

## Love Through Time and Space

### Chapter 39

With me, there was obviously a car accident before Tian Yungang Road, and the safety island on the side of the sea was crashed for a short while.

The driver has been sent to the hospital, and there are staff members cleaning the scene, but Su Xiaomi is the only one to be seen.

"Xiaomi's mobile phone!" Emily Gale's eyes were sharp, and among the objects cleaned up by the staff, he found Su Xiaomi's lost mobile phone.

She wanted to get it, but was stopped by the staff.

"These things can't be moved for the time being."

"That's my friend's thing!" Emily Gale said anxiously, "Are you sure that only the drivers of both parties were sent to the hospital? What about another girl? One of the cars, there is one A girl my age!" "Sorry, the ambulance only sent away the drivers of both sides, both men, without the girl you said."

"Impossible! My friend is in the car!" Even the mobile phone is here, people Why is it gone?

"Ask you again, is there another girl who is eighteen or nineteen years old? This is her mobile phone, she is in the car!" "Really not."

When they were sent away, they all arrived at the scene. Send off the two.

"Impossible! Check it again! Ask again! She must be there!" The staff didn't want to pay attention to her. Emily Gale wanted to chase her, but Hunter Jackson pulled it back.

She weakened her legs and accidentally ran into his arms.

Hunter Jackson subconsciously stretched out his hand and helped her, but his arm stopped her at the waist and didn't let her go to the staff to touch the nail.

"Young Master Jackson, you let me go first, I have a lot of things..."

Hunter Jackson still ignored her, dialed a certain number, and calmly issued an order: "Call out all the surveillance in this area. Investigate the vehicles passing by around 7:30 in the evening."

He hung up the phone and looked down at the girl in his arms.

"They won't lie to you. If they say no, there will be no, and it's useless to ask."

She knows!

She actually understands!

However, now that Xiaomi was in a car accident and disappeared for no reason, she was anxious, she was already in a mess.

"Will Xiaomi be kidnapped?" Emily Gale didn't realize that she fell into Hunter Jackson's arms.

She looked up at him, at this moment, as if this man had become her only support.

This fragile appearance shocked Hunter Jackson's heart inexplicably.

He didn't want to scare her, but according to the current situation, this possibility is very high.

"How is your friend's home environment? Do you have any enemies?" "Her family is not rich, and the family treats her very generally and are not favored."

As for the enemies...”

What enemies can Xiaomi have?

She is also a person with little sense of presence at school, and will not offend others.

If there is really an enemy, it is at best her enemy.

Usually Su Xiaomi likes to follow her

Behind her, she asked Xiaomi to go east, and Xiaomi would never walk half a step west.

Could it be...

“My enemy?” In the last life, the kidnappers wanted to kidnap her. Xiaomi rescued her, but she was taken away by the kidnappers.

But she has never encountered a kidnapper in her life, why is Xiaomi still missing?

Not long after, Hunter Jackson’s cell phone rang, and he immediately connected the call.

“Master, there is no surveillance on this section, but we found a figure very similar to Su Xiaomi under the surveillance camera at the Tianyungang Wharf.”

The other party sent the video over, and it turned out to be Su Xiaomi’s figure, Jenni can recognize it at a glance!

However, she walked to the pier alone, and no one kidnapped her. What is going on?

Aspen Li's phone call came again: "Young Master, I have found it. Su Xiaomi has boarded a speedboat and went to sea."

"No!" In order to let her hear the latest news, Hunter Jackson's mobile phone is a foreigner. Let go, just hearing the news, Emily Gale's legs softened and almost fainted.

Hunter Jackson took her back and put his arms in his arms: "Don't panic."

"No, you can't go out to sea, don't go out to sea..."

Emily Gale was shaking all over. In his previous life, Xiaomi's body was found at the beach. of.

Can't go to sea, no, Xiaomi can't go to sea!

Hunter Jackson had never seen such a desperate side of her. He hugged her tightly, and he said solemnly: "I said, I am here, don't panic!" She was taken aback, looked up at him, and seemed to be affected by him.

