## Chapter 501 - Destroying His Spirit?

*Chapter 501 Destroying His Spirit?*

Zhou Hao sighed and looked at Chris.

“Chris, I want to ask you, what does fairness mean to you?”

After asking this question, Chris was stunned for a moment and looked at Zhou Hao fiercely! “What do you mean?!” He roared.

At this moment, he was no longer a threat. He was already unable to defeat Zhou Hao. As long as Zhou Hao was willing, Zhou Hao could defeat him at any time!

However, before that, Zhou Hao wanted to tell him something!

A person who lived in such a family with such a background and enjoyed superiority that others could not enjoy in their entire lives should not talk about fairness. That would be too hypocritical!

“You can’t answer? Alright, let me ask you this then!”

Zhou Hao crossed his arms and looked at him coldly.

“When you were born in a rich family and enjoyed the advantages of your family, did you ever think about fairness?”

“When you had the supernatural bloodline power and awakened a special physique, did you ever think of fairness?”

“When you have absolute authority to control the life and death of ordinary people and can order so many people to work for you, have you ever thought of fairness?” “Have you ever thought about this? You enjoy these advantages and things that others don’t have. But did you ever think about fairness?”

Zhou Hao’s words were like a bolt of lightning that pierced through Chris’s heart, making him stunned!

“It’s true that you have this talent and strength. It’s also true that you have resources and authority that others don’t. However, have you ever thought about what this has to do with you? Did you obtain this yourself or did your family give it to you?”

“In the end, you’re nothing. You’re just like an ordinary person. You’re nothing special. It’s only because you enjoy what others can’t get that you’re used to it. At this moment, have you ever thought about how unfair other people’s lives are?”

Zhou Hao sneered with a mocking expression.

“Also, you’re too arrogant. Do you think that just because you’re from a rich family, have talent, and the power of your bloodline, you can act so presumptuously? When you were young, you were superior to everyone. Does that mean that you’re destined to step on everyone in your life?”

“How laughable. Chris, you still don’t understand. Without your family, you’re nothing. I know that you think that just because you’re a genius at a young age and have abundant resources, you can look down on everyone else. At the very least, you think that you can look down on those who don’t have the same background as you, right?”

Zhou Hao’s eyes were filled with disappointment. He had seen too many people like Chris!

This was a classic hypocrite with a double standard!

“You have never experienced the distress of an ordinary martial artist with no special bloodline or even the frustration of an ordinary person who is unable to become a martial artist!”

“You have never experienced the hardship of accumulating points to exchange for cultivation techniques!”

“You have never experienced the struggle other people go through just to survive!”

“You haven’t experienced any of this before. Who are you to say that it’s unfair?”

Zhou Hao looked at Chris and said indifferently.

Although he did not have the qualifications to say these words as well, Zhou Hao did not look down on other people the way Chris did. Zhou Hao’s words exploded in Chris’s ear like a thunderclap!

To be honest, he had never thought about the things Zhou Hao just said!

He only knew that he could get whatever he wanted. For him, cultivation techniques and money were too easy to obtain!

All he had to do was work hard on his cultivation!

However, he did not understand why he was still inferior to Zhou Hao despite having so many advantages!

Zhou Hao saw that he was in a daze and sneered.

“Chris, I hope you can remember what you said today. It’s fine even if you don’t remember. That will be your own problem. However, if you keep looking down on people, I can tell you that you’ll definitely regret it one day!”

Zhou Hao looked at him and a saber appeared in his hand. He raised his saber and slashed down!

Outside, everyone was waiting anxiously. At this moment, the cold system voice sounded.

“Student Zhou Hao has won!”

The moment these words spread, everyone was shocked!

At this moment, the virtual cabin door opened and Zhou Hao slowly walked out indifferently.

Luo Li and the others were all extremely excited. Zhou Hao had even defeated Chris!

In other words, Zhou Hao now had a cultivation that matched the top 30!

This was extraordinary!

Everyone was surprised that he had reached this level in half a year. Compared to Zhou Hao, they suddenly felt that they were no longer worthy to be called geniuses.

“Zhou Hao is too powerful!” “What did I say? Zhou Hao is a person who creates miracles!”

“That’s right. This... this is too...”

They were all shocked. On the other hand, Luo Li, Song Kun, and the others were very calm. They might have been very worried at first, but after learning that Zhou Hao had won, they did not think much of it.

This was because this person had always been creating miracles. They were already used to it!

Zhou Hao walked out of the virtual cabin. After that, Chris also walked out. There was no anger on his face, no other emotions, only absent-mindedness!

It was unknown if it was because he had been defeated by Zhou Hao or because of what Zhou Hao had said!

When the Western martial artists saw Chris like this, they hurriedly ran over with a worried expression. Paul even asked what was going on, but Chris did not say a word and just walked out by himself. He looked as if he was stupid!

The Eastern martial artists were very surprised and somewhat puzzled when they saw Chris's appearance.

"Zhou Hao, what's wrong with you? Did he get traumatized? It's just a loss. It can't be that serious, right?"

Luo Li could not help but ask.

Zhou Hao smiled. "I chatted with him inside and discussed with him what fairness means."

After Zhou Hao finished speaking, Luo Li was stunned for a moment. She did not know why he had brought this up. However, Song Kun nodded and instantly understood!

"Perhaps Zhou Hao did not only defeat his body, but also... his spirit!"

After Song Kun finished speaking, Luo Li finally understood! "Destroyed his spirit?"

Pfft!

When Zhou Hao heard this, he was immediately amused.

"Sister Luo, what are you thinking? It's just that his values are a little twisted. I was just trying to correct them!"

Zhou Hao was extremely depressed.

"Looks like your words were quite a blow to him!"

Luo Li swept her gaze over Chris, who had lost his soul, and curled her lips.

## Chapter 502 - Sun Yue, Su Xiaofu

*Chapter 502 Sun Yue, Su Xiaofu*

The matter of Chris's defeat had caused an uproar. No one expected the outcome to be like this!

The name Zhou Hao once again resounded throughout the entire Battle God Battalion! However, Zhou Hao no longer cared about this!

He had also received Battle King An's secret letter to head to the ancient ruins!

Regarding all of this, Battle King An naturally made arrangements. His explanation to the rest of the members of the Battle God Battalion was very simple: Zhou Hao was carrying out a mission!

No one doubted his words. After all, this was the Battle God Battalion's matter, so it was not appropriate for them to say anything!

The person who took Zhou Hao away was the assistant of the Battle God Battalion's Battle King An. His name was Sun Shan. This person's cultivation had reached the twelfth-grade Heaven Realm and was very powerful. He looked at Zhou Hao and smiled.

"Are you Zhou Hao? You look calm and not as domineering as I imagined." After Sun Shan saw Zhou Hao, he could not help but smile.

Zhou Hao was stunned for a moment, not understanding what was going on. However, he still understood that the other party definitely knew about his situation in the Battle God Battalion.

He looked calm, but what he did had always placed him in the center of attention.

"Uh... you can't blame me for that."

Zhou Hao scratched his head, feeling somewhat embarrassed.

"It's fine. If you're not arrogant, then you're wasting your youth. Alright, let's go!"

As Sun Shan spoke, he directly led Zhou Hao away and arrived at an extremely hidden place.

Zhou Hao did not know where he was at all. He had been sitting on the fighter plane the entire time and could not see what was outside.

When he landed, Zhou Hao had already arrived at an extremely wide platform that was underground

There were already more than twenty people waiting here.

There were men and women here. Most of them were as powerful as Zhou Hao. However, Zhou Hao did not know many of them and did not know where they came from.

At this moment, seeing Zhou Hao arrive, many of these people also revealed curious expressions. Clearly, they were also very curious as to where Zhou Hao came from.

“Sun Yue, Su Xiaofu, come here.”

Sun Shan waved at two of the girls with beautiful long legs.

“Father.”

“Uncle Sun.”

The two beauties hurriedly walked over and said when they saw Sun Shan.

Zhou Hao sized them up and was somewhat surprised. He did not expect Sun Shan’s daughter to be here.

“Let me introduce you to Zhou Hao from the Battle God Battalion.”

After saying this, the two of them widened their eyes.

“Battle God Battalion... Zhou Hao. Wow, you’re Zhou Hao!”

The two of them said almost in unison.

Zhou Hao was also a little embarrassed. He coughed dryly and nodded.

“Zhou Hao, don’t mind them. Not everyone can enter the Battle God Battalion. The two of them couldn’t get in either.”

Sun Shan smiled and explained, “Although the two of them didn’t get in, they still know a little about what happened in the Battle God Battalion. Especially in the past half a year, your reputation has still spread like wildfire!” Zhou Hao also became embarrassed and coughed dryly, not knowing what to say.

“Hello, Zhou Hao. My name is Sun Yue. You can call me Yue’er. Nice to meet you!”

Sun Yue, who was wearing a black tight suit, stretched out her hand and smiled.

Zhou Hao hurriedly shook her hand and smiled. "Hello, Yue'er."

"Zhou Hao, my name is Su Xiaofu. I'm also very happy to meet you." Su Xiaofu looked even sexier. Her figure was simply what all men desired!

In particular, she was wearing a long dress that was vaguely translucent, making Zhou Hao not dare to look at her!

"Zhou Hao, Sister Su's family owns the world's largest auction house. If you need anything, just let her know. She's the chief auctioneer. Oh, right, she also has three other sisters. They're also known as the four great fairies of the auction world!"

Sun Yue smiled.

Zhou Hao did not know much about this auction house, but what Sun Yue said was very shocking

The world's largest auction house!

These words were enough to impress anyone!

Zhou Hao could not help but look at Su Xiaofu and was very shocked. Who would have expected such a sexy beauty to come from such an illustrious background?

"In fact, my big sister, third sister, and fourth sister are all here. When we enter the ancient ruins, I'll introduce them to you!"

Su Xiaofu smiled.

Zhou Hao coughed dryly. To be honest, he was a little shy from their enthusiasm.

Although Zhou Hao was usually very cheeky, he really did not dare to say anything funny in front of these two beauties.

One was Sun Shan's daughter, and the other's family owned the world's largest auction house. Their statuses were much higher than his status as a mere student of the Battle God Battalion!

"Alright, I've introduced them to you today for a very simple reason. Zhou Hao, after you enter, if there's any danger, I hope you can help them. When you come out, I'll repay this favor! After all, I only have this one daughter!"

Sun Shan said solemnly.

Zhou Hao immediately nodded. Since they were all Eastern martial artists, they naturally had to help each other!

Moreover, not everyone was able to get a peak twelfth-grade Heaven Realm to repay them a favor!

Moreover, the cultivation of these two girls was really not any lower than his. They were both fifth-grade supernatural experts!

Could it be that... Sun Shan knew something?

"Don't worry, Secretary Sun. I will!" Zhou Hao immediately said.

"Haha, alright, it's about time. Get ready to enter the ancient ruins."

As Sun Shan spoke, he left, making Zhou Hao puzzled.

"How... are we supposed to enter?" Zhou Hao could not help but ask the two beauties.

"Don't you know? I thought you knew."

When Sun Yue heard this, she smiled and explained.

"If you want to enter the ancient ruins, you need a special tunnel. Here, look here and under your feet."

After Sun Yue finished speaking, Zhou Hao looked at his feet and his expression immediately changed!

In this huge empty space, there was actually... a huge array formation!

It was filled with complicated symbols!

Moreover, these symbols...

Zhou Hao knew them! Genesis Rune!

That's right, it was a Genesis Rune!

Zhou Hao looked at this array formation in disbelief as his head buzzed!

"We are about to enter another world, otherwise known as the ancient ruins. However, you probably also know that the place we're going to is the Moro Race's territory. After entering, we still have to wait for the gate to open before we can completely enter their dimension."

"And this tunnel is connected to that area. After we arrive there, we still have to climb for a few days before the gate opens. Only then can we really enter the Moro Race's territory!"

Sun Yue said it very clearly. Only then did Zhou Hao understand!

“By the way, Battle King An told me that many people are going, but... it seems like there are only a few dozen people here. Is this everyone?” Zhou Hao could not help but say.

“Of course not! There are several similar array formations that are placed elsewhere. A total of more than 200 people will be arriving there!”

Sun Yue smiled and explained.

## Chapter 503 - Mysterious Old Man

### *Chapter 503 Mysterious Old Man*

When Zhou Hao heard this, he was immediately shocked. He did not expect there to be so many people!

“More than 200 people... Then why don’t we just go there together?”

After Zhou Hao asked this question, he regretted it immediately and thought to himself that he was really stupid!

Indeed, after Sun Yue and Su Xiaofu heard this, they smiled.

“Hehe, Zhou Hao, you’re so silly. If we could go together, why would the Battle God Battalion waste so much effort? Of course it’s because it’s not possible. The spatial tunnel this time can’t accommodate so many people!” Sun Yue immediately covered her mouth and giggled, making Zhou Hao very depressed. He thought to himself that he was really a fool. Why was he so stupid?! After the three of them chatted for a while, a strange fluctuation quickly spread from the space. It was a spatial fluctuation.

Sun Shan’s body also floated in midair as he spoke indifferently.

“The spatial tunnel has been opened. Everyone, have a safe journey!”

After Sun Shan finished speaking, everyone present had solemn expressions. Worry flashed in their eyes, but their faces still had determination!

In the next second, the entire space lit up. Then, Zhou Hao felt a powerful teleportation fluctuation transmitted over!

This power contained the power of Genesis Runes!

Zhou Hao took a deep breath and closed his eyes. Intense white light emitted from his surroundings, and teleportation fluctuations surged. Then, Zhou Hao felt the surrounding aura change!

He suddenly opened his eyes, and a dazzling light flashed, making Zhou Hao unable to open his eyes.

A few seconds later, he gradually adapted to this light. Then, his eyes widened in surprise!

Everything in front of him disappeared and was replaced by a strange place! This place... was filled with birds and flowers, filled with an ancient aura!

The trees here were thicker than the trees in the real world. The aura here was also more refreshing than the aura outside.

Moreover, the sky here was even stranger!

There were... nine suns!

That's right, nine!

Zhou Hao thought that he had seen wrongly, but after seeing Sun Yue and Su Xiaofu's shocked expressions, he understood that he had not seen wrongly!

Zhou Hao was very shocked and looked at everything in disbelief. Everything here was very unfamiliar!

In the distance, there was a huge stone gate that was about a hundred meters tall. This stone gate emitted a strange fluctuation. Although Zhou Hao did not know what it was, he could sense that it was probably the gate to the Moro Race's territory!

In other words, they could only enter via this stone gate!

And behind this stone gate was probably the territory of the Moro Race! Zhou Hao took a deep breath. At this moment, several huge light barriers also emitted a strange light. Then, after the light disappeared, dozens of people appeared!

Looking around, there were seven to eight such balls of light!

“Looks like they’ve also been teleported over!” Zhou Hao looked at these people and took a deep breath.

Sun Yue and Su Xiaofu also saw it. At this moment, they suddenly said to Zhou Hao, “Zhou Hao, you have to be careful of these people. It’s very likely that there are spies from mutated beasts among them. Even if there aren’t, the martial artists from the East and the West are not as united as they seem on Planet Earth. Do you know that?”

Zhou Hao nodded. As long as there were people, there would be grudges. He had long understood this, so he did not think much of it!

“Alright, Zhou Hao, I’m going to meet my companions. I hope we can encounter each other in the Moro Race’s territory, alright?”

At this moment, Sun Yue suddenly spoke. Zhou Hao nodded and watched her leave.

Just as she left, Su Xiaofu also looked at Zhou Hao and said, “The people from our Wanxiang Auction Group have also arrived. I also have to meet them. Zhou Hao, be careful!”

Su Xiaofu bade Zhou Hao farewell and left.

Zhou Hao was also bored after they left. He did not know many people here. However, there were also many solo participants here. Be it those from the East or the West, they all kept their distance.

They must be worried that something would go wrong. It would still take a few days for the stone gate to open. After Zhou Hao entered, he felt that he should also look around. Therefore, he did not stay near the stone gate!

There were many people who shared Zhou Hao’s thoughts. They also soared into the sky.

This stone gate was very large. Even if one was 50 kilometers away, one would still be able to see it. Therefore, they were naturally not worried about losing sight of it.

Zhou Hao also identified the direction and began to stroll aimlessly.

This place was very, very large. Zhou Hao could not see the end of it. Zhou Hao kept feeling that this place should be like another world and not just a separate space!

Zhou Hao felt that the place was very strange. However, since he had come here, he naturally had to familiarize himself with it!

There were no living beings here, only plants. Zhou Hao saw many plants he had never seen before. After collecting the specimens, he placed them in his backpack.

After a long time, night fell. Zhou Hao found a place and casually lit a fire. He had brought a lot of delicious food with him this time. Some of them were edible, and some of the ingredients needed to be cooked.

Now that he had the time, Zhou Hao decided not to make things difficult for himself. Therefore, he took out an entire chicken and began to roast it.

“I haven’t camped in a long time. When I go back this time, I have to find an opportunity to camp with Dad, Mom, and the others!”

Zhou Hao smiled and roasted the chicken leg.

However, at this moment, Zhou Hao felt a strong wind approach. He subconsciously turned around and was stunned for a moment.

There was actually... someone sitting beside him!

To be precise, it was an old man!

A white-haired, sloppy, and tattered old man!

Zhou Hao’s expression immediately changed. This guy’s strength...

Although he was roasting the chicken leg, Zhou Hao had always been paying attention to the surrounding aura. He had even spread his mental strength to cover his surroundings, but he still did not detect this old man!

This surprised Zhou Hao a little! “Uh... old man...”

Zhou Hao was somewhat nervous. Logically speaking, the people who came here should have cultivation levels below the fifth-grade Heaven Realm!

It was simply impossible for a person with this level of cultivation to escape Zhou Hao’s detection!

However, this person had done it!

Either this person had surpassed the fifth-grade Heaven Realm...

Or this person had a strange ability that could allow him to escape from his detection!

Other than that, there was no other reason!

Zhou Hao looked at the old man nervously, but the old man looked at Zhou Hao’s drumstick and swallowed hard!

“Do you want to eat it?”

Zhou Hao was stunned for a moment before handing half of the chicken to him!

The old man held half a chicken and immediately wolfed it down. He even chewed the bones into pieces!

When Zhou Hao saw this, he narrowed his eyes as a ridiculous thought appeared in his mind!

## Chapter 504 - Egg

### *Chapter 504 Egg*

After this ridiculous thought appeared, Zhou Hao gasped. He looked at the old man nervously, feeling a little afraid! This old man was sloppy and did not look like a martial artist who had entered from the outside world!

Even so, what cultivator would be this hungry? Moreover, it's only been a day since they arrived!

Moreover, It was precisely because this person's cultivation was hidden that Zhou Hao could not detect him. After all, even if the other party was someone above the fifth-grade Heaven Realm, Zhou Hao could still be able to sense him.

However, if not for the breeze, Zhou Hao would not have noticed this person at all!

Zhou Hao looked at this old man, and a jealous and dangerous feeling rose in his heart!

The old man wolfed down the chicken and quickly finished it. He hurriedly looked at the other drumstick in Zhou Hao's hand.

Zhou Hao was somewhat worried and hurriedly handed the drumstick over.

Seeing this, the old man held it in his hand and began to eat. He ate the drumstick as if he had not eaten for decades!

Zhou Hao saw this and was actually very afraid!

However, after the old man finished eating, he burped and exhaled comfortably. Then, he grinned at Zhou Hao.

“Thank... thank... thank...”

He spat out these three words with difficulty and smiled. Clearly, he was very happy after having eaten the chicken.

Zhou Hao looked at the old man and relaxed a lot. He guessed that this person probably wouldn't hurt him.

After all, if he still showed such an expression after eating his food, he probably wouldn't attack him.

Zhou Hao also became bold. He looked at the old man and could not help but ask, “Senior, are... are you from this space?” After Zhou Hao finished speaking, the old man suddenly smiled. He looked at Zhou Hao and asked, “What... what do you think?”

Zhou Hao did not expect the old man to suddenly say this. He could only bite the bullet and say, “I think you... should be from here.” After the old man heard this, he nodded and looked at the sky disconsolately. He sighed, and then his gaze revealed confusion. He shook his head and nodded before smiling again.

“It has changed... Everything... has changed. It's wrong... Everything is wrong... This place... is an ominous place. You shouldn't have come... shouldn't have come...”

“I... I can't remember what happened in the past. Who... who I am... where I am...”

This old man suddenly became excited. Zhou Hao immediately frowned and looked at him in surprise!

In the next second, the old man soared into the sky!

He was crazy and talking nonsense. He kept saying that he had changed and that something had changed

Zhou Hao was very worried and immediately followed.

However, he realized that the old man was very fast in the air. He was not flying, but walking!

With every step he took, he traveled dozens of kilometers!

This speed was really shocking!

Zhou Hao was shocked. He looked at the old man's speed and the strange footsteps and was extremely shocked!

"This speed..."

Zhou Hao did not dare to believe it and was very shocked. He hurriedly followed behind.

However, how could his speed be a match for this old man? He could only watch as the other party got further and further away.

Zhou Hao sighed and could only ignore him in the end. He turned around and returned to the place he was camping at.

However, just as he arrived, Zhou Hao was surprised to discover that the old man had returned!

He was holding an egg in his hand. This egg kept thumping. It was very strange!

Zhou Hao was stunned for a moment and hurriedly walked over.

"Senior..."

"Shh..."

The old man immediately shushed and pointed at the egg in his hand before whispering.

"Little guy, I just ate one of your chickens. I haven't eaten that for a long time and I also don't like to eat for free... This egg is for you!"

As he spoke, the old man placed the egg on the ground. However, in the next second, the old man suddenly attacked. Before Zhou Hao could even see his movements, he felt his finger being sliced open. Then, a drop of blood dripped onto the egg!

Immediately, a strange feeling appeared in Zhou Hao's heart. After doing this, the old man said.

"This egg is yours!"

Zhou Hao looked at the egg nervously and was a little worried. He did not know what the old man had just done.

Could it be that the old man was using his blood to feed this egg?

Also, what was in this egg? He was really afraid that an alien would suddenly hatch from it like in those science fiction movies/ Zhou Hao looked at the old man and asked

nervously, "Um... Senior, what's inside?" The old man looked at Zhou Hao and took a deep breath.

"A god!"

When Zhou Hao heard this, he was shocked. A god?

Were there still gods in this world?

Wasn't this too ridiculous?

"Senior, don't... don't tease me. How can there be gods in this world?"

Zhou Hao was a classic example of an atheist. Although he had many heard all battle gods and whatnot, these were only titles. In Zhou Hao's cognitive ability, the gods should refer to figures like the Jade Emperor and the Buddha Ancestor.

How could there be such a person in the real world?!

"The gods I'm talking about are also not the same gods you're talking about. It's... a kind of spirit body. It's also the greatest secret in this space. Back then, a hundred of our people came here for this thing. However, after so many years, all my companions died one after another. I was the only one who was able to find it..."

The old man looked at this and could not help but say. When Zhou Hao heard this, he was stunned for a moment before saying, "You... you're saying that you're not from here? Could it be that you're also from Huaxia?"

The old man nodded. "You can say that. I'm from the same world as you, but I don't know how long I've been here. After so many years, I've long been exhausted. If not for my stubbornness to live, I'm afraid I would have died!"

"This egg is something that the Moro Race worships. As for what it is, I actually don't know either. However, this egg... is very strange. I can't tell exactly what it is. Moreover, it's heartbeat has been increasing recently. I think it should be born soon!"

After the old man finished speaking, he looked at Zhou Hao and said, "You don't have to worry about me. My bloodline has long been exhausted. After I go out, I'll also die. Moreover, I've lived here for a long time. Now that I have feelings for this place, I don't want to go back."

"In addition, this Moro Race is a mental strength race. Their inheritance is related to mental strength. I think this egg can help you. Therefore, I'll give it to you as a repayment. As long as you drip your blood into it, you can make this thing recognize you as its master."

“Therefore, that’s why I did what I did just now. This thing is yours now!”

“You’re its master!”

After saying this, Zhou Hao was shocked. He gaped at the old man in surprise and was speechless!

## Chapter 505 - Frogs and Jell-o?

*Chapter 505 Frogs and Jell-o?*

Zhou Hao was shocked when he heard the old man’s words. He looked at the egg worriedly. To be honest, he did not really want it.

“Little guy, don’t be afraid. Don’t worry, I’ve seen this thing before... Other than being a little annoying, it won’t do anything to you. Moreover... it has lived for a long time. After waking up in this era, it will only recognize you as its master.” “Once it recognizes its master, its life will be at stake. You don’t have to worry.”

After the old man finished speaking, he did not waste his breath and left.

Zhou Hao looked at the egg. It was the size of a wash basin and he did not know what could be hatched from it!

However, no matter what it was, since it had already been given to him, Zhou Hao could only accept it!

Soon, it was the day the stone gate opened!

There were a hundred people standing in the entire space. Zhou Hao also walked over and stood in a corner, looking at the stone gate in the sky!

He did not know much about this stone gate, but since he could enter, he did not have to care!

“Hmph, I didn’t expect so many people to come!”

At this moment, Murong Xun’s voice sounded in Zhou Hao’s mind.

Zhou Hao was stunned for a moment. When he heard this voice, he hurriedly said, "Senior, do you know these people?"

"Of course. Back then, I had a twelfth-grade Heaven Realm cultivation and was one step away from reaching the Saint Realm. On Planet Earth, the Saint Realm is the true ceiling. There aren't many people who can reach it."

Murong Xun's tone was arrogant. After Zhou Hao heard this, he also understood. After all, the first ceiling of human combat strength was a twelfth-grade Heaven Realm!

The cultivation level above this was comparable to a god!

"You know... Sun Yue is from the Sun family. Their family has inherited the ancient Asura Sword Dojo. You probably don't know, but the sword techniques of their Sun family are very powerful!"

"I also know that the four sisters of the Su family, the ones that manage the world's largest auction house, cultivate the same demon technique as their previous generation."

Murong Xun said directly, making Zhou Hao stunned.

"Demon technique? What do you mean?"

Murong Xun said indifferently, "The Su family is divided into two factions: male and female. The male cultivates yang strength and is extraordinarily domineering, while the female cultivates a feminine cultivation technique that has its own charm. Not many people know about this, but every year, the Su family will choose four talented women from the four families to cultivate the Su family's secret technique. I don't know what this technique is, but it has a demonic aura and a charming feeling. These four talented women happen to be the four sisters that manage the auction house. They're quite good at it too!"

"Usually, when it comes to things that are worth 1 billion yuan, they are able to double or even triple the price!" "Anyway, there are only four people per year who cultivate this technique. They all cultivate the same cultivation technique and evolve it into four different forms. There's no point for me to tell you any more. You need to witness for yourself to understand!"

Murong Xun kept Zhou Hao in suspense, making him really curious!

"Also, you don't know much about the Moro Race either, right? Actually, I don't know much either, but I do know that the strongest mental strength masters in ancient times were all from the Moro Race. Their mental strength is not something that an ordinary race can achieve. You haven't entered their space yet, so you still don't know. You'll know when you enter!"

Murong Xun remained silent after he finished speaking, making Zhou Hao even more curious.

Soon, the stone gate opened. The moment Zhou Hao saw the stone gate open, many people's expressions changed. No one dared to enter first!

Instead, they were guarding against each other. Zhou Hao frowned!

"Looks like the various organizations and families are really afraid of each other!"

Zhou Hao could tell that although these people appeared harmonious on the outside, it was different when they were in this ancient ruin. After all, not only was there a huge opportunity here, but there was also a huge danger!

It was only natural for them to be afraid of each other. It was hard to say what would happen if someone attacked them behind their backs!

However, although no one dared to move rashly, someone still began to move after a while and slowly walked into the stone gate!

Behind the stone gate, everything was covered in light. Zhou Hao was also very nervous, but he still waited until everyone had entered before slowly walking in!

After he passed through the white light, his expression immediately changed!

In front of him was not a world he had seen before at all. Instead, it was a distorted and strange place!

To be more specific, it was like a Picasso painting. It was very abstract! The trees were angular and the nine suns remained unchanged. The clouds in the sky were also square, and the sky was like a canvas. It was too strange!

"This place... is really strange!"

Zhou Hao could not help but say.

"This is the space of the Moro Race. They cultivate mental strength, so it's said that the territory of the Moro Race is a manifestation of mental strength. All of this is being controlled by someone. You can think of this place as one's mental world. Perhaps you will understand it better this way!"

Murong Xun spoke at this moment, and his words stunned Zhou Hao on the spot!

"A person's mental world? Is this... fake?"

Zhou Hao immediately said.

“It’s not fake. It’s just that they live in such a world. Many things are not what you see. Your eyes can deceive you, after all!” “And this is the strange thing about mental strength. Do you understand?”

“A mental strength master can show you a ball of fire but it will feel cold when you touch it. They can also show you a piece of ice but it will feel even hotter than flames when you touch it. Do you understand now?”

When Zhou Hao heard this, he was really shocked. This was the first time he had heard something like this. He was very surprised!

However, although he was surprised, he still adapted.

Zhou Hao swept his gaze around and was surprised to discover that there were clearly more than 200 of them who had entered this mental world together. However, why was he the only one in here?

Where were the others?

Could it be that the world everyone entered was different?

Zhou Hao was very surprised, but even so, she still hurriedly sped away, wanting to find a place to see if there was anything to gain!

However, at this moment, Zhou Hao was stunned for a moment and hurriedly took out the egg. At this moment, the egg emitted a hot light.

Then, the eggshell shattered. Zhou Hao was frightened and hurriedly retreated more than ten meters. He looked at this thing quietly. If there was any danger, he would immediately escape without hesitation!

The egg shattered and emitted a strange light. Then, Zhou Hao’s eyes widened!

This was because he saw two things jump out of the shattered eggshell!

One of them was a frog in a red cloak and sunglasses!

However, this frog was like a human. It stood on its feet with its hands behind its back, looking like it was looking down on the world!

One of them was a squirming gray jelly-like thing that looked a little disgusting.

## Chapter 506 - Two Idiots

### *Chapter 506 Two Idiots*

Zhou Hao widened his eyes as he looked at these two things. He was shocked!

“Damn, another epoch has passed, right? Damn it, I’ll think of a way to get out of this star system sooner or later. Otherwise, I’ll never be able to replenish my essence energy and can only sleep!”

Zhou Hao was even more surprised when the frog suddenly spoke.

“Hmph, you toad. I don’t think you deserve to complain. If not for you, would I have been trapped here? Hmph, why did you say you found the Origin Source Grounds when all you found was this godforsaken place? You’re really trash!”

The jelly also spoke, shocking Zhou Hao.

“I’m trash? If not for me bringing you out of Planet M8, you would have become their nutrient. Hmph, don’t forget that you’re the divine soil of the Genesis World. You’re incomparably precious. If they obtain you, they can melt you and use you to refine divine artifacts that surpass the cosmic-level!” The frog snorted coldly in disdain! “Bullsh\*t, do you really think they can capture me? I’m a divine soil expert. I can easily devour them!” The jelly-like thing had a disdainful expression!

The frog could not be bothered. At this moment, it looked at Zhou Hao and was stunned.

“Yo, little child, you’re the one who woke me up in this era, right? Not bad, not bad. Hmm? Why do you have the aura of a Genesis Rune? Are you a descendant of that bloodline?”

At this moment, the frog looked at Zhou Hao and suddenly spoke. As soon as it finished speaking, it immediately stunned Zhou Hao!

No one knew about his Genesis Rune power. At the very least, no one was able to tell at a glance. How could this frog be able to tell?

At this moment, the frog was very curious. It jumped to Zhou Hao’s side and pushed its sunglasses down, revealing a pair of green bean-like eyes that looked carefully at Zhou Hao.

“Kid, you’re quite something. You even have traces of that system on you. Not bad, not bad. I’m very satisfied with you being my master in this era. Don’t worry, I’ll protect you!”

The frog kept talking, making Zhou Hao confused. He did not understand what it was talking about at all!

“Hmph, toad, stop acting cocky. You’re just a broken shell. Your essence energy has been exhausted, so how are you supposed to protect anyone?” At this moment, the white jelly said.

“Damn, you useless thing. Do you think you’re in any place to criticize me? You’re nothing more than a pervert who enjoys watching other people shower. Also, you can’t even differentiate between male and female. I can tell you right now that you’ve been peeping at men this entire time!”

The frog immediately spoke with disdain!

“Damn, do you want to bet with me? Of course I know how to differentiate a male from a female! I bet I can tell if this one’s male or female.”

As he spoke, the white jelly directly jumped up. Its body transformed into a small white figure that jumped in front of Zhou Hao and looked at him carefully!

“Hmm... you have a nose, eyes, and a mouth. You’re a male, right?”.

The white jelly looked at Zhou Hao and sneered.

Zhou Hao was confused!

Although it was right, what did it mean by that? Could it be that he had seen a... woman without a nose, eyes, and mouth?

Seeing Zhou Hao’s expression change, the white figure’s expression immediately shook and it hurriedly changed its tone. “Hai, I was just joking with you. Little girl, you actually can’t take a joke. Alright, I won’t tease you anymore. You’re a female, right?”

As it spoke, the white figure acted as if it was right and looked at the frog.

The frog revealed a disdainful expression that simply made the white jelly go crazy.

“Is it wrong? How can it be wrong? I just said that she was a man and her expression changed. It must be because I was wrong the first time. Therefore, I’m certain that she’s a female. Don’t try to lie to me. I’m smart...”

The white jelly was immediately displeased.

Zhou Hao, who had been staring at the two of them, became confused! Was it so difficult to distinguish between a man and a woman? With his masculine appearance, it should be very easy to tell, right? Could it not tell?

“Tch, you still haven’t improved after so many years. You’re really trash.”

The frog snorted coldly and did not look at the white figure. Instead, it looked at Zhou Hao and nodded. It was as if it was glad that Zhou Hao had confused the white figure. Therefore, it immediately arrived beside Zhou Hao and jumped onto his shoulder.

“You’re not bad, not bad at all. I’ll accompany you in this life. Let me introduce myself. I’m the first golden toad to be born since the birth of the ancient star!” Zhou Hao looked at its green skin. It did not look like a golden toad at all!

“Cough cough, not all golden toads are golden. I’m a golden toad from the ancient star at the end of the universe. But naturally, you wouldn’t know anything about that. Whatever!”

After listening to what the frog said, Zhou Hao could not help but feel that something was wrong!

“Bullsh\*t, you’re just a toad. Don’t think I don’t know that there are beings that look like you that live in ponds and smelly ditches. I secretly asked others and they told me that you’re just an ugly toad!”

The white jelly directly exposed it, making the frog very angry! It jumped down and immediately attacked. It punched the white jelly until it could no longer maintain its human form and turned into a pile of mud!

“You’re just a pile of mud, yet you still dare to be arrogant with me!”

After doing all this, the frog jumped onto Zhou Hao’s shoulder again. It smiled and said, “Kid, do you want to rule an entire star system? Do you want to be respected by all the races? Do you want to know the profundity of life? Do you want to know the end of the universe? As long as you want, I can let you have it easily. For some reason, I feel like you’re an old friend despite meeting you for the first time!”

“Bullsh\*t, stop lying. You’re just a toad. Sister, don’t fall for his trap!”

The white jelly was still unconvinced. Although it could not transform into a person, it still opened its mouth and cursed.

The frog was furious. This time, it was really angry. Without saying a word, it took off the red cloak and stuffed the white jelly into it. Then, it wrapped it tightly and turned it into a ball before throwing it on the ground and ignoring it.

When Zhou Hao saw this, he pondered!

“These two guys shouldn’t be from Planet Earth. At the very least, I’ve never seen a frog speak. Although mutated beasts can cultivate after the global mutation and many of

them can speak after reaching a certain level, this is the first time I've seen a frog that can speak whose cultivation I can't see through!"

"And this white thing that called itself a divine soil expert also seemed to have a powerful background!"

Zhou Hao thought to himself as he tried to figure them out.

The frog looked at Zhou Hao and said, "Hey, stop spacing out! Do you want to rule a star system, be respected by all races, and explore the mysteries at the end of the universe?"

## Chapter 507 - Powerful Frog

### *Chapter 507 Powerful Frog*

Zhou Hao really did not know what this frog meant, so he thought for a moment and said, "Are you speaking the truth?"

"Damn, you don't believe me?"

After the frog heard this, it was immediately displeased and said excitedly.

"It's not that I don't believe you, but you have to convince me first. Otherwise, how can I believe you?"

Zhou Hao said helplessly. Without any evidence, he would not believe it!

"Hmph, you're just a toad. Stop showing off! Look, he doesn't even believe you!"

The white jelly seemed to have seized the opportunity and immediately mocked.

"Damn, I'm an ancient golden toad, a life form born from an ancient star. From the universe to the abyss, there is nothing that I don't know! How dare you not believe me?!"

The frog was very excited as if it had been insulted!

Zhou Hao was stunned for a moment. He was just stating a fact. Why was the other party reacting so strongly? However, Zhou Hao quickly guessed! This white jelly

probably really could not distinguish between men and women. Otherwise, it would not have said that he was a woman after examining him so carefully!

Also, this frog seemed to be very powerful and knew everything. However, its emotions were unstable and could easily fluctuate. Most importantly, it hated it when one did not believe what it was saying!

A scheme formed in Zhou Hao's mind and he prepared to test it. "Of course, how could it be possible for you to have such great ability? If you had such ability, why would you still be

here?"

The frog snorted. "Hmph, I was born at the end of the universe. Many years ago, I learned of a secret... As long as I find the origin of the universe, I would be able to see through the mystery of life. Thus, I began my search. After figuring some things out, I eventually found this place!"

The frog told Zhou Hao about this, but Zhou Hao did not care. "I still don't believe that you're very powerful. After all, there's no way to verify this. Who knows if you're telling the truth or not?" Zhou Hao was constantly paying attention to him. He noticed that after saying this, the frog was even more furious!

"No way to verify it? Hmph, you're not qualified to verify it, but I can let you know now that everything I said was true!"

As it spoke, the frog opened its mouth and spat something out. It was a scroll, and it was very big. Zhou Hao suspected that such a huge scroll was probably ten times larger than the frog. How exactly did the frog take it out?!

"This is a physical cultivation technique. Take a look. I created it!"

The frog threw it directly to Zhou Hao. It looked very arrogant!

Zhou Hao looked at this scroll and opened it.

At first glance, Zhou Hao was shocked. This was indeed a good cultivation technique!

Although Zhou Hao did not know where it came from, he had tested it with his system. This was a cosmic-level cultivation technique!

