Chapter 1101 - -King level reward

Chapter 1101:-King level reward

"I'm not a good-for-nothing! I finally did it! I've proven myself!"

"I will definitely catch up to Mr. Zhou. I want to become a big Shot like Mr. Zhou!"

The Zhou family's younger generation had also completed killing the mutated beast by themselves. This was something that they did not even dare to think about during this period of time.

They had never thought that they would actually be able to do it. All of this now made them feel like they were in a dream.

However, they all knew that this was not a dream. This was all real.

It was also after their bloodlines were activated that they became unstoppable.

The fear from before had completely disappeared. Now, they only had the excitement to continue fighting.

Zhou Hao saw that Zhou Ziyun's strength had increased by a lot in a short time, and he was secretly satisfied.

Although Zhou Ziyun and the others' strength was not outstanding, it was already very difficult for them to improve so much in such a short time.

If he did what he had to do now, it would be much easier to solve the problems in the future.

Wednesday was the most excited. He did not expect to improve so much. It turned out that it would take him at least half an hour to kill a mutant beast with the Crimson Moon.

Mutated beasts didn't only increase their attack power, but also their armor, which was usually hard to break.

However, Zhou San knew that as long as he did what he had to do, it wasn't impossible to break through his defense.

However, compared to the current situation, the previous ones had to be eliminated.

The Zhou family.

When the Zhou family head and the others saw that the Zhou family's points had been increasing, they were all overjoyed.

As long as they continued to improve, the Zhou clan would definitely become an interstellar-level power. At that time, they would be able to break the rules that were previously impossible.

They were all grateful that Mr. Zhou had brought them here.

"In the future, if Mr. Zhou has any needs, please satisfy him. Do you hear me?"

The Zhou clan leader said to everyone in the Zhou clan.

In fact, even if the Zhou family head didn't say so now, the Zhou family would still do it, because they all saw the benefits of this.

It took Zhou Hao about half an hour to kill both the mutated human and the mutated beast.

Aowuu!

When the other mutated beasts found that their boss was dead, they all let out sad cries and chose to flee in all directions.

Without their boss, they were all a pile of loose sand.

"I won! I'm not dreaming, am I?"

Seeing that the king level mutated beast was killed, the Zhou family members were even more shocked.

They couldn't believe what they were seeing was real. However, after rubbing their eyes, they were sure that what they were seeing was real and not a dream.

They were not the only ones in disbelief. The people in the livestream were also in disbelief.

What kind of monster was that? it even killed a King level mutant beast.

The livestream room was like an ant on a hot pan. Zhou Hao's classmates and family members were all dumbfounded.

Although they knew that Zhou Hao was very strong now, they did not expect him to kill his way into the nest of these mutant beasts, and now even the core area of the nest.

This meant that even in the entire universe, Zhou Hao was now considered one of the strongest.

After Zhou Hao had killed enough powerful mutated beasts, the Earth Star was in an uproar. Many people had said that Zhou Hao would be their idol for life.

They did not expect Zhou Hao to be able to do this.

“Zhou Hao, I love you!”

“Zhou Hao, you’ll always be my Prince Charming!”

Many of Zhou Hao’s fans were also sending messages non-stop, wanting to interact with Zhou Hao.

However, there were too many bullet comments in the livestream room, and their messages were quickly drowned out.

Almost all the netizens on Earth Star were sending out messages, and there were interactions between the major star fields. If it wasn’t for the fact that the live broadcast room could change at will, it would have been full by now.

Looking at the comments, Zhou Hao felt a sense of honor. He didn’t expect that he could still interact with those familiar people even though he was 100000 years away from the Milky Way.

Zhou Hao quickly gathered his thoughts. He had not finished what he needed to do, so he had to continue to finish what he had to do now.

Only by completing all of these would it be easier to continue doing such things in the future.

Now, Zhou Hao also understood that it was better to teach a man to fish than to teach a man to fish. Now, he had truly applied what he had learned.

He knew this before, but it was difficult to apply it, so he didn’t do what he was supposed to do for a long time.

Now, things were different. He roughly knew that he had done what he needed to do.

“System, check the reward!”

Zhou Hao immediately ordered the system.

The system quickly opened the king level blind box. When it was opened, Zhou Hao was stunned.

It wasn't that the reward in the blind box was of little value, but that the reward was actually the pill formula of the adversity breaking pill, which could stimulate one's greatest potential.

Zhou Hao held his breath. He couldn't believe that the system had given him such a good reward. This was definitely a blessing on top of a blessing.

The system was sending charcoal in the snow. Previously, it had given the Zhou family a way to stimulate their strength, but that was only temporary and could not cure the root of the problem.

If they were unable to transform from their Foundation, then they would still be the same as when they were operating the Crimson Moon, unable to deal with stronger mutant beasts.

However, the powerful mutated beasts were the main culprits of the disaster. As long as these mutated beasts were not dealt with, there would be more mutated beasts coming to invade in the future.

Therefore, he was very clear what the reward meant to him at this moment.

"Hahaha, the heavens are helping me!"

Zhou Hao laughed in a daze.

Seeing Mr. Zhou so happy, the Zhou family misunderstood and thought that he was very satisfied with them.

In fact, Zhou Hao did not even care about them, at least not for now.

These people were also considered outstanding, but they were not even as good as those on Earth Star. They were only here because the spirit Qi was rich and there were many resources.

If it wasn't for the cultivation method he had brought, these people would never be able to break the shackles in their lives. No, it could even be said that they would never be able to break the shackles.

If these shackles could not be broken, they would always be bound by the shackles and they would only be able to live in deep waters.

"Alright, we're almost done today. Take the spoils back first. I have a gift for you later!"

Zhou Hao said to Zhou Ziyun. He had already regarded Zhou Ziyun as the kind of person who was extremely important to cultivate.

Chapter 1102 - A gift

Chapter 1102: A gift

They returned to the Zhou family.

“What gift?”

Zhou Ziyun asked excitedly. She had already treated Zhou Hao as her best friend.

Zhou Hao took out the pills he had prepared and said, “This pill will allow you to break through your limits and achieve an impossible breakthrough.

Zhou Ziyun, Zhou San, and the rest of the Zhou family all looked at the plump pill in confusion.

It was hard for them to imagine that a single pill could make them so powerful.

Knowing that they did not believe him, Zhou Hao got someone to bring him a rabbit.

Then, under everyone’s gaze, Zhou Hao placed the pill in the rabbit’s mouth.

The rabbit struggled at first, but soon after smelling the pill’s fragrance, it was invigorated. It couldn’t believe that this was actually the effect of the pill.

Rabbits were also mutated. Although they were not as strong as mutated beasts, they had some intelligence.

Knowing that it was something good, he swallowed the pill.

With a gulp, the rabbit was eaten.

Then, the Zhou family saw a shocking change. The rabbit actually grew very long claws, and its body was also growing bigger.

The rabbit’s ears were also changing, its fur was growing, and its tail was also starting to grow.

This rabbit had already become an enlarged version of the rabbit. However, this rabbit had become even more majestic. One look and one could tell that it was not to be trifled with.

Although it was not as brutal as a mutated beast, the Zhou family did not dare to underestimate it.

Finally, they also believed in the effects of this medicinal pill, thinking that if they could eat it, they could also break through.

It wasn't that they were suspicious before, but that it was hard to imagine. Now that they had confirmed it was true, they were instantly excited.

Right now, they only wanted to eat the medicinal pill and let themselves undergo a certain transformation. As long as they could do this, they would definitely be able to achieve breakthroughs that were impossible before.

In this way, they had done what they should have done. Now, they just had to do what they should do next.

"Distribute the pills. Don't worry, everyone. Each of you will have a share!"

Zhou Hao had prepared the low-end version of the pills and distributed them to the important members of the Zhou family.

He had sent it to them because there were still things that they needed to solve.

That was, they were going to deal with the mutated beasts. However, the difference this time was that they had to do it themselves.

"The next mission will also be very difficult and dangerous for you. It's very likely that you'll die. If you don't want to go, you can choose not to!"

After Zhou Hao said this, he realized that no one had backed out.

"Very good. I'm very satisfied with your determination. I hope that your determination will also satisfy me in the future!"

Zhou Hao finally understood that they had the potential as he had previously imagined. As long as they had enough potential, there was nothing that they couldn't do in the future.

As long as he could complete all these, then whatever happened before and now was nothing to him.

He had already done a lot since the beginning, and if this continued, he would do the same.

Zhou Hao was now sure that what he had done was correct. After that, he only needed to continue doing what he was supposed to do.

The Zhou family left every day, and Zhou Hao arranged for them to hunt mutant beasts. Then, he went to find Jonina and the gray-haired man.

“How’s the situation?”

This was because they had agreed to meet at the same place, and they would arrive on time.

“I’ve already found out that there are three cracks here. Besides the ones that boss knows, there are also similar discoveries in other places. If boss wants to go there, I’ll Take You There now!”

Zhou Hao was not in a hurry to go, instead, he looked at the mutant beast that Jonina was riding.

Zhou Hao was shocked. Jonina had actually caught a mutant beast that was almost at B-Class. It was clear that Jonina’s strength had reached an unbelievable level.

Jonina’s rapid growth must have had something to do with her bloodline and status.

Zhou Hao was very envious. If only he had such resources. If only he had such resources, it would be much easier to solve such problems.

Moreover, as long as he had this identity, the speed at which his strength improved would also be faster than before.

“Boss, it’s too boring for us to fight alone. Take us with you. I want to follow you!”

Jonina looked at Zhou Hao pitifully.

Jonina’s family had actually helped her capture this mutant beast, but she didn’t know that her boss had misunderstood.

Although Jonina had accepted her family’s mutant beast, she was not satisfied. Now, she was even more eager to obtain the first mutant beast in her life through her own strength.

“Boss, I want to follow you too. I want to try the mutated beast you let us eat before!”

The gray-haired man was simply a glutton. From the beginning until now, he had only been thinking about the delicious food of the mutated beasts, not about improving himself.

If it was before, Zhou Hao would have kicked them aside. But now, he did not do so. Instead, he brought them to the Zhou family's battlefield.

The Zhou clan's team had already started hunting again. Each of them moved quickly and vigorously. Now, their cooperation was also very tacit.

They already had a Foundation, and after their level-ups, taking down these mutated beasts was a piece of cake.

Jiang Nan brought Jonina and the gray-haired man deep into the forest. The mutated beasts outside were too weak. They would run away as soon as they saw them.

The netizens in the live broadcast room also expressed that they wanted to watch something more exciting, so Zhou Hao decided to settle these things himself.

Zhou Hao led Jonina and the others in without a hitch. When some of the mutated beasts saw the three of them, it was like an ordinary person seeing a demon.

Zhou Hao quickly spotted a B-Class mutated beast.

This mutated beast's status was not low, and its strength was not weak. When it realized that it was being watched, it instantly became alert.

At that moment, the mutated beast knew that it was in danger, so it turned around and tried to run.

"Don't run! I won't hurt you! I just want to eat ..."

The gray-haired man quickly rushed forward. The appearance of the three of them had frightened the mutated beasts.

Before this, many mutated beasts did not watch the live broadcast, but they knew who had left these behind by the aura left behind by the battle.

This Zhou Hao was definitely the scariest. Hence, all the mutated beasts knew that they were in danger and wanted to leave this place.

However, Zhou Hao would not let them leave just like that.

Chapter 1103 - The training begins

Chapter 1103: The training begins

“You want to run? have you asked me?”

Zhou Hao had already mastered flame cut to the point of perfection. He could use flame cut whenever he wanted. Now, this skill could be used without any time.

The key was that the consumption was almost negligible, which meant that he could use this skill infinitely.

Just like that, with a flame cut from Zhou Hao, the mutated beast that was hit died on the spot, unable to get up from the ground.

Zhou Hao killed the single-horned bull immediately, then dragged it to an open area, lit a fire, and began to roast it.

In a short while, the fragrance of meat filled the air, whetting everyone’s appetites.

The gray-haired man’s fingers were already feasting even before he could see that it was fully cooked.

Even the princess, Jonina, found it difficult to keep her cool. If Zhou Hao wasn’t watching, she really would have wanted to take it for herself.

Jonina swallowed her saliva. This was the first time she had discovered that there were so many ways to eat mutated beasts.

When it was fully cooked, Zhou Hao took it off and gave the two of them a piece. Then, he cut off a piece of meat for himself and began to eat.

The fragrance of the meat filled the air and drifted into the Zhou clan’s territory.

The Zhou family’s team hadn’t caught any mutated beasts yet. It was still difficult for them to kill them, and it was hard to find any that were alone.

They had been trying to catch them for the entire morning, but they still hadn’t caught any.

At this time, they were already famished and were taking out the food they had brought from their families to fill their stomachs.

When they smelled the fragrance, they instantly felt that the food in their hands that had already turned cold was like chaff, and they threw it away without hesitation.

They all went over and found Zhou Hao's location.

"Mr. Zhou!"

Zhou Hao immediately understood what they meant when he saw Zhou San and his men.

Jonina also knew that this was the force that Zhou Hao had trained, but when she saw them coming over, she couldn't help but roll her eyes.

Jonina already knew why they were here. They were here to get free food and drinks.

In fact, this was indeed the case. He had eaten a lot of exotic delicacies on Wednesday, but he had never felt his appetite and appetite increase just by smelling the fragrance.

He came over on Wednesday, hoping to get some food.

Since he couldn't finish it anyway, he said to Wednesday,

"You must be hungry. If you are, then give them some!"

Zhou Hao knew what they were thinking, so he could only say this to them.

The members of the Zhou family all swallowed their saliva. When a piece of mutated beast meat was late, they all began to sweep it away, wishing they could swallow their own tongues.

This roasted meat was definitely the best they had ever eaten.

"Boss, they're too weak. If we go to the next crack, they'll all die within two hours!"

Jonina said as she looked at the Zhou family members.

Zhou Hao had asked Qiao Nina and the others to find the crack so that they could get a clear understanding of it. Then, he could train the people he had trained. This was part of his plan.

The other part was to search for resources. However, the place he had entered now had a portion of the resources that he could find. Those that he didn't have could only be found through the cracks.

However, before he entered, he still wanted to train these people well. Only when they were strong enough would their family's Foundation be solid.

If they couldn't protect this planet, then the mutated beasts would definitely bring disaster to earth. Now that a planet was destroyed, it meant that this day was not far away.

So, before that, he felt that he had to train all of them.

As long as they were strong enough, he would be more at ease with this side.

"In the following period of time, I will teach them all I have. Whether they can grow up or not will depend on themselves. If they can't do it, then they can only leave it to fate!"

Zhou Hao said indifferently.

The Zhou family heard it clearly. Jonina's words were very unpleasant, as if she was looking down on them.

Although they didn't know who Jonina was, they could tell that she wasn't weak.

"After you're full, you'll immediately start training. As long as you can hunt a D-class mutated beast by yourself, you'll pass!"

Zhou Hao said to all the members of the Zhou family.

The members of the Zhou family felt that the difficulty of this mission was not ordinary. However, they thought that this was Zhou Hao's painstaking effort. If they couldn't do it or didn't do it well, they would be letting Zhou Hao down.

Therefore, they all thought that they must work hard to become stronger and strive to catch up with Zhou Hao's footsteps.

Even if they didn't fight side by side, they would at least be able to protect themselves in the future when they faced the same situation. Moreover, they would be able to successfully retreat.

The Zhou family had been training for quite some time, but their improvement and the current effect were minimal. They were far from achieving the ideal results.

Therefore, they still needed to improve more and work harder.

"We can't let Mr. Zhou down. Let's work hard for a while more!"

"Thank you," Zhou San said to everyone in the Zhou family. He thought that this might be the only way they could repay him.

If they couldn't even repay him now, they would definitely feel guilty.

Most importantly, guilt was nothing. The main thing was that if they continued like this, they would never be able to turn things around in the future.

Ever since the mutant beasts had invaded the M Nebula, they had been in total darkness. They had been shrouded in despair and had never seen any hope.

They had always hoped for a Savior to appear, but it had never happened.

If not for Zhou Hao's appearance, they might still be living in the dark. No, to be precise, they would not have been able to survive Zhang Long's attack.

At that time, the Zhang family had already been eyeing them covetously and had always wanted to swallow up the Zhou family. It was just that they had never had the right opportunity.

Later on, they had found an opportunity to attack them. If Zhou Hao had not appeared, the Zhang family would have crushed the Zhou family.

Zhou Hao was their family's Savior. Zhou Hao had already done a lot. If they could not help themselves, then they were like mud that could not be helped on a wall.

However, they didn't want that to happen, so they knew what to do.

In the coming days, the Zhou clan's hunting speed had increased, and now their strength was also increasing.

Now, they all wanted to work hard until they got Zhou Hao's approval.

They all knew that Zhou Hao's requirements were harsh, but they still chose to work hard to complete it.

Chapter 1104 - Sparring at night

Chapter 1104: Sparring at night

"Zhou Hao! Can I spar with you?"

That night, Zhou Ziyun did not sleep. She actually came over to spar.

Zhou Hao could not figure out why.

Even if they were sparring, they could do it during the day.

Although he was puzzled, Zhou Hao still agreed to go out and spar with Zhou Ziyun.

“I’ve already improved my strength, but I don’t think it’s fast enough. Do you have any good ways to help me improve my strength quickly?”

Zhou Ziyun had been longing for this power since the beginning. Now, she finally understood why there was a saying that one needed to be strong to forge iron.

Now, Zhou Ziyun felt that she had benefited a lot. However, she was not satisfied with this. She still felt that she was far behind Zhou Hao.

Now, just like before, she could only look up to him. Therefore, Zhou Ziyun wanted to become stronger.

The only thing he could do now was to become stronger. Only then would he be able to solve the problems he wanted to solve in the future. What he was doing now was not enough.

Zhou Ziyun believed that she would be able to follow Mr. Zhou if she became strong enough.

“I also want to compare notes!”

However, what Zhou Hao did not expect was that Jonina had come out to spar instead of sleeping.

Zhou Hao couldn’t figure out why they had to choose the same time for the sparring.

The gray-haired man was very envious. He thought that it would be great if he was the main character. Now, he would have two women on his left and right.

However, he knew that it was not easy and difficult to wait for this day.

“Zhou Hao, I still don’t understand some of these combat skills. Can you teach me now?”

Zhou Hao knew what Jonina meant, but he had no choice but to agree.

After she was done, Zhou Ziyun walked over and said that she wanted to teach her.

Zhou Hao could only guide her with all his heart. He thought that it would be worth it if he could nurture a seed.

As long as he could get a seed, it was the right thing to do.

From before to now, from Earth Star to leaving the Milky Way, he had met many geniuses, but those geniuses had all died young.

He had been cultivating his own forces, but most of them had died, and not many of them could really survive.

He couldn't go on like this. He needed to cultivate more. Only when there were enough would it be easier for him to do what he wanted to do in the future.

He had done a lot since then, but it was still not enough. Only by doing more could he accomplish what was impossible for him.

It was only when these factions rose up that he could deal with the mutant beasts.

He was very powerful by himself, but it was not enough for now. He had also trained Huaxia's transcendents on Earth Star, but these were still not enough.

There were too many mutated beasts, and they were not only powerful in terms of strength, but also in terms of numbers and the ability to train them.

Therefore, it was not enough to just make them stronger during this period of time. He needed them to increase their strength.

It was just that there weren't many of them, so it wouldn't be impossible to solve this problem in the future.

Previously, when the mutated beasts invaded Earth Star, it brought about a catastrophe. Now, it was affecting the entire universe.

Now, he was no longer as calm as before. To him, cultivation and improvement were urgent.

However, he still knew which was more important. The previous improvement was already enough.

Now, he needed to improve even more. As long as he improved enough, he could be prepared.

This Zhou Ziyun was already the next transcendent expert that he was nurturing.

However, whether Zhou Ziyun could reach that realm or not, it all depended on her.

A master would show the way, but cultivation depended on the individual. Right now, he could only bring Zhou Ziyun into the sect.

Now, he wanted to teach what he knew, but after thinking about it, he chose to give up.

He could teach those things, but if he did, it would be too late for him to regret it later, so he couldn't do it.

He probably knew what to do now. He had done this a lot before, but he really didn't want to continue like this.

"After tomorrow, I'll train with you. I'll set up some special tests for you. If you can't pass my tests, I'll have to give up on you!"

"However, if you can pass the test, I will give you all my support. Not only will I let your Zhou family become the Overlord, I will also let you have the power to travel between the galaxies without being defeated!"

Zhou Hao's words made Zhou Ziyun very excited, and her blood was boiling.

Zhou Hao's words were the greatest encouragement to them. Zhou Hao's words also gave Zhou Ziyun a sense of self-awareness.

The next day, Zhou Ziyun brought the Zhou family out to hunt mutant beasts early in the morning.

Roar!

Every morning, some mutated beasts could be heard screaming as they were killed.

Although Zhou Ziyun and the others were still as difficult to kill as before, at least they had a breakthrough now, a major breakthrough.

The strongest person in the Zhou family was Zhou Ziyun. Even without the red moon, she could still kill the mutant beasts.

She was the first one to do it, and the situation that was originally impossible for the Zhou family to kill a mutant beast by themselves was now over.

"Young miss, you're amazing!"

"You're really awesome. Other than Mr. Zhou, you're the only one I admire!"

Zhou San was also very surprised. He thought that he would be the first one, but Zhou Ziyun was the first.

No wonder Zhou Ziyun could control the red moon. It seemed that Zhou Ziyun's choice was right.

“Not bad!”

Zhou Hao gave a neutral comment after a glance.

The people of the Zhou family were all cheering. Although they didn't kill him, at least they could see the light of hope.

This was the beginning of the Zhou family's plan to get rid of the mutated beasts. It also meant that the mutated beasts would no longer be invincible.

This also meant that they could now kill mutant beasts.

Before this, it was basically impossible for them to do so.

Therefore, he knew how big of a change this was.

The Zhou family members were also very excited. Now that they had gathered their courage, they worked even harder to kill the mutant beasts in the next few days.

In the past, they definitely didn't have the courage and strength to do this, but now that they had it, it was much easier to solve this problem.

“We'll continue tomorrow. As long as we make the best use of our time, we'll have a chance to follow Mr. Zhou in the future. As long as we become stronger, we'll have a chance!”

Zhou Ziyun said to the Zhou family.

The Zhou family members were all extremely happy. To them, following Zhou Hao was their ultimate goal. Zhou Hao was their idol.

Before this, they had also thought that if they became stronger, they would have the qualifications to follow.

However, they did not know that Zhou Hao would never allow them to follow him because no matter how fast they tried, they would not make it in time.

Chapter 1105 - strange things happen

Chapter 1105:-strange things happen

As Zhou Hao killed more and more mutant beasts, the area quickly became a Holy Land for many families.

Those people had all been rejected at the Wang family's residence, and now that they finally had the chance to meet the person they had always wanted to meet, how could they miss it?

It was just that when they entered this area, they were quickly stopped.

"You're not allowed to go in!"

The ones who stopped them were Zhou Ziyun, Zhou San, and the Zhou family.

It was not that the Zhou family was being unreasonable, but they just did not want Zhou Hao to be disturbed by these people.

Zhou Hao was the kind of person who liked peace and quiet. Therefore, the Zhou family only wanted Mr. Zhou, who had helped them a lot in the past, to have a better life now.

Even though they knew that this was insignificant, they still wanted to do it.

"On what basis are we not allowed to enter? this is not the Zhou family's private territory. This is ownerless land. Your Zhou family is really too overbearing now. Do you think that you can do whatever you want now, just like the Zhang family?"

Many families were envious. After seeing the rise of the Zhou family, they all wanted to ask Zhou Hao to help them improve.

As long as they were on good terms, even if they could not surpass the Zhou family in the future, they would at least be on equal footing.

They had been looking forward to this day for a long time. They didn't expect that they would finally get such a good opportunity. How could they let it go?

But now, these people had misunderstood. The Zhou family didn't want to stop them from growing, and the Zhou family didn't want to become the next Zhang family.

The Zhou family didn't explain. They just didn't want to get involved with them too much. There would be many mutated beasts coming out of the crack in the next few days, and there would often be beast tides. Now was the most important time to solve the problem.

If they didn't solve it, it would only be more troublesome in the future. The result would definitely not be what they wanted.

Therefore, they all knew what they were facing and how dangerous it was.

However, no matter how dangerous it would be, they had to do what they had to do. If it wasn't for Zhou Hao's help, they wouldn't have grown so much.

If they couldn't do what they were supposed to do now, then they would really be like mud that couldn't support a wall, so they didn't want to live such a life now.

Therefore, they all knew what to do now and were very determined.

Seeing that the Zhou family had no intention of giving in, those people did not dare to force their way in. After all, Zhou Hao was looking at the Zhou family and wanted to nurture them, not them.

At that moment, everyone knew what to do. They also knew that this was different from any other time.

Offending the Zhou family was the same as offending Zhou Hao. They could only swallow their anger.

"Brother, can I ask you if Mr. Zhou likes beautiful women now? this is a small gift from him. Take it!"

Some of them quickly found a way, and that was to bribe the Zhou family. They wanted to know Zhou Hao's preferences through them.

These people actually did not know what Zhou Hao wanted. They thought that Zhou Hao was the same as ordinary people, so they told him what he needed.

After these people found out, they immediately chose to make preparations and cater to his interests.

Just like that, many gifts appeared in the Zhou clan's territory the next day, as well as many beautiful women. Their figures and faces were all of the highest quality.

When Zhou Hao came out, he thought that he had arrived in heaven, but he quickly realized that he was not.

"Who are they?"

Zhou Hao quickly gathered his thoughts. Although these beautiful women were very beautiful, he had seen countless beautiful women before and was quickly immune to them. They were like red faces and withered bones.

After Zhou Ziyun went to find out more, she found out that the people outside were trying to please Zhou Hao.

“Go and tell them that they don’t need to do it anymore. In a month, your Zhou family will give them some of the low-level version of the drug, and make sure that they can also survive in the area where mutant beasts are active!”

Zhou Hao didn’t know whether to laugh or cry. He could only reply to Zhou Ziyun.

It was good that they had the Zhou family, but it wasn’t enough to fight against the mutant beasts. It would be best if more families joined in.

He couldn’t expect these families to listen to him. He only hoped that these families would get some benefits and stand up when the planet was in trouble in the future.

When Zhou Ziyun went to make the arrangements, Zhou Hao suddenly received a piece of news.

Some of the mercenaries had mysteriously disappeared.

Originally, it wasn’t worth making a fuss over just one disappearance. However, in the past few days, there were people disappearing one after another.

These people seemed to have evaporated.

The incident immediately caught Zhou Hao’s attention.

This might have been the doing of a mutated beast, and not an ordinary one at that.

After Zhou Ziyun returned, Zhou Hao decided that the assessment would be to find the real culprit.

The Zhou family members were all excited. The test was finally here, and they knew that it would not be easy to solve this problem.

But at least now, they had waited. They had been waiting all along, and now they had finally waited.

“Yes, Mr. Zhou!”

“We will definitely complete it and not let Mr. Zhou down!”

These people had all agreed and immediately accepted the test. They had immediately made arrangements for the night.

Zhou Ziyun had also heard about the news from the outside. On her way back, she passed by and specially went to check it out. She found that the matter was really strange.

Because there were no traces at all, and no one knew how those people disappeared.

It was as if he had disappeared without a trace. Of course, they knew that it was impossible for him to have disappeared.

It was very likely that something had caused this, so they all wanted to find out what it was.

As long as he completed it, he would be considered to have passed the test.

Then, they could be considered to have been reborn independently and could take charge of a region on their own. They were qualified to follow Zhou Hao.

Just like that, they started patrolling at night, planning to wait for the rabbit to come.

However, they waited for an entire night and there was still no movement.

“Not good, there’s one less person, it’s Zhou Min!”

However, what made their scalps tingle was the fact that their team was missing a member. Immediately, their hair stood on end.

What was going on? why didn’t they have any reaction?

What confused them even more was why they didn’t sense a mutated beast approaching last night.

Zhou Hao had already activated their bloodline, so their spiritual perception was much sharper than normal people.

Chapter 1106 - The invisible mutated beast

Chapter 1106: The invisible mutated beast

?

Logically speaking, they should have at least noticed something.

Another thing that they couldn't figure out was why Zhou Min didn't call for help last night and just disappeared without a trace.

Zhou Ziyun's face turned serious. She had not expected things to turn out this way. What was going on?

Although she did not know what was going on, Zhou Ziyun chose to continue her investigation. This time, they had already embarked on a path of no return. There was no need to turn back now. They just had to continue on.

Zhou Hao had also heard about it. He also felt that this matter was not as simple as it seemed, but he did not let them end the assessment.

In such a grim situation, it was only now that their potential could be better stimulated.

It was also at this time that Zhou Hao realized that he had to do it himself.

At night, Zhou Hao did not sleep. He went out to set up an ambush.

However, when he went out, he found two people following him secretly.

"What are you doing here? go back and sleep!"

Zhou Hao could only shout at the grey-haired man and Jorina.

However, Zhou Hao had done it on purpose to prevent any accidents from happening to the two of them.

After all, they were going to do something big in the future. If something were to happen now, their plans would be in chaos.

Therefore, Zhou Hao wanted them to go back now. Only by letting them go could the plan continue and develop step by step.

"Boss, I know you're worried, but this is also a test for us. Just let us stay!"

The gray-haired man begged.

"That's right, boss," Jonina said, "just treat it as a test!"

Zhou Hao knew that he couldn't persuade the two of them now, so he could only silently agree for them to stay.

"This time, it's very likely that this mutated beast has reached my level. It's for your own good that I didn't let you guys stay. If the mutated beast's target is you guys, it'll be very difficult for me to hold it off!"

This was the first time that Zhou Hao had encountered such a mysterious mutated beast. She could not even find a single trace of it. From this, she could tell that this mutated beast was a very smart one.

This also meant that it wouldn't be easy for her to find him.

This also meant that during the battle of wits and courage, it was very likely that something would happen to the two of them.

Zhou Hao did not want to do anything when he was not confident, but he knew that he had no choice.

Hence, Zhou Hao could only agree to it temporarily.

"Don't run around. If you find anything, tell me immediately. Also, you can't do anything without my permission. If any of you dare to act on your own, don't blame me for not forgiving you!"

Zhou Hao almost said that he was kicked out of the party, but he knew that it was impossible for the two of them to know their place.

Therefore, something would definitely happen in the future. As for what it was, he didn't know. However, he roughly knew that it was definitely related to making decisions on his own.

"Hehe, don't worry, boss. I'll definitely listen to you!"

Just like that, after getting the approval, the few of them began to wait for the rabbit.

The night was dark and the moon was high. They could only continue to wait. However, they waited until midnight and did not see anything happening.

Zhou Hao was already dozing off. He had already maintained a sleeping habit, but now he couldn't help but want to take a nap.

However, he quickly pinched a piece of his own flesh to keep himself awake. He had to find the person who was catching people everywhere.

If he didn't deal with it now, it would be equivalent to having a time bomb by his side that could explode at any time in the future. He wouldn't even be able to sleep in peace, but the dormitory would be difficult to live in.

He had already felt this way once before, but he really didn't want to feel like this now. Therefore, he knew what he could do.

He didn't tell Jorina, nor did he tell the gray-haired man. He went out alone to look for him.

After walking for a short distance, Zhou Hao suddenly saw a person. It was Zhou Ziyun.

"What are you doing here?"

Zhou Ziyun had an indescribable feeling now. She was very enchanting, and people could not help but look at her a few more times.

Zhou Ziyun's eyes were like silk. She was now like a woman who had gone through many hardships. She had a charm and was extremely charming.

Just looking at it made Zhou Hao's mouth go dry, but he quickly suppressed his desire.

Now, he felt that there was something wrong with this woman. She did not seem to be the Zhou Ziyun he knew. If he knew her, he would not have such a strange feeling now.

This might be a mutant beast in disguise. After Zhou Hao guessed this possibility, he immediately made a decision.

That was, he would pretend to be like this, and then deliberately approach her to see what she was up to.

When he got closer, Zhou Hao realized that he was in danger. Zhou Ziyun suddenly pounced on him.

However, Zhou Ziyun was no longer the same Zhou Ziyun from before. The current Zhou Ziyun had a green face and fangs, like an evil spirit that had jumped out of hell.

His claws were also clawing at the ground, and his eyes were bloodshot.

He kept grabbing at her.

Zhou Hao immediately tried to grab her, but when he made his move, he was stunned as he realized that Zhou Ziyun had disappeared into thin air.

No, to be precise, it disappeared into the night as if it didn't exist at all.

However, Zhou Hao knew of its existence. Now, he could only use the night as a disguise to hide. Suddenly, Zhou Hao knew that it would be very difficult for him to find it.

However, it had already come to this point. No matter what the situation was now, he still had to find out.

This was a time bomb. If he didn't find it now, it would be difficult to find it in the future when he encountered danger.

He definitely couldn't wait until then, so he had to find it as soon as possible. Only by solving this problem now could he ensure that the plan could continue as he had originally planned and that he would be absolutely safe.

He didn't expect this to happen, but he knew he had to change it. Otherwise, if something similar happened in the future, he would be stuck in a quagmire and unable to extricate himself.

He had encountered it before, but he didn't want to taste it again, so he knew what to do now.

Only by doing all these could he have time to deal with other things.

It could be said that this was something that he had to resolve no matter what.

Zhou Hao wanted to kill the mutated beast in front of him, but he realized that it was too cunning. When he rushed over, the mutated beast had already run into the night.

Chapter 1107 - waiting

Chapter 1107:-waiting

This was definitely the most cunning and intelligent of all the mutant beasts he had encountered so far, and Zhou Hao knew that his current strength was useless.

Suddenly, Zhou Hao remembered the mutant Lion bighead that he had caught before. He thought that it would be great if bighead was with him now. He would definitely be of use at this time.

However, big head was not here, and he could not use his strength at the moment, which meant that it was impossible for him to find the mutated beast now.

Zhou Hao had no choice but to let the mutated beast go and went to Zhou Ziyun and the others.

“All of you, stop the assessment. I need your cooperation. Your cooperation is to do nothing but protect your own members. This time, all you need to do is to leave safely!”

Zhou Ziyun did not know why Zhou Hao had said that, but she knew that she just needed to cooperate.

Although Zhou Hao hadn't said what had happened, he knew that they had probably found the reason why their people had disappeared.

“I know you all want to know why I said that. I'll be honest with you. Last night, I encountered a mutated beast. This one was different from the ones you've encountered before. This time, it's definitely more difficult to deal with than the ones you've encountered before. The key is that it's proficient in human transformation and is very cunning!”

