

Love Through Time and Space

Chapter 60

Emma!

Master is terrible!

"You..."

Emily Gale couldn't believe her ears, and Hunter Jackson spoke to her in such a soft tone!

She thought he was still angry.

"Let's reconcile."

The man's hand fell on her back, pressing her gently against him.

Emily Gale found that she couldn't think or even breathe.

Young Master Jackson's face was infinitely magnified in her sight, and when she looked up close, it was still flawless and absolutely perfect.

She subconsciously pressed her hand against his chest, but she didn't even mean to push him away at all.

He is so hot, no, she is so hot...like, all are so hot.

What does this mean now?

"Jackson...uh..."

The moment his thin lips opened slightly, his hot lips pressed down.

As if being shocked by an electric shock, there was a feeling of spinning around the world.

It was only half a second, Emily Gale completely lost herself.

The breath was full of Hunter Jackson's breath, his coldness, his hotness, contradictorily entangled her.

In the end, Quan turned into a fire... Emily Gale didn't know when she was picked up, or when the buttons of her coat were opened, let alone when she pulled him around the neck.

She couldn't remember anything, the whole world was the shadow of Hunter Jackson, the breath of Hunter Jackson.

"Hmm..."

With a thud, someone hit the door of the room.

The messy breath disappeared in an instant.

Hunter Jackson pulled the quilt apart and wrapped the girl under him tightly.

Turning his head, sweeping his gaze, he almost tore Aspen Li standing at the door to pieces.

"Old, big young master..."

Aspen Li felt that he was really dead. Now, there will be absolutely no place to bury him.

How did he know that they were in broad daylight... What's worse, they didn't even close the door!

Just now because it was too shocking, I hit the door and reacted.

"Go!" The man's face is comparable to the sky when the storm is approaching, the dark clouds are closed, and the thunder is fierce!

That roll was more like a knife, and Aspen Li almost fainted.

"I, I get out, I'm out now, I'm out!" Emma!

very scary!

Who would have thought that the young master who looked ascetic and indifferent would be attacking in broad daylight!

However, Aspen Li can be regarded as the most loyal subordinate in the world.

When he was about to roll, he had to risk his death to remind him: "Old and young masters, pay attention to the image."

With a slap, the soft pillow fell on the door, and the door was hit hard in his sight.

Aspen Li didn't dare to stay any longer, the eldest master told him to get out, get out now!

As soon as he turned around, he disappeared instantly to cover his ears from the thunder.

"Damn it!" Hunter Jackson looked down, his face suddenly ugly.

With a long finger, he pulled up the zipper of the pants again, no

However, it seems that some secrets have not been hidden.

His face was gloomy, good things were interrupted, and he was very upset!

Looking back, the girl was hiding on the other side of the big bed, tightly wrapped in the quilt, only her head was exposed, her eyes full of precautions.

Emily Gale didn't expect that just now he almost wiped out his gun with Joseph.

In broad daylight, why are you so... shameless!

I was even hit by Aspen Li!

God, how can I meet people in the future!

Hunter Jackson leaned forward, and Emily Gale immediately backed away.

He frowned slightly and stared at her blushing face.

Emily Gale was in the quilt, hurriedly pulling her clothes together. When she raised her head, she wanted to say something to him. Unexpectedly, she saw Joseph under her abdomen...

She was breathing confused and her eyes straightened in fright.

"I like watching so much?" Gougou stared at him, trying to make him lose control again?

Originally I thought I was a little gaffe at this time, but the appearance of this girl being frightened completely pleased him again.

Simply, generous, without any meaning to cover.

Emily Gale couldn't wait to completely cover herself with a quilt so that no one could see her embarrassing side again.

She didn't mean to stare at him, it was just...just scared.

"Yes, I'm sorry, I didn't mean to..."

"Intentionally what?" "No, nothing."

After finally finishing her clothes, she lifted the quilt and got down from the other end of the big bed.

She originally wanted to say that she didn't look at him on purpose, but her eyes fell on her head accidentally.

But later, if he asks where to look deliberately, it will be embarrassing.

Calm, calm, it was just a little impulsive just now.

Alone men and widows are still adults, especially for men like Hunter Jackson.

Be impulsive, people will be fine, but for her, it is terrible!

