

## Love Through Time and Space

### Chapter 84

This is clearly coming to life. Emily Gale really wants to say something domineering: I just won't come back!

However, it turned into these sentences in the end: "There are activities in school today, it's going to be late. I won't be back tonight and I will have classes tomorrow." After hanging up the phone, Su Xiaomi winked at her. .

"What do you mean by school activities? You are obviously dating a man! You are done, let Young Master Jackson know that you can't take your skin off."

Here are Yang Yi and Tianyou, both men, and also such handsome men , Uh, boy.

She actually lied that there was an activity in the school. This is a concealment and deceit by the red naked!

"You have such a big mouth, do you want to make a call to Young Master Jackson and say I was lying to him?" Emily Gale gave her a blank look, then took out her cell phone and handed it to her: "Come on, you have the ability, you go to inform. Maybe Young Master Jackson will give you a sum of money to inform you."

Su Xiaomi looked at her mobile phone and shrank her neck.

"Don't, your man is so terrifying, I don't want to contact him!" Although a man like Joseph is so handsome, he can't pay for his life, but for Su Xiaomi, he really only dares to look far away and not to blaspheme from close range. Yan!

His body is so cold that it freezes his bones, as well as the innate domineering all over his body, whoever gets close may be wiped out in an instant.

Only Emily Gale is the only one who dares to be his fiancée.

She Su Xiaomi didn't dare, she felt Alexander after two steps closer.

"Since I dare not, don't talk so much nonsense!" Emily Gale put away his mobile phone and spent a whole day cleaning in the new office. He was too tired to sit still.

"God bless baby, quickly contribute your shoulders."

Jackson Tianyou drew the chair to her side, letting her lean on him.

Everyone is a buddy who has been with each other for so long, and never felt that there was anything in this behavior, but the man in the car in the distance looked cold.

There are activities in school, so it must be late?

good very good!

Engaged in just a few days, even learned lies!

This woman!

"Young Masters and Young Masters, it may be that their school activities have just ended, and they are now out for dinner..."

Aspen Li did not dare to continue to defend the young lady.

After all, the young lady was leaning on the boy's shoulder. This is an indisputable fact.

However, Young Master's breath now is really scary.

Mrs. Shao... Let's ask for more happiness.

The man in the back seat didn't move at all. Aspen Li quietly looked at him from the rearview mirror several times, and he just stared at the distant figures coldly.

Those two eyes fell, their eyes were cold, Aspen Li didn't know what he was thinking.

However, unhappiness is inevitable.

After all, Madam Young lied, which was a provocation to him.

As for Emily Gale at the food stall, I don't know what's going on.

After eating, I felt a chill in my neck inexplicably.

Looking back, there was nothing wrong behind him.

Looking around, there was no abnormality.

"What's wrong?" Tianyou who was beside her was the first to notice her strangeness.

Emily Gale sat upright, looked around, and shook his head: "It's nothing."

It just felt like she had a pair of cold eyes staring at her.

The dishes were all delivered soon, and Yang Yi and Su Xiaomin, who were unaware, immediately began to devour them.

Emily Gale still couldn't help but glanced back, still not finding anything unusual.

However, the feeling of being stared at by a cheetah is really uncomfortable.

"I didn't find anything."

God you pushed a bowl of porridge in front of her, "Don't think about it, let's say it when you are full."

"Yeah."

She lowered her head and started eating it by spoonful.

God has always been very sensitive to danger, he said it was nothing, it should be just fine.

I don't know what's going on. Ever since I lied to Young Master Jackson, my heart has been restless.

It seems, very guilty.

Sure enough, lies cannot be said nonsense, and now the psychological pressure is great.

If Young Master Jackson knew that he had deceived him, what would be the consequences?

That man is really scary sometimes...

"Jenni, your favorite salt and pepper ribs, don't you?" "Yes!" Finally, the feeling of being stared at by a cheetah disappeared.

At the moment she lowered her head, she seemed to hear the sound of a car's engine starting in the distance. Is it an illusion?

After eating and drinking, Emily Gale and Su Xiaomi are going back to the dormitory.

Although Yang Yi and Jackson Tianyou live outside the school, they are not assured that the two girls will go back by themselves and can only accompany them all the way.

From the office building to the school, although not far, it is within walking distance.

However, in the middle one has to cross a deserted road.

There are open parks on both sides of the road. During the day, I still feel that the flowers and plants on both sides are pretty and the air is fresh and pleasant.

But walking on this road at night, but inexplicably feel a bit horrible.

Since Jackson Tianyou entered this road, his eyebrows gradually began to lock.

A trace of anxiety passed in my heart.

After taking dozens of steps, he suddenly stopped and said softly: "Wait a minute."

"What's wrong?" The first three stopped, and Emily Gale looked back at him: "What's wrong?" Jackson Tianyou didn't explain. Suddenly, he took Emily Gale's hand and walked back: "Yang Yi, change your way."

"Okay!" Yang Yi immediately took Su Xiaomi and followed them quickly.

In the distance, the faces of a dozen thugs who were ambushing on both sides of the road suddenly sank.