Its name was...

Cosmic Body!

“Since you’re a martial artist, you should know that some martial artists have special physiques, right? However, I can tell you that their physiques are all distributed from this Cosmic Body. This Cosmic Body is the ancestor of all special physiques. If you master it, it won’t be a problem for you to plunder a few star systems!”

The frog was very smug. After saying this, Zhou Hao was shocked and in disbelief!

Seeing Zhou Hao’s expression, the frog was very happy and sneered.

“Do you believe me now?”

Zhou Hao looked at this cultivation technique and felt that such a powerful cultivation technique was definitely very difficult to learn. Therefore, he still said, “Although this cultivation technique you gave me is powerful, I don’t know how to cultivate it. Unless, you tell me how to cultivate it!”

This cultivation technique was a physical cultivation technique and was not a cultivation technique like the Shadow Seven Sabers. Therefore, it was impossible for him to directly use the Heaven Dao software to learn it!

Therefore, Zhou Hao naturally placed his hopes on the frog!

“Hmph, do you think this cosmic-level cultivation technique is so easy to cultivate? With your current talent, you won’t be able to cultivate it at all!” the frog said with a pout. “If I can’t cultivate it, then why did you give it to me? Hmph, how am I supposed to believe you like this?!” Zhou Hao blinked and said deliberately. “Do you think it’s so easy to cultivate? This is something that can only be cultivated by someone who has surpassed the first-level life form. Do you think someone like you is capable of cultivating it? Even if you cultivate now, it will be useless!” The frog said bluntly. “First-level life form? What does that mean?” Zhou Hao could not help but ask.

“According to your Planet Earth, you’re a genius with an extraordinary bloodline. According to our calculations, you’re only a fifth-level life form and far inferior to the first-level life form. A first-level life form’s cultivation is already comparable to yours the moment he was born!”

After the frog finished speaking, Zhou Hao was stunned on the spot!

Wasn’t it simply too heaven-defying for one to be able to match his current cultivation at birth?

“Hmph, you’re surprised, right? However, the boundary of this life form can still be broken. As long as you absorb the cosmic energy, you can slowly increase it. Your human race on Planet Earth can already be considered to be a relatively good life form. Your mortal life form is at the lowest level, the tenth life form. For you to reach the fifth

level, you probably cultivated and even used some treasure to enhance your body, right? If I'm not wrong, it must be some Body Tempering Fluid, right?"

Zhou Hao was shocked. After all, he had never told anyone about this before. Yet, the other party could tell at a glance!

"So what? I'll only believe you when I am able to cultivate this cultivation technique!"

Zhou Hao blinked and could not be bothered. He immediately identified the direction and sped away!

"Hmm? What are you going to do? You don't even know anything about the Moro Race, so why are you wandering around?!"

The frog hurriedly stopped Zhou Hao and could not help but say.

"Are you familiar with this place?" Zhou Hao could not help but ask. "Nonsense, I... I forgot when he became my master, but one of my masters was the leader of the Moro Race. I was the one who taught him his mental strength power. By the way, he also knows a little Genesis Rune power, but he's not as orthodox as you."

After the frog finished speaking, Zhou Hao was even more surprised. He directly asked, "Then... do you know a person called Huang?"

"Are you talking about Huang? Hmph, he was also my master!"

The frog's words frightened Zhou Hao!

"Huang was also your master?" Zhou Hao did not dare to believe it!

"Of course, my life was the most comfortable in my era with Huang. If not for the fact that I couldn't bear to part with him, I would have left this planet long ago. He even took advantage of that to get me to create some Genesis Rune barrier to hide Planet Earth. Great, now the people inside can't get out and the people outside can't get in. Sigh... it made me stay here bitterly for so many years!"

After Zhou Hao heard this, he was shocked!

He did not expect this frog to be so powerful that it even knew about Huang!

## Chapter 508 - Mental Health Master

### *Chapter 508 Mental Health Master*

Zhou Hao was very shocked. There were probably not many people who knew about this, but this frog actually knew. It could be seen how powerful this frog was!

Originally, Zhou Hao had only thought that this was a boastful spirit pet. But now, it seemed that this guy was really as it said!

Although Zhou Hao was shocked, he remained calm as he said, "Did you know that he knows Genesis Runes?"

When the frog heard this, it immediately smiled and could not help but say, "Of course, I was the one who helped him find his Genesis Rune power. By the way, you might not know, but the Moro Race is actually somewhat related to the Psychic Race. I have always felt that the Moro race are the descendants of the Physic Race and had inherited their bloodline..."

After the frog finished speaking, Zhou Hao was very shocked and did not dare to believe it. If this frog had said so, it was probably not fake!

"Alright, let's not talk about this anymore. You don't understand this Moro Race territory at all. How about this? I'll bring you to a good place. How about that?"

The frog immediately smiled. When Zhou Hao heard this, he felt that what it said was somewhat unreliable! "Where is it?" Zhou Hao asked.

"The Moro Race's mental graveyard!" the frog immediately said.

"Mental graveyard? What does that mean?" Zhou Hao frowned. Although he did not know what this place was, he felt that it sounded a little terrifying "Of course it's a graveyard. However, after a person from the Moro Race dies, their body will be burned. As for their mental strength, it will be preserved and buried in the mental graveyard. And this mental graveyard has a special magnetic field that can preserve the mental strength of some powerful mental strength masters. You can also understand it as eternal life!"

The frog's words shocked Zhou Hao. He had never expected something like this to exist. Wasn't this too strange?

Eternal life?

How... was this possible?

“Hmph, brat, there are still many things in this world that you have yet to see. Have you seen a tree the size of a star system where every leaf is a separate world?”

“Have you seen the flowing Star Sea? Any star in it is an independent life form comparable to a cosmic-level big shot?”

“Have you seen a wormhole that can devour everything and leads to a world that is completely different from this world?”

“Do you know that there is a huge butterfly in the universe? If this butterfly flaps its wings once, it will destroy an entire galaxy. At the same time, it can also create galaxies. And it will only do so once every hundred eras!”

Zhou Hao was shocked with every word the frog said. He had never heard of such things even in science fiction movies!

“Are you shocked? Are you shocked? Kid, you still have a long way to go and you won’t be able to experience any of these things anytime soon. However, since I’m by your side, I’ll definitely bring you to see these things one

lle

day!”

The frog patted Zhou Hao’s head and said earnestly and pretentiously!

Zhou Hao was extremely depressed, but he still said, “Since you said that there’s something good in the mental graveyard, let’s go!” As the frog spoke, it identified the direction and got Zhou Hao to speed away! On the way, the frog said, “I’ve been to the mental graveyard once. Those old guys there are all mighty and rich figures. If we can take out something good, they might exchange it with us!”

“Hmm? What do you mean?” Zhou Hao asked curiously.

“There has always been a special profession that works in the mental graveyard of the Moro Race. It’s called a mental health master. These people’s main responsibility is to take care of the mental strength masters’ mental state. However, this mental health master is not for nothing. Every time this mental health master helps them replenish their mental strength, they need to pay. Therefore, let’s pretend to be this mental health master today!”

After saying this, Zhou Hao was a little confused. He could be said to be completely clueless. He did not know anything the frog was saying. “What should we do?” Zhou Hao immediately said.

“Don’t do anything. Leave everything to me!”

With that said, the frog immediately tore off its red cloak and let out the white jelly.  
“Change quickly!”

When the white jelly heard this, it immediately shouted, “You evil thing, you actually want to do that shameless thing again. You... you...”

“Stop talking nonsense and quickly change. Otherwise, I’ll throw you into a group of sexually deprived burly men and make you wish you were dead!” The frog immediately threatened.

When the white jelly heard this, it was immediately frightened. Without saying a word, it immediately squirmed and turned into a human-shaped armor. It looked very mechanical.

“This was the attire of a mental health master. If we want to pretend to be one, we have to commit to the act.”

After the frog finished speaking, it let Zhou Hao enter the armor. Zhou Hao originally thought that it would be very heavy, but after entering, it only felt cool and light.

“In a while, after we get there, don’t say a word. I’ll handle everything. As long as you do as I say, you’ll be fine, understand?” After the frog finished instructing, Zhou Hao nodded and quickly arrived at a strange place. The mental world of the Moro Race was very abstract everywhere. At this moment, they had arrived at a triangular building. Zhou Hao did not know what to do.

“Don’t be afraid. You’ll land at the door and there will be equipment to check on us. Don’t worry, this divine soil expert can create any aura and confuse all senses. Now, you’re a mental health master, don’t worry!” The frog’s voice sounded in Zhou Hao’s head. Zhou Hao also gathered his courage and walked to the triangular building.

Immediately, a beam of light swept out from the triangle and landed on Zhou Hao.

Then, the system’s voice sounded.

“Respected mental health master, please enter.”

With that said, a gap immediately opened in the triangular building. Then, something that was floating like an iron plate flew out.

“Stand on it. It will bring us in,” the frog said directly.

Zhou Hao did as he was told. After stepping on it, it immediately formed a light barrier that carried Zhou Hao into the triangular space.

After entering, his surroundings were as black as ink. Just as Zhou Hao was feeling puzzled, a screen appeared in front of him, and a lot of information appeared.

The Moro Race's Seventh Elder, Mo Dongyan, had a mental state of 30%.

The vice commander of the Moro Race's third-generation intelligence team, Mo Hai Rui, had a mental state of 17%.

The Moro Race's fifth-generation security team leader, Mo Long, had a mental state of 21%.

There were thousands of names displayed on the screen, followed by a mental state column.

Although Zhou Hao did not understand, he could guess that the lower his mental state was, the worse it was!

He even saw many names turn gray and their mental states were 0!

Needless to say, these people were definitely dead!

"Respected mental health master, please choose your next patient."

## Chapter 509 - Very Cunning

### *Chapter 509 Very Cunning*

When Zhou Hao heard this, he did not act rashly. Instead, he listened to the frog's arrangements.

Indeed, it spoke up. "We can choose six people from here. Remember, it can only be six people. We can't choose too many. If we choose too many, there will be problems. We can choose a few with rich family backgrounds and poor mental strength. Those with 30% can still persist and would not easily give in to our demands. So let's choose those with less than 10%. At this moment, they will definitely be anxious to receive our help. Even if we ask for a lot, they won't be able to do anything!"

Zhou Hao thought to himself that this guy was really cunning, but he still followed his instructions obediently. Under the frog's guidance, he clicked on six names.

After the six names were clicked, the screen disappeared. Then, light sprinkled down, and six tunnels appeared in different locations.

"We're going to their mental world. Let's go. Any one of them is fine. We're going to start our scheme. Hehehe..."

The frog was very excited, and Zhou Hao also casually walked into one of them.

Soon, they arrived at the end of a path. The light instantly brightened. Immediately after, Zhou Hao saw a strange place.

This was a paradise-like place with dense green plants, green smoke, and green water around it.

In this immortal realm, there was a huge villa with a pool, garden, and even a good fighter plane in a very strange shape.

Zhou Hao blinked. He did not know if this was the real world or not, but since he was here, he still walked over.

Just as Zhou Hao stepped in, the entire space flashed with a light. A crystal coffin slowly floated out of the house. Then, the coffin door opened and Zhou Hao saw a man in pajamas with closed eyes walk out.

"Hmph, why did you take so long to come? Are those bastard sons of mine outside unwilling to spend money on me?"

That person had just come out and was already filled with resentment. Zhou Hao naturally understood why. After all, this guy already had 5% mental strength and would die soon. Therefore, he was naturally furious!

"A mental health master can only treat six people at a time. Thus, every trip was very precious. The living people outside needed to more or less provide benefits for these mental health masters for them to give the treatment. The patients are also only unable to sense the outside world and are unaware of the things happening outside. Since this guy had not received treatment for so many years, he will definitely think that his descendants outside are either dead or were indifferent. That's why he's so furious!" The frog's voice sounded in Zhou Hao's mind before he spoke.

"Respected Senior Mo Tiantu, I've prepared three high-quality Spirit Body Fluids for you this time. I hope you like them."

The frog's voice sounded. It did not have anything else. Instead, it took out a box from the white jelly armor. Inside were three items that looked like medicine.

Zhou Hao frowned. This thing was definitely not something they originally had. It must have been created by the white jelly!

In other words, this thing was fake!

Zhou Hao immediately took a deep breath and thought to himself that the frog was really bold. It even dared to lie to a dead person!

However, after hearing the frog say this, Mo Tiantu was immediately excited!

"Three high-quality Spirit Body Fluids? That's awesome!"

As he spoke, he was about to take it, but the frog directly waved its hand, and its entire body emitted a strange fluctuation. "Senior Mo Tiantu, I'm sorry. I want to charge you some money for these three liquids. The clansmen you left outside are not doing so well. They said that you brought some things here and asked me to ask you for compensation!"

Zhou Hao blinked and listened to the frog speak nonsense without saying a word. Hearing the frog finish speaking, Mo Tiantu was furious!

"Damn, this group of trash. I was the third elder of the Moro Race back then. My lineage is one of the strongest three lineages in the Moro Race. I forcefully fought my way through the world, but I never expected to have such an ending because of the incompetence of my descendants. How tragic, how tragic!"

Mo Tiantu was very furious and could not help but roar. The frog did not say a word and just looked at him.

After roaring for a while, Mo Tiantu seemed to have lost all his strength. He sat on the ground and sighed.

"I only brought those things to ensure the survival of my mental strength. I was planning to use them to exchange for a chance of going back once the Moro Race develops a way to manifest my body. However, I didn't expect that those descendants of mine aren't even able to pay for my treatment. What trash!" He shook his head helplessly and waved his hand to take out a box.

"Inside this box is the Super Point Body Tempering Fluid. This thing... is incomparably precious. There are only three of them in the entire Moro Race. I kept this and originally thought that I could last until I could revive and use it to temper my new body and live for another hundred years. However, I didn't expect to take it out now. By now, you should know how precious this thing is!"

The frog saw this and nodded. "That's right. This item... is indeed very precious. I'm willing to take it."

"Wait!"

Mo Tu immediately waved his hand and stopped the frog before saying. "Three Spirit Body Fluids are not enough. Such a treasure has to be exchanged for at least ten!"

This guy was really greedy!

Zhou Hao did not care at all. It was all fake after all. In fact, the white jelly could probably even materialize a hundred of them.

He originally thought that the frog would immediately agree, but he unexpectedly refused.

"Sorry, Senior Mo Tiantu, I can only give you five!"

The frog's words stunned Zhou Hao for a moment. This guy was too stingy. They were fake!

As if it knew what Zhou Hao was thinking, the frog could not help but say, "The Spirit Body Fluid is very precious. If I give him ten at once, he will definitely be suspicious. Moreover, we have the ability to decide his fate right now. He will definitely accept it. I'm doing this to show my attitude. Mental health masters are all arrogant people, understand?" When Zhou Hao heard this, he thought to himself that this frog was really cunning. It turned out that it was very good at this!

However, what it said was true. The mental health masters had always been a bunch of prideful folk. If he did not act the part, the other party would definitely see through their act. Therefore, there was nothing wrong with doing this!

"Five is too few, at least eight!" Mo Tu said directly.

"Senior Mo Tiantu, five at most!"

"Seven!"

"No, five!"

"Six!"

Mo Tiantu pressed forward step by step.

The frog immediately snorted. "Senior Mo Tiantu, there are many people waiting for me to do business. Don't waste time. You're not the only elder in this mental graveyard."

Moreover, your item is indeed expensive in the outside world, but it's not worth mentioning here!"

## Chapter 510 - The Second Patient

### *Chapter 510 The Second Patient*

After the frog finished speaking, Mo Tiantu's expression immediately turned ugly. It also knew that it was at the other party's mercy.

Moreover, the juniors outside were already unreliable. The only thing he could rely on now was the mental health master!

"Alright, alright... five is fine. May I ask when you'll be coming next time, sir? I... I still have some treasures here. Can you come and exchange them with me next time?"

Mo Tiantu thought it through and pleaded. "What treasures do you have? Show them to me," the frog immediately said.

"I... I have a cultivation technique that can train one's mental strength and allow one to enter the Life Realm!" Mo Tiantu immediately said.

The frog smiled. "Senior Mo, cultivation techniques that train mental strength are the cheapest in the Moro Race. Sorry." "By the way, don't consume the high-quality spirit liquid immediately. When your mental state reaches 3%, it will be more effective for you to consume three at the same time!" As he spoke, he said to Zhou Hao, "Let's go." Zhou Hao immediately left, but he still asked curiously, "Is what you said true? Are you telling the truth?"

"Like hell it is. That thing can last for six hours. After six hours, it will transform into its original form. I'm saying this so that he won't be in a hurry to consume it. Otherwise, won't we be exposed?"

Zhou Hao was impressed when he heard this.

"However, can we fool them all in six hours?" Zhou Hao hurriedly asked.

The frog laughed when it heard this. “Haha, kid. I couldn’t tell that you were even greedier than me. Do you really think we can trick six people? The reason why I asked you to click on six names is because it’s a rule. I think it’s already good enough that we can trick three people. After tricking three, we’ll leave this place immediately before they can react. Otherwise, it’s easy for something to happen!”

When Zhou Hao heard this, he also broke out in a cold sweat. If Mo Tiantu was disobedient, wouldn’t he be done for?!

“Alright, since we’ve already committed to it, stop thinking about it. My life motto is don’t regret what you’ve already done. Onto the next

one!”

The frog was very open-minded. Zhou Hao secretly admired it. This guy was much more cunning than he had imagined!

Zhou Hao walked into the next tunnel and finally arrived at a sinister and terrifying place!

It was dark and red here with green smoke floating around. It looked very terrifying! At this moment, a coffin covered in moss slowly floated out of the void and a man in a demon robe walked out.

Seeing this person, the frog blinked. “I didn’t expect it to be someone from the Moro Race’s White Tiger Hall!”

Zhou Hao was stunned for a moment. “What do you mean?”

“Shouldn’t the name White Tiger Hall tell you everything you need to know? This guy is a violent person. He’s not easy to deal with!”

“Then let’s go?” Zhou Hao hurriedly said.

“What’s there to leave for? This guy is definitely a rich person. The people from the White Tiger Hall are all freaking rich! Let’s trick him!”

After the frog finished speaking, it said, “Respected Senior White Tiger Hall’s Mo Sha, I’m very happy to be at your service!” “Hmm? A mental health master? Why haven’t you come to my place for so long?”

After Mo Sha appeared, he looked at Zhou Hao and snorted.

“Sorry, Senior Mo Sha. You know that we only take in one disciple. Therefore, I’m quite busy,” the frog said with a smile. It could be seen that the frog was still very afraid of this person!

“Hmph, it’s all just excuses. Do you think I don’t know that you’re all a bunch of ungrateful bastards? What did you bring this time?”

Mo Sha could not be bothered to waste his breath and asked directly. “Senior Mo Sha, I’ve carefully prepared three special-grade Spirit Body Fluids for you this time. If you use them, you can recover to 30%!” The frog immediately said.

“Oh? Only three?” Mo Sha immediately said.

“That’s right. Only three. You know that this thing is very difficult to refine,” the frog said respectfully.

“What about the others? Did you bring any good ones, intermediate-level ones, and low-level ones?” Mo Sha said indifferently.

“I have them all. Does Mo Sha want some?” The frog was stunned. “Yes, hand over half of everything you have,” Mo Sha immediately ordered.

The frog smiled. “Senior Mo Sha, I can give it to you, but these things are not cheap. You have to consider it carefully.”

“Not cheap? What, you still dare to ask me for money? Are you trying to make money from me? Do you want to die?”

When Mo Sha heard this, it immediately snorted and said angrily. “Sorry, Senior Mo Sha. I have to make a living, So... there’s nothing I can do. Please forgive me. If you need it, we can exchange. If you don’t want to exchange, then you’ll have to forgive me.” The frog said directly.

“Hmph, you’re already here and yet you still want to leave? Since you’re asking for it, don’t blame me. I’ll make sure you leave everything behind!”

Mo Sha was immediately filled with killing intent. The entire mental space exploded with a bang, and a powerful mental strength spread out with a bloody smell!

“Senior Mo Sha, please reconsider. I’m a mental health master. You’re breaking the rules by doing this!” the frog immediately said.

“What rules? Do you really think you’re some big shot? Die!”

With that said, Mo Sha waved his hand, condensing a mental storm in the air that bombarded Zhou Hao!

Zhou Hao’s expression changed drastically when he saw this. This mental strength was too freaking powerful. It was at least the strength of a twelfth-grade Heaven Realm expert!

This was even when his mental strength was less than 10%. If he was at his peak, who knew what realm he would have reached!

As Zhou Hao was shocked, the frog snorted and waved its hand. Waves of fluctuations emitted from the armor, spreading a signal that directly connected to the triangular building!

Immediately, an extremely ancient aura erupted. A huge hand condensed in this space and crushed the storm!

“Senior Mo Sha, you’re really forgetful. Our mental health masters are well protected in the mental graveyard. If you want to kill me here, you’re simply dreaming. Moreover, you’ve triggered the taboo here, so no one can save

you!”

The frog snorted.

“It’s just a mere system’s will. You really think you can suppress me? What a joke!”

Mo Sha was filled with killing intent and his tone was even domineering. He directly expanded its aura. Immediately, a storm that was more than five times stronger than before erupted.

“Mo-Mo Sha has broken the rules of the mental graveyard. System has activated the clearance command!”

A cold system voice sounded. Then, ten thousand beams of light spread out, turning into powerful chains that directly broke through Mo Sha’s defense and tied him up!

As for Mo Sha, his expression immediately changed! “No-!”

## **Chapter 511 - Clues**

### *Chapter 511 Clues*

This huge energy directly obliterated Mo Sha!

At this moment, Zhou Hao was frightened when he saw this!

The frog immediately said, "Don't just watch. Quick, take everything!"

When Zhou Hao heard this, he hurriedly took a step forward. This Mo Sha's mental strength had been wiped out by the mental graveyard, but his treasures were not wiped out. Zhou Hao quickly found a storage bag that had the ability to open up an independent space! Zhou Hao ignored everything and threw this thing into his backpack before hurriedly leaving this space!

Just as Zhou Hao walked out, this space instantly disappeared. Everything along with Mo Sha completely disappeared from this mental graveyard!

"This place is really freaking evil!"

The frog shuddered and could not help but say, "Let's go and trick the last one. Once this is over, we'll leave quickly!"

Zhou Hao also nodded. Now, his urge to leave had become stronger. Without wasting any time, Zhou Hao arrived at another tunnel and quickly entered a strange space!

There was nothing in this space. It was completely blank and only had a corpse floating in it.

Zhou Hao frowned. This guy seemed to be very poor. There were no decorations in the space. The two mental spaces just now all had some scenery, be it the mountains and clear water or gloomy decorations. On the other hand, this place was empty and desolate!

When the frog saw this, it was stunned for a moment, especially after seeing this person. It could not help but say to Zhou Hao, "It's actually... a big shot from the leader lineage. This old thing must have some good treasure!" Zhou Hao was stunned for a moment and could not help but ask, "What's the leader lineage?"

"It means that they're the true rulers of the Moro Race. Logically speaking, they shouldn't be buried in such a small space. What's going

on?"

The frog was very surprised, but it did not care too much. At the same time, the corpse trembled. Immediately, the corpse floated over. Only then did Zhou Hao see that it was an old man in a white robe!

"A mental health master? Hehe, I haven't seen one in so many years. I didn't expect a mental health master to come here after my Moro Race was destroyed. How interesting!" The old man was different from the others. His eyes were not closed and were instead opened. It felt as if this was his true body!

Zhou Hao was immediately shocked. Even the frog was the same!

“Damn, this old fellow actually buried his actual body here. He’s really a freaking expert. Moreover, he can also see through our act!”

The frog was very shocked, but it still spoke. “Senior, we didn’t mean to offend you. Sorry for disturbing your rest. Please don’t make things difficult for me.”

The frog took a deep breath and was a little nervous.

The old man looked at Zhou Hao and smiled. “It’s fine. The Moro Race has already been destroyed for so long. Why would I make things difficult for you?”

Hearing this, Zhou Hao heaved a sigh of relief. He was very curious, so he asked, “Senior, this is not a mental graveyard. You... also don’t look like a spirit body, right?”. After Zhou Hao asked this question, the old man laughed. “That’s right. I’m not a spirit body, but a true physical body. I’m the eleventh patriarch of the Moro Race and have already fused my physical and mental strength. Therefore, what you’re looking at is both my physical body and my mental strength.”

To fuse the body and mental strength into one?

This was the first time Zhou Hao had heard of such a thing. He was really surprised!

Even the frog was the same!

“Alright, it’s useless to talk about this. After so long, the outside world has probably undergone a tremendous change. There’s nothing left here, but I can tell you an important secret!”

“The secret about the legacy spirit gem!” After the old man finished speaking, Zhou Hao’s head turned dizzy. On the other hand, the frog said excitedly, “Are you talking about the Moro Race’s ultimate treasure, the spirit

gem?”

The old man nodded with a smile. “That’s right, the spirit gem!”

The frog was extremely excited when it heard this!

“It’s said that the spirit gem can materialize a person’s spirit. You might not be able to imagine how impressive this is, but I can tell you right now a materialized spirit is extremely powerful. For one’s mental strength to be condensed into a super powerful combat strength, its effect will no longer only be on the mental level, but also on the physical level!”

“For example, you can use this materialized spirit to control any matter. Be it killing or doing anything, your spirit’s speed is faster than your body. This is also why martial artists with powerful mental strength had greater lethality.”

The frog’s explanation was easy to understand. After Zhou Hao heard it, he also did not dare to believe it!

If that was the case, didn’t that mean that one would basically become invincible?

“Although that’s the case, I haven’t found anyone who can materialize their mental strength. At the highest level of our Moro Race, we can only fuse our mental strength and body into one. We’re still unable to materialize our mental strength and turn it into an independent entity!”

The old man smiled and interrupted Zhou Hao and the frog. Although he said this, this hope was enough to make anyone crazy!

“This spirit gem is still in the Moro Race. However, this is an inheritance that not everyone can obtain. The Moro Race experts had planned this carefully a long time ago. Once the Moro Race is destroyed, the inheritance will be left behind. And this inheritance is in the mental world of the Moro Race!”

After the old man finished speaking, his expression was melancholic.

“To put it bluntly, this mental world is an obsession. All the members of the Moro Race don’t want to die, so everyone’s mental strength is somewhat encapsulated in the spirit gem. Only by obtaining the mental gem can one obtain the inheritance and walk out of the mental world of the Moro Race. Otherwise, they will only be lost in the mental world of the Moro Race.” “And what’s needed to enter this mental world is an identity. Although you can change your aura, you can’t change your mental fluctuations. There are many mental fragments stored in the territory of the Moro Race. After obtaining the mental fragment, you will be able to enter the Moro Race’s mental world!”

At this point, the old man looked at Zhou Hao and said with a solemn expression.

“I want to ask you, have you heard of reviving something that’s already dead?”.

Zhou Hao was immediately confused. Why was this old man suddenly bringing up a ghost story? “Senior, if you’re talking about the ghost story by that name, I think I’ve heard of it,” Zhou Hao replied honestly.

“Heh heh, more or less. If you want to enter the mental world of the Moro Race, you have to rely on the spirit of others and use their will to bring you into the mental world. However, this will depend on whose will is stronger. If your will is weak, you will only be devoured. If your will is strong, you will be able to wake up in that mental world!”

“Moreover, those who are close to the spirit gem will definitely be people with noble statuses. With your strength, the person with the most powerful identity you can handle is in the Fifth Mountain, a hundred miles away from here!”

## Chapter 512 - Su Xiaoyu

*Chapter 512 Su Xiaoyu*

Fifth Mountain...

Hearing this, Zhou Hao was naturally somewhat puzzled. The frog also frowned.

“The Fifth Mountain... it does sound a little special...”

The frog suddenly spoke with surprise in its eyes. “Alright, it’s getting late. Leave quickly. If you don’t leave now, I’m afraid someone will come out to chase after you!”

After the old man finished speaking, he did not say anything else. Then, he lay down again and floated back to his original position.

Zhou Hao bowed deeply and left this space.

After coming out, Zhou Hao did not hesitate and hurriedly walked out before Mo Tiantu could find out what was wrong.

“Frog, do you think... what this senior said is true?”

Zhou Hao was a little puzzled. He really did not know much about these things!

“It’s basically true. I know about the methods of the Moro Race. They worship mental strength, so this inheritance naturally has to be related to mental strength!”

“They have left behind a special mental world. In it, I’m afraid it probably resembles the old Moro Race. Moreover, as long as any one of you finds the identity to enter that place, you will be able to enter. However, it’s easy to enter, but it’s difficult to wake up. Once you lose yourself, you will probably only be able to stay there for the rest of your life!” The frog’s words shocked Zhou Hao and made him hesitate.

“Tch, look at how timid you are. They might not be able to wake up, but you’ll probably be fine. Your mental strength is pretty good. After all, with the Genesis Runes as the foundation, you’re much stronger than them.”

The frog relieved Zhou Hao, and he nodded.

“Then what should we do? Should we go to the Fifth Mountain now?” Zhou Hao could not help but ask.

“It’s still early. There are no signs of this mental world waking up at all. I estimate that it will take a few days at least. Didn’t you obtain some good things? You should increase your cultivation first!” The frog immediately said.

Zhou Hao nodded and found a good place to stay before starting to check.

What he had obtained from Mo Tiantu was indeed a good thing. Zhou Hao had consumed the Body Tempering Fluid before and it was indeed not bad.

Therefore, Zhou Hao did not hesitate and directly consumed the Body Tempering Fluid.

For an entire day, Zhou Hao sat there and felt the strength of the Body Tempering Fluid, making him shocked!

That force washed over his body again and again, cleansing his blood, body, and even bones!

This pain was not something an ordinary person could endure!

Zhou Hao also gritted his teeth and endured!

At the same time, 50 kilometers away from Zhou Hao, a woman in a white dress with a sexy and fiery appearance was speeding over in a tight suit with blood at the corner of her mouth.

Behind him, a black burly man with an evil expression was chasing after him!

“Hahaha, Miss Su, don’t run anymore. Everyone knows that the women in your auction house are born charming. Today, I want to see if your Eastern woman’s body can withstand me!”

The black man was very disgusting and chased after him with a burning expression!

If Zhou Hao saw this, he would definitely be shocked!

This was because this woman’s appearance was actually 70% similar to Su Xiaofu!

However, looking carefully, this woman was not as tender and soft as Su Xiaofu. Instead, she was more cold! She was not Su Xiaofu, but Su Xiaoyu!

At this moment, her situation was very bad. She had just been attacked here. Although this was the mental world of the Moro Race, there were still some forbidden areas here!

As soon as she entered this place, she fell into a mental vortex and was covered in injuries!

Just as she came out, she encountered this black man who had been chasing after her for an entire day! Of course, she knew this black man. He was an expert from the African tribe and was the son of the Three Continent Chief. He had a noble status!

Originally, the two of them would not have any interaction. Unexpectedly, she was discovered by the other party right after getting severely injured!

"Miss Su, don't run. I've been coveting you for a long time. Moreover, you can't escape. You're severely injured, so how can you be my match?"

The black man laughed as if he was determined to get what he wanted!

Su Xiaoyu was very angry, but she could do nothing about it. She could only grit her teeth and run!

She really hoped that she could bump into someone she knew. This way, this black man would also restrain himself!

Unfortunately, for some reason, she did not discover anyone in this space after running for an entire day. What was going on?!

"Damn, do I really have to get raped by this black man?"

Su Xiaoyu was very angry. She had not even fallen in love and was about to lose her virginity to a black man?

How could she tolerate this?!

"If I can't escape in the end, I'll kill myself and definitely not let him succeed!"

Su Xiaoyu gritted her teeth and sped up, running around aimlessly!

The black man looked at this scene with ridicule in his eyes. He followed behind unhurriedly. After all, this woman was already at her limit. He was not worried at all!

“Miss Su, you’re so beautiful and charming. Your skills in bed must be good, right? I actually have a thing for Eastern women. Unlike Western women, you guys are even more reserved and tasteful. Tsk tsk, it really makes me unable to stop myself!”

“Moreover, you’re so beautiful and charming. You must be very enchanting. Miss Su, don’t run. There’s no one else here. You can’t escape!”

The black man had already made up his mind to toy with Su Xiaoyu here and kill her later to not leave behind any evidence!

After all, if news of this spread, he would be implicated. After all, the strength of the auction house was not something he dared to underestimate.

Even the son of the Three Continent Chief did not dare to make too many enemies!

Moreover, Planet Earth’s Huaxia was unofficially the strongest force on Planet Earth. He did not dare to offend them easily!

Su Xiaoyu was very angry, but it was useless. Her feet became heavier and slower, as if she could collapse at any moment!

She was infuriated.

“Am I really going to die today?”

She was unwilling, but so what? Therefore, at this moment, she already had the desire to die.

However, the black man had always been paying attention. It was precisely because he was worried that Su Xiaoyu would commit suicide that he did not act too forcefully. Now that she was no longer in a good state, the black man immediately sneered when he saw her like this. His speed soared, and he turned into a black shadow that instantly appeared in front of Su Xiaoyu! Su Xiaoyu’s expression changed drastically. She was just taking out her dagger to end her life, but who knew that this black man would suddenly appear in front of her!

## **- Chapter 513 - Solution**

### **Chapter 513 - Solution**

### *Chapter 513 Solution*

Su Xiaoyu was in complete despair because in the next second, the black man slapped away the dagger in her hand. Not only that, but he also used a powerful cultivation to seal her movements, making her unable to move at all!

“Hahaha, Miss Su, I knew you would kill yourself. I’ve always been waiting for an opportunity. Otherwise, why would I play hide and seek with you for the entire day?”

The black man laughed happily. At this moment, he had already embraced her and was headed for the ground.

At the same time, Zhou Hao had also reached the end of his tempering. He took a deep breath. The blood essence in his body had already completely condensed, but the intense pain still made his expression turn livid. “It’s almost over. Zhou Hao, hold on. As long as you absorb all this blood essence, it’ll be over!”

The frog nodded. This Body Tempering Fluid was quite good. His body had already gone through a full day and night’s baptism and it was still only at 80% completion. Fortunately, he was not far from the final step!

At this moment, Zhou Hao seemed to have sensed something. He opened his eyes and suddenly looked up into the distance, seeing an unsightly scene!

A black man had snatched the blade from an Eastern woman and used his cultivation to seal her movements. He then embraced her and revealed a disgusting smile as he headed towards the ground!

Zhou Hao was not stupid. Of course he knew what was going on!

His expression was very ugly. When he looked carefully, his expression changed drastically!

“Su Xiaofu!”

He did not expect the other party to be Su Xiaofu!

Zhou Hao’s expression changed on the spot. Sun Shan had told him to take care of Su Xiaofu. Zhou Hao naturally could not ignore such a thing happening in front of him. Therefore, he ignored his body that was currently tempering and suddenly stood up!

**Cun**

With this, he immediately spat out blood!

He was currently tempering his final blood essence. Since he was currently guiding it, it naturally caused the blood essence in his body to boil!

However, Zhou Hao had to do this! "What's wrong? What are you doing? Do you not want your life anymore?" The frog was immediately stunned. Even the white jelly was the same.

"Is this brat stupid?" Even the white jelly couldn't help but say.

At this moment, Zhou Hao stood up and sped away.

At this moment, Su Xiaoyu was already in despair and closed her eyes in pain.

When the black man saw this, he laughed. "If you find it terrifying, close your eyes. Soon, you will realize the joy of being a woman!"

Su Xiaoyu could sense that this man was taking off her clothes and was already in despair.

However, at this moment, she suddenly felt a strong wind breaking. She opened her eyes and saw a man who was vomiting blood bombarding towards them!

This scene naturally made the black man notice.

His expression was extremely ugly. He turned around and saw Zhou Hao vomiting blood and sneered.

"What a damn good-for-nothing. He's already like this, yet he still wants to be a hero and save the beauty!"

As he spoke, he could not be bothered to waste his breath. He waved his hand and released a powerful cultivation!

The powerful strength of an eighth-grade supernatural expert was incomparably terrifying. It condensed into a black lion phantom and spread out fiercely!

In his eyes, this brat would definitely die from this attack!

However, he did not expect the man who was vomiting blood to directly smash the lion phantom into pieces without any hesitation!

That powerful strength made his scalp tingle! "Damn!"

He was frightened and immediately took a step back.

“Friend, I’m the eldest son of the Itanli family in Africa. My name is Buye. If you have any requests, feel free to tell me. Don’t hurt me!”

Buye was not stupid and knew what the other party planned on doing!

However, it was already too late. Zhou Hao was in no mood to care about him. All he wanted to do now was to instantly kill him so that he could properly deal with the restless blood essence in his body!

Therefore, Zhou Hao directly released his quasi Heaven Realm cultivation. Under the lightning that filled the sky, a spear immediately pierced through Buye! Buye died without even knowing how he had been insta-killed!

After settling him, Zhou Hao looked at Su Xiaoyu and hurriedly said, “Xiaofu, are you alright?”

When Su Xiaoyu heard this, she was stunned for a moment.

However, before she could answer, Zhou Hao spat out blood and fell into his arms.

“Hey... hey... you... what’s wrong?”

Su Xiaoyu was frightened. Although her cultivation was restricted, she could still move. She hurriedly helped Zhou Hao up.

At this moment, the frog and the white jelly hurriedly rushed over!

The moment it saw Su Xiaoyu, the frog immediately blinked its big eyes and even took off its sunglasses. Seeing that this girl’s figure was perfect, it nodded vigorously. “Miss, don’t be anxious. Zhou Hao is only like this because his blood essence is lacking. His life is not in danger!” The frog hurriedly said before smiling. It looked extremely disgusting!

Su Xiaoyu was currently worried about Zhou Hao and did not notice the strange expression on the frog’s face.

“This is Zhou Hao? Are you his spirit pets?”

Su Xiaoyu was stunned for a moment. She naturally knew the name Zhou Hao very well. Just two days ago, she had even heard her sister mention this person.

She did not expect to be saved by this person! “That’s right, that’s right...” the frog hurriedly said.

At this moment, Zhou Hao was already unconscious. Su Xiaoyu was very worried. “Is he... really fine?”

“Uh... although his life is not in danger, he was at the critical moment of his breakthrough. Because he stopped abruptly to save you, his body was injured. In fact,... he should have been quite heavily injured!”

“Ah!”

When Su Xiaoyu heard this, her expression immediately changed. She hurriedly said, “Is there any way to save him?”

