

## Love Through Time and Space

### Chapter 303

Going home, "Why don't you believe me?" Jiang Nan was slightly stunned by the girl's voice.

Looking at her again, she still closed her eyes tightly and slept deeply.

The previous look at each other disappeared in an instant.

The smile on her lips was also completely gone.

She who was smiling at him didn't exist at all, everything just now was actually an illusion.

"Why don't you believe me?" Emily Gale was still muttering in his sleep, "Young Master Jackson..."

Jiang Nan sighed and suddenly returned to his position, closing his eyes.

I thought that if you close your eyes and don't look at her, you won't think about it.

Unexpectedly, after closing his eyes, her mind turned out to be all hers.

Her smile when she is happy, her frown when she is sad, her look when she is confident, and her loneliness when she is alone... Why is it all her!

With a sudden click, Jiang Nan opened the door and went down from above.

I was irritable, so irritable that I wanted to smoke, but I just remembered that I have never smoked.

There will be no cigarettes on the body.

Especially after being with this girl, I will not touch the smoke even more for fear of getting him.

Even in his always serious car, there are often some inexplicable things.

Snacks and drinks were all things he couldn't even touch before.

His life, as if unconsciously, has undergone earth-shaking changes.

And he didn't even know it!

He even willingly became a little girl's nanny!

Is this what the Second Young Master Jiang will do?

Simply, incredible!

Jiangnan leaned against the car door, looking at the blue sea in the distance.

I don't know if it was too long, the window of the car was suddenly lowered.

He frowned and looked back at the girl in the car.

She was rubbing her eyes and looking up at him: "I have found a way out, thank you for this sea, let's go home."

Go home!

These two words struck him hard in his heart!

Is his apartment home in her heart?

Emily Gale didn't notice his strangeness.

The reason why he said he wanted to go home was because he had agreed to live with him these days.

For her, it's just that the speaker has no intentions.

But Jiang Nan felt nervous along the way because of the phrase "go home".

"Want... what to eat?" Jiang Nan asked as he drove the car on the road.

Emily Gale looked down at his pants and looked disgusted: "Are you sure you want to eat out with me like this?" However, his trick is really useful.

It made her so sad that she cried a lot.

However, after crying, I looked at the sea again from the car, but suddenly felt that there was really more than one road.

She has other ways, in short, there must be a way out.

"Then what do you want? Go back and change clothes first?" Jiang Nan didn't know what she was thinking, but she could obviously feel that she was more sleepy.

I felt a lot clearer before.

"My eyes are swollen like this, I don't want to go out to eat, then..."

"Takeaway?" The only way I can think of.

"No, I want to eat my own cooking."

It's been a long time since I had eaten home-cooked food.

"Then dare to love, I also want to taste your craftsmanship."

He turned in front of him and drove directly to the Jiang family.

"No, I want to eat the dishes you make. I haven't eaten them."

Emily Gale thought for a while, and immediately announced happily: "Tonight, I want to taste the craftsmanship of Jiang's Second Young Master!" Jiang Nan only felt that the present Black, shaking his hands, the steering wheel almost slipped.

"Eat the dishes I made?" Did he hear me wrong?

After living for more than 20 years, when did he cook?

"Don't worry, I will be an assistant by the side and will not let you work alone."

Emily Gale smiled at him.

"But I..."

"Are you unwilling to agree to such a simple request?" Emily Gale strode down a small face.

Looking at his eyes, it was like he had done some unforgivable bad thing, which made her desperate.

With her small mouth flattened, Jiang Nan felt soft in an instant.

"Is it really impossible? Second Young Master... Jiangnan... Xiao Nannan..."

"..."

"Xiao Nannan..."

"Shut up!" What a name this is, it's weak!

"So you like the name Xiao Nannan. From now on, I will call you that way, okay?" "..."

"Xiao Nan Nan..."

"Isn't it possible for me to do it?" ... So, an hour later, the great Jiang Er The major general put on his newly bought apron.

Accidentally, with a click behind him, the image was photographed!

"What are you doing?" Jiang Nan was flustered. Where is this girl going to send this photo?

"I didn't send it out for you, just keep a memorial. Why are you panicking?" Really, isn't it just wearing an apron?

Could it be that the photo of Jiang Er Shao wearing an apron makes it difficult for him to accept it?

"Actually, it's very handsome, it looks like a family man, um, so handsome!" Emily Gale stared at his mobile phone screen, looking more beautiful.

"No, I have to make a poster and hang it in my room from now on.

It's so handsome!" "Dare you!" This crazy girl!

If you really dare, see if he doesn't chop her off!

Emily Gale looked at the knife in his hand and shrank her neck in fright.

"What are you doing so fiercely? Are you... are you going to bully?" His face gradually sank, and his little mouth was going to flatten.

Jiang Nan really convinced her. Why did he treat her with this expression, this flat mouth gesture, so unable to hold it?

I know it's fake!

"I don't chop you, can I chop myself?" "That's not okay, I don't want to eat my fingers."

"....."

Waiting for the princess is not so tired, although he has not served the so-called

Princess.

An hour later, there were three black dishes on the table.

It is something, because Emily Gale can no longer see what it is.

"Didn't you say that there will be braised pork and sweet and sour ribs tonight?" What about the meat?

Where's the ribs?

What are the other articles?

Emily Gale stared at the black charcoal on the plate and frowned.

It's just a shower, why is it like this?

Jiang Nan was a little uncomfortable, and he didn't know why this happened. He was not familiar with the previous second, and after a few seconds, they all turned into black charcoal heads.

Emily Gale fiddled with chopsticks on a piece of black charcoal.

The meat inside was still raw and bloodshot!

It's disgusting!

She tried another plate and finally figured out that the plate was filled with ribs.

Bloodshot, black charcoal, um... I almost couldn't help but vomit.

The third set is better, because it is vegetables, at least not bloodshot.

But, the insect...

"Did you wash the vegetables?" She covered her stomach, almost to the end of her patience.

"This dish... is only in the box. Hasn't it been washed?" The vegetables bought in the supermarket are packed in fresh-keeping boxes. This is the first time he has handled this thing in his life. So, does it need to be washed?

"I..."

"Um..."

Emily Gale suddenly nauseated, and when he lost his chopsticks, he turned and ran to the bathroom.

"What's the matter?" Jiang Nan immediately put down his chopsticks and followed.

Before entering, she heard her constant retching voice.

Is his cooking so disgusting?

Let her vomit like this!

## Chapter 304

Never Give Up Emily Gale didn't know when his stomach became so fragile.

Just looking at some ugly food, I vomited for a long time.

Most importantly, because there is no food in the stomach, it is basically retching.

After finally tossing, I changed my clothes and finally ate takeaway.

At night, Jiang Er Shao went back to the room to take a bath, but she took out the business card from her bag and dialed Yang Yi's number.

"Help me find someone, Quanxing Detective Agency, Dong Quanxing."

This was the first way out she thought of when she slept in the car by the sea.

The business card was found in the middle of the old lady's book, that is to say, the old lady must have looked for this private detective.

At the beginning, the old lady didn't know Kylene Gale at all.

In other words, the detective agency found out that the person the old lady was looking for was her.

"Also, find me another person."

... On the weekend two days later, Emily Gale arranged Jiang's affairs and followed Yang Yi out.

"That Dong Quanxing received a huge sum of money three months ago, and then went abroad for a trip. This detective agency was also closed and even the office was transferred."

