

## Love Through Time and Space

### Chapter 321

Brother, it's a lifetime thing.

The power of Paradise Island in Beiling has indeed been disintegrated.

A group of mysterious forces found several of their dens and also found information on relevant important personnel.

Those people were arrested one after another.

Although they were escaped by the biggest behind-the-scenes boss, even if he returned again, he would not be able to gain a foothold in Beiling.

Everyone is speculating that the person who contributed this time is Mr. Jackson. Of course, it is impossible for Mr. Jackson to admit publicly.

However, the security company he suddenly founded seemed to fit this point very well.

It is said that the employees of the security company are all senior bodyguards, and the rich in various countries have to queue up if they want to invite them.

Anyway, the arrest of Paradise Island really has something to do with Mr. Jackson's security company, probably, it can only be guessed.

What Jiang Nan relayed to her was all information that could be found outside.

As for whether there was inside information or something, Jiang Nan did not say, and Emily Gale did not ask.

In fact, many things are well known to everyone, so why ask more.

At least, Emily Gale was relieved.

Young Master Jackson has really risen. He used to be a simple businessman, but now he is so tough that anyone on the road dare not provoke him.

This man, in just over a month, reached a height that he had never climbed in his entire life.

“But, you said that the boss of Paradise Island has not been arrested?” This made Emily Gale a little uneasy.

“Don’t be afraid.

Although he has not been picked out, the power of Paradise Island in Beiling has been completely disintegrated, and the rest of them will not be able to become a climate.”

Emily Gale was finally completely relieved, but still holding his mobile phone.

There is no hang up.

I want to ask some questions, but I know I am not qualified to ask.

Jiang Nan waited quietly on the other side of the phone.

For a while, only her breathing was on the phone, but there was no sound. He pursed his lower lip and suddenly said: “He is injured...”

“How is the injury?” Emily Gale breathed tightly and immediately asked. .

He knew that after hesitating for so long, what he always wanted to ask was whether Hunter Jackson had an accident in this battle.

For ordinary residents of Beiling these days, the days are no different than usual.

But in fact, in some remote places and uninhabited islands around the Beiling these days, the smell of blood is very strong.

Everyone is speculating that the newly established Wolffield Security Group has made great contributions.

Of course, this is confidential, and it is impossible to have accurate information circulating inside.

Everything depends on public speculation.

However, the action this time was really fast. Before everyone had time to react, things had settled down.

When the news came out today, the power of Paradise Island had been disintegrated.

"I'm not badly hurt, I heard only

I stayed in the hospital for a day and was discharged early today.

Emily Gale didn't say anything, and held the phone quietly, but still didn't hang up.

"Ranran, what can you say to me?"

"This hesitating person is not like her personality at all.

"Do you want to find an opportunity to explain to him?"

Don't worry about this matter. For me, don't worry.

After these few days pass, I..."

"He said, after Paradise Island, it will be us who will go to hell.

Emily Gale calmly interrupted him. Jiang Nan was visibly stunned for two seconds.

After two seconds, he said, "That's because he didn't know..."

"No, I can't look back anymore."

Emily Gale lowered his eyes and set his eyes on her flat lower abdomen.

The child, no matter what the misunderstanding, whether it is to be solved or not, can not change this fact. What's more, even if there is no Paradise Island, so Young Master Jackson's current status and status in Beiling will still attract a lot of jealous eyes.

The woman who can stand with him is definitely the strongest.

And she, without this ability, I am afraid, she will never have it in her life. I don't want to return to him.

"Without Paradise Island, there will still be thousands of people who want to harm him. Ross is right.

She is a harmer, staying beside him will only be a disaster.

"But Jiangnan, Jackson What the youngest said that day, I was a little disturbed..."

"Are you afraid that he will deal with me?"

Jiang Nan lifted his lips, smiled, and said, "What are you afraid of? Although he and I have not seen each other for a long time, we are still brothers."

"Brothers, there may be misunderstandings, even quarrels and fights, but brothers will always be brothers and will not be brothers.

Although Emily Gale is still a little uneasy, at least Jiang Nan's words will let her My heart felt a little more settled. When they returned to the box, Yang Yi and Jackson Tianyou were all here. Liu Shang and Qin Zhizhou also arrived soon, a small celebration banquet, which is a bit high-end in this house.

The hotel is being held. He Lingzhi, the financial manager, immediately took out his cell phone and turned on the calculator when he was looking at the menu.

"Oh my god!

I just turned over the cold dishes and looked at a lot of cold dishes for no money. I thought it was a good price.

"As soon as I walked in, I was discussing the effects and ratings of their live-action talent show, and I forgot the meal menu. This dish! My God! Would it be so expensive? "A serving of vegetables costs more than two hundred!"

Robbery!

"Su Xiaomi was also shocked. Fried vegetables or something, shouldn't it be the price of thirty or forty? Even if the environment is good, sixty or seventy is the best! Two hundred and eighty-eight portions of fried vegetables, my one Hey, if you eat this, your spine will cool down! "People are fried vegetables in XO sauce, of course.

Different.

Yang Yi waved his hand and grinned: "You now, one is the boss of the September Media Finance Department, and the other is the general manager of the marketing department and planning department.

They are all big people, and they can't even afford a vegetable.

"Even if we are worthy now, it doesn't mean we can be extravagant and wasteful. You have to know that we eat all our hard-earned wages."

"Although it is a variety of ministers, general managers, etc., in order to save costs, the salary is not high. Even for a super master like Qin Zhizhou, Emily Gale wants to give him a high salary, but he doesn't want it. So. In the end, Emily Gale promised to give everyone a share of shares and be the master of his own after these three years.

As for now, because the company has not yet begun to make a profit, just keep it up. In fact, although the salary is not comparable to the first-line, even The team leader can't compare to anything, but it's a lot better than before.

It's so much better. So, this meal is still affordable.

"It's okay, I'll please.

"Emily Gale put the phone away and said with a smile.

"Do you think you are rich?"

Your salary for yourself is not as good as mine.

"He Lingzhi is the head of the Finance Department and knows everyone's income clearly.

"Even if the salary is not high, you can still afford it."

Emily Gale poured himself a drink and raised his cup: "Come on, don't worry about money or money. Today is to celebrate. Let go, eat and drink well.

"But Su Xiaomi still feels a little... well, it hurts.

After thinking about it, she still quietly took out the phone.

Then quietly, she sent a message out...

## Chapter 322

Is he comparable?

Emily Gale didn't expect Jiang Nan to come, just before the checkout.

"What are you doing here?" She was a little surprised.

At this point in time, even if it was to eat, time passed.

"I'm hungry, so I came."

As soon as Jiang Nan came, Yang Yi immediately added a place to Emily Gale's side.

After he sat down, Su Xiaomi quickly asked the waiter to add a pair of chopsticks.

He Lingzhi and Su Xiaomi have cultivated a sufficiently high degree of understanding in just over two months.

Seeing Su Xiaomi's dogleg appearance, she was not far behind, and immediately sent the menu to Jiang Nan.

"Second Young Master, see what you want to eat, I will ask them to place an order for you immediately."

Jiang Nan glanced at the dishes on the table and said lightly: "No, there are many dishes."

How dare Su Xiaomi and He Lingzhi Let the big boss eat leftovers?

Even Yang Yi and Qin Zhizhou did not dare!

Liu Shang also said: "Second Young Master, let's see what you want to eat. I will let them take the leftovers away."

"No need..."

"You should order."

Emily Gale looked at the menu and opened his mouth: "Otherwise, why are they embarrassed to let you check out?" "Puff!" "Cough!" "Uh!" The few friends were suddenly embarrassed, and for a while, they didn't know if they should find a hole to get in.

Emily Gale, don't they want to save her some money?

It's too much to say everyone's thoughts so loudly!

Jiang Nan's thin lips curled up and looked down at the thin girl.

"I'm afraid everyone knows that you, the boss, are too poor, right?" Although September Media is just a small company under their Jiang family, it is really not big to them.

However, because of Emily Gale's relationship, Jiangnan always pays special attention to the issue of September Media.

Recently, after one of their reality talent shows went on TV, the ratings have exploded. Of course, you have to celebrate.

Celebrate, then she should pay the bill as the boss, which is obviously easy to see.

"Uh, that...hehe, I just want the second young master to come together to celebrate and celebrate."

He Lingzhi secretly gave Emily Gale a blank look, this girl, don't make trouble again.

Emily Gale lowered his head to drink a drink and said nothing more.

However, Jiang Er Shao was not a fool, and naturally understood what they meant.

Anyway, he is rich. What is tens of thousands of ten thousand to him?

"Okay, let's have a sweet and sour pork ribs, shrimp and vegetable heart, lotus pond moonlight."

Jiang Nan pushed the menu back to He Lingzhi, and said: "These."

He Lingzhi was shocked, even Su Xiaomi. shocked.

"What?" Jiang Nan raised his eyebrows.

"No, nothing."

He Lingzhi immediately called the waiter to add food to Jiangnan.

While Jiangnan was going to wash his hands, He Lingzhi stared at Emily Gale with a face

Shocked: "Of course, you... are not really in a relationship?" Who would believe this?

"That's right! I'm definitely in love!" Su Xiaomi also stared at her, with a grievance: "You can do it, should you do such a good job of confidentiality? What's just a friend? Who can you lie to?" Jiang Nan called the dish just now , There is still on the table!

That's what Emily Gale called before!

Everyone ordered one or two dishes, because Emily Gale treated the guests, she ordered one more.

The three dishes, without the slightest deviation, are exactly the same.

These are Emily Gale's favorite dishes!

Jiang Nan knew her preferences clearly, and said that the two have no special relationship?

Regarding this matter, Emily Gale was also very helpless.

Because of a miscarriage before, Jiang Nan said that this month is considered confinement, and she must live with him.

After a month, what did she like to eat and what she didn't like, Jiang Nan figured it out clearly, what was so strange?

