## Chapter 401 - Humiliation

*Chapter 401: Humiliation*

Martial artists naturally built buildings extremely quickly. In just one afternoon, a huge building was built on the opposite side.

In addition, it was even taller and larger than the Commander Residence!

If one did not know better and looked over, they would think that the new building was the Commander Residence. At the moment, the place Zhou Hao and the others lived seemed like a residence for subordinates!

Regarding this, Zhang Yi and the others were naturally very unwilling. Of course, it was not simply because their building was better, but because this was blatant humiliation!

Zhou Hao did not care at all. It did not matter what they did.

In the evening, Bodyguard Chen arrived again. Although he was not as arrogant this time, it was still obvious that he was disdainful.

"The three vice commanders have invited the commanders to admire the new building. At that time, the big shots of the Red Cliff Abyss will also come to congratulate the three of them. Please don't forget to come."

After saying this, Bodyguard Chen left. Looking at the invitation, Yuan Cheng and the others were even more furious!

Those three people were definitely doing this on purpose!

"What's there to be angry about? This is actually quite convenient. With this, we can also get to know what kind of demons and monsters are in the Red Cliff Abyss."

Zhou Hao smiled indifferently, not caring at all.

"If we go just like that, won't we be bullied to death?" Yuan Cheng couldn't help but ask.

“What’s there to be afraid of? We’re from the Green Cloud Division. Even if they don’t like us, they still have to meet with us. To put it bluntly, we should go even if we’re not welcomed. After all, why waste the opportunity to disgust them?”

“Moreover, the Red Cliff Abyss is even more difficult to resolve than this Hundred City. If we want to resolve the matter in the Red Cliff Abyss, we have to resolve the three of them. Therefore, we can also use this opportunity to get to know our enemies.”

Zhou Hao was not worried at all. Even if these people worked together, they still could not beat him. If he wanted to, he could also attack them secretly. With his quasi Heaven Realm level and his Heaven Realm strength, it was too easy for him to kill these people!

“Alright, let’s go take a look then!”

The few of them nodded when they heard Zhou Hao say this.

At night, Zhou Hao and the others arrived at the Vice Commander Residence. Bodyguard Chen personally led them in!

It had to be said that their efficiency was really high. In just an afternoon, they had built such a grand and luxurious building. They did have some ability.

“Here are your seats. Please understand that the people who came here are all honorable guests. We can’t neglect them. After all, the Hundred City is still far inferior to the Red Cliff Abyss. The three of us vice commanders are only pretending to be snakes to ensure that the Hundred City is safe and sound. Therefore, we can only let you suffer a little.”

Bodyguard Chen spoke nicely, but Zhou Hao and the others were directly placed in the corner of the hall. This could be said to be the worst seats in the room. It was obvious that Yin Feng and the other two wanted to see Zhou Hao and the others make a fool of themselves!

“Have a seat.”

Zhou Hao did not care at all. At this moment, after they sat down, the people from the Red Cliff Abyss also arrived one after another.

Yin Feng and the other two also came out and began to receive them.

“Aiya, Senior Qian from the Brilliant Club is here. Please take a seat...”

“Boss Zhou from the auction house is here. You’re finally here. Quick, have a seat.”

“The leader of the mercenary group, Commander An, is also here. You’ve really graced our humble abode with your presence. Take a seat!”

“President Sun, you’re here too. Hahaha, quick, quick, come in, come in!”

Not long after, a few important figures arrived. Although Zhou Hao and the others had never seen these people before, they could still recognize them because of the information they were given.

This Brilliant Club’s Senior Qian was a supernatural expert. His club was very luxurious. He did all kinds of transactions, including human trafficking. In fact, he was involved in all kinds of unexpected and unethical businesses.

It was the same for Boss Zhou of the auction house. As a fourth-grade supernatural expert, he dares to auction all kinds of things in his auction house. He would even auction ordinary human women who were bought by mutated beasts as slaves to warm their beds. It could be said that he was heartless!

On the other hand, Commander An of that mercenary group was relatively normal. He would enter the vicinity of the Red Cliff Abyss to kill some mutated beasts and could also be considered as a hot-blooded man.

As for President Sun of the Weapon Company, he was not a good person either. He killed and robbed people, committing all kinds of crimes.

It could be said that other than Zhou Hao and the others, no one else was good!

And this was the current situation of the Hundred City and the Red Cliff Abyss!

The Green Cloud Division did not care about the chaos here at all. It was also because they needed a place like this to gather these bad guys together. Otherwise, with all the bad guys spread out, it would not be easy for them to handle either!

The reason why the Green Cloud Division had sent Zhou Hao and the others here was also to reclaim the Red Cliff Abyss. Even if they couldn’t, they would still be able to train and grow!

“These people are all on the must-kill list. Remember, during our time here, if we don’t eliminate them, our mission won’t be considered as successful.”

Zhou Hao looked at them and said.

They all nodded, naturally understanding what Zhou Hao meant.

Soon, the banquet began, and the scene began to turn chaotic.

“I heard that the Green Cloud Division sent a few commanders over. Brother Yin, why don’t you introduce them?”

At this moment, Senior Qian from the Brilliant Club spoke. This person looked like a beast in human clothing as he swept his gaze over Zhou Hao and the others with a cold intent.

“That’s right, Brother Yin. Aren’t you a little too much? You should introduce them! After all, aren’t you afraid of the Green Cloud Division sending people to kill you?!”

Boss Zhou also spoke with a teasing tone.

Yin Feng smiled slightly, but Hua Manlou hurriedly stood up.

“Aiyo, aiyo, look. I was so happy today that I actually forgot about this matter. Come, come, everyone, let me introduce you. These are the new commanders of our Hundred City... They are called... called... that. I can’t remember their names. Sorry, sorry!”

Hua Manlou smiled. After he finished speaking, the group’s expressions turned even uglier. Only Zhou Hao remained indifferent.

“If you can’t remember, then don’t bother. Just know that we’re the commanders.”

Zhou Hao said indifferently. His words made Hua Manlou frown. It was the same for the others!

He had said this to humiliate Zhou Hao and the others. Who knew that this brat was actually so shameless to say such a thing!

“Haha, as expected of someone from the Green Cloud Division, you’re indeed extraordinary. However, it’s not easy to be the commander of Hundred City. What capabilities do you have to be a commander?”

At this moment, President Sun of the Weapon Company spoke with a sneer.

His words were filled with killing intent as the aura of a supernatural expert erupted!

## Chapter 402 - Strange Actions

*Chapter 402: Strange Actions*

President Sun had a third-grade supernatural cultivation and his aura was very powerful. It directly suppressed Zhou Hao and the others.

That force was not something Zhou Hao and the others could resist at all. The faces of Yuan Cheng and the others instantly turned pale. Even Xu Ling's expression was not very good.

Zhou Hao narrowed his eyes, looked at President Sun, and smiled.

"President Sun, your cultivation level is indeed extraordinary. Seeing you today, I'm really impressed. However, this position of commander was given by the Green Cloud Division. There's nothing we can do about it. If you're not convinced, you can ask the Green Cloud Division about it. It's useless to ask us."

Zhou Hao dodged the question. His intention was very clear. He wanted to tell them that their commander status was given to them by the Green Cloud Division. Whether they were convinced or not, it would not change anything!

President Sun naturally understood this, but he sneered.

"That's true. However, fellow commanders, this Red Cliff Abyss is very dangerous. You have to be careful. It's just that I know that many people have fallen into this godforsaken place because of the Green Cloud Division. Therefore, you have to be careful when you walk at night in the future. Who knows, someone might jump out and kill you!"

President Sun's words were naturally very threatening. Zhou Hao also knew that President Sun had ended up in this place because of the Green Cloud Division!

If he couldn't stay anywhere else, he could only come to this lawless place. Although he was currently the boss of a weapon company, he still hated the Green Cloud Division to the core. Naturally, he also hated Zhou Hao and the others!

"Thank you for your warning, President Sun. We'll take your advice. However, President Sun, you also have to be careful in the future. If you provoke someone you shouldn't provoke, bad things will happen to you. With you, what are the employees of your weapon company supposed to do?"

Zhou Hao was naturally not afraid and retorted.

President Sun chuckled and did not waste his breath. However, he had already made up his mind.

"Everyone, you're our guests. Come, let's not talk about this anymore. Let's continue to have fun." Hua Manlou smiled and said.

However, Zhou Hao shook his head and stood up.

“Everyone is here today. In that case, things will be easy. Senior Qian, Boss Zhou, Commander An, and... President Sun, I have something to tell you.”

Zhou Hao’s sudden reaction stunned them. Even Xu Ling and the others were stunned. They did not know what Zhou Hao was planning to do!

Instead, Commander An said, “What’s the matter? Just say it.”

Zhou Hao directly opened his communication channel and opened the virtual message, making it appear in the room.

This information contained the crimes of the four of them, and every single one of them was clearly recorded.

“Boss Qian, this Brilliant Club of yours has violated the regulations of the human race on Planet Earth. Some of the businesses that are opened there are prohibited by the human race on Planet Earth. I order you to reform your businesses within seven days. Otherwise, don’t blame me for being impolite!”

“Boss Zhou, your auction house made illegal profits. You even involved yourself with human trafficking and auctioned things that shouldn’t be auctioned at all. You will have to serve 50 years in prison for this.”

“Commander An... your mercenary group has killed other human martial artists for the sake of treasures. You also have to return to the Green Cloud Division with me to be investigated!”

“Also, President Sun, many of your weapons company’s assets belong to the human race. I need you to hand them over. Otherwise, you will also need to go to jail!”

Zhou Hao’s voice was not loud, but after he finished speaking, everyone was stunned!

Although they all knew these things, they did not expect Zhou Hao to convict them here on the spot!

This was a lawless place. Did he really think he could order them around like a commander?

It was not only the four of them who were shocked. Even Yin Feng and the other two were stunned by Zhou Hao’s words. Was this brat courting death? How dare he say such things!

Xu Ling and the others were the same. Although they knew in their hearts, Zhou Hao was still too bold to say it so fearlessly in front of so many supernatural experts and even wanted to punish them!

Indeed, after saying this, Boss Zhou was the first to be furious. He directly stood up and used the aura of a supernatural expert.

“Kid, what the hell are you talking about? Do you think this is the Green Cloud Division? Do you believe that I’ll kill you?!”

After he finished speaking, Senior Qian, Commander An, and President Sun also sneered. Their aura as supernatural experts erupted, and they even looked like they wanted to kill Zhou Ha!

Instead, it was Zhou Hao who directly said coldly, “What? Do you guys want to disobey the order? Vice Commander Yin Feng, Vice Commander Hua Manlou, and Vice Commander Tu Shan, quickly take down the four of them!”

Zhou Hao immediately shouted. This sentence was rather shocking!

They thought that Zhou Hao had some tricks up his sleeve. It turned out that he was relying on the three of them all along.

“Hahaha, Senior Commander, are you joking? Or are you stupid? I’m dying of laughter!”

Senior Qian from the Brilliant Club was the first to laugh, his eyes filled with ridicule. He originally thought that since this brat was so courageous, he would have some tricks up his sleeve if he said something like this. However, he did not expect him to be a fool who was counting on Yin Feng and the others to attack!

“What are you laughing at? Vice Commander Yin Feng, Vice Commander Hua Manlou, and Vice Commander Tu Shan, did you hear what I said? Our cultivation levels are not high enough and we’re unable to kill these people. Therefore, we can only leave it to you guys. I know that it’s not good for you to make a move now. It’s fine, you can secretly make a move later. Your mission today is to... capture Boss Zhou first. I’ll wait for your good news!”

After he spoke, Zhou Hao did not waste his breath and left with Xu Ling and the others.

This stunned everyone present. Even Xu Ling and the others were puzzled, not knowing what Zhou Hao was trying to do.

“Don’t worry, there’s a good show to watch. Tonight, this Boss Zhou will definitely die!”

Zhou Hao said indifferently, making Xu Ling and the others even more confused.

Clearly, Yin Feng and the other two were on their side. They still wanted to kill the six of them, so why would they kill Boss Zhou and the others?!

However, seeing that Zhou Hao was so determined, they could only believe that he was being serious for the time being!

On the other hand, the vice commanders were amused by Zhou Hao's actions.

"Capture me? Hahaha, this is too interesting. Brother Yin, are you really going to capture me?" Boss Zhou couldn't help but joke.

"Hahaha, how is that possible? This brat called Zhou Hao must be crazy. With our relationship, how could we possibly attack you?"

Yin Feng and the others also laughed.

Soon, the banquet ended in their fun. As for Zhou Hao, he also turned into a stream of light and disappeared from the Commander Residence.. When he appeared, he had already arrived above Boss Zhou and the others.

## Chapter 403 - Setup

### *Chapter 403: Setup*

Zhou Hao used the darkness to hide his figure. His silver Thousand Feather Armor was hidden in the darkness with a murderous aura!

Boss Zhou did not know that his supernatural cultivation was completely insignificant in Zhou Hao's eyes!

"He's really slow. He actually didn't sense my killing intent. I'll remind him then."

Zhou Hao smiled and stood in midair. His powerful cultivation level leaked slightly and swept down with powerful killing intent!

Boss Zhou drank several times more than usual tonight. Normally, with the physique of a supernatural expert, they would not get drunk at all. Once the alcohol entered their bodies, it would be exhausted.

However, he liked the feeling of being drunk, so he did not use the strength in his body to eliminate the alcohol.

However, at this moment, he felt an extremely powerful killing intent spread over, making his scalp tingle and his hair stand on end!

Without saying a word, he activated his cultivation and caused the effects of the alcohol to disappear. He immediately looked into the sky.

There, a silver figure was looking down at him. That powerful cultivation made his heart skip a beat!

"This person... wants to kill me!"

He was frightened. As the owner of the auction house in the Red Cliff Abyss and a supernatural expert, he naturally knew that the other party had ill intentions towards him. He wanted to escape, but under that aura, he really did not dare to move rashly!

"This person is... a quasi Heaven Realm expert. He's really too powerful. Damn, why would a quasi Heaven Realm expert appear? Could it be that the Green Cloud Division has sent someone to kill me? That shouldn't be the case..."

Boss Zhou did not understand, but he still looked at Zhou Hao and said, "Sir, I'm Zhou Kang. May I ask what you want?"

Although he could sense the killing intent, he did not know that it was Zhou Hao. He only probed because he felt lucky.

On the other hand, Zhou Hao smiled and could not help but say, "Boss Zhou, did you forget the order from the commander at the banquet?"

"Order?"

Boss Zhou was stunned for a moment, but he quickly regained his senses and was suddenly shocked. "You're saying... you want to kill me?"

Thinking of this, he knew that it was over. This person was here to kill him. Without saying a word, his body moved, wanting to escape!

As long as he entered the Red Cliff Abyss, he would have a chance to be saved!

However, why would Zhou Hao give him such a chance? The release of the Thousand Feather Armor Gravity Domain immediately made Boss Zhou's body sink. At this moment, Zhou Hao's body had already arrived in front of him. Without any hesitation, he controlled the Nine Revolutions Overlord Body Art and punched down with invincible strength!

Boss Zhou looked at this fist as fear flashed in his eyes. He had been punched in the body without hesitation. The strength made him unable to resist at all, and the traces of his life were instantly wiped away!

Until his death, he did not understand who the person in front of him was.

However, he was already dead and would never be able to find out.

Boss Zhou died directly, and Zhou Hao carried his corpse on his body. His body moved, and he appeared in the Vice Commander Residence, quietly placing him in the courtyard.

With Zhou Hao's cultivation, his movement was not something these supernatural experts could detect. He was naturally able to move around freely.

"We'll just have to wait for a good show tomorrow."

Zhou Hao smiled and left.

The reason why he did this was to isolate these three vice commanders and completely cut off their relationship with the big shots of the Red Cliff Abyss!

It was even to the extent of sowing discord between them while he sat idly by and watched the tigers fight. He planned on using these three people to weaken the Red Cliff Abyss.

He would also let the power of the Red Cliff Abyss suppress these three people for his own use!

This was Zhou Hao's solution and also the simplest one!

Zhou Hao left and returned to his room to sleep.

The next morning, Bodyguard Chen woke up as usual and prepared breakfast for the three vice commanders.

Last night, he had fun too late and had drunk a lot. When Bodyguard Chen woke up in the morning, he still had a headache. He walked out of his room in a daze and went to the courtyard.

After taking a few steps, he was stunned for a moment and smelled a faint smell of blood.

As a grandmaster, he still had this ability. He was a little surprised, not knowing where the smell of blood came from. Looking around, he was immediately shocked!

A corpse lay outside the door, and its blood had already been drained!

To him, the death of a person was nothing. It mainly depended on the person who died!

However, when he walked over and saw that the person who had died was Boss Zhou, his face turned pale, his scalp went numb, and cold sweat broke out on his back!

“Not... Not good... Vice Commander, not good!”

Bodyguard Chen immediately screamed and rushed into Yin Feng’s room.

Yin Feng frowned and could not help but say, “Why are you panicking so early in the morning?!”

“Not... not good, he’s dead... dead...” Bodyguard Chen stammered, not knowing what to say!

“What do you mean dead? Tell me who’s dead!” Yin Feng was furious and slapped him.

This slap made Bodyguard Chen’s nose bleed, but he still hurriedly spoke.

“Senior Zhou... Senior Zhou from the auction house... is dead... he died at the entrance of our residence... His corpse... his corpse is at the entrance!”

Bodyguard Chen trembled. The moment he said this, Yin Feng’s expression instantly changed!

He took a step forward and when he appeared, he had already arrived at the entrance of the Vice Commander Residence. When he saw Zhou Kang lying at the entrance deader than dead, his head buzzed.

“Big Brother, what’s wrong?”

At this moment, Hua Manlou and Tu Shan walked over. They were still somewhat surprised at the commotion.

However, when they saw Zhou Kang lying on the ground, they were also dumbfounded!

“What... What’s going on? Why is Senior Zhou Kang dead?!”

Tu Shan's eyes widened in disbelief!

On the other hand, Hua Manlou's expression was extremely ugly!

"How could this be? Won't this implicate us? This must have been done by Zhou Hao and the others. They want to implicate us for his death!"

Hua Manlou immediately analyzed the situation. He was right. Anyone who wasn't an idiot could guess who had done this!

However, Yin Feng shook his head directly. "Even if they did it, this matter will still fall on the three of us. Those bastards are only grandmasters. No one would think that they were able to kill a fourth-grade supernatural expert!"

"Therefore, regardless of whether they suspect us or not, we're the most suspicious since Zhou Kang died at our entrance!"

Yin Feng was still relatively calm and saw through it instantly.

Hearing this, Tu Shan and Hua Manlou's expressions changed!

They had never expected things to turn out this way!

They were clearly fine last night, but why did something like this happen when they opened their eyes early in the morning? They were very shocked. Who on earth had killed Dad Zhou?!

However, at this moment, a roar sounded from afar. Zhou Beishan, the official son of Zhou Kang, had rushed over!

"You bastards, you dare to kill my father? You're courting death!"

## Chapter 404 - Putting On A Show

*Chapter 404: Putting On A Show*

Zhou Beishan had received news from the mysterious person early in the morning that his father had been killed by Yin Feng and the other two, so he rushed over!

When he saw his father's corpse lying on the ground, his face was instantly filled with gloom. His peak-level grandmaster aura also erupted as he roared repeatedly!

Yin Feng and the other two's expressions panicked. Although Zhou Kang was dead, the people behind his auction house still could not be underestimated. Moreover, the people of the Red Cliff Abyss were very united. If they killed Zhou Kang, the others would not sit idly by!

"Nephew, listen to me first. We didn't kill your father. Don't you know... about our relationship? Why would we kill him?!"

Yin Feng hurriedly said, but Zhou Beishan did not believe him at all!

"It wasn't you? Bullsh\*t. The Green Cloud Division has already given the order to take over the Red Cliff Abyss. Moreover, you were given an order to kill him last night! Now that my father died in your courtyard, you say that it has nothing to do with you? Who are you trying to fool?!"

Zhou Beishan roared. He originally did not believe it, but when he saw the mysterious letter, he became certain!

Yin Feng and the other two were originally chased out of the Green Cloud Division, after all. Due to this, they were unable to leave this place!

The cultivation resources here were scarce and extremely poor. As long as the Green Cloud Division paid a huge sum, the three of them would definitely be willing to take action.

It was even to the extent that the mysterious letter had already written that if they resolved this Red Cliff Abyss, the three of them would regain their freedom and would even be given the resources to break through to the quasi Heaven Realm!

Who would not be tempted by such an offer?

"Nephew, what do you mean? We would not obey the Green Cloud Division at all!" Yin Feng was extremely anxious and immediately said.

"Bullsh\*t. Even now, you still want to lie to me? You were the ones who killed my father! I know about the offer too. You were promised your freedom as well as more resources in return for helping them take back the Red Cliff Abyss by killing my father! Do you think that I don't know?!"

Zhou Beishan directly fell out with them. After saying this, the three of them were dumbfounded!

“How... how can this be? How is this possible!” Yin Feng felt a headache coming on. Even Hua Manlou felt the same!

“Damn, we’ve fallen into Zhou Hao’s trap. He must have said this to sow discord between us and the important members of the Red Cliff Abyss!”

Hua Manlou instantly understood, but what was the use?!

However, at this moment, a few more figures arrived from the horizon. They were Senior Qian, Commander An, and President Sun.

Not only that, but two supernatural experts also followed.

“Yin Feng, Hua Manlou, Tu Shan, the three of you are really bold. You actually dared to kill Boss Zhou of our Red Cliff Abyss. You’re simply courting death!”

Senior Qian roared. Although they appeared to be on good terms with Yin Feng and the others, things were different now. They had killed Boss Zhou to challenge their Red Cliff Abyss. How could they tolerate this?!

“Indeed, despicable people are only after benefits. For the sake of freedom, you actually killed Boss Zhou. Yin Feng, the three of you are really courting death!”

At this moment, Commander An also spoke. The aura of his supernatural cultivation erupted, as if he wanted to attack at any moment!

“Commander An, we really didn’t. Think about it. Even if we wanted to kill Boss Zhou, why would we kill him at our entrance and just leave his corpse here? This must be someone else’s scheme. Don’t fall for it!”

Hua Manlou also hurriedly spoke up at this moment, worried that they would start fighting.

“Moreover, Commander An, think about it. Last night, Zhou Hao told us to attack you, but today, Boss Zhou died. Isn’t... isn’t this too much of a coincidence?”

Hua Manlou immediately said, hoping that they would understand!

However, at this moment, a soft voice sounded from outside the door.

“Vice Commander Hua, what are you afraid of them for? Since we’ve already done it, why be afraid of being discovered? Moreover, our Green Cloud Division wants to resolve the problem at the Red Cliff Abyss. As for the rest of you, if you obey the law

from now on, you might still be able to live. If you guys don't go against the law, you will end up like Boss Zhou!"

Zhou Hao's voice sounded, and the six of them walked over.

Hearing Zhou Hao's words, Zhou Beishan's expression turned even uglier. He roared, "How dare you! I want you to die!"

He roared angrily and looked at Commander An and the others.

"Uncles, you were my father's closest friends when he was alive. Now that he has been killed by a despicable person, please avenge him!"

Zhou Beishan hurriedly said. Yin Feng and the other two were extremely anxious.

"Everyone, we can swear to god that we really didn't kill Boss Zhou. Moreover, Boss Zhou is a fourth-grade supernatural expert. Even if we attack, we probably can't kill him without any commotion!"

Yin Feng tried to persuade them. It had to be said that what Yin Feng said made sense!

However, how could Zhou Hao give him a chance to refute?

"Vice Commander Yin, didn't I say that we don't have to be afraid of them? You're all supernatural experts. What's there to be afraid of? If they dare to attack you, I'll get the Green Cloud Division to send their troops over. It won't be hard for them to kill a few mere supernatural experts!"

"Moreover, have you forgotten that after this matter is over, you will regain your freedom? Not only that, but there will also be rewards to help you to reach quasi Heaven Realm cultivation. Think about it. Compared to these rewards, killing a few people is nothing!"

As soon as Zhou Hao said this, Yin Feng was at a loss of words. This made Commander An and the others' expressions turn even uglier!

All of them looked coldly at Zhou Hao, Yin Feng, and the others. They wished they could burn their bones and scatter their ashes!

"No... don't talk nonsense. We didn't kill Boss Zhou. You guys must have done it... You guys were the ones who set us up so that you could sow discord between us!"

Hua Manlou immediately roared. He was really afraid that if they offended the people from the Red Cliff Abyss, they would be done for!

They were not like Zhou Hao and the others who were assigned here on a mission. If Zhou Hao and the others were injured, the Green Cloud Division might send experts over. However, if they were injured, only death awaited them!

“Us? Vice Commander Yin, are you kidding me? The few of us combined are still not even strong enough to withstand Boss Zhou. Even if you want to blame us, you have to think of a better lie. Do you really think they’ll believe such a ridiculous lie?”

Zhou Hao smiled and said directly. Yuan Cheng and the others behind him were also very shocked!

They still did not understand how Boss Zhou died!

Last night, Zhou Hao had said that he wanted Yin Feng and the others to kill Boss Zhou. Now that Boss Zhou was really dead, all of them could not escape the responsibility!

Moreover, among them, the three vice commanders were the most suspicious!

After all, they were supernatural experts while Zhou Hao and the others were only grandmasters!

“No, no. You must have invited a big shot. A big shot who’s even stronger than us.. He was the one who killed Boss Zhou. You’re framing us!”

## **Chapter 405 - The True Purpose of Killing!**

*Chapter 405: The True Purpose of Killing!*

Yin Feng hurriedly said. He was really afraid. That was why he was guessing randomly!

After all, they really did not kill this person. Zhou Hao and the others were only grandmasters and did not have the ability to kill supernatural experts. The only explanation was that Zhou Hao and the others had invited a supernatural expert!

Zhou Hao had long expected Yin Feng and the others to say this. He could not help but sigh and directly opened his mouth to say, “Vice Commander Yin Feng, have you not woken up from your drunken stupor? How could you say something like that? If what

you said were true, then why would I waste so much effort? If I was able to invite an expert to help, I would have already invited a quasi Heaven Realm expert to directly kill all of you. After all, that would save me a lot of trouble.”

Although Zhou Hao’s words did not sound pleasant, it was true!

If the Green Cloud Division wanted to kill them, it would be easy. Any quasi Heaven Realm expert would be able to flatten them. However, since they have not done so for so many years, it also meant that they would not suddenly send a mysterious expert to secretly kill Boss Zhou now!

“What you said... makes sense, but... then... what’s going on?!”

Hua Manlou was still smart. He knew that Zhou Hao was not wrong. In fact, what he said was quite reasonable.

The others were the same. All of them had puzzled expressions, but they still knew that Yin Feng and the other two were the most suspicious!

At this moment, Zhou Hao smiled and could not help but say, “Everyone, don’t be anxious. Let’s sort this out. Last night, I did say that I would get Vice Commander Yin Feng and the other two to capture Boss Zhou. Everyone heard me, and now Boss Zhou is dead. Yin Feng and the others are the most suspicious, right?”

After Zhou Hao finished speaking, Zhou Beishan and the others nodded.

“That’s right. They must have killed them. Moreover, I received a mysterious letter this morning. It says that Yin Feng and the others killed my father and the Green Cloud Division gave them a reward. It also stated that as long as they take care of the problem of the Red Cliff Abyss, they will regain their freedom. They will also be allowed to join the association and be given resources to reach the quasi Heaven Realm and work for the Green Cloud Division!”

“There’s definitely no such thing. I, Yin Feng, can swear to the heavens that if there is, I’ll be struck by lightning and die without a burial site!”

When Yin Feng heard this, he immediately swore. These were superstitious folk, after all. After saying this, he also got Commander An and the others to become less suspicious.

Zhou Hao nodded and said, “I know about this matter. The Green Cloud Division is indeed willing to make such an offer. However, if Vice Commander Yin Feng and the others did not kill them, then who did? This is very strange. Actually, when I heard this news, I also thought that Vice Commander Yin Feng and the others were the ones who killed Boss Zhou.”

“But now, it seems that Vice Commander Yin Feng and the others might not be the real culprits.”

Zhou Hao began to analyze. The reason why he said this was to bait them!

“That’s right. there’s no way we could have killed Boss Zhou. Although we... although we desire freedom, but... but aren’t we courting death by going against you guys?!”

Hua Manlou and Tu Shan hurriedly nodded.

Commander An, Senior Qian, and the other supernatural experts looked at each other and calmed down. What Yin Feng said was not unreasonable. There was really no need for them to go against them like this!

Regardless of whether what the Green Cloud Division said was true or not, the three of them would simply be courting death if they really went against the Red Cliff Abyss!

“In that case, this person was not killed by Vice Commander Yin Feng or us. Of course, we’re not just saying this to avoid trouble. It’s just that we don’t have the strength. If we did, we would have done it ourselves long ago.”

“Pardon me for being direct. Even if the few of us did kill Boss Zhou, you guys still wouldn’t dare to do anything to us. After all, we are protected by the Green Cloud Division. If you attack us, the Green Cloud Division will definitely not tolerate it. Moreover, our instructors are Supernatural Yang Hui and Supernatural Bai Linglong. One of them is an eighth-grade supernatural expert and the other is a quasi Heaven Realm expert. It’s easy for them to kill you, right?”

Zhou Hao’s words were also unpleasant to hear, but it had to be said that this was the truth. Even if Zhou Hao and the others killed Boss Zhou, it would still be fine. After all, the Green Cloud Division had countless experts. Any supernatural expert above the sixth-grade could kill them!

“Moreover, there’s something else to consider. For so many years, the Green Cloud Division has not attacked you guys, so they won’t suddenly attack at this moment. Moreover, even if they did, they wouldn’t have done it secretly. You should know how powerful the Green Cloud Division is. The few of you are insignificant in their eyes. Therefore, we can safely say that we are not the culprits. As for the Green Cloud Division and Vice Commander Yin Feng, we can’t eliminate them, but they aren’t too suspicious either. Does anyone have any objections to what I say?”

Everyone nodded at Zhou Hao’s words. Their logic was very clear. Although it was not pleasant to hear, they all knew that it was not unreasonable.

“So, after everything you said, are you saying that no one’s suspicious? You guys are not suspicious, the Green Cloud Division is not suspicious, and Yin Feng and the others are the same. Then, who could have killed Boss Zhou? Could it have been us?”

Commander An spoke at this moment. His words seemed casual, but it made the expressions of everyone present change!

Especially Yin Feng and the other two. Their eyes lit up as they looked at them. Zhou Hao also smiled and looked at Commander An and the others.

“You... what’s with your gazes? Could it be that someone from the Red Cliff Abyss killed Boss Zhou? Our Red Cliff Abyss has always been united. How is that possible!”

Commander An’s expression was ugly. He did not expect his casual words to cause such a huge reaction!

Yin Feng and the others narrowed their eyes. Hua Manlou even sized up Commander An and the others.

“Actually, I just wanted to say that Boss Zhou’s death has already been decided. The only person who can kill a supernatural expert is a supernatural expert. And the only ones with this strength are Vice Commander Yin Feng and the others, as well as everyone else in the Red Cliff Abyss. Other than them, there’s no one else!”

“Moreover, don’t you think it’s a little too coincidental that Young Master Zhou received a letter from a mysterious person this morning? How was he able to receive the news so quickly? Moreover, I think Yin Feng and the others aren’t stupid. We aren’t stupid either. If we were the ones who killed Boss Zhou, why wouldn’t we just bury the corpses in the wilderness? I think there must be someone else behind this!”

After Zhou Hao finished speaking, the expressions of Commander An and the others changed drastically. It was the same for Zhou Beishan. He turned around and looked at Commander An and the others with a suspicious expression. Clearly, he had believed Zhou Hao’s words!

And this was what Zhou Hao wanted to do. He had killed Boss Zhou for this to happen!

## Chapter 406 - Everyone Is Suspicious

## *Chapter 406: Everyone Is Suspicious*

By killing Boss Zhou, Zhou Hao had done two things. Firstly, he was able to frame Yin Feng and the others. At the same time, he could also sow discord between the members of the Red Cliff Abyss!

After all, in everyone's eyes, Zhou Hao and the others did not have the strength to kill Boss Zhou. Therefore, Zhou Hao and the others were naturally not suspected!

As for Yin Feng and the other two, although they were suspicious, the use of the letter actually made them less suspicious!

After all, if they were the ones who killed Boss Zhou, they would have destroyed the evidence. Why would they leak the information?

Clearly, someone was trying to sow discord!

Clearly, someone was trying to benefit by sowing discord between Boss Zhou of Red Cliff Abyss and Yin Feng and the other vice commanders of Hundred City

Zhou Beishan was not stupid. Although he had just lost his cool from anger, he still regained his senses after hearing Zhou Hao's words!

"Commander An, Senior Qian, and... President Sun, the few of you have some grudges with my father. Others might not know, but I do. Today, you have to give me an explanation. Otherwise, our auction house will not let you off even if we give up everything!"

Zhou Beishan's eyes were red as he spoke directly!

"Nephew, don't be excited. There's something wrong with this matter. You can't listen to that kid's lies. Maybe this is all a setup!" Commander An's expression changed as he hurriedly said.

Although Boss Zhou was dead, the auction house was still powerful. Boss Zhou had many friends in the Red Cliff Abyss and many supernatural experts had good relationships with him. If they really fought, even if Commander An and the others could destroy the auction house, they would still be severely injured!

"Commander An, don't be too quick to say that I'm misleading everyone. Last night, I said that I wanted Yin Feng and the others to kill Boss Zhou. I won't deny that. However, someone wants to use my name to kill Boss Zhou and frame Vice Commander Yin Feng and the others. This is also a possibility. You can't deny it!"

Zhou Hao was honest and straightforward. He directly admitted that he wanted to kill Boss Zhou, but they all knew that Zhou Hao and the others were not capable of killing him!

Therefore, it was also possible for others to kill Boss Zhou just to frame it on Yin Feng and the vice commanders!

“To be honest, this matter doesn’t matter to us at all. I actually hope that you guys can have a conflict with Vice Commander Yin Feng and the others. In fact, I actually want to see Young Master Zhou do everything to kill Vice Commander Yin Feng and the other two. In this way, won’t the six of us be able to smoothly take over the Hundred City? Moreover, this will also be able to greatly exhaust your Red Cliff Abyss. It’s simply a win for us.”

“However, the reason why I did not do this is because I want to know the truth. Because to me, I have only come to the Hundred City to train. I will leave sooner or later. Everything here is just fleeting clouds for us. Our only goal is to show the Green Cloud Division some results.”

“However, we also know that our strength is limited. We will do as much as we can and it doesn’t matter even if we fail in the end. Our statuses in the Green Cloud Division are not low and we are even elites that have been selected. The Green Cloud Division has spent a lot of effort to train us and they definitely won’t just throw us away.”

“I think I’ve already made myself clear. As for the grudges between the rest of you, I honestly don’t really care. I’m simply not interested in your internal strife.”

Zhou Hao shrugged and did not say anything else. He left with Xu Ling and the others!

Although they had left, the scene was very gloomy and terrifying!

Zhou Beishan’s expression was extremely ugly. He glared at Commander An and the others and snorted.

“I’ll investigate this matter to the end!”

As he spoke, Zhou Beishan carried Zhou Kang’s corpse and left. Commander An and the others also observed the surrounding people with doubts.

On the other hand, Yin Feng and the others heaved a sigh of relief. Their suspicion had been washed away a lot, but they were relieved!

“Phew... that was close. I almost offended the people from the Red Cliff Abyss and almost lost my life!”

Yin Feng took a deep breath and felt a lingering fear!

Hua Manlou and Tu Shan were the same.

“Big Brother, the only reason why this situation can be resolved today is because that brat Zhou Hao is smart. Otherwise, we would have been the scapegoats today!” Tu Shan was a straightforward person and admitted that Zhou Hao’s words just now were concise and comprehensive. Thinking back now, although Zhou Hao and the others were arrogant, most of what he said ended up helping them. This made Tu Shan somewhat touched.

“Indeed. If not for Zhou Hao and the others, we probably...”

Yin Feng also took a deep breath and looked at Hua Manlou before asking, “Second Brother, you’re smart. What’s going on? Also, why did that Zhou Hao do this today?”

Hua Manlou was also confused, but hearing his older brother ask this, he thought for a moment and said.

“This matter... I think that what Zhou Hao said is most likely true. It’s probably someone within the Red Cliff Abyss who’s trying to frame us and make us fight to the death with the auction!”

“However, Zhou Hao has seen through their goal. That’s why we were able to escape this calamity. However, I’m still a little puzzled. After all, Zhou Hao and the others will be the ones to benefit in this matter. Whether it’s the internal strife in the Red Cliff Abyss or Red Cliff Abyss targeting us, it’s all good news for them!”

“But he helped us today. Perhaps he wants to subdue us?”

Hua Manlou analyzed and Tu Shan immediately said, “What the heck? A mere grandmaster actually wants to subdue us. Isn’t this a fool’s dream?”

Yin Feng shook his head. “Third Brother, Zhou Hao and the others have a limitless future. They’re already a grandmaster at such a young age. They’ll definitely become supernatural experts in the future. They might even be able to break through to the quasi Heaven Realm!”

“Moreover, Zhou Hao is indeed intelligent. Without him today, the three of us might very well have been killed by Commander An and the others. No matter what, we owe Zhou Hao a favor!”

“Perhaps you’re right. Zhou Hao wants to rope us in. However, should we let him rope us in?”

Yin Feng took a deep breath and fell into a dilemma. They could not afford to offend the Red Cliff Abyss, nor could they afford to offend Zhou Hao and the others!

Compared to the Red Cliff Abyss, the Green Cloud Division was the true overlord. In front of the Green Cloud Division, the three of them were like ants. It was easy for them to kill them!

At this moment, Hua Manlou took a deep breath and thought for a moment before saying, "Big Brother, why don't we submit to Zhou Hao and the others?"

## Chapter 407 - Surrender

*Chapter 407: Surrender*

Hearing this, Yin Feng's expression changed. Even Tu Shan was the same!

