriedly wanted to sit up.

But as soon as she moved, her whole body seemed to be torn apart alive, and the pain caused her tears to roll instantly.

"Don't move! You have injuries."

Jiang Nan pressed her shoulders and gently pressed her back.

In fact, this girl has no strength at all now, and can't even sit up.

"Pain..."

Emily Gale frowned.

After the effect of the tranquilizer passed, the wound on her body suddenly became painful.

It hurts everywhere, it hurts her forehead and face, all in cold sweat.

Especially under the body, it is like being burned by a fire, and if you move it, that heart-wrenching pain will make you desperate!

Jiang Nan held her trembling hand, and seeing her in such pain, his mood instantly became complicated.

Originally worried about the boss, this will be, but I want to get the boss back and give him a big beating.

He slammed the bell and said anxiously: "Doctor, come here!" This is the intensive care unit, and Young Master Jiang is here.

The doctor heard the bell, and even dropped the chopsticks, and rushed over immediately.

"She hurts! You think of a way!" Jiang Nan glared at the doctor who entered, anxiously.

The doctor had expected this, and he was also helpless.

"Second Young Master, I said before that after the effect of the tranquilizer has passed, it will definitely hurt tonight. Now if the tranquilizer is added, I am afraid it will damage her body."

"Is there no other way? "People are hurting like this, so don't you want to watch her continue to hurt?"

"I prescribed painkillers. Did you give her any medicine?" The doctor looked at the medicine on the bedside table and immediately said to the nurse who had just arrived: "Hurry up and pour some water."

Emily Gale was so painful that he even said something. No export, let alone taking medicine.

The whole body is like being burnt by fire, it hurts, it hurts really!

"Be good, don't struggle, take the medicine first."

Jiang Nan didn't expect her to hurt so much!

In my impression, this girl can endure hardship very much. If even her pain is like this, she would have passed out of pain long ago when she changed to another girl.

It's not that Emily Gale couldn't hear their conversation, she herself wanted to calm down.

However, it really hurts, even the bones seem to be broken, it really hurts!

"I... hurt..."

She was shaking all over, as if she was convulsing.

The nurse was anxious and looked at the doctor: "She refused to take the medicine..."

"She didn't refuse, she couldn't take it! She hurts, you know?" Jiang Nan really wanted to tear the nurse's mouth, where is this girl? She is very cooperative if she refuses to take medicine!

However, she really hurts!

Does this nurse have no sympathy?

The nurse didn't expect that this gentle and elegant Jiang Ermao would be so fierce to herself!

I was wronged and my tears almost rolled

Come down.

Obviously it looks so elegant and expensive, why is it so fierce and scary?

Jiang Nan was in no mood to care about his own image. He carefully hugged Emily Gale's trembling body and coaxed softly: "It won't hurt after taking the medicine. Be good, take the medicine first."

Emily Gale really didn't want to eat it, but She opened her mouth, and even her lips were sore!

After finally holding the rim of the cup, the medicine and her tears were swallowed together.

My mouth hurts so much, it hurts everywhere, why does it hurt so much!

Jiang Nan watched her being bitten by Hunter Jackson's thin lips in several places, and a burst of sorrow suddenly passed through her heart.

Where is this girl intact?

The corners of the mouth crack like this, and it hurts even to open the mouth!

It's so miserable, it's like having just experienced torture.

Even if she doesn't call it hurt, he will hurt her!

Just take a medicine, and everyone is sweating profusely.

After seeing Emily Gale finally swallowed the pills, the doctor and nurse breathed a sigh of relief.

Emily Gale was still trembling.

It was too painful to sit or lie down.

There was a lot of bruises on his back and it was uncomfortable to lie down.

But Jiang Nan gently hugged her, and when she leaned on his arm, her back did not touch, and the pain eased a little.

However, how long can Jiang Er Shao's action last?

There is no point to support, just like this, letting the patient lean on his arm, this is too forceful.

It's okay if you lean in his arms, but you will also touch the patient's back when you lean in his arms, and it will still hurt.

Finally, the doctors and nurses just looked at Jiang Nan's current movement and found it extremely difficult.

However, the second master Jiang did not speak, and they did not dare to say anything.

Emily Gale was still trembling gently, and before she couldn't find a better posture, at least her back didn't hurt that much.

Jiang Nan leaned her with one arm, and pushed her sweaty hair away with the other.

He couldn't bear to look at her thin, scarred lips. He looked at the doctor and asked in a low voice, "How can I take care of it now, can I eat?" "Her mouth..."

The doctor looked embarrassed.

The lips have been bitten in several places, and the bite is a bit deep.

As long as one mouth, it will definitely hurt to death. How to eat?

Even drinking porridge might hurt.

The doctor sighed: "Drop some water tonight, don't eat it, wait until tomorrow morning when it doesn't hurt that much."

"The injury on her body is not very serious..."

Jiang Nan stared, the doctor immediately changed it. Mouth, said: "I mean, although the injury was serious, it didn't hurt the inside."

In other words, it was all skin injuries, no bones.

However, the skin wound is the most painful, and it hurts like a fire.

"It hurts to survive tonight, and I will get better tomorrow.

It will get better soon.

"As for the wound, Young Master Jackson has arranged for Mr. Ye Han to stay. When her injury gets better, he will repair her immediately.

The doctor was also afraid that his own words would make the patient uncomfortable. He could only pick up the best words.

"Most of the wounds should not leave scars.

There may be a small part of the body..."

Jiang Nan's cold eyes, and then I swept over it once.

At this time, don't discuss this. Do you think this girl hasn't been frightened enough? The doctor understood what he meant, and he immediately said: "In short, don't worry about the wound, there will be no scars."

"Most of them do not leave scars, but there will still be scars. But now, I won't talk about it."

"Second Master, I will open a bottle of medicine for her."

"Faster!"

"Good, good..."

"Wait a minute!"

"When the doctor was about to go out, Jiang Nan was called back."

The doctor's spine was sharp, and he immediately returned to him: "Second Young Master, what else do you want?"

"All oral medicines can be prescribed in liquid form."

There is really no substitute. Just crush the pills into powder and deliver them."

"It is good!"

I know!"

After the doctors and nurses left, Jiang Nan looked at Emily Gale, who was still trembling, and softened his voice: "Don't be afraid, it won't hurt soon, don't be afraid."

"Emily Gale's bloodstained lips were trembling all the time. I don't know how long it took to tremble before he overflowed with a hoarse voice that he could hardly hear: "...what about him?"

## Chapter 284

Emily Gale never fell asleep the night she was going to execute this man.

