

Love Through Time and Space

Chapter 96

Is it better than Joseph?

One hundred thousand!

For most of their Ning University students, it is simply a sky-high price!

Regardless of how Emily Gale's 100,000 came, whether he really followed a rich man, but since others have said it, he can definitely get it out.

There are several people who want to stand up.

After all, the temptation of 100,000 is really great.

But did they see it with their own eyes?

"If this girl doesn't have my fingerprints, but someone provides evidence of 'seeing it with my own eyes', then this can definitely constitute a crime of libel."

"Emily Gale, do you want to threaten everyone again?" Sisi immediately caught This is the only opportunity to refute.

Emily Gale sneered, and squinted at her: "This is not a threat, this is a fact. Can you be sure that there really are my fingerprints on her clothes?" Who can be sure?

After all, no one has seen it with their own eyes!

With Emily Gale's current arrogant attitude, if someone really saw it, he would definitely stand up.

After all, she didn't wear gloves or anything, and had argued with others, can she not leave fingerprints?

But how come there are no people who stand up?

Could it be that these three girls really slandered?

"Just now, she really seemed to have fallen down deliberately."

Someone whispered.

"Lin Xuesi, why don't you call the police?" Emily Gale slammed forward two steps.

Lin Xuesi's heart was shocked, her legs softened, and she sat on the ground with a thump: "Emily Gale..."

"What? You want to slander me and push you down again? No, I didn't seem to touch you. This time, Everyone should see clearly, right?" Yes!

Emily Gale really didn't touch her, but she was frightened by Emily Gale's aura. Is this Emily Gale bullying?

Having said that, why is the cold breath on Emily Gale so powerful?

Wasn't he a foolish and ugly fool before?

"Why didn't you call the police?" Emily Gale stared at Lin Xuesi who was sitting on the ground, with a condescending appearance that made people feel flustered.

Lin Xuesi was a little trembling, and it took a while to calm down.

She gritted her teeth, got up from the ground, stared at Emily Gale, and said angrily: "Don't bully too much!" "I just asked you to call the police, why did I bully you? I'm still waiting for them to pay me back.

"Emily Gale's expressionless face, cold eyes, too noble to invade.

"You slandered me and forced Ye Fangfang. You said I took a dozen thugs to Ye Fangfang's ward.

A hospital as big as Shangde Hospital must be monitored, right?" When I arrive, no one will post the photos on the Internet?" "Could it be that the hospital let me do whatever I want, even dare not call the police? Are they afraid of this?" "You...you...the man behind you, the power... Too powerful

Big..."

Lin Xuesi was unable to refute.

"Now that the Internet is so developed, even the most powerful man, even at the level of Young Master Jackson, cannot control online public opinion.

"I'm sorry, but I took that guy out again to talk about it. However, in Beiling, if I want to come up with a typical big person, Joseph is naturally the first choice to do my part. Who made him really well-known and famous? Guotian? "You said, who else can be so powerful, covering the sky with one hand?

"Lin Xuesi glared at her, this b*tch, isn't the man behind her Joseph? But since everyone thinks she is an old man, of course Lin Xuesi is reluctant to explain this. Let everyone feel Jenni should be raised by an old man, anyway, if she looks so ugly, Young Master Jackson will soon abandon her.

"How?

You are calling the police!

What are you waiting for?

"Emily Gale folded her arms and sneered: "Unless, you are in a guilty conscience."

"Why should I be guilty..."

"Then call the police."

"On the side, someone also urged: "A dozen thugs, such a big thing, has violated the law.

"That's right, Sisi, call the police, I don't believe it anymore, her bad old man can still be powerful!"

"That's right, now we are fighting against private organizations, calling the police, and taking that bad old man in one go!"

"Lin Xuesi started to regret a little bit. What about a dozen thugs? This statement seems to be too exaggerated.

After all, can such a big movement not alarm the police? "Sisi, call the police, don't be afraid of her!"

"That is, Sisi, the world has its own justice, don't be afraid!"

"That's right, Lin Xuesi, what are you counseling?"

Call the police.

"Emily Gale smiled softly, she was really not nervous at all. But, where does Lin Xuesi really dare to call the police? If nothing happened, call the police. This is absolutely slander and cannot escape! Her mission today is only for Ye Fangfang Laundering, this matter must not be a big deal.

It is enough to make a little bit of online public opinion. If it is big, then it really needs to be thoroughly investigated. Once checked, Ye Fangfang will only be even worse.

"I... Fangfang Sister is so pitiful now, how can I make things worse?"

If you still want to persecute her, how will she live?

Lin Xuesi glanced at the two companions, they stood up, and the three turned around to leave.

"Stop!"

Behind him, Emily Gale's cold voice came.

"Do you still want to bully?"

"No, I just want to say, you broke my phone and you lost the money first."

"Emily Gale pointed to the phone that was still on the ground.

"You're talking nonsense..."

"Just now you called my phone to the ground. Here, anyone can testify."