Never repeat the mistakes of the previous life!

"Um, if it's okay, I'll go back first."

She walked quickly to the door.

"Don't open your mouth to beg me?" The man sat on the bed, his breath was clear and a little messy, but the whole person had calmed down.

Emily Gale was taken aback, then subconsciously looked back at him.

When you don't look at certain places, such a young Jackson is cold and expensive, where is the slightest shadow of the confusion just now?

Sure enough, this kind of thing is very different for men and women.

Men are only a pleasure, but once women are addicted, it is difficult to get out of it.

She converged her mind and shook her head: "I can handle this by myself."

Hunter Jackson raised his eyebrows, his indifferent eyes locked on her face.

This face has always made him feel very strange, why does he always remember the location of the small freckles on his face?

Does he have a bad memory, or do those little freckles move?

Emily Gale felt guilty by him, she was most afraid of Young Master Jackson

Stare at yourself intently.

Freckles are drawn randomly, who can remember exactly the same position as last time?

I was afraid of being discovered by him.

She turned to open the door, avoiding his exploring gaze.

"Thank you for saving me today, but there are some things that I think I can solve on my own, so I don't bother to worry about them."

She said this calmly, without any anger.

Hunter Jackson didn't speak, but stared at her back.

Emily Gale felt that she couldn't stay in this room anymore.

She always felt that if this continued, her secret would soon be discovered by Hunter Jackson.

"I'm going back first."

She wanted to leave, but suddenly remembered something.

After hesitating, I finally went back quickly, picked up the bunch of roses I had put aside, and walked quickly to the door.

"If you can't solve it, please find me at any time."

Behind him, his intoxicating voice sounded.

Emily Gale's legs weakened, and she stumbled to the door, not daring to turn her head back: "Okay, I see."

She hurriedly returned to her room, slammed the door shut, and even locked it with a slam.

A sigh of relief.

A man can make a woman feel weak at any time, which is really scary.

The scary thing is not the pressure he gives, but the crazy charm!

The walking love potion, this name is by no means a vain name!

Just listening to his hoarse voice made me feel soft, no wonder he was k*ssed just now, and the whole person completely lost consciousness.

How dangerous is such a man?

She dared to approach, and she didn't hide far away, and she was really not afraid of death!

Huh... Take a deep breath, and finally calm down.

Emily Gale stood up straight, but found that he was still holding the bunch of red roses in his arms.

The flowers sent by Master Jackson...

Breathing began to mess up again, and his mind was full of the man's figure, and even the tip of his nose seemed to be full of his smell!

Emily Gale hurriedly found a place and offered the rose, never daring to hold it again.

Holding it is like holding Young Master Jackson, his body is hot...Ma!

Let people live!

As soon as the rose was inserted, the phone's ringtone happened to ring. When I looked at the screen, Yang Yi's.

"Where is Xiaomi? Let her talk to me."

Emily Gale said lightly.

On that end, Su Xiaomi seemed to have a lot of courage, and then answered the call: "Of course..."

"Are you a pig? How could I have a pig teammate like you? Do you want to kill me or kill me? Yourself?" Emily Gale said just a rebuke.

Su Xiaomi knew that she had made a mistake, so she didn't dare to hum.

In the end, Emily Gale cursed enough, and reluctantly said calmly: "I will handle this matter."

Chapter 61

Only the young master has such a heavy taste. Now it is more than three o'clock in the afternoon, and there are more than four hours before the evening family dinner.

When Emily Gale was about to go out, Aspen Li found a driver for her.

Before leaving, Aspen Li was still a little worried: "Don't you need the young master to accompany you?" "When is your young master so idle? Go shopping with me?" Emily Gale casually dropped a word.

Unexpectedly, Aspen Li really thought about this issue seriously.

Of course, the young master is not busy. Even if he is not at work today, he still carries his notebook with him, and needs to deal with things at any time.

However, if the young lady asks the young master to go shopping with her, Aspen Li thought, the young master should agree.

Don't ask him why he knows, just look at the way the eldest master sent his wife to the young lady just now, he knows the same as a man!

Now that the young lady has any request, except for the principled things, the young master will probably not refuse.

"Madam Young, do you need me to accompany you?" He was still worried.