After Jiang Nan's white chopped chicken explained everything that had happened last night, the Zhou family members' faces instantly turned grave.

They also knew that it would not be easy to deal with them.

It would be a problem for him to leave safely.

Although they knew that they would be in danger at any moment, they were still determined to stay.

This was also an opportunity. Perhaps they could use this opportunity to stimulate themselves even more. From the beginning until now, they had already been stimulated a lot, but they had not been fully stimulated.

Now, if they could solve this problem, they all thought that they might be able to fully stimulate themselves and make them do things that were impossible for them.

In the past, they didn't even dare to think about this. However, the situation was different now.

Because Zhou Hao was here. As long as Zhou Hao was here, even if there were more powerful mutated beasts, they would be able to deal with them.

However, Zhou Hao now knew what these people were thinking, so he said to them seriously.

“Although I can take care of that mutated beast, please don't let your guard down. This time, there may not be only one invisible mutated beast. We must work together and help each other until I find all the mutated beasts!”

Zhou Hao had already confirmed that the cunning mutated beast was no match for him. Therefore, he thought that as long as these people were well protected, the previous incident would not happen.

“Mr. Zhou, don’t worry. I will definitely protect everyone!”

Zhou Ziyun said immediately.

Zhou Hao looked at Zhou Ziyun. He was also very satisfied with the leader that he had raised. As long as Zhou Ziyun was confident, this matter would definitely be completed.

That night, Zhou Hao, Jonina and the gray-haired man set out. They were determined to catch one of them.

These mutated beasts were too dangerous, and they had to be eliminated as soon as possible. If they were not eliminated in the short term, there would be endless trouble in the future.

This was the first time he had encountered these mutated beasts. Why were they here? that was the question that Zhou Hao had been trying to figure out.

Zhou Hao knew that it was impossible for him to find out the answer in a short period of time. He could only catch those mutated beasts.

Zhou Hao could only make one decision, and that was to use the gray-haired man as bait.

“Boss, don’t!”

The gray-haired man had a look of fear on his face. In fact, he was strong, but he always thought that he was weak when faced with such things.

Zhou Hao wanted to give him a kick, but he chose to tell the gray-haired man that he would give him a spiritual fruit if he completed the task.

“Boss, you really will give it to me? don’t lie to me, you said it yourself!”

After confirming that he had not misheard, the gray-haired man was ecstatic. He had been waiting for this moment, and it had finally come.

He had been waiting for a long time, but he had not been able to see her. Now that he had finally seen her, how could he miss her?

He just wanted to do this right now. If he didn’t do it well, he was afraid that something even more terrifying would happen in the future.

It's fine if it's just once. The main thing is that if it's not resolved now, it might happen again in the future.

Therefore, Zhou Hao wanted to settle this once and for all.

"Boss, I can be the bait, but I don't think your plan is good enough. I think that if we want to succeed, we must arrange for everyone to work together. Think about it, if those mutated beasts see through your plan and find someone else, wouldn't it be a waste of an opportunity to alert the enemy?"

The gray-haired man suddenly said.

Hearing this, Zhou Hao was also stunned. He had indeed not thought of this. He had actually neglected this.

"Boss, I think he's right. I think you should make some new plans!"

This time, Jonina chose to speak up for the gray-haired man.

Zhou Hao nodded, then went to find Zhou Ziyun again to make the necessary arrangements.

After all these arrangements were made, the other things that he wanted to do were even easier.

The rest of the plan was to wait. This time, Jonina and the gray-haired man each went to a different area.

As long as they noticed something wrong, they would take action. This way, even if they couldn't solve it, they would be notified immediately. Once they received the notice, they could immediately take action.

There wasn't much time left, and he really didn't want to continue doing what he did before.

If it was the same now, then the difficulty of solving this problem would increase in the future.

In the past, it could be increased, but it definitely couldn't be done now. Therefore, he knew what he had to do now.

They couldn't afford to make any mistakes. After asking Jorina and the others to cooperate, they had to capture this invisible mutated beast.

Once he was caught, Zhou Hao thought that he might be able to use this method to bring him back to train Huaxia's transcendents.

By then, as long as they could level up, they would have the ability to escape even if they had to face those hell-level mutant beasts.

The current situation was ever-changing, so he had to think about it before he did anything.

If he didn't even consider this, then when he encountered other things in the future, his means would appear to be limited.

Chapter 1108 - mutated Night Demon

Chapter 1108:-mutated Night Demon

?

In the evening, Zhou Hao and his men started to set up an ambush here.

At the same time, Zhou Hao also called out the Huaxia transcendents he had been training, as well as a few other powerhouses.

When they found out that the mutated beast they were facing was very powerful, they were all very excited.

"I know you're all very happy now, but I have to remind you that the mutant beast we're dealing with this time is not easy to deal with. Now, show me the spirit you should have in a life and death situation!"

After Zhou Hao gave a lecture, he led his men to start making arrangements.

Furthermore, Zhou Hao had asked Zhou Ziyun to spread the news so that those who did not know what was good for them would leave.

There were many people who wanted to curry favor with them and had set up camp outside. If the mutant beasts got close to them, it would be dangerous.

Zhou Hao continued to wait that night. This time, he even brought Jonina along.

"Boss, you have to keep a close eye on me!"

The gray-haired man had a sad face since yesterday, and he still looked worried and scared.

The corner of Zhou Hao's mouth twitched. If it wasn't for the fact that he could use it now, he really wanted to teach the gray-haired man a lesson for being intimate with him.

"Mr. Zhou, I've already made the arrangements. Is there anything else you need me to help you with?"

Zhou Ziyun had rushed over immediately after settling the matters that needed to be settled. Now, her face was full of anticipation.

Zhou Hao was very satisfied. He was now full of praise for Zhou Ziyun. This Zhou Ziyun was definitely the best person he had met so far.

It seemed that he had chosen the right person previously. This time, he had Zhou Ziyun's help, which was equivalent to giving him the confidence to capture the mutated Night Demon.

He didn't know what kind of mutated beast it was, but he knew that it was definitely a mutated Night Demon.

Right now, he was alone and had no way of capturing the mutated Night Demon. He could only do so if he had enough helpers by his side.

"You've done a good job. You can stay with me for the time being. I'll let you do it when I need you!"

Zhou Hao touched his chin and thought for a moment. He realized that Zhou Ziyun had already helped him solve a lot of problems. He had nothing else to hand over to her, so he could only say this.

"Okay, Mr. Zhou. If there's anything you need to do, you can rest assured and leave it to me. I'll definitely help you get it done!"

Zhou Ziyun smiled sweetly.

Zhou Hao felt that Zhou Ziyun was really too enthusiastic, more so than anyone else in the Zhou family.

No, to be precise, there was another one who was as enthusiastic as Zhou Ziyun and always liked to follow him.

Jonina, why didn't you go to the place I've arranged for you?

Seeing that Jonina was following him, Zhou Hao was a little unhappy. He had already made the arrangements.

If there was a gap in any one of the locations, it could very likely become the best place for the mutated Night Demon to escape. This was also a flaw in his originally perfect opportunity.

If there was such a flaw in the past, it would not be a big deal. However, it would be troublesome if there was such a flaw in this situation. Therefore, he was now very serious about this request of his.

But now, Jonina had actually left her post without permission.

Jonina wouldn't have done this before. She had always listened to him, but now she was going against his wishes.

Jonina didn't explain. She only said, "I want to follow you, boss. I don't think I have enough strength to deal with the mutated Night Demon. Don't worry, boss. I won't give you any trouble if I encounter the mutated Night Demon!"

Jonina's words did not make any sense, and she looked like she had a lot on her mind. Zhou Hao did not have the heart to ask her what was going on.

This was the first time Zhou Hao had seen Jonina like this. He thought that there might be something very special and important to her, so he let Jonina be stubborn this time.

However, Zhou Hao was a straight man. How could he know what Jonina was thinking? it would be strange if he knew.

Late at night.

In the night, a loud and clear cry broke the silence.

Many of them had already set up an ambush and were waiting for their prey. They thought that as long as the mutated Night Demon appeared, they would be able to attack it together.

However, the night demon's cry had broken the silence of the night, which was something they had not expected.

What was going on? how could this be?

For a moment, they couldn't make sense of what was happening, but they were sure that the mutated Night Demon was up to something big.

“Be careful, everyone. It’s our first time to encounter such an emergency. Be ready for any emergency!”

Zhou Ziyun was indeed the pride of the Zhou family. Even in such a situation, she could still remain calm and composed. She had a calm temperament that shouldn’t be possessed by someone of her age.

The better Zhou Ziyun was performing, the happier Zhou Hao was.

However, other than Zhou Ziyun, the other person who was performing well was Jonina.

However, what surprised Zhou Hao now was that Jonina was much more enthusiastic than before. Jonina had never been so enthusiastic before. It was too strange.

He didn’t know that when he looked over, Jonina’s face had already turned red.

The night was dark, and Zhou Hao couldn’t see him.

Zhou Hao continued to search for mutated night demons. At the same time, he warned the Zhou family members not to fight if they encountered them. They had to turn around and run.

Although these people were not related to him, at least they were working for him now and would be useful in the future.

Therefore, Zhou Hao had been subconsciously treating these people as his own people.

At the same time, these people would become a sharp sword for him in the future, a powerful force that would be able to deal with the mutant beasts.

Previously, there were many powers on Earth Star, but all of them added together were not as strong as these people.

These people could operate mechas because their genes were very strong. If it wasn’t for the gap in their bloodline back then, this place would have developed into a terrifying country by now.

“Boss, you have to keep a close eye on me. I don’t want to die!”

The gray-haired man wailed. His throat was about to jump out.

“Don’t worry,” Zhou Hao said.”If anything happens, I’ll be the first to save you!”

Zhou Hao was very puzzled. Why did he find such a thing to follow him? if it wasn’t for the fact that he had no one else to use, he really didn’t want to use this guy.

However, he couldn't find anyone more suitable to be the bait than the gray-haired man.

Now, he knew that as long as he asked for it, the people beside him, Jonina and Zhou Ziyun, would definitely agree.

Chapter 1109 - Don't die

Chapter 1109: Don't die

However, they had other things to do. More importantly, they might not be able to deal with the mutated Night Demon this time.

Therefore, using the gray-haired man as bait was the best choice.

Just like that, they kept waiting, waiting for the mutated Night Demon to take the initiative to find them and attack them.

However, whether or not he could wait until then, it would definitely be very difficult now.

Before this, he knew that he couldn't continue to do what he did before. At this time, he needed a better plan.

It would only be easier for him to do this in the future after he understood this.

Otherwise, no matter how long this matter would develop, the outcome might still be the same as before. It would not be the kind that he wanted.

If it was just this one time, it would be fine. He was mainly worried that it would happen again in the future.

"All of you, listen up. Capturing the mutated Night Demon is secondary. The main thing is to survive. No one is allowed to die Here!"

Zhou Hao was now telling these Zhou family members that it was too cowardly of him to just not let them die.

However, the Zhou family had misunderstood. Now, they felt that they were being cared for. They were all very touched and thought that they must not disappoint Mr. Zhou.

He opened the livestream room and could see that many people were sending bullet comments. However, his mission of capturing the mutated Night Demon was only considered to be a slightly famous one.

Out of all the livestream rooms, there were only tens of millions of people watching his livestream. These were all experts from various major galaxies.

They also knew that Zhou Hao was going to capture a mutated beast, so most of them were mocking him.

“Kid, a mutated Night Demon isn’t something you can catch. You’d better take your people and run as fast as you can!”

“If you escape now, you might still have a chance of survival. When the mutated night demons come out with the mutated beasts, you will all die!”

Zhou Hao had also noticed the unfriendly comments, but he did not take them seriously. This was because things were different now. He had improved so much that he could catch up with the godly state experts.

What he needed now was to keep accumulating points. As long as he had enough points, she would be able to exchange for more valuable blind boxes, and his rewards would be more generous.

Before that, he could only complete the tasks that he needed to complete more decisively. Only by completing all these could he speed up his improvement.

This time, even if the beast horde formed a beast tide, he would not be afraid.

However, to Zhou Hao’s surprise, a few members of the Zhou family suddenly looked for him, probably wanting to quit now.

“Are you sure you want to quit?”

Zhou Hao didn’t blame them, he just looked at them in disappointment.

The Zhou family members did not dare to look Zhou Hao in the eye. They only nodded to express their thoughts.

“Since you’ve already decided, I won’t force you. You can go, but you only have one chance. If you let it go, you’ll be ordinary people from now on!”

Zhou Hao was still as strict as before. As long as they could not break through, they were destined to be ordinary people.

Zhou Hao’s words had stripped them of their status as heaven’s favorites.

The Zhou family's faces were ugly, but they could only choose this outcome. After all, they were the ones who said that they would complete the mission, and they were the ones who were backing out now.

Zhou Hao had already made it clear that they would have to pay a price if they wanted to leave.

"Who else is leaving?"

After sending off the Zhou family members, Zhou Hao looked at the remaining members of the Zhou family. Right now, he only wanted to eliminate those who were against him. Instead of holding onto the hope that there would be no results, he might as well kill off those hopes that he should not have.

After all these were done, the rest of the matters were much easier to solve.

After that, a few more members of the Zhou family walked out and expressed their wish to withdraw.

Zhou Hao allowed them to leave.

The eyes of the rest of the Zhou family members flickered, as if they were struggling to make a decision. After a while, they all took a deep breath and decided to stay.

Zhou Hao looked at them in satisfaction. Although they had yet to capture the mutated Night Demon, their decision had already fulfilled his conditions.

Regardless of whether he could catch them or not, these people had already passed his test. He would lead them to another height.

"Very good. I'm very satisfied with your performance. Next, do as I say. You just have to remember to stay alive. You don't have to do anything else!"

Zhou Hao stated his request, and the Zhou family members all expressed that they understood.

Zhou Ziyun continued to lead her men in an ambush.

BOOM! BOOM!

While they were waiting, a rumbling sound suddenly came from the front.

At that moment, Zhou Hao knew that there was a group of beasts approaching. It was very likely that this was the kind of beast group that the live broadcast had mentioned.

Zhou Hao knew that they were in danger.

The people of the Zhou family were also panicking. Although they had seen it before, they had all brought mechas before and could deal with it.

However, they weren't strong enough and didn't have mechas. They could be said to be unarmed.

In this situation, they felt that they were going to die.

However, they didn't want to die now, so they knew what kind of situation they were in.

"Am I going to die?"

"I don't want to die! Someone save me!"

Some of them even closed their eyes and waited for death, but most of the Zhou family members chose to muster their courage and face their fear.

There were also some who knew that it was impossible to leave this place alive, so they wanted to make a last-ditch attempt.

"What are you afraid of? everyone will die one day. It doesn't matter if you die earlier or later!"

Some of them had completely activated their bloodlust and wanted to fight these mutated beasts to the death.

The rest of them were probably infected as well. Their eyes immediately became determined, and they wanted to kill these mutated beasts together.

Of course, they knew that this was not easy, but they still wanted to prove their determination through this battle.

They had no other choice.

The people in the live broadcast room also began to ridicule him at this time. Zhou Hao saw that on the ranking list, the Zhou family's points were starting to decline.

If the Zhou family was in their previous state, it would be impossible to solve the problem here. However, things were different now.

Therefore, he knew what he had to do now and he knew that he had to help the Zhou family tide over this crisis.

"Don't be afraid, everyone. I'll protect you. Get behind me!"

The Zhou family's eyes lit up when they saw Zhou Hao stepping forward. Why didn't they think that Mr. Zhou would be able to save them?

Chapter 1110 - one man against ten thousand

Chapter 1110:-one man against ten thousand

?

However, when they saw the densely packed mutant beasts in front of them, they were in despair again. Mr. Zhou was powerful, but there were too many mutant beasts.

Even if Mr. Zhou had three heads and six arms, he would not be able to deal with these mutated beasts.

As a result, they were once again in a state of helplessness.

Zhou Hao knew that they didn't believe him, and so he spoke to Jonina and the gray-haired man.

"You two protect them, I'll deal with the beasts!"

The gray-haired man and Jonina both nodded. Although they could also deal with the Horde, they would have to pay a huge price, so they did not want to do so now.

Zhou Hao had also charged into the Horde of beasts. The bullet comments in his live streaming channel were also overwhelming. Most of them felt that he was overestimating his capabilities and that he was like a Mantis trying to stop a car.

However, Zhou Hao ignored them. He didn't care too much about these words. He only wanted to deal with these beasts.

This was his responsibility, and this was something he had to solve.

"Mr. Zhou doesn't have to go to this extent for us. Mr. Zhou is too good!"

"Yes, Mr. Zhou, you've already done enough to fake us!"

Many members of the Zhou family expressed their regret, but it was useless to regret now.

That was because Zhou Hao had already entered the beast horde.

In their opinion, Zhou Hao's decision was no different from throwing an egg at a rock. It was basically impossible for them to come out alive after going in.

He only knew that he couldn't change the current situation. It was just like how some things were destined to be changed but couldn't be changed.

Some of the Zhou family members began to sob. They sobbed loudly, thinking that they were dead for sure.

Although they did not regret their earlier decision, they still felt a strong sense of fear when death came.

Just as some of them closed their eyes and waited for their deaths, a member of the Zhou family suddenly cried out in alarm.

"Oh my God, look!"

The Zhou family all looked over, as if they were possessed. However, when they looked over, they all saw a scene that they would never forget.

What did they just see?

There was a single figure in the midst of the Horde of mutant beasts, cutting off their heads with ease as though he was cutting through butter.

At this moment, the figure was extremely tall and imposing, like a god of War descending to the mortal world.

They were all dumbstruck.

Even the girls who had been crying earlier widened their eyes, and their mouths could fit an Apple.

This person was Zhou Hao.

They could not believe that Zhou Hao was able to kill so many mutant beasts in the middle of a horde.

How was that possible?

Some people didn't believe it, but they quickly rubbed their eyes and confirmed that what they saw was real.

The people in the livestream room were also in an uproar. The powerhouses and elders of the various superpowers in the Milky Way also expressed their shock in the bullet comments.

This result was something that they had never expected.

In their opinion, Zhou Hao would die in there soon, or even be trampled into meat paste by the mutant beasts.

It was no wonder they would think so. The mutant beasts were already synonymous with the invincible army in the universe. As long as a group of mutant beasts passed by, not a single blade of grass would grow. Almost no living creature could survive.

However, Zhou Hao had done something unprecedented, and he was still moving forward. This surprised them greatly.

“This is impossible! This must be a fake video! It’s all fake!”

“Yes, that’s right. This can’t be true. How can a person be so powerful?”

There were still people in the live broadcast room who expressed their disbelief, but no one cared about what they were saying now. No one paid any attention to them.

“What are you still standing there for? hurry up and help Mr. Zhou!”

Zhou Ziyun immediately rushed forward. In fact, she knew that Zhou Hao did not need help, but she just wanted to use this opportunity to get closer to him.

Jonina’s speed was even faster. She was the first to reach Zhou Hao’s side and helped him deal with many demonic beasts.

“Boss, you’re the only one I admire now. You’re my idol for life!”

Jonina was very excited. She didn’t expect her boss to be so strong now. She could only look up to him.

On the other hand, Zhou Hao felt that his current level of improvement was not enough. He needed more to improve. This was also the reason why he had not asked for their help since just now.

However, since they had already made their move, he could only ask them to cooperate with him.

It wasn’t that Zhou Hao was being stingy, but it was still too much to ask Jonina and the gray-haired man to join the battle. If they were to be seriously injured in this place, it would be very difficult for them to recover for a long time.

Therefore, the only thing he could do now was to ensure that the two of them were safe enough. As long as they were safe, they could continue with the original plan.

He had thought of many plans before this, but none of them could compare to this plan.

This was also the most perfect plan. In the short term, as long as there were no major changes in the team, he would not change his plan at the last minute.

If it was before, he would definitely be able to think of a lot of things and do them well. However, things were different now because he knew that he had to share these things with all his current team members.

As long as they grew up, they would be able to complete what they had always wanted to do, and they could do what they had always wanted to do.

Before this, he had completed many things. However, the things he had completed at that time would usually have some flaws and flaws. Once such a situation occurred, it would cause some flaws in his plan.

Now that there were a few intelligent mutant beasts, and they were on par with the intelligent humans, if he could not ensure that he was safe, the next time he encountered similar situations, it would only get worse.

Therefore, he only wanted to do what he needed to do now before those things happened. Once these were done, he could make some changes on the spot when other things happened later.

Therefore, Zhou Hao knew very well that his decision at the last minute and his own details would determine his final success or failure.

He couldn't make any mistakes. He couldn't let himself make any huge deviations this time. Although many things were not satisfactory, it was still better than doing what he had done before.

Previously, it was because he had not done well that he had lost a precious opportunity.

Chapter 1111 - attention of the Almighty

Chapter 1111:-attention of the Almighty

At this moment, the entire screen of the live broadcast room was filled with the word 'F * ck'.

It was almost always like this.

Behind these screens, countless young people of Earth were dumbfounded. They did not expect that The Guardian of earth would grow to such a level in just a few years.

It was simply terrifying.

Seeing this scene, the other powerful beings behind the livestream were also very happy. As long as Zhou Hao became stronger, the hope of earth Star would also be greater.

Zhou Hao was their only hope.

Many netizens started to tip him like crazy.

Among the rewards, Zhou Hao also saw many gifts from other galaxies.

Compared to the gifts between these star fields, the gifts from his own home planet seemed a little shabby.

Zhou Hao was very excited. He never thought that he would have such a pleasant surprise in this place.

There was only one way to improve now, and that was to obtain resources. However, most of the resources that he had obtained previously were no longer useful at this time. Therefore, these resources were extremely precious to him.

This was also a timely help.

With these resources, it would be much easier for him to improve his strength in the future. At least, it would be much easier than before.

At last, he had waited for this moment. Zhou Hao did not hesitate to withdraw the rewards from his live stream.

"This one seems pretty good!"

Zhou Hao quickly found a rich person's Id called starry sky. He recognized him as a rich person because he had given the best items in the livestream room.

This kind of device was rich in energy. Once he used it now, he could improve himself instantly.

After Zhou Hao took it out, he immediately clicked to use it. When all the energy was poured into his limbs and bones, Zhou Hao felt that all the cells in his body were cheering.

At the same time, Zhou Hao felt that the energy in his body was more robust and his Foundation was more solid. Compared to the previous few improvements, he felt that the previous ones were flashy but useless.

Only now did he feel that he had truly managed to fill his body with this power.

At this moment, Zhou Hao felt as if this power was a part of his body, a part of nature.

At this moment, his fist was ready to burst out with a terrifying power at any time.

Now, he could be considered to have transformed in the true sense. He had truly transcended the mortal world and entered the divine realm.

As the crisp sound of frying beans rang in his ears, Zhou Hao knew that he had advanced again.

“The heavens are helping me!”

Zhou Hao was overjoyed. If it wasn't for the fact that he had to capture the mutated Night Demon, he wouldn't have been able to control his emotions and would have laughed out loud.

Now, he resisted this impulse. At the moment, the most important thing was to catch the mutated demonic beast.

After the upgrade, his eyes had become super cameras, and his spiritual domain now covered a wider range.

When he released it, he quickly sensed where the mutated Night Demon was.

Roar!

The mutated Night Demon was also shocked. It probably didn't expect to be discovered so quickly. When it confirmed that it had been discovered, its first thought was to take advantage of the chaos to escape.

However, Zhou Hao would not let them off so easily.

“I found it!”

The corner of Zhou Hao's mouth rose slightly, and he immediately rushed in that direction. His previous speed was not worth mentioning compared to his current speed.

He was like an arrow that had left the bow, bringing with him a burst of air-piercing sounds as he passed through the battlefield.

Then, he locked onto the mutated Night Demon that was running away.

Although the mutated Night Demon disguised itself very well, the residual aura was still discovered.

The mutated Night Demon was horrified. Its heart was filled with puzzlement as to why this human would suddenly increase his strength by so much.

No one could answer the mutated Night demon's question.

The mutated Night Demon couldn't figure out why it was like this. Even if he was given a lifetime, he wouldn't be able to figure it out.

Ever since Zhou Hao had the system, many things that happened to him had become a mystery.

In fact, he was not the only one who could not figure it out. Many people could not figure it out as well. They had all suddenly realized that Zhou Hao's strength had increased greatly.

In fact, they did not even see Zhou Hao absorbing any energy.

It took time to absorb the energy, but they had been watching since the beginning. Zhou Hao had not absorbed any energy at all.

The key was that they were in the middle of a battle. If he wanted to absorb energy now, it would be no different from courting death. Since he couldn't absorb energy at this time, then the question naturally came. How could he improve?

However, like the mutated Night Demon, they were destined to never come up with an idea.

In fact, it wasn't just them who couldn't figure it out, nor was it just them who didn't know. The entire universe didn't know either.

Many years later, Zhou Hao's advancement became a mystery for the ages. It was a mystery that many people wanted to explore, but in the end, it was still a mystery that could not be solved.

"Boss, you're a cultivation maniac. I'm in awe of you!"

The gray-haired man had also joined the battle. He could not help but exclaim in admiration when he felt the aura fluctuation.

Jonina also felt that it was unbelievable, but she was already numb to it. Zhou Hao had often broken through, and she was already used to it.

“Zhou Hao, I’ll help you. You should rest for a while. You need to conserve your energy to deal with these mutated beasts. Leave this to us!”

Jonina walked to the front to help block the mutant beasts “attacks.

Zhou Hao also wanted to agree, but then he thought about how cunning the mutated Night Demon was. If he let it escape, he might miss this opportunity forever.

So he gave up.

Most importantly, the powerful beings of the star sector in the livestream room loved to watch such battles. If he let go of the exciting battle of capturing the mutated Night Demon, it would undoubtedly be a huge loss.

At such a critical time, such losses should not have happened.

Therefore, all in all, he needed to personally make the livestream more effective.

How about this, if you think that my arrangement is too simple, I will make it a little more difficult for you. You help me find other mutated night demons.

Hearing Zhou Hao’s words, both Jonina and the gray-haired man hesitated for a moment, then nodded in agreement.

“The streamer is amazing. He dares to fight a mutated Night Demon alone!”

“Awesome! This is the first Earth Star cultivator I’ve seen that is so powerful!”

“I didn’t expect that such a heaven-defying genius could appear in such a poor cultivation place on earth Star. Incredible!”

Many of the experts in the star field were very surprised by Zhou Hao’s appearance, and they couldn’t calm down for a long time.

Chapter 1112 - -shock from the various major factions

Chapter 1112:-shock from the various major factions

The experts of the other star fields lived on the planets with rich resources all year round, so they didn't know what kind of environment earth was like. However, they knew.

The reason why they knew about it was because they had been to Earth Star to observe and explore its resources.

However, he had made a wasted trip. Although he had resources, he didn't like them and couldn't use them.

Back then, the appearance of an Earth Star expert had already shocked them for a long time.

He didn't expect that he would encounter such a thing again not long after this.

The mutated Night Demon was already considered an A-Class mutated beast. Among the many mutated beasts, it was considered a King-class mutated beast.

If such a mutated beast were to be placed on any planet, it would be an existence that could take on ten Lord-level mutated beasts by itself.

However, they would need at least 10 of their powerhouses to deal with a mutated Overlord to deal with a King-level mutated beast.

This was already the case on their planet, not to mention other things.

However, the expert who appeared on Earth Star was so powerful and his strength was simply heaven-defying.

Zhou Hao didn't know that his livestream had attracted the attention and shock of many mighty figures in the star field.

Each of those families would be second to none in this universe.

The powerful beings behind them were also looking for a solution, but they couldn't think of one.

When they were at their wits 'end, they saw this live broadcast. It turned out that they wanted to skip it and selectively ignore it.

However, when they saw Zhou Hao chasing after the mutated Night Demon, they could no longer take their eyes off him.

This might be the best solution they could find. This might be the hope they were looking for.

Zhou Hao did not know about this, and he did not care too much about their opinions. This was because what he needed now was not cooperation, but to find more resources.

These powerful beings had resources, but most of them weren't what he wanted.

In order to fight against the mutant beasts, many families were now guarding their own resources. Naturally, they would not take out more.

As for the gifts just now, they were just a drop in the ocean for the big families.

However, what Zhou Hao needed was not just these resources. He needed a huge amount of resources.

If he wanted resources, there were only two ways. One was to compete with these families, which was the fastest way.

However, Zhou Hao did not want to do that, because competing with them would require scheming and scheming.

However, Zhou Hao did not want to do so, so he gave up on doing so.

Thus, he chose the second option, which was to find a new path on his own. This was what he was looking for now.

At the moment, he had found the right path. He only needed to continue on this path, and sooner or later, he would reach the end that he wanted to reach.

Now that he had already walked for a while, what he needed to do next was to run at full speed.

Therefore, he didn't care much about other things. Now that he needed to improve, he was focused on finding resources.

This mutated Night Demon was definitely the best resource he could use to level up. Even if the mutated Night Demon couldn't give him what he needed, he could still exchange it for something else.

As long as he exchanged them, he would be able to obtain the resources he wanted.

Therefore, no matter what he did now, he would not lose more than he gained.

“Mr. Zhou, be careful!”

Just as Zhou Hao blocked the mutated Night Demon in front of him and was about to make a move, a cry of alarm suddenly came from behind him.

It was Zhou Ziyun ‘s. Although he did not know what had happened, Zhou Hao knew that it was a warning of danger.

Zhou Hao immediately dodged. He had encountered this kind of situation many times before, and with his body’s transformation, he had excellent senses. Now, he dodged easily.

Stab!

At the same time, Zhou Hao saw a strong mutated beast pouncing over. Perhaps due to inertia, it could not stop in time and pounced on another mutated beast, killing it in an instant.

This mutated beast was also an A-Class, and it was a King-class mutated beast.

This mutated beast was as cunning as ever. A chill ran down Zhou Hao’s spine. If not for Zhou Ziyun’s reminder, he would have been killed or at least skinned alive.

The scariest thing about these mutated beasts was not their strength, but their ability to appear and disappear like a ghost. They could use the surrounding environment to hide themselves well and wait for the best time to deal a fatal blow to their prey.

If it were any other mutated beast, it would not be able to do anything to him. However, this was a King-level mutated beast that had come out of nowhere.

The key was that this was a mutated beast that was best at hiding its aura.

Roar!

The mutated Night Demon on the opposite side let out a beast roar, and many mutated beasts actually rushed over.

Zhou Hao immediately recognized that this mutated Night Demon was different from the previous one. It could control its mind.

“Quickly cover your ears!”

Zhou Hao said to the gray-haired man and Jonina, then looked at Zhou Ziyun.

However, when he noticed Zhou Ziyun, he was a step too late. Her eyes had already turned red, and her original clarity had long disappeared.

“Damn it!”

Only now did Zhou Hao realize that his warning was too slow. He felt guilty.

When Zhou Ziyun had discovered the danger, she had warned him immediately. However, when he encountered the same situation, he had made the judgment out of selfishness.

Before this, he had always treated everyone equally. He had never thought that things would turn out like this.

He had to do something. If he continued like this and encountered such a thing again in the future, he would probably feel very uncomfortable.

“Jonina, come and help me stall these beasts. Give me three minutes!”

Zhou Hao said to Jonina. He had not expected that the situation would be turned around so quickly.

Neither Jonina nor the gray-haired man had expected this.

“Kill them!”

The mutant Night Demon that had been controlling many mutant beasts earlier was now controlling hundreds and thousands of them to attack again.

The Zhou family’s original advantage had now become a disadvantage. This time, just holding on was a very difficult thing to do.

“Everyone, hang in there! Mr. Zhou will definitely bring us through this difficult time! Don’t give up!”

Since they had already seen Mr. Zhou’s strength, they believed that Zhou Hao could still be a leader and continue to lead them.

Zhou Hao had never let them down before. Therefore, they felt that he would not let them down this time.

Zhou Hao would not disappoint them, not now, not in the future.

Chapter 1113 - Jonina's coldness

Chapter 1113:-Jonina's coldness

The netizens in the live broadcast room, especially those on Earth Star, began to send bullet comments to express their concern.

"Mr. Zhou, you must survive!"

"Don't die! You must survive!"

To the people on Earth Star, Zhou Hao was their hope. If Zhou Hao couldn't solve this problem, it would be dangerous.

What they didn't know was that Zhou Hao could solve this problem in a matter of minutes.

But before that, Zhou Hao wanted to settle this troublesome matter in front of him.

He had no choice. This matter was really giving him a headache. It was really not easy for Zhou Ziyun to recover from being controlled.

However, even though he knew that it was impossible to recover now, he could only try his best to help Zhou Ziyun recover.

Zhou Ziyun was the first to attack. Her speed was comparable to some of the strong mutated beasts, almost reaching the level of a King-level mutated beast.

Because it was difficult to make a move now, Zhou Hao was in a passive position. He did not know how he could protect Zhou Ziyun and save her at the same time.

Roar!

Zhou Ziyun let out a low growl that was like a human and a beast at the same time. She first launched an attack, and it was the kind that was fatal.

Seeing that Mr. Zhou could only choose to Dodge, the Zhou family members knew how aggrieved the person who protected them was.

If this Mr. Zhou could endure it to this extent, then what was their current tolerance worth?

Hence, they did not take this matter seriously.

He also knew what to do now.

If they continued to do what they had done before, no matter what happened in the end, it would not end up the way they wanted.

Therefore, at this time, while Mr. Zhou could still stall for time, they had to put in more effort.

It would be easier to solve this problem in the future if they worked hard enough. They had done a lot since the beginning, but all of that added up was still not enough.

Therefore, they all knew what to do now.

"I think this is the most difficult time we've ever had, but this is also our best chance. Didn't you all always want to repay Mr. Zhou's kindness? now that you've encountered this opportunity, don't miss it!"

Zhou San from the Zhou family took a deep breath and said to the Zhou family. In fact, he had already encountered an opportunity before, but it was nothing compared to this opportunity.

Therefore, Wednesday knew that he had to seize the opportunity to do better if he encountered similar situations in the future.

Otherwise, if they did not do this well, the next time they encountered an opportunity, they would be in the same situation as Zhou Hao before he came to this planet. They could only watch helplessly, but when they wanted to do something, they could not do anything.

When they thought of the time when the mutant beasts invaded this planet, they were helpless. Now, they all activated their power.

Perhaps, this was the perfect time for them to grow, and they definitely couldn't miss it.

As long as he did this well, he would be able to continue doing this well in the future.

In the past, they had encountered this kind of situation a few times, but they didn't do it well.

Now, with the experience, the situation was different.

"All of you, charge! I'll keep an eye on you from behind. If anyone cower now, I won't spare him!"

Wednesday knew that many of the Zhou family members were not aware of this, so it was necessary for him to add fuel to the fire at this time.

