

# Starting With One Million Luck Points

## Chapter 1221 - The demons 'line of defense

*Chapter 1221: The demons 'line of defense*

When they saw that Zhou Hao was indeed heading toward their territory, the demons immediately began to mock him.

In their eyes, Zhou Hao and his men were here to die. That's right, to die.

"Brothers, leave the man to the ruler. The rest is yours. Do you understand?"

An evil demon leader said to the other evil demons.

Although the demons were very unwilling, they could only choose to accept it. At this time, it was already a blessing for them to be given some soup.

If there wasn't even a mouthful of soup, they could only continue to watch helplessly.

"Where's your boss?"

Just as the demons were thinking about how they were going to eat Zhou Hao, they suddenly heard a voice in front of them.

The demon leader was shocked. It was the first time they had seen a human with such a strange speed.

When they were sure that it was Zhou Hao, they heaved a sigh of relief. As long as it was not a human powerhouse, they could easily deal with him.

At this moment, the demons could not see Zhou Hao's strength. They thought that he was just an ordinary person.

"Human, you're not afraid of us. You dare to come over? this is the first time I've seen a human with such courage. I won't kill you directly later, but I'll have a good taste of your flesh!"

These demons all laughed eerily, thinking that they would definitely be able to taste a very delicious food.

.....

The way they looked at Zhou Hao now was the same as how humans looked at delicious food.

Zhou Hao looked at them in disgust. He held back the urge to slap them to death and continued to ask, "I'm asking you, where is your boss!"

Zhou Hao didn't care about these little demons at all. Now, she could easily get rid of them without any effort.

However, he did not do so now.

It wasn't that she couldn't do it. Now that she wanted to deal with the demon boss here, she left the rest to her brother, Captain Zhang, who was behind.

In the past, he hadn't gone to the starry sky Academy because of Captain Zhang's recommendation. If it weren't for that recommendation, he probably wouldn't have made any progress. He might even have become food for the demons.

It could be said that it was because of the opportunity that Captain Zhang had given her that her identity had changed dramatically. Now, he still wanted to repay Captain Zhang with a fountain like he had done before.

The little demons were stunned. They could not believe that this human dared to ignore them.

It was as if this human was looking down on them. This was the first time they had encountered such a thing since they came to this battlefield.

These little demons were all extremely furious. Although they weren't the demon bosses here, they were still demons.

It was no wonder the demons were so angry. In their eyes, humans were born with inferior genes and were born to be enslaved.

Now, these slaves actually dared to look down on them. Instantly, they felt that they had been humiliated to the greatest extent.

"Human, you're courting death! Brothers, let's attack together and tear him into pieces!"

Some Imps couldn't help but call out to their companions.

Soon, many demons gathered together. There weren't many at first, but now there were thousands of them.

The scalp of an ordinary harmonization realm expert would go numb if they saw this.

However, it was a pity that the demons were not facing an ordinary person. They were facing Zhou Hao.

Therefore, what was destined to happen now would change because of Zhou Hao.

None of the demons knew what was going on, and all they wanted to do was kill Zhou Hao.

“Don’t dirty it. Also, don’t let him die so unsightly. I don’t want my food to be as sticky as before!”

The demon ruler warned them from behind.

“Master, don’t worry. We’ll definitely leave you with a complete meal!”

After saying that, the squad leader immediately ordered the Imps to attack.

In the next moment, the Imps began to charge and swarmed forward.

“Human, I will make you wish you were dead!”

These Imps were tenacious, but they didn’t have much strength.

Zhou Hao did not make any fancy moves. Just like when he dealt with the powerful enemies, he only threw a punch.

Her fist contained no ordinary strength.

She threw out a punch.

“All of you, go to hell!”

It was also this punch that blasted out a long passageway in front of these evil demons, which was hundreds of meters long.

Countless little demons were all killed, and many of them did not even have time to react.

This human was so terrifying that the evil demons all sucked in a breath of cold air.

They had never thought that an ordinary-looking human could actually use such a terrifying power.

In an instant, these little demons knew that they were no match for him.

“Boss, we might not be able to stop them. We still need you to help us!”

Some of the little demons immediately began to ask for help from their bosses. They had no choice but to do so.

If they continued to charge, it would be equivalent to suicide.

“A bunch of trash!”

The devil leader didn’t attack. Instead, he let his Devil Dogs charge forward. These Devil Dogs were all bred with super genes. They weren’t afraid of death and had a strong life force.

“You guys follow her immediately and find the right opportunity. We can’t let her escape. When the time comes, we’ll give her a fatal blow!”

The demon squad leader immediately ordered the remaining little demons.

Right now, the demon squad leader was also thinking that if they couldn’t even settle such a small matter, then they should all die.

These little demons didn’t know what their Captain was thinking. If they knew, they probably wouldn’t dare to make a move.

“Go to hell, all of you, die!”

Zhou Hao’s entire body was filled with hostility. He thought of how useless he had been in the past, unable to protect the people he wanted to protect. Thus, he began to madly slaughter these little demons.

They had killed many demons in the past, but the demons were very tenacious and could always rise from the ashes.

At that time, he was powerless and could only leave this place. Now that she had strength, her mind was filled with thoughts of killing these little demons.

He didn’t want to let a single one go.

The Imps were in a state of panic. They quickly realized that they had underestimated the human in front of them.

This human was far more terrifying than they had imagined. They also knew that they were more powerful than any enemy they had ever encountered before.

## Chapter 1222 - First time getting injured

*Chapter 1222: First time getting injured*

Not only did they realize it now, but the old man, who had not intended to make a move, also realized it.

He also knew that if he didn't make a move now, he would be in danger.

Their expressions were unsightly. Even if they didn't want to make a move now, they had no choice.

It was the same as before, absolutely not.

"Master, I hope you can take action now. If it were just us, I'm afraid we wouldn't be able to deal with him now!"

At this time, the demon squad leader was already timid and quickly ran in front of their ruler.

A ruler-level demon was equivalent to a ruler-level mutated beast, and it came from another dimension.

The demon ruler's body was like a small mountain, and his strength was terrifying. Just one of him was comparable to dozens of demons combined.

"A bunch of useless things, get lost, I'll do it!"

The ruler-level demon immediately walked forward and punched out. The muscles on his body squirmed, and a terrifying force burst out.

At the same time, the air currents shot out like scattered flowers, gathering together and hitting Zhou Hao's body.

In an instant, Zhou Hao's entire body was sent flying backward, and he crashed onto the ground.

At that moment, Zhou Hao felt that he was injured. That's right, that was it.

.....

"I'm injured?"

Zhou Hao's eyes widened in disbelief. He was actually injured. This was the first time in a long time that he had discovered this.

Zhou Hao was excited. If he could be injured, it meant that he could fight the demonic ruler and improve his strength.

After entering the God Realm, he had not experienced any changes for many years. Now, he finally did.

Then, this was different. As long as he grasped what he should grasp, then he could create countless impossible things in the future.

Zhou Hao immediately rushed forward and used the bull's charge, including his own bull's strength.

In an instant, Zhou Hao entered a berserk state and charged forward like a wild bull.

"Not good! It's a God-grade cultivation technique!"

The demonic Lord was still the same as before. He planned to use his own violent means to deal with Zhou Hao. He didn't expect Zhou Hao to be so powerful.

