## Chapter 1211 - Not a good choice

*Chapter 1211: Not a good choice*

?

What!

The group of mutated evolvers trembled, looking at the captain of the first level with uncertainty.

Very quickly, they confirmed that they did not hear wrongly and rushed forward.

“Kill him!”

Just like that, these evolvers were now as crazy as they had been in the previous battle.

This Super Serum could allow their bodies to undergo a complete transformation from that of a mortal. As long as they could consume it, they would be able to break through in a short period of time.

Moreover, this would be of great help to their future cultivation. Their cultivation was originally very slow, but with this transformation, they would be able to advance at a tremendous pace like those monstrous geniuses.

“Xiaohu, can you handle this?”

Zhou Hao patted the flame Tiger beside him, then crossed his arms and said indifferently.

“Master, it’s easy to deal with them. Just leave it to me!”

The next moment, the flame Tigers began to charge. Each of them was faster than the other, but they still couldn’t catch up.

At this time, the flame Tiger had already evolved and had the ability to glide. This kind of combat skill was really like adding wings to the flame Tiger.

.....

These mutated evolvers were also very strong. Even among the most elite dragon blood Warriors of the ten thousand races in the starry sky, they would definitely be outstanding.

However, the flame Tiger was even more powerful now.

“Roar!”

Following the flame Tiger’s low roar, a sound wave wrapped in wind blades flew out.

What happened next was a tragic scene. None of the mutated evolvers could stop them.

“Damn it, how could it be ...”

At this time, some of the evolvers had started to regain consciousness. They could feel the intense pain in their bodies. They were injured.

This also meant that they were in a dangerous situation now. They had never thought that this would be the result.

“Dammit, how could it be like this!”

The brigade leader could also tell that the situation was not in their favor. This was their latest research and it was their strongest trump card on the second floor.

These mutated evolvers were very fast, but as long as they were hit by these wind blades, blood would instantly flow out.

Some of them were hit, and their bodies were instantly torn into pieces. It was extremely miserable.

These evolvers were panicking. This was the first time they had such emotions.

“We can’t beat them. If we continue, we’ll definitely die. I don’t want to die. I want to leave this place. No one can stop me!”

One of the evolvers had gained consciousness and was trying to escape.

“No one is allowed to leave!”

Although the brigade leader was not as strong as Zhou Hao, he could easily deal with these high-level evolvers. After all, the brigade leader was a Supreme realm Evolver.

At this point, the brigade leader had already surpassed most of the evolvers, and was considered one of the strongest.

The brigade leader was ruthless, and he decisively killed the evolvers who had escaped. He wanted to kill the chicken to warn the monkeys, and use it to intimidate the other evolvers.

However, they soon realized that these evolvers had no intention of moving forward.

Seeing this, the brigade leader chose to run.

"I'll go after them!"

Yang Yuanyuan said immediately.

But just as he was about to catch up, Zhou Hao stopped him.

"I forgot so quickly. Don't chase a cornered enemy. Be careful of traps!"

Yang Yuanyuan really wanted to go up, but she gave up. Something similar had happened in the past, and it would be too reckless to chase after him now.

"Boss, there's an exit below the base. If we don't chase after him now, we might not be able to find him for a long time!"

Hearing that, Zhou Hao knew that Yang Yuanyuan was still the same as before. She had long hair but little knowledge.

Now, even if there was an exit down there, the captain wouldn't be able to escape.

This was because he was already in the God Realm and could easily use his spiritual will to search the area.

In other words, as long as the commander hadn't left the base, he would be able to find him quickly and catch up.

"You can rest assured about this. I will not let them run away. I will catch up with them. You just have to wait for the final result!"

Although Yang Yuanyuan still wanted to say something, the words that were on the tip of her tongue didn't come out in the end. She thought that she hoped that this boss would be able to catch all of them in one fell swoop.

If there were any fish that escaped the net this time, it would be terrible in the future. Therefore, he absolutely could not do this.

Now, he had to do what he needed to do. If he let the people here go this time, there would definitely be another base next time.

“Let’s go. Leave the rest to Xiaohu. We’ll go after that guy first!”

Zhou Hao hesitated for a moment. He thought that it shouldn’t be a problem for Xiaohu to deal with these mutated evolvers. So, he immediately said to the two little beauties beside him.

“What a big Boss!”

They immediately gave chase, but it was not easy to catch up, because they had only reached the third level and had already encountered a very difficult opponent.

Down there, there was a leader who had actually controlled over a hundred zombie Kings, and those zombie Kings were the kind that were one in a hundred.

“Are these guys plotting something?”

Jonina furrowed her brows as soon as she saw it. She immediately smelled a conspiracy and asked.

.

He had already met her once before, so it was no wonder Jonina would say that now.

Zhou Hao took a closer look and found that there were no powerful zombies here, so he chose to attack alone.

“You guys follow behind me. I know that you all want to improve yourselves right now, but it’s not the time yet. When the time is right, I’ll give you all a chance to break through!”

Right now, their cultivation was different. At this time, it was no problem to deal with some zombie Kings, but it would be a big problem if they used up too much energy.

If they could not get out of the underground base, they might all be trapped in this place. However, he was only here to find out if commander Jiang was the same commander Jiang He knew on earth.

Zhou Hao used spatial flash. His body flickered a few times before he rushed forward. However, he controlled his speed.

Yang Yuanyuan and Jonina could catch up to him just in time.

Zhou Hao’s attacks were like crushing dry weeds and smashing rotten wood, blowing up all the zombie Kings. Soon, he drove straight into the control room.

When he rushed in, the leader inside had already injected himself with a serum. Although he didn't know what it was made of, it was definitely a killer move.

"What you're doing now is not a wise choice!"

## Chapter 1212 - complete suppression

*Chapter 1212:-complete suppression*

Zhou Hao's eyes were sharp. These researchers were all crazy. They were already crazy enough before they joined the mutant beasts, but after joining them, they would do anything.

Therefore, there was only a strong killing intent in Zhou Hao's mind. He wanted to kill the researcher in front of him.

"Hahaha, commander Jiang knew you would come. This serum was specially prepared for me. I've been waiting for this moment. According to commander Jiang's plan, you would be captured alive. I didn't expect you to become stronger. But even so, according to the plan, you will still die!"

Zhou Hao smiled contemptuously. This Research Institute was only an expert at the starry sky wandering realm. Even if they used the blood serum now, they would only reach the harmony realm at most.

In other words, this researcher was 100% no match for him.

Zhou Hao took the initiative to attack. He was as fast as lightning, wrapped in terrifying energy. In a short while, he had arrived in front of the Research Institute, only one step away.

At this time, the injection syringe had been completely injected. The Research Institute's body began to grow, and the muscles began to bulge. Pimples also appeared on their faces one after another.

This wasn't a perfect harmonization realm. It was a type of loss of control, which meant that he could use the power Of harmony realm.

"You bunch of lunatics!"

Zhou Hao was furious. It had been so many years, but these people were still the same. It was fine if they hadn't grown up, but they had even fallen to such a low level.

Suddenly, Zhou Hao thought of the embarrassing past on Earth Star. At that time, all the soldiers on Earth Star were in the most difficult situation. They were supposed to step forward, but they were sentenced to Earth Star.

