- Chapter 321 - Are You Preparing to Submit to This King?

Chapter 321 - Are You Preparing to Submit to This King?

Chapter 321: Are You Preparing to Submit to This King?

“It’s actually that easy?”

Murong Xun was directly dumbfounded. Indeed, his judgment this time was very problematic.

If Zhou Hao listened to him and turned around to leave, then this spirit body fragment would have nothing to do with him.

“It’s easy now. As long as we find a way to distract this guy, we can immediately obtain a spirit body fragment.”

Murong Xun became somewhat excited. His current spirit body was too weak, so it was difficult for him to speak normally.

Previously, he had accumulated a lot of strength and wanted to possess Zhou Hao. Unexpectedly, Zhou Hao was a quasi Heaven Realm expert who was pretending to be weak.

Click!

After the Iron Bone Bear King fell asleep, Zhou Hao continued to throw gems into the distance, prepared to attract the Iron Bone Bear King away.

This time, the Iron Bone Bear King opened its eyes again.

However, it was not looking at the gems. Instead, it looked in Zhou Hao’s direction unkindly.

Although Zhou Hao had restrained his aura and some wood-elemental essence energy had gathered around him, he still looked like a demon plant.

However, the Iron Bone Bear King was still very certain that the little rat not far away was a human!

“Let’s go!”

Seeing this scene, Murong Xun immediately reminded.

Although he felt very regretful, there was nothing he could do.

Zhou Hao was not weak, but his disguise techniques were really not impressive.

At this moment, this Iron Bone Bear King had clearly seen through his disguise!

Once the Iron Bone Bear King felt that Zhou Hao was a good prey, Zhou Hao would really be in trouble.

An Iron Bone Bear King would not rest until it killed its prey!

Before the Iron Bone Bear King became furious, he had to leave immediately.

“Let’s wait a while longer...”

Zhou Hao did not leave, and the Iron Bone Bear King did not continue to sleep.

Its huge bell-like eyes also continued to stare in Zhou Hao’s direction.

Swoosh!

Under Murong Xun’s dumbfounded gaze, Zhou Hao began to court death again.

At this moment, Zhou Hao actually grabbed many gems and treasures and threw them at the Iron Bone Bear King.

Not only were there various treasures, but there were also platinum-level Energy Bars and rare-level Energy Bars.

“What is this human doing?”

The Iron Bone Bear King looked at Zhou Hao with deep suspicion.

“Does it want to submit to me by offering its treasure?”

Thinking that the other quasi Heaven Realm demon beasts also did not have human servants, the Iron Bone Bear King was immediately somewhat tempted.

“Forget it, let’s see what treasure he brought me.”

The Iron Bone Bear King pondered for a moment before slowly getting up and walking towards the surrounding treasures.

In the beginning, the Iron Bone Bear King walked into the distance.

At that place, Zhou Hao had thrown away a portion of the gems.

The Iron Bone Bear King walked over and looked at these shining gems that were relatively rare in the spatial rift. It expressed its satisfaction and immediately put away all these gems.

It had already decided to embed these gems into its sleeping cave abode.

“You’re really not afraid of death.”

Murong Xun was already completely speechless. He originally thought that he was already bold enough.

Now, he realized that compared to this junior, his so-called courage was nothing.

After the Iron Bone Bear King collected all the distant gems, it quickly arrived again.

It also took away all the gems here. Then, only the platinum-level Energy Bar and the rare-level Energy Bar were left on the ground.

“What... are these?”

The Iron Bone Bear King was dumbfounded. It did not know what Zhou Hao had thrown at it.

However, it still approached and grabbed a platinum-level Energy Bar.

As the Iron Bone Bear King grabbed the platinum-level Energy Bar curiously, Zhou Hao also braced himself and stood up.

The Iron Bone Bear King was not surprised to see Zhou Hao.

It also discovered that Zhou Hao was also holding a platinum-level Energy Bar.

“Brother Bear, this is a platinum-level Energy Bar. You can eat it directly.”

With that said, Zhou Hao chewed as if he was eating ice.

“Hmm... is this food?”

Seeing that Zhou Hao was eating this crystal-like platinum-level Energy Bar, the Iron Bone Bear King pondered for a moment and immediately began to eat.

After eating a mouthful, its eyes immediately revealed disbelief.

Chapter 322 - Good Treasure!

Chapter 322: Good Treasure!

“This thing... actually has such pure energy!”

“Even those colored energy crystals don’t have such a high energy purity. What a good treasure!”

The Iron Bone Bear King immediately did not stand on ceremony and put away all the platinum-level Energy Bars. In the future, these would be its snacks.

At this moment, Zhou Hao took out the rare-level Energy Bar and placed it in his mouth to eat.

“Can this be eaten too?”

Seeing that Zhou Hao was eating a rare-level Energy Bar, the Iron Bone Bear King pondered for a moment and immediately began to chew on the rare-level Energy Bar.

“Mm!”

After taking a bite, the Iron Bone Bear King’s eyes revealed extreme shock.

The platinum-level Energy Bar from before was only a small snack and was not much help to it.

However, this rare-level Energy Bar could definitely be used as its cultivation resource.

In the spatial rift, cultivation resources were the most important resources. The various supernatural-level foreign races and quasi Heaven Realm foreign races often fought because of some resources.

At this moment, the Iron Bone Bear King's gaze instantly looked at Zhou Hao.

"This is?"

Zhou Hao was stunned for a moment before understanding.

The Iron Bone Bear King definitely wanted more rare-level Energy Bars.

"Brother Bear, I'll give you some more rare-level Energy Bars."

As the Iron Bone Bear King was thinking if it should slap Zhou Hao to death, the ten rare-level Energy Bars in Zhou Hao's hand also flew out.

He still had more than 1,000 rare-level Energy Bars on him. It was not a big deal to give the Iron Bone Bear King 10.

The Iron Bone Bear King was naturally overjoyed when it saw Zhou Hao give it rare-level Energy Bars.

This cultivation resource was very useful. There was no need for him to extract it at all. He could just eat it directly.

Crack! Crack!

After obtaining another ten rare-level Energy Bars, the Iron Bone Bear King did not stand on ceremony at all and directly ate the first rare-level Energy Bar.

Then, it had a satisfied expression and no longer looked at Zhou Hao with killing intent.

It had already decided to take Zhou Hao as its first servant!

Zhou Hao did not know what the Iron Bone Bear King was thinking at all. However, he could still sense that the Iron Bone Bear King no longer had any killing intent towards him.

On this side, Murong Xun prostrated himself in admiration of Zhou Hao. This was the first time he had seen a human martial artist bribe a demon beast.

"Brother Bear, can you give that to me?"

As Zhou Hao maintained a safe distance from the Iron Bone Bear King, he pointed at the ball behind it.

At that moment, the dragon eye-sized ball was a fragment of Murong Xun's spirit body.

After a Heaven Realm expert died, their mental strength would explode in all directions. After that, this mental strength would constantly disperse and condense.

Some had transformed into this spirit body fragment, while others had completely disappeared.

Generally speaking, such spirit body fragments did not have much consciousness.

For example, the Murong Xun in his sea of consciousness was definitely a very special existence.

Zhou Hao gestured around. It was unknown if the Iron Bone Bear King understood.

This was because he had already discovered that this Iron Bone Bear King was a fool.

It did not know how to speak human language or communicate with mental strength.

Right now, he could only rely on hand signals to communicate with the Iron Bone Bear King.

Fortunately, after Zhou Hao gestured, the Iron Bone Bear King knew what Zhou Hao was going to do no matter how stupid it was.

It immediately grabbed the ball behind it.

Seeing this scene, Zhou Hao felt relieved, and Murong Xun was also happy.

Although this big black bear was very stupid, it was not stupid to the extreme.

Crack!

However, what happened next stunned Zhou Hao. Murong Xun even wanted to kill this thing.

If not for the fact that he was not a spirit body but that 12th-level Heaven Realm expert from back then, he would definitely kill this bastard now!

Swoosh!

After crushing the ball into three pieces, the Iron Bone Bear King immediately threw one to Zhou Hao and took out three rare-level Energy Bars.

Pu!

Seeing this scene, Zhou Hao was immediately amused. This Iron Bone Bear King was actually making a deal with him.

However, Murong Xun was too tragic. The spirit body fragment that he had found with great difficulty was directly shattered.

Although it could still be used after shattering, the effect would be greatly reduced.

Chapter 323 - Essence Energy Ancestral Stone

Chapter 323: Essence Energy Ancestral Stone

Zhou Hao immediately smiled and looked at the livid Murong Xun who looked like he had eaten feces.

This former Heaven Realm expert must be very depressed at this moment.

“Senior, calm down. This is better than nothing. Although it’s damaged, it can still be used...”

Zhou Hao received the item and threw it to Murong Xun. Although Murong Xun wanted to go crazy, he could only patiently absorb it.

Zhou Hao did not go back on his word. He casually threw the three Energy Bars over. The Iron Bone Bear King received them and immediately threw them into its mouth. It swallowed them like it was eating a stick of ice.

After the transaction was completed, Zhou Hao did not have the intention to stay here. After all, the spatial rift was right in front of him, and it was filled with danger. Moreover, who knew if this quasi Heaven Realm Iron Bone Bear King would change its mind. Zhou Hao did not intend to fight it at all.

Just as he was about to leave, the Iron Bone Bear King suddenly waved its hand. It stretched out a finger and pointed behind itself, as if it had something to say.

“What? Brother Bear, you still want to make a deal with me?” Zhou Hao was stunned for a moment and could not help but ask.

The Iron Bone Bear King nodded and gestured. It seemed to be saying that he had something good behind him and wanted to make a deal with Zhou Hao.

“Oh? Do you really have something good?”

Zhou Hao blinked. This Iron Bone Bear King must have tasted the sweetness and wanted to take out something good to exchange with him.

The Iron Bone Bear King did not waste its breath. It ran behind and directly took out a milky-white stone and threw it to Zhou Hao.

After obtaining the stone, Zhou Hao was stunned for a moment. However, his expression immediately changed!

This was because he could sense an extremely rich Heaven and Earth essence energy from this stone!

“This... this is...”

While Zhou Hao was shocked, Murong Xun was also shocked. He could not help but exclaim.

“It’s actually an Essence Energy Ancestral Stone!”

Zhou Hao originally thought that it was a high purity essence crystal. Hearing Murong Xun say this, he immediately asked.

“What is an Essence Energy Ancestral Stone?”

Murong Xun took a deep breath and suppressed the shock in his heart before speaking after thinking for a moment.

“The Essence Energy Ancestral Stone is a stone condensed from Heaven and Earth essence energy. The reason why it’s called an Ancestral Stone is precisely because it contains the most essence energy among the many ores. The rare-level Energy Bar in your hand only contains a tenth of the heaven and earth essence energy compared to this stone! It’s far superior to those essence crystals!”

“However, it’s very difficult for Essence Energy Ancestral Stones to be formed. It’s not an exaggeration to say that it requires the perfect time and perfect place. Moreover, the Essence Energy Ancestral Stone contains terrifying spatial strength. The mines that contain this stone all exist in spatial rifts. It’s very difficult for us humans to step foot in

them. Even those super experts above the third-grade of the heavenly tribulation don't dare to guarantee that they can escape unscathed!"

Hearing this, Zhou Hao was shocked. He did not expect this item to be so precious!

"Also, only human cultivators can absorb the Essence Energy Ancestral Stone. This is something that is only beneficial to humans. The other foreign races are unable to absorb it at all. For so many years, they have been thinking of ways to resolve it. After all, so many Essence Energy Ancestral Stones are in the spatial rift and are controlled by these foreign races."

After speaking, Murong Xun sighed.

"Don't you think it's really ironic? There's such a powerful thing and yet it's placed in the depths of the spatial rift. Humans can cultivate with it, but they can't obtain it. The foreign races can obtain it, but they can't absorb it."

Zhou Hao could not help but nod. According to Murong Xun, it was indeed quite fair.

Thinking of this, Zhou Hao also decided to give it a try. If what Murong Xun said was true, it would be a huge fortune!

"Boy, don't tell me you really want to trade with it? Ignoring the fact that we still don't know if there's more Essence Energy Ancestral Stones, even if there were, do you think you'd be able to walk away with them? Moreover, this quasi Heaven Realm beast is undoubtedly similar to a human. Don't underestimate its intelligence!"

Murong Xun was somewhat nervous and advised. He was really worried that Zhou Hao would get rash and leave with this Iron Bone Bear King. If this was a trap, everything would be ruined!

It was not easy for him to be reborn. He did not want to die here!

"I understand, but if I can't leave with this treasure, won't I lose out? I'm afraid I'll be so angry at night that I won't be able to sleep."

Zhou Hao nodded, but he still felt unwilling. After all, this thing was so precious. If he didn't take it, wouldn't it be a loss?

Murong Xun couldn't help but roll his eyes. This kid was too greedy.

"Let's try it first and see what we can say."

As Zhou Hao spoke, he looked at the Iron Bone Bear King and said, "Brother Bear, do you really have more of this? How many do you have?"

The Iron Bone Bear King stretched out its hand and drew a circle ruthlessly, as if it was saying that there were many.

This made Zhou Hao even more excited, but he was still cautious.

“Brother Bear, you’re not lying to me, are you?”

As Zhou Hao spoke, he pointed at him and gestured at his neck.. His meaning was self-evident.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 324 - Youre Really Bold

Chapter 324: You’re Really Bold

Seeing Zhou Hao like this, the Iron Bone Bear King immediately smiled, thinking to himself that Zhou Hao was really timid. If he wanted to, wouldn’t he have killed him already?

The reason why he did not attack was because he did not want any accidents to happen. He wanted to get those Energy Bars from Zhou Hao!

Zhou Hao looked at it and was stunned for a moment. He did not know why this big black bear would suddenly smile. Just as he was feeling puzzled, he saw the big black bear shake its head. It stretched out a finger and pointed at the Essence Energy Ancestral Stone. Then, it stretched out its ten fingers.

“One for ten?”

Zhou Hao was stunned for a moment before understanding. He was immediately speechless. This big black bear looked silly but seemed to know how to do business.

However, according to Murong Xun, even this price was guaranteed to benefit Zhou Hao!

After all, one Essence Energy Ancestral Stone was comparable to dozens of rare-level Energy Bars. He would not be losing anything!

“Alright, it’s a deal!”

Zhou Hao nodded without hesitation.

Although it seemed risky, Zhou Hao had long understood that all good fortune was built on risk.

“You really want to go along with it?” Murong Xun couldn’t help but ask.

“Of course. It’s such a good opportunity. Why not?” Zhou Hao couldn’t help but say.

“Aren’t you afraid that it’s lying to you? What if a Heaven Realm Beast King suddenly appears and smashes you into pieces?”

“No, it won’t. If it wants the Energy Bars, the best way for it to obtain them is to trade with me. If we fight and destroy the Energy Bars, the gains won’t make up for the losses. It’s very smart so it should be aware of this,” Zhou Hao said with a smile.

The Iron Bone Bear King was also very happy. Although the Essence Energy Ancestral Stone was very precious, the foreign races were unable to absorb it at all. Instead of putting it here, it was better to exchange it for some Energy Bars!

“I don’t care. What Ancestral Stone? It’s useless to me. It’s just a pile of trash. If I can obtain more Energy Bars, I might be able to break through to the Heaven Realm and evolve my bloodline. At that time, I’ll definitely teach that bastard Sky Worm King a lesson!”

The Iron Bone Bear King was already impatient as it schemed.

The Iron Bone Bear King made a plan in its mind before its body moved towards the spatial rift.

This was already the edge of the spatial rift. If they continued forward, they would enter the spatial rift!

Zhou Hao was actually still somewhat worried, but he was certain that this Iron Bone Bear King would not go back on its word. After all, if they really fought, this Iron Bone Bear King might not be able to defeat him!

Moreover, once the battle began, the Energy Bars were very likely to be destroyed. The Iron Bone Bear King was so cunning that it was definitely unwilling to see such a thing happen.

Naturally, Zhou Hao was certain that the Iron Bone Bear King would not harm him!

However, in order to prevent this Iron Bone Bear King from scheming against him, Zhou Hao was still very careful. He kept a distance of five kilometers. At the same time, he

held the spirit body clone that Heavenly King Zhu had given him and was ready to immediately retreat if he discovered anything wrong!

“You’re really bold to actually do business with a foreign beast. If news of this gets out, I’m afraid many people will be so shocked their jaws will drop!”

Murong Xun could not help but speak up. At the same time, he admired Zhou Hao very much. Even if he had become a Heaven Realm expert back then, he did not dare to do such things.

Zhou Hao curled his lips. So what if he was doing business with a foreign beast? He even had a Red Gold Flame Lion as a mount.

The space in the spatial rift was chaotic to begin with. Even when Zhou Hao entered, he clearly felt an extremely intense tearing force. Moreover, although the surrounding essence energy was a little more, it was still very violent.

Zhou Hao understood that the cities in the thirteenth spatial rift were all in the outer circle. In fact, very few human cultivators entered the spatial rift. On the one hand, they were resisting the strange beasts that came out of the spatial rift because the danger in the spatial rift was very high, and on the other hand, if they were careless and fell into the spatial wormhole, they were very likely to be directly killed by the spatial power!

Only the quasi Heaven Realm beasts could clearly avoid these dangerous areas.

Zhou Hao secretly made a mark. At the same time, he took out a recording device and recorded all the places he went to and handed it to the Green Cloud Division. At that time, when the human experts came in one day, they wouldn’t be ignorant.

Soon, Zhou Hao felt the surrounding Heaven and Earth essence energy become thicker. In front of him, Zhou Hao saw a medium-sized valley.

This valley was filled with Essence Energy Ancestral Stones!

Zhou Hao’s breathing quickened. At a glance, there were more than 10,000 Essence Energy Ancestral Stones. If he could obtain all of them, wouldn’t it be awesome?!

“What are you thinking? Do you think you can take it away? This thing doesn’t fluctuate when placed in your hand, but it’s extremely difficult for you to take it out from its birthplace. Look carefully at the surrounding space!”

At this moment, Murong Xun could not help but pour cold water on Zhou Hao. Zhou Hao hurriedly checked and gasped!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 325 - Bargaining

Chapter 325: Bargaining

The space in this valley was simply chaotic. There were spatial rifts everywhere. Moreover, there were not only complicated spatial rifts, but they were also extremely destructive!

And these spatial rifts were caused by the aura of these Essence Energy Ancestral Stones. No wonder this thing was called an Ancestral Stone. Even space could not withstand such a powerful and heavy aura condensing together!

“Then what should I do? If I don’t take it, won’t I be wasting the natural resources? It’s too much of a loss. I’m really afraid I won’t be able to sleep from anger when I return!” Zhou Hao was so envious that he was about to cry!

“That isn’t right. How is not gaining the same as losing?” Murong Xun said angrily.

“Uh... they’re basically the same thing...” Zhou Hai coughed dryly.

At this moment, the Iron Bone Bear King had already stopped. It turned around and looked at Zhou Hao, its meaning self-evident.

However, Zhou Hao was a little depressed. The space inside was too complicated, and it was really not easy for him to enter!

Although his Golden Crow Escape Technique was very fast, once he was swallowed by the spatial rift, even if he had a hundred clones, he still wouldn’t be able to survive!