"Emily Gale has never picked up her mobile phone, and this mobile phone is still lying on the ground.

"If she doesn't accompany the money

, Who will call the police for me, and who will I give to the award.

"Someone immediately took out the mobile phone, called the police, and did nothing more. Emily Gale's mobile phone really doesn't seem to be cheap! Sure enough, I followed a rich man, and even used things that were not at the

same level as their students. Jenni's mobile phone was prepared for her by Aspen Li.

She doesn't know how much it will cost, but where can the things prepared for her by Mr. Jackson be cheaper? "You... don't deceive others too much!

"Lin Xuesi looked at the phone on the ground clearly, almost dumbfounded!
"Ten thousand, forget about it, or else, see you at the police station."

Emily Gale smiled.

"Ten thousand!"

Why don't you grab it?

Lin Xuesi blushed with anger. Someone whispered: "G brand top model, a screen costs tens of thousands.

"Lin Xuesi almost fainted! The screen cost tens of thousands. If the whole phone is broken, she...she can't afford it. Lin Xuesi picked up the phone in the past to see if it really broke. Emily Gale did. Faintly said: "If you touch it again, it will be fifty thousand.

"Emily Gale!"

" "how about it?

Ten thousand, will you pay?

If we don't pay, we will ask the police to approve the price.

"Emily Gale, you...you..."

Lin Xuesi cried out with a wow. Ten thousand! All her private money together, at most ten or twenty thousand! "Woo, Emily Gale, you It's too much, oh oh oh..."

"My phone is broken, whoever helps me call the police, the compensation is hers.

" "!"

" "I come!

"!..."

"Emily Gale!"

"Lin Xuesi stomped with anger, "I will pay!"

Chapter 97

What did he do to you? The mobile phone reminder sounded in his pocket, and the ten thousand yuan was paid.

Emily Gale was in a good mood, left from the school gate and walked towards the hotel.

She just didn't expect that the mobile phone Aspen Li gave her was so expensive!

A screen costs tens of thousands, and the price of the phone itself is unimaginable.

She never knew that there are such expensive mobile phones in this world.

Poverty really limited her imagination. In the past, 10,000 must be super luxurious.

Now that she is making trouble, she is not raised by a super rich man, who believes?

Packed some food in the small restaurant, she carried it in her hand, and walked briskly to the door of the hotel.

But just as he was about to approach, he saw the familiar Maybach and stopped at the hotel's gate.

Young Master Jackson's car!

Who doesn't know this overbearing 8888 license plate?

Young Master Jackson came to the hotel, could it be that he came to see God?

In the morning because of her dream calling for God, Young Master Jackson had a fierce fight with her, now looking for God... Emily Gale panicked and rushed over, just in time to see Jackson Tianyou getting off the car.

"God!" She was frightened, and ran to Jackson Tianyou to protect him behind her.

She looked at Aspen Li who got off the car together, and said anxiously: "Don't hurt him!" Aspen Li looked stunned: "Young lady, we..."

"If I must hurt him, what can you do?" After pressing it down, on the back seat, the man has a noble aura, always like a lofty king!

It really is him!

What is he going to do?

"I said, God and I are just friends, why are you trying to force you?" You actually found here!

God is still injured, how can you withstand the bullying of these people?

"Madam, it's not what you want..."

"So what?" The man in the car was cold, his icy eyes fell on her face, without a trace of temperature.

Emily Gale coldly met his gaze, squeezing his palm.

"Yes, you want a high position and a high position, and you will always only look at your own mood when you do things!" He is such a person, from his last life to the present, the same!

He never cared what she said or did, and he never trusted her!

This man, what does she think of him?

She clenched her fists, her voice was cold and firm!

"But if you want to hurt him, I won't sit idly by!" Hunter Jackson's thin lips pressed a cold straight line: "Why are you going to sit idly by?" Emily Gale felt the cold breath in his eyes.

She was so frightened that her fingertips tightened, and she wanted to say something, but God you behind her gently pulled her.

"Young Master Jackson just invited me to a meal to express my gratitude to me for saving you last night."

..."

"Really.

Jackson Tianyou nodded at her, the gentleness of that glance was felt even by the man sitting in the car.

"Drive.

"Hunter Jackson snorted coldly. Aspen Li looked at him and then at Emily Gale. In the end, he returned to the car a little helplessly. In a blink of an eye, this car is not dazzling, but everyone knows the valuable Maybach. Disappeared at the end of the road. Emily Gale looked at the direction where the car disappeared, and was slightly stunned.

It was not that Jackson Tianyou took the bag in her hand, she couldn't recover.

"Go in."

"The sun outside is big, not to mention that this is the entrance of the hotel, which is not good for a girl. If you change to another girl, it will be fine. But she is the fiancée of Young Master Jackson. Jackson Tianyou carried things and left first. Enter the hotel. Emily Gale retracted his gaze and walked in behind him.

"What is he doing with you?"

"Close the door, Emily Gale looked at him, and asked right away.