They thought that by killing a lot of mutated beasts and protecting their homes, they would change their minds and at least restrain themselves.

He didn't expect them to not restrain themselves at all. On the contrary, they were even crazier now.

Zhou Hao's anger rose to its peak. He only had one thought in his mind, and that was to kill them all.

Furthermore, it was a method that he was most unwilling to use.

"You're in the harmonization realm, which is a good strength. Unfortunately, commander Jiang didn't treat you as his right-hand man. What he gave you was a failure!"

Zhou Hao could feel that there was a force in the Research Institute that was rising without any signs of slowing down.

At that moment, Zhou Hao knew that these people must have been tricked by commander Jiang to come to this place to work for him.

The sad thing was that these people didn't seem to know that they were in such a situation, and they didn't even know that they had been deceived.

"That's impossible. Commander Jiang said that as long as I have this serum, I can complete the mission, and he will promote me!"

Li Meng roughly knew what the Research Institute meant, but he still chose to believe in commander Jiang.

"Don't even think about wavering my determination. Are you afraid? if you are, you can just tell me now. If I'm in a good mood, I might let you Live!"

Li Meng immediately steeled his heart. The only thing on his mind now was to get rid of Zhou Hao and complete commander Jiang's mission. That way, he would be able to obtain a place in the ten starry sky prefectures.

For that quota, he would do anything, he would dare to do anything, just like now.

Zhou Hao didn't waste any more time. He knew that Li Meng wouldn't believe him no matter what he said. He was still immersed in his own world.

Li Meng was a very conceited person. Hence, Zhou Hao knew that there was no need for him to say anything else.

The next moment, Zhou Hao clenched his fist and used spatial flash.

Originally, he wanted to use soaring void, but after some thought, he gave up. It was a waste to use this move at this time.

Therefore, he did not want to use his skills against Li Meng.

"Die!"

Li Meng's face was filled with madness. One of his hands was now smashing over. His arm had become a powerful hand, and his explosive muscles were rippling like a Swimming Dragon, bringing with them a terrifying power.

Harmony realm cultivators could absorb the elements within a ten-mile radius and use them for their own use. They could be said to be god-like existences to most people.

If it was someone else facing the crazy Li Meng of Rui Chang, they would definitely not be able to stop him.

Unfortunately, his opponent this time was Zhou Hao, so the outcome would be completely different.

Zhou Hao's body flickered, and then he teleported again, disappearing in front of Li Meng.

What was going on?

Li Meng was stunned. He suddenly realized that his target had disappeared, and his fist had missed.

Li Meng was only in the harmonization realm. In front of Zhou Hao, the difference between them was two whole realms. He was like a frog in the forbidden land.

How could he have known about the current situation?

Before Li Meng could figure out what was going on, Zhou Hao jumped out of another blind spot. Like a flash of lightning, he appeared at the side and threw a punch.

Zhou Hao was an immortal state warrior. Compared to before, his space jump was much easier now.

In his current state, Zhou haodang would not consume too much divine power when he used this skill.

BOOM!

This punch contained two-tenths of Zhou Hao's strength. Even if it was only two-tenths, it was not something that Li Meng could withstand.

Li Meng was indeed capable now, but unfortunately, he could only be reckless and could not use this power flexibly.

Zhou Hao quickly found the exact position and smashed it on Li Meng's face.

Li Meng's entire body was sent flying like a sandbag.

Bang! Bang!

Li Meng, on the other hand, felt as if a mountain had crashed into his body. He was caught off guard, and by the time he reacted, his entire body had already been sent flying.

Half of Li Meng's face caved in. He couldn't believe what he was seeing.

.

What kind of amazing power was this? the netizens in the live broadcast room all sucked in a cold breath.

Although they knew that Zhou Hao was very strong and might have even surpassed the harmonization realm, they had never thought that Zhou Hao would open their eyes once again.

This was completely beyond their expectations. They had thought differently before.

In their eyes, no matter how strong Zhou Hao was, even if he had already reached the higher realms of the harmonization realm, he would at most have a slight advantage.

It was not as simple as having a slight advantage. He had complete control of the entire scene and crushed Li Meng in all aspects.

"How tragic!"

Many netizens began to pity Li Meng. He was in such a miserable state. Half of his face was bloody and his eyeballs were about to pop out.

"Waa waa!"

Li Meng kept vomiting blood. He realized that half of his face had lost feeling. This feeling made him wish he was dead.

“Brat, you’re dead. I’ll torture you before you die. I’ll make you wish you were dead!”

## Chapter 1213 - A waste of time

*Chapter 1213: A waste of time*

Immediately, Li Meng rushed forward like a mad beast.

He belonged to the kind of attack that was the most brutal and simple.

Zhou Hao sneered. Li Meng’s serum was indeed of high quality, but it would be a waste to use it on him.

Li Meng didn’t know how to use it at all, so it was no wonder he lost control.

“Idiot!”

Zhou Hao couldn’t help but feel pity for him. A hateful person must have a pitiful side.

Li Meng also wanted to become stronger, but he couldn’t find the right path. In the end, he could only take this wrong path.

Zhou Hao was helpless and did not want to attack. It was not that he was pitiful and did not want to kill him.

Instead, Zhou Hao felt that it would be better to let Li Meng live and die on his own.

“Boss, be careful!”

Just as Zhou Hao was thinking about whether he should leave this place, he suddenly heard Yang Yuanyuan’s shout from behind.

Zhou Hao suddenly realized that Li Meng’s figure in front of him was turning transparent until he disappeared.

Zhou Hao was surprised. Not bad. He actually knew how to teleport.

Teleportation was a basic combat technique that could only be learned after entering the ten prefectures of space combat. It was a secret that was not passed down to others.

Li Meng definitely wasn't qualified to learn it, but he actually knew it. At least he had some talent.

"I've underestimated you. Since you can teleport, I'll play with you. If you're lucky enough to win against me, I won't kill you. I'll also tell you the secret of spatial flash!"

Zhou Hao thought that he might be able to find out more secrets from Li Meng, but he did not know why he had such a feeling.

Every time he had this feeling, he knew that it would be much easier for him to solve what he needed to do next.

"You're the one who said it!"

Li Meng's eyes were red and he was very excited. Now that he had another reason to fight, the cells in his flesh and blood began to cheer.

Under the stimulation of such a state, Li Meng felt that he could continue to break through at any time.

This meant that he could become stronger. The reason why he joined the current base was to make himself stronger.

However, the methods that he had learned before would not allow him to achieve his goal in a short time.

If he insisted on what he should do now, the result would be different.

"Don't think that I can't do anything to you just because you've disappeared!"

Li Meng shouted. Suddenly, he put his hands together and punched the ground.

Zhou Hao was even more surprised. Li Meng's intelligence seemed to have increased, and his talent was even better.

Could it be that he had made a mistake? the serum was not as bad as he had thought, and Zhou Hao was tempted to snatch it away.

However, when he thought about what had happened in the past, Zhou Hao quickly denied this possibility.

Back then, the mutated beasts were rampant on earth. At that time, danger was everywhere and humans could only struggle to survive in the narrow cracks.