Thinking of this, Zhou Hao looked at the Iron Bone Bear King and made a decision.

Logically speaking, quasi Heaven Realm beasts should be proficient in human language, just like the Red Gold Flame Lion. The reason why this Iron Bone Bear King did not understand human language should be because it had not learned it yet.

Therefore, Zhou Hao directly took out a chip. Inside was a language bag similar to humans and he threw it to the Iron Bone Bear King.

“Hmm? What’s this? It looks like a chip.”

The Iron Bone Bear King also had a lot of experience. Holding it in its hand, it received a sizing up message from the chip. At this moment, it had suddenly learned the human language!

“Brother Bear, can you understand me now?” Zhou Hao absorbed the chip and hurriedly asked.

“Yes, human boy. You have quite a lot of interesting things. I am quite impressed by your Energy Bars and this chip. As expected, you primates are really smart.”

The Iron Bone Bear King spoke. Although it looked rough, its voice still sounded like a female.

“Brother, since we just made a deal, as partners, I want to tell you that I’m not strong enough to enter the place you brought me to. Therefore, I can’t get the Essence Energy Ancestral Stone. Look, do you have any way to help me get it?”

“As long as you bring me one, I’ll immediately hand over ten Energy Bars. How about that?”

Zhou Hao felt that it would be a waste not to use the labor force. Since the Iron Bone Bear King could bring him here and had taken an Essence Energy Ancestral Stone out before, there had to be a way!

Indeed, hearing Zhou Hao’s words, the Iron Bone Bear King blinked its big eyes and chuckled.

“So you can’t afford it. Hahaha, alright, I’ll help you get it. However, this price will need to be adjusted for. After all, you still have to pay for the labor fees!”

“One for... twenty!”

The Iron Bone Bear King was extremely cunning. As soon as it opened its mouth, it became an old fox and directly made Zhou Hao shut up!

“Damn, you’re really stupid. You’re so stupid! Why did you tell it that you couldn’t enter? Aren’t you asking to be killed?! You’re so damn stupid. You’re even more stupid than this big black bear!”

Murong Xun was furious.

Zhou Hao was also freaking depressed. He did not expect this Iron Bone Bear King to be so damn cunning!

“Brother Bear, that’s not how business works. Look, we just said that we would exchange one for ten. How can you still raise the price?”

Zhou Hao was not stupid. He had been careless just now and was prepared to compete with the Iron Bone Bear King.

“Little human brother, you can’t say that. In this day and age, everything costs money. Moreover, it’s so dangerous here. It’s easy for you to take out those Energy Bars. On the other hand, I need to invest my life into this. If I’m careless and die, won’t I be done for?!”

“Therefore, the price is naturally high for risky investments. If you’re unwilling, then forget it...”

The Iron Bone Bear King waved its hand. This scene made Zhou Hao’s face turn black!

“Haha, you lost an argument to a bear. I’m dying of laughter. Zhou Hao, to think that you would have such a day!”

Murong Xun immediately smiled when he heard this, and Zhou Hao was even more depressed.

Hearing Murong Xun’s ridicule, Zhou Hao’s face went dark. If he had known that this guy was so smart, he would have been more careful!

However, Zhou Hao still felt that it was a guaranteed profit, but he still negotiated the price.

“Brother Xiong, this Energy Bar of mine is also very rare. If I exchange it for twenty, I’ll have to suffer a loss. How about this? Can we do one for fifteen?”

He would be able to gain as long as he could cut down the number. Moreover, it didn’t matter since he would be ripping off a foreign beast.

“Little human brother, I really can’t. This spatial rift is too dangerous. I have to put in a lot of effort. This is only because my bloodline is special and I have the ability to resist the spatial rift. Otherwise, other beast kings wouldn’t have it as easy as me.”

“However, since you want to negotiate, how about this? I’ll take a step back and exchange for eighteen. How about that?”

At this moment, the Iron Bone Bear King was no longer stupid. It was extremely quick-witted when it came to doing business!

“Hahaha, I’m dying of laughter. Zhou Hao, I have to say that you were really fooled by a bear today!”

Murong Xun finally seized the opportunity to mock Zhou Hao.

Zhou Hao was very angry, but he did not say anything and agreed with the Iron Bone Bear King.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 326 - Tempering the Body

Chapter 326: Tempering the Body

Seeing Zhou Hao nod, the Iron Bone Bear King plunged into the spatial rift. Its entire body emitted a powerful defense as it resisted the tearing of the spatial rift and slowly approached the Essence Energy Ancestral Stones.

However, the deeper they went, the stronger the spatial tearing ability became. However, this did not seem to bother it at all. It was indeed very cunning. After approaching, it opened its mouth and sucked in dozens of Essence Energy Ancestral Stones. Then, it was not greedy and directly retreated.

“A total of... 50. You should give me 900 Energy Bars.”

The Iron Bone Bear King’s calculation ability was quite impressive.

Zhou Hao did not waste his breath and directly took out the 900 Energy Bars. These had all dropped in the live-stream. Now that he had the luck level “blessed by Lady Luck”, it was extremely easy for him to get these items!

However, this Essence Energy Ancestral Stone was something that could only be chanced upon by luck!

After the man and the bear finished trading, Zhou Hao originally wanted him to go in and take some more out.

However, the Iron Bone Bear King shook its head directly.

“No, if I move too much, we’ll be easily discovered by the guys in the depths of the spatial rift. I’ll give you 50 first. If you want more, you can come back in half a month. How about that?” the Iron Rail Bear King said.

When Zhou Hao heard this, he did not say anything else. After all, he remembered this place.

“Alright, Brother Bear. I am quite satisfied. I’ll come and find you again.”

“Well said, well said. Little human brother, you really don’t go back on your word. In the future, if you come, we’ll still trade at the same rate, one to eighteen! I definitely won’t scam you!” The Iron Bone Bear King patted its chest happily.

Zhou Hao smiled. Although this Iron Bone Bear King was a little sly, it had to be said that it was rather honest!

Zhou Hao left and returned to the training camp.

During this period of time, the training had become even more tense. Xu Ling, Zhang Yi, and the others had all worked hard. Compared to them, Zhou Hao seemed a little lazy.

“Where have you been? I noticed that you haven’t been around recently.”

Zhou Hao had just returned to the villa to lie down and had yet to check the Essence Energy Ancestral Stone when Xu Ling walked in from the balcony. When she saw Zhou Hao, she placed her hands on her hips and questioned him.

Today, Xu Ling was wearing a training suit. From the looks of it, she must have just finished training. She was covered in sweat and had yet to change. Her entire body emitted youthful vitality, making Zhou Hao’s mouth dry!

“My master always gives me special treatment.”

Zhou Hao blinked. This was the only reasonable explanation.

“I see... Then next time you go out, let me know first.” Xu Ling did not say much.

“Hehehe, got it, darling.”

Zhou Hao licked his face and giggled. His words made Xu Ling blush and she couldn’t help but kick him.

“Who’s your darling? Stop being smug!”

Zhou Hao was not angry. His skin was as thick as the ground.

Xu Ling was extremely shy. After hearing what Zhou Hao said, she was immediately embarrassed. She glared at Zhou Hao fiercely and left his villa.

Seeing that she had left, Zhou Hao impatiently checked his Essence Energy Ancestral Stone.

This thing contained more power than a rare-level Energy Bar. It was also more convenient to absorb. It was really as if it was tailor-made for humans!

“With this, it’ll be much easier for me to break through to the Heaven Realm!”

Zhou Hao pondered secretly. Unfortunately, Murong Xun snorted coldly.

“Do you think it’s that easy to break through to the Heaven Realm? What are you thinking, child?!”

“Hmm? What?” Zhou Hao could not help but ask.

“It’s extremely difficult for a quasi Heaven Realm expert to break through to the Heaven Realm. Although it only seems like it’s a step away, the gap between the two is still like the heavens and the earth, far away and unattainable. Do you know how many quasi Heaven Realm experts failed to break through in their entire lives? Do you think you can break through with this little Essence Energy Ancestral Stone? What a joke!”

“If that’s the case, wouldn’t Heaven Realm experts be as abundant as cabbages?”

Zhou Hao naturally understood this principle, but he still did not understand how to break through to the Heaven Realm. He smiled and asked, “Senior, how can I break through to the Heaven Realm?”

Murong Xun did not hide anything. “Normally, after condensing essence energy from the blood essence in your body and reaching a certain amount, you can break through to the Heaven Realm. However, this is only the theory. It has to be known that the physique of a Heaven Realm expert is already different from an ordinary person’s physique. If you want to break through, you have to have a body that can accommodate such violent energy!”

“If you only want to break through to the Heaven Realm, then even if you break through to the Heaven Realm, you will still be trash and will bring endless trouble in the future. Therefore, for the sake of the future, what you have to do now is to temper your body!”

Murong Xun’s words made Zhou Hao somewhat surprised. This was the first time he had heard such words.

“Tempering the physical body involves condensing the blood, bones, and spirit body. Everything has to be infinitely compressed, allowing the physical body to become like

the Essence Energy Ancestral Stone. Only then can one be considered a true Heaven Realm expert!”

“Damn, is it really that difficult?”

When Zhou Hao heard this, he was immediately surprised.. How much effort would it take to turn his body into an Essence Energy Ancestral Stone?!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 327 - Hard Work Pays Off

Chapter 327: Hard Work Pays Off

“Otherwise, what do you think? Fortunately, your foundation is different from that of ordinary people, so it won’t be too difficult for you to cultivate. However, you have to know that meeting these conditions before the Heaven Realm is completely different from meeting these conditions after reaching the Heaven Realm. Do you understand?”

Zhou Hao naturally believed Murong Xun’s words. After all, the other party was an expert at the twelfth level Heaven Realm, so he naturally had more foresight than Zhou Hao.

“Senior, what should I do?” Zhou Hao asked.

“It’s very simple. Use essence energy to temper your body and let essence energy fuse into your blood, bones, limbs, and meridians!”

Zhou Hao nodded and did not waste his breath. He directly took out an Essence Energy Ancestral Stone and began to temper his body.

He followed Murong Xun’s method and guided this essence energy into his body. However, he did not absorb it. Instead, he transformed it into pure energy that constantly bombarded his body. His body was constantly being damaged and repaired again, causing the essence energy to completely fuse into his limbs and meridians!

Although it sounded easy, Zhou Hao still felt like he was going to die after trying.

This essence energy was extremely powerful. As soon as it entered his body to temper, Zhou Hao spat out a mouthful of blood. He felt an incomparable pain throughout his

body. The pain was deep into his bones. If not for his powerful willpower, he probably would have fainted at this moment!

Zhou Hao could clearly sense that after the essence energy entered his body, his bones directly shattered. Many places began to break before slowly recovering under the nourishment of this essence energy.

Although it was very painful, Zhou Hao clearly felt that the new flesh and bones he had condensed were simply incomparable to the original!

If his original body was as tough as a wooden stick, then his current body was as tough as steel!

However, the price was that the 50 Essence Energy Ancestral Stones he had exchanged with great difficulty had been used up!

Seeing the last Ancestral Stone turn to dust, Zhou Hao heaved a sigh of relief. He could sense the changes in his body, and his heart surged with shocking waves!

He clenched his fists tightly and could clearly sense that his punch was at least twice as powerful as before!

“I feel like I can instantly kill a quasi Heaven Realm beast!”

Zhou Hao grinned. As expected, there was always a reward!

However, he still needed to wait another half a month before he could trade for more Essence Energy Ancestral Stones, making him somewhat anxious.

Zhou Hao did not care. He had plenty of patience.

Opening the Heaven Dao software, Zhou Hao looked at the mystery boxes and wondered if he should open a few. However, his message window flashed, indicating that Fairy Yue Ling had sent him a message.

“Big shot, are you still coming to watch my live-stream today?”

There was a smiley face emoji behind.

Zhou Hao smiled and directly entered Fairy Yue Ling’s live-stream, directly causing an uproar.

“Damn, the big shot is here. @ I’m just an ordinary person.”

“Did the big shot come to dominate the rankings today? @ I’m just an ordinary person!”

“Fairy Yue Ling, the big shot is here. Why aren’t you showing your sincerity?”

Fairy Yue Ling typed in the chat box. “Welcome to my live-stream, big shot. @ I’m just an ordinary person.”

Zhou Hao knew that Fairy Yue Ling’s live-stream needed a lot of maintenance every day, so he did not waste his breath. He looked at his luck points that were worth tens of millions and began to stream.

Ding... congratulations on being an ordinary person for giving away 10 rare-level Energy Bars and obtaining 20 times the reward... ‘

“Ding... Congratulations, I’m just an ordinary person for giving away 50 rare-level Energy Bars and obtaining 50 times the reward...”

“Ding... Congratulations, I’m just an ordinary person for giving away 30 rare-level Energy Bars and obtaining 10 times the reward...”

...

Zhou Hao had gifted 200 rare-level Energy Bars in one go, but the reward he had obtained was indeed 5,000 rare-level Energy Bars!

With this, the live-stream was instantly lit up!

“Damn, I’m kneeling @ I’m just an ordinary person!”

“A big shot is indeed a big shot. @ I’m just an ordinary person!”

“I’ve long heard that the big shot is impressive. Seeing you today, I’m impressed @ I’m just an ordinary person!”

A while ago, after Zhou Hao had frequently gotten high multiplier rewards from Fairy Yue Ling, the number of people in Fairy Yue Ling’s live-stream increased. Many of them were here for Fairy Yue Ling.

However, there were also some people who came to watch Zhou Hao.

This also caused Fairy Yue Ling’s ranking to break through 70,000 and enter 60,000!

This made Fairy Yue Ling very happy, and the users in the live-stream also started to create a rhythm.

“Fairy Yue Ling, the big shot is so awesome. Aren’t you going to give him some benefits?”

“That’s right, Fairy Yue Ling, didn’t you say that you wanted to dance for the big shot? Will you be dancing today?”

“Show us a dance! Show us a dance! Thanks to the big shot, we’ll also get to see you dance.”

Fairy Yue Ling also typed in the chat box.

“@ I’m just an ordinary person. Big shot, do you want to see it?” Zhou Hao smiled and said.

“I’ll have to take a rain check. I still have something I need to do so I’ll leave first.”

“Damn, the big shot is indeed extraordinary. He blew up the live-stream and left. How carefree. @ I’m just an ordinary person.”

“This is what you call a big shot. Do you see that? You bunch of losers are giving away Energy Bars just so you can ask the streamer to do this or that. Look at this big shot. This is what you call a role model @ I’m just an ordinary person...”

This group of people began to kneel and lick his boots. Zhou Hao only smiled and left the live-stream.

Just as he left, Fairy Yue Ling sent a message.

Chapter 328 - You Can Actually Temper Your Body with Essence Energy

Chapter 328: You Can Actually Temper Your Body with Essence Energy

“Big shot, do you not want to watch me dance?”

Zhou Hao was stunned for a moment and felt that she took it the wrong way. After all, he had never said that he did not want to watch her dance.

“I never said that’.”

Zhou Hao replied simply.

"I recorded a video of myself dancing. Shall I send it to you?" Fairy Yue Ling sent another message.

She sent another shy expression after that.

Zhou Hao was immediately stunned and could not help but reply, "Is this a special benefit for me?"

"Big shot, you helped me a lot. You can get whatever benefits you want."

Zhou Hao did not know how to respond to this. He really did not mean to do this, but now, Fairy Yue Ling had misunderstood him. It was as if she thought that he wanted other special benefits.

Zhou Hao was about to persuade her when he received a video.

On the screen, Fairy Yue Ling was beautiful and moving as she danced gracefully. Her dancing posture was simply devastatingly beautiful and peerless.

It had to be said that Fairy Yue Ling was indeed beautiful. Moreover, her dance was very beautiful. Her gaze really made Zhou Hao's heart itch. He couldn't help but swallow a mouthful of saliva as his entire body burned.

"Does it look good... If the big shot likes it, I can dance more."

When Fairy Yue Ling sent the message, Zhou Hao became embarrassed. He did not have the time to say anything and hurriedly quit the Heaven Dao software.

At this moment, Fairy Yue Ling saw that Zhou Hao's profile picture had turned gray, and confusion flashed across her pretty face. She did not understand what was wrong with this big shot.

Could it be... that her dance was not good enough?

Or... did he not want to see it at all?

Or... was he embarrassed?

She could not figure it out and had a puzzled expression.

Zhou Hao hurriedly washed his face and suppressed the evil desires.

"This woman is so damn tempting!"

Zhou Hao wiped his face and was about to rest when Heavenly King Zhu sent a message.

He frowned and did not stop for a moment. He directly arrived at the twelfth spatial rift and met Heavenly King Zhu in person.

“Heavenly King Zhu, what’s wrong? Why are you in such a hurry to call me over?”

Heavenly King Zhu saw Zhou Hao and was about to speak when he suddenly exclaimed. His eyes widened and he could not help but exclaim.

“Your... your aura... essence energy tempering. You can actually use essence energy to temper your body. Heavens!”

Zhu Zao was very shocked. In just a few days, he did not expect Zhou Hao to be able to temper his essence energy!

It had to be known that the Heaven and Earth essence energy was originally violent. Other than Heaven Realm experts, one would not dare to use it to temper their body at all. Otherwise, such a violent strength could instantly kill all quasi Heaven Realm experts!

What shocked Zhu Zao the most was that in just a few days, Zhou Hao had achieved such an effect!

“President Zhou, you’ve given me too many surprises!”

Zhu Zao was very excited. In the entire country, a quasi Heaven Realm expert who could temper his body was like a treasure!

This kind of expert would not only be incomparably powerful when they advanced to the Heaven Realm in the future. Most importantly, under the premise that Heaven Realm experts could not casually attack, the competition was only between quasi Heaven Realm experts!

And Zhou Hao could basically be said to be invincible in this realm!

This meaning was extraordinary!

Zhou Hao smiled, but he still hurriedly said, “Heavenly King Zhu, why did you ask me to come here?”

Zhu Zao slapped his forehead. “Look at me. I was so excited that I almost forgot about the important matter. An abnormality was discovered in the twelfth spatial rift. We detected a powerful fluctuation. The experts I sent over were unable to approach that place at all. Therefore... I can only trouble you.”

Zhou Hao was definitely a top-notch existence among quasi Heaven Realm experts. If Zhou Hao was in charge of this matter, he would definitely be at ease!

“Alright, I understand. I’ll rush over now.”

After Zhou Hao finished speaking, he did not say anything else and rushed towards the twelfth spatial rift.

At this moment, outside the twelfth spatial rift, there was a powerful magnetic field with a powerful aura. Many human experts were standing around, including Ling Shuying.

She was wearing a tight suit that outlined her exquisite body. Coupled with her devastatingly beautiful face, it made people unable to help but take another look.

However, at this moment, she frowned slightly and had a bad expression.

This was because the appearance of this magnetic field was too strange. Not only that, but it also had a very powerful repulsive force that was even repelling her.

At this moment, she seemed to have sensed something. She turned around and saw Zhou Hao appear.

“You’re here, President Zhou.”

Ling Shuying had always felt that Zhou Hao was mysterious. In addition to his outstanding strength, she naturally could not help but pay more attention.

Moreover, after fighting alongside Zhou Hao, she trusted him completely.

“Mm, how’s the situation?”