When the frog heard this, it immediately blinked its large eyes and looked at the white jelly. Their eyes met and they could tell from each other’s expressions that they were both thinking dirty thoughts!

“Uh... there’s a way, but I wonder if Miss is willing to help Zhou Hao.” The frog said directly.

“Of course I have to help. He saved me. How could I not help him?!” Su Xiaoyu said directly.

“Alright, then this is all you need to do...”

As the frog spoke, it leaned towards Su Xiaoyu’s ear and whispered.

Originally, Su Xiaoyu thought that the frog had a good idea, but after hearing this, her pretty face immediately turned red. Her eyes widened and she became embarrassed!

“Cough cough, although this method is not very appropriate, there’s nothing else we can do now. If Miss is unwilling, then so be it.”

“Sigh, I just pity our Zhou Hao for being so severely injured because of you!”

As the frog spoke, it glanced at Su Xiaoyu.

The latter’s expression was volatile and conflicted. After a long time, she seemed to have made up her mind. She bit her lip and then gently opened Zhou Hao’s mouth...

She kissed him!

## **Chapter 514 - Misunderstanding?**

## Chapter 514 Misunderstanding?

Su Xiaoyu kissed him directly. Her shy face and fragrant scent were really irresistible!

The frog's eyes widened in excitement, as did the white jelly. "Damn! This is the first time I've seen a male kiss a male..."

The frog was originally very excited, but when it heard the jelly say this, it was immediately furious. Its mood was immediately destroyed!

"Are you stupid? This is a woman, a woman!"

"White-skinned, beautiful woman, are you stupid?!" The frog was speechless!

"Ah? A woman? How could it be a woman? How? That's not right..." The white jelly immediately became conflicted, and an old face appeared on its body. Its eyes widened as it carefully looked at Su Xiaoyu in confusion!

The moment Su Xiaoyu kissed Zhou Hao, a strange force was sucked out of Zhou Hao's mouth. It was a ball of fiery aura and also the huge energy that blocked Zhou Hao's heart!

Zhou Hao had not completely absorbed it just now and was in a hurry to attack. Therefore, this aura directly blocked his heart.

In fact, as long as someone guided it out, Zhou Hao's disobedient aura would return to normal. However, the frog had played a prank on Su Xiaoyu and told her to 'suck' it out.

This was also why things were unfolding in this way. The fire in his heart gradually dissipated. Only then did Zhou Hao recover. He opened his eyes and saw a peerless flushed face. Her eyes were closed tightly, revealing nervousness. She was so close!

At this moment, Zhou Hao was stunned!

"Am I dreaming? I haven't seen any Japanese movies recently. What's going on? Why would I have such a dream?!"

Zhou Hao really thought that he was dreaming. After all, the two of them were too close and he could not tell who this person was!

Wasn't there a saying that said that one cannot see the forest for the trees?

This was what it meant!

Zhou Hao thought that it was a dream and became bolder. He felt the cold lips against his and immediately opened his mouth. He stretched out his glib tongue and attacked!

This shocked Su Xiaoyu. She hurriedly opened her eyes and saw Zhou Hao looking at her with lust. She was furious and immediately pushed Zhou Hao away. Not only that, but she also raised her hand and slapped him!

Slap!

“You... you pervert!”

A crisp sound and furious cursing sounded, immediately raising Zhou Hao’s spirits!

“Damn? Not a dream?”

Zhou Hao could clearly feel his face burning. He immediately woke up and looked up. He saw Su Xiaofu’s furious face looking at him. His heart skipped a beat!

“Damn, I remember now. I was trying to break through and before I could succeed, I went to save her. That’s why I fainted. But... but... I fainted. Why would she kiss me? Could she be performing CPR?”

In an instant, several thoughts flashed through Zhou Hao’s mind, but he still hurriedly explained, “I’m sorry, I’m sorry. I... I thought it was a dream. Xiaofu, I’m really sorry. I apologize!”

Su Xiaoyu looked at Zhou Hao and snorted. “Open your eyes and look. I’m not Su Xiaofu!”

Su Xiaoyu was very angry that her first kiss had been stolen. Her tone was also very stiff!

“You’re not Su Xiaofu? Hmm...?”

Zhou Hao was stunned for a moment. He looked carefully and immediately realized that something was different!

Su Xiaofu gave off a very gentle feeling. That gentleness seemed to be able to seep into one’s

bones!

Moreover, there was a strange charm to Su Xiaofu. She looked very strange, but the contrast made it impossible for one to look away.

However, the woman in front of him was less gentle, more nervous and shy, and even a little fierce!

This expression did not seem like Su Xiaofu! “Um... beauty, you are...?”

Zhou Hao immediately felt even more embarrassed!

“Hmph, Su Xiaofu is my second sister. I’m Su Xiaoyu.”

Su Xiaoyu glared at him and could not help but say.

“So it’s Miss Su. I’ve long heard of your great name!”

Zhou Hao knew that they were four sisters in the Su family and also wondered if it was one of them earlier.

“Um... thank you for your help just now.” Zhou Hao scratched his head and was a little nervous. Although he was not the one who took the initiative, he still took advantage of the other party.

“Hmph, you saved me. It’s only natural for me to save you. You don’t have to thank me. It’s just that... it’s just that...”

Su Xiaoyu wanted to ask the other party why he had stuck his tongue out like a pervert.

However, she was unable to say this.

Zhou Hao was stunned for a moment. He thought that she wanted to say something, but she did not say anything in the end.

At this moment, Zhou Hao’s blood essence was already smooth and his physique had also changed. However, a small portion of the Body Tempering Fluid had been absorbed by Su Xiaoyu.

However, even so, Zhou Hao could still sense that although his physique was far inferior to the first-level life form, he should at least be a fourth-level life form by now!

Now, he should also be qualified to cultivate a Cosmic Body!

At this moment, the frog and the divine soil jumped over. Before the frog could speak, the divine soil immediately said, “This guy asked her to kiss you. Clearly, your blood essence only needed to be smoothed out. There’s no need for you two to kiss at all. It was this frog who lied to her because he wanted to see the two of you kiss!”

The divine soil had finally found an opportunity to take revenge. This sentence immediately made the awkward situation turn intense!

“What? You... you guys did this?”

Zhou Hao was furious. It turned out that it was all because of this frog!

Su Xiaoyu was simply about to explode in anger. At that time, she also had her suspicions, but saving him was more important. She did not think too much about it, but who knew that the frog was actually lying to her!

“You... you... you damned spirit pet, I... I’m going to kill you!”

Su Xiaoyu completely exploded. With a wave of her hand, a green sword appeared in her hand and slashed at the frog.

That sword was extremely fast. One could only see a green light! The frog was so frightened that it cried out like a baby

“Miss, this is a misunderstanding. I only asked you to suck the fiery ball out of his mouth. I never told you to kiss him!”

“I think you just want to kiss him. Now that you’re exposed, you’re pushing the blame to me. I won’t take the blame!”

Although the frog spoke, its hands were not idle. A strange shadow appeared behind it, shaking the void and blocking Su Xiaoyu’s fast attack!

Su Xiaoyu’s expression was extremely ugly. Thinking about it, it was indeed true. This guy really did not ask her to kiss him.

But... why did she misunderstand?

She was very shy and did not dare to look at Zhou Hao at this moment. She had just blamed him and slapped him. However, now, the frog’s words had made it seem like she was the one who wanted to kiss him!

She was also embarrassed to stay any longer. Her body flashed, and she did not say a word before speeding away and leaving this place!

## **Chapter 515 - Secret Meeting**

### *Chapter 515 Secret Meeting*

Seeing that Su Xiaoyu had left, Zhou Hao sighed secretly. What should he do? If word got out, what would happen to his image?!

However, Su Xiaoyu would not say anything.

After she left, Zhou Hao looked at the frog and the divine soil and snorted.

“You did it on purpose, right?”

The frog pushed its sunglasses up and said disdainfully, “Tch, so what if I did it on purpose... But you’re really shameless. How dare you stick your tongue out!” “You...”

Zhou Hao was furious, but he could not say anything and could only give up!

The Moro Race’s mystic realm had also opened for a few days. Zhou Hao knew that it would still take some time before the Moro Race’s mental world opened, so he was not in a hurry.

Zhou Hao wandered around in search of luck. However, on this day, as he was speeding along, he suddenly sensed an exquisite killing intent!

Zhou Hao’s expression immediately changed. He hurriedly dodged and directly avoided + this one-hit kill. Then, he held his spear and waved it. The powerful force directly pierced through the void, leaving a trace of blood there!

“Hmph, stop hiding around. Come out. You’ve already been exposed!”

Zhou Hao looked at a certain spot in the void and his powerful mental strength immediately discovered that something was wrong, so he snorted. Indeed, after Zhou Hao finished speaking, the void trembled and slowly squirmed. A figure walked out with a solemn expression.

Zhou Hao looked at this person. This person was wearing a rather simple set of clothes that looked a little like traditional Chinese attire. This surprised him.

acc

“Friend, I didn’t mean to offend you just now. Please let it go on account of my ancient martial family, the Tang family. How about that?”

The man in traditional Chinese attire looked at Zhou Hao and cupped his hands.

It was not that the other party was polite. It was just that he had realized that he was not a match for Zhou Hao and quickly admitted defeat.

Zhou Hao snorted and said indifferently, "The ancient martial family, the Tang family? Sorry, I've never heard of it. Since you tried to kill me, then be prepared to die!"

Zhou Hao was not a pushover. The other party had attacked with the intention to kill him and then brought up the Tang family. Was he joking?

"Friend, offending our Tang family is not a wise choice!"

Tang Yin said directly with a cold expression. Although he could not defeat this person, he was not afraid!

He was of the Tang Family bloodline and naturally had pride!

"The Tang family? I've really never heard of it. If you say it's not wise to offend, then so be it. However, no one will be able to save you now!"

Zhou Hao snorted and could not be bothered to waste his breath. He directly exploded with his quasi Heaven Realm cultivation. At the same time, the Thousand Feathered Armor was also directly attached to him. Zhou Hao was like a silver-armored warrior as he pounced over!

The person in front of him was a ninth-grade supernatural expert with powerful strength, but he was not Zhou Hao's match at all. The reason why Zhou Hao was wearing the Thousand Feathered Armor was because he was worried that someone would see him!

Tang Yin's expression immediately changed drastically. He took out his twin axes and resisted Zhou Hao!

However, he was not Zhou Hao's match at all. Moreover, Zhou Hao wanted to end the battle as soon as possible. Therefore, there was no suspense in this battle! After penetrating him with a spear and erasing the traces, Zhou Hao took his spatial bag and burned him before quickly leaving the scene.

"Hmph, who cares if you're from the Tang family or not? In any case, no one will know who I am. If you want to kill me, you have to be prepared to be killed!"

Zhou Hao had never been a soft-hearted person. The other party was already about to kill him, so how could he still smile and forget the enmity?

Zhou Hao was not that benevolent!

After leaving, Zhou Hao opened the other party's spatial bag and saw a huge pile of things.

Zhou Hao could not use some of the electronic components at all and casually threw them aside. However, there were still some precious treasures that seemed to be worth some money.

After taking these things away, Zhou Hao was stunned for a moment and saw a token. It was very strange and had the word “six” written on

it.

Zhou Hao flipped the token over and looked at it before blinking.

“The six great bloodlines, the land of inheritance, recreate the ancient glory of the six families, special meeting.”

Zhou Hao nodded. It seemed that this was a secret meeting!

However, Zhou Hao did not know what this secret meeting was. Just as he was about to throw it away, the frog suddenly jumped over, its eyes shining!

“Someone from the Ancient Martial Tang Family? Isn’t that one of the six ancient bloodlines?”

The frog was knowledgeable and immediately recognized this token.

“What? Do you know something about this?” Zhou Hao asked.

“Of course, these few were experts who followed Huang back then. There were a total of six people who left behind six lineages. However... later on, the talents of these six lineages withered and fell apart long ago. I’m afraid the six lineages barely have any people left now.”

The frog said indifferently.

“Six lineages? Which six?” Zhou Hao could not help but ask.

“I forgot a long time ago. In this world, they’re probably the only ones who know that they’re from the six lineages. Other people probably don’t know at all,” the frog said indifferently.

“Oh... In other words, it’s useless.” Zhou Hao was not interested and wanted to throw it out for the second time.

However, the frog hurriedly said, “Wait, what’s the hurry?!”

“What’s wrong?” Zhou Hao asked. “These six experts are really heaven-defying. After all, they were all followers of Huang. Although their six lineages are basically dead,

there's probably something going on. In any case, we're free now. Why don't you pretend to be a member of the six lineages and go take a look?" The frog suddenly said.

"Should I go and take a look? My surname isn't Tang. What if they find out?" Zhou Hao said worriedly. "Don't worry, they won't know who you are. Moreover, no one can prove that the Tang family is one of the six lineages anymore. If I say your Zhou family is, no one will refute."

"Because they suffered a huge change back then and didn't leave anything behind. It's not even certain if they can gather all six lineages!"

Zhou Hao was a little tempted by the frog's words. If that was the case, he could give it a try!

"Alright, let's go take a look!"

At this moment, Zhou Hao wore a black cloak that covered his face and walked towards the direction mentioned in the token at a very fast speed.

Not long after, he saw a small hill. On this hill, five people were sitting there. They were all wearing black robes as if they were waiting for someone.

Zhou Hao's arrival made the five of them unable to help but look up.

However, they did not say anything.

After Zhou Hao landed, one of them said, "Our six lineages have finally gathered.. Since we've gathered, let me tell everyone why I'm in such a hurry to gather everyone!"

The person who spoke was a woman. Her voice was pleasant and revealed an ethereal feeling!

Be it Zhou Hao or the others, they all looked at her curiously and waited for her to continue.

However, her next words stunned everyone except Zhou Hao!

Including the frog!

"This time, I gathered everyone for a supreme treasure, the Universe Origin Wood!"

## Chapter 516 - Meeting

### *Chapter 516 Meeting*

These ordinary words made everyone's breathing tighten. They could clearly tell that it was not a simple treasure!

Zhou Hao was stunned for a moment and was very puzzled, but the frog's voice quickly sounded in Zhou Hao's mind!

"The Universe Origin Wood. Heavens, I didn't expect this treasure to still be alive!"

The frog's words puzzled Zhou Hao even more.

What did the frog mean by this? Zhou Hao was very surprised. How could a treasure be alive? Could it be a living being?

"After countless tests conducted by those from my bloodline, I can finally confirm that the treasure is in the Moro Race territory. Everyone, we're all descendants of the six ancient lineages. The opportunity to revive my six lineages has arrived today. Therefore, I specially gathered all of you here for this matter!"

After the woman finished speaking, she looked at everyone through the black veil.

Zhou Hao did not say anything. He was pretending to be one of them, so he did not speak.

"The six lineages have disappeared for a long time and we have already adapted to our current lives. We also can't take back the former glory of the six lineages. I... don't agree with you taking the risk for the sake of that glory!"

The person who spoke was an old man with an aged voice that carried a tone of refusal.

"Since this senior doesn't want to go, I won't force him. How about this? Let's vote and decide. How about that?"

The woman still wanted to persist. After saying this, she directly raised her hand.

"Those who agree, raise your hand."

As soon as the woman finished speaking, the others raised their hands. Zhou Hao hesitated for a moment and also raised his hand.

Zhou Hao could not see the old man's face clearly, but he could still sense that his expression under the veil must be very ugly.

"Senior, this is the group's decision. If you still consider yourself a member of the six lineages, help us. If you don't want to go, then forget it. After all, the matter of the six lineages is already in the past. Everyone has already shown enough respect by coming here." After the woman finished speaking, she stopped talking

The old man clearly hesitated. After a long time, he sighed.

"In that case, let's go!"

After the old man finished speaking, he sighed. After the woman heard this, she was very happy. With a wave of her hand, five sets of information appeared and landed in the hands of the five of them.

"We'll meet again at this time tomorrow. There's a map included in the information." After the woman finished speaking, her body moved and she left first. The others also left.

Zhou Hao blinked. Wasn't this secret meeting too casual?

After sneaking in like this, he even learned about the so-called Universe Origin Wood?

"What is this Universe Origin Wood?" Zhou Hao asked curiously.

"Hehe, it's very impressive. This Universe Origin Wood is a divine item that existed since the beginning of the universe. This item has the same lifespan as the world and there's only a few stalks. Back then, Huang spent a lot of effort to bring this back from the edge of the universe and plant it on Planet Earth." "If not for the fact that Huang planted this on Planet Earth back then, a planet of that level wouldn't have so much essence energy. It can be said that most of this essence energy was nourished by it."

"However, after the final battle, the Universe Origin Wood disappeared without a trace. The six lineages in charge of the Universe Origin Wood were also destroyed. I didn't expect it to be in the territory of the Moro Race. How interesting!"

The frog's words shocked Zhou Hao. From what it said, this thing seemed to be quite impressive!

"If I obtain this, what can I do with it?" Zhou Hao asked directly.

**can**

**essend**

## **sence**

“This thing is very useful. If you can absorb it and turn it into a part of your body, you can instantly become a third-level life form. Moreover, it will constantly provide you with essence energy. The essence energy it provides is much more than the essence energy you are able to obtain from cultivating.” “However, it also has a certain limit. After breaking through to the cosmic-level, I’m afraid that the use of this thing will be insignificant. However, given your current level, this thing will definitely be able to make you stronger!”

Hearing this, Zhou Hao understood. This was a freaking Essence Energy warehouse. If he could obtain this, wouldn’t it be perfect?!

“I can’t believe it. I have to get this!”

Zhou Hao smiled and made up his mind!

Soon, Zhou Hao arrived at the destination the next day.

At the same time, 50 kilometers away, three people stood on a mountain peak!

One of them, a man, was wearing a capable martial artist uniform. He sat there silently, but one could sense a ninth-grade supernatural cultivation trembling!

He had no expression and closed his eyes tightly.

Not far from him stood a woman. She was not young, but she looked like she was a beauty back in the days. However, her eyes were filled with displeasure as she looked at another woman in the distance in jeans and a tight shirt with envy.

That woman was very beautiful and had an extremely good figure. She definitely had a nine-headed figure.

Although she was wearing a veil, it was still obvious that she was a beauty!

The man also opened his eyes from time to time and swept his gaze over the woman, frowning slightly.

“It’s almost time. They haven’t arrived yet. Could it be that they don’t want to come?” the man in the warrior uniform said.

“Sister Wang, Brother Wu, please calm down. There’s still a little time before the agreed time. Let’s wait patiently.”

As the woman spoke, she smiled. Her voice was pleasant to the ear and her attitude was gentle. Be it the man in the warrior uniform or the middle-aged woman, they did not complain after this.

At this moment, a strong wind blew over. A man in a suit and leather shoes flew over from the sky. He was very handsome and elegant. As soon as he arrived, he smiled. "Sister Wang, Brother Wu, sorry for the wait. Sister Su, I'm sorry for the delay."

After the suited man finished speaking, Wang and Wu were stunned for a moment. They could not help but look at the woman.

The veiled woman sighed and shook her head. She could only take off this veil!

After taking off her veil, her beauty was instantly revealed. It was as if she had walked out of a painting, she was seventy percent charming and thirty percent shy. Any man who saw her would not be able to help himself!

If Zhou Hao were here, he would definitely be shocked because this woman was actually 70% similar to Su Xiaofu and Su Xiaoyu!

"Hmph, so it's Miss Su from the international auction. I've long heard that your four sisters are beautiful. Indeed, they're much more beautiful than in the photos!"

"Why hide your face when you're so beautiful? We're all showing our true appearances and yet you were still hiding your face. How infuriating!"

The middle-aged woman surnamed Wang immediately snorted. She was naturally displeased because she was jealous and worried!

After all, the other party was one of the top auctioneers of the international auction house!

## **Chapter 517 - Testing Zhou Hao's Strength**

### *Chapter 517 Testing Zhou Hao's Strength*

Everyone knew how powerful the international auction house was, as well as the status of the daughter of the Su family of the auction house. Therefore, when they saw that it was the daughter of the Su family who had arrived, they were naturally somewhat nervous!

The identities of those from the six lineages had long been lost. At the moment, they only knew that they themselves were part of the lineages. However, there was no way for them to verify.

Now that the daughter of the Su family had arrived, they were naturally worried that it would be a trap set by the international auction!

Moreover, not only was there the daughter of the Su family, but there was also this man in a

suit!

This man's identity was not inferior to the daughter of the Su family. To a certain extent, he was far superior to the daughter of the Su family! This was because he was the eldest son of one of the wealthy families that owned the auction house!

Xue Yuangui!

Seeing the two of them appear together, the expressions of middle-aged man Wang and Wu turned ugly!

This did not rule out the possibility that their international auction had taken a fancy to this treasure and was leading them into a trap!

"It's not that I want to hide it from you, but it's really... not good to show my identity to others. I just want to avoid any misunderstandings. However, since we're already prepared to die together, it's also not good for me to hide it." The woman smiled and said this, but it still did not reassure them!

At this moment, a long arc appeared before finally transforming into an old man in a traditional Chinese suit. This person had a luxurious aura. He looked at the daughter of the Su family and Xue Yuangui, and his expression immediately turned ugly!

"I was wondering why they were in such a hurry to gather us. It turns out that the auction has some ideas about the Universe Origin Wood!"

The old man in the traditional Chinese suit snorted coldly and was very angry.

However, the daughter of the Su family smiled. "Old Tai, you must be joking. This time, I'm not representing the auction house. Brother Xue is also not representing the auction house, but our six lineages. Although the matter of the auction house is important to us, the inheritance of the six lineages is equally important to us!"

After saying this, their expressions improved slightly. Moreover, if they could really obtain the Universe Origin Wood, their trip would not have been in vain!

“Since it’s almost time, let’s go in!”

At this moment, Xue Yuangui smiled and said directly.

“No hurry. There’s still one more person,” the youngest daughter of the Su family said with a smile.

When they said the last person, their expressions changed.

“After so many years, this sixth bloodline has never appeared, but this time, he actually appeared in the Moro Race territory. I keep feeling that something’s wrong!”

The person who spoke was Elder Qin who was dressed in traditional Chinese attire. He frowned.

In all these years, the six lineages had gathered a few times, but there had never been a sixth person. It had always been the five of them!

However, this token had been sent out for a long time. They were still somewhat surprised to see the sixth person this time!

Even the youngest daughter of the Su family was the same. She was somewhat puzzled and did not understand how this last person appeared!

On the other hand, the youngest daughter of the Su family could not help but say, “Although I don’t understand why he hasn’t appeared for so many years, since he has appeared, he should still be confident in his ability. It’s fine for us to wait. Perhaps our success will depend on him.”

After saying this, the middle-aged woman surnamed Wang was immediately displeased. “Sister Su, aren’t you being too ridiculous? We all have ninth-grade supernatural cultivation and even have a chance to step into the quasi Heaven Realm. Could it be that the last person is a quasi Heaven Realm expert?”

The others naturally also wanted to ask the same question.

How powerful could this last person be?

However, at this moment, Zhou Hao arrived in a black robe and was stunned as he looked at the five people below.

as

“They revealed their true appearances?” Zhou Hao was very surprised. He did not know why they had revealed their true appearances all of a sudden!

However, he still took off the black robe and revealed his face. “Everyone, I’m really sorry for the delay.” Zhou Hao smiled and swept his gaze across their faces. When he saw the daughter of the Su family, he was stunned for a moment.

“Su Xiaofu or Su Xiaoyu?”

Zhou Hao was stunned for a moment and was very surprised. However, he saw that the woman was looking at him indifferently. Moreover, upon careful inspection, he found that this woman’s aura was different from the other two!

Although she was only incomparably charming, this woman had an additional shy feminine posture. Presumably, it was not Su Xiaofu and Su Xiaoyu, but the younger sister of the four sisters.

Su Xiaofei!

After saying this, he looked at the others.

“Hmm? Sixth-grade supernatural expert? Hehe, is such trash even worthy of going to the forbidden area to obtain the Universe Origin Wood?”

Wang immediately said with a cold expression.

“His strength... is indeed too weak,” Wu said indifferently.

The cultivation of a sixth-grade supernatural expert was really too low. Among them, the weakest was at least at the eighth-grade supernatural level. With such trash by their side, Zhou Hao would only be a burden!

“Looks like it doesn’t matter if this sixth person is present or not. A mere sixth-grade supernatural expert... he isn’t even worthy of being our cannon fodder.”

Wang stepped forward and looked at Zhou Hao.

“If you want to join, fine. Block me with your full strength. If you succeed, you will be qualified. If you fail, your life will be up to fate!”

As she spoke, the woman surnamed Wang immediately waved her hand. Her ninth-grade supernatural cultivation exploded with a bang, and her aura was very powerful!

She pointed at Zhou Hao and pulled out a sharp aura that surged towards him! Zhou Hao frowned and swept his gaze over them.

Wu closed his eyes as if he was disinterested. The old man in the traditional attire looked at all of this indifferently as if it had nothing to do with him. Xue Yuangui looked at Zhou Hao with disdain!

Only Su Xiaofei looked at Zhou Hao curiously, not understanding why he dared to work with them with such a cultivation! “Looks like in this world where the strong prey on the weak, it’s really impossible to survive without ability!”

Zhou Hao understood this and smiled. He did not dodge at all and directly punched out!

His was already a third-level life form, far surpassing all of them!

Although he did not use the strength of his cultivation, it was still not a problem for him to parry this Wang woman’s move!

“You’re young, but you’re quite arrogant!”

Wang immediately snorted with disdain!

“Hehe...”

Zhou Hao smiled faintly and his powerful physical strength directly exploded!

With a punch, he directly shattered that aura. Not only that, but an even more magnificent force directly erupted from his body.

This strength pressed forward. Wang did not care at first, but as this strength pierced through her aura and got closer to her, the woman’s expression finally turned ugly!

The others also widened their eyes and looked at Zhou Hao in disbelief!

## Chapter 518 - Entering the City

*Chapter 518 Entering the City*

Boom!

A huge explosion directly sounded, and the woman was instantly sent flying by this powerful force. Her body flew back for a hundred meters! On the other hand, Zhou Hao did not move at all and had yet to retract his fist!

He looked really carefree!

“If you want to test me, I want to test you too. I want to see if you’re qualified to be on the same level as me, Zhou Hao!”

After Zhou Hao finished speaking, his body moved. He still did not use his cultivation. Instead, he relied on his explosive physical strength to speed away!

After becoming a third-level life form, Zhou Hao’s body was comparable to a peak Heaven Realm expert!

With this physique, he was basically invincible against those below the Heaven Realm!

Seeing this, the woman surnamed Wang’s expression was extremely ugly. She was very afraid. This person’s combat strength had already made her panic!

Zhou Hao did not hesitate at all. He punched out, and a powerful aura exploded. It was extremely powerful!

The strength of this punch was enough to split the sky. Without saying a word, the woman surnamed Wang circulated her cultivation to resist. However, Zhou Hao’s punch was not something she could casually resist!

Immediately, the power surged down. Wang immediately spat out blood and was sent flying!

On the other hand, Zhou Hao did not move at all and had a calm expression.

This scene dumbfounded everyone!

Was this combat strength still at the sixth-grade supernatural level? How was he stronger than an eighth-grade supernatural expert?

They even felt that they themselves would not be able to compete with Zhou Hao!

Su Xiaofei covered her mouth in surprise. She did not dare to believe it. This person was too powerful!

Even she would not be able to defeat that woman so easily!

Zhou Hao looked at Wang and said indifferently, “I only used 60% of my strength for that punch.”

Zhou Hao was not bluffing. He did not use the God Slaying Art or the Nine Revolutions Overlord Body Art, so he was naturally not at his peak combat strength!

If he used it, Zhou Hao could instantly kill this woman!

After everyone heard this, their eyes widened. They had finally seen how powerful Zhou Hao was!

Zhou Hao could also sense that this physical body was indeed powerful. No matter what kind of special technique it was, it would be destroyed by him with a single punch!

“...Just now... I apologize for offending you just now. Please don’t take it to heart, friend. This item... consider it my compensation.” Wang was extremely afraid. Without saying a word, she took out a treasure from her backpack and handed it to Zhou Hao.

She was quite tactful by doing this. Zhou Hao did not hesitate and directly stuffed it into his backpack. Then, he looked at the others.

“Am I qualified now?”

After Zhou Hao finished speaking, their expressions changed.

“This person looks to be only a sixth-grade supernatural expert, but his combat strength is so high that even a ninth-grade supernatural expert is no match for him. He vaguely has quasi Heaven Realm combat strength. Could it be that this person... is hiding his cultivation?”

Elder Qin frowned and thought to himself.

“That palm... did not emit any essence energy. It was pure physical strength. Could it be that his body has been modified? Otherwise, how could he be so powerful?!”

Xue Yuangui also guessed secretly.

“Of course.”

At this moment, Su Xiaofei smiled and said, “I’m Su Xiaofei, the youngest daughter of the Su family from the International Auction House. This is the eldest son of the Xue family from the International Auction House. Also, this is Big Sister Wang. Brother Wu, this is Elder Qin. The five of us are all descendants of the six lineages. I wonder... if you can tell us what your name is?” Zhou Hao looked at Su Xiaofei and was secretly delighted. Fortunately, he did not say anything rash. This woman was indeed not Su Xiaofei and Su Xiaoyu! “My name is Zhou Hao.”

Zhou Hao said directly, but after he finished speaking, the five of them were stunned for a moment!

Although they were not sure if the last six meridians person’s surname was Tang, they had never received news that Zhou was among the six meridians!

However, none of them said anything.

“Brother Zhou, since you’re already here, we don’t have much time. Let’s go,” Su Xiaofei said hurriedly.

However, at this moment, Elder Qin said, “Miss Su, this Universe Origin Wood has long disappeared. How did you know it was here? Also, how do we split it after we succeed?”

After saying this, Wu nodded. “I also want to know.”

Su Xiaoyu smiled and explained, “This Universe Origin Wood is very important. Just because you don’t know, it doesn’t mean that others don’t know.

“Moreover, we have yet to obtain the Universe Origin Wood. What’s the point of discussing it? It won’t be too late to discuss it after we obtain it, right?”

“Time is very precious now, so... we should make the best use of it.”

Su Xiaofei was really good with words. She had said so much, but she had not actually decided on anything. She was really a smart woman!

However, they could also tell that these words were useless.

However, they were not worried. Their cultivation levels were similar, so they were not worried that anything could happen.

Seeing that the few of them stopped talking, Su Xiaofei smiled and led the way.

Not long after, they saw an altar. This altar was somewhat huge and very rare!

This altar... Would lead them to the foundation of the six lineages.

Outside this city, there were six altars filled with six symbols.

Needless to say, it also represented the six lineages! Zhou Hao frowned and did not move rashly. This was because he could not recognize the Tang family symbol, but the others could!

Therefore, when the five of them arrived at their respective altars, Zhou Hao directly went to the last one!

The few of them arrived at the altar and quickly flashed with a strange suction force. It was emitted from the altar with the power of a dimension.

As for Zhou Hao, he stood on it and nothing happened!

“Big Brother Zhou, if you don’t activate the spirit design, you won’t be able to enter this place. After all, these six altars were designed to let descendants from the six lineages enter.”

“If you can’t activate this altar, you won’t be able to enter the city.”

Zhou Hao understood. This was just another form of identity verification. One had to be verified before they could pass through this altar. If they were not from the lineage, they would also not be able to pass!

However, Zhou Hao was not from the six lineages. How was he supposed to get verified?!

Zhou Hao was very depressed. Just as he did not know what to do, Xue Yuangui smiled and could not help but say, “What? Is Brother Zhou actually unable to open this altar? Is it indifference or inability?” Hearing this, Zhou Hao was furious. However, at this moment, a strange power directly appeared on Zhou Hao’s body and connected to the altar. In an instant, the altar instantly lit up and emitted a faint dimensional power! “Tch, faking lineages is no big deal! Easy-peasy.”

At this moment, the divine soil said smugly, making Zhou Hao nervous and excited. After waiting for so long, he even broke out in cold sweat!

## Chapter 519 - Questioning From Both Sides

*Chapter 519 Questioning From Both Sides*

After Zhou Hao heard this, he immediately heaved a sigh of relief. He looked at Xue Yuangui indifferently and smiled.

“It’s been a long time since I last used my lineage technique. I forgot. Sorry.”

The few of them looked at Zhou Hao with deep gazes. However, since the altar could be activated, it meant that Zhou Hao was qualified to enter. Therefore, they naturally did not say anything.

“Since the altar has been opened, let’s go in!”

With that said, Su Xiaofei disappeared from the altar. The others did the same. Zhou Hao also entered the space!

As soon as they entered, the scene in front of them changed drastically. They had arrived in a huge space.

This space was very luxurious, but it was not lively. It was like a land of death with a rotting smell!

There were six divine statues in front of him. These divine statues were extremely huge, and Zhou Hao could not help but be shocked when he saw them!

“This is the foundation of our six lineages, the ancient divine statue. This divine statue has extremely powerful strength. If it’s activated, it can destroy the world. Back then, it was also because of these six divine statues that our six lineages could remain standing. If we can control the divine statue now, we will still be invincible in the world...”

“However, the method to control this statue has long been lost. I’m afraid we can’t use it anymore!”

Su Xiaofei sighed and could not help but say.

The others also sighed. Some were unwilling, and some were indifferent.

Xue Yuangui was naturally unwilling to give up. His eyes were filled with ambition, as if he wished he could immediately use this strength.

As for Elder Qin, he sighed. He naturally did not care about this. The only thing he was worried about was his descendants!

He did not care about the six lineages. He had only come out this time because he was worried about his family!

If they really obtained the Universe Origin Wood, it would also be a huge benefit to their family!

After Zhou Hao heard this, he nodded. If this thing could really be activated, it would indeed be extraordinary!

At this moment, Xue Yuangui looked at Zhou Hao and said indifferently, “Brother Zhou, I have something I’m very curious about. These six lineages were established a long time ago and there was never a surname Zhou. How did you obtain the recognition of that altar?”

After saying this, everyone narrowed their eyes. Clearly, they wanted to know where Zhou Hao came from!

Moreover, was he really a descendant of the six lineages?

They had searched for the sixth person for a long time and had basically confirmed that the other party was from the Tang Family!

However, they really could not understand why it had suddenly become Zhou Hao!

Of course, they also had their guesses. If this Zhou Hao was really a six lineage descendant, then this name might not even be his real name!

After Zhou Hao heard this, he smiled. He naturally knew that he was not from the six lineages.

However, since he had obtained the recognition of the altar and arrived here, it was enough to explain everything!

Moreover, Zhou Hao also looked at them and understood something!

Although everyone was here for the Universe Origin Wood, everyone had their own thoughts!

However, they had an inexplicable tacit understanding regarding Zhou Hao!

“Hehe, it’s useless no matter what I say. I want to ask everyone, do I need to be a descendant of one of the six lineages in order to pass through that altar?”

When Zhou Hao asked this, the few of them frowned. Su Xiaofei covered her mouth and smiled.

“Of course. That altar is forged by an ancient secret technique. No one can break it. Other than those from the six lineages or experts or Saint Realm experts, no one else can break through.”

Su Xiaofei explained.

“In that case, why bother asking me that question?”

Zhou Hao smiled. His words made everyone speechless!

The meaning behind his words was to tell them that it was unnecessary for them to ask if he was actually from the so-called six lineages. What was important was that he had proven his identity by passing the altar!

The others all spoke, but Su Xiaofei smiled. "Alright, since there's nothing wrong, let's go in."

Su Xiaofei got up first and walked in.

The few of them had already obtained the qualifications. They arrived in this space smoothly and quickly arrived at the center!

This place... was originally just a city. They could see countless ruined buildings and countless grave!

And what destroyed these countless buildings into rubble was a huge palm print!

This palm print pressed the ground into a ten-meter deep pit. The huge palm print was as big as this city!

Seeing this, Zhou Hao drew a cold breath!

Just how great was the other party's cultivation? He had destroyed a city with a single palm!

"One palm... one palm destroyed the ancient city of the six lineages... This... this is too..."

They were all shocked and did not dare to believe it!

At this moment, in the center of this huge palm, there was a tower that was still intact. It was not destroyed by this huge palm!

Zhou Hao saw it, and the others naturally saw it too!

"This is... the Six Lineages Ancient Tower?"

The few of them muttered and were somewhat shocked. Zhou Hao did not know anything about this, but he could tell that this thing was very precious to the six lineages! "My six lineages were destroyed with a single palm, but this tower is actually still intact..."

Even Elder Qin said excitedly.

At this moment, Su Xiaofei hurriedly took out something and compared it with the tower.

"It's in this tower... The Universe Origin Wood is inside!"

She spoke excitedly and the few of them instantly arrived outside the tower.

They were too far away and could not see clearly. However, after getting closer, they were surprised to discover that this tower was indeed extraordinary. It had a rich aura of the Great Dao!

However, the tower was not undamaged. Instead, a ten-meter-wide hole was forcefully blasted open on the door!

“The tower... has also been destroyed. Look at the door. Perhaps someone has already taken everything inside!”

Wang was the first to speak.

“No one knows for sure what happened back then. Sigh... it’s useless to say anything now. Let’s hurry and see if the Universe Origin Wood is inside!”

After the few of them approached, a primitive aura suddenly emitted from the tower. This strength was very powerful, like an invisible barrier, immediately blocking the few of them outside!

“This is... the tower’s self-protection willpower. Its willpower is so powerful. What should we do? Could we break through?”

Xue Yuangui hurriedly said. Zhou Hao frowned. He looked at the tower and suddenly saw a Genesis Rune on the entrance!

This made his expression change drastically!

“No, look. There’s a red symbol on the destroyed door. This pushing force is being emitted by the tower’s self-protection willpower. It’s being emitted by the symbol!

Wu suddenly spoke, making them look over and gasp.

## Chapter 520 - Reenacting the Ancient Times

*Chapter 520 Reenacting the Ancient Times*

The few of them were shocked and did not dare to believe it!

“What kind of symbol is this? Just a symbol alone is able to stop us. This... this is too unbelievable!”

Xue Yuangui was very shocked!

On the other hand, Zhou Hao narrowed his eyes after taking a look and did not want to say anything!

At this moment, he felt a coldness in his heart, as if he knew who had destroyed the six lineages!

Zhou Hao recalled that when he had used the power of the Genesis Rune to resolve the crisis in the seventh spatial rift, a huge hand had wanted to capture him!

That hand probably belonged to the same person who had destroyed the six lineages!

They did not seem to know about the power of the Genesis Rune, and Zhou Hao was more than happy to see it.