Only by doing this well now could he do better in the future.

“Understood!”

Many people from the Zhou family bit the bullet and said this. They were not afraid of the previous battle because they had the protection of their mechas. However, now that they did not have their mechas, it was impossible for them to not be afraid.

Although they were afraid, they knew that this was a good opportunity and they couldn't afford to miss it.

“Damn animal, I'm not afraid of you. I'll fight you to the death!”

Many members of the Zhou family gritted their teeth and rushed forward to fight the mutated beasts.

Probably infected, the Zhou family members who didn't dare to step forward at first also joined the battle.

This also resonated with many people. These people joined in the battle one after another. These people were not from the Zhou family, but those who chose to watch the fire from across the river.

Many people knew that the Zhou family had no reason to die now, but they still chose to do so. They were all infected by their fearless spirit.

They had also participated in this, and now they only wanted to help the Zhou family. The Zhou family was worth their help.

The viewers in the live streaming room were also excited and couldn't wait to join in the battle.

It was a pity that they could only watch, but not enter the battle.

“Good luck, Mr. Zhou. You can definitely defeat these mutated beasts!”

The netizens in the livestream room were all cheering for him. They naturally did not want anything to happen to Zhou Hao.

However, they didn't know that their worries were unnecessary.

Zhou Hao would be fine.

It was just that it would be a little more troublesome to help Zhou Ziyun wake up now. However, it was only a matter of time.

As long as they persevered, they would be able to solve the problem here sooner or later.

If he couldn't handle it now, it would definitely be the same in the future. Therefore, these things were already destined.

That's strange, Zhou Ziyun shouldn't be this strong, how could her strength still increase now?

Zhou Hao was puzzled. This Zhou Ziyun had been increasing her strength all this while. From just now until now, she was getting more and more powerful.

This mutated Night Demon actually had such an ability?

This was something he had never expected.

If it could continue to increase, then this would undoubtedly increase the difficulty for him. He had not expected this at all.

Originally, he had thought that he would be able to settle this matter quickly. He didn't expect that after such a long time, he still hadn't solved this matter. Now, he had encountered a situation that made this matter even more difficult.

Perhaps, it was impossible for him to solve this problem alone. He might need help now.

"Jonina, can you come and help me?"

Zhou Hao said to Jonina.

However, what Zhou Hao did not expect was that Jonina did not seem to have any intention of helping him.

"Jonina, this is no small matter. If Zhou Ziyun dies here, everything I've done before will be in vain!"

Zhou Hao said to Jonina seriously.

Zhou Hao couldn't figure out why Jonina was so cold to him now.

Jonina wasn't like this before.

For some reason, Zhou Hao did not think too much about it. He just wanted to solve the problem as soon as possible.

Chapter 1114 - Killing the mutated Night Demon

Chapter 1114: Killing the mutated Night Demon

Jonina still didn't have any intention of attacking. She looked hesitant.

Seeing this, Zhou Hao immediately knew that it would not be easy for him to back out now, so he could only choose to give up temporarily.

"Sigh, it seems that I'm still forcing her too much. I'll solve it myself!"

Although it was a little tricky, Zhou Hao thought that if he worked hard now, he could still solve it. It was just that it would be a headache for him now.

The most important thing now was whether he could help Zhou Ziyun regain her consciousness before the final bloody battle between these mutated beasts.

If he could wake Zhou Ziyun up as soon as possible, then he would have done the right thing this time.

"Kill!"

With the Zhou family's constant attack, he had distracted the attention of many mutated beasts, which was equivalent to buying him a lot of time in a short time.

"Jonina, since you don't want to help me, I won't force you to do anything. I just hope that you can complete your mission and not let your father down!"

Jonina fell silent. No one knew what she was thinking.

Zhou Hao was already used to seeing Jonina's silence, so he did not waste any more time.

He knew that it would be useless to say anything now, because Jonina had been like this since the beginning, and she would probably be the same after this.

A woman's heart was like a needle at the bottom of the ocean!

At this point, Zhou Hao was too lazy to complain. The key thing was that he did not have enough time. He needed to get it done as soon as possible.

“Zhou Ziyun, wake up!”

As Zhou Ziyun’s speed increased, the speed of her beast transformation also increased. If this continued, it would only become more dangerous.

How could this be!

Many of the Zhou family members were extremely worried when they saw their big sister in such a state.

Zhou Ziyun was very popular in the Zhou family, and many of them naturally did not want to see anything happen to their big sister.

Although Zhou Hao was now their Savior, Zhou Ziyun’s contribution could not go unnoticed. She was the hero who had brought the Zhou family out of the darkness.

If it wasn’t for Zhou Ziyun, they would have chosen to give up and not come all the way here.

“Everyone, hold on. I think Mr. Zhou will find a way to help big sister recover. I understand how you feel now, but we will only be a burden if we go and help. So, the only thing we can do now is to hold these mutated beasts back!”

At this time, Zhou San said loudly to all the Zhou family members. This was the first time he was worried.

He had never thought that this test would turn things into this situation.

He didn’t expect that the difficulty of what he was going to experience would increase so much in an instant.

If it was like this before, they definitely wouldn’t accept it so easily.

However, this was a situation that they had been in since the beginning. It was no longer something that they could control as they wished.

Therefore, he knew what to do now.

They had already lost a lot before, and they didn’t want to lose another big sister.

“You must hold on. You can’t let big sis down, and you can’t let Mr. Zhou down either!”

All the powerful beings in the live broadcast room fell silent. If their families were to encounter such a situation, they would have long since fallen.

However, the people in front of him were different. They didn't make such a choice.

This was something they had not expected.

This kind of spirit was simply too expensive for them to speak of.

Most of the time, strength wasn't the only thing. This kind of spirit was also what they wanted.

Many netizens in the live broadcast room began to interact with each other.

"Don't give up! You can hold on!"

"Mr. Zhou, please save everyone, please!"

"Mr. Zhou, good luck!"

Zhou Hao felt that it was very difficult, and the difficulty was increasing. At this time, Zhou Ziyun had almost completely turned into a mutated beast.

It seemed that he could only use that move. Although he didn't want to use it, he couldn't think of a better way if he didn't use it now.

I'll handle this alone. Get out of my way, everyone.

Zhou Hao said to the other members of the Zhou family, including Jonina and the gray-haired man.

He knew that his boss was going to use the same move as before, so he immediately chose to Dodge.

That move was still terrifying when they thought about it, so they all chose to stay far away from the central area where Zhou Hao was.

Although they didn't know what Mr. Zhou, whom they believed so deeply, was going to do, they could feel that it was a crazy idea.

They could only follow him and leave the center of the battlefield.

Roar!

The mutant beasts also quickly felt that something was wrong. Their enemy had actually run away. Although they had encountered enemies who had run away before, they had all thrown away their armor and fled like rats.

However, the people he saw were all leaving the battlefield in an orderly manner.

Roar!

The mutated Night Demon that was controlling Zhou Ziyun also felt that something was wrong. It was now controlling a number of mutated beasts to act as a shield in front of itself.

The ones at the outermost layer were the kind of mutant beasts that were very suitable to be used as shields.

Zhou Hao immediately charged forward, killing his way into the mutant beast horde, before punching out at the center.

BOOM!

The mutated beasts were all horrified. Although the fist looked ordinary and nothing special, they felt a sense of danger in that instant. They also felt a terrifying force blasting in front of them.

This was a force that could topple mountains and overturn the seas. The mutated beasts were horrified. This was the first time they had encountered such a terrifying force after invading so many planets.

How could this be!

One of the mutated night demons also felt a sense of danger and turned to run. However, it was already too late, because the terrifying power had already blasted onto its body.

Don't!

The mutated beast let out a blood-curdling screech. When it tried to escape, it realized that its body was slowly melting away from the terrifying energy. Its body was also disappearing.

At that moment, the mutated beast knew that it was going to die. However, Zhou Hao had already given it a chance. It was too late to beg for mercy now. It was going to die.

In the end, as the energy flooded the entire battlefield, the dark sky was instantly filled with a resplendent white light, turning it into day.

After a while, the white light receded like the tide until it disappeared.

Chapter 1115 - An important decision

Chapter 1115: An important decision

When he looked over again, he realized that one of the mutated night demons had already disappeared without a trace.

The rest of the mutant beasts were either dead or injured, and even those who had managed to survive were on the verge of death. Most of them could only try their best to support their heavily injured bodies and stand.

“Damn it! How can this human have such terrifying power? this is only a backward cultivation planet. How is this possible?”

The eyes of the remaining mutated night demons were filled with disbelief. Before they came, they had already investigated and found out that the cultivation on this planet was very backward. They had specifically looked for such a planet because they could display their absolute advantage here.

This was also the reason why they were unstoppable. In the entire universe, with such a battle plan, they were everywhere.

Originally, when they came out of the rift, they thought that coming here would be as easy as invading another star field. They didn’t expect that they would be wiped out before they could even invade.

“Damn it, it’s all this human’s fault!”

Although it knew that it was Zhou Hao who had caused this, the mutated Night Demon did not dare to attack again. It could only watch with gritted teeth.

If it wasn’t for the appearance of this human, they would definitely be able to occupy this planet. However, he knew that it was useless to say anything more at this time.

This was because it had already happened.

The mutated Night Demon turned around and ran, thinking that it could make a comeback as long as it survived.

However, Zhou Hao was even faster, and he smashed her into a pulp with a single punch.

“Zhou Ziyun, wake up! Are you alright?”

When Zhou Hao saw Zhou Ziyun collapse, he quickly went over to carry her.

After a while, Zhou Zi Yun’s beast transformation signs began to decline, and his eyes gradually became clearer.

However, this clarity quickly turned into confusion.

“Mr. Zhou, what happened?”

Zhou Ziyun only remembered the battle, so she didn’t know what had happened to her after that. To her, the consciousness control was like a nap.

It was strange to suddenly fall asleep on the battlefield.

“Your mind was controlled by a mutated Night Demon. I’ve already dealt with it. You’re fine now!”

Zhou Hao heaved a sigh of relief. Fortunately, he could still use this trick. Otherwise, he would not be able to settle the current matter now and would only make it more troublesome and troublesome in the future.

Everything’s fine?

Zhou Ziyun soon felt herself being hugged by a pair of strong arms, and the masculine aura of the majestic body hit her in the chest, and her face instantly turned red.

Zhou Hao did not know what was wrong with his actions. It was not that he did not have any concept of men and women, but Zhou Ziyun’s condition was not stable at the moment. Hence, he was giving her special care.

“What’s wrong?”

Seeing that Zhou Ziyun seemed a little nervous, Zhou Hao subconsciously thought that Zhou Ziyun was still feeling uncomfortable.

“It’s fine, Mr. Zhou. Please send me back!”

Zhou Ziyun quickly got used to it. She pressed her face against Zhou Hao's chest and said softly,"

"Shameless!"

Jonina was angry but helpless, and could only accept the truth.

The gray-haired man could tell what Jonina was thinking, but he didn't say anything. He knew that it wouldn't be good to say anything now, and it would only make Jonina even more unhappy.

After he was sent back, Zhou Hao quickly became the Hero of the Planet.

Zhou Hao quickly gathered all the elites in the world and taught them some ways to improve their strength. He also sent them out to find resources.

At the same time, Zhou Hao made another decision, which was to bring his people to the entrance of the planet through the mutant beasts.

"Mr. Zhou, isn't that too risky? the mutated beasts inside are not easy to deal with!"

Upon hearing this, the faces of the higher-ups of the Zhou family changed. The mutant beasts outside were already very strong, and the ones in the crack would only be stronger.

Therefore, they felt that if Zhou Hao went in now, it would be no different from suicide.

Therefore, they did not want Zhou Hao to go in now.

Zhou Hao also knew what they were thinking. Now, his thoughts were drifting away, and he felt like he had returned to the old guys he had met on Earth Star.

Those old guys were the same as these alien higher-ups in front of him. When it came to this kind of problem, they were as stubborn as they could be.

Their tempers were exactly the same, exactly the same.

He knew that they were making a conservative estimate for the sake of the planet, so Zhou Hao understood their thinking. However, Zhou Hao still made the same decision as he did on earth.

That was, he had to go. Although he understood, he couldn't agree with it now.

"I know you're thinking for the planet, but I'm thinking the same thing too. Don't worry, I'm not interested in your business. I have something I'm looking for. Once I find it, I'll leave!"

At the same time, Zhou Hao continued to say to them, "This time, I won't ask you to follow me in. There's a 90% chance of death. Whoever is willing to follow me can sign up. I can't guarantee their lives, but I can guarantee that as long as they choose to follow me, they will get a very rich reward!"

The people of the Zhou family frowned and hesitated. This decision seemed similar to the one in the previous assessment, but the truth was different.

Because before this, they only needed to work hard to increase their chances of survival.

However, that was only in the outside world. This was still their territory.

However, once they entered the mutant Beast World, the situation would be completely different. By then, they could encounter all sorts of unexpected situations at any time, including being ambushed by some powerful mutant beasts.

There was also the possibility that some mutated beasts would keep them in the inner world forever.

They were not afraid of death, but they felt that it was not worth it to die like this.

Just when everyone was still hesitating on making a decision, a voice sounded out of place.

"Death is scary, but I think waiting for death is the scariest. Those who are unwilling to wait for death, join Mr. Zhou's team with me now!"

The voice was very abrupt. The Zhou family all looked over, but when they saw that it was Zhou Ziyun, they were not surprised.

In the past, when the mutant beasts had destroyed their cities and bases, and were about to exterminate them, it was Zhou Ziyun who had stood up and fought against the mutant beasts.

Although they had suffered heavy casualties, Zhou Ziyun had done it. She had become a legendary figure and everyone knew about her. This was the glory of the Zhou family.

In the past, as long as something similar happened, Zhou Ziyun would join in without hesitation.

Chapter 1116 - Zhou Ziyun's painstaking efforts

Chapter 1116: Zhou Ziyun's painstaking efforts

So now that such a thing had happened, they didn't find it strange that Zhou Ziyun had joined them.

On the contrary, if Zhou Ziyun refused now, they would be surprised.

Just as Zhou Ziyun's voice fell, another voice rang out.

"I'm willing to join!"

Zhou Hao looked over and saw that it was a young man. He was Zhou Ziyun's younger brother. Although he was young, he was a loyal fan of Zhou Ziyun.

However, Zhou Hao did not wish for this young man to go. He was still young and weak. If he went, he would only be courting death. There was no room for improvement.

"You can't go!"

Before Zhou Ziyun and the rest of the Zhou family could say anything, Zhou Hao spoke decisively. This was definitely the wisest decision.

If Zhou Shaojun were to leave now, then he would most likely be stuck in the inner world forever.

The Zhou family heaved a sigh of relief. Fortunately, Zhou Hao was not a hot-blooded person. Otherwise, the Zhou family would have suffered a great loss this time.

Zhou Ziyun also felt relieved. Now, she more or less had selfish motives and did not want her brother to take the risk with her.

The main thing was that Zhou Ziyun knew her brother's strength. Even if she went now, she was not confident that she could come back.

They already had a 90% chance of survival if they went, but if this younger brother went, he would most likely die.

Therefore, he definitely couldn't let her go.

"Why can you all go now and I can't? you must think that I'm weak, right? I'm not weak at all. If you can do it, I can do it too!"

Zhou Shaojun said as he looked at everyone in anger.

After that, Zhou Shaojun looked at Zhou Hao and continued,”

“Mr. Zhou, please give me a chance to prove myself. I won't let you down. As long as you let me go, I'll definitely show you that I'm also worth training!”

Zhou Shaojun's strength was already one of the best in the Zhou family. He was not there to show off, but to increase the Zhou family's combat power.

As for the consequences, Zhou Shaojun had never thought about it. He didn't think too much about it and his thoughts were simple.

It was just like how many people on earth wanted to make a name for themselves and serve their country loyally.

However, Zhou Shaojun's ambition was even greater. He wanted to repay the planet.

Unfortunately, Zhou Shaojun was still too young.

“Zhou Shaojun, I understand how you feel right now, but this time, it's not that I don't want you to go, it's your sister who doesn't want you to go. If you can get your sister's permission, then I naturally have nothing to say!”

Zhou Hao said indifferently.

As long as Zhou Ziyun agreed, Zhou Shaojun would follow her.

After all, many of the Zhou family members needed to grow up this time. It was not a big deal to go there once.

However, this time, Zhou Ziyun would not agree so easily. It was all destined.

“Zhou Jun, don't mess around here. Eat and drink whatever you need to eat. You're not allowed to go anywhere. If you dare to secretly follow me, I'll break your legs!”

Zhou Ziyun was acting like an older sister, but she was stricter than anyone else. This was the saying that she was tough on the outside but weak on the inside.

Facing such a sister, Zhou Shaojun was obviously afraid. He was probably really afraid of his legs being broken.

Just when he thought that the matter was going to end like this, Zhou Shaojun continued to speak.

Sister, Mr. Zhou is leading the team this time. You don't have the right to decide whether I stay or leave. You are my sister now, but you will no longer be my sister in the future. I have to make this important decision myself.

Zhou Shaojun's words stunned Zhou Ziyun. She had never thought that he would be so heartless just to go.

"This little brother of mine has grown up a lot," Zhou Ziyun said, looking at Zhou Shaojun in surprise.

Before this, Zhou Shaojun had been improving, but most of the time, it was just a small improvement. This kind of obvious growth was unprecedented.

"I won't let you go!"

After saying that, Zhou Ziyun looked at her father, who was the Zhou family head.

"Father, please make sure that little brother stays. This is no small matter. Mr. Zhou is thinking for the clan. We can't let little brother follow us and ruin Mr. Zhou's good intentions!"

The Zhou family head naturally knew what to do. In fact, even if Zhou Ziyun had not said anything, he would have stopped her.

"Sister, this isn't fair. I want to go too. Father, I want to prove that I can do it. I want to challenge sister and obtain the right to go!"

He didn't expect Zhou Shaojun to still be so stubborn and not give up easily.

Zhou Ziyun probably knew that her brother would not give up so easily in a short time. Her eyes were cold as she finally said, "You want to prove yourself? fine, make your move. I'll fight you. I'd like to see what you have to come with us!"

Zhou Shaojun had already learned the first skill, flame cut. Although it wasn't very powerful, he had already mastered it.

He merely pushed out a palm, and the raging Flame Slash was already blasted out.

Zhou Ziyun was shocked. Her younger brother had improved so much. Even she had only mastered the small success stage.

She had to learn from Mr. Zhou for a long time before she could learn the flame cut, but it was only on par with her brother.

This younger brother of hers was self-taught, and his talent was already above hers.

“Sister, how’s my strength?”

Seeing many people from the Zhou family looking surprised, Zhou Shaojun was in high spirits. This was the reason why he had entered the mutant Beast World.

As long as he entered, he would definitely be able to contribute a lot to the team.

Zhou Shaojun was also looking forward to his sister agreeing and praising him.

However, Zhou Shaojun heard Zhou Ziyun’s even more determined reply, “I won’t let you go. Your strength is more than enough to deal with the mutant beasts on this planet, but if you go into the inner world of the mutant beasts, you won’t even be able to protect yourself!”

Hearing this, Zhou Shaojun was stunned. He didn’t expect his sister to reject him even though he was already so strong.

Zhou Shaojun was very angry. He still couldn’t understand why his sister still refused.

“Father, please uphold justice for me. I want to go with Mr. Zhou. I don’t want to stay in the family and be a young master waiting for death!”

Zhou Shaojun could only turn to his father, the head of the Zhou family, who had little presence.

“This ...”

The Zhou family’s leader only thought about it for a while, and quickly chose to side with Zhou Ziyun.

“Your sister is right. You’re not strong enough. You’ll die if you go in. You’d better stay in the Zhou family. After your coming of age ceremony, you’ll inherit the position of family head!”

Chapter 1117 - Expanding the territory of the mutant beasts

Chapter 1117: Expanding the territory of the mutant beasts

This Zhou Shaojun was very amazing. To be able to become a self-taught genius at this age, he was already an outstanding existence in the family.

Zhou Shaojun was quite amazing and had a lot of room for growth in the future. The Zhou family head immediately understood Zhou Ziyun's painstaking efforts.

The Zhou family's head also understood the situation and chose to side with Zhou Ziyun. However, he did not do so because of Zhou Ziyun's prestige.

"Father, why?"

Zhou Shaojun couldn't believe that his father, who had always told him that he wanted to do great things for the family, was now siding with his sister and even stopping him from doing great things. This was completely different from what his father had taught him.

If he didn't know now that this was real, he would have suspected that this father of his was someone else in disguise.

"You're still young. There are more important things for you to do in the future!"

However, the Zhou family head's explanation was just an excuse for Zhou Shaojun.

Zhou Shaojun felt that they just didn't want him to go and that he was useless.

Zhou Shaojun was unwilling, but he had no choice but to accept the arrangement.

Seeing that Zhou Shaojun didn't continue to cause a scene, the elders of the Zhou family were relieved. In fact, when Zhou Shaojun insisted on going, they were also very nervous.

The young people were the main force of the Zhou family. They were the new life of the Zhou family. If they were to die just like that, they would be in deep trouble in the future.

After all, it had been a long time since the Zhou family had produced an outstanding leader.

Zhou Shaojun might not be as powerful as Zhou Hao, but he could at least help the Zhou family.

This time, they did not have any hope that Zhou Ziyun would come back alive from that world.

Even if they got close to the entrance, the number of dead mercenaries and experts was uncountable.

If he entered, he would most likely die inside.

Therefore, they felt that this was the same as courting death.

But even so, they could only remain silent. Every year, there would be powerhouses entering. This was not only an opportunity to grow, but also an opportunity to help them change their current situation.

Only by making changes and doing what was originally impossible for them could their families rise to a higher level.

Therefore, they could only silently agree to this decision.

“Sister, the next time you come back, I will definitely defeat you!”

Zhou Shaojun looked at Zhou Ziyun for a long time, then turned around and left.

Knowing that her brother was stubborn and hard to change, Zhou Ziyun smiled.

“I will wait for the day you defeat me!”

Zhou Hao continued to look at the other members of the Zhou family. One by one, the Zhou family members stepped forward to join the team. They all wanted to use this opportunity to complete their transformation.

I know you’re scared of the dark, but I was the same when I first faced these mutated beasts. As long as you follow me and don’t run away, I’ll protect you. Remember what I said.

Zhou Hao was actually just making things up. When he was on Earth Star, he was not afraid at all. On the contrary, he was very excited.

After all, those mutant beasts were experience points. Killing a mutant beast would give him a lot of strength growth, which was something he had never done before.

“I understand, Mr. Zhou!”

The Zhou family was nervous, but they still believed that Zhou Hao would lead them to new heights.

The next day, Zhou Hao went to Earth Star again and brought along the Huaxia transcendents to join the team.

This time, it was an opportunity for them to transform. As the first power that he had personally nurtured, all of the Huaxia transcendents naturally could not fall behind the Zhou family on this planet.

“When you enter, you must cooperate with each other. In there, one person’s strength is only a small advantage for you, but it won’t change anything. If you want to live for a long time, you can only cooperate. Remember, cooperation is the most important!”

Zhou Hao led his team to the battlefield. The battlefield was almost destroyed and they had reached the crack. Before entering, he said to everyone,”

In fact, Zhou Hao’s words were meant for many of the Huaxia transcendents to hear. They were very strong, but they were nothing after entering the inner world of the mutant beasts. Any King-level mutant beast in that world could easily defeat them.

Therefore, Zhou Hao said this because he wanted them to live a life of restraint when they entered.

Only in this way could he live better and continue to improve.

“Yes, Mr. Zhou!”

Zhou Hao walked in front, leading the way.

There were also mutated beasts coming out of the crack. When they saw people, they were like a pack of wolves that saw a herd of sheep.

At that moment, their stomachs were still rumbling with hunger. Hence, in their eyes, Zhou Hao was just like food.

There was only one thing they could do, and that was to pounce on Zhou Hao and kill him.

When Zhou Hao made his move, the mutated beasts were terrified. They realized that he was a wolf in sheep’s clothing.

Not good!

The senses of these mutated beasts were even sharper than humans. When they sensed danger, they turned and ran.

However, how could Zhou Hao let them go? these mutated beasts were just the appetizer.

Zhou Hao captured all of them and had them brought along by the accompanying team.

“Mr. Zhou is so strong. I wonder when I can have one percent of Mr. Zhou’s strength!”

Many of the Zhou family members were the geniuses that Zhou Hao had trained on Earth Star. At this moment, they were full of admiration, but they could not compare to him.

He also knew that there was still a long way to go before he could reach that day.

They were very curious about how Mr. Zhou had managed to improve his strength. It should not have happened.

They thought about it for a long time, but they couldn’t figure it out. If this continued, it would probably be like this for the rest of their lives.

“I will definitely work hard to catch up to Mr. Zhou and become his right-hand man. I must find out this secret!”

At this time, Zhou Ziyun, who was in the team, secretly swore that she would be able to do it sooner or later as long as she worked hard.

In the end, Zhou Ziyun did it, but she still didn’t know the secret. She still couldn’t figure out where the limit of Mr. Zhou’s power was.

After a short while, they passed through the narrow crack and suddenly saw light in front of them.

As they walked in, they saw a vast range of rolling mountains. The mountains were stacked on top of each other, towering into the clouds.

As soon as they entered, they discovered the aura left behind by mutated beasts. It was very powerful, no weaker than the aura of the mutated night demons they had seen before.

Chapter 1118 - The insufferably arrogant Thunder mutant beast

Chapter 1118: The insufferably arrogant Thunder mutant beast

“Don’t panic, everyone. Just do what you can and don’t put too much pressure on yourself. Deal with these mutated beasts the same way you did before. As long as you limit your movement to a thousand miles around Mr. Zhou, you won’t die!”

Zhou Ziyun came out and said to the Zhou family. She was also the backbone of the Zhou family.

“Yes, young miss!”

Zhou Ziyun had some prestige. When she spoke, the Zhou family members nodded in agreement.

“Go!”

The Zhou family members left one after another, searching for mutated beasts in all directions and then began hunting.

These teams were all formed together, the kind that formed freely.

Seeing that they were all very self-aware, Zhou Ziyun also revealed a relaxed expression. As long as these people were self-aware, there would not be a big problem this time.

“Mr. Zhou, leave this to me!”

Zhou Ziyun also said to Zhou Hao.

Zhou Hao hesitated for a moment before handing it over to Zhou Ziyun. He thought that this might be a special test.

Just like that, they began this trial, and they didn’t know if it would go smoothly this time.

However, now that he had already brought her to this place, it was useless to think too much now. Some things couldn’t be changed just because he wanted to.

This was the same as when he had obtained the system. Some of the choices he had made had left him with no choice but to continue on the path of no return.

Now, he still had to continue walking. Even if there was no end, he still had to walk.

On this journey, he would help as many people as he could. Even if he knew that there would be no returns, he would still help now.

After doing all these, he thought that he could at least stand up when he fell down on this road. As long as he didn't stop, he would reach the end of his life sooner or later.

Even if there was no result in the end, he would have no regrets. He would die with no regrets.

The next few days were very smooth, so smooth that Zhou Hao felt that it was a little unreal. This time, it was as if they were on vacation.

That's right, it was a vacation.

However, Zhou Hao knew that this was not a vacation. It was real.

Although you've all done well these past few days and didn't encounter any danger, don't forget that this is already the territory of the mutant beasts.

Zhou Hao saw that many of them were already smiling, as if they were already immersed in joy. It was a warning to them.

It was necessary to give them a beating now. At least, it would let them know if it was time for them to be happy.

This time, he could only take it seriously. Only by being more careful could he leave this place alive.

Back then, many people on Earth Star had paid the price for their carelessness.

If they were like this, they would probably die Here in the future. He really didn't want to see that happen.

Therefore, he knew what he should do.

"I understand, Mr. Zhou!"

They all stopped smiling, realizing that the situation was not optimistic. They had just come in to hunt some low-level mutated beasts that were alone.

They hadn't encountered any high-level mutated beasts yet, which meant that they might still be in danger.

Right now, they were like children who had just been released from their warm swaddling clothes. They were now facing an unknown and dangerous world.

"On the second day, I'll start increasing the difficulty of your missions. Your future advancements will be even more difficult. I hope you can complete your missions as

well as you did today. Alright, I've said what I have to say. That's all. Next, I'll look forward to your performance.

After talking for a while, Zhou Hao felt that there was no point in saying anything more, so he stopped.

More importantly, he now knew that even if he continued to talk, he wouldn't be able to change the outcome. What was supposed to happen would still happen.

There were many things that they could only continue to transform after experiencing them. Those things could only be done by putting them into action.

Now, his identity was like a teacher, and he was only giving them proper guidance at the right time. He could not do more now.

This time, he had brought quite a number of team members with him, and he couldn't do his best for every one of them. It was worth mentioning that he was no longer a nanny.

Therefore, he now thought that it would be enough as long as he could do his duty well in his current identity and be fair to them.

The next day, the Zhou family, Huaxia's transcendents, and those geniuses with potential all increased their search area.

Yesterday, they had been searching within a radius of dozens of miles. But now, they had increased their search range to a hundred miles.

Roar!

On this day, many mutant beast lairs were filled with roars. These mutant beasts were the absolute overlords here.

They valued their territory more, so they were naturally furious when they saw this.

"Damn little bug, you're looking for death!"

The mutated Thunder flame Tiger was furious. It didn't expect that a little bug would dare to challenge its authority. It opened its mouth and spat out long flames.

"Let's go! This is a King-level mutated beast. We're not its match yet. We'll die Here if we continue fighting!"

Some of the more observant members immediately recognized this type of mutant beast. The king-level mutant beasts here were even stronger, and they were all equivalent to one in a hundred human powerhouses.

These were all battle-hardened veterans. They were very experienced in combat, and they were also stronger.

Those that came out of the inner world were all weaker mutant beasts.

The mutant beasts had lost their living space, and had been chased out.

The ones here were even stronger, especially those that preferred to live alone. Each of them was the king of the king-level mutant beasts.

They had never thought that they would encounter such a mutated beast not long after they entered the forest.

Now, they were all complaining about their bad luck. It was only their second day in, and they had already encountered such a thing. Their luck could not be said to be of the highest quality.

If they were to encounter any other mutated beast, even a top-tier one, they would have nothing to say.

However, these were the top mutated beasts among the top mutated beasts, and they were only a small minority.

If it wasn't for the fact that the mutated beast was sleeping, they wouldn't even have the chance to escape.

Go and ask Mr. Zhou. Mr. Zhou will definitely be able to deal with this beast.

Some of the Zhou family members knew that they could not escape, so they could only stay behind to draw the flame White Tiger away. Then, they spoke to the other Zhou family members who were still running for their lives.

Many people in the Zhou family were touched by their companion's sacrifice. They mobilized all their strength to escape.

"Little insects, your reinforcements are no threat to me. No living creature here is my opponent. No matter who it is, as long as they appear in front of me and provoke me, they will be killed with a single slap!"

The flame White Tiger sneered and said in disdain.

Although the Zhou family were all afraid of death, they were still very angry when they heard what he said. How dare he say that Mr. Zhou, whom he admired, was unforgivable.

“How could you possibly know Mr. Zhou’s strength? when Mr. Zhou arrives, it will be the day of your death!” He said angrily.

The flaming White Tiger sneered and said, “You actually think that I’m no match for that Mr. Zhou You speak of? I’ll wait here for him to save you. I’d like to see if this Mr. Zhou Can really kill me as you say!”

Chapter 1119 - The flame White Tiger’s shock

Chapter 1119: The flame White Tiger’s shock

The flaming White Tiger did not know what a mistake it had made, nor did it know that it would pay the price for what it had done.

Just like that, the flame White Tiger continued to wait.

After a while, a person walked over with a group of people from the Zhou family.

When the Zhou family juniors saw this person, they immediately recognized him as Mr. Zhou.

He was very touched. He didn’t think that Mr. Zhou would really come to save him.

“Mr. Zhou, I’m sorry to disappoint you!”

Zhou Ziyu felt that he was completely useless now, and he was depressed.

However, in Zhou Hao’s eyes, Zhou Ziyu was already considered outstanding.

“No, you didn’t disappoint me. You’re the first one to survive in front of a flame Tiger for so long without being injured!”

Zhou Hao immediately praised him after seeing this.

Hearing this, Zhou Ziyu was very happy. As long as she didn’t disappoint Mr. Zhou, it was fine.

The other members of the Zhou family all looked at the flame White Tiger. They wanted to go up and save him, but they knew that they couldn't be so impulsive now.

If they charged forward like this, they would most likely be dead.

They knew that they would die, from the moment they made the decision to enter the inner world of the mutant beasts. However, they did not want to die for nothing.

"Mr. Zhou, what do we need to do now?"

"Mr. Zhou, please give us your orders. We will definitely lend you a hand at the most crucial moment!"

The Zhou family members all said so.

Zhou Hao shook his head. "You don't have to do anything. If you really want to do something, you have to protect yourself. Don't let yourself get hurt in this battle!"

The Zhou family fell silent. That's all?

Now, they had underestimated their value in Mr. Zhou's heart. This was also the first time they felt a blow. They thought that they were already outstanding people if they could become his followers.

However, judging from Mr. Zhou's attitude, it seemed that they were not valued that much.

He immediately knew what their identities were now.

"No, this time I must improve myself to satisfy Mr. Zhou as soon as possible!"

They all swore in their hearts, but they didn't know that they had misunderstood.

Zhou Hao had no such thoughts. He just didn't want them to do anything unnecessary at this time. As long as they could protect themselves, that was enough.

"You're the Mr. Zhou that this kid said could beat me up?"

The flaming White Tiger squinted its eyes and looked at Zhou Hao. Although it did not know what was so special about this human, it did not dare to be careless.

When he saw it, the flame White Tiger felt a sense of danger for the first time. He was just getting close, but now he immediately felt like he was facing a great enemy.

Zhou Hao was shocked. This flame White Tiger was a White Tiger that had its bloodline upgraded and could be upgraded again. This kind of white Tiger already had the bloodline of a divine beast.

He did not expect to encounter a mutated godly beast so soon after entering the inner world of the mutated beasts.

This type of mutated beast was one of the strongest, and it was what he needed the most.

As long as he could get his hands on it, it would be much easier for him to improve in the future.

“It’s me!”

Zhou Hao nodded his head in acknowledgment. He wanted to end this battle as soon as possible.

The flaming White Tiger threw Zhou Ziyu aside and let out a low growl before launching an attack.

As the flame White Tiger charged, the flames on its body also started to burn, leaving a trail of fire wherever it passed.

After some of the plants were burned, even the ground lost its vitality. It became lifeless and cracked, as if there had never been life here.