After Zhou Hao arrived, he felt a powerful fluctuation envelop the edge of the twelfth spatial rift.

Although the scope was not large and was nothing in the twelfth spatial rift, such an unforeseen event naturally needed attention..

Chapter 329 - The People of China Will Never Retreat!

Chapter 329: The People of China Will Never Retreat!

The war at the frontline had already multiplied the pressure on the edge of the spatial rift. If anything happened here, the entire spatial rift might collapse!

“The situation is not very optimistic. I don’t know what’s going on, but I’ve detected a very powerful energy brewing. We can’t contact those Heaven Realm experts up ahead either. I wonder what this is.”

“However, for some reason, I have a bad feeling!”

Ling Shuying took a deep breath and her expression was not good. Her worries were not unfounded. With the rise of the foreign races, the pressure on the humans had multiplied. If anything happened, it was really difficult to guarantee that they would not fail here!

If this place was lost, the ones who would suffer would not be them, but the citizens behind them!

Zhou Hao nodded and could not help but say, “A woman’s intuition has always been very accurate. Wait here. I’ll go and see what’s going on!”

After Zhou Hao finished speaking, he did not give Ling Shuying a chance to speak. His body moved and disappeared.

Ling Shuying still wanted to instruct Zhou Hao, but she smiled when she saw him leave.

Although Zhou Hao did not speak much and even gave her an indecent impression, at this moment, he was surprisingly able to reassure her. She did not know why.

Zhou Hao naturally did not know what she was thinking. Instead, he arrived at the place where the energy gathered. The magnetic field here was very powerful and the repulsive force was also very strong. Fortunately, Zhou Hao’s cultivation level was powerful, so he could get closer.

However, as he approached, the pressure suddenly multiplied, making Zhou Hao’s expression turn somewhat solemn.

“What is it? Senior, do you know?”

After all, Zhou Hao did not have much experience. However, Murong Xun was different. He was a veteran Heaven Realm expert!

“This feeling... seems like the aura of an alternate space descending...”

Murong Xun also took a deep breath and was very solemn.

“An alternate space descending? What does that mean?” Zhou Hao could not help but ask.

“It’s simple. It is very difficult to cause one space to descend onto another. Only the high-level secret weapons of the Machine Race can do this. However, this shouldn’t be happening. After all, the Machine Race shouldn’t be too interested in this spatial rift.”

Murong Xun was also very puzzled and did not understand.

Zhou Hao nodded. Although he could not figure out what it was, it seemed that nothing had happened yet.

However, Zhou Hao’s intuition was the same as Ling Shuying’s. No matter what this place was, as long as it was a foreign race technique, it was definitely not that simple!

As he was thinking, the spatial fluctuation suddenly became even more intense. Moreover, Zhou Hao could clearly sense that many living beings had appeared in this magnetic field!

This made his expression change. At the same time, he received Heavenly King Zhu’s message.

“President Zhou, run quickly. This is the descent of the Machine Race. I’ve received a notification that the Machine Race has transferred three quasi Heaven Realm experts from the seventh spatial rift. Including the six quasi Heaven Realm experts from the twelfth spatial rift, there are a total of nine of them. They want to break open the twelfth spatial rift and use it as a springboard to connect to the thirteenth spatial rift!”

Seeing this news, Zhou Hao’s expression changed drastically!

Indeed, the foreign races could no longer hold back. They attacked first!

“Now that the seventh spatial rift is already in chaos, the experts on our side can’t even take care of themselves. The foreign races used the ongoing war as an opportunity to descend here and are prepared to attack the twelfth spatial rift with their full strength. Damn it, isn’t the descent of the Machine Race very difficult to control? When did they open this spatial tunnel?!”

Heavenly King Zhu’s voice was anxious, and so was Zhou Hao!

The only solution he could think of now was to destroy this magnetic field. As long as they did not descend, everything would be fine!

However, this magnetic field was too hard. Zhou Hao tried a few times but it was useless.

At this moment, Ling Shuying rushed over.

“President Zhou, there’s no need to try. Save your strength. We’re prepared to fight a bloody battle. Even if we die, we have to stop them outside the twelfth spatial rift!”

Ling Shuying’s eyes were filled with determination to face death. Her entire body was filled with heroic spirit, and she had the intention to overthrow a country!

Zhou Hao was also infected by her and laughed.

“Hahaha, good. The people of China will never retreat!”

Zhou Hao and Ling Shuying returned to the area outside the twelfth spatial rift. The experts from the Green Cloud Division and the few quasi Heaven Realm experts from the military had all arrived!

Their faces were filled with determination to die for the country!

Even Zhu Zao appeared. Although he could not participate in the battle because there were also Heaven Realm experts eyeing the spatial rift, he still shouted loudly.

“The war is imminent. For our home!”

These simple words instantly ignited everyone. A powerful army had already been deployed in the twelfth spatial rift, and some high-tech weapons were also prepared.

Although the Human Race had prepared so much, they still felt that this battle was going to be very difficult!

The quasi Heaven Realm experts of the foreign races were originally stronger than the humans. Usually, three to four quasi Heaven Realm experts were only able to resolve a single quasi Heaven Realm foreign race. This was an innate advantage that the foreign race had and no one could do anything about it.

However, at this moment, everyone’s fighting spirit was aroused!

Chapter 330 - How... How Are You So Strong!?

Chapter 330: How... How Are You So Strong!?

At this moment, as if responding to Zhu Zao, the spatial fluctuations that descended instantly became huge. Countless auras appeared outside the twelfth spatial rift.

The ground trembled as many foreign races crawled out from the ground. In the distance, six foreign race beasts with rumbling auras appeared.

An aura rumbled, and a quasi Heaven Realm aura exploded, carrying endless pressure!

However, Zhou Hao did not see the Red Gold Flame Lion. Presumably, it also did not dare to appear here. Being controlled by his Beast Control Ring, it did not dare to attack the humans at all. If Zhou Hao forced it to kill its own kind, how could it survive in the foreign races in the future?

Therefore, not coming was the best solution!

Sensing these six powerful foreign beasts, everyone's expressions darkened!

"Those are... the Thousand-Eyed Hundred-Eyed Worm, the Void Beast Taming Beast, the Golden Armor Lizard, the Demon Race's Ghost Frog, the Titan Bear King, and the White Phosphorus Giant Crab!"

"They... really came. Looks like this battle has to be fought!"

The human experts became nervous!

At this moment, what made them even more nervous was that the spatial descent had already been completed. Countless mechanical foreign races had appeared, and Zhou Hao frowned.

"That is the Golden Armor Mechanical Leopard!"

The Golden Armor Mechanical Leopard was a relatively ferocious warrior of the Machine Race. Their bodies were made of titanium alloy and were incomparably tough.

In addition, the Golden Armor Mechanical Leopard was surprisingly fast and was rather famous.

After all, with high defense, fast speed, and powerful attack power, such an opponent was the most difficult to deal with!

Behind them, three ferocious beasts also appeared. Their auras were still that of quasi Heaven Realm experts!

There were a total of nine human warriors. In contrast, there were only eleven human warriors who had reached the quasi Heaven Realm. If they fought, they would definitely be at a disadvantage!

However, they could not retreat from this battle. Once they did, the twelfth spatial rift would collapse and the humans would fall. For the foreign races, they would advance another step!

Moreover, there were tens of millions of people behind them. They could not back down!

“Fight!”

It was unknown who roared. All the human cultivators revealed murderous intent. At this moment, they had all aroused their courage and were prepared to die!

Zhou Hao took a deep breath. He knew his mission. Although there were many people attacking from both sides, the key was still the battle between the peak-level experts. If he could kill more quasi Heaven Realm beasts in a short period of time, he would definitely be able to relieve a lot of pressure!

He took a step forward and stood at the front. His powerful cultivation exploded!

His essence energy circulated throughout his body, and his body was like a hot furnace that enveloped an area!

Seeing Zhou Hao step forward, everyone’s confidence soared!

“Don’t be afraid. With President Zhou around, we can definitely turn the tables!”

“That’s right. President Zhou is the strongest below the Heaven Realm. What are we afraid of? Kill them!”

“Damn, even if I die, I’ll drag a few of them down with me!”

Zhou Hao stepping forward gave them even more confidence. Without hesitation, Zhou Hao rushed over!

After tempering his body with essence energy, Zhou Hao did not know how powerful he was, but he knew that he could still kill quasi Heaven Realm beasts!

Zhou Hao moved like a signal, and the scene instantly crossed swords.

The foreign races also seemed to know how powerful Zhou Hao was. They directly sent out three quasi Heaven Realm beasts, wanting to work together to kill Zhou Hao!

Zhou Hao laughed as his blood essence surged, dying half the sky red as he directly fought.

His blood essence roared and was like a war god as he blasted towards the Hundred Insect King!

“Little human, you’re indeed arrogant. Die!”

The Hundred Insect King’s huge antennas slapped over fiercely, and the huge whipping force tore a spatial rift.

The Golden Armor Lizard beside it raised its huge tail and lashed it at Zhou Hao. The Titan Bear King also swung its fist and smashed over!

Zhou Hao’s body moved, and he used the Golden Crow escape technique with his full strength. He instantly dodged the attacks of the three of them and punched out!

This punch mixed with monstrous strength directly poured down and smashed fiercely onto the Hundred Insect King’s huge body.

Boom!

Powerful essence energy exploded, directly smashing a huge hole in the Hundred Insect King’s body!

This scene instantly shocked everyone!

Even Zhu Zao, who was watching the battle nervously, widened his eyes!

“This... this...”

Everyone could not believe it, but in the next second, they became even more excited and shouted!

“President Zhou is invincible!”

“President Zhou is mighty!”

“With President Zhou around, what are we afraid of? Charge!”

The human warriors roared and pounced over.

Zhou Hao did not expect his punch to be so powerful. This was the first time he had fought since his essence energy was tempered!

Last time, he had still spent a lot of effort to deal with the Red Gold Flame Lion. However, this time, after tempering his body, he realized that it was indeed different!

“How... How are you so strong?!”

The Hundred Insect King had a hole punched in it, and blood flowed down.. Although it was not fatal, its combat strength decreased rapidly.

Chapter 331 - Guaranteed Death!

Chapter 331: Guaranteed Death!

Zhou Hao laughed loudly, and his confidence soared!

Since he was so powerful, he was not going to stand on ceremony. After all, killing a quasi Heaven Realm expert would increase his luck points by more than 10 million!

Zhou Hao exploded. At this moment, he did not hold back. The battlefield was constantly changing, and he had to resolve this as soon as possible!

Under his essence energy body, Zhou Hao's body emitted a powerful fluctuation, making the beast's heart tremble!

"This aura is like a Heaven Realm expert. How could it be..."

"His body is too powerful. I can't resist him at all!"

"Damn it, isn't he a quasi Heaven Realm expert? Why is his combat strength approaching the Heaven Realm?!"

The three foreign beasts could not help but speak, but Zhou Hao had already arrived!

After learning how powerful his physical body was, Zhou Hao was not afraid. Seeing the Titan Bear King's mountain-like fist strike, Zhou Hao also punched!

Boom!

Energy waves surged as a bang resounded!

Crack!

With a crisp sound, the Titan Bear King's body shot backward. Half of its bones were directly shattered, and its life aura instantly reached the critical point of death!

The second punch!

After directly crippling a quasi Heaven Realm expert, this scene was even more impactful to everyone!

Piercing through the Hundred Insect King with a single strike!

Shattering the Titan Bear King with a single punch!

At this moment, Zhou Hao's aura surged. Before the Golden Armor Lizard could use its full strength, it realized that its two companions had basically lost their combat strength!

Zhou Hao did not even have the chance to think before he appeared in front of the Gold Armor Lizard in the next second.

A huge force descended with a bang, and his blood essence surged. The towering strength of the punch smashed fiercely onto the lizard's golden armor. With an explosion, the golden armored lizard's so-called strongest defensive armor was immediately shattered by Zhou Hao!

Everyone was stunned!

Even the foreign beast army was stunned!

They had just started fighting and had yet to enter the climax of the battle. However, there were already three quasi Heaven Realm experts here who had been beaten to the point of losing their combat strength!

This undoubtedly lowered their morale!

Originally, their battle plan this time was to cross the spatial rift and add reinforcement to the spatial rift. They wanted to take this place and establish an foreign race base here to expand. They had been planning this for a long time, but just now, Zhou Hao's three punches had shattered their dreams!

How could they win against such an expert?!

They were so shocked, but Zhou Hao was even more excited. Three quasi Heaven Realm beasts, how many luck points was that?!

This was simply a timely help!

Zhou Hao did not want to give them a chance. He directly attacked. He took out his spear, and lightning filled the sky. It was like heavenly lightning that had descended to the mortal world. He directly attacked.

With the support of essence energy, Zhou Hao attacked with the intention of taking their lives!

Seeing the lightning descend, the three of them were about to die!

However, at this moment, a powerful aura instantly descended!

“How dare you, human!”

This aura appeared with an invincible strength!

Although Zhou Hao did not know what that power was, he knew that it was definitely a Heaven Realm!

A true Heaven Realm expert, or at least a third-grade Heaven Realm expert!

It was also at this moment that Zhou Hao saw a foreign race being that was extremely similar to a human walking out of the void. This foreign race being had wings and was holding a blood-colored saber!

If one ignored his other features, he would undoubtedly be mistaken for a human. However, his eyes were blood-red, revealing long fangs and bone-like wings. It was very shocking!

His aura was so powerful that it suppressed this space, instantly making the aura here chaotic. It also made Zhou Hao's lightning that filled the sky instantly stop!

Then, he slowly raised his hand. A towering blood blade appeared and directly shattered Zhou Hao's lightning!

This scene shocked everyone!

Even Zhu Zao was the same!

“Damn, why would a Night Elf appear here? He's from the royal family of the foreign beasts and has a true royal bloodline. Moreover, he has a promising bloodline and has the strength of an eighth-grade Heaven Realm expert. Why would he appear here?!”

Murong Xun's voice sounded in Zhou Hao's head with fear.

It could be imagined how much pressure this person gave him!

Zhou Hao was also shocked. Was this the so-called Heaven Realm cultivation? The other party was indeed powerful. Standing there, he was like the ruler of the world. It was as if even space could not withstand his strength!

“Hmph, I didn’t expect the human race to have such a powerful quasi Heaven Realm expert. Leaving you in this world is too much of a threat to our foreign races. Therefore, die!”

He did not say much nonsense because he knew that Heaven Realm experts could not interfere with a Heaven Realm battle. However, at this moment, he was already prepared to break the agreement. He would risk death just to kill Zhou Hao!

His strike seemed to cover the sky as blood-red color descended with a bang!

At this moment, Zhou Hao felt a sense of death. He knew that if he resisted the blood blade, he would definitely die!

Even if his body had been tempered, he would still die!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 332 - Sword King Qing

Chapter 332: Sword King Qing

“It’s over! Run!”

At this moment, Zhu Zao was already too late and could not save Zhou Hao. Although he rushed over with his full strength and even did not hesitate to use his blood essence power to reduce his lifespan, he was still unable to save Zhou Hao!

Heaven Realm experts were not allowed to enter the battlefield. Therefore, when the Night Elf attacked, he was still only at the back of the battlefield while Zhou Hao was at the front!

Moreover, the cultivation level of this Night Elf royalty was incomparably powerful. Even Zhu Zao was unable to resist!

Just as Zhou Hao was about to die, a cold snort sounded.

Immediately, a powerful fluctuation exploded in the air. Zhou Hao saw a sword aura fly over and directly face the blood blade.

Boom!

A huge bang sounded, and an intense shock wave exploded. Even Zhou Hao was forced back 50 kilometers.

“Dark Night King, you’ve crossed the line!”

A faint voice sounded. Zhou Hao saw a white-robed man holding a green sword in his hand as he stood in the void. His powerful cultivation shattered the blood essence that filled the sky!

“This is... Sword King Qing!”

When Zhu Zao saw the person, he immediately heaved a sigh of relief. With Sword King Qing around, Zhou Hao’s life would be saved!

The Dark Night King’s expression turned ugly when he saw Sword King Qing appear. He did not expect this person to arrive so quickly, so he snorted.

“Sword King Qing, you still have the time to walk out of the spatial rift. How impressive.”

The Dark Night King sneered.

“Dark Night King, you’ve crossed the line. I need a satisfactory answer from you. Otherwise, you won’t be able to leave today!”

Sword King Qing stood in the void, his powerful cultivation spreading with fighting spirit.

“You want to fight me? Sword King Qing, looks like you still don’t understand the situation!” The Dark Night King teased.

“It’s useless to say anything else. Dark Night King, although it will take me some effort to kill you, if I pay the price, you will definitely die today!”

“You’re not the only king of the Night Elf Royal Family. If you die, you know how your bloodline will suffer. Therefore, I need an explanation from you. Otherwise, even if we die together today, I’ll make sure you won’t be able to leave!”

Sword King Qing said indifferently. His voice was not loud, but it was filled with an imposing aura.

Although the foreign races had always cooperated, they were not united. Moreover, everyone knew that if this Dark Night King died here, his bloodline would naturally be devoured by the other royal families!

Foreign beasts were not like humans and had no laws to speak of. If he died, his lineage would only become slaves!

Sword King Qing was aware of this and wanted him to make concessions. At the very least, he wanted the foreign races to leave the twelfth spatial rift alone!

This was the price for breaking the agreement!

The Dark Night King's expression turned ugly. He did not want to give up the opportunity nor did he want to give up.

With a sneer, he said, "Sword King Qing, it's useless for you to scare me. I was the one who offended you today, but it's impossible for you to keep me here!"

The Dark Night King also had a domineering attitude and did not give in at all!

The Dark Night King said this with confidence!

He knew that Sword King Qing knew their Night Elf Race well and knew that he did not dare to take the risk. Once he fell, his bloodline would be reduced to the slaves of other royal families. This was the usual method of the foreign races. They were ruthless and never showed mercy to their enemies, even if they were of the same race!

However, the Dark Night King was very smart. He knew that Sword King Qing did not dare to take the risk either. The war at the frontline was very tense. If he, Sword King Qing, died, the pressure on the frontline would increase.

Even if he did not die, the frontline would not be able to handle it for a few months!

The death of a Dark Night King meant that the foreign races only lost a Heaven Realm expert!

However, losing a peak-level combat strength of Sword King Qing for a few months will not be easy for human cultivators!

Sword King Qing's strength was powerful. Although he was only at the eighth-stage Heaven Realm, he was not at a disadvantage against a ninth-stage expert!

It could be said that Sword King Qing was completely capable of defeating the two Heaven Realm experts of the foreign races. Moreover, Sword King Qing was also the commander of the frontline. He was not only a boorish man, but he was also a strategist who was capable of determining victory!

If anything happened to him, at least three of the thirteen spatial rifts would be occupied by the foreign races!

This was not because the Dark Night King was exaggerating or praising Sword King Qing, but because he had such strength!

Everyone in the foreign races knew Sword King Qing!

Therefore, even if the Dark Night King was certain, Sword King Qing did not dare to gamble. Even if he dared, the other human cultivators would not be willing to let him. This was also where his confidence lay!

“Sword King Qing, let’s drop the matter today. If you continue to pester me, I can only fight with my life. At most, we’ll die together. However, you have to think carefully about the situation at the frontline!”