"A huge sum of money?" Emily Gale swiped his mobile phone's fingertips.

After a pause, he looked at his profile.

"Yes, don't worry, I will check it for you.

The money is indeed transferred under the name of the old lady."

Emily Gale's heart tightened and stared at his face: "So, he Going abroad is probably what the old lady meant." It must be because the old lady didn't want this matter to be known to the people of the Jackson family, especially because he didn't want the old man to know about it, so she gave a huge sum of money and arranged for Dong Quanxing to go out.

I said that I was going to travel, but I am afraid I would never go back, and I would not go back to Beiling in a short time.

From the beginning, the old lady didn't want her granddaughter's existence to let the old man know.

Everyone is a woman, Emily Gale can understand the old lady's concerns, she is afraid that the old man does not like the existence of her granddaughter.

However, the old lady was reluctant to leave her granddaughter alone, so she tried every means to get Young Master Jackson engaged to her.

The old lady wanted her granddaughter to return to her side, and marrying back to Jackson's family was the best way.

This can explain why the old lady has been so persistent from last life to this life and insisted on marrying her.

The old lady was really broken for her granddaughter.

"Of course, this person must have found you, otherwise, the old lady won't have those late performances."

Yang Yi held the steering wheel and said firmly: "Of course you can rest assured, I will definitely help you find this Dong Quanxing! Emily Gale nodded, calming down.

The enemy they have to face is too strong, even hospital data

The information in the library can be changed, what else can't be done?

I changed someone else, maybe I have given up.

But she will not give up, and she must never give up!

"Yang Yi, you have to be careful too. I don't know if those people will look at you."

"In broad daylight, what do they dare to do? Don't worry, nothing will happen."

The car stopped by a street. , Yang Yi got off the car first, and Emily Gale followed.

"Is she here?" This place looks a bit remote, surrounded by small restaurants and some cheap clothing stores.

"She works around here, I'll go see..."

Yang Yi's words suddenly stopped, because he had already seen the girl in front.

The girl didn't say anything when she saw Yang Yi, but after seeing Emily Gale who was standing with Yang Yi clearly, her expression changed and she turned and left.

"It's her! Yang Yi, chase her back quickly!" Emily Gale immediately rushed forward.

Yang Yi's speed was much faster than her, and he chased her three or two times, blocking her in front into the corner of the street.

"What are you going to do? You...you dare to come again, I want to call for help!" the girl said solemnly.

"I didn't want to do anything, but she has something to ask you."

Yang looked blankly at Emily Gale who came over.

When the girl saw Emily Gale, she immediately turned her face away from her gaze: "You have admitted the wrong person, and I have to go back to work. Get out of the way!" "When do you want to hide?" Emily Gale speeded up and walked over.

I don't know what's going on in the past two days. My body seems to be a little off. I walk a little bit faster and start to breathe out.

Before, it was not so fragile!

Emily Gale ignored her inexplicable weakness and stared at Ah Xin, her face sinking.

"Why don't you dare to look at me? Are you guilty of conscience? Ah Xin, you have done something sorry for me!" "I didn't!" This girl is indeed the maid driven away by her at Jackson's house, Ah Xin.

Ah Xin looked at her, and said displeased: "What is my guilty conscience for you? You drove me away from Jackson's house. Shouldn't it be your guilty conscience for me?" "You help Ah Xin, want to deal with the old lady, you are the eyeliner Ah Xin put next to the old lady!" Ah Xin's face changed, but she quickly recovered, and she didn't care: "I don't know what

you are talking about, Emily Gale, you are now It's not the young lady of the Jackson family, and I'm not the maid of the Jackson family. Why are you questioning me?" "Only I have the evidence of collusion between you and Kylena Gale."

As expected, Ah Xin changed her face.

The change in expression could not escape Emily Gale's sight.

She was really the eyelineer Kylena Gale put next to the old lady.

At that time, she felt that Ah Xin was wrong.

It is impossible for an ordinary maid to have such courage

, So presumptuous in front of the host's family.

Sure enough, it was because of the backing.

"Emily Gale, don't spit people. I have left the Jackson family. Don't think about doing anything to me."

Emily Gale ignored her remarks and asked indifferently: "How much does Kylena Gale give you?" "I... ..I haven't received any money!" Ah Xin amplified the volume and said loudly.

"It's not a guilty conscience. What are you doing so loudly?" Yang Yi snorted and said with disdain: "Is it because you have collected the money? I'll check it out."

"What can you check?" "He can check everything, including Your relatives in Lingzhou, including your illegitimate daughter."

"What did you say?" Emily Gale's words made A Xin almost jump up in a hurry.

How does she know?

How would she know!

"You are indeed very cautious, and even resist looking at her.

It is impossible for ordinary people to know that you were already seventeen years old..."

"You shut up! You shut up! I didn't, I didn't do anything! A Xin was very excited, almost rushing to cover Emily Gale's lips.

Yang Yi pushed her back: "Don't worry, no one else knows about this matter yet."

"What are you trying to do?" Ah Xin was angry and anxious, and tears almost rolled down.

The illegitimate daughter must never be known!

She now has a boyfriend. If he let her boyfriend know about this, he will definitely break up with her!

"I never thought of embarrassing you.

As long as you are honest, I won't tell your boyfriend about this."

Emily Gale's sympathy was almost exhausted in his previous life.

These people have deceived the old lady, she has not completely revealed her bottom, it has been regarded as benevolent.

"Tell me, on the day Kylene Gale appeared in front of the old lady in Sangqing clothes, what happened before I came? What did you do to the old lady?"

## Chapter 305

At least, knowing the truth, "Nothing!" Ah Xin wanted to escape.

But Yang Yi has been blocked in front of her, completely blocking her escape.

She tried to rush out several times, but was pushed back by him.

For the last time, Emily Gale said calmly: "Let's go, tonight, your boyfriend will definitely know about your seventeen years old."

"What evidence do you have?" A Xin was not convinced.

"We even know where your illegitimate daughter is, do you think I can't find out those things?" Yang Yi snorted coldly.

A Xin was completely decadent, she stared at Emily Gale, her eyes moist.

"Why do you want to be so vicious and have to force me? You just want to kill me!" "When you and Kylena Gale deceive the old lady together, why don't you feel vicious?" Emily Gale's heart, sometimes it's cold, and I don't even believe it when I'm cold.

"Although you don't tell the truth, what I have is a way to make your life worse than death for the rest of your life."

"Emily Gale! You poisonous woman!" "Who is the real poisonous woman, you know!" A Xin suddenly it's like being discouraged.

Although I don't want to admit it, I still have to admit that if it wasn't for those things that he had done, how could Emily Gale approach her?

None of these rich people is easy to provoke.

Whether it's Emily Gale, Kylena Gale, or even those she doesn't know.

"I can't say it."

She looked at Emily Gale and knelt down with a sudden plop.

"Madam, please let me go, I can't say, I really can't say!" "Why can't you say? What did you do?" "I can't say, I really can't."

Ah Xin sucked backwards He breathed a sigh of relief, and suddenly sobbed: "If I said, they won't let my daughter go, my daughter will be in danger."

Emily Gale's palm was tightly squeezed. Unexpectedly, those people would have kept such a hand.

Axin wiped a tear and choked up: "Even if I tell you the truth now, it is useless at all. You have been kicked out of Jackson's house, what else can you do?" "Give up, Madam, even Jackson Da Shaodu is with Kylena Gale, don't want you, you can't beat them!" A Xin's words didn't mean the slightest gloat, what she said was the truth.