"Second Brother, are you serious?"

Yin Feng had actually thought of this before. However, he was a supernatural expert after all. It would be really embarrassing for him to submit to Zhou Hao and the others.

Moreover, if he were to join Zhou Hao and the others, he would have to completely break off relations with the Red Cliff Abyss!

"Big Brother, I know what you're thinking. I know that you're worried about the Red Cliff Abyss, but after what happened to Boss Zhou, I feel that with the internal strife going on in the Red Cliff Abyss, they won't be able to help us at all!"

"In addition, it's fine if this is just an internal conflict. However, I'm afraid that a pair of big hands is stirring up trouble behind the scenes!"

"If that's the case, the situation will be different. If we don't stand in line, Boss Zhou's outcome will be ours!"

Hua Manlou spoke directly with an intense unease!

"You're saying that... all of this is very likely done by the Green Cloud Division?" Yin Feng was somewhat surprised. Although he could not figure out why the Green Cloud

Division would do this, he knew that the powerful Green Cloud Division need not resort to such methods.

Hua Manlou shook his head and looked at the Commander Residence opposite.

"I think... this is not the Green Cloud Division's method. It's very likely Zhou Hao's methods..."

At the same time, Zhou Hao and the others returned to the Commander Residence. They were all curious about today's matter.

"Zhou Hao, what happened today? How did Boss Zhou die?"

Xu Ling and the others were all confused just now. At this moment, they were all asking impatiently.

Zhou Hao smiled and naturally wouldn't say that he was the one who killed it. Instead, he said, "The Red Cliff Abyss is also a place of scheming. As long as there are people, there will be scheming. I was just casually saying that yesterday, but I didn't expect to really catch a big fish today!"

"Some people want to frame Yin Feng and the others for Boss Zhou's death. The reason why I persuaded them to shift the blame to the Red Cliff Abyss is because I want to protect them. This way, we can greatly weaken the strength of the Red Cliff Abyss. Yin Feng and the others should also understand that once the Red Cliff Abyss falls into an internal conflict, it's only a matter of time before it's destroyed. Therefore, they have no choice but to defect to us!"

Zhou Hao smiled. After he finished speaking, the few of them were shocked. They had not expected this at all. Zhou Hao had changed the entire situation with his words. In the end, he had caused an internal strife in the Red Cliff Abyss and even managed to rope in Yin Feng and the others!

The few of them were incomparably shocked. They did not expect Zhou Hao to create such a situation in such a short period of time!

"Zhou Hao, you're really two-faced. You instigated a few factions in the Red Cliff Abyss with just a few words and even roped in Yin Feng and the others!" Yun Yan curled her lips and said.

"What do you know? This is called planning strategies without spilling blood. Zhou Hao, impressive!"

Yuan Cheng chuckled. What he cared about was safety. With Zhou Hao doing this, everyone's gazes were now moved away from them. Not only was there an internal

strife in the Red Cliff Abyss, Yin Feng and the others had also become grateful to them/ Even if they did not defect, it was still fine!

At the very least, they were much safer now!

“Zhou Hao’s actions have given us a lot of time.”

Xu Ling also nodded. Despite how mischievous his ideas were, it had to be said that the effect was very good.

“Then what happens next? Will Yin Feng and the others really join us? If they do, will we accept them?” Fang Yu asked a key question.

Zhou Hao said directly, “Of course. Those are supernatural experts. They have considerable combat strength.”

“But I keep feeling that it’s not safe. They’re not good people,” Fang Yu said.

Zhou Hao smiled faintly. “That’s fine. As long as we don’t go overboard, they won’t do anything to us. Moreover, the Green Cloud Division is behind us. The three of them are supernatural experts. It’s not easy for them to have such strength. There’s no need for them to ruin their future because of us grandmasters.”

“On the contrary, they will have more opportunities after following us. I’m not joking when I say that they will regain their freedom after the matter is done. If the matter in the Red Cliff Abyss is resolved, and we all break through to the supernatural level, it’s fine to bring them to the Green Cloud Division. At the very least, no one will object, right?”

After Zhou Hao finished speaking, they all understood.

At this moment, Zhou Hao sensed the auras of Yin Feng and the other two and smiled.

“Our guests are here.”

As Zhou Hao spoke, he went out of the Commander Residence with the others. Outside the door, Yin Feng and the other two stood there obediently with all the other martial artists.

“Greetings, Commander!”

As soon as Zhou Hao and the others came out, Yin Feng and the other two spoke loudly. The other martial artists even spoke in unison. Their aura was somewhat extraordinary.

“Vice Commander Yin Feng, what are you doing?” Zhou Hao blinked and asked directly.

“Commander Zhou, the three of us were negligent previously. We’re really sorry. You’re the commanders appointed by the Green Cloud Division and we’re vice commanders. This is what we are supposed to do.” Hua Manlou hurriedly smiled and said.

“I see... If so, we won’t refuse.”

This Hua Manlou was rather smart. He was clearly here to defect, but he managed to sound so evil. How interesting.

“Thank you, Senior Commander. I’ve brought all the martial artists here. If you have any instructions, they won’t dare to disobey!” Yin Feng also hurriedly said.

Zhou Hao nodded. “Thank you, sirs. We’re all smart people here so I’ll get straight to the point. I know what you want. If our mission succeeds, I’ll bring you out of here.”

After Zhou Hao finished speaking, the three of them immediately revealed happy expressions.

If they could get out, who would be willing to stay in this godforsaken place?

Moreover, because of Boss Zhou’s death in the Red Cliff Abyss, the dangerous wilderness forest had become even more murderous!

A fight might just break out suddenly!

They still understood the logic of being implicated!

“Thank you, Commander Zhou.” The three of them hurriedly cupped their hands in thanks.

“There’s no need for the three of you to be so polite. Although we’re commanders, you guys are the seniors. With the three of you helping us, the six of us will be more at ease. We should have been on the same side to begin with. It’s really good that we can now cooperate with each other.”

Zhou Hao smiled and continued.

“How can we not celebrate such a happy occasion? Why don’t we go to Senior Qian’s Brilliant Club to take a look?”

As soon as Zhou Hao said this, the expressions of Yin Feng and the other two changed.

If they brought Zhou Hao and the others over, wouldn’t the others know that they have defected?

However, they would eventually know sooner or later.. Therefore, Yin Feng took a deep breath and nodded.

## Chapter 408 - Problem

*Chapter 408: Problem*

Zhou Hao smiled. He had long wanted to go and take a look at the Red Cliff Abyss, but he did not have the chance. Now that he had the chance, he naturally had to go and take a look!

Of course, Zhou Hao also wondered if it might be dangerous. However, after thinking carefully, he realized that they would not be in any danger!

Firstly, they had Yin Feng and the other two supernatural experts around.

Moreover, they were from the Green Cloud Division and these people wouldn't rashly harm them.

Finally, Zhou Hao still had a trump card, which was himself!

With a quasi Heaven Realm cultivation and Heaven Realm combat strength, these people were simply not his match. In the end, if he really needed to, he could just kill them. It would not be a problem!

Thinking of this, Zhou Hao decided that it was fine to go and take a look.

Moreover, with all the chaos going on in the Red Cliff Abyss, it was easier for him to understand the situation by going there directly,

The group started to travel after their conversation. Not long after, they passed through some red cliffs and arrived at a desert city!

Although it was located in the desert, the Red Cliff Abyss was actually quite lively. Zhou Hao felt an inexplicable sense that this place was somewhat special. It had a special aura that distinguished it from the red cliffs outside.

The Red Cliff Abyss was also extremely luxurious. Although this place was barren, there were many people coming and going. They even saw many mutated beasts and races. It was rare to see mutated beasts and humans coexisting in peace like this!

The Red Cliff Abyss was only the name of the region. The desert city here also had its own name, like the Hundred City. This place was called the Red City and was a hundred miles in size. Although it was not big, it had all the necessary materials!

The people who came here were either evil or chased by their enemies and ended up here.

To be honest, Zhou Hao and the others had thought about this place a lot. However, after coming here today, they were still somewhat surprised.

This place did not look so chaotic at all. Instead, it was orderly like an ordinary city.

“Is this the Red Cliff Abyss?”

Zhou Hao looked at Yin Feng and the other two and asked directly.

“Yes, this is the Red Cliff Abyss. Although the people here are very chaotic, the Red Cliff Abyss has strict rules. No one is allowed to fight in the city. Anyone who violates this rule will definitely die!”

After Yin Feng finished speaking, Zhou Hao and the others were stunned for a moment.

“Those who disobey will die? Could there be someone in charge of the order here?”

If there was such a rule, there would definitely be people who would enforce it. If not, who would be responsible for punishing the rule-breakers?

“Yes, this person is the Red Cliff King!”

Yin Feng’s expression was very solemn. These words made Zhou Hao and the others frown. They could not help but say, “Red Cliff King? A Heaven Realm expert?”

“No one knows his cultivation level, and very few people see him. However, as long as someone fights in the city, they will be punished. Three years ago, I saw two third-grade supernatural experts fighting. Then, a huge hand descended from the sky and directly killed the two of them!”

“Originally, the Red Cliff King’s name was a thing of the past, so many people were skeptical. However, very few people dared to challenge the rule themselves. However, the scene three years ago still made everyone shut their mouths. They knew that the Red Cliff King was still alive!”

After Yin Feng finished speaking, Zhou Hao and the others were somewhat shocked. After all, there was no information about the Red Cliff King in the Red Cliff Abyss!

Even this name was something Zhou Hao and the others had just heard!

“In that case, he must be a Heaven Realm expert...”

Zhou Hao was afraid. Fortunately, he had killed Boss Zhou on the way yesterday. Otherwise, if he killed him in the Red Cliff Abyss, he might have attracted that Heaven Realm expert. Although he could resist the attack of a third-grade Heaven Realm expert, what if the Red Cliff King was above the third-grade?

Wouldn't he be done for?

Thinking of this, they had already arrived at the Brilliant Club of the Red Cliff Abyss!

Looking from afar, this Brilliant Club was indeed glorious. It was dazzling and shocking.

With Yin Feng and the other two here, it was naturally not a problem for them to enter. The three of them were already frequent guests of the Brilliant Club, so when they saw them arrive, an etiquette lady immediately invited them in and brought them to a huge private room!

There was everything here. The service here was also perfect.

However, Zhou Hao did not come here to play. Instead, he came here to meet this Senior Qian!

That's right. Zhou Hao's main goal was to meet him. Visiting the Red Cliff Abyss was only his secondary goal.

As for fun, a martial artist like him did not care much about that.

“Senior Qian must have heard the news that we're here. He'll probably come over in a while. I wonder what his attitude will be like.”

Yin Feng frowned. This Senior Qian was not someone to be trifled with. His foundation in the Red Cliff Abyss was deep. Although he was only a supernatural expert, if they really fought, probably half of the people in the Red Cliff Abyss would back him up.

With just the few of them, they would probably be killed without any hesitation!

“Don't worry, I believe Senior Qian won't be hostile towards us.”

Zhou Hao smiled. Ignoring the fact that they did not have any ill intentions, even if they did, Senior Qian would not be stupid enough to kill them in his territory!

As soon as Zhou Hao finished speaking, the door was pushed open and Senior Qian walked in with a smile.

“So it’s the Hundred City Commanders. Welcome, welcome!”

Senior Qian looked lively. If not for his aggressive attitude last night, people would definitely think that he was a good person to talk to. He had a kind and fawning expression!

However, Zhou Hao knew that this guy was definitely the most difficult to deal with among the few of them!

“Senior Qian, you’re too polite. We’re just here to entertain ourselves. How could we alarm you?!”

Zhou Hao immediately smiled. His words stunned Senior Qian.

Of course, he was not stunned by Zhou Hao’s words. Instead, he was stunned by the fact that Yin Feng and the other two stood behind Zhou Hao without making a sound when he was speaking!

Although it was very subtle, he still sensed it!

He knew that Yin Feng and the others had probably already submitted to Zhou Hao and the others!

While he was shocked, he was also somewhat surprised. After all, Zhou Hao was actually able to make Yin Feng and the others submit to him despite only having a grandmaster-level cultivation. He really had some tricks up his sleeve!

In particular, Zhou Hao’s words today had made everyone in the Red Cliff Abyss panic. He did not dare to underestimate this young man.

“Commander Zhou has a noble status, how could I not dare to come?”

Senior Qian smiled and continued, “Senior Zhou, there’s something I want to ask you, but don’t know if I should.”

Zhou Hao nodded. “Senior Qian, feel free to ask.”

Senior Qian took a deep breath and said.

“I want to ask if you had anything to do with Boss Zhou’s death!”

The moment Senior Qian spoke, they were shocked!

## Chapter 409 - Invitation

### *Chapter 409: Invitation*

When Zhou Hao heard this, he did not reveal any expressions, but he sneered in his heart!

This Senior Qian was still testing him. It seemed that he still suspected that this matter was related to them!

Of course, his suspicions were right. However, Zhou Hao and the others had not left behind any clues. His suspicions were entirely based on his hunch.

Zhou Hao looked at Senior Qian and said indifferently, "Senior Qian, do you think Boss Zhou's death has anything to do with us?"

Senior Qian did not expect Zhou Hao to answer like this, but he still took a deep breath.

"I think you do have something to do with it!"

After saying this, the scene immediately became strange. Yin Feng and the other two also took a deep breath and were prepared to fight at any moment. As for Xu Ling and the others, their hearts jumped. They thought that Boss Qian was prepared to attack!

"Commander Zhou, I hope you won't mind me being frank. In the end, you were the one who benefited the most from this matter. I don't know why you're here, but for so many years, the Green Cloud Division has never sent anyone over. There must be a reason why they suddenly sent you here."

"If you don't wish to tell me, I will also stop asking any more questions. But I will say this... although I don't know how you did it, I still feel that you're the most suspicious!"

Senior Qian's words were understandable. Actually, most of what he said was right!

However, Zhou Hao shook his head and looked at Senior Qian. He said, "Senior Qian, you're really overestimating us. First of all, we've just arrived at the Hundred City and the Red Cliff Abyss. Our foundation is already unstable. Not to mention dealing with you, we can't even make the martial artists of the Commander Residence listen to our orders. Why would we provoke you?"

“Secondly, if we do have the ability, there would be no need for us to be secretive, right? Therefore, I still think you’re still thinking too much.”

Zhou Hao’s logic was sound. After saying this, Senior Qian took a deep breath.

“I understand, but I can’t think of anyone in the Red Cliff Abyss who would want to kill Boss Zhou. What is the purpose of this?!”

Senior Qian was very puzzled. He had long believed Zhou Hao’s words. At this moment, he was actually testing Zhou Hao again to confirm his thoughts!

“This... I didn’t know. We just arrived here and haven’t even sat down yet. Today is also the first day we came to the Red Cliff Abyss. Therefore, regarding this incident in the Red Cliff Abyss, I can only offer some of my analysis. As for who the murderer is, I really don’t know.”

Zhou Hao smiled. That made Senior Qian feel much more relieved!

“Sigh... This matter is getting out of hand. Commander Zhou, as you probably know, most of us were chased here because we offended the Green Cloud Division.”

“However, to be honest, many of us have never complained about the Green Cloud Division. After all, many of us here had done bad things. It’s our own fault for being exiled like this. We don’t blame anyone else. Actually, we are not trying to scheme against you at all. We just feel that your purpose here is not simple, so we’re a little hostile towards you. Please don’t take it to heart!”

Senior Qian was rather straightforward. Zhou Hao nodded secretly.

“Senior Qian, you sure are straightforward.” Zhou Hao smiled.

“Senior Zhou, since there’s nothing else, I’ll take my leave first. Zhou Kang’s matter is a little troublesome. Now, their Zhou family is acting like a crazy dog that bites anyone it sees!”

Senior Qian also sighed. At the moment, the Zhou family was suspicious of everyone. Thus, the current Red Cliff Abyss was in chaos.

Zhou Hao nodded. After that, Senior Qian also left.

Zhou Hao understood Senior Qian’s attitude and was relieved. After all, the Red Cliff Abyss was currently somewhat chaotic. Thus, Zhou Hao’s next move was dependent on Senior Qian’s attitude.

Zhou Hao and the others originally wanted to stroll around the Red Cliff Abyss. Unexpectedly, they immediately received an invitation from the Zhou Family after coming out of the Brilliant Club!

“Commanders, I’m the Zhou Family’s housekeeper. My family’s Old Master and Eldest Madam have invited you to the auction house.”

The person who arrived was an old man with a peak-level grandmaster cultivation. He held an invitation in his hand, making Zhou Hao and the others stunned.

“If it’s Senior Zhou’s invitation. I’ll naturally go.”

Zhou Hao smiled. He knew that the Zhou family was being kind and did not refuse. Instead, Yin Feng became a little worried.

“Commander Zhou, I think we shouldn’t go. The Zhou family is very powerful. Zhou Kang’s father is a sixth-grade supernatural expert. Even Zhou Kang’s wife is a third-grade supernatural expert. The Zhou family has been operating the auction house for so many years and is very powerful. If they deal with us, we...”

Yin Feng was naturally afraid. The Zhou family was now like a wild dog that bit everyone it saw. He was really worried that he would be affected, so he whispered to Zhou Hao!

However, Zhou Hao smiled. “Vice Commander Yin, you’re thinking too much. The Zhou family won’t make things difficult for us. Instead, if we don’t go, we’ll be even more suspicious!”

As Zhou Hao spoke, he let the person lead the way.

Soon, they arrived at the auction house. Like the Brilliant Club, this auction house was also extremely luxurious. There were even huge palaces that looked like they could only appear in ancient novels. It was somewhat different from the conventional buildings they were used to.

All auction houses needed strength. If not, why would they dare to auction treasures?!

Therefore, the strength of this Zhou Family was definitely above that of the owner of the Brilliant Club!

The group walked straight into the auction house and took the elevator to the top floor.

On the top floor was the office of the auction house. At this moment, several people were seated. The leader among them was a white-haired old man. At this moment, his expression was cold and his supernatural cultivation emitted a murderous aura!

This person was Zhou Kang's father, Zhou Cangdao!

In this Red Cliff Abyss, he was also considered a veteran expert with a sixth-grade supernatural cultivation. He was definitely an expert. With a stomp of his foot, the entire Red Cliff Abyss would tremble!

Sitting beside him was a middle-aged woman. Her eyes were red and swollen. Clearly, she had just cried. If Zhou Hao was not wrong, this was Zhou Kang's wife.

Zhou Beishan was sitting there, and his expression was also not very good. When they saw Zhou Hao and the others walk in, they all looked over.

Yin Feng's expression was incomparably nervous. Hua Manlou and the others behind him were all the same. Only Zhou Hao had a calm expression.

"Senior Zhou."

Zhou Hao smiled and said when he saw Zhou Cang.

Xu Ling and the others also nodded and did not say anything.

Zhou Cangdao looked at Zhou Hao and snorted coldly. He immediately said, "Commander Zhou, how dare you scheme against my son. If you don't give me an explanation for this, you won't be able to leave this auction house today!"

As soon as Zhou Cangdao spoke, the atmosphere immediately became tense. An invisible killing intent spread in the surroundings..

## Chapter 410 - Alien?

*Chapter 410: Alien?*

No one expected Zhou Cangdao's words, but they were still prepared!

Yin Feng, Hua Manlou, and the other two hurriedly regulated their auras. Although Zhou Cangdao was a sixth-grade supernatural expert and was not someone they could resist, they still had a chance of survival if they fought to the death!

As for Xu Ling and the others, their expressions changed slightly, but they did not say anything.

“Old Master Zhou, what’s the meaning of this? You invited us here to participate in the auction, but now you want us to give you an explanation. I think you should have some guesses as to what’s going on. We have no reason to attack Boss Zhou!”

Yin Feng hurriedly said. He was really worried that Zhou Cangdao would attack!

“Hmph, is that so? Commander Zhou, tell me, why did the Green Cloud Division send you here? If you don’t tell me, don’t blame me for being impolite!”

Zhou Cangdao stood up and his powerful cultivation seeped out of his body. Although he was only a sixth-grade supernatural expert, his cultivation suppressed everyone present!

Xu Ling and the others were immediately suppressed by this aura until their faces turned pale. After all, they were only grandmasters and were naturally unable to resist.

Zhou Hao was able to resist. As a quasi Heaven Realm expert, he only needed a thought to kill Zhou Cangdao. However, he still pretended to be affected.

“Senior Zhou, you’re mistaken. We didn’t kill Boss Zhou. There’s no reason for us to do so. Secondly, if we really wanted to kill Boss Zhou, there’s no need for us to go through so much hassle. After all, we could have just gotten any quasi Heaven Realm expert from the Green Cloud Division to deal with you, right?”

Zhou Hao did not panic at all because he knew from the beginning that Zhou Cangdao did not plan to make things difficult for them at all. Just like Senior Qian, he was only testing them!

Judging from Zhou Beishan and the woman’s unchanged expressions, their Zhou Family had long decided that they were not responsible for Boss Zhou’s death. Otherwise, they would have also invited them to the auction!

Zhou Cangdao narrowed his eyes and looked deeply at Zhou Hao. Only then did he retract his aura and sit down.

“Servants, bring our guests some tea and seats.”

With that said, someone brought a chair and steeped tea.

“Commander Zhou, do you have anything to say about my son’s death?” Zhou Cangdao said indifferently.

Zhou Hao smiled. “Senior Zhou, I really have nothing to say about this. I can only say that we weren’t responsible. As for who did it, I really don’t know. Although I wanted to convict Boss Zhou, there’s still a limit to my strength. I am simply not strong enough to kill him.”

Zhou Cangdao naturally knew this logic, so he said, “I understand what you mean. To be honest, I also don’t believe that you guys were the ones who did it. It’s not that you guys don’t have the strength, but it’s simply not reasonable. After all, if the Green Cloud Division wanted to touch us, they would have done so long ago. There’s a reason why they didn’t. Others might not know what this reason is, but I know.”

Hearing this, Zhou Hao’s expression changed and he frowned. He really wanted to ask what the reason was!

This reason must be very shocking, and there might even be a huge secret. Otherwise, the Green Cloud Division would definitely not let this Red Cliff Abyss stay here and ignore it!

“Don’t you want to know what the reason is?” Zhou Cangdao looked at Zhou Hao and saw that he did not ask.

Zhou Hao sighed. “Senior Zhou, to be honest, I really want to know, but I know that the more I know, the more dangerous it is for me. I don’t want to get involved in the current situation in the Red Cliff Abyss.”

After Zhou Hao finished speaking, Zhou Cangdao sneered.

“Commander Zhou, do you think you are not involved with this matter? Because of what you said that day, you were also indirectly responsible for my son’s death. You can’t deny that, right?” Zhou Hao naturally could not deny Zhou Cang’s words!

“I don’t deny what Senior Zhou said. The Green Cloud Division asked me to overhaul this place, so I naturally have to put on a show. However, Senior Zhou, please be considerate. I really didn’t expect this matter to turn out like this. Otherwise, I definitely wouldn’t have said what I said.”

Zhou Cangdao frowned slightly when he heard this, but he did not say anything and asked.

“Commander Zhou, you’re smart. The reason why I called you over today is to ask you to help me find the murderer.”

“Find the murderer? Senior Zhou, this is really a little difficult. I just arrived here and am unfamiliar with this place. I also don’t know about the problem with your Red Cliff Abyss. How can I help you find the murderer?” Zhou Hao felt very helpless. Could this old man be crazy to ask him to help him find the murderer?!

“Commander Zhou, you’re too humble. Your intelligence far exceeds most people. Moreover, your analysis was helpful. I heard from Beishan that if not for your analysis, we might have mistaken the enemy as a friend.”

Zhou Cangdao also found his analysis convincing. After all, Zhou Hao’s logic was sound.

It was simply impossible for others to figure out Zhou Hao’s scheme.

“Thank you for your praise, Senior Zhou, but I really can’t do it.” Zhou Hao waved his hand.

“Commander Zhou, let me finish first. There is something you’re not supposed to know. However, after I finish speaking, you might be able to guess.”

“Actually, this matter is related to a secret. At least, that’s what I think. It’s related to the huge secret of the Red Cliff Abyss.”

Zhou Cang’s words immediately piqued Zhou Hao’s curiosity!

What kind of secret was this?

“Actually, it’s not that the Green Cloud Division doesn’t want to take this place back. It’s just that they can’t and don’t have the ability. Both mutated beasts and humans have wanted to claim this place for themselves, but they can’t.”

Zhou Cangdao’s words shocked Zhou Hao on the spot!

Zhou Hao did not understand how this was possible. Putting humans aside first, how could it be possible for the mutated beasts to lack the ability to take back this land?

This was a little ridiculous!

“I know you don’t believe it. Actually, I don’t believe it either, but this is the secret of the Red Cliff Abyss. This secret is related to the Red Cliff King. Similarly, it’s also related to a secret that can overturn the world!”

Zhou Cangdao’s words were becoming more and more mysterious. After Zhou Hao heard this, he was really tempted.

Even Xu Ling and the others were the same. It was really unbelievable that such a huge secret that could overturn the world existed!

“You should know that there’s a Red Cliff King here who controls the order here. Actually, what I want to say is that this matter arose because of the Red Cliff King. In fact, this matter has still not ended!”

Zhou Cangdao sighed, and Zhou Hao and the others listened intently.

What was the background of this Red Cliff King? He was actually related to this big secret!

And what was this big secret?!

“Senior Zhou, don’t keep us waiting. Tell us quickly,” Zhou Hao hurriedly urged.

Zhou Cangdao took a deep breath and said slowly.

“Actually, this secret itself is the Red Cliff King.. And this Red Cliff King is not a human or a member of the foreign race. Instead... he’s an... alien from outer space, an alien!”

## Chapter 411 - Reason

*Chapter 411: Reason*

With that, they were all dumbfounded. Everyone was stunned!

An alien?

Was this a freaking movie?

Where did this alien come from?

Everyone else was shocked. However, Zhou Hao was not!

Thanks to the Heaven Dao software, he already knew that aliens existed.

Zhou Hao's Planet Earth belonged to Universe 7. However, there were also other universes that had life!

Even his Thousand Feather Armor was not something from Universe 7!

Although Zhou Hao knew that there were aliens, he was still shocked when he heard Zhou Cangdao say this!

That was because this meant that the aliens had already arrived on Planet Earth. This... this was not a good thing!

Although Zhou Hao did not know what the aliens were like, he knew that those people were definitely not weak. If they really knew about Planet Earth, they would inevitably invade!

As Zhou Hao was thinking about this, Xu Ling and the others widened their eyes in disbelief. Didn't all the aliens appear in movies? Why would they appear in the real world?

"Senior Zhou, you... you're not fooling us juniors, are you? How are we supposed to believe this?"

At this moment, Yuan Cheng could not help but say. His face was filled with disbelief. How could there be aliens in this world?

"I know you don't believe me. To be honest, I don't believe it either. However, I've seen it with my own eyes, so I have to believe it. What I saw was a civilization that's different from ours!"

As Zhou Cangdao spoke, he became even more mysterious. He had actually seen this alien before!

"Senior, can you tell us in detail?"

Zhou Hao hurriedly asked. He was very anxious to let the other party talk more about this because he did not want Xu Ling and the others to be suspicious of this matter. After all, he really believed that it was true!

Although Xu Ling and the others did not believe it, they still wanted to hear what Zhou Cangdao had to say!

"It's a long story. I don't know when it happened, but I do know that the Red Cliff Abyss was originally a desert. It was only after that aliens arrived that it became what it is now. I think the humans and foreign races on Planet Earth should know about this. As for why it has maintained its current state, I don't know either."

"I've seen him before, three years ago. Actually, I wasn't the one who looked for him. Instead, he took the initiative to look for me. I didn't see his appearance clearly and only saw a white light appear in front of me and talk to me."

Zhou Cangdao took a deep breath, as if this matter still made him somewhat afraid.

"What did he say?" Zhou Hao hurriedly asked.

"He said that he needed energy to recover himself. He said that if I could help him, he would give me a huge opportunity. I was very afraid at that time. Moreover, he was really very powerful and directly imprisoned me, making me unable to move at all. At that moment, as a supernatural expert, I felt that he could instantly kill me, so I agreed!"

"He asked me to help him collect some special treasures and asked me to hand it to him. I had no other choice but to oblige. However, something happened half a year ago!"

As Zhou Cangdao spoke, he took out a crystal.

This crystal was very strange. It was completely black, but it emitted a strange aura. Zhou Hao looked over and could not tell what it was!

"This crystal can only be nurtured in the Red Cliff Abyss. Moreover, the method to nurture it is extremely cruel. It requires the blood essence power of a living person to catalyze it. He handed this to me and asked me to sacrifice a living person to nurture it. I originally did not want to do this, but he forced me to do so. Therefore, I could only secretly do this."

"However, the problem is that at some point, that alien got more and more people working for him. According to what I know, there are many others in the Red Cliff Abyss that also serve him secretly. Although they hide very deeply, the aura of this crystal is very unique and I am still able to sense it! And I've sensed more than one crystal!"

"Originally, I did not think much of it. It was only when my son was in charge of sending this crystal to the depths of the Red Cliff Abyss that he obtained a strange energy body. My son absorbed it every day and his cultivation increased greatly. Originally, his talent was not good and he had stayed at the master level for a few years. However, after absorbing that crystal, he broke through to the grandmaster level. A year later, he even broke through to the supernatural level and even reached the fourth-grade!"

"However, for some reason, this matter was discovered by the other factions in the Red Cliff Abyss. After this, they even announced to the public that the auction house had obtained a precious treasure that could help people cultivate. They told everyone that my son Zhou Kang was able to jump from a master to a supernatural expert in just a few years thanks to this treasure!"

At this point, Zhou Cangdao did not continue, but Zhou Hao and the others understood!

These people had made some deals with that alien and helped him replenish his energy. As a reward, Zhou Kang was given a mysterious energy spirit body.

Absorbing this item could increase one's cultivation. In just a few years, Zhou Kang had become a supernatural expert!

This matter naturally couldn't escape the eyes of many people. Moreover, they were all loyal to that alien and were naturally envious of this treasure!

As for Zhou Kang's death in the end, Zhou Cangdao also suspected that it was done by someone else!

"I don't know who learned of this news or who spread the news. In short, many people asked our auction house to auction that treasure. I've always suppressed this matter, but who knew that my son would actually die like this!"

"Therefore, I suspect that they killed my son to obtain that energy body!"

After listening to what Zhou Cangdao said, Zhou Hao also found his analysis to be very reasonable!

Of course, this was only a coincidence. Thankfully, because of this, Zhou Hao and the others' suspicions were weakened. In fact, they were basically believed to be innocent.

If Zhou Cangdao knew that the person who had killed his son was actually Zhou Hao, he would probably be very surprised!

"In that case, it would mean that they do have a motive for Zhou Kang's death!"

Yin Feng hurriedly said. His suspicions had been cleared. This was the best!

"Is that energy body still there?" Zhou Hao asked at this moment. He was very curious what that energy body was!

"Not anymore. My son has never left his side, but we've checked his body. That thing is indeed gone!"

Zhou Cangdao said.

Zhou Hao's expression changed slightly. He was the one who killed Zhou Kang, but who took the energy body?

Zhou Hao did not know, but he thought of a serious problem!

That was, no matter who did it, it would all happen after he killed Zhou Kang!

In other words, someone must have been present when he killed Zhou Kang!

## Chapter 412 - Intelligent Entity

*Chapter 412: Intelligent Entity*

Thinking of this, Zhou Hao felt his blood run cold!

In other words, someone must have seen him kill Zhou Kang. Moreover, this person had taken the energy body from Zhou Kang after he left!

That must be it!

Zhou Hao did not know who it was. He originally thought that he was the mastermind, but now that he heard Zhou Cangdao say this, Zhou Hao suddenly felt that something was wrong!

Or rather, there were also many people who had the same idea as him that night. However, since he had already killed Zhou Kang, all they did was take away the energy body.

But who was this person?

Zhou Hao was somewhat puzzled. There were not many people who could kill a fourth-grade supernatural expert. They had to be at least at the sixth-grade!

In the entire Red Cliff Abyss, there were probably not many people who could reach the sixth-grade and above!

“Senior Zhou, since you’ve analyzed so much, you should be able to figure out who killed Boss Zhou, right?” Zhou Hao asked this to find out how many sixth-grade supernatural experts there were in the Red Cliff Abyss!

Perhaps the culprit was already at the quasi Heaven Realm or even Heaven Realm.

After saying this, Zhou Cangdao snorted!

“The people from the mercenary group, the weapon company, and even the Brilliant Club all have this strength. They must be envious of my Zhou family’s energy body, that’s why they attacked. If they were able to kill my son so quickly, the other party must have been very powerful. However, I’m afraid there’s not a single person in the Red Cliff Abyss that is capable of that. Therefore, I think they should be working together!”

Zhou Cangdao’s analysis made sense. It would indeed take some time for a sixth-grade supernatural expert to kill a fourth-grade supernatural expert. It would definitely not be instantaneous!

“Senior Zhou, if that’s the case, what do you plan to do?”

Zhou Hao suddenly asked. He was somewhat worried that Zhou Cangdao might find that alien and pay a price to obtain the strength to kill a sixth-grade supernatural expert!

This was not the key. The key was that this alien seemed to be somewhat strange. It could increase a martial artist’s cultivation and could even create a supernatural expert in a few years!

Zhou Hao suddenly felt a sense of danger. From the looks of it, the civilizations in outer space were definitely much stronger than the civilizations on Planet Earth. In this way, would there be a day when aliens invaded Planet Earth like in the movies?

No one could guarantee this. Even Zhou Hao was not certain!

“Hmph, of course I’m going to take revenge!”

Zhou Cangdao immediately said. After saying this, Zhou Hao knew that his guess was right. With Zhou Cangdao’s ability, he was unable to resist those few families on his own. He could only place his hopes on that alien!

“In that case, Senior Zhou, we won’t disturb you any longer.” Zhou Hao did not want to stay any longer. Moreover, he did not want to bring Xu Ling and the others to see that alien.

That alien must be very powerful. If anything happened, he was not confident he could keep them safe.

“Hmm? Commander Zhou, after listening to everything I said, don’t you want to take a look?” Zhou Cangdao asked directly.

“Moreover, you’re the commander of the Hundred City. Didn’t the Green Cloud Division send you here to investigate this matter?”

Zhou Cangdao narrowed his eyes and said directly.

Zhou Hao shook his head. "Senior Zhou, you're overestimating us. With our grandmaster-level cultivation, how could we deal with such an existence? Moreover, I think we should avoid such an existence, don't you think so?"

"Moreover, since the Green Cloud Division knows about this, there's even less of a need for me to take action, right?"

Zhou Cangdao nodded at Zhou Hao's words. He was also trying to test Zhou Hao and the others!

However, seeing that Zhou Hao was so indifferent, he also heaved a sigh of relief!

He was only worried about the Green Cloud Division now. Other than that, he was not worried about anything else!

Zhou Hao left with Xu Ling and the others. On the way, Xu Ling and the others could not help but discuss.

"There's really aliens. Heavens, I thought they only exist in fantasy novels!"

"Tch, even our Planet Earth has undergone a mutation that allowed all species to cultivate. To be honest, I'm not too surprised to hear about aliens."

"Even so, should we pretend not to know about this? Zhou Hao, what do you think we should do?"

They discussed among themselves before finally looking at Zhou Hao!

Zhou Hao frowned and could not help but say, "This... I really don't know. But no matter what, it's not good for us to interfere. After all, this alien has some ability. If we go, we'll either be threatened or in danger. It's better for us not to go!"

This was Zhou Hao's opinion. However, Zhou Hao still planned to investigate alone!

What was this thing? Was it a threat to humans? If it was, Zhou Hao would kill him!

Of course, that was only if he had the ability to kill him!

After returning to the Commander Residence, Zhou Hao took advantage of the fact that it was late at night and went to the auction house. He knew that Zhou Cangdao might make a move tonight.

Indeed, when he arrived near the auction house, he saw Zhou Cangdao speeding towards the depths of the Red Cliff Abyss.

Zhou Hao also hurriedly followed.

As a quasi Heaven Realm expert, it was still easy for Zhou Hao, who had the strength to fight a Heaven Realm expert, to not be detected by Zhou Cangdao.

He followed behind Zhou Cangdao and quickly arrived at the Great Desert in the Red Cliff Abyss. The two of them rushed over quickly.

Soon, Zhou Hao saw Zhou Cangdao land in front of a huge cliff. There was a cave here. Zhou Cangdao did not hesitate and walked in.

Zhou Hao did not enter rashly. He was wearing silver armor and communicated with Little Yu.

“Little Yu, can you detect any special fluctuations inside?”

The Thousand Feather Armor had many subsidiary functions and could detect many things.

“Reporting to Master, Little Yu did not detect any lifeforms. Instead, I have detected an intelligent entity.”

Little Yu’s words stunned Zhou Hao for a moment. “intelligent entity? What is that?”

“It’s similar to an artificial intelligence system. However, an artificial intelligence system is under the control of humans. Humans input commands and it does things according to the orders of humans. However, intelligent entities have their own consciousness. In other words, they are alive!”

Hearing this, Zhou Hao was somewhat shocked. “You’re saying that the thing inside is not a human but the artifact spirit of a system?”

“You can also understand it that way. Moreover, I detected that this intelligent entity is in a tired state and can’t use much energy. Just like the Thousand Feather Armor, it’s also in the process of recovery.”

Little Yu’s words made Zhou Hao feel much more relieved. As long as this thing was damaged, everything would be fine!

“Do we have a chance to defeat him?” Zhou Hao could not help but ask.

This was the key question!

## Chapter 413 - Devour

*Chapter 413: Devour*

Zhou Hao had to be confident that he could resolve the other party before entering. If he couldn't resolve the other party, wouldn't he be courting death?

Therefore, he wanted Little Yu to test the strength of the intelligent entity here.

"The intelligent entity does not have absolute strength. They usually rely on machines or treasures to attack. According to my assessment, the intelligent entity here is severely injured and we should be able to devour it!"

When Zhou Hao heard this, he was immediately stunned. "Devour it? What do you mean?"

