

Starting With One Million Luck Points

Chapter 1151 - -the arrogant Zhu Yuangang

Chapter 1151:-the arrogant Zhu Yuangang

Zhu Yuangang also had some strength. When he pounced out, the energy shot out in all directions, leaving a Long Gully on the ground.

Each one was a hideous scratch.

Among the many evolvers, those who could reach this level just by relying on their physical strength were already considered outstanding.

Zhang Dakang was a little nervous and wanted to help, but he was stopped by Zhang Xiaofei with a look.

This was big brother Zhou's test, and it was also a test for her alone.

Although Zhou Hao was not at home, but now, Zhang Xiaofei still wanted to complete the test alone.

Zhang Dakang could only watch from the side. He thought that if something really happened, he would immediately take action. At least, he had to make sure that Zhang Xiaofei could go back alive this time.

It wasn't that Zhang Dakang believed in Zhang Xiaofei's strength, but that Zhu dagang was more powerful than him. He was one of the rare evolved types.

This kind of Evolver was similar to those mutated beasts. As long as they encountered the right opportunity, they could immediately break through.

At that time, he would be as terrifying as a mutated beast.

Zhang Xiaofei was indeed very good, but in Zhang Dakang's opinion, she was still a little lacking compared to Zhu Yuangang.

"You must be fine!"

At the same time, Zhang Dakang began to pray in his heart.

However, he did not know how terrifying Zhang Xiaofei's strength was now.

In the face of Zhu Yuangang's first powerful attack, Zhang Xiaofei chose to Dodge decisively and easily.

Hu Chi!

Zhu Yuangang followed up with another claw, aiming at Zhang Xiaofei's throat.

There was only one thing that Zhu Yuangang wanted to do now, and that was to fight to the death. He did not hold back at all.

At this moment, Zhu Yuangang was like a tireless beast, showing off and proclaiming how powerful he was.

"Brother Zhou once said that it's good to have power, but if you abuse it, it might not be a good thing. It might even become a bad thing. He was talking about your situation!"

Zhang Xiaofei said lightly in a lecturing tone.

Zhu Yuangang was so angry that he laughed. He felt that the person in front of him was just ignorant and didn't know the immensity of heaven and earth.

"Power is a good thing for everyone in the world, but it's a bad thing in your mouth. I think you're the one who's putting the cart before the horse!"

After that, Zhu Yuangang continued to attack with his fastest speed. He didn't take Zhang Xiaofei's words seriously.

In his opinion, as long as he used enough power and was fast enough, she would be able to do what she wanted.

This included crushing and killing Zhang Xiaofei, who was in front.

If she were to encounter someone who could identify people, she would definitely be able to do what she wanted, and it would be an easy task.

Unfortunately, this time he did not meet that kind of person, but Zhang Xiaofei.

Although Zhang Xiaofei's combat skill was not a heaven-defying combat skill, it was still brought up by Zhou Hao from some super families. The power that it could exert was immeasurable.

It was also a combat technique that the powerhouses on this planet couldn't even imagine. There were also combat techniques here, but they were all low-level combat techniques.

To put it more accurately, it was the same difference between high level martial arts and low level martial arts.

At this time, Zhang Xiaofei had not used all her strength. She had been suppressing her strength to fight since just now.

The reason why he did this was that Zhang Xiaofei had been used to this fighting style since before.

At this moment, Zhu dagang was still unaware. He only felt that he had the upper hand because he was very strong.

“Little girl, you can’t hold on much longer. Why are you doing this? do as I said before and you’ll still have a way out. Now, as long as you’re willing to submit, I can still give you a chance!”

Zhu dagang thought, “no matter what, this is an Evolver. If I bring him back and train him, he can even be used as a high-level slave.”

After all, the human heart was sinister at the moment. If he wanted to survive, one more trump card meant one more chance of survival.

“Hehe!” Zhang Xiaofei laughed. “Do you really think that you can kill me now?”

Zhu dagang’s face was as dark as water as he said coldly, “This is the last chance I’m giving you. If I use my full strength, you won’t even have the chance to hold back, and I won’t give you the chance to beg for mercy. I think you’d better think carefully before making a decision!”

Hearing this, Zhang Xiaofei still laughed and thought it was funny.

This Zhu dagang indeed had the strength, but he was really too self-righteous. He actually thought that he would win for sure.

This Zhu dagang had the strength, but he didn’t think that his opponent might also have a trump card.

Zhang Xiaofei did not waste any more time. He released his power directly. When his blood began to boil, the aura on his body began to soar.

Immediately, Zhu dagang’s heart thumped. He felt the feeling of a mountain pressing on his body again.

More importantly, that sense of danger was even more intense now.

Zhu dagang looked at Zhang Xiaofei in shock. He thought of the previous possibility again.

“Impossible, this is impossible. How could she be stronger than me? she’s so young, she must have evolved not long ago. This is all an illusion!”

Zhu dagang still denied that possibility as before. He felt that everything he saw and felt now was fake. It was absolutely impossible to be real.

In fact, Zhu dagang’s idea was not wrong. However, he made a mistake when he compared all of them. He was very wrong.

After confirming this, Zhu dagang thought that he only needed to force himself to solve the problem that he wanted to solve now. Then, he would definitely be able to solve the current problem.

However, Zhu dagang quickly discovered that this feeling had already affected his own movements.

In addition, Zhu dagang discovered that his heartbeat had strangely accelerated at this time. This was really too strange.

Zhu dagang quickly determined what was going on. However, he knew that it was useless for him to regret it now.

This was because he could only solve this problem by himself. At this time, his subordinates, who were also evolvers, were all fighting hard, so they couldn’t help him.

At this time, he didn’t have any strength to help, which meant that he might be on the disadvantageous side. Once that happened, it meant that he might die Here.

However, Zhu dagang didn’t want to die now.

Chapter 1152 - A mysterious identity

Chapter 1152: A mysterious identity

“Who are you? why have I never heard of someone like you before? tell me who you are!”

Zhu dagang roared out these words in excitement. As that feeling enveloped his whole body, he was completely flustered.

However, he still wanted to figure out what kind of existence his opponent was before he lost completely. He wanted to know where this person came from.

From the beginning until now, their side had always been peaceful. From the beginning until now, many things had indeed happened here.

However, as long as he wanted to know, he could use his identity to ask people to find out at any time. However, the big things he knew were still small things. From the beginning until now, he had searched his mind and heard everything, but he still couldn't remember what was going on in front of him.

At this time, Zhang Xiaofei just sneered. He felt that the opponent in front of him was definitely the most conceited one among all the opponents he had met so far. Now he did not want to waste any more time and just wanted to complete the test that Zhou Hao had given him.

At this time, Zhang Xiaofei was also looking forward to how strong she would be after she released all her power.

Was this power?

If she had not met brother Zhou, she might still be in the darkness, unable to walk out of it.

It was all because of big brother Zhou's appearance. He gave him a lot of hope that was originally impossible for him and also created many miracles.

Now, he also realized that it was such a wonderful thing to have the power to be able to take charge of a region.

As long as he had the power, it would be very easy for him to deal with an opponent that he didn't even dare to descend to fight before.

He had encountered many things in the past, and he had been bullied because he was weak. If it wasn't for brother Zhou who treated her so well, she might still be bullied now.

At this time, Zhang Xiaofei only wanted to use the power she had now. As long as she used it well, she could do better.

A lot of things had happened during this period of time, and they would still happen in the future. Right now, they could only make some plans in advance. Only by making these plans in advance could they wait for the next time when the same thing happened to them.

"I originally wanted to spare your life. After all, my brother Zhou still needs someone to order around. But now that you don't want this opportunity, I think it's time for you to die!"

Zhang Xiaofei had already wanted to say this before, but she had not done anything because she wanted to see if the person in front of her would have his own awareness.

However, from the beginning until now, this Zhu dagang in front of him had not mentioned a word about this matter. Now, he still had an unrepentant look.

Therefore, Zhang Xiaofei had already eliminated Zhu dagang and wanted to find a new person with a higher consciousness in the city.

Now, she wanted to help Zhou Hao Do something, and this was the best way she could repay him.

Although she knew that this might not make Zhou Hao happy, but now Zhang Xiaofei thought that her big brother Zhou was kind and understanding. He would definitely accept her good intentions.

Soon, Zhang Xiaofei gathered her thoughts and her eyes became sharp.

At this time, in Zhang Xiaofei's eyes, Zhu dagang, who was originally a Hunter, had now become the prey.

At this time, Zhang Dakang also couldn't help but shiver. He felt a chill down his spine.

It was as if there was a dangerous presence.

It wasn't just Zhang Dakang. Countless evolvers had the same feeling. They also realized that there was an aura that was enveloping them all.

Although they weren't the target of Warehouse 10's Zhang Xiaofei, at this moment, they all felt like they were the prey.

At the same time, what was even more terrifying was that they felt an intense fear, which made them almost unable to breathe.

This was not what they wanted, so they knew that they were in danger.

They didn't expect things to turn out like this. It was completely beyond their expectations.

At this time, they all knew that some things were not something they could control as they wished.

At this moment, perhaps they could only escape from this place in order to continue living.

“Don’t be afraid, everyone. We have more people now. As long as we fight to the death, she won’t dare to continue fighting with us!”

At this time, Zhu dagang summoned up his courage and continued to talk to his subordinates.

It was only useful to say so on duty. Now that Zhang Xiaofei had used all her strength, they all panicked.

“He must have taught her!”

Zhang Dakang’s eyes were burning. At this time, he saw a figure on Zhang Xiaofei, and that person was Zhou Hao.

Ever since he had received Zhou Hao’s promise, Zhang Dakang had been thinking about it.

Zhang Xiaofei was the first person to receive Zhou Hao’s guidance. He was very envious and wondered when he would be able to receive his guidance.

Zhang Xiaofei was not an Evolver at first, but after receiving guidance, she became an Evolver so quickly. Now, she even became the top existence among them. This breakthrough speed was simply heaven-defying.

“Everyone, listen up. Whoever can kill an Evolver will be rewarded with five blazing sun Crystals!”

Zhang Dakang took a deep breath and immediately made a decision.

Now that he had made this decision, these evolvers suddenly fell into a frenzy. What they desired the most was naturally these blazing sun Crystals.

However, from the beginning until now, the blazing sun Crystal had been distributed according to the rules. They would only be rewarded according to the number of tasks they had completed.

Sometimes, they might not even get the complete reward.

But now, Zhang Dakang had said that for every Evolver he killed, he would give them five pieces. These five pieces were enough for them to cultivate for three months.

Five pieces would allow them to cultivate for a year.

Although a year was not enough for them to become heaven-rank powerhouses, it would definitely make them top powerhouses like Zhang Dakang.

In the camp, as long as they became such a strong person, their future days would be much better.

To them, as long as they could live comfortably before they died, they would be satisfied.

- Chapter 1153 - give it your all

Chapter 1153 - give it your all

Chapter 1153:-give it your all

The rest was not important to them.

Most of the time, they chose to leave it to fate. They would only make the most important choice at the most important time.

“Are you sure, Major General Zhang?”

The other evolvers, some of whom were at the level of team leaders, still couldn't believe it.

To them, this was the most important matter. Therefore, at this time, they all wanted to confirm whether this was true.

Only when they were sure could they go all out.

At this time, if they attacked together, they were likely to die Here.

However, these were all valuable enough, and they were willing to take the risk.

Whether it was in the past or now, this was a once-in-a-lifetime opportunity.

Now that he had met her, how could he miss this opportunity?

Let's attack together. If we let go of this opportunity now, we won't have another chance like this in the future.

A few people said this. They all wanted to take this opportunity to soar to the sky.

Even if he were to die, he would fight for his pride.

"I dare to lie to you, but would I dare to lie to miss Zhang?"

Zhang Dakang said indifferently.

This sentence was very convincing to them. After all, Zhang Xiaofei was backed by that Almighty existence.

They didn't hesitate any longer and immediately led their men to charge forward.

In an instant, the two sides that were originally equal in strength began to fight.

They were all in a mess, and they were fighting each other.

As the two groups of people began to fight, the battle between them was also becoming more and more intense.

Almost all of them were bleeding from their heads, but even so, they had no intention of stopping.

They all continued to fight, and now they all wanted to see who was stronger.

If they were to decide who was stronger now, it would be a life-and-death battle.

No one wanted to die there.

However, Zhang Dakang's camp had the upper hand.

Now, they were fighting for the five blazing sun Crystals, which was worth their efforts.

The other side only wanted to live. They were more inclined to leave this place alive. Therefore, they didn't think too much at this time. They were all thinking about whether they should escape at the critical moment.

It was no wonder that they would think this way. After all, their boss was being held back, and their entire faction was in a very passive situation.

The others were in a similar situation. It was not a big deal for a while, but if this continued, this stalemate would continue for a long time.

However, what they lacked right now was time. Therefore, their rationality told them that they could only escape for a chance of survival.

They had survived the apocalypse, so they were not stupid. They knew what to do.

However, Zhang Dakang's men were fighting like mad Dogs. They didn't want to let them go.

"Aaah!"

As the screams rose one after another, it didn't take long for the evolvers from the other camps to die, and their blood flowed like a river.

Zhang Dakang was very satisfied. Although it was painful to give them a large number of blazing sun Crystals, but when he thought of Zhou Hao's guidance, he suddenly felt that these blazing sun Crystals were nothing.

Although the blazing sun Crystal was precious, it was not worth mentioning in front of guidance.

In the early days before the mutant beasts had invaded, the blazing sun Crystal was just like a hard currency.

The hard currency was only a matter of quantity to him at this time. It could not help him solve some of his important matters.

Hence, at this moment, improving his strength was the most important thing.

This would also affect whether he could continue to live in this place in the future. This was related to his life and death, so he naturally knew what to choose.

Seeing that most of his subordinates were dead, Zhu dagang panicked even more and his face turned very ugly.

In fact, he had already regretted it since the beginning. It was just that he hadn't had the time to submit, and now he saw such an unexpected thing happening.

He had brought at least 100 evolvers with him. He thought that as long as he brought so many people, even if his side did not have the advantage, they would have no problem returning.

He did not expect that Zhou Hao's side was stronger, and he did not expect to meet an opponent like Zhang Xiaofei.

This kind of opponent didn't just give him a headache. It made him despair.

He had never thought that things would go beyond his expectations.

If he had known earlier, he definitely wouldn't have made such a choice. Instead, he would have resolved everything that he wanted to resolve.

"Damn it, I was too careless!"

After realizing that he had made an extremely foolish choice, Zhu dagang suddenly had the urge to slap himself in the face.

If he had thought it through before he came, perhaps he would not have ended up in such a tragic state.

He had brought so many evolvers with him, and not all of them would die Here.

The evolvers he had brought with him before were all carefully selected.

Even if he allowed them to return now, the other captains would not let him off easily after knowing that he had suffered a great loss.

Therefore, it could be said that he had already lost his final choice.

"Is it too late for me to beg for mercy now?"

Zhu dagang said resentfully.

Zhang Xiaofei crossed his arms and chuckled, not saying anything.

Seeing Zhang Xiaofei like this, Zhu dagang knew that it was useless to say anything now.

Zhu dagang felt very regretful. He had a chance at first, but he missed it.

If he hadn't made a mistake, the result wouldn't have been like this. However, it was useless for him to know now.

"Before you kill me, can you tell me who you are and why you are so strong?"

After taking a deep breath, Zhu dagang calmed down. Now, he only wanted to know what he wanted to know before he died. If he didn't know now, he would definitely die with regrets.

So, before he died, he wanted to ask everything he could.

He would only be convinced after he asked all these questions.

This Zhang Xiaofei had chosen to give her his blessings. A dying man's words were kind, so she would help now.

This was not what Zhou Hao taught her, but she chose to hold on to this belief, until the end.

"I can't tell you who he is. I can only tell you that the person who taught me this skill is a very strong person. His strength is above heaven grade!"

As soon as these words were spoken, Zhu dagang subconsciously wanted to deny it. After all, he had not sensed any powerful aura appearing since the beginning.

However, when she thought about it, if she didn't have such a person to teach her, there wouldn't be any other possibility.

At that moment, he was sure that this was the case.

"I'm convinced!"

Zhu dagang laughed bitterly.

Chapter 1154 - The posthuman who buys food

Chapter 1154: The posthuman who buys food

"Do it, give me a quick death!"

Zhu Yuangang slowly said as if he was facing death.

After he finished speaking, Zhu Yuangang closed his eyes and looked sad.

He wasn't afraid of death, but the camp he had built was going to be gone just like that. This was the Empire he had spent a long time on here, his life's work.

With his death, this camp would also completely cease to exist.

However, after waiting for a long time, Zhu Yuangang was stunned and opened his eyes in confusion.

“You’re not going to kill me?”

He did not feel any pain. When he opened his eyes, he found that Zhang Xiaofei had put away her weapon and had no intention of attacking.

“I’m sorry,” Zhang Xiaofei said calmly. “You’ve led your men to attack us many times before and caused a lot of losses. It’s too easy for you to kill you now!”

Zhu dagang’s face turned ugly. He didn’t expect that he would be squeezed dry of his value before he died.

However, he couldn’t resist it now. Being alive was a hope for him.

If he could avoid death, he would naturally not choose to die.

“Don’t even think about running away. You can’t escape from me. Follow me. Maybe I’ll let you go one day when I’m in a good mood!”

Now, Zhang Xiaofei could not wait to go back and see Zhou Hao to test the results.

Zhu Yuangang was speechless and could only follow behind.

When they were just a few miles away from the campsite, a few black shadows suddenly appeared from the forest.

Zhang Dakang immediately rushed to the front and protected Zhang Xiaofei.

“You don’t have to protect me. This is a test that big brother Zhou gave me. If I can’t even pass this test now, how can I follow him in the future?”

Zhang Xiaofei’s beautiful eyebrows raised slightly, and she looked at Zhang Dakang, the muscular man, unhappily.

Although she knew that Zhang Dakang was trying to protect her, it was unnecessary to do so when it came to testing the results.

Zhang Dakang felt helpless. He didn’t want to be so active, but they had already left the camp and were in danger.

He could be ambushed by mutated beasts at any time, so he had to do this.

“Captain, it’s not a mutated beast. It’s four evolvers who want to buy food from us!”

A Centurion, whose status was only second to the captain, ran over to report the situation.

Zhang Dakang and Zhang Xiaofei were very surprised. Buy food?

Although food was scarce in the post-apocalyptic world, that was only to ordinary people.

It was much better for evolvers. As long as they were an Evolver, it was easier for them to find jobs and they would not be short of food.

The two of them were skeptical.

“Bring them to me!”

If he had encountered such a situation before, Zhang Dakang would have asked his men to chase him away without hesitation. However, he thought for a moment and ordered his men.

“Yes, Major General!”

After the centurion left for a while, he quickly brought a few evolvers to the front.

These evolvers had green eyes and were emaciated and travel-worn, with many holes in their clothes. They looked like Wanderers and not evolvers.

Wanderers were beggars. There were beggars in the apocalypse who wandered around without a fixed place.

However, Zhang Dakang quickly recognized that these were evolvers, and not ordinary ones.

However, no matter how special their abilities were, in this post-apocalyptic world, there were no other powers. In the end, they were still weak. If they wanted to survive, they could only follow the rules and obtain food.

The rule here was to use some rare resources to exchange for food.

“I want to buy some food!”

The strongest leader said directly.

Zhang Dakang looked at these guys and saw that they didn’t even have a space freezing ring. He sneered, “If you want to buy food, you have to see if you have anything worth exchanging for. The food here can’t be exchanged with some rubbish!”

These words were humiliating. Although he could hear the hollering tone, the leader did not get angry. Instead, he continued, “I don’t have the resources you need, but I have information that you’re interested in as an exchange!”

Before Zhang Dakang could speak, Zhang Xiaofei asked curiously, "What information?"

"If you want information, I want 12 void stones in addition to food!" The leader said unhurriedly.

Zhang Xiaofei was angry and felt that she was being played. She said, "Why don't you just Rob someone!"

Even the top families in the universe wouldn't take out the void secret stone unless something major happened.

These people wanted to get the void secret stone with just some information. They were simply delusional.

She didn't have it now, and even if she did, she wouldn't exchange it.

Zhang Dakang was also angry. This was simply asking for too much. Although he really wanted to drive these people away, he restrained this impulse and said, "Let me think about it first!"

The leading man said again, "I think it's better for you to Take Me To Your Leader directly. I'll negotiate with him directly. I think he'll be very interested in this. It'll be a waste of time if I talk to you!"

Zhang Dakang was furious. He had actually said that talking to him would only be a waste of time. Although he was not as good as Zhou Hao, he was still a local tyrant.

Just as Zhang Dakang was thinking of tying them up and bringing them back to interrogate them about the news ...

"Okay, I'll take you to see big brother Zhou!" Zhang Xiaofei suddenly said.

The leader smiled. "Lady, you have a sharp eye. When I find your leader, I think you'll be happy to make the right choice!"

I hope so. Zhang Xiaofei was only interested in the news, so she wanted to bring it back and did not think too much about it.

Zhang Xiaofei was still thinking.

That big brother Zhou is very strong. Even if we can't reach an agreement, we can still force some information out of him.

After a while.

The group returned triumphantly, and the entire camp celebrated for three days and three nights. It was a joyous occasion, as if they had returned to the day before the exotic beast invasion.

The leader saw Zhou Hao and introduced himself as Meng Fei.

Meng Fei did not tell her the secret, but asked Zhang Xiaofei to tell him his request.

Zhou Hao squinted his eyes. He did not fully believe Meng Fei's words. There were too many dark clouds on this planet. He suspected that this was a conspiracy of the mutated beasts.

"You came to me like this, aren't you afraid that I'll kill you?"

Meng Fei was indeed scared, but he would never admit it. He forced a smile and said, "Mr. Zhou's strength is unparalleled, and he is the hero of our quwu star. I believe that Mr. Zhou will definitely not collude with those mutant beasts!"

Zhou Hao was surprised by Meng Fei's quick-witted response. He'd resolved the issue so quickly.

Chapter 1155 - Oscar universe bank in trouble

Chapter 1155: Oscar universe bank in trouble

This sentence had two implications. One was to push him into the position of a hero on quwu star and make him accept the moral constraints of this place. If he did such a thing, he would definitely be notorious and would not be able to survive here.

The other one was even more ruthless. Once he made a move and the news spread, she would be no different from those who had cooperated with the mutated beasts before. The final outcome would be his reputation being ruined and falling into the abyss.

No matter which identity it was, it was definitely not what he wanted.

However, Zhou Hao had seen the world, so how could he be so easily manipulated?

Meng Fei was trying to intimidate him, so he had to show him what he was capable of.

Zhou Hao's thoughts whirled, and he quickly came up with a solution. He said indifferently, "Although I've saved the world, I may not always be a good person. If there's anything I need, I'll use some extreme means to get what I want!"

Meng Fei's face turned pale. Zhou Hao's words were like a warning to him. He was trying to tell him that he might not follow the rules like those Almighty beings.

If he went all out, he could totally do the same things as those despicable people.

Meng Fei's hair stood on end. He finally realized that the leader in front of him was not an ordinary person.

Meng Fei felt his mouth was dry. He swallowed some saliva to moisten his throat and said, "Mr. Zhou, you have no ill intentions. I'm just short of cultivation resources recently. I just happened to receive a piece of good news, so I want to sell it to you!"

Zhou Hao saw that he understood, so he didn't waste his breath and nodded. "I can give it to you, deal!"

Meng Fei was stunned for a moment, then he was overjoyed. He didn't expect it to be so easy.

"Thank you, Mr. Zhou!"

Meng Fei also quickly told them the news he had received, which was that the Oscar time bank had been destroyed. A lot of universe coins and resources stored in the bank had fallen into the void crack and became ownerless.

Zhou Hao's heart was burning. This was definitely worth the news. Meng Fei had not lied to him.

In fact, there was an example of this in the records of an ancient race a long time ago.

There was a bank that was attacked by void beasts, and all the resources and universe dollars stored inside became ownerless and were robbed.

Those who were able to establish the time and space bank in this universe were all great powers, but they were too far away from the Emperor.

Once the money in the bank had drifted far away, they would not be able to find it even if they wanted to.

At this time, it was the opportunity for the major star areas outside the center of the universe.

Universe dollars was the most precious currency in the universe. Once one obtained a portion of it, they could improve their body and the cultivation environment of their star field.

This was a once-in-a-lifetime opportunity.

“Are you sure the news is true?”

Zhou Hao was very excited. In his excitement, he grabbed Meng Fei tightly with both hands.

Zhou Hao was also using a lot of strength as he grabbed. He wanted to confirm if this information was accurate or not. If it was false, he would directly burst into pieces.

If it was fake or a lie, then it would be a waste of time for him to make a wasted trip.

He had come here to find Jonina.

“It must be true, we entered the spatial tear and found some universe currency!”

Meng Fei quickly took out a few pieces of coins. There was a triangular mark on them, which was unique to the Oscar family.

The currency was exquisitely designed. It was made from an ancient tree. This ancient tree was very special. The currency made from this ancient tree was both tough and indestructible.

This thing could be said to be a work of heaven’s work. Other than a God Realm expert like him, no one else could destroy it.

People like Zhang Dakang, who used all his strength, could not even leave a mark.

Zhang Xiaofei was very surprised. Although she had heard of the universe currency, it was the first time she had seen it.

Although planet quwu was considered a powerful planet in its vicinity, it could only be considered an earth-level civilization in the entire star system. Its status was similar to that of the earth-level civilization a few years ago.

“Zhang Dakang, I’ll leave this place to you. This is the blazing sun Crystal, it should be enough for you to break through to heaven grade. When I come back, I hope you can still defend the camp!”

Zhou Hao took out a few blazing sun Crystals and gave them to Zhang Dakang. Although Zhang Dakang was a scumbag, he was still a major General.

It was better to use it when it could be used. In this post-apocalyptic world, human nature had been lost, and those who had strength now were already one in a million.

Don't worry, Mr. Zhou. Even if I die, I will guard this camp.

Zhang Dakang was very excited. He didn't expect that he would be given so many resources.

"Brother Zhou, I don't want to stay in the camp. Can I go with you?"

Zhang Xiaofei quickly said.

Zhou Hao glanced at Zhang Xiaofei, hesitated for a moment, but still nodded in agreement.

"I can allow you to go with me. However, after you go, you are not allowed to run around without my permission!"

Zhou Hao said in a serious tone.

Zhang Xiaofei nodded and then followed.

Zhou Hao had reached the immortal state, so it was easy for him to spy on the crack in the void. Meng Fei had already pointed out the location to enter the crack in the void.

Zhou Hao used less than half an hour to find a void crack on quwu star, deep in the mountains.

Zhou Hao and Zhang Xiaofei both walked into the crack in the void.

At the same time, in a mountain.

Countless evolvers had gathered here, searching for the notes on the mountain.

If Zhou Hao was here, he would definitely be able to recognize that these were people from the Oscar family.

The one in the lead was a blue-haired man with a grave and stern face, a high level member of the Oscar family.

"Search for me. No matter what method you use, you must find the cauldron before those bugs do. You can't let them get there first!"

At this time, this high-ranking member no longer had the calmness he should have had when he was pampered. He was now extremely anxious.

The hollow cauldron was placed at Oscar bank by a big client to eat interest. At that time, the Oscar family had guaranteed that Oscar bank would compensate ten times the amount.

This cauldron was Oscar bank's most precious weapon. Once it was gone, the compensation this time would be very difficult to make the Oscar family suffer.

The "smelly bugs" he was referring to were naturally the evolvers and Rangers who had rushed over after hearing the news and wanted to plunder cosmic dollars.

These evolvers and Paladins had all come from several other galaxies and had chosen to loot a burning house at this time.

Chapter 1156 - -searching for divine weapons

Chapter 1156:-searching for divine weapons

Ao Si Yu was very angry, but he couldn't do anything about it, because it was too difficult to find where the void cauldron had fallen.

Their search was like looking for a needle in a haystack.

If this wasn't important, they wouldn't have mobilized so many people.

However, because it was so important, they could only send out so many people. Even if they had to search every corner of thousands of star fields, they would still find it.

This time, their clan also had hope of finding one. This time, they had sent out many powerhouses and even contacted many allies who had cooperated with the Oscar clan to look for one.

Although there were a lot of Rangers and evolvers, even the experts who wandered the starry sky could only retreat.

It was only a matter of time before he was found.

However, they were all worried that someone might find it before them.

As such, they could only bring so many people to search for it, not letting go of any area where the crucible of the void could have fallen.

This time, the news of the fall of the void cauldron was not only known by one Starfield. Many starfields knew about it.

“Hehe, I wonder who will obtain the void cauldron this time!”

Some experts walked out from the cracks in the void and came to this area. They knew that they most likely didn’t stand a chance and were just here to join in the fun.

An older expert beside him was expressionless and sneered, “No matter who gets it, if they dare to take it for themselves, then at that time, the Oscar family won’t be indifferent. At that time, there will definitely be a good show!”

Most of the people who came here were looking for universe dollars and some rare resources.

Currently, in this star field, there were people flying in the sky continuously. They all brought all kinds of advanced Intelligent Machinery and their own powerful weapons. They sensed the weapons and secret treasures that had fallen in this area.

At the foot of the mountain, a crack split open. After ripples spread out for a while, a man and a woman walked out.

“Big brother Zhou, could this be a scheme by those mutated beasts?”

The woman was in her Prime, her skin was so tender that it could break with a breeze, and her long, white legs were exposed in the air. She was a top-class beauty through and through, and just a glance would make countless men go crazy for her.

The man was handsome and suave. He revealed a charming smile and said patiently, “I won’t!”

These two people were Zhou Hao and Zhang Xiaofei, who had come from the quwu star to the purple warrior Mountain.

“Big brother Zhou, if it’s a conspiracy, and I’m in danger and might drag you down, then you don’t have to worry about me. Your own safety is more important!”

Zhang Xiaofei always had a premonition that something bad was going to happen.

Zhou Hao glanced at Zhang Xiaofei and did not say anything. His heart was warm. He had no worries before. Now that there was someone who cared about him, it seemed to be good.

“Don’t worry, it’ll be fine. Even if all the top forces in the universe come to find trouble with me, I’ll take you and escape unscathed!”

Zhang Xiaofei wanted to say something but stopped herself. Her child thought that Zhou Hao was bragging.

If the top powers of the entire universe came looking for trouble, even if it was a few hundred star fields, they would probably be scared to death.

In short, she did not believe Zhou Hao.

This big brother Zhou seemed to be a true braggart. He must have bragged many times.

Zhang Xiaofei thought to himself.

Zhou Hao brought Zhang Xiaofei along and started to search. Along the way, Zhang Xiaofei was like a curious baby, asking all kinds of questions.

Zhang Xiaofei was very shocked. She saw all kinds of heaven-defying means left behind. Along the way, she saw many incredible things.

For example, there was a path that was paved with countless planets of various sizes. If one didn’t look carefully, one wouldn’t be able to tell that the particles were planets.

After seeing it clearly, Zhang Xiaofei was very shocked.

Zhou Hao was used to it. After all, he had already done some more ridiculous things.

For example, he built his own experimental base on planet Earth, and he succeeded.

That was just one of the examples. He even bought a few galaxies to plant flowers and raise grass so that he could change his mood every day.

“Big brother Zhou, are you trying to say that you can do it too?”

Zhang Xiaofei, who was standing beside Zhou Hao, rolled her eyes and said after seeing Zhou Hao’s indifferent look.

Zhou Hao did want to say that he could do it, and it was just a matter of convenience, but he chose not to say it. Instead, he chose to shut up.

Now, he didn’t want to talk to Zhang Xiaofei because Zhang Xiaofei didn’t believe him.

Just not believing this was enough to make him choose to shut up. He felt that there was no point in saying more.

Moreover, Zhou Hao thought that it might not be a good thing to tell Zhang Xiaofei now. So, he thought that he would tell Zhang Xiaofei when the time was right.

Zhou Hao first brought Zhang Xiaofei to hide behind a tree. At this time, he took out a pile of barbecue.

“What are you looking at? sit down and eat!”

Zhou Hao looked at Zhang Xiaofei’s dumbfounded expression and knew that she had a lot of questions, but she did not explain them. She just wanted to fill her stomach.

What Zhang Xiaofei wanted to ask was, shouldn’t they be looking for cosmic dollars and those resources now? why did they come here to barbecue?

Although she had a lot of questions, Zhang Xiaofei did not ask. She thought that maybe big brother Zhou was hungry and wanted to eat barbecue, so she sat down and ate with him.

However, he had stayed here for three days.

Zhang Xiaofei finally couldn’t help but ask,””Brother Zhou, what are we doing here?”

Zhang Xiaofei was actually looking forward to seeing all kinds of strong people fighting. She did not expect that she would not see anything other than eating barbecue for a few days.

At this time, Zhang Xiaofei’s eyes were full of resentment.

“Nothing much. All we need to do now is wait. I know you have a lot of questions to ask me, but it’s useless even if you ask me now because I won’t tell you. Just wait a little longer. When the time comes, you’ll know even if I don’t tell you!”

Just like that, they waited for a few more days.

A few evolvers had entered the foot of the mountain, and Zhou Hao quickly sensed their auras.

When he sensed this aura, Zhou Hao immediately locked onto it.

“Hehe, the fish has finally taken the bait. Xiao Fei, it’s your turn now. Go to the front of the tree and lure them in!”

Zhou Hao patted Zhang Xiaofei’s shoulder.

Although Zhang Xiaofei did not know what to do, she still followed his instructions and went out.

As soon as Zhang Xiaofei walked out, he saw a few people walking over. These people were all emitting a strong aura.

Almost instantly, Zhang Xiaofei's hair stood on end. She could only feel danger approaching, as if it was not a few people coming, but a few humanoid beasts.

Each of these four evolvers was stronger than the last.

"There's actually a loner here, and a beauty at that. Boss, I haven't had meat in a long time, let me vent my anger!"

Chapter 1157 - Another piece of good news

Chapter 1157: Another piece of good news

An Evolver pleaded with the burly Evolver, who was also the strongest among them.

The strongest evolved human's eyes were burning as he pushed the other one away and shouted, "Get lost, I'll go first. After I'm done, you can take turns!"

Although the posthuman was pushed to the ground, he was not angry. Instead, he was excited.

"Thank you, boss!"

Immediately, the remaining evolvers all looked over like wolves and tigers.

Zhang Xiaofei was panicking. At this moment, she only felt that these people were all Big Bad Wolves in human skin.

Now, all they wanted to do was to swallow her.

Although Zhang Xiaofei really wanted to ask Zhou Hao to come out and help her, when she thought of what Zhou Hao had said before, she suddenly chose to hold back this impulse.

There had been a test before, and this was another test. Zhang Xiaofei endured the fear and anger and waited for them to come.

Now, Zhang Xiaofei was thinking that only by keeping calm enough could they take the bait.

If they were to see through their plan, then the prey that brother Zhou had his eyes on would be gone.

Although she would not be blamed, Zhang Xiaofei thought that she would definitely feel guilty.

So, Zhang Xiaofei thought that she must lead them there.

In fact, Zhang Xiaofei did not know that she was already doing very well.

Zhou Hao was very satisfied behind the tree. If it was anyone else, they would have called him by now.

Instead of forcing herself to calm down and wait for those beasts to approach her.

“Hahaha, boss, did you see that? she’s scared silly. It looks like she’s a Virgin. We’re lucky!”

The few evolvers licked their lips and laughed out loud. However, they were all lecherous.

They all looked at Zhang Xiaofei with perverted eyes.

Zhang Xiaofei was very humiliated. At this time, it was as if he had returned to the planet where the mutant beasts invaded. It was the same once, if it wasn’t for his parents ‘desperate fight.

He had probably been defiled a long time ago.

Although she would not be defiled now, Zhang Xiaofei still felt the same.

“I can’t let big brother Zhou down. I must become stronger. Only by becoming strong enough can I protect myself!”

Zhang Xiaofei’s nails dug into her skin, and there were traces of blood on her smooth skin. However, she was still calm.

This was actually Zhang Xiaofei’s limit.

Zhuo Xing walked in front of Zhang Xiaofei and found that she did not run away. He did not think too much about it. Now, his mind was full of thoughts on how to have fun.