She struggled with pain all night.

Even if I close my eyes, my body is still shaking.

It seemed that her face had calmed down, but the cold sweat on her forehead completely betrayed her.

Jiang Nan still stretched out his arm in the air, letting her lean against him.

For a whole night, for more than ten hours, until dawn, this posture did not change from beginning to end.

The doctors and nurses have been here several times to change the needle and water for Emily Gale.

Every time I saw Jiang Er Shao's action, he didn't do anything himself, and everyone couldn't help but see the scalp numb.

How tired should this be?

I'm afraid I can't keep on changing anyone.

However, the second young master of the general family, who was born to be rich and precious, actually carried it over!

The patient is very painful, but the pain will gradually slow down as time goes by.

He is different. His discomfort will become stronger and stronger over time.

After this night, his arm is so sore that he can't feel it.

The next day, when it was almost dawn, Emily Gale finally fell asleep.

Jiang Nan breathed a sigh of relief, and took the tissue with the only free hand, and carefully wiped off the sweat from her forehead.

The action was unspeakably gentle, for fear that an accident might wake her up.

The doctor said that as long as she can go to sleep and wake up, the pain can be relieved a lot.

So now, she must not wake her up.

Putting down the tissue, he remembered something, quickly took the phone out of his pocket and dialed Vince's number.

"Keep the door of Emily Gale's ward guarded.

The doctor came in directly without making any noise.

She... fell asleep."

"Yes, the second young master."

Vince understood immediately and guarded the door himself.

Jiang Nan put the phone aside, his eyes fell on Emily Gale's face.

Her body was already unconsciously, and gradually leaned in his arms.

However, the arm still can't move, and it still maintains the previous height. I am afraid that if I move it by myself, it will wake her up.

He had never thought that she would be uncomfortable, Aspen Li only said that she was all wounded and had severe lacerations.

Although Aspen Li didn't make it clear, he knew what he was referring to.

A little girl, after experiencing such a terrible night, will she leave a shadow in the future?

He didn't know what he was thinking, he just looked at Emily Gale's bloody face after it was cleaned up, and his heart was dull for a while.

It was as if there was always a big rock weighing heavily on his heart.

Because it was too big and heavy, it made him feel uncomfortable breathing.

It's bright.

I don't know how long it took, a faint voice came from outside, which seemed to be the voice of a woman crying.

Jiang Nan frowned, and whispered: "Get away."

Outside Vince immediately replied in a low voice: "Second Young Master, it is Miss Gale's sister, who was sent to him by Mr. Jackson last night, and seemed to have been injured.

"Let her get off!" What sister, he didn't know, he only knew that this woman screaming in the hallway will wake Emily Gale.

Vince answered "Know" and passed by himself.

"I want to see Joseph, where is Joseph? Quickly tell me, where is Joseph?"  
Kylena Gale woke up yesterday and said that she wanted to see Young Master Jackson. Aspen Li told her that Young Master was resting, and let her stay calm. .

Unexpectedly, early this morning, this woman was nervous and had to look for the young master.

Aspen Li was upset and irritable. If it hadn't been for the elder master to confess something, he had to stay here. He really didn't want to look at this woman.

"I want to see Joseph! Whoever dares to stop me, who dares!" Hunter Jackson is not there, and everyone here, including Aspen Li, Kylena Gale is not paying attention.

Major General Aspen Li staying here to take care of himself is enough to prove how important his position is in his heart.

These people are all blind to see, can't you tell how much Young Master Jackson likes her?

In the future, she will be the mistress of all of them. How dare they be rude to her?

"Miss Gale, Young Master is not here."

"Where is he? Take me to see him!" "Young Master Jackson is back to Jackson's house."

Vince walked over and glanced at Aspen Li.

Aspen Li wanted to ask about the situation there, but Kylena Gale was here, and he was not easy to speak.

Vince didn't know what Aspen Li was worried about. He only knew that Emily Gale was injured like this, and now the second young master of their family is taking care of her.

Even the guards around Emily Gale's ward are all their people.

As for Young Master Jackson, let alone he didn't visit Emily Gale himself, even his subordinates were all with Kylena Gale.

Young Master Jackson simply ignored Emily Gale.

So when he sees Aspen Li now, he is also angry!

"Miss, you are making a lot of noise here, which will affect the rest of other patients. If you recover, please leave the hospital!" "Who are you? Do you dare to talk to me with this attitude? You know Who am I?" In the entire Beiling, the most remarkable man is Young Master Jackson.

She is the woman that Young Master Jackson cares most about, no matter who comes, she doesn't care about it.

After seeing Vince clearly, Kylena Gale immediately remembered.

"Why are you? Young Master Jiang is here too? He...he came to visit Emily Gale?" Kylena Gale's face sank.

All of these men were blind.

Unexpectedly, all fell in love with that b\*tch!

Vince didn't want to pay attention to her, but looked at Aspen Li: "This is not the Jackson's private hospital. If you continue to make noise here, I will call the police."

He was so angry at him!

Aspen Li wanted to say something, but immediately understood that he had also misunderstood him.

Of course, it doesn't matter if you misunderstand him, the most important thing is that even the elder and young master are also misunderstood.

He was a little helpless, so he could only walk up to Kylena Gale, and said coldly: "Either you will go back to the ward obediently and cultivate quietly, or you will be discharged now."

Anyway, he didn't suffer any injuries, even the doctor said, anytime you can Discharged.

Kylena Gale flushed with anger, and her whole body was shaking.

"Discharged? You let me out of the hospital? Don't you know how badly I was injured? You let me out of the hospital?" Neurosis!

Is he crazy!

Her injury hasn't healed yet, she can't even treat it!

These people are all crazy!

"I want to see Joseph, take me to see him! I want to..."

"You call again, don't blame me for being impolite!" Aspen Li's face sank.

Vince's words also made him understand one thing, that is, Kylena Gale's voice affected Madam Young's rest!

"Do you dare! You are just one raised by Joseph... Uh! You... Uhhh! Uhhh-" Kylena Gale's eyes widened, and she never thought that Aspen Li was so courageous. Dare to hold her back to the ward.

Too much!

He is too much!

What about War North?

Where is Joseph?

She wants to see Joseph, she wants Joseph to execute this damn bastard immediately!

She wants him to die!

"Mmm..."

Vince watched her being dragged away before returning to Emily Gale's door blankly.

Anyone who wants to hinder Miss Gale's rest should be killed without mercy!

This woman!

Damn it!

When the matter was resolved, he stood in front of the door and leaned against it.