"What are you doing with me? Go shopping for dinner and watch movies, or accompany me to press the road? Do you want to be a spare tire?" Aspen Li blushed and hurriedly took two steps back.

The young lady's face... is really a bit uncomfortable, and only their eldest master has such a heavy taste!

Emily Gale sneered and asked the driver to drive away.

Before leaving, he didn't forget to confess: "Help me find the most convenient driving school. I want to get a driver's license as soon as possible."

"Good."

Aspen Li nodded and watched the car leave.

On the way, Emily Gale took out his mobile phone and swiped it casually. Those people on Weibo were still acting as monsters.

I don't know how many of them are trumpet naval forces, but it can be seen that many people are indeed scolding Xiaomi, pretending to commit suicide or something.

She specifically told Yang Yi today that Su Xiaomi should never be allowed to touch her phone.

If I let her see these, I don't know how uncomfortable it would be.

She clicked on WeChat and left a message to Yang. This allowed the driver to take her to the downtown business district.

At 4:30 in the afternoon, Emily Gale and Jackson Tianyou appeared outside the ward of Shangde Hospital.

Emily Gale carried a large bag and knocked on Ye Fangfang's door.

After the disturbance today, the Ye family sent bodyguards over and guarded at the door, not afraid of Emily Gale's mess.

However, Jackson Tianyou was blocked by the door, and anyone in danger was not allowed to enter.

"I'll just go in by myself, just apologize and come out soon."

Emily Gale glanced at him.

God you hesitated, then nodded and stood in the corridor waiting for her.

In the room, Xiao Na, who is Ye Fangfang's best friend, was sitting on the side playing with her mobile phone and saw those people scolding Su Xiaomi.

The more vicious they were, the happier they were.

Seeing Emily Gale entering the door, Ye Fangfang immediately lay dead, looking sick.

"What are you doing?" Ye Fang

Fang glanced at Xiao Na, who subconsciously stepped aside.

"There is no need to secretly shoot any video, I will not touch you, nor will I give you any chance to frame me."

Emily Gale glanced at Xiao Na and sneered.

Xiao Na glared at her and hummed: "Ugly, who wants to sneak a photo of you?" "That's the best."

Emily Gale shrugged and put the things on the table.

Ye Fangfang's eyes fell on the packaging bag accidentally, and his eyes went straight.

CHANEL, DIOR, LV!

What is this ugly monster doing with so many big names?

Must be uneasy and kind!

But they are all brands she likes!

What's special, is it to show off?

"Sure enough, I bought a lot of money, and I bought all high-end goods!" Ye Fangfang snorted coldly.

"Isn't this here to apologize for you?" Emily Gale sighed softly, seemingly helpless.

"Let's leave Xiaomi, we surrender, these things are our sincerity, I hope you raise your hands."

"This thing, you want to buy me? I was forced to death by Su Xiaomi, and my life is so bad. Valuable?" Ye Fangfang thought about it, and suddenly he thought of something, and suddenly sank his face: "Emily Gale, you are taking a sneak shot!" Then immediately, a face collapsed, and he hummed, "Don't bully me, I It's already like this, what else do you want?" It seems that I was really bullied to the point where I couldn't resist.

Emily Gale smiled a little disdainfully: "Ye Fangfang, put away your face, I don't look like you, I hate sneak shots the most."

She took the phone out of her pocket, put it aside, and patted everything on herself. Her pockets and even her bag turned upside down to show her.

"How about? Do I still have something to take secretly?" Ye Fangfang was relieved, and immediately sat up from the bed and stared at her: "What do you want to do?" "I only hope you can let Xiaomi go. Today she almost Just jumped off the building and committed suicide. You will be responsible if you kill yourself!" Emily Gale's face fell cold: "You pretended to commit suicide, and deliberately left an inexplicable suicide note, making Xiaomi a sinner forever."

, Xiaomi didn't offend you at all. You did it just because you wanted to retaliate against me through her."

"How innocent is Xiaomi, you are involved for no reason, she is so miserable, is it enough?" "Enough?" "Ye Fangfang sneered and raised her eyebrows to look at her: "Emily Gale, you are okay, why is that enough?" "You really just want to deal with me!" Emily Gale looked angry, "The matter has nothing to do with Xiaomi, why are you? Can you use her?" "To blame, blame her for being bad with someone like you!" Make sure she doesn't have any tools for sneak shots, and Ye Fangfang no longer has to pretend to be sick.