Later on, a doctor developed the serum and let them use it, making them super soldiers.

Originally, the plan was very successful and everyone was happy.

He did not expect that the mutation in the serum had been lurking in the human body, changing many people's genes, causing them to mutate as well, turning them into terrifying monsters.

Although this side effect had happened a few years ago, it was still fresh in Zhou Hao's memory.

Now, he definitely did not want such a thing to happen again.

"Forget it. I'll look for Princess an Lili after I find commander Jiang. Perhaps she has a good way to save Earth!"

Zhou Hao quickly gave up on the idea of using blood serums, even though he wanted to continue working on it. After all, they had already made some progress in this field.

Except for some flaws that had not been solved, it could basically allow humans to fight against mutated beasts.

If he gave up and set foot in the blank area again, he would have to spend more time and energy.

At that time, many things would come to a standstill because of this. It could be said that this was basically an unworthy investment.

Therefore, Zhou Hao was clear that he could only complete many products that were basically not of much use to them as soon as possible. Only in this way could he be more efficient in allowing the current human race to continue on.

BOOM!

While Zhou Hao's thoughts were running wild, Li Meng's two punches caused the space to tremble.

Zhou Hao did not expect Li Meng's strength to be so strong and overbearing. He was immediately sent flying.

When he saw that Zhou Hao was unable to enter the space, Li Meng was extremely excited. Now, as long as he could capture Zhou Hao, he would be able to obtain the secret of the ten starry sky mansions.

That place was the Holy Land in the hearts of countless cultivators. However, he was too old and did not have the qualifications.

Therefore, he couldn't join the ten starry sky mansions like Zhou Hao. If Zhou Hao didn't give it to him now, he would never be able to go there.

"Zhou Hao, although I don't want to say this to you now, I think it's necessary for me to say this. You're too stupid. You shouldn't have fought with me. If you tell me your combat skills now, you can go to the fourth floor smoothly and not stay here and waste your time with me!"

Li Meng's words made sense, but they were only useful in the past. Zhou Hao chose to remain silent.

Zhou Hao would not change his mind just because of a few words.

He wasn't like Li Meng, who would waver when he saw something wrong.

.

Even if he didn't have the strength of the God Realm, he wouldn't change. His heart would still be as firm as before.

He would continue to walk down this path until he reached the end of his path.

As for Li Meng, he was just a passer-by in his life class. Moreover, he would be defeated by him now.

"Li Meng, cut the crap. If you don't have the ability to defeat me now, it's all bullshit no matter what you say. If you want to know the secret technique of the combat skill, you have to defeat me!"

Zhou Hao was as fast as an arrow. He rushed forward and soon became a sharp arrow.

In that instant, Zhou Hao's speed was pushed to the limit, and all his strength was used on speed.

"Damn it, how can this guy be so fast!"

Although Li Meng had the spatial rend, he realized that he could not restrict Zhou Hao at all. He could not affect Zhou Hao's movement.

Suddenly, Li Meng knew that he was in a disadvantageous situation again, just like before.

He had never thought that the originally good situation would turn out like this.

## Chapter 1214 - mysterious identity

*Chapter 1214:-mysterious identity*

“I won’t lose just like that. Commander Jiang said that I’ll definitely win this time, and you’ll definitely die by my hands!”

Li Meng’s heart began to waver. He began to wonder if he had really been deceived.

Li Meng also realized that his eyes could no longer follow Zhou Hao’s movements.

“How could this be ...”

It was also at this moment that Li Meng finally realized the gap between him and Zhou Hao. It was like a chasm of the heavenly Dao that was difficult to cross.

“I can’t lose!”

Li Meng subconsciously told himself how important this battle was, and he began to use all the power in his body. He had entered the harmonization realm and could easily use the power he could use.

At this time, his origin could stimulate the maximum potential of his physical body. It would definitely not have worked if he had done it before.

But now, Zhou Hao’s promise had given him hope. It was the greatest motivation for him to continue fighting and win.

Li Meng knew that if he missed this opportunity, he would miss it for a long time.

“I can’t let this happen. I have to do what I need to do now. Otherwise, I’ll definitely lose my last chance!”

Li Meng kept telling himself in his heart that he kept himself in this state of crisis subconsciously so that he could stimulate the potential in his body again.

Previously, he had already stimulated a lot of them, but now he felt that it was not enough. He needed more.

Only with enough would he be able to increase his chances of winning.

However, just as he was thinking about using his plan to achieve his goal, he suddenly realized that Zhou Hao's strength was rising.

Please reading on Myb o x no ve l. com

"I'm done. Your potential will stop here. You won't be able to improve even if you continue to improve. If you don't want to die now, I can give you a suggestion. Tell me, who is commander Jiang?"

Zhou Hao instantly lost the will to continue fighting. He also realized that Li Meng's strength had reached its limit. If he continued to break through, he would probably go into Qi deviation.

Therefore, after Zhou Hao lost his last hope, he just wanted the battle to end as soon as possible.

"You want to know about commander Jiang? sure, but you have to give me your combat skills now!"

Li Meng gritted his teeth and thought that if he could get a combat skill now, it would be a great deal for him. He could also leave and continue to find a way to break through.

However, he was too optimistic now. He did not know that since Zhou Hao had come to this place, they were already doomed.

He also didn't know that coming to this peak and doing these things was equivalent to digging his own grave.

Of course, he didn't know about that now. In his opinion, this place was heaven. He could do countless impossible things here.

He had thought of many things before, but most of them were things he had not expected.

Therefore, he now knew how special this matter was. He couldn't continue like before.

"Give it to me and I'll leave now. I swear, if you give it to me now, I'll leave Earth Star and never appear in front of you again!"

Li Meng actually chose to swear.

However, this could only fool a three-year-old child. It would be too childish to fool him.

Zhou Hao sneered. If Li Meng could betray Earth Star and join the mutant Zerg Empress for his own benefit, he would betray Earth Star again sooner or later.

He would rather believe a dog than a person like Li Meng when it came to keeping promises.

“If you don’t agree, then I’ll drag you down with me and die!”

Li Meng realized that he could not even touch the corner of his clothes. He knew that there was a huge gap between his combat power and Zhou Hao’s.

New novels chapters are published on !

He knew that he couldn’t continue doing what he did before. Now, he had to do what he had to do.

As long as these were done, everything else would be done.

“Commander Jiang will never let you go. Don’t think that you can find commander Jiang by killing me. No one can stop this plan, not even those old guys!”

Li Meng had finally made a crazy choice, which was to self-destruct and burn the blood essence in his body.

If someone else had seen this, they would probably have immediately fled from this place without staying for a moment.

However, Zhou Hao did not do so. Instead, he rushed forward and reached out with one hand.

This hand was no ordinary hand. It would not be a problem for him to crush the person in front of him.

He knew that it would be difficult, but he still chose to do it.

“Why can your power control my domain?!”

Li Meng was dumbfounded once again. This move was still beyond his knowledge, just like before.

Zhou Hao’s palm pressed down, completely locking him down and sealing off all his escape routes.

Moreover, Li Meng felt that he could not use the power in his body. If this continued, there would only be one result.