Zhuo Xing licked his lips as he approached. Then, he reached out his hand and lifted Zhang Xiaofei's chin.

Why aren't you making a move?

Zhang Xiaofei's eyes were glistening with tears. She looked lovely and charming, which added a touch of charm to her beautiful face. Zhuo Xing's beast blood was boiling as he looked at her. He could not wait to whip his horse.

However, Zhuo Xing did not act so quickly. To him, watching his prey cry in fear was a very enjoyable thing.

Zhang Xiaofei was on the verge of tears. Her mind was filled with wild thoughts. She wondered if brother Zhou had run away and could not defeat these evolvers.

"Big brother Zhou, why aren't you out yet? did you leave Xiao Fei behind? Wuwu ..."

Finally, Zhang Xiaofei's psychological defense collapsed. On quwu star, she was just pretending. In fact, she was very fragile inside.

At this time, Zhou Hao had waited for these people to get close enough. At the same time, Zhou Hao realized that Zhang Xiaofei's strength was just a disguise. Her fragile side was her real side.

Zhou Hao wasn't disappointed when he realized this, but he had mixed feelings.

He didn't expect that this little girl would be willing to suffer so much in order to obtain power.

It seemed that this little girl had made a very courageous decision to follow him here.

He was too inhumane to actually use her to help him do these things. Zhou Hao felt very guilty.

He was thinking that he would make it up to her when he found some good resources.

"Bastard, stop!"

Zhou Hao shouted angrily. He hadn't been this angry in a long time. He wasn't even this angry when he saw a scumbag.

Now, he was very angry, and he only wanted those scumbags to pay the price.

Zhuo Xing and the others' expressions changed, but they quickly recovered and returned to their arrogant state.

“There’s only one of you, and you want to snatch someone from us? Sir, isn’t the plane overestimating itself?”

Zhuo Xing and the others were disdainful. He was just an Evolver. They could take care of him in a matter of minutes.

Zhou Hao didn’t waste any more time and threw a punch.

There was nothing fancy about this punch, but it was a terrifying one.

The moment he threw it, a lot of energy in the universe gathered and condensed into a huge energy ball.

Zhuo Xing and the rest were evolvers here, so they had seen the world and knew that this was a powerful combat skill.

Those who could use such a combat skill were all of high status. At the very least, they had to have a strong background.

Most importantly, they were still very powerful. They were definitely not their match.

“Venerable one, it’s this lowly one who was blind. Please show mercy and spare ...”

Zhuo Xing’s expression changed drastically. He wanted to beg for mercy, but before he could finish, the ball of light had already arrived and struck him.

In an instant!

His body melted after coming into contact with the terrifyingly high temperature, and he stopped abruptly before he could even say the word “spare my life.”

The other evolvers were scared out of their wits.

They were so frightened that they knelt on the ground and kowtowed like pounding garlic.

“I don’t want to die, Sir! Please spare my dog life!”

“Your Excellency, just treat me as a fart and let me go!”

These two evolvers were of no use to him, so Zhou Hao did not hesitate to kill them.

He also punched out, and the three of them instantly evaporated on the spot. He had controlled his strength very well.

It didn’t hurt the surrounding flowers and trees, not even leaving a trace.

Even if the few major forces wanted to find it, they could not find any clues.

“Do you think I can’t find you just because you’re using an invisible treasure?”

Zhou Hao said as he looked at a tree.

The pockmarked-faced Evolver who had used the invisibility Pearl was shocked. How could they even know that he was invisible?

“Your Excellency, I was wrong. I won’t dare to do it again!”

Zhou Hao picked his ears and said impatiently, “If that’s all you have to say, then you’re just as useless to me as they are. You can die!”

Just as Zhou Hao was about to make his move, the pockmarked-faced Evolver said, “Your Excellency, I have news. I know the whereabouts of the void cauldron. If you go now, you can still make it!”

Chapter 1158 - meeting the fool again

Chapter 1158:-meeting the fool again

Zhou Hao was still doubtful, but he still asked, “Where are you?”

The pockmarked man did not say anything. Instead, he said fearfully, “As long as you promise not to kill me, I’ll tell you!”

Zhou Hao frowned and nodded in agreement. There were many such scumbags, and he couldn’t kill them all even if he wanted to.

“It’s above the floating mountain. If you go west from here, you will find it soon!”

Hearing this, Zhou Hao’s smile hid daggers, “If I find out that you’ve lied to me, you should know the consequences!”

The pockmarked-faced Evolver broke out in a cold sweat and said, “I would never dare to lie to you. If the information is false and you want to kill me, I will have no complaints!”

Zhou Hao believed the pockmarked-faced Evolver. He was someone who valued his life, and there was no need for him to lie.

Zhou Hao had let the pockmarked-faced Evolver go, but he had also destroyed his Foundation, turning him into a cripple.

“Your Excellency, how could you do this!”

The pockmarked-faced Evolver was extremely shocked and furious. He had not expected that Zhou Hao would agree to let him go and even cripple his cultivation.

Zhou Hao’s actions made him feel worse than if he was killed.

“Don’t worry,” Zhou Hao said indifferently. “I’ll leave you a ticket. You can return to your home planet safely!”

The pockmarked-faced Evolver was completely disheartened. He would be a complete cripple when he returned. At that time, even if he did not die, he would not be able to live a good life.

If it was before, he would definitely want to take revenge. However, he did not dare to have such a thought now.

That was because he was now an ordinary person. Even a person of the same age could knock him down with a punch.

“Do you think I’m being cruel?”

Zhou Hao actually felt that he was very cruel, so he asked Zhang Xiaofei who was beside him.

Zhang Xiaofei shook his head. “Big brother Zhou, don’t say that. I don’t think so!”

Zhou haozhi thought that Zhang Xiaofei was just trying to comfort him and did not continue the conversation.

In order to survive in this cruel world, a few years had passed since then. He knew that he had become ruthless.

It was just that sometimes, he was also lost. He couldn’t tell whether what he did was right or wrong.

However, he didn’t think too long about this problem. He only knew that sometimes, he couldn’t help it. At this time, he must not waver his original heart.

At this time, he still needed to be as determined as before.

There were many experts, as well as students and teachers from the starry sky Combat Academy, who had come to the floating mountain.

There were also many mercenaries who killed for treasures and goods.

Among them, The Time Thief was also there, and there were countless Masters like him.

However, at this time, even if there was a deep hatred between them, they did not attack each other.

At this time, they were all looking for the void cauldron, which was a divine weapon of the parmi family.

As long as they could find it and study the mysterious patterns on it, they would be able to see the profoundness within and raise their strength to a higher level.

Furthermore, it would also allow their family's status to rise. It could be said to be killing two birds with one stone.

Therefore, they had all come to this place to take the cauldron for themselves.

If the Oscar family knew that so many forces had already found it before them, they would probably be so angry that they would curse.

Because, these people, were the Oscar family's business partners, most of them had originally expressed that they would keep this news a secret.

They were tight-lipped, but these forces were standing on the opposite side of the Oscar family, doing this was undoubtedly even more excessive than those who stabbed them in the back.

The Oscar clan didn't know about this, and they were still on their way.

"Interstellar presidents of small merchant associations like you shouldn't join in the fun here. It's better for you to get lost. If we start fighting later and accidentally exterminate you, don't blame us for being ruthless!"

An expert who was wandering in the starry sky sneered as he spoke to the people of the Chamber of Commerce.

The interstellar Chamber of Commerce was one of the interstellar Chamber of Commerce's presidents, Horst. Horst was quite famous in the entire universe, and he had always been in business with the Oscar family.

After hearing this news, many Chambers of Commerce knew that it was worth the risk. It was like how sharks would come after smelling blood, and Horst was no exception.

After Huster had arrived with his men, he had not expected that it was not just his Huster family who had come.

“Damned information broker!”

At this moment, Horst wasn't the only one who was cursing. Many Chambers of Commerce and some forces, including the Royal princes, were also cursing.

“F * ck you, I'm absolutely irreconcilable with you!”

Many of the princes no longer cared about their manners and were now spewing out vulgar words.

They all wanted to dig three feet into the ground to find the person who sold the information and cut him into pieces.

At that time, someone had found them and sold them this information, saying that it was unique.

However, when he arrived, he realized that there were already thousands of people who knew about this.

There were already a few powerful Chambers of Commerce, and Horst was the strongest representative.

Horst's expression was ugly. He was burning with anger. Right now, he wanted to find trouble with the information peddler the most, but he didn't do so. Now that he was here, he would definitely be a laughingstock if he returned empty-handed.

Therefore, he could only think about what benefits he could take away after these people were done fighting.

Hauster was still thinking that when he returned, he would definitely make the information broker who sold him the information back then pay for it.

“F * ck!”

Zhou Hao and Zhang Xiaofei quickly arrived at the star sector where the floating mountain sect was located. When they arrived, they thought that they could easily take it away.

However, the moment he arrived, he saw a dense crowd of people. He recognized many of them.

They were all important figures in the universe.

However, their faces were ashen, and they looked like they were enduring humiliation. They must have been deceived as well.

That person had already told him, so it shouldn't be considered a lie. Zhou Hao quickly comforted himself in his heart.

However, Zhou Hao was still a little upset. This information was not of much value.

If only a few people knew, he still had a chance.

But now that there were so many people, this opportunity was going to be shared equally. Now, it depended on who was lucky and who would get it.

He's here too!

Seeing Zhou Hao, many of the leaders of the major forces were on guard, even though Zhou Hao did not come for them this time.

However, they were all very nervous. Before this, as long as Zhou Hao appeared, something big would happen, and it would be a world-shaking event.

Although they didn't know what would happen this time, they all knew that this kind of thing might involve them. They had experienced this many times and had learned to be cautious in times of danger.

Chapter 1159 - Revenge for the fool

Chapter 1159: Revenge for the fool

Right now, they were not thinking about how to take away the crucible of the void. Instead, they were thinking about which route to escape from if Zhou Hao were to cause trouble for them.

The princes who had been bullied by Zhou Hao earlier all had ugly expressions on their faces. They had never thought that there was any hope, and now they were even more hopeless.

Zhou Hao was definitely the strongest representative among all the heroes. They basically had no hope.

If it was before, they would definitely look down on Zhou Hao, but now, they did not dare to think that way.

As early as three months ago, they had heard that Zhou Hao had glimpsed the legendary mysterious realm. Now, even if he was not standing at the peak of the world, he was not far away.

At this moment, if they were to fight head-on, it would be the same as seeking death.

Zhou Hao squeezed out a smile. He was very happy to see the princes and familiar opponents.

The universe was too big, and it was lonely to be without an opponent. Therefore, he was very happy to see such an opponent.

However, in the eyes of these opponents, this smile was already explained by their malicious thoughts as a hidden knife in the smile. In short, in their eyes, it was a malicious intention.

Many of them had already decided to stay as far away from Zhou Hao as possible when they went to search for treasures.

As Zhou Hao searched for the treasure, he realized that everyone he had met before had distanced themselves from him. Some had even given up on the search for the crucible of the void.

Zhou Hao was speechless. Was he really that scary now?

Zhou Hao even took out a mirror to look at himself. He was clearly harmless, so why were these people afraid of him?

Zhou Hao couldn't figure it out. He had been very friendly to them before. Even if he wanted resources, he would ask them for them openly and not steal them.

If the princes and his opponents knew what Zhou Hao was thinking, they would definitely curse him.

However, it was impossible for them to know.

Zhou Hao was slightly sad, feeling that he had lost a friend.

The good thing was that Zhang Xiaofei was with him now, which more or less comforted his heart.

“Brother Zhou, I saw that they were very afraid of you when they looked at you. I’m curious about what you used to do. If you don’t want to tell me, you don’t have to!”

Girls really liked to gossip. Zhou Hao did not hide anything and told Zhang Xiaofei about what he had done before.

Hearing this, Zhang Xiaofei was dumbfounded. She did not think that Zhou Hao did anything wrong.

However, he felt that Zhou Hao was not bragging. He was really powerful.

Otherwise, the major forces would not hate him so much.

Just now, some of them looked like they wanted to eat Zhou Hao alive.

Zhang Xiaofei did not believe it before, but now she believed it.

Even the royal family that she was from before was not qualified to meet any of those great powers.

If Zhou Hao had not brought her to this place, she probably would not have been qualified to see it in her life.

“Brother Zhou, I’m sorry. I shouldn’t have doubted you!”

Thinking that big brother Zhou had helped her so much and she had doubted him before, she thought that she had probably hurt big brother Zhou. So, Zhang Xiaofei chose to apologize now.

Zhou Hao stared at Zhang Xiaofei. He did not expect this girl to be such an understanding person.

“You don’t need to apologize. If it were someone else, they would think the same way!”

Zhou Hao did not expect that Zhang Xiaofei would care so much about his feelings. This made him feel that he had not seen him for a long time.

That was the feeling of family.

It had been a long time since he had been here, and this feeling was both strange and familiar to him.

After walking for a while, Zhou Hao suddenly found himself unable to move.

It was actually an energy field.

Zhou Hao quickly recognized it. After traveling through the starry sky for so many years, he could be considered to have seen a lot.

He had seen many kinds of skills. This energy field was similar to a gravity field, but in terms of power, the gravity field was just a small wizard in the small wizard.

The energy in the energy field could instantly kill an expert and seal any movement. It was a killing weapon.

This kind of killing weapon was not something that just anyone could possess. If one wanted to use it, they would need at least a few Saint-leveled experts to attack together.

“You guys actually came here to deal with me. Don’t you want the void cauldron anymore?”

Zhou Hao was very surprised. Although she had many enemies, those who could use energy fields shouldn’t come to seek revenge at this time.

That was because using the energy field would mean losing the chance to take the cauldron.

Now, these people were not trying to snatch the crucible of the void but were here to deal with him. This was something he really couldn’t understand.

“Zhou Hao, I will obtain the void cauldron sooner or later, but before that, killing you is the most important thing. Before this, you took away the ruling power of our star field and made my reputation worse. You have gone too far. Now I will settle all the Old and New grudges together!”

These people were all wearing space mechas, and their faces couldn’t be seen.

However, when a red mecha came out and spoke with gritted teeth, Zhou Hao realized that they knew each other.

This was the fool that he had bullied before. Zhou Hao was stunned. How did this fool become so smart?

He knew that there were magical medical skills in the universe, but he had never heard of one that could improve one’s intelligence.

“A fool?”

Zhou Hao subconsciously thought that it was fake, so he tried to call out.

Jimmy was furious. His eyes were red and he gritted his teeth.

What Zhou Hao did not know was that the people he had encountered during his robbery were not idiots.

It was because Jimmy had been injured and was alone, so he was afraid of death and played the fool.

At that time, Jimmy had given all his precious resources to Zhou Hao as toys.

It was also because of that incident that Jimmy returned to his own country. For some reason, the news was leaked and he was laughed at by the people around him for a long time.

Jimmy wanted to take revenge, but he chose to put it aside. He wanted to know who leaked the information, but he found out later that it was Zhou Hao.

When he heard the news, Jimmy was furious. He thought about revenge day and night.

Now, the opportunity he had been waiting for had finally come. He had brought a few of his father's powerhouses over.

"Don't call me an idiot. Zhou Hao, I swear I'm not a man if I don't get my revenge!"

Jimmy roared and looked at Zhou Hao as if he was the murderer of his father. He swore that he would avenge his father's death.

It was one thing for Zhou Hao to treat him as a fool, but the point was that he had been showing off everywhere that a fool had given it to him. He had even said that he was lucky.

However, Zhou Hao was now looking at Jimmy in disbelief. "Idiot, you can speak now?"

Chapter 1160 - -Crazy Jimmy

Chapter 1160:-Crazy Jimmy

?

Jimmy flew into a rage and said without pausing, "I'm not a fool, and I'm not a fool. I'm the second Prince of Star Universe Empire. How dare you insult me like this? I'll cut you into pieces!"

Jimi turned his head and looked at the Saint-level leader angrily.

“If you don’t attack now, when are you going to do it? kill him immediately! I want him to suffer a fate worse than death!”

The team leader immediately led his men and charged forward. They rushed in front of Zhou Hao and used their strongest combat skills.

A claw that tore through space descended with a whooshing sound. It was wrapped in scorching air waves that swept in all directions.

As he fell, the flowers, grass, and trees on the ground withered rapidly.

Star Universe Empire’s Secret skill, scorching sun god claw!

Even this was used?

The Rangers who had been watching the show all crossed their arms in shock.

The scorching sun Divine Claw was a famous combat skill of the starry sky royal family. It was also a terrifying skill.

Usually, the royal family of starry sky wouldn’t take it out. It was difficult to even take a look at it. This was a secret that was not passed on.

The claws tore the earth apart, causing the ground to collapse.

Zhou Hao used the eight steps chasing cicada, leaving an afterimage on the spot as he easily dodged the attack.

Seeing that his claws had missed, second Prince Jimmy was even more exasperated.

“Use the interstellar cannon and blast him to death!”

Jimi was so excited that his face was filled with madness as he spoke to the captain beside him.

Hearing this, the captain’s face turned serious. He originally thought that Jimmy would at most come out for a small fight.

However, from the looks of it now, it was not a small fight. It had completely risen to the level of war.

It turned out that the interstellar cannon was only used to deal with those disastrous interstellar level mutated beasts and would not be used easily.

“Second Prince, please reconsider your decision. Once you use it, there is no turning back!”

James said with a solemn expression. He was a little disappointed.

He also finally understood why the Emperor of starry sky didn't like the second Prince. He was really stupid.

If he was the Emperor, he wouldn't let Jimmy be the Emperor either.

“James, did you not hear what I said? I told you to use the space cannon. Take it out now, immediately!”

Jimmy no longer wanted to go back and be mocked. He wanted to take advantage of this chance to meet Zhou Hao and take revenge.

As for the consequences, he didn't care at all.

To them, it was just some compensation at most. Anyway, he was not well-liked in front of his father, so now he chose to give up.

James hesitated for a moment, but still chose to take it out.

If he took it out, he would be punished and lose this Golden Rice bowl.

If he didn't take it out, Jimmy would still have the right to strip him of his identity, and he would still throw it away.

In the end, James still chose to take it out.

If he didn't take it out now, he wouldn't just lose his job.

“You idiot, since you like to cause trouble, then go ahead. I only hope that you won't regret it later!”

James didn't dare to say it out loud. After a cold snort, he turned around and left the place.

Jimi had a Saint level expert take out an interstellar cannon and set it up in front.

“Fire the cannons and kill him!”

The Saint expert was extremely nervous. This was an interstellar cannon, and once it was used, it would cause a huge problem.

“Attack! If you don’t fire now, I’ll replace all of you when I get back. You won’t have a good life in the future!”

Upon hearing this, the Saint-level expert no longer hesitated and decisively chose to enter the code. The code quickly began to run.

The originally blue cannon barrel had also turned from blue to a dangerous red. It was accumulating power.

At the muzzle, one could see a lot of energy gathering.

This energy was the energy of heaven and earth. Once the space cannon was used, it could easily absorb energy.

“Alright, that’s it, that’s right!”

After the cannon was fully charged, Jimmy immediately gave the order.

“Fire the cannons!”

The interstellar cannon started to shake, and the ground started to shake as well. The experts who were collecting all kinds of resources all over the mountains felt a terrifying force gathering and looked over in shock.

F * ck!

Zhou Hao was shocked. It seemed like Jimmy was going to risk his life. However, he didn’t expect Jimmy to take out a weapon like the interstellar cannon.

The interstellar cannon was the foundation of an Empire. It was a national treasure.

Now that Jimmy had taken it out, he had not expected it.

As the cannon shot out a beam of red light, Zhou Hao pushed his soaring through the void to the extreme, allowing himself to burst out with the fastest speed.

The power of the interstellar cannon was very terrifying. It was specially used to deal with those mutant beast Emperor level existences that were very difficult to kill. It was a killing weapon that could kill in one shot.

The weakness was that it took a long time to activate. Zhou Hao managed to Dodge the attack, but he was still hit by the terrifying energy.

Zhou Hao could only feel himself being burned by the sun in the sky. He could not help but let out a blood-curdling scream.

Although she was already in the immortal state, she couldn't touch the sun directly. When she was hit by the energy, she felt a piece of her flesh melt.

Jimmy was very excited. He had finally gotten his revenge. This was the result he had wanted.

"Hahaha, Zhou Hao, to think that you would have such a day!"

Many Rangers and evolvers who had explored time and space were laughing out loud.

Before this, Zhou Hao had robbed them many times, but they had all chosen to swallow their anger.

However, it didn't mean that they would just pretend that nothing had happened.

He had been waiting for this moment.

"Go and see if he's dead. If he's dead, a lot of good things on him will be ours!"

"Let's go. If we can get Zhou Hao's Secret technique, this trip will be worth it!"

Many powerhouses wanted to hit him when he was down.

However, there were also some experts who were hesitant. They were all worried that this unkillable cockroach would not die at all.

Before this, there were many times when they thought that Zhou Hao would definitely die.

In the end, Zhou Hao did not die.

Although they didn't dare to snatch it, they also went to watch the show.

"Don't even think about snatching it from me. All of Zhou Hao's Secret techniques and treasures are mine. Whoever snatches it from me will be an enemy of starry Empire!"

Jimi excitedly pushed through the crowd and rushed down the mountain.

A huge ravine formed at the spot where the interstellar cannon had shot out, connecting to the entire foot of the mountain.

Jimmy rushed to the front. What he wanted most now was to be the first to see Zhou Hao's miserable state, the first to see Zhou Hao kneel on the ground and beg for mercy.

Chapter 1161 - space cannon

Chapter 1161:-space cannon

Jimi had indeed rushed to the front, but when he squeezed through the crowd, he was stunned.

Where was he?

This result was beyond Jimmy's expectations.

From Jimmy's point of view, if the interstellar cannon hit, Zhou Hao would either be dead or injured.

Zhou Hao's disappearance was something he had not expected.

Could it be that he had overestimated Zhou Hao, and after being shot by the interstellar cannon, he had turned into ashes?

Very quickly, Jimmy confirmed this possibility.

No wonder he was so sure that the interstellar cannon was one of the most powerful weapons in the star Empire.

It was the nemesis of most mutant beasts.

As long as they were hit, they were basically dead.

"All of you, listen up. In the future, whoever dares to call me an idiot will end up like Zhou Hao. Hahaha, I've finally gotten my revenge. Let's go back and celebrate!"

Just as Jimmy thought that he would return in defeat, he suddenly realized that his subordinates' expressions were ugly, and the atmosphere was a little off.

Soon, Jimmy realized that his subordinate's expression was strange, as if he had seen something unbelievable.

Jimmy couldn't help but follow his line of sight.

When he looked over, Jimmy's eyes widened in disbelief.

He saw a person appear in front of him. It was Zhou Hao.

“How could you still be alive ...”

Jimmy stopped abruptly before he could finish his sentence, only to find that Zhou Hao had already disappeared.

Not good, Jimmy thought to himself. He could already feel the killing intent.

The area he was in was Zhou Hao's domain. Zhou Hao could kill him easily.

Jimmy wanted to go back and fire another shot, but it was too late. Zhou Hao was one step ahead of him.

“Idiot, do you know that I'm very angry right now?”

Zhou Hao's face was gloomy. The cannon blast just now had almost destroyed his body and soul. He was playing with his life.

If it wasn't for his good luck, he might have been dead by now.

It was fine if he died, but Earth Star would be finished too.

Therefore, he could not allow any accidents to happen to him.

All in all, he just wanted to make Jimmy pay for what he had done.

“You guys, hurry up and stop him! If you don't protect me now, I'll have my father kill all of you!”

At that moment, Jimmy was terrified. In fact, she was more afraid of Zhou Hao.

After not using the interstellar cannon, he was now an ant. That's right, an ant.

“Second Prince, you're on your own. I'll be leaving first!”

“We can't deal with him. We don't want to die Here!”

Those Saint-leveled experts had fled for their lives. How could they be as stupid as Jimmy?

“You bastards, come back! Whoever can protect me will be promoted!”

Even if Jimmy shouted his lungs out, he wouldn't be able to call her back.

The Saint-leveled powerhouses had already torn the void and escaped.

The Rangers and evolvers who had come to join in the fun all fled in panic, afraid that they would be robbed again.

Am I that scary?

Zhou Hao was speechless. He quickly looked onto Jimmy. Actually, she wouldn't hurt the innocent now. She would only deal with those who provoked her.

"Looks like I was wrong. You're not an idiot, Jimmy. I really want to let you go, but I don't want to have any more trouble in the future, so I've decided to send you down now!"

Jimmy wasn't angry. He only felt fear. If he didn't have the protection of a Saint level expert, he would have been scolded for being nothing. He wouldn't even be a low-level mercenary.

Jimi's body was trembling. He had never thought that the situation would turn out like this.

"Mr. Zhou, I was wrong. Don't kill me. I'm a fool. I'm an idiot. You can call me whatever you like."

Zhou Hao laughed coldly. It seemed like Jimmy had been pretending all along. He was not an idiot.

It turned out that he had been wrong. Zhou Hao was still very angry and had no intention of letting him go.

"Give me your space cannon and all the weapons you have on you, and I'll let you go!"

Zhou Hao thought for a moment. If he killed them, he would become the enemy of Star Universe Empire, and he would be in a lot of trouble.

In the past, he had made countless enemies and was assassinated by many forces.

Although he wasn't afraid of assassinations, he didn't want to be in trouble while he was sleeping.

If it really came to that time, he thought that he would definitely suffer more than he did now. From before to now, he had already lived for a long time, and he never wanted to go back to that time and taste that feeling again.

Now, he just wanted to live a good life.

Only after all these things were good could he live a better life at other times.

“What did you say? you want the interstellar cannon? impossible! I can give you everything else, but this is absolutely impossible!”

Jimmy was very excited. If the interstellar cannon was gone, his father would definitely be furious.

Zhou Hao knew that he would refuse, so he said coldly, “You’re now my prisoner. You don’t have the right to refuse. If I kill you now, I can still take the interstellar cannon!”

The interstellar cannon was also called the condensed energy cannon. It was a type of heavy weapon and was very useful against mutant beasts.

It was one of the core secrets of many countries. No wonder Jimmy would reject it.

However ... He didn’t care if Jimmy would agree or not, he just wanted to tell him in advance.

Jimmy was trembling. He had come fully prepared, but in the end, he still ended up as a prisoner.

“Alright, I’ll give it to you. You’ll let me go now!”

After a moment of silence, Jimmy finally couldn’t help but speak.

After Zhou Hao got it, he was very happy. He took it to Earth Star to equip the Arsenal. When the time came, it would not be as difficult to deal with the mutant beasts as before.

Before this, their Earth Star could only barely hold on.

He had been trying to find a way to deal with the mutated beasts, but they were too terrifying. He couldn’t win with numbers, so he used leveling up to win. They were simply invincible in the universe.

If not for him, Earth Star would have fallen long ago.

Ever since he left Earth Star, he had been searching for a weapon. This interstellar cannon was one of the weapons he needed.

As long as he had the interstellar cannon, it would be much easier to solve the problems he wanted to solve in the future. At least, it would be easier than before.

Jimmy’s face was ashen. If they gave the cannon to him, his Star Universe Empire would suffer a loss.

Although the star field Empire could build it, they would have to pay a huge price.

This time, because of his recklessness, he had caused such a loss. Jimmy hadn't even used it back yet, but he could already foresee how miserable his future would be.

Chapter 1162 - -ominous premonition

Chapter 1162:-ominous premonition

Zhou Hao smiled as he watched Jimmy board the spaceship and leave the floating mountain.

After that, Zhou Hao found a place and started his old business.

“Big brother Zhou, how are you?”

At this time, Zhang Xiaofei walked over and asked with concern.

“It’s just a small injury. It’s not a big deal. I’ve earned big this time!”

Zhou Hao was in a very good mood. He felt as if he was floating in the air. He couldn’t bear to part with the interstellar cannon.

This kind of interstellar cannon could be shrunk in size. It could be put into the space condensing ring or held on the hand, which was very convenient.

With it in his hand, it would be much easier for him to solve the next problem.

“Xiao Fei, continue, just do as I said before, don’t be afraid, big brother Zhou won’t leave you, I promise!”

Zhou Hao’s words made Zhang Xiaofei feel at ease.

“Alright, big brother Zhou!”

In the next few days, Zhang Xiaofei continued to seduce her, and she seemed to be a lot more experienced.

Many evolvers were easily hooked. These evolvers were all from some major powers in the universe.

Many of them had come from the starry sky Combat Academy. Among them, there were experts who had strolled through the starry sky, but the majority of them were ordinary evolvers.

“Zhou Hao, you can’t do this!”

When these experts were tied up and realized that it was Zhou Hao who had robbed them, they were all furious and devastated.

Zhou Hao wouldn’t kill them, but what he was dealing with would make them feel despair. This would be an unforgettable nightmare for them.

“Everyone, I don’t want to do this, but I’m short on money. Even if I ask you to lend it to me, you won’t!”

Zhou Hao said in a matter-of-fact manner.

The mouths of these experts who were wandering the starry sky twitched. This guy was simply shameless to the extreme. He actually blamed them for not lending it to him?

Although they knew that it was just an excuse, they still felt that Zhou Hao was shameless.

They were already used to it. After all, they weren’t the ones being robbed. Many others had been robbed.

“Can you leave some for us?”

In the end, the oldest expert among them who was wandering in the starry sky managed to say something with great difficulty.

If it was before, Zhou Hao would definitely reject this request, but now he happily agreed.

“As long as you’re willing to cooperate, it’s fine!”

Upon hearing this, the few experts who were wandering in the starry sky felt very sullen. They had been robbed, but this guy seemed to think that it was his?

Although they were very unhappy, they didn’t dare to flare up now. If they angered Zhou Hao, they wouldn’t be able to leave this place safely.

He had let these powerhouses go, and Zhou Hao had even robbed those who were not considered good people. These people were all very rich.

Some of these evolvers wanted to try their luck, but they were robbed by Zhou Hao the moment they stepped out of the crack in the void.

They had been excited when they first arrived, but when they returned, they were all furious. They even wanted to fight Zhou Hao to the death.

However, they did not do so.

They knew that they couldn't do that.

If they chose to do this, they would never be able to leave this place safely.

Zhou Hao was in a good mood. With the interstellar cannon, he had also received quite a lot of universe dollars.

Although Oscar bank had dropped a lot of universe dollars this time, most of them were picked up by the evolvers who had arrived first.

Now that he was a step too late, he basically couldn't see any universe dollars.

Next, he needed to find the crucible of the void. This was his ultimate goal.

As long as he could find it, he would be able to defend against the beast tide when Earth Star encountered a full-scale invasion again.

At that time, all the problems would be solved.

Zhou Hao was already fantasizing about the day when he could do whatever he wanted with the cauldron.

The next day, when he was about to repeat the same trick with Zhang Xiaofei, he heard a shocking news.

That was, some of the experts who wandered the starry sky had fallen. Someone had examined their injuries and found that they were injured by mutated beasts.

The key was that it wasn't just a strolled starry sky who had died. There were many experts like him.

Void beasts usually moved in groups. This was the first time they were moving alone.

This was the first time he had heard of a mutated beast acting alone.

"Something big is definitely going to happen!"

Zhou Hao suddenly had a premonition. Then, he left the floating mountain with Zhang Xiaofei's family.

He didn't want the cauldron either. Now, he thought that it would be a waste of time to stay here.

Zhou Hao returned to Earth Star and gave professor han the interstellar cannon.

"Mr. Zhou, you've been of great help. This interstellar cannon will definitely help Earth Star resolve its crisis and get it out of its predicament!"

Professor han was a crazy inventor. He was most interested in space cannons. To him, this technology was everything.

Every time Zhou Hao brought back technology, it would bring technological innovation to planet Earth, and it was always a surprise.

These surprises made him happier and happier each time.

This time, he was the happiest.

He was not the only one who was happy. The headquarters of the Earth Star ground Alliance was also in an uproar.

Zhou Hao was already their Guardian. He had become the Supreme God in their hearts. He was the only God.

If it wasn't for Zhou Hao, they would have been dead and earth Star would have become a slaughterhouse for mutant beasts.

When the mutated beasts came here, they had slaughtered many humans and brought countless disasters to this place.

It was all because of Zhou Hao's appearance that these catastrophes disappeared in advance, allowing many people to avoid the catastrophe that they were supposed to experience.

"I'm giving this to you. In the future, you must properly display its use. Don't Let Me Down!"

The interstellar cannon was considered to be a cutting-edge technology in the universe. Zhou Hao warned him because he didn't want to waste this technology.

Originally, it would be a waste to give it to Earth Star, but he still chose to give it to them.

After all, he still had many things to do. He had to leave earth at any time to go to quwu star to find Jonina.

However, he didn't have any news, so he could only stay here. Otherwise, he would have chosen to go.

He didn't want to continue staying in this place. Now, he already knew what he should do.

In the following period of time, Zhou Hao asked Zhang Xiaofei to stay in the largest Academy on Earth Star as an instructor to teach the students.

Soon, Zhang Xiaofei became the person whose status was second only to him on Earth Star and was the center of attention.

Zhang Xiaofei was flattered. Before this, she was just an ordinary person.

Now, she could actually get the attention of so many people. This was simply a dream. She felt that it was somewhat unreal.

"If there's anything you don't understand, I'll teach you in the future. The most important thing now is to pass on what you've learned to them. Although they won't be able to achieve what I've achieved in the future, they'll be the backbone of our strength. We can't do without them!"

Zhou Hao said to Zhang Xiaofei.

Zhang Xiaofei was very envious. She thought that it would be great if quwu star also had such a dedicated Guardian.

There were also strong people on the martial arts star, but ironically, none of them could unify as much as the people on the Earth Star.

They were all fighting on their own and were eventually defeated by the mutated beasts one by one.

If there was an expert like Zhou Hao on quwu star, then the planet would not have become a paradise for mutant beasts.

Unfortunately, there were no ifs.

"I also want to continue to become stronger. The sooner I find Princess Jonina, the sooner I will have hope!"

Soon, Zhang Xiaofei adjusted her mentality.

Chapter 1163 - Black Fox mercenary's battle invitation

Chapter 1163: Black Fox mercenary's battle invitation

Zhou Hao stayed on Earth Star for a while, and then left Zhang Xiaofei there.

He would head to quwu star alone and continue his search for Jonina.

He couldn't find Jonina, but his receiver received a signal, a message to be exact.

The content of the message was probably about the Black Fox mercenary group issuing a challenge.

"Are you sure there's no mistake?"

Zhou Hao immediately boarded a spaceship that day and went to the mercenary Union headquarters to ask the person in charge.

The person-in-charge pushed up his glasses and said, "It's impossible to be wrong. It's the handwriting of the captain of the Black Fox mercenary group!"

Zhou Hao hesitated for a moment before he asked, "Can I reject the challenge?"

It wasn't that he was afraid, but right now, he wanted to find Jonina. His instincts were telling him that he had to find Jonina as soon as possible.

Therefore, he didn't want this to continue.

The person-in-charge said expressionlessly, "Once it's issued, you can only accept the challenge. No one is an exception. This has been the rule of the mercenary Union for millions of years!"

Zhou Hao had no choice but to accept the challenge.

The challenge was three days later, and the content was roughly like this.

It was a competition of who could hunt more demonic beasts. Whoever could hunt the most would have a higher quota.

Zhou Hao had previously hunted the mutant Spider Emperor's parent body and was currently ranked 997th. This ranking did not seem high, but it was actually very high.

Moreover, it was second to none.

In the entire universe, other than the current few great empires, they were all ranked outside of the top 10000. Some were even ranked below the top 100000.

The Black Fox mercenary group was ranked below the top 100000. If they wanted to get a higher ranking, they could only use this kind of competition to determine the winner.

Zhou Hao understood the Black Fox mercenary group. After all, it was not easy to meet a lone wolf like him. This was a rare opportunity.

However, Zhou Hao also sympathized with the leader of the Black Fox mercenary group. This time, they were going to be in big trouble.

At that moment, the Black Fox mercenary group was celebrating.

"Brothers, we're lucky this time. We've met a fat sheep who's alone. Haha!"

Wang Dashan, the leader of the Black Fox mercenaries, laughed happily.

When the members of the Black Fox Regiment saw Zhou Hao's information on the page, they were all ecstatic.