She didn't believe it to express gratitude for inviting him to dinner. Her memory would not decline to this point. In the morning, Hunter Jackson Cong When the room opened, it was obviously filled with great anger.

And this anger was half because of Jackson Tianyou.

"Did he threaten you for something?"

Tianyou sat down on the chair, glanced at her, and suddenly smiled: "Do you think I am a person who will be threatened?"

"In this world, the only person who can threaten him is her, but she doesn't understand.

"But..."

"Let's eat first, aren't you hungry?"

He opened the bag and carried out the food, "Should I keep it for Yang Yi and Xiaomi?"

"No, those two guys must go out to eat alone."

"I don't come back at this point, do you know how to find a place to fill your stomach?" "God..."

Emily Gale bit her lower lip, and stopped talking.

"If it's still because of Mr. Jackson, you don't need to follow What do I ask, in short, there is nothing bad for me.

Fearing that she was still worried, he raised his hand and swore: "I promise.

"It's all right."

"Emily Gale has a lot of trouble. When he thinks of what Hunter Jackson did to him in the morning, he felt like a stone in his heart, still a bit heavy.

At that time, he pressed her under his body, and his hot body was already with her. Close fit. If he goes a little further, he will really handle her! At that time, he was ready to break in... Emily Gale shuddered uncontrollably! Up to now, it only takes one. Think, not only blushing and heartbeat, but also flustered! Really, almost like him...

"What's wrong?"

What do you think?

"Jackson Tianyou looked up at her, "Don't eat?"

"Eat!"

"How can you not eat it? I have been tossing for so long just now, and now it's a bit past, can I not be hungry? "Really don't tell me Jackson

What are you doing?

"I will tell you in due course."

"So mysterious!"

"Emily Gale gave him a blank look. However, although Tianyou seems to listen to her at ordinary times, it involves principled issues, such as things that he thinks shouldn't, and she can't even change his decision.

It's two people.

After eating and drinking, Jackson Tianyou suddenly asked: "After two years, what will you do?

Are you really married to Master Jackson?

"Jenni is now eighteen years old.

According to Beiling's marriage law, she has to be twenty to get married. Two years later, she will be twenty.

"How is that possible?"

"Emily Gale is still fighting the Maodouzi," he replied at will: "It's not certain whether we can finish the two years."

The agreement may be interrupted at any time, as long as Young Master Jackson is happy.

"Jackson Tianyou frowned, this word was used strangely, "Are you not happy with Young Master Jackson?"

"You face such a cold and terrifying person every day, will you be happy?"

"Jackson Tianyou didn't speak, but Emily Gale's words didn't sound like fake. Does this girl really don't want to marry Joseph? "He, really doesn't suit me, no, it should be, I don't Suitable for him.

"Otherwise, the previous life would not have had such great regrets, and they would not be able to get rid of it when they died.

She and Joseph are only two lines entangled for some reason.

After the entangled knot is opened, there will be no Implicated.

"Anyway, two years passed quickly.

"There are some things, it's useless to say more. Jackson Tianyou wanted to say something, but there was a knock on the door. Emily Gale opened the door. Su Xiaomi just came in and immediately cursed: "This Ye Fangfang is really too Shameless!

But look, how could there be such a hateful woman in this world?

Chapter 98

Give a sigh of relief for Young Master Jackson, a certain Ye Mingyuan was forced to hack himself?

This Weibo was posted on a small account, but after it was posted, it was quickly forwarded by many big Vs.

As for the content of Weibo, it didn't explain anything, it was just a hint.

It implies that Ye Mingyuan pretended to broadcast live before, but was actually controlled by some forces and had to cooperate.

The full text did not name the name or surname, and did not even describe the incident in detail, which seemed to be a groundless incident.

However, this Weibo is connected with Ye Fangfang's latest Weibo update, and it is not difficult for people to imagine what is going on.

It turned out that Ye Fangfang updated a Weibo last night, which was posted late at night.

The content of Weibo seems to be chanting without illness, but in fact, they are all telling their own sufferings and grievances.

Now that the two microblogs add up, do you know what it means?

This damn Ye Fangfang dared to come out like this!

"A lot of people are now saying that the gold master behind you is too strong to let Ye Fangfang start the live broadcast and self-hacking."

Su Xiaomi is very angry.

Although the man behind it is indeed very powerful, is Ye Fangfang also called self-hacking?

What's wrong with the current online public opinion?

It's already reached this point, and it's amazing to be able to turn over.

There are still a bunch of people talking about God's reversal, and some people say that Ye Fangfang has always been a celebrity, well-informed.

Some people even published Ye Fangfang's previous transcripts, each one is more beautiful.

He has been a good student of both character and learning since childhood, and a student of Jiang University.

Jiang University, but the best university in Beijing, the students of Jiang University, how could such a thing be framed?

Naturally, most of the comments at the beginning were naval forces, but many people who eat melon can't tell.