At this time, the demonic ruler also knew that Zhou Hao's strength was far beyond this.

If it had been anyone else, they would not have been able to block his first attack and would have even died.

However, Zhou Hao did not do so. Not only did he block the attack, but he also seemed to be doing it with ease.

The wings on the back of the demon ruler immediately flapped and created a hurricane that swept in all directions.

These tornadoes started to spread in all directions with the demon ruler as the center.

Many small evil demons were swept up by these hurricanes, and some of them died tragically without even knowing what had happened.

Some Imps begged their Overlord for mercy, but it wasn't just their Overlord who remained unmoved. Even their squad leaders remained unmoved.

To these leaders, the Imps were only a part of their nutrients, and their deaths were not to be regretted.

Originally, there were over a million little demons, but now there were less than a million, and their numbers were still decreasing.

If this continued, it wouldn't be long before it was reduced to nothing.

Seeing that the situation wasn't too bad, they immediately realized how bad the situation was. They didn't expect it to turn out like this.

"Damn it, how could it be ..."

Their eyes were wide open. They didn't expect their ruler to attack them now.

Many Imps wanted to resist, but they found that their resistance was useless.

Instantly, they broke down. Nothing could break their defense more than this.

The demon Lord didn't care about their lives. He only wanted to use the tornadoes to kill Zhou Hao.

With Zhou Hao dead, no one would pose a threat to him, and it would be much easier to do things in the future.

In the next moment, Zhou Hao realized how special his actions were.

"You animals must be having a good time here. Today, I'll let you taste the anger of a human!"

Zhou Hao immediately pushed out a palm, and the raging fire palm was constantly thrown out. As the number of attacks increased, his flames became more and more terrifying.

In a short while, the entire battlefield was turned into a sea of fire.

Even those hurricanes could not affect the condensation of these fiery palms.

The demonic ruler's expression changed and he was terrified. He didn't think that Zhou Hao would be able to break his attack so easily.

The demon ruler immediately knew how dangerous his current situation was.

"Damn it, I can't let her get her way. Otherwise, the demonic defense line will collapse sooner or later!"

Thinking of the collapse of the demonic line of defense, the demon Lord subconsciously told himself how important it was to defend this place.

At the same time, the demon ruler was also telling him that he had to get this matter settled.

Only in this way would he use the same experience to solve the problem he needed to solve the next time he encountered a similar situation.

Otherwise, it would be the same as before. He thought that the base camp behind him would be completely destroyed.

“Damn human, you are very strong, but I will never let you pass from the front!”

The demon ruler growled and stepped forward again.

This foot stomped heavily on the ground. It was as if there was a magnitude 3 earthquake, and the ground shook.

Zhou Hao had already been hit once before, and now he knew that he could not be stepped on again.

Although he was only injured, it would affect his performance in the future. If it was the same the next time, he would definitely get the same result.

Before this, he had never thought that things would turn out like this. He had already learned a lesson from this.

Now, he just wanted to figure out what he had understood. Only in this way could he completely solve the problem when he encountered the same thing in the future.

Otherwise, it would be the same as before. When the time came, it would be the same as before when he was in trouble. The unknown future would give him a severe blow to the head.

The situation was different now. He probably understood how meaningful his actions were to him.

Zhou Hao jumped up high and used the blue wave palm and the eighteen Dragon subduing palm.

The sky was split into two, and a blue sea poured down like a storm, hitting The Fiend ruler.

Every raindrop was smashed by the fist, and the demon ruler soon began to struggle.

“How could this be ...”

The demon ruler also felt her life force rapidly disappearing. This meant that the threat she posed was increasing.

This human wasn't human at all. He was a monster. No, he was a demon.

## Chapter 1223 - strategizing

*Chapter 1223:-strategizing*

The demon ruler knew how dangerous this was, and he understood that he had to kill his way out as soon as possible.

Zhou Hao would beat him to death.

Just as the evil demon was thinking of a way to get out, a Divine Dragon flew down from above and smashed into his body.

“Owwuuu ...”

“Arghh!” The demonic ruler screamed. He didn’t expect Zhou Hao’s last punch to be used together with the previous move. More importantly, it was even more powerful.

Zhou Hao chuckled. He had not expected that the move he had thought of earlier would have such a remarkable effect.

Before this, he had thought that he would never be able to use it and had already planned to keep it for himself. He had never thought that he would be able to use it one day.

Blood Rage!

The body of the demonic Lord suddenly began to swell, and the qi and blood in his body began to rise. One could also see the qi and blood drilling out of his body and beginning to move like dragons and snakes. Finally, it stopped at a position and formed two horns.

Compared to before, this evil demon was much stronger. Its vitality had far surpassed that of a harmonization realm expert. Even if it wasn’t now, it was close to it.

Zhou Hao was shocked. He had actually made a breakthrough so quickly. It seemed that this demon still had secrets that he did not know about.

Zhou Hao rushed forward and used his fist to punch again.

“You’re overestimating yourself!”

.....

The demonic ruler threw a punch. It thought that it could easily kill Zhou Hao now that it had improved.

When their fists met, there was a cracking sound. One of the bones in the demon’s arm was broken.

How was that possible?

The demon ruler was stunned. He couldn’t believe it. He felt that even if he was weak, he shouldn’t be in this state.

Once again, Zhou Hao went around to the back and kicked him.

Bang! Bang!

The demon ruler didn’t even have time to react before he was sent flying.

He fell into the group of little evil demons ‘corpses far away. He was in a sorry state and looked embarrassed.

When the other little evil demons saw this scene, they were so scared that they fled in panic. One ran faster than the other, fighting to be the first.

“You want to run? hehe, it’s not that easy!”

This time, Zhou Hao did not make a move.

Jonina immediately went back up and caught up with the mutant beasts, using her newly learned skill,[tornado slash].

Before, Jonina had only been able to use this technique to release one tornado. This time, she had understood the core of the technique, and could use it two times in succession.

As the two [tornado slash] passed through hundreds and thousands of Imps, their heads were sent flying high into the air.

When the tornado cut’s power disappeared, the small evil demons ‘heads fell to the ground again, their eyes filled with fear.

The demon ruler didn’t care, and he used his other arm to punch again.

“Kid, you shouldn’t have appeared in this place. Now, you will regret your stupidity!”

Zhou Hao shook his head. Even at this point, the demonic Overlord still did not understand his current situation. This was not only pitiful, it was also very lamentable.

“I’ve seen many people like you. If they all died, you would be the same!”

When Zhou Hao’s fist collided with The Fiend Dominator’s, it was as if two yellow bells had collided together.

BOOM!

A terrifying and overbearing force swept out in all directions.

A shrill cry rang out, with a strange and ear-piercing tone.

啊啊啊啊!

Jonina and Yang Yuanyuan were both stunned. They knew that their boss had improved a lot, but they didn’t expect him to have improved so much.

At first, they thought that they had understood their boss, but now they realized that they had only seen the tip of the iceberg.

He had thought that they were familiar, but now, he suddenly felt like he was facing a stranger.

“Boss, you’re really amazing. I’m impressed, I’m really impressed!”

Yang Yuanyuan was very excited now. She remembered the time when she and Zhou Hao had fought against tens of millions of mutated beasts.

This old man was a man who could hold off ten thousand people by himself.

As long as the boss was here, the mutant beasts could only run away with their tails between their legs.

Although he was facing a mutated beast, it was all the same to him.