How do you know that they are in ambush at such a long distance?

The tallest boy is really alert and a bit scary!

among them

One person immediately took out the phone: "They can't come, you just block it!" They came prepared tonight, and the ambush here is just one of the teams.

Therefore, before Jackson Tianyou and the four of them returned to the intersection, another team quickly blocked them, completely blocking their retreat!

“Help! Murder!” Emily Gale and Su Xiaomi didn’t even think about it, they immediately shouted.

This is less than ten meters away from the intersection.

As long as it can alarm people on the road outside, someone may help call the police.

“Bad girl, shut up!” The two men with knives in their hands immediately rushed towards Jackson Tianyou and Emily Gale.

The dozen people behind him also held bright short knives and rushed towards them.

Jackson Tianyou moved Emily Gale behind him and struck the man in front of him with a punch.

“God! Beware!” Emily Gale whispered, watching the knife slash at Jackson Tianyou’s fist.

The other party has a knife, but God Bless has nothing in his hand.

Yang Yi guarded the two girls behind him, and wanted to go up and join the battlefield, but he couldn’t fight!

I could only watch Jackson Tianyou fight against other people’s knives with bare hands, and it was too late to remind him.

Just when the knife was about to touch Jackson Tianyou’s fist, Jackson Tianyou suddenly turned his wrist, his five fingers turned into claws, and his fist turned into a grappling hand.

With a click, the man with the knife screamed, and his wrist seemed to be broken.

The knife in his hand also fell into God's hands instantly.

He finally has a weapon in his hand!

Emily Gale and Su Xiaomi's hearts brightened, and they finally found a little confidence.

However, their current situation is really not optimistic.

A dozen people were blocked in the front, and a dozen people were rushing over behind him.

These people are holding weapons one by one, completely unlike the little bastards brought by Ye Fangfang before.

These people are real thugs who belong to society!

The start is definitely the most ruthless one!

Judging from this situation, this is not an ordinary quarrel fight, this is clearly horrible!

Who on earth must have taken their lives?

## Chapter 85

It was so terrible that there were a dozen people in front, and a dozen strong chasing soldiers behind.

At this time, staying is just waiting to die!

Jackson Tianyou slashed on the arm of the man in front of him, and the man screamed and immediately fell to the ground.

He kicked the man into the air, decisively, and said solemnly: "Yang Yi, take them behind me and rush out!" There were people in front and back, but he had only one person and one hand, waiting for the group of people in the distance to catch up. When he looks forward and backward, he will inevitably take care of this and lose the other.

Yang Yi was already dumbfounded by the blood on the ground. Unexpectedly, they really started the fight and the fight was so intense.

In the past, although there were some young boys and girls who came to make trouble, at most, they solved the problem with their fists.

But now, I really have a knife, can I not panic?

"Yang Yi!" Jackson Tianyou pushed back the two again, and was about to move forward, only to find that Yang Yi was motionless behind him and was frightened.

Yang Yi suddenly came to his senses, and suddenly he threw something into his arms.

He hurriedly caught it, turned out to be a bloody knife.

Yang Yi rolled his eyes in shock and almost fainted.

"Quickly go!" Emily Gale, the nearest to him, snatched the knife in his hand and protected himself behind them.

"Quick! Keep up with God's footsteps, I'll break it!" Yang Yi never fights.

All previous fight scenes were only supported by God.

Now give him a knife, don't scare him foolishly!

Emily Gale pushed Yang Yi hard, Yang Yi didn't even have room to think, so he and Su Xiaomi quickly hid behind Jackson Tianyou.

Although Jackson Tianyou could block the people in front of him, it was too difficult to take them out.

The dozen people quickly found the target, specifically targeting the three people behind Jackson Tianyou.

Soon someone walked around from the side and slashed at Emily Gale who was holding the knife.

"Jenni!" Su Xiaomi was so scared to hurriedly go over.

Yang Yi gave her a hand, and rushed forward quickly, bumping his head on the person.

"Uh..."

The man didn't expect that this timid boy would make an assault. He accidentally knocked him to the ground.

Yang Yi was also hit by his own momentum and almost fell.

"How are you?" Emily Gale wanted to go over, but someone rushed over on the other side.

She didn't have any extra energy to manage Yang Yi.

"Jenni, beware!" Seeing the two men holding knives about to slash at Emily Gale, Su Xiaomi's legs were so frightened.

Although Emily Gale's hands were shaking, she still raised her knife and wanted to fight them.

Yang Yi turned around, roared, and rushed over!

He is a man anyhow, even if he knows that he can't beat him, he must not be carried by a girl in Jenni!

"Yang Yi!" This fool, unexpectedly

Only one move.

Seeing that his accomplice was hit by him just now, those people had long been on guard.

Now Yang Yi ran into him, and they directly raised the knife and slashed on his head!

Is he stupid!

Emily Gale's heart tightened with fright, and he rushed forward with a knife: "Yang Yi, get out!" Where would Yang Yi listen?

Anyway, it means death, but you must never let a girl stand in front of you!