Whatever you say, if there are more people who say, they will believe something.

A lady who is very good in every aspect, especially she is so beautiful, and her usual image is gentle and elegant.

One is a problem girl who has been inferior to people in learning since childhood, looks inferior to people, and still smokes and drinks with heavy makeup.

It is conceivable which side public opinion will fall.

Unexpectedly, Ye Fangfang would be able to turn around after he became like this. This battle was really beautiful.

Soon someone posted about Emily Gale at school at noon. Some photos were taken. Emily Gale was standing there with a poor girl sitting on the ground.

From this angle, it is clear that Emily Gale stepped on her feet.

The photo is also a small account, and it is only posted in the reply, not a separate Weibo.

But this reply was quickly liked, and countless replies were liked.

Of course, they were all scolding Emily Gale for bullying others, and they even made it clear what cell phone model she used.

"You noon

Was bullied at school?

"Seeing the photo on Su Xiaomi's phone screen, Jackson Tianyou clenched his fist.

She was blocked by a group of people in the school.

She was weak and she was obviously bullied! But after she came back, she didn't mention a word, he said nothing. I don't know.

"I didn't get bullied. I made ten thousand. Who said I was bullied?"

"Yes, you forced them to give you ten thousand."

"Su Xiaomi is annoyed, "Look!

"Sure enough, Lin Xuesi's transfer record of 10,000 yuan was also put on it.

There was a lot of noise, in short, it was a mess.

"What girls from Jiangda are more reserved and noble than our Ningda!"

What the hell?

Su Xiaomi's cheeks hurt while turning over the comments! "Too much!

Even the boys of our Ningda University left a message saying that the girls from Jiangda are more beautiful than those of Ningda.

Are they from Ningda?

It's disgusting that you don't even help from your own school! "People only say that the girls of Ning University are not good-looking, and they didn't say that the boys of Ning University are ugly. What does it have to do with them?"

"So, everyone will only sympathize with the handsome guys of Ning University, facing a group of dinosaurs of Ning University every day. For the boys of Ning University, there is nothing good to lose. Emily Gale sat together and rubbed the corners of his eyebrows.

She didn't want to cause so many things, but she didn't, the other party was still unwilling to stop. Jackson Tianyou's expression grew colder, and Emily Gale immediately said, "God, this kind of thing can't be solved by force. Don't mess around.

It doesn't make any sense to find Ye Fangfang or Lin Xuesi? Doesn't it make any sense? He is a tall and mighty boy, if he joins this kind of thing, he is even more unclear. Easily, he will be hacked into a dog.

"But, now How to do?"

Of course, let Ye Fangfang whitewash it like this, and then just black us out like this?

"This incident was clearly premeditated. Su Xiaomi continued to read Weibo while complaining.

After a while, she suddenly widened her eyes: "Ran!

This is over!

The gold master behind you...was dug out!

"Who else is the golden master behind you? Of course it is Joseph! "No, it's not right, they are not digging for Joseph, they are digging for the golden master behind you..."

"What the hell?"

"Yang Yi looked at Su Xiaomi and didn't understand what she was talking about. However, isn't the man behind him the same as Mr. Jackson? However, it's not right to say that it's the gold master. Mr. Jackson is so rich, but he still pays it back.

As poor as a ghost, there is only such a small amount of funds to start a business. If Mr. Jackson is really a funder of Ranran, then he doesn't need to fight so hard! Holding hundreds of thousands to start a business! A woman of Mr. Jackson, As for being so shabby? In fact, a few of their friends know that the combination of Emily Gale and Joseph is just home

Family marriage.

Emily Gale also said that in two more years, she will have nothing to do with Joseph, and Joseph's money naturally has nothing to do with her.

Therefore, she will work hard to start a business and make her own money.

What kind of gold masters are always talking about now, it is humiliating, but where is the gold master?

"No, you look at Weibo. What they said is that Young Master Jackson didn't pay much attention to Ranran, just a family marriage."

"Behind them, there is another sponsor who really gave Ranran money. That one is a bad old man."

Emily Gale continued to rub his brows, nothing to say.

The Internet is simply a magical existence.

White can be called black for you, or red, yellow, and green.

In short, where there is a network, I am afraid, there will never be the so-called truth.

The side that most people are willing to believe is the truth.

This ugly monster Emily Gale is not only ugly, but also has many problems.

And Young Master Jackson, what kind of existence is he in Beiling?

Who wants to believe that Young Master Jackson will truly be engaged to such a terrible girl?

The development of the matter became more and more mysterious, and the fact that Emily Gale kindly helped the old lady to cross the road could also appear out of thin air.

What's more, it is said that Emily Gale knew that it was Mrs. Jackson, so he designed such a plot.

Let Mrs. Jackson believe that she is a good girl, and then Mrs. Jackson made her grandson be engaged to Emily Gale.

This god development is even more exciting than novels!

Su Xiaomi discovered something again, and her eyes widened suddenly: "God, they posted photos of you and Tianyou entering the hotel."

