

Pleasure returned

Chapter 16

"She wants you to. She is not ready for everything yet, but she wants more. She is worried about not being experienced enough for you and nervous about the next step. But she wants it. She just finds it hard to say herself. So I will speak for her. Don't hurt her again" she tells him.

Fu.ck, I am bright red even though I am not in control. I can't believe she did that. How am I going to face him when she gives back control.

"I won't hurt either of you again. Luca and I love you both" he says contently.

She pulls away at this point. I look away, not being able to meet his eye. He takes my chin in his hand and moves my face, so I'm looking into his eyes.

"My love, was Athena telling the truth" he says searching my eyes. "Luca and I love the fact you waited on us, we only want you and we will teach you everything and enjoy doing it" he says with a sexy growl as he sniffs my arousal from my ever moistening pussy.

I just nod. I can't speak just now.

"I need words, my love" he rasps, kissing my neck, making my legs go weak as he grasps my waist to keep myself upright.

"Yes" I manage to breathe out as he lifts me in his arms, and I wrap my legs around his waist.

He opens the door and carries me to my bed. He takes time kissing me, exploring my mouth thoroughly, while his hands roam my curves. He quickly removes my top and bra, and his breath catches in his throat as he takes me in.

"Fu.ck you are beyond perfection" he says, eyes swirling before sucking my marking spot and palming my generous chest.

He makes his way down sucking and kissing my chest before his attention goes to my nipples. Giving lots of attention to the right one before moving to the left.

He then moves down my body, getting to my jean line before taking off the button and unzipping and pulling them down incredibly slowly. Fu.ck, I am practically desperate at this point. I need to be touched in some way. I don't know in which way, I just know I need something.

He spreads my legs and growls "Fu.ck you smell amazing".

Next thing my panties are ripped off and his tongue is plunged into my hole as he thrusts it in and out before licking up to my clit causing me to buck into his face then moan loudly, he thrusts two fingers in as I hiss at the intrusion.

"Fu.ck you taste so good, baby, and you are so fucking tight" he growls into my clit, sending vibrations straight there, causing sensations, I didn't think were possible.

I can feel myself gripping around his fingers and a weird sensation in my stomach and lower parts as he sucks on my clit again hard.

"Let go baby cum for me" he growls, sending me over a cliff edge as I feel an overwhelming sensation of pleasure, and I cry out his name.

I am still panting trying to come to terms with the overwhelming sensations I have just experienced as Lucian climbs my body and kisses me passionately again, and I taste myself on his tongue.

I decided with Athena that we should really return the favour he's been so good lately, and he must be dying for release, by something other than his hand. I am not totally naive, I know a bit, not much, just from hearing others talk.

I turn him over and start to kiss my way down, being totally in control this time. I suck on his marking spot knowing that's one of the most sensitive erogenous zones for a mate to touch, then I start to kiss my way down as he is caught in the moment, as I get to his stomach he stills and stops me.

"My love, you don't have to, tonight was about you" he says genuinely.

"I want to, you may need to give me pointers, I don't have any experience" I admit shyly

"Are you sure?" he checks.

"It's me in charge" I confirm for him

"Ok my love" he said, nodding.

I keep kissing down until I reach his boxer covered cock. I pull down his boxers as he raises slightly to help me. Oh my goddess, it is fucking huge as it springs out his boxers. How will it feel when we get to that stage? How will it feel in my mouth?

I tentatively lick his length from his balls to his tip, taking in his salty sweet precum, before I wrap my lips around his girth, and slowly take some of him into my mouth sucking gently as he moans lowly. Encouraged by the reaction, I bob back up and try and take more of him in going back up and repeating. I try each time to take more and more in each movement.

His moans are getting deeper and deeper with each movement as I suck harder each time. "Fu.ck baby, your mouth feels so good, I want you to cum with me. Lie on your back, my love" he groans.

I pull away from his cock with a hard suck and a pop, causing him to shudder.

"Now my love, I am going to fuck your mouth hard and fast if it's too much, just slap my thigh" I nod.

He gets into position so his face is at my pussy, and his cock is pointing at my mouth. He thrusts deep into my throat.

"Just relax the muscle, baby, and puff out the cheeks" he advises before sucking my clit hard and thrusting his fingers in hard and fast, twisting and curving them to hit my most sensitive spots.

I quickly learn that breathing through my nose is my friend and that I have a very good gag reflex, thankfully. I also learn that he is very talented with his mouth and fingers. Fu.ck, it feels so good. If I knew an orgasm felt this good, I would have been pleasuring myself a long time ago.

I can feel my body start to go rigid as the pleasure overtakes me, I reach up and play with his balls. As I feel myself tumbling over and I moan over his cock, I can feel his balls tighten in my hand as he tries to pull away. Athena and I both want to taste him, so we grasp his ass and thrust him down our throat as he cums growling my name.

Fu.ck, I have to swallow several times to get it all down.

He pulls away gasping "fu.ck you are amazing, my love. Thank you so much. I love you" he says, pulling me into his arms and kissing me on the head.

