Chapter 1231:-space-splitting beast

While they were looking for him, mai Junjie had also brought her men to the top of a mountain to plot another of their plans.

“Elder Wu, I’ll leave this matter to you!”

Mai Junjie said coldly to the spirit reader in a black robe.

Old Wu had been raised by his family. He had brought him out this time to catch a mutated beast, but he had just happened to meet ockas who was transporting goods through this star sector.

“Don’t worry, young master. As long as I take action, this matter will be settled!”

If Zhou Hao was here, he would definitely be able to recognize that the spirit reader was a level 8 spirit reader.

This spirit reader, even in the top God nations, would be second to none.

The spirit reader flew in the air and quickly arrived at a mountain range.

“Kid, of all people you could offend, you had to offend young master mai. It’s a pity that you’re so talented. In your next life, you should open your eyes wide. You can’t just offend anyone!”

Although the spiritual poem was regretful, its words were full of cold killing intent.

The spirit reader flew into a cave within the mountain range.

After a minute, the earth suddenly shook.

Immediately after, a giant beast flew out of the cave entrance and soared into the sky. Its huge body covered the sky.

At the same time, the mountain range began to shake violently.

It was as if a giant beast's body was shaking.

Soon, the ground also trembled violently, as if the end of the world had come.

The cruising realm mutated beast flew into the sky, and its terrifying aura filled every corner of the space.

Countless powerhouses on spaceships passing through this area, as well as the teams searching for patrol-realm mutated beasts on the ground, all looked up in horror.

This mutated beast had already reached the peak of the realm and could break through to the next realm at any time.

To them, this was no different from a harmonization realm expert.

"Young master mai, let's go first. This beast is not easy to control. If it goes out of control, we might not be able to protect you!"

At this moment, the spirit reader immediately came to mai Junjie's side and said.

When he was trying to control it, the spirit reader old Wu realized that this mutated beast's level was even higher than his.

Instantly, old Wu knew how dangerous his situation was.

It was the same as before. They might not even achieve their goal this time, and they might all die Here.

As long as the mutated beast reached the harmony realm, they wouldn't be a match for it even if they worked together. It wouldn't be long before they died here.

"I want to leave too, but if she doesn't, what if this matter gets out?"

Mai Junjie's expression turned ugly. He also realized the seriousness of the matter. He did not expect a mutated beast in the cruising realm to be so terrifying.

Before the battle even started, mai Junjie felt his legs trembling uncontrollably.

This was the first time he had ever felt this way.

Mai Junjie was worried that the Oka family would find trouble with them if news of this got out.

"Young master mai, we'll take her with us. Let's go now, or it'll be too late!"

Old Wu could only force people to carry mai Junjie away from this place.

They first found ockas and offered to bring her along with the goods.

“No, this team has gone through life and death with me. If I abandon them now, what will the people outside think of me?”

There was another reason why she didn’t want to leave. It was for Zhou Hao. This was the real reason.

“Ockas, tell me, did you do it for Zhou Hao?” mai Junjie’s face darkened.

Mai Junjie had always been indignant. He thought that everything he had done would make okas look at him a little more.

However, she didn’t even spare him a glance. All her attention was on either Zhou Hao or the team.

Mai Junjie was furious this time, and she wanted to force herself on him.

“So what if I am? so what if I am not?”

Orcas was still as expressionless as before, and she spoke in a neutral tone.

Mai Junjie was very excited. He said to the few powerhouses beside him, “If she doesn’t want to leave, then tie her up and bring her back!”

Old Wu and the others immediately swarmed forward to take him down.

At this moment, a huge black shadow suddenly came down and covered the sky above them.

Following that, mai Junjie realized in horror that he could not move his body. It was as if a huge mountain was pressing down on him.

“Not good, it’s a space-splitting beast!”

Old Wu and the others were shocked. They realized that the space-splitting beast had actually found them and was coming over.

Old Wu instantly understood. The space-splitting beast must have removed the mental restraint and came to take revenge.

It’s finished!

Mai Junjie and some others who did not have the strength to resist were instantly defeated. The space-ripping beast had a rare bloodline and was very powerful.

Even if a harmonization realm expert was here, they would not be able to do anything.

Ockas's face paled, and her body trembled.

"Ah!"

Mai Junjie tried his best to struggle out of the restraints of the gravity, but he realized that it was useless no matter how hard he struggled. He was burning with anxiety when he saw one of his followers being split in two.

The space-ripping beast was an overbearing cutting skill that could easily split their bodies into two.

"Elder Wu, quickly save me!"

Mai Junjie was very regretful now. In order to pick up a girl, he had to lose his life now.

Old Wu and the others had ugly expressions. They couldn't even protect themselves and couldn't move at all.

Am I going to die Here?

Ockas was in despair. She had never thought that she would one day die while on a mission.

At that moment, a figure appeared in her mind. It was Zhou Hao.

Just as everyone was disheartened, a voice rang out from the sky, "Evil creature, you're looking for death!"

Everyone could immediately tell that it was Zhou Hao's voice.

They looked around, but could not find Zhou Hao. They were all very surprised.

Soon, they saw an unbelievable scene. Zhou Hao was actually flying in the air.

The gravitational field here had no effect on Zhou Hao.

They were all shocked.

At the same time, they all thought of a possibility. Zhou Hao's strength was definitely not limited to wandering the stars.

It was possible to fly in the starry sky outside, but it was absolutely impossible here.

This was because there was not only the gravity field of the particles in this area, but also the gravity field released by the space-splitting beast.

Even though they were in the harmonization realm, they would still be affected by the double gravity.
