Chapter 1201:-lion's mouth

?

Especially the forces that were in contact with the dark night race. Although they did not directly help the dark night race suppress Zhou Hao, they were secretly adding fuel to the fire.

Zhou Hao would find out about it sooner or later. By then, it would be a time bomb for them.

“Contact the people and tell them it’s Devil Town and hell Valley. Tell them that we’re in trouble and ask them to come over!”

In the short term, Zhou Hao did not know that because of what he had done, the entire region was in a state of turmoil.

All of them had the same target, and that was Zhou Hao.

They were still the same as before, planning to continue courting death.

Zhou Hao did not know any of this.

The universe was in an uproar, but Zhou Hao did not know. He was only thinking about his own matters.

Also, Zhou Hao wanted to complete what he wanted to do.

“You’ve lost. I want one-third of the evil eye clan’s divine demon ore!”

Zhou Hao’s words were no doubt asking for an exorbitant price.

The members of the evil eye clan were all seething with killing intent. If it wasn’t for the fact that evil eye Yi Jie had yet to speak, they would have killed Zhou Hao without any hesitation.

The evil eye clan’s business was something that could hurt the evil eye clan. Unless something happened that they had no other choice, they would never give it up.

Hiss!

Those who were watching the show gasped. Other than being afraid of Zhou Hao, they also felt their scalps go numb. They all thought that Zhou Hao had gone crazy.

“Is he crazy? he actually wants the evil eye family’s business? that’s their life!”

These people knew that Zhou Hao definitely knew, but they just wanted to know.

In fact, that was really the case. Zhou Hao wanted it. In fact, he had been coveting the evil eye family’s divine devil mineral field for a long time.

The ores produced in that place could be used to forge an extremely strong armor, which was almost indestructible.

Once equipped, even if the user was an ordinary person, they could instantly become a saint level expert and even possess the strength of a Saint level expert.

This type of godfiend ore was also the evil eye clan’s most important source of income.

“You’re courting death!”

Evil eye Yi Jie’s expression was unsightly. He was now willing to accept his loss, but he had never thought that Zhou Hao’s appetite would be so big, to demand so much compensation from him.

“I don’t know whether I’m seeking death or not. I only know that what I’m doing now is right for me!”

Evil eye Yi Jie was filled with regret, regret that he had caused trouble for Zhou Hao.

If he hadn’t come looking for trouble before, he might still be able to live a carefree life somewhere.

But now, because he was here, he could only end this extremely sullen life.

He didn’t expect this at all. He didn’t know how much he had done since then.

He had not expected all of this. Before this, as long as he wanted to grasp it, he could have solved it smoothly.

However, all of these things added up didn’t make him feel as difficult as he was now.

“Evil eye Yi Jie, if you don’t give it to me, then I’ll tell everyone about our bet. I won’t tell anyone about it now, and it all depends on my mood. If my mood is bad and word gets out, then your evil eye clan will be labeled as a man of his word!”

As soon as these words came out, evil eye Yi Jie was instantly enraged. Even though he knew that this was the truth, he was still very angry.

He knew that Zhou Hao was threatening him, but he did not dare to flare up. It was not that he did not want to flare up.

He knew that if he acted up now, he would lose even more in the end, more than ever before.

Furthermore, evil eye Yi Jie didn't want to make a big deal out of this. If he did, the evil eye clan would lose more than they would gain.

The evil eye clan was also an Overlord, and they would definitely not allow such a thing to happen.

"Let's change your condition. You can change it now and I can agree to it!"

Evil eye Yi Jie took a deep breath and immediately made a decision to change his condition.

Zhou Hao was expressionless and did not reply.

"You should know that the demonic god ore is the foundation of the evil eye family. It's not that I don't want to give it to you, but I can't make the decision!"

Evil eye Yi Jie's face turned dark. Right now, he really wished that he had the heaven-defying strength to directly kill Zhou Hao.

However, he didn't have the strength to do so now, so he could only swallow his anger.

At this time, Zhou Hao could do whatever he wanted to him. Therefore, no matter how cowardly he was, he could only choose to endure the humiliation.

This wasn't the time when he could do whatever he wanted. Now, he could only be cautious and more cautious.

Only then would he be able to do better in the future.

From the beginning until now, he did not know how many things had happened, but he could basically solve most of them easily.

This time, the situation was different for Wei Yuan. This matter was giving him a headache.

"I understand your current situation. I can change my condition, but I want you to add another condition!"

Zhou Hao thought about it for a moment and immediately said what he meant.

What!

Evil eye Yi Jie, the evil eye clan, and the other team leaders all looked at Zhou Hao in disbelief.

Zhou Hao's words were equivalent to extorting the evil eye clan, but this was the first time they had seen someone extort the evil eye clan in such a grand manner.

"This guy is simply too crazy. He's definitely the craziest person I've seen among more than a hundred crazy people!"

At this moment, some of the team members swallowed their saliva and said.

Now, they were also thinking that from now on, they would avoid Zhou Hao if they saw him. They must never provoke this fiend.

Zhou Hao was too terrifying. In the eyes of these team members, Zhou Hao was even more terrifying than the other team members.

If this kind of thing continued to develop, it would only become more terrifying than it was now, so they all had the idea of retreating in the future.

"What, I've already made a concession, and you're still not satisfied?"

Zhou Hao furrowed his brows and pretended to be unhappy.

Hearing this, evil eye Yi Jie quickly weighed his options. He thought that although this wasn't worth it, it was at least better than the first condition.

Evil eye Yi Jie was indeed the next inheritor of the evil eye clan. He quickly calmed down and made a decision.

"Alright, I can give you two conditions that are within my acceptable range. State your conditions, as long as it's something I can accept, I'll agree to it!"

Evil eye Yi Jie said these words with a calm expression, but his heart was bleeding.

This time, his evil eye clan was bound to pay a huge price. If this had happened before, he definitely wouldn't have wanted to see this.

At this time, he knew that he had no other choice.

Chapter 1202 - Global poverty alleviation

Chapter 1202: Global poverty alleviation

“My first condition is that your evil eye clan has to open up a space route for us!”

Zhou Hao thought about how Earth Star had not had such a sea route for a long time, which caused their lives to deteriorate.

Now, as long as there were more roads on earth, they wouldn't be as hard pressed to purchase resources from other planets in the future.

Before this, because of this, they had become a poor and remote place in the eyes of many residents on developed planets.

In fact, with the development of this place, it was no longer the case. It was just that there were no sea routes, so it was laughed at.

It was fine for her to be laughed at, but if there was no such path, then the Earth Star under her feet would also be laughed at.

“No problem. I'll contact my big brother right now. He'll help you set up the route within a month!”

The evil eye clan could easily solve this problem. Their clan had a group of engineers that specialized in this sort of work.

Zhou Hao continued with his second condition.

“The second one is that you can't participate in the fight for the Queen Mother after we take it down!”

This sentence stumped the current evil eye Yi Jie, making her feel very troubled.

This time, she wasn't just trying to prove herself, she was also doing it for the honor of her family.

This time, it was not only the family behind her that was watching her, but the entire Empire.

If the dynasty felt that he was not good enough, it would be a huge blow to the evil eye clan.

“Can you change the condition?”

Evil eye Yi Jie wasn't willing to agree just like that, so he gritted his teeth and said.