The sound was shocked.

Hunter Jackson still holding his cell phone, calmly said: "Prepare the speedboat and go out to sea to find someone."

After that, he hung up the phone and picked her up.

"Young Master Jackson..."

Where would he hold her?

"Go to the sea to find, I'll be with you."

Her legs are weak now, although he doesn't know why this girl panicked like this, but he believes she must have his own reasons.

Since her legs were weak and could not walk, he could only hold her and walk towards the dock.

"Pay attention to your phone, there may be news."

The man asked Emily Gale to take out the phone immediately.

Unexpectedly, the moment the phone was taken out, there was a short message on the phone, which was a video message.

In the video, Su Xiaomi was tied up and left on the beach.

After that, it was a text message, asking her to go to the beach to redeem someone, only by herself!

He didn't say which beach it was, nor how much money it would cost... Hunter Jackson glanced at his watch.

At 7:50, the engagement party hadn't started yet.

At this time, he sent a message to Emily Gale...

"Who have you offended recently?" He asked.

Emily Gale's hands were still shaking, but Hunter Jackson's gaze gradually calmed her down.

Finally, sanity returned.

"They didn't say how much money or where, they...only

Are you trying to lead me out?

"Look at the phone time again, at 7:51.

She frowned! "They don't want me to be engaged to you!"

They want me to escape marriage!

"This girl finally reacted.

It seems that IQ is still online, but she was really frightened just now.

"Now, what do you want to do?"

"Hunter Jackson hugged her and walked to the edge of the pier.

The sea breeze was a little bit cool, which made Emily Gale's mind confused and calmed down a bit.

She looked at the video sent by the other party again and asked: " Young Master Jackson, I am not familiar with this area.

Are there similar islands nearby?

"Yes, the nearest is Suley Island in the east.

It's about 20 minutes by speedboat, and Lihe Island a little further away, about forty minutes..."

"It must be Suley Island!"

They have no time to go to other islands.

Emily Gale sighed, trying to see the surrounding environment clearly.

After moving, she realized that she was still in Hunter Jackson's arms.

She blushed, and hurriedly gave a light push: "Major Jackson, I can go now, let me down.

"Hunter Jackson didn't have any trouble this time.

She just put her down, and a dozen speedboats arrived in the distance. Before getting on the speedboat, Emily Gale looked at Hunter Jackson Road: "Major Jackson, can someone help me in there? I posted some news online, saying that I escaped from marriage, you want to cancel the engagement party?"

"Young lady, the eldest master said, even if it waits till dawn, the engagement banquet cannot be cancelled!"

Aspen Li, who had just arrived, looked anxious: "This is the second time!"

If you cancel again, the old lady will be angry.

"It's okay," Hunter Jackson stared at Emily Gale and wrote firm eyes.

Although the words were light, there was no doubt: "Just do what she says.

## Chapter 40

A man who can compete with the world "The money is in the account."

A man in black with stockings on his head announced excitedly with his mobile phone.

"Boss, what do you do now?" The money has arrived, and everyone is happy and can't wait to go back and enjoy it.

"The mission is completed, of course I have to go back."

The boss glanced at the girl not far away, and suddenly narrowed his eyes.

"Although this little girl has a colorful face, she has a good body."

The other two companions looked at each other, and then looked at the dark sandy beach around, there was a little beast in her heart, and she started to leap too. Want to move.

The moon and the black wind are high, and they don't know who they are.

Although this is not their purpose tonight, wouldn't it be a pity to miss such a good opportunity?

"Boss, then..."

"Anyway, I will leave Beiling tonight, since that's the case..."

The boss smiled, put the phone away, and suddenly walked towards Su Xiaomi sitting on the ground.

Su Xiaomi was trembling with fright, and finally broke free of the rope tied to her hand secretly, but saw several people walking towards her suddenly.

What do they want to do?

Why does it look so scary now?

The boss walked ahead and quickly walked to Su Xiaomi's side and squatted down.