However, everyone still didn't know about the two of them living together, and Emily Gale didn't intend to talk about it.

At the end of a month, she will soon move back to her apartment, only to find a chance to talk to Jiang Nan.

After moving back, there will be no more rumors, so it's better to say nothing more than less.

Jackson Tianyou poured her a drink, and he still sat aside, silently.

Yang Yi knew that he was in a bad mood, but, of course, everyone couldn't interfere with Jiang's Second Young Master.

God Bless also didn't want to embarrass Emily Gale, so for so long, he just kept guarding silently and never said much.

When Jiang Nan came back, everyone had calmed down.

In front of the Second Young Master Jiang, no one dared to mess around.

I don't dare to be joking for the time being, after all, although the second young master seems to be gentle, in fact, he always gives people a sense of rejection.

Everyone is the relationship of subordinates, and no one dares to go beyond.

Of course, Emily Gale doesn't count.

"Why don't everyone stop talking when I come, am I so terrible?" Jiang Nan asked himself to be kind to Emily Gale's little friends, as if he had never lost his temper in front of them, right?

"You are the big boss, who will let them pick up their burdens and leave in minutes. Who dares to speak loudly in front of you?" Emily Gale glanced at him, "Unless you swear, no matter what mistakes they make, they will not be fired.

"No, no! No need, no need!" He Lingzhi almost couldn't help it, wishing to kick Emily Gale's calf.

This guy, did you deliberately tear down the stage today?

Let Second Master Jiang swear?

Don't want to mix up, right?

"Well, after get off work, no matter what jokes everyone says, as long as they do not harm the company's interests, they will never be fired."

Jiang Nan looked at everyone and said with a smile: "This way,

Satisfied?

"Everyone was stunned, and they couldn't react a little. This Second Young Master Jiang, is it too easy to get along with? Su Xiaomi laughed and asked tentatively: "Really...any joke is fine?"

"Don't you want to scold me?"

"It is not uncommon for employees to scold their boss privately.

"How is it possible?"

"Such a good boss, can't ask for it, why are you still willing? Su Xiaomi is just curious, especially curious, so curious that his stomach is about to be swallowed by curious bugs.

"Well, second master, you are peaceful... ..That...you and her..."

"Ah!

"He Lingzhi really couldn't stand it anymore, so she continued: "She wanted to ask, are you in love with Ranran?"

Emily Gale glared at her, but she didn't take this matter to heart. Everyone's eyes fell on Jiang Nan. Jiang Nan took a sip of water, slowly put down the cup, and looked sideways.

The girl next to her took a look. Suddenly her thin lips curled up, and she smiled and said, "I want to see if this girl is willing to give me a chance.

"Cough!

"Emily Gale almost didn't get choked to death by the drink. This guy, on purpose? When he went out, Su Xiaomi and He Lingzhi dragged Emily Gale

outside the women's bathroom and almost had to be tortured by them to confess a confession! The two have no special relationship!

The Second Young Master Jiang has said that, waiting for your reply!

"He's joking, really, I swear."

"Emily Gale is going to be annoying to death, why doesn't anyone believe her?  
"I don't believe it!"

He looked at your eyes, and he was going to die, he must have confessed, why didn't you agree!

Such a good man!

"That's right!

Are you still thinking of Young Master Jackson?

But why don't you think about it?

Second Young Master Jiang is so gentle, can that cold-hearted Young Master Jackson be comparable?

"Suddenly, a chilly voice sounded from the promenade outside: "Really?"

## Chapter 323

Who is the most familiar stranger who said that Young Master Jackson is cold, and who said that he is inferior to other men?

In the hallway, a girl with an exquisite and glamorous but unconventional dress, holding a man's arm, looked at them blankly.

She said the slightly unpleasant "is it" just now.

However, it was not her who shocked everyone, but the man beside her.

Some people say that he is a wolf-like man.

The word wolf, I can always see it on Weibo today.

But now that I saw him, I knew why everyone said that.

The sharp and cold eyes are like the wolf king at night.

He may just be an unintentional look, but in the moment of carelessness, it makes your blood freeze.

Su Xiaomi and He Lingzhi were so scared that their legs trembled and they almost didn't kneel for him!

No one thought that in such a place, at the door of the women's bathroom, you would actually see...Mother Jackson!

Emily Gale squeezed her palms, barely held her breath, and gently pulled the two partners.

However, they can't walk at all!

His legs were weak and he leaned against the wall, stupefied that he couldn't take a step.

Who doesn't know that it's best to leave now, but the two legs seem to weigh a lot, and they can't move!

How to do?

Of course, what should I do?

What can Emily Gale do?

They can't leave them alone.

But if she drags these two guys away, she really can't do it!

Let them not eat so much in normal times, so they can't lose weight first?

Every one is heavy like a pig, how do you drag it away?

"Of course, why are you here? What a coincidence."

Kylena Gale was indeed somewhat surprised when she saw Emily Gale.

She looked up at Hunter Jackson. In fact, she was a little flustered. What she was most afraid of was seeing something wrong in the eyes of Hunter Jackson's face.

Whether it's anger or surprise, it's all about caring.

But today, Hunter Jackson's handsome face was calm as usual, with no waves in his eyes.

Facing Emily Gale, should it be cold or cold, should it be cold, and still be light, without any expression at all.

He really gave up on this b\*tch.

Kylena Gale secretly breathed a sigh of relief, before looking at Emily Gale, her thin lips evoked an elegant smile.

"It's been a long time, are you okay? Why are you still with these people who can't get on the stage?" Su Xiaomi and He Lingzhi really want to scold them back loudly. Who the hell is the person who can't get on the stage?

But, Shao Jackson and Kylena Gale stood together, cursing?

Really dare not!

Emily Gale's eyes only flashed across Hunter Jackson's face.

Looking at Kylena Gale, she smiled and said: "My friend does not know how to dress up. Maybe he still can't make it to the stage, but at least he is kind-hearted, sincere and generous."

"Compared to some people who are different, hypocritical and evil, I prefer to be with them

Office, is there anything wrong with this?

"Somewhat unexpectedly, Kylena Gale didn't go into a rage when she was stimulated like before. This time Kylena Gale, gentle and elegant, and generous, seems to be very different from the past Kylena Gale. ,Is it?

Congratulations, I found a good friend with me.

"I said congratulations to Emily Gale, but there was no sincere smile in her eyes.

She looked up at Hunter Jackson, her voice was so soft that it almost dripped water.

"Joseph, I'll wash my hands, come out right away, wait a moment.

" "Ok.

"Hunter Jackson faintly replied. Kylena Gale reluctantly took her hands away from his arms. Young Master Jackson finally allowed her to walk with him by arm, if not I'm so anxious, who is willing to separate from him? However, people have three anxieties. If you don't rush to solve them, you can't hold them. Kylena Gale gave Emily Gale a cold glance, and walked into the bathroom quickly, for a second I don't want to delay. I'm afraid that this b\*tch

will start to hook up with Young Master Jackson again when she's away! This time, she will never give her any chance to return to Hunter Jackson's side.

After Kylena Gale left, Joseph Bei took out a cigarette from his pocket and lit it with a pop. He stood on the corridor and smoked slowly. His actions were casual, but as long as it happened to him, any action was fatal and charming. Emily Gale pulled it again. Lasu Xiaomi and He Lingzhi, at this time, they are still here, it feels really strange. However, these two guys still can't stand upright even if they are next to the wall. Emily Gale was also very embarrassed, and the three stood there. By the wall, I have been reluctant to leave.

The picture looks very weird. Should I say hello to Hunter Jackson? He was a person he knew, but he saw him like a stranger. But the last time they met, The enemy is separated. Now, should I say hello? Hunter Jackson was just smoking quietly, standing in the middle of the corridor with his tall body, but it seemed to occupy all the space.

The surrounding air was full of his breath. , As if all the places belong to him. Under such a momentum, it is really not easy to leave by his side. Emily Gale took a deep breath and told himself that the past Don't think about things anymore.

At least, everyone met. Her eyes fell on Hunter Jackson's black shirt. Jiang Nan said that he was injured, but only stayed in the hospital for one night and left. I don't know he was injured. How's it like? "You..."

She hesitated for a while before finally raising her head and facing him bravely: "Young Master Jackson, long time no see, how are you?"

"Hunter Jackson's gaze fell diagonally, and finally fell on her

Face.

At the moment his eyes met, Emily Gale thought he would be flustered, but in fact, he just glanced at her lightly.

Those eyes were indifferent, alienated, without a trace of affection, as if they were looking at someone who was irrelevant.

Therefore, it was not her turn to panic, because the other party did not put any pressure on her at all.

"Yeah."

Hunter Jackson nodded as a response.

Very light, as light as water.

Kylena Gale came out at this moment. Seeing the eyes of the two people met, she panicked and walked over immediately.

The position she walked over was just squeezed between the two people, using her body to cut off all their connections.

"Joseph, let's go."

Kylena Gale smiled softly at him, and continued to hold his arm with both hands.

The man did not refuse, and raised his hand to take another cigarette.

The diffuse smoke haunted his face with a mysterious charm. With a flick of his finger, the cigarette butt was accurately and accurately thrown into the ashtray in the trash can not far away.

After that, he and Kylena Gale walked away, without any nostalgia, nor any intention to say hello to Emily Gale.

Su Xiaomi and He Lingzhi breathed a sigh of relief until their figures were far away, so far away that they could no longer be seen, and they almost fell down while supporting the wall.

What did they say just now?

Behind Joseph, he said that he was inferior to other men.

God!

Young Master Jackson didn't give them to death on the spot, it was a great favor.

I don't know why, every time I see this man, it's like seeing an ancient emperor.

Really, so scary!

## Chapter 324

Why did he "just, what just now, is... it was Lingzhi who said it?" Su Xiaomi, with hindsight, began to want to separate the relationship.