Yang Yi saw it, and it was even more terrifying!

"They... they are stuck at the door of the hotel right now, they want to catch... for Young Master Jackson! They want to breathe out for Young Master Jackson!"

Chapter 99

She must not be allowed to escape these crazy people, now they are blocked at the door of the hotel, about to break in to catch the rape!

This world is crazy!

Someone posted a live video, and the hotel staff stopped the person.

The people stuck in the hotel are basically students from Jiangda University and Ningxia University.

They are all because of the grievances of Young Master Jackson.

It can be seen how high the status of Young Master Jackson is in the hearts of the students!

A lot of students take Young Master Jackson as their idol. Now they see Da Young Jackson's fiancé and other boys opening a room, how can they not be angry?

Of course, among these, at least a few are deliberately arranged troublemakers, but most of them are really filled with outrage.

Jackson Tianyou stood up with a sullen face.

Emily Gale immediately pulled him: "Don't mess around, there are so many people outside, there will be more and more people, how many can you hit?" What's more, if you hit someone in this case, it would be really troublesome. Up!

The trouble behind will definitely be countless.

"I'll see the situation."

Yang Yi immediately went out.

But before long, he hurried back, and said anxiously after entering the door:
"Of course, hurry up, there are a lot of them, and they will break in soon."

The hotel is not a big hotel, how many staff can there be?

Three or five are terrific.

But now there are at least dozens of people gathered outside, and there are more and more signs. What can be stopped?

I'm afraid it can't be stopped now!

"How can those people be like this? Is there any king's law?" Su Xiaomi really wanted to rush out and argue with them.

Now it's Tianyou and Yang Yi coming to stay in the hotel, they have no place to stay, what happened to the hotel for two days?

She and Ranran just came to see God, everyone talked and talked, and they were not as dirty as they said!

It was blocked in front of the hotel!

Is it really so lawless?

"There are so many people who are not responsible for the crime. I really have to be investigated, and it won't be any good then."

Emily Gale packed his belongings, and then put Su Xiaomi's bag in her arms: "Go! "Really want to leave?" Su Xiaomi looked aggrieved.

Doesn't it mean that they have a guilty conscience?

But they didn't do anything, they were innocent, why should they avoid?

"Those people won't reason with you.

As long as we catch us here, the more ugly words will be posted on Weibo. When the time comes, it will be even more unclear."

Emily Gale pulled her out of the door: "Quick! You are also a female. If you can't kill me, you will definitely be killed. Go!" Where can Su Xiaomi dare to say?

It's not that she has never seen the power of online public opinion.

Last time, she almost killed her!

"I will take you away!" Yang Yi hurried to catch up.

"No, you stay and watch God you, don't let him fight

Shelves, go back!

"As for the hotel, Emily Gale believes that if such a big thing happens, their people will definitely call the police. This matter will not be her turn to care about.

As long as they are not caught on the spot, there is nothing to "open the room."

When the photo of was sent out, she could at least escape the catastrophe temporarily. When the police arrived, these people naturally dispersed! And

the premise that they are fine is that God must not do anything, otherwise, they will get involved! Yang nodded a little. , Hurried back to the room. Jackson Tianyou sat on the chair with a cold expression on his face. However, he ran away outside, and he couldn't help at all, so he could only sit here and wait! Not long after Yang Yigang came back, mess came from outside.

The sound of footsteps and noisy sounds. Within two seconds, the door of the room was banged banging.

"Emily Gale, open the door, you ugly cousin, open the door!"

"No, you can't give them time to get dressed. Hurry up and knock the door open!"

"Don't don't don't, I'll take the room card, don't mess around!"

"The hotel staff are afraid of things. Of course, they are most afraid of destroying the hotel's facilities. From this point of view, a group of people are clearly students. Even if they call the police, they don't know how many things can afford to be damaged.

The most important thing is that the law protects students more, and criticism and education are almost enough. Most people, who don't even need criticism, slip away before the police arrive. In short, if it's the door of the room.

The hotel may not be compensated if it is destroyed. With a beep, the door was opened and a group of students rushed in.

"Where is Emily Gale?"

Let that b*tch out!

"The first one was a few girls.

They rushed to the bed and opened the quilt on the bed: "b*tch, come out!"

Jackson Tianyou's palm tightened, and Yang Yi immediately squeezed his arm.

These people scolded Ranran, Tianyou would definitely be angry, but when he left, he told him that he should never let Tianyou do it. Jackson Tianyou probably wouldn't follow these girls. Do it, but as long as he stands and walks over, everyone will think he is going to beat women.

At that time, once the photos are posted on the Internet, they will only attract more scolding wars with them. Yang Yi firmly pressed God You She shook her head at him. Shi Ranran said that she must be patient, he must not be impulsive! Jackson Tianyou squeezed his palm, of course knowing that it was Emily Gale's order, she was still worried when she left. He also knew. Once you do it yourself, it will only cause her more trouble. But they turned out to be a slut! Really, too much! "The slut must be in the bathroom, look for her, find her!