If a man has changed his heart and no longer believes in you, what is the use of what you say?

What's more, A Xinming knew that there was a powerful force behind Kylena Gale.

In the face of all this, Emily Gale alone, or, with a few friends, what can he do?

In Ah Xin's view, this is simply hitting a rock with a pebble.

However, Emily Gale has never been so easy to give up.

"Whether I can fight them, you don't need to worry about it, you just need to tell me that day

So what happened.

"Did I say that you can keep this matter secret for me?"

"Axin stood up and looked at her: "But I can only promise to tell you that I won't go to Jackson's family to testify for you."

"My daughter's life is always in the hands of those people, no matter how you force me, I won't go, I hope you can understand.

"Well, I won't force you to testify when I can't guarantee your daughter's safety."

"But now, I must tell her what happened that day.

"You promise first..."

"I promise, I will never tell your boyfriend about this."

"Emily Gale's words made Ah Xin a little relieved.

Although she was still hesitant, but after a few seconds of hesitation, she finally spoke.

"That day, Kylena Gale asked me to push the old lady to the backyard and pretend Accidentally, I heard Kylena Gale's mother talking on the phone with someone else.

"Siniya Ye?"

"Didn't this woman be driven away by McGraw Gale? When did she return?"

"Yes, my task is to push the old lady to that place and let her hear the conversation.

"What is the content of the dialogue?"

"Since the old lady "heard", then Ah Xin, who is pushing the old lady, can naturally hear it too.

After thinking hard, Ah Xin said: "The general content is, thank that person for helping her a lot, and saying You are her biological daughter.

She has endured for many years and declared that Kylena Gale is her daughter, just to let you replace Kylena Gale one day.

"A Xin can't remember the specific conversation anymore, so she can only think about it.

"Anyway, you and Kylena Gale have switched identities.

The other party actually knew it, but they didn't tell the old lady, so the old lady was completely wrong.

"In fact, there are many things that Ah Xin doesn't know, but she has her share in the arrangement of this matter. In the end, what identity Kylena Gale wants to fight for, Ah Xin is not particularly clear.

Anyway, Kylena Gale gave it.

She has money, and asks her to monitor the old lady's every move. If she can't do it, or tells these things out, her daughter will be in danger. In fact, being driven away by Emily Gale is also a kind of Extrication.

She just didn't expect that one day, Emily Gale came to the door.

"I only know so much, and usually, Kylena Gale asked me to report the old lady's affairs to her.

"But, the old lady usually goes out for a walk occasionally, and spends most of the time resting, and there is nothing to report.

"I have finished talking.

She looked at Emily Gale, a little unwilling, but helpless.

"Emily Gale, remember what you promised. Can I go now?"

"Axin wanted to leave, Yang Yi immediately stretched out

Hands must stop.

Emily Gale shook his head, "Let her go, she is unwilling to come out to testify, and it is useless to keep her."

After all, an innocent little girl was involved behind this.

Now, it was not the time to entangle, at least, she already knew what was going on.

Yang Yi was a little unwilling to find this woman and asked her to admit what she had done.

If she can testify to Young Master Jackson, at least Young Master Jackson can give Emily Gale a little more trust.

He really couldn't see that Young Master Jackson believed in Kylenea Gale and didn't trust RJenni!

"Let her go."

Emily Gale turned and walked towards the other end of the alley.

Yang Yi had no choice but to let Axin go and follow behind her.

"Of course, are you really not letting her testify to Young Master Jackson?"  
Such a good opportunity is so rare!

Since this Ah Xin had already relaxed, it was only a little time before she was allowed to testify.

Push it again, maybe she will agree.

“Did you not listen to her? Those people, threaten her with her daughter.”

If you just tell them, you can restore your boyfriend, and Ah Xin will be willing and understandable.

However, if it is to take risks with his own daughter, then as a mother, Emily Gale believes that no one will agree.

Even if she loses her current boyfriend, Ah Xin will not use her daughter to take risks, so what is the use of forcing her?

What’s more, she didn’t dare to take this risk before she could not ensure the safety of Ah Xin’s daughter.

Those people behind, if even the old lady is really harmed, then just imagine how cruel their methods are.

To a little girl, they will not be soft.

“Let’s go.”

She put away her lost gaze and told herself, at least, she already knew the truth.

Yang Yi sighed and said helplessly: “Well, now, we really have nothing else...”

Before the words were finished, suddenly, a loud bang spread from the alley behind him...

## Chapter 306

Otherwise, Emily Gale, the person next to you, will suddenly look back.

She couldn't believe it, and she didn't want to believe it!

On the street at the other end of the alley, a truck crashed into a tree on the side of the road.

After hitting a tree, it stopped.

On the other side of the street, Ah Xin fell in a pool of blood, motionless.

The driver of the truck panicked, his head still bleeding.

He walked to Ah Xin's side, anxious not knowing what to do.

Emily Gale only felt that the world was spinning, his body was soft, and the whole person almost fell.

Yang Yi was also frightened with cold hands and feet, but fortunately, he could barely hold Emily Gale.

Emily Gale's situation was worse than him, with cold hands and feet, and almost no temperature in his whole body.

"Let's go... look."

Her voice was cold and hoarse indescribably low.

Yang Yi finally stabilized his emotions and helped Emily Gale to walk to the other end of the alley.

It seemed that someone had called the police, probably because it was not far from the hospital, and the ambulance came immediately.

Emily Gale watched the doctors and nurses check on Ah Xin, and watched them give first aid. In the end, it turned out to be a white cloth completely covering her.

Thoroughly, covered up...

She really couldn't hold it this time, and fell to the ground.

Yang Yi helped her squat down. Seeing her face as paper, he looked worried: "Of course, don't panic, it's an accident, it's really an accident!" The truck driver was also taken away. This time, it's true.

It was an accident.

There was no intentional murder, no escape, no conspiracy, what they could see with the naked eye was indeed an accident.

"Accident, do you know? It's an accident, it has nothing to do with us."

Yang Yi helped her and finally helped her up.

"Go back first, don't panic, I'll take you back."

Emily Gale covered his stomach, and there was another burst of pain in his lower abdomen.

She was shaking, even when she got in the car, she was still shaking.

Not long ago, they were still talking, not long after now, Ah Xin... actually is no longer there.

Accident?

But why, the accident came so suddenly, so coincidence?

"Listen to me, it's really an accident, don't panic!" Yang Yizhen was afraid that she would not be able to handle it. He drove while comforting: "Don't panic, no one would want to, but no one could predict such an accident.

"Yang Yi, drive well."

Emily Gale closed his eyes, her face like water.

If it weren't for her hand trembling all the time, no one would think she had fallen asleep.

Yang Yi really couldn't find a more suitable word to comfort him, but if he was to drive well, he could only focus all his attention on driving.

Accident?

It seemed that it was really just an accident.

But, such a coincidence, the coincidence is so heartbreaking... When Yang Yi drove back to Jiang's family, Emily Gale really

Slept over.

She didn't even realize that she could sleep like this recently.

Everyone was still busy in the office, Emily Gale converged his mind, went back to the office, and wrote the manuscript all night.

The company now has dozens of teams, and their work should be able to keep up for the time being.

He Lingzhi and Su Xiaomi are also preparing for the comic call for manuscripts and the draft contest.

When the APP goes online next month, the content should still barely meet the most basic library requirements.

However, it is only the most basic.

Whether it is traffic or content, it must continue to expand.

