

## Love Through Time and Space

### Chapter 66

After a while, Emily Gale uploaded the video to the Internet and really didn't understand where he intercepted the G spot of these people.

Isn't she just looking at a bag?

As for a group of people staring at her, waiting for her to make trouble?

Simply, a group of people are full.

Although Jackson Fangfei didn't seem to care, she didn't try her shoes anymore. Instead, she leaned on the small sofa and stared lightly.

This is the bag she has just seen, but after hearing the price, she hesitated.

After that, she said that she didn't like the style, so she didn't buy it.

Although the Jackson family is rich, the rich are the children of Mr. Da's direct line.

The other juniors in the Jackson family may also have money, but they don't even buy tens of millions of bags.

Always consider it.

This ugly girl, as soon as she came in, she immediately took a fancy to their store treasure, and Jackson Fangfei felt as if she had eaten a fly in her heart, a little uncomfortable.

Of course, she also wanted to see how this woman would end up.

Jackson Xianxian winked, and the sales lady on the side really took out her mobile phone, opened the video, and recorded it.

The manager didn't mean to stop him at all. He smiled and said, "I'm sorry, but I'm just afraid that I'm not justified. Don't mind."

Emily Gale ignored these people, took the bag, and looked at it seriously.

She didn't want to be angry when she bought things. Firstly, this bag is really good-looking. Secondly, the price might be right.

Of course there is a third point, that is, she is really in a hurry.

The bag has a small mezzanine, and the pad is held in the hand twice, and the weight is also suitable.

She looked at the manager: "What price?" "Nine hundred eighty thousand yuan."

The manager looked proud.

Emily Gale was a little disappointed.

She took another look at the bag.

She obviously liked it, but at the price...

She bit her lower lip and finally put the bag down: "I don't want it."

"Cut! I know!" Jackson Sianxian walked over, with a look of contempt: "You have to watch if you can't afford it, and you don't want to buy it. Isn't this playing tricks?" She looked at the sales lady who was filming next to her: "You have to take it, wait It will be passed to me, and I will post it on the Internet."

"This kind of person deliberately makes things difficult for the salesperson.

It's horrible. I must expose her behavior!" "Where did I make things difficult for them?" Just take a look. Bao has also made things difficult. Is this charge too far-fetched?

"People say they don't let you see it, you know you can't afford it, so don't waste everyone's time, but what about you?" Jackson Xianxian hugged his chest, arrogantly.

"You have to be served by others. Your own time is worthless. Have you ever calculated how much money was wasted by you?" Emily Gale suddenly looked back and stared at the sales lady holding the phone.

That cold stare actually made the opponent take two steps subconsciously.

When did this damn girl learn

Such a powerful look?

Jackson Xianxian was not careful, but she was also taken aback.

But she reacted quickly.

What does she mean by looking at people like this?

Not intimidated?

"You..."

"Does your store have more advanced bags? If not, I'm leaving."

What?

What does this ugly monster mean?

More advanced?

Jackson Xianxian was trying to sarcastically, but Emily Gale had already turned around: "It seems that there is no more."

Ninety eighty thousand, not the price requested by Young Master Jackson.

The man said no, she was worried that if she brought a bag that did not meet the standard, he would let her immediately roll in and buy another one.

"Of course there are more advanced ones in our store, but you have to VIP to see them."

The manager said coldly.

Emily Gale decided not to waste time and walked out of the store.

What VIP can watch?

If you have money, you can see it.

These people just think she must have no money to buy it.

However, she really didn't have time to spend time with them. If the bag was priced at one million just now, she would have bought it without saying a word.

After all, I really like it.

Ignoring the cold words behind her, she walked into the opposite shop.

"Walk into VISTEE!" Jackson Xianxian almost felt like vomiting!

"My sister is reluctant to enter..."

After thinking about it, she immediately stopped her mouth and looked back at Jackson Fangfei who had a bad face.

She said: "Sister, how long do you think she will come out?" This coming out, of course, meant being kicked out.

At the shop opposite, few women in Beiling dared to go in, even Jackson Fangfei couldn't go in several times a year.

The bags inside are all limited editions worldwide, each of which is at least millions.

People who haven't entered the past can't imagine that there is such a luxurious place in this world.

Poverty, sometimes really limits your imagination!

Jackson Fangfei just smiled, not talking.

Although she is not a young lady in the Jackson family's direct line, she is also a well-known lady in Beiling.

She wouldn't do anything like Jackson Xianxian's noisy things, and lose her value.

But she didn't mind letting Jackson Xianxian follow her.

After all, a lot of things she wanted to say but couldn't say had to be said by a clown for her.

The manager squatted down in front of Jackson Fangfei again, and while trying on her shoes, he sneered and said: "Maybe she will be kicked out in less than ten seconds."

"She really came out!" a sales lady exclaimed Sounded.

day!

Ten seconds is an exaggeration, but less than a minute before and after is also embarrassing enough!

The manager looked back, and his smiled face instantly became a fossil!

“How, how is it possible?” How could this be true?

That ugly monster!

She...

She carried a bag out!

It's that...that's it!