The Dark Night King sneered and looked at Sword King Qing with confidence!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 333 - As a Human Warrior, How Could You Retreat!?

Chapter 333: As a Human Warrior, How Could You Retreat!?

Sword King Qing narrowed his eyes, thinking to himself that this Dark Night King was really calm. If he wanted to kill him, he indeed had to pay a price. The Night Elf race was a royal race among the foreign races and this Dark Night King in front of him was only slightly inferior to him. If they fought, he would not be able to escape unscathed. It was even possible that he would be severely injured!

Once he was severely injured and could not recover for the time being, the foreign races naturally would not let go of this opportunity!

However, Sword King Qing was unwilling to let the Dark Night King leave like this!

Zhou Hao had always been paying attention to this. His expression was ugly. The foreign races' unyielding attitude made him nervous. From the Dark Night King's words, it was not difficult to tell how bad the situation at the frontline was!

They were clearly the ones who had crossed the line and did not care about the agreement to destroy the Heaven Realm experts. This meant that they were fearless!

Any agreement was built on the foundation of equal strength. But now, the foreign races' unyielding attitude explained everything!

Zhou Hao became anxious. If the Dark Night King was allowed to leave like this, it would definitely be a humiliation for the humans. It might even affect the morale of the human warriors!

This was not a good thing!

Zhou Hao took a deep breath, and his eyes flashed. He had an idea. He directly sent a voice transmission to Sword King Qing!

"Senior, do you have a way to delay the Dark Night King?"

Sword King Qing was stunned for a moment when he suddenly heard Zhou Hao's voice. He followed the source of the voice and found out that it was the human expert he had just saved. Therefore, he did not hide anything.

"It's easy to stall him, but I'll have to pay a huge price to kill him," Sword King Qing said immediately.

"Senior, there's no need to kill him. He also doesn't dare to risk his life against you," Zhou Hao immediately said.

Sword King Qing's expression did not change. He could not help but ask, "Oh? Why are you so sure?"

"Although he wants to kill you, he can't beat you. His confidence comes from the fact that senior is very important to the human race. This is because he knows that the war at the frontline is tense and that you don't dare to risk your life. However, at the same time, he doesn't dare to fall out with you because you know about the Dark Elf royal family!"

"Therefore, under mutual fear, the matter will be left unsettled in the end. This is the outcome he wants. Actually, it's also the outcome that we humans can only accept. After all, we can't let you get injured because of this Dark Night King and end up endangering the entire human race. Therefore, Senior, you can't kill him. Instead, you have to keep him alive!"

Zhou Hao's analysis was very reasonable, but Sword King Qing frowned and asked.

"Your analysis is very reasonable, and it is indeed so at this moment. Although I'm not afraid of death, I still don't dare to take the risk. Since you chose to send a voice transmission to me and let me delay him, I believe you have a solution?"

Zhou Hao immediately said, "That's right. Senior, it will only take a few minutes for you to stall him. There's no need to fight with your life. I'll take the opportunity to kill the three quasi Heaven Realm beasts that don't have combat strength. In this way, our human race won't lose anything!"

"Moreover, once we kill three quasi Heaven Realm experts on their side, even if he has a noble status in the foreign races, it probably won't be easy to clean up the mess!"

This was Zhou Hao's plan!

"Oh? Interesting. However, aren't you worried that the foreign races will mobilize and fight to the death to snatch the thirteenth spatial rift? It has to be known that our human race is fighting countless foreign races. The situation is not optimistic." Sword King Qing was telling the truth. He was not timid, but there were so many foreign races. Although they were not united, they were still fighting together against the human race!

After all, the humans occupied half of Planet Earth's resources and half of the territory. It was extremely attractive to them!

"Senior, don't worry. Killing three quasi Heaven Realm beasts won't be enough to provoke them. Moreover, I don't think he'd be willing to abandon the lives of others just for the deaths of three quasi Heaven Realm beasts. At that time, we only need to negotiate. Both sides can just put down the thirteenth spatial rift. If they don't agree, then we'll start a war. Are we humans afraid of them?!"

Zhou Hao's heroic words immediately put Sword King Qing in a difficult spot!

He was not worried, but after this matter, the foreign races would target the Dark Night King. However, at the same time, Zhou Hao would also fall into the eyes of the foreign races!

A quasi Heaven Realm expert with combat strength comparable to a Heaven Realm expert was a thorn in the eyes of the foreign races. He believed that in the future, there would be endless danger waiting for him!

Sword King Qing turned around and looked at Zhou Hao. Seeing his calm expression, he sent a voice transmission.

"Aren't you afraid?"

These three words revealed Sword King Qing's heartache. Similarly, it also revealed his helplessness!

He really did not want to burden Zhou Hao with all the problems this time, nor did he want him to be noticed by the foreign race Heaven Realm experts!

Zhou Hao smiled. He naturally thought that once he killed these three quasi Heaven Realm experts, the Dark Night King would be blamed by the foreign races.

As for him, he would also catch their attention. They would even not hesitate to send a secret expert to kill him!

Of course Zhou Hao was afraid, but as a human warrior, how could he retreat!

Chapter 334 - Afraid But Not Regretful!

Chapter 334: Afraid But Not Regretful!

He looked up at Sword King Qing with a firm gaze, but he only replied indifferently.

"I'm afraid, but I have no regrets!"

These words contained endless power, making Sword King Qing feel deep veneration!

Although he was a peak-level human warrior, at this moment, he began to admire Zhou Hao!

Facing countless foreign races, even Sword King Qing was afraid!

However, Zhou Hao had no regrets!

Sword King Qing really admired such breadth of mind and courage!

This person was extraordinary and could definitely reach the heavens!

Sword King Qing looked at Zhou Hao and only thought of this!

“This child’s future accomplishments will definitely be higher than mine. I’m glad that he is a part of the human race...”

Sword King Qing retracted his gaze, but his eyes were filled with fighting spirit. He directly drew his sword!

Although the two of them spoke a lot, they only exchanged a few breaths. The Dark Night King originally thought that Sword King Qing would be afraid and leave the matter unsettled. However, he did not expect Sword King Qing to actually draw his sword and point it at him!

“I’ve long known that the Night Elf Royal Family’s methods are monstrous. I, Qing Fubai, want to try it today.”

With that said, Sword King Qing had already rushed out!

“Sword King Qing, do you know what you’re doing?!”

The Dark Night King immediately panicked, and his expression changed drastically. Blood essence also appeared in the sky. He had the noble bloodline of a foreign race. At this moment, when he activated his cultivation, the shocking strength of an eighth-grade Heaven Realm expert swept through the entire scene.

However, Sword King Qing’s green sword was not to be trifled with either. The long sword hissed and approached with a destructive force!

The two of them instantly fought, leaving behind continuous rumbling in the air!

The human and foreign race cultivators below roared and rushed over.

As for Zhou Hao, he stared at the three quasi Heaven Realm beasts that had already lost their combat strength. He directly raised his spear, and lightning descended from the sky!

After being tempered by essence energy, Zhou Hao’s combat strength was close to the quasi Heaven Realm. If he did not advance to the Heaven Realm, he would be invincible!

Moreover, these three huge beasts no longer had any strength to fight back!

Seeing Zhou Hao attack, the Dark Night King’s expression immediately changed as he shouted angrily.

“Despicable human, how dare you!”

Zhou Hao ignored him and sneered.

“There’s nothing I don’t dare to do!”

The spear rose and thunder filled the sky!

The spear fell and annihilated all living beings!

The three foreign beasts that had already lost their combat strength were instantly transformed into ashes and could not be any more dead.

Zhou Hao’s luck points instantly soared and exceeded 100 million!

The Dark Night King’s eyes widened. He did not expect this group of humans to dare to attack!

However, before he could recover from his anger, Zhou Hao’s figure had already appeared in front of the other quasi Heaven Realm beasts!

“Dark Night King, if you don’t agree to the ceasefire today and don’t invade the thirteenth spatial rift again, those quasi Heaven Realm beasts will definitely die. If they die, it won’t be easy for you to report, right?!”

Sword King Qing laughed loudly and was incomparably carefree. Although he was only holding back the Dark Night King and did not fight him with his life, his blood still boiled when he saw Zhou Hao being so ferocious!

The human cultivators below regained their senses and roared.

“President Zhou is mighty. Chase them out of the thirteenth spatial rift!”

“That’s right. If they don’t agree, kill them all!”

“President Zhou is invincible. Brothers, kill them!”

The blood essence of all the human warriors surged. On the other hand, the foreign races shut themselves up on the spot. They originally thought that the Dark Night King would be able to help them obtain victory!

However, who would have expected that the outcome would be the same after he appeared? He instantly lost his fighting spirit, and many foreign race warriors even retreated, prepared to return to the spatial rift!

Especially those quasi Heaven Realm beasts. Their intelligence was not low, and they knew that they would lose today no matter what. Why would they lose their lives because of this?!

However, Zhou Hao would not agree to let them leave so easily!

Zhou Hao used the Golden Crow Escape Technique. Countless spear lights streaked across the spear in his hand. Countless lightning powers condensed in the air as he attacked!

Zhou Hao was invincible here, so the foreign beasts were trembling with fear. It was not only them, but even the Dark Night King!

The death of three quasi Heaven Realm beasts was already embarrassing for him, making it difficult for him to explain in front of the other foreign races.

If more quasi Heaven Realm beasts died, it would really be over!

The Dark Night King gritted his teeth and roared, "Sword King Qing, I agree to never invade the thirteenth spatial rift. Quickly get your people to stop. Otherwise, even if I die today, I'll heavily injure you!"

The Dark Night King compromised!

He was afraid. For the first time in his life, he actually felt afraid!

This small quasi Heaven Realm human brat was actually so ferocious and did not play according to the rules. It was really unexpected.

Therefore, after weighing the pros and cons, he could only compromise!

When Sword King Qing heard this, he directly put away his sword. Zhou Hao also put away his spear!

They had already achieved their goal today and could not go overboard!

If Zhou Hao continued to kill these quasi Heaven Realm beasts, he would really be a boorish fellow and bring trouble to the human race!

However, as of now, only three of them had died. This was still acceptable to the foreign races!

"I'll remember this... Sword King Qing. And you, human brat, I'll remember you. President Zhou, right? I'll crush your head sooner or later!"

The Dark Night King was so furious that he trembled. He opened a spatial rift and descended, leaving with these soldiers. The foreign races that were originally in the thirteenth spatial rift also retreated from the thirteenth spatial rift, not daring to enter!

"We... we won!"

"We won... Sword King Qing is invincible, and President Zhou is invincible!"

The humans cheered, their voices shaking the sky.

In the distance, Zhu Zao, Ling Shuying, and the other quasi Heaven Realm experts heaved a sigh of relief. Seeing the foreign races retreat, the danger today could also be resolved!

Moreover, the Dark Night King had already agreed to leave the thirteenth spatial rift and never invade it. This was undoubtedly great news for the human race!

With the reduction of the spatial rift, the pressure on humanity would decrease again!

Chapter 335 - Slaying People Like Slaying Dogs

Chapter 335: Slaying People Like Slaying Dogs

“You’re not bad, President Zhou. I thank you on behalf of the human race. I’ve been away for a while now, so I can’t talk to you anymore. In the future, when we meet, I’ll definitely give you a toast!”

Sword King Qing looked at Zhou Hao and was very happy. His body moved and he directly left!

Zhu Zao rushed over at this moment and laughed when he saw Zhou Hao!

“President Zhou, you’ve really helped the humans a lot. The foreign races have promised not to invade the thirteenth spatial rift. It’s a huge piece of good news for us humans!”

“This credit belongs to you!”

Zhu Zao was extremely happy, and Ling Shuying’s beautiful eyes were even filled with admiration.

Zhou Hao smiled. “Heavenly King Zhu, you’re too kind.”

“President Zhou, if not for you, the thirteenth spatial rift would have been in danger!” Heavenly King Zhu was not just praising Zhou Hao for the sake of it. After all, everyone saw what he did!

If not for the fact that Zhou Hao had killed three quasi Heaven Realm beasts, it would have been impossible for him to resolve this crisis!

However, Zhou Hao shook his head. “Heavenly King Zhu, don’t say that. It’s hard to accomplish anything alone. Since ancient times, everything has been reasonable. If not for the soldiers, I wouldn’t have been worth mentioning. Moreover, if Sword King Qing hadn’t appeared today, I would have been beheaded. Therefore, Heavenly King Zhu, stop giving me all the credit!”

Zhou Hao smiled and said. As soon as he finished speaking, everyone felt deep veneration for him!

This was a true expert!

Everyone could tell that he was the first to charge into battle and was not afraid of death!

After the battle, he was so humble and magnanimous. How could such an expert not be respected?

After saying this, Zhou Hao did not leave because he knew that there were still things to deal with!

“Heavenly King Zhu, although I discussed with Senior Sword King Qing just now that we killed three quasi Heaven Realm beasts and forced the Dark Night King to agree not to enter the thirteenth spatial rift, I’m still worried that the foreign races won’t keep their word. Is there a way to resolve this?”

Zhou Hao was still very worried. After all, the Dark Night King had already broken the agreement and attacked him. If he broke the agreement before, it was very likely that he would go back on his word a second time!

The foreign races did not follow the rules and were violent by nature. It was probably not easy for them to abide by the rules!

Heavenly King Zhu smiled when he heard this.

“President Zhou, you don’t have to worry about this. The frontline has already been notified!”

As Zhu Zao spoke, he brought Zhou Hao and the others back to the base. He brought Zhou Hao to his office and directly opened the message to send the frontline combat report.

Zhou Hao looked at the battle report and his expression immediately changed, revealing ecstasy!

“Although the thirteen spatial rifts put some pressure on us humans, it doesn’t mean that we humans are pushovers. Today, the matter has just ended. The Heavenly Kings on the frontline have already negotiated with the foreign races and made them give up the thirteenth spatial rift. At the very least, no one above the supernatural level is allowed to enter!” Zhu Zao said.

“Did the foreign races really agree?” Zhou Hao was still uncertain.

“That’s right. Our human race is fighting countless foreign races. It’s obvious how powerful we are. Moreover, this matter has really alarmed a mighty expert. The foreign races can only agree,” Zhu Zao said with a smile.

“An mighty expert?” Zhou Hao caught the three key words.

This mighty expert had an extraordinary meaning!

At this moment, there were only Zhou Hao and Zhu Zao. Zhu Zao did not hide anything.

“Actually, only those who have reached the Heavenly King level are qualified to know about this. However, you have contributed greatly to the Human Race, so the higher-ups have decided that there are some things that you can also know.”

“President Zhou, let me ask you this. Why are we humans able to stand tall against so many races? Our experts are clearly on the same level but are still no match for the foreign beasts, but why are we still able to compete with them? In fact, our human race occupies half of Planet Earth’s resources despite sharing Planet Earth with countless foreign races. Have you thought about why this is?”

Zhu Zao’s words stunned Zhou Hao for a moment, and he shook his head.

He had only entered the martial artist world for a short period of time and naturally did not know these confidential matters.

“Then let me ask you again. All the treaties and agreements are built on the foundation of equality. But on the battlefield, what kind of power can affect the battle?” Zhu Zao said.

Zhou Hao said without hesitation, "It's the peak strength. Only the peak strength can affect the outcome of the battle. After all, peak strength can fight a hundred, ten thousand, or even a million!"

"That's right, peak-level strength. I think you should understand what I meant just now, right?" Zhu Zao smiled.

Zhou Hao's expression changed as he hurriedly asked, "Heavenly King Zhu, are you saying that the peak strength of our human race is even stronger than the foreign races?"

Zhu Zao shook his head. "That's not necessarily true, but the peak strength of our human race is definitely something the foreign races fear. It has to be known that powerful people have an extremely high effect on the battlefield. Let me give you an example. Just like how you faced several foreign race quasi Heaven Realm experts of the same level.. Although you might not necessarily be able to kill them, it won't be easy for them to kill you. However, once you go crazy, killing people weaker than you is as easy as killing a dog, right?"

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 336 - Black Dragon Spear?

Chapter 336: Black Dragon Spear?

Zhou Hao nodded. Indeed, if he wanted to kill the supernatural beast, he could do it instantly!

"Therefore, if the peak combat strength of our human race is really angered, we can easily destroy countless foreign races. Even if they have other experts from the same world, they wouldn't dare to pressure us. After all, when an expert of that level goes crazy, everyone is afraid!"

"And this time, the foreign races were the ones who broke the agreement first. They were in the wrong to begin with. Moreover, with the intervention of a great expert, the foreign races are still afraid!"

At this point, Zhou Hao understood that the reason why the human experts had intervened was because they wanted to use this opportunity to negotiate!

Although Heavenly King Zhu did not say it explicitly, Zhou Hao could roughly guess that since Heaven Realm experts were not allowed to interfere in battles below the Heaven Realm, those experts probably had an agreement not to interfere too much in the battlefield!

However, the foreign races had broken the agreement first, so the human experts naturally could not show weakness. Even though the humans had won this battle, the foreign races were still in the wrong and could not say anything!

In fear, they could only give up on the thirteenth spatial rift!

It was just as Heavenly King Zhu had said. Once that kind of expert went crazy, the foreign races would also be afraid!

Zhou Hao blinked. He had not expected this.

“President Zhou, this is completely a war between enemies. The battlefield between the two sides is not only limited to the battlefield, but it also concerns all aspects of the Dao. However, I can’t say much about many things. In the future, when you reach the Heaven Realm and enter the spatial rift, you will definitely know!”

Heavenly King Zhu smiled and spoke. Just as he was speaking, he suddenly froze for a moment. Then, he opened the projection and the scene appeared. Sword King Qing’s appearance appeared on the screen.

“Sword King Qing...”

Zhu Zao was stunned for a moment, and so was Zhou Hao.

“Hehe, President Zhou, we meet again,” Sword King Qing said with a smile.

“Greetings, Senior,” Zhou Hao said respectfully.

“No need to be so polite. President Zhou, you’ve done a great job in today’s battle. The Alliance has specially distributed rewards for you. I’ve already sent someone to deliver the items to you. I hope you like them.”

After Sword King Qing finished speaking, he continued.

“The foreign races above the supernatural level have basically left the thirteenth spatial rift. The strongest combatants left behind are only grandmasters. Our human race can establish a defensive line. In addition, from today onwards, the thirteenth spatial rift will also become a training base to nurture our human warriors. Heavenly King Zhu, I’ll leave this to you.”

Hearing this, Zhu Zao was overjoyed and hurriedly said, "Sword King Qing, is that true? That's... great!"

"That's right. With this safe training base, our human warriors will definitely be one step closer to growing stronger. The various regions will begin to prepare to send students here for special training. In the future, the thirteenth spatial rift will be very lively."

After Sword King Qing finished speaking, he looked deeply at Zhou Hao.

"President Zhou, I'll cut the crap. You've done a great job this time. Your good deeds will not be forgotten!"

"Also, I'll wait for you in the spatial rift. I promise to give you a toast. When you come, we'll drink and chat happily!"

Zhou Hao nodded. "Alright, I won't go home until I'm drunk!"

Zhou Hao was very excited. He did not expect that not only had the battle today relieved the pressure on the frontline, but the thirteenth spatial rift had also become a training base for the humans. It was really killing three birds with one stone!

At this moment, Heavenly King Zhu received a message and smiled.