Jiangnan is going to attend a very important meeting today, and is still working overtime at night.

Therefore, Emily Gale did not see her all night.

At nine o'clock in the evening, Jiang Nan sent a text message: "Are you in the office? Wait for me, I will pick you up in half an hour."

"Okay."

Emily Gale returned the message.

When I was about to put down the phone, the phone message tone suddenly rang, a text message, an unfamiliar number.

She clicked on the text message, and the content in it suddenly made her heart tense: "Don't pursue it anymore, otherwise, the next person who has an accident will be the person next to you."

People around!

What does he mean!

"Where is Yang Yi?" Emily Gale walked out quickly and walked into the office lobby of the Development Department.

"Where did Yang Yi go?" Qin Zhizhou is there, Su Xiaomi and He Lingzhi are there, where are Yang Yi and Liu Shang?

Liu Shang didn't know about this, but Yang Yi did!

What does that text message mean?

Could it be that the next thing they have to deal with is Yang Yi?

"Yang Yi said he was hungry, and Liu Shang went to find something to eat, and brought us a supper by the way."

After painting all night, everyone was tired. Yang Yi and Liu Shang wanted to go out and put water.

But Emily Gale's expression looked so alarmed?

Su Xiaomi suddenly became nervous: "What's wrong? Did something happen?" Emily Gale didn't want to scare them.

She didn't mention a word about the text message.

Shaking her head, she immediately dialed Yang Yi's number.

However, the other party said it could not be connected!

Where did they go?

Why can't I get through?

"Of course, what's going on? Is Yang Yi in danger?" Emily Gale's expression frightened Su Xiaomi and the others.

Several people gathered around, all staring at Emily Gale.

The more Su Xiaomi looked at her, the more things were wrong.

"Of course, don't scare us, what's going on? Hurry up!" "Someone sent me an anonymous text message, saying they would deal with my friend."

Emily Gale couldn't explain too much, she immediately dialed Jackson God's call.

No matter when it is, as long as it is Emily Gale's call, Jackson Tianyou will always answer it as soon as possible.

"Of course, are you looking for me?" "God, you are

Where is it?

"Recently, Jackson Tianyou didn't know what he was doing, and he was always out of sight.

"I'm on my way back to the Jiang family, and I will be there soon.

"God, you listen to me, I received an anonymous threatening text message, maybe someone will deal with Yang Yi, now, Yang Yi and Liu Shang went to the next street to find food.

"I see, I'll go over and take a look now, don't worry, I will bring them back right away."

Jackson Tianyou hung up the phone, it should have been to Yang Yi and the others.

"We can't wait here, so we can find them quickly."

"Many people are powerful. If you really run into bad people, at least, more people will help the other party to stop being so presumptuous.

"Good!

Without saying anything on Tuesday, Qin Zhi picked up the fruit knife on the side table and rushed over, "Quick!

"This..."

He Lingzhi looked at the fruit knife in his hand and was terrified: "This...Is it really going to kill someone?"

"I took a fruit knife to go out at night.

It was so terrible that I was caught as a terrorist every minute.

"So... how about changing this one?"

"I don't know who put the baseball bat in the corner, Qin Zhizhou quickly picked it up.

"Let's go.

"Emily Gale picked up another baseball bat and immediately walked outside the door. Su Xiaomi and He Lingzhi didn't know what to take, so they could only follow.

They just walked out of the lobby door of the office building and saw they were wearing white.

The handsome guy in the slacks came to face him. Seeing the baseball bat in Emily Gale's hand, Jiang Nan frowned and looked displeased: "It's big night, is this going to fight a group?"

## Chapter 307

It's just an accident. If possible, Emily Gale didn't want Jiang Nan to know that she was investigating the old lady.

However, Yang Yi may be in danger now.

She bit her lower lip and was about to speak when suddenly, the phone rang.

Emily Gale was nervous and hurriedly took out the phone.

Yang Yi's call!

She hurriedly answered: "Yang Yi, where are you? How is it? Are people safe? Is there anything wrong?" "It's okay, I see God, I will take his car back immediately, don't worry."

Yang Yi's There was nothing wrong with the voice, Emily Gale was completely relieved.

"It's fine if it's okay.

Are you with Tianyou? Come back quickly."

After hanging up the phone, Emily Gale looked back, looking at her with several eyes.

She sighed and said: "It's okay, I'm with God you."

The friends were relieved, and He Lingzhi said: "Then, go back to the office and wait for them while doing things?" "Okay, go back first. Everyone greeted Jiangnan, then turned and walked into the lobby.

Emily Gale wanted to turn around, but Jiang Nan clasped his wrist: "Come here and have a cup of coffee with me."

"I..."

Emily Gale had a little frustration, and whispered, "If I drink coffee at night, I can't sleep..."

"Then accompany me for a cup of tea."

"Tea is the same."

"Drinking boiled water!" Emily Gale was dragged into the lounge by Jiangnan, and a glass of warm water was placed in front of her.

"How about? Don't you plan to tell me the truth? These days, I often run around with Yang Yi. What do you want to do?" Although Jiang Nan's eyes were always gentle, they were more or less cold. breath.

It's just that when he becomes cold, the chill is no less than that of Joseph and the others.

In particular, he usually has an elegant and gentle image. Once he becomes indifferent, he will give people a sense of stiffness that is difficult to adapt.

"I...a bit thirsty."

Emily Gale picked up the cup with both hands and took two sips.

When putting down the cup, as soon as I looked up, I saw Jiang Nan's temperatureless gaze, still locked on her face.

Does he mean he will not give up without asking an answer?

"How long do you want to hide? I want to check it. How long do you think it takes?" "I...doubt the death of Mrs. Jackson..."

"Didn't Hunter Jackson have said that you are not allowed to investigate this matter? What else do you want to do?" "But I know the old lady's death is strange, I can't just give up like this, let her die unclear!" "Then tell me, who do you suspect? Why do you suspect? Jiang Nan stared at her with cold eyes: "At that time, there was no one beside the old lady beside you? Who else do you think you can suspect?" Emily Gale couldn't answer this question.

She

.

"It's the same with tea."

"Drink boiled water!"

Emily Gale was pulled into the lounge by Jiang Nan, and a glass of warm water was placed in front of her.

"How?"

Don't you plan to tell me the truth?

During these days, I often run around with Yang Yi, what do you want to do?

"Although Jiang Nan's eyes are always gentle, they are more or less cold.

It's just that when he becomes cold, the coldness is not less than that of Joseph and the others. Especially he is usually a gentle and gentle image. Once you become indifferent, it will give people a sense of stiffness that is difficult to adapt.

"I...a bit thirsty.

"Emily Gale picked up the cup with both hands and took two sips. When putting down the cup, as soon as he looked up, he saw Jiang Nan's temperatureless gaze, still locked on her face. He didn't ask for an answer, swears. Do you mean not to give up? "How long do you want to hide?

I want to check, how long do you think it takes?

"I... I doubt the death of Mrs. Jackson..."

"Didn't Hunter Jackson have said that you are not allowed to investigate this matter?"

What else do you want to do?

"But I know that the old lady's death is strange, I can't just give up like this, let her die unclearly!"

"Then tell me, who do you suspect?"

Why should you doubt?

Jiang Nan stared at her with cold eyes: "At that time, was there no one beside the old lady beside you?"

Who else do you think you can doubt?

"This question, Emily Gale can't answer, she

"This question, Emily Gale can't answer, she

Who do you suspect?