"It's an intelligent entity, and I'm also an intelligent entity. An intelligent entity is like artificial intelligence and the data of your world. I can devour it as a nutrient, and it can also devour me as its nutrient. If I can absorb it, I will become even stronger and can even control the machines or treasures it controls."

Little Yu's voice sounded. When Zhou Hao heard this, he immediately understood. Apparently, the two of them were both intelligent entities and could absorb each other. He quickly understood.

"In that case, why don't we absorb it?" Zhou Hao said directly.

"This intelligent entity's level is not low either. Although it was inferior to me in its peak state, it can still be considered a cosmic-level intelligent entity. It might be a little troublesome to absorb, but I'm still confident that I can devour it!"

Since Little Yu was confident, Zhou Hao was relieved. Moreover, he was still around and could provide a lot of help!

"Alright, let's wait for Zhou Cang to come out before entering!"

Zhou Hao said directly. After saying this, he waited silently.

Not long after, Zhou Hao saw Zhou Cangdao walk out with an ugly expression. He did not stay long and left directly.

After he left, Zhou directly hid his aura and sneaked in.

As soon as he entered the cave, Zhou Hao felt a strange feeling. This feeling was very unfamiliar and difficult to describe.

Moreover, this cave was also very strange. It did not seem to be formed naturally at all, but seemed to have been created by someone.

Zhou Hao was very nervous as he slowly walked in because he still did not fully understand this intelligent entity.

“Little Yu, did you detect it? Where is it?” Zhou Hao asked directly.

“Yes, Master. I’ll draw a map for you. I marked down its location!”

After saying this, a simple map was displayed to Zhou Hao mentally. On this map, there was a red dot where the energy body was!

However, at this moment, Zhou Hao sensed a killing intent around him. Then, he saw the walls of this cave move. Several armor that looked like the armor of the Machine Race appeared. They were holding long sabers in their hands, and their auras were around the sixth-grade supernatural level!

Zhou Hao was somewhat shocked to see so much mechanical armor condensing in an instant!

“Master, it has already discovered us. We can only rely on brute force to enter!”

Zhou Hao could sense it even without Little Yu saying anything!

Zhou Hao took out the Black Dragon Spear and was filled with lightning. At the same time, he used the God Slaying Art and the Nine Revolutions Overlord Body Art!

In an instant, his aura rumbled and became powerful as he rushed in!

Although these mechanical bodies were powerful, they were still not Zhou Hao’s match. He killed them one by one!

After all, with the support of the God Slaying and the Nine Revolutions Overlord Body Art, Zhou Hao’s current combat strength was not inferior to a first-grade Heaven Realm expert!

These mechanical bodies were naturally unable to resist Zhou Hao’s attack!

Zhou Hao directly killed his way out. At this moment, the ground trembled as if something was about to fly out!

“Master, it wants to escape!”

Little Yu hurriedly said.

“Run? Hmph, do you think you can escape?!”

Zhou Hao immediately used the Golden Crow Escape Technique and instantly approached the red dot. However, a metal wall appeared in front of him, looking extremely thick.

Not only that, but the surrounding walls also slowly squirmed, and countless laser guns appeared!

These laser guns were different from the laser guns used by humans. They seemed to be more destructive!

“Master, this is the laser gun of the Reynolds Daker Race. It’s very powerful and can break through the defense of a Heaven Realm expert. You have to be careful.”

At this moment, Little Yu hurriedly spoke. Needless to say, Zhou Hao also felt the cold aura emitted from it.

Zhou Hao’s figure changed as the laser guns began to sweep out, but they were unable to approach Zhou Hao at all!

In the end, the other party was only a mechanical body. Moreover, since it was already damaged, it was unable to deal with Zhou Hao at all. With the protection of the Thousand Feather Armor, even if Zhou Hao was hit, he would also not be hurt!

As he approached the metal wall, Zhou Hao also used his powerful cultivation. The Black Dragon Spear condensed endless strength and smashed fiercely towards the metal wall!

Immediately, the wall trembled and a huge hole was blasted open!

Here, Zhou Hao saw a place that looked like a mechanical warehouse. On it were strange equipment. A huge ball of light was sitting in the center!

At this moment, the ball of light was connected to countless metal wires around it. It was very strange!

The moment Zhou Hao saw this ball of light, the ball of light naturally saw him and shouted angrily.

“Lowly human, you actually dare to invade my Netherworld Fighter. You’re courting death!”

Zhou Hao did not speak. The Thousand Feather Armor directly turned into feathers and pierced into the ball of light. Zhou Hao could also see a faint red light leaving the Thousand Feather Armor and entering the ball of light!

“You’re just a piece of incomplete armor. How dare you devour me? I’ll devour you!”

The ball of light roared angrily, its voice very cold.

“Master, it’s very powerful. I need your help. This is its energy source. Cut off its energy source and I’ll be able to devour it!”

A second red dot appeared in Zhou Hao’s mind. It was right below this huge ball of light!

The situation was urgent. Zhou Hao did not waste his breath and directly exploded with a powerful fluctuation from the Black Dragon Spear, smashing it fiercely onto the ground.

Immediately, a huge hole was punched in the ground by Zhou Hao. He also jumped down!

There was a huge pit underground that emitted a strange light. There were many black rocks that flickered with dark light.

At this moment, Zhou Hao’s expression changed. This was because he saw more than a hundred people!

These were all martial artists. Other than humans, there were also foreign races. They were all tied up here. A tube that connected to their dantians and hearts were inserted in their bodies.

One was to extract their energy, and the other was to provide them with the nutrients they needed to prevent them from dying!

This method was really detestable!

Zhou Hao was furious. Many of these people were already dead. Even if they were not dead, they would not live for long. Zhou Hao used the Shadow Seven Sabers and directly cut off all the tubes on their bodies. These people fell and were unconscious.

As Zhou Hao cut off these tubes, he heard the unwilling roar of the ball of light...

“No... why would such a high-level intelligent entity like you exist on this inferior planet? You... you’re an ancient energy body from the Great Destruction Era. You... Ah...”

## Chapter 414 - Combat Strength Level

*Chapter 414: Combat Strength Level*

After the voice sounded, Zhou Hao felt the surrounding aura weaken. The entire space seemed to have instantly died!

Zhou Hao was somewhat nervous and immediately called out to Little Yu.

“Little Yu, how is it?”

Zhou Hao was somewhat worried. Even if he could not get rid of this energy body, Zhou Hao did not want Little Yu to disappear.

At this moment, Little Yu’s voice sounded.

“Master, I’ve already controlled it and am currently absorbing it. This will probably take a while. I might also fall into a deep sleep and at the same time, I’ll seal this space first. In the meantime, you can still use the Thousand Feather Armor. However, I won’t be around to help you, I’ve already unlocked the authority for all the general functions. You can use them at any time. I might need a few months. I’ll let you know after I wake up.”

Little Yu’s voice was somewhat weak. Zhou Hao took a deep breath and could only nod before leaving with the Thousand Feather Armor.

Little Yu’s intelligent entity was separated from the Thousand Feather Armor. As long as it devoured this ball of light, it would return. Zhou Hao did not think too much and left directly.

Zhou Hao did not plan to tell anyone about the Red Cliff Abyss. The reason why he did not tell his companions was because he was worried that they would think too much. On the other hand, he also did not plan to tell the other human experts. After all, humans only appeared to be united on the surface.

Therefore, Zhou Hao decided that he wouldn’t tell anyone.

After returning to the Commander Residence, Zhou Hao did not idle. He continued to train daily.

Perhaps it was because they were now safe in the Hundred City, Xu Ling and the others also had a lot of time to cultivate.

Zhou Hao could sense that the few of them were cultivating in the Green Cloud Division's regional network.

He could sense that they were using the training tower!

Zhou Hao could always see Yuan Cheng and the others enter there to cultivate. They were already at the grandmaster level and would probably break through to the supernatural level before long.

Among them, the fastest to break through to the supernatural level was still Xu Ling!

She had already reached the peak of the grandmaster level for a long time. However, she had not been in a hurry to break through. This made Zhou Hao very puzzled!

He even secretly gave Xu Ling the rare-level Energy Bar and the incomplete Comprehension Scroll. Logically speaking, Xu Ling should have broken through by now!

Zhou Hao did not think much of it. At this moment, he lay in his room and opened the Heaven Dao software.

As soon as he entered the Heaven Dao software, countless people tagged Zhou Hao.

"Big shot, you're here! @ I'm just an ordinary person!"

"The big shot is here. We worship him. I wonder if the big shot is planning to open the mystery box today or dominate the live-stream room!"

"No matter where the big shot goes, he will definitely cause a huge commotion in the Heaven Dao software. After all, he's the first person to unlock the shop!"

Zhou Hao smiled when he saw them typing on the public chat. He had not visited Fairy Yue Ling's live-stream for a long time.

He directly went to Fairy Yue Ling's live-stream.

During this period of time, Fairy Yue Ling was still live-streaming, but she did not see Zhou Hao. She was actually somewhat disappointed. She wanted to contact him, but she did not dare to.

Only she knew the reason. Even Zhou Hao did not understand.

At this moment, Zhou Hao entered the live-stream and everyone cheered.

“Fairy Yue Ling, the big shot is here to help you break the rankings again!”

“That’s right. Shouldn’t we dance today to celebrate?”

“With the big shot making a move, there will definitely be a storm. Let’s wait and see!”

These people began to flood Fairy Yue Ling’s live-stream, making her expression change.

Before Zhou Hao could say anything, Fairy Yue Ling hurriedly said.

“Fans, I’m really sorry. I still have something to do here. I’ll go offline first.”

After Fairy Yue Ling finished speaking, she directly closed the live-stream. The screen also darkened.

“What’s going on?? Why did Fairy Yue Ling leave?”

“The big shot just arrived. Why did he leave...”

“Could it be that Fairy Yue Ling and the big shot have something fishy going on?”

“Hehehe, that must be the case. Otherwise, why would Fairy Yue Ling leave as soon as the big shot arrived?!”

“There’s something fishy going on. Big shot, what did you do to Fairy Yue Ling? @ I’m just an ordinary person.”

“Did he confess his love to her and get rejected?”

The live-stream audience began to speculate. Zhou Hao frowned and did not understand the situation. Ever since he said that he wanted to obtain the God Slaying Art last time, there had been no news of Fairy Yue Ling. This made Zhou Hao very puzzled!

He was certain that Fairy Yue Ling definitely knew what the God Slaying Art was!

However, since she did not say anything, Zhou Hao did not ask. After leaving the live-stream room, Zhou Hao looked at his pitiful amount of Heaven Dao coins and luck points and sighed!

He had not killed any mutated beasts recently, so his Heaven Dao coins and luck points had decreased by a lot!

This made Zhou Hao extremely depressed. Fortunately, he had a lot of Essence Energy Ancestral Stones. It was enough for him to temper his body at the quasi Heaven Realm!

Zhou Hao could also cultivate the Nine Revolutions Overlord Body Art to a certain extent!

Zhou Hao had already cultivated to the third revolution and had consumed a lot of Essence Energy Ancestral Stones. This had also allowed his body to become much stronger. Zhou Hao felt that although his current physical strength was not comparable to the Thousand Feather Armor, it was not much different!

Even without the Thousand Feather Armor, he would still be able to fight a first-grade Heaven Realm expert!

Thinking of this, Zhou Hao continued to cultivate. His cultivation had already reached the peak of the quasi Heaven Realm for a long time. Moreover, he had also completed 40% of his body tempering. There was still 60% left before his body reached the upper limit of cultivators.

With Nine Revolutions Overlord Body Art, he could multiply the limit of his physical body by nine times!

There was also the God Slaying Art that increased his combat strength by nearly three times!

Therefore, his combat strength was twelve times the limit of an ordinary cultivator!

To put it simply, his quasi Heaven Realm combat strength was twelve times that of an ordinary quasi Heaven Realm expert!

A first-grade Heaven Realm expert's combat strength was ten times that of an ordinary quasi Heaven Realm expert. Therefore, it was also considered normal for him to be able to fight a Heaven Realm expert!

Putting special cultivation techniques and weapons aside, a second-grade Heaven Realm expert could also unleash twice the combat strength of a grade-one Heaven Realm expert.

Thus, a second-grade Heaven Realm expert was twenty times stronger than a quasi Heaven Realm expert. Such combat strength was really terrifying!

"I wonder if the perfected Nine Revolutions Overlord Body Art and God Slaying Art will still be able to multiply my strength by so many times after I reach the Heaven Realm..."

Despite wondering, he knew that this was impossible. After all, after the Heaven Realm, there was a huge difference between every level.

Zhou Hao felt that he would be satisfied as long as he could triple the strength of an ordinary first-grade Heaven Realm expert when he reached the Heaven Realm.

After all, if his strength was still multiplied in the same way, wouldn't his combat strength be equivalent to the peak of the Heaven Realm the moment he entered the Heaven Realm?

This kind of thing was not possible at all. If that was the case, then such a cultivation technique was really too heaven-defying. It would also be unfair to others!

As Zhou Hao was thinking about these questions, he suddenly heard footsteps and Xu Ling's voice sounded.

"Zhou Hao, are you asleep?"

## Chapter 415 - Path

### *Chapter 415: Path*

Zhou Hao was stunned for a moment, not knowing why Xu Ling was here so late at night.

However, it was already so late. Xu Ling must have come to find him for a serious matter. After all, everyone was around during the day. Xu Ling must have visited him this late because she had something to say.

Zhou Hao was very curious about what Xu Ling wanted, so he hurriedly opened the door.

"It's already so late. Why haven't you slept yet?"

Zhou Hao opened the door and smiled when he saw Xu Ling.

However, he did not notice a trace of worry flash in Xu Ling's eyes.

"Aren't you still awake? Why are you talking about me?"

Xu Ling rolled her eyes at Zhou Hao and couldn't be bothered to say anything else. She walked into the room and sat on the sofa.

Zhou Hao touched his nose and looked at Xu Ling. Could something exciting happen tonight? If that was the case, he was still not prepared!

Of course, this was all Zhou Hao's wild guess. Xu Ling was very shy and reserved when it came to these things. However, perhaps the crazier Yun Yan would be capable of something like this.

"Let me pour you a cup of tea."

Zhou Hao smiled and immediately opened the tea set. He brewed a cup of tea and brought it to Xu Ling.

Xu Ling took a sip of tea, her eyes somewhat absent-minded. She did not speak and just sat there, making Zhou Hao stunned.

He couldn't help but sit over and look at Xu Ling. He asked curiously, "What's wrong, Xu Ling? What's bothering you?"

At this moment, Zhou Hao finally realized that Xu Ling was acting weird. However, he still couldn't tell what was wrong. He kept feeling that Xu Ling had something to say!

"Hmm... I have something to tell you, but I don't know how to say it..."

Xu Ling sighed, her expression carrying a little sadness, making Zhou Hao stunned.

"Just say what's on your mind. Is there anything you and I can't say? Hehe is it..."

Zhou Hao deliberately blinked to make Xu Ling happy. After all, every time he acted stupid, Xu Ling would smile and lecture him. He thought that he could cheer Xu Ling up in the same way today.

However, Xu Ling was unmoved, her eyes filled with loneliness.

Only then did Zhou Hao realize that something must have happened. Otherwise, Xu Ling wouldn't be like this.

"Xu Ling, what's wrong? Are you feeling unwell? Or... is there a problem with your cultivation?"

Zhou Hao was very worried. He finally felt that something was wrong and could not help but regret his carelessness. He had been negligent and even failed at noticing Xu Ling's emotions.

As someone who was pursuing Xu Ling, he felt that he shouldn't have been so negligent!

“No, my cultivation is going well. I am progressing very quickly, and I haven’t even finished absorbing the Energy Bar you gave me.” Xu Ling shook her head and said.

After saying this, Zhou Hao became even more worried. He subconsciously grabbed Xu Ling’s hand and said anxiously.

“Xu Ling, what’s wrong? Tell me quickly, or I’ll be worried to death!”

Xu Ling’s face immediately turned red when her delicate hand was grabbed. She wondered when this bastard had learned to be touchy. However, she did not retract her hand and let Zhou Hao hold it.

“I... I’m about to break through to the supernatural level...”

After saying this, Zhou Hao was a little puzzled. Breaking through to the supernatural level was a good thing. Why was she so worried?

Breaking through to the supernatural level was the dream of countless martial artists. Many people wanted to break through but were unable to do so. Now that Xu Ling had the chance to break through to the supernatural level, why was she still worried? From the looks of it, she seemed to be somewhat unwilling.

“Xu Ling, this is a good thing. Aren’t we martial artists cultivating to break through our shackles time and time again? I’m really happy for you for being able to break through to the supernatural level.”

“Oh, could it be that you’re thinking that I’ll be left behind after you break through to the supernatural level? Hehe, to tell you the truth, I’m also going to break through to the supernatural level!”

Zhou Hao thought that Xu Ling was worried about this, so he tried to comfort her.

He thought that Xu Ling would hurt his pride by breaking through. However, it had to be said that Zhou Hao was still young and could not tell what a girl was thinking. He was simply clueless!

Xu Ling looked at Zhou Hao and smiled. “Oh, You’re about to break through too? That’s good, but...”

“But what?” Zhou Hao was stunned.

“It’s just not enough... Zhou Hao, I don’t know what you’re thinking, but I want to tell you what I think. I really like you and want to be with you. I originally thought that I could change my fate myself, but... I’m afraid I can’t...”

Xu Ling's sudden words stunned Zhou Hao for a moment. The first few words made Zhou Hao extremely excited, but the last sentence suddenly stunned Zhou Hao on the spot!

What did she mean by that?

Could it be that even if she liked him and he liked her, they still couldn't be together?

"Xu Ling, what happened? Tell me, I'll bear the consequences with you!" Zhou Hao hurriedly said, his expression anxious!

"Zhou Hao, do you know what it means to be a supernatural expert?" Xu Ling suddenly asked.

Zhou Hao still did not know what a supernatural expert meant. Didn't it just mean that one's cultivation level would be increased?

"This... I'm really not sure," Zhou Hao could not help but ask.

"By becoming a supernatural expert, it means that I have to leave behind my student status and depart from the team. I will need my own space to develop. If we continue to stay in the Green Cloud Division, we will have two choices after we become supernatural experts."

"The first is to rush to the frontline. The Green Cloud Division is mainly in charge of the seven spatial rifts. Supernatural experts will guard the spatial rifts. Even if they can't reach the frontline, they have to stay in the fortress at the frontline to prevent the foreign races from invading."

"The second way is to stay behind. The frontline is filled with danger, but ordinary cities in the various continents also have to be guarded. Since we belong to the Jiangnan area, if we become supernatural experts, we might also be stationed in the Jiangnan area. It's likely that we'll become a special patrol envoy and be responsible for guarding the entire area."

Hearing this, Zhou Hao finally understood. He originally thought that all the supernatural experts were supposed to go to the frontline. Apparently, other than the first choice, there was still a second choice!

However, after hearing Xu Ling's words, Zhou Hao also realized a problem!

If Xu Ling said this, it was likely that she was considering the second choice!

Zhou Hao frowned. If the second option was to guard the Jiangnan area, wouldn't that mean that she would be separated from him?

Of course, strictly speaking, they don't need to be separated. It was just that the distance was a little far. However, clearly, Xu Ling was not simply bothered by the distance.

After all, he believed that their relationship would not be affected just because one was in the Jiangnan area and the other was at the frontline!

Then why was she concerned?

Zhou Hao hurriedly said, "Xu Ling, what's going on? I still don't understand!"

## Chapter 416 - Desire

*Chapter 416: Desire*

Zhou Hao was puzzled, not understanding what Xu Ling meant!

If it was because the two places were far apart, it would not be a problem at all. Although one could not casually return to the city after becoming a supernatural expert, there was still a chance. It was not like they could not see each other!

Zhou Hao did not understand what Xu Ling meant, so he was very anxious.

Xu Ling sighed and said with a sad expression.

"What I want to say is that I've already reached the supernatural level. Moreover, I'm also 18 years old. Perhaps... the family will arrange a marriage for me..."

Xu Ling's words directly made Zhou Hao's expression change drastically!

This was something he could not tolerate and could not accept. How could the Xu family arrange a marriage for Xu Ling?

"As a supernatural expert, can't you..." Zhou Hao was very surprised. After becoming a supernatural expert, could she not control her own fate?

“Although supernatural experts are very powerful, supernatural experts are nothing to those large families. They could call on supernatural experts to help them at any time. Some larger families could even get twelfth-grade Heaven Realm experts to help them!”

“That’s the sort of power they have! When martial artists go into battle to kill the enemies, they still need commanders behind them. Most of these commanders are not martial artists. After all, there are still very few martial artists. There are more ordinary people.”

“And to put it bluntly, the people from those large family clans don’t care about martial artists at all. In their eyes, if they sit in the office and casually issue a document, these martial artists will run around. Moreover, since fighting the foreign races is very dangerous, the large family clans don’t arrange for too many family descendants to enter the martial artist world.”

“Of course, they still have some top-notch martial artists who have absolute authority in the alliance in order to stabilize the authority of the family. To put it bluntly, a high-level martial artist can bring supreme glory to a large family. These large families will secretly nurture martial artists, but they won’t let all the descendants of the family enter the martial artist world because they know how dangerous it is to become a martial artist!”

“Therefore, instead of going into battle to kill the enemies, it’s better for them to do some security work at the back. Despite not fighting in the frontlines, their status and identity are also not inferior to martial artists. This is what the big families think!”

At this point, Xu Ling’s expression seemed lonely.

“Most importantly, the descendants of those large family clans usually prefer to marry female martial artists. This is because once they marry into their family, not only will they be able to reproduce, but they will also be able to protect their husbands. To put it bluntly, these families are not just looking for women that have the ability to bear children, but they’re also looking for someone who’s able to be a nanny and a bodyguard!”

As Xu Ling spoke, Zhou Hao immediately clenched his fists!

Was this the path meant for female martial artists? This was too tragic!

“I’m only saying that a small number of female martial artists will be like this. The majority of them will still rush to the frontline and do what they like to do.”

“But... I’m from the Xu family, I’m afraid I can’t...”

At this point, Zhou Hao completely understood!

The Xu family was one of the big families of the Green Cloud Division.

Zhou Hao was not a newbie. The Xu family was one of the twelve families in the Green Cloud Division and had a lot of authority. This was because a super expert in the Green Cloud Division was from the Xu family and was rumored to have reached the twelfth-grade Heaven Realm or even higher. Therefore, the Xu family became a powerful family in the Green Cloud Division.

Moreover, Xu Ling's family was a small branch of the Xu family. To put it bluntly, they were like side branches!

As a collateral descendant, she naturally had to be controlled by the direct descendants!

The direct descendants of the Xu family probably knew that Xu Ling was about to become a supernatural expert, so they treated her as a tool and wanted to marry into another family!

Zhou Hao had never expected this to happen to Xu Ling!

"Ever since I was young, I have always cultivated diligently in order to change my fate. When I was in school, I always wanted to get first place in every test. I wanted to work hard. When I started cultivating as a martial artist, I also worked hard to break through. Everything I did was so that I could dominate my own fate."

"But now, I realize that all my efforts were actually for the sake of protecting a person I don't like in the near future. Not only do I have to protect him, but I also have to call him husband, give birth to children for him, and take care of his daily life..."

"I... I'm unwilling to accept this. I'm not a tool. I'm just me. I want to live like I want to!"

Xu Ling pounced into Zhou Hao's arms and couldn't help but sob.

Zhou Hao's heart ached incomparably. He took a deep breath and looked at Xu Ling. He immediately said, "Xu Ling, don't worry. I won't let this happen. I definitely won't. If the supernatural experts won't let the Xu family treat me seriously, then I'll reach the Heaven Realm. If I can't reach the Heaven Realm, then I'll reach the twelfth-grade Heaven Realm. One day, I'll personally go to the Xu family's door and get them to marry you to me!"

At this moment, Zhou Hao clenched his fists tightly, his expression firm.

When Xu Ling heard this, her delicate body trembled. She looked up and was already covered in tears. She looked at Zhou Hao with an infatuated, touched, and even palpitating expression.

She kissed him lightly and their lips met. Immediately, a fire erupted.

However, Xu Ling only kissed Zhou Hao lightly and rushed out the door!

Looking at Xu Ling's sad figure depart, Zhou Hao finally had an endless desire for strength!

Ever since he became a quasi Heaven Realm expert, he had relaxed a lot. After all, he already felt that he was strong enough!

An eighteen-year-old quasi Heaven Realm expert was enough for one to live with pride.

However, at this moment, he realized that he was still thinking too simply!

Some things were not up to him to decide!

The Xu family was very powerful, especially the direct descendants of the Xu family. They were very important in the Green Cloud Division. The moment Xu Ling became a supernatural expert, she would naturally be arranged by her family to stay behind.

After becoming a special envoy of the Jiangnan region, the Xu family would finally arrange for her to marry a descendant of a big family to live a peaceful life in the Jiangnan region. This was what the Xu family wanted!

Not only could this consolidate the strength behind them, but it could also allow them to develop alliances with other families. This was the best choice for any big family!

However, Zhou Hao would definitely not allow it!

Xu Ling was his woman and he would not let such a thing happen!

"One day, I will personally come to the Xu family and force open the doors. I will let everyone in the Xu family fear me and marry Xu Ling. I will also make them not dare to force Xu Ling to do anything!"

Zhou Hao swore in his heart!

On this day, Zhou Hao yearning for strength had been multiplied!

## **- Chapter 417 - Two Supernatural Experts**

### **Chapter 417 - Two Supernatural Experts**

## *Chapter 417: Two Supernatural Experts*

Zhou Hao now understood why Xu Ling did not want to break through after so long. It was not that she did not want to, but she was unwilling!

This was because she knew her fate. She knew that after breaking through, she would have to obey the arrangements of her family!

This was what Xu Ling did not want to see happen!

Zhou Hao felt as if a knife was being twisted in his heart as he swore in his heart!

The matter in the Red Cliff Abyss became more and more intense. Although the intelligent entity from outer space was no longer around, Zhou Hao could still sense the conflicts in the Red Cliff Abyss!

In the end, the Zhou Family's matter was like a fuse that made the already dangerous Red Cliff Abyss even more dangerous.

However, to Zhou Hao, this Red Cliff Abyss was nothing to be afraid of!

On this day, Zhou Hao was cultivating. He had already reached 70% in body tempering and was only 30% away from perfection. Once his body tempering ended successfully, he would be able to break through to the Heaven Realm!

As Zhou Hao was cultivating, he suddenly sensed a strange fluctuation. The fluctuation was very strange, making Zhou Hao stunned for a moment. In the next second, Yin Feng and the other two rushed over.

"Commander Zhou, not good. Many mysterious mutated beasts have appeared in the Red Cliff Abyss. They're attacking the depths of the Red Cliff Abyss!"

Yin Feng and the others were very anxious, making Zhou Hao stunned for a moment. Without saying a word, he directly headed over.

Xu Ling and the others also followed behind. The group arrived at the Red Cliff Abyss directly. Looking from afar, they saw a dense crowd of mutated beasts covering the sky and the earth.

Although their cultivation level was not high and they only had a few supernatural experts, such a huge crowd was still shocking!

"What's going on? Why are the foreign races suddenly attacking this place?"

Zhou Hao frowned and wondered if it was related to the intelligent entity from outer space.

However, there was nothing he could do now. He could only accept the challenge!

"I'm afraid we won't be able to resolve so many mutated beasts with just us. I've already met the few factions in the Red Cliff Abyss. I wonder if they'll take action!" Yin Feng said.

Once this place was occupied by these mutated beasts, they would have no place to stay. Therefore, the native factions of the Red Cliff Abyss would attack no matter what!

"Forget it, let's deal with those supernatural beasts first!" Zhou Hao suddenly said.

Hearing this, Yin Feng was stunned for a moment and could not help but say, "What... we only have three supernatural experts. We can't beat the seven supernatural beasts at all!"

Yin Feng was somewhat surprised, not knowing why Zhou Hao had suddenly gone crazy!

However, Zhou Hao smiled. "Who said it will only be the three of you? We have five supernatural experts, after all."

As Zhou Hao spoke, he looked at Xu Ling. A few days ago, Zhou Hao had sensed that Xu Ling had already broken through. Xu Ling could only unleash her Ice Muscle Body to the limit after breaking through to the supernatural level. Although she was only a first-grade supernatural expert, her combat strength was definitely not inferior to a second or third-grade!

As for Zhou Hao, there was no need to mention him!

"Five? Where are those two?" Yin Feng was stunned for a moment. He looked around and could not find them at all!

Even Yuan Cheng and the others were puzzled. Where did he get the number five from?

However, at this moment, Yun Yan and Fang Yu's eyes widened. They looked at Zhou Hao and Xu Ling in disbelief and exclaimed, "Could it be... the two of you have broken through?"

As a girl, Yun Yan was still the most meticulous and immediately knew what Zhou Hao was thinking. Zhou Hao smiled and looked at Xu Ling with a gentle expression.

Xu Ling also smiled. She was really happy to see Zhou Hao break through to the supernatural level. She also knew that Zhou Hao was working so hard because of her. This feeling made her very satisfied, but at the same time, she was also worried!

“You... the two of you...”

Yin Feng was extremely frightened. How long had it been? In just a few months after arriving in the Hundred City, they had already broken through to the supernatural level!

It had to be known that when they were still grandmasters, they had spent three to four years to break through to the supernatural level!

Zhou Hao and Xu Ling stood together as their supernatural auras erupted!

Xu Ling's body was incomparably cold as she emitted waves of white mist. She was like a fairy that had descended from the sky and was incomparably beautiful.

The Ice Muscle Body was a special physique to begin with. At this moment, with Xu Ling's supernatural cultivation, she could even unleash this physique to its full potential!

As for Zhou Hao, only his aura was supernatural and they did not sense anything else. However, they all knew that Zhou Hao was the strongest among them. After all, he was capable of killing grandmaster-level mutated beasts when he was still a master!

Even the bystanders were shocked by his abnormal combat strength!

“Alright, don't waste time. Use your full strength. As long as we kill these seven supernatural beasts, it won't be a problem!”

As Zhou Hao spoke, he directly attacked. Without saying a word, he took the lead and took out his long saber. To the outside world, his Shadow Seven Sabers was his true strength!

Immediately, his saber intent wreaked havoc and was incomparably powerful. Countless saber shadows spread out. The aura was so powerful that it shocked Yin Feng and the others!

“Did he just break through to the supernatural level? I'm afraid even a second-grade supernatural expert can't unleash such combat strength!”

“And this saber technique is even more extraordinary. Even a third-grade supernatural expert might not be able to escape unscathed!”

This was what Yin Feng, Hua Manlou, and Tu Shan were all thinking. They were discovering more and more that this Zhou Hao was really abnormal!

Not only was he quick-witted, but his strength was also indisputable!

Moreover, how old were they? They had just graduated from high school and had just reached adulthood. This was too abnormal!

Zhou Hao naturally did not care about this. He looked at Xu Ling.

After Xu Ling became a supernatural expert, she could use her Ice Muscle Body at full strength. She did not use any other weapons. Instead, she held a longsword condensed from ice in her hand that emitted waves of coldness!

As long as she waved her longsword, the surrounding air would instantly turn cold. Even the air would be frozen. It was really terrifying!

Yin Feng and the other two each found a mutated beast!

As for Xu Ling, she waved her sword and an incomparably cold aura enveloped two of them!

As for Zhou Hao, he was the same. He had directly locked onto two supernatural beasts with his saber shadows!

The war was about to start!

Although Zhou Hao tried his best to control it, Zhou Hao had already cultivated the Shadow Seven Sabers to the limit. The strength of this cultivation technique was directly displayed!

Zhou Hao's saber shadow slashed down, and the two mutated beasts were instantly killed without being able to resist!

As for Xu Ling, although did kill them instantly, she was not far off!

In the cold aura that spread out, she directly froze the two mutated beasts. She waved her ice sword and immediately turned the two mutated beasts into ice.

On the battlefield, four supernatural mutated beasts were immediately dealt with. This scene immediately stunned Yuan Cheng and the others!

In the end, the most important thing was that the mutated beasts were killed by their companions!

"These... these guys are too damn powerful!"

Yuan Cheng was dumbfounded and could not help but curse!

## Chapter 418 - Powerful Mutated Beast

*Chapter 418: Powerful Mutated Beast*

They were shocked, and Yin Feng and the other two were even more so. They were still fighting bitterly with the mutated beast, but Zhou Hao and the others had already killed two of them instantly!

What kind of concept was that?!

In other words, even the three of them combined might not be a match for Xu Ling and Zhou Hao!

They were third-grade supernatural experts!

These two had just broken through to the supernatural level not long ago!

This was too freaking monstrous!

In fact, this was not because she was a demon, but because Xu Ling's physique was special!

The Ice Muscle Body was a precious physique that was hard to come by in a hundred years and was naturally very powerful.

As a quasi Heaven Realm expert, Zhou Hao could resist a Heaven Realm expert. Naturally, Zhou Hao could easily kill a few mere supernatural experts.

After Zhou Hao and the others finished off the four mutated beasts, they helped Yin Feng and the others. The battlefield instantly ended. The seven supernatural beasts were directly defeated and turned into corpses that landed on the ground!

Zhou Hao looked at his luck points and felt very helpless. It seemed that the loot of this supernatural beast was really not enough!

If other people knew about this, they would definitely be furious. Even supernatural beasts were not enough to fill the gaps of his teeth. Only Zhou Hao could say something like this!

Zhou Hao felt that it was very strange to deal with these mutated beasts. Logically speaking, if they wanted to attack this place, they shouldn't have only sent a few supernatural beasts!

If they really wanted to occupy the Red Cliff Abyss, they should have sent quasi Heaven Realm experts. That would have been the safest plan.

However, for some reason, Zhou Hao felt that something was wrong!

Was this a test?

Soon, as Zhou Hao and the others were thinking, the people from the Red Cliff Abyss also arrived. However, Zhou Cangdao was absent!

Instead, he saw Commander An, President Sun, and Senior Qian!

The three of them flew over from the sky and were stunned when they saw the seven supernatural corpses on the ground!

"Dead? A total of seven supernatural beasts died?"

"What's going on? Could it be Yin Feng and the other two?"

"Impossible. Yin Feng and the other two are about the same strength as us. They can't handle seven of them at all!"

"Then what happened?"

The three of them looked at each other in surprise and sped over, landing beside Zhou Hao and the others!

At this moment, the three of them finally understood why!

The supernatural auras emitted by Zhou Hao and Xu Ling in front of him were extremely powerful. Although he could sense that they had just broken through, this aura was indeed that of a supernatural expert!

"They broke through? They actually broke through!"

Yin Feng and the other two were stunned and did not dare to believe what they were seeing. This situation was really unbelievable!

After all, it hasn't been long since they broke through and became supernatural experts.

"Congratulations, Commander Zhou and Commander Xu."

Commander An and the others immediately smiled. They no longer looked high and mighty.

Back then, although they knew that Zhou Hao and the others were from the Green Cloud Division, they still did not take them seriously. They only acted respectful on the surface.

After all, he was only a grandmaster and was just an ant. They did not care at all!

However, now that these two had broken through to the supernatural level, things were different!

Now that they had the same strength as them, they naturally had to look at them as equals!

It was even to the extent that they were even more afraid of Zhou Hao and Xu Ling at this moment. Not only were these two supernatural experts, but they were also members of the Green Cloud Division. This was enough for them to swallow their pride!

“Commander An, thank you. However, I want to know what’s going on with this beast wave attack. Why did it suddenly attack this place?”

Zhou Hao looked at Commander An and the other two and could not help but ask.

“This... we’re not too sure either. This matter was a little sudden, and we didn’t have the time to investigate.” Commander An and the other two hurriedly said.

“Oh, right, didn’t anyone from the Zhou family come over?”

Zhou Hao looked at the three of them. Zhou Cangdao did not come, and even Zhou Kang’s wife did not come. As supernatural experts of the Red Cliff Abyss, they should know that once the Red Cliff Abyss was occupied by the mutated beasts, they would have no place to live!

However, they did not come over or care about what was going on!

“Well, we’re also not sure. We’ve already sent someone to tell them the news, but the Zhou family were closed the entire time.”

At this moment, Senior Qian frowned and took a deep breath before speaking slowly.

“Oh? Is that right? What exactly is going on?”

Zhou Hao was very puzzled. Logically speaking, the Zhou family shouldn’t be like this!

“Sigh... we’re not sure either. Perhaps... the Zhou Family doesn’t care?” Commander An suddenly said.

The few of them had many secrets. Moreover, Zhou Hao could not tell who among them had taken the energy body!

Moreover, Zhou Cang did not show up today, making Zhou Hao have a bad feeling!

The intelligent entity in outer space had already been sealed. Little Yu was devouring it, so Zhou Cangdao probably could not contact it.

If he still wanted to take revenge, the best way to do it would still be to work together with others!

And at this moment, their best ally was the foreign races!

Zhou Hao narrowed his eyes, looked at the beast group, and took a deep breath!

Could it be because of Zhou Cangdao?

Zhou Hao did not want to think this way, but for some reason, he sensed that this might be the case!

If Zhou Cangdao really did this, Zhou Hao would definitely not tolerate it!

A person who was working with an outsider for his own benefit was really detestable!

Moreover, the people of the Red Cliff Abyss were not good people to begin with. The reason why the Green Cloud Division did not deal with them was because of this outer space intelligent entity!

Zhou Hao did not want to be involved because he did not know what was going on. Therefore, he did not intend to interfere. He had already broken through to the supernatural level, and it should not be long before he would get reassigned.

Perhaps Xu Ling was the same!

Zhou Hao looked into the depths and said indifferently, “I’m going to take a look. Do you guys want to go together?”

At this moment, Zhou Hao suddenly said.

As soon as he finished speaking, Commander An and the others’ expressions changed drastically!

“Commander Zhou, you can’t enter the depths of the Red Cliff Abyss!”

After saying this, Zhou Hao was stunned for a moment and asked curiously, "What's wrong? Is it very dangerous inside?"