"Little girl, your friends don't know when they found here.

The long night is long, so lonely, isn't it?" "Or, buddy, let's play with you."

He grinned, and reached out to grab Xiang Su Xiaomi's body.

"Bad guy!" Su Xiaomi grabbed a handful of sand and sprinkled it on the boss's face.

"Ah..."

The boss didn't expect that she had already broken away from the rope, and was thrown into her eyes by sand, and suddenly screamed.

"Boss!" "Boss, how are you!" The two men who had been walking slowly rushed over, and Su Xiaomi got up from the ground and ran to the island at the fastest speed.

"Damn wild girl, chase her back! I'm going to kill her!" The boss was still wailing, and the two men dropped him and immediately chased Su Xiaomi.

Su Xiaomi ran out of breath, but didn't know where she was going.

There were dense forests everywhere, and it was dark.

She could only grit her teeth and touched the darkest place... Emily Gale suddenly pressed the position of her heart, and her heart ached a little inexplicably.

"What's the matter?" Hunter Jackson stared at her pale face.

"I don't know, but it hurts suddenly here."

She gasped for a second.

I don't know if I have a bad feeling, why does my heart suddenly hurt?

Could it be that something happened to Xiaomi?

Hunter Jackson's hand fell on her heart, and he subconsciously wanted to rub her.

But as soon as his hand touched her clothes, he thought of something and stopped

Down.

Emily Gale looked up, just in time to meet his gaze looking down at her.

When the two eyes touched together, she blushed and immediately stepped back.

Hunter Jackson also took his hand back and sat beside the speedboat. He said blankly, "I'm just afraid that you will pass out in pain."

Is the second half of this sentence not trying to take advantage of you? the meaning of?

Emily Gale blushed and nodded.

At this time, she believed that Young Master Jackson had no bad thoughts.

After all, the timing was wrong, and Aspen Li was on the sidelines.

The sea breeze whizzed past, Hunter Jackson sat facing the wind, and the wind blew his short hair messy, but at this moment Joseph was more charming than usual.

A kind of charm that can compete with the world, a kind of arrogance that does not put the world in the eyes.

Emily Gale's heart thumped, and the next second, he hurriedly retracted his gaze.

I knew that this man was poisonous and could not be contaminated. Once he was infected, he could never give up.

It won't be enough to just look at it more, you will be obsessed with it.

"Thank you."

She suddenly said, the wind was a little loud, and the voice was a little low, I wonder if the other party can hear it.

But she still lowered her head, held her palm, and whispered, "I'm sorry."

She thought he could not hear, but she didn't expect that Young Master Jackson's hearing was better than she expected.

"Then after I go back, will there be a third escape from marriage?" Emily Gale suddenly looked up at him, and he heard this little apology.

She shook her head: "I'm not escaping the marriage this time..."

"I only ask you if there will be a third time."

Once, it was an accident, and twice, it was an accident. What is it.

But it doesn't matter.

The important thing is, does she still want to escape?

"As long as there is no accident, I won't run away."

Since the agreement has been signed, why bother to run away?

He was just to fulfill the old lady's wish, and the old lady...the body is not as good as the day, I am afraid there are not many days left.

In fact, she should be nice to the old lady by staying.

"I won't run away, really."

Emily Gale looked at the small island in the distance and said firmly: "I will play the role of Mrs. Jackson Jia Zhun Shao, and I will definitely not embarrass you."

"In this case, this time, There is no need to say I'm sorry."

Hunter Jackson stood up and stood up against the wind.

Emily Gale wanted to remind him that the wind and waves are too fast, and the speedboat has been bumping, and it is easy to stand up into the sea.

But after seeing the upright figure of Young Master Jackson, he was swallowed back.

He is not afraid of wind and waves at all, as long as he stands, there is no difficulty in making him fall.

This man really feels safe and reassuring.

Sulei Island was right in front of him, and it was about to arrive. Aspen Li suddenly said, "Master, there is a speedboat over there.

"Let the brother land from there, and we go around to the other side."