“Hmm? Why did he leave behind a rune? Could it be that he didn’t want others to take it and left it for us?”

“That’s not right either. If it’s left for us, there’s even less of a need to set up this rune. What’s going on?”

Su Xiaofei asked in confusion.

“If we can’t get rid of the rune here, we won’t be able to enter no matter what. Guys, any solutions?”

Xue Yuangui frowned.

“This place is 1000 meters from the entrance. I have a way to stop the resistance for a moment and allow us to move forward by 200 meters!”

At this moment, Wu said.

200 meters out of 1000 meters was considered acceptable!

“I have a way. I can walk 200 meters!” Old Man Qin also said.

“In that case, it looks like everyone is able to help. I, too, have a treasure that can allow me to travel 300 meters!”

Xue Yuangui said. This 200 meters, plus another 200 meters, plus 300 meters, was a total of 700 meters!

In other words, there were still 300 meters left!

“My treasure can also help us travel 200 meters!”

Wang also said.

In other words, there were only 100 meters left!

“I can resolve the final 100 meters. Not only that, but I can also last for a minute. However, this rune...”

After Su Xiaofei finished speaking, the few of them looked at Zhou Hao.

Zhou Hao naturally had a way to resolve this matter. However, seeing that everyone was looking at him, Zhou Hao did not want to volunteer.

“What? Do you guys want me to resolve this  
rune?”

“200 meters or 300 meters is nothing. After all, if you can’t resolve this rune, it’s useless even if you walk in. Everyone, aren’t you bullying this newbie by asking me to resolve this difficult problem?”

Of course, Zhou Hao only said all this because he wanted some benefits.

Naturally, they could also tell. They were also unable to resolve this rune... They did not know how it worked and did not dare to act rashly.

“Brother Zhou, you speak as if you have the ability to resolve it. If you can resolve it, I’m willing to give this to you!”

At this moment, Xue Yuangui took out a treasure. It was a compass with a strange aura. It was very extraordinary!

“It’s not fair for any one of us to deal with that rune without any compensation. In that case, I’m willing to give anyone who resolves it my protective jade pendant as a gift.”

At this moment, Su Xiaofei pulled out the jade pendant she was wearing on her neck. It emitted waves of fluctuations, clearly a defensive treasure.

However, after this item was taken out, Xue Yuangui frowned and his expression was ugly, but it quickly disappeared.

“I’m willing to take out a dragon crystal.”

The so-called Dragon Crystal was the Dragon Blood Crystal. Of course, it was still unknown if it had anything to do with dragons. However, this thing was called the

Dragon Blood Crystal because the blood essence contained within could be used to temper the body.

Wang also spoke out, "I'm willing to give up a cultivation technique called the Cloud Chain Palm. Although this cultivation technique is not very strong, it's not bad either."

After taking out the corresponding treasures, they looked at Zhou Hao!

The people present were not stupid. They naturally understood that Zhou Hao wanted benefits, so they were not stingy.

"Alright, leave this rune to me!"

"But I don't know if it will work."

Zhou Hao smiled. Although he was not too confident, he still felt that it was worth a try!

After all, only Zhou Hao had obtained a Genesis Rune technique.

"Alright! In that case, let's begin!"

As Su Xiaofei spoke, Xue Yuangui took a step forward and took out a bell. After he took it out, it emitted powerful fluctuations!

When this fluctuation appeared, it directly shook the resistance. "Follow me!"

With that said, Xue Yuangui took a step forward. The few of them followed behind and instantly moved forward by 300 meters. At this moment, his treasure dimmed!

Seeing this, Wu also shouted. Powerful protective aura swam around his body, and it was extremely domineering. His hands opened and closed, and he instantly tore open an opening and continued to charge in.

They passed another 200 meters in the blink of an eye.

At this moment, Elder Qin took out a bead that emitted waves of red light!

This red light enveloped them and tore through the resistance, instantly allowing them to travel another 200 meters!

Then, Wang took out her Dharma treasure and they walked another 200 meters!

With only 100 meters left, Su Xiaofei suddenly waved her hand. A pink gas spread out from her body, bringing with it a soul-stirring fragrance. She also dispersed this resistance and instantly arrived in front of the door!

“Brother Zhou, I can only last for one minute. Quick!”

Su Xiaofei’s hands were imprinted with sweat. Clearly, she was struggling! Zhou Hao was not about to joke around as well. He hurriedly walked over and felt the power of the Genesis Rune, feeling shocked in his heart! “Kid, this Genesis Rune is not simple. However, with your attainments, you should be able to resolve it. However... it’s better if you don’t destroy this Genesis Rune... Instead, you should absorb it!”

At this moment, Murong Xun’s voice resounded in Zhou Hao’s mind!

“Hmm? Why?” Zhou Hao was puzzled.

“This imprint is not simple. It’s a sealing technique that is very ancient. If you can absorb this thing, you can even use it to imprison a few Heaven Realm experts!”

Murong Xun was a Genesis Rune master, so Zhou Hao naturally believed his words. Therefore, without saying a word, he tried to use the power of the Genesis Rune. A strange fluctuation emitted from Zhou Hao’s body. After connecting to the Genesis Rune, he immediately felt a soaring murderous aura!

Zhou Hao’s vision changed as he suddenly saw six people standing in the sky!

However, these six people were covered in blood and were incomparably tragic. Above their heads stood a figure shrouded in darkness!

Endless Genesis Rune symbols floated behind this figure.

“Hmph, you’re nothing more than a disobedient and unfilial person, an embarrassment! Our master, Huang, lost his life for the sake of the world. And yet, you just want to obtain this heaven-defying fortune for yourself. How detestable!”

“Even if the six of us die in battle, we will not let you get your way. Even if we die, our wills will exist forever. When our master returns, he will definitely imprison you for ten thousand years!”

## Chapter 521 - Clues

## *Chapter 521 Clues*

The six of them roared into the sky. At this moment, the figure shrouded in darkness snorted and slowly stretched out a hand!

This hand was incomparably huge!

“In that case, then... die!”

As the cold voice fell, the huge palm... also landed with a bang!

The six of them roared into the sky. At this moment, the figure shrouded in darkness snorted and slowly stretched out a hand!

This hand was incomparably huge!

“In that case, then... die!”

As the cold voice fell, the huge palm... also landed with a bang!

The vision also ended here. The rune also landed in Zhou Hao's hand and was instantly absorbed!

With the disappearance of the Genesis Rune, all the resistance naturally disappeared. However, Zhou Hao still shivered!

That person was really powerful! He had destroyed the six of them with a single strike!

The few people behind also heaved a sigh of relief. They were very shocked to see the resistance disappear!

They were not only shocked that this rune was strong enough to stop them, but they were also shocked that Zhou Hao really had a way to get rid of it!

“Everyone, the matter has been settled. Shouldn't you fulfill your promise?”

Zhou Hao smiled. Without hesitation, Wang handed her treasure to Zhou Hao.

She knew that this man was not easy to offend and naturally did not want to cause trouble.

Xue Yuangui snorted and threw the treasure out. The others were the same. Zhou Hao took them and stuffed them into his backpack.

Su Xiaofei smiled and took off her jade pendant from her neck. She handed over the item that still carried her warmth and fragrance to Zhou Hao.

When Xue Yuangui saw this, his expression turned even uglier. However, it only lasted for a moment.

However, Zhou Hao still noticed it.

He narrowed his eyes and sized up the two of them, a trace of suspicion flashing past his heart.

"I'm afraid Xue Yuangui has some special feelings for Su Xiaofei. This much is obvious. However, the two of them are both from the international auction house. Could it be possible that they are working together to lead us into a trap?"

Zhou Hao was not stupid and was naturally suspicious. Therefore, he planned to test whether or not his suspicions were true!

"Miss Su, this jade pendant of yours is really not bad. Since you've given it to me, how about you help me put it on?"

As Zhou Hao spoke, he swept his gaze over Xue Yuangui and looked carefully at Su Xiaofei!

Su Xiaofei was stunned for a moment before she smiled. "Brother Zhou, are you serious?"

Her smile was incomparably charming and devastatingly beautiful.

"Of course. Sister Su, you don't mind, right? You're just helping me put it on, it shouldn't sully your reputation, right?" Zhou Hao smiled.

"Of course not. I'm not that pedantic."

As Su Xiaofei spoke, she wanted to help him put it on.

However, Xue Yuangui snorted. "What's the meaning of this, Brother Zhou? Are you trying to bully the people of our auction because you think you're superior?"

Hearing this, Zhou Hao's expression did not change. However, he smiled in his heart now that his theory had been tested.

Indeed, Xue Yuangui and Su Xiaofei had an ambiguous relationship. Moreover, Su Xiaofei's attitude was also unclear... Zhou Hao still couldn't be sure if they were working together.

"How can this be called bullying? If Miss Su is unwilling, then forget it."

Zhou Hao directly took the jade pendant from her hand and threw it into his backpack, making Su Xiaofei stunned for a moment.

She even wondered if Zhou Hao had some thoughts about her.

After all, it was not rare for guys to be interested in her. With her appearance, there were probably not many men who could resist her charm.

“Alright, since this thing has disappeared, what should we do next?”

At this moment, Zhou Hao said.

Su Xiaofei regained her senses and looked inside!

Through this door, one could sense an endless space inside. It was very grand!

Su Xiaofei walked in first, and Xue Yuangui followed closely behind. Zhou Hao naturally followed, as did the others.

As soon as they entered, they were stunned by the huge space.

However, at this moment, a scream suddenly sounded from behind. The few of them turned around and immediately felt their scalps tingle!

Wang was currently enveloped by lightning. No spell technique could stop the lightning power. She was also forcefully obliterated by the lightning power, blasted into pieces, and fell!

Everyone was shocked. In an instant, Wang died!

Su Xiaofei's expression changed drastically. With a wave of her hand, a strange cloth that looked like a handkerchief appeared under her feet. After it appeared, her surroundings emitted bright lights, repelling the lightning. Xue Yuangui was the same. A long sword floated above his head, emitting a surging pressure that saved him from the lightning.

There was also Wu and Elder Qin. They all took out treasures to resist the strange lightning power!

“The lightning here is very powerful. Everyone, be careful.”

Su Xiaofei hurriedly said, clearly shocked!

The others did not speak and only nodded.

However, Zhou Hao sneered when he saw this!

Seeing that the few of them had taken out treasures to avoid the lightning, his eyes were filled with ridicule!

“Hehe, Little Sister Su, you’re really ruthless!”

Zhou Hao’s words immediately stunned Su Xiaofei.

“Brother Zhou, what did you say?”

“I have to say... it’s a pretty good plan!” Zhou Hao looked at her deeply and said.

A strange expression flashed across Su Xiaofei’s face, but it quickly disappeared. She immediately looked at Zhou Hao and smiled. “Brother Zhou, what do you mean? I don’t know what happened here either. I also feel sorry about Big Sister Wang’s death.”

Zhou Hao naturally did not believe this! Ever since he entered, Zhou Hao had felt that there was something wrong with these people. In the beginning, it was Xue Yuangui who gave him an odd feeling, and he had also proven that there was definitely something wrong between him and Su Xiaofei!

However, he still could not say for sure what it was exactly!

There was also the incident with the Genesis Rune power at the entrance. At that time, they all looked at him, making Zhou Hao feel suspicious of them back then.

It was just that he did not say anything!

Finally, it was Wang’s death and the strange lightning power!

It was not unreasonable for them to carry treasures that could defend them from the lightning. This was not enough to suggest that they had ulterior motives!

However, it was as if the few of them knew that the lightning was going to strike. Their movements were almost identical as they took out their treasures.

There was something wrong with this!

And most importantly... No one was curious why the lightning had suddenly appeared! Su Xiaofei was the first to speak when the lightning appeared. Previously, she would ask questions whenever something happened. However, just now, she did not seem curious at

all!

This made Zhou Hao understand that there was something wrong with the few of them!

“I don’t have any other meaning. It’s just that... I don’t have any treasures to protect me. I do, however, have something that can attract this lightning power!” As Zhou Hao spoke, he took out his spear. Lightning flashed on it, immediately attracting the lightning and causing it to become even more intense.

## Chapter 522 - Black and White Beads

*Chapter 522 Black and White Beads*

This scene stunned everyone on the spot!

“Brother Zhou, what’s the meaning of this?!”

“Brother Zhou, what are you trying to do?!”

They knew how powerful this lightning was. Just now, Wang had resisted with all her strength, but it was still useless. She was still killed by it!

If this lightning landed on them, even if they had treasures, it was still impossible for them to escape unscathed.

“I don’t have any other meaning. I’m not talented and don’t have much ability. However, I still have a way to take everyone down with me!”

As soon as Zhou Hao finished speaking, their expressions turned extremely ugly!

They all knew how powerful this lightning was and could not help but feel shocked!

“Brother Zhou, if you don’t have anything to protect yourself, I can help you out.” At this moment, Su Xiaofei frowned and said directly.

As she spoke, she took out a treasure and was about to hand it to Zhou Hao.

However, Zhou Hao smiled and walked down to her side.

“I spent a lot of strength just now and don’t have any essence energy to activate the treasure. Little Sister Su, can you help me activate it?”

Zhou Hao’s smile was very detestable, making Su Xiaofei’s expression turn ugly on the spot!

Xue Yuangui's expression was also ugly as he wanted to say something.

However, Su Xiaofei hurriedly said, "Since Brother Zhou is tired, I should naturally help you."

As she spoke, she waved her hand, and an opening appeared in the barrier that protected her. Zhou Hao walked in directly.

Seeing Zhou Hao standing beside her, Su Xiaofei took a deep breath and forced a smile

"Although Big Sister Wang has died, we're still one step closer to success. Everyone, let's go." As she spoke, Su Xiaofei was the first to control her treasure before moving forward again!

The lightning power filled the air. Fortunately, they were all very careful and were able to bypass the lightning. Soon, the few of them arrived at the top floor. They felt a rich essence energy here and saw an array formation in the center of the platform!

On the array formation, there was a small crystal-clear branch that looked like it was made of crystal!

The surrounding essence energy that was being emitted was very extraordinary!

When the few of them saw this, they were shocked. It was the same for Zhou Hao!

However, they did not dare to approach. This array formation was still operating. Two beads, one black and one white, were revolving around the Universe Origin Wood!

There was a strange aura on it that contained fluctuations even stronger than lightning!

"This defense array can only be opened by someone from the six lineages. Since I was the one who assembled everyone, let me be the one to unlock the seal!"

When Su Xiaofei spoke at this moment, the others did not have any objections!

"These beads should be treasures. Let's control them first and distribute it later!"

As Su Xiaofei spoke, she sat cross-legged and bit her index finger to begin the ancient secret technique.

"I... Su Xiaofei, a member of the Su family of the six lineages, have come to unlock the array today. Ancestors, please protect me!"

As she spoke, she threw out the blood essence on her index finger. A huge aura exploded with a bang!

Su Xiaofei's expression immediately changed drastically as she spat out a mouthful of blood.

"Not good, this array formation is too powerful. I need help!"

Su Xiaofei did not look like she was pretending. However, Zhou Hao did not plan on helping out. He had already said just now that he had exhausted himself too much. At this moment, it was also hard for them to get Zhou Hao to help out. At this moment, the other three hurriedly transferred their essence energy to Su Xiaofei!

With the support of their essence energy, Su Xiaofei immediately gained endless strength. She suddenly shouted and this strength instantly erupted!

She pointed at the black and white beads in the array formation and immediately shouted!

"Break!"

Her voice shook not only the space, but also the array formation!

The black and white beads trembled violently as a strange force spread out. One of them flew towards Wu, and the other towards Zhou Hao!

Su Xiaofei's expression was very ugly!

"This thing is too domineering. I... I can't seal it. Everyone, leave them alone. We're mainly here for the Universe Origin Wood. Let's not cause any more trouble!"

However, her words seemed to be useless!

The black and white beads were clearly extraordinary. There were very powerful fluctuations on them that surpassed all their treasures!

Wu flashed and was directly exposed. He did not care about what Su Xiaofei said at all.

Wu flew to a spot not far from the black bead!

"Brother Wu, that thing has already been branded with my blood essence. It's useless even if you take it away. Why don't we take it after we take the Universe Origin Wood?"

Su Xiaofei said anxiously and even angrily! "Haha, Little Sister Su, I think I'll take this first. In the future, even if I have to distribute it, it will still be up to me. Little Sister, don't worry!"

As Wu spoke, he grabbed it! "Hehe, Brother Wu, I want this too. Sorry, I can't give it up!" Xue Yuangui also rushed out. The two of them were originally very close, so they were

naturally qualified to compete! The other white bead flew towards Zhou Hao and was closest to him. “Brother Zhou, please... don’t take it. We’ll distribute it in the future. Don’t hurt our friendship over a single treasure!” Su Xiaofei said anxiously.

However, before Zhou Hao could answer, Elder Wu spoke.

“Little Sister Su, I’m sorry but I quite fancy that thing. I’ll thank you first.”

As he spoke, he sped towards Zhou Hao!

Zhou Hao’s face was pale as he pretended to be exhausted. Not only that, but he also moved very slowly.

When Elder Qin saw this, he immediately smiled.

“Zhou Hao, don’t fight over it. I know you like this treasure... I like it too. I can promise you other treasures as an exchange!”

As Elder Qin spoke, he had already taken out a treasure and threw it at Zhou Hao!

At this moment, Wu and Xue Yuangui had already arrived in front of the black bead. The two of them directly attacked!

“Xue Yuangui, you’re not my match. I suppressed my cultivation. Actually... I’m a quasi Heaven Realm expert. If you don’t want to die, get lost!”

Wu snorted and his aura immediately exploded. The aura that only belonged to a quasi Heaven Realm expert circulated with a bang and instantly enveloped the entire space!

Wu punched out directly. His strength was extremely powerful. Xue Yuangui’s expression changed drastically and he immediately resisted, but he was still sent flying by the punch towards Zhou Hao and the others!

Seeing this, Wu immediately picked up the white bead with a happy expression!

But at this moment, a strange power of lightning quietly approached! Zhou Hao had been paying attention to all of them. At this moment, Xue Yuangui and Elder Qin were both walking towards him. He took a deep breath and sneered.

## Chapter 523 - Perfect Situation

### *Chapter 523 Perfect Situation*

Zhou Hao's eyes were cold as he took a step forward. At this moment, his cultivation erupted and he smashed fiercely at Elder Qin!

Elder Qin was stunned for a moment before killing intent spread!

"Hmph, you dare to kill me? Zhou Hao, you're courting death!" "You're the one who's courting death!" As Zhou Hao snorted, his quasi Heaven Realm cultivation exploded. This aura immediately swept over the scene, making everyone's expressions change!

Elder Qin was even more so. His face was filled with fear and disbelief as he shouted in shock!

"Nephew Xue, save me quickly!" However... It was already too late. Zhou Hao was able to instantly kill a quasi Heaven Realm expert, let alone a mere ninth-grade supernatural expert! At this moment, the distant Wu also let out a tragic scream. He was instantly bombarded by the lightning! Endless lightning power condensed above Wu's head. Lightning descended with a bang and directly killed him! "Ah..."

Before he died, he let out a helpless roar! After Zhou Hao killed Elder Qin, he did not take the white bead in his hand. Instead, he directly dodged and stood opposite Su Xiaofei and Xue Yuangui, looking at them coldly.

"What a good show. The two of you worked together to kill that man surnamed Wu and that woman surnamed Wang. Now, you even want to kill me? Don't you think that's a little too much?"

After Zhou Hao finished speaking, the two of their expressions immediately changed. They looked at Zhou Hao in disbelief, their expressions shocked! For a moment, their expressions were brilliant, filled with surprise, and fear! "This white bead is indeed extraordinary. Unfortunately, that man surnamed Wu was too greedy. It's fine for him to be killed by you guys. You didn't care about that woman surnamed Wang from the beginning. Even if she doesn't die from the lightning, she will still die in your hands. Am I right?"

"Now, Elder Qin is dead, Wu is dead, and Wang is also dead. Of the six of them, only three survived. The only difference is that I'm alive, and your companion, Elder Qin, is dead."

"From the moment you tried to kill me and Wu, I knew that you needed at least three people to work together to obtain the Universe Origin Wood, right?"

Zhou Hao said indifferently. His words directly shocked the two of them!

In fact, Zhou Hao had long suspected that the three of them had been working together, but he had not been able to confirm it. Only when Elder Qin wanted to give him something to exchange for the black bead did Zhou Hao start to piece things together. After all, he was in a bad situation at that time. No matter how careful Elder Qin was, it was still not reasonable for him to do that!

Also, when Xue Yuangui was deliberately defeated by Wu and was sent flying in Zhou Hao's direction, Zhou Hao understood.

Of course, what made him most certain was that Zhou Hao could sense the strange fluctuation that rose in the space the moment Wu obtained the black bead!

His mental strength was far stronger than others. Moreover, he was constantly paying attention to Wu, so he naturally sensed it. The final verification was the last sentence Old Qin said before he died!

Nephew Xue!

He had already explained everything!

All of this was planned by the two of them!

The corners of Zhou Hao's mouth curled up slightly. At this moment, his expression was cold, but it made Su Xiaofei and Xue Yuangui's expressions reveal fear and horror!

They did not expect Zhou Hao to be so smart and scheming. He completely saw through their plan! In fact, what Zhou Hao said was all true. From the beginning, Xue Yuangui, Su Xiaofu, and Elder Qin had been companions. In fact, to make their act more believable, Elder Qin rarely communicated with the two of them for the entire time. Moreover, he even deliberately pretended to oppose the plan.

Their acting had fooled everyone except Zhou Hao!

They thought that their plan was perfect, but...

Zhou Hao could still tell. How could they not be shocked?!

They needed at least three people to obtain the Universe Origin Wood. However, the three of them were not sure that they could obtain it alone. Therefore, they gathered six people and let the others be cannon fodder while the three of them enjoyed the benefits!

"Hehe, you're quite smart and even saw through the plan made up by my wife and I. Not bad. Wu Zhenguang was simply too domineering and arrogant. He even suppressed his quasi Heaven Realm cultivation to around the ninth-grade. Do you think I don't know that he wants to cause trouble?"

"That Wang was even more trash. She has big breasts and no brains. She's not a good partner at all!"

"As for you... I didn't think much of you, but I didn't expect you to be the one who saw through everything!"

Xue Yuangui spoke at this moment, making Zhou Hao stunned for a moment. Indeed, the two of them were related. Moreover, they were husband and wife!

After everything was settled, Su Xiaofei also smiled.

"Brother Zhou, you're indeed scheming. I really admire you to the core. You probably caught on after seeing Yuangui's last move. But I suppose you only became certain after seeing Wu Zhenguang's death and hearing Uncle Qin's last words. Brother Zhou, you were able to see through the entire situation with just three inconspicuous flaws. I really admire you!"

As Su Xiaofei spoke, she even bowed slightly to Zhou Hao. Her charming appearance made it seem as if she was not severely injured at all!

"Brother Zhou is right. This place needs at least three people to open. With the three of us working together, we will naturally be able to break the restriction."

Su Xiaofei was incomparably beautiful, but her scheming was really terrifying. She was like a beautiful rose. She was beautiful, but she was prickly!

"This matter is the fault of my husband Yuangui and me. We apologize to you. Since you killed Uncle Qin, you're the only one left. In order to express our apology, this item... please accept it as compensation!" "This is a Heaven Realm treasure and is very precious. I'll give this to you now."

As she spoke, Su Xiaofei cupped her hands and handed the treasure over.

Zhou Hao took this treasure and looked at it. Suddenly, he frowned and relaxed. He looked at Su Xiaofei and nodded.

"Forget it. With them dead, I can get more on average!" Zhou Hao smiled and said.

On the other hand, Xue Yuangui frowned and had an ugly expression. He looked at Zhou Hao with deep hostility!

"Yuangui, let's do it. After this succeeds, we'll get married... I... I'll be yours, alright?"

Su Xiaofei was extremely charming. After saying this, Xue Yuangui's expression was filled with joy.

“Yes, yes, I spent so much effort on you. After this, we have to get married quickly. I can’t wait any longer!”

Xue Yuangui looked at Su Xiaofei’s exquisite figure and devastatingly beautiful appearance. His eyes were burning as if he wanted to pounce on her immediately!

## Chapter 524 - Thank You For Your Help

*Chapter 524 Thank You For Your Help*

Su Xiaofei could naturally tell how anxious Xue Yuangui was from his eyes. She smiled. “Don’t be so anxious. There’s no hurry. Once this matter is over, I will be yours!”

Xue Yuangui was very happy. However, Zhou Hao could not help but destroy the mood. “Sorry, guys, I don’t want to see you guys acting lovey-dovey. I just want to know if you plan on dealing with me like you did with them after the matter is done.”

As Zhou Hao spoke, he held the spear in his hand. Lightning filled the air, and he was ready to activate the World Destroying Divine Lightning at any moment! “No, Brother Zhou, don’t worry. However, you won’t be able to obtain this Universe Origin Wood. This is my dowry for Sister Feiler. However, I’ll find another way to compensate you. A cultivation technique that surpasses the Heaven Realm is incomparably precious.”

“If Brother Zhou is unwilling, there’s nothing we can do. If we really fight, the two of us aren’t afraid of you!”

Xue Yuangui immediately said, and Zhou Hao hurriedly waved his hand.

“Alright, alright, alright. I don’t have the luck to enjoy this. It’s fine as long as you don’t take my life. Moreover, I’m not an insatiable person. After all, you two will be getting married soon. Consider this a gift from me, Zhou Hao. I wish the two of you a blissful marriage in advance. How about that?”

After Zhou Hao finished speaking, Xue Yuangui’s expression improved a lot, and Su Xiaofei smiled sweetly.

“Thank you for your blessings, Brother Zhou!”

“Yes, but in the past, I still have to be on guard. The two of you won’t mind, right?” Zhou Hao pointed at the spear in his hand and said directly.

“Of course not. It’s human nature. Moreover, we were the ones who tricked you first. It’s natural for you to be wary of us. Even so, I and Yuangui have to thank you properly. Don’t worry, our auction house will always be your friend!”

Zhou Hao smiled. “Don’t be so polite. To be honest, if I could kill you guys, I wouldn’t hesitate at all. However, I can’t beat you guys, so I can only take advantage of the situation and give up on the Universe Origin Wood. Please don’t make things difficult for me!”

Xue Yuangui smiled and did not say anything.

Su Xiaofei hurriedly smiled and said, “Since Brother Zhou is being honest, I naturally won’t be petty. Alright, since we’re done talking, let’s begin!”

As she spoke, Su Xiaofei said solemnly, “This array formation is very extraordinary. I can’t resolve it alone, so I still need your help.” As she spoke, fluctuations condensed in Su Xiaofei’s hands. A force was born and connected to the array formation.

Zhou Hao knew that she had already begun. Therefore, he did not hesitate to give away his spirit energy! Xue Yuangui naturally did not hold back. All of this was for Su Xiaofei, the woman he loved!

Two forces were injected into Su Xiaofei’s body. She hurriedly produced a strange mark in her hand. Then, this array formation fluctuated, and a monstrous force immediately spread out!

Su Xiaofei was immediately hit by this force and spat out blood. Her appearance seemed like she was not faking at all!

“Fei’er!”

Xue Yuangui’s heart ached!

“Yuangui, this array is too powerful. I need more spirit energy. Brother Zhou, don’t hold back, alright? Otherwise, we might all die here!”

As Su Xiaofei spoke, a powerful force erupted!

Xue Yuangui was the same and stopped holding back. After all, he could not help but feel worried that Zhou Hao would change his mind!

However, with Su Xiaofei in such a situation, he had to give it his all!

Su Xiaofei's face was pale and her aura instantly weakened. It was obvious that she was severely injured!

Xue Yuangui was very anxious. At this moment, he did not hold back at all and poured all his spirit energy down!

However, at this moment, the mark on Su Xiaofei's hands suddenly changed. A strange force appeared in her hand!

It was the power of lightning!

The moment this power appeared, Zhou Hao retreated without saying a word. Xue Yuangui was stunned for a moment. Before he could react, Su Xiaofei immediately turned around and blasted the lightning in her hand at Xue Yuangui!

That force was invincible. Xue Yuangui's expression immediately changed and turned pale!

"Fei'er, what are you doing?!"

He roared angrily, feeling shocked. This lightning power was very powerful and was very fast!

However, it had to be said that as a member of the auction house, Xue Yuangui naturally had treasures to rely on. When he felt the threat of death, he immediately took out treasures to resist!

The treasure he took out emitted the strength of a Saint Realm expert. It could resist all attacks below the Heaven Realm!

With a seal in his hand, he directly mobilized the treasure.

However, at this moment, Zhou Hao's eyes flashed. He stepped forward and waved the spear in his hand. Immediately, another wave of lightning power was unleashed!

Xue Yuangui's eyes widened as he looked at Zhou Hao and instantly understood!

"Su Xiaofei, you slut. Do you want to work together with Zhou Hao to kill me?"

He roared repeatedly and was furious. At this moment, his aura was actually strange. A strange power flashed in the depths of his brows!

Seeing this power, Su Xiaofei's expression changed drastically and she hurriedly said.

"Brother Zhou, quick!"

Zhou Hao did not hesitate at all and his quasi Heaven Realm cultivation exploded. Not only that, but he also directly used the God Slaying Art and the Nine Revolutions Overlord Body Art!

His combat strength immediately soared to above the third-grade Heaven Realm. Zhou Hao took out his long saber and directly used the Shadow Seven Sabers. The powerful force of the saber rushed out with a bang, immediately making the unprepared Xue Yuangui's expression change drastically. He was struck on the body, and blood spewed out violently!

At this moment, the two lightning powers also poured down. Even with the Saint Realm defense, he was still struck by this lightning and died instantly!

The power between his eyebrows also directly dissipated before it could be awakened!

Zhou Hao was shocked. The strength between Xue Yanggui's eyebrows made his heart palpitate. He suspected that it was not his strength at all, but a defensive technique left behind by a mighty figure of the Xue family!

However, he did not have the chance to use it!

After doing all of this, Su Xiaofei immediately heaved a sigh of relief and became dispirited. She did not look like she was pretending.

However, she did not immediately take the Universe Origin Wood. Instead, she went to Xue Yuangui's side, opened his backpack, found something, took out a pill, and hurriedly ate it!

Immediately, a purple-black aura flashed across her body, and a fishy smell left her body.

At this moment, Su Xiaofei heaved a sigh of relief and sat on the ground, covered in sweat!

Su Xiaofei finally looked relieved. Only then did she look at Zhou Hao and smile.

"Brother Zhou, thank you for your help."

## Chapter 525 - The Original Request

*Chapter 525 The Original Request*

Zhou Hao smiled and looked at Su Xiaofei, feeling shocked!

This woman was really too intelligent and scheming, making him shocked!

“Little Sister Su, you’re so vicious. Did you just kill your fiancé?”

“Looks like the greatest goal of this trip is to kill your lover, right?”

Zhou Hao said with a faint smile.

Su Xiaofei naturally did not care about Zhou Hao’s words. The reason why Zhou Hao did this was because he knew in advance!

In the treasure she had gifted to Zhou Hao, Zhou Hao had sensed her mental strength. There was a message! “Brother Zhou, help me kill Xue Yuangui. After this, I’ll hand over the Universe Origin Wood with both hands!”

Therefore, when he learned of this, Zhou Hao took a deep look at Su Xiaofei. This also led to the matter of them working together to kill Xue Yuangui!

“Hmph, this Xue Yuangui is relying on his extraordinary status to have ill intentions towards me. Although I’m a member of the Su family, the Su family is not the actual owner of the international auction. There are several families behind the auction house. This Xue family is the largest one. Our Su family can’t compete with them at all!”

“And this Xue Yuangui is even more detestable. In order to obtain me, he had tried all kinds of methods. Later, he proposed to my Su family and even used the Xue family’s power to force my father. My father had no choice but to accept his fate!”

“However, this Xue Yuangui is actually worried that I won’t agree and even poisoned me. He’s really detestable. I have no choice. My father, the Su family, and my sisters can’t help me. I can only think of a way myself. Therefore, to obtain this result today, I planned step by step for three years!” “God knows how I’ve faced this person these past three years. I can’t submit to him but I also can’t anger him at the same time. In front of him, I’m like a slut, coaxing him, afraid that he’ll get angry and sully my body!” “Now that the time has come, I naturally can’t hold back. The pain of three years has disappeared today. Even if I die, I will have no regrets!” Su Xiaofei’s eyes were ruthless. That look was really terrifying!

It was said that a vengeful woman was not to be trifled with. Zhou Hao had finally witnessed it for himself today!

Su Xiaofei let out the turbid air, looked at Zhou Hao, and smiled. “Brother Zhou is smart. I don’t intend on hiding anything from you, but I hope you can understand. As a woman,

I have no one to rely on and can only rely on my own helplessness. I would have avoided all of this if I could.”

Zhou Hao nodded. He naturally understood that what she did was very difficult and interconnected. If she failed at any stage, she would lose everything. Su Xiaofei was a powerful woman. At the very least, Zhou Hao did not want to be her enemy!

“Elder Qin also knows about this matter. However, I was lying to him when I told him I would give him the Universe Origin Wood. My greatest goal this time is indeed to kill Xue Yuangui, but I also wanted to obtain the Universe Origin Wood!”

“However, after agreeing to Brother Zhou, I won’t go back on my word. I’ll also tell you the truth. I can’t beat you, and my current state is even worse. Therefore, I can only give it up!”

Su Xiaofei was also a smart woman. Now that she had such an outcome, she was naturally happy. Therefore, even if she did not obtain the Universe Origin Wood, she did not have many regrets! She was also very shocked by Zhou Hao’s scheming!

This person had seen through everything without saying a word. In the end, he had proven to be extraordinary by obtaining the Universe Origin Wood. Su Xiaofei was naturally impressed!

Although she was helpless and even a little unwilling, the truth was right in front of her. It was simply impossible for her to deal with Zhou Hao now!

“Alright, Brother Zhou, I still have to thank you for today’s matter. You were the one who helped me. If there’s anything I need in the future, I’ll do my best to help. I’ll keep what happened today to myself. Brother Zhou, please keep it to yourself as well!”

After Su Xiaofei finished speaking, she did not stay any longer and left.

After seeing her leave, Zhou Hao finally made a move. The little frog also jumped out and looked at the Universe Origin Wood, its heart trembling! “Hahaha, good, good. Now, you even obtained the Universe Origin Wood. Kid, impressive!!”

The frog was almost drooling. It knew very well how precious this thing was!

“What should we do with the Universe Origin Wood?” Zhou Hao asked.

“Of course we should take it. We can’t stay here for long. Didn’t you see the Genesis Rune imprint outside? Someone must have left something behind here and it’s dangerous for us to stay any longer. Let’s leave this place quickly!”

The frog urged.

Zhou Hao also waved his hand. Not only did he take the Universe Origin Wood, but he also took the black and white beads and threw them into his backpack. Then, he used the Golden Crow Escape Technique and directly left!

Zhou Hao sped all the way out of the tower and headed outside!

This was the same as the way in. Zhou Hao immediately left this space without hesitation.

However, just as he went out, Zhou Hao's expression changed because at this moment, the void in front of him trembled. A figure covered in black slowly walked out from the void!

The aura of that figure made Zhou Hao suck in a cold breath. He had seen so many people and even the Battle God, but this was the first time he felt so pressured.

Zhou Hao was shocked. There was no need to guess. This was the same ruthless person who had killed the six lineage experts with a single

palm!

However, this was not his true body, but his spirit body. It was used to protect the Universe Origin Wood!

Now that Zhou Hao had taken it, the other party naturally had to chase after it!

"Um... What should we do?"

Zhou Hao broke out in a cold sweat. The frog was also shocked!

"Damn, let's go quickly. He's only a divine sense and doesn't have any intelligence. He can only rely on his instincts to protect the Universe Origin Wood. Therefore, let's leave quickly. We might still have a chance of survival!"

Zhou Hao naturally understood the frog's words. Therefore, without saying a word, he immediately attached the Thousand Feather Armor to his body and condensed his combat strength to the highest point!

His quasi Heaven Realm cultivation exploded, and with the support of the God Slaying Art and the Nine Revolutions Overlord Body Art, Zhou Hao was already incomparably powerful!

However, facing this person, Zhou Hao still felt that he had no chance of survival!

Zhou Hao was very fast, but the figure was even faster. In just two breaths, the figure arrived in front of Zhou Hao and attacked!

Facing this move, Zhou Hao was shocked to death. This strength was countless times stronger than his!

“Damn, we can’t give up on such a treasure. Run quickly. Kid, the divine soil and I have a way to deal with him for a few minutes. Run quickly and go to the inner mountains. Your only hope of survival is there. Go quickly!”

With that said, the frog pulled the divine soil and directly appeared in the void. The two of them somehow condensed a huge cage and locked the figure in!

When Zhou Hao saw this, he took a deep breath and sped towards the place the frog had mentioned!

Soon, a unique fluctuation came from behind. That strength simply made Zhou Hao feel the fear of death!

“This frog and divine soil are indeed extraordinary!”

Zhou Hao was shocked and could not help but mutter to himself!

## Chapter 526 - 26 Second Palace

### *Chapter 526 Second Palace*

Zhou Hao was extremely shocked and hurriedly sped forward, turning into afterimages. He did not dare to stop at all and headed towards the inner mountains the frog mentioned!

The powerful fluctuation behind him simply made Zhou Hao’s scalp tingle. This person was too freaking powerful. Zhou Hao felt that his own strength was like paper in front of the other party. As long as the other party wanted to, he could crush him with a single slap!

Zhou Hao did not know if he could escape, but no matter what, he had to persist!

Therefore, at this moment, his body was agile and his speed was fast. He did not stop at all!

Soon, Zhou Hao felt two fluctuations appear beside him. As he advanced, he saw the frog and the divine soil sitting on his shoulders!

For some reason, the frog's sunglasses had been shattered, and the red cloak was also tattered.

There was also the divine soil. It was originally snow-white, but now? It was all gray and looked very strange! Zhou Hao was immediately shocked!

"Damn, a spirit body is actually so powerful. Half of the energy I've accumulated over the years has disappeared!" Zhou Hao hurriedly said, "Is that guy that powerful?"

"Of course, that guy should be the guardian of the Universe Origin Wood. Since you took the Universe Origin Wood, he is determined to kill you. If we go to the inner mountains, we might have a chance to live!"

The frog was very anxious. This was the first time Zhou Hao had seen the frog like this.