With a bang, Emily Gale slashed the other party's knife in a wrong direction.

The man didn't cut Yang Yi with the knife, and was immediately knocked to the ground by Yang Yi who charged over.

However, Emily Gale himself was shocked by the strength of the opponent's knife, and almost couldn't hold the knife.

As for the other man, the knife had already come to her.

God will kill me!

Emily Gale's wrist was still sore, and it was too late to raise the knife to resist.

With a hiss, it was clearly the sound of a knife scratching the flesh, and the bloody smell suddenly became rich.

However, there is no pain at all!

"Yang Yi..."

Emily Gale opened her eyes wide and looked at Yang Yi who was lying on the side.

"No... it's not me..."

Yang Yi was frightened, but there was no injury on his body.

"God you..."

Su Xiaomi looked at Jackson Tianyou who was still fighting with those men, his eyes flushed, and tears almost slipped.

There was a stab wound on God's arm, and he was bleeding now.

After blocking a knife for Emily Gale, he didn't even hum, let alone pause for more than half a second.

Still holding the knife, he immediately stood in front of them.

Emily Gale bit her lip, already knowing what was going on.

She clenched the knife again and stood up, standing behind them.

"Xiaomi, hurry up and call for help!" The people behind have already arrived and are about to join the fight.

Although there are four of them, in fact, only God is fighting.

They can't hold it!

In the end, even God You will be troubled by them!

You must alarm the people outside, as long as the police come, they will be saved!

Su Xiaomi seemed to have reacted, and immediately called out: "Help! Killed! Help! Help!" The men were also pressed into a hurry, so they won't be able to deal with these little kids and wait for someone outside. Come, they will be troublesome too!

"Cut to death the girl with the knife!" one of them shouted loudly.

Several people immediately held up their knives and rushed towards Emily Gale.

Jackson Tianyou frowned, and finally cut back the two people in front of him, but saw that Emily Gale was instantly surrounded by several men.

Someone held a knife and slashed at her.

The knife is fast and cruel, no mercy, these people really want Enron's life!

Jackson Tianyou slashed over, blocking the first one with a bang.

Flicked the hand and threw the knife

, A knife hit the second person's shoulder.

But the third person, he has no way to stop him.

"Jenni!" Su Xiaomi's legs softened with fright, and sat on the ground with a thud.

Yang Yi wanted to rush to save people, but it was too late.

I could only watch the knife in the man's hand and slash it towards Emily Gale's head.

Emily Gale raised his hand to block it, but another person held a knife and struck her arm!

She can't stop it!

At the moment of her death, Jackson Tianyou rushed over, hugged her in his arms, and blocked all the shadows with his body.

Emily Gale wanted to struggle, but was hugged tightly by him, without any turbulence.

Two dazzling knives slashed directly at Jackson Tianyou's back!

Su Xiaomi stared with fright, this time, she really passed out.

Yang Yi ran into him like crazy, but was unable to return to heaven...

"Ah..."

"Ah..."

Two screams resounded throughout the night sky.

It wasn't the sound of a knife cutting skin and flesh, nor was it Jackson Tianyou's screaming—the character of God You wouldn't be so desolate even if you died!

In the dark night, I clearly heard the sound of broken bones.

It seems that someone's sternum was broken by a kick!

Emily Gale hurriedly struggled out of Jackson Tianyou's arms, but Tianyou still held her tightly for fear that the opponent's knife would hurt her.

However, when the tall man rushed over, he could see clearly.

The man just kicked casually and kicked two men with knives!

The two fell to the ground, one vomiting blood and fainted on the spot, and the other foaming, screaming again and again.

And the tree they hit, the trunk that at least couldn't be embraced by both palms, unexpectedly clicked and broke in two!

The strength of this man's feet is incredibly terrifying!

## Chapter 86

In the night of a god-like man, he stood among a bunch of thugs, his cold eyes swept across his girl, and there was a trace of anxiety that was difficult to detect in the cold forest.

After a moment of anxiety, he returned to calm, as cold as an iceberg.

He took a step forward, and the dozen or so men with knives actually took two steps back subconsciously, all of them were shocked by the aura on him!

Absolutely cold, cold, cautious, terrible!

Such a sight, such a look, such a breath!

Like Shura from hell!

“Jackson, Joseph...”

Someone shook their lips and said these three words that made people fearful.

Young Master Jackson turned out to be Young Master Jackson!

How could it have something to do with Young Master Jackson?

They just collect money to do things, who would have expected that Young Master Jackson would actually get involved?

In Beiling, I would rather offend the gods than to offend Master Jackson!

He is more terrifying than the gods!

He is as terrible as the devil!

“Boss, he, he is alone...”

someone whispered in the boss’s ear.

The boss stared at Hunter Jackson, his eyes trembling with fear, finally calmed down.

Yes, there is only one person for Young Master Jackson tonight.

Although he is powerful enough to shake the sky, and although he is really terrifying, he is already offended!

Even if he left now, Young Master Jackson would not let them go.

In this case, it's better to...don't do it or stop!

"Give it to me, give it to me! If you want to survive, just be him!" Only if he is killed, everyone will have a chance to survive!