Originally, I just wanted to rest on the door for a while.

After all, he stayed up all night last night.

But who knows, he actually forgot that the door was hidden.

By this, the door of the room was directly knocked open by him.

With a bang, he fell to the ground.

In the room, the girl on the hospital bed was startled and suddenly opened her eyes...

## Chapter 285

Slap Vince really wants to slap himself to death!

What were you talking about just now?

All those who hinder Miss Gale's rest will be killed without mercy?

Then should he kill himself now?

After the door was pushed out by his back, it slammed into the wall.

Jiang Nan was taken aback and cast a murderous look.

After that, he looked at Emily Gale, who was resting on his arm, and felt nervous.

She woke up!

Vince who killed a thousand swords!

She has just slept for less than two hours, and this bastard woke her up!

Emily Gale suddenly opened her eyes as if she had been frightened in a dream.

Jiang Nan's breathing was chaotic, and anxious: "It's okay, it's okay, I'll sleep again, be good, it doesn't hurt!" He was very nervous, really nervous.

When she woke up before, her whole body was convulsing in pain!

He was afraid that she would still be uncomfortable when she wakes up now.

The doctor said, let her sleep more, and wake up will not be so painful.

But she was woken up in the middle of sleeping!

Looking back, he must tear Vince off!

Vince sat on the ground, not even daring to get up, for fear that the movement he tossed out might scare Emily Gale.

Emily Gale frowned, and the two men in the ward were immediately nervous.

She frowned tightly, her brows filled with pain.

But this time, she just squeezed Jiang Nan's clothes tightly, did not cry out, nor shed tears.

Just after a dull expression for a while, he suddenly asked in a dumb voice: "Where is he?" This is not the first time Emily Gale asked. Jiang Nan waved his hand, Vince quickly got up and closed the door of the ward. Guard by the door.

As for the action of relying on the door, I dare not do it again.

Jiang Nan pulled a paper towel and still wiped Emily Gale's sweat carefully.

Not long after waking up, there was a thin layer of sweat on her forehead.

He knew that this girl still hurts, but he was trying hard to endure it.

However, Emily Gale's question was the same as last night, he still didn't know how to answer.

"You... sleep for a while, he... has something else..."

He couldn't tell if he wanted him to lie to her.

Same as last time, the same words made Emily Gale completely silent.

It still hurts, but this time I wake up, I can bear it a little bit.

His eyes were astringent, and two tears slipped down.

Jiang Nan hurriedly wiped the tears from the corners of her eyes. With such a pitiful appearance, he couldn't say a word of his usual ridicule.

She was still crying, Jiang Nan wiped it for a while, but she couldn't even wipe it.

Helplessly, he could only say softly: "He really has something, very important thing, not that he doesn't want to see you, he... has seen you."

Emily Gale still didn't speak, just grabbed his shirt tightly. Tears still rolled down from the corner of his eyes.

Jiangnan looked really uncomfortable, one

After wiping the tissues, tears are still not clean.

He raised his hand and drew his long fingers across the corner of her eye.

The crystal clear tears fell on the fingertips, making him gamble.

"Don't be sad, take care of yourself first."

The girl was still crying, and he really couldn't say more nice things.

In fact, this fact cannot be changed anyway.

She was still lying in the hospital, but Young Master Jackson did not appear.

This is a fatal blow to anyone.

It is normal for her to cry.

"If you want to cry, just cry well, no one will laugh at you.

After crying, cheer up."

Emily Gale still tightly grasped his shirt, crying silently.

I said that I made her cry, but when I really watched her cry, my heart was still tight, and it was very uncomfortable.

Jiang Nan pulled another tissue and wiped it carefully for her.

After enduring it for a while, I couldn't help it, and continued to console me: "It's just a man, can I cry for him like this?" "Emily Gale I know, no matter what difficulties he encounters, he can grit his teeth. In the past, now, how come you have become so fragile?" "You want a man, I will look back for you to find a bunch of them, and you can pick it up! Some people, don't think about it."

Hunter Jackson went to Ali Khan, even if it is safe When I come back, I won't be with her for a long time.

Rather than let her wash her face with tears all day long, it is better to be sad all at once, and then live her life well.

Dealing with things like Paradise Island is not a matter of one or two days. During this time, Emily Gale stayed away from Hunter Jackson, which is not necessarily a bad thing.

"You should be very clear about the character of Young Master Jackson. If you don't see you at this time, you won't come again."

"Emily Gale, you are so cowardly, who do you want to show your cowardice!" "Cheer me up, wipe Tears, for a man, it's not worth it!" "You..."

"... a\*\*hole..."

Emily Gale grabbed his shirt, raised his head and glared at him, his voice was so hoarse that he could hardly squeeze out: "It hurts...Don't talk, it's annoying!" "..."

Jiang Nan was stunned.

Looking at her face again, it doesn't look sad, it's just that the eyebrows are tightly together, as if it really hurts.

Yes, she was in pain right now, but he always thought that she was crying because Young Master Jackson did not see her.

For a time, a bit of mixed feelings.

Emily Gale is still the same Emily Gale, even if he feels uncomfortable, he won't cry like this because of sadness.

Now the tears can't stop at all, because of the pain, I'm dripping down, reacting in my life!

"Yes, I'm sorry, I thought..."

Jiang Nan was a little at a loss, for a while, he didn't know what to do.

"Then I...you keep crying, I...no, I didn't mean to laugh at you, I feel distressed..."

...No, I don't feel bad... Well, I'm a doctor!

"Emily Gale didn't bother to pay attention to this incoherent guy."

She really hurts, although it is not as terrible as before, but now it still hurts, and the whole body hurts.

As for whether Mr. Jackson came to see her... In fact, she knew him.

It's okay, just forget it. Don't come if you don't come, he has his own reasons. If staying by his side is a burden for him, then, why bother? The accident has already caused She can see clearly. Her own existence is definitely not a good thing for Hunter Jackson. Without this ability, don't stand beside Joseph.

It is not qualified! Jiang Nan can't make a move to call the bell, but Loudly rushed outside and said, "Call the doctor.

"It didn't take long for the doctor to be carried in by Vince.

The doctor looked at Emily Gale's situation and the doctor was also a big head: "How did you wake up the patient?"

Vince lowered his head and dared not say a word. Jiang Nan snarled: "Let's see if there is any way to relieve her pain!"

"Responsibility, I must be held accountable in retrospect, but not now! The doctor is helpless: "Can't take painkillers anymore.

It hurts, and you have to carry it by yourself.

She is not in good health, and taking too much painkillers hurts her body.