The Throne Supreme Diamond Bag that VISTEE only came back yesterday!

she was

We all secretly went over to see it yesterday, the price is 3.8 million, no discount!

No discount!

How could Emily Gale come out carrying it?

Even the packaging has been completely disassembled, it is the kind that cannot be returned!

Impossible, absolutely impossible!

The manager suddenly had mixed feelings. Could it be that he is really the invisible rich man?

I just asked her if she has any more high-end bags.

It's not because I can't pay the 980,000, but because the 980,000 bags are really too low-grade?

There is indeed a top luxury bag in their warehouse.

It is planned to be displayed at the event tomorrow, and it is priced at \$1.68 million.

If you sell this bag...

The manager has the final say, after the calculation, the meat hurts!

One million six hundred and eighty thousand, she can get at least thirty thousand in commission!

More than thirty thousand!

Because of a wrong judgment, she lost more than 30,000!

The manager stood up abruptly, forgetting that he still had Jackson Fangfei's shoes in his hand, and was still trying them on.

She got up, and the buttons of her shoes accidentally got Jackson Fangfei's feet, and the other's feet were suddenly marked with a red mark, almost breaking the skin.

"You!" Jackson Fangfei was so angry that she couldn't wait to kick it over.

But the manager has no mind at all to her!

A pair of shoes worth over 100,000, the commission is less than 3,000, how can it be compared with more than 30,000?

The manager rushed out like flying, and a few sales ladies rushed out.

“Miss, this young lady!” The manager hurriedly walked to Emily Gale’s face, without blushing or breathing, and politely said: “We also have a limited edition luxury bag. Miss, would you like to take a look?”

## Chapter 67

There is actually a reason why Emily Gale memorized this top bag so quickly.

Before she had time to finish reading the bag, Young Master Jackson’s life-threatening call came up.

So she directly asked if the bag had more than one million yuan, and the other party said it did, so she bought it.

However, when you go back, you must tell Shao Jackson that this bag can be returned to him afterwards.

Anyway, she is unwilling to bear the three million yuan.

It’s so expensive that people vomit blood!

I believe that after using this time, it will be sealed up and used as a specimen.

Unless, there will be a similar gathering next time.

Seeing the manager chasing two sales ladies with her, she didn’t want to bother at first, but Jackson Xianxian who was standing at the door of the store was really a bit dazzling.

Suddenly she thinned her lips and went to the store.

As if the manager had won the first prize, he immediately had the bag taken out of the warehouse.

She personally poured a cup of black tea for Emily Gale, bending over her waist, almost to the point of being respectful.

"Miss, you can sit down for a while, and our bags will arrive soon, or, miss, you look at our shoes first?" "a\*\*hole thing, my sister's shoes are half tried, so you don't care?" Jackson Xianxian It's really angry, but how can this poor ghost have so much money?

Ye Fangfang said that she followed a rich man, is it true?

But is the rich man blind?

Didn't you see that this woman is poor and ugly?

It can only be said that the usual Emily Gale never mentions her family at school, and with an unrememberable face, her identity is vague in most people's hearts.

Although Jackson Xianxian and Jackson Fangfei had also participated in the engagement banquet of Young Master Jackson before, they only knew that they were engaged to him by the younger sister of Kylene Gale, the first lady in Beiling.

Coupled with the heavy makeup of Emily Gale back then, the ghost knows who it is?

Ning University's Gale surname is ugly, and Jackson's fiancée, Miss Gale Er, except for the relatives of Gale's family, how many people can't connect them together?

When the manager heard Jackson Xianxian's words, he remembered Miss Jackson who was left out by him.

In a hurry, she immediately said: "A Ling, go and wait for Miss Jackson to try on the shoes!" Jackson Fangfei kicked her shoes away, stood up and walked away.

The manager knew that she was upset, but there were more than 30,000 commissions waiting for her, so she couldn't throw it away!

What's more, such a wealthy, stupid, and wealthy customer will have a second visit once.

Taking care of her is definitely more than earning from Miss Jackson.

Therefore, when Jackson Fangfei left, the manager was at best regretful and didn't care.

But Jackson Xianxian was furious, and said angrily: "You are so bold and courageous! Don't you know what my sister is? You are so sloppy, do you want to open this store?"

"Manager."

Emily Gale called out suddenly.

The manager immediately bent over and laughed: "Miss, what's the order?" "Your family does business like this? How can customers want to look at the merchandise in such a noisy environment?" Emily Gale looked at the bag in his hand.

The expensive bag, she held it in her hand but didn't feel the slightest love.

It seems that there are so many bags in her house, one more is not more, and one less is not much.

I looked at the girl just now and thought it was ugly and earthy, but when I look at it now, I think she is tall and expensive, and she is not lost to the first lady of Beiling at all!

Besides, even the first lady in Beiling doesn't have to be so rich, right?

"Emily Gale, what do you mean?" Jackson Xianxian's face sank, and she immediately became angry.

She even hinted that the manager would kick her out?

She dare!

Emily Gale frowned, obviously annoyed by the noise, and clearly meant to stand up and leave.

When the manager saw it, he was so anxious that he made a decisive decision and looked at Jackson Xianxian: "Miss Jackson, the shop is closing today. Please ask Miss Jackson to come again next time."