As long as they could take down Zhou Hao, they would be able to reach the heavens in a single bound. By then, they would be able to reach the peak of their lives.

"Boss, hehe, after I kill this guy, I will marry Princess an Lili!"

A man with cheeky skin and a cunning look in his eyes walked to the side of the burly man and laughed.

There was a photo in his hand. On the photo was a woman with a bright smile. She was lively, petite, and cute.

She was like a flower that bloomed in spring, a smile full of charm.

What was more eye-catching was her curvaceous body.

The members of the Black Fox mercenary Corps were all thirsty and could not stop swallowing their saliva. The key thing that attracted them was that Princess an Lili was a little loli with a child's face and big breasts.

The group of muscular men liked little lolis.

The reason why they wanted to challenge Zhou Hao and get this ranking was because they wanted to get an Lili.

“This is mine. All of you better keep your thoughts to yourselves, or I’ll make sure your heads fall to the ground!”

The vice-captain of the mercenary team, the black and thin man, looked at the members coldly.

These team members were all extremely envious.

Originally, their vice-captain didn’t have the right to marry this kind of Princess. However, once they had a higher ranking, they immediately had the right.

That ranking could be seen throughout the entire universe. The higher the ranking, the greater the potential.

More importantly, it was also a symbol of status.

The main thing was that it was also a recognition of strength.

“Eat and drink well tonight. Don’t screw up in the competition with that kid tomorrow. If anyone messes up, don’t blame me for being merciless!”

Vice-captain Li San squinted his eyes. His long and narrow eyes gradually became sharp, like two knives, frightening people’s minds.

The team members all swallowed their saliva and spoke one after another.

“Vice-captain, don’t worry. We will do our best!”

“We will definitely not disappoint you!”

Li San then retracted his gaze, thinking happily in his heart that if he succeeded in his hunt this time, he would be able to marry the princess of antaplanet, an Lili.

Even in the universe, an Lili was one of the most popular online celebrities.

However, Li San didn’t know that he didn’t make the right choice this time. He was courting death.

Of course, he didn’t know that now.

The next day.

It was the next day.

Zhou Hao arrived at the mercenary Union and followed a huge interstellar spaceship to planet anta.

The entire universe was paying attention to the competition this time.

“Kid, if you beg me now, I might let you Live!”

As soon as they got off the spaceship, the burly Black Fox Captain found Zhou Hao.

“Do you think you’re worthy?” Zhou Hao said with disdain.

The Black Fox Captain was stunned. Could it be that this kid was challenging their team one-on-one?

This was too arrogant. More importantly, he didn’t take him seriously.

“Kid, you’re really arrogant. I hope that you can still be as arrogant as you are now when you have an accident!”

The people in charge of the mercenary Alliance were already waiting for them on planet anta. Other than them, it was the royal family of planet anta, an Lili, and other Royal members.

An Lili was indeed very cute. Even Zhou Hao, who had no sense of aesthetics, felt that she was perfect.

“I don’t want to marry him, can you help me?”

An Lili walked over and suddenly began to plead.

Naturally, Zhou Hao did not want to be a busybody. This time, he only wanted to complete the competition and return to quwu star to find Joanna.

Hence, Zhou Hao turned around and walked toward a passageway that led to the competition area.

An Lili still didn’t give up. She asked, “What do you want? just tell me, and I’ll collect it and send it to you. Now, I only need one word from you!”

“I don’t want anything,” Zhou Hao said expressionlessly. “I’m only here for the competition. That’s all!”

An Lili was like a goddess in many people’s eyes. However, in his eyes, she had a beautiful face like an angel at most.

Before this, he had seen countless women. There were charming ones, mature ones, cute ones, mature ones, and even mature ones. He had seen all kinds of women.

He was already immune to it.

Moreover, he really felt that there was no need for him to get involved in this matter. It had nothing to do with him.

Winning this competition was only to follow the rules.

An Lili wanted to say something, but she hesitated. She thought for a moment and gave up, feeling that she was making things difficult for him.

“Kid, you’d better not have any other thoughts. Otherwise, I’ll make sure you can’t walk out of the competition area!”

Chapter 1164 - A condition

Chapter 1164: A condition

Just as Qin Lang was about to enter, the vice-captain of the Black Fox team suddenly walked over and threatened him.

Zhou Hao glanced at the Black Fox vice-captain. He didn’t want to make a big deal out of this, but he didn’t like this guy.

Hence, Zhou Hao’s mood turned sour and he immediately changed his mind.

“An Lili, I can help you, but I have one condition!”

Zhou Hao’s words instantly infuriated the Black Fox vice-captain.

“Kid, I should have killed you before the competition!”

Vice-captain Black Fox’s killing intent was boiling. He actually had feelings for the woman he liked. He was simply courting death.

If it was not for the fact that they were in the middle of a competition and he was afraid of the mercenary Alliance headquarters, he would have really killed Zhou Hao in Xi Jiang.

However, Zhou Hao also wanted to kill vice-captain Black Fox.

Zhou Hao was already certain that this vice-captain Black Fox would definitely kill him during the game.

He had seen many of such people before, and he was already used to it.

“If you want to kill me, you’ll have to see if you have the ability!”

Zhou Hao did not continue to pay attention to the vice-captain. He turned his head and looked at the charming little loli, an Lili, with a smile.

Zhou Hao also knew an Lili. Although she looked young, she was actually as old as a maiden from Tianshan.

However, the technology on planet anta was so advanced that people could live as long as many cultivators and not age.

An Lili was one of them.

“As long as your conditions aren’t too much, I can agree to them!”

An Lili was a little nervous. She felt as if she had been targeted by a Big Bad Wolf.

“I want Princess an Lili to give me a kiss after I win the competition!” Zhou Hao said with a smirk.

Li Shan, the vice-captain of the Black Fox team, did not hide the crazy killing intent in his eyes. In his eyes, Zhou Hao had already become a corpse.

However, Li Shan did not know that in Zhou Hao’s eyes, he was already a corpse.

However, li San didn’t know at this moment.

“Ah?”

An Lili’s pretty face was as red as ripe honey, delicate and alluring. One could not help but want to take a bite of it at first sight.

The king of the royal family of planet anta, an Junfeng, was furious. However, he suppressed the urge to take down Zhou Hao. After all, this was in front of the entire world.

If they were to act impulsively, then their royal family’s face would be completely swept away, and they would be subjected to criticism.

“What? can’t I? if you’re not willing, then forget it. Anyway, winning or losing the competition doesn’t matter to me!”

Zhou Hao shrugged his shoulders indifferently.

However, Zhou Hao did not think much of it. He was already determined to win this competition.

The main reason why he thought this way was because Li San had threatened him.

Coincidentally, he hated threats the most.

Even if an Lili didn’t agree, he would still kill the Black Fox Captain in the competition.

No, to be precise, it was to kill the Black Fox mercenaries.

From the moment Li San provoked him, the mercenary group was a threat to him.

“Alright, I promise you!”

Zhou Hao was stunned. He thought he had heard wrong, but he quickly confirmed that he had not.

Because there were many citizens of planet Anta, who were also fans of planet Anta, looking at him with knife-like eyes.

Zhou Hao could tell that the fans wanted to stab him.

If gazes could kill, then the gazes of these fans could transform into thousands of blades and dismember his body into a thousand pieces.

“Why don’t you think about it again? after all, it’s not good to force yourself to do this kind of thing!”

Zhou Hao naturally did not want another group of enemies to appear, so he spoke up.

“No, it’s fine!” An Lili shook her head.

Zhou Hao was speechless. If she didn’t change her mind, there was no point in him continuing.

Zhou Hao only felt that his mouth was cheap. If he had not made that request, things would not have turned out this way.

“Brat, I’ll definitely kill you after we enter!”

The vice-captain of the Black Fox team walked over and made a throat-slitting gesture.

Zhou Hao turned a blind eye to it. The Black Fox Regiment was just a bunch of stepping stones.

Now that Zhou Hao was thinking about it, he could also kill the chicken to warn the monkeys.

As long as he could get rid of all of them, there wouldn't be so much trouble in the future.

"Father, do you think he can win?"

An Lili watched Zhou Hao disappear at the entrance of the race track, then turned to her father behind her.

An Junfeng felt a headache coming on and said, "Very difficult!"

Hearing this, an Lili started to worry. If Zhou Hao could not win, she would be reduced to a toy.

He had heard that the Black Fox mercenary group was crazy. Those who fell into their hands would be sold to others after becoming their playthings. In short, they would not have a good end.

She couldn't reject it, because planet anta had been invaded by mutant beasts recently, and they needed stronger forces to help them defend the planet.

At this time, they needed to recruit mercenaries.

However, those without strength were useless to them, and those with strength, they did not have the capital to recruit.

At this time, their planet anta had no one to use.

If the royal family knew that powerful mercenaries were willing to come, these people would not hesitate to fulfill their conditions.

"Let's hope that kid can win ..."

An Junfeng didn't like people like Zhou Hao who liked to talk, but he also hated them. He hated the Black Fox mercenary group even more.

The Black Fox mercenary group had done a lot of despicable things outside, and it could be said that they were notorious.

If it wasn't for the Black Fox mercenary group's backing, many forces would have already chosen to kill them.

The citizens of planet anta, who had the same thoughts as them, were also cheering for Zhou Hao. They all hoped that Zhou Hao would win.

Other than these people, there were also citizens from various planets in the universe. They were all an Lili's suitors.

Although Zhou Hao's request made them furious.

However, it was still thousands of times better than becoming the toy of the vice-captain of the Black Fox mercenary group.

Before Zhou Hao entered the competition zone, he saw many people sending bullet comments on the huge projection screen in the sky, most of which were related to him.

"Zhou Hao, if you lose, I'll kill my way over to you immediately!"

"You must win. You can't win. Hmph, I curse my son to not have an anus!"

Zhou Hao was speechless. 'Why did you guys want the Black Fox mercenary group to lose the competition so badly? why didn't you guys go to them instead of me?'

Just because he looked easy to bully?

Even though he was speechless, Zhou Hao still knew what he had to do next.

Zhou Hao entered the competition area and started hunting the mutant beasts.

"You guys, go and kill him. Even if you can't kill him, you must trap him!"

Li San immediately ordered the other Black Fox members to stop Zhou Hao.

Chapter 1165 - A bunch of trash

Chapter 1165: A bunch of trash

After that, Li San and the captain, as well as a few elite members of the Black Fox team, went to hunt the B-Class mutated beasts.

This time, other than quality, the victory was in terms of quantity. Killing a B-Class mutated beast was their best choice.

However, they did not know that they had seriously underestimated Zhou Hao.

The Black Fox members found Zhou Hao very quickly and surrounded him.

"You two bosses are underestimating us by sending trash like you!"

Zhou Hao said indifferently.

Zhang Wu and the other members of the Black Fox team were furious. They were called trash.

Although they were not the elites of Black Fox, they were still members of Black Fox, and they were all high level evolvers.

"You're looking for death!"

Zhang Wu and the others immediately used the Black Fox's mutant ability. Their speed and agility instantly increased. They all looked like strong and muscular men. Ordinary people would think that they were clumsy.

However, it was the complete opposite. They were very fast, and most importantly, their movements were agile.

Every time they ran past a place, their speed would be so fast that they would leave behind afterimages.

"This group of people is really cunning. They actually chose to use people to obstruct us!"

"This is not fair. They are changing the rules of the competition!"

The audience watching the game from outside the venue was filled with righteous indignation.

However, the judge of the match said, "The rules of the competition didn't say that we can't stop them. As long as they don't break the rules of the competition, they are within the rules. They didn't break the rules!"

The audience's faces were ugly. Did that mean that Zhou Hao was going to lose?

They were not concerned about Zhou Hao, but they were worried that Princess an Lili would be taken away. If that happened, their goddess would become a toy. No one would be able to accept that, let alone them.

"Damn it, if only I was strong enough, I could change this situation!"

Many of them hated themselves for not having the strength to do so. If they did, they would be able to protect Princess an Lili now.

"Father, do I have any other choice?"

An Lili looked at her father, an Junfeng. She wanted to be mentally prepared for this.

An Junfeng's expression was complicated. He was supposed to be a high and mighty king, ruling over the entire planet anta. However, with the arrival of the mutated beasts, everything had changed.

Now, rather than saying that he was an Emperor, it would be better to say that he was a puppet, a marionette.

Seeing her father's silence, an Lili made a decision in her heart. If Zhou Hao lost, she would choose to commit suicide.

However, she would never have known that she would make the most crucial choice.

The people outside only knew that Zhou Hao had been surrounded.

However, what they did not know was that Zhou Hao had already made a move on the Black Fox mercenaries. In fact, he had easily taken care of one of them.

So fast!

The expressions of Black Fox's team members changed drastically. They only saw a black shadow flash by, and one of their team members had already fallen to the ground, twitching non-stop.

It seemed that he was able to reach his current ranking not because he had any backing, but because of her own strength.

Instantly, Black Fox and the other team members realized that they had underestimated their enemy.

After understanding this, they immediately knew what they had to do.

That was to end the battle quickly.

“Don’t hide it anymore. If you have any trump cards, take them out. If we can’t solve it now, we won’t be able to explain it to the vice-captain!”

Zhang Wu, the strongest member among them, said to the other members.

They had thought that they could easily take care of Zhou Hao if they attacked together.

He had never thought that he would face such a situation.

“Alright!”

All of them immediately used their strongest moves, which they had obtained from completing missions in the starry sky. These missions were all difficult level missions.

When they completed the mission, they had used a lot of props.

After completing the mission, they had benefited a lot. They had killed mutated beasts and gained their abilities.

After they had obtained their abilities, they had never revealed their talents in front of outsiders. Originally, they had treated it as a trump card and would not use it unless it was the last resort.

However, they had no choice but to take it out now.

Now, if they didn’t take it out, even if Zhou Hao didn’t kill them, the vice-captain would.

The mountain collapsed and the earth cracked!

Zhang Wu roared and jumped up high, both his fists hitting the ground.

With a loud bang, a crack appeared on the ground and began to extend. The sides of the crack began to collapse.

This was an explosive combat skill.

The other skills were the mutant Mantis’s life-threatening flying blade, the mutant boar’s fatal stab, and some common skills.

Although it was common, their skill was even more powerful and was one of the top skills.

“If you only have this much strength, it’s not enough to kill me!”

Zhou Hao snorted coldly, then threw a punch.

One force breaks ten thousand techniques!

These people's skills were very powerful, but in front of his pure strength, they were all vulnerable.

His power was like a hot knife through butter, sweeping through everything.

Even the original host of the mutant beast with these skills was not his match, let alone these people.

When they felt this power, these team members were already frightened and wanted to escape immediately.

"Your strength, how could it ..."

The team member closest to him was horrified. It was already too late for him to escape. He was instantly killed by a force and turned into nothingness.

Was this the power of a top-tier great being in the universe?

The other two members who had not died were shocked. They had already analyzed Zhou Hao's strength before they came and knew that he was very strong.

However, he did not expect Zhou Hao to be so powerful. It was simply ridiculous.

In the past, they would have thought that this was a fantasy, but now, they could not help but believe it.

"Damn information broker, we've been tricked! He lied to us!"

The Black Fox mercenary group's search was actually related to an information broker. The information broker sold them information and guaranteed that he would not cheat the young or old.

Most importantly, it was cheap.

Sure enough, cheap things were not good. Now, they finally deeply experienced it.

They had been duped.

I was tricked?

Zhou Hao subconsciously thought of the previous presidents of the Chamber of Commerce. They seemed to have been deceived as well. Could it be the same person?

All of a sudden, Zhou Hao began to sympathize with these guys.

However, sympathy was sympathy, but he would not be soft-hearted.

Escape, he had to escape.

Immediately, the Black Fox members chose to turn around and run.

Right now, they had a feeling that if they continued to persist, they would all die Here.

Therefore, they could only escape from this place in the shortest time possible.

“It’s not that easy to run!”

In the end, the Black Fox members used their best escape skills, which they had obtained from hunting mutated beasts.

They knew that they were weak, so they had made the best preparations to escape, second only to their attack-type skills.

However, even if they could travel through time and space, they would not be able to escape from Zhou Hao.

Zhou Hao’s strength was so strong that he could tear apart and freeze spacetime.

Chapter 1166 - courting death

Chapter 1166:-courting death

The members of the Black Fox Group felt their blood run cold. They felt as if they had been restricted the moment they rushed out.

How was that possible?

The members of Black Fox were all shocked. They were all top-tier evolvers and had the strongest mutant beast skills.

They could even tear space apart. However, they were now frozen in place.

However, no matter how much they didn’t believe it, it wasn’t up to them to believe it.

“You all have a good life and a bright future, but you want to court death. Since you like to court death so much, I’ll fulfill your wish now!”

Zhou Hao immediately used the divine level martial art that he had learned, splitting the mountains and cracking the earth. Now, his strength had reached this level, the peak of ascendance.

Even though he had only learned a God-ranked martial art, he could still use a technique that could only be used by someone in the origin realm.

“Run!”

The Black Fox members were terrified. They instinctively wanted to escape from this place.

However, Zhou Hao’s punch soon landed on them with overwhelming power.

“Ah!”

“Ah!”

A few screams were heard. The audience outside felt a chill down their spines. Although they were not in the competition area, they could feel the horror of the power.

What kind of monster was this? didn’t someone say that the Black Fox team would definitely win?

“These damn information traffickers, I’ll definitely find them later to settle the score!”

Many of the gamblers who had placed their bets outside were now ashen-faced. They had thought that the Black Fox members would definitely win, so they had bet half of their assets.

They did not expect Zhou Hao to be so powerful. If this continued, they would probably lose everything.

On the other hand, the royal family of planet anta was very happy and celebrated.

The stronger Zhou Hao was, the more it meant that they would not have to marry off the princess this time.

In fact, an Lili was not only a popular person, but also the spokesperson of planet anta.

If an Lili were to get married, then planet anta would lose its appeal. Many emissaries from other planets would not choose to go to planet anta even if they had to settle for second best.

It could be said that an Lili was the Golden signboard of planet anta. They had to do it without her.

“Thank you!

An Lili cried tears of joy. She was very happy now. As long as she didn’t get married, she was fine.

It was a pleasant surprise for an Lili.

However, an Lili was at a loss and nervous when she thought of Zhou Hao’s request.

What was she going to do after that? was she really going to kiss Zhou Hao in front of everyone?

Thinking of this, an Lili didn’t know what to do.

Just when they thought that the Black Fox members were finished.

Suddenly, a member of the Black Fox team took out a bomb from his mustard seed spatial device and threw it in front of him.

This bomb was not an ordinary bomb. It was a biological weapon.

“Despicable!”

Many people were filled with righteous indignation, but there was nothing they could do. This was a competition, and no one could interfere.

Biochemical weapons were a weapon used to kill mutated beasts. However, most people would not use them because they could not only kill mutated beasts, but also humans.

Moreover, this kind of biological weapon was even more powerful against humans. It could easily kill a human Saint level expert.

Seeing this, many people began to worry about Zhou Hao.

Most of these people had turned from passerby to Zhou Hao’s fans. They naturally did not want to see anything happen to Zhou Hao.

But now, he wanted to do something, but he couldn’t do anything. He could only watch helplessly.

“If we can’t win the competition, you can’t win either. Go to hell!”

The members of Black Fox used their biological weapons to control a few mutated beasts nearby. They were the strongest ones and began to attack Zhou Hao.

Zhou Hao was calm and still dealt with it easily.

If he was not afraid of accidentally hurting the people outside the competition zone, he could have blown up the place and easily subdued the Black Fox members.

However, he couldn't do that now. He could only exhaust their trump card.

Only when they were no longer a threat could they be dealt with.

"To deal with others, this method might be a very good method. Unfortunately, you're dealing with me now. It's not very useful to me!"

The members of the Black Fox gang had used their biological weapons to control the minds of the mutated beasts and attack them crazily. In fact, they could not control them for long.

Zhou Hao happened to have no lack of time, so he only delayed it for a while.

A few of the mutant beasts that were being controlled started to lose control, and were in a state of frenzy and rage.

"Fifth brother, you hold him back first. I'll get the vice-captain to help. As long as the vice-captain is here, we can definitely deal with him!"

Zhang Wu, the stronger one, said to the other two evolvers.

Their Captain was an ability user, stronger than evolvers. They thought that as long as the vice-captain was here, he could easily take care of Zhou Hao.

Hearing this, the captain called old five hesitated for a moment, but still said, "Quickly go and come back!"

However, they soon realized that it was a very stupid choice.

However, it was already too late when they finally reacted.

Zhou Hao threw another punch at them. This was the most powerful punch he had ever used.

Wherever the terrifying power passed, some energy connections appeared.

The energy barrier of the competition zone, or the entire competition zone, started to shake.

It was as if they had felt this terrifying punch, so they were all trembling.

“What a terrifying strength. How did he cultivate?”

“Could he be a mutated beast disguised as a human to get information?”

Many of the audience members felt their scalps go numb. This was definitely the most terrifying power they had ever seen.

They weren’t making wild guesses. A group of mutated beasts had already developed intelligence. They had been imitating humans since then, and they could already make people become one of them without anyone knowing.

At this moment, they all suspected that Zhou Hao was in disguise. Otherwise, he would not be so strong.

It was no wonder that they were suspicious, because to be able to do what Zhou Hao did was unprecedented.

The members of Black Fox also felt that this was a possibility. Zhou Hao was too terrifying. He was not someone they could fight against.

“We’ve been betrayed. Vice-captain is sending us to our deaths. We’re just cannon fodder!”

Even the strongest, Zhang Wu, had an unsightly expression on his face. He suddenly understood something.

The other Black Fox members’ faces sank. It was really possible. After all, their vice-captain had once obtained a pair of mutant beast’s special eyes.

With this strange eye, their vice-captain’s strength had increased greatly, as if he had become a different person.

Chapter 1167 - Completely crushed

Chapter 1167: Completely crushed

In other words, it was impossible for their vice-captain to not know that Zhou Hao was stronger than them. If he knew, he would have sent them to their deaths. He clearly didn't take them seriously.

They had done a lot for Black Fox's team. Usually, when they were being used, they would do everything they could without any complaints. Now, they had to kill the donkey after it was done.

They all felt a chill in their hearts.

"Zhou Hao, we're done. We're no match for you. I want to work with you!"

After a while, Zhang Wu said quickly.

Now, Zhang Wu thought that he would be punished if he went back, and maybe he would die the next time. So he made this decision decisively.

"How do you want to cooperate?"

Zhou Hao was very surprised. He felt that they were very interesting and asked.

"If you let us live and keep our ranking, I can help you get rid of the vice-captain and our Captain!"

If the team lost, their ranking would be erased as well. Therefore, they were thinking that they would at least still have a ranking after the team lost the competition.

"You think I need to work with you?" Zhou Hao said coldly. "If you think that this is enough for me to work with you, then you're too naive!"

Zhang Wu took a deep breath and said, "I know this isn't enough. As long as you cooperate, I'll give you all the points of the Black Fox mercenaries as a meeting gift!"

Zhou Hao's interest was piqued. He could not take away the points. Once the team was removed from the ranking, the points would disappear as well.

Those were all data stored in the network terminal of the universe's AI. Once the team was discovered to be missing, it would be erased.

In order to obtain these points, one had to obtain the captain's permission.

To get the authorization, one had to be a member of Black Fox's team.

It seemed that Zhang Wu already had a high enough awareness.

“You’re a smart person, I’ll work with you!”

Zhou Hao smiled knowingly. As long as they were working together, he would gain nothing from it.

Zhang Wu was also very happy. As long as they could survive and keep their team ranking, they could start over again.

Although it was painful to not have any points, at least they still had such a team. As long as they were still in their original position, they could enjoy the treatment and benefits that they deserved.

“Go and bring him over. I’ll wait for you here. Don’t play any tricks. They’re useless Against Me!”

Zhou Hao had even deliberately told them before they came.

These few people understood what he meant and nodded.

They had already experienced Zhou Hao’s strength, so how could they dare to continue to plot against him? if they continued to find trouble with him, it would be the same as asking for death.

The audience outside was dumbfounded. They had never thought that things would turn out like this.

At that moment, the Black Fox Captain and Li San had hunted many mutated beasts, and their bodies were piled up like a mountain.

At this time, they had also improved a lot.

“It’s time to find that kid. I think they’ve helped us consume a lot of energy!”

Li San said after cleaning his bone knife, which was made from the bones of a Saint-tier mutant beast.

Wang Zhiyuan, the team leader, nodded. They knew that Zhou Hao was not easy to deal with, so they had already decided to sacrifice their team members.

It wasn’t the first time they had done this. For them, if a team like Zhangwu was gone, they could always recruit new members.

In any case, the Black Fox Regiment was very attractive. As long as they posted a Recruitment Notice, countless powerhouses in the universe would flock to them.

Just as they were about to search, the grass suddenly rustled.

The two of them immediately became alert and wanted to attack, thinking that it was a mutated beast.

“Captain, vice-captain, it’s US, don’t do anything!”

Zhang Wu walked out of the bushes with a few injured members.

Li San and Wang Zhiyuan were both stunned. They did not expect that these people were not dead.

Before the two of them could speak, Zhang Wu had answered their questions.

“Leader, he’s too strong! We’re no match for him! We’ve used all our skills and heavily injured him! You guys should hurry over! This is the best time to kill him!”

Li San and Wang Zhiyuan felt that something was wrong, but they did not know what it was.

They did not doubt their words and immediately went to find Zhou Hao.

When they found it, Wang Zhiyuan and Li San were furious. They knew that they had been cheated.

Zhou Hao was completely unscathed, and he did not seem to be weakened at all. It was the exact opposite, and his life force was very strong.

“Damn it, you lied to us, you traitor!”

Just as they were about to make a move, they found that Zhou Hao had already made his move, so they didn’t care about killing the traitor Zhang Wu and the others.

Zhou Hao’s Mountain splitting fist smashed out, and a crack appeared on the ground. It grew larger and larger, spreading to the ground beneath their feet.

The two of them did not dare to be careless. They knew that Zhou Hao had relied on his own strength to get to where he was now. At the very least, they had to work together to find an opportunity to take Zhou Hao down.

How could it be like this!

Both of their faces were as dark as water. They had not expected things to turn out like this. It was completely unexpected.

“When did you plan to betray us?!”

At this moment, the vice-captain Li San only wanted to know when Zhang Wu had decided to betray him.

“Just when I was about to die!” Zhang Wu said coldly.

Li San snorted and said, “You will regret your choice, I swear!”

Zhang Wu was expressionless. He wasn’t afraid, because he knew that this was the best choice he had ever made.

The key was that Zhou Hao was the strongest helper he had ever had.

This time, Zhou Hao would definitely be able to get rid of Li San and the captain, Wang Zhiyuan.

At this time, Wang Zhiyuan and Li San still felt that they had a chance to kill Zhou Hao.

After all, they felt that Zhou Hao was definitely slightly stronger than them. As long as they continued to wear him down, they would have a chance of killing him.

However, this time, they did not know that Zhou Hao had already exceeded the scope of their knowledge.

Zhou Hao’s fist smashed forward, the power contained within it enough to destroy the heavens and earth.

With a punch, he could create a storm that swept up flowers and trees.

Wang Zhiyuan and Li San were all sucked into it.

However, Wang Zhiyuan was also a real person. He quickly found a way to deal with it. He also used a skill to suck away the tornado.

“I’ll return it to you!”

Wang Zhiyuan spat it out again, and the tornado came crashing back at Zhou Hao.

Like a small mountain, it smashed down.

“Be careful!”

An Lili’s heart skipped a beat. Although she knew that Zhou Hao was very strong, she was still worried that something bad might happen.

Chapter 1168 - Extremely outrageous

Chapter 1168: Extremely outrageous

She would not be at ease until she saw the final result.

Zhou Hao dodged it easily and threw another punch. Another terrifying punch.

Wang Zhiyuan could already be considered as an expert in the starry sky. He was able to avoid these attacks and the advantage of his fast movement was fully displayed at this time.

If it were an ordinary person, they would definitely be helpless at this time, or even accept their current situation.

However, Zhou Hao would not do that. He only had one thought in his mind, and that was to think of a better one to deal with them now.

“Mountain splitting fist!”

Before he could come up with the best solution, Zhou Hao could only use the purest of physical strength to attack.

“This kid is a monster! How can he have more energy than a mutated beast?”

Li San and Wang Zhiyuan both cursed in their hearts. From the beginning until now, if it was an ordinary person who used this kind of attack, they would have long collapsed.

However, Zhou Hao’s spiritual essence was still exuberant, as if he had not consumed much of it.

Looking at the current situation, it seemed that he could still hold on for a long time.

The fact that Zhou Hao was able to hold on meant that they didn’t have much time left. Before that, they needed to find a breakthrough point here.

“You traitors, just you wait! After I’ve dealt with Zhou Hao, I’ll make sure you suffer a fate worse than death!”

Wang Zhiyuan was furious. If it weren’t for Zhang Wu, they wouldn’t have been fooled, and they wouldn’t be in such a difficult situation.

Even though she knew this was the case, it was useless to say anything more at this time.

Because some things couldn't be changed just because they wanted to. Some things they could only accept. That's right, that was it.

Zhang Wu and the others looked indifferent. They were not afraid, and they all believed in Zhou Hao.

Moreover, they were confident that they could not defeat Wang Zhiyuan and Li San, but they could escape from here.

"Damn it, this kid is a monster with endless energy. We can't go on like this. We need to think of a good idea as soon as possible. Otherwise, we'll die for sure!"

Wang Zhiyuan could feel that he had already used up a third of his energy. He was getting weaker and weaker.

If this continued, they would be killed by Zhou Hao sooner or later.

How could Li San not know? it was just that he couldn't think of any way now.

"How about this, you attack from the right, I'll attack from the side!"

At this time, Li San finally thought of a solution. Although it was not the best solution, at least he could delay it for a while.

His skills would have a certain recovery time after being used once.

Before he fully recovered, if he continued to fight as hard as before, he would be seeking his own death.

"Alright, we'll do as you say. However, I don't think this will work. You have to think of a better way!"

Wang Zhiyuan immediately agreed to this idea. Now that he thought about it, there was no better way.

Their method was indeed effective. Although Zhou Hao could deal with two of them, he could not attack both of them at the same time.

Immediately, his attack methods were somewhat stretched to the limit.

But even so, Zhou Hao continued to attack. His mountain splitting fist was like a storm, constantly bombarding the two of them.

Although the two of them had used this to pin down Zhou Hao, they were still injured and had used up a lot of their energy.

“How did he cultivate? how could his strength be so terrifying?”

At this time, Wang Zhiyuan’s scalp went numb. He finally realized that he was not a match at all.

Even when they were dealing with the most powerful mutated beasts, they could not exert as much pressure as Zhou Hao.

Zhou Hao’s attacks were carried out in full swing, not giving them any chance to counterattack.

They were in a passive position and could only defend.

“Damn it, how could it be like this!”

Wang Zhiyuan was also very regretful now. If he had not made this decision rashly before, they would probably still be the boss and continue their vacation.

Previously, the members of Black Fox had gone to a holiday planet. It was a tourist attraction in the universe and a planet that many interstellar tourists would flock to.

They had all gone. At that time, they had all heard from an information broker that there was only one person in a team that was easy to deal with, so they had come up with this idea.

They thought that they were lucky to have met a new team who had just come out to carry out a mission, so they treated Zhou Hao like a lost sheep.

He had not expected Zhou Hao to be the Big Bad Wolf.

“It seems that our previous choice was right!”

Seeing Zhou Hao easily suppress the two, or even crush them, Zhang Wu let out a sigh of relief and felt lucky.

It was a good thing that they had agreed to Zhou Hao’s request. Otherwise, they would have been dead bodies by now.

Fortunately, that wasn’t the case.

The audience couldn’t help but exclaim in surprise.

How was that possible?

This was completely beyond their imagination. They had thought that Zhou Hao would be the one being crushed.

Now, Zhou Hao had turned the tables on him and was crushing him. The situation was completely different.

Those who had bet on Zhou Hao were now cheering in excitement.

The citizens of planet anta also looked at Zhou Hao with gratitude.

If it wasn't for Zhou Hao, planet anta would have been finished.

There were also many bullet comments in the live broadcast room, all expressing their disbelief.

They knew that Zhou Hao was strong, but they did not expect him to have reached such a high level.

Zhou Hao was able to crush the experts who roamed the starry sky. Didn't that mean that he was above the entire universe?

Hiss!

Many people thought of this possibility and were shocked.

In that case, Zhou Hao might already be one of the transcendent figures. Just him alone was comparable to an ordinary super force.

It was unbelievable!

Shocking!

Countless people's expressions were so wonderful that they could be put together into an emoji pack.

In short, they were all shocked by Zhou Hao's terrifying strength.

They had thought of countless possibilities before, but they had never thought that there would be such a possibility.

If they had known earlier, they wouldn't have been so worried about the consequences of losing this competition.

An Lili and the royal family were very happy that they finally knew how to worry for nothing.

At this moment, an Lili's smile was as bright as a flower in spring.

Many of the audience members were envious and jealous. They knew that the smile was directed at Zhou Hao.

"This fellow is really lucky with women. Sigh ..."

Although many of the audience members were unhappy, they had to admit that Zhou Hao had the qualifications to make the Queen throw herself into his arms.

The Empress's status had been pampered in the past, but now, in front of Zhou Hao, she could only be a sidekick.

Zhou Hao naturally did not know that this Empress's heart had already been moved.

Now, Zhou Hao's entire focus was on dealing with the two opponents before him.

These two weren't the strongest of the countless opponents he had encountered, but they were definitely the ones he hated the most.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 1169 - Choosing to admit defeat

Chapter 1169: Choosing to admit defeat

"Li San, just admit defeat!"

Wang Dashan, the captain of the Black Fox team, finally spoke after knowing that he was no match for Zhou Hao.

If it was before, Li San would not have chosen to admit defeat so easily. However, he chose to do so now.

"I admit defeat!"

Zhou Hao laughed. "Didn't you say that you could definitely kill me? now you're admitting defeat. This doesn't sound like something a vice-captain of Black Fox should say!"

Hearing this, the Black Fox Captain and vice-captain were furious. They knew this was a provocation, but they didn't dare to say anything.

Now, whether they could leave this place alive or not depended on Zhou Hao's mood.

"According to the rules of the competition, I can kill you now. If you want to live, it's not impossible, as long as you kneel on the ground and bark like a dog three times!"

Thinking about how arrogant the Black Fox members were, Zhou Hao narrowed his eyes and decided to give them a taste of their own medicine.

The two of them were burning with anger and could no longer control themselves. Asking them to bark like dogs, this was an attempt to ruin their reputation.

If they really did that, then they could forget about continuing to stay here.

"I have a half-brother, Wang Xingyuan. He is an elite of the night race and a disciple of the starry sky college. If you don't want to die, you'd better let me go now. Otherwise, if something happens to me, my brother won't let you off!"

Wang Dashan narrowed his eyes and said coldly.

Zhou Hao laughed. He still dared to threaten them at this point. How interesting.

"You're not afraid that I'll kill you right now?"

Wang Dashan was actually taking a gamble. How could he not be afraid? if he wasn't afraid, he wouldn't have brought out his brother to save the situation.

"Zhou Hao, his brother is from the dark night race, which is one of the top 1000 most powerful races in the universe. If you don't want to die, I suggest you let us go now!"

Li San also threatened.

Since they had already come to this point, he definitely couldn't let the Tiger return to the mountain. This would be quite troublesome in the future.

Zhou Hao clenched his fist and punched.

He didn't hold back at all in this punch. All his power was gathered on his fist.

If one looked closely, one could see a red glow on the fist.

The light contained a power that could blow up a planet.

"How dare you!"

Wang Dashan probably didn't expect that Zhou Hao would dare to kill someone. His body was directly punched through, and a hole appeared in his chest.

Li San jumped in shock and trembled in disbelief.

Wang Dashan had died just like that. This was his Captain, an expert among the ten thousand races in the starry sky.

"Don't kill me, I can be your slave, I can be your dog, I'll do anything you want!"

Li San was completely flustered. Even Wang Dashan was dead. He no longer had any confidence.

Wang Dashan was his greatest source of confidence. Without Wang Dashan, he was nothing.

"You think you can be my dog? you're not qualified!"

Zhou Hao did not let Li San off and killed him with a punch.