"Emily Gale's hand still fell on Jiang Nan's chest, clutching his shirt tightly. Before Jiang Nan spoke, she bit her lip and said dumbly: "Carry it over, I... OK."

## Chapter 286

After two days of looking like a pug, Emily Gale could finally sit in a wheelchair and walk around in the yard.

For these two days, Jiang Nan has been with her.

Some people say they don't show up, they really never show up again.

It was a bit uncomfortable at first, but now, my mood seems to have calmed down.

“How about this? High mathematics, do you still need me to make up for it?” Jiang Nan sat in front of Emily Gale under the pavilion in the courtyard, holding a college mathematics book in his hand.

“Where can’t you understand? You might as well just point it out and I’ll see if I can answer it for you.”

Thanks to being a high-achieving student when I was in school, otherwise, such a difficult high number would really be impossible to answer.

Emily Gale took the book, turned to a certain page, and then handed it back to him.

“From here, it was almost fragmented.”

During this period of time, accidents continued, and it was almost impossible to go to school.

It’s November, and there are two months left, and the exam is about to go.

She didn’t like to study before.

She didn’t lay a good foundation in high school, and she dragged so many homework. Now it is really difficult to pick it up again.

She never expected that a businessman in Jiangnan would have such a deep understanding of university courses.

Any question can basically be answered, which completely saved her money for a tuition teacher.

However, it seems that the second master Jiang suffered a lot of losses.

His time is much more valuable than the tuition teacher.

Jiang Nan didn't think about anything. He glanced at what she had turned over and pulled her wheelchair to his side.

He took a pen and a blank paper and explained it to her.

All morning, except for the nurse who came to examine Emily Gale's wounds, the rest of the time was tuition.

The nurse took advantage of the time when Jiang Er Shao walked outside the pavilion to call, and couldn't help but envy Emily Gale.

"Miss Gale, you are so happy. Your boyfriend is not so kind to you.

The Jiang family of such a big size will be by your side. If I were to be happy, I would have passed out."

Isn't it dizzy enough?" Emily Gale glanced at her, and there was no way to explain that Jiang Nan was not her boyfriend.

Maybe, even she herself can't explain, what Jiang Er Shao is doing to her now is really something only her boyfriend can do?

She tried to let him go back to work, but he refused every time, and in the end, she didn't try to persuade him.

As for Su Xiaomi and the others, because she didn't want everyone to know the cause and effect of the incident, when she called, she only said that she was a little uncomfortable and was with Jiang Nan.

Otherwise, there was no explanation, and there was no mention of the matter of being injured by Hunter Jackson.

One morning passed, and what I learned was equivalent to a few days' course in normal days.

Famous teachers have high apprentices, and Jiangnan is there. Emily Gale found that the lessons he had pulled down could be made up soon.

"

As for Changzheng and design...I can still help you with design. Changzheng has to ask you to find the key points by yourself, others cannot help.

"You know how to design?"

Didn't you study finance?

"It's incredible! "Who rules that those who study finance can't study design?"

"Actually, what are the major courses in the university that he has not touched? Finance, but because he wants to inherit the family business, he is forced to learn.

"It's amazing!

"Emily Gale looked at him, and the admiration for him was like a torrential river, endless! "I gave me a design lesson in the afternoon. I had a lot of questions that I didn't understand. I really didn't understand the concept of design.

"Know you are stupid."

"If he doesn't make up for her, does he have to watch her fail the exam?" "If you don't understand in the future, can I ask you?"

"She is not stupid, but the course has not kept up.

"It depends on the mood.

Jiang Nan snorted. Emily Gale squeezed a flattering smile: "Then what do you want to make you feel better?"

" "depend on mood.

"After checking the time, Jiang Nan closed the book and stood up, "It's time to go back to eat.

"I want to eat this tasteless thing again."

Emily Gale wrinkled her nose with a face of resistance: "I have eaten porridge for two days and don't want to eat it anymore."

"The doctor said that you can't eat big fish, soy sauce and the like must not be touched, do you want to leave scars?"

"Isn't he still eating porridge and cabbage with her every day? He didn't say anything, and this guy started to dislike it? "You don't want to eat porridge, but can you have some noodles?"

I heard from them that there is a noodle restaurant outside, which is delicious.

"After drinking porridge for two days, I really couldn't stand it. In fact, she was not hurt so badly, but there were too many wounds on her body, and he was too cautious. Jiang Nan thought for a while, finally picked up the phone and called the doctor. To be sure.

The moment the call was hung up, I looked down and saw Emily Gale staring at him with a look of expectation.

It's really... people can't refuse.

"Is it at the door?"

You are waiting here, I will buy it for you.

These two Tiansi have already returned to the company to handle the matter for him.

There is his bodyguard watching nearby, and he is not worried about any accidents.

"Yeah!

Emily Gale looked at him and nodded vigorously.

"The little pug!"

Jiang Nan raised his index finger, knocked on her forehead, and turned and walked out of the pavilion. Emily Gale was stunned for two seconds before reacting, and immediately grunted at his back: "You are like a dog!"

"It's a pity that she has been ignored, and she quickly walked out of the arbor and walked toward the gate of the hospital.

She was said to be a dog! This badass! Emily Gale muttered her mouth and looked unconvinced. However, look at this.

As the second young master of the Jiang family, the guy can buy her food in person, not with

He cares about it.

She retracted her gaze, sat in the wheelchair, opened the book, and continued to look at the place he explained to herself.

Until, a sharp voice came from outside: "Oh, Emily Gale, so you are still here?" Kylene Gale walked on the road, followed by two nurses and two bodyguards.

This posture looked like a princess on tour.

Seeing Emily Gale sitting alone under the pavilion, she looked like she was surrounded by herself, which was nothing short of heaven and earth.

She walked up the gazebo path and walked towards her: "Why is there no one beside you? Is no one taking care of you?" Emily Gale was a little impatient, and looked up at her.

Kylena Gale walked into the pavilion, and the two nurses followed in.

The remaining two bodyguards were stopped by someone.

It turns out that this b\*tch has arranged a plainclothes bodyguard, which is nearby!

Kylena Gale missed her. Just now, she thought she was here alone.

"Is there anything?" Emily Gale looked at her with cold words.

Kylena Gale's eyes fell on her face.

There are scratches on the neck and chin, and although the wound on the lips has been scarred, it still looks a bit shocking.

And, there are scars on the back of her exposed hand.

Kylena Gale immediately became happy when she saw it.

