

## Love Through Time and Space

### Chapter 57

He said no, he would definitely not have Su Xiaomi tore off the strap on his clothes and tied his phone to the railing.

She turned and looked at the outside of the railing, the wind was blowing her long hair, and her profile was really beautiful.

She faced the wind, although her voice was not loud, but the people in the live broadcast room could still hear her clearly.

"I didn't bully Ye Fangfang. Those videos were also taken out of context to slander me."

A few words caused the next discussion.

"You have beaten people, do you still want to quibble?" "People committed suicide and almost died. You broke into the hospital and bullied people. You are too vicious!" "Su Xiaomi, stop talking, go to death, you Only if you die can atone for your sins!" "That is, what do you do with so much? Hurry up and die!" "This is the rooftop? Great, you just jump off the rooftop, hurry up!" You will die without a corpse!" Su Xiaomin is not looking at the phone screen, just looking at the outside of the railing.

I don't know if someone called the police.

The hospital staff received the news. Soon, many people swarmed on the rooftop.

Even Ye Fangfang's friends hid in the crowd, waiting for opportunities with their mobile phones.

"Don't come here!" Su Xiaomi yelled, and those who wanted to come back immediately backed away.

On the live broadcast platform, everyone's discussions still haven't calmed down.

"Oh, that slut really played suicide."

"Really, stay away. Isn't this hurting other people's hospitals?" "Which hospital is so unlucky? Stall this kind of bastard!" Su Xiaomin suddenly faced the camera, said loudly: "Listen, I didn't bully Ye Fangfang. Ye Fangfang deliberately framed me."

"Ye Fangfang didn't commit suicide. When I went to see her today, she was fine."

"She deliberately clashed with me and let her My friend took those videos, edited clips that were beneficial to her, and falsely accused me of beating others."

"I hope that the police can intervene in the investigation of this matter. I use my death to ask you to investigate and return me to my innocence."

After speaking, she climbed up the railing.

"Millet!" Emily Gale rushed out of the crowd, panting, and shouting loudly: "Xiaomi, listen to me, don't mess around!" "Ranran..."

Su Xiaomi didn't expect her to appear suddenly, and his eyes were red. , Suddenly stunned.

"Of course, I was framed. I didn't beat her.

She beat me."

Only in front of Emily Gale did Su Xiaomi feel that she could talk to her. Only a few of them would be willing to believe in herself.

"I know, I know all!" Emily Gale carefully walked a few steps forward.

"Don't do stupid things, trust me, this matter will definitely come to light, I will definitely pay you back justice, you believe me."

"But, I hurt my family, and I hurt you..."

"

Nothing!

Nothing happened, as long as you come back, everything can be saved!

Emily Gale took another two steps forward, her voice softened again: "Listen to me, be good, get down first, and we will go back and discuss it again."

" "Can not go back.

"Su Xiaomi started crying. My sister was dumped, and my elder brother's business was messed up. My father didn't like her at first, so he must hate her even more.

She is just an illegitimate daughter who survived in Su's family. Everyone finally reluctantly accepted her existence. Now, when this matter is involved, the family must hate her to death! "You can go back, you can!

"Emily Gale continued forward and gradually approached her.

"Xiaomi, listen to me. When did I lie to you?"

As long as you come back, you will have hope.

"I will help you, and I will return you innocence, it will definitely be possible!"

Su Xiaomi looked at her.

She had always been willing to trust Emily Gale, and she was her best best friend. But this time, she was even tired: "They said, the next one is you, and you will be hurt by me. Of..."

"She won't.

"Suddenly, a low voice sounded. He came out of the crowd, standing proudly under the sun, with an imposing manner that cannot be ignored. Hunter Jackson stared at the girl sitting on the railing, his expressionless face still indifferent. But what he said is beyond doubt.

"No one will be affected by you, I promise.

Emily Gale glanced back at him, and her heart shook suddenly. If there is anyone in this world who can be trusted unconditionally, that person must be Master Jackson. He said no, absolutely not! Emily Gale's eyes were locked tightly on Su Xiaomi again, and she nodded: "Madam Jackson said no, don't you believe what he said?"