"That's right, it's very dangerous. In the depths of the Red Cliff Abyss, it's a forbidden area. No one who enters comes out alive. Therefore, it's best if you don't go!"

Senior Qian hurriedly said. From his tone, it seemed that he knew something about it!

"Senior Qian, can you tell me what you know?" Zhou Hao asked directly.

Senior Qian had a difficult expression. However, Commander An and the others took a deep breath and could not help but say, "Since Commander Zhou wants to know, it's not good for us to keep it from him. Moreover, this matter is not a huge secret!"

"There is a very powerful mutated beast imprisoned in the depths of the Red Cliff Abyss,.. It has probably reached the twelfth-grade Heaven Realm!"

## Chapter 419 - Azure Dragon King

*Chapter 419: Azure Dragon King*

Hearing this, Zhou Hao was immediately stunned!

There was actually a twelfth-grade Heaven Realm expert in the forbidden area!

This was too unbelievable!

"Why is a twelfth-grade Heaven Realm beast imprisoned there? What's going on?!"

Zhou Hao asked directly in surprise.

"This... we don't know why that mutated beast was imprisoned there either. This is a mystery. Originally, we didn't believe it either, but we were lucky to have seen it once when we went to the depths of the Red Cliff Abyss!"

"That's a huge mutated beast that covers the sky and sun. Although it's hidden in the clouds, its huge aura is so oppressive that we couldn't move in front of it. His body is

tied with chains. I don't know why or who's suppressing him here, but we can sense that if we approach him, we'll definitely die!"

Commander An and the others told him everything they knew. When Zhou Hao heard this, he was also extremely shocked!

"An imprisoned mutated beast. Could this be done by humans? Why didn't they kill it?" Zhou Hao was somewhat surprised and puzzled.

However, these words made Zhou Hao even more curious. Zhou Hao still wanted to take a look at this twelfth-grade Heaven Realm beast.

"Alright, in that case, forget it."

Zhou Hao looked at the beast group below. The supernatural beasts had all been killed, and the beast wave attack had also retreated as if it did not exist!

Zhou Hao frowned and felt that something was wrong!

However, he could not tell what was wrong. He could only think of another way!

After the beast group retreated, they also returned.

However, at night, Zhou Hao still changed into the Thousand Feather Armor and headed straight for the depths of the Red Cliff Abyss!

"Boy, you're really bold. You actually dare to visit a twelfth-grade Heaven Realm beast. I think you don't want to live anymore, right?"

Murong Xun's voice sounded in Zhou Hao's mind.

Recently, he had not shown up at all. It was not because he did not want to, but because he was not interested at all. After all, these were just a group of supernatural experts. Zhou Hao was definitely not in any danger, so he could not be bothered to come out.

He was not interested in anything below the Heaven Realm!

"Don't you think I know how to run? Do you think I'm a fool?" Zhou Hao felt helpless. Every time, this Murong Xun would jump out and say something like this. It made him furious!

"Hmph, do you really think you can outrun a twelfth-grade Heaven Realm expert?!" Murong Xun snorted coldly.

“Then I’ll just take a look from afar. How about that?” Zhou Hao felt uneasy if he did not take a look, so he said.

“Up to you. I don’t have time to care.”

As soon as Murong Xun finished speaking, he vanished.

Of course, he did not stay idle. Instead, he cultivated Genesis Runes.

His Genesis Rune level was still extraordinary, but he was still a spirit and could not use his cultivation. If he had a physical body, he would probably be no weaker than Zhou Hao!

Zhou Hao had not dared to use any Genesis Runes recently. This power was too strange. Once he used it, someone would discover it. Therefore, it was better for him not to use it!

However, it had to be said that the power of Genesis Runes was truly terrifying to the extreme!

With his quasi Heaven Realm cultivation, he would probably be able to fight a first or second-grade Heaven Realm expert if he used a Genesis Rune!

After all, that power did not seem to belong to this world!

“What is this Genesis Rune?!”

Zhou Hao had always been curious, but even so, he did not dare to investigate this matter and could only endure it.

Soon, Zhou Hao arrived at the place. It was a huge desert, in the middle of a huge cliff!

This cliff was bottomless and filled with black mist.

This black mist seemed to be connected to the horizon. Looking at it, it was very powerful!

Zhou Hao stopped and did not dare to move forward. He could sense an extremely powerful force in the depths of the cliff.

That power made his heart palpitate. Even though he felt it from afar, he could still sense the pressure!

“Is this the strength of a twelfth-grade Heaven Realm expert? It’s indeed terrifying!”

Zhou Hao took a deep breath and was secretly shocked!

This Red Cliff Abyss was very huge, so huge that even Zhou Hao did not know exactly how big it was. In fact, this Red Cliff Abyss was even much larger than a single spatial rift!

There were many such huge cliffs on Planet Earth. There were even rumors that there were oases deeper in!

However, no one would dare to explore this place!

Zhou Hao did not dare to either. The other party was a twelfth-grade Heaven Realm expert. Zhou Hao was really worried that he would discover him and attack him!

“This is... the aura of the Azure Dragon King?”

Murong Xun’s expression immediately changed drastically and he could not help but exclaim.

“Azure Dragon King? What do you mean? Do you know him?” Zhou Hao could not help but ask.

“Of course, this is an old monster. It’s said that he has existed for at least a thousand years. I originally thought that he was dead, but I didn’t expect him to be imprisoned here. What is this Red Cliff Abyss? Why are there so many strange places here?!”

Murong Xun was shocked. After saying this, Zhou Hao was also surprised.

He did not expect this mutated beast to have survived for so many years!

“Brother Murong, what’s going on? Tell me.” Zhou Hao was really curious and could not help but ask.

Murong Xun snorted coldly. “Fortunately, this is the Azure Dragon King. If it were anyone else, you would have died long ago!”

After saying this, Zhou Hao was surprised!

What? Could it be that this mutated beast didn’t attack humans?

“Brother, what do you mean? I still don’t understand!” Zhou Hao said.

“You don’t even understand? The Azure Dragon King doesn’t have that much hostility towards humans. Moreover, he has a special identity that you probably don’t know!”

After saying this, Zhou Hao was stunned for a moment and could not help but ask, “Identity? What identity?”

“He was the mount of that expert from back then, the first Genesis Rune Master who later disappeared!”

After Murong Xun finished speaking, Zhou Hao was dumbfounded!

“Damn!”

Zhou Hao cursed. This Azure Dragon King was actually a human mount? How ridiculous!

A Heaven Realm twelfth-grade mutated beast was actually a human mount. Anyone who heard this would be shocked!

“Although it’s indeed unbelievable, this is the truth. This mutated beast is that big shot’s mount. I originally thought that he was dead, but he’s actually here!”

Murong Xun was extremely excited, and then he spoke.

“Perhaps he knows the secret of the Genesis Rune. Quick, let’s go in!”

Murong Xun immediately said, making Zhou Hao’s face turn black!

“You were the one who said just now that it was too dangerous. Don’t you think it’s a little rude to enter now? Or are things different because the Genesis Rune is now involved?”

Zhou Hao frowned. He kept feeling that Murong Xun was a little too anxious!

“What can we do? Don’t worry, the Azure Dragon King won’t hurt us. I can guarantee it!”

Murong Xun said directly, his tone extremely confident.

Zhou Hao thought for a moment and was somewhat hesitant. However, he still nodded when he thought of the secret of the Genesis Rune.

“Alright, let’s go take a look!”

## Chapter 420 - Origin

## *Chapter 420: Origin*

As Zhou Hao spoke, he and Murong Xun walked in.

This black mist was very rich and had an extremely obstructive ability. Zhou Hao put on the Thousand Feather Armor and resisted this force. At the same time, he activated his Gravity Domain to offset it.

Soon, they walked into the fog and arrived at the edge of the cliff.

Looking down, Zhou Hao's expression immediately changed!

Under this huge cliff, a mutated beast hidden in the black mist was circling below. Although the mist could not be seen clearly, Zhou Hao could tell that this thing was either a snake or a dragon!

Of course, there did not seem to be any dragons in this world, so it had to be a snake!

"It's really the Azure Dragon King. I know his aura!" At this moment, Murong Xun became even more excited.

Zhou Hao felt helpless. He looked at the huge figure below the cliff and did not know what to do.

"Are we going to jump down like this? Won't we be eaten as food?" Zhou Hao suddenly said.

Murong Xun was immediately amused from anger. "Are you crazy? If you jump, you'll be suppressed to death by the Azure Dragon King's aura. I really don't know what you're thinking!"

Zhou Hao was a little depressed by his words and could not help but say, "Then tell me, what should I do?"

"Of course we should wake him up!"

As Murong Xun spoke, he got Zhou Hao to use the power of the Genesis Runes to awaken it.

At this moment, the Azure Dragon King was definitely sleeping. To be honest, Zhou Hao really did not dare to wake him up!

If he got annoyed, wouldn't he be dead?

“Don’t worry, his master and we both cultivate Genesis Runes. He won’t deal with us. In fact, he definitely knows about Genesis Runes. It’s a good opportunity for us to ask!”

Usually, Murong Xun was very timid, but at the critical moment, he was quite bold!

He actually wanted him to wake the Azure Dragon King. If he woke it up, would he be killed?!

Zhou Hao asked curiously, but he had no choice but to do as he was told!

The Genesis Rune condensed into a special rune in Zhou Hao’s palm and directly fell off the cliff!

This aura did not have much attack power. Instead, it transmitted a kind feeling!

After this aura landed, the Green Dragon King’s body immediately trembled. He suddenly opened his eyes!

His huge eyes were incomparably huge!

Moreover, the moment he opened his eyes, the aura erupted. Zhou Hao could sense that he was alarmed by the Genesis Rune aura!

In the next second, his huge body suddenly soared into the sky. As he got closer, his aura became even stronger!

Zhou Hao’s expression changed drastically. He hurriedly controlled his cultivation to resist and even used the Nine Revolutions Overlord Body Art!

Only this could resist his aura!

A peak-level Heaven Realm being was indeed extraordinary!

The huge body was very fast, and he arrived in front of Zhou Hao in the blink of an eye. His huge eyes and huge head were also revealed!

Zhou Hao focused his gaze and gasped!

This was an old python with dragon horns growing out of his head!

Although he was huge, Zhou Hao could tell that he was thin and weak. Although his cultivation was still at the Heaven Realm, Zhou Hao could sense that the other party was not doing well.

His body was indeed wrapped in chains with mysterious runes. These runes were none other than Genesis Runes!

Zhou Hao was shocked and did not understand. He looked at the huge mutated beast in shock, his face filled with question marks!

“The aura of a Genesis Rune... human brat, where did you obtain the Genesis Rune essence and how did you cultivate it?!”

The huge Azure Dragon King spoke, his voice rumbling like thunder!

It could be seen that he was very excited and even his body trembled.

Zhou Hao did not know if he was hostile, so he took half a step back. This way he could use the Golden Crow Escape Technique at any time!

At the same time, he cupped his hands. “Azure Dragon King, I learned the Genesis Rune by chance and don’t know anything about it.”

“You don’t know anything... That’s true. You are naturally ignorant since the humans and mutated beasts hide the secret of the Genesis Rune...”

His words revealed a sad meaning, making Zhou Hao frown.

“Azure Dragon King, why are you imprisoned like this? Moreover, the power that imprisoned you should also be a Genesis Rune, right?”

Zhou Hao could sense that this power was much stronger than the Genesis Rune he had used. The mysterious words on it had always had the power to restrain this grade-twelfth Heaven Realm beast!

This shocked Zhou Hao!

Could this Genesis Rune be so powerful?!

“That’s right, I am imprisoned by the power of an official Genesis Rune. It is the most orthodox and ancient type of Genesis Rune!”

The Azure Dragon King’s words surprised Zhou Hao even more.

What did the other party mean by this?

“Azure Dragon King, I came here today to learn about the Genesis Rune. Please forgive me for my presumptuousness. I wonder how much you know about this Genesis Rune. Could you tell me?” Zhou Hao asked directly!

The Azure Dragon King took a deep breath and looked at Zhou Hao. He said indifferently, “You want to know about the Genesis Runes? This power doesn’t belong to this world. In fact, it’s very dangerous!”

Hearing this, Zhou Hao took a deep breath and was somewhat shocked. He was still puzzled!

Why did everyone say that this power was very dangerous? Why?!

The Azure Dragon King continued to speak/

“This power comes from an ancient civilization in outer space. The martial artists of that civilization are all powerful Psychics!”

“The so-called Psychics use mental strength to control all objects. And mental strength is originally an illusionary thing. Although it exists, it comes from the soul and the consciousness. Moreover, it’s usually very weak and it’s hard to use it in battle.”

“Therefore, that civilization inherited the power of runes from their ancestors. After that, they turned it into Genesis Runes!”

The Azure Dragon King’s words shocked Zhou Hao, but it was still acceptable.

After all, ever since he learned from the Heaven Dao software that Planet Earth belonged to Universe 7, Zhou Hao had been desensitized to shock.

Moreover, the Thousand Feather Armor did not belong to this world, and the so-called Red Cliff King from the Red Cliff Abyss also did not belong to this world. Therefore, he was not too taken aback!

Therefore, when he heard the Azure Dragon King’s words, he was not afraid at all!

“That civilization was born violent and almost destroyed the entire universe. Although they were eventually wiped out, a few of them still survived. As their Genesis Rune power is inherited from an ancient secret technique, it was fought over by the various large factions. After all, the power of Genesis Runes is too terrifying. With Genesis Runes, you can break past the limit of martial strength!”

“As for how this ancient civilization invented this Genesis Rune, this is a mystery. There are even prophets who prophesied that if this secret is known, the entire universe will be informed!”

## **Chapter 421 - Reason**

## Chapter 421: Reason

Translator: Atlas Studios | Editor: Atlas Studios

When Zhou Hao heard this, he was still incomparably shocked and in disbelief!

He had not expected this Genesis Rune to have such a deep origin!

Zhou Hao did not know what a Psychic was, but he knew how dangerous they were from the moment he learned that they almost destroyed the entire universe!

After all, for them to be able to come close to destroying all the mutated beasts and human martial artists. it could be seen how powerful the Genesis Rune was!

No one knew where this ancient power came from, what its origins were, or what secret it was hiding!

Everyone wanted to find this power and take it for themselves!

This was their thought and also their goal!

Zhou Hao still could not understand this. He simply did not know what would happen to the Genesis Rune in the end!

After the Azure Dragon King said this, his expression was sad.

“My master, the strongest human, is called Huang. Everyone calls him Senior Huang. But now, the documents regarding him have become confidential documents. Even if there are documents about him, they will only describe him to be a violent person!”

“Actually, no one knows how much my master likes this place. He clearly has the ability to leave Planet Earth and is even considered to be strong outside of

this world. Even if he can't protect Planet Earth, he can still live carefreely alone!"

"In fact, in order to rope in Senior Huang, many cosmic races have offered enticing deals. They used a million stars as the price and even offered to allow him to inherit their bloodlines. In short, my master has experienced all kinds of temptations."

"However, I didn't expect this outcome.."

When the Azure Dragon King said this, his expression was sad. Zhou Hao could sense that the Azure Dragon King must be in extreme pain!

"Azure Dragon King, can you tell me more about this?"

Zhou Hao spoke at this moment. He was anxious to know what this Genesis Rune was and why Senior Huang wanted to destroy all the martial artists!

The Azure Dragon King took a deep breath and slowly explained!

Zhou Hao was also very shocked when he heard this!

Apparently, no one knew about the origins of the Genesis Runes. The only thing that was known was that two Psychic races had suddenly appeared in the universe. They were extremely powerful and loved to fight. Because of their powerful Psychic powers and Genesis Runes, ordinary martial artists were no match for them. Thus, they were able to quickly rule over most of the universe! However, at this moment, countless cosmic experts teamed up and set up an ambush. Only then were they able to destroy this race!

Zhou Hao did not know how this was done, nor did the Azure Dragon King. He only knew this outcome!

The Psychic Race had become the evil race and was attacked. However, many cosmic races also coveted their strength. They also knew that the power of the Psychic Race had to do with the Genesis Rune!

In fact, the ancient power they possessed was related to the secret of the origin of the universe and was extremely profound. They wanted to learn this secret and the only thing connected to this secret was the Genesis Rune!

Therefore, they all wanted to obtain the Genesis Rune!

These things had nothing to do with Planet Earth at all. At that time, Planet Earth was still relatively primitive. In the universe, it was just a small planet that no race even wanted to attack!

It was not only because Planet Earth was lacking in materials. It was also because it was too remote!

Universe 7 was too far from the center of the universe. There were too many planets like Planet Earth!

Therefore, they were not interested at all!

However, something happened in Senior Huang's era!

It happened to Senior Huang!

At that time, Senior Huang was only a Heaven Realm expert of the human race. Although he had already dominated an area, he was still not the number one expert on Planet Earth!

Until one day, he hunted mutated beasts outside and found a cave. In this cave, there was a dead alien from outer space!

And this alien was a Psychic!

This Psychic had left behind a Genesis Rune profundity, a Genesis Rune essence cultivation technique, and a notebook!

When Senior Huang saw this notebook, he opened it and was shocked when he read the contents!

After reading the notebook, he learned about the position of his universe in this notebook and also came to know about the Psychics. The notebook also documented a lot of things that happened outside of his universe.

At first, he did not know whether to believe the contents of the notebook.

However, looking at this alien in front of him, Senior Huang knew it was definitely not fake.

However, after he finished reading the notebook, he was shocked!

That was because he learned that the Psychics have been trying to crack the secret of the origin of the universe for many generations.

And the key to discovering this secret was the Genesis Rune!

The notebook also explained that the Genesis Runes and the power of the Psychic Race originated from the Genesis Monument Inscription!

It was said that this Genesis Rune was a cultivation technique obtained from comprehending the Genesis Monument Inscription!

It was also what made the Psychic Race powerful!

However, the Psychic Race was too arrogant after obtaining this power. They planned to rob all the Universes just to find this secret!

However, they had spent countless generations without ever learning what this secret was.

In the end, their Psychic Race was basically destroyed before they could uncover the secret.

However, at the end of the notebook, the Psychic actually wrote that he had found out that this secret was on this planet!

On Planet Earth!

Planet Earth!

Seeing this, Senior Huang immediately panicked!

He was dumbfounded!

A Psychic who had almost destroyed the universe had actually appeared on Planet Earth. Moreover, the other party even stated that the secret was on Planet Earth!

How could this not make Senior Huang worried and afraid? He was even shocked!

Not only that, but there were still other Psychics in other Universes!

When Senior Huang learned of this, he understood. Therefore, rather than letting others know about Planet Earth and this secret, it was better for him to find this secret himself!

Therefore, Senior Huang had cultivated the Genesis Rune!

This strength was very suitable for humans to cultivate. In just a few years, Senior Huang had already perfected the fundamentals.

Senior Huang kept trying to find this secret!

However, how could this secret be found so easily?!

After all, it was the origin of the universe!

It was really unbelievable!

However, after failing at learning the secret, Senior Huang did not dare to leave things to chance!

Once the other races in outer space learned that the secret was on Planet Earth, Planet Earth would probably fall!

Moreover, it was not only the Psychics who were searching for this secret.

What if it attracted the attention of all the cosmic races?

Senior Huang cared about Planet Earth, so how could he let others know that the secret was located here?!

However, even after searching for countless years, he still did not find this secret!

In the end, Senior Huang made a decision!

He wanted to seal Planet Earth!

## Chapter 422 - Choice

*Chapter 422: Choice*

Hearing this, Zhou Hao was shocked!

“Azure Dragon King, is what you said true? Is this secret really on Planet Earth?” Zhou Hao was very curious and asked directly.

“Senior Huang told me this himself. I don’t know if it’s true or not, but when he said this to me, he had already reached an unfathomable cultivation level. He even brought me to roam the universe.”

“Although he was a human, there are still some races in outer space that looked like him. Moreover, Senior Huang wore armor, so his identity as someone from Planet Earth was concealed.”

“Senior Huang kept searching for the secrets of the Psychics and Genesis Rune as he roamed the universe!”

“In fact, Senior Huang even joined an organization that recruited remaining Psychics. Firstly, it was because he wanted to resolve these potential threats. Secondly, it was also to hide Planet Earth’s secret. Senior Huang killed many Psychics and also hid their secrets.”

“However, as he understood the universe more and more, Senior Huang became more and more afraid. This is because there are too many strange races in the universe. There is even a mysterious race of Prophets that can speculate about many unknown things!”

When the Azure Dragon King said this, he was also nervous!

The reason why Senior Huang had found the Prophets was because he wanted to witness the abilities of the Prophets!

Later on, he discovered that the Prophets only had the ability to deduce things after cultivating the universe’s essence energy!

As for Planet Earth, although it was a type of universe essence energy, it was very thin and could not be detected at all!

Thinking of this, Senior Huang finally made a decision!

At the same time, because Senior Huang’s life was coming to an end, he was already unable to protect the humans and Planet Earth. Therefore, he planned to seal Planet Earth!

Senior Huang had used the power of the Genesis Rune to seal the outside of Planet Earth, hiding all its aura.

At the same time, he also made a crazy decision!

He decided to destroy the Martial Dao Inheritance of Planet Earth!

Although this idea was crazy, it was indeed the best solution!

He could use the Genesis Rune to hide Planet Earth and hide all its aura. At the same time, by erasing Planet Earth’s martial Dao, he could prevent everyone from leaving Planet Earth!

Because once they leave Planet Earth, Planet Earth would fall into the eyes of the rest of the universe, and they might find that secret!

Once they learned of this secret, Planet Earth would become hell!

In the universe, he had seen too many races that had been wiped out. There were also many races that were enslaved, causing the people to become expendables, and even currency!

That's right, it was just that cruel!

In the universe, there were also general currencies, but many civilizations had their own currencies. It was like how Qin Shi Huang had unified the six countries!

No one ruled the universe, but it was still very common for trade to occur!

Senior Huang had witnessed these races using lives as currency for trade!

Some even traded tens of thousands or hundreds of thousands of lives!

Sometimes, they would even trade planets!

Some organizations even sold planets to provide for the second and third reproductive bases!

Senior Huang had seen too many such things. Therefore, he felt that this was the only way to save Planet Earth!

However, things did not go according to his wishes. This matter was known by an expert of the human race. When Senior Huang was prepared to destroy the martial Dao on Planet Earth, he was plotted against and died before he could completely resolve this matter!

In fact, this expert had even hidden this secret!

This expert had also cultivated a Genesis Rune, and the Azure Dragon King had been imprisoned by him!

That person wanted to find this secret and even wanted to rule the universe!

"Although that expert wants to rule the universe, he's not stupid. Without absolute strength, he wouldn't have attacked. After being suppressed by him for so many years, I don't know if he's still around. However, regardless of whether he's still around, the crisis of humans and Planet Earth is still around."

“Moreover, I can also sense that the barrier left behind by Senior Huang outside Planet Earth can’t last much longer. At that time, when it completely disappears, Planet Earth will be exposed and many races will discover it!”

“Of course, they might not necessarily know that this place contains the secret of the origin, but Senior Huang doesn’t dare to guarantee it. Although there are countless such planets in the universe and some are even too lazy to rob this planet, nothing is absolute!”

The Azure Dragon King was very worried, and Zhou Hao also completely understood!

So this was what had happened!

Just how painful was it for Senior Huang when he made this decision back then?!

He had no choice but to destroy the martial Dao to protect Planet Earth!

Perhaps he was right!

Because only in this way could he resolve this matter once and for all without anyone knowing!

At that time, he did not expect to be discovered by others. Therefore, he failed to complete the task! Zhou Hao also became nervous because he had already discovered that something from outer space had entered Planet Earth!

For example, the intelligent entity of the Red Cliff Abyss!

However, Zhou Hao knew that the intelligent entity definitely did not know about the Genesis Rune. It was probably a coincidence that it was able to come to Planet Earth.

After all, an intelligent entity with a broken energy body was only focused on its own recovery. It might have accidentally entered Planet Earth!

“Azure Dragon King, have you told anyone else about this?” Zhou Hao hurriedly asked.

“No, I naturally won’t tell anyone about this. The reason why I told you is because you cultivate a Genesis Rune. Although I also know that it’s very risky, it’s better to let you know than to let this secret continue!”

“No matter if you want to find the secret of the origin and rule the universe or protect Planet Earth, you should still know about this. Moreover, no matter what you choose, at worst, you will only be like that bastard who killed Senior Huang. You definitely won’t be arrogant and let the universe discover this place!”

The Azure Dragon King's words had shown that he had given this a lot of careful consideration. For so many years, he had always been thinking about this matter. After all, this was an order given to him by his master, so how could disobey his master?!

"Azure Dragon King, don't worry. I won't do anything like that. I'll only protect Planet Earth. Of course, regardless of whether I find the secret or not, I won't let Planet Earth be in any danger!"

Zhou Hao took a deep breath. His current goal was the same as Senior Huang from the beginning. He wanted to find this secret first. If he really couldn't find it, perhaps he would have the same choice as Senior Huang!

Thinking of this, Zhou Hao closed his eyes with a painful expression. Even before that happened, he already felt as if his heart had been bitten by thousands of ants.

After all, if he had to make the same decision Senior Huang did back then, wouldn't that be incomparably painful for him?

Zhou Hao took a deep breath and looked at the Azure Dragon King.

"Azure Dragon King, I've learned a Genesis Rune. I wonder if I can save you?"

After Zhou Hao finished speaking, the Azure Dragon King shook his head

"Thank you for your kind intentions, but I think it's best if you leave me alone!"

## Chapter 423 - Saint Realm

*Chapter 423: Saint Realm*

When Zhou Hao heard this, he was immediately stunned. He did not understand why the Azure Dragon King did not let him save him!

He had been trapped here for many years. Did he not want to regain his freedom?

"Why?" Zhou Hao took a deep breath and could not help but ask.

“Because I’m worried that you will be exposed. I don’t know if the person who imprisoned me is still around. If he is, he will definitely discover you if you unseal me. In fact, he might even capture you through the power of the Genesis Rune. At that time, I will basically be harming you!”

The Azure Dragon King’s words made Zhou Hao understand what he meant!

“Although I’ve been imprisoned here for so many years and my cultivation has also fallen to the peak twelfth-grade Heaven Realm, I can still last for decades or even centuries. You don’t have to worry about me. After so many years, I’ve already gotten used to it.”

The kindness in the Azure Dragon King’s huge eyes made Zhou Hao’s heart skip a beat!

Only then did he understand that perhaps not all mutated beasts were bad guys, and humans were not all righteous!

“I understand. Azure Dragon King, don’t worry. I’ll definitely protect Planet Earth well!” Zhou Hao said directly.

“Hahaha, good. However, your current cultivation is only at the quasi Heaven Realm and is still too weak. After you break through to the Heaven Realm and reach the Saint Realm, you can make plans to leave Planet Earth.”

As the Azure Dragon King spoke, Zhou Hao was stunned.

“Saint Realm?”

Zhou Hao had never heard of such a level! “Hmm? You haven’t even heard of a Saint Realm expert?” The Azure Dragon King was very shocked! “Uh... I really don’t.” Zhou Hao was somewhat embarrassed. Although he knew that there were stronger experts above the Heaven Realm, he did not know what level they were at!

The Azure Dragon King sighed and felt somewhat helpless.

“Saint Realm is an existence that has surpassed the Heaven Realm. Heaven Realm is only the limit of human experts. However, Saint Realm experts can sense cosmic essence energy. Moreover, they also cultivate through cosmic essence energy!”

“Back then, Senior Huang left Planet Earth and cultivated from the Saint Realm until he reached the peak of his combat strength!”

“However, he was ambushed by his most trusted subordinate and had no choice but to die because his blood essence was exhausted. Otherwise, perhaps the entire Planet

Earth might have returned to the era of ordinary people before the Great Destruction Era!"

After the Azure Dragon King finished speaking, Zhou Hao was a little tempted. He had really never thought of this realm!

However, thinking about it, it was also not bad. After all, before the Great Destruction Era, there were no so-called martial artists, mutated beasts, or so many threats!

Perhaps such days were really not bad!

Of course, Zhou Hao was only thinking about it and did not linger on it. "Kid, before Senior Huang died, he hid the Genesis Runes he learned in the depths of the East Sea. That's my hometown. I'll give you the coordinates. If there's a chance, you have to go there, understand?!"

As the Azure Dragon King spoke, a divine sense transmitted over, and a red dot appeared in Zhou Hao's mind.

However, this red dot was infinitely far away from here, making Zhou Hao shocked!

"What... What is this place? East Sea, why haven't ... heard of it?"

Zhou Hao had indeed never heard of it!

He only thought that there were only thirteen spatial rifts between humans and mutated beasts. Why was there still the East Sea?!

This made him feel a little overwhelmed!

"You really don't know anything. Do you think the thirteen spatial rifts above Planet Earth are the only threat? The human race has seven divisions, so why are there only two divisions guarding the spatial rifts? Didn't you think of this?"

After the Azure Dragon King finished speaking, Zhou Hao was indeed stunned for a moment!

He had indeed thought about this before, but he had not figured it out yet! "Let me tell you this. Other than the spatial rift, there are still a few other battlefields for us humans and mutated beasts. The first is the East Sea Region.

The East Sea Region is very vast and is not even as threatening as the spatial rift. The deep sea is filled with powerful species!"

"Other than the East Sea Region, there are also the Sky City and the Underground World. These two battlefields are all secrets that only those above the Heaven Realm

know. Even quasi Heaven Realm experts don't know about them, and all this is confidential!"

"Of course, it's still because the missions of the various divisions are different, and you guys don't have any connections. It's natural for you to not know. However, I can tell you that other than the spatial rift, none of the three battlefields are weaker than the spatial rift. In fact, the Underground World is the greatest threat!"

"The mutated beasts that exist in the Underground World are even stronger. The pressure of the Underground World is not something we humans can resist for a long time. Therefore, most of the Heaven Realm experts are there. The most serious thing in the Underground World is magma. Those mutated beasts devour magma as food and are incomparably powerful. If they come out of the Underground World, the humans will be instantly destroyed!"

The Azure Dragon King's words shocked Zhou Hao. He had never expected such a situation!

"Kid, there's still a lot you don't know, but I believe you will come to learn of them in the future!"

The Azure Dragon King smiled and said. As soon as he finished speaking, Zhou Hao nodded.

Zhou Hao needed to properly digest what he had learned today. Zhou Hao did not know anything about the origin of the Genesis Rune or the other battlefields. In fact, he had never even been to one.

"There are absolute barrier defenses between the various battlefields. Those are the barriers established by Senior Huang back then. Actually, he had his own reasons for establishing these barriers back then. It was because Senior Huang planned on destroying the regions one by one using the Genesis Runes."

"It's just that he passed away before making any progress..."

As the Azure Dragon King spoke, his eyes were filled with sadness!

Zhou Hao also sighed when he saw this. "Azure Dragon King, don't be sad. This matter has been going on for so long. If Senior Huang finds out that you're still in the world and are still working so hard for Planet Earth's safety, he will definitely be very touched!"

Zhou Hao smiled. To be honest, he really admired Senior Huang and the Azure Dragon King!

One was willing to be cursed for the sake of Planet Earth!

One of them had endured painstakingly for Planet Earth and for the sake of his master's final wish. Even now, he had not forgotten about this matter!

Zhou Hao was very impressed!

Zhou Hao was most moved by Senior Huang's righteousness and the Azure Dragon King's loyalty!

"Alright, let's not talk anymore. You should go. Pretend you never came."

After the Azure Dragon King finished speaking, it ignored Zhou Hao and directly landed in the abyss.

Zhou Hao shouted into the abyss.

"Azure Dragon King, I'll visit you often in the future. If you need anything, just tell me!"

After Zhou Hao finished shouting, the Azure Dragon King laughed.

"Next time, bring some wine.. I like wine..."

Hearing this, Zhou Hao immediately shook his head and smiled. His body moved and he left..

## Chapter 424 - Commander An's Death

*Chapter 424: Commander An's Death*

Zhou Hao left and returned to the Hundred City Commander Residence. It could be said that he was very shocked by today's matter. He did not expect this matter to be so complicated that it concerned the outside world!

The origin of the Genesis Rune is actually on Planet Earth. Is this true?

Murong Xun was somewhat shocked when he spoke at this moment!

Although he was shocked, Zhou Hao said indifferently, "Whether it's true or not, everyone will try nonetheless. Even if it's false, they won't let it go.

Therefore, Planet Earth still can't be known to the other races in the universe!"

"If they learned about this, Planet Earth might very well be reduced to hell!"

Zhou Hao understood Senior Huang's thoughts very well at this moment. He did not want Planet Earth to become like that, so he had no choice but to destroy the Martial Dao!

Although his method was a little extreme or ruthless!

However, for the sake of eternal peace, this was the only way!

If Zhou Hao had to make the same decision in the future, he might very well did what Senior Huang did.

"Murong Xun, let me tell you this. I don't care if you can understand me now, but I still have to warn you. No matter if you condense your body in the future or stay with me, I won't allow you to do anything that's detrimental to Planet Earth. If you do, even if I can't kill you, I'll still think of a way to get rid of you!"

After Zhou Hao finished speaking, Murong Xun sighed and could not help but say, "I know. Do you think I'm stupid? I don't even want to leave Planet Earth. A twelfth-grade Heaven Realm expert can call the wind and summon the rain on Planet Earth. Why would I want to leave Planet Earth just to get tortured?

Zhou Hao did not know if Murong Xun's words were true or false. However, no matter what, Murong Xun knew this secret and he had to be wary of him!

It was not only him. There was also that person!

The person who had harmed Senior Huang!

Zhou Hao did not know if this person was still alive. He simply knew nothing about the other party.

However, no matter what, Zhou Hao was somewhat nervous at this moment.

Planet Earth was probably not that safe anymore!

It was even possible that someone in outer space had already set their sights on Planet Earth!

Zhou Hao was a little nervous, but there was nothing he could do about it!

Soon, the next morning, Yin Feng rushed over with a solemn expression and endless worry!

Commander Zhou, something bad happened!"

Zhou Hao frowned. The big matter at this moment must have happened in the Red Cliff Abyss!

"What's wrong, Vice Commander Yin? Tell me slowly!" Zhou Hao took a deep breath and hurriedly said.

"Commander.. Commander An.. is dead!"

Yin Feng's words immediately shocked Zhou Hao. His eyes widened in disbelief!

"What? Commander An is dead? We clearly met yesterday. How did he die today.

Zhou Hao was somewhat shocked. Commander An was dead. Zhou Hao did not understand why it happened so suddenly!

Tell me in detail what happened!” Zhou Hao hurriedly said.

This matter was transmitted this morning and was also discovered by the An family in the morning. Commander An died in his study and died extremely miserably. His heart was emptied and taken away!

At this point, Yin Feng's face was also filled with shock!

When Zhou Hao heard this, his expression changed drastically!

Such a brutal method must have been done by someone who hated him to the core. Either that or it was done by the foreign races. Does the An family know what happened last night?

Zhou Hao asked at this moment. Commander An would not have died for no reason. There must be something wrong!

However, Zhou Hao did not know what the problem was, but the An family should know!

At the very least, there should be sounds of fighting!

“I heard from the An family that Commander An was very angry when he returned to the study at night. No one knows what exactly happened. He did not leave the study but died there the next day. No one heard the sound of fighting or even a scream!

This was why Yin Feng was afraid!

It had to be known that Commander An was a fourth-grade supernatural expert and was on the same level as Boss Zhou. It was really unbelievable for him to be killed like this!

Looks like it was also an instant kill. Moreover, the person who killed

Commander An was very cruel!”

Zhou Hao took a deep breath and narrowed his eyes. He could not help but ask,

“Where’s Zhou Cangdao? Is he still in the Red Cliff Abyss?”

“After this happened, the An family rushed to the Zhou family’s auction house and wanted an explanation. Although no one knew who the murderer was, they could roughly guess. Of course, Zhou Cangdao showed himself, but he refused to admit it at all. Old Master An really wanted to attack, but he was worried about that Red Cliff King, so he simply left.”

Zhou Hao narrowed his eyes. This matter was a little complicated!

Commander An’s death was really too strange. It had to be known that the energy body in outer space had already been devoured by Little Yu. Without him, how could the sixth-grade Zhou Cangdao instantly kill a fourth-grade supernatural expert? This was unreasonable!

“What should we do, Commander Zhou?”

Yin Feng hurriedly asked.

Zhou Hao smiled. “This matter depends on the situation. It’s not appropriate for us to interfere.”

In fact, it was even better for them to fight among themselves. He would save the trouble of dealing with the Red Cliff Abyss himself. He would only appear when these old fellows fought until both sides were injured. This was the simplest solution!

Now, he could just sit by and let them fight each other!

Be it Commander An or Boss Zhou, they were not good people. No one cared

about them. If not for the special circumstances, the Green Cloud Division did not even want to touch them!

However, at this moment, they were fighting among themselves. If the sandpiper and the clam fought, the fisherman would benefit. In the end, the Green Cloud Division could naturally deal with them!

This made Zhou Hao worry.

“Alright”

Although Yin Feng was worried, he had no other choice since Zhou Hao had said so. After all, Zhou Hao was the one who called the shots in this matter!

After Yin Feng retreated, Xu Ling arrived. Her expression was very ugly. Zhou Hao frowned when he saw her.

“Xu Ling, what happened?”

Zhou Hao had always remembered what Xu Ling had said. Although he was worried, he still did not have the strength to resolve this problem!

After all, even if he revealed his current quasi Heaven Realm identity, it was still not enough for the Green Cloud Division’s super family, the Xu Family!

Their Xu Family’s Old Ancestor was very likely a super expert at the twelfth-grade Heaven Realm. The few Heaven Realm experts under him were nothing!

Zhou Hao was still not powerful enough for the Xu family to take him seriously!

Xu Ling bit her red lip and whispered, “My family knows that I’ve broken through to the supernatural level. My assignment...it’s also being passed

down

## Chapter 425 - Farewell

*Chapter 425: Farewell*

When Zhou Hao heard this, his expression immediately changed!

He did not expect it to be so fast!

“What assignment?”

Zhou Hao took a deep breath, his expression nervous!