The people who were watching and the people in the livestream room held their breaths. They were all shocked beyond words.

They had never thought that Zhou Hao would be able to make evil eye Yi Jie wear slippers, and more importantly, in such a submissive manner.

The evil eye Yi Jie they had seen before wasn't like this, and some of them even began to doubt if the one they were seeing now was the real Yi Jie.

However, they all knew that this was definitely true.

“Okay, I'll change my condition. Your evil eye clan will send a group of diplomatic corps to earth and cooperate with us!” Zhao Feng said.

Zhou Hao's request once again stumped evil eye Yi Jie.

However, compared to the previous condition, this one was a little simpler.

Evil eye Yi Jie knew that he would be pushing his luck if he refused now, so he didn't rush to refuse.

Evil eye Yi Jie considered for a while before making a decision, and that was to agree to this condition.

“Oh my God, did I hear wrong? she agreed!”

Many of the team members were in disbelief. To them, this was like a dream. It felt so unreal.

However, they both knew that it was true, and it was true.

“Alright, you can go now. Next time you see me, remember to behave yourself!”

Zhou Hao patted evil eye Yi Jie's shoulder, before leading Zhang San and the rest to continue hunting mutant beasts. Now, her hunting targets had changed from low level mutant beasts to high level mutant beasts.

These high-level mutant beasts were charging at him without any regard for their lives, but Zhou Hao did not Dodge, choosing to face them head on.

Zhou Hao's thundering three thousand could now be used as he wished. He could Dodge the attacks while also attacking the mutated beasts.

Roar!

Some of the mutant beasts did not even know how they died, and they died in pools of blood with their eyes wide open.

Zhou Hao felt that things had gone too smoothly this time. They had already killed their way into the central area, and there were not many teams left in this area.

Out of the 300000 people who had come to carry out most of the missions, more than 200000 were trapped outside. They had not even dealt with the encirclement of the low-level mutated beasts.

The people who entered were all strong and powerful. Many of them were mercenaries, and each of them was an elite among the elite.

They were all on guard against each other. At this time, they were all experienced and knew that the biggest threat to them was not the mutated beasts, but their opponents.

These opponents could be said to be everywhere. One person who kept smiling could become an assassin and start assassinating them at any time.

This was the real reason why the mission was so difficult.

“Zhang San, go and ask around later. Ask them. I want to know why there are so many members from different factions here!”

The people from the Hong Meng sect and the Blood River Association were all here. It could be said that they were a group of famous people.

Originally, they were not supposed to appear in this place.

However, now that they were all here, it could be said that there was a big problem.

At this time, Zhou Hao felt that it was necessary for him to figure it out. Otherwise, when those people found this place, they would probably be caught off guard again like before.

Something like this had happened in the past, and she didn't want to have such a precedent.

Zhang San went.

At the same time, the captains of many forces also noticed Zhou Hao.

“Hehe, Zhou Hao, you're here too. Just in time, let's settle our previous scores!”

The leader of the black vulture mercenary group walked over and rubbed his hands together.

The members of black vulture behind him were also rubbing their fists. They had always wanted to take revenge.

However, Zhou Hao had run away and disappeared without a trace.

They had issued a wanted order, but they still couldn't find him. Now that they had finally seen him, how could they let him go?

"You don't know my current identity?"

Zhou Hao was very surprised. He didn't go to look for them, but they came to look for him.

Black Vulture's Captain Matt felt that something was wrong, but he didn't know what it was.

"Do you have another identity besides being a native?"

Hei Teng looked at him with disdain. In his eyes, a person like Zhou Hao would not change much no matter how much time had passed.

When Zhou Hao left Earth Star, he was an Aboriginal. He was still an Aboriginal now.

"Matt, it's been so long, but you're still the same. I can't bear to beat you up. If you apologize to me now and give me all the beast cores you have, I'll spare your life!"

Zhou Hao's eyes were cold. She really couldn't bear to hit the silly Matt guy now. After all, this guy didn't do anything out of line.

It was just a few harsh words.

Hearing this, Matt's face darkened. A native actually said that he would spare his life. This was simply looking down on her. No, this was not taking him seriously.

"Zhou Hao, I'm giving you a chance, not a chance now. If you don't do as I say, I'll crush your head right now!"

Matt was extremely furious. She was from the seventh planet, and she was a local tycoon.

Chapter 1203 - Never changed

Chapter 1203: Never changed

And now, this native actually wanted someone as powerful as her to kneel.

“Zhou Hao’s ability to stir up trouble has not changed since the beginning!”

Some of the girls who knew Zhou Hao could not help but sigh.

This was the first time Zhou Hao saw him when he left Earth Star. He also liked to cause trouble everywhere.

After a long time, they thought that Zhou Hao had changed a little, but he was still the same as before.

Zhou Hao noticed them too, but he did not say anything.

Matt chose to make his move, and like a volcano that had erupted, he completely erupted.

“I’ll slap you to death!”

Matt’s battle technique was one of the best among the many battle techniques. She raised her hand and sent out a palm strike, and the power within her body also began to gather.

This was only a threat to those of lower ranks. In front of Zhou Hao, it was not of much use.

Zhou Hao was already a godly state expert. He had already mastered laws that most people could not master, and he had also achieved things that many people could not do at this time.

No matter how long it would take for it to end, they only knew that there were some things that had to be done.

Only in this way would they be able to do better in the future when they encountered more difficult things.

From before until now, it wasn’t the first time that people had come looking for trouble like this.

“Matt, you forced me to do this. I’ll fulfill your wish!”

Zhou Hao took a deep breath and felt helpless. It seemed that he had no choice but to make a move now.

All she could do was raise her hand and make the last decision she wanted to make, which was to punch him.

With the support of the power of law, she could now freeze time and space. These experts who wandered the starry sky had no idea what kind of technique she was using.

“How could it be!”

Matt had originally thought that he could easily defeat Zhou Hao, but now, even after becoming an expert in the starry sky Walk, he still couldn’t do anything to Zhou Hao.

More importantly, she realized that her body was strangely still, as if someone had cast a body freezing spell on her.

Just like that, Matt could do nothing but watch helplessly as the fist came closer and closer.

“I won’t lose. How can I lose? this can’t be true!”

Matt wanted to use all his strength to dodge this circle, but he found that no matter how hard he struggled, the result would be the same.

“We can’t just sit here and wait for death. If we lose now, how can we continue to live in the future!”

Matt was constantly telling himself that the consequences of losing this time would be severe, and he wanted to use this to stimulate his body’s potential.

However, after a while, even when the fist hit his chest and he felt the pain, he still couldn’t stimulate his potential.

“How could it be like this!”

In an instant, a mighty force sent Matt flying.

Matt was sent flying like a rubber ball, flying more than ten meters away before finally landing on the ground. It was unknown if he was Dead or Alive.

“That idiot! Zhou Hao’s 3-star mutated beast was already taken care of and she’s still here to provoke us. She’s looking for death!”

Many people looked at Matt as if he was an idiot.

The members of the black vulture Regiment were all extremely embarrassed. Not only did their boss lose face, he had also lost all of their faces.

Although they wouldn't be stripped of their status, they wouldn't have a good life in the future.

It was also in the afternoon that Matt slowly woke up. However, at this time, he still had lingering fears.