"Su Xiaomi looked at Hunter Jackson, tears still hung in the corner of her eyes, but the man in the line of sight gave her a sense of peace that she had never felt before. He is a natural fiance, and he said that she would not be burdened suddenly, suddenly, Even Su Xiaomin firmly felt that, of course, she would not be involved.

She was a little shaken. No one wanted to die, because no one was afraid of death.

"RJenni..."

She looked at Emily Gale, still A little uncertain.

"Come back, Xiaomi, don't you even believe what he said?"

"Although, not long ago, she and Young Master Jackson were still in a cold war. But Young Master Jackson at this moment really helped her a lot. If it weren't for him, Xiaomi wouldn't give up begging for death so soon.

The influence of Young Master Jackson on anyone is unimaginable. Su Xiaomi bit her lip and finally crawled back little by little.

She accidentally looked at the phone tied to the side.

She was still broadcasting! I almost forgot about it. Someone is talking, every word is clear

He came into my eyes: "Which man is talking, is it the man behind the *btch Gale*?" "No wonder *Ye Fangfang* said that there is power behind the *btch Gale*, and he must be the man who spoke just now."

"However, the man's voice is good. Oh!" Because the camera was facing the railing, although Emily Gale and Hunter Jackson were both there, they could only hear the sound and could not see the figure.

"Be sure to tell that man, *b\*tch Gale* didn't know how many men there had been before, she had been smashed by others for a long time!" "Yes, you can't let the family be kept in the dark..."

Su Xiaomi gritted her teeth and got angry. Take a picture of the phone.

They still want to harm it, those people, for fear that the world will not be chaotic, it is really too much!

But what she didn't expect was that she tried too hard and slipped under her feet, and her body turned straight towards the railing.

"Xiaomi!" Emily Gale, who was closest to her, was so frightened that her heart trembled, and rushed over without thinking, grabbed her, and yanked her back.

Unexpectedly, the railings of the hospital balconies were so fragile because they were in disrepair.

Emily Gale pulled Su Xiaomi back, but his body hit the railing heavily.

The railing slanted for a while, and Emily Gale's force could not be stopped, and he rolled off the railing.

"Ah..."

The screaming voice rang.

The people who were still watching the excitement on the balcony yelled in fright.

The security guards were stunned. No one thought of going to save people.

I can only watch Emily Gale's slender figure.

After hitting the railing, he fell from the balcony of dozens of stories high...

## Chapter 58

Are you so afraid of me?

The screaming voices one after another.

Su Xiaomi, who fell on the balcony floor, was completely stupid.

She couldn't react to Emily Gale's fall.

In the crowd, a tall figure passed by like the wind.

No one can see how he passed, the speed is completely beyond the range that everyone can imagine.

In the blink of an eye, he had rushed to the edge of the balcony and jumped off.

Those who watch the excitement are even more frightened to scream.

Two!

It turned out to be two people, rolling down together!

Emily Gale thought he was really dead this time.

It took less than a month to come back to this world, so how come you always feel like you will not live long?

Almost drowned last time, this time, did he fall directly to death?

Since she doesn't live long, what can she do to give her a chance to live again?

The body was falling, and the fear of death drowned her completely.

In the dimness, she seemed to see Hunter Jackson rushing towards her, but the speed was too fast, she could not see clearly.

It seems that every time he is about to die, the person he sees or thinks of is him...

"Um!" There was a sudden tingling in the wrist, as if he was being held tightly!

Emily Gale cried out in pain, looked up, her eyes were dazzling, and she couldn't see who was holding her.

But his breath, his aura, so clear!

"Hunter Jackson..."

Hunter Jackson did not speak, climbing the edge of the balcony with one hand, and grasping Emily Gale's wrist tightly with the other.

"Help! Help!" Above, Su Xiaomi finally reacted and called for help immediately.

Everyone was sober. Several security guards were about to pass. Behind them, a figure broke out and rushed to the edge of the balcony at the fastest speed.