"What did you say?" Jackson Xianxian couldn't believe her. ear.

When did she and Jackson Fangfei come over, this manager was not respectful after taking the lead?

Now, she really wants to drive her away, for this ugly woman?

Anyway, Jackson Fangfei, the rich master, has already left, and the manager doesn't have a good face for Jackson Xianxian, who only accompanies others every time and never buys anything.

"Since Miss Fang Fei is gone, why don't you go back with her first?" She didn't smile.

For her tens of thousands of commissions and future performance, the Miss Jackson in front of her was destined to offend.

"Oh, people are all customers at the door. If she also buys things, you are not so kind to others, are you?" Emily Gale leaned back in the chair, squinting at Jackson Xianxian: "If you really want to buy, then Just buy something with real money. If you just plan to come in and have a look, then you might as well go back."

"Yes, Miss Jackson, what you want to buy, we'll swipe your card right away."

The sales lady with the mobile phone just came over and smiled. With a little disdain.

Had it not been for this woman to make pornography, this lady had already bought their top-tier town shop bag.

Speaking of it, it's all bad things about this woman!

They almost lost a distinguished customer, who is still here now, is it disgusting, or annoying?

Although Jackson Xianxian is not an authentic Miss Jackson's family, she is also surnamed Jackson anyway. How often has she been so angry?

She was angry and anxious, and tears were almost coming out!

"You! You guys!" She pointed to the sales lady and the manager, and stomped: "I told my sister to never come to your house, you just wait for the bankruptcy!" The manager did not want to say anything, although

The young lady is rich, but after all, she is only the daughter of Mr. Jackson Jia Er.

How big is the difference between collateral and direct line?

Looking at the entire Beiling, there are basically not many women richer than the Jackson family.

However, many of them are richer than the collaborators.

Anyway, every time it is a hundred thousand shoes, two or three hundred thousand bags, it is nothing to lose her.

Taking care of the ancestor in front of you is better than anything else.

The sales lady thinks so too, so in order to please Emily Gale, she lowered her face to Jackson Xianxian.

"Since you don't buy anything, please go, don't hinder us from doing business!" "You dare to do this! You guys! You wait!" Today is really Jackson Xianxian's day of shame in life, but this shame, she will definitely Give them back!

"Especially you!" She pointed to Emily Gale, "You ugly old man who doesn't know what's wrong with you, wait for me!" Jackson Xianxian turned around angrily. This time, he really left.

Emily Gale stood up after she left.

The manager looked anxious, and hurriedly laughed: "Miss..."

"Forget it, your bags here are too low-end, not suitable for me, you should chase the two Miss Jackson back."

She has no time!

Being late for so long, after a while, Jackson Da Shaoguang can kill her with his eyes!

Abandoning these words, she stepped away without looking back.

The manager and sales lady who were thrown down were completely dumbfounded. What is this now?

The big customers are gone, even the two ladies of the Jackson family are offended?

How to live in the future?

"Jing, manager, how do I feel, we seem to be fooled?" The sales lady squashed her mouth and almost cried.

Miss Jackson will not come anymore, she is still waiting for the performance to start her dinner!

The manager is also helpless, and now it is too late to chase the Jackson's lady back.

Today, why are you so sad?

## Chapter 68

Your man, Beak Ling is the best?

Emily Gale hurried to the square outside the building.

Mr. Jackson's patience has always been very limited.

She didn't go anymore, either she was left behind, or Aspen Li came up and carried her down.

However, to Emily Gale's surprise, as soon as he went out, he raised his eyes and saw two girls standing in front of Hunter Jackson's low-key but luxurious Maybach.

"Big brother, they are too bullying!" Big brother is the honorary name of all the juniors of the Jackson family to Hunter Jackson.

Although Jackson Xianxian's relatives are a bit estranged, at least his surname is Jackson.

Hunter Jackson was sitting next to the car door, smoking a cigarette, with an indifferent expression. He didn't know if he had listened to Jackson Xianxian's words.

Aspen Li stood by, leaning on the car door, not to mention, from a distance, this girl still looks pretty good.

But when he looked at it now, he seemed a little impatient.

Jackson Xianxian is still complaining: "Big Brother, our Jackson family members were driven out of the store, you say you are not angry!" Hunter Jackson still did not speak, there was a cold color between his eyebrows, and the breath of no one near. So strong.

Jackson Fangfei glanced at Jackson Xianxian and motioned to her to shut up.

She looked at Hunter Jackson, and her voice was soft and soft: "Brother, do you want to return to Jackson's house later?" Tonight is Jackson's family banquet day.

All the Jackson's juniors, as long as they are still in Beiling, Have to go back.

The Jackson's family is very large, it's just a family banquet, and there are almost hundreds of people.

"Yeah."

Hunter Jackson answered indifferently.

Jackson Fangfei knew that the eldest son of the Jackson family had always been indifferent, and everyone was accustomed to his attitude.

Therefore, even if the attitude of Hunter Jackson in front of her was very cold, she did not have any surprises.

“Brother, we are also going back to Jackson’s house. Time is about to go.

