Chapter 1001 - A team

Chapter 1001: A team

“Well, that’s good. Let’s find an opportunity to get rid of these beasts. Then, we can snatch the spiritual fruit and return to our world.”

In that instant, Jonina was extremely excited.

She had been completely inspired by Zhou Hao. Now that she knew what her goal in this world was, everything became more obvious.

Furthermore, Zhou Hao’s words earlier had instantly made Jonina, who had been in a state of confusion and hesitation at the start, more determined. She suddenly felt as if she had been enlightened.

Zhou Hao’s burning gaze was fixed on the helicopter hovering in the air in the distance. Suddenly, his eyes were filled with a sinister look.

“No, we have to get rid of the people on the helicopter first. Otherwise, we may not be able to get the spiritual fruit smoothly. It will be bad if it is snatched away.”

In this world, they were no longer humans. They were now mutated beasts and had to make plans for their future. Therefore, the only way to recover their strength was to get this spiritual fruit as soon as possible and increase their strength.

Zhou Hao, Jonina, and the gray-haired man were all humans. They knew better than anyone else just how powerful the explosive weapons that humans had created were.

If they were to really take out such a weapon to deal with them, not only would the mutated beasts suffer, Zhou Hao, Qiao Nina, and the others might not even have the chance to get any benefits!

It was time to seize the opportunity and attack the helicopters.

Hence, Zhou Hao immediately opened his bloody mouth and condensed a mass of hot and dense flames in his mouth. He quickly sprayed it at the position of the helicopter!

Soon, there was a loud noise in the distance. Zhou Hao saw the hatch of the helicopter open. Countless shells fell from the helicopter like rain.

The people on the helicopter acted according to the situation and quickly began to attack all the mutated beasts crazily!

In that instant, everything in the surroundings was illuminated brightly!

Countless cannonballs, flashing with a strong and dazzling light, roared and whizzed down rapidly. They looked extremely hot. As long as one was hit by the cannonballs, they would be beaten miserably without any power to fight back!

When he saw this, Zhou Hao's face revealed a trace of shock. Then, he said in disbelief, "This ... This is actually a pressure bullet?"

In a few breaths, Zhou Hao reacted instantly. They were now in extreme danger!

"Quickly run!"

"Let's go!" Zhou Hao only cared about shouting. He immediately brought Jonina and the gray-haired man and quickly ran into a cave in the distance.

As they were much stronger than the mutated beasts, their speed was much faster as well. As the bullets rained down on them one after another, a violent explosion erupted in the surrounding area!

One after another, the sounds continued to crash down. In the next second, Zhou Hao, the gray-haired man, and Jonina hurriedly hid in the cave.

The power of the compressed bullet was extremely powerful. It could instantly explode after coming into contact with the air and produce a large area of explosive flames. When the time came, all the species within a radius of one kilometer would be burned to the ground, leaving not even a piece of bone!

Zhou Hao, Jonina, and the gray-haired man all knew how powerful the deterrent force of the compelled bullet was.

However, the group of mutated beasts had no idea what was going on.

They were very powerful, so they didn't feel anything at all. Even when the bullets rained down on them one after another, they didn't feel afraid.

Countless compressed bullets fell from the sky, one after another, causing countless mutated beasts to scream in pain.

Aowu!

"Roar!"

“Oh ...”

Countless assassins let out heart-wrenching roars and screams. One after another, they roared continuously. In an instant, the entire Mount Kunlun was filled with a deafening and shocking sound!

At that moment, Zhou Hao, Jonina, and the gray-haired man were already hiding in the cave.

They stuck out their furry little heads and nervously looked out of the cave, their faces full of shock.

“Oh my God, isn’t this scene a little too shocking?”

When they saw this, the three of them couldn’t help but click their tongues in shock.

He didn’t expect the force field to be so powerful. In an instant, it wiped out 70 – 80% of the mutated beasts in the area, one by one. It looked extremely powerful!

A small number of mutated beasts took the opportunity to hide in the small pool. Some of the mutated beasts under the cave dug a hole in the ground and went in directly, so they avoided the disaster.

“Hehe, I didn’t expect this group of mutated beasts to be so weak.”

When the pilot of the helicopter heard the heart-wrenching roars and howls of the mutant beasts in the distance, his face turned cold.

Their breathing was rapid and their faces were filled with shock. They stared at the scene in front of them in a daze, unable to recover from the shock for a long time. They only felt that the scene in front of them was too shocking.

“What should we do now?”

Zhou Liang, who was sitting in the helicopter, looked around with a serious expression. He then said in a serious tone, “Are we going there directly? the number of mutated beasts has indeed decreased a lot. If we go there now, we might have a chance of winning.”

Jiang Ziming’s expression also became serious. After hesitating for a moment, he said to his team members who were flying the helicopter in a serious tone, “Captain Zhang, could you please lower the helicopter’s altitude?”

“Eh? Are we going over now?”

Chapter 1002 - -taking the lead

Chapter 1002:-taking the lead

Captain Zhang's face gradually began to become serious. Then, he looked at Jiang Ziming hesitantly and confirmed again, "That's right. We'll go down now. Captain Zhang, please put the ladder down."

"Once we get the spiritual fruit, we will come back immediately. We can't waste any time. Otherwise, the longer we stay down there, the more dangerous it will be for us!"

Jiang Ziming, as the leader of the whole team, played the role of organization and vanguards. At the most critical moment, he was needed to come forward and solve this series of problems.

Zhou Liang nodded and looked at Captain Jiang. He said with a serious face, "Captain Jiang, just give us your instructions. As long as it's within our means, we'll do our best to make sure this matter is done to the best of our abilities!"

After these short words were spoken, many people around him saluted and nodded in agreement.

"Alright, we'll go down now!"

"After you go down, be smart. If you encounter exotic beasts, don't fight them head-on. Find a chance to avoid them, and then try to get the spiritual fruit."

Jiang Ziming's face looked extremely solemn, and their breathing began to become rapid. Then, with a bit of depression on their faces, they said word by word, "Remember the purpose of our visit!"

"We're not here to fight the mutant beasts. We're here to get the spiritual fruit and go back for research. That's our real purpose!"

"Yes! Captain!"

The rest of the team members, under Jiang Ziming's encouragement, nodded one after another, their faces full of solemn expressions.

"Okay, Captain Jiang. I'll control the plane now and lower it to a lower altitude. You just have to seize the opportunity to get down."

The pilot of the helicopter, Captain Zhang, looked at Jiang Ziming and nodded seriously.

Under the plane, the sound of being forced to fire the bomb, as well as the screams and wails of countless exotic beasts, could be heard. Jiang Ziming seemed to have not heard these sounds, and his eyes were full of determination.

The rest of the team members started to get nervous.

After all, it was their first time facing so many mutated beasts. Furthermore, it would be extremely easy for them to get into a head-on fight with the mutated beasts!

Originally, this group of people were all Warriors who had fought on the battlefield. Now that they were suddenly facing mutated beasts that were hundreds, even thousands of times stronger than them, it would be a lie to say they weren't nervous.

"Will it be convenient for you to go over when we're at a height of 50 meters?"

Captain Zhang asked Jiang Ziming as the plane slowly descended.

"Sure, no problem!"

Jiang Ziming nodded, then he carried the spare parachute on his back and made preparations. After all, if they were to lose, the parachute could save their lives.

However, Jiang Ziming was not to be trifled with. Soon, he climbed the ladder smoothly and landed directly on the mountain near the spiritual fruit.

"Let's go!"

Immediately after, Zhou Liang and the other four team members scanned their surroundings.

"This aura is really strong. Just by smelling it, it makes my eyes light up and my heart feel lighter. My whole body also feels warm."

The six of them were only standing close to the spirit fruit when they immediately smelled an extremely powerful aura. They were so shocked that a large amount of power emanated from their bodies. They felt that this aura seemed to have become nourishment for their bodies!

The six of them couldn't help but greedily breathe in this breath. Their faces were full of anxiety. They couldn't help but stand to the side and enjoy this moment of peace.

In the distance, when Zhou Hao, Jonina, and the gray-haired man, who were hiding in the cave, saw this scene, their expressions immediately became hesitant.

The gray-haired man's eyes were filled with confusion. He could not help but ask in surprise, "Boss, what are these humans doing?"

"It's obvious that they're also affected by the spiritual fruit. "

Jonina smiled and then looked at the few people in the distance. She shook her head and said, "However, their behavior and actions don't seem like they have technology that is 10000 years more advanced than ours."

"Yes, I think so too, miss Qiao."

When the gray-haired man heard this, he couldn't help but nod with a serious expression. Then, he said with a grave expression, "But if this spaceship had obtained the energy, why didn't it return to its own planet? why did it land here?"

Jonina could not help but have some guesses as she listened to the conversation between the two.

"Could it be that ... We came back at the wrong time?"

Zhou Hao's words caused Jonina and the gray-haired man to be stunned.

They looked at Zhou Hao hesitantly, their faces full of surprise, and their breathing began to quicken. They could not help but ask in surprise, "Big Boss, what do you mean by we came back at the wrong time?"

Zhou Hao glanced at the group of people who were greedily sucking in the spirit Qi in the air. He could not help but ask hesitantly, "I think what we're seeing now is very similar to the time when mutated beasts first appeared on Earth!"

"Since the spaceship will return to its original planet by default, but the technology here doesn't seem to be very powerful, it's obvious that we have transmigrated to this planet before the advanced technology has been invented."

"To put it in layman terms, we've transmigrated."

After these short words were spoken, everyone's faces changed!

They looked at Zhou Hao in unison, finding what he had just said to be unbelievable!

Time travel ...

This was the first time they had heard such words in their real life!

However, the three of them were only curious for a short while. They immediately accepted the truth they had heard.

“Yes, boss is right. In this world, there are too many things that can change the new people’s worldview. What we need to do is to accept the current situation as soon as possible and take things as they come!”

“We can only work hard to improve our own abilities. By then, we will be able to find a way to return to our original world.”

The gray-haired man’s words once again encouraged Jonina.

They nodded their heads with grave expressions and immediately looked into the distance again, ready to see how this group of people would deal with these mutated beasts and get the spiritual fruit!

Chapter 1003 - The battle for humanity

Chapter 1003: The battle for humanity

In the distance, the originally calm surface of the small pond suddenly exploded.

A series of squeaking sounds suddenly rang out, followed by the strange roars of beasts that made one’s scalp numb.

Jiang Ziming opened his eyes and looked into the distance with confusion.

In the next second, he was shocked to find that the giant Mantis beast had suddenly flown out of the small pool. Its body was covered in blood, and even its stomach had a huge bloody hole.

It was obvious that the mutated Mantis-like exotic beast was under great threat and attack in the small pond!

When the plane landed the pressure bullet earlier, all the exotic beasts fled in all directions, not daring to appear here at all. Otherwise, they would face an extremely dangerous situation!

The mutated Mantis was already a D-class beast, so it knew how much damage those bullets would do to them if they really hit them.

Therefore, he could only choose to hide in the small pool for the time being. He would make a plan after the bullets outside stopped falling.

However, there was still potential danger in the small pool. The giant mutated crocodile that was always ready to attack it was not to be trifled with.

Seeing that the giant Mantis beast had taken the initiative to throw itself into the trap, the giant crocodile beast naturally would not let him go so easily. It had been trying to find an opportunity to bite the giant Mantis beast to death.

However, when the giant crocodile beast chased the giant Mantis beast to the shore, it discovered that there were still enemies in the distance!

They were the humans who came to Rob the spiritual fruit.

There weren't many spiritual energy fruits in the first place. If these humans who heard the news came and took a share, the spiritual energy they could get would become even less!

When they thought of this, the two exotic beasts who were originally fighting each other to the death suddenly stood on the same side!

They were certain that the only way they could get the spiritual fruit back was to eliminate the intruders!

After all, the weapons that humans carried were too powerful. They might not be a match for this group of people. At that time, there might be extremely serious consequences. When both sides were injured, no one would be able to get the fruit!

On the contrary, it would benefit those low-level exotic beasts hiding in the surroundings, waiting for an opportunity to make a move!

The mutated Mantis behemoth and the mutated crocodile behemoth looked into the distance with burning eyes. Their eyes were full of sharp looks, staring at Jiang Ziming and Zhou Liang in front of them. Their faces were full of solemnity, and they subconsciously clenched the weapons in their hands!

"The mutated beasts are coming. You guys have to be careful!"

Jiang Ziming's face was extremely serious. Their breathing was a little rushed and nervous, and their faces were full of cold expressions. A wave of anger surged up in their hearts, as if they couldn't wait to directly annihilate these mutated beasts!

When Jiang Ziming saw this scene, his breathing began to become rapid.

He couldn't help but shout angrily. Then, he pulled out the long blade in his hand. The long blade shimmered with a cold light. Under the sunlight, it shimmered with an extremely bright light!

"Brothers, we can't wait any longer. After we kill these two overlords, the spiritual fruit will be ours!"

Jiang Ziming knew that their tracks had been discovered by the two gigantic mutated beasts. Therefore, at this moment, there was no way to hide at all. They could only face them head-on!

Otherwise, if the spiritual fruit was snatched away by these mutated beasts, they would definitely swallow it without hesitation. If that were the case, wouldn't it be a disaster for them?

Originally, they had come here to fight for the spiritual fruit. If the spiritual fruit was eaten by the mutant beast, even if they killed the mutant beast and brought its body back, they would not be able to take the spiritual fruit out.

After hearing Zhou Hao's words, a few of the team members' expressions suddenly became extremely serious.

They immediately took out the treasures that their Battalion had specially made for them. Then, they shouted with eyes filled with anger and then angrily said, "Go, exterminate them!"

Following the loud roar, the three of them quickly moved into the distance, rapidly heading towards the position of the giant Mantis beast that they had suddenly pounced on. They whistled and suddenly pounced!

"Giggle!"

The giant Mantis beast opened its bloody mouth and roared at the people in the distance as if it was demonstrating its power. It made the surrounding people tremble continuously!

The mutant Mantis beast's speed also gradually increased!

Its movements were very agile, and it easily dodged Jiang Ziming's attack. Then, it quickly raised its claws and slashed at Jiang Ziming's position!

The mutated Mantis's long scythe shimmered with a cold light under the light. The two-meter-long scythe was constantly waving in the air, looking extremely fearful!

When they saw this, the group's breathing gradually quickened. They really didn't expect that the strength of this mutated beast would be so powerful!

Such a deterrent force was really too F * cking scary for them!

The mutant Mantis beast's speed was extremely fast. It was the first to rush toward Jiang Ziming's position, and it suddenly slashed!

There was a loud 'whoosh', and the sound of something breaking through the air was heard!

Jiang Ziming's whole body, which was rushing forward, suddenly froze in place.

Immediately after, a long and deep wound suddenly appeared on his neck. Blood gushed out of the wound like a spring, gurgling down along the wound and constantly spilling down. It looked extremely terrifying!

"Captain, Captain! Captain Jiang!"

When the group of people saw this scene, their faces suddenly became extremely frightened. They were eager to go forward and help Jiang Ziming, but they were shocked to find that in the next second, Jiang Ziming's body and head were separated, and then he fell heavily to the ground.

"Oh my God, Captain Jiang, he ... He was killed by the mutant Mantis beast in one strike. How did this happen ..."

Chapter 1004 - instant kill

Chapter 1004:-instant kill

Many people were shocked when they saw this scene. They looked at Jiang Ziming who was lying on the ground with hesitation. They felt that the scene in front of them was too shocking.

It should be known that Jiang Ziming was the person selected by the combat division to have the most powerful combat strength. In the beginning, the combat division leaders had placed all their hopes on Jiang Ziming, thinking that he would definitely live up to their expectations and kill the mutated beasts and bring back the spiritual fruit.

But now, Jiang Ziming had only come face to face with the mutated Mantis beast, and he had been killed in an instant before he could even touch it!

Such a valiant standard and shocking strength really made people feel extremely shocked!

“Why did it turn out like this? Captain was killed by the mutated Mantis-like exotic beast before he could even get close ...”

Zhou Liang looked at the scene in front of him in disbelief. His eyes were filled with panic, fear, and horror. He simply couldn't believe what he was seeing. He only felt that this was too shocking!

It had to be known that the few people present had all been carefully selected by the battalion from the special training camp. They had all broken through the limits of their bodies!

Now, in front of the mutated Mantis-like exotic beast, he was even worse than a piece of trash. He was instantly killed and turned into a piece of trash. He didn't even have the chance to resist or scream. A living person was annihilated in an instant!

When they first started training in the combat division's special training camp, they felt that their strength and abilities were extremely impressive. They might be able to easily annihilate dozens of mutated beasts in an instant!

However, when they saw what was happening in front of them, they could not believe what they were seeing!

They had lost miserably in their first battle against the mutated Mantis-like exotic beast. They didn't even have the chance to fight back. It was truly shocking ...

“Looks like we've underestimated the strength of these mutated beasts. What should we do to get rid of these mutated beasts and defeat them ...”

The remaining five people's eyes were filled with despair. They really didn't expect that such an appalling scene would happen. It made them feel extremely shocked and couldn't believe it!

However, the mutated Mantis beast wasn't going to give them any more time to continue being shocked.

Its speed was extremely fast, rapidly charging towards the five people in the distance. In the next second, without any time to catch its breath, it appeared in front of the mutated Mantis-like exotic beast in a flash!

The mutated Mantis-like exotic beast was extremely fast. It raised its hand and slashed down, directly chopping the remaining five people into pieces, their heads separated from their bodies!

The entire process took less than two minutes. The team of specially trained elites sent out by six advanced battalions from planet Maplephintis was instantly killed, disintegrated, and dissipated as if they had never existed!

At the same time, the helicopter hovering in the air was so frightened that its face turned pale when it saw this scene. Its back was instantly covered in cold sweat. It looked extremely nervous and afraid!

He was so nervous that his entire body trembled violently. After all, he had personally witnessed the strength of these special training elites.

Captain Zhang's face turned pale with fear, and his breathing began to quicken. His face was filled with horror, and his eyes were filled with anxiety as he looked down. Then, he stammered, "No... No way!"

"I can't stay here any longer. If I continue to stay here, who knows what will happen? It's more important to stay alive. I'll go back and inform the leader."

"Although it's more important to fight for the spiritual fruit, if I go down now, I'll just be courting death. I'd better leave this place as soon as possible."

Captain Zhang glanced around and immediately controlled the spirit fruit, ready to leave.

Who would have thought that before it could rise up, an incomparably huge mutated Mantis-like exotic beast would suddenly flap its wings and fly up from the ground, appearing directly in front of the helicopter!

Captain Zhang's face turned pale when he saw this!

He looked at the scene in fear and trepidation, and his face suddenly had an extremely shocked expression. His eyes were filled with fear and uneasiness, and he felt that even his breathing had begun to become flustered!

However, the mutated Mantis-like exotic beast suddenly opened its bloody mouth and spat out a ball of flames at the helicopter!

The grey-haired man hiding in the cave was shocked by what he saw. He stuttered and said in shock, "It ... It, it, it can actually breathe fire?"

Zhou Hao's expression turned serious.

His eyes were filled with disbelief as he looked at the scene in front of him in a daze. He only felt that his heart was instantly surrounded by fear!

"Looks like this isn't a unique skill?"

Zhou Hao smiled and teased, not taking this matter seriously.

After all, in this world, mutated beasts more or less had their own special abilities. This was something he had mentioned on his communication device before.

“Oh right, there’s something I forgot to tell you two.”

Zhou Hao’s face was full of smiles. He slowly said, “These mutated beasts all have their own mutated powers. However, people like you who don’t have mutated powers can actually obtain these powers.”

“Oh?”

After hearing these words, the gray-haired man and Jonina’s expressions instantly turned dark.

They looked at this scene in surprise and couldn’t help but ask in surprise, “Eh? Boss, do you mean that we can also obtain such a powerful force?”

After saying this, the two men looked at Zhou Hao hesitantly. Although there was some doubt in their eyes, there was also a bit of anticipation.

After all, having such an ability would be beneficial to them!

At that time, his strength and ability would also be improved to a certain extent.

Zhou Hao smiled mysteriously and slowly said, “And that is to eat these mutated beasts!”

Chapter 1005 - Eating an exotic beast

Chapter 1005: Eating an exotic beast

?

BOOM!

After he said that short sentence, the shocked Jonina and the gray-haired man’s faces turned dark!

Eating a mutated beast ...

This matter was indeed extremely shocking to the gray-haired man.

However, the blow to Jonina was even more powerful!

Jonina had always been the princess of planet mandaronina. She had always been living a life of luxury and worry-free food and clothing. She did not have to worry about food and clothing at all, and she would never have to face such a situation.

But now, when he heard Zhou Hao's words, he suddenly felt that his world view had been subverted!

When she was on planet mandaronina, she felt disgusted even when she ate raw meat.

Not to mention directly eating these mutated beasts alive. This was even more disgusting than eating raw meat!

However, just as Jonina and the gray-haired man had yet to recover from their shock, an extremely loud and violent explosion erupted from afar!

Zhou Hao, Jonina, and the gray-haired man were so shocked by the voice that their faces changed.

The gray-haired man and Jonina looked extremely flustered and helpless. They looked into the distance nervously, staring at the scene in the distance.

The flames that the mutant Mantis beast had just spewed out had instantly destroyed the helicopter.

The flames instantly enveloped the helicopter that was flying in the air. Captain Zhang, who was inside, didn't even have time to scream. In the next second, he was instantly burned to ashes by the fierce flames!

When they saw this, Jonina and the gray-haired man's expressions finally calmed down.

"Why do I have such a strange feeling? I actually hope that the person in the helicopter will die ..."

Every time Jonina thought of this, a guilty expression would appear on her face. Even her breathing was a little nervous and short. She could only feel that her heart was suddenly filled with endless guilt, and her entire body was surrounded by it.

When he saw how nervous and guilty Jonina was, Zhou Hao tried his best to calm himself down.

His expression was serious as he said to Jonina, "Nina, it's normal for you to think that way now, because after we came to planet kapple finitiz, our identities have begun to change."

"We're no longer the people who only know how to deal with mutated beasts. We've become mutated beasts, so our thinking has to change."

"On planet kapple finitiz, we are on the opposing side of the humans, so everything should be for us to decide. Even if you kill the other party, you don't have to blame yourself."

Zhou Hao's words were extremely serious and made a lot of sense. Jonina tried her best to convince herself and calm down.

The gray-haired man saw this and immediately said to Zhou Hao, "Boss, now is the best time to grab the fruit of spiritual Qi. I will go there now and get it for you!"

Even though the gray-haired man had turned into a mutated beast, he was still loyal to Zhou Hao.

In the distance, the mutated Mantis beast and the mutated crocodile beast had been seriously injured because of the fight, and the people who came to fight for the spirit fruit had been killed.

Countless low-level mutated beasts hiding in the surroundings, waiting for an opportunity to strike, were also killed by the bullets. For them, this was the best opportunity. As long as they seized this opportunity, they could successfully get the spiritual fruit!

The gray-haired man in wolf form was about to charge out.

Zhou Hao reacted quickly and stopped the gray-haired man. Then, he said with a serious expression, "Wait a minute, don't go over!"

The gray-haired man immediately stood still after hearing what Zhou Hao said. His face was filled with confusion as he looked at Zhou Hao who was standing in front of him. He asked hesitantly, "Boss, what's wrong?"

"You and Miss Nina stay in this cave and guard this territory. I'll go get the fruit of spiritual energy."

Zhou Hao glanced at the two mutated beasts, then said seriously, "A starving camel is still bigger than a horse. No matter how weak they are now, they're still D-class exotic beasts. You might not be their match if you're alone."

“Leave this matter to me. It’s not too late to show off later after you’ve devoured the mutated beast and raised your level and strength!”

Zhou Hao’s words were extremely serious. His face was full of confidence as he looked into the distance with a serious expression.

“Boss ...”

The gray-haired man had never thought that his boss would think so much about him. He immediately swore to himself that he would be loyal to his boss in the future and would never leave his side!

“Alright, we’ll wait for you here!”

Beside him, Jonina also nodded her head and spoke with a serious expression. Her eyes were filled with worry, as if she was nervous and uneasy about the danger that Zhou Hao was about to face.

Zhou Hao did not hesitate. He strode forward and quickly headed to the location of the giant Mantis beast.

The giant Mantis beast, which had thought that it had won against the humans and was about 80% sure to win, suddenly became extremely nervous when it saw Zhou Hao suddenly appear in front of it.

It looked warily at Zhou Hao in the distance. Its eyes were filled with violence and coldness. Its whole body began to tense up in an instant. It glared at Zhou Hao in front of it, and its breathing became rapid.

Although it was the first time it had seen Zhou Hao, it did not know why it felt an extremely powerful force from Zhou Hao’s gaze. It was whistling and rapidly sweeping towards its position!

Such a deterrent force was really too terrifying. It didn’t know how it should deal with such a danger and crisis!

As insects, they had an extremely sharp sense of danger. They could easily detect the threat of the other party from the slightest movement!

This was a sense of crisis that they had unique to them!

Chapter 1006 - Completely ripened

Chapter 1006: Completely ripened

At that moment, the spiritual fruit in the distance had turned completely red!

The dense spirit energy in the air instantly became even denser. Zhou Hao could not help but look into the distance and take a deep breath. He could feel the aura gradually filling the air. Such a smell really made people unable to help but take a few more breaths.

The surrounding spiritual Qi was filled with a faint white light, like a cloud of mist, making people unable to help breathing rapidly and taking a few deep breaths.

After seeing the fruit ripen, the mutant Mantis beast no longer had the mood to care about Zhou Hao.

He raised his head in high spirits and let out a strange cry of excitement. Then, he quickly rushed towards the location of the spiritual fruit!

Very quickly!

With a few loud bangs, a very powerful force suddenly burst out from the small pool and rapidly exploded in the surrounding positions!

The mutated Mantis-like exotic beast was given a fright when it saw this. It looked around in panic, a hint of fear and uneasiness appearing on its face.

It turned out to be the giant mutated crocodile that had used its unique mutated energy, the Aqua Thunder pillar!

“Squeak!”

The mutated Mantis beast let out a series of terrified breathing sounds. Then, it felt the air pressure in the air become extremely intense because of the explosion of the water-Thunder pillar!

What was even more serious was that countless piercingly cold pillars of water lightning suddenly burst out from the small pond, sweeping straight at the position of the mutant Mantis-like exotic beast!

The boundless pressure from the surroundings immediately made the mutated Mantis unable to stand steadily.

He was so nervous that his breathing was rapid and his face was filled with panic. His expression was slightly anxious and uneasy as he looked around hesitantly.

Countless water-Thunder pillars spread out in all directions, giving the mutated Mantis no time to resist. If it were hit by these water-Thunder pillars, it would be in grave danger!

The mutated Mantis beast could not even stand steadily. In the distance, countless water-Thunder pillars were rapidly approaching its position, chasing after it with a loud bang!

Looking at such a posture, it was obvious that he intended to take his life!

Moreover, if he was hit by the water-Thunder pillar, his body would definitely be penetrated by it, and he would fall into the small pool!

The mutated Mantis beast was a ferocious beast on land. If it fell into the small pool and fought the giant mutated crocodile head-on, it would definitely not be the giant mutated crocodile's opponent!

It was already bleeding from all over its body, and if it was attacked by the giant crocodile again, it would definitely be beaten to a pulp!

At that time, even if he really got the spiritual fruit, it would be taken away by the giant crocodile!

In such a dangerous moment, the mutated Mantis beast could only harden its heart and turn around to leave the place!

"Good, this is the best opportunity!"

Seeing this, Zhou Hao's eyes lit up. He knew that his best chance had come!

Therefore, he immediately increased his speed and quickly flew towards the location of the small island in the distance. He spread his wings and flew quickly!

It was so fast that even an aircraft wouldn't be able to catch up to it!

Now that Zhou Hao had mutated into a Tiger-like exotic beast, he had already inherited all the abilities and standards of his previous void beast. When the time came, he would definitely have great development!

Zhou Hao stomped on the countless mutated beasts' bodies on the ground and sped towards the small island in the distance!

Under the boost of speed, Zhou Hao's jumping ability had also been greatly improved!

As long as he jumped, he could jump several meters away!

In the distance, as long as he killed the mutated Mantis-like exotic beast, he could use it as a springboard to directly cross over to the small pond in the distance and get the spiritual fruit!

“Aowu!”

Zhou Hao’s speed was extremely fast. The mutated Mantis-like exotic beast didn’t even have time to react, and quickly stomped him under its feet!

The mutated Mantis beast’s face turned into one of shock. It looked at Zhou Hao in shock. It never thought that it would one day become a stepping stone for others to trample on. It was as if they didn’t care about their dignity at all!

When the mutated Mantis-like exotic beast saw this, it was instantly infuriated!

But now, no matter how angry it was, it was useless. After being stomped by Zhou Hao’s powerful foot, its entire body was falling rapidly to the ground!

He was about to fall directly into the small pool, and there was already a giant mutated crocodile under the small pool. It opened its bloody mouth, waiting for the opportunity to swallow him!

The mutated Mantis could only watch helplessly as Zhou Hao, the ferocious Tiger, sped towards the location of the spirit fruit at an extremely fast speed. There was nothing it could do!

In the distance, the spirit energy fruit was constantly emitting extremely rich spirit energy, constantly spreading to the surroundings!

However, Zhou Hao did not seem to be affected by his surroundings at all!

The mutated Mantis beast had originally thought that it would eventually get the spiritual fruit!

However, he had never thought that he would end up in Zhou Hao’s possession and that he would become Zhou Hao’s stepping stone to obtain the spiritual fruit. This matter was really infuriating!

He really didn’t expect that after fighting for such a long time, a competitor would suddenly appear!

The mutated Mantis beast was infuriated. It immediately gave chase, quickly chasing after Zhou Hao!

The giant mutated crocodile in the pond was not to be outdone. After flying up, it quickly bit off the tail of the mutated Mantis-like exotic beast!

The Mantis-like exotic beast let out a heart-wrenching roar of pain!

The mutant Mantis-like exotic beast was dragged into the small pool by the giant crocodile, but it was not in a hurry to devour the mutant Mantis-like exotic beast. Instead, it quickly chased after Zhou Hao!

Chapter 1007 - Snatching the spirit fruit

Chapter 1007: Snatching the spirit fruit

The giant mutated crocodile glared at the place where Zhou Hao had left. Its face suddenly had a dark look, as if it could not wait to bite through Zhou Hao and tear him into pieces!

However, in the next second, Zhou Hao did not hesitate at all. He stomped down with one foot and instantly stomped the mutated crocodile into the ground!

The giant mutated crocodile did not expect Zhou Hao to be so powerful!

The foot that it had just stepped on was like a thousand-ton iron plate. It suddenly smashed down on its position, causing it to tremble violently and its breathing to become rapid!

Its entire body was quickly stomped down, and a huge, seven-meter deep pit suddenly appeared under its body!

The giant mutated crocodile's head buzzed. It felt as if all its internal organs had been shattered into pieces. It had no chance to pursue Zhou Hao again!

Zhou Hao was not in a hurry to chase after the giant mutated crocodile that was almost killed by him. After all, the most important task at hand was to get the spiritual fruit as soon as possible. Everything else was just a lie.