The devil would be tortured to death by this boss sooner or later.

“Boss, well done!”

Jonina quickly dealt with one-third of the Imps, and now she was very excited to cheer Zhou Hao on. If this continued, things would be much smoother.

“Human, I’ll definitely keep you here today. I’ll make you wish you were dead!”

The demon Lord roared in anger. He was stepping on the corpses of humans. To him, these humans were like ants and prey.

But now, Zhou Hao had suddenly appeared as a Hunter. How could the demonic Lord accept this? he was extremely furious.

Zhou Hao curled his finger and started to provoke her, “If you’re not convinced, then get over here and continue to fight. I’ll beat you until you’re convinced!”

The demon ruler was furious. If he didn’t get a result today, he wouldn’t have the face to continue staying here.

In this place, even the Shura didn’t dare to provoke them easily. This human in front of them was simply seeking his own death.

After a short while, the injury on the demon Lord’s arm recovered, and a thick layer of muscle tissue grew out to protect his hands.

“If you think you’ll be fine like this, then I think you’re simply dreaming!”

Zhou Hao said indifferently. Then, he placed one of his hands on the demonic Overlord’s arm and gently exerted force.

Then, the demon ruler felt a continuous force coming from the seemingly weak hands and pressed down.

“Roar!”

The demon ruler was in pain. He instantly felt waves of pain coming from his arm and then to his brain.

At this moment, the demonic ruler’s desire to kill Zhou Hao grew even stronger, and his eyes turned red.

Zhou Hao’s thoughts were different, but the result was the same. This was only the beginning of the torture.

“Many humans have died at your hands here. Now, for every one that dies here, you will be tortured by me to the point where you would rather die than live. You better be mentally prepared!”

Zhou Hao’s eyes were cold as he grinned.

The demon ruler only felt that he was being targeted by a demon who had forced himself to become more like a demon.

In an instant, the demon ruler knew that he was in danger, but he didn't expect the situation to turn out like this.

"Human, don't think that you can defeat me just because you were lucky enough to defeat me with a few moves. If you keep thinking like this, it's simply ridiculous. Die!"

The demonic Lord roared and raised his fist to punch upwards. This punch not only contained his anger, but also his anger.

## Chapter 1224 - Killing the demon ruler

*Chapter 1224: Killing the demon ruler*

The punch finally landed on Zhou Hao's chest.

"Go to hell!"

Just as The Fiend Dominator thought that his punch would send Zhou Hao flying, he was stunned.

What did it see? Zhou Hao didn't move at all. In fact, his punch didn't even cause any damage.

At most, it left a fist mark on Zhou Hao's chest, which was quite obvious.

How was that possible?

The little demons who hadn't died were in disbelief, and they all cried out in alarm.

Their ruler-level demon was at the ruler-level, and was even stronger than those calamity-level mutant beasts.

Even if an expert who had stepped into the starry sky appeared here, he would not be able to withstand a single move.

Even a harmonization realm expert wouldn't be a match for him. It was impossible for him to remain unscathed.

However, this kind of thing that was impossible to happen with basic injuries had happened in front of them.

"This must be fake, this must be my illusion!" He thought.

The demon ruler couldn't believe it. It had killed many human experts here, but this was the first time it had encountered such a monster in a long time.

.....

At that moment, the current fiend Dominator was completely unable to remain calm. He looked at Zhou Hao as if he had seen his nemesis.

On the other hand, Zhou Hao had probed out the strength of the demonic Overlord. It was still alright, just barely.

In other words, he could only be considered a King here. If he were to be placed in the other star fields of the universe, he would only be able to rise to the middle class at most.

This was not enough.

"It's not easy for you to improve your strength. I can give you three chances to kill me. I won't fight back!"

Zhou Hao's eyes were filled with contempt. He didn't care about this at all. Everything was under his control.

After getting a clear understanding, he didn't take it seriously anymore.

"Human, what did you say? how dare you look down on me? do you believe I'll break your bones?"

The demonic ruler was trembling with anger. This time, it had never been so angry before. If it wasn't for the special situation, it really wanted to rush forward and fight Zhou Hao to the death.

However, the demon Lord knew that he couldn't do that. If he did that, it would be the same as seeking death.

Zhou Hao curled his finger and repeated the same thing as before, "Come, I'll give you three chances. If you don't want it, I'll kill you. This is your only chance to kill me!"

Hearing this, the demon ruler's face sank. If it was before, it would have attacked without hesitation.

But now, the demon Lord didn't do so because he knew that it was useless.

That was because Zhou Hao was too powerful. He was so powerful that Zhou Hao did not even take him seriously. Zhou Hao could completely crush him.

The demonic Lord forced himself to calm down and told himself that he couldn't be fooled anymore. He needed to take a different approach to kill Zhou Hao.

If it had been someone else who had underestimated the enemy, they would probably be in danger and might even die.

However, Zhou Hao was different. The outcome was destined to be different.

"You're the one who gave me the chance. Since you're looking for death, I'll fulfill your wish!"

The demon ruler immediately created another doppelganger with only one-third of its strength. This was one of the demon's skills.

Only when a demon reached the level of a ruler could it do so.

"Kill it from behind!"

The Fiend Dominator had his clone go around to the back to launch a sneak attack, but he didn't know that this method was useless.

Zhou Hao had experienced a lot before this. Even without using some methods, it could roughly guess and judge.

Zhou Hao wasn't in the harmonization realm, he was in the God Realm. After the transformation, his facial features had long since surpassed that of an ordinary person.

In his current state, it would be easy for Zhou Hao to know if there was any movement around him. Now, Zhou Hao had everything in his hands.

At this moment, the demon ruler didn't know how powerful his opponent was. He was still as arrogant as before, thinking that he was the strongest.

At this time, The Fiend ruler felt that Zhou Hao had at most reached the peak of harmony realm, and it was impossible for him to avoid the attack from this place.

As long as it took advantage of its blind spot, then even a peak harmony realm cultivator would die.

“Kid, when you’re about to die, I’ll take out your soul. At that time, I’ll let you know how idiotic it is to find trouble with me!”

The demonic ruler sneered in his heart. He was already imagining the scene where he had captured Zhou Hao and tortured him.

The demonic Overlord used to love torturing its prey, and Zhou Hao was one such prey.

It had a very special prey this week. As long as it could catch Zhou Hao, it could continue to enjoy the pleasure it had before.

“Are you sure you think you can kill me?”

Zhou Hao laughed. He felt that this Demon Lord was different from the ones he had encountered before. It was really interesting.

This demon ruler seemed to think that he was very smart, and very unique.

The demon Paragon’s narcissism was unparalleled, but his energy was lacking.

Although this demon ruler was indeed the strongest, it only had one advantage. It was not very good in other aspects.

The Fiend Dominator was powerful and could be considered a peak existence, but unfortunately, this time, the disadvantage of The Fiend Dominator was also very obvious.

Now, this would also become a fatal flaw. This would be enough for Zhou Hao to do a lot of things and make a lot of preparations.

Even if the demonic Overlord did not do so, Zhou Hao would still be able to control everything with ease.

Of course, these demon sovereigns didn’t know.

The demonic ruler was still immersed in his plan and felt that everything was in his hands. He thought that he knew everything like the back of his hand when he had slaughtered the human army.

The current Demon Lord didn’t even know that he had changed from a Hunter to a prey.

