

## Love Through Time and Space

### Chapter 6

"Hi..."

When Emily Gale woke up, she was the only one in the car.

The evening dress originally worn on the body was thrown aside, and it was torn into strips of cloth! How anxious this is! What did she do just now? Didn't she tore the evening dress? Where is so much strength? As soon as he sat up, Emily Gale's eyebrows tangled with pain, and those fragmented memories gradually became clear.

She...she just sat on Hunter Jackson, took off his clothes, untied his belt, and...tucked his pants... God! She took the initiative to strengthen all the women's favorite objects in the entire Beiling, the young master of the Jackson family who is like a god in Beiling! But what seems to be wrong? Why are you so embarrassed now? More like the one who was strong? "It hurts to death!" Emily Gale sat up after wrapping up the male jacket and peeked out the window. Not far away, Joseph's tall and tall figure stood facing the wind, and Aspen Li didn't know what he was reporting to.

After a lifetime, seeing his perfectly slender figure again, the tip of his heart was still severely grabbed. Emily Gale pressed her heart firmly and bit her lower lip. Can't be moved by him anymore! This man is unintentional at all! In the last life, no matter how she pursued, paid, and passionately, he was still as cold as an iceberg that would never change.

It's not that she can't open the door in his heart, but that no woman in the world can open it! In this life, never repeat such a tragedy again! She fastened the buttons of her coat and carefully climbed to the front driver's seat... Not far from the car, Aspen Li hung up the phone and immediately reported to Hunter Jackson respectfully: "Master, everyone is still waiting in the hotel. Now, do you want to go back to continue the engagement banquet?" With

the status of the young master in Beiling, he didn't say that he could leave. Which guest would dare to leave without authorization? Even if they were asked to wait until dawn, everyone was willing to wait. Because, no one dared to offend Beiling ranked first, the president of Century Group, Mr. Hunter Jackson didn't speak, his deep gaze fell on the distant sea level, and his unpredictable gaze made people unable to guess what he was thinking.

The young master did not speak, and Aspen Li did not dare to bother, so he could only wait quietly. I don't know how long it took before Hunter Jackson looked back, turned and walked towards the car: "Engaged!" After resting for so long, the girl should have slowed down. Engagement means grandma, no matter what happens, it cannot be changed.

Aspen Li followed behind him, afraid that the future young lady would still...I don't know what the situation was, so he didn't dare to approach first. But... But what is the situation in front of me? With a whoosh, the car was actually in front of them-was driven away! Can't believe it! stunned! Like being struck by lightning! Aspen Li stared at the distant car shadow, completely messed up in the wind.

If his heart were not strong enough, tonight, he would be scared to death by the future young lady! First hold the young master with a knife, then sit on the young master and k\*ss! After that, he took off Young Master's clothes and pulled his pants, strong...cough! on! Although it was of course the eldest master who took the initiative to react, after all, he is the eldest master, how can he be strong? However, the young lady even drove away after taking advantage of the young master. Master, is this...abandoned? Oh, so pitiful! Don't get me wrong, what Aspen Li wailed was his own situation.

The young lady abandoned the young master, the young master must be very angry now.

The young master is angry, can his life be kept? There was a bang above the head, and after a flash of lightning passed, a heavy rain suddenly poured

down. Aspen Li's legs softened and he almost knelt to God. Heaven is going to kill me...

"Lord and eldest master, I, I will tell my brother to come over, pick you up, and pick you back..."

"Go!" The rain wet Hunter Jackson's short hair and messy bangs fell on his face. Not only did he not detract from his handsomeness, but on the contrary, it gave him a touch of evil charm. But at this time, there was an absolutely cold air on Young Master Jackson's body, and the face of the iceberg, which had always been calm, burned with anger. Hold him, force him, use him! Now, dare to abandon him! Good, great! Emily Gale, you are brave enough! When I saw

## Chapter 7

Emily Gale really didn't expect to abandon anyone.

Abandon Young Master Jackson? how is this possible? In the world, is there any woman willing to abandon him? She just didn't want to have any more entanglements with this man.