Zhou Hao was already much stronger than other exotic beasts of the same level with the help of the void beast's powerful mutation ability. When he saw this scene, he immediately accelerated and rushed to the location of the spirit fruit.

When he stood in front of the spirit fruit, Zhou Hao could not help but take a deep breath. He felt a countless amount of spirit energy whizzing around his body, constantly filling his body, causing his breath to tremble.

Zhou Hao's eyes were filled with joy. After all, the huge amount of energy was enough to increase his strength by another qualitative leap!

There were three fruits on the tree. Zhou Hao immediately plucked all three fruits and hid them in his fur.

However, the massive amount of spirit Qi was like a rising tide, rapidly surging towards his position. Such a powerful impact caused Zhou Hao's breathing to Quicken, and his face was filled with anxiety!

He could even feel his own breathing starting to stagnate. He could only hear a buzzing sound in his mind that constantly pervaded his heart!

It even felt dizzy from the impact of the huge force. In the next second, its breathing suddenly became very rapid.

"This is bad. I have to put all the fruits into my storage space as soon as possible. Otherwise, I won't be able to withstand such a powerful force!"

Zhou Hao's heart skipped a beat, and his breathing began to Quicken. He felt as if he was suffocating, and he could not say a word.

Fortunately, even after becoming a mutated beast, Zhou Hao's storage space was still on him. He did not lose it, which allowed him to store the things he had obtained better.

The aura emanating from the spirit fruit was so overbearing that Zhou Hao could not bear it even if he held it in his hand.

He had to find a safe place where no one would disturb him after he solved the problem at hand. Then, he could use the spiritual energy fruit to increase his spiritual energy.

Otherwise, if he couldn't withstand the spiritual energy of the spiritual energy fruit and fainted from the impact, wouldn't he become a feast for the other mutated beasts?

Zhou Hao had considered the level of danger, so he had to get rid of all the mutated beasts on Mount Kunlun that were waiting for an opportunity to strike.

This way, he would be able to lead Jonina and the gray-haired man to take over the mountain and become the king. He would be able to develop his own strength and think of a way to drive the spaceship to leave and travel back to his own world.

Now, he could only take things as they came.

With a thought, the fruits hidden in his fur all went back into his storage space and disappeared.

In the storage space, there were two spiritual energy fruits that contained powerful spiritual energy.

“Roar!”

In the distance, the mutated Mantis-like exotic beast, which had been beaten to death by the mutated crocodile-like beast, smelled the ripe fruit. It suddenly had the strength to climb out of the small pool!

After all, the mutated crocodile was its biggest threat. Now that it had been defeated, the mutated Mantis beast knew that this was its last chance!

If he could not grasp this opportunity firmly and snatch the spirit fruit back from Zhou Hao's hands, then he would never have another chance to accomplish this!

Thinking up to this point, the mutated Mantis-like exotic beast suddenly mustered up strength from who knows where. It suddenly let out an extremely furious roar, then quickly charged into the distance, brazenly making its way over!

It kept letting out a series of shrieks that were deafening and heart-wrenching, as if Zhou Hao was a thorn in its side, and it was not willing to let go of this opportunity so easily!

It had been completely enraged by Zhou Hao's actions!

Right now, it only wanted to end everything as soon as possible. No matter what happened in the end, it had to fight to the death for its own sake!

The mutated Mantis suddenly rushed out of the pool, howling. In the next second, it raised its two long, sharp, and incisive Sickles, whistling in Zhou Hao's direction as it gave chase!

It was as if he could not wait to use the scythe in his hand to skin Zhou Hao alive!

Looking at the mutated Mantis-like exotic beast charging toward him, Zhou Hao's gaze suddenly turned sharp. He then laughed and sneered, “Hehe, since you want to die, I'll fulfill your wish!”

Seeing the ferocious-looking mutant Mantis beast pouncing toward him, Zhou Hao's eyes suddenly showed a hint of mockery and disdain.

Now that the spirit fruit was already in his bag, he naturally had no more worries and immediately prepared to kill this mutated beast!

Chapter 1008 - Raging inferno slash

Chapter 1008: Raging inferno slash

“Raging inferno slash!”

“Die!” Zhou Hao let out a furious roar. Immediately after, he opened his bloody mouth and aimed it at the mutated Mantis beast in the distance. He quickly spat out a scorching and fierce flame!

A series of explosions rang out as Zhou Hao spat out a scorching flame from his mouth, heading straight for the mutated Mantis-like exotic beast’s position and bombarding it!

“What?”

When the mutated Mantis-like exotic beast saw this, its expression turned a little dazed.

It didn’t seem to have expected that there would be other exotic beasts with similar abilities to it, able to spew fire!

The mutated Mantis-like exotic beast sneered coldly. It immediately opened its bloody mouth and rapidly sprayed its breath at Zhou Hao’s position!

Who would have thought that when the flames of the two sides shot at each other, an unbelievable scene would happen!

His own flames were not even one ten-thousandth of Zhou Hao ‘s!

The raging inferno slash that Zhou Hao had spat out was actually accompanied by countless sharp auras, constantly bombarding his body at a rapid speed. Immediately after, his entire body felt a burning sensation!

Even the breathing of the mutated Mantis-like exotic beast carried a trace of pain and anxiety. Its entire body was extremely dry and painful!

Not only that, even the small pond in the distance was emitting white steam. It was as if the water in the small pond was instantly boiling, and many bubbles appeared!

The water in the pond must have reached 100 degrees by now. It could even cook dumplings!

Aowuwu!

When the mutated Mantis-like exotic beast saw this, a look of panic and uneasiness appeared on its face. Its face was filled with anxiety, and even its breathing carried a trace of fear and panic.

It finally realized that its strength was not on the same level as Zhou Hao 's.

If it were to force the crossbow to attack, it would probably end up dead on the spot. Therefore, it no longer dared to take the initiative to approach. It could only turn around and escape, lest it be killed by Zhou Hao.

After all, if he died, he would really have nothing left!

But now, it had been beaten black and blue by Zhou Hao and the giant crocodile. Even if it wanted to stand up, it did not have any strength at all.

He immediately wanted to leave this place, but in the next second, he was hit by Zhou Hao's Inferno slash and fell heavily to the ground. He didn't even have the strength to stand up again.

Seeing this, the giant mutated crocodile's face suddenly turned pale. Its breathing became a little hurried, and it subconsciously wanted to escape from this place.

But now, it was lying in the deep pit, no longer having the strength to get up. Its entire body was shaking uncontrollably, looking at the mutated Mantis beast in the distance in a panic.

When the mutated Mantis beast was burned by Zhou Hao's raging inferno slash, it let out a heart-wrenching scream. Countless flames quickly enveloped the mutated Mantis beast's body!

A series of miserable shrieks could be heard as the mutated Mantis struggled on the ground, constantly pouncing back and forth. Its steel-like body was burned to a thin as paper by the flames, and a large area was instantly charred!

Its scythe was also burned black like charcoal. It was in so much pain that it fell into the pond. After soaking in the cold water for a while, it felt a little better.

At this moment, the mutated Mantis beast knew that it was no match for Zhou Hao. It was already on the verge of death. If it didn't leave this place as soon as possible, it would probably lose its life!

As such, the mutated Mantis-like exotic beast quickly sped through the small pond, preparing to find another exit and escape this calamity!

However, Zhou Hao could see through the thoughts of the mutated Mantis beast with a single glance. He snorted coldly and said with a mocking smile, "Hehe, I'm afraid it's too late to run now?"

After saying that, Zhou Hao quickly jumped into the pond!

Jonina and the gray-haired man, who had been hiding in the cave and watching the fight near the pool, suddenly became so nervous that their expressions changed!

Especially Jonina, who got up and was ready to chase after him. She said anxiously, "No, I have to go help him!"

However, before Jonina could rush out, she was quickly blocked by the gray-haired man.

His expression was extremely serious as he looked at Jonina with a frown and said word by word, "Miss Qiao, calm down first. Don't be rash!"

The gray-haired man quickly looked at Jonina sternly and said anxiously, "Boss's current strength is enough to deal with these two exotic beasts. Can't you see that boss still has the upper hand even with two exotic beasts?"

"Right now, boss is most worried about your safety, miss Qiao. That's why he let us hide here and let me protect you. Miss Qiao, if you go over, forgive me for being blunt, but you might distract boss."

"These two strange beasts are very cunning. They often retreat in order to advance, sometimes attacking and sometimes defending. If they discover you, you'll definitely be in danger, and it might make things difficult for boss!"

The gray-haired man's words were extremely sincere!

Jonina, who had been worried about Zhou Hao's safety and seemed to be in a bit of a rush, suddenly became serious when she heard Zhou Hao say those words to her.

It was undeniable that the grey-haired man had seen through everything, and what he said made sense. Therefore, no matter how worried he was about Zhou Hao, he could only pray that Zhou Hao was safe and sound.

Jonina put down her anxious heart and sat down helplessly. She then said in an extremely serious tone, "Alright, I got it. I'll wait for him to come back here!"

When the gray-haired man heard this, he immediately nodded with a smile. Then, his eyes lit up and he said in a serious tone, "Miss Qiao, don't you believe in our boss's strength?"

"He'll definitely be able to return safely!"

Seeing how confident the gray-haired man was, Jonina could not help but nod with a serious expression. She chuckled and agreed!

Chapter 1009 - Easily done

Chapter 1009: Easily done

"Yup!"

In the beginning, when Zhou Hao followed them into the forbidden area to search for Milky Way star, his strength was already extraordinary!

Even people who were several realms higher than him were no match for him.

Right now, what he had to face was just a bunch of unintelligent mutated beasts, and one that was on the verge of death at that. Wasn't it a piece of cake to get rid of these trash?

When she thought of this, Jonina immediately tried her best to let go of her worries and anxiety. Then, she looked into the distance with an extremely serious expression. Her breathing started to become anxious, and her entire being was filled with anxiety.

At the same time, Zhou Hao, who was in the distance, had already jumped into the small pond with lightning speed. He quickly chased after the mutated Mantis that was running for its life!

Even if the mutated Mantis-like exotic beast wanted to seize the opportunity and give chase, it still couldn't do anything!

He flapped his wings with all his might, trying to swim faster so that he could shake Zhou Hao off as soon as possible.

However, what made him feel panicked and helpless was that he didn't have any strength at all to avoid this pursuit!

The surface of the cold Lake was rippling. Zhou Hao scanned his surroundings. He did not expect the entrance to the pond to be so deep, even though it was not big!

This planet really had many mysteries waiting for him to explore!

Zhou Hao had mutated into a Tiger, and his swimming speed had increased by 180 degrees. His speed was extremely fast, and he chased after the enemy in the distance!

He watched as Zhou Hao gradually closed in on him!

The mutated Mantis's eyes were suddenly filled with anger and ferocity. It really didn't expect Zhou Hao to be so ruthless to it, chasing it relentlessly, as if he had no intention of letting it go!

At this moment, the mutated Mantis-like exotic beast didn't plan to continue running for its life, because it knew that no matter how hard it tried to escape, it wouldn't be able to escape Zhou Hao's palm!

Since they couldn't escape, they might as well die together!

A ferocious thought suddenly emerged in the mind of the mutated Mantis. It wished it could directly bite off Zhou Hao's head, forcing him to keep pressing on and not letting it go!

At the thought of this, it suddenly let out a fierce roar, and then fiercely and quickly aimed for Zhou Hao's head!

Seeing this, Zhou Hao found it extremely laughable. He didn't even have the thought of dodging. His eyes were filled with ridicule as he stared at the mutated Mantis beast in front of him.

This kind of dying struggle was just trash. It had no ability to fight back!

With an extremely sharp 'clang' sound, it exploded in the river!

The mutated Mantis-like exotic beast's scythe, which had already been burnt to a crisp, was suddenly knocked back a few steps. It had no strength to fight back at all!

On the other hand, Zhou Hao's body did not seem to be injured at all. Not even a mark was left on him. He looked extremely strong.

When Zhou Hao saw this, he only gave a faint cold laugh. He didn't take this matter seriously at all. His face was still full of disdain, looking at the mutated Mantis beast in front of him with a cold look.

It charged forward at high speed, stretching out an incomparably huge claw and striking fiercely at the mutated Mantis-like exotic beast's already broken body!

A crisp 'Kacha' sound rang out. The mutated Mantis-like exotic beast couldn't withstand such an intense and violent strike at all, and its body was directly split into two by Zhou Hao's claw!

The mutated Mantis-like exotic beast didn't expect that it would encounter such an undeserved calamity!

It immediately let out a heart-wrenching wail, feeling that it no longer had any chance of standing up. The entire mutated beast had completely lost its confidence, falling directly into the river and floating.

This time, the mutated Mantis-like exotic beast was really dead to Zhou Hao. It couldn't be more dead.

Zhou Hao didn't waste it. He directly bit the mutated Mantis-like exotic beast's corpse into his mouth, then quickly ran towards the exit above the pool!

With a loud 'poof', Zhou Hao splashed water out of the small pool!

In the distance, many of the low-level mutated beasts were so scared that their faces turned pale when they saw this scene. They really didn't expect that the mutated Mantis beast and the mutated crocodile beast were already considered the most powerful existences on Mount Kunlun!

But now, a powerful Thunderbolt Tiger had appeared, and he was so capable!

Even the two overlords of Mount Kunlun had been exterminated!

Many low-level mutated beasts, seeing Zhou Hao's ability and strength, didn't dare to come over and take a share of the loot. They could only hold back their dissatisfaction and flee in all directions, leaving this troublesome place!

Seeing this, Zhou Hao could not help but glance at the giant mutated crocodile in the deep pit in the distance.

At this moment, the giant mutated crocodile was still firmly pressed in the deep pit and could not even move!

All the bones in its body seemed to have been shattered by Zhou Hao's slap!

At that moment, the giant mutated crocodile had no chance to escape even if it wanted to!

Its green bean-sized eyes flickered with a trace of fear and uneasiness. Its whole body trembled as it looked at Zhou Hao in front of it. It was so nervous that its whole body began to shake constantly, looking extremely frightened.

Seeing this, Zhou Hao only sneered. He immediately spat out a Flame Slash and directly burned the giant mutated crocodile into a roasted crocodile.

The air was filled with the smell of the mutated beasts' blood. Zhou Hao picked up the mutated crocodile's corpse with his mouth and quickly went to the cave where he, Jonina, and the gray-haired man were hiding.

Chapter 1010 - Eating the mutated beast

Chapter 1010: Eating the mutated beast

In the cave, Jonina's gaze was fixed on the small pool. She was not willing to look away.

Her heart was filled with worry, worried that Zhou Hao would not be able to adapt to the water and would be instantly killed by the mutated beast. What should she do then?

But the next second, Jonina saw a scene that shocked her to the core!

In the small pond in the distance, on the surface of the water, there was a sudden boiling sound. In the next second, a figure quickly jumped out!

The gray-haired man was shocked when he saw this. He could not help but look around. Then, he asked in confusion, "How did it become like this ..."

"What's going on?"

Jonina's breathing instantly tightened. She was silent for a long time before she slowly opened her mouth. She suppressed the panic and helplessness in her heart and said anxiously, "It's ... It's Zhou Hao's raging inferno slash!"

Just as Jonina's voice was recorded, a figure suddenly flew out of the small pond!

When they saw this figure, the gray-haired man and Jonina's faces instantly became filled with excitement and joy!

"Boss is fine. That's great, that's great!"

Jonina's eyes were also filled with tears. She did not know when her eyes had suddenly become wet!

When she saw this, Jonina's expression instantly became anxious. Her breathing became slightly rapid, and she started pacing back and forth excitedly!

Jonina now looked like a cute and furry little fox!

The gray-haired man's expression instantly became extremely excited at the sight of this. He then said anxiously, "Miss Qiao, what did I say? my boss is the most powerful person in the entire Galaxy!"

"It's just a few little mutated beasts. They're not my boss's match at all!"

Jonina's eyes were filled with excitement. She then looked into the distance anxiously, her face full of anticipation.

In the next second, the two of them saw Zhou Hao turn the giant mutated crocodile into a roasted crocodile. Then, he quickly chased after them!

When she saw this, Jonina was so excited that she could barely breathe. She immediately ran out of the cave and shouted at Zhou Hao excitedly, "Zhou Hao, you're back! That's great!"

The gray-haired man followed him out, and saw Zhou Hao directly throw the two D-class exotic beasts in his mouth in front of Jonina and the gray-haired man.

"Here, this is your dinner."

Zhou Hao laughed softly and looked at Jonina and the gray-haired man. He laughed and said, "Let's start eating."

"Ah?"

This short sentence caused Jonina and the gray-haired man to become hesitant.

They looked at Zhou Hao with a serious expression, their eyes full of surprise and confusion. Then, they said nervously, "Dinner ... Dinner? do you want to eat mutated beasts?"

“Yeah,”

As Zhou Hao spoke, he suddenly grinned and lowered his head. He picked up the leg of the mutant Mantis and began to chew on it. It was an exceptionally delicious meal.

Seeing this, Jonina was instantly stunned.

She really couldn't believe what she was seeing. It was simply too shocking!

That wasn't all. Zhou Hao immediately pointed at the mutated Mantis's head and said to Jonina and the gray-haired man with a chuckle, “The mutated Mantis beast's mutated ability is the same as mine, spewing out a pillar of fire.”

“This giant mutant crocodile can spray water. You two can choose whatever you want. Eat their heads and you'll get the mutant ability.”

This short sentence made Jonina even more nervous and uneasy.

She could not help but look at Zhou Hao in panic. She shook her head and said hesitantly, “No, no, no, I definitely can't eat it!”

When the gray-haired man heard this, he couldn't help but swallow a few mouthfuls of saliva. It seemed that he couldn't wait any longer.

Zhou Hao only smiled and did not say anything. He just looked at the gray-haired man, waiting for his choice.

Although the gray-haired man kept telling himself in his heart that he was alone and would never eat mutated beasts, he finally couldn't take it anymore when he saw the scene in front of him.

That was because the smell in the air was simply too fragrant. He couldn't suppress his instincts as a mutated beast at all, only feeling his saliva drooling continuously, wishing he could devour the meat right now.

After seeing the reaction of the gray-haired man, Zhou Hao's face immediately revealed a smile. He smiled and slowly said, “Since you want to eat, don't hold back. Just eat it in big mouthfuls.”

After receiving Zhou Hao's support and encouragement, the gray-haired man immediately gathered his courage and began to gobble up the mutated beast!

The moment the gray-haired man took his first bite, his eyes lit up.

In the next second, he began to gobble down the food, looking like he was having a great time.

When Joanna saw this, she couldn't help but shiver all over. It wasn't that she was frightened by the gray-haired man's savage eating manner, but that she was shocked by the way he really started to eat the mutated beast alive!

This ...

How did he manage to swallow this!

However, what made Jonina suspicious was that when she smelled this scent, she was like a hungry person who had smelled a Manchu Han Imperial Feast. She wanted to pounce over and eat it.

She gulped nervously. Seeing Zhou Hao and the gray-haired man gobbling down the food, she couldn't help but walk up to the mutated beast. The next second, she took a light bite of the cooked crocodile tail.

After taking a bite, Jonina's eyes instantly lit up!

He didn't expect the meat of a mutated beast to be so fresh and tender. It even melted in his mouth and was extremely sweet. It was even a hundred times more delicious than the top-grade foie gras made in five-star hotels!

Even top-tier ingredients like Australian lobsters and King crabs would be instantly destroyed by this mutated beast!

The aroma melted in her mouth. It was a very sweet taste. Jonina, who had been hungry for a long time, instantly opened her taste buds.

Chapter 1011 - -feast

Chapter 1011:-feast

Jonina immediately grabbed the tail of the giant mutated crocodile and started eating it. She had a much better appetite than the gray-haired man.

Zhou Hao could not help but chuckle when he saw Jonina finally taking a step forward and gobbling up the mutated beast. He then pointed at the giant crocodile's head, indicating for Jonina to have a taste.

“Eat this, you can get the mutant ability of a mutant beast. Xiao Hui ate the head of a mutant Mantis beast, so this is for you.”

When Jonina heard this, she could not help but look at the gray-haired man beside her in surprise.

The gray-haired man immediately began to chew on the head of the mutant Mantis-like exotic beast. It seemed like he didn't care about this exotic beast at all, treating it as a feast for him to eat.

The gray-haired man no longer had the nervousness and uneasiness he felt earlier. At this moment, he felt like an exotic beast that couldn't wait to eat all the mutated exotic beasts!

Just as the gray-haired man swallowed the mutated beast's head, the beast's bloody mouth suddenly opened rapidly, and it let out a heart-wrenching roar into the distance.

When Zhou Hao and Jonina saw this, they were shocked. Then, they looked at the gray-haired man in disbelief and asked in confusion, “Xiao Hui, what's wrong?”

As Jonina spoke, she couldn't help but look at Zhou Hao. Her face was filled with anxiety as she said, “Zhou Hao, did Xiao Hui eat some poisonous mutant beast and get poisoned?”

“Or is this mutated beast's head inedible? what's going on?”

Hearing this, Zhou Hao's face suddenly showed a trace of confusion. He looked hesitantly at the gray-haired man in front of him and asked with surprise, “It shouldn't be!”

“When I picked up the communication device on planet kaple finitiz, it had something to do with this world. I've been reading it.”

“I really didn't expect this to happen.”

After saying this, Zhou Hao's face was filled with surprise. He slowly said, “Let's wait and see. It's probably because he just ate a mutated beast of a higher level than him, so his body hasn't reached the level it can take.”

When she heard Zhou Hao's words, Jonina's worry for the gray-haired man finally eased up a little.

Her face was filled with anxiety as she looked at the gray-haired man. She could not help but speak hesitantly, enunciating each word clearly, “Xiao Hui, how do you feel now?”

After listening to Zhou Hao's words, Xiao Hui's expression returned to normal. He panted heavily and looked at Zhou Hao in front of him, saying seriously, "I know. I'm recovering quite well now, and I'm breathing more energetically."

A smile appeared on the gray-haired man's face. He chuckled and said, "Boss, you're right. I do feel a lot of strength all over my body. It's especially abundant!"

Jonina, who was originally worried about the gray-haired man, was instantly overjoyed when she heard this. She then walked up excitedly to check if the gray-haired man had any injuries.

Fortunately, the gray-haired man was not injured. However, when Jonina walked to his side, her expression instantly turned into one of extreme shock. She could not help but open her mouth in shock and ask in confusion, "Xiao Hui, your aura is indeed much stronger than before!"

"So your aura was the same as mine, on par with mine, but now it's actually a level stronger than mine. I think you must have eaten the meat of a mutant beast, so your strength and level have increased!"

After hearing Jonina's affirmation, the gray-haired man's heart was filled with excitement and joy!

It tried to open its bloody mouth, facing a huge tree in the distance, and gradually condensed the flame in its mouth. The flame condensed in its mouth was getting bigger and bigger, looking particularly powerful.

Jonina could not help but ask, "Do you feel very hot like this?"

"I won't,"

Zhou Hao immediately shook his head and said in a serious tone, "This is because this ball of fire is equivalent to the powerful energy contained within our bodies. Therefore, it has fused with our bodies."

"There won't be any pain at all. Only when you shoot it out will the place that is attacked by us feel the pain and feeling of being burned by the flames!"

In the next second, the gray-haired man suddenly spat at the giant tree in the distance!

A whistling sound was heard in the distance. It was so fast that the gray-haired man didn't even have time to react. Then, the giant tree opposite him was burned to ashes!

Zhou Hao's face was filled with shock and disbelief when he saw this. He stared at the scene in a daze. He couldn't believe that he was actually seeing such a scene with his own eyes!

He didn't expect what his boss told him to be true. He had eaten the head of the mutated Mantis-like exotic beast and really obtained the power to spit fire!

When it saw this scene, Zhou Hao's heart was filled with excitement. It immediately turned around and looked at Zhou Hao in front of it. Then, it said excitedly, "Boss, I also have this ability, but I don't seem to be as powerful as you."

"Yup,"

Zhou Hao smiled and nodded. He said with a smile, "Because even though you've already leveled up, it's only one tier, from F to e."

"My current strength is D-class. If I eat these exotic beasts, my level won't increase for long, because the higher my level, the more energy and spiritual Qi I need to consume."

"So it's like this!"

After hearing these words, Jonina, who was far away, could not help but come forward and take a few more bites of the giant mutated crocodile's meat in an attempt to increase her strength.

When the gray-haired man beside her saw this, he immediately chuckled and said to Jonina, "Miss Qiao, you should eat the head of the giant crocodile. That way, you can improve your strength faster!"

"The head of a mutated beast contains much more spiritual energy than the skin and flesh of the body!"

Chapter 1012 - -increasing strength

Chapter 1012:-increasing strength

At first, Jonina's expression was a little nervous. After all, she didn't know if she would really be able to increase her strength if she ate those mutated beasts.

But now, when it really happened, the gray-haired man finally knew what was going on!

It turned out that after eating the head of the mutant Mantis behemoth, not only could he obtain its mutant ability, but his strength and progress had also begun to grow rapidly!

The gray-haired man closed his eyes tightly and carefully felt the power that was constantly whistling out. He felt that this extremely powerful force was gradually surrounding his entire body from top to bottom!

Moreover, what shocked the gray-haired man was that an extremely powerful force whistled through his body. Then, his claws suddenly became sharper. Now, his claws were so sharp that they could directly break the steel plate!

“Boss, boss, I got a new skill, Thunder slash!”

The gray-haired man’s heart was filled with ecstasy. His eyes were filled with excitement, and his excited breathing began to quicken. One had to know that before he evolved, he was just a low-level F-grade exotic beast. He didn’t have so many abilities!

But now, after he ate the head of the mutated Mantis-like exotic beast, his strength and level had received a tremendous boost!

If he had such an ability, his strength would increase by hundreds of times!

The gray-haired man couldn’t help but squint his eyes and carefully look at his own claws. When he saw the changes on his claws, his face suddenly became extremely shocked!

It tried to use its claws to secretly exert force, only to see its claws suddenly emit a golden light, which was constantly emitted.

Such a shocking power whizzed towards his body and continued to spread out. It made the gray-haired man panic!

“Boss, I feel like there’s an endless amount of power surrounding me from head to toe!”

After hearing these words, Zhou Hao’s face suddenly became very excited. His eyes were filled with anxiety. Then, he immediately looked at the gray-haired man in the distance and said with a smile, “Is that so?”

“If that’s the case, hurry up and try to see how powerful you have become!”

After hearing his boss’s words, the gray-haired man’s face immediately showed a touch of excitement and agitation.

His eyes were filled with determination as he looked at Zhou Hao in front of him. Then, he nodded his head excitedly and said, “Okay, boss, I feel very good now!”

The gray-haired man now felt that if he were to kill the mutated Mantis-like exotic beast in an instant with his current abilities and abilities, he might be able to bite off the head of the mutated crocodile right now!

This wasn't an exaggeration at all, because the gray-haired man's current strength could be said to have reached a whole new level. He was indeed an extremely powerful existence!

With that thought in mind, the gray-haired man quickly extended his claws and charged towards a huge tree in the distance.

In the distance, a deafening sound was heard, and then something that no one had expected happened!

The gray-haired man's face suddenly turned into one of shock. He heard an extremely shocking sound coming from the distance. In the next second, a deafening explosion was heard, whistling and rapidly spreading into the distance!

An extremely powerful force emanated from the gray-haired man's sharp claws. With a loud bang, a huge tree in front of him was directly smashed into pieces!

When they saw this, both Jonina and Zhou Hao were completely shocked.

Their faces were filled with disbelief. Then, they said in excitement, "I didn't think that you'd become so powerful, Xiao Hui!"

When Zhou Hao saw this scene, he was overjoyed. Then, he could not help but urge Jonina, "Nina, hurry up and eat this giant crocodile's head. If you do that, your strength will also increase!"

When Jonina heard this, her face was filled with helplessness and anxiety. Although she really wanted to increase her strength and resolve this matter, she had no way of getting over this hurdle in her heart!

She always felt that eating the head of a mutated beast was too disgusting. She really couldn't bring herself to eat it!

However, things could only continue to develop as they were now.

Jonina's expression immediately turned extremely serious. She couldn't help but scan her surroundings, then tried to bring her Fox mouth close to the mutated beast, wanting to open her mouth and take a bite.

However, when she leaned over, even though the meat was right in front of her mouth and it was very sweet, she still couldn't take the bite!

This scene made her feel nauseated, and she couldn't help but dry vomit. She waved her hand at Zhou Hao and said with an extremely weak expression,""No... No, I still can't get over the hurdle in my heart ..."

Seeing how upset Jonina was, Zhou Hao did not say anything more. He simply waved his hand and chuckled as he slowly said,""Alright, alright. If you don't like it, you can stop eating."

After getting Zhou Hao's promise, Jonina's expression turned serious.

"I've eaten so much mutated beast meat now," she said with a sigh."I should have grown quite a bit of my own strength, right?"

"After all, eating the head is not the only way to increase my strength. I just ate a lot of mutant crocodile meat, so I feel that my strength has increased a lot!"

As she spoke, Jonina looked into the distance with an extremely serious expression. Then, she quickly extended her claws and clawed at the huge tree in front of her!

With a loud 'bang', the giant tree was directly cut in half by Jonina's claws!

Chapter 1013 - turning enemies into friends

Chapter 1013:-turning enemies into friends

Even though Jonina's strength was not as strong as the gray-haired man's, her strength was still extremely powerful. It was shocking and could not be underestimated!

Seeing this, Zhou Hao's face was filled with joy. Then, he became extremely excited and said,""Hehe, I didn't expect your strength to increase so much. This is a good sign!"

Jonina could only feel her ears heating up. She looked at her little claws with great interest and could not help but turn them around to take a closer look. In the next second, she immediately began to gobble up the giant mutated crocodile meat.

Seeing Jonina suddenly gobble down the food, Zhou Hao's expression turned into one of surprise. He then asked in confusion,""Miss Nina, what are you doing?"

Jonina was taken aback by the question. She immediately chewed on the half of the mutated beast meat in her mouth and swallowed it. She then chuckled and said, "Didn't you say that we would become stronger if we ate mutated beasts?"

"So now that I've eaten so many mutated beasts, does that mean my ability can become stronger?"

Zhou Hao didn't know whether to laugh or cry at Qiao Nina's words.

He couldn't help but slowly open his mouth and then chuckled and said casually, "Hehe, you've misunderstood, Miss Nina. Actually, you only need one bite to absorb the energy in this mutated beast's body and turn it into your own."

"The reason why you haven't absorbed this energy yet is because you haven't completely digested it."

"But you're already very strong now, so you don't have to eat too much. In fact, you can't control yourself from eating. It's just out of your beast instinct to fill your stomach."

After saying this, the gray-haired man and Jonina finally understood what was going on.

It turned out that eating the meat of a mutated beast didn't mean that he would absorb the spiritual energy in every bite and turn it into his own energy. Instead, he would just devour all the energy in the mutated beast's body with one bite.

Jonina immediately nodded and smiled. "So that's how it is. I got it, then. I almost felt like I was going to eat an entire mutated beast."

"I'm not like the two of you. I'm not that strong after transforming. I'm so small, I definitely can't eat so much mutated beast meat."