The look of death.

Her vicious face was clearly visible in Emily Gale's sight.

"Tell you, as long as you are okay, this matter will never end."

"What do you want?" Emily Gale's heart keeps ups and downs, as if he has been madly mad!

"Guess what?" Ye Fangfang was holding the winning ticket, so high.

"Where did I offend you? You deliberately asked someone to hack me on the Internet, saying that I was promiscuous and rebellious!" Emily Gale's voice was not small, probably because of anger.

She angrily said: "Actually, I don't smoke or drink. That photo is just for posing, but it was used by you people to hurt and slander me!" "So what? Who asked you to take that kind of photo? Is it fun? Now, is it fun enough?" In fact, Ye Fangfang didn't know how it spread, but it happened to be used as a tool to attack her!

"Ye Fangfang, you are too much!" Emily Gale clenched his fists, "So, you just don't want to stop?" "Unless you publicly apologize to me and admit that you have had countless men, you followed him at the age of thirteen. Rich man!"

After she confessed this, Master Jackson is still willing to have such a bad woman who has been played badly!

As long as she is abandoned by Young Master Jackson, she will never be able to turn over again!

“Ye Fangfang, you still want to use these unnecessary things to slander me, you are too much!” Emily Gale was mad, stomped and left!

He just left like this!

Is she so easily defeated?

Chapter 62

Reversed, Xiao Na couldn't react to the sound of footsteps hurriedly leaving when the door was closed unexpectedly.

“Is that Emily Gale really the one just now?” Didn't Ye Fangfang say that Emily Gale was very difficult to deal with?

But Emily Gale just now was frizzy and easily irritated by a few words.

Except for grievances, there is no ability to fight back at all.

This is Emily Gale who is difficult to deal with in the legend?

How does it look like a fool?

Ye Fangfang was also a little confused. When I saw Emily Gale last time, she was obviously so calm and treacherous.

This time, just curse and leave?

A lot of things are left!

All are famous brands!

"Sure enough, it's not the same as a rich man. When you buy these brands, you don't even blink."

Ye Fangfang immediately got off the bed and walked to the table with a look of surprise.

"This is what she sent here to make amends, but we didn't grab it!" There are so many, it would cost hundreds of thousands!

That b*tch must be swiping Joseph's card again!

How great would it be if Mr. Jackson's diamond black card was given to her!

"Then Fangfang, these things..."

Xiao Na looked at the things on the table and her eyes lit up.

"It's what she doesn't want anyway. If she comes back and wants to take it back later, we don't recognize it."

The thing is not named, and I'm afraid she won't be able to grab it?

"If she really dares to come back to grab, you will pretend to be pushed down by her, just like when you dealt with Su Xiaomi at noon."

Brand-name bags, brand-name cosmetics!

Xiao Na's eyes are full of signs of these brands, so how can she care for others!

"At that time, I will continue to shoot secretly, intercept the clips that are beneficial to us and post them on the Internet, and she will be able to taste the taste of losing her wife and losing her army immediately!" "Okay!" Ye

Fangfang couldn't help it anymore, and rushed over. Chanel's bag was opened!

But... how could this happen?

Inside the packaging bag, all of them are old newspapers. How can there be any brand-name cosmetics?

However, this packaging bag is obviously real!

The two of them are completely dumbfounded, what's the matter?

"Emily Gale that b*tch, she played us!" The more Ye Fangfang thought about it, the more he felt something was wrong.

She played them like this, besides letting them down, what was the point?

"I seem... as if I have a bad feeling..."

Xiao Na looked at Ye Fangfang.

Ye Fangfang didn't have time to think of anything, and suddenly there was the sound of rapid footsteps outside.

She hurriedly climbed back to the bed, and as soon as she lay down, Xiao Na suddenly screamed: "Fangfang, you... why did you start the live broadcast?" "Live broadcast?" Ye Fangfang looked confused, "What live broadcast?" Your own live broadcast account, you..."

Xiao Na immediately went over and showed her her phone: "Look, this is..."

This is them!

It's what it is now,

Ye Fangfang was lying on the hospital bed, Xiao Na showed her her phone!