Otherwise, as long as Master Jackson is allowed to leave here alive, they will all die!

More than 20 people looked at each other and finally made up their minds, clenched the knife in their hands, and rushed towards Hunter Jackson at the same time.

Emily Gale was so frightened that she wanted to help in the past, but was pulled back by Jackson Tianyou.

God you gave her a hand and pulled her to Yang Yi's side.

He picked up the knife that Emily Gale had dropped on the ground, kicked another knife on the ground again, and kicked it towards Hunter Jackson.

Hunter Jackson glanced at him lightly, took the knife in his hand, and slashed at the man ahead.

"Ah..."

The man screamed, and half of his arm suddenly fell loose and hung on him.

He rolled his eyes and fainted on the ground with a thud, blood surged.

Young Master Jackson makes a move, fast and cruel!

Not terrible, but more terrible than terrible!

More than twenty people, they couldn't help taking a half step back, and they were extremely afraid of this man who looked like Shura!

"Go! Get on it! He doesn't die, we all have to die!" The boss only dared to mumble, but didn't dare to go even half a step.

However, what the boss said is true.

Today, Young Master Jackson was offended, and Young Master Jackson did not die. When he was investigated in the future, they had no chance to survive!

"Go!" Finally, more than 20 people raised their knives again and rushed

Past.

Jackson Tianyou and Hunter Jackson protected the three people sitting on the ground one after another.

It was just two people, and the twenty-odd people were helpless to them.

To break through these two lines of defense is even more difficult than reaching the sky!

Every time they meet each other, Emily Gale and Yang Yi are shocked.

Especially Emily Gale, who was sitting not far behind Hunter Jackson, saw a dozen people at the same time raising their knives towards Hunter Jackson, her heart seemed to squeeze into her throat.

If something unexpected happens again, this heart will definitely pop out, and I can't put it back!

The man was like a big mountain, standing in front of them, he blocked all the people who rushed back one after another.

So calm, standing like a god, even if the scene is thrilling, but just such a back makes people feel at ease.

"So handsome..."

Su Xiaomi didn't know when she woke up.

Seeing the two figures of Hunter Jackson and Jackson Tianyou as steady as Mount Tai, the first time I woke up was not because of the blood in this place, but because of the dazzled eyes!

It's so handsome!

These two men are the same cold temperament and the same cool back!

At that moment, I felt inexplicably that they were not afraid of anything.

Jackson Tianyou didn't expect that he and Hunter Jackson could cooperate so well.

Two people guarding four directions, they can have a tacit understanding, and the defense is flawless.

"No, someone is coming!" a man exclaimed.

"Yes, it's from Young Master Jackson..."

The sentence "A person from Young Master Jackson" scared the faces of twenty people like earth.

In an instant, those who could run immediately threw the knife, turned and fled.

Only Young Master Jackson alone has forced them to have no power to fight back.

Now, his people are here, what is the suspense about the outcome of this battle?

If you don't leave at this time, two seconds later, you will definitely not escape!

As for those who fell to the ground and couldn't even climb, they were completely desperate.

"Young Master!" Aspen Li hurried over, seeing that Hunter Jackson and Emily Gale had nothing to do, so he dared to raise his hand and wipe a cold sweat on his forehead.

They had already left at that time, but the young master didn't know why, and suddenly asked him to turn the front of the car back.

As a result, as soon as the car stopped, the young master rushed here immediately.

Aspen Li didn't know what was going on, but seeing the young master's face serious, he didn't even think about it, so he immediately called Qin Yi.

The young master's speed is really fast, he has already caught up while calling, but he still can't catch up.

In the end, even the trace of the young master was lost!

Unexpectedly, the young master rushed to save the young lady, but how did he know that the young lady had something wrong?

Could it be the so-called telepathy?

Behind,

A man of abundance kicked away the strong man who was blocking the road.

He walked to Hunter Jackson with long legs, and said in a deep voice: "Eighteen people have been removed by visual inspection."

Hunter Jackson narrowed his eyes as he looked at the panicked figures in front of him. Over.”

“Yes!” Qin Yi, a shadow bodyguard, actually lost the eldest master, he would have been guilty to death.

Of those people, naturally, none of them are let go. Otherwise, how can they redeem their merits?

Qin Yi led a few people to chase after him.

Aspen Li said: “Young Master, someone has called the police. I will deal with the matter.

The Young Master will take Mrs. Young back to rest.”

Judging from the bloodstains in this place, it is not difficult to imagine the intensity of the battle scene just now.

The young lady is just a little girl who has just turned eighteen years old.

It’s no wonder that she is not frightened!

Hunter Jackson turned his head, walked to Emily Gale who was sitting on the ground, and stretched out his hand.

Emily Gale got up, and said anxiously: “I can’t...”

He clasped her wrist and couldn’t help but said, “Follow me back.”

What else does this girl want to do?

This kind of thing happened, now, shouldn’t it be scared to hide in a man’s arms and cry?

Actually, there is no intention to go back!

"God is injured, I can't go."