Why should you doubt?

Jiang Nan stared at her with cold eyes: "At that time, was there no one beside the old lady beside you?"

Who else do you think you can doubt?

"This question, Emily Gale can't answer, she

Who do you suspect?

Why should you doubt?

Jiang Nan stared at her with cold eyes: "At that time, was there no one beside the old lady beside you?"

Who else do you think you can doubt?

"This question, Emily Gale can't answer, she

I don't even know.

"So? You don't even have a goal, what can you do? Or, you have other things to hide from me?" "I..."

Emily Gale was just a hesitation. When he looked up, he found that Jiangnan had already arrived. In front of myself.

He looked down at her condescendingly. With the gesture of two people, she suddenly felt overwhelmed by the pressure.

"Jiangnan..."

"Why didn't you tell me? You still don't believe me?" She saw a touch of disappointment in his eyes, and she felt a trace of anxiety in her heart.

But, can you tell him that she is an old lady's granddaughter?

It's not that she doesn't believe him, but that things are really too complicated and weird. If she is not the person involved, maybe even she herself would not believe it.

After all, the information that the old lady left in the hospital system has been tampered with. Who has such great skills?

In this matter, even Hunter Jackson did not believe in himself, would Jiang Nan believe her?

"I..."

In the end, she just lowered her eyes.

"Since I don't want to say it, I don't have to force you."

Jiang Nan turned around and walked out of the lounge.

The moment he turned around, Emily Gale clearly tasted a sense of anxiety.

She didn't want to lie to him!

I don't want to!

She doesn't want him to be disappointed in herself, she...will be uncomfortable.

"Jiang...well!" There was a sudden discomfort in her stomach, she almost vomited as soon as she opened her mouth.

He wanted to summon Jiang Nan, but he had already walked out of the lounge, but she couldn't even open her mouth to speak.

I really want to vomit... Emily Gale stood up, had no chance to chase it out, turned around and went into the bathroom.

Jiang Nan actually walked very slowly. He thought that the girl would at least chase it out and explain to him.

In fact, it didn't make any sense to be angry with her. If she was willing to explain, then he decided to forgive her.

However, she did not chase it out.

She walked to the door of the lobby, but she still did not chase it out.

Will he always be so indifferent and alienated?

Jiang Nan didn't know what he was disappointed, but in short, he was really disappointed.

There was a feeling of being so lost that even the sense of taste disappeared...

As soon as I walked out the door, I raised my eyes and saw several people getting off the car in the outdoor parking lot outside.

Jackson Tianyou and Liu Shang, and Yang Yi walking between the two.

He didn't want to pay attention, but as far as he could look, he saw that Yang Yi's face was scarlet. That was... blood?

Jiang Nan frowned and walked towards them: "What's the matter?" Yang Yi was a little embarrassed, and said in a low voice, "It's okay."

Liu Shang hurriedly said, "When I was walking on the road, I was touched by a motorcycle. Next, accidentally..."

"Yang Yi!" Emily Gale smashed the lobby door and chased out quickly.

She retched in the bathroom for a while, originally intending to chase it out, to see if she has a chance to talk to Jiangnan

explain.

Unexpectedly, as soon as he came out, he would see Yang Yi returning from injury.

"What's the matter? Didn't it mean it's okay? Why is it hurt? Is it serious? Where is the injury?" "It's okay, it's just a scratch on the face, it's fine, a small wound, a little bloody That's it."

Yang Yi saw her pale and hurriedly explained: "I just accidentally bumped into a motorcycle. I blamed myself for not walking with long eyes.

It has nothing to do with others, accidents, accidents."

But at this time, Yang Yi said.

The word "accident" made Emily Gale's face increasingly pale.

Yang Yi probably thought of something, and immediately explained: "It's really my problem. People drove the motorcycle well. I saw Tianyou rushing past and didn't see it clearly for a while."

Emily Gale didn't know what to do. Don't believe it, she doesn't know if Yang Yi is comforting herself.

Her gaze fell on Tianyou, her voice still trembling slightly: "Really?" They were really sure, it wasn't the man who drove the motorcycle who deliberately hit Yang Yi?

Why is everything else okay? After she received such a text message, Yang Yi had an accident?

Why is this coincidence so disturbing?

Although Tianyou didn't know what she was worried about, he probably knew what Yang Yi meant.

Can't make her more upset.

He nodded and said softly: "He didn't lie to you, it was just an accident."

## Chapter 308

The man, returning to the apartment like he came from hell, was already eleven o'clock in the evening.

Jiang Nan's face looked colder than usual.

After returning, he immediately entered his room and never came out again.

Emily Gale felt weak, went back to the room, took a shower and changed clothes, and looked at the clock on the wall.

It's almost twelve o'clock, I don't know what Jiangnan is doing.

She actually just wanted to tell him that she was not guarding him, but the matter was really too complicated to talk about.

Yang Yi would know that it was because Yang Yi was involved in the whole thing.

If this were not the case, she might not even say Yang Yi.

After sitting for a while, at twelve o'clock, she walked out of the room, taking advantage of the opportunity to pour water, and walked a few steps towards the door of Jiangnan's room.

There is a voice of speaking, is he talking on the phone with others?

The door was not closed tightly, and the light faintly revealed.

She didn't want to eavesdrop on what he said, but, why is there her name?

Who is he talking to?

Is the matter related to her?

Emily Gale took two steps forward, faintly, and heard Jiang Nan talking again: "...the war is chaos there now... when... when will you come back?" Emily Gale's heart was shocked, and he made a bang. His head hit the door.

The sound inside suddenly stopped. With a brushing sound, the door was opened and Jiang Nan's gloomy face appeared in her sight.

Emily Gale didn't have time to explain why she wanted to eavesdrop.

She grabbed Jiang Nan's wrist and her fingertips trembled slightly.

"He... that he is fake, isn't it? He is now... Isn't the person in Ali Khan? Isn't he?"  
"I don't know what you are talking about."

Jiang Nan was expressionless.

Emily Gale bit her lip, anxiously sweating her palms.

"Jiangnan, don't help him to lie to me! The young Master Jackson who is in Jackson's family now is a fake, and the others are in Ali Khan, aren't they?"  
However, there are wars everywhere, and it is very dangerous. !

What does he want to do?

"You think too much, go back and rest."

Jiang Nan took her wrist and pulled her back to the room.

Emily Gale tried to break him free, but his strength was too great, she couldn't make a half.

Emily Gale anxiously said: "Jiangnan! I just want to know the facts, is that right?" "No!" Jiang Nan said with a calm face, looking down at her, "You just don't want to accept the reality, and Young Master Jackson doesn't want to believe you at all.

The person who is merciless to you is also him!" "No! That person is not him! Absolutely not!" She didn't want to believe what he said just now, she heard clearly!

"Hunter Jackson went to Ali Khan, the one who is staying in Beiling now is definitely him! Don't lie to me anymore!" "Emily Gale, calm down, don't have any illusions about Hunter Jackson! He doesn't Like you, don't believe you,

I don't want to be with you either!

" "I do not believe!

"Emily Gale shook his hand hard and finally shook his hand away! "Jiangnan, if you don't tell me the truth, I will go to Ali Khan to find him!"

"You..."

Emily Gale didn't want to listen to him anymore.

She went back to the room and took the key and was about to go out.

The passport and all the documents were still in her apartment.

She just came here to stay for a few days. Jiang Nan Knowing what she wanted to do, before she went out, he chased her, grabbed her wrist, and pulled her back.