"How could this happen!" Ye Fangfang almost jumped out of bed in fright.

The two people hurriedly searched for Ye Fangfang's mobile phone, but Ye Fangfang's mobile phone did not move.

The door was knocked suddenly, and Emily Gale walked in.

"What are you going to do?" Ye Fangfang was so scared that she was going crazy!

Her mobile phone was dead, and she ignored it at all, but how could she start a live broadcast?

However, the number Xiao Na showed her was really her own live broadcast number!

"Oh, why are you so scared that you can't do anything bad?" Emily Gale smiled and walked in.

"Get out of here, get out of here!" Ye Fangfang remembered, and was afraid that he would be exposed to pretending to be sick because he was still broadcasting now.

However, I don't know how long this live broadcast has been running, and I don't even know where the camera is!

She said so much to Emily Gale just now.

After Emily Gale left, she and Xiao Na wanted to take Emily Gale's things together.

God, won't all these have been broadcast live?

"I just lost a mobile phone here. I took it and left. What are you nervous about?" Emily Gale stepped aside and took the mobile phone that he had put down just to show that he hadn't secretly taken the phone back to his hand.

Her mobile phone... Ye Fangfang was taken aback, and suddenly reacted: "Dare you sneak a photo! Someone!" Two bodyguards immediately rushed in, and Jackson Tianyou also rushed to the door to prevent them from doing anything to Emily Gale.

Emily Gale wasn't afraid at all, and with his mobile phone, he pointed at the two bodyguards.

She sneered: "I heard that it is live, do you want to hit someone? Come on! I'm short of your criminal evidence!" The two of them changed their faces and immediately returned, let alone touch them, they didn't even dare to touch them.

She clicked.

Who doesn't know how terrible cyber violence is?

If you dare to broadcast live, once you get out of human flesh, your life's future will be ruined!

"Emily Gale, you slut!" Emily Gale pointed his phone at Ye Fangfang, who was about to go wild on the hospital bed, and smiled: "Go on, curse!" "You...you..."

Ye Fangfang hurriedly pulled over the quilt. He didn't even dare to poke his head.

Why can I open her live account on Emily Gale's mobile phone?

To open her live account, don't you have to use her mobile phone to receive the verification code?

Why can they do this?

unacceptable!

Xiao Na was afraid that she would be photographed too, so she pushed away the bodyguard who was guarding the door and slipped away.

"Oh, all your accomplices ran away, and you are left alone, so pitiful?" But Emily Gale didn't pity her at all!

"You framed Xiaomi and designed to black me out. I believe you have explained this clearly during the live broadcast."

"Yes.

What are you talking about? Come back and explain to the majority of netizens, I won't be with you!

She walked out of the ward, then turned on her mobile phone and turned off the live broadcast account. Ye Fangfang didn't know that she had already turned off the live broadcast, until Emily Gale walked away, she still hid under the blanket, shaking with fright.

"Look at the room."

Is there a camera in there, come on!

Look for it!

"No, I don't want to live here, I want to change the ward!"

Let me change the ward soon!

"The tossing was terrible here. On the other hand, when Emily Gale returned to the car, Su Xiaomi was moved to tears. Now Su Xiaomi's Weibo is full of

pitying voices, sympathizing for her being framed by Ye Fangfang. Yes, it was an apology to her. Several big V bloggers took the initiative to post on Weibo and expressed sincere apologies to her.

"It is a bit unexpected that they would apologize.

"Yang Yi frowned, a little disbelief. Some bloggers are really too much, and they are enthusiastic about forwarding. When the truth turns around, at most they will pretend to be dead. Few dared to stand up and say sorry. But This time, all the bloggers who reposted the Weibo that hurt Xiaomi before, apologized, it was incredible. Emily Gale also felt that something was not right.

Although this reversal was reasonable, it was unexpected.

It seems that there is some kind of force pushing hard behind them and helping them vigorously.

"Unfortunately, my sister and eldest brother..."

Su Xiaomi is still very helpless, even if her grievances are redressed I can't go back. But when she was lost, her elder brother Su Qinghui called.

"Xiaomi, I met Mr. Huang again. Mr. Huang not only promised to resume cooperation, but also to expand the project. Sent!