"President Zhou, your reward has arrived."

After Heavenly King Zhu finished speaking, Zhou Hao immediately became excited. The reward given by the higher-ups was definitely something good!

Although Zhou Hao was fighting for the sake of the safety of the human race, he still had to take the reward!

Heavenly King Zhu brought Zhou Hao outside and saw a long spear that emitted black light and powerful fluctuations standing in the center of the ground.

There was also a small box at the side with an ancient scroll inside.

Zhu Zao was also incomparably shocked when he saw the spear.

"This is the Black Dragon Spear!"

Zhu Zao clearly recognized this item. When he saw the Black Dragon Spear, he did not dare to believe that such a precious item had been taken out and rewarded to President Zhou!

"Black Dragon Spear?"

Zhou Hao was stunned for a moment and naturally did not know.

“President Zhou, this spear is forged from a meteorite. Such a treasure is incomparably precious in the entire human race on Planet Earth. Even a Heaven Realm expert would find it difficult to obtain one. Looks like the higher-ups think very highly of you. This is both a reward and a way for them to nurture you!”

Zhu Zao was very envious.. Even a Heaven Realm expert like him did not have such a powerful weapon.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 337 - The Bad News Is...

Chapter 337: The Bad News Is...

“Is this spear very powerful?” Zhou Hao could not help but ask.

“Of course, even the titanium alloy we developed is not as hard as a weapon forged from a meteorite from outer space. Moreover, this spear has been enhanced by a mighty expert. Its might is huge. You’ll know when you use it!”

Hearing Heavenly King Zhu say this, Zhou Hao was very excited. He also had a weapon in his hand, but compared to this Black Dragon Spear, it was definitely not comparable!

Zhou Hao walked over and stretched out his hand to hold the Black Dragon Spear. Immediately, a loud dragon roar shook the world!

Immediately, a pressure rumbled as the aura was like a Heaven Realm expert, carrying an aura that only belonged to a Heaven Realm expert!

“Just a weapon and it already has the pressure of a Heaven Realm expert. This item is indeed extraordinary!”

Zhou Hao was very excited. After putting away the Black Dragon Spear, he looked at the ancient book.

“God Slaying”

These three words contained a domineering aura. This book was called “God Slaying”, and its name was really domineering!

Zhou Hao did not understand what this was, but Heavenly King Zhu could not help but explain.

“President Zhou, this book is an ancient book left behind by humans from a hundred years ago. It’s a secret treasure. I heard that this book should be a Heaven Realm cultivation technique, but very few people cultivate it. It requires a powerful physical body. The reason why they gave this to you is because they could tell that your physical body is definitely extraordinary for you to be able to use essence energy to temper your body at the quasi Heaven Realm. It seems that they want you to try cultivating this secret technique.”

Zhu Zao explained to Zhou Hao. After he heard this, he was even more shocked!

He did not expect this tattered-looking thing to be a Heaven Realm cultivation technique!

Moreover, if this name was true, it could kill gods. It was definitely a powerful cultivation technique!

“Heavenly King Zhu, this cultivation technique must be very powerful, right?” Zhou Hao asked.

“This... I don’t know. After all, no one has ever successfully cultivated this book. It has high requirements on the body. You can try it.”

Zhu Zao did not hide the truth from Zhou Hao. It was the truth. Many Heaven Realm experts had cultivated this cultivation technique before, but its compatibility was ordinary and could not unleash its true strength.

However, no one dared to question the strength of this cultivation technique. After all, there had once been a Heaven Realm expert who only had a compatibility score of 15% with this cultivation technique. After cultivating this technique, he was even able to increase his explosive strength despite having previously cultivated a Heaven Realm cultivation technique with a 50% compatibility score!

It was not difficult to imagine how powerful this cultivation technique would be if one could reach a compatibility score above 50%!

“I see. Alright, I’ll accept it. Help me thank the higher-ups.”

Zhou Hao did not say anything and left directly.

After returning to the villa, Zhou Hao did not hesitate and directly took out the God Slaying.

This book was very ancient. After reading it, he was still somewhat confused.

Zhou Hao did not care. This book had already been modified and had a mental imprint. Zhou Hao directly engraved it in his mind and began to learn.

Just as Zhou Hao circulated this cultivation technique, he felt the essence energy in his body suddenly decrease, making him somewhat flustered!

Zhou Hao hurriedly checked the compatibility score and surprisingly discovered that the compatibility score of this cultivation technique was actually slowly increasing.

Moreover, as this essence energy was consumed, it slowly increased!

Previously, his compatibility score was 5%. However, after the essence energy in his body had disappeared, it had actually reached 10%!

The subsequent rise to 20% became slower and slower until it reached 25%. Zhou Hao's essence energy had also been exhausted. Even the Essence Energy Ancestral Stones had been used up by Zhou Hao!

"This sure is tough. After using so many Essence Energy Ancestral Stones, I only increased my compatibility score by 20%!"

Zhou Hao was depressed, but he still wanted to test how powerful this cultivation technique was.

His body flashed and arrived at the sea. Then, he circulated the "God Slaying". Immediately, a powerful pressure descended with a bang. The strength in his body also instantly soared, and the strength of the cultivation technique directly augmented Zhou Hao's entire body. In an instant, a red light rose from his body!

This strength shocked Zhou Hao. He was now five times stronger than before!

In other words, his current combat strength was five times that of a quasi Heaven Realm expert!

What kind of concept was that?!

If he had long obtained this cultivation technique, he could have instantly killed those three quasi Heaven Realm beasts!

Zhou Hao still could not bring himself to believe it as he took out the Black Dragon Spear. At this moment, the black flames of the Black Dragon Spear surged into the sky.

The red light on his entire body was magnificent. He directly squeezed out the void trembling!

There were even monstrous waves on the sea level. The sea area within ten miles was suppressed by Zhou Hao's pressure until it sank by ten meters!

Zhou Hao was incomparably shocked and did not dare to believe it. He immediately put away this cultivation technique.

His aura also instantly weakened at this moment!

"The God Slaying is indeed incomparably powerful. It can instantly increase one's combat strength by several times, but this consumption... is also really huge. In just a few breaths, I feel that more than half of the essence energy in my body has been consumed!"

Although Zhou Hao felt that the consumption was huge, he was still overjoyed. If it was at a critical moment, this God Slaying was definitely extremely powerful.

"Good stuff. The higher-ups really gave us something good!"

Zhou Hao laughed and returned to the villa.

The next morning, Zhou Hao woke up early as the training continued.

"I have good news and bad news."

Yang Hui had a happy expression, making Xu Ling and the others somewhat puzzled.

Zhou Hao knew that the thirteenth spatial rift had already become a training base after the battle yesterday. The good news was that the thirteenth had fallen into the hands of the humans and had become a training base.

As for the bad news, it was probably that they had to strengthen their training!

"Instructor Yang, what's the news?" Yun Yan blinked her beautiful big eyes and could not help but ask.

Yang Hui looked at everyone and said directly, "The good news is that the thirteenth spatial rift was occupied by us humans yesterday. From now on, it will become our human training base. The foreign races will not invade!"

"As for the bad news... from tomorrow onwards, we will increase the special training. This time, not only will our Seventh Elite Base be sent to the training camp, but the other elite bases will also send their elites to the thirteenth spatial rift."

“If you don’t want to be inferior and be looked down upon by the other training camps, from tomorrow onwards, the devilish training will begin!”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 338 - Failed

Chapter 338: Failed

As soon as Yang Hui finished speaking, everyone was dumbfounded. They immediately sighed!

“What... training again...”

“We even have to train with the other elite training bases...”

“Heavens... what a bolt from the blue!”

Zhou Hao saw this and smiled. It was no wonder this group of students was like this. It was indeed because special training had been coming one after another recently and everyone did not have time to rest.

However, although he said this, Zhou Hao still knew that although they were complaining like this, they might not necessarily think this way.

Yang Hui looked at them and sighed, ignoring them. He was in an unprecedentedly good mood today, so he was not angry.

Moreover, he knew these students very well. Although they usually said that training was tiring and difficult, when it came to actual training, they were all fighting with their lives on the line. At this moment, they were just acting.

“How long... do you guys want to continue acting? I’m afraid you guys can’t be happier!”

As soon as he finished speaking, the voices below instantly disappeared, and it was replaced with laughter...

Yang Hui also smiled and said indifferently, "Alright, let's cut the crap. Starting from tomorrow, we'll enter the thirteenth spatial rift to eliminate the remaining foreign beasts!"

After he finished speaking, all the students' expressions were firm and excited. They no longer had the intention to fool around and were instead looking forward to this training!

The special training will begin tomorrow. Today, everyone was given an afternoon off to rest.

It was rare for Zhou Hao and the others to go out with Xu Ling, Yuan Cheng, Yun Yan, and the others.

Xu Ling and Yun Yan had outstanding auras. They were as beautiful as snow lotuses on an ice mountain.

One was enchanting, and the other was charming. When he walked with the two beauties, the number of people looking back was terrifying.

Zhou Hao, Zhang Yi, and Yuan Cheng walked to the back as they accompanied Xu Ling and Yun Yan shopping in the mall. They also shook their heads and laughed.

How could a girl at this age not like to shop? They were usually busy with training and naturally did not have time. There was only half a day left today, so Xu Ling and Yun Yan dragged the three of them out to shop.

Zhou Hao looked at Xu Ling's happy and satisfied expression. He knew that only by guarding all the spatial rifts and protecting the humans would this smile remain on Xu Ling's face.

Therefore, regardless of whether it was for the sake of the humans or Xu Ling, Zhou Hao knew that he still had to become stronger until the day when he could resolve all the spatial rifts and prevent the foreign races from invading!

The afternoon passed quickly. At night, Zhou Hao lay in bed and opened the Heaven Dao software.

He had yet to see if there were any other cultivation techniques in the "God Slaying" cultivation technique he had obtained. Therefore, he immediately opened the platinum mystery box and entered the "God Slaying".

Soon, the system gave out the mystery box rewards.

Cultivation Technique: "God Beheading Art"—"God Slaying"—"God Destroying Art"—"God Vanquishing Art"

Zhou Hao was immediately surprised. He did not expect the “God Slaying” in his hand to be a second-grade cultivation technique. He had really picked up a treasure!

A Heaven Realm cultivation technique was not something that ordinary cultivation techniques could compare with. Advancing such a cultivation technique was even more difficult. Zhou Hao was extremely happy that the higher-ups had given him such a powerful cultivation technique!

“I wonder if I can get the” God Destroying Art “cultivation technique with my current luck points!”

Zhou Hao immediately exchanged 300 million coins and prepared to start the draw. This time, he had to get the God Destroying Art no matter what!

After mastering “God Slaying”, Zhou Hao finally realized how impressive this cultivation technique was. If “God Slaying” was already so impressive, then “God Destroying Art” would probably be even more impressive!

The increase in combat strength by several times was not something that ordinary cultivation techniques could bring. Zhou Hao felt that this “God Slaying” could bring him even stronger combat strength, and this “God Destroying Art” would only be stronger!

Therefore, Zhou Hao wanted to draw the mystery box!

Moreover, with his current luck points of more than 100 million, it was very likely for him to get the “God Destroying Art”!

Soon, he directly opened the platinum mystery box and spent more than 100 million luck points. He was about to cause an uproar in the Heaven Dao software tonight!

As Zhou Hao crazily opened the platinum mystery box, more than 100 million luck points were instantly consumed, along with more than 100 million coins!

“Ding! Congratulations on opening the mystery box and obtaining a rare-level item—Winter Sword. This item has been placed in your backpack. Please take note!”

“Ding! Congratulations on opening the mystery box and obtaining a rare-level item—Ghost Axe. This item has been placed in your backpack. Please take note!”

“Ding! Congratulations on opening the mystery box and obtaining a rare-level item—Precise Combat Boots. This item has been placed in your backpack. Please take note!”

“Ding! Congratulations on opening the mystery box and obtaining a rare-level item—Mad Blood Essence Vein. This item has been placed in your backpack. Please take note!”

“Ding! Congratulations on opening the mystery box and obtaining a rare-level item—Mountain River Map. This item has been placed in your backpack. Please take note!”

“Ding! Congratulations on opening the mystery box and obtaining the legendary item—Victory Battle Armor. This item has been placed in your backpack. Please take note!”

...

The Heaven Dao software was instantly flooded, and everyone was stunned!

Chapter 339 - ould It Be... Impossible?

Chapter 339: Could It Be... Impossible?

“Damn, the big shot has appeared. The big shot is making a move again. Today, the big shot opened the mystery box!”

“How long has it been? I haven’t seen the big shot open the mystery box for a long time. @ I’m just an ordinary person. The big shot is invincible!”

“As soon as the big shot makes a move, he’s guaranteed to win. The big shot in the mystery box is indeed extraordinary. He’s already gotten rare-level items!”

“Hahaha, damn, my youth has returned. The big shot didn’t go to the live-stream room to show off today. Instead, he opened the mystery box again. How satisfying!”

With so many rare and legendary treasures appearing, these people were all extremely envious. Many people had not even opened rare-level items, let alone legendary-level items.

However, Zhou Hao was still not satisfied. He looked at the equipment that showed up and ignored them. He directly backpacked them without even looking!

What he needed to do now was open the “God Destroying Art”!

“Damn, the big shot hasn’t stopped. How much did he spend?!”

“The big shot is rich. Kid, you really don’t understand the big shot!”

“This amount of money is nothing in the hands of a big shot. You guys can be envious!”

The entire Heaven Dao software was flooded by Zhou Hao. Even many big shots in the live-stream ran out to watch. The scene was heated.

“Big shot, what equipment are you trying to get today?”

At this moment, Fairy Yue Ling sent a message. Zhou Hao looked at it and did not reply. He saw that the mystery boxes were getting fewer and fewer, but the “God Destroying Art” did not appear, so he was somewhat anxious.

He was worried that he might not be able to open “God Destroying Art” today.

Although he shouldn’t be thinking this way, for some reason, he still felt like this!

Soon, the mystery box was emptied. Zhou Hao looked at the exhausted luck points and 500 million coins and frowned.

“He really couldn’t open it. Could it be that... he can’t even open the ‘God Destroying Art’?”

“Or is this cultivation technique too heaven-defying? Is 100 million luck points not enough?”

Zhou Hao was depressed. Although he had countless rare-level equipment and legendary items in his backpack, Zhou Hao could not be happy.

Of course, it was not only because he had spent so many luck points and coins, but also because he felt that this “God Destroying Art” should be very difficult to obtain!

Zhou Hao took a deep breath and understood that he was still a little anxious today. This was because after seeing the might of “God Slaying”, Zhou Hao really could not wait to obtain that “God Destroying Art”.

However, he was thinking too simply!

Seeing Fairy Yue Ling’s question, Zhou Hao directly replied.

“That’s right, but it didn’t appear.”

“Ah? Even you couldn’t get it...”

Fairy Yue Ling was too surprised when she saw this. If even an ordinary person like me couldn’t get it, who else could?

“Big shot, can I ask what you want?”

Fairy Yue Ling was very curious. Although she knew that it was a little inappropriate to ask such a question, she still could not help but ask.

Zhou Hao did not care and replied, "A cultivation technique called 'God Destroying Art'."

"What?!"

Fairy Yue Ling was immediately stunned and subconsciously looked at the big words on the chat box.

"Big shot, are you sure you want to open 'God Destroying Art'?"

When Zhou Hao saw Fairy Yue Ling's answer, he was stunned for a moment and hurriedly asked, "Fairy Yue Ling, do you know this cultivation technique?"

Zhou Hao did not expect her to know. Could it be that she was also from the Green Cloud Division?

Fairy Yue Ling's expression was somewhat hesitant. She looked at the chat box and did not reply for a long time. After thinking for a moment, she did not answer Zhou Hao and directly opened the Heaven Dao software.

Zhou Hao had been staring at the chat box, but he was immediately dumbfounded when he saw Fairy Yue Ling log off.

"Why did she go offline? What's going on?"

Zhou Hao could not figure it out no matter how he thought about it.

"Fairy Yue Ling, why did you go offline? Do you know about 'God Destroying Art'."

However, Fairy Yue Ling did not reply. Her profile picture was still dark.

Zhou Hao sighed and could only quit the Heaven Dao software, feeling very depressed.

The next day's training began. However, it was still the first day after all, so they were not that nervous. Everyone returned after killing some strange beasts outside.

This was because the other elites had yet to arrive. The elites from the Seventh Elite Base were still taking it easy. After everyone arrived, they would enter deeper.

Zhou Hao had just returned to his room after training when Zhu Zao sent a message asking him to go over.

Zhou Hao changed into his armor and disappeared from the villa, arriving at the frontline of the thirteenth spatial rift.

In just a few days, the thirteenth spatial rift had already improved a little. Many defense lines had appeared, and seven tall buildings had been built for it. The flags of the training camp were hung on the seven tall buildings.

Zhou Hao did not expect Heavenly King Zhu to be so efficient. The thirteenth training base had just been established, but he had already prepared everything. It really surprised him!

“Heavenly King Zhu, I didn’t expect you to be so efficient!” Zhou Hao immediately smiled when he saw Heavenly King Zhu.

“This concerns the future of our human race. Of course I can’t slack off,” Zhu Zao said directly.

“Heavenly King Zhu, why did you call me here today?” Zhou Hao was somewhat puzzled.

Chapter 340 - Indignant!

Chapter 340: Indignant!

The battle at the thirteenth spatial rift had already ended, and the foreign races’ supernatural experts had also retreated. What could have happened for Heavenly King Zhu to call him over?

“It’s nothing serious. However, there’s something small that I don’t know if I should tell you.” Heavenly King Zhu seemed to not want to say it.

“Oh? What’s the matter? Heavenly King Zhu, feel free to tell me. If there’s anything I can help with, I’ll naturally do my best.” Zhou Hao thought that the other party was asking for his help, so he directly expressed his opinion.

“No, no, no. It has nothing to do with the war. It’s... about your Black Dragon Spear!”

After Zhu Zao finished speaking, Zhou Hao was immediately stunned.

“Uh... Heavenly King Zhu, don’t tell me you want to take it back? Wasn’t this given to me by the higher-ups?”

Zhou Hao loved such a weapon and was unwilling to give it back!

“That’s not true. The higher-ups gave it to you, so what right do I have to take it? However, there are some people who aren’t too satisfied with the Black Dragon Spear in your hands!”

Zhu Zao waved his hand and sighed.

“Unsatisfied? What do you mean?” Zhou Hao frowned. He had contributed greatly to the war. There was nothing wrong with giving this to him, right?

“President Zhou, don’t misunderstand. Actually, it’s not a big deal. There’s a quasi Heaven Realm expert in the twelfth spatial rift called Bai Linglong. Although she’s a female general, she’s not inferior to men and has outstanding strength. She has contributed a lot of military merits, and her exclusive weapon is a spear.”

“She’s been coveting this Black Dragon Spear for a long time and has also accumulated many battle merits. However, she’s naturally unhappy that it was suddenly given to you. Moreover, Bai Linglong is a stubborn girl. I’m afraid that she’ll find you to compete. At that time, you shouldn’t injure her.”

After Zhu Zao finished speaking, Zhou Hao smiled. He was still wondering what was going on. It turned out to be this matter.