"Don't go!

Hunter Jackson is in Beijing, you have seen it yourself!

"I didn't see it with my own eyes..."

Emily Gale was pulled, but her center of gravity was unstable and hit the wall with a thud.

She was a little uncomfortable, and subconsciously covered her belly. Jiang Nan frowned and stared. With her tangled little face: "Does your stomach hurt?"

"How does it look like she is suffering a lot? Emily Gale was speechless, her stomach really hurts, as if being pulled by something. Her face became pale, and her hands kept on. Trembling. Jiang Nan panicked, held her in his arms, and said anxiously: "I will take you to the hospital!"

"No..."

She wanted to push him away, but she didn't have any strength at all.

She didn't want to go to the hospital, she was going to Ali Khan! The young Master Jackson was in Ali Khan in his previous life, and almost died. In this life everything is gone. Not the same, but he still went to Ali Khan.

She was so scared, she was really scared, in case something happened to Hunter Jackson there...

"I want... to find him.

There was a sharp pain in her lower abdomen, her breathing was stagnant, her body softened, and her whole body fell down.

"RJenni!

"Jiang Nan gave her a hug, only to realize that her eyes were closed and she had fainted. He didn't dare to delay, so he hugged her out and hurried to the parking lot. How could an aunt to toss her? Why does the stomach hurt so much? He checked a lot of information, even if he really came to the aunt, it would not hurt to faint. Is it because, too anxious? ... When I arrived at the hospital, it was already It was just one o'clock in the morning.

The result of the doctor's statement made Jiang Nan's whole person dumbfounded. He was holding his mobile phone and tried to dial the number, but his fingers trembled violently.

The fingertips were less than one millimeter away from the screen, but there was never Determined to press it down.

At the door of the rescue room, he was alone. Suddenly, he realized that he was also afraid of something. I was afraid that something would happen to her, or that something would happen to her stomach. I was very afraid! I don't know how long it has passed, He finally made up his mind and dialed the number.

"What's the matter?

"On the other side of the phone, a man's low and hoarse voice came. Jiang Nan pursed his lower lip before he said solemnly: "She... is pregnant, and something is wrong with the fetus.

Now the doctor is trying to rescue him, it may not be...

"... Emily Gale was in a coma all night. By ten o'clock in the morning the next day, people still didn't wake up. When the tall figure appeared in the hospital, everyone was really shocked. He was a servant of Fengchen. , Really covered with dust, the dark color on the clothes, it is clearly the blood that has dried up. His face is pale and looks like he has lost too much blood. On the black shirt, there is also wet blood, like it is The wound was torn open, the blood oozes out again, and the shape is terrible.

Although the face is still handsome so that people can't look away from it, the blood on this body is really scary.

The nurses look at it one by one. He looked dumbfounded. Handsome, he is really handsome. However, this bloodstain made him a little bit colder than usual, and even murderous. Jiang Nan did not expect that this guy should be embarrassed.

At this point, if you know what he looks like, he probably won't bother him. But if Emily Gale is in this state, if he is not allowed to come back, if something happens in the future, he will regret it for life.

"Man?"

"Hunter Jackson's voice is extremely hoarse, with a slight breath, obviously because he was too anxious to walk.

"Now the situation is stable, the child is saved, but he is very weak, what will happen in the future, no one do not know.

Jiang Nan looked at him and said helplessly: "I have been pregnant for less than a month, and there are signs of threatened miscarriage. Now I can't see the result with B-ultrasound. I can only wait for a while to determine whether the child can get it.

## Chapter 309

He finally believed her child, but he might not be able to keep it.

It is still too fragile now, and there is no way to predict what will happen in the future.

It will take a while to know if the child can want it.

I don't know if the child can ask for... This news made Hunter Jackson breathe a sigh of relief, but his heart was also severely grabbed.

"Is Ye Han here?" Before he came back, he called Ye Han.

Jiang Nan nodded, "Ye Han is taking care of him with the director of the obstetrics and gynecology department."

He couldn't help but feel a little worried when he looked at the embarrassment of the man in front of him.

"You better... let the doctor clean up this injury first."

Seeing that Hunter Jackson was not willing at all, he just wanted to wait here for Emily Gale to wake up, Jiang Nan said again: "The doctor said she should not be stimulated anymore. Wake up to see you like this, will you frighten her?" Joseph held her hands tightly, turned around and took out his phone: "Send me a set of clean clothes immediately."

Actually, he knew that the young master was back. Aspen Li people were already waiting in the hospital.

It was just that according to the plan that the young master had before, he shouldn't have come to the hospital to take care of Jenni, so the young master refused to let him come, and he did not dare to appear.

Now that he received a call from Hunter Jackson, it didn't take long before Aspen Li delivered his clean clothes.

He just didn't expect that Young Master's injuries were so severe!

There are countless wounds of various sizes on his body, some of which are caused by stab wounds and some caused by bullets.

Fortunately, none of them hurt the key points, otherwise... Aspen Li couldn't even think about it.

Hunter Jackson just asked the doctor to clean up the wound in a hurry, and he returned to Emily Gale's ward.

At this time, Emily Gale has been transferred to the intensive care unit, and the person has stabilized.

There is not much danger for the time being, but his body is still very fragile.

In fact, from the beginning, after being tossed by Hunter Jackson all night, her body had already suffered a lot.

At that time, it was not suitable for pregnancy, but who would have thought that the child would come under such a harsh environment.

In the following days, although the body was recovering, it was still too weak.

The child happened to come when he shouldn't have come, but no one knew of his arrival.

Even the child's mother-to-be thinks that her stomach hurts only when she comes to the aunt.

How can an eighteen-year-old girl understand this?

In fact, this child is too late.

Whether it's body or mind, this girl has suffered too much trauma recently.

Hunter Jackson sat down by the hospital bed.

After changing his clothes, there was no trace of blood on his body.

It seemed that except for his face was slightly pale, he was completely indistinguishable from a normal person.

Except for doctors, most people really can't tell.

So

Therefore, when Emily Gale woke up, there was nothing wrong with him.

But why is he here?

Isn't he in Ali Khan?

Could it be that the one before was really him?

Is the man who said he doesn't believe in himself, too?

For a moment, there were mixed feelings, not wanting him to venture into Ali Khan, but also afraid that the man who doubted himself was really him.

In fact, she had never spoken to him twice after seeing it, and she had never even seen it in the front. That's why she suspected that the person was simply someone else posing.

But now, she can be 200% sure that the man in front of her is Hunter Jackson.

"Why..."

She remembered, but Hunter Jackson gently pushed her back: "Don't move."

She didn't dare to move.

She didn't know if what she heard when she was confused is true or false. .

Emily Gale's hand fell on her stomach, and there were many questions in her heart, but she didn't dare to ask.

"You are pregnant."

Hunter Jackson gave her the answer directly.

He didn't know what mood to use to explain to her, let alone what attitude to use to face all this.

He is also the first time to be a prospective father.

Although the baby was not coming at the right time, although she was pregnant at this time, in fact, it was definitely not a good thing for her.

But when the child came, he was still very surprised.

Under the pressure of excitement, he tried his best to make his voice sound flat, so as not to frighten her.

"The child is fine, but your body is very weak.

The doctor said you must take a good rest."

Emily Gale's face remained as usual, but his fingers kept trembling.

I lowered my head and glanced at my lower abdomen.