“The special envoy of Jiangnan Base.”

Xu Ling's expression was lonely. She had worked so hard to delay this assignment. Although in the eyes of others, this was something that could only be hoped for, to Xu Ling, this was not the goal at all!

She wanted to become a Heaven Realm expert and become a true expert who guarded Planet Earth!

However, at this moment, she could only obey the arrangements of her family.

After all, even her parents could not interfere in this matter!

In other words, Xu Ling's parents also approved of this idea. In fact, who would let their child put himself in danger all day long and walk on the edge of death?!

Although supernatural experts were very powerful, they were still insignificant

in this chaotic world!

Even a Heaven Realm expert could die, let alone a mere supernatural expert.

Even Murong Xun, a super expert at the twelfth-grade Heaven Realm expert, had died. A supernatural expert was nothing!

On the battlefield, without absolute strength, you could not control anything.

Even now, it was still the same!

When Zhou Hao heard this, he felt very uncomfortable. He hugged Xu Ling tightly, but he knew that he was unable to change this situation!

“Wait for me, I’ll find you!”

Zhou Hao said directly. He did not want to say too much because it was useless.

He wanted to use his actions to tell Xu Ling that he would return and use his own methods to get the Xu family to agree to this marriage!

Xu Ling also hugged Zhou Hao and nodded forcefully.

“I will

Xu Ling did not say anything because she trusted Zhou Hao!

“Tomorrow, my family will send someone to pick me up. Actually, I can go back by myself and there’s not much danger, but I don’t understand why they would send someone to pick me up!”

When Zhou Hao heard this, he naturally knew what was going on!

The Xu family probably knew about his existence and that Xu Ling fancied him.

Therefore, they probably came this time to teach him a lesson!

“I’ll send you off tomorrow!”

Zhou Hao smiled, but he could not hide his feelings.

Yuan Cheng and the others all knew that Xu Ling was leaving. They also knew about the relationship between Zhou Hao and Xu Ling. Although they did not know what the Xu family had planned for Xu Ling, they were not inexperienced and could naturally sense it.

At night, Zhou Hao and the others specially held a farewell banquet. Although Yuan Cheng and the others were not very happy, after all, they had fought alongside Xu Ling for so long and still had feelings for her. Therefore, when they heard she was leaving, they could not help but feel reluctant.

“Sigh, the world is big and we’re all friends. Although we’ll be far away, it’s nothing. Xu Ling, don’t worry. We’ll help you look after Zhou Hao!”

At this moment, Yun Yan smiled and said, She was dressed more crazily today, and her perfect figure was revealed. She hugged Xu Ling, and her little face was red from drinking. She was very charming.

Thank you”

Xu Ling smiled and replied.

“In my opinion, why should we go back? What’s so good about returning to Jiangnan to be a special patrol envoy? Isn’t it just a birdcage? It’s not as carefree as us!” Yuan Cheng said unintentionally as he could not help but rant at this moment.

However, Yun Yan and the others still rolled their eyes when they heard this.

“why are you so talkative? Drink your wine!”

Yun Yan slapped him fiercely, causing her to grimace and not dare to say anything.

“Xu Ling, although we’ll be far away, we’re all still part of the Green Cloud Division. It’s still very easy for us to contact each other. We have the regional network, so we can still meet!

Fang Yu was meticulous and naturally understood what Xu Ling was worried about. Therefore, she could not help but blink and say.

That’s right. We still have the regional network of the Green Cloud Division. We can still meet for a long time. Let’s make an agreement. No matter where we go in the future, we have to find a day every week to meet in the regional network. Even if we’re busy, we should still meet. How about that?”

Yun Yan suddenly said with interest!

Although this was the case, who did not want to see each other in person? It was too unrealistic across the virtual network!

However, at the same time, Yun Yan’s words also posed a key question.

There was no such thing as a banquet that would not end. After they became supernatural experts, they would be arranged by the Green Cloud Division. Be it staying behind or rushing to the frontline, it was the same!

They were also somewhat reluctant, but for the greater good of their country, their personal feelings were too insignificant!

They also understood that even if they were unwilling, they still had to endure it for the sake of the future!

Everyone present was from the elite team. Even the always cowardly Yuan Cheng was an elite among elites!

They would all be heavily nurtured in the future. After all, they had just

reached adulthood and had already reached the grandmaster level. They e  
had the chance to break through to the supernatural level!

Such talent was definitely worthy of being called a genius!

In the future, they would be the intermediary forces to resist the foreign races!  
However, what they saw was only the foreign races, but what Zhou Hao saw  
was the vast starry sky!

In the future, it was really hard to say who the enemy would be!

If the aliens invaded, perhaps the humans and foreign races would let bygones  
be bygones and work together to resist the enemy!

Zhou Hao looked at Xu Ling. Although he was unwilling, Zhou Hao still buried  
this reluctance deep in his heart. He wanted to use it as strength. One day, he  
would let the Xu family face his existence!

After dinner, Zhou Hao and Xu Ling sat on the cliff and looked at the changing  
stars, enjoying the comfort of the last night.

Xu Ling leaned on Zhou Hao's shoulder and smiled.

The two of them did not speak. They just sat there and looked at the stars.

Slowly, the sun started to rise. They could not bear to break this peace!

After a long while, Xu Ling said, "Zhou Hao, why were you such a bastard in  
high school? You didn't learn well all day. Now that I think about it, I want to  
laugh."

Zhou Hao was immediately amused when he heard this.

"At that time, I was just a bad student and did not have any ambition  
course, I just lived ignobly."

This was the truth. Zhou Hao was indeed a loser back then.

“Hmph, it’s a good thing I kept lecturing you. Otherwise, you wouldn’t have been who you are today. You have to thank me properly, understand?”

Xu Ling snorted and could not help but smile.

“Yes, yes, my grandaunt. Don’t worry. I’ll definitely thank you properly. I’ll be your slave for the rest of my life. Thank you. How about that?”

Zhou Hao began to talk glibly. Usually, when Xu Ling heard this, she would definitely roll her eyes. However, today, she was listening very seriously.

The peaceful times always ended quickly. Xu Ling looked at the communication device and took a deep breath.

“They’re here.”

## Chapter 426 - Xu Chang

*Chapter 426: Xu Chang*

Translator: Atlas Studios| Editor: Atlas Studios

At this moment, the sun had just risen in the sky. Xu Ling looked at the communication device and looked into the distance. Over there, a superwave fighter plane was flying over. It was so fast that it was already close in the blink of an eye!

“Are they from the Xu family? They sure arrived quickly”

Zhou Hao sighed and said to Xu Ling, “Let’s go and welcome them.”

As they spoke, the two of them returned to the Commander Residence of the Hundred City.

Just as they arrived at the Commander Residence, the superwave fighter plane landed and a few men walked out. All of them were supernatural experts!

However, the man in the center was dressed in a suit and leather shoes. He indeed did not have any cultivation. He was just an ordinary person!

However, Zhou Hao could tell that he was the leader and master of these people!

“Little Sister

When the man saw Xu Ling, he immediately smiled and walked over.

“Brother Xu Chang, why are you here? I didn’t expect you to come and pick me up this time!”

Xu Ling was also very surprised. She did not expect it to be Xu Chang!

It had to be known that Xu Chang was a young master from the direct line of descent and had a very noble status. It was very difficult for people from the other branches to see this young master. Even when he was in high school, he had only seen this cousin of his a few times.

She did not expect the person to pick her up this time to be this powerful cousin!

“Hehe, little sister, you’re now a supernatural expert. Isn’t it very normal for me to be able to pick up a genius from our Xu family? Didn’t you know that among the younger generation of the Xu family, you’re definitely the most promising. Therefore, the old man asked me to personally pick you up.”

Xu Chang smiled and couldn't help but say.

Granduncle... Granduncle actually asked you to pick me up."

Xu Ling was somewhat shocked. She did not expect it to be like this!

"Little sister, why are you so unconfident now? I've already said that you're a genius of our Xu family. In the entire Green Cloud Division, there aren't many people who are more talented than you. Grandpa is always talking about you outside now. An eighteen-year-old supernatural expert. Even Grandpa couldn't compare to you back then!

Xu Chang couldn't help but smile.

At this moment, Yuan Cheng and the others arrived. After all, Xu Ling was leaving, so they naturally had to send her off.

Xu Chang also looked at Zhou Hao and the others. He did not seem to care, but he still spoke.

"Are these the elites of the Seventh Elite Division? Looks like Uncle Zhu is really impressive to have nurtured so many powerful young men. In the future, you will all be the cornerstones of our Planet Earth."

Xu Chang was good at talking. His words immediately made Yuan Cheng and the others happy.

At this moment, Xu Chang looked at Zhou Hao and smiled. "You must be Zhou Hao. Not bad, not bad. I heard that your talent is even higher than my sister's. Seeing you today, I can tell you're indeed extraordinary!

Zhou Hao also smiled. Although what he said was right, Zhou Hao could tell that Xu Chang did not care at all. He even looked at him with some hostility.

“Thank you, Young Master Xu,” Zhou Hao replied with a smile.

“Little sister, let’s not talk anymore. Go pack up. I’ll wait for you here. After you’re done, let’s go.” Xu Chang said.

Xu Ling nodded. Although she did not want to go back, she also knew that she could not change this fact. She could only pack her things and prepare to leave. After Xu Ling left, Xu Chang looked at Zhou Hao.

“Zhou Hao, let’s talk?”

Hearing this, Zhou Hao narrowed his eyes and thought to himself, As expected! Xu Chang had probably come with ill intentions. However, Zhou Hao was not afraid and nodded.

“Sure.”

Xu Chang smiled and walked to the side. Zhou Hao followed behind. Although they did not leave the Commander Residence, they were still some distance away from Yuan Cheng and the others. At this distance, they could not hear the two of them talking.

Xu Chang looked at Zhou Hao and sneered in his heart. He was just a supernatural expert, but he actually placed his attention on his female cousin. He was really a toad lusting after swan meat!

Before coming, he had already investigated Zhou Hao’s background. In their eyes, his background was just trash. They could kill a group of such people with a single slap. He did not care about Zhou Hao at all!

“Zhou Hao, does my sister usually keep a low profile?” Xu Chang’s first sentence stunned Zhou Hao for a moment, but he still nodded.

That's right."

"Yes, that's right. Although my sister is from the Xu family and is only from a branch family, her status is still different. Moreover, with my sister's current talent, there's no need to say anything. She has already completely been placed in an important position by her family. She kept a low profile back then because she was in school."

"You don't know that our Xu family is like this. We don't show off our wealth in front of others. This is what our old man wants from us. All of us children keep such a lowprofile in school."

"Well, regarding this, there's not much to talk about. The lives of us nobility are luxurious and fancy, but they can be quite troubling too. For example, this marriage. Sigh, it's so annoying"

Xu Chang paused for a moment. Zhou Hao sneered in his heart. He naturally understood!

He wanted to use these words to let him know that Xu Ling's marriage was controlled by her family!

"You also know my sister. She's beautiful, kind, and has strength. I even know of a quasi Heaven Realm expert who wants to pursue my sister. Although he's more than ten years older than my sister, he still can't be considered old for a martial artist of his level."

At this point, Zhou Hao narrowed his eyes. Xu Chang had even mentioned the quasi Heaven Realm. Looks like this Xu Chang really wanted to scare him to death!

“Yes, he’s indeed not old. With a quasi Heaven Realm cultivation, he can be considered an expert,” Zhou Hao nodded and said indifferently.

Tch, what’s a quasi Heaven Realm? Do you really think you can marry my sister with that kind of cultivation?”

However, at this moment, Xu Chang suddenly changed his attitude and immediately sneered.

“He’s just a quasi Heaven Realm martial artist. He’s been killing mutated beasts at the frontline all day long, and his life is at risk. His family doesn’t have any power either, so they can only arrange for him to go to the frontline. Perhaps his life will be lost one day. How can such a person be my sister’s husband? If he dies, won’t my sister be a widow?

“Moreover, how could a family like ours find a martial artist as our son-in-law? Don’t you think so? Oh, oh, Zhou Hao, don’t think too much.

You’re my sister’s classmate. I know that you’ll definitely want her to be happy.

Therefore, you also understand what I mean, right?”

Xu Chang looked at Zhou Hao and continued to smile. However, his words were indeed like knives that slashed at Zhou Hao!

Zhou Hao was not lacking either. How could he not tell what the other party was trying to say?

His meaning was that their Xu family would not let Xu Ling marry a martial artist!

If a quasi Heaven Realm expert was not even qualified, then there was even less of a need to mention supernatural experts!

## Chapter 427 - Goodbye

*Chapter 427: Goodbye*

**Translator:** Atlas Studios**Editor:** Atlas Studios

Xu Chang naturally knew that Zhou Hao could tell, so he did not care and smiled faintly.

“Actually, relatively speaking, our Xu family has found a more suitable candidate. It’s the Long Family, who is also from the Green Cloud Division. Their family has two to three twelfth-grade Heaven Realm experts and one more who has surpassed this level. As for their young master, although he doesn’t

know martial arts, he’s in charge of important matters in the Green Cloud Division and has a large number of Heaven Realm martial artists under him. Only he is worthy of my sister.”

“For large family clans like ours, we have too many Heaven Realm experts under us. To be honest, martial strength is nothing to us. With an order, countless martial artists will rush forward one after another. Only by being with a person like young master Long will my sister be safe. This war matter

should just be left to the martial artists. We can just command. Why should we risk our lives? Either way, we’re still working for humans. Don’t you think so?”

Xu Chang was still smiling, but Zhou Hao did not say a word. His eyes were cold.

“By the way, Zhou Hao, you and my sister are classmates, right? Help me persuade her later. It’s not easy to find such a good young man. He’s rich and powerful and can guarantee a lifetime of happiness. He’s better than anyone else. I also know that you’ll definitely think about my sister. I’ll leave this to

you. Is that alright?”

Xu Chang patted Zhou Hao’s shoulder. That behavior was really too disgusting. He was really vicious to get him to help persuade Xu Ling!

He should know that he liked Xu Ling, and he should also know that Xu Ling liked him. Otherwise, why didn’t he say such things to Yuan Cheng, Yun Yan, and the others?!

Indeed, he did not have good intentions this time!

Zhou Hao smiled faintly and could not help but say.

“Sorry, Young Master Xu, I can’t help you with this matter.” Zhou Hao looked at Xu Chang and said directly.

Xu Chang frowned. He knew that Zhou Hao understood what he was saying. However, he also knew that Zhou Hao was saying this to not look like a fool.

“What? Is Zhou Hao not good friends with my sister?” Xu Chang could not help but ask.

“Of course, but either way, I won’t persuade her. Xu Ling is her own person. She can do whatever he wants. No one can interfere, not even her family!” After Zhou Hao finished speaking, he continued to look at Xu Chang and said indifferently.

“Moreover, I also like Xu Ling very much. If I could, I would marry her. Why would I persuade her to marry someone else? Young Master Xu, I know that you might not think highly of a mere supernatural expert like me now, but I don’t care. One day, I will stand at a height that you and the Xu family think

highly of !”

Zhou Hao did not say anything else. He did not want to say anything either. After saying this, he directly left.

When Xu Chang heard this, his expression darkened. At this moment, a quasi Heaven Realm expert walked over and could not help but speak.

“Young Master, this Zhou Hao is a little arrogant!”

Xu Chang smiled faintly. “He’s indeed arrogant. However, so what? He’s just a supernatural expert. He’s nothing. If he really doesn’t know what’s good for him, we’ll kill him. A supernatural expert’s death is nothing to our Xu family!”

Xu Chang sneered. He naturally did not care about this Zhou Hao at all. However, he knew that his sister did!

This was not a good thing!

“Young Master, instead of letting him run around, why don’t we just kill him to prevent future trouble!”

That quasi Heaven Realm expert directly gestured, making Xu Chang frown before nodding.

“Although it’s a little inappropriate at this time, it’s not a big deal. After all, we can secretly kill him and throw him into the Red Cliff Abyss as if he was killed by a mutated beast. No one will be able to find out the truth anyway. Zhou Tai, I’ll leave this to you. You have to leave no traces!” Xu Chang narrowed

his eyes and said coldly.

“Young Master, don’t worry. I’ll kill him without him noticing!”

That person sneered and did not care at all. Zhou Hao was just a supernatural expert. With his quasi Heaven Realm cultivation, it was too easy for him to kill him!

“Very good!”

Xu Chang smiled.

At this moment, Xu Ling had already prepared something, At this moment, she walked out and looked at Zhou Hao unwillingly.

“L.. I’m leaving...”

She was very unwilling to part with Zhou Hao and everyone else.

“Yes, wait for me!”

Zhou Hao nodded and smiled gently!

Xu Ling also nodded heavily. “Then it’s agreed. I’ll wait for you!”

After saying this, Xu Chang walked over as if nothing had happened just now. He smiled and said, “Sister, let’s set off. Grandpa is waiting.”

As Xu Chang spoke, he glanced at Zhou Hao, a cold glint flashing in his eyes.

Zhou Hao naturally saw it, but he did not care. Although he only had a quasi Heaven Realm cultivation now, his combat strength was close to the Heaven Realm!

Although he was still nothing to the Xu family now, it did not mean it would still be insignificant in the future!

Zhou Hao was confident in himself. Moreover, he still had the power of the Genesis Rune. Zhou Hao felt that he could even fight a third-grade Heaven Realm expert!

Zhou Hao did not dare to rashly use this power. This power was too extraordinary. Moreover, there were people watching, If he used it, he would be done for if he provoked that peak-level big shot!

Xu Ling bade them farewell and left on the aircraft.

Zhou Hao was somewhat disappointed, but there was nothing he could do about it. All he could do was turn this disappointment into motivation to increase his strength. Only in this way could he become an expert that the Xu family really thought highly of!

In the end, he needed to obtain the Xu family's approval and marry Xu Ling!

Zhou Hao watched them leave, and the reluctance in his eyes was also seen by the few of them.

"Zhou Hao, don't worry. One day, we'll call Xu Ling sister-in-law. Hehe."

Yuan Cheng smiled at this moment. Although Yuan Cheng was usually mischievous and was good at everything, at this moment, he was the most open-minded!

"That's right, Zhou Hao. Although the Xu family is powerful, it doesn't mean that we can't cross this mountain. Don't worry, one day, we'll be able to climb up the Xu family's door and receive Sister-in-law in glory!"

Zhang Yi also hurriedly said.

"Zhou Hao, don't be like a woman. Don't put on such a crying face. Men shouldn't have such an expression. If you're a man, then snatch Xu Ling back. What's there to be afraid of? We'll always be on your side!"

Yun Yan patted Zhou Hao's shoulder and could not help but say.

Zhou Hao smiled and looked at them.

"Don't worry, I will. One day, I will visit the Xu family and make them treat me seriously and respect me.. I believe that such a day will come!"

## Chapter 428 - Dark Moon and Wind

*Chapter 428: Dark Moon and Wind*

**Translator:** Atlas Studios**Editor:** Atlas Studios

After Xu Ling left, although Zhou Hao was disappointed, he still had to live this life. He quickly buried this disappointment in his heart and continued to cultivate!

Zhou Hao had already tempered his body to 80%. He only needed 20% more!

However, he had also pretty much exhausted his Essence Energy Ancestral Stones. Zhou Hao knew that he should also think of a way to obtain more Essence Energy Ancestral Stones!

“The Iron Bone Bear King did give me many places, but I’ve robbed so many. I’m afraid these places will be heavily guarded. It’ll probably be somewhat difficult for me to obtain more Essence Energy Ancestral Stones!”

Zhou Hao was somewhat depressed. He could only think of another way!

“Why don’t I secretly hunt a few quasi Heaven Realm beasts? In that case, I’ll get more luck points and Heaven Dao coins. I can also get rare-level Energy Bars.”

Zhou Hao could not help but think. However, quasi Heaven Realm beasts were not that easy to kill now!

Moreover, he was currently in the Red Cliff Abyss and was a little far away. It was quite difficult for him to travel back and forth!

“According to the Green Cloud Division, there are also many foreign races and quasi Heaven Realm beasts in the depths of the Red Cliff Abyss. Should I kill them?”

Zhou Hao began to choose. After thinking for a moment, he decided to take action!

Taking advantage of the dark night and high wind, he directly rushed out.

However, he did not know that just as he left his room, a figure was hidden in the moonlight and darkness in the sky. He looked at Zhou Hao’s figure and sneered.

“The night is dark and the wind is strong. This brat ran out alone. Don’t blame me!”

Zhou Tai had always been guarding this place. Ever since he had requested to kill Zhou Hao, he had secretly stayed behind to wait for an opportunity!

However, he had not had the time to do anything for the past two to three days. Tonight, he had gotten his chance!

He directly followed and watched as Zhou Hao walked towards the Red Cliff Abyss, feeling extremely excited!

“There are foreign races in the Red Cliff Abyss. It’s understandable for a supernatural expert to sneak over in the middle of the night and die there. Looks like I don’t have to trouble myself anymore!”

Zhou Tai was very excited. Without saying a word, he sped away.

Zhou Hao did not use any fast movement techniques and slowly advanced.

At this moment, he had already arrived at the Red Cliff Abyss. However, Zhou Hao suddenly frowned. He vaguely sensed an aura that seemed to have locked onto him!

Although this aura was hidden very deeply, the other party was still a quasi Heaven Realm expert after all. Moreover, Zhou Hao was not an ordinary expert, so he naturally sensed it!

Zhou Hao was very curious. His body suddenly sped up and was directly headed to the cliff of the Red Cliff!

Zhou Hao’s sudden increase in speed stunned Zhou Tai for a moment. He hurriedly followed, but was surprised to discover that the brat had disappeared!

“This brat is so fast. He actually disappeared suddenly. How is this possible?”

Zhou Tai frowned. He had not used his full speed just now and had only followed from behind.

However, Zhou Hao’s disappearance still puzzled him.

However, although he was curious, he did not care. After all, Zhou Hao did not run away. He would return eventually. He would just wait here!

However, just as this thought rose in his mind, he sensed an aura appear behind him. He suddenly turned around and found Zhou Hao standing behind him, his expression suddenly changing!

“When did you get behind me?!”

Zhou Tai immediately shouted.

Zhou Hao frowned and looked at this man. Thinking that this was one of the quasi Heaven Realm experts Xu Chang brought over, his expression became somewhat gloomy.

“Who asked you to follow me? Is it your master, Xu Chang?”

Zhou Hao's expression was very ugly. He did not think that this person was here to protect him. Moreover, this person was Xu Chang's subordinate. It was very likely that he was here to deal with him!

"Hehe, I didn't expect you to be so smart and vigilant. Forget it, I won't hide anything. You're right. My young master didn't just want me to tail you. He wanted me to kill you!"

Zhou Tai smiled faintly. No matter how strange Zhou Hao's movement technique was, he was only a supernatural expert and was nothing.

With his quasi Heaven Realm cultivation, killing him was still easy!

Zhou Hao smiled. "You're also quite patient. You actually stayed here for two to three days. If I didn't come out today, you probably would have continued to wait until you had the chance to kill me, right?"

"You're right. My mission is to kill you. Who asked you to provoke my family's young master? You're simply courting death with a mere supernatural cultivation!"

After Zhou Tai finished speaking, Zhou Hao nodded when he heard this. He quickly looked around and was rather satisfied.

"That's true. It's been difficult for you. It's a dark and windy night and we're even in the wilderness. It's indeed a good place to kill and rob. Very good."

After Zhou Hao finished speaking, Zhou Tai was stunned for a moment. Was there something wrong with this brat? He was the one who had come to kill Zhou Hao, but he actually said such things. It was really strange.

However, he did not care. Instead, he said indifferently, "You're quite smart. Since you've chosen to die, prepare to die."

Zhou Tai thought that Zhou Hao knew that he had no chance of winning against him, so he simply stopped running and accepted his fate.

However, Zhou Hao smiled. "When did I say I was going to die? You're really good at joking."

"What? Between the two of us, do you really think you'll be the one that gets to live? How interesting. With a mere supernatural cultivation, killing you is as easy as crushing an ant."

Zhou Tai could not help but sneer.

"You're wrong. You're the ant between us!"

‘As soon as he finished speaking, Zhou Hao’s aura immediately exploded. He did not hide anything!

In an instant, a powerful cultivation surged out from his body. The aura of a quasi Heaven Realm cultivation swept out in all directions, making Zhou Tai’s expression change on the spot!

“You... you... you’re actually a quasi Heaven Realm expert!”

He did not expect that this brat was actually a quasi Heaven Realm expert. He had hid it so well!

In fact, this aura was even richer and stronger than his!

“No one knows my cultivation level. You’re the first to know, so you can die without regrets. This place is not bad. I’ll find a place with good feng shui to bury your body. In your next life, you can be a good person.”

With that said, Zhou Hao directly moved. He did not use any cultivation technique. He did not even need to use any to deal with this person!

80% of his body tempering had already allowed him to surpass all quasi Heaven Realm experts. In addition, his combat strength was extraordinary. Killing him was too easy!

80% of his body tempering had already surpassed all quasi Heaven Realm experts. In addition, his combat strength was extraordinary. Killing Zhou Tai was simply too easy!

Zhou Tai wanted to use his cultivation, but he realized that his chest suddenly felt cold. A powerful cultivation erupted and pierced through his body!

He looked down and did not know when Zhou Hao’s palm had already pierced through his body.

## Chapter 429 - Blue Crystal

*Chapter 429: Blue Crystal*

**Translator:** Atlas Studios**Editor:** Atlas Studios

Zhou Tai did not understand how he had died!

He was clearly also a quasi Heaven Realm expert. Even if he couldn't defeat him, he wouldn't be instantly killed, right?!

However, he would never know the answer to this. The aura of death directly drowned him. His body had been shattered by Zhou Hao's cultivation. Whether it was his dantian or his heart, they were all destroyed and he had no hope of survival!

The next second, he closed his eyes. He was deadlier than dead!

Zhou Hao casually threw his corpse to the ground. With a flick of his finger, he condensed a wisp of flame and directly lit him up.

In the flames, he turned to ashes. Under the light, Zhou Hao's face was cold and ruthless!

"Xu Chang, you actually want to kill me. Just you wait. One day, I'll settle this score with you!"

Zhou Hao looked at the burned Zhou Tai and waved his hand. Immediately, Zhou Tai's body turned into ashes that disappeared from the world!

Zhou Hao ignored him and sped towards the Red Cliff Abyss!

'At the same time, Xu Chang had been waiting for Zhou Tai's news, his brows tightly furrowed.

"What's going on? Isn't he just a supernatural expert? Why hasn't he returned after so long?"

He did not dare to tell anyone about this matter. Although the Xu family was a big family, many things could only be done in secret and could not be done openly.

Therefore, only he and Zhou Tai knew about this!

However, two to three days had passed and there was still no news!

It was even to the extent that he was a little afraid after all contact had been cut off today!

Could Zhou Tai have encountered a mishap?

That shouldn't be the case. As a quasi Heaven Realm expert, it shouldn't be so easy for him to die. How could he suddenly be uncontactable?

"Damn, these martial artists are really unreliable. Trash, they're really trash!"

He snorted coldly. However, other than being anxious, it was useless!

At this moment, Zhou Hao had already entered the depths of the Red Cliff Abyss!

‘The Red Cliff Abyss was very large, much larger than the spatial rift. However, it was just a big piece of desert. Therefore, be it humans or mutated beasts, none of them were willing to work hard to develop this place. That was why this place had become so abandoned!

However, even so, there were still many foreign races stationed here!

Just Zhou Hao alone knew that there were several mutated beast groups!

“The Wilderness Golden Eagle is a quasi Heaven Realm expert. Kill it and accumulate some points and Heaven Dao coins.”

Zhou Hao was very casual. With his cultivation, killing this mutated beast was simply easy!

Zhou Hao, who was wearing the thousand feather armor, immediately turned silver-white. His body also sped up and directly headed for the territory of the Wilderness Golden Eagle in the wilderness.

At this moment, under a cliff in the desert, the Wilderness Golden Eagle was resting in its home.

It had been born in this desert and had not left ever since. Moreover, few people came to the Red Cliff Abyss so people did not know what was here!

However, the Wilderness Golden Eagle knew!

“Hmph, that group of trash even mocked me for being a coward. What a joke. This desert is filled with treasures. After I break through to the Heaven Realm, I’ll make them shut up!”

‘The Wilderness Golden Eagle was very happy in its cave. It looked at the huge blue crystal behind it with a strange expression!

“This treasure is really impressive. I’ve cultivated for decades and still haven’t exhausted its energy. I really don’t know what this is!”

The Wilderness Golden Eagle prostrated itself under the blue crystal. It was a hundred meters tall, but under the blue crystal, it was like a dwarf and was inconspicuous.

It greedily absorbed the Heaven and Earth essence energy emitted by the blue crystal to increase its cultivation.

However, at this moment, a strong wind arrived, making the Wilderness Golden Eagle immediately stunned.

It narrowed its eyes and could not help but say, "This is my territory. Who dares to come over without greeting me? They're simply courting death!"

The Wilderness Golden Eagle was furious. With a wave of its hand, it activated the mechanism and a wall directly landed forcefully, blocking the blue crystal.

It also flapped its wings and arrived outside.

At this moment, a silver light landed on his head!

"A quasi Heaven Realm human? Hmph, he's probably here to court death!"

The Wilderness Golden Eagle thought to itself, but it still looked at Zhou Hao.

Zhou Hao also sized up the Wilderness Golden Eagle. This guy's cultivation was quite high. Its quasi Heaven Realm cultivation was simply comparable to that big turtle!

"Kid, what are you doing here? Are you courting death? I haven't eaten human meat in a long time. Since you're here, I can also satisfy my cravings!"

The Desert Golden Eagle did not sense the danger at all and instead threatened.

Zhou Hao smiled. "Wilderness Golden Eagle, since I dared to come and find you, I naturally have the ability to kill you. Otherwise, I wouldn't have come to be your food!"

As he spoke, Zhou Hao's cultivation exploded with a bang. Without saying a word, he activated the God Slaying Art and the Nine Revolutions Overlord Body Art. With this, his aura exploded to around the Heaven Realm.

This immediately dumbfounded the Wilderness Golden Eagle!

"Damn, you're so damn strong!"

It was not stupid. On the contrary, it was very intelligent!

At this moment, after seeing Zhou Hao's strength, it was immediately dumbfounded!

"Why are you afraid? However, it's already too late. I came here today to kill you. If you don't have any last words, then die!"

Zhou Hao could not be bothered to waste his breath. He directly took out the Black Dragon Spear. Lightning filled the sky as he attacked!

'The Wilderness Golden Eagle was frightened. Without saying a word, it directly activated its cultivation to resist!

However, how could he be a match for Zhou Hao? With a single move, it was directly heavily injured. Blood spewed out crazily, and even half its limb was shattered by Zhou Hao!

'The Wilderness Golden Eagle's heart beat crazily. This human brat was too freaking powerful. He clearly only had a quasi Heaven Realm cultivation, so why did he suddenly explode with a Heaven Realm cultivation?!

It did not quite understand, but it knew that if this continued, it would definitely die!

"Big Brother Human, don't... don't kill me first. Let me go. I... I can pay!"

The Wilderness Golden Eagle immediately said. If it died here, there would be nothing left. It was better to live than to die. It was naturally fine if it could exchange something for its life!

"You? What reward can you offer? Wilderness Golden Eagle, stop struggling. There's no room for discussion when I kill you today!"

After his experience with the Iron Bone Bear King, Zhou Hao had never dared to underestimate these mutated beasts. Their intelligence was not much lower than that of humans!

With this Wilderness Golden Eagle's intelligence, it was no different from the Iron Bone Bear King and that old bastard!

The Wilderness Golden Eagle was frightened when it heard this. It immediately said, "Who said I don't have anything to offer? Little human brother, if you let me off, I... I'll give you my most precious treasure.. You'll definitely be satisfied!"

## Chapter 430 - Deal

'When Zhou Hao heard the Wilderness Golden Eagle's words, he immediately smiled. This guy was about to die, so it probably wouldn't play any tricks with him. Therefore, he should also see what treasures it had!

"Sure. If the treasure is good, I can consider sparing your life!"

'When Zhou Hao said this, the Wilderness Golden Eagle was immediately excited. In this day and age, everything was more important than life!

Moreover, it had lived for a hundred years before obtaining its current cultivation. It could not die because of a treasure!

"Big Brother Human, come with me!"

The Wilderness Golden Eagle flew directly to its cave. Zhou Hao naturally followed it in. His cultivation was very powerful, so he was not worried about this mutated beast!

After entering, Zhou Hao looked around and did not see anything useful. He frowned and could not help but ask, "Where's your treasure?"

The Wilderness Golden Eagle hurriedly said, "Please look here."

It did not hesitate and directly opened the mechanism. Immediately, a huge blue crystal appeared. When Zhou Hao saw this, he was immediately stunned!

He did not know what the crystal was, but he could sense that it was emitting a very powerful essence energy!

"What is this?!"

After saying this, the Wilderness Golden Eagle could not help but say, "This... I don't know either. I only know that this thing can cultivate essence energy. As for the others... I really don't know..."

Hearing this, Zhou Hao nodded. It was normal for it to not know. After all, even he himself did not know.

"Senior Murong, do you know what this is?"

After all, Murong Xun was a super expert at the twelfth-grade Heaven Realm. Perhaps he knew!

Murong Xun looked at this thing and also frowned tightly, his face filled with confusion.

"I don't know either. Moreover, this is the first time I've seen such a thing. Is this a gem or a mineral vein?"

Murong Xun suspected that this was a mineral vein or a gem.

However, how could there be such a gem in the Red Cliff Abyss? It was really surprising.

Zhou Hao looked at the Wilderness Golden Eagle and asked, "Has this thing always been here? Or did you bring it over?"

Zhou Hao asked this because he wanted to know where the other party had obtained this!

'The Wilderness Golden Eagle hurriedly said, "I... I found it here. This thing is very strange. I can't destroy it at all. Moreover, I can't take it away. It's as if it's locked here. There's nothing I can do about it, so I settled down here."

'The Wilderness Golden Eagle was not lying. If it could have taken it, it would have done so long ago. Why would it still be here?!

It was much better for it to find a more secluded place!

After all, this place could be easily discovered. Be it the foreign races or the humans, they all knew about this location. It simply wasn't safe.

Zhou Hao frowned when he heard this. He was a little depressed when he heard that he couldn't take it away.

"also, Brother Human, I've already absorbed this thing for decades but it doesn't appear to be drying up!"

The Wilderness Golden Eagle's words shocked Zhou Hao even more!

"It's still not depleted even after more than ten years!"

Zhou Hao looked at the Wasteland's Wilderness Golden Eagle. It was a freaking quasi Heaven Realm expert. The essence energy it absorbed was definitely not small. It had been ten years, but it had not been depleted at all!

It was simply a rare treasure!

"I see..."

Zhou Hao began to think of a solution. After all, he couldn't just stay here every day, right?!

Moreover, what if the Wilderness Golden Eagle decided to take revenge. It might very well return with one or two Heaven Realm beasts and ambush him.

Thinking of this, Zhou Hao felt that he had to control the eagle!

Fortunately, when he opened the treasure chest a while ago, he had obtained many treasures, including the Beast Control Ring.

Zhou Hao actually felt that this thing was useless. Even if he succeeded in controlling the beast, it still wasn't very useful. This was because when Zhou Hao was too far away, he would lose control of the beast. At this moment, he was unable to control the Red Gold Flame Lion precisely because of the

distance between them.

Moreover, his cultivation level was too low for Zhou Hao now.. Zhou Hao really had no use for it, so he ignored it!

However, this gem was very important. Zhou Hao still felt that using the Beast Control Ring at this moment was the most appropriate!

"If you give this to me, I will spare your life. This is the agreement we reached previously, right?"

Zhou Hao thought carefully and said.

'The Wasteland Gold Eagle immediately nodded. "Thank you, Big Brother Human. Then can... can I leave now?"

In fact, it was also selfish. If it left like this, it would be safe. Moreover, it would not be too difficult for it to snatch the gem back!

'As long as it could find a Heaven Realm expert and entice the other party, it would be able to return. After all, this treasure was not going anywhere.

Moreover, given that this treasure could not be depleted, it would also be able to continue to cultivate after gaining permission from that Heaven Realm expert.

Therefore, it was anxious to leave and find someone to kill Zhou Hao!

'When Zhou Hao heard this, he knew that this guy was planning on coming back with help. He sneered.

"I'm not done talking yet. Don't be in a hurry to leave. I still want to make a deal with you. Of course, you have to agree to this deal. Otherwise, I'll kill you even if I have to break the agreement!"

Zhou Hao's sudden words stunned the Wasteland Gold Eagle for a moment. It hurriedly said, "Big Brother Human, you can't be so shameless. You promised not to kill me. Why... Why do you still want to kill me?!"

"I didn't say I wanted to kill you. I said I wanted to make a deal with you. If you don't agree, I'll kill you. You see the difference?"

"Moreover, you're in no place to negotiate. Whether you get to live or not will be up to me. If you're disobedient, I can only choose to kill you."

Zhou Hao knew that this guy was afraid of death. In that case, he would use this method to threaten him.

"This... this..."

The Wilderness Golden Eagle understood. It was angry, but what could it do?!

"Then... then tell me!"

It still said helplessly.

"It's very simple. I can let you continue to absorb this treasure here, but under the premise that you submit to me." Zhou Hao said.

The Wilderness Golden Eagle in the Wasteland was still wondering what Zhou Hao's condition was. Hearing this, it immediately agreed.

"Of course. I'll submit to you!"

Although it said this, it still sneered secretly. It was thinking of returning with a big shot to get rid of Zhou Hao.

Compared to humans, it still preferred to trust foreign races!

## Chapter 431 - Lost Contact

Zhou Hao narrowed his eyes and sneered when he saw the Wilderness Golden Eagle's reaction. He naturally knew what it was thinking!

"Wasteland Gold Eagle, don't think it's that simple. What I mean is this. I will insert something into your body that will make you listen to me. After all, it's useless to just agree verbally. If you're disobedient, I'll be able to kill you with a thought. Therefore, if you want to submit to me, you have to insert

this thing into your body!"