The audience behind the live broadcast screen and the audience in the competition stands all sucked in a breath of cold air.

He had never expected such a situation.

They all widened their eyes, and some even rubbed their eyes to confirm that what they saw wasn't an illusion, but something that was happening in front of them.

How could this be!

This was completely different from what they had expected. This was far beyond their imagination.

Zhou Hao walked out of the competition area and returned to the audience stand under the dumbfounded gazes of many people.

It was in front of an Lili.

"Will Empress an Lili go back on her word?"

An Lili blushed all the way to her neck and said in a low voice, "Can you not do it in front of so many people?"

Looking at the pretty girl, Zhou Hao put away his thoughts of teasing her. He turned and left.

An Lili waited for a while, but there was no response. When she looked up, she found that there was no one in front of her.

“This bastard!”

An Lili spat in her heart. She knew that she was being teased, especially in front of the audience.

She was the Queen of planet anta. When had she ever been teased like this?

Zhou Hao boarded the spaceship and left planet anta.

He didn't want to show mercy everywhere. In fact, he was only teasing her before.

Zhou Hao didn't return immediately, but went to quwu star.

He first went to the camp and found that Zhang Dakang was still guarding it. He was relieved and went to find Jonina.

“I wonder how Jonina is doing!”

Zhou Hao couldn't help but start to worry. Although Jonina was strong, the number of mutant beasts she had to deal with was too much.

If Jonina had encountered the king of the mutant beasts, it would have been very troublesome, or even difficult.

Zhou Hao had no choice but to continue his search. On his way, he saw many mutated beasts eating the corpses.

It was the body of a woman.

Zhou Hao rushed forward and killed the mutated beasts, then turned their bodies over.

Zhou Hao heaved a sigh of relief. It wasn't Jorina.

As long as he knew that Jonina was still alive, he would be able to see her again.

As long as he knew this information, he only needed to continue searching.

Perhaps he would still need to spend a long time, but at least he already knew his direction.

“Have you seen her?”

Because of Jonina's disappearance, Zhou Hao could only ask the surviving evolvers along the way.

The posthuman stopped looking at the portrait after taking a glance at it. Now, he looked as if he had nothing to live for.

It was probably a big blow this time, so they didn't even have the mood to talk.

"Tell me the clues and I'll roast some meat for you!"

Zhou Hao knew what to do, so he said to him.

The Evolver's eyes brightened up. He was obviously very interested in the roast meat.

"As long as you tell me some useful information, I'll give you a whole roasted lamb, and it's the kind that's done!"

During the apocalypse, food was already very precious. There was a price but no market, and you couldn't buy it even if you wanted to.

Especially in this chaotic area, it was even more difficult.

"I'm not sure if it's her. I saw a girl who was dressed and looked similar to her. I heard that she took a group of refugees to the East to take refuge!"

Hearing this, Zhou Hao was ecstatic. This news was definitely the most helpful to him.

Also, the person he was looking for could very well be Jonina.

After giving the Lamb to the Evolver, Zhou Hao immediately left.

However, while Zhou Hao was on his way, an Evolver stumbled towards him, covered in blood.

"Mr. Zhou, our camp is under attack. Go and save them!"

At this time, the Evolver said in a panic.

Chapter 1170 - The dark night race looking for trouble

Chapter 1170: The dark night race looking for trouble

If this had happened in the past, Zhou Hao would have ignored it. But now, he would not.

After all, he had already taken over this camp before, so he had to take responsibility for this.

“Lead the way!”

Zhou Hao had no choice but to bring the Evolver back to the camp. When he returned, he found two unfamiliar evolvers standing at the door.

They were wearing armor made of black titanium alloy and had firearms made of unknown materials.

More importantly, there was a bat-like mark on their bodies.

Zhou Hao's expression changed. He immediately thought of the time when he participated in the competition. Before he killed Wang Dashan, he had heard Wang Dashan mention his brother.

He had heard of the dark night race before. It was said that the planet there was in a crack and was easy to defend but hard to attack. They were one of the intact families in the entire universe and their strength could not be underestimated.

The elites there were also very strong. Every one of them would start to learn combat skills from the time they were born.

In short, they were all very strong.

Zhou Hao never thought that he would encounter one so soon.

It seemed that he had underestimated them. These people seemed to be stronger than he had imagined.

He didn't think much of it when he first found out.

Now, he had to be careful. Of course, the elites inside were not his match, but he didn't want to be ambushed by the night race.

The dark night race must have some kind of interstellar cannon like the star Empire. If they attacked from the air, he would be seriously injured even if he didn't die.

As the day of the mutant beast invasion was getting closer and closer, he could not afford to let any accidents happen.

Although he had already given the interstellar cannon to Earth Star, there was a lack of resources on Earth Star, so it was impossible to build enough interstellar cannons.

In other words, before this, he was now the greatest safeguard of this Earth Star.

Zhou Hao directly sent the two guards in front flying and then rushed in.

“Boss!”

Zhang Dakang, who was kneeling on the ground and looking for his teeth, shouted when he saw Zhou Hao.

Zhang Dakang was very touched, thinking that Zhou Hao had come to save him.

Zhou Hao also saw Zhang Dakang and the people from the night race. The night race, Wang Dashan’s brother, Wang Xingyuan, was also there.

Wang Xingyu squinted his eyes. He was 70% similar to Wang Dashan. They both looked like people who were not to be trifled with.

“You’re the one who killed my brother!”

He was not asking, but interrogating.

If it was before, Zhou Hao would not have said anything. But now, he nodded and said, “Yes, it’s me!”

Wang Xingyu and the rest of the night race elites were stunned. They probably didn’t expect him to admit it.

“Since you’ve admitted it, then come with me to the dark night race. I’ll cut you into a thousand pieces. Don’t worry, I won’t kill you. I’ll let everyone know what kind of price the person who killed my big brother has to pay!”

At this time, Wang Xingyuan had already thought about how he would torture Zhou Hao in a hundred ways after he brought him back, making him wish he was dead.

Zhou Hao smiled and beckoned him over with his finger.

If you want to take me back, let’s see if your night race has the ability to do so.

Wang Xingyuan didn’t make a move, but let the elites of his family do it.

“You guys go up, keep him alive and bring him back!”

The two elites looked at Zhou Hao sympathetically, then immediately rushed forward.

When they rushed up, they used the ghost shadow perplexing track, which only the night race could use, including their most powerful sure-kill attack.

“Fatal Blood Blade!”

At that moment, Zhou Hao saw that the two of them had split into seven or eight people. He was surrounded, and they rushed forward together.

More importantly, he saw that each of these people had the strength of the original owner.

In the past, Zhou Hao would have been helpless against such a method.

However, it was different now. Zhou Hao used the swimming body steps and easily dodged the attacks of the Phantoms.

Even his main body had dodged it.

Then, Zhou Hao knew that hiding was not a solution. He still had to face what he had to face. Therefore, at this time, he thought that the best choice was to identify it in the shortest time possible.

“Jie, stop playing around and finish him off as soon as possible. This kid can kill my big brother, so he must have some tricks up his sleeve. Don’t let any accidents happen!”

Wang Xingyuan said coldly to Huang Jie, an elite player who was playing.

Huang Jie got serious. He created more clones and started attacking Zhou Hao together with the other one.

It seemed like Zhou Hao was being attacked from both sides, but that was not the case.

Zhou Hao was just waiting. The best opportunity to strike had yet to come, so he did not strike immediately.

He knew that as long as it wasn’t the best time, it would be useless to make a move.

He could use his strongest move to break these illusions, but this time, he felt that there was no need to test his strength.

Therefore, he now thought that it was better to use his original battle to settle this matter.

This way, he could absorb the experience and also grow better. It was killing two birds with one stone.

If it was before, it definitely wouldn't work, but this time, it was different.

"Your dark night race lives up to your name. You have some strength, but you're still not my match!"

Zhou Hao used the swimming body steps to find the original body. His spiritual perception was much stronger than the average person's, so he was able to find the original owner very quickly.

How was that possible?

When Huang Jie was locked on, he felt like he couldn't move at all. It was as if a body-freezing technique had been cast on him.

In fact, it wasn't the immobilization technique. She was just shocked. Zhou Hao had found her way too quickly.

This was the first time he had encountered an opponent like this, and this made Huang Jie feel an indescribable fear.

"Yang Jun, use the midnight Blood Blade. I want you to attack him with all your might and kill him!"

Wang Xingyuan immediately ordered when he saw that the situation was not right.

Yang Jun was another elite, and he also found it hard to believe. The dark night race was best at ghost shadow perplexing track, and they could constantly change their position, making them unpredictable.

However, he had been discovered. This was something he had not expected.

At that moment, Yang Jun also knew that if he didn't join forces with Huang Jie, they might be defeated.

However, what they did not know was that they had no chance of winning against Zhou Hao.

From the beginning until now, it had been Zhou Hao who had been creating opportunities. Otherwise, they would not have been able to hold on until now.

Zhou Hao saw that the difference in strength between the two was huge, so he did not want to continue fighting like this. He just wanted this matter to end as soon as possible.

"How could he be faster than us? also, I've never seen his movement technique before!"

The two of them were shocked. They felt that this speed had far surpassed them. They were no match for it.

Chapter 1171 - The mysterious red potion

Chapter 1171: The mysterious red potion

Wang Xingyuan's face turned ugly. It was fine if his big brother lost, but if he lost again, then the reputation of the royal family of the night would be ruined.

Therefore, at this time, Wang Xingyu realized that winning or losing this competition was very important.

"I can't lose, I can't lose!"

Wang Xingyu took the initiative to join the battle. He was slightly stronger than Huang Jie and Yang Jun, but that was all.

"Young master, quickly retreat. This kid's strength is not just that. He's still hiding his strength. Even if we work together, we might not be his match!"

Wang Xingyuan would not have believed Huang Jie's words in the past. However, he believed it now.

"You guys stall him for me and buy me some time!"

Wang Xingyuan thought that he could only use that move. If he didn't use it, they would all die Here.

Huang Jie and Yang Jun's expressions changed. They knew that move, but their families had told them not to use it casually.

"Young master, you can't use it. If the family finds out, they'll definitely question us. We'll be in trouble then!"

Huang Jie said after taking a deep breath.

"There's no need to say anything. This is the only thing I can do right now. If I don't do this now, the family will still come and question us!"

Huang Jie and Yang Jun were having a headache. Something that had nothing to do with them had now dragged them into it.

They were in trouble now, and they would be in even more trouble in the future.

“You’ve forced my hand, Zhou Hao. I’ll make you regret this!”

Wang Xingyuan took out a tube of Red Medicine, opened it, and drank it all.

Zhou Hao was stunned. He could actually sense the aura of a mutated beast from the drug.

Wang Xingyuan must be crazy to use the forbidden medicine. The forbidden pill was the same.

It was usually used by desperadoes in the Galaxy. Zhou Hao had never thought that someone would use it in a place like this.

Roar!

Following Wang Xingyuan’s low roar, a sound wave struck. Zhou Hao immediately chose to Dodge.

At this time, Wang Xingyuan’s eyes were red and his body had changed a little. The muscles on his body had become stronger.

The key was that Wang Xingyuan’s aura was also soaring, and his body was emitting a bloody smell that only mutated beasts had.

“Dark night blood Blade, go to hell!”

To Zhou Hao’s surprise, Wang Xingyuan still had his senses and was charging towards him, trying to attack him.

One must know that any life that came into contact with the blood of a mutant beast would mutate, either dying or being assimilated.

It was the first time that Zhou Hao had encountered a situation where he could still retain his rationality after assimilation. It was unprecedented.

“You’re working with mutated beasts. Has your conscience been eaten by dogs? do you believe that I’ll report this to the mercenary headquarters tomorrow?”

Zhou Hao was furious. Many people were still struggling to fight against the mutated beasts, but the dark night clan was still causing trouble. This was completely spy-like behavior.

This was the most hated thing in the universe.

Zhou Hao only had one thing on his mind right now. He wanted to defeat Wang Xingyuan and bring this matter to the mercenary Alliance. He wanted the news to spread to the entire universe.

“Hmph, we’ll see if you can leave this place alive!”

At this time, Wang Xingyuan suddenly rushed over like a red lightning.

“So fast!”

Zhou Hao’s expression changed. Although he was already very fast, Wang Xingyuan was even faster.

Could this be the key to evolution that he had been looking for? Zhou Hao had been conducting an experiment on it.

It was data given to him by a madman. No one in the entire universe believed it and thought that person was a madman.

However, Zhou Hao believed it, but he had never been able to verify it.

Originally, he was already disheartened and prepared to give up.

If the dark night clan didn’t appear, he wouldn’t have the idea of re-researching.

“Where did you get your movement technique from?”

Wang Xingyuan stood in front of Zhou Hao and asked.

Zhou Hao did not reply. There was only one thought in his mind, and that was to pry the secret out of Wang Xingyuan’s mouth.

However, before that, he could only defeat Wang Xingyuan first.

Wang Xingyuan wasn’t weak, but the previous one definitely wouldn’t work.

“You’re fast, but you’re not strong. This is a flaw. You’ll be defeated by me sooner or later. If you tell me how you made this potion now, I’ll let you go!”

Zhou Hao said indifferently.

Wang Xingyuan was stunned. He probably didn’t expect that she would want his medicine.

“You want my potion making method? I think you’re dreaming!”

Wang Xingyuan’s figure flashed and disappeared from his original spot. His speed was so fast that he only left an afterimage on the spot.

At this moment, Zhou Hao also knew that he had to use his true strength.

Wang Xingyuan’s strength was beyond his imagination. If he couldn’t use another method to deal with Wang Xingyuan, it would be a waste of time.

However, Zhou Hao did not want to waste any more time.

“If you don’t give it to me, then you’ll have to pay the price!”

Zhou Hao used the eight steps chasing cicada and his own soaring through the air. He mobilized all his strength and used it on his speed.

The next moment.

Wang Xingyuan’s expression was as if he had seen a ghost. He realized that Zhou Hao had disappeared with a whoosh, and his speed was even faster than his.

“What kind of movement technique is this? tell me, and I will not pursue the matter of you killing my big brother. Moreover, I will help you hide it!”

Wang Xingyuan’s heart was burning. Even the starry sky Combat Academy didn’t have such a movement technique. He had to get it.

The possessiveness in Wang Xingyuan’s eyes could not be concealed.

“If you want it, I can only tell you one thing. You’re dreaming!”

Zhou Hao sneered. Even if the starry sky Combat Academy offered him the strongest movement technique, he wouldn’t trade it. In fact, he wouldn’t even care.

This movement technique was a rare technique that the system had opened from the blind box. It could save his life at a critical moment.

It was definitely one of the most precious and priceless treasures in the universe.

As long as he didn’t die, the roots of Earth Star would still be there. As long as he was still there, there would be endless possibilities on Earth Star.

“If you don’t give it to me, I’ll get it soon. When I get it, I’ll make you regret it!”

Wang Xingyuan's eyes were now full of greed. He had already seen the value of these two body techniques. Even the drugs developed by his family could not be compared with them.

In fact, it was easy to see the flaws of the potion.

Wang Xingyuan wanted this cultivation technique more. It was unique and was the treasure of every family.

At this time, Wang Xingyuan was thinking that as long as he could get it and bring it back, he would be able to take great credit. At that time, he would definitely be able to make an exception and become the family's heir.

Chapter 1172 - -arrogant Wang Xingyuan

Chapter 1172:-arrogant Wang Xingyuan

As long as one made enough contributions, they could become the family's successor.

He didn't dare to have such thoughts before, but as long as he had the capital, he would have it.

"You want me to regret? Hehehe, the person I regret might not even be born on this planet or in the universe!"

Zhou Hao laughed coldly and said disdainfully.

Wang Xingyuan was indeed a top existence in a one-on-one battle. He looked down on 70% of the powers in the universe.

However, in front of him, it was still not enough.

From an ordinary point of view, it was already very good that he had persevered until now, but that was all.

Wang Xingyuan coldly snorted. His eyes gradually became sharp like two knives, and he said coldly.

“I’d like to see if your mouth is stronger or if your Foundation is stronger!”

Wang Xingyuan’s speed was increasing. He was like a ghost, fast to the extreme.

Zhou Hao was very surprised. Even the strongest star-roaming expert he had seen before was not as good as this Wang Xingyuan.

“It seems like your dark night race has a lot of good stuff. After I deal with you, they will be mine!”

Wang Xingyuan was so angry that he laughed. It was fine that this guy didn’t take him seriously, but he was actually thinking about his family’s Secret technique.

From Wang Xingyuan’s point of view, Zhou Hao knew that his family was the well-known dark night race, but he still dared to covet their things. He was either courting death or an idiot.

If it was in front of others, Wang Xingyuan’s view would not be wrong. However, this was in front of Zhou Hao.

Zhou Hao’s strength had already entered the God Realm, and he was only a few days away from the legendary realm.

If it weren’t for the restriction patterns embedded on these planets, they wouldn’t have been able to suppress his strength at all.

At this moment, Wang Xingyu would not be able to withstand even one move.

Now, Wang Xingyuan felt that Zhou Hao was just like them, a relatively powerful heaven’s pride expert. He was not their opponent at all.

Wang Xingyuan thought that he could defeat all his enemies with a high-level body movement technique and the berserk drug of the night race.

At this moment, Wang Xingyuan did not know how lucky he was.

If they were to meet Zhou Hao outside of this planet, there would only be one outcome, and that was certain death.

Zhou Hao was being suppressed at the moment. He could only use a few similar combat skills and some movement techniques, which were almost the same.

From the past to the present, no matter how much time had passed, there would not be any changes. It would continue like this.

He could only rely on his own combat experience to gain the greatest advantage in this battle.

Now, if he wanted to wait for the battle to end, he could only waste time.

“Weren’t you very arrogant before? why aren’t you arrogant anymore? it seems like you’re not that powerful after all!”

Wang Xingyuan began to sneer at Zhou Hao. At this moment, he felt that Zhou Hao had finally revealed his true colors. Other than the movement technique that he had displayed earlier, he was nothing.

Ghostly steps!

Wang Xingyu then used the movement technique that he had received from an elder in his family. This movement technique was also his proudest.

It was a top-notch movement technique even in the number one school of the starry sky college, let alone the dark night race.

Wang Xingyu was using it now with a playful look on his face. He wanted to tease Zhou Hao.

He wanted to toy with Zhou Hao to death, just like how he had toyed with his enemies before.

Wang Xingyuan’s body gradually became illusionary, as if he had become transparent, and finally disappeared.

“Young master Wang, you don’t need to use this move at all. I think you can crush him with one hand!”

“That’s right, young master Wang. One of your hands is more than enough!”

The lackeys that Wang Xingyuan had brought over immediately started to flatter him.

Ever since he was young, he had always been the center of attention, listening to all kinds of flattery. Even now, he still never got tired of listening to it, and he still enjoyed it.

“All of you, watch closely. I want this guy to kneel in front of me right now!”

With that, Wang Xingyuan shouted. At the same time, he jumped up high and lowered his palm. A cyclone gathered in his palm and then he struck forward.

Hu Chi!

This cyclone turned into a wind blade, extremely fast, like a bolt of lightning.

If an ordinary person were to encounter this situation, they would probably be unable to hide or resist and would be struck to death.

However, in front of Zhou Hao this time, he was extremely disdainful and even scoffed at him.

The whirlwind palm was also a secret technique of the highest school. Only the carefully selected students of the school could practice and learn it.

Although Zhou Hao had never learned it before, he had seen some students practice it before. Among these students, Wang Xingyun was the worst. He was simply unsightly.

The students he had seen, no matter how poor they were, could still reach the second stage of the whirlwind palm, which was moving like the wind.

Moreover, it could easily set off a storm with unpredictable power, which was a level that many people could not do.

But now, Wang Xingyuan could only do the basic forming of whirlwind. He was simply too weak.

Zhou Hao crossed his arms and did not even try to Dodge. He just stood there, unmoving.

“Why isn’t this guy dodging? could it be that he knows he can’t Dodge it?”

“No, I think he’s probably scared silly by young master Wang’s methods. How can a guy from a barren planet like this be powerful? I think he’s just a rookie!”

The soldiers from the night race all laughed at him. In their eyes, Zhou Hao was someone who came from a remote village in the city.

Zhou Hao looked at these people as if they were idiots. They were really interesting. They actually thought that he had been scared silly.

“I thought that the night race were all experienced and knowledgeable, but it seems like they are just a bunch of ignorant people!”

Zhou Hao’s words instantly infuriated the Soldiers of the Night race. They were all powerhouses who were highly respected in the universe.

Now, Zhou Hao was actually saying that they had eyes but failed to see, and the key was that he even compared them to ordinary people.

At that moment, they felt that their fragile self-esteem had been ruthlessly trampled by Zhou Hao.

“Say that again!”

Wang Xingyuan’s Deputy was the only one who was angry. He looked at Zhou Hao excitedly, as if he was about to charge at him at any moment.

“Am I wrong?” Zhou Hao continued to mock, “even your young master Wang is a piece of trash. I think you’re just so-so!”

The few soldiers, including Wang Xingyuan, glared at him.

But soon, Wang Xingyuan was also stunned and couldn’t believe it.

What he saw was that the two whirlpools that he had shot out, which could have hit, suddenly deviated from their original direction when they were about to hit. In the end, they flew away in another direction and finally disappeared.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 1173 - unbearable to look at

Chapter 1173:-unbearable to look at

“How is that possible?”

He wasn’t the only one who saw it. His assistant and a few other lackeys saw it too. They couldn’t believe it.

Also, they quickly fell silent. These lackeys didn’t expect young master Wang to speak so much nonsense.

If they hadn’t seen it with their own eyes, they wouldn’t have believed that this young master Wang would be such a coward. More importantly, he was showing such a bad side at this time.

After all, what he said was the truth. Now that Wang Xingyuan was embarrassed, they were also embarrassed. They had nothing to say.

If they continued to refute, they would only be deceiving themselves.

“How could this be ...”

Wang Xingyuan couldn't accept it. His face turned red and he felt ashamed.

He had been cultivating for three months, and he had even killed a few enemies.

He did not know that the reason he could not hit his target was because Zhou Hao had used an even more advanced movement technique just before he was about to hit his target.

When he was about to hit, he would immediately use his movement technique to avoid the attack, the kind that was very easy.

It was this easy Dodge that allowed him to be completely fine.

His high-level movement technique was superior to ghostly steps, and it was also brilliant.

Now, Wang Xingyuan and the others naturally could not tell when he had dodged.

“Dammit! How did he do it? why didn't I notice anything?!”

Wang Xingyuan's expression was ugly. He was not an idiot. Not only did this mean that he had lost, but it also meant that he was not a match.

He could not figure out how Zhou Hao had managed to avoid it.

He couldn't understand it even if he cracked his head.

“How did you do it? tell me!”

Wang Xingyuan ordered Zhou Hao with an undeniable tone.

Their battle could be broadcast live, which meant that the entire universe would know if he missed.

Including his family.

If his family found out about what had happened here, he would definitely become a laughingstock. He would also be stripped of his current status.

The night race was more cruel than any other force. Once the night race found out that he was not as good as Zhou Hao, they would strip him of his power.

At this moment, Wang Xingyuan only had two thoughts. One was to obtain Zhou Hao's Secret technique, and the other was to kill Zhou Hao.

Before he killed Zhou Hao, Wang Xingyuan wanted to know how Zhou Hao managed to make an error in his attack without dodging.

Although he was indeed not as good as those super geniuses, he was not so good as to be able to aim and miss.

Zhou Hao did not answer the question. Instead, he picked his ears and said, "If you want to know, you can try to defeat me. If you can defeat me, I can answer your question!"

Hearing this, Wang Xingyuan was furious. He gritted his teeth and said, "You're looking for death!"

Wang Xingyuan was furious. He did not want to know the answer now. He only wanted Zhou Hao to die. He felt that Zhou Hao was looking down on him, which was why he had such an attitude.

Zhou Hao didn't waste his breath anymore. Wang Xingyuan, who was gradually losing his mind, was now like a wild beast.

It was useless to continue talking about this now. If Wang Xingyuan continued to develop like this, he would eventually go berserk.

Before entering the highest Academy, Zhou Hao had encountered an opponent from the night race who could go berserk. At that time, he was the weakest one, but he was still evenly matched.

Therefore, with the lesson learned, Zhou Hao did not want to waste any more time on such a battle.

Zhou Hao rushed forward like an arrow, clenched his fist, and raised it high before punching forward.

"Divine sun fist!"

Then, Zhou Hao attacked. Not only did he not waste any time, but he also did not waste any time. He used all his strength without holding back.

The interstellar netizens who were watching the live broadcast widened their eyes in disbelief.

Although they were behind the screen, they could feel the boundless divine power coming from Zhou Hao's body.

Zhou Hao had actually reached the godly state.

Many of them who had given up on Zhou Hao's mercenary team were now filled with regret.

"Think of a way to contact Zhou Hao. You must do everything you can to win him over. Go!"

For a time, many of the top forces on the planets used their connections and fought to be the first.

An immortal state warrior wasn't worthy of them being so afraid of him, but he was a young immortal state warrior.

This kind of godly state had the greatest room for growth. In the future, he would at least become the Lord of the Milky Way.

There were already quite a few Milky Way Masters here, and they could only struggle on with their last breaths under their control.

Now, whoever managed to win over Zhou Hao would be able to rise to power and become the next Milky Way Lord.

Millions of years had passed since then, and until now, no new Milky Way master had been born.

Now, Zhou Hao was like a rising star, giving them infinite hope.

Hence, to them, winning over Zhou Hao was the most important thing.

The interstellar netizens in the livestream room were all shocked. Many of them thought that they had already known Zhou Hao, but now they realized that it was the same as the first time they had met him.

Originally, many of their old rivals thought that they could match Zhou Hao, at most just a little weaker.

But now, they were all dumbfounded. They were still strolling through the starry sky, and they were only supreme class experts.

However, this fellow, who was originally on the same level as them, had actually already secretly entered the godly state in advance without them knowing.

There were also forces that had previously offended Zhou Hao, but now they were all like ants on a tree that had fallen. They had all instantly fallen to the bottom, their status plummeting.

They were all thinking about what kind of big gift they should prepare to apologize to Zhou Hao.

There were also some people who were very happy now. Everyone was happy.

These people were the powerhouses of the Earth Star. They had never expected that The Guardian they worshipped had already become a godly state powerhouse.

At this realm, he could already look down on the world and basically walk sideways.

They had never thought that Zhou Hao would one day reach such a height.

In fact, to them, it was already very good that they could continue to struggle on whilst at death's door.

"I said that Lord Zhou would definitely reach this height!"

Many people were happy for Zhou Hao, and everyone on the planet was excited.

"How can you be a godly state expert? this is impossible! This must be an illusion!"

Wang Xingyuan's eyes almost popped out of his head. There had never been such a student in the starry sky Academy, not even in the highest school.

Zhou Hao had actually entered the God Realm, which was two whole realms higher than him. This realm was also what he had always been pursuing.

It was also the ultimate goal of many Star Walkers.

Chapter 1174 - Wang Xingyuan collapses

Chapter 1174: Wang Xingyuan collapses

However, Zhou Hao, who everyone thought was impossible, was one step ahead of them.

This was a huge blow to Wang Xingyuan, who had entered the starry sky Academy before Zhou Hao. He couldn't accept it.

“How can a frog of the forbidden area like you know how vast the outside world is? your eyes are so high that they’re on top of your head. From the beginning until now, you’ve only been blinded by a leaf. To me, you’re a complete idiot!”

As soon as these words were spoken, Wang Xingyuan finally sobered up and his face became distorted.

“I will lose to anyone but you. How can someone from a backward planet like you win against me? I am a genius of the night race. You will die in my hands!”

At this moment, Wang Xingyuan’s desire to kill Zhou Hao grew even stronger.

Wang Xingyuan was ready to risk everything. He had no other choice. If the dark night race knew that he had offended a future Milky Way Lord, they would definitely strip him of his status.

Although he didn’t want to believe it, he knew that even if he lied to himself, he wouldn’t be able to change the truth.

Wang Xingyuan rushed forward and used his most powerful combat skill to meet Zhou Hao head-on.

“How could it be!”

The few lackeys who followed Wang Xingyuan were filled with regret. Why did they have to follow Wang Xingyuan everywhere to court death? if they had not followed Wang Xingyuan to deal with Zhou Hao, they might still be living a carefree life now.

If the dark night race knew that they were following Wang Xingyuan, they would not be able to escape.

At this moment, the night race was in a state of shock. They already knew that Zhou Hao had entered the God Realm.

“This can’t be real! This is impossible!”

The higher-ups of the night race immediately denied this possibility.

However, he stared at the screen of the live broadcast room and knew that he was just lying to himself.

That kind of boundless divine power could only be released after entering the God Realm.

In addition, only such an immortal state warrior could easily deal with Wang Xingyuan, an expert who wandered in the starry sky.

Although Wang Xingyuan was very easy to bully, he was also an expert who wandered the starry sky. He was not someone who could be easily bullied.

But now, in the live broadcast, Zhou Hao could easily send Wang Xingyuan flying.

“Waa waa!”

In the live broadcast, Wang Xingyuan only managed to resist for a moment before he was sent flying and smashed into the mountain.

As Wang Xingyuan fell to the ground, he also spat out a few mouthfuls of blood. It seemed that his injuries were not light.

If it was before, the night race would have sent people to save her, but now they chose not to do so.

They didn’t dare to save Wang Xingyuan. They quickly weighed the pros and cons and decided to give up on Wang Xingyuan.

“I know it’s hard for you to believe it, but it’s the truth. From now on, Wang Xingyuan is no longer the Holy Son of our dark night race!”

The one who spoke was the great elder of the night race.

As soon as he said this, many elders in Wang Xingyuan’s faction were speechless. They did not dare to speak and they did not dare to have any objections.

To offend Milky Way master was to seek death, or even bring disaster to the dark night race.

They had lived for a few years, and although their abilities had not improved much, they had not fallen behind in judging the situation.

At a time like this, they naturally knew what they could do to make their lives better.

Although they were very angry about Wang Xingyuan’s death, they could only choose to swallow their anger.

“Yes, great elder!”

The great elder’s status was second only to the family head, and he had the right to make such a decision.

When the dark night race made their decision, many families also began to restrict their own descendants.

Some of those who had said bad things about Zhou Hao before were now hiding in fear, afraid that Zhou Hao would find them and kill them.

Zhou Hao was now in the immortal state, and more importantly, he was the future Milky Way Lord.

Such an existence would be equivalent to the old monsters in the top forces. He would be an existence that dominated the world and they would not be able to resist him.

The number of people in the live broadcast room continued to increase, and now it had increased to an astronomical number.

However, Zhou Hao no longer cared about these numbers. It wasn't that they were unimportant, but that they were only a process for his future advancement. He could choose to remove them. They were of no importance.

"How did you do it? tell me!"

Wang Xingyuan had no choice but to accept it. He was still unwilling to give up. He wanted to know how Zhou Hao did it before he died.

From their previous investigation, Zhou Hao was only slightly better than the average student.

However, this was completely different from what was written in the investigation. Until now, Wang Xingyuan still felt that he had not fully understood how strong Zhou Hao was.

At this moment, Wang Xingyuan only had one thought in his mind. He wanted to know how Zhou Hao had managed to do it.

At this time, Wang Xingyuan's life was almost gone. It would not be long before he died completely.

Zhou Hao looked at Wang Xingyuan with pity. He knew a secret that many people did not know. Wang Xingyuan's family had been cultivating puppets.

The competitive Wang Xingyuan was one of the puppets. However, if he did not say it now, Wang Xingyuan might not even know that he was just a puppet when he died. He was not a proud Son of Heaven at all.

Zhou Hao thought that this was probably the best mercy he could show.

"I can't tell you how I increased my strength, but I can tell you a secret, a secret about you!"

Without waiting for Wang Xingyuan to ask about the secret, Zhou Hao directly revealed the secret that few people knew.

In fact, he was not the only one who knew about it. Many of the big shots in the major forces knew about it as well, but they had a tacit understanding.

Telling Wang Xingyuan would offend the dark night race, so no one would be so stupid as to do such a thing.

Zhou Hao revealed the secret. It was a complete secret.

“You’re lying to me, right? this can’t be true!”

Wang Xingyuan was devastated. He had done so much for the family and lived for so many years, but he was only trained as a puppet.

Wang Xingyuan was subconsciously lying to himself. When he saw Zhou Hao, he realized that many of his previous beliefs were foolish.

At this time, Wang Xingyuan found it harder to accept than ever. He could not figure out how things had turned out like this.

He should be enjoying the cheers of countless people and enjoying the time when he was still high and mighty.

To Wang Xingyuan, this was torture. He really wanted to die.

“Why did it turn out like this? why?!”

Wang Xingyuan could not understand. He had done so much for the family, but in the end, he was heartlessly abandoned.

Now, Wang Xingyuan was disheartened. He wanted to go back and ask the higher-ups of his family for an explanation, but he knew that he might not be able to go back.

Now, Wang Xingyuan’s spiritual world had completely collapsed. He never thought that it would become like this.

Chapter 1175 - heading to the dark night race

Chapter 1175:-heading to the dark night race

Zhou Hao wanted to give Wang Xing Yuan a fatal blow, but he chose to give up.

This was because Wang Xingyuan was already in a very miserable state. Even if he did not do anything, Wang Xingyuan would not be in a good state.

Thinking of this, Zhou Hao chose to leave Wang Xingyuan to his own devices.

In this mountain, even if Wang Xingyuan did not die, the mutant beasts would not let her live.

“Why is he going to the dark night race?”

After Zhou Hao settled the matter here, he went straight to a Nebula. The viewers in the livestream room were very confused.

However, they were not idiots. They quickly made a bold guess that Zhou Hao wanted to deal with the dark night race.

“Oh my God, he can’t be thinking of dealing with the night race alone, right?”

Some of the netizens exclaimed in shock. They were all very shocked.

It was no wonder that they could guess Zhou Hao’s motive so quickly. Zhou Hao had done many similar things before.

Therefore, they were not surprised that Zhou Hao would still do such crazy things.

“Is he crazy? even if he’s an immortal state warrior, he can’t possibly destroy the night race!”

“Yeah, is he taking things too hard? sigh, he’s still young. There’s no need for him to do this!”

Many netizens expressed their shock, and some even felt sorry for Zhou Hao.

In any Nebula in his family, Zhou Hao was a super genius that was hard to come by in a hundred years.

The death of an existence like Zhou Hao would be a huge loss to any place. Naturally, they were not willing to see Zhou Hao die.

In their eyes, Zhou Hao going alone to the night race to cause trouble was the same as seeking his own death.

They thought this way because the dark night race also had God Realm experts.

The key was that the godly state experts of the night race had been at this level for hundreds of years. Even if they didn't improve their cultivation, they had at least improved a lot.

At this point, if Zhou Hao were to head over directly, he would be courting death.

They were not the only ones who thought so. Even the people on Earth Star thought so too. At this time, they all sent bullet comments to persuade Zhou Hao.

However, Zhou Hao would not listen to him. He had been waiting for this day for a long time. No matter what, he was going to settle the Old and New grudges.

After a short while, Zhou Hao entered the Nebula where the dark night race was located from another Nebula.

After Zhou Hao's arrival, his terrifying aura spread to all the planets, including the entire territory of the night race.

The night race higher-beings and the weaker ones all raised their heads in fear. They had never thought that there would be such a terrifying existence.

A few higher-beings from the dark night race immediately rushed out. There were a few hundred experts who could roam the starry sky and a few dozen Rangers who could freely roam the starry sky. All of them were quite powerful.

However, Zhou Hao didn't take them seriously. Now that he had entered the immortal state and had the help of the star wheel technique, he didn't care about them at all.

"Sir, although you've already broken through to the godly state, this is not a place where you can come and go as you please. If you leave now, we can pretend that nothing has happened. Otherwise ..."

The aged first elder squinted his eyes and didn't finish, but even if he didn't, he knew what he was going to say.

Zhou Hao had long been immune to this kind of threat. He didn't want to waste his breath now. He only had one thought in mind, and that was to do what he needed to do now.

"You old fogeys are not qualified to talk to me. Call your old ancestor out!"

Zhou Hao said with a blank expression.

The netizens in the live broadcast room were all extremely excited and envious. This was the realm that they had been longing for, the predecessor of the immortal state.