Seeing Emily Gale still falling in the air, Jackson Tianyou breathed a sigh of relief, and his heart finally recovered.

"Send her up!" He stared at Hunter Jackson, then looked back at several security guards: "Come and help to hold him!" Hunter Jackson was expressionless. Before the security guards came, he pulled Emily Gale and took her. Slowly pulled up.

What a lot of arm strength it takes!

The security guards who came to save people were dumbfounded!

May I ask who can do that, with just one hand, an adult girl can be pulled up, or even held high!

Jackson Tianyou has no time to appreciate the incredible power of Young Master Jackson!

When Hunter Jackson general Emily Gale raised it up, he grabbed Emily Gale's arm, and together with Hunter Jackson, he easily pulled her back to the balcony.

"Save him, save him..."

After hanging in the air for a while, Emily Gale's head became a little groggy.

But as soon as the person came up, she immediately exclaimed: "Help him...Joseph, Joseph!" "Is that so afraid of me?" The man clung to the edge of the balcony with both hands, without the help of the security guards.

With a light leap, he steadily returned to the balcony.

Emily Gale struggled to stand up, and rushed over: "Joseph!" He is fine, he is fine!

At the moment when she was rescued just now, she was really scared, for fear that he would fall due to lack of energy.

She didn't know that Young Master Jackson had such an amazing power. In her previous life, she had no chance to see it.

But he is just a businessman!

A businessman, why are the people who come out of the Bit species army even tougher?

At this moment, leaning against his arms, listening to his heartbeat, and feeling his breath, the heart that was so tense to collapse finally relaxed.

The breath was too loose, and even his legs became soft and weak.

Hunter Jackson put her in his arms and glanced at Su Xiaomi who was sitting aside.

"If you have something, she will be very sad. If you don't want to hurt her, don't do stupid things again."

Abandoning these words, he hugged Emily Gale, took a long leg, and walked out of the crowd. .

Everyone subconsciously made a way to let him go down the balcony stairs.

"That person, it seems...it seems to be Young Master Jackson."

"God! It turned out to be Young Master Jackson! How can he be so handsome!" "It's so cool!" Yang Yi pulled Su Xiaomi up and comforted him softly. : "Xiaomi, don't be afraid, let's go back first, God..."

But Jackson Tianyou stared at the stairs of the balcony, his gaze deeply disappointed.

"God, take Xiaomi back first."

Yang Yi reminded.

Jackson Tianyou looked back at them as if he had reacted, "Someone called the police, wait, I'm afraid there will be some trouble."

"I'm fine."

Su Xiaomi's lips trembled, her voice was very soft, but firm: "I No more stupid things, no more harm to Ranran."

... Hunter Jackson did not return to Jackson's house directly, but first took Emily Gale back to the villa.

Along the way, the two people didn't say a word, and there was no communication during the whole process.

Some emotions seemed to grow between the two, but no one spoke first and broke the silence.

When the car stopped outside the villa lobby, Emily Gale finally glanced at the man sitting aside.

"Today...thank you."

"Nothing else?" He put the car out, but didn't rush to open the door.

"I..."

Emily Gale looked at him.

Young Master Jackson's Bingshan face remained unchanged, and she couldn't see what he was thinking.

But, other words...Are there other words?

Does it mean the quarrel last night?

Aspen Li didn't know where he came from, and respectfully opened the door of Hunter Jackson.

Young Master Jackson got out of the car and gave her only a few seconds. This guy really didn't have any patience.

Emily Gale sighed and pushed the car door down.

Looking up, Young Master Jackson has left

Entering the hall, only a cold back was thrown at her.

She feels a bit complicated, she has just experienced life and death disaster, and she has not been able to calm down completely.

However, Young Master Jackson didn't seem to take it seriously.

"Young lady, where did you go?" The eldest master did not allow him to follow, and Aspen Li did not dare to inquire what the two did.

Emily Gale said indifferently: "I went to the hospital and saw a friend."

"Will you be back to Jackson's house tonight? The old lady probably doesn't know that you have left."

"This...it has to be decided by Young Master Jackson."

