

Starting With One Million Luck Points

Chapter 451 - Explanation

Chapter 451: Explanation

Translator: Atlas Studios**Editor:** Atlas Studios

When Zhou Hao heard this, he took a deep breath. There was only the final mission left. Would he really be able to join the Battle God Battalion after completing this mission?

Thinking back, the process had indeed been somewhat difficult. However, since he had persisted to this point, he had to continue!

The mysterious person did not waste his breath. He looked at Zhou Hao and said indifferently, "I'll give you three days to prepare. In the past few days, you've traveled to many places in the Huaxia area. However, after joining the Battle God Battalion, you probably won't be able to return for a few years. Of

course, there will be times when you can leave. Otherwise, you won't be able to return until you graduate. During this period, your freedom will be restricted by the Battle God Battalion!"

When Zhou Hao heard this, he nodded. He did not feel too strongly about this. The current him needed strength and status. The faster the better!

"Got it."

Zhou Hao nodded.

"Since you understand, I'll come and look for you in three days."

With that said, the mysterious person disappeared and Zhou Hao returned home.

Three days later, Zhou Hao would head to the Battle God Battalion. He naturally had to explain this to his parents. Otherwise, they would definitely be worried.

His parents were not at home when Zhou Hao returned home so he hurriedly made a table of food.

Ever since he entered the martial artist world, he rarely sat at home and ate with his parents.

Not long after, Wang Shuyun and Zhou Xueguo returned. As soon as they entered, they smelled the food on the table and were stunned.

“aiya, Son, you’re back. You left in a hurry a few days ago. I was worried for a long time!” Wang Shufang hurriedly walked over and looked at her son as she said happily.

Although Zhou Xueguo was also very worried about his son, he was still a father after all. As a father, he needed to be like a mountain and not display his affections openly. Therefore, when he saw his son, Zhou Xueguo only nodded and said, “It’s good that you’re back.”

Although it was only five words, Zhou Hao could sense that his father had been worried.

“Dad, Mom, have a seat. I want to tell you something today!”

Zhou Hao made his parents sit down and smiled.

“What’s the matter, son?” Wang Shuyun hurriedly asked.

Zhou Xueguo also looked at his son and was a little worried. He did not know if Zhou Hao had good news or bad news.

“It should be said to be good news. I am going to a special organization called the Battle God Battalion. I’ve already passed 90% of their assessment. I’m just short of the final stage. If I pass this final stage, I’ll be an official member of the Battle God Battalion.”

After Zhou Hao finished speaking, Zhou Xueguo and Wang Shuyun naturally did not understand what was different about this Battle God Battalion. However, they knew that there had to be a reason for their son to be so serious!

“Son, can you tell us what kind of organization this Battle God Battalion is? I still feel worried.”

Wang Shuyun was telling the truth. After all, it sounded like a special place. She was really worried that her son would be in danger.

Zhou Hao could tell that his parents were worried and only smiled. “You don’t have to be nervous. The Battle God Battalion is a special martial artist organization. It’s also a global organization and will consist of all the elite martial artists. I’ll be fine.”

“Similarly, the Battle God Battalion has rich resources and is very helpful in cultivation. It also wasn’t easy for me to get in.”

After Zhou Hao finished speaking, Wang Shuyun and Zhou Xueguo heaved a sigh of relief.

“as long as there’s no danger. Son, although our family has become rich after you became a martial artist, Mom has always been worried about you. After all, martial artists fight mutated beasts all day long. Mom is just... worried.”

As parents, what they valued was not money but the safety of their children. Zhou Hao naturally understood this.

Therefore, he did not tell them the truth!

The Battle God Battalion was definitely filled with danger. After all, the establishment of the Battle God Battalion was to deal with many dangerous things, including the foreign races and the humans themselves!

However, it was not appropriate for Zhou Hao to say this to his parents.

“Dad, Mom, don’t worry. I’ll be fine. I might even be gone for a few years. I only have a month off every year. After all, there will be a lot of training missions so the schedule will be quite tight,” Zhou Hao said.

Hearing this, although Wang Shuyun and Zhou Xueguo were unwilling, it was still useless for them to say anything. After all, their son had already made up his mind.

At this moment, Wang Shuyun suddenly said, “Son, did you tell Xu Ling about this?”

Zhou Hao naturally nodded with a smile. “Mom, I already told Xu Ling about this.”

“Xu Ling is a good girl. Don’t let her down. I’m waiting for her to be married into the family as my daughter-in-law, understand?”

Wang Shuyun was very anxious. Other people’s children were already prepared to get married and have children after graduation. It was only natural for her to worry about her own son, who was always fighting mutated beasts.

“I know, Dad, Mom, don’t worry.”

Only then did the family eat happily.

At night, Zhou Hao sent a message to Xu Ling to tell her the news. Xu Ling was originally in the Jiangnan Base Center. After receiving Zhou Hao’s message, she immediately rushed over!

She really wanted to see Zhou Hao one last time before he left!

However, this matter was seen by the Young Master of the Long Family. His face was filled with anger!

"Damn, you bastard. It's so difficult for me to see you. Zhou Hao only sent you a message and you did not even hesitate to meet him thousands of miles away. What a slut!"

Long Aotian was very, very furious. He had never expected that he, the dignified Young Master of the Long Family, would not be able to seduce a supernatural level female expert!

"Uncle Sun, arrange for a plane immediately. I want to go to Qu City. Also, think of a way to make Xu Ling give up on Zhou Hao completely!"

Long Aotian said to his butler. Butler Sun nodded and immediately went to make the arrangements.

At the same time, Zhou Hao received a call from Xu Ling. The two of them agreed to meet at a coffee shop.

Seeing Zhou Hao, Xu Ling's eyes were filled with worry. She naturally understood why Zhou Hao was working so hard!

"I'm sorry. It's all my fault."

Xu Ling blamed herself.

"Silly girl, don't blame yourself. This is my choice." Zhou Hao smiled and did not blame Xu Ling at all.

Moreover, he believed that he had the ability to make the Xu family treat him seriously one day!

"But if not for me, you wouldn't have..."

Xu Ling wanted to say something, but she was interrupted by Zhou Hao.

"I'm only who I am because of you. Moreover, if not for you, I might have been in a daze and not know what to do. So don't blame yourself, understand?"

Zhou Hao grabbed Xu Ling's hand and couldn't help but say.

Xu Ling wiped the tears from the corner of her eyes and looked at Zhou Hao with a heartbroken smile.

At the same time, Long Aotian's plane landed in Qu City. He entered a hotel and was currently sitting on the sofa with a woman kneeling by his feet massaging him..

Chapter 452 - Awkward

Chapter 452: Awkward

Translator: Atlas Studios**Editor:** Atlas Studios

Long Aotian's face was gloomy, and Butler Sun's expression was also extremely ugly.

"Butler Sun, is everything ready?" Long Aotian asked directly.

Butler Sun nodded and waved his hand. Immediately, two beautiful sisters walked in. They were very beautiful and were even twins.

This pair of twin sisters looked like they could get men to commit crimes. Their smiles and mannerisms were indescribably beautiful!

Even Long Aotian was shocked. He looked at the two sisters and swallowed hard!

He started to fantasize about being with these two sisters.

He immediately became excited.

At this moment, Butler Sun took out Zhou Hao's information and handed it to the two of them.

"This is your target tonight. His name is Zhou Hao and he used to be a student of the Qu City High School. He has a first-grade supernatural cultivation. His contact number is..."

Butler Sun told them Zhou Hao's information and the two girls recorded it.

"Do as you're told, understand? Don't make any mistakes. The two of them are currently at the Seven Day Coffee Shop."

After Butler Sun finished speaking, he sent someone to directly bring the sisters to the coffee shop.

'As soon as they entered, the sisters attracted the attention of many people. After all, such beautiful sisters were rare.

This scene was also seen by Xu Ling. Because she was sitting facing the door, she could naturally see the sisters walk in. As for Zhou Hao, his back was facing the door and he naturally did not know what the commotion behind was!

After that, the sisters sat at the table behind Zhou Hao. However, Xu Ling did not care.

Zhou Hao and Xu Ling also began to chat like ordinary couples. They chatted a lot about their family and school.

At this moment, the two women whispered to each other.

“Sister, are you serious? Was that man that good last night?”

“Of course, Sister. How could I lie to you? That man is simply a war god. I hung out with him for two days. Unfortunately, he left on the third day. However, it’s a good thing that he left. Otherwise, I might have even died!”

“Really? Sister, can someone really be that good?”

“That person’s cultivation is at the first-grade supernatural level. Good thing I just stepped into the martial artist level. If it were an ordinary person, they would probably have died long ago...”

The two sisters chatted in low voices not far away. Naturally, Zhou Hao and Xu Ling could also hear them.

Xu Ling frowned and thought to herself that this woman was really disgusting now. She was simply shameless. On the other hand, Zhou Hao smiled and thought to himself that they were really bold to be able to talk about such things so casually.

“Sister, now that you mention it, I want to try too. Sister, can you contact him?”

“Of course, sister. When he left my place, he happened to contact his girlfriend. His girlfriend is also very beautiful. Moreover, she seems to be a noble lady!”

“What? He already has a girlfriend and he still did that with you?”

Her sister pursed her lips and said indifferently, “What’s wrong with that? Don’t you know what a noble lady is like? Do you think his girlfriend is as knowledgeable as I am?”

“That’s true. Sister, don’t you have his communication information? Quickly give him a call and ask him out. I want to see him tonight!”

‘The younger sister was very anxious. She looked as if she wanted to have a big battle tonight!

At this moment, his sister took out her phone helplessly and could not help but say, "Alright, alright, I'll contact him now!"

'As she spoke, the woman made the call.

Zhou Hao and Xu Ling were also very curious as to who this man was. However, at this moment, Zhou Hao's communication device rang.

This stunned Zhou Hao and Xu Ling.

The two women were also stunned for a moment before they looked up and immediately fell in love with Zhou Hao!

"Ya, so you're here. Sister, it's him. We're really fated. We were even together last night. I didn't expect us to meet again today!"

'The older sister was very happy and immediately looked at Zhou Hao.

Zhou Hao frowned and looked at this charming woman. He could not help but ask, "How did you get my number?"

Zhou Hao was very surprised. Not many people knew his number!

How did this girl know?!

"Didn't you give me this number? You even said that if I want it in the future, I can look for you..."

'The woman immediately smiled charmingly, and the sister was the same. Her two eyes sized up Zhou Hao.

"Miss, this joke is not funny. I don't know you. This is the first time we've met."

Zhou Hao thought to himself that this was bad. Xu Ling was still here. Wasn't the other party basically trying to frame him?!

The sister was stunned for a moment and looked at Xu Ling. However, she quickly regained her senses and hurriedly said, "Oh, oh, oh, sorry, I'm sorry. I made a mistake. I got the wrong person. I'm really sorry!"

Xu Ling had witnessed all of this. She naturally knew what was going on. After all, many martial artists liked to spend money to find some girls to play with.

As for some girls, in order to survive, they were also willing to take risks. Moreover, some girls with low cultivation would avoid going to the frontline to fight. Instead, they

used the blood essence power they had cultivated painstakingly to change their figures, making themselves look sexy and

enchanting so that they could fetch a good price!

She knew a lot about this, but she also found it to be despicable. She did not expect Zhou Hao to be like this!

Of course, she did not believe that Zhou Hao was such a person.

However, seeing the exquisite performance of the two women here, she still felt that there was something wrong!

After all, the other party had suddenly changed her tone and acted like she had recognized the wrong person. It was as if she was really worried that Zhou Hao would take revenge on them!

“Could it be that they really did mistake Zhou Hao for someone else? Otherwise, this matter is just too coincidental. They talked about the man for the entire night and ended up calling Zhou Hao. If it’s a coincidence, then it’s too much of a coincidence!”

Xu Ling narrowed her eyes and analyzed them secretly. Zhou Hao was even more depressed. He couldn’t help but wonder how this all happened.

“I’m really sorry, sir. We got the wrong person. Sorry!”

The woman hurriedly apologized and was about to leave.

Zhou Hao was very speechless and helpless.

However, at this moment, Xu Ling could not help but say, “Miss, please wait.”

The two girls were stunned for a moment before turning to look at Xu Ling. They said in confusion, “Miss, we really got the wrong person.”

“I know. I just wanted to ask who the person you two are talking about is.”

After Xu Ling finished speaking, the sister did not hesitate. “He was a martial artist. I don’t know his name, but... but it’s not this gentleman.”

“Oh, oh, is that so? Then, may I ask if you were with that person last night?” Xu Ling asked with a smile..

Chapter 453 - Want to Fight?

Chapter 453: Want to Fight?

Translator: Atlas Studios**Editor:** Atlas Studios

Hearing Xu Ling's words, the woman immediately nodded.

"That's right. We were together last night and were busy the entire night!"

The woman smiled and even looked at Zhou Hao.

Xu Ling nodded. "I see. Then he's not my boyfriend. My boyfriend spoke to me on the phone for four to five hours last night. I'm relieved if it's not him."

Hearing this, the woman's expression immediately changed and she was somewhat flustered!

She did not expect such an unforeseen event to occur. She had only followed the instructions and repeated what Butler Sun told them to say. However, she did not expect the two of them to chat for the entire night!

Actually, they did not completely think that they could completely mess up their relationship this time. However, they expected to at least be able to damage it after doing it a few more times.

Therefore, they had already prepared to do this for the second and third time.

But now, they had already failed the first time. How could there be a second or third time?!

Therefore, when the two sisters heard this, they were somewhat embarrassed and hurriedly ran away.

Zhou Hao smiled and looked at Xu Ling. He could not help but say, "I didn't chat with you last night."

Xu Ling smiled and couldn't help but say, "I know. I just wanted to test their reaction. You saw their expressions just now. Clearly, they were lying."

Xu Ling had already analyzed the entire situation and even guessed who was behind this!

She wondered why it was so coincidental. Even if Zhou Hao did do it, he wouldn't have met these two people so quickly!

Moreover, she knew Zhou Hao well. He was not such a person!

"From the beginning, they had been trying to use their conversation to lay the foundation for their act. Otherwise, why would they talk about this for half an hour? In addition, they kept agreeing to what each other said. Moreover, that phone call was too strange. In short, it sounded too deliberate. If they

had recognized you when they were about to leave, it would have been more believable."

"But after all that, they actually ended up calling you. It's really a little strange."

"Moreover, you probably can't even remember your own contact number. How would they know?"

Xu Ling analyzed it logically and could tell that the two of them were lying.

"If I'm not wrong, this should be done by your suitor, right?"

Zhou Hao suddenly said.

Xu Ling was stunned for a moment and panicked. "You... you know?"

"Of course, how could I not know what's going on in your life? However, for the other party to use such a method, it doesn't seem like he is a gentleman!"

Zhou Hao was not bad-mouthing the other party... He was simply speaking the truth.

Which good person would do such a disgusting thing?

Therefore, that Young Master Long was definitely not a good person!

"I think it's him too. However, I have to admit that his plan was pretty good. I almost believed it." Xu Ling nodded helplessly, feeling very speechless.

"By the way, when you said 'boyfriend' just now, were you referring to me?"

At this moment, Zhou Hao suddenly smiled and winked at Xu Ling.

Xu Ling rolled her eyes. "Don't push your luck. If I had believed them just now, you would have been in trouble!"

"It wouldn't have worked anyway. How could a goddess like you be fooled over by such a small trick?"

Zhou Hao immediately smiled. His annoying appearance made Xu Ling feel angry and amused. She thought to herself that this guy was really heartless!

'The two of them chatted for a while more. When they walked out of the coffee shop, it was already seven or eight at night.

Zhou Hao sent Xu Ling back to the hotel before heading home.

Not far from his residential area, Zhou Hao frowned and looked at the seven to eight people standing in front of him.

All of them had unkind expressions and faint cultivation emitted from their bodies. They were all supernatural experts!

Zhou Hao narrowed his eyes and looked at these people. The leader, a man in a suit, walked over and looked at Zhou Hao with a cold gaze!

"I'm Zhou Hao. May I know why you guys are blocking my way?"

Zhou Hao could not help but ask. The man in the lead smiled.

"Zhou Hao, you don't know me, but I do know you. Let me introduce myself. I'm Long Aotian, the Young Master of the Green Cloud Division's Long Family. I'm here to give you an order."

Long Aotian had his hands in his pockets as he looked at Zhou Hao with an unruly expression.

"Oh? I'm all ears." Zhou Hao smiled and said amused.

'They were only a few supernatural experts and were simply not strong enough to pose a threat to Zhou Hao. Zhou Hao only needed to move his fingers and these supernatural experts would either die or be injured. However, at this moment, he was also interested in playing along with this Long Aotian!

"Leave Xu Ling. This is my advice and warning. If you don't listen, don't blame me for killing you!"

Long Aotian was very arrogant. As soon as he spoke, his voice was filled with cold killing intent!

Zhou Hao smiled and could not help but ask, "Are you guys going to kill me?"

Long Aotian smiled. "Of course we won't kill people on the streets, but believe me, it's too easy for our Long family to kill a supernatural expert."

"are the people in your Long family gods?"

Zhou Hao also snorted and did not care.

"It depends. In Huaxia, our Long Family is insignificant. However, in this small Qu City, I, Long Aotian, am a god. My words are enough to decide your life and death. Do you believe me?"

Long Aotian sneered. These words were naturally not false. With the strength of his Long Family, killing a first-grade supernatural expert was nothing.

Zhou Hao was a supernatural martial artist, so Long Aotian naturally did not care about him.

"Everyone says that we're equal, but there's no such thing as equality in this world. If there was, you would have been able to kill me easily with your supernatural cultivation. However, since I am the one in charge here, it shows that there's no absolute fairness in this world. Might makes right."

Long Aotian was very arrogant. He looked at Zhou Hao and was already threatening him.

"My words can decide the life and death of many families. Therefore, Zhou Hao, you have to think carefully before answering me!"

Long Aotian's smiled. He believed that his words had already convinced Zhou Hao.

However, Zhou Hao shook his head.

"Young Master Long, I'm sorry. I don't have the time to chat with you. We'll talk in the future. Goodbye."

Zhou Hao could not be bothered with him and was about to leave. However, Long Aotian waved his hand and his people surrounded him.

"You want to leave? Zhou Hao, do you think you can leave?"

Long Aotian was very arrogant. In his eyes, he believed that it was still very easy for him to teach Zhou Hao a lesson. After all, he had four to five supernatural experts under him. Even if he could not kill Zhou Hao, he could still give him a beating.

When Zhou Hao saw this, he smiled.. "What? Do you want to fight?"

Chapter 454 - Proud

Chapter 454: Proud

Translator: Atlas Studios**Editor:** Atlas Studios

Zhou Hao swept his gaze over them and immediately smiled.

“Five supernatural experts. There’s a first-grade supernatural, a second-grade supernatural, oh, and a third-grade supernatural expert. Do you really want to fight me here?”

Zhou Hao was not afraid at all. His strength was really at the Heaven Realm. A few mere supernatural experts could not cause any trouble at all!

Long Aotian also smiled, but his smile was filled with ridicule.

“What? Do I need to get permission to attack you? You’re just a supernatural expert. I would only be reprimanded after beating you up. However, it’s different for you. You will have to suffer physical pain.”

“Yes, it’s unfair. However, you can only endure it and not resist. Because if you hurt me, you’ll be a dead man!”

Long Aotian was very arrogant. As the direct descendant of the Long Family, he was naturally very arrogant!

He had the qualifications to be arrogant!

However, he had encountered the wrong person!

“Young Master Long, I’ll also give you a piece of advice. Don’t cause trouble. Otherwise, don’t blame me for being impolite.” Zhou Hao crossed his arms and said indifferently.

If not for the fact that he was worried about making a negative impression in the neighborhood, he would have attacked long ago. After all, this was the city and not the wilderness. Zhou Hao did not want to fight inside the city.

He felt that it was not good to fight in the city.

“Hahaha, I’m dying of laughter. Zhou Hao, I really don’t know what you’re thinking!”

Long Aotian laughed as if he had heard a funny joke.

“You guys don’t have to hold back. It’s fine as long as you don’t kill him.”

Long Aotian could not be bothered to waste his breath. He waved his hand and got them to swarm forward.

Zhou Hao sighed and was very helpless. If he did not resist, wouldn’t he become a pushover?!

However, just as Zhou Hao was about to teach these people a lesson, a long arc arrived and landed on the ground with a cold aura!

A delicate shout sounded.

“Long Aotian, how dare you!”

As soon as the other party finished speaking, Zhou Hao retracted his aura. A beautiful figure stood in the void. The cold aura even caused an ice sword to fall to the ground!

Long Aotian was shocked. He looked up and his expression immediately darkened!

The person who had arrived was none other than Xu Ling!

‘When Xu Ling returned to the hotel, she felt that something was wrong with what had happened tonight, so she hurriedly rushed over.

Unexpectedly, her guess was right. Long Aotian and his men were indeed going to attack Zhou Hao!

Therefore, he naturally stopped them!

Xu Ling landed on the ground and looked at Zhou Hao with concern in her eyes. She asked worriedly, “Zhou Hao, are you alright?”

“Of course not. I’m being saved by you, aren’t I?” Zhou Hao smiled.

Xu Ling rolled her eyes at him. Even at this moment, he was still joking. This man really made her feel helpless!

Long Aotian saw all of this. He was really furious that the two of them were acting intimately in front of him!

In his eyes, Xu Ling was already his woman. How could he tolerate seeing his woman being intimate with another man? He immediately shouted angrily.

“Xu Ling, move aside!”

Xu Ling turned around and looked at Long Aotian before saying directly, “Young Master Long, what are you trying to do? Are you going to attack me in a human city? You don’t have the right to enforce the law. I’m the special envoy of the Jiangnan Region. If you use force, I have the right to detain all of

you!”

Of course, Xu Ling did not allow it. At this moment, she was somewhat domineering, like a little chili!

Long Ao was furious. He naturally did not have the right to use force in the city!

Although he was in a high position, there were still rules in the city that prohibited martial artists from fighting each other. Moreover, these rules also applied to supernatural experts!

It was not only because supernatural martial artists had powerful combat strength, it was also because they could easily injure ordinary people. After all, this was not a spatial rift. Once they fought, the fluctuations of supernatural experts were enough to destroy a city!

“Xu Ling, do... do you really have to get involved?!”

Long Aotian was very furious. He was originally in a bad mood. Xu Ling had come to date Zhou Hao tonight. At this moment, when she saw Xu Ling protecting Zhou Hao, he was even more furious!

“Young Master Long, I’m a special envoy. I have the right to interfere in this matter. If you don’t bring your people away now, I’ll tell the Green Cloud Division. When the Long Family blames you, don’t blame me for not reminding you!”

Xu Ling’s attitude was also very unyielding, making Long Aotian simply furious!

However, Long Aotian did not dare to attack!

After all, she was a special envoy. If the matter blew up and the Green Cloud Division blamed him, not only would he not have dealt with Zhou Hao, but he would also have been severely scolded. The gains would not make up for the losses!

“Zhou Hao, aren’t you a man? How dare you hide behind a woman? Do you think you’re worthy of Xu Ling?”

Seeing that Xu Ling was unwilling to back down, Long Aotian naturally targeted Zhou Hao. He hoped to anger Zhou Hao and make him attack first!

As long as Zhou Hao attacked him first, things would be much easier!

However, how could it be possible for Zhou Hao to attack? He only smiled.

“Young Master Long, don’t say that. I like it when others save me. That’s the good thing about me, I’m wise and know when to submit to circumstances. Since I can’t beat you guys, I’m more than happy to let Xu Ling save me!”

Zhou Hao’s words almost made Xu Ling laugh. This guy was really shameless.

Moreover, she also felt pity for Long Aotian. The other party probably had no chance to deal with Zhou Hao.

“You... you... you’re really shameless!”

Long Aotian was also furious. When had he ever seen such a person?!

This person was simply too inhumane. He was actually shameless enough to say such a thing!

Zhou Hao did not care at all. It did not matter to him.

However, Xu Ling still took a deep breath and said, “Long Aotian, you don’t have to say so much nonsense. Zhou Hao has already joined the Battle God Battalion. I don’t know if you know about the Battle God Battalion. If you do, then you should understand that he is not someone you can afford to

provoke.”

“If you don’t know, go back and ask your parents. They’ll tell you!”

When Xu Ling said this, she was very proud, as if she was telling everyone that the man behind her was not someone who relied on women at all!

Long Aotian frowned. He had only heard of the Battle God Battalion and only knew that this organization was very mysterious and special. However, he did not know the exact details!

However, hearing Xu Ling say this, he suddenly felt that there was probably something wrong with this Battle God Battalion. Therefore, he frowned and nodded.

“Alright, I’ll go back and ask my parents. Zhou Hao, let’s settle this some other day. In the future, I’ll get even with you!”

Zhou Hao nodded. “Anytime, Young Master Long.”

Zhou Hao naturally did not have a good impression of this person. In his eyes, the other party was just lucky to have been born into a good family.

However, relying on external items was not a long-term solution.. What he needed to do was rely on himself to hold up the sky!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 455 - Anger

Chapter 455: Anger

Translator: Atlas Studios**Editor:** Atlas Studios

Long Aotian and the others still left. After all, since Xu Ling was a special envoy, there was nothing they could do. Her identity still had some weight in the Jiangnan Region!

Moreover, Xu Ling was from the Xu family. Long Aotian did not want to offend Xu Ling!

comment

Although he was very angry that she had protected another man in front of him, he still decided to not act rashly!

Seeing them leave, Zhou Hao shrugged and could not help but say, “Why did you tell them that I went to the Battle God Battalion?”

Zhou Hao did not understand why Xu Ling said that.

Xu Ling smiled. “This matter can’t be hidden. I know about the Battle God Battalion. Once you officially join, they will inform the higher-ups of the Green Cloud Division. After all, you belong to the Green Cloud Division.”

“Moreover, the identities of the members of the Battle God Battalion are different and their statuses are also different. They are not under the jurisdiction of any division. On the contrary, the Battle God Battalion has absolute control over the other divisions. If the Long Family finds out that you entered

the Battle God Battalion, they will definitely be a little afraid. Even if you only have a supernatural cultivation, they will still be afraid of you.”

At this point, Xu Ling sighed. "This Long Aotian is not a gentleman. I think he probably won't let the matter rest even though he couldn't do anything to you today. Instead of letting him think of ways to deal with you secretly, it's better to let him understand and make him afraid."

"Moreover, if his family knows about this, they will also restrain him a little. Therefore, there are quite a few benefits to telling him."

Zhou Hao had not considered the benefits before this. On the other hand, Xu Ling was a meticulous girl and what she said might even be true. Moreover, Xu Ling would never hurt him, so he was not really bothered by it.

Xu Ling looked at Zhou Hao and gently helped him arrange his clothes. She smiled and said, "The days in the Battle God Battalion will definitely be very difficult. I know that it will be very difficult for you, but you will have my full support. Although I'm currently restricted by my family, the situation

might be different if I can reach the quasi Heaven Realm."

"The reason why I said all this is to let you know that you're not fighting for our future alone. I'll be fighting alongside you!"

Xu Ling was very affectionate. After saying this, she smiled and soared into the sky.

Zhou Hao watched her leave and felt his body fill with strength for the first time!

At the same time, Long Aotian returned to the hotel and immediately got Butler Sun to check on the Battle God Battalion.

'When Butler Sun heard this, he was stunned for a moment and hurriedly asked, "Young Master, why are you asking this?"

"Why else? I heard that Zhou Hao has joined the Battle God Battalion. I have to know what's going on!" Long Aotian said angrily.

"What?! That Zhou Hao has joined the Battle God Battalion?!"

Butler Sun was immediately shocked and hurriedly said, "Young Master, I'll check now. Please wait!"

The Long Family had an extraordinary status in the Green Cloud Division. Although they could not interfere in the matters of the Battle God Battalion, they could still access some of the information!

Butler Sun's expression suddenly changed drastically!

“Young Master Long, you’re right. Zhou Hao should have joined the Battle God Battalion. Not only that, but he also passed a special A-level assessment. As soon as he gets in, he will become a member of the Wind God Team!”

Long Aotian still did not understand what Butler Sun was saying. He could not help but say, “Butler Sun, I don’t quite understand what you’re saying. What do you mean?”

Butler Sun hurriedly said, “The Battle God Battalion only recruits 30 to 40 people worldwide every year. All of them are peerless geniuses. The assessments are also divided into four levels: A,B,C, and D. A is the most difficult, and D is the easiest.”

“The difficulty of this assessment represents how much the Battle God Battalion values the person’s ability. Since he passed the A-level assessment, it means that he won’t need to study in the Battle God Battalion for a year before joining the various teams. Instead, he will directly become a team

member!”

“Young Master Long, you must be wondering about the strength of the teams, right? What if I told you the two leaders of the Wind God Team are twelfth-grade Heaven Realm experts?”

‘This made Heavenly Dragon go crazy!

Two peak-level experts in a single team. How ridiculous!

It had to be known that even though their Long Family was very impressive in the Green Cloud Division, they only had one twelfth-grade Heaven expert!

Asingle Wind God Team from the Battle God Battalion had two leaders at the twelfth-grade Heaven Realm?

What kind of concept was that?

In other words, this one team was twice as valuable as their Long Family.

And now Zhou Hao had actually joined such a team. Didn’t that basically mean that the Long Family was going to fight two Long Families?

“How could this be?!”

Long Aotian was crazy!

Although his status in the family was high, it was only for the time being. Although he was the eldest son of the first wife, there were still other descendants. His status was also dependent on his father!

'The internal-competition in these big families was very intense. It was very difficult for him to make any progress. After all, it had been hard for him to get to where he was at the moment. The reason why he was so anxious to marry Xu Ling was also because he wanted to consolidate his status!

Therefore, although he appeared to be incomparably ruthless to the outside world, he was still cautious within the family. That was because if he was careless, he would be stepped on by others in the family!

Hearing that Zhou Hao had joined the Battle God Battalion, his expression changed drastically. Fortunately, Xu Ling had stopped him just now. Otherwise, if they really fought, wouldn't he have caused trouble for the Long Family if he injured someone from the Battle God Battalion?

"If the family finds out that Zhou Hao and I have a conflict, they will definitely blame me. Grandfather usually likes me a lot, but at this critical moment, he will definitely blame me!"

The relationship of such a large family was similar to that of the royal family. Everyone's favor came from the Long Family's patriarch. Just because one did well in the moment, it did not mean that he or she would continue to do well forever!

Anything could be changed instantly!

"Young Master Long, there's also another thing. The Battle God Battalion is a global organization. It was established together by the Eastern Planet Earth, Western Planet Earth, Southern Planet Earth, and Northern Planet Earth. It can be said that the Battle God Battalion is very, very, very powerful. They

have absolute control over the various divisions. Since Zhou Hao has joined the Battle God Battalion, I'm afraid..."

What Butler Sun said made Long Aotian even more afraid!

He was very afraid, but this fear turned into anger. He kicked the sofa beside him fiercely and roared.

"On what basis? On what basis? A lowly slave actually became a member of the Battle God Battalion and stood above me? On what basis?!"

After Long Aotian finished throwing his tantrum, he lay on the sofa with a bloodthirsty gaze.

"Butler Sun, call those two sisters over!"

Butler Sun was stunned for a moment. He knew that his young master always needed women to vent his anger!

Over the years, he had killed at least eight women!

“Young Master, you...” Butler Sun said worriedly.

“Don’t worry, I’ll control my emotions and won’t kill them!”

Butler Sun sighed and could not say anything. He could do as he was told and make the arrangements.

Chapter 456 - Ark Island

Chapter 456: Ark Island

Translator: Atlas Studios**Editor:** Atlas Studios

Zhou Hao stayed at home for two days and naturally relaxed with his parents for the entire time. Other than that, he did not do anything else.

‘The next morning, Zhou Hao received a message. Just as he walked out, he saw a Bentley parked outside.

“Mr. Zhou, is it? I’m Smith. I was arranged to escort you to the base.”

The person had golden hair but spoke in fluent Chinese.

Zhou Hao was stunned for a moment and was a little surprised. The golden-haired Smith also smiled. “Mr. Zhou, don’t worry. I’m half Chinese and half European. However, I grew up in China.”

“Mr. Zhou, let’s go,” Smith said with a smile.

“Thank you, Mr. Smith.” Zhou Hao smiled politely.

After watching their son get into the car, Zhou Xueguo and Wang Shuyun could not hide their reluctance to part with him. However, they knew that this was their son's choice. They could only choose to support him!

Zhou Hao was very emotional. However, no matter what, he still had to leave for the sake of his future.

Soon, the car arrived at the airport. Zhou Hao saw all kinds of fighter planes. These fighter planes were strangely shaped and triangular.

Zhou Hao was very shocked as he looked at these fighter planes. Smith also smiled.

"Mr. Zhou, this is a superconducting fighter jet we just developed. It's very powerful and fast, but it still needs someone to control it. It's not as good as those smart planes."

Smith smiled and pointed at one of them.

"The place we're sending Mr. Zhou to this time is Ark Island. Only such fighter planes can cross the spatial barrier. Also, a single flight costs 500 million yuan."

Smith's words shocked Zhou Hao. He had never expected the plane to be so expensive.

Smith smiled and said, "Mr. Zhou, a member of the Wind God Team will come and pick you up later."

As he spoke, Smith brought Zhou Hao onto the plane. Not long after, a man walked in.

This man looked at Zhou Hao's expression with a smile. Zhou Hao was also stunned for a moment as he felt that this person was very familiar.

"We meet again, Zhou Hao."

Zhou Hao could not help but exclaim, "It's you?!"

If Zhou Hao was not wrong, this person was the mysterious man who had given him the assessments!

This person's cultivation was at the third-grade Heaven Realm and he was very powerful. However, he had always been wearing a black robe. At this moment, seeing his true appearance, Zhou Hao barely recognized the other party.

"Let me introduce myself. I'm a member of the Wind God Team, Zhao Yifan."

Zhao Yifan stretched out his hand. Zhou Hao hurriedly stood up and said respectfully, "Hello, Brother Zhao."

“Hehe, no need to be so polite. Zhou Hao, to be honest, you surprised me. In all these years, many people have carried out the A-level assessment, but very few have actually passed. I’m really worried that you weren’t going to pass!”

Zhao Yifan was naturally talking about the previous mission when he asked Zhou Hao to kill an ordinary innocent person.

This was to test Zhou Hao. If Zhou Hao really did attack the other party, Zhao Yifan would have immediately stopped him.

However, he did not attack in the end, allowing Zhao Yifan to relax.

“Brother Zhao, your assessment is really abnormal...” Zhou Hao was still being affected by the trauma!

Zhao Yifan had already killed three to four people that were proven to be problematic. At that point, ordinary people would have long gotten used to it and would not even suspect anything.

In fact, Zhou Hao was the same. The reason why Zhou Hao ended up investigating the matter thoroughly and did not attack the innocent target was mainly because Zhou Hao had just become a martial artist.

His heart was not cold, but warm!

In fact, killing was still unacceptable to Zhou Hao.

At the very least, in his subconscious, he needed to know that the other party should be killed before he could let go of the prejudice and kill.

This was Zhou Hao’s nature. This nature had also allowed Zhou Hao to successfully pass the last level!

“alright, let’s not talk anymore. Let’s go to Ark Island first. It’s almost an hour.”

Zhao Yifan smiled and sat in a chair. He put on his seat belt and helmet.

“In awhile, when we break through the barrier, there will be an ultrasound. If we don’t use the helmet to reduce the ultrasound, it will affect our brain waves. If we’re careless, we might very well get dementia.”

Zhao Yifan pointed at the helmet beside Zhou Hao. It was obvious what his meaning was.

Zhou Hao was very shocked. He knew that this stronghold was created by Senior Huang with a Genesis Rune, but he had never expected it to still be so powerful after so many years!

After putting on his helmet, his vision immediately darkened.

However, in the next second, light appeared and a movie program appeared in front of him.

“an hour is very boring. You should watch a movie or sleep to pass the time.”

With that said, Zhao Yifan ordered the plane to start. Zhou Hao also fell asleep.

Almost an hour later, Zhou Hao woke up after the plane stabilized.

Zhao Yifan brought Zhou Hao to get into an off-road vehicle and drove out of the airport.

Zhou Hao was incomparably shocked when he saw the tall base!

This building style reminded him of ancient Huaxia buildings. It was very strange and made one's eyes light up!

“After the mutation, many places were destroyed. This place was originally a lifeless place. Later on, the founder of the Battle God Battalion, Huaxia Battle God, arrived here and established the Ark Island Base. After that, this place became the first base of the Battle God Battalion. After that, many

residents also moved here to live in nearby areas.”

“Of all the bases, our Ark Island is the safest. It's not only because this is the Battle God Battalion of Huaxia, but also because the conditions to enter Ark Island are harsh. Be it social status, financial conditions, or physical fitness, the requirements to enter are very high.”

“On our Ark Island, the number of martial artists produced every year is one-fifth of that of Huaxia!”

Zhao Yifan said proudly, shocking Zhou Hao.

Just how many cities did Huaxia have? There were countless of them. However, one fifth of the martial artist population were actually produced on Ark Island. This number was really shocking!

“Actually, it's not necessarily a good thing to have a large population. The key is to have a small elite population. Only then will we have more resources to distribute to those experts. After all, it's the survival of the fittest here!” Zhao Yifan smiled.

Soon, the car stopped. Zhao Yifan said indifferently, "Alright, we've arrived at our Battle God Battalion base. Get off."

Zhou Hao hurriedly walked down and entered the base with Zhao Yifan.

Just as he entered, Zhou Hao's expression changed. He was shocked by a huge statue behind the door!

It was a hundred -meter-tall black tiger.. Its eyes were filled with cold killing intent as it looked at Zhou Hao!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 457 - Special Training

Chapter 457: Special Training

Translator: Atlas Studios**Editor:** Atlas Studios

Zhou Hao was shocked. Even though his cultivation was extraordinary, he still felt suffocated by the endless terrifying aura!

At this moment, Zhao Yifan said, "Zhou Hao, wake up!"

Only then did Zhou Hao's body move. When he regained his senses, cold sweat could not help but appear on his back!

This huge black tiger was covered in scales. On each scale was a huge name!

Zhou Hao was stunned for a moment and looked carefully.

