

Love Through Time and Space

Chapter 381

In what capacity do you say this?

Shu Ran was in a funeral.

Since no one in the Jackson family will pursue this matter anymore, she was buried in the beautiful scenery as the wife of the Jackson family.

However, in Emily Gale's eyes, no matter how beautiful it is, the last thing left is just a solitary grave.

On the day Shu Ran went out for funeral, she saw Daniel Jackson.

In just two days, the second young master of the Jackson family lost a whole circle.

Although the mood is a little calm now, the person is still very haggard.

Born into such a big family, my father is not alone.

Dad is outside, no, even in this home, there are other homes of his own, and children from those other homes.

For Daniel Jackson, Shu Ran is really his only relative.

Because Dad, there is really no difference between having and without.

Now that Shu Ran is gone, can he not despair?

Looking at the depressed figure not far away, Emily Gale remembered what Shu Ran looked like before he died.

"Please... occasionally... care about... my son..."

Her voice seemed to be still in her ears.

Emily Gale's heart was hot, tears almost rolled down.

I am most afraid of seeing the separation between relatives.

When it was their turn to go to the incense, Emily Gale followed Hunter Jackson.

In fact, I don't know what kind of capacity I should be to give Mrs. Jackson's incense.

But knowing she wanted to come, Young Master Jackson asked her to come.

This time, he didn't embarrass her.

"Second Young Master Jackson."

She walked up to Daniel Jackson and stared at his still red and swollen eyes through the sunglasses.

"Sorrow."

Her voice was a little hoarse, and she didn't know what to say to comfort the man.

Daniel Jackson looked at her, her thin lips trembled, but did not speak.

Emily Gale bit her lower lip and finally couldn't help but said, "Madam...Before leaving, let me tell you to take care of yourself."

Daniel Jackson still didn't speak, still staring at her intently.

Just when Emily Gale was about to turn around and leave, he suddenly asked in a dumb voice: "Since she is not afraid of things being revealed, why would she commit suicide?" Emily Gale stiffened slightly.

She really couldn't answer this question.

Because she didn't understand it herself.

Looking back at Daniel Jackson, he didn't know what to say.

Finally, she said lightly: "No matter what, you are the only thing she cares about in this life. Take care of yourself as it is for her."

"What else did she tell you?" Emily Gale shook his head.

Actually, Shu Of course I didn't really say anything.

Daniel Jackson stared at her obviously haggard face.

He still has many questions in his mind, many things that he doesn't understand.

Emily Gale was "invited" by Aspen Li and left.

"A lot of things to say to him?" Hunter Jackson's face was deep.

"Just persuade him to

Ai Shun changed.

"Emily Gale lowered his head and returned to his back.

"Do you think, in what capacity are you saying this to him now?"

Hunter Jackson sneered: "The person who killed his mother, or the woman he loved?"

"Emily Gale's heart trembled! Young Master Jackson was really bloody and unreserved.

After that day, Emily Gale never saw Daniel Jackson again.

Although they all live in Jackson's house, they live in a different yard.

It's like being completely separated. Sometimes the Jackson's family has dinner and Young Master Jackson will go over and won't call her.

She lives in the Jackson's family, but she has absolutely nothing to do with the Jackson's people.

The one after that In August, Emily Gale entered the state of preparing for the exam. Hunter Jackson invited her a personal tutor, tutored her homework every day and reviewed every course. For a whole month, she was like she was under house arrest in Wangjiang Pavilion. Until, one Months later, the day of the exam.

"Of course, what happened to you for more than a month?"

He Lingzhi couldn't help but roll off his tears when he saw her first glance. In fact, they all know that Emily Gale must have been put under house arrest by Young Master Jackson. However, Emily Gale would not let them go to Jackson's house to find themselves. No one dared to pass, I was afraid that it would make her more difficult for the future. Emily Gale's eyes were also a little wet.

After she lowered her head and covered her current sadness and grievances, the moment she raised her head, her eyes were clear again. I'm okay, I'm doing well, haven't you seen me getting white and fat?

"This is true and true. This month, Hunter Jackson issued a death order and must give him good food every day. If one day the servant reports to him that she ate less, that night, She will definitely be tossed to cry. But his heart is as hard as a rock, even if she cries for mercy, he still won't forgive her easily.

After trying twice, Emily Gale never dared to eat. Eat more and don't dare to be sloppy. He Lingzhi looked at her white and tender face.

She won't get fat too much. This girl has a physique that can't eat fat no matter how she eats. However, her complexion has indeed improved a lot. He sighed, feeling helpless: "But you..."

"It's really okay, can you show up in front of you if something happens?"

Emily Gale turned around in front of them: "It's okay, have you seen it?"

"She didn't say anything, her complexion was better, but she was a little less active and a little more restrained.

"It's fine if it's all right."

"Knowing that Emily Gale will come to school today, Yang Yi and Jackson Tianyou, who are not in the same class, also rushed over, just to see her.

"Well, it's okay.

"Emily Gale nodded, but there was one thing that she kept in mind.

"I can go out for a long time today. I just need to go back before nine o'clock in the evening. I want to see Xiaomi."

"...I took the exam one morning, two courses,

There will be two more tomorrow.

After they finished the exam, they did not rush back to the dormitory to review like everyone else.

Instead, I went directly to the hospital.

Su Xiaomi is still the same, until now, still in a coma.

However, the situation is much better than before.

"There is a mysterious person who gave a large amount of medical expenses.

The medicines and equipment that Xiaomi currently uses are the best."

Even the ward is the top special care single room in the hospital.

Every day, there will be two dedicated nurses to take care of her.

In short, apart from her being unable to wake up, any other medical conditions are best used.

"The doctor still said that, I don't know when she can wake up, maybe tomorrow, maybe next month, maybe..."

Perhaps in the following words, He Lingzhi did not continue.

Emily Gale sat on the edge of the hospital bed, holding Su Xiaomi's hand, gently rubbing her, relaxing the joints of the fingers.

He Lingzhi added: "The nurses come to relax her body every day.

Their techniques are very professional, so don't worry."

"Yeah."

Emily Gale nodded.

Seeing Su Xiaomi's pale face, his heart always seemed to be pierced by a needle, it hurts!

But even if it hurts to death, there is no way, she still can't wake up.

I stayed with Su Xiaomi in the hospital for more than an hour, and they did not leave until the nurse came to rush people.

After that, Emily Gale followed everyone and went back to the Jiang family, their September media.

She just didn't expect that here, she would meet the man who caught her off guard...

Chapter 382

How is he treating you?

For more than a month, although Emily Gale has not shown up.

However, she will participate in any major decision made by the media in September.

In fact, Hunter Jackson just let her stay in Wangjiang Pavilion.

As for her activities in Wangjiang Pavilion, he just didn't ask.

Especially, during the recent period, Hunter Jackson seems to be very busy.

At the busiest time, I only go back one week and one night.

In the days without Mr. Jackson, Emily Gale still had plenty of time.

Sometimes I have a video meeting with everyone and it will get to two or three in the morning.

In short, she has never let go of the work of September Media.

"Last year's performance report came out, and our loss is currently controlled within 45%."

He Lingzhi got the report and immediately reported to Emily Gale.

"But you can rest assured that we are a company that was established only half a year later, and there is still half a year to control the loss within 30%."

This is a performance report that has just come out, and it's still hot!

Emily Gale looked at the report for the whole afternoon and analyzed the areas of loss with everyone.

But these losses are already developing in a positive direction.

In another six months, maybe it can be directly controlled within 20%.

Some projects are already profitable!

"The animation of 'Goddess of Speed' is being planned, but, of course, I still want to ask your opinion carefully on this matter."

He Lingzhi had budgeted the cost, and she was a little uncertain.

"The animation project process is very long, at least two years, and the live-action version of the "My Mysterious Husband" web series can be released next year."

"Of course, you are sure you really want to start the "Speed Goddess" project. Is it?" Animation, it is possible to make a fortune, but it is also possible to lose money.

"This may be our critical moment, the last straw."

Emily Gale took out another report.

"I said before that the animation cost of the Speed Goddess should be kept outside the budget."

"I understand what you mean. In this way, even if you lose money, it won't affect the entire profit plan."

He Lingzhi is still a little worried: "But this will increase our cost burden."

They and Jiang Ershao's The agreement is to make a profit of 30% within three years.

For a media company, it is not easy.

"Then treat it as a loss, don't put it in the budget."

He Lingzhi said nothing, and the others were silent.

Hard, really hard.

But difficult, isn't it also a motivation?

"Okay! Then go according to your plan, just assume that we have lost the cost of 100 million."

"Not 100 million, but 50 million."

Emily Gale looked at Qin Zhizhou: "The remaining five Ten million, you save it for me anyway."

"Of course, this is too difficult for you!"

"The labor cost of fifty million, how can he think of a solution? Qin Zhizhou nodded and looked at Emily Gale with a firm expression.

"Don't worry, I will save the cost of fifty million in two years.

"You will exhaust yourself!"

"He Lingzhi feels distressed. Qin Zhizhou said with a smile: "If you don't fight when you are young, don't you want to fight when you are old?"

"I'm afraid that after I get old, I won't have this opportunity again. This is really powerless to refute.

"Well, the project of 'Speed Goddess' is decided like this.

"Emily Gale opened another plan: "As for 'My Mysterious Husband', since the actors have been selected, let's start at the beginning of the year.

"...That day they had a meeting in the office for an afternoon.

At 6 o'clock in the evening, everyone was exhausted, but excited, and came out of the meeting room. Video conference, there is still no feeling of on-site meeting. So profound.