It’s time to go.”

Jackson Fangfei’s hint is already very clear. If...she said that if, if we go along the way, can Big Brother pick her up and go?

It is an absolute honor to be able to go home with my eldest brother.

After letting the ladies of the Jackson family know, her position in the Jackson family will surely be unprecedentedly improved.

But, how come the eldest brother didn’t say anything?

Anyway, can’t she also be on the way?

“My driver walked away temporarily because of something. If he goes back late, I don’t know if my grandpa and grandma will be upset.”

Thinking Hunter Jackson didn’t understand, Jackson Fangfei stepped up the hint.

You can’t be too reserved in front of Young Master Jackson. If you are reserved, you will even miss the opportunity.

If such a good opportunity is missed, where will there be in the future?

However, it’s almost here, why is the eldest brother still here, as if waiting for someone?

This is the mall, who is he waiting for?

Big brother never likes to go shopping.

When it came to the issue of time, Jackson Xianxian immediately seized the opportunity and complained again: "I blame the ugly

Eight monsters!

"It is very rare for her to have the opportunity to say a few words with Joseph. Now, it is their Jackson family members who have been bullied. How can Jackson Dasha leave? Anyway, she is also named Jackson and hit her in the face. Isn't it also disrespectful to Young Master Jackson? Emily Gale gave her the grievances she suffered today, but she was not reconciled if she didn't report it back! "Big brother, you don't know, sister Fang Fei and I tried shoes very well, the ugly woman walked in and let People drove us out.

"Slim..."

Jackson Fangfei glanced at her. In fact, she was also very wronged, and she also hoped that her elder brother could give her a sigh of relief, although this is unlikely. But, girls, if there is such a powerful man Support yourself, and you can wake up in dreams. You always have to think about it. Jackson Xianxian grumbled and said aggrieved: "Sister Fangfei, you are so kind and never like to fight with others. If you do, you will suffer.

She looked at Hunter Jackson again, pitiful but indignant.

"That ugly monster didn't know which rich old man he was with, who bullied people like this if he had money.

"How can our Jackson family be bullied?"

Isn't this hitting you in the face?

"Brother, you have to show those people a little bit of color, or else..."

Hunter Jackson raised his hand and looked at the time.

The gloomy look is a little bit more now.

It's almost seven o'clock, and that girl is not there yet. Come out. He suddenly closed the notebook, squeezed out the cigarette, and stepped off the car. Jackson Xianxian's eyes lit up, and he immediately chased after him: "Big brother, it's in a shop called HARMADS, she...big brother, that is she was!"

"I really didn't expect that this enemy has a narrow road! Emily Gale's ugly monster took the initiative to send it to the door! Although Jackson Fangfei didn't say anything, she followed Hunter Jackson.

She also wanted to see it, even if she was rich with money. What kind of majesty can you play in front of Young Master Jackson? In the entire Beiling, which man can compare to Young Master Jackson? No matter who Emily Gale is with, he is destined to be crushed when he meets Young Master Jackson! , It's her.

"Seeing Hunter Jackson staring at Emily Gale, Jackson Xianxian was so excited that his heartbeat kept accelerating.

"Big brother, this ugly monster relied on himself to follow a rich old man, and he bullied the weak outside.

She also said, our Jackson family members , In her eyes nothing.

Emily Gale raised her eyebrows and took the initiative to walk to Hunter Jackson, pursing her thin lips. Jackson Xianxian's lie really came with her mouth open, and she didn't even need to hit the draft.

"Brother, she said, she is the whole man."

No one can beat the best in Beiling!

"Heh! Who is her eldest brother? Young Master Jackson! Who would dare to say such presumptuous things in front of him? Isn't this looking for death? Emily Gale, this ugly monster, just wait to be killed by her eldest brother!

The gold master behind it was also pulled out, making him bankrupt. See who else can spend money on this ugly monster in the future!

Hunter Jackson raised his eyebrows and stared at Emily Gale, with an invisible color in his eyes.

"You said, your man is the best in Beiling?" He asked, his voice indifferent and cold, and he couldn't hear any unhappiness.

"I haven't said it."

Unlike Jackson Xianxian, Emily Gale lied.

She said, "But, I think it should be."

"Big brother, listen! Listen to what this ugly monster is saying! She is so disrespectful to you!" Who would dare to talk about her own man in front of Young Master Jackson? Better than him?

This is disrespect!

Emily Gale, just wait to die!

But Jackson Fangfei felt something was wrong. When did my eldest brother become so idle, did he really manage this trivial matter among women?

Didn't he always hate being close to women the most?

However, Emily Gale was standing in front of him now and had broken into his danger zone.

At such a close distance, even the girls from their Jackson family dare not try!

Brother, he hates women being close to him most!

But they are now... the distance is really close, almost two steps.

She suddenly had a very bad premonition and wanted to stop Jackson Xianxian, but Jackson Xianxian's thoughts were not on her at all.

"Brother, it's okay for this ugly monster to bully me, but she even dared to do something with Sister Fangfei!" She pointed at Jackson Fangfei's foot and said angrily: "She not only drove us out, but also injured Sister Fangfei's foot. Now, there is still an obvious red mark on Sister Fangfei's feet!"