"Oh, it seems that those men toss you so fiercely!" Feng Shui turns, this b\*tch finally tastes the humiliation of those men!

Just looking at the scars all over his body, he knew that it was a man who left it.

Seeing Emily Gale's pitiful appearance, not only did she not sympathize, but she was also very excited!

"Haha, how does it feel to be with a lot of men? Is it cool?"

## Chapter 287

That person, Kylena Gale really didn't know how Emily Gale was injured.

At that time, the two were separated and she was locked in a small room.

Later, Qin Yi came with someone and rescued her.

In fact, Hunter Jackson didn't save her personally, she was very disappointed.

Especially during the period of hospitalization, Hunter Jackson never visited her once, she didn't know how desperate she was.

But now, seeing that there was no Hunter Jackson beside Emily Gale, she was happy.

Emily Gale is not allowed to get what he didn't get!

Now it seems that if something happened to Emily Gale, Young Master Jackson didn't come to see her, mostly because Emily Gale was not clean now, and Young Master Jackson no longer bothered to look at her.

Kylena Gale is so happy!

"Young Master Jackson hasn't come to see you recently, has he?" She stared at Emily Gale's eyes without letting go of any expression in her eyes.

Emily Gale didn't fluctuate at all right now, but this kind of fluctuated, but it also let Kylena Gale know that she was right.

She immediately smiled and opened her face: "Oh, Joseph hasn't been free these days! So, I didn't visit you, sorry!" "However, he asked me to tell you, let you rest well, what do you want? , Just say it, after all, you are my sister."

This means that Emily Gale is just because of her light, otherwise, she won't get anything.

"Thanks, your things are just leftovers for my use, so I'm not rare."

"Emily Gale, what do you mean?" Kylena Gale's anger was instantly ignited.

Emily Gale lowered her head and looked at her book again, too lazy to even look at her.

"It doesn't mean anything, just to tell you, what you want is what I discarded. What should I show off?" "You are talking nonsense! You can't want it at all!" Kylena Gale was a little excited.

It hurts when she stepped on it.

She has been with Hunter Jackson for so many days, and Hunter Jackson has never touched her.

Just want to pull his arm, get a little closer, but can't.

But where is Emily Gale!

She knew that Hunter Jackson was going to pass this b\*tch!

How can he want her?

Since even this b\*tch can ask for it, why not touch her?

She can't compare to this b\*tch!

Emily Gale said she didn't want Young Master Jackson, she wanted it eagerly.

Although this was not entirely true, at least Emily Gale did get it.

Kylena Gale tried to calm her anger, not wanting this b\*tch to make her so irritable in a few words.

She took a deep breath, then looked at Emily Gale's scratched neck and snorted coldly: "No matter what you used to be, now you have become like this. I don't know how many men have played with you. You guess Joseph will still Wouldn't you want you?" "Isn't it you who has been played by many men?"

The thing that really happened to me, this thing has passed, this b\*tch dare to mention it!

"The man who was with me that night was Hunter Jackson.

The injury to my body was caused by him."

Although Emily Gale didn't want to have anything to do with Hunter Jackson, Kylena Gale wanted to take her from her. To be happy, you have to see if she is qualified.

"If you don't believe it, you can go back and ask him, provided that he is willing to talk to you."

"I don't believe it!" Kylena Gale didn't want to believe it!

Emily Gale's thin lips curled up, smiled disdainfully, opened his book, and didn't bother to care about her!

"b\*tch! You were rounded by those men, and you even slandered Joseph. Don't you think you are too disgusting?" People still ignored her, and Kylena Gale rushed over with anger.

However, before she could do it, she was blocked by the tall figure that suddenly flashed.

The man pushed her back with almost no effort.

"Ah..."

Kylena Gale screamed.

Two nurses rushed up immediately and supported her.

Kylena Gale stared at the black-clothed man and cursed: "Who are you? Do you know who I am? Do you dare to treat me like this!" Emily Gale smiled a little disdainfully: "Kylena Gale, can you change the line? Isn't that tired?" "Emily Gale, you're less proud! Joseph will come to pick me up and leave the hospital soon! What about you? Who cares about you?" I don't know if it's God's beauty, Kylena Gale said this.

After that, at the gate of the hospital, several low-key but luxurious cars drove in.

After seeing Aspen Li getting out of the car, walking to the back row and talking to the man in the back row, Kylena Gale's eyes suddenly brightened.

Young Master Jackson is finally here!

Besides Hunter Jackson, who can make Aspen Li respect so much?

There was a gap in the car window, and the man inside couldn't see clearly, only a little line on his face.

But with this style and appearance, apart from Mr. Jackson, there can be no second person!

"Did you see it? Young Master Jackson came to pick me up from the hospital, how about you?" Kylena Gale sneered, waved her hand, and ordered the nurse beside her: "Go, tell them I am here."

"Yes."

The nurse for these two days Already used to the arrogance of this woman.

Knowing that she is Joseph's person, even if you dare to neglect?

Go to Aspen Li immediately to convey Kylena Gale's meaning.

Aspen Li glanced here, his face couldn't be clearly seen from such a distance.

All you can see is that he listened to the nurse, and after seeing Kylena Gale under the pavilion, he bent over and said something to the man in the back seat of the car.

After that, Aspen Li stood up straight, turned and walked towards this side.

Kylena Gale glanced at him, then looked at Emily Gale, completely in a victorious posture.

"Tell you, Mrs. Jackson's position

, I'm sitting down, as for you filthy b\*tch... Oh, stay away from Joseph in the future, otherwise, don't blame me for being polite!

She took a step and walked out of the pavilion, her posture as proud as a peacock with an open screen. Emily Gale watched her leave, watched her walk to the car, and watched her and the man in the back row.

After a few words, I jumped into the car.

The man in the back row was really Hunter Jackson...

She was actually relieved. Originally, she was a little afraid that Mr. Jackson would go to Ali Khan. But now, it is very Obviously, he is still in Beijing.

As for him to pick up Gale Kylena in person...something, maybe, the past will pass.

"What do you think?"

Jiang Nan came in from the outside carrying two bags of things. Following her gaze, the row of luxury cars was leaving. Jiang Nan smiled indifferently: "Envy?"

After waiting for you to be discharged from the hospital two days later, I will come here with eighteen luxury cars to pick you up and make sure that the top line is more particular than them!

## Chapter 288

Why is Emily Gale so nice to me? Suddenly I wanted to laugh.

Is he deliberate?

Is she a better person?

"Really?" She raised her eyebrows!

"Really."

Jiang Nan looked back, and the two subordinates immediately moved in the folding table that had been prepared.