Hunter Jackson Cold, even if there were any words, suddenly I couldn't say anything.

"Madam..."

Aspen Li followed her into the hall, a little hesitant to say something, "Well, the young master..."

"If you have something, you might as well speak directly."

Emily Gale stopped and looked at him.

"The young lady is still angry with the young master? That matter."

Seeing that she didn't have any excitement, Aspen Li said: "The young master did not know in advance, and he did not design you."

"The young master is not a favorite.

The person who explains, let alone some things, he can't explain." Aspen Li stared at her, very sincerely: "I just want to tell Madam Young Master that Young Master never thought of hurting your friend, let alone Hurt you."

In fact, Emily Gale could feel that Hunter Jackson was not hostile to several of her friends, especially Su Xiaomi.

He could let Aspen Li send invitations to Su Xiaomi, at least to show that he accepted her as a friend.

It was just because he was too shocked last night, and he didn't want to say anything.

There was a knot in his heart as if he couldn't open it, and he would inevitably be irritable.

Now, it has calmed down.

"Mrs. Young."

The maid came out of the side hall holding a bunch of roses and looked at Aspen Li after greeted Emily Gale.

"Mr. Li, is this rose really going to be thrown away? It's so beautiful, what a pity."

## Chapter 59

"This flower..."

Emily Gale looked at the big bouquet of roses in the maid's arms. For some reason, his heartbeat missed a beat.

In the villa of Hunter Jackson, how could there be such a thing... that only exists between couples?

Aspen Li immediately said: "This is the rose selected by the young master last night, and it was transported by air this morning."

"He selected?" Emily Gale was stunned.

It was incredible!

The thought of Hunter Jackson holding his mobile phone and staring at the bunches of roses on the screen, carefully selecting the appearance...well!

unimaginable!

How could Young Master Jackson do such a boring thing?

Aspen Li hurriedly said: "Last night the young master and the young lady... seemed to be a bit contradictory. When the young master went back... he was choked up, but he quickly adjusted it himself."

The incident last night, In any case, it is indeed the eldest master at fault.

"The eldest master personally selected and placed the order, but when it was delivered this morning, the two of you... seemed to have conflicts again.

The eldest master got angry and asked me to throw it away."

Aspen Li quickly explained again for fear of her misunderstanding. Said: "The eldest master is probably also angry with you, so I will throw it away. I rushed out and put it in the side hall before I had time to deal with it."

Emily Gale couldn't tell at all, the moment in his heart was What taste.

From her previous life to now, she had never seen any woman Hunter Jackson gave flowers, let alone picked them by herself.

It turned out that after the Cold War last night, he still wanted to make peace with her.

In the morning he let himself drink milk, it is not too much to think about it, on the contrary, drinking it is also good for her.

"Then, Mr. Li, this flower..."

"Don't throw it away!" Emily Gale immediately took the flower from the maid's hand.

Looking at the bright roses in my arms, I feel sweet in my heart. I have never been so happy.

She actually received flowers from Young Master Jackson.

The cold-hearted man who didn't understand love for a lifetime was really willing to give her flowers.

The sadness of the last life, the accident of this life, made her eyes hot, and her tears almost slipped.

Looking at the flower in his arms, the whole person seems to be dreaming.

What the maid wanted to say, Aspen Li waved his hand, and the maid had to go down.

"Young Master is upstairs."

Aspen Li reminded.

When Emily Gale recovered, there was no one else in the hall except herself.

Hunter Jackson...upstairs.

The two legs seemed a little unwilling, and they walked straight upstairs.

Hunter Jackson was in the room, working.

When Emily Gale entered the door, his fingers were still on the keyboard, not knowing what he was up to.

The door was open, and Emily Gale went in directly.

Unexpectedly, as soon as I entered, I heard Hunter Jackson's indifferent voice: "No one taught you, you have to knock on the door before entering?"

Emily Gale was taken aback and stared at his cold face.

This guy, will Shao Tsao Jiao die?

She exhaled, stepped back to the door, raised her hand and knocked.

Only then did Hunter Jackson glance at her lightly, but he didn't expect to see her holding a large bouquet of roses.