But that was definitely not what he wanted.

He immediately knew how terrible this situation was.

“Dammit, don’t even think about getting your way!”

Li Meng began to struggle. He was now using his own strength to accelerate his self-destruction.

Zhou Hao snorted coldly. This Li Meng was simply too stubborn. However, he liked to make this kind of person submit to him.

Zhou Hao immediately activated the energy that he had collected in his body, then condensed it into a spider web and wrapped it tightly around Li Meng.

Soon, Li Meng felt that he couldn’t see what was going on outside, and he lost all feeling in his body.

“No!”

Li Meng realized that he couldn’t struggle at all in the airtight spider web.

He immediately knew how terrible the situation was.

Li Meng had not expected this at all. He knew that he had to do this well.

Otherwise, even if he were to die, he would not be able to rest in peace.

“Don’t even think of leaving this place alive!”

Li Meng roared and continued to channel his strength, trying to break free from the restraints.

Zhou Hao would not give him the chance to do so. He threw another punch.

This punch contained a mighty power that could destroy the heavens and earth.

BOOM!

Then, the surrounding people saw Zhou Hao’s punch directly blow up Li Meng.

Li Meng’s energy was at the forefront, and he was simply unable to withstand a single blow.

Before they even exploded, they were all annihilated in the air.

“Boss, you’re amazing! I want to be your fan for the rest of my life!”

At this moment, Li Yuanyuan was extremely excited. She was also starting to admire this boss of hers more and more.

## Chapter 1215 - -invincible

*Chapter 1215:-invincible*

This boss was getting stronger and stronger. Things that seemed impossible before could now be easily solved.

“Let’s go. There are still many things to be solved. We need to solve them as soon as possible and then leave this place!”

Zhou Hao didn’t waste any time. After he was done, he went to the next level, which was more difficult to deal with than the ones above.

Zhou Hao brought the two of them down and suddenly found himself spinning.

“Not good!”

Zhou Hao knew that he had been hit by an illusion. It was an illusion from the Shura. There was a tribe in the Shura that specialized in creating illusions.

This kind of illusion could make a person fall into the world where the heart demon was.

This was a cruel and dangerous process.

Zhou Hao wasn’t afraid of anything but his own inner demons, which many people were afraid of.

However, Zhou Hao knew that he could not leave this world now. He could only overcome his inner demons and walk out of this world.

After he did all this, he saw a world of blood and soon, he saw another him.

“Boss, save me!”

Zhou Hao saw another version of himself. He was now the leader of the mutant beasts and was also in the immortal state. He was also in charge of an Army of mutant beasts.

Zhou Hao, on the other hand, had found his weakness, which was Jonina and Yang Yuanyuan.

Zhou Hao's face darkened. This was the first time he felt that it was so difficult to deal with. He knew that as his strength increased, the inner demons would also become more difficult to deal with and stronger.

Please reading on Myb o x no ve l. com

"Go, kill him!"

The other inner demon on the opposite side immediately gave an order to the mutant beast Army.

Boom! Boom! Boom!

The mutant beast Army immediately began to charge. They were densely packed, like a flood breaking through a dam.

"Boss, don't leave us behind!"

At that moment, Zhou Hao heard Yang Yuanyuan's plea.

Now, Zhou Hao realized that this time, his inner demon had reached the point where it could pass off as the real thing.

It seemed that the Shura had put in a lot of effort in this area.

At the same time, Zhou Hao began to be interested in the mysterious commander Jiang. He also thought that this might be the same commander Jiang that he had known.

"The Shura have nothing to do after they're full. Now they're even extending their hands to earth Star. You guys are so annoying!"

Zhou Hao didn't pay attention to the cries for help. He had experienced many things in the past and had seen many storms.

At this time, he only had one goal, and that was to kill his other self, which was the inner demon.

The inner demon was very smart. Not only did he threaten her with two important people, but he also made the mutated beast protect her.

In other words, he basically didn't have any advantage now, and he couldn't defeat this inner demon.

Unfortunately, this time, the inner demon did not know that he was no longer the same person as before.

At this time, he would not be afraid even if the soldiers of the thousands of races in the starry sky attacked him together, let alone the Army of mutant beasts.

This inner demon could already be able to turn fake into real. It was indeed very powerful, but unfortunately, it was still far from it.

"Die!"

Zhou Hao easily carved out a bloody path in the mutant beast Army. The mutant beasts here were very real, but it did not affect him now.

Zhou Hao was still as invincible as he had been during the battle in the starry sky.

At this moment, fear and the like were completely non-existent.

It could also be said that Zhou Hao's current state was impeccable.

Of course, the mutated beasts in front of him did not know, and neither did the inner demon.

"He's too weak!"

Wherever Zhou Hao went, there were mountains of corpses. These mutated beasts collapsed one after another.

At this moment, Zhou Hao was like a god who had descended to the mortal world, invincible.

Even the mutated beasts were terrified. They felt that this human was too terrifying.

The inner demon was also frightened, but he pretended to be calm.

Di di!

Zhou Hao was currently on a killing spree. At the same time, the alarm in the base outside was ringing.

In a secret room on the third floor, there were some men and women in light armor.

If Zhou Hao was here, he would have recognized them as the young Shura elites.

These young geniuses wanted to use this illusion to make Zhou Hao suffer a mental breakdown.

However, they did not expect that Zhou Hao was not only terrifyingly powerful, but also had such a powerful spirit.

“Is this a human?”

The Shura’s top genius, wata, was dumbfounded. He thought that as long as Zhou Hao fell into the illusion, he would not be able to walk out and would eventually die in it.

However, he did not expect Zhou Hao to be fine. It seemed that he could even kill his way out of the Asura’s illusion with ease.

“We can’t let him out. Use that move. We must trap him. If he finds commander Jiang, we’ll be in trouble!”

Wata said to the other Shura geniuses. They had been sent here by their families, and it was their mission to gain experience.

All of the paragons here looked up to wata.

Wata was currently the only heir to the Shura clan’s patriarch, and they immediately began to curry favor.

They continued to invest more mutant beasts into the Shura world. The ones at the front were relatively weak, and the further they went, the higher the level of the mutant beasts they invested.

There were even some King-tier mutated beasts among them.

These mutated beasts all swarmed up and continued to launch another wave of fierce attacks.

“Although we can’t kill him this time, if we continue to develop like this, it’ll be enough to make him suffer!”

The Shura elites were confident that as long as they could trap Zhou Hao, their mission would be completed.

In their opinion, even if Zhou Hao could walk out of the world where the inner demon was, he would either be dead or injured.

He might even have a mental breakdown this time.

However, no matter what the final situation was, the end result would be the same.

However, they did not know that Zhou Hao already knew that someone was controlling this mental demon world.

The only reason he knew was because he could sense an external energy fluctuation in this airtight world.

Sensing this energy, Zhou Hao immediately knew that someone was manipulating everything.

It reminded Zhou Hao of the past. Back then, he was also very weak and could not solve the problems he wanted to solve.

Moreover, he was powerless to resist. He was a puppet that was being controlled.

Many times, he had thought of giving up on himself, but he had not. In the end, he had persevered.