The hands and lower abdomen were close together. In fact, I couldn't feel the child at all, but it was as if I could see it sleeping inside.

A small life was conceived in her belly.

She couldn't tell what it was like, or even if she was happy.

She knows that the child is not coming at the right time, but he has already come, what else can he do?

The corners of his eyes were sour, and tears slipped down accidentally.

She wanted to turn her face away, to prevent the man from seeing her tears, and to show her vulnerability in front of him.

Hunter Jackson's hand fell on her face, and gently broke her face back.

"Don't worry, no matter what happens in the future, I will protect you."

Such a simple sentence and such a simple promise made Emily Gale's heart startled. Tears rolled down like a flood that burst a bank.

Does he doubt her anymore?

Don't you want to believe her anymore?

He was so gentle at this moment, but he was so indifferent and merciless not long ago.

When is he real?

"Don't cry."

Hunter Jackson's long fingers crossed the corner of her eyes, wiping her tears away.

His voice was low and hoarse, but for an instant, it made people feel warm: "I'm sorry..."

Emily Gale couldn't help it anymore, struggling to get up, and hugged him.

The moment the two bodies met, Hunter Jackson frowned slightly, but he stretched it out quickly, without letting her see anything unusual.

Although the wound on his body was a little piercing because of Emily Gale's hug.

However, his girl is in his arms, and the baby in her belly.

At this moment, even if it hurts again, it is happy and sweet.

He closed his eyes, and the bloody torture these days seemed to have been smoothed out in an instant.

"Don't doubt me, I didn't harm grandma. I really am her granddaughter. Really, I didn't lie to you."

Emily Gale hugged his neck tightly, crying red eyes: "Kylena Gale is a liar, she I've been lying to you."

Hunter Jackson didn't say anything. He just nodded and responded softly: "Yeah."

The low tone made Emily Gale's nose sore and he hugged him harder.

He believed in himself, he finally believed in her!

She never felt that she was a fragile person, but at this moment, she was so fragile that she almost passed out.

Is it excited?

Still moved?

Or is it sad?

He finally believed her... Hunter Jackson coughed slightly, suppressed the severe pain, and said softly: "Wait for you to heal, we... go home together."

"Yeah!" Emily Gale nodded vigorously.

He finally returned to his side.

The two people hugging each other did not notice the figure at the door.

After Jiang Nan opened the door of the room, he closed it carefully again.

Standing outside the door, facing the gentle autumn breeze, he clearly felt a desolation in his heart.

They are reunited, he should be happy.

But why did my heart lose its direction in an instant when they said they were going home together?

Going home... Once upon a time, did she say the same to herself?

## Chapter 310

Three days later, the man like the wolf king was the day when Emily Gale was discharged from the hospital.

The doctor said that during this period, she must take a good rest, so Jiang Nan asked her for leave, and when that time came, she went back to the exam.

However, there is no special treatment for the exam.

"Where is Joseph?" Emily Gale was flustered when he could not see Hunter Jackson when he woke up.

"He left beforehand, I'll send you back."

Jiang Nan understood what she was worried about, and he smiled: "It's okay, I can see him right away."

Emily Gale didn't know what plans they had, but as long as they could soon see Hunter Jackson, she was relieved.

Jiang Nan will not lie to her, he never lie to her.

Vince went to handle the operation that was discharged from the hospital.

Although it was not as grand as the last time, Jiang Nan did not hold her out of the house, which was controversial.

However, he stayed by her side the whole time, like the most intimate and gentle flower protector.

"Are you deliberate?" After getting in the car, Emily Gale looked sideways at him.

"Intentionally what?" Jiang Nan looked down, no matter when it was, the look in her eyes was always so gentle.

"In front of everyone deliberately, like a couple with me?" "No way, who makes your man hate too much?" Jiang Nan smiled and asked Vince to drive.

The car drove out of the hospital, but not to Jackson's house, but to the dock?

"What do you mean?" Emily Gale was flustered, and suddenly grabbed Jiang Nan's sleeve: "You want to send me away?" No!

She can't go!

If she leaves, Hunter Jackson will definitely go to Ali Khan without any scruples!

Now that she has a child in her belly, even if he doesn't care about her, he should care about their children!

He can't take risks, he has to be responsible for the children!

"Don't get excited, Young Master Jackson is on the cruise ship, why are you panicking?" Jiang Nan smiled.

"On the cruise ship?" Emily Gale was taken aback, and raised his head to meet his gaze: "Did you lie to me?" "I'm in your heart, don't even have any credibility?" Jiang Nan's face sank, and he deliberately scowled. .

Emily Gale bit her lower lip, not unwilling to believe him, but really panicked.

She always felt that Hunter Jackson was going to Ali Khan.

The anxiety in my heart has always been so strong, because of this anxiety, even the heartbeat is much faster.

Jiang Nan got out of the car, walked around to her, and opened the door for her.

"Forget it, let's hurry up. If you don't see him, you won't feel at ease."

Emily Gale didn't say anything but got out of the car and followed him on the cruise ship.

This is Jiang's cruise ship, under the name Jiangnan, it looks like Jiangnan is traveling with his little girlfriend.

On the cruise ship, Hunter Jackson was indeed there.

He didn't go out to meet his own woman, but waited for her to walk into the cabin before holding her in his arms.

"You don't want people to know my relationship with you,  
is not it?"

"How smart is Emily Gale? After the peace of mind, many things are obviously easy to see.

"It's not the time yet."

"Hunter Jackson said lightly, hugging her into the room.

"Ordinary people want to deal with you, you don't care at all, Joseph, this is not your style.

"Is there any big move on the Paradise Island side? "No.

"Hunter Jackson could easily see through her thoughts, and he soothed: "I gave them two plots of land last time, and he also used that method to deal with me.

There is no grievance between me and Paradise Island now.

"Emily Gale didn't say anything. Hunter Jackson's words still sounded very reasonable.

Although she didn't understand the boss of Paradise Island, they wanted to make money. People like Joseph could not be guilty, so he tried not to offend. Be kind to make money. So, why should he be so cautious? No matter in his previous life or in this life, his enemies have never been less, but Young Master Jackson has always been aloof and doesn't pay attention to those

people at all. Why this time, it took so much time to make people think that he was with Jiang Nan and he was completely hiding behind? Is it all because of her? Emily Gale was a little bit sour in her heart, but she didn't know what to say.

They can only lean in his arms, close their eyes, and cover their lower abdomen to rest quietly.

The private island in the south of the Yangtze River will soon arrive, but Emily Gale did not expect that that night, they secretly boarded another boat. Taking advantage of the moon When the black wind was high, she quietly left the small island of Jiang's Second Master and went to another place.

Although the wind and waves were not big, she was still a little seasick and vomited several times on the boat.

After that, she didn't know when she was. I fell asleep.

Anyway, confused, the whole person felt a kind of drifting. With this sleep, I slept a little deep, when I woke up, Emily Gale found himself sleeping on a large bed, but in the room alone Nothing.

"Joseph!

"She panicked and immediately sat up. I don't know if she moved too hard, her head was dizzy, and she almost fell back. Baby... Emily Gale subconsciously covered her stomach. Fortunately, there was no pain this time.

The doctor said that the condition of the fetus is very unstable. During the recent period, it must be calm and recuperate. Two days earlier, I was really too nervous.

The whole person was nervous, not like the self in the past.

