

Starting With One Million Luck Points

Chapter 51 - Extraordinary Existence

Chapter 51: Extraordinary Existence

Zhou Hao swept his eyes over the virtual screen and saw that the luck points now read: 757,400.

“As expected of a powerful existence among high-level demon kings, this Seven-Tailed Cloud Mink directly contributed 200,000 luck points!” Looking at the number on the luck points, Zhou Hao was extremely excited.

Now that he already had 750,000 points, he was close to reaching 1,000,000 luck points. Soon, he would be able to open the silver mystery box again.

He was very excited to obtain the items in the silver mystery box. Whether it was the top-level cultivation technique “Nine Revolutions Golden Body Technique”, “Sky Splitting Divine Technique”, or the “Black Tortoise Divine Turtle Armor”, they were all top-notch in his eyes!

If he could draw any one of them, his strength would experience a qualitative leap.

After sorting out his emotions, he first put the Seven-Tailed Cloud Mink’s corpse away. Then, he turned around and walked towards Commander Zhao and the others.

These grandmasters clearly knew that they were no match for the Seven-Tailed Cloud Mink, but they still fought without fear of death. Such conduct really made Zhou Hao admire them.

Zhou Hao felt that he wouldn’t have been able to do the same if he were in their shoes.

However, when he arrived, he noticed that Commander Zhao and the others were looking at him strangely.

“Se... Senior Zhou, did you break through and become even stronger than a peak-level grandmaster?” Commander Zhao could not help but ask.

The other grandmasters stared at Zhou Hao.

Beyond the grandmaster level was the supernatural level!

It could be said that once one stepped into the supernatural level, they would shed their mortal body and surpass the limit. They would have all kinds of inconceivable divine abilities.

It was precisely because humans on Planet Earth had such an invincible existence that they were able to preserve their homes against the crazy invasion of the foreign races.

After being stunned for a moment, Zhou Hao couldn't help but laugh. He shook his head and said, "Commander Zhao, I haven't broken through to the supernatural level. The main reason why I was able to kill the Seven-Tailed Cloud Mink was because of a unique saber technique!"

"Saber technique?"

Commander Zhao, Zhen Hong, and the other grandmasters were stunned.

However, they quickly recalled the shocking saber move.

Zhen Hong subconsciously thought of the saber technique executed by the peerless genius he had seen in school. When he compared the two, he actually felt that they were somewhat similar.

Back then, the peerless genius had also relied on his saber to forcefully suppress and kill three high-level demon generals.

The grandmasters knew that the same technique would indeed also allow Senior Zhou to kill the Seven-Tailed Cloud Mink.

After all, in this world, cultivation level did not mean everything. Secret techniques and combat techniques were sometimes more important.

Thinking of this, Zhen Hongan couldn't help but ask, "Senior, Senior Zhou, do you know a genius student from Qu City High School? The saber technique that student used is similar to yours! It's also extremely powerful!"

Zhou Hao's heart skipped a beat. He had been so focused on killing the Seven-Tailed Cloud Mink that he had forgotten to disguise his saber technique.

"Qu City High School?" He pretended to be puzzled. "I've never been there. If I have the time, I would be very interested to meet this student. This saber technique of mine depends entirely on comprehension. It was transformed from the 'Shadow Saber Stance', so it's not impossible for others to figure it out!"

"Shadow Saber Stance... Indeed, no matter how I looked at the saber technique back then, I still found it a little familiar. So it turned out that it was really derived from the Shadow Saber Stance!" Commander Zhao looked at Zhou Hao and couldn't help but

say, "Senior Zhou is really impressive. You were able to create such a powerful technique from an ordinary saber technique!"

Zhou Hao hurriedly waved his hand and said casually, "It's nothing. I'm just trying my best!"

Zhen Hong and the other grandmasters were speechless when they heard this.

All of them had diligently researched martial techniques and secret techniques for many years, but none of them had figured out anything!

Soon, they heard Zhou Hao say, "Commander Zhao, the foreign races are currently rampant. If that student really manages to figure out a saber technique similar to mine, you have to ensure his safety by keeping him hidden, lest he suffers from the crazy assassination of the foreign races."

Commander Zhao immediately said solemnly, "Senior Zhou, don't worry about that. We will definitely protect Qu City High School and the safety of that student."

The other grandmasters nodded seriously.

Seeing that he had successfully changed the topic, Zhou Hao couldn't help but heave a sigh of relief. He went forward and looked at He Biao. "How are your injuries?"

"Cough cough... Thank... thank you, Senior Zhou, for saving my life!" He Biao stammered.

Every grandmaster had a tenacious life force. No matter how serious their injuries were, they could quickly recover.

Zhou Hao relaxed. "Those shadow insects are really cunning. They actually took advantage of your situation and chose to attack when you were surrounded. Looks like we have to get rid of them. Otherwise, there will be no end of trouble!"

Commander Zhao chimed in, "That's right. The Shadow insects are like a time bomb. Because of them, not only does the city have to be constantly guarded, but even the teams that usually come to the wilderness to hunt have to be vigilant. With them around, the teams won't be able to clean up the other demon beasts and insects in peace."

Zhen Hong also said, "Senior Zhou, Commander Zhao, now that the Seven-Tailed Cloud Mink is dead, the other demon kings are no longer a threat. I suggest that after resting and recovering from my injuries, we continue the cleanup operation and completely eliminate the shadow insects!"

"Agreed!"

“Seconded!”

The other grandmasters nodded.

After experiencing the despair just now, they became even more aware of the threat of the shadow insects.

Commander Zhao stood up. “Alright, let’s rest for half an hour and continue as planned!”

After the Seven-Tailed Cloud Mink was killed by Zhou Hao, the remaining danger zones basically only had intermediate-level demon kings. A grandmaster on his own might be endangered, but since they traveled in pairs, they would not be in any danger when facing intermediate-level demon kings.

Therefore, half an hour later, Commander Zhao and the other grandmasters, who had recovered from their injuries, increased their speed in searching for the shadow insects.

Zhou Hao originally wanted to continue killing the other demon kings to accumulate luck points.

However, he soon discovered that there was not a single king-level demon beast left on the thirty plus red areas on the map!

Chapter 52 - New Use Of Luck Points

Chapter 52: New Use Of Luck Points

“Where’s all the demon beasts? Where’s the insect beasts?”

After storming all the red regions, Zhou Hao was stunned. He hurriedly informed Commander Zhao and the others through the wireless channel.

Commander Zhao smiled and said, “Senior Zhou, you might not know this, but once a high-level demon king dies in the wilderness outside a city, the demon kings in the other regions will sense its death and will evacuate their area one after another.”

“Those demon kings must have sensed the death of the Seven-Tailed Cloud Mink as they were traveling towards it and fled in panic!”

Zhou Hao immediately came to a realization and said speechlessly, "These demon kings are too cowardly!"

Zhen Hong's laughter sounded from the wireless channel. "Senior Zhou, it's mainly because you're so valiant. The other demon kings must be scared out of their wits after finding out that the Seven-Tailed Cloud Mink died so quickly!"

"That's right. King-level demon beasts are all intelligent beings and not inferior to humans. They are even more sensitive to danger. If even a powerful existence like the Seven-Tailed Cloud Mink was killed so quickly, how could they not escape?" He Biao's voice also sounded.

Zhou Hao said helplessly, "Alright, I was thinking of killing some more demon kings!"

He Biao flattered, "Senior Zhou, it's rather difficult for other peak-level grandmasters to kill even a single demon king. Moreover, they have to be very careful when they're facing one, Yet you're complaining that the demon kings are escaping too quickly!"

The other grandmasters' voices also sounded.

As they chatted, the topic moved to the Seven-Tailed Cloud Mink's corpse.

It was as if a hornet's nest had been poked. The group of grandmasters immediately fell into a heated argument. Even Commander Zhao could not help but ask for the corpse materials.

After all, this was a high-level demon king corpse and its material was very precious.

The speechless Zhou Hao could only temporarily turn off the wireless channel. Standing in the flourishing ancient forest, he frowned.

The demon kings and king-level insect beasts had all fled, leaving only some demon generals behind. Zhou Hao didn't care about them because the luck points accumulation speed would be too slow.

"Forget it, I'll find the shadow insects first!" Shaking his head, he sighed.

As he walked around the wilderness area, the horizon began to glow, but Zhou Hao did not notice a single shadow insect.

"These shadow insects are too difficult to sense!" Zhou Hao was somewhat annoyed. His blood essence was mellow and his sensing ability far surpassed that of Commander Zhao, He Biao, and the other grandmasters. However, even so, he still did not discover any traces of them.

He opened the wireless channel and asked Commander Zhao and the others about the situation. All of them shook their heads.

"It's almost dawn. The shadow insects are even harder to discover during the day. Let's continue at night!" Commander Zhao suggested.

If the shadow insects were so easily discovered, they would have long been cleaned up by humans.

Therefore, Commander Zhao was already mentally prepared when he proposed the cleanup operation!

"You guys go back first. I'll keep looking!" Zhou Hao was unwilling to give up. After all, he felt that the Life Stone would be extremely beneficial to his father's health.

The sky gradually turned bright.

The stars retreated and Zhou Hao searched on for a bit longer, but he still found nothing.

Sitting on a hundred-meter-tall ancient tree branch, he killed a python and pondered with a frown.

However, after thinking for a while, he still did not have any clues.

"Forget it, I can't be impatient. I'll continue tomorrow!" He still had classes in the morning and could not stay in the wilderness.

On the way back to the city, he habitually opened the virtual screen. Seeing the 750,000 luck points on the screen made him feel much better.

"Wait... how could I have forgotten my luck points!" He suddenly stopped in his tracks and stared at the virtual screen.

Luck points could increase one's luck.

And luck played a role in finding the shadow insects.

"I'll give it a try and see if it works!" After his experience with the mystery boxes, he became very confident in the power of his luck points. However, he knew that the luck points were consumed relatively quickly, so he rarely used it for any purposes other than opening boxes.

"I'll spend a hundred first!"

With a thought, the number of luck points decreased by 100.

He immediately returned to the wilderness area and began to search.

Ten minutes later, nothing happened.

After hesitating for a moment, Zhou Hao simply continued to spend 100 luck points per minute.

"I'll just do this for half an hour more. By then, regardless of whether I find anything, I'll return to the city!" As he pondered, he increased his speed.

As his luck points continued to be consumed, he searched everywhere like a headless fly as he unknowingly headed towards Area 275.

Soon, more than twenty minutes passed.

Zhou Hao stood at the edge of Area 275, looking slightly stunned.

"How did I end up here?" he muttered to himself. District 275 was a relatively large mass grave. A huge battle had happened here more than a decade ago.

Large numbers of demon beast, insect, and beast bones were buried underground, as well as the corpses of human martial artists.

However, now that it had become a huge pit, the bones were covered by a large number of weeds.

"Could the shadow insects be hidden here?"

A thought suddenly flashed through his mind. After careful thought, he realized that it was indeed possible!

Back then, after the war, countless demon beasts and insect beasts had died, causing the area to have chaotic energy. No other demon beasts or insects had come here for more than a decade, and human experts rarely stepped foot here because the chaotic energy would interrupt their senses.

The stronger one was, the more reliant on their aura senses.

Thinking of this, Zhou Hao did not hesitate. He took a step and arrived at the center of a huge pit. He did not use his blood essence to sense his surroundings and instead directly bombarded the ground.

Chapter 53 - Focused Training Class

Chapter 53: Focused Training Class

Bang! Bang! Bang!

Under the powerful force, the ground exploded continuously.

Buzz!

Suddenly, an ear-piercing sharp sound surged over.

The defense of the Black Tortoise Set on Zhou Hao's body automatically weakened, but Zhou Hao's face revealed excitement.

"Haha, they really are hiding here!"

With a laugh, he increased the frequency of his attacks.

Swoosh! Swoosh! Swoosh!

Immediately, shadow insects rushed out of the ground and besieged Zhou Hao.

Zhou Hao immediately took out his saber and crazily destroyed these Shadow Insects.

Pu! Pu! Pu!

The shadow insects were originally relatively weak. Facing Zhou Hao, they did not have the slightest strength to resist and could only flee frantically.

Their speed was fast, Zhou Hao was not distracted and easily caught up to the shadow insects.

The saber in his hand slashed out mercilessly, and more than ten shadow insects fell and twitched.

In less than half a minute, Zhou Hao had killed more than a hundred shadow insects.

However, the shadow insects were also very smart and escaped in all directions, causing Zhou Hao to only be able to chase after some of them.

"Haha, go ahead and run. I want to see where you guys can escape to!" He sneered in his heart. He fully understood that the reason why he was able to find the hiding spot of the shadow insects this time was because of his luck points!

Therefore, he did not care at all about the escaping shadow insects.

After throwing the shadow insects' corpses into the spatial bag, Zhou Hao returned to the base in a good mood.

With so many shadow insects killed, he was definitely going to get first place in this cleanup operation!

With the help of the Life Stone, Dad and Mom's health can be improved! Thinking of this, Zhou Hao quickened his pace.

At Qu City High School.

As the somewhat blinding morning light shone on the school, the sound of the school bell spread to every corner of the school.

The crisp ringtone seemed to have dispelled the grief brought about by the foreign races' attack a few days ago, and gradually, more and more laughter started sounding in every class.

After Zhou Hao returned home and hurriedly took a shower. Then, he rushed to school and happened to walk into the classroom when the bell was still ringing.

Just as he sat down, the homeroom teacher appeared at the classroom door.

"I have something to announce. Due to the emergence of a peerless genius in our school, the leaders of the Education Bureau and Instructor Shen have decided to specially set up a focused training class for the year three students after some careful consideration. In the future, the students of this training class will enjoy many favorable conditions such as an increase in resources!"

As soon as he finished speaking, there was an uproar in the classroom.

Soon, a student shouted impatiently, "Teacher, may I ask how to enter this training class?"

The homeroom teacher pressed his palms together and continued, "As long as you're a student who participated in the previous combat assessment and had killed a mutated beast, you can directly enter the training class. The others who did not participate in the combat assessment can also sign up if they have reached the second level of blood essence!"

After saying that, the homeroom teacher turned to leave, and the students in the class exploded into an uproar.

“Ahhh, I can’t believe I could enter directly if I had joined the combat assessment! I regret it so much!”

“Didn’t they say that those who have reached the second level of blood essence can sign up too? We still have a chance!”

“Even if you sign up, you still might not necessarily be accepted!”

Many students pounded their chests in regret. During the combat assessment last time, many students who had reached the first level of blood essence or even the second level of blood essence had not signed up to participate because they were worried about their own safety.

Originally, when they heard that the school was attacked by the foreign races during the combat assessment, they were secretly feeling glad that they did not participate. But now that the focused training class had been announced, they were all in a daze.

Everyone knew that the focused training class this time would have a big impact on their future. Moreover, the person in charge of the focused training class was likely to be a high-level grandmaster, Instructor Shen!

Therefore, it was not only Zhou Hao’s Class 4 that reacted this way. The students in the other classes were also in grief.

“Zhou Hao, that lucky dog. He sure lucked out this time!”

“That’s right. That’s a focused training class. Furthermore, it was even organized by the leaders of the Education Bureau. With all the cultivation resources they’re providing for the class, even a pig will have the chance to break through to become a martial artist!”

Many students in the class looked at Zhou Hao with envy.

Xu Ling couldn’t help but turn around. “Zhou Hao, you have to seize this opportunity and work hard!”

Zhou Hao shrugged. “Got it.”

The other students thought highly of the focused training class, but he did not care.

In terms of strength, he could easily crush Instructor Shen.

In terms of resources, the Seven-Tailed Cloud Mink in his spatial bag was enough to exchange for countless cultivation pills.

Seeing Zhou Hao’s lazy and careless appearance, Xu Ling said angrily, “I can’t be bothered with you.”

Xu Ling's old deskmate, Li Yun, secretly laughed as she watched. She was once again reminded of Xu Ling's sharp tongue and soft heart.

...

Chapter 54 - You Will Definitely Be Number One

Chapter 54: You Will Definitely Be Number One

In the school's leaders' meeting room.

Principal Zheng looked at the name list drawn up by the various classes and frowned in thought. "Instructor Shen, during the combat assessment last time, many outstanding students at the second level of blood essence did not participate. Can't you give them a chance?"

Shen Jing said indifferently, "If they don't even have the courage to take the combat assessment, then despite being outstanding, they still do not deserve to be nurtured."

"But..."

Principal Zheng wanted to persuade Shen Jing to give those students another chance, but Shen Jing interrupted him. "Alright, Principal Zheng, let's nurture the students on the list. In addition to these students, I've also specially transferred a few geniuses from the Yanjing Elite Training Camp. I believe that with them around, the other students of Qu City High School will also work harder!"

"Yanjing Elite Training Camp?" The dean and Department Director Hong were stunned.

Department Director Hong was the first to speak. "Instructor, other than the peerless genius, the other outstanding students in Qu City High School are only at Xu Ling's level. If we let these students stay with the geniuses of the Yanjing Elite Training Camp, I'm afraid it won't turn out well."

"That's right, Instructor Shen. I heard that the geniuses in that training camp have all at least reached the level of martial artists. The most outstanding of them has even reached the intermediate-level, and their combat strength can be comparable to high-

level martial artists.” The dean also could not help but say, “Letting such geniuses come over might very well dampen the enthusiasm of Xu Ling and the others.”

Instructor Shen shook his head. “Only by being with outstanding geniuses can you grow faster. If you can’t even withstand such a small blow, you’re destined to have no potential!”

“Alright!”

Seeing Instructor Shen’s firm attitude, Principal Zheng and the dean stopped persuading.

...

For the entire day, all the classes were discussing the focused training class and were not in the mood for class.

As for Zhou Hao, he was thinking about the Life Stone. He could not wait for school to end. When school ended, Zhou Hao immediately changed into his red armor and rushed straight to the eastern defense line of the city.

“Senior Zhou!”

“Senior Zhou!”

Walking into the army camp, many battalion commanders and leaders bowed respectfully.

Commander Zhao, He Biao, and the other grandmasters heard the commotion and rushed outside.

“Haha, Senior Zhou, we were waiting for you.” Zhen Hong laughed.

If not for Zhou Hao last night, none of them would have been able to escape unscathed from the Seven-Tailed Cloud Mink’s attack.

Commander Zhao also smiled and stepped forward. “There shouldn’t be any accidents tonight. We can focus on finding those shadow insects.”

“Yeah, we didn’t find a single shadow insect last night. How unlucky. I hope our luck is better today,” He Biao couldn’t help but say.

When a grandmaster heard this, he could not help but look at Zhou Hao. “Senior Zhou, did you gain anything from being the last to leave yesterday?”

The other grandmasters glared at this grandmaster.

Wasn't he rubbing salt into Zhou Hao's wound?!

If he had any gains, Senior Zhou would have long told them about it.

In fact, this grandmaster regretted it right after asking.

However, Zhou Hao smiled and waved his hand.

Tap. Tap. Tap.

One shadow insect after another appeared in the army camp square.

There were more than a hundred of them.

Commander Zhao and the other grandmasters were instantly stunned.

"There... there's so many?"

"Senior... Senior Zhou, could it be that you've found the shadow insects' nest?"

He Biao, Zhen Hong, and the other grandmasters stared at Zhou Hao in unison.

Zhou Hao nodded and coughed lightly. "I was lucky to discover the hidden nest of the shadow insects in Area 275!"

"What?!"

"Awesome!"

"How impressive!"

He Biao and the other grandmasters raised their thumbs.

They all knew what kind of place Area 275 was. In that kind of area, one's sensing ability was basically useless. Also, the strength of any grandmaster that went there would be severely weakened. Once one was attacked, it was very easy for them to be injured.

Therefore, very few grandmasters dared to go to Area 275, including peak-level grandmasters.

Commander Zhao also sighed in surprise. "Senior Zhou's courage and confidence is really admirable!"

Zhou Hao waved his hand. "Unfortunately, those shadow insects escaped too quickly. I couldn't kill all of them. My strength is still not enough!"

Hearing this, He Biao, Zhen Hong, and the others were speechless.

The shadow insects were so fast that even if these grandmasters found them, they could at most kill two to three.

Yet, Senior Zhou killed more than a hundred and was still disappointed at his own strength.

Commander Zhao was also in a mess. If Zhou Hao's strength was lacking, then what about them?!

"Cough cough, Senior Zhou, you've killed more than a hundred shadow insects. Looks like you will definitely get first place in this competition!" Grandmaster Yu said.

Zhou Hao hurriedly said humbly, "Not necessarily. There are quite a few shadow insects. Everyone has a chance."

Although Zhou Hao said that, anyone could sense the relaxed tone in his voice.

Commander Zhao laughed. "Senior Zhou, you have both luck and strength. Otherwise, if it were us, we might not have been able to kill so many even if we found the shadow insects' nest. However, everyone, continue to work hard tonight. No matter what, with one less shadow insect, the threat facing the city will decrease by a notch!"

"Yes, Commander Zhao is right!"

"Agreed!"

He Biao and the others spoke up.

Although they all wanted the Life Stone very much, they also knew that they were unable to compete with Zhou Hao for it. However, they were rather happy that Zhou Hao was the one to obtain it. After all, Zhou Hao had saved their lives last night.

Immediately, the group of grandmasters entered the wilderness area again.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 55 - Geniuses of the Yanjing Training Camp

Chapter 55: Geniuses of the Yanjing Training Camp

Unlike last night, Commander Zhao and the others were much more relieved this time.

After all, all the demon kings in the area had fled. The remaining demon generals and insects were of no threat to them.

As soon as Zhou Hao entered the wilderness area, he used the same method and began to spend his luck points to find shadow insects. His luck points were indeed very impressive. In less than half an hour, he had found more than ten shadow insects and killed them all.

But as time passed, the number of shadow insects discovered started to decrease.

In the past hour or so, even if Zhou Hao consumed 200 or 300 luck points per minute, it would still be very difficult for him to find one.

“Looks like the shadow insects in the wilderness area outside the city have basically been eradicated!” Thinking of this, Zhou Hao ceased consumption of his luck points and stopped searching for shadow insects.

Commander Zhao and the other grandmasters, however, were still searching.

Because this was only Zhou Hao’s personal guess, he did not say it out loud on the wireless channel.

After resting for a while, Zhou Hao simply rushed to the demon general area. After all, he had nothing else to do anyway. Although the luck points provided by the demon generals and insect beasts wasn’t much, they could still contribute to the total amount.

...

Area 226.

A martial artist team was traveling slowly.

However, they did not look like they were on a hunting mission in the wilderness. Instead, they looked like they were traveling and had relaxed expressions.

“Instructor Shen is too much. He actually transferred us from the elite training camp to a godforsaken place like Huadong City!”

“It can’t be helped. Instructor Shen has a lot of connections in Yanjing. Moreover, the head instructor of the training camp used to be his teacher. Therefore, with just a word from him, we can only obediently come over!”

"I heard that we will be training with some students from Qu City High School this time."

"Qu City High School? What kind of lousy school is that?"

"They seem to be the weakest among all the high schools in Huadong City!"

Five men and women in various armor spoke angrily.

They were the outstanding geniuses that Instructor Shen had transferred from the Yanjing Training Camp this time.

"Alright, cut it out. Since Instructor Shen transferred us here, he must have a hidden reason for it. All of you just have to work hard. It doesn't matter where you train. You have to rely on yourself!" a calm-looking young man said slowly.

Click!

A woman's armor mask opened to reveal her elegant face. Her voice was mocking as she said, "Yuan Cheng, you definitely don't have reason to panic. The Yuan family got its wealth from the Underground Alliance Mall which has a rich background and branches in every city. Of course you won't be lacking any cultivation resources."

"But we're different!"

Another young man also opened his mask and said angrily, "That's right. After our family learned of this, they thought that we were no longer valued by the training camp. They even started cutting off the supply of resources!"

Yuan Cheng was speechless.

At this moment, a young girl reminded, "Everyone, this is the wilderness area. I think we should still be careful!"

The elegant girl curled her lips. "What's there to be afraid of? All of us have high-level combat strength and are equipped with excellent armor and saber. We can even deal with demon generals if we encounter one. This is only the edge of the area. What's there to be cautious about?!"

Yuan Cheng couldn't help but say, "Don't be careless."

The elegant girl snorted and was about to continue when the ground suddenly shook.

Swoosh! Swoosh! Swoosh!

These youths instinctively took out their sabers.

Boom.

In just a few seconds, a large number of ancient trees broke apart. Red Horn Iron Bulls that were dozens of meters tall rushed out from the depths of the area like they were running for their lives.

Yuan Cheng, Yun Yan, and the other geniuses were so frightened their faces turned pale.

It had to be known that an adult Red Horn Iron Bull was a high-level beast warrior. At the current moment, the number of Red Horn Iron Bulls in front of them was in the thousands. With such a huge Iron Bull herd, even a master-level expert would have to flee if they were here.

“Run!”

The elegant girl, who had just been feeling relaxed, was the first to turn around and flee.

The others weren't slow to react either. They turned around and escaped as fast as they could while sending out an emergency distress signal.

However, the Red Horn Iron Bulls were too fast.

“We're done for!”

When Yuan Cheng saw the large number of Iron Bulls spreading over from behind, his eyes revealed despair.

The others were the same. All of them regretted coming out to hunt and relax tonight.

However, the Red Horn Iron Bull did not attack them. Instead, they escaped crazily, as if they were being chased by their natural enemies.

When Yuan Cheng and the other geniuses saw this, they heaved a sigh of relief and were puzzled.

“Not good, it's a high-level demon general, the Black Scale Demon Python!” As the Red Horn Iron Bulls left, a genius's eyes widened as he watched a demon python that was hundreds of meters tall attack from behind.

“How could this be? High-level demon generals usually stay in the depths of the area and rarely come out. Why would the Black Scale Demon Python come to the edge?” The geniuses' hearts trembled, and they were so frightened that their feet couldn't move.

It was too easy for a high-level demon general to kill them.

“If I had known, I wouldn’t have come to the Huadong City even if I was beaten to death!” Seeing the Black Scale Demon Python getting closer and closer, Yuan Cheng smiled bitterly.

Rip!

A saber beam suddenly appeared in the sky.

This saber beam seemed to tear through the darkness. It carried a terrifying sharp aura as it surged out from space in all directions.

Bang.

The huge Black Scale Demon Python’s triangular eyes instantly lost their color. Its huge body fell heavily and slipped towards Yuan Cheng and the other geniuses.

Yuan Cheng, Yun Yan, and the other geniuses were completely stunned!

Even after the red armor expert landed beside the Black Scale Demon Python, the shocking saber move from before still continued to linger in their minds.

Chapter 56 - Getting the Life Stone

Chapter 56: Getting the Life Stone

Swoosh!

The person who arrived was none other than Zhou Hao.

After killing the demon generals crazily, he had just arrived at Area 226 when the Black Scale Demon Python and the other demon beasts fled in fear, making him very speechless.

Fortunately, his speed was not slow. He caught up to the edge and killed this high-level demon general just in time.