"What nonsense are you talking about?" He Lingzhi was taken aback, really wanted to kick her up, "Obviously you said it!" Emily Gale didn't bother to pay attention to them, and went out of the hotel to see Yang Yi and Jackson Tianyou. Standing together, probably waiting for them.

Seeing Emily Gale coming out, Yang Yi came over immediately and whispered; "There is something."

"Xiaomi, you will let God send you back first."

Emily Gale glanced at Su Xiaomi.

Su Xiaomi knows that Yang Yihe Ranran has always been a bit mysterious during the recent period.

However, she did not pay attention, leading He Lingzhi away.

Jackson Tianyou hesitated a little, Emily Gale said at him: "The Second Young Master Jiang will wait for me."

In a word, Jackson Tianyou had no more meaning to stay.

He took the two girls and left.

Liu Shang and Qin Zhizhou left earlier. Jiangnan seemed to have met an acquaintance and said a few more words in the hotel, but they haven't come out yet.

Yang Yi dragged Emily Gale to an unobtrusive place and whispered: "I finally found that Dong Quanxing!" "Really?" Emily Gale was suddenly excited.

After searching for more than a month, I finally found it.

This Dong Quanxing is really hidden!

"I got in touch with him, but he didn't want to come back. He said that someone in Beiling wanted him to die."

This matter, almost conceivable, just heard it at first, and Emily Gale's heart still couldn't help but sink.

Sure enough, there are so many people who have been blocking all this.

They haven't attacked her until now, and they don't know if it is because she has been with Jiangnan, or because their probing actions are too secret.

"Yang Yi, think of a way to keep in touch with him first.

As for other things, don't move for the time being."

Yang Yi, a 19-year-old boy, is a bit difficult to let him handle this kind of thing.

"I know that when I don't be too outrageous, I just keep in touch with him."

Since what happened to Ah Xin, Yang Yi has also felt a little uneasy.

Later, Emily Gale had another accident.

Although Jiang Nan had been guarding her, the friends didn't know much about it.

However, it was true that she had an accident, and everyone could guess it even if she didn't say it.

Yang Yi was even more worried that the matter had something to do with what they were investigating. Since then, he has done everything cautiously.

Even when investigating something on the Internet, you must ensure that you do not leave any traces.

"Dong Quanxing said that the old lady did ask him to check some things, but he didn't want to say anything."

"But he at least admitted that he had contacted the old lady."

This Dong Quanxing may be the most important thing.

A little bit.

Emily Gale thought for a while before saying: "I will

Think about what to do, now, go back first.

" "it is good.

"Jiangnan hasn't come out yet, and Yang Yi is not happy to leave first. Emily Gale left with Su Xiaomi and the others. Jiang Nan thought they had already

left. I called him, but he didn't answer it. I don't know if the phone is not around. , Or, I didn't care about picking it up.

"How about I send you back first?"

"Yang Yi's car is still in the hotel parking garage.

"No, I'll wait for the Second Young Master Jiang, you can go first."

"Emily Gale shook his head. Yang Yi glanced at the hotel lobby.

Although Jiang Nan could not be seen, the lobby was crowded with people.

There shouldn't be any danger in such a noisy place. Yang nodded, "Then I'll go first, and call me if I have something to do.

" "it is good.

"After watching Yang Yi leave, Emily Gale waited at the door of the hotel for two minutes, inexplicably unable to wait. In fact, tonight, she was very upset.

She didn't want to admit that all of this was due to seeing Hunter Jackson again. However, it was indeed related to him, and I couldn't deny it if I wanted to deny it. I took out my phone and sent a message to Jiang Nan saying that he had left with them first.

After the message was sent, Emily Gale sighed and took the phone away. Get up and walk to the distant street.

The night is not too deep, it looks like eight or nine o'clock.

The yelling, noisy atmosphere on the street, mixed with the anxiety and restlessness of urbanites. Emily Gale walked in the crowd. , That irritable heart slowly settled down. No matter what happened in the past, everything has settled now. Some people are destined not to belong to them, but now they

just return to their own tracks, occasionally Derailment, it's not worth paying attention to.

Actually, isn't it good now? No matter how much obsession, let go, you really let go. But, can you really let go... Emily Gale turned around and was about to return to the hotel, Went back to wait for Jiangnan. Unexpectedly, just turned around, suddenly, a chill came from behind. Emily Gale was startled, and hurriedly turned her head back, already trying to escape as quickly as possible. But her neck tightened, and the person was unexpectedly Contained her. Emily Gale didn't have time to see the person who attacked him.

She opened her mouth to call for help, but suddenly inhaled a peculiar smell.

After that, her consciousness was confused, her eyes went dark, and people fell softly. Since she broke up with Young Master Jackson, her life has been very peaceful. For more than a month, there were no accidents and attacks like this. Unexpectedly, she had just reunited with Young Master Jackson, but she was inexplicably about to be caught again. Kidnapped. Young Master Jackson, is it her nemesis? Emily Gale's eyelids are heavy, but I don't know if the dose of the drug is not heavy enough.

She just fainted, but

Not completely unconscious.

I can't open my eyes, but I can still feel everything happening around me.

She was thrown into a car with a lot of space, like a small room.

Someone tied her hands up and tied them above her head, and after that, they abandoned her here and everyone went out.

What place is this, and who's car is it?

What do they want to do?

I don't know how long it took, but someone seemed to come outside.

The voices of several people talking to him were respectful, but Emily Gale's consciousness was still a little confused, and he didn't hear what they were saying to that person.

After that, the car door was suddenly opened and someone came in.

His icy breath and chilly feeling are comparable to the cooling effect of an air conditioner.

A second ago, Emily Gale felt relieved for the familiar breath.

But a second later, because of that familiarity, he immediately became flustered.

What did he want to get her tied up?

Emily Gale finally opened her eyes, finally, she could clearly see the man sitting next to her.

He had a cigarette in his hand, and when she woke up, he was still puffing out smoke.

He didn't smoke much before, but he has been smoking twice after seeing it twice today.

Is it irritable, or is it accustomed to the feeling?

Emily Gale felt a little cold, but she soon found out.

Now, it's not the time to feel sorry for Joseph, but to think about how Jackson Dasho will treat her!

As soon as he moved, Emily Gale found that his hands were tightly bound and couldn't move!

She looked at the man with the breath of death in the silence, her voice was a bit desolate: "What are you...what are you doing?"

## Chapter 325

What does he want to do when he changes?

I've been with two men, how can this woman be so innocent?

Is he born to act well, or is he born so stupid?

Hunter Jackson was sitting on the chair in the back row. In order to avoid his body, Emily Gale could only shrink back from the chair.

However, the space is so large, no matter how much she hides, the bodies of the two people are still close together.

Hunter Jackson suddenly leaned back in the chair, Emily Gale's petite body was immediately suppressed by him, and he couldn't move at all.

She made a profit, her hands were still tied tightly, and the whole person was lying next to him. This feeling was really bad.

"Young Master Jackson..."

"What do I want to do?" Hunter Jackson raised his long fingers, holding a cigarette between his slender fingers, which easily made a woman lose her soul.

But she refused to see it, no matter how handsome or beautiful, she should not see it.

He is now truly with Kylena Gale.

But if she didn't watch it, it didn't mean that Hunter Jackson allowed it.

His hand suddenly fell on her, he actually started to unbutton her coat: "What do I want to do, guess?" "I don't guess!" Although Emily Gale was breathing messy, even though he was actually very scared, , Still trying to put on a calm look.

"I don't know when Young Master Jackson started to have such a heavy taste and a woman who likes other people!" She thought that she would irritate him and make him angry and disgusting, so she would throw her out without seeing her.

Unexpectedly, Hunter Jackson was not only not angry, but on the contrary, he raised his lips and smiled.

"I'm just like this, don't you know?" He picked up with a long finger, and Emily Gale's buttons were immediately unbuttoned.

The fabric of the shirt was a bit slippery, the neckline slipped down, and a large area of white skin suddenly appeared on the shoulders.

Her breathing was a little confused again.

No one can see through Jackson Da and Young, never.

His hand fell on her neck, and his fingertips slipped slowly along her neck.

In Emily Gale's mind, the scene of being in the hospital suddenly lingered.

He pinched her neck.

She couldn't breathe.

The shadow of death enveloped her.

She was standing at the door of Guimenguan... Obviously Hunter Jackson just pressed her neck with his fingertips this time, but she seemed to breathe.

All find it difficult.

Very difficult!

The chest is constantly undulating, with perfect lines.

Hunter Jackson smiled, fingertips lingering on her neck, and finally, all the way down her neck.

"Don't!" Emily Gale earned hard.

There was a tingling pain in his wrist, but he couldn't get out of the rope.

She looked at Hunter Jackson and wanted to beg for mercy, but the piercing chill in the other's eyes blocked her from swallowing all the words of begging for mercy into her stomach in an instant.

If begging for mercy is useful, he will not be called a wolf-like man!

Only he likes and dislikes, others'

Mood is worthless in his eyes!

Emily Gale finally chose to close his eyes and ignore him.

When he gets tired and feels boring, he will naturally let her go.

I haven't tried a similar situation before, but in the end, he actually just scared her.

But this time, Hunter Jackson's actions were clearly beyond Emily Gale's imagination.

He leaned down and told her with his actions that the wolf king never just scared people!

... Two hours later, the well-dressed man got out of the car.

The rope in Emily Gale's hand was loosened, and the whole person slipped off the leather chair.

Grabbing his clothes, his eyes were blank.

He is no longer the old Young Master Jackson, the only trace of warmth that was left before, now he has completely become ice.

He really changed.

There was a knock on the door, and Qin Yi's voice sounded impersonal: "Miss Gale, please leave in five minutes."

These words were not only ruthless, but also full of humiliation.

But this also means that she has only five minutes to clean up her time.

For more than five minutes, Qin Yi had to open the door and come in to drive people, no matter whether she was dressed or not.

Emily Gale bit her lip with a tired breath.

After finally putting on his clothes and tidying up his hair, he pushed the car door, dragged two aching legs, and got out of the car.