"Hunter Jackson issued an order.

"Yes.

"Aspen Li immediately commanded the driving brother, and at the same time he took out the phone to convey the meaning of the young master to the others.

Their speedboat slowed down, bypassed the cliff in front, and stopped on the other side.

"You stay."

Here, he will protect you.

Hunter Jackson jumped off the speedboat and looked back at Emily Gale. Emily Gale shook his head vigorously: "No, I want to go up too, I can protect myself!"

He just thought for half a second, and then stretched out his big palm to her. Emily Gale did not hesitate, put his hand in his palm, the temperature of the two palms touched together, and there was an inexplicable feeling of being shocked. But Emily Gale Not dare to be distracted, he jumped off the speedboat with the strength given by Hunter Jackson and landed steadily on the rock.

The four people climbed up the rock together in the dark. Hunter Jackson did not expect that the little girl Emily Gale, She climbed up on the rock wall and she was not slow at all.

Although she didn't seem to have much strength, her movements were still agile. He originally wanted to stretch her hand, but the girl was very stubborn, so he climbed up. But he didn't expect, As soon as the four people reached the top, they saw not far away, a petite figure jumped off the rock wall.

"Millet!"

Emily Gale was so frightened that he chased after him like crazy: "Millet!"

When the two men in black shirts saw someone coming up, they immediately rushed down. Hunter Jackson hadn't seen the person who jumped down.

The girl next to him rushed past like wind.

She didn't even think about it. Jumping straight down the rock wall...

## Chapter 41

Anyway, she's going to die. Xiaomi can't swim.

She is a land duck. If she jumps like this, if no one saves her, she will die!

So Emily Gale didn't think of it at all.

She didn't seem to know how to swim either.

All she knows is that someone must save Xiaomi, otherwise, Xiaomi will die.

She would die... With a plop, her head hit the sea, making her dizzy.

"Xiaomi..."

As soon as he spoke, sea water poured in from his mouth, completely unable to breathe!

But she was still swam desperately in the direction Su Xiaomi fell into the water, she didn't even know when she learned to swim!

"Xiaomi, Xiaomi..."

Dalang rushed forward, lifted her slender body, and swept in again.

Emily Gale only felt dizzy and uncomfortable breathing.

More and more sea water poured in from her mouth and nose, but she was still swimming forward.

No one taught her how to swim, and no one told her how to survive in the sea.

She only knows that she must swim to Xiaomi's side and pull her out of the water.

Finally, she touched Su Xiaomi's body!

Emily Gale gritted his teeth, exhausted his last breath, and lifted Su Xiaomi onto the sea.

But when Su Xiaomi got out of the water, she couldn't take a breath and her body suddenly stiffened.

If you don't have any strength, you can surface yourself, and the more you struggle, the more you sink.

Can't breathe, not even half a breath of fresh air, is she really going to die?

Consciousness is getting less and less clear, and people are getting more and more uncomfortable.

Breathless, completely breathless!

Open your mouth, what comes in is not air, but seawater that is so salty to make people cry.

She is really dying... In a daze, she seems to see a face that is getting clearer and clearer in the blurred vision.

Emily Gale tried hard to reach out, only to find that her limbs were stiff, and she could hardly move.

Breathing was about to stop, and the eyelids were so heavy that they were too heavy to open... Suddenly, the sinking body was hugged by something, and then two soft things pressed against her lips.

Emily Gale opened his eyes wide and took a hard breath.

She can breathe!

She even seemed to see Hunter Jackson's face, which was too close to see the facial features.

But she knew it was Hunter Jackson.

God, she knew that this man was a scourge, even if she was about to die, she would harm her nerves.

At the last moment of life, why do you still imagine that Young Master Jackson k\*sses her?

Emily Gale, you sex girl, who has lived for two lifetimes, can still be such an idiot.

However, the body really didn't have any strength, even if she was breathing a little bit of fresh air, she couldn't hold on.

Finally I really want to die, since I want to die, then...

Do whatever you want.