Glancing at Yuan Cheng and the others, he thought that they were from the martial artist team of the Huadong City. He smiled and said, “Are you guys alright?”

Hearing this, Yuan Cheng, Yun Yan, and the other geniuses returned to their senses.

Shock filled their faces that were covered by the masks.

With just one saber move, he had killed the high-level demon general.

They instantly realized that the person in front of them was definitely a grandmaster!

“Se... Senior, Thank you for saving our lives!” Yun Yan was the first to react as she opened her mask in gratitude.

Yuan Cheng and the others also hurriedly thanked him.

Zhou Hao was stunned. He did not expect this team of martial artists to be so young.

“Are you students from the city?” he asked.

Yun Yan hurriedly said, “Sir, we are students from the Yanjing Training Camp. We were transferred to Huadong City to participate in a training class!”

Zhou Hao was stunned again. “The Yanjing Training Camp?”

Another woman called Fang Yu spoke first, “Yes, sir. It was Qu City High School’s Instructor Shen who transferred us here!”

Only then did Zhou Hao understand. He subconsciously said, “Does that mean that you guys are also here to undergo training at Qu City High School?”

“Sir, do you know about the Qu City High School’s training class?” Yuan Cheng seized the opportunity and said directly. After all, this person in front of him was likely a grandmaster. In front of such a figure, Yuan Cheng naturally wanted to get on the grandmaster’s good side.

Zhou Hao realized that there was something wrong with his tone and hurriedly restrained his thoughts. He said indifferently, “Not bad. This will be a good opportunity for you guys. Remember to work hard in Qu City High School’s training class!”

With that said, he put the Black Scale Demon Python into his spatial bag and soared into the sky.

Looking at the red armor disappear into the horizon, Yuan Cheng and the other geniuses revealed disappointed expressions.

“That saber move just now... was too shocking!”

“That’s right. Even our Chief Instructor wouldn’t be able to perform such a saber technique!”

“That’s right. It’s as if there’s only that saber light left in the world. If I can learn even a little of it, I’ll be satisfied!”

“Save it. How can such a saber technique be learned so easily? Moreover, even if this expert is willing to teach, it will still be extremely difficult to learn!”

All of them sighed. They were completely stunned by the saber technique Zhou Hao had used.

Yuan Cheng and the other geniuses from the Yanjing Training Camp had seen many secret techniques and combat techniques, but they had never seen such a terrifying saber technique.

“Alright, let’s hurry back. Also, cancel the emergency distress signal!”

...

At the military camp of the East Station of the Huadong City.

At midnight, Commander Zhao and the other grandmasters returned.

The other grandmasters had gained some gains from the cleanup operation tonight. It was mainly because they had bumped into the shadow insects Zhou Hao failed to capture.

Tap. Tap. Tap.

For a moment, the entire military camp square was filled with the corpses of shadow insects.

“More than two hundred shadow insects. I think there are very few shadow insects remaining outside the city now. Even if there are, they will probably be summoned by the insect king to retreat!” He Biao said with a smile.

Zhen Hong nodded. “There are very few shadow insects to begin with, and all of them are the Insect Race’s treasures. Now that they have lost so many at once, that insect king must be anxious.”

Commander Zhao laughed. “Nice. There’s nothing to worry about in the city now. It’s all thanks to Senior Zhou.”

“That’s right. It’s definitely Senior Zhou’s credit that we were able to find the shadow insects!” Grandmaster Yu chimed in. They were not stupid. When they had encountered the shadow insects, the shadow insects had clearly been fleeing. Moreover, they were fleeing from Zhou Hao’s location.

The other grandmasters nodded.

Swoosh.

A red figure descended.

“Senior Zhou!” Commander Zhao and the others smiled as they welcomed him.

Zhou Hao swept his gaze over the shadow insect corpses in the camp square and smiled. “Looks like everyone has gotten a lot of gains this time.”

“All thanks to Senior Zhou!”

“Senior Zhou’s luck is much better than ours!”

He Biao and the others were all enthusiastic.

Zhou Hao smiled and took out the shadow insect corpses from his spatial bag. There were more than 70 of them. Including the previous 100, there were now more than 200.

“The competition has ended. Senior Zhou killed the most shadow insects and will be the one to receive the Life Stone!” Commander Zhao did not waste any time when he saw the corpses and directly handed the Life Stone to Zhou Hao.

Holding the Life Stone, Zhou Hao immediately felt a refreshing feeling spread throughout his body, making him excited.

“Commander Zhao, thank you!” Although he had relied on his strength and luck to get first place, he knew very well that Commander Zhao’s contribution to the Life Stone was a selfless contribution!

If it were any other expert, they wouldn’t have taken it out so easily even if it was useless to them.

Commander Zhao shook his head. “Senior Zhou, you’re too polite. You’ve contributed greatly to the city. This Life Stone is well deserved!”

The other grandmasters nodded.

Then, they all participated in the celebration banquet. Commander Zhao also announced that the cleanup operation had temporarily ended. In the future, they will still continue it if more shadow insects appear.

During this time, many grandmasters also asked Zhou Hao about how he planned on dealing with the corpse of the Seven-Tailed Cloud Mink.

After thinking for a moment, Zhou Hao finally decided to hand over the Seven-Tailed Cloud Mink's corpse to Commander Zhao.

Compared to the other factions, the army camp undoubtedly needed it the most. After all, they were resisting at the frontline and needed the materials of high-level demon kings to provide better equipment for research!

Chapter 57 - A Sensation

Chapter 57: A Sensation

After the banquet.

Zhou Hao arrived at the Underground Alliance Mall again. He still had many demon king corpses that were on par with the Four-Winged Shadow Leopard's corpse in his spatial bag.

In fact, at the banquet, he could have directly sold the corpses to grandmasters like President Zhen Hong and the others. However, after careful consideration, Zhou Hao still decided to sell the corpses himself.

In this way, he did not have to owe anyone any favors.

On the 12th floor of the Alliance Mall, at a materials shop located further away.

As the supervisor, Qiao Ying'er did not rely on her authority to move the shop to a location closer to the elevator. Moreover, other than patrolling the other shops, she usually stayed in her own shop.

"I wonder if that grandmaster will still come!" These days, Qiao Ying'er had been thinking about that peak-level grandmaster-level expert.

She knew very well that the reason why she had her current status was because of that senior.

In her daze, a red figure suddenly appeared at the entrance of the shop.

"Miss Qiao, we meet again!" Zhou Hao laughed.

Qiao Ying'er exclaimed. When her beautiful eyes saw the red armor, her exquisite face was instantly filled with pleasant surprise.

"S-sir, you... you're here?" She was at a loss for a moment, unable to speak properly.

Zhou Hao walked forward and shook his head. "No need to be nervous. Just treat me as an ordinary client!"

Qiao Ying'er hurriedly nodded like a chick eating rice, but she still could not help but feel nervous and happy.

"I came here to sell some materials. There's quite a bit this time. If you don't have enough money, you should probably request for more," Zhou Hao said thoughtfully.

To upgrade his user status from silver to gold level, Zhou Hao needed to spend 1 million Heaven Dao coins. In other words, he needed 100 million yuan!!

He still had more than 30 million yuan left from the last time he sold the Iron Tooth Dragon Alligator. Therefore, he planned to sell two intermediate king-level demon beasts this time.

According to the market price, the material of a single intermediate king-level demon beast was worth between 40 million and 50 million.

The money of the two king-level demon beasts was enough for him to upgrade his account to the gold level.

Qiao Ying'er hurriedly said, "Alright, please wait a moment, sir. I'll immediately make a request to the district head!"

"What? That peak-level grandmaster is here?"

District Head Wu received a call from Qiao Ying'er and stood up from his desk. After hanging up the phone, he rushed out of the office.

Some employees with sharp ears heard the words peak-level grandmaster and immediately understood that the expert who had defeated the Iron Tooth Dragon Alligator last time had arrived.

Swoosh.

All the employees in the materials department rushed to the 12th floor crazily.

After all, this was a peak-level grandmaster. Even if they could see him from afar, they would still feel honored.

When many beautiful women from the materials department received the news, they were all excited. They dressed up as quickly as possible and rushed to the 12th floor.

The other pretty girls also gathered towards the 12th floor like crazy.

The matter of Qiao Ying'er being promoted to supervisor in the materials department had spread like wildfire in the Alliance Mall these few days.

Everyone knew that Qiao Ying'er, who was on the verge of losing her shop, had been promoted to supervisor just because she had done a normal transaction with a peak-level grandmaster.

Such a feat made countless people envious and jealous.

Some women who thought they were more charming than Qiao Ying'er were especially jealous.

Rumble!

In less than two to three minutes, the entire building seemed to erupt in an uproar.

The 12th floor was packed with a large number of people in a short period of time. They all arrived one after another.

The employees and shopkeepers who worked on the 12th floor were all stunned when they saw so many people rushing over. However, after understanding the reason, they were so excited that they stopped working and rushed crazily towards Qiao Ying'er's shop.

In a small shop, Zhou Hao frowned when he sensed the commotion.

At this moment, District Head Wu rushed over.

"I-It's good to see you again, sir. Please forgive us for our poor reception!" District Head Wu said as he wiped the sweat from his forehead.

Zhou Hao said indifferently, "District Head Wu, you're too polite. My main purpose in coming here this time is to sell two intermediate king-level demon beast materials. Let's go to the warehouse!"

"Yes, yes."

District Head Wu hurriedly nodded. However, just as he turned around, he was shocked.

There were people everywhere outside the shop.

“What... what is everyone doing here!” After regaining his senses, District Head Wu’s face darkened.

No one said a word, but the people standing at the front all stretched their necks and looked into the shop.

District Head Wu was very speechless. How could he not know what these people were thinking? He immediately could not help but say, “Alright, go back quickly. Don’t say that I didn’t warn you. This senior wants to sell materials, so...”

Before he could finish speaking...

Everyone dispersed like bees and rushed down the stairs as fast as possible towards the warehouse area.

Zhou Hao and Qiao Ying’er walked over.

District Head Wu smiled dryly. “Sir, sorry. They are truly embarrassing.”

Zhou Hao waved his hand. “It’s fine. Let’s deal with the materials as soon as possible. I still have something to do.”

Upon hearing this, District Head Wu hurriedly said, “Alright, we’ll go to the warehouse now.”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 58 - 120 million

Chapter 58: 120 million

The group soon arrived at the warehouse area.

Because the body of an intermediate king-level demon beast was extremely large, there was naturally not enough space to store it in Qiao Ying’er’s warehouse. Therefore, District Head Wu brought Zhou Hao to the largest warehouse.

The other people who had rushed to Qiao Ying’er’s warehouse also moved to the new warehouse.

“Sir, should we chase them away?” Seeing that there were many people crowded at the entrance of the warehouse, District Head Wu couldn’t help but whisper.

“No need.”

Zhou Hao shook his head and waved his hand. With a bang, the corpse of the intermediate king-level demon beast, the Four-Winged Shadow Leopard, appeared in the warehouse.

“Ah, it’s the Four-Winged Shadow Leopard!”

“I know this beast. This is an intermediate king-level demon beast from Area 217. Last time, when the city was attacked by a beast tide, I even saw this demon beast myself. At that time, I was so frightened that I became paralyzed. I didn’t expect it to have been killed by this senior!”

“Too impressive, as expected of a peak-level grandmaster!”

“Yeah, I heard that even the grandmaster of our Underground Alliance Mall is unable to do anything to an intermediate king-level demon beast!”

They were all shocked.

Qiao Ying’er and District Head Wu were also stunned.

They thought that it was an ordinary king-level demon beast, but they did not expect it to be a Four-Winged Shadow Leopard. This was a flying demon beast comparable to a high king-level demon beast.

“S-sir, according to the market price, this Four-Winged Shadow Leopard is valued at about 60 million. How about I give you 60 million for it?” District Head Wu said carefully.

Zhou Hao had already sent a message to ask Grandmaster Zhen about the prices before coming here. After the Grandmaster Zhen received Zhou Hao’s message, he simply told Zhou Hao to just sell it at the market price.

Zhou Hao nodded. “Sure.”

The warehouse had staff and machines specially used to deal with the corpses, and it took nearly an hour for them to deal with the Four-Winged Shadow Leopard.

Next, Zhou Hao took out a tiger-type demon beast comparable to a high king-level demon beast. District Head Wu also quoted a price of 60 million.

As a result, Zhou Hao directly earned 120 million yuan for the materials he sold!

“Sir, happy working with you!” Qiao Ying’er walked forward with a smile and stretched out her fair hands.

Zhou Hao was in a good mood and shook Qiao Ying’er’s hand. “If there’s a chance, let’s continue working together.”

Qiao Ying’er said excitedly, “Thank you, sir, for your support!”

Zhou Hao smiled and turned to look at the dense crowd outside. He shook his head and soared into the sky, quickly disappearing.

...

When Zhou Hao returned to Yang Garden Residence, he saw that there was no one in the living room. He made a call and learned that his parents were buying things in the supermarket. He took the opportunity to soak the Life Stone in hot water.

A large amount of life essence fused with the hot water, causing the quality of the water to change.

Soon, Zhou Xueguo and Wang Shuyun returned with large and small bags.

“Little Hao, open the door!”

Opening the door, Zhou Hao could not help but say in surprise, “Dad, Mom, what’s the occasion today? Why did you buy so much food?”

Zhou Xueguo smiled and said, “Today is your parents’ wedding anniversary. In the past, our family was poor. Now that you’ve become successful, I’ll take advantage of your success to celebrate your mother’s birthday!”

Wang Shuyun said angrily, “You only know how to talk. I’m still the one who has to cook later!”

“Mom, why don’t you let Dad cook this once?” Zhou Hao chuckled.

“Alright, today will be the day I show both of you my cooking skills!” Zhou Xueguo agreed without hesitation.

Wang Shuyun was also happy to be able to relax.

Sitting on the sofa, while Zhou Xueguo was cooking, Zhou Hao handed the hot water the Life Stone was soaked in to his mom. “Mom, have a sip.”

Wang Shuyun happened to be thirsty and took a big sip.

Immediately, a cool aura spread throughout her entire body. She felt indescribably refreshed. Some old illnesses such as pain in her waist and legs seemed to have disappeared completely.

“Son, what... What kind of water is this?” Wang Shuyun asked in surprise.

“Mom, don’t worry about the water. You just need to know that it’s good stuff. How do you feel?” Zhou Hao asked.

Wang Shuyun couldn’t help but stand up. “I feel relaxed. It’s like I have become ten years younger!”

Zhou Hao became excited and handed the Life Stone to his mom. “Mom, I soaked this thing in the water you just drank. The effect is very good. In the future, you and Dad can just soak this in water and drink the water when you have nothing to do. With this, the old injuries on your body will quickly disappear and you can also strengthen your body!”

Wang Shuyun hesitated. “Son, this should be very precious, right?”

Zhou Hao said without thinking, “No matter how precious it is, it’s still not as important as Mom’s health!”

Wang Shuyun immediately felt happy.

“Alright, my son still dotes on me the most. Alright, I’ll accept it. I’ll soak it in the water I drink more often in the future.” She sat back on the sofa with a relieved smile.

Zhou Hao looked at the white hair on his mom’s head and thought to himself that with the help of the Life Stone, his parents’ health would only get better.

...

Chapter 59 - Start Of The Training Camp

Chapter 59: Start Of The Training Camp

At Qu City High School.

After a few days, the student name list for the focused training class that countless students were looking forward to finally came out.

Many students at the second level of blood essence who didn't participate in the combat test cursed and regretted when they saw that they weren't on the list.

"Look, that Zhou Hao from Class 4 is also on the list!"

"What? Is he that guy who got lucky and killed a mutated beast in the previous combat test?"

"That's right, that's him. I can't believe that the school leaders have such poor judgment! Such a person is allowed to enter the training class but they reject us even though we have second level blood essence."

"Yeah, I think this focused training class is only so-so!"

Many students were jealous. In fact, they all knew that with the involvement of the school leaders and the bureau leaders, the focused training class would definitely provide a lot of cultivation resources. It could be said that this was a chance for them to rise to the top.

Everyone wanted to seize the opportunity, but unfortunately, it was too late for them and they could only regret.

Ring ring.

After class, the homeroom teachers of the various classes called the students on the name list out.

Only Zhou Hao, Xu Ling, and Zhang Yi were chosen out of all the Class 4 students. After they left the classroom, many students were envious.

"I wonder where we are going?" Zhang Yi whispered as he followed behind the homeroom teacher.

Zhou Hao shook his head. "I'm not sure either."

Xu Ling glanced at Zhou Hao. "We are going to the virtual training room. This is a training room with the most advanced technology. It's said to be a replica of the technology used in the Yanjing Training Camp. It can make people feel like they're really fighting the foreign races in the wilderness!"

The homeroom teacher seemed to have heard their conversation. He turned around and smiled. "Xu Ling is right. The training class will be held in the newly built virtual

training room. In the future, the three of you will have five hours a day to train inside. The person in charge of training you will be Instructor Shen!"

"All of you, work hard. This is a huge opportunity that will change your lives."

At this point, the homeroom teacher looked at Zhou Hao. "Zhou Hao, among the three of you, you are the weakest. You have to work harder. Otherwise, if your results are too poor, you will be disqualified from the training class!"

Zhou Hao was stunned. "You'll even be disqualified?"

"Of course, the school didn't spend so many resources just to let you play in there. Tests will be carried out every day in the virtual training room, and there will be a major test at the end of the month. The ones with the worst results will be disqualified!"

The homeroom teacher became solemn. "Although a moment of luck allowed you to enter the training class, if you don't work hard and seize this opportunity, you will still be disqualified!"

"Got it!"

Zhou Hao shrugged. He was not worried about being disqualified.

Xu Ling looked at Zhou Hao and thought to herself that she had to supervise him. She couldn't let him slack off.

Not long after, the group arrived at the 4th floor of Building 5.

After entering an extremely spacious classroom, they saw that many students on the list had already gathered.

Other than the students on the list, there were five other men and women. Their ages were similar to Zhou Hao and the others, but the arrogant aura they exuded was incompatible with the students of the other classes.

After Zhou Hao and the other two entered the room, Instructor Shen clapped his hands. "Alright, everyone is here. There are a total of 36 students from Qu City High School in the focused training class. Including the 5 people I transferred from Yanjing City, there are 41 people in total!"

"In other words, from today onwards, all 41 of you will be under my supervision!"

As he spoke, he looked at Yuan Cheng, Yun Yan, and the others. "First of all, let me introduce the five students here. They are genius students from the Yanjing Training Camp. Each of them has reached the level of an intermediate-level martial artist and their combat strength is comparable to a high-level martial artist."

Whoosh.

As soon as he said this, the other students, including Xu Ling, Zhang Yi, and the others, all looked at the five transfer students.

“They’re actually from the Yanjing Training Camp!”

“That’s the most outstanding training camp in the entire country. Many grandmasters were nurtured there!”

“It’s said that they only recruit martial artists, and they have to be below 18 years old!”

“They’re too impressive. Their ages are about the same as ours, and yet they’re already intermediate-level martial artists!”

“Yeah, they’re indeed worthy of being geniuses from the Yanjing Training Camp.”

All of them discussed animatedly and could not conceal their shock.

The most outstanding of them, Xu Ling, had only reached the third level of blood essence. Compared to these geniuses, she was like a firefly while they were like the bright moon.

Fang Yu saw the reactions of the other students and curled his lips in disdain. “A bunch of country bumpkins. How ignorant!”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 60 - Virtual Training Room

Chapter 60: Virtual Training Room

Fang Yu’s voice was not loud, but the other students still heard her and the discussion came to an end.

The expressions of Xu Ling and the other students changed.

Some of the students revealed anger, but most of the students did not care and felt that the other party was right. After all, they were only from Huadong City.

Instructor Shen's voice sounded again. "Silence."

The discussion instantly disappeared again.

"You should have all received the news that the main part of the training class is virtual combat training. For this, I have specially applied for special technology from the Yanjing Training Camp and have already completed the construction. In addition to virtual combat training, the school will also distribute three Blood Essence Pills free of charge every month and special high-level forging techniques to each student to increase your strength and blood essence."

As soon as he finished speaking, the eyes of many students lit up.

Before coming, they all knew that the school would allocate resources, but they did not expect the school to be so generous to actually distribute three Blood Essence Pills for free every month!

Moreover, they even provided high-level forging techniques!

It had to be known that on the market, ordinary forging techniques cost tens of thousands of yuan, and high-level forging techniques cost at least hundreds of thousands of yuan!

Even Xu Ling, who came from a rich family, found it very difficult to obtain high-level forging techniques. This was because high-level forging techniques were customized based on one's own personal condition.

"Of course... There's no such thing as a free lunch in this world. Although you guys have entered the focused training classes, it does not mean that you can slack off. Every day, the training class will set up a ranking list based on the points you score. At the end of the month, there will also be another examination. The three students with the lowest points will be disqualified from the class and the whole school will be notified of it." Instructor Shen said indifferently.

Then, he added, "We start from today!"

Many students' expressions changed drastically when they heard this.

Just being disqualified from the training class was already embarrassing for them. If the news were to be announced to the entire school, they would probably have to live in shame for the rest of their lives.

Therefore, at this moment, everyone secretly made up their minds. They had to work hard!

Among all the students, only the five new transfer students and Zhou Hao acted very relaxed.

“Come with me.”

As Instructor Shen spoke, he left the classroom first and turned to walk upstairs.

The other students followed closely behind. However, they were no longer as excited as before. Instead, they were all extremely nervous.

In the virtual training room on the seventh floor.

As soon as Zhou Hao and the others entered, they felt as if they were in the environment of future technology. High-tech equipment was everywhere in the room, and the ceiling looked like a starry sky.

Yuan Cheng, Yun Yan, and Fang Yu were already familiar with the virtual training room. One by one, they casually walked into the oval machines that were similar to nutrition cabins.

Instructor Shen took the opportunity to say, “Those virtual cabins are the equipment you train with. As long as you sit in them, the equipment will automatically scan your mental waves and link you to the virtual network.”

As he spoke, he clapped his hands. “Alright, quickly get in. I’ll give you guys some time to adapt. The combat exercise will begin in half an hour! Your results will be counted towards the total points.”

Swoosh! Swoosh!

When the other students heard this, they hurriedly went into the virtual cabins.

Zhou Hao was last in line and walked to the remaining one in the corner.

Just as Instructor Shen had said, as soon as he stepped into the virtual cabin, the surrounding environment immediately changed.

Zhou Hao suddenly found himself in the wilderness area outside Huadong City. Next to him were Xu Ling, Zhang Yi, and the other students. They looked around curiously and nervously. Only Yuan Cheng, Yun Yan, and the others remained calm.

“A bunch of newbies. I feel insulted just by standing beside them!”

“Heh heh, they probably haven’t even met a low-level warrior from the foreign races. They’re probably just students who never experienced real combat!”

“I bet that when the training begins later, these newbies will definitely piss their pants!”

“Haha, they will definitely be scared silly!”

“Tsk tsk, Let’s enjoy the show.”

Fang Yu and the others laughed as they mocked the other students.

Yuan Cheng and Yun Yan looked at the surrounding students and couldn’t help but shake their heads. These people were indeed too inexperienced.

Xu Ling was the most calm. After all, she had participated in the joint training of other schools and had fought with the mutated beasts and foreign races in the wilderness before.

“This seems to be the wilderness area outside the South Station,” Xu Ling couldn’t help but say as she looked at her surroundings.

“It’s the South Station,” Zhou Hao replied subconsciously. He had participated in the cleanup operation these past few days and had basically familiarize himself with the wilderness area.

Xu Ling could not help but glance at Zhou Hao. “How did you know?”

Zhou Hao said indifferently, “I guessed.”

Xu Ling rolled her eyes.

Whoosh.

Suddenly, beams of energy fell from the sky and enveloped Xu Ling and the other students.

Their clothes immediately turned into tights.

Many female students, including Yun Yan, Fang Yu, and Xu Ling, revealed their perfect figures.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 61 - Arrogant

Chapter 61: Arrogant

Swoosh! Swoosh! Swoosh!

All the male students' gazes moved towards Yun Yan, Fang Yu, and Xu Ling. The three of them had voluptuous figures that were very provocative.

Xu Ling's face immediately turned red and shy. She hurriedly hugged her chest with both hands, as did the other female students.

As for Yun Yan and Fang Yu, they were calm and did not do a thing.

At this moment, Instructor Shen's figure appeared. He swept his gaze over and said, "This is a high-level protective suit. When you break through to become a martial artist or even a master, this kind of protective suit will be indispensable. Therefore, get used to it as soon as possible. Don't be shy."

He lowered his head to look at the time. "In twenty minutes, the combat practice will begin. You can team up or go alone. Your points will be based on the number of mutated beasts and foreign races you kill. Of course, since this is your first time dealing with them, I suggest that you work together."

With that said, his figure disappeared.

Xu Ling bit her lower lip and let go of her arm.

Zhou Hao looked over.

"What are you looking at?!" Xu Ling glared at Zhou Hao with a red face.

Zhou Hao pursed his lips angrily and turned to look at Yun Yan and Fang Yu. Among them, Yun Yan's aura was the most outstanding and her figure was almost perfect.

Slap!!

All of a sudden, Xu Ling slapped Zhou Hao's shoulder.

"Don't look at them!" She bit her lip.

Zhou Hao was speechless. "Xu Ling, did I offend you recently?"

Xu Ling snorted. "In any case, you're not allowed to look. Rather than thinking about such things, why don't you start thinking about what to do during the combat practice?"

Zhou Hao said indifferently, "What is there to think about? We just need to charge at them!"

"You!" Xu Ling stomped her foot angrily.

"Alright, I was just joking with you. You, and Zhang Yi and I are all from Class 4, so we naturally have to work together. You have to help us out a little later!" Zhou Hao's tone changed as he smiled.

Zhang Yi walked over and nodded in agreement. "Xu Ling, Zhou Hao is right."

Xu Ling also knew that they were more familiar with each other since they were in the same class. Moreover, the students from the other classes were all gathered together, forming small cliques amongst themselves.

"Alright, the three of us will be in the same group. Zhang Yi, you'll be in charge of defense, and I'll be in charge of killing the mutated beasts and the foreign races!" As Xu Ling spoke, she glared at Zhou Hao. "As for you, you'll be in charge of staying alert and warning us of any danger!"

Zhou Hao immediately said, "Xu Ling, you're underestimating me too much. After all, I've killed a mutated beast before!"

Xu Ling said disdainfully, "Are you really bringing that up? Don't you remember how you killed him?!"

Zhou Hao couldn't be bothered to retort.

On the other hand, Yuan Cheng, Yun Yan, and the others smiled and said, "This is our first combat practice at Qu City High School. Let's perform well and show these students of Qu City High School what it means to be a true genius!"

Fang Yu nodded. "Agreed. I can't wait to see the dumbfounded expressions of these bumpkins!"

The other two boys laughed and said, "I think we should restrain ourselves a little and not shock them too much!"