After Zhou Hao finished speaking, the Wasteland Golden Eagle was immediately dumbfounded. It turned out that this was what he meant!

"Big Brother Human, aren't... aren't you being too much?!"

The Wasteland Gold Eagle immediately could not help but speak out. What was the difference between doing this and dying? If it disobeyed him, it would die. Wouldn't that mean that its life would still be in danger in the future?!

"Too much? Don't think I don't know what you're thinking. You're probably thinking about getting help after you leave, right? At that time, you can ambush me and kill me. After that, you can continue to reap the benefits of this gem, right?"

Zhou Hao directly exposed the other party's thoughts, making the Wasteland Gold Eagle's expression change drastically. It did not expect this human brat to think of this!

"Hehe, Wasteland Gold Eagle, you're really underestimating me. Do you think I don't know what you're thinking? I'll give you two choices now. One is to die here. The other is to listen to me and let me insert the Beast Control Ring into your body. Choose!"

'As Zhou Hao spoke, he took out his Beast Control Ring. At the same time, he held the Black Dragon Spear tightly in his other hand. The spear light emitted cold killing intent as he pointed at the Wasteland Golden Eagle!

The Wilderness Golden Eagle in the Wasteland was furious. He did not expect this human to be even more shameless than him. It was furious!

However, it had no choice but to accept its fate!

"I... I choose to submit!"

It could only lower its head. Instead of dying now, it might as well submit. If this brat died one day, wouldn't it be free?!

Zhou Hao smiled. He knew that the other party would definitely make this decision. Therefore, he directly implanted this Beast Control Ring into its body.

Immediately, a force controlled the Wasteland Golden Eagle. As for Zhou Hao, with a thought, he could end its life at any moment!

“Alright, you can continue to cultivate here. However, my request is that you can’t let this place be discovered. Otherwise, you still won’t be able to escape death. Do you understand?”

Zhou Hao ordered.

‘When the call connected, Bai Linglong’s voice sounded.

“Little guy, you haven’t contacted me for a long time. I heard that you’ve also broken through to the supernatural level. Congratulations.”

Bai Linglong was very happy. After all, she was the one who had raised Zhou Hao. Although it had only been a short year, they were still somewhat close!

“Instructor Bai, I... I wanted to contact you, but I was afraid that you would be busy.” Zhou Hao coughed dryly and could not help but say.

“Haha, alright, I’ll forgive you. Tell me, what’s the matter?”

Bai Linglong smiled and said, not caring at all!

“It’s like this, Instructor Bai. Xu Ling has been taken away by the Xu family, but I can’t contact her now. It’s been a few days. I’m a little worried, so...”

Zhou Hao was really somewhat embarrassed, but he still had to ask!

‘When Bai Linglong heard this, she understood and sighed. “Sigh... Zhou Hao, I’m really sorry. I really can’t help you. Although we’re both from one of the Green Cloud Division’s twelve families, I can’t interfere in their matters at all. Therefore, I can’t help you much.”

After saying this, Zhou Hao was very depressed. If even Bai Linglong couldn’t help him, who could he ask for help?

Could Zhu Zao be able to help?

However, with Zhou Hao’s identity, he was unable to contact Zhu Zao at all. Should he consider recovering his identity as Senior Zhou?

Zhou Hao also felt that it was not appropriate.

At this moment, Bai Linglong said, “Zhou Hao, I know what you’re thinking, but... the Xu family is not an ordinary family. I’ve also heard of the Xu family’s way of doing things.

Therefore, I feel that the relationship between you and Xu Ling is a little difficult, but it's not impossible."

Bai Linglong's first words surprised Zhou Hao a little, but her next words made Zhou Hao's expression change!

Bai Linglong naturally had her reasons for saying this!

"Instructor Bai, tell me if there's anything going on.. I want to know!"

## Chapter 432 - Battle God Battalion

Bai Linglong sighed and pondered for a long time before saying, "Zhou Hao, I know your situation. I also know the relationship between you and Xu Ling.

However, the Xu family is a huge obstacle. Their Xu family values absolute power and strength. You're only a supernatural expert, so they naturally don't think much of you."

"But what if you're at the Heaven Realm or above? Even the Xu family will value you. Moreover, Heaven Realm martial artists have a certain level of authority!"

Therefore, you have two choices. One is to have absolute strength and make the Xu family have no choice but to take you seriously. The other is to have absolute status, which will also make the Xu family take you seriously.

However, it should be impossible for you to become a Heaven Realm expert in a

short period of time. Even if you have extraordinary talent, you still need time.

You can wait, but Xu Ling might not be able to!"

Bai Linglong had only spoken the truth. Zhou Hao naturally understood and also knew that only absolute strength would be valued by the Xu family!

And this strength, other than martial strength, was status!

The former was difficult to establish in a short period of time, but the latter might be possible!

Zhou Hao could tell from Bai Linglong's words that this was what she meant!

"And my current suggestion is status. Of course, with your current strength, it's probably very difficult for you to make a name for yourself and impress the Xu family. The best way is to have a backer. Sigh... if your master was still around, perhaps this matter could have been done. However... Forget it, let's not talk about your master."

Bai Linglong sighed and was somewhat depressed.

Therefore, what you need now is a backer, a backer who is at least a fifth-grade Heaven Realm expert!"

When Bai Linglong said this, Zhou Hao sighed. Where could he find such a backer? Wasn't this a joke?!

Moreover, this was a private matter. How could a big shot help him offend the Xu family? Wasn't this a fantasy?!

"Instructor Bai, I'm afraid what you're saying is not easy to do either." Zhou Hao could not help but say!

Bai Linglong smiled. "Actually.. that's not impossible. Although our human race has seven large divisions, there are still other organizations that are not

inferior to our division. And among them, there's really a place that's most suitable for you!"

When Zhou Hao heard this, he was stunned for a moment and could not help but say, "Where?!"

"Battle God Battalion!"

Bai Linglong took a deep breath. After she finished speaking, Zhou Hao was immediately stunned!

Battle God Battalion?

He really did not know and had never heard of this before!

"The members of the Battle God Battalion are all very talented warriors. Not only do they resist the mutated beasts and powerful enemies, but they also have the responsibility to supervise the human experts. However, the entry requirements are very high. Only geniuses have the chance to join!"

"And you.. indeed have the chance to join the Battle God Battalion. If you want, I can help you apply. At that time, whether or not you can enter will depend on you!"

After Bai Linglong finished speaking, Zhou Hao took a deep breath and nodded.

"I'll join!"

Bai Linglong smiled. "You can join if you want to. However, I still have to tell you that the Battle God Battalion is very dangerous. The missions they carry

out are all extremely dangerous. It's not as simple as resisting the spatial rift. It has to be known that Planet Earth is so big and there are many potential dangers. They are dealing with all types of enemies!"

"However, the advantage is that the status and authority of those who join the

Battle God Battalion will be different. No one is willing to offend the Battle God Battalion. Even our Green Cloud Division does not dare to. Although they don't interfere with the matters of the various divisions, to a certain extent, the Battle God Battalion definitely has the right to rule our Green Cloud Division!" Bai Linglong's words shocked Zhou Hao greatly. He had never expected such a place to exist!

"However, the time for this application will not be short. Wait patiently. I still can't give you an accurate answer!"

Bai Linglong smiled.

Zhou Hao was very grateful and could not help but say, "Thank you, Instructor Bai."

"There's no need to thank me yet. Actually, I'm not only doing this for you, but also for your master.."

Although Bai Linglong did not elaborate further, Zhou Hao still understood!

Senior Zhou was now wanted and there was nothing she could do about it. She also hoped that Zhou Hao could develop well in the Battle God Battalion and have a chance to decide on Senior Zhou's matter!

At the same time, Xu Chang was sitting in his office with a frown.

He looked out the window with an incomparably solemn expression and could not help but think to himself, Where did this person die?

It would be fine if he was really dead. However, if he was not, what would Xu Chang do if Zhou Tai exposed him?

After all, Zhou Tai was a quasi Heaven Realm expert. If he died, it would not be good for the family.

If Zhou Tai was killed by the mutated beasts, it would not be a big deal. After all, many experts died at the hands of the mutated beasts every year.

However, if he died in the hands of humans or was controlled, what would Xu Cahng do if the order for assassination was exposed?

After all, Zhou Hao was someone specially nurtured by the division and was a relatively powerful expert. If he was really exposed, he probably wouldn't be able to answer to the people of the division.

The more he thought about it, the more furious Xu Chang became. He could not help but have a worried expression.

If Zhou Tai was still alive, he would probably think of a way to contact him.

However, since Zhou Tai did not contact him, there was a high chance that Zhou Tai was dead.

However, he couldn't understand why an expert at the quasi Heaven Realm would have an accident when killing a supernatural expert?

This did not make sense!

"Could it be that Zhou Hao's master, Senior Zhou, has made a move? He was wanted and couldn't be found at all. Perhaps he's hiding beside Zhou Hao!"

"After all, no one has seen this Senior Zhou before. That's right, that must be the case!"

Only Senior Zhou has the strength to kill a quasi Heaven Realm expert!"

Xu Chang took a deep breath. The more he thought about it, the more he felt that his guess was right!

"I'm just afraid that Senior Zhou didn't kill him and instead captured him. If I get exposed, I'll be done for!"

Xu Chang's eyes were filled with worry and hesitation. After thinking for a moment, he could not help but wonder if he should tell this to his father.

If his father knew, the two of them could still discuss a countermeasure. At that time, his father might even be able to help him come up with an idea to resolve this problem.

However, would his father blame him for acting rashly?

After thinking about it, Xu Chang gritted his teeth and his eyes were filled with determination. He prepared to tell his father about this so that his father could help him think of a way to resolve this matter.

Thinking of this, Xu Chang went straight to his father's office.

At this moment, Xu Chang's father, Xu Donglai, was reading documents. The door was pushed open and his son, Xu Chang, walked in with a worried expression.

"Dad, I have something to tell you. Are you free?"

Xu Donglai was stunned for a moment. Seeing his son's anxious appearance, he was somewhat surprised. He had not seen his son like this for a long time and was immediately puzzled.

All along, with the support of the Xu family, his son had always been fearless and knew his limits. Such a situation was very rare, so he guessed that something must have happened!

“Chang’er, what’s wrong?”

Xu Chang frowned and could not help but ask!

Xu Chang took a deep breath and was somewhat nervous. He did not know if he should tell his father about this. However, he was unable to resolve this matter. If he did not tell his father, who would he tell?

If anything happened, he did not have the ability to resolve the situation!

After all, this Zhou Hao was from the elite team and was a subordinate nurtured by Heavenly King Zhu!

Of course, he did not care about Heavenly King Zhu either. Their Xu family was not so afraid of a Heavenly King Zhu!

However, Heavenly King Zhu was backed by Sword King Qing!

That person was not a simple Heaven Realm expert, but a true big shot with high authority!

This person was the strength of the Green Cloud Division. There were even rumors that said that as long as Sword King Qing was around, the spatial rift would be fine!

Now that Xu Chang had harmed the elites they had carefully nurtured, he had basically disrespected them

Moreover, the human race had a rule that prohibited them from killing each other. Although this rule was dispensable to large family clans like theirs, it still depended on who the other party was!

Xu Chang finally understood!

“Hmph, at least you’re still able to understand. That Senior Zhou has the strength of a peak quasi Heaven Realm expert, but his combat strength is not inferior to a Heaven Realm expert. In fact, I feel that since he had not appeared for such a long time, it’s very likely that he already broke through to the

Heaven Realm. Moreover, he even knows how to use Genesis Runes. Do you know what kind of power that is?!”

Xu Donglai’s expression was also solemn as he continued, “It would be fine if he killed Zhou Tai. However, I’m afraid that he didn’t kill Zhou Tai and instead imprisoned him. If they find an opportunity to publicize this matter, it will undoubtedly bring endless trouble to our Xu family!”

Xu Chang was frightened. If it was really Senior Zhou that made a move, it would really be over!

“It’s over, it’s over... If it’s really that person, what should we do? So many divisions have tried to capture him, but they haven’t been able to do so. If he wants to take revenge on us, it won’t be easy for us to entertain him!”

Xu Chang could not help but say.

Xu Donglai was furious. He snorted coldly and said, “Even without Senior Zhou around, do you think you can still do as you please?”

“It’s not like you don’t know. The elite team was established by Heavenly King Zhu Zao. Moreover, this matter has received the full support of Sword King Qing. If you touch his students, aren’t you basically slapping him in the face

“Moreover, there’s also the Bai family and the Yang family. They’re not easy to deal with. Bai Linglong is their instructor, and so is Yang Hui. Although Zhou Hao and the others are only supernatural experts, their backgrounds are not bad either. Bai Linglong and Yang Hui are not simple to deal with either

if they choose to take revenge. It will be quite troublesome if they do end up standing up for Zhou Hao!”

Xu Donglai was furious and said angrily. He really expected better from his son. He did not expect his son to be so useless. He was simply brainless!

When Xu Chang heard this, his face turned pale and he was even very anxious.

“Dad, what should we do? I... I didn’t want to kill him... I only did it so that Ling’er can be together with the young master of the Long Family... I thought that killing Zhou Hao would cut off Xu Ling’s thoughts. Our families can become in-laws and our relationship will improve. But who would have

expected... that this would happen!”

Xu Chang was extremely regretful, but it was too late to say anything now!

“Tknow what you’re thinking, but you still acted too rashly. Moreover, why use our Xu family’s people to kill him? Isn’t this giving them leverage to use against us? You should have gotten someone else to kill him. In this day and age, killing people and hiring assassins is too easy. Why did you have to take

this risk?!”

Xu Donglai sighed. Now that it had already happened, it was useless to blame his son.

He thought for a moment and said, “Actually, it might not be as bad as we think. Zhou Hao is not dead now, but we can’t contact Zhou Tai.. Perhaps Zhou Tai died somewhere else?”

*Chapter 434: Long Aotian*

Xu Chang was stunned for a moment. After hearing this, he was somewhat surprised, but he quickly understood!

“Dad, are you saying that Zhou Tai’s disappearance might not necessarily be related to Zhou Hao?”

Xu Chang could only think so. Of course, this was the best outcome!

“That’s right. Or perhaps we’re overthinking things. After all, Zhou Tai’s strength is evident. If he attacked Zhou Hao, Zhou Hao would very likely die. If Senior Zhou did personally take action, even if Zhou Tai can’t defeat him, it’s still possible for Zhou Hao to escape. Therefore, I feel that it might not

necessarily be related to Zhou Hao. Perhaps... the things in the Red Cliff Abyss have come out!”

Xu Donglai frowned and analyzed.

“Are you talking about the so-called spirits in the Red Cliff Abyss?”

Xu Chang was immediately shocked and could not help but say!

“Perhaps, but without the exact information, I can’t say. However, no matter what, this is still a problem. You have to pay close attention. It’s been so many days, but there’s still no news. It might not be a bad thing for us.”

Xu Donglai could only comfort himself like this.

“Tunderstand, Dad.” Xu Chang took a deep breath.

“Oh, right, how are Xu Ling and Young Master Long doing?” At this moment, Xu Donglai suddenly said.

“Not good. After Xu Ling returned, she stayed in the training base all day and rarely came out. Young Master Long did go there a few times, but after saying a few words, Xu Ling left. I can tell that Xu Ling is deliberately avoiding Young Master Long!”

Xu Chang said and sighed!

“Treally don’t understand what Xu Ling is thinking. Young Master Long is the future successor of the Long Family. Although he’s not in the martial path, he’s still in charge. That man from the Long Family is the pillar of the Green Cloud Division and it will remain so for decades. Why doesn’t she think

about the family?!”

Xu Chang was very angry and said directly. His tone was filled with dissatisfaction!

“After all, she’s from a side family. It’s normal for her to not be able to see the big picture. However, try not to offend Xu Ling so easily. After all, she’s a genius of the Xu family and has been nurtured to marry into a rich family from the start. She has to take this path.”

Xu Donglai tapped the table with his finger and said softly. This matter had long been planned. It was not something that Zhou Hao could mess up!

“I don’t think she has the intention to marry at all. She cultivates all day because she wants to break through to the Heaven Realm. Moreover, after coming to the Xu family headquarters, she has more resources and is improving very quickly. Father, I don’t understand what’s so good about that Zhou Hao.

He’s just a supernatural expert. If he was a Heaven Realm expert, we can still arrange it. What’s the use of a mere supernatural expert?!”

It was Long Aotian that she hated the most.

Long Aotian was wearing a suit and a pair of sunglasses. He was holding 99 roses and looked handsome and carefree. He walked in front of Xu Ling with a smile.

The moment Xu Ling saw Long Aotian, disgust immediately flashed across her face.

However, this disgust quickly disappeared and she looked at him indifferently. She asked unhappily, “Why are you here?”

Long Aotian's eyes were filled with eagerness as he chuckled and leaned in front of Xu Ling. He said to her, "Hehe, these are some roses I specially ordered for you. Do you like it? It especially suits your temperament and identity!"

Long Aotian immediately handed the roses in his hand to Xu Ling.

However, Xu Ling's eyes were filled with incomparable disgust. She suppressed the displeasure on her face and said indifferently, "Sorry, I'm allergic to flowers. I'm afraid I can't accept this."

In fact, Xu Ling was not allergic to flowers at all. She only said that to reject Long Aotian.

Long Aotian was stunned for a moment before he immediately felt incomparably frustrated.

Long Aotian regretted not having investigated this matter properly previously. Now that he had almost given her roses that she was allergic to, he did not know how to make it up to her.

In order to not let Xu Ling feel annoyed, Long Aotian immediately threw the roses into the trash box at the entrance of the training base. Then, he arrived beside Xu Ling and followed her forward.

"Sorry, I didn't know you were allergic to pollen. It's my fault."

"It's fine. Just don't give me anything in the future."

Xu Ling said coldly, not giving Long Aotian a chance at all.

Long Aotian was not discouraged and immediately took a step forward. He smiled and urged, "Give me a chance to apologize to you. How about I treat you to a meal?"

"I know a new western restaurant nearby. It's said to taste especially good!"

Xu Ling did not even look at Long Aotian and rejected indifferently, "Sorry, I've eaten today. My stomach is very swollen now, and I can't eat anything."

"Then... then how about we have a drink? Let's go to a drink shop."

## Chapter 435

*Chapter 435: Sleazy Dog*

**Translator:** Atlas Studios**Editor:** Atlas Studios

Before Long Aotian could finish speaking, Xu Ling stood rooted to the ground and berated him with displeased eyes, "Long Aotian, can't you mind your own business? Why do you have to pester me?"

Xu Ling was very angry. Why was this person following her around like a dog? Did he not know that she did not want to be bothered by him now?

Long Aotian was also somewhat agitated. After all, he was the grand young master, so when had he ever suffered such humiliation?!

However, he did not flare up. Instead, he smiled. "Xu Ling, actually, I'm not pestering you. I'm doing this for the sake of our families. I think you should understand what I mean!"

'When Xu Ling heard this, she was even sadder. Did her family nurture her to be this man's nanny and bodyguard? Did she have to sacrifice herself?!

She was very angry and did not understand why the Xu family did this!

"Sorry, I don't understand," Xu Ling said with disgust.

"Hehe, you don't understand? Xu Ling, I don't believe you don't understand. I can tell you the truth. Your Xu family approved of our relationship. Otherwise, I wouldn't have pestered you. Although I know you don't necessarily like me, I still have to say that I'm the perfect match for you!"

Long Aotian smiled. Now, he no longer had the intention to curry favor. He was a little agitated and was prepared to expose the truth.

"Perfect match? Young Master Long, I don't understand what you're talking about. Moreover, I don't have any thoughts about marriage now. I just want to cultivate and work for the human race," Xu Ling said directly.

"Hai, isn't it just killing mutated beasts? Your contribution will only be insignificant. Moreover, fighting and killing is too vulgar and boorish. It's meaningless."

"Moreover, the martial artists now are not worth anything at all. To a big family like ours, a mere supernatural expert is nothing!"

Long Aotian naturally had the right to say this. The Long Family was even stronger than the Xu Family!

However, when Xu Ling heard this, she was even more furious. This person simply made her want to vomit. She really did not understand why the Xu family wanted her to marry him!

“Young Master Long, I advise you to be more respectful to martial artists. You’re wearing a suit and leather shoes. You’re dressed like a sleazy dog, but it was all thanks to the martial artist you think is worth nothing!”

After Xu Ling finished speaking, she ignored him and disappeared.

Long Ao was furious. He stepped on the ground angrily!

At this moment, Zhou Hao was lying in bed and lost in thought.

He did not know what the Battle God Battalion was, but since Bai Linglong had recommended it so strongly, Zhou Hao still felt that this place might really be able to help him achieve his goal!

Therefore, he was very anxious for Bai Linglong’s news!

Transacting with mutated beasts was also a solution!

“I didn’t expect it to be like this!”

Zhou Hao snorted as disgust rose in his heart.

However, in the end, this matter was related to him. He couldn’t just sit idly by!

“What level is this Soul-devouring Beast?” Zhou Hao asked.

“Quasi Heaven Realm. However, this Soul-devouring Beasts combat strength is very strong, Its most proficient attack method is soul attacks. It feeds on souls and uses its brain to release superconducting waves to release intense lethality. Ordinary martial artists are really not its match. I’m afraid that

it’ll even be very difficult for me to win against it!”

The Wilderness Golden Eagle said.

“Tunderstand.” Zhou Hao smiled and said.

After saying this, Zhou Hao left. Since he had figured out what was happening, the matter had become easy to resolve!

Zhou Cangdao wanted to eliminate the people in the Red Cliff Abyss. Zhou Hao also had the same goal. It was better for Zhou Hao to sit by and let Zhou Cangdao help him accomplish this goal!

However, how could Zhou Hao agree to give half of the Red Cliff Abyss to the Soul-devouring Beast?

Therefore, after they cleaned up the Red Cliff Abyss, it would also be time for him to take action!

Zhou Hao ignored this matter. At this moment, Bai Linglong's news arrived!

"Zhou Hao, there's news from the Battle God Battalion. They decided to give you a chance to join the assessment. If you pass the assessment, you can officially join the Battle God Battalion!"

Bai Linglong's words made Zhou Hao very excited. He hurriedly said, "What's the assessment?"

Bai Linglong did not know either. "I really don't know about this, but someone will tell you about it. Moreover, I've already spoken to the higher-ups of the Green Cloud Division. It's mainly thanks to Heavenly King Zhu that you were given this opportunity."

Zhou Hao smiled. He did not expect Heavenly King Zhu to help him.

Perhaps it was because of Senior Zhou!

"Over the next two days, Heavenly King Zhu will go to your place and learn about Senior Zhou's situation. Just tell the truth." Bai Linglong said.

Zhou Hao frowned when he heard this..

## Chapter 436 - Black Demon

*Chapter 436: Black Demon*

**Translator:** Atlas Studios**Editor:** Atlas Studios

Zhou Hao frowned. Heavenly King Zhu was probably visiting him for Senior Zhou!

After all, this was not a small matter in the Green Cloud Division!

Zhou Hao was somewhat worried. He did not know why Heavenly King Zhu was looking for him!

However, Zhou Hao still agreed.

“Alright, Instructor Bai, don’t worry. I’ll definitely tell him everything I know.”

Bai Linglong did not say anything else and immediately hung up.

After hanging up the phone, Zhou Hao took a deep breath and opened the Heaven Dao software.

Zhou Hao had not opened the Heaven Dao software for a while. He had just opened it when the chat exploded.

“The big shot is here!”

“Heavens, the big shot is finally here!”

“Big shot, what are you going to do this time? Are you still going to dominate the screen?”

Zhou Hao smiled and could not be bothered to answer. He directly opened the shop!

Although he did not have much money, Zhou Hao still wanted to see if there was anything good. Most importantly, Zhou Hao wanted to see what the blue crystal was!

However, Zhou Hao did not find it after searching for a long time. He still did not know what it was!

Zhou Hao exited the Heaven Dao software and ignored it. At this moment, Zhou Hao’s expression changed and his face was immediately filled with ecstasy.

“Master, I’ve already finished devouring the intelligent entity!”

Little Yu’s voice sounded in Zhou Hao’s mind, shocking him!

“It’s actually so fast. I thought you would need more than a month!”

Zhou Hao could not help but speak. It had only been a month since Little Yu started devouring the outer space intelligent entity. He did not expect it to finish so quickly!

“I didn’t expect it to be so fast either. After devouring it, I’ll be able to master all of its existing mechanical structures. Master, you can come and find me. I can tell you about it.”

After Little Yu finished speaking, Zhou Hao became anxious. His body moved, and he arrived at the Red Cliff Abyss where Little Yu was.

It was still the same cave. After Zhou Hao walked in, he felt different.

This originally unfamiliar cave had become so intimate at this moment. It was as if he could control everything here.

“Little Yu, I’m here.” Zhou Hao arrived and said directly.

Immediately, the cave changed. The wall moved and directly revealed a metal wall. It was completely black and very deep.

‘The surrounding light lit up, and a long beam of light seemed to shine from the wall, illuminating the path in front. Although it was bright, it was not dazzling at all.

Zhou Hao followed this path to the end. When he arrived, he was stunned for a moment!

This was like the cockpit of a plane, but it was very simple. There was only a chair and a huge screen in front of it. At this moment, all kinds of data were displayed on it, making Zhou Hao stunned for a moment.

“Is this... a spaceship?”

Zhou Hao also knew a little about spacecraft. Some of the human flying equipment was very well made. For example, those fighter planes were all high-tech. However, Zhou Hao still felt that this spacecraft was definitely a level higher than the human fighter planes!

“Master, welcome to the Black Demon.”

Little Yu’s voice sounded, and then the cockpit lit up.

“Black Demon? What do you mean?”

Zhou Hao could not help but ask.

“It’s like this, Master. This Black Demon is a legendary-level warship. Because it’s made of Black Demon Stone, it’s completely black and is very fast. Moreover, its combat strength is like a demon, so it was named Black Demon. And now, the Black Demon’s intelligent entity has been devoured by me. The

owner of this warship is now you.”

Little Yu smiled and said with a voice that was filled with humanity.

Zhou Hao sat in a chair. Although he was shocked, he quickly accepted it. He had already learned about outer space civilization from the Azure Dragon King, so he was not that surprised by this warship.

Di!

At this moment, the appearance of a spaceship appeared on the screen. This spaceship looked very exaggerated. The oval-shaped warship body had two huge bone spikes, looking ferocious and terrifying like the crown of a demon. It was very domineering!

“What Master saw was the appearance of this warship. However, it is currently severely damaged and many functions are unable to be activated. Flying is also very difficult and it can only maintain the basic functions. However, it is similar to the Thousand Feather Armor and is self-repairing, However,

the energy needed to repair it is incomparable to the Thousand Feather Armor!”

After Little Yu finished speaking, many red parts appeared on the black three-dimensional pattern on the screen. Zhou Hao knew that these red parts must be severely damaged. After taking it a look, he realized that 90% of them were damaged.

“It’s so severely injured. Can it still be repaired?” Zhou Hao asked worriedly.

“Master, the core energy supply reactor of the Black Demon is no longer here. If it is, it will recover very quickly!” Little Yu said at this moment.

‘These words made Zhou Hao suddenly think of something and he hurriedly said, “Core reactor? Is it a blue crystal?!”

After Zhou Hao finished speaking, Little Yu was stunned for a moment and hurriedly said, “Yes, Master!”

Di!

As he spoke, a blue crystal appeared on the screen. It was the one guarded by the Wilderness Golden Eagle!

“That’s the one. I know where it is!” Zhou Hao said excitedly.

“That’s great, Master. This reactor is a product of an ancient civilization. It has nearly unlimited energy and can provide energy to the ship continuously. At the same time, it

can also provide you with an endless supply of essence energy cultivation. Master, where is it now? Let's go and retrieve it!"

Little Yu was very impatient. After all, this thing was a part of this spacecraft. If he could retrieve it, repairing it would be very easy!

"alright!"

Zhou Hao immediately changed into the Thousand Feather Armor. At the same time, Little Yu activated this spacecraft. Immediately, the entire mountain shook. Zhou Hao could sense a huge thing rising from the ground!

The screen in front of him immediately turned into a transparent glass that could see everything outside!

Zhou Hao identified the direction and directly led Little Yu away. Not long after, they arrived at the location of the Wilderness Golden Eagle.

'The Wilderness Golden Eagle was frightened by this scene, but it only heaved a sigh of relief when it saw Zhou Hao in silver armor.

"Master, what... what's going on?!"

'The Wilderness Golden Eagle was simply frightened to death. What was this black thing?!

"Don't ask what you shouldn't know."

Zhou Hao did not want to tell him. There were some things that he did not want to reveal. It was not because he was worried that the Wilderness Golden Eagle would betray him, but because there was no need for him to tell it!

Little Yu directly controlled this flying ship and projected a strange light that shone into the cave. Immediately, a blue crystal was slowly absorbed by the flying ship.

'The moment the blue crystal entered the spacecraft, Zhou Hao felt an endless essence energy spread out from the cabin!

## Chapter 437 - Zhu Zao's Request

*Chapter 437: Zhu Zao's Request*

**Translator:** Atlas Studios**Editor:** Atlas Studios

“Master, the core reactor has been fully absorbed. It’s only a matter of time before we fully repair this spaceship!”

Zhou Hao was somewhat depressed when he saw such a huge spacecraft.

“Little Yu, you should hide the spaceship. It’s too big and too conspicuous.”

Zhou Hao knew that this spacecraft could only be used when he entered outer space in the future. Now, it was basically useless.

Little Yu did not say anything else and directly burrowed the ship into the ground. It was immersed in the ground for a hundred meters and concealed all its aura.

“Wilderness Golden Eagle, you’re not allowed to tell anyone about today’s matter. Your mission is to protect this spacecraft. If anything happens, believe me, I’ll make you die a very ugly death!”

Zhou Hao ordered the Wilderness Golden Eagle.

The Wilderness Golden Eagle naturally did not hesitate and immediately agreed.

Zhou Hao did not know what level Little Yu was at as an intelligent entity but he felt that it was at least much stronger than this Black Demon’s intelligent entity. While it was controlling the spacecraft, it could also keep its consciousness in the Thousand Feather Armor. In other words, it could control

both the Thousand Feather Armor and the Black Demon from anywhere on Planet Earth!

Zhou Hao was also very surprised by this, but Little Yu gave a clear answer.

“Because Planet Earth itself is very small. My signal acceptance is at the cosmic level. In other words, my signal can cover the entire Planet Earth. At its peak, it can cover the entire Solar System!”

After saying this, Zhou Hao was extremely shocked. This signal covered the entire Planet Earth. Such ability was probably impossible for the humans and Machine Race on Planet Earth!

Just as Zhou Hao left and returned to the Red Cliff Abyss, he received news from Heavenly King Zhu. Zhou Hao hurriedly waited in the Commander Residence.

However, Heavenly King Zhu came in secret this time and did not take the plane like Xu Chang and the others.

Of course, Heavenly King Zhu's cultivation was at the Heaven Realm. Even ordinary planes were probably unable to compare to him!

"Zhou Hao, long time no see. I didn't expect you to break through to the supernatural level so quickly."

Heavenly King Zhu still had a big belly and looked amiable.

"Greetings, Heavenly King Zhu," Zhou Hao hurriedly said.

Although he had interacted with this guy many times, that was only with Senior Zhou's identity. And now, this was the first time he was meeting him with Zhou Hao's identity.

"There's no need to be so polite. Zhou Hao, I heard from Bai Linglong that you want to join the Battle God Battalion. Originally, with your background, it's very difficult for you to enter. The Battle God Battalion is a special organization that's on par with the seven large divisions. Not only do you need to

have talent, but you also have an absolute background and faction to enter."

"However, I still let you in because of my selfishness!"

When Heavenly King Zhu said this, Zhou Hao narrowed his eyes and had a guess!

"I know. You might have already guessed it. It's because of Senior Zhou!"

When Heavenly King Zhu said this, his tone was solemn. Zhou Hao could sense that be it Zhu Zao, Bai Linglong, or even his comrades who were fighting alongside him, they did not believe that Senior Zhou would threaten the humans!

However, this was an order from the higher-ups. They were helpless!

They had refuted and questioned this order before, but no one could change it. This was not something that could be changed just because of someone's will!

'When Zhou Hao heard this, he asked, "Heavenly King Zhu, are you still trying to arrest my master?"

'The fact that Zhou Hao was Senior Zhou's disciple was basically a semi-official matter. There were many people who knew about it, and Zhou Hao did not hide it.

Zhu Zao nodded. "That's right. This matter can't be changed. However, don't worry. Fortunately, no one knows the exact clues about Senior Zhou now. Therefore, even if

we want to capture him, it's still very difficult. There's no need for us to worry about him. Instead, I'm worried about you!"

Zhu Zao looked at Zhou Hao. "Entering the Battle God Battalion is very dangerous. However, in comparison, your future development is also limitless. I can tell you clearly that the Battle God Battalion is an elite among the human elites. The foundation for joining the Battle God Battalion is to become a

supernatural expert. As for you, you just passed the basic requirement!"

"To be honest, Zhou Hao, as a higher-up of the Green Cloud Division, I don't want you to join. However, for the sake of your personal development, I still want you to join. This is also the reason why I secretly came to see you this time."

"I don't want others to know that I was the one who recommended you to enter the Battle God Battalion. I'm worried that someone will interfere in the Green Cloud Division. As for why, I think you can guess even if I don't tell you. Let's not talk about it."

After Zhu Zao finished speaking, he directly took out a gold badge with a fist engraved on it. It looked very imposing.

"This badge is your identity, but you still need to go through an assessment. I don't know what the assessment is exactly. Someone will contact you."

With that said, Zhu Zao patted Zhou Hao's shoulder.

"Only have one request. After you join the Battle God Battalion, you have to think of a way to protect your master, understand?!"

After Zhu Zao finished speaking, Zhou Hao smiled.

"Heavenly King Zhu, don't worry. I will!"

Zhou Hao actually wanted to say that Senior Zhou did not need protection at all because Senior Zhou would not appear in the future!

"Alright, I'll go back first. You have a week to return to Qu City. This is because after you join the Battle God Battalion, you might not be able to return to Qu City for a long time."

Heavenly King Zhu knew Zhou Hao's identity very well. His identity on the surface was all in the information, so it was not a secret.

"Got it."

Zhou Hao nodded.

“As for the Red Cliff Abyss, you can also rest assured. With Yin Feng and the others around, Yuan Cheng and the others will be fine. Moreover, this is originally a training ground. If you’re not around, it might be a good thing for Yuan Cheng and the others!”

Zhu Zao smiled. After all, Zhou Hao was a supernatural expert and was always able to protect them. Therefore, their development would be affected in the long run. It had to be known that a person’s potential could only develop under high pressure.

After all, if there was no pressure, how could this potential be developed?!

“I understand.” Zhou Hao smiled and said.

“Alright, that’s all I have to say. You can leave the Hundred City tomorrow!”

‘With that said, Heavenly King Zhu left.

Zhou Hao did not tell Yuan Cheng and the others that he had joined the Battle God Battalion. After all, he was not a member of the Battle God Battalion yet. He only told them that he had to deal with some private matters and left.

After thinking for a moment, he realized that he had not returned home for a long time.. Although he could always communicate with his parents, how could communication be compared to meeting them in person? Therefore, Zhou Hao still wanted to return home!

## Chapter 438 - Going Home

*Chapter 438: Going Home*

**Translator:** Atlas Studios**Editor:** Atlas Studios

‘The next morning, Zhou Hao left the Red Cliff Abyss and took a plane back to Qu City.

Regarding this return, it was naturally done in secret. Although Zhou Hao had many friends who wanted to see him, after thinking for a moment, he decided to not see them first. After all, many of his close friends were not in Qu City and had gone to the various training bases.

‘When Zhou Hao arrived in Qu City, it was already afternoon. He hurriedly returned to Yang Garden Residence and prepared to go home.

However, just as he reached home, he saw a familiar figure and was immediately stunned.

Xu Ling!

That's right, it was Xu Ling!

Zhou Hao did not expect to see Xu Ling here. At this moment, she was accompanying his parents and talking happily. It could be seen that his parents were also very happy. Zhou Hao took a deep breath and walked over.

"Dad, Mom, I'm back."

Zhou Hao's sudden return made Wang Shuyun and Zhou Xueguo extremely excited!

"Little Hao, you're back!"

Wang Shuyun's eyes turned red. She had not seen her son for so long, so she was naturally excited.

It was not only Wang Shuyun. Even Zhou Xueguo was the same. He looked at his son and was so excited that he could not speak.

There was also Xu Ling. Although the two of them had not seen each other for only a few weeks, she almost could not control her emotions the moment she saw Zhou Hao and wanted to fall into his arms.

If not for Zhou Xueguo and Wang Shuyun, Xu Ling would have pounced over long ago.

Zhou Hao looked at Xu Ling. With regards to her not replying to his messages, Zhou Hao could also understand that she must not want to cause trouble for him. After all, even her communication equipment might have been monitored!

"Xu Ling, why are you here?" Zhou Hao asked with a smile.

"Ah... I... just... I came to Qu City to do something, so... so..."

Xu Ling was a little nervous and her face turned red. On the other hand, Wang Shuyun could tell what was going on and could not help but say.

"Ever since Xu Ling returned to the Jiangnan Base, she has visited us twice. As for you, hmph, you haven't been back for so long!"

Wang Shuyun could not help but say. Of course, she could tell that these two liked each other.

However, the couple also knew about the situation in Xu Ling's family and knew what their son had to face!

"Dad, Mom, let's go in and talk. Let's not stay outside."

After all, Zhou Hao had returned secretly this time. Moreover, his assessment was in a week, and Zhou Hao did not want to cause too much commotion.

"Then you guys chat. I... 'll go back first," Xu Ling said.

Of course, she wanted to stay with Zhou Hao for a while longer, but she still understood that Zhou Hao had not seen his parents for a while. His parents must have missed him terribly and had a lot to say. It was not good for her to stay here either.

"Alright, I'll look for you later. How many days will you stay in Qu City?" Zhou Hao asked.