It was fine if the demonic Lord didn’t know, but he was still full of confidence. He didn’t know how ridiculous he was in front of Zhou Hao.

Zhou Hao was just waiting. He could kill the demonic Lord now, but he didn’t.

This was because Zhou Hao felt that this was not the most appropriate time. He felt that he might have to wait a little longer.

It was a premonition that had appeared before, but it hadn't. What happened later made him regret it for a long time.

Now, he thought that maybe it would be the same this time. Now, he had to do what he had to do more than ever before.

Now that he understood all of this, he would be much more skilled in doing the rest of the things.

## Chapter 1225 - -luck with women

*Chapter 1225:-luck with women*

He didn't want things to be like before.

"Boss, you must be careful!"

Jonina cried out in surprise, but she was still too late.

It was unknown when, but the demon's clone had already circled around to Zhou Hao's back, only one step away.

Because the demon's clone was like a shadow, and there was no sun here, it was difficult to see clearly.

"Hahaha, it's too late now. Woman, watch how I'm going to kill your boss!"

It could be seen that Jonina was very worried about Zhou Hao. The demon immediately became excited. For it, the best revenge was to kill Zhou Hao in front of the people who were important to him.

"Brat, your luck with women is not shallow. Even if you die now, it will be worth it!"

The demonic ruler quickly discovered that on the other side, there was also a woman who was also looking at Zhou Hao with a worried expression.

This woman was Yang Yuanyuan.

Although Yang Yuanyuan's body was a mutant beast, the demonic Lord could still smell a human scent from her body.

The demon ruler didn't find it strange, because it was not the first time that mutated beasts had fused with humans.

"You've seen other mutated beasts like her!"

.....

Seeing that the demonic Overlord wasn't surprised at all, Zhou Hao was very surprised.

At the same time, he immediately thought of a possibility, and that was that the demon Lord might know something about commander Jiang.

As long as he could get the answer from here, he would not have to work as hard as Qidian did in the past to find out the result.

It couldn't continue to waste time on this kind of thing. It had to find it as soon as possible. This was the most important thing.

This way, it could continue to follow its previous plan step by step. Otherwise, it would be like before and waste a lot of time.

"Brat, it's not impossible for you to know, as long as you can survive now. However, I don't think you have the ability to survive now!"

The Fiend Dominator tried to divert his attention, thinking that it would be fine as long as his clone killed Zhou Hao.

Zhou Hao laughed evilly. Even now, he still thought that it was a human that could be easily killed.

"Is that so? then I'd like to see how you're going to kill me now!"

Zhou Hao had a contemplative look on his face. As long as everything was under his control, it would mean that there would not be any accidents during this period of time.

Now, he was very confident that no matter what happened, he would be able to solve it as easily as he had solved the problem that had been troublesome for him at that time.

"Do it!"

When the demon doppelganger successfully approached, just one step away, the demon ruler grinned and gave his doppelganger an order.

The clone also moved immediately. It bared its fangs and claws, opened its bloody mouth, and bit Zhou Hao.

Jonina and Yang Yuanyuan's hearts tightened. They were extremely nervous. Right now, all they could think of was to remind their boss.

However, they realized that they didn't even have the time to make a sound.

The demonic avatar jumped up high and bit down on Zhou Hao's neck.

At this moment, the two women's faces were pale and filled with despair. They really wanted to rush up and help their boss at this critical moment.

It would be good if they could help their boss or draw the demon away. After all, they were the only ones who could help.

Every time Zhou Hao fought, he would encounter a special situation. At this time, they needed to be his right-hand man and provide the help that they should provide.

However, it was fine if they couldn't do it right now. They couldn't provide assistance right now.

I'm really useless. If I'm stronger now, how can I be helpless when I encounter such a problem?

At this moment, Jonina once again felt a sense of defeat in her chest. She had felt this way before, but she didn't know how long it had been since she felt this way. It made her feel guilty.

She had been through a lot with this boss, and she was no longer the princess who had not been deeply involved in the world. Now that she encountered this kind of thing, she was still the same as before.

"Boss, I'm sorry. I should have cultivated properly. I didn't listen to you. It's all my fault!"

Right now, Jonina closed her eyes, not daring to look at the scene that was about to unfold. The image of Zhou Hao's tragic death was already in her mind.

It wasn't just Jonina, Yang Yuanyuan was the same.

However, just as they were about to close their eyes, they heard a strange sound.

How was that possible?

It was the demon ruler's cry of alarm.

What was going on?

Normally, The Fiend Dominator should be exclaiming in shock or feeling smug.

However, it seemed that what the demon ruler had foreseen did not happen.

They both opened their eyes and saw that the demonic Lord's clone was indeed biting Zhou Hao's body. More importantly, it was biting his neck.

However, the result was completely different from what they had expected. Zhou Hao was completely fine.

The demon's clone bit on it and froze, as if it had been cast with a petrification spell. It was motionless.

It wasn't actually a hold spell, but the demon was so scared that he didn't dare to move.

When it bit Zhou Hao, the demon's clone thought that it could easily use its sharp fangs to bite through Zhou Hao's neck, or even bite off his head.

However, when it bit down, the demon's doppelganger realized that its extremely sharp fangs could not penetrate the outermost layer of skin tissue.

It was as if his teeth were not working at all.

"Why is it like this?"

Now, the demon Lord was completely flustered and began to doubt his life. This was completely different from what he had thought before.

The result would be different. This was something he had never expected.

"So weak?"

Zhou Hao was also stunned. He had thought that the demonic Overlord would be able to bite through his skin, but he didn't expect that it wouldn't even work.

The demon's doppelganger turned to run, but Zhou Hao's sharp eyes and agile hands easily caught it by the tail.

"Let me go! I won't do it again! I won't appear in front of you again!"

The demonic Lord's clone was trying its best to break free from the human's grasp. At this moment, Zhou Hao was a demon in its eyes.

The demon ruler's expression was unsightly. He immediately made a decision. He didn't want to escape from this place.

However, seeing such a powerful opponent, the demon ruler knew that if he didn't leave, it wouldn't be long before he would be left in this place forever.

Thus, the demon ruler quickly made a choice, which was to escape from this place.

"Human, I'll remember you. The next time I see you, I won't let you go. Just you wait!"

## Chapter 1226

*Chapter 1226: Borrowing the Supreme heavenly mirror*

"Let's go!" The demon ruler said before escaping.

However, Zhou Hao quickly caught The Fiend's clone and caught up with The Fiend Dominator with his fastest speed.

That clone was very weak and could not escape from him at all.

To Zhou Hao, this demon ruler was the same. He could forget about escaping from him.

"How is that possible?"

The demon ruler was shocked. He didn't expect that the human in front of him was beyond his knowledge.

The demon ruler immediately knew that he was in danger.

"Don't kill me, I beg you. I can be your dog!"

The Fiend Dominator kneeled on the ground with a plop, his face full of fear. All of his previous thoughts of killing had completely disappeared.

Zhou Hao looked down at The Fiend Dominator from above. He felt that it was really ridiculous.

“I didn’t want to kill you at first, but now, I think that if I don’t kill you, my clansmen will not die in peace. So, I have to send you down now!”

Zhou Hao’s words were like the emotionless judgment of the heavens as they fell into the ears of the demonic ruler.