First place: Stan (56345)

Second place: Qian Xun (56213)

Two hundredth place: Hepburn An Lirui (23,490)

There was a name on these scales. There were a total of 200 people!

'When Zhou Hao saw this, he was stunned for a moment. Zhao Yifan explained, "This is their ranking. Our Battle God Battalion Training Base has a total of 200 students, and all of them are top geniuses from all over the world. Zhou Hao, if you can pass the final assessment, your name will also appear

here."

"The higher the ranking, the better the benefits."

Zhou Hao nodded when he heard this. He naturally understood this.

"The missions in the training base are not inferior to the missions outside. In fact, they are actually a few levels higher. Don't think that you can relax after entering the Battle God Battalion. On the contrary, the warriors of the Battle God Battalion face more difficulty. Moreover, with the ancient ruins as

the foundation, our weapons are stronger and our resources are richer. How much you obtain will depend on your ranking, understand?"

"Most importantly, we also have an elimination system. Don't think that just because you were able to enter the Battle God Battalion, you can stay here forever. If you get placed in the last ten places of the rankings more than three times, you'll be eliminated!"

After Zhao Yifan finished speaking, Zhou Hao was even more shocked.

"Alright, it's useless to tell you so much. It's not too late to talk about it after you pass the last level."

'As he spoke, Zhao Yifan looked at this huge black tiger and smiled. "Do you know what's so special about this black tiger?"

Zhou Hao looked at Black Tiger and thought for a moment before saying, "Its Aura..."

The reason why he was shocked by the black tiger was because of its aura and killing intent!

Although it was a hundred meters tall, it was not the height that affected Zhou Hao. After all, Zhou Hao had killed many hundred-meter-long mutated beasts. This was nothing to him!

Zhao Yifan nodded. "You're right. Its aura is extraordinary, but do you know where the aura comes from?"

Zhou Hao shook his head. He did not know.

"Its eyes. They are what makes the statue so extraordinary!"

Zhao Yifan smiled. Zhou Hao also looked at the huge black tiger's eyes and was immediately shocked by the sharp light!

"This black tiger originally had a cultivation level that surpassed the Heaven Realm. In fact, it had reached the Half-Saint Realm and was incomparably powerful. After the Huaxia Battle God killed it, he embedded its eyes into this titanium alloy statue. Ever since then, its gaze has been focused on the entrance."

"In other words, anyone who passes through the door will have to face this gaze!"

Hearing this, Zhou Hao finally understood. No wonder he was shocked the moment he entered. It turned out that this was a Half-Saint Realm beast!

Above the Heaven Realm was the Saint Realm. The difference between the Saint Realm and the Heaven Realm was like the difference between the heavens and the earth!

"Alright, let's prepare for the assessment now."

After a simple introduction, Zhao Yifan brought Zhou Hao in.

It could be said that this training camp was really beautiful. It was as if Zhou Hao had arrived at an ancient imperial palace. There were countless rare and precious herbs.

There were also many iconic buildings that were really extraordinary.

Zhou Hao also saw many trainees who had returned from training, Both male and female trainees were all wearing tight uniforms.

Zhou Hao also saw a huge tower in the training base!

The shape of the tower was somewhat similar to the Green Cloud Division!

"You should be familiar with this, right? That's right, it uses the same system as the training tower in the Green Cloud Division'. The model they created is built according to this Heaven Tower. Everyone in the training camp is allowed to enter this tower to learn. There are cultivation techniques,

movement techniques, and some mathematical teachings. As long as you want to, you can basically learn anything you want to learn from this tower!"

"Most of the students in the training camp study here."

After Zhao Yifan finished speaking, he led Zhou Hao into the Heaven Tower!

The two of them arrived at the basement level and quickly saw a huge square. There were training cabins of various sizes placed in the middle. Zhao Yifan brought Zhou Hao into one.

The outside looked like a square box made of iron, but the interior was actually very beautiful.

Other than the two huge sofas, there were also seats and chairs. They were all solid wood and looked very high-end.

Zhou Hao also noticed that there were two deep black helmets on the sofa. They looked very mysterious!

“This helmet is a high-tech product made by our current generation of scientists. It’s based on the high-tech artifacts found in ancient ruins. These two helmets can bring you to the virtual world. It’s similar to the Green Cloud Division, but it’s much better than theirs!”

Zhou Hao had some understanding of this. After all, he had entered the Green Cloud Division’s regional network before!

“Alright, put on your helmet. Let’s enter the virtual space!”

Zhao Yifan was the first to put on his helmet. Zhou Hao did not hesitate and directly put on his helmet as well. Then, a light flashed. When Zhou Hao opened his eyes, he saw a white space.

Be it his head or his feet, they were all covered in endless white!

At this moment, Zhao Yifan also appeared and smiled at Zhou Hao.

“Do you see the eighteen-story tower in front? That’s the strongest training tower of our human race. This is the true Heaven Tower of the ancient ruins. In fact, this Heaven Tower is actually being produced by an ancient machine. I don’t know where this ancient machine is, but it’s being controlled by the

humans on Planet Earth. It’s also used to produce this Heaven Tower for special training!”

Zhao Yifan pointed at the distant tower. Only then did Zhou Hao see the huge tower that was emitting a shocking aura. The fluctuation also contained endless power!

“Will I be undergoing special training here?” Zhou Hao was stunned for a moment and could not help but ask.

“That’s right.”

Zhao Yifan smiled.

Zhou Hao nodded and moved his body, but he frowned. He felt that his body had become somewhat light and did not have the same strength as before.

“Brother Zhao, why do I feel that my body is different?”

Zhou Hao said in surprise, and Zhao Yifan smiled.

“That’s right. The illusory bodies condensed here are all identical. Be it Heaven Realm experts, supernatural level experts, or grandmasters, the data for the bodies are all the same. In other words, all of our bodies here are the same!”

After Zhao Yifan finished speaking, Zhou Hao was immediately shocked.. If that was the case, how was he supposed to pass the test?!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 458 - Passed

Chapter 458: Passed

Translator: Atlas Studios**Editor:** Atlas Studios

Zhao Yifan seemed to have seen through Zhou Hao’s confusion and smiled.

“This is the true goal of the Heaven Tower. Everyone’s bodies are the same. Only in this way can we truly test a person’s true combat strength.”

“Alright, Zhou Hao, come with me!”

As Zhao Yifan spoke, he brought Zhou Hao to the Heaven Tower. Zhou Hao was incomparably shocked as he looked at the huge Heaven Tower.

Zhao Yifan pointed at the stone tablet in front of the Heaven Tower, and a name appeared on it.

Name: Zhou Hao

Level: Special Candidate of the Battle God Battalion

Tower Points: 0

Zhou Hao looked at the stone tablet and also saw Zhao Yifan's level.

Name: Zhao Yifan

Level: Wind God Team member of the Battle God Battalion

Tower Points: 5

Zhou Hao was very puzzled. He could understand why it was 0. After all, he had not passed the trial at all. As for what Zhao Yifan's 5 points meant, Zhou Hao did not understand!

"These points represent the number of levels one has reached. The furthest I've reached is the fifth level, so I have five points. If you pass the first level, you get one point, and so on."

Zhou Hao nodded, but he was still shocked. This Zhao Yifan had a third-grade Heaven Realm cultivation, but he was only able to reach the fifth level. This was too difficult!

"Also, Zhou Hao, there are a total of eighteen levels in this Heaven Tower. Up until now, no one has been able to pass all the levels. Even the Huaxia Battle God, who is known to be the strongest, has only reached the sixteenth level!"

Zhao Yifan took a deep breath and said with admiration.

"What? Even the strongest person couldn't pass all eighteen levels?"

Zhou Hao did not dare to believe it. This was too damn difficult!

"That's right, that's indeed the case. After all, we all get identical bodies and there aren't many things we can rely on. Think about it, even with the same bodies. I can only reach the fifth level while others can reach the sixth, seventh, or even eighth level. This is enough to explain everything!"

Hearing this, Zhou Hao also felt deep veneration. If he could bring in all the abilities from the outside world, Zhou Hao would still have some confidence. However, all of them now only had bodies forged from this virtual space. They all had the same bodies and it would naturally be very difficult to pass

through the levels!

"Also, Zhou Hao, don't feel pressured. Now, more than half of the students who have passed the Battle God Battalion's assessment are still trying to pass the second level. In

other words, they have only passed the first level and have not even passed the second level. If you pass the first level, it means that

you are at their level.”

Zhao Yifan cheered Zhou Hao on, but Zhou Hao still felt the pressure!

“alright, the first level of the assessment begins. If you can pass this level, you will be qualified to join our Battle God Battalion!”

Zhao Yifan smiled, and Zhou Hao nodded and walked in.

After entering the first level, he arrived at an empty space. The moment Zhou Hao stepped in, a cold voice immediately sounded!

“The assessment will begin in ten minutes. Try your best to kill all the mutated beasts.”

“Mutated beast level... grandmaster!”

‘As soon as the other part stopped speaking, Zhou Hao was stunned for a moment. His current physical strength only had the cultivation of a grandmaster. Moreover, he was unable to unleash any other combat strength!

How was he supposed to use this body to kill the grandmaster-level beast?

Most importantly, based on what he had heard, there were more than one mutated beast!

As if responding to Zhou Hao’s thoughts, mutated beasts slowly appeared in the void. There were more than a hundred of them, and all of them had grandmaster-level cultivation!

Zhou Ha was really frightened when he saw this!

“Damn... Damn, more than a hundred... Isn’t this... isn’t this too much?!”

Zhou Hao was shocked!

This was too abnormal!

These mutated beasts had the same cultivation level as him. Be it combat strength or speed, they were all the same!

Zhou Hao basically felt as if he was about to fight a hundred enemies alone!

“How did the others even pass this level? Just how abnormal are those people?!”

Zhou Hao did not dare to believe it. This was basically an impossible mission. However, the others were actually able to pass this level. It was just too terrifying!

“If the first level is already so challenging, then how terrifying are the ones above?! Will I be required to fight a hundred Heaven Realm beasts with a grandmaster-level cultivation?”

Zhou Hao did not dare to believe it. Only at this moment did he really admire Zhao Yifan and the others!

‘These people were indeed worthy of being elite geniuses!

“Are you ready? The assessment will begin now!”

As the cold voice sounded, the mutated beasts quickly moved!

Zhou Hao took a deep breath and narrowed his eyes. Without saying a word, he began to activate his cultivation technique!

Although the physical body was the same, cultivation techniques could still be used!

Zhou Hao did not say a word and directly circulated the Nine Revolutions Overlord Body Art. The moment this cultivation technique appeared, Zhou Hao’s aura did not change, but he felt his strength and speed increase!

At the same time, Zhou Hao also manifested a saber!

‘There were also weapons in this space, but the weapons that everyone manifested were all identical.

Zhou Hao’s best technique was the Shadow Seven Sabers. Moreover, with so many mutated beasts, it was not a problem for him to use the Shadow Seven Sabers!

“I’ve adapted to this body. The only thing is that this body is dragging me down. With this body, I can barely unleash half of the cultivation technique’s potential!”

Zhou Hao was very depressed. He took a deep breath and decided to face the challenge head-on!

“A lot of people have already passed this assessment. I don’t believe that I can’t pass!”

Zhou Hao snorted and rushed up. There were all kinds of mutated beasts. Some were flying, some were burrowing, some were extremely fast, and some had indestructible bodies!

In short, ordinary grandmasters were no match for a hundred mutated beasts!

However, Zhou Hao was still able to deal with them. His movement technique was also extraordinary. Moreover, his Dao technique was also very good. Even if he couldn't kill them all immediately, he could still slowly kill a few!

Although it was difficult, Zhou Hao still saw hope. Even though the strength of his Shadow Seven Sabers had decreased, Zhou Hao realized something!

Basically, after experiencing this battle, his grasp of his body's strength and speed had improved!

To put it simply, it meant that he could control the strength in his body more. It was unlike his control of strength in the outside world. Although he could release much more strength in the outside world, a portion of that strength would not be as effective!

However, in this space, facing so many mutated beasts, Zhou Hao was forced to calculate his strength and use the most effective and effortless method to kill these mutated beasts!

As the mutated beasts were beheaded by Zhou Hao one after another, time gradually passed!

Finally, after the last mutated beast was killed by Zhou Hao, a cold voice sounded.

"8 minutes and 15 seconds. Congratulations, Zhou Hao, you've passed."

The entire space lit up. Zhou Hao heaved a sigh of relief and sat on the ground!

Despite being real, the virtual body still felt real. Exhaustion, pain, and even heartbeat were simulated very well!

If not for the fact that he knew this was a virtual world, Zhou Hao would have thought that this was his actual body!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 459 - Luo Li, Song Kun

Chapter 459: Luo Li, Song Kun

Translator: Atlas Studios**Editor:** Atlas Studios

After the training passed, Zhou Hao walked out of the space. Zhao Yifan also knew that Zhou Hao had passed and smiled.

“Congratulations, Zhou Hao. From today onwards, you’re a member of the Wind God Team. I’m the third team leader of the Wind God Team. You’ll be following me from now on!”

Zhao Yifan was very happy and couldn’t help but feel that the team leader was really on his side. The other party actually assigned such a good seedling to him!

“Alright, since you already passed, I’ll bring you to handle the procedures now!”

The two of them left the virtual world. Zhao Yifan led Zhou Hao to the back of the base. This was a residential area. It was very ancient and grand, with hundreds of villas.

“This is our residence. Follow me and I’ll show you your house.”

Zhao Yifan handed a key to Zhou Hao and brought him to a villa at the edge. He smiled. “From today onwards, you will be staying here. All of our villas are well-equipped. We have the internet, entertainment facilities, and delicious food. There’s also a butler. You can call her anytime.”

Zhao Yifan smiled. Zhou Hao walked into the villa. It was more than a thousand square meters. It was really a waste for him to stay in such a big house alone.

However, the renovation was really luxurious!

“Our Battle God Battalion’s Huaxia Battle God is an authentic Huaxia citizen and is a fan of the ancient architectural style. Thus, all the buildings are built in the ancient style.”

Zhao Yifan smiled.

Zhou Hao nodded. Not only was the interior decorated luxuriously, but the functions were also incomparably complete.

There were movie studios, entertainment rooms, swimming pools, and so on.

However, Zhou Hao was stunned for a moment before his expression suddenly changed because he saw a person walking down from upstairs!

It was a woman with a relatively exposed and perfect figure!

She had her arm on her waist and walked down the stairs lazily. When she saw Zhou Hao and Zhao Yifan, she was stunned for a moment.

Zhou Hao was immediately confused. He could not help but look at this woman and ask, "Brother... Brother Zhao, is... is she also mine?"

These words immediately made Zhao Yifan speechless. That woman also smiled charmingly when she saw Zhou Hao like this.

"What? Little brother, do you want me?"

Zhou Hao was a little confused. Zhao Yifan also did not want to embarrass Zhou Hao. He could not help but smile. "Zhou Hao, look at you. When did I say that you'll live in this house alone? Before you arrived, there were a total of two owners in this house. Now, you will be the third. Also, since both of you

were from the Green Cloud Division, the higher-ups arranged for you guys to live together."

Zhao Yifan became very helpless. Only then did Zhou Hao react!

No wonder the house was so big, It would indeed be too wasteful for a single person to live in it!

"This must be Little Brother Zhou Hao. Big Sister is called Luo Li."

"Loli? You... you clearly don't look like one, how can you call yourself a lolita?"

Zhou Hao could not help but say.

"Are... are you slow or something? What Loli? I'm Luo Li. Luo with a 'w'. Zhou Hao, is this kind of stuff all you think about?!"

Zhao Yifan was immediately speechless, making Zhou Hao extremely embarrassed.

"Uh... sorry, sorry. Sister Luo, hello. Sorry for offending you just now."

Zhou Hao hurriedly bowed. This was too freaking awkward.

On the other hand, Luo Li did not care at all and smiled as she sized up Zhou Hao.

"It's fine. For you to offend me like this, it shows that I'm naturally beautiful. Otherwise, you wouldn't be like this. I forgive you!"

Zhou Hao was immediately speechless. This big sister was really unpredictable.

"Uh... the other person is...?" Zhou Hao asked curiously.

“The other person... Zhou Hao. You have to build a good relationship with him. He’s a ruthless person ranked in the top ten. His combat strength is even higher than mine. With a fifth-grade Heaven Realm cultivation, he should have graduated. However, many of these senior students don’t want to

graduate at this moment. Instead, they want to advance!”

“Once that person graduates, he can choose to continue staying in the Battle God Battalion or return to the various divisions. According to the conditions set by the Green Cloud Division, once he graduates from here, he will become a commander of the Green Cloud Division!”

Zhou Hao was incomparably shocked when he heard this. A commander was in charge of a huge city. It was not a dispensable position like the position of the special envoy. Instead, it was a true overlord-like existence!

His status was even much higher than Zhu Zao’s!

“Alright, if there’s nothing else, I’ll be leaving now. Luo Li, you have to take good care of your juniors!”

Zhao Yifan reminded before leaving.

“Don’t worry, Teacher Zhao, I will.”

Luo Li stretched her waist and smiled.

The moment Zhou Hao entered the Battle God Battalion, this news was sent out.

The Green Cloud Division was the first to know. Then, the higher-ups of the entire Jiangnan District also learned about it!

At this moment, the expression of the president of the Qu City Martial Artist Association immediately changed to ecstasy!

“Hahaha, I didn’t expect our Qu City to also have geniuses who can join the Battle God Battalion. Pass down my order to protect Zhou Hao’s family, do you hear me?!”

After Zhou Hao became a member of the Battle God Battalion, the entire Green Cloud Division was shocked!

Long Aotian was even more furious when he saw this news!

However, no one dared to say anything!

‘When Xu Ling saw this news, tears couldn’t help but fall. She was very happy!

At night, the last owner of the villa returned. Luo Li specially made a few dishes and brought them over.

“Zhou Hao, let me introduce you. This is the peerless genius Teacher Zhao mentioned, Song Kun.”

Zhou Hao looked at Song Kun. This person was very burly, but he was still a little shy. Hearing Luo Li say this, he scratched his head.

“I heard. Zhou Hao, you’re also from the Green Cloud Division. In the future, we’ll be like a family here. Don’t worry, if you need any help, just tell me.”

Song Kun was very easy to get along with and did not put on any airs.

“Of course. You’re a big shot ranked at the sixth place. Hmph, if anything happens, you naturally have to protect me!” Luo Li curled her lips and said.

“By the way, Zhou Hao, you will find a student handbook document on your computer. Take a good look. It records our points status. At the end of every month, our points will be depleted, and we all have to earn new points. If you are ranked tenth from the bottom three times, you will be disqualified. Do

you understand?”

Song Kun reminded.

“Is that so... Brother Song, Sister Luo, how did you get these points?” Zhou Hao couldn’t help but ask.

“These points are divided into two categories. One is the points accumulated from killing mutated beasts, and the other is the points obtained from killing mutated beasts in the Heaven Tower. Our total points are calculated by multiplying the two points. For example, your points for killing mutated beasts

are 10,000, but your points in the Heaven Tower are 2. In that case, you will have 20,000 points.. Do you understand?”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 460 - The Rules Of The Points System

Translator: Atlas Studios**Editor:** Atlas Studios

Hearing this, Zhou Hao finally understood how the points system worked!

There were points for killing mutated beasts and the points obtained from the Heaven Tower. The total score would be obtained by multiplying the two points!

“In other words, the higher the level of the Heaven Tower, the higher the score?”

Zhou Hao could not help but say. It was the truth!

“Of course. But think about it carefully. If you can get to a higher level in the Heaven Tower, how bad can your strength be? Therefore, it would also be relatively easy for you to kill mutated beasts.”

“Actually, there’s also the hidden intention of the Battle God Battalion. They just want to get all of us to go and challenge the Heaven Tower. Do you know why?” At this moment, Luo Li looked at Zhou Hao and asked.

Zhou Hao naturally did not know why, so he asked curiously, “Uh... Sister Luo, why?”

“It’s very simple. They want us to put pressure on ourselves so that we can break through. You have to know that once a person breaks through their limits, their improvement will be very fast. Although we can break through by killing mutated beasts, our lives will be in danger. However, it won’t be the

same for us in the Heaven Tower. If we die inside, it won’t harm our main bodies. At most, we’ll lose some points!”

“But what if you succeed? That will increase the coefficient and increase your points by onefold!” Luo Li said directly.

Hearing this, Zhou Hao nodded. In that case, that was indeed the case!

The purpose of the Battle God Battalion was to force everyone to break through. There was also a bottom line for breaking through, and that was under the premise of ensuring their lives!

If their lives couldn’t even be guaranteed, what was there to talk about?

“Zhou Hao, you have to remember that the higher the points and the higher the ranking, the better the benefits. Resources and rewards are also higher. Moreover, there are also treasures from the ancient ruins. Those things are all top-notch!”

At this point, Song Kun's eyes could not help but burn.

"This is why our Brother Song still doesn't want to leave despite being able to graduate!"

Luo Li directly exposed him, making Song Kun cough dryly and feel very helpless.

'They were very happy during the meal. They said a lot, but they did not speak about some details because they were all mentioned in the student handbook.

After Zhou Hao finished eating, he returned to his study and opened his computer to look.

Everyone's rooms were very large. There were more than a thousand square meters of villas with a total of three floors. Each person had one floor, which was more than 300 square meters.

Zhou Hao's floor had a study, a bedroom, and entertainment facilities!

'When Zhou Hao carefully looked at the student handbook, he was gradually attracted to it.

"Oh? There are actually some simulated virtual spaces and gravity rooms here?"

Zhou Hao was very shocked. Although these things seemed very simple, they were actually very difficult to make. After all, many things had to be considered when it came to the human body!

'Take the gravity room for example. The limit of gravity on the human body was divided into many aspects. For example, the upper limit of gravity for the organs and bones was different. Therefore, it was very difficult to get it right!

This was not something that technology could produce now. Instead, it was something that was obtained from the ancient ruins!

This made Zhou Hao even more curious about this ancient ruin!

All kinds of signs indicated that the technological advancement of the ancient ruins was far greater than the current level of technology. However, why did the people at that time disappear?

Also, according to the textbooks they had learned, humans and monkeys shared a common ancestor. However, was this really true?

Before the mutation of Planet Earth, was there another human civilization that existed?

Otherwise, where would these ancient ruins come from?

Zhou Hao had many questions that he could not answer. Therefore, he ignored them!

Moreover, not everyone had access to such a good training room!

At the very least, the students ranked at the bottom of the rankings would not have the luck to enjoy it!

“The rankings will reset every month. If you can get first place for more than nine times, you can obtain the personal guidance of a Saint Realm expert. You can even be accepted as a disciple and become an apprentice of a Saint Realm expert.. Your status... would be comparable to a peak Heaven Realm

expert!”

“Not only that, you can also obtain Body Tempering Fluid. Ten drops of spirit liquid that will help remove the impurities in your body!”

Zhou Hao looked at the rewards mentioned in the student handbook and was extremely excited!

“Not only that, but there are also cultivation techniques and top-notch secret techniques!”

Zhou Hao’s eyes widened. As expected, it was indeed good to be ranked first. There were so many benefits!

This undoubtedly made everyone want to fight for the first place!

“And this Heaven Tower... is the same!”

Tower Points: 3, Reward: Inspector position of any division

Tower Points: 4, Reward: Chief inspector position of any division

Tower Points: 5, Reward: Elder position of any division

Zhou Hao looked at the points reward and took a deep breath. Only then did he understand how high his status was as a member of the Battle God Battalion!

‘As long as he had the strength, he could get anything he wanted!

The inspector position was above the special envoy position. The position of chief inspector was even higher!

He also had the status of an elder of the tribe!

It had to be known that the reason why the Xu family was so powerful was because their Xu family's old ancestor was an elder in the Green Cloud Division!

Moreover, he was only given this position because he was a twelfth-grade Heaven Realm expert!

However, in the Battle God Battalion, as long as one could clear the fifth level of the Heaven Tower, they would be able to obtain this position!

What kind of concept was that?!

There were still many things that Zhou Hao did not know about. He also did not understand the rewards. For example, he did not understand the special armor or secret weapons from the ancient ruins. Although he did not know what they were, he knew that they were definitely good stuff!

At this moment, Zhou Hao also knew how the points were calculated!

Master-level beast: 1 point

Grandmaster-level beast: 10 points

Supernatural Beast, 100 points

Quasi Heaven Realm beast: 1,000 points

Heaven Realm beast: 10,000 points

These points were fair. However, not everyone here was able to kill quasi Heaven Realm beasts!

Not to mention those Heaven Realm beasts!

Even if they had the strength to kill one, they might not be able to find an opportunity!

After all, the mutated beasts were in the various danger zones, such as the spatial rifts, the Sky City, the Underground World, and the East Sea!

They might not necessarily dare to charge into their territory to kill the Heaven Realm beasts, right?

In other words, this Heaven Realm beast could only be chanced upon by luck!

After that was the combat strength test, such as the strength test and the speed test.

There were also points for these tests

However, these points were pitifully small. Comparatively speaking, these tests only tested a portion of their combat strength and could not be seen as a comprehensive representation of combat strength.

On the battlefield, it was not certain that someone who was faster and stronger would be able to thrive.

It still depended on one's comprehensive strength!

Chapter 461 - A trick

Chapter 461: A trick

Translator: Atlas Studios**Editor:** Atlas Studios

Zhou Hao looked at the student handbook and felt that he had read enough.

However, there was still some information about the usage and control of strength!

Zhou Hao clicked on the video and began to learn!

Although Zhou Hao was very powerful now, it could be said that his strength was completely enriched by the Heaven Dao software. In terms of using it to the limit and developing his body's potential, he still had much to learn!

In other words, if a martial artist had the same strength as Zhou Hao, their combat strength would be much stronger than Zhou Hao's!

'What kind of concept was this? In other words, Zhou Hao had yet to fully unleash his combat strength!

This was none other than Zhou Hao's own problem. He was like a child who had the strength of an adult, but he was unable to use this strength completely!

In the past, his strength had increased very quickly.

However, he was simply unable to control his strength!

Zhou Hao looked at these videos and was shocked and in disbelief!

"I didn't know that strength and speed could be controlled in this way. Apparently, there's a technique to it. Looking back now, it seems like I have been releasing my strength without giving much thought!"

With this in mind, Zhou Hao also thought carefully and watched these videos carefully!

After watching for a while, Zhou Hao's hand was a little itchy. He directly jumped down and began to experiment!

"According to the video, strength and speed are controlled by mental strength. The more focused one's mind is, the faster one will be!"

Zhou Hao's heart skipped a beat and he began to search for the right feeling as he trained!

Murong Xun had always been in Zhou Hao's body. At this moment, he sneered when he saw Zhou Hao's reaction.

"Zhou Hao, I have to say that you're really too smart for your own good!"

When Zhou Hao heard this, he was immediately stunned. He was a little surprised and did not understand!

"What do you mean?" Zhou Hao hurriedly asked.

"Mental strength can indeed increase strength and speed, but that's too difficult. Moreover, the effects vary from person to person!"

"But you're different. You're a Genesis Rune Master. The reason why Genesis Runes Masters are so powerful is because they don't need to rely on mental strength alone. You can use the Genesis Rune to control your strength and speed. In this way, the effect will definitely multiply!"

It could be said that Murong Xun's words directly woke Zhou Hao up!

He was shocked and only then did he understand that the Genesis Runes could be used in this way.

"Why didn't I think of this earlier!"

Zhou Hao was very shocked. His Genesis Rune could be considered to have reached the elementary level. It was also possible for him to use some of its power without being detected!

Thinking of this, Zhou Hao began to try. He slowly released his mental strength from the Genesis Rune and used it on his body.

At the same time, when he used his movement technique, his speed indeed soared!

“Heavens!”

Zhou Hao was incomparably shocked!

“It’s actually really useful. In normal circumstances, my speed would only be somewhat better than that of an ordinary first-grade supernatural expert! However, now, it has more than doubled!”

Zhou Hao was incomparably shocked. In the world of martial arts, speed was the only thing that couldn’t be defeated. It seemed that this was true!

Moreover, the effects of this mental strength could also be achieved with muscle memory!

It was just like training one’s body with training wheels. In the beginning, one might not be able to escape from using these training wheels. However, after a long time, one’s body would get used to this speed and strength. Even if one slowly stopped relying on their mental strength, they would still be

able to reach this level of strength and speed!

Thinking of this, Zhou Hao became even more excited and practiced crazily.

After he finished chatting at night, he checked the student handbook for two hours. When he started training, it was almost midnight!

Since then, he had trained until 6 am the next morning!

‘When Luo Li and Song Kun got up, they were stunned for a moment when they saw Zhou Hao in the courtyard. They looked at each other and smiled.

“Our Little Junior Brother is really hard-working!” Luo Li could not help but say.

“There’s no lack of hardworking people in the Battle God Battalion. However, Brother Zhou could still be considered a hardworking person among them. Moreover, his potential is also very great. I’ve seen his information. It’s not an exaggeration to say that he’s stronger than me when I was at the

first-grade supernatural level!” Song Kun said at this moment. After he finished speaking, Luo Li also said the same.

“You have a third-grade Heaven Realm cultivation, but you still speak so highly of him. Looks like Little Junior Brother Zhou Hao is indeed extraordinary!”

Luo Li also nodded, shocked by Zhou Hao's tenacity.

However, she still looked at Zhou Hao and could not help but say, "Little Junior Brother, don't be in a hurry to train. There's a gathering later. We need to get ready to attend"

When Zhou Hao heard this, he stopped and was somewhat surprised. He could not help but ask, "Gathering? What gathering?"

"Of course it's a party to celebrate your arrival. It's a gathering for us Chinese." Luo Li said directly.

"Oh? The party is organized for me?" Zhou Hao blinked and could not help but ask.

"Of course. As Chinese, we represent the East. Although there might be conflicts between our divisions, there aren't any conflicts between us here. Our opponents are still those Western martial artists. Although we're all from the Battle God Battalion, who would want their country to be weaker than other

countries?"

"Therefore, we Chinese are even more united. Every time a newbie joins, we will hold a gathering. Even the countries in the West are the same."

'As Luo Li spoke, Zhou Hao also understood. However, he still did not expect such a thing to happen.

"The gathering will be held at 7 am. You can prepare now. At the very least, take a shower and change into a clean set of clothes," said Luo Li with a faint smile.

Song Kun was the same. "Brother Qian Xun is the one holding the party this time. As the protagonist, you can't be late!"

Zhou Hao was a little nervous. Qian Xun was a ruthless person in second place and was even stronger than Song Kun. The gathering the other party had organized for him really made Zhou Hao a little at a loss.

After taking a shower, Zhou Hao went to the gathering with them.

The gathering was naturally held in the Battle God Battalion.

This Battle God Battalion also had a special banquet place. Moreover, the food here was very delicious.

Zhou Hao had not seen many things and was eating happily. Similarly, he had also been forced to drink a lot!

Zhou Hao had drunk an unknown amount. If not for the fact that a martial artist's physique was different from ordinary people, he would have long been drunk!

"Hah... I'm finally given a chance to breathe..."

Zhou Hao heaved a sigh of relief and sat in his seat with a glass of wine.

"Hehe, you're the protagonist today, so of course you have to drink more."

Luo Li was very beautiful. Her face was red from drinking, and her clothes were naturally incomparably sexy. Her exquisite black leather clothes vividly displayed her figure.

At this moment, he was sitting beside Zhou Hao and emitting this fragrance as he said with a smile.

"Senior Brother Qian Xun spent a lot of money on this party today!"

Luo Li suddenly said..

Chapter 462 - Qian Xun

Chapter 462: Qian Xun

Translator: Atlas Studios**Editor:** Atlas Studios

'When Zhou Hao heard this, he was immediately stunned for a moment and could not help but ask, "Was this party very expensive?"

Although Zhou Hao knew that many things here were very expensive, he did not know the exact price.

"Guess how much it cost?" Luo Li suddenly said.

Zhou Hao shook his head indifferently and said indifferently, "This table is filled with food and they all taste very good. However, I don't think I'll be able to guess the exact cost."

“But no matter how expensive it is, 2 million should be enough to cover everything, right?”

It was just food and drink. No matter how expensive it was, Zhou Hao felt that it wouldn't surpass 2 million. In fact, he still thought 2 million was too much.

“Hehe, 2 million? Tsk tsk, I'm afraid that's not enough at all.”

Luo Li's voice was as soft as a mosquito as she slowly opened her mouth and said, “These are chefs from the elite training camps. They're top-notch existences from all over the world!”

“These rare dishes are all top-notch as well. Moreover, they also used many extremely precious meat materials obtained from mutated beasts.”

“With so many people here, I'm afraid it probably cost more than 20 million yuan.”

After Zhou Hao heard this, his expression immediately became especially stunned. He looked at this scene in incomparable surprise and was unable to return to his senses for a long time.

“This is not even considered expensive. Do you know that if it were anywhere else, even if you were rich, you wouldn't be able to eat such delicious food!”

Luo Li's face flickered with splendor as she chuckled. “However, the price of these delicacies is nothing to Senior Brother Qian Xun.”

“As long as the top five are willing to join one of the organizations, they can get a huge sum of money at any time.”

“You mean to say that Qian Xun already joined an organization?”

Hearing Luo Li's words, Zhou Hao's expression immediately changed. He looked at Luo Li in shock and subconsciously asked.

Back then, when he arrived, he looked at the name on the list and saw that Qian Xun was ranked second.

To be able to be ranked second in the elite training camp, his strength naturally could not be underestimated.

“Qian Xun has long joined an organization. I heard that he had joined the Special Forces.”

“News spread half a year ago. Now, everyone knows about it.”

Luo Li's tone was very light as she slowly said, "I also heard a lot of news that some other divisions also want Senior Brother Qian Xun to join them!"

"Moreover, there are still many organizations in Huaxia that want Senior Brother Qian Xun to join them. They're almost going crazy over him. I heard that the strength of the Special Forces is the strongest!"

"He even specially formed a special operation team for Qian Xun. After Senior Brother Qian Xun graduates, he'll become the captain of this special operation team."

After learning this news, Zhou Hao's expression immediately became especially stunned.

This was a Huaxia Special Forces, yet they had specially set up a special operation team for Qian Xun?

"That's right. Senior Brother Qian Xun's strength is not bad."

Luo Li's face was filled with sighs.

"He has always been in the top three of the training camp and has never fallen down. This shows how powerful he is."

Hearing this, Zhou Hao nodded.

The rankings are all accumulated. If this person's strength was indeed very powerful, it would not be a problem for him or her to climb to the top few places.

However, even if I reach third place this month, it wouldn't mean anything. After all, someone else might easily take my place next month.

At this moment, a loud voice suddenly sounded.

"Zhou Hao."

Zhou Hao turned around and immediately saw a tall burly man walk over. The blood essence on his body was incomparably powerful.

This person was none other than Qian Xun!

"Brother Qian Xun, you're here. If you want to talk to Zhou Hao, go ahead."

Luo Li smiled, put down her cup, and left.

Zhou Hao looked at Qian Xun and said, "Thank you so much for holding a gathering for me today, Brother Qian Xun."

“There’s no need to be so polite. This is our tradition. Back then, when I joined the Battle God Battalion, my big brother had also organized a party for me. In the future, when you become the number one person in the Huaxia Battle God Battalion, you have to do the same, understand?”

Qian Xun was very straightforward, and Zhou Hao was extremely touched by his words.

“Twill.” Zhou Hao immediately nodded.

“Haha, don’t think of me as a manipulative guy... but I actually have another purpose for today’s gathering, ” Qian Xun suddenly said.

Zhou Hao did not understand what he meant, but Qian Xun continued.

“Zhou Hao, you also know that I joined the Special Forces. Therefore, I want to ask you if you’re interested in joining the Special Forces. They’re interested in you,” Qian Xun suddenly said.

“The Special Forces?” Zhou Hao could not help but ask.

He had just joined the Battle God Battalion and was already being scouted?

“That’s right, the Special Forces. Our Special Forces is very powerful and have always provided very good treatment to our experts. Of course, it also depends on one’s strength. The higher one’s strength, the better the treatment. After you join, you will obtain funding. In the three years of the Battle God

Battalion, you will obtain 3 billion yuan every year.”

Qian Xun’s words shocked Zhou Hao!

My goodness, 3 billion!

This was not a small number!

Of course, 3 billion might be a huge sum for him now, but it might still be a small sum for a Heaven Realm expert. After all, these were Heaven Realm experts.

However, the 3 billion yuan was still a huge sum. The equipment Zhou Hao needed and the mystery box of the Heaven Dao software all required real money!

However, Zhou Hao still decided not to join any organization. He wanted to rely on his strength to see what level he could reach in the next few years!

“Sorry, Brother Qian Xun, I haven’t thought about joining any organization yet. Therefore... I might not be able to give you an answer right now.”

Qian Xun nodded. "That's true. After all, you've just joined the Battle God Battalion. In the future, there will also be other organizations that will invite you. At that time, you can make a decision!"

"However, if you want to join any organization, you have to consider the Special Forces first, understand?"

Qian Xun smiled.

Zhou Hao nodded. "Yes, yes, don't worry, Senior Brother Qian Xun. I will!"

With that said, Qian Xun did not stay any longer and left with a smile.

After he left, many people also came. That night, Zhou Hao received many invitations from various organizations, and families and even invitations from other divisions!

After all, many higher-ups could see Zhou Hao's information... They were all very optimistic about Zhou Hao's potential and were prepared to invest!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 463 - Bet

Chapter 463 Bet

Zhou Hao looked at the invitations and pondered for a moment before rejecting them.

He wanted to consolidate his strength now. He did not want to be affected by these things!

After the banquet ended, Zhou Hao returned to his residence.

In the following days, Zhou Hao also lived quietly. Other than training, he had nothing else to do.

In the blink of an eye, a week passed. Zhou Hao had also learned a lot about the Battle God Battalion.

This time, Zhou Hao had just walked out of the training room when he heard a voice from behind.

“Zhou Hao, wait a moment, Zhou Hao!”

Zhou Hao was stunned for a moment. He turned around and was stunned for a moment. A man with golden hair was waving at him and walking towards him.

The other party had authentic golden hair!

This person should be from the West. He walked in front of Zhou Hao and smiled.

“Hello, Zhou Hao. My name is Paul Charles and I’m from America.”