A few girls rushed to the bathroom immediately, and some people turned around around the room. If you can pull out Emily Gale, who is not wearing clothes, let everyone take more pictures.

Put it on the Internet, in this way, Emily Gale, a b*tch, will never turn back!

Be engaged to Young Master Jackson!

Is it worthy of her?

After learning this news, the girls are still in anger and cannot calm down yet.

The Prince Charming in everyone's heart, the most charming and charming young man in Beiling, is actually engaged to Emily Gale?

Do not!

Absolutely not!

They will not be reconciled if they don't kill Emily Gale!

Jackson Tianyou just sat on the chair, watching them turn everything in the hotel into a mess.

Yang Yi was also so angry, he really didn't expect these people to be so crazy!

Can't hit, can't scold, it's like no king!

It is hard to imagine that there will be such a thing in this era!

Although the boys didn't do anything, they were still stuck in and out of doors, watching the excitement.

Young Master Jackson is their idol, of course everyone wants to do something for Young Master Jackson.

As for Young Master Jackson and Emily Gale's engagement, they didn't make them angry to the point of losing control.

But the girls are different, the girls are really out of control now!

Everything is blamed on that b*tch Emily Gale, if she follows the rules and settles down well, what is she doing now?

She went to the hotel to open a room with boys!

This must not be tolerated!

I searched through things, but still couldn't find Emily Gale, even Emily Gale's things.

Everyone was red with anger and stared at Jackson Tianyou.

"Where did Emily Gale go?" They surrounded Jackson Tianyou one by one, but no one dared to get close.

The boy was full of a breath of extreme cold, and if he got close, I wonder if he would be beaten to death by him.

Although everyone concluded that he didn't dare to do anything, no one dared to be the first bird.

Someone suddenly yelled: "Emily Gale must have received the news and escaped! Everyone should block the hotel quickly and never let her escape!"

Chapter 100

These people are completely crazy.

"Yes, there is no in the hotel. We must have known that we were blocking her and ran away!" The girls immediately reacted, and a group of people quickly left the room and looked outside.

"Sisters, I will find her later, take her back naked, and send out the photos of her opening the house!" "Okay, that ugly monster, strip her naked and kill her!" Jackson Tianyou stood up abruptly, Yang Pulled him quickly.

"God, don't be impulsive, you are chasing out now. Didn't you tell everyone that you are really in the hotel?" Jackson Tianyou didn't say a word, but he was frighteningly cold.

Of course Yang Yi knew that he was anxious.

Those people were crazy, and if they were caught, they would really strip her naked and take pictures.

When a woman becomes vicious, there is nothing wrong with a man.

“You stay here, don’t go out, I’ll go and see, I will notify you immediately if there is a situation, and you will come to save people.”

It’s really impossible, even if you do it, you can’t let Ranran really be harmed by those girls.

But now, before they find Ranran, they can’t mess up their positions first.

Jackson Tianyou was angry and anxious, but now he was really helpless.

He is not Hunter Jackson.

At this time, protecting Emily Gale is completely unjustified!

Unless, Hunter Jackson comes in person!

Young Master Jackson...

As soon as Yang Yi went out, Jackson Tianyou immediately picked up the phone.

Although I don’t want to find that man, but now he has no choice.

Things are too critical.

But when he dialed Aspen Li’s number, Aspen Li never answered.

At such a critical moment, I can’t even get in touch!

... Emily Gale and Su Xiaomi originally planned to go to the first floor and leave secretly depending on the situation.

Unexpectedly, not only the front door of the hotel was blocked, but also some people were blocked at the back door.

It seems that these people are also prepared, and today, they are never allowed to leave.

"Of course, what should I do now?" Turning back from the first floor to the second floor, Su Xiaomi was terrified when he heard the movement below.

"Let's see if there is another way out."

Although Emily Gale looked calm, his forehead was also sweating.

This kind of thing is actually very dangerous.

Those people seemed to be punishing her in place of Joseph, but in fact, the matter had nothing to do with them.

But if they are really caught in the hotel, they are afraid that those women will go crazy and will tear their clothes and take pictures.

Is this kind of news still scarce?

This year, it is too dangerous to make some derailment news!

Even if she was really miserable by these people at that time, the photos were posted on the Internet, and it could be said that she was caught on the spot, and she had derailed and took off her clothes.

In short, it's unclear, if caught, it's over!

"Of course, they are looking for it layer by layer,

How to do?

"Su Xiaomi is about to be frightened crazy. I have never experienced such a horrible scene.

It is scary! "Go and see if there is a place to escape."

"This is already the fifth floor, how do you run, do you want to jump off the building?"

"When I think of the scene where he committed suicide at the time, Emily Gale almost fell, Su Xiaomi's legs are weak, why did he jump? On the fifth floor, jumping down will kill people! Not to mention, those people are still looking up, and they, They can only go up.