The demon ruler didn’t hesitate and chose to attack. His arms turned into fists and punched forward.

.....

‘This distance should be enough,’ the demon Lord told himself in his heart. Then, he smashed it.

Zhou Hao’s face was expressionless. He was not flustered in the face of danger.

“Boss, be careful of you!”

Although she knew that her boss was very strong, Jonina still couldn’t help but remind him.

At this distance, the explosive power of The Fiend Dominator’s body was very terrifying. In close combat, there were not many human powerhouses who could defeat this kind of fiend.

The main thing was that this demon was not an ordinary demon. It was a demon overlord.

Right now, Jonina also thought that Zhou Hao was only at the peak of the harmony realm. In the starry sky, he was only a top warrior.

However, what happened next made her realize that she had been wrong.

Zhou Hao’s fist smashed out, directly hitting the demonic Overlord.

The next moment!

The demon ruler’s body was sent flying like a cannonball and finally smashed into the battlefield 100 meters away.

BOOM!

When he landed, a huge pit instantly appeared on the ground, and the demon ruler also fell into it.

This was their boss?

Jonina and Yang Yuanyuan were both stunned. They couldn't believe it.

They had thought that they had seen the tip of the iceberg, but now they felt that what they had seen was only a drop in the ocean.

Also, Jonina and Yang Yuanyuan both felt that their boss, who had been so familiar to them, was now a stranger. It was as if they were facing a stranger.

"Boss, when did you become so strong? did you break through to the God Realm?"

Jonina was bewildered. She thought of a possibility and couldn't help but gasp.

Yang Yuanyuan was also looking at Zhou Hao, trying to figure out what was going on.

Zhou Hao didn't try to hide it from them. Since they were on the same side, he told them that he had already broken through a few months ago.

"Boss, you're a monster!"

"Boss, why didn't you tell us earlier? we were so worried about you!"

The two girls were shocked. This boss was really freakishly strong. They had seen countless stunning geniuses from the ten thousand races in the starry sky.

However, this was the first time they had seen such a freakishly powerful human being.

This boss was definitely the most terrifying person they had ever seen in their lives.

Jonina was also envious. She thought that if she could fuse with the bloodline of the boss, then her royal family would definitely have an extremely powerful warrior.

It was no wonder that Jonina would think this way. Even if their country was rebuilt after the war, it would still be in a state of great damage.

Her royal family was currently frowning and frowning over this matter. They had always wanted to find a man for her to start a family and career.

The most important thing was to have an heir to take charge of the overall situation.

However, she had always been unwilling and told her family that even if they were to choose, they would have to go through her own selection.

The family agreed, and after that, Jonina went out to look for her.

However, they couldn't find it. It was like looking for a needle in a haystack. Even Joanna had decided to give up.

Now was finally the right time. Jonina thought that if she chose her boss, it would definitely be the perfect choice.

"Ahem, Jonina, what are you thinking?"

Zhou Hao's face darkened when he saw Jonina's eyes, which looked as if she wanted to eat him up.

This Jonina must still have that kind of thought, but Zhou Hao had no intention of starting a family.

Furthermore, he had already sworn in his heart that as long as he did not resolve the mutant beast disaster, he would never settle down.

"Boss, how did you practice? can you tell me the method? I will definitely bring your skills to greater heights!"

Right now, Jonina was very eager. If she could get some information from her boss, even if it was just superficial knowledge, then it would be more than enough to deal with the mutant beasts on quwu star.

Her home was being rebuilt after the war, and what they needed the most now was a powerful body-tempering technique to improve their basic Warrior Training. As long as their Warriors were stronger, the rest of the mutant beasts would not be a threat to them.

This had been his biggest headache ever since.

Zhou Hao knew what Jonina was thinking. He was having a headache and said, "I want to give it to you, but I can't do it now. If you really want to learn it, just wait for a while. When the time is right, I'll give it to you!"

Jonina was very happy. It seemed that her boss still treated her the best.

"Boss, I'm here too!"

Yang Yuanyuan's eyes lit up. She was also very interested in this body-tempering technique.

These two girls would definitely be very persistent in the future. Zhou Hao was speechless. The reason why she did not want to give it to him was really hard to say.

After all, as long as he cultivated, he would grow a beard and leg hair, and become more like a man than a man.

However, Zhou Hao didn't say the specific reason, knowing that it would be useless to say it now.

Because he knew that once they took a fancy to someone, they wouldn't easily change their mind.

"Let's go and take the ruler's ink core, as well as the other valuable ones. I think we can make a good profit this time!"

Zhou Hao took away the demonic Lord's magic core and some other valuable items.

Then, they left the battlefield.

After they left, the patrol team sent out by the city saw that the demonic defense line on the battlefield had disappeared.

All of them widened their eyes in disbelief.

"Heavens, am I seeing things?"

"That's impossible. I must be sleeping. I'm going back to sleep!"

## **Chapter 1227 - what shouldn't be committed, committed**

*Chapter 1227:-what shouldn't be committed, committed*

They all felt that this was an illusion, and their subconscious was telling them this.

The leader rubbed his eyes. After confirming that he was not seeing things, he slapped the faces of his team members.

Pa!

These team members instantly sobered up. Only then did they confirm that it wasn't an illusion, but real.

When they confirmed it, they were all very excited and tears filled their eyes.

“Spread this news out. I think it must have been left behind by a powerful being. We have been cooped up for a long time, and now we can finally vent our anger. Spread this news to me. I want the entire universe to know about this. I want to see who will dare to look down on our soldiers on earth!”

The captain was elated and immediately asked his people to spread the news.

Soon, the news spread throughout the entire universe. Because the internet covered the entire universe, the news quickly spread to every corner of the universe except for the unpopulated corners.

The first ones to know were the strongest tribes, including the strongest God countries. After they found out, they were all secretly shocked.

They did not let their thoughts run wild like the other forces. A figure immediately appeared in their minds, and that was Zhou Hao.

“This guy seems to be hiding deeper than we thought!”

When the king of the Amay Empire saw the news, he was expressionless, but his heart was filled with regret.

He was not the only one. The elders of the other Academies who had initially rejected Zhou Hao were also filled with regret.

.....

Zhou Hao was definitely a man of great potential, and he could even become a dragon among men at a higher level.

However, they had lost such a talent because of their wrong judgment during the assessment.

“Go, spread the news that as long as Zhou Hao is willing to come to our country, he will be our distinguished guest, our National guest. Seeing him is like seeing me. We must not neglect him!”

The big shots of these big forces couldn't sit still and immediately spoke to their clansmen.

There was another reason why Zhou Hao wasn't very important before this. The number of mutant beasts was very small back then, and they weren't a threat to strong countries like theirs.

However, over the years, the number of rifts that mutant beasts appeared in had begun to increase, and now it was a huge threat to the universe's God countries.

Although the mutated beasts were only at the periphery and hadn't affected their God nation yet, they were still very weak.

However, the leaders who had great foresight knew that it was only a matter of time before they invaded their God nation.

They had to be prepared.

At this time, they were in urgent need of talents, and the scarcest ones were people like Zhou Hao.

Therefore, they all opened up their conditions and extended an olive branch.

However, Zhou Hao was not interested in the invitations, nor did he reject them.

Zhou Hao first went to a Mystic realm and met the disciples of the purple intellect sect. He asked them to borrow the Supreme heavenly mirror.