Zhou Hao was stunned for a moment. He naturally did not know why this person was looking for him. He did not know any martial artists from the West, so why was this person suddenly talking to him?

“Hello, Paul. May I ask why you’re looking for me?” Zhou Hao still spoke politely. After all, Zhou Hao still wanted to show off the demeanor and etiquette of a big country. “It’s like this, Zhou Hao. I’m very interested in the martial artists of your Huaxia. Moreover, there are many Huaxia martial artists in the Battle God Battalion, even more than the Western martial artists. As for you, you were accepted as a genius and your cultivation is even more unfathomable. Therefore, I want to ask you for guidance. I wonder if we can have a simple competition?” Paul smiled and said. After saying this, Zhou Hao blinked.

Zhou Hao had read the Battle God Battalion’s student handbook. Competitions between martial artists were very common. In order to prevent bloodshed, they all used virtual combat methods.

In other words, they would be fighting in the virtual training room. The two of them put on their helmets and fought in the virtual space.

However, although this kind of battle would not cause any danger to his life, there would be a bet. Most of the time, it would be money. “Do you want to make a bet with me?” Zhou Hao thought for a moment and asked.

“Of course, let’s just make a simple bet. How about 2 billion? This should be a small sum, right?” Paul said directly.

A small sum?

How could 2 billion be a small sum? This Paul was really rich.

However, Zhou Hao was not worried. He could still afford it.

But at this moment, a delicate shout sounded!

“Paul!”

Zhou Hao turned around and happened to see Luo Li wearing a capable black tight suit that vividly displayed her figure. At this moment, she ran over angrily with an ugly expression!

“Paul, what are you trying to do? Are you trying to tempt us Huaxia martial artists to compete with you again? You can’t be too shameless. If you want to compete, compete with me. Why did you have to look for Zhou Hao, who just entered the Battle God Battalion? Hmph, were you trying to take advantage of him since he’s a newbie with a low cultivation? Don’t think I don’t know how many times you’ve done this!”

As soon as Luo Li spoke, Zhou Hao understood!

After all, it turned out that everything Paul said about sparring and learning from him was fake. He was mainly trying to scam money!

This foreigner was indeed shameless. He was not looking for worthy opponents and was instead challenging a newbie like him. Indeed, his intentions were not pure.

Zhou Hao was already wondering just now why this Paul wanted to compete with him. Now, he finally understood!

“Miss Luo Li, this matter has nothing to do with you, right?”

Paul spoke at this moment without any embarrassment.

“Moreover, Mr. Zhou Hao is an expert who was recruited because of his strength. Everyone knows this. Perhaps he can defeat me?” Paul added.

“Hmph, who are you trying to fool with your words? Don’t think I don’t know that you have a third-grade supernatural cultivation. Zhou Hao is only a first-grade supernatural expert. How can he defeat you?!”

Luo Li snorted and turned around to look at Zhou Hao. She said directly, “Zhou Hao, don’t fall for his trap. None of these foreigners are good people. They usually don’t dare to compete with us, so they deliberately try to find newbies who just entered the Battle God Battalion!”

“They’ve been in the training camp for a while now and have improved a lot. Moreover, their cultivation levels are high. Therefore, Zhou Hao, just ignore him!”

Hearing this, Paul frowned, but he still fought for it. “Miss Luo Li, it’s only 2 billion. Your Huaxia is rich and powerful. Any organization can give you billions a year. With so many resources and subsidies, a mere 2 billion should be nothing, right?”

“Oh really? 2 billion isn’t a big sum? Then why don’t you give me 2 billion? Come, come, come, I’ll bet with you. I’ll even bet 10 billion with you. Do you dare to bet? If you dare to bet with me, I’ll allow you to bet with Zhou Hao!” Luo Li immediately put on the air of a big sister. Her appearance made her seem like an old hen protecting her chick! “You… Miss Luo Li, this is between Zhou Hao and me. It should have nothing to do with you, right?” Paul’s expression was very ugly!

How could he compete with Luo Li? Luo Li was a fifth-grade supernatural expert. He was simply unable to defeat her!

At this moment, another Huaxia martial artist ran over. Zhou Hao knew this person. He had gotten to know him from the party yesterday. His name was Sun Ping.

“Zhou Hao, ignore him. Last month, when I just entered the Battle God Battalion, he was the one who lured me into competing. I lost a total of 2 billion!”

Seeing Sun Ping run over, Paul was furious. He originally wanted to secretly compete with Zhou Hao, but who knew that he would be seen by others? This was too terrible!

However, Zhou Hao smiled and looked at Paul. “Mr. Paul, do you really want to compete?”

Paul, who originally did not have much hope, was immediately excited when he heard this. “Of course. I admire your Huaxia’s martial arts the most. Of course I want to compete!”

“Alright, let’s compete. However, this mere 2 billion is really not enough. How about this, we’ll bet 10 billion. Do you dare?”

After Zhou Hao finished speaking, Luo Li and Sun Ping were stunned!

“Zhou Hao, are you crazy?!” Luo Li immediately pulled Zhou Hao, looking furious.

Zhou Hao smiled. “It’s fine, Senior Sister. Paul, let me ask you this. Do you dare? If not, then forget it.”

After Zhou Hao finished speaking, Paul was also incomparably shocked!

He could only earn 10 billion in two years. At this moment, he was hesitant to use it all to gamble! Seeing him like this, Zhou Hao smiled. “Looks like you don’t dare to. Senior Sister, Senior Brother Sun, let’s go.”

Seeing that Zhou Hao was about to leave, Paul immediately gritted his teeth. There were not many chances of him obtaining 10 billion! “Alright, I’ll accept your bet!”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 464 - Ten Billion

Chapter 464 Ten Billion

Paul gritted his teeth. He looked furious as he took out all his belongings!

On the other hand, when Luo Li and Sun Ping heard this, their expressions changed. They thought that Zhou Hao was trying to trick the other party into backing off, but they did not expect Paul to be so ruthless!

“Zhou Hao, don’t bet with him. That’s 10 billion!”

Luo Li was a little afraid. 10 billion was not a small amount!

“It’s fine, Paul. Let’s arrange a time then,” Zhou Hao said with a smile.

Paul’s eyes were red as he said directly, “Then let’s do it tomorrow!”

Zhou Hao nodded. “Alright, see you tomorrow!”

With that said, Paul left. Although he was somewhat nervous, he calmed down a bit when he thought of how Zhou Hao was only a first-grade supernatural expert. In fact, he actually started to feel happy!

After returning to the villa, Luo Li was very angry. Even Song Kun, who had gone to the Heaven Tower to cultivate, had run back!

When they learned of this news, they were all very shocked!

Ten billion was no joke! Moreover, they were all Chinese, so they naturally sided with Zhou Hao!

“Zhou Hao, you’re too careless. How could you bet with him? Don’t you know you’re going to lose? 10 billion is not a small sum. You could have done a lot with this money! Why did you have to bet with him? You’re letting him take advantage of you!”

At this moment, Luo Li looked disappointed.

“Do you think that just because you’re recruited as a genius, you’re invincible? I can tell you that everyone here is a genius. In the Battle God Battalion, geniuses are like cabbages. You... you’re too arrogant and rash!”

Zhao Yifan had asked Luo Li to take care of Zhou Hao. Therefore, Luo Li really treated him as a younger brother and dared to say anything. She was not afraid of offending Zhou Hao at all!

“Alright, Luo Li, don’t be anxious.”

When Song Kun heard this, he was also a little worried. However, since it had already happened, it was useless to say anything.

“Senior Sister, calm down first. Tell me, is that Paul only a third-grade supernatural expert?” Zhou Hao asked directly.

LO

“Yes, a third-grade supernatural expert. You’re only at the first-grade. Do you think you can defeat him?!” Luo Li seemed to not understand why Zhou Hao had asked this.

On the other hand, Song Kun raised his eyebrows and smiled. “Looks like Junior Brother has a solution?”

In the virtual space, everyone’s physical fitness and cultivation were the same. They were all grandmasters, and their cultivation would not be brought into the virtual space!

In other words, one’s combat strength in the virtual space was dependent on one’s own strength. In other words, since cultivation did not matter, what mattered was one’s comprehension of cultivation techniques and one’s control of his body and speed!

Naturally, strength was somewhat related, but it was not all that mattered!

Hearing Song Kun’s words, Zhou Hao nodded. “It’s... not a big problem.”

After Song Kun heard this, he smiled. “I knew you wouldn’t be so rash. Although I haven’t interacted much with you, I can sense that you wouldn’t have accepted the bet unless you were at least 50% confident that you could win.”

When Luo Li heard this, although she also agreed secretly, she was still a little worried since it involved 10 billion.

“Senior Brother, Senior Sister, you guys go ahead. I’ll go train. After all, 10 billion is not a small sum. I’ll try to get into my best state tomorrow!” Zhou Hao said directly.

“Alright, go ahead. Tomorrow, let’s show that Paul and the other Western martial artists that our Huaxia martial artists are not easy to bully!”

Luo Li snorted.

“Hmph, now you know how to be anxious. I wonder who it was just now who said that 2 billion is nothing and provoked the other party to bet 10 million!”

Zhou Hao was immediately at a loss whether to laugh or to cry. He could only say, “I’ll go train!”

As Zhou Hao spoke, he hurriedly ran to his training room.

He had been practicing according to the speed and strength usage techniques on the video.

Moreover, he was becoming more and more proficient with the Shadow Seven Sabers!

This practice lasted until the next morning. Zhou Hao looked at the information on the computer and nodded.

“This Paul’s cultivation is at the third-grade supernatural level, but it’s not necessarily the case after entering that virtual space!”

“Bullying me because I’m a newbie? Don’t forget, I’m a quasi Heaven Realm expert. I don’t dare to use this cultivation, but I won’t need to use it to defeat him anyway!”

Zhou Hao sneered, feeling smug!

10 billion! Zhou Hao simply felt that it was too easy!

Soon, Zhou Hao received a challenge letter on his computer. After confirming this, the bet was agreed.

Not only that, the two of them also had to invest all their funds into the intermediate account of the Battle God Battalion. After all, both parties were worried that the other party would go back on their word after losing the bet!

Soon, Paul paid 10 billion and his money had entered the account.

If the money did not go into the account, they would not be able to continue the bet and this agreement would not be valid! Zhou Hao smiled. He only had more than 10 billion yuan on him, so he did not hesitate and directly wired it in.

“Although 10 billion is a huge sum, I don’t have anything to worry about. It’s too easy to earn money!”

In the Heaven Dao software, not only could he deposit money, but he could also withdraw. It was simply convenient!

“Moreover, even if I lose, it’s nothing. With so many organizations inviting me, I can easily join any one of them. At that time, I’ll be able to get back a mere 10 billion. However, I still can’t lose!”

As he spoke, Zhou Hao directly transferred the money!

Soon, the system notified them that they would compete at 12 pm sharp today!

Zhou Hao smiled. This system was really intelligent. He did not have to worry about anything!

At this moment, in another villa, opposite Paul were several men and women with blond hair and green eyes.

“The money has been transferred to the account and the system has been recorded. The bet has already taken effect. The time is at 12 noon sharp!”

Paul sneered when he received the message.

“Paul, I think it’s too risky. 10 billion is not a small number! I keep feeling a little worried this time,” said a blond man.

“Louis, what do you mean? Do you think I’ll lose to him?” Paul immediately sneered.

“That’s not true. Your chances of winning are at least 70%. However, for some reason, I still feel worried. Logically speaking, as a first-grade supernatural expert, he shouldn’t have the guts to challenge a third-grade supernatural expert. However, since he did this, I think he should have come prepared!” Louis could not help but say. “What’s wrong, Louis? You’re the first successor of your family. It’s just 10 billion. Why are you so worried?”

At this moment, a golden-haired woman sitting beside him smiled.

“Alice, you don’t understand. I just feel that with so much money at stake, how could a newbie who has just entered the Battle God Battalion dare to gamble with us?!”

Chapter 465 - Western Sword

Chapter 465 Western Sword

Louis' words were indeed true and they were somewhat puzzled. However, Paul still smiled. "No matter what, the matter has already been decided. There's no need for us to hesitate now. Moreover, I don't believe a newbie like him can beat me!" Paul was very confident. After all, he was a third-grade supernatural expert and had been in the Battle God Battalion for three months!

Don't underestimate these three months. Comparatively speaking, these three months were enough to help a newbie increase one whole level!

Hearing Paul's words, they thought for a moment and felt that they were probably thinking too much!

At the same time, the news that Paul from the West was going to challenge Zhou Hao from the Jiangnan Province for a bet of 10 billion instantly spread throughout the God of War Camp!

This news spread to all the students of the Battle God Battalion!

And this competition would be held in the Heaven Tower. Many students stopped what they were doing and came here to watch the competition!

There were also people from the West and Huaxia. In short, many people had arrived!

"10 billion is really a big gamble. It might not be a big deal for those in the top twenty, but for two people who have only been in here for less than half a year, it's indeed a big deal!"

"That's true. I wonder if that Chinese person will win or if Paul will!"

Many people were talking. They were very excited about this bet. After all, it was 10 billion!

Ordinary students did not have the courage to do so. Even the students ranked at the front did not dare to take such a gamble!

"The competition begins. Zhou Hao, Paul, please enter the virtual space."

In the hall, a cold voice sounded and spread throughout the entire space.

Zhou Hao and Paul walked out of the crowd and directly entered the confined space, putting on their helmets.

"Paul, you have to defeat that Huaxia brat!"

The martial artists from the West cheered for Paul!

“Zhou Hao, beat him up fiercely. Defeat him and I’ll dance for you!”

Luo Li was not someone to be trifled with and directly cheered!

The martial artists from Huaxia and the West appeared harmonious on the surface, but they were all shouting behind their backs. At this moment, they were all helping their own countries.

Zhou Hao and Paul entered the confined space. After putting on their helmets, Paul smiled and looked at Zhou Hao.

“Zhou Hao, I’m very grateful to you. 10 billion is enough to save a family. Therefore... I thank you.” Paul smiled as if he was already confident.

“Paul, it’s still uncertain who will win. Isn’t it a bit early to think that you’ve already won?” Zhou Hao smiled.

“No, because you’ll definitely lose!” Paul immediately smiled. “I wonder if I can still see this smile of yours when you lose to me later.”

Zhou Hao immediately said.

“Hmph!”

Paul snorted and lay down on the sofa, closing his eyes.

Zhou Hao was the same.

Soon, the spatial connection appeared.

However, this time, Zhou Hao did not appear in an empty space, but an arena!

This arena was similar to the gladiator arena in Rome and looked majestic!

The two of them were very small as they stood there. There was a huge screen behind them that displayed their information!

Name: Paul Charles

Gender: Male Identity: Western student of the Battle God Battalion

Level: Third Grade Supernatural

On the other side was Zhou Hao’s message.

Name: Zhou Hao

Gender: Male

Identity: Eastern Student of the Battle God Battalion

Level: First-grade supernatural

Their statuses were nothing special. The only difference was in their cultivation!

One was a third-grade supernatural expert and the other was a first-grade expert. This was a big difference!

“Please choose your weapon!”

The cold and emotionless system voice sounded.

Zhou Hao chose his saber. After all, he liked to use sabers!

However, Paul chose the western combat sword, the western sword!

This was the first time Zhou Hao had encountered a western sword. He had never fought a foreigner before.

However, this was all the same. Whether it was the Huaxia sword or the western sword, if one's strength was overwhelming, it was not important what sword they used! After seeing that the two of them had finished choosing their weapons, the system's cold voice sounded.

“Let the competition begin!”

As soon as the cold voice fell, Paul smiled. “Zhou Hao, you're definitely going to lose. I've been practicing the western sword since I was young. Not a lot of people use this sword and many people don't know how to deal with it!”

“As for you, I'm afraid you don't even have many opportunities to fight foreigners. On the other hand, I know your Huaxia very well. Other than you, I've also challenged others. I've even specially studied the martial arts of your Huaxia. Therefore, you can't defeat me!”

Paul had done a lot of research. Otherwise, he wouldn't have gritted his teeth and accepted the bet!

After all, he was not a stupid person that made rash decisions.

If not for the fact that he was 100% confident, he would not have agreed to the 10 billion bet!

“Is that so? Then come on. Let me see how powerful your western sword is!”

Zhou Hao smiled. As soon as he finished speaking, Paul’s body immediately rushed over. The western sword in his hand was like a steel needle as it shot towards Zhou Hao’s glabella with a cold light!

It had to be said that he was very fast!

Zhou Hao narrowed his eyes. His body moved, and the long saber in his hand waved. He directly faced the western sword head-on!

However, this sword seemed to have no bones. The faster Zhou Hao deflected it, the faster it bounced back!

In an instant, it pierced back! Zhou Hao’s expression immediately changed slightly as his body shot backward, directly jumping a hundred meters away!

“Aiyo, you dodged so quickly. Zhou Hao, do you think you’ll be fine just by dodging around like this?” Paul sneered.

“Your strength is actually very impressive, but you still underestimated the training of the Battle God Battalion. Three months is enough for a person to undergo a world-shaking change. If you had entered the Battle God Battalion for three months, I might not have challenged you. However, you have just entered and haven’t learned much. Therefore, you will definitely lose!”

Seeing Zhou Hao retreat, Paul’s confidence soared and he said directly.

Zhou Hao looked down at his arm. His clothes had been pierced by the wind just now, revealing the virtual body inside!

It had to be said that his western sword was really fast. If Zhou Hao had not dodged in time just now, it would have pierced through his arm instead of his sleeve!

“Although this person is arrogant, his sword technique is indeed extraordinary. Moreover, he’s very fast. If I want to finish him off, I have to be faster and more ruthless than him. If this continues on for too long, it’ll be very easy for me to lose!”

Zhou Hao narrowed his eyes as he analyzed the situation. He also came up with a solution!

Therefore, Zhou Hao directly rushed over and used the Shadow Seven Sabers. Immediately, saber lights that filled the sky were released, enveloping Paul!

Paul sneered with disdain.

“You won’t be able to defeat me with just this!”

As he spoke, the western sword in his hand became hot and emitted a fiery red light. He waved it and destroyed all the saber lights!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 466 - Victory

Chapter 466 Victory

Paul cut off all of Zhou Hao’s saber beam and looked at Zhou Hao with a faint smile! “Your saber technique is indeed good, but you’re still too inexperienced to win against my Western Sword Art! Zhou Hao, you’ll definitely lose today!”

Paul was very confident. He had seen through Zhou Hao’s attack just now. Not only that, but he had also easily handled it. In his eyes, Zhou Hao was simply too weak and could be easily defeated.

“I admit that your Western Sword Art is very powerful. Moreover, your cultivation level is also higher than mine. However, it’s still not enough for you to defeat me!”

Zhou Hao smiled. He had only used 20% of his cultivation just now!

After all, he had yet to use his quasi Heaven Realm cultivation. Moreover, even without using it, Zhou Hao still had a way to deal with him!

As he spoke, Zhou Hao’s body moved and he began to use the Golden Crow Escape Technique. His speed instantly soared, turning into afterimages that rushed out. Not only that, but the Shadow Seven Sabers in his hand also slashed out from time to time!

Although the saber beams did not fill the sky this time, every saber move was incomparably fast. Although Paul could resist it, he was still flustered!

In the world of martial arts, speed was the only thing that was invincible!

This was the truth... the eternal truth!

Zhou Hao wanted to use his movement technique to suppress him!

After dozens of slashes, Paul began to lose his strength!

Zhou Hao was still very fast. He found the right opportunity and slashed down, immediately making Paul unable to resist! Although his Western Sword Art was very powerful, there was still a difference in speed between the two of them!

Zhou Hao could hit him, but he could hit Zhou Hao! This was the truth!

“Damn!”

Paul cursed angrily. He was very depressed from being beaten. After all, Zhou Hao was extremely cunning and kept finding the right opportunities to slash down. Although the other party could resist, he could not resist for

long.

One saber move after another landed on his body, causing wounds to appear and blood to flow!

In this simulator, the experience was fully simulated. The pain one experienced inside would be transmitted out, making it feel no different from pain experienced in the real world!

At this moment, Paul already felt the pain in his arm, making him unable to unleash his strength!

“Zhou Hao, you cunning person. If you have the ability, why don’t you fight me head-on instead of dodging around? Are you Chinese all so shameless?”

Seeing that he was about to lose, Paul was naturally unwilling. He began to provoke Zhou Hao into fighting him head-on! Zhou Hao smiled. This guy was really interesting. Did the other party really think that Zhou Hao needed to rely on his speed to suppress him? What a joke!

“Paul Charles, do you think I’m shameless? What a joke. Compared to you, my methods aren’t even worthy of being called shameless. You’re the shameless one!”

“Actually, us Chinese value morality the most. Since you think I’m shameless, I’ll defeat you openly and let you know that you’re inferior to me both in speed and in strength!”

As Zhou Hao spoke, he directly circulated the Nine Revolutions Overlord Body Art. With the addition of the God Slaying Art, his combat strength instantly multiplied by four times!

This multiplication was enough for him to match a fifth-grade supernatural expert!

A powerful aura directly exploded from Zhou Hao's body. He directly raised his hand, and a huge aura surged, condensing a huge saber beam in the space!

This beam's aura was grand and carried supreme pressure. Its aura even made Paul's expression change drastically!

In this virtual space, they were unable to unleash their strength. Moreover, they were unable to take in some treasures!

All they had were their cultivation techniques!

However, he did not expect Zhou Hao to have such powerful combat strength. Paul was simply unable to resist this saber!

"Paul, you're not my match. It's time for this farce to end!"

Zhou Hao had had enough fun and had a preliminary understanding of Paul's strength. Therefore, he knew the other party was unable to resist this saber move. Paul roared repeatedly and used all his strength!

"How is this possible? How could I lose?!"

"How could this be? You're only a first-grade supernatural expert. How did you explode with such powerful combat strength?!"

"Are you really a genius?!"

He roared as he watched the light drown him. There was nothing he could do!

The huge saber beam directly obliterated his body, turning him into a pool of blood and disappearing into space!

At the same time, the virtual cabin lit up. Paul sat up immediately, his face covered in cold sweat. He had already lost in the virtual space, so he had automatically left!

However, he still did not dare to believe that he had lost!

"You lost, Paul."

Zhou Hao also took off his helmet and looked at him with a faint smile.

At the same time, an emotionless voice sounded in the virtual cabin.

"Zhou Hao wins!"

Paul's face was pale as he stared fixedly at Zhou Hao. "How is this possible? How is this possible? I've already cultivated here for half a year. Moreover, I'm also a genius and I'm stronger than you. How could I lose to you?!"

"I've cultivated day after day for the past half a year and have never slacked off. My cultivation and combat strength have also improved qualitatively!"

"But how could I lose? I still lost to a newbie like you!"

He could not understand!

"Hehe, there's no reason for that. In the end, it's still because you're weak. It has nothing to do with anything else!"

Zhou Hao smiled faintly and did not care about Paul's shock and anger!

Paul had lost 10 billion. This was not a small sum!

For a person from a Western family like Paul, 10 billion was not a small sum. How could he be willing to lose so easily?!

In fact, Zhou Hao was still quite shocked by Paul's strength. If he only had the strength of a third-grade supernatural expert, he really might not have been able to defeat him!

His technique of the Western Sword Art had indeed reached perfection. On the other hand, although Zhou Hao's Shadow Seven Sabers had a high compatibility score, it was still inferior to his!

Although Zhou Hao could kill those mutated beasts in the spatial rift easily, it was really not enough for him to handle experts!

"Looks like I still have to deepen my cultivation technique. Otherwise, relying on brute strength alone is not a solution!"

Zhou Hao took a deep breath. Although he was very happy to have won, he was still not very satisfied with his performance in this battle!

Many people had come to watch this competition!

After all, a bet of 10 billion was extremely rare!

After all, this was a competition between two supernatural martial artists!

If it was a battle between Heaven Realm experts and they only bet 10 billion, they wouldn't care so much!

At this moment, they were all waiting outside for the outcome!

“This Zhou Hao must have lost. Paul’s Western Sword Art is superb. Not only that, but his combat strength is also a level higher than his. It’s almost impossible for Zhou Hao to win!”

“I think so too. 10 billion... Damn. This Zhou Hao is really a fool!”

“Hehe, let’s hope there’s more suckers like him out there.”

These western warriors smiled as if they already knew the outcome of the competition.

However, at this moment, the system’s voice sounded in the entire hall.

“Zhou Hao wins!”

As soon as he finished speaking, everyone was shocked!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 467 - Shameless

Chapter 467 Shameless

When everyone heard this voice, they were dumbfounded!

In particular, the martial artists from the Western countries could not believe their ears!

Paul Charles actually lost?

How was this possible?! All the Western martial artists did not think that it was possible for Paul to lose!

However, it was the truth!

“What?!”

“Paul lost?”

“How... how is this possible?!”

“Zhou Hao won 10 billion just like that?”

These Western martial artists were all shocked, their eyes filled with disbelief!

Luo Li and the others also had worried expressions from the beginning. Compared to the calmness of the Western martial artists, they were very nervous!

However, when they heard the system’s voice, they were dumbfounded.

“Zhou Hao actually... won?”

“This... this...”

They were all confused. How could a first-grade supernatural expert compare to a third-grade supernatural expert?

“Hahaha, good, good, good. I knew it. Zhou Hao will definitely not fight an unprepared battle!”

Song Kun was very happy and could not help but laugh.

At this moment, the door to the virtual space cabin opened. Paul walked out with a confused and depressed expression. Zhou Hao looked at his phone and smiled.

“Congratulations, Junior Brother. You actually won. How was it? Did you get the money?”.

Seeing Zhou Hao walk out, Luo Li immediately surrounded him with Song Kun and the others. “Yes, yes, this system sure handles things quickly. The money already arrived!” Zhou Hao smiled and looked at the string of numbers on his phone. He was immediately extremely happy! “Junior Brother, you’re really impressive. You just entered the Battle God Battalion, but you’ve already earned 10 billion. Interesting, interesting. Zhou Hao, you’ve earned a lot today. You have to treat us, understand?”

Luo Li was very happy, and many Huaxia martial artists beside her cheered.

Zhou Hao blinked and could not help but say, “Senior Sister, do you still remember what you said just now?”

After saying this, Luo Li was stunned for a moment and could not help but ask, “What did I say?” “You said that you would do something for me if I won...” Zhou Hao reminded.

As soon as he finished speaking, the others recalled and chuckled. Only Luo Li had a confused expression.

“What... What did I say? How could I have forgotten?” Luo Li had really forgotten. “You said that if Junior Brother wins, you would dance for him.” Song Kun could not help but laugh from the side. His words immediately stunned Luo Li.

“Did I say that?”

“Of course, we all heard it!”

They all started causing a commotion.

“Uh... this... this...” Luo Li immediately became embarrassed. Just now, she had only been encouraging Zhou Hao and had casually said it. She did not expect this guy to still remember it!

“Alright, since Junior Brother has won, I’ll dance for you to liven things up. However, you have to treat us to a meal. You just won 10 billion!”

Luo Li was also extremely generous as she said indifferently.

“Of course! I’ll pay for whatever everyone wants to eat today!” I won a total of 10 billion yuan. A meal was simply a drop in the ocean. Zhou Hao naturally did not care!

The Huaxia martial artists were all extremely happy, but the Western martial artists all had puzzled expressions.

“Paul, what happened? You actually lost? How is that possible?” the blond man couldn’t help but ask.

“That’s right. Don’t tell me you were careless and allowed this brat to seize the opportunity?” The golden-haired woman beside him couldn’t help but frown.

“No! I was not careless. It’s just that I really can’t beat him. I used my full strength, but be it speed or strength, I’m not his match!” Paul said gloomily. Hearing this, they were all dumbfounded! “What?! Even you can’t beat him? This brat is so powerful!”

They were shocked and could not help but say!

“That’s right. This brat’s cultivation technique is very powerful. When he uses it, he can erupt with strength several times greater. Moreover, his speed and movement technique are too strange. I was simply unable to beat him with my Western Sword Art. It can be said that from the beginning, I was played like a monkey!”

Paul clenched his fists tightly. He was very furious, but it was useless. He had already lost 10 billion!

“Sigh... I didn’t expect this kid to be so extraordinary. Since you already lost, let it go. Paul, we have to think of a way to get this money back. We can’t let him get it for free!” A Western martial artist said directly.

Paul also nodded. Although he had lost, it did not mean that they had all lost. They planned to challenge Zhou Hao one by one from today onwards. They also did not believe that Zhou Hao would act cowardly and refuse to accept their challenges!

Zhou Hao and the others were very happy and were about to go to the restaurant to eat when the Western martial artists surrounded them.

“Hmph, what’s wrong, Paul Charles? Are you sore losers? You actually surrounded us. Do you want to fight?”

Seeing them like this, Luo Li was immediately furious and said directly.

“Miss Luo, you’re mistaken. Zhou Hao’s strength makes us admire him very much. We also want to bet with Zhou Hao. How about this? Zhou Hao, why don’t the two of us fight? You can name any conditions you want. How about that?”

The blond man in the lead smiled. Paul stood behind him, his expression terrifyingly dark!

This was somewhat interesting. A small battle had actually provoked a battle between Huaxia and the Western martial artists!

Perhaps it could be said that they had such a grudge from the beginning. Zhou Hao had just triggered it!

“I can name any condition I want?” Zhou Hao looked at the handsome blond man in front of him and smiled!

“Of course!” the blond man said directly.

“What do you mean by ‘of course’? Chris, you’re really shameless. You’re ranked in the top 50, yet you actually challenged a newbie, saying that he can name any condition he wants... Do you Western martial artists have no shame?”

At this moment, Luo Li stood up with ridicule on her face!

At this moment, Song Kun also spoke. “Chris, if you want to bet, then bet with me. You can also name any condition you want. How about that?”

Hearing this, Chris’s expression turned ugly on the spot. This Song Kun was an expert in the top five. How could he defeat him?!

He was only in the top 50, but there was a world of difference between the top fifty and the top five!

If he made a bet with him, he would definitely lose!

“Hmph, Song Kun, you shouldn’t be competing with me. Instead, you should be competing with the first place!”

After saying this, Song Kun laughed out loud. “Hahaha, Chris, what you’re saying is really interesting. You’re allowed to challenge our new Zhou Hao, but I’m not allowed to challenge you?” Song Kun was naturally not afraid!

Not everyone could challenge the top five of the rankings. Such combat strength was basically the peak of the Battle God Battalion!

After saying this, Chris looked very ugly, but Zhou Hao’s gaze indeed landed on him!

His expression seemed to be moved! When Luo Li and Song Kun saw this, they were shocked. Could it be that this brat still dared to challenge Chris?

This guy was a peak-level supernatural expert and was one step away from quasi Heaven Realm!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 468 - Chen Yan

Chapter 468: Chen Yan

Translator: Atlas Studios**Editor:** Atlas Studios

They were already very surprised that Zhou Hao had defeated Paul! They could not imagine Zhou Hao challenging Chris!

Fortunately, Zhou Hao finally retracted his gaze and smiled.

“Sorry, Chris, I have to eat with my friends now. I’m really sorry!”

As he spoke, Zhou Hao left with Song Kun and the others!

After winning 10 billion today, everyone was very happy. At the very least, Zhou Hao had made them proud and had ruthlessly lowered the morale of the Western martial artists!

This was the right way for Zhou Hao to deal with this group of shameless guys.

At the banquet, Luo Li also danced a shocking dance. Luo Li was a sexy beauty, so this dance naturally made these male martial artists howl.

However, they did not dare to have any improper thoughts about this beauty. After all, she was a true top 50 expert!

Moreover, she was under Song Kun's protection. Who would dare to have any improper thoughts about her?!

After dinner, they returned to the villa. Just as they walked to the courtyard, they saw a beautiful woman in a tight suit and long hair standing there!

Zhou Hao was stunned for a moment, but Song Kun smiled.

"Zhou Hao, let me introduce you. This is Instructor Chen. She will be your instructor for the next five years and will also be your teacher."

Song Kun smiled.

Zhou Hao looked at this beauty and was shocked by her perfect figure. This woman was very beautiful, and her figure was unlike Yun Yan or Luo Li's. She had a truly devilish figure with her paper-thin waist and voluptuous butt !

She could be described with one word: wonderful!

However, Zhou Hao did not dare to be disrespectful. She was his instructor and was definitely powerful!

"My name is Chen Yan. In the next five years, I'll be the one to guide you. Do you understand?" Chen Yan looked at Zhou Hao and said indifferently.

Zhou Hao immediately bowed deeply. "Greetings, Instructor Chen."

"Heard that your saber technique is not bad. Follow me, I want to test your saber technique!"

Chen Yan did not waste her breath and left the villa with Zhou Hao.

Zhou Hao followed behind Chen Yan, shocked by her aura. Chen Yan turned around and said indifferently, "The scene at noon today was a little huge. I didn't expect you to be able to defeat Paul Charles."

"Uh... Twas lucky..." Zhou Hao coughed dryly.

"It's not luck. Any victory is not luck. It's all proof of strength. For you to be able to defeat him, it means that you're very powerful. Paul, I know that he's proficient in his Western Sword Art. However, he is still not strong enough. If he was a Heaven Realm expert, his Western Sword Art will improve

qualitatively. However, since you can defeat him, it means that you're even stronger than him."

Chen Yan said directly and brought Zhou Hao to the training ground. "Yes, your saber technique might be inferior to his... but your combat strength, cultivation technique, and speed are stronger than his. Come, use the ultimate technique you used to defeat him today. Let me take a look!"

Chen Yan was already a sixth-grade Heaven Realm expert. This cultivation level was not something Zhou Hao could compare to.

'The reason why she was so young was also because she had used her essence energy to remain youthful!

After all, there was no woman who did not like to stay youthful forever!

Therefore, in the world of martial artists, there were too many beauties. Even ordinary beauties could get closer to perfection through the harmonization of their blood essence. As for their appearance, they could also adjust it.

In short, beautiful women were not necessarily young. This was especially true for powerful beauties!

This was a principle that everyone in the martial artist world knew!

Zhou Hao took a deep breath and took out his saber. "Teacher, I'm going to attack."

"Hmm, let's begin," Chen Yan looked at Zhou Hao and said indifferently.

Zhou Hao did not hesitate and directly used the Shadow Seven Sabers. His powerful Dao technique directly condensed a huge beam that rushed towards Chen Yan!

Her eyes flashed with shock and disbelief!

"I didn't expect your cultivation technique to be so extraordinary. Although your saber technique is rough, it's still good. Not bad, not bad. No wonder Zhao Yifan recruited you alone and even got me to personally teach you. You're indeed a good seedling."

Chen Yan immediately smiled and waved her hand. A powerful cultivation erupted, directly cutting off the saber beam.

Zhou Hao looked at Chen Yan and realized that Zhao Yifan was the one who asked her to come and teach him.

"Instructor Chen, are you also from the Wind God Team?" Zhou Hao asked curiously.

"No, I'm an instructor of the Battle God Battalion. I'm not from any of the four teams."

Chen Yan shook her head. Although she was not a part of any of the teams, the fact that she could become an instructor of the Battle God Battalion already spoke volumes.

"Zhou Hao, do you know why Zhao Yifan asked me to guide you?" At this moment, Chen Yan said.

Zhou Hao really did not know!

Chen Yan smiled and waved her hand, causing a saber to appear in her hand!

"Because I also use a saber!"

"Zhao Yifan knows that your saber technique is very rough. However, I think you're already very good. At such a young age, you already have such a saber technique. You're very extraordinary. If you can master your current saber technique completely, then you'll really be too abnormal!"

"I've been practicing saber techniques since I was young for more than twenty years before I reached my current level. Zhao Yifan has asked me to teach you my saber technique!"

'As Chen Yan spoke, she brought Zhou Hao directly into the Heaven Tower!

She also opened the gravity training cabin!

"There are no shortcuts to training our saber techniques. Fortunately, we have the gravity training room. This is the best facility to practice!"

'As Chen Yan spoke, she multiplied the gravity of the room by ten times!

Now, anything that weighted a kilogram would weigh 10 kilograms!

With the multiplication of gravity, Zhou Hao could only use a tenth of his strength. And the purpose of this formal training was.

“Feel the gravity here. Your body will slowly get used to this gravity. It’s like bodybuilding. In the beginning, you can only lift ten kilograms. As you train, you will be able to lift twenty kilograms or even thirty kilograms!”

“That’s how the gravity room works. After all, our human bodies have limitless potential. As long as you get used to it, your body will start to remember!”

“Moreover, we can also get twice the results with half the effort by cultivating here. Therefore, this is the best accelerator to help us cultivate!”

Chen Yan smiled and looked at Zhou Hao before pointing at the screen.

“Now that I’ve activated the minimum gravity and multiplied the gravity of the room by ten times, how do you feel?”

Zhou Hao stretched his body. Although he was much heavier, he could still handle it. It had to be said that this gravity room was indeed interesting!

“Do you know what’s the maximum gravity our human race’s strongest can withstand?” Chen Yan asked again.

“How much?” Zhou Hao asked curiously.

“The gravity of Planet Earth multiplied by ten thousand times!”

Chen Yan stretched out one finger, but the words she said indeed shocked Zhou Hao!

“Ten thousand times! This...” Zhou Hao’s eyes widened in disbelief!

“That’s right, ten thousand times. The strongest Battle God of our human race can withstand the gravity of Planet Earth multiplied by ten thousand times. Under this gravity, he can still unleash his strength normally... Can you imagine how terrifying he is?”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 469 - Points Ranking

Translator: Atlas Studios**Editor:** Atlas Studios

Zhou Hao could also sense how terrifying this number was!

“Therefore, the potential of us humans is really limitless. Zhou Hao, you’re currently ranked last, and you only have one point in the Heaven Tower. Many others also have one point like you. However, you still can’t fall behind, and the only way to not fall behind is to work hard to kill the mutated beasts!”

“In the future, you will go to the wilderness mutated beasts area to hunt mutated beasts every Monday, Wednesday, and Friday. You will study at the training base on Tuesday, Thursday, and Saturday. I will personally guide you on Sunday, understand?” Chen Yan looked at Zhou Hao and said.

Zhou Hao nodded. He naturally had no objections to this matter!

After training for a while, Zhou Hao left and returned to his room.

At this moment, he was sitting in his study room and looking at the ranking list as he muttered.

“In the Battle God Battalion rankings, the first place can use the Ancient Ruins training equipment for free for 120 hours!”