At this moment, he had already reached this point. He definitely could not continue walking down the same path as before.

“Although I don’t know who you are, I can say that you’ve made a very stupid choice. Now, I’ll kill you!”

Zhou Hao looked up at the sky. His eyes were sharp like two knives that could pierce through the sky.

## **Chapter 1216 - The Super Zombie gene**

*Chapter 1216: The Super Zombie gene*

The heaven’s favorites in the secret chamber were all terrified. How did Zhou Hao know that they were controlling the ship? this was the first time they had encountered such a situation.

This was completely unprecedented.

As long as they entered the Shura world, it would be like an airtight world without any external changes.

Logically speaking, Zhou Hao shouldn't have known that someone was controlling it.

"Quick, use duplicate to kill him!"

The geniuses who had been confident could no longer remain calm. They started to realize that this situation would soon go out of control.

However, they didn't want things to turn out this way. Therefore, they knew that they had to kill Zhou Hao as soon as possible.

However, Zhou Hao was not someone they could kill just because they wanted to.

"If you have any tricks up your sleeve, show them now. If you don't, it'll be too late later."

Zhou Hao said indifferently.

The Shura elites outside were all pale. They didn't expect this to be beyond their control.

Now, they knew that they had to do something. If things were the same as before, they would definitely regret it.

"We have to come up with a plan. We can't let him leave here alive. Once he leaves, we Shura will have trouble sleeping and eating!"

Wata of the Shura clan said to all the other Shura geniuses with a dark expression.

The Shura's elites all had unsightly expressions. They had thought that this matter would be resolved quickly and smoothly.

He had never thought that things would turn out like this.

I have a super virus here, taken from the corpse mother. If we use it now, it will definitely raise the strength of the mutant beasts, allowing them to become Shura Warriors!"

One of the Shura members, a scientist who liked to experiment, excitedly took out his finished product. Inside the bottle, there was a red worm wriggling.

In fact, these were not bugs, but a super virus found in the Necromancer's body that could make the host mutate and unleash all of its potential.

The key was that if it was used, it would allow the host to obtain an extremely abnormal recovery ability.

As long as it wasn't a fatal injury, it wouldn't take long for him to recover.

They roughly knew what they needed to do now.

"This is a good idea. Even if we can't kill him, we won't let him have an easy time. We'll use this method. I agree!"

"Execute it immediately. Let that kid have a taste of these super viruses!"

Many of the Shura elites only had one thought in their minds, and that was to kill Zhou Hao as soon as possible.

In the past, Zhou Hao had already displayed a very powerful strength. Now, he was even more monstrous. They could not guarantee that Zhou Hao was still hiding his strength.

If they were to hide their strength now, it would not be a big deal. The main thing was that once they got out, it would be a catastrophe for the Shura clan. It would be a disaster that would wipe them out.

They threw the bottle into the mental demon world that Zhou Hao was in.

Roar!

The next moment, as the bottle shattered, the Super virus inside fell out and landed on the mutant beasts.

These mutated beasts all showed their pain, and their eyes became ferocious and fierce.

.

When they were infected by the Super virus, it was changing their genes, allowing their genes to be optimized.

Of course, there was a price to pay. They would stop evolving.

However, that was a different matter. These mutated beasts were only the test subjects of the new model, and they had no right to choose at this time.

"Kill him!"

Outside, the Shura elites were all excited. To them, as long as they killed their target, nothing else mattered.

As long as Zhou Hao died in front of them this time, it would be fine. Before this, they had to consider many things.

However, the situation was different now. They had already brought out all their trump cards. They were all prepared, so what they had to do next was relatively simple.

As long as these were done well enough, the future would definitely be similar. Now, he just had to do what needed to be done.

All the mutant beasts began to grow wings, and some even had long, sharp horns. It was as if they had turned into demons from hell.

The eyes of these mutated beasts were Scarlet, and they looked very strange and devilish.

At this moment, Zhou Hao immediately knew that this might be the last resort of those people outside.

These mutated beasts had already gained the abilities of zombies, and each of them had the combat power of at least ten zombie Kings.

If it were anyone else facing so many mutated beasts, they would probably die a horrible death, most likely without even a corpse.

However, this time, they were facing Zhou Hao, so the situation was destined to be different.

On the other side, Zhou Hao, the inner demon, also began a new round of attacks with these mutated beasts. This time, it was more intense than any previous attack.

This time, Zhou Hao did not Dodge. He wanted to get rid of these mutated beasts once and for all, and then leave this place.

“Come at me together. I think it’s time for me to solve all these problems!”

In the past, it was because of his inner demons that he fell into a quagmire several times when he wanted to settle the things he needed to do.

This time, he thought that perhaps it was time to uproot this inner demon.

Zhou Hao immediately used his body-roaming steps, and like a dragon, he shuttled through the mutant beasts.

Roar!

The explosive power of mutated beasts was terrifying. A casual attack could shake the space.

Their slaps were like a mountain crashing down.

If it was before, Zhou Hao would not have been able to avoid it. However, the situation was different now.

“Just this?”

Zhou Hao threw out a punch. He did not make any fancy moves. Instead, he concentrated all his strength on his fist.

When this power exploded, it was extremely terrifying. It was like a bomb had exploded on his fist.

“BOOM!”

Following a deafening explosion, many of the mutant beasts could not withstand the heat and were instantly melted by the high temperature of the explosion, not even leaving behind any flesh.

“You’re looking for death!”

The heart’s demon on the other side was furious. Now, it also displayed the same movement technique. Although it was the same, there was a slight difference.

That was, the inner demon could not evolve now, which was equivalent to being fixed in the present world.

It was also because of this that Zhou Hao was able to regain the advantage he had now. It was also the best pivot for him to break the balance.

## **- Chapter 1217 - Still too kind**

### **Chapter 1217 - Still too kind**

*Chapter 1217: Still too kind*

?

Zhou Hao clenched his fist and punched out. His fist was like a dragon, and it was very fast.

One force breaks ten thousand techniques!

This time, he didn't drag things out. The terrifying power destroyed everything as easily as breaking dry weeds and smashing rotten wood.

The group of mutated beasts that seemed unstoppable instantly scattered like chickens and dogs.

Finally, the mutated beasts panicked. They cursed in their hearts. How was this a human? this was clearly a monster.

Di di!

In the secret chamber, the Shura geniuses were also shocked by the terrifying punch.

Although they were not in the secret chamber and were outside, they could directly feel an overwhelming power coming at them.

If it weren't for the special energy barrier of this mental Demon Realm, they would probably have been annihilated along with those mutated beasts.

"Didn't that idiot say that Zhou Hao was only in the harmonization realm? how could he be in the harmonization realm? damn it!"

Wata couldn't stay calm anymore. If they continued to stay in this place, they would probably all die.

However, they didn't want to die now, so a thought immediately appeared in their minds.

Escape!

They had to escape from this place. If they delayed any longer, they would probably all be left here.

"Let's go!"

The Shura elites all ran away immediately.

However, how could Zhou Hao let them leave? just as they turned around ...

With a loud bang, the energy cloak behind them suddenly exploded.

A figure shot out from inside at an extremely fast speed, carrying a monstrous killing intent.