“Originally, the two of you wouldn’t have met. However, the thirteenth spatial rift has become a training base. Bai Linglong led the sixth training base here. As the commander-in-chief, she lives here. Therefore, I’m afraid the two of you will meet again.”

“I’ll inform you in advance to prevent you from not knowing what to do when the time comes.”

Zhou Hao naturally knew that Zhu Zao was being kind.

“Don’t worry, I understand. I won’t really fight her.” Zhou Hao did not care at all.

“Um... cough cough, let me say something else. Although Bai Linglong is a little competitive and arrogant, I’ve watched this girl grow up. She’s a good girl. If President Zhou likes her, you can just tell me...”

Zhu Zao and Zhou Hao had known each other for a long time and liked Zhou Hao very much. Not to mention his outstanding combat strength, but he also had a human heart and was a rare hero. Therefore, he felt that since ancient times, the two of them were perfect for each other.

“Uh... I don’t mean that. There’s no need for Heavenly King Zhu to worry!”

Zhou Hao coughed dryly. He was already very satisfied with having Xu Ling. Moreover, his status as President Zhou was fake. Sooner or later, he would stand in this world as Zhou Hao, so...

Naturally, he could not use this identity to get involved with other girls.

"Forget it, I won't interfere in the matters of you young people."

Heavenly King Zhu smiled. Seeing that Zhou Hao was not interested in this matter, he did not say anything.

But at this moment, a cold voice sounded.

"Uncle Zhu, are you in the office? I'm coming in..."

Along with this voice, a beautiful woman in white armor walked in.

This woman was incomparably beautiful, as if she had walked out of a painting. She was incomparably beautiful!

Heavenly King Zhu was stunned for a moment when the woman walked in, but he quickly reacted.

"Ah, girl, you're here so soon. I thought it would be tomorrow. Come, let me introduce you to President Zhou."

"President Zhou, this is Bai Linglong."

Zhu Zao was also very embarrassed. He did not expect the two of them to meet so quickly.

Zhou Hao was also stunned for a moment. Speak of the devil.

However, Zhou Hao still said politely, "Hello, Miss Bai."

Bai Linglong looked at Zhou Hao and her expression immediately changed. She snorted. "You're President Zhou?"

Zhou Hao sighed. Indeed, Heavenly King Zhu was not lying to him. This woman was really a little hostile towards him.

"That's right," Zhou Hao said helplessly.

"Very good. I heard you obtained the Black Dragon Spear, right?" Bai Linglong immediately went straight to the point!

She had coveted this Black Dragon Spear for a long time, but she did not have enough battle merits. Therefore, over the years, she had fought in various spatial rifts and established many military merits to exchange for this Black Dragon Spear.

However, she did not expect that just as she was about to succeed, the higher-ups actually handed the spear to President Zhou!

She had actually known about this long ago. This was because Sword King Qing had looked for her before he gave it to Zhou Hao. He had even taken out Zhou Hao's combat video!

She had watched the video of Zhou Hao insta-killing the three quasi Heaven Realm beasts. Although Zhou Hao's spear technique was very weak, his combat strength was very strong.

In addition, this person was the number one quasi Heaven Realm expert. Therefore, for the sake of the overall situation, she naturally agreed.

After all, she approved of the treasure and Zhou Hao's skills.

However!

She was still indignant!

Chapter 341 - Ten Thousand Spear Technique!

Chapter 341: Ten Thousand Spear Technique!

Before coming to the Elite Base at the thirteenth spatial rift this time, she had already decided that she was going to challenge President Zhou. She didn't care even if he was a lot stronger than her.

It was not because of anything else, but because she wanted to resolve the depression in her heart!

"Uh... yes, I was given the spear..." Zhou Hao was very helpless. This woman was indeed as Heavenly King Zhu had said.

“Hmph, the Black Dragon Spear is the king of all spears. A person with poor marksmanship is not worthy of possessing it. Take your Black Dragon Spear and we’ll go out and fight. I want to see if you have the qualifications to possess the Black Dragon Spear!”

After Bai Linglong finished speaking, Zhou Hao felt like his head was about to explode!

What was going on? The moment they met, the other party challenged him without even saying anything else!

At this moment, Zhu Zao was also incomparably depressed. He had long expected this.

However, this girl’s temper was very stubborn and he could not persuade her. Moreover, it was just a competition and it was not a big deal!

Moreover, despite the other party’s superior strength, Zhu Zao was not worried that President Zhou would hurt her.

In the end, he decided that he and President Zhou could just play along with her.

“There’s no need for a competition. I admit defeat.” Zhou Hao did not want to fight her. It was not that he did not dare to, but there was no need.

The two of them were comrades from the same camp. Although competition was also very common in the military camp, Zhou Hao still did not want to fight her.

“If you don’t want to compete with me, then you have to admit that you’re afraid of me. President Zhou, I’ve heard that you are a bold and ambitious person, invincible in the world. In front of the grand array, you are well known for your heroism and you can even hold back ten thousand enemies alone. So why is it that you’re afraid of accepting my challenge? Could it be that you’re looking down on me just because I’m a woman?!”

Bai Linglong’s words directly provoked Zhou Hao, making him very depressed.

“Alright, let’s compete then!”

Zhou Hao only had to agree.

The two of them arrived at the center of the thirteenth spatial rift one after another. After all, a battle at their level was not a fight between children.

Moreover, the defensive line had just been established at the frontline. If the two of them affected the defensive line during their battle, it would be over!

Moreover, this thirteenth spatial rift belonged to the humans now. At this moment, all the quasi Heaven Realm experts and supernatural experts of the foreign race had left to avoid the two of them.

Zhu Zao did not follow. After all, he felt that it was not a big deal and decided to leave them alone.

“Don’t overdo it. Miss Bai. Also, try to go easy on me. My spear technique is still not perfect,” Zhou Hao said with a smile.

“Hmph, what a glib tongue. You better look out for my spear!”

Bai Linglong immediately snorted and took out a shining white spear!

She was dressed in white armor and held a white spear. In this world, she was like a white snow lotus, holy and stunning.

The spear in her hand created countless sparks and was incomparably powerful.

Zhou Hao was surprised after just taking one look.

“Good spear technique!”

Zhou Hao knew that he was no match for such a spear technique!

However, Bai Linglong’s spear technique was also perfect for Zhou Hao to practice. Therefore, he did not hesitate to take out the Black Dragon Spear. Lightning filled the sky as the two directly fought.

The two of them instantly exchanged blows, and booms sounded out incessantly. They were competing and did not want to kill each other, so they both held back.

However, it was still obvious that although Bai Linglong’s spear technique was exquisite, her strength was inferior to Zhou Hao’s. In a head-on collision, she was no match for him.

Although Zhou Hao’s combat strength was powerful, his spear techniques were inferior, and Bai Linglong was still able to keep up.

However, this was only a competition. If it was a real battle, Zhou Hao would have already used the “God Slaying” cultivation technique to instantly kill Bai Linglong!

After all, the title of the best quasi Heaven Realm expert was not for nothing!

Booms constantly sounded, causing noises in this space. The more the two of them fought, the more valiant and carefree they became!

As Zhou Hao fought, he tried to imitate Bai Linglong's spear technique.

As for Bai Linglong, she had also relied on Zhou Hao's strength to train her spear technique!

At this moment, the two of them were both benefiting from each other and started to fight even more happily.

However, they did not know that they were getting closer and closer to the center of the thirteenth spatial rift, which contained many spatial fluctuations!

The two of them were already immersed in the battle and did not care at all. Not far away, a spatial rift became larger and larger, devouring the other spatial rifts. A suction force had already spread out!

"President Zhou, your spear technique is indeed lacking. Let's see how you deal with this move!"

Bai Linglong held a spear and had a heroic aura. After she finished speaking, endless spear tips appeared behind her, carrying a terrifying strength.

"Ten Thousand Spear Technique!"

Countless spear lights exploded with a bang. Zhou Hao looked at this powerful attack and nodded.

"Very strong. Although my spear technique is not good, my saber technique is not bad.. Since ancient times, weapon techniques have always been interchangeable. Today, I will use my spear to activate my saber technique to break your Ten Thousand Spear Technique!"

Chapter 342 - You're Really Naive

Chapter 342: You're Really Naive

"Shadow Seven Sabers!"

As soon as he finished speaking, spear light also appeared in the sky!

But at this moment, Zhou Hao seemed to have sensed something. His expression immediately changed. He saw a huge spatial wormhole appear behind Bai Lingling!

As the destructive power of the two spear lights tore through space, the spatial wormhole became even more unstable.

Immediately, a powerful suction force erupted!

In the next second, before Zhou Hao and Bai Linglong could react, the suction force enveloped them.

The two of them were directly sucked in!

This suction force directly pulled them into the wormhole. The spatial strangulation force also instantly tore through everything.

The armor on Bai Linglong's body instantly shattered, and countless wounds appeared on her body. She cried out in pain and gasped several times.

Bai Linglong's face was livid, and her lips were pale. Just as she was about to lose to the pressure brought by this space, she suddenly felt a domineering force instantly pull her back.

Soon, Bai Linglong felt the tearing force around her weaken by more than half.

She looked up in surprise and saw that President Zhou had already embraced her. He was using his body to block a majority of the sharp pressure.

Bai Linglong's expression changed. She subconsciously wanted to push President Zhou away, but she felt that the strength on Zhou Hao's arm did not decrease but increased instead, firmly imprisoning her in his arms.

"If you don't want to die, then stay put. Otherwise, your armor will be destroyed and you won't be able to resist the power of the spatial strangulation. In less than five minutes, you will be torn into pieces!"

Bai Linglong gritted her teeth. No matter how unwilling she was, she had to admit that President Zhou was right.

The armor on her body was already tattered, revealing her snow-white skin. Moreover, countless wounds had already appeared on her body due to the spatial power, and blood was flowing out.

A large portion of Bai Linglong's clothes had even been torn. It was actually quite awkward for President Zhou to see the other party like this.

In addition, she was tightly embraced by Zhou Hao, their skin touching. This made Bai Linglong feel ashamed and furious, but she was also helpless.

At this moment, if she wanted to live, she could only listen to Zhou Hao. After all, she was indeed unable to withstand this strength on her own.

However, even so, Bai Linglong was still displeased. She shouted coldly with a displeased expression.

"You better not look around rashly. Otherwise, even if it costs me my life, I won't let you off easy!"

Zhou Hao frowned and ignored Bai Linglong.

He was in no mood to take advantage of Bai Linglong. The most important thing now was to figure out where this place was as soon as possible and find a safe place for them to temporarily hide before thinking of a way to escape.

Half an hour later, this violent tearing force finally calmed down.

After Bai Linglong sensed the spatial strangulation power dissipate, she immediately pushed Zhou Hao far away and hid at the side, looking at President Zhou vigilantly.

"Wu..."

Unexpectedly, just as Bai Linglong pushed Zhou Hao away, a large area of the wounds on her body was immediately torn open. Blood surged and kept flowing out, making Bai Linglong's breathing anxious and uneasy.

In particular, a large portion of her clothes had been torn, leaving only a few pieces of cloth that barely covered her sensitive areas.

Zhou Hao did not even look at Bai Linglong. Instead, he supported his body with difficulty and sat on the ground, scanning his surroundings vigilantly.

There was a gentle breeze and flowing streams. In the distance, there were tall mountains and flowing water, as well as large numbers of willow trees.

"I didn't expect such a paradise to exist. I guess I've had an eye-opener today."

Zhou Hao could not help but sigh repeatedly. He did not expect Bai Linglong to find his words especially sarcastic.

“Paradise? Hehe, you’re really naive.”

Bai Linglong’s words immediately attracted Zhou Hao’s gaze. He immediately looked at Bai Linglong curiously and could not help but ask, “Then what is this place?”

Sensing Zhou Hao’s gaze landing on her, Bai Linglong immediately felt somewhat uncomfortable.

Her pretty face was pale, and her lips were pale. Intense pain would come from the wounds on her body from time to time, causing her to gasp in pain and have a dispirited expression.

In addition, her clothes were not covering everything on her body and she looked somewhat disheveled, making her face flush red. She hurriedly turned her head away.

“If I’m not wrong, we probably got sucked into a spatial wormhole. Which means that we’re currently in... the Abyss of Sin.”

Bai Linglong panted heavily and shook her head.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 343 - Abyss of Sin?

Chapter 343: Abyss of Sin?

“The Abyss of Sin?”

Zhou Hao was shocked. He thought to himself that a place with such a name must be a land of great danger!

“I heard from others that the Abyss of Sin is one of the forbidden areas where the foreign races imprison their spatial prisoners!”

“This place looks no different from the outside world, but it’s actually just an illusion created by the foreign races.”

“Anyone who comes here will have all their signals blocked, making it impossible for them to contact the outside world. Even their cultivation will be suppressed and they won’t be able to use it.”

“Anyone who is exiled here will have to experience all four seasons in a day. They have to endure wind, snow, and rain until their cultivation is exhausted. After that, they will die!”

Bai Linglong’s face was pale. After speaking tiredly, she closed her eyes in despair and fell to the ground.

Zhou Hao’s face was trembling as he frowned. He did not expect them to accidentally enter such a land of death!

If they did not find a way out as soon as possible, wouldn’t they also be tortured to death like those spatial prisoners?

“Then we have to think of a way to get out as soon as possible!”

Zhou Hao hurriedly said, but he saw Bai Linglong sighed and shook her head in despair.

“This is one of the spatial forbidden areas. The people imprisoned here are all extremely evil and sinful criminals of the foreign races. There’s only a way in and no way out. I’m afraid we’ll die here.”

After Bai Linglong finished sobbing, she hugged her legs tightly and buried her face in them, sobbing softly.

No matter how strong Bai Linglong was, she was still a girl. When she encountered danger, she would still be afraid and helpless.

Zhou Hao felt that such a Bai Linglong was even more pitiful. In his eyes, she was now like a girl who just wanted to be loved.

“The sinners of the Abyss of Sin have to experience the pain of the cold wind and the burning of the heat. All in a single day! Not to mention the pain of lightning and thunder and the pressure of the heavy snow and rain. This cycle will also be repeated day after day. No one can persist until they find a way out.”

Bai Linglong had already fallen completely into despair. It had to be known that if she could still rely on her cultivation, she might be able to use a spatial teleportation technique to escape from this place.

But now, all her cultivation had been suppressed. She had no way of escaping.

In addition, her armor had been completely destroyed when she entered just now. In the Sin of Abyss, she might not even be able to last for three days.

“Looks like we are destined to turn into bones here today.”

Bai Linglong slowly closed her eyes in despair, and two clear tears flowed down her face.

“My fate is up to me. No matter what, I have to find a way to leave this place!”

Zhou Hao slowly stood up and looked into the distance like an eagle, his eyes filled with determination!

Seeing Zhou Hao like this, Bai Linglong was stunned and could not help but look at him a few more times.

At this moment, Zhou Hao’s back actually appeared tall.

At this moment, Zhou Hao did not know what Bai Linglong was thinking.

He only retracted his gaze indifferently and quickly scanned his surroundings.

Although this was a forbidden area for exiled criminals, the surrounding environment was still not bad. Mountains and rivers overlapped with each other, making it look somewhat scenic.

Zhou Hao looked around and quickly found some medicinal herbs that could stop Bai Linglong’s bleeding.

He threw it into his mouth and chewed for a moment before walking to Bai Linglong’s side, prepared to help her treat her wound.

“What are you doing?”

Bai Linglong looked at Zhou Hao vigilantly, as if he was her mortal enemy.

“I’m stopping your bleeding. Do you want to die from blood loss?”

Zhou Hao’s words made Bai Linglong sneer. She could not help but shout coldly and question, “We’re already in danger and doomed. Why do you have to do such a useless thing? It’s better for you to wait for death obediently. It’ll be easier for you!”

Bai Linglong was certain that their final outcome would be death.. She believed that they would be buried in the Abyss of Sin and be devoured until their bones vanished.

Chapter 344 - Cant Wait For Death

Chapter 344: Can't Wait For Death

However, Zhou Hao had a firm expression as he looked at Bai Linglong and said solemnly, "If you give up before you even try, then I'm afraid even the Zenith Heaven Divine Immortal won't be able to save you."

Zhou Hao did not force Bai Linglong to treat her wound. Instead, he placed the hemostatic herbs he had just picked in front of her.

"This is a hemostatic plant. You choose what you want to do with it. It's better if you make that decision yourself."

Zhou Hao understood that if they did not try, they would never be able to leave this place.

However, even if they failed, it was still better than them sitting here and doing nothing, right?

Therefore, only by trying could they create a miracle!

A moment later, Bai Linglong seemed to have figured it out herself. She threw the medicinal herb Zhou Hao handed her into her mouth and chewed for a moment before applying it to her wound.

The cool feeling allowed her to recover a lot.

However, soon, a change happened!

The originally cloudless sky was instantly filled with dark clouds. The surrounding warmth also suddenly decreased by a lot.

A cold wind whistled as it blew towards Bai Linglong and Zhou Hao, as if it was threatening to freeze their blood!

"Damn, looks like the snowstorm is coming..."

Zhou Hao's expression changed as he immediately walked to Bai Linglong's side. He held her hand and quickly ran towards a small cave in the distance.

Bai Linglong had finally recovered a little of her physical strength. However, now that Zhou Hao was holding her hand and running forward, she felt that her legs were weakening again and she could fall at any moment.

Soon, Zhou Hao hid in the cave with Bai Linglong.

Although the cave was not big, it was still more than enough to resist the cold wind.

Even though the wind and frost had been halved, Bai Linglong was still trembling. Her breathing had begun to become hurried, as if the blood in her entire body had been frozen at this moment!

Zhou Hao looked at the trembling Bai Linglong and immediately asked, "If you don't want to die, come over. If we hug each other, we might be able to warm up a little."

"However, don't misunderstand. I don't mean to force you. If you're unwilling, then forget it."

Zhou Hao was only making a suggestion. After all, he didn't mind either way. His armor was still intact, but Bai Linglong was in a different situation.

The armor on her body was already shattered to pieces, and most of her clothes had also torn apart, revealing her skin that was like fine jade.

If there were no obstacles and she was exposed to the outside wind, Bai Linglong would probably freeze to death before the snowstorm even arrived.

Bai Linglong was indeed frozen by this bone-piercing chill until her teeth chattered, and she was unable to say anything.

Her face was red. After hesitating for a long time, she stood up and walked to Zhou Hao's side, burrowing into his arms to warm herself.

However, Bai Linglong did not relax. She was still extremely nervous and paid attention to Zhou Hao's movements at all times to prevent him from suddenly taking advantage of her.

Zhou Hao seemed to have seen through Bai Linglong's thoughts. He snorted and said, "Miss Bai, you don't have to worry. I'm a gentleman, so I naturally won't take advantage of you."

After Zhou Hao finished speaking, he did not say anything else. Instead, he hugged Bai Linglong tightly and closed his eyes, waiting for the snowstorm to descend.

Bai Linglong subconsciously thought that they would definitely die today and would not be able to escape.

However, if there was really a chance of them surviving, Bai Linglong was still willing to give it a try.

After all, who would want to die young in such a place?

Soon, with a sharp wind sound, a snowstorm quickly descended!

Bai Linglong clearly felt that the temperature in the surrounding air seemed to have decreased by dozens of degrees.