"In the future, when you see that fellow, you must not attack him. Go around him!"

Matt immediately gave an order to his team members. He finally understood why so many families had suddenly become so well-behaved.

He had thought that something big had happened, but it turned out to be because of Zhou Hao.

However, she now knew that she had also suffered a lot.

Now, Matt swore to himself that he would back off as long as he heard anything in the future.

But Matt didn't know that Zhou Hao didn't take him seriously at all. Even if he ran to the front, it would be fine.

Most importantly, as long as they didn't cause any trouble, they would be fine.

Although Zhou Hao was a vengeful person, it didn't mean that she would treat any Tom, Dick, or Harry as her enemy.

Zhou Hao then brought Jonina to hunt for more mutant beasts.

Boss, I suddenly feel like something is missing without that guy around.

Zhou Hao glanced at Jonina. He knew that the person she was talking about was her friend from before.

Before this, they could be considered as life-and-death friends. If it wasn't for that incident, they would probably still be going on adventures like friends.

Perhaps, they might even be able to follow him to the end.

However, due to the mutant beast Army, they had to part ways. At that time, they didn't even know where he was going.

When he returned, Zhou Hao had sent people to look for it, but no matter how many people he sent out, the news was like a stone thrown into the sea.

Now, she didn't have any related news. She didn't know how long she had waited.

He didn't want to wait any longer, because at this time, if there was any news, it would have come a long time ago.

"I hope that guy will remember us in the future and come to Earth Star to find us!"

Zhou Hao sighed with emotion. He knew that those days would never come back. At this point in time, there was nothing she could do.

Now, she could only do what she needed to do. This way, even if something really happened to her one day, she would die a worthy death without any regrets.

"Boss, I think it'll be hard for us to meet that guy again!"

Jonina suddenly spoke.

Jonina had always had the ability to predict the future, so she probably saw something. Zhou Hao asked her if she saw anything.

Jonina said that she saw the guy being surrounded by a group of mutant beasts.

Hearing this, Zhou Hao's heart sank. If that was really the case, coupled with the fact that they had disappeared, it was very likely that they were already in a bad situation.

"Boss, let's not talk about this anymore. Let's pray for that guy. He should be fine!"

Jonina quickly consoled.

The boss and that guy were considered close friends, and he had always wondered if they could meet again.

This boss of hers couldn't be overly sad because of this matter.

The mission this time was very important. Whether or not the relationship Director could develop in the future, he had to do it well this time no matter what.

She didn't want something like that to happen again, so she could only do what she had to do now.

If all of these were not handled well, the future would be very bad.

Zhou Hao knew what Jonina was worried about. He quickly adjusted his mood, thinking that he could not continue to delay this matter.

Chapter 1204 - The conspiracy of the mutated beasts

Chapter 1204: The conspiracy of the mutated beasts

?

“Let’s go and hunt more mutated beasts!”

Zhou Hao, Jonina and Zhang San entered the core area. The mutated beasts there were more dangerous and stronger.

Roar!

As soon as they entered, they encountered mutated beasts.

The mutant beasts outside were all in groups. A single one had little advantage, so they could only fight in groups.

It was needless to say inside, as most of the mutated beasts here fought alone.

Although these mutant beasts were alone, they were extremely powerful. Even if they attacked in groups, they would be torn to pieces in an instant.

“Be careful!”

Jonina had taken the wrong path and encountered an Earth Dragon.

The earth Demon Dragon was also a type of Demon Dragon. However, compared to the demon Dragon that they had provoked before, the current earth Demon Dragon was more dangerous.

The Earth Dragon was a mutated chameleon. After the mutation, its disguising ability had been improved, and its attack power was very strong, only inferior to that of the demonic Dragon.

In terms of sneak attacks, the earth Demon Dragon was definitely the best.

“Thank you, boss!”

Zhou Hao sent the Earth Dragon flying with a kick, saving Jonina’s life.

The earth Demon Dragon’s attack power was not the strongest, but its bite force was the strongest.

If she was bitten, Jonina would probably be crushed, or even split into two.

Jonina heaved a sigh of relief, but before she could recover, she noticed a huge black bear running over.

This black bear was also a mutated beast, called violent earth bear. It could easily stun people, and the sound waves it emitted could also cause dizziness.

“It seems like the Queen has already noticed our presence!”

Zhou Hao’s head hurt. He didn’t expect that he would still be discovered even though he had been careful enough.

If she had known that she would be discovered, she wouldn’t have had to be so careful. However, it was useless to say anything now.

This was because some things were destined. No matter how well one did, as long as there were mistakes in the future, some things that should not have happened would still appear.

As long as these things appeared, the results would change.

In other words, it didn’t matter what he did during the process.

“Jonina, you walk in front, I’ll follow you!”

Zhou Hao quickly made the arrangements. He had Jonina in the front so that she could protect her more easily.

The other way was to use this method to carry the mutated beasts in the back and make dumplings. It could be said to be killing two birds with one stone.

The higher the level of these mutated beasts, the higher their intelligence. Some of them were even similar to ordinary people.

In other words, some mutated beasts would use the same strategy as humans.

If they wanted to complete the mission, it would be equivalent to going against someone with a very high IQ. So at this time, the only thing she could do now was to do better.

This was the best solution she could think of in a while. Other than this, she couldn't think of a better solution.

As long as she could do this well, she believed that she could definitely do better in other times.

That was it. She had roughly determined what she should do.

From the past to now, he had lost too much. He did not want to repeat the same mistakes again.

After walking for a while, Jonina, who had been walking in front, suddenly spoke.

"Boss, I keep feeling like someone is watching us!"

Zhou Hao was stunned. She did not sense anyone approaching. If someone was approaching, she would have sensed it immediately.

However, he had not sensed anyone's presence or anyone appearing beside him since just now.

If it had, she would have discovered it by now.

However, he hadn't discovered it yet.

"Don't worry, just walk in front. If he dares to make a move, I'll get rid of him immediately!"

Just like that, Zhou Hao continued to lead his men forward.

Not long after they left, a black shadow suddenly came out from inside. No, to be precise, it jumped out.

"Boss, you've finally come!"

Just as Zhou Hao was about to raise his hand and slash down like before to hunt quickly, he suddenly heard a human-like sound coming from the black shadow.

Although many mutated beasts could speak human language, this black beast's words were beyond imagination.

"What did you just call me?"

The mutated beast did not attack. Instead, it stood in front and kept its distance. Its eyes were wide open, as if it was about to cry at any moment.

“Boss, be careful. This might be the mutated Queen Mother’s scheme!”

Remembering how the mutant Queen Mothers were unscrupulous, Jonina immediately looked at the mutant beast with vigilance.

As long as he noticed anything unusual, he would not hesitate to kill the mutant beast in front of him.

Zhou Hao was also staring at the mutated beast. If it was before, she would have immediately killed it, but now she did not.

The reason he didn’t do so wasn’t because he couldn’t kill the beast, but because he knew that he would regret it if he did so.

Right now, she had such a strong feeling in her heart, so she didn’t make a move.

“Why do I feel like I’ve heard your voice before?”

Zhou Hao hesitated for a moment before finally voicing out the question in his heart. He had a feeling that he had heard of this before.