A meeting also allows everyone to see again the charm of Emily Gale as a manager. Be decisive, rational, and even willful! This willfulness introduced by reason, on the contrary, can more arouse everyone's enthusiasm.

The road is hard and difficult, but who can say that it is not a brand new challenge? Everyone went back to pack up and prepare to go out for dinner. Emily Gale has nothing to clean up, she hasn't worked here for more than a month.

She plans to go by herself first Waiting in the lobby on the first floor, but unexpectedly, on the first floor just now, with the ding of the elevator door opening, a slender figure suddenly broke into her sight. Emily Gale was stunned and looked at him more clearly than before. Leng Su and Leng Yi's face suddenly forgot to react.

She even forgot that she should get out of the elevator first.

She didn't get out and people standing outside the elevator couldn't get in.

After a long time, the elevator doors automatically closed. Emily Gale seemed to wake up suddenly until she could no longer see this figure.

She wanted to open the elevator door again, but it was too late. Just where she thought she would go upstairs with the elevator. For a moment, the elevator door opened again.

It was he who was outside and pressed the button to open the door.

"I, I'm sorry..."

Emily Gale bowed his head and walked out of the elevator quickly. Thinking he would go in, unexpectedly, he still stood there, watching She.

The elevator door was closed, someone upstairs wanted to use it, and the elevator went up. Emily Gale was a little uncomfortable, and wanted to leave, but couldn't make a step. Jiang Nan didn't get into the elevator either. He still looked at her and said nothing. Finally, Emily Gale took a deep breath, raised her head, and met his gaze.

She smiled faintly, and asked: "Long time no see, how are you?"

" "not good.

"..."

He knew so

To say "not good" really made her feel sour.

But, everything is over.

Even if you have a bad time, you have to live it.

"I have an exam today, and I will stop by. In the evening..."

She paused before saying, "I'm going back later."

Seeing the elevator stopped on the eighth floor, Emily Gale knew that the friends would get off soon.

She managed to squeeze out a little smile and looked at him: "I'm leaving, you...be nice to yourself."

His eyes are a little deep and he is still handsome, but it makes people look uncomfortable.

She turned around and was about to leave. Suddenly her wrist tightened, and he pulled the person back.

"Jiangnan..."

Emily Gale was startled.

The elevator was on the eighth floor, coming down.

They are coming soon.

At this time, they don't want to have any more trouble in front of the little friends.

She didn't want to worry anyone anymore.

"Jiangnan, I should go back."

After returning to these two words, she increased her tone.

He is a wise man, he must know what she means.

She has been with Mr. Jackson for more than a month.

What Hunter Jackson did to her in the past month or so, even if he hadn't seen it with his own eyes, he should have imagined.

So, for such a woman, a woman who lives next to another man all the time, what is still worth his nostalgia?

"Jiangnan, let it go, okay? Lingzhi and the others are coming down."

Emily Gale looked a little pleading, she and He Lingzhi and the others had made an appointment and would go out to dinner later.

Everyone is coming soon.

Jiang Nan did not let go, on the contrary, he held her wrist tighter.

He blankly asked, "How is he to you?"

Chapter 383

I hate myself. Is he treating you well?

No matter how you hear this, it makes people sad.

Emily Gale thought he was calm enough.

But I didn't want to, a question almost made her collapse!

More than a month ago, she would break up without saying anything.

For more than a month, he has not called her any.

Not even a text message.

She didn't think hypocritically, he didn't care about himself.

Instead, she knew that all of this was just to make her live better and not to embarrass her.

"He is normal to me, good or bad."

Emily Gale knew that lying in front of Jiang Nan at this time would only make him more uncomfortable.

In this case, it is better to spread everything out.

"He doesn't restrict my freedom, but he wants me to stay in Wangjiang Pavilion, so this semester, I will stay there first."

"He invited me a personal teacher, but my courses didn't get much down."

"At Jackson's house, I eat well and dress well. You see, I'm a lot cleaner."

All of these are true.

Don't exaggerate, don't hide.

Young Master Jackson treated her like this.

With a ding sound, the elevator arrived.

At the moment when the elevator door opened, Emily Gale subconsciously withdrew his hand.

Jiang Nan also let go at the same time.

Emily Gale was grateful, but after more than a month, he was still the same as before.

Careful, considerate, never embarrass her.

Perhaps, his retention on the last day was already the biggest embarrassment for her.

This man...

"Second Young Master, why did you come here?" He Lingzhi and others were shocked when they saw Jiang Nan in the September media.

I have never seen him here in the past month or so.

It seems that if he does not come, he will not appear.

Although they are all in Jiang's park, the main building is not a short distance away from them.

I didn't deliberately go to the main building to find him, because there is no chance to see him at all.

Today Emily Gale came back, and the second young master Jiang also came.

coincidence?

Or is it intentional?

"I'll take a look at the warehouse above."

Jiang Nan put his hands in his pockets, "Look at whether your September media needs to expand."

Looking at the warehouse above, there is no turn for him, the uppermost Jiang Jia Er. Master, come here in person.

However, Jiangnan's excuse was not revealed by anyone.

He Lingzhi asked: "Second Young Master, have you had dinner?" Jiang Nan Yao Yao headed his head.

He Lingzhi immediately said: "We are going out for dinner, the second youngest, why don't we go together?" Jiang Nan bowed his head and looked at Emily Gale standing aside: "Okay?" Emily Gale was breathing a bit messy, but he raised his head to meet him.

As he looked, he smiled lightly.

"What are you talking about? The boss wants to invite us to dinner, can he still refuse?" She defined his identity

For the boss.

It's not that the luster of Jiang Nan's eyes has dimmed suddenly.

However, in the current situation, no one has much to say.

May I?

Of course it is possible.

He Lingzhi immediately piled up a smile: "Then, hurry up, I'm all hungry crazy!" The meal was very rich, but not very comfortable.

Not because the boss Jiangnan is here, but because I don't know where the next meal will be.

I don't know when it will be.

At half past eight, Emily Gale was going back.

Jiang Nan took the lead to leave, everyone thought he had something to leave.

Unexpectedly, when he went out from the restaurant, he saw the low-key luxury car he always liked to drive and parked at the door of the restaurant.

"I'm familiar with the journey, I'll take you back."

He pushed the door open, giving Emily Gale no room to refuse.

She really wanted to refuse, because she originally planned to take a taxi.

He Lingzhi gave her a light push: "Go up."

Second Young Master Jiang, in fact, is really pitiful.

She has lived for so many years, and has never seen such a handsome, rich and affectionate man.

Don't continue hurting this man.

If possible, give him the last touch of warmth.

Emily Gale was a little helpless. He Lingzhi pushed to the door of the car and could only step up.

"I know you are embarrassed."

Shutting the door closed, Jiang Nan stepped on the accelerator and drove the car out of the hotel.

"He wouldn't like to see me go back in your car."

Emily Gale told the truth.

Although these words would really hurt him.

"It's okay, I parked outside, not close to Jackson's family, and not let the people of Jackson's family find out."

In this way, she will treat her as if she was going back by taxi, is it okay?

Emily Gale could no longer find any excuses to refuse him.

"I thought you would hate me."

As the car drove smoothly on the road, she looked at the ever-changing scenery outside the car window and her expression gradually faded.

As soon as you get in the car, you can enjoy yourself. Let's enjoy a good time together.

Regardless of the relationship between men and women, they were indeed the best and best friends.

This man was once her most intimate partner.

"I don't hate you."

There was no smile on Jiang Nan's face.

These words were serious: "I hate myself."

Emily Gale squeezed his palms, not knowing how to respond.

But at these words, she understood what he meant.

No, really not necessary, everything is just her own problem.

"It's because I don't have the ability to protect you, protect your friends."

Jiang Nan felt a bit of sourness.

Emily Gale is the same.

She took a deep breath and shook her head: "Young Master Jackson was very good before.

There are not many people who can be 'capable' in front of him, but now..."

She looked back at Jiang Nan, too

seriously.

"After returning from Ali Khan, although I have never dared to talk about his affairs, I can feel that he is stronger than before."

Jiang Nan held the steering wheel's fingers and tightened slightly.

Yes, the boss is stronger, so powerful that they are beyond the reach of the brothers.

It's because of a woman, because she is a woman.

Feelings may be disasters, but they may also be trials.

And the boss, after going through purgatory, is now the supreme beast king!

"So, Jiang Nan, don't say that you are incapable. Everything is only because the opponent is too strong."

Jiang Nan knew that she was comforting herself, but what she said was also true.

Who can be "tough" in front of Young Master Jackson?

Even the boss of Paradise Island was pushed away from Beiling by him, and now he is still hiding everywhere.

Young Master Jackson now is no longer afraid to offend anyone, and no one dares to offend him anymore.

"Jiangnan," Emily Gale suddenly turned around, looked at him, and smiled: "We are friends, very good friends."

"Yeah."

Nodding sadly.

In addition to heartache, there is only heartache.

Finally, he parked the car at least two hundred meters away from the gate of Jackson's house, in a dark place on the side of the road.

After that, I watched Emily Gale get out of the car, and then watched her walk towards Jackson's gate step by step.

Once again, away from his life.

When her figure disappeared behind the door of Jackson's house, Jiang Nan covered the place where his heart was.

Does it hurt?

do not know.

Maybe it's numb.

It's just breathing difficulties, but the heart seems to be torn apart.

When these feelings appear from time to time in daily life, such feelings have become numb.

The old meeting is good to her, isn't it?

Chapter 384

I was tired. Emily Gale took heavy steps and walked into Wangjiang Pavilion step by step.

Step by step, walk to the hall.

As soon as I walked in, I suddenly felt a breath of extreme cold coming from the sofa.