However, even in Zhou Hao's arms, she still felt the sharp coldness, making it impossible for her to calm down.

Just as Bai Linglong felt that her breathing was starting to become weak and that her entire body was about to freeze...

The snowstorm gradually became weaker and then disappeared.

Fortunately, the snowstorm only lasted for an hour. Otherwise, they would really have frozen to death here.

Zhou Hao did not want to sit and wait for death. He planned to make this cave bigger. That way, at the very least, they could resist the invasion of some wind and rain and reduce their suffering.

No matter how much Bai Linglong disliked Zhou Hao, she had no choice but to take the initiative to help him.

She was also extremely embarrassed after being hugged by him.

Soon, the two of them widened the cave.

Zhou Hao found some branches and piled them in the cave as backup. Then, he picked a few fruits from the surrounding trees. This way, when they got hungry, they could even fill their stomachs.

Zhou Hao lit the branch and looked at the steaming fire. He felt a little better after sensing the warmth.

"We still have to think about how to leave this damn place as soon as possible."

Zhou Hao looked at Bai Linglong solemnly.

During this period of time, he had tried to contact the outside world every once in a while, but he failed every time.

The signal here was completely blocked, so there was no chance for him to send any messages out or contact the outside world.

Chapter 345 - The Depressed Zhou Hao

Chapter 345: The Depressed Zhou Hao

Since the purpose of the Abyss of Sin was to exile those sinful foreign races, there would naturally be no escape routes for them to escape!

The space here was sealed and there was a strange force that could block their cultivation technique and all the signals. They were unable to contact the outside world at all!

Moreover, there was only an entrance here and no exits . Even Zhou Hao did not know how he could leave at this moment!

Although he could not leave now, Murong Xun was still here. Thus, Zhou Hao asked Murong Xun with his divine sense if he had a way out.

Murong Xun was experienced after all. As an expert of the Heaven Realm, he had succeeded in escaping many dangerous situations in the past!

“The only solution now is to look for an exit. However, there’s no exit here at all. If we want to get out, we need a teleportation array. Ask this girl if there’s a teleportation portal. If there is, we might have a chance!”

After Murong Xun finished speaking, Zhou Hao immediately asked.

“Bai Linglong, do you have a teleportation array formation? If you do, I think we have a chance to get out!”

Zhou Hao still chose to believe Murong Xun. After all, if he died, Murong Xun would also die. In fact, Murong Xun's urge to leave this place was even stronger than Zhou Hao's!

Bai Linglong was stunned for a moment. She did not know why President Zhou was still talking about this at this moment.

"President Zhou, have you forgotten that our cultivation is currently obstructed here? We can't release any Heaven and Earth essence energy. Let alone communicate with the array formation, I can't even open my backpack. How can we leave?"

Bai Linglong frowned and could not help but say.

Zhou Hao naturally understood. He looked at Bai Linglong and smiled. He could not help but say, "If there's a teleportation array formation in your backpack, I'll have a way to get us out!"

Hearing this, Bai Linglong's expression changed for a moment. She could not believe it and could not help but say, "Do you really have a way? Could it be that you have the ability to recover our cultivation?"

In fact, Zhou Hao did not know what to do. However, since Murong Xun had said so, there would naturally be a way. Therefore, he nodded solemnly.

"There's a way. Miss Bai, trust me!"

Bai Linglong was overjoyed and said directly, "Alright, I do in fact have a spatial teleportation array in my backpack. If you can restore our cultivation, we can use it to get out of here and return to the thirteenth spatial rift!"

Zhou Hao was very happy and could not wait to ask Murong Xuan what he could do.

"Hehe, I do have an idea. However, I'm not sure if you're willing to give it a try..."

Murong Xuan said with a mischievous smile.

"Nonsense. If there's a way now, of course I want to try it. Tell me, what is it?!" Zhou Hao hurriedly asked.

"Well, of course I know that you're willing to try. However, I'm not sure if Miss Bai is willing to help you. You should ask her first." Murong Xun said directly.

Only then did Zhou Hao look at Bai Linglong.

"I have a way to get out, but... I need your help. Miss Bai, are you willing to help me?"

Bai Linglong was naturally willing. After all, she did not want to die in this place. Therefore, she agreed without hesitation.

“President Zhou, as long as you can get out, just give the order!”

After only a few days of contact, Bai Lingling still trusted President Zhou. After all, this man had saved her life. If not for him, she would have died after entering the spatial wormhole!

Moreover, when the cold arrived, he was the one who protected her and warmed her up. Although she was furious at the thought of him hugging her when she was wearing ragged clothes, she still trusted him. She just felt that it was a pity since she had never even touched another man’s hand before this.

She was really embarrassed and furious!

“Alright, since you’ve agreed, things will be easy!”

Zhou Hao did not know what she was thinking. Seeing that she agreed, he immediately communicated with Murong Xun.

“Alright, since she agreed, I’ll tell you about this method. The essence energy in this world is only one type of energy. There’s also other types of energy, such as the more mysterious yin yang energy!”

“As a Heaven Realm genius. I was able to come into contact with this energy. In fact, this energy is even closer to the world’s energy source. Although it’s hard for me to admit this, this cultivation technique has existed before the global mutation. In other words, before the global mutation, there was already a cultivation technique that could create energy stronger than the essence energy in this world!”

After saying this, Zhou Hao was immediately surprised and in disbelief!

“What? You’re saying that we humans can cultivate before the global mutation?” Zhou Hao was somewhat shocked!

He had always thought that only humans could cultivate after the global mutation!

However, he did not expect that humans could cultivate before this!

“Of course, just because you didn’t know about it, it doesn’t mean that other people are ignorant of this fact too. The history of the human race is simply too long. A lot of things could have happened without us knowing about it!”

“Even as a Heaven Realm expert, I still can’t say that I have fully grasped the situation. I’m sure it’s the same for the other experts of this world too!”

“However, I still have to tell you that this cultivation technique does indeed exist. The power of yin and yang can be condensed by dual cultivation!”

After Murong Xun finished speaking, Zhou Hao was dumbfounded on the spot!

“What the heck? Yin Yang Dual Cultivation? Damn...”

Zhou Hao was immediately at a loss of words. Why was this the same as the plots in the novels?!

“Do you think I’m lying to you? It’s really like this. The aura in a man’s dantian comes with Yang aura, and the aura in a woman’s dantian comes with yin aura. Only by harmonizing yin and yang energy can one condense this Yin and Yang power. Do you think the stories about yin and yang energy that our ancestors passed down are fake? Not to mention that there’s even scientific evidence now. It has been proven, you know.”

Murong Xun said angrily, thinking to himself that Zhou Hao was really too inexperienced!

“But... but how am I supposed to talk about this? If I tell Bai Linglong about this Yin Yang Dual Cultivation Technique, she’ll kill me! Are you trying to get me killed?!”

Zhou Hao was furious. He thought to himself that this old bastard Murong Xun was really evil. No wonder he said just now that Bai Linglong might not be willing to help him. He had never expected that the solution would be something like this.

“Damn, why would I try to get you killed? Moreover, the Yin Yang Dual Cultivation Technique isn’t what you think it is. Zhou Hao, you’re still too young. Your thoughts are still too shallow!”

Murong Xun snorted coldly and continued.

“The Yin Yang Dual Technique is even more mysterious than essence energy. Even though I don’t know where it came from, I do know that this Yin-Yang power is not something you can obtain through intercourse. The energy you obtain through that method will only be evil. My method is the proper method!”

Zhou Hao’s expression softened as he continued to ask.

“Then tell me how to do it. Otherwise, I really don’t know how to tell Bai Linglong this!”

Chapter 346 - Misunderstanding

Chapter 346: Misunderstanding

Murong Xun immediately said, "It's very simple. Basically, for this Yin Yang Dual Technique to work, the two of you will need to sense the Yang qi and Yin qi in your dantian. After that, think of a way to swap them. When the two of you intertwine your palms, Yin will enter Yang. After the meridians in your four limbs finish one circulation, Yang will enter Yin. After yet another circulation, you will be able to condense the power of Yin and Yang!"

Hearing this, Zhou Hao heaved a sigh of relief and nodded.

"In that case, that's not too bad. I guess it's not an evil technique after all."

Murong Xun smiled and couldn't help but say, "You're wrong again!"

Zhou Hao was stunned for a moment. "What do you mean? How am I wrong? Could this technique be an evil technique?"

"Of course not, but it's also not a particularly pure technique. I can tell you that when the yin and yang powers are harmonized, the two of you will still feel a similar feeling despite not having done anything physically. It's natural for the male and the female to be attracted to each other. When the two of you circulate the energy back and forth, I'm afraid your minds will be shaken."

Murong Xun chuckled. After he finished speaking, he made Zhou Hao depressed again!

To put it bluntly, nothing will happen between them physically. Instead, it will be a mental experience.

However, Zhou Hao still heaved a sigh of relief. It was fine as long as it was not physical. As for such a mental experience, Zhou Hao had never experienced it before and did not understand how it felt.

"I think you should tell her clearly. If she finds out on her own later and doesn't cooperate well, it will easily cause the two of you to be injured by the yin and yang energy. Do you understand?"

Murong Xun was not lying. If either of them suddenly stopped, it would be a disaster for both of them!

At that moment, the eruption of the energy would be enough to break their bodies and cause serious injuries!

“Uh... sigh...”

Zhou Hao revealed a depressed expression.

Bai Linglong, who was standing at the side, had been looking at Zhou Hao. One moment, she saw that Zhou Hao looked like he was at a loss, and the next moment, she sighed. Although she could not see his appearance, she could still sense that President Zhou was feeling frustrated.

“President Zhou, what’s wrong? What’s that solution? Tell me.” Bai Linglong was impatient and said directly.

Zhou Hao coughed dryly and returned to his senses. He was a little hesitant, but he still said, “Um... Miss Bai, the solution I’m about to tell you... it’s purely just for us to get out. Don’t misunderstand.”

“Also, if you’re unwilling, then... that’s fine too. I definitely won’t force you.”

Zhou Hao was afraid that Bai Linglong would be angry. Therefore, as soon as he opened his mouth, he acted like an old fox and directly took the initiative to make sure the conversation went smoothly.

Bai Linglong was puzzled. What did this mean? After all, this was a matter that involved both of them. She was more than willing to put in her share of the work if it meant that they would be able to escape. Why did President Zhou suddenly look like this as if he was afraid that she would be angry?

“President Zhou, what are you talking about? As long as we can get out, I’m willing to pay any price. There’s no time for us to hesitate. Hurry up and tell me what we should do!”

Bai Linglong hurriedly revealed her determination, making Zhou Hao even more depressed!

After hearing this, Zhou Hao only felt that it was becoming more difficult for him to speak.

However, thinking that he could leave, Zhou Hao gritted his teeth and said.

“Alright, since you want to go out, I’ll tell you. This method involves a cultivation technique that I know. This cultivation technique will allow us to recover some of our cultivation. It will be enough for us to communicate with the spatial teleportation array formation!”

“However, this cultivation technique requires our cooperation to work. To be precise, it requires the cooperation of a man and a woman. It is a dual cultivation technique that requires both of our bodies!”

After Zhou Hao finished speaking, Bai Linglong was stunned for a moment before her face was filled with anger as she shouted.

“You... you despicable man. So this was your intention all along! I was wondering why you were so hesitant. You... you were actually thinking about such a thing!”

“I... I won’t agree to it even if I die!”

Bai Linglong was furious. She was initially filled with joy and wanted to know how to get out. However, in the end, she was given such a solution. How could she not be furious?!

Moreover, she had cultivated for so long, so why had she never heard of such a dual cultivation technique? Wasn’t this a joke? Did he really think this was a movie?!

“Miss Bai, you... you’re mistaken. I think you might be overthinking, It’s not the solution you’re thinking about!” Zhou Hao hurriedly explained, cold sweat appearing on his head.

How could she explain this? Not to mention Bai Linglong, if Zhou Hao was a woman and a man were to say this to her, he would probably have already slit the other party’s throat!

“Did I think wrongly? Good on you, President Zhou. Could it be that you have some other plan? I really can’t tell. You look like a good person, but after all this, it turned out you were still a despicable person all along. You sure put in a lot of effort just to come up with this plan of yours.”

Bai Linglong’s words were very ear-piercing, and Zhou Hao could not stand it anymore!

Of course, that was not his original intention. However, he did not expect Bai Linglong to have such thoughts about him. Moreover, she did not even wait for him to finish speaking!

“Miss Bai, I think you’re mistaken. I’m not interested in you in that way at all. If I wanted to take advantage of you, you wouldn’t have a chance to resist! You weren’t able to beat me outside, and you’re still no match for me here. Whether you admit it or not, you can’t stop me from doing anything to you!”

“Also, you’re mistaken. I didn’t just come up with the plan to get you to sleep with me! I only suggested this method because this method is really effective. Similarly, it’s not the dirty thing you think it is. Instead, it’s... a true cultivation technique!”

Zhou Hao said coldly with a hint of anger. She could choose not to believe him, but why did she have to slander him? If he was really that kind of person, this Bai Linglong in front of him, who was already in revealing rags and had shiny skin, would have long become his woman!

“Hmph, President Zhou, cut the crap. I know what you’re thinking!”

Bai Linglong snorted. She did not believe Zhou Hao at all now, no matter what he said!

“Alright, if you don’t agree, then fine. I definitely won’t say another word. However, you’ve misunderstood me. Even though I’m angry at you right now, I still want to tell you that the dual cultivation technique I’m talking about is not what you think at all. Instead, it’s a Heaven and Earth essence energy condensed from the yang and yin energy in our dantian. If you don’t believe me, then forget it!”

After Zhou Hao finished speaking, he sat on the ground and could not be bothered to say anything else.

This method was probably not feasible. Therefore, he could only think of another way. After all, Murong Xun had said that if Bai Linglong did not agree, the two of them would not be able to condense the Heaven and Earth essence energy with the yin yang energy!

After hearing Zhou Hao’s words, Bai Linglong fell into deep thought!

Chapter 347 - Mental Fusion

Chapter 347: Mental Fusion

Bai Linglong always thought that she was an impulsive person. However, surprisingly, after hearing President Zhou’s words, she quickly calmed down!

President Zhou was indeed right. If he wanted to deal with him, he would have done so long ago. He would not have needed to make up such an obvious lie.

Moreover, he also did not look like a fool and was also very powerful. Before this, Bai Linglong even thought that President Zhou was a man who knew how to protect women at critical moments.

Although what Zhao Hao just proposed had made her very angry initially, after he explained it clearly, she also felt that it was possible that she had misunderstood.

Under usual circumstances, she would directly ignore President Zhou. However, at this moment, if she didn't give it a try, she wouldn't be able to get out!

Therefore, she still endured her temper and looked at Zhou Hao and asked, "Was what you said just now true? Was it not what I thought?"

Hearing her words, Zhou Hao rolled his eyes at her angrily and said indifferently, "Miss Bai, I've already told you. I don't care if you believe me or not!"

Bai Linglong was furious and snorted. "Are you the one who should be angry? It's all your fault for not making things clear. You could have just explained it to me. Why did you have to make it sound like that? You could have just said that you wanted to use the yang and yin energy in our bodies! Why did you have to make me misunderstand?!"

Bai Linglong was also telling the truth. Was this guy crazy? He clearly knew that she would be angry after hearing such a proposal. Couldn't he have used a different method?

Zhou Hao was also very depressed. Just now, she was already angry and started blaming him before he even got the chance to finish speaking.

"Alright, I can't be bothered with you. Tell me, how does this cultivation technique work?" Bai Linglong asked carefully.

"Alright, I'll tell you the actual operation of this cultivation technique. You will need to condense the yin energy in your dantian, and I will condense the yang energy in my dantian. We'll place our hands together and the two forces will fuse together and circulate in our bodies. After that, we'll be able to condense a trace of cultivation and have a way to summon the spatial teleportation array!" Zhou Hao thought for a moment and said.

After saying this, Bai Linglong felt fine about it. After all, she didn't mind someone else's Heaven and Earth essence energy entering her body. When she was injured, someone had also treated her in this way before.

As a martial artist, such practice was common. There wouldn't be any special feelings involved.

However, Zhou Hao still continued, "However, the special thing about this cultivation technique is that because yin and yang energy complements and attracts each other, it might cause some fluctuations in our minds."

“Therefore, we have to calm down when the time comes, understand? If we don’t calm down, it’s very easy for something to go wrong. Not only will we be unable to get out, but we will also be severely injured!”

Zhou Hao had to tell her about this. Otherwise, if she was not mentally prepared, it would really be over if anything went wrong!

Bai Linglong frowned when she heard this. She thought carefully and decided that it wasn’t a big deal. After all, without the fusion of the body, it wouldn’t be a big deal even if there were mental fluctuations!

“Alright, but I’ll say this first. I’ll definitely be able to control myself and not let my spirit fluctuate. As for you, don’t mess up. Otherwise, I won’t let you off!”

Bai Linglong snorted and sat cross-legged on the ground.

“Alright, how do we do this?”

When Zhou Hao asked Murong Xun at this moment, this guy laughed for a long time before answering him. Just now, when the two of them were arguing, he kept laughing.

“Alright, stop laughing. Tell me what to do!”

Zhou Hao said angrily. His image could be said to have been ruined this time!

“It’s very simple. I’ll teach you the cultivation technique right now!”

As Murong Xun spoke, a long series of information entered Zhou Hao’s head.

Zhou Hao did not hide anything and told Bai Linglong how this cultivation technique worked.

After hearing this, the latter tried for a long time and discovered that this was really a valid cultivation technique. Only then did she relax.

“Alright, let’s not waste time. Let’s begin quickly.”

Bai Linglong could not wait to escape from this place. The feeling this place gave her was really somewhat oppressive, making her almost unable to withstand it.

Zhou Hao sat opposite Bai Linglong and crossed his knees, prepared to mobilize the yang energy in his dantian.

Bai Linglong also slowly mobilized the yin energy in her dantian.

The next moment, Bai Linglong felt a warm yang energy slowly infuse into her body like flowing water.

This feeling made Bai Linglong's breathing suddenly become rushed. She felt as if she was being hugged by a man, and it was so hot that her pretty face turned red.

This energy also made Bai Linglong's body somewhat weak.

Although Bai Linglong was only sitting opposite Zhou Hao at this moment, she had a strange feeling that she was already being intimate with him.

Zhou Hao had yet to sense the yin energy enter his body. When he saw the change in Bai Linglong, he was immediately stunned.

Although he had heard Murong Xun say that this cultivation technique would cause mental fluctuations, he did not expect such a huge reaction!

However, in the next second, Zhou Hao was stunned when he felt the yin energy in his dantian pour into his body. Then, his body heated up.

This dantian yin energy surged into his body like a woman's embrace, gentle and soft, extremely tempting.

Zhou Hao's breathing also became hurried. He could clearly sense that the yang energy in his dantian was gradually becoming stronger under the effect of the yin energy.

"Although we were only sitting opposite each other and not doing anything physically, we are still able to feel so intimate when the yin and yang energies are mixed together."

Zhou Hao couldn't help but swallow a mouthful of saliva and sigh. "Actually, it's no different from that..."

Thinking of this, Zhou Hao couldn't help but secretly look at Bai Linglong opposite him.

He wondered if she would be angry because of this. However, to his surprise, Bai Linglong did not look angry at all. Instead...