They spoke openly, so Xu Ling, Zhang Yi, and the other students naturally heard it.

"How arrogant!"

“It can’t be helped. They’re geniuses from the Yanjing training camp. Didn’t you hear Instructor Shen say that each of their combat strengths is comparable to a high-level martial artist?”

“Yeah, they have the strength to be arrogant.”

They sighed softly.

Xu Ling frowned. She could not stand Fang Yu’s arrogant attitude, but she also knew that if they were to really compete, the five of them could indeed crush them.

However, there were still students who were furious and shouted, “What are you being cocky for? Our Qu City High School’s peerless genius is even able to kill a high-level demon general!”

Upon hearing this, the other students reacted and their eyes lit up.

“That’s right. Our Qu City High School is not weak either. Our genius was able to kill three high-level demon generals!”

“Even a high-level grandmaster like Instructor Shen is no match for a high-level demon general. If our peerless genius took action, these Yanjing geniuses wouldn’t even be qualified to compete against him!”

“That’s right!”

Many students immediately shouted.

When Fang Yu heard this, she could not help but sneer. “Haha, you guys sure are good at making up lies? Peerless genius? Pfft, to be able to kill a high-level demon general, one has to at least have the strength of a grandmaster. Given how terrible your school is, it’s already not bad if you guys can deal with low-level demon warriors!”

The other two boys also laughed.

“Fang Yu, don’t discourage them. You have to let him dream!”

“Haha, I’ve seen people brag, but I’ve never seen anyone brag so ridiculously. Let them dream. In a while, they’ll see the difference between dream and reality!”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 62 - Chaos!

Chapter 62: Chaos!

Facing the ridicule and disdain from Fang Yu and the other Yanjing geniuses, the students from Qu City High School who were participating in the focused training class all glared at them and clenched their fists tightly, looking as if they were prepared to fight the Yanjing geniuses to the death.

Previously, they did not feel anything when Fang Yu and the others mocked and belittled him. After all, the other party had the strength to be arrogant, but now, Fang Yu and the other geniuses were actually belittling the peerless genius in the school.

This had crossed their bottom line.

It made them explode in an uproar.

It had to be known that they all worshiped and respected the hidden peerless genius of the school from the bottom of their hearts. To a certain extent, their respect towards the peerless genius even surpassed their respect towards their teachers and Instructor Shen of the school.

After all, that peerless genius had single-handedly killed three high-level beast generals. Not only had the genius saved their lives, but he had also saved the lives of countless other students in the school.

It could be said that the peerless genius was their second parent.

How could they tolerate their second parent being insulted?!

Seeing the other students' reaction, Fang Yu continued indifferently, "What? Do you want to fight it out?"

Another fat boy, Lei Jinpeng, waved the saber in his hand heavily forward and sneered, "You guys think you can take us? I'll fight all of you at once. If I take more than ten seconds to defeat all of you, I'll consider it to be your victory!"

The students of Qu City High School, including Xu Ling, were even more furious.

They were simply too cocky.

A student could not help himself and said, "Fine, Let's go. Even if I end up being ranked last, I'll drag you down with me!"

The other students chimed in.

Yuan Cheng and Yun Yan shook their heads secretly when they saw this scene. Although Fang Yu and the others had indeed gone overboard with their words, they still thought that these students from Qu City High School were really overestimating their capabilities. In a situation where the difference in strength was too great, rashness and anger alone were unable to resolve the problem.

“Did Instructor Shen transfer us here to nurture this group of people?!” Yuan Cheng and Yun Yan looked at each other and were extremely disappointed.

Chi! Chi!

Just as the group was about to fight, red-eyed rabbits suddenly appeared from the surrounding weeds. These rabbits had huge teeth that protruded from both sides of their mouths, making them look abnormally hideous.

“Not good, it’s the Violent Tooth Rabbit!”

Most of the students were shocked and panicked.

The Violent Tooth Rabbit was not a mutated beast like the Tusk Boar. Instead, it was a true low-level demon warrior.

“Run!”

A student shouted.

As soon as they heard this, many students turned around and fled.

Facing a low-level demon warrior, their first reaction was to flee.

Fang Yu and the other Yanjing geniuses laughed when they saw this. “Haha, I’ve really overestimated you guys. A group of low-level demon warriors actually scared you away!”

Xu Ling, Zhang Yi, and the others looked ashamed, so they immediately stopped.

However, the other students still ran for their lives, not daring to stop at all.

Pu! Pu!

At this moment, Yuan Cheng, Yun Yan, and the other transfer students attacked.

The sabers in their hands brought with them an afterimage as they killed all the Violent Tooth Rabbits that pounced over. Their movements were clean and sharp.

In less than ten seconds, more than half of the thirty-plus Violent Tooth Rabbits had been killed by the five of them!

However, there were still three to four Violent Tooth Rabbits that pounced towards Xu Ling, Zhang Yi, and Zhou Hao's temporary team.

"Zhang Yi, get ready to help me!" Xu Ling shouted. Seeing that Yun Yan and Fang Yu had easily killed the Violent Tooth Rabbit, she was a little unwilling to lose to them.

Zhou Hao, who was hiding behind, stretched his back. These low-level demon warriors were similar to ants to him. If he circulated his blood essence slightly, he would be able to kill them.

Therefore, he felt rather bored looking at the nervous Zhang Yi and Xu Ling. However, he did not plan to attack. After all, they were only low-level demon warriors. With Xu Ling and Zhang Yi's strength, as long as they calmed down, they would be able to deal with them easily.

"Xu Ling, take the left!"

Although Zhou Hao did not plan to attack, he had not forgotten the task Xu Ling had assigned him. He shouted without even looking.

Xu Ling subconsciously turned to the left and saw that there was no sign of the Violent Tooth Rabbit at all. She could not help but turn around and glare at Zhou Hao. "Why are you still joking at a time like this!"

"Be careful!" Zhang Yi suddenly shouted. At the same time, he took a step forward and blocked in front of Xu Ling.

However, Zhou Hao was even faster.

He stretched out his hand and pulled Xu Ling towards him.

"What are you doing?!"

Xu Ling almost bumped into Zhou Hao's chest, her beautiful face revealing embarrassment and anger.

Swoosh! Swoosh!

Right then...

The two Violent Tooth Rabbits that were pouncing towards them suddenly made a turn. Their figures actually pounced towards them from the left.

Zhang Yi hurriedly blocked with his saber.

However, the attack of the Violent Tooth Rabbit was too fast and violent, and it actually threw Zhang Yi to the ground.

It was only at this moment that Xu Ling reacted. She ignored her embarrassment and anger, raised her saber, seized the opportunity, and slashed straight at the Violent Tooth Rabbit's neck.

Rip!

Blood splattered as the Violent Tooth Rabbit's head fell.

Xu Ling did not look relieved at all. She kicked with all her strength and sent the other Violent Tooth Rabbit that was biting Zhang Yi's protective suit flying.

Zhang Yi slapped the ground and jumped to his feet.

Pu! Pu!

The two of them immediately worked together and killed the other Violent Tooth Rabbits.

Of the four that had pounced over earlier, two rushed towards the other Wang Ming, Li Ji, and the others.

"Phew, that was close!"

Xu Ling patted her bulging chest.

Zhang Yi nodded and said in fear, "That's right. Fortunately, you reacted quickly. Otherwise, I would have died!"

The Violent Tooth Rabbit's teeth were extremely sharp. Even coming into contact with them would cause one's skin to be pierced.

Although this was a virtual training environment, everything still felt very real.

Xu Ling looked at Zhang Yi and shook her head lightly. "I should be the one thanking you. If you hadn't helped me out by blocking in time, I would have been the one who would have been pounced on!"

Zhang Yi waved his hand. "Xu Ling, that wasn't me. That was Zhou Hao. Don't forget that he was the one who reminded you to watch your left!"

Xu Ling then remembered Zhou Hao's reminder. She could not help but turn around. "Zhou Hao, how did you know that the Violent Tooth Rabbit would attack us from the left?"

"Of course it was a guess. Do you even need to ask?" Zhou Hao said without thinking.

Xu Ling's expression darkened as she raised her fist and punched Zhou Hao's shoulder.

Zhou Hao pretended to be in pain. "Be gentle!"

"If you don't want me to hammer you to death, you better tell the truth!" Xu Ling shouted.

"Ahem... I'll be honest, so don't do anything rash." Zhou Hao laughed dryly. "Actually, I just wanted to take advantage of you during the chaos!"

Xu Ling immediately understood and her face turned red. She raised her foot and kicked Zhou Hao. "Shameless!"

At this moment, Yuan Cheng, Yun Yan, and the others, who had finished killing the Violent Tooth Rabbits, walked over.

Upon seeing this scene, Fang Yu could not help but sneer, "I'm really impressed. To think these two would dare to flirt in the wilderness. They're indeed a bunch of rookies!"

Chapter 63 - This Is The Effect I Want

Chapter 63: This Is The Effect I Want

Lei Jinpeng laughed. "This should be Xu Ling. It's said that she's the best student in Qu City High School. Now it seems that she's not too bad. I can't say the same for her taste in men!"

Xu Ling's expression changed, but before she could speak, a voice sounded beside her.

"I don't know if Xu Ling's taste in men is bad, but I do know that you guys are pretty distasteful!"

Swoosh! Swoosh!

Fang Yu and Lei Jinpeng's gazes moved to Zhou Hao.

"Hmph, a first level blood essence trash dares to speak?" As she spoke, she took a step forward and instantly crossed to Zhou Hao. She raised her hand and waved it down.

Bang.

Xu Ling reacted quickly. She hurriedly grabbed Fang Yu's arm and stopped her palm beside Zhou Hao's face.

Zhou Hao's expression did not change. He would have been able to dodge it instantly anyway.

However, this scene made Fang Yu sneer.

She retracted her palm and turned around to look at Xu Ling. "You're really degrading yourself by defending such trash. I was only testing you just now. This trash was probably shocked silly when I did that!"

As she spoke, she dusted her hands and said disdainfully, "Don't worry, I won't go so far as to bully a piece of trash."

Lei Jinpeng shrugged. "Sister Fang, let's go. It's really meaningless to waste our time with such a group of newbies. Let's go bully the demon beasts!"

Yuan Cheng and Yun Yan were already walking in front.

Fang Yu, Lei Jinpeng, and the other transfer student quickly followed.

Looking at their figures, Zhang Yi gritted his teeth and said, "They're too much!"

Xu Ling's eyes were cold. "They're only a few steps ahead of us. If we work hard, we'll catch up sooner or later!"

Zhang Yi nodded heavily.

"Zhou Hao, are you alright?" Seeing that Zhou Hao was still stunned on the spot, Xu Ling could not help but ask softly. She was still a little touched by Zhou Hao defending her just now.

Zhou Hao smiled. "I'm fine."

Xu Ling did not say anything else. "Let's go and kill the demon beasts. Let's try to find some lone demon warriors to hone our teamwork."

...

In the virtual training room.

Instructor Shen, Principal Zheng, and the others stood at the podium and looked at an electronic screen that showed the footage of every student.

“Instructor, these Yanjing geniuses are really not bad. Moreover, they work together very well and are extremely vigilant. Even when facing a low-level demon warrior like the Violent Tooth Rabbit, they don’t relax at all.” Department Director Hong, who was standing at the side, had praise in his eyes.

The dean nodded in agreement and sighed. “That’s right. As expected of students from the Yanjing Training Camp. The Yanjing Training Camp truly is far superior to our Qu City High School in all aspects.”

Instructor Shen said indifferently, “It’s nothing. Be it resources, technology, or teachers, the training camps in Yanjing are all top-notch in the country. They’re also ranked at the forefront of all the cities in the world. If these students from the Yanjing Training Camp weren’t well nurtured, it’ll simply be a humiliation to our country!”

“Although these guys aren’t top-notch geniuses, they all have good potential and are ranked at the top of the list in the Yanjing Training Camp.”

Department Director Hong, the dean, and Principal Zheng finally understood.

“Of course...” Instructor Shen’s tone changed as he revealed a smile. However, his eyes were burning with passion.” Compared to that peerless genius from our Qu City High School, they’re still far inferior! ”

Hearing this, Principal Zheng and the others immediately smiled proudly.

After all, it was true.

Yuan Cheng and the other geniuses were strong and had outstanding performances in various aspects, but they still only had the strength of intermediate-level martial artists and were comparable to high-level martial artists.

As for the peerless genius of Qu City High School, he was an existence that could kill high-level demon generals.

“Instructor Shen, do you think that the peerless genius is really on the list?” Principal Zheng couldn’t help but ask.

The purpose of establishing the focused training class this time was not only to nurture that peerless genius. In fact, they all knew very well that the so-called cultivation resources of the training class were really of little value to that genius.

Instructor Shen stared at the screen and said confidently, "Don't worry, that genius must be among these people. After the two assessment competitions, I already have some ideas."

Seeing that Instructor Shen knew what to do, Principal Zheng could not help but feel relieved.

On the other hand, the dean was somewhat worried. "Instructor Shen, this is the first time that the students have ever participated in a virtual combat training. I'm afraid that they will perform poorly. If they compare themselves to geniuses like Yuan Cheng, they will very likely suffer a huge blow."

"It's fine. This is the effect I want. Only by being pressured can you truly unleash your potential," Instructor Shen said indifferently.

...

Chapter 64 - Combat Talent

Chapter 64: Combat Talent

In the virtual environment.

The students of the training basically teamed up with the students of their own classes. Each team had three to five students, and they were barely able to handle the low-level demon warriors who were alone.

Once the number of low-level demon warriors exceeded five, the teams would end up in a sorry state.

Some teams were even wiped out in ten minutes.

Principal Zheng, who was staring at the screen, looked embarrassed. The dean's face also turned pale.

Zhou Hao, Xu Yi, and Xu Ling moved slowly vigilantly beside the weeds.

The deeper into the wilderness they were, the more they understood that the blood essence realm did not mean combat strength. For example, Xu Ling had already reached the third level of blood essence and was very close to reaching the peak. If she went all out, it would not be difficult for her to kill low-level demon warriors.

However, the fact was that she could at most handle two low-level demon warriors.

On the other hand, Zhang Yi performed slightly better. He had second level blood essence, but he was able to easily kill a low-level demon warrior. Moreover, the more dangerous the situation, the calmer he became.

“This is probably what they call combat talent!” Zhou Hao thought to himself as he looked at Zhang Yi, who was walking in front.

Swoosh! Swoosh!

The weeds swayed.

Zhang Yi immediately stopped and stretched out his hand.

Xu Ling nodded and walked towards Zhang Yi.

Zhou Hao, who was standing behind the two of them, had long figured out the situation in the weeds. Because there were only a few mutated beasts, he couldn't be bothered to tell them.

A moment later, several corpses appeared beside Xu Ling and Zhang Yi.

Their foreheads were covered in sweat. Clearly, even mutated beasts made them extremely nervous.

They looked at the relaxed Zhou Hao.

Xu Ling could not help but be furious. “Zhou Hao, at least try to help out!”

Zhou Hao said helplessly, “Xu Ling, you were the one who asked me to be on alert and warn you guys if anything happened!”

“You... fine. You can join in on the action later,” Xu Ling snorted.

“Alright, but you have to take care of me. After all, I'm too weak!” Zhou Hao was not worried about being looked down on at all.

Xu Ling also knew that it would be difficult for Zhou Hao to participate in killing the demon beasts. She immediately nodded. "I'll try my best."

The three of them continued to move forward. As they entered the depths of the wilderness, the flourishing weeds gradually disappeared. Huge ancient trees blocked the sky and sun, causing the light to dim.

"Be careful. This place should be at the boundary of the demon beast area." Xu Ling's cold face was full of vigilance. Her gaze kept sweeping around as she tightly gripped the saber in her hand.

Zhang Yi was the same.

Only Zhou Hao looked very relaxed.

It couldn't be helped. He was too powerful. Even if he wanted to pretend to be nervous, it was impossible for his body to be as tense as Xu Ling and Zhang Yi.

Roar!

Waves of roars sounded from the distance. The somewhat sinister environment seemed very terrifying.

Zhou Hao's ears twitched as he reminded softly, "Xu Ling, Zhang Yi, don't keep looking around!"

Xu Ling could not help but turn around and glare at Zhou Hao. "If we don't look around, where can we look? Also, keep your voice down. Don't attract the demon warriors!"

Zhou Hao was speechless. He poked his finger up. "Don't forget that we're still under a tree!"

Xu Ling reacted and hurriedly looked up.

When she did, her face turned pale with fear.

On the branches of the ancient trees around them, there were three green pythons looking at them coldly with their scarlet tongues.

"Zhou, Zhou Hao, you jinx!" Xu Ling's body was tense to the limit as she stared fixedly at the three green pythons.

Zhang Yi also noticed the pythons at this moment and quickly calmed down. "It's an intermediate-level demon warrior, the Fire Pattern Green Python. What should we do?"

Xu Ling gritted her teeth. "What else can we do? Run! We need to try our best to escape!"

Zhang Yi nodded, his eyes revealing determination. "Xu Ling, Zhou Hao, you two run first. I'll stay behind to attract more attention."

"No, it's too dangerous. You won't survive if you stay!" Xu Ling refused decisively.

Zhou Hao could not help but look at Zhang Yi again. He did not expect Zhang Yi to have such a self-sacrificing personality. If he maintained this personality in the real wilderness, he would be very welcomed by any martial artist team.

"It's fine. It's just a virtual battle anyway, not real. At most, I'll lose some points!" Zhang Yi smiled and said, "Alright, don't waste time. Run!"

Zhou Hao shrugged and couldn't help but say, "Zhang Yi, Xu Ling, stop wasting your time arguing. None of us will be able to escape. The Fire Pattern Green Python is a rare type of snake that travels in packs. There are definitely more than just three of them around!"

As soon as he said this, Xu Ling and Zhang Yi's expressions changed drastically.

Only then did they remember that their teacher in the Foreign Race Biology Class had once mentioned the habits and characteristics of the Fire Pattern Green Python.

"We have to give it our all!" Zhang Yi gritted his teeth.

"I'll kill as many as I can!" Xu Ling's pretty face froze. Only when she got to a desperate situation where she could no longer retreat would her potential be activated.

However, Zhou Hao was the first to turn around and run.

Xu Ling and Zhang Yi were both speechless.

"This coward!"

Xu Ling gritted her teeth in anger.

- Chapter 65 - You're About to Die, Let Me Hug You

Chapter 65 - You're About to Die, Let Me Hug You

Chapter 65: You're About to Die, Let Me Hug You

However, soon, Zhou Hao's voice sounded. "What are you all waiting for? Why aren't you guys running? The Fire Pattern Python doesn't leave the trees easily. If we're lucky, we should be able to escape!"

Xu Ling and Zhang Yi's eyes lit up when they heard this. Without thinking, they turned around and ran.

"Zhou Hao, you disloyal fellow. Didn't you say just now that none of us would be able to escape?!" As Xu Ling ran, she did not forget to lecture Zhou Hao.

"Sorry, I didn't really pay attention in Biology Class. I almost forgot about the other habits of the Fire Pattern Green Python!" Zhou Hao said with a smile.

Swoosh! Swoosh!

As soon as the three of them ran, the Fire Pattern Green Pythons on the ancient tree moved. Its long and narrow body nimbly intertwined with the ancient trees. Then, they jumped out like monkeys at an extremely fast speed.

Two of them attacked Zhou Hao.

"Damn, don't chase me!" Zhou Hao did not know if anyone was watching this virtual combat training, so he did not want to reveal his strength. Instead, he pretended to be flustered like in the assessment competition.

After running for a few steps, he staggered and fell to the ground.

As the Fire Pattern Green Python pounced over, Zhou Hao coincidentally stepped on the saber that was still on the ground. The saber bounced up and directly killed the Python.

He did something similar to kill the other python.

After dealing with the two pythons, he narrowed his eyes and quickly rushed towards Xu Ling.

Soon, Xu Ling saw Zhou Hao.

"Xu Ling, save me! Two green pythons are chasing me!" Zhou Hao hurriedly shouted.

“Zhou Hao, you bastard!” Xu Ling cursed angrily.

Zhou Hao rushed to a spot not far from Xu Ling and pretended to trip as he pounced on her. At the same time, his palm suddenly slapped his saber, causing it to fly in an arc and stab into the head of another python.

“Get lost!” Xu Ling pushed Zhou Hao away forcefully, her pretty face filled with embarrassment and anger.

Zhou Hao could not help but say, “It’s really soft.”

Xu Ling was extremely embarrassed and furious. She kicked Zhou Hao’s leg. “Zhou Hao, if you continue to do this, I’ll definitely ignore you in the future!”

Seeing that Xu Ling was indeed angry, Zhou Hao hurriedly explained, “Xu Ling, I really didn’t do it on purpose!”

Xu Ling gritted her teeth. Of course, she could tell that Zhou Hao only fell on her because he had tripped. However, she was still furious that Zhou Hao had taken advantage of her. However, the situation was critical now, and she couldn’t continue to lose her temper.

Swoosh! Swoosh!

The other Fire Pattern Green Pythons circled around the ancient trees and chased after them.

“What are you waiting for? Run!” Xu Ling kicked Zhou Hao and pulled him away.

Zhou Hao pretended to come back to his senses and grabbed the saber.

The two of them seemed to be fast, but they were actually much slower than the Fire Pattern Green Pythons. It did not take long for them to be surrounded by the four Fire Pattern Green Pythons.

“I don’t think we can get away.” Xu Ling smiled bitterly and sighed.

Zhou Hao smiled. “It’s good that I get to die with you.”

Xu Ling rolled her eyes angrily. “Screw you. All you know is how to talk glibly.”

Zhou Hao saw a Fire Pattern Green Python pounce towards them from behind Xu Ling and immediately said, “Xu Ling, since we’re about to die, let me hug you.”

Before Xu Ling could react, she was already in Zhou Hao’s arms..

Boom.

The python that pounced over directly collided with the tip of the saber Zhou Hao raised.

The momentum behind its pounce pushed Xu Ling down onto Zhou Hao.

“You’re still...” Xu Ling was about to curse when she felt a heat flow from her neck. She couldn’t help but turn her head and see the head of the Fire Pattern Green Python hanging down.

Zhou Hao said innocently, “Xu Ling, this really has nothing to do with me.”

Xu Ling was ashamed, angry, and afraid, but she did not blame Zhou Hao anymore. “Get up quickly.”

After the two of them got up, Xu Ling suddenly saw another python pounce over from behind Zhou Hao. She hurriedly grabbed her saber and slashed out without thinking.

Zhou Hao actually knew everything that was happening around him like the back of his hand. Seeing Xu Ling attack, he hurriedly turned around and retreated before pushing Xu Ling’s shoulder lightly.

Immediately, a huge force was transmitted onto Xu Ling’s saber.

Rip!

The saber cut through the python like tofu.

The remaining two pythons also pounced over. Zhou Hao used the same trick and helped Xu Ling kill them both.

At this point, the four intermediate-level demon warriors had all died.

Xu Ling looked at the four python corpses in a daze and said in disbelief, “Did... Did I kill them?”

Zhou Hao chuckled and said, “Of course. Who else could it be but you? Xu Ling, when did you become so powerful? Don’t tell me you broke through and became a martial artist?”

Xu Ling regained her senses. “Do you really think it’s that easy to become a martial artist? Forget it, you won’t understand anyway. Let’s hurry up and find Zhang Yi!”

Chapter 66 - Breaking the Record

Chapter 66: Breaking the Record

Only half an hour had passed since the virtual combat training began.

Other than Zhou Hao and Xu Ling, the rest of the students from Qu City High School had been wiped out. As expected, none of the five Yanjing geniuses had been eliminated.

In the training room, everyone was wailing.

“It’s too difficult!”

“That’s right. There are too many demon warriors in the wilderness. We can’t handle them all!”

“Hai, we should have listened to Instructor Shen. We should have all stayed together.”

“It’s too late to regret now. Fortunately, everyone has been eliminated, so our points should all be pretty similar.”

The students sighed one after another. After they left the virtual cabin, they were shocked to discover that there were still seven people training in the virtual cabin.

“It’s Yuan Cheng and the others!”

“Although I don’t like them, the difference in our strength is indeed huge!”

“It can’t be helped. They came from the Yanjing training camp.”

“Eh? That brat Zhou Hao is also still inside!”

Someone quickly noticed that Zhou Hao’s virtual cabin was still flashing with green lights. Clearly, the other party was still in the virtual environment.

“Damn, we’ve all been eliminated. Why is Zhou Hao still alive?”

“Could he have found a place to hide?”

“The wilderness area is filled with danger. Where can he hide?”

“Tch, there’s so much grass. You can just crawl somewhere and do nothing.”

Most of the students in the focused training class had a deep impression of Zhou Hao.

The reason was very simple.

Zhou Hao was the weakest in his class and had relied on luck to kill the Tusk Boar.

Therefore, when they saw that Zhou Hao was not eliminated, many students' first reaction was that Zhou Hao had found a place to hide.

This was the only way for them to explain why the other party was still alive.

After all, they had just experienced the danger of the wilderness area.

"Zhou Hao isn't hiding. He formed a team with me and Xu Ling. Stop being so sarcastic!" Zhang Yi said angrily.

As soon as he said this, the other students came to a realization.

"So he's with Xu Ling. I was thinking that with Zhou Hao's strength, he would probably be the first to be eliminated!"

"Hmph, relying on a woman... How embarrassing!"

"Why would Xu Ling help that guy?"

"They're in the same class after all."

Many people mocked and ridiculed. They all felt annoyed that Zhou Hao was still alive.

"Silence!"

Suddenly, a deep voice sounded in the training room.

Only then did the students notice Instructor Shen, the dean, Principal Zheng, and the others standing on the podium.

All of them immediately shut up.

Principal Zheng was the first to speak. "Your performances are too disappointing. The level of danger in this virtual combat training is very low, and yet you guys didn't even last for half an hour. If you guys had been in the wilderness outside the city, all of you probably wouldn't even survive for ten minutes!"

The students lowered their heads in shame.

Principal Zheng shook his head and sighed. "When the results are out, open your eyes and watch carefully!"

Time passed slowly. Another hour later, Yuan Cheng and the others were eliminated one after another.

As time passed, the danger level gradually increased.

Therefore, being able to last for an hour and a half was already very outstanding even for the students from the Yanjing Training Camp.

"Not bad, not bad. We actually exceeded an hour and a half. Looks like everyone has improved!" Yuan Cheng and the others left the virtual cabin. When they saw the number displayed beside the green light, they couldn't help but laugh.

Fang Yu swept his gaze around and saw a dense group of students standing. She immediately sneered, "Yo, you're all out?"

Lei Jinpeng laughed. "You guys didn't even last half an hour. Is that all you guys are capable of?"

Facing Fang Yuan's sneer, many students were silent.

However, just as Fang Yu was about to continue mocking them...