Fu.ck, I don't know how to respond to that it was awkward enough with the, my love pet name, but telling me he loves me that too soon for me.

"It's me, my love, I don't expect anything back. I still have a lot to prove, I am grateful you have given me so much already and want to be honest about how I feel. I want you to take your time and only do things when they are right for you" he says, making me relax

"Thank you for understanding, I see the effort you are making, and it is appreciated. It will just take me a bit of time. You are not the only one in my life who has let me down before who wasn't supposed to. It has made me extra cautious, especially to those who have let me down previously" I explain.

"I understand, and if it takes all my life to prove it to you, then I will happily do it" he says.

"Do you want to stay tonight?" I ask.

His whole face lights up "I would love to, Luca is doing somersaults right now" he chuckles.

"Can he come out for a bit he's desperate?" he asks.

"Of course" I reply.

"OK goodnight my love. I have a feeling I won't get a chance to say it or get a kiss again if I don't do it now" he says.

I give him a full on, all emotions in it kiss, he looks at me softly afterwards, as if he could tell my emotions, and that I was softening and feeling something towards him and not just his wolf.

Luca quickly takes over after "my sexy mate, you look so good when we pleasure you" he growls, causing me to blush.

"Do you want Athena Luca?" I ask him.

"Not yet, little mate, I shall have my little wolf soon enough. I want to pleasure both my mates tonight. I have been waiting a long time for this little mate" he growls, causing me to shiver.

"You trust me, little mate don't you?" he asks in a husky voice.

I nod "words little mate" he growls.

"Yes" I managed to get out.

"Good girl" he says, getting out a scarf from my drawer and tying my wrists together behind my back.

"I have been waiting a long time to pleasure you, and for you to pleasure me, little mate, and I am going to make to most of it"

I nod "No little mate, I need an answer, and you will call me sir or Alpha when we play"

"Yes Alpha" I reply, remembering how he reacted to me calling him Alpha before. He pulls out two objects that look like well. One looks like a small cock if I am honest, and the other is a smaller, slim, large bullet type thing.

How the hell did he manage to hide these in here without me noticing before, as if he could hear my thoughts he speaks.

"These little mate are to give you pleasure, but you are not allowed to cum until I tell you. Now they are small because no one or nothing has the right to break your virginity other than us, but we can still play. Oh, and as soon as Lucian said he wanted you, I had him hide these for future" he says sexily with a wink.

I have no idea what most of it means as I am picked up and placed on the oor. He rubs a clear liquid on the devices and then inserts one into my hole, I am feeling surprised until he taps a button on a remote and some vibrations start sending pleasure through me from the device.

"It's a vibrator baby, and you need to hold on until I have cum. Those are the rules, or you will be punished, he rasps, tweaking my hard nipples as I pant.

He then pushes my back and slaps my ass, causing my walls to clench and a moan to release. Fu.ck, why does that feel so good. As I am bent forwards, I feel a cool sensation on my ass, before a pressure, then something entering it.

"Just relax, little mate, it will feel so fucking good" Luca growls.

Next thing I know I am back kneeling and the sensations in my pussy have gotten more intense, then he takes another remote and the device in my ass starts to vibrate really strongly unlike the other one, as if he put it on full straight away.

Fu.ck, this feels so strange and intense and amazing all at once. "My love remember don't cum or you will be punished" he warns.

"Yes Alpha" I say, gasping out as he pulls and twists both nipples.

"Now I am going to fuck your pretty little mouth mate, harder than my human did, and if you are a good girl, I will give you the best orgasm of your life" he growls.

"Yes Alpha, fuck my mouth" I pant out.

Fu.ck, I would give him anything right now to get this over with so I could cum. The sensations are overwhelming. I just hope it doesn't take him long.

He growls loudly before grasping my hair in his hands and thrusting without mercy. He is completely wild as he fucks my mouth over and over hard and fast as I moan round his cock and drip all over the oor.

He howls out his orgasm as he cums down my throat.

Once he is finished, he quickly lays down on the ground under my open thighs as my juices drip down.

"You are such a good girl for your Alpha aren't you little mate" he groans, lapping up all the dripping juices

"Do you want me to make you cum" he growls.

"Yes Alpha, fuck make me cum please" I cry out.

He pulls the vibrator out of my pussy, I cry at the loss as he chuckles then thrusts his tongue slowly in and out at a frustrating pace I try to push myself into his face more but he steadies my hips.

The next thing I know, the device in my ass starts to vibrate a lot faster fu.ck I thought it was already at full strength. His tongue goes rigid as it thrusts and curls in me, and then I hear a buzzing sound getting louder and louder.

I almost left the oor as the device was placed on my clit, but Luca's firm grip kept me firmly in place as he grinded me on his face and tormented my sensitive nub, along with the vibrating sensations stimulating the A spot through my ass sent me over the edge.

I almost completely lost my vision as I released so much liquid that it didn't seem normal. Luca growled as he lapped it all up.

"fu.ck baby, you squirting is the sexiest thing ever" he husks, continuing to make sure he doesn't miss a drop.