After hearing what Jonina said, Zhou Hao and the gray-haired man couldn't help but chuckle. Then, they slowly said, "Don't worry, take it slow. Your strength has grown quite a bit. It's actually more than enough when facing lower level mutated beasts."

"En, it's good that there's enough!"

Jonina raised her furry little head, her face filled with anticipation. She then said, word for word, "I like to increase my strength the most now. I feel that my spirit is much more abundant!"

Looking at the excited Jonina, Zhou Hao couldn't help but smile. He asked softly, "That's why you should try to eat the head of the giant crocodile. As long as you eat its head, you can get its Thunder slash."

“That’s right, that’s right, miss Qiao. Actually, the head and the body taste the same. There’s no difference at all. If you don’t believe me, why don’t you give it a try?”

As Zhou Hao and Qiao Nina tried to persuade her, Qiao Annie’s face was still filled with disdain.

She first approached the giant crocodile’s head and sniffed it carefully. Then, she shook her head violently like a rattle and quickly refused,””No, no, no, forget it. I think we should forget it!”

“Zhou Hao, Xiao Hui, you guys eat. I still can’t convince my heart to take this step over. This blood suddenly dripping and pooping is really too disgusting!”

Zhou Hao and Griselda only smiled and shook their heads helplessly when they saw Jonina’s reaction.

The gray-haired man saw this and immediately said to Zhou Hao,””Boss, you should eat it. I think I’m already very good with this ability. Besides, you’re the leader of our team. You’re much stronger than us after learning one more skill!”

Seeing the gray-haired man’s trust in his eyes, Zhou Hao’s face was full of smiles. He immediately nodded slightly and said with a smile,””Alright, then I’ll do this!”

Zhou Hao smiled and immediately stepped forward. He bit off the giant crocodile’s head and began to chew it.

When Jonina saw this, she was instantly dumbfounded. She could not help but silently curse in her heart.

Zhou Hao was really suitable to be a mutated beast. He directly ate the bloody head of a mutated beast without even changing his expression, as if he felt that this was what he should do.

It really made people look at Zhou Hao in a new light after he turned into an exotic beast.

What she did not know was that before they came to the forbidden land and landed on this planet, Zhou Hao already had such an ability.

That awe-inspiring and fearsome void beast was him, Zhou Hao!

Zhou Hao’s eyes were burning as he looked at Jonina with a smile. Then, he slowly opened his mouth and said word by word with a light smile,””Nina, you actually have another special ability.”

“What?”

After hearing these words, Jonina's expression instantly became hesitant.

She looked at Zhou Hao in surprise and asked in confusion, "Special ability? What's the meaning of this?"

"That's right, boss. What special ability? why does Ms. Qiao have it, but we don't?"

The gray-haired man was also puzzled. He could not help but ask hesitantly. He was like a primary school student right now. He had no idea what kind of abilities and abilities he would have on this planet.

However, Zhou Hao only knew about this because he had picked up the communicator. Therefore, he had a better understanding of the world.

He was also the know-it-all in this world. At this moment, when he faced the gray-haired man and Jonina's puzzled faces, he only smiled slightly, and his expression became more mysterious.

Chapter 1014 - The bloodline of spirit fox

Chapter 1014: The bloodline of spirit fox

"Do you guys really want to know?"

Zhou Hao suddenly stopped mid-sentence.

He looked at Jonina with a mysterious look and slowly said, "Actually, you have the bloodline of the spirit fox. You have the inheritance of the spirit fox!"

"The inheritance of the spirit fox?"

After hearing this, the gray-haired man's expression immediately changed. He could not help but look at Jonina hesitantly and asked in confusion, "What spirit fox inheritance? boss, aren't we just ordinary mutated beasts?"

"Yup,"

When Jonina heard this, she could not help but be confused as well. She lowered her head and looked at herself hesitantly. Then, she said with a face full of surprise, "Why didn't I sense any spirit fox inheritance?"

"Don't I look like a very ordinary little white fox? besides, the Foxes who have the inheritance of the spirit fox in the previous TV series are all very beautiful, but I don't look that good either. I just look ordinary."

When she heard Zhou Hao's words, Jonina could not help but sink into a Deep State of self-doubt. She looked at Zhou Hao hesitantly and asked in confusion.

Looking at how serious Jonina was, Zhou Hao couldn't help but chuckle. Then, he slowly opened his mouth and said, "I know what you mean."

"In many TV series, those who have the spirit fox bloodline either have superpowers or can fly in the sky. They have discovered their abilities at the beginning, don't you think?"

"Yes, that's right, that's how it is!"

When Jonina heard this, she immediately nodded. Then, her expression was filled with anxiety as she hurriedly said, "After all, it's the spirit fox bloodline. It sounds very powerful. Don't these things represent my identity?"

When he heard Jonina's anxious question, Zhou Hao, who was standing beside her, smiled. He then slowly said, "If I really have the spirit fox bloodline, wouldn't we be able to get out of here very quickly if I activate my bloodline?"

No matter what, Jonina did not forget that her ultimate goal was to leave this planet as soon as possible and return to her own planet to save her own people.

Although he didn't know how long it would take for this matter to be realized, it shouldn't be far away.

Seeing how anxious Jonina was, Zhou Hao only smiled. He then slowly said, "Your spirit fox bloodline can only be activated after you reach D-class."

"At that time, you won't need to eat the heads of mutated beasts to directly activate your mutated ability."

After hearing these words, Jonina's face instantly lit up with excitement. She was so excited that she wanted to clap her hands. However, she realized that her hands were now just two furry little claws.

She immediately gave up on the idea and smiled shyly instead. Then, she slowly opened her mouth and said, "That's great! As long as you don't make me eat the heads of the mutated beasts, everything is fine!"

Seeing such a coquettish Jonina, Zhou Hao could not help but lower his eyes and smile.

“Oh, that’s right.”

Zhou Hao first scanned the surroundings, then said to the gray-haired man and Jonina, “From now on, we’ll be the Kings of Mount Kunlun. Whoever dares to come here and steal our territory, we’ll kill them and eat their meat.”

“At that time, your levels will also increase rapidly, and you will be able to leave this place soon!”

As Zhou Hao spoke, he looked at a huge cave in the distance and waved his hand at the two of them. “Let’s go, follow me first.” The gray-haired man and Jonina did not know what Zhou Hao was up to this time.

However, he still took a step forward and walked towards the cave. He quickly strode forward and walked over anxiously.

After entering the cave, Zhou Hao confirmed that there was no one around, so he immediately took out the spiritual fruits he had stored in his storage space. There were three of them, red and tender, and they looked delicious.

The fruits were placed on the ground. Zhou Hao gestured for the gray-haired man and Jonina to take one each. Then, he chuckled and said, “Since we’re a team, of course we should share the good stuff. You two should quickly eat the spiritual energy fruit. It can increase the spiritual energy in your bodies and promote your level.”

Jonina couldn’t help but look at the fruit on the ground. She felt that the fruit in front of her was extremely alluring, and she wanted to wolf it down and eat it.

Zhou Hao could not help but chuckle when he saw Jonina licking her mouth and drooling. He then slowly said, “Hurry up and eat, don’t hold back.”

When Jonina heard this, she immediately gobbled up the fruit that Zhou Hao had given her. The gray-haired man beside her also started chewing impatiently. He almost swallowed it whole, not even tasting it.

The gray-haired man licked his lips in satisfaction, his eyes filled with desire. He couldn’t help but say to Zhou Hao excitedly, “Boss, quickly eat it! This fruit is delicious!”

“Hehe, although I didn’t taste it, this feeling of melting in my mouth and leaving a fragrance in my mouth really makes me feel comfortable both physically and mentally!”

When Zhou Hao heard this, he couldn’t help but chuckle and shake his head. Then, he directly swallowed the fruit in front of him.

Sure enough, just like what the gray-haired man had said, after he bit down, he felt a powerful spiritual energy whistling and flourishing!

The huge impact quickly caused Jonina and the gray-haired man to feel uncomfortable.

Zhou Hao knew that this was because he had too much of a reaction, so he said to Jonina and the gray-haired man, "Alright, we need to rest for about three days to consume the spiritual Qi from the spiritual Qi fruit."

"Don't worry, I'll seal this cave with a barrier. When the time comes, no one will be able to approach this place!"

After eating the mutated beast, Zhou Hao's strength had increased. He was now at the early stages of D-class, so his strength was much stronger than before!

Chapter 1015 - protective barrier

Chapter 1015:-protective barrier

He now had a very strong power. He could create a barrier in a small space, protecting them from being discovered by other mutant beasts.

When they heard Zhou Hao's words, both Jonina and the gray-haired man felt a little more at ease.

Their faces looked very calm, and then they said with a smile, "Sure enough, being by boss's side is the safest!"

"That's right, Zhou Hao. Your ability is getting more and more powerful. Even if we eat ten spiritual fruits, I'm afraid we won't be able to beat you."

Jonina couldn't help but exclaim.

She thought to herself that Zhou Hao was really a genius. When he was only a fifth-grade martial Saint, he could easily defeat a seventh-grade martial Saint, and even exterminate mutated beasts that were several grades higher than him!

With such strength, regardless of whether he was human or not, or whether he had become a beast, he was still extremely outstanding in a group!

When Jonina thought of this, she could not help but take another look at Zhou Hao. Then, she said excitedly, "Alright, I'll start my dormancy now."

"Yes."

After Zhou Hao heard this, he smiled and slowly said, "Xiao Hui, you go over as well, leave this place to me."

Seeing Zhou Hao's nonchalant expression, the gray-haired man was very worried, but he did not say anything.

He just chuckled and said again, "Just calm down and adjust your state of mind. You don't have to worry about other things."

Very quickly, Jonina and the gray-haired man were lying in the deepest part of the cave. They curled up and started to use the fruit of spiritual energy to adjust the aura in their bodies and activate their cultivation.

White smoke rose from the bodies of the small white fox and the Jackal, and the surrounding air immediately rose into a large cloud of fog, constantly filling the surrounding area.

After Zhou Hao immediately set up the defensive boundary, he felt that he was also being constantly attacked by the spiritual energy. He could not even lift his head. Immediately, he lay down in front of the two people and began to adjust the aura in his body.

Zhou Hao could only feel a large amount of spirit Qi flowing out of his body. The spirit Qi whizzed towards him, causing his breathing to Quicken.

He suppressed the power in his heart and slowly closed his eyes, preparing to refine this aura.

He didn't know how much time had passed, but Zhou Hao suddenly felt a powerful force spreading out from his body. It continued to attack his body, whistling as it filled the air.

Zhou Hao let out a heavy breath and slowly opened his eyes. He glanced into the distance and found that the barrier was still there, but it was much weaker than when he had first set it up.

When Zhou Hao saw this scene, he roughly calculated the time. It seemed that three days had indeed passed.

A hesitant look appeared on her face. She then glanced at the gray-haired man and Jonina. They were still in their original positions, but the aura on their bodies had gradually faded. It was not as strong as before.

It seemed that they had already digested most of the spiritual energy contained in the spiritual energy fruit. Otherwise, they would not be in this state.

Zhou Hao didn't disturb them and just waited quietly at the side.

He couldn't just turn around and leave. After all, if he did, the barrier would break.

In addition, the two of them had reached the most critical moment. He had to guard this place, to prevent other mutant beasts from invading.

Thinking of this, Zhou Hao closed his eyes and curled up on the side to rest.

However, it was worth mentioning that after Zhou Hao had consumed the power of the Spirit fruit, he felt a strong and enthusiastic sense of excitement gradually spreading throughout his body!

This feeling swept away the fatigue and unbearable feeling all over his body. At this moment, he had recovered really well!

A serious expression appeared on Zhou Hao's face. His eyes were fixed on the door, and his face was full of vigilance. He frowned as he looked into the distance, his eyes cold.

No mutated beast would be able to detect that such a powerful force was hiding nearby!

Zhou Hao looked at the two people who had yet to wake up. He suddenly wanted to try and see what level his current strength had reached.

After all, he had eaten a spirit fruit, an existence that all the mutated beasts on planet kapple finitiz drooled over. They couldn't stand such a powerful force!

Zhou Hao first tried to spit out a Flame Slash into the distance. Who knew that as soon as he opened his mouth, he would see a huge Flame Slash as large as a giant tree in the distance. It spread out with an extremely powerful aura and destructive power!

Seeing this, Zhou Hao was shocked. He couldn't help but look at the scene in shock. He kept exclaiming, "Oh my God, it actually became so powerful ..."

Zhou Hao held his breath and carefully felt his current strength. He was shocked to find that after eating the spirit fruit, he had advanced an entire level. Now, he had reached C-Class, becoming a C-Class mutant beast!

Even Zhou Hao couldn't help but be shocked by such a valiant strength. Didn't that mean that these mutated beasts were just a bunch of ants in front of him, without any chance to fight back?

.....

At the same time, in a special combat division Office on planet kaplephintis.

An old man's face suddenly turned extremely gloomy. Then, he slowly opened his mouth and said, word by word, "Our plan should have failed this time, but it doesn't matter!"

"Failure is the mother of success. If we keep working hard, we'll definitely find a way to snatch the spiritual fruit and exterminate the mutated beasts. As long as we're willing to persevere, we'll be able to do it one day!"

.....

When night fell, Jonina and the gray-haired man opened their eyes in a daze. They then slowly scanned their surroundings. When they saw that Zhou Hao had woken up, they were stunned.

Chapter 1016 - leveling

Chapter 1016:-leveling

?

"Zhou Hao, when did you wake up?"

When she saw this, Jonina's face revealed a hint of surprise. Then, she asked hesitantly and confusedly.

"I was half a day earlier than you. How is it? do you feel that you're a hundred times more energetic and full of energy now?"

Zhou Hao smiled and looked at Jonina. He then slowly opened his mouth and said with a chuckle, "To see if I've already reached a certain level of physical endurance?"

When Jonina heard Zhou Hao's question, a hint of joy appeared on her face.

Her eyes were filled with anxiety, and she immediately held her breath and focused her mind, carefully checking her current level and strength.

"I ... I've reached E Class now. I didn't expect this spiritual fruit to be so powerful!"

As Jonina spoke, she suddenly felt an extremely powerful force appear in her blood. She immediately closed her eyes and carefully searched for traces of this part.

"Zhou Hao, I can feel a force in my body that is about to break out of the ground!"

Jonina's voice could not hide the excitement and agitation in her heart. Her eyes were filled with urgency as she spoke anxiously.

"It seems that you are about to activate your spirit fox bloodline. However, this matter is not something that can be rushed. Don't be anxious. Just wait and see. Everything will go according to plan."

After hearing these words, Jonina's anxious expression finally calmed down.

"She tried her best to suppress the anxiety and uneasiness in her heart. Then, she said to Zhou Hao,""Oh right, why hasn't Xiao Hui woken up yet?"

Zhou Hao looked at the gray-haired man in the distance after hearing his words. He looked at the gray-haired man in shock and immediately walked to his side. He said softly,""Little grey, little grey?"

The gray-haired man's eyes were tightly shut and he looked extremely anxious. His breathing had also become weak. Zhou Hao immediately gave him a heavy slap. The gray-haired man's eyes suddenly opened and he panted heavily.

"Xiao Hui, are you alright? are you okay?"

Jonina looked worriedly at the gray-haired man in front of her and asked anxiously, word for word.

"I ... I felt like I was stunned just now. I can't wake up no matter what. I don't know what happened either."

The gray-haired man's expression turned cold as he said urgently,""I don't know why, but I keep feeling like there was an invisible and extremely powerful pressure that was constantly binding me!"

After hearing these words, Zhou Hao, who was standing at the side, smiled and slowly said,""In my opinion, the powerful pressure you're talking about should be me, right?"

After hearing Zhou Hao's words, the gray-haired man's face suddenly became hesitant. He could not help but squint his eyes and carefully look at the gray-haired man. Then, he said with a surprised look, "It is indeed such a powerful pressure!"

"Boss, I didn't expect your strength to become so powerful. I almost couldn't stand up from the pressure!"

Although the gray-haired man said this, his face was filled with joy and surprise.

After all, the stronger Zhou Hao was, the more powerful their future protection would be!

Therefore, the gray-haired man was naturally happy for Zhou Hao from the bottom of his heart. Zhou Hao looked at Jonina and the gray-haired man, who had already returned to normal. Then, he waved his hand and chuckled as he waved his hand, saying, "Alright, come with me. Let's test our current strength and see how it's developing!"

Zhou Hao squinted his eyes and scanned the distance. He then pointed at a huge figure in the distance and said to Jonina and Zhou Hao, "Hehe, it's coming as I say. You two should hurry and try it."

After hearing Zhou Hao's words, Jonina's face revealed a hint of surprise.

"Zhou Hao, isn't this mutated beast a little too big? can we defeat it?"

Just as Jonina said this, the entire ground started to shake. A series of 'Bang Bang Bang' sounds were heard.

The gray-haired man and Jonina's faces were instantly filled with a hint of surprise. Then, they said in astonishment, "What's going on? what's going on? is there a landslide in the distance?"

With a 'whoosh', the huge exotic beast in the distance seemed to have discovered their existence.

It suddenly turned around, and a look of horror appeared in its eyes. It quickly ran toward Zhou Hao's position. Such a powerful aura seemed as if it could not wait to swallow them alive!

Not long after, Zhou Hao, the gray-haired man, and Jonina could feel the entire mountain shaking continuously. The shaking was very regular!

Such an incomparably powerful force made the three of them look shocked and fearful. Even their breathing carried a trace of surprise and disbelief.

“This mutated beast seems to be very powerful. Can we be its match? I’m a little suspicious ...”

The gray-haired man’s expression turned serious when he saw this.

His brows were tightly knitted and his face was filled with solemnity. He then looked at Zhou Hao and said word by word, “Boss, why don’t I go and try?”

Zhou Hao saw the eagerness on the gray-haired man’s face, and a smile appeared on his face. He nodded slightly, but before he left, he did not forget to remind him, “Don’t worry. If you can’t win, tell me immediately. I’ll deal with this trouble.”

The grey-haired man was overjoyed by Zhou Hao’s concern for him.

He had really followed the right person this time.

Zhou Hao had been silently caring for them. Although he was Zhou Hao’s servant, Zhou Hao had never treated him as a servant. He had always treated him as a teammate and brother. When they were in danger, he would rush to help without hesitation.

Thinking of this, the gray-haired man’s face suddenly became emotional. His eyes were filled with determination as he nodded to Zhou Hao and replied, “Don’t worry, boss!”

Chapter 1017 - Never expected

Chapter 1017: Never expected

During this period of time, after the gray-haired man, Zhou Hao, and Jonina had been together, he had finally realized what a team was, what cooperation was, and what it meant to be part of a team.

Zhou Hao was not the kind of person who would cower and hide in the back when something happened. He was willing to take the initiative to solve the problem.

Moreover, he was much stronger than the two of them, so he didn’t leave them to guard together.

In the beginning, when he had lured the group of people away and brought them into the spaceship in order to protect Jonina, he had been determined to do this with his life.

However, the gray-haired man did not expect that Zhou Hao would actually come to save him!

The gray-haired man couldn't believe it. After all, in their world, there was no one who would risk their lives to save someone for their own follower.

In fact, from the beginning, the gray-haired man had felt that he might just end his life here.

However, something that he had never expected happened.

Not only had Zhou Hao come to save her, even miss Qiao Nina had come!

The moment he saw them appear before him, the gray-haired man was extremely touched.

From that moment on, the gray-haired man silently swore in his heart that he would follow Zhou Hao for the rest of his life. He would protect Zhou Hao and miss Jonina. He would never let them suffer any harm!

This time, he just didn't want his boss and miss Qiao to encounter any trouble.

So, when he saw the danger in the distance, whistling and sweeping over, he suddenly began to lose control. He was prepared to solve this matter in place of boss and miss Qiao, so that they wouldn't be bothered by it.

The gray-haired man nodded at Zhou Hao and Jonina with an extremely determined expression. Then, he quickly moved forward and charged towards the figure that was running towards them!

The closer the gray-haired man got to the figure, the more he realized that the figure in the distance was actually a huge black leopard!

The cheetah's body was covered in a faint yellow light, and its eyes flashed with a faint sense of danger. It squinted its eyes and stared at them with a gloomy expression.

The mutant cheetah looked extremely huge. Its entire body seemed to be at least seven to eight meters long. It was also very heavy, probably over 500 pounds.

What shocked and confused the gray-haired man the most was that the speed of this huge mutant cheetah was extremely fast!

Even he might not be able to catch up with its speed!

At this moment, it was like a hungry cheetah staring at them, wanting to tear them to pieces. It was extremely fast and fierce!

When he saw this, Zhou Hao's face turned extremely ugly.

"This mutant cheetah seems to be a little difficult to deal with. I'm worried that Xiao Hui won't be his match.

Zhou Hao voiced out his worries. Beside him, although Jonina was also worried, she could not help but pat Zhou Hao's hand. Then, she consoled him,""Alright, Zhou Hao, don't be so dejected."

"Hasn't Xiao Hui already increased his own level by quite a bit? perhaps this time he can really burst out with a lot of power, who knows?"

After hearing these words, Zhou Hao immediately smiled and nodded. There was a hint of anticipation in his eyes. He then slowly said,"Yeah, Xiao Hui ate the mutant Mantis beast and obtained its mutant ability, Flame Slash. He might be a bit stronger than this mutant cheetah beast."

"However, the most important thing is that Xiao Hui's body now contains a lot of spiritual energy. Perhaps at the most critical time, this spiritual energy will be of some use."

After hearing Zhou Hao's words, Jonina, who was beside him, immediately nodded.

In the distance, the gray-haired man's expression turned serious as he looked at the mutated cheetah exotic beast that was charging at him with an extremely powerful aura.

This was because it sensed that there seemed to be an extremely powerful force in the surroundings. It carried an extremely powerful aura and was rapidly rushing towards it. It even set off an extremely violent wind!

"Good, your strength is actually so powerful. But I'm not someone to be trifled with. When the time comes, let me teach you a good lesson and teach you how to be a good person!"

After he said this, the gray-haired man's face instantly turned extremely dark.

This Kunlun Mountain was occupied by his boss, Zhou Hao.

One had to know that the tree here would bear spirit Qi fruits. As long as they could wait patiently, they would definitely find an opportunity to eat the spirit Qi fruits again and increase their own strength!

"Roar!"

In the distance, the mutated cheetah exotic beasts that were rapidly charging at him had a sinister look on their faces. They charged at the gray-haired man with a howl, as if they wanted to smash a huge bloody hole in his powerful body!

The gray-haired man's expression immediately turned a little colder, and his gaze gradually turned a little more sinister, staring at the mutated cheetah that was rapidly charging towards him from afar.

A series of loud clanging sounds rang out. In the next second, the mutated cheetah seemed to have transformed into an iron wall, directly and rapidly breaking a large portion of the towering trees!

The grey-haired man was stunned when he saw this. His eyes were filled with disbelief as he shook his head and said, "Oh my God, does this mutated beast not feel pain?"

"Why is he so fast and so powerful? he's simply not putting anyone in his eyes!"

The gray-haired man couldn't help but criticize in his heart.

When he saw the mutated cheetah beast charging at him, the gray-haired man finally realized that not only was the mutated cheetah beast fast, it was also extremely strong. It wasn't something he could control.

Chapter 1018 - Locking onto the target

Chapter 1018: Locking onto the target

?

Zhou Hao, who was originally standing in the distance, had his eyes fixed on the mutated cheetah the entire time, watching its every move vigilantly, in case the gray-haired man in the distance suffered any losses.

As the mutated cheetah charged toward its position, it let out a heart-wrenching roar.

Its target was the gray-haired man in the distance, as if it wanted to tear them to pieces.

Aowuwu!

A cold expression gradually appeared on the mutated cheetah's face in the distance. It opened its bloody mouth and let out a furious roar!

It directly faced the gray-haired man in the distance and exploded with an extremely powerful force. It quickly waved its claws into the distance, and even the air exploded with an extremely sharp crackling sound!

"Roar!"

The gray-haired man couldn't help but raise his head quickly, directly letting out a furious roar. Immediately after, a strong gust of wind was set off, exploding in the air with a whistling sound, instantly destroying the powerful force that the mutated cheetah was sweeping towards him with!

When Jonina saw this from a distance, she was shocked. Then, she said excitedly, "Oh my God, Zhou Hao, did you see that?"

"Xiao Hui is really powerful. Facing such a fierce person, he can still do so well. It seems that this time, our spiritual fruit was really eaten at the right time!"

The gray-haired man in the distance had a playful look on his face. Then, he slowly said, "Hehe, it seems that your strength is really not simple. However, it's useless in front of me."

Aowu!

The mutated cheetah in the distance let out a heart-wrenching roar once more. It quickly strode forward and charged at the man in front of it, as if it couldn't wait to kill him!

His speed was extremely fast, his strength was extremely high, and his explosive power was also extremely powerful. He was incomparably valiant as he rapidly shot towards the gray-haired man's position!

Such a valiant and Swift speed really made the gray-haired man's breathing Quicken. His expression was difficult, and his eyes were filled with disbelief. Even his breathing was filled with a trace of uneasiness and fear.

However, the gray-haired man quickly adjusted his mood. He tried his best to calm himself down, and then swept his eyes across the mutated beast in front of him with a serious look. He said word by word with a serious expression, "Alright, come on. I'd like to see how powerful your ability is!"

Seeing the mutated beasts rapidly flying towards him, the gray-haired man's face immediately turned dark. He slowly opened his mouth and said, word for word, "Since you're here to court death, then accept it!"

The mutated cheetah was extremely fast, and its movements were extremely agile. It quickly launched a series of powerful attacks in front of it.

However, seeing the mutated beasts rapidly approaching him, the gray-haired man's face turned serious. He dodged the attack easily.

In the next second, the gray-haired man dodged and appeared behind the mutated cheetah at an extremely fast speed. He waved his hunting fist and clawed at the back of the mutated cheetah with a whistling sound!

With a loud clatter, the gray-haired man's sharp claws tore through the mutated cheetah's body!

The body of the mutant cheetah made the gray-haired man feel like his claws were scratching a steel plate.

It didn't expect the skin of a mutated cheetah to be so thick and strong!

A sharp pain shot up from the mutated cheetah's neck. However, the gray-haired man still managed to leave behind several deep, bloody marks!

However, it couldn't be considered to have hurt the mutated cheetah at all. It was only a slight injury, not fatal at all.

Who would have thought that in the next second, after the mutated cheetah exotic beast was scratched, its original bloodthirsty and violent nature would be triggered?

It suddenly opened its bloody mouth and let out a violent roar. Then, it rushed toward the gray-haired man in the distance!

The gray-haired man's reaction speed was also very fast. He dodged his attack almost instantly.

The mutated cheetah in the distance didn't expect something like this to happen. It looked at the scene in front of it in shock, disbelief written all over its face.

An angry roar came from afar. The gray-haired man subconsciously looked in the direction of the mutated cheetah.

To his shock, he discovered that the wound he had inflicted on the mutated cheetah was rapidly healing at a speed visible to the naked eye!

"Could it be that the mutant cheetah's ability is to rapidly heal its own injuries and wounds?"

After hearing these words, the gray-haired man's face suddenly became shocked. Then, he couldn't help shaking his head. His eyes were full of shock as he slowly said, "Heavens, if that mutated beast is really that powerful, it's really not easy to deal with."

When the gray-haired man thought of this, he could not help but sigh silently in his heart. Then, he slowly opened his mouth and said, word by word, "But this time, there might be more changes!"

"Ah wuwuwu!"

A heart-wrenching roar erupted from the distance. He didn't expect that his continuous attacks would have no effect at all. It made him extremely angry and unwilling!

The speed of the mutated cheetah was extremely fast, and it was charging towards his position with a howl, not giving anyone any time to react!

Its claws stomped heavily on the ground, and a burst of incomparably fierce sound immediately burst out. The sound was swift and fierce, and the entire ground seemed to be shaking constantly.

Chapter 1019 - Explosion of power

Chapter 1019: Explosion of power

It was as if the ground had exploded and caused a series of earth-shattering tremors!

The surrounding sand, stones, and debris were constantly and rapidly spreading. It was as if the entire ground had been shaken by this huge force, causing a violent trembling sound!

"F * ck."

The gray-haired man was shocked when he saw this. He had never thought that he would see such a scene one day!

If he'd really been hit by that mutant cheetah earlier, he'd probably be in for a terrible time.

Aowu!

However, that wasn't the end. The mutated cheetah seemed to be unwilling to give up on such a good attack, and its speed suddenly increased, as if it couldn't wait to directly kill the gray-haired man!

The mutated cheetah let out a fierce roar, then climbed up from the ground and charged at the gray-haired man at an extremely fast speed, launching a series of attacks!

His body looked extremely strong, and his speed and attacks were also unusually fast. His two huge claws brazenly waved, and immediately swung in the direction of the gray-haired man in the distance!

The mutated cheetah seemed to have become furious after being seriously injured, as if it wanted to tear the gray-haired man into pieces right now!

However, this time, when facing the attack of the mutated cheetah, the gray-haired man's expression immediately became much calmer. In the next second, he directly took the initiative to attack!

In that instant, he felt like it was a piece of cake for him to annihilate this mutated cheetah exotic beast that had suddenly appeared, as easy as blowing off dust!

The gray-haired man couldn't help but launch a series of fierce attacks at the mutated cheetah one after another, then directly appeared behind the beast in a flash, quickly running over to its position.

In the next second, a violent breathing sound instantly broke out. Not long after, the surrounding suddenly burst into a loud sound.

The deafening sound whistled rapidly towards his position, constantly and rapidly sweeping over!

Looking at the gray-haired man who was fiercely charging towards its position, the mutated cheetah's face immediately turned extremely dark. It stared at the gray-haired man coldly, as if it wanted to bite off his head!

In the next instant, the gray-haired man saw the mutated cheetah beast's speed was extremely fast, like a bullet that had been shot out, suddenly sweeping towards his position!

When he saw this, the gray-haired man immediately retreated a few steps backward. He watched as the mutated cheetah exotic beast chased after him rapidly and brazenly, and struck out with his palm!

"I've already seen through your current strength. How are you doing? I'll start to get rid of you, you bastard!"

In the next instant, rays of light continuously emanated from the gray-haired man's claws. Not long after, the gray-haired man quickly grabbed at the mutated cheetah before him!

Unable to Dodge in time, the mutated cheetah's entire body began to tremble violently. Blood immediately flowed down its wound in large amounts, looking extremely miserable and tragic!

"Hehe, kid, I'll let you have a good taste of my raging Flame Slash!"

The gray-haired man opened his bloody mouth and condensed a ball of red flames in his mouth. The flames grew larger and larger, and in the next moment, they rapidly charged towards the mutant cheetah's wound!

A cold, ear-piercing sound quickly swept through the air. In the next second, a huge hole was rapidly blasted into the mutated cheetah's body.

The blood on the bloody hole flowed down rapidly, little by little. In the next second, it suddenly spurted out rapidly, and the blood splattered three feet away. It looked particularly terrifying!

Flame Slash wasn't a simple attack at all. Not only was it extremely fast, but its impact was also extremely powerful. The intrepid Flame pillar made the mutated cheetah's body as thin as paper, and the flame Slash directly penetrated it.