“Mr. Zhou, be careful!”

The Zhou family members and Zhou Ziyun all exclaimed in shock. They had seen mutated beasts before, and they had seen very strong ones, including the strongest mutated Night Demon.

However, they did not know that in Zhou Hao’s eyes, the mutated flame White Tiger was just like a little kitten.

Jonina and the gray-haired man didn’t even remind him, as they felt that there was no need to do so now.

Zhou Hao raised his hand, clenched his fist, and then threw a punch.

This human actually wanted to use his fist to block his charge. He was simply overestimating his own strength, like an ant shaking a mountain.

The flame White Tiger sneered. In his opinion, this Zhou Hao must be a hothead who had obtained some methods to increase his strength by chance.

Now that he had charged forward, Zhou Hao would definitely die.

BOOM!

When the flaming White Tiger crashed into it, it suddenly felt a sharp pain. It felt as if it had crashed into a hard mountain.

Roar!

The flaming White Tiger then realized that it had collided with Zhou Hao's fist. The terrifying force had also erupted from Zhou Hao's body, which looked as if he had no iron in his hands.

That was impossible!

Absolutely impossible!

How can you be so strong!

The flame White Tiger couldn't accept this. This was just a bug, an ant. How could it be an opponent that could hurt it?

Although it was hard to believe, the flame White Tiger knew it was real. The pain kept on stinging its brain, telling it that it was real.

However, he could not believe that his own body could not compare to the body of an ant that looked so weak that he could blow it away with a single breath.

The Zhou family was in disbelief as well. They knew that Zhou Hao was strong, but they did not expect him to be this strong.

This was the flame White Tiger. Even their family's Red Moon mech might not be able to come out unscathed if it were to fight it.

Now that Zhou Hao had done it, their impression of Mr. Zhou rose again.

"Mr. Zhou is so strong. I'll definitely improve myself as soon as possible after this!"

"Mr. Zhou, we believe that you can do it. You can definitely defeat this beast!"

The Zhou family members were relieved. They were worried that if Zhou Hao lost, they would die in vain.

Now, it seemed that their worries were completely unnecessary. They didn't have to die like this.

Since he didn't need it anymore, he knew what to do next.

"Shut up, you bunch of ants!"

The flaming White Tiger was trembling with anger. He was already very angry, and now that he heard these ants call him a beast, he was even more furious. His lungs were about to explode.

The Zhou family immediately shut up. They only realized the gap between them now, and they were all silent.

The flame White Tiger was still a terrifying existence.

Zhou Hao could deal with the flame White Tiger, but they could not.

"Human, I admit that you have some strength and can barely be considered half my opponent. However, if this is all you have, then you can die Here!"

Chapter 1120 - don't know what's good for you

Chapter 1120:-don't know what's good for you

The flame White Tiger endured the pain and pounced over. There were even a few green flames on its claws.

Zhou Hao immediately used his own raging Flame Slash. He could tell that if he did not use it now, he would definitely be injured.

If he had suffered some minor injuries before, it would have been fine, but now, he could not. He needed to consider all these factors.

Now, after all, he was no longer just thinking for himself. He also needed to consider the people around him.

As long as he thought about all these things, it would be much easier for him to do these things.

"Human, how can you also use my family's Secret technique!"

The flame White Tiger suddenly stopped its skill and shouted in anger.

It turned out that they were from the same family. No wonder this skill looked so familiar.

Zhou Hao didn't deny it. He told her about how he had killed a red flame Tiger.

"Human, do you know that you're in big trouble!"

Suddenly, the flame White Tiger became even more furious and said through gritted teeth.

Zhou Hao did not know what to do, so he chose to listen.

"That was the young clan leader of my clan. The one you killed at that time was the young clan leader of my clan who had not returned for a year!"

Hearing this, Zhou Hao was stunned. This was something he had not expected.

When he killed it, he thought it was just an ordinary mutated beast. He didn't expect there to be a tribe here, and the key was that it was the young tribe leader.

"Human, if you cut off your arms and come back with me to beg for forgiveness, I can save your life. Otherwise, I'll beat you half to death. Don't blame me when that happens!"

The flame White Tiger said that because it wasn't confident that it could take him down.

Zhou Hao found it funny. Not only did this beast want to negotiate with him, but it also had such a request. He couldn't help but laugh.

"Don't even think about running away. As long as I send out the signal now, it won't be long before my clan leader and the strongest Warriors of my clan come here and kill all of you!"

When Zhou Hao heard this, he was even more amused. This flame White Tiger was really interesting. It didn't even know that it was already in a difficult situation, and yet it still wanted to threaten him.

Seeing that Zhou Hao didn't seem to care much, the flaming White Tiger thought that it hadn't explained clearly, so it continued.

"I'm not trying to scare you. If you don't believe me, just you wait. It won't be long before I make you pay the price!"

The flame White Tiger continued to threaten coldly.

At this moment, if the flame White Tiger knew that it was not a match for him, it would not have dared to say so.

However, the flame White Tiger was still clueless. He thought that as long as he brought out his race, these fragile humans would be frightened and submit to him.

However, the flame White Tiger soon realized that Zhou Hao had no intention of following his orders.

“What do you mean by this? do you think that my race can’t kill you?”

Since he couldn’t contact the flame White Tiger directly, he was probably trying to scare it.

However, it was of no use to Zhou Hao.

Now that he couldn’t even scare the Zhou family, the effect on him was naturally even less.

“Kid, you don’t know what’s good for you. If I don’t teach you a lesson, you won’t know how terrifying our tribe is!”

The moment it finished speaking, the flame White Tiger chose to pounce again.

This time, Zhou Hao chose to move as well. However, he disappeared from where he was.

Zhou Hao was very fast.

So fast!

The White Tiger and the Zhou family were all shocked. They knew that Zhou Hao was powerful enough, but they did not expect him to have reached this level.

“It was the right decision to come with Mr. Zhou. If I didn’t come this time, I would have regretted it for the rest of my life!”

Previously, they knew that it would not be easy to get out of this place alive after coming in, so they did not have much hope.

He didn’t expect that Mr. Zhou would be able to display such power.

At that moment, they saw hope in Zhou Hao. As long as Zhou Hao continued to lead them, they might not only be able to improve themselves here, but they might also be able to leave this space quickly.

In the past, they didn’t even dare to think about this. But now, they dared to think about it, and they were even looking forward to it.

How was that possible?

It didn't expect this person to be faster than it. Fear surged in the flame White Tiger's heart, and it immediately put away its careless thoughts.

If things continued like before, they would definitely regret it now.

This human definitely couldn't be looked at with the same eyes as before.

Now, the flame White Tiger could only feel the shocking power erupting from Zhou Hao's small body. It was definitely a threat to its life.

Why was this person so strong?

This was simply too strong.

The flaming White Tiger couldn't figure it out, but it didn't continue to think about it. It knew that no matter how long it thought about it, the result would be the same.

However, he really didn't want to do that now, so he knew what he had to do.

He had done a lot since then, and now he didn't want to continue doing the same thing.

If it was the same, he would definitely regret it in the end.

"Human brat, you're strong, but I can still kill you. I'll give you one last chance. If you submit to me, I'll spare your life and let bygones be bygones for entering my territory!"

Zhou Hao did not care at all. He had come here on purpose to kill the flame White Tiger.

Now, he naturally did not have any other thoughts. He only wanted to defeat this flame White Tiger.

"Damn brat, you don't know how to appreciate my kindness. If you want to die so much, I'll catch you to death!"

The flaming White Tiger continued to release flame slashes, each one of them carrying a terrifying temperature.

Although it was not as powerful as Zhou Hao, the power of this skill had already surpassed Zhou Hao's.

"It seems that I haven't improved my body enough. I need to improve more!"

When he was hit, Zhou Hao felt as if his body was being torn apart. His injuries could not be healed.

At that moment, Zhou Hao knew that his body was still not strong enough. Not only did he need strength, but he also needed to improve.

Only when he had reached a sufficiently high realm would he be able to deal with the current situation with ease, just like before he had left Earth Star.

He had encountered a lot of things since the beginning, and he really didn't want to waste time like before. Therefore, he knew what he should do now.

Chapter 1121: The same race

Flame Slash!

Zhou Hao also increased the speed at which he was releasing the flame cut. Now, he had no choice but to do so.

The flaming White Tiger's skills were also being released at a faster rate. At this time, Zhou Hao knew that he did not have much of an advantage.

At this time, his skills and his physical body were already stretched thin in a certain aspect.

At this time, he could only use skills to give himself a certain advantage in speed. As long as he established this advantage, he would be invincible.

He had done a lot of things before, and he really didn't want to do this anymore. It was a waste of time, and it wasn't good for him or the Zhou family.

"Mr. Zhou is so powerful. I just realized that I underestimated Mr. Zhou!"

The Zhou family members were in an uproar. They didn't expect that they had seriously underestimated this Mr. Zhou. Mr. Zhou was not only stronger than them by a little bit, but by a hundred million points.

Zhou Hao's strength was definitely beyond their reach. Even if they cultivated for a lifetime, they would not be able to reach it.

They used to be the proud sons of the Zhou family, but in front of Zhou Hao, they were all ashamed of themselves.

Zhou Hao was simply a son of destiny. His strength was too strong.

Roar!

The flame White Tiger roared. It did not expect that the human in front of it was still as strong as before even after it had consumed so much energy.

In this state, this human should not be able to hold on for long.

However, from the beginning until now, this human had not only held on, but he seemed to be able to continue.

This human was definitely the most powerful one he had seen so far. He was also the one who posed a serious threat to him.

The flame White Tiger also knew that if it did not do something now, it would probably die Here.

“Damn human, I won’t let you have a good time. After I escape from here, I will definitely take revenge on you!”

The flaming White Tiger’s mind spun. After thinking for a while, it couldn’t think of a good way to continue defeating Jiangnan, so it could only think of a way to escape.

He could lose to a human, but he couldn’t die at the hands of a human. Mutant Tiger beasts like him valued the honor of their race very much. If he died here, it would only damage the reputation of his family.

Therefore, the flame White Tiger wanted to escape from this place.

“Mr. Zhou, we can’t let it escape. If it returns, it will be our nightmare!”

Seeing that The White Tiger was trying to escape, the Zhou family members hurriedly reminded it.

Even if they did not say anything, Zhou Hao would not let the flame White Tiger leave this place. Once the flame White Tiger could enhance its bloodline, its strength would increase greatly and it would become a stumbling block for them.

Therefore, they had to kill him before that happened. Only then could they rest easy.

If they let the flame White Tiger go now, it would definitely launch a sneak attack, and they would not be able to sleep or eat in peace.

They were already frightened when they entered this place. Now, they did not want to be targeted by this terrifying flame White Tiger.

The flame White Tiger turned around and ran as fast as it could.

“You want to run? hehe, impossible!”

Zhou Hao increased his speed, but his speed was even faster. In the blink of an eye, he had already caught up with the flame White Tiger.

How was that possible?

The flaming White Tiger couldn't believe it. It didn't know how many times it had been shocked. It was already numb.

‘Just what kind of existence is this kid? he's too terrifying.’

The flaming White Tiger couldn't figure out why it was like this. However, it knew that it would be difficult to leave this place now.

How could it be like this!

The flame White Tiger was in despair. It could only give up on running, knowing that it was useless to resist now.

“Damn it, if I could see that there was something wrong with this human before, things wouldn't be like this now!”

It thought that if the news of its capture were to spread, its parents would definitely be laughed at.

They were very concerned about their reputation, and if they were caught this time, it would definitely be greatly reduced.

However, there was no point in continuing to care about his reputation now, because his life was coming to an end.

However, the flame White Tiger soon realized that it had been overthinking. Zhou Hao had no intention of killing it.

“What do you mean by that?”

Seeing Zhou Hao's pensive look, the flame White Tiger could not help but ask.

The flame White Tiger had lost its temper. It knew that it was no match for this human. It was just a loser.

"I don't think I need to tell you what I mean, right?"

Zhou Hao rolled his eyes. Was this flame White Tiger out of his mind? how dare a defeated opponent question him?

"That's not what I meant. I just want to know how you're going to deal with me. If you want to kill me, do it now. I'm not afraid of death. Just give me a quick and painless death!"

The flaming White Tiger could only grit its teeth as it thought about how it could not change the current situation.

Hearing this, Zhou Hao did not make a move. Instead, he said, "I won't kill you now, and I won't kill you in the future. You're much more useful alive than dead. Don't worry, I'm only looking for you to cooperate with me. I won't make you a slave!"

Zhou Hao's words stunned the flaming White Tiger for a moment. It thought that what it had heard was an illusion, that it was hallucinating.

Zhou Hao knew that the flame White Tiger was suspicious and would not believe him easily. He said, "If you don't believe me, you can stay here and take a look. I'll seal half of your strength first. After you help me solve the problem I want to solve, you can leave freely!"

The flame White Tiger had no choice but to cooperate with him.

Moreover, even if Zhou Hao wanted to kill him now, he could only let him be cut into pieces.

He wanted to do a lot of things now, but everything was the same before. He really didn't want it to be like this.

So now he knew what he had to do. No matter what the result was, it would be better than before.

"I'll help you, but you can't go back on your word. If you lie to me, I'll risk my life even if I die!"

The flaming White Tiger could only choose to compromise. Now, it thought that it was good to have a chance of survival.

Just like that, they reached an agreement.

Seeing that it was Zhou Hao's decision, the rest of the Zhou family members wanted to say something, but they chose to keep their mouths shut.

Zhou Hao must have his own reasons for doing this. All they could do now was to follow his arrangements.

Chapter 1122 - Carrying out a mission

Chapter 1122: Carrying out a mission

“Jonina, I’ll leave it in your care from now on. If there’s anything you can’t solve, leave it to handle it!”

Zhou Hao said to Jonina.

Jonina crossed her arms and said coldly, “After I help you this time, how are you going to help me?”

Zhou Hao was taken aback. Why did this girl seem to be getting colder and colder? she was not like this before.

“Next time, if you need any help, just let me know. As long as you ask me, I will help you!”

Jonina then said unwillingly, “Okay, you promised me. Next time I need your help, you can’t lie to me!”

Zhou Hao didn’t think too much about it. This woman’s mind was really unfathomable, like a Needle at the Bottom of the Sea.

“Alright!”

Zhou Hao could only agree to what he had to and then leave the matters here to Zhou Ziyun.

“I’ve almost prepared what I’ve done for you these days. You should be able to complete the rest now, right?”

Zhou Hao found Zhou Ziyun and asked.

Zhou Ziyun smiled and said, “Mr. Zhou, you must be joking. You’ve helped us so much. We’ll definitely be able to complete this task.”

With that, Zhou Hao was relieved. He then decided to venture into the nests of the beast Kings alone.

Zhou Ziyun looked at Zhou Hao deeply and said.

“Mr. Zhou, you must come back safely!”

Zhou Hao nodded, then walked inside.

When Zhou Hao saw Zhou San, he turned back and thought that he might as well take advantage of this time to train a few more helpers.

Otherwise, he would have come here for nothing. Hence, he brought a few people from the Zhou family and a few Huaxia transcents on Earth Star.

Before they left, Zhou haoxian had given them a lot of advice. They had to do this now, and it was also to let them know in advance that it was dangerous to go to such a place.

“Yes, Mr. Zhou!”

Wednesday and the other Huaxia transcents were extremely excited. They never thought that they would have the opportunity to follow. To them, this was a very glorious thing.

“Let’s go!”

Zhou Hao first brought them to the swarm. This place was not a big threat to Zhou Hao, but it was a huge threat to Zhou San and the group of Zhou family members outside.

These insect groups were fast, and the key was that they were not afraid of death. In order to reproduce, they dared to do almost anything.

If they locked onto a target, even if it was a beast King that would cause both sides to suffer losses, they would not hesitate to charge.

Many beast Kings would usually take a detour when they encountered this kind of insect swarm.

Zhou Hao wanted to get rid of the threat first so that he wouldn’t have to worry about any dangerous things happening later.

Before everything turned for the worse, he had to do everything that he needed to do well, so that such things would not happen again.

“Mr. Zhou, you’re not thinking of fighting the Zerg alone, are you? those are all C-grade monster hordes!”

Seeing Zhou Hao walking down a damp and dark path, Zhou San and the other transcents immediately knew what he was up to.

Mr. Zhou naturally wouldn't throw himself into a trap, so he was going to challenge him.

Zhou Hao nodded slightly. He did not deny it, and there was no need to.

"I know you don't understand what I'm doing," he said. "But what I need now is not for you to understand. What I need you to do now is to follow my original plan step by step. Just do it well!"

As soon as he said that, Zhou Wednesday immediately understood that Mr. Zhou was doing this for their own good. It was also a painstaking effort. He was extremely touched and immediately said, "Mr. Zhou, go ahead and do as you wish. I will lead my tribesmen and charge into the enemy lines with you. I will definitely not disappoint you!"

This was what Zhou Hao wanted to hear. However, he did not expect that the person who said this would not be someone from earth, but a member of the Zhou family. He looked at the Huaxia transcendent on earth with disappointment.

The Huaxia transcendent on Earth Star was a direct force of his mother's Galaxy, but they didn't have the awareness to draw the numbers that they had just met. He couldn't help but feel a little disappointed.

However, even though he was disappointed, he still did not want to miss out on anything. After all, these Chinese transcents were the most promising Warriors on Earth Star to transform. They were the light of hope for everyone on Earth Star.

As long as they could undergo another huge transformation this time, their trip to this place would not be in vain.

"If you encounter any other danger, protect yourselves first. Leave the rest to me!" He said.

After Zhou Hao said that, he took the lead and rushed to the innermost area.

After a while, the ground began to shake. The guards of the swarm realized that someone had invaded and began to attack Zhou Hao.

"So little?"

Seeing that there were only a few hundred swarms outside, Zhou Hao felt strange. However, he soon understood why. There must be many more swarms in the nest that had not come out yet.

He probably didn't take him seriously.

Zhou Hao charged forward and immediately released his skills. When he released his skills, he suppressed his strength and aura.

If he were to use all his strength, he would definitely release his aura. The low-level mutated red ants that rushed out naturally did not know how terrifying he was.

However, the higher-ranked ones in the nest knew that before that, what they had to do now was to plan slowly.

If he was too hasty, he would only alert the enemy. These mutated red ants were not of much value. The real value was the mutated queen ant.

The mutated ant queen was a true beast King. If caught, one could obtain precious materials and a huge amount of energy.

This was more energy than the combined energy of many beast Kings.

The mutated red ant raised its head and attacked with its sharp teeth and claws.

Hu Chi!

Hu Chi!

However, they all missed. Every time, they grabbed nothing.

These mutated red ants were running around in circles anxiously. They probably knew that they couldn't win now. They were like a group of Dragons without a leader. They were like a plate of loose sand.

Seeing that he had achieved his goal, Zhou Hao handed over the task to the few people who followed him.

These were all Huaxia's transcendents, as well as the Zhou family that he had known before.

Although it was tough for them to deal with these mutated red ants, it was not a problem. This was what Zhou Hao wanted. As long as they could get enough upgrades, they would all be able to improve greatly.

Chapter 1123 - Hunting the mutated ant queen

Chapter 1123: Hunting the mutated ant queen

Before this, Zhou Hao had been having a headache over this matter for a long time. He had been trying to come up with an idea, but he couldn't come up with one even after racking his brains.

There was even a period of time when he thought about giving up and continuing to think about it.

Now, now that he finally had a way, he naturally wouldn't miss it.

"Mr. Zhou, do what you want to do. If we can't even handle this kind of thing, I won't have the face to continue working for you in the future!"

Zhou San said excitedly from behind, his battle intent boiling.

It was the same for the Zhou family and the Huaxia transcendents. They were all thinking that they could not let Zhou Hao's painstaking efforts go to waste.

All of them wanted to take advantage of this moment to prove themselves.

Zhou Hao directly charged in with irresistible force. Although there were many mutated beasts, they were still like clay chickens and pottery dogs.

Every time Zhou Hao used the flame cut, he would be able to kill a large number of mutated red ants. Zhou Hao also felt that his energy was finally showing some effect.

Before this, every time he absorbed energy, he would feel like he was absorbing it like a clay ox entering the sea and finally disappearing.

However, this time was different. He could feel that this power was filling up his body, making him feel full.

One had to know that this was only the beginning, and he already had this feeling. This discovery was definitely a pleasant surprise for him.

When Zhou Hao entered, he also encountered many mutated beasts raised by mutated beasts. These mutated beasts were all working for the mutated red ants.

However, none of them were his match. In a short while, Zhou Hao had already caused the earth to shake.

Although these mutated red ants did not have high intelligence, they were not fools. They naturally knew that they were no match for them.

Therefore, some of the mutated red ants chose to retreat immediately and escape in all directions.

“You want to run?”

Zhou Hao increased his speed. Now, he rushed up and only wanted to find the mutated queen ant among them.

As long as he could find it, that was enough.

Hiss!

Just as he was thinking about this, he heard a bone-chilling cry.

Zhou Hao quickly recognized that it was the sound of a snake, and the snake’s level was not low.

Zhou Hao could not understand why there were snakes in this place.

Soon, a giant snake crawled out from the depths of the cave. The snake’s eyes were fixed on Zhou Hao.

Zhou Hao did not act rashly. He was very puzzled. It was too strange that there were mutated giant snakes in this place.

It was normal for there to be such a thing in other places, but this was the territory of the mutated red ants. No foreign species were allowed to invade.

The mutant snake was a top-tier mutant beast, and it would not submit to anyone easily.

Zhou Hao quickly gathered his thoughts and thought that since he was thinking so much, he might as well kill the snake first and then explore the depths.

Zhou Hao clenched his fist and sped up. When he was about three to five meters away, he jumped high and kicked.

This was a skill of a mutated elephant that he had absorbed. It could trigger the earth to shake and the mountains to shake. It could burst out with a tremendous force of 100000, which was very terrifying.

He had stepped on the giant snake.

Thump!

After a loud bang, Zhou Hao was stunned. However, to Zhou Hao’s surprise, the stomp directly pierced through the giant snake’s head, leaving a bloody hole on it.

However, Zhou Hao was stunned again when he realized that there was no blood on it.

No matter if it was an ordinary snake or a mutated one, it was impossible for it to not have any blood at all. This was too strange.

This snake was a little strange. Thinking that it might be a mutated beast of some unknown species, Zhou Hao immediately decided that he had to take down this mutated beast.

This mutated beast was considered a new species, and its research value was the highest.

Now that he was considered a mercenary, as long as he could find the mercenary guild, he would be able to exchange for a lot of cultivation resources.

He had just entered this Galaxy not long ago, and there were still many things he didn't understand. He wasn't strong enough now, and he still needed to improve a lot.

Only after his strength had increased would he be able to come into contact with more things and improve more.

Hiss!

Not only did the mutated beast not weaken, but it had also gained a lot of vitality and was now attacking.

If Zhou Hao had not been careful, he would have been injured by now.

This snake was too strange.

Zhou Hao spent a Herculean effort and after a long while, he finally killed the snake.

Zhou Hao walked over and found that the snake's life force was extremely strong. However, this snake's life force was not the one that originally belonged to it.

Zhou Hao tore the snake apart and searched its body for a while, but he did not find the beast core. After confirming that it was not the snake's original life force, he continued searching.

After searching for a while, Zhou Hao carefully looked around and found a bead with energy ripples on it.

Zhou Hao picked it up and found that the Pearl not only contained energy, but also the snake's memories.

Zhou Hao searched through its memories without hesitation, and those memories flashed before his eyes like a revolving lantern. They were the memories of the mutated snake's life and death.

However, the memories that Zhou Hao did not want to see were all gone in a flash.

Zhou Hao quickly confirmed that it was not a product of this planet, but from another planet.

On that planet, technology was very advanced. In this Galaxy, it was the most prosperous one.

There were many mercenaries there. They went around to cultivate energy beads and collect energy to nourish their bodies.

There was more than one energy bead like this. Many mutated beasts had such energy beads in their bodies.

As long as he killed those mutated beasts and put the energy beads in, he would be able to improve all the time and would not have to be in danger all year round.

Zhou Hao was extremely surprised. This energy bead was definitely a God-grade high-tech item.

In his memory, the mercenaries on that planet would come out every year to hunt some mutant beasts and put these energy beads into the high-level mutant beasts for their employers.

Zhou Hao was excited. If this energy bead was sent to earth and some results were produced, it would bring a technological boom to earth, even if it was not a godly black technology.

Other than the technological boom 100 years ago, there had not been much growth on earth. It could not continue like this.

Previously, due to the stagnation of technology, many people on earth suffered unspeakable hardships while fighting against mutated beasts. Many of them were even killed.

With this energy bead, planet Earth could undergo a tremendous change.

He had not expected to not catch the mutated ant queen, but to obtain an energy Pearl instead. Zhou Hao suddenly felt that he was extremely lucky.

Chapter 1124 - successful registration

Chapter 1124:-successful registration

Zhou Hao did not go after the mutated ant queen. Instead, he went back. With this memory, he could go and find other gathering places of mercenaries.

He could even go to the planet he was on. After that, he could start his second plan according to his original plan.

In the past, it would have been very difficult for him to do this. However, it was different now.

Zhou Hao brought them out and also brought Zhou San and the others back, ending the trial ahead of time.

Wednesday and the others were confused, but they didn't ask.

She knew that Mr. Zhou must have other intentions if he didn't say anything.

After Zhou Hao returned, he first went to Earth Star and found the most talented inventor, who was also the best professor in the Academy of Science, professor Chen.

Earth Star knew that Zhou Hao had returned and wanted to invite many people to welcome him and wash away the dust.

Zhou Hao refused. His return had caused quite a stir and caused traffic jams. He did not want that to happen now.

Zhou Hao told professor Chen about his discovery of new technology.

Professor Chen was very happy. For him, any technology that appeared in the short term was a timely help.

"Mr. Zhou, where did you get this?"

Professor Chen said excitedly after getting the energy bead.

Although he didn't know if he could get any results from this in the future, he knew that at least he had done what he needed to do.

There was still a lot to be done, but all of that added up was not as much as what he had now.

So, he knew that he had a lot of work to do.

"I got it from a Galaxy. As for where it is, don't ask me. Even if you asked me, I couldn't tell you. I don't know what that place is. I only ask you, can you duplicate a similar energy bead in half a year?"

Zhou Hao went straight to the point.

Professor Chen thought for a while and said, "I can only say that I'll give it a try. As for whether I can replicate it, I'm not too confident right now!"

Zhou Hao hoped that he could figure it out this time. He went back to visit his parents and then his classmates.

He stayed on earth for a year.

A year later, Zhou Hao finally met professor Chen again.

"I was just about to see you!"

A year later, he saw professor Chen in the laboratory. Professor Chen's face was full of excitement.

Seeing him like this, Zhou Hao could immediately tell that he must have made some progress.

Seeing him like this, Zhou Hao was also very happy in his heart. As long as there were some results now, it was better than nothing.

"Announce the results to the public, and tell the Alliance that if anyone dares to mess around, they will have to deal with the mutant beasts themselves!"

Zhou Hao thought of the people who would be tempted by the new technology, so he said to professor Chen,

Now, Zhou Hao did not want to interfere in this matter anymore. Therefore, he knew what he had to do.

She could only leave with a peace of mind after she had settled all these things.

"I will!"

Zhou Hao left after giving professor Chen some instructions and some small talk.

Professor Chen watched the legend leave with regret. He wished he could keep the energy bead.

He would be able to continue his research. It would be much easier to improve in this area in the future. As long as he was given enough time, she would definitely be able to create an energy bead that was better than the energy bead.

It was not that Zhou Hao had taken it away because he was concerned about the energy of the energy Pearl, nor was it that he did not want to give it to him now. It was just that Zhou Hao was helpless and did not have any Energy Pearls.

Then, she would not be able to follow the memory in the energy bead and head to the planet that he had locked up and known before. By then, he would not be able to do many things that he wanted to do.

Zhou Hao first returned to the training ground, which was the nest of the mutant beasts.

When he returned, Zhou Hao realized that the Zhou family had all improved significantly.

Furthermore, the Zhou family members were now able to hunt some mutated beasts freely. They did not need to work together to hunt them.

If it had not been for the first wave of attacks, it would not have been them hunting the mutant beasts, but the mutant beasts hunting them instead.

Zhou Hao was relieved to see that they had grown so much.

Just when Zhou Hao thought that they would be able to continue to develop smoothly after they had grown up, things turned out contrary to their wishes. On the seventh day, a piece of news that made everyone in the Zhou family furious appeared.

That was, the Zhou family's hunt had failed. A high level demonic ape that they had hunted had been snatched away by a group of mercenaries.

The Zhou family had injured a demonic ape, and they wanted to capture it alive as planned.

However, they didn't expect that a team would appear out of nowhere and actually ignore them, taking the lead.

Instantly, the Zhou family members were all very angry. However, being angry was one thing. It was a fact that they couldn't beat that team.

They knew that the strong were respected, so they could only sulk.

When Zhou Hao heard about this from Zhou Ziyun, he was immediately certain that he had to get it back.

It wasn't because the demonic ape was valuable, but because they wanted to let the Zhou family know that no one could take it away from them.

"If you don't want to become the prey of others, then come with me now. I'll take you to snatch it back!"

Many people had given up on what they were supposed to do and ended up as meat on the chopping block. Therefore, Zhou Hao naturally did not want things to turn out this way.

Now, he wanted them to defeat the other party. Even if they couldn't defeat him, he definitely couldn't let them take away the spoils of war, the demonic ape.

This was also a good opportunity for them to awaken. He could use this opportunity to tell them that as long as they dared to think about it, they would definitely be able to do it.

The Zhou family's strength had indeed improved significantly, but it was not enough to just improve their strength. They needed to strengthen their spirit as well.

Zhou Hao sped up his pace, thinking that he could only do this as soon as possible.

If they couldn't do it, it wouldn't be long before this team was considered useless.

At that time, all his careful preparation would be in vain.

He definitely didn't want things to turn out like this.

He had gone through so much trouble to do so in order to get the results he wanted in a short time.

If things were to turn out like before, he felt that it would be useless even if he regretted it.

Moreover, he wasn't the kind of person who liked to suffer losses. Now, he just wanted to snatch it back.

Chapter 1125 - The Galaxy mercenaries

Chapter 1125: The Galaxy mercenaries

The Zhou family was also very happy. It seemed that they had followed the right person. Mr. Zhou was too good to them.

The next day, Zhou Hao led the mighty Zhou family to find the group of mercenaries who had stolen the demonic ape.

“Are you looking for death? why don’t you go out and ask about us, the Galaxy mercenaries? you overestimate your abilities!”

The Milky Way mercenaries were all wearing silver armor with a Milky Way pattern embroidered on their chests. They all looked very domineering.

These people were all very arrogant and didn’t take it seriously.

Zhou Hao chuckled. It seemed that there was no need for him to continue negotiating. It was better to attack now.

Seeing that this was all he could do, Zhou Hao rushed forward without a second word.

“F * ck them up!”

Zhou Hao said to all the members of the Zhou family. If they didn’t take action now, they would only be disappointed.

“Yes, Mr. Zhou!”

Everyone began to charge. Now, they all wanted these people to pay for their lives.

“You’re looking for death!”

The leader of the Milky Way team was furious. He immediately rushed forward and took the lead among all the members of the Milky Way team.

Zhou Hao was also at the front of his team. He was also very angry. He didn’t expect things to turn out like this.

Zhou Hao had thought that his journey here would be smooth.

At this time, he could only do his best to do the current thing. As long as he did his best now, he would be able to quickly settle the same thing when he encountered the same thing in the future.

However, he really didn't want to encounter such a thing again in the short term.

"Don't be stingy with your skills. Use them all and defeat them!"

Zhou Hao said to the members of the Zhou family. He also released his Flame Slash and injured many members of the Milky Way.

Damn it, how could this brat be so strong!

Captain Milky Way's expression changed. His skill was also very destructive, but after he released it once, he had to wait for a while before he could continue to release it.

Zhou Hao's skill, on the other hand, did not require any energy consumption. He could release it again after the first time.

"This kid must have some high-level technology on him. Let's kill them together. After we kill them, everyone will get a low-level energy bead!"

Team leader Yin He said to his team members.

The members of the Milky Way had suddenly become like wolves and tigers. Their strength had also increased a lot.

If it was before, Zhou Hao would not have understood. After all, they were risking their lives.

However, Zhou Hao quickly understood that he was making a promise to his own members.

His promise was even better than the Milky Way team leader's. Whoever could take down one of the Milky Way team members would get an intermediate-level energy bead.

From his previous memories, Zhou Hao already knew the levels of energy beads. They were divided into heaven and earth. His was a low Earth-grade energy bead.

The Milky Way mercenaries were also considered a low-class mercenary team. They specialized in doing despicable things, which was to snatch the prey of other teams.

They weren't doing very well either, so every time, they would take the risk to snatch the prey of other teams.

If the Galaxy mercenary had met someone else, he might have succeeded in snatching it. Unfortunately, he had met him this time. Therefore, he was destined to fail.

The Zhou family and the Huaxia transcendents were all aware of the wondrous uses of the energy Pearl. Naturally, they were all very excited.

In fact, even if Zhou Hao did not say so, they would still have killed these Milky Way mercenaries. Now that Zhou Hao said so, they worked even harder.

The Milky Way mercenaries often robbed and stole. They only knew how to use despicable means and did not have much strength. Naturally, they could not hold on much longer.

As the members of the Milky Way team fell one by one, Captain Zhang Botong's face turned ugly. He immediately turned around and ran.

They had just become mercenaries, and it had not been long since they had encountered such a thing. It was something that he had never expected.

"Don't let him escape!"

Zhou Hao said to the other members of the Zhou family. He was also saying this for the Huaxia transcendents to hear. It would be a huge loss if they let the captain of the Milky Way Alliance escape.

Hearing this, the Zhou family members immediately rushed forward and stopped Captain Milky Way in no time.

"You can't kill me. I'm a team from the Milky Way mercenary Union. If they find out that we've disappeared, they won't let you go. No matter where you escape to, you'll be found!"

Zhou Hao laughed. This Captain was really interesting. Even at this point, he still wanted to threaten him.

"I won't kill you now. You're more valuable alive than dead. However, you'd better shut up before I'm in a good mood. If you continue to make a fuss and ruin my mood, don't blame me for being ruthless!"

Hearing this, Captain Milky Way was shocked and quickly covered his mouth.

He had no doubt that Zhou Hao would kill him if he said another word.

Zhou Hao asked about the mercenaries and then said to Zhou San.

“Zhou San, you have the highest seniority in the Zhou family. I’ll leave these people to you. As long as they don’t die, you can do whatever you want with them!”