The atmosphere of Hunter Jackson has long disappeared, and the sound of the car engine just heard should be the sound of him getting in and leaving.

After playing with her as a toy, he left without reluctance.

"Miss Gale, walking along the street ahead is the door of the hotel."

Qin Yi glanced at her lightly, his eyes still cold.

He said: "You can go directly to the hotel to find your friends, or you can go to the street over there to take a taxi and leave, we won't be with you!" A bag was stuffed into her arms and Qin Yi pushed it casually, banging. With a sound, the car door was closed.

Qin Yi got in the car, together with another man Emily Gale didn't know.

After the two got into the car, the car was started, and in a blink of an eye, it disappeared from Emily Gale's sight.

She was left alone in the wind, and the evening breeze slowly came, and it was chilly, making her thin body appear even thinner.

It hurts!

Hunter Jackson's actions just now were too crazy, and his power was even more terrifying!

After tossing for so long, she is now exhausted and even has difficulty walking.

But she still clenched her fists, step by step, walking towards the brightly lit place.

Those two legs were trembling constantly in the wind, as if they would be broken at any time.

The light ahead seemed to be close, but it seemed indescribably far away.

This is not a long way, making her walk almost desperate.

Want to cry, but she doesn't know now

What's the point of crying?

I thought that each one owes nothing to each other, and there will never be any intersection.

But I don't want to, the intersection not only came so fast, but also came so fiercely!

What did he say before leaving?

"Me and Second Young Master Jiang, who is more powerful? Huh?" These words were like a sharp sword, stabbing thousands of blood holes in her heart!

Emily Gale finally couldn't bear the soreness in his legs, and squatted down on the ground.

She didn't know who was better, because she had never compared it from beginning to end, and she had no chance to compare.

She was the only man, from the beginning to the present, he was the only one!

"Woo..."

Without tears, her sobbing voice was dry and hoarse.

Holding his knees, feeling the pain of the body, trembling in the wind!

Suddenly, the cell phone in the bag rang with a crisp ring.

Emily Gale opened his eyes and took the phone out of his bag, still a little slow.

Seeing the caller ID, she took a deep breath and tried to calm herself down.

"Jiangnan?" "Yang Yi didn't take you home."

Jiang Nan's voice sounded a little anxious, "Where is it?" "I...I'm not in a good mood. I went out and walked by myself. I'll be back now."

"Where are you? I'll pick you up now."

He was worried about running around alone in the evening.

His voice made her cold heart finally find a little warmth.

Emily Gale's lips rose slightly before noticing it, "I'm still near the hotel."

"Okay, don't run around, I'll come over now."

Jiang Nan has returned to Jiang's apartment, listening to the movement there. I should have taken the car key and went out.

Emily Gale's heart warmed again.

She nodded: "Well, I won't run around, I...wait for you."

## Chapter 326

If life can be measured by money, after the phone is hung up, the WeChat news rang again, or Jiangnan.

He asked her to enable location sharing, and after clicking on, the location of the two people can be seen.

He was afraid that she would run off and walk away, and he would not find her.

He was always so caring, treating her like taking care of his own daughter.

Sometimes even Emily Gale himself wonders what kind of relationship they two are.

For her, to fall out with his brother for so many years, for her, was beaten by Young Master Jackson and almost went to the hospital.

However, he had never said anything to go beyond with her, had never done anything out of the ordinary, had not given her any pressure.

Looking at the two markers on the map, it was like seeing Jiang Nan walking towards her anxiously.

The corners of Emily Gale's lips couldn't help but bend slightly. Life can sometimes make people desperate, but life will never be a dead end.

Put the phone away, just about to walk out of this groggy place.

Suddenly, at the intersection not far ahead, a few anxious calls came: "Master! Master!" Someone seemed to be lying on the ground, and some of the people around him were standing by, while others were supporting them.

A group of people on the ground are at a loss!

The one who fell to the ground seemed to be an old man... Emily Gale's heart was tense, and he immediately stepped forward.

She walked a little anxiously, as if torn between her legs, the pain caused her cold sweat to overflow suddenly.

After finally pressing down the pain, she continued to move forward.

But before he got close to the old man, he was stopped by two men in black suits.

"Stop! Don't go from here!" "What's the matter with the old man?" Emily Gale's gaze crossed them and fell on the fallen old man.

Through the light, you can see that the old man's face is obviously flushed with abnormal redness, his eyes are turned up, and it is clear that he can't breathe!

"Quickly put him down!" Emily Gale wanted to pass.

The two men in black still stopped her firmly: "Let you go another way!" "He can't breathe, there is something in his throat, put him down!" "You..."

"Let her come over!" "The man guarding the old man glanced at this side, and said anxiously: "Are you a doctor?" "I am not."

Emily Gale walked over, but these words made several people's faces suddenly darkened.

Life is a matter of life, Emily Gale didn't mind arguing with them.

She anxiously said: "Don't help him like this, you let him sit up!" The two supporting the old man looked at each other, wondering whether to listen to him.

However, the doctor hasn't arrived yet, and they really have nothing to do now.

Emily Gale immediately said: "I have learned first aid, hurry up! Help him sit up!" This time, no more

People dare to say more.

The two helped the old man up and sat on the ground.

Emily Gale knelt down behind the old man, one leg bent up against the old man's back, and she folded her hands to hold the old man's chest down to the abdomen.

After taking a deep breath, Emily Gale suddenly hugged the old man and pressed hard!

The old man was almost angered by her hug, but this pressure seemed to have no effect at all.

The face of the old man is still flushing, and there is a tendency to become more and more red.

The man beside him was about to push Emily Gale away, but Emily Gale was not discouraged.

She still hugged her chest down and hugged herself again.

With a "poof", this time, a little thing that didn't know what it was flew out of the old man's mouth and disappeared in a blink of an eye.

"What's the matter?" Except for the young man beside the old man, no one could see clearly what it was just now!

However, the old man's complexion gradually improved after the thing came out.

The old man gasped, obviously, he can breathe!

He came over!

"Master..."

Several bodyguards and housekeepers gathered around.

Emily Gale immediately waved his hand: "Go away and give him some fresh air."

Several bodyguards retreated immediately, fearing they would steal the oxygen from their master.

Uncle Ding, the housekeeper, looked at the young man beside the old man: "Young Master Yuan..."

"...Peanuts."

Zyden Gale felt inexplicably, a bit... impolite.

What is this?

It turned out to be because of a peanut, making everyone in a hurry.

Although the old guy is very old, his body is usually very tough.

Just now, everyone thought he had some hidden illness, and suddenly broke out.

Emily Gale let go of the old man, stepped aside, raised the back of his hand and wiped his forehead.

Seeing that the old man was completely relieved, she breathed a sigh of relief and said with a smile: "Grandpa, don't be greedy for such hard-core things in the future, because you will have indigestion."

But, I haven't been able to speak yet.

However, why does the girl in front of me look so familiar?

He moved his fingers and wanted to raise his hand, but was stopped by the grandson on the side: "Don't move, wait until you are better."

The old man was a little bit embarrassed because he ate a peanut this time. ,  
Can only be obedient.

Emily Gale looked at the young man next to the old man and smiled at him:  
"He should be fine, then I will leave."

"Wait a minute."

The young man said to wait.

The housekeeper immediately looked at Emily Gale and said with a smile:  
"Miss, you saved our master, we haven't thanked you yet."

"No, it's enough if you say thank you."

Emily Gale was about to turn around and leave, young

The man said, "I have to say something to save my grandfather."

"You don't seem to say thank you to me yet."

Emily Gale's words made him a bit unexpected.

The young man slowed down, and said, "Thank you, but I still want to..."

"Forget it, how do you want to thank me? Give me money?" She didn't want to  
appear how noble she was, but she didn't want to. Cause trouble.

Jiang Nan is coming soon, she has to go to the hotel to wait for him.

"If you think that your grandpa's life can be measured by money, you can give  
me a sum of money, depending on how much your grandpa is worth."

"If you think grandpa is more important than money, then there is no need to  
think about these clichés. Repay me or something."

Although the girl's words were a bit too straightforward, they also hurt the other's face, but they were not crude.

Emily Gale smiled and said, "I accept your thanks, and I'm leaving."

She really left, leaving no name and contact information, even, leaving no room.

This move made everyone a little bit incompetent.

"Don't she know who she saved?" the butler muttered.

Mostly, I don't know, if I knew, I would definitely not walk so coolly.

Even if money is tacky, no one will have trouble with money.

The young master of their family pays the reward, and that reward is definitely enough for an ordinary person to spend a few lifetimes extravagantly.

"Grandpa, how is it?" After Emily Gale walked away, Zyden Gale retracted his gaze and patted the old man behind the door.

"It's okay, it's okay, just a peanut, can it kill me?" Old man Gale took a sigh of relief, and when he stood up, he had regained his usual firmness.

However, are you afraid to laugh at others when you say that?

Just now, who was almost killed by a peanut?

## Chapter 327

Child, where is it now? Emily Gale just returned to the door of the hotel, but within five minutes, Jiang Nan's call came.

She went directly to the entrance of the hotel where she was eating, and two minutes later, she got on the Jiangnan car.

I was in a gloomy mood tonight, but after saving an old man just now, the whole person became clear again.

"Where did you go?" Jiang Nan saw that her clothes were a little messy, even her hair was slightly messy, he frowned.

However, she didn't seem to have anything wrong with it, so the previous worries seemed a bit redundant.

He was a little scared.

She didn't go back at night because she ran into Hunter Jackson.

"Just now I saw an old man choked and almost backed his breath. I went to help and rescued the person."

Emily Gale's voice was a bit hoarse, but the whole person looked very clear, not like an encounter at all. What terrible thing happened.

Jiang Nan breathed a sigh of relief, took a look at her, and drove the car on the road.

"You will save people?" "Of course, I have studied pharmacy for several years, or self-taught!" Whether saving people or refining medicine, she was a master in her previous life.