There was no need to guess. This person was Zhou Hao.

“You’re an immortal state warrior, how could you!”

When Zhou Hao’s aura was released and spread throughout the entire secret chamber, the Shura clan’s young master wata finally realized how stupid they were.

Only then did they realize that they had been tricked by commander Jiang. This was not the harmony realm that they had talked about before.

Before this, commander Jiang had informed them that Zhou Hao was in the harmonization realm, which was why they had stayed behind to do things.

He also thought that as long as he killed Zhou Hao this time, he would be able to get it done once and for all.

Before this, they had tried every possible way to kill Zhou Hao, but they had not been able to think of a good way to do it.

This was a once-in-a-lifetime opportunity for them, but they had never thought that they would be tricked.

“It’s you guys!”

Zhou Hao’s eyes were filled with killing intent, and his hands were covered in blood from mutated beasts. At this moment, he looked like an Asura demon who had just walked out of hell.

In fact, Zhou Hao was now the same as the Shura evil god to the Shura elites before him.

The evil Shura God of the Shura race was nothing more than this.

“Zhou Hao, this wasn’t my idea. I didn’t know it was you. Commander Jiang told me to do this. Don’t kill me!”

After provoking Zhou Hao once, wata was already traumatized. If he had a choice, he would not have provoked Zhou Hao.

The Shura’s heaven’s favorites all tried to act innocent, as if they had nothing to do with this.

Zhou Hao smiled coldly. It had been so many years, but the Shura were still the same.

When they had the confidence, they would bully others, but when they realized that they no longer had the advantage, they would start to beg for mercy and deny their relationship.

In the past, Zhou Hao might have given the Shura race some face and spared their lives. But now, he did not have such thoughts.

“I think I was too kind to you before. If not for the sake of your ancestors, I wouldn’t have given you a second more to live!”

Zhou Hao continued, “Don’t worry, I won’t kill you directly now. It’s not good for me to kill you at this moment. I’ll gain more benefits by keeping you alive!”

Zhou Hao then looked into the distance, where the Shura were.

Zhou Hao thought to himself that it was a good idea to trade these people with the Shura.

The Shura would not let them off easily. It would be impossible for these heaven’s favorites to get out of the Shura. They might even be stripped of their status.

To the Shura elites, the price of being stripped of their status was worse than being killed.

When the Shura elites heard Zhou Hao’s words, they felt that something was amiss, but they did not think too much about it.

They were all moved to tears of gratitude. They thought that Zhou Hao was only sparing their lives for the sake of the Shura.

However, they were unaware of Zhou Hao’s thoughts. If they had known, they would have been in a state worse than death.

“Tell me, who is commander Jiang? what’s his background?”

Zhou Hao asked.

The Shura might know some secrets.

Wata hesitated and shook his head. “I’m not too sure who he is either. I only know that he was in contact with my family’s patriarch. If you want to know, you can go to my family’s patriarch directly!”

Zhou Hao frowned. He had actually met the Shura family's patriarch. It seemed that commander Jiang's identity was not ordinary. This matter was far more complicated than he had imagined.

At that moment, Zhou Hao realized that he could not stay in this place any longer. He could only find a better opening as soon as possible and then solve all the problems that needed to be solved.

Zhou Hao didn't continue walking. He led them to the Shura clan.

After Zhou Hao left, he took the fastest spaceship and passed through the wormhole, heading straight to the Shura family's territory.

When they entered, the flying boat suddenly began to shake violently.

Thump!

Some flying object hit the outside of the flying boat like a heavy hammer, smashing it hard.

Zhou Hao's brows furrowed a little. Commander Jiang's appearance here was already worth pondering over. Now that he had been ambushed as soon as he arrived, he suddenly felt that this matter was worth pondering over.

Could it be that Yang Yuanyuan's case was not only related to her research, but also related to the Shura family?

Thinking of this possibility, Zhou Hao immediately flew out of the flying boat.

"Don't move, I'll settle this!"

Although the flying boat had flown out of the wormhole, it was still in the center of the space-time turbulence.

In other words, there was still the possibility of some unexpected situations happening. Once they were drawn into the center of the space-time turbulence, they would definitely die.

Yang Yuanyuan and the others weren't WarGods, and they weren't even in the harmonization realm. They didn't have the power to protect themselves.

Jonina could only remind Zhou Hao to be careful, thinking how good it would be if she had the ability to help now.

## Chapter 1218

*Chapter 1218:-heading to the Shura clan*

However, Jonina knew that such a day would be very far away.

“Al!”

Jonina sighed and decided to take things one step at a time.

Yang Yuanyuan was thinking the same thing now. She also wished that she could be of help, but she knew that she couldn't.

Only after Zhou Hao left the flying boat did he realize that the one attacking from the outside was a giant beast.

Zhou Hao was extremely surprised to find that there was wisdom in the eyes of this giant beast, as if it could speak.

Zhou Hao immediately thought of a possibility. Perhaps this giant beast had something to do with commander Jiang.

He had just arrived and this had already happened. Could it be related to commander Jiang?

Roar!

The giant beast let out a low growl, as if it was giving a warning. At the same time, a cold light flashed in its eyes.

Zhou Hao knew that this was a warning, but he could only smile disdainfully. Although the giant beast was powerful, it was nothing in front of him.

He had encountered many opponents before and was almost immune to them.

“Bastard, I know what you're thinking right now. But do you think you can stop me?”

.....

Zhou Hao laughed coldly, then threw out a punch like a dragon. She didn't waste any time.

Zhou Hao had a premonition that if he didn't resolve this matter as soon as possible and enter the Shura clan's territory, he would miss out on something.

Therefore, Zhou Hao was still the same as before. He just wanted to solve this problem as soon as possible.

Zhou Hao charged forward like a cannonball and quickly smashed into the giant beast.

The giant beast was in pain, and its eyes were filled with anger. It swiped its claw over.

This grab was filled with an overwhelming amount of power. Even a harmonization realm cultivator would be crushed to pieces if he was caught.

Zhou Hao dodged it. It was not that he could not handle it, but he did not want to be entangled with the giant beast.

"Die!"

After Zhou Hao dodged, he went around to the back and threw another punch.

This punch was definitely more terrifying than the previous ones.

BOOM!

The moment it was hit, the giant beast was instantly smashed into the ground, raising a cloud of dust.

Dust was swept up by the storm, covering the sky and filling the sky with yellow sand.

He could only vaguely see that the giant beast was lying on the ground, motionless.

The Shura elites in the swift Boat were all shocked. Although they couldn't see clearly what had happened, they could vaguely see that the giant beast that had attacked the swift Boat was now unable to move. It was now half-dead.

The Shura elites felt that they had been idiots before. This was the stupidest thing they had done so far.

They were also very regretful, but they also knew that it was useless to regret now. Because some things couldn't be changed even if they wanted to.

Some things were destined.

They all hoped that the elders would agree to Zhou Hao's conditions when they arrived at the clan.

They could only think so now, because this was already their best prayer.

This time, they did not complete the training. In other words, the clan could eliminate them at any time.

He had already done his best to help them.

"He's not dead?"

When the yellow sand receded, a large pit could be seen on the ground, and the giant beast was lying in the huge pit.