Emily Gale earned a little.

Unexpectedly, the man held it so tightly that he couldn't get rid of it at all.

She said anxiously: "I want to take Tianyou to the hospital first."

Tianyou was injured just now because of her. If the sword didn't stop her, now, it is herself who is lying on the ground bleeding.

At this moment, how could she leave God You and go back with Young Master Jackson?

## Chapter 87

Madam Shao was too partial.

"I'm fine, you go back with him first."

Jackson Tianyou pulled her up, but immediately let go.

The scene at the scene, for a girl, is really scary and a little cautious.

What's more, there will be a lot of trouble waiting for them in the future.

Going back with Young Master Jackson can at least avoid some things.

"Take Xiaomi away too."

He looked at Hunter Jackson, "I will handle the matter with Yang Yi."

This incident was originally directed at them.

Although anyone with a discerning eye could see that these people came for peace, he didn't want the two girls to face it.

Hunter Jackson hummed coldly, and said blankly, "What can you do with two broken children?" Yang Yike was unhappy: "I'm nineteen years old, and God blessed twenty!" After Joseph glanced lightly, his full momentum disappeared instantly.

He only dared to lower his head and whispered: "We, we are not a broken child..."

Hunter Jackson didn't bother to look at him, and his eyes flicked over the wound on Jackson Tianyou's arm: "Go to the hospital!" Jackson Tianyou was naturally not convinced.

A little injury is nothing to him.

What's more, this man's attitude is too strong!

Too rude!

However, he did not leave, I was afraid that Jenni would not be willing to go back with Hunter Jackson.

"Yang Yi, accompany me to the hospital."

Jackson Tianyou turned to leave.

Yang Yi glanced at Emily Gale, but didn't dare to look directly at Young Master Jackson, so he could only answer and walk behind him.

Su Xiaomi looked at Emily Gale, then quietly glanced at Hunter Jackson with a frosty face.

Finally, she whispered: "Jenni, I...I'll go to see Tianyou."

She also turned and ran, following Jackson Tianyou and Yang Yi.

Although it is more likely to avoid all the problems with Mr. Jackson back, she can't worry about God.

Hunter Jackson didn't say anything, and took Emily Gale to the parking direction.

Emily Gale shook it hard, and this time, taking advantage of Hunter Jackson's carelessness, he reluctantly shook off his big palm.

"He was hurt to save me. If I leave him now, what kind of friend am I?" She knew that her words would definitely make Hunter Jackson unhappy.

He is used to being aloof and accustomed to everyone doing things according to his will.

But she is not his subordinate, let alone, she is now full of guilt and gratitude for Jackson Tianyou.

If she doesn't see God's peace with her own eyes, she will not worry.

"Young Master Jackson, thank you for coming to rescue me tonight, but I can't leave my friend behind."

Emily Gale left these words, turned around, and quickly chased Jackson Tianyou and the others.

She didn't know what God's arm hurt, but his sleeves and even his clothes were covered in blood.

Just seeing the bleeding is shocking

How can you rest assured without watching him go to the hospital for treatment?

She left, leaving with the boy.

She said that she could not leave her friend, but she could leave him!

Hunter Jackson squinted coldly, staring at her leaving back, his knuckles tight.

"Master, you...you are injured!" When Aspen Li turned his head, he saw the blood on Hunter Jackson's sleeve at a glance.

From the inside to the outside, this is clearly the blood flowing out of his body!

"Young Master..."

Hunter Jackson suddenly walked towards the street blankly, and Aspen Li followed him closely: "Young Master, your wound needs to be treated."

It can be seen that the injury is not serious, or it is impossible.

There is only this little blood.

However, a wound is a wound.

As long as there is a stab wound, it should be treated by a doctor.

Hunter Jackson still didn't speak, but suddenly accelerated... Emily Gale caught up with Tianyou and them, but Jackson Tianyou frowned, "You should go back with him."

"I will accompany you to the hospital first, and wait for the doctor to say It's okay, I'll leave." She looked at the deepening blood stains on Jackson Tianyou's clothes, and was anxious: "There is a hospital nearby. Go and treat the wound first." Those knives are so sharp, and I don't know if they hurt. Bones.

If the wound is too deep, I don't know if it will leave any sequelae.

They walked to the street, but when there were several taxis passing by, as soon as the drivers saw the blood on Jackson Tianyou, they drove away one by one, and they didn't want to stop at all.

Tianyou and Yang Yi own an old car, but they did not drive over today.

Now when I go back and drive, there are mountains and rivers, and the blood of God blessed will flow away.

Suddenly, with a squeak, a luxury car stopped in front of them.

The window was pushed down, and the man sitting in the driving seat looked frosty: "Get in the car!" He was unhappy, very unhappy, everyone could tell!

Although this face is always handsome, it is so cold that people dare not look directly.

However, Emily Gale knew that at this time, if you didn't take the car of Mr. Jackson, you might really be unable to get the car.

"Get in the car!" She and Xiaomi alone, helped Jackson Tianyou to open the door of the back seat.