Emily Gale closed his eyes, exhausted his last bit of strength, hugged the man's neck, and k\*ssed it hard...

It was cold, and his head hurt.

Emily Gale didn't know if he was dead, something seemed to be pressing on his chest, and it was difficult to breathe.

Xiaomi...

"Xiaomi!" The girl on the bed suddenly opened her eyes and sat up.

"Xiaomi..."

She moved, there seemed to be something on her hand, which hurt.

But she couldn't take care of anything, she had to pull the thing off.

"Of course, don't move!" Su Xiaomi rushed over and hugged her arm to prevent her from pulling the needle from the back of her hand.

"Don't move, it will hurt yourself!" "Xiaomi?" Emily Gale finally saw the person in front of her clearly, hugged her, she almost cried with excitement.

"Xiaomi! You're not dead! You're fine! You're not dead!" "I'm not dead, I'm still alive, I'm alive and well."

Su Xiaomi's eyes turned red as soon as he thought of the situation at the time.

Holding Emily Gale back, she mutely said: "RJenni, I always say that you bully me, in fact, I know that you are the best to me."

Wu Wu, of course, can't swim at all, but because of her being so high Jumped off the rock wall and even lifted her up from the sea.

At that time she really thought she was dead, who knew she was carried back to the sea by a person who could not swim.

But at the moment Emily Gale lifted her out of the water, she was completely exhausted and sank to the bottom of the sea.

She was dizzy at the time, but fortunately she was rescued by Young Master Jackson's people, but she didn't see Emily Gale when she looked back.

What she didn't expect was that in her eyes, the sacred and inviolable Young Master Jackson would plunge into it to save Jenni.

Thinking about it now, although everything has passed, only the people present know how critical the situation was.

"It's okay, it's all okay, don't cry, aren't they all good?" Yang Yi almost shed tears when he saw two little girls who had survived crying.

He didn't know how terrible the situation was at the time. He only knew that Emily Gale was still unconscious when Su Xiaomi notified them to come.

It is said that too much seawater was choked in, and it almost died-bah bah bah!

People are fine, just fine.

Jackson Tianyou also looked at the two of them, and saw that Emily Gale woke up and squeezed his fist all night before finally loosening it.

All are still alive, and finally okay.

"How did I survive?" After calming down, Emily Gale looked suspicious, "Didn't I sink?" She clearly remembered that she was sinking, and when she was about to die, she still fantasized about k\*ssing Master Jackson.

*It was a kss that was so romantic that she took the initiative to hug Young Master Jackson and kssed her energetically.*

I'm going to die anyway, this

A man who has loved him for a lifetime must k\*ss him before he dies!

But how did she come back?

"Don't you remember?" Su Xiaomi blinked, and when she saw her confused look, she became anxious for her, "Joseph saved you!" "Joseph?" Emily Gale frowned and shook Shook his head.

Su Xiaomi recalled the situation at the time, but looked intoxicated: "Young Master Jackson is so handsome! You are gone. He has been looking for you in the sea for a long time."

"Later, when everyone had to give up, Jackson Da Shao actually walked out of the sea holding you in a coma."

"Young Master Jackson at that time was like a god of war.

The way he held you was really handsome and cool! Oh! It really seemed to be filming.

The movie is handsome!" "Wait, wait a minute."

Emily Gale always felt something was wrong.

"You said, Major Jackson brought me back?" "Yes, you were already unconscious at that time... Su Xiaomi thought about it, suddenly her eyes flashed: "By the way, at that time, you were still shamelessly holding Young Master Jackson, why didn't you want to let it go!" "What?" "The doctors are here," To rescue you, you still don't want to let go. In the end, it was the artificial respiration that Young Master Jackson gave you."

"I... won't let go?" Some fragments gathered in my mind little by little.

Who has been thinking that she is going to die, she must k\*ss her?

She doesn't let go, she wants to k\*ss her... Isn't that her own fantasy, that's reality?

When she was dying, she held Young Master Jackson and k\*ssed wildly?