"I should be able to stay for a few more days. I'll stay at my house," Xu Ling said with a smile.

"Alright." Zhou Hao nodded.

After Xu Ling left, Zhou Hao and his parents walked into the villa. Just as they entered, Wang Shuyun could not help but say, "Son, Xu Ling is a good girl. I don't care. No matter what you do, you have to marry her into the Zhou family, understand?!"

"Mom, don't worry. I will." Zhou Hao smiled.

"Yes, I've already decided on this daughter-in-law anyway. I don't care about anything else." Wang Shuyun also smiled.

"You're really a busybody. Son, why did you suddenly return without informing us in advance? Did you also choose to stay back in the base?"

They still knew a little about the choices facing martial artists who broke through to the supernatural level. They had learned about most things from Xu Ling.

"L... didn't choose to return. I just took a few days off. I still have to leave in a few days," Zhou Hao couldn't help but say.

"Ah... you still have to leave? Son, can you return to the Jiangnan area and be a special envoy? I can't bear to be away from you," Wang Shuyun held Zhou Hao's hand and hurriedly said.

“Look at you. You’re really a woman. My son is a martial artist now. If he wants to fight for the sake of the human race, how can you be so greedy to hold him back? Don’t interfere in his work. I believe my son will choose well!”

Zhou Xueguo said at this moment. He understood his son’s mission and was also proud of him!

“L.. I was just saying.” Although Wang Shuyun also understood this, she still couldn’t help but want her son to stay by her side.

However, he also knew that it was wrong for her to think like this.

Zhou Hao smiled. He also understood what his parents were thinking, but he still could not listen to his mother. Although he could not change the situation with his strength alone, there were still many problems for the humans. Zhou Hao naturally had to do his best!

“Dad, Mom, let’s not talk about me for now. How have you two been?”

Zhou Hao changed the topic and asked with a smile.

“Of course it’s very good. Ever since you became a martial artist, your father and I have been living comfortably. No one in the unit dares to bully us anymore. Your father’s factory is also doing well. You don’t have to worry about us,” Wang Shuyun said with a smile.

Zhou Hao understood that he was now a supernatural expert. To Qu City, he was basically a god. Those people naturally knew.

After dinner with his parents at night, Zhou Hao walked out of Yang Garden Residence alone.

He really wanted to see Xu Ling now. He did not know how she had been during this period of time and also wanted to ask her in person why she did not reply to his messages. Was it as he had guessed?!

After sending Xu Ling a message, the two of them arranged to meet at the school field.

It had been a long time since they returned to school. At this time, there were naturally no outsiders in the school. The two of them were supernatural experts, so it was still easy for them to enter the school quietly.

‘When Zhou Hao arrived at the school, he felt Xu Ling’s aura. She was in the classroom. Zhou Hao walked into the classroom and saw Xu Ling, who was sitting in her seat quietly and elegantly, looking at something.

Sensing that Zhou Hao had entered, Xu Ling looked up and smiled. "It's been a long time since we returned to school. To be honest, I really miss school."

Zhou Hao smiled and walked over to sit beside her. "That's right. Miss Xu was very strict with me back then!"

"Tch, if not for me, would you have improved so much today? Shouldn't you be thanking me?" Xu Ling covered her mouth and smiled.

"Of course."

Zhou Hao smiled and took a deep breath before asking, "Xu Ling, why haven't you replied to my messages recently?"

When Xu Ling heard Zhou Hao's question, she also revealed a difficult expression. She thought for a moment and said.

"It's not that I don't want to contact you. I just don't want to cause you trouble. You... you should know my difficulties..."

Xu Ling's expression was filled with loneliness. Of course, she did not want to ignore Zhou Hao, but there were many people in the family who spied on her. If she and Zhou Hao continued to be like this, she would really cause trouble for Zhou Hao!

Especially the Long family!

## Chapter 439 - Test

*Chapter 439: Test*

Zhou Hao naturally understood that Xu Ling did not want to cause trouble for him!

After all, Xu Chang had really tried to kill him. Zhou Hao would not tell Xu Ling about this. It was not that he did not want to tell her, but he could not!

It would not change anything even if he said it. It would only trouble her more. It was just like how Xu Ling avoided contacting Zhou Hao to not trouble him.

The two of them understood each other's difficulties and did not want to cause trouble for each other. Their best solution right now was to hide things from each other!

"Xu Ling, do you know... the Battle God Battalion?\*" Zhou Hao suddenly asked.

comment

Hearing this, Xu Ling's expression immediately changed. She looked at Zhou Hao in shock.

"You... you're going to the Battle God Battalion?!"

Xu Ling was very smart. She knew Zhou Hao's intentions from his question!

Zhou Hao nodded. "That's right. I want to go to the Battle God Battalion for myself and for you!"

This was Zhou Hao's decision and had nothing to do with anyone. It was just his thoughts. After all, only by doing so would there be a glimmer of hope!

"This... this..."

Xu Ling looked at Zhou Hao, her eyes filled with tears. Of course, she knew why Zhou Hao wanted to join the Battle God Battalion!

"Zhou Hao, I know what you're thinking, but the Battle God Battalion is really too dangerous. It's not just our Huaxia. There's also the Western countries. This is an international organization. Life and death... it's no longer within our country's jurisdiction!"

Xu Ling spoke at this moment. Her meaning was very obvious. She did not want Zhou Hao to take the risk. At the same time, she also told Zhou Hao that this Battle God Battalion was under the International Organization and was not controlled by their country!

The conflict between humans and mutated beasts was not only a problem of the Eastern countries but also a problem of the Western countries. However, neither party wanted to interfere too much in the other party's internal affairs. Therefore, they established the Battle God Battalion. As long as the martial

artists of both sides met the requirements, they could choose to join!

This was why it was said that the martial artists of the Battle God Battalion had a high status. Because it was an international organization, it was not under the jurisdiction of any country!

They had their own rules in the Battle God Battalion!

In other words, if a member of the Battle God Battalion killed any innocent person in the country, the local authorities would not be able to convict them. Only by following the international organization's rules could they convict them. No matter how furious they were, this was the reality!

This was the authority of the Battle God Battalion!

Although Zhou Hao did not know much, it was too late to say anything now. Someone would contact him in a few days and Zhou Hao would also think of a way to join!

"Xu Ling, don't worry about me. Trust me, I'll go to the Xu family one day and marry you!" Zhou Hao said very solemnly.

Xu Lingzhong nodded solemnly and hugged Zhou Hao lightly.

At the same time, just as Zhu Zao returned to the base and was handling documents in his office, the communication device rang, making his expression change!

He hurriedly opened it. The screen was dark, but a deep voice sounded.

"Heavenly King Zhu."

When Zhu Zao heard this voice, his expression revealed veneration. He hurriedly said, "Senior Wind God, you were looking for me?"

"There are still some questions regarding Zhou Hao from the Green Cloud Division. We need to confirm them!"

His gloomy voice was void of emotion. Zhu Zao immediately took a deep breath and replied, "Senior Wind God, please speak."

"I'm just checking with you. Is this Zhou Hao really only 18 years old and has already stepped into the supernatural level?"

Zhu Zao immediately nodded. "That's right, Senior Wind God. I can guarantee that!"

"Very good. In that case, there's a chance for him to join the Battle God Battalion. However, don't be too optimistic. Although you were the one who recommended it, the assessment will still be carried out. Only by passing it will he be able to join the Battle God Battalion. You should know this, Heavenly King

Zhu."

Zhu Zao nodded. "Senior Wind God, I know this. I want to ask you to give him a chance to take the assessment."

"Alright, but this opportunity is not very optimistic. You should know that the Battle God Battalion is jointly managed by the East and the West. It's the most authoritative organization of our human race. It's not up to you who gets to join."

"Moreover, there are only a few spots this year. I can't guarantee that Zhou Hao will get one."

After Zhu Zao heard this, he also understood.

"Do your best and leave it to fate. If Zhou Hao can't do it, then it's because he's not capable enough. He can't blame anyone!"

The voice in the communication device also agreed with Zhu Zao. "That's right. However, I still need a simple report from him. Although he has become a supernatural expert, we still have no need for ordinary supernatural experts with no outstanding talent. Therefore, help me test him. I want to see the

data for the physical and mental strength tests."

"Senior Wind God, don't worry. I'll arrange it immediately!"

'When Zhu Zao heard this, he immediately agreed.

With that said, the communication device darkened and cut off the connection.

Zhu Zao took a deep breath and thought for a moment. He contacted Zhou Hao and did not say much. Instead, he got him to come to the Green Cloud Division immediately.

Zhou Hao was eating at home when he received Zhu Zao's message. He was stunned for a moment, but he did not hesitate at all. After eating, he rode a plane to the Green Cloud Division's base in the twelfth spatial rift and saw Zhu Zao.

"Zhou Hao, the main reason why I called you over is to check your comprehensive quality. This is very important and will decide whether you can join the Battle God Battalion!" When Zhu Zao saw Zhou Hao, he did not waste his breath and said directly.

"Comprehensive quality?"

Zhou Hao was stunned for a moment. He really did not understand this matter!

"It's very simple. It's mainly to test your physical strength, mental strength, and bloodline potential. It's mainly these qualities. Don't worry, I'll tell you how to measure it."

At this point, Zhu Zao directly brought Zhou Hao underground. There were more than ten floors below, in a sealed space!

‘Our ordinary supernatural experts usually have a strength of 100,000 kilograms and a speed of 200 meters per second. This is only the basic level of supernatural experts. However, this number is not up to the standards of the Battle God Battalion. Therefore, in order to allow you to take the test and at the

same time, to provide data on your strength, this step is still indispensable!’ Zhu Zao looked at Zhou Hao and said.

Zhou Hao did not care. His current strength was comparable to a third-grade Heaven Realm expert. Even Zhu Zao was probably not stronger than him!

After all, the God Slaying Art and the Nine Revolutions Overlord Body Art both enhanced one’s combat strength. If he used them, not to mention 100,000 kilograms, he would probably be able to hit even 10 million kilograms!

“Alright, I’m willing to accept the test!”

Zhou Hao smiled.

“Then let’s begin. This machine that tests strength can withstand 2 million kilograms of strength. It can basically withstand the strength of a fifth-grade supernatural expert. If you can reach 1 million, you will be qualified to participate in the Battle God Battalion’ assessment!” Zhu Zao said at this moment.

However, in the next second, he was shocked. This was because he saw Zhou Hao’s punch reached 1..9 million!

## Chapter 440 - Powerful Strength

*Chapter 440: Powerful Strength*

**Translator:** Atlas Studios**Editor:** Atlas Studios

Just as Zhu Zao finished speaking, Zhou Hao punched. Although he seemed to have used his full strength, and even his veins were bulging, it was all an act.

He only used 20% of his strength in this punch!

However, this 20% strength still made Zhu Zao widen his eyes!

“1.9 million!”

Zhu Zao’s mouth gaped open in shock. It was not that Zhou Hao’s punch was powerful, but that among first-grade supernatural experts, those who could break through 500,000 were all outstanding. Those who could break through 1,000,000 were even rarer!

However, he had never seen 1.9 million even after so many years!

comment

“Hahaha, Zhou Hao, you really surprised me. You have enough strength. Test your speed!”

“Heavenly King Zhu, the supernatural level is 200 meters per second. How many meters is the minimum requirement to join the Battle God Battalion?” Zhou Hao was naturally asking this because he did not want to make too many people suspicious!

After all, strength was not speed. Strength could be trained. The martial artists who fought in close combat were very powerful!

However, speed was not easy to increase. As the saying goes, speed is the only thing that cannot be defeated in the world!

Everything would be fine if one was fast!

“Normally, it’s 200 meters per second, but to be qualified to join the Battle God Battalion, you need at least 300 meters! After all, the Battle God Battalion is all abnormal. You should understand,” Zhu Zao smiled and said.

Zhou Hao nodded and walked to the testing machine. He pulled his body into the shape of a bow before his body moved and he directly rushed out.

The value of the machine instantly increased to 330!

This scene shocked Heavenly King Zhu even more!

[originally thought that the reason why Zhou Hao has such strength is because he’s a melee martial artist. I didn’t expect his speed to be so shocking. Looks like our Green Cloud Division has really produced a genius!”

At this moment, Zhu Zao was a little regretful. If only such a powerful genius was in the Green Cloud Division!

However, he did not regret it for long. After all, for Zhou Hao's sake, joining the Battle God Battalion was the best solution. It was better than developing his future in the Green Cloud Division!

Moreover, for the sake of Senior Zhou, he still decided to let Zhou Hao join the Battle God Battalion!

"Very good, very good. Zhou Hao, you really surprise me constantly. 330 meters. At your cultivation level, I can only reach 260 meters. That's already the limit!"

Zhu Zao was not exaggerating. He would never forget Zhou Hao's scores in his life!

"Heavenly King Zhu, in that case, I guess I also qualified with my speed," Zhou Hao said with a smile.

Like before, he did not use his full strength just now. If he used the Golden Crow Escape Technique, not to mention 330 meters, even 3,000 meters would be possible!

After all, the Golden Crow Escape Technique was already considered a relatively precious cultivation technique among movement techniques!

"Of course, if even he was unable to qualify, then no one would be able to join the Battle God Battalion!"

Zhu Zao smiled. After calculating, he took out a helmet-like item and handed it to Zhou Hao.

"This is an instrument used to measure mental strength. A normal supernatural value is 3,000 mental strength. If you reach the standard of the Battle God Battalion, your mental strength should be at least 5,000. I think your mental strength should be pretty good. It has to be known that the strength of a

martial artist depends on their strength and speed. However, everyone knows that the internal mental strength is the driving force that controls the external. Only when your mental strength is powerful can you mobilize such strength and speed!"

Zhu Zao explained, and Zhou Hao nodded. It was fine as long as it exceeded 3,000!

Zhou Hao put on his helmet and then a brain wave shot out from the peephole.

"If you feel the pain is unbearable, close it. Don't force yourself. Otherwise, it will easily cause damage to your brain!" Heavenly King Zhu hurriedly said.

Zhou Hao looked at the number. It had already gone from zero to more than a thousand. However, Zhou Hao did not have any reaction!

Zhou Hao knew that his combat strength was powerful, but he did not know how much mental strength he had. However, he did not dare to make the number too high. He could only exceed 3,000. Otherwise, if he went all out and increased the number by too much, it would be suspicious!

Soon, the value stopped at 4,800. Seeing this, Zhu Zao still nodded.

Although he was not as surprised this time, 4,800 still shocked Zhu Zao!

“He’s really a little abnormal. His speed is 330,000 and his strength is 1,900,000. Now, even his mental strength is 4800. This is not the standard of a first-grade supernatural expert. This is at least the standard of a third-grade supernatural expert or even a fourth-grade supernatural expert!”

“In other words, Zhou Hao is currently only a first-grade supernatural expert, but the strength he erupts with is not much weaker than a third-grade supernatural expert!”

This was Zhu Zao’s definition, but this did not necessarily mean that Zhou Hao could defeat third-grade and fourth-grade martial artists!

This was because there was a difference in cultivation level. Moreover, this was only a physical test. It did not mean much. supernatural martial artists all had their own cultivation techniques. Once they used it, there was definitely a difference in the result!

However, he did not know that the Zhou Hao in front of him was not a supernatural expert at all, but a quasi Heaven Realm expert!

He even surpassed the quasi Heaven Realm, and its combat strength was close to that of a third-grade Heaven Realm expert!

“Heavenly King Zhu, did I qualify?” Zhou Hao asked.

“Yes, you qualified. Zhou Hao, go back and wait for the news. I believe the Battle God Battalion will give you the news soon!”

Zhu Zao looked at the data and was very shocked!

In order to let Senior Wind God see it more directly and not feel that he was lying to get Zhou Hao to join the Battle God Battalion, he specially recorded the test and sent it to Senior Wind God!

At this moment, two people were sitting in the cockpit of a triangular mysterious plane.

Aman in black armor had a murderous expression. On his belt was the word ‘wind’. It was the Senior Wind God Zhu Zao was talking about!

Sitting opposite him was a fair-skinned man with long hair. His cultivation was also extraordinary. On his long hair was a feather with a word engraved on it.

Rain!

“Brother Wind, the Battle God Battalion has not been peaceful recently. Sigh, there are so many spies and mutated beasts. It’s a little troublesome to deal with them.”

‘The fair-skinned man said helplessly as he tasted the red wine in his hand.

“Hmph, that’s because they haven’t met me, Otherwise, they’ll be directly killed!”

Wind God snorted and did not care at all.

“Stop bragging, Do you think you’re really able to kill them all alone? Did you forget that you almost died in your last mission when you were sent to kill a ninth-grade Heaven Realm human spy?” The Rain God could not help but pout and expose the other party’s true colors.

“A bunch of rats can only resort to such shady methods!” Senior Wind God was still disdainful.

At this moment, Zhu Zao’s message was sent over. It was divided into words and videos. Senior Wind God opened the text and checked.

With just a glance, he was shocked!

## Chapter 441 - Tenth-Grade Heaven Realm

*Chapter 441: Tenth-Grade Heaven Realm*

“Is this true... Is this the strength of a first-grade supernatural expert? This is at least the standard of a third-grade supernatural expert!”

Senior Wind God looked cold on the surface, but he was actually shocked by this number!

Even the fair-skinned man called Senior Rain God could not believe it when he saw the data!

“His strength is 1.9 million kilograms, his speed is 330 meters per second, and even his mental strength has reached 4800! This is really a strength that only third-grade supernatural experts can possess. Did this brat really just step into the supernatural level?”

Although their cultivation levels were high, they were still shocked when they saw this number.

“Hahaha, looks like our Wind God Battle Team is going to obtain a peerless genius!” Lord Wind God was extremely happy, and Lord Rain God beside him also became envious.

“Zhou Hao? This person should be that Senior Zhou’s disciple, right? He’s indeed extraordinary!”

‘They naturally knew about Senior Zhou!

After using the power of the Genesis Rune, Senior Zhou was wanted by the entire world. As an organization that controlled the fate of the world, they were naturally also tracking Senior Zhou’s whereabouts!

“That’s right, he’s Senior Zhou’s disciple. No wonder that mysterious Senior Zhou took this brat in as his disciple. It turns out that he’s interested in his talent!”

Senior Wind God was also shocked and understood.

“That Senior Zhou is too mysterious. By the time we noticed him, he had already disappeared before we could even investigate. It was as if he had evaporated into thin air. How terrifying. Brother Wind, do you think this Senior Zhou is dead?”

‘The Rain God could not help but say.

“This... I’m not sure. However, I’m not interested in Senior Zhou. My current interest is this Zhou Hao. Perhaps he can really enter the Battle God Battalion and become a member of my Wind God Battle Team!”

Lord Wind God forced a rare smile.

“Your Wind God Team has picked up a treasure. In the future, this child will definitely become a big shot. At that time, he will also be able to help a lot in the ancient ruins battlefields!”

Senior Wind God also nodded without any objections.

After Zhou Hao finished testing, he left the twelfth spatial rift. When he returned to Qu City, he did not have much to do. Other than cultivating, he accompanied his parents.

Xu Ling had also visited him twice. As a special envoy, she needed to deal with many problems. However, most of these problems were extremely simple. With Xu Ling's level, she naturally had more than enough time to deal with them!

It was rare for Zhou Hao to have so much free time, so he became somewhat uncomfortable. Usually, he was extremely nervous when killing mutated beasts or cultivating. However, at this moment, he did not know what to do with all this time.

This feeling made Zhou Hao feel a little strange.

'When he was in school, he enjoyed such an idyllic life. After all, he could sleep in and play games at any time.

But now, Zhou Hao could no longer feel that way!

However, this was not surprising. After all, Zhou Hao's identity was already different. As a supernatural expert, he was now obligated to protect the humans and their homes. Since then, he had gained a new perspective and was no longer interested in those things!

"Did you... receive the news about the Battle God Battalion?" Xu Ling looked at Zhou Hao and asked.

She was very worried. After returning, she did some research on the Battle God Battalion.

However, she was surprised to discover that there was very little information about the Battle God Battalion. With her supernatural cultivation and her identity as a special envoy, she could only find out a few things!

However, she had heard her granduncle say that the Battle God Battalion was an organization that belonged to both the East and the West. They protected humans and mutated beasts and had absolute authority over life and death!

To put it bluntly, the Battle God Battalion was like a sharp sword to the mutated beasts and a mirror to humans!

They killed mutated beasts outside the border and investigated humans inside the border!

Due to their dual identities and responsibilities, the Battle God Battalion became even more mysterious. Even with her identity, Xu Ling still couldn't figure them out.

“Not yet, I’m waiting for news,” Zhou Hao smiled and said.

“Um... I’m going back tomorrow. I’ve already delayed returning by a few days. I’m worried that if I don’t go back soon, they’ll be suspicious.”

Zhou Hao also understood what Xu Ling was trying to say. If Xu Chang knew that Xu Ling had stayed in Qu City for so many days because of him, he would definitely be furious!

In fact, Zhou Hao was wrong. Xu Chang was still worried about Zhou Tai. At this moment, it was still unclear whether Zhou Tai was dead or alive.

However, it was precisely this strange feeling that made him even more nervous and frightened!

Even if there was some news, he would not be so worried and afraid!

In fact, this was also what Zhou Hao wanted to do. He wanted to make Xu Chang nervous and afraid. Only in this way would he start to fear Zhou Hao.

In fact, Zhou Hao wanted Xu Chang to suspect that his master was by his side. This would naturally prevent Xu Chang from acting rashly in the future!

“I know..”

Zhou Hao took a deep breath and said.

Xu Ling nodded and the two of them did not say anything else.

At night, after sending Xu Ling off, Zhou Hao looked at the starry sky with a dazed expression. He was filled with anticipation for the Battle God Battalion and was also worried about Xu Ling!

He was no longer worried about his parents. With a supernatural expert like him around, as long as the others weren’t blind, they would not choose to provoke his parents!

Moreover, Xu Ling was not the only one taking care of his parents. Principal Zheng was also there to take care of them.

At the very least, Zhou Hao was a supernatural expert and received good treatment. His monthly salary was 500,000 yuan!

500,000 yuan was probably more than enough for an ordinary family to spend in five years!

Moreover, Wang Shuyun and Zhou Xueguo still had their own jobs.

'When Zhou Hao returned this time, he also secretly used the Energy Bars on his parents. In just a few days, Zhou Xueguo and Wang Shuyun seemed to have become younger by a few years!

'The effect was obvious at a glance!

Zhou Hao let himself relax and lay on the ground. He looked at the stars in the sky and felt a breeze that was not cool at all.

Zhou Hao had not felt this comfortable in a long time. He enjoyed this moment very much. Although there was a huge pressure pressing down on his heart, he had already immersed himself and was enjoying the refreshing feeling of the night.

However, at this moment, a voice sounded in Zhou Hao's ear.

"Are you Zhou Hao?"

This voice sounded very sudden, making him jump in fright!

He hurriedly looked up. Not far from him, a man in armor and a mask was standing there.

His mask only revealed a pair of eyes that were filled with intense killing intent. This aura suppressed over like an invisible sharp sword!

Zhou Hao drew a cold breath. This person's cultivation was definitely above quasi Heaven Realm, let alone the supernatural level!

It was even to the extent that the other party was not even an ordinary Heaven Realm expert!

He had only sensed this aura from Sword King Qing!

Peak-level martial artist!

'Twelfth-grade Heaven Realm!

## Chapter 442 - Undercover

**Translator:** Atlas Studios**Editor:** Atlas Studios

Zhou Hao's entire body trembled and he immediately got up from the ground.

He looked at the person in front of him vigilantly and prepared to fight at any moment.

Zhou Hao regretted letting his guard down just now. After all, that was why he hadn't realized that someone was approaching him!

If this person had any killing intent towards him, he would not have been able to deal with it at all. He would have already become a dead person the moment he saw him!

"Who are you?"

Even so, Zhou Hao still stared at the man with fear and frowned as he asked coldly.

comment

Even if he died, he had to die with dignity!

"The assessment begins. The first mission is to kill the director of Zhang Feng Technology Company and the head of the Technology Inspection Department, Zhang Fengtian."

"Zhang Fengtian's strength is at the second-grade supernatural level. This person colluded with the foreign races and has committed a serious crime. The time limit is five days. Begin immediately."

Zhou Hao was stunned. He did not expect the assessment to begin without him being prepared.

However, what shocked Zhou Hao even more was that this mission actually made him...

Kill!

How could that be?

After thinking about it, Zhou Hao still felt that this matter had happened too suddenly.

Therefore, he looked at the man in front of him in confusion and asked, "Kill someone? Do you mean that you want me to kill someone?"

“But isn’t this a test of my personal strength? What has it got to do with killing people? Moreover, why would the director of a corporation collude with the foreign races? Doesn’t this sound unrealistic?”

Facing Zhou Hao’s question, the man did not say a word. His attitude was especially cold. After saying this, he quickly turned around and left, not giving Zhou Hao the chance to ask any more questions.

Watching the man leave, Zhou Hao’s face flashed with helplessness.

This was the first time he had received such an unreasonable mission.

However, since the assessment had already begun and the mission had been given, he could only do as he was told.

If he did not complete it as soon as possible, he would completely lose his qualifications if he failed the assessment.

Thinking of this, Zhou Hao immediately prepared to leave.

On the way, Zhou Hao could not help but suspect that there was something suspicious about this matter.

After all, he couldn’t just kill the other party and report back.

‘What if their investigation was wrong? If he accidentally killed a good person, he would be done for.

After thinking about it, Zhou Hao immediately went online and investigated this person.

Zhang Fengtian, the head of Zhang Feng Technology Company and the head of the Technology Inspection Department, had been in office for three years and had done many good deeds. The praise for him on the Internet was quite high.

Zhou Hao could not find any useful information on the Internet, so he prepared to personally go to the technology company to take a look.

Zhou Hao left immediately. In less than half a day, he arrived at Zhang Feng Technology Company.

Zhou Hao was worried about how he could sneak in without attracting anyone’s attention.

However, he suddenly saw the recruitment notice at the entrance of Zhang Feng Technology Company.

Therefore, Zhou Hao decided to fake his application and go in to investigate to see what was going on.

'When he arrived at the door, two uniformed security guards immediately blocked Zhou Hao's way.

"Stop, what are you doing? Unrelated people are prohibited from entering!"

In the technology company, most of the people coming and going were people with powerful statuses.

Since Zhou Hao was dressed simply and did not look like a client, the bodyguards did not treat him politely.

Zhou Hao smiled and said politely to the security guards, "Hello, I'm here to apply for a job as a security guard. I wonder if you guys are still hiring?"

'When the few of them heard that they were here to apply for the job, they opened a path and pointed at the counter inside. "Go and ask the front desk. Get him to call the human resources department to see if the security department is still lacking people. We don't know either."

"Alright, thank you, thank you!"

Zhou Hao immediately thanked the other party and rushed to the front desk.

As soon as he reached the counter, Zhou Hao heard the sound of a car horn coming from outside.

He turned around and saw a black Bentley parked at the entrance.

The car door opened and a tall man in a suit stepped out.

'When the security guards at the door saw the man, they immediately bowed and greeted him respectfully. "Hello, Director Zhang!"

'The person who arrived was the director of the technology company, Zhang Fengtian. Zhou Hao had already seen his photo on his phone, so he recognized this person at a glance.

Zhang Fengtian nodded indifferently and walked into the building.

Zhou Hao stared at this person and realized that he did not look like a bad guy at all. He was still considered amiable.

However, one could not judge a book by its cover. Since he had already arrived, it was better for Zhou Hao to investigate as soon as possible and be careful.

“Sir, sir? What’s the matter?”

The front desk saw Zhou Hao walk in but did not speak for a long time. After all, Zhou Hao had been staring at the director the whole time. The receptionist could not help but ask in confusion.

Zhou Hao immediately returned to his senses and smiled at the receptionist. “Hello, I want to ask if your company still recruits security guards. I want to apply for the position.”

“Wait a moment, let me check for you.”

The receptionist immediately operated the computer for a while. A moment later, the receptionist smiled and nodded. “Yes, we are. There happens to be one last spot. I’ll arrange for the human resources department to interview you now.”

The receptionist made a call and brought Zhou Hao to the HR manager’s office on the 12th floor of the building.

Zhou Hao looked around and realized that the director’s office was located at the innermost area of this floor. Therefore, he secretly remembered it.

The interview was very simple. After answering a few simple questions, Zhou Hao was hired.

“My name is Zhang Yan. This is your uniform. After you change, go to work.”

‘The human resources department gave Zhou Hao a security uniform and gave him some instructions before letting him go out to work.

Before Zhou Hao left, he suddenly held his stomach and looked at Zhang Yan helplessly. “Manager Zhang, where’s the washroom? I want to go to the washroom and change my clothes.”

Zhang Yan’s attitude was very polite. She pointed to the left and said, “Head out and turn left. Turn right and go to the innermost area.”

“Alright, thank you, Manager Zhang.”

Zhou Hao immediately followed Zhang Yan’s instructions and arrived at the washroom.

He first changed into his uniform to make it easier for him to move around. Then, he carefully walked out and looked around.

Fortunately, there were rectangular corridors on this floor of the building.

This place was easily accessible and unobstructed. Just now, he had come from the corridor on the left. Just by entering the corridor on the right, he could directly enter Zhang Fengtian's office..

## Chapter 443 - Investigation

*Chapter 443: Investigation*

**Translator:** Atlas Studios**Editor:** Atlas Studios

The design of the building made everything easier for Zhou Hao. It seemed like the heavens were really helping him.

However, Zhou Hao only used his first-grade supernatural cultivation and did not rely on his quasi Heaven Realm cultivation.

After all, this was his training and assessment. If someone was secretly monitoring him and discovered his true strength, it would be troublesome.

At the very least, he did not plan to expose too much of his true strength now.

Because it was 12 noon, most of the people in the company went out to eat.

Very few people were resting in the office. However, even after returning from their lunch, most of them would just sleep on the tables. The entire office was so quiet that one could hear a pin drop.

comment

Zhou Hao arrived at the office door without anyone noticing, Just as he stood still, he heard a light click from the office door.

Immediately after, Zhang Fengtian pushed open the door and walked out.

Zhou Hao was shocked. He did not expect his luck to be so bad to encounter this guy.

However, he had his countermeasures.

He was already a security guard of Zhang Feng Corporation and was an employee under him. The other party probably wouldn't suspect him.

Moreover, the Internet was filled with praise for him now. He probably did not know that his true identity had been discovered by those people.

Moreover, the investigations of those people might not be accurate. Perhaps something had happened and Zhang Fengtian had not done those things at all. At this moment, anything was possible.

Zhang Fengtian sized up Zhou Hao and could not help but ask curiously, "As a security guard, why did you come here instead of working at your post?"

Zhou Hao had a calm expression as he replied with a smile, "Hello, Director. I'm the new security guard today. I just got hired and was changing my clothes. I was a little lost and couldn't find the way down."

Zhou Hao deliberately acted like he was stupid to let Zhang Fengtian lower his suspicions and trust him more.

After all, most of the security guards were not educated and always acted rashly.

As the director of a large corporation, Zhang Fengtian had employed at least a thousand employees here. Naturally, he did not know all of them.

After hearing Zhou Hao's words, he did not suspect anything. Therefore, he waved his hand and said, "Do you know how to drive?"

Ido"

Zhou Hao nodded and immediately replied, not knowing what Zhang Fengtian was planning.

"Perfect, I have something to do. Come with me."

Zhang Fengtian was going to do something today, but the driver had something to do at the last minute. His driver had just applied for leave and could not drive for him.

Zhang Fengtian was originally planning to choose a person from the security team to drive for him. Since he happened to encounter Zhou Hao, he might as well just get Zhou Hao to be his driver.

Zhou Hao did not expect his interaction with Zhang Fengtian to go so smoothly this time.

He followed Zhang Fengtian and took the elevator down the building before heading straight for the parking lot.

It was still the same black Bentley. Zhou Hao opened the door and got in. Seeing that Zhang Fengtian had also gotten in, he immediately started the car.

“Director, where are we going?”

‘Jiangbei City, Four Seasons Teahouse.’

After Zhang Fengtian finished speaking, he picked up his phone and pressed something on it. It was unknown who he was talking to.

Zhou Hao did not ask further and immediately stepped on the accelerator and drove forward.

Half an hour later, the car stopped in front of the Four Seasons Teahouse in Jiangbei City.

Zhang Fengtian did not say a word as he pushed open the door and got out of the car.

Seeing this, Zhou Hao immediately got out of the car and prepared to follow Zhang Fengtian.

Unexpectedly, Zhang Fengtian waved his hand indifferently and said, “You don’t have to follow me. Just wait in the car.”

“Ah. Alright, Director.”

After losing this good opportunity, Zhou Hao was not discouraged. He immediately walked towards the Bentley.

However, a man in a white t-shirt, jeans, and a cap walked over.

Zhou Hao subconsciously looked at this man again. He kept feeling that the other party gave off a strange and oppressive feeling.

The man in the cap also seemed to have noticed that Zhou Hao was staring at him.

Killing intent flashed in the man’s eyes. He subconsciously lowered his cap and quickly walked into the Four Seasons Tea Hall.

Zhou Hao got back into the car, but his gaze was still fixed on that man.

Jiangbei City was neither big nor small. Previously, Zhou Hao had learned that a patrolling team had killed many mutated beasts here and contributed greatly.

It was said that there was a huge mutated beast organization hidden here.

A few days ago, the Inspection Department even issued a secret order to increase the security of Jiangbei City. Any mutated beasts that were discovered here would be completely purged and not a single one of them would be spared!

However, at this moment, only a few leaders knew about this news

Thinking of this, Zhou Hao could not help but wonder what Zhang Fengtian was planning to do in Jiangbei City? Could it be that he had already learned of this news and was prepared to provide technological weapons to kill mutated beasts to help the patrolling team eliminate the beasts?

Or...

Zhou Hao couldn't help but shudder. Could it be that he was here to inform the mutated beasts?

However, all of this was only his guess. There was still no definite conclusion as to the truth.

Thinking of this, Zhou Hao immediately took out his phone and searched for information about Jiangbei City.

Half an hour later, Zhou Hao heard laughter.

Zhou Hao turned his head and saw Zhang Fengtian walk out. The person beside him was the man in the cap he had just encountered!

As soon as he saw this man, Zhou Hao had a bad feeling.

The car door opened and Zhang Fengtian and the man got into the car together. They sat side by side in the back.

Zhou Hao looked in the rearview mirror and saw the man sitting at the side with his head lowered, not saying a word. He looked especially depressed.

"Go to Zhangjiao Dock and send Mr. Jiang to the ship," Zhang Fengtian said indifferently and ordered.

"Alright, Director."

Zhou Hao immediately started the car and sped forward.

'The autumn wind blew and was especially cool. Zhou Hao sped along the high speed road and felt especially carefree.

He couldn't help but look in the rearview mirror and see that the man's cap had been blown off by a strong wind.

Click.

The cap hit the rear window of the car with a crisp sound. Zhou Hao was shocked to discover that there were two leopard ears on the man's head!

His furry ears trembled in the wind. This person was actually a mutated beast disguised as a human, a leopard spirit!

Boom!

An explosion instantly went off inside Zhou Hao's head.

He did not expect it to actually be true. Zhang Fengtian was actually really colluding with the mutated beasts. He was secretly helping them and siding with the enemy!

Zhou Hao was incomparably furious. He resented the other party for doing such a shameless thing even though the entire world was currently facing a crisis.. He simply deserved to die!

## Chapter 444 - Attack

*Chapter 444: Attack*

**Translator:** Atlas Studios**Editor:** Atlas Studios

Zhang Fengtian, who was sitting in the back, looked a little nervous when he saw the man's cap being blown off.

He carefully looked at Zhou Hao, who was driving, and did not know if he had seen anything.

The man beside him picked up his cap very calmly and put it back on his head.

His gaze landed on Zhang Fengtian as a cold killing intent flashed in his eyes.

Even if the man did not speak, Zhang Fengtian still understood what he meant.

Since he had already been exposed, the best solution was to silence the witness!

Only dead people would keep their mouths shut!

Zhang Fengtian and the man exchanged glances before coming to a conclusion.

Zhang Fengtian suddenly smiled and said to Zhou Hao, "Stop the car by the side of the road first. I need to go to the washroom."

"Alright, Director."

Zhou Hao did not turn around and nodded.

He naturally knew what they were up to.

However, this was also good. It gave him a good opportunity to kill this traitor.

He wondered if he would be rewarded extra if he killed a mutated beast along the way.

Soon, the car arrived at a barren land.

Just as he switched off the engine, Zhou Hao felt a faint cold sensation on his neck.

As soon as he looked down, he saw that his neck was pressed against by a shiny silver dagger.

"Director, what are you doing;

Zhou Hao pretended to be panic-stricken and helpless as he said nervously, 'I... I didn't see anything. I didn't see anything!'

After hearing this, Zhang Fengtian's expression became even uglier.

He suppressed the anger in his heart and shouted angrily, "Get off! Get off immediately!"

Zhou Hao pushed open the door and got out of the car. Immediately after, he saw the man in the cap look up and stare at him.

At this moment, the man's eyes were actually flashing with a strange red light.

He looked at Zhou Hao in front of him fiercely and said in a hoarse voice, "Can you tell that I'm different from other people?"

Zhou Hao nodded and hurriedly shook his head. He replied anxiously, "I don't know anything. I didn't see anything!"

Zhou Hao's movements were very fast, and his left hand was already touching his saber at his waist.

To him, killing the second-grade supernatural expert, Zhang Fengtian, was simply easy. However, at the same time, he had to ensure that he could also kill this mutated beast in less than two steps!

Thinking of this, Zhou Hao deliberately pretended to be panic-stricken and afraid. He looked at the two of them trembling and pleaded anxiously.

The man took off his cap and threw it on the ground, revealing a pair of leopard ears as he looked at Zhou Hao with a dark expression.

"You saw it all along, didn't you?"

The man walked towards Zhou Hao step by step. His eyes were suddenly filled with endless killing intent, and his bloodthirsty gaze suddenly erupted.