## Chapter 69

He was even more terrifying than the legendary "Slim..."

Jackson Fangfei was inexplicably uneasy.

Jackson Xianxian's lie seemed to be getting more and more outrageous as he said it.

There are red marks on her feet, but it has nothing to do with Emily Gale.

"Sister Fangfei, I know you are kind and don't want

There are red marks on her feet, but it has nothing to do with Emily Gale.

"Sister Fangfei, I know you are kind and don't want

I mean to blame others, but can this ugly monster treat you more than half way?

Although most of what she said was slander, Emily Gale just opened her mouth. What can she prove? The most important thing is that they are all surnamed Jackson, and this ugly woman is an outsider.

"Brother..."

"Have you bought things?"

"Hunter Jackson's gaze fell on Emily Gale's bag. How does this feel inexplicable? It's like a change in the style of painting, completely separated from the picture just now? Jackson Xianxian is a little dumbfounded, and Jackson Fangfei has a great alarm, The bad premonition became very strong in an instant.

She walked over, breathing disorderly: "Big brother, she..."

"You call him big brother, then you are also the young lady of the Jackson family?"

Emily Gale seemed to know her just like that, and suddenly took Hunter Jackson's arm and smiled at Jackson Fangfei: "Hello, I am your future sister-in-law."

"You...you..."

Jackson Fangfei was flustered, but Jackson Xianxian was so shocked that she couldn't even speak.

"And you," Emily Gale looked sideways at Jackson Xianxian and smiled, "Now , See clearly, he is the blind old man in your mouth.

"No, no, no, it's not like that, no...I didn't...that meant..."

Jackson Xianxian took a few steps back, suddenly his legs softened, and she fell to the ground with a thud. But she hurriedly got up and walked to Hunter Jackson, so anxious that my tears came down.

"Big brother, I...I am not...I don't know, I...this ugly monster...no, no..."

God How could this happen? The man behind Emily Gale turned out to be Young Master Jackson, the most powerful man in Beiling? How could this happen? How could the older brother like such a woman? No, impossible! "Am I ugly? , It doesn't matter, but my fiance is really not a bad old man, if you don't believe me, take a closer look.

"Emily Gale really wanted to laugh. Someone would dig a hole like this, and they have to jump down by themselves! This commotion is also eye-opening.

"Also, I really didn't touch you."

"This time, she looked at Jackson Fangfei again. This hypocritical woman is worse than Jackson Xianxian. Jackson Xianxian said she hurt Jackson Fangfei's foot. Shouldn't she say no? No hum, in fact. I agree. I want to do something bad but I dare not do it, but I keep taking advantage of others and use Jackson Xianxian as a pawn. Such a woman is more disgusting than Jackson Xianxian's brainless type.

"I am hurt. Do you have your feet?

When did I touch you?

If you say yes, I will let someone call out the monitoring in the store immediately.

"However, I want to slander this thing, you probably can't escape it."

"No, you didn't touch me, I didn't

Be careful, you got your foot.

"Jackson Fangfei hurriedly whispered.

She didn't say anything. What did the matter have to do with her? However, what Jackson Fangfei did not expect was that Emily Gale was able to make progress.

After letting go of Hunter Jackson, he suddenly approached her. ....what are you going to do?

Jackson Fangfei hurriedly backed away in fright.

"Since there is no such thing, why didn't you refute when the guy said I hurt you?"

"It was said by Xianxian. I didn't say a word. I..."

"But you didn't refute it. Isn't this misleading others and making people think that I really hurt you?"

"Emily Gale sneered, "Yes, you didn't say, so you don't have to be responsible, this is your genius.

"However, some people are really stupid.

They have been used by you as your pawn, thinking they are taking advantage of something."

She turned her head to look at Jackson Xianxian, her indifferent gaze, with no sympathy, but no hatred.

"Have you heard?"

People said, it's all you said, it's all your responsibility.

"No, no, I..."

Jackson Xianxian turned pale with fright, wanted to take a peek at Hunter Jackson, but didn't dare.

"Is it enough?"

"Hunter Jackson's voice is a bit weak.

Although he is not angry, he is also obviously disgusted with the noise and noise among women. Emily Gale shrugged and took his arm again.

"Where is there to play?"

Your fiancée has been framed, I can't refute it?

"Since it is framed, why refute it?"

He looked at Aspen Li. Aspen Li came over immediately and asked respectfully: "Master, what's your order?"

"Your wife is framed."

"Abandoning these words, Hunter Jackson stepped on long legs and walked towards the car. Emily Gale followed him, playing enough, but in a hurry, so he didn't dare to delay.

"Understood, young master.

"Aspen Li immediately took out his mobile phone and dialed a certain number.

"The surveillance outside the Shengshi Building, all the videos are called, and the surveillance inside and outside the HARMADS store.

All the videos about Mrs. Shao being framed will be given to me by tonight.

"No, I was just joking just now, I..."

"By the way, the young master's car has not stalled, and there is a driving recorder in the car. What you said to the young master just now should be able to record clearly Clearly Chu.