Suddenly, an electronic synthesized voice sounded from two virtual cabins. "Congratulations to the Qu City High School students, Zhou Hao and Xu Ling, for breaking the newbie virtual combat training record. You both lasted 1 hour and 45 minutes."

Click.

After the electronic voice sounded, the training room was silent.

Principal Zheng and the dean looked at each other.

"Instructor, is there really a record for this?" Department Director Hong could not help but ask.

Instructor Shen nodded. "This batch of virtual cabins is uniformly used on Earth. Previously, the newbie record was maintained by a genius in Yanjing who scored 1 hour and 5 minutes. I didn't expect this record to be broken at Qu City High School!"

As he spoke, he stared at the electronic screen in disbelief.

The footage showing Xu Ling and Zhou Hao were dark.

Once the time exceeded 1 hour, the system would automatically block the footage so that no one could see what was happening inside.

Therefore, Instructor Shen could not figure out how Xu Ling and Zhou Hao survived in the wilderness for so long.

Could Zhou Hao be that hidden genius? This thought couldn't help but pop up in his mind, and he couldn't help but feel excited.

"Impossible!"

A sudden voice exploded in the training room.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 67 - Retrieve the Actual Footage

Chapter 67: Retrieve the Actual Footage

Swoosh! Swoosh! Swoosh!

Principal Zheng, Instructor Shen, and the others were not the only ones who looked over.

The other students also looked over and saw Fang Yu's pretty face turn ugly. She gritted her teeth and said, "Instructor, Xu Ling is only a third level blood essence student, and Zhou Hao is only at the first level of blood essence. How could they have broken the newbie record and even surpassed us?!"

"They must be cheating!"

Lei Jinpeng also reacted and hurriedly said, "Yes, yes, two students who aren't even martial artists will find it difficult to deal with demon warriors. And after an hour of virtual combat, high-level demon warriors and even demon generals will appear!"

Yuan Cheng and Yun Yan also frowned.

They were actually somewhat suspicious. After all, this was too ridiculous.

It had to be known that although the genius who had maintained the new record in Yan Jin was a low-level martial artist, he had broken the record because he had inherited a

unique secret technique and his combat strength was comparable to a high-level martial artist. Furthermore, he had teamed up with other people.

“Yo, yo, yo. So this is what the Yanjing geniuses are like?”

“Tsk tsk tsk, trying to win with your words just because you can’t win with your strength?”

“Hahaha, to think that you would even accuse them of cheating.”

The Qu City High School students regained their senses and were extremely excited. Although they did not dare to believe it, they were still proud of Xu Ling and Zhou Hao for suppressing the Yanjing geniuses. After all, they were from Qu City High School!

Fang Yu’s expression turned even uglier.

Lei Jinpeng’s face also darkened.

This was the first time they had been mocked by a group of newbies.

At this moment, Instructor Shen stood up and said indifferently, “Fang Yu, you should know very well that in virtual combat training, there is no such thing as cheating.”

Fang Yu’s body trembled, but she still gritted his teeth, her face filled with unwillingness. “Instructor, I request to see the combat footage of Xu Ling and Zhou Hao!”

Instructor Shen frowned. He did have the authority to look at the footage, but he had to get the approval of the head instructor of the Yanjing Training Camp. After that, he even had to discuss with the other instructors before he could apply for a look from the system.

After all, every student had their own secret techniques and combat techniques.

If everyone was allowed to take a look casually, it would reveal many secrets.

“Alright!” Instructor Shen finally nodded and stared deeply at Fang Yu. “Remember, only this once!”

At the Yanjing Training Camp headquarters.

In a luxurious living room.

Head Instructor Cheng frowned tightly. Many instructors quickly learned that a pair of newbies from Qu City High School had broken the long-lasting record for virtual combat training. After all, the broken record announcement was sent to all the virtual cabins.

However, like all the other instructors, Head Instructor Cheng believed that Instructor Shen had deliberately set the difficulty to entry-level so that Instructor Shen would be praised for putting the Qu City High School in the limelight.

Typically, the virtual cabins would not record the time users spent in the combat training if the difficulty was set to entry-level .

However, as an instructor, Shen Jing had the authority to change this. As long as he adjusted the code, he could record the time. However, basically no one in the world would do something like this because it would be very embarrassing if they were discovered.

Therefore, Head Instructor Cheng was both furious and disappointed at Shen Jing for doing something like this.

Di.

Suddenly, he saw the footage request sent by the Qu City branch.

“What is this Little Shen doing!” Chief Instructor Cheng wanted to call Shen Jing immediately and curse him, but when he took out his phone, he hesitated.

Shen Jing was taught by him single-handedly and Head Instructor Cheng did not want to humiliate the other party.

“Forget it, if he wants to watch the footage, I’ll let him watch it. When the time comes, if the system detects any abnormal data, I’ll just use some authority to help him cover it up!” Head Instructor Cheng sighed and sent a message to the other instructors.

...

In the virtual training room of Qu City High School.

Instructor Shen looked at the electronic screen anxiously. He knew that the Head Instructor must have found out about the newbie record being broken.

This matter was too ridiculous and would definitely cause a commotion.

Di.

Suddenly, the footage request was approved.

Instructor Shen felt a surge of warmth in his heart. The Head Instructor was using his life to protect him.

“Alright, whoever wants to see this can come over.” He took a deep breath and opened Zhou Hao and Xu Ling’s combat footage again.

Swoosh! Swoosh! Swoosh!

Principal Zheng, the dean, and the other students rushed over like bees.

Yuan Cheng, Yun Yan, and the other Yanjing geniuses were also anxious.

Everyone wanted to know how Zhou Hao and Xu Ling survived in the wilderness!

Fang Yu and Lei Jinpeng stared fixedly at the screen.

Whoosh.

Following a fluctuation.

The images gradually became clearer. At this moment, they could see Zhou Hao and Xu Ling walking in the dark forest of ancient trees.

Everyone’s expressions could not but change. Everyone knew how dangerous the ancient forest was.

However, as they watched the screen zoom in, they were stunned.

Zhou Hao and Xu Ling were clearly like a pair of lovebirds taking a casual stroll. They didn’t look like they were in danger at all.

“Not good, it’s a demon general. It’s a Golden Snake Ape!”

A student with good eyesight noticed a golden figure hidden amidst the flourishing branches and leaves of the ancient trees, and he immediately exclaimed.

Even if they couldn’t stand Zhou Hao, many students couldn’t help but feel nervous for the two of them.

Fang Yu sneered. She wanted to see how these two fellows, who were not even martial artists, would deal with the attack of the Golden Snake Ape!

Yuan Cheng, Yun Yan, Lei Jinpeng, and the other geniuses stared at the screen without blinking.

Instructor Shen, Principal Zheng, and the others also looked at the screen.

Everyone held their breaths.

When the Golden Snake Ape attacked, even high-level martial artists might not be able to deal with it.

With Zhou Hao and Xu Ling's strength, it was simply impossible for them to dodge.

"Don't go near it!"

"Run!"

Seeing that Zhou Hao and Xu Ling were getting closer and closer to the hidden Golden Snake Ape, many students could not help but shout.

Instructor Shen narrowed his eyes. Unlike the others, his attention was focused on Zhou Hao. He wanted to see if Zhou Hao was really that hidden peerless genius!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 68 - Lucky Bracelet

Chapter 68: Lucky Bracelet

On the screen.

Zhou Hao and Xu Ling had already arrived under the ancient tree which hid the Golden Snake Ape. However, it seemed like the two of them were fighting.

They saw how Zhou Hao tried to hug Xu Ling but was pushed away as Xu Ling shouted angrily.

Xu Ling also happened to push Zhou Hao towards the Golden Snake Ape.

At practically the exact same moment, the Golden Snake Ape hidden within the branches and leaves attacked at lightning speed.

Puchi!

All the students widened their eyes. They saw that the moment the Golden Snake Ape pounced towards Zhou Hao's back, Zhou Hao seemed to be furious and turned around.

The saber in his hand was aimed at the Golden Snake Ape, and the tip of the saber was stabbed into the heart of the Golden Snake Ape.

“What?!”

“What the heck!”

“This, this luck...”

All the students were completely dumbfounded.

It had to be known that the weakest part of the Golden Snake Ape was the center of its heart. As for the other parts, they were all covered in hard flesh. Zhou Hao’s saber tip was exceptionally accurate as it landed on the weak spot of the Golden Snake Ape.

What a coincidence!

At the same time, due to the huge impact, the Golden Snake Ape fell together with the saber and Zhou Hao.

Xu Ling was shocked and hurriedly went forward to help Zhou Hao.

Seeing this, Yuan Cheng and Yun Yan’s mouths were opened so wide that an entire egg could pass through them.

Principal Zheng, the dean, and the others did not know whether to laugh or to cry. They had not expected Zhou Hao and Xu Ling to defeat the demon general-level Golden Snake Ape in such a way.

Instructor Shen frowned tightly. The way Zhou Hou killed the demon beast made it seem extremely coincidental, as if there were no techniques or tactics involved. However, Instructor Shen kept feeling that something was wrong.

Fang Yu and Lei Jinpeng’s expressions darkened as they cursed in their hearts, “What a lucky dog!”

Then, everyone saw Zhou Hao and Xu Ling kill the demon generals one after another in various coincidental ways.

Of course, most of the time, they were just strolling leisurely. It was as if they could sense the demon general’s location in advance.

“I’m convinced, I’m completely convinced!”

“This Zhou Hao and Xu Ling are simply blessed by Lady Luck!”

“Right? I remember that during the combat assessment, Zhou Hao relied on luck to kill the Tusk Boar. Even in the virtual combat training, he is still killing demon beasts with his luck!”

"It's not just Zhou Hao. Xu Ling's luck is also especially good. I've done some calculations. They killed a total of six demon generals, and four of them were killed by Xu Ling!"

"I remember now. Xu Ling's father once obtained a bracelet with a lucky effect. At that time, no one believed it and thought that Xu Ling's father had been cheated. Now, it seems that the bracelet can really increase luck!"

While many students were discussing and sighing, they heard someone mention the bracelet and immediately reacted. They all remembered how Xu Ling's father used to be made fun of for buying the bracelet and now it seemed that this bracelet really had a lucky effect.

"No wonder they could stay in the wilderness for so long. So it's due to the effect of Xu Ling's bracelet!"

Countless students were extremely envious and wished that they were the ones with the bracelet.

Instructor Shen was originally very suspicious, but when he heard the students' words, he could not help but come to a realization.

Some items could indeed increase luck, but such items were extremely rare. He did not expect Xu Ling to have an item like this.

Thinking of this, his doubts about Zhou Hao disappeared.

Not long after, Zhou Hao and Xu Ling seemed to have run out of luck. They encountered an intermediate-level demon general and were killed in a single move.

All the students heaved a sigh of relief.

"They have finally been eliminated!"

"A total of 2 hours and 17 minutes. I'm afraid no one can break this record!"

"Too impressive. I didn't know you could rely on luck to get this far!"

"If only I had such luck!"

"Does anyone know how long the most outstanding genius of the Yanjing training camp lasted?"

Yuan Cheng, Yun Yan, and the other Yanjing geniuses were silent.

Of course, they knew that the most outstanding genius in the Yanjing Training Camp held the record of 2 hours and 3 minutes.

Because once the time exceeded two hours, the wilderness area would be filled with intermediate-level demon generals!

Only a master-level expert could deal with intermediate-level demon generals.

"I didn't expect us to lose to two students who aren't even martial artists!" Yuan Cheng couldn't help but sigh.

Lei Jinpeng and Fang Yu's expressions were extremely unsightly.

"It was just luck. In the real wilderness area against the foreign races, luck will be useless!" The two of them said coldly.

Yun Yan shook her head. "Luck is sometimes a part of strength. If the peak expert of our human race had more luck back then, he wouldn't have died in the crack!"

Fang Yu and Lei Jinpeng couldn't help but sneer and not say anything else.

Click.

At this moment, Zhou Hao and Xu Ling's virtual cabin opened.

As soon as the two of them walked out, they saw all the students in the class staring at them.

"What... what are you guys doing?" Xu Ling was shocked.

The other students laughed and gave them a thumbs up.

"Good job, Xu Ling!"

"Zhou Hao, I'm really impressed!"

"Impressive, impressive!"

"How impressive!"

A group of students said incoherently.

Seeing this scene with their own eyes, they were completely convinced by Zhou Hao and Xu Ling's luck.

Xu Ling was dumbfounded, not understanding what was going on.

Zhou Hao naturally knew why they were reacting this way, but he also pretended to be at a loss.

Instructor Shen walked over and looked at the two of them with a sigh. “The two of you... Not bad, you’re both very outstanding. Not only did you two break the record, you guys are also ranked first in points. Keep up the good work!”

With that said, he could not help but tease, “Although I am not against students dating, you two still have to pay attention to how you act!”

Chapter 69 - Into the Wilderness

Chapter 69: Into the Wilderness

Hearing this, Xu Ling’s face turned incomparably red.

How could she not know that Instructor Shen had seen what they were doing in the wilderness? For a moment, she was so ashamed that she wanted to find a hole to hide in.

“Instructor, it’s not what you think. Zhou Hao and I are just... we’re just ordinary friends!” she explained with a flushed face.

Instructor Shen immediately said, “I know, I know!”

With that said, he laughed out loud.

Principal Zheng and the dean also laughed.

...

At the Yanjing Training Camp.

Head Instructor Cheng sat in front of the electronic screen and sighed as he waited for the system notification.

“This Little Shen is too persistent. Doesn’t he understand that geniuses need to be nurtured slowly?” he muttered to himself.

He knew very well the reason why Shen Jing went to Huadong City. It was undoubtedly because Shen Jing felt that after staying in the Yanjing Training Camp for so long, all kinds of problems had accumulated and could not be resolved. Therefore, he wanted to start afresh and build a new training camp.

It was also because of this that Head Instructor Cheng did his best to take care of Shen Jing's various needs.

But now, it seemed that Shen Jing was still too impatient and had the same problem as most geniuses in the training camp.

Di.

Suddenly, an electronic voice sounded. "According to the system's examination, the newbie at Qu City High School has broken the record without any abnormal data. This record is valid!"

Hearing this, Head Instructor Cheng was stunned.

...

On the first day of the virtual combat training, Xu Ling and Zhou Hao had stolen the limelight. However, Zhou Hao did not care, and Xu Ling was so embarrassed by Instructor Shen's words that she did not dare to face anyone.

As soon as school ended, she ignored Zhou Hao and left the school.

Moreover, for several days straight, Xu Ling did not say a word to Zhou Hao, as if she did not know him.

At the southern defense line of the city, in the wilderness area.

A large number of general-level demon beasts and insect beasts fled for their lives like boiling ants in a hot pot.

The red-armored Zhou Hao shook his head helplessly.

Zhou Hao habitually glanced at the virtual screen.

Luck Points: 837,100 (Current level: overwhelming luck)

For the past few days, he would go to the wilderness area to kill all kinds of demon generals and insect beasts after school every day, but his luck points accumulation speed had always been very slow.

The main reason was that he was too strong and he was killing too many demon beasts too quickly, causing a large number of high-level demon generals and intermediate-level demon generals to flee crazily from the wilderness, leaving only a pile of low-level demon generals behind.

"I still need more than 100,000 to accumulate 1,000,000 luck points!" Zhou Hao opened the shop section and looked at the silver mystery box page. He was hesitant about opening the mystery box. After all, judging from the situation, it would probably take a while for him to accumulate 1,000,000 luck points.

After hesitating for a while, he finally gave up on consuming his luck points to open the silver mystery box.

If he wanted to get something better, he had to be patient.

"I should still level up first!"

Thinking of this, Zhou Hao clicked on his personal page and looked at it.

Level: 11730 / 10,000,000 (Silver)

He immediately charged 50 million yuan.

The balance in his account immediately became: 510,000 Heaven Dao coins.

Although it seemed like there was a lot of Heaven Dao coins, the amount was actually not even enough for him to purchase a hundred silver mystery boxes.

In just a short while, Zhou Hao had opened ten consecutive silver mystery boxes. As expected, almost all of them contained roses or Heaven Dao coins.

However, the minimum number of roses in the silver mystery box was 50 roses.

"This software is indeed very scammy!" He sighed helplessly. If not for the luck points, he would definitely be scammed like the other users.

He didn't get anything good even after repeated attempts.

Zhou Hao simply stopped. Although he wanted to increase his level, he couldn't waste money like this. After all, he had worked hard to get this money.

He turned around and jumped down from a tree. Looking at the distant wilderness, he couldn't help but shake his head, thinking to himself that he would have to go deeper into the wilderness in the next few days.

...

At the military headquarters at the East Station of the Huadong City.

“What? Senior Zhou, you want to go deep into the wilderness?” Commander Zhao immediately turned anxious when he heard Zhou Hao.

Zhou Hao was stunned for a moment. “Commander Zhao, is there something wrong?”

Commander Zhao hurriedly said, “Senior Zhou, the depths of the wilderness area are incomparably terrifying. There are a large number of overlord-level demon beasts and insect beasts there, as well as experts from the Machine Race. It’s too dangerous for you to wander alone!”

“Commander Zhao, I know what to do. As long as you can provide me with a clear map, I’ll bypass those dangerous areas!” Zhou Hao frowned.

“Senior Zhou, if we had a clear map, I would have provided it to you long ago. However, it is precisely because the depths of the wilderness area are too dangerous and there are year-round energy barriers that our detectors are unable to make any detections. Therefore, under normal circumstances, the deeper areas are prohibited,” Commander Zhao explained.

With that said, he paused and continued, “Of course, it’s not impossible for Senior Zhou to go deeper. You can transfer to Huanan City. It’s said that some dangerous areas have been detected there.”

Zhou Hao shook his head when he heard that. “Huanan City is too far away. In that case, forget it.”

Commander Zhao immediately heaved a sigh of relief. He did not want Zhou Hao to go to Huanan City. After all, the benefits of having such an expert stay in the Huadong City was obvious. Ignoring everything else, just Zhou Hao’s mass killing of foreign beasts in the wilderness this time had relieved the pressure on many martial artist teams.

“By the way, Commander Zhao, why haven’t I seen any other grandmasters recently?” Zhou Hao asked.

Chapter 70 - Dark Gods

Chapter 70: Dark Gods

Although the cleanup operation had already ended, the grandmasters in the city would still often gather at the headquarters of the East Station. Firstly, they wanted to discuss secret techniques and battle tactics with each other and secondly, it was easier for them to work together if anything happened.

However, in the past few days, Zhou Hao rarely saw grandmasters like He Biao and Zhen Hong.

Commander Zhao's expression turned solemn. "Lord Zhou, He Biao and the others are currently searching for the Dark Gods organization hidden in the city!"

"Dark Gods?" Zhou Hao was stunned. This was the first time he had heard of such an organization.

"That's right. The Dark Gods is a huge underground secret organization that is active in all the cities. In order to increase their strength, they betrayed the human race and colluded with the foreign races. Furthermore, they often hold all kinds of evil gatherings and inhumane sacrifices!" Commander Zhao continued, his voice carrying suppressed anger.

"The various bases around the world hate the Dark Gods deeply, but they're too secretive and difficult to discover since they have the help of the foreign races."

At this point, Commander Zhao clenched his fists tightly. "In the past, there were a large number of demon kings in the wilderness area of the city. Once we start to look for these Dark Gods members, the city will be attacked by the foreign races. Therefore, we have never dared to act rashly."

"However, this time, thanks to Senior Zhou's wanton cleansing of the foreign races in the wilderness, the pressure on the city was suddenly relieved. Therefore, He Biao, Zhen Hong, and the others were able to change targets this time and deal with these hidden Dark Gods members!"

Upon hearing this, Zhou Hao understood.

It turned out that such an evil and anti-human organization existed in the city.

"Commander Zhao, how's the strength of the Dark Society?" he asked.

"They're very strong." Commander Zhao's expression was solemn. "They constantly obtain the treasures and techniques of the foreign races, so their strength increases extremely quickly. However, there are pros and cons to everything. Their increase in strength too quickly has resulted in their foundation being unstable and their combat strength being relatively ordinary. Most of them rely on the powerful treasures bestowed

by the foreign races to be able to fight with us grandmasters and even the supernatural grandmaster Zhou Xuan.”

“Therefore, the Dark Gods have always been in hiding and don’t dare to expose themselves to compete with the forces of the other bases.”

After a pause, Commander Zhao sighed and said, “But even so, high-level masters would be in danger if we sent them to look for traces. That’s why I got He Biao and the other grandmasters to perform such a mission.”

Zhou Hao frowned. If they couldn’t even send high-level masters, it meant that the Dark Gods organization’s strength was indeed extraordinary. To have such an evil organization in the city was indeed like having an unstable bomb.

After thinking for a moment, he couldn’t help but say, “Commander Zhao, if there’s any news about the Dark Gods, please inform me in time.”

Commander Zhao could not help but say happily, “Thank you, Senior Zhou. With your help, the Dark Gods will no longer be a threat. If there’s any news, I’ll inform you through the wireless channel!”

“Alright.” Zhou Hao nodded. He was still willing to help the city. After all, Huadong City was where he grew up. By protecting the city, he could also protect his family.

...

At Qu City High School.

In the virtual combat training.

Zhou Hao’s performance in the past few days had been very ordinary. Fortunately, he had teamed up with Xu Ling and Zhang Yi and was not ranked at the bottom.

Pu! Pu!

After Xu Ling and Zhang Yi killed the demon warriors, they heaved a sigh of relief and sat on the ground to rest.

Seeing Zhou Hao’s absent-minded appearance, Xu Ling, who had not spoken to him for several days, could not help but frown. “Zhou Hao, you’re also a member of the team. Can’t you be more serious?”

Zhou Hao exclaimed and hurriedly said, “Sorry, I got distracted.”

After learning from Commander Zhao that there was still a Dark Gods organization in the city, he specially asked for detailed information about them.

In fact, he had been quite shocked!

Some of the Dark Gods' actions were simply crazy. To say that they were against humans was already considered an understatement.

Moreover, it might even be the Dark Gods who had leaked the news of this genius to the foreign races last time.

This made him even more vigilant. With the Dark Gods members lurking around, he absolutely could not expose his identity.

Once he was exposed, the consequences would be unimaginable.

He himself was powerful to begin with and did not have anything to be afraid of. However, the people around him, especially his parents, might very well suffer the wrath of the Dark Gods.

After all, his parents still had to go to work and he couldn't be by their side all the time.

"Come on, this is the wilderness area!" Xu Ling glared at Zhou Hao unhappily. "If you want to keep acting like this, you should leave the team..."

Zhang Yi hurriedly said, "Xu Ling, don't say that. Zhou Hao also helped a lot."

Xu Ling snorted and did not say anything else. She also knew that she had crossed the line just now.

Zhou Hao didn't care much since he knew that Xu Ling had a sharp tongue. Moreover, he had indeed been distracted.

"I'll pay more attention from now on."

Xu Ling stood up. "I'll keep an eye on you."

After that, Zhou Hao naturally did not continue to daydream. Moreover, he more or less displayed some of his combat talent, making Xu Ling extremely surprised.

After school, Zhang Yi stopped Zhou Hao.

Chapter 71 - Argument

Chapter 71: Argument

“Zhang Yi, what’s the matter?” Zhou Hao asked curiously.

Zhang Yi scratched his head. “Zhou Hao, it’s like this. My sister’s birthday is tomorrow, so I wanted to invite you over for a meal to thank you for your help in the previous assessment competition!”

When Zhou Hao heard this, he couldn’t help but smile. “Sure. Speaking of which, I haven’t met your sister yet. By the way, why don’t you call Xu Ling over too? It’s more convenient since they’re both girls.”

“I’m not familiar with Xu Ling...” Zhang Yi said in embarrassment.

“That’s not true. We’ve all become quite familiar after cooperating together during the training these past few days. Don’t worry, if you ask her, she’ll definitely agree to coming.”

Just as Zhou Hao said, when Xu Ling heard that she was being invited to Zhang Yi’s sister’s birthday party, she agreed without thinking and even offered to arrange the venue.

Zhang Yi hesitated for a moment and agreed.

Zhang Yi was broke in the past but his financial situation was better now. He wanted to give his sister the best birthday this year.

The next afternoon, Zhou Hao went straight to the agreed-upon De Ran Residence.

When he arrived, he realized that the other students from their class were also there. Even Yuan Cheng, Yun Yan, and the other Yanjing geniuses were there.

Needless to say, this was definitely arranged by Xu Ling.

He hurriedly walked in front of Xu Ling and whispered, “Xu Ling, why did you invite so many people?”

Xu Ling explained, “Zhang Yi told me yesterday that his sister has always had low self-esteem since she was young. She barely has any friends in school, so he asked me to make things more exciting for her this time.”

"I was thinking that since we haven't had a gathering together before, I might as well take this opportunity to invite everyone over."

After Zhou Hao came to a realization, he couldn't help but be speechless.

"Yuan Cheng and the others actually accepted your invitation?"

Xu Ling smiled and said, "Yuan Cheng and Yun Yan are pretty easy to talk to. As for Fang Yu, Lei Jinpeng, and the other two, they were probably persuaded by Yuan Cheng."

Zhou Hao was convinced. Xu Ling did not have much talent in combat, but in terms of dealing with people, she had inherited her father's strengths. In just a few days, she was able to be on friendly terms with Yuan Cheng and Yun Yan!

Of course, what he didn't know was that Instructor Shen was actually responsible for getting Yuan Cheng, Yun Yan, and the others to show up.

As time passed, Zhang Yi and his sister still did not arrive.

The originally bustling spacious room gradually became restless.

After all, many students had come because it was Xu Ling who invited them.

"Xu Ling, where's Zhang Yi? Why isn't he here yet?"

"Aren't we here to celebrate his sister's birthday, so why doesn't he arrive earlier?"

"That's right, it's almost 1 pm. We still have classes in the afternoon!"

Many students complained.

Yuan Cheng, Yun Yan, and the other Yanjing geniuses did not say anything.

Fang Yu seized the opportunity and sneered. "If you don't even have this bit of patience, then you probably won't be able to accomplish much in the future!"

Lei Jinpeng chimed in, "Sister Fang is right. In a battle with the foreign races in the wilderness, patience is the most important. We've only waited for a while, and yet you guys are already getting impatient. As expected of the students from Qu City High School!"

The other students had long disliked Fang Yu and Lei Jinpeng.

In the past few days of the virtual combat training, the two of them had often found fault with them and mocked them endlessly. It seemed that they wanted to vent the humiliation of losing to Xu Ling and Zhou Hao last time.

Now, when they heard what Fang Yu and Lei Jinpeng just said, they immediately exploded in an uproar.

“What’s the use of patience when you were still suppressed by our Qu City High School’s Xu Ling?”

“Hehe, weren’t they the so-called geniuses of Yanjing Training Camp? In my opinion, they’re probably trash that are ranked at the bottom of the Yanjing Training Camp!”

“Definitely. If they were real geniuses, why would Instructor Shen transfer them here?”

They shouted angrily.

Fang Yu and Lei Jinpeng were already very bothered about being transferred to Huadong City. When they heard what they said this moment, they immediately became furious.