"You hold on for now. I'm a little tired. The damage is too great. I want to sleep!"

As the frog spoke, it entered Zhou Hao's backpack and emitted a strange light before falling asleep!

Zhou Hao's heart ached, but he had no choice. He quickly smeared oil on his feet and rushed at a fast speed!

However, at this moment, Zhou Hao felt a dangerous aura. His body immediately paused before moving to the left!

At this moment, a hand pierced through the void and ruthlessly pierced through the place where Zhou Hao was just now. Then, a black figure walked out!

Zhou Hao could not see the other party's appearance clearly, but he could sense waves of coldness being emitted! "Damn, this guy is too fast!"

Zhou Hao was frightened. He hurriedly escaped with many treasures in his backpack. Without caring about anything else, he directly detonated them in hopes of stopping the figure!

However, the other party seemed invincible. This violent explosion did not stop him at all. Instead, he was getting closer and closer to Zhou Hao!

It was also at this moment that the black figure stretched out his palm and slapped fiercely at Zhou Hao. The huge force seemed to split the world apart, making Zhou

Hao's scalp tingle! He wanted to dodge, but it was already too late! The divine soil roared and jumped up, transforming into a white barrier that blocked Zhou Hao's back. The palm slapped forward, and the powerful force directly made Zhou Hao vomit blood!

His body was blasted a hundred meters away like a broken ball, smashing into a large tree that was blocking the way!

Zhou Hao's heart jumped, but he did not have the time to check his injuries and continued to escape!

At this moment, the divine soil's aura appeared on Zhou Hao's shoulder. It spat out blood that was actually golden!

As Zhou Hao was shocked, he sighed in his heart.

"If not for the divine soil helping me block the attack just now and reducing most of the impact, I would have already died!"

As Zhou Hao spoke, he placed the divine soil into his backpack regretfully and continued to speed forward!

However, his speed was simply inferior to the black figure. After being almost caught several times, Zhou Hao either detonated his treasure or resisted with his full strength!

After a few times, Zhou Hao was severely injured and could no longer hold on!

"Looks like I have to give it up. This is just too freaking terrifying! Even if I give it to him now, he probably won't let me off!"

Zhou Hao's heart was burning with all thoughts. At this moment, his expression suddenly changed. After passing through a strange forest, he arrived at a very strange place!

This was a huge mountain! The mountains were endless and very grand. Moreover, what shocked Zhou Hao was that there was a strange aura on this mountain!

This aura seemed to repel everything. Be it the surrounding clouds or aura, they were all repelled from this mountain!

Zhou Hao was very puzzled, but at this moment, he couldn't care less and directly went into the mountain!

Just as he entered, Zhou Hao's expression changed drastically because he sensed a living aura. He hurriedly looked up and saw a strangely dressed man sitting cross-legged on the mountain.

**au**

**wa**

Their eyes met, and the man in the strange suit was stunned for a moment. He looked at Zhou Hao in surprise, as if he did not expect Zhou Hao to be able to barge in and see him!

The black figure quickly descended. That powerful aura descended with an invincible intent!

However, the strangely dressed man snorted and took a step down. He stood in front of the black figure and swung his embroidered robe, forming a barrier that blocked the two of them.

“Go back. You don’t have the authority to come to my Second Palace!”

As the strangely dressed man spoke, the black figure seemed to not understand. He looked at Zhou Hao coldly with endless killing intent!

The strangely dressed man frowned. “So... he has long lost his soul and is just a puppet listening to orders.”

As he spoke, he tapped the void. Immediately, a huge hole appeared behind the black figure, emitting an endless suction force that directly sucked the black figure in. Zhou Hao had been paying attention the entire time and was shocked to see that this person was actually so powerful!

“Thank you... Big Brother for saving us!” Zhou Hao hurriedly said.

“Big Brother? Hehe, I’m afraid it’s more than enough for me to be your grandfather. Since you were able to enter the Second Palace, it means that you’re fated to be here. You’ve been severely injured, so hurry up and treat your injuries. Refine the Universe Origin Wood in your hand as soon as possible. Otherwise, he’ll come again.”

The strangely dressed man looked at Zhou Hao and said indifferently.

When Zhou Hao heard this, his heart skipped a beat. Without hesitation, he sat cross-legged and began to treat his injuries!

He really wanted to ask what the other party meant, but healing was more important now, so Zhou Hao did not refuse.

Soon, after Zhou Hao controlled his injuries, he took out the Universe Origin Wood. To be honest, he still did not know how to refine this item!

“The Universe Origin Wood is an item that gathers essence energy. If you want to refine it, it’s actually very simple. You just have to pour your blood into it. After it drinks your blood, it will be yours.”

At this moment, the strangely dressed man said directly.

Zhou Hao did not know if he was right, but there was nothing else he could do at this moment. Therefore, he directly forced out his blood and placed it on the Universe Origin Wood. In the next second, he saw a strange light flash from the Universe Origin Wood and enter his body. In his mind, it turned into a ring that tightly wrapped around his heart!

## Chapter 527 - Meeting Su Xiaofei Again

*Chapter 527 Meeting Su Xiaofei Again*

After that thing entered his body and took root near his heart, Zhou Hao felt a very strange feeling, as if he had some kind of connection with this thing!

With a thought, the Universe Origin Wood immediately emitted a pure essence energy that directly nourished him. Originally, Zhou Hao needed to spend a lot of essence energy to treat the injuries he had suffered. But now, in just a few breaths, he had actually treated them!

“Heavens, this is too heaven-defying!”

This endless amount of essence energy made Zhou Hao swallow a mouthful of saliva. At this moment, didn’t he basically have endless essence energy?

Zhou Hao treated his injuries and stood up. He looked at the strangely dressed man and bowed deeply.

“Big Brother, Zhou Hao will never forget your kindness. If you have any requests in the future, feel free to tell me. I’ll definitely do my best!”

The strangely dressed man ignored Zhou Hao and looked at the mountain as he said indifferently.

“This used to be the most powerful lineage of the Moro Race. It’s called the Second Palace!

“The Moro Race has a total of three palaces and five halls. All of them have extraordinary strength, and it’s even more so for my Second Palace. Although there are very few descendants, all of them are ferocious people!”

“Every time I think about it, I get lost in it. Alright, that’s all I have to say. Go on, don’t tell anyone that you’ve seen me before!”

With that said, Zhou Hao still wanted to say something, but the man waved his hand and immediately sent Zhou Hao out of the Second Palace!

He did not know where he had been sent by the other party.

“The frog is a lot more knowledgeable when it comes to the Moro Race. Now that it’s asleep, I don’t know how long it will take for it to wake up. There’s also the divine soil. It’s also severely injured and is probably asleep. As for me... I’m very unfamiliar with this kind of place. I can’t just wander around!”

Zhou Hao looked around and frowned!

“The last test of the Moro Race is mental strength. Everyone will be entering the former territory of the Moro Race soon. If I can’t find my identity, I won’t be qualified to enter this mental world!”

Zhou Hao was a little worried. The frog did not say much about this qualification and Zhou Hao naturally did not understand. Therefore, what he needed to do now was to find the answer!

## **OW W**

Zhou Hao planned to find someone who knew about this to ask for answers, so he aimlessly searched!

After searching for more than half an hour, Zhou Hao did not see a single person and was very displeased!

However, at this moment, he suddenly saw a few heavily injured foreigners. Without saying a word, he directly blocked them!

These foreigners were furious when they saw Zhou Hao blocking their way.

“Damn, what are you doing? Get lost!”

Although the few of them were severely injured, they were still very arrogant. After all, Zhou Hao was alone, but there were a total of three of them. Moreover, their cultivation levels were above the sixth-grade supernatural level!

Zhou Hao smiled and naturally did not have any mercy towards this group of people. He punched directly and they were beaten black and blue.

In the end, Zhou Hao made them squat on the ground and cover their heads while singing the Chinese national anthem before asking indifferently.

“Do you know how to qualify to enter the mental world of the Moro Race?”

Although the few of them were surprised, they were dumbfounded!

“Don’t worry. If you answer properly, I won’t attack you. But if you don’t tell the truth, don’t blame me!?”

Zhou Hao was very powerful. Even if these people were not injured, they would not be his match. At this moment, they were severely injured, so they were definitely not Zhou Hao’s match!

## **cene**

This scene made these foreigners furious. This was too arrogant!

“Hmph, Chinese, you’re too arrogant. We won’t tell you what you want to know from us. You Chinese are all sinister and cunning!”

These people were very excited. Zhou Hao frowned. Did he provoke them? What was going on?

“So you’re not going to tell me? Fine. I have my ways!”

With that said, Zhou Hao was about to attack. However, at this moment, a voice sounded, making Zhou Hao stunned.

“Brother Zhou, please stop!” Zhou Hao looked over and immediately saw a woman rushing over with a smile!

This person was none other than Su Xiaofei!

“Su... Xiaofei?”

Although Zhou Hao felt that it was Su Xiaofei, Zhou Hao was still not sure. After all, she looked the same as Su Xiaofu and Su Xiaoyu.

“Hehe, Brother Zhou, I didn’t expect to meet you here.”

Su Xiaofei was also shocked when she saw Zhou Hao.

The few people behind her were all from their international auction. The most eye-catching one was the woman in a black leather coat behind Su Xiaofei!

This woman looked identical to Su Xiaofei and the other two. The only difference was that the three of them had long hair, and this woman had short hair!

The aura on her body was also incomparably cold and distant.

However, she was also very charming, making Zhou Hao a little surprised. He could not help but look at her perfect body a few more times!

This woman was simply a woman that men wanted to conquer. Even Zhou Hao was shocked when he saw her!

When Su Xiaofei saw this, she immediately covered her mouth and laughed secretly without saying a word. On the other hand, the woman in the black leather coat immediately snorted coldly when she saw Zhou Hao being so rude.

“Have you seen enough?”

Zhou Hao was frightened by this cold voice and hurriedly regained his senses. He coughed dryly and said, “Uh... Sorry, sorry. I... forgot myself just now!”

“Hmph, if there’s a next time, I’ll dig your eyes out!”

With that said, the woman turned around and ignored him.

Su Xiaofei immediately smiled and walked in front of Zhou Hao. She lowered her voice so that only the two of them could hear her. “Brother Zhou, you probably already refined the Universe Origin Wood, right? How do you feel?”

Zhou Hao narrowed his eyes. Everyone around him was from the International Auction House. This Su Xiaofei was strange and full of evil thoughts. Could it be that she wanted to deal with him?

“Brother Zhou, don’t think too much. I don’t have any other intentions. Moreover, we have an agreement. If you help me protect my secret, I’ll hand over the Universe Origin Wood with both hands. We have to abide by this agreement. Moreover, the deceased Xue Yuangui is the son of the International Auction Group. I won’t be so stupid as to expose this matter and cause trouble.” Su Xiaofei was very smart and could guess what Zhou Hao was thinking.

Zhou Hao was incomparably afraid of this woman's scheming. From the moment he learned of how she plotted to kill Xue Yuangui step by step, Zhou Hao knew that this woman was not to be trifled with!

Even if they were not friends, he definitely could not be her enemy. Otherwise, he might fall into one of her schemes!

## Chapter 528 - Meeting

### *Chapter 528 Meeting*

After Su Xiaofei finished speaking, she looked at Zhou Hao and continued.

"These foreigners indeed know the way to enter the mental world of the Moro Race. However, I can tell you this secret, but I can't let you take the item away. After all, I still haven't given my second sister and third sister their chips."

With that said, Su Xiaofei waved her hand and got the people from the International Auction House to control these foreigners!

They roared repeatedly and were directly knocked unconscious and tied up.

"Brother Zhou, to be able to enter that world, we naturally need powerful mental strength. And in this mental world, we need something to rely on. In other words, we need to find something to rely on before we can enter. And this thing to rely on is the Moro Race experts of this world!"

"Also, something will happen when the mental world opens. Once it's opened, we will all fall into a deep sleep. However, only after obtaining the identity of the Moro Race experts will we be qualified to enter. And this identity is their race's chip. As long as we obtain this chip, we will be able to connect to the core of this world. Then, when the mental world opens, we will be allowed to enter!"

Su Xiaofei's words were very simple and easy to understand. Zhou Hao understood that if he wanted to enter this mental world, he needed an identity, and this identity was the chip!

As long as he obtained this chip, he would be qualified to enter!

“Alright, Brother Zhou, I’ve told you everything. However, this ruin has been open for a few days now and you’ve always been alone. However, it’s very dangerous for you to travel alone. Moreover, you have a good treasure in your hand. If you’re targeted, it’ll be very troublesome. Why don’t you follow us? After all, everyone in the ruins is searching for the chips. In the future, if you learn any news and need to leave, you can also leave by yourself. How about that?”

Of course, Su Xiaofei’s words were partly for Zhou Hao’s sake. However, most of them still felt that Zhou Hao’s combat strength was extraordinary. If he joined their party, he would have more combat strength!

Zhou Hao thought for a moment and did not refuse. This space was very large. If he searched for it alone, he did not know how long it would take. Moreover, he did not know what it was. He could only see if he could obtain any information!

Moreover, Zhou Hao had heard that Su Xiaofu and Su Xiaoyu did not have chips. Zhou Hao was still a little embarrassed after recalling what had happened with Su Xiaoyu. After all, he had kissed her and she had even given him her first kiss. Zhou Hao still cared about that feeling!

Therefore, he didn’t mind helping her along the way!

“Alright, I’ll be in your care.” Zhou Hao smiled.

as

“Brother Zhou, you’re too kind. After all, I know what you’re capable of!” Su Xiaofei was in a good mood. After all, after dealing with Xue Yuangui, she was naturally very happy! Su Xiaofei brought Zhou Hao to their resting place. This was also the resting place of many families and factions. It was a small city.

There were many people here who had joined the auction house. After all, the auction house was considered a large faction here. They had also come to seek support.

The reason why the auction was willing to protect them was also because they were worried that others would attack them. With so many people around, they could resist the enemy together. Therefore, everything was fine in this small city.

After walking into the small city, Su Xiaofei suddenly thought of something and could not help but say, “By the way, my sister, Su Xiaobing, hates it when men look at her. Therefore, you have to be careful in the future. Last time, a man stared at her thigh and she broke his leg!”

Su Xiaofei smiled and said. After she finished speaking, Zhou Hao immediately glared at her.

“Also, many people in this city have been recruited. They might have extraordinary statuses outside, but they have very few companions here. In order to survive, they came to our auction house. You can ask them about the chip yourself. I won’t interfere.”

With that said, Su Xiaofei left. On the other hand, Zhou Hao began to shop around.

Many of the treasures on Zhou Hao had been destroyed to resist the black figure. At this moment, he saw many people setting up stalls to sell and sighed.

Zhou Hao also asked many questions about the chip, but many people here did not know about it. Even if Zhou Hao offered a high price for their information, he still did not learn anything useful.

At the same time, after Su Xiaofei and Su Xiaobing returned to their accommodation, they arrived at the meeting room. Su Xiaobing sat in the main seat with a cold expression. The other disciples of the auction house were also present, including the rest of the Su sisters!

Su Xiaofu, Su Xiaoyu, and Su Xiaofei were all here!

During this period of time, Su Xiaofu had been looking for Zhou Hao, but she had not found him.

As for Su Xiaoyu, she had a depressed expression. Thinking of how she had been deceived by that detestable frog that day and had given away her first kiss, she was furious!

She had lived a clean life for so many years just to be taken advantage of by Zhou Hao so easily. How could she not be furious?!

“Fei’er, did those foreigners say where the chip is?”

At this moment, Su Xiaobing suddenly said.

“They did, but they gave us two locations. If things go wrong, we might have to split up!”

Su Xiaofei immediately said.

As soon as she finished speaking, Su Xiaobing frowned. “Two places? But... among the four of us, at least one of us has to guard the city. I’m a little worried that one of us will need to go to the other place alone!”

As the eldest sister, Su Xiaobing was naturally worried about her sisters.

“Big Sister, how about this? I’ll pass on the chip this time. Let Third Sister go with Fourth Sister.”

At this moment, Su Xiaofu said.

“Ah? Second Sister, don’t. My strength is inferior to yours. Even if I go, I’m afraid I won’t get any good fortune,” Su Xiaoyu hurriedly shook her head and said.

Su Xiaofei smiled and could not help but say, “Sisters, I have a way to get the best of both worlds!”

Su Xiaofei’s words stunned them for a moment. Su Xiaobing said directly, “What way?”

“That’s right. Big Sister, do you remember the man I just invited to the city?” Su Xiaofei hurriedly said.

“Of course. He’s just a pervert. What can he do?” Su Xiaobing did not like men at all, so her tone was naturally not good!

“Hehe, Big Sister is wrong. This person is very extraordinary. He’s scheming and very intelligent. If he can help us, I think the probability of obtaining this chip is an entire 80%. I also know his combat strength. He has a quasi Heaven Realm combat strength. I think even Big Sister can’t beat him!”

After Su Xiaofei finished speaking, the Su sisters were all shocked!

“Really? This person is so powerful?” Su Xiaofu immediately exclaimed.

“In that case, Second Sister, Fourth Sister, why don’t you two travel to one location together and let Third Sister and him go to the Machine City 50 kilometers away? How about that?”

As she spoke, Su Xiaobing looked at Su Xiaoyu and asked.

## Chapter 529 - Shy

*Chapter 529 Shy*

Su Xiaobing naturally had her reasons for saying this!

Although Su Xiaofu was the second eldest, her thoughts were simple and she was far inferior to Su Xiaoyu in terms of maturity. However, Su Xiaofu's combat strength was above hers. And although Fourth Sister was strange, her combat strength was too weak. This distribution was somewhat neutral.

Third Sister was meticulous. Even if that man had any evil intentions, Third Sister could still deal with him.

Su Xiaoyu did not hesitate and nodded.

"Alright, Big Sister."

She naturally understood what her big sister meant by this arrangement. Similarly, she also wanted to obtain this chip. If there was a chance, she naturally wanted to try.

"Fei'er, go with your third sister to take a look. I hope you can persuade that man to help us."

Su Xiaobing immediately said.

Su Xiaofei nodded and led Su Xiaoyu out of the meeting room to look for Zhou Hao.

Su Xiaoyu was still a little curious and nervous about this man she had never seen before. She could not help but ask, "Sister, you have a high opinion of this man. I wonder how he is?"

When Su Xiaofei heard this, she could not help but say, "Sister, don't worry. This person is very powerful. Even I have suffered at his hands. This person's methods are extraordinary and extremely domineering. If you go with him, he will definitely be able to obtain that chip if he is willing to help you!"

"Hmm? Sister, this is the first time I've heard your evaluation. Could it be that you have feelings for this person?" Su Xiaoyu immediately smiled and could not help but

tease.

"Sister, have you forgotten that I'm an engaged person? Although I don't really like Xue Yuangui and he's not the person I like, since I'm engaged to him, I won't think of other men. Moreover, this man is too powerful. Sister, if you like him, you can give it a try."

Su Xiaofei also smiled.

However, after she finished joking, a strange expression flashed in her eyes!

This was naturally because of the dead Xue Yuangui!

The entire auction house knew that Su Xiaofei was very disgusted by Su Xiaofei and Xue Yuangui's engagement. However, she had never shown it, so no one knew what she was thinking!

Or rather, Su Xiaofei had already thought of today's situation from the moment Xue Yuangui had ill intentions towards her!

The other sisters naturally did not know what was going on. They only thought that their sister did not like Xue Yuangui, they didn't know that she hated him either.

They did not know Xue Yuangui very well. At the very least, on the surface, he looked pretty good!

According to Su Xiaofei, Xue Yuangui was dignified, had a noble status, and was also talented. His status at the auction was even higher than theirs. Her status could also be considered to have risen after marrying him. However, Su Xiaofei had never cared about the matters between men and women!

Su Xiaoyu had also never thought that Su Xiaofei would hate Xue Yuangui. She also did not expect that Su Xiaofei would come up with a careful plan just to kill Xue Yuangui. In her eyes, her fourth sister was just a strange little girl. When she talked about Xue Yuangui, it would only sound like she did not have much feelings for him and did not care about love.

Xue Yuangui loved her so much that he went crazy. In order to get Su Xiaofei, he even went to the extreme!

Su Xiaofei endured and kept a low profile. In order to resolve Xue Yuangui, she planned step by step and finally succeeded!

It was really impossible to determine who was right and who was wrong!

"Found him!"

At this moment, Su Xiaofei suddenly smiled and found Zhou Hao walking casually in the crowd!

II

Su Xiaoyu naturally saw this figure as well. She did not frown. For some reason, she felt that this person was somewhat familiar. Su Xiaofei pulled Su Xiaoyu and hurriedly walked in front of Zhou Hao with a smile.

“Brother Zhou, how was your shopping?”

Zhou Hao turned around and looked at Su Xiaofei with a smile. When he saw Su Xiaoyu, he immediately blinked. Seeing the shy expression on her face, he knew that this person must be Su Xiaoyu!

“Not bad...” Zhou Hao coughed dryly. To be honest, he was also a little embarrassed!

“This is my third sister, Su Xiaoyu. Brother Zhou, please help my sister obtain the chip. After this is done, our auction house will also do our best to help you obtain the chip. How about that?”

Su Xiaofei said.

In fact, Su Xiaofei was still feeling nervous. After all, with this brat’s temper, he would never do anything that did not benefit him. In the six lineages, he was clearly able to easily deal with the strange symbol, but he had still scammed them!

However, what puzzled her was that Zhou Hao actually looked at Su Xiaoyu and nodded.

“No problem, leave it to me!”

“Uh... thank you, Brother Zhou.”

With that said, Su Xiaofei left.

With only the two of them left, the scene became a little awkward.

“Um... Miss Su, shall we... set off?”

Zhou Hao actually agreed because of Su Xiaoyu. There was an inexplicable relationship between them. Although Zhou Hao was a modern person, he had still stolen her first kiss. Be it passive or proactive, he had still taken it.

Therefore, Zhou Hao would not refuse Su Xiaoyu’s request!

Su Xiaoyu’s pretty face turned red and she did not speak. She did not expect the other party to be Zhou Hao!

However, at this point, she could only bite the bullet. After all, she did not have a reason to back down.

She couldn’t possibly say that she felt shy after giving this brat her first kiss, right? If that happened, wouldn’t she be laughed at to death?!

Zhou Hao looked at the exquisite Su Xiaoyu and sighed with emotion. Such a woman was simply the dream of all men!

However, his heart belonged to someone else, SO...

Su Xiaoyu looked at Zhou Hao following behind and snorted. She thought for a moment and said.

“What happened that day is already in the past. You saved me and I saved you. We don’t owe each other anything. Moreover, it was just a... a kiss. Don’t think that I... I like you. Therefore... don’t think of any way to get close to me, understand?”

When Su Xiaoyu said this, she was extremely nervous. She did not want Zhou Hao to think that she was a casual person.

After saying this, Su Xiaoyu’s speed soared and she left directly.

Zhou Hao sighed and felt somewhat helpless. What was going on?!

He just felt that he owed her a little and wanted to make up for it. Why did the other party misunderstand?

However, Zhou Hao could not be bothered. After helping her resolve this matter, he would feel better!

After two hours, the two of them arrived at a very strange city!

Outside this city were all heavy machines. It was very strange. Some things were like the machines in science fiction movies.

It was even more abstract than the weapons of the current human race.

“Is this the Machine City?”

Zhou Hao blinked and asked.

## Chapter 530 - Royal Guard

### *Chapter 530 Royal Guard*

Zhou Hao looked at the strange city and was shocked.

“That’s right. This is the Machine City. Rumor has it that this city is the Machine Factory of the Moro Race. I don’t know why it became like this. At that time, their technology was even more advanced than ours!”

At this moment, Su Xiaoyu said.

Zhou Hao could somewhat guess why it became like this. However, he was still not sure, so he naturally did not say it. “Where’s the chip?” Zhou Hao immediately asked.

“In a secret room in Machine City, that chip is very difficult to preserve. After all, when a person dies, the chip will also disappear. However, under certain special circumstances, very few chips can be preserved. However, there are very few chips to begin with and many people know about them. I’m afraid it won’t be easy to snatch them!”

Su Xiaoyu said with a hint of confidence.

“You guys should know who’s here, right?”

Zhou Hao asked directly.

“Those foreigners said that other than the Western families, there are also our Eastern families here. They’re all extraordinary families and factions. Among them, the West’s Chaimet family is worth paying attention to. Their families believe in vampires, and their cultivation techniques are all based on blood. In addition, there’s also the Sun family, the world’s largest herb family, the Gu family, the Super Organization, and the Ning family, one of the Eastern ancient martial families.”

“Although these people don’t easily expose their strength, they all have considerable influence internationally and are not easy to provoke. Otherwise, they wouldn’t have been selected by the Battle God Battalion to enter this place.”

After Su Xiaoyu finished speaking, Zhou Hao was shocked for a moment. He still understood the Battle God Battalion well. This organization was very powerful and could even be called the number one international organization. However, at this moment, these families and factions still puzzled him.

“I’ve indeed never heard of so many families and factions. In my eyes, the Battle God Battalion has always been the strongest. Even now, it’s still the same. I wonder if I’m right?”

Zhou Hao directly voiced his doubts, and Su Xiaoyu nodded.

“To a certain extent, the Battle God Battalion is indeed the strongest organization. However, the Battle God Battalion also works with many families and factions. Among them, our auction house has also contributed a lot to the Battle God Battalion.”

“Although those two Battle Gods have reached the peak of strength on Planet Earth, it’s only on the surface. I know that the Royal Guard who have never appeared and have always been in the capital are no weaker than the Battle God Battalion.”

After Su Xiaoyu finished speaking, Zhou Hao had a puzzled expression. This was the first time he had heard of this Royal Guard. “What’s this Royal Guard?” Zhou Hao immediately asked.

“Don’t you know? I thought you knew.”

When Su Xiaoyu heard Zhou Hao’s question, she was also stunned for a moment. Then, she said, “The Royal Guard can be considered as an organization that controls the Eastern human cultivators. From their name, you can tell that they represent the country and the authority. Just like the imperial guards of the ancient royal family, they have supreme authority just like the recent national combat divisions.”

“Although there are many martial artists after the global mutation, this rule still can’t be changed no matter how many there are. There has to be a supreme leader to control the situation. Otherwise, won’t it be the same as the era of the Spring Autumn Kingdom and the Seven Realms?”

Su Xiaoyu said a lot. Perhaps after talking to Zhou Hao for a while, she was no longer so nervous!

Only then did Zhou Hao understand. Actually, he could also understand. If no one was in charge of this world, wouldn’t it really be chaotic?

“Is there someone in this royal guard who can compare to the two Battle Gods?” After Zhou Hao heard this, he was very shocked. He even felt that this person would even be more powerful than the two Battle Gods!

This person might be a great figure from Huang’s era!

In other words, he was someone who had cultivated Genesis Runes and even destroyed the six lineage experts! Zhou Hao guessed, but he did not say it.

“I don’t know the exact strength, but I can imagine it. Otherwise, why would the Battle God Battalion listen to the Royal Guard?”

Su Xiaoxue asked in return and looked down. “Those are all existences that are beyond us. It’s very difficult to compete for the chip this time. Therefore... if anything really happens, you... shouldn’t...”

“Don’t worry. Since it’s a promise, I’ll do my best. Moreover, there shouldn’t be many people who can defeat me in this ruin!”

Zhou Hao smiled and interrupted Su Xiaoyu.

When Su Xiaoyu heard Zhou Hao’s words, she was stunned for a moment. Seeing Zhou Hao’s serious gaze, for some reason, she suddenly became shy and did not dare to look at him directly. She turned her head away.

Zhou Hao coughed dryly and wondered if he had said something wrong just now. He was clearly just showing his determination, but now, he felt as if he had confessed.

Zhou Hao was a little embarrassed and touched his nose awkwardly.

Su Xiaoyu did not say anything and directly entered the city. Almost everyone from the Ning family had arrived here. They wanted to use the powerful strength of the Ning family to occupy this place. However, with so many factions and families, it was really ridiculous for them to think that they could occupy this place!

After Su Xiaoyu entered, she took out her bamboo hat and covered her face. The women of her Su family were all so famous. In order to avoid trouble, she hid her face.

Zhou Hao looked at the woman and sighed in his heart. This Old Master Su was really good at giving birth. He had given birth to four girls, and all of them were extraordinary!

The most obvious one was Su Xiaofei. She looked cute and exquisite, but her thoughts were definitely not something ordinary people could compare to!

Even Zhou Hao would only be toyed with if he did not deal with her properly!

There were dozens of people in the Machine City. At this moment, dozens of people had gathered in the Moro Race ruins when there were only 200 people in the whole ancient ruins. This shocked Zhou Hao a little. It could be imagined how charming the chip was!

“The central area of the Machine City is being protected by the ultrasound protection of the Moro Race. This time, the young master of the Ning family, Ning Yuanfeng, is here. This person has a quasi Heaven Realm cultivation and can be said to have a ceiling-like combat strength here and is very powerful. Moreover, with his status as a descendant of an ancient martial family, many people are also willing to help. Therefore, I estimate that this ultrasound protection will be broken in about two days. At that time, the vampiric Chaimet family, the Sun family backed by the Battle God Battalion, and the Gu Family will also intervene. Fortunately, Bai Renxue from the Super Organization did not come this time. Otherwise, things would definitely be difficult.” Su Xiaoyu suddenly said.

Hearing this, Zhou Hao was stunned for a moment and asked curiously.

“Who’s Bai Renxue? Is this person very powerful?”

## Chapter 531 - Super Organization

### *Chapter 531 Super Organization*

Although Zhou Hao did not know who this person was, he was still very curious when he heard Su Xiaoyu mention this person.

Su Xiaoyu thought for a moment and said.

“Zhou Hao, do you know... about the Eastern Super Organization?”.

At this point, Zhou Hao was stunned for a moment. Although he did not know much, he had still heard of it!

“I know a little, but it’s all superficial knowledge,” Zhou Hao said.

“The Super Organization is a group of very unique people. They’re different from us. Of course, after the global mutation, our cultivation system changed and we received a different strength. Strictly speaking, we’re actually considered to have mutated and not the same as the ordinary humans that existed when Planet Earth was born.”

“Our cultivation allows us to absorb Heaven and Earth essence energy to break through. However, it’s not the same for the Super Organization. They are a group of special ability users. Everyone has awakened a special ability, the same as our special physiques.”

“However, their special abilities are even stranger.” “And this Bai Renxue is a member of the Super Organization. Moreover, she’s one of the two disciples of the Super Organization’s president. In the Super Organization, she has the status of a princess!!”

At this point, Zhou Hao’s eyes widened. If not for controlling his image, Zhou Hao would have been cursed!

What the hell was going on? Even a special ability had appeared? What was wrong with this world? Of course, Zhou Hao was only joking. After knowing that aliens existed, how could he be surprised?

“This Bai Renxue is very powerful. Not only is she a special ability user, but she’s also a martial artist. Her strength is also at the quasi Heaven Realm, and she also has the ability to control fire. She’s very powerful. The reason why I said that she didn’t come is because Bai Renxue and Ning Yuanfeng are actually engaged.” “I can’t decide if they’re here to help Ning Yuanfeng. However, if Bai Renxue comes, I think she’ll definitely help Ning Yunfeng!”

Hearing this, Zhou Hao finally understood what was going on!

However, this Bai Renxue was so powerful that Zhou Hao was still a little nervous. If he encountered her, he probably wouldn’t be able to defeat her!

Fortunately, he did not come this time. Otherwise, it would be terrible if he encountered her!

At the same time, many factions and families in the Machine Race were occupying a place to camp.

At this moment, Su Yue was also here. Not only was Su Yue here, but there were also a few members of the Su family. One of the men was holding a sword in his hand and had a rich murderous aura. He looked at the waves of fluctuations erupting from the center of Machine City and sneered.

“It’s really funny for Ning Yunfeng to want to take this chip for himself. Although Little Sister Yue’er and I both have the chip, it’s still better for us to obtain more. The only thing we’re worried about is whether that Super Organization is here to help the Ning family or to take advantage of the situation!”

As the man spoke, he looked at Su Yue, who was resting in the room, and smiled. His eyes were filled with love. “Sister Yue’er, don’t worry. With me around, no one will hurt you. If they want to hurt you, they will have to get past my corpse!” As he spoke, the longsword in his hand emitted a hissing sound. This sword was very unique and was not a typical sword. It was like a machine, as if it was a mechanical sword!

“Brother Feng, Ning Yunfeng will succeed in two days. At that time, should we kill our way over?”

At this moment, a few disciples of the Sun family looked at the man holding the sword and said.

“Hmm, don’t worry. This chip will land in our Sun family!”

Feng Baichuan snorted coldly with determination!

Not only that, but at this moment, in the territory of the Super Organization, an exquisite figure bathed in water vapor also looked up at the center.

“Big Sister Ouyang, should we fight for it this time?” The super disciple below could not help but ask.

“Although Sister Bai and Ning Yunfeng are already engaged, it’s not appropriate for us to interfere. If Ning Yunfeng has the ability, we won’t interfere. However, if he doesn’t, then you can’t blame us!”

This woman’s voice was calm and carried a sense of emptiness.

Her name was Ouyang Tingxuan, and she was another princess-like woman from the Super Organization. She was Bai Renxue’s older sister!

Moreover, he was the eldest disciple of the Super Organization’s president. His status was even higher than Bai Renxue’s!

Her words were not arrogant. She had every right to be arrogant. With her quasi Heaven Realm cultivation and special ability, ordinary quasi Heaven Realm experts were simply unable to defeat them!

She was both a special ability user and a martial artist. Such a person was very rare and her physique was very special.

In the Super Organization, she and Bai Renxue were both special cases. They were the only ones that were like this and it was also what allowed them to become the disciples of the Super Organization’s president.

“By the way, be careful of the Itanli family from Africa. I heard that Buye is dead. I wonder who killed him. His older brother, Blue, is a little crazy. Of course, our Super Organization isn’t afraid of their barbaric people. If they want to compete for the chip, let them.”

After Ouyang Tingxuan finished speaking, she closed her eyes with an indifferent expression.

At the same time, Blue of the Itanli family was sitting in the room with a gloomy expression. Their Itanli family could sense each other’s bloodlines. Sensing that his brother’s bloodline had disappeared, his heart naturally ached!

Therefore, he really wanted to tear the person who had killed his brother into pieces!

“Before my brother died, he left a mark. As long as this person appears, I will be able to discover him!”

Blue snorted coldly with killing intent in his eyes!

At this moment, in the huge building in the center of the city, Ning Yunfeng was wearing a white warrior uniform. He stood with his hands behind his back and looked down with a faint smile.

“So many people are here. Looks like they all want to snatch this chip from me. Let’s see if they have the ability!”

“Xue’er didn’t come. I’m afraid the Super Organization won’t help me. Ouyang Tingxuan is a little troublesome, but it’s fine. As long as she dares to go against me, I won’t be merciful!”

Ning Yunfeng had a unique aura that was very extraordinary. Under that aura, he was like a sharp blade that had been unsheathed, carrying a domineering aura that made people not dare to look directly at him!

His domineering aura and elegant aura made him seem like a male protagonist who had just walked out of a television drama. He seemed to be the center of attention!

“As a descendant from an ancient martial family, I, Ning Yunfeng, was born to be extraordinary. When I was young, I obtained the inheritance of the ancient divine beast that left a mark on me. I even had the protection of Mother Earth. All of this is enough to prove that I’m extraordinary. And this time, the Moro Race’s treasure will definitely be mine!”

Ning Yunfeng smiled with confidence.

## Chapter 532 - Opening

### *Chapter 532 Opening*

Ning Yunfeng was right. He had been a genius since he was born!

At birth, his bloodline had already shocked the elders in the family and even attracted the inheritance!

Their Ning family also had a secret land that no one could enter. It was passed down from generation to generation by the Ning family. On the day Ning Yunfeng was born, the secret land opened and the guardian beast was sent out!

Ning Yunfeng had entered the secret land when he was three years old. When he came out at six years old, he had already reached the master level!

This matter was extremely hidden and very few people knew about it. Ning Yunfeng had become famous at a young age, but he was not arrogant. Instead, he cultivated as if he was treading on thin ice. In order to make his life easier in the future, Ning Yunfeng insisted on his principles and cultivated slowly. His strength increased very quickly when he was young and his cultivation now was still at the quasi Heaven Realm!

It was not that he could not break through to the Heaven Realm, but that he did not want to! Only by accumulating strength could he become stronger. Therefore, he suppressed it!

He was prepared to break through to the Heaven Realm after returning this time!

His excellence was incomparable. He was even engaged to Bai Renxue from the Super Organization and became the envy of everyone!

Of course, the strength of the Super Organization was not something the Ning family could compare to. The Ning family were also the ones to propose the marriage!

Since he could make the second holy maiden of the Super Organization his wife, it could be imagined how outstanding Ning Yunfeng was!

This was not only because he was outstanding and the Ning family was extraordinary, but also because Bai Renxue had received the favor of the Ning family in the past.

Ning Yunfeng's eyes had an unprecedented expression as he looked at the city below and smiled.

"Tomorrow, it will begin! At that time, whoever wants to compete can come!"

The next morning, after a violent bang, the protection of the central area shattered! "With the defense broken, I'm afraid even the Ning family can't stop it. This war will break out at any moment."

Su Xiaoyu smiled with surprise in her eyes.

It was also at this moment that several quasi Heaven Realm auras immediately erupted! One of the auras was an extremely bloody one. Immediately, a huge bat condensed in the sky!

Needless to say, this bat was from the Chaimet family!

"Ning Yunfeng, thank you. Don't you guys from the East have this saying? Be thankful to those who dig a well when you drink water. I owe you one, but... don't blame me for

fighting with you for the chip!” As these words were spoken, a disgusting bloody smell could be smelled.

It was also at this moment that a vigorous sword intent sprinkled down and a huge sword was condensed in the void!

“Hmph, if you want the chip, William Chaimet, you should first ask for my permission!”

This person was none other than Feng Baichuan!

As soon as he finished speaking, a violent force appeared and a Golden Victory Lion head was condensed in the void with a barbaric intent!

This lion head was from the Itanli family, the bloodline of the Golden Victory Lion!

This bloodline originated from Ancient Egypt and the pyramids. It was especially powerful. It was also because of this that their Itanli obtained its current status!

“Hmph, don’t you dare compete with me. Otherwise, only death awaits you!”

The person who spoke was Blue. At this moment, he was like an angry lion. He was fearless and powerful. Even if there was a magnificent army in front of him, he could still press forward!