It's just that this master has always been very low-key, but Kylena Gale, the bad woman who doesn't understand anything, takes her credit every time.

However, that was all in the previous life.

Thinking about it now, it seems that it's out of reach.

"How many years have you studied pharmacy? Why didn't I know?" Jiang Nan glanced at her.

How old is this girl?

At the age of eighteen, I am not afraid of losing my teeth when I say this.

"I don't believe it."

Emily Gale knew that no one would believe it when he said these experiences.

Of course, she did not intend to explain.

Rebirth?

Impossible things, people will only regard her as crazy.

Even if Jiang Nan didn't despise her, he would take her to see a psychiatrist.

Rebirth, too fancy, isn't it?

She leaned back in the chair and closed her eyes.

Jiang Nan still has many questions in his heart.

She obviously feels that something is wrong with her, her clothes are wrinkled and her hair is a bit messy.

However, she was in a clear mood, so she couldn't tell the slightest taste of her experience.

But between her eyebrows, there was always a touch of sorrow that couldn't go away... However, Jiang Nan had no chance to ask anything.

After Emily Gale closed his eyes, the slight snoring sound suddenly rang.

After twelve o'clock in the evening, it turned out that it was really late.

Since she said that she had rescued an old man just now, maybe this mess was left behind in the accident just now?

She is always so shiny, and when she sees others having difficulties, she will definitely go to help... Seeing a few strands of hair fall on her face, Jiang Nan couldn't help but stretch out her hand, trying to help her keep her hair away from her ears. .

However, before the hand touched his or her face, he took it back again.

action

Too humbling will scare her.

Put his hand back

, He looked at the road ahead and drove at ease.

... Hurry up in the morning, originally, it was indeed time to sleep.

But because an old man was too anxious, so, at one o'clock in the morning, the door of Gale's house was opened.

It is also the Gale family, but this Gale family is from Lingzhou.

The Gale family in Lingzhou and the Gale family in Beiling are different from Tianyuan.

Although they are both surnamed Gale, they have no relations at all.

The Gale's family in Beiling is just a family of ordinary wealthy people. Even the upper class of Beiling is very difficult for them to get in.

But the Gale family in Lingzhou is definitely the existence of the rich side.

Among the four great families in Lingzhou, there is the Gale family.

Right now, this is the old man of the Gale family in Lingzhou. In Lingzhou, a stomping can make the people of Lingzhou scared!

McGraw Gale didn't know why they came here.

Their little Gale family had never had any contact with Lingzhou Gale family.

Siniya Ye accompanied McGraw Gale downstairs.

After hearing that it was the old man of the Gale family in Lingzhou, she was shocked.

"McGraw, have you been working on a major project recently?" Siniya Ye asked repeatedly when she went downstairs.

McGraw Gale, who was busy tying his tie, shook his head: "No."

What's more, even if there is a big project, it is impossible to have a relationship with the Lingzhou Gale family. How can people value their small group?

It's like their Gale family wants to do business with the Jackson family, it's clearly a fantasy!

"Then...what the hell is going on?" Siniya Ye was still sleepy and awakened from bed in the middle of the night.

"How do I know? Go and see first!" McGraw Gale was also anxious.

The two people saw themselves in the large crystal vase at the corner of the stairs.

McGraw Gale hurriedly stuffed the shirt that was not neat enough into his pants, but Siniya Ye panicked: "I, I haven't put on makeup yet!" God!

In front of such a big man, it is horrible to dare to face the sky!

"What makeup? People are already waiting! People just wait, what should I do if I offend?" As he went downstairs, McGraw Gale's voice became softer, for fear that the people downstairs would listen.

Siniya Ye heard this, where would he dare to look back and put on makeup or something?

If they really irritate them, just do something when they turn around. Wouldn't their small company be wiped out?

In the hall downstairs, the key is hosting Gale's grandpa and Gale's grandpa.

The servants stood by, trembling one by one, as if they were approaching an enemy.

It's not that the old man of the Gale family is really so difficult to serve.

It is really that the Gale family of Lingzhou is so famous!

"Master Gale, hello Master Gale!" McGraw Gale just came downstairs and immediately greeted him, bending over, respecting him very much.

Siniya Ye followed him,

Master Gale is also working hard, Master Gale, for fear of neglecting others.

"Quickly, go make the best tea, quickly!" Seeing the tea on the coffee table, McGraw Gale became anxious: "In my room, the cupboard has good tea, quickly!" "Yes, yes!" The housekeeper hurried upstairs.

Zyden Gale waved his hand and said lightly: "No, it's not suitable for drinking tea at night, you are welcome."

"Yes, yes!" People said that tea is not suitable, why would McGraw Gale dare to mess around?

Just standing in front of the old man and Gale's Young Master Sun, he looked nervous and didn't know where to put his hands.

"Sit down, what are you doing while standing?" Old man Gale looked like he was a little better to get along with than Mr. Sun of the Gale family.

With a kind smile on his face, he looked at McGraw Gale and Siniya Ye: "Sit down!" The two looked at each other, and tremblingly sat down opposite him.

Siniya Ye stabbed McGraw Gale in the waist secretly. McGraw Gale cautiously looked at Mr. Gale, "That...that Mr. Gale..."

"I would like to ask, has Sang Qing been here for a while before?" Sang green?

McGraw Gale and Siniya Ye's eyes collided.

Why, suddenly asked about Sang Qing?

"That, Sang Qing..."

McGraw Gale glanced at his wife.

For more than a month, Siniya Ye told him something, which scared him to the point that he still couldn't fully accept it.

At this time, the old man of the Gale family in Lingzhou, such a heavyweight figure, actually wanted to find Sang Qing?

"Ten years ago, I did... indeed lived here."

The old man's eyes lit up, and Zyden Gale immediately asked: "When she came, was she pregnant with a child? Where is this child now?"

## chapter 328

She is now the child of Sang Qing beside Joseph... McGraw Gale was about to say something, but Siniya Ye said first: "Please, why do you ask this?" McGraw Gale looked at her, wondering where she came from. Courage, dare to ask Old Man Gale?

Does she know that these people in front of her, wanting to squeeze them to death is as simple as squeezing an ant?

Since performing a play in Jackson's house last time, Siniya Ye is now a person who has seen strong winds and waves.

I don't know why, just now I heard Zyden Gale mentioned Sang Qing's child, she started to wonder something in her stomach.

Sang Qing's child, the background is not small!

She just didn't expect that even the Gale family would look for that little b\*tch.

"Master Gale, we have promised Sang Qing that we can't send her information at will..."

She glanced at McGraw Gale and motioned with her eyes to stop talking nonsense.

McGraw Gale was holding the cup in a cold sweat. Where would he dare to say anything?

Old man Gale sighed slightly and nodded: "This is...right."

Zyden Gale was always expressionless, and continued to ask: "We are looking for Sang Qing's child. Naturally, there is something important. Please tell her. Where are they now?" Actually, they had investigated before they came, but many things, after all, are so old, we still have to listen to what the person said.

McGraw Gale and Siniya Ye were after all the people who had seen Sang Qing with their own eyes.

The old man was anxious and didn't think about many things, but Zyden Gale was much calmer than him.

Although Siniya Ye was panicked, she still insisted on her position on this point.

"Please... please tell us first, why are you looking for Qingqing's child."

"You and Sang Qing... are very familiar?" The old man's complexion changed, and his eyes instantly became soft.

It seems that it is not the enemy, and it is even possible that he has a very good relationship with Sang Qing.

Siniya Ye watched her words and looked at her expressions, and immediately her face was stern, pretending to be cold.

"Master Gale, although your family has a big business, it is not comparable to our little Gale family, but Sang Qing is my friend in life and death. I promised Sang Qing, I will never mess!" Hand, even McGraw Gale felt ironic when these words came out of Siniya Ye's mouth.

However, the wife must have her reason to say this.

Ever since Kylene Gale successfully moved into the Jackson's house, stayed with Young Master Jackson, and was loved by the old man of the Jackson's family, McGraw Gale felt that his wife was indeed capable.

So now, McGraw Gale is willing to listen to her for many things.

Master Gale was really happy: "You are so affectionate to Sang Qing, good, very good!" Sang Qing is absolutely blessed to have such a good friend.

Before Zyden Gale could speak, the old man said: "Sang

The child in Qing's belly, I suspect... is the flesh and blood of our Gale family.

" "what?

"McGraw Gale rushed to the sofa to stand up, the cup in her hand flicked, and the tea was spilled everywhere.

Although Siniya Ye was also surprised, this surprise was somewhat expected. Just now, she was thinking about this. Question. In fact, the juniors don't know about Sang Qing.

They knew more or less about these parties back then. Why did she always scold Emily Gale as a wild species? It's because Sang Qing had her belly outside.

And she knew clearly that Sang Qing didn't have much affection for this man in her family, because McGraw Gale liked it too much. Of course, in front of the children, she didn't want to admit it to death. No matter to whom, she said that Sang Qing is a vixen and a dirty beer girl.

She hooked McGraw Gale outside. Who made McGraw Gale recognize Emily Gale? This is not about bringing a wild species back to share with her daughter. Family property? Now the father's words have confirmed some of Siniya Ye's thoughts back then. Emily Gale is indeed not McGraw Gale's daughter. This dead man, because he likes Sang Qing so much, has been raising a daughter for others for so many years. However, Siniya Ye still behaves. He was surprised, his hand shook, the cup was overturned by her, and the tea was also spilled on the floor.

The old man in the Gale family didn't care.

Anyone would be shocked if he changed such a thing. He was very anxious now, looking at McGraw Gale, anxious Asked: "My purpose has been explained, so, can you tell me where is Sang Qing's child?"

"Is she... Is it just... That's... RJenni?"

"Sure enough, I came here after investigating. On the contrary, it made Siniya Ye calm down quickly. McGraw Gale was dumbfounded. He was really shocked, surprised, unbelievable, but she didn't cheat at all. ...She..."