But when he tried hard to recall, he discovered that he couldn’t remember no matter how hard he tried.

This was strange. Zhou Hao did not continue thinking about it. Right now, even if she cracked her head, she would not be able to figure it out.

“Boss, I’m Huang ‘er. Don’t you remember me?” she said.

The black mutated beast’s eyes were filled with tears as it cried out in pain.

Zhou Hao was stunned as if he had been struck by lightning. He finally remembered that the voice belonged to Li Yuanyuan.

He always called her Luan ‘er and treated her as his sister. She had disappeared in the midst of the mutant beasts and thought that she was dead for sure.

“Impossible, she’s already dead. Tell me, are you a spy sent by the Queen!”

Before Zhou Hao could say anything, Jonina could no longer remain calm, and said excitedly.

Back then, many people had witnessed Li Yuan Yuan being devoured by a flood of beasts. She had been left with no bones.

It wasn’t just Jonina who didn’t believe it, Zhou Hao didn’t believe it now.

There were many mutated beasts that could imitate human voices, so it was not surprising that they did not believe it now.

“I’m really Chen ‘er. Boss, you can ask me some questions. I can prove that I’m her!”

Li Yuanyuan said excitedly. She was afraid that if she spoke any slower, she would be separated from him again.

Zhou Hao asked a few questions to test the waters. These questions were all related to Li Yuanyuan, and most of them were unknown to others.

That was a secret between him and Li Yuanyuan, and only he and Li Yuanyuan knew it.

Zhou Hao asked these questions and then waited quietly.

Zhou Hao thought to himself, ‘how could it be Li Yuanyuan? it’s impossible for a mutated beast to fuse with a human.’

Chapter 1205 - Identity confirmed

Chapter 1205: Identity confirmed

From the past until now, the genes of mutated beasts had always rejected humans.

Even if a mutated beast caught a human, it would not eat him, nor would it fuse two genes.

So at this time, Zhou Hao had already denied the possibility that the person in front of him was Li Yuanyuan. It was very likely that it was just as Jonina had said, that this was a scheme of the Queen Mother.

“Who exactly are you? speak!”

Zhou Hao’s eyes narrowed as he spoke in a cold tone.

It was better to believe that she was a puppet than to believe that she was Li Yuan Yuan.

Li Yuanyuan was helpless. If only the gray-haired man was by her side at this time, then it would be easier to explain.

However, she wasn't here right now, so she couldn't explain herself.

Her boss had a deep hatred for mutated beasts for a long time. Therefore, she knew that it was useless to explain herself now.

"Boss, I'm really Li Yuanyuan. You just have to ask me some questions, and I'll definitely be able to prove my identity!"

The mutated beast said with a sobbing tone.

Zhou Hao thought that if he had been so quick to conclude that it was really Li Yuanyuan, then what he had done would have been too cruel.

Hence, after taking a deep breath, Zhou Hao changed his attitude and said, "Alright, I'll give you one chance!"

After that, Zhou Hao asked a lot of questions, most of which were related to memory.

Zhou Hao thought that if he got one wrong answer, he would attack.

However, after asking, Zhou Hao realized that the mutated beast in front of him was actually able to answer fluently, and all of them were correct.

"How could it be!"

Zhang San and Jonina couldn't believe it. This was the first time they had seen a mutated beast fuse with a human.

"Boss, if you still can not confirm my identity, I can take you to a place. After that, I think you will understand everything!"

Li Yuan Yuan suddenly said.

It seemed like that was the only way. In fact, Zhou Hao had already believed Li Yuanyuan, but the amount of information was too much.

He had thought of many possibilities, but he never thought that he would actually encounter such a thing.

"Lead the way!"

Zhou Hao followed behind, and they soon arrived at a huge cave.

When they entered, they passed through the dark path and only saw light ahead.

Zhou Hao immediately walked out and found an open space in front of him. He looked around and saw a base.

If one didn't look carefully, they would mistake it for a mutated beast that was crawling on the ground.

Zhou Hao immediately believed Li Yuanyuan's words.

It was impossible to build a base in a mutant beast's nest. From the start, mutant beasts could not trust humans, and they did not want to collude with humans.

Even though the mutant beasts had lost their advantage, they were still unable to come into contact with them, and there was no possibility of peaceful coexistence.

However, a base built by the human race had appeared in such a dangerous place. This was simply unbelievable.

After making sure that he was not mistaken, Zhou Hao acted quickly. First, he covered his ears and knocked out the two genetic Warriors who were guarding the place.

Then, he entered the base without a sound.

Their speed was very fast. Hence, the alarm in the base was not triggered, and no genetic warrior could discover them.

These genetic Warriors were all high-level genetic Warriors. However, it was not easy to discover them.

"Boss, follow me. I'll take you to a place first. There are many people that need you to save!"

At this moment, Li Yuanyuan turned around and ran in one direction.

Zhou Hao followed her without any hesitation. Now, he also believed in Li Yuanyuan, the kind that believed without a doubt.

All Zhou Hao wanted to do now was to figure out the secret down there and why the base had appeared here.

It turned out that humans were colluding with mutated beasts, and they had even gotten the consent of the mutated beasts. He would not believe that there was nothing fishy about this.

Now, he just wanted to get to the bottom of this.

After a while, under Yang Yuanyuan's lead, they came to an entrance.

An underground corridor appeared in front of them.

“Boss, why don’t we go in first? you can follow us when there’s no danger later!”

Jonina hurriedly spoke up from the side. Now that she was experienced, she knew how to make some preparations.

Zhou Hao knew what she meant, but he had no choice but to go down. At this time, he could only solve this problem by himself.

“Jonina, if you want to stay outside, I’ll go down there even if it’s a Dragon’s pool or a Tiger’s Den. This matter needs to be resolved as soon as possible. If it’s not resolved soon Linhai City will become the next City of Light!”

At the mention of Light City, Zhou Hao felt guilty. If he had stayed back then, Light City would have been free from the mutant beasts ‘siege.

Because they did not do a good job, the bright city lost the opportunity to go out and ask for help.

By the time he was done with his own matters, the bright city had suffered heavy casualties.

Now, he absolutely didn’t want to see a similar city appear again. Therefore, at this time, he knew that he had to settle the things that needed to be settled more than ever.

Only when all these were done could he be considered prepared. The next time such a thing happened, he would be able to solve it easily.

“Al, I’ll listen to you!”

Knowing that her boss was a stubborn person, Jonina did not try to persuade him any further. The words were at the tip of her tongue.

Zhou Hao rushed to the front with Yang Yuanyuan by his side.

“Boss, I never dreamed that I would be able to see you again. Boss, Wuwu!”

On the way to the central base, Yang Yuanyuan started to cry. She didn’t expect things to turn out like this.

In the past, she had a bright future and could become a new Star in the future.

However, good things didn’t last long. Something happened before that day could come.

If she had followed this boss back then, none of this would have happened. She might have even been able to leave and continue to maintain her original identity.

After that, he could still continue to do what he wanted to do.

From before to now, many things had happened. All of these added up were things that she had not expected.

Yang Yuanyuan had probably been suppressing her emotions for a long time. Now, she finally felt as if she had finally met someone who had been separated for many years but was not her lover. She opened up her mouth and vomited out all the bitterness in her heart.