“The second place can use the Ancient Ruins training equipment for free for 100 hours!”

“The third place can use the Ancient Ruins training equipment for free for 90 hours!”

“Those ranked eleventh to twentieth can use the Ancient Ruins training equipment for free for 48 hours!”

“Those ranked twentieth to thirtieth can use the Ancient Ruins training equipment for free for 42 hours!”

“Those ranked thirtieth to fortieth can use the Ancient Ruins training equipment for free for 36 hours!”

“Those ranked fortieth to fiftieth can use the Ancient Ruins training equipment for free for 30 hours!”

“Those with a ranking of two hundred and above can use the Ancient Ruins training equipment for free for 1 hour!”

Seeing this number, Zhou Hao was immediately speechless. His ranking was two hundred and something. In other words, he could only use the training equipment for an hour?

This was completely useless to him!

“Sigh, this ranking is really depressing. Look at the top few. They basically get a few days’ worth of usage time. On average, they get to use four hours a day. Not considering the days that they go out to hunt mutated beasts and challenge the Heaven Tower, they get at least eight hours a day!”

“Eight hours? Even if they did nothing but sleep in the training room, they can still increase their cultivation by a lot!”

“Sigh... this is really enviable!”

Zhou Hao sighed and was very envious!

Soon, Zhou Hao began to follow these students into the mutated beasts area and began to kill the mutated beasts!

‘The mutated beasts naturally would not be in the Battle God Battalion. Given how powerful this place was, the mutated beasts would not be stupid enough to come here!

Instead, it was near a small city that was next to the Battle God Battalion.

This time, Zhou Hao and the others had arrived at the city number 017!

The outer area of this city was close to the Origin Stone Bell. This was the favorite place of the mutated beasts, so it had also become the hunting grounds for the students!

However, there were a few rules for one to enter this place!

The first rule: Students are not allowed to fight and kill other students!

The second rule: Students are not allowed to use money to accumulate points.

The third rule: Students are not allowed to disobey orders!

These rules were all set to protect the safety of these students. Otherwise, with how dangerous this place was, it was very easy for the students to be harmed!

‘The first and third rules were very easy to understand. It was also easy to understand since private fights and insubordination were troubling.

However, Zhou Hao was somewhat curious about the second rule!

Perhaps because the students of the Battle God Battalion were all rich, the higher-ups were concerned that they might hire mercenary teams to help them obtain points. If this did happen, it would be a little unfair.

Therefore, this was the reason why it was not allowed!

Pfft!

With a flash of saber light, Zhou Hao directly killed a first-grade supernatural beast without any change in expression.

Killing these mutated beasts was too easy for him. He could probably even kill all these mutated beasts with a single slash!

In the following days, Zhou Hao killed mutated beasts in the wilderness with other students and trained inside the base every other day. He lived very comfortably.

At night, Zhou Hao would sit in the study and video call Xu Ling.

The Battle God Battalion still allowed the students to make contact with the outside world. Regarding this matter, the Battle God Battalion did not have any strict rules to restrain anyone.

It could be said that after entering the Battle God Battalion, Zhou Hao was very relaxed and also relied on himself!

This was also the strategy of the Battle God Battalion. After all, true experts were not manufactured. Instead, they became true experts by cultivating themselves.

If one could not advance by himself, the others would also not be able to help him.

'The Battle God Battalion was only a platform that provided one the opportunity to progress. As for whether they improved or not, it still depended on them!

"Zhou Hao, you seem to have lost weight recently. Is it very tough for the Battle God Battalion?" Xu Ling looked at Zhou Hao on the screen and could not help but say.

"Yes, it's indeed a little difficult, but it's not bad. I can still persist," Zhou Hao said with a smile.

"Really?" Xu Ling asked worriedly.

"Hehe, as long as I see you, I'll be filled with strength!" Zhou Hao said shamelessly.

"You... Hmph, you're becoming more and more ridiculous!" Xu Ling snorted. However, she knew that Zhou Hao was also doing this for her.

"[heard that you guys have rankings. There are a lot of geniuses there, right? Be it in school or the elite training camp, you're always ranked in front. You've even always been ranked first. Great, now that you're among geniuses, aren't you feeling very pressured?" Xu Ling teased.

"Indeed, there are so many geniuses here. It's really very difficult to get high in the rankings!"

"Paul, who I defeated back then, has only just entered the top 200. Moreover, he has been here for half a year. It's too difficult for newbies to move up the points rankings. It's already good enough for him to enter the top 200."

"However, I still entered the top 180. Hehe..."

Zhou Hao smiled.

"In that case, you're already very impressive. You've only been in there for less than a month, but you've already entered the top 180. It has to be known that there are about 250 of you! Many of them are your seniors, but you've surpassed them. The pressure on them now will be even greater, right?"

Xu Ling could not help but say.

"Hehe, that's indeed the case. However, some people still have a limit on their strength. Even if they want to improve, it still won't be easy for them to improve after reaching a certain level. You don't know this, but other than training, I've also been killing mutated beasts recently. After so many days, I

haven't slacked off at all. Even so, I'm only ranked 180th. It's obvious how difficult this points ranking is!"

Hearing this, Xu Ling's heart ached and she could not help but say.

"You're already very impressive, so don't work so hard. Don't give yourself too much pressure, understand? Moreover, according to what I know, you're the second place of all the newbies this year.. Perhaps you'll have a chance to enter the top 150 next month!"

Chapter 470 - Another Challenge

Chapter 470: Another Challenge

Translator: Atlas Studios**Editor:** Atlas Studios

“That won’t do. Here, if we don’t advance, we’ll fall behind. Soon, someone will catch up!” Zhou Hao immediately said.

“Then... then remember to rest, understand? Work and rest. If you want to chat with me, contact me at any time, understand?”

Xu Ling blushed and could not help but say.

Zhou Hao and Xu Ling chatted for a while longer before hanging up.

He currently had 1 point for the Heaven Tower. However, as Zhou Hao improved, his Heaven Tower points also increased.

Although it was not 2, it had still reached 1.3. This was considered a huge improvement!

Zhou Hao was very satisfied!

After putting on his clothes, Zhou Hao prepared to train again. Just as he went downstairs, he saw Luo Li return.

“Where are you going, Junior Brother? Are you going to eat?” Luo Li asked with a smile.

“I’ve long finished eating, Senior Sister,” Zhou Hao hurriedly said.

Luo Li looked at Zhou Hao and said with satisfaction, “Junior Brother, I saw your ranking. It’s really impressive. You don’t know how long it took me to break through to the top 200 in the first year!”

“It took me a year to reach your current ranking. Now that two years have passed, I’ve only just entered the top 100. At your speed, I estimate that you’ll only need half a year to enter the top 100!” Luo Li said in shock.

“Half a year? That’s still not fast enough. I plan to get into the top 100 in two months!” Zhou Hao had already set a goal for himself!

After all, he could rise up the rankings at any time if he wanted to. However, it was not easy for him to reveal his strength!

“Heavens, two months. This... this is too crazy!” Luo Li was very shocked!

“Hehe, Senior Sister, time is tight. I won’t chat with you anymore. I have to go train now.”

As Zhou Hao spoke, he hurriedly walked out of the villa and towards the training base.

In a short month, many people had learned of Zhou Hao and how he had defeated Paul. The 10 billion bet had really attracted the attention of many people.

In addition, Zhou Hao was able to get into the top 180 in less than a month. What did this mean?

It meant that he had used a third of the time others spent to reach their level. In other words, Zhou Hao’s cultivation speed was three times faster than others!

This was not an exaggeration. After all, the data was all there!

“It would really be a little too shocking if I reach the top 100 too quickly. I’ll take it slow for now. Otherwise, it’ll easily arouse suspicion!”

Zhou Hao walked into the Heaven Tower base. When he arrived inside the Heaven Tower, many people were stunned!

“Is this Zhou Hao? Is he here to challenge the Heaven Tower points again?”

“That’s right. A few days ago, he was still only at 1.2 points. It’s only been a few days, but he’s already at 1.3 points. This improvement is too fast!”

“That’s right. These points obtained here are multiplied to the points obtained from killing mutated beasts. If his Heaven Tower points fluctuate by 0.1, his ranking might be able to advance by ten!”

They were all very shocked. At this moment, seeing Zhou Hao come to the Heaven Tower again, they were somewhat curious.

It had to be known that this Heaven Tower was not something that could be challenged casually. It was fine if one succeeded in the challenge. However, if one did not, points would be deducted!

Every month, there would be a free test. Everyone would wait for a month before trying again.

After all, the Heaven Tower was very powerful. It was simply too difficult for students to improve. Some people could not even increase their points even after a whole month.

However, Zhou Hao had already come for the third time this month!

The first time he challenged the Heaven Tower his points were 1. The second time it became 1.2 and the third time it became 1.3. Did it mean that his points would get to 1.4 this time?

Everyone was looking forward to it!

“Let’s go check out the points rankings. Zhou Hao is challenging the tower again so it’ll either go up or go down. Let’s go and find out what will happen!”

Many of them directly went to the points rankings to wait for the news!

Zhou Hao entered the virtual space and saw his information!

In particular, he nodded after seeing his 1.3 points.

“This time, I might as well get to 1.5!”

Zhou Hao smiled and stepped into the virtual Heaven Tower!

“Student Zhou Hao, please choose the magnitude of the challenge.”

A cold voice sounded in the space. Zhou Hao took a deep breath and said, “0.2 points!”

He could choose how difficult the test was himself!

According to his challenge, the system would give him the corresponding test. Once he passed it, he could change his points!

“Student Zhou Hao has accepted the challenge for 1.5 points. In ten minutes, kill 150 grandmaster-level beasts. The countdown begins!”

With that said, 150 mutated beasts immediately appeared!

Zhou Hao took a look. The points 1.5 meant that he would have to fight 150 mutated beasts. He wondered if that meant that every point meant an additional 100 mutated beasts!

He wondered what would happen if he had taken the challenge for 2 or 3 points instead.

In this place, everyone’s bodies were the same. They relied on their own cultivation techniques, movement techniques, and strength!

Cultivation was not important here!

Zhou Hao took a deep breath and looked at the many ferocious beasts before pouncing forward!

He had used the power of the Genesis Rune to increase his physical strength and speed. The effect of this training was also not bad, and Zhou Hao could sense the changes.

At the same time, in the mutated beast area, Chris was replenishing his strength in a safe place!

Although Chris's family was very powerful overseas, Chris worked very hard. He knew that his family could not help him much and he could only rely on himself to increase his strength!

Moreover, this ranking also affected the rewards Chris would obtain. After all, those rewards included both resources and status!

"If I work hard, I might be able to maintain my ranking in the top 50 this time. I might even have a chance to reach the 40th place!"

As Chris ate the compressed food, he felt proud of himself!

"Hmph, this Zhou Hao's improvement is really fast. At this rate, he might very well surpass me in less than two years. No, I can't let him step on me!"

Chris took a deep breath. After learning that Zhou Hao had reached the 180th place, he was very furious!

Zhou Hao was only a newbie!

The fact that a newbie already had this ability made him very anxious!

Ever since Paul lost, the Western martial artists had been looking for trouble with Zhou Hao!

For example, in the base, they would try to snatch the training room from Zhou Hao. In the wilderness, they also killed the mutated beasts Zhou Hao was targeting. Even if they couldn't kill them, they would still interfere and prevent Zhou Hao from killing them!

Although the Battle God Battalion had an rules, these insignificant actions would not cause trouble for them at all. The Battle God Battalion simply did not care about such small matters.

However, under such circumstances, Zhou Hao's improvement was still so fast, making Christ somewhat uneasy!

“Damn, how can someone from Huaxia be so powerful? How infuriating!”

Chris felt pressured, making him panic!

At this moment, his communication device rang. He picked it up and saw that it was Paul..

Chapter 471 - Shocked Again

Chapter 471: Shocked Again

Translator: Atlas Studios**Editor:** Atlas Studios

‘When Chris went out, he had told the others that he was going out to kill mutated beasts. At this moment, he didn’t understand why the other party would send him a message? Could it be that there was something important?

Without any hesitation, Chris pressed the answer button and couldn’t help but smile.

“Paul, what happened?”

Paul’s expression was somewhat nervous as he said directly, “Chris, let me tell you something. Zhou Hao entered the Heaven Tower for the fourth time today. He’s challenging the Heaven Tower again!”

Hearing this, Chris was immediately shocked. He could not help but say, “Didn’t he just break through a few days ago and obtain 1.3 points? Why is he challenging the tower again? Could it be that this brat has broken through?”

“This... ‘m really not sure!” Paul said gloomily.

“Logically speaking, that shouldn’t be the case. How can he break through two to three times a month? That’s ridiculous!” Chris was very speechless!

“To be honest, I really do hope that that’s not the case. But in fact, Zhou Hao is very likely to break through!”

“Actually, I meant to tell you that he caused an uproar this time. Many people went to look at the points rankings. Even a few teachers went to look and basically everyone was interested in Zhou Hao’s challenge. After all, it’s very rare for us to see someone challenge the Heaven Tower three times a month! I

think his goal this time is to get into the top 100!”

Paul couldn’t help but say.

“Top 100? Hehe, that’s impossible. Back then, I spent a year and a half trying to get to the top 100. Even if he’s talented, he only cultivated for less than a month. If he can really get to the top 100, then we also won’t have to take revenge!”

Chris shook his head in disbelief!

What a joke!

What kind of place was the Heaven Tower? Did he think that clearing the levels was so easy? It had to be known that every advancement was a huge challenge. Some people even prepared for two months just to increase their score by 0.2 points. In just a few days, Zhou Hao had challenged the Heaven Tower

again!

Chris simply did not believe it!

“Christ, if only you were here. We could have seen it together.” Paul took a deep breath and couldn’t help it.

“Keep paying attention to the rankings. I want to see what this Zhou Hao is capable of!” Chris said indignantly.

At the same time, Zhou Hao began to kill the mutated beasts in the virtual space!

In this place, Zhou Hao could barely depend on his cultivation. He was mainly relying on his physical strength and speed!

In other words, he had brought his physique in from the outside. However, his cultivation was only fixed at the grandmaster level.

He could still use his cultivation techniques. However, the cultivation techniques would not have the same impact!

Zhou Hao held a long saber in his hand and began to kill these mutated beasts. Although he was unable to use his full cultivation, Zhou Hao had worked hard during this period of time. Therefore, he was determined to get this 1.5 points today!

In just a few minutes, he had killed a total of 80 mutated beasts. He was as light as a swallow and had high senses!

“My speed has indeed increased. And this Heaven Tower is really impressive. The changes of my body in the outside world were actually brought into this virtual world. Impressive, impressive!”

Zhou Hao smiled. At this moment, he had already used his full strength to kill all 150 of them!

He sat on the ground and panted heavily!

“Congratulations, student Zhou Hao. You have succeeded. Your points have been adjusted to 1.5!”

After this voice sounded, Zhou Hao immediately heaved a sigh of relief and was very smug!

‘The moment Zhou Hao succeeded, the points ranking outside changed!

Everyone looked at the scene in front of them and were incomparably shocked!

At this moment, Chris had already finished eating. He looked at the communication device and waited for the news!

At this moment, Paul’s message arrived. Without saying a word, he picked up.

“How is it? Has Zhou Hao’s ranking changed?”

On the other end of the phone, Paul’s voice was filled with shock and fear as he said directly, “It... it changed. His ranking is now at 150!”

After saying this, Chris was immediately dumbfounded!

It had only been a month and Zhou Hao had already reached 150. It seemed that it would probably take him more than a year to break through to the top 100!

In fact, he might even be able to get into the top 50 in a year!

“Damn, how is Zhou Hao so freaking powerful?”

Chris and Paul were very depressed. This brat improved too quickly. They could already feel the full pressure!

“Although it’s shocking, it’s still fine. After all, he’s still outside the top 100. Even if he has extraordinary talent, he won’t be able to do anything to us. At most, we just have to avoid provoking him in the future!”

Chris took a deep breath.

Paul could only think so, but at this moment, Paul was suddenly frightened.

“Chris, bad... bad news!”

“Hmm? What’s wrong?” Chris was stunned for a moment. Zhou Hao’s ranking had already changed. What else could happen?

“He... he’s not coming out of the Heaven Tower!”

After saying this, Chris’s head buzzed!

“What? Does he still want to continue challenging the Heaven Tower?!”

Chris’s heart raced. What was this person trying to do?!

It was not only him. Everyone was the same. They looked at the green light that lit up again in the Heaven Tower challenge space and saw that Zhou Hao’s name was still in the Heaven Tower challenge space. Everyone was dumbfounded!

Basically, it meant that Zhou Hao wanted to continue challenging!

“Is... is he crazy?”

“Is this Zhou Hao really going to enter the top 100 today?”

“Heavens, what happened today will definitely be recorded in the history books of the Battle God Battalion!”

They were all incomparably excited. Zhou Hao naturally did not know about this. Even if he did, he did not care.

At this moment, Zhou Hao smiled when he saw that he had succeeded!

He also knew that his ranking must have broken through to 150!

“Since they have already been shocked once, will they be immune to the shock the second time?”

With that said, Zhou Hao stood up!

“I want to continue challenging!”

“Student Zhou Hao, what’s the level of the challenge?”

Zhou Hao smiled. “0.3!”

‘As soon as Zhou Hao finished speaking, the system immediately scattered a strange aura. Zhou Hao felt his body relax. He looked down and saw that all the injuries and fatigue on his body had disappeared!

‘That aura just now had condensed a new body for him!

“This system really has no loopholes at all. Not bad!”

Zhou Hao was very satisfied, and the system continued.

“Student Zhou Hao has accepted the challenge for 1.8 points. Kill 180 mutated beasts in 10 minutes!”

After this voice finished speaking, the 180 mutated beasts immediately appeared!

Zhou Hao looked at these mutated beasts and smiled, feeling very satisfied!

“Bring it on!”

With that said, Zhou Hao held his saber and rushed forward with a cold expression and excitement!

Chapter 472 - Admiration

Chapter 472: Admiration

Translator: Atlas Studios**Editor:** Atlas Studios

At this moment, everyone outside was shocked. They looked at the rankings and the virtual space in the Heaven Tower in disbelief!

“Zhou Hao... continues to challenge... this... this...”

At the same time, the points ranking also changed instantly. It jumped from more than 150 to 120!

Everyone was shocked when they saw this!

Paul, who was on the phone, also said to Chris with a trembling voice, "1... 12... 120!"

"What?!"

Chris immediately exclaimed!

120th place was actually nothing to anyone. However, for a newbie who had just entered the Battle God Battalion, 120th place was simply a fantasy!

"Looks like I can't afford to offend this Zhou Hao!"

After a long time, Chris said directly!

At the same time, this matter also alarmed Chen Yan. When Zhou Hao first entered the Heaven Tower, she had already arrived and was paying attention to the points rankings. When she saw Zhou Hao reach 150, her expression was still calm!

However, when she saw that Zhou Hao's number had directly increased to 120, even this beautiful woman's mouth widened without caring about her image!

"This newbie reached 120 in just a month? This is something a newbie can only achieve in a year!"

"Is this a freaking first-grade supernatural expert? How is this possible?!"

"Our Battle God Battalion has had such a genius before, but there were less than ten of them. These ten or so people were all peak-level geniuses. They all broke through to the Heaven Realm and became super strong experts with twelfth-grade Heaven Realm cultivation!"

At this moment, a foreign martial artist exclaimed.

"This newbie is called Zhou Hao. His speed, strength, and technique are all very outstanding. No, I have to tell my family about this!"

At this moment, many people could no longer sit still. They were beginning to prepare to convince Zhou Hao to join their organizations!

Chen Yan was very happy to see this. She had always been stingy with her disciples!

She had suffered a bad fate when she was young. Back then, the mutated beasts attacked the city and she lost her parents as well as her home. All alone, she was left to die in the ruins.

It was only when a Heaven Realm expert from the Battle God Battalion saw her that he decided to send her to the welfare institute. However, when she was tested for her talent, the other party realized that her talent was really shocking and thus took her to join the Battle God Battalion.

For so many years, she had cultivated diligently. She originally thought that her life would be blessed from then on.

However, just as she reached the supernatural level, her Heaven Realm master was killed by a mutated beast on a mission.

During that period of time, she was really in pain. Fortunately, she and her master's son experienced the difficulties together. The two of them had also grown up together and developed feelings for each other. In the end, they got married!

After that, she lived a happy life for a while.

However, good times did not last long. Her husband had actually died during a mission!

From then on, Chen Yan stopped getting attached.

She originally wanted to fight in the frontline... However, her temper was not good at all. At that time, it was very easy for her to get arrogant. Moreover, the death of her husband and master had a huge impact on her!

Therefore, the Battle God Battalion decided to make her an instructor!

Chen Yan knew that she could not continue living that way. Therefore, she placed all her attention on her students to help them grow and provide powerful martial artists to the Battle God Battalion!

It had to be said that Chen Yan was indeed a good teacher. Her heart was there and she did not hide anything. Moreover, her status and reputation in the Battle God Battalion were very high, so the higher-ups attached great importance to her!

Zhou Hao was also handed over to her by the organization. She was very satisfied with Zhou Hao, but she had never expected Zhou Hao to be so powerful!

"Instructor Chen, congratulations, congratulations. This disciple of yours is really impressive. In just a month, his ranking rose to 120. I'm afraid our Battle God Battalion hasn't had such a genius in a hundred years!"

At this moment, aside from the students, even the teachers could not help but praise Zhou Hao.

“As the saying goes, a good master produces a good disciple. Instructor Chen, you’re a legend among the instructors of the Battle God Battalion. Otherwise, they wouldn’t have put Zhou Hao in your care!”

They all praised, but what they said was the truth!

Zhou Hao’s talent was indeed extraordinary. However, Chen Yan was also a legendary instructor in the Battle God Battalion!

“You’re too kind. It’s still mainly because Zhou Hao is good at learning,” Chen Yan smiled and said.

At this moment, everyone looked at the Heaven Tower and saw Zhou Hao walking out.

As soon as he came out, Zhou Hao saw the huge crowd of students and teachers outside. He also saw Chen Yan.

Zhou Hao respected this beautiful teacher very much.

“Instructor Chen, you’re here too...” Zhou Hao smiled.

“Hehe, of course. How could I not come and take a look after you caused such a huge commotion? Not bad, Zhou Hao. You’re improving very quickly. You’re now ranked 117th. I believe it won’t be long before you can charge into the top 100!”

“However, the rankings are still fluctuating and there are still a few days until the end of the month. Everyone is trying to break into the rankings, so you have to work harder. If you can enter the top 100 this month, you will break the record!”

Chen Yan was also very excited.

“Don’t worry, Instructor Chen, I will!”

Zhou Hao naturally did not relax. At this moment, many people were trying to rise up in the rankings. No one would slack off!

The next morning, Zhou Hao went to hunt mutated beasts. Before he left, Zhou Hao had already seen his name drop to 123rd place!

It must have been because the others were also working hard to raise their rankings last night!

However, it was more interesting this way!

Chris returned early in the morning. Although he saw that Zhou Hao's name had fallen to 123rd place, he was still very shocked!

"This Huaxia person is really impressive!"

Many students who returned with him were also shocked when they saw Zhou Hao's ranking!

"Hahaha, Zhou Hao is really impressive. He has really raised the reputation of our Huaxia!"

"That's right. He's really impressive. In just a month, he has already surpassed the students who have been studying here for a year or even two. Zhou Hao's talent is too powerful!"

'They were shocked and proud, but they also admired Zhou Hao!

Although he was only a newbie who had just entered the Battle God Battalion, they still respected him!

After all, strength was all that mattered. Zhou Hao's cultivation was low and his ranking was also relatively low. In the eyes of the top 100, he was nothing.

However, Zhou Hao had only been here for a month and had already reached this level in a month. They were naturally shocked!

In fact, it was not only shock, but also pressure!

This was because many people had already been left behind by Zhou Hao. Those in the top 100 felt that they would probably be left behind as well!

Therefore, they all worked extremely hard!

Zhou Hao's ranking had deeply stimulated them, making them all explode with potential!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 473 - Bickering

Chapter 473: Bickering

Translator: Atlas Studios**Editor:** Atlas Studios

'The day passed quickly. At dawn, Zhou Hao returned with the students.

In a day, Zhou Hao killed many more mutated beasts. It could be said that he had gained a lot!

These items would be collected by the Battle God Battalion and points would be given!

"Zhou Hao, you've gained a lot today. Looks like the points rankings will change again!"

"That's right, Zhou Hao. You're really impressive. Although your cultivation is only at the second-grade supernatural level, your combat strength is not inferior to those fifth-grade supernatural experts. You're really a demon!"

With them all saying this, Zhou Hao felt a little embarrassed!

'When he returned to the Battle God Battalion, Zhou Hao was surprised to discover that his ranking had risen again, becoming 112th!

'There was only a difference of 12 places between this ranking and the 100th place!

It seemed that he really had a chance!

Zhou Hao's heart skipped a beat. In that case, he might as well enter the top 100!

The students of the Battle God Battalion entered the mutated beasts area in batches. Zhou Hao entered every Monday, Wednesday, and Friday. On the other hand, some of the students entered every Tuesday, Thursday, and Saturday.

Everyone usually rested on Sundays. They would use this time to prepare themselves.

However, the end of this month happened to fall on an interesting day. It happened to be Tuesday!

In other words, Zhou Hao was unable to kill the mutated beasts on Tuesday. However, the others had this opportunity!

"Do I have to enter the top 100 on Monday? But that's going to be difficult!"

Zhou Hao frowned and sighed, not thinking too much!

Just a few days after the end, Zhou Hao's ranking had always fluctuated between 110 and 130!

Moreover, the interesting thing was that Zhou Hao's ranking was between 110 and 120 on Mondays, Wednesdays, and Fridays.

However, on Tuesdays, Thursdays, and Fridays, his ranking was between 120 and 130!

This was because Zhou Hao could only kill mutated beasts on certain days. On the days that he couldn't, other students would go and hunt. On those days, his points stayed the same but others' points would rise!

"This Zhou Hao sure bites hard. However, from the looks of it, he shouldn't be able to break into the top 100!"

After Chris returned, he analyzed the rankings with Paul and the others in the villa.

"That's right. Based on how much time is left, it probably won't happen. However... there's still a variable. This Zhou Hao can still challenge the Heaven Tower!" Paul said worriedly.

He was simply worried about this!

After all, this person was too monstrous!

"Challenge the Heaven Tower? How is that possible? He has challenged it four times this month. Can he still challenge it?"

"This Heaven Tower is special. Without breaking through his cultivation, it would be useless for him to challenge the tower. I don't believe that he broke through in just a few days!"

"With a supernatural-level cultivation, every step is already very difficult. Moreover, he has already broken through so many times in a month. I'm already starting to feel suspicious. If this continues, I will really start to wonder whether or not he's cheating!"

Chris shook his head in disbelief!

"Hopefully so!"

Paul sighed.

Soon, it was Monday. After a day of fighting, Zhou Hao had brought back a lot of mutated beast loot. By the time he returned, his ranking had already reached 101!

That's right, 101!

It was only one place away from 100!

Seeing this, Paul and the others were shocked!

“101... Heavens, he’s really freaking impressive. I only managed to enter 100 after cultivating for two years!”

Chris could not believe it!

“Chris, your performance this month was also very impressive. If I’m not wrong, on the last day tomorrow, your spot will be set in between 40 and 50!”

Seeing that Chris was currently in the top 40, Paul heaved a sigh of relief. Chris was still stronger than Zhou Hao. In the short term, this Zhou Hao probably couldn’t deal with them!

“You’re probably right. Although I might not be able to stay in the top 40, I should be able to guarantee a spot in the top 50!”

Chris took a deep breath. In order to obtain such a ranking, he had been training all day without any delay!

“Tomorrow is the last day. Since Zhou Hao isn’t able to go out and kill mutated beasts, his ranking will probably drop to 110!”

Tomorrow, neither Paul nor Chris would go hunting mutated beasts!

Paul should have gone, but he was really not in the mood. On the other hand, Chris had been hunting mutated beasts all day long. He would also be resting tomorrow!

After Zhou Hao returned to the villa, Song Kun and Luo Li were both there.

The two of them also hunted mutated beasts on the same days!

“Zhou Hao, you’re back. Hehe, you’re really impressive. Back then, when we challenged Paul, we were still worried about you. Now, it seems that we were really careless!” Song Kun smiled.

“101. Tsk tsk, even if it’s not the final ranking, it’s still very impressive. I don’t think it’ll drop below 130!”

Luo Li also smiled.

Zhou Hao nodded and looked at the rankings. Luo Li happened to be ranked 49th, and Song Kun was ranked 3rd. After the fluctuations tomorrow, Song Kun would definitely still be in the top five. As for Luo Li, she would fall between 60 and 70!

‘The fluctuations in the top ten were very small because they needed a lot of points to rise in the rankings. Moreover, they had an absolute advantage.

In other words, the points between the top ten and the eleventh place were huge!

This was because most of the top ten students had stayed here for many years. They could have graduated, but they still did not choose to!

Because of this, there was a huge difference between them and the eleventh place.

“Senior Sister, your spot this time should be around 60. Brother Song, you will still be in the top five. Compared to you, my ranking is not that impressive,” Zhou Hao said with a smile.

“Tch, how long have you been here for? It’s only been a month! Do you know what a month is like? Some people haven’t adapted to life here, but you’re actually starting to break into the rankings!”

“Zhou Hao, I really wonder if you’re abnormal!”

Luo Li looked at Zhou Hao and could not help but say.

“Ah? Abnormal? How am I abnormal?” Zhou Hao was immediately speechless.

“Don’t... don’t you have a life? Don’t you have a lover? Why do you cultivate all day long? If I didn’t know that you were human, I would have thought that you were a machine that only knew how to cultivate!”

Luo Li curled her lips and could not help but say.

Hearing this, Zhou Hao immediately started sweating.

“Alright, we can rest for a day tomorrow and wait for the final rankings.” Song Kun smiled. He found it very interesting to watch Zhou Hao and Luo Li argue.

“It’s the last day anyway. I can finally relax tomorrow!”

Luo Li also stretched her waist and vividly displayed her perfect body!

They were usually very tired because of this points ranking, Therefore, everyone basically rested on the first and last day of the month...

Chapter 474 - 91st Place

Chapter 474: 91st Place

Translator: Atlas Studios**Editor:** Atlas Studios

After all, everyone needed to rest. If they did not rest, they would eventually collapse from exhaustion!

Zhou Hao did not say anything. It was not appropriate for him to say that he still wanted to challenge the Heaven Tower tomorrow!

If word got out, they would definitely be shocked. Therefore, Zhou Hao planned to act first before telling anyone!

'The next day was Tuesday. Zhou Hao was in the base and did not go anywhere. His ranking had been fluctuating. Of course, it was falling.

In just one morning, it had fallen by four places!

In the afternoon, it fell by seven to eight places!

It directly fell to 113!

Zhou Hao had long thought of this, but he ignored it. After all, there was still a long time before midnight, so Zhou Hao did not care too much!

However, today was the last day of the points rankings. Many people were paying close attention!

Not only were there students from the Battle God Battalion paying attention, but there were also some organizations outside that were interested.

Especially at this moment, in the few cities closest to the Battle God Battalion, several organizations were prepared to pull all-nighters to find out the results!

"Watch closely. Today is the last day before the Battle God Battalion tallies up the points . All of you have to widen your eyes, understand?!"

"As long as there are any changes to the rankings, it has to be updated, understand?!"

"Every time at the end, a dark horse will appear for sure. Therefore, everyone, you have to widen your eyes!"

The leader hurriedly said. This situation was not just limited to a single organization. There were many similar organizations!

“By the way, pay attention to this newbie called Zhou Hao, understand?!”

It was not only them. Even Xu Ling was extremely nervous. She was constantly paying attention to Zhou Hao’s ranking!

Other than her, Xu Chang and Long Aotian were also paying attention!

“Damn, this Zhou Hao is too freaking powerful. It’s only been a month and he’s already caused such a big commotion?”

“Isn’t his strength too ridiculous?. Oh no, I’ve offended him before. By the time he comes out from the Battle God Battalion, he would at least be able to become a chief inspector in the Green Cloud Division!”

“Not only that, the large organizations will definitely fight to snatch him!”

Xu Chang looked at the rankings and sat on the sofa. The red wine in his hand was no longer fragrant!

Long Aotian was even uglier!

He was someone who even tried to attack Zhou Hao!

“Damn it, damn it, damn it

“This Zhou Hao deserves to die. Can’t he just be a good-for-nothing? Why does he have to make such a big commotion? Great, the Xu family will definitely pay attention to this. Even that senior from the Xu family will pay attention!”

“Most importantly, that bastard Zhu Zao is supporting Zhou Hao. I suspect that he’s the one who got Zhou Hao into the Battle God Battalion!”

Long Aotian was not stupid. On the contrary, he was very good at judging the situation!

It had to be known that the Battle God Battalion was an organization that was extremely difficult to enter. Ordinary geniuses were unable to enter at all. Some family geniuses might not even dare to enter.

After all, everyone knew how strict the Battle God Battalion was!

Zhou Hao did not have a good background. Thus, someone else must have helped him enter. This person was most likely Zhu Zao!

Although the Xu family had agreed to his marriage with Xu Ling, it had not been decided after all. Now that Zhou Hao's reputation had soared, it was not a good thing for him!

"If this continues, Zhou Hao will sooner or later be valued by the Xu family. No, I have to hurry up and marry Xu Ling!"

'As Long Aotian was feeling anxious, Zhou Hao had already arrived at the Heaven Tower.

He came alone and did not attract anyone's attention.

'Today was the last day. Everyone was either resting or paying attention to their rankings. In any case, very few people noticed Zhou Hao!

However, there were also a handful of people who had just come out of the Heaven Tower and were prepared to break through at the last moment.

Many people also saw Zhou Hao arrive and were very shocked!

"Isn't this person Zhou Hao? Why, does he still want to challenge the Heaven Tower?"

"Is he serious? He still wants to challenge the tower? Isn't... isn't he courting death?"

"Heavens, I really can't imagine what this Zhou Hao is trying to do!"

'As they were shocked, Zhou Hao had already entered

"Student Zhou Hao, state your desired level of challenge."

The system's cold voice sounded.

"0.2!"

Zhou Hao said directly.

With this range, he should be able to enter the top 100!

With 0.2, he could shake off at least 30 people!

His ranking was currently between 120 and 130. If he could obtain this 0.2, he would be ranked in the top 90!

"That's enough. If I go overboard, I'm afraid people will suspect me!"

After Zhou Hao smiled, he directly began the challenge!

“Student Zhou Hao has accepted the challenge for 2 points. Kill 200 grandmaster-level mutated beasts in 10 minutes!”

Chapter 475 - Report

Chapter 475: Report

Translator: Atlas Studios**Editor:** Atlas Studios

Seeing this ranking, everyone was stunned!

Their eyes widened as they looked at the scene in front of them in disbelief. They revealed shocked expressions!

Top 100!

In just a month!

What the heck was this?!

Immediately, everyone knew about Zhou Hao's new ranking!

The originally silent rankings immediately exploded because of Zhou Hao's fluctuations. Everyone stared at this spot and were extremely shocked!

Paul also learned of this news.

“How... how is this possible?!”

Chris stood up in surprise and stared at the screen. As he looked at the rankings, his head buzzed!

Paul was even more so!

What did it mean for Zhou Hao to enter the top 100 in a month?

This meant that Zhou Hao had limitless potential and would be targeted by many organizations. They would spare no effort to reel Zhou Hao in!

In fact, Zhou Hao's current value was comparable to the top 50!

This was not an exaggeration. A martial artist who could reach the top 100 of the rankings in a month was very popular for the various organizations!

This was because they had seen how much potential Zhou Hao had. It was even possible for him to get into the top five!

"This... this is really unbelievable! How is this possible?!"

Paul was also shocked and panicked. Other people did not have any grudges with Zhou Hao, but he did!

Because of that 10 billion, he had completely formed a grudge with Zhou Hao!

Since Zhou Hao was doing so well now, it also meant that his life was in danger!

"I don't believe it, I don't believe it. Zhou Hao must have cheated. I must report him!"

Chris could not stand it either. Even he felt pressured!

"That's right. He must have cheated. He must have cheated!"

Paul immediately nodded. He also did not believe that Zhou Hao was actually able to succeed!

"I'm guessing that he didn't go to challenge the Heaven Tower at all. He must have fought with others! If he let others deliberately lose points to him, he would be able to enter the top 100. That must be the case!"

"Today is Tuesday. He's unable to hunt mutated beasts at all. This is the only way for him to obtain points. That must be the case. I'll report him now!"

At this moment, Chris was already stunned. Without saying a word, he took out his communication device and called the inspection department of the Battle God Battalion!

After the call was connected, Chris immediately said, "I want to report!"

"Hello, Student Chris. What do you want to report?" On the other end of the phone was an artificial customer service.

"I want to report Zhou Hao. He's accumulating points in an improper way!" Chris ignored everything and immediately accused Zhou Hao!

On the other end of the phone, the customer service lady pondered for a moment and said, "Sorry, student Chris, we've already checked. Zhou Hao did not cheat."

“He didn’t cheat? Then how could he increase his points? Don’t tell me he succeeded in passing the Heaven Tower challenge. I don’t believe it! For so many years, how many people have successfully challenged the Heaven Tower four to five times a month?!”

“He has to be hiding somethin;

At this moment, Chris shouted!

The customer service lady sighed and said, “As for why Student Zhou Hao was able to succeed in the challenge, we don’t know. However, we have already verified that what you said is false. Therefore, your report is not valid. Sorry.”

Du, du, du!

The artificial customer service lady immediately hung up.

Chris sat on the sofa, his head buzzing!

“How... how is this possible?!”

Even now, Chris still did not believe that Zhou Hao could do this. This was simply nonsense!

Chris was already starting to become afraid. After a long time, he took a deep breath and looked at Paul.

“Paul, from today onwards, we better take a detour when we see Zhou Hao!”

After Chris finished speaking, he wondered what Paul meant by that.

To enter the top 100 in a month, it was simply too freaking terrifying!

‘At the same time, everyone in front of the points rankings was shocked.

“Zhou Hao’s name will definitely be known by the higher-ups!”