The table is ready, and the irrelevant go down.

Jiang Nan only put the bowls of noodles he bought on the table: "Little greedy cat, come and eat."

"It's so fragrant."

Emily Gale looked at the three bowls of noodles pushed in front of him. I feel better.

"I don't know what tone you like, buy some more, you can taste it first."

Jiang Nan stuffed her chopsticks into her hand, continued to open another bag, and brought out three big bowls.

"So much, how do we two eat?" Six bowls, my God, it's too exaggerated.

"Let you taste the taste."

Jiang Nan also pushed the other three bowls in front of her.

Emily Gale really felt it was too wasteful, but with so many faces in front of him, his appetite was immediately aroused.

She quickly picked up the chopsticks and tasted the first bowl.

"It's ribs noodles!" It's really delicious, but why didn't you see the ribs?

"What about the meat?" "The doctor said that he could not eat meat today, for fear of being fat and leaving scars. I asked them to pick them all out."

It would be even more uncomfortable if they weren't picked out in advance.

Emily Gale had no choice but to continue eating noodles.

After eating a few bites, I couldn't help but bring the bowl next door over and tasted it: "It's delicious!" Her eyes lit up, but she couldn't tell what the ingredients were. In short, it was so fresh and sweet!

"Don't eat the ribs noodles?" Jiang Nan looked at her particularly contented face.

"I...I want to eat this."

The ribs noodles are very fragrant, but not as fragrant as this bowl!

"Then you eat it."

Jiang Nan still doesn't know?

This girl is a foodie.

After getting along for a long time, I discovered that she was really calm when she was calm, but most of the time, she was actually just a little guy.

Also, after all, only eighteen years old, where can he mature?

Emily Gale ignored what he was thinking, picked up the chopsticks and started eating.

"It's delicious, it's really delicious, do you want to taste it..."

She took a look at Jiang Nan, only to find that Jiang Er Shao was eating noodles with chopsticks.

But what he ate...

"I have eaten this bowl!" "Don't you want to eat it anymore?" Jiang Nan frowned.

Don't let others eat what you don't want?

Is there anyone so overbearing?

"I didn't mean that!" Emily Gale knew that he had misunderstood when he saw his dissatisfied expression.

"I mean, I... have eaten, how can you... eat it?" "Are you poisonous or infectious?" He didn't care at all, and in a blink of an eye, he had eaten half of a bowl of noodles. .

Emily Gale blinked, she was

There is no poison or infectious disease, but he is the second young master of the Jiang family!

Second Young Master Jiang, he actually eats something other people have eaten. Isn't he... dirty?

"There are still many bowls here, you can eat other things."

She said numbly.

Jiang Nan didn't even look up: "You have tasted it first. Give me what you don't like."

Emily Gale held the chopsticks, but her heart was a little sour.

Seeing the man sitting in front of him and still eating noodles, he suddenly felt a trance.

When did they meet?

When did he start to treat her well?

Obviously a person from two worlds, but before she knew it, she became a friend and stayed by her side.

She didn't even know how they became friends.

Jiang Nan finally discovered that this girl did not eat noodles, but kept staring at herself.

Swallowing the contents of his mouth, he looked up at her, frowning: "What? Haven't seen a handsome guy?" "Yeah."

She nodded, "Is very handsome."

"Why? Find out that I like me. Jiang Nan didn't take her words to heart, and continued to lower his head to eat noodles, because he was a bit slurred when he was eating.

"Tell you, I don't like you very much. I'm not obedient or gentle. Sometimes I'm rude. Don't like me and get hurt."

"..."

If he said this before, Emily Gale would definitely refute.

She would not like him.

But now, she just looked at him quietly for a while, then asked softly: "Why are you treating me so well?" Jiang Nan was stunned, and then drank most of the remaining soup before putting down the bowl. , Met her gaze.

"Am I kind to you?" He asked this seriously.

Emily Gale also thought about it carefully before nodding, "Very good."

"That's fine! In the future, if you owe me, you have to work hard to return it to me! Don't forget, I still have money to invest in you."

"..."

She was a bit speechless again.

This guy, every time she moved her a little, he would immediately give her a head and make her wake up quickly.

"Got it!" She muttered and continued to eat her noodles with a bit of resentment.

Seeing her aggrieved little appearance, Jiang Nan's eyes gradually got a hint of joy.

Are you good to her?

He didn't seem to notice it at all.

Anyway, it's just that the boss asked him to take care of her, and he just took care of her.

So... it shouldn't be too good, right?

"Is this bowl still to eat? Try another bowl, so many, you can't finish it."

He snatched the bowl in front of Emily Gale and pushed the other bowl over.

"Are you sure you want to eat what I eat leftovers?" Can't you eat a bowl by yourself if there is so much left?

It made her look bad, and gave her what she had eaten to others.

"You taste it first, if it doesn't taste good, give it to me.

"If the bowl he picked is her favorite, wouldn't it become a rush to eat with her? Emily Gale has nothing to do with him, so he can only taste another bowl.

After a bite of noodles, the mood becomes beautiful! It's delicious!

"Try something else."

"Take a few bites before talking."

"This bowl is also very fragrant.

"...Hmm!

It's delicious, don't need this bowl, give it to you!

"... Three more days later, Ye Han came over and performed repair surgery on Emily Gale.

The operation took more than seven hours. Emily Gale was also on the operating table, lying or sitting, and tossed seven times. Hours. When I came down, the whole person was groggy.

Although it was not general anesthesia, anesthetics were used everywhere, and the medicine was still not weak. Ye Han and two nurses helped her down and let her sit in a wheelchair. Ye Han smiled at her with the same friendly attitude as in the past: "Young husband...Miss RJenni, today's repair operation was very successful. Don't worry, most of the scars will not leave marks.

"Then, is there a small part?"

"Emily Gale looked at him.

"This..."

Ye Han thought she was sad, so he could only quickly comfort: "There are three other places, on the back waist, back, and shoulders, except for those who occasionally wear bare shoulders.

It is basically invisible anywhere else.

"Furthermore, after the repair operation, take good care of your cultivation.

As time goes by, the scar will become shallower and shallower. In the future, it will be basically invisible.

"Emily Gale still didn't speak, Ye Han was a little worried: "Miss Ranran, if you are still worried, wait a month later, I will..."

"Ye Han."

"Emily Gale interrupted him and pulled the corner of his clothes. Ye Han knew she had something to say, and after letting the two nurses leave, he squatted down and looked at her: "Miss Ranran, you want to say something."

what?