Yang Yi looked at it, and there were already people sitting behind him. He had no choice but to go around to the other side of the car and pull the door of the passenger seat open.

But before he went up, he was frightened by a stare that was as cold as ice, and he violently retracted his legs.

"Ranran, you... come and sit in the front!" Yang Yi hurriedly walked to the back, opened the car door, and stared at Emily Gale imploringly.

Emily Gale glanced towards the front, Young Master Jackson's face was frosty, with a breath of extreme cold.

She was a little helpless. In order not to delay the treatment of God, she hurriedly got out of the car and gave up her position to Yang Yi.

Go to the front by yourself, sit on the co-pilot, stand

Fasten your seat belt.

"There is a hospital near here, Young Master Jackson, I will tell you how to get there."

...

The injury on Jackson Tianyou's arm is not very serious, but it is not minor.

The doctor stitched him, and by the time the wound was treated, it was already past midnight.

"During this time, try not to touch cigarettes and alcohol, do not eat things that can cause inflammation, fried greasy things, chickens, ducks and geese, and seafood..."

Emily Gale and Su Xiaomin listened carefully, and Emily Gale was right. Su Xiaomin confessed what, Su Xiaomin took out his mobile phone and quickly recorded it.

On the corridor outside, Hunter Jackson looked at Emily Gale standing beside Jackson Tianyou coldly, her thin lips tightening.

Aspen Li, who arrived later, kept reminding me cautiously: "Young Master, I have come to the hospital anyway.

It's better... it's better to ask the doctor to bandage you."

Although it's just a small injury, a small injury is also an injury!

Also, the young lady is true, her fiance is still injured, but her mind is all on the boy named Jackson Tianyou.

For the young master, he didn't even notice that he was injured.

Aspen Li was wronged in his heart, and of course he was wronged for his young master.

However, the eldest master didn't allow him to say it, and he didn't dare to mention it in half a word.

I just really felt that the young lady was too partial, and it was not fair to the young master at all.

Why can you care about others so much, but not care about the young master?

"Master, I'll go to the doctor..."

"Shut up!" They were about to come out, and Hunter Jackson's face was even more gloomy.

He swept away coldly, and Aspen Li immediately closed his mouth, not daring to hum.

But Jenni's eyes were always full of resentment.

Seeing several people coming out with medicine, Hunter Jackson said coldly: "Now, can I go back?"

## Chapter 88

Have you seen enough? Yang Yi and Su Xiaomi sent Jackson Tianyou back together. This time, Jackson Tianyou said nothing to allow Emily Gale to follow.

Aspen Li drove the car over. In the middle of the night, a group of three people left the hospital and returned to the villa in Hunter Jackson.

On the way, Emily Gale wanted to say something to Hunter Jackson several times.

However, the other party is always cold, obviously still angry.

Although she was grateful for him to save herself, but she was so cold and arrogant, she really didn't know how to break the rigid atmosphere.

In the end, I can only remain silent.

The car stopped outside the main house of the villa.

As soon as Hunter Jackson got out of the car, he walked to the entrance of the hall with his long legs without turning his head.

Emily Gale chased him up: "Young Master Jackson..."

However, they didn't care at all, and passed through the hall in a blink of an eye, already upstairs.

So cold and so cool, what are you going to do?

She knew that in order to take care of God, she was unwilling to go home with him the first time tonight, which completely angered him.

However, she also made it very clear that God You is her friend and it is impossible for her to leave her friend down.

Does this man have to be so cold and arrogant, and everyone must listen to him?

Occasionally not listening, so angry?

Emily Gale was terrified and frightened all night, and now he was tired enough.

Looking at the cold expression on Young Master Jackson again, no one wanted to.

She pursed her lips, and walked upstairs grievly.

Going back to my guest room, taking a shower and putting on a set of clean clothes, I feel refreshed.

She went downstairs to the kitchen to get a bottle of baking soda, and was about to go back to the room to sleep.

When I went upstairs, I saw Aspen Li coming down from the stairs looking for water to drink.

Emily Gale just nodded at him, and walked upstairs over him as a greeting.

"Madam," Aspen Li looked at her from behind, he stopped talking.

He still feels wronged, for their eldest master.

There are some things he knows he shouldn't say, and he doesn't have the qualifications to say it, but don't say he feels uncomfortable.

"Madam young, can't you...be more patient and caring about the eldest master?" Emily Gale looked at him, what does this mean?

It's because she is unwilling to care about her.

She asks herself that she has good patience!

However, what else can she do if she doesn't give her any chance?

I can't follow him with his face, lick his face and let him take a look at himself.

Does Aspen Li not know how indifferent their eldest master is?

Aspen Li let out a sigh of relief, and he shouldn't say it again, and he can't help it!

"The eldest master was injured, but the young lady did not..."

"What did you say? He was injured?" Emily Gale's heart tightened, her face changed.

"When is the matter? Tonight? But I..."

"But you didn't see the young lady, did you?"

Now, Aspen Li is not afraid of being blamed by the young master afterwards, he really can't see the young master alone!

"The young lady's heart is full of your friends. You only see that your friend is injured, but you don't know that the young master was also taken a knife to protect you."