“We’re trash? What a joke. Come, I’ll fight you without even using my hands!”

“You weaklings should consider it an honor to even be able to speak to us. After all, you guys can’t even deal with a single demon warrior.”

“A bunch of trash who only knows how to make up stories!”

The other students were not to be outdone as they shouted again, “Yes, we can’t beat you, but the peerless genius of our Qu City High School can easily crush you with a finger!”

“That’s right. Stop looking down on our Qu City High School. When you see the strength of that hidden peerless genius, you will understand that you aren’t as superior as you think!”

“In the eyes of the peerless genius of our Qu City High School, you are even inferior to demon warriors!”

The spacious room was immediately filled with noise, and there were even signs of fighting.

Xu Ling felt a headache coming on. She hurriedly stopped them, but it was useless.

Zhou Hao was also feeling very helpless. The moment these two groups met, they began fighting without stopping.

“Hahaha, you’re making up stories again?”

“Where’s the peerless genius who killed three high-level demon generals? Ask him to come on out and show us his strength!”

“In terms of the ability of making up stories, we are indeed far inferior to the students of Qu City High School!”

Lei Jinpeng laughed crazily.

Fang Yu looked at them disdainfully.

Yuan Cheng, Yun Yan, and the others also shook their heads secretly.

They had often heard these Qu City High School students talk about that peerless geniuses. However, let alone these five transfer students, even the Head Instructor of the Yanjing Training Camp did not believe it.

“Zhou Hao, call Zhang Yi quickly,” Xu Ling urged.

Zhou Hao had actually called Zhang Yi a long time ago, but the other party did not answer.

He spread his hands and was about to say something when he saw an anxious Zhang Yi appear at the door of the room.

The other students in the room stopped fighting.

They could tell that Zhang Yi was on the verge of breaking down.

Chapter 72 - Someones Lying

Chapter 72: Someone’s Lying

“Zhang Yi, what’s wrong?”

Zhou Hao hurried forward and asked Zhang Yi, whose eyes were bloodshot as he held a cake in one hand.

Zhang Yi endured his broken heart and gritted his teeth. "My, my sister, she, she's gone!"

"She's gone?" Zhou Hao was stunned.

The other students were also puzzled.

Xu Ling walked over and consoled, "Zhang Yi, don't worry. Maybe your sister is still in school or went somewhere else?"

Zhang Yi shook his head forcefully. "No, not at all. My sister doesn't have any friends. Other than school, she usually stays at home. I've looked everywhere."

"Then did you tell your sister that we will be having a birthday celebration at De Ran Residence today?" Xu Ling asked again.

"No, I wanted to give my sister a surprise, so I didn't tell her. However, I told her to wait for me at school this afternoon."

"My sister is very obedient, but I went to school and did not see her. When I returned home, I couldn't find her either!" Zhang Yi said anxiously.

Yuan Cheng, Yun Yan, and the other geniuses walked over. Among them, Yun Yan asked calmly, "Zhang Yi, do you think something happened to your sister? Otherwise, even if you couldn't find her, you probably wouldn't have reacted this way, right?"

As soon as he said this, the students, including Zhou Hao and Xu Ling, reacted.

Indeed.

Zhang Yi was usually a calm person and rarely showed his emotions. He wouldn't have reacted like this for no reason.

Swoosh! Swoosh! Swoosh!

Many students looked at Zhang Yi.

Zhang Yi immediately cried. "Yes, I think something happened to her. I was worried about it happening before, but I didn't expect it to happen again!"

Zhou Hao asked in a deep voice, "Zhang Yi, calm down. What happened? There are so many of us here. We will definitely be able to help you find your sister."

"Yes, yes, Zhang Yi, don't worry."

"Yeah, there are so many of us."

“We’re all classmates, so we can resolve anything together!”

Many students consoled him.

Zhang Yi tried to stop his tears from falling down but failed. “It’s all because of me. I’m the one responsible for this. Some time ago, I brought my sister to buy Blood Essence Pills. On the way, I bumped into someone. He said that my sister’s foundation was good and wanted to bring her to a place to train. However, I refused!”

“After that, that person kept asking about my sister’s situation in various ways. He even went to our house. I sensed that something was wrong at that time, but because I wanted to save money, I still held onto the hope that he would stop coming and did not move out!”

Yun Yan immediately said, “Are you saying that person took your younger sister away?”

“That’s right. If not for him, my sister wouldn’t have disappeared for no reason!” Zhang Yi gritted his teeth.

“Do you still remember that person’s appearance? Do you know anything else about him?” Yun Yan asked.

Zhang Yi cried and shook his head. “I don’t know anything about him. It’s all my fault. I was too careless!”

Zhou Hao said, “Zhang Yi, was your sister still in school this morning?”

“Yes.”

“In other words, she was taken away at noon. Did you ask any of her classmates?”

“I did. They said that my sister went to the washroom and they haven’t seen her since!”

After Xu Ling heard this, she immediately said, “Zhang Yi, let’s all go to your sister’s school and check again.”

The other students nodded.

Zhang Yi regained his senses and hurriedly led Xu Ling and the others to his sister’s school.

When they arrived at Zhang Ying’s school, Xu Ling called her father and informed some teachers. Under the school’s cooperation, she questioned the students in each class a second time.

However, the answers they received were almost identical to what Zhang Ying's classmates told Zhang Yi..

After that, they searched the entire school again, but they still could not find any traces of Zhang Ying.

"Some of the students in Zhang Ying's class must be lying!" Just as the group was at a loss, Yun Yan suddenly said calmly.

Zhou Hao, Xu Ling, and the others looked at Yun Yan.

Yun Yan slowly analyzed, "It's very simple. When we checked the school's washrooms and classrooms just now, I noticed that the washroom was not far away from Zhang Ying's class. If Zhang Ying was really taken away from the bathroom, it's impossible for no one to have seen her."

Yuan Cheng shook his head lightly. "Not necessarily. If it was a master-level expert, the students in Zhang Ying's class wouldn't have been able to notice."

Yun Yan smiled and said, "Zhang Yi said earlier that the person has been making inquiries and has even been to their place. If the other party is strong, there's no need for him to do this."

The other students immediately felt that it made sense.

Zhou Hao looked at Yun Yan. "Does that mean you know who's lying?"

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 73 - Thousand Vine Flower

Chapter 73: Thousand Vine Flower

Zhang Yi hurriedly looked at Yun Yan.

Yun Yan could not help but ask, "Zhang Yi, who was the first to tell you that your sister went to the washroom?"

Zhang Yi hurriedly recalled and said, "It's a girl named Li Mei."

Yun Yan asked again, "How's Li Mei's relationship with your sister usually?"

“My sister is an introvert and rarely interacts with others in school. Her classmates don’t remember her that well either,” Zhang Yi explained honestly.

Yun Yan nodded and smiled. “This Li Mei is most likely lying. I noticed previously that the teachers in Zhang Ying’s class don’t seem to have any impression of your sister. Logically speaking, no one would have noticed your sister going to the washroom.”

Zhou Hao, Xu Ling, and the other students suddenly understood.

Xu Ling immediately asked the teacher to call Li Mei over.

Yun Yan asked directly, “Li Mei, did you go with Zhang Ying when she went to the washroom?”

Li Mei was stunned for a moment before nodding. “Yes, I went to the washroom with her, but I didn’t see her come out after I returned to the classroom.”

“What was Zhang Ying wearing?” Yun Yan asked again.

“Ah...” Li Mei did not react for a moment, but she quickly said, “She was wearing a red shirt. No, an orange shirt!”

Zhang Yi said angrily, “You’re lying. My sister was wearing her school uniform!!”

Li Mei panicked for a moment. “I... I don’t remember clearly either. Yeah... she was probably wearing her school uniform!”

At this moment, Zhou Hao, Xu Ling, and the other students couldn’t help but look at Yun Yan in admiration.

Clearly, everyone had figured out that Li Mei was indeed lying.

“Tell me, who took my sister?” Zhang Yi stepped forward and glared at Li Mei.

The teacher also berated, “Li Mei, the nature of this matter is very serious. If you continue to lie, we will inform your parents!”

When Li Mei heard her teacher mention the word “parents”, she immediately turned anxious. She hurriedly said, “I-I don’t know either. Someone gave me 2,000 yuan to trick Zhang Ying to a corner of the training grounds!”

“So it was you!” Zhang Yi grabbed Li Mei’s arm angrily.

The teacher hurriedly shouted, “Please calm down!”

Zhou Hao also said, “Zhang Yi, don’t be rash!”

“Li Mei, take us to that corner of the training hall,” Yun Yan said.

Soon, the group arrived at the corner of the training grounds.

This place was indeed a little remote. There was a high platform that blocked the view.

“Oh? It’s a leaf from the Thousand Vine Flower!” Zhou Hao swept his gaze over. With his sharp senses, he immediately discovered an extremely small piece of leaf.

“What? Thousand Vine Flower?”

The group of students and the teacher following them were in an uproar.

The Thousand Vine Flower was a low-level demon warrior used by the Demon Race to spy on the humans on Earth and was generally very difficult to discover.

Zhou Hao picked up the thin piece of leaf.

Yuan Cheng, Yun Yan, and the others immediately went forward.

“It really is the Thousand Vine Flower!”

All the students’ expressions changed.

The teachers who followed over also hurriedly informed the school leaders.

It was a big deal for the Thousand Vine Flower to appear in the school.

Zhang Yi’s body swayed as he said with a pale face, “How could there be a Thousand Vine Flower here? Could... could my sister...”

Zhou Hao narrowed his eyes and sensed carefully. Then, he said, “Zhang Yi, don’t worry. Nothing happened to your sister. I think someone cooperated with the Thousand Vine Flower to take her away!”

“What do you mean? Aren’t the Thousand Vine Flowers from the Demon Race? Why would they ally with humans?” The other students were somewhat dumbfounded.

The expressions of Yuan Cheng, Yun Yan, and the other Yanjing geniuses changed.

“The Dark Gods!” Fang Yu exclaimed.

Lei Jinpeng’s face also darkened. “Zhang Yi, your sister is done for. Only the Dark Gods collude with the foreign races. They are very mysterious and powerful. The people targeted by them are basically as good as dead!”

Although Zhang Yi did not know anything about the Dark Gods, he could tell from the reactions of Yuan Cheng and the others that they were not people he could afford to offend.

“Sister... it was me, I’m the one who is responsible for what happened to my sister!” Zhang Yi could no longer hold on and cried.

At this moment, a cold voice sounded. “Zhang Yi, why are you crying? So what if it’s the Dark Gods? Since their people took your sister away, we’ll just have to find the Dark Gods!”

“Your sister was taken away for at most an hour. Let’s make the best use of our time. We still have a chance to save her!”

When Zhang Yi heard this, he immediately returned to his senses. Hope reignited in his eyes. “Yes, yes. My sister can still be saved. I want to save her!”

“Are you kidding me? That’s the Dark Gods we’re talking about!!” Lei Jinpeng couldn’t help but say, “Even large cities and large factions like the Martial Artist Union and the Underground Alliance Mall can’t find the Dark Gods. How could you?!”

Zhou Hao swept his gaze over coldly. “No one asked you to come along. If you’re afraid, get lost and go back to school!”

Lei Jinpeng was instantly furious. “You piece of...”

Before he could finish speaking, he realized that the other students were all staring at him coldly.

Even Yuan Cheng and Yun Yan were the same.

“I agree. Let’s save Sister Zhang Yi together.”

“Seconded!”

“Count me in!”

“Me too!”

The other students chimed in.

After understanding that the Dark Gods were an organization that colluded with the foreign races, they all offered to help.

Chapter 74 - This Is How a True Genius Should Act

Chapter 74: This Is How a True Genius Should Act

"You're crazy!" Fang Yu screamed. "Yuan Cheng, Yun Yan, they're crazy. Could it be that you guys are crazy too?"

"With our strength, so what if we find her? If they see us coming, she'll probably be killed by the experts of the Dark Gods in an instant!"

Yuan Cheng shook his head and said indifferently, "Fang Yu, how can we back down in such a serious situation? If we back down, what's the point of us practicing martial arts!"

Fang Yu was stunned.

The other students looked at Yuan Cheng.

"Good job!"

"This is how a true genius should act!"

Zhang Yi looked at the surrounding students and bowed with a choked voice. "Thank you, thank you!"

Zhou Hao patted Zhang Yi on the shoulder and looked around. "The Dark Gods are indeed very strong. It's fine if everyone has the courage, but we can't make meaningless sacrifices. How about this, I suggest we return to school first and put on our standard armor to prevent any accidents!"

"Agreed!"

The other students nodded.

As for Xu Ling, she looked at Zhou Hao and couldn't help but smile. She didn't know that Zhou Hao would be so decisive and so uniquely charming in front of such a serious matter.

The sets of standard armor were valuable resources of Qu City High School. Unless it was a special situation like the previous combat assessment, the school basically did not allow anyone near the weapon equipment room.

Although Xu Ling, Yuan Cheng, Yun Yan, and the other students were the best of the best in the focused training classes, their request for the standard armor would probably still be denied.

Helpless, Xu Ling, Zhou Hao, and the others could only go and find Instructor Shen.

After all, Instructor Shen was the one who had transferred the batch of standard armor from the military camp.

When Shen Jing heard that Xu Ling and the others wanted to request for the standard armor, he could not help but ask for the reason.

The other students, including Yuan Cheng and Yun Yan, stammered and did not dare to tell Instructor Shen the exact situation. It was mainly because the Dark Gods were too powerful. Anyone who knew the strength of this organization would turn pale at the mention of it.

If Instructor Shen knew the reason, he would definitely stop them.

“Instructor Shen, Sister Zhang Yi was taken away by a member of the Dark Gods. We want to save her, which is why we need the standard armor!”

Since everyone else was silent, Zhou Hao, who was the one who came up with the idea, could only speak the truth.

Indeed, Instructor Shen’s expression changed drastically when he heard about the Dark Gods.

Just as he was about to tell them to knock it off, he saw the determination in the eyes of Yuan Cheng, Yun Yan, Xu Ling, and the other students. He immediately swallowed his words.

“Are you sure they’re from the Dark Gods?” he asked.

Swoosh! Swoosh! Swoosh!

Everyone looked at Zhou Hao.

Instructor Shen was surprised. Zhou Hao was ranked at the bottom of the class. Other than the points he got from being lucky on the first day, his other performances had been average.

In his opinion, Yuan Cheng and the others should be the ones leading the search for the Dark Gods.

However, judging from the reactions of all the students, it seemed like Zhou Hao was in charge.

“Instructor Shen, the person who took Sister Zhang Yi away has cooperated with the Thousand Vine Flower,” Zhou Hao said in a deep voice.

“Thousand Vine Flower?” Instructor Shen’s expression darkened when he heard this.

Zhou Hao nodded and handed over the Thousand Vine Flower leaf he found.

Instructor Shen took a look and clenched his fists tightly. “It’s indeed the Thousand Vine Flower. Looks like this matter was indeed done by a member of the Dark Gods.”

In the various cities, only the Dark Gods colluded with the foreign races. Similarly, the foreign races also only interacted with the humans of the Dark Gods.

Xu Ling took the opportunity to say, “Instructor Shen, that’s why we want to request for standard armor. It’s so that we can deal with sudden situations.”

Yuan Cheng, Yun Yan, and the others nodded.

Zhang Yi pleaded, “Instructor Shen, please!”

Instructor Shen swept a glance at the students. He did not want to dampen their enthusiasm and passion.

He knew that if he stopped them this time, it would definitely leave an impression on them. In the future, if they encountered such an incident again, most of the students here would no longer have this drive.

“The Dark Gods are mysterious and powerful. Even wearing standard armor is not safe enough. Your courage is commendable, but you still have to come up with a complex and dependable plan!” he said slowly.

Seeing that Instructor Shen did not stop them, the students were all excited.

Yuan Cheng, Yun Yan, and the others were also motivated. All the students looked at Zhou Hao again.

Zhou Hao had already considered this on the way to school. Therefore, he said without thinking, “Instructor Shen, although we are weak, we still have an advantage. Since we’re only students, the Dark Gods members wouldn’t be vigilant of us even if they discovered us.”

Hearing this, Shen Jing looked at Zhou Hao with interest.

Chapter 75 - Lives In Danger

Chapter 75: Lives In Danger

Shen Jing knew that Zhou Hao was right. The Dark Gods were cautious, but the true experts among them all thought highly of themselves and were indeed not wary of students like Zhou Hao.

Zhou Hao continued, "And it hasn't been long since the members of the Dark Gods took Zhang Yi's sister away. I plan to search the surrounding area of her school and her home."

Shen Jing interrupted and shook his head lightly. "You guys don't have enough people. If you guys try to search a large area, it's basically impossible for you to find any traces. Moreover, can you even recognize a Dark Gods member even if you meet one?"

"Zhang Yi has seen the person who took his sister," Yun Yan said.

Shen Jing shook his head again. "That's just one clue. It's still too difficult for you guys to find her."

Zhang Yi gritted his teeth and said, "No matter how difficult it is, I have to find that person and my sister."

Shen Jing looked at Zhang Yi and pondered before saying, "How about this? I'll give the city's safety department a call and get them to cooperate with you. We'll first do a surveillance network screening around the city. After we confirm the scope, you can then take action. How about that?"

Xu Ling and the others were overjoyed.

"That's great!"

"It'll be much easier for us with the safety department taking action!"

"Thank you, Instructor Shen."

Shen Jing waved his hand and his expression suddenly became serious. "Let me make this clear first. Even though I gave you guys the green light, I still have one condition. I need you guys to stick together and none of you are allowed to travel alone. Also, if you find anything, report it immediately. I'll get the information department to specially set up a wireless channel for you guys to communicate."

"This is the first collective operation of our training class. I hope that all of you will restrain from being rash and will treat this as an actual training mission!"

Xu Ling, Zhou Hao, and the others immediately said, "Yes, Instructor."

Fang Yu, Lei Jinpeng, and Yan Ying originally did not want to participate, but when they heard Instructor Shen's words, they could only nod helplessly.

...

Instructor Shen was very efficient. In just a few minutes, he had contacted the city's safety department and mobilized various surveillance networks to narrow the searching scope. With Zhang Yi's residence and his sister's school as the main focus, they began to conduct a carpet search.

As for the person who had taken Zhang Ying away, he had disguised himself several times and was identified as the primary suspect.

Half an hour later.

The students of the training class were wearing standard armor when they arrived at Huasheng Road.

"There are a total of four main roads. There are 41 students in our class, so every 10 people will form a team. Among the four teams, there will be smaller teams of twos that will search the various communities."

"Remember, you have to report the situation every minute. Yun Yan, you are very meticulous so you will be responsible for recording the situation of the various teams and determining the location of that person..." Zhou Hao instructed seriously.

The other students did not compete with Zhou Hao and let him lead the group. Instructor Shen stood silently on the side as well. After Zhou Hao finished giving the order, he clapped his hands. "Alright, remember to be careful. Let's begin!"

Immediately, the group of students left quickly. Not only were they not afraid at all, but their faces were also filled with excitement.

Although Instructor Shen's expression was calm, his heart was filled with worry. He knew very well how terrifying the Dark Gods organization was.

But in order not to discourage the students, they could only let them be.

Of course, he had already secretly informed Commander Zhao in the city. As long as there was anything wrong, Commander Zhao would be able to rush over in a short period of time.

"I hope this mission can give these students an unforgettable combat lesson!" Instructor Shen muttered to himself as he watched the students leave.

In a tall hotel room not far from Huasheng Road, He Biao, Zhen Hong, and the other grandmasters were gathered.

Through the gap in the curtains, they watched as the Qu City High School students divided into four teams and drove towards various directions.

"This Old Shen is getting more and more ridiculous!"

"Yeah, how could we send a group of students to look for a member of the Dark Gods? Aren't we basically putting all their lives in danger?"

"He sure doesn't seem to mind!"

Several grandmasters complained. They had been searching for the Dark Gods these days, but they had made no progress.

This time, after Commander Zhao learned about the situation in Qu City's high school training class, he ordered the grandmasters to temporarily stop moving and hide behind the scenes to investigate.

That was why things unfolded this way.

He Biao sat on the sofa and chuckled as he drank his tea. "I think these kids are quite brave. They're worth nurturing!"

Zhen Hong nodded and agreed. "That's right. Although they're rash, they're still pretty brave to face the Dark Gods. Such courage is very rare and commendable. If they can maintain it, they will become the true pillar of humanity once they grow up!"

"Moreover, with us grandmasters holding down the fort, is there even anything to worry about?"

The other grandmasters did not refute. They also approved of these students' courage. However, they did not think that the students would be able to discover anything. In fact, even after working for several days, these grandmasters were only able to narrow down the scope to Huasheng Road.

...

Zhou Hao and the others naturally did not know that the grandmasters were secretly protecting and watching.

After splitting into four teams and twenty sub-teams, the wireless channel became lively.

“Area A is safe!”

“Area B is safe!”

“...”

Many students reported to him every half a minute, making Zhou Hao very speechless. However, he did not stop this behavior. After all, if something really did happen, he would be able to find out faster this way.

“Zhang Yi, don’t worry. I believe your sister will be fine!” Zhou Hao looked at Zhang Yi and consoled.

He knew that Zhang Yi had suffered a huge blow after his sister was taken away.

Zhang Yi’s emotions had calmed down a lot. He looked at Zhou Hao gratefully. “Thank you, thank you!”

Zhou Hao waved his hand and patted Zhang Yi on the shoulder. “There’s no need to thank me. It’s what friends are for.”

Zhang Yi did not speak but nodded solemnly.

As Zhou Hao spoke, he secretly opened the virtual screen.

Luck Points: 837,100 (Current level: overwhelming luck)

There were still no changes to the 800,000 luck points.

With the experience of finding the shadow insects last time, he did not hesitate and used 200 luck points per minute to find the member of the Dark Gods organization.

As his luck points decreased rapidly, it only took Zhou Hao ten minutes before he started to sense something.

Chapter 76 - The Dark Gods Hideout Has Been Discovered!

Chapter 76: The Dark Gods Hideout Has Been Discovered!

“Zhang Yi, let’s go take a look!”

Zhang Yi nodded and followed Zhou Hao to a dense residential area.

The security guard at the door was not strict, so the two of them followed the other residents and entered casually.

After walking along the road in the residence for five to six minutes, the two arrived at the foot of a tall building.

Zhang Yi could not help but ask, “Zhou Hao, should we go inside and search the building?”

Zhou Hao shook his head. “Let’s wait here.”

After waiting for about half an hour, the other student groups had already finished checking the residential area they were assigned to and began checking other sections.

“Zhou Hao, we’ve been waiting for a long time. We should go check somewhere else!” Zhang Yi could not help but remind Zhou Hao. He was very anxious. The only reason why he waited so long was because he trusted Zhou Hao.

Zhou Hao frowned and wondered if his intuition was wrong.

After hesitating for a moment, he sighed and said, “Let’s go!”

The two of them had indeed wasted a lot of time here.

Just as he was about to turn around and leave, Zhou Hao suddenly stopped in his tracks. “Something’s wrong!”

Zhang Yi was puzzled. “What’s wrong?”

Zhou Hao looked at the surrounding buildings. “Zhang Yi, don’t you think it’s too quiet here?”

Zhang Yi was stunned. “You’re right, it is a little quiet. This is a busy area, so there should be many people in the residential area. However, it might be because it is

currently office hours and most of the people living in the residential area haven't returned yet."

"It's normal for there to be a few people in the residential area during working hours, but isn't this situation a bit exaggerated? We've been here for more than half an hour, but we haven't even seen a single person." Zhou Hao shook his head.

Every inch of land in the city was precious, and such a flourishing district should be especially crowded.

It was not supposed to be this quiet.

Thinking of this, Zhou Hao narrowed his eyes. His blood essence slowly circulated, and a powerful aura spread out.

This aura automatically circled around Zhang Yi and swept out.

"Hmm?"

Through his aura, Zhou Hao directly captured a trace of energy fluctuation.

This fluctuation was very obscure.

If not for his mellow and flawless aura, it would definitely be impossible for him to sense it.

Taking a deep breath, Zhou Hao looked at Zhang Yi and said, "Zhang Yi, rush into that building with your full speed."

Zhang Yi exclaimed. Seeing that Zhou Hao was not joking, he hesitated for a moment before gritting his teeth and rushing into the building.

Bang!

Just as Zhang Yi reached the entrance of the building, a huge backlash sent Zhang Yi flying.

Zhou Hao caught Zhang Yi and stabilized his body. He shouted anxiously, "Zhang Yi, quickly activate the armor!"

Before Zhang Yi could react, a few figures suddenly jumped out of the building, accompanied by a few cold lights.

Swoosh! Swoosh!

An arrow-like cold light swept over.

Zhou Hao, who was covered in standard armor, grabbed Zhang Yi and quickly retreated.

At the same time, he shouted into his ear-mic, "Target detected, target detected!!"

The wireless channel exploded in an uproar.

"What? Did someone find a member of the Dark Gods?"

"Who is it?"

"It was Zhou Hao's voice!"

"Not good, he seems to be fighting over there. Let's quickly go and provide support!"

Many students heard the intense voices from Zhou Hao's side and became anxious.

However, just as they were about to head over there to support Zhou Hao, they realized that Zhou Hao and Zhang Yi's location signs on the screen had disappeared!

At the same time, Instructor Shen also heard Yun Yan's anxious report. He hurriedly informed Commander Zhao.

In the hotel room.

"We need to move quickly. A student has discovered the Dark Gods' hideout!"

"Damn, I didn't expect them to really be able to find it!"

"Everyone, hurry up. The student who discovered the hideout is in danger."

Boom! Boom! Boom!

A group of grandmasters rushed out of the tall building and rushed towards the area where Zhou Hao and Zhang Yi had disappeared.

Yun Yan's eyes widened when she heard the sonic booms. "A... a grandmaster?"

Instructor Shen was stunned for a moment before he reacted and said happily, "Haha, Commander Zhao is indeed reliable. He actually sent a grandmaster to protect the students."

"Let's go and take a look at the situation. With so many grandmasters around, those guys won't be able to do anything." He said with a relaxed tone.

A grandmaster had the strongest combat strength in the city. Moreover, more than seven grandmasters had rushed over just now. Even if the opponents were the members of the Dark Gods, they wouldn't be able to fully handle the grandmasters.

The other students also rushed to the area where Zhou Hao and Zhang Yi were.

Bang! Bang! Bang!

Explosions sounded from the tall building in the residential area.

Violent energy fluctuations swept out rapidly.

Many residents living nearby rushed out of their buildings in panic.

Yuan Cheng, Xu Ling, and the other students who rushed over hurriedly evacuated and protected these residents.

Boom! Crack!

Just as He Biao, Zhen Hong, and the other grandmasters arrived at the residential area, an oval-shaped lightning energy suddenly surged in the sky above the residential area.

This lightning energy was shrouded in gray gas. In a short period of time, the gas enveloped the entire residential area and several nearby streets.