“That’s right. Zhou Hao shocked everyone with a single feat. He’s definitely going to be rich now. There are only three people in our Battle God Battalion who reached the top 100 in the first month. Moreover, the last time something like this happened, it was twenty years ago!”

“But it’s different this time. Zhou Hao has a first-grade supernatural cultivation!”

As they were shocked, the intelligence organizations outside also exploded!

“Damn, quick, call my family and tell the organization. No, no, no, I’ll call them myself!”

“Zhou Hao is impressive. He’s already at this level at such a young age. Quick, contact the boss!”

“Call me, call the army!”

Be it big families, individual organizations, or even national organizations, they were all shocked by the news!

Zhou Hao was only a first-grade supernatural expert. In the cultivation world, he was basically a young man who had just entered adulthood could not be considered a complete adult. However, at this moment, he had entered the top 100 in a month. This situation was really shocking!

However, Xu Ling did not know about this immediately!

Originally, she wanted to keep paying attention. However, just as she was paying attention, her sisters suddenly showed up!

They were naturally also beauties.

Xu Ling originally wanted to pay attention to the rankings of the Battle God Battalion, but seeing that they had arrived, she could not continue watching and could only sigh.

“Second Sister, what are you doing? Are you still thinking about your Zhou Hao?”

The woman in the revealing skirt covered her mouth and chuckled.

“Big Sister, don’t tease Second Sister. Of course she’s thinking about Mr. Zhou Hao!”

Another petite and cute woman also chuckled.

“Can you guys not tease me as soon as you arrive? It’s already so late. Why would you guys come over?” Xu Ling couldn’t help but smile and feel happy when she saw them.

“We were just bored. Oh, right, Second Sister, let me tell you. That Young Master Long who is trying to pursue you isn’t slacking off at all. He’s been pestering me. Sigh... I’m also tired of dealing with him!” The long-legged beauty said gloomily.

“Big Sister, just reject him next time. All Second Sister can think about now is Mr. Zhou Hao. What Long Aotian? It’s all for nothing!”

The cute woman couldn’t help but snicker.

On the other hand, Xu Ling was very annoyed when she heard this. This Long Aotian was really pervasive. He even started pestering her sister. It was simply too much!

“Big Sister, ignore Long Aotian when he looks for you in the future!” Xu Ling immediately said.

“How would I dare to? It’s not like you don’t know... He’s the young master of the Long family. Our family’s project is still dependent on the Long family. Therefore, I can only comply on the surface without actually helping him out. Sigh...” The long-legged beauty was also very helpless, making Xu Ling

somewhat embarrassed.

At this moment, Xu Ling’s communication device rang. She looked and frowned. It was Xu Chang!

Chapter 476 - This Is The Family

Chapter 476: This Is The Family

Translator: Atlas Studios**Editor:** Atlas Studios

Xu Ling looked at her cousin’s phone with an unhappy expression. Aside from trying to set her up with Young Master Long, this person was always thinking of ways to create opportunities for Young Master Long!

Now that the other party was calling her, Xu Ling wondered what was going on!

However, she still picked it up. After all, she couldn’t just not pick up!

“Cousin, are you looking for me?” Xu Ling picked up the phone and immediately said.

“Sister, let me tell you a huge piece of good news. Good news that will definitely make you so excited that you won’t be able to sleep!” Xu Chang said excitedly.

Xu Ling frowned and could not help but say, “Cousin, is this good news for you or me?”

‘When Xu Ling heard Xu Chang’s words, she became a little worried. She was worried that Long Aotian had gone to make a proposal and that their Xu family had agreed to their marriage!

If that was the case, then she would be done for!

“Uh... Sister, of course it's for you. How could it be for me...” Xu Chang naturally could tell that his sister was being sarcastic!

Because he kept creating opportunities for Young Master Long for no reason, Xu Ling was very dissatisfied with him!

Although he did not say it, Xu Chang was not stupid and could naturally tell!

Hearing his sister's sarcastic words, he could only smile awkwardly and not say anything else.

“Is that so? Then Cousin, you have to tell me what the good news is. I'm all ears.” Of course, Xu Ling did not have anything good to say to this cousin!

Xu Chang was not angry and immediately said, “It's Zhou Hao. Zhou Hao, my sister. Do you know that he has already entered the top 100 of the Battle God Battalion?!”

Xu Ling was stunned for a moment and did not react for a moment when she heard this news!

Although she had heard Zhou Hao mention that he wanted to enter the top 100 before, it was still not easy to enter the top 100.

Although Zhou Hao was challenging the Heaven Tower again today, she had never expected Zhou Hao to succeed!

It was not because she did not trust Zhou Hao. It was simply because it was too difficult!

To be able to break through after challenging four to five times a month, he was simply inhuman!

Although it was not good for Xu Ling to think this way, Xu Ling was also a martial artist and knew how difficult it was!

A single breakthrough required a lot of effort and luck!

Successfully challenging the Heaven Tower five times a month was simply too shocking!

“Top 100? He got in?” Xu Ling took a deep breath and pretended to be calm!

“Of course. Sister, he got into the top 100 in just one month! In fact, all the various divisions and organizations are all paying close attention to Zhou Hao at this moment!”

“What I can confirm is that many people are talking about Zhou Hao. He's really famous now!”

Xu Chang said excitedly, but Xu Ling did not seem excited.

"What's wrong, Sister? Aren't you excited? Why are you so calm?" Xu Chang could not help but ask.

"understand. I believe you. After all, he has the strength." Xu Ling smiled. She was naturally excited. It was just that she didn't intend on sharing her excitement with Xu Chang!

"Haha, Sister, you don't know, but our Xu family is currently discussing this Zhou Hao. Not only did our family agree, but even Grandpa and the others agreed. The closer the two of you are, the better. In fact, no one is objecting to the two of you being together now!"

Hearing this, Xu Ling sighed, feeling a little sad!

Although she should be happy, her heart was really heavy at this moment!

This was because she knew that this was a family that only cared about benefits!

Now that Zhou Hao had been valued by the Xu family, there was a possibility for the two of them!

However, what if Zhou Hao did not do this? Her family would probably still send her into Long Aotian's arms!

She felt sorry for Zhou Hao and was even more worried!

This was because she had seen how much Zhou Hao had sacrificed to achieve this.

"Sister, you should know what I mean now, right? Grandpa wants the two of you to progress faster, understand? If you can get married, it won't be a problem. I estimate that after Zhou Hao returns from the Battle God Battalion, he will at least be an elder of the Green Cloud Division!"

"In fact, he can even enter the country's military organization. If he enters, things will really be different!"

"In fact, it would be even more perfect if he stayed in the Battle God Battalion!"

Xu Chang was very excited. Of course, he was only excited on the surface. He was still very afraid!

The reason why he called was because he wanted to convey his intentions through Xu Ling!

After all, he had attacked Zhou Hao before. If Zhou Hao took revenge on him now, he would be helpless!

Therefore, this was the reason why he called Xu Ling tonight!

After all, he felt that saying Zhou Hao name would only dirty his mouth!

“This... you don’t have to worry.” Xu Ling frowned. Seeing her family’s attitude, she was really somewhat annoyed!

“Hehe, Sister, are you very happy to hear this news?” Xu Chang coughed dryly, sensing the dissatisfaction in his sister’s voice.

However, so what if she was dissatisfied? She still had to endure it!

“I’m alright,” Xu Ling said directly.

“Uh... you’re really calm. Sister, you have to seize this opportunity, understand?”

“Alright, I won’t talk to you anymore. I’m hanging up!”

After Xu Chang finished speaking, he hung up.

Xu Ling looked at the hung up phone and sighed. Her heart ached even more for Zhou Hao!

Moreover, what made her uncomfortable was her family’s attitude!

Originally, no one agreed to her being together with Zhou Hao. Although her family did not specifically oppose it, she still knew the attitude they had. Otherwise, they would not have sent Long Aotian to get close to her!

But now, she no longer needed to worry about this. Her family would help her resolve this matter!

However, there was something else she was worried about. If her family could be so anxious to get her to establish a relationship with Zhou Hao because of what happened, then would they also make her get together with others for the same reason in the future?

However, this was what she was worried about. If her family could make her anxious to establish a relationship with him because of Zhou Hao, then would they also have a chance to make her like this with others one day?

“Sigh...”

Xu Ling sighed and was very depressed!

However, although she was depressed, she was still happy for Zhou Hao!

At the same time, the situation at Zhou Hao's side was even more impressive. This was because after the fluctuations of this ranking, many people who had good relationships with Zhou Hao were crowded outside the Heaven Tower to congratulate him.

Zhou Hao became embarrassed. He did not expect to attract so many onlookers after his breakthrough. He could only say a few perfunctory words and hurriedly returned to the villa..

Chapter 477 - Reality

Chapter 477: Reality

Translator: Atlas Studios**Editor:** Atlas Studios

Zhou Hao was not only shocked by these people congratulating him, but he was also shocked by being scouted by all these people!

When Zhou Hao came out, he had already received more invitations. The offers even made him extremely tempted!

Many families directly offered him 5 billion a year, and some even offered him 10 billion!

Zhou Hao was shocked. 10 billion was really ridiculously high!

This was already comparable to some Heaven Realm experts!

Zhou Hao sighed and decided not to think about this matter. Instead, he looked at his points and smiled in his heart!

This ranking was also suitable for him now. If he improved even a little more, it would really be too shocking!

'As Zhou Hao was lying in bed, he suddenly received a message. He was stunned for a moment and took out his phone to see that it was Xu Ling!

“Looks like she also found out about the news.”

Zhou Hao hurriedly sat up and opened the communication channel. Xu Ling's picture appeared in Zhou Hao's room!

“Miss Xu, could it be that you heard of some shocking news? After all, why else would you not be sleeping so late at night?”

Zhou Hao said smugly.

“Hmph, look at how smug you are. If I were in front of you, I would definitely kick you!”

Xu Ling immediately covered her mouth and smiled when she saw Zhou Hao.

“Hey, why would you kick me? I didn't make any mistakes!”

Zhou Hao immediately said, “Many people should know my ranking by now, right?”

Xu Ling nodded. “Sigh... Actually, that's what I wanted to talk about. Do you know who just called to congratulate me and told me about this?”

After Xu Ling finished speaking, Zhou Hao was stunned for a moment, but he still guessed it.

“It should be my good brother-in-law, right?”

Pfft!

Hearing this, Xu Ling was amused.

“You sure know how to put on a show. When did I say that I wanted to be with you? Hmph!” Xu Ling's face was red as she thought to herself that Zhou Hao was really too easygoing. This guy even called the other party his brother-in-law!

If he saw her parents, would he refer to them as his parents as well?

“What did my brother-in-law say?” Zhou Hao said indifferently.

“What else can he say? Of course he called to congratulate. Also, our family also knows about this and wants me to... get close to you!”

Xu Ling sighed. Zhou Hao naturally understood what she meant and felt somewhat embarrassed.

“Xu Ling, don't worry. The reason why I did this is so that we could be together. As for others, you don't have to care at all. They don't matter!”

After Zhou Hao finished speaking, Xu Ling looked at Zhou Hao gratefully.

“Of course I know what you mean. It’s just that this family really makes me too sad. How could they be like this?!” Xu Ling said unhappily.

“Haha, all big families are like this. After all, you’re the beloved daughter of the Xu family. They naturally have to protect you well.” This was all that Zhou Hao could say. After all, he couldn’t exactly just go along with Xu Ling and mock the Xu family.

What could he gain from that?

Since the Xu family had this intention now, he only needed to go along with the flow!

In any case, Zhou Hao only wanted to be with Xu Ling. He did not care about anything else!

“Is that called protection? Hmph, that’s called benefit-seeking!”

Xu Ling immediately snorted and was very dissatisfied!

Zhou Hao did not know how to console her and could only smile.

“Alright, don’t be angry. It’s useless to think so much. In any case, I already said that I would marry you and make the Xu family acknowledge me. Now that I’ve already taken the first step, your Xu family should be quite satisfied with me, right?” Zhou Hao smiled and said.

“Yes, indeed. I heard from my cousin that many people in the family are talking about you. The higher-ups admire you very much, even my grandfather!”

Xu Ling did not lie to Zhou Hao, and there was nothing to lie about!

“Sigh, alright, I’ll accept it then.” Zhou Hao also sighed. He really did not like the Xu family’s attitude!

It was mainly because their behaviors were too ugly.

At the same time, Chris and Paul’s expressions were also very ugly!

Paul’s family and Chris’s family were allies. Otherwise, Chris wouldn’t have taken care of Paul like this!

At this moment, Chris’s mother sent a video call to Chris.

“Chris, the news about Zhou Hao has spread to the Alliance,” Chris’s mother, Romaine, looked at her precious son and said.

"I know. This matter has become very big now. Mom, what did the Alliance say?" Chris and Paul looked at the camera and said worriedly.

"The situation is not very optimistic. In fact, someone in the alliance even wants to implicate you!" Romaine hurriedly said.

"What? Auntie, what does this mean? What does it have to do with us?" Paul hurriedly said.

"Paul, don't be anxious. I'm also suppressing this matter. Back then, when Zhou Hao joined the Battle God Battalion, the family was about to recruit him. However, at that time, he refused everyone's recruitment. After that, you guys also did not do what the families asked you to. However, that's in the past

now. No one really cared about that."

"But now... the situation is different now. Someone has dug up this matter!

Hearing this, Paul and Chris's expressions immediately turned ugly!

When Zhou Hao had just joined the Battle God Battalion, the Alliance had indeed issued them a mission to recruit Zhou Hao!

However, at that time, the two of them had some conflict with Zhou Hao, so they ignored the mission.

Of course, it was mainly because Zhou Hao had rejected everyone. Since the two of them also felt that there was not much hope, they never did anything.

"Therefore, there are people who are trying to use this matter to blame you guys, especially Paul. Paul, you have a direct conflict with Zhou Hao, and your family is under even more pressure!"

Hearing this, Paul almost shut up on the spot!

This matter was indeed related to him. However, was this really necessary?

Paul and Chris's expressions were extremely ugly.

They were the geniuses of the Alliance and the future successor candidates of their family!

At present, the chances of the two of them becoming the successors of their families were very high. After all, among the younger generation, they were the strongest and had a huge advantage!

However, some people took advantage of Zhou Hao's matter to implicate the two of them. Their intentions were self-evident!

"Hmph, I'm the future successor of the family. Many people are dissatisfied with this and want to take my place. Looks like they're going to make a big deal out of this!" Chris said angrily.

Romaine also said, "Although they have the intention, they don't have the ability! Son, don't worry, I'll help you deal with this matter!"

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 478 - Bold

Chapter 478: Bold

Translator: Atlas Studios**Editor:** Atlas Studios

Romaine was still confident in her son!

"Son, although you're young, you can already hold your own now. You're very extraordinary. Moreover, you're busy with the rankings. You're in the top 40 so your status is naturally higher than that of Zhou Hao. Of course, you're also better than the competitors from the other families!"

"As long as you graduate from the Battle God Battalion safely, you will still represent our family in the Alliance!"

Romaine smiled.

"Lunderstand, Mom. Don't worry!"

After hanging up the phone, Chris and Paul were not in a good mood!

'The next morning, after what happened yesterday, things were still very explosive today!

Zhou Hao had long gone to Chen Yan's place to learn saber techniques. At this moment, there were also a few other students hanging around Zhou Hao.

There were both men and women, as well as two to three white women!

“Hai, Zhou Hao, you were really impressive yesterday. In just a month, you entered the top 100. It’s been half a year, but I’m still in the 170th place!”

‘The person who spoke was a tall white woman. She was very beautiful with exquisite facial features and a devilish figure!

Western women had larger bones than Eastern women. In other words, they were tall. Moreover, their muscle tissue was also more developed than that of Easterners, so they looked more three-dimensional and sexier!

At this moment, this Western woman looked at Zhou Hao and sized him up, her eyes filled with worship!

“Yo, Jenny, what are you doing? Are you going to throw yourself at Zhou Hao? Hehe, what a pair of beauty and hero!” Another white woman couldn’t help but say.

“So what? I just want to date Zhou Hao. So what if I throw myself at him? It’s fine even if I marry him. It’s fine as long as Zhou Hao likes it!”

‘Western women had always been more bolder than Eastern women. They were more open and were very casual in that aspect.

‘When Jenny said this, she was not shy at all. Instead, she gave off a very carefree feeling!

This made Zhou Hao feel embarrassed.

He was still relatively conservative deep down. Hearing this, he was naturally somewhat embarrassed!

“Did you hear that, Zhou Hao? Be bold. Perhaps your children will be born next year!”

“The two of you are geniuses. If you give birth to a mixed-blood, your offspring will definitely be gifted. All the best!”

The white woman beside him was even more fearless, making Zhou Hao even more embarrassed!

At this moment, Chen Yan arrived. With her around, they did not dare to say anything.

“Zhou Hao, you were really impressive yesterday. Not bad, not bad. You’re growing very quickly. I definitely think that you can even break into the top 80 in the next month!”

Chen Yan could not help but say when she saw Zhou Hao.

"I'll work hard, Instructor Chen!" Zhou Hao immediately said.

Chen Yan looked at Zhou Hao in satisfaction.

Chen Yan spent the entire morning teaching.

When it ended, Jenny even wanted to ask Zhou Hao out to hang out. Of course, Zhou Hao refused. He did not want to let Xu Ling down.

Just as he was thinking of a way to refuse, Chen Yan stopped Zhou Hao.

"Zhou Hao, there's something I want to tell you. Come to my office."

Hearing this, Zhou Hao heaved a sigh of relief. Jenny left in disappointment.

When Zhou Hao and Chen Yan returned to the office, Chen Yan also went straight to the point.

"Zhou Hao, I know your situation very well. Although you're not a descendant of a large family, your talent is shocking. Your future accomplishments will definitely be limitless!"

Zhou Hao did not know what Chen Yan wanted to say, but he still nodded.

"Instructor Chen, why are you telling me this?"

"[I don't have any ulterior motives, so don't be nervous. I just want to tell you that you're already a famous person. Many organizations and families even want to scout you...]"
Chen Yan said immediately.

"Oh? Instructor Chen, you must have something you want to tell me. Tell me, I'm listening."

Zhou Hao knew that Chen Yan would not call him over for no reason. There must be a reason!

After saying this, Chen Yan immediately smiled.

"You're really smart. To be honest, I just want to congratulate you. You're currently in high demand, but I still just wanted to advise you to be careful when choosing," Chen Yan said.

"Instructor Chen, who do you think I should choose? Of course, I don't want to make a choice right now, but I still have to choose one day. Therefore, I want to hear your opinion," Zhou Hao said truthfully.

Chen Yan had an extraordinary status and knew many organizations.

“Do you want to hear the truth?” Chen Yan asked immediately.

“Of course, Instructor. Just say what you want!” Zhou Hao smiled.

“I have two recommendations. One is the military, and the other is the Battle God Battalion!”

Zhou Hao was not surprised when Chen Yan mentioned these two places. He had long guessed it!

Be it the military or the Battle God Battalion, they were also Zhou Hao’s choices!

“I think you should know about the military from your Senior Brother Qian Xun. The salary offered by the military is usually very high and the treatment is very good. It’s also a popular choice. However, I feel that it’s not suitable for you.”

Zhou Hao was stunned for a moment before asking, “Why?”

“Hehe, I haven’t interacted with you for long and know that you’re a smart little guy. You do have intelligence, but I’m afraid you don’t like scheming!”

“Of course, you will do well no matter where you go. However, the military is a place of scheming. I don’t think it’s a place you will like very much. Am I right?”

Chen Yan’s words made Zhou Hao nod. Although Zhou Hao had fooled everyone in the Red Cliff Abyss, he still did not like that feeling!

“Moreover, the military can be more limiting. After all, they have their military order. Therefore, I still suggest you to join the Battle God Battalion!”

Zhou Hao nodded at Chen Yan’s words.

“There are a few reasons for this. Firstly, with your current situation, the Battle God Battalion won’t let you leave easily. You have to understand this, understand?”

Of course, Zhou Hao knew what Chen Yan meant. Anyone who was trained by an organization would naturally not be able to leave easily!

Zhou Hao could understand very well. After all, the Battle God Battalion had signed a contract with the various divisions and organizations that allowed the students to be able to leave freely.

They had the freedom to leave if they wanted to. However, that freedom was still not absolute.

Just like Zhou Hao's current limitless potential, the Battle God Battalion really did not like letting him go!

"Secondly, the resources of the Battle God Battalion are definitely the best in the world!"

Chapter 479 - Battle God's Intent

Chapter 479: Battle God's Intent

Translator: Atlas Studios**Editor:** Atlas Studios

After Chen Yan finished speaking, Zhou Hao nodded. The Battle God Battalion was a national organization, so they naturally had the best resources!

"The Battle God Battalion is an international organization. Perhaps you don't know much about the origins of the Battle God Battalion, but I can tell you that there are two people who started the Battle God Battalion. Both of them are the Battle Gods of the East. As for why they started it with the Wester

countries, it's because they wanted all the humans to fight the mutated beasts together!"

"As for our Huaxia, we have ancient ruins. The things inside are very extraordinary, and these things can only be accessed by the Battle God Battalion. Also, only our Huaxia people can access them. The ancient ruins have always been in the hands of our Battle God Battalion. This is why so many

organizations fear Huaxia. Not only is there superior martial strength in Huaxia, but there are also better resources and technology in Huaxia!"

Zhou Hao really did not know what Chen Yan was talking about. He had never heard of the Battle God Battalion before!

"I'm only telling you this to help you analyze the situation. However, the final decision is still in your hands. Recently, I believe that the higher-ups of the Battle God Battalion will also talk to you soon," Chen Yan said with a smile.

'At the same time, in a huge virtual meeting room, there were countless screens.

There were six chairs under the screen!

These six chairs were forged very luxuriously. Although it was unknown what materials it was made out of, they emitted a powerful fluctuation.

The two chairs in the center were incomparably huge. The other four chairs were relatively small and were placed on both sides.

There were currently only four people sitting on these six chairs!

This was a meeting between the higher-ups of the Battle God Battalion. It was the Battle God Conference!

Among the four of them, there were two Chinese, one black, and one white.

After they sat there, some information began to appear on the screen!

If Zhou Hao were here, he would definitely be shocked because the information here was all his!

“Everyone, this is all of Zhou Hao’s information. It can be seen that Zhou Hao is a genius with a poor family background!”

The person who spoke was Chinese. He looked at Zhou Hao on the screen with pride!

“With a first-grade supernatural cultivation, he is able to unleash a fifth-grade supernatural combat strength. His cultivation technique is very special and can increase his combat strength. His mental strength is also very powerful, and his movement technique is also extraordinary.”

“In just a month, he was ranked in the top 100. Not only that, but he also obtained 2 points from the Heaven Tower!”

“This result has only appeared a few times in our Battle God Battalion! Therefore, I think this Zhou Hao is a true genius!”

After the Huaxia man finished speaking, the white man nodded.

“That’s true. This Zhou Hao is really a genius. Be it the number of mutated beasts he killed, his combat strength, or the level of his assessment, or even his background, there’s nothing to complain about!”

The white man smiled and said, but he could not help but say.

“However, Battle King An, the condition you gave is really too high. This is going to make those Heaven Realm experts somewhat envious!”

The white man was somewhat dissatisfied.

“Lamier, you’re wrong. I don’t think this offer is high at all!” The person called Battle King An smiled and shook his head.

“I agree for Zhou Hao to join the Battle God Battalion’s special forces, but this treatment is indeed...” The black man also said!

Another Huaxia person frowned and could not help but say, “The two of you, this isn’t much at all. After all, the more resources we give him, the higher the rewards will be. I’m certain that with Zhou Hao’s talent, he definitely has the ability to enter the Saint Realm!”

At this point, the black and white man took a deep breath and was somewhat tempted.

Although they were tempted, they were still a little unwilling.

“Since the two Battle Gods did not give us their opinion on this matter, we can only go through a preliminary verification and discussion. In the end, the decision was still given to the two Battle Gods. Therefore, since we disagree on this matter, we will just wait for their opinion!”

Battle King An said directly.

‘When the black and white man heard this, they looked at each other and could not help but say, “Are the two Battle Gods also involved in this matter? They are already very busy, why...”

“You’re wrong. Although they are busy, they still value geniuses the most. Therefore, since we can’t decide, we’ll let the Battle Gods decide!” Battle King An immediately said.

At this moment, the white man could not help but say unhappily, “But this doesn’t conform to the rules. We were supposed to verify this matter before handing it to the Battle Gods. Battle King An, did you directly report this to the Battle Gods? This is against our rules!”

“Haha, Lamier, you’re wrong again. I really didn’t report this matter. Zhou Hao’s matter has simply caused an uproar. Do you think the Battle Gods don’t know?”

Battle King An smiled. At this moment, a message was transmitted to the meeting room. A shadow directly appeared on the big screen.

Seeing this shadow, the few of them were stunned.

“It’s the intelligent entity of the Lord God of War!”

“The intelligent entity must have something to say! Otherwise, it wouldn’t have entered the meeting room at this moment!”

'The few of them immediately stood up with respectful expressions.

This intelligent entity represented the Battle Gods. They did not dare to be disrespectful at all!

"Sirs, this is the Battle Gods' decision for the Zhou Hao matter. Take a look!"

On the screen, a huge document appeared!

All the contents of this document had already been mentioned in their discussion today. Naturally, they were not interested in looking at this. Instead, they wanted to look at the final comments!

'There was only one word!

Agreed!

"The Battle Gods have made their decision. Do any of you have any objections?" The intelligent entity's hollow voice continued to ask.

Hearing this, Battle King An immediately smiled. "Of course not."

The other Huaxia Battle King also nodded. "No!"

The black and white man below him could only sigh.

"Neither do we!"

"Since there's no objections, make the arrangements. the Battle Gods said that this matter will be completely arranged by Battle King An," the intelligent entity said.

Battle King An nodded. "Don't worry, I'll do as Senior Battle God says!"

With that said, the intelligent entity disappeared. They also heaved a sigh of relief.

The black and white people still felt that this offer was a little high, but since the Battle Gods had agreed, they naturally could not say anything.

"Lamier, don't worry. The reason why the Battle Gods did this is because they want to nurture martial artists with extraordinary talent. Although our human race's combat strength is very high now, there are very few peak-level martial artists. If there are such geniuses in the West, the Battle Gods also

won't be stingy with them."

Battle King An smiled.

However, Lamier and the black man could only sigh..

Chapter 480 - Summoning

Chapter 480: Summoning

Translator: Atlas Studios**Editor:** Atlas Studios

In the Battle God Battalion, Chen Yan went for a run after showering and eating breakfast.

This habit was something she had picked up when she was young. Although running would not have any physical effect on a martial artist like her at all, her master had told her that simple running usually did not train the body, but the spirit!

It helped her train a persevering spirit!

Sometimes, mental strength was even more important than talent!

Therefore, for so many years, Chen Yan had always insisted on this habit. Her favorite time of the day was also when she went for a run after eating breakfast!

However, at this moment, her communication device rang. She hurriedly picked it up and was stunned for a moment.

"It's... it's Battle King An!"

Chen Yan immediately revealed a respectful expression and hurriedly connected to the communication device.

"Battle King An, hello!"

"Chen Yan, arrange for Zhou Hao to be brought here immediately," Battle King An did not waste his breath and said simply.

"Understood!"

Chen Yan immediately became excited after hearing this.

This Battle King An's authority was not small. Clearly, the treatment they were giving Zhou Hao was very, very high!

After hanging up the phone, Chen Yan smiled.

"The higher-ups have indeed noticed Zhou Hao. With so many organizations wanting to rope Zhou Hao in, the Battle God Battalion naturally won't just do nothing. After all, it's been many years since there was a genius that could enter the top 100 in a month!"

"There aren't many such legendary figures in the entire Battle God Battalion. Zhou Hao has already become a legend!"

Chen Yan was not surprised that the higher-ups had noticed Zhou Hao. Instead, she felt that it was very normal!

However, she was indeed surprised by the fact that Battle King An was personally looking for Zhou Hao.

Who was this Battle King An? He was a big shot second only to the Battle Gods!

Of course, it was still a little exaggerated to say that he was only inferior to the Battle Gods. However, he was definitely more than qualified to handle Zhou Hao's matter!

Chen Yan did not hesitate and hurriedly called Zhou Hao!

However, after calling a few times, Zhou Hao did not pick up, making her frown.

"What is this brat doing?!"

As she spoke, she did not hesitate and directly walked towards Zhou Hao's residence!

'When Chen Yan arrived at the villa, Luo Li and Song Kun had just woken up. It was only six in the morning, and they both liked to sleep.

"Where's Zhou Hao? I already called him. Why isn't he answering?"

Chen Yan immediately asked when she saw Luo Li.

"Instructor Chen, that student of yours should be training in the training room below early in the morning. You don't know this, but he's really a lunatic. He trains early in the morning and sleeps very late at night. If not for his martial artist body, he would have long been unable to endure it!"

Luo Li could not help but say.

“Brother Zhou is really hardworking. He definitely deserves to be recognized. Only now do I know what it means to be a hardworking genius!”

Song Kun was not stingy with his praise!

“Oh? Really? Hehe, even Song Kun said so. Looks like this Zhou Hao is really not bad.”

When Chen Yan heard this, she also smiled and walked downstairs without hesitation.

Indeed, as soon as she arrived at the basement, she heard the sound of fists colliding despite the soundproofing system.

Even if a gun was fired from the inside, she wouldn't be able to hear anything!

Chen Yan walked over and saw that Zhou Hao was practicing. She smiled.

“Zhou Hao.”

Chen Yan pressed the doorbell. This underground room was made of glass made of an extremely high-level material. It was very firm and soundproof. It was also very transparent.

Zhou Hao heard a voice from inside and turned around. He was stunned when he saw Chen Yan.

Zhou Hao did not know why Chen Yan was looking for him so early, but he still wiped his hands with a handkerchief and walked out of the training room.

“Instructor Chen, why are you here so early?”

Zhou Hao was covered in sweat.

“Hmm, you sure are hardworking. You didn't even answer my calls. I had no choice but to come personally,” Chen Yan said angrily.

“Uh... Sorry, sorry. I didn't charge my phone last night. I'm charging it now... Sorry, Teacher, why are you looking for me?” Zhou Hao hurriedly asked.

“Go take a shower first. I'll wait for you on the first floor. Change into a clean set of clothes.”

‘As Chen Yan spoke, she went upstairs. Although Zhou Hao did not know what Chen Yan wanted to do, he still listened obediently and hurriedly washed up.

“Sigh, this junior brother of mine is really hardworking. Looks like it won;t take him more than a year to break into the top 50 or even the top 20. Compared to him, I’m simply trash!”

Luo Li had her arm on her waist and revealed her exquisite body. It was very tempting.

“If you spend less time on dressing up and more time on cultivating, you will also be able to enter the top 50!”

Chen Yan immediately said bluntly.

“Ah? That won’t do. I still care more about my appearance. If you don’t let me dress up, I definitely won’t leave the house!” Luo Li said directly.

“Hahaha, Instructor Chen, you don’t know that Luo Li is always looking in the mirror and buying beautiful clothes!”

Song Kun also said mercilessly.

Luo Li was immediately furious and threw a pillow over!

“Hmph! What’s wrong with wanting to be pretty?!”

Luo Li rolled her eyes at Song Kun. Seeing this, Chen Yan also smiled.

Although Luo Li liked to dress up, it had to be said that her talent was very good. There were not many girls in the top 100. In fact, less than 30% of them were girls. However, Luo Li still made it to the top 100. This was enough to explain how impressive she was!

At this moment, Zhou Hao walked down. Chen Yan looked at Zhou Hao. “Follow me.”

“Ah? Where?” Zhou Hao was stunned.

“Just follow me. It’s not like I’m trying to sell you to human traffickers.” Chen Yan was in a good mood and could not help but joke.

Zhou Hao also smiled and left the villa with Chen Yan.

After arriving outside, Chen Yan said as the two of them walked.

“I want to bring you to meet a big shot today.”

“You mean....?” Zhou Hao thought of it. It should be the higher-ups of the Battle God Battalion.

“That’s right, you’re right. The person you will be meeting this time is Battle King An, one of the four Battle Kings of the Battle God Battalion!”

Chen Yan immediately spoke, shocking Zhou Hao!

He knew that the higher-ups of the Battle God Battalion were actually two Battle Gods!

However, most of the work was done by the four Battle Kings. It could be said that they were definitely big shots with authority!

“Battle King... Heavens, then do I... do I need to prepare anything?” Zhou Hao was a little nervous. This was not a small figure, but a big shot who could make the Battle God Battalion tremble with just a stomp of his foot!

“already told you previously that the higher-ups of the Battle God Battalion want to see you. I didn’t lie to you, did I? This notice was sent today. Moreover, it’s even Battle King An. Do you understand how important this is?” Chen Yan smiled and said.

- Chapter 481 - Two Contracts

Chapter 481 - Two Contracts

Chapter 481 Two Contracts

Chen Yan’s words made Zhou Hao somewhat nervous. Not to mention that this Battle King An was an influential figure in the Battle God Battalion, just the fact that the higher-ups of the Battle God Battalion were contacting him made Zhou Hao feel that the whole matter was somewhat unbelievable!

After all, he was only a first-grade supernatural expert!

He was still far from reaching the Heaven Realm.

Of course, the strength Zhou Hao was hiding was at the quasi Heaven Realm. At this moment, it was also possible for him to reach the Heaven Realm!

However, it was still a little irrational for the higher-ups of this Battle God Battalion to want to meet him!

Zhou Hao was very surprised. However, no matter what, since Battle King An wanted to meet him, then Zhou Hao would just have to meet him!

Soon, Zhou Hao and Chen Yan arrived at an extremely hidden tall building. There were few people here, and there were many soldiers guarding the area. It was obvious that this was not an ordinary place.

“This is a meeting room of our Battle God Battalion. In order to prevent mutated beast spies from infiltrating, one has to go through countless inspections to enter this place.” Chen Yan introduced. Then, she took out her identity card and even looked into a camera to verify her identity. She even dripped blood before entering!

Zhou Hao also learned how to do it before walking into the tall building.

As soon as he entered, he felt that things were different. A modern aura surged towards him, making Zhou Hao take a deep breath and somewhat shocked!

“Instructor Chen, student Zhou Hao, welcome.”

As soon as he entered, Zhou Hao heard an electronic announcement. This intelligent system was quite useful.

“I won’t accompany you up. Battle King An has something to tell you. If I go in, I’m afraid I’ll disturb your chat. I’ll wait for you here. You can go.” Chen Yan smiled. After saying this, the electronic broadcast sounded again.

“Student Zhou Hao, please go to the top floor. Battle King An is waiting for you.”

Zhou Hao was stunned for a moment. It seemed that Battle King An already knew that they were here.

Zhou Hao got into the elevator and went straight to the top floor.

This top floor was very large. In fact, the entire floor was actually Battle King An’s office. It could be said that there was everything on this floor. There was also a super large training room and an entertainment room!

This whole floor was almost 2,000 square meters!

When Zhou Hao walked in, he saw a middle-aged man in a tight training suit. His back was facing Zhou Hao, and he was practicing boxing.

Zhou Hao walked over and did not want to disturb them. He stood more than ten meters away and watched quietly.

After a few minutes, the middle-aged man heaved a sigh of relief and turned around.

The middle-aged man was full of spirit and had a firm expression. He had the aura of a superior. Just by looking at him, Zhou Hao felt an invisible aura enveloping him, making him feel pressured. "Zhou Hao, you're here. Have a seat." Battle King An looked a little cold and arrogant. However when he spoke, he did not give off that feeling at all and was very amiable.

Zhou Hao did not refuse and sat on the sofa.

Battle King An smiled and walked over before sitting down.

"003, help me prepare two sets of black tea. Make mine thicker."

After Battle King An said this, Zhou Hao heard an electronic announcement.

"Alright, Battle King An."

After Battle King An finished speaking, he looked at Zhou Hao.

"Let me introduce myself. My name is An Zhentian. They all call me Battle King An. You can call me Battle King An, but I like others to call me Teacher An the most," An Zhentian said with a smile.

Zhou Hao was stunned for a moment and did not understand. "Hehe, this is my personal hobby. Actually, I don't like fighting and killing at all, much less managing so many things. I can't even be bothered to care about the Battle God Battalion. If not for the fact that the Battle Gods insisted, I wouldn't have bothered doing any of this. Actually, I always wanted to pursue my dream of becoming a teacher, preferably... a physical education teacher."

An Zhentian's words immediately made Zhou Hao blush with shame. This person sure was good at showing off unintentionally.

He was clearly already a Battle King, but he still said such things. It was really a little unacceptable.

Soon, the black tea arrived. This time, it was a robot who handed two cups of black tea to Zhou Hao and An Zhentian.

Zhou Hao looked at this robot curiously and thought to himself that this thing was really useful.

"Alright, Zhou Hao, back to business. I called you here today because I have something to tell you!" As Battle King An spoke, he waved his hand and got a contract from somewhere and handed it to Zhou Hao.

“This is the first contract. Take a look at some of the details. It’s about you officially joining the Battle God Battalion.”

An Zhentian did not waste his breath and handed this to Zhou Hao.

Zhou Hao picked it up and looked at it, immediately shocked.

The rewards given here were really too high!

There was a 10 billion yuan salary every year. Not only that, but he would also be allowed to enter the training room in the Heaven Tower 24 hours a month for free!

Moreover, he could obtain 100 million points every year!

These points could be exchanged for some treasures of the Battle God Battalion. Many other things could also be exchanged with points!

Seeing this reward, Zhou Hao was still shocked despite being mentally prepared!

“How is it? Is it very shocking?” Battle God An immediately said.

“Indeed... I’m a little flattered by this reward!” Zhou Hao did not lie and told the truth.

“Haha, we wanted you to feel flattered. If you don’t have any objections, just think of it as an incentive for you to sign the second contract.”

After Battle King An finished speaking, Zhou Hao was stunned for a moment. What was the second contract?

Moreover, he said that he hoped that the first contract could serve as an incentive for him to sign the second contract!

Could it be that this second contract was not a reward for him but a restriction?

However, Battle King An did not take out the contract and said.

“Zhou Hao, how much do you know about our Planet Earth? I want to know.” Zhou Hao was still puzzled by this question.