The mess in the car just now was just an accident and a mistake. Now that she is sober, this mistake will naturally be over! However, what does this inexplicable downpour mean? Is this to give her and Joseph hatred? Thinking of the situation that Hunter Jackson might face now, Emily Gale shook his hand and nearly crashed into a car in panic.

She just didn't want to have any entanglement with Young Master Jackson, but she didn't expect that Young Master Jackson would hate herself. Who is he? If you provoke him, it will definitely not end well.

The road ahead was turbulent, and finally drove the car into the Gale's villa. Emily Gale stepped on the brake and stopped the car.

She left the parking garage in the rain and hurried to the main house.

The rain hit her face, and all her makeup was washed away. Suddenly, with a bang, the one who didn't see the front clearly at night, hit someone on his head.

She was knocked to the ground by the force of the rebound, and the opponent was also knocked back a few steps.

"You..."

Daniel Jackson's face sinking while holding an umbrella, he was about to blame the maid who didn't have long eyes. But after seeing the maid's face clearly, he was taken aback, and he was suddenly shocked! When did the Gale family have such a beautiful little maid? This palm-sized face is white and delicate, with exquisite features.

The petite figure drenched by the rain looks fragile, so people can't wait to hold them in their arms and take care of them! Even Kylena Gale, who is known as the first lady in Beiling, looks less than one-tenth of her! "Little girl, you..."

Daniel Jackson was going to help her. Who knew that after the little girl got up by herself, she ran away without even looking at him. This is the small garden in front of the garage.

The flowerbeds circled the trail into several paths. In a blink of an eye, the beautiful girl was gone. But the little white face just now has been deeply imprinted in Daniel Jackson's heart. Gale's is the second young lady, Kylena Gale, who is the most beautiful, and the eldest lady is not bad, but not as good as Kylena Gale. Miss Jenni is simply a strange flower.

She wears heavy makeup all day long and feels sick when she sees it. Who is this maid? Not far away, Kylena Gale, who had just got off the bus, came over with an umbrella: "Daniel, why are you here?" Half an hour ago, Aspen Li said that the engagement banquet was cancelled. Kylena Gale doesn't know how happy she is now, and she is in a good mood. Smiling face. Obviously Daniel

Jackson liked Kylene Gale's smile very much before, and when she saw her smile, she felt that the whole world was bright. I don't know why, but now I see her smiling face, but I always feel that something is missing. However, what she said was the second lady of the Gale family. This status was not comparable to that of a little maid.

"I thought you had already gone back, and I was planning to find you...with Mr. Gale."

The engagement banquet was cancelled, and he had nothing to do tonight, so he wanted to come and stay with Kylene Gale. How could Kylene Gale fail to see his mind? Daniel Jackson has pestered her so hard these days that he completely bowed under her pomegranate skirt.

It was originally intended to use him to get close to Young Master Jackson, but tonight, Young Master Jackson's engagement banquet was cancelled, and she still had a lot to do.

As for the second young master of the Jackson family, although she is also very expensive, if she can be with the young master, Daniel Jackson will be of little use value.

"Dad and they will be here soon, Daniel, I'm afraid our house will not be peaceful tonight, or... you go back first."

Emily Gale escaped from marriage, and now, his father must be anxious to death.

She does have a lot of things to do, and it is really inconvenient for Daniel Jackson to be here.

"Daniel, I will look for you tomorrow."

I thought it would take a lot of effort to persuade Daniel Jackson, but he didn't expect that Daniel Jackson actually agreed to it.

"Then I'll go back first, and look for you later."

Looking at the main house in the distance, Daniel Jackson felt disappointed in his eyes.

The face of the little maid just now has been lingering in her mind. Now that I look at Kylena, the more I look at it, the more dull I feel. Taking another look at Gale Kylena, he nodded, turned and left. Kylena Gale was a little surprised. Why did he lose so much enthusiasm when he looked at her eyes just now? But she didn't want to think about it, because her father McGraw Gale came back.