Zhou Hao glanced at Zhou San, who had almost lost his presence. Zhou San was definitely experienced, so it was the best choice for him to train Zhou Hao.

“Don’t worry, Mr. Zhou. I’ll definitely train him well!”

Zhou San chuckled. He naturally knew what that sentence meant.

The Milky Way Captain Zhang Botong’s expression was ugly. He wanted to curse, but he could only shut his mouth. He was also very regretful.

If he had kept his eyes open earlier, things probably wouldn’t have turned out this way.

After Zhou Hao settled all these matters, he went to the mercenary Alliance alone according to his memory.

The mercenary Alliance was the largest Alliance in this universe, and it was also the oldest ancient Alliance.

The mercenaries of this Alliance traveled to any Galaxy and any country in the entire universe. They were responsible for completing some missions for some employers.

As long as they became mercenaries, they would receive some support from resources. For example, they would be able to complete missions more conveniently. When they went, they would be allowed to go through the specially set green channel.

In the universe, the mercenary Alliance had already set up a wormhole that would allow them to reach the place at the fastest speed to make it easier for them to complete their missions.

A Galaxy that would normally take billions of years to reach would only take a day or two to enter.

Some of them were even faster. As long as they used the technology created by the creators of locks in their alliance, they could reach their destination immediately.

This had also become the best place for many Rangers and many people who were confused at the beginning to go.

This place was also their Holy Land.

Chapter 1126 - change of identity

Chapter 1126: Chapter 1226-change of identity

?

Zhou Hao had felt like a headless fly before this, but now that he knew about this place and came here, things were different.

With this memory in mind, Zhou Hao went straight to the mercenary Alliance and signed up for it.

The registration fee was not much, only one energy Pearl. As long as he had the energy Pearl, he would be considered a mercenary now.

He gave his team a domineering name. His team members had the bearing of emperors.

Zhou Hao even went to the shopping center to understand the rules.

There was a point ranking here, which could also be seen on the live broadcast. The teams of the major families and forces could see it.

Zhou Hao was shocked. He had thought that the barren planet Earth would be barren here as well. He did not expect the technology here to be so advanced.

After making sure that he was not mistaken, Zhou Hao immediately knew what he should do.

Zhou Hao sold a lot of them here. These were the necessities for their future missions. With these, it would be much easier to do the same thing in the future.

Zhou Hao went back after he was done. Every second counted, and he wanted to finish everything he wanted to as soon as possible.

He had done a lot in the past, but the results were often unsatisfactory. Now, he really did not want to continue like this.

So now he knew what he had to do. If he continued like before, he would lose a lot in the future.

This time, he didn't only need to think about himself. He had already brought his team, so he had to think about his own team members.

“Mr. Zhou!”

Seeing Zhou Hao’s return, Zhou Fei and the others immediately gathered with their men.

Jonina, the gray-haired man, and a few other people quickly came over.

Zhou Hao told them that he had already formed a team and joined the mercenary Alliance.

Everyone was very happy. As long as they became mercenaries, it would be much easier for them to go to other planets in the future.

At that time, it would be much easier for them to do other things.

No matter how difficult it would be in the future, at least it wouldn’t be like now, and things wouldn’t turn out like this.

“Mr. Zhou, you can tell us what to do next. We’ll listen to you!”

Wednesday and the others were looking forward to the next mission, and they were eager to try.

Even if they were to turn the tables, they would still be able to obtain points in the next mission. By then, they wouldn’t even need to go to another planet to exchange for points.

They could directly exchange for the resources they needed from the live broadcast system.

Before this, it was not easy to leave, so it was difficult for them to exchange for resources.

But now that they had become mercenaries, things were different.

At this time, Mr. Zhou’s image in their minds rose again.

Zhou Hao could not wait any longer. He asked the Zhou family to start hunting some mutated beasts, which would provide them with a lot of energy.

At the moment, they needed a lot, but energy was essential. Therefore, it was best to get energy first.

“We’ll go now!”

With this identity, the Zhou family was more motivated to hunt these mutant beasts. They spent almost the entire day hunting these mutant beasts.

They had tried their best before, but because they couldn't see the end of lock's path, they would sometimes feel depressed.

However, now that they had seen the end of what they had wanted to see, they suddenly felt different.

Finally, they were excited. They knew that as long as they continued to do what they were supposed to do, they would be able to complete it sooner or later.

"Charge! This time, Mr. Zhou has already given you such a good identity. We must not let Mr. Zhou's good intentions go to waste!"

Wednesday was the first to bear the brunt of the attack. He was also the one who put in the most effort when hunting these mutated beasts.

Originally, it would take at least 10 minutes to deal with a mutant rhinoceros on Wednesday. However, in his current state, the combat power he could unleash was more terrifying than ever before. Therefore, it was a lot easier for him to deal with this problem now.

In a short while, it was settled on Wednesday.

If such a thing happened again, it would probably be the same.

Zhou Hao was very pleased. He didn't have much hope for them, but he didn't expect them to really do it. He didn't expect them to improve so much.

I hope you can continue to work hard in the future.

After Zhou Hao encouraged them, he went to see the Huaxia transcendents he had trained.

"Venerable!"

These Huaxia transcendents were also very excited, and now they were full of admiration for Zhou Hao.

Zhou Hao had given them this strength and even made them universe mercenaries. This was a great honor.

Chapter 1127 - Zhou Hao's helplessness and distress

Chapter 1127: Zhou Hao's helplessness and distress

"Yang Xiaohu, come here!"

Zhou Hao thought about it for a moment. It was not enough to continue with this progress. He needed more power.

He could take care of things on his own, but that was not all. He could not think of everything when helping his family on earth.

This planet was his last home. If he couldn't protect this home now, he would be homeless in the future.

Yang Xiao Hu walked over with an excited face. He knew that he wanted to give some pointers.

"My Lord!"

Zhou Hao looked at yang Xiaohu's reserved expression and said, "You don't have to be so formal when you see me. From now on, you can call me Mr. Zhou like the others. I've called you here to teach you some skills. However, I want you to reach the third level in half a year. Are you confident?"

Yang Xiaohu was very excited, but when he heard that he was confident, he hesitated for a moment. Finally, he hesitated for a few seconds before saying, "Milord, I can't guarantee that I'll be able to complete the task you gave me, but since Milord is willing to trust me, then please rest assured. I will do my best to help Milord resolve this matter!"

Hearing this, Zhou Hao was very satisfied. In fact, whether he could do it or not was secondary to him. Whether he could do what he wanted to do now was the most important thing.

After all, this was related to the terrifying things that would happen in the future and whether his Protected Planet would be able to proceed smoothly according to the plan he had thought of before.

Thinking back to the beast disaster a few months ago, Zhou Hao began to worry. Previously, it was only because he was strong enough that he was able to deal with it.

However, the next time would depend on whether he was strong enough. If he was not strong enough next time, he would only be able to watch helplessly.

“This is the Saint Demon Heart Sutra. Take it and cultivate it. Although I can’t make you as strong as I am, this cultivation technique will make you famous even if you die!”

Zhou Hao thought that letting someone like yang Xiaohu’s name go down in history was already the best promise he could make.

In fact, they were already on a planet, and many people had lost the right to choose.

At this time, the best thing they could do was to protect themselves. Only in this way could they not have come to this world in vain.

If he couldn’t even do this well, then the next time he encountered such a thing, the result would probably be the same.

After Yang Xiaohu left, Zhou Hao called for Zhang Xiaohu, tan Meng, and a few other people. These people were all his former classmates in school.

After these students came out, they were just as reserved as yang Xiaohu.

“My Lord!”

Even the class monitor was now addressing him as ‘Lord’. It looked very awkward, but it was still a standard address with respect.

Zhou Hao didn’t know whether to laugh or cry when he saw his class monitor’s attitude towards him. He didn’t expect that his class monitor was still the same after so long.

“Class monitor, we’re classmates. You should treat me the same as before. We were classmates before, and we’re still classmates now. No matter what happens in the future, no matter if the universe explodes, we’ll still be classmates!”

The class monitor and a few of his classmates thought to themselves that they wanted to be classmates too, but others would not allow it.

Zhou Hao had helped the entire Earth Star. Now that his status was high, they did not have the right to be classmates with such a Savior.

It wasn’t that they were underestimating themselves, but the fact was that no one on earth could be Zhou Hao’s classmate.

Zhou Hao knew that they wouldn’t be able to change their mind in a short time, so he didn’t continue on the topic and quickly changed the subject.

“Well, it seems that you won’t change much in a short time. I’ll be Frank now. I asked you to come here because I’ve prepared a few cultivation techniques for you. Take them and cultivate. In half a year, no matter what happens after that, cultivate to the second layer!”

Zhou Hao had lowered this requirement because he knew that the students’ physiques were not good. In fact, it was already very demanding for them to cultivate to the second level.

These few students were very excited. To them, the conditions were nothing. This was what they had been looking for.

In fact, before this, they had thought of looking for Zhou Hao, but because of the difference in their status, they could not say anything and missed the opportunity again and again.

Now that Zhou Hao was willing to give it to them, it was a great surprise for them. They did not expect the surprise to come so quickly.

“Many thanks, Lord Zhou!”

Wang Meng, Zhang Mengmeng, and the others were overwhelmed by the favor and said with tears of gratitude.

Some of the girls who had looked down on Zhou Hao before were now filled with regret. If they had not made a wrong judgment back then, they would probably be by Zhou Hao’s side now. Even if they could not become partners, they could at least become close partners.

When the time came, Zhou Hao could casually give them some benefits, which would have a huge impact on them in the future.

Their families had been giving them instructions and trying to reason with them, hoping that they could get closer to Zhou Hao.

They also knew that only by having a good relationship with Zhou Hao would they be able to live a better life in the future. They might not be able to live the way they imagined.

However, to be able to live a better life than before, they would not go with the flow.

When the mutated beasts had invaded this planet, many places had been attacked as well. Until now, they had not yet recovered from the attack and had been suffering from the poison.

It was the same for them. Many places were already miserable beyond words.

Originally, they would have been in that kind of situation, but Zhou Hao's appearance had saved them from that kind of life.

To them, this was a gift. They had never thought that such a day would come so soon.

"Many thanks, Lord Zhou!"

Zhou Hao, on the other hand, had mixed feelings. He had indeed become the Savior of the world, and could even be considered the Lord of the plane. However, even though his status was extremely high, there was a huge gap between him and his classmates.

Now, Zhou Hao finally experienced the feeling of being lonely at the top.

It seemed that it might not be a good thing for him to stand too high.

In the past, if they were still classmates, they could at least chat and laugh.

However, now that he had such a prominent identity, it created a distance between them.

Seeing how reserved they were, Zhou Hao felt that there was nothing he could do to change their minds, so he let them go and cultivate.

Chapter 1128 - Receiving the mission

Chapter 1128: Receiving the mission

Zhou Hao didn't know that his classmates were thinking the same thing. They wanted to talk to him.

However, their status was there, and now there was a huge gap between them. It made them feel that it was far beyond their reach, and they had nothing to say.

After Zhou Hao had selected a group of people, he left Earth Star. He brought Qiao Nina and the others outside to continue their search for information on resources.

The arrangements on Earth Star were almost complete. He did not know if Earth Star could continue to develop as he had imagined. He only knew that he could only seize the time to find and prepare more resources.

He first went to the nearest mercenary Alliance branch. There were many missions here, and he could now obtain considerable profits from them.

As long as he could make a profit from this, it would be much easier for him to get what he wanted in the future.

As soon as they entered, Zhou Hao saw many people wearing titanium alloy armor. There were also many people from other planets, all wearing a variety of equipment.

Everyone could be seen here, and these people were all of extraordinary strength.

Most of the regions were filled with highly advanced technology and cultivation systems.

However, there were relatively fewer cultivators, and technology was the most abundant.

However, there was an undeniable benefit, and that was that he would become stronger through cultivation.

The status of the cultivators was relatively high, and Zhou Hao's entrance quickly attracted the attention of many people.

These people all looked over at the same time. It was easy to distinguish the people who were cultivating in this place, as they basically did not have any equipment.

When he saw them looking at him with eager eyes, Zhou Hao knew that it was impossible for him to leave this place now.

"Everyone, I know you want to invite me to join your current mission, but I won't join you now. I still have my mission to do, and I won't join anyone's team until I complete my mission!"

Zhou Hao knew what they were thinking, so he rejected all of them decisively. Then, he went to the place where he could receive missions and began to browse through the many missions.

There were all kinds of missions here, and most of them were issued by the top powers in the universe. It could be said that all the mercenaries in the universe were at their service.

It was said that there were many powerful cultivators inside who had already studied the mysteries of the universe and were now the strongest cultivators.

Zhou Hao's heart was filled with longing for that place. However, he knew that he was not strong enough at the moment. Even if he went there, he would not be able to survive.

Right now, he still needed to become stronger. As long as he could become an existence at the top, it would be much easier for him to solve the problems he wanted to solve.

He had done a lot since then, but when he knew what he needed to do, he was determined to walk the path he wanted to.

“I want mission No. 389!”

Zhou Hao saw a mission with a red sign and said to the person in charge.

This person-in-charge was in charge of introducing mercenaries to the major forces to complete their missions.

“Are you sure?”

The person-in-charge looked at Zhou Hao doubtfully, as if he did not really believe in strength.

This wasn't the first time Zhou Hao had encountered such a situation, so he was used to it. The next moment, he released the powerful aura from his body.

The moment he released his aura, the entire mercenary division was shrouded in a terrifying power.

“This is a monster!”

The others looked at Zhou Hao in horror. They felt that they could not move at all. It was just that the force was not locked on them. Otherwise, it would be impossible for them to leave this place.

In any place, such powerhouses would always be in the minority.

“It's better for everyone to take a detour. If we offend them, it will be a disaster!”

There were also those who were not considered good people who had already decided to leave this place when they had the time. They would not offend them if possible.

They had encountered many things since the beginning, so they naturally knew how terrifying this kind of expert was.

“Cough, cough, I take back what I said before. You have the right to take this mission away. Now, this mission is yours, Your Excellency!”

The person-in-charge was very glad that he didn't say those sarcastic words that he had wanted to say before. If he had said them, it would definitely be a terrible thing for him. Even losing his job would be a light punishment.

If it was in the past, it would not be a big deal. However, now that the entire universe was flooded with mutated beasts, there were many places where people were not available. This kind of cultivation expert was a very popular profession.

Now, everyone wanted to become a cultivator. This kind of cultivator would immediately become a guest of honor no matter where they went.

Offending such a person was equivalent to ruining one's future.

Zhou Hao received the mission, which was to head to planet No. 2. There, a group of mutant beasts with high reproductive abilities were hatching their eggs and nurturing the second batch of mutant beasts. The mission now required him to go and exterminate these mutant beasts.

This mission was very difficult. It was no wonder that the person in charge had his suspicions. This kind of mission could not be completed without a cultivator like him.

There were many advanced technologies that could deal with these mutant beasts, but it was difficult to wipe them out completely.

From the very beginning, many planets with advanced technology had been completely occupied by mutant beasts, not because their technology was not strong enough.

It was just that the reproductive ability of these mutated beasts was too terrifying. The key was that they were still constantly planning. The mechas could only kill a large number of them at most, but it was impossible to kill all of them.

There were only two ways to exterminate them. One was to use absolute power to completely exterminate these mutated beasts. However, at present, there were very few people who could do that.

The second method was to go in alone, enter, find the mother with the strongest reproductive ability, and then destroy it.

The second method was also very special. It required individual cultivators like them. As long as they went alone, they would be more confident.

Only an individual cultivator like Zhou Hao could complete such a mission.

This was also the reason why the person-in-charge's attitude took a 180-degree turn when he found out that she was a cultivator, as if he had seen his own father.

“Let’s go, Jorina!”

Bringing Jonina and the others, Zhou Hao and the others boarded the latest technology, the space-time spacecraft.

Chapter 1129 - Being followed

Chapter 1129: Being followed

It was developed by the mercenary Alliance and could travel through time and space.

Although Zhou Hao could do it himself, it was too slow. This kind of spaceship could reach the destination in an hour.

“Zhou Hao, someone’s following us!”

Not long after the ship entered the wormhole, Zhou Hao suddenly heard Jonina’s voice.

Zhou Hao was stunned for a moment, thinking that he had heard wrong. He turned around and realized that there was really a spaceship following them.

The Flying Ship was following at a constant speed and had not overtaken them. It was obvious that it was following them.

What was he trying to do?

Even though he didn’t know what their true intentions were, he was certain that they were up to no good.

Zhou Hao didn’t think too much about it. He only thought that no matter what, if these people had any ill intentions when he reached the place where he wanted to complete the mission, he would not be polite to them.

An hour passed.

The Flying Ship flew out and arrived in the sky above a planet.

The planet had been completely occupied by mutant beasts, and some of them could be seen everywhere. Seeing these mutant beasts reminded Zhou Hao of his original planet.

If he didn't become stronger, then the Earth Star would probably become like this, or even worse.

There was still life on this planet, but it had been moved from the surface to the underground and was struggling to survive.

Just as Zhou Hao was about to land with Jonina and the others ...

The Flying Ship behind them flew over and stopped at the side.

The cabin door opened, and a man walked out, forcing a smile at them.

It was as if there was a knife hidden in that smile. Zhou Hao had seen that smile too many times, so he immediately had this feeling.

He was very disgusted with the person in front of him, but Zhou Hao was not angry. Instead, he asked, "What do you mean by this?"

Zhou Hao's eyes were cold, and his face was cold. All he wanted to do now was to keep a distance from them.

If he let them follow him, something bad might happen.

However, this person didn't have any intention of leaving. Instead, he said, "Your Excellency, how about we work together? this planet has a high-level mutant Emperor. If we work together, it shouldn't be difficult to take down this high-level mutant Emperor!"

It turned out that he wanted to cooperate, but Zhou Hao still refused coldly, "I'm sorry. I just want to take my men to take down this high-level mutant Emperor. Before that, I have no intention of working with outsiders!"

The man's smile froze, but he quickly regained his composure and said, "Since you don't have such an intention, I hope you can consider working with the silver snake mercenary Union next time."

Zhou Hao did not speak too resolutely, but said, "I might consider it next time!"

After saying that, Zhou Hao let the AI robot pilot the spaceship and landed it.

Zhou Hao alighted from the ship, before following Jorina and the rest to hunt the mutant beasts.

They didn't know that the man was also following them with a group of people.

Zhou Hao did not curse him for being overthinking. He only wanted to complete what he needed to do as soon as possible. He thought that after he had done that, he might be able to improve his strength again.

He had a vague feeling that the man could still improve himself in the future. He didn't even dare to think about this before.

It was just that after he came into contact with the mercenary guilds in the universe, he felt that he had a high chance of completing the mission.

Next, he had to do all these things well. Only by doing all these well could he do better when he encountered other things in the future.

He had done a lot since the beginning, but all of them added together couldn't compare to what he was doing now.

"Kill!"

Zhou Hao continued to release his Flame Slash. Now, he could use it directly without any meditation.

Groups after groups of mutant beasts were cut into two by Zhou Hao's Flame Slash, and they were all dead.

In a short while, the corpses of the mutated beasts on the ground were like mountains, and blood flowed like rivers.

At this moment, his live stream was filled with bullet comments, most of which were "F * ck."

This time, many superpowers' important figures had joined the Guild. However, when these important figures saw such a fierce person, they couldn't help but curse.

What kind of monsters were they? they killed the mutated beasts in a group.

However, Zhou Hao was able to kill all the mutated beasts by himself.

More importantly, they also saw that many of the mutant beasts that had escaped belonged to the higher-ranked ones, and many of them were King-level.

If these mutated beasts continued to run like this, the situation would probably become even more serious in a while. Why didn't they think that cultivators could erupt with such terrifying power?

The livestream room instantly exploded like ants in a frying pan. Most of them were asking about how one could become Zhou Hao's disciple.

At the same time, Zhou Hao also received a lot of messages in his signal receiver. Most of the messages were sent from the nouveau riche of the major galaxies, asking him to give them some pointers.

After Zhou Hao had cleared out most of the mutated beasts within a hundred-mile radius, he finally stopped his killing.

After that, Zhou Hao replied to a few of the nouveau riche, telling them that if they wanted to learn, they could teach for free, but they had to make them swear an oath and join their own Alliance.

Upon hearing this, the rich people hesitated and quickly fell into a dilemma. It was not that they did not want to join.

They were only considering whether they could bear the worst outcome after joining. Forming an alliance at this time meant that they would have to be together in life and death when they encountered some problems in the future. So, before that, they could only prepare for the worst.

Now that they had made this plan, they would be able to accept it if something terrible happened later.

Seeing that they did not reply, Zhou Hao did not look at the message again. He continued to kill the mutated beasts.

He didn't understand those people. After all, no one was willing to hand their fate over to someone else, not to mention someone he didn't know.

"Zhou Hao, I've improved, I've finally improved!"

After killing who knows how many mutant beasts, Jonina said happily.

Zhou Hao took a look and saw that Jonina's power had indeed increased. This was a major breakthrough.

Chapter 1130 - Jonina's breakthrough

Chapter 1130: Jonina's breakthrough

Jonina had been stuck at a bottleneck for a very long time. Zhou Hao had thought that she would continue like this, but he did not expect her to break through now.

After confirming that his eyes were not playing tricks on him, Zhou Hao was also very happy. As long as Jonina could break through, then it would mean that he would have another capable partner.

Then, he would have more hope of protecting Earth Star in the future.

“Jonina, this is my Saint rank restoration pill. I don’t think I’ll be able to use it in the short term, so you can have it!”

Zhou Hao took out all of the pills he had been keeping in his collection. He thought that if he gave them to her now, they would definitely be able to help her improve by a lot.

Jonina didn’t reach out to take it, as if she was struggling with something.

Seeing that Jonina wasn’t willing to take it, Zhou Hao took the initiative to stuff it into Jonina’s hands. This girl was definitely still concerned about what had happened before.

“I won’t ask you to do anything for me. I only need you to give me a hand when my home is in trouble in the future!”

Zhou Hao didn’t know that he had misunderstood, but he didn’t think too much about it. Right now, he was just cultivating and building his own power.

To others, time might be a lot, but to Zhou Hao, it was urgent to improve on time.

“Alright then ...”

Jonina accepted it, but in her heart, she couldn’t stop muttering, “what a blockhead.”

Jonina was also helpless. If only Zhou Hao could read her mind, but unfortunately, Zhou Hao was a block of wood and never knew.

Zhou Hao checked his livestream room and found that the gifts had increased by quite a bit.

“Family, let’s continue. I’ll make you even more exciting, and it’ll be even more exciting later!”

Zhou Hao had also put down his identity. He had no choice. On Earth Star, he was a Savior, but on the outside, he was just a performer.

Therefore, he could only do his best.

As long as Zhou Hao could lower himself and beg Jonina, she would definitely give him what he wanted.

However, Zhou Hao had never said anything, so he had to figure out a way by himself.

So much time had passed since then, but the situation had not changed at all.

If Zhou Hao knew that he only needed to make one change to easily get what he had always wanted, who knew what he would think.

Zhou Hao did not know that fate was playing with him. He was thinking bitterly that he had to make good use of the opportunity that he was given.

If he didn't grasp it now, it would be difficult for him to continue doing this kind of thing when other things happened in the future.

Therefore, before that, he could only do what he needed to do now. Only by doing this well would he be able to continue doing such things in the future.

"Kill!"

Zhou Hao led a few Huaxia transcendents that he had trained and killed a large number of mutant beasts with ease. Soon, they were approaching the largest mutant beast nest on the planet.

As they got closer to the nest, the mutated beasts would become stronger. This place was very suitable for the survival of mutated beasts.

"Damn humans, kill them!"

A King-level mutated beast was furious. It had never thought that a human would dare to appear in this place. He was simply too audacious.

More importantly, these humans had killed many mutated beasts in front of them.

"Kill him!"

As the number of mutant beasts began to increase, the Huaxia transcendents led by Zhou Hao began to feel uneasy. They had never expected that the number of mutant beasts would continue to increase.

He probably didn't expect these mutated beasts to be so fierce.

"If you can't hold on any longer, then retreat behind me and maintain your strength!"

Zhou Hao said to the Huaxia transcendents. He thought that he had indeed put them in a difficult position by letting them follow him to this place.

Before this, Zhou Hao had seen that even in their dreams, they were still shouting about their revenge. When they had entered the Alliance, they had sworn to kill all the mutant beasts, so he decided to give them a chance to test themselves.

He didn't expect that it was still too much. These team members did have the determination and perseverance, but it was still too much to ask them to join the battlefield.

"Lord Zhou, we failed to live up to your expectations. We were useless!"

These Huaxia transcendents were all dejected. They had previously vowed that they would improve themselves and prove themselves.

This time, they had followed him to this battlefield because they felt that they had improved enough and that they could prove themselves now.

However, he had never expected things to turn out like this.

Right now, they all hated themselves for being useless. If they had become stronger, things wouldn't have ended up like this.

However, it was useless to say anything more now, because Zhou Hao had already made everything. It was useless to continue doing anything else.

They really didn't expect that after making so many preparations, they would be defeated not long after they arrived at this place.

Mutant beasts had always been a game of numbers. If they wanted to break the current situation, they could only use their strength to defeat these mutant beasts.

If this had been a match, they would have already lost, and they would have lost in a mess.

However, they did not expect things to turn out like this. If they were given a choice, they would definitely not let things turn out like this.

"You don't have to apologize to me, and you don't have to feel guilty. It's normal to win or lose. You can rest. When you're well rested, you can continue to fight. I don't need you to do well now. I only hope that you can persevere after encountering such a setback. I only need you to persevere and achieve your goal!"

Zhou Hao frowned as he looked at the Huaxia transcendents. If he did not know the general Psychology of many people, he would have thought that he had chosen the wrong person.

When the Huaxia transcendents heard this, they felt a little better. They also thought that they should do more now and do better.

“Mr. Zhou, we understand. Thank you for your guidance!”

These people immediately said excitedly. Now, they had once again found the fiery heart they had before.

If it wasn't for the fact that Mr. Zhou was the one teaching them, they would probably be stuck in their current state for a long time.

“Don't set too high a standard for yourselves. What you need to do now is very simple. Help me kill some of the mutant beasts that are ambushing me and return alive!”

Chapter 1131 - -entering the nest

Chapter 1131:-entering the nest

Zhou Hao had no choice but to lower his requirements. If he did not lower his requirements now, the Huaxia transcendents would not be able to take it and go head to head with him. That would be no different from hitting a rock with an egg.

Of course, it was fine to do so in the past, but it was impossible to do it again now, as there were many mutated beasts.

It also meant that they were in a dangerous situation. If they didn't think about other things now, they might be stuck in this dangerous situation forever.

What he wanted to do now was not just to train these Huaxia transcendents. He also wanted to let them know that they had done a good job. What they needed to do next was to do even better than this.

“Kill!”

These Huaxia transcendents worked even harder than before. They knew that it would be difficult, but they still chose to continue trying.

The Chinese transcents had also attracted the attention of many local tycoons in the live broadcast room. They had also received a lot of rewards, including some blind box rewards.

Although the one he got wasn't as good as Zhou Hao 's, it was at least better than nothing. It had been like this since the beginning.

As long as there was a blind box reward, it was the best reward for them. They would be satisfied with it for a short time.

There might be a lot of things that needed to be done in the process, but it was better than nothing.

“Jonina, you stay by my side!”

Zhou Hao said to Jonina after seeing that she had used up quite a bit of her energy.

Jonina was indeed powerful and talented, but just these two advantages weren't enough.

There were too many of these mutated beasts, and it was not without reason that they could dominate the world.

In the face of the advantages of these mutated beasts, the advantages of many clans could only be regarded as disadvantages, or even not worth mentioning.

If not for his guidance, Jonina would not have been able to comprehend her current skills, much less display the power she currently had.

Jonina had done a lot, but this wasn't enough. Jonina thought that she needed to improve even more.

Even if he couldn't help Zhou Hao now, he couldn't drag him down at such a critical time of the mission.

After thinking about all this, Jorina immediately knew what she had to do now. He had done a lot since the beginning.

However, those things had been dispensable to Jonina since the beginning. Now was the most important thing.

She also wanted to help Zhou Hao. Only by doing so could she improve herself. After thinking through all these things, Jonina now knew that the path she wanted to continue on was getting closer and closer.

“Give me the king and the mutated beast over there. The rest is yours. Don’t worry, I won’t mess around this time. I’ll definitely settle this!”

Jonina took a deep breath and said seriously.

After knowing that Jonina was serious, Zhou Hao also thought that it was time for him to do what he had to do.

If he didn’t take it seriously now, it would be even more difficult for him to solve it when this matter evolved into another result.

“I will cover you in front. You guys, follow me. If you encounter any danger in the nest, leave at the fastest speed!”

After Zhou Hao had finished speaking to the Huaxia transcendents in the back warehouse, he immediately sped up and rushed forward. Wherever he passed, the mutant beasts fell one after another.

He had killed countless mutated beasts, but none of them had survived. He had dismembered them all.

These mutant beasts’ rage had turned into fear, as they had not expected the humans to be so terrifying.

At that moment, they also knew that if they didn’t do what they had to do now, they would be in danger.

This was no longer an ordinary battle, but a war of extermination.

The mutant beasts quickly realized the severity of the situation, and they quickly gathered the strongest mutant beasts in their group.

All of these mutated beasts had formed a terrifying beast tide.

Following their call, almost all the mutated beasts on the planet came from all directions and gathered in the valley.

As more and more mutated beasts joined the battle, Zhou Hao knew that he could only speed up the process of killing the mother of the mutated beast.

He still had plenty of time now. Once the mutant beast’s mother finished hatching, the number of mutant beasts would increase again, and he would have a bigger headache.

Previously, he could still deal with such a situation calmly. However, now, he not only wanted to solve this problem by himself, but also help the Huaxia transcendents he had trained to complete what they should do together.

He had been looking for opportunities for the Huaxia transcendents he had nurtured. However, all the opportunities he had found were not as good as this opportunity. This opportunity was hard to come by even in a thousand years.

“As you can see, the possibility of us getting out of this place is almost zero. I don’t care what you think now. I just want to tell you that if you want to survive, kill your way out now. If you can’t kill your way out, I will have to abandon you!”

After Zhou Hao said what he needed to say, he immediately made a decision. He would walk forward. Although they were walking together, he knew that he would not be able to walk to the end of the path like before.

If he continued to help his team members like before, then no matter how long he walked, his team members would still not be able to grow as well as the giant eagles that he had the money to help.

If they couldn’t grow up, they would still be the same as before. However, he really didn’t want to live like this.

Therefore, he wanted to let these Huaxia transcendents control their own lives and walk the path they wanted to walk.

“Lord Zhou, please do what you want to do. We can do it ourselves, so Lord Zhou, please go!”

Chapter 1132 - straight to the point

Chapter 1132:-straight to the point

The Huaxia transcendents felt their scalps tingle and their hearts filled with fear when they saw the Horde of beasts pouncing toward them.

However, this was nothing compared to what he had encountered before.

Back on Earth, they had also encountered a similar beast tide. It was even more terrifying back then. After all, the mutated beasts back then were generally stronger.

Ever since that beast tide, the entire Earth Star had been in a dark period for a long time. If it wasn’t for Lord Zhou who brought a ray of light to their dark lives, they would probably still be struggling in those dark times.

They didn't want to live like this anymore, so they knew that they had to find a better choice.

Only after doing all these would they be able to walk on their own path the next time they encountered the same thing.

They had persevered for a long time, and there were even a few times when they thought they couldn't go.

But in the end, it was Mr. Zhou who led them out of that kind of life. If they couldn't help themselves now, they wouldn't be able to help Zhou Hao in the future.

"No one is allowed to give up now. Lord Zhou has fought for this opportunity for me with great difficulty. If any of you give up first, don't blame me for turning my back on you!"

Yang Xiaohu said fiercely to the rest of his team members. They had long abandoned their own lives. They knew that if they died now, they would have to give up on their mission.

Zhou Hao had given them a lot, but from the beginning until now, they had not been able to give him anything.

Most importantly, they had yet to do what they should do for Earth Star when they were supposed to be of value. They had yet to make a big mouth for Earth Star, and they absolutely could not die like this.

Therefore, it was very clear that they could only continue to do better things after they had done all these things.

"Understood, Captain!"

The team members were all nervous and uneasy. Although the beast tide this time was not as terrifying as the one on Earth Star, there were more beasts this time.

As long as there were enough of them, this invisible pressure was now pressing down on them, almost making it hard for them to breathe.

However, no matter how difficult it was now, they could only continue to do what they had to do now, which meant that they still had a choice at this time.

If they didn't have the power to do so when something like this happened again, they would only let the same thing happen again. It would be a disaster for them and their loved ones who needed protection.

Or was it that they really didn't want to do this, so they all knew how important what they had to do was?

They had done a lot since the beginning, and they really didn't want to go on like before. The previous period of time had been humiliating and vexing for them.

They even laughed at themselves for being good-for-nothing.

"Now, remember Mr. Zhou's training method. When you encounter those you can't beat, use your best cooperation to kill them. Now, as long as you cooperate well enough to find their weaknesses, these mutant beasts won't be able to do anything to you!"

If Zhou Hao was here now, he would definitely be proud, because yang Xiaohu had already played a leading role in this team.

If it was before, Zhou Hao would definitely not have been able to do this. However, the situation was different now. Yang Xiaohu would do better next time.

However, Zhou Hao couldn't see it now, and he wouldn't be able to see it later.

It was a question of whether yang Xiaohu could leave this place alive.

"Lord Zhou, I won't disappoint you. If I die Here, I hope that Lord Zhou Can continue to lead our clansmen forward!"

Yang Xiaohu thought that if Zhou Hao hadn't helped him in the past, he would have died in his most difficult time. So, death was only a matter of time for him.

For a person who was supposed to die, many of the choices he made now were extravagant, and some decisions were necessary.

A lot had happened since then, and he hadn't been able to do well at that time. He had always wanted to repay Zhou Hao.

Now, the best opportunity had finally arrived. He knew that he might not be able to do what he should do now, but at least he had found the path he wanted to take.

Now, all he needed to do was to continue on. He would no longer be lost in the future.

Now, he could finally do something more meaningful for Earth Star.

Yang Xiaohu's eyes quickly became determined. He led the entire team and rushed in.

The team that seemed to be like dust in seconds was now slaughtering their way through the beast tide. Furthermore, with their current speed, the gap was gradually expanding.

Zhou Hao couldn't see it. After he rushed in, he brought Jonina into the nest.

This was the nest's base camp, and as long as they could get rid of the main body, they would be able to completely solve the hidden danger on this planet.