Zhou Hao's words were overbearing. He could do whatever he wanted in the dark night race.

Although they knew that Zhou Hao was likely to die, they still respected him.

In the past, many experts didn't even dare to fly above the night race, much less pass by.

To many forces, the dark night race was like a tyrant that they loathed.

However, they could only swallow their anger. In this world, the fist was the absolute law, and some words were useless.

It wasn't the first or second day that the dark night race did things without restraint. As long as they didn't like the sight of it or were unhappy, they could use the small forces as punching bags.

Now that Zhou Hao could be so overbearing in the dark night race, this was simply their dream. He was their idol.

"Sir, I'm willing to tell you so much because I'm giving you enough face. Don't think that our night race is as easy to bully as those stray forces. Please leave now!"

Wang Qingyuan was also panicking, but as the great elder of the night race, he could only take charge of the situation. At least for now, he could leave some dignity and impression on the night race.

However, he didn't know that because of their current attitude, many of the dark night race members immediately became unscrupulous and helped to boost the arrogance of the dark night race descendants.

Wang Qingyuan had handled the situation well. However, he could not do the same thing as Zhou Hao at a time like this. He had made a grave mistake.

"Everyone, don't be afraid of him. Once our old ancestor comes out, he'll definitely die!"

"He's just a godly state expert who has just entered the godly state. If the old ancestor comes out, he'll definitely not be his match!"

At that moment, all the members of the Wang family thought the same. They had forgotten that they were not God Realm experts yet.

Now, they felt that the Grand Elder wasn't afraid of Zhou Hao because he had such a powerful backer. They felt that they didn't have to be afraid either.

Wang Qingyuan had the urge to curse. If these people didn't say anything at this time, the situation wouldn't have gotten worse, and he could still stall for time.

However, because of the night race's meddling, the situation had become complicated.

Zhou Hao also roughly understood that it was useless for him to say anything now. After realizing that this was the case, he immediately made a decision.

"Hehe, it seems like you're confident that you can defeat me. Since that's the case, I'll give you a chance to attack. Come at me together. I won't bully you. As long as you can hurt a single hair of mine, I'll spare your lives!"

As soon as he said that, the netizens and some tourists in the live broadcast room felt that Zhou Hao was really crazy. This was something that they had never dared to think about before.

Even the godly state experts didn't dare to provoke the night race.

Chapter 1176 - -one against a hundred

Chapter 1176:-one against a hundred

There were also some who felt that Zhou Hao's current decision was not a wise one.

Zhou Hao turned a blind eye to the comments. He wasn't worried that he couldn't defeat the elder of the night race.

He didn't come here because he was prepared.

He only knew that the forefather of the dark night race was no match for him.

This was because the forefather of the dark night race had not even done anything when the void cauldron had fallen.

Zhou Hao guessed that it wasn't that the night race patriarch didn't want to help, but that he couldn't.

After all, that was a divine weapon and it was a divine weapon that could make their godly state experts even more powerful.

It was impossible for those powerhouses not to be tempted, but if they were tempted but did not go to find it, there was a big problem.

Soon, Qin Lang guessed that this expert might not be able to go there, and the reason for that was thought-provoking.

However, if he wanted to know why, he only needed a rough idea.

After knowing about it, Tan Lang immediately came to the dark night race. This was definitely a rare opportunity.

If he didn't look for trouble now, later on, it wouldn't be him looking for trouble with the dark night race, but the dark night race looking for trouble with him.

Thus, before this, he chose to take the initiative to find trouble with the night race.

There was no doubt that he had done it.

"You don't dare to make a move?"

Tan Lang looked at all the Wang family members with disdain.

Before this, the Wang family had even said that they were the heaven battling clan and there were no cowards.

But now, it seemed that those words were all bullsh * t.

"Since you guys don't dare to make a move, then it's my turn!"

Qin Lang made a decision decisively, and that was a forward punch.

His speed was relatively faster than any of his previous upgrades.

So fast!

The experts of the Wang family who were strolling in the starry sky were all shocked. They realized that this speed was so fast that they couldn't use their naked eyes to see how he moved.

At most, they could only catch a blurry afterimage, but in the middle of a battle, it was no different from not seeing anything.

“Show me your true abilities and let this guy know that we’re not easy to bully. We must hold on until the ancestor comes out!”

Great elder Wang Qingyuan immediately said to the experts from the Wang family who were wandering in the starry sky.

Hearing this, these experts “faces turned ugly. They didn’t dare to not do this now, because their lives were given by the Wang family.

“Yes, great elder!”

Thus, they had no choice but to brace themselves and attack together. Although it was very dangerous now, it was also an opportunity for them.

“Kill him and we’ll be the elders. Go!”

Following the instigation of one of them, the rest of the powerhouses also braced themselves and attacked Zhou Hao together.

They were now experts who wandered the starry sky. Not only were they experts in this Nebula, but they were also extremely powerful experts in other nebulas.

What they had to do now was simple. They had to go all out and defeat this uninvited invader.

They immediately used the most powerful techniques they had learned in the starry sky Academy. These were the capital that allowed them to become experts who roamed the starry sky from ordinary people.

At this moment, they did not hold back at all. They only wanted to stop Zhou Hao from doing as he pleased.

However, how could they possibly know the terror of a deity realm powerhouse?

Zhou Hao only threw a punch, but the power of the fist of the great Heavenly Sun sent them flying. When they felt the power, many of the experts who were wandering in the starry sky felt fear in their hearts. They knew that they were no match for it, but it was too late to avoid it.

This force directly arrived with a loud bang and smashed onto their bodies.

Puchi!

Many of the weaker experts who were wandering in the starry sky were immediately seriously injured. Some of the weakest ones were directly blown up by a single punch.

“How could it be!”

The young, old, women, and children of the Wang family of the dark night race couldn't believe it. Although they knew that immortal State Warriors were strong, they didn't expect it to be so terrifying.

He was dealing with dozens of experts who wandered the starry sky alone, yet he was able to injure them with one move.

No wonder they were like this now. God Realm was already a peak existence, they wouldn't easily attack.

Therefore, they had basically never seen godly state experts before. They only knew that godly state experts could move mountains and overturn seas with unimaginable means.

In the scope of their knowledge, they felt that godly state experts were only a level stronger than those experts who wandered the starry sky.

They didn't know how powerful and terrifying godly state experts were.

They didn't know at first, but now they began to understand the gap between them. This was simply a chasm of the heavenly Dao.

The Wang clan's Grand Elder found it the most difficult to believe right now. He was also unable to accept it.

“Damn it, I shouldn't have acted so recklessly!”

The Wang clan's head elder was filled with regret. If he hadn't let these experts take action earlier, he wouldn't have been injured and wouldn't have suffered such a thing.

However, it was useless to say anything now, because the decision he had made was like water that had been poured out and could not be taken back.

“Everyone, stop him! Even if you die, you must stop him! I'll go get the patriarch. You must stop him!”

At this time, the great elder of the Wang family knew that he couldn't just wait. He had to let the ancestor of the Wang family come over to take charge of the situation.

Right now, Grand Elder Wang wanted to slap himself in the face. If he hadn't made that decision just now, there might still be room for discussion.

However, because of that decision, they could not come to an agreement now. If the elder ancestor found out about this, he would have to change his position.

Knowing that he had made a mistake, the most important thing was that it was a low-level mistake that should not be made, great elder Wang knew that it was not the time for him to regret it.

“Yes, great elder!”

All the experts of the Wang family came out. They all knew that this was the strongest expert the dark night race had ever encountered.

The experts who were wandering in the starry sky were all depressed. They thought that they could brag about sparring with a godly state expert. They didn't expect things to turn out like this.

At this time, they had already changed from offense to defense.

Most importantly, they were still trembling with fear. They had no idea how long they could last.

Zhou Hao looked at them with a calm expression and said, “Now, whoever submits will be spared from death!”

Zhou Hao's words frightened the guest Masters of the Wang family who were not good. Many of them were invited over after the Wang family grew.

The Wang clan could benefit from these guest elders, so they immediately made a decision.

“I'm out. I'm willing to follow you, Sir!”

“I'm willing to be your dog!”

“I submit!”

Chapter 1177 - Fighting the Wang family's ancestor

Chapter 1177: Fighting the Wang family's ancestor

As soon as Zhou Hao finished speaking, more than half of the Wang family's experts who were wandering in the starry sky immediately made their decision.

Going against Zhou Hao now was the same as seeking death. However, they did not want to die now.

Zhou Hao wasn't surprised. It would be strange if they still didn't submit.

The elders of the Wang family were all furious. Before this, they had all made an oath to the Wang family.

But now, they had chosen to betray him without any hesitation.

"You bunch of traitors!"

Many of the Wang family's people were angry, but they were helpless. Right now, they had no way of deciding whether these experts would stay or leave.

The remaining group had their own thoughts, but they still had some expectations for the current Wang family ancestor. Now, they had a gambling element.

However, he didn't know how badly the group of starry sky elites who remained in the Wang family would lose.

"Milord, I've long found the Wang family to be an eyesore. There's no need to trouble you with the rest, we'll help you settle it!"

If it was before, Zhou Hao would have thought that this person was up to no good and would have expressed his disgust.

But now, Zhou Hao felt very comfortable listening to them. He also felt that these people had good awareness.

It wasn't that he didn't have anyone he could use, but that he lacked a group of lackeys who had such awareness. These people would help him solve the problem when it was time to make a move.

This was an awareness that most people didn't have. At this time, they could display their value.

You don't need to learn from the Wang family, but you can't let anyone go. As long as they're core members of the Wang family, capture them all. I'll decide how to deal with them later.

Hearing Zhou Hao's words, the group of surrendered starry sky elites immediately rushed over and entered the Wang family to capture them.

"You traitors will regret this. When my patriarch comes out, you won't be able to beg for mercy!"

The people of the Wang family were all furious. They didn't expect this group of people to be so decisive. Previously, they had still been speaking well of the Wang family.

The eyes of those who surrendered were cold, as if they were two different people.

He also turned a deaf ear to the threats of the Wang family.

In fact, the Wang family's threat was nothing to them.

Even if Zhou Hao lost, they could still escape and find a new place to live.

After all, they were already experts who roamed the starry sky. If they couldn't win, they could still escape.

Moreover, as long as they caught the person now, they would have a bargaining chip. By then, the Wang family ancestor would not dare to do anything to them.

Not long after, the experts who wandered the starry sky rushed into the Wang family's residence and captured a large number of core members.

Only a small number of core members of the Wang family managed to escape by hiding in some secret passages.

Zhou Hao nodded in satisfaction when he saw that they had captured so many people.

It was also at this moment that the Grand Elder of the Wang family came out of the secret realm with another person. It was the Wang family's ancestor.

The ancestor of the Wang clan, Wang Lingtian, realized that his clansmen had been captured and a group of experts who were wandering the starry sky were standing behind Zhou Hao. He immediately understood what was going on.

"Sir, if our Wang family did anything wrong in the past, I can compensate you. You've gone too far by bullying our Wang family like this!"

Zhou Hao laughed coldly. This Wang family ancestor was really interesting. He actually thought that Zhou Hao had gone too far by doing this.

"You said that I've gone too far. Then, you destroyed my base because of the Wang family's power. What about that? you think I'm easy to bully?"

Thinking back to how the Wang family used to be overbearing and treated him like a pushover, Zhou Hao felt that he had finally gotten his revenge.

Now, Zhou Hao wanted to do the same thing. He wanted to let the Zhou family know that he was not a pushover. He wanted them to know that they would have to pay the price for offending him.

The Wang family ancestor's face turned ugly. He didn't expect that something that was originally easy to solve would become so bad.

"You piece of trash, what did I tell you when I was in closed-door cultivation? did you feed it all to the dogs?"

The ancestor of the Wang family scolded the first elder of the Wang family, Wang Qingyuan, angrily.

Wang Qingyuan's face turned pale. He could feel the Wang family ancestor's crazy killing intent. He wanted to kill him.

Wang Qingyuan thought that he had done something wrong and would at most make her move a little. He never thought that the patriarch would want his life.

"Patriarch, I didn't expect this to happen either. It's all my fault. I'm willing to make up for it!"

Wang Qingyuan was even more regretful than before. If he had thought twice before he acted, he probably wouldn't have ended up like this.

However, at this moment, he knew that it was useless no matter what he said. After all, he could not turn the tide at this time.

Wang Qingyuan once again realized the importance of strength. If he had the strength, he could have turned the situation around instead of being scolded by the patriarch.

"Sir, our Wang family was indeed in the wrong previously. We are willing to compensate and apologize to you. Please be magnanimous and let everyone in our Wang family live!"

After a moment of silence, Wang Lingtian finally chose to lower his head.

The netizens in the live broadcast room and the interstellar tourists were all stunned.

My eyes aren't playing tricks on me, right? the Wang family ancestor actually lowered his head.

"Wow, that's awesome. He's definitely the most awesome person I've ever seen!"

“From today onwards, he’s my idol. No, he’ll be my idol for life!”

Many interstellar tourists saw this incredible scene. This was something they had never expected.

They had all thought that Zhou Hao would never be able to leave this place and would probably die Here.

He didn’t expect that Zhou Hao was still alive, and the Wang family members would choose to give in.

At this time, if they didn’t see it with their own eyes, they wouldn’t believe that such a thing would really happen.

Many people even thought that they were hallucinating.

“I can let everyone in the Wang family off, but that will depend on whether the Wang family ancestor’s compensation is satisfactory!”

Zhou Hao had used the donkey to go downhill, so he naturally would not give up so easily.

The Wang family also understood the implied meaning and knew that this was going to be a huge loss.

“Forefather, you can’t agree to his request. You can ‘t!”

Most of the Wang family members who hadn’t been captured yet had rushed out from the Wang family. They had put in a lot of effort to run this clan.

To satisfy the appetite of a godly state expert, it would definitely cause them to suffer huge losses.

However, they didn’t want to give up what they had worked so hard to build.

Wang Lingtian’s heart was in a mess. He naturally didn’t want to agree, but he had no choice now.

If they did not agree, Zhou Hao would kill the core members of the Wang family, and the strength of the Wang family would be greatly reduced.

These people were the foundation of the Wang family. Without them, the Wang family would fall apart sooner or later.

Therefore, at this moment, Wang Lingtian quickly weighed the pros and cons and knew what to do to minimize the loss.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 1178 - Assassination of the Wang family

Chapter 1178: Assassination of the Wang family

“Shut up, you idiots. I’ve already made my decision. We’ll do it this way!”

Wang Lingtian made his decision without hesitation. When he made this decision, he was extremely aggrieved.

This was the first time in so many years that their clan had felt so humiliated.

However, no matter how hard it was to accept it now, they could only choose to accept it.

Otherwise, they would not be able to accept the outcome.

Zhou Hao, on the other hand, was surprised. He did not expect that he would make a decision so quickly.

“My condition is for your Wang family to give me your mine, and for everyone related to the Wang family to leave the battlefield!”

Zhou Hao also immediately demanded an exorbitant price. He finally had a chance to vent his anger. Now, he just wanted to vent all the pent-up anger that he had accumulated before.

Upon hearing this, Wang Lingtian’s face turned gloomy and his heart was bleeding.

“Forefather, please reconsider!”

“Old ancestor, if you agree, our Wang family will be finished in the future!”

Some of the Wang clan’s elders spoke up one after another.

Even if this old ancestor was going to slap them to death, they would still say the same thing.

This was because the moment they made this concession, their Wang family's status would plummet and many of their businesses would shrink.

The foreign battleground was one of the Wang family's biggest businesses.

If they couldn't even defend this now, it would only be more difficult in the future.

However, they didn't want to live such a difficult life.

They used to live a good life, but once their position dropped, they would probably be gone.

Therefore, they didn't want to continue living like this.

However, Wang Lingtian had already made up his mind and was already mentally prepared.

"Okay, I promise you. From today on, I announce that the Wang family's foreign battleground belongs to Zhou Hao. Everyone in the Wang family will withdraw from the foreign mine!"

As soon as this was said, the online games in the live broadcast room and the astral visitors were all stunned.

They knew that the Wang family head would lower his head, but they didn't expect him to make such a concession.

What the Wang family head was doing now was equivalent to breaking an arm of the Wang family.

In the past, even if he were to cause the Wang family to lose a piece of skin, he would have to bear the wrath of the Wang family.

But now, the Wang clan had suffered serious injuries and even lost an arm. Not many people dared to step forward and say anything.

"He's definitely the most amazing genius I've ever seen!"

"He's so powerful! Even if I only have 1% of his strength, I wouldn't have to hide here and hide from the mutant beasts!"

Many astral tourists expressed that they were very envious now. This was something they didn't even dare to dream of before. This was also a day they had dreamed of.

He had been waiting for this day for a long time.

Before they could achieve it, Zhou Hao had achieved it one step ahead of them and even did something they didn't even dare to think about.

They were all extremely shocked. This was no less than Zhou Hao blowing up a planet.

At this moment, Zhou Hao's image in their hearts was raised to an unbelievably high level.

Zhou Hao, on the other hand, led his men and left the Wang family. The Wang family was like a den of snakes and rats. Staying here would only affect his mood.

After leaving, Zhou Hao quickly found the place he was looking for, the foreign battleground.

Before this, this place belonged to the Wang family. But now, it belonged to him.

After entering, Zhou Hao was very satisfied. Most of the ores were still there, and there was a very good profit.

Zhou Hao had arranged for someone to help him manage the extraterritorial battlefield. Just as he was about to leave, he suddenly felt an aura lock onto him.

"Not good!"

Zhou Hao had a strong premonition that if he did not avoid it, he would be in danger.

Therefore, he could only choose to make an emergency retreat at this time, which might not be the best choice.

At least, what he was doing now was right.

BOOM!

When she dodged, she perfectly avoided the damage.

As she dodged, there was a huge explosion behind her, and a huge pit appeared.

The flames swept out, forming a sea of fire.

Zhou Hao's face darkened. He realized that the person who had attacked him this time was trying to kill him in one blow.

"Who is it? get out here!"

Zhou Hao guessed that they were probably sent by the Wang family. He suddenly felt that he shouldn't have been soft-hearted to the Wang family. He should have taken more from them.

Zhou Hao searched around and quickly found the one who had been hiding and not coming out. He could tell at a glance that she was not a good person.

Wang Zhi long was wearing an armor made of a special material and had a weapon in his hand. After being discovered, he immediately wanted to escape from this place.

Wang Zhi long was already a Star Walker. His body's reaction speed was fast. He rushed out and quickly ran a few hundred meters.

Want to escape?

However, Wang Zhi long soon realized how terrifying it was to assassinate a godly state expert.

Zhou Hao only had to reach out his hand and grab in front of him to successfully lock down Wang zhi long's movement space.

This was space constraint. Wang zhi long couldn't believe that a young genius who had just become an immortal state warrior would know how to use the power of law.

"I was tricked. He didn't just become a God. He must have entered this realm a long time ago!"

Wang Zhi long was filled with regret. He couldn't allow his identity to be exposed, or else it would bring disaster to the Wang family.

However, it was too late for Wang Zhi long to escape. Zhou Hao was not an ordinary godly state expert. Not only could he seal time and space, but he could also use the nine revolutions seven stars secret technique to trap the surrounding area.

Zhou Hao was considered the weakest among the godly state experts. However, even the weakest of them was not someone like Wang Zhi long, who was two major realms apart.

When Wang Zhi long came, he had also believed in the rumors. He thought that as long as he listened to them, he would be safe.

He did not expect Zhou Hao to be so powerful. More importantly, he could already use the power of law.

This was something he had not expected.

It was also because of this special situation that his current plan had failed.

Next, he would have to pay the shop and the Wang family.

Zhou Hao easily removed the mask on Wang zhi long's face and saw his face.

"It's you. Do you think that I don't dare to kill you and exterminate the Wang family?"

Zhou Hao was furious. He recognized that it was elder Wang zhi long of the night race. He didn't think that this old man would dare to cause him trouble.

"Zhou Hao, I was blind. I shouldn't have come to you and caused you trouble, and I shouldn't have appeared in this place. This is all my idea. If you want to kill me or cut me up, I have no complaints. Just come at me!"

Chapter 1179 - Zhou Hao's anger

Chapter 1179: Zhou Hao's anger

Wang Zhi long quickly said.

However, Zhou Hao had already changed his mind. There was no way he would let the Wang family off.

"So what if I kill you? if the next person from your Wang family comes to find trouble with me, when will I ever have a peaceful day? I've changed my mind. I've decided to start a war with your Wang family!"

Zhou Hao was confident now. He was not afraid. After all, he could move earth Star at any time, so he was not afraid of the Wang family.

Now, he could take the initiative to attack and take care of the Wang family.

"This has nothing to do with the Wang family. This is my own idea. You can't do this!"

Wang Zhi long said excitedly.

“Hmph, you’re just my prisoner right now. You don’t have the right to tell me this. If you don’t want to die, then shut up. If you want to die, I can fulfill your wish right now!”

Wang Zhi Long’s hopes were dashed. He had only listened to one person’s instigations. He didn’t think that his stupid choice would cause the death of his own family.

He had never thought that things would turn out like this.

“I beg you, let the Wang family go. They are innocent. I promise that no one from the Wang family will appear in front of you again!”

Wang Zhi long could only start begging for mercy. If his stupidity caused the Wang family to fall, he would not be able to die in peace.

However, to Zhou Hao, all these were useless now, because he had already lost the best patience and trust.

Previously, the Wang family ancestor had promised that the matter would be written off.

Originally, as long as the Wang family did their part, he would not meddle in other people’s business and mind his own business.

But now, this Wang family member had actually taken the initiative to find trouble with him. Instantly, Zhou Hao was very unhappy.

Zhou Hao didn’t want to be assassinated again in the future. One assassination was already a big headache, and if there were more assassinations in the future, it would be even worse.

Therefore, he wanted to solve this problem once and for all. He could also kill the chicken to warn the monkeys.

“You’re only telling me this now? do you think it’s useful now? I’ve said everything I should have said before, but you took it as a fart. Then I think it’s useless to say more!”

Zhou Hao didn’t kill Wang Zhi long, he had brought this upon himself.

Zhou Hao went straight to the Wang family, leaving Wang zhilong in despair.

“What are you doing here!”

When Zhou Hao appeared in the Wang family’s residence once again, the astral netizens in the live broadcast room were extremely nervous. This was a great battle between immortal State Warriors.

Now, no matter who won or lost, this would definitely be an unprecedented battle.

"I'm here to settle the score with your Wang family!"

Zhou Hao's voice was heard by every member of the Wang family.

As soon as he said that, the entire Wang family was enraged. They never thought that Zhou Hao would still want to deal with them.

The ancestor of the Wang clan, Wang Lingtian, rushed out of his secret room and flew into the sky. He stood in front of Wang Lin from a distance.

"Zhou Hao, wasn't the compromise I made earlier enough? you've gone too far. If you continue to push your luck, I'll take your life even if I have to die with you today!"

Wang Lingtian was furious. All the anger that he had suppressed earlier burst out. He never thought that the matter that had already been resolved would once again turn into this situation.

Zhou Hao didn't waste any words. Instead, he threw a punch forward like a dragon.

The nine revolving STAR technique began to circulate in her body, allowing her strength to reach a critical point once again.

This power emitted a terrifying aura that could burst the planet's protective shield at any time.

Many members of the Wang family were filled with fear. They had never thought that Zhou Hao, who had just become a godly state expert, would already have the strength to match their old ancestor.

The Wang ancestor's face turned ugly. Even compared to him, Zhou Hao's strength was not inferior.

'This brat is really a freak!' The Wang family cursed in their hearts.

If it wasn't for the fact that he had no choice but to take action, the ancestor of the Wang clan, Wang Lingtian, wouldn't even want to fight.

This was because if they were to fight, there would still be no benefits to the Wang clan. The disadvantages would outweigh the benefits.

However, it seemed like he had no choice but to make a move now.

"Brat, don't think that you can be so arrogant just because you've become a godly state expert. You forced me to do this today. Today, I'll kill a God in front of everyone in the Galaxy!"

The Wang clan ancestor said with an overbearing aura.

The people from the Wang family and the other major families were all extremely shocked. To them, the battle that was being broadcast was definitely a great battle.

It had been a long time since such a battle had taken place.

They were all very happy, because no matter what the result of the battle was, it was good for them.

Many old monsters who had been waiting for an epiphany saw this battle and followed their family members to pick up the smart timepieces and began to watch the live broadcast with full attention.

For them, this livestream would definitely benefit them a lot in the end. It was something they couldn't ask for more.

Wang Lingtian's expression turned unsightly. He didn't expect that Zhou Hao would come to exterminate his Wang family. More importantly, he even wanted everyone to see his Wang family fall into a miserable state.

"You're looking for death!"

Wang Lingtian also chose to attack without any hesitation. At this time, no matter what the reason was, he could not let his family lose face.

Soon, some old monsters were disappointed. They realized that Wang Lingtian's speed was as fast as lightning. Zhou Hao's speed was just as fast, leaving behind only an afterimage.

Many old monsters cried out in surprise. They expressed that they could die without regrets for this live broadcast.

"How is that possible? he has only cultivated for less than ten years. This is too F * cking ridiculous!"

Many of Zhou Hao's old rivals, who had been on the same starting line as him, were now calling it outrageous.

If they hadn't seen Zhou Hao's livestream with their own eyes, they would have thought it was a fantasy. However, such a thing had happened.

They had never expected things to turn out like this.

There were also quite a few people who were very excited. They all said that they would find Zhou Hao to exchange pointers after this battle.

Zhou Hao ignored her. Right now, the most important thing for him was to deal with the Wang family, and then go find Jonina.

If he couldn't solve the problem in front of him in the past, it would definitely be the same in the future.

He already had a lot of experience, and he didn't want to repeat the same mistakes again. Therefore, he probably already knew what to do to make his future plans more smooth.

Zhou Hao threw another punch. This time, he was using all his strength without holding back.

Chapter 1180 - The revenge begins

Chapter 1180: The revenge begins

The ancestor of the Wang clan, Wang Lingtian, was definitely the most powerful opponent he had ever met.

Therefore, he could only do what he needed to do now. As long as he did this well, the rest of the things would be more or less done.

"You're strong, kid, but you shouldn't have continued to cause trouble for the Wang family. Today, you'll die without a doubt!"

The Wang family's ancestor used his strongest technique, the astral fist, which was passed down in the Wang family.

The Wang family's ancestor had used this fist technique to raise the Wang family's position and even allowed the Wang family to develop to this day.

However, before Zhou Hao's arrival, the Wang family had always been busy and lively.

Right now, the Wang family residence was deserted. Not even a stray cat or dog would be willing to stay in front of the Wang family residence for a moment.

Now, they were all very angry. They didn't expect things to turn out like this.

“Patriarch, kill him!”

“As long as the old ancestor kills him, our Wang family will still have hope of recovery. I’ve always felt that we should kill him. He’s a vicious Wolf that can’t be fed enough!”

The Wang family was very satisfied with their ancestor’s decision. As long as their ancestor did this, their Wang family would be able to recover very quickly.

When Zhou Hao took away the foreign battleground, the Wang family’s life had changed dramatically, and it was only getting worse by the day. To them, it was like falling from heaven to hell.

Now, this old ancestor was finally willing to use the simplest method to solve it. They were all very excited and felt that this was what the old ancestor they respected the most should do.

However, this Wang Lingtian didn’t know that he had already met a very terrifying opponent this time.

Zhou Hao’s strength was not an ordinary God Realm, but a very terrifying opponent.

Of course, at this moment, Wang Lingtian didn’t know about this. Right now, he only felt that this was an ordinary godly state expert.

Hundred flower fist!

Bloodthirsty frenzy!

At this time, Wang Lingtian had used all the Trump cards that his Wang family could use.

In the beginning, Wang Lingtian wasn’t worried that he would lose. However, when he realized that he couldn’t take down Zhou Hao, he started to feel apprehensive.

Before this, Wang Lingtian would definitely think that this was an illusion, but now, he wouldn’t.

Because this feeling gave him a very strong feeling. He completely did not expect it to turn out like this.

At this moment, Wang Lingtian also had a bad premonition that he was very likely to die.

Therefore, he had used both his trump card and his ultimate skill.

The online players in the live broadcast room were dumbfounded. They didn't expect the Wang family ancestor to use such a fancy method.

If it was before, the Wang family ancestor would not have acted so recklessly.

In their opinion, he had been messing around before. It was also because of this mess that the Wang family ancestor had lost the best opportunity he could have seized.

This was not a wise move.

However, such a method was used by the wise and farsighted Wang family ancestor.

Many netizens did not look at it and said anything. They all remained silent.

The Wang family's faces turned ugly. They were not idiots and could naturally see that their old ancestor was in a panic.

Moreover, it was obvious that their patriarch was at a disadvantage.

Ever since their old forefather went out to battle, he had always been invincible and had been crushing everything in his path.

It could even be said that he was already an invincible existence.

However, such an old ancestor was now in a disadvantageous situation.

The hearts of the Wang family members began to waver. They began to regret asking their old ancestor to fight Zhou Hao to the death.

"My mouth is cheap. I shouldn't have let the patriarch fight!"

Many of the Wang family members were filled with regret. However, they knew that it was useless to say anything now.

Therefore, they all had a rough idea that their Wang family would probably suffer a great loss this time.

"How could it be like this!"

Right now, they were all on the verge of a mental breakdown. Things shouldn't have been like this.

They were all very regretful because it was the first time they had made such a stupid choice and decision.

If it had been before, it would definitely have been fine if things had continued to develop like this.

However, he could not do that now.

“Old man, I heard that you’re very strong, but now it seems that you’re just so-so!”

Zhou Hao gave an indifferent evaluation. It seemed to him that this old man was not much different from the opponents he had met before.

It was probably because he was old, so he looked ordinary now.

Regardless of the reason, the old man’s combat power was very low now. It could even be said to be unsightly.

Wang Ling Tian’s expression turned even uglier. He never thought that Zhou Hao would actually be hiding his strength.

Zhou Hao had already surpassed him and was now above the entire Wang family.

“Zhou Hao, as long as I’m here, don’t even think about doing whatever you want in the Wang family!”

The Wang family ancestor thought that since his family had the support of the Prince, as long as he persevered, he would still have hope.

Zhou Hao, on the other hand, immediately chose to use his most powerful technique and began another fierce attack. His fists were like a violent storm.

The Wang family members only felt a large rain in front of them, but they couldn’t tell if it was a fist or a real rain.

It was only when the black dots approached that they realized they were fists. However, when they got a clear look, the fists had already landed on their chests.

Puchi!

How could these Wang clan people be a match? they were directly smashed flying, and not a single one could block it.

Even Wang Lingtian was sent flying by the impact, so it was naturally impossible for them to block.

“He’s so strong! I really want to be his disciple!”

“He’s definitely the most awesome genius. From today onwards, he’s my target!”

Zhou Hao didn't know that his battle wasn't just broadcasted live across the world. The other star systems and the mercenary headquarters knew about it.

He had gained tens of billions of fans and many more people who supported him.

At this moment, Zhou Hao did not know that there were already people supporting him. He only wanted to solve this problem as soon as possible.

Now, he was thinking that as long as he solved this problem, he would go find Jonina.

Therefore, he didn't notice that there were more and more astral visitors in the live broadcast room.

"He's a monster!"

The new fans in the live broadcast room couldn't help but exclaim.

Apart from being a monster, they could not think of anything else to call Zhou Hao.

Zhou Hao was definitely stronger than any of the geniuses they had seen before. He was like a monster, ridiculously strong.

The Wang family's ancestor was someone from the previous era and was one of the strongest old monsters. What was worth mentioning was that he was a famous Overlord on the list.

For such an existence to be beaten up so badly, Zhou Hao's strength was simply terrifying.

Chapter 1181 - Finding Jonina

Chapter 1181: Finding Jonina

BOOM!

With a loud bang, the Wang family ancestor was directly blasted into the ground, half of his body buried in the ground.

The Wang clan ancestor was shocked. He did not expect Zhou Hao's strength to be so strong.

How was that possible?

The Wang family ancestor found it hard to believe as well, but he knew that it was true.

However, he had never expected such a situation to occur.

“Damn it, I can’t die Here. I have to escape. Only by staying alive will I have a chance to take revenge!”

The Wang family ancestor quickly made a decision, and that was to escape from this place.

Zhou Hao chased after him, but he still couldn’t catch up. The Wang family ancestor had escaped.

“This old man’s ability is not good, but his escape is really impressive!”

Zhou Hao felt that it was very ironic. This Wang clan ancestor was still flaunting his strength to the outside world before.

In the end, he didn’t get to see this ability, but his ability to escape was second to none.

Zhou Hao quickly turned around and returned to the Wang Residence.

Zhou Hao walked straight into the Wang family’s Treasury and asked a group of experts who wandered the starry sky to bring him in.

Zhou Hao found quite a few rare ores inside. Some of them were weapons that were worth a fortune outside.

It was something that many people wished for.

“Zhou Hao, my patriarch will not let you off. You will regret what you have done today!”

A member of the Wang family said excitedly.

Zhou Hao sneered at this. This person actually said that he would regret it. This was definitely the funniest sentence he had ever heard since he came to this starry sky.

“Your Zhou family’s elder is nothing but a stray dog now. Even if your elder didn’t come to me, I would have settled the score with him sooner or later!”

Zhou Hao looked at them with disdain. These people were already at this stage, but they still didn’t understand what was going on. They really hadn’t gotten rid of their bad habits of being so full of themselves. It was likely that they would continue to be like this.

They were really funny.

Zhou Hao didn't say much. There were still important things to do.

"From now on, all of your Wang family's assets will be taken over by someone else!"

Every time Zhou Hao made a decision, the Wang family's prisoners would have the urge to curse out loud.

However, they did not curse out loud.

It wasn't that they didn't want to, but that they couldn't. If they were to curse at him now, they would definitely die.

None of them wanted to die. They were still fantasizing that when their patriarch recovered, he would come back to kill Zhou Hao and take back the Wang family.

However, what they didn't know was that the Wang family elder only wanted to find a place where Zhou Hao couldn't find him and hide.

Of course, it was impossible for them to do so at this time, and it was impossible for them to know.

Zhou Hao also made a lot of preparations. At the same time, he headed to quwu star.

He brought Zhang Xiaofei along with him.

However, to Zhou Hao's surprise, he received a message from Jorina.

He had found it. To Zhou Hao, this was definitely the best news in a short period of time.

"Bring me there immediately!"

A few days later, Zhou Hao arrived at quwu star and met with Jonina.

Jonina's face was covered with a veil, and she looked beautiful, but not demonic. Just by looking at her eyes, one could tell that it was Jonina.

"Boss!"

Jonina was very excited. She didn't think that even after her country had been destroyed, her boss would still be willing to help her.

It had been a long time since Jonina had felt such warmth, and now she was very envious of the girl who had been able to follow Zhou Hao to the end.

Whoever was able to live with Zhou Hao forever would be very happy.

Jonina was envious.

“Boss, when I came back, I found a beast nest with dragon eggs that haven’t hatched yet. Do you want to go and take a look?”

Then, Zhou Hao heard Jonina tell him a very shocking piece of news.

Zhou Hao was stunned for a moment. He thought he had heard wrong, but he quickly confirmed that he had not.

“Are you sure it’s a dragon egg?”

Zhou Hao asked with uncertainty.

The dragon egg was a mutated Demon dragon’s egg. It was said that when the demon Dragon’s young hatched, they would recognize whoever they saw as their master and would follow them loyally for the rest of their lives.

Demonic Dragons had exuberant vitality and were very difficult to kill. As long as each of them grew to adulthood, they would become existences that could easily crush experts who wandered the starry sky.

The demonic Dragon was also an Overlord among the mutant beasts, and many forces were jealous of it.

However, it was difficult to encounter them before.

At this moment, Zhou Hao’s heart was burning with passion. He would not let go of such an opportunity.

“Boss, I’ll Take You There first. You’ll know when you get there!”

Jonina said.

“Mm.” Zhou Hao nodded and followed them.

After an hour.

Zhou Hao followed Jonina to a Valley.

Roar!

However, before they entered, they heard a beast’s roar and a large sound wave that was deafening.

Before she entered, Zhang Xiaofei's face was already pale. It seemed that her mind had been affected.