## Chapter 8

Second Sister, what did you drink? "Jenni is back? What the hell is going on? Ask her to get me down!" McGraw Gale, who just came back, heard that Emily Gale was upstairs and almost stamped his feet with anger. He thought that something happened to his little daughter, or that she was with Young Master Jackson, but she ran back by herself? Is this a fugitive marriage? This is something that does not grow! Looking so ugly, it is rare that Young Master Jackson is willing to be engaged to her, even dare not know what is good or bad! Offended Young Master Jackson, can their Gale family survive in Beiling? I really want to be killed by her! His wife Siniya Ye glared at the maid, and said angrily: "Don't you let Emily Gale down?" "Yes, ma'am!" The maid immediately went upstairs and asked Miss Jenni to come down. Kylena Gale walked quickly into the hall and heard that Emily Gale was back.

She glanced at Siniya Ye, and Siniya Ye nodded. Kylena Gale hurried over, holding McGraw Gale who was almost mad, and said softly: "Dad, you have high blood pressure, don't get excited, you will get angry."

Where can McGraw Gale calm down? "Jenni escaped from marriage and came back. Now, how do we talk to Young Master Jackson?" "Dad, Mrs. Jackson's intention is to marry our two families. If something like this happens tonight, I'm afraid... I'm afraid it's impossible for Young Master.

It's going to be safe again."

Kylena Gale slowed down, and then whispered: "If the two cannot marry, the old lady Jackson will be very angry. Dad, we can't let the engagement banquet really be cancelled."

McGraw Gale looked desperate.

"You also said that Young Master Jackson can no longer want that girl Jenni, how can I remedy the engagement?" "Maybe..."

Kylena Gale's face turned red, and some words made her, the No. 1 lady in Beiling, seem a little inappropriate. Of course, Siniya Ye knew what her daughter meant, and immediately said: "At the beginning, Jackson and Gale's marriage should be meant by the old lady of the Jackson family. In my opinion, Young Master Jackson doesn't necessarily like that girl Jenni much."

Meaning?" McGraw Gale seemed to understand a little clue. Siniya Ye immediately said: "If I change to another Miss Gale, she will be more beautiful and elegant, maybe Young Master Jackson will really like it..."

"Yes, in this way, the second sister can replace me and become Young Master Jackson's fiancée. Emily Gale, who had just come down from the stairs, lay on the handrail of the stairs, looking at Kylena Gale with a smile but a smile: "But second sister, aren't you with the second young master of the Jackson family?" "You... don't talk nonsense, yes.

The second young master pursued me, but I didn't agree."

Kylena Gale raised her head and saw Emily Gale's face clearly, her heart trembled suddenly.

She panicked: "Jenni, you... why don't you have makeup? You..."

Siniya Ye was also taken aback by Emily Gale's clean and white face! How dare this dead girl show her true face? "People are going to sleep at night, why do they have to put on makeup?" Emily Gale smiled at the corners of her lips, staring at Kylena Gale with a naive and puzzled expression.

"Second sister, you always taught me to make up all the time, saying that girls can't see people without makeup, but now I find that I look better without makeup than makeup!" McGraw Gale is really dumbfounded, he has always The daughter who likes to paint her face like a ghost character, why...why does she look so beautiful without makeup? Kylena Gale's heart twitched, and she could only force a smile in the face of the puzzled look from her father.

"No, doesn't Jenni have to make-up herself? My sister...when did she say that?" As soon as the conversation turned, she immediately opened the subject: "Jenni, what is going on tonight? Where have you been? Why not? Attending the engagement banquet?" In front of Emily Gale, she was still the gentle and affectionate second sister, and her caring face also performed her sister's role very wonderfully. Emily Gale sneered in her heart. In her previous life, it was this hypocritical Kylena Gale who not only suffered her life, but also killed Ross Jackson. Now, God has given her a chance to start again. If she doesn't repay this sister, how can she be worthy of her rebirth? Emily Gale blinked her innocent big eyes and looked at her: "Second sister, I don't know why.

After you gave me a drink, I started to feel dizzy and my whole body was feverish."

She rubbed her. Rubbing the corners of his eyebrows, he looked a little weak now.

"I was afraid that I would make a fool of myself at the banquet, so I hurried home and took a cold shower. I still feel a little uncomfortable now."