"How dare you! Who Do You Think You Are? the Supreme heavenly mirror of the purple intellect sect isn't something you can just borrow as you please. Throw it out!"

The purple intellect sect's elder immediately made a decision.

At this time, the purple intellect sect still didn't know that Zhou Hao had already killed the demonic sovereign and had become the Supreme immortal state.

In fact, the immortal state wasn't the most important thing. The key was that he wasn't even 100 years old. Even in God nations that had produced all kinds of monstrous geniuses, he was unique.

"I'm here today, so I must take it with me. Whether you give it to me or not, I'm taking it!"

Zhou Hao took a step forward. An invisible force surrounded his body, forming a protective shield.

The purple intellect sect's disciples immediately held their long swords and charged at Zhou Hao. However, while they charged up quickly, they were even faster when they returned.

These protective barriers were the protective gang Qis emitted by the human body. However, his gang Qis were far more terrifying than the gang Qis of the previous few realms.

Not only could his stellar energy attack, it could also defend, and its defense was even more terrifying.

The disciples felt as if they had hit an iron wall and were instantly sent flying.

When they fell to the ground, they were all bruised and swollen.

Zhou Hao did not attack because he did not want to kill the innocent.

“You’re no match for me. If you want to stop me, let your purple intellect sect’s patriarch do it!”

Zhou Hao’s words had completely infuriated the purple intellect sect’s elder.

It was one thing for Zhou Hao to look down on her genius disciple, but now he was looking down on her, an elder?

Zhang Zihui’s sword immediately struck out like a dragon. The autumn water swordsmanship that she had practiced to the peak was repeatedly thrust out like a storm.

“Elder, you must keep this fanatic here. Otherwise, if news of this gets out, our purple intellect sect will no longer have the face to continue living!”

“That’s right, elder, we must make him stay!”

The few geniuses were secretly angry. They felt embarrassed that they couldn’t defeat Zhou Hao. They only had one thought in mind, and that was to make Zhou Hao disappear.

“Shut up, you bunch of trash! Even if you don’t tell me, I know what to do!”

In the beginning, Zhang Zihui thought that she had the upper hand, but this time, she realized that Zhou Hao’s courage to come here was not because he was a hothead.

Facing the autumn water swordsmanship that she was most skilled in and had practiced to the peak, not only was Zhou Hao able to deal with it calmly, but he also seemed to be able to avoid it easily.

Furthermore, Zhou Hao was able to counterattack at the right time. It could be said that he was doing it with ease.

Zhang Zihui was very annoyed. She couldn't understand why she couldn't hurt a junior even after cultivating for ten years.

In the past, even if those monstrous geniuses came, they would definitely not dare to be impudent in front of her and could only tuck their tails between their legs.

Zhou Hao had completely exceeded her expectations.

"Dammit, how could it be like this!"

Zhang Zihui was so angry that she gradually lost her mind. She only wanted to use her sword to teach Zhou Hao a lesson and stay.

However, she didn't know that she had lost her mind, and various flaws had appeared in her swordsmanship.

To them, this was a taboo.

However, she had committed all the crimes that she shouldn't have.

"Elder, stop! If this continues, you'll suffer from Qi deviation!"

The few disciples at the side could tell that something was wrong, and they were all anxious.

If anything happened to this elder, the sect would definitely punish them.

An elder wasn't someone a few disciples like them could compare to. Every elder was a core member of the purple intellect sect.

In the past few years, the purple intellect sect had lost countless elders in order to deal with the mutated beasts. They had been replaced batch after batch.

Now, every elder was in short supply.

If something happened to an elder, the sect would definitely find trouble with them.

## **Chapter 1228 - bidding for the ruler's armor**

*Chapter 1228:-bidding for the ruler's armor*

However, how could the elder listen to him now? Zhang Zihui's eyes were red with bloodlust.

"Foolish!"

Zhou Hao shook his head. This Zhang Zihui had no need to do this at all. She was just suffering for the sake of her face.

Originally, Zhou Hao did not want to look for trouble. What he feared the most came.

Zhou Hao immediately used [midair leap], dodging the sword attacks with the fastest speed possible and found a safe landing point.

When he reached that position, Zhou Hao immediately used his hand to touch a few of Zhang Zihui's acupuncture points.

"Perverter, stop!"

In this world, the concept of men and women not being close to each other was deeply rooted. When the disciples saw their elder being taken advantage of by Zhou Hao, they could not stand it anymore.

It wasn't that they didn't know how to use acupuncture points, but the position of Zhou Hao's acupuncture points was different from the usual.

Zhou Hao did not pay attention to those idiots. Right now, saving people was more important. His hand was a replica of the sunflower acupuncture hand, and he accurately hit a few acupuncture points.

The few disciples quickly turned into a torrent of abuse, but their mouths were dry after a while. They knew that it was useless to curse, so they could only choose to give up.

Just as these few disciples were about to call for someone, they suddenly discovered that their elder seemed to have signs of returning.

Zhang Zihui's eyes were filled with energy. It was obvious that she had recovered.

.....

How was that possible?

The few disciples all cried out in shock. This was a Qi deviation! It was actually resolved by pressing on the acupoints. This was something that even their sect master couldn't do.

This wasn't just an eye-opener for the disciples, it was also an eye-opener for Jonina and Yang Yuanyuan.

If they hadn't seen it with their own eyes, they would have thought that this was a fantasy.

"You saved me?"

Zhang Zihui wasn't an idiot, so she could naturally see what was going on.

Zhou Hao didn't say anything. Instead, he spoke in a tone of an old man, "We're all young people. There's no need to fight and kill. Now, can you take me to see the sect leader?"

Zhang Zihui was embarrassed. This guy actually said that they were all young people. Although she was very happy, she quickly returned to her icy appearance.

"You saved me, so I'll naturally help you. Wait here, I'll report this to the sect master!"

Zhou Hao was waiting outside.

After a while, Zhang Zihui came out with the sect leader.

"It's not impossible for you to borrow the Supreme heavenly mirror. As long as you agree to become my disciple, I will allow you to leave now. I can also guarantee that you can look at the Supreme heavenly mirror whenever you want to in the future!"

Zhou Hao was stunned for a moment. He didn't expect the old sect leader of the purple intellect sect to be such a sly old fox. He wanted to send her to jail.

Zhou Hao felt that if he were to enter the purple intellect sect, he would never be able to leave.

Zhou Hao had encountered such a situation before. After learning from his mistakes, how could he make the same mistake again?

"Old sect master must be joking, I am just an ordinary person, I can be found everywhere in the star field. Besides, I like to be free and unrestrained, perhaps your sect is not a suitable place for me to stay!"

Zhou Hao refused immediately. He knew what the old fox was thinking. He just wanted to see who commander Jiang was and where he was before he left.

"I now have the armor of The Fiend sovereign. If the old sect leader is willing to lend it to me, this armor is now yours!"

Zhou Hao took out the spoils of war that he had obtained after killing The Fiend Dominator. It was a piece of pitch-black armor that was still flowing with thick demonic Qi.

When he took it out, all the disciples turned pale with fright.

“You killed the demon Lord? how is that possible?”

In fact, these disciples had already received the news before this. However, they had only heard it and did not take it seriously.

He just thought that it was just some gossip like before.

Now, they all knew that it might be true.

“You know me?”

Zhou Hao looked at the group of disciples.