He could kill the mutated beasts outside, but that would only solve the symptoms and not the root cause. If he did not kill the mother in the nest now, the same thing would happen in the future.

What would happen then would only be more terrifying than what was happening now.

A lot had happened since then, and he didn't want to continue like before. He knew what he had to do.

He had encountered many things since the beginning and there were many things that he needed to consider. However, he now knew that no matter how many things he had to deal with, he could only focus.

Only in this way could he solve the problem that he wanted to solve in the shortest period of time.

Dealing with the mother was already the most important thing, and there could not be any mistakes.

He could miss it now, but he knew that if he missed it, it would be the same as missing many opportunities that he could have seized.

Such a situation, whether it was in the past or now, was not optimistic.

The problem on earth was even more serious. There were a few cracks on the surface. Nothing had happened yet, but as soon as something happened, the entire earth would be flooded with beast tides.

At that time, even if he wanted to help, it would be too late.

However, he didn't want things to turn out this way. Therefore, killing the mother was what he had to do now.

As long as he settled the things that he needed to do now, he would be able to solve the problem at the last critical moment when he encountered the same thing again.

He had been through so many things that he didn't want to continue like before.

Now that he didn't have much time left, what he had to do was much simpler than what he had done before. He just had to do it well.

If it was before, he would have had to think about many things. For example, he would have to consider the consequences and price of solving the problem.

However, he did not have to worry about that now. Killing the mutant beasts would speed up his progress.

This time, he would definitely be able to improve significantly.

Chapter 1133 - fiercer the battle

Chapter 1133:-fiercer the battle

Zhou Hao had single-handedly entered the depths of the nest and killed many of the core mutated beasts.

These mutated insects were not a threat to him at all. If he didn't have to protect his team members behind him, he would have gone to kill the parent alone.

This time, he had brought them in not only because he needed their help at a critical moment, but also because he wanted to give them a test.

A transformation that would allow them to grow.

"Lord Zhou, you don't have to worry about us. What you're doing is more important. We're fine!"

Yang Xiaohu saw that Zhou Hao hadn't gone in yet and knew that he definitely wanted to stay and help them.

"Don't get lost, or I'll have to find you later!"

Zhou Hao glanced at yang Xiaohu and the others. Although they had improved a lot, it was still not enough in the Zerg nest.

Fortunately, he was leading the team at this time. Otherwise, they wouldn't have been able to make it here.

"Yes, Captain Zhou!"

Zhou Hao went on a killing spree again, killing mutant beasts one after another.

As he watched the mutated beasts fall, Zhou Hao could feel the energy he was absorbing gradually increasing. This was a pleasant surprise to him.

Before this, his strength had not changed at all for a long time. Finally, there was a change now.

Hiss!

A huge snake with wings rushed out from the side of the cave. Zhou Hao was only focused on killing, and by the time he reacted, it was already too late.

“Not good!”

Zhou Hao’s five senses were sharp, and he also sensed the danger. However, he was unable to move his body.

At this moment, a man rushed to the front and directly split the mutant snake into two.

The mutated beast fell to the ground, raising a cloud of dust.

When the dust settled, they could see that it was a petite girl.

Zhou Hao took a look and saw that it was Jonina. Strange, could it be that she was not angry anymore?

Zhou Hao did not expect that Jonina would make a move at this time. He could not understand it.

Zhou Hao didn’t thank her, knowing that Jonina wouldn’t respond to him now.

Jonina acted as if nothing had happened, and continued to hunt the mutant beasts.

“Damn humans, how dare they enter our base! We must capture them and make them suffer!”

Some of the Overlord-level mutated beasts were furious. In the past, they were the ones who invaded the territories of other tribes. This was the first time someone had dared to enter their territory directly.

“Leader, we can’t hold on much longer. These humans are too ferocious. We’re not their match!”

Many bug tribe soldiers came out of the caves one after another. They were densely packed, numbering in the tens of thousands. They wanted to use their previous battles to crush these humans.

They didn’t expect that they wouldn’t be able to block it at all. The strength of these humans was terrifying, and the key was that their defenses were the same. They couldn’t break it at all.

They had never seen the formation this human was using before.

If this continued, it would undoubtedly increase the difficulty.

They had never thought that things would turn out like this.

“Even if you can’t stop them, you have to continue. If we let them enter the depths, the Empress will be in danger. Nothing must happen to the Empress!”

The Zerg leader shouted at the soldiers who were already retreating.

These soldiers all had the intention to retreat. However, they didn’t dare to do so right now. This was because these bug tribe leaders were supervising the battle from behind. If they retreated, they would definitely die.

Therefore, many of the bug tribe soldiers could only bite the bullet and rush up to fight yang Xiaohu and the others to the death, hoping to get a chance of survival.

However, yang Xiaohu and the others would not let them live.

“Kill!”

Yang Xiaohu and the others used their newly learned skills and began to kill the mutant beasts in a very brutal way. The energy they released swept through the mutant insects.

At this moment, the netizens who were watching the live broadcast were all dumbfounded.

“These people from the Earth Star are too ferocious!”

“They’re so awesome! From now on, they’ll be my idols for life!”

“Who said that the people of Earth Star would definitely die? come out now!”

In fact, before this, many people had said that Zhou Hao would definitely die if he chose to bring the people from Earth Star into the lair.

However, yang Xiaohu’s team had only used up a lot of energy, but they were not injured at all. They could still continue to kill their way in.

This was the territory of the mutant zergs, a forbidden area for all races. They had never expected that an area with underdeveloped technology on earth could cultivate such top-tier soldiers in any star system.

“I’m not dreaming, am I?”

There were even some netizens in the live broadcast room who were suspecting that they were still dreaming.

It was said that the people on Earth Star were very weak. After leaving Earth Star, many of them could not survive and could only join some families as slaves.

However, the situation on these earth stars in the live broadcast was completely different from what they had heard before. It was no wonder that they were suspicious now.

After they came back to their senses, many of the big shots of the star systems started to give various gifts.

As a result, Zhou Hao saw many rewards in his live stream room, almost filling the entire screen.

Looking at the gifts, Zhou Hao's sharp eyes quickly noticed that there were a few that he could absorb immediately.

Hence, Zhou Hao immediately chose to absorb it. He knew that this was only the beginning.

"Absorb!"

Zhou Hao chose the energy crystal in the reward. It was a rare ore that contained the purest energy. It was a common currency that did not need to be refined.

As long as he carried it with him, he could absorb it at any time.

Zhou Hao took it out and absorbed it. He immediately felt that he had improved a lot.

One piece.

Two pieces.

When he couldn't absorb it and its effect on him was basically negligible, Zhou Hao gave the energy crystals to yang Xiaohu and the others.

Yang Xiaohu's interspatial device trembled. At first, they were wondering who would give them something at this time. After opening it, they found that it was actually an energy crystal.

When they saw that the person who had sent the message was Zhou Hao, they were all extremely excited. At this time, this was undoubtedly a direct boost to their strength.

“Lord Zhou is too good to us and has given us so much. Work harder and don’t let him down!”

Yang Xiaohu said excitedly to the group of team members behind him. They were all transcendents from Huaxia, so it would have been very difficult for them to follow him in.

However, with the energy crystals, they would have a much easier time.

“Yes, Captain yang!”

Chapter 1134 - Capturing the mutant queen alive

Chapter 1134: Capturing the mutant queen alive

All the team members shouted in unison, extremely excited. They didn’t have to worry about whether they could enter the depths of the nest before their energy ran out.

Now, they could charge in directly without worrying about anything.

What was going on?

The leaders of the mutant zergs, who were already struggling, were shocked to find that the strength of yang Xiaohu’s team seemed to be increasing.

Just now, yang Xiaohu and the others had already used up a lot of their energy. Their physical strength was almost unable to keep up. Logically speaking, they should be the same as them now.

However, yang Xiaohu and the others were full of energy now. The more they fought, the fiercer they became. It was completely different from what they had expected.

How could this be possible?

The leaders of the mutant bug tribe were all shocked. This was something they had never expected.

It turned out that they could still make adjustments at any time according to the previous situation, and then think of some strategies to delay time.

Previously, they had already come up with a good way to use it to deplete the energy, and they had indeed done it.

But now that such an unexpected thing had happened, they suddenly didn't know what to do. Each and every one of them was at a loss.

"To capture the bandits, first capture the leader. Kill the strongest leader, quick!"

Yang Xiaohu and the others were very excited. These mutant beasts were no match for them at all. At this time, their only target was the Chongs 'leaders.

"Yes, Captain!"

A few Huaxia transcendents immediately rushed forward with irresistible force. In front of them, these mutated insect Warriors were no different from chickens and dogs.

"Quickly stop them, quickly!"

The leader of the mutated insects said to his soldiers in a hurry. He could tell that these people were all coming for him.

The bug soldiers immediately surrounded their leader, trying to protect him.

Bang!

However, what they were doing now was still not enough to withstand a blow.

Yang Xiaohu and the others weren't afraid of running out of energy, so they could attack as they pleased.

They didn't hold back at all and decisively released their strongest moves.

They had a certain level of comprehension and improvement in these cultivation techniques. At this time, they also showed their powerful side.

They had done a lot since the beginning, and now they only needed to complete the task in front of them.

As long as they completed the mission, the entire universe would know that the people of Earth were not cowards, but true warriors.

Before this, many people had misunderstood Earth Star.

Now, they wanted to prove themselves.

Most importantly, they were not allowed to fall in love with someone who would disappoint Zhou Hao, who had put in so much effort into them.

In fact, they didn't know that even if they didn't do this, they would still be famous.

This was because the live broadcast had already shown their exciting battle to their most advanced big screen.

Now, in many countries, there were many cinemas with advanced projectors that were showing their battles.

Although there were some advanced galaxies nowadays, they had never been in a battle where they were outnumbered.

If they wanted to deal with the mutated beasts, they could only use their numbers to suppress them. This was the first time they had seen a situation like this where they could still suppress the mutated beasts.

And because of this battle, many forces began to pay attention to Zhou Hao's team and Earth Star.

Earth Star used to be a remote and desolate place for them, but now, it was no longer the case. This was a mysterious planet that they yearned for.

In a huge casino.

There were two groups of people who had placed their bets. Some people were cheering and jumping for joy, while others were crying in pain, unable to accept this.

These people were all gamblers. They were betting on whether the team from Earth Star would be able to successfully enter the depths of the lair. Many of them had bet that they would not be able to.

There were also some people who had the mentality of getting lucky and gambled that they would be able to kill their way in. These people had gambled correctly, and now they were all brimming with excitement, as if they were the ones who had killed their way into the nest.

The people on Earth Star were also paying attention to this battle. When they saw the battle, they wished that they could join the battle and become a part of it. They were all very excited and their blood was boiling.

Almost all the countries were watching the battle.

They were all very happy. As long as Zhou Hao was strong enough, then their Earth Star would have a greater guarantee.

Zhou Hao had already become their religion. In this short period of time, no one expected anything to happen to him.

Zhou Hao had done something that they had never even dared to think about. Now, they were all in awe.

Zhou Hao had also turned from a star on planet Earth to a Universal Star. Many young ladies from the major powers on the planet now worshipped Zhou Hao.

However, this battle was only the beginning. After a day, something shocking happened.

That was, Zhou Hao had actually dragged the Zerg Queen out of the nest. The Zerg Queen was still alive, on the verge of death.

However, it was almost there. Once the time was up, this Zerg Empress would die.

“Oh my God, am I seeing things?”

“Zhou Hao captured the Zerg Empress alive!”

The previous battle had already shocked them, and now, they were even more shocked.

He never thought that Zhou Hao would actually capture the Zerg Empress.

If they had not seen it with their own eyes, they would not have believed it.

The live broadcast that they were watching was displayed by the most advanced system, so it was impossible for it to be fake.

So, it was true.

However, they couldn't believe that someone could capture the Zerg Empress alive. This was too shocking.

After learning of this news, all the major forces were in an uproar. The people on Earth Star were in a state of celebration, which lasted for three days and three nights.

Even though this matter had not been completely resolved, it was still a very meaningful battle.

This was a beginning, and it also meant that the invasion of the mutant beasts would end.

“Lord Zhou!”

Yang Xiaohu and a few Huaxia transcents were shocked. When they confirmed that it was indeed the Zerg Queen, they looked at the mountain-sized Zerg in disbelief.

The Zerg Empress didn't have much longer to live.

"You guys did a good job. Take it back!"

Zhou Hao thought that it was time for him to continue with his next plan. Killing the mutant Empress was not enough for him.

The era of mutation would arrive very soon. Before that, these Zerg empresses were only the vanguard, the cannon fodder of the mutated Army.

Killing them was only a buffer for the less optimistic situation now. In the future, they would still face the same situation.

However, if he didn't solve it now, it might become more serious in the future. So, he knew what he should do now.

Chapter 1135 - unprecedented

Chapter 1135:-unprecedented

"Yes, Your Excellency!"

The team brought the Zerg Queen along and became the focus of the entire universe. This time, they were the focus of attention.

On almost the same day, all the forces were paying attention to the outcome of the battle.

When they found out that Zhou Hao had killed the Zerg Empress, many forces did not believe it at first. They suspected that it was fake and that it was spread in false rumors.

However, when they heard the news from many people, they had no choice but to believe it.

They were equally shocked. Although their planet was powerful, they had never won against more than they had.

This Zhou Hao had led his team into the Zerg's base camp. Not only did he kill his way through the entire Zerg territory, but he also killed the Zerg Queen. This was a first.

Unprecedented and unparalleled, simply unprecedented.

After Zhou Hao returned, he immediately became the center of attention. The entire mercenary Union welcomed him with even more enthusiasm.

"Lord Zhou, I've already prepared a lounge for you. Please come this way!"

The person in charge of the mercenary Union was very enthusiastic, as if he had seen his father-in-law.

Zhou Hao followed them to the lounge and accepted the gifts. Now, he needed to get to know more people and find more channels.

Zhou Hao felt that he had not done enough, and he could not let this matter get to him. The Zerg Empress was not a very strong mutant beast.

There were also many mutant beasts that could dominate the Galaxy. Even such existences had died in the hands of those major forces, which was enough to show how strong the foundation of those forces was.

Now, he naturally could not do what those forces did. Therefore, he could only continue to accumulate raw resources.

As long as he had enough resources, the safety of Earth Star would be guaranteed.

The arrival of the mutant beast Army would cause the extinction of many planets in the universe. That would be the era of the mutant beasts.

If he wanted to resist, his previous methods would definitely not work. Therefore, he could only let the people around him become stronger like him.

That way, he could have the entire Earth Star fight against these mutated beasts together.

"Jonina, can you help me find a few suppliers? I want to establish a trading channel in your country!"

On that day, several countries on Earth Star had a joint discussion. They wanted Zhou Hao to establish a trade channel while he was still famous. Zhou Hao agreed.

Now that there was no more internal strife on Earth Star, everyone was of one mind. He naturally had to give all these benefits that he should.

Zhou Hao wanted to ask the mercenary Union to arrange it for him, but after thinking about it, he decided that it would be better to give it to Jonina than to let others.

Besides, he and Jonina were good friends now. If he didn't look for her now, they would be strangers in the future.

Jonina didn't refuse this time. She returned to the royal family that very day and had someone find a person in charge of a business family to negotiate with him.

The negotiations went smoothly, and both parties were satisfied with the price. Of course, Zhou Hao knew that it was most likely because of Jonina's status that the other party had made such a concession.

If it was someone else, they would probably ask for a sky-high price or haggle.

Now, many places were lacking resources, so during negotiations, haggling and haggling were common.

This business family was called the Royal Business Alliance. It was founded by a Prince, and he was Jonina's cousin.

Zhou Hao asked the people of Earth Star to head to Jonina's planet and set up a Chamber of Commerce there.

Just like that, the first channel of foreign trade was officially established on earth, and it was also the first time foreign trade had begun.

In the past, not only did Earth Star not have the qualifications, but there were also no conditions.

Zhou Hao's reputation was now well-known, and he had solved both problems.

Although there weren't many resources, they were much better than before. Now, they could save a lot of effort to buy the resources they wanted.

After obtaining the resources, Earth Star had undergone earth-shaking changes in less than half a month.

Many people had raised their cultivation, and almost everyone was cultivating now.

What surprised Zhou Hao even more was that in the past half a month, someone had actually broken through to become a Huaxia transcendent. This was good news.

He didn't expect that there would be so many benefits by opening trade channels.

After confirming that he had done the right thing, Zhou Hao continued to have people set up Chambers of Commerce on many planets.

Furthermore, Zhou Hao returned to Earth Star and gave lectures to the five cultivation colleges, encouraging them to improve their cultivation and to set up their bases in various places in the universe.

A few thousand years ago, the Yan and Huang ancestors had done the same thing, and Zhou Hao had done the same.

This decision was naturally the best. As long as the strong ones left, those people would have more resources and more opportunities.

As long as he had the right opportunity, he would be able to do more things in the future.

For example, they could only cultivate on earth and become martial masters when they became strong. However, after his encouragement, many people had another path, which was to go to various star fields to develop themselves.

He was originally an ordinary person on Earth Star, but after he left, he had the opportunity to become an all-powerful figure.

However, there were also many people who died because of encountering mutated beasts.

Even so, there were still many people who were willing to go out. After all, the resources on earth were too scarce and not enough for them.

Only by leaving Earth Star would they be able to survive better.

Therefore, leaving Earth Star in the next year had become the ultimate goal of many people.

During this period of time, Zhou Hao had completed many missions and received many rewards.

At the same time, Zhou Hao had also nurtured quite a number of Huaxia transcendents. He was already very generous now, having nurtured twenty Huaxia transcendents in half a year.

He couldn't have done it before, but now he did.

These Huaxia transcendents didn't let him down. During this period of time, they guarded the dangerous forbidden zone on earth.

Furthermore, some of the Huaxia transcendents had the ability to leave Earth Star. They all expressed their desire to leave Earth Star.

Zhou Hao agreed to let them go to the major star zones to develop. The resources on Earth Star were not enough for the Huaxia superhumans.

There were also transcendents from Huaxia who stayed on earth, but they were not afraid of death. They just wanted to protect their families.

In this era, some people were destined to become sacrifices, and they willingly chose to do this part.

It was obvious that they were doing the right thing.

“Something big has happened, Your Excellency. The mutated beast Army has come out of the 1st Rift ahead of time and occupied Mercury!”

After that, Zhou Hao had been training his own team. He was racing against time, hoping to produce 100 Huaxia transcendents before the mutant beast Army arrived.

Chapter 1136 - -bad news

Chapter 1136:-bad news

However, the plan changed. Half a month later, a council member brought bad news.

Zhou Hao was stunned. He had not expected this.

Before this, some of the universe’s wise men had already made a guess that the mutant beast Army would arrive at the earliest in a year.

However, this time, it was brought forward by half a year.

“Is the information confirmed?”

Zhou Hao’s heart sank. This caught him off guard. The news had been brought forward, so he could only change his plan at the last minute.

The arrival of the mutant beast Army would make the situation even more serious, so he had to make some preparations.

“All the galaxies know about it now. They’ve closed the passages between the star fields and are preparing for the battle!”

Hearing this, Zhou Hao immediately gathered all the people in charge of Earth Star. These were all very influential leaders.

Zhou Hao asked them to bring over all the resources they could use. He wanted to break through.

Within a day, these leaders had prepared all the resources they could use and brought them over. In a life and death situation, Zhou Hao was their only hope. Now, Zhou Hao was their biggest bargaining chip.

Naturally, they would grant all requests for these resources.

Following Zhou haoyan’s orders was already their only choice.

Zhou Hao gathered all his resources and chose to go into seclusion.

However, this time, Zhou Hao went into seclusion for ten years.

Earth Star also had a hard time resisting for ten years.

In the past ten years, there had been countless deaths and injuries on Earth Star. Many people had changed.

However, the leader of Earth Star still insisted on fighting, leading the rest of the people to fight against the mutant beasts.

Almost all the resources on earth were exhausted.

Ten years later, just when everyone on Earth Star thought that they would definitely die, an aura enveloped the entire Earth Star.

Almost everyone on earth, including mutated beasts, could feel the aura.

He had broken through. He had actually broken through.

Some of the mutated beasts who were wreaking havoc naturally remembered Zhou Hao. When they confirmed that it was Zhou Hao’s aura, they were all scared out of their wits.

Zhou Hao had been a ruler-level existence before this. Now that he had broken through, he had reached a level that they could not even imagine.

They were also clear that they were not his match before, and they were even less so now.

“Run! I’m not coming out again!”

Some of the mutant beasts had just come out of the crack and were about to act like tyrants, but they felt the terrifying aura covering the entire sky.

This aura was everywhere.

The mutant beasts all scattered in all directions, fighting to return to the crack.

On this day, all the survivors on earth were cheering in joy.

Once Zhou Hao came out of his closed-door cultivation, all their problems would be solved.

“Lord Zhou!”

It was also on this day that all the world’s leaders once again gathered outside Zhou Hao’s cultivation room.

However, those leaders who had survived ten years ago had all become old people. Most of them were new.

The door of the cultivation chamber opened and Zhou Hao walked out, retracting his terrifying aura.

“Congratulations to the host for breaking through to the godly state!”

Zhou Hao felt the surging power in his body, which was like the vast ocean, and he was very happy.

Is this the power of a Lord of the plane?

Zhou Hao had already broken through and became the only God. He was like the most powerful leader among the superpowers.

Zhou Hao did not expect it to be so easy.

It was already very easy for him to break through in ten years.

Many of the old fogeys of the major forces took at least a few decades to break through. Some of the longer ones took hundreds, thousands, or even tens of thousands of years.

“Congratulations on your breakthrough, Lord Zhou!”

Lord Zhou, when you weren't around, strange beasts ran rampant. Please, Lord Zhou, can you give our Earth Star a clear and peaceful world?

"Lord Zhou, you've finally come out of your seclusion. If you hadn't come out, I'm afraid that our Earth Star would have fallen and become a paradise for those bastards. It's good that you've come out. Everything will be fine as long as you're out!"

A few elderly people walked out with tears in their eyes. They were all very excited.

Zhou Hao recognized them and immediately injected two streams of energy into their bodies.

These two powers were two balls of vitality. Although they were a drop in the ocean for him, they were like rain to these old leaders.

"Many thanks, Lord Zhou!"

When the energy entered their bodies, the wrinkles on their faces disappeared and were replaced by smooth faces like that of newborn babies. All of them instantly looked younger by a few decades.

Many young leaders' eyes were burning with passion. Was this the technique of an immortal state warrior?

At the same time, Zhou Hao also injected a dozen streams of power into their bodies, upgrading them at the same time, allowing them to have the strength of a Lord.

"All of you, go out and find enough resources for me. Although I've broken through, I still need more resources. I have a feeling that I'll break through again in a year!"

Zhou Hao's words stunned everyone. It wasn't that they didn't believe him, it was just that they couldn't react in time.

If it was someone else who said it, they would have been suspicious, but they were not surprised by what Zhou Hao said.

Zhou Hao had done many things that seemed impossible in the past, and he had created miracles one after another.

"Don't worry, Mr. Zhou. I'll go and prepare now. I won't miss out on the resources that Mr. Zhou wants!"

These leaders were now able to leave Earth Star. They were worried that they had nothing to do, so they were more than happy to find resources.

After breaking through, they wouldn't be able to break through for three years, so they had a lot of time.

“Go!”

Zhou Hao gave some resources to the leaders, then went back to see his parents. He spent half a month with them.

After that, Zhou Hao began to think about what his next step should be.

He first gathered information, and found out that the mutant beast Army had already occupied one-third of The Universe's Star sector.

As long as it was an area occupied by the mutant beast Army, other than the mutant beasts, all life on the planet would be annihilated.

After destroying one planet, these mutant beasts would move on to the next one. Unless they conquered the entire planet in the universe, they would not stop.

Zhou Hao was very angry. He didn't expect that the universe had already been destroyed by the mutant beasts.

Although the remaining ones had not been invaded on a large scale, they were more or less affected. In short, they were not having a good time now.

“Did Jonina come to find me?”

Zhou Hao asked a few leaders, but all he got was that they had no impression of her. They had never seen her before.

Zhou Hao frowned. If he had gone into seclusion, there was no way that girl, Jonina, would not have asked about him, nor would she not have come to find him.

Chapter 1137 - -troubled times

Chapter 1137:-troubled times

Something must have happened for Jonina to not be here.

Zhou Hao went to find the gray-haired man, and then they went to Jonina's star system together.

After entering the Starfield, Zhou Hao finally understood why Jonina had not gone to find him. It turned out that this place was already in the midst of a civil war.

This place was heavily guarded, and the flames of war were everywhere in this star field.

"Unauthorized people are not allowed to enter, leave!"

The guard looked at Zhou Hao and the gray-haired man coldly.

Zhou Hao didn't waste any time and directly stated that he was Jonina's friend.

"Hahaha, you're her friend. I'm her man!"

"If you want to make up a reason, you should at least make up a suitable one!"

The guards were all mocking him, not believing him.

Zhou Hao took a deep breath and shouted. He didn't want to use violence to solve it, but it seemed like he had no choice now.

Zhou Hao immediately took a step forward and punched out like a dragon.

When he struck out, a mighty force condensed and covered the sky and earth.

The smiles on the guards' faces suddenly stopped as they were shocked. What kind of power was this? this was the first time they had felt it.

This was even more terrifying than facing an Army of mutant beasts.

'Damn it, this is a powerful being.' They quickly reacted.

Previously, they had only thought that Zhou Hao was just an interstellar refugee who wanted to take refuge in the Galaxy. Hence, they had not taken him seriously.

He had never thought that the ordinary-looking Zhou Hao's body would contain such a terrifying power.

"Venerable one, we have eyes but failed to see. Please show us mercy!"

This force was like a mountain pressing down on them, almost making them unable to breathe.

When they could not hold on any longer, they had to open their mouths and beg for mercy.

If they didn't beg for mercy now, they would probably be turned into meat paste under this force.

Zhou Hao did not kill them. Although these people were insignificant, they were still the guards of this place.

Killing them in a time of Civil War like this in Jonina's Starfield would be equivalent to declaring war. When the news spread to the planet, it would only put Jonina in a difficult position.

Jonina had done a lot for him before, and if he were to come here and make things worse, he would be too inhumane.

He wanted to come over and help. Something must have happened to Jonina.

He didn't know what it was, but it definitely wasn't anything good.

So, Zhou Hao didn't want to waste any more time here. He just wanted to find Jonina as soon as possible.

"There will be no next time!"

Under the escort of a few guards, Zhou Hao successfully entered the star field.

After adding it, Zhou Hao was stunned, and his face quickly darkened.

What he saw was that the planet under Jonina's jurisdiction was full of holes and war. It could be said that the people were in great misery.

There were still Warriors fighting above. This was the territory that Jonina had originally been in charge of, and it was an important home to her.

Before this, Jonina had told him that her mother had given her this planet before she died.

This was her home.

This was a home that Jonina had been reminiscing about since she was young, but now it was in ruins. Zhou Hao was furious.

"No matter who it is, don't let me catch you. Otherwise, I'll definitely make you regret what you've done!"

Zhou Hao was also a little regretful. If he had followed Jonina back first and not gone into seclusion to break through, perhaps this would not have happened.

However, there was no point in regretting it, because it had already happened. There was no helping it now.

The only thing he could do now was to find Jonina and salvage whatever he could.

Zhou Hao and the gray-haired man entered the planet. They first inquired about the news and then searched.

As soon as he entered, Zhou Hao felt his strength being suppressed. No wonder Jonina's planet had become like this.

In a place like this, it was already very strange for such things to happen. Very soon, Zhou Hao roughly knew the reason.

"We'll split up and gather information. Don't act rashly after we find Jonina. Wait for me to meet up with you. The enemy this time is much stronger than we imagined!"

Splitting up from the gray-haired man, Zhou Hao pretended to be an ordinary person.

At the same time, somewhere in the underground palace, a few people were standing in front of a huge screen.

One of the white-haired men frowned and said to a few white-haired old men behind him.

"The opponent this time is very powerful, stronger than any we've encountered before. Although I can't see what his strength is, he's at least a calamity-level existence!"

The other old men were also panicking, and now they also looked at a loss.

If Zhou Hao was here, he would definitely recognize them as members of the royal family. They were the elders in Jonina's royal family.

However, the difference this time was that the elders did not continue to follow Jonina. Instead, they chose to betray her.

"What should we do? he must be Jorina's boss. Jorina kept saying that her boss would come. This person must be her boss!"

The most senior doyen was terrified. He was the one who led the betrayal this time. If Zhou Hao were to find him, he would be the first to die.

At this moment, these people had no idea that Zhou Hao was Jonina's boss. If they had known, they wouldn't have even dared to think about betraying her.

"What else can we do? let's continue with our plan. Don't worry, as long as we follow the original plan, and when our plan is completed, even if Jorina has ten of her leaders, they won't be a match for the Queen Mother!"

The white-haired man snorted and said in disdain.

Hearing this, the doyen finally relaxed a little. The Queen Mother that the white-haired man was talking about was the Queen of the mutant beasts.

The mutant beast Queen had already said that as long as they could join her, she would let them continue to be elders.

It turned out that the mutant Queen wanted to kill all the humans, but for some reason, she changed her mind and let them continue to manage the human territory.

After considering for a long time, the elders decided that they couldn't escape, so they agreed to the mutant beast Queen's request and worked with her to make Jorina's Army suffer heavy losses.

Even now, Jonina's whereabouts were still unknown.

They had also secured their current positions and achieved things that they had never dared to think about before.

Now, they thought that they only needed to keep it up.

There was no point in thinking too much.

After all, they were already in a living environment that they had no choice in.

Chapter 1138 - The mutant beast's plan

Chapter 1138: The mutant beast's plan

To them, it was good as long as they were still alive.

Therefore, they had never felt guilty.

“Although the Queen Mother can kill him, I still need you to send someone to keep an eye on his every move before that. We can’t let his appearance disrupt the Queen Mother’s breakthrough!”

The white-haired man continued.

A few elders immediately sent people out. They were just dogs now, and they would do whatever their master ordered them to do.

On the same day, Zhou Hao also entered the territory of this country. When he entered, he realized that many people had lost their homes and were living a life worse than that of animals.

Here, as long as they saw food, it would be regarded as a scarce resource by the survivors.

This was originally a country where there was no need to worry about food and clothing, and there was no need to worry about hunger. Compared to Earth Star, this was simply heaven.

However, such a place had now become such a place.

If he had not seen it with his own eyes, Zhou Hao would never have believed that such a day would come in a country that was like heaven.

Here, in order to survive, some of the survivors had already burst out with their most primitive desires, no different from wild beasts.

“No matter who did it, Jonina, I will avenge you!”

Zhou Hao was burning with anger. If this was any other planet, he wouldn’t meddle in other people’s business. However, this was directly related to Jonina, and he would definitely do his best.

This was because Jonina had helped him a lot when he wasn’t around. This was something that many people couldn’t do.

Jonina held a very important place in his heart. He would definitely get involved in this matter to the end.

Roar!

Zhou Hao sneaked into the group of people, thinking that he should first see if there was any place where he could get a better understanding of the situation.

Some of the people here were still rational. This group of people was the key to finding out where Jonina was.

Jonina hadn't appeared since the beginning, which meant that she was probably dead.

From the beginning until now, Zhou Hao had thought a lot. After some deliberation, he realized that this place was definitely not as simple as an internal fight.

It was very likely that something else would happen here, and it would be very terrifying.

Moreover, he could guess that this matter was directly related to the mutated beasts.

The reason why he could guess this was because he had encountered many things since then.

It was very strange.

For example, when he first arrived on this planet, he saw some mutated beasts enslaving people to pull their carriages.

Also, some mutated beasts were asking people to serve them tea.

These mutant beasts were bloodthirsty, and they were usually extremely cruel to humans.

The mutated beast from the Science and Technology Association didn't kill all these people, but kept them as servants. This was the strangest scene he had ever seen.

Soon, Zhou Hao guessed that these mutated beasts had another purpose, or that what was happening here was not an internal fight at all.

After coming to a conclusion, Zhou Hao decided that he needed to know where Jonina was.

As long as he could find her, he would be able to help her restore order to the planet.

Jonina was the spiritual leader of this planet. Without Jonina, this planet would be finished.

This was the same as him being the pillar of support for the people of Earth.

"Jonina, you have to wait for me. I'll quickly resolve this matter and come find you!"

Zhou Hao first went to meet a girl who was very afraid of strangers. This girl was so young, but she was able to survive among these people, which made him very curious.

Zhou Hao felt that this girl was not ordinary. He thought that this girl's previous identity must have been extraordinary as well. It would be much easier for him to find a breakthrough from her.

Hence, Zhou Hao took the initiative to approach the girl and asked her a lot of questions.

The girl didn't seem to dare to touch him, but she still said awkwardly, "I don't know where Queen Jorina is either!"

Zhou Hao was disappointed. This was the only way he could get any clues. If he couldn't get it here, it would be even more difficult to get it from other places in the future.

Zhou Hao wanted to continue asking, but he thought that the girl might really not know, so he chose to shut up.

Just as Zhou Hao was at a loss, the girl suddenly walked over and said, "Although I don't know where the Empress is, I think there is one person who does. I can take you to him!"

Zhou Hao looked at the girl in surprise and couldn't help but ask, "Aren't you afraid that I'm working for the Queen Mother?"

The girl was a little nervous, as if she really thought he was one of the Queen Mother's people.

Seeing the girl's uneasiness, Zhou Hao couldn't help but laugh. He didn't scare her, but said honestly, "I am Queen Jorina's boss, the one from the legends!"

The girl's eyes widened in disbelief and shock.

Zhou Hao knew that it was useless to say anything now, so he took out a token on his body. The token had a complicated pattern on it, which would make people dazzled and unable to look away.

Zhou Hao kept the token.

The girl believed him and almost couldn't help but exclaim. The legendary Queen had actually appeared in front of her.

Zhang Xiaofei felt that it was unbelievable and that it was a little unreal.

In fact, before this, Zhang Xiaofei had heard that the Empress had a mysterious boss, who was a presence that caused a sensation in the universe.

However, no one had seen this boss before. Only Jonina had seen him, and no one else had. They only knew that this big tree was very powerful.

Moreover, this boss was an existence that was akin to a heavenly Overlord in the entire universe.

However, such an existence was like a mystery.

Zhang Xiaofei was one of the lower class people on this planet. Naturally, she felt that she would never have the chance to see it in her life. So for her, it was an incredible thing to see it now, like a dream.

Zhou Hao made a shush gesture. If he did not do this, Zhang Xiaofei's voice would attract the attention of the mutant beasts, which would alert the enemy and change his plan.