Roar! Roar!

Soon, gray and green rashes started appearing on the skin of the residents who had absorbed the gray gas. Furthermore, in just a few seconds, the cells in their bodies grew crazily, causing them to transform into ferocious creatures.

Chapter 77 - Its Your Turn Now!

Chapter 77: It's Your Turn Now!

"Be careful!"

"Retreat quickly!"

When Xu Ling, Yuan Cheng, and the others saw the residents transform, their expressions changed drastically as they hurriedly shouted.

Fortunately, many students were wearing standard armor when the residents transformed. Their armor was able to protect them from the attacks of the ferocious creatures.

The pupils of He Biao and the other grandmasters constricted when they saw the scene.

“This, this is...”

“Damn it, these inhumane bastards from the Dark Gods. They actually developed a biological virus!”

The grandmasters revealed furious expressions.

However, just as they were about to rush in, they were shocked to discover that the grayish lightning energy had actually blocked them from entering.

“Not good, this is the Lightning Prison!”

“Everyone above the level of master is prohibited from entering!”

“Damn it!”

He Biao, Zhen Hong, and the other grandmasters were shocked and furious.

The Lightning Prison was a deadly technique of the Machine Race. It used extremely high-level energy to form a lightning net that could prevent experts above the master level from entering.

Boom!

He Biao’s saber slashed onto the lightning energy, raising layers of purple ripples.

Zhen Hong and the other grandmasters also attacked the lightning net angrily.

“No, the lightning prison is too powerful. It can only be broken from the inside!” He Biao shook his head.

“In that case, quickly gather the other masters and get them to rush over to support those students!” Zhen Hong shouted anxiously.

The group of grandmasters stared at each other and could only truthfully report the situation to Commander Zhao.

Shen Jing was the first to learn of this news. His originally relaxed expression immediately became anxious. "What? A Lightning Prison? Not good, Zhou Hao, Zhang Yi, and Yuan Cheng are in danger!"

He rushed in without thinking.

The lightning prison could only defend against grandmasters and anyone below the grandmaster level could enter easily.

At this moment, outside the tall building.

Nearly a hundred members of the Dark Gods surrounded Zhou Hao.

Beside them, there were corpses lying everywhere. These corpses all belonged to master-level experts.

No one expected that the two students, who were originally considered to be weak like ants, would have killed more than a hundred master-level experts in just ten seconds!

Zhou Hao placed the unconscious Zhang Yi on the ground. He held a saber and looked at the group of masters indifferently.

The Dark Gods were indeed worthy of being a powerful mysterious organization whose name could make many experts turn pale.

In just one single tall building, there were hundreds of master-level experts hidden inside, and there was even a grandmaster-level expert holding down the fort!

"Tsk tsk, I didn't expect that the peerless genius hidden at Qu City High School would be you, Zhou Hao!!"

Behind the hundred of masters, a man in a bronze mask exclaimed in surprise, "And you actually managed to find our hideout. How surprising!"

Zhou Hao glared at the other party and said indifferently, "Stop wasting your breath. Since you've recognized me, today will be your death anniversary next year!"

As soon as he finished speaking, Zhou Hao's figure disappeared.

"Be careful!"

At the moment the anxious voice sounded, a saber light flashed seven times and seven master-level experts fell.

Swoosh! Swoosh! Swoosh!

Zhou Hao's figure continued to flicker like a ghost.

Having completely grasped the "Shadow Seven Sabers", Zhou Hao was like a grim reaper, constantly reaping the lives of these grandmasters.

The bronze-masked man's expression changed.

He did not expect Zhou Hao to be so powerful!

"Stop!"

He threw out a huge jade pendant that was carved into a beast shape.

The jade pendant made a noise and surged with a terrifying aura energy.

This energy instantly condensed into an incomparably huge demon beast.

The demon beast let out a shocking roar, forming an energy flood that enveloped Zhou Hao.

Zhou Hao, who was originally flashing like a ghost, slowed down visibly, as if he had gotten stuck in a swamp.

"Explode!"

Zhou Hao shouted as the blood essence in his body surged and circulated at high speed.

Roar!!

His blood essence was vast and vaguely formed the figure of an ancient dragon elephant. He directly broke free from the beast's restraints and his figure disappeared into space again.

Pu! Pu! Pu!

Zhou Hao, whose strength had exploded, increased his speed again.

As the saber flashed, it killed all the master-level experts.

Blood flowed like a stream as the smell of blood spread.

The bronze-masked man was completely stunned.

He had seen people with formidable combat strength, but he had never seen such a powerful expert.

More importantly, the other party was only just a student!!!

“It’s your turn now!”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 78 - Im Afraid My Identity Will Be Exposed

Chapter 78: I’m Afraid My Identity Will Be Exposed

Dozens of afterimages started to slow down and gather together. Still wearing the standard armor, Zhou Hao looked at the bronze-masked man calmly.

“Hahaha, Zhou Hao, do you think you can challenge a grandmaster just because you killed a group of master-level experts?” The masked man laughed and directly took off the bronze mask, revealing a terrifying and hideous face.

“Today, I’ll let you witness the true strength of a grandmaster!”

He raised his hand and grabbed, and the beast-shaped jade pendant floating in the air returned at lightning speed and fused with his body.

Then, he let out a beast-like roar as his body expanded violently. His aura also increased rapidly.

Roar!!

In the blink of an eye, the bronze-masked man transformed into a creature that was seven to eight meters tall.

“Genius... Haha, even if you are a peerless genius, you will still have to be killed by me!”

With a bang, the bronze-masked man charged towards Zhou Hao at an extremely fast speed.

Bang!

Zhou Hao did not even dodge as he quickly slashed out.

Clang!!

The standard saber shattered directly.

However, a terrifying force spread out and directly sent the bronze-masked man flying. He slammed into several tall buildings and smashed into the ground.

At this moment, Xu Ling, Yuan Cheng, and the others were killing the monsters that just transformed.

Seeing a huge beast fly out, they were all shocked.

“Retreat quickly, this is a grandmaster-level monster!!” Sensing the terrifying aura emitted by this creature, Shen Jing, who had just rushed into the lightning prison, shouted anxiously.

The bronze-masked man ignored Shen Jing and the others. His blood-red eyes stared fixedly at the figure that was gradually appearing from the dust of the ruins.

“You, you actually reached the combat strength of a grandmaster!!”

“How long has it been? How did a student like you grow to such a level?!”

His voice was like thunder as it rolled out.

Shen Jing wasn’t the only one who heard it. Yuan Cheng, Fang Yi, Yu Yan, and the other Yanjing geniuses also heard it. He Biao, Zhen Hong, and the others, who were bombarding the lightning prison, also heard the explosion.

“Yes, he’s our Qu City High School’s peerless genius!”

“Hahaha, that’s great. We’re saved!”

“I knew it. He... he has always been by our side!”

The students of Qu City’s high school training class were excited. All of them seemed to have gone crazy!

Unlike these students from Qu City High School, the Yanjing geniuses and the other grandmasters all felt somewhat dumbfounded.

Genius.

Grandmaster.

These two words kept echoing in their minds.

Shen Jing and the other grandmasters were still alright. After all, they more or less understood the combat strength of that hidden peerless genius. Therefore, even though they were mentally prepared, they quickly reacted.

However, Yuan Cheng, Fang Yu, and the others' minds gradually went blank.

They could not believe that a high school genius could actually have the combat strength of a grandmaster.

This was simply ridiculous.

As Yanjing geniuses, they had broad horizons and had even seen some true geniuses from prestigious schools.

Even the world's most outstanding prestigious school genius was only comparable to a high-level master in terms of combat strength.

Rumble...

The huge bronze-masked man struggled to stand back up. He looked at the clear figure in the dust and suddenly laughed out loud.

"I admit that you are indeed the strongest genius I have ever seen!"

"But so what? A genius is only a genius after all. Even if... you have the combat strength of a grandmaster, the foreign races will still..."

"!!!"

Before the bronze-masked man could finish speaking,

A saber beam completely drowned his vision. When he heard the sudden sonic boom, the bronze-masked man's heart completely stopped beating.

Boom!

His huge body fell heavily to the ground, and a saber was stabbed into his heart.

Zhen Hong, He Biao, and the other grandmasters were stunned again.

"This saber beam!!"

"It's... it's that Senior Zhou's saber technique!"

"No, compared to Senior Zhou, this saber technique seems to be a little weak and not that domineering!"

Fang Yun, Yun Yan, and the others were also stunned.

They had once seen an expert perform a stunning saber technique in the wilderness.

The saber beam was almost identical to the one from before.

“Could this genius be the senior who saved us last time?” This thought surged into their minds.

Swoosh.

With the death of the bronze-masked man, the lightning prison energy that enveloped nearly half the street slowly disappeared.

He Biao, Zhen Hong, and the other grandmasters hurriedly rushed in.

Zhou Hao pulled the saber out of the corpse and saw the others rushing over. He could not help but smile bitterly in his heart, thinking to himself that his identity was probably going to be exposed this time.

Chapter 79 - Where Is That Genius?

Chapter 79: Where Is That Genius?

However, at this moment, the entire residential area suddenly shook violently.

Zhen Hong's expression changed drastically. “Quick, let's get out of here. The Dark Gods' self-destruction system has been activated.”

As soon as he finished speaking, the residential building collapsed, and violent explosions sounded from the ground.

The group of students was so frightened that they hurriedly ran for their lives. However, there was one person who went in the opposite direction.

Seeing that someone was actually returning, Shen Jing couldn't help but shout anxiously, “You're crazy. Come back quickly!”

Zhou Hao did not turn around and only replied in a hoarse voice, “There are two more unconscious classmates over there!”

Boom! Boom! Boom!

Explosions roared as residential buildings collapsed one after another.

Shen Jing looked anxiously at the figure who rushed over without hesitation as he gradually disappeared into the dust.

Swoosh! Swoosh!

Suddenly, two figures were thrown out like arrows. At the same time, a deep and hoarse voice sounded, "Don't worry about me."

Shen Jing looked and saw that the two people thrown out were Zhou Hao and Zhang Yi. Shen Jing grabbed both of them and looked into the residential area before gritting his teeth and escaping.

Bang! Bang!

Ten seconds later, the residential area was completely destroyed.

He Biao, Zhen Hong, and the other grandmasters flashed to Shen Jing's side and asked anxiously, "Where's that genius?"

Shen Jing shook his head. "I don't know."

"What do you mean you don't know?!" He Biao was furious.

A genius who had been able to kill a grandmaster of the Dark Gods and had basically represented unlimited hope. Now, it was unknown whether he was alive or dead.

Zhen Hong and the other grandmasters also glared at Shen Jing.

Shen Jing sat on the ground dispiritedly with Zhou Hao and Zhang Yi lying beside him. "He... he rushed in and saved these two students. He said that we shouldn't care about him. It was an emergency back then and I couldn't care less. Therefore, I brought the two students out!"

He Biao sighed anxiously. "Old Shen, you've made a terrible mistake!"

Zhen Hong also said angrily, "If such a genius with limitless potential dies, can you, Shen Jing, bear the consequences?!"

"I understand, but... but I can't disregard the lives of other students!" Shen Jing gritted his teeth and said.

The other grandmasters sighed.

Commander Zhao rushed over at this moment. After hearing the reason, he walked forward with a frown. "Alright, don't blame Shen Jing anymore. In that situation back then, even I would have done the same!"

"Moreover, since that genius dared to rush in to save someone, he should have the confidence to come back out alive. Don't forget that he has extremely powerful combat strength."

He Biao, Zhen Hong, and the other grandmasters looked at Shen Jing with a dark expression. "Hopefully, that genius is still alive. Otherwise, Shen Jing, you will be the sinner of humanity!"

The other students surrounding them were all silent.

All of a sudden, Xu Ling said firmly, "I believe that the genius is still alive!"

"Me too!"

"He won't die so easily!"

"Yes, that genius is the guardian angel of our Qu City High School. It's impossible for him to die!"

The students of Qu City's high school training class shouted one after another.

Commander Zhao nodded and looked at the residential area that had been reduced to ruins. He frowned and said, "This should be a stronghold of the Dark Gods. Let's go in and check later. We might be able to gain something."

...

In the evening.

At the medical office of Qu City High School.

Zhou Hao and Zhang Yi had just woken up when they heard a commotion.

"Hmph. I told you long ago that the peerless genius of our school killed a high-level demon general. You didn't believe me, but you saw it with your own eyes today, didn't you?"

"That's right. That genius single-handedly uprooted the Dark Gods' stronghold and even killed a grandmaster. Can the geniuses from your Yanjing Training Camp do that?"

"This genius from our school keeps a very low profile. He only stands up when there's a crisis. All of you should learn from him!"

The students of Qu City's high school training class could be said to be feeling proud and elated.

Yuan Cheng, Yun Yan, and the other Yanjing geniuses were unable to lift their heads for three to four hours.

Of course, the main reason was that Yuan Cheng and the others were still in shock.

Xu Ling heard Zhou Hao and Zhang Yi's movements and could not help but shout, "Stop fighting. Zhou Hao and Zhang Yi are awake."

Whoosh.

Many students surrounded them.

"Zhou Hao, Zhang Yi, how are you guys feeling?"

"Does it hurt anywhere?" Everyone asked anxiously.

After all, Zhou Hao and Zhang Yi were the ones who had discovered the Dark Gods this time. The two of them were the main contributors.

Zhou Hao shook his head. "I'm fine."

Zhang Yi shook his head forcefully and was still in a daze. However, he quickly regained his senses and revealed an anxious expression. "My sister, have you found my sister?!"

Xu Ling and the other students immediately fell silent.

Zhou Hao frowned. He had actually been awake the entire time, but because he had been sent to the medical department by the students, he did not know what happened after that.

However, judging from Xu Ling and the others' reactions, the situation seemed to be a little bad.

"Quickly, tell me!" Zhang Yi shouted anxiously.

"Zhang Yi, calm down first," Xu Ling thought for a moment and advised.

When Zhang Yi heard this, he was stunned as tears streamed down his face.

"Is... is my sister dead..."

Zhou Hao's eyes darkened as he blamed himself for wasting time with the members of the Dark Gods. He should have prioritized entering the building to save Zhang Yi's sister.

At this moment, Xu Ling hurriedly said, "Zhang Yi, don't cry first. Your sister isn't dead!"

Upon hearing this, Zhang Yi suddenly looked up and asked anxiously, "Xu... Xu Ling, what did you mean just now? My sister isn't dead?"

"Yes." Xu Ling nodded heavily.

"Then... then where is she?" Zhang Yi grabbed Xu Ling's arm.

Xu Ling did not know what to say for a moment.

Yun Yan walked forward. "Let me explain."

Zhang Yi could not help but turn to look at Yun Yan.

Yun Yan said slowly, "It's like this. After you and Zhou Hao fell unconscious, the peerless genius of our school appeared and killed a group of experts from the Dark Gods. However, the Dark Gods' self-destruction system was activated and the entire residential area exploded."

"After that, Commander Zhao and the others searched thoroughly and found a metal box. This metal box contained clues about your sister."

Zhang Yi hurriedly asked, "What clues did you find?"

Chapter 80 - Blood Sacrifice

Chapter 80: Blood Sacrifice

Yun Yan shook her head. "We don't know the exact situation, but we do know that the Dark Gods probably have their eyes on your sister because of her physique. It seems that they want to use her for a blood sacrifice. However, that's only if your sister's strength reaches a certain level."

Zhang Yi almost broke down when he heard about the blood sacrifice, but his eyes widened after hearing the rest.

“Yun Yan, you... you mean that until my sister matures and meets the requirements of the blood sacrifice, she will be safe, right?”

Xu Ling and the other students nodded and said in unison, “Yes!”

Zhou Hao asked, “Do you know where Zhang Ying was taken to?”

“It’s the Dark Gods headquarters!” A voice suddenly sounded from the entrance of the medical office.

The students automatically opened a path and Shen Jing walked over.

Zhang Yi and Zhou Hao hurriedly got up.

Shen Jing waved his hand. “You don’t have to move. Zhang Yi, according to our understanding, other people from different cities have also been taken away by the Dark Gods. The blood sacrifice held by the Dark Gods is very mysterious. They have to bring those people to the headquarters to train them until they meet the requirements.”

“Therefore, your sister is safe until she meets the requirements for the blood sacrifice.”

Hearing Instructor Shen say this, Zhang Yi immediately relaxed.

Zhou Hao asked, “Instructor, may I ask how long it will take for the Dark Gods to nurture Zhang Ying and the others who have been captured?”

Zhang Yi was stunned for a moment before looking at Instructor Shen nervously.

Instructor Shen shook his head. “We’re not too sure about that either. We only know that the requirements for the blood sacrifice are very strict. Even if the Dark Gods are able to obtain a lot of resources, they will still need at least a year to prepare!”

Zhou Hao and Zhang Yi looked at each other.

“In other words, we only have a year!” Zhang Yi clenched his fists tightly.

Instructor Shen nodded. “That’s right. If you want to save your sister, you have to advance to the master level within this year.”

Zhang Yi gritted his teeth and said firmly, “I will!”

Instructor Shen sighed in his heart. Actually, he was only giving Zhang Yi hope. After all, the Dark Gods were too powerful. If there was already a grandmaster holding down the fort at the residential area stronghold, then just what kind of expert awaited them at the headquarters?

Turning around, Shen Jing swept his gaze over the other students and said slowly, "All of you have done well in this Dark Gods Operation. The school and commander Zhao have unanimously decided to hold an award ceremony for all of you the day after tomorrow. At that time, Commander Zhao and the other grandmaster experts will personally give you the medal."

"What? An award ceremony?"

"That's great. A grandmaster-level expert will even be there to personally give us the medal!"

"Ahhh, I can't wait!"

The students were pleasantly surprised.

Even Yuan Cheng, Yun Yan, and the other Yanjing geniuses couldn't help but be excited. It was a supreme honor to receive a medal of honor from a grandmaster.

Shen Jing waved his hand, and everyone instantly fell silent.

"Don't be happy yet!" Instructor Shen's expression suddenly turned unsightly, and his tone became solemn. "By removing the Dark Gods' stronghold this time, we have also attracted the attention of the experts from the Dark Gods headquarters. Now, even the foreign races will place their attention on our Huadong City."

"Therefore, our Huadong City might start facing some great pressure."

Xu Ling and the other students' hearts skipped a beat when they heard this, and their hearts instantly became heavy.

Instructor Shen continued, "After the award ceremony, I will train you guys even more strictly and forcefully!"

Upon hearing this, many students immediately complained.

Even Yuan Cheng, Yun Yan, and the others had bitter expressions. They knew very well how abnormal Instructor Shen's strict training was.

It was simply hellish.

...

At night.

In the cool moonlight...

Zhou Hao returned to the entrance of the Yang Garden Residence.

Looking at the warm lights inside, he collected his emotions and walked in.

“Little Hao, you’re back. Quickly wash your hands. The food will be ready soon. Today is your favorite braised carp and tofu with bamboo shoots!”

As soon as Zhou Hao entered, he heard his mom’s laughter in the kitchen.

His father, who was reading the newspaper, also smiled and looked at Zhou Hao. “Son, are you tired from the training camp?”

The two of them knew that Zhou Hao had entered the focused training class.

This was something they had coincidentally heard when Zhou Hao was on the phone with Xu Ling. At that time, they were so happy that their mouths were wide open. Even the dinner that night was much more sumptuous.

“I’m not tired. It’s pretty fulfilling.” Zhou Hao washed his hands and said, “The instructor said that I’ll reach the second level of blood essence soon!”

Zhou Xueguo immediately put down the newspaper and said in surprise, “Really?”

Zhou Hao said casually, “How could it be a lie? The instructor said so himself!”

“Good, good!” Zhou Xueguo became excited. “Son, work hard and break through to the second level of blood essence. You have a chance to become a martial artist in the future!”

At this moment, Wang Shuyuan walked out with two plates of food and placed them on the dining table. Seeing that Zhou Xueguo was so excited, she could not help but ask him a few questions.

Zhou Xueguo repeated Zhou Hao’s words.

Wang Shuyun was immediately excited. She planted a few kisses on Zhou Hao’s forehead. “Son, you’re really something. Haha, our family is going to have a martial artist too!”

Zhou Hao was speechless. “Dad, Mom, why are you so happy just because your son is a martial artist?!”

Zhou Xueguo stared at him. “Son, do you know how many people dream of becoming a martial artist? Once you become a martial artist, you can kill foreign races and work for the city!”

“Your father’s dream back then was to become a martial artist!”

Zhou Hao hurriedly said, “Yes, yes, Dad. I’ll work hard to become a martial artist!”

As he spoke, he couldn’t help but ridicule in his heart. If they knew that his son had already easily killed a high king-level demon beast, they would probably be so excited that they wouldn’t be able to sleep for a month.

“Alright, I’m happy today. Son, drink with me!”

After eating for more than half an hour, Zhou Xueguo pulled Zhou Hao to drink and chat until 9: 30 before letting him sleep.

Lying in bed, Zhou Hao looked at the starlight shining in from the window and gradually calmed down.

The biggest reason why Zhou Hao had cleaned the wilderness area and uprooted the Dark Gods was still to protect his family.

Opening the virtual screen, he habitually glanced at the luck points.

Luck Points: 893,100 (Current level: overwhelming luck)

Zhou Hao was shocked. “More than 50,000 luck points? Could it be...”

He could not help but think of the bronze-masked man he had killed today. It seemed that he was able to drop luck points after transforming into a hideous creature.

“The Dark Gods are really an evil organization. Even their luck point system considers them to be a foreign race!” Sighing, he subconsciously clicked on the shop section and arrived at the mystery box interface.

Large amounts of boxes flashed past as they were opened. Most of them still contained roses, Heaven Dao coins, and other trash.

“890,000. I’m almost at 1 million!” Anticipation flashed in his eyes.

At the Dark Gods headquarters.

In the incomparably spacious hall, roars sounded. “Damn it, Damn it. A mere Huadong City actually destroyed a stronghold of my Dark Gods!”

“Shadow.”

A ball of black gas surged out from the darkness. “Yes, sir.”

“Go, inform the Cloud Mink Royal Family outside the Huadong City that our Dark Gods are willing to cooperate with them. Together, we will make Huadong City disappear from this land!”

Chapter 81 - Is She On Her Period Again

Chapter 81: Is She On Her Period Again

“Yes!”

...

In the depths of the wilderness area of the Huadong City.

Roar! Roar!

Waves of loud roars constantly sounded.

Rumble...

All kinds of huge beasts walked among the flourishing ancient trees, making the ground tremble incessantly, as if it was still the prehistoric era.

Suddenly, a dark figure appeared in the sky.

A large number of demon beasts sensed the energy fluctuations and roared.

At this moment, a sharp voice sounded. “Shadow, what are you doing in my territory?”

The dark figure quickly floated into a rough round wooden building and slowly condensed, revealing a black robe.

“Greetings, Lord Cloud Mink!” The dark figure bowed respectfully. “The reason for my visit this time is because the President wants to give you a big gift.”

The high-pitched voice said, “What big gift?”

The dark figure hurriedly said, “Huadong City.”

Boom!

The entire rough round wooden building shook. Two eyes that were like giant lanterns emerged from the darkness and stared at the dark figure.

“The Huadong City harmed my people. I have made a vow to destroy the Huadong City. State your terms!”

The dark figure chuckled. “After this matter is done, as long as you can provide a portion of your Cloud Mink’s blood essence, that will do.”

The other party snorted, and the surrounding air froze.

“Your president sure has a big appetite... Alright, I agree. But if the Huadong City doesn’t get destroyed, I assume you are aware of the consequences...”

...

At Qu City High School.

Ring ring.

With a crisp ringtone, the school gradually fell silent.

In the training room.

Zhou Hao and the others were lying in the virtual cabins, constantly killing various demon beasts and insects.

Compared to before, the number of demon beasts and insects had increased by several times, making many students complain incessantly.

In less than ten minutes, almost eighty percent of the virtual cabins turned red.

Many students sighed and shouted, “It’s too difficult!”

Not long after, Zhou Hao, Xu Ling, and Zhang Yi’s team were also annihilated.

“There are too many demon warriors. And all of them were traveling in packs. The training difficulty has indeed increased by a lot!” Xu Ling frowned, but her face was still cold and beautiful.

Zhou Hao said casually, “The difficulty has increased, but everyone’s strength has improved very quickly.”

Xu Ling nodded slightly.

Indeed.

The high-intensity training after the award ceremony had improved the combat experience of the students in the class. Moreover, in addition to carrying out virtual drills, Instructor Shen had also arranged for all the students to continue fighting mutated beasts like the Tusk Boar. Everyone's strength had also clearly improved.

At the very least, when facing the low-level demon warriors, everyone was no longer as panicked as before.

"By the way, Yuan Cheng and the others said that they're going to a bar to relax tonight. Are you coming?" Xu Ling looked at Zhou Hao and Zhang Yi and asked.

Zhang Yi shook his head. "I'll go home and continue training."

His younger sister's whereabouts were still unknown, so he was naturally in no mood to go to the bar.

Zhou Hao also shook his head. "I still have something to do tonight."

Xu Ling widened her eyes and kicked Zhou Hao lightly. She asked suspiciously, "What is there for you to do?"

Zhou Hao said angrily, "It's not convenient for me to tell you."

Xu Ling seemed to have thought of something as her face turned slightly red. "Shameless, how could you go to those shady places? I'm ignoring you!"

With that said, she turned and left.

"Is she on her period again?!" Zhou Hao was speechless.

After school.

Zhou Hao arrived at the defensive line of the East Station.

Just as he arrived at the command center, he saw Commander Zhao frowning.

"Commander Zhao, what happened?" he asked as he stepped forward.

"Senior Zhou, you came at the right time." Commander Zhao stretched out his hand and signaled for Zhou Hao to sit.

Zhou Hao sat down.

Commander Zhao handed him a cup of hot water and said in a deep voice, "Yesterday, two martial artist teams disappeared at the edge of Area 283. However, the people we sent to search did not discover anything!"

“These two martial artist teams are not weak. There were three master-level experts in each team.”

When Zhou Hao heard this, he asked curiously, “Area 283 is rather far from the city. I just cleaned up that area the day before yesterday. Almost all the intermediate-level and high-level demon generals were dead. With a master around, how is it possible for their team to disappear?”

Commander Zhao nodded. “That’s also what I don’t understand.”

As he spoke, he tapped his finger on the table.

Immediately, ripples appeared. The ordinary table instantly became an electronic screen covered in red dots.

“And just two hours ago, our intelligence department discovered that there was a bad high energy signal in Area 283. Several helicopters went to investigate and were destroyed on the way!”

Zhou Hao’s expression could not help becoming solemn.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 82 - Huadong City Is in Danger!

Chapter 82: Huadong City Is in Danger!

He knew very well that the red dots represented king-level demon beasts, and at least thirty red dots had appeared in Area 283.

This meant that more than thirty king-level demon beasts had suddenly appeared in Area 283.