She hesitated, then asked: "Your eldest young master, is it really still in Beiling?"

## Chapter 289

I, at least really Ye Han froze for a while, and then said: "The eldest master has not been on a business trip recently, and has been in Beiling."

Emily Gale's fingertips are tight. If he says that the eldest is of course in Beiling, maybe she will. doubt.

However, Ye Han's words made people find no flaws.

"Miss Ranran, are you asking this, are you looking for something to do with the young master?" Ye Han is always so friendly when facing her: "Or, let me call the young master for you?" He really took out his mobile phone. , To dial the number of Hunter Jackson.

Emily Gale lowered his eyes and shook his head: "No, I have nothing to say to him."

Since the person is still in Beijing, then, he really doesn't want to see her, rather than being unable to.

Did she do something wrong?

It seems that there is nothing wrong.

"Let them push me back to rest, Ye Han, I have troubled you today, thank you."

"You're welcome, the eldest master ordered that you must fix it to Miss Ranran, otherwise he will feel guilty."

Ye Han pushed her. Go outside the door of the operating room.

Emily Gale didn't say a word, a sentence of "will be guilty", completely wiped out all her last hope.

He really doesn't want her anymore.

Jiang Nan waited outside, saw Ye Han pushing her out, and immediately greeted her: "Ye Han, how about it?" "Basically, there is nothing wrong.

There are three more places. One month later, a second repair can be done."

"Understood."

Jiang Nan nodded, walking behind the wheelchair, "Thank you, I will contact you in a month."

"Okay."

Ye Han nodded and watched them leave.

Back in the ward, Emily Gale was about to get up, but Jiang Nan picked her up and gently put her on the bed.

This movement is easy to do, and it is clearly already proficient.

"Actually, I can go now."

Emily Gale looked at him with no emotions between his eyebrows.

"The place where I was injured earlier hurts and I feel uncomfortable as soon as I leave, but I tried it today and it doesn't hurt anymore."

Jiang Nan nodded, "Okay, when you leave the hospital tomorrow, you will go by yourself."

She did not speak, Jiang Nan pushed the wheelchair going aside, he started to arrange her pillows.

"Ye Han said that he used a lot of anesthetics today.

Although it is local anesthesia, it is best to sleep after returning and eat food after four hours. Otherwise, I am afraid you will vomit."

Emily Gale just kept looking at him. Watching him tidy up things, watching him organize his medicine, watching him take care of her meticulously.

At the end, she suddenly said: "You and Ye Han are very familiar. In fact, you are one of the brothers of Young Master Jackson."

Jiang Nan was taken aback and looked at her.

Emily Gale knew from his last life that Hunter Jackson had several brothers who were born and died.

They don't meet each other often, but every time they meet, they come back full of alcohol.

And she, can't get close, only

I can look at him from a distance, and after he walks over, he can smell the breath he left behind, as if standing with him.

She had already suspected Jiangnan earlier, but she had never been sure.

But now, she was sure.

Jiang Nan looked down at her, the girl's gaze was very calm, and even if she guessed it, her expression did not fluctuate.

But she herself, the moment she was guessed, suddenly her breathing was a little messy.

"And then?" he asked.

"Then?" Emily Gale met his gaze and blinked: "Second Young Master Jiang, I don't understand what you mean."

Jiang Nan was a little embarrassed. If she is angry, she can just scold him.

Now it's not noisy or noisy, so quiet, but it makes him wonder how to get along with her next.

"Well, it was Young Master Jackson who asked you to take care of me? When did you start? When you approached me for the first time?" "No."

At that time, I was purely curious and wanted to know what qualities this girl had that could make the boss infatuated. So far.

"Then why are you looking for me?" "Curious."

"Curious?" What is curious?

"No need to ask, I won't tell you."

I can't explain, and I don't want to lie to her, so don't say anything at all.

"Then, you are taking care of me now, which is also what Joseph meant? Does he feel that he owes me?" Is this a debt?

Actually, Jiangnan didn't know.

Perhaps, part of the meaning is also because of debts.

Although it is more because of feelings, I can't let it go.

"Yeah."

He nodded, part of the reason is also the reason, isn't it?

Emily Gale lowered her eyes, her long eyelashes covered her eyelids, casting two rows of fan-shaped shadows, indescribably beautiful.

Jiang Nan felt that he really couldn't deal with such a problem. Did his words make her unhappy?

"You said," Emily Gale asked in a low voice for not knowing how long he was quiet, "Does he still want me?" "It's better to ask him for this question."

It is not his turn to guess other people's decisions.

Emily Gale laughed, and looked up at him: "You approach me with a purpose like this, it will make me very uneasy."

"What's the worry, I don't want to do anything about you."

Jiang Nan pulled out a chair and lay on the bed. Sit down.

"I'm uneasy, because what am I trying to do with you."

Jiang Nan didn't understand this, and he frowned.

Emily Gale sighed, letting some emotions down completely before she looked at Jiangnan.

"I'm afraid, even everything about you is fake."

The care for her is fake, the little things that I get along with her are fake, quarreling with her, quarreling, but reconciling, all of this, all fake.

Jiang Nan originally wanted to speak, but at the moment he spoke, he suddenly understood what she meant.

I don't know why, but because of this little girl's sentence

Then, the mood suddenly became complicated.

A lot of emotions linger in my heart, and my heart feels like a violent beating, but I am self-restraining and dare not let it beat too fast.

Maybe he didn't even know what he was thinking at this moment.

But in short, there are some things he is sure of.

He rubbed his fingers, trying to say something lightly, only to realize that the sentence was not light.

However, if it is too heavy, it seems to be serious, and it does not...does not fit his tall image.

Finally, Jiang Nan just glanced at her, pretending not to care: "I...at least it is true."

"Don't lie to me?" "Don't lie to you!" "Okay, I believe you. But why do you treat me so well? Is it because of the orders of Young Master Jackson?" "Perhaps."

"Really maybe?" "Who knows."

After half an hour, Emily Gale fell asleep peacefully.

Jiang Nan picked up his mobile phone, walked out of the ward, and dialed the familiar number.

After three seconds, the other party picked up the call.

"I?" "No."

He hung up the phone directly, standing in the corridor, holding the railing, and looking at the fainting sky.

On the other side of the sky, what is he doing?

Early the next morning, Emily Gale finally remembered a very important thing: "Where is my phone?" The phone seemed to have been out of her life for a long time, and never thought of using it.

Jiang Nan searched for a long time before finding her mobile phone in the drawer of the bag.

No electricity, shut down, I'm afraid it has been shut down for a long time.