Zhou Hao could not help but look at Yang Yuanyuan in surprise. He did not expect her to be able to live for so many years as a mutated beast.

If it was someone else, they would have probably chosen to kill themselves.

After all, mutated beasts had to kill people, and it was the kind that could not be avoided.

Chapter 1206 - The head of base

Chapter 1206: The head of base

?

“You’ve suffered. From now on, you’ll follow me. I won’t let this happen again!”

He was not her boyfriend, so Zhou Hao tried to comfort her as he was her boss.

Yang Yuanyuan still wanted to say something, but she didn’t.

Then, they saw many cocoons falling on the walls of the cave. There were many of them, and their heads were sticking out.

These heads were all terrified, but when they saw the two of them enter, they were ecstatic.

“Save me! I’m the son of the dark river star area’s master. If you save me, I can give you beautiful women. I have all kinds of beautiful women!”

“Save me first. I can give you anything you want, and I promise you won’t be disappointed!”

Tan lang could recognize a few of them who had prominent identities. These people were the sons of the overlords in this universe, and they were all powerful and influential.

If he had encountered such a situation when he was short of money, Zhou Hao would have agreed without hesitation.

But now, Zhou Hao did not. In fact, he could not even be bothered to look at her.

“Boss, why are you leaving just like that? are you not interested in their clan’s cultivation?”

Seeing that her boss had made a detour, Yang Yuanyuan was stunned for a moment before she caught up with Zhou Hao.

It wasn’t because Yang Yuanyuan was kind, but because she knew that there would be many benefits as long as she could be saved. That was the most important thing.

However, Yang Yuanyuan wanted to take advantage of this moment to ask for some benefits, just like she had done in the past.

The people hanging on the wall were all extremely happy, and they couldn’t wait to exchange right now.

“Let’s go and destroy the big guys here first. The mutated beasts here won’t kill them for the time being. We’ll come back and decide if we should take them out after we’re done!”

Zhou Hao was too lazy to make a move now.

Yang Yuanyuan looked at her legs and was very puzzled. If she still had arms and legs like a normal person at this time, she wouldn’t have to look at them like this all the time.

“You guys just wait, I’ll take you guys out when I come back!”

The evolvers were in despair. They had finally found someone who could save them, but now they had to wait.

In fact, every day and every second of their time here was a kind of torture. Right now, they wished they could leave this place immediately.

However, they now knew that it would be extremely difficult for them to leave this place.

“Don’t worry, I’m very interested in your wealth. As long as my boss and I settle our business, we’ll come back immediately. We’ll definitely come back to save you!”

After saying that, Li Yuanyuan followed Zhou Hao to the underground base.

Below the base was the headquarters. The head of the base was there, who was the person Zhou Hao was looking for.

“Who’s there!”

The evolvers below were of a higher level and were not inferior to any martial Saints. They had sharp senses and quickly discovered Yang Yuanyuan.

“Capture her! We can’t let her leave alive!”

Wuist saw Yang Yuanyuan. She was a test subject and number one, so she was easy to recognize.

On Yang Yuanyuan’s body hung a number tag, which could be seen at a glance.

When they confirmed that it was true, these Saint-leveled powerhouses immediately attacked.

“Yes, leader!”

These Saint-leveled experts had all locked onto Yang Yuanyuan, but they had neglected Zhou Hao who was beside her.

Zhou Hao was already a godly state expert. As long as he concealed his aura, it would be difficult to discover him.

“Not good!”

When they swarmed up and got close to Yang Yuanyuan, they realized that there was a very weak breath next to her.

The few evolvers immediately sensed it, but they realized that they could not sense Zhou Hao’s cultivation base.

At that moment, they were prepared for the worst. Even if all of them worked together, they might not be Zhou Hao’s match.

“What are you all waiting for? attack together and take him down!”

The leader saw all of this and realized how serious the situation was. He could only speak loudly to his men.

These people nodded their heads and charged forward together. They were using a combat technique called the bull's charge.

Together, they were able to unleash a terrifying combat power.

It was like a planet that had been detached from its orbit and was crashing toward him.

At that moment, Zhou Hao knew that he could not allow them to take advantage of him. No matter what, he had to resolve this matter.

"Get lost!"

Zhou Hao's strength poured out from his limbs and bones, instantly sending these evolvers flying.

How could this be!

The few evolvers could not believe it. Although they knew that they might not be a match for him even if they attacked him together, they did not expect the gap to be so huge.

They found it hard to accept that they had already come up with the latest research here that could stimulate their human potential to the greatest extent.

On Earth Star, it could be said that they were basically invincible.

However, they were unable to do anything to Zhou Hao at this moment. They could not even catch Zhou Hao's movement.

"Leader, I'm afraid we're no match for them. I request for experimental No. 2 to take action!"

One of the evolvers with a burly figure had an ugly expression. He made a prompt decision and said to the leader.

The leader pondered for a moment and nodded. "Sure!"

Then, the leader pressed a red button on the control panel.

Then, some of the houses in front of them opened on their own, and a pair of red eyes appeared.

Zhou Hao immediately knew that this was a test subject of the base. He had to be careful.

At this time, Yang Yuanyuan suddenly rushed to the front.

“Boss, leave this test subject to me. You can help me after you’ve dealt with them!”

Zhou Hao knew that she was trying to put on a brave front and his heart ached for her. It had been so long since then and she was still the same.

“Leave this matter to me. This is what a man should do. If I let you deal with a difficult opponent now and this matter gets out, how can I continue to be your boss in the future?”

Zhou Hao was confident that he could solve the problem, but he did not want Yang Yuanyuan to take any risks. She must have suffered a lot before this.

Now, Zhou Hao thought that he had done all he could to bear the responsibility, and let her deal with the rest herself.

Yang Yuanyuan did not have a human body now, so she could not continue to use her previous combat skills. At this time, the power she could use was less than 10%.

Chapter 1207 - An obedient kitten

Chapter 1207: An obedient kitten

?

At this moment, Zhou Hao knew that he had to do it alone. Just like before, he had to solve this problem by himself.

Roar!

The mutated beast inside rushed out. It was a two-headed flame Tiger.

The flame Tiger’s eyes were bloodshot. It was being controlled by the control panel, and its combat power far exceeded that of Saint-level human experts.

The leader, Liu Peiyuan, smiled coldly and said, ""Don't struggle anymore. The strongest person on earth is only a martial Saint. Even if all of you attack together, the final result will still be the same!"

Hearing this, Zhou Hao was disdainful. What flame Tiger? it was clearly just a little kitten.

Zhou Hao did not even make a move. He just stood still, waiting for the flame Tiger to attack.

Was this guy scared silly?

The evolvers were all dumbfounded.

Even though the flame Tiger was under their leader's control, they still felt as if they were facing a great enemy.

At this moment, they were certain that Zhou Hao was also a Saint level expert.

Now, Zhou Hao was probably no match for him, so he should be on the defensive.

However, they did not see Zhou Hao defending himself. It was as if he did not even have the intention to do so.

They immediately understood that Zhou Hao must have been scared out of his wits, which was why he had not made a move.

That's right, that's it. They couldn't think of any other possibility, so they quickly determined that this was the possibility.

It was no wonder that they couldn't think of any other possibility. After all, this was already beyond their scope of knowledge.