“I know that the humans and foreign races on Planet Earth are currently in a hostile state. In addition to the spatial rift, various divisions and families also fight the mutated beasts in battlefields like the Sky City, the East Sea, and the Underground World.”

After saying this, Battle King An nodded. “It seems that you still know a little bit about the situation. However, what I’m asking is, what do you know about the ancient ruins?” After Battle King An finished speaking, Zhou Hao was stunned for a moment.

He had only heard of ancient ruins and naturally did not know much!

“Battle King An, I really don’t know much about the ancient ruins,” Zhou Hao said honestly.

“It’s normal for you to not know. This is because these ruins are all hidden. Even some of the divisions do not know anything about these ruins. Only a few organizations know about this.”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 482 - Ancient Ruins

Chapter 482: Ancient Ruins

Translator: Atlas Studios**Editor:** Atlas Studios

After Battle King An finished speaking, he looked at Zhou Hao and continued.

“You should have seen those special training rooms, right?”

“Yes.” Zhou Hao nodded.

“What do you think about them?” Battle King An continued to ask.

“Very impressive, the technology is very advanced!”

An Zhentian smiled when he heard this answer.

“It’s indeed very powerful, but I don’t know if you’ve thought of a question. Why did we become martial artists after the global mutation? This has never happened before!”

‘An Zhentian’s question was really spot-on. Of course, Zhou Hao did not know!

“Alright, since you can’t answer this question, let me ask you again. If one can only cultivate after the global mutation, then how did the ancient ruins we obtained come about? Maybe it’s possible that there were martial artists cultivating on Planet Earth before us. Moreover, their martial artist civilization

was far superior to ours now!”

‘An Zhentian’s words were mind-blowing. He had addressed many things!

Moreover, no one ever discussed this. It was as if no one knew!

Zhou Hao had also thought about it before. Although he had not obtained confirmation, Zhou Hao still understood certain things!

Since the ancient ruins existed, it meant that there must be martial artists in the ancient times!

Moreover, those martial artists were even more powerful than the current martial artists!

“Battle King An, I have indeed thought about this. Moreover, I have always believed that there were martial artists in ancient times!”

After Zhou Hao finished speaking, Battle King An nodded and smiled.

“know you’ll believe me, but I still want to ask you again. Do you know how many ancient ruins there are that we know of?”

This question was simply out of line. Of course, Zhou Hao did not know, so he shook his head.

“I can tell you that there are as many as the hairs on an ox. Even now, we still don’t know how many ruins there are!”

An Zhentian’s answer immediately shocked Zhou Hao!

Planet Earth was only so big. After the humans started cultivating, shouldn’t they be able to go anywhere they wanted to? How could they not know how many ruins there were?

“Battle King An, this... ‘ma little curious. Why don’t we know? Planet Earth shouldn’t have any unreachable places, right? Of course, we might not be able to go to the mutated beasts’ territory, but can’t we find these ruins in the places controlled by us humans?” Zhou Hao was really curious, so he could

not help but ask.

“Hehe, I knew you would ask this. Actually, many people also wonder about this. However, they were never able to find out why. It’s actually a secret!”

“However, I’ll tell you this secret today!”

As An Zhentian spoke, he took out three photos!

These three photos were very blurry!

In the first photo, Zhou Hao saw an extremely ancient city. In this city, there were countless armored soldiers holding ancient long sabers and spears. Their auras were magnificent!

In the second photo, Zhou Hao saw a vast sea. Under this sea, there was also a palace. It was like the Underground World and was very mysterious. Especially the few huge statues, it was shocking!

This third one was even more interesting. Zhou Hao saw a pair of huge eyes behind some black clouds. They were like suns that emitted a shocking light!

If these three pictures could be easily edited using software with modern technology. However, for An Zhentian to take them out, it was clearly not edited but something that really existed!

“These three photos are all real. Moreover, they were all obtained by us Huaxia cultivators after painstaking effort and at the cost of our lives!”

An Zhentian’s words made Zhou Hao confirm his thoughts. However, at the same time, he was somewhat puzzled!

These three photos were really too strange!

“If didn’t say that this was real, you would definitely think that it was synthesized by a computer. However, in fact, it really exists. Moreover, we don’t know where it is if it’s not on Planet Earth!”

Battle King An said directly.

Zhou Hao was stunned. He did not understand why Battle King An would say such a thing!

“Let me explain to you. These three photos were taken by three people. They spent a lot of effort to send back the photos. And up until now, their whereabouts are still unknown. Listen carefully, I’m saying that their whereabouts are unknown and they can’t be found anywhere. Even their electronic system

can’t be found!”

After Battle King An finished speaking, Zhou Hao became even more confused.

What did he mean by missing?

If their whereabouts were unknown, didn’t that mean that they were dead?!

“Do you know about intelligent entities? It is basically the most powerful technology on the entire Planet Earth. Once it’s produced, it will be bound to its master. Under normal circumstances, it won’t be easily replaced, It will collect information about its master. Similarly, it will also help its master

according to the information it gathered and achieve the highest efficiency.”

“To put it bluntly, the intelligent entity is just like a servant. Except that this servant doesn’t know how to rest, listens to you completely, and can even complete everything you handed to it!”

“Moreover, we have an intelligent entity central system in the Battle God Battalion. Basically, with this central system, we are able to locate the intelligent entities bound to their masters and even tell whether or not these intelligent entities are operating normally!”

After Battle King An finished speaking, Zhou Hao could vaguely guess what the other party was trying to say.

“Battle King An, Are you saying that although we can’t find those people, we can still tell that these intelligent entities are still operating normally? Moreover, we also can’t determine their location, right?” After Zhou Hao finished speaking, Battle King An immediately nodded.

“You’re very smart. However, you’re only half right. It’s not that we can’t determine the location, but the location is just too far away. It has already exceeded the distance we can locate!”

“Let me put it this way. The range of the central system can basically cover all the planets in the Solar System. You should understand now!”

After An Zhentian finished speaking, Zhou Hao was dumbfounded on the spot!

If the central system could not locate the intelligent entities, did that mean their locations had surpassed the Solar System?

It had to be known that with current technology, although it was possible to leave the Solar System, it was still very difficult. Moreover, the cost of leaving was very high. If one could leave the Solar System, they would have to prepare in advance. Ordinary carriers would not be able to leave!

Moreover, these people who had sent the photos back probably did not use special carriers to travel into space.

Therefore, there was only one explanation. They had gone to an unknown place!

At this point, Battle King An looked at Zhou Hao and said with a solemn expression.

“Therefore, we finally concluded that the many ancient ruins do not exist on the surface of Planet Earth. Instead, they exist in another space-time dimension!”

This explanation was even more appropriate for Zhou Hao!

In other words, it was a special independent space!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 483 - Moro Race

Chapter 483: Moro Race

Translator: Atlas Studios**Editor:** Atlas Studios

An Zhentian looked at Zhou Hao and continued.

“I don’t know how much you know about this space. This space is also a brand new domain that we are exploring. Moreover, we have obtained a lot of achievements because of this!”

“Just the few known ancient ruins are in such an independent dimensional space. There are still ways to enter and exit these. Some ancient ruins can only be entered. However, once you enter, you will not be able to leave.. Even if one is able to enter, they are only able to enter by luck. No one knows how to

enter!”

“The people that sent back the three photos must have also entered the space by luck!”

After Battle King An finished speaking, Zhou Hao felt that his entire worldview was being overturned!

Of course, after learning about the aliens, he could still accept these things.

However, now that he thought about it carefully, he still felt that it was very strange!

“Us humans still know certain things about these dimensional spaces. However, there are still a lot of secrets in these spaces. These secrets are related to a race and a

country. Therefore, our Battle God Battalion has also been working hard to break through this problem!”

“And today, this is the problem I want to tell you!”

At this point, An Zhenhai handed over a contract.

“This is the second contract. Take a look!”

Seeing the second contract, Zhou Hao took it and read it!

In an instant, Zhou Hao’s expression changed!

This was a contract that allowed Zhou Hao to enter the ancient ruins. Moreover, the reward was even more generous!

It stated that Zhou Hao could obtain everything in the ruins himself. The only thing he had to share was with the Battle God Battalion!

Not only that, but the points and rewards obtained from the ruins were also multiplied.

It had to be said that this reward was really enticing!

“Zhou Hao, you don’t have to answer me now, but I think you should still consider it. Naturally, you will only be going to the ancient ruins that you can return from!”

“A certain level of safety is ensured, but we can’t say for sure what dangers lie inside!”

“This is the information about the ruins that will be opened soon. Take a look again!”

An Zhentian took out a document and handed it to Zhou Hao.

Zhou Hao looked carefully. This was a mystic realm with the code name ‘031’. There were many strange places in this mystic realm.

There were also many precious species. These things were all unknown!

Most importantly, this ruin had an ancient and powerful civilization!

‘The Moro Race!

There was also an introduction to this race!

‘The Moro Race was a group of powerful mental strength masters in the human race. The people of this race specialized in cultivating mental strength!

Once one's mental strength reached a limit, one would be able to control all kinds of things!

For example, controlling flames, swords, and even some powerful experts from the Moro Race could condense a space with their mental strength to imprison the enemy!

Their mental strength was very powerful. Through calculation, a powerful Moro Race expert could kill a hundred martial artists with the same cultivation!

Mental strength attacks were invisible and could only be resisted by some treasures or even one's own mental strength!

However, very few martial arts cultivation techniques could cultivate mental strength now!

To put it bluntly, the cultivation technique for mental strength had already been lost!

"The mental strength of this Moro Race has always been desired by our Battle God Battalion. It has to be known that the ability of a powerful Moro Race expert to kill mutated beasts is simply incomparable!"

"They focus on cultivating their mental strength. With a thought, they can destroy the central nervous system of your brain and directly kill you!"

"Even if you're very powerful, they can still instantly kill you!"

"And once our Battle God Battalion obtains this power, it will be even easier for us humans to resist the mutated beasts. Zhou Hao, you should understand what I mean!"

At this moment, An Zhentian said.

Zhou Hao naturally understood this principle. Once one could use such a powerful ability freely, one would simply be a killing weapon!

However, Zhou Hao was still puzzled!

"Battle King An, forgive me for being direct, but I think you know better than me how precious this thing is. However, why are you asking for my help? Not only are many students stronger than me, but there are also many students on the points rankings who are better than me. If they go, their chances

of obtaining it will be higher than mine, right?"

It was really a little strange to let a first-grade supernatural expert go on such a difficult mission!

Therefore, Zhou Hao asked.

Battle King An laughed and immediately said, "You brat, you're really quick-witted. I originally wanted to tell you later. Since you asked, I'll tell you!"

"Not everyone can enter the mystic realms. When those ancient civilizations established the ruins, they had set up some restrictions. For example, some ruins can only be entered with a cultivation above the Heaven Realm!"

"And certain mystic realms only allowed supernatural experts to enter!"

"To enter the ruins, we have to abide by their rules. We can't just enter as we please. Otherwise, the Battle Gods could have just gone to the mystic realms themselves."

"However, it just doesn't work like that. Even if they want to, there are still some ruins that they can enter. After all, the ancient civilizations are stronger than us and we are still unable to destroy the restrictions they set up. Therefore, we can only abide by them!"

Battle King An took a deep breath. "And this Moro Race is even stranger. The martial artists that want to enter need to have at least 1,000 points of mental strength. Only those with more than 1,000 points can withstand that mental space. Otherwise, if anyone with less than 1,000 points enters, they will

definitely be killed by the strange magnetic field in that space!"

When Zhou Hao heard this, he finally understood why Battle King An had asked for his help!

"although your mental strength has not been tested, we have all the test reports about you. Your mental strength is very powerful and has reached more than 2,000 points. In the entire Battle God Battalion, you are the first to reach this level!"

After Battle King An finished speaking, Zhou Hao was stunned for a moment and was somewhat surprised. Why did he not remember testing this?

"Hehe, you must want to ask how we know about your mental strength without testing it? Actually, it's very simple. Heaven Tower!"

Battle King An smiled. When he said the Heaven Tower, Zhou Hao understood!

This Heaven Tower could test one's mental strength!

"The composition of the Heaven Tower is very strange.. Everyone who can enter will condense the same body, but no one knows how much mental strength they will bring with them!"

Chapter 484 - Generous Reward

Chapter 484: Generous Reward

Translator: Atlas Studios**Editor:** Atlas Studios

An Zhentian smiled after saying this.

“And we gathered this mental strength and obtained the data. According to our calculations, Zhou Hao, you have the ability to enter the dimensional space known as the ancient ruin!”

Only then did Zhou Hao understand that the Heaven Tower had such an effect!

After An Zhentian finished speaking, he looked at Zhou Hao. “This matter was decided by the Battle Gods. As for whether you want to enter the ancient ruins or not, it’s up to you. We won’t force you.”

“However, our desire for you to accept is still relatively high. Moreover, the ancient ruins of the Moro Race are still relatively safe. There are tunnels to enter and exit. The Battle Gods have already learned about the relevant ancient ruins. Otherwise, they wouldn’t have made this decision.”

Zhou Hao nodded. He naturally understood this and also knew what An Zhentian meant. They still wanted him to go. However, the final decision was still in his hands!

“Battle King An, I want to ask what’s in this ancient ruins. To be honest, I’m still confused...”

Zhou Hao had never entered the ancient ruins before, so he was naturally uncertain.

An Zhentian pondered for a moment and thought for a moment before saying, “There’s an ancient inheritance in the ancient ruins. It’s the Moro Race’s divine stone. This divine stone has an absolute mental strength technique. According to the literature, the source of the Moro Race’s strength is this

divine stone.”

“However, this divine stone has always been in the hands of the leader of the Moro Race and is controlled by this leader. If you want to obtain the divine stone, you have to obtain the approval of the Moro Race!”

“You know that they’re mental strength masters. Therefore, some of their inheritances and tests are mainly focused on mental strength. The Battle Gods speculate that mental strength might be one of the most important factors in whether you can obtain the inheritance!”

“In addition, the Moro Race also has their divine tomb. If of their previous big shots are buried there. Although they are already dead, their mental strength can still be preserved in the divine tomb. To put it simply, that’s also the place where you can obtain some good fortune!”

“Other than that... there aren’t many records in the literature. However, I feel that since the Moro Race had such a high civilization back then, they definitely had a lot of treasures. Therefore, it’s still very tempting. If not for the fact that there is a restriction on who can enter, I would even want to give it a

try.”

An Zhentian smiled. He did not seem to be joking.

After Zhou Hao heard this, he nodded. In other words, the main thing about these Moro Race ancient ruins was the inheritance.

It was even possible that these Moro Race experts just wanted to spread their civilization and inheritance through the ruins after disappearing for so long!

“Battle King An, I still want to know how many people will enter the ruins this time...”

Zhou Hao naturally had to ask.

“This number... I’m afraid it won’t be too high. I can tell you this. We currently know that there are almost a hundred people who have entered the ancient ruins. There’s people from the various divisions, the military, the Battle God Battalion, and even some organizations in the West.”

After learning that so many people have gone to the ruins, Zhou Hao still felt relieved. After all, he did not want to be the first one. Now that so many people had gone, Zhou Hao was no longer afraid!

“Battle King An, I can answer you now. I have decided... to go!”

Zhou Hao took a deep breath. Whether it was for himself or for Xu Ling, he wanted to go!

There was absolute good fortune there. If Zhou Hao did not go, he would definitely regret it!

“Haha, you sure are straightforward. Alright, since you’ve agreed to go, I’ll tell you about the third contract!”

‘As soon as An Zhentian finished speaking, he directly took out the third!

Zhou Hao was immediately stunned. He thought that there would be two contracts, but he did not expect there to be a third!

“This third contract is the reward the Battle God Battalion will give you after you return from the ruins. It can also be said to be a promise. Take a look.”

Zhou Hao picked up the contract and glanced at it briefly, feeling even more shocked!

First of all, the contract stated that he could directly become an inspector after graduating from the Battle God Battalion!

It had to be known that there were only a few inspectors in a region. The inspector could also manage all the special envoys!

The contract also mentioned a special position!

This position was the council member of the Battle God Battalion!

‘As a council member, one could participate in any auction organized by the Battle God Battalion, participate in the internal decisions of the Battle God Battalion, and could even speak directly to the Battle Gods!

To put it bluntly, those who could enter the ancient ruins would become core members of the Battle God Battalion!

As long as one had never entered the ancient ruins before, they would not be considered as a core member!

This identity was terrifying!

It had to be known that even the Xu family’s twelfth-grade Heaven Realm expert was far inferior to this identity!

“The reason why I didn’t take it out just now was because I didn’t want this to become a transaction. If you don’t want to do something, I would also not want to use money and authority to tempt you. Otherwise, it would be meaningless.”

“after all, we want you to do your best in the ancient ruins and obtain everything you can. You need to be willing to do it, even without us tempting you with benefits. Do you understand what I mean?” Battle King An said with a smile.

Zhou Hao nodded. This was naturally clear. This thing needed to be voluntary. After all, if it was not voluntary, it would definitely not be able to achieve the desired effect!

“There’s only so much to talk about today. We’ll arrange for you to go to the ancient ruins when the time comes. I estimate that it will only be about a month or so. Prepare well!”

After Battle King An finished speaking, he collected the contracts after Zhou Hao signed them all.

After coming down, Zhou Hao saw that Chen Yan was drinking coffee. When Chen Yan saw Zhou Hao, she smiled, put down the coffee, and walked over.

“How was it? How was the discussion?” Chen Yan asked.

“Not bad, Battle King An asked me to go...”

“Stop! Stop!”

Chen Yan hurriedly stopped Zhou Hao, making him stunned.

“I’m not involved in the matter between you and the Battle God Battalion. Moreover, I think that since Battle King An chose to see you alone, he must have discussed many important matters with you. Keep these things to yourself. You don’t have to tell me. Moreover, it’s best that you don’t tell anyone. Do

you understand?”

Chen Yan’s words stunned Zhou Hao for a moment. However, after thinking for a moment, he realized that Chen Yan would definitely not scam him.

After returning to the Battle God Battalion, although Zhou Hao was still thinking of these so-called ancient ruins, he still hurriedly entered cultivation.

However, just as he arrived at the training room, he saw a beautiful figure standing at the door. The figure looked as if she was waiting for someone.

Chapter 485 - Disgrace

Chapter 485: Disgrace

Translator: Atlas Studios**Editor:** Atlas Studios

This pretty figure was none other than Instructor Chen Yan's student, that white beauty.

Jenny!

Zhou Hao did not know why she was here, but he still walked over.

"Hey, Jenny, what are you doing? Why aren't you trainin;

'When Jenny saw Zhou Hao, she was immediately overjoyed. "You're finally back. I came here to look for you!"

"Look for me?" Zhou Hao was stunned for a moment and was somewhat surprised.

"Yes, yes, I've been waiting for you for two hours. I heard that you and Instructor Chen went out. I knew that you would definitely come for training when you returned, so I waited for you here!"

Jenny's personality was very lively. With her exquisite face and hot figure, it could be said that she was definitely a true beauty!

Compared to the women from the East, the women from the West looked strangely beautiful. Their blue eyes, golden hair, and well-defined facial features made them very recognizable.

The women from the East were all so petite and had a quiet beauty.

'When Western women and Eastern women stood together, there was a big contrast. One was fiery and the other was gentle!

This was Zhou Hao's feeling!

"What are you looking for me for?" Zhou Hao really did not know why this Western beauty was looking for him!

"Actually... it's not anything important. It's just that... the Western students of the Battle God Battalion will be holding a gathering in a few days. I want... I want to invite you to be my dance partner!"

In the West, this dance partner was not chosen casually!

This represented a special meaning!

‘Whether it was a man or a woman, as long as they took the initiative to invite the other party, it meant that they liked the other party.

This was also why Jenny had invited him!

However, to be honest, Zhou Hao wanted to refuse. After all, he only liked Xu Ling. If Xu Ling found out that he had become her dance partner, it would be terrible.

“Um... Jenny, I’m really sorry. I don’t really want to participate in the dance,” Zhou Hao could only answer like this.

Of course, this was also what Zhou Hao was thinking. He was really not interested in the Western countries’ social gathering.

Hearing Zhou Hao refuse so quickly, Jenny’s face fell.

She had never expected Zhou Hao to refuse her like this!

“Zhou Hao, do... do you really not want to go... Or do you not know how to dance? It’s fine, I can teach you!”

Jenny said hurriedly.

Zhou Hao took a deep breath and was really at a loss. Although what he meant was implicit, some things were still difficult to say!

At this moment, a surprised laugh sounded.

“Jenny, so you’re here. I’ve been looking for you!”

As soon as he finished speaking, Zhou Hao saw Chris and the others walk over. Behind them were Paul, two men, and two women.

Chris also saw Zhou Hao. Of course, he did not care because he knew that Zhou Hao and Jenny were both Instructor Chen Yan’s students.

However, after hearing Chris’s voice, Jenny frowned slightly, her expression flashing with disdain.

“Jenny, um... came to invite you to be my dance partner for the gathering. I wonder if it’s convenient for you.”

Chris was wearing a formal suit. It could be seen that he had put a lot of thought into the way he was dressed.

'When Zhou Hao heard this, he heaved a sigh of relief. Although this Chris was somewhat annoying and kept targeting him, he did not expect to be helping him out at this moment.

However, Jenny seemed very unwilling. Without looking up, she said, "Sorry, Chris, I can't agree to be your dance partner yet. I'm currently inviting Zhou Hao to be my dance partner. You should find someone else!"

Jenny's words immediately made Zhou Hao depressed. He thought to himself that Western women were indeed straightforward. They did not even know how to be tactful when rejecting!

'When Chris heard this, his expression turned ugly on the spot. He glanced at Zhou Hao angrily and could not help but say, "Jenny, are you really going to invite Zhou Hao? He's an Easterner. How could he know how to dance?!"

"If he doesn't know how, I can teach him. This is not a problem." Jenny did not care at all. Instead, she would be happier if Zhou Hao did not know how to dance!

Because if he didn't know how, it would mean that she could spend more time with Zhou Hao!

Hearing Jenny's words, Chris was even more furious!

"Jenny, our gathering will probably be held next week. Zhou Hao won't be able to learn it at all. Moreover, this gathering is a very important occasion for our Western countries. If you invite someone who doesn't know how to dance, won't... won't you be embarrassing yourself?"

"No way. So what if he doesn't know how to dance? My father didn't know how to dance before he met my mother. Now they're both good dancers."

Jenny said directly, then looked at Zhou Hao and smiled. "By the way, my father is also Chinese."

Zhou Hao coughed dryly, not knowing what to say.

On the other hand, Chris was simply furious!

The few people beside him were also a little angry when they saw this scene. They all knew that Chris liked Jenny very much and had pursued her for a long time. However, they did not expect that not long after Zhou Hao arrived at the Battle God Battalion, Jenny actually had feelings for him!

Seeing their companion suffer, they naturally could not sit still. Paul was the first to speak. Moreover, he did not like Zhou Hao to begin with, so he immediately spoke.

“Jenny, I don’t think you can invite Zhou Hao. He’s not from a rich Western family. Let’s not talk about whether he’s qualified to participate in our gathering... Even if he is, dancing with you is still an insult to your status!”

After saying this, the two white women beside him also spoke.

“Jenny, you really should consider it carefully. If you embarrass yourself by dancing with an Easterner who has never participated in a social gathering, it won’t just embarrass you, but also your family!”

“That’s right. Our Western countries value our family’s reputation the most. I think your family members also won’t agree to it. Don’t forget that our family gathering this time is not only limited to students. Some of the teachers from the Battle God Battalion will also participate!”

They all spoke at once, trying to belittle Zhou Hao.

Zhou Hao was aware of this but did not care. In any case, he did not want to go to this gathering. It would be even better if Jenny did not invite him!

However, Jenny was still determined to invite Zhou Hao!

“What’s there to be afraid of? It’s just a gathering. It’s not that important. Moreover, Zhou Hao is already famous in the Battle God Battalion. Who would laugh at him? On the other hand, the few of you have been in the Battle God Battalion for more than a year and have been left far behind by Zhou Hao.

You’re the ones who should be ashamed, right?”

Jenny did not indulge them at all. Jenny was from a rich family and even Chris’s family had to show them some respect. Otherwise, Chris would not be so anxious despite knowing that he was being treated coldly!

Chapter 486 - Challenge Letter

Translator: Atlas Studios**Editor:** Atlas Studios

Jenny's words undoubtedly caused Chris to be on the verge of going crazy. Chris looked at Zhou Hao with fire in his eyes!

He had liked Jenny for a long time. Moreover, Jenny's family could indeed help him out, so he really wanted to facilitate this marriage!

However, even though he wanted to, Jenny still refused. He was extremely anxious!

This time, he had also spent a lot of effort to invite Jenny. Unexpectedly, Jenny actually took the initiative to invite Zhou Hao. This undoubtedly stabbed his proud heart a few times!

He really wanted to rush up and beat Zhou Hao up!

"Jenny, I think we should still consider this matter. You're from a rich family. Even if you don't care, your family will still care. Moreover, we didn't even think of inviting Zhou Hao to our gathering this time!" Chris held back the anger in his heart and said directly!

This gathering was led by their Chris family. Moreover, as the host of the gathering, he had the right to decide whether or not to invite Zhou Hao!

"When Jenny heard this, she was very angry and directly said angrily, "Chris, I know that your family is the sponsor. Still, what right do you have to stop Zhou Hao from participating?!"

Seeing that Jenny was very angry, Chris was even more furious. However, he still said indifferently, "Jenny, don't misunderstand. Zhou Hao and I don't have any conflicts. Firstly, we have a limit on the number of guests we can invite. Secondly... Zhou Hao has just joined the Battle God Battalion and is not

a member of our Western country. Therefore... it's not appropriate for him to participate."

Chris wanted to tell Jenny that he simply did not like Zhou Hao and did not want him to participate. However, he could not just say that!

"You... you..."

Jenny was furious. How could she not know what Chris meant?!

On the other hand, Zhou Hao smiled faintly when he heard this and did not care at all.

“Miss Jenny, let’s talk about this again. Since they don’t welcome me, wouldn’t it just kill everyone’s mood if I went? Moreover, I know nothing about the gathering and am really ashamed to go. Therefore, thank you for your kind intentions. Instructor Chen is waiting for me, so I’ll go and train first.”

Zhou Hao heaved a sigh of relief and said directly.

“Zhou Hao...” Jenny wanted to say something, but Zhou Hao had already turned around and left.

‘When Chris saw this, he was very happy. He immediately said to Jenny, “Jenny, since this Zhou Hao doesn’t want to participate, let’s not invite him. Isn’t it better for me to be your dance partner? Our families are very close. We...”

“We’re just ordinary friends. Also, Chris, since Zhou Hao’s not participating, I don’t want to participate either. Please remove my name from the list!”

Jenny was very angry. If not for Chris, she would have almost convinced Zhou Hao!

Therefore, at this moment, all the blame for Zhou Hao not going to the gathering was placed on Chris!

With that said, Jenny left without looking back. Chris was so furious that he clenched his fists tightly, his eyes red!

“Zhou Hao! Damn you, Zhou Hao! How dare you snatch my woman!”

Chris was very furious, and Paul also snorted. “Chris, looks like we have to think of a way to deal with this Zhou Hao!”

“That’s for sure. This time, he has completely angered me!”

Chris watched as Zhou Hao left, his eyes filled with unprecedented anger!

He could tolerate Zhou Hao bullying Paul and even tolerate Zhou Hao becoming famous and surpassing him one day!

However, he could not tolerate Zhou Hao snatching his woman!

Zhou Hao did not care about this at all. Instead, he focused on cultivation!

His current strength had already reached the peak of the quasi Heaven Realm!

However, the reason why he did not break through to the Heaven Realm was not because he did not dare to, but because he wanted to temper his body to 100% before breaking through!

However, in the eyes of others, they already thought that it was really fast for Zhou Hao to break through from first-grade supernatural to second-grade supernatural in just a month!

Some people might take three years to break through to the Heaven Realm, but Zhou Hao broke through one level in a single month. This speed was really monstrous!

Hu

Zhou Hao cultivated crazily in the gravity room. He kept panting and directly increased the gravity by a hundred times!

There was no one else here and he had absolute privacy. Therefore, he could use his actual cultivation.

With the help of this gravity room, Zhou Hao could feel that his body, which was already at the peak, was slowly improving!

“The gravity room is really great. If only I had one myself!”

Zhou Hao smiled as an unrealistic thought appeared in his mind.

Of course, he was just thinking about it.

Soon, half a month passed. Other than hunting mutated beasts, Zhou Hao spent his time cultivating in the training room.

Now, his ranking was between 80 and 90. It did not seem like much for him to increase his ranking by 10 in half a month, but it was already very impressive!

Many of them had not been able to advance much in the past half a year. Now, Zhou Hao had already increased by more than ten places in half a month. This shocked many people!

However, Zhou Hao was still not very satisfied with this!

After training for the entire day, Zhou Hao returned to the villa and went to the study. He opened his computer and a lot of messages popped out.

Zhou Hao was stunned for a moment and hurriedly opened them. He was immediately confused!

These messages were actually all challenge letters!

There were so many letters of challenge, and they were all from Western martial artists!

Zhou Hao wanted to laugh. The only person who could do this was definitely Chris!

Most of them were ranked between 40th and 60th. They were basically all above the sixth-grade supernatural level!

Zhou Hao looked at these names and tapped his fingers on the table with a smile.

“Since they’re challenging me, I’ll accept them all!”

Zhou Hao’s thoughts were very simple. He needed to increase his strength now, and fighting was undoubtedly the best solution!

In the virtual space, their bodies were all identical. Although their cultivation levels could not be brought in, it was a good way to train combat and cultivation techniques!

Thinking of this, Zhou Hao accepted all of them!

At the same time, Chris, who was staring at the computer in the villa, immediately smiled in satisfaction!

“You actually agreed to all of them. Very good, Zhou Hao. This time, I’ll let you know how powerful I am!”

This matter was indeed arranged by Chris. His goal was to teach Zhou Hao a lesson!

Paul also saw this and his eyes were cold!

“He had stolen 10 billion from me! I’ll make him spit it all out this time!”

Paul undoubtedly hated Zhou Hao the most. Not only did he lose face, but he also lost 10 billion yuan!

Therefore, he anxiously hoped that Zhou Hao would make the same mistake he did!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 487 - Who’s the Laughing Stock?

Chapter 487 Who’s the Laughing Stock?

Paul and Chris’s cold gazes were filled with ridicule and smugness!

They were not afraid that Zhou Hao would agree to the challenge, but they were afraid that he would not!

Now that Zhou Hao had agreed to the challenge, this was the best outcome for them!

As long as Zhou Hao accepted the challenge, it would be good for them!

“You actually accepted all the challenges. Zhou Hao, this time, I’ll trample you under my foot. Call Fred and the others over!”

Chris said to Paul, who called everyone over without saying a word.

The villa was immediately filled with people!

“My dear family, Zhou Hao has accepted the challenges. You should have already received the notice that your bets are all 500 million each. Although it’s not much, Zhou Hao still agreed!”

“What I want is for you to defeat him. I want him to become the laughing stock of the Battle God Battalion!” Chris said with a crazy expression.

These people were Chris’s friends and also martial artists from their Western martial artist camp!

Although they were all students of the Battle God Battalion, there had always been friction between the Eastern students and the Western students!

Otherwise, they wouldn’t have bullied the newbies into betting with them the moment they arrived! Regarding this matter, the Battle God Battalion usually did not care. After all, both parties needed to be willing for the bet to happen.

Zhou Hao wasn’t the only one. Such things had happened before too. The reason why the Battle God Battalion allowed this to happen was also to let these students know the limit of their strength!

It was also to discourage them and prevent them from getting too cocky!

After all, they all thought of themselves as geniuses and would definitely have their noses in the air when they arrived. If this could strike a blow to their arrogance, it would also make them realize their shortcomings and help them cultivate even harder!

However, this was the first time the Western martial artists had seen such a difficult bone to chew.

“Don’t worry, Chris. We know what to do!”

“That’s right. We’ll make this Zhou Hao the laughing stock of the Battle God Battalion!”

They all laughed. They still did not care about Zhou Hao’s mere ranking that was in between 60 and 70.

The weakest among them were in the top 60. Moreover, there were a total of more than 20 of them!

“However, I’m worried that if we do this, won’t we incur the displeasure of the higher-ups of the Battle God Battalion? If we disrespect the higher-ups, won’t we have to suffer? After all, the Chinese have a much greater say than us Westerners!”

Someone suddenly spoke. This was also the only thing they were worried about!

“It’s fine. The Battle God Battalion won’t interfere in this matter. Moreover, Zhou Hao has already accepted the challenge. Even if they’re dissatisfied, they can’t say anything!”

“After all, although we were the ones that issued the challenges, Zhou Hao himself was still the one who agreed to them!”

asu

Chris was unwilling to give up. This was the rule. As long as both parties agreed, no one could interfere!

Soon, the matter had blown up. After all, the challenge was public!

Especially after Luo Li and the others learned of this, they were all very shocked!

“Zhou Hao, why are you so stupid? Did you just accept their challenges?” “You have to know that more than 30 martial artists among them have already reached the seventh-grade supernatural level!” Luo Li was very nervous. Even she did not dare to guarantee that she could defeat them. However, Zhou Hao had actually accepted all of their challenges!

Song Kun also frowned slightly, feeling that Zhou Hao was indeed a little rash this time!

“Zhou Hao, are you confident this time?” Song Kun immediately asked.

“No.”

Zhou Hao did not hide anything.

He did not dare to easily bring up his quasi Heaven Realm cultivation. However, with his current combat strength, ordinary fifth-grade supernatural experts were not his match.

After all, his God Slaying Art and the Nine Revolutions Overlord Body Art were not to be trifled with!

Moreover, his cultivation technique was also very powerful. If he fought with his full strength, even if he lost, he wouldn't lose all the battles!

"Sigh, then why did you agree? Do you know that by doing this, you will quickly become a laughing stock? They will say that you're arrogant!"

Luo Li patted her forehead and sat on the sofa with her sexy body, feeling very speechless!

"It's fine, Senior Sister Luo. I don't care about reputation."

Zhou Hao said indifferently. He did not care about this at all. After all, what could their words do to him?

"You... I really don't know what to say about you!" Luo Li was extremely depressed and glared at Zhou Hao!

On the other hand, Song Kun looked at Zhou Hao and said indifferently, "Actually, this is also a good thing for you. Battling so many different experts will definitely be very useful and will help you increase your strength. If you can persist, you will at least be able to rank in the top 50!"

Song Kun immediately said. As a third-grade Heaven Realm expert, Song Kun naturally knew this!

No matter how one cultivated, training would never be as effective as actual combat. It was simply ineffective to only talk about battle tactics while staying sheltered from real combat.

"Actually, that's what I thought. Without pressure, there's no motivation!" Zhou Hao smiled!

"Hehe, I knew that that was your reason. However, I still have to say that you're really too bold. If it were me back then, I wouldn't have dared to do this!"

Song Kun immediately said openly. Everything he said was true!

Even he did not dare to be as bold as Zhou Hao back then!

Zhou Hao smiled and did not speak. The next day, the news spread. Everyone knew that Zhou Hao had accepted the challenges of a total of twenty Western martial artists! This matter could be said to have caused a commotion. Even Chen Yan knew about it!

“You’re really persistent. With so many people challenging you, even I am worried that you will go bankrupt!”

Zhou Hao smiled. “Instructor Chen, if I go bankrupt, you have to support me...”

Zhou Hao made a joke, and Chen Yan also shook her head. “However, I still have to say that you have a mentality. After all, if you persist in so many battles, it will indeed benefit you greatly. Moreover, who said that the Western martial artists will have the last laugh? If they become your training dummies, they will be the laughing stock!”

Chen Yan smiled. Zhou Hao also agreed with her!

If they became his training dummies, they would definitely be the ones to become the laughing stock! “Instructor Chen, don’t worry. I’ll make them the laughing stock!”

Zhou Hao smiled!

At this moment, Jenny walked over with an ugly expression. She looked at Zhou Hao and whispered, “Zhou Hao, can we talk?”

Zhou Hao was stunned for a moment. Seeing Jenny like this, he nodded.

After finding a place to sit with Jenny, Jenny looked at Zhou Hao worriedly and immediately revealed an embarrassed expression.

“I’m really sorry, Zhou Hao. I’ve implicated you!”

Jenny looked at Zhou Hao. She did not seem to be putting up an act at all. Instead, it was filled with sincerity.

However, Zhou Hao was surprised. This matter had nothing to do with her. Why was she apologizing to him?!

“Jenny, this is not your fault. You don’t have to apologize to me!”

Chapter 488 - Angry Chris

Chapter 488 Angry Chris

After all, he was the one who chose to accept the challenges. It had nothing to do with Jenny.

Moreover, he did not accept it rashly. He had his own plans!

Moreover, even if Zhou Hao hid his cultivation, his chances of winning would still at least be at 60%!

In other words, twelve of these twenty people would lose to him!

All the money he would earn from those bets also added up to a billion!

“No, this happened because of me. If I didn’t invite you to the gathering, this wouldn’t have happened. I know that you don’t want to participate in the gathering with me because you’re worried about this, right?”

Jenny sighed and was very angry. She really did not understand why Chris would do this!

He did not know that his actions would make Jenny hate them even more!

This person had failed to woo her and was actually so ruthless to the person he liked. He was really too detestable!

“Jenny, this has nothing to do with you. I wanted to do this. Don’t say that. Moreover, I’m the one who accepted the challenge. No one forced me!” However, Jenny had already thought that this matter was related to her. However, Zhou Hao did not think so!

“This Chris has always been pursuing me, but he’s too petty. I don’t like him at all, so... I didn’t accept his love at all. Who knew that he would be so petty and do this to you? If not for me, the two of you wouldn’t have fallen out so badly!”

Jenny’s words were really spot on. If not for Jenny, Chris’s revenge would not have been so ruthless!

Although Zhou Hao understood this, he did not have the intention to blame Jenny at all!

What did this have to do with her?!

“Zhou Hao, how about this? I’ll think of a way to make them give up on the challenge, alright?” At this moment, Jenny suddenly said.

“Can you actually make them give up the challenge?” Zhou Hao was stunned for a moment!

Of course, he knew that Jenny's family background was not bad and that she was also very powerful among the Western families. After all, the person the Chris family valued was naturally extraordinary!