Emily Gale found the charger, plugged it in, turned it on, and countless messages and missed calls came out all at once.

She flipped it for a while, and finally turned to Yang Yi's message: "The report is available, you are really Mrs. Jackson's granddaughter!"

## Chapter 290

Relationship, Yang Yi, who received text messages like in his previous life, rushed to the hospital in a hurry.

"Do they know Xiaomi?" Emily Gale asked immediately.

"I don't know if you are here yet. I said you were with Jiang Ershao before, and Jiang Ershao also gave us a message, saying that you are unwell and want to recuperate recently."

Yang Yi walked a little anxiously, still panting slightly after entering the door. .

After slowing down, he continued to say: "God is very worried, you should contact them as soon as possible."

Although it is not clear what Emily Gale had encountered before, he felt that there was still no perfect wound on her lips.

Also was grabbed.

"What happened, can you tell me?" "It's nothing, but when I went to play that day, I was kidnapped by a gangster. Major Jiang Er rescued me and rested for a while."

Emily Gale didn't want to make things too clear. , He lied at will.

After that, she glanced at the door and asked in a low voice: "How is it?" Yang Yi leaned over and lowered her voice: "Identified as blood related!" Emily Gale closed his eyes, his heart was constantly fluctuating, and his breathing was chaotic.

Although Yang Yi had said it once on the phone, now, listening to him in person once again still feels excited.

Grandma is not her grandmother, but her grandmother!

She turned out to be her own grandmother!

So, why would Kylena Gale know all this, and even take her place?

The morning when her grandma had an accident, she said that Kylena Gale lied to her, but Kylena Gale confessed to her wrong.

She also said that when the old man came back, she would tell him the truth and let everyone know her identity.

Now that I want to come, everything is clear.

What grandma wants to say is the relationship between the two of them.

Now, I don't know if the old man knew about this, but Young Master Jackson must have known it.

And the version that Young Master Jackson knew was the same as the old lady knew before.

They were all deceived by Kylena Gale.

"How did she know?" Why didn't even she know about this matter, but Kylena Gale intercepted the information in advance and faked his identity?

"It's possible that the old lady had investigated your life experience before, and you didn't even know about this, but Kylena Gale knew about it."

Yang Yi walked to the door and made sure that there was no one outside before returning Go to the hospital bed and lean against Emily Gale.

The matter is very important, Yang Yi dared not amplify his voice.

He cautiously said: "According to what you said before, Young Master Jackson must have known it now, and this matter must be the old lady personally telling Young Master Jackson before he would believe it."

Kylena Gale is Yang.

She didn't believe it, she could convince Young Master Jackson.

However, what the old lady said was different. Young Master Jackson always believed in the old lady.

.

"As for Mr. Jackson's side, to be honest, I believe he is more willing to trust Kylena Gale, so it's useless for you to find him."

Emily Gale's heart shuddered, and he didn't expect that even Yang Yi could see this problem clearly.

"Of course, I think the first thing you need to do now is to convince Mr. Jackson."

"As long as Mr. Jackson is on your side, things will come to the end."

They have an appraisal report in their hands, even if this report is still Can't convince Hunter Jackson, then, compare the old lady's DNA in the report with the old lady's DNA in the system, and everything will become clear.

As long as everyone has seen a doctor in the hospital and left DNA information in the system, they will be able to find it once they apply.

In short, this report is definitely strong evidence.

"I know, I will find an opportunity to tell Master Jackson about this."

Although Master He Jackson was destined to have no future, she couldn't let Kylena Gale continue to lie to him.

Taking out the phone, she looked at the number that was about to become unfamiliar. Finally, she pressed a long finger to dial the phone.

No one answered.

Once, no, twice, still no, three times, still no.

She glanced at Yang Yi, who had been looking at her mobile phone.

Emily Gale thought for a while, and had to dial another number.

Not long after, Aspen Li's low voice came from the other end of the phone: "Miss Ranran, is there anything you want to do with me?" "I want to find Young Master Jackson. I have something very important to tell him in person."

"Sorry, Miss Ranran, the eldest master is in a meeting, so it's not convenient to answer your call for the time being."

There seems to be a woman's voice on Aspen Li's side. If you listen carefully, it is clearly Kylena Gale.

Emily Gale frowned.

There was no way to talk about this on the phone.

She insisted: "Aspen Li, can you make an appointment for Mr. Jackson for me? I really have very important things."

"Well, let me check the schedule of the young master, Miss Ranran, wait a moment."

Aspen Li's attitude towards her is still very good, very kind, but it seems that Young Master Jackson is not that easy to talk.

Ten seconds later, Aspen Li picked up the phone again, and said helplessly: "Miss RJenni, the timetable for the eldest master has been arranged for next month."

"I only need a few minutes, maybe you let him listen to the phone. , Can't it?" Emily Gale felt frustrated. Is it already so difficult to see Young Master Jackson now?

Why is there a feeling that she has returned to her previous life?

In those short and long five years, how many similar conversations did she and Aspen Li have?

It's too difficult to see Hunter Jackson!

Even if it is an appointment, you can only make an appointment one month later.

In fact, this is the most normal state of Young Master Jackson. Did she not know enough in her previous life?

?

It's just that I live a lifetime again, I don't know why, and I have been entangled with Young Master Jackson a lot, so I think it is different from the previous life.

Aspen Li was still very helpless, explaining: "Miss Ranran, the young master is really in a hurry, very busy, especially recently completely taking over Jackson Family..."

"I see, I won't bother."

Emily Gale called. Hanging up, but staring at the phone screen in a daze.

Until the screen went dark, Yang Yi said, "Is there really no way?" In fact, it is true that the relationship with Joseph is not important to them.

After all, it is not oneself who was deceived.

However, if Kylena Gale really deceived people, it might involve a very serious matter, that is, the death of the old lady!

"I'll think of a way."

On the one hand, Emily Gale didn't want Hunter Jackson to continue to be deceived, but on the other hand, he wanted to find out the whole thing.

Grandma said at the time that Kylena Gale had admitted wrong with her.

But, with her understanding of Kylena Gale, how could that woman easily give up everything she got?

She will not sincerely admit her mistakes, not to mention that there is a powerful person behind her.

The death of the old lady is very likely to have something to do with them.

There must be some mystery in that lake and pond and that trail.

It's a pity that the old man didn't want to be touched by the scene, so he could fill the pond completely in such a short time, and even the whole road was buried.

"Of course, I think the most important thing now is to find out who Kylena Gale is teaming with. Why does she know your relationship with the old lady?"