She seemed to be enjoying it?

She closed her eyes tightly, her face turning red, and her breathing became hurried. She bit her lip tightly, as if she was trying her best to endure something.

Soon, Bai Linglong retracted her hand. A spatial teleportation formation immediately appeared in front of her, flickering with light.

"We can leave now."

Bai Linglong felt depressed, but she couldn't lose her temper at Zhou Hao. After all, if she agreed to this, they wouldn't be able to get out at all.

Fortunately, she had recovered some of her cultivation now.. It was all worth the trouble just now.

Chapter 348 - Opening the Curtain!

Chapter 348: Opening the Curtain!

After Bai Linglong took out her array formation, a spatial teleportation power finally transmitted from beside the two of them. Then, light sprinkled down, and the two of them directly disappeared!

When they reappeared, they had already arrived at the thirteenth spatial rift!

In the two days since Zhou Hao and Bai Linglong disappeared, everyone in the thirteenth spatial rift had been extremely anxious!

Heavenly King Zhu was even more so. He knew that Zhou Hao and Bai Lingling had gone out to fight. At first, he did not care much, but after a few hours, he felt that something was wrong. When he came out to take a look, the two of them had long disappeared!

At first, although Heavenly King Zhu was worried, he was not in a hurry. However, after an entire day, he completely panicked!

President Zhou was a peak quasi Heaven Realm expert, the number one person under the Heaven Realm. Moreover, Bai Linglong had also disappeared. She was a genius of the Bai Family and was also a precious warrior of the human race on Planet Earth. The two of them disappearing together had frightened him!

Therefore, they hurriedly sent many generals to look around.

At this moment, a teleportation space appeared in the sky above the thirteenth spatial rift, instantly attracting the people who were looking for Zhou Hao and the others.

After waiting for the spatial teleportation to end, they heaved a sigh of relief when they saw Zhou Hao and Bai Linglong walk out!

“Hmph, you’re not allowed to tell anyone about this. Otherwise, I won’t let you off!”

Before Bai Linglong came out, she had already changed into a set of armor and covered her entire body tightly.

Zhou Hao only curled his lips and did not care.

“Where... where did you guys go? I was so worried!”

With a flash, Heavenly King Zhu’s body appeared in front of them. Seeing that Zhou Hao and Bai Linglong were safe and sound, he heaved a sigh of relief.

“We... we wandered off as we fought. Uncle Zhu, don’t worry...”

Bai Linglong did not want to say that she had entered the Abyss of Sin, nor did she want to say that she had spent such a shameful two days with President Zhou!

“Really?”

Heavenly King Zhu was still in disbelief as he looked at Zhou Hao.

“Miss Bai is right.”

Zhou Hao smiled. Since she was unwilling to tell, he naturally wouldn’t as well.

“Heavenly King Zhu, I still have something to do. I’ll take my leave first.”

With that said, Zhou Hao’s body flashed and he left. When he reappeared, he had already returned to the Seventh Training Camp.

After not being at home for the past two days, Xu Ling and the others must have been worried sick.

Indeed, as soon as he returned to the Seventh Training Camp, he saw Yun Yan, Yuan Cheng, and Zhang Yi in Xu Ling’s room.

“Aiya, don’t worry. Zhou Hao is very powerful. How could anything happen to the first place of our Seventh Training Camp?”

“That’s right... Xu Ling, don’t worry. I know Zhou Hao. He’ll definitely be fine!”

These people sat around Xu Ling and advised her. Xu Ling’s eyes were red. Clearly, she had just cried.

“He... he would let me know in advance every time before he left. Moreover... he had never left for so long...”

At this moment, Xu Ling seemed to have lost all her strength and became a weak little woman. Her appearance was really pitiful.

Zhou Hao hurriedly walked into the house. “Xu Ling, I’m back.”

Zhou Hao’s voice sounded. Everyone was stunned for a moment before their faces lit up!

Xu Ling was even more so. She suddenly looked up and saw Zhou Hao standing at the door safe and sound. Tears streamed down her face. Then, she pounced over and threw herself into Zhou Hao’s arms.

“Where did you go? How dare you come back now? Do you know that Xu Ling is worried sick about you?!”

Yun Yan was furious. Her plump body trembled as she placed her hands on her hips and cursed.

On the other hand, Yuan Cheng and Zhang Yi winked at Yun Yan and pulled her out.

“Hey, hey, hey, why are you guys pulling me? Didn’t you guys just say that you would teach him a lesson after he got back? Why are you dragging me away now? What’s going on?!”

Yun Yan had a big chest and no brains. At this moment, she still could not tell what was going on!

“Is your brain clogged like the toilet? Can’t you see that they need some privacy? Do you really plan on third-wheeling?!”

Yuan Cheng looked at Yun Yan and couldn’t help but say. Zhang Yi also nodded.

“Yuan Cheng is right. At this moment, let’s not disturb them. When we get back, we’ll definitely ask Zhou Hao what he’s been up to!”

Zhang Yi smiled and returned to his room.

Yun Yan also understood and could not help but snort before returning.

At this moment, only Xu Ling and Zhou Hao were in the room. At this moment, Zhou Hao hugged Xu Ling’s trembling delicate body and felt her tears falling uncontrollably. Zhou Hao also felt very upset.

Just now, he was still in the Abyss of Sin and did not know if he could return. At this moment, hugging the woman he loved, Zhou Hao suddenly felt very happy.

“Xu Ling, I... I miss you so much...”

Although he had a lot to say, Zhou Hao only said this in the end. He buried his head in Xu Ling's hair and smelled her scent. His heart became incomparably gentle.

Xu Ling hugged Zhou Hao and only felt better after a long while. She stopped crying and looked up at Zhou Hao. This time, she was neither angry nor upset.

This was because she knew that if not for special circumstances, Zhou Hao wouldn't have not left for two days. Even if he did, he would have notified her first.

And his reaction could only mean one thing: he was in danger!

She did not want to ask Zhou Hao what had happened. As long as he returned safely, Xu Ling would be satisfied.

“Are you hungry?”

Xu Ling did not say anything else. Instead, she asked Zhou Hao if he was hungry. These three simple words made Zhou Hao unable to hold back any longer.

He kissed her domineeringly...

With such a woman who loved him, what else could he ask for?

Zhou Hao was very glad to have met such a woman!

After the kiss, Xu Ling's pretty face turned red as she pushed Zhou Hao away forcefully. Her voice was pitifully soft.

“I... I'll make you something to eat. Also... go take a shower. You smell like sweat!”

With that said, Xu Ling disappeared from the room. Zhou Hao smiled.

Yang Hui also knew that Zhou Hao had gone missing, but he knew very well who was behind Zhou Hao. Thus, he had his own guesses about where Zhou Hao went.

“Zhou Hao, although it's not appropriate for me to interfere in your matters, you have to inform me next time, understand?”

Yang Hui still thought highly of Zhou Hao. He also knew that Zhou Hao might have left with Senior Zhou, so he naturally did not ask further.

The others, including Xu Ling, also did not ask.

The thirteenth training base had already been activated. Other than the Seventh Training Camp, the students from the other training camps had also arrived!

They had come with pride and tenacity. As the true elites of Planet Earth, they had gathered together!

The true demon special training had also just begun

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 349 - Seventh Elite Team

Chapter 349: Seventh Elite Team

The next morning, at the training base of the thirteenth spatial rift, the members of the Seventh Training Camp gathered. They were full of fighting spirit and determination. Even Yang Hui smiled when he saw them.

“Very good, you all seem to be in a good condition. I can tell from your gazes that all of you have what it takes to be the warriors of Planet Earth and the future of Planet Earth. I am deeply relieved!”

“However, I still have something to tell you. Although the thirteenth training base is a training base jointly established by the various training camps, in order to develop better, a special forces elite team will still be established. Candidates from every training camp will be selected!”

After saying this, the students below were stunned for a moment. Zhou Hao, on the other hand, understood that the resources of this training base were limited. Moreover, the frontline was currently working hard and needed a group of experts to grow!

The best way to grow was for them to keep filtering out the good candidates. It was like one would filter out the finer sand from the rougher sand.

Only the filtered candidates will be heavily nurtured!

Although it seemed a little unfair, there was no such thing as fairness in this world. Just like how the few of them had participated in the training camp, they had also been filtered out among so many students.

In fact, Zhou Hao agreed with this idea very much. The human race's war situation was very tense. It was not easy for them to obtain the thirteenth spatial rift, although it did mean that they could now take a breather.

However, the higher-ups would not really relax. The purpose of establishing this training base was also to speed up the growth of these students.

"In this elite team, six people will be selected from each training camp to form a special elite team. These students will have more cultivation resources and will also be required to face more danger."

"And these six people will also represent our Seventh Training Camp to compete with the other six training camps!"

"Right now, you can decide amongst yourselves which six people you want to pick. Or, you can directly compete in a martial arts competition. I have no objections."

After Yang Hui finished speaking, the students present were stunned. They took a deep breath and looked around.

Instructor Yang Hui had handed over the control to the students. Many of the students knew that their strength was not enough, so they simply quit.

"I'm not strong enough, I won't compete for the six spots."

"Me too..."

"And me..."

They were not stupid. Zhou Hao, Xu Ling, Yuan Cheng, Yun Yan, Zhang Yi, and the others all had the top rankings. Moreover, their cultivation levels were indeed very powerful. They had all stepped into the master level!

Among them, Xu Ling's cultivation was about to break through to the grandmaster level. As for Zhou Hao, although his cultivation was only at the master level, his combat talent and his unpredictable saber techniques made them feel inferior.

Soon, there were not many people left on the battlefield.

Only Zhou Hao and the others in the top ten were left.

"I quit. I'm the weakest among us. Although I don't want to admit it... I still have to say..."

"Me too, I'll quit..."

Lei Jinpeng and Zhang Shuo sighed. Originally, they had come from the Yanjing Training Camp and were all blessed by the heavens. However, after training with Zhou Hao and the others, they realized that their talent was simply not worth mentioning!

Zhou Hao was a combat genius with combat techniques that far surpassed his peers. There was also Xu Ling, who had awakened her Ice Muscle Body Bloodline and also had a rapidly-growing cultivation.

However, this was not the only thing that made them feel helpless. The person who affected them the most was Zhang Yi!

Zhang Yi's cultivation level was ordinary and he did not have especially high talent. However, he was too hardworking. He spent all the money he saved to buy cultivation resources and cultivated day and night!

To be honest, Lei Jinpeng and Zhang Shuo did not think much of losing to Zhou Hao, Xu Ling, and the others. However, they were completely convinced by losing to Zhang Yi!

With Lei Jinpeng and Zhang Shuo's withdrawal, only six people remained!

They were Zhou Hao, Xu Ling, Yuan Cheng, Yun Yan, Zhang Yi, and Fang Yu!

The six of them would eventually represent the Seventh Training Camp and become the Seventh Elite Team!

Yang Hui saw this and nodded. He was not too surprised by this outcome. He believed that even if a competition was held, it would still be the same outcome.

And now, he had let these students choose them themselves because he wanted them to know others and themselves!

Only in this way would they be able to recognize their own strengths and work harder. Only then would they not end up becoming proud and arrogant!

"I know many of you might not be feeling too good. If that's the case, then work hard. As long as you can defeat these six people, you can join the elite team at any time!"

With that said, Yang Hui directly threw the six nameplates to them.

"These are your nameplates and represent your identities as members of the elite team. Don't lose them. The points in here are very important to you!"

Zhou Hao and the others held this in their hands and directly entered the software inside. Although it was called a software, it was actually also a points exchange interface!

However, when they saw this exchange interface, the six of them were shocked!

The higher-ups had indeed spent a lot of money. Not only had they turned the thirteenth spatial rift into a training base, but they had also specially opened a supernatural mall to them!

In other words, as long as they had enough points, they could buy anything that was at the supernatural level!

This was really a surprise!

What a pleasant surprise!

Although the items on it were very expensive, it had to be said that the temptation was really huge!

Just as they were feeling shocked, more than ten planes suddenly flew out of the entire thirteenth training base.

The dozen or so planes pulled a huge screen together and placed it in the most conspicuous spot in the thirteenth spatial rift.

Then, the words appeared on the big screen. It was a huge ranking!

This was the ranking of the seven elite teams. Zhou Hao, Xu Ling, and the others were also surprisingly ranked on it.

Behind their names were points and cultivation levels.

However, everyone was currently short on points and did not have any rankings!

"In front of you are the member list of the seven elite teams. Your immediate rankings will appear on the screen. You will be given a reward every month according to the rankings. Therefore, this not only concerns your reputation, but also your cultivation resources!"

"Therefore, the six of you, don't disappoint us, understand?!"

Yang Hui looked at Zhou Hao and the others with anticipation in his eyes. He did not know if these few fellows could still create miracles!

Their Seventh Training Camp was established late and they were also weaker than the students of the other training camps.

For example, there were several grandmasters in the First Training Camp. There were even two who had reached the threshold of becoming a supernatural expert!

The other teams also had grandmasters, but their Seventh Training Camp did not!

This was both pressure and motivation!

Yang Hui believed that only under pressure could their potential be stimulated, and he also completely trusted these six little guys!

Chapter 350 - Instructor Bai Linglong

Chapter 350: Instructor Bai Linglong

After saying this, Yang Hui continued.

“You guys will represent the Seventh Training Camp. However, from today onwards, I won’t be training the six of you anymore. There will be a quasi Heaven Realm expert leading a team to teach you guys. Now, the six of you can go to the thirteenth spatial rift. That senior is already waiting for you!”

Yang Hui smiled at this moment and looked at Zhou Hao and the others. He did not feel any reluctance. Instead, he was looking forward to seeing what they would accomplish.

Zhou Hao and Xu Ling took a deep breath, bowed deeply to Yang Hui, and walked directly into the thirteenth spatial rift!

At the same time, batches of six people from the other six special training camps also rushed out. Their eyes were also filled with determination as they headed towards the thirteenth spatial rift!

The thirteenth spatial rift was filled with human strongholds. In this spatial rift, a huge building was built with six flags.

Each side had a number written from one to seven.

And below the flags stood a woman!

This woman was very beautiful and had an extremely powerful cultivation. As she stood there, the surrounding void trembled slightly!

A quasi Heaven Realm expert!

A peak-level ninth-grade supernatural expert!

A true expert who could enter the Heaven Realm with just half a step!

Zhou Hao also knew this person!

The moment he saw her, Zhou Hao's face trembled. If not for the fact that there were so many people here, he would have cursed!

That's right, this person was Bai Linglong!

Bai Linglong saw the seven elite teams arrive as they lined up in a row. Her expression was still indifferent, and her devastatingly beautiful face did not have the slightest expression.

"From today onwards, I'm the instructor responsible for teaching all 42 of you. Let me introduce myself. My name is Bai Linglong. You can just call me Instructor Bai!"

"Hello, Instructor Bai!"

The seven teams shouted in unison.

Bai Linglong nodded and said, "I don't care which training camp you come from, but if you come to me, you have to undergo my training. I'm not your original instructor and don't know any of you. Therefore, don't worry, I'll be absolutely fair and won't side with any of you!"

"However, remember one thing. I don't know any of you, and I won't give you any face. If you're not strong enough, immediately quit the elite team. I definitely won't be soft-hearted!"

"Similarly, don't blame me for being ruthless if you don't meet the training goals I set!"

With that said, Bai Linglong waved her hand.

"There are 700 foreign races ahead, and their cultivation levels are all at the master level. There are 100 of them in each team. I want you to kill them all. If you can't kill them all, don't come back!"

Bai Linglong shouted coldly. As soon as she finished speaking, these students were immediately dumbfounded!

There were a hundred of them. They were only masters and it was already good enough for them to fight one. A hundred of them at once was not a small number!

Hearing this, the faces of Yuan Cheng, Yun Yan, and the others immediately turned pale. Even Xu Ling became nervous!

Although they had been on the battlefield before, it was the first time they had to fight so many mutated beasts. Naturally, the pressure was huge!

On the other hand, Zhou Hao did not care at all. He was just a little depressed. It was not good for Bai Linglong to be their head instructor. If she recognized him, wouldn't it be over?

However, this woman was really ruthless. As soon as they met, she began training without saying anything!

Moreover, such high-intensity training was really a little domineering!

"What should we do? What should we do? There are so many mutated beasts. If we fight alone, we won't be able to resolve them at all. Therefore, we have to think of a good solution!"

At this moment, Yun Yan was the first to speak. After she finished speaking, Xu Ling nodded.

"That's right. I think that Instructor Bai did not ask us to fight alone when she asked us to kill so many mutated beasts. Instead, she probably wanted us to work together!"

"Only by being united will we have hope!"

Xu Ling also thought so, and Yuan Cheng, Zhang Yi, and the others naturally nodded.

"Although that's the case, what exactly are we supposed to do?"

Fang Yu bit her red lip, her expression becoming a little nervous.

Zhou Hao looked at them and thought for a moment before saying.

"Our cultivation level has reached a certain level. Our only advantage is that we are united. In that case, how should we unleash our combat strength to the limit? I think there's only one way. We all need to utilize all of our strengths!"

Zhou Hao also analyzed. As soon as he spoke, they all agreed.

"First of all, although my combat strength is not the highest, I have rich combat experience. Therefore, it shouldn't be a problem for me to take the lead. As for Xu Ling,

your cultivation level is the highest. Not only do we need you to kill these mutated beasts, but you also have to help the others!”

“Yuan Cheng is good at escaping. If we can’t defeat them, we’ll rely on you to help us escape!”

“Zhang Yi’s combat strength is also very strong. You will follow behind Xu Ling and be in charge of the feints and last hits. As for Yun Yan and Fang Yu, the two of you should stay together. One of you will hold most of our killing weapons and attack them when the opportunity arises. The other will be in charge of observing everything and taking charge of the entire situation.”

Zhou Hao had the talent of a leader. After he finished making the arrangements, the few of them nodded. They were very impressed by Zhou Hao’s arrangements!

Not far away, Bai Linglong also heard Zhou Hao’s arrangement and nodded.

The reason why she had them kill a hundred mutated beasts today was to hone their cooperation!

After all, only super experts could afford to fight alone. At their level, they naturally had to rely on teamwork. Only by working together could there be endless hope!

Moreover, they all had their own strengths and weaknesses. If they gathered together, they could make up for each others’ weaknesses!

However, she did not expect Zhou Hao to even think of an escape plan.

Looking at Zhou Hao, Bai Linglong smiled faintly. However, for some reason, she suddenly frowned because she felt a familiar feeling from him!

That feeling was very strange!

It was clearly the first time she had seen him!

“What’s going on...” Bai Linglong was puzzled.

At this moment, the seven teams were also ready. Bai Linglong did not say anything else. She clasped her hands and sent them directly to the seven areas of the thirteenth spatial rift. In each area, there were a hundred master-level beasts.

As for Bai Linglong, she took out her spear, which was flashing with a cold light, prepared to attack at any moment!

As a quasi Heaven Realm expert, it was really too easy for her to kill the other mutated beasts of the master realm with a single strike.

That was why she was confident that she could give Zhou Hao and the others such a difficult mission!

This was because she knew that only under super high pressure could their potential be stimulated!

She had nothing to teach them. Only by experiencing a true battle to the death could they grow faster!