"The young master feels uncomfortable, not even Ye Han.

Allow him to touch him. I wanted to give him medicine, but I was kicked down..."

Emily Gale walked upstairs quickly and pushed the door open.

In the eyes, it was the figure sitting by the bed.

He had already taken a shower and changed into a nightgown, and now only wears casual pajamas, and the nightgown is left aside.

Holding a cotton swab in his hand, he is applying medicine to himself.

And on his arm, there was a trace of a knife cut.

Most of the blood has stopped, but a little blood still leaks out.

The injury is not serious, but it hurts to look at it!

In particular, he was solitary and drugged himself. This scene made Emily Gale's eyes hot and her nose sore.

Hunter Jackson didn't expect anyone to dare to come in directly. When he heard the door opening, his face instantly became cold.

But it was only a little surprised to see her.

Afterwards, his face sank: "Did I say that I have to knock on the door first?" But this time, Emily Gale ignored his indifference.

After closing the door, she walked over, silently took the cotton swab from his hand.

Stained with ointment and wanted to give him medicine, Hunter Jackson took his arm away and said coldly: "A little thing, don't bother."

"Are you angry? Young Master Jackson?" Emily Gale glanced at him. Unexpectedly, Young Master Jackson, who is famous for being calm and calm, would have such a childish time.

Hunter Jackson looked at her coldly, the look in his eyes was absolutely unbearable for ordinary people.

Emily Gale would not be able to withstand the change of usual times, and surrendered directly.

It was so cold that it made people feel uncomfortable.

But now, after seeing the picture of him giving himself medicine, what is she still panicking?

No matter how terrible he is, the picture just now has completely conquered her, using his loneliness to lose.

"Sorry, I don't know..."

Hunter Jackson hummed coldly, ignoring her.

She knew that Young Master Jackson's arrogant temper would not compromise easily.

But tonight, she was indeed wrong.

Still holding the cotton swab dipped in ointment, she pulled the chair and sat down by the bed, raising her head to meet his gaze.

"It's my fault. I didn't notice that you were injured. Before..."

Before, I only knew that I was concerned about God, no wonder even Aspen Li couldn't see it.

"Master Jackson, can you forgive me?" He still didn't speak, but this time Emily Gale pulled his hand, but he didn't resist as much as before.

She took his big palm and carefully pulled his arm back.

The cotton swab is moistened with ointment and gently wipe

On his wound.

The injury was more serious than she thought.

Although the cut is not very deep, it is not shallow.

The deepest place even has a depth of almost one centimeter.

A lot of blood must have been bleed back then, but he was wearing a dark-colored shirt, and it was night again. If you were not paying attention, you would not be able to see it.

However, as long as she pays more attention to him, it is impossible not to discover it.

Whatever I thought, it was all my fault.

At the time, I only knew that God blessed me, but never cared about him.

"Does it hurt?" She looked painful when the ointment was applied.

But Master Jackson didn't even hum from beginning to end, this stubborn and arrogant appearance made people even more sad.

"Why don't you let Ye Han take a look, the wound is so deep, don't you need stitches?" He still didn't hum, as if she had been talking to the air.

However, Emily Gale was not angry at all tonight, and it was too late to feel distressed.

Gently apply medicine to him, every time you apply a little,

Can't help but lower his head and blow gently, for fear of him hurting.

But Hunter Jackson sullen his face from beginning to end, not talking, ignoring her, just doing her nothing.

After finally applying the medicine, she packed the cotton swabs and picked up the nightgown on the side.

Raising her head, her gaze slammed into his open chest. This body was so strong that her muscles were so clear that she blushed for no reason.

I didn't notice just now that Young Master Jackson was not wearing any clothes.

At first glance, the s\*xy muscles of that body suddenly made people's lips dry and almost out of breath.

Emily Gale's heart beat faster, her face fierce.

Above his head, he heard his low voice: "Is it enough?"

## Chapter 89

Are you fantasizing about me? Emily Gale was startled and suddenly flustered.

He hurriedly lowered his head and staggered his eyes, did not dare to look at his chest.

"Sorry..."

She stood up and picked up her nightgown.

"Sorry for not caring about me, or are you sorry to peek at my body?" The man's indifferent voice made people unable to hear his mind.

Emily Gale bit her lip, not knowing how to answer this question.

Maybe, both.

She didn't speak, trying to put on his nightgown, but there was an injury on her arm.

After hesitating for a while, Emily Gale asked tentatively: "Mother Jackson, or else, I will be naked tonight?" "So convenient for you to take a peek at any time?" This is just a joke. No.

Emily Gale's face rose even redder, how does this man speak?

Joking can be serious!

The point is, she knows that people don't like to make jokes.

"I admit that Young Master Jackson's body is really charming and can fascinate a large group of girls, but Young Master Jackson is injured now, even if I am thirsty, I will not take advantage of others."

Everyday she fantasizes that she wants to treat him. How about, this man is really not a normal conceit.

However, people do have conceited capital when they grow up like this.