"Mr. Li, I didn't mean it, I just...really just joking, Mr. Li!

"Go to the police station and talk."

"Aspen Li didn't have time to pay any attention to her, and rushed to drive the door for Hunter Jackson and Emily Gale.

Then, the mighty Maybach gradually disappeared from their sight. Jackson Fangfei was so frightened that she almost got cold.

She couldn't stand still. Jackson Xianxian was so frightened that her legs became weak, and she sat on the ground.

There is a legend in the Beiling business district that Young Master Jackson is vigorous and resolute, and his iron fist is cold!

Come, it's true.

It was just that Emily Gale said a few bad things, told a little lie, and was going to the police station.

And it's no joke!

She was also named Jackson, but Young Master Jackson didn't even care about family affection at all!

He is so cold-blooded!

"It's all you, I was hurt by you!" Jackson Fangfei pointed at Jackson Xianxian suddenly, but she was so angry that she ran over and kicked her.

"I annoyed my eldest brother, what should I do? Why did you lie? I am going to be killed by you!" Anyone who provokes the young master, can I still live in Beiling?

"I'm just trying to give you a breath!" Jackson Xianxian is desperate now, how can he care if he will offend the woman in front of him?

Even Young Master Jackson is offended, what is this woman in front of me?

"Aren't you responsible? If you are really so innocent, why didn't you stop me when I stood up for you just now?" "Jackson Xianxian, you dare to talk to me like this!" This dead girl is about to rebel ?

"Why don't I dare? Who do you think you are? If it weren't for your uncle and granddaughter's sake, who would take care of you?" Jackson Xianxian got up from the ground, and now Jackson Fangfei can't count on it, and there is a lawsuit. Waiting for her, where can I deal with this hypocritical Miss Jackson Jia?

Unexpectedly, Young Master Jackson was even more terrifying than the legend. For an ugly woman, even his relatives would do it.

what should I do now?

## Chapter 70

Jackson Sanshao made her look straight, "It's better to... forget it."

After getting on the car, Emily Gale looked at Hunter Jackson and said softly.

Major General Jackson reopened his notebook, and in a blink of an eye he became busy.

Ignore her, this man.

Emily Gale was a little discouraged, this guy's decision really couldn't be changed by ordinary people.

"Madam young, they are disrespectful to you, and the punishment is right."

Aspen Li, who was driving, smiled at her from the rearview mirror.

Emily Gale pursed her lower lip: "After all, they are from the Jackson family."

She is not soft-handed, and definitely not a white lotus.

She just didn't want to make a lot of trouble when she first entered Jackson's door.

Emily Gale has always been low-key. If others didn't really step on her bottom line, under normal circumstances, she would ignore her.

"Young Master Jackson, I'm just afraid that things will startle grandma, you know she is not in good health."

"No one dares to alarm her."

Whoever dares to break his mouth, he has a way to shut him up.

"I just think that a little thing, there is no need to send a girl to prison."

After all, it is something that will ruin the future.

Most importantly, she doesn't think Jackson Xianxian is really hateful.

"Dogs that know how to bark don't bite."

She looked at Hunter Jackson, and said lightly: "With Yimu Xianxian's disposition, she can't do anything bad at all."

Jackson Fangfei, who didn't hum, might be even crazier to bite. .

"Madam young, young master just..."

"You decide."

Hunter Jackson's slender fingers landed on the laptop keyboard, which shows that this matter ends here for him.

No matter how they decide, it has nothing to do with him.

Aspen Li didn't matter, it was just a few women quarreling, and the eldest master didn't hold him accountable, that would be fine.

"Mrs. Young, then I will let them stop now?" "No, let her go to the police station for a walk, and later, I will withdraw the prosecution."

Some people do not warn, but don't know where they are wrong.

People like Jackson Xianxian don't suffer a bit, I'm afraid they won't be able to resuscitate.

Aspen Li couldn't help but glanced at her in the rearview mirror.

I don't know why, although Madam Young is really ugly, she seems to be used to it again.

When I get used to it, I even feel that Madam Young's facial features are really beautiful.

Especially when she showed a wise side, that charm was not lost to the young master at all.

"Aspen Li, car!" Emily Gale suddenly exclaimed and reminded.

Aspen Li's gaze reappeared and returned to the road, swiping, hurriedly hitting the steering wheel, and avoided the truck in front of him.

call!

What was thinking?

She stared at the young lady's face from the rearview mirror, and she looked away.

If this matter is let the young master know... I can't even think about it, hurry up

Heart driving.

After more than twenty minutes, the car drove into the gate of Jackson's house and crossed the long boulevard before reaching the courtyard in front of the main house of Jackson's house.

When getting off the car, Emily Gale was still a little nervous.

I'm going to see Ross soon, don't know how he is now?

How is the experience in the last life different from this life?

In her previous life, she caused such a big scandal at the engagement banquet, and for a long time after that, she stayed in Gale's house and thought behind closed doors.

I don't know how long it took, because of the old lady's pity, so that Young Master Jackson accepted her again.

But she remembered that Ross only came back at the end of the year, and now she came back a few months in advance.