The mutated cheetah could only feel its body being hit by countless impacts, almost being instantly killed and turned into pieces. It looked extremely miserable!

"Ah Wuwu!"

The mutated cheetah couldn't help but groan in pain. It felt an intense pain in its body, forcing it to retreat backward, ready to withdraw from the battle immediately!

Who would have thought that the gray-haired man would immediately notice the thoughts of the mutated cheetah exotic beast in the next second!

He knew that he was no match for the gray-haired man, so he was preparing to escape with the underground technique.

Who would have thought that the gray-haired man didn't even want to let the mutated cheetah leave this place? his face was filled with a serious expression, staring at the scene in front of him, to the point that even his breathing was a little hurried, and his face was filled with an extremely anxious look!

The grey-haired man's expression suddenly became bloodthirsty. His brows were filled with anticipation as he couldn't help but immediately rush toward the position in front of him.

The gray-haired man had eaten the mutated beast's meat and the spirit fruit, so he couldn't wait to find an opportunity to display his power and pounce on the mutated cheetah, tearing it into pieces!

The gray-haired man knew that as long as he ate the mutated cheetah, he would be able to increase his spiritual energy once again.

Moreover, the gray-haired man knew that the mutant cheetah's mutant ability was extremely powerful.

If he killed the mutated cheetah, he would be able to give the beast's ability to heal wounds to his boss, Zhou Hao.

Such a skill, Zhou Hao needed it more than he did!

However, in the next moment, something that shocked the gray-haired man happened. The mutated cheetah suddenly lay flat on the ground, its ears drooping, and it kept letting out a series of 'awoo awoo' wails, as if it was begging for mercy!

Chapter 1020 - -taking in underlings

Chapter 1020:-taking in underlings

This scene shocked the gray-haired man. His eyes were full of shock as he stared at the scene in a daze. He was so shocked that he couldn't come back to his senses for a long time.

Originally, it was prepared to kill the mutant cheetah.

Who knew that in the next second, the mutated cheetah would do something that shocked the gray-haired man even more. He couldn't believe it, and his eyes were wide open!

The mutated cheetah in front of him was letting out a series of low neighs, trying its best to lower its head. It even rolled on the ground, facing the gray-haired man with its furry belly.

Back on Earth Star, the pet cats that humans kept acted like this when they were acting coquettishly towards their owners. Showing off their bellies to humans was just a sign of weakness.

However, this was the first time the gray-haired man had seen a mutant cheetah display such a state to him. It was truly unbelievable!

The mutant cheetah kept letting out a series of pitiful cries, begging for mercy, and then an extremely weak aura quickly spread out.

When he realized this, Zhou Hao's face showed a hint of surprise. Then, his eyes were filled with disbelief as he said in confusion, "Brother, you ... What are you doing?"

The mutated cheetah, who had a violent look on its face and was ready to attack him valiantly, was now moving so quickly. It quickly crouched down in its position, pretending to be low.

When Jonina saw this from a distance, she was shocked. She could not help but ask hesitantly, "How did this happen? what's that mutated cheetah doing?"

This was the first time Zhou Hao had seen something like this. He hesitated for a moment before shaking his head. With a face full of disbelief, he slowly said, "I don't know what this mutant cheetah is up to."

"However, it seems that Xiao Hui won't suffer losses because of this, so you don't have to worry too much. Let's wait and see."

"Alright," he said.

When Jonina heard this, she immediately smiled and nodded. Then, she continued to look at the scene in the distance, ready to see how they were going to do this.

The mutated cheetah exotic beast in the distance didn't die immediately after being severely injured by the gray-haired man. It was because it had an extremely strong body. However, even so, it still couldn't hide the fact that it was almost done for.

Fresh blood was dripping down from his wound, drop by drop. In an instant, the surrounding vegetation and land were dyed red by the blood flowing out of the mutant cheetah's wound!

Even though mutant cheetahs were fast, their injuries could quickly heal on their own after gaining the mutant ability.

However, the injury that the gray-haired man had caused him was too great. Even though the wound was gradually healing, the speed at which blood was flowing out was a little too fast for him to bear.

At this moment, even the air was filled with the faint smell of blood.

“Awoo ...”

The mutated cheetah couldn't help but wail continuously. Its voice sounded particularly miserable, and it kept howling in extreme pain. It looked like it was in extreme pain.

The mutant cheetah was obviously begging for mercy from the gray-haired man, but this was the first time they had seen an exotic beast begging for mercy from a human. They couldn't help but be curious.

Seeing this, Zhou Hao's face broke into a smile. He immediately leaped to the side of the gray-haired man and said with a smile, “Xiao Hui, just keep this guy.”

“Ah?”

When the gray-haired man heard Zhou Hao's words, he was stunned. Then, his eyes were filled with disbelief as he stared at the scene in a daze, unable to come back to his senses for a long time.

What did the boss mean by suddenly asking him to show mercy?

Zhou Hao, who was standing at the side, could not help but smile helplessly when he saw the gray-haired man's puzzled face and the hesitation in his eyes. He then slowly said, “Keep it, it has great use!”

Of course, Zhou Hao didn't have much sympathy for him. He felt that seeing this mutated leopard groveling so pitifully in front of him, he was going to be kind and let him go.

He only felt that this mutated beast's strength and level were indeed very powerful. If he kept it and used it for his own use, it would definitely help him protect this Kunlun Mountain!

The strength of the mutant cheetah was indeed extraordinary. Even after the gray-haired man had eaten the head of the mutant Mantis beast and the spirit fruit, he was still able to tie with the gray-haired man!

From this, it could be seen that the mutant cheetah was extremely powerful.

If he stayed, Zhou Hao wasn't worried that the mutated cheetah would betray him. After all, he still had many beast hoops. As long as he gave it a beast hoop, the beast would

be like the gray-haired man, following him loyally, never having any thoughts of betraying him.

Moreover, although he had already picked the spiritual Qi fruit from the tree on Mount Kunlun, it would still bear many more fruits in the future.

When the spirit fruit was born, it would definitely emit a lot of spirit Qi, which would attract many mutated beasts to come and fight for this place as their territory.

If there were only a few of them, they would not be able to handle it. So, if there were enough helpers, it would definitely be beneficial to them!

Even though the gray-haired man and Jonina's abilities had increased by quite a bit, they were still far from being able to be like him and possess the strength of a national power. They were still far from being able to hold their own.

Zhou Hao immediately told the gray-haired man what he was thinking. The gray-haired man, who was initially confused, immediately knew what Zhou Hao was thinking. Naturally, he raised both his hands in agreement!

Chapter 1021 - Loyalty

Chapter 1021: Loyalty

"Boss, you're right. If we want to occupy the mountain and be Kings, we can't do it without a few underlings by our side!"

The gray-haired man's eyes glowed with excitement. He immediately said to Zhou Hao, "Boss, let's put the beast taming bracelet on him immediately. I can't wait to see him surrender to us!"

Seeing this, Zhou Hao's face suddenly broke into a smile.

He immediately took out a beast taming bangle from his storage space, then let the gray-haired man put it on his claw.

In the beginning, the mutated cheetah had no idea what the bracelet was.

It felt that the bangle was very big at first, but after it was put on, it gradually became smaller and smaller. In the end, it seemed to be embedded in its own claws. No matter how it wanted to take it off or throw it off, it had no way!

When he saw this, Zhou Hao's face suddenly turned serious. He then said coldly, "Cheetah, from today onwards, you are my little brother. I'll give you a name. From now on, you will be called Ah Fei, do you hear me?"

A hint of doubt appeared on the mutated cheetah's face, and it looked at Zhou Hao hesitantly, as if it couldn't understand what he was saying at all.

Only then did Zhou Hao come back to his senses. He knew that these mutated beasts were all mutated from animals, so it was normal that they couldn't understand human language.

As such, Zhou Hao tried to howl at the mutant cheetah using the method of an animal.

The mutated cheetah was so scared that it immediately cowered to the side, its ears drooped behind its head, looking extremely miserable, as if it didn't even dare to raise its head and look Zhou Hao in the eye.

Zhou Hao's intimidating power was simply too strong. He had no way to resist at all. He only felt that his entire body had fallen into a state of near collapse, and he could not even react!

"Aowu!"

Facing the gray-haired man and Zhou Hao standing in front of him, the endless sense of oppression and oppression that they brought to him was truly shocking.

They didn't even know how to react. In the next second, they fell to the ground as if they had seen something extremely terrifying.

At first, the mutant cheetah only felt that it was being suppressed by the gray-haired man, and didn't have such an intense reaction.

After all, even though he was an exotic beast, he understood one thing-as long as there was life, there was hope.

If he continued like this, he was afraid that he would not have a good ending. It was better to develop his strength as soon as possible, then leave this place and make plans!

As long as he could leave this place alive today, he would be able to develop his own strength as soon as possible in the future, and then exterminate this group of people who had seriously injured him.

However, the mutated cheetah had never expected that there was such a powerful person behind the mutated Jackal!

When he first saw Zhou Hao appear beside the gray-haired man, he felt an extremely powerful pressure. It whistled toward his position and quickly spread out.

In that instant, the mutated cheetah felt like it didn't even have the courage to look this powerful opponent in the eye. It felt like it was being directly threatened.

The mutated cheetah's face gradually turned ugly as it watched the beast bracelet gradually binding its arm.

Although it didn't know what this thing was, it felt that this thing's deterrence to it seemed to be unusually strong. It didn't dare to underestimate it at all, for fear that this thing would endanger its life.

Thinking up to this point, the mutated cheetah's expression immediately turned into one of shock, its eyes filled with disbelief. It stared at the scene in front of it in a daze, unable to come back to its senses for a long time!

After who knew how much time had passed, the mutated cheetah raised its eyes carefully once more, looking at Zhou Hao in front of it. In that instant, the mutated cheetah had completely taken Zhou Hao to be its master. It had always been loyal to him, unwilling to give up the chance to be by his side just like that!

A look of hope appeared in his eyes, and he began to make a series of "awoo awoo" sounds, as if he was begging for something.

The gray-haired man also let out a series of "awoo awoo" sounds from his mouth, but it sounded a few degrees higher than the mutated cheetah's.

Zhou Hao could tell that the gray-haired man was using the words of exotic beasts to teach the mutant leopard, telling it to listen to him in the future, or he'd just skin it alive.

Seeing the mutated cheetah frightened by the gray-haired man, Zhou Hao couldn't help but shake his head helplessly in his heart and chuckle.

Zhou Hao knew that even if the gray-haired man didn't go over to threaten the mutated cheetah, the beast would never betray him. After all, on this planet, as long as one had a Beast bracelet on, no one would be able to betray him. This was a principle that had never changed.

Just as the two of them were studying the mutated cheetah exotic beast in front of them, Jonina, who was in the distance, quickly walked over.

Her face was full of doubt. She couldn't help but look at the two of them hesitantly and asked, "What are you guys doing?"

"It's nothing,"

Zhou Hao smiled, his face full of smiles. The gray-haired man beside him took the opportunity to chuckle and said, "Hehe, boss and I have completely taken control of this mutated black bear Beast."

After saying that short sentence, the gray-haired man at the side had a smug look on his face, as if he was deliberately trying to take credit for Jonina's work. He pointed at the mutated cheetah exotic beast lying on the ground and said proudly, "It can't run!"

Chapter 1022 - -super mutation

Chapter 1022:-super mutation

"Really? you guys are really amazing!"

When Jonina saw this, her face instantly became extremely excited. She then excitedly said, "If we can really tame such a powerful exotic beast, we'll have a helper!"

"Alright, let's take a look around. We've only just taken over this mountain, so we need to know what's around us and if there's any danger lurking around. We need to be aware of it as soon as possible and make preparations."

After hearing Zhou Hao's words, Jonina and the gray-haired man immediately nodded and agreed. They knew that Zhou Hao was right. After all, the first thing they should do when they came to a strange place was to quickly investigate the surroundings and find out what was going on before making any preparations.

Zhou Hao turned around and looked at her. His ears were still drooped, and he was trying his best to keep his posture as low as possible. His face was full of sorrow. He frowned and looked at her, saying unhappily, "Why aren't you standing up and working?"

The mutated cheetah was scared out of its wits. It let out a loud howl and immediately jumped up from its spot.

At that moment, the wounds on the mutated cheetah's body had almost been healed by her own special ability. Only a small part of her body was left.

When the gray-haired man saw this, he could not help but shake his head. He sighed in shock and said, "I didn't expect this mutated cheetah to be so capable!"

"That's right, this speed of recovery is simply too amazing. Even the broken claws can grow back on their own. With such amazing power, doesn't that mean that I can obtain eternal life?"

Jonina's face was filled with disbelief, staring at the mutated cheetah exotic beast in front of her in a daze. Her eyes were filled with shock and disbelief.

The mutant cheetah in the distance only chuckled softly, followed by a series of creaking sounds.

The strange thing was that Zhou Hao, the gray-haired man, and Jonina understood what he was saying.

"Boss," he said, "actually, I can't live forever. If my important parts are stabbed, such as my head being cut off or my heart being taken out, I can't get back together on my own."

After listening to all that, Zhou Hao finally understood. It turned out that the mutant cheetah's mutant ability also had a flaw.

To put it bluntly, they weren't the only ones with flaws. Even his mutated special ability, Flame Slash, had a huge flaw.

After all, he could attack with fire. If he encountered a mutated beast that attacked with water, it might counter his mutated ability.

In front of him, the mutated cheetah climbed up from the ground with great difficulty. It brought Zhou Hao, the gray-haired man, and Jonina to scan the surroundings, as if it was patrolling its territory.

Soon, the three of them arrived at the top of Mount Kunlun.

When Zhou Hao saw the lush greenery on the mountaintop and a spring, he immediately felt that this was a land of great Feng Shui!

When it saw the mountain spring, the eyes of the mutated cheetah, which originally looked extremely exhausted, suddenly lit up with excitement!

Her face was filled with joy, and she was so excited that she almost stopped breathing. Her face was filled with excitement as she said excitedly, "Boss, I remember now. This is a good place with good feng shui!"

“Ah Fei, what do you mean by that?”

The group of people looked at Zhou Hao with a puzzled expression. Their eyes were filled with hesitation as they asked, word by word.

The mutant cheetah’s face was filled with excitement, and its eyes were on the verge of tears. It quickly said, “Boss, you should know why Mount Kunlun is surrounded by these mutated beasts, right?”

Faced with the mutant cheetah’s questioning, Zhou Hao only nodded his head slightly, answering truthfully.

“That’s right. When we first came to Mount Kunlun, there were mutant beasts everywhere.”

After hearing Zhou Hao’s words, Zhou Hao’s face showed a trace of excitement. Then, he anxiously said, “Then you must not have forgotten the purpose of your visit to Mount Kunlun, right?”

“Of course it’s to find the spiritual fruit. Ah Fei, don’t talk so much nonsense with our boss. Don’t you know that our boss is extremely busy every day? when will he be able to listen to you talk so much nonsense?”

Faced with the gray-haired man’s displeased urging, the mutated cheetah only chuckled in embarrassment, then slowly opened its mouth and said, word by word, “Actually, I just wanted to tell you and boss that there’s a great opportunity on Mount Kunlun.”

“It can produce many treasures that contain spirit Qi. For example, that tree is a Spirit Tree and can bear many spirit Qi fruits. After eating the spirit Qi fruits, one can increase their own cultivation and strength. It’s indeed extraordinary!”

“And this small stream of spring water, although it looks very ordinary, if you smell it carefully, there will be a faint spiritual Qi spreading out from it, right?”

After hearing this, the group of people immediately stuck their heads out and sniffed at the smell.

Sure enough, he could smell an extremely strong and powerful spiritual energy in the mountain spring!

When the gray-haired man and Jonina noticed the change, they could not help but look at the foot of the mountain in the distance. As expected, they saw a scene that shocked them to the point that they could not believe it!

The Kunlun Mountain at the foot of the mountain was covered in a thin mist, and this thin mist contained a very faint spiritual Qi!

As such, from the very start, the spiritual energy contained in it had already been detected by all the low-level mutated beasts with extremely sharp noses. That was why they knew there was good stuff here, and came here, ready to fight for a great opportunity for themselves!

When they thought of this, Zhou Hao, the gray-haired man, and Jonina finally understood what was going on.

Chapter 1023 - great opportunity

Chapter 1023:-great opportunity

?

The mutated cheetah had an extremely excited look on its face. Its eyes were filled with anxiety as it looked at Zhou Hao in front of it, and it said excitedly, "Let's go, boss, we'll dig out that tree which bears the fruit of spiritual energy and bury it beside the spring!"

When Zhou Hao saw how excited the mutated cheetah was, he couldn't believe his eyes.

The gray-haired man, in particular, didn't trust the mutated cheetah at all. He had a feeling that this fellow might turn on him soon, and so he had always been on guard against him.

Now that he saw that he was going to dig up the spiritual fruit tree without a care, a trace of suspicion suddenly filled his face. He looked at Zhou Hao in confusion and said in human language, "Boss, don't you feel that there's something wrong with this mutated cheetah?"

In truth, Zhou Hao had felt it too, but he didn't doubt the loyalty of the mutant leopard exotic beast. As such, he asked in confusion, "Why are you so excited?"

"If we manage to snatch the Spirit Tree, we'll have a great opportunity. However ..."

That short sentence made Zhou Hao's face freeze. He looked at Zhou Hao in confusion and asked hesitantly, "What do you mean by that?"

Halfway through his words, he suddenly began to stammer. Wasn't this clearly a problem?

Zhou Hao wasn't a vague person. After seeing this scene, he couldn't help but frown and asked in a cold voice, "What do you mean? explain it clearly!"

Seeing that Zhou Hao was angry, the mutated cheetah's expression suddenly became nervous. It immediately drooped its ears and couldn't help but shake its head helplessly, saying, "Actually, there's another group of mutated beasts on this mountain ..."

Before the mutated cheetah could finish its words, it heard the gray-haired man at the side sneer coldly.

His face was full of disdain. Then, he sneered and said, "Hehe, so you're worried that we'll be attacked by mutated beasts?"

As the gray-haired man spoke, he didn't give the cheetah any time to speak. Instead, he chuckled lightly, then said slowly with an unconcerned expression, "Then you're worried about the wrong thing."

"The most powerful person here is our boss, Mr. Zhou Hao. As long as Zhou Hao is here, all the ants can be easily crushed. It's as easy as blowing off dust!"

"If you're afraid of this and don't dare to come forward, then I'll really look down on you."

After hearing those words, the mutated cheetah hurriedly waved its hands, then said with an extremely anxious expression, "It's not like that, brother. You misunderstood me. I mean ..." He said.

The mutated cheetah seemed to be in a hurry to explain something, but the kid in front of him clearly didn't plan on giving him any time to explain. Instead, he smiled lightly and said casually, "Let me tell you, this matter is not as difficult as you think. It was boss who brought us all the way here. No matter how difficult it is, we will persist because we know what our purpose is!"

"You bunch of little ants, if you're really afraid, then I really have nothing to say."

Zhou Hao could not help but shake his head helplessly as he looked at the gray-haired man who kept boasting about his strength and chuckled.

This kid really didn't forget to boast no matter what.

When Zhou Hao heard this, he only shook his head indifferently. Then, he slowly said, "Alright, Xiao Hui, you don't have to say so much. Let's hear what he has to say."

The gray-haired man looked down on the mutated cheetah exotic beast from the start. After all, the way he knelt and begged for mercy when he couldn't win really made him feel a little unambitious.

However, Zhou Hao didn't think much of it. On the contrary, he even felt that this mutated cheetah wasn't like an exotic beast at all. It was actually like a human, knowing when to advance and when to retreat, and when to yield and when not to.

What he lacked the most right now was such a person. With such a person by his side, perhaps he could do something for him.

Thinking up to this point, Zhou Hao looked at the mutant leopard exotic beast in front of him and said, word for word, "Alright, tell me, what's going on?"

After obtaining Zhou Hao's permission, the mutated cheetah immediately smiled and said slowly, "Actually, there's a group of mutated beasts on this mountain. They're active in groups."

"They were mutated from rats that lived in groups. They were also eyeing Mount Kunlun covetously for the upcoming opportunity, so they have been looking for an opportunity to occupy this mountain."

"Mutated rat-type exotic beast?"

When the gray-haired man heard that, a look of extreme shock and surprise immediately appeared on his face. He looked at the mutated cheetah in front of him in confusion, and couldn't help but say in surprise, "How could this be? do such mutated beasts really exist?"

"Yes, I am."

The mutated cheetah couldn't help but nod its head repeatedly. Its expression turned extremely serious, and it said, "Yes, they have been hiding in Mount Kunlun for many years, waiting for this great opportunity to fall."

"This time, they didn't rush to appear because they understood that the first batch of picking fruits is not something they can snatch. Moreover, the artillery bombardment that the humans brought here before was indeed extremely powerful!"

"This time, many mutated beasts suffered heavy casualties, so the mutated rat beasts didn't dare to rush out first. But now, there are only a few mutated beasts left on Mount Kunlun, and these mutated rat beasts have a lot of people, probably hundreds or thousands. We're definitely not their match."

Zhou Hao, who was standing at the side, had a look of shock and disbelief on his face after he heard these words.

He couldn't help but take a look at his surroundings, a bad feeling in his heart. If what the mutated cheetah said was true, then it would be really difficult to deal with such a large number of mutated rats!

Chapter 1024 - -encountering a problem

Chapter 1024:-encountering a problem

The mutated cheetah's face was filled with anxiety. Its breathing was rapid, and its face was filled with anxiety. It couldn't help but say anxiously, "Actually, I'm not really scared anymore. After all, these mutated rat-type exotic beasts are the kind that don't bite people and are a nuisance to humans."

"Even if they don't have much killing power, it's disgusting to see them appear in groups."

"Oh?"

The gray-haired man standing in front of the mutated cheetah suddenly had a hesitant look on his face. He then spoke slowly, with a chuckle, and teased, "Why did I feel a little scared when I heard you mention the mutated rat-like exotic beast?"

"Could it be that you have been bullied by them before?"

The gray-haired man's words immediately struck a chord in the leopard's heart.

Its nervous expression suddenly became a little fearful, followed by an extremely embarrassed look on its face. Its tone of speaking also suddenly began to stammer.

"I-I-I ... That's not what I meant."

The mutated cheetah's face immediately showed an anxious expression, filled with helplessness. He then slowly opened his mouth and said, word for word, "It's just that something happened back then ..."

The gray-haired man's face lit up when he heard that. He then said excitedly, "What is it? tell us quickly. Don't try to hide anything from us."

When Jonina heard this, she immediately laughed and said, "Yes, yes. What embarrassing thing is it? tell us quickly so that we can be happy!"

Jonina and the gray-haired man's words made the mutated cheetah's face reveal a hint of surprise.

It looked embarrassed and anxious as it explained, "When I was looking for food on Mount Kunlun, I met these mutated rat-like beasts. They bullied me in groups, so I ..."

"Ahem."

A helpless look appeared on the mutated cheetah's face, and it said slowly and awkwardly, "That's why I'm a little traumatized by them. Cough, cough."

"Hehe, there are so many strange things in this world. There are so many of them. Now, I can see a scene of a mouse bullying a leopard. It really broadened my horizons!"

The gray-haired man and Jonina laughed so hard that their bodies were convulsing, mocking the mutated cheetah beast in front of them without any restraint.

An awkward expression appeared on the mutated cheetah's face. It lowered its head helplessly and said with a chuckle, "But it's all good now. With so many friends and bosses here to help me, this matter will definitely be resolved smoothly!"

After hearing these words, Zhou Hao's face suddenly showed a curious expression. He then said word by word, "Hehe, sure. Then I really want to take a good look at what kind of mutated beast it is to actually have such amazing abilities!"

At the same time, on Mount Kunlun, a group of mutated rat-type beasts were gathered together, gnawing at a huge mutated elephant-type beast.

"Squeak, squeak, squeak, squeak, squeak!"

Countless mutated rats squeaked noisily, as if they were declaring that they were the Masters of Mount kunfeng and that they would kill anyone who came here and skin them alive!

At the furthest point, there was a spring that was constantly flowing, looking particularly clear.

After hearing the commotion, the mutated cheetah beast that had brought Zhou Hao, the gray-haired man, and Jonina over immediately showed a hint of panic on its face.

This was the king Rat's place, and only the King Rat could take a bath in this spring.

Aowuwu!

From afar, they could hear a huge rat covered in yellow fur running towards them at high speed!

The Rat King, which was originally soaking in the spring water, became extremely vigilant when it saw this scene.

A look of hesitation appeared on his face, followed by a serious look in his eyes. He frowned as he looked at the yellow-haired rat that was running towards him. His face was filled with darkness, and a roar burst out from his mouth.

The king of rats was roaring at the yellow-furred rats in the distance.

When the rats heard the king rat's roar, their expressions became extremely serious. Then, their breathing began to quicken as they looked nervously at the yellow-haired rat in the distance.

It must be known that any social animals would have to select an elite King to lead their own team to a better path.

Of course, there were also many who could not stand the original King and were ready to kick the original King off the horse.

In the current rat world, there was also such a reason. In other words, if a rat did not like the Rat King, it would directly come up and challenge the Rat King.

If it could defeat the king of rats, it would become the new king of rats and occupy the territory.

"Squeak!"

In the distance, the yellow-furred rat's eyes suddenly turned cold. Then, they flickered with a faint red light, as if they contained an extremely bloodthirsty taste.

The Rat King's face turned cold when he saw this. He slowly said, "Good kid, you actually dare to challenge my King tier position?"

The yellow-furred rat on the other side also squeaked. Then, it slowly opened its mouth and said with a chuckle, "Hehe, I'm naturally here to challenge you. If I can defeat you, then you'll have to obediently give up your position and let me take it!"

As the yellow-haired rat spoke, his eyes suddenly had a look of excitement as he chuckled and spoke softly.

"How dare you challenge me? go to hell!"

The Rat King immediately dashed toward the yellow-haired rat in front of it after hearing the words.

An angry roar suddenly burst out, and then the king Rat rushed directly to the yellow-haired rat's position with lightning speed!

Chapter 1025 - -Rat King's fight

Chapter 1025:-Rat King's fight

?

The yellow-furred rat's eyes were sharp. It glanced at the angry Rat King indifferently. Even though it didn't say anything, its expression was very obvious.

He was obviously saying, "even if you can't compare to me, you're nothing more than an ant. How dare you challenge my authority in front of me?"

The more the yellow-furred rat looked down on him, the angrier the Rat King was!

With a cold expression, it immediately let out a series of ear-piercing squeaking sounds. The sound waves that burst out even shattered many huge rocks in the distance!

When it saw this scene, the yellow-haired rat's eyes immediately showed a bit of anger.

It suppressed the anger and dissatisfaction in its heart, and its eyes were full of fierceness, as if it wanted to kill the king Rat immediately!

The yellow-haired rat had always wanted to be the ruler of the mutant rat-type exotic beasts, but after it ate other mutant beasts, its fur color changed, so it thought it was born to be the king of rats. It couldn't wait to come here and find trouble with the king of rats.

It had tried to provoke the king Rat several times before, but it had never succeeded. On the contrary, it was beaten up by the king Rat and thrown out. It had lost all its face!

The yellow-haired rat was not ready to give up such a good opportunity, so it had been looking for an opportunity to take revenge, and then come back to snatch the Rat King's position.

It had only been a short ten days, and the yellow-haired rat had returned. It wanted to snatch the position that it had not been able to snatch before, to replace the Rat King and become the new ruler of the mutant rat-type exotic beasts!

Every time he thought of this, the yellow-haired rat would be excited and agitated.

It kept making 'squeak squeak squeak' sounds from its mouth, as if it was extremely excited.

With one shriek after another, the Rat King in the distance finally realized that something was wrong. The strength and level of the yellow-haired rat seemed to be much more powerful than before!

It seemed that he had not been able to beat it before. After this period of time, he had not forgotten to increase his strength. Now that his strength was slightly higher than its own, and his abilities were also more powerful, this suddenly made the Rat King feel a sense of danger!

It couldn't help but look at the yellow-haired mouse in front of it with a burning gaze. When it found that the mouse's strength was not ordinary, it immediately called out to the young, strong, and powerful mouse in the group behind it to deal with the yellow-haired mouse!

However, the yellow-haired rat didn't give the king Rat any time to react. In the next second, it quickly jumped up and split the stone under its feet with its bare hands. Then, it used the stone as an attack and quickly clawed at the king rat's position with its claws!

In the next second, the yellow-haired rat's arms suddenly grew a lot of muscles, making it look like a bodybuilder rat who often exercised.

The yellow-furred rat's strength suddenly soared. An extremely powerful force burst out from its body and quickly slammed towards the Rat King's position in the distance!

Seeing the yellow-haired rat closing in on it and rapidly hammering it, the Rat King did not retreat at all. Instead, with a cold look in its eyes, it threw a punch directly at the yellow-haired rat's fist!

In the distance, a series of violent "clang" sounds exploded. In the next second, the Rat King felt an extreme pain in his heart. It was as if his entire body had hit steel with his fist. It was so shocking that even his bones began to go numb!

At first, the group of mice was ready to go up and help, but in the next second, when all the young and strong mice saw the yellow-haired mouse's fierce and arrogant pursuit, they were all frightened and didn't dare to go forward.

They were worried that if the yellow-haired mouse was really so powerful, they would be sent to the underworld when the yellow-haired mouse really defeated the king of mice.

This was not the result they wanted to see!

After all, if the Rat King was really powerful, it would bring them to a higher level.

Who didn't want to have a powerful boss in the future who could lead them to enjoy wealth and glory?

The yellow-furred rat was very proud of itself when it saw the group of mutated rat beasts being scared away by its own strength. No one dared to help the Rat King.

It immediately raised its head and roared in the air, as if it was declaring its authority!

Seeing that the king Rat was starting to become timid, the yellow-haired rat was even more proud. It closed in on the king Rat step by step and quickly flew toward it!

Seeing this, the king Rat couldn't help but roar in anger. Then, without any hesitation, it quickly rushed toward the yellow-haired rat!

The Rat King understood that if it were to fight the yellow-haired rat head on, it might not be its opponent. After all, although the yellow-haired rat was not its opponent last time, it had begun to find ways to improve its strength after so many attacks.

However, this time, he was not the yellow-haired mouse's opponent at all. So, if he really wanted to fight it, he had to pay attention to the method and method.

Seeing the yellow-furred rat constantly sprinting towards its position, the king Rat immediately sensed a trace of danger. It immediately rushed towards the yellow-furred rat's position!

The speed was so fast that the yellow-haired rat could not react in time. It did not expect that the Rat King would suddenly Dodge!

One had to know that it had been so confident just a moment ago, as if it wanted to swallow him alive.

Now that he had actually escaped, it really made people feel puzzled and puzzled.

The Rat King's eyes were filled with viciousness. It quickly jumped onto a branch and took out the long whip made from the crippled elephant tail that it had previously beaten. It quickly swung it at the yellow-haired rat's position and fiercely hammered it!

Chapter 1026 - I'll take your life

Chapter 1026: I'll take your life

When it got its special weapon, the Rat King's face suddenly became a little excited. Then, its expression suddenly began to become excited, as if it had gotten its trump card and could immediately beat this yellow-haired rat to death!