“I don’t dare to take the risk of letting He Biao, Zhen Hong, and the others investigate!” Commander Zhao’s voice was low.

A grandmaster was the city’s strongest combatant and the last line of defense.

If anything happened to them, the city would no longer be able to resist the foreign races in the wilderness.

Zhou Hao stood up. "I'll go and check."

"No!" Commander Zhao refused flatly and shook his head. "Senior Zhou, you're the strongest and the hope of the city. Even if something happens to all of us, the city will still be safe and sound with you around!"

"I'll send a few more military teams."

Zhou Hao waved his hand and interrupted, "You will only be sending them to their deaths!"

"I am the only one here who has the strength to kill high king-level demon beasts, so I am the most suitable. Don't worry, I will be right back. I won't waste any time with those demon beasts."

Commander Zhao was about to speak when he saw that Zhou Hao had already disappeared.

He hurriedly rushed out and looked at the figure in the sky before sighing heavily.

"Intelligence Department, immediately activate the detector to its maximum value and keep a close eye on the location of Senior Zhou's aura!" he ordered in a deep voice.

"Yes, Commander!"

At this moment, He Biao, Zhen Hong, and the other grandmasters had also rushed over.

Even if Commander Zhao did not say anything, they could still find out about the situation in Area 283 through other channels. After all, the continuous losses of master-led teams was enough to cause a commotion in the Huadong City.

"Eh, isn't that Senior Zhou? Is he going to the wilderness area again?"

He Biao, Zhen Hong, and the other grandmasters happened to see the red figure in the sky.

Commander Zhao shook his head. "Senior Zhou has gone to Area 283!"

He Biao, Zhen Hong, and the others were stunned for a moment before they quickly reacted. "Commander Zhao, what's going on in Area 283?"

Commander Zhao explained the situation again.

"What? More than thirty king-level demon beasts?"

“Could it be that the king-level demon beasts that fled before have returned?”

In the depths of the wilderness area.

Under Zhou Hao's full speed, he arrived at the edge of Area 283 in less than ten minutes.

Zhou Hao frowned as he looked at the barren mountain range in front of him.

As soon as he arrived, the blood essence of the Dragon Elephant Wisdom Technique circulated automatically. It was obvious that there was an extremely terrifying danger on the other side of the mountain range.

Otherwise, it would be impossible for his cultivation technique to start up automatically.

“With the defense of the Black Tortoise Set, my combat strength has also reached the peak of the grandmaster level. Even if I encounter a terrifying overlord-level demon beast, I can still escape calmly!”

With this in mind, Zhou Hao's toes suddenly stepped on the ground, and his body suddenly soared. In a few flashes, he crossed the mountain range in front of him.

Roar!!

Roar...

However, just as he crossed the mountain range, he was dumbfounded.

On the other side of the mountain range, a large number of demon beasts were gathered. There were more than a hundred king-level beasts with terrifying auras. And at the back of the demon beasts, there were three terrifying huge beasts. The aura they emitted was terrifying like an abyss, and it even affected the energy fluctuations in the world.

Overlords!

Without a doubt, these three giant beasts were all at the overlord level!!

Roar!!!

As if it had noticed Zhou Hao, an overlord-level beast let out a thunderous roar.

For a moment.

Over a hundred king-level demon beasts, tens of thousands of demon generals, and nearly a million demon warriors roared in unison, shaking the space until it was vaguely distorted.

Rumble...

As the ground shook, nearly a million demon warriors rushed towards Zhou Hao like a terrifying storm.

Zhou Hao reacted and hurriedly recorded the scene and sent it out through the radar watch. At the same time, he shouted anxiously, "Quick, quick, the demon beast horde is going to attack the city!"

If there were more than a million demon beasts gathered so suddenly, there could only be one possibility...

They were planning to besiege the city.

And not only were there a million demon warriors in front of him, there were even more than a hundred king-level demon beasts and three Overlords!

This was no longer just a siege. They wanted to destroy the Huadong City!

...

At the East Station's headquarters.

Commander Zhao, He Biao, Zhen Hong, and the other grandmasters had solemn expressions.

The situation in Area 283 made them have an ominous feeling.

Di di!

Suddenly, an urgent message sounded from their radar watches.

When He Biao, Zhen Hong, and the others saw the message, their faces turned pale.

"How... how is this possible?!"

"Three overlord-level beasts!! There has never been one in the previous attack"

"Our Huadong City is in danger!!"

Despair appeared in the eyes of every grandmaster.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 83 - The Big Battle Is Imminent

Chapter 83: The Big Battle Is Imminent

Facing a beast wave attack formed by king-level demon beasts, the grandmasters could still manage to resist it with the help of the city. However, it was different when their opponents were overlord-level demon beasts. They were terrifying existences comparable to a nuclear bomb.

Commander Zhao's body trembled, but he forced himself to calm down. He immediately ordered into his ear-mic, "Quickly sound the city's special alarm. All residents of the city are to be transferred to the underground!"

"Order! Anyone who has reached the level of a martial artist and above, quickly head to the various defense lines in ten minutes and prepare to resist the beast wave attack!"

As soon as he finished speaking, an ear-piercing alarm instantly sounded throughout the entire city.

Di. Di. Di. Di. Di.

The calmness of the city was instantly gone due to the emergency alarms.

"What happened?"

"There are actually five alarms going off at once!"

"This... this is a special-level alarm!"

Regardless of whether they were at work, shopping, or attending classes, the residents in the city all looked at the source of the alarm.

"Quick, quick, the beast wave attack is coming. All the company members are to be sent to the Underground Base!"

"Quick, this is a special alert. The city is in an unprecedented crisis!"

The higher-ups of the government, the school, and the various companies were all extremely anxious.

Five air defense alarms sounded in the city, indicating that even the city could not resolve the upcoming beast wave attack!

Soon, the news of the imminent beast wave attack spread like a storm throughout the city.

The residents immediately panicked.

Fortunately, they had all experienced such a situation before. After a short panic, they quickly went underground methodically under the arrangement of the government staff.

However, there were too many residents in the city. It would take more than two hours for all of them to be transferred underground.

Naturally, the beast wave attack clearly would not wait for the citizens to evacuate.

Rumble!

Not long after Zhou Hao sent the video message out, the ground outside the city shook.

At the East Station's headquarters.

Commander Zhao turned anxious again. "Has the Intelligence Department contacted Senior Zhou?"

"Commander, the energy coverage outside is too strong. We are unable to accurately locate him!" The Intelligence Director was so anxious that his forehead was covered in sweat. He knew very well how important Senior Zhou was to the city.

Commander Zhao, who rarely cursed, cursed out loud. "Trash, a bunch of useless trash!"

He Biao, Zhen Hong, and the other grandmasters also recovered from their despair. Even though their eyes were filled with anxiety, their expressions had calmed down.

"Commander Zhao, we have to ask for help from the Yanjing City as soon as possible!" Grandmaster Yu said in a deep voice.

The other grandmasters looked at Commander Zhao.

Commander Zhao gritted his teeth and sighed. "I've already requested help, but even if a supernatural grandmaster rushed over, it would still take at least half an hour. And the strength of this beast wave attack is too terrifying, I'm afraid we won't be able to resist it!"

Zhen Hong could not help but say, "Commander Zhao, don't we still have the ultimate weapon, the Laser Rail Cannon? This weapon can pose a threat to overlord-level demon beasts!"

The other grandmasters' eyes lit up when they heard this.

"What? Our Huadong City also has a Laser Rail Cannon?"

"That's great. With the Laser Rail Cannon, as long as we can operate it properly, we will be able to kill an overlord-level demon beast!"

They were all excited.

The Laser Rail Cannon was the most advanced technological weapon.

Commander Zhao smiled bitterly and shook his head. "The Laser Rail Cannon is indeed powerful, but it takes half a minute just for it to accumulate energy. Moreover, with the energy reserves of our Huadong City, we can only fire it three times!"

Upon hearing this, the grandmasters, who were suddenly hopeful, immediately fell silent.

The overlord-level demon beasts were all extremely fast, and it was very difficult for them to hit them with the cannon. Considering that it could only fire three times, the Laser Rail Cannon could only be used as a deterrent!

"No matter what, with the Laser Rail Cannon, we can at least make those overlord-level demon beasts fear us and discourage them from attacking the city immediately. As long as we can hold on until the supernatural grandmaster arrives, our city will still be saved!" He Biao said firmly.

The other grandmasters nodded one after another. At this moment, they could only grit their teeth and endure.

Fortunately, the city's defense line was firm and could withstand a beast wave attack with more than a million beast warriors.

With the city's defense line, they might have a chance.

"Continue to work on tracking Senior Zhou's location and contact him as soon as possible! We need him!" Commander Zhao was not optimistic. He urged the Intelligence Department and immediately ordered all the soldiers to enter the defensive line.

"I hope Senior Zhou is safe and sound!"

Swoosh! Swoosh! Swoosh!

As He Biao, Zhen Hong, and the others prayed for Zhou Hao in their hearts, they immediately flashed to the high wall of the defensive line.

Looking at the distant demon beast wave attack that surged like a tsunami, they looked at each other and saw the determination in each other's eyes.

Chapter 84 - The Best Chance to Collect Luck Points

Chapter 84: The Best Chance to Collect Luck Points

In the wilderness area far away from the South Station's defensive line.

Zhou Hao's figure was running crazily, and behind him were dozens of king-level demon beasts.

Boom! Boom! Boom!

When he reached Area 261, he heard the sound of artillery firing from the city.

Zhou Hao could not help but stop and look in the direction of the city. "Has the beast wave attack already arrived at the high wall of the city's defense line?"

After discovering the gathered demon beasts, Zhou Hao had already tried his best to stall and attract the attention of the beasts, allowing the beast group to send out eighteen king-level demon beasts to pursue him.

This was the limit of what he could do.

As for the overlord-level demon beasts, although he wanted to lure them over, the three demon beasts were not swayed at all. Clearly, their priority was to attack the city.

"Damn human ant, why aren't you running anymore?!"

"Hmph, you're that Senior Zhou who killed many of our companions, right? Let's see where you can run to today!"

The eighteen king-level demon beasts that had caught up to Zhou Hao surrounded him.

Each of them was at least an intermediate-level demon king and was rather intelligent.

Zhou Hao stood rooted to the ground, but his expression was very calm.

“That’s right. I’m not running anymore. This place has a beautiful environment and will be a perfect burial site for you guys!” he said indifferently.

“Haha, human ant, do you really think you can kill us with so many demon kings around?”

“What shameless boasting!” The demon kings muttered disdainfully.

Zhou Hao smiled calmly. “You’ll know soon enough whether or not I’m just boasting!”

As soon as he finished speaking, the blood essence in his entire body suddenly boiled. His wide meridians instantly emitted the sound of a bowstring. The powerful blood essence of the hundredth level of the Dragon Elephant Wisdom Technique instantly filled every cell in his body.

Buzz. Buzz.

His skin was trembling.

His originally simple aura suddenly soared.

Roar!!

Soon, an incomparably terrifying ancient dragon elephant figure appeared behind him and roared.

A huge blood essence pressure enveloped the surroundings.

The eighteen demon kings immediately felt their blood being suppressed, and their souls trembled.

“You, you...”

Fear appeared in the eyes of all the demon kings. They suddenly felt that Zhou Hao was the true demon king here!

The “Shadow Seven Sabers” sounded.

Zhou Hao’s figure flashed seven times in a second, each time emitting a saber beam that caused the space to tremble.

The saber beams turned into bloody marks appeared on the foreheads of the seven demon kings.

Swoosh!

The bloody marks soon ruptured and large amounts of blood and brains splattered everywhere.

Boom!

The seven huge demon kings fell to the ground. Even until they died, they did not understand how Zhou Hao had been able to kill them.

The remaining eleven demon kings were panic-stricken when they saw this.

It was too terrifying!

Seven intermediate-level demon kings had been instantly killed by Zhou Hao.

“Run!”

The demon kings’ hearts trembled. How could they dare to continue surrounding and killing Zhou Hao? They all fled for their lives!

Pu! Pu!

However, the saber beams were like a demon god that was chasing after them.

After a moment, Zhou Hao stood in front of the last demon king corpse and stored it in the large space of the Black Tortoise Set.

“It’s indeed very easy for me to kill a demon king with a king-level saber,” Zhou Hao muttered as he opened the virtual screen.

Originally, he was worried about finding a way to increase his luck points.

But now with the beast wave attack was the perfect opportunity for him to accumulate luck points, even though it was a disaster for the city.

Luck points: 2,872,100 (Current level: overwhelming luck!)

Upon seeing this, Zhou Hao couldn’t help but be excited. “As expected, demon kings are the most fun to kill. My luck points has finally exceeded 1,000,000!”

After taking a few deep breaths, he calmed down.

Since his luck points had exceeded a million, it would be a waste for him to continue accumulating.

Although the higher his luck points, the higher the chances of him consuming a top-grade item, the city was currently facing a beast wave attack led by terrifying demon overlords. He had to increase his strength in order to deal with it calmly.

Moreover, with so many demon overlords, he did not have to worry about luck points.

Without hesitation, he opened the shop section and went to the silver mystery box page.

“Since I’m going to open it, I might as well spend all my luck points and see what good things I can get!”

Thinking of this, Zhou Hao gritted his teeth and consumed all his luck points.

Immediately, his luck points was depleted.

“Ten consecutive boxes!!” He directly clicked on ten consecutive boxes.

Ding... Please fill in your weapons, pills, and cultivation techniques. ‘The system displayed a message.

Zhou Hao hurriedly filled in the form.

Soon, information appeared in the empty compartment.

The cultivation techniques were as follows:

Cultivation techniques: “Blood Transformation Art”—“Blood Burning Art”—“Three Revolutions Divine Blood Art”—“Nine Revolutions Golden Body Art”.

“Shadow Saber Stance”—“Mirage Slash”—“Shadow Seven Sabers”—“Sky Splitting Divine Technique”

Weapons:

Weapons: Black Tortoise Set—Black Tortoise Sacred Set—Black Tortoise Divine Armor.

King-level saber—Blood Imbibing Saber—God Slaying Saber—Saber of Nirvana.

Medicinal Pills: top-grade Blood Explosion Pill—Divine Blood Pill—Primordial Blood Pill.

This time, Zhou Hao did not fill in the Dragon Elephant Wisdom Technique. What he was cultivating had already reached the limit of the Dragon Elephant Wisdom Technique.

Boom!

After filling in the information, the silver mystery box spun and covered the entire virtual screen.

Bang! The silver mystery box exploded.

Immediately, ten items appeared on the screen.

“Ding! Congratulations on obtaining a rare-level cultivation technique” Sky Splitting Divine Technique “from the silver mystery box!”

“Ding! Congratulations... on obtaining 100 roses!”

“Ding... congratulations... on obtaining 1,000 Heaven Dao coins!”

“...”

“Ding! Congratulations... for obtaining a rare-level weapon, the God Slaying Saber!”

“Ding! Congratulations... for obtaining a rare-level medicinal pill, the Divine Blood Pill!”

“The items have been placed in your backpack. Please take note!”

At the same time, a system announcement appeared on the screen:

Congratulations “I am just an ordinary person” for obtaining a rare-level cultivation technique from the silver mystery box!

Congratulations “I am just an ordinary person” for obtaining a rare-level weapon from the silver mystery box.

Congratulations... on obtaining a rare-level medicinal pill.

The three messages were sent out one after another!

Apart from the bronze users, all the users were shocked.

They rushed to the silver mystery box page and stared at the notification.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 85 - Ten Consecutive Draws

Chapter 85: Ten Consecutive Draws

After confirming that the user “I am just an ordinary person” had opened ten consecutive boxes, they were all dumbfounded.

Although the rate of getting rare-level items from silver mystery boxes was slightly higher, that was still only relative to ordinary mystery boxes. Rare-level items were still extremely hard to be obtained from opening ten consecutive silver mystery boxes. Only by opening a hundred consecutive boxes could one occasionally obtain a rare-level item.

However, this time, someone actually opened three rare-level items in ten consecutive boxes, one of which was even an item with third-level rarity.

It was simply mind-blowing!

For a moment, a large number of silver and gold users surged into the chat hall. Even platinum users appeared.

“Impressive!”

“Isn’t this’ I’m just an ordinary person ‘too lucky? He actually got three rare-level items out of ten consecutive boxes? Damn, I’ve tried a hundred consecutive boxes and still haven’t gotten a single rare-level item!”

“I’m so envious and jealous!”

“I remember last time, this person even obtained a rare-level cultivation technique. I seriously suspect that he’s just hacking!”

“I suspect so too!”

“Alright, stop suspecting. If the software was hackable, there would be people getting rare-level items every day. This guy is probably just someone with great luck.”

Zhou Hao naturally did not know that he had caused another commotion after opening the boxes.

At this moment, he was a little dumbfounded when he saw the three rare-level items.

Although he had spent nearly 3 million luck points opening the mystery box this time, he had only expected to get one rare-level item.

However, he did not expect to get three rare-level items out of the ten consecutive boxes!

After regaining his senses, he hurriedly returned to his personal page and opened his bag. Looking at the three items inside, he was excited. "As expected of the overwhelming luck status. It's indeed awesome!"

Receive!

Without hesitation, he immediately clicked to receive the items.

Swoosh!

An invisible energy surged out from the vast space and instantly enveloped Zhou Hao.

Immediately, the third-level "Sky Splitting Divine Technique" Zhou Hao received caused him to obtain a lot of mysterious experience points.

His gaze became sharp, and his aura was incomparably sharp, like a divine saber that was about to be unsheathed.

The king-level saber in his hand also suddenly changed.

The saber was quickly covered in strange lines that were like scales. A blue bead gradually condensed on the handle and was embedded in it. The surface of the bead seemed to be ethereal as its material kept changing.

Zhou Hao clenched his fist lightly and felt an energy surge out of the saber, making his blood essence tremble.

He subconsciously slashed at the space in front of him.

Chi!

The space in front of him was like glass as fine cracks appeared, and then it quickly recovered.

"This is a second-level saber?!" Zhou Hao's eyes widened. He swore that he had really waved his hand casually just now.

However, space actually did crack.

Moreover, he had a feeling that the saber seemed to have a seal that was suppressing its strength.

"I wonder how powerful the" Sky Splitting Divine Technique "will be when I use it with this saber!" Zhou Hao wanted to give it a try. He had benefited a lot by opening the silver mystery boxes.

Although he did not get the other third-level cultivation technique that he wanted, the weapon and the “Sky Splitting Divine Technique” had surprised him.

“Hu.”

Retracting his emotions, Zhou Hao looked at the pill floating in front of him.

This medicinal pill was round and simple, and it emitted a fragrance that seeped into the heart. With just a sniff, he felt comfortable.

Divine Blood Pill: A high-level ancient auxiliary pill. It can greatly increase one’s blood essence potential. After consuming it, one’s strength will instantly increase by two levels without any side effects. Lasts for an hour.

Note: The effect of the medicinal pill will fade and there is a certain probability that it can increase cultivation level.

As information surged in, his eyes revealed joy again. The medicinal effect of the Divine Blood Pill was far stronger than the Blood Explosion Pill. Not only could it increase the user by two levels, there was even a chance for the user to increase their cultivation level after consuming it.

Boom! Boom! Boom!!

Suddenly, intense cannon fire sounded from the distant city.

Zhou Hao’s excitement was immediately interrupted. He couldn’t help but look at the city from afar. He grabbed the medicinal pill and threw it into his backpack space. He then put away his saber and quickly returned to the city.

He had gained a lot from opening the mystery box this time. Originally, he had not been confident in his ability to resist the beast wave attack, but now, he was full of confidence!

Chapter 86 - Who Can Support Us?!

Chapter 86: Who Can Support Us?!

...

At the military camp of the East Station of the Huadong City.

A large number of demon generals and demon soldiers attacked the defensive line crazily.

Tap, tap, tap...

The machine guns spat out bullets that killed countless demon soldiers. All kinds of demon beast limbs and blood splattered everywhere. Soon, they accumulated outside the defensive line.

However, there were just too many demon warriors, and their speed was too fast.

The first line of defense lasted for less than five minutes before the remaining soldiers had to retreat to the second line of defense.

On the high wall of the defensive line.

Commander Zhao's face darkened as he looked at the huge overlord-level demon beast not far away. At present, only the demon generals and demon warriors were attacking.

But the situation was already not optimistic.

"Are there any updates on Senior Zhou's location?" he asked through his ear-mic.

"Commander, the energy of the three overlord-level demon beasts is too powerful. It's covering the entire outer perimeter of the city and has severely disrupted our signal!"

Upon hearing this, Commander Zhao's expression turned even gloomier. He regretted not insisting on making Senior Zhou stay behind earlier.

"Reporting to Commander, the second line of defense is about to collapse. The casualties of the soldiers have increased... We request for the grandmasters to take action!" The anxious voices of the other battalion commanders sounded in his ear-mic.

Commander Zhao said without thinking, "Request denied!"

It would take at least twenty minutes for the supernatural grandmaster to arrive, and the grandmaster was the last line of defense. After all, even the demon kings had yet to attack. If they hurriedly sent out the grandmasters, it would be no different from quenching thirst with poison!

Pu! Pu!

Many soldiers below were torn to pieces by demon beasts. Occasionally, demon generals would rush to the high wall, but they were quickly torn apart by the cannon fire.

“Luu!”

At this moment, an ear-piercing sharp sound suddenly sounded from the sky.

A large number of flying demon beasts swept towards the sky above the city defense line.

Click.

Large numbers of metal barrels appeared on the high walls.

Tap, tap, tap...

Like machine guns, these barrels fired bullets that enveloped these flying demon beasts like raindrops. For a moment, a large number of demon beast corpses fell.

Rumble...

The ground suddenly exploded, and tank-like scorpions appeared in front of the second line of defense, mincing a large number of soldiers into pieces as blood flowed into a river.

“Insect Race, you guys really came after all!” Commander Zhao gritted his teeth.

He knew that during the demon beast wave attack, the Insect Race would definitely not be willing to fall behind.

“He Biao, Zhen Hong, you guys are to strictly guard against the Iron Armor Worms entering the city through the underground tunnel!”

“Yes, Commander!”

Roar! Roar!

As a large number of insect beasts appeared, the overlord-level demon beasts that had been waiting behind suddenly let out loud roars.

The king-level demon beasts responded one after another.

Boom! Boom!

In an instant, more than ten king-level demon beasts began to charge towards the city.

“Is it going to start soon... Prepare the laser cannon!” Commander Zhao, who was covered in armor, took out an incomparably sharp saber from his palm.

At the top of the tall building in the city.

Huge laser weapons began to be charged.

“Fire!” The king-level demon beast was extremely fast, and it rushed to the second line of defense in the blink of an eye. Commander Zhao immediately ordered.

Chi! Chi! Chi!

Beams of energy lasers were instantly activated.

Almost instantly, the laser pierced through the heads of seven to eight king-level monsters. But some of the lasers still missed.

Commander Zhao and the other fully armed grandmasters rushed down and killed the remaining king-level demon beasts.

In the sky, a large number of flying demon beasts were still charging.

Although the cannon fire was dense, under the fearless charge of the flying demon beasts, hundreds of demon beasts still passed through the defensive line in the sky and flew towards the city.

Commander Zhao was helpless against this and could only let the flying demon beasts wreak havoc.

“Reporting to Commander, a large number of insects have appeared on the East Station’s North Station defense line. There are more than a million of them. Currently, the two or three lines of defense there are on the verge of collapse. Requesting support!!”

Just as he finished killing an injured king-level demon beast, Commander Zhao heard the emergency cry for help coming from his ear-mic.

Boom! Boom! Boom!

At the South Station defense line of the city, the sound of artillery could be heard continuously.

However, the three lines of defense outside the high wall had already completely collapsed. Large numbers of soldiers, demon beasts, and mutilated corpses covered the entire outer edge of the high wall, emitting a rich bloody smell everywhere.

Roar! Roar!

Seven to eight intermediate king-level demon beasts attacked the high wall crazily.

In just dozens of seconds, a third of the hundred-meter-tall metal wall shattered.

“Kill, kill. Even if we die, we can’t let a single demon beast enter the city!”

“Damn Demon Race, don’t even think about going past me!”

“Kill, kill these bastards!”

After the walls cracked, a large number of martial artists from the city and the military camp went crazy. They used their bodies to form a defense line to firmly resist the impact of the demon beasts.

After the remaining soldiers ran out of bullets, they directly pounced forward to fight the demon warriors in close combat.

“Battalion Commander, quick, we can’t hold on much longer. Requesting support!!”

Battalion Commander Chu’s ear-mic kept ringing with the sounds of fighting. His armor was covered in blood as he roared, “Where are we supposed to get support? The West Station’s defense line has already collapsed. A large number of insect beasts have rushed into the city, and the pressure on the commander of the East Station is even greater. The overlord-level demon beasts are eyeing us covetously. Tell me, who can support us?!”

Silence immediately filled the ear-mic, leaving only the roars of the demon beasts.

“At this moment, we can only risk our lives... Kill!”

“Kill!”

No one retreated.

Everyone knew that once the city was finished, they would also lose their home!

Bam! Bam!

Under the crazy collision of seven to eight king-level demon beasts, the iron casting high wall slowly collapsed. The overwhelming demon warriors surged towards the collapse.

Battalion Commander Chu felt despair when he saw this. “It’s over!”

Chi! Chi!

However, at this moment, a saber beam suddenly appeared in the sky.

Chapter 87 - Parents in Danger!

Chapter 87: Parents in Danger!

The entire world was instantly covered by the saber beam. At the spot where the high wall collapsed, the large number of demon warriors that had just rushed over were instantly torn apart by the sharp saber beam.

Three king-level demon beasts didn't even have time to react before their bodies were directly divided into two halves and fell onto the ground with a bang. Their huge bodies happened to block the opening in the high wall.

Battalion Commander Chu and the group of martial artists were equally as stunned.

Soon, a red armored figure appeared in their sights. At the same time, a voice sounded in their ears. "Sorry, I'm late!"

Battalion Commander Chu was the first to react. He danced around excitedly. "It's Senior Zhou. Senior Zhou is still alive!!"

The other martial artists also returned to their senses and were excited.

Roar! Roar!

The remaining five king-level demon beasts let out furious roars.

Zhou Hao's gaze turned around and he ordered, "You guys quickly clear the demon warriors. I'll deal with these guys first!"

"Senior Zhou, be careful..."

Before Battalion Commander Chu could finish speaking, he saw Zhou Hao flash and five terrifying intermediate king-level demon beasts fell.

It was as if Zhou Hao never left the ground.

All the martial artists were stunned.

“He... he killed them just like that?”

“Those were intermediate king-level demon beasts!!”

All of them could not believe their eyes.

Before they could react, Zhou Hao’s figure flashed again.

“Pu! Pu! Pu!”

The saber beams spread out and connected together, flickering around a large number of demon generals like dazzling starlight.

In less than half a minute, the thousands of demon generals outside the high wall fell.