"Qingqing's child, now..."

Siniya Ye looked at him and said with a small smile: "At Jackson's family, beside Joseph.

" ...

At this time, even if the Gale family is anxious, he certainly cannot go to the Jackson's house immediately.

Anyway, he will not visit the Jackson's house until dawn.

Although the Gale's family in Lingzhou is very powerful, the Jackson's family in Beiling is equally powerful.

It's not like their small family, who can enter casually.

It's almost three in the morning and midnight in the middle of the night.

It's better to wait for dawn.

"You.

How are you...what...Oh!

You can't hide this matter!

"Back in the room, closing the door, McGraw Gale pulled his wife to the corner of the room, lowered his voice, and blamed him.

"The grandfather of others, as long as they do a DNA test, they can't hide anything. .

"The Gale family wants to recognize their own Miss Sun and the old husband of the Jackson family

When a person wants to recognize his granddaughter, they are two completely different concepts.

The old lady didn't dare to speak up, so she couldn't take Kylena to the appraisal openly.

But Mr. Gale is different. Mr. Gale can take people directly to the hospital and make the identification immediately!

How can you hide this matter?

"We Kylena is still with Joseph now, are you going to tear down the stage for her here?" Siniya Ye glared at her incompetent husband, and angrily said: "If we let Jackson Dasha know that we lied to him, how many times have we died? Can they atone for their sins?" Now, they are already riding a tiger, they can only move forward, not back!

"However, people from the Gale family will definitely do DNA identification with Kylena. If you want to hide it, you can't hide it at all!" Siniya Ye ignored her and immediately turned over her mobile phone and called Kylena Gale.

One, no answer, continue, still no answer, third, fourth...

At this time, Kylena Gale had already fallen asleep, and she didn't know if she was sleeping with Young Master Jackson.

However, she must be notified of this matter!

Can't delay at all!

After all, the old man of the Gale family will definitely go to the Jackson family to find her tomorrow morning.

Finally, when the sixth call was reached, Gale Kylena's hoarse voice came from the other side of the phone: "When is this, why don't you..."

"Kylena, I have a very important thing. Is it convenient for you to talk now?" Siniya Ye asked anxiously.

Kylena Gale was a little impatient, but she still managed to endure her temper: "After all, I am alone."

Why is she alone?

Haven't you been fighting with Joseph recently?

However, Siniya Ye didn't think much, she just held her mobile phone, lowered her voice, and whispered: "Kylena, you listen, do you know the Lingzhou Gale family? Very powerful, very powerful family of pharmaceuticals."

"Of course I know."

In the beauty and make-up business, many formulas are bought from Gale's in Lingzhou.

Siniya Ye squeezed her fist, and then cautiously said: "What I am saying now, you must hear each word clearly."

"Say it quickly."

Kylena Gale yawned.

Siniya Ye knew that she had a bad temper, so she could only quickly say:  
"Master Gale came to our house tonight. He is looking for Sang Qing's child.  
He said... He said that the child may be his granddaughter."

## Chapter 329

Nosebleed?

Shame!

Gale's family in Lingzhou, granddaughter of the old man, Emily Gale?

Kylena Gale's sleepworm was completely chased away at once, and her whole body was awake.

She abruptly sat up from the bed, held her phone tightly, breathing quickly and disorderly.

Most importantly, she was jealous, she was so jealous!

She wants Emily Gale to die, she can't wait to choke that b\*tch to death by herself!

What a resurgence!

I thought that Young Master Jackson didn't want her anymore, this slut must have had a miserable life. Who knows, Second Young Master Jiang treated her like a jewel.

Forget it, now, what kind of Lingzhou Gale's family is coming!

The Gale family in Lingzhou, that is almost as powerful as the Jackson family in Beiling!

Why is it Emily Gale?

Why is that b\*tch!

God is so unfair!

That b\*tch is like Xiaoqiang, like a weed!

You can't die!

"What should I do? Do you want that b\*tch to rise? No! I can't let her have a chance to get up! Absolutely!" Kylene Gale's head completely returned to normal operation, "No, the Gale family found her own child. Things will definitely go to great fanfare."

That is not a concept at all to recognize his granddaughter with the old lady!

"At that time, in order to rectify that b\*tch's name, the Gale family will definitely invite all respectable people in the business world, and the Jackson family will definitely be among the invited."

The current Gale family may not know the relationship between Kylene Gale and Mrs. Jackson. .

However, as long as this matter continues to be investigated, it is likely to be found out.

She could hide the stupid old lady Jackson, but how could she hide this kind of thing from the people who care for the family?

"Mom is worried about this.

As long as Gale's side confirms that you are not Sang Qing's daughter, he will know many things as soon as he thinks about his wisdom."

"Mom has already told Master Gale, Sang Qing's daughter, now Right next to Young Master Jackson, early tomorrow morning, the old man of the Gale family will definitely go to the Jackson family to find someone."

"You said..."

Kylena Gale was startled and immediately realized: "...Me?" "Of course, Sang Qing's. Daughter, who else can you be?" Once the lie starts, there is no way to stop it.

In order to round a lie, more lies must be used, and they have no turning back.

Kylena Gale calmed down and finally figured out the purpose of Siniya Ye's rush to call at this moment.

"I'm afraid we can't handle this matter ourselves."

"That's what I meant."

Siniya Ye nodded hurriedly.

Kylena Gale thought for a while before pursing her lips and said, "I'll look for them and see if there is any other way."

... Emily Gale fell asleep very heavily. When she woke up the next day, she almost looked at the time. I was dumbfounded.

It's half past seven, God!

There is a class at eight in the morning!

"I'm going to be late!" Little girl

He hurried into the bathroom, brushed his teeth and washed his face, in a hurry.

Jiang Nan was still outside, so you ate breakfast and read the newspaper:  
"Hurry up, it's too late."

"Mmm..."

If it weren't for a toothbrush in his mouth, Emily Gale would definitely complain about him.

I woke up so early that I didn't even know to wake her up!

OMG!

It's really too late!

He took a handful of water to wash his face, and when he looked up, he unexpectedly saw the marks on his neck.

That was... last night, when Hunter Jackson was pressing on her in the carriage.

There was a desolation in her mind, and she subconsciously drew up her clothes, as if she was afraid of being seen.

Although, she is the only one in the bathroom.

After rushing to wash and rinse, Emily Gale returned to the room and quickly changed clothes.

"There is breakfast outside..."

Jiang Nan opened the door, "You..."

"Wow! Bastard! Get out!" Emily Gale, who had just taken off his pajamas, hugged his clothes tightly, grabbed a soft pillow and threw it over.

The second young master of Tangtang's family, the person who has been receiving secret training with Hunter Jackson and others since childhood, can't even hide from a soft pillow.

With a slap, the soft pillow hit his face, and he stretched out his hand to catch the soft pillow.

When I raised my eyes again, I could only see a piece of snow hurrying into the bathroom holding his clothes.

The door of the bathroom slammed shut.

"I...that, I didn't mean it, I'm just afraid that you will be late, so I urge it."

He said toward the closed door of the bathroom, but the corners of his lips were slightly raised in doubt.

Just now, it seemed to see a white complexion?

Well, it was not intentional.

Yeah, why does the nose seem to be itchy?

Jiang Nan raised the back of his hand and wiped it, his face suddenly stagnated when he saw the bright red color on the back of his hand.

Damn it!

It doesn't work at a glance, what kind of nosebleed?

What a shame!

Emily Gale bit a piece of dry bread, took the milk, and went straight out.

In order to send her back to school, Jiang Nan's nosebleed has not been completely dealt with yet.

When I went out, my nose still had a little scarlet color.

"Look, call you a bastard! The retribution came so quickly!" Emily Gale casually pulled a piece of paper towel and wiped his nose.

"Well, do you want to wipe my saliva?" The man who was driving moved his face toward him.

"Please, can you drive well?" "I'm driving well."

Just thinking of that snow-white complexion makes me feel a little...cough, and my nose is still itchy.

"I haven't seen a woman!" Emily Gale gave him a blank look.

"I have never seen such a beautiful one."

This is true.

"Slick!" This person is becoming more and more able to speak, is there a master behind him teaching?

Jiang Nan just smiled and said nothing.

Along the way, Emily Gale was reading.

I went back too late last night and I had not had time to review my homework. Today it is said that there is a quiz, which is considered a pre-test.

She was actually a little worried, she couldn't keep up with her homework.

This semester is full of disasters and difficulties, and I haven't heard the lessons very seriously.

It is not easy to make up all of it now.

"Don't panic, come back tonight, I will give you a make-up lesson."

"Really?" Jiangnan's teaching method is very unique and easy, but it is easy for her to understand.

"Hmm."

When did he fool her?

Emily Gale finally felt relieved and continued to read his book.

When he was approaching the back door of the school, Jiang Nan answered the phone. He didn't know what the other party said, and his face became stiff for a moment.

"What's wrong? What happened?" Emily Gale immediately noticed something wrong with him.

"It's okay."

Jiang Nan parked the car at the back door of the school.

When he watched Emily Gale get out of the car, he suddenly whispered, "Ranran."

"Huh?" Emily Gale looked back, clearly seeing a hesitation and hesitation in his eyes.

But in the end he didn't say anything, just said: "Be careful on the road."

"What are you doing? I have already arrived at school, what else can be dangerous?" Emily Gale waved his hand at him and got out of the car immediately. Walked towards the school gate.

In fact, both legs were uncomfortable to death along the way, but in front of Jiangnan, she did not show anything wrong.

When she looked back, she was relieved to see Jiangnan's car driving on the road and let her footsteps slow down.

I was tortured by Hunter Jackson for nearly two hours last night. Now my legs are really sore and painful.

There is an unspeakable sourness when walking, and it is very uncomfortable.

However, time is really running out.

She took a deep breath, holding her backpack just about to speed up.