Her heart shook, her palms squeezed instantly.

I thought he would be back late tonight. Unexpectedly, the hour hand just pointed to nine o'clock in the evening, and the others were already sitting on the sofa in the hall.

There is no notebook on the table, only a cup of hot tea.

His cell phone is also on the same plate, and he didn't seem to be looking at it just now.

It's just that there are a few cigarette butts in the ashtray on the table.

How long has he been sitting here?

"Young Master Jackson."

Emily Gale took a deep breath, tried to keep herself calm, and walked towards him.

"Hang out with friends?" Hunter Jackson was drunk, not heavy, but he had a very mellow feeling.

He was drinking again.

It seems that I have been socializing a lot recently.

After coming back several times, I was full of alcohol.

It has been less than three months since I took over Jackson Shi, and now, it should be the busiest time.

"Yes, go out to dinner with friends."

Emily Gale walked in front of the sofa and stood.

The conversation ceased, and the air in the entire hall suddenly became quiet.

Emily Gale didn't know what he was thinking.

Hunter Jackson was just drinking tea quietly.

I don't know how long he stood before Emily Gale whispered: "Young Master Jackson, I'll go back first..."

"Who sent you back?" he asked suddenly.

Emily Gale's palm tightened slightly, and he thought about making an excuse, saying that he came back by taxi.

However, when those words came to her lips, she swallowed them back.

The fate of deceiving Young Master Jackson is not something he can bear.

Finally, she said: "Jiangnan sent me back and delivered it to the gate."

Hunter Jackson did not speak, lit a cigarette, and took a casual sip.

The expressionless face, always cold, I don't know if he is angry.

But even if he is angry, there will be no expression on his face.

Therefore, Emily Gale was even more disturbed.

Hunter Jackson was still smoking for two minutes without saying a word.

The face is clear or there is no expression, but it always gives people a kind of utter pressure.

She didn't know how long she stood, but Emily Gale finally couldn't hold it anymore.

She said lightly, "I'll go up first."

"Yeah."

Tonight, Master Jackson should be angry.

Jiang Nan sent her back, why is he not angry?

Emily Gale was ready to accept punishment.

After taking a bath, she waited for him in the room.

Hunter Jackson entered the door half an hour later.

As soon as he entered, he took his bathrobe and walked into the bathroom.

Emily Gale's heartbeat also became faster and faster with the sound of water falling from the shower.

Ten minutes later, Hunter Jackson uttered a wet short.

He dropped the towel for wiping his hair and looked at her

.

Emily Gale squeezed his palms, turned around, and lay on the bed.

As long as he is not happy, he will toss her like this.

After more than a month of getting along, I got used to his way thoroughly.

Hunter Jackson walked behind her and looked down at the girl lying on the bed, condescending.

Emily Gale subconsciously squeezed the sheets tightly. He didn't say a word, which was even more disturbing.

Tonight, I am afraid it will not be so easy to get through.

Suddenly, with a slap, he actually slapped her on the hip.

"Ah!" This scream was definitely not because of pain, but simply because of shock.

"Young Master Jackson..."

Emily Gale looked confused and looked back at him.

"Do you like this pose so much?" Hunter Jackson's eyes flashed a joking smile.

Is he laughing?

Emily Gale was a little overwhelmed.

Since I had an agreement and was forced to come back with him, I haven't seen him smile sincerely for more than a month.

If there was a smile like nothing just now, does it really exist?

But she is with Jiang Nan tonight, isn't he angry?

"What? Do you want to hold yourself like this?" Hunter Jackson stared at her body.

Emily Gale was agitated and hurriedly sat up and looked up at him.

A small face flushed with shame, she explained: "I am not, I...no."

"Isn't I can't wait to do something like that?" Hunter Jackson smiled, staring at her blushing face.

Emily Gale only felt hot on his face, and this person was about to burn.

He obviously misrepresented her intentionally, she just thought...that he... However, in the scene just now, she was lying on the bed, the man standing behind, looking at her with a mocking breath...

The more red.

The picture, just imagination, makes people feel shameless.

"Don't want to do it tonight, don't hook me."

Hunter Jackson walked to the side of the sofa and sat down: "Pour me a glass of wine."

"Are you still drinking?" Emily Gale realized that he Overstepped.

In any case, for these three months, there really was no place at all by the side of Young Master Jackson.

It wasn't that she confessed her fate, she just realized that there was no point in arguing about it.

There is still more than a month, and everything is over.

She walked to the wine cabinet and was already familiar with the method of opening a bottle of red wine, and easily removed the cork of the bottle.

Pour a glass of red wine and came to him, she offered her hands with both hands: "Joseph, your wine."

"Didn't you say that drinking is not good? Listen to you."

Hunter Jackson gave a light push. Lean on the sofa and close your eyes.

Emily Gale is a little frustrated, is this guy tricking her on purpose?

Since I don't want to drink anymore, when I watched her opening the bottle just now, didn't he know to stop it?

A bottle of red wine was beaten like this

If he doesn't drink it, it will taste bad tomorrow, which is a waste.

This bottle is at least tens of thousands, right?

The behavior of the rich can be really frustrating sometimes.

She put the wine glass aside and looked at his handsome face with closed eyes, not knowing what to do.

It seems that I haven't tried to get along with him in a long time.

Every time he came back to the room, either he wanted her or was in the process of asking her.

Tonight, he said he didn't want it anymore, didn't he?

"Master Jackson, then...I'll go back to the room first."

Since she doesn't want to, it means that she is liberated, right?

Hunter Jackson still didn't speak, closed his eyes and rested, without any reaction at all.

He breathed evenly and looked like he was asleep.

Unable to wait for his response, Emily Gale breathed a sigh of relief, turned around, and walked to the door.

Just when his hand was about to touch the doorknob of the room, behind him, the man's muffled voice came from behind: "Come back."

Emily Gale was shocked, his legs weakened in fright and almost fell to the ground.

Didn't I say, don't you want her tonight?

The sound of "come back", like a nightmare, suddenly made her like an ice cellar.

"You are like those people. You approach me because of purpose.

As long as I sleep, you will be in your back, thinking of dealing with my conspiracy and tricks?" His words made Emily Gale feel sorrowful somewhere in his heart. Up.

"I didn't."

Emily Gale walked to him, trying to explain something.

Hunter Jackson suddenly opened his eyes and stared at her restless face:
"...I'm tired."

Chapter 385

Do you want to go back to him?

After saying "I'm tired", Hunter Jackson leaned on the sofa and closed his eyes again.

Emily Gale's heart has been trembling.

She had been for a long, long time, and had not seen Hunter Jackson showing such a tired side in front of her.

He is like a god, especially for these two months, he is completely an unattainable god on the battlefield.

No one can approach him, and he does not allow anyone to approach him.

Cold, arrogant, high above, out of reach.

But now, he said to her gently, he was tired.

After he tried his best to keep her by his side, tortured in every possible way.

The phrase "I'm tired" can shock her heart to this point!

The hand that fell on the door, I don't know when to take it back.

But only after hesitating for a while, she opened the door of the room again and left.

When the door was closed, Hunter Jackson slowly opened his eyes.

There was a touch of disappointment and loneliness in those black eyes.

Her heart is always on Jiangnan's body.

Apart from using the most powerful and indifferent means, he has no other way to lock her by his side.

What would she do if she was given freedom?

She will immediately return to Jiang Nan's side without hesitation.

"Heh!" He smiled, not knowing how long he had been sitting on the sofa, and finally picked up the wine glass that Emily Gale had just put on the table.

There is still a breath of alcohol in my stomach, and I did drink a lot tonight.

But, for him now, apart from wine, he doesn't have any partners around him.

Just when Hunter Jackson was about to drink the wine in the cup, there was a slight footstep outside.

The door was pushed open, and the slender figure walked in.

Holding a cup of hot tea in her hand, she silently walked to Hunter Jackson.

Looking at the tea in her hand, Hunter Jackson's fingers holding the wine glass tightened slightly.

Didn't she just leave him and go back to her room?

"Didn't you have drunk a lot tonight?" Emily Gale snatched the wine glass from his hand and put it aside before sending it to him.

"Drink some tea, warm your stomach, it won't be so uncomfortable."

He didn't know how long he hadn't been so cared about.

Seeing the steaming cup of tea in front of him, he did not take it immediately.

Just watching quietly, my heart is a little sour.

Perhaps Emily Gale could understand what he was thinking.

Just before she left, his words made her feel sad.

Does he think that everyone approaching him is just to please the forces behind him?

Even his family, all relatives, friends?

And those people, behind the scenes, are all conspiring, how to set

Plan against him?

Over the past two months after taking over Jackson Shi, he must have endured too much pressure and faced too many conspiracies.

"I didn't mean to please you on purpose."

Emily Gale took his hand and stuffed the teacup into his hand.

He still didn't want to drink, and when she was about to withdraw her hand, he gently shook her: "Feed me."

Emily Gale sighed silently.

He took the cup back into his hand, brought it to his lips, and fed it bit by bit.

The tea is warm, with a hint of sweetness in the bitterness, and a sweet aftertaste.

Hunter Jackson even half of his eyes seemed to enjoy the feeling of warming his stomach.

This man has been cold for too long.

Not only it chilled others, but it also chilled myself.

After a cup of tea fell, he suddenly stood up and walked to the big bed in the room.

Emily Gale was suddenly at a loss.

He said, don't want her tonight.

"It seems that for more than a month, the impression I left on you is not very good."

Hunter Jackson sat on the edge of the bed, fell down, and suddenly turned over and lay on the bed.

"Come here and sleep with me."