He looked at Zhou Hao gloomily and shouted coldly, "Since you saw it, I can only kill you."

The originally panicked Zhou Hao suddenly calmed down.

He smiled and clenched his fists tightly. He looked at the two of them coldly and said in a deep voice, "I'm here to kill you today."

As soon as he finished speaking, a cold light suddenly erupted from Zhou Hao's body!

The man was immediately shocked as he looked at Zhou Hao in front of him. He did not expect Zhou Hao to be holding back all this time!

He could tell with a glance that this brat was not a simple person. However, he did not expect the other party to have hidden his strength so well.

The man was shocked and staggered back a few steps. However, before he could stand firm, he saw Zhou Hao fly towards him like an arrow!

The man did not even have the chance to resist before he was directly killed by Zhou Hao!

Bang!

A loud bang suddenly smashed down, shocking Zhang Fengtian who was standing at the side!

Although the mutated beast's ability was far superior to his, he was still shocked. After all, the other party had been easily dealt with by this insignificant security guard!

Zhang Fengtian knew that he was definitely not Zhou Hao's match, Therefore, he was so frightened that his entire body trembled as he looked at Zhou Hao in incomparable shock.

Zhang Fengtian swallowed his saliva crazily, his eyes filled with incomparable shock. He retreated and repeatedly said nervously, 'What. what are you trying to do?'

"I'm the director of a technology company. I'm the one responsible for developing all the technological products that deal with mutated beasts. You... you can't afford to do anything to me!"

Zhou Hao's eyes were cold. He did not care about Zhang Fengtian's words at all.

He walked towards Zhang Fengtian step by step and shouted coldly, "I didn't expect you to actually collude with those mutated beasts."

With every step Zhou Hao took, the cold expression on his face became even stronger.

He suppressed the anger on his face and immediately opened his mouth coldly. He berated word by word, "You're just being selfish. You're a scum and a disgrace to humanity!"

Zhou Hao arrived in front of Zhang Fengtian and said fiercely, "I have no choice but to kill you today to prevent you from colluding with mutated beasts and harming humans in the future!"

Zhang Fengtian was so frightened by Zhou Hao's words that his entire body trembled violently.

His eyes were filled with incomparable panic and fear. It was as if he had not expected to be treated like this!

In front of Zhou Hao, he did not even have the strength to counterattack. Zhou Hao raised his saber and slashed down. A moment later, Zhang Fengtian fell heavily to the ground and was no longer breathing.

After dealing with Zhang Fengtian, Zhou Hao directly ignited the car and burned Zhang Fengtian's corpse to destroy any evidence.

After doing all of this, Zhou Hao turned around and left.

After dealing with the scene, Zhou Hao simply left. Just as he was about to go back, a figure suddenly appeared in front of him. It was the mysterious man who had given him the order.

The moment Zhou Hao saw the man, he subconsciously trembled. Then, he looked at him, wondering how he would be tested next.

The man arrived in front of Zhou Hao and said coldly, 'Congratulations on successfully completing the first mission and dealing with a mutated beast lurking among humans.'

"Next, I'll assign you your second mission. Kill Zhang Bufan from Garden City. He's also colluding with mutated beasts. His crime is unforgivable."

"This person's strength is at the first-grade supernatural level. The assessment will begin in four days.."

## Chapter 445 - Garden City Lord

*Chapter 445: Garden City Lord*

**Translator:** Atlas Studios**Editor:** Atlas Studios

The man still looked especially solemn, as if he had nothing more to say to Zhou Hao. After coldly assigning Zhou Hao the mission, he turned around and quickly left.

Originally, Zhou Hao was prepared to ask him about something, but now, he was simply speechless.

This was because before he could react, the other party had already left. It also seemed like the other party was unwilling to communicate with him. After assigning the mission, he turned around and quickly left, not giving Zhou Hao a chance to speak.

Zhou Hao's eyes were filled with helplessness. Helpless, he could only go and carry out the second mission.

There was not much information this time. The City Lord of Garden City was Zhang Bufan, and Zhou Hao had also heard of this person's name before.

It was said that as the City Lord, he was loved, respected, and had won the respect of many people. In recent years, the citizens had even elected him as the new City Lord.

The more Zhou Hao thought of this, the more he felt a cold aura begin to emit from his entire body.

If such a person was only pretending to be good on the surface and actually colluded with the mutated beasts behind the scenes, who knew how many people would be heartbroken if they found out.

After all, he was supposed to be a servant of the people. If people found out that he was actually serving the mutated beasts, it would really disappoint them.

Thinking of this, Zhou Hao's expression suddenly turned ugly. He suppressed the anger on his face and immediately went online to investigate this Zhang Bufan.

However, he did not find any useful information on the Internet. Thus, Zhou Hao still decided to make a trip to personally investigate.

Soon, Zhou Hao arrived at Garden City.

'As soon as he walked in, he saw an incomparably flourishing scene in Garden City.

Zhou Hao walked in front of a stall owner and could not help but ask around.

"Hello, how do I get to the City Lord Hall?"

The shopkeeper looked up at Zhou Hao and smiled as he pointed at a street in the distance. "Follow them and you'll be able to reach the City Lord Hall."

Zhou Hao's expression instantly froze as he looked in the direction the shopkeeper was pointing at in confusion.

In the distance, there was a sea of people everywhere. Moreover, all of them looked incomparably anxious. It was unknown what they were going to do.

Seeing this, Zhou Hao could not help but ask curiously, "Brother, what are these people planning to do?"

"Could they be protesters?"

Zhou Hao had never seen a protest in real life. He only ever saw people gathering at the City Lord Hall and causing trouble on television.

However, he did not expect to see this scene with his own eyes today. It seemed that the matter of Zhang Bufan colluding with the mutated beasts had already been confirmed, right?

Unexpectedly, after the shopkeeper heard Zhou Hao's words, his expression suddenly became complicated.

He could not help but frown as he sized up Zhou Hao. Then, he chuckled and shook his head. "You're definitely not from our Garden City, right?"

"Uh..."

Zhou Hao did not expect to be seen through so quickly. Helpless, he could only nod and agree.

"Yeah, I came here to find my friend. He lives here. I don't come here often, so I don't know much about what's going on here."

Zhou Hao smiled and said politely. His words were especially natural. He did not panic at all and seemed to be especially calm.

'When the shopkeeper heard this, he nodded and chuckled. "Heh heh, I knew it. That's not surprising."

"Today is our City Lord's birthday. The citizens have all spontaneously gone to the City Lord Hall to congratulate City Lord Zhang!"

This short sentence instantly stunned Zhou Hao.

He looked at the shopkeeper in surprise and could not help but ask hesitantly, "Congratulate him? Is this City Lord so loved and respected by the public?"

"Hehe, that's right."

Ahint of emotion appeared on the shopkeeper's face.

He could not help but speak slowly and sigh. "If not for the City Lord, we would not have been able to live so comfortably in Garden City."

"All of this is because of our City Lord's strength. That's why he could make the citizens of the Garden City prosper."

Zhou Hao had a puzzled expression and did not dare to believe the shopkeeper's one-sided story. Then, he immediately went to another place and asked others.

However, no matter who Zhou Hao asked, they would all praise Zhang Bufan and not say anything bad.

Thinking of this, Zhou Hao could not help but wonder if there had been a mistake.

If Zhang Bufan was really so considerate of his citizens, then he would naturally be a good official. How could someone like him possibly collude with mutated beasts to benefit himself?

He must have actually done good things to help his citizens. Otherwise, this group of people would not love and respect Zhang Bufan so much.

It seemed that he could not obtain any useful information from the citizens of the Garden City.

He could only personally meet this Zhang Bufan and find out what he had done to provoke such a disaster.

Zhou Hao followed the crowd and arrived at the entrance of the City Lord Hall. There, he simply saw a sea of people.

On the city tower of the city hall stood a middle-aged man. He wore glasses and was slightly fat. He was smiling as he greeted his citizens.

Beside him stood two guards who were looking down the stage vigilantly.

Just by looking at this person, Zhou Hao could tell that he indeed did not seem to be that kind of person. However, one could not judge a book by its cover.

The brat from before had taught Zhou Hao a lesson. This time, he had to be more cautious.

Thinking of this, Zhou Hao secretly mixed into the crowd. When no one was paying attention, he directly infiltrated the City Lord Hall.

The security in the huge city hall was rather strict. Zhou Hao spent a lot of effort before arriving at the office door.

He sneaked into Zhang Bufan's office and directly went into the closet.

Unexpectedly, as soon as he entered, he heard a light click outside the door.

Someone seemed to have entered.

Zhou Hao immediately held his breath and quietly listened to the sounds coming from the room.

First, there were a series of footsteps, and then Zhang Bufan sat down in a chair and sighed heavily.

“City Lord, Mr. Sun will be here soon. He said that he has something important to discuss with you.”

The voice sounded like it belonged to Zhang Bufan’s assistant.

Zhang Bufan’s voice was filled with fatigue as he agreed, “Alright, since he’s here, let him come to my office directly. Don’t let the people outside see hit

## Chapter 446 - Secret Collusion

*Chapter 446: Secret Collusion*

“Yes, City Lord.”

‘The owner of the voice agreed and quickly turned around to leave.

Zhou Hao secretly looked out the gap between the closet doors.

He saw that the man standing on the city tower just now was sitting on the sofa with tired eyes, looking especially annoyed.

Beside him, a trusted aide was serving him tea and water. He looked respectful.

“City Lord, please have some tea.”

The trusted aide handed the teacup to Zhang Bufan with both hands.

Zhang Bufan hesitated for a moment before taking the teacup and drinking it gloomily.

However, a moment later, an incomparably annoyed expression suddenly flashed across his face.

He suddenly smashed the teacup in his hand to the ground. Then, his eyes were filled with incomparable hatred as he said evilly, "How annoying. How annoying!"

"Those people are simply bored. Why do they have to pester me every day? I still have to deal with them. It's simply a waste of my time!"

After hearing Zhang Bufan's words, his trusted aide's expression immediately tightened. He hurriedly advised politely, "City Lord, doesn't this just mean that you're loved and respected by the public?"

"Loved?"

Zhang Bufan sneered and waved his hand mockingly. "I don't need their love at all. It's best for them to get lost and go back to wherever they come from. Why can't they just leave me alone?"

With just a few words, Zhou Hao, who was hiding in the cabinet, immediately widened his eyes in shock.

His eyes were filled with disbelief. He did not expect to hear Zhang Bufan say such a thing!

Just now, he had even acted in a friendly manner in front of those people.

However, his attitude was completely different at this moment. It seemed that one really couldn't judge a book by its cover.

'When he saw this, Zhou Hao no longer suspected that there was a problem. This Zhang Bufan must have a huge problem!

However, for safety reasons, he still decided to wait and see. He would only make a decision after he found out that the other party had really colluded with the mutated beasts.

He suppressed the shock on his face and continued to listen to the two of them.

Not long after, they heard a knock on the door. When the assistant heard this, his expression immediately became happy. He immediately said to Zhang Bufan, "City Lord, Mr. Sun should have arrived!"

"Quick, invite Mr. Sun over!"

'When Zhang Bufan heard this, his face immediately lit up. Then, he stood up excitedly and walked to the door, prepared to invite this Mr. Sun over.

Soon, Zhang Bufan strode forward and arrived at the door. Not long after, the door was opened and a 1.9-meter-tall, muscular man walked in.

Zhang Bufan shook the man's hand politely and hurriedly said to his aide, "Alright, go out and wait. Remember, don't disturb me during my meeting with Mr. Sun!"

"Yes, City Lord!"

After the aide received the order, he immediately turned around and walked out of the house. Then, he carefully closed the door and stood outside the door to guard.

Zhang Bufan immediately welcomed Mr. Sun to the sofa and said politely, "Boss, please sit!"

Boss?

Hearing this, Zhou Hao's expression immediately changed. Immediately after, Zhang Bufan's knees went weak, and he knelt on the ground, kowtowing to Mr. Sun.

"Mr. Sun, I've already completed the mission you assigned me. The people outside have no doubts about me!"

"Yes, you did well. Then, we can develop our plan next."

Mr. Sun smiled and a smug expression flashed across his face. Then, he said indifferently, "How's the preparation for that Zhang Fengtian over there?"

Originally, Zhou Hao did not know what the two of them were talking about.

However, when he heard the name mentioned by Mr. Sun, Zhou Hao's expression suddenly froze!

Zhang Fengtian was a bastard who had betrayed humanity and become the dog of the mutated beasts!

No wonder Zhou Hao was assigned to deal with Zhang Fengtian in the first mission. It turned out that all of this was related!

Thinking of this, Zhou Hao's expression instantly darkened.

'The chatting in the room continued. Zhang Bufan's tone was slightly furious as he suppressed the anger in his heart and said word by word, "I've already lost contact with that traitor Zhang Fengtian."

"I told him before that this matter is very important and that he had to handle it well. However, I didn't expect something to go wrong at such a critical moment!"

Zhang Bufan seemed to be afraid that Mr. Sun would blame him and said anxiously, "Mr. Sun, don't worry. Leave this to me!"

"I will definitely complete the mission you assigned me. These humans are just waiting to pay the price for their actions!"

At the same time, Zhou Hao, who was hiding in the closet, was already quite furious from their conversation.

He suppressed the anger in his heart and looked coldly at the two people who were secretly colluding outside the closet. He wished he could expose them to the public!

Mr. Sun was about to say something when his expression suddenly darkened. He shushed Zhang Bufan in front of him.

"What's wrong, Mr. Sun?"

Zhang Bufan's eyes were filled with confusion. He looked at Mr. Sun hesitantly and asked.

"Stop talking first!"

Mr. Sun suddenly shouted angrily, scaring Zhang Bufan into immediately shutting up and not daring to say anything else.

The two of them looked towards the closet together. Zhou Hao could clearly sense an incomparable vigilance appear around Mr. Sun!

"Who's hiding there?!"

Mr. Sun shouted angrily, immediately shocking Zhang Bufan.

Only now did Zhang Bufan realize that there was someone hiding in the closet!

He had been careless. After all, wouldn't this mean that someone had seen his true side?

Thinking of this, goosebumps instantly appeared all over Zhang Bufan's body.

Zhou Hao knew that he had already been exposed.

Therefore, he did not plan to hide anymore. Instead, he pushed open the door of the closet and walked out.

When Mr. Sun and Zhang Bufan saw someone walk out, the expressions on their faces instantly became incomparably vigilant and afraid.

Zhang Bufan suppressed the panic and helplessness in his heart and tried his best to calm down.

He frowned and looked at Zhou Hao unhappily. He asked, "Who are you? How dare you barge into the City Lord's office?"

"City Lord? Hehe, Zhang Bufan, do you still have the face to call yourself a city lord now?"

## Chapter 447 - Human World's Scum

*Chapter 447: Human World's Scum*

**Translator:** Atlas Studios**Editor:** Atlas Studios

"I think we should call you the dog of the mutated beasts!"

This short sentence immediately made Zhang Bufan's breathing quicken as his face turned red.

He suppressed the anger in his heart and stared fixedly at Zhou Hao in front of him. Suddenly, he raised his hand and pointed at him fiercely as he berated angrily, "What the hell are you talking about? Stinking brat!"

Zhou Hao sneered and walked in front of Zhang Bufan step by step. His expression was cold as he retorted angrily, "Am I wrong?!"

Zhou Hao pointed at Mr. Sun with a dark expression and shouted coldly, "All the residents outside the City Lord Hall are celebrating your birthday, but what about you?"

"are you still worthy of being the city lord? Are you even worthy of their love? You're not worthy. You're the dog of the mutated beasts and the scum of the human world!"

The more Zhou Hao cursed, the more ruthless he became. His eyes were filled with incomparable hatred as he clenched his fists tightly. He wished he could instantly kill Zhang Bufan and finish him off!

Facing Zhou Hao's cold question, a sneer suddenly appeared on Zhang Bufan's face.

He shouted coldly and frowned in displeasure. "What do you know?"

“This is all thanks to Mr. Sun. If not for him, would those trash have lived so comfortably?”

“What we’re doing now is all for the sake of their happiness. You said that I’m the dog of the mutated beasts, but look at those people outside. Do you think any one of them out there would say bad things about me?”

Zhang Bufan continued to act shamelessly and refused to admit his mistake. He even felt that working for the mutated beasts was a very honorable thing!

Zhou Hao’s expression darkened as he subconsciously looked at Mr. Sun. Suppressing the anger in his heart, he said coldly, “What’s your goal?”

“Are you planning to fatten him up and then destroy him in one go?”

“Or are you planning to build an organization that belongs to the mutated beasts? Is this just the beginning of your brainwashing of the citizens?”

Facing Zhou Hao’s question, a faint sneer appeared on Mr. Sun’s face.

He slowly raised his eyes, and a scarlet and bloodthirsty expression suddenly flashed in them.

He suppressed the anger in his heart and immediately said coldly, word for word, “I’m afraid you won’t have the chance to find out. You know too much!”

As soon as he finished speaking, a scimitar the size of a forearm suddenly appeared in Mr. Sun’s hand. Under the light, it flickered with a cold light!

Seeing this, Zhang Bufan immediately took out the dagger at his waist.

His eyes were filled with bloodthirsty killing intent as he said respectfully to Mr. Sun, “Mr. Sun, leave this little bastard to me. Don’t let him dirty your hand!”

‘When Mr. Sun heard this, an amused expression suddenly appeared on his face..

He smiled and took a few steps back. He nodded and said, “Alright, I’ll leave it to you. I’ll let you experience the joy of killing!”

“When our team develops and becomes stronger, not to mention Garden City, even the entire East District will be under your control!”

Under such a huge temptation, Zhang Bufan’s face flashed with excitement!

His eyes were filled with anticipation, and he was almost unable to restrain the excitement in his heart.

Zhang Bufan clenched the dagger in his hand tightly and roared. He quickly rushed towards Zhou Hao in the distance!

His movements were very valiant and filled with killing intent, as if he was certain that he could take Zhou Hao's life in one move!

Facing the ferocious Zhang Bufan, Zhou Hao did not have any fear.

Instead, he was especially calm and did not care at all.

This person was only a first-grade supernatural expert. He could instantly kill him with a single move!

Seeing Zhang Bufan quickly approach, Zhou Hao did not dodge and stood rooted to the ground. Suddenly, he raised his head and looked at the man with a dark expression. He shouted coldly, "You're courting death!"

"We'll see!"

Zhang Bufan's expression also instantly darkened. He looked at the brat in front of him mockingly as the corners of his mouth curled up. He roared and rushed towards Zhou Hao!

Zhou Hao snorted and quickly pulled out the saber from his waist. He was extremely fast and ferocious as it rushed towards him!

Zhou Hao's movements were very fast as he mercilessly raised his saber and slashed down!

Zhang Bufan did not even have the chance to dodge. His throat was instantly slit, and blood flowed out. It was a tragic sight.

Soon, Zhang Bufan's body instantly smashed heavily onto the ground. He did not even have the chance to recover before he died.

Mr. Sun's expression was shocked. He did not expect this brat who had suddenly appeared to be so powerful!

Originally, he did not think much of Zhou Hao and thought that he was just trash with nothing to do and no ability.

However, only now did he know that he had been wrong about him.

This brat's ability was not something he could imagine at all.

After all, the other party had instantly killed a first-grade supernatural expert.

Mr. Sun's first thought after this was to escape!

The best solution he could come up with was to escape from this place as soon as possible and avoid this brat. In a situation where he was not sure if he could defeat the other party, this was the best choice.

Thinking of this, Mr. Sun's face was immediately filled with anxiety and unease. He anxiously wanted to escape.

However, Zhou Hao did not plan to give him a chance to escape. Instead, he took a step forward and quickly chased after him. In an instant, he arrived in front of Mr. Sun and blocked his path.

Seeing this, Mr. Sun was so frightened that his scalp began to tingle.

He was incomparably vigilant as he looked at Zhou Hao in front of him in fear. He shouted coldly, "What do you want?"

"You better not touch me. Otherwise, our boss won't let you off!"

A bloodthirsty expression flashed in Mr. Sun's blood-red eyes. This was an expression unique to ferocious beasts.

Seeing this, a ruthless expression appeared on Zhou Hao's face.

"Your boss? This world is not a world you should exist in. You mutated beasts will die without a burial sooner or later!"

As soon as Zhou Hao finished speaking, he raised his hand and slashed down. With a bang, the mutated beast's head was immediately cut into two!

The mutated beast that had lost its life instantly transformed into a python. However, it was already dead as its head had been decapitated.

It seemed that after these mutated beasts died, they would reveal their true forms. It was just that the corpse of the mutated beast from before had already been blown to pieces by the explosion of the car before its true body could reveal itself...

## Chapter 448 - New Mission

*Chapter 448: New Mission*

**Translator:** Atlas Studios**Editor:** Atlas Studios

After dealing with the mutated beast and Zhang Bufan, Zhou Hao quietly walked out of the City Lord Hall.

Soon, the news in the city caused an uproar.

The City Lord, who was originally loved and supported by the people, had now become a hypocrite!

Everything he did had been instructed by the mutated beasts!

He had only done those things to gain the trust of the people so that he could help the mutated beasts in the future!

‘When the people learned of this news, they all instantly cursed!

Everyone simply felt abnormally furious!

They had not expected to be deceived like this. It was simply too much.

Zhang Bufan’s death was well deserved.

Zhou Hao walked out of Garden City and thought to himself that the person who assigned him the two missions would probably arrive soon. He wondered how many more missions he had to complete.

Just as this thought appeared in Zhou Hao’s mind, he saw a figure suddenly appear in front of him.

It was the mysterious person who had assigned him the missions.

Zhou Hao was already used to it. Therefore, he stood rooted to the ground and did not say anything. Instead, he waited quietly for the other party to assign him the next mission.

Indeed, he was once again assigned to kill someone in this next mission.

“The third mission is relatively dangerous. You have to enter the depths of the territory of the mutated beasts and kill the retired governor of South City, Liang Zhichao.”

“Liang Zhichao has already been proven to have colluded with the mutated beasts. His crimes are unforgivable. Now, he has escaped and is hiding on the Green Stone

Mountain where the mutated beasts gather. This person is a first-grade supernatural expert and is sinister and cunning. Remember to be

careful.”

After hearing the mysterious man’s words, Zhou Hao immediately nodded and did not ask further. He turned around and prepared to leave.

‘The mysterious man looked indifferently at the distant Zhou Hao, and a strange expression suddenly appeared on his face.

“The assessment is already halfway through. I hope you can finish it without any problems. Don’t let us down.”

However, Zhou Hao had not heard this. He was busy checking the location of the Green Stone Mountain on his phone.

Soon, Zhou Hao found information regarding the Green Stone Mountain on his phone.

A lot of mutated beasts were gathered at the Green Stone Mountain, but most of them were low-level mutated beasts that could not transform. Someone like Zhou Hao would have no problem killing them.

However, in this case, the strength of the enemies was not as important as the number.

If he only had to face a few hundred ferocious beasts at the same time, Zhou Hao could still easily deal with them.

However, if there were thousands of them, it would be somewhat difficult for Zhou Hao to deal with them.

After all, if the number was too great, even he would find it somewhat troublesome to deal with.

Therefore, this time, he needed to be careful.

Zhou Hao knew that this test was a test of his strength.

Otherwise, he wouldn’t have been assigned this mission. While he was good at using his strength, he also had to think about how to avoid fighting these low-level ferocious beasts head-on.

Soon, Zhou Hao arrived at the entrance of the Green Stone Mountain.

This place was heavily guarded and all the guards were on high alert, staring fixedly at the Green Stone Mountain to prevent any ferocious beasts from suddenly charging down and disturbing the safety of the human world.

One of the guard's expression immediately darkened when he saw Zhou Hao. He stepped forward and asked solemnly, "Who are you? This is a forbidden area for mutated beasts. No unrelated people are allowed to come here!"

'When Zhou Hao heard this, he immediately explained, "Everyone, I'm here for a mission. This is my pass."

The leader of the guards received Zhou Hao's pass. After taking a look, he nodded and let him in. "You have to be careful."

"Thank you."

Zhou Hao took back his pass and walked into the mutated beast forest.

The few soldiers looked at Zhou Hao's anxious figure as he walked up the mountain and could not help but shake their heads indifferently. They said helplessly, "This brat is probably done for."

Zhou Hao did not care about the discussion behind him at all.

He looked around curiously and immediately searched for the most favorable observation spot. He planned to see where Liang Zhichao was most likely hiding.

On the peak of the Green Stone Mountain, the forest was lush with leaves. Moreover, there were many caves. Perhaps this was the most advantageous place for Liang Zhichao to hide.

Thinking of this, Zhou Hao immediately strode forward and rushed to the top of the Green Stone Mountain.

'The journey up the mountain was relatively smooth. Zhou Hao used the terrain and easily dodged the spots where the ferocious beasts were gathered.

Then, he arrived in front of a cave.

Zhou Hao observed carefully and realized that the weeds at the entrance of the cave had been flattened. Moreover, there was a faint burning smell in the cave.

It was very likely that Liang Zhichao was hiding here.

Just as Zhou Hao was about to enter, a figure quickly rushed out of the cave!

The figure looked to be in his thirties. His clothes were dirty and tattered, making it impossible to tell what he originally looked like. The man also looked very pitiful.

He did not even turn around and ran forward with all his might!

Seeing this, Zhou Hao immediately frowned.

He did not hesitate and immediately strode forward to chase after the other party.

The further he chased, the more Zhou Hao discovered that this damn bastard was actually charging towards the place with the most mutated beasts!

Unexpectedly, this Liang Zhichao was actually so cautious. He knew that he had been discovered, so he actually used such a method to prepare for a life and death struggle!

Zhou Hao's heart was filled with anger. He could not help but speed up and quickly chase after the other party.

Zhou Hao's cultivation was originally much stronger than Liang Zhichao's. After all, how much trouble could a mere first-grade supernatural expert cause him?

Not long after, Zhou Hao grabbed Liang Zhichao's collar and shouted threateningly, "Run, go on. Keep running."

Liang Zhichao's breathing began to become incomparably anxious, and he panted nervously. He looked at Zhou Hao in front of him in panic and helplessness and said hesitantly, "You..."

"Who are you? How did you know I was here?"

"I'm the person who will be taking your life!"

'As soon as Zhou Hao finished speaking, the dagger in his hand was instantly unsheathed. Just as he was about to end Liang Zhichao's life with a single slash, he suddenly saw Liang Zhichao's eyes turn red and blood flow from the corner of his mouth. He looked incomparably crazy!

This scene immediately made Zhou Hao's expression sink.

He stared fixedly at Liang Zhichao in front of him and even wondered if he had seen wrongly.

However, when he looked at Liang Zhichao again, he could not suppress the anger in his heart.. He shouted back, "You actually modified your body and became a mutated human?"

A smug expression appeared on Liang Zhichao's face.

He smiled and panted heavily. Large amounts of white mist immediately spewed out from his nostrils. His eyes flickered with a scarlet expression and his entire body was filled with a murderous aura!

Zhou Hao could also guess why Liang Zhichao had made such a choice.

Now, he had already been reduced to a traitor of humanity and had been dismissed from his post to await trial.

In fact, since he had colluded with the mutated beasts, it was very likely that he would be sentenced to death.

Therefore, in order to live, Liang Zhichao escaped into the territory of the mutated beasts, wanting to find a way to survive out here.

However, how could a person living in a city adapt to the lives of the mutated beasts? In order to ensure his survival, Liang Zhichao even did not hesitate to modify himself with the genes of the mutated beasts!

In this way, not only could his strength increase greatly, but he could also become an existence that was half mutated beast and half human!

As a mutated human, he could hide among humans or move freely in the world of mutated beasts.

After all, his aura now contained the genes of mutated beasts, so the mutated beasts naturally wouldn't attack him when they saw him.

Zhou Hao looked at Liang Zhichao vigilantly and realized that the other party was constantly growing taller and stronger. He had even reached a height of two meters!

This was the first time Zhou Hao was fighting a mutated human. His mind instantly became incomparably tense. He looked at Liang Zhichao vigilantly and slowly gripped his saber tightly, looking at him with a dark expression.

“Originally did not want to have any conflict with you guys, but you guys are really going too far!”

Liang Zhichao’s voice was hoarse as it constantly reverberated in the air, instantly exploding!

His gaze revealed his anger as he looked coldly at Zhou Hao and said evilly, “Since you want to die, don’t blame me for being impolite!”

‘As soon as Liang Zhichao finished speaking, he suddenly jumped up from his spot. With this jump, he actually leaped 30 feet high!

It seemed that his strength had indeed improved greatly, making Zhou Hao have no choice but to be cautious!

“Are you courting death?!”

Zhou Hao was not to be outdone. He gripped the saber in his hand tightly and rushed towards Liang Zhichao at a valiant speed!

Countless explosions instantly erupted in the air, shocking the surrounding ground to tremble and rumble!

Countless mutated beasts seemed to have sensed the arrival of danger and roared at the sky. The roars of the mutated beasts echoed throughout the entire Green Stone Mountain!

At the same time, the soldiers at the foot of the mountain were immediately frightened when they heard these voices.

‘They could not help but look at each other. Their breathing quickened, and they subconsciously looked at each other. Then, they asked shakily, “Is it...”

One of the men nodded with a helpless expression and did not say anything else.

‘They all knew what was waiting for Zhou Hao!

Everyone became vigilant and looked at the Green Stone Mountain vigilantly to prevent any mutated beasts from rushing down. After all, if the mutated beasts broke through their restraints, they would pose a threat to the human world!

At the same time, on the mountaintop!

Facing Liang Zhichao's incomparably valiant attack, Zhou Hao's dodging speed was far faster than his attack speed.

Liang Zhichao turned into a furious ferocious beast and kept bombarding the distance, as if he wanted to take Zhou Hao's life!

Zhou Hao originally wondered if Liang Zhichao would be very powerful as a mutated human.

However, now that he saw the other party's power, he immediately sneered and thought to himself that it was only so-so!

Zhou Hao took a step forward and quickly rushed in front of Liang Zhichao. Then, he quickly turned to the left and instantly dodged Liang Zhichao's attack.

Immediately after, Liang Zhichao rushed towards Zhou Hao again!

As he roared, his eyes were filled with incomparable hatred, as if he wanted to instantly tear Zhou Hao into pieces!

Zhou Hao's face was filled with coldness. He turned his body and easily dodged. Then, he quickly waved the dagger in his hand and fiercely charged towards Liang Zhichao!

With a roar, blood splattered across the sky. It soared for several feet and instantly splattered all over Zhou Hao's body!

The blood of the mutated beasts had a unique smell. After Zhou Hao smelled it, he subconsciously frowned.

Zhou Hao slashed his saber again and instantly chopped off Liang Zhichao's head.

Liang Zhichao's eyes were still filled with anger.

However, because his head was now missing, the liveliness of his body was also gradually flowing away, making him look very tragic.

Zhou Hao did not have any sympathy for Liang Zhichao. In his eyes, a person like Liang Zhichao was nothing more than a traitor to humanity and did not deserve to live in this world.

After Zhou Hao resolved this matter, he walked down from the Green Stone Mountain. The soldiers who were guarding the gate originally thought that Zhou Hao would definitely die on the mountain.

After all, there were too many ferocious beasts on Green Stone Mountain. They thought that it was probably impossible for Zhou Hao to deal with them alone!

But now, when everyone saw Zhou Hao walk down the Green Stone Mountain unscathed, they were instantly stunned!

‘They did not expect Zhou Hao to be so powerful at all. He actually got off the Green Stone Mountain alive!

The few soldiers looked at Zhou Hao in shock and admiration.

However, Zhou Hao waved his hand indifferently and left.

Indeed, after he left the mountain, the mysterious man appeared in front of him again.

‘The man appeared so quickly that Zhou Hao could not help but wonder if this man had always been by his side. Did he know everything he did?

With such curiosity, Zhou Hao could not help but ask hesitantly, “Have you been following me the entire time?”

Facing Zhou Hao’s question, the mysterious person did not say a word. Instead, he opened his mouth indifferently and continued, “The fourth mission is to kill the Jiang City special envoy, Lin Zifeng.”

Zhou Hao knew immediately that this person was also guilty of colluding with the mutated beasts.

This was already the fourth target. Every time they assigned him to kill someone, the target would only be traitors or scum who secretly colluded with mutated beasts to bring disaster to the human world.

However, Zhou Hao was cautious by nature and would definitely not directly attack without confirming the other party’s true identity.

Therefore, this time, Zhou Hao also rushed to Jiang City without hesitation. He was prepared to go to Jiang City to investigate what kind of person this special patrol envoy, Lin Zifeng, was.

Soon, Zhou Hao arrived in Jiang City. He rushed straight to the office building where Lin Zifeng was located and was prepared to meet this special envoy..

## **Chapter 450 - Special Envoy**

After investigating, Zhou Hao discovered that this special envoy, Ling Zifeng, was known to be kind and focused on working for the people. He could also be said to be meticulous.

He was also the captain of the Mutated Beast Killing Force. In just a month, he had already destroyed three large-scale mutated beast groups in Jiang City and made outstanding contributions to the safety of the people of Jiang City.

After learning his lesson, Zhou Hao was worried that this person was only putting on an act for others to see. Therefore, he deliberately stayed by Ling Zifeng's side for a while.

This mission only lasted for two days. However, after these two days of interaction, Zhou Hao realized that Ling Zifeng was simply a good person!

It was nothing like what the mysterious person said. He did not seem like a disaster to the world at all!

After learning this news, Zhou Hao was abnormally furious.

He did not know what these people were thinking. They actually wanted him to kill such a good person. If he really did kill him rashly, wouldn't there be one less good person in this world?!

If not for the fact that he had always been a cautious person, the outcome would have been very different. Fortunately, Zhou Hao insisted on investigating the matter despite the trouble!

Otherwise, he would really be in big trouble!

Zhou Hao was filled with anger. He was about to return to the Battle God Battalion to argue with the people who gave him the assessment.

Unexpectedly, before Zhou Hao could leave, the mysterious person appeared again in front of him.

He looked at Zhou Hao calmly and could not help but ask, "The time is almost up. Why haven't you attacked yet?"

Zhou Hao suppressed the anger in his heart and looked coldly at the mysterious man in front of him. He shouted coldly and asked, "Don't you know why I haven't attacked yet?"

A faint cold expression appeared on the mysterious man's face.

After being silent for a moment, he could not help but speak in a deep voice. He said word by word, "You mean to say that you want to give up on the assessment and give up the qualifications to enter the Battle God Battalion?"

Zhou Hao's expression immediately turned even uglier.

He held back the anger in his heart and looked coldly at the mysterious man in front of him. He shouted coldly, "Ling Zifeng is not someone who has colluded with the mutated beasts. Why do you want me to kill him?"

After hearing Zhou Hao's question, a faint bright expression appeared on the mysterious man's face.

He spoke slowly and then said word by word indifferently, "This is a mission issued by the Battle God Battalion. You have to complete the mission. Otherwise, you will be considered to have given up your qualifications for the assessment."

Zhou Hao's expression was still extremely gloomy.

He continued to restrain the anger in his heart and shouted coldly, "So be it then. I didn't plan on carrying out this mission anyway. The mission you guys gave me is problematic!"

"Lin Zifeng is a good person who works for the people. He's really thinking for the people. He shouldn't suffer such treatment!"

"I won't be carrying out this mission. If you want to send someone else to do this, I'll also do my best to stop you. I definitely won't let you kill the innocent!"

After hearing Zhou Hao's words, a faint anger appeared on the mysterious man's face.

He suppressed the anger on his face and slowly said, "Have you really considered this matter carefully?"

"You have to think carefully. You only have this one chance. If you can't complete this mission, all the previous missions will be in vain."

"If you disobey the instructions of the Battle God Battalion. The Battle God Battalion will not give you another chance to join again."

The mysterious man enunciated every word, immediately making Zhou Hao's expression turn especially cold.

He suppressed the anger on his face and slowly said coldly, "You don't have to talk nonsense. I've already thought it through. I won't be reduced to being used by you guys and killing the innocent!"

“So what if I don’t join the Battle God Battalion? I don’t care at all. I want to stick to my own path!”

Zhou Hao’s words made the mysterious man’s expression turn especially furious.

He shouted coldly, “Alright, you’re the one who said that. I hope you won’t regret it when the time comes!”

Zhou Hao rolled his eyes coldly, his face filled with disdain. He said sarcastically, “Of course I won’t regret it

After Zhou Hao finished speaking, he quickly turned around and prepared to leave.

“Wait!” Unexpectedly, before he could even take a step, the mysterious man behind him suddenly chuckled and slowly said with praise, “Congratulations on successfully passing the fourth stage of the assessment.”

“What did you say?”

Zhou Hao had a puzzled expression as he stood rooted to the ground. He looked back at the man in surprise and asked in confusion, “Didn’t you say just now that I would lose my qualifications to participate in the assessment?”

A rare smile appeared on the mysterious man’s face. He waved his hand and said softly, “The previous mission was only to test your reaction.”

“To be able to join the Battle God Battalion, not only do you need to have the ability to carry out missions, you also need to be able to distinguish right from wrong and make accurate judgments.”

“If you had killed Ling Zifeng without hesitation today, you would have immediately lost the qualifications to join the Battle God Battalion.”

“If you had attacked Ling Zifeng despite knowing that he is a good person, you would have failed the assessment.”

“It was all just a test. Congratulations on successfully passing,”

The mysterious man chuckled.

Only at this moment did Zhou Hao realize what had happened.

However, he still could not help but feel a little afraid. He looked at the mysterious man with worry in his eyes, frowned, and said unhappily, “But isn’t your test a little too inhumane?”

“If I really accidentally kill Ling Zifeng, what will you guys do?”

Thinking of this, Zhou Hao could not help but feel lingering fear.

However, the mysterious man smiled and said with a smile, “Hehe, why do you think I could appear in front of you so quickly?”

Zhou Hao was shocked. Although he had his guesses, he was still somewhat shocked when he heard the mysterious man say it himself.

“In short, congratulations.”

The mysterious man smiled and took a step forward. He patted Zhou Hao’s shoulder and said, “There’s still a final test waiting for you.”