The trajectory of the two lives is so different, and things can't be integrated with the memory.

In other words, she couldn't guess what would happen next, and of course, she couldn't calculate her next step.

In this case, it's better to relax and go wherever you want.

She just wanted to know, how is Ross now?

The old butler of the Jackson family took the initiative to greet him and personally welcomed Hunter Jackson and Emily Gale into the hall.

Although it was time for the family banquet, the hall was still quiet.

Everyone was waiting in the banquet hall, but the old lady and old man were still here.

Sitting with the old lady, there was a young man.

He has a long stature, a height of 1.8 meters, beautiful features, and a quiet temperament with a little melancholy.

That's an absolute handsome guy, the kind that doesn't eat fireworks.

Sitting on the sofa, like a person in a painting, will make you unforgettable.

As soon as Emily Gale entered the door, she raised her eyes and saw the figure.

At a glance, the whole person looked like a demon, staring at his quiet and indifferent side face, and could no longer look away.

She finally saw Ross!

A living Ross, a vibrant Ross!

The picture of him lying in his arms bleeding from the previous life returned to his mind.

At this moment, her nose was sour, and her tears almost slipped down.

"Madam..."

Aspen Li looked at Emily Gale, who was standing motionless at the door.

Looking along her line of sight, isn't it the third young master?

The young lady looked at the three young masters, her eyes rang out, and even her eyes were red. This...is this appropriate?

The young master is still here!

Hunter Jackson just glanced at the girl next to him lightly, and then walked towards the sofa.

Aspen Li could see clearly, the young master... his complexion was not that pretty!

"Madam!" He had to emphasize his tone and reminded him.

Although the Third Young Master is really good-looking, he looks quiet, like a prince.

But the young master is just as good-looking!

Mrs. Young is really too much.

He has such a handsome fiancé, whom all the girls in Beiling have dreamed of, but he is still idiotic with other men.

At this point, Aspen Li was also frustrated for his young master!

Emily Gale realized his rudeness and hurriedly withdrew his gaze, following behind Hunter Jackson.

"Grandpa, grandma."

Hunter Jackson walked to the two of them, his tone was habitually indifferent, but his eyes were soft when he looked at the old lady.

"Master, grandma."

Emily Gale also greeted.

Although one is called Grandma and the other is called Master, it seems inappropriate.

However, she hasn't even entered the door yet, so it's even more inappropriate to call her grandpa at this time.

The old man of Jackson's family is not such a close person. Too close relatives will make him despise.

"It's here, of course."

The old lady is different.

The old lady likes Emily Gale the most.

Holding Emily Gale's hand, letting her sit down beside her, the old lady looked at Ross with a smile on her face.

"She is your future sister-in-law, Abei's fiancée, Emily Gale. Ranran, this is the third child, Ross."

"Ross..."

Emily Gale's thin lips trembled slightly.

Seeing him in person, calling out his name in person, the joy that was lost, completely overwhelmed her.

She was so nervous that she didn't know what else she could say, she could only look at him, just want to listen to him.

Even if it's just talking.

However, Ross seemed to be a little resistant to her staring at her. He had a cold breath and said calmly, "Hello."

Emily Gale did not respond, but just listened to his voice and felt that life was complete.

Ross is still alive, that's enough.

Hunter Jackson's deep and familiar voice seemed to spill over her head:  
"Acquaintance?"

## Chapter 71

Resist, no one could see that the old lady also noticed that something was wrong with Emily Gale, and gave her a little push: "Ranran, do you know A Jin?" Emily Gale was taken aback and suddenly returned to mind.

Without waiting for her to reply, Ross said indifferently: "I don't know."

He was a little bit resistant to Emily Gale, as anyone could tell.

But also, like Jackson Sanshao, Joseph always respects women.

Emily Gale stared at him like this, it was normal to resist.

The Jackson family snorted, and his tone was cold: "Time is almost up."

He stood up.

The old man stood up, except for the old lady in the wheelchair, everyone else could only stand up.

Emily Gale knew that he was rude, but just now, I really couldn't help it.

She was so happy, and no one else understood the excitement and joy.

"Of course, you come to push grandma."

The old lady didn't think much.

Every time Emily Gale came, she especially liked to get along with her, even Ross, who had just returned home, was left aside by her.

Emily Gale immediately walked behind the old lady and pushed her wheelchair carefully.

The old man walked ahead, and Emily Gale pushed the old lady behind him.

As for Hunter Jackson and Ross, they were at the end.

"She is your fiancée?" Ross stared at the slender figure in front, her eyes getting colder.

"Yeah."

Hunter Jackson responded, without explaining Emily Gale's identity.

"Are you really willing to marry her?" Ross asked again.

But Hunter Jackson said: "I'm back this time, don't you leave?" The eldest brother avoided this topic, that is, the eldest brother has not yet determined whether he will marry Emily Gale two years later.

Therefore, Ross's face looked a little better.

"Don't leave, come back, and follow you to fight Jiangshan."

"Not staying in Jackson's family?" Hunter Jackson smiled, only in front of this younger brother, the smile will occasionally show up.

"The old man will strip your skin."