She lowered her eyes and looked at Kylena Gale's gaze.

There was a smile in her eyes, but that one.

A clear face, but a confused look.

"Second Sister, what did you give me a drink? Why is it so strange to my body?"

## Chapter 9

What is on my neck After drinking, the whole person will feel dizzy, and the body will become hot, which is strange ? McGraw Gale's gaze fell on Kylena Gale, who at any rate was a man who had lived for nearly fifty years. Could you not know what Emily Gale was drinking? But why, this thing turned out to be given to the younger daughter by his second daughter? Kylena Gale was guilty of being seen by him, she shook her head: "Dad, I didn't give Jenni medicine, how could I..."

Emily Gale blinked her big eyes and stared at her innocently: "Second sister, what do you mean by medicine? You...what medicine did you give me?" She is just an eighteen-year-old girl. Isn't it normal for her to be ignorant of many things? Emily Gale also interprets this moment of innocence vividly! "Kylena, what did you drink for her?" McGraw Gale frowned. If the second daughter really did anything to break the engagement banquet between Jenni and Joseph, he would never tolerate it! "Dad, how could I harm Jenni? It must be this girl who drank something wrong.

She was afraid of being blamed by her father, so she pushed it off to me."

Kylena Gale's acting skills are not covered up, for a moment, the corner of her eyes It was covered with a thin mist.

"Dad, I am your daughter! What kind of person am I? Don't you know anything about Dad?" Siniya Ye also immediately said with a throat: "McGraw, we Kylena is the first lady in Beiling, she can make Did you frame your sister?" "Besides, Emily Gale has always been a bad girl. Now you are going to listen to

Emily Gale's slander and blame our good and academically gentle and filial daughter?" Kylena Gale has been knowledgeable and gentle since childhood. Be well-behaved, whether it's in life or in school grades, they are all first-class.

After she participated in several banquets in the upper class of Beiling when she was eighteen, the title of Beiling's first lady soon fell on her. One is because she is really beautiful, and the other is because she is very knowledgeable, good at playing piano, dancing well, and every move is almost perfect. McGraw Gale looked at Emily Gale standing at the top of the stairs again, but his eyes were lost.

She is really good-looking now, but she has always been a problem girl. Not only did she drop out of school, but she also smoked alcohol, put on heavy makeup, had promiscuity, and ran away from home.

There were a lot of problems! This is not something a delicate and perfect face can save.

The most popular, McGraw Gale said: "Jenni, your sister can't give you something bad, I'm afraid... it's a misunderstanding."

Emily Gale smiled, but there was no warmth.

She smoked, only once in her life, or Kylena Gale deliberately guided it, saying it was fun, so she tried to smoke once. Just like this, she was smoking a cigarette with heavy make-up, and there were photos of a few wine bottles beside her, which spread all over the Internet without knowing how.

She was stupid in her last life, she admitted, she never doubted Kylena Gale.

"Of course I know it's a misunderstanding. How could I suspect that the second sister is killing me? When the second sister told me to learn to smoke, she helped me to hide from my father."

She blinked and smiled a little stupidly: "If it wasn't for the second sister, this matter must have been discovered by you, Dad, for the first time."

"What did you say?" McGraw Gale's heart was shaken and he stared sideways at Kylena Gale.

"Dad, I... how could I..."

Damn Emily Gale, was it on purpose tonight? But how could she suddenly become like this? Is this a leaked mouth by accident? Or, deliberately? Is it her illusion? Why do you always feel that Emily Gale tonight is completely different from before? "McGraw, Kylena hates the smell of cigarettes the most, you know, do you believe she will teach Jenni to smoke?" Siniya Ye couldn't wait to tear Emily Gale's mouth.