Emily Gale still couldn't help muttering a few words: "You are injured now, and you may not have certain abilities. What can I do with you?" She just wanted to express that she didn't think about it.

But after saying this, the taste seemed to change suddenly.

Hunter Jackson frowned lightly and stared at her, "Doesn't I have the ability?" His eyes were a bit dark and he was obviously unhappy. Suddenly he grabbed her wrist and looked hard at her: "Would you like to try?" "No, you're welcome, it's not necessary, huh..."

Emily Gale had a guilty conscience and hurriedly took his hand out of his palm, almost not frightened.

The longer we get along, the more new cognitions we have about him.

The more I understand, the more I feel that this man is different from his previous life.

He is not only a businessman, he also has a stronger physique than a soldier.

She could see clearly tonight, he was alone in front of them, and he could defend them tightly without even moving his steps with a knife.

This man is really surprising, time and time again, refreshing all her knowledge of him.

Such a strong physique, such a terrifying power, if you use all of it on yourself...

The first time in the car, she was drugged and confused, only knowing that the pain afterwards made it difficult for her to walk.

As for the time, with such a little consciousness, he can still vaguely remember how terrible the force he hit on him.

But she still couldn't remember how it was.

Now when I think about it, not only does his blushing and his heart beat faster, but the body seems to be slightly warmed.

Hunter Jackson stared at her red

Her face suddenly lifted her long fingers, and crossed her face.

"What do you mean by fantasizing?" "Fantasy...Fantasy?" What is fantasizing?

Fantasy...It seems, really is fantasizing about doing...that kind of thing with him... Emily Gale's breathing was messed up, his cheeks were swiped by his fingertips, and the temperature of the man's skin made her legs weak.

"No, nothing!" How could she fantasize about being like him... that way!

Are you kidding me?

This little face looked flustered, red like a ripe tomato.

The appearance of the little girl finally pleased Hunter Jackson.

The gloomy mood all night has only slightly improved.

He leaned on the head of the bed and squinted at her: "Since you like to look at my body so much, I am not so stingy to let you look at it."

He let go of his arms, it was a posture of a picking man!

Emily Gale was so ashamed to want to die!

The most ashamed thing is that when he opened his arms, she really couldn't help but look twice!

His shoulders are broad and safe, his chest is strong and s\*xy, and his arm muscles are tangled, and he knows that he is full of power at a glance.

A woman leaning in his arms, resting on his chest muscles, being hugged by his two powerful arms, what a blessing.

“Do you want to come over?” The man’s magnetic voice was full of temptation.

She didn’t know what she was thinking, but the whole person seemed to be completely entangled by his voice by his breath.

She couldn’t think, even didn’t know what she was doing, so she walked towards the dreamy chest in a daze.

Yes, it is his chest, this body that makes women crazy.

Before Emily Gale could react, she had stretched out her hand, dropped her long fingers on his chest, and gently stroked along the texture of his muscles.

Hunter Jackson didn’t expect this girl to be really bewitched, and his obsessive gaze fell on her, as if drunk, greatly satisfying his self-esteem.

He decided that tonight’s affairs would be wiped out and he would not be angry anymore.

The big palm fell on her back and gently pulled her towards herself, his extremely low voice, dumb and seductive: “Do you want it?” No one can tell who was seduced at this moment. , Who is lost?

Is it her or him?

Even Hunter Jackson didn’t know.

I only knew that when she leaned in her arms cleverly, the little beast buried deep in her body was instantly awakened.

The big palm tightened unconsciously on her back, and the tight muscles showed his tolerance and entanglement at this moment.

Is it her or himself that he wants?

He couldn't tell.

This feeling of losing control easily is what he most dislikes and resists in his life, but at this moment, this loss of control has made him unable to resist.

Therefore, there is no resistance.

He tightened his long arms abruptly

, Trapped her in his arms, lowered his head, and pressed down hard against the two long-awaited lips... Outside, suddenly there was a knock on the door.

A little movement made the girl who had fallen drunk in the arms of Joseph widen her eyes, and suddenly woke up in the next second!

what is she doing?

What did she do just now?

He even walked to Hunter Jackson's side, touched... his chest, and even actively leaned into his arms.

And now, what are they doing?

She fell into Young Master Jackson's arms, Young Master Jackson lowered her head, the two faces were less than a finger apart!

They... did he mean to k\*ss her?

"Ah!" Emily Gale seemed to have just woke up from a dream, and was so scared that he pushed his arm hard and fled from his arms in panic!

Accidentally, he pushed to the place where Hunter Jackson was injured.

The man's eyebrows frowned lightly, and a touch of pain passed through his eyes.

Although he can stop humming after being chopped, it does not mean that he will not feel pain!

A knife on the head!

The most famous saying!

"Bleeding, bleeding!" Emily Gale stared at his re-bleeding wound, frightened to death!

It was she who pushed him hard just now, and he finally healed a little bit of wound, and it cracked!

The blood spilled from the wound, stained a piece of red, and stinged her eyes.

Emily Gale's nose was sour, she rushed to the door, and opened the door quickly: "Let Ye Han come here, hurry!"