The Rat King seemed to have gotten a buff that enhanced its strength and level when it got the whip. It suddenly became extremely powerful and began to attack the yellow-haired rat rapidly. Its methods were extremely fierce and showed no mercy at all!

The king Rat forced the yellow-haired rat to retreat. He didn't expect the king Rat to be so powerful.

The Rat King waved the elephant tail in his hand. For some reason, the elephant tail was as hard as iron. It was almost impossible to resist. The iron-whip-like elephant tail in the Rat king's hand directly whipped the yellow-haired rat's head!

It was as if he wanted to split the Rat King's Head in half right now!

Seeing that the tail was about to land heavily on the yellow-haired mouse's head, the yellow-haired mouse's eyes suddenly flashed with a fierce light. It stood on the spot and did not have any intention of dodging. Instead, it let the tail directly hit its head and swung it heavily!

With a loud clang, the tail hit the yellow-haired rat. Who knew that after the loud sound, the rat did not suffer any damage at all. Instead, the tail was broken!

This scene made the Rat King's expression change. It looked at its tail that was like a steel whip in shock. Such a powerful weapon was not intimidating at all in front of the yellow-haired rat!

The Rat King's face suddenly became extremely ugly. It must be known that the most powerful weapon it had now was the tail of the mutated giant elephant in its hand.

However, his weapon had been destroyed so easily without any resistance. It was simply unbelievable!

Although the yellow-furred rat's head was buzzing from the hit, its combat power did not weaken at all. When it saw that the Rat King had suffered an extremely violent impact, it quickly rushed toward the position of the Rat King and exploded with an extremely strong pursuit!

The yellow-furred rat brazenly struck its claw at the king rat's position and violently hammered it. In an instant, the king rat's head began to buzz and shake.

The Rat King's entire body was immediately lifted up by the hammer. His body was lifted up from the ground and floated in the air like a kite. Then, he heavily smashed onto the ground and no longer made any sound!

The yellow-furred rat suddenly had the posture of a Victor. He walked towards the king Rat with a smug look on his face. Without any mercy, he stepped on the king rat's head!

This was the attitude of a Victor. It also meant that the mutated rat-type exotic beasts had a new king, and that was the yellow-furred rat!

When they saw this scene, many people in the surroundings immediately began to cheer and howl in excitement. They instantly felt that their abilities and standards had taken a qualitative leap and improved!

The yellow-furred rat's face was filled with coldness. Then, it squeaked excitedly. This was the cry of a Victor!

Many of the mutant rat beasts below the stage squeaked, as if they were ready to welcome their new Rat King.

After all, it was a good thing for them that the new Rat King was so powerful. In this case, he could lead them to a more powerful life and future!

In the distance, Zhou Hao, led by the mutated cheetah, brought Jonina and the gray-haired man to the mountain. When he saw the rats gathered together, cheering and howling, the scene was extremely lively!

A look of shock appeared on the mutated cheetah's face. It looked at the scene in front of it in a daze, and its expression changed, especially when it saw the proud-looking yellow-furred rat standing on the rock. It was even more shocked.

"Wait, what are these rats doing?"

The mutated cheetah's face turned a little more serious. His brows were tightly furrowed, and he turned around to look at the gray-haired man and Jonina, then said in a rather serious tone, "I think we might have come at the wrong time!"

Zhou Hao's face remained calm, but a triumphant smile soon appeared on his face. He slowly said, "No, I think we've come at the right time!"

"Isn't there a saying that if we want them to die, we have to make them go crazy? now is the best time, and we have to firmly grasp this opportunity!"

However, when the group of people stood in the distance and saw this scene, the yellow-haired rat who was immersed in excitement and arrogance in the distance suddenly realized that something was wrong.

He couldn't help but raise his head and look at Zhou Hao and the gray-haired man in surprise. Then, his expression became serious.

"Squeak, squeak, squeak, squeak, squeak!"

In the distance, a roar suddenly burst out. In the next second, the yellow-haired rat looked at the group of people vigilantly, and its breathing suddenly became rapid. It seemed to be extremely afraid of this group of people who had suddenly appeared, and it wanted to suppress them tightly.

Moreover, the yellow-furred rat had just taken over the position of Rat King. It had not even stabilized its position yet, and now it had encountered such a powerful opponent.

Even though the yellow-haired rat had never fought with Zhou Hao before, the vast killing intent that emanated from Zhou Hao's body was enough to make the yellow-haired rat feel afraid.

It kept letting out roars, as if it was provoking Zhou Hao, trying to compete with it.

After all, the yellow-haired rat had defeated the Rat King previously. It could be said to have shaken the morale of the Army, feeling that it was the strongest mutated beast in the world. Even if so many mutated beasts suddenly appeared, it was not afraid at all and was ready to fight them!

After all, he had already thought that all the mountains around Mount Kunlun would be his territory. Therefore, he did not care if this group of intruders would cause him any trouble.

Chapter 1027 - -condescending

Chapter 1027:-condescending

The yellow-furred rat did not take Zhou Hao seriously at all. Just as it was about to attack, its head suddenly buzzed, followed by a heart-wrenching pain that quickly drilled into its mind.

Previously, the yellow-furred rat had been hit by the Rat King's iron-like tail.

At that time, it was immersed in the battle and didn't feel anything at all.

The pain was so intense that he felt dizzy and his breathing was rapid, with a hint of anxiety on his face. He knew that it was impossible for him to deal with these mutated beasts that suddenly barged in under the influence of such pain.

The yellow-haired rat's face was filled with anxiety because he knew that if he continued to suffer such painful torture, he would not be able to defeat this group of people at all. He might even lose all his face in front of this group of rats!

In the distance, the mutated cheetah exotic beast, which was originally feeling a little fearful and anxious, suddenly had an extremely expectant look on its face when it saw this scene.

His eyes were filled with anxiety as he said word by word, "Boss, I think this is indeed a good opportunity. If we take advantage of this opportunity to directly deal with this yellow-haired rat, then wouldn't we be able to occupy the mountain and be the king?"

"You're right!"

A serious look appeared on Zhou Hao's face as well, before he smiled and looked at the mutated cheetah, saying, "Alright, since that's the case, you should hurry up and give it a try."

After hearing Zhou Hao's words, the mutated cheetah's face suddenly turned blank. Its eyes were filled with shock as it looked at the scene in front of it, and it didn't take a step forward!

Just hearing what Zhou Hao wanted it to do, the mutated cheetah was so scared that its face turned pale, and its breathing became rapid. It didn't even dare to say a single word. How could it dare to say anything?

One had to know that the mutated cheetahs would shiver all over when they saw the group of mutated rats, and their breathing would quicken. Their faces were filled with anxiety and uneasiness, and they wouldn't care about such things at all.

However, the gray-haired man knew what Zhou Hao's intentions were. A look of displeasure immediately appeared on his face, but he quickly suppressed the anger in his heart and slammed his paw heavily on the head of the mutant leopard exotic beast, saying angrily, "I told you to go over, so hurry up and go over. What are you wasting your breath here for?"

"You're my underling. If we don't need you to test this guy's ability, then why should we keep you alive? hurry up and get over there!"

That short sentence immediately scared the mutated cheetah so much that its breathing started to tremble. It was so frightened that it started to stutter, even its tone of voice.

She was so scared that her expression changed drastically. She had no idea what she was going to say next.

In fact, it was also worried that if it didn't do this, they would think that it was useless and throw it out.

In that instant, the mutated cheetah was scared out of its wits. Its expression turned into one of panic and helplessness, with a hint of fear and panic on its face. It had an uneasy look on its face, as if it would be scared to death in the next second!

He understood that if he wanted to live, he had to stay by Zhou Hao and the gray-haired man's side. Otherwise, he would not have so many chances.

Now, facing the opponents it had once lost to, the mutated cheetah was extremely nervous and uneasy. It was almost unable to breathe, feeling like it was a little white mouse that was about to be threatened by the gray-haired man!

However, he also understood one thing deeply in his heart, and that was Zhou Hao was his boss. No matter what, he had to listen to Zhou Hao's words and not resist at all!

Thinking up to this point, the mutated cheetah no longer hesitated. It tried its best to let out a furious roar in the distance, where the yellow-haired rat was. It immediately opened its mouth and said slowly, word for word, "I'm here. I don't care what kind of rat you are. I have the boss behind me. Do you think I'm afraid of you?"

After he shouted this short sentence, an extremely powerful force suddenly burst out in the next second. Then, countless forces whizzed toward him!

Countless mutated rat-type exotic beasts also sensed that something was wrong. Their faces were filled with anxiety as they looked at the distance where the mutated cheetah was.

The mutated cheetah exotic beast that was bullied earlier was indeed attacked by the group of mutated rat exotic beasts. However, the Rat King that they saw earlier was the one with a tuft of yellow hair on its head.

Now, it had actually turned into a golden mutated rat. The mutated cheetah's face was filled with shock and confusion.

He looked at the group of mutant rats with a puzzled expression and asked slowly, "That's weird. What's going on? wasn't this rat the king of rats before?"

The mutated beast asked in a shapeshifting language that only they could understand.

When the yellow-haired rat in the lead heard the mutant cheetah exotic beast's words, a cold smile appeared on his face, followed by a smug look. He laughed lightly and said casually, "Hehe, today I've ascended to the new position of Rat King. Why? do you have a problem with that?"

A hint of nervousness and fear appeared on the mutated cheetah's face.

One had to know that the power that the mutated rat-like exotic beast had displayed earlier was enough to make him feel fear in his heart. Not to mention, it had led so many mutated exotic beasts to launch such a powerful attack at him. It was already an extremely difficult thing for him to be able to escape unscathed in such an intense battle.

Now, there was a new mutated Rat King, which meant that the ability of this mutated yellow-haired rat was much more powerful than that of the previous rat!

Chapter 1028 - shock

Chapter 1028:-shock

"Aowu!"

In the distance, the mutated cheetah was so nervous that its scalp was starting to go numb. It looked at the yellow-furred rat in the distance nervously, feeling its heart going numb uncontrollably, and a look of panic and fear appeared on its face.

One had to know that the shadow and pressure from when the Rat King ruthlessly dealt with him back then was still deeply embedded in his heart until now, causing him to be unable to recover from his shock for a long time.

The mutant cheetah was still not willing to go up, causing the gray-haired man's face to turn extremely serious. He really wanted to kick the mutant cheetah into the group of mutant rats, and then he angrily shouted, "Cut the F * cking nonsense!"

"Do you want to eat my sweeping kick? you don't understand what I'm saying, do you?"

"Either you get up there immediately, or I'll eat you up. It's your F * cking choice!"

In the distance, the mutated cheetah exotic beast that had been fiercely berated by the gray-haired man immediately turned pale from fright, a hint of panic appearing on its face. It stammered, "I, I, I ..."

In a language that only beasts could understand, it cried helplessly at the gray-haired man, "Big brother Hui, I'm injured, aren't I? if I go and fight with these rats, I'll definitely be ruthlessly dealt with ..."

Zhou Hao couldn't help but chuckle when he saw how sneaky the mutated cheetah was. He didn't expect it to be so sneaky, even knowing that it was injured. Going up to it would be suicide.

However, Zhou Hao did find it interesting that the mutant cheetah was such a coward, and had been acting like a wild leopard before.

The mutant cheetah was calculating. It couldn't even defeat the Rat King before, and now that the Rat King had changed owners, this yellow-haired rat didn't look like it was easy to provoke. If it really went up and fought it head-on, it would definitely not end well.

Moreover, he was now seriously injured. When the time came, he was afraid that he would be plotted against by the yellow-haired rat. Wouldn't that be the end of him?

"Don't you have a special ability that can automatically heal your wounds? with such a powerful special ability, why are you hesitating? if I tell you to go and pack up, you should just leave. Why are you talking so much nonsense?"

As he said that, the gray-haired man's face suddenly showed some displeasure. He suppressed the anger in his heart and directly sent a heavy slap towards the head of the mutated cheetah exotic beast!

“Stop talking nonsense. Hurry up and go deal with him. Otherwise, I’ll cripple you!”

After saying that short sentence, the mutated cheetah suddenly felt a sour and painful feeling in its heart.

Zhou Hao stood to the side, watching the gray-haired man take care of the mutant cheetah, not saying anything.

It wasn’t that he didn’t care, but although the mutated cheetah was severely injured, it seemed to have almost recovered after some time of recuperation. Also, that yellow-furred rat really did look unusual.

However, it was obviously injured. After all, it had just had a fierce battle with the Rat King. It was indeed because it had been holding on and not letting itself fall that it was able to stand here in good condition.

The mutant cheetah had such a powerful ability to protect itself, and its body was also very tough. It wouldn’t be difficult for it to deal with a yellow-furred mouse.

It was just that it had been bullied by the rats before, so it had never gotten over that hurdle in its heart.

He was well aware of this.

“Aowu!”

Under the threat of the gray-haired man’s claws, the mutated cheetah immediately let out a blood-curdling screech. It quickly took a step forward, quickly moving toward the position in front of it.

The yellow-haired rat had recognized the mutant cheetah from the start.

He had come to challenge the rat group once before, so he had seen how the mutant cheetah was bullied by the rats.

At this point, whenever the mutated cheetah saw the group of rats, it was like a rat seeing a cat. It was filled with fear and didn’t even dare to look at them in the eye, turning around and planning to leave.

It originally thought that if it intimidated the mutated cheetah, it would be scared out of its wits and turn around to leave, not daring to stay any longer.

“Squeak!”

Many rats in the distance suddenly burst out in a burst of extremely miserable howls and shouts. Each of them seemed to be cheering for their new Rat King!

Seeing this, the mutated cheetah lost all its confidence. Its nervous expression started to change drastically, its eyes filled with anxiety as it looked at the group of rats.

However, they couldn't say a word. After all, this had happened too suddenly, and they weren't prepared for it.

Moreover, although the group of rats were clamoring happily, none of them dared to step forward. After all, although the group of rats supported their new boss, they also understood that their strength was far inferior to the Tiger, Jackal, and the little white fox that had suddenly appeared in front of them.

Moreover, among their group of mutated beasts, the largest one was a mutated Tiger. It was obvious that it wasn't an existence to be trifled with. If they really offended it, they wouldn't have a good ending. They might even be ruthlessly dealt with by it.

Although the rats were all supporting their boss, they did not dare to take a step forward when they saw the group of people in front of them. Their auras were extremely strong, and they could tell that they were not to be trifled with. They were worried that they would be threatened!

Those rats were the sneaky ones. Even if the mutated cheetah had the ability to defeat them, it might not dare to provoke the rats directly.

After all, what happened to him back then had cast a shadow in his heart. Now that something like this had happened, it was normal for the mutated cheetah to be afraid of the shadow in his heart and not dare to go forward. It didn't dare to go up and fight those rats one by one.

The yellow-furred rat in the distance immediately had a cold expression on its face, and it kept making "squeak squeak squeak" sounds.

Chapter 1029 - Targeting

Chapter 1029: Targeting

The mutant leopard could hear the rat's voice clearly.

Its face was filled with provocation. It then looked at the mutated cheetah with a cold smile and said sarcastically, "Hehe, mutant leopard, you've lost to me before!"

"You still dare to appear in front of me today. Do you think your face is too big and your skin is itchy?"

After saying that short sentence, the mutated cheetah's face suddenly turned extremely serious. He suppressed the anger in his heart and said coldly, "I ... I'm not afraid!"

"What right do you have to say that I'm afraid of you? aren't you just a piece of trash? what right do you have to say such things in front of me?"

"Hehe, fine. If you call me trash, that would be even more interesting. Could it be that you're even worse than trash?"

After saying that short sentence, the mutated cheetah's breathing started to quicken, and it became anxious and uneasy, its eyes filled with cold displeasure.

The words that this damn yellow-haired mouse said really made people feel angry!

However, even though he was so angry, the mutated cheetah didn't dare to go up and fight the yellow-haired rat so easily. After all, the difference in strength between the two of them was quite huge, and they weren't a match at all. Even if the mutated cheetah had a few more helpers, he wouldn't dare to make a move due to the difference in numbers.

The yellow-haired rat said these words very indifferently. He didn't take this matter to heart at all.

Its face was full of sarcasm and contempt, followed by a proud look. It laughed and said again, "So you came here to give me food on purpose?"

"You know you're no match for me, but you still brought so many people to find trouble with me. Are you doing this on purpose to fill my stomach?"

"Hehe, if you're really that kind, perhaps I can take care of you if you're willing to stay by my side. But if you're not willing, then don't blame me for being impolite!"

After he said that, many of the mutated rat-type exotic beasts in the surroundings were surprised.

Their faces were filled with surprise as they looked at the mutated cheetah in front of them, which was much larger than them. They immediately felt that this matter was too ridiculous, so they couldn't help but look at the yellow-haired mouse in front of them and shake their heads.

If he kept this mutated cheetah by his side, wouldn't it be equivalent to having a time bomb by his side, ready to explode at any time?

It was really contemptible for such a thing to happen. Therefore, a few mutated rat-type exotic beasts immediately opened their mouths and said softly, "Boss, I think we should just forget about this matter!"

"The difference in size between this mutated cheetah and US is just too great, so there's no point in keeping it with us. Moreover, it's as timid as a mouse, so it's completely useless!"

"It's just a burden if we keep it by our side. It's better to just eat it and increase our strength!"

After hearing these words, the yellow-haired rat's face suddenly became gloomy. Then, he slowly opened his mouth and said, word by word, "You guys are right!"

"Since you guys want to fight me head on, let's start the battle!"

In the distance, a series of squeaking sounds could be heard. In the next second, the yellow-haired rat's face suddenly turned dark. Then, it slowly opened its mouth and said, word by word, "Mutant cheetah beast, you said it yourself. Didn't you come here and let us eat you?"

"Or are you planning to just kill me and let me bite off your neck and eat you?"

The yellow-furred rat's words were extremely arrogant and domineering. He was so pleased with himself that he seemed to have made up his mind that no matter what, he would easily settle this matter today.

When it thought of this, the yellow-haired rat's heart suddenly turned cold. Then, it slowly opened its mouth and said again, "Mutant cheetah exotic beast, I advise you to quit while you're ahead!"

When the yellow-haired rat saw that the mutated cheetah exotic beast was acting as if it didn't hear his intimidating presence, a hint of anger appeared on his face. He suppressed the anger in his heart, and a hint of ruthlessness appeared in his eyes.

The yellow-haired rat waved its hand, and in the space of a breath, it started howling at the mutant cheetah.

Countless mutated rat-type exotic beasts started roaring at the mutated cheetah-type exotic beast crazily, but they didn't take a step forward. They seemed to be extremely cold and angry!

They knew that even if they stood out, they still wouldn't have any way to defeat the mutant leopard.

After all, the mutant cheetah was huge. If they were to stand up one by one, they wouldn't be able to fight the mutant cheetah alone!

If the mutated cheetah was really provoked one day, it might rise up and beat them up, getting rid of their group of mutated rat-type exotic beasts!

When they thought of this, the mutated rat-like exotic beasts were all extremely opposed to it, not willing to agree to such a thing.

The yellow-haired rat's face suddenly had a triumphant look. Then, he slowly opened his mouth and said, word by word, "I've already made it clear to you, but none of my children and grandchildren are willing to agree to this. I can't say anything."

After saying that short sentence, the mutated cheetah's face turned even more serious. It was obvious that he was toying with the leopard on purpose.

The mutated cheetah's face suddenly turned serious. It bent its back nervously, looking extremely alert and uneasy. It looked around nervously, trembling in fear, and even its breathing became anxious.

In the crowd, a rat covered in gray fur suddenly stood up, and quickly pounced in the direction of the mutated cheetah!

A series of "squeak, squeak, squeak" provoking sounds came from its mouth!

Chapter 1030 - Provocation

Chapter 1030: Provocation

The gray-furred rat's face was filled with pride, and a hint of mockery appeared on its face. It glanced at the mutated cheetah, ready to provoke it.

However, in the next second, before the gray-furred rat could take a step forward, it was frightened by Zhou Hao's angry glare and shrank back.

It stood nervously on the spot and did not take a step forward for a long time. It suddenly felt that its heart was full of fear and did not dare to take another step forward.

Behind him, many of the mutated rat-type exotic beasts let out a series of sighing sounds, as if they were laughing at the cowardly mutated gray-furred rat.

“Squeak, squeak, squeak, squeak, squeak!”

“Squeak, squeak, squeak, squeak, squeak!”

After saying this short sentence, many of the surrounding rats suddenly began to howl in excitement. They seemed to be particularly excited and excited!

At first, the gray-furred rat was still trembling with fear and did not dare to step forward. However, in the next second, when it heard the mocking and contemptuous tone of the surrounding rats, its face suddenly became a little angry!

It had no idea where it got its courage from, but it quickly pounced towards the mutated cheetah in the distance!

Zhou Hao watched as the mutated rat-like exotic beast pounced at him, but in the next second, his eyes suddenly turned cold.

His expression was filled with vigilance, and a cold sneer appeared on his face. Then, he slowly said, “Hehe, you still want to create a diversion? I really don’t know where you got the courage from!”

After he said that, the gray-furred rat that was initially charging at the gray-haired man suddenly turned around and charged at Zhou Hao and Jonina!

From the looks of it, it seemed that he was prepared to crush them with a single blow!

With Zhou Hao’s acute senses, he saw through the thoughts of the mutated rat beast with a single glance. His eyes were filled with coldness as he slowly spoke, enunciating each word clearly, “I really don’t know where you got the courage to do this!”

With a wave of his hand, Zhou Hao quickly charged toward the gray-haired man in the distance!

A blood-curdling screech was heard. In the next second, Zhou Hao’s claw had slashed open the gray rat’s stomach!

“Awoo, awoo ...”

The gray-furred rat could not help but start to roar. Its eyes widened in shock, and red blood foam flowed out of its mouth. It looked extremely miserable.

Its breathing began to tremble, and its eyes were filled with fear. Its breathing was rapid, and its whole body began to Twitch. Not long after, its legs kicked, and it died.

A series of miserable shrieks were heard, and many of the surrounding mutated rats were immediately frightened. One by one, they wailed and took a few steps back. They looked particularly wretched and anxious, and did not dare to take even half a step forward.

Zhou Hao's abilities were simply too great. Many of the mutated beasts in the surroundings had a look of shock on their faces, so much so that they started to feel nervous and fearful.

The grey-furred rat that had been knocked down lay on the ground pitifully. Zhou Hao did not show any signs of pity. Instead, he smiled and slowly said, "Since you've been beaten to death, you should have a full meal."

"Xiao Hui, go eat it and increase your own spiritual energy!"

When the gray-haired man heard this, a look of joy appeared on his face. He then said with great excitement, "Many Thanks, boss!"

The gray-haired man didn't care about that. His ability had just increased a little, and he couldn't wait to increase his own ability and do his best for his boss!

After saying that, the gray-haired man immediately rushed toward the gray-furred rat that had been killed!

The gray-haired man wasn't afraid at all. He used his claws to grab the gray rat that had been killed. Then, he stepped on the ground and bit off the gray rat's head in one bite. After that, he swallowed it into his stomach and began to chew it.

The surrounding mutated beasts, who were originally arrogant, suddenly became extremely panicked and helpless.

They had completely forgotten how they had been shouting 'squeak, squeak, squeak, squeak' in the beginning. Now, they looked dispirited and listless.

At first, they had thought that they could definitely do this well. Only now did they truly realize that in front of such a ferocious mutated beast like Zhou Hao, they were worse than trash, the kind that could be killed with a single bite!

When he saw this scene, the yellow-haired rat's face suddenly had a look of shock. He could not help but speak hesitantly and asked, "Why did such a thing happen?"

"How is this mutated Tiger-like exotic beast so powerful? it annihilated my subordinate I was so proud of with a single claw. It's simply terrifying!"

When they saw this, all the rats were shocked and did not dare to say anything.

All the mutated rats started to hide in a panic. They didn't dare to take another look.

The gray-haired man beside him had already bitten the gray-furred rat that Zhou Hao had killed, leaving nothing behind.

Blood was still dripping from the corner of the gray-haired man's mouth, and he looked extremely satisfied.

On the other side, the yellow-haired rat's breathing began to become rapid, and his face also had a more anxious look.

His expression began to turn fearful, and his breathing became anxious and difficult. Then, he slowly opened his mouth and said, word by word, "If I don't exterminate you today, I'm afraid I won't be able to establish my might in the future. So what if you don't get lost? I'll exterminate you, you bastard!"

As the yellow-haired rat spoke, he immediately grabbed the tail of the mutated giant elephant that he had been using as a weapon before. He then roared angrily and quickly chased after the gray-haired man!

The gray-haired man's eyes were filled with pride.

Chapter 1031 - Reckless

Chapter 1031: Reckless

This reckless yellow-haired rat didn't even take a good look at the difference in size between him and it. It actually dared to provoke him. If this wasn't courting death, what was?

The yellow-haired rat's actions now were obviously because it had won the previous battle. After sitting in the position of Rat King, it had become arrogant. With a little ability, it thought that it could defeat others!

Although there were a lot of rats, after the gray-haired man ate the gray-haired rat, he felt his power burst out. He felt extremely hot-blooded, as if he wanted to swallow the yellow-haired rat alive!

A smile appeared on the gray-haired man's face. Then, his face was filled with pride. He kept making 'Chi Chi Chi, Chi Chi Chi' sounds at the yellow-haired rat, as if he was provoking the yellow-haired rat.

The yellow-furred rat was already filled with resentment and dissatisfaction after its 'vice-general' was eaten by the gray-haired man. Now that such a thing had happened, it was even more furious!

It understood that it had just sat in this position, and its position was not stable yet. If it left now, it was afraid that it would not have the chance to establish its power at all.

Otherwise, if he really allowed this bastard to humiliate him, he would definitely be laughed at by his rat group. Then, the position of Rat King that he had worked so hard to obtain would be laughed at by others.

At the thought of this, the yellow-haired rat suddenly let out an angry roar and roared at the gray-haired man. Its face was full of ferocity, and its expression suddenly became extremely dark, as if it could not wait to swallow the gray-haired man alive and Flay him alive to establish its authority.

Many of the surrounding mutated rats began to cheer when they saw this. They stared at the gray-haired man and Zhou Hao in the distance, as if they were trying to give their boss courage.

When Jonina saw this, she couldn't help but cast a glance at the mutated cheetah exotic beast with a frown, a hint of dissatisfaction and anger in her eyes.

"That lazy guy. I told him to deal with the mutated beasts, but he refused. He only knows how to play dead. Boss, why don't we just cripple him? what's the point of keeping him around? he's just a useless thing."

After saying this short sentence, Jonina's face was filled with anger and dissatisfaction.

They thought that the mutant cheetah was just here to eat and wait for death, that it didn't have anything to do with them and was useless even if they kept it.

Seeing this scene, Zhou Hao's face revealed a faint smile. Then, he slowly said casually, ""Don't be too anxious. It's still very useful. We'll need him to guard the mountain."

"Ah?"

When Jonina heard this, she could not help but be stunned. She then looked at him hesitantly and asked in confusion, ""Zhou Hao, are you crazy? this kid doesn't even listen to you. He doesn't even dare to fight with these mutated rats."

"If you really send him to guard the mountain, then the entire mountain will probably be lost."

After saying this, a faint smile appeared on Zhou Hao's face. He slowly said, "It's not that he doesn't listen to me, he just doesn't listen to others. "

"What?"

Jonina couldn't help but hesitate as she looked at this scene. She asked in confusion, ""If I don't listen to others, why would I listen to you? what you said is really interesting!"

Qiao Nina did not believe Zhou Hao's words at all. She only felt that the mutated cheetah was a detestable beast, like a piece of traitorous trash. It would not listen to what they said at all. Even if it followed them, it was only because it wanted to seek peace.

After all, with Zhou Hao's strength, as long as he stood there, he could make everyone look at him in a new light. They were extremely afraid and did not dare to take another step forward!

After saying this short sentence, Jonina's heart started to become anxious.

She couldn't help but sigh. Then, with eyes full of anxiety, she said, ""Zhou Hao, I advise you to think about it carefully. You can't be blindly optimistic. After all, this mutated cheetah is really hard to control!"

"If we want to find a mutated beast to guard the mountain, we can find a few loyal ones, like Xiao Hui. Wouldn't that be better?"

After hearing Jonina's words, Zhou Hao finally understood what she was thinking.

Therefore, she chuckled and said, ""Do you think Xiao Hui followed me willingly before? when we first met, he even had the intention of snatching all of my things."

"How did this happen?"

Jonina's expression instantly turned hesitant. She could not help but ask in surprise, ""But why would such a person be so devoted to you now? this really doesn't make sense. Could it be that he has other motives?"

After saying this, Zhou Hao couldn't help but smile. Then, he slowly said, ""Of course not. I actually put my treasure on it, the beast taming ring."

Jonina's expression froze when she heard this. Her eyes were filled with hesitation as she said, ""Why have I never heard you mention this before?"

A hint of surprise appeared on Jonina's face. She then looked at the loyal gray-haired man beside her. When she saw the bracelet on his wrist, she finally understood what was going on with Zhou Hao.

"So you're saying that the mutated cheetah is also wearing your Beast bracelet, and that's why it's listening to you and doing whatever you say, and that it'll never betray you? that's why you're so confident?"

Jonina laughed, then slowly opened her mouth and said again, "So that's how it is. No wonder you've always believed in mutant cheetahs."

"Yeah, because the one who ordered it to fight the mutated rat-type exotic beasts was Xiao Hui, not me. That's why the mutated cheetah-type exotic beast was so scared and didn't dare to take a step forward, worried that it wouldn't be able to beat those mutated exotic beasts, so it didn't dare to say a word."

Chapter 1032 - Cowering in fear

Chapter 1032: Cowering in fear

"If that's the case, then I'd like to see it for myself."

A hint of excitement suddenly appeared on Qiao Nina's face. She then looked at the mutated cheetah in front of her anxiously and said to Zhou Hao, "If you let it fight with these mutated rats, I think it might be able to win!"

Hearing Jonina's excited tone, Zhou Hao didn't say anything more. Instead, he smiled lightly and waved his hand at the mutated cheetah, saying, "Go over there and take care of that yellow-haired rat."

When the mutated cheetah first heard those words, it was so nervous that its breathing quickened. Its expression was anxious, and its eyes were filled with nervousness and fear, not daring to take a single step forward.

However, after Zhou Hao gave the order, the mutant leopard beast suddenly seemed to be on steroids, and hurriedly said to Zhou Hao, "Yes, boss, I'll go and kill this damn rat!"

After the mutant cheetah finished speaking, it immediately charged into the distance valiantly, directly towards the yellow-haired rat. Its eyes were red, and it looked extremely valiant.

In that instant, it was as if the mutated cheetah had turned into an invincible God of War. If it wanted to settle this matter, it would be as easy as blowing off dust!

The mutated cheetah quickly extended a claw, heading straight for the yellow-furred rat. It was so fast that many of the rat-type exotic beasts didn't even have the chance to react. They were quickly knocked to the ground by the extremely powerful force that the mutated cheetah unleashed!

The grey-haired man, who was still in a state of anxiety, was stunned by the explosive power of the attack.