Zhang Xiaofei shut up and brought Zhou Hao to see a person. It was the captain of the Royal Knights.

The captain was one of Jorina's most loyal subordinates. Even when the royal family fell, he did not betray Jorina. Instead, he chose to continue to live an ignoble life.

Seeing this Knight Captain, Zhou Hao admired him from the bottom of his heart. Such an existence was truly rare.

Chapter 1139 - An important step

Chapter 1139: An important step

Most people would choose to protect themselves after the invasion of mutant beasts.

This kind of person was not easy to see.

"Captain will, do you know where Jonina is?"

Zhou Hao didn't waste his breath. The most important thing now was to find Jonina. He couldn't waste any more time here.

He was sure that the mutant beasts were looking for her as well. He needed to find her first. If the mutant beasts were found, then she would be in danger.

Mutated beasts and humans had always been in an irreconcilable state. Mutated beasts were wild and unreasonable, just like wild beasts.

Now, he could only speed up the search.

He found Jonina first.

"I don't know where the Queen is either, but I can tell you where she was before she disappeared. I want to find her, but my people have betrayed me. I can't help you now. I'm sorry!"

When Captain will said this, his face was full of frustration.

It could be seen that these things were a big blow to Captain will.

It was not easy for him to not betray Jonina in his current state.

"You've disappointed me. You shouldn't give up at this time!"He said.

Zhou Hao thought that although his words were unpleasant, he should encourage Captain will at this time.

If this Captain will continued to be depressed, he would probably become a cripple.

Captain will's mouth wriggled as if he wanted to say something, but in the end, he couldn't say anything.

It seemed that Captain will had suffered quite a big blow. What he was doing now was really too much for her.

Seeing that he really couldn't help him, Zhou Hao could only give up on angering him. He could only let Captain will take him to the place where Jonina had disappeared.

When they arrived, Zhou Hao was stunned.

There was another type of crystal at the spot where Jonina had disappeared. It was a green crystal. He recognized it. It was a zombie crystal from a planet.

However, it was too strange for a zombie to chase after Jonina.

Zombies usually only had the lowest level of instincts. When they encountered danger, they would run, and when they saw prey, they would chase.

However, no matter how badly injured Jonina was, she was still not someone the zombies could deal with.

These zombies were chasing after Jonina. He could even tell that these marks were left behind by the fierce battles.

This was very strange. There must be a demon behind this abnormal situation, so Zhou Hao did not continue his search.

Instead, he stayed nearby to see if there were any other strange things happening.

"You will follow Captain will from now on. Although he is not as strong as me, he is more than enough to protect you!"

Zhou Hao said as he looked at Zhang Xiaofei who had been following him.

It was not that Zhang Xiaofei was a burden, but if Zhang Xiaofei continued to follow them, she would become a target and would soon attract the attention of people with ulterior motives.

From the beginning until now, Zhou Hao had probably found out some information. That was, someone had betrayed Jonina here.

The reason why he could tell was that some people had become the slaves of mutated beasts. Mutated beasts had all kinds of changes, but only man-made changes would occur.

Humans and mutated beasts could not co-exist. This was the first time he had discovered such a change.

Therefore, Zhou Hao thought that it would be better for him to look for Jonina alone and gather information.

"I want to follow you. I can feel that you are very strong, and I want to become stronger. Only by following you can I obtain the power to make me stronger!"

It turned out that he also wanted to become stronger. Zhou Hao glanced at Zhang Xiaofei and found that her expression was firm, as if she had made up her mind to follow him.

Naturally, Zhou Hao would not agree. He said, "I won't bring you along, you can leave!"

After saying that, Zhou Hao continued to walk forward. He needed to find the exact location as soon as possible.

"You won't let me follow you, but I'll still follow you!"

Zhang Xiaofei followed behind, and Zhou Hao did not stop her. He thought that this girl would know to back off after suffering a little.

Zhang Xiaofei was an ordinary person. In this world where people were like grass, it was difficult to survive.

Therefore, Zhou Hao did not care if Zhang Xiaofei could catch up with him. He was only thinking about his own things.

Even if he let Zhang Xiaofei follow him, Zhang Xiaofei would still die, because there were not only zombies but also many mutated beasts.

Zhou Hao had not even walked more than ten meters when a mutant dog as tall as two people rushed out. Its blood-red eyes were locked on Zhang Xiaofei.

Zhou Hao didn't care about it at first, but what he didn't expect was that Zhang Xiaofei didn't ask him for help, which was very strange.

One must know that people would instinctively ask for help before they died, but Zhang Xiaofei did not.

Zhou Hao couldn't help but turn around to take a look, and when he did, he was stunned.

When he saw Zhang Xiaofei, not only was he not afraid, but he also picked up a Mace that someone had thrown away from the ground and smashed it forward. It hit the mutant dog's head precisely.

Aowuu!

In an instant, the mutant dog's head was smashed, and blood flew out, letting out a miserable howl.

Suddenly, Zhou Hao had a whole new level of respect for him. He did not expect that Zhang Xiaofei, who looked so fragile, would be able to burst out with such strong power.

Of course, in front of him, it was insignificant. It was just that Zhang Xiaofei's ability to react to the situation and the power she used were not something that many ordinary people could do.

The key was that Zhang Xiaofei could still remain calm at this time without any fear, which made people's eyes light up.

When an ordinary person encountered such a situation, they would show fear or even be at a loss.

Perhaps, he was wrong. This Zhang Xiaofei was a good seedling. Such a good seedling was rare before and after the apocalypse.

If he were to cultivate such a good seedling, he might be able to give him a helping hand when he needed help.

Of course, Zhou Hao would not have thought this way before, but now it was different. He had already accepted Zhang Xiaofei in his heart.

"If you want to follow me, then follow me. If you can't, I won't save you!"

Zhou Hao said in a flat tone.

This was something to be happy about for Zhang Xiaofei at this time. She immediately picked up her pace and chose to follow.

In fact, Zhang Xiaofei was very nervous, but she pretended to be calm. She already knew that there was no way out.

Therefore, Zhang Xiaofei had smashed it with the intention of dying, but he did not expect to succeed.

Soon, Zhang Xiaofei caught up with Zhou Hao and followed him.

For Zhang Xiaofei, as long as she could follow him, it would be the most important step for her.

Chapter 1140 - pass the test

Chapter 1140:-pass the test

"I let you follow me because I see that you are still useful. It's not that I pity you, but if you want to live, you will have to rely on yourself to improve your strength!"

Zhou Hao reminded him.

He reminded Zhang Xiaofei now not because he wanted Zhang Xiaofei to be happy all the time. If they maintained a close relationship, it would only make Zhang Xiaofei lose his sense of self.

Zhang Xiaofei was a little disappointed. She thought that their relationship had gotten better. She did not expect that he was just using her now.

However, soon, Zhang Xiaofei recovered. She thought that at least she could follow Zhou Hao now, and then she could continue to become stronger.

She had improved a lot before, but it wasn't enough. She needed to improve even more.

Only Zhou Hao, who was in front of her, could continue to make her stronger.

"Are you sure you want to follow me to find Princess Jonina?"

The next day, when the sun was high in the sky, Zhou Hao planned to go find Princess Jonina. Unexpectedly, Zhang Xiaofei still wanted to follow him.

Zhang Xiaofei was following behind her. Zhou Hao frowned and looked at her.

With Zhang Xiaofei's current strength, it would be the same as seeking death.

"I want to follow you, only you can make me stronger. My family died in the battle with the mutant beasts, I want to avenge my parents!"

Zhou Hao said to her, "it turns out that you want revenge."

"I can teach you some skills, but you can stay here for now. When I come back, I will give you most of my skills!"

Zhou Hao thought that he had done a good deed by giving her as much as he had.

It was not that he was a Saint, but that the world was short of talents, and many places were on the verge of having no one to use.

If this continued, the pressure would be even greater when there was one less person who could help.

It was naturally the best choice to promote one person now.

However, Zhang Xiaofei still had no intention of turning back. It seemed that she still wanted to follow him.

"Why? are you worried that I won't come back after I go?"

Zhou Hao soon knew what she was thinking.

Zhang Xiaofei did not say anything, which was a silent agreement.

Zhou Hao wanted to leave immediately, but he thought that if Zhang Xiaofei followed him, he would get her killed.

Therefore, Zhou Hao could only take Zhang Xiaofei to the trial first.

Zhou Hao first taught Zhang Xiaofei some basic training, which was the basic training that he would do in school.

To Zhou Hao's surprise, Zhang Xiaofei was not only determined, but also a genius.

Zhang Xiaofei learned it quickly and could even improve his strength quickly now.

Zhou Hao said to Zhang Xiaofei as he saw that he was almost done teaching.

"Come with me to a place. I'll give you one last trial. If you can complete it, I'll give you the last bit of my ability!"

Zhou Hao brought Zhang Xiaofei to a place. It was the forest where most mutated beasts were gathered. There were also many people living here.

These people were the survivors of the mutant disaster, and they could only rely on the changes of the times to barely survive.

Because the country was on the verge of collapse, the evolvers were now bullying the ordinary people without any restraint. It could be said that they were inhumane.

'If Jonina saw this, she would be heartbroken,' Zhou Hao thought.

"Hahaha, this woman looks pretty good. Do you guys want to bring her back and have some fun?"

A few evolvers walked in front of Zhou Hao and looked at Zhang Xiaofei with a pair of perverted eyes. They chose to ignore Zhou Hao.

While speaking, several evolvers licked their lips with a wretched look on their faces. They seemed to have already regarded Zhang Xiaofei as their prey.

They sized up Zhang Xiaofei without any restraint.

Zhang Xiaofei was terrified. He had once again returned to the time when he was dominated by the mutated beast.

Before this, the mutated beasts had occupied the country and killed her family. She had no power to resist.

To her, these evolved humans and mutated beasts were the same.

After the country was gone, some rules and order had also disappeared. It was the same now.

They were even more despairing than mutated beasts, and they specialized in bullying humans.

Zhang Xiaofei was extremely nervous when she saw them acting so crazily. It was as if she had seen a mutated beast that would pounce on her at any time.

Knowing what kind of state Zhang Xiaofei was in at this time, Zhou Hao was helpless. It seemed that he was too harsh and demanding to let her take the test now.

Just when he thought that the test would end early, a figure suddenly rushed past him, fast as lightning.

Although it was very fast, Zhou Hao could still see that it was Zhang Xiaofei. The dagger in her hand was made from a mutated beast's Fang.

After her training, she was able to fight against and even kill an Evolver.

This was something Zhou Hao did not expect. He did not expect Zhang Xiaofei to overcome his fear so quickly.

They probably did not expect that the thin and weak Zhang Xiaofei, who had no fighting power, would suddenly attack. By the time these evolvers sensed the danger, it was already too late to resist.

Zhang Xiaofei had easily slit his throat.

"Shua shua!"

The few evolvers widened their eyes and covered their bleeding necks in pain. They couldn't believe that they had died just like that.

In the end, they fell to the ground and died with their eyes wide open.

Zhou Hao's face was expressionless as he watched the few evolvers die. In this era, humans were like grass, let alone a complete scumbag like him.

Such a scumbag would only bring harm to people. Leaving him alive would only bring endless harm. Compared to the mutated beasts, this kind of Evolver was a greater threat to Jonina's country.

Even if Zhang Xiaofei did not kill them now, he would not let these scumbags go.

Of course, if these scumbags didn't appear in front of him, he wouldn't kill them. After all, in the current situation, these scumbags were still of some use, and it would be a waste if they died.

At this time, without these evolvers in the country, the situation would only become worse.

"You have exceeded my expectations. You have also successfully passed my test!"

Zhou Hao looked at Zhang Xiaofei with satisfaction. It was not easy to meet someone who could perform so well on their first try.

It just so happened that he wouldn't have much time to do anything while he was looking for Jonina. It would be a good idea to find a piece of land to do some things with while he was on the road.

At the very least, when he continued on this path, it would not be as boring as when he had to walk alone.

How he wished that he could bring this disciple to the end. Zhou Hao's feelings were very complicated. He could not help but think of the disciples who had become his disciples before. None of them had a good ending.

Chapter 1141 - one more relative

Chapter 1141:-one more relative

However, Zhou Hao quickly gathered his thoughts. Now was not the time to think about this. Moreover, some things could not be changed just because he wanted to. The only thing he could do was to do everything within his power.

"You can call me Mr. Zhou from now on!"

Zhou Hao said to Zhang Xiaofei after thinking for a while.

But Zhang Xiaofei said shyly, "Can I change the way I call you? can I call you big brother Zhou?"

As soon as she said that, Zhou Hao looked at Zhang Xiaofei in surprise. He even thought that he had heard it wrong, but he quickly confirmed that he had not heard it wrong. What he had heard was true.

"It's not impossible, then I'll call you big brother Zhou!"

Zhou Hao felt a little baffled. He was supposed to take in a disciple, but now he had a relative.

In this way, Zhang Xiaofei worked with Zhou Hao for the next few days, taking things seriously.

Zhang Xiaofei was good in all aspects, and he was also very good at dealing with certain things. These were all things that were absolutely impossible for him before.

"I didn't expect you to be so talented in dealing with things. If I had known about this before, I would have let you follow me directly!"

Zhou Hao was very happy. He had found a treasure. With her following him, the other things he wanted to do would be much easier.

He had already done a lot before, but that was just the beginning.

Now was the main show. It was obvious that Zhang Xiaofei's performance was very good, which surprised him.

Perhaps Zhang Xiaofei would be by his side to help him in the future when he was facing some critical moments.

Previously, Zhou Hao felt that this kind of thing was an extravagant hope. In the beginning, he saw that it was impossible from Zhang Xiaofei.

"Let's go. Although you've passed the test, you still can't relax. I'll take you to increase your combat experience. I can't help you in this area, but I can do my best to ensure your safety. You still need to improve yourself. If you can't improve yourself, then I feel that everything I'm helping you now is in vain!"

"Let's go," Zhou Hao said indifferently. After that, he led Zhang Xiaofei into the core area of the zombies.

There were a lot of zombies here, especially those that had evolved. It was naturally very suitable for Zhang Xiaofei to deal with them.

At this time, Zhang Xiaofei already had the strength to fight with a primary Evolver, so it was just right to deal with these zombies.

Roar!

These zombies had not yet developed their own sentience and were no match for Zhang Xiaofei. They could not even touch a single hair of her.

The zombies kept pouncing forward, trying to hit their targets as soon as possible, but they always missed.

Although it didn't have any spiritual intelligence, it still had some intelligence. It roared angrily and kept charging.

"Die!"

However, none of them managed to hit Zhang Xiaofei. Zhou Hao was watching from the side in case of any accidents. As long as Zhang Xiaofei's life was not in danger, Zhou Hao would not make a move.

Fortunately, Zhang Xiaofei did not disappoint him. She always surprised him. He thought that he could not hold on any longer, but he always did miraculous things.

In a short while, Zhang Xiaofei had killed hundreds of zombies. She had evolved from a primary Evolver to an intermediate Evolver.

At this time, even in the current world, Zhang Xiaofei could be considered as an independent Evolver.

Although he was very fast, his current strength was still not enough. It was not enough to just take charge of one side.

This was because many mutated beasts evolved too quickly. Most importantly, they were very powerful. As they were improving, these mutated beasts were also improving.

In order to survive better in this world, the only way was to increase the speed of improvement. Only by increasing the speed of improvement could the possibility of survival be increased.

Otherwise, it would only be a matter of time before they became food for the mutant beasts.

"Take me to your mercenary group!"

Zhou Hao thought about it for a moment. If he continued to do this, he would definitely cause a commotion. If the Queen Mother found out, it would alert the enemy, and it would be even more difficult to find Jonina.

Therefore, Zhou Hao wanted to disguise himself as an ordinary mercenary. This way, he could carry out his mission while hiding his identity. This was definitely the best choice.

“Alright!”

Zhang Xiaofei brought Zhou Hao to the nearest city in a short while, which was a city called M City.

Although the planet had fallen, there were still some cities and most people here.

These were all victims. If they wanted to continue to struggle at death’s door, they could only join forces at this time to get some warmth.

After Zhou Hao entered, he saw a mercenary recruiting mercenaries.

Many of them wanted to join the group of mercenaries, but they were all eliminated.

“Captain, I want to join, please give me a chance!”

“Captain, I won’t let you down. Please give me another chance!”

However, it wasn’t easy to join a mercenary team. On any planet, mercenaries were the most popular profession and the only one with security.

This profession had the highest entry requirement. One had to be at least an intermediate Evolver to enter, and even a beginner Evolver had to be led by an intermediate Evolver.

There were at least tens of thousands of primary evolvers here, and if they wanted to enter without the intermediate plan, they would have to pass the test.

This assessment was very cruel. It was as if one in a hundred was chosen. Many were eliminated.

It wasn’t that the people here were cold and heartless, but that the current era was cruel and inhumane. Resources represented hope.

Humans were selfish by nature. Naturally, no one would be willing to give up their resources to the people around them at this time.

“Get lost. If you don’t pass, leave immediately. Otherwise, don’t blame me for being ruthless!”

The leader was just an ordinary Evolver, but because he was an Evolver, he was in charge of 10000 people, 1000 evolvers, and a few thousand ordinary people.

If they wanted to follow a middle-grade Evolver, they had to get permission first. Otherwise, they wouldn’t even be considered normal people.

This was also the reason why this Evolver had been chased away.

As long as a mid-level Evolver was in a bad mood, killing them would be a common thing.

Many people were already used to such a scene, so they naturally wouldn’t come out and help him at this time.

Many people didn’t even look at them. It wasn’t that they couldn’t bear to, but that once such people were eliminated, they would have nowhere to go. In the end, they would lose their protection and become food for zombies and mutated beasts in a few days.

Chapter 1142 - The local tyrant, Zhang Dakang

Chapter 1142: The local tyrant, Zhang Dakang

People like this disappeared every day, and they were already used to it.

It wasn’t that they were cold, but that they themselves were living on edge, living a precarious life. Naturally, they didn’t have the mood to help others.

Only a small number of people were living like kings. Most of them were in deep water and suffering. Every day was an extremely torturous life, and it was worse than death.

Zhou Hao and Zhang Xiaofei entered the city and quickly attracted the attention of the guards.

“A new face?”

A middle-level Evolver guard looked at Zhang Xiaofei with a trace of fire in his eyes.

It was no wonder that he would look at Zhang Xiaofei at first sight. In the apocalypse, Zhang Xiaofei was one of those beauties.

This kind of beauty was also relatively rare.

Zhang Xiaofei frowned. She did not act rashly now. She had learned a lot in the past few days. One of them was that she could not act rashly. Another was that she had to deal with things calmly before getting permission.

“Brat, she’s mine. You’re now a member of my team. My name is Zhang Dakang. You can report to my team. As long as you report my name, someone will take you there!”

The Evolver said as he reached out his hand, ignoring Zhou Hao. It was obvious that this was not the first time he had done something like this.

Many of the disaster victims who entered the city showed pity when they saw this, but they quickly returned to their cold expressions. This was not the first time they had seen such a thing, and they were all used to it.

Just when they thought that Zhang Xiaofei, who was next to Zhou Hao, was about to be taken away.

“Get lost!”

Zhou Hao spat out a single word. His face was expressionless, and he exuded an imposing aura.

The leader of the evolvers was stunned. He couldn’t believe it and thought he had heard wrong.

Zhou Hao saw that he did not hear him clearly, so he raised his voice and said coldly, “I told you to get lost. If you don’t, I’ll cripple you!”

At this time, Zhang Dakang finally listened. He was furious. In this place, he was like an Emperor.

In this place, as long as it was within his jurisdiction, who wouldn’t listen to him?

Before this, whoever didn’t listen to him would basically die without a doubt.

No one had ever dared to disobey him. This was the first time someone had entered his territory and dared to disobey him.

“Brat, you’re the first person who has dared to reject me in such a long time. Are you tired of living?”

Zhang Dakang narrowed his eyes and his face was as dark as water. He had not made his final move yet.

Zhou Hao was still the same. He said coldly, "I'll say it again, get lost!"

There were many people who wanted to go in, but when they saw Zhou Hao talking to Zhang Dakang like that, they couldn't believe it.

Zhang Dakang was the Emperor here. If you wanted to enter and get protection, you had to satisfy him.

At the very least, they couldn't make Zhang Dakang angry, and this was after such a long time had passed. They saw with hostility that someone dared to take the initiative to anger Zhang Dakang, the god of death.

It was no wonder that they were so surprised now. Because from the past until now, Zhang Dakang had used sofa tactics to kill many evolvers who avoided him and were willing to be his lackeys.

Those who came here were those who sought refuge with Zhang Dakang.

However, this was the first time they had seen someone coming here to cause trouble.

If they hadn't seen it with their own eyes, they wouldn't have believed it. There was someone who dared to say such things to Zhang Dakang, and now he was looking for trouble.

After confirming that they had not seen wrongly, they looked at Zhou Hao as if he was an idiot. In their eyes, Zhou Hao's actions were like that of an idiot.

However, it was no wonder that they felt this way. They thought that Zhou Hao was also here to take refuge. He was probably the son of some Big Shot who was living a comfortable life at home, so he did not know how to restrain himself now.

"Since you're looking for death, I'll fulfill your wish!"

Zhang Dakang was like a lion. He punched out with his fist, and the energy shot out in all directions, drowning Zhou Hao like a storm of pear blossoms.

At this moment, other than Zhang Xiaofei, everyone else thought that Zhou Hao was dead for sure.

They just looked on coldly. They were already used to such things happening.

But then, they were stunned, and their expressions gradually became interesting.

It changed from astonishment to disbelief, and finally to shock.

What they saw was that Zhou Hao was actually unscathed. The Qi force had disappeared on its own. When the Qi force got close to Zhou Hao, it all disappeared on its own, like a clay ox entering the sea.

They looked at Zhou Hao as if he was an alien.

To them, Zhou Hao was indeed an alien.

In addition, the people here were all natives. They were a group of low-level cultivators who had not even understood the starry sky cultivation system.

How could he know about the stars technique?

Zhang Dakang was stunned. He couldn't believe it. This was the first time he had encountered such a situation.

How could it be like this!

Zhang Dakang couldn't understand. He was an intermediate Evolver, so his combat skills should be invincible.

Why was this person in front of him unscathed when he wasn't even a mid-level Evolver?

He was not the only one who could not figure it out. The other evolvers who were watching the fire from across the river were also looking at Zhou Hao in disbelief.

"Such trash?"

Zhou Hao was surprised. He didn't expect the evolvers on this planet to be so trashy. They couldn't even be compared to the evolvers on earth. Now, someone like him could actually dominate this place. Zhou Hao felt an inexplicable sadness.

Before this, Jonina had put in so much effort for this planet, so that one day, this planet could develop and become powerful.

He didn't expect that not only would the planet be destroyed, but there would also be a group of trash evolvers taking charge of the situation.

Although he had not seen all the evolvers, he could roughly guess the current situation based on the status of the evolvers.

“Hmph, Princess Jonina has done many things for you. At this time, we don’t even know if she’s Dead or Alive. Instead of thinking of a way to save her, you’re just acting like a tyrant here. You’re looking for death!”

Zhou Hao took the initiative to attack. When he attacked, he also activated the power of the stars.

A terrifying force began to gather around his body. His move had affected all the stars on the planet’s periphery, but Zhou Hao quickly controlled it and threw a punch.

At this time, he had suppressed his power to one-hundred-thousandth of his original power. However, even if it was only one-hundred-thousandth of his original power, it was still terrifying.

Not good!

Zhang Dakang was terrified. He only felt that the person standing in front of him was not an ordinary person with no strength, but a monster that could walk. There was even a monster that could easily kill him.

Chapter 1143 - -ruthless

Chapter 1143:-ruthless

An aura blotted out the sky and enveloped the entire world, locking onto him.

“So he has the strength.” Feeling the energy fluctuation, many powerhouses’ faces turned serious. They thought he was an ordinary person, but they didn’t expect him to be a heaven realm powerhouse.

On this planet, a heaven-rank expert was already considered a top expert. This kind of expert was already invincible.

If it was such an expert, he could do whatever he wanted on this planet.

Suddenly, they looked at Zhang Dakang and gloated. In the past, Zhang Dakang used to bully them with his strength. In short, he didn’t let them have an easy time.

If Zhang Dakang were to die Here, they would deserve it. It was what they wanted to see.

Zhang Dakang's face turned ugly. He didn't think that he had seriously underestimated his opponent. He also knew that he was no match for him now.

"Misunderstanding, this is all a misunderstanding. Your Excellency's strength is extraordinary, and I am not your opponent. I was blind. I apologize to you!"

Although Zhang Dakang had spent his days in the post-apocalyptic world, he was not an idiot. To be able to survive in such an environment, he naturally had a good eye.

Zhang Dakang immediately confirmed what a terrifying existence was in front of him and made a judgment on the spot.

If he had done this in the past, it would definitely not have worked. However, things were different now. He knew that this was the only way he could save his life.

Otherwise, no matter what he did, it would be useless. He had also suffered a lot from before.

In fact, he had only been enjoying life for a month, but he had suffered a lot during this time.

If he were to die like this, he would not be willing.

Zhou Hao stopped. He was surprised that this guy was so smart. He knew that he couldn't win and immediately chose to give in.

"I was blind. Your Excellency, from now on, I'm your dog. You can punish me however you want as long as you spare my life!"

Zhang Dakang knelt on the ground. He was as arrogant as he was before, but now he was as humble as he was.

The other Masters all sighed when they saw this. Zhang Dakang was arrogant before, but it hadn't been long since then, and now he was kneeling on the ground and begging for mercy like a grandson. The change was too fast.

However, they quickly recovered. In the apocalypse, it was equivalent to a battlefield at any time. On the battlefield, changes happened in an instant.

In this place, many things could happen at any time, and no one could predict them.

"It's not impossible for you to follow me and be my dog. However, if I don't see your value, then don't blame me for being ruthless!"

Zhou Hao looked at Zhang Dakang coldly and said.

Zhang Dakang was in fear and trepidation. He prostrated himself on the ground and shivered. This was a heaven realm expert. He never thought that he would have to provoke him one day.

To him, in the current world, this kind of heaven-rank powerhouse was a heavenly figure. Generally, she didn't even have the qualifications to come into contact with him.

Now, Zhang Dakang was very regretful. Why didn't he see it before? if he had seen it just now, the situation probably wouldn't be like this.

However, it was useless to say anything now, because some things had already happened.

There were some things that he could not change just because he wanted to.

This was the same as before, and the result would always be the same.

If it was only because of the past, he would not have thought so. However, now that he had confirmed that Zhou Hao was a true heaven realm expert, he would not have thought so.

He didn't dare to have any other thoughts.

However, he did not know that Zhou Hao had already surpassed heaven-grade and was far beyond heaven-grade, already at the peak of the universe. He did not know what Zhou Hao was thinking.

Zhou Hao quickly became the new boss of this area, which was also the leading dog.

Soon, many people took the initiative to walk in front of him and looked at him with respect.

In this world, the strong were easily respected. As long as they were strong enough, they would be respected.

Many people needed such a strong person, who could give them a sense of security.

"Mr. Zhou, is there anything I can help you with?"

Zhang Xiaofei was now obedient and followed closely by his side.

Zhou Hao was speechless. Zhang Xiaofei was too obsessed with cultivation. The point was, did she think that she could keep improving as long as she kept cultivating?

"Go and rest first. You can't rush your training. You have to calm down and take it one step at a time. If you really can't sit still and want to find something to do, then go inside

and ask for news about Princess Jonina. If you have any news, bring it to me. Don't disturb me until there is no news!"

Zhang Xiaofei then left to find out more information.

For the rest of the time, Zhou Hao asked Zhang Dakang to report to him the situation outside, as well as the current situation in the country.

From Zhang Dakang, Zhou Hao got a lot of information that Zhang Xiaofei did not have. It was probably that several families were in charge of the situation now.

To Zhou Hao's surprise, these families did not suffer much losses. After the mutant beast invasion, these families even quickly sat on the throne of the top forces on the planet.

This was something worth thinking about, that was a mutant beast horde that even the royal family, or even the powerful forces on the planet, could not fight against.

However, it was this kind of beast tide that could not do anything to these few families. This was too strange.

"Are you sure the news isn't fake?"

Zhou Hao's eyes were fixed on Zhang Dakang.

Zhang Dakang said in fear, "it's true, Sir. I didn't lie to you. I lied to you. I'll die a horrible death. If I'm lying, I'll have no complaints no matter how you want to deal with me!"

It seemed to be true. However, it seemed that he had to make a trip there. These families might have the information he wanted.

Before he left, Zhou Hao gave all his skills to Zhang Xiaofei and asked her to cultivate well while he went out to do his own things.

He also asked Zhang Xiaofei to look after Zhang Dakang. Now that Zhang Xiaofei had reached the peak of the intermediate Evolver level, she was already a small group of people.

With Zhang Xiaofei here, Zhang Dakang would definitely be well-behaved.

After Zhou Hao left, he went straight to the Imperial City of this country.

When they arrived, Zhou Hao felt very strange. He felt that the Imperial City was heaven on this planet.

Why did he say that? it was because the planet here was actually completely fine and very prosperous.

On the streets, people came and went.

Zhou Hao went in and saw many people dressed in strange clothes that he had never seen before.

In fact, Zhou Hao had seen something that made him furious.

Chapter 1144 - -villains colluding

Chapter 1144:-villains colluding

It was that within the city, many people were being enslaved by the mutant beasts.

Sure enough, it was just as he had guessed. These people were all in cahoots with the mutated beasts.

However, he had not seen any evidence before, so he could not be sure that it had really become like this.

Now that he had seen it with his own eyes, he was certain that his previous guess was correct.

What are you doing? you're bullying your own kind and helping a group of animals that only know how to eat raw meat and drink blood. Are you even human?

Zhou Hao was furious. He had never thought that someone would change sides so quickly, even though Jorina had just disappeared.

Zhou Hao had always been unable to stand by and watch. If it wasn't for the circumstances, he really wanted to make these people, including the Imperial City, disappear completely.

"Who are you? how dare you say such things to our respected Lord? are you looking for death?"

The young man in front of him walked over with a fierce look on his face, as if he would use his weapon at any moment.

This time, Zhou Hao knew that he had made the right decision to come. There must be someone here who knew where Jonina was.

Zhou Hao made his move and killed the mutated beast in an instant, causing a commotion.

However, after he killed the mutant beast, those people were not grateful, only frightened, as if he was the mutant beast.

It seemed that these people had already been enslaved. Only slaves would have this kind of behavior.

These mutated beasts had not only improved their strength, but also their intelligence. They were very good at enslaving people.

“Don’t be afraid. I’m here to save you from the fire and water. I’m a friend of your Princess Jonina. Don’t worry, I’ll definitely get you all out of here!”

Zhou Hao was now making a solemn promise to them. Jonina loved her name, and he was the same.

Since he was Jorina’s people, he would not just sit back and do nothing.

However, these people still looked at him as if he was a monster.

‘It seems that it’s useless to say all this now,’ Zhou Hao sighed. He had to think of another way.

Or uproot the biggest threat in the Imperial City and those who could threaten them, and bestow them with power.

They were all Jonina’s people, and he couldn’t just ignore them.

“I don’t care who did it. I can tell you now, if you don’t want to die, get the hell out here. If I kill all the mutated beasts here, don’t blame me for being ruthless!”

Zhou Hao did not know where those people were hiding, so he could only stare at the void and say.

At this moment.

In the underground palace.

In a meeting room, many mutant beasts were gathered together. These mutant beasts were all like the wise men of the human race.

“This human is simply too arrogant. He actually dares to come and cause trouble alone!”

“He’s just a heaven-rank, but he really thinks he’s invincible. Call the strongest warrior immediately. I want to see his head fall to the ground within half an hour!”

The mutated beasts immediately ordered their servants. The servants were all humans, so they could only say yes respectfully.

They were also in disbelief, but they quickly recovered. During this period of time, it wasn’t like there hadn’t been such experts who came to find trouble.

However, these experts had all died. They didn’t want to die, so they could only do as they were told.

“You should leave quickly. It’ll be too late if you want to leave when the mutant Beast Warriors come!”

“Child, you will definitely anger them if you do this. It’s not too late for you to leave now!”

Many of them hurriedly said to Zhou Hao. Although they had already given up hope, they still didn’t want the person who had created hope to die in this place.

Zhou Hao’s heart felt warm. It seemed that he had not come in vain. Now, not only was he looking for Jonina, but he also had to help them resolve the crisis because of their kindness.

Although they were fine now, they might be eaten by some mutated beasts in a bad mood one day. In an era where people were like grass, people didn’t treat people as humans, let alone mutated beasts.

It could be said that helping them resolve these crises was giving them a second chance at rebirth.

“Don’t be afraid. Don’t worry, I can solve all these!”

Zhou Hao still chose to stand still and wait. Even if all the mutant Beast Warriors attacked him together, it would still be impossible to kill him.

Therefore, Zhou Hao wasn’t worried about this at all. When he was sure that he wasn’t a clue that he had been looking for all this time ...

Now, he was certain that what he did was right. Moreover, he felt that he had to do this more than ever.

After a while, the ground started to shake, and a crack suddenly appeared on the ground, getting bigger and bigger.

It could be seen that in the center of the Imperial City, this crack directly divided it into two.

Many pedestrians fled in all directions in panic.

Soon, the street was empty. Many mutated beasts jumped down from the buildings, and some crawled out of the ground.

These mutant beasts were all very strong, and every single one of them was a heaven-grade powerhouse, and they were the smallest of the bunch.

Zhou Hao finally understood why this place had fallen so quickly. If they could survive, many people would have been willing to give up.

The mutated beasts were too powerful for them to fight.

Finally, Zhou Hao knew what he had to do. He also knew that he could not continue like before.

He had done a lot of things, but the end result was the same.

He really didn't want things to go on like they had before. Now that Zhou Hao wanted to become more powerful, he had to take on the responsibility now.

Therefore, he had to uproot these mutated beasts completely at this moment no matter what.

Only after doing all these could he be considered to have truly lived up to the thoughts he had persisted in before.

He had done a lot of things since the beginning, but he was not satisfied with what he had done before.

Now, he thought that he only needed to continue to persevere. Sooner or later, he would be able to change things that many people couldn't.

It would allow everyone in the universe to be completely awakened and become their true selves, instead of being enslaved by mutated beasts.

If they did not have the heart to strive for self-improvement and were unable to strive for self-improvement, then no matter how much help they received, it would be of no use.

Roar!

These mutated beasts swarmed him. They were not afraid of him just because he was alone.

Chapter 1145 - saved from disaster

Chapter 1145:-saved from disaster

When the mutated beasts charged at him together, they immediately used their strongest skills, and almost all of them were fatal.