They did not know that Zhou Hao was not only above them, but also above the Milky Way and the entire universe.

Zhou Hao looked down on him and did not even bother to make a move.

Just like that, they all watched as the mutated flame Tiger pounced on them. It was fast, accurate, and ruthless.

If they were to pounce, there would only be one final outcome. But no matter what, the final outcome would definitely not be what they wanted.

Therefore, at this time, they all knew what they were facing.

“Kill him! As long as we kill him, we’ll have a new experimental body!”

Liu Peiyuan was excited. Although he could not tell how special Zhou Hao’s physique was, he could vaguely tell that Zhou Hao’s physique was rare among the evolvers.

It was not easy to encounter such a Constitution.

At this moment, they wanted to take down Qin Lang.

“Let’s attack together. We can’t take down this brat just by letting it attack!”

Liu Peiyuan could tell that Zhou Hao still had a lot of trump cards up his sleeve. He shouted angrily at the other members who were still indifferent.

These team members had suffered losses before, so they were very careful and didn’t dare to make a move.

When they heard their leader’s order, they knew that they had no choice but to take action.

If they didn’t make a move now, they would definitely regret it later and pay a heavy price for it.

In the base, this leader was equivalent to a leader.

If they didn’t do it now, the leader would have the right to kill them in the future.

Therefore, at this moment, they knew that they could only obey orders.

Just as they were charging forward, they were stunned. What did they see?

The flame Tiger suddenly stopped and crawled in front of Zhou Hao, even using its head to rub against Zhou Hao’s pants.

That’s right, the flame Tiger was just rubbing against Zhou Hao’s trousers like an obedient kitten.

The few of them were dumbfounded. They couldn’t believe it. Some of them even thought that they were hallucinating.

However, when they rubbed their eyes, they finally confirmed that they were not mistaken.

“Number two, what are you doing? come back here!”

Liu Peiyuan, who was shocked, felt that he was about to lose his experimental subject number two. He immediately wanted to call back the flame Tiger.

However, when Liu Peiyuan gave the order, experimental subject No. 2 did not even move. It was like an obedient kitten lying at Zhou Hao's feet.

"Damn it, what kind of spell did this kid cast? can someone tell me what's going on?"

Liu Peiyuan was not the only one who wanted to know what was going on. Yang Yuanyuan was also confused.

Yang Yuanyuan had wanted to remind him, but then she saw a scene that shocked her.

If she had not seen it with her own eyes, she would never have believed that such a ridiculous thing could happen in the world.

Now, Yang Yuanyuan knew that what she saw was the truth.

"Boss, you're amazing! You're the person I admire the most!"

It was also at this time that the netizens in the live broadcast room were boiling with excitement. In fact, the live broadcast room had already been opened.

The netizens in the live broadcast room were still the same as before, expressing their worry for Zhou Hao.

This time, the difficulty of entering the cave was no less than any of the previous challenges. They felt that Zhou Hao might be in trouble.

They didn't know what they would encounter, but they knew that something unexpected would happen.

There was also a lot of danger involved in this matter. For example, just now, they were certain that even if Zhou Hao did not die, he would not be able to leave this place in one piece.

In the end, what they saw next made their jaws drop. They had never thought that this matter would go so smoothly.

If he had known before, things would not have ended like this. It would have ended very quickly.

[Host, you're getting more and more awesome!]

"Host, how did you do it? can you tell us?"

“Host, I want to learn from you. Host, I want to be a master Beast Tamer!”

In the universe, being a master Beast Tamer was a very popular profession. As long as one had such an identity, they would not have to worry about food and drink in the future.

However, they did not know that Zhou Hao was not a master Beast Tamer. In fact, he was not even a Beast Tamer.

Zhou Hao was speechless. These netizens' imaginations were too wild. They actually thought that he was a Beast Tamer master.

Thinking about it, the current scene was indeed something that only a Beast Tamer could do, so he felt that it was not surprising.

“Boss, when did you become a Beast Tamer? why didn't I know about this before?”

Yang Qianqian came over and was full of admiration. She had completely transformed into a little fangirl.

Now, Yang Yuanyuan was very close to Zhou Hao, thinking that this boss might take the opportunity to develop their relationship, as long as their relationship was better.

In that case, they might even become lovers. Although it was not on the surface, she was satisfied as long as they could become secret lovers.

Zhou Hao was trying to send a secret order to the flame Tiger to see if it could understand humans.

“Kill them all, leave none alive!”

To Zhou Hao's surprise, the flame Tiger could actually understand. The flame Tiger was a high-level evolved mutated beast, and it was very rare to encounter such a beast.

The mutant beasts rushed up and started to bite Liu Peiyuan.

“What are you idiots still looking at? hurry up and pull this beast away, hurry!”

Liu Peiyuan was furious. He wished he could drive these evolvers away, but if he did, he would have no one to use.

So, he didn't do that now.

Chapter 1208 - -testing magical beasts

Chapter 1208:-testing magical beasts

A few of the slower evolvers rushed up, but they were flying back as fast as they came up.

They had been charging forward, but they realized that the mutated flame Tiger had changed sides and attacked them.

“Leader, our mutated beasts have betrayed us. We are no match for them!”

Although the cultivation of these evolvers was very high, they were no match for the flame Tiger.

Flaming beard was not only a mutated beast, but also an evolved one. He had one more advantage than ordinary people.

Not to mention this advantage, just the mutation of the original mutated beast was already unstoppable.

“You bunch of trash, don’t you know how to use your brains when you can’t beat us? we’ve cultivated a lot of experiments in the experimental base. If it’s not for now, is it for you to fill your stomachs?”

Liu Peiyuan had the urge to curse, but he held back. The most important thing now was to kill Zhou Hao. He had to hide this for now.

If the alien races knew about this, they would definitely attack together. Even if their base was protected by mutant beasts, it would be razed to the ground.

The anger of the ten thousand races of the starry sky was definitely not something they could withstand. Therefore, they knew that they were in a very dangerous situation.

“That’s right. How could I have forgotten about this? I’ll release it now!”

After one of the team leaders reacted, he immediately brought his men to the basement and opened a few cages that were as tall as a person.

When he opened it, roars came out from inside, which was very horrifying.

It was like a wild beast had found its prey.

“Boss, you must be careful. The magical beasts here are at least five-star rank, one rank higher than me!”

The 4-star mutant beast Yang Yuanyuan quickly said.

Zhou Hao shook his head and said, “I’m fine. These beasts can’t hurt me!”

Zhou Hao was not bragging. He really had the ability to do so.

He could do many things that seemed impossible.

Now that his cultivation base had reached the God Realm, even if all the mutated beasts swarmed him, they would not be able to withstand a single blow.

“Boss, you’d better be careful. These mutated beasts have developed intelligence. They won’t be easy to deal with!”

Yang Yuanyuan couldn’t help but say. She still thought that her boss was still the same as before, who liked to show off everywhere.

“You should think that I’m still the same person from a few years ago, right? then, watch closely. Next, I’ll let you see if I’m still the same person!”

After Zhou Hao finished speaking, he walked away without giving Yang Yuanyuan a chance to speak.

“Is there something wrong with this guy’s head? that’s a 5-star mutated beast!”

“I think he must be scared out of his wits and has given up on himself. That’s why he’s choosing to die now!”