It couldn't help but look at the mutated cheetah in surprise, asking in confusion, "Damn, what's wrong with this guy? he's suddenly so powerful. It's really unbelievable!"

Seeing this, the yellow-haired rat didn't seem to have any intention of backing down. Its face was filled with anxiety and anxiety, and it immediately let out a fearsome cry at the mutated cheetah, "It howled and in the next second, it was running straight towards his position!"

In the distance, a loud 'bang' suddenly erupted. In the next second, two figures suddenly collided with each other, followed by an extremely powerful sound!

The mutated cheetah looked like it wanted to dig out the yellow-furred rat's heart. It looked extremely tough and was ready to settle the matter in a breath's time.

Who knew that both sides were so powerful that a 'crackling' sound suddenly burst out in the surroundings. Not long after, the entire ground trembled because of the two forces 'anxiety and restraint.

Cracking sounds were heard. Not long after, the powerful force made the group of mutated rats take a few steps back vigilantly, as if they wanted to distance themselves from them as soon as possible.

The power in the surroundings continued to increase, and the cracks in the ground gradually became larger.

When Jonina and the gray-haired man saw this from a distance, they could not help but exclaim in shock. They said hesitantly, "This yellow-haired mouse's ability is actually so powerful. I really didn't expect it!"

"Yeah, he's quite capable."

Zhou Hao's gaze suddenly turned sharp. She sized up the yellow-haired rat in front of her with a smile, and her heart could not help but start to move.

“Hehe, although this mutated rat-like exotic beast isn’t big, it’s able to fight to a draw with the mutated cheetah exotic beast that’s twice its size. It’s really unbelievable.”

“If I can tame such a mutated beast for my own use, wouldn’t no one dare to disturb my Kunlun Sect anymore?”

At the thought of this, Zhou Hao’s face suddenly brightened up. Then, he slowly said, “After Ah Fei defeats them, we can take down the yellow-haired rats. With so many mutated rat-type exotic beasts, they can easily exterminate the mutated exotic beasts that want to come to Kun Lun.”

A look of excitement appeared on Zhou Hao’s face when he heard this short sentence. He chuckled and said softly, “There’s no need for you to do anything about this. The mutant cheetahs are very strong to begin with.”

“It’s just that he felt that he wasn’t a match for the tens of thousands of mutated rat-type exotic beasts and their human wave tactics. That’s why he didn’t dare to go forward.”

“Now, he’s wearing the beast taming bracelet and listens to my orders. He’s loyal to me and won’t say anything. Even if there are thousands of tigers and lions, he won’t be afraid, let alone a few thousand mutated rats.”

After Zhou Hao said this, Jonina and the gray-haired man’s expressions immediately turned serious. Then, they slowly said, “This beast taming ring’s ability is actually so powerful. It really surprised us!”

“That’s right. If it’s that powerful, we’ll just have to catch a mutated beast and put it on the beast bracelet. Then, we’ll be able to catch one and control one!”

Zhou Hao couldn’t help but shake his head when he heard Jonina’s words. He chuckled and said, “Hehe, if it’s really as you think, then things will be much simpler. The key is that this Beast bracelet is also a treasure. I don’t have that many treasures to use. I don’t even have ten left.”

After Zhou Hao said that, Jonina’s expression instantly turned a little desolate. She could not help but shake her head and helplessly said, “I didn’t expect this to happen ...”

“I thought you could use your beast taming bangle as you please, and use as many as you wanted.”

Hearing Jonina’s innocent words, Zhou Hao merely shook his head and chuckled as he spoke casually. His face suddenly became a little gentler.

An innocent girl like Jonina did look like a rich Princess who was well protected back on the planet. She was not very experienced in the world and might not know much about certain things.

Chapter 1033 - equally matched

Chapter 1033:-equally matched

In the distance, the battle was still heated and anxious.

Although the mutated cheetah beast had indeed suffered quite a bit of damage during its battle with the gray-haired man, it was still very weak.

Even if it had the ability to heal its injuries, its combat power would inevitably be reduced due to its injuries. But now, the difference in size between the two was still huge.

If the mutant cheetah were to launch an attack, the mutant rat's stomach would definitely be pierced by the beast.

It wasn't just the difference in speed and strength. Under such a fierce pursuit, one of them would definitely be seriously injured and the other would die!

After the mutant cheetahs collided with each other, the yellow-haired mouse was still determined in its steps in the next second. It gritted its teeth and persevered, ready to attack the mutant cheetahs again.

Due to its small size, even though the mutant cheetah was very fast, the gray-furred rat was still able to Dodge it easily.

The yellow-haired rat had a smug look on its face when it saw the mutated cheetah exotic beasts being pounced on one after another. It then let out squeaking sounds with a chuckle, as if it was mocking the mutated cheetah exotic beast.

A fierce glint suddenly shot out from the eyes of the mutated cheetah, as if it couldn't wait to rush forward right now and charge at the yellow-haired rat!

"Squeak!"

The yellow-haired rat clamored and tried to Dodge the move, but to his surprise, the speed of the mutated cheetah suddenly increased. It was so fast that the yellow-haired rat couldn't even react!

A deep gash was left on its back by the sharp claws of the mutant cheetah!

Blood spurted out and splattered all around. The blood splattered on the ground, causing the smell of blood to spread even more!

The yellow-haired rat had suffered a lot of injuries because of the fight for the throne of the Rat King. Now that it was standing here, the yellow-haired rat had suffered another heavy injury, so it decided to leave first.

When the mutated cheetah saw that the yellow-haired rat was about to turn around and escape, its eyes lit up with a burning light. It quickly chased after the rat in front of it!

With the Rat King as a foil, the group of mutant rat-like exotic beasts naturally felt that they could win the battle.

However, in the next second, the group of mutated rat-like exotic beasts saw that their boss had already left. Naturally, they didn't dare to stay any longer. Feeling that they had no one to rely on, they turned around and prepared to flee in a panic, their morale immediately falling apart.

Aowuwu!

A heart-wrenching roar suddenly rang out. In the next second, the mutated cheetah charged at the yellow-furred rat's position, ready to kill it with a single blow!

It wasn't easy for the mutated cheetah to get rid of the yellow-haired rat. Naturally, it wasn't prepared to give up on him just like that. As such, it was prepared to completely subdue the mutated yellow-haired rat and directly exterminate him!

The mutated cheetah suddenly let out a series of roars, then charged at a speed that was dozens of times faster than before, rapidly heading towards the yellow-haired rat's position, grabbing it fiercely!

A loud 'whoosh' was heard, and the surrounding air trembled continuously. It seemed that this move could kill the yellow-haired mouse in an instant!

"Squeak!"

The yellow-furred rat immediately sensed an extremely strong sense of danger, and his heart began to tremble.

The yellow-haired rat lowered its head and dodged the attack.

Even though the yellow-haired rat dodged with its fastest speed, it was still covered in wounds from the mutant cheetah's claws. Some of its bones were even exposed, shocking everyone!

At this moment, the yellow-haired mouse was already on the verge of death from the beating, and it was instantly so frightened that its pupils trembled.

It quickly and nervously retreated behind it, trying to put some distance between it and the mutated cheetah and avoid its pursuit.

The yellow-haired rat, who had nowhere to go, saw a huge tree in the distance and decided to jump onto it to find a place to hide. It didn't want to stand on the ground and let the mutant cheetah beast chase after it!

In the next second, the mutated rat-like exotic beast's body suddenly began to swell up violently!

Its body, which was originally less than a meter in size, was now rapidly expanding like a balloon. It kept growing in size, and in just a few breaths, it had surpassed the original size of the mutated cheetah!

In the beginning, the mutated cheetah was still very strong in its pursuit. Now that something like this had happened, it realized that its opponent was actually rapidly expanding in size. It was truly shocking!

The yellow-furred rat's body gradually grew larger, even larger than Zhou Hao's. It was even taller than the giant tree in the distance. As its strength gradually increased, even the ground under its feet began to sink in deeply. It was truly shocking!

In the distance, the mutated rat-like exotic beasts were all running for their lives!

Now that he saw his Rat King resisting so fiercely, even its body had become as large as a mountain!

One by one, their hearts suddenly became extremely shocked, and their expressions suddenly became a little more shocked. They looked at the yellow-haired mouse in front of them, stunned and stunned.

Aowu, aowu!"

The mutated cheetah was also shocked. Its eyes instantly widened as it looked at the yellow-furred rat that was several dozen meters taller than it, staring at the scene in shock!

Such a powerful existence was truly shocking!

"Damn, Zhou Hao, how did this rat become so big!"

Jonina was shocked as well. Originally, the size of this mutated rat-type exotic beast was not much different from hers. However, now, she was probably not even comparable to a claw of a yellow-haired rat!

“It seems that the mutated rat-like exotic beast’s mutated ability is to grow in size when it encounters danger. It’s not bad.”

Zhou Hao smiled and slowly said,”“However, the bigger its body, the slower its movements. This is also one of its weaknesses.”

Zhou Hao squinted his eyes and said with a smile.

Chapter 1034 - -powerful ability

Chapter 1034:-powerful ability

?

From the looks of it, Zhou Hao wasn’t affected much by this mutated beast.

It’s just a mere mutant ability, how could it be bound by these things?

Zhou Hao’s expression was extremely calm, but his eyes were filled with fierceness. Then, a hint of darkness appeared on his face. He slowly said,”“This is the strength of an awakened mutant!”

As Zhou Hao spoke, his eyes could not help but turn cold. He frowned as he looked at the gray-haired man in front of him. Then, his brows instantly relaxed and he said with a smile,”Your and Xiao Hui’s mutant abilities have not yet awakened.”

“I’m curious. If you two really awaken this ability, what will it be like?”

At first, Jonina thought that it was a little orderly, but now, when she heard what Zhou Hao said, her face was filled with shock.

She couldn’t help but ask hesitantly,”“Will I become this big in the future? I don’t want to! I’ll be so ugly!”

Zhou Hao didn’t answer. Instead, he smiled helplessly, looking extremely pleased with himself.

Zhou Hao looked at the huge yellow-furred rat in the distance with a smile in his eyes, as if he didn't have any fear of this mutated rat-like exotic beast at all. On the contrary, he looked extremely pleased with himself!

Aowuwu!

The mutated yellow-furred rat-like exotic beast suddenly sensed Zhou Hao's dissatisfaction and sizing it up, and its expression instantly turned sharp.

Its heart was filled with dissatisfaction towards Zhou Hao and his group. Now that it had finally seized such a rare opportunity, of course it wanted to think of a way to resolve this matter.

At this moment, the yellow-furred rat, relying on its huge size, began to have no scruples. It directly and valiantly charged at Zhou Hao's position, crazily attacking him continuously, as if it could not wait to swallow them all alive!

"Boss, be careful!"

Seeing that Zhou Hao was in danger, the gray-haired man and the mutated cheetah were both extremely excited. Their faces were filled with shock, and they let out a loud roar!

Jonina's reaction was even faster. She immediately stood in front of Zhou Hao, trying to block the fatal blow for him!

Zhou Hao's eyes were sharp and his hands were quick. After he grabbed Jonina, he immediately ran to the front and quickly stood up!

Its speed was even faster, and it quickly ran into the distance!

"Bang!"

The loud sound instantly erupted. In the next second, a deafening sound rang out in the surroundings. In the next second, the spot where Zhou Hao and Jonina had been standing was stomped into a deep pit!

When the yellow-haired rat saw that the pit was as deep as ten meters, it immediately let out a burst of excited "squeak squeak squeak" sounds from its mouth, as if it was announcing that it had finally eliminated this great threat in its heart!

After all, his body was so huge that he could crush all the mutated beasts with a single stomp, without any power to fight back!

Aowuwu!

A furious roar suddenly came with such a fierce deterrent force, directly exploding.

When the yellow-furred rat lifted its feet, it realized that there was no one in the deep pit. There were no mutated beasts at all!

The yellow-furred rat was shocked when it saw this.

Sure enough, although his body had grown bigger and his strength had instantly increased by a lot, his movements had become slower and he had no power to fight back at all!

In the distance, Zhou Hao had already brought Qiao Nina, the mutated cheetah, and the gray-haired man to hide in the deep pit that was about to be attacked. His eyes were burning, staring at the yellow-furred rat in the distance.

In the next moment, the gray-haired man spewed out a scorching and intense flame from his mouth, directly shooting towards the yellow-haired rat's fur!

The scorching flames instantly burned a large area of the rat's face. A series of loud 'Boom Boom' sounds were heard as the flames continuously exploded. Not long after, the yellow-haired rat was roasted to the point of wailing in pain!

The yellow-furred rat howled in pain and wailed. Its expression suddenly showed that it was in unbearable pain. Its eyes were filled with anxiety and its breathing began to become hurried.

This scorching fire couldn't even be thrown off, making people extremely frightened and short of breath.

If the yellow-furred rat could not get rid of the flames, it would be roasted by the spreading flames until it had no strength to fight back!

If this continued, he would not be able to defeat Zhou Hao and the others even if he was burned to death!

The yellow-furred rat had only obtained this ability after defeating and devouring a ferocious mutated beast some time ago.

Now, after such a thing had happened, it was actually the first time that the yellow-haired rat had used its powerful strength. It was simply unable to control it completely.

Now that it had been attacked by the gray-haired man's mutated special ability, Inferno slash, it suddenly had no strength to fight back!

His entire body suddenly shrank continuously. At this moment, he was like a broken ball of leather. He was no longer as powerful as before!

At the thought of this, the yellow-haired rat's breathing began to become rapid.

Its eyes were filled with solemnness as it sized up the gray-haired man in front of it with a frown. It only felt anger burning in its heart!

In addition to the burning sensation coming from his body, he simply couldn't control the raging flames that kept erupting from his body. He could only try to put out the burning fire by rolling on the ground!

Zhou Hao couldn't help but chuckle when he saw the yellow-furred rat struggling on its deathbed. Then, he slowly opened his mouth and said with a chuckle, "Hehe, you're really interesting!"

"You're already at death's door, but you still don't want to lower your head, right?"

After the short sentence, Zhou Hao immediately opened his bloody mouth and spat out a Flame Slash at the yellow-furred rat's position!

Zhou Hao's level was much more powerful than the gray-haired man's. Therefore, even if they were using the same attack, Zhou Hao's attack was much more powerful than the gray-haired man's!

The yellow-haired rat had no chance to fight back at all!

Chapter 1035 - -roasting

Chapter 1035:-roasting

In the distance, an extremely intense flame suddenly burst out!

In the next second, the yellow-haired rat's entire body was set on fire by the raging fire!

When it saw this scene, the yellow-furred rat's expression suddenly became panicked and helpless. It only felt that its entire body was being roasted by the flames, and even its breath began to become hot!

It struggled madly, but it was to no avail. The raging fire seemed to have a soul, clinging to it, not giving it any time to breathe!

Seeing that the yellow-furred rat was about to be burnt to a crisp by his raging inferno slash, Zhou Hao suddenly flew forward.

He opened his bloody mouth and quickly bit down on the yellow-haired rat's head!

What Zhou Hao was thinking was that if the yellow-furred rat was really burned to ashes, then he would not be able to obtain the mutant rat's ability.

Zhou Hao was already immune to his Inferno slash, so even though the yellow-furred rat's body was still burning with raging flames, Zhou Hao did not seem to be afraid at all!

He directly bit off the yellow-haired rat's head in one bite and then began to chew it with big bites, as if he didn't care about the yellow-haired rats at all!

With a 'Puchi' sound, fresh blood instantly splattered in all directions!

Zhou Hao ate to his heart's content. The yellow-furred rat's body at the side was also burned into a piece of charcoal by the raging inferno slash!

Zhou Hao glanced at the rat's body indifferently. Then, he stretched out one of his feet and stomped down heavily on the yellow-haired rat!

In the next second, the yellow-furred rat's body was stomped into a pool of powder. When the wind blew, it dissipated in the air, with no possibility of recovery!

Seeing this scene, many of the surrounding mutated rat-type exotic beasts' faces immediately turned into one of extreme fear. Their eyes were filled with disbelief, looking at this scene in extreme shock, unable to come back to their senses for a long time!

This kind of thing, if anyone didn't see it with their own eyes, they would not believe it!

This person's ability was simply too valiant!

Jonina and the gray-haired man were also dumbfounded by this scene.

They looked at the scene in shock, so shocked that they no longer dared to underestimate Zhou Hao. At that moment, without the king of the rats, they didn't know whether to run or not!

They stood there nervously, their eyes filled with fear and trepidation. They did not dare to step forward or even say a word. They only felt that this matter was truly shocking!

The mutant cheetah at the side was also scared silly.

In the beginning, the mutant cheetah thought that the group of rats would be difficult to deal with. However, Zhou Hao had bitten off its head with a single bite, causing the yellow-haired rats to completely disappear from this world!

Such an action was truly inconceivable!

However, in the next second, before anyone could figure out what was going on, something even more shocking happened to the mutated cheetah!

In the distance, the rats suddenly knelt on the ground and kowtowed, as if they were bowing to Zhou Hao!

When it saw that, the mutated cheetah felt extremely proud!

He really did not expect such a thing to happen!

It really made people feel very happy!

Zhou Hao's gaze swept across the group of mutated rats with a serious look, then spoke in the language of the mutated beasts, "If you're willing to submit to me, I can spare your lives."

"After all, without the Rat King, you're just a bunch of loose sand. You're not very strong to begin with, and once you're out of the control of a powerful person, you'll definitely be devoured by the mutated beasts outside. By then, you won't even have time to run."

Zhou Hao's words were extremely serious. He glanced at the group of mutated rats and said coldly,

Many of the mutated rat-type exotic beasts looked at each other, then looked at each other, as if they had made a decision in their hearts.

After hesitating for a long time, they could not help but kneel and kowtow to Zhou Hao again!

Not only that, the group of mutant rat-like exotic beasts were also letting out a series of 'squeak squeak squeak' sounds, as if they were extremely respectful to Zhou Hao!

Zhou Hao glanced at the group of mutated beasts indifferently, then said with a smile, "Alright, at least you guys know what's good for you,"

Immediately after, Zhou Hao glanced at the mutated cheetah, then said to the group of rats, "From today on, hoodlum will be your new Rat King. You must listen to him wholeheartedly. You can't disobey him. Do you understand?"

After the short speech, the countless mice squeaked in panic. Not long after, they knelt on the ground and kowtowed to the mutant cheetah.

When it saw that, the mutated cheetah felt extremely refreshed!

He had been bullied by those mutant rat-like exotic beasts many times before, and now he had finally defeated them, and his boss even let him sit on the throne of the Rat King!

Such a thing was simply something he had dreamed of!

When it thought of that, the mutated cheetah's heart was filled with pride.

It immediately let out a series of 'awoo, awoo' sounds of gratitude to Zhou Hao, and then it whimpered at the group of mice, as if it was showing its might!

The mutated rat-type mutant beasts knew the rules the best. Whoever defeated their previous Rat King would be the new Rat King!

Right now, they were following the leopard-type exotic beast loyally, without any complaints!

After the matter was resolved, Zhou Hao's heart was at ease.

After all, he wanted to take over the mountain to begin with. If he didn't have enough forces under him, it would be difficult to deal with the mutated beasts that were coming to the mountain to take over the land.

Now that he had so many mutated rat-like exotic beasts as his underlings, he could use the human wave tactic to scare those mutated exotic beasts.

Chapter 1036 - -winner takes all

Chapter 1036:-winner takes all

In the world of mutated beasts, there was only one rule, and that was that the winner was King.

Only the strongest person would truly become the king of the mutated Beast World. Indeed, many mutated beasts were terrified at the mere mention of it!

But now, Zhou Hao had managed to subdue the Rat King with one strike. The surrounding mutated beasts saw this and felt that they had truly met a top-tier King!

From then on, this group of people, each and every one of them, were loyal and followed Zhou Hao with solemn vows!

At this moment, the mutant cheetah exotic beast was completely subdued by Zhou Hao's unparalleled strength. Its face was filled with excitement as it came to Zhou Hao's side. Its face was filled with excitement, and it kept letting out a series of "awoo, awoo" sounds from its mouth!

After the matter settled down, the mutant cheetah brought Zhou Hao and the others to patrol the nearby mountains. After confirming that there was no danger, they settled down on the mountain for the time being.

Jonina sat under the spiritual tree beside the pond. She looked at her furry Fox Head reflected in the water and felt extremely helpless.

She couldn't help but sigh a few times, as if she was extremely vexed, and no one knew what she was worried about.

Zhou Hao handed the mutated pheasant that the mutated cheetah had caught to Jonina, asking in confusion, "Nina, what are you thinking about?"

When Jonina heard Zhou Hao's question, a look of helplessness appeared on her face. She could not help but shake her head and said in a slightly depressed tone, "I'm thinking about it again. Since our strength is recovering so slowly, how long will it take for us to reach S rank or above? then, we can start the ship and leave this place."

Jonina's expression was filled with annoyance and helplessness. It was as if she was extremely worried about this matter and did not know what she should do.

Seeing this scene, Zhou Hao's face showed a trace of helplessness.

He couldn't help but shake his head. "I don't know, but it shouldn't be too slow. We should be able to go back in a year or so."

Zhou Hao's current strength had already reached D class. Not many of the mutated beasts that had appeared were his match. In other words, if he wanted to deal with some of them, it could be said to be as easy as blowing off dust.

However, this was not a certainty. There might be someone more powerful than Zhou Hao out there. It was also possible that everything would depend on their own luck and fate.

Zhou Hao's strength was extraordinary to begin with, and now that he was the King of the Mountain, many of the mutated beasts around him knew that there was such a powerful exotic beast on Mount Kunlun, and none of them dared to enter without permission.

The spirit Qi on the mountain had gradually dissipated after the spirit Qi fruit was picked by Zhou Hao. Many mutated beasts saw that the spirit Qi on the mountain was gradually thinning and did not plan to go up the mountain again to compete with a powerful mutated beast like Zhou Hao for territory. After all, they did not have much chance of winning!

After Zhou Hao patrolled the area with the mutated cheetah and the others, they returned to their own tree of spirit Qi.

When Zhou Hao walked to the tree of spiritual Qi, his expression suddenly changed. Then, he slowly raised his head in surprise and asked, "This tree seems to be sprouting spiritual energy!"

"Boss, there seems to be spiritual Qi in this small pond!"

The gray-haired man also noticed the abnormality in an instant. Immediately, a look of shock appeared on his face. He was extremely shocked as he looked at the water ripples that gradually emitted a faint blue light. He was immediately shocked.

In the next second, Zhou Hao discovered that a lot of spiritual energy between heaven and earth seemed to be attracted by the tree of spiritual energy and the small pool, surrounding the entire Kunlun Mountain. It was really shocking!

If the Kunlun Mountain was really surrounded by such a dense spiritual Qi, it would definitely become a treasure land!

In the next second, the originally bare tree quickly bore two egg-sized green fruits that looked extremely tempting!

"Is this the time when the fruit of spiritual energy just bears fruit? I didn't expect that the surrounding spiritual energy would be so abundant when it just bears fruit. If it really bears fruit, I'm afraid that the whole mountain will be surrounded by spiritual energy!"

Jonina's face was filled with shock as she stared at what was happening in front of her. She was so shocked that she could not come back to her senses for a long time. Her eyes were filled with shock and even her breathing was slightly rapid!

“That’s right, miss Qiao. This is the reason why our boss chose this place as a treasure trove. You only found out now.”

The gray-haired man said with a triumphant smile. At the same time, he admired Zhou Hao even more. He had not followed the wrong person back then!

Zhou Hao was simply the most powerful King in the mutated Beast World. In the future, if he hung out with such a King, he would have a mouthful of meat soup to drink when the boss ate a mouthful of meat. Such a life would be so nourishing!

At the same time, the mutated cheetah at the side was also attracted by the fruits on the tree of spiritual Qi.

It stared at the fruits on the tree and licked its mouth continuously. It could not help but approach Zhou Hao step by step. It felt as if there was something in its heart that was stirring!

“What the f * ck are you trying to do?”

When the gray-haired man saw this, he immediately squinted his eyes and bared his fierce fangs. His eyes were filled with coldness as he looked at this scene. He shouted, “Don’t think that I don’t know what you’re trying to do. Stop pretending!”

“This is boss’s fruit. If you eat it without boss’s permission, I’ll peel your skin off!”

The gray-haired man bared his teeth, looking extremely fierce. The mutated leopard-like exotic beast at the side trembled in fear, its ears drooped, and it directly fell to the ground, not daring to say another word. All of its thoughts instantly disappeared, and it looked at the gray-haired man in front of it nervously, letting out a series of wailing sounds.

Chapter 1037 - -mistake

Chapter 1037:-mistake

“When the fruit ripens, I will naturally share it with you. However, the fruit has not ripened yet. Although it still contains spiritual energy, it is not as much as it is when it ripened.”

“So even if you really want to eat it, it’s fine. After all, after increasing your strength, you can serve me better. But for now, it’s better to bear with it. Don’t lose your last chance because of a moment of greed.”

Zhou Hao’s words made the mutated cheetah understand what was going on. It immediately nodded its head, then let out a few “awoo, awoo” sounds.

“Boss, if you eat another spiritual fruit, your strength will definitely reach a higher level. This fruit really came at the right time!”

The gray-haired man couldn’t help but feel happy for Zhou Hao from the bottom of his heart. He felt happy for her from the bottom of his heart.

The mutated cheetah looked at the tree of spiritual Qi with eager eyes. Although it also had a feeling in its heart that it wanted to eat all the fruits immediately, it still had to eat them.

However, the beast taming bracelet was extremely powerful. It could even allow him to overcome all his desires and only listen to Zhou Hao’s words!

Now that Zhou Hao had passed down the order, the mutant cheetah beast would definitely not have any thoughts of betraying him. Even if the fruit was delivered to its mouth, it would definitely not take a single bite.

“Alright, you can leave now. Find a mountain and settle down with your rats, one by one, to prevent other mutated beasts from invading our mountain.”

Zhou Hao looked at the mutant cheetah in the distance and said calmly.

Aowu, aowu!”

The mutated cheetah called out to Zhou Hao respectfully a few times, then turned around and left the place without looking back.

However, when they went down the mountain, the mutant cheetah suddenly felt a little helpless.

Although these thousands of rats were powerful, how was he going to settle them down?

With no other choice, the mutant leopard could only bring the countless rats to the foot of the mountain and have them guard the area, in case other mutant beasts invaded Mount Kunlun.

Who would have thought that just as they reached the foot of the mountain, an angry roar would suddenly erupt from the distance. In the next second, a fierce figure quickly leaped out, heading straight for the mutant cheetah's neck and biting it!

A loud boom suddenly came from the mutant cheetah's head, and it quickly dodged to the side, trying to avoid the pursuit.

Fortunately, the mutated cheetah was extremely fast. Otherwise, he wouldn't have been able to see what it was before he was bitten to death. Wouldn't that be a waste?

The mutated cheetah managed to stabilize its body with great difficulty, preventing it from being successfully attacked by the thing that had suddenly appeared.

He couldn't help but gasp for air. His eyes were full of vigilance as he frowned at the scene in front of him. His entire person instantly became serious as he looked at the figure in the distance with displeasure.

The mutated cheetah took a closer look, only to discover that the one standing in front of it was actually an extremely large mutated poisonous Scorpion!

The mutant Scorpion's body glowed with a faint red light, making it look very intimidating.

Especially its two claws, which were constantly swinging and waving, it looked very shocking and intimidating.

The mutated Scorpion's eyes were filled with countless cold glints as it glared at the mutated cheetah with a sinister look, as if it couldn't wait to swallow the cheetah whole!

Such a threatening and oppressive scene made many of the surrounding mutated beasts feel fear, and they couldn't help but retreat!

The countless mutated rat-type exotic beasts behind the mutated cheetah were also looking at the scene in shock. They stood rooted to the ground, not even daring to move!

The mutated Scorpion scanned its surroundings with its vicious eyes. Then, it immediately targeted the mutated rat closest to it and swallowed it in one gulp!

"Squeak, squeak, squeak, squeak, squeak!"

This scene immediately frightened the mutated rat-like exotic beasts in the distance. Each and every one of them widened their eyes in horror, looking at the scene in shock, not daring to believe what they were seeing!

It was simply too brutal!

The mutant poisonous Scorpion felt its might soar after eating a mutant rat. It opened its bloody mouth excitedly and quickly ran toward the rat group in the distance!

The mutated Scorpion's eyes flashed with a sinister look. It roared angrily and used its pincers to grab a huge tree beside it. Then, it quickly smashed the tree toward the group of rats in the distance!

Aowu, aowu!"

The mutated cheetah was shocked by what it saw. It shouted at the mutated rats to get out of the way one by one, then pounced on the surrounding area.

The giant tree crashed heavily into the ground, instantly creating a huge and deep pit!

If the mutated cheetah hadn't dodged in time, it would have been smashed into meat paste by the giant tree that the Scorpion had flung at it!

"Roar!"

Such a scene instantly infuriated the mutated cheetah!

After all, he was a soldier sent by his boss to protect Mount Kunlun. If he were to admit defeat so easily, how could he face his boss in the future?

Thinking up to this point, the mutated cheetah charged forward without a care, preparing to have a direct confrontation with the mutated Scorpion that was preparing to invade!

Under such a powerful pressure, the mutated cheetah beast instantly turned from defense into offense!

His speed was extremely fast, and in almost an instant, he aimed at the position of the mutant Scorpion and spat out a Flame Slash!

The flame Slash rolled with intense and scorching flames as it rapidly swept toward the position of the mutant venomous Scorpion!

A series of crackling sounds could be heard. In the next second, the mutated poisonous Scorpion quickly dodged the mutated cheetah's attack with extreme agility!

When the surrounding mutated rat-type exotic beasts saw this, they were all shocked beyond words!

Chapter 1038 - Easily done

Chapter 1038: Easily done

They widened their eyes in shock. They couldn't believe what they were seeing was real!

This mutated Scorpion was simply too powerful. Its speed was so fast that it could even easily Dodge the attacks of the mutated cheetah!

At that moment, many of the mutated rats began to panic.

They were also waiting for the mutated cheetah to give the order. However, they didn't understand the mutated Scorpion at all, and didn't know what it was capable of. Therefore, even if they wanted to go over and deal with it now, they probably didn't know where to start!

It didn't take long for the mutated Scorpion to be completely enraged by the cheetah's attack.

A look of extreme anger instantly appeared on its face, to the point that even its breathing carried a hint of seriousness. It spoke coldly, using a language that only mutated beasts could understand, enunciating each word clearly, "If you know what's good for you, you'd better lie flat as soon as possible!"

"Let me eat you, so you won't have to suffer physical pain. Hehe, if you don't know what's good for you, don't blame me for being impolite!"

That short sentence caused the mutated cheetah's face to instantly turn angry.

He suppressed the displeasure in his heart and immediately said in a cold voice, frowning in displeasure, "This place is our territory. Now you want to force your way in and even dare to threaten us. Aren't you too bold?"

The mutant Scorpion's face turned cold when it heard that. Its breath carried a hint of mockery as it sneered and said, "Hehe, so what if I try to force my way in?"

"Let me tell you, in the world of mutated beasts, the strong will be the king. Since I feel that I have the ability and want to occupy this place, what can you do to stop me?"