After his aura appeared, another aura exploded. It did not fluctuate much and was like the spring wind and rain with a gentle feeling. However, the strength in it could still be sensed!

No one spoke when this aura appeared, but everyone saw a beautiful figure appear in the sky. She was wrapped in endless wind and rain, and her face could not be clearly seen.

“Hahaha, you guys sure are confident. Alright, I’ll wait for you guys!”

Ning Yunfeng laughed loudly. His powerful cultivation also erupted and was extremely extraordinary. He looked at the few people in the sky and raised his chin slightly with a domineering aura.

“Our Ning family welcomes you. However, whether you can obtain the chip depends on your methods. I, Ning Yunfeng, am not a stingy person. If you have the ability, take it away. I won’t complain at all!”

Everyone below looked at the few people in the sky in shock.

“Ning Fengzhi from the Ning family, William from the Chaimet family, Feng Baichuan from the Sun family, Blue from the Ytanli family, and... Ouyang Tingxuan from the

Super Organization. These few people are probably the strongest of the younger generation. They all have quasi Heaven Realm cultivation and can even compare to Heaven Realm experts!”

“It’s basically impossible to obtain the chip from them!”

“These few people are so powerful that we can’t compare at all. Looks like we don’t have any hope for the chip this time. Even if we are able to take advantage of the situation, it will still be difficult!”

**A**

They were disheartened, and even Su Xiaoyu was the same. “I’m afraid only Big Sister can compete with these few people. I... am far inferior!”

Su Xiaoyu sighed and looked at Zhou Hao.

“This time, we basically don’t have a chance. Why don’t we quit!”

Su Xiaoyu was not confident, but Zhou Hao smiled!

“Don’t worry. Just because we can’t beat them doesn’t mean we can’t get the chip. When the sandpiper and the clam fight, the fisherman benefits. Moreover, with so many sandpipers and clams, our situation is even better!”

At this moment, Zhou Hao said.

They were only quasi Heaven Realm experts, and it was not like Zhou Hao could not defeat them. Not to mention that his current cultivation was only superficial. With his true cultivation and the Thousand Feather Armor, Zhou Hao would not even care if these people attacked together!

Therefore, it all depended on whether Zhou Hao wanted the chip this time!

The few people in the air directly stepped into the center area.

This city was located underground and had been sealed for a long time. Although there were no special treasures, many of the materials of the Machine Race were extremely precious and were most suitable for forging weapons!

Therefore, many people had already given up on the chip and focused on these things!

Seeing them enter, Zhou Hao’s eyes flashed and he immediately smiled.

“They’ve entered. Let’s go in too. With the few of them opening the way in front, it’ll be easier for us to follow from behind. The others are not our match. After we enter, we’ll take whatever treasures we get!”

Zhou Hao and Su Xiaoyu followed directly. With their cultivation levels, they were the strongest people aside from those few experts. Therefore, these ordinary people were unable to resist at all!

The two of them were like tyrannical dragons as they rushed in directly, forcefully in front of the others!

The moment he entered, Zhou Hao smiled!

There were indeed many treasures here!

Although the first few people had plundered quite a lot, there were still many raw materials left!

“They should have taken all the treasure. After all, such treasure is not easy to obtain. What a waste for them to just leave it here!”

## Chapter 533 - Puzzlement

### *Chapter 533 Puzzlement*

As Zhou Hao spoke, he directly started looting. There were many raw materials and strange machines here, but Zhou Hao took them all away regardless of whether they were useful or not. It could be said that wherever he went, it was like a swarm of locusts passing by, leaving not a single blade of grass behind! When Su Xiaoyu saw this, she was stunned and in disbelief.

She even wanted to laugh, but she held back!

She really wanted to see how the people behind her would react when they saw this!

Zhou Hao did not care anymore. After all, all this was free.

Soon, those people entered and were stunned when they saw the scene of devastation!

Their mouths gaped open and they were unable to speak!

“Did... did this place encounter a robbery? Why... why is there nothing here at all!”

“Look, even the rug on the ground... has been taken away...”

“The lamps on the ceiling have also been stolen!”

“And the paintings on the wall were all taken away?”

They were shocked and furious!

“Damn, did this guy starve to death in his previous life? Why does he want everything he sees?!”

“Chase after him and kill him!”

These people roared repeatedly and chased after him!

Zhou Hao could not be bothered with all of this. Seeing that Su Xiaoyu was looking around without taking anything, he coughed dryly. “Um... if you don’t like these, I’ll take them all away!”

Su Xiaoyu covered her mouth and smiled. “Yes, take them all.”

She could not help but want to laugh. This was the first time she had seen such a guy!

As Zhou Hao packed his things, he muttered, “Seriously, the few people in front must have taken a lot of treasures. Sigh... If I had known, I would have come in with them!”

Zhou Hao was very depressed and looked a little indignant!

Hearing this, Su Xiaoyu rolled her eyes! Others might have the right to say this, but what right did Zhou Hao have to say this? At the very least, they left a lot for you!

On the other hand, Zhou Hao had not left anything behind for the others.

Zhou Hao did not know what Su Xiaoyu was thinking and kept a distance from her.

“Let’s not be too anxious. It’ll be fine for them to compete for the chip. Let them fight!”

Zhou Hao said slyly. He knew this very well. These people would definitely fight fiercely. Only the winner will be able to receive the chip!

“I understand... I understand...”

Su Xiaoyu nodded.

As they searched, they followed the troops in front and quickly caught up! In front of them was an experiment base. In the center of this base, there was a chip floating in the empty space in the center.

This chip was somewhat extraordinary. It should belong to the Machine City Lord. At this moment, the few of them were fighting in the air. Clearly, they had entered a heated state!

However, Zhou Hao was stunned for a moment when he saw that only William, Feng Baichuan, Ning Yunfeng, and Blue were fighting in the sky. Ouyang Tingxuan was standing by the side and did not attack.

“It’s a good thing that Miss Ouyang is not partaking. In that case, we won’t have to offend the Super Organization. Ning Yunfeng, if Miss Ouyang doesn’t help you, you won’t be able to obtain the chip!” William Chaimet smiled. Blood-colored wings appeared behind him like the wings of a bat. His entire body was also enveloped in a bloody mist. It was very strange!

The mechanical sword in Feng Baichuan’s hand was even sharper and had a superconducting aura. It was very extraordinary!

On the side, Blue’s entire body emitted a golden light. The huge Golden Victory Lion floated behind him and roared repeatedly!

As for Ning Yunfeng, a domineering aura appeared around his body. That was the Ning family’s special cultivation technique, the Overlord Domain Qi!

This energy art was first-rate in the past and was extremely extraordinary. When Ning Yunfeng used it, it even carried a domineering aura!

His aura was at the peak of the quasi Heaven Realm, faintly suppressing the few people present.

“Although Miss Ouyang is not helping me, do you really think you can defeat me?”

Ning Yunfeng sneered and was not afraid of them at all. His methods were superb and carried an indomitable strength. He was extremely domineering!

Zhou Hao entered at this moment with Su Xiaoyu behind him. The two of them did not interfere in this chaotic battle. Instead, they stopped and maintained a distance from Ouyang Tingxuan!

After Ouyang Tingxuan saw this, her body immediately moved and she walked over.

“Sister Su, long time no see.”

**Ian was**

Ouyang Tingxuan was wearing a light blue tight suit and a mask that concealed her face. Her black hair was incomparably smooth, and her figure was flawless. Even Zhou Hao couldn't help but take a few more glances.

"Sister Ouyang, long time no see..."

Su Xiaoyu immediately returned the greeting. In terms of status and strength, Ouyang Tingxuan was superior to her. At this moment, she was the first to greet her, making Su Xiaoyu somewhat surprised. Just as she was feeling puzzled, Ouyang Tingxuan looked at Zhou Hao.

"This... must be the genius of the Battle God Battalion, Zhou Hao. I know who you are. Seeing you today, I can tell that you're indeed extraordinary!"

When Ouyang Tingxuan said this, Zhou Hao and Su Xiaoyu were immediately stunned!

Su Xiaoyu could not help but have a strange thought. This Ouyang Tingxuan was probably here to chat with Zhou Hao instead of her!

This thought shocked her. As for Zhou Hao, it was even more so. Today was the first time he had seen Ouyang Tingxuan. Seeing her greet him made Zhou Hao speechless.

"Uh... hello, Miss Ouyang."

Zhou Hao could only reply politely like a fool.

"Hehe, Mr. Zhou, you're also here for the chip, right?" Ouyang Tingxuan said directly.

Zhou Hao did not have anything to hide and immediately nodded. "That's right. I'm indeed here because of the chip."

Zhou Hao did not know what Ouyang Tingxuan wanted to do, but he was not afraid of her.

However, what puzzled Zhou Hao was that Ouyang Tingxuan looked at Zhou Hao and smiled. "Since Mr. Zhou is here for this chip, I won't compete anymore. Goodbye."

After Ouyang Tingxuan finished speaking, she left without hesitation!

This scene shocked Zhou Hao!

Left?

Just like that?

What did she mean by that?

It was as if she would not compete because of him!

Zhou Hao was surprised, and so was Su Xiaoyu. She looked at Zhou Hao and could not help but ask.

“Zhou Hao, do you know Ouyang Tingxuan? Otherwise, why would she quit because of you? Her strength is not inferior to those four!”

Facing Su Xiaoyu’s question, Zhou Hao also wanted to know the answer, but he did not understand at all!

“This... this is the first time I’ve seen her. As for why she’s not competing, this... I... I really don’t know...”

Zhou Hao was also confused and puzzled!

## Chapter 534 - Exposed

### *Chapter 534 Exposed*

Zhou Hao indeed did not know what was going on, but he was still very happy after seeing Ouyang Tingxuan leave. After all, he had lost a competitor!

“Cough cough... Um... it’s fine if we leave. In this way, we’ll have one less competitor!”

Zhou Hao said shamelessly.

“Hmph.”

Su Xiaoyu snorted and ignored Zhou Hao.

At this moment, the few people above were already fighting in full swing. Zhou Hao even pulled Su Xiaoyu to the side to watch the show!

“The few of them are fighting so fiercely. Let’s not be anxious. Let’s wait and see who wins. We’ll attack then!”

Zhou Hao was very cunning and his eyes were filled with evil intentions. When Su Xiaoyu heard this, she also smiled helplessly.

However, at this moment, the people behind them arrived. As soon as they entered, they saw Zhou Hao and Su Xiaoyu hiding and were immediately furious!

“It must be them!”

“That’s right, it must be them!”

“This person is simply crazy. He took away all the treasures. There was nothing left for us!”

“Damn, take him down and divide all his treasures!”

These people’s eyes turned red. Although there were not many treasures in Machine City, some of the raw materials were still very valuable and could not be found in the real world. After losing so many things this time, they had to get them back from Zhou Hao!

Zhou Hao also saw them at this moment and was immediately dumbfounded when he heard their furious roars.

On the other hand, Su Xiaoyu knew that this would happen and could not help but cover her mouth to laugh.

“I knew it...”

Zhou Hao was very helpless and said, “Everyone... everyone... calm down, calm down. I really didn’t take it. I really didn’t take it... It wasn’t me!”

Zhou Hao explained directly, but they did not believe him at all! Even if they believed it, it was also useless. This was because other than Zhou Hao and the others, there were only the quasi Heaven Realm experts fighting above! They did not dare to offend them at all. Therefore, they could only attack Zhou Hao!

Zhou Hao was very helpless. Seeing them like this, he also knew that this battle was inevitable. He sighed and directly took a step forward!

His aura rumbled. Although he only had a sixth-grade supernatural cultivation, this aura was still extraordinary. Powerful auras swept out, turning into surging waves of air that rumbled!

Their expressions changed as they looked at Zhou Hao, shocked by his cultivation and even more shocked by his blood essence!

Zhou Hao used essence energy to temper his body and essence blood. At this moment, his body was already not something ordinary supernatural experts could compare to. Even among Heaven Realm experts, there were not many who had a stronger body than Zhou Hao!

This scene naturally attracted the attention of the few people above!

Ning Yunfeng frowned when he saw this. Although this aura was not very strong, his mind still stirred. He felt that extraordinary blood essence power and was somewhat shocked! As for Feng Baichuan and William, they did not think much of it, but Blue's expression instantly turned ugly!

"This aura... this aura... is the aura my brother transmitted to me!" His expression instantly changed drastically, and a powerful violent aura rose from his body!

"It's you!"

"You were the one who killed Buye, my brother!"

As soon as his voice fell, it was very powerful. The Golden Victory Lion behind him roared angrily, venting its anger! Zhou Hao's expression instantly changed drastically, and he thought to himself that he had been discovered!

"Hmph, no matter who you are, you have to die today for daring to kill a member of my Itanli family!"

Blue roared as the Golden Victory Lion behind him erupted with endless strength. Without hesitation, he rushed towards Zhou Hao!

Zhou Hao had killed his brother. His hatred was as deep as a sea and there was no need to waste his breath. All he wanted to do now was kill Zhou Hao!

Zhou Hao's expression changed. Since he had been discovered, he had nothing to hesitate about. Therefore, without saying a word, he directly mobilized his cultivation and the God Slaying Art and the Nine Revolutions Sacred Body Art exploded!

His aura also instantly reached a quasi Heaven Realm cultivation and was extremely extraordinary!

The blood essence power roared through the entire space, making everyone's expressions change drastically!

"This person is actually so powerful. This aura is probably not inferior to a quasi Heaven Realm expert!"

“This person did not deal with us just now. Otherwise, we... We wouldn't have been able to defeat him at all!”

“Damn, this person is actually so powerful!”

The people who had just wanted to fight Zhou Hao were all frightened when they saw this scene!

Seeing Blue arrive, Zhou Hao naturally could not allow himself to be captured. However, Zhou Hao did not know if these people would attack him. Therefore, he still divided his attention and fought Blue!

“Hmph, looks like you have some ability and are not an ordinary person. However, you still won't be able to live after killing my brother. Today, I'll let you see how powerful the Itanli Tribe is after we inherited the strength of Ancient Egypt!”

Blue roared repeatedly.

“Golden Victory Lion, Victory Lion Fury!”

His voice was very cold and filled with endless killing intent. The Golden Victory Lion behind him also condensed and a violent strength erupted from it!

This power was filled with an ancient feeling, as if it was not a product of this world!

“Is this the true strength of the Itanli family's Golden Victory Lion? It's indeed extraordinary. Ancient Egypt is an ancient civilization and is very extraordinary. Their inheritance is also not ordinary. I've heard from my master that the curse of the Pharaoh exists in the Golden Victory Lion. His strength is also mixed with this curse. I wonder if Blue has learned the essence of it!”

At this moment, Feng Baichuan said indifferently. Ning Yunfeng stopped and looked at Zhou Hao and Blue curiously!

They were all geniuses and naturally would not do something like sneaking around. Therefore, at this moment, they were all watching the battle and did not attack!

Of course, even if one of them secretly tried to steal the chip at this moment, it was still useless. Other than Blue, there were still others. They formed a tripartite and did not move rashly! “The Itanli family is indeed a very powerful tribal family in Africa. I heard that in Africa, the Itanli family's combat strength is ranked in the top five. What kind of concept is that? My Ning family probably doesn't dare to say that we can rank in the top five in Huaxia!”

“Moreover, the Itanli family’s cultivation technique is very powerful. Other than its powerful combat strength, it also has the curse of the ancient Egyptian Pharaoh. I wonder if this brat can withstand it!”

Ning Yunfeng said indifferently. At this moment, as he spoke, many people were shocked!

They naturally knew how powerful the Itanli family was, but they were also curious what methods this unfamiliar brat had to resist Blue!

## Chapter 535 - Helpless

### *Chapter 535 Helpless*

Zhou Hao did not think of anything at this moment. Standing beside him, he felt the strength of the Golden Victory Lion and his expression was very ugly!

This was because with his powerful mental strength, Zhou Hao could sense a strange power in the Golden Victory Lion’s attack!

This power seemed to be able to absorb human life force!

“A curse? This Blue is much stronger than his brother, Buye!”

Zhou Hao took a deep breath and frowned when he sensed the energy being extracted from his body!

Fortunately, he had the Universe Origin Wood and could constantly replenish the essence energy in his body!

“This person’s body is so powerful. The essence energy in his body is really abundant. Even after the Golden Victory Lion absorbed so much of his essence energy, he still doesn’t seem exhausted at all. Instead, he’s still fighting more and more bravely!” At this moment, Ning Yunfeng said. He looked at Zhou Hao and pondered!

“This person must have some treasure. Otherwise, it wouldn’t be like this. His cultivation is only at the sixth-grade supernatural level, but the amount of essence energy he has is

something even I can't compare to. If it's not because of a treasure, then what could the reason be?"

He muttered to himself with the intention of seeing through everything.

"This person is really powerful!" Feng Baichuan also revealed confusion when he saw that Zhou Hao was becoming stronger instead of weaker after so much of his essence energy was absorbed.

William from the Chaimet family was also confused!

Zhou Hao fought with his full strength. At this moment, with the support of the Universe Origin Wood, the little amount of essence energy that Blue absorbed was nothing! "Hmph, is this all you've got? If so, don't blame me!"

Zhou Hao snorted and could not be bothered to care. He directly took out his spear. It was not the Black Dragon Spear!

However, this spear was also very powerful and of excellent quality!

Zhou Hao held his spear as lightning filled the sky, carrying endless Green Wood Qi!

"Let me see how you're going to handle this attack!"

Zhou Hao roared and immediately, the spear turned into spear beams that condensed in the air. Accompanied by lightning, they rained down!

Blue's expression changed drastically. He did not believe that the strength of this spear was so powerful that even he had to get serious!

' was

He roared and pressed his palms together. The Golden Victory Lion behind him became even more corporeal! "Golden Victory Lion, Might of the Lion King!"

After Blue roared, the Golden Lion charged at Zhou Hao fiercely!

The huge Golden Lion phantom raised its claw, as if it had endless strength that could crush everything!

Zhou Hao snorted. "Break!"

Zhou Hao's physical body was powerful, and his combat strength was not inferior to Blue's. Therefore, Zhou Hao did not care about the so-called might of the Golden Victory Lion!

Under his spear, he directly shattered the lion's claw. Then, he stretched out his palm and used the Golden Crow Escape Technique under his feet. He appeared in front of Blue and punched fiercely!

This punch was incomparably powerful. Zhou Hao's body was not something ordinary people could compare to!

In addition, his increased cultivation was infinitely close to the quasi Heaven Realm, making Blue's expression completely change! Blue felt the endless power of the fist. Without hesitation, he took out a treasure from his backpack!

This was like a brick, bathed in a strange light with holy power!

"This is my ancient Egyptian holy brick. Let see you plan on handling this!"

This was a brick from the pyramid. This brick had not been damaged for a thousand years. Under the divine light of the pyramid, it had long become a treasure. Ordinary people were not able to get their hands on something like this!

This was still because he was the eldest son of the Itanli family and the future successor of their family. He had inherited this holy brick from his father!

However, Zhou Hao ignored him. His aura was like a rainbow. At this moment, he put away his spear and directly exploded with his physical strength!

Whether it was the God Slaying Art or the Nine Revolutions Sacred Body Art, they were both cultivation techniques for physical combat. Moreover, Zhou Hao's physical strength had already surpassed the level of all his cultivation techniques!

This punch was enough to split open the sky!

Boom!

After a huge bang, Blue's face turned pale as he retreated a hundred steps. Not only that, but blood also flowed from the corner of his mouth!

On the other hand, Zhou Hao did not move at all. He stood there and continued to punch!

This scene stunned everyone!

They were incomparably shocked, never believing that it would be like this!

The grand quasi Heaven Realm Blue was actually suppressed by a nameless sixth-grade supernatural expert!

This...

How was this possible?!

Even Su Xiaoyu was shocked. Although she knew that Zhou Hao was powerful, she did not expect him to be this powerful!

What kind of strength was this?!

Blue looked at Zhou Hao in shock and wiped the blood from the corner of his mouth. He did not dare to believe it!

The strength had been absorbed by the holy brick and much of the strength had been resisted. In the end, he was still damaged to the point of vomiting blood. If that punch landed on him directly, wouldn't he die?

Blue was very depressed. At this moment, he knew that he was no match for this nameless person!

Therefore, at this moment, he hesitated for a moment before saying.

"The three of you, I want to ask you guys for a favor. I will help whoever helps me to kill this person to get the chip. Or rather, I only want to kill this person. I will give up the chip!" After Blue said this, Zhou Hao was depressed on the spot!

This brat was really good at causing trouble. He actually wanted to get someone else to do his dirty work?

When Ning Yunfeng heard this, he immediately smiled.

"Are you saying that we should help you to deal with this person? Hehe, Blue, you're too useless. You actually want us to help you to deal with one person. How laughable."

"Alright, since you promised to quit, leave this to me."

Ning Yunfeng sneered. He was curious as to what kind of treasure Zhou Hao had that could allow him to constantly replenish his essence energy!

However, before he attacked, he still smiled and looked at William and Feng Baichuan. "Brother Feng, William, I hope that the two of you won't do anything disgraceful after I attack?"

He was still worried that those two would secretly take away the chip as he fought Zhou Hao.

Feng Baichuan immediately sneered and said, “Brother Ning, my Sun family is a respected family. I naturally won’t do this!”

“Hahaha, Ning Yunfeng, don’t worry. I, William, am not a despicable person!”

William Chaimet also smiled.

“However, if you can’t beat him, then allow me to... capture this person. His blood essence is simply too nourishing. I want to capture him and suck his blood dry!”

William Chaimet looked at Zhou Hao and licked his lips. He seemed to treat Zhou Hao as his food!

When Zhou Hao saw this, his expression immediately turned ugly!

“Damn, who did I offend? Why are so many people trying to mess with me?!”

## Chapter 536 - Ancient Battle Armor

*Chapter 536 Ancient Battle Armor*

Ning Yunfeng smiled and turned around to look at Zhou Hao.

“Tell me, who are you? I don’t kill anyone before learning their name!”

Ning Yunfeng said indifferently. His words were domineering and also confident!

Zhou Hao smiled and slowly said. “Battle God Battalion, Zhou Hao!”

As soon as these words were spoken, everyone present was shocked!

During this period of time, they still knew a little about the Battle God Battalion genius Zhou Hao. Everyone knew how he had just entered the Battle God Battalion for half a year and had already reached the top 50!

This rate of improvement was really monstrous!

They were shocked, but when Feng Baichuan heard his name, his expression changed! “This person is Zhou Hao? Is he the person Little Sister Yue is looking for?”

He looked at Zhou Hao with monstrous jealousy and anger!

“Brother Ning, this person... I’m also very interested. If you can’t handle him, I also want to fight him!”

The reason why Feng Baichuan said this was because he wanted to kill Zhou Hao!

Although he did not know what was going on with Zhou Hao and Sun Yue, he would rather kill him than let him go.

However, his words surprised many people! “So he’s Zhou Hao. What did he do to offend so many people?”

“That’s right. If Blue wants to kill him, Ning Yunfeng also wants to attack him. Also, there’s that Chaimet William. Now, there’s also Feng Baichuan. Could this guy have robbed someone’s ancestral grave?”

They looked at each other in confusion.

“So you’re Zhou Hao. I’ve heard of you. However, since we’re fighting, I won’t show mercy. Moreover, you have to fight with your full strength later. Don’t be dissatisfied!”

Ning Yunfeng did not care at all. No matter what Zhou Hao’s identity was, be it a genius or a member of the Battle God Battalion, he did not care!

In front of Ning Yunfeng, they were all not worth mentioning!

Genius?

Any genius would pale in comparison to him!

“Hehe, is that so? Since we’re already at this point, I’ll also tell you that I’m determined to obtain the chip this time. After I deal with you, I’ll deal with them!”.

Zhou Hao also shouted coldly. Naturally, they did not believe such arrogant words!

Did he not know who he was facing?

Those were three quasi Heaven Realm experts!

“Hahaha, very good. I, Ning Yunfeng, have never seen such a confident person. Alright, let me see what you’re capable of!”

Ning Yunfeng roared and spoke directly. The domineering astral aura condensed behind him, and a storm directly appeared. It was very powerful!

“With my cultivation, I could have long stepped into the Heaven Realm. It’s just that I had chosen to remain as a quasi Heaven Realm expert. I deliberately suppressed my breakthrough in order to accumulate enough strength!”

“Therefore, you have no chance of winning against me!”

As soon as he finished speaking, he pointed at Zhou Hao and a powerful force immediately erupted!

This force was a little powerful. Zhou Hao frowned and his body immediately flashed away!

Although this force was very powerful, the other party was still too arrogant for believing that he could defeat Zhou Hao by pointing with his finger!

Zhou Hao snorted and punched out. Although he did not use any special cultivation technique, his simple move was not to be underestimated. All fancy cultivation techniques were useless in front of powerful strength!

Zhou Hao’s body moved and he directly dodged. When Ning Yunfeng saw this, he immediately smiled.

“Looks like you still have some ability. However, you’re still too slow!”

As Ning Yunfeng spoke, his body had already disappeared from his spot. When he appeared, he arrived behind Zhou Hao and kicked him!

Although Ning Yunfeng’s physical strength was not very powerful, he was still a quasi Heaven Realm martial artist and was extraordinary!

Zhou Hao was surprised by his speed and did not react in time. His expression immediately changed as he was kicked. His body flew backward and landed on the ground, creating a huge pit!

Zhou Hao’s expression was extremely ugly! “This person... is so fast. Is he even faster than Chris?”

Zhou Hao was a little shocked, but he was not very injured. With his powerful body and the essence energy nourishment of the Universe Origin Wood, he instantly returned to his original state!

Ning Yunfeng’s expression changed. He was a quasi Heaven Realm expert. Even if this kick could not kill Zhou Hao, it should have at least made him vomit blood!

However, he only looked to be in a mess for a moment before recovering!

What was going on?

“No wonder Blue can’t beat him. With such physical strength, ordinary people really can’t beat him. Moreover, his recovery ability is too powerful. He must have some treasure on him. This battle is indeed difficult to fight!”

Ning Yunfeng immediately guessed and took a deep breath. He took out an armor from his backpack!

This armor was black and carried an ancient aura. There were even ancient Genesis Runes on it!

After everyone saw this, they were shocked. They could sense a palpitating fluctuation from the armor!

This item was probably not ordinary!

“Is this... ancient armor? Is this a product of the former civilization?”

“That’s right. It must be ancient armor. I heard that the Ning family, as an ancient martial family, has a mystic realm. This mystic realm is an inheritance. This item must have come from that mystic realm!”

They gasped and were shocked in disbelief!

They were shocked because this item was extraordinary, but Zhou Hao was shocked because there was indeed a Genesis Rune drawn on this ancient armor!

“Another Genesis Rune... Looks like this Genesis Rune is really everywhere!”

Although Zhou Hao did not know what this armor was, he knew that it was definitely extraordinary!

Otherwise, Ning Yunfeng wouldn’t have taken it out now!

“You should be proud that I took out this armor. Zhou Hao!”

Ning Yunfeng sneered, looking confident as if he had already won!

He directly put on the armor. This thing was like a toy, but when he wore it, it fitted him perfectly. It was like a tight suit that wrapped around his body, only revealing his eyes and nose. His entire body was pitch-black, making him look a little terrifying!

When Zhou Hao saw this, his expression became a little solemn. However, he was still not worried. It was still a fool’s dream to kill him with this thing!

“I’m going to attack. Zhou Hao, you have to be careful!”

After saying this, Ning Yunfeng directly moved! This time, he was even faster. In the blink of an eye, he disappeared from Zhou Hao’s perception and instantly appeared beside him!

The armor in his hand flowed and condensed into a black saber that instantly cut Zhou Hao’s skin. Blood instantly spewed out!

Zhou Hao’s expression changed drastically. He waved his hand and activated the Green Wood Art. Countless vines appeared around him and wrapped around him.

However, in the next second, the black figure tore everything apart and stepped out!

## Chapter 537 - Comparing Speed

### *Chapter 537 Comparing Speed*

Zhou Hao’s expression was very ugly. Ning Yunfeng, who was wearing ancient armor, was indeed powerful!

His speed was very fast and his combat strength was very high. Moreover, his attack power was simply unpredictable!

Zhou Hao was a little solemn, but at this moment, he was still not too nervous. This was because he had not used many of his techniques! “Although it’s a little risky to do this at a time like this, this is indeed a very good opportunity!”

Zhou Hao took a deep breath, closed his eyes, and instantly opened them! At this moment, his mental strength directly exploded. What he needed to do was to use Ning Yunfeng to train his mental strength again!

This was what Zhou Hao had always wanted to do and also the principle he had always adhered to. He would definitely not be soft-hearted when he had the opportunity to train!

Therefore, if Chris and the others saw him at this moment, they would definitely be furious!

Why was he still doing this at a time like this?! However, this was the case for Zhou Hao. To increase his strength, he had to risk his life!

Zhou Hao circulated all his mental strength and paid attention to Ning Yunfeng's every move!

At this moment, Ning Yunfeng's body turned into numerous afterimages as he attacked Zhou Hao!

Zhou Hao was also overwhelmed. Unfortunately, Ning Yunfeng's speed was too fast for Zhou Hao to catch up. During the battle, Zhou Hao's body was instantly injured. Several wounds appeared and he spat out blood!

"It's too fast. My current mental strength is far from being able to keep up!"

Zhou Hao was very shocked, but he still did not give up!

Ning Yunfeng frowned and could not help but say.

"Your body is indeed extraordinary, but if I can injure you once or twice, I can do it a hundred or a thousand times. Although your recovery ability is also very powerful, your speed is simply inferior to mine. Therefore, you've lost this battle!"

Ning Yunfeng seemed to have seen the outcome and announced the end of this battle!

"Is that so? Did you just say that I lost?"

Zhou Hao snorted and could not be bothered. He did not want to fight the other party seriously now and only wanted to train his mental strength. Therefore, he decided to let him be arrogant for a while!

"How stubborn. In that case, die!"

Ning Yunfeng could not be bothered to waste his breath. His body turned into afterimages and directly exploded with unprecedented speed. He was very powerful! Zhou Hao snorted and held his spear as he resisted with all his might! In the beginning, Zhou Hao was unable to resist at all. However, gradually, Zhou Hao was able to dodge three of the ten attacks!

This growth was incomparably precious to Zhou Hao. Others might not think much of it, but Zhou Hao still understood that this was the result of his hard work!

"Hmph, let's see how long you can last."

Ning Yunfeng snorted and did not show any mercy. In just a while, Zhou Hao was covered in blood and countless wounds had appeared!

If it were anyone else, they would have long bled to death. However, Zhou Hao's eyes were still bright as he stared at Ning Yunfeng!

Zhou Hao's physique was extraordinary. Coupled with the fact that the Universe Origin Wood's recovery speed was excellent, he could still resist for a while!

Ning Yunfeng also knew this, so he was not in a hurry. He sneered and attacked Zhou Hao. A faint afterimage appeared, and the sharp blade in his hand also took away blood from Zhou Hao's skin!

Zhou Hao had gradually adapted to it, but he knew that the growth of his mental strength was not something that could be done in a day. He basically would not grow much today, so he smiled and put away the spear.

Seeing this, Ning Yunfeng was stunned for a moment before he sneered. "What, have you given up? You should have given up long ago!"

He smiled and spoke with a smug expression.

"Ning Yunfeng, you're too arrogant. Do you think you're invincible just because you have good armor? You're wrong!"

With that said, Zhou Hao waved his hand, and the Thousand Feather Armor appeared and condensed on Zhou Hao!

Unlike the ancient armor, Zhou Hao's white armor was like feathers that stuck to his body. It was very extraordinary!

This scene stunned everyone, including Ning Yunfeng!

After seeing Zhou Hao's armor, he frowned and sensed the extraordinary power emitted from the armor!

Zhou Hao smiled and looked at Ning Yunfeng. His body moved and instantly disappeared!

Even Ning Yunfeng could not keep up with that speed!

The combat strength of the Thousand Feather Armor was not something that the ancient armor could compare with. In addition, Zhou Hao's Golden Crow Escape Technique was already extremely fast. Ning Yunfeng could only see Zhou Hao's afterimage but not his true body!

Zhou Hao appeared behind him, clenched his fist, and punched out!

"I thought you wanted to compete in speed? Ning Yunfeng, let's compete and see who's faster!"

Zhou Hao sneered. Ning Yunfeng hurriedly resisted this punch, but how could he resist Zhou Hao's punch?!

In an instant, he was punched fiercely on the body, and he spat out blood as he was sent flying!

Ning Yunfeng did not expect that he would still be unable to keep up with Zhou Hao despite his speed. This made him very furious!

The ancient armor on his body emitted a terrifying powerful fluctuation. Although his expression could not be seen, one could imagine that his expression was definitely very ugly!

"You think you can suppress my speed? It's already impossible. At this moment, our positions have switched. However, I wonder if you can recover as fast as me!"

Zhou Hao smiled. His body moved, and he punched out!

He did not use his full strength. On the other hand, with the support of the ancient armor, Ning Yunfeng's defense was also very shocking!

However, the other party still spat out blood!

With every punch, he spat out blood. As time passed, he became incomparably miserable! "Cough..."

Ning Yunfeng coughed out a mouthful of blood, and his expression was terrifyingly gloomy. He wanted to be furious, but he knew that being furious wouldn't resolve the problem. Therefore, he looked at Blue and the others without saying a word.

"Everyone, are you just going to watch? You've seen this person's combat strength. If this continues, none of us will be able to obtain this chip. You won't be able to take revenge for Blue. Also, William, you won't be able to absorb the blood you want to absorb!"

At this moment, Ning Yunfeng understood that he could not defeat Zhou Hao and could only seek external help. After all, the enemy of the enemy was one's friend.

Hearing this, their expressions also changed!

They each had their own ulterior motives and indeed wanted to attack Zhou Hao. One wanted revenge, one wanted to suck blood, and the other thought that Zhou Hao was his love rival. In short, the three of them had a motive!

However, they were all genius prodigies. Attacking together like this really lowered their status!

However, Blue did not care at all. He was the first to step forward, followed by William!

After hesitating for a moment, Feng Baichuan also went forward.

The four of them quickly surrounded Zhou Hao!

## Chapter 538 - One Against Four

*Chapter 538 One Against Four*

When Zhou Hao saw this, his expression instantly turned ugly.

“Everyone, are you really going to put down your dignity and attack me together?”

Zhou Hao’s words were filled with ridicule. His meaning was self-evident. He wanted to tell them that they were too shameless!

Everyone naturally understood this. After all, the people present were not stupid. They were all young elites of the various large factions, but now, they were actually working together to deal with a member of the Battle God Battalion. If news of this spread, wouldn’t they lose their dignity?!

Ning Yunfeng snorted and said.

“Zhou Hao, you’re very powerful, but there’s no lack of powerful people in this world. There’s only a lack of people who can survive. As the saying goes, history is written by the victors. This will never change. I know that it’s too embarrassing for us to fight you together, but so what if word gets out? You’ll still be dead.”

What Ning Yunfeng said was true. This was reality!

Since ancient times, it had always been like this!

“You people from the East are really full of nonsense. What’s there to say? How hypocritical!”

William Chaimet sneered. His eyes were filled with disdain. In the Western countries, they didn’t care about such things!

Blue was the same. "I don't care even if I get condemned. Zhou Hao, I'll definitely kill you today!"

Feng Baichuan was the only one who did not speak. He couldn't possibly say that he wanted to kill Zhou Hao because he was a little indignant, could he?

Zhou Hao looked at them and smiled faintly. He said directly, "Since you've already decided, don't blame me!"

e

Zhou Hao sneered. These people were only quasi Heaven Realm experts. Before he entered the Battle God Battalion, killing quasi Heaven Realm experts was as easy as slaughtering dogs. At this moment, killing them would not take much effort!

"This person has a cultivation technique that can increase his cultivation. I don't know how long he can last, but he doesn't seem to be exhausted at all. I'm afraid his body that was injured by me just now has also recovered. Therefore... We can't be careless!"

Ning Yunfeng said.

The few of them nodded and condensed their powerful techniques. Ning Yunfeng was still wearing his armor. Not only that, but the windstorm behind him was also very powerful. The Golden Victory Lion behind Blue roared repeatedly. Two wings grew from William's back, and his fangs also grew. He looked very terrifying

As for Feng Baichuan, he was the most normal looking one. He took out his mechanical sword and spat out terrifying lasers. He was also not to be underestimated!

Zhou Hao snorted and did not hold back at this moment. His cultivation exploded, immediately rising!

That power was extremely powerful, shocking everyone!

"Since you guys are courting death, don't blame me!"

After Zhou Hao finished speaking, his cultivation soared and he vaguely broke through to the Heaven Realm. This scene shocked them even more!

In the next second, Zhou Hao's body disappeared, and endless branches appeared!

This was Zhou Hao's Green Wood Art. What he wanted to do was use this cultivation technique to simply interfere with their movements!

In the next second, Zhou Hao's figure appeared in front of Blue!

This person wanted to kill him the most, so Zhou Hao naturally wouldn't let him off!

Moreover, he had just been severely injured. Therefore, if he did his best to kill him, he might have a chance!

Zhou Hao's appearance made Blue's expression change drastically. He roared. At this moment, the Golden Victory Lion behind him gradually condensed and landed on his body!

Blue also seemed to have fused with the Golden Victory Lion. Brown hair grew on his body, and his body became stronger. His muscles exploded, and he looked much more powerful!

"Die!"

Blue roared and charged fiercely at Zhou Hao!

This seemingly powerful attack was insignificant in Zhou Hao's eyes. This strength was really pitifully small. Zhou Hao slowly stretched out a hand and directly blocked Blue's palm. Under Blue's shocked gaze, Zhou Hao ruthlessly slapped out!

"Blue, you're not my match!"

After Zhou Hao finished speaking, the powerful force surged down like a flood!

Blue was beaten to the point of vomiting blood. Half of his body shattered, and he retreated!

His body was severely injured and he fell to the ground!

Originally, Zhou Hao wanted to directly kill him, but Feng Baichuan's sword aura spread over and turned into a huge sword net!

Zhou Hao snorted. A powerful storm erupted from the Thousand Feather Armor and directly obliterated his sword intent! At this moment, Feng Baichuan was very shocked. He did not expect Zhou Hao's armor to be so powerful. Zhou Hao had destroyed his sword aura with just a move!