If a normal heaven-rank were to encounter such a situation, they would definitely not be able to handle it, and would die in front of these mutant beasts sooner or later.

However, he was not a heaven-grade powerhouse this time, and these mutant beasts were not his match.

Zhou Hao continued to use his previous fighting style, breaking through all techniques with one blow.

He punched out. In front of him, whether it was the heaven-grade mutated beasts or the powerhouses that could explore the universe, they were all useless.

His strength was like crushing dry weeds and rotten wood. The mutated beasts were horrified and soon realized that a strong sense of danger welled up in their hearts. They looked at Zhou Hao in disbelief.

They could not tell how powerful Zhou Hao was.

However, now that they had seen it, they instantly lost the will to continue fighting. They only had one thought in mind, and that was to escape from this place. There was a voice in their minds telling them that if they didn't escape now, they would die Here.

Therefore, they all wanted to escape. As long as they escaped, they would be able to do many things that were impossible for them.

After that, they could continue to enjoy the life of serving humans.

“We’re no match for him. Run!”

With a mutated beast leading the way, and it was the strongest one, the others naturally lost their last bit of confidence.

However, at this moment, Zhou Hao’s mighty force had already arrived with a loud bang.

Furthermore, they all hit their bodies accurately, crazily destroying their bodies.

“Ah!”

Naturally, these mutated beasts could not withstand a single blow. They all let out a blood-curdling screech in unison as their bodies exploded into a cloud of blood mist.

The people who were still running realized that the cry they heard was different. It didn’t seem to be from the human expert.

They all turned around, confused. However, when they did, they saw the unforgettable scene of Zhou Hao killing those heaven-rank mutated beasts.

They all had their mouths and eyes wide open in disbelief. What kind of monster was this? it could kill so many mutated beasts in an instant.

This was the first time they had seen it, and they were all extremely shocked.

This was like a group of ordinary people suddenly seeing a God appear and move mountains and seas.

If they had not seen it with their own eyes, they would not have believed that a human expert could kill a mutant beast expert so easily.

In their eyes, Zhou Hao should have been the one who died, and he had been tortured to death.

However, they did not expect that this moment would be completely different from what they had expected.

Although they did not know where this expert had come from or where he had said that he would help them, they all believed Zhou Hao’s words. They thought that perhaps this time, they might really be able to pull them out of this abyss.

As long as they were dragged out, they would regain their freedom. Before this, they were just disheartened.

However, this did not mean that they were willing to collude with these mutant beasts. If not for the fact that they were in such a situation, they would have chosen to fight to the death.

Now, they were naturally willing to follow Zhou Hao.

“Venerable one, thank you!”

They were all very excited. Although they were afraid, they still walked in front of Zhou Hao.

In fact, they had a lot to say at this time. However, those thousands of words turned into the simplest sentence in the end. It was useless to say more at this time.

Zhou Hao asked them about the situation in the city, and one of the passers-by told him angrily that the people of the four families had taken control of the important people in the city and made them work for the mutant beasts.

Furthermore, he had them gather information for the mutated beasts and search for Jonina's whereabouts.

Hearing this, Zhou Hao was once again enraged, but this time, he was completely enraged.

Although he had already guessed it before, when he heard it, it was a completely different situation.

After confirming that this was the case, Zhou Hao asked someone to take him to the palace in the Imperial City and find one of the important personnel.

When he found him, Zhou Hao's face was full of disgust. This person was actually doing two-person sports with a mutated beast.

“Who are you? do you know who I am? you're looking for death!”

The man with the Mediterranean hair flew into a rage out of humiliation. He didn't expect that this kind of thing would be discovered. He suddenly had the intention to kill.

At this time, Wang Hai still didn't know what was happening outside. He still thought that he was the local tyrant who could cover the sky with one hand.

As long as he was unhappy, he could kill anyone he wanted to.

Right now, Wang Hai wanted to kill Zhou Hao.

Zhou Hao felt that this guy was really hopeless, but he did not kill him. Instead, he brought in a bodyguard Captain and a bounty hunter.

These were the people Wang Hai had hired to protect him, and they were also the strongest people around him.

“You can’t kill me. If that Lord knows that something has happened to me, he will definitely avenge me!”

Wang Hai finally realized what kind of situation he was in. He knew that he was in danger. He trembled and his voice trembled.

Zhou Hao looked at his cowardice and felt that it was ridiculous. He had thought that he was not afraid of anything, but less than a minute had passed and he was already so scared.

“Wang Hai, Princess Jonina has given you status, and she has given you everything that many people dream of. It’s fine if you don’t show gratitude, but you’ve also harmed your own people with the mutated beasts. You’re unpardonable and deserve to die!”

When Zhou Hao said that, he wished he could just destroy this disgusting fellow. However, he did not do so now.

If he did that now, then her trail would be cut off. This Wang Hai did not have much inside information, so he was able to get to where he was today because he had someone’s support.

This Wang Hai was just a puppet. Killing him now would be of no use. When the time came, the mastermind could change the puppet to his current position at any time he wanted.

Now, Zhou Hao thought that it would be very easy for him to kill Wang Hai. Therefore, he was not in a hurry to kill Wang Hai.

He would first find the enemy’s base, then follow the clues to find the melon, uproot it, and find Jonina.

As long as Jonina was fine, he would have nothing to worry about and could go straight to the Queen.

The most important thing now was to do his first step well, and the rest could be considered later.

Chapter 1146 - two-faced Zhao Zhiqiang

Chapter 1146:-two-faced Zhao Zhiqiang

"I was forced to do this, my Lord. I had no choice. I didn't want to. My Lord, I'm willing to be at your beck and call from now on. I can take you to destroy their lair!"

Wang Hai was a sly old fox. Now, he wanted to lead Zhou Hao into a trap so that he could continue to live a carefree life.

In fact, for Wang Hai, what he wanted was very simple. As long as he could live a happy life, he would be satisfied.

During this period of time when many people were suffering, Wang Hai had been living such a life.

However, Wang Hai did not know that he was destined to lose his right to live ever since Zhou Hao arrived.

Zhou Hao brought Wang Hai to the place he wanted to go.

In the underground palace, the mutated beasts' expressions changed. They had never thought that their heaven-rank warrior would be so vulnerable.

Although heaven-rank experts weren't top-tier fighters, they were still very precious and were a pillar of support.

However, even such an existence was not a match for this human. Immediately, these mutated beasts realized that danger had arrived.

"Go out and stop him. As long as you give us time to leave, when we come back, you will be the new master of this city!"

Mutant beast maqiya said to a human soldier beside him. This human soldier was the true representative, and would usually participate in important memories.

This human warrior expert was horrified. This was simply sending him to his death. He was naturally a hundred times unwilling.

However, even if he was unwilling, he still had to go now. Otherwise, these mutated beasts would not let him go.

However, just as this group of human soldiers was about to stand up, a powerful aura suddenly enveloped the entire underground Palace.

How could this be!

These mutated beasts were all terrified. They thought that they could leave this place as fast as they could, but they didn't expect that the human powerhouse would come so soon.

This human expert's speed was too fast. It had already exceeded the scope of their knowledge. Although they didn't know how strong he was, they all knew that it was very dangerous.

If they didn't do anything now, they would only be in more danger in the future. Therefore, before that, they had to do everything they could.

However, when they wanted to do it, they realized that they could no longer move. Their bodies could not even move.

"Sir, save me! I was forced by them! I've never done anything bad!"

The human expert Zhao Zhiqiang shouted.

Zhao Zhiqiang did not want to die in this place. He was a heaven realm expert, and it had not been easy for him to cultivate to his current strength.

Zhou Hao noticed Zhao Zhiqiang at a glance, but he was still angry.

This was because Zhao Zhiqiang was a cunning person. The reason why he said that was because he could directly sense that Zhao Zhiqiang's soul was tainted with a lot of blood.

This bloody smell was not from mutated beasts, but human blood.

Zhao Zhiqiang must have colluded with these mutated beasts during this period of time and done the same thing as Wang Hai to harm his own kind.

This kind of person could be said to be more brutal than most mutated beasts.

"Zhao Zhiqiang, shut up. Other people might not know what you've done, but it's impossible for you to lie to me!"

Zhou Hao's words immediately shut Zhao Zhiqiang up.

Zhao Zhiqiang's expression turned ugly. He felt as if all his secrets had been seen through and he had no secrets to speak of.

Zhao Zhiqiang could not figure out how Zhou Hao knew her secret, and he could not accept it.

As long as she could deceive Zhou Hao, she could continue to live, and she could continue to hold an important position and enjoy her original power.

However, he had failed to deceive Zhou Hao. In other words, he was going to die now, and it would not be an ordinary death.

“Zhao Zhiqiang, let’s attack together. Although she’s very strong, she’s only a relatively strong heaven-rank warrior at best. As long as she hasn’t surpassed heaven-rank, it’s impossible for her to kill us all. As long as we attack together, there’s a possibility of killing her!”

Maqiya quickly said to Zhao Zhiqiang. Although they knew that it would be difficult to kill Zhou Hao, it was their only choice.

Zhao Zhiqiang hesitated for a moment, but he still chose to nod and say, “Alright, let’s kill him together!”

Zhao Zhiqiang’s face was fierce. This was the only choice he could make now. He wanted to live.

In fact, she didn’t just kill a few of her own kind, but hundreds and thousands of them. Those were all important people that he killed for these mutated beasts because he was afraid of death.

Among them, the one with the highest status was even an elder.

“Go to hell!”

Maqiya was the first to make a move. The mutated beasts in the other meeting rooms, as well as Zhao Zhiqiang, all used their strongest moves at the same time.

However, in front of Zhou Hao, they were like children who had just learned to speak.

It was an unsightly technique, and Zhou Hao simply circulated his own cultivation technique, remaining as still as a mountain.

“Before their attacks could hit Zhou Hao, they realized that they were blocked. To be more precise, they were completely nullified by an invisible force.

How is that possible?”

Zhao Zhiqiang and maqiya’s eyes widened. They knew that there was a gap between them, but they didn’t expect the gap to be so huge.

Instantly, Zhao Zhiqiang and the others were terrified. They knew how stupid it was for them to want to fight.

“Quickly run!”

In the next moment, Zhao Zhiqiang and maqiya, as well as the other mutated Beast Warriors, all chose to escape.

Now, if they didn’t escape, they would die without a doubt.

Therefore, after seeing Zhou Hao’s strength, they only wanted to leave this place alive.

However, they soon realized in despair that they were still unable to move. They were restricted to a certain area.

When they rushed up, they felt that their path was blocked by an invisible force. No matter how they attacked, it was to no avail.

How could this be!

In an instant, the strength they were so confident in was actually completely useless now.

“Milord, give me a chance. As long as you give me a chance, I will definitely repent. I don’t want to do that, but I have to. Milord, I beg you!”

Zhao Zhiqiang knew that even if he couldn’t win, he had to run. He could only kneel on the ground and beg for mercy.

Maqiya’s face turned pale. He did not expect that the first person to work for the mutant Queen Mother, the leader of the vanguard Army, would encounter such a tough opponent.

Maqiya had heard that this was a good opportunity to take the lead, so he felt that he could get the credit, so he came to cause trouble.

Chapter 1147 - saving the Imperial City

Chapter 1147:-saving the Imperial City

Everything had been going smoothly before, and even if it had continued, these things would have been smooth sailing.

However, he didn't expect things to turn out like this. At this time, maqiya also knew that it was basically impossible for him to leave this place.

"You can't kill me. I'm still useful to you. I know where the Queen Mother is. As long as you spare my life, I can take you to the Queen Mother!"

At this moment, maqiya only wanted to live. To him, as long as he could get what he wanted, anyone could be his master.

Zhou Hao was surprised. Mutated beasts would not usually betray their Queen Mother. Many of them were very loyal.

However, this was the first time maqiya betrayed him without any hesitation.

"I can spare your life, but I'll have to see if you're really taking me there. If I pluck you off with ulterior motives, I'll make you wish you were dead!"

Zhou Hao said.

However, this sentence was like a General's pardon to maqiya.

"I will definitely bring you there. Rest assured, my Lord!"

At this time, Zhao Zhiqiang was on the verge of a mental breakdown, and he was also begging for mercy.

However, how could Zhou Hao let him off so easily? Zhao Zhiqiang was a complete scumbag.

More importantly, Zhao Zhiqiang was a scumbag who was more dangerous to humans than to mutated beasts. Hence, Zhou Hao would not spare his life no matter what.

"Don't worry, I won't kill you now!"

Zhou Zhiqiang's expression turned ugly when he heard Zhou Hao's words.

Normally, one would not be able to understand the other meaning of this sentence, but Zhao Zhiqiang could tell that he would not be allowed to die just like that.

There was a lot of information in this. Zhao Zhiqiang was experienced, so he naturally knew what this was about.

“Your Excellency, I was wrong. Please give me a quick death, I beg you!”

Zhao Zhiqiang only wanted to continue dying, but death had already become an extravagant hope for him.

Looking at Zhao Zhiqiang, who was now seeking death, Zhou Hao felt very sorrowful. He was supposed to be a highly respected expert.

Even if he were to die, he would die a worthy death. He would be an expert whose name would be passed down for centuries. He would be respected and remembered by future generations.

However, this Zhao Zhiqiang was so notorious that he was even begging for death.

“What face do you still have to come and beg me? you’ve already lost all your face. Selling out your master for glory, you’re simply doing all kinds of evil. If I let you die too comfortably, it’ll be too easy on you!”

After Zhou Hao finished speaking, he sent a burst of energy into Zhao Zhiqiang’s body, breaking his bones and then reconnecting them.

Then, he interrupted him again. This was not the end. Zhou Hao even used a type of Fire Crystal and placed it into Zhao Zhiqiang’s body.

This kind of Fire Crystal could increase one’s strength, but it would only be a kind of torture to them if they put it in without refining it.

“Aaah!”

Zhao Zhiqiang quickly let out a blood-curdling screech and rolled around on the ground. However, he could not stop the flames from burning his internal organs and other organs.

Beside him, maqiya was rejoicing. Fortunately, he had made the decision quickly. Otherwise, she would be the one screaming on the ground instead of Zhao Zhiqiang.

Zhou Hao brought Zhao Zhiqiang, the sinner, out of the room. He stepped on the void and threw Zhao Zhiqiang to the ground from a high place.

Zhao Zhiqiang’s torture had just ended, and he only had fear for Zhou Hao now.

When the burning pain disappeared, Zhou Hao got up and begged for mercy. However, he was not begging for mercy, he was begging for Zhou Hao to give him a quick death.

How could Zhou Hao let him be tortured to death? this Zhao Zhiqiang was a sinner condemned by history. He tied Wang Hai up and threw him to the side.

They also told the people in the Imperial City about their evil deeds.

The people in the Imperial City all walked out with doubts. When they saw maqiya, they believed that the Imperial City had really been liberated.

After confirming this, their dull eyes finally had some light.

They had been like walking corpses before and had never had any expectations. After all, heaven-rank powerhouses had been reduced to lackeys. It was already good enough for ordinary people like them to struggle on whilst at death's door.

They had never thought that they would be rescued one day.

They had only seen maqiya once before, when they came to this city and defeated Zhao Zhiqiang.

From then on, they had never seen it. They were not qualified to see it.

When maqiya came here, he spent most of his time in the underground palace. To him, they were just a group of ants.

Now that maqiya had come out, and the two black sheep, Zhao Zhiqiang and Wang Hai, had been caught, they believed that it was true.

They felt that it was very unreal, but they all knew that this was real. They looked at the figure in the sky excitedly.

Zhou Hao looked no different from an ordinary person, but in their eyes, he was shining.

It was unbelievable!

Shocking!

These emotions eventually turned into pleasant surprise.

As long as they were released, they would be able to return from hell to heaven.

However, all of this was brought to them by Zhou Hao, and they were grateful to him.

Zhou Hao handed the main culprit over to them to deal with and sealed their strength.

In the following days, Zhou Hao trained a few people and let them temporarily take charge of the Imperial City.

He told them to stay in the Imperial City and watch what they should be watching now.

After that, Zhou Hao went back to the North, which was the camp where Zhang Xiaofei was.

After returning, Zhou Hao brought maqiya along.

Many evolvers were surprised to see Zhou Hao with maqiya.

It was not that they had not seen experts bring mutant beasts before, but it was the first time they had seen such a powerful one.

Maqiya's blood aura was very strong, and it didn't belong to any of the evolvers in this camp. It was a huge monster here.

Many evolvers thought that the enemy had arrived, so they immediately gathered together as if they were facing a great enemy.

However, when they saw Zhou Hao, they retracted their fighting spirit that was about to be released at any time.

Zhou Hao was already the strongest Guardian of this place, and this was already acknowledged before he left.

They did not know that Zhou Hao had left.

When Zhou Hao appeared again with such a mutated beast, their respect for him grew.

No matter what experts did, they had their reasons, and they all admired them.

To be able to make a mutated beast a Lackey was something that many people did not even dare to think about.

"Big brother Zhou!"

Zhang Xiaofei brought Zhang Dakang over and was surprised to see a mutated beast.

Although maqiya had disguised herself well and looked like a person, her Scarlet eyes could not be hidden.

Chapter 1148 - A mutated zombie with intelligence

Chapter 1148: A mutated zombie with intelligence

“Did anything special happen recently?”

Zhou Hao walked to his side and asked.

Before Zhang Xiaofei could speak, a Captain walked out from the crowd and said.

“A Captain died. He was lured to the spiders ‘lair by the zombies!”

Hearing this, Zhou Hao was surprised. Such a thing should not have happened.

It was well known that zombies didn’t have intelligence.

Therefore, Zhou Hao was suspicious of the captain’s words.

But the captain’s face was as calm as water, and he didn’t seem to be suspicious.

“I didn’t lie to you. The dead Captain was my brother. I went out with him to resist the tide of zombies, but he chased after me for a piece of flaming sun Crystal mine!”

Before he could finish his sentence, the captain had already stopped. The final result was self-evident.

Zhou Hao glanced at Zhang Xiaofei who was beside him.

“He didn’t lie to you. It’s true. I didn’t believe it at first either, until we went to kill the mutant Spider and found the undigested body in its stomach, which was his brother!”

There was no need for them to lie. Even if the captain was lying, there was no need for the entire camp to lie.

It seemed that the news had already spread, and these people’s faces were not very good.

“I’ll keep watch tonight!”

Zhou Hao immediately made the decision to deal with the mutant Spider by himself.

“Let me go with you. When you left, I didn’t improve for a long time. I don’t think I can break through in a short time with my talent alone. So, I want to wait for you to take me now!”

Zhang Xiaofei said quickly, as if she was afraid that she would be a second too slow.

Zhou Hao hesitated for a moment, but he still nodded in agreement. It was not impossible for Zhang Xiaofei to follow them. After all, this was not a dangerous area.

Ordinary powerful mutated beasts would not dare to approach this area, as it was the last area with the strongest firepower.

Anyone who dared to come here was basically looking for death.

Besides, with him around, the mutated beasts would just be walking into a trap.

Zhou Hao brought his men and went straight to the place where the incident happened, which was the nest of the zombie tide.

Roar!

They had just arrived when they encountered a wave of zombies, densely packed, like carps crossing the river.

Zhou Hao charged in like a Wolf in a flock of sheep.

Although these zombies had no intelligence, they had the most basic biological instinct and could sense danger.

Therefore, facing Zhou Hao, these zombies had no chance of winning. All they could do now was to escape from this place.

Zhou Hao didn't have to chase after them. He had already torn a huge gap in the front, and many zombies had already scattered.

At this time, he didn't take these zombies seriously. Even if these mutant beasts attacked the camp, they wouldn't pose a threat.

Therefore, Zhou Hao turned a blind eye to them and directly led Zhang Xiaofei to a place.

The zombies 'nest.

When he entered, Zhou Hao saw a pair of Scarlet eyes, emitting a faint light in the dark cave.

This light was very strange and terrifying.

Zhou Hao stopped Zhang Xiaofei in time and asked, ""This is the place, right?"

Zhang Xiaofei nodded and said, "yes, this is it!"

Zhou Hao asked Zhang Xiaofei to wait outside, and then rushed in alone.

After entering, Zhou Hao killed the mutant beasts one after another. There was more than one mutant Spider.

After Zhou Hao killed him, he did not stop and continued to rush in.

These mutated spiders had the upper body of a human and the lower body of a Spider. The spider silk they spat out was much more terrifying than ordinary spiders.

After Zhou Hao was killed, he wanted to absorb the energy, but then he was disgusted by what he saw.

There were corpses inside the spider's body, and there were more than one.

"Damn it!" Zhou Hao's face darkened. He was already cursing and swearing.

However, it was useless to scold them. The spiders outside only knew how to eat and nothing else. They were just cold-blooded animals.

"This is your own choice. I hope you won't regret it!"

Zhou Hao expressed his sympathy for the dead Centurions. The position of a Centurion was second only to a major General, and they were originally a group of people who had a good life.

However, they had all ended up in the mutant spider's stomach.

Many people worked hard to improve, not only for status, but also for a better life.

However, they had all died here.

After Zhou Hao said that, he charged in again. Their boss was here.

Therefore, as long as he could get rid of the boss, he would be able to get rid of the cancer in this place.

"Whoosh!"

When Zhou Hao rushed in, he just sensed a few Spider threads coming from the opposite side. They were like small silver Snakes, stabbing straight at him.

Zhou Hao's eyes and hands were sharp. He immediately grabbed a few stones from the ground and threw them. However, the moment he threw them, the stones broke through the air like cannonballs.

The Cannonball sank into it and exploded into a sea of fire. The originally pitch-black cave was now clearly visible.

After understanding the situation, Zhou Hao knew what he had to do.

Zhou Hao rushed forward and increased his speed.

There were still some Spider threads that were shot out, but he easily dodged them all.

After a while, Zhou Hao arrived at the last area, which was the end of the cave.

There was a huge spider in front of them, the size of a small mountain.

To Zhou Hao's surprise, it was not a zombie on the spider, but a beautiful woman.

That's right, a great beauty.

Although the beauty was not as beautiful as a fairy, she was definitely a stunner. Her skin was white with a tinge of red, her waist was so small that she could not be held with a single hand, her brows were like distant mountains, and she did not wear any makeup. Almost all the words that could be used to describe such a beauty could be used.

"Do you want to do some happy things with me?"

The great beauty opened her mouth and walked over, exhaling like orchids.

Zhou Hao hesitated for a moment and said with uncertainty, "I guess you can say that I want to!"

The mutated Spider thought that it had successfully lured the man, so it walked over. When it was only one step away, its eyes glinted with a murderous light.

At this moment, Zhou Hao suddenly said, "You've misunderstood me. I'm not interested in half-human, half-beast beasts. What I mean is, I want to kill you!"

The mutated Spider paused. It probably didn't expect that it would be fooled.

Seeing that the mutant Spider had yet to react, Zhou Hao immediately used the Thunder art. He turned into a bolt of lightning and quickly approached the mutant Spider.

Chapter 1149 - killing the spider Emperor

Chapter 1149:-killing the spider Emperor

Then, Zhou Hao raised his hand and punched.

“No!”

The mutated Spider was terrified. By the time it reacted, it was too late for it to turn around and escape. It was killed by a punch.

This punch pierced through the entire mutated beast nest and reached the sky.

At the same time, almost all the forces and experts on the planet saw it.

When they saw this scene, they all sucked in a cold breath.

This was definitely the most terrifying attack they had ever seen. A huge hole was actually created in the sky.

There were indeed heaven-rank powerhouses on this planet, but they dared to say that even if thousands of heaven-rank powerhouses attacked together, they would definitely not be able to do it.

For a time, the experts of the major forces were all guessing, wanting to know where this expert came from.

However, no matter where it came from, they only knew one thing.

And that was that an interstellar expert had come out to help.

Originally, they had already sealed off this place, so they didn't have any expectations at all.

But now, an interstellar-level expert had appeared. This meant that they no longer had to suffer from this poison.

The previous battles had destroyed their homes, and their countries had been destroyed. They had been living under the control of the mutant beasts.

If it wasn't for their families, they would have fought to the death.

However, for the sake of their families, they chose to live in ignominy.

The most important reason was that they did not have the ability to resist, so they could only choose to accept it.

However, they wouldn't make the same choice again, so they all knew what was best to do now.

They immediately began a new plan and began to resist.

Zhou Hao did not know that his one punch had caused such a huge earthquake.

He didn't know that because of his punch, many people's fates would be rewritten today.

He did not know any of this. At that moment, there was only one thought in Zhou Hao's mind, and that was to destroy all the mutated spiders 'lair.

"Impossible, that guy actually killed the mutated Spider Emperor!"

When Zhou Hao destroyed the spiders 'lair, there was another huge uproar in his live stream.

The netizens in the live broadcast room all expressed their disbelief.

They kept tipping, most of which were Sun Crystals and many energy crystal mines.

No matter what it was, it was something that Zhou Hao could not ask for at the moment. He had found a portion of it before, but it was too little. It could even be said that it was not worth mentioning.

After Zhou Hao had taken down the spiders 'lair, he chose to return home with Zhang Xiaofei.

Zhou Hao brought the mutated Spider Emperor back to the campsite, and left it in the center.

Mr. Zhou, you're really a blessing to our camp.

"Mr. Zhou, you're my only idol from now on. If you tell me to go east, I'll never go west!"

The captains of the campsite gathered around. These captains were originally the highest ranking people in the campsite, but after Zhou Hao's arrival, they had to queue up at the back.

However, they weren't dissatisfied with their current status. On the contrary, they were very happy.

Although they were captains, they had a lot of things to worry about. For example, there might be a nest movement in a certain area, and a calamity grade mutated beast might appear, which they had to deal with.

However, they were only ten thousand-man commanders. They would only be cannon fodder if they went.

Therefore, they were not willing to go.

However, they had no choice but to go. If they didn't go, once the natural disasters spread across the world, they wouldn't be able to survive.

Therefore, before this, although they looked impressive on the surface, they were actually anxious and uneasy on the inside.

However, when Zhou Hao arrived, the situation changed.

Things that couldn't be solved in the first place could be easily solved with Zhou Hao's presence.

As long as these were resolved, nothing else mattered.

"Stop flattering me and do more practical things. If you can do well and I'm in a good mood, I might even teach you a few moves to pry into the mysteries of the human body!"

Zhou Hao said indifferently.

Almost all of the captains couldn't believe their ears, but they quickly realized that what they had heard was true.

After confirming it, they were all very excited. In their eyes, Zhou Hao was a Saint level expert above the heaven level.

This kind of expert was already the ceiling of this planet's combat power. As long as Zhou Hao was willing to teach them, they would have a chance to become heaven realm experts.

The moment they became a heaven-grade powerhouse, they would not have to worry about being eaten by these mutant beasts.

Although they were captains, they weren't like those powerhouses who had been reborn. At this time, they were still in danger.

Therefore, they didn't want to continue living in such a life of fear and uneasiness.

Now, everyone wanted to learn a skill. As long as they had the ability, their future lives would be easier. At least, it would be much better than now.

Only by becoming a heaven-rank expert would they be able to truly take charge of many things.

If he couldn't achieve this, it would be too difficult for him to grow in the future.

However, they didn't want things to turn out this way. Therefore, Zhou haoken's teaching was an opportunity for them, and a breakthrough.

If he did not grasp this opportunity now, it would only be more difficult for him to grow in the future.

After Zhou Hao's announcement, more and more people joined in. Now, they all wanted to become stronger under Zhou Hao's call.

At the same time, Zhou Hao expanded the area of the camp and sent many people out to expand the territory.

At this time, he wanted to expand his influence and let Jonina know that he had arrived on this planet.

This was the only way he could think of at the moment. Other than this, he could not think of a better way.

During this period of time, the experts that Zhou Hao had trained walked out of the camp in the same way that he had trained the Earth Star experts.

This was much more efficient than any of his previous methods. It was also the best way to do it.

However, while he was doing this, he had also provoked many enemies. These enemies were not far from them and were also responsible for guarding this area.

They had been in the limelight recently and had improved very quickly, so it was not surprising that they had been targeted.

However, Zhou Hao did not expect that these people would fight like mad Dogs just to get resources from him.

On the same day, all the warehouses under his jurisdiction were attacked by the evolvers outside.

“Xiao Fei, can you solve this problem?”

Zhou Hao did not make a move. It was just a motley crew, Zhang Xiaofei was more than enough to deal with them.

Chapter 1150: The results of the test

“Big brother, don’t worry. I’ll definitely settle this matter!”

Zhang Xiaofei said happily. He knew that Zhou haoxin must be here to see the results of the test.

Zhang Xiaofei had been waiting for this day for a long time. He did not expect it to come so soon.

“Zhang Dakang, come with me. I don’t expect you to do a good job this time. I just want to know that you can help my sister share some of the pressure. Do you understand?”

Zhou Hao said to Zhang Dakang after Zhang Xiaofei left.

Zhang Dakang wasn’t an idiot. He knew how to read people’s expressions, so he naturally understood.

“Mr. Zhou, don’t worry. Even if I die, I won’t let those mutated beasts hurt her!”

It seemed that it was right for him to stay. In that case, he wouldn’t have to worry about those things anymore. This was a good thing.

Zhang Xiaofei went out.

Zhang Xiaofei went out with hundreds of evolvers. These evolvers were carefully selected from the camp.

Every single one of them was an elite Evolver, and they were all peak existences.

All of them combined were not comparable to other evolvers.

This was a top-notch force.

He was only at the top, but they didn't relax at all. Each of them had a serious expression.

This time, they were going to deal with the evolvers from the various camps. These evolvers were not easy to deal with.

If they were to counterattack together, it would be difficult for them to escape unscathed.

"If you see them, do it. Don't waste your breath on them!"

Zhang Xiaofei had already dealt with a few troublemakers in the camp and established her prestige. Now, she was like the leader.

"Yes, miss Zhang!"

All the evolvers were respectful, and some were even humble.

It was impossible for him not to be humble. Zhang Xiaofei was following a master who was stronger than a heaven-level master. This kind of master would be a giant no matter where he was.

At this time, other than being respectful, the only thing they could do now was to curry favor.

Zhang Xiaofei glanced at them and found that no one had any objections, so she led them forward.

This time, Zhang Xiaofei went to solve the problem smoothly. She and her people soon met the evolvers from another camp.

Because they all wanted to survive better, now that they met, they were like enemies meeting each other, and their eyes were red.

"Kill them all! If you kill one more, we'll reward you!"

The captain of the opposite camp said to his subordinates.

Zhang Xiaofei directly rushed forward with her people. She did not talk nonsense. Before she came, she was already sure that there would be a fight.

Therefore, they were going to kill him with one strike, without holding back.

The evolvers in the opposite camp were indeed very strong, but they did not have an expert like Zhou Hao to back them up. Naturally, they did not dare to fight to the death. They could only hold on for a while before they started to give up.

Their side was also slightly inferior. If they continued to fight, they would not be able to win at all. At the beginning, only one of them had fled at the sight of the wind.

After that, there were more and more people like this, and the team soon became a pile of loose sand.

“Whoever runs, die!”

Although the leader of the evolvers had killed many of them as a form of intimidation, it was to no avail.

The evolvers were still running away, with no intention of staying behind. Their speed was one faster than the other, and they fought to be the first.

Seeing this, the leader of the evolvers knew that he could not fight them head-on, so he chose to escape.

However, Zhang Xiaofei had already locked onto him. How could he let him escape?

“Little girl, you’re quite strong, but it’s very difficult for you to stop me with this little strength!”

Zhu Yuangang’s eyes were cold as he said with a sneer.

Zhu Yuangang dared to come here because he was confident in his own strength. Although he might not be able to defeat the camp here, he should have no problem escaping unscathed.

What Zhu Yuangang did not expect was that there was a little girl who was also an Evolver, and the key was that she was still chasing him.

At this time, Zhu Yuangang did not know that Zhang Xiaofei was taught by Zhou Hao. If he knew, he would not have such thoughts.

However, Zhu Yuangang didn’t know that. At this time, he was only thinking that he could kill an Evolver before he died so that he wouldn’t return empty-handed.

Therefore, Zhu Yuangang regarded Zhang Xiaofei as the prey he was hunting.

“You think I can’t make you stay? Are you sure?”

Zhang Xiaofei had already learned how to use combat skills. She could use the power of heaven and earth. Although it was not hers, she could still use it.

This combat technique didn’t belong to this planet. It was a combat technique developed by a family in the starry sky.

This combat skill was very powerful. It could change a person's physique and allow the person to obtain great power for a short period of time. There was no limit to the number of times.

Zhu Yuangang was horrified. He suddenly felt that the Zhang Xiaofei in front of him had changed. He instantly felt as if he was facing a great enemy.

Now, Zhu Yuangang felt that he was not facing the weak Zhang Xiaofei, but a human-shaped beast. Yes, that was the feeling.

All of a sudden, the pressure on his body began to increase, enveloping his entire body.

A sense of danger welled up in Zhu Yuangang's heart. He had a premonition that he would die soon.

"This must be an illusion. This is just a child. Even if he's an Evolver and has been cultivating since he was in his mother's womb, he's definitely not my match now!"

Zhu Yuangang quickly denied that idea. Zhang Xiaofei was definitely not his opponent.

He had walked out of a desperate situation, experienced hundreds of battles, and had even received guidance from a heaven-rank expert.

Although she wasn't particularly gifted, a heaven-rank expert had once told him that as long as he cultivated according to the guidance, he would become a heaven-rank expert sooner or later.

As long as he became a heaven-rank expert, his lifespan would increase, and he would become an Overlord.

How could a person like him lose to a young girl of unknown origin?

"Little girl, you probably haven't touched a man yet. It's a pity that you're going to die Here. If you're willing to beg me for mercy now, I'll be tender and protective of you!"

Although Zhu Yuangang denied that possibility, he felt an inexplicable sense of restlessness in his heart. He didn't know what was going on, but he felt that it was very scary.

After thinking for a while, he still chose to win over Zhang Xiaofei. He thought it was better to be conservative. If it was really a terrible opponent, then he might be left here forever.

"Why aren't you attacking? are you afraid of this little girl now? if you are, just tell me now. Kneel on the ground and call me" great aunt "three times. Maybe I'll let you off now if I'm in a good mood!"

At this time, Zhang Xiaofei mimicked Zhou Hao's tone and said.

Zhu Yuangang flew into a rage. He was ridiculed by a little girl. How could he be afraid?

How was that possible?

Zhu Yuangang was very angry. He only had one thought in his mind, and that was to make Zhang Xiaofei kneel in front of him and beg for mercy.

"I want to let you go, but you don't want this opportunity, so don't blame me!"

Zhu Yuangang roared and pounced forward like a wild beast.