"Although it's a little difficult, I can still do it after obliging to some conditions. Trust me!" Jenny immediately said! "No!"

When Zhou Hao heard this, he hurriedly interrupted!

"Jenny, don't. This is my problem. I'm already an adult and have my own judgment. Moreover, this is my choice. Please respect it!"

Zhou Hao naturally did this because he did not want to owe Jenny a favor. Moreover, he did not have any thoughts about Jenny. Zhou Hao did not want to use a girl like this!

Even if he could not defeat them and lost all his money, he would not care. However, he could not allow himself to take advantage of a girl like this!

"But... but..."

"No buts. Jenny, thank you for your kindness. There's really no need!"

"Moreover..."

At this point, Zhou Hao looked at Jenny and took a deep breath. After hesitating for a moment, he still spoke.

"Jenny, I only treat you as a friend. I only want to increase my cultivation now and don't care about anything else. I think you can understand me!"

Zhou Hao did not want to hurt her too deeply. He really could not bear to!

Jenny was good to him and wanted to help him as soon as something happened!

Moreover, even if she could persuade those people to give up the challenge, she would still have to suffer some consequences!

Zhou Hao did not want that to happen!

"I... I understand, but..."

Jenny was very sad. She also knew that Zhou Hao did not have any feelings for her. However, as a girl from the West, she was just that bold and passionate. Even though she clearly knew, she still wanted to give it a try!

“Jenny, thank you for your kindness. However, can you let me arrange this?” Zhou Hao smiled and did not say anything else before turning to leave.

Jenny looked at Zhou Hao’s back and took a deep breath. She could not help but mutter!

“I still have to interfere in this matter!”

As she spoke, she turned around and walked straight to Chris’s villa. She pushed the door and entered!

In the room, Chris and the others were discussing how to deal with Zhou Hao. When they saw Jenny enter, they were all stunned. Seeing that Jenny had taken the initiative to come to him, Chris immediately revealed a happy expression. “Jenny, you’re here. Did... did you accept my invitation?”

Chris was still filled with fantasies!

Unexpectedly, in the next second, Jenny’s words almost angered him to death!

“Chris, I want you to give up on challenging Zhou Hao!”

After saying this, Chris’s expression was extremely ugly! “What did you say? Jenny, did you come here because of that Zhou Hao?!”

Chris was furious and furious. Jenny had not visited him in 800 years and had rejected many of his invitations. It was rare enough for her to come, but she actually came because of Zhou Hao!

“That’s right. I think you guys are too much. Zhou Hao is only a newbie. It’s really not wise for you to deal with him like this. Chris, if you want to deal with Zhou Hao, wait until Zhou Hao has the same cultivation level as you. By then, you can challenge him however you want. But now, you’re only making me look down on you even more!”

Jenny did not show any mercy, and her words were also very unpleasant. Chris clenched his fists and his expression turned ferocious!

“Jenny, I don’t understand what’s so good about that Zhou Hao. Do you really think he likes you?!” Chris said angrily.

“I don’t care, but I just know that he was treated unfairly because of me. Therefore, I still have to stand up for him!”

ce

Jenny spoke with an angry expression! “You... you... you’re infuriating. Jenny, since you’re on that Zhou Hao’s side, I have no choice but to deal with him. I want to see what you can do!”

Chris was really furious. He had never said such outrageous things to Jenny!

However, today, he could not hold back no matter what!

“Hmph, we’ll see!”

Jenny was very angry. As she spoke, she slammed the door!

After she left, Chris was furious. He punched the marble coffee table and shattered it into dust!

“Damn, damn, damn!”

“This Zhou Hao deserves to die!”

Seeing that Chris was so angry, the others also pitied him. They all knew that Chris was pursuing Jenny.

However, Jenny did not have any feelings for him and instead liked another man. Perhaps, there was nothing more unacceptable in the world than this!

“Chris, what should we do? Jenny’s family is a little troublesome. If she interferes, what should we do?”

Some people began to worry!

Chris’s expression darkened. “It’s true that her family is not to be trifled with. However, do you think that my family is any easier to provoke?!”

Chapter 489 - Battling the 59th Place

Chapter 489 Battling the 59th Place

The next morning, Zhou Hao arrived at the virtual challenge room according to the time mentioned on the challenge letter!

The person he was fighting today was Little Robert. He was ranked 59th and was ranked more than ten places higher than him.

However, Zhou Hao did not care at all. His cultivation was only between fourth-grade and fifth-grade supernatural experts. Zhou Hao could still deal with him!

Many people had arrived today. In just two months, Zhou Hao had gone from being in the top 300 to the top 100. He was even in the top 70!

His opponent was Little Robert from the West who was ranked at the 59th place. Anyone who saw this would think that Zhou Hao would definitely lose!

Although they thought this way, they were still filled with prayers!

Just like how Zhou Hao defeated Paul right after entering the Battle God Battalion, no one really knew what the outcome would be!

Since then, Zhou Hao had been involved in another challenge!

Therefore, their most direct goal for coming here was to satisfy their curiosity!

Because this battle was still filled with variables!

After Zhou Hao arrived, he directly entered the virtual cabin and waited silently!

It was noisy outside as many people came over to cheer. Luo Li, Song Kun, and the others also came!

Luo Li looked at the Western martial artists angrily and was furious. Song Kun was the same, but he did not show any emotions.

Chen Yan was also here. She had only come to watch and did not think much of it. Regardless of whether Zhou Hao won or lost, this matter was a good thing for him. After all, she had no reason to be angry.

At this moment, Chris and the others walked into the training tower. Little Robert had an arrogant expression.

“Chris, I’ll trample Zhou Hao under my foot today and humiliate him fiercely to help you take revenge!”

As Little Robert spoke, he walked into the virtual cabin!

Just as he entered, he saw Zhou Hao lying there with a helmet, prepared to enter the virtual space!

“You’re pretty proactive. Alright, I’ll teach you a lesson today!”

Little Robert sneered and walked in as well. Then, he lay on the sofa and put on his helmet.

In the virtual space, the two of them condensed their bodies.

After Little Robert saw Zhou Hao condense his body, a cold smile immediately appeared on his

face.

He slowly said with a mocking smile, “Zhou Hao, I really didn’t expect you to really dare to accept my challenge.”

Facing Little Robert’s ridicule, Zhou Hao did not say anything. Instead, he stood with his hands behind his back and looked at him indifferently.

Zhou Hao did not care about such an arrogant and condescending person at all.

Unexpectedly, when Little Robert saw that Zhou Hao did not answer him or even respond, his face immediately revealed a sneer. “Zhou Hao, I’ll trample you under my foot today. I’ll let you know how big the difference between the 59th place and the 73rd place is. I’ll let you know the difference between a fourth-grade supernatural expert and a second-grade supernatural expert. I’ll let you know that accepting my challenge is the worst decision you’ve made in your life!”

Little Robert kept nagging, and Zhou Hao could no longer listen. He could not help but pout and say indifferently.

“Little Robert, aren’t you ashamed of yourself for saying that? Look at you. You haven’t improved at all recently. It’s been two months and you’re still stuck at the fourth-grade. What right do you have to challenge me? You’re just trash!”

Hearing this, Little Robert’s gaze immediately became ruthless.

He slowly pulled out the dagger at his waist. Under the light, the dagger flickered with a cold light, making it look especially ferocious.

“How arrogant. In that case, I’ll insta-kill you today and let you experience what true strength is!”

After saying this, Zhou Hao's eyes flashed.

At the same time, everyone outside the virtual space spectated nervously at the two people who had already entered the virtual space. They were all uncertain as to who would win.

"Hai, Hai, Hai, who do you think will win this battle?"

"Is it that genius Zhou Hao or this extremely powerful Little Robert?"

Some people's eyes were filled with confusion as they guessed.

"Is there a need to ask? It must be Zhou Hao. He's a genius and has extremely high comprehension ability. There's nothing he can't do. I think very highly of him!"

However, another person could not help but shake his head. His face was solemn as he slowly said, "I don't think so."

"Little Robert will definitely win this battle. After all, although Zhou Hao is a genius, Little Robert's strength is still stronger." "In a real competition, geniuses are naturally inferior to people with strength. After all, the latter are still more powerful."

vn

"But perhaps Zhou Hao can rely on his own comprehension to directly break through at this moment!"

Everyone was guessing who would win this battle.

At the same time, in the virtual space, Little Robert immediately raised the dagger in his hand and stabbed at Zhou Hao valiantly!

Zhou Hao's eyes narrowed. He turned his body and easily dodged Little Robert's attack.

Robert's expression darkened, and his breathing became hurried.

How could this brat dodge his attack so easily? Could it be that his strength had regressed?

However, that shouldn't be the case. He had completed a lot of training a while ago. No one should have been able to dodge his attack!

The match had only just begun and he was already at a disadvantage!

This made Little Robert very displeased.

His eyes were filled with coldness as he suppressed the anger in his heart. He sneered and slowly said, "Tsk ts, I didn't expect you to have such strength."

"I've underestimated you. I didn't use my full strength previously. Now, I'm going to start being serious!"

After Little Robert finished speaking, he condensed his strength and rushed towards Zhou Hao again!

Seeing this, Zhou Hao also quickly took out his saber and attacked Little Robert!

A cruel smile appeared on Little Robert's face.

"Hehe, Zhou Hao, this time, just accept your death obediently. No one can survive my dagger!"

As soon as he finished speaking, Little Robert stabbed fiercely at Zhou Hao's heart, as if he was planning to kill him with a single strike!

Zhou Hao narrowed his eyes. Although this Little Robert nagged, his methods were still extraordinary. The dagger in his hand was really superb. Countless sharp dagger beams were released at an extremely fast speed!

Zhou Hao was unable to dodge in time and was stabbed several times, causing blood to flow out.

Seeing this, Little Robert heaved a sigh of relief. It seemed that Zhou Hao had already reached his limit by dodging his attack just now. He was not as skillful as he thought!

Chapter 490 - Saber Training

Chapter 490 Saber Training

Little Robert heaved a sigh of relief, and the dagger in his hand became even sharper. Countless dagger beams spread out, forming a huge net that swallowed Zhou Hao!

Zhou Hao looked at this and frowned. He felt that he had really underestimated this Little Robert!

Although this person was arrogant, he still had the strength to back it up. After all, there were no weaklings in the Battle God Battalion. There were only experts!

“This is more interesting!”

Zhou Hao smiled. The other party’s methods were extraordinary, and he could use it to train his own saber technique!

Thinking of this, Zhou Hao directly used the Shadow Seven Sabers to resist his cultivation technique!

Zhou Hao’s Shadow Seven Sabers could be considered to have reached its limit. This was the limit of this cultivation technique. After all, its level was not especially high. Compared to Little Robert’s techniques, it was still inferior!

However, Zhou Hao still felt that even if this cultivation technique was not good, he could still use this opportunity to train his actual combat skills!

Little Robert became even more relaxed when Zhou Hao fought him!

“Hahaha, Zhou Hao, so you’re actually so weak. Your saber technique is still far inferior to mine. I’ve cultivated my dagger technique for twenty years. It’s not something your technique can compare to!” Little Robert laughed loudly and was very pleased with himself. The dagger in his hand was ever-changing and endless. Many of his moves and attacks made Zhou Hao’s eyes light

up!

As Zhou Hao prevented himself from being instantly killed, he also imitated the other party’s methods and began to learn!

Slowly, Zhou Hao’s usage of this saber technique became even more exquisite! Although Little Robert had the upper hand, as time passed, he finally sensed that something was wrong!

Although Zhou Hao was in a sorry state, he was still on par with the other party. In fact, slowly, he was slowly getting out of that sorry state. He was becoming even more familiar and crafty with his saber technique!

“What’s going on? Why do I feel like he’s using me to practice?”

Little Robert had a strange thought. As soon as he thought of this, he was so shocked that he broke out in cold sweat!

At this moment, as he carefully observed Zhou Hao's methods and some of the techniques he used to attack. It actually resembled his own technique! "Damn, he's using me to train his saber technique!"

Finally, when he saw that Zhou Hao's methods were somewhat similar to his, he finally understood!

"Zhou Hao, you're really arrogant. How dare you take advantage of me!" Little Robert was very furious. Without saying a word, he directly used his full strength!

He slapped his chest fiercely and immediately spat out blood onto the dagger!

"This is my strongest technique, Bloodthirsty Dagger. I want to use this dagger to cut off your head!"

Little Robert panicked. He did not know if Zhou Hao was putting up an act, but he was worried that if this continued, he would lose!

Therefore, at this moment, he used his strongest technique and was determined to deal with Zhou Hao!

However, to his surprise, Zhou Hao put away his saber and smiled.

"Little Robert, you've finally discovered it? Looks like you're not that stupid after all. I did learn a lot from you today. As a reward, I want to shatter your head!"

After Zhou Hao finished speaking, he no longer hid anything. He directly circulated the God Slaying Art and the Nine Revolutions Overlord Body Art, and his aura instantly exploded!

His cultivation instantly rose into the sixth-grade supernatural level! This was even under the circumstances that Zhou Hao had been suppressing his cultivation. Otherwise, if he erupted his quasi Heaven Realm cultivation, it would be enough to make Little Robert think that he had seen a ghost!

Powerful physical strength erupted. Zhou Hao's entire body was bathed in lightning. He used the Golden Crow Escape Technique and directly disappeared!

In the next second, Zhou Hao appeared and arrived in front of Little Robert. Without saying a word, he immediately punched out!

The strength of this punch directly shattered the blood dagger Little Robert condensed and hit his body!

A powerful force instantly pierced through his body!

Under his shocked gaze, his body suffered a heavy blow!

“How... how did I lose?!”

Little Robert did not believe that he would lose. Seeing Zhou Hao’s powerful strength, he was finally stunned!

Di!

“Zhou Hao wins!”

The moment Little Robert’s body was hit, Little Robert’s mental strength was kicked out of the virtual space. His entire body was covered in cold sweat as he sat up!

At the same time, the cold system’s voice also sounded in the Heaven Tower, making Little Robert’s expression panic!

The people outside also heard the results of the competition and were shocked!

“He... he won?”

“Zhou Hao won again?”

“How... how is this possible?!”

“Heavens!”

Be it the Eastern martial artists or the Western martial artists, they were all incomparably shocked!

“Wow, Zhou Hao won. How awesome!”

Luo Li was the first to jump up and was very happy. Song Kun also smiled.

“I knew it. Zhou Hao is a sly brat. He never fights a battle he’s not confident in. I actually expected Zhou Hao to win long ago!”

Song Kun did not know why he thought this way, but when he thought of the two of them competing, he could only see Zhou Hao winning!

It was even difficult for him to imagine what would happen if Zhou Hao lost!

The expressions of Chris and the others turned cold on the spot! None of them had expected Little Robert to lose!

It had to be known that he had a fourth-grade to fifth-grade supernatural level cultivation. Zhou Hao, on the other hand, was only a second-grade supernatural expert! There was a difference of two levels!

How could Little Robert still lose? “Damn, what’s going on?!” Chris was furious. He did not expect this at all!

At this moment, Zhou Hao also came out of the virtual space. Seeing Little Robert’s dejected appearance, he shook his head and pushed the door open to walk out.

“Zhou Hao!”

“Zhou Hao is invincible!”

When the Eastern martial artists saw Zhou Hao come out, they immediately shouted and could not help but surround him!

Zhou Hao was in the 73rd place and yet he still defeated the 59th place. He had once again increased the reputation of the Eastern martial artists!

Seeing how happy they were, Zhou Hao also smiled.

At this moment, Little Robert walked out with a pale face. Chris and the others hurriedly walked over.

“What’s going on? How did you lose? Were you careless?” Chris grabbed Little Robert and hurriedly asked.

Little Robert was still in a daze, but he still heard Chris’s question clearly.

He shook his head...

“No, I used my full strength and even used my Bloodthirsty Dagger, but I still lost...”
“How could that be?!”

Chris’s face was filled with disbelief. He knew about Little Robert’s Bloodthirsty Dagger. Back then, when his cultivation level was similar to Little Robert’s, he did not dare to resist this cultivation technique head-on!

However, he did not expect Little Robert to lose to Zhou Hao!

“Zhou Hao... not only did he defeat me, but I also feel that the reason why he accepted my challenge was to... train his saber technique!”

Little Robert said directly, making Chris and the others even more puzzled.

“What do you mean? Little Robert, tell me clearly. What happened?”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 491 - Bet

Chapter 491 Bet

Little Robert did not hide anything and told him everything that had happened just now!

Not only did Zhou Hao imitate him with his saber techniques, but he was also more agile and cunning. He even told them that Zhou Hao had defeated him with a powerful cultivation technique and killed him instantly with a single punch!

“I think that he could have killed me instantly from the beginning. He could have killed me with his fist from the beginning. However, he still chose to fight me with his saber. Other than wanting to use me to train his saber, I can’t think of anything else!” Thinking back, Little Robert felt even more depressed!

In fact, he was not only depressed, but also frightened!

“How could this be? He... he’s clearly only a second-grade supernatural expert. Could he have cheated?” Chris couldn’t help but ask.

“Cheating? In the virtual space, everyone’s bodies are the same. Only cultivation techniques and mental strength are brought in. How would he even be able to cheat?”

Little Robert looked up and couldn’t help but say.

Chris also knew this, but he really could not imagine how Zhou Hao had won!

“Damn, what the hell!”

Chris was very furious. To lose in the first round undoubtedly made everyone somewhat uncomfortable!

However, there was nothing they could do and they could only face reality!

On the other hand, Zhou Hao’s communication device rang. The 500 million had already been transferred to his account!

“Let’s go to a restaurant!”

Zhou Hao laughed and felt very comfortable. He brought everyone to celebrate! This scene made Little Robert's heart bleed!

After all, the money they spent celebrating was his!

After the celebration, Zhou Hao continued training in the training room!

"Little Robert's saber technique is indeed very powerful. Although it's far inferior to Instructor Chen's, it's still much stronger than mine!"

"His dagger even seems to have fused with him. This realm is really difficult to reach. I learned a lot from fighting him today!"

Zhou Hao held the saber and recalled the battle between the two of them. He began to practice!

"My current cultivation is already at the second-grade supernatural level. Soon, I will be able to increase it to the third-grade supernatural level or even fourth-grade supernatural level. No one will care anyway!"

"Before entering the ancient ruins, it's best if I can disguise my strength at the fifth-grade supernatural level. In this way, no one will care if I erupt with quasi Heaven Realm combat strength!"

This was what Zhou Hao had been planning all along. He wanted to numb everyone!

He wanted to let them know that although Zhou Hao's cultivation was very low, his combat strength was very powerful! His combat strength was enough to cross at least two to three levels!

In this way, even if he used his real strength one day, it would not seem so terrifying!

After cultivating for a while, Zhou Hao came out of the training room. He had just come out when he bumped into Jenny. She was very happy!

Perhaps she had heard something, so she did not ask Zhou Hao to give up this time. Instead, she encouraged him to fight them to the end!

"The next person to fight is called Smith Dekai. This person's cultivation level is at the sixth-grade supernatural level and he's ranked at the 48th place. He's best at hand-to-hand combat. He also practices such cultivation techniques and is as robust as an ox. He's a muscle expert. You have to be careful, understand?"

Zhou Hao actually knew a little about what Jenny told him, but he did not know as much as she did.

However, Zhou Hao really did not know how to repay her for helping him like this. He was also at a loss!

Fortunately, Jenny was a good girl and knew that Zhou Hao did not care about having a relationship at all. Therefore, other than saying this, she did not say anything.

Zhou Hao memorized all of this and understood it!

This Smith Dekai's melee combat technique was very powerful. Coincidentally, this was the technique Zhou Hao lacked!

Although he had the God Slaying Art and the Nine Revolutions Overlord Body and his physical strength was very powerful, he had not learned any systematic techniques. He would probably learn a lot from Smith Dekai!

The days of training had always been boring. Other than killing mutated beasts, Zhou Hao only trained and occasionally challenged the Heaven Tower!

At this moment, his Heaven Tower points had already reached 2.5 and had already surpassed many people!

His ranking had also reached an astonishing 51!

He was only one place away from entering the top 50!

Zhou Hao did not think much of it, but the others were all stunned!

This number was simply fatal!

Who could enter the Battle God Battalion for less than half a year and come this close to reaching the top 50?

The top 50 was different from the others. It was where the true experts of the Battle God Battalion gathered! These people were all considered to be worth a

lot.

"51. Looks like I have to work hard and get into the top 50 as soon as possible!"

Zhou Hao smiled. In just a month, he had already changed his cultivation to the third-grade supernatural level!

Many people did not care about this. Moreover, Zhou Hao's reputation was also becoming more and more resounding in the Battle God Battalion!

It was simply common for a true genius to jump levels to challenge others!

It was even to the extent that many people began to discuss who would win next time!

Not only that, but the others were also betting amongst themselves.

When Zhou Hao learned of this, he could not help but smile bitterly!

“Zhou Hao, you’re a famous person in the Battle God Battalion. Do you know that many people have already placed bets in your next battle? They’ve even created a section on the Battle God Battalion’s internet to place bets!”

“Many people have started to bet. Now, the bet money has already reached an astonishing 80 billion!” Luo Li looked at Zhou Hao and said excitedly!

“Ah?”

Zhou Hao was very shocked. It had already reached 80 billion?

“Are they mostly betting on me or Smith?” Zhou Hao was a little curious!

“Of course it’s Smith. Although you can create miracles, Smith is really powerful. His combat strength is at least in the top 30, but he can’t beat some powerful mental strength martial artists. After all, those people are good at mental strength attacks.”

“Smith is good at close combat, but he’s still far from being able to resist mental strength attacks!”

“In that virtual space, you basically don’t need much mental strength. Therefore, they think that the probability of you losing is very high!”

Zhou Hao could understand why Luo Li said this. After all, it was understandable.

“However, you have to win for me, understand? If I bet on you, my earnings will be tripled. On the other hand, if you bet on Smith, your earnings will be multiplied by five. In other words, if you win, I’ll win 6 billion!”

When Zhou Hao heard this, he was immediately speechless. “Senior Sister, you’re betting too?”

“Of course. I only bet 2 billion, but Brother Song bet 5 billion. Don’t let our money go to waste!”

Luo Li continued, and Song Kun also smiled.

“Junior Brother, I believe in you!”

Zhou Hao was very speechless. They were actually using him to earn money!

“Does that mean that if I bet 10 billion on Smith, I can win 50 billion?”

Zhou Hao blinked and suddenly said!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 492 - Powerful Body

Chapter 492 Powerful Body

Translator: Atlas Studios**Editor:** Atlas Studios

Hearing this, Luo Li was dumbfounded!

“Hmph, you’re dreaming. Do you think no one would have thought of this? Therefore, you and Smith are not allowed to bet, understand?”

“However, there’s still a loophole. You can get others to bet for you!”

Zhou Hao nodded. This was a good idea!

“Alright, stop coming up with ideas. If you do this, the competition will lose its meaning!”

Song Kun spoke at this moment. He knew why Zhou Hao had accepted so many challenges. If he did this, would he also do this for all the future competitions?

When Zhou Hao heard this, he nodded. He indeed could not do this. Otherwise, he would lose the opportunity to improve.

Soon, the day of the competition arrived!

This time, it was even more explosive. Many people had come. They had placed their bets on the Internet, so they naturally had to come to the scene and see the results of

the competition!

Just as Zhou Hao arrived, someone immediately shouted!

“Zhou Hao, fight fiercely and beat Smith until his teeth are all over the ground! I invested 1 billion yuan in you, don’t lose!”

“Zhou Hao, all the best. Whether I can make a comeback or not depends on you!”

“All the best, Zhou Hao. I invested 3 billion. If you win, I’ll give you half!”

These people began to talk at once, making Zhou Hao feel a little amused.

At this moment, Jenny also walked over. “Zhou Hao, you have to win. I bet 10 billion on you!”

10 billion!

This was not a small number!

When Zhou Hao heard this, he immediately could not help but say, “How can you be so bold? I can’t guarantee that I’ll win!”

Although the outcome had long been decided and Zhou Hao knew he wouldn’t lose, Zhou Hao still felt that they were too bold to trust him!

“It’s fine, I believe you!” Jenny smiled sweetly and walked away!

Luo Li saw all of this. Seeing Jenny leave, she could not help but say, “Tsk tsk, I couldn’t tell before, but my good brother sure is popular. Jenny is still unwilling to give up

on you. To invest 10 billion, she sure is bold. This is definitely true love!”

Zhou Hao could not help but roll his eyes!

At this moment, Chris and the others walked over. Zhou Hao immediately saw the burly Smith among them!

Before they even fought, Zhou Hao sensed a powerful aura from him!

This person... was very powerful!

With a sixth-grade supernatural cultivation and a powerful body, he was simply a killing machine!

If not for his weak mental strength, this person would definitely enter the top 30!

It was even to the extent that he might even enter the top 20 or top 10!

Chris looked coldly at Zhou Hao and said to Smith, “Smith, you have to kill him instantly this time, understand? This Zhou Hao is very cunning. We can’t give him any

chance. Just slap him to death!”

“Don’t worry, I will. I can deal with a guy like him with just one punch!”

Smith’s deep voice was filled with confidence!

Zhou Hao looked at Smith and did not say anything. He directly entered the virtual cabin and put on his helmet!

Smith also walked in. His burly body could not even fit into the huge sofa. It was very intimidating!

Zhou Hao could sense that this battle would probably not be easy!

However, wasn’t this more interesting?

“Zhou Hao, I didn’t expect you to even defeat Little Robert. That brat’s combat strength is not weak, and his dagger technique is also air-tight. Even I have to use all my strength to defeat him!”

Smith looked at Zhou Hao and spoke in a rough voice.

“If you want to know how I defeated him, go into the virtual world and you’ll know!”

Zhou Hao smiled and closed his eyes. In the virtual space, he condensed his physical body!

Smith was the same. He was still as huge as before!

Zhou Hao looked at his burly body. To be honest, he felt even more pressured!

If the two of them were not martial artists and were only ordinary people, Zhou Hao would definitely avoid her!

However, it was not necessarily the same for martial artists. Just because he was big did not mean that he was powerful!

Smith cracked his neck and pressed his palms together, making cracking sounds. He looked fierce!

“I’ll beat you into meat paste later!”

Smith sneered.

At this moment, the cold system’s voice sounded.

“Student Zhou Hao, student Smith, begin!”

As soon as the system finished speaking, Smith was the first to attack. He was thinking about what Chris had said. He wanted to end the battle as soon as possible and not

give Zhou Hao any chance to catch his breath!

Therefore, he directly stomped his foot fiercely, and the space seemed to tremble!

With the help of this force, his body was like a human cannonball as he shot over!

It was so fast that with a whoosh, he had already arrived in front of Zhou Hao!

“I’ll take your life with this punch!”

Smith had already used 70% of his strength in this punch, and it was very fast. Ordinary martial artists would not dare to take this punch head-on at all!

However, Zhou Hao still took a deep breath and prepared to give it a try!

Therefore, he did not hesitate to use the Nine Revolutions Overlord Body Art and the God Slaying Art to increase his cultivation to the sixth-grade supernatural level. After

that, his physical body also increased to a super powerful level through the first three revolutions of the Nine Revolutions Overlord Body Art!

Zhou Hao also stretched out his hand, clenched his fist, and punched!

Seeing this, Smith immediately smiled!

“Hahaha, you’re too arrogant. Competing in physical strength with me is simply courting death!”

Smith looked at his thin arms and did not care at all!

Chapter 493 - Stop Fighting

Chapter 493 Stop Fighting

Translator: Atlas Studios**Editor:** Atlas Studios

Smith looked at Zhou Hao angrily. At this moment, he was simply furious at Zhou Hao!

It was because he, who had always been good at close combat, had been provoked by his opponent in a close combat fight!

This was an insult to him!

Even if he really lost to Zhou Hao, he would accept it. However, he was unwilling to lose to Zhou Hao in physical combat!

Therefore, he roared angrily.

“Golden Body!”

After this roar, his body immediately turned golden, as if his skin was plated with a layer of gold. His entire body was golden and very interesting!

Zhou Hao also smiled when he saw this!

“Smith, you look like a fried chicken leg!”

Zhou Hao indeed felt that it was very similar. Smith was a typical muscular man. His upper body was especially broad and had an inverted triangle shape. He perfectly resembled a fried chicken leg.

However, at this moment, his golden appearance made Zhou Hao really unable to help but laugh!

“What... what do you know? This is my Golden Body that was obtained from your Huaxia. It is a powerful external cultivation technique. Up until now, no one with the same cultivation as me has been able to destroy

my Golden Body!”

“Zhou Hao, you will definitely lose today!”

At this moment, Smith used his strongest ultimate technique, the Golden Body, a super body technique that combined attack and defense, making him extremely confident!

Zhou Hao curled his lips. “I don’t believe that!”

As he spoke, Zhou Hao punched out!

Smith straightened his back when he saw Zhou Hao coming over. All his energy sank into his dantian as he took the initiative to let Zhou Hao bombard his body!

Clang!

The crisp sound of bronze coins colliding sounded very loud!

As for Zhou Hao, he fell back and blood flowed from the web between his thumb and index finger. He looked at Smith in disbelief!

“What a powerful body!”

Smith laughed when he saw Zhou Hao’s behavior.

“How about it, Zhou Hao? Even if I stand here and let you fight me, you still won’t be able to defeat me. Hahahaha, surrender obediently, baby!”

Zhou Hao pondered. This Smith was really powerful. His physical strength was indeed extraordinary!

If he were to fight him head-on, Zhou Hao would definitely lose to him today!

Of course, if he used his quasi Heaven Realm cultivation, he would definitely be able to kill the other party in one strike!

However, that would be too suspicious!

Of course, it would be easy for Zhou Hao to defeat him. Smith’s physical body was very powerful, but he was afraid of mental strength attacks. It just so happened that Zhou Hao knew the power of Genesis Runes and

his mental strength was incomparably powerful. It was really easy for Zhou Hao to defeat him!

However, it was a pity to defeat him like this. His physical body was very strong and his close combat ability was also very powerful. It was just perfect for Zhou Hao to train his close combat techniques!

Thinking of this, Zhou Hao attacked. After all, Smith would not be hurt. Zhou Hao was very happy!

Zhou Hao was still very fast. He controlled his speed and started to run around Smith!

Although Smith was also very fast, he was not as fast as Zhou Hao. In other words, Smith could only be beaten by Zhou Hao and rarely had the chance to hit him!

“Damn, as long as I hit him once, I’ll be able to kill him!”

Smith roared in his heart!

Unfortunately, after Zhou Hao used the Golden Crow Escape Technique, Smith, who was not as fast, could not defeat him.

However, this guy's skin was rough and his flesh was thick. His Golden Body's defense was even shocking. Zhou Hao used all his strength but was still unable to deal with him.

This battle lasted for more than an hour and did not end. The people outside were extremely anxious!

In the beginning, Luo Li and the others were worried. After all, Smith was so powerful that even Luo Li had to avoid him!

However, as time passed, they became less worried. After all, since the two of them did not come out, it meant that they were still fighting!

Smith was so powerful that he could defeat Zhou Hao with a single strike. However, since he had not defeated Zhou Hao after such a long time, it probably meant that it wasn't going to happen.

That had basically become a certainty in this battle between the two martial artists!

On the other hand, Chris and the others were not worried at first. However, as time passed, they became more and more worried!

"Smith's combat strength is extraordinary, but his weakness is very obvious. He has combat strength, but his speed and mental strength are lacking. That brat Zhou Hao has always been cunning. He must have found a

way to deal with Smith!"

Little Robert had fought Zhou Hao before, so he knew very well how cunning Zhou Hao was!

He clearly could have insta-killed him, but he had used him to train his saber technique. How sick was that? How shameless was that?

"Could... could it be that... Zhou Hao is using Smith to train his body?"

At this moment, Little Robert exclaimed!

"Shut your mouth!"

Chris was furious. Although he did not want to think like this, judging from the current situation, this was probably the case!

Smith's combat style was simple and he had few methods. If he could not defeat Zhou Hao with his strongest ability, he would basically lose!

However, he did not understand why Smith would lose.

His body was so powerful. As long as he hit the other party, the battle would end!

They became nervous. On the other hand, Luo Li and the others were very relaxed. Especially the people who bet on Zhou Hao winning, they were becoming less and less worried!

As for the martial artists who had bet on Smith, they were somewhat starting to feel scared!

"Damn, what's Smith doing? Why can't he just kill that little thing with a single punch?!"

"That's right. Last time, he shattered half of my body with a single punch!"

"Then what's going on today? Did he lose? Or did he bet on Zhou Hao?"

Their expressions were very ugly as they could not help but say!

After saying this, everyone was dumbfounded!

However, the situation inside had already reached a climax. It could be said that he had tried all kinds of offensive methods!

However, this Golden Body was really powerful. Zhou Hao was still unable to resolve it!

Smith panted as he looked at Zhou Hao. He had long had enough and realized that this Zhou Hao was simply a demon. He was actually using him to train his movement technique and close combat ability!

In just a while, he had already tried hundreds of methods!

In the end, this brat was still so excited!

"Damn, stop, stop!"

Smith said directly and sat on the ground, looking at Zhou Hao angrily!

How the hell was he supposed to fight? This brat was so slippery that he couldn't even touch or hit him!

On the other hand, he had suffered countless punches. Even if he could not be damaged, it was still annoying!

Therefore, Smith directly forfeited!

Zhou Hao had a disappointed expression. He had yet to enjoy himself, so why did this big guy admit defeat?

At this moment, the System's voice sounded!

"Student Zhou Hao wins!"

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 494 - Another Challenge

Chapter 494 Another Challenge

Translator: Atlas Studios**Editor:** Atlas Studios

When this voice sounded, the people outside were stunned. They were somewhat surprised. How did Zhou Hao win?

At this moment, the door of the virtual cabin opened and Smith walked out angrily with an ugly expression!

Without saying a word, he left the Heaven Tower, leaving Chris and the others dumbfounded. They hurriedly chased after him.

On the other hand, when Luo Li and the others saw Zhou Hao come out, they all smiled and were very shocked.

Zhou Hao had indeed improved a lot. After all, he could even defeat Smith!

In this month, Zhou Hao's ranking directly advanced to 49th place!

It had to be known that this was the result of three months of hard work!

Zhou Hao's cultivation had also reached the fifth-grade supernatural level!

This speed was simply abnormal!

Other than training, Zhou Hao did not think about anything else. He focused all his attention on training and was naturally improving very fast!

However, on this day, the Battle God Battalion suddenly issued a notice!

An even deeper mutated beast territory had been opened for them!

The mutated beasts they were killing now were all on the periphery, and no one dared to rashly step foot into the depths!

After all, the weakest mutated beasts in the deeper areas were above the fifth-grade supernatural level!

Zhou Hao was the happiest to hear this news. It had to be known that as long as he was careful with his cultivation, he would be invincible against those below the Heaven Realm!

He could even kill Heaven Realm mutated beasts.

Therefore, it was best for him to go there to accumulate points and luck points

In the past three months, Zhou Hao had only accumulated 100 million luck points. It was really pitiful!

The main reason was that he did not kill any particularly powerful mutated beasts. Other than a few third-grade supernatural experts, most of them were supernatural experts or even grandmasters!

A mutated beast of this level was really too cheap!

Zhou Hao had now learned the Shadow Seven Sabers, the Green Wood Art, and the Great Yan Record. However, as Zhou Hao became stronger, he realized that these cultivation techniques were no longer compatible

with him!

On the contrary, he felt that the God Slaying Art and the Nine Revolutions Overlord Body Art were relatively good!

After all, increasing one's strength in an instant was the key to turning the situation around!

"If I want to become a body cultivator warrior, then my body has to be powerful. And if I want my body to be powerful... cultivation alone is not enough. I still have to change my physique!"

Zhou Hao took a deep breath and checked the shop in the Heaven Dao software. He suddenly saw Body Tempering Dew!

This thing was very expensive. One could only get one bottle for 10 billion. Fortunately, 10 billion was nothing to Zhou Hao, so he immediately bought it!

“Body Tempering Dew is condensed from the blood essence of the Four Divine Beasts. It can be used to temper the body. Only those above the Heaven Realm can directly absorb it. If one is below the Heaven Realm, it

needs to be diluted before being consumed!”

Zhou Hao looked at the instructions and nodded. Without saying a word, he prepared a bathtub and sat in it. Then, he dripped a drop!

After this drop entered the water, it directly turned into a pure energy that instantly entered Zhou Hao’s pores. That energy was very violent!

Zhou Hao nodded. He could still accept this strength, so he dripped another two to three drops. Only then did his expression change slightly. He could sense that the powerful strength within had reached its limit!

He wanted to see what’s so special about this bottle of Body Tempering Dew that costs 10 billion!”

Zhou Hao closed his eyes tightly and felt that this thing was tempering his body!

Soon, a large pile of black impurities appeared on his skin with a stench.

Zhou Hao knew that this thing was working!

It had to be said that the effect of this thing was really good!

However, slowly, when Zhou Hao thought that the tempering was almost done, he realized that the Body Tempering Dew’s effects had only just begun!

It burrowed into his limbs and meridians like a hammer-wielding worker and bombarded his limbs and meridians, instantly making the meridians stronger and wider!

His muscles and bones also experienced the same effects!

Not only was he able to get rid of the impurities inside, but his meridians, muscles, and bones were all being improved!

After waiting for three hours, Zhou Hao opened his eyes and suddenly felt his body lighten. His eyes were filled with shock!

“My body has been tempered by essence energy and has already reached more than 90%. However, under this Body Tempering Dew, I can still be tempered to such an extent. Looks like I was wrong to think that I

could rely on essence energy alone to temper my body!”

Zhou Hao pondered to himself. He understood that martial artists nowadays were probably different from the past. After all, this method of tempering was not the only way. In fact, essence energy tempering was not

the standard way to temper bodies for body cultivators!

Thinking of this, Zhou Hao hurriedly washed up and dressed!

He could not wait to find someone to give it a try!

And this person was naturally... Smith!

This big guy specialized in training his physical body. Zhou Hao could only tell if his physical body was powerful by colliding with the other party!

Therefore, Zhou Hao went straight to Smith without hesitation!

“Smith, I challenge you!”

Zhou Hao did not waste his breath. Smith was furious!

“You still dare to challenge me? You trash. All you know is how to run around. I don’t want to compete with you!”