There are people living in some guest rooms, and those people don't dare to mess around, but if you continue like this, they will definitely be found. Those guest rooms are locked, and you can't get in and hide. Toilets or something , There is no way to hide people, a group of girls broke in, and if they catch someone, they may directly beat them to death! "Of course, they are coming up!

"Su Xiaomi almost screamed. Emily Gale really couldn't help but grabbed Su Xiaomi, who had weak limbs, and continued to hide upstairs.

"Is that figure just now, isn't it Emily Gale?"

"Down, someone suddenly yelled. Emily Gale frowned and wanted to continue going up, but Su Xiaomi's legs weakened and almost fell to the ground.

"Go!"

That's too late!

"Emily Gale pulled her to climb upstairs. Su Xiaomi gritted her teeth, and even if her legs were weak, she could only try to climb upwards. However, the movement below was getting louder and louder, and they were rushing towards the stairs.

There is also a group of people going up the stairs at the other end of the corridor, wanting to surround them on both sides! As for the third group, they took the elevator directly to the two higher floors, ready to catch them from the top.

"Peel that."

The slut's clothes beat her hard.

"The girls are anxious and excited. Not to mention the boys, they just watch the excitement. You don't need to do it yourself anyway, just watch the ugly Emily Gale be stripped, beaten, and photos taken on the Internet.

It's fun to think about it. Su Xiaomi suddenly pushed Emily Gale hard: "You go first, I stop them, go!"

"No!"

I can't leave you!

"They couldn't find her, and they would beat Xiaomi violently.

These people are already crazy! "It's too late!"

"Su Xiaomi, who was still weak in hands and feet just now, didn't know where he was, and dragged Emily Gale to the corridor.

"Look where you can go, hurry!"

I stop them!

She stood at the entrance of the corridor and said anxiously: "Go!"

Didn't you hear it just now? The girls said, I'm going to be stripped and beaten up! If they really caught Emily Gale here and stripped of his clothes, it's very

likely that this would happen. If so, that's what happened. Such photos were posted on the Internet, how will she survive in this life? As for her Su Xiaomi, the big deal is to get beaten up.

She is not the fiancée of Joseph, also

There is no such thing as cheating, and these people are not going to pick her clothes.

Emily Gale glanced at her and heard the more and more movement on the side of the stairs.

She gritted her teeth and turned away.

Even if you knew it, you wouldn't be able to escape through the corridor, but now, there is no other way!

Su Xiaomi stood at the entrance of the corridor, but his hands and feet were shaking with fear.

However, she can't back down, and for this reason, even if she is killed, she will stay here forever!

Suddenly, a cool breeze hit behind him.

Su Xiaomi was shocked and was about to turn her head, but she didn't know who was covering her lips.

"Hmm..."

The manpower behind him was too great, and Su Xiaomi didn't even have a chance to resist.

The person was pulled into a room suddenly.

The door slammed shut, instantly disconnected from the excitement outside... Emily Gale didn't know what was going on with Su Xiaomi, so she could only try to walk to the other end of the corridor.

There is a window there, if... climb the window... But here is the sixth floor, one fell down accidentally... I can't even think about it.

However, she has no choice.

When we were about to reach the end of the corridor, suddenly, a loud noise came from the stairs at the end!

Damn it!

They are also coming up the stairs from here!

She was going to go to the window, it was too late, what should I do?

The noise at the top of the stairs was getting louder and louder. Emily Gale's fingertips got cold, and he wanted to turn his head.

The movement over there was also super loud.

They are coming up!

With a brush, the door of the guest room beside him was suddenly opened, and a tall figure walked quickly.

"You..."

Emily Gale opened her eyes wide, and before he could react, the man had picked her up and walked into the room.

Chapter 101

The man on the bed "Where's Emily Gale? I saw her go upstairs just now!" "Is it in these rooms? She must be there!" "Can't let her run away! Go check the hotel registration, the empty room, Look it up all over!" "But, I'm afraid that...I'm not legal?" "That slut cheated, I'm sorry Joseph, who caught her, when you get to Joseph, you have done something!" "Yes! Go ahead! !" Some people really want to check the hotel computer to check their stay records.

Someone suddenly whispered: "This door is not locked!" In an instant, a dozen people blocked it, and dozens of others followed.

With a bang, the door was knocked open and everyone rushed in!

"Emily Gale, get out!" The people are not responsible for the crime.

Although it is an illegal intrusion, as long as everyone goes together, they are not afraid of being punished.

If Emily Gale really hid inside, it would be fun!

This time, I must die this ugly monster who wants to monopolize the youngest!

On the big bed in the room, two figures are entangled.

After everyone entered, the movements of the two people paused, and the man on the bed sat up and looked at the person who broke in.

So handsome!

So handsome!

After being so handsome that they took a breath, they couldn't help but gasp.

The girl walking in the front covered the position of her heart, staring at the disheveled man on the bed with wide eyes, so shocked that she completely forgot to react.