"Not good, boss. Someone must have discovered this place and entered before us. Let's go in quickly. If we wait any longer, those people might get there before us!"

Jonina suddenly said.

Although he didn't know who it was, Zhou Hao still understood what she meant. He immediately rushed in with Jonina.

When they entered the valley, they discovered that there were a few groups of people running away. Behind them was a giant dragon.

The Dragon had a pair of wings on its back, and its body covered the sky as it swooped down from the sky.

"These idiots. Don't they know that female dragons are naturally vigilant? once they discover it, they will defend their territory with all their might!"

At this time, Jonina was very angry. She had just been thinking about bringing this boss here to take the dragon egg away without anyone knowing.

However, as she watched those people scurrying away, she knew that her plan was destined to fail.

Jonina resisted the urge to rush up and beat them up. She turned her head and asked, "Boss, before we go get the dragon egg, it looks like we still have to deal with these problems. Is there any way to deal with this Dragon now?"

Zhou Hao was also very angry. Originally, it could have been very smooth. But now, he was taking a risk and would have a 90% chance of survival.

Although he really wanted to leave, he was already here. It would be a waste if he just left.

Moreover, this dragon egg was really too precious. The key was that it would be of great use in the future.

So, no matter what the reason was, he had to take the dragon egg now.

In the past, many times, it was because he had not prepared what he should have prepared, so for a long time, his actions were full of flaws.

Chapter 1182 - -snatching dragon eggs

Chapter 1182:-snatching dragon eggs

At this time, he wanted to do what he had to do to make himself change and at the same time, to make a new plan.

As long as he could do all of this step by step, he could at least take some precautions in the future.

He had gained a lot of experience from before, so he roughly knew what he needed to do.

Zhou Hao quickly thought of an idea and told Jonina.

I'll go in. Stall them for a while. Don't let those lunatics come in and disturb me.

Zhou Hao immediately said.

"Alright, boss. Don't worry, I'll definitely guard it. I won't let anyone in!"

Jonina's hand was outside, and Zhou Hao immediately rushed in.

When he entered the nest, the mutated demonic Dragon, who was a hundred meters away, also noticed that someone had entered the nest.

"You damn B * stards, how dare you touch my child! I'll tear you into pieces!"

The mutated demonic Dragon's wings began to flap, creating gusts of strong winds.

In the next moment, the wind started to blow, and countless wind blades started to fall like a heavy rain.

"Ah!"

Another group of people who had been chased wanted to come back and find another opportunity, but they were instantly split into two by these wind blades. Some were even more miserable, directly torn into pieces.

However, even though many people had died, there were still a portion of people who continued to take the risk and stayed behind to wait for the opportunity to strike.

“Just you wait. I saw a kid go in just now. When he comes out, if you see a dragon egg on him, just grab it!”

An elder of the Azure Dragon sect said to the other core disciples.

The disciples of the Azure Dragon sect were all trembling. They suppressed their fear and put on a determined look.

This time, they had to get the dragon egg no matter what.

Whether or not the Azure Dragon sect could rise again would depend on whether or not they could successfully get the dragon egg from here.

Now, the other forces were the same. They were all here for the dragon egg.

Zhou Hao went in and quickly found the Dragon eggs in the nest. There were three dragon eggs.

“I’m rich!”

Zhou Hao was ecstatic as he took all three dragon eggs.

Zhou Hao led them out of the nest and quickly became the target of public criticism.

The people from four to five Forces were all staring at him like a big Bad Wolf looking at its prey.

“You’re looking for death!”

The demon Dragon was furious. He had never thought that his child would be taken away.

Zhou Hao did not waste any time, nor did he have any intention of staying here. He immediately rushed out.

“Let’s go!”

Zhou Hao held Jonina’s hand and left the valley as quickly as he could.

“Human, no matter where you run to, as long as you’re still in this universe, I’ll definitely find you and burn your Bones to Ashes!”

The demonic Dragon was a godly state expert as well. More importantly, he was an expert comparable to an origin realm expert. If he continued to stay here, he would definitely die.

Therefore, Zhou Hao did not dare to stay a second longer.

“It’s so exciting, boss. Next time, let’s continue!”

Right now, Jonina was starting to miss the times when she went on adventures with Zhou Hao and a few other companions.

Zhou Hao didn’t want to continue. If it wasn’t for the people from the other forces holding back the demonic Dragon for a while, he probably wouldn’t have been able to enter the nest.

“Let’s go. Those guys must be looking for us now. If we don’t leave now, there will be some trouble later!”

Zhou Hao wasn’t afraid of those people, but he didn’t want to cause unnecessary trouble for himself.

Therefore, the faster he left this place, the better. Only by leaving now would he have more time to deal with his own problems.

He had already obtained the Dragon eggs. What he needed to do next was to deal with them.

“Boss, I wonder how these dragon eggs will taste. In any case, there are three of them. Why don’t we take one and burn it? what do you think?”

Just as Zhou Hao was thinking about how to deal with it, Jonina suddenly spoke.

As she spoke, the glutton, Jonina, even licked her lips. It was obvious that she was hungry.

Zhou Hao was very depressed. How did he end up with such a little brother?

He was actually a true foodie.

“I can catch any other mutated beast you want to eat, even if it’s an immortal state one. But not this one!”

Zhou Hao said with a calm expression.

Jonina was dejected, but she quickly adjusted her mood. Although her boss had rejected her, he had agreed to another good condition.

“Boss, you said it yourself, you can’t go back on your words!”

Even now, Jonina was still afraid that she would go back on her words.

“Zhou Hao knew that Jonina would not give up, and he regretted having such a cheap mouth. But now, he could only say this. Alright, I can promise you that!”

Zhou Hao had also thought about it for an entire night, and finally thought of the best way to deal with these three dragon eggs.

Zhou Hao first took a dragon egg and decided to give it to the largest star-class nok auction house to auction.

Then, he would use one to give to Joanna to rebuild her country and restore new order.

He kept the last one by his side as a companion.

During this period of time, he did not have a partner and felt quite lonely. If he had a companion by his side in the future, it would be quite good.

After Zhou Hao thought about it, he took the egg to the NOK auction house.

Nok auction house was the most powerful auction house among the ten great auction houses. Although it was not ranked first, it was the only auction house that had two immortal State Warriors.

This was also the reason why many customers would rush to the auction house, so he felt assured to leave it to the NOK auction house.

After Zhou Hao handed it over, the NOK auction house welcomed him in like he was their ancestor.

“Lord Zhou, what price do you intend to sell this dragon egg for?”

Manager Lu of the auction house bowed and asked with a smile.

Zhou Hao thought for a while but couldn’t think of a price, so he let manager Lu and the organizer decide.

Manager Lu was ecstatic. This way, their auction house would have an objective profit and could also attract many customers for nok auction house. It was simply killing two birds with one stone.

“Don’t worry, Lord Zhou. We’ll definitely strive for the highest value for this dragon egg. It won’t be any less than what you’re hoping for!”

Manager Lu had ordered the sturdiest prison van to transport the dragon egg into the largest secret room in the NOK auction house. It was difficult to destroy even for an immortal state warrior.

Zhou Hao chose to return and wait for news. At the same time, he bought a lot of materials to cultivate the dragon egg.

As for the last one, Zhou Hao took care of it like he would his own child.

At the same time, Zhou Hao also gave another dragon egg to Jonina, to help her rebuild her country.

“Boss, this dragon egg is too precious. I can’t take it. You should keep it. I’ll be satisfied if you give me other benefits. You’ve helped me a lot before. If I still take it now, then I’m not human!”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 1183 - -birth of new weapon

Chapter 1183:-birth of new weapon

Jonina hadn’t accepted it, but now she was overwhelmed by the favor.

Zhou Hao frowned. He knew that Jonina wasn’t the type to accept gifts so easily, so he said, “Take it. Even if you don’t want it, I’ll give it to someone else. If you really don’t want it, you can throw it away!”

Hearing this, Jonina was speechless. Her boss was indeed not an ordinary person.

Most people would give up when they did something, but Zhou haoque had used such a method, so she had no excuse or reason to refuse.

“Alright, then I’ll keep it with me for now. If boss needs it one day, just ask me to take it back!”

This was all Jonina could say. In truth, she knew that there was no way she could send the dragon egg back.

Zhou Hao stayed behind to help Joanna get rid of some of the important leaders of the forces that had betrayed planet quwu. He also helped to establish a new force.

It didn't take long for quwu star to complete its re-emergence and become a new Overlord here.

Many planets began to trade with quwu star again.

After that, Zhou Hao went back to his own business. Since the beginning, he had been busy with some unimportant things, so he had no time to leave for a while.

Now, he could finally stop and continue his experiment.

Next, Zhou Hao and all the top researchers on earth began to re-study the new technology they had obtained from the other planets.

I hope that this time, I'll be able to come up with some results from my research. At the very least, I'll be able to find some clues from these new weapons.

Before this, Zhou Hao did not know about these things and he had missed many opportunities.

After he found out, he realized the importance of these things and did not want to continue like before.

Therefore, the only thing he could do now was to help the people on earth and make them strive for self-improvement.

Only when they became stronger would they be able to find the right solution to the problem.

Before this, although they had been given many weapons, they had not been able to escape from the encirclement of the mutant beasts.

After a month, Zhou Hao and the others had developed a new technology. It was a weapon called a laser gun.

This gun could shoot lasers, but these lasers could be released easily through the energy of a person.

The appearance of such a weapon meant that both evolvers and ordinary people could use it.

This meant that they had another way to deal with the mutant beasts.

This meant that they would be able to escape from the abyss of suffering.

When this news was announced, the entire Earth Star was in an uproar.

This news also quickly spread to a few other planets and another galaxy.

Those who knew, even those who had conflicts with Earth Star, had all Gone to Earth Star and strongly suggested the establishment of trade channels with Earth Star.

Those who had originally looked down on the trade on earth were now fighting to be the first.

Earth Star had gone from a remote and desolate place to a first-class city in an instant. How could those galaxies not be tempted?

They also needed such a weapon. Although they had many powerhouses, most of them were ordinary people.

Ordinary people were the foundation. Without ordinary people, they would be finished sooner or later.

The weapons that Zhou Hao had brought along with him were definitely tailor-made for them, and this was what they needed the most.

To be able to forge such a weapon in this period of time was simply a timely help.

“Hahaha, we did it, we finally did it! We’ve succeeded!”

There were many researchers on earth who were over a hundred years old, and they were all in tears. They had been waiting for this day for decades.

Many of them were already disheartened, thinking that they would not be able to wait for it in their lifetime.

He didn’t expect that the day he had been waiting for had finally come.

Now that the ordinary people on earth had this weapon, it was equivalent to having the power to protect themselves. If they encountered any mutated beasts in the future, they could make timely adjustments.

At that time, they would be able to do many things that would be very beneficial to them.

If things were the same as before, then they would still be stuck in a standstill for a while.

“Although we’ve successfully broken through the first line of defense, we can’t slack off because we still have a long way to go!”

Zhou Hao was now earnestly teaching everyone in the base, and he knew that they all knew this. However, it was necessary for him to remind them now according to the procedure.

Some people would get carried away after being happy, and when that time came, some things would be difficult to settle.

Before this, because of some wrong decisions, they had taken many detours on earth, and they couldn't break out of the darkness for a long time.

Now, they could truly lead the people of Earth Star to fight their way out and break the original shackles.

Now, they didn't need to continue making the ordinary people live in fear. They had their own choices.

They could even bring these people along and restore the Earth Star to its original state.

In the following period of time, Zhou Hao asked the manufacturers to mass-produce a batch of such firearms. He also promoted them vigorously and sent them to the hands of every resident on Earth Star.

Hence, in the following period of time, many mutated beasts on earth started to disappear.

And they disappeared in batches.

Today, a mutated beast nest was gone, and the next day, another one was destroyed.

Such news was heard every day, and many people were greatly encouraged.

Even though this was only the beginning, they were still excited for a long time.

This was just a beginning, and it also meant that it would be an end with a special meaning.

After that, Zhou Hao asked people to organize some competitions in various colleges. The content of the competitions was also a trial for many evolvers.

Many evolvers had been well protected before, but they rarely went out to fight, which was why their combat power was very low when facing mutant beasts.

At this time, Zhou Hao changed the way he raised them and decided to let them go out of the greenhouse to gain experience.

Only by letting them go out and experience it would they be considered to have truly grown.

As long as they grew up, it would be much easier to solve some problems in the future.

These people were the future of Earth Star. If they could not grow to their best, then even if he reached the legendary realm, he would not be able to protect them.

Therefore, he knew what he had to do. He also knew that this was the only way for them to become stronger and protect Earth Star.

Chapter 1184 - Crisis Linhai City

Chapter 1184: Crisis Linhai City

In the following period of time, Zhou Hao brought quite a few people to undergo a trial. He brought them into the depths of the trial area.

Just as he was doing all of this in full swing, a piece of bad news suddenly came from the battlefield.

“Lord Zhou, bad news! A wormhole has appeared in the middle of the battlefield. Many mutated iron beetles have appeared and are threatening Linhai City!”

The highest-ranking commander of Linhai City Zhang Junhe, ran over with his men and said breathlessly.

Zhou Hao’s heart sank. How could such a thing happen at this time? this was supposed to be a bright future.

At this time, the situation was great, but something was not right.

Although he knew that it wasn’t gilded, he couldn’t tell what was wrong.

Zhou Hao immediately set off without bringing Zhang Xiaofei with him.

“Zhang Xiaofei, you go to the East. I’ll leave the trouble there to you. Do you have the confidence to solve it?”

Zhang Xiaofei was very happy. Finally, there was a real assessment. She had been waiting for a long time, and now this day had come.

“Brother Zhou, don’t worry. Even if I die in the eastern battlefield, I’ll definitely get rid of all those troubles. You just have to wait for the good news in half a month!”

Just like that, Zhang Xiaofei brought many evolvers from the Academy to the eastern battlefield.

Zhou Hao, on the other hand, went to the southern battlefield of Linhai City alone.

Three days later, she came to a battlefield. There were mountains of corpses, all of which belonged to mutated beasts.

The bodies of these mutated beasts were not complete. Many of them were incomplete, and some were completely hollowed out.

This was all the work of these mutant beasts. The mutant iron beetle had eaten the flesh of these mutant beasts and became the new Overlord of this area.

As Zhou Hao walked deeper into the forest, he saw many iron-armored bugs piled up like a huge mountain, nibbling away at the mutant beasts that had piled up. It was a hair-raising sight.

He had not expected that the situation here was more serious than he had imagined.

Zhou Hao was furious. This shouldn’t have happened. There must be something wrong.

Zhou Hao first pretended to be an ordinary Evolver and joined the local mercenary group.

“Newcomer, as you’ve just joined, you don’t know the rules yet. You’d better remember all the rules in this manual. If you break any of them one day, you’ll have to bear the consequences!”

Zhou Hao Xiu easily joined the silver Bear mercenaries and became one of them.

However, Zhou Hao did not expect that he would be threatened by an old mercenary after he joined. It had been a few years since he was threatened.

The key was that he had already become a God.

The old mercenary in front of him was only a middle-grade Evolver, and was only slightly stronger than ordinary people.

“Vice-captain, don’t worry. I will do my job honestly and won’t mess around!”

Zhou Hao wanted to figure out what was going on here, so he had to do what he needed to do first.

Just like that, he followed the vice-captain, the old mercenary Chen Hong, and became a member of the silver Bear mercenary group.

As for Zhou Hao, he was now acting as an underling in the back. His acting skills were at the level of a movie King.

“Vice-captain, I want to ask you something. Why is there no one guarding the city now?”

When Zhou Hao arrived at Linhai City, he didn’t sense any powerhouses guarding the frontlines, which was enough to prove that there was a big problem.

Now that he asked this, Chen Hong frowned. He was a little unhappy, but he still told him the reason.

As it turned out Linhai City was attacked by the mutant iron beetle Army, and one of the Saint-tier Masters was injured, so there was no one guarding the place.

After that, some people began to refuse to go outside to guard. Now, they all had different thoughts, but they all wanted to preserve their strength.

Knowing the reason, Zhou Hao was not surprised. He had encountered such a situation before.

He just didn’t expect that he would still meet him in this place.

“If we don’t go, we’ll all be doomed if the iron-armored bugs break through the gate.”

Zhou Hao suppressed the anger in his heart and asked.

“You don’t understand,” Chen Hong said thoughtfully. “As long as Lord Zhou is here, Linhai City will be fine even if there are a hundred times more iron beetles!”

Zhou Hao finally understood the meaning behind Chen Hong’s words. It turned out that Chen Hong and the others were planning to watch the fire burn on the other side of the river, and then catch all the fish in the moat in one fell swoop.

This Chen Hong was quite clever. Unfortunately, he had taken the wrong path. Moreover, he was destined to not go far.

“Hmph, a bunch of good-for-nothings. I’d like to see how the eggs can remain unbroken when the nest is overturned!”

‘At this time, Chen Hong and the others still don’t quite understand, but they will understand later,’ Zhou Hao thought to himself.

Then, Zhou Hao asked a few more questions about how they were going to face the iron-armored bug Army’s invasion.

Although the iron-armored bug Army was not very strong in a single battle, they could make up for the lack of individual strength with their numbers.

At the same time, they could rely on their current numbers to expand their advantage.

It was also because of this advantage that they were invincible.

Due to the lack of evolvers Linhai City was unable to single-handedly destroy the Queen of the iron beetle Army, which was why it was slowly being eroded.

Now Linhai City had taken advantage of the situation. If it continued to develop like this, it would not take long for it to collapse.

By then, everything would be over. After the iron beetle Army invaded Linhai City, they would be able to March straight in.

In the following days, the iron-armored bug Army would be able to destroy the remaining cities without any effort.

At that time, all the cities would fall.

“These scum!”

Zhou Hao was furious. He never thought that the home he had built would have such a black sheep. More importantly, it was not just one or two.

In Zhou Hao’s eyes, these people were all doomed to die.

Zhou Hao followed Chen Hong and went out on a mission the next day. Their mission was very simple, which was to kill and Rob.

However, they didn’t do it openly. They waited until those people couldn’t hold on and died under the siege of the iron-armored bugs before they rushed up to fish in troubled waters.

“What a bunch of bastards!”

Seeing Chen Hong leading the silver Bear mercenaries to snatch the prey that the mercenaries were about to catch, he cursed in his heart.

These people were actually under his protection. At this moment, Zhou Hao had the urge to go up and directly smash them all.

However, he did not do so now.

He wanted to wait for those people to gather together, then find an opportunity to capture them all in one fell swoop.

If these people didn't die, they would only be considered parasites in the future, causing them to suffer heavy losses.

- Chapter 1185 - The underground club

Chapter 1185 - The underground club

Chapter 1185: The underground club

?

"Zhou Hao, take this, it's yours!"

Chen Hong walked back, took a red crystal, and threw it over.

Zhou Hao caught it. Now was not the time to lose his temper. He convinced himself in his heart and accepted the result.

Chen Hong was very satisfied. It wasn't that the silver Bear mercenary group didn't have new members, but that too few people listened to him.

What their mercenary groups lacked the most right now was people who were willing to work without complaint and, most importantly, were willing to listen to orders.

With Zhou Hao around, his future days would definitely be more comfortable than any of the previous times.

At this moment, Chen Hong did not know that Zhou Hao was the Zhou Hao who was famous all over the world and had even caused a sensation in the world.

Now, Chen Hong only thought that they were ordinary people. He didn't dare to think in that direction.

Zhou Hao was not directly involved in these matters. He let Chen Hong lead him to complete the next task.

On the way, one of the team members suddenly walked over and said something to Chen Hong.

Although he couldn't hear it clearly, Zhou Hao had a feeling that it had something to do with him. At least there was a car in front of him.

When the team member spoke, he kept looking at him with a malicious look.

In the end, Chen Hong seemed to have compromised.

"Vice-captain, what's the matter?"

Zhou Hao pretended that he didn't know anything. Although he didn't know what was going to happen next, he knew that it was definitely something that could kill him.

Chen Hong didn't say it directly. Instead, he said indifferently, "Just follow me. You'll know when we get there!"

Zhou Hao followed behind them. Soon, they arrived at a huge cave.

Then, a few members rushed over and surrounded him.

Zhou Hao immediately understood what these people were trying to do. Although he had already established a comfortable circle for Earth Star, there were still many people here who would choose to sacrifice the weak for their own benefits.

At this moment, these people were definitely planning to sacrifice him.

Then, as expected, he heard vice-captain Chen Hong say, "Zhou Hao, I'm sorry. If you die, don't blame me. It's all for your own survival. If you want to blame someone, blame yourself for being here!"

Zhou Hao remained silent.

At this moment, vice-captain Chen Hong gave a look to his team members, and they immediately swarmed forward.

Just as they charged forward, Zhou Hao immediately used swimming body step and dodged their attacks with his fastest speed.

Zhou Hao felt that this was definitely the fastest he had ever been.

At this moment, he released his aura and activated all his strength. He gathered it on his arm and smashed it out.

BOOM!

Then, the vice-captain saw a scene that he would never forget.

Zhou Hao's fist landed on an Evolver's body, instantly blowing him up into a cloud of blood mist.

Zhou Hao did not stop, he continued to attack the other evolvers.

"Damn it, Chen Hong, you lied to us!"

The few evolvers did not hesitate to escape. They did not expect Zhou Hao to be so strong.

This was completely beyond their understanding.

Even though they were evolvers, their bodies had evolved to a certain extent.

However, they were not as powerful as Zhou Hao.

Their hair stood on end, and they all fled as fast as they could.

"You want to leave? Hmph, stay here!"

Zhou Hao's speed was faster than them. He was one step ahead of them and then he punched at their faces.

When the fist hit the head, it was like an iron hammer hitting a watermelon, smashing it into pieces.

Whoosh!

Then, the brain matter and blood flew out like a fairy scattering flowers, flying all over the sky.

The members who were still alive were all dumbfounded, watching this scene without moving.

It wasn't that they didn't want to escape from this place, but they realized that their legs weren't listening to them.

It was as if they were rooted in the soil and were sprouting.

“Venerable one, it’s not our intention. Don’t kill me. I’m willing to be your slave!”

For Chen Hong to be able to reach his current position, he was naturally not an idiot. He immediately made a judgment.

Chen Hong knelt on the ground, his entire body trembling. He had no idea why Zhou Hao had joined their team, nor did he know what Zhou Hao’s goal was.

However, he did not continue thinking about it. He only knew that at this point, Zhou Hao could kill him as easily as crushing an ant.

Now, he began to panic. He had never thought that things would turn out like this.

Now, Chen Hong only wanted to live.

However, Zhou Hao’s thoughts were the exact opposite.

However, after thinking about it, he still needed to gather all of them together. Without a middleman, he was afraid that he wouldn’t be able to get them together.

Therefore, Chen Hong was still useful to him. He couldn’t be killed yet.

If you don’t want to die, then help me do one thing. If you help me complete the rest, I can give you a way out.

Zhou Hao’s words were a gift to Chen Hong.

“I’ll listen to Your Excellency Zhou!” Chen Hong hurriedly said, as if he had been granted Amnesty.

Chen Hong didn’t know who Zhou Hao was, but he knew that Zhou Hao must be a Big Shot and was here to do something big.

Zhou Hao first brought Chen Hong to the largest underground club in Linhai City. After the outbreak of mutated beasts, the underground club had become a no man’s land, and many people were free to do whatever they wanted.

This place was also the last paradise for many people to release their nature.

Zhou Hao had brought Chen Hong here because he knew that in order to maintain order in a place like the club, one had to at least have a certain level of power.

This kind of person was the local tyrant here. When Zhou Hao arrived, he would directly look for this kind of person. As long as he found him, the matter here would be more or less resolved.

As soon as Zhou Hao entered, he learned about the rules of the underground club from Chen Hong. In order to have fun here, one had to have enough strength.

In this place, strength was Supreme. With strength, one could have everything.

Zhou Hao came to the crowded boxing area, where most people were watching the boxing. Even in the apocalypse, the popularity of this place had not decreased, but had instead increased.

Zhou Hao came to him directly and signed up for the arena.

Furthermore, Zhou Hao chose the strongest contestant. He was a muscular man who looked like Godzilla in human form.

Chapter 1186 - A mutated Evolver

Chapter 1186: A mutated Evolver

The strongest contestant was the mutated Evolver. He belonged to the strongest group of evolvers and had already entered the ranks of heaven-level evolvers.

To Zhou Hao, heaven realm experts were like ants that could be crushed to death at any time.

However, in the eyes of these people, his choice was definitely a death-seeking action.

Some even thought that Zhou Hao was here to seek death.

It was no wonder that they would think so. In this post-apocalyptic world, many people did not want to live anymore. This kind of suicide was the best.

After all, if they were not killed, they would be swallowed alive by those mutated beasts sooner or later due to their lack of strength.

Naturally, no one wanted to become like that, so this was the best choice for them.

“Tony, kill him! Smash his head!”

“Before you beat him up, press him to the ground and give him a good beating. I want to hear his screams!”

Many of Tony’s fans were shouting excitedly at this time.

They had seen too many life-and-death situations during the apocalypse, so they were usually numb to it. This was the only scene that could make them excited.

Zhou Hao felt that these people were really pitiful. They had lived their entire lives like this. They were really too cowardly. They had even lived in vain.

Tony, the big guy, walked over with an awkward smile on his face.””Brat, if you kneel down and beg me now, I might give you a quick death!”

Zhou Hao looked at him as if he was looking at an idiot.””Do you really think you can kill me?”

Tony was taken aback. He was surprised by the words, which he did not expect.

Tony had killed many people before. Some of them even barked like dogs in front of him, and some were willing to lick her toes.

It was the first time someone had asked him such a question, which Tony had not expected.

Then, something even more surprising happened.

The ant in front of him was now making a gesture of hooking his finger, which was full of provocation.

The audience below the ring looked at Zhou Hao as if he was crazy. They had seen many people looking for Tony to die.

However, this was the first time they had seen something like this.

With Tony’s size, they thought it would be easy for him to kill Zhou Hao.

However, not only was Zhou Hao not afraid of death, but he was also seeking death. In their opinion, only a madman would do such a thing.

“Since you want to die so much, I’ll send you to see God!”

Tony raised his fist and then punched.

Zhou Hao was the same, but he had not used all the power in his body. He had only used one percent of it.

Zhou Hao clenched his fist tightly and punched forward. This was one percent of his strength.

However, even if it was only one percent, it was still a full-force attack of a Saint level expert.

When Tony's fist collided with Zhou Hao's, he realized that he was no match for the force.

If the power that burst out from his body was like a mountain spring, then Zhou Hao's power was like a surging River.

The power was like a flood breaking through a dam, gushing out from Zhou Hao's limbs and bones. Finally, it gathered together and smashed into Tony's fist.

Not good!

Tony's face was covered in a mask of pain. When he wanted to stop, it was already too late. The power had directly crushed the bones in his arm.

Then, the audience below the stage saw an incredible scene.

The Supreme boxing champion in their hearts, Tony, was sent flying like a broken sack and finally crashed heavily at the edge of the ring.

If it wasn't for the wire fence at the edge, he would have been knocked out of the ring.

"Kid, so you've been hiding your strength. You're here to challenge us, aren't you?"

Tony knew that the East had a challenge, so he was here to remind them.

"It can be considered so!"

Zhou Hao didn't deny it and said indifferently.

Hearing this, Tony was furious. He felt that his intelligence had been insulted.

Tony was also very regretful. Why didn't he go all out in the beginning? if he had used all his strength earlier, the situation wouldn't have turned out like this.

However, he now knew that it was useless for him to regret.

Because some things had already happened, and he couldn't change them now even if he wanted to. The current situation was already beyond his control.

Quite a few of the audience members quickly reacted, but they were even more excited. For them, it didn't matter who was better in this kind of competition. They only wanted to see the process.

"Beat him, beat him to death. Beat Tony to death and I'll give you a truck full of food!"

"As long as you kill him, I'll give you the best manor!"

Many of those who had become rich during the apocalypse were now spending money like it was nothing, and there were not many ways for them to have fun.

They loved to watch the people living at the bottom of the society fight to the death for some money.

To them, Tony's death was nothing.

The corner of Zhou Hao's mouth twitched. It seemed that his plan had worked. It was indeed effective.

As long as he made a big deal out of it, he would soon attract attention. Now, he thought that as long as he followed the clues, he would find the person he was looking for sooner or later.

After finding it, he could quickly solve the problem he wanted to solve.

The current situation in Linhai City was very serious. It could even be said that there were internal and external troubles. However, he knew that at this time, it was more important to deal with these troublemakers.

If these people couldn't be dealt with, then the same thing would happen again sooner or later.

Therefore, at this time, it was necessary for him to do what he should do well.

"I'm going to kill you, you lowly ant!"

Tony exploded once again. Now, he was using all the energy in his body to charge at Zhou Hao, wanting to fight him.

In fact, Tony had the advantage now, but he also had a weakness, which was that Tony could not use combat skills.

Now, Tony could only use this physical advantage to continuously increase his current advantage.

It was a pity that he had met Zhou Hao this time. What was originally going to happen would not happen now.

The situation that was destined to happen would not happen now.

Zhou Hao had also noticed the flaw. At this moment, Zhou Hao's eyes were like supercomputers.

In front of him, Tony's advantage and his explosive power were all within his calculations.

He could perfectly Dodge every attack and at the same time predict the best position to Dodge.

It could be said that Tony could not hit him at all at the moment, and it was impossible for him to be his opponent.

Chapter 1187 - The boss behind the scenes

Chapter 1187: The boss behind the scenes

"He has brute force, but he doesn't know how to use it. What a pity!"

Zhou Hao couldn't help but shake his head. He was a man of great potential, but because of the wrong path he took during the apocalypse, he was destined to be unable to become a higher level Evolver.

Today, Tony had to fight in this underground club, tomorrow he would also need to fight here, and in the future he would have to fight here.

Originally, a mutant Evolver like Tony was an Evolver with a huge advantage and great potential after his mutation.

However, because he had come to this place, Tony's end was destined to be tragic.

"Although I know you're not willing, I'll still fulfill your wish!"

Zhou Hao raised his hand, clenched it into a fist, and smashed it down.

This punch landed on Tony's chest, who had just gotten up.

What kind of terrifying power was this? Tony instantly felt as if a high-speed truck had crashed into her chest.

Puchi!

A mouthful of blood spurted out of Tony's mouth. Then, she was pushed back and fell off the edge of the ring.

BOOM!

With a muffled sound, Tony fell to the ground like a dead dog.

"No way, she won?"

Those who were not optimistic about Zhou Hao's chances widened their eyes.

Countless people were staring at it, trying to see if it was an illusion.

"She won, he won, Tony lost!"

After a while, one of the visitors who had bet on Zhou Hao shouted excitedly.

Hearing this, many of the tourists who had lost their bets were disheartened. This time, they could be said to have gone bankrupt.

"How could it be? it's not like this!"

At this time, many people broke down. This time, they had bet all their money on Tony.

Before this, Tony had always won every battle and had never lost once. They did not expect to lose.

"The strongest fighter is nothing more than this. Who else wants to challenge me? I still have a lot of time. If you want to challenge me, come on now!"

Zhou Hao's eyes swept across the ring. The fighters he saw were all eager to try and were all boasting. In short, they were all belittling him.

However, after being glanced at by Zhou Hao, they immediately lowered their heads, not daring to meet his Hawk-like eyes.

At this time, those who were still mocking and ridiculing him earlier now felt ashamed.

Seeing that no one dared to challenge him, Zhou Hao laughed in disdain. 'The strongest mercenary paradise'? it was just a group of people entertaining themselves.

Now, Zhou Hao suddenly lost the thought of testing these opponents. Now, she only had one thought, and that was to meet the boss behind the underground club.

It seemed that it was about time.

Just as Zhou Hao was thinking about this, a man in a short-sleeved shirt with a capable and experienced body, who was obviously not an ordinary person, suddenly came up to her.

"Zhou Hao, my boss wants to see you. My boss really appreciates you. Come with me!"

The man was dressed in branded clothes. There was a badge on his exquisite uniform.

The audience below the ring looked at Zhou Hao enviously. The boss of this underground club was God.

As long as he could get the boss's appreciation, he could replace Tony's position and not have to worry about food and drink.

Other than the Town Hall, all forms of entertainment were free. When the time came, this place would be a real paradise.

However, they could only be envious. In order to have such treatment, one had to have outstanding strength.

"Bring me there!"

Zhou Hao followed them and let Yang Wu lead the way.

Yang Wu quickly led her through an alley that could only fit two people. When they turned a corner, they opened a door and walked in. There were a few people waiting for a number.

Zhou Hao met the mastermind behind the scenes, Lei Yang. Lei Yang was a level S Evolver. Not only in Linhai City, but in the entire Kingdom of the nine states, he was also a God.

"The fact that you can see me proves that you have enough strength. Tell me, the conditions for you to join my subordinate and work for me!"

At this time, Lei Yang was straight to the point without any hesitation.

Zhou Hao also went straight to the point and said, "My condition is that I want your life now!"

Hearing this, Lei Yang and the other elders were stunned.

"Zhou Hao, do you have a death wish? do you have any idea what you're saying?"

Yang Wu's expression changed drastically. This was the first time someone had dared to say such words in front of the king of Linhai City's underground club.

In the post-apocalyptic world, Lei Yang was the sky here. No one could disobey him, let alone curse him.

Zhou Hao picked his ears and repeated his meaning.

"My condition is very simple. I want your life!"

The first time, they could think that they had misheard, but the second time, they could be sure that they had not misheard.

Now, these people's faces sank. To them, they had seen people looking for death before, but this was the first time Zhou Hao had barged in alone to cause trouble.

At this time, they all began to suspect each other. They all felt that someone close to them had bribed someone outside and now they wanted to replace boss Lei Yang's position.

Lei Yang's face was dark as he suppressed the anger that was about to explode in his chest. He said in a deep voice, "Tell me who sent you here. Tell me who it is and I can spare your life!"

At this moment, the few elders beside Lei Yang were all feeling anxious and sweating profusely.

They were all wondering if their old nemesis was deliberately trying to sow discord and frame them.

Zhou Hao looked at the old men and felt that they were ridiculous, even though he did not know what they were thinking.

However, they all knew that these parasites were definitely thinking about their own interests.

This group of selfish people had turned Linhai City into a mess. Who knew how many people they had killed to become like this?

Zhou Hao did not kill Lei Yang immediately. Instead, he said, "Let me ask you, other than you, how many other people are in charge in Linhai City? also, which one of you chose to work with the mutated beasts?"

Back when he was still on Earth Star, he had encountered betrayals. Therefore, Zhou Hao now felt that the Linhai City defenses were broken so quickly this time was because someone had chosen to join the enemy.

Now, he wanted to find out who the other masterminds were through Lei Yang. This was the best time for him to follow the clues.

As long as he could find the first one, it wouldn't be too difficult to find the second one.

If she continued to search like this, she would be able to find everything sooner or later.

Lei Yang's expression changed drastically. He immediately determined that Zhou Hao was someone from the capital and immediately panicked.

Chapter 1188 - -revealed

Chapter 1188:-revealed

"I don't know what you're talking about. We've always been content with our place and have never done anything out of line. Have you heard some rumors, Sir? such a thing can't happen here!"

Those who colluded with mutated beasts would be cut into pieces. Such people would be cruelly tortured until they died.

It had been like this before, and it wouldn't end even if it continued to develop like this.

Hence, Lei Yang was a little afraid.

Zhou Hao laughed coldly, knowing that Lei Yang must have guessed her identity. "Lei Yang, stop pretending. I've already figured out everything about this place before I came. Chen Hong told me all this. Do you want me to call Chen Hong in now?"

The moment he said that, Lei Yang and the other elders were both shocked and furious.

He was shocked because he didn't expect the core member, Chen Hong, to betray him. He was angry because he didn't expect Chen Hong to tell Zhou Hao everything.

Actually, Zhou Hao did not know everything. He was just testing them.

In the end, they did not expect that they would reveal their true colors before they could produce any evidence.

Looking at the murderous look on their faces, Zhou Hao knew that there was no need for him to continue using the same method as before.

"I don't care who you are or what you're doing here. Since you already know about this, please shut your mouth forever!"

Lei Yang made a prompt decision, his eyes flashing with a cold light.