Emily Gale still doesn't know what he wants to do, and he is always on guard.

She went to the bed and sat down and looked at him.

But Hunter Jackson turned his face away, lying on the side, not looking at her.

Others say that men who like to sleep on their stomachs are very defensive.

But she could feel that at this moment, this man had no defense against herself.

She suddenly understood what Hunter Jackson's phrase "sleep with me" meant.

Really, just sleep with him.

But instead of sleeping, she sat down beside him.

Hunter Jackson suddenly turned around again. This time, he raised his head and put it directly on her lap.

When that soft leg was put under his head, not only Hunter Jackson, but also Emily Gale's heart was suddenly shaken.

There is a feeling of laziness when I come home and sleep on my wife's lap.

Relax, feel at ease, in the most comfortable posture.

"You have to let me sit on the head of the bed without a support point.

It is uncomfortable."

Emily Gale looked at the man's perfect profile and said softly.

But he didn't react at all.

When this man is headstrong, he doesn't care about you.

Because he knew that she would have a solution.

She exhaled, holding his head, and gently moving her body.

Finally moved over, leaned on the head of the bed, and let him rest his legs.

With the three-meter bed, Joseph slept horizontally, still wide enough.

During the movement, the man didn't hum or react at all, as if he was very docile and well-behaved.

Hey, this word, I don't know how long I haven't felt it in him.

Emily Gale's heart was a little hot and a little sour.

Long fingers fell on his temples and rubbed them lightly.

Some things she shouldn't say, but don't know why

What, I still can't help but say it.

"Actually, in this world, there are still many people who really care about you, but you stand too high and they can't reach it."

If he can lower his body and look back, he may be able to see a different scenery.

Hunter Jackson did not speak, but his even breathing was slightly confused.

But it was only a moment of chaos, and in an instant, peace was restored.

This man always likes to hide his heart so much that he can't find and see it for a lifetime.

Maybe she once had the opportunity to open his heart.

But those are already there.

Once Young Master Jackson's heart was closed, it would be difficult to reach the sky if he wanted to open it again.

What's more, she no longer has the key in her hand.

Even if the door of his heart could be opened in the future, the person who opened the door with the key would not be her.

Emily Gale calmed his mind, with his fingers still on his temples, gently rubbing and rubbing gently.

His breathing became even again.

When he closed his eyes, his long, dense eyelashes drooped, and the fan-shaped shadow cast was really beautiful and moving.

Long eyelashes that even women are jealous of.

She finally looked back.

About to cover him with a quilt, but suddenly heard his low voice, slowly sounded: "There is more than a month."

More than a month?

For a time, she was a little overwhelmed.

But Hunter Jackson said calmly: "After it's over, do you...want to go back to him?"

Chapter 386

Of course, it really is whether you want to return to him.

For him, even if Hunter Jackson didn't explain, Emily Gale knew who he was talking about.

She looked down at his profile.

Young Master Jackson still closed his eyes, without even moving his eyelids.

Emily Gale was not hesitating, nor was he thinking about whose side he would return to, but in a daze.

How long have they not spoken like this?

In the past month or so, every time I get along, I just communicated in the most primitive way.

No, just interact, never communicate.

She did not speak, and Hunter Jackson did not speak again.

I don't know if he is waiting for her answer, or is already asleep.

I don't know how long it took before Emily Gale said indifferently: "He won't want me."

"What if he wants to do it?" This question is a bit too much.

She is still by his side now, is this asking her to tell the truth or lie to him?

But Emily Gale was not embarrassed at all, and did not intend to lie to him.

"I have done it myself."

This answer, whether he is satisfied or not, at least not false.

Unexpectedly, Hunter Jackson nodded and said, "Yes."

This man!

Still silent.

Quiet, but there is a taste of peace and tranquility.

He was about to fall asleep, breathing a bit heavy, and snoring slightly.

He usually snores only when he is tired.

Recently, I was really tired.

After making sure that he was asleep, Emily Gale hugged his head, carefully trying to put his head back on the pillow.

Unexpectedly, just halfway through the hug, this guy was suddenly awakened by a nightmare.

One turned over, hugged her hard, and kept burying her head in her soft belly.

“Don’t leave me!” Emily Gale didn’t speak, and didn’t dare to move.

He soon fell asleep again, and the snoring continued.

It’s rare to sleep so heavily.

She decided to ignore the murmur of Young Master Jackson just now.

I didn’t want to think too much, and in the end, it all became desperate.

.....

The next morning, when Hunter Jackson woke up, she was still lying on her lap.

As soon as he moved, Emily Gale was awakened by him.

After the head that had pressed her leg all night was removed, she couldn’t adapt.

The soreness from her leg made her frown and hummed softly.

"What are you doing here?" Hunter Jackson sat up and stared at him coldly.

After one night, Young Master Jackson was still the same Young Master Jackson. Looking at her eyes, there was not much temperature.

"Nothing."

Emily Gale almost couldn't help but roll his eyes.

Was it true that I drank too much last night and didn't remember anything, or was it deliberate?

Forget it, it is meaningless to reason with Young Master Jackson.

She crawled off the bed.

Unexpectedly, the legs are really too numb, and the feet just fell on the ground.

He was unstable and fell to the ground with a thump.

And Hunter Jackson, who was standing by, watched her fall with such a cold eye, he didn't even mean to give a hand.

Don't even think about it, who caused her numb legs?

Really conscience has been taken as a dog's lung!

She struggled to get up, turned and walked towards the door.

Young Master Jackson's room really wasn't something ordinary people like her could treat.

As soon as he walked to the door, behind him, Hunter Jackson's deep voice rang: "When will the exam end?" "Two courses today, and the last three tomorrow."

"After the exam, what needs to be done? Hurry up and finish it. On Saturday, accompany me to Lingzhou."

Emily Gale was taken aback and looked back at him: "Lingzhou?" The gentle face belonging to the old man suddenly jumped out of his mind.

I haven't seen him for more than a month. I wonder how Grandpa Gale is now?

Speaking of it, it has been more than a month since Kylene Gale came to Gale's house.

She nodded, and when she was about to go out, she couldn't help asking: "What are you going to do in Lingzhou?" "Are you qualified to ask?" The man raised his eyebrows and looked impatient.

That little bit of tenderness last night was long gone.

Emily Gale snorted and opened the door.

This man just can't have any illusions about him.

Fantasy at the end will only accomplish your despair.

Don't ask, don't ask, what's so great?

She was about to walk out of the room. Behind her, the voice that was still so low and sweet to make women love and hate resounded again.

"The Gale family recognizes the only Miss Sun, and will host a banquet this Saturday to announce the news publicly."

The Gale family's Miss Sun...Kylena Gale... Emily Gale's fingertips shook, and she was stunned on the spot.

"Not leaving yet?" He was chasing people.

This time, Emily Gale was not angry at all, and had no angry energy.

She took a dazed step, and walked back to her room step by step.

Miss Sun of the Gale family... Because of Hunter Jackson's relationship, this matter was shelved by her.

Originally planning to wait for the end of three months, she would think of a way to find out what happened that year.

But forgot, many times, if you don't leave, others will leave first.

Lingzhou Gale's family... Kylena Gale... Siniya Ye... Xiaomi... Obviously seeing nothing involved, all of a sudden jumped in her head.

Her head is messy.

It wasn't until Emily Gale returned to the room and closed the door that Aspen Li in the distance walked over, knocked on the door of Hunter Jackson's room, and walked in.

"Master, the information you want."

He put a document on the table, his expression unspeakably gloomy.

"When the old lady had an accident, the man in that photo was really Gale Xianxing."

... Emily Gale had nothing to do.

After finishing the last exam on Wednesday, go to the hospital immediately

Su Xiaomi.

As for the company, it is still the same.

Meetings are video conferences, and communication is all on the Internet.

So this Thursday, they arrived in Lingzhou early.

Young Master Jackson and Young Master Gale seemed to have something to discuss. When they first arrived in Lingzhou, they were invited by Young Master Gale.

Hunter Jackson did not restrict Emily Gale's freedom, but left Qin Yi to her.

In fact, it is surveillance.

That afternoon, Emily Gale left the hotel and walked around the commercial streets around.

Qin Yi kept following behind her, and there was no communication between the two people. He didn't say a word to her all afternoon.

Emily Gale knew that Qin Yi hated her because of Kylena Gale.

This man likes Kylena Gale.

However, it is not surprising.

Kylena Gale knows how to win over men's hearts.

There are so many men who like her in this world.

Tired of walking, Emily Gale sat down on the stone bench on the street.

Holding the hot milk tea I bought just now, I tasted it bit by bit.

On the street not far away, a low-key luxury car squeaked and stopped on the side of the road.

"Let's take a look? I didn't admit the wrong person, did you? Old Ding, take a look!" The old man of the Gale family pushed the car door open in a hurry, and walked over without waiting for Old Ding's response.

Lao Ding quickly got out of the car and ran after him.

"Master, wait for me, don't run too fast, be careful of falling!" "Go! You old fellow will fall, I'm healthy!" Old man Gale flew straight to Emily Gale's.

Approaching him, one grasped her shoulder.

"Ranran! Really Ranran! My God! Why are you here?"

Chapter 387

Oh, when he got out of the car and ran over from the old man who looked exactly the same, Qin Yi had already noticed the existence of these two old men.

If it weren't for recognizing Gale's master and old housekeeper, he would definitely prevent them from approaching Emily Gale.

After all, rushing over like this is really shocking.

Although he didn't like Emily Gale, the young master gave an order to protect her.

If you don't like it, you must ensure her safety.

Emily Gale's head was shaken by the old man who suddenly appeared in front of him.