Unexpectedly, a figure sprang out from behind the tree on the side and slammed into her...

## Chapter 330

Is it a conspiracy or a coincidence?

When he felt that the surrounding atmosphere was not right, Emily Gale had already made a staggered step and avoided.

However, the man still accidentally ran into her arm.

There was a stinging pain, and Emily Gale frowned, stepped back abruptly, and stared at the man.

"Yes, I'm sorry..."

The girl looked at Emily Gale with an apologetic expression.

"Sorry, I'm going to be late, sorry."

She turned to leave, but Emily Gale quickly chased her, holding her hand:  
"Stop it for me!" A burning pain came from her arm, which turned out to be stabbed. hurt!

However, the wound was not big, and it didn't look like it was going to hurt her on purpose.

What is in this girl's hand?

"You...what are you doing?" The girl was grabbed by her, and she frowned in pain.

Emily Gale's strength was a bit strong, and she looked down at the girl's hand.

She didn't have any sharp weapon in her hand, it was probably the ring on her finger that stabbed her just now.

The ring...what picture is there, quickly returned to his mind.

The ring, deliberately hit her, blood...

"You..."

"Emily Gale, you are bullying again!" Not far away, a few female classmates walked towards her quickly.

Emily Gale was just stunned, and the girl shook her hand away.

After being liberated, instead of rushing to the school building, he hurried to the back door of the school!

Just now I said I was going to be late, as if I was anxious to go to class, but now I am leaving school?

Something is wrong!

Emily Gale wanted to chase, but was blocked by the girls who had arrived.

The professional female classmate next door doesn't usually have any intersection. What is stopping her from doing?

"Get out of the way!" "Why let you? Did you build this road?" Several girls blocked in front of her, just not letting you!

"What do you want to do?" Emily Gale still wanted to chase it out.

But looking up, the girl who hit her or even stabbed her had gotten into a car outside and left.

Can't catch up!

But these people were clearly premeditated.

"Who wants to do anything with you? It's about to go to class, why are you still lingering? Let's go."

After seeing the girl got in the car and left, the girls immediately dispersed.

Emily Gale hurried to the school gate, but on the road outside, there was no trace of the car.

I didn't even see the license plate number. How can I chase it?

Why did you intentionally hurt her?

Ring, leaping over... Suddenly, Emily Gale's palm clenched!

Kylena Gale!

She finally remembered why she felt that ring was familiar.

Once, in a cafe outside the school, Kylena Gale asked her out inexplicably and said something inexplicable.

At that time she tried to get close to herself several times, but she avoided it every time.

At that time, she was wearing a similar ring on her hand.

When did that happen?

In the distance, the class bell in the teaching building rang. Emily Gale had no choice but to rush to the teaching building.

Finally, when approaching the teaching building, the timeline was strung together by her.

Kylena Gale came to her, wearing this ring, but she never had a chance to touch herself.

Not long after, it happened that Kylena Gale dressed herself as Sang Qing when she was young and cheated the old lady at Jackson's house.

That's what Axin said before her death. Kylena Gale bought her and pushed the old lady to the backyard to spend time in front of her. "Just in time" heard Siniya Ye's conversation with others... Kylena Gale must have not known her relationship with the old lady at first. But after a series of deeds, it is clear that she is the granddaughter of the old lady.

But she didn't get her blood sample at all, how did she know?

Emily Gale felt more disturbed the more he thought about it. Standing in front of the empty teaching building, the cold wind kept blowing from behind.

Kylena Gale couldn't get her blood sample, but that day...she also ran into someone... Suddenly, the whole person seemed to be drained of all strength.

The whole heart was tight, twitching, and... painful.

She pressed her heart to the place where she felt her hands and feet were weak.

After finally walking in, he still had to hold on to the wall to avoid falling to the ground.

That day, Kylena Gale was unsuccessful, but not long after she left the cafe, she ran into another person.

Not only did she touch him, she was also stabbed by the button of his shirt, and the blood was left on his button... Jiang Nan.

Why is it he?

Impossible, it must be just a coincidence, it cannot be him!

She can doubt anyone, but how can she doubt Jiangnan?

She can't and shouldn't doubt him!

It was him who guarded her every step of the way in her hardest days.

It was he who gave her the strength to rely on and the courage to live when she was so desperate that she could hardly survive.

Everyone can betray her and abandon her, but he can't.

He is Jiangnan!

Is her most trusted friend!

The most trusted one!

Just now, when they were approaching school, did he answer the phone?

I didn't care at that time, but now, I seem to be able to recall a little bit of the conversation.

"...Okay, I'll be here soon, as planned..."

Now that I think about it, every word is frightening, and every word makes her so desperate!

Impossible, it is absolutely impossible to be Jiangnan!

However, no one had any physical contact with her except Jiangnan that day.

No one had a chance to get her blood sample.

Why is he... how can she believe it?

"

Classmate, are you okay?

"When I don't know which grade of seniors passed by, she walked over and asked. Emily Gale realized that she had been shrunk in the corner of the stairs of the teaching building, and she didn't know how long she had been sitting.

She shook her head and didn't even want to raise her head:" It's fine.

"Is it broken?"

"Because she kept holding her legs and buried her face between the two legs, the senior didn't see who it was. He smiled and said, "It's just a broken love, but it's not a big deal. one day.

"Is it broken in love? It turns out that she now looks like she has been abandoned.

It turns out that she is really so sad.

The senior seemed to be very patient, and persuaded: "You little guys, quarrel at every turn, great marriage Sometimes it's just because of a misunderstanding that they part ways.

"Someone said that when you are angry and sad, don't make a decision.

At least, wait until you are calm and reconsider, otherwise, you may regret it for a lifetime."

"What else the senior said later, she can't remember at all. I just remember what he said: When you are angry and sad, don't make a decision.

She is sad now, and her current judgment is very likely.

It's wrong. Maybe, it's really just a misunderstanding. I don't know how long it took, the senior saw that he couldn't persuade her, so he sighed and left. Emily Gale finally raised his head, took out his mobile phone, and dialed. Got Jiangnan's number.

"What's wrong?

Isn't it still in class at this time?

"On the other end of the phone, Jiang Nan frowned, knowing her class time clearly. Emily Gale held the phone for a long time before whispering: "I'm a little uncomfortable, I...want to see you."

## Chapter 331

His little girlfriend Emily Gale said that he wanted to see Jiang Nan, and Jiang Er Shao soon appeared.

There is no need to ask the reason, nor will she blame her for finding him at an inappropriate time.

After Emily Gale got in the car, he clearly saw his mobile phone ringing numerous times.

Finally, Jiangnan simply shut down and drove her to blow the air on the road by the sea.

"Why don't you ask me, why do you want to see you?" Emily Gale has calmed down.

The cool sea breeze made her irritable mood gradually calm.

"What can I ask, I'm so handsome and charming, do you think I'm not a normal thing?" Jiang Nan glanced at her sideways.

The girl's eyebrows were still a little gloomy, and he suddenly said, "Want to go to the beach for barbecue?" The weather in early winter was not particularly cold, but it was just a bit cold.

In this weather, it must be nice to have a barbecue on the beach.

Emily Gale actually didn't have any appetite at all, but she still nodded.

Jiangnan turned the front of the car and quickly stopped at a nearby beach.

There are many barbecue stalls on the beach, although the environment is not very good, but it is a working day, and there are no people on the beach, so it is quiet.

"Are you busy today?" Emily Gale glanced at his trouser pocket.

Since turning off the phone, I haven't heard the ringing again, but before he turned off, the phone was almost blown up.

"Working day."

So, you don't need to ask whether you are busy or not.

"Is it important? Just now, a lot of calls."

"I was urging me to the meeting."

"Big project?" "Yeah."

Jiang Nan seemed not at all concerned, and waved to the boss in the distance.

The boss came over and added dozens of seafood and drinks to him.

Jiang Nan asked, "Take these drinks back. No need. Do you have warm water? Bring me some."

"Okay."

The boss went back immediately, and came over with a kettle in a short time.

"Let it go, I will call you if I have something to do."

Jiang Nan poured a glass of warm water for Emily Gale after dismissing the boss.

His voice was like the gentle wind on the beach: "Your body has not fully recovered. Don't drink cold drinks on this day.

It's cold."

Emily Gale's heart trembled, looking at him, a little lost.

"What? Drink some first."

Jiang Nan frowned when she saw that she was just looking at herself in a daze.

"Today is indeed a bit weird. If you want to talk, just say."

"Will you hurt me?" She suddenly Asked.

Jiangnan did not answer this question immediately.

Only after looking at her for at least three seconds, did he put the water glass into her hand, "Drink first, then talk."

Emily Gale lowered his head and drank half a cup of warm water in one breath.

When I looked at him again, Jiang Nan was concentrating on the seafood on the grill.

"If you have to answer, then I hope you feel it with your heart, and what I say is not important

Yes, it is important that you can believe it.

There was a bleakness in his eyes, but it was quickly erased by him and did not show up in front of her. However, this bleakness was still captured by Emily Gale. Did she hurt him? If the other way round, This question is for him to ask himself, is she going to be injured in the same way? The two have been getting along for a few months. In fact, what kind of person he is, does she really have no idea at all? It's okay to lie to you two days a day , But, can I lie to you for one month or two months? Why do you suspect him? Such suspicion is harmful to anyone.

"I'm sorry.

"She lowered her head and looked at the seafood on the grill. Jiang Nan looked at her, although she didn't know what she was thinking at the moment, but at least, this sentence of sorry is sincere. He smiled: "Since I have apologized, I don't care about it. Whatever you think about, let it pass and be happy.

"You don't ask me why?"

"Emily Gale raised her head and met his scorching gaze.

The sun fell on him, and the sea breeze blew up the short bangs on his forehead.

It was golden and warm, such a beautiful man! She exhaled and felt a little guilty.

"Why ask?"

"Not every question must be asked clearly.

"Sometimes, if you are a little confused, you will be happier.