The mutant Scorpion's face darkened, and its eyes were filled with pride. It said with a smile, "Next, it will be your death!"

After saying that, the mutant Scorpion suddenly opened its mouth and spat out a thick green poisonous mist. It looked very dangerous!

Although the mutated cheetah wasn't as strong as Zhou Hao, its speed was the fastest. Now, it could only watch as the poisonous mist shot straight at its position!

In the next second, the mutated cheetah turned its body to the side and dodged!

The mutant cheetah was extremely fast and dodged quickly. However, although the mutant cheetah dodged quickly, the countless mutated rats behind it didn't have it easy.

They were directly hit by the poisonous mist. After being infected by the poisonous mist, countless mutated rats' skin was burned and red rashes appeared, making them feel extremely itchy!

However, in the next second, wounds suddenly appeared on the bodies of the mutated rat-like exotic beasts. The wounds instantly festered, to the point that the air was filled with an extremely foul smell, making people feel nauseated!

Seeing this, the mutated cheetah's face gradually turned into one of shock. In the next moment, its entire body started trembling uncontrollably.

Such a powerful poisonous mist seemed to be the mutant Scorpion's ultimate skill. If the Scorpion's mist really hit him, even a layer of his steel-like body would be burned off!

He looked at the mutant Scorpion in the distance with a cold expression on its face. It spat out a mouthful of poisonous gas valiantly. It was obvious that it had the upper hand. He suddenly felt a little proud!

A hint of fear appeared in the mutated cheetah's heart when it saw this. It understood that if this continued, it would be defeated by the mutated Scorpion sooner or later!

The mutated Scorpion had a taste of the benefits, and a sharp smile flashed in its eyes. It didn't plan to attack the cheetah, but instead began to deal with the group of mutated rat beasts!

It understood that the reason the mutated cheetah wanted to fight it head-on was because it had so many mutated rat-type exotic beasts behind it. It was only doing so because it had such a team!

In that case, as long as he could get rid of those things, he could easily get rid of that mutated cheetah exotic beast!

With that thought in mind, the mutated cheetah immediately pounced towards a distant location!

It quickly opened its bloody mouth and sprayed out green poisonous mist, as if it wanted to poison all the rats to death!

The rats in the distance suddenly burst out with a series of 'squeak, squeak, squeak, squeak' screams and wails!

Countless mutant rat-like beasts were all affected by the poisonous mist, and they let out miserable howls, looking extremely uncomfortable.

When their skin came into contact with the poisonous gas, more than half of it instantly melted away. In the end, they only turned into a pool of blood, and even their bones were not left. They looked extremely miserable.

The few mutated rat-like exotic beasts not far away were in excruciating pain even though they were contaminated by the poisonous mist. They didn't have any chance to struggle and died on the ground.

When the mutated cheetah in the distance saw this scene, a look of shock appeared on its face.

He looked at the scene in a daze, his eyes full of hesitation. He couldn't help but look in surprise at the group of rats in front of him that had been beaten to the point where not even dregs were left. He simply didn't expect that such a thing would actually happen!

This mutant Scorpion was really powerful. They didn't expect this to happen!

A chill suddenly appeared all over the mutated cheetah's body. It wanted to Dodge, but the mutated poisonous Scorpion didn't give it the chance. It quickly spat out an extremely powerful poisonous mist from its mouth, as if it wanted to corrode the cheetah into a pool of blood!

Fortunately, the speed of the mutated cheetah was quite fast, and its reaction speed was also extremely quick. It could easily Dodge the attack, leaving no chance for him to take advantage of it!

The mutated cheetah dodged like this a few times. Although the poisonous mist didn't hit its body at all, it still caused the mutated cheetah's legs to wriggle!

Deliberately tormenting

It was so tired that it was panting heavily. It stood at the side, staring at the mutant Scorpion in front of it, waiting for an opportunity to take action. It was ready to take care of this annoying mutant Scorpion!

Although the mutated cheetah understood that the poison Scorpion was obviously trying to walk its legs, it didn't have any chance to do so!

If he had dodged just a little slower and was directly sprayed by the poisonous mist, his bones and blood would have melted, and he would no longer be able to live in this world!

The mutated cheetah understood that if it continued to be in a stalemate with the mutated Scorpion, it wouldn't end well!

The mutated Scorpion had long since found the advantage of the mutated cheetah. It was extremely fast, and it could easily Dodge its poisonous mist!

However, these rats were different. Their reaction speed was far slower than the mutant leopard. As such, the mutant Scorpion had an advantage over them and was prepared to deal with the mutant leopard.

The mutant cheetah took a deep breath, then waved its claws and said to the rats, "Retreat, retreat immediately!"

After receiving the order from the mutant cheetah, the countless mutant rat-type exotic beasts immediately scattered in all directions!

Their bodies were short and narrow, so it was not difficult for them to Dodge at the fastest speed.

When the mutant Scorpion saw this, its face became extremely serious.

He suppressed the displeasure and anger in his heart and then said in a cold voice, "Alright, I'm afraid it won't be so easy to escape!"

Not long after he finished speaking, an angry roar was heard from afar!

The mutated poisonous Scorpion was a mutated beast that wouldn't give up until it got what it wanted. Now that it had found an opportunity, it naturally had to go all out and take care of the mutated cheetah!

The mutant cheetah saw that they were already prepared and was about to retreat, but the mutant Scorpion didn't give up and kept chasing it, completely infuriating the cheetah.

The eyes of the mutated cheetah suddenly burned with rage. It suppressed the anger in its heart and said coldly, "It seems that if I don't teach you a lesson, you won't know the immensity of the heavens and earth."

After saying that short sentence, the eyes of the mutant cheetah exotic beast suddenly turned scarlet red, and a hint of anger appeared on its face. It suppressed the anger in its heart and said word by word, berating, "Hand over your life!"

As the roar erupted, the mutated cheetah transformed into a sharp sword in the next second, rapidly charging at the mutated Scorpion!

The surrounding air was filled with a series of explosions. Not long after, the mutated Scorpion was knocked into by the mutated cheetah's fierce and rapid speed!

"Pfft ..."

Blood spurted out of the mutant Scorpion's mouth. Then, the Scorpion felt that it had just opened its mouth to gather some poisonous mist.

However, in the next second, before the poisonous mist could condense out of its mouth, the mutant Scorpion felt its entire body being sent flying.

Its internal organs were about to explode from the impact.

It felt as if it could spit out a mouthful of blood, making it dizzy and its scalp swollen. Its eyes were full of pain.

The next second, he fell heavily to the ground, looking extremely miserable.

The mutated cheetah didn't dare to fight the Scorpion for too long. After all, the Scorpion's poisonous mist was too strong. The cheetah knew it wasn't a match for the Scorpion, so it quickly turned around and left the area.

.....

At the same time, on Mount Kunlun, Jonina, who was resting under the spiritual tree, suddenly felt an extremely powerful force spreading out from her body.

Such a force really made her feel short of breath, hot all over, and restless.

When the gray-haired man saw Jonina's expression, he could not help but ask hesitantly, "Miss Qiao, what's wrong? are you feeling unwell?"

After hearing the gray-haired man's question, Jonina's expression turned into one of helplessness. She then nodded and said, "I do feel uncomfortable, but ..."

Jonina suddenly raised her head and let out a roar. In the next second, her entire body felt as if it was burning. The heat made her breathing quicken, and she felt as if she was in flames!

Jonina's entire body was covered in cold sweat. Her originally fluffy and soft fur had become sticky and wet. It was all stuck to her skin. She looked as if she had just crawled out of a small pond and was covered in water.

After the gray-haired man saw this, he couldn't help but say anxiously, "Boss, boss, quickly take a look at miss Qiao. What's wrong?"

After Zhou Hao heard what she said, he immediately shifted his gaze to Jonina. When he saw the pained expression on Jonina's face, he could not help but say hesitantly, "Nina, do you feel hot all over your body, as if there's a power moving back and forth in your body?"

Jonina immediately nodded after she said that. Her expression was filled with anxiety as she said, "Yeah, I don't know what's wrong with me either. It's really uncomfortable!"

After getting an affirmative answer, Jonina immediately said anxiously, "I want to take a bath in the small pool, but I feel like my whole body is on fire, and I can't get rid of it!"

When Zhou Hao heard that, he immediately laughed and said, "You're trying to activate the special ability in your body. "

After hearing these words, Jonina's mood, which had been a little bad, instantly became slightly better. She could not help but widen her eyes in shock, and then she said in surprise, "Activate my special ability?"

"Yes, this is the feeling I had when I ate the fruit of spiritual energy and activated my special ability."

However, in the next second, before the poisonous mist could condense out of its mouth, the mutant Scorpion felt its entire body being sent flying.

“Yes, this is the feeling I had when I ate the fruit of spiritual energy and activated my special ability.”

“You’ve eaten a lot of mutant beast meat and spiritual fruits. It’s time to increase your level and activate your special ability.”

Right now, Jonina knew that she had not been poisoned or in any danger, which was why this had happened.

Now that she had calmed down, Jonina sat down and started to mobilize the energy in her body, preparing to make good use of her power.

After about half an hour, Jonina suddenly let out a series of ‘awoo, awoo’ sounds.

Next, Jonina opened her eyes abruptly. Her originally black eyes suddenly turned into a dazzling golden color, as if she had cosmetic contact lenses!

Her body seemed to be much stronger than before.

And her tail had actually turned from one to two!

Jonina turned around and looked at her tail. Her expression suddenly changed, and she said excitedly, “My tail has actually become two. What’s going on?”

The gray-haired man was also shocked. He asked, “That’s right, miss Qiao, you ... You’re really capable, you actually grew an extra tail!”

Jonina, who was beside him, could not help but chuckle. She then wagged her tail excitedly and chuckled, “You don’t say, it’s quite good looking.”

Zhou Hao glanced at Jonina, then chuckled and said, “It seems that you are a Nine-Tailed spirit fox.”

Chapter 1040: Nine-Tailed spirit fox?

“Nine-Tailed spirit fox?”

If Jonina was still in her human form, her little face would probably be flushed red and extremely shy.

In the beginning, she had thought that she was just an ordinary little fox.

Now that she saw this Scene and Heard Zhou Hao say that she was a Nine-Tailed spirit fox, she immediately wagged her little tail excitedly, looking extremely shy and excited!

Aowu, aowu!"

Jonina shouted excitedly. She then opened her mouth and spat out a ball of blue light.

Jonina used her will to activate the light blue light. In the next moment, the light blue light directly smashed towards the mountain in the distance.

After the blue light smashed into the mountain, the entire mountain peak could not help but shake violently. In the next second, Jonina looked at this scene in shock and asked in confusion,""What kind of ability is this? I don't understand it."

Not long after, the blue light instantly transformed into a hurricane. Jonina could easily control this Hurricane however she wanted to!

Jonina's eyes were filled with excitement, and she said excitedly,""So my ability is to control the wind. That's a good ability. If I don't like the look of anyone in the future, I can blow them away in an instant, right?"

When she thought of this, Jonina's heart was filled with excitement.

Zhou Hao, who was beside him, also had a lot of internal energy in his body. It kept rolling and roaring. It could not help but open its bloody mouth and roar into the distance.

Following Zhou Hao's roar, the countless snakes, insects, rats, and birds around them all quieted down, not daring to say a word. Even the countless mutated beasts lurking near Mount Kunlun on the ground didn't dare to say a word.

Zhou Hao's aura was simply too powerful. They had no chance to resist at all. They were so frightened that they fell to the ground, not daring to move an inch!

Zhou Hao suddenly realized that his strength had now reached the peak of D-class!

It was actually a very simple matter to deal with those mutated beasts from before. He could kill them all with a single claw!

The gray-haired man's heart couldn't help but tremble. Then, with eyes full of surprise, he said, "Boss, boss ... Your current strength ... Seems to be much stronger than before."

The gray-haired man's voice trembled uncontrollably as he spoke. His eyes were filled with surprise, and he looked at Zhou Hao in confusion. He was so nervous that he could not even speak clearly.

He was so nervous that he started to stammer, as if he was extremely afraid of Zhou Hao.

In fact, the gray-haired man was not to be blamed for being timid. Zhou Hao's mutation had turned him into a Tiger!

The Tiger was the king of all beasts. He didn't need to show off anything. Just by standing here, he was already a deterrent!

Beside him, Jonina was also shocked by the streams of incomparably powerful energy that burst out from Zhou Hao's body!

She was so nervous that her breathing began to become hurried. Her eyes were full of disbelief as she looked at the scene in a daze. She opened her mouth in shock and said, "How could this happen? your aura is too sharp ..."

"I don't even dare to lift my head when I'm standing in front of you. What kind of pressure is this ..."

Qiao Nina could not help but lower her head. She did not even dare to look Zhou Hao in the eye. The gray-haired man beside her also did not dare to raise his head in fear. He did not dare to say another word.

After Zhou Hao heard what Jonina had said to him, he finally retracted his fierce aura.

When all of their strength had been retracted, the gray-haired man and Jonina suddenly felt that the force that had been surrounding them and continuously pressing down on them had finally dissipated.

The gray-haired man and Jonina finally felt more relaxed. They fell to the ground and panted heavily. Their faces were filled with the feeling of having just survived a disaster.

"Zhou Hao, the Qi that you released just now was too powerful. It's not something we can compare to. The pressure from your Qi was too strong."

After saying that short sentence, Jonina and the gray-haired man could not help but feel shocked when they thought about the strong pressure that they had just given off!

When Zhou Hao heard this, he could not help but chuckle. Then, he slowly said, "I just wanted to feel how powerful my ability is now. I didn't expect to give you a shock!"

"It seems that I'm quite strong," Zhou Hao said with a smile.

Chapter 1041 - Energy explosion

Chapter 1041: Energy explosion

Zhou Hao could feel the continuous flow of energy in his body. He felt that his entire body was burning like a flame. He was so shocked that he could not even speak!

The force gradually increased, gradually enveloping Zhou Hao's entire body. At this moment, Zhou Hao seemed to be in a sea of fire, unable to break free no matter how hard he struggled.

Zhou Hao felt an extremely powerful force surrounding his body. The force was so strong that it made his body extremely tough. He could be said to be invulnerable.

Now that Zhou Hao, the gray-haired man, and Jonina had come to this world filled with mutated beasts, it was not just the mutated beasts that were wreaking havoc in the surroundings. Even the flowers, trees, mountains, and rivers were likely to mutate.

The surrounding towering trees were enough to explain everything.

Currently, in the mutated Beast World, all the trees were already forty to fifty meters tall. They must have been influenced by the spiritual Qi, which was why they were so strong.

However, Zhou Hao could also sense that these mutated giant trees were not as simple as they seemed.

Now that they had absorbed the spirit Qi, they had grown to a size that they did not have before. If they were to awaken the consciousness of the mutated beasts, their abilities would not be any worse than those mutated beasts.

"The small pond on Mount Kunlun is also showing signs of spirit Qi being released. If we can guard the small pond and the entire Mount Kunlun, we might be able to control the entire mutated world!"

Zhou Hao glanced around indifferently. Then, he looked around with an extremely cold expression. He was about to set up a barrier around the small pond.

That way, even if the mutant cheetahs and mutant rats couldn't hold back, the other mutant beasts wouldn't rush up and occupy the tree of spiritual energy and the pond without restraint.

However, their things were all in the spaceship at the foot of Mount Kunlun. If they wanted to set up a Ward, they had to take out the things they had brought with them.

At that thought, Zhou Hao immediately ordered Jonina and the gray-haired man to guard the place while he prepared to head to the spaceship to retrieve the items.

"I'll go with you. Xiao Hui is enough to guard this place. I'll go with you. That way, if you encounter any danger, you'll have one more person to help you. "

After saying this short sentence, Jonina did not wait for Zhou Hao to reject her. She blinked her eyes and said pitifully to Zhou Hao, "Just let me go with you. Otherwise, I'll be worried about you if I stay here alone."

Looking at the pitiful way Jonina was acting coquettishly towards him, Zhou Hao's expression immediately turned gentle. He then slowly opened his mouth and said with a light smile, "Alright, let's go. We'll go together."

Jonina's heart leaped with joy. She immediately strode forward and followed Zhou Hao. Not long after, they heard a series of "awoo, awoo" screams. It sounded particularly miserable.

After hearing those sounds, Zhou Hao's expression froze. He looked in the direction of the sound in confusion, only to see the mutated cheetah exotic beast lying on the ground, blood still flowing from its body, looking extremely weak and miserable.

From the looks of it, he seemed to have suffered a very serious attack.

When he saw this, Zhou Hao's face turned into one of shock. Then, with eyes full of astonishment, he asked in confusion, "Ah Fei, what's wrong with you?"

The mutated cheetah didn't expect to run into its boss here. Its expression immediately turned extremely aggrieved, and it lay on the ground, letting out a series of agonizing cries. It sounded extremely miserable.

Jonina's expression turned into one of shock when she heard the voice. She then asked in confusion, "Ah Fei, tell me quickly. What happened to you? what happened?"

Hoodlum panted heavily and squeaked. It sounded extremely miserable.

Although Ah Fei was speaking in the language of mutated beasts, Zhou Hao understood what it was saying.

“You mean to say that a mutant Scorpion has appeared on Mount Kunlun, and you guys are no match for it?”

Jonina, who was at the side, also understood what the mutated cheetah exotic beast was saying. His expression immediately turned extremely serious, and he spoke up, enunciating each word, saying anxiously, “If there really is such a powerful mutated beast, doesn’t that mean that our Kunlun Mountain is in danger?”

When she thought of this, Jonina’s expression changed to one of shock. Then, her eyes were filled with anxiety as she said, “Boss, what do we do now?”

The mutated cheetah used its hands to cover its injuries, looking extremely miserable.

In the distance, many of the mutated rats were following behind the mutated cheetah, looking at him with eager eyes, as if they were complaining to Zhou Hao. That mutated Scorpion was indeed extremely tough and powerful.

Zhou Hao’s eyes turned serious when he saw this.

“Mutant Scorpion?”

One had to know that when the poison Scorpion wasn’t a mutated beast, it was an extremely threatening existence among these creatures. Once the poisonous fog on their bodies came into contact with it, it would definitely fester, and it would definitely cause one to die!

Now, if this species were to turn into a mutated beast, it would definitely pose a huge threat!

The mutated cheetah in the distance looked extremely miserable. Blood was gradually flowing out of its wounds, making it look extremely miserable.

However, there was one thing-mutant cheetahs had the ability to recover. No matter how serious their injuries were, they could easily recover from them with a little rest.

Zhou Hao only gave the leopard a concerned look, not saying anything else. Instead, he smiled and slowly said, “Good, since such a powerful mutated beast has appeared, then I’ll have to properly meet this mutated beast. A mutated Scorpion, how interesting.”

Chapter 1042 - Hostile

Chapter 1042: Hostile

“When the time comes, I’ll see what abilities this mutated beast has!”

Zhou Hao’s face suddenly turned serious. He looked into the distance with a burning gaze, his eyes full of solemnity. He stared at the mutated beast, as if he couldn’t wait to kill it right now.

“Awoo, awoo ...”

The mutated cheetah’s expression immediately became extremely anxious. It was so nervous that its tone was stammering, unable to come up with an explanation for a long time. Only tears were falling down its face, and it looked extremely aggrieved!

When Zhou Hao saw this, he looked at him in surprise.

After looking at it for a long time, he finally understood what the mutant cheetah exotic beast meant.

He was saying that the mutant Scorpion was extremely powerful, and he had to be careful.

Who knew that after Zhou Hao heard it, the expression on his face suddenly became even more yearning.

It couldn’t help but smile. Then, it slowly opened its mouth and said, “Hehe, if it’s really that powerful, then if I kill it and eat the mutant Scorpion, won’t it be even more powerful?”

After all, in the world they were in, the power of mutated beasts that were eaten would belong to the beast that ate them.

Zhou Hao’s eyes suddenly lit up. He was the master of Mount Kunlun now. If anyone could come here, then his position as the Tiger King would be at stake.

“Hehe, it’s just a mutant Scorpion. It’s a piece of cake to deal with it. If it’s willing to follow me and be my servant, I can spare its life.”

“If they don’t want to, I’ll just eat them up and leave them no chance!”

Zhou Hao let out a furious roar, and then he continued to exert pressure on the distance.

An extremely powerful force suddenly burst out from the surroundings, quickly spreading out in all directions. It didn't take long for the countless mutated beasts to start howling in fear.

However, their roars were not like those of animals showing off or occupying territory. Instead, they sounded like they were begging for mercy. They were howling miserably.

When Zhou Hao heard these voices, he was shocked. Then, he smiled and raised his eyebrows. "Hehe, it seems like my deterrence is quite effective."

"Lead the way. Take me to that mutant Scorpion. I want to see how powerful this mutant Scorpion is!"

The sound of a needle howling erupted in an instant. Not long after, Zhou Hao brought Jonina along and followed the injured mutated cheetah, quickly and fiercely chasing in the direction they were at!

The mutant cheetah beast roared as it said to Zhou Hao, "Boss, if you see a mutant Scorpion later, you must be careful. Its venom is very powerful!"

"If you get hit by the poison, you will be corroded and poisoned. You will be corroded until not even your bones are left. You will only turn into a pool of blood!"

The mutated cheetah couldn't help but swallow its saliva nervously, then said with a worried look in its eyes, "Not only that, but if you come into contact with the poison, you'll also be in serious danger."

Looking at the mutated cheetah exotic beast that was worried about him, Zhou Hao only smiled, then slowly said, "Don't worry. As long as I'm here, I'll be able to take down all the poisonous scorpions and mutated beasts."

Zhou Hao's words were firm. He wasn't bragging, but Zhou Hao's current D-class strength was not something other mutated beasts could compare to.

Not to mention these mutated beasts that were much lower in level than them, they might not even be able to defeat mutated beasts of the same level as them.

After saying that short sentence, the mutated cheetah at the side immediately had a triumphant look on its face. It was so excited that it let out several "awoo, awoo" sounds, looking extremely excited.

Now that there was someone to help it, the mutated cheetah was naturally overjoyed.

However, when he thought about the poisonous mist that the mutant Scorpion had spat out, he was shocked.

He was so nervous that he didn't know what to do. Even his tone of speaking started to stutter.

The mutant Scorpion's power was too strong. They didn't even know what to do. They didn't know what to do.

"Since its poisonous fog is so powerful, we have to take a good look at it."

Soon, the mutant cheetah brought Zhou Hao to the foot of Mount Kunlun. The sky gradually darkened, and it was extremely difficult to see the surroundings clearly.

Logically speaking, it would be very inconvenient for a mutated cheetah to move around in such a dark environment. If it wasn't for Zhou Hao following behind him to give it some courage, it wouldn't have dared to come to such a place.

Now that he had come here, he had to find a way to solve this matter thoroughly. Otherwise, he would have come here to worry for nothing.

The three of them looked around, but they still couldn't find any mutant scorpions.

The mutant cheetah couldn't help but ask suspiciously, "Did the Scorpion know we would come back for revenge, so it left this place in advance?" Han Sen asked.

Zhou Hao's expression turned serious when he heard that. He nodded slightly and said, "You're right. The mutated Scorpion is an extremely cunning mutated beast. It'll be very difficult for us to find its exact location. This matter might be a little difficult to handle."

Chapter 1043 - The bloodline of spirit fox

Chapter 1043: The bloodline of spirit fox

Zhou Hao and the mutated cheetah kept their gazes fixed on the distance, planning to take a good look at what was going on.

Just as this matter had reached a bottleneck and he was at his wits 'end, Jonina, who was at the side, suddenly said, ""Don't worry, there's still a way to find their exact location!"

After hearing what Jonina said, Zhou Hao and the mutated cheetah looked at him hesitantly, asking in confusion, ""So you mean you have a way?"

After hearing Zhou Hao's words, a faint smile flashed across Jonina's face. She then slowly said, ""Hehe, you could say that. After all, my nose is so sharp. It's actually very easy for me to sniff out the exact location of this mutant Scorpion."

At this moment, Jonina's face instantly flashed with a triumphant look. She then chuckled and slowly said, ""Don't worry, I'll be able to find out his exact location very soon,"

Not long after he said that, Zhou Hao's expression suddenly became serious. Then, he slowly opened his mouth and said with a smile, ""Alright, since you're so powerful, I'll leave this matter to you!"

When she heard Zhou Hao's words and how much trust he had in her, a hint of joy appeared on Jonina's face.

He held his breath and carefully sniffed the smell around him. His expression suddenly became serious, and then he swayed his furry little tail, looking very excited.

Seeing how anxious Jonina was, Zhou Hao could not help but follow her gaze. As expected, he saw that there were traces of corrosion on the trees in the distance.

When he saw this, Zhou Hao immediately smiled and said slowly, ""As expected, our miss Qiao is the most powerful person in our team."

"To be able to find out where these mutated beasts are hiding so easily, this really makes us see them in a new light."

"Yes, yes, yes. Lord spirit fox is simply too powerful. I truly admire you!"

After hearing what Zhou Hao said, the mutated cheetah at the side couldn't help but immediately start sucking up to Jonina.

When she saw this scene, even Jonina had a triumphant look on her face. Then, she wagged her little tail proudly, looking very happy.

One had to know that their sense of smell and sensitivity towards spirit Qi had already undergone an extremely impressive change.

In addition, Jonina was a spirit fox to begin with, so her sense of smell was naturally much stronger than ordinary mutated exotic beasts. Now, as long as she was within three miles of the mutated Scorpion, she could easily find its location!

“Let’s go. It should be in that cave not far away!”

Jonina’s large, round eyes widened as she scanned her surroundings. Then, she said in an extremely serious tone, “I can smell an extremely strong aura. I’m afraid that only a mutant Scorpion can emit such an aura!”

Zhou Hao’s expression turned serious when he heard that.

It suppressed the displeased anger in its heart, then scanned its surroundings indifferently, then said to the mutated cheetah and Jonina, “Alright, then let’s go and take a look. Remember, we have to be careful in everything we do.”

“Yes, boss!” The mutant cheetah immediately nodded in agreement.

“Alright,” he said. Qiao Nina’s expression was also serious as she lowered her eyes slightly. After scanning her surroundings, she immediately followed Zhou Hao and the mutated cheetah, quickly walking towards the location in front of them.

Sure enough, when they reached the entrance of the cave, they immediately smelled an extremely tyrannical force, whistling towards their position and quickly sweeping over!

Along with a series of heart-wrenching howls, the painful howls of the mutated beasts in the cave instantly spread throughout the entire cave!

At the same time, the mutant Scorpion’s angry growl could be heard. It seemed that it had hunted a prey that satisfied it and was hiding in the cave, feasting.

After hearing the sounds, the mutated cheetah was immediately scared out of its wits, and started trembling uncontrollably. Its expression was extremely grave, and it couldn’t help but frown as it looked around. It then slowly opened its mouth and said, word for word, “Boss, this mutant Scorpion’s poison attack is very powerful!”

“We can’t go there rashly. If we get attacked by the Scorpion, we’ll be in big trouble. After all, the poisonous gas that it spits out is really powerful!”

“It can be immune to its own attacks, but we can’t. The cave itself has no air circulation, and it’s extremely narrow. If we are really attacked by the poisonous gas, it will be terrible!”

Beside him, Jonina’s expression turned extremely serious when she heard the voice.

She couldn't help but look around, then nodded slightly to Zhou Hao, and then said anxiously, "Zhou Hao, I think what Ah Fei said is right!"

"We'll probably be played by the mutant Scorpion if we stay in the cave. We can only choose to stay here to have a chance of winning!"

After hearing Jonina's words, Zhou Hao nodded slightly. Then, he slowly said, "Alright, Ah Fei, you go in and lure it out. We'll catch a turtle in a jar."

The mutated cheetah was originally quite afraid of fighting this mutated exotic beast head on, but after hearing what it said, its expression became extremely determined. It immediately nodded its head in a hurry, then said with an anxious look, "Alright, boss, I'll head over now!"

Not long after the mutated cheetah's words left its mouth, it charged into the cave at lightning speed, heading straight for its current position!

When Jonina saw this, she was shocked beyond words. She could not help but say, "This guy, why does it look like he's been injected with chicken blood? he's so fierce."

Chapter 1044 - luring the snake out of its hole

Chapter 1044:-luring the snake out of its hole

"Squeak!"

Suddenly, the roars of mutated beasts came from the cave. Not long after, a figure dashed out like a bolt of lightning!

Then, a huge poisonous Scorpion rushed out quickly!

A series of strange cries kept erupting from the mouth of the mutated Scorpion. Immediately after, it directly chased after the mutated cheetah in the distance, who was trying its best to escape!

Its speed was also very fast. It opened its bloody mouth and kept brewing the poisonous mist in its mouth, preparing to once again burst out the poisonous gas and spray it in the direction of the mutated cheetah!

Although the Scorpion's most powerful attack was to spew out poisonous mist, it was not something that could be done by opening its mouth at any time. It still needed to be brewed for a while before it could spew out the poison.

This also meant that he needed to cool down his skills. He could take advantage of this cooldown time and start attacking!

"Squeak!"

A deafening cry suddenly rang out. In the next second, the mutated cheetah took advantage of the time before the mutated Scorpion could spew out its poisonous gas and charged into the distance, howling!

The mutated cheetah was extremely fast. It arrived in front of the mutated Scorpion in the blink of an eye!

At this moment, it was completely forced into a corner!

If he didn't resist as soon as possible, he wouldn't have a good ending. Now that boss and miss Qiao were here, he had to do this well no matter what!

Otherwise, wouldn't his boss and miss Qiao see him as a joke?

The mutated cheetah kept roaring, and then it arrived in front of the mutated Scorpion. It quickly opened its mouth and bit down on the Scorpion!

With a 'hu hu hu' sound, it suddenly rushed toward the position of the mutant Scorpion and bit its neck!

In the next second, however, the mutated Scorpion opened its mouth wide and spat out a mouthful of poisonous gas at the leopard!

When it saw that, the mutated cheetah didn't even have the chance to Dodge. It could only widen its eyes in extreme fear, its eyes filled with shock, and even its breathing started to slow down. It said in shock, "This is bad!"

"It's too late to Dodge now!"

When Zhou Hao saw that the mutant cheetah beast was about to be hit by the hearse poison Scorpion, he quickly charged towards the position of the beast!

A whistling sound was heard, and it instantly exploded.

Zhou Hao's speed was extremely fast. In the blink of an eye, he was right in front of the mutant leopard.

Its eyes were filled with determination, and it directly bit down on the mutant cheetah's neck.

The mutated cheetah was given a fright. It didn't expect Zhou Hao to suddenly attack it so fiercely!

It was so nervous that it closed its eyes tightly. It already had a feeling of total despair in its heart.

If his boss wanted to kill him, he wouldn't refuse at all. After all, his life was given to him by his boss.

If the boss wanted to kill him, he would not resist at all, and would just surrender.

At this moment, the mutated cheetah had no idea what Zhou Hao was planning to do. Its eyes were tightly shut, and its expression was extremely serious. It didn't say anything, but was already prepared.

However, in the next moment, when the mutant cheetah felt Zhou Hao biting its neck, it didn't feel the pain it had expected. Instead, it felt its entire body become much lighter.