After seeing the other person's appearance clearly, her eyes lit up and she became excited.

"Grandpa Gale, why are you here?" "Didn't I ask this question first?" Grandpa Gale held her hand tightly.

"Didn't they say that you want to take a test, can't you come?" Of course, they were talking about Kylena Gale's parents.

Emily Gale narrowed his eyes and McGraw Gale came, which is not surprising.

But, Siniya Ye?

Siniya Ye, who had been hiding for so long, finally dared to show up?

However, following Hunter Jackson's side for so long, she began to learn not to be too impulsive when things happen.

At the beginning, it was because of impulse that he harmed himself and almost harmed He Lingzhi.

At this time, even if Siniya Ye appeared in front of her, she could no longer let herself lose control.

"Are both Dad and Aunt Xin here?" Emily Gale suppressed the shock and smiled at Father Gale.

Old man Gale was a little puzzled: "You call her Aunt Xin?" "Otherwise..."

"Miss Ranran, oops! It's really you! The old man's eyesight is so good! You Uncle Ding, I didn't see clearly just now. Steward Ding finally ran up to them, out of breath.

As for their bodyguards, they all stood by.

Seeing Qin Yi not far behind Emily Gale, everyone did not approach to avoid conflict.

There is always a certain aura between the bodyguard and the bodyguard.

Stay as far away as possible if you can.

After all, there is nothing dangerous.

After being interrupted by Steward Ding, Mr. Gale suddenly forgot what he was thinking.

He still held Emily Gale's hand tightly, too excited.

"When they said you weren't free to come, you didn't know how disappointed Grandpa was.

Are you trying to surprise Grandpa?" Emily Gale thought slightly, and finally nodded.

"I still want to give my sister a surprise, so, grandpa, can you promise me not to let everyone know what I'm here?" "Of course!" As long as she comes, nothing else matters.

The old man didn't know why he was so looking forward to seeing this little girl again.

Maybe it's because she is Kylene's younger sister, Aiwu Jiwu, and he also regards her as his granddaughter.

In short, I am very happy to see it,

Because of impulse, he hurt himself, and almost hurt He Lingzhi.

At this time, even if Siniya Ye appeared in front of her, she could no longer let herself lose control.

“Are both Dad and Aunt Xin here?” Emily Gale suppressed the shock and smiled at Father Gale.

"Of course can!

The old man doesn't know why he is so looking forward to seeing this little girl again. Maybe it's because she is Kylena's younger sister, Aiwu Jiwu, and he also regards her as his own. Granddaughter.

Anyway, I am very happy to see it,

Emily Gale thought slightly, and finally nodded.

Very happy!

"By the way, when did you come? Did you finish the exam?" "I finished the exam yesterday. I came here early this morning and I am staying in a hotel now."

"Stay in a hotel? How can it work? I have to go back to my grandpa. Home, the outside is not good at all, it's not safe yet."

The old man was not happy to let her go to the hotel.

But now, Emily Gale still didn't want to let Kylene Gale know that he had already come.

Most importantly, this time, Siniya Ye also came.

If you live in Gale's house, you will definitely meet them.

"Grandpa, I just want to give them a surprise. If you insist that I live in Gale's house, what's the point?" She grabbed the hand of Grandpa Gale and pulled it gently.

"Grandpa, don't expose me, otherwise, I will ignore you in the future."

Just now Emily Gale called him Grandpa Gale. My father always felt that something was missing, and his heart was empty.

Now, she called him grandfather, and she came back no matter what.

How can the old man resist the little guy's acting like a baby?

Don't compromise immediately!

"Okay, okay, it's okay to stay in a hotel, but we have to live in our family's hotel!" My own children can't hang around outside, it's not safe.

"Grandpa, I came with Joseph this time. Is it still safe?" She turned her head and pointed at Qin Yi: "Look, there are bodyguards, how could it be dangerous?" She is just a little girl. , Who dealt with a little girl for no reason?

Steward Ding also smiled and said: "Old man, don't be too nervous, but the young Master Jackson has arranged it well."

The old man looked at Qin once and still felt a little uneasy.

He approached Emily Gale and lowered his voice: "Yes, what is the relationship between you and Young Master Jackson?" Kylena said before that she was helping with Jackson's house. Now, Young Master Jackson directly took her out and asked her bodyguard to come. Protect her.

In terms of this, she is just a temporary worker who is a helper, but she can't justify it.

"Because my sister has a very good relationship with him!" Emily Gale didn't want to lie to him, but the relationship between him and Hunter Jackson would surely make him worry about it.

Why bother to talk about such a shameful relationship?

"Grandpa, why did you come out today? Don't you need to go back to the company to do things? Grandpa, you must be lazy."

Her tone of change of the subject was really natural, and the father didn't respond at once, and was immediately taken in.

"Grandpa, I'm old, now, I don't care much about the company."

"That's the eldest master dealing with it?" she asked.

Elder Gale nodded: "You will be like Kylena from now on, call him his big cousin."

"Good."

As long as you don't mention Hunter Jackson and her, everything is fine.

The old man took Emily Gale's hand: "You have just come to Lingzhou. Grandpa will take you to

Go and see, okay?

When I came out today, I wanted to pick a special gift for Kylena Gale, and I personally gave it to her on the day of the banquet. But I didn't expect that I ran into Emily Gale here.

As for Kylena Gale's gifts, it seems that I can put it down temporarily. Jenni looked back at Qin Yi, Qin Yi said lightly: "Young Master doesn't mean to restrict Miss Gale's actions.

"As long as, don't try to get rid of him. Emily Gale was pleased and nodded vigorously at the old man.

She was also happy to be with Grandpa Gale, just like she was with Mrs. Jackson at the beginning.

The old man took Emily Gale's hands. Hand, when I was about to take her where, I met him, and an old man in her sixties walked over quickly.

"Old Gale, oh, it's really you.

"Lao Yang, you also came to go shopping, what a coincidence?"

"The friends who have known each other for many years have now retired. Keep young people fighting on the front line, and they lead a retired life.

It is common for them to go shopping and stroll. Lao Yang looked at Emily Gale who was being led by the old man.

The smile is stronger.

"Is this the granddaughter you just found?"

Oh, they look exactly like you, look at these little eyes, these facial features!

"Does it really look the same as me?"

"Master Gale doesn't know how happy he is.

Although Emily Gale is not his granddaughter, he is happy to say that they look alike! Steward Ding walked around the two of them when he heard this, and looked left and right, suddenly, He also opened his eyes wide.

"Looking at it this way, it looks really like our old man!

It's so like!

"The old man's five senses are a little closer because of his old age, but they have known the old man for decades. Emily Gale looks like this now, the heroism between his eyebrows is really like when the old man was young. I don't know. Yes, I thought they were the real grandparents!

Chapter 388

Does anyone in this family want to make me look exactly like Grandpa Gale?

Emily Gale subconsciously stared at Old Man Gale, not knowing where, and was severely touched.

Some thoughts seemed to gradually become clear in his head.

It's those thoughts that I occasionally thought of but were inexplicably interrupted.

She bit her lower lip, calmly, and grabbed a hand on Old Man Gale's head.

"Grandpa, look, your gray hair has come out, and I don't know how to take care of it."

"What is my family's saying? Grandpa is old, can he still have gray hair?"
However, Emily Gale is concerned His tone still made the old man very happy.

Steward Ding smiled and said, "Of course, our old man is over 70 years old.

It's not normal to have white hair? Look at you, Uncle Ding and me."

He pointed to his short, half-white hair with a lovely smile.

"I'm younger than the old man, isn't I also a gray hair?" "Grandpa, is it over seventy?" Emily Gale was a little bit lost because of distressing his old age.

In fact, the old man is very well maintained, perhaps because he has a good mentality, and he looks like no more than sixty.

It turned out that he was over seventy.

An old man in his seventies, only at this age has he found his only granddaughter, can it be a treasure?

Inexplicably, I was a little envious of Kylenea Gale.

"What's the matter? I'm afraid that Grandpa is too old and will not be able to be with you soon in the future?" "Grandpa, don't say such things!" Such words really make Emily Gale feel uncomfortable.

When she thought of her mother, whom she had no impression of, and her grandmother, her heart suddenly became sore.

Seeing that the little girl's eyes were red, Old Gale suddenly felt distressed.

"It's all right, grandpa nonsense, grandpa nonsense, of course it is not sad, grandpa will live a hundred years, don't be sad."

Lao Yang Qian sighed, really envious.

"You two, don't show affection in front of me.

It makes me feel so lonely.”

Being able to be friends with the Gale family for so many years is naturally not bad.

Elder Yang also brought a bunch of bodyguards, and not far behind him were all bodyguards.

But in their homes of wealthy families, where is the true feeling?

Those children, daughters and grandchildren, one by one hope he will die soon so that he can inherit his inheritance.

Seeing that Mr. Gale and his granddaughter are so good, even he was moved.

Emily Gale suppressed the sorrow in his heart, gave the old man a little lightly, and smiled.

“Grandpa, I’m not a child. I don’t need you to coax me like this, people will laugh at me.”

“Grandpa likes to coax our family, what are you afraid of others laughing at?” Uncle Ding wanted to say something, but the phone ringing suddenly rang.

He stepped aside and picked up the phone.

A few seconds later, Uncle Ding, whose face changed, rushed over: “Old man, Miss Kylena...”

There is something wrong with Kylena!” ...

An accident.

For the wealthy, sometimes, it may be more than just an accident.

Kylena Gale came back a month, this is the third accident.

It was all small accidents and injuries before, but this time, I almost died!

"Grandpa, grandpa..."