"Is your skin still on your body?" Ross's thin lips curled slightly, "If you want to strip it, you will be in front of you."

Hunter Jackson said nothing, soon , The banquet hall is here.

The banquet hall has long been full of people from the Jackson family. You have to ask how old this family is, just look at this pomp.

Although many of those sitting in the back seats were friends brought over by the juniors, all those sitting at the table near the ten tables in front were indeed surnamed Jackson.

Women account for the majority. Men sit at the front tables, and the five tables behind are all women.

The old lady naturally wanted to sit with the old man, and besides them at the table were the gentlemen and the sons of Mr. Da.

Some people were not there. Only Mr. Da, Mr. Two and Mr. Three, as well as Hunter Jackson, Daniel Jackson, and Ross were present tonight.

The fifth young master Jackson Peitang said that

China is too late to come back.

At the table below them, the sons of Mr. 2 and Mr. 3 were sitting.

A table diagonally below is the sons and grandchildren of the father brothers.

Every table, every seat, represents a different identity.

In a wealthy world like the Jackson family, the distinction between identity and status is clear and rigorous.

Even if the number of people is not enough for a table, you can't set up a table with other people. This is the rule of a formal Mujiabi.

The men looked a bit deserted, but the women were very lively.

There are so many women in the Jackson's family, so many people feel dazzling.

After Emily Gale came in, the maid led him to the first table of the maid.

There are Mr. Da's wife Shu Ran, as well as Mr. Da's two daughters, Miss Fourth Jackson Xiaoran, and Miss Six Jackson Xueer.

After that, there are two daughters of Mr. 2 and the youngest daughter of Mr. 3.

Here, there is a person Emily Gale who knows him thoroughly, and that is Miss Jackson Jia, Jackson Fangfei, who met in the building today.

Emily Gale was arranged to sit next to Shu Ran. This position was the second place besides Shu Ran.

It can be seen that even the two direct daughters of the Jackson family are not as good as Emily Gale in the family.

She was just the fiancée of Young Master Jackson, she was already in this position before she even entered the door.

Not to mention the people at the same table, but the women at other tables, it looks a bit dazzling.

That's it before entering the door.

She will enter the door in the future. With Young Master Jackson's position in Jackson's house, wouldn't even Madam Shu Ran give her a place?

Shu Ran didn't seem to care much about all of this. Seeing Emily Gale coming over, she smiled softly: "Jenni, come and see the menu for tonight."

Taking the menu from the maid, she personally handed it over Emily Gale's hands.

"Look at what you don't like, I'll let someone change it right away."

In order to show respect, Emily Gale looked carefully for a while before shook his head: "I like it all."

"Good."

Shu Ran returned the menu to the maid. , Looked at everyone and said: "This is Abei's fiancée, the second lady of the Gale family, Emily Gale."

No one spoke.

Of course the eldest brother can't offend, but this woman is so ugly, I believe the elder brother will not like her either.

For an unfavorable woman, how could these young ladies be willing to please?

Seeing everyone's indifferent attitude towards Emily Gale, Jackson Fangfei was relieved.

It seems that Emily Gale really has no status in this family, but it is because of Mr. Jackson's relationship that everyone is a little polite.

The reason why I can sit in this position is because I saw the face of Young Master Jackson.

Today she offended Young Master Jackson, not because Young Master Jackson really cared for Jenni, but the fault of Jackson Xianxian's dead girl.

In front of Young Master Jackson, Jackson Xianxian said that the man behind his woman was a bad old man, and Young Master Jackson would be angry, right?

Oh, how long can this ugly monster be proud of?

Looking so ugly, sooner or later, he will be abandoned by Young Master Jackson.

At that time, let's see if she will find someone to kill her!

But Shu Ran saw that everyone was so indifferent, so she could only take the initiative to look at Jackson Xiaoran and Jackson Xue'er and said, "Xiaoran, Xue'er, my sister-in-law."

"Aunt Shu, isn't this suitable?" Jackson Xue'er curled her lips. I haven't officially married into our Jackson's family. How can I scream with the word "sister-in-law"?" Jackson Xiaoran is two years older, and she doesn't dare to speak like Jackson Xue'er. However, don't look away and pretend not to hear. Fang Fei went to chat.

Shu Ran was a little embarrassed. Neither of them were her biological daughters, and it was hard to blame or anything.

Emily Gale also noticed that the eldest lady of the Jackson family really lacks authority in front of her children.

Stepmother is difficult to do, especially in such a large family.

In order not to embarrass Shu Ran, she could only greet her initiatively: "Xiao Ran, Xue Er, right? Hello, my name is Jenni."

Jackson Xiaoran still chatted with Jackson Fangfei, selectively deaf.

Jackson Fangfei was delighted, she didn't know how beautiful the smile on her face was.

Jackson Xue'er shrugged, "I didn't hear it."

This dazzling face was slapped, and the women around the tables covered their lips one by one, and some couldn't help laughing.

The ugly monsters entered the door, and everyone disliked it.

However, the two young ladies of the Jackson family were absolutely absolutely absolutely.

They ignored them face to face, and they really didn't give any affection.

Such an embarrassing atmosphere, how can this ugly monster survive?