It widened its eyes in shock, then slowly opened its mouth and said, "What's going on? didn't boss already ..."

The mutated cheetah looked at its surroundings, only to discover that it had suddenly risen into the air!

The place where he had been standing earlier was now covered in a poisonous mist from the mutant Scorpion's breath. Any plants or trees that came into contact with the poisonous mist would wither. There was no way for them to escape!

When it saw this, the mutated cheetah's expression immediately turned into one of panic. It then opened its mouth, its eyes filled with shock, and said, word for word, "Oh my God, how can he be so powerful ..."

Just as the mutated cheetah was in a state of shock, it suddenly realized that it had been bitten by Zhou Hao and was sent flying!

It was his boss who saved his life. Otherwise, he would have been dead long ago.

"Boss, this mutant Scorpion is too evil. It dared to ambush us. It's too much."

The mutated cheetah's face instantly turned into one of shock, and its breathing became a little anxious as it spoke to Zhou Hao anxiously.

“The poisonous fog of this mutant Scorpion is indeed powerful, but it’s not impossible to break through it. You don’t have to worry.”

After saying that short sentence, the expression of the mutant cheetah beast at the side immediately turned serious.

“Alright, boss, no matter what you do, I’ll listen to you!”

The mutated cheetah’s expression was extremely serious. It then slowly opened its mouth and said, word by word, “Oh no, but miss Qiao and brother Hui are still in the cave!”

“If the mutant Scorpion rushes in and spits the poisonous mist in, they will be in danger!”

After hearing these words, Zhou Hao’s tone immediately became extremely serious.

“Don’t worry. They should have already found a way to escape. They won’t just sit here and wait for death. What we need to do now is to lure the mutant Scorpion out and find a chance to kill it.”

“Because we can only hide outside and not be discovered so quickly. Otherwise, wouldn’t we be in a lot of trouble?”

After hearing Zhou Hao’s words, the mutated cheetah couldn’t help but nod its head.

Chapter 1045 - -luring the snake out of its hole

Chapter 1045:-luring the snake out of its hole

After Zhou Hao brought the mutated cheetah to an extremely safe place, he carefully put it down, in case it was caught by the mutated Scorpion again and got into danger.

However, in the next second, he saw the mutated Scorpion looking extremely angry because its attack had failed, as if it wanted to bite the mutated cheetah to death right now!

The mutated Scorpion immediately charged at Zhou Hao and the mutated cheetah furiously. It didn't take long for it to spit out another mouthful of poisonous mist in Zhou Hao's direction!

"Oh no, boss, it's starting to spew poisonous mist again!"

Seeing this, Zhou Hao's expression became extremely serious. He stared coldly at the mutant Scorpion not far away and said, "Don't worry!"

"He won't be smug for long."

After saying this, Zhou Hao's expression suddenly became extremely serious. His face was filled with solemnity as he slowly said, "Its venom will soon be almost completely consumed."

"If he still wants to replenish his venom and fight, he must rest for a while. Otherwise, there is absolutely no way to do this."

Zhou Hao's face suddenly had a triumphant look. Then, he slowly said, word by word, "Just wait and see. The mutant Scorpion is going to be finished soon."

When Zhou Hao heard what he said, he was stunned. Then, he asked in disbelief, "Boss, is what you said true?"

"Can the poisonous fog in its body really be completely exhausted and there's no chance of recovery?"

When he heard these words, Zhou Hao's face only revealed a faint smile. Then, he slowly said, "Hehe, of course I'm telling the truth. When have I ever lied?"

When the mutated cheetah heard that, it couldn't help but chuckle softly. It then slowly opened its mouth and said, "Haha, you're right, but ... Boss, I don't know why ..."

The mutated cheetah couldn't help but swallow a mouthful of saliva. After that, it stammered and stammered, and even its tone started to stammer, unable to say a single word for a long time!

Zhou Hao, who was standing at the side, couldn't help but chuckle. Then, he slowly said, "Don't worry, I'll take care of this small fry. You can continue hiding and meet up with Jonina and the others."

After Zhou Hao said that, he quickly charged towards the location in the distance, giving the mutated cheetah a huge scare!

His eyes were filled with shock, staring blankly at Zhou Hao, who was like a Savior, charging straight towards the location of the mutated beast!

At this moment, he felt that his view of the world was completely changed!

Boss is so F * cking handsome!

The mutated beast that everyone had avoided like the plague, under Zhou Hao's leadership, had actually been easily resolved. This was truly a scene that everyone couldn't believe!

At this moment, the eyes of the mutated cheetah exotic beast were about to turn into stars, looking at Zhou Hao in front of it in shock. It then said with great emotion, "Boss, you're so cool!"

At this moment, Zhou Hao was already sprinting toward the position in front of him!

"Howl?"

The mutant Scorpion was shocked by Zhou Hao's sudden reaction.

A look of confusion flashed across its face as it stared blankly at Zhou Hao, who was charging at it. For a moment, it had forgotten how to react!

However, the mutant Scorpion was not to be trifled with. It quickly reacted and stared at Zhou Hao with a cold expression. Then, it coldly said, "Good boy, you're quite bold!"

"You actually dare to find trouble with me. It seems that if I don't teach you a good lesson today, you won't know my power!"

The mutant Scorpion spat out a thick poisonous mist from its mouth, which then shot toward Zhou Hao's position!

Who knew that in the next second, something that shocked everyone happened!

He saw Zhou Hao standing there, perfectly fine, in the face of the ferocious poisonous mist that was rapidly spraying at him. He did not even try to Dodge!

Zhou Hao's sharp eyes were suddenly filled with shock. Then, he slowly said, "Hehe, you dare to do this? it's ridiculous."

In the next second, Zhou Hao opened his bloody mouth and spat at the poisonous mist in the distance!

"Aowu!"

Zhou Hao's bloody mouth suddenly burst out with a whistling sound, followed by a burst of invisible aura, which rapidly sprayed towards the position of the poisonous fog in the distance!

However, in the next second, something happened that made the mutated Scorpion's shocked gaze become extremely shocking!

The Scorpion saw that the poisonous mist it had sprayed at Zhou Hao was instantly returned to its original position. It was immediately frightened, and its expression became extremely shocked.

It really didn't expect that the abilities of the Tiger-like exotic beast standing in front of it would become so powerful!

It was truly shocking, and they couldn't believe what they were seeing!

Seeing that things were about to get out of hand, Zhou Hao's expression suddenly became a little smug.

He chuckled and slowly said, "Hehe, I'll see what you can do if there's no more poisonous fog!"

As soon as he finished speaking, Zhou Hao suddenly burst out with an extremely powerful force. Then, he fiercely chased after the position in the distance!

Chapter 1046 - -silent

Chapter 1046:-silent

At this moment, the mutant Scorpion in the distance had yet to recover from its shock.

A look of disbelief appeared on its face as it stared at the scene in front of it. It was so shocked that it could not recover for a long time. Its eyes were filled with shock as it looked at the scene in astonishment!

"What's going on? how can this mutant Scorpion be so powerful?"

When the mutant Scorpion in front of him saw Zhou Hao's explosive power, it was shocked.

He looked at the scene in a daze, unable to recover from his shock for a long time. He looked at Zhou Hao with eyes full of shock!

He watched as Zhou Hao leaped up and flew toward him at an extremely fast speed. His body was filled with boundless rage, and his shocked face was immediately replaced by a look of shock.

This Tiger's ability was so powerful that no one could believe what they were seeing was real!

"I don't care anymore. Let's just fight it out. It's better to just charge forward than to be killed by this Tiger silently!"

At that moment, the mutant Scorpion's face was filled with fear. It was so nervous that it couldn't help but swallow a few mouthfuls of saliva. It was so nervous that it began to stutter.

But no matter how nervous it was, it couldn't escape one thing, and that was that this matter was so serious that there was no way to salvage it!

At the moment, the mutated Scorpion could only face Zhou Hao head-on!

Zhou Hao was charging at it ferociously. His speed was so fast that even the mutant Scorpion was shocked. It could not even defend itself!

An unbelievable thing happened. Zhou Hao's speed was so fast that no one had the strength to defend themselves. They were directly stomped to the ground by Zhou Hao's huge claws!

"Aowu!"

The Scorpion's mouth suddenly burst out with a miserable cry. It didn't take long for Zhou Hao to step on it until its breathing became rapid. Its face was pale and its eyes were filled with despair!

It was because Zhou Hao's strength was simply too great. It was being stepped on so tightly that it had no way to fight back!

When it saw this, the mutated cheetah's eyes were filled with shock. It couldn't believe what it was seeing was actually happening!

"Oh my God, if I had known that boss was so powerful, I would have taken him as my master earlier. He's so handsome!"

The mutated cheetah in front of him was completely subdued by Zhou Hao's unparalleled strength. It was unable to come back to its senses for a long time, only feeling that its eyes were filled with shock, so much so that it couldn't say a word.

Zhou Hao stepped on the mutant Scorpion's head and said coldly, "Are you convinced?"

The short question scared the mutant Scorpion.

It was so nervous that it swallowed a few mouthfuls of saliva, and its expression suddenly became panicked and helpless. It couldn't help but want to escape, but it had just taken a step forward when it became extremely shocked!

Because Zhou Hao's strength was gradually increasing, it was clear that he did not intend to let it go so easily. If it did not think of a way to escape as soon as possible, it would be trampled into meat paste by the Furious Zhou Hao!

The size of the mutant Scorpion was not as big as Zhou Hao's. Now that something like this had happened, he felt that he had no way of escaping!

He watched as the intimidating force from his body gradually approached!

The mutant Scorpion suddenly let out a final roar. Then, with strength that came from nowhere, it rapidly charged toward a distant position!

It didn't take long for the mutant Scorpion to prepare for the next spurt of venom. It aimed at Zhou Hao's position and quickly sprayed it toward his face!

However, before long, just as the poison was about to reach Zhou Hao's face, something shocking happened in the next second!

Zhou Hao once again opened his bloody mouth and quickly sucked all the venom in his mouth into his mouth!

The mutated Scorpion looked at this scene in shock. Before it could recover from the shock, it saw that its poisonous gas was once again returned to it by Zhou Hao!

The mutated Scorpion was shocked!

Although its own poisonous gas couldn't cause much harm to itself, it still did!

The mutant Scorpion held its breath and dodged the poisonous gas. In the next second, it quickly began to struggle around, as if it wanted to free itself from Zhou Hao's restraints and struggle!

However, the mutant Scorpion's entire body was firmly stepped on by Zhou Hao. It had no intention of letting go. It clearly did not want to give Zhou Hao any chance!

When the mutant Scorpion saw that it could not break free, its eyes turned extremely cold. Then, it quickly swung its tail!

The tail of a mutant Scorpion contained deadly poison. If he was injured by the Scorpion, he would be severely injured!

Zhou Hao had already figured out the habits of the mutant Scorpion, so how could he not know what it was thinking? it wagged its tail and was ready to slash at Zhou Hao!

However, Zhou Hao's speed was even faster. Before the tail could even touch him, Zhou Hao's entire body was instantly sent flying.

The mutant Scorpion wagged its tail. Seeing that Zhou Hao had left, it finally had time to breathe a sigh of relief.

Its face was filled with solemnity. Then, it opened its mouth and said in a cold voice, word by word, "Mutant Giant Tiger, I have no enmity with you. Why are you doing this to me?"

The mutant Scorpion's tone was extremely sinister, as if it could not wait to tear Zhou Hao to pieces.

"It's simple. Because you hurt my little brother."

Chapter 1047 - Following

Chapter 1047: Following

Zhou Hao's words made the Scorpion's expression change.

Its expression was one of shock as it looked at Zhou Hao in disbelief. Then, it asked suspiciously, "What did you just say?"

"Was that mutated Jackal your underling?"

After hearing Zhou Hao's words, the mutant Scorpion's expression suddenly became serious. It then said coldly, "Hehe, sure. This is the first time I've seen a mutated beast having a follower?"

"It's indeed interesting. "

After the mutant Scorpion finished speaking, it looked at Zhou Hao with a smile and said, "However, if I kill you, won't your underlings be mine?"

After saying that, the mutant Scorpion's face suddenly had a triumphant look. It chuckled and slowly said, "Hehe, I didn't think that you'd be so capable,"

"But in front of me, they're just a bunch of trash. They're not my match at all!"

The mutant Scorpion's words were spoken with such confidence that it didn't take this matter to heart at all. It seemed to be certain that this time, it would definitely exterminate Zhou Hao and the others, without any chance of survival!

"Squeak!"

The mutant Scorpion let out a screech. In the next second, it charged toward Zhou Hao's position!

"Aowu ..."

A whistling explosion suddenly rang out, and not long after, it rapidly sped towards Zhou Hao!

At that moment, the poisonous mist in the mutant Scorpion's mouth was almost done brewing. It suddenly and rapidly sprayed it at Zhou Hao's face in the distance.

The poisonous mist that the mutant Scorpion had produced this time was extremely poisonous. If one was touched by it, there would be no chance of resistance at all!

However, Zhou Hao's speed was far faster than the mutated Scorpion's. In fact, he was more than ten times faster than the mutated cheetah!

Zhou Hao quickly dodged the poisonous mist and stepped on the Scorpion's body with his claws. The Scorpion couldn't move at all, and its body was about to be broken.

"As my little brother, you have to protect Mount Kunlun for me. If you are willing to submit to me, I can spare your life. If you are not willing, I will send you to heaven right now. Whether you want to live or die, it's your choice."

Zhou Hao's words were extremely serious. His face was extremely dark, and his eyes were cold as he berated. He didn't even put the mutant Scorpion in his eyes.

If it was willing to surrender and guard mount Kunlun with him, he could still spare its dog life. But if it was unwilling, he would eat it and obtain its special ability.

The mutated Scorpion's poison was extremely powerful. When the time came, he would have an additional ability, and he would be able to easily exterminate all the mutated beasts that wanted to invade and snatch the resources of Mount Kunlun!

Zhou Hao's claws were as sharp as steel nails as they pierced into the Scorpion's body, causing it to bleed profusely. It was a miserable sight.

The mutant Scorpion's body was not that hard to begin with. Now that it was being suppressed by Zhou Hao, it had no room to struggle or fight back. It could only let the Scorpion step on it without any intention of breaking free!

Now, Zhou Hao's claws were extremely powerful. One of his claws stepped on the branch of the mutant Scorpion, as if a snake had stepped on its weak spot. There was no room for retaliation!

As long as Zhou Hao exerted a little more strength, he could easily stomp this mutant Scorpion into pieces.

In other words, if Zhou Hao wanted to take care of the mutant Scorpion, he only needed to stab his claws in and he could easily kill it.

"Squeak, squeak, squeak, squeak, squeak ..."

The mutant Scorpion's face was filled with fear and helplessness. Its nervous tone began to stammer, and its face was filled with fear and uneasiness. Its eyes were full of panic as it looked at Zhou Hao in fear.

The mutant Scorpion immediately knew that it had no other choice today. It could only follow Zhou Hao's instructions and be his little brother.

However, the mutant Scorpion wasn't a peaceful person. If it really chose to surrender, it wouldn't be able to calm down so easily.

He would definitely find a way to take revenge when Zhou Hao was not paying attention.

"Squeak, squeak, squeak, squeak, squeak!"

The mutant Scorpion used the last of its strength to beg for mercy.

Zhou Hao smiled, then sneered and said, "Hehe, don't think I don't know what you're thinking."

As Zhou Hao spoke, he took out a beast collar from his storage space.

Immediately after, he put the beast taming bracelet on Zhou Hao.

“Squeak, squeak, squeak?”

The mutant Scorpion’s expression suddenly changed. It lowered its head in confusion and looked at the bracelet on its claw. It seemed to be curious about what it was.

However, the bracelet did not give the Scorpion any time to react. It immediately shrank the bracelet as fast as it could, embedding the entire bracelet on its wrist and never taking it out!

When it saw this, the mutated venomous Scorpion’s expression became extremely shocked. It was so shocked that it could not come back to its senses for a long time!

Wasn’t this thing a little too shocking? now that such a thing had happened, it was really unbelievable and extremely shocking!

“Squeak!”

The mutant Scorpion opened its bloody mouth and let out a heart-wrenching howl. The next second, it rolled on the ground in pain.

Chapter 1048 - -Soul Control

Chapter 1048:-Soul Control

“Squeak, squeak, squeak, squeak, squeak!”

The mutant Scorpion let out a shrill scream.

Only then did Zhou Hao slowly move his claws away from the beast. He knew that as long as a mutated beast put on his beast collar, it would be used by him exclusively, and would not resist at all!

“Aowu ...”

When the mutated cheetah in the distance saw this scene, a look of excitement and agitation appeared in its eyes. Its face was filled with an excited smile, and it immediately felt that it had vented its anger!

“Boss, you’re really amazing. You’ve finally taken care of that damned mutant Scorpion.”

The loyalty of the mutant cheetah exotic beast to Zhou Hao grew even more firm.

When Zhou Hao saw this scene from a distance, his face suddenly showed a look of understanding. He chuckled and slowly said, "Hehe, with so many subordinates, wouldn't it be easy to protect Mount Kunlun?"

At that moment, the mutated Scorpion was lying on the ground. It looked like it was in extreme pain and was panting heavily. It looked particularly desperate.

In the beginning, it was still thinking that if it could escape this calamity, it would find an opportunity to kill Zhou Hao and take over Kunlun Mountain!

But now, it truly understood one thing, and that was that right now, it simply didn't have this chance.

Now that it had put on the bracelet, it would never be able to take it off. It could only listen to Zhou Hao's orders without any resistance.

After solving the mutant Scorpion's problem, Zhou Hao brought it to the pool.

At this moment, the mutant Scorpion's body was already covered in wounds. It had no chance to resist.

During this period of time, the small pool seemed to be affected by the tree of spirit energy next to it. It gradually emitted a large amount of spirit energy, which constantly lingered around the huge tree.

Now that it was soaking in the small pond, it could also increase some spiritual energy, which would help the mutant Scorpion recover.

Hence, Zhou Hao threw the mutant Scorpion into the pond, allowing it to recover its strength.

After all, the mutant Scorpion was now his subordinate. If the mutant beasts continued like this, it would be difficult for him to protect his Kunlun Mountain.

Now, he had to let the mutant Scorpion recover its strength as soon as possible.

At that thought, Zhou Hao immediately said to the mutant Scorpion, "When you've recovered, you'll protect Mount Kunlun with Xiao Hui, do you hear me?"

"Squeak, squeak, squeak, squeak, squeak!"

The mutant Scorpion roared excitedly. Its eyes were full of smiles as it said, "Boss, I'll follow your arrangements!"

The gray-haired man beside him looked extremely excited when he heard Zhou Hao's words. He looked at Zhou Hao in the distance with great interest and immediately lay down on the ground without saying anything.

"Many Thanks, boss!"

The gray-haired man's heart was filled with excitement. He spoke excitedly and said word by word, "I will definitely discipline these underlings well!"

Now, the gray-haired man had become Zhou Hao's confidant. Now, he was managing these mutated beasts, feeling very proud of himself!

After hearing his words, the gray-haired man's eyes were filled with excitement as he said, "Boss, this small pond contains an extremely abundant amount of spiritual energy. If I can also go in and take a bath, can I also increase my strength a bit?"

Hearing the grey-haired man's words, Zhou Hao immediately laughed and said, "If you want to go in, then go in."

"Thank you, boss. That's great!"

The gray-haired man's face was filled with excitement. He felt his breathing become rapid. He immediately jumped into the small pool.

The mutant Scorpion was so scared that it almost curled up into a ball.

The gray-haired man fell straight into his position. It didn't take long for him to lie comfortably in the pool and enjoy the feeling of being wrapped in spirit Qi.

"Aowu ..."

At this moment, a lion's roar suddenly came from the surroundings.

"There's danger!"

After hearing this sound, the gray-haired man who had just entered the pool suddenly jumped out of the pool.

The gray-haired man bared his teeth and looked extremely vigilant. He looked around like a tiger eyeing its prey, ready to fight at any time.

Zhou Hao's gaze suddenly became more vigilant.

The lion's roar was heard, as if it was trying to intimidate the mutated beasts around it. It wanted all the mutated beasts on Mount Kunlun to hear its roar and not dare to stay on Mount Kunlun.

“Awoo, awoo ...”

“Squeak, squeak, squeak ...”

The terrified howls of countless mutated beasts rang out. They couldn't help but howl as well, constantly declaring that they would not give up their territory so easily.

After all, this group of mutated exotic beasts were all territorial animals. Now that there was suddenly an exotic beast who was so arrogant and domineering, it naturally wouldn't be willing to show weakness at all.

Zhou Hao's face instantly became extremely serious. He looked around and found that there seemed to be a number of figures hidden in the grass, waiting for the opportunity to make a move.

At present, the surrounding sky had already turned dark, so at night, his vision gradually became a little unclear.

However, this still did not escape Zhou Hao's sharp eyes. He saw countless groups of hyenas around him, most of them around twenty. Although there were many of them, their levels were not very high. They were all only F-tier, the lowest level among the mutated beasts.

If this group of mutated beasts were to gang up on him, Zhou Hao could probably cripple them with a single slap.

At that time, it would just become a big meal for the mutated beasts under him.

“Roar oh oh.”

The mutated hyenas in the distance roared as if they were demonstrating their dominance, as if they were declaring their Overlord position.

Chapter 1049 - occupying territory

Chapter 1049:-occupying territory

?

Zhou Hao raised his eyebrows and glanced at the mutant hyenas in the distance. He opened his mouth and roared.

A series of angry roars instantly burst out!

Zhou Hao's extremely valiant roar was a shocking level of oppression in front of the group of mutant hyenas!

There was nothing they could do to fight back at all. They only felt that the scene that was happening in front of them was really shocking!

Zhou Hao's voice was coarse and powerful. It instantly pierced through the entire space and exploded with an extremely powerful force!

An extremely oppressive sound gradually came from the distance, covering the sound of the roaring mutant hyenas.

"Awoo ... Awoo ..."

After hearing Zhou Hao's explosive sound, the hyena-like exotic beasts were so frightened that they didn't dare to make another sound!

There were also a few that simply laid their entire bodies on the ground, their mouths constantly letting out waves of "awoo, awoo" screams. The tone of their voices was extremely miserable, it really made people feel shocked.

When she saw this, Jonina's face immediately showed a hint of surprise. She spoke with some hesitation and confusion, enunciating each word clearly, "What's wrong with these mutated hyenas?"

"Weren't you so arrogant just now? why are you so afraid to make a sound now? that's really funny."

When the gray-haired man heard this, he could not help but chuckle. He then said to Jonina, "Miss Qiao, can't you tell?"

"Those mutant hyenas are just pretending. When boss showed up, they were so scared that they didn't even dare to make a sound. Boss is looking for a big meal for us!"

After hearing these words, Jonina instantly smiled. Then, she slowly opened her mouth and said, "I see!"

"It seems that this group of mutant cheetahs are all brainless fools. They don't have any abilities, but they still dare to provoke us."

The gray-haired man couldn't help but chuckle when he heard this.

“Since this group of mutant cheetahs and mutant hyenas are scared out of their wits, we can start eating now.”

As he spoke, the gray-haired man was about to pounce on the mutated hyena and bite it to death.

However, before the gray-haired man could rush over, he suddenly heard a “awoo” sound from afar.

His voice immediately suppressed the roars of all the mutated hyenas!

The gray-haired man’s face gradually darkened. He looked at the scene in shock and could not help but say, “Boss, it seems like the boss of this pack of mutated hyenas is here!”

Zhou Hao’s expression instantly turned extremely serious. He quickly nodded and said to the gray-haired man in a serious tone, “Get hoodlum and poison Scorpion here immediately. We need to prepare for battle.”

“Yes, boss!”

After hearing this voice, a large mutated hyena King with a hyena’s head and a lion’s body appeared in the distance. Its entire body probably weighed more than a thousand taels of gold.

Although he was huge, he was silent when he walked over!

It looked around with a burning gaze, and when Zhou Hao saw the mutant hyena King clearly, his expression turned extremely serious.

“An E-Class berserk beast with peak strength is indeed not a small character.”

Zhou Hao’s eyes were burning as he looked at the mutant hyena King in front of him warily. He knew that he had met a strong opponent this time.

Aowu, aowu!”

A series of howls could be heard, and it didn’t take long for the mutant hyena King to howl towards the sky.

Its bean-sized eyes were fixed on Zhou Hao and his group, and it looked extremely proud.

The mutated hyenas, who had been scared out of their wits when facing Zhou Hao, suddenly seemed to have a lot of confidence now.

All of them stood behind the mutated hyena King, baring their teeth at Zhou Hao in the distance, as if they couldn't wait to attack him.

Although the mutated hyena King was powerful, it could clearly sense one thing.

The strength of the giant mutant Tiger in front of him was indeed extraordinary!

Although its strength could be compared to Zhou Hao's, it could now sense that Zhou Hao's body was filled with an extremely powerful oppressive force that they did not dare to underestimate!

Zhou Hao's strength was so powerful that if he were to really unleash his power, he would be able to annihilate them in an instant without any effort!

The mutated hyena King had long since sensed that the spiritual energy here was extremely powerful!

If it could avoid a direct confrontation with the mutant Giant Tiger, it would be better. However, if they really fought, it might not be the mutant Giant Tiger's opponent!

Right now, it only wanted to chase Zhou Hao and the rest off Mount Kunlun as soon as possible.

The mutated hyena King bared its fangs, its eyes filled with coldness as it howled continuously. Drool flowed down from its bloody mouth, as if it wanted to tear them apart one by one.

Facing the threat posed by the mutant hyena King, Zhou Hao didn't care about it at all. He only glanced at the mutant hyenas in front of him indifferently, then strode forward, quickly moving forward.

Even though Zhou Hao was at the same level as the mutant hyena King, he was much stronger than it. It would be a piece of cake for him to take care of it.

In front of the mutated hyena King, Zhou Hao could be said to be at the peak!

He watched as Zhou Hao slowly approached his position.

The mutated hyena King's eyes were suddenly filled with fear. Then, with a look of anxiety, it retreated a few steps, seemingly preparing to put some distance between itself and Zhou Hao.

Even though it wanted to take Mount Kunlun, it would not have a good ending if it went head to head with Zhou Hao.

Chapter 1050 - -you die I live

Chapter 1050:-you die I live

“If you are willing to submit to me and help me protect Mount Kunlun, I can spare your life.”

“But if you don’t want to work for me, then don’t blame me for being impolite.”

Zhou Hao’s words were very intimidating. He didn’t take the group of mutated beasts seriously.

After Zhou Hao said that, the mutant leopard and mutant Scorpion behind him immediately became more aggressive.

All of them bared their teeth and looked into the distance with extremely ferocious expressions. Their eyes were filled with coldness as they said, “Hehe, so many good meals have come to my door. If I don’t eat them quickly, I’ll really lose out.”

“In the end, do you want to live or die under my claws, make your own choice.”

After hearing his words, the mutated hyena King immediately glared at Zhou Hao like a tiger watching its prey.

It let out a low growl and its claws kept stomping on the ground, leaving extremely sharp scratch marks.

Such a scratch mark was extremely powerful.

The mutated hyena King had occupied the foot of Mount Kunlun for many years. Now that it saw Zhou Hao, it naturally assumed that he was the one who had intruded.

Now that someone else had taken over their territory, they had no chance of taking it back. And now, they were even being threatened by Zhou Hao!

The mutated hyena King’s heart was instantly filled with dejection. It simply couldn’t take this lying down!

The mutated hyena King’s eyes were burning. In the next moment, something that shocked everyone happened!

A whistling sound suddenly erupted, and the eyes of the mutant hyena King suddenly became more ferocious and bloodthirsty, as if it could not wait to tear Zhou Hao into pieces!

The mutant hyena King was extremely fast. After letting out a loud roar, it quickly charged towards Zhou Hao's position, tearing at him.

"Hehe, interesting, huh?"

Seeing this, the mutated hyena King smiled and sneered, "Since you want to die, then don't blame me for being impolite."

Zhou Hao laughed coldly. When he looked at the group of people again, his face suddenly had a playful look.

He watched as the mutated hyena King's bloody mouth rapidly moved towards his neck!

A thick, stinky smell quickly assaulted their senses. In the next second, Zhou Hao opened his bloody mouth and spat out a Flame Slash, burning the mutated hyena King's body!

Soon, the mutated hyena King howled in pain. It struggled violently, not forgetting to bite Zhou Hao's leg when it had the chance.

With a loud clang, the mutated hyena King's teeth seemed to have bit into steel. It had no power to fight back!

The mutated hyena King's teeth were instantly shattered, falling all over the ground.

The mutated hyena King struggled in pain as it retreated backward. When it looked at Zhou Hao again, its eyes were filled with shock.

Zhou Hao's strength was simply too overpowering, and the mutant hyena King had no way of resisting him!

The mutated hyena King's eyes glinted with a fierce look. It let out a loud roar, signaling the other mutated hyenas behind it to attack it one by one!

If they could not get rid of Zhou Hao as soon as possible, there would be a lot of trouble waiting for them!

The countless mutated hyenas behind him were all hunched over, letting out a series of roars, which sounded extremely intimidating!

Beside him, Jonina was also shocked when she heard the voice.

He couldn't help but retreat behind him, looking a little nervous, as if he had been frightened by the group of mutant hyenas.

Seeing Jonina's fear, the mutated hyena King's confidence was instantly boosted!

Zhou Hao's gaze turned cold.

At first, he was thinking that if the mutant hyena King was willing to submit to him, he could take them by his side.

Who knew that this mutated hyena King was so ambitious that it was obvious that it wasn't going to agree to his request.

Since that was the case, he might as well let the mutated beasts under him have a good meal.

In the next moment, Zhou Hao opened his mouth wide and let out a deafening roar at the mutant hyena King.

Zhou Hao's roar gradually reverberated through the air, and the surrounding pressure immediately pressed down on the mutated hyena King, causing it to feel breathless.

The mutated hyena King looked at Zhou Hao in shock, and a look of vigilance appeared on its face. It was so intimidated that it subconsciously wanted to submit to Zhou Hao, not daring to resist!

This was the perfect opportunity!

Zhou Hao's eyes glowed, and his expression turned extremely serious. He quickly headed towards the mutant hyena King's location, and in the next second, an extremely fierce Hurricane gathered in the surroundings!

Zhou Hao was only using his normal speed to chase after the mutant hyena King, and it was enough to make it feel pressured!

Aowu ... Aowu!"

Seeing such a ferocious attack right before its eyes, the mutated hyena King was so frightened that its face turned into one of extreme fear.

It looked at the scene in shock and screamed in horror. It wanted to Dodge Zhou Hao's attack, but it realized that it had no chance to Dodge at all!

Zhou Hao's aura was too strong, they had no chance to fight back!

In almost an instant, they were suppressed to the point where they couldn't fight back at all!

Waves of intense pressure whizzed through the air, instantly frightening the mutated hyena King. It stood rooted to the ground, feeling as if its body was being pressed down by a massive rock that weighed a thousand pounds!

It did not have any chance to fight back at all. It could only drooped its ears in fear. Its expression was extremely frightened, and it burst out a heart-wrenching roar.

Aowu, aowu!"

Her voice was getting more and more miserable!