The leader frowned and felt that something was wrong, but he didn’t know what it was.

“You guys, keep an eye on him. We can’t let him escape. If he does, we’re finished!”

Liu Peiyuan ordered the few evolvers.

The few evolvers did not take it seriously. In their opinion, no one here was a match for these mutated beasts.

“Zhou Hao, if you kneel down before us now, I might consider letting you go. Otherwise, don’t blame me for being impolite!”

At this time, Liu Peiyuan thought that it would be great if he could take down Zhou Hao easily. As long as he could do it, the rest would be easier to deal with.

Zhou Hao looked at them with an idiotic gaze. These guys had really thought it through. Now, they actually thought that they would definitely win and wanted him to kneel.

At that moment, Zhou Hao really wanted to say, ""You're all thinking of eating fart!"

Zhou Hao didn't waste any time. Instead, he rushed forward quickly.

These people, as well as the netizens in the live broadcast room, were all stunned.

"The host is so fierce. He's even fiercer than the fierce men I've seen. I love him, I really love him!"

"Since when did the streamer become so brave? this is the first time I've seen it!"

"Host, you must be careful. You're our idol. If anything happens to you, we won't be able to continue watching such an exciting live broadcast!"

Many of the netizens were discussing this matter. They did not want to see Zhou Hao die in this underground cave.

Although they had not experienced it personally, they had the same feeling. They had always hoped that Zhou Hao would live well.

As long as Zhou Hao continued to live on, there would be endless possibilities in the future. When that time came, they would be able to accomplish anything they wanted to.

Zhou Hao wasn't going to listen to them. He only had one thought in his mind, and that was to kill these demonic beasts.

Although this magical beast was not a threat to him, it was important evidence for him to announce the existence of the experimental base here.

"Kill him!"

Liu Peiyuan immediately ordered the demonic beasts. There was a hat on the heads of these mutated beasts, which was the mechanism for these people to control the demonic beasts.

Now that they were in control, these demonic beasts immediately went crazy. Their eyes were red and they lost their minds.

In fact, they had not completely lost their minds. Right now, the demonic beasts still had one last thought, which was to rush forward and kill Zhou Hao.

Roar!

The demonic beasts pounced forward one after another, and Zhou Hao's speed increased even more, like lightning.

At this moment, Zhou Hao knew that to these demonic beasts, living was the most torturous thing. Killing them was the only way to free them.

Therefore, Zhou Hao did not show any mercy. He decisively used the weapon he could use to give them a fatal blow.

Then, Liu Peiyuan and the other evolvers only saw Zhou Hao rush over, but the mutated beasts did not move at all, as if they had been frozen.

Why isn't he moving?

Some of the netizens in the live stream couldn't bear to see Zhou Hao being killed and lying in a pool of blood. Some of them even closed their eyes. However, when they opened their eyes, they found that the mutated beasts were not moving at all.

Zhou Hao had already passed through the mutated beasts and arrived behind them.

"You animals, hurry up and do as I say, move!"

Liu Peiyuan could not stay calm anymore. The bad feeling was getting stronger. If this continued, something bad would happen.

He definitely didn't want things to turn out like this. Therefore, he had to do something in advance.

"What are you guys doing? don't tell me that you think that you can solve the problem by just looking at me? hurry up and increase the current!"

Chapter 1209 - Watching the live broadcast while kneeling on the ground

Chapter 1209: Watching the live broadcast while kneeling on the ground

Liu Peiyuan was so angry that he roared at them like an angry lion.

Just as the evolvers were about to increase the electric current to stimulate the mutant beasts, Zhou Hao walked out from the middle of the mutant beasts and said slowly, "No need. They're dead, so your electric current control won't work!"

The few evolvers were skeptical and did not know what to do.

They didn't think too much about it. They looked at their leader, Liu Peiyuan, with uncertainty.

"Why are you looking at me? you idiots, you believe everything he says. He said you don't have long to live, and you believe him?"

Liu Peiyuan didn't believe it. His heart was beating fast, but he pretended to be calm. He looked at his subordinates and said angrily.

The result was that his subordinate immediately took out a remote control and pressed the red button on top. There was a small symbol on it, the symbol of lightning.

This was what they used to control the mutant beasts.

滋滋!

After they pressed the button, the mutated beast's body glowed with a dazzling white light.

If one looked closely, they would know that these lights were electric currents.

Squeak!

However, they didn't see the mutated beasts move even when the electric current burned them to ashes.

"The leader seems to have really died!"

Although these people were not very smart, they were not idiots either. They immediately realized that what Zhou Hao said was true.

"Impossible, this is absolutely impossible. How can my mutated beast die so easily? you idiots, I'll do it myself!"

Just as Liu Peiyuan was about to grab the remote control.

Zhou Hao, on the other hand, felt that this leader was very pitiful. He was too conceited. Zhou Hao rushed over and used his finger to knock on the mutated beast a few times.

Then, the mutated beasts slowly fell to the ground.

BOOM!

The few evolvers were dumbfounded. They had been skeptical before, but now they completely believed it. They had no choice but to believe it.

This five-star demonic beast had died just like that?

They were all very surprised, thinking that their eyes were playing tricks on them. Now, they rubbed their eyes.

When they confirmed that the magical beasts were really dead, they all sucked in a cold breath.

Hiss!

Then, they widened their eyes. Although they knew it was true, they still found it hard to believe.

What they were seeing now was equivalent to seeing an Evolver blow up a planet. They were extremely shocked.

At the same time, they were filled with fear.

If Zhou Hao could kill the five-star demonic beasts so easily, wouldn't it be even easier to kill them?

In fact, if Zhou Hao wanted to kill them, he would have done so long ago. After all, to him, killing these weak people was as easy as taking something out of his pocket.

Zhou Hao didn't kill them because he wanted them to see clearly that he wasn't here to frame them, and he wasn't here to take revenge.

He had been slandered because of that before, and now he didn't want to continue living the same life as before.

Therefore, he now knew that it was necessary for him to lead a good life.

"Awesome, the host is too awesome!"

"My mother asked me why I was kneeling on the ground and watching the live broadcast!"

[The streamer is simply a King's beauty, no, a God's beauty of creation!]

Many netizens appeared and were shocked. At this time, they thought that Zhou Hao was still the same as he was a few years ago.

From the beginning until now, it was not the right time for Zhou Hao to use it. He had always kept his strength a secret.

Usually, she would only take action when it was time to do so, because only at this time could she settle what she wanted to settle more steadily.

Just like now, he had successfully solved the current problem.

“How can you have this kind of power? this isn’t normal. It’s impossible!”

In fact, the leader, Liu Peiyuan, was a real talent. However, his vision was too narrow, and he was destined to not go far.

Now, Liu Peiyuan must not know that Zhou Hao was no longer human.

Zhou Hao’s successful transformation and rebirth had made him an extraordinary existence.

Of course, Liu Peiyuan did not know about it.

“You can’t kill me. If you kill me, the commander of the base will not let you go. The commander has successfully developed the Super Serum. He is now an important guest of mu xiuguo, the state preceptor!”

Liu Peiyuan had a strong desire to survive. He said everything that he should or should not say.

Hearing that, Zhou Hao was amused. Liu Peiyuan probably didn’t even know that he was just a pawn.