But, why is there a woman on the man's bed?

Which b*tch woman dares to climb this super handsome guy's bed?

Don't you want to live anymore!

The girl on the bed finally sat up, stretched out her hand, and closed the slightly open bathrobe for the man.

One of her face was also inadvertently revealed while pulling the bathrobe for the man.

Emily Gale!

It turned out to be the ugly monster they have been looking for, but they have not been able to find it!

"b*tch! You really hooked up a man in the hotel!" Even if it is not Jackson Tianyou, as long as it is a man!

The girl who was walking in the front took out the phone immediately and was about to take photos of them.

The evidence is conclusive. Now, how can Emily Gale deny this b*tch?

In a hotel and a private meeting with men, this explosive news is good!

"Wait, wait a minute."

The companion who was with her gently pulled her hand, and whispered, "Isn't he...Isn't he Joseph?" In Beijing, there are too many people who know

Hunter Jackson. He is a household name, and almost no one has never heard of the three words Joseph.

However, because Young Master Jackson doesn't like being on magazine covers, not many people have actually met him.

But there are always people who can recognize him.

"He is...really is Young Master Jackson!" The three words of Young Master Jackson made the girl standing in front shake her hand.

With a snap, the phone fell to the ground.

"How... possible? How could it be... Joseph? How could it?" When Emily Gale came to the hotel to open a room, the object turned out to be Joseph?

Hunter Jackson live in this second-rate hotel?

how come?

"Is it... Is it..."

It's just that Young Master Jackson looks like..."

Impossible, Young Master Jackson wants to stay in a hotel and would never choose to stay in such a place. This is simply tarnishing his sacred body!

"Master!" A dozen bodyguards suddenly broke in outside.

Everyone wore black shirts and trousers, and they knew they were well-trained people.

They call him the young master!

He is really Young Master Jackson!

Replace it like fake!

God!

Why is this happening?

what the hell is it?

More than 30 people are completely dumbfounded!

Hunter Jackson's eyes were cold enough to freeze the surrounding air and swept over a dozen people standing in front one by one.

He pursed his thin lips and spoke lightly, but it was frighteningly cold.

"My fiancée and I were resting in the hotel. What do you mean?" By these words, everyone's legs were softened, and two of them actually fell directly on the ground.

"Young Master Jackson and Mr. Jackson, they said... they said that Emily Gale and... opened and opened a room with a man..."

But now, the man with Emily Gale is clearly Young Master Jackson himself.

They were engaged in a serious manner, so what if they came to the hotel together?

Hunter Jackson obviously didn't have much patience, and he glanced outside the crowd coldly.

Qin Yi, who had just arrived with more than 20 people, said solemnly: "The police are here. We will assist them and bring all the people here back."

Bring, bring back?

What does it mean to take it home?

Is it to be brought back to the police station?

But... But they are just watching the excitement, is it guilty to watch the excitement?

"No, it's none of our business..."

Two of the people who had not had time to get in, had to retreat immediately.

But... With a snap, these two talents just wanted to rush out, and they were immediately thrown back by Qin one by one.

The two fell to the ground, and suddenly the ghost cried and howled: "We are students, why are you hitting people? I want to sue you!" "Okay, give you a chance to sue."

The man on the bed calmly came down, aristocratic, and instantly Shocked everyone here.

"However, you have to wait until you arrive at the police station and be released on bail."

"We didn't do anything, we..."

"Illegal break-in, this alone is enough for you to reflect on it for a while."

Joseph Bei squinted at them, expressionless: "As for your files, don't worry, someone will give you detailed records, whether it is one day or fifteen days, it will definitely appear on the file!" "No!" There are girls.

She burst into tears.

if

This kind of experience is recorded on the file, and when it comes out later, how will everyone find a job?

Not to mention good companies, even small companies in general, are not willing to have someone with a record.

Qin stepped forward and said in a deep voice: "Why don't you think about doing these things, do you want the other party?" Everything must follow the law of causal reincarnation!

Just now everyone watched the excitement, chasing Madam Shao, didn't you have a very happy chasing?

If they came a step late, would the young lady be forced to jump off the building, or would she be stripped naked and forced to take pictures?

Did they also think that this would ruin others for a lifetime?

They are all nineteen or twenty years old, all adults.

Do adults do things so mindless?

If it is not severely punished today, there will be more and more terrifying things in the future.

Not a student can be brazen!

Today, they want these so-called "innocent and pure" students to realize that students are not synonymous with presumptuousness!

"Mr. Qin, we received the alarm..."

On the other end, a group of people were approaching.

Qin Yi said: "Yes, these students broke in illegally..."

"No, we just passed by!" "I just watched the excitement."

"I didn't do anything. Forgive me!" "It's them, both."

They instructed..."

A group of people were taken away crying and crying until the north door of the room was closed and the room was quiet again. Emily Gale closed his eyes and he was really relieved.

Just now, I was almost desperate.

But, Young Master Jackson... why is he here?