After Smith failed the last time, he was so furious that he did not eat for days!

Zhou Hao smiled. “Smith, I can tell you that I’ll use my body to defeat you this time. I won’t escape. Let’s have a head-on battle. How about a true man’s battle?”

As Zhou Hao spoke, he issued a challenge letter. It was still 500 million!

Smith looked at Zhou Hao and pondered for a moment before saying, “Kid, are you up to anything?”

When Zhou Hao heard this, he immediately smiled. “Smith, why are you so timid?”

“What did you say? I don’t trust you Easterners at all. You guys are too scheming and evil. Who knows if you’ll try to win 500 million from me like last time?” Smith immediately said.

“Smith, if you say that, then you’re underestimating me. I can make an agreement. If I do what I did last time, the system will count it as my loss!”

As Zhou Hao spoke, he added this line in the challenge letter. He would not hide and fight Smith to the end!

Smith smiled widely when he saw this!

“Hahaha, alright, let’s begin!”

Without saying a word, the two of them arrived at the challenge room and entered it. Then, they put on their helmets and entered the virtual space!

“Zhou Hao, don’t regret it. Last time, you weren’t able to witness my true strength. This time, I’ll let you experience the terror of body cultivators!”

Smith clenched his fists tightly, emitting cracking sounds. His powerful aura was shocking!

However, Zhou Hao only smiled and nodded as he started to feel his body being condensed in the virtual space.

“Smith, since you’re so confident, take this!”

As Zhou Hao spoke, he jumped up and punched the other party!.

Chapter 495 - Area B

Chapter 495 Area B

Translator: Atlas Studios**Editor:** Atlas Studios

Seeing this, Smith immediately smiled and could not help but feel that this brat was really bold to dare to attack him.

He sneered and did not dodge. He instantly activated his Golden Body as if his entire body was embedded with gold!

Zhou Hao's eyes flashed. This was what he had been waiting for!

At this moment, Zhou Hao's fist smashed over. A powerful strength erupted and directly erupted out!

Smith did not care at first, but when the fist landed on his body, his eyes widened!

This strength... was too terrifying!

He was instantly sent flying by this punch and fell for five kilometers before stopping!

As for Zhou Hao, he stood where he had just been fighting and maintained the posture of punching out without moving!

Smith was stunned!

The strength of this punch was too freaking powerful!

It was simply different from two days ago!

Smith even felt that although this punch was not as powerful as his, it was still extraordinary!

"How... how did you do it? It's only... It hasn't been that long, how did you improve so much?!"

Smith's eyes and mouth widened!

Zhou Hao smiled. "How is it, Smith? I didn't disappoint you, right? If you want to know, defeat me and I'll tell you!"

Zhou Hao laughed and pounced forward again!

This time, they had agreed to meet force with force. Therefore, Zhou Hao did not use his speed and ran over!

"Come, Smith!"

Zhou Hao circulated his physical strength and directly attacked!

Smith felt his dignity being challenged this time and also said angrily, "Alright, I'll fulfill your wish!"

As he spoke, Smith roared and his physical strength exploded, raising a violent wind that smashed over!

A huge bang sounded directly and swept around with powerful strength!

This time, Zhou Hao retreated explosively for a hundred meters, while Smith only retreated three steps!

Zhou Hao smiled. Compared to last time, he had improved too much. Moreover, he had yet to use the God Slaying Art and the Nine Revolutions Overlord Body Art. With his current cultivation, he could already fight

Smith head-on. Although he was at a disadvantage, Zhou Hao was still very satisfied!

“Hahaha, satisfying. Again!”

Zhou Hao laughed. This time, he did not hold back and used the God Slaying Art and the Nine Revolutions Overlord Body Art. His cultivation exploded at this moment, and his aura spread!

Smith’s expression immediately turned ugly. He knew that Zhou Hao had a cultivation technique that could increase his cultivation. After all, this was not a big secret!

Moreover, it was not only Zhou Hao. Many students also had such a cultivation technique.

However, Zhou Hao had resisted his punch just now without increasing his cultivation. Now that his cultivation had soared, Smith also felt a sense of danger!

At this moment, Zhou Hao’s fist had already smashed over. A huge wind-breaking sound roared, incomparably powerful!

Smith also exerted his strength and directly attacked!

The battle lasted for more than ten minutes. Finally, Zhou Hao walked out with a smile!

Smith, who was behind him, stared at Zhou Hao in disbelief as if he had seen a demon!

“Zhou Hao, can... can you tell me how you cultivated your body to such a level in a short period of time? Could it be that you exchanged for some blood essence item to temper your body?”

Smith hurriedly stopped Zhou Hao and asked!

Zhou Hao smiled and nodded.

“Indeed, I exchanged for some blood essence items to temper my body.”

Hearing this, Smith understood. These blood essence tempering items were all expensive. As a body cultivator, he had only exchanged for one of them over the years. Moreover, it was a relatively low-level beast blood

essence. He simply wasn't able to afford the blood essence of a Heaven Realm beast or even the blood essence of an ancient race!

Zhou Hao was very happy to be able to defeat Smith physically!

His current movement technique and physical body were extraordinary. All he lacked was cultivation techniques!

Be it the Shadow Seven Sabers, the Green Wood Art, or the Great Yan Record, they were all fine at the quasi Heaven Realm. However, if he reached the Heaven Realm, it would simply not be good enough!

"Looks like I have to find a powerful cultivation technique that's suitable for me. In this way, I'll be perfect!"

Zhou Hao also had an idea.

Early the next morning, more than half of the students of the Battle God Battalion were taken away.

"The mutated beasts in Area B are even stronger than the mutated beasts in Area A. Therefore, you guys have to be careful when you enter later, understand?"

After saying this, the teacher in charge of bringing Zhou Hao and the other students to Area B let them in.

This group of students also directly entered Area B!

Although this place was very dangerous, the students of the Battle God Battalion were not trash. They had all gone through proper training. Although some of them were not at the Heaven Realm, they still had the

ability to escape even if they were facing a Heaven Realm expert!

Compared to the supernatural or Heaven Realm experts of the Green Cloud Division, the quality of the Battle God Battalion students was simply several levels higher!

It was not an exaggeration to say that a first-grade supernatural expert from the Battle God Battalion could instantly kill any first-grade supernatural expert outside!

This... was the Battle God Battalion!

It was even to the extent that these were only ordinary martial artists of the Battle God Battalion. Some of the more powerful students could even challenge those at a higher level!

Moreover, their equipment was ranked at the top of the world. Therefore, even if they came here, it would still not be dangerous!

Zhou Hao was good at fighting alone, so he directly separated from the main group and left alone.

Many people were the same as Zhou Hao. After all, the students of the Battle God Battalion were all trying to rise in the points rankings and they all accumulated points alone. After such a long time, their combat

strength was very strong. Moreover, they disdained cooperating with others!

Zhou Hao hid in Area B with a nervous expression.

There were all quasi Heaven Realm beasts and Heaven Realm beasts here. It was better to be careful!

At this moment, Zhou Hao suddenly saw a huge lizard in the distance!

Zhou Hao frowned. This was a Dragon Scale Lizard!

Its strength was comparable to a quasi Heaven Realm expert and was very powerful!

If Zhou Hao could use his quasi Heaven Realm cultivation, it would be extremely easy for him to kill it. However, at this moment, he still did not know if anyone was watching this place. If he was exposed, it would be

bad!

Therefore, Zhou Hao felt a little heartache when he saw that he could not kill such an easy target.

He sighed and turned to leave!

But at this moment, a wave of air suddenly exploded beside him, making Zhou Hao stunned!

He hurriedly looked around and did not see anyone!

Zhou Hao was puzzled, but in the next second, his expression turned ugly!

Although the huge gas did not harm him, it still alarmed the Dragon Scale Lizard!

At this moment, it was already looking at him coldly with its blood-colored eyes!

At this moment, Zhou Hao felt depressed!.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 496 - Lingtian Battle God

Chapter 496 Lingtian Battle God

Translator: Atlas Studios**Editor:** Atlas Studios

Zhou Hao was extremely depressed and wondered who this bastard was!

Wasn't this a scam?!

If not for this person, he would have been able to leave safely. However, because of this person, he had been discovered!

Zhou Hao was furious!

Of course, there was also something that Zhou Hao could not accept the most. He clearly had the strength to instantly kill this mutated beast, but he knew that there were people around. Therefore, Zhou Hao did not

dare to reveal his true strength!

Another problem was that since the other party could appear here and alert the mutated beast without him knowing, his cultivation level was clearly not low!

Thinking of this, Zhou Hao's expression turned slightly ugly, thinking to himself that this bastard was really cunning!

However, the Dragon Scale Lizard had already discovered him, so Zhou Hao could only leave!

Therefore, when the Dragon Scale Lizard looked at him, Zhou Hao had already rushed away!

His speed was very fast, but the Dragon Scale Lizard was even faster!

The Dragon Scale Lizard was famous for its speed. At this moment, it had spotted Zhou Hao and naturally wouldn't let him off. Its body rushed over with a whoosh, opened its bloody mouth, and bit towards Zhou Hao!

Zhou Hao was furious. He could only take out his saber and use the Shadow Seven Sabers.

Immediately, saber shadows exploded in the sky. They were so fast that they directly landed on the Dragon Scale Lizard!

However, although the fifth-grade supernatural level Shadow Seven Sabers Zhou Hao used was powerful, it was still not enough to kill the Dragon Scale Lizard!

At this moment, the dragon scales on the other party's body seemed to have turned into steel, directly blocking this saber shadow.

Its huge tail emitted an extraordinary speed as it tore through the air and directly rushed towards Zhou Hao!

"Damn!"

Zhou Hao cursed secretly and was furious. However, there was nothing he could do. At this moment, if he hid his strength, he would be killed!

Therefore, at this moment, Zhou Hao could no longer care about hiding his strength. His cultivation directly exploded, and his powerful quasi Heaven Realm cultivation rumbled. Then, he snorted coldly and waved his

hand at the huge Dragon Scale Lizard. Immediately, lightning beams filled the sky and struck the head of the Dragon Scale Lizard.

The Dragon Scale Lizard did not care at all, but when the powerful lightning power landed on its head, its eyes widened in fear!

Perhaps even until its death, it still did not understand why a human martial artist who was only at the fifth-grade supernatural level would suddenly erupt with strength comparable to a Heaven Realm expert!

At this moment, it no longer had the chance to think clearly!

After the lightning rays fell from the sky, its body instantly turned into ashes!

In an instant, it died on the spot!

In a hidden corner, a figure saw this scene and was stunned for a moment before smiling.

“Little guy, so you’re hiding so much strength. No wonder you’re such a genius. So... that’s how it is!”

This person smiled, and his body moved, disappearing from his spot!

The moment Zhou Hao killed the Dragon Scale Lizard, his body rushed forward, prepared to leave.

However, just as he was about to leave, he was shocked to discover that there was a man standing above him!

This man was dressed in a black martial artist suit, had dark hair, and a cold face. He looked down on the world!

Most importantly, Zhou Hao could not see any cultivation fluctuations.

He stood there as if he had fused with the world. It was as if he was the heavens and the earth!

Zhou Hao looked at this scene in horror, his eyes widened in disbelief!

The aura of the person in front of him made Zhou Hao want to resist him!

“This person... is so powerful!”

Zhou Hao swallowed and looked at this person vigilantly!

If he guessed correctly, this was the person who had alerted the mutated beast just now!

Zhou Hao looked at this person, and the other person also looked at Zhou Hao.

“You’re Zhou Hao?”

After a long time, the black-clothed man said indifferently. His voice was deep and powerful. As he spoke, all the sound in this space disappeared, as if everything else had been suppressed by his aura and turned into a

vacuum!

As soon as he spoke, Zhou Hao knew that this person must be an expert. He had an extremely ugly expression. However, he did not dare to act rashly and could only nod his head.

“That’s right. I’m Zhou Hao. May I know who Senior is?”

Zhou Hao knew that he could not see through this person's cultivation. However, he still knew that the other party was at least at the twelfth-grade Heaven Realm or even higher. It was even possible for the other

party to have surpassed the Heaven Realm and be at the Saint Realm!

"Hehe, interesting. I didn't expect you to not know who I am."

The uniformed man smiled and said in surprise.

"Uh... am I supposed to know who Senior is?" Zhou Hao was a little puzzled and could not help but ask.

"Not really, but as a member of the Battle God Battalion, you actually failed to recognize me. This shows that you still haven't done your homework."

The black-clothed man smiled and did not say much, but Zhou Hao could still tell what he meant.

This person must be very famous!

At the very least, he was very famous in the Battle God Battalion!

Zhou Hao looked at him carefully and was surprised to discover that this person's aura was too powerful. Even Battle King An did not have this aura!

Could it be...?

Could it be...?

Did he encounter one of the two Battle Gods today?

Zhou Hao felt his breathing quicken. This was one of the strongest humans in the world!

It was even to the extent that no one dared to say that they were stronger than this person!

Thinking of this, Zhou Hao's breathing quickened. He could not help but ask, "Senior, you're one of the two Battle Gods, right?"

The black-robed man was stunned for a moment before smiling.

"I just said that you didn't do your homework, but I didn't expect you to be so smart. You guessed it immediately. That's right, I'm Battle God Lingtian!"

The black-clothed man admitted. The moment he introduced himself, Zhou Hao's eyes widened in surprise!

There were a total of two Battle Gods in this Battle God Battalion!

One was Battle God Lingtian!

The other was Battle God Shengwu!

The two of them were the strongest people in the world. Zhou Hao did not expect to encounter a Battle God when he was only hunting mutated beasts in Area B!

If this got out, it would definitely be recorded in the history books!

"Student Zhou Hao greets Battle God Lingtian."

Zhou Hao hurriedly bowed deeply. This person was basically the strongest expert in the world. Zhou Hao did not dare to neglect him!

Battle God Lingtian looked at Zhou Hao and narrowed his eyes slightly. With curiosity, he said, "I've always been curious as to why Zhou Hao of the Battle God Battalion is such a genius. After seeing you today, I

understand that you're even more of a genius than we know!"

"You're only 20 years old and already have a quasi Heaven Realm cultivation. Moreover, your essence energy body has been tempered to 80%. You're really too monstrous. Zhou Hao, you really surprised me!"

"However, should I call you Zhou Hao, or should I call you... Senior Zhou?"

As soon as the other party finished speaking, Zhou Hao's expression instantly changed..

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 497 - Confirmation

Chapter 497: Confirmation

Should I call you Zhou Hao...

Or should I call you Senior Zhou...

The meaning of Battle God Lingtian's words was very easy to understand.

Zhou Hao was incomparably shocked as he looked at the other party in disbelief!

Other than him, no one knew that he was Senior Zhou. However, this Battle God Lingtian had instantly seen through his identity. It really shocked him!

However, now that the other party knew his identity, Zhou Hao also knew that the other party definitely knew that he had grasped the power of the Genesis Rune. Therefore, Zhou Hao had already taken a step back without leaving a trace and quietly circulated his cultivation technique, prepared to escape at any moment!

"Do you think you still have a chance of escaping in front of me? Even if you can, do you think you can escape anywhere in Huaxia? In fact, I don't think you would be able to find a place to escape to on the entire Planet Earth."

Battle God Lingtian said indifferently. His expression was indifferent, as if he was saying something insignificant.

However, Zhou Hao knew that he was right. There was probably no place on Planet Earth that could run to!

Even if he escaped to the ends of Planet Earth, it would still probably be useless!

Zhou Hao took a deep breath and looked at Battle God Lingtian before saying, "Battle God Lingtian, I don't know what you mean."

"You don't know?"

After the Lingtian Battle God heard this, he immediately smiled.

"You actually don't know what I mean? Zhou Hao, you're not being honest with me."

Battle God Lingtian looked at Zhou Hao and said indifferently. He seemed to be in no hurry and looked at Zhou Hao with interest before continuing.

"Zhou Hao, I know all your information, including Senior Zhou's. Although I don't know why this Senior Zhou

appeared out of nowhere without any useful background information, I know everything there is to know about him. I know when he appeared, where he appeared, and what he's been through."

"Actually, Shengwu and I have long reached the conclusion that this Senior Zhou is actually a rising star. Although he has a quasi Heaven Realm cultivation, based on the various signs, we can tell that he has only just joined the martial path."

"Shengwu and I are actually very surprised to come to this conclusion. To be able to reach such a level, a cultivator would require at least 25 years. However, this Senior Zhou was actually able to suddenly appear with such powerful cultivation. There's something wrong with this in itself"

Battle God Lingtian spoke tirelessly as if he was telling a story, making Zhou Hao's heart feel even heavier.

"And you, Zhou Hao, I've also investigated your information. In high school, you weren't even a martial artist. In just a few years, you've changed to this extent. You can already be considered a genius. However, that alone was enough for me to suspect you. After learning that you joined the Battle God Battalion, my understanding of you has also deepened. Only then did I finally realize that there must be something wrong with you!"

"And after seeing what I saw today, I can also confirm that the doubts in my heart have finally been resolved. This Senior Zhou is none other than you, Zhou Hao!"

"Of course, you can deny it, but I have evidence to prove that you are. However, that's not important. I don't care who you are..."

When Zhou Hao heard this, he was stunned for a moment.

"You don't care? You don't care who I am? Battle God Lingtian, since you've already said so, why did you still come out and expose my identity? Can't you let me continue to stay hidden?"

Zhou Hao was somewhat speechless.

Of course, Zhou Hao could tell from Battle God Lingtian that he probably did not want to kill him!

Otherwise, he probably would have attacked long ago and would not have delayed until now!

"You can still continue to stay hidden, but there's no need for that in front of me. Moreover, I also know what you're worried about. It's nothing more than the power of Genesis Runes, right?"

Battle God Lingtian ?? directly got to the point, shocking him on the spot!

“You don’t have to be too surprised. Although there are many opinions about the power of Genesis Runes, most of them are all biased. Although I’m not too sure what the consequences will be for the power of Genesis Runes, I do know that it was just your fate to encounter it. I have no right to interfere with your fate, nor am I interested in interfering!”

Lingtian Battle God smiled, looking like he did not care at all.

“Not interested? Battle God Lingtian, I don’t understand. The power of Genesis Runes is called the power of evil. Aren’t you afraid that I’ll destroy the world?”

Zhou Hao immediately said. This was what everyone was worried about.

“Destroy the world? Haha, interesting, interesting. If that day really comes, I’ll be very happy to see it. However, for the current you, you don’t have this power at all!”

“Moreover, at that time, you won’t be able to destroy the world. I’ll destroy you myself before anything like that happens.”

Battle God Lingtian was incomparably confident. When he said this, his expression was still calm!

How powerful was this person to say such confident words?!

Zhou Hao was deeply shocked and did not dare to believe it!

“One more thing. Although I’m not interested in the power of Genesis Runes, there are still people who are interested. Even I can’t afford to offend those people. Therefore, you still have to hide your Genesis Rune power well.”

“I didn’t have any other reason for coming here to meet you today. I just wanted to confirm my thoughts for me and Shengwu and figure out the relationship between you and Senior Zhou.”

“There’s also the matter of the ancient ruins. The ancient ruins are about to open. You have to be prepared!”

After saying this, Zhou Hao's expression changed slightly!

The ancient ruins were about to open!

This was a big matter!

“Battle God Lingtian, you said that the ancient ruins are about to be opened?” Zhou Hao hurriedly asked.

“It will be opened soon, so I want to confirm if everyone is qualified to go to the ancient ruins!”

Lingtian Battle God did not hide anything.

“Qualification? Wasn’t it confirmed?” Zhou Hao was puzzled and could not help but ask.

“The qualifications have indeed been confirmed, but I still feel that I have to personally go and make sure. The Ancient Ruins is a huge matter. There can’t be any mistakes.”

“The ancient ruins of the human race have always been a huge secret that can only be grasped by us humans. Once foreign races enter, the consequences will be unimaginable. Therefore, I have to check everyone who is on the list!”

Zhou Hao finally understood what Battle God Lingtian meant.

“However, you don’t have to worry. You’re the main force this time. Given that there is a restriction that only allows those below the sixth-grade Heaven Realm to enter, your cultivation will definitely be useful!” The Lingtian Battle God ?????????????? smiled.

“I see...”

Zhou Hao nodded. He was actually still somewhat nervous about whether he could enter the ancient ruins. However, after hearing the Lingtian Battle God’s words, he heaved a sigh of relief.

Chapter 498 - Challenging Chris

Chapter 498: Challenging Chris

Zhou Hao did not know why Battle God Lingtian would let him into the ancient ruins. After all, the other party already knew that he was Senior Zhou!

Moreover, he was someone who had learned the power of Genesis Runes. Was he really not worried at all?

Zhou Hao was very curious, but he still understood why Battle God Lingtian did what he did!

He wanted him to enter the ancient ruins!

However, he still did not know what the other party was hiding from him.

“Alright, Zhou Hao, I don’t have anything else to say. The notice will be sent to you in a few days.”

After Battle God Lingtian finished speaking, his body soared into the sky. Zhou Hao looked at his departing figure and was completely relieved.

Zhou Hao did not understand why Battle God Lingtian did not care about his identity as a Genesis Rune Master. However, since the other party did not care, it also meant that Battle God Shengwu did not care either!

In that case, he did not have to worry about them dealing with him!

However, Zhou Hao was still a little worried about that guy!

That person who even Battle God Lingtian did not dare to offend.

That person was the one who wanted to destroy him!

As for who it was, Zhou Hao had some guesses!

After killing some more mutated beasts in Area B, Zhou Hao left Area B and his ranking reached the top 50.

His points in the Heaven Tower had also reached 2.6 points!

This score was already comparable to the points of some quasi Heaven Realm experts. Therefore, Zhou Hao’s ranking was naturally getting higher and higher!

“Aiya, Zhou Hao, you even surpassed me. Compared to you, I’m really a failure!”

Recently, Luo Li had been feeling somewhat jealous when she saw Zhou Hao. This guy’s talent was too good. It had only been a few months, but he had already achieved what she took two years of training to achieve.

This made her feel that she was like trash compared to Zhou Hao!

Zhou Hao did not care about this at all. Hearing Luo Li’s words, he could only smile.

“Zhou Hao, I heard that Chris wants to challenge you?”

Song Kun returned to the villa at this moment and asked Zhou Hao.

Hearing this, Zhou Hao remembered that Chris had also challenged him!

If not for Song Kun, he would have forgotten about this!

This Chris had played so many tricks on Zhou Hao. It seemed that the other party also couldn't resist challenging Zhou Hao!

Zhou Hao decided that he might as well use this opportunity to teach this brat a lesson before going to the ancient ruins. By doing so, he could also take back his compensation for being harassed by the other party in the past few months!

This time, Chris had made up his mind. Seeing Zhou Hao's ranking get closer and closer to his, he became

more and more uneasy. Therefore, while Zhou Hao was still behind him, he planned to 'repay' him well!

At this moment, Chris was somewhat anxious and uneasy in his villa!

Last time, Zhou Hao was basically able to deal with all his methods. For no reason, Zhou Hao had gained 10 billion from the challenges!

This made him very furious!

Only then did he make up his mind and prepare to have a good duel with him!

"I am ranked at the 30th place, and my cultivation is at the ninth-grade supernatural level. He's only at the fifth-grade supernatural level. I'll definitely win!"

Chris cheered himself on. However, at present, it seemed that Zhou Hao was always able to defeat those at a higher level than him. He was simply too powerful! Chris couldn't tell if Zhou Hao would still be able to keep this up in the next challenge.

Moreover, the bet this time was also very big. It was a total of 10 billion!

Paul losing the 10 billion was a huge loss. Although it would not be as big of a deal to Chris, Chris still did not want to lose it for nothing!

"Chris, do you regret it? I also think you're being rash. Although you're angry about Jenny, don't you think it's a bit rash for you to challenge Zhou Hao? He's in the top 50 now and is not far from you in the rankings!"

Paul had long stopped thinking about revenge. It was not that he did not want to, but he did not have the ability!

This Zhou Hao was too damn powerful. He was no match for Zhou Hao at all. If this continued, he knew that he would one day completely offend Zhou Hao!

Originally, with Chris as his backer, he did not think much of it!

However, he now felt that Chris, his backer, was about to be done for. Naturally, he was completely afraid!

He even felt that Chris was no match for Zhou Hao!

He only thought this way because Zhou Hao had created too many miracles. Moreover, the fact that he had accepted Chris's challenge this time meant that he was confident!

Thinking of this, Paul felt worried for Chris!

"You jinx. Can't you say something good?"

Chris was furious. He was already worried enough, but this guy was still nagging at him. How annoying!

"I want to say something good, but the situation is really not that optimistic. Chris, why don't... we give up? It's better than losing!" Paul suddenly said. "What did you say? You want me to give up?"

When Chris heard this, he was furious!

What kind of friend was this? How could he tell him to admit defeat?

He was the one who had issued the challenge. If he admitted defeat, wouldn't he become the laughing stock of the Battle God Battalion?

"Even if I have to lose and humiliate myself, I won't admit defeat!" Chris immediately said before leaving for the Heaven Tower!

The competition was agreed to be held at noon!

Zhou Hao arrived at the virtual cabin early as usual and lay on the sofa, waiting for his opponent with his helmet.

Not long after, the virtual cabin was opened and Chris walked in.

The moment he saw Zhou Hao, he snorted.

However, he did not say anything and also put on his helmet!

Their figures were also displayed in the virtual world.

Outside, many people came to the venue as they wanted to know the results of the competition as soon as possible!

Everyone had been looking forward to this battle for a long time!

The ongoing conflict between Zhou Hao and Chris meant that they would have a true battle sooner or later!

“Who do you think will win this time?” Many people outside guessed.

“I think it should be Chris. After all, his family has a noble bloodline and even essence techniques. He even has a special Liquid Physique!”

“Liquid Physique? That physique that flows like the speed of light?”

Hearing this, many people exclaimed!

This Liquid Physique was what Chris’s family was known for!

The Chris family was most proficient in speed. They had a special physique known as the flowing Liquid Physique!

This physique was very, very powerful and was incomparably fast. In fact, even ordinary cultivation techniques could not provide such speed. Coupled with its special physique cultivation technique, one would simply be as fast as lightning!

It was because of this unique movement technique and speed that Chris had successfully reached the top

Moreover, he was also a genius in his family and had awakened his bloodline very well. Even his father was far inferior to him!

With such an innate advantage, it was really difficult to imagine that Chris would lose!.

Chapter 499 - Mean

Chapter 499 Mean

Liquid Physique!

In the current world, there were very powerful physiques. Just like Xu Ling's Ice Muscle Body, these physiques were all activated by one's bloodline!

They also had an absolute advantage!

However, this was not always the case! Sometimes, bloodline power was simply useless. On the contrary, hard work would allow one to reach a height that others could not compare to!

Everyone knew that this was the law of the martial world!

Although that was the case, talented people were just as hardworking as ordinary people. Moreover, in this case, Chris was even a student of the Battle God Battalion!

In this place, it was useless to have talent alone. After all, there were many people with good talent. One also had to be hard working!

Otherwise, you wouldn't be able to enter the Battle God Battalion!

Therefore, everyone present felt that Chris had a better chance of winning the battle!

It was not only his current strength, but also his bloodline talent and his identity as a member of his family!

Chris's family was a martial arts family in the West. It was comparable to a large family like the Xu family and was even much stronger than the Xu family! "I still think that Chris will win. We all know his strength. Although Zhou Hao is a genius, geniuses can't be invincible, right?"

"That's right... I think so too. We saw Zhou Hao's growth, but it's still impossible for him to defeat Chris!"

These people spoke secretly, but someone could not help but say.

"Under normal circumstances, he definitely won't be able to defeat Chris. However, Zhou Hao is good at creating miracles!" "That's right. Paul, Little Robert, and Smith are all stronger than Zhou Hao, but what about them? Didn't they all lose?"

After saying this, many people nodded. This was also the truth. Zhou Hao was indeed a person who created miracles!

Didn't all these people who were stronger than him lose to him?

Which one of them was not stronger than Zhou Hao? Although they were not as powerful as Zhou Hao now, they were still stronger than him when they challenged him!

They had not thought highly of Zhou Hao in any of the many matches, but Zhou Hao had always won. This was the truth!

This fact was enough to shut everyone up!

In the virtual cabin, Zhou Hao and Chris appeared and looked at each other.

Chris's face was cold as he could not help but say, "Zhou Hao, I've been looking forward to this battle for a long time. This time, I'll trample you under my foot!"

Although Chris was afraid of directly provoking Zhou Hao, no one could say anything about an open challenge! Moreover, even if he was afraid of provoking the other party, so what? He was still allowed to be dissatisfied.

Moreover, he felt that Zhou Hao had stolen his woman. This naturally made him furious!

"Alright, let's begin!"

Zhou Hao could not be bothered to waste his breath. He hated Chris. For so long, this guy had always been looking for trouble with him!

It could be said that since entering the Battle God Battalion, all the trouble had been caused by Chris. Zhou Hao had also been aware of this for a long time!

It was just that he did not really care about Chris.

However, since he had challenged Zhou Hao today, Zhou Hao would not hold back!

Chris snorted and took out his spear!

Although he was a Western warrior, he still liked to use the Huaxia spear the most!

This weapon was long and destructive, making him love it dearly!

Combined with his super speed, it was really like adding wings to a tiger!

Zhou Hao narrowed his eyes. He did not expect the other party to be a spear user.

Zhou Hao also had a spear, the Black Dragon Spear!

However, he could not use it in this situation. Therefore, he still planned to finish him off with a saber today!

With the spear in hand, Chris's aura immediately changed!

His powerful aura immediately spread out!

It was sharp and like an unsheathed sword that was destined to pierce through the heavens!

Zhou Hao saw this and nodded in his heart. He thought to himself that although Chris was annoying, he still had strength. Moreover, he was very powerful! At the very least, his spear technique would be superb!

As for the Liquid Physique...

Zhou Hao knew about it, but he still wanted to witness it for himself!

He wanted to find out how the other party's speed would compare to his.

Zhou Hao held the saber in his hand with a calm expression.

Chris looked at Zhou Hao and snorted. "Zhou Hao, I know you very well. Your body is very strong, your speed is very fast, and your saber technique is also superb. However, all of this is useless. With the enhancement of my Liquid Physique, you can't even touch the corner of my clothes. You can't defeat me at all!"

Zhou Hao looked at him and said, "Is that so? Then let me witness this Liquid Physique of yours!"

As soon as Zhou Hao finished speaking, Chris immediately smiled. His entire body emitted a strange aura. He stood there and seemed to have become illusory!

Zhou Hao was stunned for a moment. Suddenly, he felt a dangerous aura.

Without saying a word, Chris immediately shot out!

It was also at this moment that Chris's figure appeared in front of Zhou Hao. His spear pierced through the spot where Zhou Hao had just been!

Zhou Hao was shocked. He looked up and saw that Chris's body in the distance was already gradually disappearing. What appeared in front of him was his true body! "What speed. He actually left behind an afterimage on the spot while he was attacking with his true body. This Liquid Physique is actually so powerful!"

"If not for my powerful mental strength, this move just now would have been enough to kill

me!"

Zhou Hao was shocked, thinking to himself that this Liquid Physique was really powerful and its speed was shocking!

“You dodged it? Zhou Hao, looks like you’re very powerful too!”

Chris narrowed his eyes and was also somewhat surprised. He had used this move many times just now. It could be said that he had always been successful. However, he did not expect Zhou Hao to be able to dodge it!

Zhou Hao smiled faintly and ignored him. Instead, he held his saber and directly spread out saber beams that filled the sky, taking the lead to attack!

“Too slow!”

Chris shook his head. After his body emitted a strange fluctuation, he turned into an afterimage!

His figure appeared in various places, leaving behind afterimages. Zhou Hao knew that this was because he was too fast.

Seeing these afterimages, Zhou Hao was still very surprised. However, he still did not think much of it!

It was not because of anything else, but because of Zhou Hao’s powerful mental strength!

Just because he could not see the other party with the naked eye, it did not mean that he could not sense it. It was just like how some blind martial artists were still able to fight. They relied on their powerful mental strength!

His eyes could even be deceived, but his mental strength perception could not be wrong!

Zhou Hao looked at Chris and suddenly had a cunning idea.

“Cough cough, I’m not trying to be mean... but since he’s so fast, he can help me train my mental strength!”

Zhou Hao blinked and retracted his saber. At this moment, he directly closed his eyes. Immediately, his mental strength filled the sky and spread out in all directions, covering most of the space!

At this moment, Chris’s true body was directly displayed in his perception. He saw Chris holding a spear with a teasing smile.

Chapter 500 - There's No Absolute Fairness

Chapter 500 There's No Absolute Fairness

After sensing Chris, Zhou Hao also smiled.

On the other hand, when Chris saw Zhou Hao like this, he had a puzzled expression. He did not understand what was wrong with Zhou Hao!

How could he close his eyes when fighting him? He was simply too arrogant!

"Hmph, what an act!"

As he spoke, his body disappeared, but the spear beam spread out and stabbed fiercely at Zhou Hao!

Zhou Hao closed his eyes and sensed his fluctuations, making him even more focused. The map of his mental world also became clearer!

"That's right. I rarely use my mental strength to fight others. This is a chance for me to officially train. Although I have very powerful mental strength, it's still a little difficult for me to use it. I'll use Chris today to temper it well!"

Zhou Hao sensed the spear beams that filled the sky and began to dodge. In the beginning, it was still a little difficult. However, as his control of mental strength became more and more exquisite, it also became easier!

Chris's expression turned even uglier. At first, he could sense that Zhou Hao was struggling. Although Zhou Hao could dodge the attack, it seemed especially difficult. But now, for some reason, he suddenly felt that Zhou Hao was becoming more and more relaxed!

"This brat... is training his mental strength!"

Chris was furious. This Zhou Hao was really a bastard. At this moment, he still wanted to take advantage of him!

Chris was completely crazy. Without saying a word, he directly used his strongest technique, the Flowing Cloud Spear Technique! As soon as this spear technique appeared, countless sharp beams immediately appeared in the world!

These sharp spear beams all carried the full strength of a ninth-grade supernatural expert!

When Zhou Hao saw the countless spear beams appear, his expression also changed slightly. Without saying a word, he directly activated the God Slaying Art and the Nine Revolutions Overlord Body!

His cultivation also directly increased to the ninth-grade supernatural level!

The moment this aura erupted, Chris's expression turned ugly!

He knew that Zhou Hao had a way to increase his cultivation. Moreover, he also knew that he would not be able to rely on his cultivation to defeat him!

He needed to defeat Zhou Hao with his speed!

After all, if two people with similar cultivation wanted to win, one party needed to have an overwhelming advantage in one aspect!

Speed had always been Chris's advantage!

Therefore, he was not worried. He waved the spear in his hand!

As for Zhou Hao, he held his saber and fought him head-on!

"Zhou Hao, your combat strength is not weak, but you still think you're able to keep up with my speed? Dream on!"

He snorted coldly and could not be bothered to waste his breath. He directly used his full strength, and his body turned into numerous afterimages! "Is that so?"

Zhou Hao smiled and wondered if the other party really thought that he was that fast.

Zhou Hao activated the Golden Crow Escape Technique. Not only that, but he also used the power of the Genesis Rune to increase his speed, allowing himself to become faster. Although he could not compare to Chris, he could still barely keep up!

This scene frightened Chris!

"Your speed... your speed..."

Chris was shocked!

He did not expect Zhou Hao to be able to keep up with him!

Zhou Hao smiled. "Chris, your combat strength is similar to mine. I can also catch up to the speed you're so proud of. Therefore, you can't defeat me!"

When Chris heard this, he also snorted!

“Hmph, don’t even think about beating me!”

When Zhou Hao heard this, he laughed even more!

“You’re wrong! After all, I have an advantage over you in one aspect!”

“What?”

When Chris heard this, his expression changed drastically!

At this moment, Zhou Hao directly put away his saber. His body instantly erupted with powerful blood essence power!

This blood essence power directly spread throughout the entire space, carrying absolute strength as it squeezed out this space!

“I... am also a body cultivator!”

As he spoke, Zhou Hao punched out, creating a wind-breaking sound that condensed into a storm that rushed towards Chris!

Chris’s expression was filled with fear and disbelief!

“You... you... you actually... How could this be? Smith said he surrendered because he wasn’t able to hit you. It’s not because his body is inferior to yours. How could you be a body cultivator and have such a powerful body?!”

Chris was completely shocked! “Didn’t Smith tell you that I defeated him with my physical strength a few days ago?” Zhou Hao sneered. Smith would definitely not say anything because he was the one who got defeated. How could he say anything? Chris’s expression was extremely ugly. He did not know that Zhou Hao had this ability!

After Zhou Hao put away his saber, his combat strength was finally revealed!

His body was the best weapon. In addition, his speed was not inferior to Chris’s. Chris was unable to directly resist Zhou Hao!

This was because after putting away the saber, Zhou Hao’s attacks became even more agile. Be it his hands, feet, or elbows, they were all attack weapons!

How could a mere spear resist it?!

After a few rounds, Chris had already spat out blood. He was no match for Zhou Hao at all. He fell heavily to the ground, and the web between his thumb and index finger was torn. He could not even hold his spear!

“Why... why... why is this...”

“Why are you so powerful? Who the hell are you? I’m a genius from a powerful family”

“I’m an elite among the elites of the Western martial artists. You don’t have a background or a family. On what basis are you stronger than me?!”

At this moment, Chris went completely crazy. He did not understand why this person kept going against him!

Moreover, why was he so powerful?!

He could not understand!

He even felt that it was unfair!

He was a genius and a descendant of a large family. When he was young, he had countless resources for his cultivation!

However, why was this person stronger than him?!

This was not fair!

Zhou Hao looked at him and could understand him very well. If not for the Heaven Dao software, he would not have reached his current cultivation level. He sighed. It was definitely unfair.

However, this was the world!

Was it fair to others to be born in such a family?

The world’s fairness was relative. Just like how Chris was born in such a family, he also had an unfair advantage. After all, his starting point was much better than others!

The world was unfair!

However, what was fair was that everyone’s hard work could change their fate. This was fair!

A large part of his strength was still because of his hard work!

However, this was their reality. Might makes right. There was no such thing as fairness!

When one enjoys superiority, they never talk about fairness!

Only when one suffers setbacks do they talk about fairness!

This was what the world was like!
