Chapter 44

These past two weeks of being back at the Blood Moon Pack have been great, Lucian has been the perfect mate. We have still not completed the mating process, but it will happen soon.

I hate the thought that someone will not find their mate until my decision is finalised, I do not want to stall someone's happiness.

The women have learned loads under Nadia while I have been away. I am so proud of all their hard work, and they were all so pleased to have me back again.

They pups were all really excited too. I ended up staying longer than normal to make it up to them all.

By now, the whole pack is also aware that I am a special wolf, so I have been asked many questions about that. The teenagers in particular were quite curious about it so I ended up doing a q&a at the schools so they could all get their questions and curiosities out, along with a demonstration I might add as that was asked by

several of them.

We then decided to have a pack meeting with the adult since it went so well, and I and the others were being asked about it so much. It has saved me a lot of time getting it out of the way in one go, and now the whole pack has their questions answered.

Nadia has started to help me with the Luna ceremony preparations. We have a lot of time to do it in. I want it to be child friendly with lots of activities for the children, so I am having a special soft play area made outdoors for them. It will keep them amused and part of it at the same time, and be great for all our future pups.

I have made sure to note on the invitations that their pups are welcome to the celebration. Even young pups and childcare will be available to help during the event.

I have also started to take over the Luna duties from Nadia and help Lucian with the pack work. Helping Zander has given me some hands-on experience, and Talia also trained me. I decided now was as good a time as any to get started with it. The pack is well run and treats its members well, so at least it doesn't need a big overhaul.

I have already got the women training, so there is not really much to improve as the girls are now being included in the school training with the boys.

Suzie has taken to her work detail well, the kids really like and the staff have been impressed with her. The other pack members are staying away from her for now, but no one has been giving her a hard time so far. Kat has befriended her, so she has someone and so has the Beta female and Ella. I am glad she has a few people there, I hope others see the changes and give her a chance.

I am sitting in Lucian's office helping with some paperwork when the warmth and pain start spreading, I know instantly my heat is hitting me, having gone through it more than once now.

"Lucian we need to go to the room now" I tell him calmly.

"What's wrong" he says, looking up before sniffing as his eyes turn black.

"Yeah I'm going into heat, so if you don't want every unmated male here, I suggest we leave" I say as he growls.

I see him linking someone. He's probably getting the unmated males removed from the packhouse.

He picks me up and runs to our room, and places me on the bed before stepping back.

"what can I do to help" he says, nervous and unsure.

"you can fu.ck me Lucian" I say with a growl irritated he's stepped away.

"are you sure, it's not just the heat" he asks, worried.

"I'm sure I was planning on it anyway. It was going to be a bit more romantic than this, but fu.ck romantic right now, I need you. Or I will get Luca out to play instead" I tease.

"I can please my mate, he can wait his turn" he growls, pouncing on me and kissing me passionately.

My core is dripping like a fountain as he shreds my clothes, not bothering to try and remove them with care as he shreds his clothes too. His bare skin next to mine feels amazing.

His hands caress my body, cooling the heat where he touches kneading and stroking my full breasts as he kisses down my jaw to my neck and sucks on my marking spot. I moan loudly as I grind into his hard co.ck, trying to relieve some pressure.

The pleasure feels intense as he sucks hard on my erect n****e and snakes his hand down my body to my weeping core, rubbing my cl.it, slowly driving me insane wanting and needing more.

"Fu.ck you are so wet" he groans, sending

vibrations through my sensitive n****e.

I try to grind into his hand more as he steadies my hip. Then, he starts to kiss down my body, replacing his hand with his mouth licking from my hole to cli.it before inserting his tongue in and out several times.

"Fu.ck you taste so fu.cking sweet baby" he growls before sucking my cl.it.

He thrusts two fingers in keeping his slow pace. This is torture, I think.

"Please Lucian" I beg

Dignity be damned I need more right fu.cking now.

"What do you need baby" he says, toying with me

"I need more, or I will call out Luca to fu.ck me hard" I growl.

He stops what he is doing as I gasp out in shock and frustration.

"Come here and sit on daddies face while you suck my co.ck like a good girl. Rub your sweet little pu.ssy on daddies face and take what you need" he growls in order.

I am on him in an instant, co.ck straight in my mouth as I moan at his salty sweet taste. I grind my wet needy core on him as fast as I can, needing a release so badly as he nips and sucks my cl.it.

I scream into his co.ck as my orgasm finally hits, trying to wriggle away from him as I feel so sensitive. He chuckles into my core as he firmly

keeps me in place, lapping all my juices before slapping my a.ss 3 times and sending jolts of pleasure through me.

He's using one arm to grind me into his mouth as he moans, sending vibrations through me as I suck and lick him at a fast pace.

He thrusts his fingers in and starts to pump them in and out rapidly, I am so sensitive I can feel my legs start to shake as I orgasm again moaning setting him off as he c.ums down my throat.

I thought he would give me a break to recover but without breaking stride he flips me onto my back and continues his pace using his other hand as well to inert a finger before inserting it into my a.ss.

The double penetration in both holes with his hands and his mouth sucking my cl.it has me screaming his name, as I see stars.

I don't know if I can handle this after already having two orgasms but he's not letting me go, as he fu.cks me relentlessly with his fingers.

"Fuuuck" I scream as I squirt all over his hands and face.

He licks and sucks every last drop off of me and

his hands before crawling up my body and kissing me gently as we taste ourselves on each others tongues.

"No my love, are you sure you want to do this, I can pleasure you in other ways to keep the heat at bay" he asks in a husky voice.

"I am ready baby" I say

"Ok, it will hurt for a moment, but it will get better. I will be as gentle as I can, and I won't mark you until you are ready" he says gently.

"I am ready Lucian, both Athena and I are ready for you to mark us" I tell him as he smiles brightly

"I love you so much, both of you" he says, kissing me

"We love you both too".