Seeing the old man come back, Kylena Gale burst into tears and burst into her nose.

"Grandpa, I almost couldn't see you, grandpa, woo..."

"What's the matter?" Grandpa Gale hurried over and held her in his arms.

Turning back, glared at Zyden Gale: "Didn't you let people protect Kylena? How could you make Kylena an accident?" "I..."

"It's not about the big cousin, it's me who have to go out for a walk to get this time.

Accident."

Kylena Gale glanced at Zyden Gale, then looked at Old Man Gale again, crying pitifully.

"Grandpa, someone in this family wants to hurt me, I can't stay here anymore!" The old man hurriedly coaxed: "Why? No one in our family will hurt you.

It's too late for everyone to hurt you."

Kylena Gale cried louder. , Crying heartbroken.

Siniya Ye walked to her and rubbed her head gently.

She looked at the old man with an uneasy expression on her face: "Master Gale, our family Kylena is here...here is the real suffering."

"What's wrong? Mrs. Gale, are they disrespectful to you?" Although McGraw Gale and Siniya Ye are just guilty. Kylena's adoptive parents were not biological.

However, the birth mother is not as old as the foster mother, after all, they raised Kylena Gale.

The father respects them very much!

He was also very afraid of their husband and wife and had to take Kylena Gale back.

"Mrs. Gale, if you don't help you anyway, my old man apologizes to you, Mrs. Gale, and I ask you to forgive me."

The dignified old man of the Gale family is so respectful to these two little people, it is too unreasonable!

Most of the Gale family's faces immediately sank.

Mr. Gale has two daughters, both of whom are elites in the Gale family, and both hold very important positions in the Gale family.

Now, even the old man is loyal to Siniya Ye.

Do you want them to follow his appearance to please this inexplicable woman?

They have long been accustomed to being aloof, how can they bear such grievances?

The eldest daughter Gale Qinghe looked indifferent: "Dad, in our family, there are only people like us.

It is too much to say that someone in our family wants to harm her?" The second daughter Gale Qinglian was also depressed.

"Dad, before Kylena Gale came back, our family lived so harmoniously."

"Now, I suspect that her family is not good for her. What do you want to do?"

Grandpa, my aunts are saying that I want to provoke discord and make this family ruined?

"Kylena Gale's tears rolled down again.

She still has a wound on her arm. This time, as soon as she pushes the old man away, she will lift the quilt down.

"This family, I really can't stay, except for my adoptive father and Adoptive mother, no one really cares about me at all!

"How could the old man make her move? The wounds on her arms even had blood stains on the gauze! "Kylena, my aunts didn't mean that.

The aunts just wanted to tell you that they couldn't hurt you."

"But grandpa, you have seen it too, the aunts look down on me at all.

"Kylena Gale is not afraid to tear her face with Gale Qinghe and Gale Qinglian at all.

It is a fact that they disrespect her. Since they entered this house, they have been showing her face. I don't want to think that they are just the young ladies of this family.

Their son originally didn't have a surname Gale! After taking her husband and son into their Gale family, he even dared to be arrogant in front of her genuine Miss Sun. Can she not be angry? "Grandpa, I can live a little bit here."

Not happy, I want to go back to Beiling, I don't want to stay here anymore!

"Kylena, this... how can this be?"

You are grandfather's granddaughter!

You have to be with Grandpa from now on!

"The old man was so scared that he hurriedly asked the housekeeper Ding for help. Uncle Ding also hurriedly said: "Miss Kylena, this is really just a misunderstanding.

The eldest lady and the second lady like you, they are your aunts!

"Something flashed under Siniya Ye's eyes, she also held Kylena Gale's hand, softening her voice.

"Kylena, the old man is your grandfather, and only you are the most orthodox Miss Sun in this family. No one would dare to bully this family. you.

"Don't panic, Master Gale won't let you here, just a little bit wronged."

Chapter 389

Love, more guilt, Siniya Ye's words, there is nothing wrong with it.

Kylena Gale's identity is indeed more important than the two young ladies.

The most important thing is that she is the old man's favorite three young masters, the only blood left behind.

How much the old man loved his little son before, now he loves this granddaughter more.

So here, no one would dare to bully her.

That's good, but it is hard to accept it.

These words slapped the two young ladies too!

Gale Qinghe and Gale Qinglian were angry.

This dead girl, after coming back, not only gesticulated their two aunts, but had no respect at all!

Now, I still want to get involved with the Gale family!

"Dad, in our family, no one would dare to bully her, but she can't bully others either."

Gale Qinghe really didn't want to care about a little girl, but these people were really getting too much.

Gale Qinglian also had a dark face, and said displeasedly: "She doesn't understand Gale's affairs at all, but she insists on directing my people to do things."

"If something goes wrong, I will put all the blame on us. I am I couldn't help it, and just said a few words to her!" "Kylena is still a little girl, what do you care about with a little girl?" The old man's eccentricity, as he said this, has been completely revealed.

He looked at the two daughters, indeed a little angry.

"Kylena is your brother's biological daughter, what your brother had in the past, I will double it to her in the future."

"Gale, Kylena will also be in the future. If she wants to work in Gale, you should help instead of doing everything possible. Interference."

"Dad, what are you talking about? Are you going to give Gale to such an outsider who somehow finds it back?" Gale Qinglian was rather uncomfortable. Father's words made her face completely black!

"Dad, you..."

"I want to give Gus to Kylena, is there any problem? I originally planned to leave Gale to Jing Xu, but now it is given to his daughter. Isn't it a matter of course?" "But, Dad, Gale clan... Gale clan is also our many years of hard work!" Gale Qinglian almost cried because of his words!

Dad will always only have his youngest son Gale Jingxu in his heart.

Their two daughters have been helping him for so many years, without credit and hard work!

Is it that Dad doesn't care about love at all?

Although Gale Qinghe was able to hold his breath, his palm was still tightly squeezed.

The sharp nails almost squeezed into his own flesh.

The old man really wanted to give the Gale family to Gale Jingxu's child.

So, what about their children?

Now Gale's most outstanding junior, her eldest son Zyden Gale, who has just taken up the post of Gale's president, is obvious to all of his abilities over the years.

Because of Kylena Gale's return, even his son will be

Is it suppressed?

"In short, Gale will belong to Kylena in the future. I don't want to say anything to you. If anyone refuses to accept it, come to me tonight!" The old man's face sank, and he said displeased: "Old Ding, let them go out."

"Butler Ding looked at everyone, and shook his head: "Go out first, let Miss Kylena rest, and I'll say something later."

Gale Qinglian wanted to say something, and Ding gave her a wink quickly.

The old man is angry. Now, where is the mood to reason with them?

"Grandpa, then, let's go out first, and you can stay with Kylena."

Zyden Gale looked calm and hugged his mother: "Mom, go out first."

Gale Qinghe nodded. His son is always so good and so stable.

She is a mother, I don't know how proud she is.

It's a pity that he doesn't have the surname Gale, even if he followed his surname, the old man still does not regard him as the real young master of the Gale family.

Seeing that her sister had all gone out, Gale Qinglian had to leave first, so as not to upset the old man by herself.

Looking back, all the responsibilities have to be pushed onto him.

Butler Ding led everyone out of Kylena Gale's room.

When she reached the hall, Gale Qinglian couldn't help but became irritable.

"Lao Ding, you have also seen that, who is the Miss Sun you found back?"

"Soliciting the separation all the time, shutting up and saying that we are bullying you, but you can see it!" "She came back like this! For a long time,

who has bullied her, and who dared to bully her?" Steward Ding moved his lips, but in the end he didn't say anything, just sighed silently.

Gale Qinglian is still unwilling!

"Now, it's as if my dad lowered his head by her!" "Second Miss, don't talk nonsense about this. Let the old man hear it, and he will be angry again."

"Isn't it? Not that Kylena Gale. Knowing what medicine he was given, why did Kylena Gale come back and his whole person has changed?" "Auntie, don't say these things."

Zyden Gale looked at her and smiled lightly: "You know, grandpa is right. I am still very guilty of preventing my uncle and my aunt from being together back then." Although Gale Jingxu's car accident was not caused by my grandfather.

But if it wasn't for him to prevent him from staying with Sang Qing, my brother-in-law would not need to run away from home.

Without running away from home, maybe, there won't be that car accident.

"Grandpa now just makes up for all the guilt he has for my uncle on Kylena's body."

So in fact, the old man's love for Kylena Gale is more or less regrettable for Gale Jingxu.

Now, of course, he can't see that Kylena is wronged.

He wants to make up for Gale Jingxu's daughter. In fact, everyone should understand this feeling.

Gale Qinglian looked at him and sighed helplessly.

"My son is not upbeat, he knows to play all day long, I don't count on him anymore, but you are different!" She looked at Gale Qinghe, still angrily.

"Sister, take a look at our Zyden, what's bad? What's not like an orthodox heir?" "Auntie, please don't say anything like this in the future!" Zyden Gale was praised, not at all happy, but his face sank. .

"Grandpa has already said very clearly, Gale's will be Kylena in the future."

He wasn't reconciled or something, he just wanted to tell everyone that he really couldn't say such things.

No matter who said it, in the end, it is bound to become his ambition.

Steward Ding also said: "Second Miss, if it is really good for Young Master Zyden, I really can't say such things in the future."

Gale Qinglian sighed and finally suppressed her anger.

Finally, pursing her lower lip, she said helplessly: "If you don't tell me, I just can't see it, I'm angry!" "Sister, I'm going back first!" She turned and left, full of anger.

"Mom, go back and rest too."

Zyden Gale looked at his mother in a soft voice.

Gale Qinghe stared at his outstanding face for a long time before nodding: "I'm going back, you look at Dad."