The previous Emily Gale was so stupid that he couldn't even speak well. But in front of her, she seemed innocent but her teeth were sharp, and she was framed everywhere. How could she be like another person? McGraw Gale doesn't know whether he believes it or not. Tonight, the little daughter has changed so much, he is still a little confused. But the most important thing is that the engagement banquet has been cancelled. I am afraid that Young Master Jackson is really unwilling to have Enron anymore. What can I do? Suddenly, Siniya Ye raised her eyebrows, and quickly walked to Emily Gale upstairs: "What's on your neck?" The man in

## Chapter 10

Emily Gale is indeed a little weak tonight, but now he is just holding on. With Siniya Ye's footsteps were too fast, and when Jenni realized what might be on her neck, the collar had fallen into Siniya Ye's hands. Siniya Ye didn't have any pity for Emily Gale, she pulled hard, and Emily Gale's neck was immediately exposed to everyone's sight.

A sneer flashed across Kylena Gale's eyes, but she pretended to be surprised and said: "God! Jenni, you...Where are so many hickeys on your neck?" Emily

Gale could not hide, and was torn off the stairs by Siniya Ye. Before she had time to explain anything, McGraw Gale had already walked in front of her.

"You...you...how could this happen!" McGraw Gale stared at the hickey on Emily Gale's neck and collarbone, his fingers trembling with anger.

There is so much that can be seen. I don't know how many are hidden in the clothes! Kylena Gale immediately became righteous, with a sad look on her face: "Jenni, you won't... really be with those messy men..."

Kylena Gale glanced at McGraw Gale, who was already so angry that she was about to make smoke. Her dear daughter naturally has to "put father first in everything": "How can you save your dad's face?" Siniya Ye immediately helped: "Emily Gale, you framed your dad like this and framed our Gale family? Young Master knows what you did tonight, he will definitely kill everyone in our Gale family!" "You are... this is to let our entire Gale family be buried for your promiscuity!" In a word, let McGraw Gale suddenly became irritable.

The little daughter's promiscuity is really going to kill him and Gale's family! "You unfilial girl, you!" He was furious with anger, raised his hand, and he was about to slap heavily.

"How did you know that the man who was with me tonight is not Joseph?" Emily Gale said, causing McGraw Gale's raised hand to stop, and the slap couldn't go on: "You said...today The man who will be with you late is Joseph?" Emily Gale did not respond to this. If she could, she would never have a relationship with Hunter Jackson anymore. But now that she has been tossed, what kind of mother and daughter are Siniya Ye and Kylena Gale? They will never let this matter go.

Are you still waiting for them to strip their clothes completely? "Dad, it's impossible... it can't be Young Master Jackson. How could Young Master Jackson like..."

A girl like Jenni?" "Why can't you like me? Don't you think I look better than you, sister?" After she washed away the cosmetics on her face, she was really persuasive.

A man can tell the difference between being beautiful or not, and McGraw Gale is not blind. Kylene Gale was so shocked that she couldn't say anything, she looked at Siniya Ye with red eyes. Siniya Ye immediately said sharply: "Do you think we are all fools? What kind of character is Joseph? A big family like the Jackson family pays the most attention to face, and they will do it for you..."

She paused, after all, she has identity. Some people feel dirty when they say something. But I still have to say! "As for the monkeys, they are so anxious that they have to mess around with you at such an important time tonight, causing the engagement banquet to be cancelled?" She looked at McGraw Gale, and immediately had another attitude: "McGraw, this death The girl must be lying!" McGraw Gale was a little embarrassed, but thinking about it, I also think Siniya Ye's words make sense.

It is impossible for a big man like Mr. Jackson to do such a wayward thing.

"Do you know Mr. Jackson? You know that he must not?" Emily Gale pushed Siniya Ye away and grabbed her neckline hand and sneered.

"Master Jackson said that he will come to give everyone an explanation in person tomorrow. No, after dawn today, why not wait a few hours to listen to what Joseph has said?" "No, this dead girl must be taking advantage of it. During this period of time, she ran away secretly from home, McGraw, she hasn't done anything like this before!" Siniya Ye must kill her tonight, and she must not give her any more chance! Emily Gale's face alone is enough to make people want to kill her a million times! "McGraw, this dead girl has done something wrong and still doesn't know how to repent. Tonight, you must beat her hard! Otherwise, she will never grow!" "Sir," the housekeeper hurried in, panting. : "Sir, Young Master Jackson is here."