"Is the Second Young Master Jiang a person who is willing to live in confusion?"

"Emily Gale muttered, "If you really are so confused, Jiang's will be played by you sooner or later."

"Look at the subject."

"You should turn it on."

"Emily Gale is still a little uneasy.

She is self-willed for a while, as if he has caused him to miss a lot of important things.

"What big project is it, can I know?"

"It's nothing, it's just an appointment with the boss of another company to talk about a project that has been planned for several months.

"A few months!"

"Emily Gale almost jumped off the stool! For a group as big as Jiang, it is definitely not easy to plan a project for several months! If it is not a very urgent matter, Vince will not keep calling for reminders. That call, don't think about it, it's definitely Vince who made the call. Except for Vince, no one dares to come to this life-threatening serial call.

It's Vince, who doesn't usually dare, unless things are really important.

The meeting failed to reach a conclusion. How much will you...Jiang lose?

Jiang Nan raised his lips: "I really want to know?"

" "miss you!

"The more he is like this, the more nervous Emily Gale is. But he is still calm, "eat first."

"No!"

you tell me first!

"Emily Gale's anxiety is getting wider and wider, and he is about to wipe out himself.

"Not much, probably... that is, several billion..."

"Ah!

"She almost choked to death by herself! She stood up suddenly, Gale

Jenni grabbed his big palm: "Go! Go! It's too late to go back now, hurry!" "But, things are not ready yet..."

"What else to eat? The things are not done! Hurry up and eat again.

Ah!" Billions!

God!

It's a crime!

"Really quit?" Jiang Nan was still chirping, not anxious at all.

"Don't eat or eat! Hurry up! Don't do this! I'm going to cry!" Emily Gale pulled him hard, trying to pull him up, but unfortunately he is too tall, and this weight is completely impossible for her to carry. Moveable.

Jiang Nan's beautiful thin lips twitched together, and finally took out his wallet, put down a few banknotes, and stood up with her.

"Hurry up! Hurry up!" Under the blue sky and white clouds, the girl held the man's palm, anxiously trying to rush to the parking place.

The man, with a smile on his lips, was dragged away by her.

His eyes fell on her, so soft and so warm.

..... When rushed to the lobby of Jiang's main building, the boss of the other company happened to come out of it.

A group of people followed him, all cautiously.

The boss was so angry that everyone behind him was so frightened that they didn't even dare to hum.

Vince chased it out, wiping sweat secretly, and apologized: "Sorry, Mr. Zheng, it was all my fault. I didn't tell the second master clearly the time. Shall we make an appointment again? Mr. Zheng..."

"Your family The second young master's time is precious, so my time can be wasted at will?" Mr. Zheng was so angry that he wanted to kick him out. He snorted coldly, "This matter is your Jiang's breaking the contract.

There is a chance for cooperation!" "Mr. Zheng, Mr. Zheng..."

Vince was sweating profusely.

"Mr. Zheng."

A slender figure walked in behind the glass revolving door in the lobby.

He was still holding a little girl in his hand, and his beautiful thin lips were slightly bent, and a smile filled with spring breeze.

"Today I... my little girlfriend is uncomfortable. I went to the hospital with her, so I was delayed. I'm sorry!"

## Chapter 332

Emily Gale, you blushed his...little girlfriend?

Emily Gale was stunned, but did not refute.

Nothing matters now, the most important thing is how to help him recover this big project.

Seeing No. 2 Master Jiang, Mr. Zheng's face was even more ugly.

Especially, the reason why he was late was to accompany his little girlfriend to the hospital, which is even more unacceptable.

Isn't it just that the girlfriend is unwell

For such a small thing, let him wait all morning!

The Second Young Master Jiang is totally unreliable in his work. How can I cooperate with him in the future?

Mr. Zheng's anger can be seen by anyone.

Except for Jiang Er Shao, no one can laugh.

My girlfriend was a little uncomfortable and delayed the meeting. Who knows if it will be worse for future cooperation?

Emily Gale was really scared, because this big project was blown up because of him.

After thinking about it, she suddenly covered her lips and retched in front of everyone.

I feel sick, go to the hospital, retching... Everyone is stunned.

As long as the elderly, how can they not see what is going on?

Jiang Nan's smile was a little stiff, this girl... However, he quickly recovered his calm.

Emily Gale, who had finally stopped his retching, hugged him and smiled at President Zheng: "I'm really sorry, a little accident..."

He didn't say clearly what this little accident was.

It's just the smile on the corners of the lips, full of uncomfortableness, but more happiness.

Looking at the eyes of the little girl in her arms, she was also extremely petting.

Can you still not understand this look?

Physical discomfort is indeed only a small matter, but pregnancy is a big deal!

"Mr. Zheng, I'm sorry, I didn't mean it, and Jiang Nan didn't...well—" "Xiao Du, take Miss Gale in and rest."

Vince immediately ordered.

Xiao Du hurried over and said respectfully to Emily Gale: "Miss Gale, I will take you to the news."

Emily Gale nodded, and before leaving, he did not forget to apologize to President Zheng.

"I'm really sorry, Mr. Zheng, it's all my fault, I'm sorry."

"...It's okay, it's okay, and the body is important."

A little girl in this family is obviously uncomfortable, but she is bent over and apologizes. He is a big man, can he care about her?

No matter how much Mr. Zheng's anger was, under Emily Gale's little pitiful appearance, it disappeared a lot.

Jiang Nan smiled lightly and said, "It's all about it, Mr. Zheng, it's better to go to our restaurant and have a meal first."

Mr. Zheng looked at him. In fact, cooperating with Jiang Clan is of course beneficial to them.

It's just that the breath in the morning is indeed a bit hard.

Had it not been for Jiang's to be a good partner, he would not have waited until now.

They are all people with status and status. Now, this tone can be considered reluctantly.

After thinking about it, Mr. Zheng nodded.

Vince breathed a sigh of relief and immediately said, "I'll prepare lunch for you, please!" ... Emily Gale just stayed in the main building for a while, and after Jiang Nan and Zheng had left the lobby, she sneaked back. My own September media.

Having had dinner at noon, I just ran into Su Xiaomi and He Lingzhi and they came back from school.

Seeing Emily Gale, Su Xiaomi's eyes brightened, and together with He Lingzhi, they pulled her to the corner from left to right, almost torturing her to extract a confession.

"Don't don't don't, don't get too excited, be careful!" He Lingzhi reminded Su Xiaomi in a timely manner, for fear that this rude guy might accidentally hit someone's stomach.

Su Xiaomi was also taken aback by what she had done just now.

She hurriedly lowered her head to look at Emily Gale's stomach, anxious: "Did you get it?" These two cautious appearances made Emily Gale suddenly dumbfounded.

"Have you heard anything messy?" She asked, and she could think about it with her toes.

"You are pregnant! Now, no one in the entire company knows!" "That's right, in order to take you to the doctor, Mr. Zheng even left it.

The company is such a big project, almost lost because of you. Billions."

"That's right, everyone knows it, and you said it has nothing to do with him!" Emily Gale was forced to a corner by them, unable to retreat.

She said helplessly: "It really doesn't matter. I pretended to help him save the project. I pretended to retching, so that the other party thought he really had something important to delay. I don't understand this?" "That's true. What did you do before?" Su Xiaomi was suspicious of what she said.

He Lingzhi even pointed out the key point directly: "Everyone saw that you came back together. That is to say, the Second Young Master Jiang left even President Zheng for you."

Even if it is not really pregnant, it has something to do with her. .

For her, billions of dollars can be ignored.

Changed to another man, just because his wife couldn't do it, for a woman who wanted nothing to do?

Do you believe it?

Believe it?

He Lingzhi's sharp question really made Emily Gale unable to answer.

Said that because she was in a bad mood, she went out to Jiangnan.

In order to accompany her to unravel her, Young Master Jiang even knew that there was such an important meeting, but even turned off his mobile phone.

Isn't this explanation even more silver-free?

Is it really credible to say that they are not related?

It seems that even she herself can't convince herself.

"Look, my face is blushing!" Su Xiaomi noticed this point sharply.

Emily Gale was taken aback, and subconsciously reached out and stroked her cheek.

Actually, it's really hot.

"Finally I can't hold it, do you want to admit it?" He Lingzhi smiled violently.

At the beginning, those people were born out of nothing, saying that their family Ranran and Jiang Er Shao

Only if you have a private relationship, you will win the championship of the comic contest.

She really didn't believe it at the time, but now thinking about it, it seems that Jiang Er Shao has been approaching Emily Gale from the beginning.

Of course, they won the championship on their own strength, but this does not prevent the second young master from really like their family.

"No, you have to treat yourself to dinner!" When you are in a relationship, you have to ask your boyfriend to treat. This is the rule!

"That is, we must go to the best restaurant in Beiling, and eat the most expensive dishes!" "Yes, it was decided so happily! It is definitely not that

simple to follow us, we must eat the best "I'll text the second young master Jiang now!" "Hey! What are you doing?" Emily Gale was taken aback, and immediately went to grab Su Xiaomi's phone.

Su Xiaomi took the phone and walked away quickly: "I just want to give him a message. I want Mimi to chase you down.

It's not that easy."

"Yes, Xiaomi, we must let him shed some blood. Big blood!" "Su Xiaomi, I really have nothing to do with him, don't mess around."

Fortunately, this is the eighth floor.

There are not many people coming for the main office.

Otherwise, it would be very embarrassing for several supervisors to chase and noisy like this.

"It doesn't matter if you ask others, believe it or not? All morning, I don't know where to go."

Su Xiaomi was reluctant to stop here, "We have this rule. If you are in love, you must cough lightly, Jiang Er Young Master. If you don't invite us to dinner, you must never be with him!" In the noisy room, no one noticed, the elevator door opened with a ding, and a slender figure came out of it.

He listened to Su Xiaomi's words.

The man coughed slightly and laughed: "Yesterday, didn't you already invite you to dinner?"