Zhou Hao was not surprised by this. After all, his Thousand Feather Armor was a cosmic-level armor. Their strength was too weak for him! Zhou Hao swept a glance at Feng Baichuan and snorted. "Feng Baichuan, this is the first time we've met. There's no enmity between us. I don't want to hurt you. Sun Yue and I are friends. Since you're from the Sun family, don't misunderstand!" Zhou Hao snorted and punched out, creating a sound wave in the air that directly swept Feng Baichuan away!

Although he was in a sorry state, he did not suffer any serious injuries!

After this, William also attacked. His hands had also become sharp claws as he charged towards Zhou Hao with a thirst of blood!

Zhou Hao's body moved and dodged his sharp claws. Then, his body disappeared and appeared behind William. His hands grabbed his wings tightly and pulled!

"Ah-!"

Immediately, a painful roar sounded, and William's wings had been torn off by Zhou Hao!

"A mere foreigner dares to suck my blood? Hmph!"

Zhou Hao snorted and kicked him to the ground. Then, his body disappeared again!

In just a few breaths, Zhou Hao had finished them off. In the next second, he appeared in front of Ning Yunfeng! This person looked elegant and gentlemanly, but he was actually a despicable person. Zhou Hao hated him very much. At this moment, he directly punched out without holding back!

Ning Yunfeng's expression changed drastically. He wanted to block with his full strength, but this punch was Zhou Hao's full combat strength. How could he block it?! Immediately, his fist landed, and he spat out blood crazily. His aura instantly fell. Not only that, but his body had suffered serious injuries that had already injured his limbs and meridians!

"I don't want to kill you. On account that you're a cultivator of my Eastern Human Race, I'll let you off this time. However, if there's a next time, I'll definitely not let you off!"

After Zhou Hao finished speaking, he directly held the chip in his hand and prepared to leave with Su Xiaoyu!

However, at this moment, an extremely detestable aura rose.

Zhou Hao suddenly turned around and saw a frightened scene!

A mummy stood up from behind Blue. It pointed at Zhou Hao from afar and emitted an extremely strange fluctuation.

"Zhou Hao, this is the sacrifice curse I catalyzed with a third of my life. Die under my curse!"

"Curse of Death!"

At this moment, Blue bled from his seven apertures and roared!

## Chapter 539 - Curse

### *Chapter 539 Curse*

After Blue said this, the mummy behind him emitted a deep green smoke that instantly enveloped him!

Immediately after, Zhou Hao could not see Blue's figure. All he could see was a pair of green eyes!

The eyes were filled with killing intent and a strange aura!

"In the name of Sphinx cat, I curse you, Zhou Hao. Your flesh will rot, your blood essence will collapse, and your spirit will be destroyed!"

After Blue roared, the greenness in the mummy's eyes became even more dazzling. Then, Zhou Hao saw the mummy stand up. It stretched out countless bandages and wrapped them around Blue's body. A red mist was absorbed by it! The mummy pointed at Zhou Hao from afar!

When everyone saw this scene, they were shocked, and their expressions instantly changed!

"Blue is crazy. He actually sacrificed and gave a third of his life to Sphinx just to kill Zhou Hao!"

"This Sphinx's curse is impossible to resist. It's the most ancient and sinister curse seal technique in ancient Egypt!"

"Once you get hit by this technique, no matter how powerful you are, you won't be able to turn the tables. Zhou Hao... is finished!"

Everyone exclaimed, including Su Xiaoyu. She instinctively wanted to help out!

However, she was unable to help out at all. This curse power seemed to have imprisoned everything here. Everyone could only see a strange green mist directly enveloping Zhou Hao!

Zhou Hao's expression changed drastically. He wanted to dodge, but he was unable to. This curse was too powerful and directly rushed into his body!

At this moment, blood instantly flowed from Zhou Hao's seven apertures. It directly destroyed his body and tainted his blood essence!

Zhou Hao felt as if his entire body was burning. In the blink of an eye, his body withered. His organs also emitted intense pain, making Zhou Hao roar in pain!

Zhou Hao wanted to use the Universe Origin Wood to resist, but he realized that the curse was impossible to resist. Even if one had sufficient essence energy, it would still disappear under the corrosion of the curse!

"What is this?!"

Zhou Hao's expression was extremely ugly. The defeat in his body instantly made him fall to the ground without the strength to resist!

It was the same for Blue. He had sacrificed a third of his life and was already severely injured. That was a third of his life!

"Zhou Hao, you're going to die today no matter what you say. In order to let you die, I'm willing to sacrifice a third of my life. Although you're very strong, you're still extremely weak in front of the Sphinx!"

Blue spat out a mouthful of blood. Although this sacrifice had made him lose a third of his life, he did not feel good either. However, he still insisted on looking at Zhou Hao. He would only be satisfied if Zhou Hao died in front of him!

Zhou Hao could sense his life draining away bit by bit. That feeling was simply unbearable!

Zhou Hao turned around and saw Su Xiaoyu, who was already crying. She was shouting with all her might and saying something, but Zhou Hao could no longer hear anything! His hair began to fall off, followed by his teeth. He instantly aged like an old man!

However, the aging did not stop!

At this moment, in the distant space, an old man slowly opened his eyes in an extremely ancient training hall!

"A curse? Hehe... how could a person chosen by the Heaven Dao die so easily? Since he's cursed, it's perfect. I'll take this opportunity to activate my bloodline!"

As he spoke, the old man opened the machine beside him. Immediately, the entire space circulated, and an ancient fluctuation was transmitted!

In front of him, a pool of dark green water appeared. He looked at the water and smiled. He took out a small golden bottle and a drop of golden liquid fell from it.

As this golden water droplet dripped into the dark green water, the entire water instantly surged. Slowly, the dark green water gradually became transparent and incomparably clear. Under this clarity, a golden fluctuation could be seen.

It was also at this moment that Zhou Hao's body suddenly underwent a huge change. A golden-bright and dazzling strength erupted from his body. Be it the curse or the strange fluctuation that devoured his flesh, they actually directly dissipated! Together with the mummy behind Blue! It suddenly let out a frightened cry, its entire body trembling as it actually screamed!

"What's wrong..."

Blue's expression changed drastically as he looked at Zhou Hao in disbelief!

This was because at this moment, he felt an even greater force coming from Zhou Hao. It was actually able to resist the curse power of his ancient Egyptian Sphinx!

It was also at this moment that Zhou Hao slowly opened his eyes. He did not know what had happened to him, but he slowly recovered!

New hair grew out in the place of his fallen hair, and so did his fallen teeth. His tainted bloodline became clearer, and his withered flesh was reborn!

Sensing that he had recovered, Zhou Hao's heart stirred and he heaved a sigh of relief.

"Blue, I've seen how powerful your Itanli family is today. In return, I'll cripple you!"

After Zhou Hao finished speaking, his body moved, and a powerful force directly poured down and slapped his body. That powerful force immediately shattered half of Blue's body!

However, Blue actually muttered something and suddenly exploded, turning into a green mist that escaped from this place!

However, before he left, Zhou Hao directly took his backpack.

Seeing him leave, Zhou Hao snorted. He failed to kill him because he was too soft-hearted. However, the power just now must have been activated because Blue had used some ancient technique!

After dealing with him, Zhou Hao looked at Ning Yunfeng. "I'll remember what happened today. Ning Yunfeng, I won't kill you. However, if you offend me in the future, I won't show mercy!"

As he spoke, Zhou Hao punched again. Ning Yunfeng resisted desperately, but his legs were still broken by Zhou Hao!

After doing this, Zhou Hao's body moved and he left with Su Xiaoyu.

Zhou Hao was very touched when he saw that Su Xiaoyu had almost been affected by the curse because of him. "Thank you for just now. However, I've offended the Ning family, the Itanli family, and the Chaimet family. They probably won't let me off. You can't be with me anymore. Quickly return to the auction house. With your auction house around, even if they know our relationship, they won't dare to touch you easily!"

Zhou Hao hurriedly said and handed the chip to Su Xiaoyu.

Su Xiaoyu was stunned. At this moment, he was still thinking of giving this to her. What was this person thinking?!

Was he not afraid of death?

"You... you... Why are you so stupid? It's fine even if we couldn't get this. Why did you have to be so... desperate?!"

Su Xiaoyu shouted, but Zhou Hao only smiled.

"I'm not one to go back on my word. Since I've promised you, I naturally have to fulfill my promise. Alright, I'm leaving!" As Zhou Hao spoke, his body moved and disappeared from the spot!

## Chapter 540 - Reputation

### *Chapter 540 Reputation*

Su Xiaoyu watched Zhou Hao leave in a daze. Her heart skipped a beat. She did not know why Zhou Hao had worked so hard. Could it be because of their ambiguous relationship?

Or... was he just a person who kept his promise?

Su Xiaoyu did not know, but she knew that the man who had left in front of her had deeply entered her heart!

At this moment, Zhou Hao left and wandered around the space with a frown.

“What happened just now? Why did I recover after being cursed? What was the power that just erupted from my body?”

Zhou Hao was very puzzled, but since no one could answer him, he could only hold it in.

Zhou Hao found a safe place to recuperate. He only recovered after a day.

“Damn, this battle is really a little difficult!”

Zhou Hao said helplessly. In the beginning, he still had the upper hand. However, Zhou Hao was still cursed. Although the mysterious power had helped him resolve the curse power in the end, he was still injured.

“Sigh, I’m not familiar with this place. I wonder when the frog will wake up!”

Zhou Hao said helplessly.

“Tch, what’s the use of that toad waking up? Other than bragging, he doesn’t know anything!”

The divine soil was very indignant. His relationship with the frog was unclear. They had always been together, but the two of them seemed to always be at odds.

Of course, the divine soil was definitely unable to deal with the frog. At this moment, it was sleeping, and the divine soil had plenty of time to badmouth it!

## **ssence**

“Hmm, do you know when he will wake up?” Zhou Hao asked curiously. “Uh... that’s hard to say. The cosmic essence energy it lost is not something ordinary essence energy can replenish. Therefore... it probably won’t be anytime soon.” The divine soil did not hide anything and said indifferently.

Zhou Hao sighed helplessly, but there was nothing he could do.

“I’ve torn off the wings of William Chaimet. I’ve also broken both of Ning Yunfeng’s legs. I’ve also severely beaten up Blue. I’m afraid these three factions won’t let me off. Fortunately, I’m still invincible in this place. I wonder if they’ll go to the Battle God Battalion to denounce me after I get out!”

Zhou Hao said helplessly, feeling even more depressed

However, he still did not have any complaints. After all, he had promised Su Xiaoyu to help her get the chip. He naturally had to keep his word!

Moreover, regardless of whether he was willing or not, he still had to repay her for stealing her first kiss, right?

Zhou Hao sighed and stopped thinking about this matter. He prepared to find another place and quietly wait for the opening of his mental world.

Now that he had the chip, he had the qualifications to enter. Since it was still early, Zhou Hao did not plan to wander around since he was unfamiliar with this place.

At this moment, Zhou Hao saw a few people flying over from afar.

After these people saw Zhou Hao, they immediately became vigilant! Zhou Hao was emitting his ninth-grade supernatural cultivation. He was doing this on purpose to prevent anyone from provoking him!

After those people saw Zhou Hao's cultivation, they were very nervous and hurriedly said, "Friend, what... is the matter?"

The leader was a fatty with a shaved head. He looked very cute. Normally, bald men were extremely ferocious, but this brat was fate and friendly. His belly was huge, and his head was so fat that he did not have a neck. From afar, he looked like a Buddha with a big belly!

"My friends, don't worry. I just want to find a place to stay. Do you know where I can stay in the vicinity to rest and to get information?" Zhou Hao hurriedly said.

Hearing this, the few of them heaved a sigh of relief.

"I see. You scared me to death. There's a city 50 kilometers ahead called Moro City. It's the center city of the Moro Race. Many martial artists have passed by. It can be considered our last stop. Brother, do you want to go there?" The fatty said.

Zhou Hao nodded and did not hesitate. "Yes, I do."

"Alright, then let's go together. I have to say, Brother, your cultivation level is not bad. Oh, right, let me introduce myself. I'm Jin Xiaobai, a disciple of the Ancient Martial Family's Jin Family. You can call me Fatty Jin. That's what they all call me!"

Fatty Jin smiled as if they were very close.

Zhou Hao did not refuse. In any case, the highest cultivation of these people was only at the ninth-grade supernatural level. If they really fought, they were not his match.

The few of them walked together.

After about four hours, they arrived. Fatty Jin was very enthusiastic.

“Brother, this is your first time here. Let me give you a simple introduction. This Moro City has everything. Moreover, everyone has already obtained a lot of treasures and a lot of them have already begun to sell them. I know we’re still on a mission but... who doesn’t want to have more money?”

“Therefore, the people wearing bamboo hats are all people trying to sell stuff without exposing their identities. If you want to sell some items, you can do the same.”

Zhou Hao nodded and understood.

“Alright, I still have something to do, so I won’t chat with you any longer. We’ll meet again if we’re fated!”

As Fatty Jin spoke, he brought his people back to the Jin family’s territory.

Zhou Hao slowly walked into Moro City.

As soon as he entered, Zhou Hao blinked and was stunned for a moment when he heard many people chatting in groups.

“Hey, did you hear? Yesterday, a ferocious person appeared!” “Ferocious person? What do you mean?”

“You actually don’t know? How ignorant. Let me tell you, this ferocious person fought four geniuses alone!”

Zhou Hao could not help but hear them.

“One against four? Really?”

“Of course it’s true. Moreover, those four were all big shots. Ning Yunfeng from the Ning family, William from the Chaimet family, Blue from Itanli family, and Feng Baichuan from the Sun family. You should know how powerful these people are, right?” Hearing this, the surrounding people immediately exclaimed.

“You’re saying... that person beat all four of them? Heavens, you’re not lying to me, are you?!”

Many of them did not believe it. This was too ridiculous!

“Why would I lie to you? Many people have seen this. I heard that the brat’s name is Zhou Hao. He’s from the Battle God Battalion and is a genius. He’s only at the sixth-grade supernatural level, but he broke both of Ning Yunfeng’s legs and tore apart William’s bat wings. He even beat Blue until he activated the ancient secret technique of Egypt. As for Feng Baichuan, he was not injured.”

After saying this, everyone around gasped.

“Damn, isn’t this too freaking ferocious?”

## Chapter 541 - Bai Renxue

### *Chapter 541 Bai Renxue*

The surrounding people exclaimed in disbelief!

When Zhou Hao heard this, he hurriedly took out a mask and placed it on his head. He did not want to be recognized!

He had already offended these people. If he revealed himself right now, wouldn’t it be a slap to their faces?

“I heard that the Ning family is very furious about this. That Ning Yunfeng’s legs were broken and his body was injured. His injuries don’t seem to be easy to treat!”

Zhou Hao blinked and did not dare to say a word. He could only cough dryly helplessly.

“This is what you guys care about? Actually, I’m more concerned about Bai Renxue from the Super Organization. I heard that she’s Ning Yunfeng’s fiancée. If Ning Yunfeng can’t recover, hehe, wouldn’t such a beautiful woman be alone?”

“Hahaha, that’s true. It’s best if Ning Yunfeng loses his manhood. In that case, we’ll have a chance too!”

They laughed, mixed with some unbearable words.

However, at this moment, an extremely explosive force instantly rose and condensed white flames around them!

At the same time, a cold shout sounded!

“How dare you say such things. Do you really think I, Bai Renxue, won’t be angry?”

As soon as he finished speaking, Zhou Hao saw a woman in tight white armor. Her figure was very devilish. Her good appearance made it difficult for others to look away!

In her hand was a ball of white flames that was filled with coldness!

It was clearly fire, but it was cold, making Zhou Hao a little shocked!

He also knew that this person was Bai Renxue from the Super Organization!

Indeed, she was as beautiful and as pure as snow!

She was very furious at this moment, but clearly, she was not a true ice beauty. Even if she was angry, she still revealed a suffocating beauty!

However, her strength was still indisputable. Without any hesitation, the flames bombarded the few rude people!

In an instant, the few of them spat out blood!

“Big... Big Sister Bai, we... We were wrong!” “We were wrong... Please let us go!”

The few of them were really afraid. It would be easy for Bai Renxue to kill them!

However, Bai Renxue did not do so. After teaching them a lesson, she ignored them and snorted.

“I’ll take revenge for Ning Yunfeng. I’ll find that Zhou Hao!”

After saying this, Bai Renxue left.

When Zhou Hao saw this, he shuddered. This woman was probably even more powerful than Ning Yunfeng. This woman not only had a quasi Heaven Realm cultivation, but she also had a special ability. Zhou Hao even felt that her ability to control flames was terrifying!

Also, what was that white flame? Why was it so strange?!

Fortunately, he did not expose himself.

“Cough cough, looks like we have to keep a low profile for a while. She can’t take it anymore after her husband was beaten up. Sigh...”

Zhou Hao was very helpless. Then, he slowly walked into the city.

Zhou Hao began to stroll around the city. As he scouted for information, he looked at the surrounding stalls selling his treasures and could not help but look around.

He also had many treasures on him. It was not only his, but also Blue’s.

Zhou Hao also had a chip. This was Blue’s. At the very least, he did not have to run around because of the chip!

Zhou Hao looked at the things sold around him and seemed very excited.

At this moment, he suddenly saw a very good armor!

This armor was a woman’s close-fitting armor. It looked very good. Although Zhou Hao did not look carefully, he could sense that this armor was definitely extraordinary!

It was perfect for Xu Ling!

Therefore, Zhou Hao directly walked over and prepared to ask about it.

“Boss, this armor...”

However, at this moment, a voice sounded from the side at the same time as him, making Zhou Hao’s expression immediately change!

“How much is this armor?”

This voice was incomparably familiar. It was none other than Bai Renxue! At this moment, she also saw Zhou Hao. However, Zhou Hao was wearing a mask and she could not see his face. However, when she saw that Zhou Hao was also asking about this armor, she was stunned for a moment.

Zhou Hao did not expect to encounter her here and was still a little nervous. However, thinking that he was wearing a mask, he heaved a sigh of relief.

Bai Renxue smiled and looked at Zhou Hao. She was as gentle as water. Perhaps she was originally a gentle woman.

“Friend, this armor belongs to a woman. I wonder if you can give it to me?”

Bai Renxue was very beautiful. When she said this, she seemed even more beautiful.

Zhou Hao looked at her. To be honest, he really did not want to give up the armor.

“Miss Bai, actually, I’m buying this for my girlfriend. I wonder... if you can bear to part with it.”

After Zhou Hao finished speaking, Bai Renxue was clearly stunned for a moment before smiling.

“This armor is not cheap. Since you are willing to spend so much money for your girlfriend, you must really love her. If I were to compete with you, I would really feel bad.”

“In that case, I’ll let you buy it. Congratulations to you and your girlfriend.” Bai Renxue smiled and said. She was very reasonable, which Zhou Hao did not expect.

“Uh... thank you. Miss Bai is of noble status. Although this thing is precious, it still might not be good enough for you, right? Could it be that you want to buy it for a friend?”

Zhou Hao asked subconsciously.

Bai Renxue did not hesitate and nodded. “My sister has just stepped into the martial path and her cultivation is only at the master level. Her birthday is coming up soon, so I planned to give her armor. However, since you want to give it to your girlfriend, I can’t compete with you. Therefore, I can only choose to buy another birthday gift for my sister.”

After Zhou Hao heard this, he nodded.

“Thank you.”

Zhou Hao smiled and said directly.

“You’re welcome.”

With that said, Bai Renxue left with a smile. Her appearance really made people unable to help but feel close to her!

Zhou Hao sighed with emotion as he watched her leave.

“Bai Renxue is not bad. She’s reasonable and gentle like water. Moreover, she’s so beautiful. What a waste for her to be with Ning Yunfeng!”

“Ning Yunfeng is a classic example of a despicable person. He’s not worthy of Bai Renxue. I hope she can see it clearly as soon as possible to prevent being hurt.”

Zhou Hao only muttered to himself.

Then, Zhou Hao spent a high price and bought the armor.

Zhou Hao liked this armor very much. He believed that Xu Ling would like it too!

Zhou Hao looked at the many useless items in his backpack. After thinking for a moment, he also planned to sell them!

After all, many things here were expensive. If he could exchange for the corresponding items here, it would not be inferior to the items outside.

Therefore, Zhou Hao also set up a stall and began to sell.

## Chapter 542 - Sinister

### *Chapter 542 Sinister*

Zhou Hao set up a stall and began to sell his gains from the Moro Race this time.

He did not take out all of them. After all, there were too many things that would attract attention. He simply took out a few.

Not long after, he also exchanged for a few treasures he liked.

Zhou Hao was very happy, but at this moment, he suddenly felt a killing intent!

He turned around and saw a black burly man looking at him from afar with a cold gaze!

Zhou Hao's expression changed slightly. This person's killing intent was somewhat similar to Blue's. He must be from the Itanli family!

Zhou Hao frowned and thought to himself that he was unlucky to have met someone from the Itanli family!

Their family seemed to be able to sense his identity. Otherwise, Blue would not be so certain that he had killed his brother, Buye!

Taking a deep breath, Zhou Hao's expression was a little ugly. After that, it was as if that Itanli person also saw Zhou Hao look at him again. His body moved and he slowly walked over.

“Friend, how much is this thing?”

The black man looked at Zhou Hao and picked up an item. He smiled and said directly.

This person’s cultivation was not very high and was only at the eighth-grade supernatural level. He was not qualified to fight Zhou Hao!

However, Zhou Hao still said indifferently.

“100 million.”

“100 million is a little expensive,” the person immediately said.

“If you don’t want to buy it, then leave. Don’t delay my business.”

Zhou Hao felt that this black man was definitely up to no good.

“Hehe, this friend, what a murderous aura. I have something to tell you. My big brother will definitely take revenge. After all, not only did you injure him, you even killed his brother. The Itanli family will also not let you off!”

With that said, this person left directly without hesitation.

Zhou Hao frowned. Did this bastard just come over just to say this? Did he really think he could leave just like that?

What was going on?

Zhou Hao could not be bothered and continued to sell.

However, he kept feeling that something was wrong. He frowned and thought carefully about the movements of the Itanli family. He could not figure out why the other party did this!

Zhou Hao was very puzzled. He did not understand!

However, at this moment, Zhou Hao looked at the treasure he had just picked up and his expression immediately changed!

Powerful mental strength seeped out from it. Zhou Hao could sense a very dark fluctuation!

This fluctuation was definitely left behind by the black man!

Zhou Hao’s expression changed. At this moment, a long arc sounded from the distance. It was Bai Renxue, who was dressed in white armor!

She held something that looked like an instrument in her hand and stepped into the void. She was looking around for something! In the next second, she looked at Zhou Hao!

A dark green smoke rose from the item in Zhou Hao's hand!

"Damn, I was tricked!"

Zhou Hao immediately cursed and was furious. This Itanli family member was actually scheming against him!

They had tampered with his things and then told Bai Renxue to come and take revenge!

That must be it!

Thinking of this, he immediately put his things away and ran out of the city!

Bai Renxue was also stunned for a moment when she saw Zhou Hao. Clearly, she had just recalled their encounter just now. At this moment, her eyes were filled with anger. She snorted coldly, turned into a white beam, and chased after him.

Zhou Hao was furious. He could sense the fluctuations emitted by that thing and could sense Bai Renxue chasing closely behind him, but he was furious!

"Damn, this Itanli family is really cunning!"

Zhou Hao cursed angrily, and Bai Renxue snorted from behind.

"Friend, why would you run away after seeing me? Although we don't know each other that well, we still met once. For you to be acting like this, have you done something guilty?"

Bai Renxue snorted. As she spoke, she took out a flying shuttle-like item from her backpack and placed it under her feet. Immediately, white flames surged, and her speed soared!

Zhou Hao did not say a word or say a word. He just kept running! Now, he had a feeling that Bai Renxue was not going to let him off. Even if he tried his best to explain, it would still be useless!

"Hmph, Zhou Hao, don't think I don't know who you are. You injured Ning Yunfeng. I'll settle this score with you today!"

Bai Renxue's killing intent surged. Zhou Hao had injured Ning Yunfeng, so there was no problem for her to chase after Zhou Hao!

As a powerful expert of the Super Organization, Bai Renxue's combat strength was naturally very high. She also had a special fire control ability. Zhou Hao knew that once they fought, it would be uncertain who would win!

Therefore, the best solution now was to escape without hesitation!

Zhou Hao put on the Thousand Feather Armor. Since he was already exposed, there was nothing to be afraid of. He used the Golden Crow Escape Technique and his speed soared. This scene shocked Bai Renxue. "Such speed. No wonder Yunfeng couldn't defeat him. Yunfeng is indeed inferior to him!"

"But... it's useless to me!"

After Bai Renxue finished speaking, she closed her eyes and opened them. Immediately, a white flame mark appeared on her eyeball!

As soon as this mark appeared, white flames rose from her body! After Zhou Hao's speed soared, he instantly shook her off. He could no longer see her figure behind him.

Zhou Hao smiled and finally shook her off.

"This woman is usually very gentle. However, she's still very terrifying when she's angry. Did Ning Yunfeng save the universe in his previous life? He actually found such a wife. How lucky!"

Zhou Hao curled his lips and muttered.

However, at this moment, his expression suddenly changed because the surrounding temperature actually soared.

In the next second, a strange fluctuation transmitted from in front of Zhou Hao.

"Zhou Hao, you can't escape!"

Zhou Hao's expression changed drastically. Before he could recover, the void in front of him turned into a spark. Immediately, Bai Renxue walked out, making Zhou Hao's expression change drastically!

"Damn, what's with your speed?!"

Zhou Hao cursed and immediately retreated. The endless flames pounced towards Zhou Hao!

"Hmph, it's enough for me to catch up to you!"

Bai Renxue snorted and pressed her palms together. The flame mark in her eyes slowly disappeared, and white Fire Crows filled the sky as they bombarded Zhou Hao!

“It must be because she has an ability of some treasure that can help her break through dimensional space. Or rather, it’s her special ability. Other than that, I can’t imagine anyone being able to move so quickly!” Zhou Hao’s mind stirred as he guessed secretly. However, he did not relax his grip. He used the Shadow Seven Sabers and immediately, saber shadows streaked across the sky and covered the flames!

The flames were instantly dispelled by Zhou Hao. This scene stunned him for a moment. Why were these flames so weak?

However, at this moment, Bai Renxue suddenly smiled. Zhou Hao’s expression immediately turned ugly.

“Damn, I’ve been tricked!”

As soon as he finished speaking, Bai Renxue clenched her fist fiercely at Zhou Hao and exhaled a fragrant orchid!

“Freeze!”

## Chapter 543 - Tricked

### *Chapter 543 Tricked*

As Zhou Hao was shocked, the flames that he had shattered appeared beside him and actually turned into a huge cage that fiercely slammed down!

Zhou Hao’s expression changed drastically. He looked at the cage made of flames with an extremely ugly expression! “Zhou Hao, you don’t have to struggle anymore. My flames can’t be broken through with brute force. You can only break through if you can master the essence of fire. My flames have been enhanced with my sealing cultivation technique, they can’t be broken !”

Bai Renxue seemed to be confident of victory as she looked at Zhou Hao and said indifferently.

Zhou Hao frowned and looked very ugly. He had already been exposed, so he simply took off his mask.

“Bai Renxue, there’s no enmity between us. Isn’t it beneath your dignity to attack like this?”

Zhou Hao wanted to use words to make her give up. After all, Zhou Hao felt that it would take some effort for him to break through this flame!

Moreover, he did not want to hurt Bai Renxue. This woman was not bad. Moreover, it was obvious that she did not want to kill him. She only wanted to teach him a lesson!

“Hmph, you’re still saying that there’s no enmity between us. You broke Yun Feng’s legs and severely injured him. Of course I have to help him get revenge!” Bai Renxue snorted. Zhou Hao was very helpless. He could tell that he had to fight this battle!

In that case, Zhou Hao did not have anything to say.

“Bai Renxue, do you think your cage can imprison me? You underestimate me!”

Zhou Hao snorted coldly, and his quasi Heaven Realm cultivation exploded as he punched out fiercely!

His strength was invincible below the quasi Heaven Realm. Zhou Hao did not believe that this flame could stop him!

With this punch, the cage made of flames immediately roared and cracks appeared!

Their expressions changed!

Zhou Hao’s expression changed because his punch that was enough to break Ning Yunfeng was actually not enough for him to break out of this cage.

Bai Renxue was shocked because she realized that Zhou Hao’s combat strength was actually really terrifying! She knew that this flame cage was the product of her special ability and a Heaven Realm sealing cultivation technique!

When these two were added together, it was not as simple as “one plus one equals two”.

Even if three quasi Heaven Realm experts worked together, it would still be very difficult for them to break through!

This was also why their Super Organization was so powerful!

A special ability user was originally different from martial artists. They possessed essence power. Her fire essence power, for example, was extremely powerful. Even if it was not the strongest flame in the world, it would still be a close second.

However, this person actually had such powerful combat strength. If he continued to attack like this, he would definitely break through!

Thinking of this, Bai Renxue snorted coldly. Endless white flames immediately rose from the entire cage!

Her body flashed and she also entered the cage!

"I'll use the flame cage to imprison your cultivation and form a domain. In my ice and fire domain, you can't defeat me!"

This was Bai Renxue's strongest technique. In this cage, Bai Renxue was an invincible existence!

The white flames were constantly roasting Zhou Hao. He had to deal with it at all times and use his essence energy!

As for Bai Renxue, she ignored the flames and increased her combat strength!

Zhou Hao's expression changed, not expecting it to be like this. Bai Renxue waved her hand, and the flames turned into a longsword that slashed at Zhou Hao!

Zhou Hao also took out his spear and instantly fought her!

Looking from afar, only the white flame cage could be seen in the sky. It was impossible to see anything inside!

However, one could sense a powerful impact spreading from the cage at all times!

Zhou Hao's expression was very ugly. If this continued, he might really not be Bai Renxue's match!

Although the white flames in this space could not cause much damage to him in a short period of time, he needed to use essence energy to resist at all times. This undoubtedly increased his consumption!

With such consumption, even with the support of the Universe Origin Wood, Zhou Hao would still be exhausted!

Therefore, he had to end the battle quickly!

Zhou Hao took a deep breath. Since no one could see him, no one would be able to see him use the Genesis Rune!

Thinking of this, Zhou Hao looked at Bai Renxue, put away his spear, and looked at her.

“You’ve given up?”

Bai Renxue was stunned for a moment and was somewhat surprised.

She had fought Zhou Hao for so long and was also very shocked. In this space, she had fused with the flames and caused a portion of Zhou Hao’s strength to be used up.

However, even so, she still found it very difficult to deal with Zhou Hao. She was very shocked and thought to herself that it was reasonable for Ning Yunfeng to lose to Zhou Hao.

However, seeing Zhou Hao put away his spear, she was a little puzzled!

However, at this moment, Zhou Hao stretched out his hand, making her even more puzzled.

“You know how to use sealing cultivation techniques, but so do I. Let’s see who’s sealing technique is more powerful!”

As soon as Zhou Hao finished speaking, a faint “seal” appeared in his palm. He shook his hand at Bai Renxue!

Immediately, an invisible force appeared in the space, scattering the flames and blocking everything. It landed directly on Bai Renxue!

At this moment, her expression changed drastically as she was instantly restricted by the power of the Genesis Rune!

“Hmm?”

Bai Renxue’s expression was extremely ugly. This power was so strange that she was actually unable to figure it out. She pressed her palms together and immediately disappeared into the flames.

However, she could not escape Zhou Hao’s pursuit at all. As long as she was in this space, Zhou Hao would be able to capture her!

Zhou Hao did not dare to use his full strength. After all, someone was monitoring the power of this Genesis Rune. If that person found out, he might be able to land in this space and kill Zhou Hao and take everything from him!

However, Zhou Hao and Bai Renxue did not know that the Itanli family member who had just threatened them had actually appeared here.

Behind him stood a pale Blue. The two of them looked at the flame cage in the sky with killing intent and smiled.

“Atal, you did well. It’s time for us to kill them, right? Are you ready?”

Blue said with a trembling voice.

“It’s done. The spatial wormhole has been built. As long as they enter that place, even a Battle God will die!”

en a

Atal laughed and then took out a switch and pressed it fiercely!

Immediately, more than ten machines appeared around him, emitting spatial fluctuations!

This fluctuation instantly transformed into a light barrier that directly enveloped the flame cage!

Zhou Hao and Bai Renxue, who were fighting, instantly sensed it. The latter waved her hand, and the flames separated. She saw the scene outside and her expression immediately changed!

“This is... spatial teleportation?”

While she was shocked, she saw Atal and Blue outside, and her beautiful eyes flashed with anger!

“Haha, Bai Renxue, sorry. In order to kill Zhou Hao, I can only let you die!” Blue laughed crazily, and Zhou Hao’s expression darkened.

In the next second, the spatial fluctuations of teleportation sounded, and they instantly disappeared!

## Chapter 544 - Ice World

### *Chapter 544 Ice World*

After that, Zhou Hao felt that he was immersed in the endless spatial fluctuation. In the next second, he felt an extremely powerful tearing force!

Endless wind and frost instantly whistled over like blades!

Zhou Hao immediately mobilized his cultivation to resist, but he was shocked to discover that for some reason, his cultivation was unable to be used. It was as if there was a restriction here that directly sealed his cultivation!

This scene instantly made Zhou Hao's expression turn ugly!

Although he did not know where he was, it was unlikely for Blue to have sent him to a beautiful place for him to be carefree!

The wind and frost whistled over. It was very powerful!

Fortunately, Zhou Hao was protected by the Thousand Feather Armor and was not injured!

However, Bai Renxue was not so lucky. Her armor level was not as high as Zhou Hao's at all and her cultivation was even restricted. Therefore, the moment the wind and frost arrived, her clothes were torn to pieces. The powerful wind and frost power cut through Bai Renxue's skin, leaving red wounds!

"Ah...!"

Bai Renxue screamed in pain.

From the looks of it, if Zhou Hao did not help her, she would definitely be torn apart by the wind and frost and die here!

Zhou Hao frowned and stretched out his hand to grab her. He held her in front of his chest and turned his body to resist the wind and frost power!

Although he was protected by the Thousand Feather Armor, the impact of the wind and frost still severely injured Zhou Hao. He could not help but vomit blood!

Bai Renxue was not feeling good at this moment. Being hugged by Zhou Hao made her feel very uncomfortable. It was not because of anything else, but because at this

moment, her clothes had been torn, revealing a large portion of her fair skin. She was very shy being hugged by Zhou Hao like this!

She wanted to struggle, but Zhou Hao shouted angrily.

“Be quiet. If you don’t want to live, I’ll throw you into the storm!”

Zhou Hao’s entire body was in incomparable pain from the wind and frost. He was furious that Bai Renxue was still struggling!

After being berated by Zhou Hao, Bai Renxue also understood that if not for Zhou Hao, she would have instantly died in this wind and frost!

However, she did not have any clothes on her anymore. She was really shy being hugged by Zhou Hao like this!

Although she had an engagement with Ning Yunfeng, she was not married. In the end, she was still an unmarried woman. She was usually clean and had never held hands with any man. At this moment, how could she not be embarrassed?!

“Zhou Hao, if you can’t control yourself, I’ll definitely kill you!” Bai Renxue bit her red lip and looked very beautiful.

“Do you think I’m interested in you? Perhaps other people might think highly of you, but to me, you’re not any more precious than a pig or a dog. I’m only saving you because it’s convenient. If you continue to be so cocky, I’ll let go!”

Zhou Hao did not control his temper and said coldly.

This wind and frost was very powerful, and their bodies were also sinking rapidly. They did not know where they were sinking to!

The huge wind and frost mixed with endless cold made the two of them unable to endure it. Zhou Hao’s body felt heavier and heavier, and the strength of the wind and frost became stronger and stronger. In the end, his eyes darkened and he fainted!

It was the same for Bai Renxue!

After an unknown period of time, Zhou Hao woke up slowly. The pain all over his body made him very uncomfortable.

At this moment, he could not contact the Thousand Feather Armor either. He was also very weak and was no different from an ordinary person. In fact, at this moment, he was even inferior to an ordinary person!

Zhou Hao's expression was very ugly as he struggled to sit up. Even this movement made him grin!

"My injuries are a bit serious. I can't use my essence energy or the Universe Origin Wood. What should I do?!"

Zhou Hao sighed and was very helpless. At this moment, he looked around and his expression changed!

This place was covered in white as far as the eye could see, as if it was a forgotten glacier area!

It was not right to call it a glacier because Zhou Hao could see that there were trees, grass, and flowers here. However, they were all frozen into ice!

It was as if a cold force had suddenly arrived. It was as if this place had turned into a world of ice and snow!

This scene shocked Zhou Hao. This place could imprison all cultivation. Since it was so strange, it must be a forbidden area!

Zhou Hao looked up at the sky. The wind and frost were circling in the sky. As for them, it seemed that they had fallen from the sky. Waves of coldness spread from all directions, making Zhou Hao shudder violently!

"Damn, what kind of place is this?!"

Zhou Hao cursed to himself and struggled to get up. This place seemed to be very big. Zhou Hao slowly walked forward. He had landed with Bai Renxue, but at this moment, he did not know if Bai Renxue was alive or dead.

Now, regardless of whether she lived or died, Zhou Hao had to live first!

If this place had really been suddenly turned into a world of ice, there would definitely be a cave or something. Zhou Hao planned to find a place and settle down first!

Otherwise, if he was exposed outside, there would be no place for him to hide if there was any danger!

Zhou Hao stepped into the forest, but his eyes were covered in frost. Zhou Hao walked over step by step. Suddenly, his expression changed! In the distance, Bai Renxue was lying there and did not know what was going on. Zhou Hao did not know what was going on with her and slowly walked towards her.

When he arrived in front of her, Zhou Hao looked at her delicate body. She was exposed to the wind and snow and had turned pink from the cold. She did not have

much clothes to conceal her body in the first place. At this moment, she was curled up on the ground, revealing a large area of her body.

However, Zhou Hao was not in the mood. He stretched out his hand and placed it under her nose. Feeling a weak breath, Zhou Hao heaved a sigh of relief.

At this moment, without their cultivation, the two of them were ordinary people. A woman's physique was naturally not as strong as a man's. Moreover, the pain she suffered was not inferior to Zhou Hao's. Therefore, it was normal for her to be unconscious at this moment.

Zhou Hao took a deep breath and thought for a moment. He should save her. If he left her alone here, she would really be frozen into a popsicle in a few hours!

Thinking of this, Zhou Hao held her head with one hand and her legs with another.

In just this moment, Bai Renxue's delicate skin was even more exposed. Zhou Hao coughed dryly. Even if he did not want to look, he was still attracted to her fair skin.