"Yes."

After Zyden Gale watched them leave, he was about to return to his room to continue working.

Outside, the servant walked in and said respectfully: "Master, some guests came outside, saying that they are looking for you."

Looking for him so late?

Zyden Gale was a little surprised: "Who?" The servant replied: "It seems to be... the eldest master of the Jackson family."

Chapter 390

In the future, all in your room, Kylena Gale grabbed her old man's sleeve and looked aggrieved.

"Grandpa, you can see it. In fact, the two aunts don't like me at all.

They both despise me."

"What's the matter? Everyone is a family, and no one will despise you."

The old man patted her gently. Hand, seeing the wound on her arm made her feel uncomfortable.

This girl has only been back a few days, but within a month, there have been several accidents.

Could it be that someone in this family really wants to deal with her?

"Kylena, what is going on today? What happened?" He only received news that he was almost hit by a car.

As for what happened, the old man and Steward Ding didn't know.

"I don't know what's going on. My mother and I... were walking on the road with Aunt Xin, and a car behind me suddenly ran into me."

"Yeah, Master Gale, if it weren't for our Kylenea, Now, people are probably already..."

Siniya Ye looked scared, as if she didn't dare to recall the scene at that time.

"Then have you seen clearly, who is in the car?" The old man asked immediately.

Kylenea Gale shook her head, and she muttered: "I was scared to death at the time. Where can I still want to see others?" "That's right, Master Gale, at the time, we, Kylenea, really walked in front of the ghost gate."

Siniya Ye also hurriedly helped her voice: "You are embarrassing her if you want her to recall the scenes at that time."

When Kylenea Gale heard it, tears fell in her eyes.

"Grandpa, don't you believe me? But I...I am your granddaughter!" "How could I not believe you?" The old man hurriedly explained, "I just want to ask about the situation at the time."

Yes, where did it happen, I'll let someone investigate it, and I'll definitely find out."

"Can't check!" Kylenea Gale immediately grabbed his sleeve and became anxious: "Grandpa, if... People in this family, then you have found out, how will everyone live face-to-face in the future?" "But... Grandpa wants to investigate, but also to eliminate your doubts. If it is found out, it proves that someone from this family wants to harm you, then Isn't it better?" She can say that someone in this family has harmed her, but now, she thinks that sending someone to investigate will hurt everyone's feelings?

Isn't she afraid of what she just said?

Those words offend people more straightforwardly.

"Grandpa, don't check it, I'm really afraid!" Kylena Gale glanced at Siniya Ye, who winked secretly.

Kylena Gale grabbed the old man's sleeve again, her tone softened.

"Actually, Grandpa, I know that everyone looks down on me because I am a child picked up from outside."

"What's more, everyone in this family,

They are all big people with status and status, and I am nothing.

"You are Jing Xu's daughter and grandfather's only granddaughter. How can you be nothing?"

"The old man felt distressed for a while, and felt uncomfortable when he thought of his no longer son.

"But I don't have anything in my hand, and which of them is not holding Gale's shares?"

Kylena Gale bit her lip, tearful eyes.

"Even if I am my father's daughter, who is really willing to admit my status?"

The old man looked at her without speaking. Siniya Ye winked at Kylena Gale again, a little anxious. Kylena may have said too fast and too anxious, I don't know if the old man will have an idea in his heart. What they are facing now, but the Gale family's Patriarch.

Although the old man has retired from the front, in any case, he was a man of great power back then, an absolute great man. Even if he looks amiable, a great man is a great man.

A legendary character, who is not the one who is not charged and killed She was scornful in front of him, and I didn't know how sure. But Kylena Gale didn't seem to be worried at all.

She had already figured out her temper with the old man. He would definitely agree! "Grandpa, Dad was there at the beginning. Does this family have no status at all?"

" "how is this possible?"

"The old man said bitterly. In fact, Gale Jingxu has always been a pain in his heart. In this family, everyone will not easily mention it. For a few days, Kylena Gale mentioned it again and again. In his heart, it has been pierced. Countless times.

"Then, what do you think so that everyone can look up to you?"

"I don't want to hear anything bad about Jing Xu anymore, the old man asked straightforwardly.

"Grandpa, I don't actually want anything, you know, I never cared about those foreign objects."

Kylena Gale wiped the corner of her eyes, still grieving: "I just... I just don't want my father's daughter to be despised!"

Otherwise, Dad is in the sky, and it will definitely hurt to watch.

"When I return to the company next week, I will transfer the shares originally intended for Jing Xu to your name."

" "really?"

"Kylena Gale's eyes suddenly lit up.

After saying this, she was surprised that she had acted a little too much.

She hurriedly reduced her smile and said in a low voice, "I just think, Grandpa, you really hurt Dad. , I am really happy as my father's daughter.

"Just happy."

"The old man nodded.

It seems that as long as she is happy, she really has nothing to ask for.

"You take a good rest, grandpa go and prepare first, and take you back to the company next week.

"He wants to leave, but Kylena Gale seems to have something to say.

It's just that she can't speak for a while.

The old man will always ask when he sees her face like this.

At the end, ask her what else is unsatisfactory.

But today, he actually ignored it and turned around to leave.

Siniya Ye was anxious, McGraw Gale was also anxious, and Kylena Gale was even more anxious and almost turned off the bed.

"Master... Grandpa!" She suddenly whispered.

The old man stopped and looked back at her: "What's wrong? Is there anything else uncomfortable?" "I...not very uncomfortable, but the wound is still a little painful."

Kylena Gale immediately wrinkled her face, as if It really hurts.

The old man hurriedly folded back and looked at her arm: "Does it hurt? I will ask the doctor to come and check it for you."

"No, grandpa! I don't hurt if you care about me so much."

Kylena Gale rushed to him. With a smile, although embarrassing, there are some things that must be asked clearly.

"Um, grandpa, actually, how many shares did you leave to dad?" The old man was silent and did not speak.

Kylena Gale panicked: "Grandpa, isn't it...upset? You're upset, I don't want to ask!" She lowered her head, her expression frustrated.

"I just want to know more about Dad. I know more.

It's like he still lives by my side."

"Grandpa, I really have no other meaning. If you are unhappy, I will not Ask..."

"Give it all to him."

The old man's face was dark, but he didn't mean to be angry at all.

However, the whole person looks a bit low.

He said lightly: "But you are still young, and I will give you ten points first when you go back next week."

"Ten points?" "Don't be afraid, your two aunts only hold five points in your hands."

The old man patted the back of her hand and comforted: "In the future, the entire Gale family will be yours."

Chapter 391

Do you want to stay at your grandfather's house? When the old man came out of Kylene Gale's room, his face was gloomy.

In fact, I can't say that I am in a bad mood, but it is a heavy feeling.

Suddenly, I felt very lonely.

Well, it's loneliness.

"Master is out."

Steward Ding was busy aside, seeing the old man, he immediately greeted him.

"Master..."

The two have been good friends for decades. When they were getting along in private, Uncle Ding called him the old man.

But when someone is there, he still screams.

"Yeah."

Master Gale nodded, but didn't say a word.

"Master, did something happen?" It seemed that he was in a bad mood?

"Nothing, Old Ding, accompany me back to the company next week."

He is not in a bad mood, maybe he is not, after all, he can't tell what's wrong.

"You want to go back to the company? What are you going to do?" Since Kylene Gale came back, the old man has not taken care of the company.

For more than a month, I have been trying to make Miss Kylena happy.

“Old Ding, when I wanted to give Jing Xu’s shares, it’s time to transfer it to Kylena.”

The old man walked forward and unexpectedly saw guests in the lobby.

Uncle Ding originally wanted to ask questions, but suddenly he remembered that there were still guests in the lobby.

He hurriedly said: “Young Master Jackson is here, and...”

“Why did you come here early?” Master Gale greeted him.

But after walking a few steps, from the corner of his eyes, he saw the small figure sitting at the table in another part of the hall.

“RJenni?” The old man was taken aback for a moment, and suddenly his heart became clear, and he quickly walked over: “How come? Didn’t you say that you don’t want to come to Grandpa?” Emily Gale was eating, and when he saw him coming, he immediately stood up. .

“Young Master Jackson is coming over, I’ll be with you.”

“Don’t leave when you come!” The old man took her hand.

The depression in my heart just now disappeared without a trace with Emily Gale’s appearance.

“What are you doing? Are you eating? Old Ding, hurry up and take out all the delicious food in our house, hurry up!” “We are letting the cooks prepare it.

It will take a while.”

Steward Ding said immediately.

"There are also rare stuffed crab balls, eight treasures pearl paste, egg yolk and Australian lobster slices? How come they are not?" These are the things that the old man usually likes to eat. He thinks they are the best dishes prepared by their chefs. .

Look at this table, there is no one of their most famous dishes, it's too much!

"They all have them.

They are all making them, but it didn't take long before they came to the table."

"Master, the egg yolk Aolong is here!" The head chef was walking with a plate of hot lobster slices.

Emily Gale was a little bit dumbfounded.

She couldn't finish the stuff on this table.

Now, new ones are coming?

"Grandpa, I'm already very supportive, and I can't eat a bite."

"How can it work, how can I not eat the best food before it is served?" The old man refused, and the housekeeper Ding refused.

"The dishes made by our chef are absolutely world-class. You have to try them all."

"Why didn't you say that there are better ones? I have eaten so much, and my stomach is wasted. Emily Gale couldn't help complaining, because the plate of lobster slices with egg yolk in front of him looked really delicious.

"That's it, I blame Lao Ding, why don't you remind Ranran, there will be something more delicious later?" The old man frowned and scolded.