The group of disciples then told him what had happened.

“So you’re brother Zhou. I was blind. I take back what I said earlier. Please don’t take it to heart!”

The old sect master’s expression suddenly changed and he hurriedly changed his attitude.

Zhou Hao was now the most popular person in the royal family of the universe’s strong countries, and everyone wanted to win him over.

If the news of them offending Zhou Hao were to spread out, it would not be long before purple intellect sect would cease to exist.

Offending Zhou Hao was the same as seeking death. Zhou Hao didn’t even need to do anything.

It turned out that the news of him killing the demon ruler had already spread.

Zhou Hao immediately understood why they had lost their composure.

“Elder Zhang, hurry up and take out the Supreme heavenly mirror!”

The old sect master immediately said.

At this moment, it was as if he had changed into another person.

The disciples did not dare to say anything. Even the important figures of the divine Kingdom would have the same attitude when they saw Zhou Hao, let alone the old sect master.

Zhang Zihui immediately went to the sect and took out the Supreme heavenly mirror.

After a while, Zhang Zihui came to the door with the Supreme heavenly mirror.

Originally, the old sect leader had wanted to treat Zhou Hao as a distinguished guest.

However, Zhou Hao rejected her. It wasn't that she didn't like it here, but she really had things to do.

Seeing that he couldn't make them stay, the old sect master was nervous, but he had no choice.

"Brother Zhou, I'm old and my eyes are failing me this time. Please don't take this matter to heart!"

Before Zhou Hao left, the old sect leader was on tenterhooks. Once the news got out, it would be terrifying.

"Don't worry, old sect leader. I, Zhou Hao, may not be a good person, but I'm definitely not a vile person who speaks ill of others behind their backs!"

Zhou Hao was in a good mood after receiving the Supreme heavenly mirror. This way, he would have less trouble.

He didn't mind.

Hearing this, the old sect master heaved a sigh of relief. It was fine as long as he didn't make a fuss.

With Zhou Hao's current status, a single word from him could make purple intellect sect disappear completely.

"Then I won't see brother Zhou out, take care!"

The old sect master accepted the demon ruler's armor with an uneasy mood.

Zhou Hao, Joanna, and the others first went to the Karpas auction house.

"Boss, how much do you think we can sell for this time?"

Thinking back to the auction at the mercenary group, they had sold it for a sky-high price. Now, before the auction even started, Jonina was already excited.

Zhou Hao wasn't sure either, so he said, "It should be 70 – 80!"

Zhou Hao wasn't looking forward to the price. To her, no matter what the price was, it was just a string of numbers.

No matter how many numbers there were, they would be used up one day.

"Boss, Orkas wants to see you!"

At this time, Yang Yuanyuan walked over and suddenly said.

Tip: You can use left, right keyboard keys to browse between chapters.

## Chapter 1229 - Mai Junjie's threat

*Chapter 1229: Mai Junjie's threat*

Zhou Hao hesitated for a moment, but he still chose to meet the little girl, Orkas.

In a resting room, Zhou Hao saw the beautiful girl, okas.

Previously, she was still a little immature and inexperienced. Now, she had completely changed into a different kind of temperament. She was cold and aloof, and had the charm of a mature woman.

Ockas was still wearing her blue dress, looking like a pure lotus in the world. She stood there elegantly, untainted by the dust.

"You're here!"

At the sight of Zhou Hao, faint dimples appeared on ockas's cold face. She was as beautiful as a flower in spring.

If anyone in the entire Karpas auction house saw this scene, their jaws would definitely drop.

This was because she had always been an ice-cold beauty who never smiled.

However, in front of Zhou Hao, okas's face was full of smiles, and her eyes were filled with surprise.

Ockas even took the initiative to step forward, closing the distance between them.

Ockas was elated to finally see the man she had been thinking about day and night.

Ever since Zhou Hao had left, no one knew how much she had suffered.

.....

“You’re looking for me because you need my help, right? tell me, how do you want me to help you!”

Zhou Hao went straight to the point. By doing so, he wanted to quickly settle the matters that needed to be settled.

“Don’t you have anything else to say to me?”

Orcas’s eyes dimmed. She had thought that Zhou Hao would be the same, or even more proactive.

Unexpectedly, Zhou Hao had not changed at all. He was like a block of wood.

Zhou Hao noticed that. However, he did not like her at all. He was not interested in such matters.

“No, I didn ‘t!”

Zhou Hao’s face was expressionless as he spoke his mind.

Orcas was disappointed, but she quickly adjusted her mood. She thought that it was already good enough that she could see Zhou Hao.

“I’ve asked you to come because of my father’s wishes. My father wants you to help him with something!”

Ockas explained the mission. Her father probably needed to escort a batch of goods, but it would be very risky to pass through a foreign Starfield.

When the time came, she would need a godly state expert to hold the fort. The first person she thought of was Zhou Hao, and she thought that she would be able to meet him.

“Sure, when do we set off?”

Zhou Hao agreed. Previously, ockas had helped him a lot, and he was worried that he would not have a chance to repay her.

Ockas knew that Zhou Hao's mind wasn't here. She was sad and began to let her thoughts run wild.

Could it be that Zhou Hao already had another woman? thinking of this possibility, ockas quickly denied it.

Not only was Zhou Hao a popular person in the various divine nations, but he was also a well-known expert in the entire universe. If she had a partner, the news would have spread long ago.

After confirming that Zhou Hao didn't have a partner, she adjusted her state of mind and said, "I'll go with you this time. My father said that he'll allow me to complete the family's training this time!"

Zhou Hao glanced at her, but she avoided his gaze.

Zhou Hao immediately knew that she was lying. It was only in times like this that she would not dare to look him in the eye.

Zhou Hao didn't ask if it was true or not. It didn't matter. His mind was still on what he had to do.

"We'll leave tomorrow afternoon!"

After orcas finished speaking, she left immediately, probably afraid that her thoughts would be seen through.

Zhou Hao didn't say anything as he watched her leave. He only sighed in his heart.

It seemed that he would have to leave behind another love debt, and it was the kind that he had to repay.

The next day, after the auction had ended, Zhou Hao took his reward and followed them to escort the valuable items out of the starry city.

When they left, she and Zhou Hao sat in the front row. They seemed to be very close.

This made Jonina and Yang Yuanyuan very envious.

"Ockas is still the same as before. She's a Vixen!"

Although they were very dissatisfied, they didn't say anything now.

To them, being able to help Zhou Hao carry out missions outside was already enough to satisfy them.

“Kid, you can’t touch orcas. If you know your place, you’d better get to the back!”

A young man with a full body of high-level armor, who looked like he was of high status, walked up.

Behind him, there were a few spell casters and a few spirit readers, and their realms were not low.

Zhou Hao looked at the young man in disdain. Although he didn’t know who he was, it was all the same to her.

“What if I don ‘t?”

The young man, mai Junjie, said coldly, “You are the first person who dares to speak to me like this. You are the first, and will be the last!”

This was a threat, and a very arrogant one at that. Zhou Hao was basically immune to it.

“Mai Junjie, you’re so annoying. Please disappear from my sight immediately. Zhou Hao is an important friend of mine. You’re the one who should get lost!”

The good mood that ockas had been in to spend some alone time with Zhou Hao was instantly swept away. She was now very annoyed.