The other elders also revealed ferocious looks, looking like ferocious wolves staring at their prey.

Little did they know that in Zhou Hao's eyes, they were not even prey.

"So you're admitting it?"

Zhou Hao could not help but laugh. These guys were really interesting. They had not even waited for the evidence to come out and they had already confessed.

Lei Yang and the rest reacted quickly. They realized that they had been too slow before. They had not expected that they had been tricked.

"Damn it, we've all been tricked!"

By the time they reacted, they knew that they had really confessed.

"Can we have a talk? we can share the good things we got from the mutated Zerg Emperor with you. As long as you and we don't say anything, nobody in the world will know what we've done!"

At this time, Lei Yang actually did not make a move, but chose to negotiate.

Zhou Hao was naturally not interested. Now that she thought it was about time, she said to the few founding members.

"Old fogey, are you going to take your own lives, or do you want me to kill you now?"

These people were all parasites. If they were old and not dead, they would be thieves. They had no right to continue living. Now, Zhou Hao thought that if they stayed any longer, it would be a blasphemy against the sacred mission.

These elders were terrified. They were different from Lei Yang. Lei Yang's base camp was here, but theirs was not.

Most importantly, they didn't have time to call for help. Their people were all outside.

"Boss Lei, you have to take us away. You said that you would go through thick and thin with us!"

"Boss Lei, we're counting on you now. If you can't do it now, we're all going to die Here!"

"Boss Lei, I've already told my men about this. If I don't get out of here alive, I can't guarantee that my men won't spread the news!"

At this time, these elders were all top-grade and actually threatened Lei Yang.

On the other hand, Lei Yang was furious. He wished that he could start a fight right now. However, right now, she did not want to kill Zhou Hao. Instead, she wanted to kill these elders.

In fact, the most useless ones were these few elders.

These elders were sly old foxes. They still wanted to hit him when he was down at this time.

Right now, Lei Yang really wanted to kill them, but he didn't do so. Instead, he said to them,"

"Don't worry, I, Lei Yang, keep my word. As long as I'm still breathing, I will definitely not let this kid hurt you!"

Lei Yang made a phone call and quickly called a group of people. These people were the bosses behind the scenes that Zhou Hao was looking for.

These people were all evolvers, and their levels were not low either. These evolvers were like Lei Yang, who had awakened their own Evolver skills after mutation.

"Can you tell me where you guys got this method of improvement? if someone tells me now, I might let him go if I'm in a good mood!"

If these people knew how terrifying Zhou Hao's strength was, they would be fighting to tell him.

However, they did not know that these people were all staring at Zhou Hao with cold eyes.

“Lei Yang, he’s alone. Isn’t he making a mountain out of a molehill by asking us to come along?”

The burly bald man among the seven or eight people snorted coldly and expressed his dissatisfaction at Lei Yang calling them over.

No wonder he was like this now. After all, even if something big happened, they wouldn’t be called over.

Ever since the underground club was established, they had basically never gathered together.

He would only come to the headquarters occasionally.

“I know you’re very unhappy, and I’m the same now. But if this isn’t a top priority, then I don’t think anything is!”

Lei Yang’s words quickly made these few people understand the meaning behind it. They had come out to mingle with others, so they naturally understood some of the principles.

They quickly figured out what was going on.

“What’s the situation?”

A Man in Black with the back of a Tiger and the waist of a bear, who looked like a Black Panther that was standing up, said faintly.

Lei Yang directly explained the general situation.

The bosses’ expressions changed drastically. This was definitely a big deal, and it was related to their life and death.

“Are you sure?”

Yes, but the bosses still found it hard to believe. They felt that they had done everything flawlessly before and there shouldn’t have been any mistakes.

Now that Zhou Hao had come to this place, they found it hard to believe.

I know you don’t believe me. You can ask him. You’ll know when you ask him.

They didn’t ask because Zhou Hao’s silence meant that he had agreed.

“Can we not fight?”

The capital would send out some investigators every year. These people were all important personnel, equivalent to the eyes of the Saint level expert in the capital.

If something happened to Zhou Hao here, they would have to bear the blame too. If the news spread, it would not be long before the capital sent people to raze this place to the ground.

These few years, the identity of this patrol envoy was equivalent to some big shots with hands and eyes reaching the heavens.

They all had unsightly expressions. They never thought that they would be able to see the patrol envoy one day.

At this time, the appearance of the inspector also meant that they were all in big trouble.

Chapter 1189 - capturing them all in one fell swoop

Chapter 1189:-capturing them all in one fell swoop

Moreover, it was a fatal disaster.

Do you think there's any other way to solve it if we don't fight?

Zhou Hao's words directly shut the mouths of several behind-the-scenes bosses who wanted to speak.

In the end, the behind-the-scenes boss wanted to state conditions, to coerce and bribe.

However, Zhou Hao's words made them unable to say those words.

“Since you've already made up your mind, then there's nothing more to say. Do it!”

As soon as Lei Yang's voice fell, the bosses behind the scenes all burst out with amazing speed. They had all absorbed some abilities of the mutated beasts and quickly rushed toward Zhou Hao.

At this moment, they were like a speeding truck.

However, in Zhou Hao's eyes, their current skills were still too weak.

These bosses didn't upgrade their skills either. It seemed that after absorbing those abilities, they kept using these skills.

Skills could actually be evolved and upgraded, but these behind-the-scenes bosses didn't do so.

Lei Yang was the fastest among them and also the strongest. He was the fastest to reach Zhou Hao.

Furthermore, Lei Yang's five fingers were clenched together as he tried to grab tan Lang's neck.

The other few were also unwilling to show weakness. They all took out their strongest unique skills and wanted to kill him in one blow.

Because they came from the capital, they didn't dare to underestimate them. They all used their strongest moves.

They knew that if they couldn't kill Zhou Hao now, Zhou Hao would be the one to kill them.

Therefore, at this time, what they wanted to do now was to kill and silence, and then destroy the corpse.

If an ordinary person had encountered such a thing, they would have died without a doubt.

Unfortunately, this time, they had encountered Zhou Hao. The situation was bound to be different.

Zhou Hao's speed was even faster. As he charged forward, he clenched his fist and punched forward.

BOOM!

In an instant, Lei Yang, who was the closest, was hit and flew out. He hit a pair of goods like a leather ball.

"How could it be!"

Lei Yang's face was pale. Although he knew that he was not a match, he did not expect the gap to be so huge.

In fact, she didn't know that Zhou Hao was still suppressing his strength. Otherwise, the club's headquarters would have been razed to the ground by now.

There were still many innocent people in the club headquarters. She could kill these evildoers, but she would not hurt the innocent. This was his principle.

What she wanted now was to kill the people in front of her, so she controlled her power to not exceed the level of this area.

"Monster! She's a monster!"

The other behind-the-scenes bosses all sucked in a breath of cold air, their hearts palpitating.

Until now, they had not been able to tell what Zhou Hao's strength was. They could only judge that Zhou Hao's strength had exceeded the scope of human beings.

Even though they had mutated, they were still considered normal humans.

Zhou Hao's behavior was definitely abnormal. In their opinion, Zhou Hao was definitely stronger than them, and it was not just by a little bit.

"Damn it, if I had known that she was so strong, I wouldn't have fought!"

Lei Yang was seriously injured and blood was oozing out of the corner of his mouth. She could not leave this place now.

The other behind-the-scenes bosses had already begun to retreat in their hearts. Their unity was only needed when they were needed.

At a time like this, whoever went up now would be courting death.

After realizing this, many of them immediately made a decision to leave this place as soon as possible.

They had never thought that things would turn out like this.

"Run! Run if you don't want to die!"

It was unknown who instigated this, but several behind-the-scenes bosses immediately made a choice.

"No one is allowed to leave!"

However, just as they were about to rush out of the warehouse, they realized that someone had appeared in front of them to intercept them.

This person was Zhou Hao.

They were all panicking, not knowing what to do at this time.

Now, countless thoughts flashed through their minds, and there was only one in the end, and that was to beg for mercy.

“We didn’t have a choice. Patrol, please look into this. We are all innocent!”

“Patrol envoy, if you don’t believe me, we can cooperate with you to investigate Lei Yang’s residence. When the time comes, you will believe me!”

These behind-the-scenes bosses were all afraid now. They knew that it was basically impossible for them to escape from this place with their own skills.

Their strong desire to live caused them to make a choice that they would not normally make.

“Hehe, if I believe what you’re saying now, then I’d be an idiot. I’d rather believe a ghost’s nonsense than your words!”

Zhou Hao was speaking from the bottom of his heart. What these people were saying was most likely false.

She didn’t judge based on her experience, but from the choices these people made at the time.

If these people could betray all of humanity, it meant that they had also abandoned their humanity. She was not surprised by what these people did.

Therefore, Zhou Hao did not believe their words at this moment.

“Patrol envoy ...”

The few of them were about to continue talking when Zhou Hao sneered.

Do you know what the stupidest choice you’ve made is?

Of course, these few people did not know that one of them had answered, “I shouldn’t have begged for mercy!”

Zhou Hao looked at the guy who spoke in surprise. He actually got it right.

“Congratulations, you’re right. However, there’s no reward. I’ll allow you to be the last to die!”

These people's eyes were red. They did not expect that Zhou Hao would not even give them a chance.

They knew that some investigators would at least give them the chance to use their last bit of energy.

But now, Zhou Hao was ruthless. He would not give them such a chance.

"Everyone's fighting it now. Let's attack it together. I don't believe that she can really kill all of us!"

At this time, Lei Yang began to encourage those people to buy time for herself. Now, she could get her subordinates to take her away.

However, these people were not idiots. How could they make the first move at this time?

Zhou Hao laughed coldly when he saw how hesitant they were. He knew that these people had ulterior motives.

Right now, these people were already a pile of loose sand, and it was impossible for them to attack together.

"If you guys aren't going to do it, then I'll do it!"

Zhou Hao rushed forward. Now, she could only use her own means to prove herself. It was useless to think too much at this time.

The most important thing now was to complete the goal he had come here to achieve.

She had already wasted a lot of time here.

But now, she still needed to get rid of the iron beetles. She had not found the best solution yet.

This was a crucial moment. Whether or not they could deal with these iron-armored bugs would also affect whether or not they could cheer up those people.

Chapter 1190 - -meeting acquaintances

Chapter 1190:-meeting acquaintances

He used the seven Star steps.

Zhou Hao's speed was so fast that his body began to blur, leaving a series of afterimages.

Everyone was shocked. They didn't expect their opponent to be so powerful.

Only then did they realize the great disparity between them.

"How could it be!"

Their eyes were wide open. They finally realized how foolish their previous thoughts of counterattacking were.

Zhou Hao quickly dealt with a few bosses behind the scenes. They all died a tragic death.

Zhou Hao didn't let any of them go, he killed them all.

The few of them now could not be more dead.

There was only one left, and that was the strongest, Lei Yang.

"I'm not killing you now because I still have use for you. Just follow me!"

Just like that, Zhou Hao took Lei Yang away and ordered his men to reorganize the defense of Linhai City.

At the same time, Zhou Hao had trained a group of talents that he had specially trained. He had assigned them to help him solve some relatively difficult problems in Linhai City.

In the past, it would have been difficult for her to settle these things, but it was different now.

Zhou Hao went out to recruit a group of escapees. In the apocalypse, such people were the most common, and it was easy to pick some evolvers from them.

Ever since a drug had been successfully developed, it could basically turn many people into evolvers. Now, at least five out of ten people could be considered evolvers.

In the past, only 3 or 4 evolvers could be found among 10 people.

After Zhou Hao found them, he arranged for them to do their work.

Then, Zhou Hao brought Jonina to a place, the iron beetle's nest.

He arrived at the location of the crack that he had previously arrived at. If Earth Star was a person with flesh and blood, then this crack was like a wound.

Looking at the hole, Zhou Hao's heart sank. There was more than one hole like this. There had been many of them before, and it could be said that they were all in ruins.

However, it was this rule that made the current situation even worse.

She had never expected things to turn out like this.

Originally, she thought that as long as she gave Earth Star enough conditions, the people on Earth Star would be young and determined to become strong, and the situation would change very quickly.

However, it had been a few years since he had left Earth Star, and there were still mutant beasts invading.

Zhou Hao had no choice but to bring his men here to settle this.

Just as she was about to go in, suddenly, a person rushed up in front of her with a hurried expression.

Zhou Hao could tell at a glance that this person used to work for commander Jiang. Although it had been a few years, she still remembered this person.

After all, she was commander Jiang's right-hand man at the time, and almost every time commander Jiang went hunting, he would bring her along.

"Wu Jie, what are you doing here?"

Wu Jie seemed to have known that she would come here and said, "Let's go in quickly. There are many people who have entered first. I guess they are trying to find a way to take down the mutant Queen Mother. We can't let them get there first. I heard that the mutant Queen Mother is an SS-Class gene. This is good news for our Earth Star. This is our treasure. We must not let them get it!"

Zhou Hao was stunned. He couldn't believe it and thought he had heard wrong. She had heard a lot of news here.

But he couldn't tell if it was real or fake.

However, now that he had made up his mind, he finally knew what he had to do.

Just like that, Zhou Hao quickly determined what he should do next.

“Jonina, keep up. This time, the Queen Zerg must be our prey. We must succeed in our hunt, understand?”

Jonina immediately followed behind. As the Queen of a planet, she naturally knew that this was the time to go all out.

“Don’t worry, I’ll solve this problem, and it’ll be perfect!”

With these words, Zhou Hao felt that everything he had done before was worth it. He had not chosen the wrong person.

All that he had put in before was finally being rewarded.

They had followed Wu Jie into the mutated beast’s nest. There was more than one such nest. However, they could only explore the first one and successfully hunt the mutated Queen Mother.

The mutated Queen Mother was able to continuously lay eggs and hatch eggs on this planet, which was the foundation of this place.

If he did not kill the mutant Queen Mother, it would not take long for an endless stream of iron beetles to appear.

These iron beetles were enough to sweep the world.

Putting aside the danger of the Queen Mother, this time, the genes that they had been looking for were in her Queen Mother. If they could get their hands on them, they would be able to develop a powerful Genetic Medicine.

Moreover, it was a self-developed Genetic Medicine.

Earth Star would then be able to become one of the top ten countries in the universe. By then, it would be much easier for them to do things.

“Zhou Hao, it’s that group of people. They actually found their way here!”

Jonina saw a group of men in Black suits and black sunglasses. They were all tall and strong.

These people gave people a cool feeling.

It was like the viruses in the matrix.

“How did they know? could it be that they have already set up spies here in advance?”

Zhou Hao frowned. He wasn't afraid of them, but it wasn't a good thing for Earth Star that these people were here.

These people wouldn't be able to deal with her, but they would have no problem wreaking havoc on earth.

However, she could not do anything to them now.

These people had used an extremely advanced teleportation device to teleport here. It was one of the top existences in the universe and was best at traveling through time and space.

They were jokingly called space-time hackers by some people. These people could use the internet to accurately locate a person and then track him.

He could also create all kinds of trouble at any time.

If it were any other time, it would not have been a big deal to Zhou Hao. However, now that she had to deal with the mutated Queen Mother as soon as possible, it was a bit of a headache.

No matter what they wanted to do this time, he could not let them succeed. He had to take down the mutated Queen Mother.

Zhou Hao saw the Men in Black looking at him. They left quickly and headed toward the direction of the mutant Zerg Empress.

The plasma rifles in their hands could easily pierce through some of the mutant iron beetles that had just been born. They were the lowest form.

It would be quite difficult to enter the depths to kill the mutated Queen Mother.

“Zhou Hao, let's go in too. We can't let them get there first!”

Jonina said from behind.

“Mm.” Zhou Hao nodded and followed Wu Jie and the others into the depths.

As he entered, Zhou Hao turned on the livestream and saw the visitors he had not seen for a day.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 1191 - -digging for talent

Chapter 1191:-digging for talent

These tourists were all very surprised. Every time Zhou Hao turned on the livestream, there would be an exciting livestream.

However, this time, when they saw the content of the live broadcast, the visitors were all shocked.

In front of Zhou Hao was a huge cave, from which mutant iron beetles were pouring out.

Zhou Hao had carved out a bloody path, and now it was as if he had automatically walked into a huge mouth that was waiting for her to enter.

“Are you crazy? it’s easy to enter, but it’s not easy to come out!”

Many of the old fans in the live broadcast room couldn’t help but comment when they saw this situation.

Zhou Hao knew that they were worried about her, but at this time, he didn’t think too much, and there was no need to think too much.

Now, she knew that she only needed to keep killing her way in.

He did not know how many mutated iron beetles he would have to kill to find the mutated Queen Mother’s body.

She could only use the most primitive method to deal with these mutated iron beetles.

“Mr. Zhou, I haven’t seen you for a few years, and your strength has improved again. Why don’t we have a competition to see who has improved the most?”

Wu Jie had suddenly brought up a competition.

In the past, Zhou Hao would have rejected her, but now, she did not.

Zhou Hao immediately agreed to the competition. It would make the battle more interesting, so she naturally agreed.

“The shells of these animals are really hard!”

Although Wu Jie was already at the peak stage of the Saint-tier, it would still be difficult for him to kill these mutant iron beetles.

Wu Jie had all kinds of combat techniques, and he was very skilled in them. Many of them had already reached the point of perfection.

However, Wu Jie's physique was not good enough. He was born with a shackle. This was a shackle on his genes.

This was equivalent to having a shackle from the beginning. No matter how she cultivated, she could not break through to the next level.

Of course, Wu Jie did not know about this, because Zhou Hao's Dao back then was also informed by the system.

Without the system's warning, she might have continued to act like a silly and sweet girl.

"Wu Jie, do you have any other plans for the future?"

Zhou Hao asked Wu Jie after killing a king class iron beetle.

Wu Jie probably didn't expect to be suddenly asked this question, so he was stunned for a moment and didn't know how to reply.

After a long while, Wu Jie finally said, "I want to go out too, but I know I can't. This is my life. Also, I'm already very satisfied with everything that commander Jiang has given me!"

If it were anyone else, they would definitely think that Wu Jie was satisfied with his current situation. However, Zhou Hao did not.

Wu Jie was definitely holding it in. After all, she had promised commander Jiang that she would help him complete his final task.

It was the day before the invasion of the mutant beasts resumed.

Over the years, Wu Jie had helped Earth Star with many things. However, with his current strength, he could only maintain order at most. It was impossible for him to obtain the power King raging waves.

Zhou Hao knew that Wu Jie was definitely unwilling to accept this. However, she was a person who valued relationships and loyalty. Now, in order to fulfill her promise, she had given up on her own pursuit.

"Wu Jie, I know what you're thinking. I only have one question for you. Do you want to leave Earth Star and see the outside world?"

Zhou Hao said directly without beating around the bush.

Wu Jie's eyes lit up, but they quickly lost their luster, as if he had thought of something sad.

"Wu Jie, I know you feel that you're letting commander Jiang down by doing this, but I can tell you right now that you've done a good job. Even if commander Jiang knows about this in the afterlife, he will support you to leave Earth Star, because it belongs to you!"

Zhou Hao was speaking from the bottom of his heart. He didn't want such a gold to be buried just like that. Wu Jie should be sparkling.

Wu Jie should have even better achievements.

Zhou Hao thought that he had helped commander Jiang fulfill his promise at that time, so he did not owe commander Jiang anything anymore.

Wu Jie didn't say anything else and fell into silence. No one knew what he was thinking, but he kept killing the mutated beasts.

Zhou Hao didn't say anything else. He knew that he had said what he needed to say, and it would be a waste of time to say more.

"I've already done what I can. Commander Jiang, if you're in heaven and know about this situation, don't blame me!"

Zhou Hao thought to himself.

After that, Zhou Hao continued to charge forward.

As he killed his way through, she saw several groups of people rushing in as well. These people had been waiting for this moment.

Zhou Hao recognized a few forces that he had met before, but they had not interacted much.

She had thought that they would never have the chance to meet again after that one time.

Zhou Hao did not expect to see him again. The universe was really small.

"Zhou Hao!"

Although Zhou Hao did not have much of an impression of them, those people had a deep impression of Zhou Hao.

Those people also noticed Zhou Hao very quickly, and all of them let out strange cries.

Gu Fei 'er walked over. After confirming that she was not mistaken, she reached out and pinched Zhou Hao's face.

"It's not an illusion, it's Zhou Hao!"

As she said this, Gu Fei 'er's eyes were filled with bitterness. She had finally met the person she had always wanted to meet. She had not expected that it would be during a mission.

"Your Xuanji Palace is also interested in this mutated Queen Mother?"

Zhou Hao was very surprised. In this universe, there were many mutated Queen Mothers hunted by the Suan ni Palace. Logically speaking, there was no need to mobilize a large force.

However, this time around, even the most dazzling of them, Gu Fei 'er, was sent here.

"The elder didn't tell me much. He only asked me to bring the Queen back. Do you want to come with me?"

Gu Fei 'er blinked her eyes. To her, just seeing Zhou Hao was a happy occasion.

Even if there was a Dragon's pool or a Tiger's Den ahead, she would not hesitate to follow them in.

Zhou Hao, on the other hand, hesitated.

"Zhou Hao, are you a man or not? if you are, then agree to it quickly. Don't waste time like a woman!"

Gu Wushuang of the Xuanji Palace couldn't stand it anymore and immediately sneered.

The others also looked at him in disdain, thinking that Zhou Hao was just a lustful man but had no guts.

On the other hand, Zhou Hao was very depressed. He did not expect that they would meet again under such circumstances.

"Let's go together!"

Zhou Hao had no choice but to travel with him, thinking that it would be better to travel together so that they could look out for each other.

In fact, many people had brought their companions with them to prevent others from ambushing them.

At this time, they could only prepare what they needed to.

It was much smoother for Zhou Hao to enter with them.

“Zhou Hao, when did you improve so much? why didn’t you tell me earlier? if I knew you had such an improvement, I would definitely congratulate you!”

Chapter 1192 - Gu Fei 'er

Chapter 1192: Gu Fei 'er

?

For the next few days, Gu Fei 'er was secretly shocked. She realized that she could no longer see through Zhou Hao's strength.

It had only been a year, and it had already risen to such a height. He found it hard to believe.

After confirming that it was true, Gu Fei 'er was also very happy. She was happy that Zhou Hao could be promoted.

“Zhou Hao, here you go. I already have them. These king class iron beetles are useless to me now!”

Gu Fei 'er generously gave him the spoils of war she had obtained after killing the mutated iron beetle.

Of course, Zhou Hao was too embarrassed to ask for it, mainly because he was too embarrassed to do so now.

The doctor had told him that he had a weak stomach and was suited to live off women.

However, he didn't like to eat this kind of food. He preferred to rely on his own hands now.

She did it.

Moreover, with the system, she didn't have to worry about not having any loot.

Zhou Hao thought for a moment and rejected Gu Fei 'er.

"Keep it for yourself. Although it's useless to you now, it will be useful in the future. It's better to keep it than not having it!"

Gu Fei 'er was suddenly in a very low mood and seemed to be disappointed.

Could it be that this girl was still interested in him? thinking of this possibility, Zhou Hao suddenly felt that it was not a wise choice to choose to be with her.

Now that they had come so far, Zhou Hao thought that he could only continue.

Zhou Hao brought Gu Fei 'er and the rest of the group to begin their hunt.

Compared to the other teams, they were more like tourists.

Every day, there would be teams that lost their leaders because their leaders were surrounded and killed by the mutant iron beetles. In the end, they could not be more dead.

Even if they were lucky enough to escape, they would become food for the mutant iron beetles because they were not well prepared.

"Save us!"

Some of the team members had left their own teams and could only ask Zhou Hao and the others for help.

Zhou Hao's team was the only one that was complete, so it was the best place for them to seek shelter.

"You can come in if you want, but bring me your booties!"

Hearing this, the few who wanted to join immediately hesitated. They seemed to be struggling for a while, but they quickly made a decision.

"Alright, here you go. It's yours now!"

Zhou Hao was speechless. Although she had done the same thing before, he did not expect that she would lead Gu Fei 'er astray.

In the past, Gu Fei 'er was an obedient girl. She would not even bully others, let alone do such a thing.

After thinking for a while, Zhou Hao rejected this possibility. It should not be because of him. It was very likely that Gu Fei 'er had encountered something big.

He did not know what it was exactly, but Zhou Hao had a vague feeling that it had something to do with her parents.

"You guys follow me. You can take the rest of the spoils. I won't take them away!"

Zhou Hao's words gave these newly added mind calming pills.

Meanwhile, Gu Fei 'er was looking at Zhou Hao with admiration.

"Or are you stronger? you don't even care about these spoils of war?"

Zhou Hao ignored this fangirl. He was only thinking about how he could find the mutated Queen Mother.

"All of you, come here and think of a way. Help me think of a way to find the mutated Queen Mother!"

After thinking for a while, Zhou Hao still couldn't think of anything, so he could only ask for help from his teammates.

Now that he thought about it, perhaps they could only find the mutated Queen Mother if they worked together.

At this moment, Gu Fei 'er suddenly said, ""How about we use that move?"

"What's the meaning of that move?" Zhou Hao asked in surprise.

Gu Fei 'er grinned. "That's our team's Secret. I'm not supposed to tell anyone, but since you want to know, I can make an exception and tell you!"

After saying that, Gu Fei 'er moved closer to Zhou Hao suggestively, almost sticking to him.

The atmosphere was very ambiguous and filled with a charming charm.

At this moment, Zhou Hao felt that Gu Fei 'er had not changed at all. It seemed like he had been overthinking things.

He had thought that Gu Fei 'er had made some progress, but it seemed that she had not.

Gu Fei 'er was still the same as before. She always liked to seduce him.

"If you continue to act like this, I'll have to take Jonina to complete the mission alone. Don't blame me for abandoning you guys!"

Zhou Hao said indifferently.

Only then did Gu Fei 'er distance herself from him and tell him the secret without beating around the bush.

The secret was that they needed to capture some people to feed them a special medicine. However, the price was that one person had to be sacrificed.

Sacrifice the living?

Gu Fei 'er's goal was very clear. She had said that she was going to capture someone this time. However, this was a little crazy.

Therefore, she did not know if she should do so.

Zhou Hao glanced at Gu Fei 'er. Even though she was full of evil tricks most of the time, she still had a good side to her.

However, Zhou Hao soon realized that he had misunderstood.

Gu Fei 'er was still in a dilemma over whether she should go or not. It was not because she felt that it was too cruel that she did not want to do it.

Instead, he didn't want her future to be affected by this.

Gu Fei 'er was the Xuanji Palace's Saint and was destined to become the palace Master in the future.

She could be involved in a scandal, but it was absolutely forbidden. Once it happened, her status would be shaken.

Moreover, it was very likely that he would be directly eliminated by the elders.

The Xuanji Palace's requirements were very strict, and they even had to restrict Gu Fei 'er's development.

Usually, the Xuanji Palace would choose to forgive her for a small mistake.

However, if she made any major mistakes, the Xuanji Palace would strip her of her status.

Gu Fei 'er did not have the right to choose. She was like a Canary in a cage. Everything she was doing now was for the sake of her family.

Gu Fei 'er had always considered her family, so she was very meticulous.

Everything he did was considered thoroughly.

Zhou Hao could not help but feel that it was not easy for Gu Fei 'er. It was not easy for her to be out on a mission, but she still had to face such a difficult problem.

Zhou Hao did not interfere. At this time, she thought that as a friend, it was better for her to respect her choice.

After the iron-armored bug's arrival, many of the people here had lost their humanity. Now, she no longer sympathized with those who had died.

In order to survive, those people would do anything to survive and be cruel to their own kind.

In the past, Zhou Hao had thought about whether he should carry out a Great Purge, but he had never had the time.

Later on, she had completely forgotten about this matter as she roamed the heavens.

Now that Gu Fei 'er wanted to use those people, Zhou Hao thought that it was not a bad idea. It could be considered as recycling waste.

Those people were complete and utter trash who would only harm others and themselves.

However, Zhou Hao did not directly express his support for her. She was now The Guardian of earth.

If the news of this matter were to spread, although her reputation would not be completely ruined, she would definitely be criticized by others.

He didn't really care about his reputation. He just wanted to have some peace and quiet. Sometimes, she felt that she was too tired.

Even if it was only a moment of peace, it was what he had been looking for.

He had encountered countless near-death situations during his missions and was already very tired.

If it wasn't for the fact that she was working hard for the last ray of light, she would have chosen to rest long ago instead of continuing to run around and carry out missions.

Chapter 1193 - Evil eye Yi Jie

Chapter 1193: Evil eye Yi Jie

“Alright, I’ll help you settle it!”

Zhou Hao went to capture a few people. They were the members of the group that had followed Lei Yang’s traitors.

After capturing them, he gave them to Gu Fei ‘er and the others.

“We’ll go to the front to lure them, and you’ll lie in ambush and wait for the best opportunity. Then, you’ll wait for the opportunity to make your move!”

Very quickly, Gu Fei ‘er made the arrangements and brought her team members to the entrance to place their prey.

Just when Zhou Hao thought that everything was going to go smoothly, it did not take long for a crack to appear in the sky. It was a space-time Tunnel.

An airship flew out and landed in the center of the battlefield. The hatch slowly opened, and a few people in armor walked out.

The one in the lead was extremely handsome. Most importantly, his eyes had a pair of extremely demonic red pupils, which looked both enchanting and strange.

“It’s the evil eye Heavenly king’s son, evil eye Yi Jie!”

Just as Zhou Hao was trying to guess who this person was, some of the big shots in the live broadcast room began to use loudspeakers to shout.

They even posted the young man’s identity on the bullet screen.

After finding out who this person was, Zhou Hao felt that he had heard of this name before. However, when he tried to recall, he could not remember.

At this moment, Gu Fei ‘er walked over and explained, “He’s the guy who said he wanted to challenge you but gave up later on!”

Gu Fei ‘er had already known about this when they were in the Academy. At that time, she had wanted to tell Zhou Hao about it.

Who would have thought that what was supposed to be a huge problem for Zhou Hao would suddenly disappear without a trace?

She didn't have the chance to tell Zhou Hao. She only told him now that she had the chance.

"Why didn't you tell me earlier?"

Zhou Hao wasn't complaining, he was just speechless.

She was a big live streamer now. At this time, she should show her vast and rich knowledge to popularize science.

He had never thought that things would turn out like this.

"I also want to tell you earlier. Who told you to always run around? I've been looking for you for a few years without any message. Sometimes, I even doubt that you're dead!"

Gu Fei 'er rolled her eyes and said in an unpleasant tone.

Zhou Hao was embarrassed. That was true, he could not blame Gu Fei 'er for not telling him earlier.

If she had understood those things earlier, she probably wouldn't have ended up like this.

"This guy is coming towards us. Is he going to challenge us now? boss, you're in trouble!"

Seeing evil eye Yi Jie look over and walk over with a battle intent, he knew that she wanted to fight.

Zhou Hao smacked his head. He should have left earlier. It wasn't that he couldn't defeat evil eye Yi Jie, but that he didn't want to cause any unnecessary trouble for himself.

It was not easy for him to come here and hunt for the mutated Queen Mother. If he were to go through such trouble, it would only add to his troubles.

Right now, he just wanted to finish what he wanted to do as soon as possible and then leave this place.

His original plan was very good. As long as he followed his original plan, he could complete it step by step and leave this place.

However, now that the outcome was like this, everything he had done before seemed impossible.

“Do you need my help?”

Gu Fei ‘er blinked her eyes and gloated at the side.

Zhou Hao was depressed. He could have completed it directly, but he did not expect to meet this God of plague.

Evil eye Yi Jie walked towards Zhou Hao, causing many women to scream.

The screams of the netizens in the live broadcast room were the loudest.

Evil eye Yi Jie was not only born with a good appearance, he also had a father. Not only that, but he was also a genius.

It was impossible for Zhou Hao not to be jealous. He was not the only one. Many of the people who had come here for the hunting mission were also jealous.

It was one thing to be jealous, but they couldn’t do anything to evil eye Yi Jie.

“Zhou Hao, we’ve missed the opportunity. Let’s continue and complete the previous challenge. Don’t worry, although I’m not a good person, I’ll still respect you. If you lose, I can seal the news and won’t let you live a miserable life!”

At this moment, evil eye Yi Jie’s eyes were burning. He was different from the majority of people, he only liked to fight.

Zhou Hao, on the other hand, felt uneasy. He just wanted to leave this place as soon as possible.

“Maybe I don’t have time to spar with you right now. I still have a mission. If I don’t complete it, my home planet will be finished. You can find someone else to fight with!”

Zhou Hao furrowed his brows, feeling depressed. He never thought that he would meet this guy when he was about to complete his mission.

It was said that this evil eye Yi Jie had not only inherited the evil eye Heavenly King’s position, but also his personality. He was a battle maniac and was basically 100% the same.

Zhou Hao did not want to waste any more time here. Once the mutated Queen Mother sensed any danger, it would take action.

At that time, it would be no different from looking for a needle in a haystack if he wanted to find the location of the Queen.

“No, I’ve been waiting for this day for three whole years. I’m going to fight you once no matter what. You can’t leave today. You have to fight even if you don’t want to!”

Evil eye Yi Jie walked to the front, as if he was about to start a fight at any moment.

“Can we not fight?”

Zhou Hao was helpless and had a headache.

“No!”

Evil eye Yi Jie was excited. He had been waiting for this day for far too long. Ever since he had missed it due to his family’s matters, he had been looking forward to this day.

He had to prove that he could do it. What he had to do now was simple. He had to come to a conclusion with Zhou Hao.

If only Gu Fei ‘er could help. Zhou Hao quickly rejected this thought.

Now that Gu Fei ‘er had come out for the mission, if she could not complete it now, it would definitely be a huge blow to Gu Fei’ er.

Zhou Hao didn’t want to spar, but he couldn’t think of any good ideas now, so he could only choose to spar.

“I can spar with you, but I want to change the method. If you agree, I’ll fight with you!”

Evil eye Yi Jie replied without hesitation, “As long as you agree to spar, I’ll let you do whatever you want. Even if you ask me to give you a handicap of one hand, I’m willing to do so!”

Zhou Hao was speechless. This evil eye Yi Jie’s words were utter nonsense. What did he mean by “give me a hand”? if he could really give me a hand, he probably wouldn’t be so insistent on this spar.

Evil eye Yi Jie wasn’t a heinous person, but he definitely wasn’t a good person, and he definitely wasn’t someone who would give in easily.

Zhou Hao continued to explain his method of sparring, which was probably a process of the competition.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 1194 - -sparring begins

Chapter 1194:-sparring begins

They were allowed to bring their own men to hunt more mutant beasts on the battlefield.

“Alright, we’ll do as you say!”

Even though the method had changed, the result was the same, and evil eye Yi Jie immediately agreed.

Although they could bring people, the people they brought were actually irrelevant. The main competition now was their own strength.

If she couldn’t even do this well, she wouldn’t even have the right to speak in front of Zhou Hao, let alone spar with him.

Zhou Hao had always been his target, and that had never changed.

Zhou Hao’s request wasn’t unreasonable. On the contrary, he felt that it was very fair.

Just like that, evil eye Yi Jie brought his men and entered the battlefield.

“Do you need my help?”

Gu Fei ‘er walked over with her team and asked with concern.

Zhou Hao glanced at it, thought for a moment, and shook his head. There was really no need.

Gu Fei ‘er frowned but did not say anything. She thought that Zhou Hao should be able to resolve this matter. If he could not, she would just lend him a hand when the time came.

Zhou Hao brought Joanna into the battlefield, quickly attracting the attention of many people. Most of these people were the ones who had followed evil eye Yi Jie into the battlefield.

They were all in the same team, and they all glared at each other.

Zhou Hao, what do you mean by that? do you think you're invincible now?

"Zhou Hao, are you looking down on us, you B * stard!"

Before evil eye Yi Jie could say anything, the members of the team were all excited. The humiliation of their Captain was also a great humiliation to them.

They were the same as evil eye Yi Jie, they both valued the team's honor.

They had never thought that things would turn out like this.

Zhou Hao was very puzzled. Were these guys out of their minds? they actually thought of looking down on them when they saw that he had a person with him.

"I'm not looking down on you. If you want to continue the competition, go back now. Otherwise, I can give up right now!"