It could be seen that the giant beast was now half-dead.

Wuwuwu!

The giant beast's eyes were filled with fear, as if Zhou Hao was a Monster in His Eyes.

Zhou Hao walked to the beast, but he didn't kill it. Instead, he put it into his own space freezing ring.

"I won't kill you yet. You still have some research value to me for the time being. When I discover the value in your body, I'll let you go!"

Although the beast was from the Shura family, it did not smell like blood. It was not a beast that liked to kill.

Knowing this, Zhou Hao decided to let them go after using them.

There weren't many of such giant beasts in the universe, and he didn't like to kill innocent people.

The giant beast let out a concentrated Wuwu sound, as if a person was crying tears of gratitude.

Zhou Hao returned to the Flying Ship and steered it into the Shura clan's central City.

When they entered the center, the Shura clan and their Shura Army were already waiting for them.

If the Shura Army was facing someone else, they wouldn't have mobilized so many people, and they wouldn't even bother to prepare weapons.

However, this was Zhou Hao, a killing God who could fight his way out of an Army of mutant beasts.

Therefore, they had all prepared their weapons and defensive items, and were on high alert, as if they were facing a great enemy.

It could be seen that some of the Asura Warriors had lost their killing intent, and were now only nervous and afraid.

Even the Shura's upper echelons were nervous, let alone them.

"Boundary Lord, long time no see, how have you been!"

Mi Tian of the Shura family walked out and said with a smile.

It was as if he was seeing an old friend that he had not seen for many years.

Don't get me wrong, the Shura patriarch treated all his opponents the same, especially someone as powerful as Zhou Hao.

"Your men joined forces with commander Jiang to kill me. Now, shouldn't you give me a satisfactory explanation?"

Zhou Hao went straight to the point. At the same time, he was also investigating the entire Shura family, trying to find out if there was anyone special.

The Shura patriarch, Mi Tian, immediately rebuked the Shura geniuses

"You idiots, the lord of the realm is a friend of my Shura race. Didn't I tell you long ago that you're all too bold? do you even take my words seriously?"

Now it seemed like Mi Tian was questioning them, but in fact, this sentence was a double-edged sword, giving these juniors a chance to live.

These juniors were not idiots. They were all very alert now.

"Master, I was blind. I didn't know it was the boundary master at first. If I knew it was him at first sight, I wouldn't have dared to attack him!"

"That's right, master. This is a misunderstanding. If we knew that he was the boundary master, we wouldn't have dared to do it even if we were given a hundred guts!"

The Shura juniors said hurriedly.

Zhou Hao sneered in his heart. This Mi Tian was really not simple. With just a few words, he had turned this matter into a small one.

If it was someone else, they wouldn't be able to do it.

This was actually Zhou Hao's first time meeting Mi Tian, and now he finally knew that outsiders liked to call these hidden old monsters old foxes.

To be able to save them from danger so easily was not something that anyone could do.

Not only did this not make people feel disgusted, but it also made people unable to get angry.

## Chapter 1219

*Chapter 1219: Heading to the Asura battlefield*

If it was before, Zhou Hao would not have let it go so easily. After all, he was not a three-year-old child.

But now, Zhou Hao decided to give Mi Tian some face. In addition, she didn't want to start a war with the Shura race yet.

Now, he already had many enemies. If he had one more enemy, he would definitely have a lot of trouble in the future.

So, she thought that it was better for her to solve what she needed to.

In this way, if he encountered similar situations in the future, he could think of a way to deal with it easily.

"Since it's a misunderstanding, I won't be calculative with them. However, I only hope that this kind of thing will only happen once. Next time, I won't let them off easily, no matter who it is!"

Zhou Hao's eyes swept over the juniors before finally landing on Mi Tian.

Mi Tian cursed in his heart. These idiots had already told them that if the mission didn't go smoothly, they should immediately stop.

He didn't expect that they didn't take it seriously at all and actually continued to find trouble.

It was a good thing that Zhou Hao was willing to give them face this time. If they were to go as crazy as before, the Shura would probably never have a Day of Peace.

Before this, Zhou Hao, the God of plague, had caused chaos everywhere he went.

The places that Zhou Hao went to were still filled with smoke.

Countless forces were on guard against Zhou Hao, not wanting to see such a thing happen.

.....

From the past until now, they had encountered countless similar situations. However, they had never dared to offend Zhou Hao.

Zhou Hao was too terrifying. He was already in the harmonization realm half a year ago. Now, he was even more terrifying. Even if he wasn't in the God Realm, he wasn't far from it.

Therefore, the current Shura patriarch, Mi Tian, was thinking that he absolutely could not become Zhou Hao's enemy for the time being.

Otherwise, the Shura clan would not have a good time in the near future.

He definitely didn't want to wait for that day.

"No matter what, this is the fault of these idiots. How about this, I'll lend you my Asura pool for a day?"

Mi Tian knew that Zhou Hao would definitely hold a grudge against him, so after a moment of hesitation, he spoke.

The Shura family's elites and the Army were all envious.

The Shura pool was actually the same as some spiritual pools. It could change their Constitution and temper their Foundation.

Even immortal State Warriors couldn't refuse such a condition.

Countless experts had joined the Shura family in order to use the Shura pool.

This was also the true reason why the Shura could grow so strong.

“This condition is quite sincere. Take me there. I want to use it now!”

Zhou Hao said immediately. He was tempted. Such a place for cultivation was very difficult to find in the universe.

Most of what was discovered were taken by these powerful families.

He had thought about snatching it, but it was like snatching food from a Tiger’s mouth. He didn’t want to do that now, as he didn’t want to cause himself more trouble.

If it was in the past, it would be fine. But now, he estimated that he would have a headache for a long time.

Therefore, he didn’t want to do such a thing now.

Jonina and Yang Yuanyuan, who were following behind, were overwhelmed by the unexpected favor.

They had a good relationship with Zhou Hao, but they did not expect that Zhou Hao would value them so much.

Could it be that boss likes me?

Jonina’s face was flushed red as she thought of Feifei.

Yang Yuanyuan’s face also turned red. She also thought of this possibility.

In fact, they were thinking too much. Zhou Hao was not thinking in that direction, but he wanted to train them.

It was so that when they faced powerful opponents in the future, they could work together to deal with them.

Zhou Hao realized that this was the only way he could increase his chances of success in the future.

Before this, he had also thought of solving these problems by himself. After all, he was already able to take charge of an area.

However, after experiencing some things, Zhou Hao knew that there was a limit to a person’s strength. Therefore, he could only think in other ways.

This way, even if he died one day, he would be able to resolve his concerns.

He had improved a lot since then, but this was not enough. He needed to improve even more.

As long as he continued to improve, he would be able to solve the problem quickly while increasing his confidence the next time he encountered the same problem.

As soon as he entered the Asura pool, Zhou Hao felt the power in his body change. It had been static before, but now it began to stir.

It was like a lamp that had run out of oil had been revived.

“I’ve broken through!”

Not long after entering the Shura pool, Jonina suddenly felt her power rising.

To her, who had not changed for a long time, this was the biggest surprise.