He also didn’t know that ever since he was exposed, he had lost the right to negotiate with him.

At this time, if the commander knew about this, he would not have sent people to rescue Liu Peiyuan. Instead, he would have chosen to leave Liu Peiyuan behind.

It was really stupid of Liu Peiyuan to mention the commander at this time.

“Although you have some real talent, it’s a pity that you’ve chosen the wrong path. You’ve chosen this path, and now you’re destined to die!”

“Hmph!” Zhou Hao snorted coldly, then rushed forward, raised his hand, and slashed down.

His speed was very fast and he could quickly cut out a wind blade, and it hit Liu Peiyuan directly.

“I don’t want to die, I can’t die!”

Liu Peiyuan was lying in a pool of blood, holding his neck in pain. He was begging with difficulty, but the syllables that came out of his throat were intermittent.

Zhou Hao just sneered. A parasite like Liu Peiyuan deserved to die.

Letting her die now was already being merciful.

Seeing their leader die just like that, the other evolvers were so scared that they lost their ability to resist and shivered.

If it had been before, Zhou Hao would definitely have dealt with them with a swing of his blade and then quickly left this place. However, he did not do so now.

“I can spare you, but I want to know who this commander is. The more you tell me, the faster one can leave this place alive!”

Zhou Hao looked at them with a smile, as if he was hiding daggers in his smile.

These evolvers were all terrified. Of course, they knew that if Zhou Hao really wanted to kill them, he would not show them any mercy.

Therefore, they only had one thought now, and that was to tell him everything and leave this place.

Originally, this place was a paradise for them to rest in, but now it was a territory. At this time, they all wished that they could grow a pair of wings on their backs and leave this place as quickly as possible.

Chapter 1210

Chapter 1210: A familiar name

However, they couldn’t grow wings. Therefore, the current situation was already destined for them.

Just like that, under Zhou Hao’s coercion, they revealed who their commander was.

Zhou Hao seemed to have heard of their commander somewhere before. He was stunned for a moment as he felt that the name was very familiar.

However, no matter how hard she tried, she could not remember where she had heard this name.

However, Zhou Hao knew that he must have heard of this name somewhere.

“Try to think, you’ll definitely remember!”

Zhou Hao racked his brain for a long time but still couldn’t figure it out.

Zhou Hao thought to himself, “no, I have to find out who the owner of this name is.” However, it was like looking for a needle in a haystack. This was a problem.

While Zhou Hao was at a loss, Yang Yuanyuan suddenly said, “Could it be that commander Jiang ...”

If Zhou Hao had heard such words in the past, he would have cut off all ties with Yang Yuanyuan and become a passerby.

But now, as Zhou Hao recalled these two words, he suddenly thought of something, but it was just a fragment of memory.

This was definitely someone he knew, but he wasn’t sure where this person was.

“Your reminder is very helpful. After we get out, we must find him no matter what!”

.....

Zhou Hao wanted to continue thinking about it, but he suddenly felt a splitting headache.

Zhou Hao felt that if he continued to think about it, he would probably die. However, he did not want to die now.

He would continue digging after he got out, but Zhou Hao quickly threw the idea to the back of his mind.

After that, Zhou Hao continued to lead his men deeper into the forest.

Yang Peiyuan was just one of the pawns in the base. There must be many more pawns in the base. Now that they had come to this place, if they did not uproot him now, they would only cause endless harm in the future.

So, no matter what, he had to settle everything here before he could leave.

Zhou Hao continued to walk forward. When he was halfway there, he suddenly saw a group of people rushing out. These people were all filled with killing intent.

To be exact, they weren't human beings, but evolved humans. They had zombie bodies, but human minds.

"Roar!"

These mutated evolvers growled and pounced forward. They could climb along the wall, so they hung upside down like spiders.

These evolvers were also very fast, like a bolt of lightning.

It was only at this time that he was in a good state of mind. If he was still the same as before, he would probably regret it.

From before until now, he had done a lot of things, but in the end, he had not done them well.

Now, Zhou Hao wanted to do everything perfectly. Although he knew that he would make mistakes during the process, he still tried his best to do it well.

As long as he could do all these well, he would be able to do better in the future with his experience.

From the beginning until now, he probably already knew what meaning his actions had to him.

Now, he had to do this more than ever before.

Only by doing it well now would he be able to do it better in the future.

"All of you, keep up. Don't lose them. The difficulty will continue to increase. If you're not by my side, I can't protect you!"

At this moment, Zhou Hao's words were directed at Yang Yuanyuan. Now that he thought about it, he had failed to protect her before, so he must protect her now.

"Boss, you're the best!"

Yang Yuanyuan immediately followed behind him and rubbed her head against Zhou Hao's trousers affectionately.

Jonina was filled with regret. She shouldn't have allowed Yang Yuanyuan to get close to Zhou Hao. That way, she could have taken over the boss all by herself.

Furthermore, they could enjoy their private time together.

However, because they had not made such a decision before, the outcome was different now.

He had not expected this at all.

However, Jonina knew that there was no use in regretting it. She could only think that she must follow her boss closely after this.

He definitely couldn't let Yang Yuanyuan, this scheming bitch, succeed.

At this moment, Jonina didn't know that Yang Yuanyuan was also thinking the same thing. She was planning to deal with them.

If Zhou Hao knew what the two of them were thinking, he would probably knock them on the head. He was protecting them, not letting them waste their time thinking about nonsense.

Now, Zhou Hao did not feel much pressure when facing these mutated evolvers. However, that was all. The situation would be different in the future.

If he couldn't settle this now, then in the future, he might not even be able to protect himself, let alone Yang Yuanyuan and Jonina.

Therefore, he couldn't be careless in protecting these two people. Only by doing it well now would there be no problems in the future.

He didn't know how many things had happened since the beginning. Now, he could only grasp everything that he had grasped. Only in this way could he grasp some things that he couldn't control before.

"Roar!"

These mutated evolvers were charging forward without any regard for their lives. They were in the same state as the mutated beasts who had lost their minds. They only knew how to rush forward and kill their targets.

"Hmph, if it were those corpse Kings, you test subjects might be able to stop me for a few seconds. Now, you want to stop me by sending out these trash? simply ridiculous!"

Zhou Hao didn't use any fancy moves. Now, he had already integrated the all-breaking technique that he had learned before into the skills that he could master.

Now, he could do as he pleased. When he clenched his fist, he smashed it forward.

BOOM!

.

This punch directly smashed a huge gap in the mutated beasts in front of him.

When the others saw this, they felt their blood run cold. They had never thought that things would turn out like this.

They were aware of the danger and knew how terrible it was.

“Damn it, when did a monster come in? release our latest model soldiers and block him, quick!”

The alarm went off in the base. All the staff members and those who were stationed in the base immediately took action.

When they saw that the five-star demonic beast that they had cultivated was dead, each of them felt as if they were facing a great enemy. They knew that the enemy they were facing this time was different from the ones they had faced before.

Now that they knew that they were in danger, they had to settle everything they had to.

If they couldn't solve it this time, it would be even more troublesome in the future. They definitely didn't want to wait until then.

Therefore, they all knew what their current opponent meant to them.

“Quick, go out and block him. You must stop him. Whoever stops him will get a Super Serum from commander Jiang!”