Emily Gale frowned, really wanting to eat more lobster.

"Yes, Grandpa Ding, you are too bad, why don't you remind me earlier?" "You are not allowed to call him Grandpa Ding. You can only call him Grandpa Ding. Call him Lao Ding."

"Hmm..."

Emily Gale's little mouth Inside, it was obviously full of things.

Now I am a little bit slurred.

"Uncle Ding..."

"This is good!" "Yeah! It's delicious!" On the sofa in the distance, the man held a tea cup in his hand, and his eyes fell on Emily Gale and the old man.

The deep eyes made people unable to see what he was thinking.

Zyden Gale was sitting not far away, looking at the three people over there as well. He raised his lips with a soft smile on his face.

"Grandpa He Ranran really hit it off at first sight. Ranran could be regarded as saving Grandpa's life.

They felt very good together."

"Really?" Hunter Jackson retracted his gaze and smiled faintly, "It looks like it is Grandpa and grandpa are the same."

"Isn't it? Grandpa likes Ranran to call him grandpa, but he has to call him like an old naughty boy."

Zyden Gale smiled and shook his head, and he didn't mean anything to his old naughty grandfather.

Hunter Jackson turned the cup in his hand before raising his hand and drank the tea in the cup.

The tea cup was put down by him, and he looked at Zyden Gale: "I heard that Kylena Gale had an accident? How is it now?" "It's okay, it's just a bruise on the arm."

Zyden Gale hasn't understood Hunter Jackson and Kylena Gale until now. Relationship, so it's not easy to say anything.

He suggested: "Young Master Jackson, Kylena is on the second floor, or, I will take you up to see her?" Hunter Jackson originally wanted to say no, but after looking at the relationship between Mr. Gale and Emily Gale, he Suddenly something passed in my mind.

Withdrawing his gaze, he stood up and smiled indifferently: "Well, there will be Laogou leading the way."

Not far away, Emily Gale quietly glanced at the back of the two men leaving.

"They should be going to see Kylena."

Old man Gale remembered that Kylena was injured, and she should mention it to Ranran.

He said: "Your sister

It's on the second floor. I got hurt today. Grandpa will take you to see her?

"But actually I don't know what's going on. Now, I don't want to bring it up.

It's rare that Ranran has come. He still has a lot of delicious and fun things that he didn't show her.

"I'm not going anymore. I have always been in love with her."

not good.

"Emily Gale doesn't hide this at all.

Anyway, a bad relationship means a bad relationship, isn't it obvious? There is nothing to pretend.

The old man was not angry at all when she said this. On the contrary, he laughed.

It's a pleasure. Pressing his finger on her head, he smiled and said, "You girl!

I can't wrong myself and pretend to have a better relationship with Kylena, so that I can coax the old man.

"Grandpa, you know it yourself, I've always been at odds with her, what's the point of me coaxing you?"

"Emily Gale is worried that the lobster flakes are really delicious, but she can't eat a full bite.

"No, grandpa, I have to go for a walk, digest and digest, and I will come back to continue with the lobster flakes. fighting.

"Just know to eat!"

"But, this little girl who knows that eats is just to make him feel at ease.

"Go, grandpa will take you to see grandpa's house, and make sure you like it."

"Master Gale took her hand and walked out the door.

"If you like it, you will live with Grandpa in the future. Don't leave, okay?"

"No, I have to go back to Beiling to school."

"Emily Gale didn't give him false hope.

The old man looked frustrated: "In Lingzhou, there are also many very good and famous universities. Which one you want to attend, grandpa promises to arrange it for you."

"No, my home is in Beiling."

"The old man is even more discouraged. Is it so difficult? Walking in the yard, he suddenly grabbed Emily Gale with a serious face: "Of course, I will give you five points of shares in the Gale family. ?

Chapter 392

Can feelings be measured by money?

Gale's five-point share, what is that concept?

Emily Gale has no idea at all.

She blinked at the old man: "If discounted, how much is that?" Uncle Ding was a little embarrassed.

Although he also liked Emily Gale very much, what the old man said would definitely not be a joke.

Gale's five-point share!

Isn't it the same status as the eldest master, and the two young ladies?

Father, is this crazy?

If such remarks are spread, Gale's family still has to fall out?

After all, Emily Gale is just the daughter of Kylena Gale's adoptive parents, not his granddaughter or something.

Unexpectedly, the old man actually gave her a serious conversion: "According to the current stock price of the care company, five points, about 50 billion."

"Five...10 billion?" Emily Gale almost fainted.

Such a huge number is scary even thinking about it, let alone truly owning it.

"Grandpa, don't joke with me, I have a bad heart."

She covered the place where her heart was.

"Grandpa didn't joking with you."

Just now, when he blurted out, he was really just impulsive.

But now, inexplicably, he decided.

These five points are just to make things happen.

The old man does not believe in fate or evil, but he just believes in fate.

He is in harmony with Ranran!

Destined fate!

Mingming Kylena was his granddaughter, and he personally took it for DNA identification.

But he can't fool himself, he feels more guilty than love to Kylena.

But for Ranran, I like it wholeheartedly!

I came back to Lingzhou for more than a month, thinking about it every day, and wanted to find her every day.

Uncle Ding knew about this, because they had already bought a ticket to Beijing next week.

Emily Gale couldn't come to attend the banquet, so the old man decided to secretly visit her after the banquet was over.

But I didn't expect that she actually came.

"Of course, as long as you are willing to live here and stay with Grandpa forever, these five points, I will immediately transfer to you!" Don't wait until next week, now, go to the company, find a lawyer, and transfer them to her!

Emily Gale sighed and finally realized that he was serious.

She smiled: "Grandpa, do you think the relationship between me and you can be measured by money?" "Of course..."

The old man was a little panicked.

He didn't want to blaspheme Ranran to be good to him, he just really wanted to keep her.

"If I really stay by your side for the 50 billion, then do you think this love is still the one you wanted?" The old man didn't say a word, but was sad.

"Okay, it makes me feel a little uncomfortable to say that money is not money."

Emily Gale looked at the lake in front of him and sighed slightly.

"Your home is really beautiful..."

On the lake, the blue waves rippled and the beauty was poetic and picturesque.

"In the past, Jackson's family also had such a lake.

The old lady likes to let the maid push her and take a walk along the lake."

She walked toward the lake, her slender figure gradually moving a little farther.

The old man just looked at her back, his eyes condensed.

"Are you really going to transfer the shares to Miss Kylena next week?" Steward Ding stood beside him, watching Emily Gale walking ahead with him.

The old man nodded, "Originally, it should have belonged to Jing Xu."

Ten points were indeed what they wanted to give to Jing Xu.

Only at that time, because he opposed him being with Sang Qing, who had no wealth background, the father and son had a bit of a dispute, and the transfer of shares was temporarily put on hold.

Unexpectedly, this shelving would now be directly transferred to his daughter.

"Old man..."

Steward Ding wanted to say something, but didn't know how to say it.

"I have been with me for so many years, do you still need to avoid it?" The old man glared at him.

Steward Ding sighed silently.

If it's something else, of course there is no need to avoid it, but it's about Kylena.

He knew how the old man felt towards Kylena Gale, no matter what, in this life, the old man was destined to owe this granddaughter.

So many things I want to say, but I feel that there is no need to say it.

But if I don't say it, I'm really uncomfortable in my heart.

In the end, Steward Ding chose to say: "Old man, I have sent someone to investigate the three accidents that Miss Kylena has had."

"I can't find any useful information at all, just like this time, Miss Kylena did not. I am willing to tell us where the incident happened."

"I called out the road monitoring trustees for all the places she visited today.

There is indeed a traffic accident, but the case has been filed for the dead."

"There is nothing at the scene. Regarding the information about Miss Kylena, the monitoring does not have any records of her."

Steward Ding said that, can he still not understand what he meant?

Several accidents were all dictated by Kylena Gale and Siniya Ye.

Kylena Gale didn't want to let them check it every time, and didn't cooperate.

Before today, the old man still had so little hope.

However, after today, after Kylena Gale personally mentioned the shares, how could he not know what the granddaughter was thinking?

"If everything is really just a deliberate illusion created by Miss Kylena..."

"So what?" The old man seemed to be really old during this time.

The wind blew on him, and gradually there was a trace of desolation.

Butler Ding is really sour.

Recovering Miss Sun, for the old man, should have been a very happy thing.

life,

It should be complete.

But now it seems, why don't you feel that the old man is happy at all?

After Kylena Gale came, this home began to have gaps and barriers.

On the contrary, the past enjoyment is missing.

Old man Gale sighed: "What she wanted was originally Jing Xu's.

She is Jing Xu's only child, so it is only natural to give it to her."

In fact, even if Kylena Gale didn't say it, after a year or a half, wait for her to graduate and let him feel relieved, those shares will also be given to her.

"Old Ding, don't worry about these things anymore, it's all hers, right?" The old man packed his thoughts and walked towards Emily Gale.

Steward Ding followed behind him, but his steps were a bit heavy.

He is not the old man, and the feeling for Kylena Gale is not as profound as the old man.

If you look at this issue from the perspective of an outsider, it would be a good thing for their family to find this Miss Sun back.

From time to time, she said that someone in this family had harmed her and made false impressions, just to force the old man to transfer the shares to her.

It's not that the old man can't see through all this, but what if he sees through?

Those who owe are always owed.

I just hope that after transferring the shares to her this time, it can really stop.

Let this family be more warm.

The old man is not young anymore, at least, let him enjoy the family happiness in the remaining years.

Hopefully, Kylena Gale can also feel the old man's love for her.

From now on, be more sincere to the old man.