After confirming that it was indeed the case, Jonina was very happy and very grateful to her boss.

If not for this boss, not to mention breaking through now, it would be impossible in the future.

Now that he had finally broken through, he would have more time to allocate his next tasks.

She had considered a lot before this, but there were some things in front of her that kept her busy. For example, this kind of breakthrough required her to keep persevering.

But it made her very distressed, and some things she had to do.

Such a problem would be easily solved after the breakthrough.

“Boss, thank you!”

Jonina was overjoyed, her heart bursting with joy. She couldn’t help but give Zhou Hao a light Peck on the cheek.

Zhou Hao was stunned for a moment. He thought it was an illusion, but when he touched the wet spot on his face, he knew it was real.

Zhou Hao only felt that it was strange, but he did not say anything. He thought that this little girl was probably not interested in him.

It was not that Zhou Hao’s reaction was slow, but that he was completely focused on solving the problem of the mutated beasts.

In the short term, he had no other thoughts. The mutated beasts were his top priority.

They had stayed in the Shura pool for a day, and when they were hungry, they would eat energy biscuits.

He only left the Shura pool the next day.

“Did I forget that I have something important to do?”

When they left the Asura zone, Zhou Hao suddenly remembered that he had forgotten something.

Jonina and Yang Yuanyuan were speechless. Their boss was still the same as before.

After thinking for a while, Zhou Hao still couldn't remember anything, so he gathered his thoughts. He couldn't continue to waste time on this matter. The most urgent thing now was to take on some more urgent matters.

“Head to the offworld battlefield. I think Captain Zhang needs our help!”

## Chapter 1220 - Asura Mi Tian

*Chapter 1220: Asura Mi Tian*

Zhou Hao didn't know that not long after he left.

A man walked out of a secret room in the Shura family. He was wearing gold-rimmed glasses and a white coat, and he had an elegant aura.

If Zhou Hao was here, he would definitely recognize this person as commander Jiang from before.

However, Zhou Hao did not know what he had missed out on.

“Has he left?”

Commander Jiang wiped his sweat. Before this, she had been worried that Zhou Hao would search the secret room. Once he did, she would not be able to leave the Shura family.

"I'm leaving. If you have any other requests, you can ask me. I'll agree to anything that can be solved, as long as you agree to what you promised me when you first came to the Shura family!"

Mi Tian's face was expressionless. In fact, he had long colluded with commander Jiang to conduct research on earth.

The research base on earth was only one of many.

Many people had guessed that commander Jiang's pig was in the base headquarters, but they had never expected that the base was in the core of the Shura family.

It was very safe there, so commander Jiang was studying it. It was the ancestral land of the Shura, and ordinary people were not allowed to enter.

Although Zhou Hao did not search for it, commander Jiang still felt as if he had just survived a disaster, as if he had just brushed past the god of death.

If Zhou Hao had insisted on searching the area, he would not have been able to escape.

.....

The last time he had met Zhou Hao, he had felt that he was very weak. But now, he felt that if he were to attack now, he would probably be hung up and beaten.

Therefore, commander Jiang knew that his current research was not enough to deal with Zhou Hao. If he wanted to deal with him, he could only continue to live.

"Continue your research!"

Shura Mi Tian did not say much. Right now, all her hopes were on commander Jiang. As long as the research was successful, the Shura clan would be able to regain their position as the Overlord.

At that time, they would stand out from the tens of millions of large families and become a super Overlord.

However, before that, she could only keep her expectations up. As for whether commander Jiang could complete the test subjects in this experimental base as he had hoped, it was still an unknown.

Now, she wanted to help out like before. However, ever since she had made things worse, she didn't want to get involved in this kind of thing again.

He wanted them to solve it themselves now, but he would let them think about other things in the future.

Just like that, he roughly knew what he had to do.

.....

Zhou Hao left the Shura clan's territory and boarded the Flying Ship to another Nebula. He quickly entered the vast battlefield outside the domain.

When he entered, Zhou Hao frowned. What he saw was still an extremely tragic battle.

The mountains of corpses and rivers of blood he had seen before were the same now.

People from several planets had joined the battle, and both sides had suffered heavy losses.

Zhou Hao couldn't figure it out. Such a method of killing 1000 enemies at the cost of 800 of their own people shouldn't be beneficial to either side.

He did not understand why they were still fighting. In Zhou Hao's eyes, this kind of battle was meaningless.

Zhou Hao didn't continue to think about this matter. He knew that even if he was in the immortal state, he couldn't control the overall situation.

The only thing she could do now was to help Captain Zhang as much as possible and reduce their losses as much as possible.

After entering the battlefield, Zhou Hao quickly met Captain Zhang, whom he had not seen for many years.

Captain Zhang was no longer the captain. He had been promoted to a general.

"You brat, why didn't you tell me when you arrived? if you had told me earlier, I wouldn't have to sit here and wait for you!"

Captain Zhang immediately stood up and walked over. He looked very happy.

He did not expect Captain Zhang to be the same after so many years. Zhou Hao was very happy.

His old friend was still the same.

"I came here to help you. Tell me, what tasks do you have for me? I won't find it troublesome and I don't have anything to do. Now, you just have to give them to me and I'll help you get them done!"

Captain Zhang didn't hold back. He told him directly that there was a demonic defense line in front that he needed to open.

Zhou Hao immediately brought Jonina and Yang Yuanyuan to the demonic line of defense that afternoon.

"Why are you here? you don't have to come with me. I can do it alone!"

Zhou Hao did not expect Captain Zhang to follow them. She must have been worried about him, but she felt that there was no need to do so now.

Captain Zhang was indeed worried. After hearing Zhou Hao's words, she still had no intention of leaving this place.

It wasn't that she didn't want to stay, but there was still a position in the back that he needed to guard. The matter there was also of utmost importance.

At this critical juncture of the war, there were many things that they could not easily solve.

Now, they might encounter more problems, so they could only shorten the time they had.

After Captain Zhang went back, Zhou Hao immediately led his men to attack.

"You guys follow behind me later. If there's no need to fight, don't fight, understand?"

He knew that the person behind him, Yang Yuanyuan, was an impetuous person, so he felt that he had no choice but to say this.

Yang Yuanyuan was silent for a while, but she could only agree to her boss's request. Now, she wanted to do the same thing as before.

However, Yang Yuanyuan knew what was more important this time. She thought it was better for her not to do that. If her boss was unhappy and drove her away, she would be in deep trouble.

"Boss, go do what you want to do now. We'll solve our own problems!"

Just like that, Yang Yuanyuan accepted her boss's arrangement.

Zhou Hao glanced at Yang Yuanyuan. She had grown up, which was a good improvement.

In the past, Yang Yuanyuan had always been very willful, so many things had happened after that. She didn't want things to turn out like this again.

Zhou Hao immediately walked out. He saw many demons flying out from the demonic line of defense, all of them baring their fangs and brandishing their claws.

“Chief sovereign, look! Haha, a few human ants want to challenge us!”

Some of the little demons immediately noticed Zhou Hao and Yang Yuanyuan on the battlefield. They were too eye-catching.

On this battlefield, other than them, everyone else was dead.

The appearance of three living people was particularly eye-catching.