However, at this moment, Bai Renxue, who was in his arms, suddenly opened her eyes. There was no confusion in her eyes. Instead, they were very clear. Just as she opened her eyes, she exerted strength in her legs, raised them, and directly clamped Zhou Hao's neck!

Her body seemed to have no bones as she drew a strange arc. Then, she grabbed Zhou Hao's head with both hands. At some point, an ice spike appeared in her hand and she stabbed fiercely towards Zhou Hao's glabella!

An extremely dangerous signal directly exploded in Zhou Hao's mind. He subconsciously dodged and the ice spike followed Zhou Hao's face, leaving a deep cut!

## **- Chapter 545 - Land Of The Cage**

### **Chapter 545 - Land Of The Cage**

## *Chapter 545 Land Of The Cage*

Blood flowed down Zhou Hao's face. The hot blood made Zhou Hao's expression turn extremely ugly! He was very furious. If not for him just now, this woman would have died!

But what did she do? She actually tried to kill him?

Clearly, she had not just woken up and had woken up a while ago. Otherwise, her eyes would not have been so clear and contained killing intent the moment she opened them. Moreover, she clearly prepared the ice spike beforehand to try to take his life!

The truth was as Zhou Hao had expected. Bai Renxue had woken up a while ago. Just as she opened her eyes, she saw Zhou Hao looking around from afar.

She knew that Zhou Hao would definitely find her, so she pretended to continue unconscious. She casually picked up an ice cone in her hand, prepared to instantly end Zhou Hao's life!

In this place, she did not trust anyone. Moreover, she was a woman and Zhou Hao was a man. Even if he did not kill her, he would inevitably do something to her!

Therefore, it was better for her to attack first!

Zhou Hao was furious, but he did not show any mercy. After dodging, he grabbed her thigh with both hands and threw her out, causing her to land heavily on the ground!

"Bai Renxue, are you biting the hand that fed you?"

Zhou Hao felt very wronged!

In this place, he had already done his best to save her. But what about her? She actually wanted to kill him!

How could Zhou Hao not be angry?!

"Hmph, perhaps you really want to save me, but I still don't want to take my chances. I'm a woman. With my cultivation restricted, I naturally can't beat you. You even have armor protecting your body. If you have any evil intentions, I'll be doomed. Instead of facing that outcome, I'd rather be cruel!"

Bai Renxue struggled to sit up and curled up, trying hard to use the remaining cloth on her body to cover her skin!

However, no matter what she did, she still exposed a lot of her skin!

Zhou Hao was very angry. He snorted and looked at Bai Renxue.

“Let me tell you, Bai Renxue, there's no hatred between you and me. I saved you out of goodwill. It's also my duty to not save you. Since you think I have evil intentions, fine, then go ahead and live on your own here!”

As Zhou Hao spoke, he left without looking back!

This woman was unreasonable. Although she was right, Zhou Hao was still furious!

Did he seem like that kind of a person?

Although Bai Renxue was as beautiful as a fairy, he's not a bastard either. Don't humans have any basic trust?

Zhou Hao left directly, making Bai Renxue heave a sigh of relief.

She struggled to get up and walked in the other direction. Soon, night fell. Zhou Hao found a cave. This place was a little strange. It was not completely frozen into ice and was relatively warm.

Zhou Hao found many frozen branches outside and placed them in the cave, waiting for them to melt.

Then, Zhou Hao began to drill into the wood to start a fire.

In a situation where he could not use anything here, Zhou Hao first wanted to start a fire. As long as his body was warm, everything would be fine!

After spending a few hours, Zhou Hao finally felt relieved.

His physique was very good. After breaking through to the third-level life form, even if he did not eat for a month, he would be fine!

Although his cultivation had been restricted, the quality of his body was still there. It was just that he would not be able to use much strength!

Zhou Hao sat in the cave and was thinking about how to leave. However, at this moment, footsteps suddenly sounded from the door. Zhou Hao looked up and was surprised to see Bai Renxue!

At this moment, as night fell, the temperature outside was obviously very low. Although she was a quasi Heaven Realm martial artist with an extraordinary body, she was still

unable to resist the frost for a long time. At this moment, Zhou Hao easily figured out why she was here!

“Huh. So the Holy Maiden decided to grace my kennel with her presence?”

Zhou Hao said angrily. His words immediately made Bai Renxue’s expression turn ugly.

Of course, she could hear Zhou Hao’s teasing. She bit her red lip and said, “I... I searched for a long time but couldn’t find a place to stay. In the end, I arrived here...”

Bai Renxue was also very aggrieved. Not only was it dangerous for her to come here, but she was also in such a sorry state. For a moment, her eyes turned red.

Although she had a gentle personality, she was indeed a strong person. If not for being in such a situation, she would not have been like this. “Hmph, Holy Maiden Bai, you want to warm yourself up, right? Let’s make things clear first. This is my territory. If you want to come and start a fire, you have to follow my rules. Otherwise, leave as soon as possible, lest I personally kick you out!”

Zhou Hao had actually said this to suppress her arrogance and make her realize the truth!

However, when Bai Renxue heard this, her pretty face turned pale.

Zhou Hao looked at her and knew what she was thinking

“Holy Maiden Bai, I, Zhou Hao, am not the kind of person who gets blinded by lust. Moreover, it’s true that you’re beautiful, but I don’t care at all. Even if everyone in the world prostrated themselves before you, I, Zhou Hao, won’t. If you still want to use your despicable heart to judge a gentleman, get lost immediately!”

Zhou Hao frowned and shouted.

When Bai Renxue heard this, she took a deep breath and bowed towards Zhou Hao.

“I understand. My thoughts were impure. Sorry.”

When Zhou Hao heard this, he nodded in satisfaction.

“Alright, then come in and get warm. However, you can’t come for nothing. After you warm up, you have to go out and get some firewood. Do you understand?”

After Zhou Hao finished speaking, Bai Renxue nodded.

Although Zhou Hao said it with a harsh tone, Bai Renxue was actually relieved when she heard this.

Bai Renxue slowly leaned over and sat not far from Zhou Hao. When she approached the fire, Zhou Hao could see her clearly heave a sigh of relief.

Seeing this, Zhou Hao could not help but ask.

“Do you know what this place is?”

Bai Renxue looked at Zhou Hao and nodded.

“This place... If I’m not wrong, it should be the Moro Race’s cage.”

After Bai Renxue finished speaking, Zhou Hao frowned. As soon as he heard this name, he knew that it was not a good place!

“Anyone who makes a huge mistake in the Moro Race will be sent here. The Moro Race used a very powerful force to modify this place.”

“Is there a way to leave?” Zhou Hao thought for a moment and asked.

“The path we took just now was the only way out. However... our cultivation is suppressed by the magnetic field here, so we won’t be able to use our cultivation. We can’t fly and can’t get out at all.” Bai Renxue’s face was filled with pain.

“Does that mean we’ll die here?” Zhou Hao’s expression was ugly as he immediately said.

Bai Renxue smiled bitterly and nodded lightly with a dead expression.

“You’re right. We... will probably die here...”

## Chapter 546 - Solution

### *Chapter 546 Solution*

Bai Renxue was in a lot of pain. She did not expect to be tricked by the Itanli family and brought to this land of life and death!

There was only one exit in the sky. Their cultivation was restricted and they could not get out at all.

There was no food here, only cold air. Even if they did not freeze to death, they would still starve to death!

Even if they could persist, how long could they last?

One year? Two years?

In short, no matter how much time passed, they would still die! It was likely that no one outside knew that they had arrived. Other than waiting for death, Bai Renxue could not imagine what they could do!

Zhou Hao took a deep breath, his expression ferocious!

“Die? I, Zhou Hao, won’t die here. My life is tough!”

Zhou Hao snorted. He was not someone who accepted his fate!

Bai Renxue looked at Zhou Hao in surprise. Although she admired his courage, she really could not think of a way for them to leave this place! Zhou Hao looked at Bai Renxue and began to analyze.

“We can’t use our cultivation here. However, let’s assume that we find a way to use our cultivation. If we can use our cultivation, do you have a way to leave this place without passing through the sky exit?” Bai Renxue took a deep breath and pondered for a moment before saying.

“If I can recover 30% of my cultivation, I will be able to activate the teleportation device. Everyone in our Super Organization has a small teleportation device that they use to deal with various dangers.” After Bai Renxue finished speaking, Zhou Hao nodded. In the end, the only way out was to trigger their cultivation and recover at least 30% of Bai Renxue’s cultivation!

However, this 30% cultivation was not easy to resolve!

“Then do you have a way to recover 30% of your cultivation?” Zhou Hao asked.

Bai Renxue shook her head. “No.”

Zhou Hao took a deep breath. He believed that the frog and the divine soil were very knowledgeable. Perhaps they had a solution!

“I have a spirit pet in my backpack. If I can recover a trace of cultivation, I can open my backpack and summon it. It’s very capable and it might be able to find a way to leave this

place!”

Zhou Hao thought for a moment and said.

Bai Renxue was immediately stunned for a moment and could not help but ask, “Are you serious?”

“How can I lie to you at a time like this? Although I can’t guarantee that it will have a solution, I’ll get it to try its best. Otherwise, what can I do?”

Zhou Hao shrugged. After saying this, Bai Renxue also understood.

“I indeed have a way. Our Super Organization has a cultivation technique that can condense essence power. Once this essence power reaches a certain value, I will be able to activate my special ability. This cultivation technique is not too difficult, but it requires essence power to guide it for it to work...”

At this point, Bai Renxue looked at Zhou Hao and said, “As a special ability user, I have the fire essence power. It has long seeped into my limbs, meridians, blood, and bones. Therefore, you need to drink my blood and extract the essence power in my blood. By using a cultivation technique, you might be able to revive the essence power that is immersed in your body and stimulate your potential.”

“In fact, it might even help you break through the shackles and let you become a special ability user!”

After Bai Renxue finished speaking, she looked at Zhou Hao. At this moment, she naturally did not hide anything. She naturally did her best when it came to matters related to her life.

Moreover, she did not want to die here more than anyone else!

“Alright, in that case, let’s give it a try!”

Zhou Hao nodded.

“This cultivation technique is a secret of our Super Organization. Therefore, you can’t show it to anyone, understand?”

Bai Renxue said directly.

Zhou Hao nodded. “Don’t worry, I understand.”

Bai Renxue nodded and told Zhou Hao the steps of the cultivation technique. Then, she cut her finger and stretched it out shyly.

“Put my finger in your mouth, suck as much blood as you need...”

She was very shy. The two of them were sitting opposite each other, and Zhou Hao had long seen her naked body. Now, she was even more embarrassed!

Zhou Hao did not refuse and directly placed it in his mouth. Then, he began to circulate this cultivation technique!

Zhou Hao did not know if it was useful, but at this moment, he still had to use his full strength!

As soon as the blood entered his mouth, Zhou Hao circulated this cultivation technique and indeed felt a hot force gradually appear in his body!

Zhou Hao sighed in his heart. To put it bluntly, this Super Organization was just like any martial artist organization. The only difference was that martial artists cultivated essence energy while they cultivated essence power!

However, this essence power was idly immersed in the body. Perhaps this cultivation technique was a key that could open one's shackles! Of course, those powerful special ability users did not need cultivation techniques to automatically awaken their special abilities! Time passed slowly. Zhou Hao had absorbed a lot of blood. Bai Renxue's face had long turned pale, and her head was somewhat dizzy. She gritted her teeth and persisted.

At this moment, a faint golden light appeared from Zhou Hao's body. It was a strange aura that stunned Bai Renxue.

“Metal, wood, water, fire, and earth are the essence of the five elements. Could this golden light mean that it's the metal essence? However, I can't sense the metal attribute. Instead, I feel that this power is so holy?”

There were many types of special abilities, but most of them were based on the five elements!

However, Zhou Hao's aura did not belong to the five elements, making Bai Renxue surprised!

“Perhaps he's unable to activate his essence power at all. Looks like... he failed!”

Bai Renxue sighed in her heart. She originally thought that with Zhou Hao's talent, even if he could not activate his special ability, he could still mobilize a trace of essence power.

However, after such a long time, there was actually no movement!

Just as she was feeling disappointed, Zhou Hao suddenly opened his eyes. His eyes were filled with gold, and a strange power instantly filled his limbs and meridians!

It was a strange power, but it was indeed essence power!

He was very shocked. At this moment, he did not have the time to think. He instantly mobilized this remaining strength, opened his backpack, and instantly threw out the divine soil!

The divine soil was sleeping in Zhou Hao's backpack. It had also consumed a lot of its energy in the last battle. Although it did not need to hibernate, it still needed to sleep to treat its injuries. However, being suddenly thrown out by Zhou Hao, it was immediately furious and cursed.

"Damn, damn Zhou Hao, what are you doing?!"

The divine soil cursed, making Bai Renxue immediately stunned.

She looked at this white thing that was like jelly with a strange expression. If not for it speaking, Bai Renxue would have thought that Zhou Hao had taken out something dirty!

Zhou Hao also had a helpless expression and immediately said.

"Brother, it's an emergency!"

## Chapter 547 - Break Through the Dao

### *Chapter 547 Break Through the Dao*

When the divine soil heard Zhou Hao say this, it was immediately stunned. It hurriedly regained its senses and looked around. Its expression immediately changed!

"Damn, this... this..."

The divine soil immediately jumped up as its body trembled. It looked at the vast ice mountain outside and was dumbfounded on the spot!

“The Moro Race’s cage? Hehe, Zhou Hao, did you do something shameful again? Did the heavens punish you for coming here?”

The divine soil snorted. It was very infuriating!

However, it suddenly saw Bai Renxue and was stunned for a moment. Its body twisted, turning into a huge face that stared at Bai Renxue!

“Hmm? Your aura is so strange. You actually have the aura of the Universe Essence. Moreover, I can sense the inheritance of the Ice Lotus Flame. Woman, is your ancestor called Bai Shenglian?”

This sentence not only stunned Zhou Hao, but it also stunned Bai Renxue!

Zhou Hao was stunned because this divine soil could actually distinguish between men and women. This surprised him.

As for Bai Renxue, she was stunned because the other party was really right!

The top name on her family tree was Bai Shenglian!

“You know my ancestor?” Bai Renxue immediately said with a vigilant expression!

“Tch, of course. Your ancestor’s beauty was famous throughout the world back then. Many people wanted to meet your ancestor, Bai Shenglian. Back then, that toad and I had to spend a lot of effort sneaking a peek at her bathing. Damn, now that I think about it, I think I finally understand what characterizes a woman. Her skin, that figure, that appearance, everything was simply... Snow-white...” The divine soil was very excited. When it said this, it suddenly paused. Seeing Zhou Hao and Bai Renxue looking at him strangely, it immediately coughed dryly.

“Actually, I didn’t want to peek at her bathing back then. It was the toad’s fault for insisting to bring me along. It seems that you have inherited 70 to 80% of your ancestor’s essence power. Not bad.”

The divine soil carefully sized up Bai Renxue and saw that her clothes were disheveled and her body was exposed. Its expression immediately changed before it cursed angrily.

“Zhou Hao, you bastard. You just stole Su Xiaoyu’s first kiss a few days ago. Now, you’re acting like this with this woman. You... you... how should I describe you... you’re too... too shameless. How could I have a master like

you?!”

At this point, the divine soil was very annoyed. It was as if Zhou Hao had embarrassed it.

When Bai Renxue heard this, she was also furious. Her pretty face turned red as she glared at Zhou Hao!

However, when she heard the divine soil's words, she was still surprised. She knew about the Su sisters. Su Xiaoyu had always been relatively cold. How could her first kiss be stolen by Zhou Hao?

"Hmph, this Zhou Hao is indeed not a gentleman. He acted like a gentleman on the surface but did indecent things secretly. Most importantly, he even said that he has a girlfriend. Could it be that... his girlfriend is Su Xiaoyu?"

Women liked to gossip. Even Bai Renxue was no different. However, Zhou Hao was furious when he heard this and said directly.

"Can you stop talking so much nonsense? We're currently trapped here. Do you have any way to get us out of here?"

At this point, Bai Renxue could not help but say.

"Can you enter the backpack freely? I... I want something to wear." Bai Renxue's voice was very soft. After all, she would definitely be embarrassed to be looked at by two men!

Although the divine soil was a spirit pet, this guy's mouth was too sarcastic. She really could not tolerate it.

"Right. Go in the backpack and get some food. Get her a shirt as well."

Zhou Hao hurriedly said.

The divine soil nodded and disappeared. Then, it appeared with a man's shirt in its hand...

This shirt was still Zhou Hao's. All his clothes were in his backpack.

Other than the shirt, there were other clothes inside. However, this divine soil just had to take out such a thing...

Wasn't... wasn't this too tempting?!

Shen Tu directly threw the white shirt to Bai Renxue, whose pretty face was incomparably red!

“You... you...”

“What? This is the only piece of clothing in his backpack. If you don’t want to wear it, you can stay naked!”

The divine soil blinked. It was as cunning as a chicken!

Bai Renxue was very depressed, but this shirt was better than nothing. Therefore, after thinking for a moment, she began to wear it!

Zhou Hao was 1.9 meters tall, and Bai Renxue had a good figure. She was also 1.7 meters tall.

However, the shirt was still large for her and barely covered her thighs.

Although her upper body was covered, after she wore it, she became even more enchanting and sexy than before!

Women were not supposed to wear men’s shirts. After all, ordinary men could not handle such a sight!

Zhou Hao immediately swallowed and hurriedly turned his head away. Damn, this Bai Renxue was really a demon. She did not say or do anything, but she was already able to trigger him!

Bai Renxue’s pretty face was red. Even if she did not see what she looked like, she could still sense it from Zhou Hao’s expression.

Zhou Hao hurriedly said, “Um, do you have a way to get us out?”

The divine soil shook its head. “We can’t get out. This is a forbidden place. You can’t even return to the intersection you came from. That place is blocked by the wind and frost. If you forcefully break through, you will only be obliterated by the wind and frost.”

Zhou Hao had never thought of returning the way he came from. He wanted to recover his cultivation and teleport out.

“Then... what can you do to help us recover our cultivation? Even 30% is fine!”

Zhou Hao hurriedly said.

The divine soil blinked and looked at the two of them. After thinking for a long time, it scratched its ears and cheeks before saying.

“I do have a cultivation technique that can help you instantly condense 30% of your cultivation!”

After hearing this, Zhou Hao and Bai Renxue looked at each other and were immediately excited.

“Really? What’s the cultivation technique? Tell us!”

Zhou Hao hurriedly said.

The divine soil coughed dryly and looked at Zhou Hao and Bai Renxue.

“Are you sure you want to cultivate this?”

“Nonsense. If we can recover our cultivation, why wouldn’t we? Stop talking nonsense. Tell me quickly. I don’t want to stay here for another minute!”

Bai Renxue also hurriedly nodded. She also thought the same and wanted to leave this place as soon as possible.

“Alright, as long as it’s what you guys want. However, let me be frank. I’m not forcing you at all!”

When the divine soil said this, Zhou Hao and Bai Renxue were stunned for a moment. The two of them were not stupid and naturally could tell that there was a hidden meaning in its words.

“Tell me, how are we supposed to cultivate this cultivation technique?” Zhou Hao asked nervously.

“Hehe, it’s actually very simple. The male has yang energy, and the female has yin energy. Yin and yang energy can be harmonized and condensed into pure energy!”

As the divine soil spoke, its wretched expression made Zhou Hao and Bai Renxue’s expressions turn ugly!

## Chapter 548 - Sun Moon Divine Art

*Chapter 548 Sun Moon Divine Art*

When Zhou Hao heard this, although he was shocked, he was still fine.

However, Bai Renxue's pretty face immediately turned red. She could not stand it anymore!

She was originally filled with anticipation, but in the end, it was actually this type of cultivation technique. How the hell was she supposed to cultivate this?!

"Enough... enough!"

As Bai Renxue spoke, she directly picked up a stick and attacked Zhou Hao. Although she had lost her cultivation, she still had some basic martial art skills.

"Zhou Hao, you pervert. You keep saying that your spirit pet has a solution. I spent a lot of effort to help you condense a trace of essence energy and get it out. In the end, your spirit pet wants us to cultivate that kind of cultivation technique?!"

"I bet you're doing this on purpose. Zhou Hao, you shameless and despicable person, I... I'll kill you today!"

Bai Renxue was very angry. At this moment, she was filled with despair!

If this was the only method to get out, she would rather die here than cultivate that harmony technique! "Big Sister... Big Sister, I... I don't know either. How was I supposed to know that it would come up with such a solution? Calm down, calm down. Let's think of another way!" Zhou Hao's face also turned red. In the past two days, he had maintained a gentlemanly expression. However, in just a while, this divine soil had completely destroyed his image! This guy was simply his nemesis!

Also, what was this divine soil trying to do? Wasn't it embarrassing him by suggesting such a cultivation technique?!

Bai Renxue ignored him and chased after Zhou Hao. Unfortunately, Zhou Hao had the Thousand Feather Armor on him, so he did not feel anything at all!

"Don't be angry, don't be angry... Don't worry, I won't cultivate this. Miss Bai, I, Zhou Hao, swear to god!"

Zhou Hao scrambled and crawled. He even took the initiative to be beaten by Bai Renxue a few times. Seeing that Bai Renxue had calmed down, he said.

Bai Renxue snorted and threw down the wooden stick. She hugged her legs and sat in front of the fire with an ugly expression!

Only then did Zhou Hao look at the divine soil and snorted. "You're too evil. At this moment, can't you be more reliable? Why did you have to come up with something like this? What's the meaning of this?!"

The divine soil blinked and chuckled. “What? Were you guys thinking of something dirty when I brought up the harmony technique? You even say that I’m unreliable. Aren’t your thoughts too dirty?”

“What do you mean? Is the cultivation technique you’re talking about different from what we understand?” Zhou Hao could not help but ask!

“Nonsense, who do you think I am? Back then, the toad and I spent a lot of effort to swindle... No, to buy this cultivation technique. If it was an unbearable cultivation technique, do you think we would have bought it?!”

Zhou Hao heaved a sigh of relief.

“Miss Bai, listen. It doesn’t sound like what we think. Why don’t we ask about the details?”

Zhou Hao coughed dryly and said carefully.

Bai Renxue naturally heard this. She looked up at Zhou Hao and the divine soil. She did not want to listen, but she really wanted to go back. If it was really not that kind of cultivation technique, she didn’t mind listening. If it was really acceptable, it would be better than staying here forever!

“Then I’ll trust you guys one last time!”

Bai Renxue snorted.

Zhou Hao heaved a sigh of relief. It was good that this big sister did not misunderstand him!

However, the divine soil was not happy!

“Woman, what do you mean? You don’t believe me? Damn, I never said that this thing was an unbearable cultivation technique. You were the one who made assumptions. It’s you who’s impure, alright?”

“Moreover, why are you still pretending when you’re already dressed like this?!”

It was fine if the divine soil did not speak, but once it did, it was really shocking!

This sentence instantly lit up Bai Renxue!

“You... I’m going to kill you!”

Seeing this, Zhou Hao hurriedly stopped her, “Big Sister Bai, don’t lower yourself to its level... Don’t lower yourself to its level. It’s more important for us to go back. Don’t

worry, if it's a bad cultivation technique, I, Zhou Hao, will definitely not agree to it even if I have to commit suicide in front of you. Don't worry... don't worry..."

Zhou Hao hurriedly said and looked at the divine soil. "Tell me quickly, what is this cultivation technique?!"

"It's a pure cultivation technique. This cultivation technique is called the Sun Moon Divine Art. On the day you master it, men will be able to release yang essence power, and women will be able to release yin essence power. Don't underestimate these two forces. All the essence powers originate from yin and yang essence power. This cultivation technique is originally a cultivation technique of an ancient race in the universe. That race controls the myriad realms. I'm afraid your small Planet Earth is not as big as their latrine!"

The divine soil said disdainfully, making Bai Renxue very surprised.

Zhou Hao could also tell. After all, Bai Renxue did not know that there were many other races outside the universe. Therefore, in order not to waste time, he hurriedly said.

"Stop talking nonsense. The important thing is how to cultivate this cultivation technique!"

The divine soil snorted and said.

"This cultivation technique is very simple. It requires two people to fuse their hearts together to cultivate. You guys are currently unable to reach that level at all. Therefore, you're still unable to cultivate it!"

"Damn!"

Hearing this, Zhou Hao completely exploded!

"Unable to cultivate? What the hell are you talking about?!"

"What's the hurry? I said that you guys can't cultivate it now, but it doesn't mean that you guys won't be able to cultivate it in the future. This cultivation technique requires a great cooperation between men and women. You have to have a tacit understanding. In this way, you can cultivate it twice as fast with half the effort!"

"Moreover, the yin and yang essence power is extremely difficult to control. If anything happens, the two of you will easily lose control and die!"

There was nothing wrong with what the divine soil said. As martial artists, they all knew that if they cultivated a cultivation technique they could not handle, they would instead be implicated.

If one was careless, one would lose their ability to cultivate in the future. In the worst case scenario, one's foundation would be damaged and one's life would be in danger!

"Then what do you think we should do in order to cultivate it?"

Zhou Hao took a deep breath and finally asked.

"Simple, just train your chemistry!" After saying this, the divine soil said.

"The most effective way is for the two of you to lean back and feel each other's heartbeat and breathing. After that, you will circulate your cultivation technique and condense the essence yin yang essence power."

After the divine soil finished speaking, it told the two of them this cultivation technique. Then, it leaned to the side calmly.

ly.

After memorizing the cultivation technique, Zhou Hao looked at Bai Renxue and asked.

Bai Renxue did not speak and turned around. Her meaning was self-evident!

Zhou Hao took a deep breath and leaned behind Bai Renxue. The two of them leaned back and closed their eyes.

They could sense the other party's breathing and heartbeat. They began to find a balance point to reach a balance. On the other hand, the divine soil had a smile on its face and had a strange expression. It even felt like it was watching a good show. "Hmph, although this Sun Moon Divine Art is not an unbearable technique that relies on physical fusion, it has to be known that the feeling left behind by the fusion of the mind is even stronger than the feeling left behind by fusion of the body!"

## Chapter 549 - Analysis Master

*Chapter 549 Analysis Master*

The two of them got on the right track and gradually fell into a strange state!

The two of them were considered geniuses, so they learned things very quickly.

At this moment, as the two of them immersed their minds, a balance also appeared in their minds. With this feeling of synchronization, the two of them circulated their cultivation techniques at the same time.

Immediately, a strange force rose from their lower abdomen!

As soon as this strength appeared, it wrapped around them like a magnet!

It was also at this moment that a harmonious feeling instantly spread in their hearts and souls!

This feeling was very strange but very comfortable!

Bai Renxue even felt as if she was in love. She leaned into Zhou Hao's arms and felt the masculine charm emitted from his firm chest, making her immersed in the feeling.

As for Zhou Hao, he was even more overboard. He felt as if Bai Renxue was lingering in his arms!

Bai Renxue's face instantly turned red as she understood.

Although this cultivation technique was not an unbearable cultivation technique, it was still a true Yin-Yang harmony technique. Although it was only the essence energy in their bodies, their essence energy was basically like a part of their bodies. To a certain extent, this feeling of their souls fusing felt far superior than the feeling of bodies fusing!

Therefore, she was furious and wanted to break free from this feeling and leave behind Zhou Hao.

However, for some reason, she was unable to leave. It was not that she could not leave, but... she could not help it!

Yin and Yang existed in everything in the world!

This was common sense, be it martial arts or ordinary people.

This was the law of nature. No one could escape.

Seeing them like this, the divine soil chuckled.

It revealed a wretched smile.

Not long after, this force became stronger and stronger. Slowly, it actually gathered above the two of them!

It was also at this moment that Bai Renxue felt her cultivation activate!

Without saying a word, she directly took out the teleportation device in her backpack and activated it with essence energy. Instantly, a teleportation array appeared above the two of them!

The aura transmitted from there was the official location of the Moro Race!

When the array formation appeared, Bai Renxue also left Zhou Hao immediately. Her body moved and she directly headed towards the array formation.

Zhou Hao did not hesitate and waved his hand to throw the divine soil into his backpack, instantly entering the teleportation formation!

At the same time, a group of Super Organization members was very nervous in a five-kilometer radius of Moro City. Ever since they learned that Bai Renxue had not returned for two days after chasing after Zhou Hao, they were all frightened!

They were worried that Zhou Hao would kill Bai Renxue!

Ouyang Tingxuan was not worried about all of this.

“Although Junior Sister might not be able to defeat Zhou Hao, escaping shouldn’t be a problem. Moreover, I’ve seen Zhou Hao before and he doesn’t seem like a despicable person. Therefore... even if something happens to Junior Sister, it won’t be because of Zhou Hao!”

Ouyang Tingxuan quickly searched the area and guessed.

Not only did the people from the Super Organization help, but the Ning family also helped!

“Miss Bai is Brother Ning’s fiancée. We have to find her no matter what, understand?”

The Ning family members also looked around nervously.

Ning Yunfeng sat in the room with a pale face. Hearing that his subordinates had yet to find Bai Renxue, his expression was even uglier.

“Continue searching. I want to see her, alive or dead!”

Ning Yunfeng was very angry, but there was nothing he could do!

At the same time, on a mountain five kilometers away from Moro City, Fatty Jin was leaning against a large tree and enjoying his leisure time with a few disciples of the Jin family.

“Hey, where do you think Miss Bai went? Could she have really been killed by Zhou Hao?”

“That Zhou Hao is really a ruthless person. The four of them couldn’t even defeat him alone. Miss Bai probably couldn’t deal with him either. She probably died!”

“Hmm... what a waste of a beautiful woman. How sad...”

“Tell me, where did this Zhou Hao come from? He’s so powerful. Moreover, I heard that he has a good relationship with Su Xiaoyu. Back then, he fought them because he wanted to get the chip for Su Xiaoyu!”

The few disciples of the Jin family chatted here.

On the other hand, Fatty Jin leaned to the side and pursed his lips as he ate the roasted duck.

“Tch, what’s up with those theories? Can’t that Bai Renxue girl fall in love with Zhou Hao and run away with him?”

Fatty Jin said disdainfully.

“Ah? Brother Jin, don’t talk nonsense. If... if the Ning family hears this, they’ll make things difficult for us again!” When the Jin family disciples heard this, they immediately waved their hands repeatedly.

“Our Jin family and Ning family are both ancient martial families. What’s there to be afraid of him for? Also, if you think I’m talking nonsense, let me ask you this. Who is stronger? Zhou Hao or Ning Yunfeng?”

“Needless to say, it’s Zhou Hao!”

“Then let me ask you again. Isn’t it true that women like tall, rich, and handsome men? This is a world of martial arts, so don’t you think that women would prefer men with high martial arts skills?” Fatty Jin asked again.

“Uh... that’s true, but I’ve never heard of how handsome that Zhou Hao is...” A Jin family disciple said.

“Damn, are you stupid? If that Zhou Hao was so unordinary, would Su Xiaoyu follow him around and develop an ambiguous relationship with him? Do you think such a person can be ugly? I heard that he’s 1.9 meters tall and very handsome!”

Fatty Jin curled his lips.

“Ah? Then... is it really true? But... Bai Renxue is not that kind of person. Isn't he engaged to Ning Yunfeng?”

They asked in confusion.

“Damn, you pig brain. So what if they're engaged? Are they sleeping together? It's fine as long as they're not sleeping together. Moreover, the Ning family is the one that proposed the marriage. It's not like the two of them are dating freely. Can't you understand the logic behind this?”

“To tell you the truth, Bai Renxue's Bai family owed the Ning family a favor back then. That's why the Ning family proposed the marriage and Bai Renxue agreed. Do you understand now? Bai Renxue doesn't like Ning Yunfeng, she's only marrying him to repay the favor!”

Fatty Jin seemed to understand this very well!

“There's also that Ning Yunfeng. I get angry just by looking at him. We're both from ancient martial families, so what the hell is he being cocky for? I want to see him get cucked!”

Fatty Jin snorted.

At this moment, a spatial wormhole suddenly appeared less than a hundred meters in front of him, emitting an extremely cold aura.

Then, a man and a woman walked out!

## Chapter 550 - Affair

### *Chapter 550 Affair*

Zhou Hao and Bai Renxue slowly walked out of the barrier. In an instant, they appeared in the eyes of Fatty Jin and the descendants of the Jin family!

Their eyes widened as they looked at the scene in front of them. They were all freaking stunned!

After walking out of the teleportation array, Bai Renxue looked at Zhou Hao with a complicated gaze.

Although the two days of interaction were not very pleasant, in the end, Zhou Hao really did not do anything to her. It still made Bai Renxue feel that Zhou Hao was a gentleman.

Now that her cultivation had recovered, Bai Renxue did not attack.

She wanted to kill Zhou Hao because of Ning Yunfeng, but at this moment, she still could not do it!

After all, the person who had saved her life was Zhou Hao. If not for Zhou Hao, she would have probably been obliterated by the wind and frost as soon as she entered that space and died without a burial site!

“Zhou Hao, I’ll let you off this time. However, there won’t be a next time. You’re on your own!”

After Bai Renxue finished speaking, she could not be bothered with Zhou Hao. Her body turned into a stream of light and left.

On the other hand, Zhou Hao curled his lips. This woman was really carefree. What did she mean by letting him off this time? He had saved her life!

As Zhou Hao was speechless, the descendants of the Jin family widened their eyes. It was Fatty Jin who was the first to recover. With a step, he directly arrived in front of Zhou Hao!

Seeing this person in front of him, he instantly recalled the meeting two days ago outside the city and was even more shocked.

“Um... Um... Brother, are you the famous Zhou Hao?”

Fatty Jin’s breathing quickened. As he spoke, Zhou Hao was stunned for a moment and nodded.

“That’s right. What’s the matter, Mr. Jin?”

When Fatty Jin heard this, he was incomparably excited and hurriedly said, “So you’re really Zhou Hao!”

Seeing Zhou Hao’s confirmation, he was even more excited. His eyes seemed to have witnessed adultery and were incomparably excited!

“Brother Zhou, you’re really ruthless. The news of you defeating four geniuses alone has already spread throughout the Moro Race space. Your name can be said to be like thunder in my ears. Most importantly, you defeated that annoying and cocky Ning Yunfeng. I’m even more impressed with you. In the future, you’ll be my big brother!”

After Fatty Jin finished speaking, he bowed towards Zhou Hao from afar.

“Greetings, Big Brother!”

This made Zhou Hao a little surprised and puzzled. He looked at Fatty Jin in confusion.

“Uh... that’s a little too exaggerated. I’m not that powerful.”

Zhou Hao said humbly.

Fatty Jin naturally knew that Zhou Hao was being humble. He blinked and looked in the direction Bai Renxue left. After hesitating for a moment, he still did not ask the other party the question he wanted to ask!

Moreover, how could he ask such a question?

He could only wonder what Zhou Hao and Bai Renxue had been doing these past two days.

Therefore, he coughed dryly and hurriedly said, “Big Brother, you must be exhausted the past two days. Um... go and rest. I’ll arrange a place for you!”

Zhou Hao was a little uncomfortable. He did not know what this fatty was planning, so he still refused politely.

“No need. I still have something to do. Goodbye.”

As Zhou Hao spoke, his body turned into a long arc and left.

After Zhou Hao left, Fatty Jin was extremely excited!

“Something definitely happened. Hahaha, there’s been an affair!”

“The two of them disappeared for two days and no one could find them. However, no one knew where they went and they spent two days alone. Most importantly... I didn’t see wrongly just now. When Bai Renxue left, she was wearing white armor. But now... when she came out, she was clearly wearing a man’s shirt and no pants!”

“It’s obvious at a glance what this means!”

At this moment, the descendants of the Jin family also came over. They had yet to recover from their shock.

“Big Brother, did... did we see wrongly just now?”

They did not believe it. They had all seen that scene!

When the two of them walked out, Bai Renxue was wearing a man's shirt...

"See wrongly? How could so many of us be mistaken? What did I say? What did I say?!"

Fatty Jin had a smug expression and could not suppress his excitement!

"I knew it. The two of them probably did something in the past two days. See? I guessed correctly, didn't I?"

"Bai Renxue came out wearing a man's shirt just now. Do you think a woman would own a man's shirt? That shirt is clearly Zhou Hao's!"

"By the way, that man just now was Zhou Hao! Do you still not understand?"

Fatty Jin raised his voice. After saying this, the members of the Jin family were all on the fence.

"Could it be that the two of them are really having an affair?"

They muttered to themselves and could not help but say.

"Bullsh\*t. How can you call that an affair? That's called love. That's called true love. What do you know?!"

"Miss Bai has fallen in love with Zhou Hao. However, because of that marriage agreement, the two of them can only do it secretly. This is true love. How enviable!"

At this point, Fatty Jin laughed excitedly.

"Doesn't Ning Yunfeng like to behave arrogantly? Great, now he's made a cuckold out of himself. Let's see how arrogant he can be!"

"We can't be the only ones that know about this. Spread it out for me. The faster the better. I want everyone to know Ning Yunfeng has been cheated on!"

Fatty Jin immediately said.

The descendants of the Jin family instantly did as they were told. And in just over an hour, Moro City was instantly in an uproar!

"Hey, hey, hey, this is shocking news. Bai Renxue and Zhou Hao had an affair!"

"Haha, did you guys also hear? Bai Renxue and Zhou Hao disappeared for two days and went somewhere else. When the two of them returned, Bai Renxue was still wearing Zhou Hao's clothes!"

“That’s right, I’ve also heard of this news!”

This news spread throughout the entire street. Everyone chattered non-stop!

“I really saw Miss Bai return. However, she wasn’t wearing a shirt, but she wore a huge cloak and directly entered the Super Organization’s territory!”

“Hahaha, Ning Yunfeng has been made a cuckold? How interesting!”

“Are you guys talking nonsense? That Ning Yunfeng is a genius of the Ning family and has the life of a true dragon. Is that Zhou Hao really that powerful? Is he even stronger than him and even fooled around with his woman?”

Some people did not believe it, but they were immediately refuted.

“Ning Yunfeng is nothing. The four of them couldn’t even beat Zhou Hao alone. In a one-on-one battle, Ning Yunfeng was instantly killed. Ignoring everything else, just in terms of martial arts, this Zhou Hao is stronger than Ning Yunfeng!”

“Therefore, since ancient times, beauties have always been paired with heroes. It’s not impossible for Bai Renxue to like Zhou Hao!”

They could not help but analyze, and their words became more and more intense!