She sighed. Suddenly I despise myself a little bit. I don't know if it's because of pregnancy, the mood is always very ups and downs, even with it, the mood is also particularly unstable. Now I wake up after a long sleep, but people calm down. Simple After washing, Emily Gale walked out of the room, unexpectedly, found himself living in one of the rooms of a row of cabins

in.

In the front, there are countless men training in a large wilderness area.

One by one, wearing camouflage uniforms, tall and vigorous, no matter whether it is a rock climber or a sandbag walking on a stake, they can walk like flying, like walking on the ground!

From a distance, so many people are like a huge army.

Do not!

More like a pack of wolves!

Correct!

It's a wolf!

Emily Gale clearly saw the bloody nature of the wolf from them!

She took a few steps forward and finally saw the man standing in the crowd.

Like everyone else, he wears a camouflage uniform for special training, but he is obviously the same costume, but he is extremely dazzling in the crowd!

He is the king of these wolves!

Always aloft, standing in the heaven and earth, people can't help being in awe!

That is, her man.

She wanted to walk over, but behind her, a low voice suddenly came out:  
"Unexpectedly, you actually appeared here."

"Ross?" She was stunned, turned her head, and met his Senhan gaze.

"Do you know what he has gone through during this period?" Ross hummed coldly, walked to her side, and looked at the figure standing proudly in the distance.

"Yes, I pretended to be the eldest brother before. Those words were also what I said, but you never thought that even though it was what I said, they were also what the eldest brother thought?" "Ross..."

Emily Gale I was stunned, what did he mean by that?

Ross's eyes were cold and her voice was extremely cold!

"You are a badass, Emily Gale, don't you know?"

## Chapter 311

Ross sneered for her, and squeezed his palms tightly: "He worked so hard to forge his own country, but in order to protect you, he accepted the old man's conditions and gave everything he had to the old man!" He looked cold. Yan, step by step approaching Emily Gale.

"He has always been so high, never bowed his head to anyone, but for you, he returned to the old man and obeyed the old man's arrangements!" Emily Gale was forced to back down by him.

"He is a businessman who got into Paradise Island for you. He not only cedes land for compensation, but also suffered such a big humiliation!" "Now, in order to protect your future safety, he even has to go to Ali Khan to form a

mercenary group to deal with Paradise Island. People!" Everything is for this woman.

In Ross's view, she is not only a badass, but also a time bomb.

I don't know when, it will ignite again, leaving the big brother to pieces!

"Do you know how dangerous Ali Khan is now? Do you know how difficult those people are?" Although the eldest brother has returned safely, the injuries he suffered on the way back that day were not what this woman could imagine!

"Big brother originally arranged everything, that is, the phone call and the call related to you. Big brother immediately put down everything and rushed back from the war."

"How much do you know about the difficulties and obstacles in the middle? Two bullets, or are there? It was taken out from the plane at will! Have you seen the stab wound on his body?" With a thud, Emily Gale hit the wooden pillar behind him.

There was a faint pain in the lower abdomen, but she just squeezed her palm tightly and resisted it.

She didn't know and had never seen it, because in the past few days, when Hunter Jackson was with her, he had never taken off his clothes.

Although she occasionally smelled the smell of disinfectant, because she was in the hospital, she thought the disinfectant was only used by the hospital for cleaning.

She had never thought that all the disinfectant water was used on his wounds.

The two bullets were taken out on the plane because they wanted to come back to see her, right?

Also, the knife wound... His eyes crossed Ross and fell on the figure in the distance.

He stood in the crowd, training with his brothers, there was nothing unusual about his body shape.

In just four days, he worked hard to restore himself to this point.

No one can see the injuries he suffered!

"Did you see it?" Ross also turned her head, watching the figure on the training ground with her.

His eyes were originally indescribably cold, but the moment he saw his eldest brother, it softened.

"I have never seen him so crazy, for a woman, he can do this!" "His injuries will only be more serious than you think, but those mercenaries, besides value money

, But also fancy his own boss.

"If the eldest brother is not strong enough, not enough to make people impressed, those people will not convince him.

"So, even if his whole body is injured, even if the wound may re-open at any time, he is still expressionless, training with everyone. Let these people see his brave and strong side, let everyone treat him thoroughly Convinced! Such a big brother makes him proud and proud. But the premise is that the big brother is for his future, not for some inexplicable woman! But it is the fact that people are reluctant to accept, but have to accept it, that is, The existence of this woman in front of me. Everything the eldest brother does is for her! "I don't want to condemn you, but I don't want you to continue to harm eldest brother.

"I never thought of hurting him."

"Emily Gale knows that these words don't make any sense anymore. When things happen, nothing else will become too much.

"You don't kill Boren, but Boren died for you!"

If you haven't thought about it, it doesn't mean you haven't done anything to hurt him!

"Whether it is intentional or unintentional, whether active or passive, at least, she can't get rid of it! Emily Gale's hand subconsciously dropped on her lower abdomen, gently covering it. Just such a movement made Ross say more. , Can't go on. He snorted coldly and turned away. Emily Gale didn't know how long he had been sitting in front of the cabin.

The people here were training, and even Ross later joined the training team. Hunter Jackson was even more focused on the special training of leading the team, and she deliberately sat in front of the other wall of the wooden house, blocking the view of Joseph Beitou.

Therefore, in more than an hour, Joseph Bei also didn't realize that she had come out of the room.

It wasn't until noon when he was resting, when he returned to the room with sweat all over, that his woman was gone. Joseph hurried out of the room, and he saw it as soon as he went downstairs. Emily Gale stood alone in the clearing in front of the small forest.

"Why don't you let me know when you wake up?"

"The thin back made Hunter Jackson feel distressed for a while. I was pregnant with a baby, but he didn't have the legendary fat, but he became thinner and thinner. This girl, I don't know how many more meals I usually eat? ?

I'll have someone prepare lunch immediately.

Emily Gale wanted to say that he was not hungry, but his stomach groaned and he was really hungry.

Although he has no appetite recently, he is very hungry.

It is said to be a symptom of pregnancy, and such symptoms will become more and more obvious in the future.

Therefore, women will only grow fatter and fatter after they are pregnant. Hunter Jackson imagined this girl getting fat, and his heart suddenly became excited. Be fatter, like this, too little meat, too thin body, as if Like being blown down by the wind at any time.

Whenever I didn't stare at her, I was afraid that something would happen to her. I really didn't feel safe at all.

"Go, take you to dinner."

He wanted to hold her hand.

Emily Gale put her hand back and avoided his contact.

Hunter Jackson frowned: "What's the matter?" "It's nothing."

She didn't want to say, as long as she touched him, she seemed to bring bad luck to him.

After biting her lower lip, she said: "You... you are so dirty, it will affect my appetite..."

"Heh, I will go back and change my clothes right away."

Young Master Jackson likes to laugh very much these past few days, and seems to be in a bright mood. Similar.

A little bit less cold and quiet than before, a little bit more of the smell of sunshine, is it because of being a prospective father?

In fact, Emily Gale could feel that although the child's arrival was an accident, he really looked forward to the child's arrival.

Back in the room, Hunter Jackson took a set of clean clothes and walked into the bathroom.

Emily Gale stood at the door of the bathroom, listening to the movement inside, the sound of the splashing water, her heart was crazily tightened.

Several times I wanted to go in and look at the large and small wounds on his body, but I knew that even if I saw it, I couldn't change much.

Their special training cannot be stopped, otherwise, everyone will not believe him.

This is the most critical moment for Young Master Jackson to have his own team. If he survives, he will be the real wolf king!