Evil eye Yi Jie flew into a rage, but it was directed at his team members. He had been waiting for this match for God knows how long.

He didn't want the competition to be canceled because of his team members.

"What did I tell you before? did you feed all of it to the dogs? remember who you are, you're just my dogs!"

This was the first time evil eye Yi Jie had lost his temper in such a long time. The expressions of his team members were all unsightly, as they did not dare to oppose evil eye Yi Jie in his current state.

Let alone throwing a tantrum, even if evil eye Yi Jie were to punch and kick them because he was in a bad mood, they could only choose to endure it.

"The rules are simple. Whoever catches the strongest mutated beast and the most number of them will be the winner!"

After explaining the rules, evil eye Yi Jie led his own team into the battlefield.

Zhou Hao and Joanna followed them into the battlefield.

After they entered, they encountered a wave of mutant beasts. These mutant beasts rushed out of the gap like a flood.

But this time, they had nothing to fear now that they had something to rely on. Their thoughts were very simple. They only had one thing in mind, and that was to charge forward.

At this moment, evil eye Yi Jie was extremely excited. He could finally prove himself.

Now, he only wanted to use his strength to tell the entire universe that he was the strongest.

“Zhou Hao, Don’t Let Me Down. You’d better bring out all your strength now. I won’t go easy on you in the hunting competition!”

Evil eye Yi Jie said coldly before charging forward. He also used his evil king avatar and began to kill.

Evil king Yi Jie had completely inherited the evil eye Heavenly King’s bloodline and could now use the same true body to reach the half-step divine realm.

Wherever he went, there were mountains of corpses of mutated beasts.

When the surrounding people saw this, all of them took in a cold breath. They knew that evil eye Yi Jie had a very powerful bloodline and was very strong.

He had never thought that it would be this powerful. It was simply unimaginable.

They were certain that what they saw was real. It was absolutely true.

“I didn’t think that the evil king would appear out of nowhere. I thought he was the last expert to have a chance to spy on the godly state, and now there’s another one!”

Many of the teams felt their scalps go numb. It would take a clan tens of thousands of years to cultivate an immortal state warrior.

Now, to cultivate two of them, he would have to spend another 10000 years. The risks and costs he had to bear during this process were too great.

What was worth mentioning was that in the past ten thousand years, there had not been a second clan that could nurture two godly state experts.

In fact, it was already a rare thing to have a godly state expert in the clan.

Now, it was impossible to cultivate two of them.

Now that the evil eye clan had actually done it, this clan would definitely become the strongest Overlord in the universe.

Many of the families were thinking that once they could leave this place, they would definitely find an opportunity to befriend the evil eye family.

With the protection of the two godly state experts' families, they would be able to rest easy in the future.

The evil eye family would also be the only family that could survive the next wave of the mutated beast Army.

Although evil eye Yi Jie was not a true God yet, he would become one sooner or later. In their eyes, evil eye Yi Jie was already a future God expert and had a bright future.

Zhou Hao felt that they were really ridiculous. It was not so easy to break through to the godly state. The true godly state did not test one's talent, but one's heart, spirit, and even luck.

All of these were indispensable. If even one of them was missing, evil eye Yi Jie would be doomed eternally, and he would fall into the abyss.

The netizens in the live broadcast room could not help but tease Zhou Hao.

"Live broadcast. If you can't handle it this time, you'll have a bad reputation!"

"Hahaha, streamer, it looks like this is a strong opponent. You'll have to admit defeat today!"

At this time, many netizens were on Zhou Hao's side. They did not know that Zhou Hao had already entered the immortal state.

Now, they all thought that Zhou Hao was still at the starry sky roaming realm, just like three months ago.

According to their previous thoughts, this was definitely the case for ordinary people.

Chapter 1195 - -Jonina's surprising discovery

Chapter 1195:-Jonina's surprising discovery

Unfortunately, their opponent this time was Zhou Hao, and the outcome was bound to be different.

There was another reason why they believed this. Evil eye Yi Jie was hunting mutated beasts very quickly. He had killed over a hundred 1-star and 2-star Iron beetles in minutes.

As for Zhou Hao, he had yet to kill a single one. This speed was too slow.

The difference in speed was like the difference between heaven and earth. Hence, they all thought that Zhou Hao would not be able to hold on for long before he quit the competition.

“You guys think I can’t beat him?”

Zhou Hao felt very puzzled. Did he not show off enough muscles before that they actually had no confidence in him?

Zhou Hao had also set another goal for himself, and that was to show off his might in front of them.

At this time, he had to let everyone know that he, Zhou Hao, was now a true expert.

It wasn’t the same as before, when he was being pointed at by countless people.

Zhou Hao also rushed forward and began to hunt all kinds of mutant beasts. However, he knew that he was too slow.

He couldn’t continue hunting like this. He needed to be faster.

Using the same method would definitely not work. Now, she needed to think of a better way.

When Zhou Hao was hunting the mutant beasts, he had noticed that evil eye Yi Jie had grown a lot compared to the previous matches.

It turned out that evil eye Yi Jie had no way of killing so many mutated beasts, and it was already good enough that he was able to block them.

But now, evil eye Yi Jie had done something that he had previously thought was impossible.

At this time, Zhou Hao thought that he might have to bring out a more powerful force this time.

If things continued like before, he was afraid that he would lose the competition this time.

“Jonina, you don’t have to help me. I’ll handle the rest by myself. If the situation doesn’t look right, you can leave first!”

Zhou Hao said to Jonina.

“Boss, if I leave now, the difficulty will increase. Although I know you can solve it, it will be a waste of time. You don’t have to persist!”

Zhou Hao could see Jonina’s determination. He knew that there was no point in saying anything more, so he could only make a judgment.

And that was that he and Jonina were now fighting against this powerful Army.

He didn’t know if he could solve it completely. He only knew that if he didn’t solve it now, it would be a headache in the future.

Therefore, she needed to be more decisive now. Only by doing these things well now could she do better in the future.

It was because he had not solved the things that he should have solved that he had fallen into a cycle, giving some people with bad intentions an opportunity to take advantage of him.

“Jonina, use the tactics that I taught you before. This time, don’t hide it anymore. Bring it all out and let everyone know that you’re not just a weak Queen!”

Jonina nodded. She had the same thought, but Zhou Hao had said it out loud.

Next, Jonina thought, I just have to do this right now.

At other times, he also needed to consider, but there was no need to consider so much.

“Die!”

After her transformation, Jonina’s battle tactics had reached the point of perfection, and she easily slaughtered her way through the mutant beast horde.

After Jonina found the right spot to strike, she charged forward.

Jonina’s speed was fast and accurate. She accurately locked onto the position that she was supposed to lock on to, and then her fist smashed forward.

BOOM!

The mutant beasts probably did not expect that an ant would be able to unleash such a terrifying power, and could not Dodge in time.

They could only watch helplessly as the terrifying heat wave arrived.

With a loud bang, all the mutated beasts were annihilated.

Hiss!

The members of the other teams couldn't believe it. This wasn't as simple as just being strong, this was completely abnormal.

There were many experts who had come to participate in this mission. However, they felt that even if all of them were to join forces, they would not be a match for this woman.

"This is my power?"

Jonina felt as if she had been struck by lightning. She was stunned and couldn't believe it.

Jonina had been training for a long time, and she had never been confident in her own abilities. She felt that she could never reach that level.

He had never thought that he would be able to achieve such an unexpected effect.

"Continue!"

Zhou Hao was very happy. He had thought that Jonina wouldn't be able to help him this time, but seeing this scene, he felt that there was still a lot of hope.

As long as Jorina did what she had to do, it would be much easier for him to solve this problem.

He couldn't continue like before.

Therefore, Zhou Hao already knew what he should do now.

After understanding this, Zhou Hao rushed forward and used his most powerful combat skill, eight desolate steps, to fight with these teams for the mutant beasts.

"That's too much, Zhou Hao. Do you think we're afraid of you?"

The leaders of the teams who were robbed were all trembling with anger. Now, they wanted to use their fists to tell Zhou Hao that they were not to be trifled with.

However, they only had such a thought now. When they wanted to make a move, they hesitated.

Looking at them, Zhou Hao knew that they did not have the courage to make a move. In this world where the strong preyed on the weak, if they did not even have the courage to make a move, then they could only wait to be slaughtered.

Zhou Hao ignored them. After robbing these people, he went on to Rob the other party.

“You’re going too far!”

Some of them wanted to get even with Zhou Hao, but when they were about to attack, they were scared.

It wasn’t that they didn’t dare to, but to them, if they were to attack Zhou Hao now, they would lose more than they would gain.

Therefore, they didn’t want to waste any more time on this.

Right now, they just wanted to do what they needed to do. It was not easy for them to participate in this mission at this time.

If they couldn’t complete this mission this time, they didn’t know how long they would have to wait for the next one. Their losses weren’t much.

If the forces behind them suffered any losses, they would be in deep trouble. This also meant that they would not have any good days ahead.

From the beginning until now, they had already wasted a lot of time here. They couldn’t continue like this.

Therefore, they quickly thought of what to do. They rushed forward and left this place, heading to the next area to continue hunting mutant beasts.

This was their only choice now.

Zhou Hao watched them leave and did not continue to cause trouble for them. What she wanted now was the mutant beast corpses. As long as there were enough of them, she would be more confident.

However, if evil eye Yi Jie were to find out that Zhou Hao was collecting the corpses of mutated beasts just to collect their beast cores, he would probably go crazy with anger.

Chapter 1196 - Disdainful of using despicable means

Chapter 1196: Disdainful of using despicable means

?

“Young master, do you need us to get a few people to interfere with them?”

A man in green armor walked to evil eye Yi Jie’s side and asked.

Evil eye Yi Jie hesitated for a moment, then shook his head in disdain.

“Although this kid is experienced in this area and has an advantage over me, it’s impossible for him to threaten my current position!”

The moment he said that, these subordinates didn’t say anything else. Although their young master was arrogant, his strength was there.

Their young master’s strength was very low, so he didn’t take it seriously. In other words, he had enough confidence to solve this problem.

That was all he needed to know. There was no point in knowing more at the moment.

This time, they had come out of the clan to accompany evil eye Yi Jie in doing what he wanted to do. As long as they could make him happy, that was all.

At this moment, evil eye Yi Jie wasn’t the only one who didn’t take it seriously. Many of the young masters in the broadcast room also didn’t take it seriously.

“Zhou Hao was too arrogant this time. If he had restrained himself, he would have been able to crush them sooner or later. Now, he has made a wrong decision!”

“Hehe, I told you this streamer isn’t good enough. I didn’t lie to you, right? stop watching, I’m leaving!”

Many netizens took advantage of this time to take away a lot of fans. Zhou Hao was very distressed, but he was helpless.

Zhou Hao did not unleash all of his power at the moment. He did not want to do something as stupid as alerting the enemy before he found the mutant Zerg Empress.

He didn’t want to live in misery for a period of time because of this.

“Jonina, I know that you don’t understand why I’m not doing those things right now. I can’t answer your questions right now, but I need you to understand me!”

Seeing Jonina’s dejected look after all the gossip, he knew that she must have been disturbed.

If this was before they were at home, Zhou Hao would have stepped forward to uphold justice for Jonina, to defend the rights and interests that he had now defended.

However, she didn’t do that now.

“But ...”

Jonina still wanted to voice out her troubles, but she didn’t. The main thing was that he knew that it would be useless even if he said it now.

And so, Jonina chose to continue hunting mutant beasts in a depressed mood.

Seeing that Jonina was unable to recover, Zhou Hao wanted to persuade her, but after thinking about it, he realized that it was not within his power, so he gave up on the idea.

“Hmph, evil eye Yi Jie, just you wait and see, I want to see just what kind of ability you have!”

Zhou Hao thought that this might be the last time he could put an end to evil eye Yi Jie.

As long as he could settle this now, the result would be similar.

Now, what he had to do was simple. He just had to do all of this well.

Crossing the void!

As a mutated beast passed by him, Zhou Hao remained calm in the face of danger. With his sharp eyes and agile hands, he directly slit the neck of the mutated beast with the dagger in his hand.

The rest of the mutant beasts were furious. At this time, Zhou Hao had already entered their encirclement, but he was all alone.

He dared to challenge so many mutated beasts by himself?

“You’re looking for death!”

Among the thousands of mutant iron beetles, the strongest one was the boss. He was now glaring at Zhou Hao.

At this moment, the boss only had one thought in his mind. He wanted to kill Zhou Hao while locking him down.

“Kill this human!”

The boss of the iron-armored bug was a 3-star mutant beast.

The mutant beasts on earth were now comparable to some of the more powerful mutant beasts in the universe, and some of them had even surpassed the overlords of the universe.

These mutated beasts continued to evolve here. As their star-level began to increase, the toughness of their outer shells would also increase. In addition, their flesh and blood would continue to strengthen.

Not only that, but these mutated beasts would also have a certain improvement in other aspects.

This 3-star mutant beast boss could be considered an Overlord-level mutant beast anywhere in the universe.

At this time, seeing Zhou Hao being surrounded, many of the team members were gloating.

“Did you guys see that? this kid is surrounded by mutated beasts. I don’t think he can win. He’s going to lose!”

“Not only will I lose, I’ll also die!”

The members of those teams were all watching coldly from the side. At this time, they naturally hoped to see as few opponents as possible, especially those who were stronger like Zhou Hao.

Evil eye Yi Jie also quickly discovered this matter, but he did not stand by and do nothing. He decisively chose to bring his men to help Zhou Hao.

“All of you, stop! This is my own business. I will solve this problem myself. You can see what happens next!”

After Zhou Hao said this, evil eye Yi Jie felt that Zhou Hao was overestimating his own abilities.

“You didn’t see clearly, or you haven’t persevered to the end and you want to give up just like that? if you admit defeat like this, not only will they look down on you, but I will also look down on you!”

The reason why evil eye Yi Jie wanted to help was because he did not want Zhou Hao to lose before the final result was decided. If Zhou Hao did not lose to him, then the competition would have lost its original meaning.

Although he wasn't a good person, he wasn't a despicable person who would do anything to win.

"This is my business. I'll solve it myself. Don't interfere if I didn't ask you to do it. You haven't even solved your own business yet. There's no need for you to meddle in other people's business!"

Zhou Hao snorted coldly. In fact, he could have solved it easily.

However, he couldn't let his true strength be revealed right now. If he did, evil eye Yi Jie would definitely admit defeat.

If he admitted defeat so quickly, then the plan he had thought of before would change. Perhaps, something unexpected would happen again.

At that time, the simple matter that he wanted to solve would become very troublesome. He did not want it to become like that.

As such, he had to make evil eye Yi Jie scram.

"You don't know what's good for you. I'll see how you die later!"

Evil eye Yi Jie was furious. He felt that this Zhou Hao was simply cruel and unscrupulous. He had good intentions, but this guy actually treated him with such an attitude.

Seeing evil eye Yi Jie leave in anger, Zhou Hao was in a good mood. He didn't know why, but whenever he saw this guy unhappy, he would feel good.

Chapter 1197 - certain death

Chapter 1197:-certain death

Just like that, many teams had stopped their missions and were now looking at the area where Zhou Hao was.

“What do you think of this matter?”

In a live broadcast variety show in the largest magical city in the universe, the beautiful and sweet live streamer Alice said to a consultant next to her.

The consultant was talking non-stop as usual, but only one thing was certain, and that was that Zhou Hao was dead.

“They’re definitely going to die. These mutated beasts are at least one-star creatures. Even if ten starry sky Wanderers were to be surrounded like this, they would probably die!”

It was no wonder that they would think so now. Mutated beasts were too scary. The higher their level, the higher their intelligence. They could use their strength to crush and at the same time, use the best strategies to carry out all kinds of hunting.

In their eyes, Zhou Hao, who was in the middle of the pack, was now the prey of these mutant beasts.

Zhou Hao was not dead yet, and the fact that he was able to hold on until now was already a miracle in their eyes.

If this continued, they did not know when it would end. They only knew that Zhou Hao would die in there sooner or later.

“How can you be so stubborn!”

Jonina’s head was throbbing. She wanted to remind him, but she knew that it was too late.

So, Jonina could only silently pray for her boss in her heart, hoping that nothing unexpected would happen.

“Boss, you can’t let anything happen to you. Otherwise, I’ll have to bear the blame this time!”

At this moment, Jonina was also thinking that it would be great if she could help boss Zhou right now. She was a Queen, and as a Queen, it was fine if she couldn’t help her teammates.

However, if things continued to develop like this, it seemed that he couldn’t even protect his own boss now. He didn’t expect things to turn out like this.

“I’m going to double my training this time. Next time, I’m going to become the boss’s right-hand man. I won’t let him down!”

After taking a deep breath, Jonina made a decision in her heart. This time, she had to do it more than ever.

If he continued to act like this, he would definitely regret it in the end.

Roar!

The mutant beasts were densely packed, and wherever they passed, the people were plunged into misery and suffering, and in the end, there were heavy casualties.

If this continued, things would probably get worse.

“You can’t block it, but you still want to provoke it. You’re simply courting death!”

After seeing Zhou Hao being drowned by the sea of mutant beasts, all of them were mocking him.

Jonina frowned, very angry. These people were really interesting. Just now, they didn’t even have the courage to stand out and face him.

But now, they were standing here and making all kinds of irresponsible remarks.

“Hmph, if it wasn’t for boss telling me to be more mature when doing things, I would have killed you all!”

Naturally, Jonina’s teeth itched with hatred. Although he really wanted to do so, he didn’t.

At this moment, the most important thing was to complete the mission.

The key was that at this time, there were many things that he could not change. What he had to do now was to go with the flow as he had done before.

As for what would happen after that, they didn’t need to do it.

And so, Jonina chose to swallow her anger.

Those people were all unscrupulous and mocked them in all kinds of ways, thinking that they were overestimating themselves.

Zhou Hao had also heard these unpleasant words, but his expression remained the same. Not only was he not angry, but he also did not have any thoughts of being calculative with them.

The main reason why he didn’t do so was that he didn’t treat them as opponents at all. He didn’t treat them as humans at all.

In front of Zhou Hao, these people were just a motley crew.

“Die!”

Zhou Hao used the eight step chasing Toad and unleashed his full speed. At this moment, he dared to say that he was the fastest he had ever been.

He was also the fastest to act, like a flash of lightning.

“Idiots, you’re not his match. Get out of the way!”

The leader’s heart throbbed. He suddenly had a premonition of danger, so he quickly said to his companion.

At this time, how could his companions listen to those words? there was only one thought in their minds, and that was to rush up and kill this human who dared to humiliate them.

Similarly, Zhou Hao wanted to kill them.

After Zhou Hao charged to the center and held on for a while, he threw a punch at the ground.

Immediately after, the ground began to shake as if the end of the world had arrived.

This was the pure strength of Zhou Hao’s physical body. Even if the mutated Queen Mother appeared here, she would not be able to block it, let alone them.

It was worth mentioning that Zhou Hao had used this move to kill a ruler-level mutated beast a month ago.

“No!”

Some of the mutated beasts who understood their boss’s meaning quickly felt regret and despair. They finally knew how terrifying this human was.

They all wanted to escape from this place, but it was too late.

Not only did they not have the time to escape, but Zhou Hao would not give them the chance to do so.

Now, Zhou Hao only wanted them to die in front of him.

“Die!”

Zhou Hao threw out a Hadouken, which was wrapped in a terrifying energy wave.

In an instant, the energy swept through and countless mutated beasts were instantly ground to pieces.

The rest of the mutated beasts were all terrified, looking at Zhou Hao as if he were a demon.

At this time, the people outside who had originally planned to watch a good show gradually felt that something was wrong.

That was because, in their opinion, if the mutated beast wanted to kill someone, Zhou Hao would have been dead by now.

However, the mutated beasts had not dispersed, which meant that Zhou Hao was probably still alive.

They could not believe it. If Zhou Hao was not dead, it would be considered heaven-defying.

If this had happened before, they wouldn't have believed that what they were hearing was true.

However, they were certain that what they heard was true.

There was no possibility of it being fake.

"Damn it, didn't someone say that he was just strolling through the starry sky? why is he so strong now?"

The leaders of these teams found it hard to accept. This meant that Zhou Hao's talent and strength were above theirs.

They naturally couldn't stand it. But even if they couldn't stand it, it was still very difficult to do anything at this time.

Now, they could all guess one possibility, and that was that they had been deceived. However, they did not expect things to turn out like this.

"Damn it, if I find out who spread the news, I will definitely not let that guy off. I will definitely let him regret it!"

Chapter 1198 - Breakthrough point

Chapter 1198: Breakthrough point

At this time, the team leaders all knew that they had been deceived.

In other words, Zhou Hao did not take them seriously at all. He might have even treated them as clowns.

The reason why things had turned out this way was because they had been cheated, so they were all very angry.

“Although he’s not dead yet, I think even if he can escape alive, he won’t live for long, let alone leave the battlefield!”

At this moment, one of the captains spoke with certainty.

The other team leaders had the same guess, but they didn’t expect things to turn out like this.

If it was before, they would have had other thoughts, but now they had nothing.

They had completely lost the thought of continuing their plan.

Evil eye Yi Jie’s initial contempt had now turned into caution.

Furthermore, evil eye Yi Jie immediately gave an order to the people he had brought with him. He ordered them to kill 100 2-star mutant beasts before the end of the competition.

This time, evil eye Yi Jie had a premonition that if he didn’t do this now, he would probably lose.

The team members could only continue hunting and speed up.

“Young master, I’m afraid there’s not enough time!”

The team member who had come to evil eye Yi Jie earlier had told him that they probably didn’t have enough time to finish.

Evil eye Yi Jie thought for a moment and realized that there really wasn’t enough time. He couldn’t continue like this.

“Damn it, I can’t just wait like this. I have to think it through. Otherwise, I’ll be in trouble!”

Evil eye Yi Jie naturally didn't want to lose, so he knew better than ever that he had to think things through.

Only in this way could he increase his confidence and solve these problems quickly when he encountered similar situations in the future.

As they were discussing, Zhou Hao was surrounded and had killed close to 200 2-star mutant beasts.

If evil eye Yi Jie knew about this, he would definitely be shocked.

This was because Zhou Hao had not only killed 2-star mutant beasts, but also those that were evolving and would soon become 3-star mutant beasts.

The difference between a 2-star and a 3-star mutant beast was like the gap between a Saint-level expert and a 2-star mutant beast. It could be broken through at any time.

In other words, Zhou Hao was facing 200 3-star mutant beasts.

Of course, they didn't know now, and they wouldn't know in the future.

This matter would continue to develop in this way. It was now, and it would still be in the future. It might even continue to develop.

Just now, Zhou Hao had used the system to upgrade his body movement, so it was much easier for him to deal with these mutated beasts.

If he continued to do the same thing as before, the difficulty would definitely increase. However, at this moment, he now had the right to change the situation.

He wouldn't interfere after those things happened. If that really happened, he would regret not doing what he should have done sooner or later.

Such things had happened in the past. After that, he spent a long time in regret. He did not know how many nights he had woken up in regret.

Now, he did not want things to turn out like this. So, he thought that the only thing he could do now was to do what he had to do.

"Human, you are very strong, but don't get too cocky. You will die Here, I swear!"

The boss surrounded Zhou Hao with his underlings. He thought that he could kill Zhou Hao at this level, but it was completely different from what he had imagined.

If he had known that this would happen, he would not have wasted his time in this place.

However, the mutated beasts knew that they could only think of a way to deal with it. Otherwise, Zhou Hao would definitely be the biggest threat to their mutated Queen Mother.

They had been sent out this time to create a diversion and divert the attention of the human powerhouses, giving the Queen Mother time to move.

If there were any changes now because of this matter, they would have to bear the blame.

Therefore, this matter had changed from needing to be resolved to one that had to be resolved.

He had encountered too many things since then, and he didn't want to continue like before.

"We have to think of a way. He's too strong. If we continue fighting like this, we might not even be able to last one round!"

At this moment, some of the mutated beasts had already realized the severity of the situation.

They wanted to think of a way to escape from this place before the battle ended.

The leader's face was gloomy. He was trying to think of a way, but hearing his companions' words, he was upset.

How could he not want to solve this problem now? however, after thinking for a long time, he still couldn't think of a good solution.

This time, before he had absolute confidence, he did not dare to use any means to deal with Zhou Hao.

If he took a wrong step now, he would be the one in eternal damnation instead of Zhou Hao.

The leader of the mutant beasts was also very depressed. Originally, as long as things went according to plan, they could easily solve this problem. However, he never expected it to turn out like this.

At this moment, he knew that it was useless even if he regretted it. From the moment he made his choice, it was already destined that he wouldn't be able to change it as he wished.

Now that Zhou Hao had overturned the current situation, it was equivalent to Zhou Hao holding the power of life and death in his hands.

“Damn it, we clearly had the chance to end it. Why did it become like this ...”

It was not only the leader of the mutant beasts who could not understand, but the other group of mutant beasts, including the human powerhouses from the sea wisdom temple who liked to watch the show, were also confused.

Initially, they had been certain that Zhou Hao would most likely die Here.

He had never thought that things would turn out like this.

While they were still thinking about it, Zhou Hao quickly made a decision and thought of the fastest way to break the current balance.

He was going to take a long time to find it, but the moment the boss started to get distracted, Zhou Hao saw an opening that he had not been able to see before.

When he saw it clearly, he instantly knew that it would be much easier to solve the problem.

At this time, Zhou Hao immediately used his most powerful movement technique to avoid the vanguard of the strongest mutant beast Army.

After that, Zhou Hao began to attack the weaker mutant beasts. Although they were not strong in defense, they still played an important role in the family.

It was also because of the mutant beast Army that he had been able to fight for so long.

Chapter 1199 - The mutant beast's boss ran away

Chapter 1199: The mutant beast's boss ran away

“Not good! He found the weakness. We can't let him achieve his goal. Block the gap!”

The mutant beast boss's expression changed. After discovering this, he immediately called his underlings to block the way.

“However, Zhou Hao has seized this opportunity. How can he let it go to waste? he will not let them have their way!”

At that moment, Zhou Hao only had one thought in his mind, and that was to make them pay the price.

“You cold-blooded and heartless animals, if I didn’t have other things to be afraid of, I would have killed you long ago!”

Thinking about the mutant beasts that had massacred the humans outside Linhai City, leaving behind mountains of corpses, Zhou Hao was determined to take revenge.

Zhou Hao thought that now was the best time to make them pay the price. Now that they had done all this, it would be much easier to do what was to come.

Just like that, Zhou Hao held on tightly and charged forward.

After a short while, Zhou Hao reached the gap, and he made a quick judgment when the mutant beasts rushed up to block the gap.

It might be much weaker than before, but this was definitely the best. What he needed to do now was very simple, and that was to do what needed to be done now.

If all of this was done, then his future would be much smoother. He was very clear about what this meant.

“Impossible, how is this possible!”

Soon, the netizens in the live broadcast room were dumbfounded. They couldn’t believe it and felt that it was unbelievable.

Although Zhou Hao had already exceeded the limits of a human, he was facing a mutant beast that could be considered an Overlord in the universe.

Even the strongest soldier in the universe would not be able to escape from such a situation.

However, in this seemingly impossible situation, Zhou Hao had successfully turned the danger into safety, and now he had even managed to avoid the fatal blow that could have killed him in one strike.

Suddenly, many netizens felt ashamed. Before this, they had belittled Zhou Hao and were certain that Zhou Hao would never be able to walk out of this.

However, Zhou Hao had done it. Not only did they find it hard to believe, but they also found it hard to accept.

How could Zhou Hao be so strong when they were both human warriors?

How could this be!

The leader of the mutant beasts was terrified. Although he had expected a terrible result, it was even worse than he had imagined. The key was that it would make his already bad situation worse.

“Dammit, why did it turn out like this? it shouldn’t be like this!”

The leader of the mutant beasts, who had been able to keep his calm, could no longer keep his cool. He knew that he was in danger.

The human in front of him was already a fatal threat to him. This was the first time he had encountered such a situation.

Escape!

At this time, a thought appeared in the head of the mutant beast. He had a premonition that if he did not escape now, he would die Here.

At the next moment, the leader of the mutant beasts took a deep breath and made a decision without hesitation, which was to turn around and escape from this place.

“I can’t continue to flow in this place. I must escape from here. I must escape!”

At this time, the mutant beast boss’s heart was filled with fear. He finally understood why some of the human powerhouses had said that he would have to run for his life one day.

At that time, the mutant beast boss did not think much of it, thinking that they were the rulers of the universe, and even if there was anything that could pose a threat to their race, it would definitely not be the human race, which was like an ant.

He did not expect that such a race could actually make him feel a sense of crisis that threatened his life.

Now, the mutated beast Grandpa had a very firm idea, which was to escape from this place.

“Boss, you can’t leave! What are we going to do if you leave?”

The leader of the mutant beast was the only 4-star mutant beast in the area. Once it left, they would be left without a leader.

Therefore, the mutated beasts were all panicking. They didn’t want to see their boss leave.

"I understand how you feel, but I need to live. If I die Here, how am I going to pass the news to the Queen Mother? you don't have to say anything to me. Just decide it like this!"

The mutated beast's boss ran away after saying that, leaving all his underlings behind.

Taking a roundabout route to save the country?

If it had been before, Zhou Hao would have believed that it was possible. But now, he felt that it was ironic.

The boss of the mutant beast group must have wanted to enjoy a luxurious life. It was impossible for him to continue living like this.

This boss was really a coward, so Zhou Hao did not go after him.

The boss couldn't escape. There were too many teams here, and they all wanted to hunt for more prey.

No one wanted to come to this place and leave empty-handed, and this boss was the prey they wanted to hunt the most.

It was just that this kind of prey had always been the minority.

It wasn't something they could capture as and when they wanted to. They had to work together, for example, several teams.

Usually, they would not let go of such an opportunity. Once they missed it, they would have to wait for at least a few years or more.

"We can't let our prey escape. It's a 4-star mutated beast. Stop it!"

At this time, when the leader of the mutated beasts ran away, the rest of the mutated beasts became a pile of loose sand, which was much easier to deal with.

The rest of the teams had no way of killing the scattered mutant beasts, so they were all betting on the boss.

"Damn it, are these guys crazy?"

The mutant beast boss was extremely angry. He realized that these team members were not afraid of death at this time. It seemed that they were planning to capture him even if they had to risk their lives.

Although he had seen such lunatics before, he didn't think that he would encounter one again in such a situation.

“If you want to die, come and try it now. I guarantee that you’ll have a taste of death before you take me down!”

The boss decided to fight to the death with these teams. It was his only choice now.

Now, after his death, boss was full of regret. If he hadn’t done that before, things wouldn’t have ended up like this.

However, at this moment, he knew that it was useless for him to regret it.

This was because Zhou Hao had already turned the tables. This was no longer the time when he could control the situation as he pleased.

Chapter 1200 - Deciding the victor

Chapter 1200: Deciding the victor

“Damn human, if I still have a chance, I’ll make sure you die without a burial place!”

The old mutant Beast Man hated Zhou Hao to the core, thinking that if not for Zhou Hao, he would not have ended up like this.

However, the boss didn’t know that he was lying to himself.

In fact, Zhou Hao was already being merciful compared to anyone else who had attacked him.

As for the current situation, it was all the boss’s own fault.

Of course, the boss would never admit it, whether it was before or now.

Zhou Hao did not take it seriously. His current goal was to hunt for more mutant beasts. Although 4-star mutant beasts were better, it was not worth the risk.

It would only be a waste of time to capture a four-star now. The final result would often be that the gains would not make up for the losses.

At this moment, evil eye Yi Jie was very confused and felt that it was strange.

Zhou Hao could have killed the boss, but he didn't. Instead, he gave her the chance.

What was in this guy's head?

Sometimes, evil eye Yi Jie had the same impulse as many others, and that was to rush up and pry open Zhou Hao's head to see what was inside.

Seeing evil eye Yi Jie walk in front of the mutant beast boss, the rest of the people made the wise choice, which was to retreat.

This was a choice they had to make. If they didn't do this, they would regret it more than ever.

They had already lost a lot from before to now, and they couldn't afford to lose more.

As such, they all chose to back out and give the spoils of war to evil eye Yi Jie.

"This human is so strong!"

The boss of the mutant beasts thought that those people couldn't beat them and didn't want to fight anymore. When he saw a human appear in front of him, he immediately knew what was going on.

The leader of the mutant beasts had the same idea as before. He just wanted to escape from this place.

However, evil eye Yi Jie was ruthless, so how could he let his prey escape?

"Stay here!"

Evil Yi Jie's netherclaw had struck the heart of the mutant beast boss.

"Aaah!"

The leader of the mutated beasts felt a throbbing pain in his heart. He felt that he would rather die than live.

The evil demon Yi Jie sneered. He felt that he had gotten the better end of the deal. This mutated beast boss would allow him to win this competition.

As long as he won this time, he would be able to sit on the throne of the top ten young talents in the universe. At that time, he would be the strongest.

Evil eye Yi Jie had been preparing for this day for God knows how long. Now that it had finally come, how could he miss it?

“Go and check on that kid’s condition. Report to me immediately after you’ve seen him clearly!”

Evil eye Yi Jie said to one of his subordinates without any hesitation. He was already impatient to know the results.

At this moment, evil eye Yi Jie was full of himself and felt that he had won. This quality could definitely sweep away everything.

Soon, the subordinate who went to investigate the situation returned, but he looked hesitant to say it.

“If you have something to say, then say it!”

Evil eye Yi Jie’s heart thumped non-stop. He only had a vague feeling that this was bad news, but he still wanted to know what it was.

Evil eye Yi Jie took a deep breath and finally decided to say it.

“Young master, don’t be angry if I tell you. You lost the competition!”

Evil eye Yi Jie was taken aback, thinking that he had misheard. He looked at his subordinate in disbelief.

“Say that again!”

Evil eye Yi Jie became excited. He didn’t believe it and felt that there was a problem.

“Impossible! You’re lying to me, right? go over there and take a closer look. No, I want to go there personally!”

Just like that, evil eye Yi Jie arrived at Zhou Hao’s area with his entourage.

When they entered, Zhou Hao’s side was already surrounded by many people. They were all here to pass the trial.

However, from the start until now, they were still unable to pass the trial, which meant that they had failed.

If it had been before they had lost, they would have left this place a long time ago. However, they did not do so now. The only reason they had stayed was to see who was stronger between Zhou Hao and evil eye Yi Jie, to see who would emerge victorious.

After all, whoever won would be able to sit on the throne of the top ten young talents in the universe. This was something that many young geniuses paid attention to. No, it

could even be said that the entire universe's billions of living beings were paying attention to this.

These young people represented the future and potential of the universe. They would bring them hope, so whoever had greater potential would be more popular.

At the same time, it also attracted a lot of attention.

They weren't qualified to watch such a Genius Competition, but now that it was happening in front of them, the situation was different.

Evil eye Yi Jie walked in front of Zhou Hao and looked at the data on the screen. After looking at it, he was no longer calm.

"You forged this, didn't you?"

However, evil eye Yi Jie's face immediately sank as soon as he said this. He knew that he was definitely wrong.

This was because the data was produced by the most advanced calculator in the universe, which could accurately calculate any number.

As long as they had it with them, they could calculate how many mutated beasts they had killed, with zero error.

It wasn't that evil eye Yi Jie was suspicious of this calculator, but he found it hard to believe and even harder to accept.

Evil eye Yi Jie felt that even if he wasn't the strongest in the universe, he was still a genius with extraordinary talent, a luncheon girl who definitely wouldn't lose.

However, he had never thought that he would lose on this day and encounter such a thing.

Evil eye Yi Jie instantly knew that he had lost, and he had lost completely.

Even if he didn't accept it, he could only accept it.

Soon, the data from the calculator in Zhou Hao's hand was transmitted to the screen of the live broadcast room.

This string of data was also sent from Earth's network terminal to every corner of the universe, to the planets with development.

They could see all of this clearly, and there was no possibility of fraud.

When they saw evil eye Yi Jie's name drop one position and be replaced by Zhou Hao's name, the entire universe was in an uproar.

"How is this possible? how can he win?!"

Those who did not get along with Zhou Hao and had always looked down on him were now shocked.

They couldn't believe it. Some even thought they were hallucinating and rubbed their eyes.

In the end, they were certain that what they saw was real.

After confirming it, many people became even more afraid of Zhou Hao.