Immediately, there was a trace of uncomfortable cracks in that handsome face that had been frozen for thousands of years.

Sending flowers to this kind of thing, really lived for 27 years, never done it!

He turned his head, as long as he didn't see anything, the words were still thin and indifferent: "What can I do."

"Can't I find you if I'm fine?" She walked in, put the rose aside, and sat down. On the chair, staring at his tall back.

Hunter Jackson didn't say a word, and didn't seem to care about her.

Emily Gale was silent for a moment, then suddenly stood up and walked behind him.

"If the commercial secrets of the Century Group are leaked, ten years is a guarantee."

He said coldly.

Emily Gale frowned, and immediately retracted his curious gaze, and glared at his side face: "I didn't read a word!" Really, I originally wanted to make peace, but he was so cold that made her feel a little bit sick. Sorry.

However, it seems that it is not her style to retreat so quickly.

In fact, after serious calculations, Young Master Jackson really didn't do anything bad to her except to protect the person behind her.

Even, he repeatedly fought hard to save her. This alone was enough to move people to death.

When a hero saves the United States, he wants to change the ancient times.

Thinking of certain pictures, Emily Gale's face suddenly floated with two blushes.

She was busy converging her mind, and whispered: "Um, I...want to come and say...thank you."

"Huh?" Didn't you say it in the car just now?

She knew that Young Master Jackson didn't like the word "thank you" at all.

She bit her lip and hesitated for a while before she spoke, and her voice seemed to be smaller: "I'm sorry."

"What? I didn't hear."

The man's slender fingers jumped on the keyboard, saying no.

It looks good.

However, this attitude is indeed a bit too cold.

Emily Gale finally got up the courage, after hitting a few soft nails here, he began to feel a little discouraged.

She took a deep breath and said, "I said... I'm sorry."

The other party didn't react at all, as if she was talking to the air.

One second, two seconds, three seconds... a full ten seconds passed, and he still did not respond.

No matter how strong the heart is, it can't hold his coldness.

She bit her lip: "It's okay, I'll go back first."

She turned around and was about to leave.

But when she was just taking a step, her wrists suddenly tightened, and the person was suddenly pulled back by him.

The girl was almost terrified by him, and in a blink of an eye, he actually pressed her in front of the bookcase.

"for

What do you say sorry?

"He lowered his head, his unique aura immediately fell on Emily Gale's small face.

It was a little hot and itchy, and couldn't tell what it felt. Emily Gale only felt careful because the two people were close, making a loud noise. Bang Bang Bang, the speed is a bit out of control.

"Huh?

"The man's voice sounded like that in her ears, the bewitching magic sound made her feel weak.

"You said...what?

"What was he asking? I forgot it in a blink of an eye. Hunter Jackson suddenly lowered his head, and Emily Gale was so frightened that he hurriedly turned

away. Why did he seem to k\*ss her? But just now, wasn't he still reluctant to bother.

She? Such a big change is about to scare her to death.

"I, I shouldn't have lost my temper with you last night, in fact...I was just a little disappointed..."

Anyway, these two rescues They are all real.

As long as she is not an idiot, she can understand that Young Master Jackson is not at all malicious towards her, even full of goodwill. However, because of her disappointment in her heart, she believes that he has a part in designing herself. When he took the initiative to talk to her last night, he was angry and said something hurtful. But if he really designed her, why risk that even the engagement banquet might be cancelled at any time and accompany her to find someone? Home engagement, this is definitely a big event for Beiling, and it can't be cancelled arbitrarily. If an engagement banquet can be repeated over and over again, then the reputation they have accumulated over so many years is also Will be easily destroyed.

As the young master of the Jackson family, it is impossible for him to not care about this. In short, Hunter Jackson is not intentional. Everyone has a secret that he can't tell. He wants to protect that person.

It doesn't mean he is right.

She is not friendly.

"I..."

"I have something wrong.

"Young Master Jackson's voice is faint, but it has never been so soft at this moment.

"There are things I can't say, but I promise you that I don't mean to hurt you.