A murderous look flashed across mai Junjie’s eyes. He snorted coldly and spat, “Just you wait. I hope you won’t regret your decision!”

This sentence was directed at Zhou Hao.

After mai Junjie left, okas said worriedly, “Zhou Hao, you have to be careful. Mai Junjie is from the Mai family of Zhongzhou city. His family is not any lower than mine!”

Zhou Hao did not think much of it. Even if mai Junjie was a godly state expert, he was no match for him and could not pose any threat to her.

Even if a godly state expert was here, he would not be able to do anything to him. Hence, it could be said that mai Junjie was as weak as air.

Looking at Zhou Hao’s nonchalant expression, ockas was exasperated, but she couldn’t say anything.

Zhou Hao had always been like this, and he had always been safe and sound. No matter what happened, he could always solve it.

“I hope you can remember this lesson after you’ve suffered!”

Orcas could only think to herself.

What she did not know was that Zhou Hao did not just remain in the same spot. He had directly skipped the realms that many starry sky elites had to go through and entered the next realm.

If orcas knew about this, she wouldn't have thought this way.

After mai Junjie returned to his seat, he immediately looked for the few powerhouses he had brought to discuss how to deal with Zhou Hao.

"When we get to the outer realms, no matter what you do, I want to see Zhou Hao die and disappear completely!"

These few experts were all in the patrol realm, and their strength had yet to reach the harmony realm.

However, for a family like hers, cultivators in the cruising realm were already rare.

They all had prominent identities outside, existences that were out of reach.

Tip: You can use left, right keyboard keys to browse between chapters.

## Chapter 1230 - -cruising realm mutated beast

*Chapter 1230:-cruising realm mutated beast*

However, they were just a few dogs in front of mai Junjie now.

"Don't worry, young master mai. This kid is just strolling in the sky. I have a thousand ways to kill him when he disembarks!"

"If young master mai wants to do something, we can help you!"

Mai Junjie's heart was on fire. Naturally, he wanted to cook the rice. This thought often appeared in his mind.

However, he had given up, but it was not impossible.

Instead, he was worried.

If he really did that, then the consequences would be terrifying.

After all, if the two families went to war, both sides would suffer.

Even though mai Junjie was extremely perverted, she knew what was more important at the moment. She knew what she should and shouldn't do.

Once she did some, she would not be able to withstand the monstrous anger of her family.

"In the future, don't say things like" raw rice is cooked "in front of me. If anyone dares to say that again, don't blame me for being ruthless!"

The few experts felt their blood run cold. They naturally did not doubt that mai Junjie was not a kind person.

Soon, the Flying Ship stopped in a forest in the outer realm. This was already the territory of one of the divine kingdoms.

This was also a transit station, a route that many spaceships had to pass through.

"Ms. Okas, we have a situation here!"

As soon as she got off the spaceship, she thought that she might be able to use this opportunity to get closer to Zhou Hao.

However, this thought was quickly dashed. An abnormal situation had occurred here, so they had to take this matter seriously.

Ockas immediately brought her men to patrol the area and check for any abnormalities.

"What's going on?"

After the vice-captain checked the items, the captain, ockas, immediately asked.

The vice-captain quickly explained the situation. There were probably many ship wreckages nearby.

"Are you sure?"

Orcas's expression changed. If that was the case, then the risk here would increase. It would take a long time to leave this place.

"This is a part of what I've brought back. There's also the mutated beast's corpse!"

The vice-captain took out a small silver metal piece. There was a mark of a mercenary group from a certain Galaxy on it. This should be the spaceship of a mercenary group.

At that moment, Orkas knew that their situation was not optimistic.

“Zhou Hao, what do you think?”

Ockas immediately asked Zhou Hao.

Only Zhou Hao could give her advice at such a critical time.

To her, there was nothing that Zhou Hao could not solve.

Zhou Hao took a look at the fragment and immediately voiced his thoughts.

“Since the spaceship was destroyed, this place must have been attacked by mutated beasts. We can’t stay here for long. We have to leave as soon as possible!”

Zhou Hao continued,”

“In addition, we have to investigate the situation here. Although there are mutant beasts invading here, most of them are not very powerful. To be able to successfully take down the spaceship, one has to be at least in the cruising realm. From the current situation, there should be some mutant beasts in the cruising realm nearby. This matter is not that simple. I think we may need to investigate it before we leave!”

Orcas agreed and immediately made arrangements for her team.

However, just as they thought that this matter would continue smoothly, mai Junjie, who had been silent all this while, suddenly walked out from the crowd.

“I don’t agree!”

Mai Junjie looked at Zhou Hao and said,”“This matter has nothing to do with our Karpas auction house. Right now, our top priority is to transport our financial backer’s goods. We should prioritize taking these goods and leaving!”

Zhou Hao frowned, but he did not say anything.

She was an outsider in this matter, so it was not appropriate for her to intervene directly.

“Mai Junjie, my father allowed you to come along on your father’s account, but he didn’t allow you to interfere. I’m the captain of the transportation team this time!”

Okas raised her brows and looked at mai Junjie unhappily. In fact, she had long found him an eyesore.

In the past, mai Junjie had been pestering her, but after so many years, he was still the same.

If it was before, it wouldn't be a big deal. However, they were currently in the middle of a mission.

The key was that although this matter was not directly related to the paska auction house, it was indirectly related.

Currently, mutated beasts had invaded many areas and were flooding the area.

At a time like this, what the major factions needed was a strong Alliance to fight against the mutant beasts and resolve all sorts of hidden dangers.

He wasn't like mai Junjie, who was looking for trouble.

Knowing what mai Junjie meant, okas was very upset.

If not for her family, she would have kicked mai Junjie out of the family.

Mai Junjie's expression was uncertain, and he hated Zhou Hao even more now.

"Are you sure you want to listen to her? if anything happens to this batch of goods, who will be responsible?"

This time, she chose to side with Zhou Hao.

"I'll take responsibility for anything that happens!"

Mai Junjie was furious, but he did not flare up. Now, she was thinking to herself that she would let them off this time.

He would definitely kill Zhou Hao after this.

"Let's wait and see, I want to see how long you can protect him!"

Mai Junjie left with his men and even glared at Zhou Hao.

Zhou Hao was the same as before, but this time, he changed his mind.

"Do you need my help?"

Thinking of the trouble that mai Junjie had caused previously, Zhou Hao thought that the same thing might happen again this time, so he said to okas.

Before this, this had nothing to do with him. But now that Okas had stood up for him, this matter was now related to him. If she didn't do anything now, she would be too inhumane.

"I can settle this myself. You don't have to worry about me!"

Ockas was still the same stubborn girl as before.

Zhou Hao chuckled. Ockas was cold on the outside but warm on the inside. This side of her was quite cute.

I'll help you solve it. This time, consider it as me repaying you for helping me before.

On the other hand, Okas was elated. She had finally managed to close the distance between her and Zhou Hao. They were no longer as distant as before.

"Thank you. I'll tell my father when I get back. I'll give you enough compensation!"

After that, Zhou Hao led his men and started to search the nearby mountains. The patrol realm mutated beasts were even more terrifying than the demon ruler.

Coming to this place was something that shouldn't have happened.

If they didn't find him now, the same situation as the one in the star field battlefield might happen again.

At that time, the entire Galaxy would be wiped out.

"Search carefully, don't miss any possible hiding spots!"

Ockas also led her men and started digging.