The hundreds of thousands of demon warriors were panic-stricken. Without the demon generals and demon kings helping them out, they no longer had the time to attack the high wall. One by one, they turned around and fled.

When Zhou Hao saw this, he turned to look at Battalion Commander Chu. “I can count on you guys to hold the South Station, right?”

Battalion Commander Chu and the other martial artists were still in a daze.

Zhou Hao shook his head and glanced at the virtual screen, instantly shocked.

Luck Points: 115,700,000 (Current level: achievable dreams)

His luck points had actually broken through to 10 million.

And the status seemed to have also increased to another level.

“Haha, a beast wave attack is indeed the best opportunity to accumulate luck points!”

Zhou Hao reacted and was excited.

Usually, in the wilderness, if he wanted to kill a high-level demon general, he had to run around and search. Furthermore, if he killed too many, the other demon generals would definitely run. As for demon kings, they were intelligent beings. If they sensed him from afar, they would flee crazily.

Therefore, not to mention accumulating more than 10 million luck points, even accumulating 1 million luck points was very difficult.

However, a beast wave attack was different.

During a wave attack, a large number of demon generals and demon kings would gather together. With the leadership of a demon overlord, they did not dare to escape at all, so it gave him the opportunity to accumulate his luck points crazily.

Now, just by killing the demon beast army at the South Station, he had accumulated more than 10 million luck points. If he could kill all the demon beasts and insects that had attacked the city this time...

Zhou Hao's eyes lit up. He wished he could immediately rush to the East Station and kill all the demon beasts.

"Senior Zhou, Senior Zhou... please answer if you hear me!!"

At this moment, an intermittent voice sounded from the wireless channel.

Zhou Hao's thoughts were interrupted.

When he heard Commander Zhao's voice, he hurriedly replied, "Commander Zhao, how's the situation over there?"

"That's great. Senior Zhou, you're not dead!"

"Thank god, Senior Zhou, you're still alive!"

"The Intelligence Department is finally doing their job!"

He Biao and Zhen Hong's excited voices quickly sounded from the wireless channel.

Commander Zhao also hurriedly said, "Senior Zhou, the East Station can still hold on for the time being. Where are you?"

Zhou Hao replied, "I'm at the South Station. I've already forced back the demon beast army and am about to go to your East Station!"

"What? The South Station's demon beast army was forced back?"

"Long live Senior Zhou!"

"Haha, Senior Zhou is indeed as valiant as usual!"

He Biao, Zhen Hong, and the other grandmasters shouted excitedly.

Commander Zhao was also extremely excited, and the anxiety in his voice had eased up significantly. "Senior Zhou, the border defense line at the North Station and the West

Station has also collapsed. A large number of insect beasts have rushed into the city. I can't afford to send anyone there, so I hope you can go and provide support!"

"What? You're saying that the West Station's defense line has collapsed?" Zhou Hao's body trembled. "What about the residents of the city?"

Commander Zhao could tell that Zhou Hao was anxious. He hurriedly said, "Senior Zhou, don't worry. A large number of residents have been transferred to the ground, but a small number of them have not been transferred..."

Zhou Hao interrupted him. "I'll go over immediately!"

With that said, his figure disappeared from his original spot.

Be it Qu City High School, Yang Garden Residence, or the location of the company his parents worked at, they were all located at the West Station.

Now that the West Station's defense line had collapsed, a large number of insect beasts were wreaking havoc, and his parents were in danger!

Chapter 88 - Well Done!

Chapter 88: Well Done!

Boom! Boom!

An extremely high sonic boom sounded as Zhou Hao rushed straight for the West Station like a rocket.

Just as he arrived at the intersection of the West Station and the South Station, he saw a large number of insect beasts on the street. Many soldiers relied on obstacles on the street to defend themselves as they fired crazily to stop the insect beasts.

Tanks and helicopters also bombarded the powerful insect beasts incessantly.

Zhou Hao was extremely anxious. Before he rushed over, he had already called his parents, but there was still no response.

“Pu! Pu! Pu!”

In his anxiety, he directly rushed into the insect beast army, his saber quickly reaping countless insect beast lives.

“It’s... it’s a grandmaster!!”

“Our support has arrived. Brothers, charge!”

“Charge, kill these Insect Race trash!”

The soldiers, who were originally resisting with great difficulty, saw the red figure that rushed into the insect beast army and killed the insect beasts like cutting melons and vegetables. All of them became excited and counterattacked crazily.

Zhou Hao killed his way from the border to the main street of the West Station. He killed no less than hundreds of thousands of insects and beasts. He only stopped when he bumped into the command center of the West Station’s defensive line.

Division Leader Gong, who was wearing red armor, noticed that the number of attacking insect beasts had suddenly decreased as well, allowing them to feel less pressured. Only then did he see Zhou Hao, who was wearing red armor.

He bowed excitedly. “Senior Zhou!”

Zhou Hao waved his hand casually and asked anxiously, “Division Leader Gong, have the students and residents of Qu City High School and Yang Garden Residence been transferred?”

Division Leader Gong was stunned for a moment before hurriedly finding the person in-charge of this matter.

“Senior Zhou, he’s in charge of transferring the students and residents. You can ask him!”

The person bowed and hurriedly replied, “Sir, all the residents of the West Station have been evacuated. They are currently checking on residents to ensure the safety of every resident and student.”

Hearing this, Zhou Hao immediately heaved a sigh of relief.

He remembered that there was an entrance to a special underground bomb shelter in Yang Garden Residence. If everyone had been transferred, then his parents should be fine.

Moreover, after killing his way here, he also realized that the insect beast wave attack had not reached Qu City High School and Yang Garden Residence yet.

“Well done!” Zhou Hao’s mood instantly improved as he praised.

The staff member suppressed his excitement and said respectfully, “Thank you sir, this is just part of my responsibility.”

Zhou Hao smiled and then looked at Division Leader Gong with a solemn expression. “Commander Zhao sent me to support the West Station. How’s the situation now?”

Division Leader Gong shook his head and sighed. “The situation is very bad. This time, there were more than a hundred different types of insect beasts. Our soldiers have suffered a very serious loss, and we also lack martial artists. We’re unable to resist!”

“However, the main pressure is the dozen or so king-level insect beasts wreaking havoc on the Hongxing Avenue. Without a grandmaster, it will be very difficult for us to stop them!”

Zhou Hao nodded. “Hongxing Avenue, huh...”

As soon as he finished speaking, his figure vanished.

Division Leader Gong smiled bitterly speechlessly, thinking to himself that this Senior Zhou was being too anxious. He had yet to finish speaking when the other party rushed over impatiently.

“Reporting to Battalion 113, more than ten king-level demon beasts on Hongxing Avenue have been killed by a grandmaster-level expert. Reporting completed!”

At this moment, a voice sounded in Division Leader Gong’s ear-mic. He could not help but widen his eyes. “What? The king-level demon beasts had been killed? This, this...”

“Division Leader Gong, this grandmaster who just helped us out is very powerful. In less than four seconds, he killed more than ten king-level demon beasts. Hahaha, our city is saved!!”

“Awesome!”

“Formidable!”

Various praises sounded continuously from his ear-mic. The dozens of battalion commanders in charge of the Hongxing Avenue were so excited that they were speechless.

Division Leader Gong was dumbfounded.

He was simply unable to imagine that in the time it took for him to speak, this Senior Zhou had actually killed the terrifying king-level insect beast that the West Station was facing!

In less than four seconds!!

Returning to his senses, he hurriedly asked, "Where's that Senior Zhou now?"

"Division Leader Gong, that Senior Zhou said that he went to support the North Station! Oh, right, Senior Zhou also finished off hundreds of high general-level insect beasts!"

The saber in Division Leader Gong's hand fell to the ground with a bang.

...

At the North Station of the city.

Unlike the West Station, this was the disaster area for the insect beasts.

Tap, tap, tap...

Outside the street filled with bars.

The sound of intense gunshots became softer and softer as a large number of soldiers were torn apart by the insect beasts. The armored martial artists could only constantly retreat and rely on the terrain to handle the insect beasts.

In the corner of a bar.

Dozens of students trembled.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 89 - Surrounded by Insect Beasts

These students were Yuan Cheng, Yun Yan, the other Yanjing geniuses, Xu Ling, and the other students from Qu City High School.

"It's the Red Beetle and the Sickie Foot!"

"We're done for, we're done for!"

"If I had known, I wouldn't have come to the bar! Wuwu!"

"What are you crying for? It's useless to regret now. Besides, this is a special alert. It doesn't matter where we hide. It's useless!"

The students lowered their voices, unable to hide their anxiety and panic.

When the city's alarm went off, they happened to be singing in the next room. Furthermore, because it was too noisy and everyone was drinking, no one heard the alarm.

When they came out, they realized that everyone had already left!

It was not until they encountered the government personnel in charge of evacuation that they learned that the city had been attacked by a beast wave attack.

The North Station's defense line had collapsed too quickly. It was already too late for them to retreat and go underground.

"What should we do?" Yun Yan and Fang Yu looked at Yuan Cheng. He was the strongest here.

Through the window, Yuan Cheng looked at the large number of insect beasts wreaking havoc outside and frowned. "We have to get everyone a set of armor now, or we won't be able to get out at all!"

Without armor to defend themselves, even martial artists would find it very difficult for them to unleash their strength.

Moreover, they were all only students. Although they had recently undergone a lot of virtual combat training, it was still difficult for them to fight without armor.

Xu Ling bit her lower lip and shook her head with a sigh. "There is armor on the corpses of the dead martial artists on the ground, but we need someone to get it!"

Yuan Cheng, Yun Yan, and the other Yanjing geniuses were all silent.

They were all wearing armor.

However, rushing out at this moment was no different from courting death.

It had to be known that not only were there a large number of insect beasts outside the streets, but there were also many general-level insect beasts patrolling the streets.

Once discovered, not to mention them, even a true master-level expert would be instantly swallowed by the insect beasts.

After all, the Insect Race's strength was much more terrifying than the Demon Race.

"If the peerless genius of our school was here, he would definitely stand up for us!"

"That's right. That peerless genius has never been afraid of death!"

"Hai, I wonder if he's around!"

Many students started talking at once.

Yuan Cheng, Yun Yan, and the other Yanjing geniuses had awkward expressions. They could hear the ridicule in the students' words, but it was too dangerous outside. They did not dare to take the risk of losing their lives.

Boom! Boom!

A large number of Red Beetles and Sickle Legs rushed into the building to search for residents. Soon, more than ten of them approached the bar.

Yuan Cheng and the others immediately became nervous and afraid.

These insect beasts were all low-level demon warriors, so it was not difficult to eliminate them.

But as long as they attacked, the commotion here would definitely attract other insect beasts.

Bang! Bang!

Several insect beasts rushed in first and shattered the tables, chairs, and wine.

"Yuan Cheng, stop hesitating!" Xu Ling shouted.

"Let's go all out!" Yuan Cheng also knew that if they continued to hesitate, the insect beasts would discover them. "All of you, follow closely behind us. Once you rush out of the bar, immediately pick up those armor to protect yourself!"

With that said, his armor was revealed. With a roll of the saber in his hand, he directly killed the insect beast in front.

Yun Yan and Fang Yu also rushed out and cooperated well to kill the other insect beasts.

The remaining insect beasts sensed the commotion and let out sharp sounds.

Swoosh! Swoosh!

Many insect beasts that were wreaking havoc outside paused for a moment before charging towards the bar crazily.

"Run, run!!"

Yuan Cheng roared, and his figure rushed towards the remaining insect beasts in the bar with an afterimage.

Xu Ling was the first to rush out. She grabbed a table and chair and smashed an insect beast that was blocking the way away, escaping crazily towards the entrance of the bar.

The other students followed closely behind and rushed out of the bar as fast as they could.

They had to race against time.

Once the insect beasts surrounded them, they would be finished.

There were many pieces of armor that had been casually discarded on the streets. They were all left behind by the martial artists who had previously resisted the insect beasts.

Xu Ling and the other students rushed out of the bar and quickly picked up their armor. They activated the armor equipment and instantly covered their bodies.

At this moment, many insects and beasts closest to the bar had already pounced over.

"Everyone, form a team! Don't panic!"

Xu Ling shouted calmly.

"Pu! Pu! Pu!"

Her saber slashed out rhythmically, and she quickly killed three warrior-level insect beasts.

Although the other students were a little flustered at first, Instructor Shen's recent hellish training had improved their instincts. Therefore, they quickly formed a defensive line.

After Yuan Chengyun and the other Yanjing geniuses rushed out of the bar, they heaved a sigh of relief.

"Quick, retreat to the highest building!" Xu Ling shouted anxiously.

Swoosh! Swoosh!

The other students hurriedly turned around and retreated.

Yuan Cheng, Yun Yan, and the others were not weak. After cooperating with Xu Ling to resist a wave of insect beasts, they also managed to turn around and escape towards the building.

However, the insect beasts were too fast, especially the general-level insect beasts. After discovering Xu Ling and the other students, they all ran over.

In just more than ten seconds, the group of students was forced to flee into a supermarket by the three general-level insect beasts.

Boom! Boom! Boom!

A large number of insect beasts followed closely and slammed against the supermarket door.

"It's over, it's over!"

"We're all going to die!"

"Wuwu, I don't want to die."

Many students who had escaped to the third floor of the supermarket looked at the dense swarm of insect beasts below and couldn't help but cry.

Yuan Cheng and the other Yanjing geniuses gritted their teeth and killed the insect beasts that rushed up the elevator.

However, there were too many insect beasts, and the students' physical strength gradually became exhausted. One by one, they were sent flying by the insect beasts and smashed onto the shelves.

The other students hiding behind couldn't help but exclaim when they saw so many insect beasts.

"Let's fight it out with them!"

"Even if I die, I'll drag a few of them down with me!"

Some boys looked at each other and gritted their teeth as they rushed up.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 90 - 0: Were Done For This Time!

Chapter 90: We're Done For This Time!

However, just as they rushed out, they saw three general-level insect beasts jump out at them. Their huge bodies were like tanks as they blocked the elevator entrance.

Seeing this, the boys who had just aroused their courage immediately became listless.

Bang!

The general-level Red Beetle's iron-like limbs suddenly smashed, sending more than ten students flying.

Yuan Cheng, Xu Ling, and the other students struggled to stand up. Seeing this, they all smiled bitterly.

"We're done for this time!"

With that said, they all closed their eyes.

Facing a general-level insect beast, they were unable to resist at all.

They could only wait for death.

Swoosh!

Just as the general-level Red Beetle was about to tear Yuan Cheng and the others into pieces, a sharp saber aura suddenly swept over.

"Pu! Pu! Pu!"

The three insect generals as well as the insect beasts were all sliced into two.

The students who were originally prepared to die were stunned when they saw this!

"An expert has arrived!"

"It's a grandmaster. It must be a grandmaster-level expert!"

“That’s great, we don’t have to die anymore!”

Many students reacted and immediately jumped up in excitement.

Yuan Cheng, Yun Yan, Xu Ling, and the others also had joyful expressions on their faces.

“Let’s go out and take a look!”

After waiting for a moment and seeing no sign of the expert, they hesitated for a moment and walked out of the supermarket as they stepped on insect beast limbs.

However, just as they reached the entrance of the supermarket, they were immediately stunned.

The streets were filled with large numbers of insect beast corpses.

“Heavens! How, how many insect beasts did this expert kill?”

“Damn, look. These insect beasts were all sliced into two!”

“What kind of expert is this?!?”

“How terrifying!”

Xu Ling and the other students soon realized that the insect beasts on the ground were the same as the ones in the supermarket. They were all sliced in half, and their eyes were filled with shock!

“Supernatural!”

“He’s definitely a supernatural expert!”

“That’s right. Only a supernatural expert can do something like this!”

Yuan Cheng and the other Yanjing geniuses worshiped him excitedly.

A supernatural grandmaster!

That was a peerless expert that stood at the peak of humanity!

Rumble!

At this moment, a few helicopters landed and a group of soldiers walked out.

“Students, you’re safe now. Most of the insect beasts in the North Station have been cleaned! We’ll immediately send you to the hospital if you’re injured!” a captain soldier walked out of the cabin and said loudly.

“Yes!”

“Many of our students are injured.”

Many students spoke up.

Yuan Cheng and the other geniuses couldn’t help but ask, “Sir, didn’t the North Station’s defense line collapse? I heard that nearly a million insect beasts surged in. Were the insect beasts all killed?”

The captain nodded and sighed. “It’s not only the North Station. Almost all the insect beasts at the West Station have been cleaned up by Senior Zhou. Now, Senior Zhou has rushed to the East Station to provide support!”

“What? Nearly a million insect beasts were killed by a single person?”

Yuan Cheng, Yun Yan, and the others’ mouths gaped open.

The captain smiled and said, “That’s right. I still can’t believe it, but I saw with my own eyes when Senior Zhou slashed at those insect beasts as if they were grass. It was simply abnormal!”

“With such an invincible expert in the city, we don’t have to worry about the beast wave attack anymore!”

Yuan Cheng and the others were all stunned.

...

At the East Station defense line.

Roar! Roar! Roar!

A large number of king-level demon beasts attacked crazily.

Although the laser cannon had killed more than thirty demon kings, there were too many demon kings in the East Station. Furthermore, towards the end, the laser cannon’s energy was becoming insufficient.

Commander Zhao and the other grandmasters were all injured as they gritted their teeth and persisted.

Of the four lines of defense, the East Station was the most well-guarded. However, the main attack of the beast wave attack this time was also the East Station.

Roar!!!

Suddenly, a world-shaking roar sounded.

Swoosh! Swoosh!

The countless demon warriors and demon kings retreated.

When Commander Zhao and the other grandmasters saw this, their bodies trembled instead of revealing joy.

They knew that the terrifying demon overlords could no longer hold back!

Indeed.

A giant bear covered in black scales stepped on the ground and crossed to the iron high wall in a few steps.

Roar!!

It looked up and roared, its voice tearing through the world and enveloping the entire city.

Commander Zhao's expression changed drastically as he gritted his teeth. "Prepare the Laser Rail Cannon!!!"

Facing an overlord-level existence, they, the grandmasters, were no match at all and could only rely on the Laser Rail Cannon.

However, as soon as Leader Zhao finished speaking, the Weapons and Equipment Department did not respond at all.

"Prepare the Laser Rail Cannon!!!" Leader Zhao shouted again.

There was still no response.

He Biao, Zhen Hong, and the other grandmasters were all stunned.

"What happened?"

Bang!

The overlord-level bear's paws smashed down, breaking the hard high wall like tofu.

Immediately, nearly a third of the high wall defense line collapsed.

“Tsk tsk, Commander Zhao, your Huadong City sure is bold to dare to uproot our Dark Gods’ stronghold. Now, enjoy our revenge!”

Buzz!

A cold voice sounded in Commander Zhao’s ear-mic.

Chapter 91

Chapter 91: Supernatural Han Pu

“Dark Gods!!”

Commander Zhao’s furious voice sounded through his gritted teeth.

At this critical moment, the Dark Gods had actually destroyed the most important Laser Rail Cannon in the city. This undoubtedly doomed them all!

The other grandmasters were stunned when they heard Commander Zhao’s words. However, when they regained their senses, they all became furious.

Clearly, they understood why the Laser Rail Cannon team did not respond.

However, at this moment, no matter how furious they were , there was no point in hating the Dark Gods.

Commander Zhao and the other grandmasters naturally understood this. Therefore, they could only suppress the anger in their hearts as they watched the overlord-level demon beast crazily destroy the high wall defense line. They all thought hard to come up with a solution.

Boom!

At this moment, a stream of light quickly streaked over from the horizon and landed beside Commander Zhao and the others.

This figure was wearing a blue tight protective suit. His face was thin, but his skin was as fair as a baby's. His entire body did not seem to have any aura, but as he stood there, he was like a mountain that made people worship and revere him.

"Senior... Senior Han?!" Commander Zhao was stunned for a moment before being pleasantly surprised.

"It's the supernatural grandmaster, Han Pu!"

"He actually arrived early!"

"That's great!"

The other grandmasters, including He Biao, revealed excited expressions.

Every supernatural expert was the pillar of the human race. They could fight terrifying demon overlords and charge to the front lines to make huge contributions to the human race!

Han Pu heaved a sigh of relief. Looking at the terrible situation in front of him, he said with some fear, "I rushed over at full speed as soon as I received the emergency distress signal from you, Commander Zhao. Fortunately, I was not too far from Huadong City. Otherwise, judging from the situation, even if I rushed over, the Huadong City would be finished!"

Commander Zhao said excitedly, "It is indeed very fortunate, Senior Han. Let's put the small talk aside for now. Now that the city is in danger, the three overlord-level demon beasts have to be dealt with as soon as possible!"

Han Pu nodded and quickly condensed a spear made of special metal.

"Commander Zhao, regroup and form the defensive line as soon as possible. Block the opening. Leave these three demon overlords to me!" he said quickly.

"Alright, thank you, Senior Han!" Commander Zhao heard the confidence in Han Pu's voice and could not help but heave a sigh of relief.

Boom! Boom!

Immediately, he, He Biao, Zhen Hong, and the other grandmasters rushed to the openings of the defensive line to resist a large number of demon beasts.

Han Pu charged towards the giant bear.

With a low shout, Han Pu rushed into the air. The spear in his hand suddenly emitted countless golden lights. These lights were like feathers as they pierced towards the giant bear.

“Pu! Pu! Pu!”

Countless bloody holes appeared on the giant bear’s body as it roared in pain.

The other two demon overlords, a giant snake and a giant alligator, also moved. They surrounded and attacked from both sides.

“Hmph, you want to surround me?” Han Pu sneered in his heart. He stepped on the giant bear’s shoulder and ejected with a bang, escaping like a rocket. Then, he turned around and stabbed again.

The spear exploded with a bang and pierced through one of the giant alligator’s legs like a pillar of light.

The huge alligator roared and swept its tail at Han Pu like a long whip.

Facing the huge alligator’s lightning-like whip, Han Pu, who was floating in the air, moved away.

Although Commander Zhao and the others were blocking a large number of demon beasts, their attention was still focused on Han Pu, who was fighting three overlord-level demon beasts.

“Beautiful!”

“Haha, as expected of a supernatural grandmaster!”

“Only supernatural experts can move and dodge freely in the air.”

He Biao and the other grandmasters could not help but praise.

...

Zhou Hao, who had just arrived at the defensive line of the East Station, heard a sound from his ear-mic. He could not help but look at Han Pu, who was fighting against the three demon beasts outside the high wall and was not at a disadvantage.

“Is this what a supernatural grandmaster is like... He’s indeed very strong!”

A smile appeared on his face.

Although he had opened the mystery box and obtained the “Sky Splitting Divine Technique” and the God Slaying Saber and was not at all inferior to a supernatural grandmaster, Zhou Hao was still happy to have the support of a supernatural expert.

He opened the virtual screen and looked at the bottom right corner.

Luck Points: 227,13,200 (Current level: achievable dreams!)

After destroying the Insect Race army at the West Station and North Station, Zhou Hao had accumulated another 10 million luck points. However, because the strength of the Insect Race mainly relied on the bulk of its low-level insect beasts, there were not many powerful king-level and general-level insect beasts.

Otherwise, the luck points Zhou Hao obtained from killing the Insect Race army would have been more than 10 million.

“I’ve struck gold this time!” Zhou Hao was in a good mood.

With more than 20 million luck points, it meant that Zhou Hao could get almost all the top-grade items in the silver mystery box.

Moreover, there were still many demon beasts outside the defense line of the East Station... especially general-level demon beasts. Those were the ones that gave Zhou Hao the most luck points.

Chapter 92

Chapter 92: Senior Zhou, Are You a Monster?!

Swoosh.

He rushed to Commander Zhao and the other grandmasters.

“Senior Zhou!”

“Senior Zhou, why... Why did you come to the East Station?”

“How’s the situation at the West Station and North Station?” He Biao and the other grandmasters asked anxiously. They had not forgotten that the beast wave attack this time was a joint attack by the demon beasts and insect beasts.

Zhou Hao smiled and said, “It’s already been resolved. There aren’t many powerful insect beasts at the North Station.”

Upon hearing this, Commander Zhao and the other grandmasters immediately relaxed. The powerful demon beast and insect beast that had been attacking the three lines of defense of the West Station and North Station had been dealt with. Now, even the overlord-level demon beasts of the East Station were being resisted by Senior Han. At this point, the safety of the city was basically guaranteed!

“Reporting to Commander, the large number of insect beasts at the West Station has been cleaned up!”

“Reporting to Commander, the large number of insect beasts at the North Station has been cleaned up!”

The military personnel from the two stations had also completely cleaned up the remaining insect beasts.

Commander Zhao was stunned. “Division Leader Gong, Division Leader Zhu, are you sure you’ve finished clearing the insect beast army? There are nearly a million of them!”

“Haha, Commander, the Senior Zhou that you sent to support us is too valiant. He killed most of the insect beasts alone. The rest that were left behind were naturally easy to deal with!”

“Yeah, if not for the fear of disturbing you, Commander, we would have reported it long ago!”

Division Leader Gong and Division Leader Zhu, who were in charge of the West and North stations’ defense lines, laughed.

Only then did Commander Zhao shift his gaze to Zhou Hao again and ask in disbelief, “Lord... Senior Zhou, you... you killed all the insect beasts at the North Station?”

He Biao, Zhen Hong, and the other grandmasters were also stunned when they heard this. They all looked at Zhou Hao.

Just like Commander Zhao, they thought that Zhou Hao had only dealt with the insect generals.

But now, it seemed that wasn’t the case.

Zhou Hao smiled and said, "That's right. I got bored after killing all the insect generals so I decided to kill those low-level insect beasts as well!"

As soon as he said this, He Biao, Zhen Hong, and the other grandmasters were completely dumbfounded.

They did not doubt Zhou Hao's words at all because they had witnessed Zhou Hao's strength before. Moreover, they simply felt that someone so powerful had no reason to lie.

In other words, Zhou Hao had really killed nearly a million insect beasts on his own.

Most importantly, it had only taken less than 10 minutes.

There were nearly a million of them!

Even if it was up to the grandmasters, with the efficiency of killing a thousand insect beasts in a minute, it would still take them a total of 15 to 16 hours!

"Senior Zhou, are... are you a monster?!"

"This is too, too..."

"I'm completely convinced!"

He Biao, Zhen Hong, and the other grandmasters were at a loss for words.

Commander Zhao was also speechless.

Zhou Hao's performance was too powerful. To a certain extent, he was even more abnormal than a supernatural grandmaster. After all, even if he was a supernatural grandmaster, it was still impossible for him to kill nearly a million insect beasts in such a short period of time.

"You're too kind. It's actually nothing. I just learned a secret technique that allows me to kill enemies in a wide range!" Zhou Hao said as he slashed out like a demonstration.

Swoosh!

A terrifying saber aura swept out quickly with a sharp tearing intent.

The tens of thousand demon warriors and hundreds of demon generals in front of him were instantly slashed into half by the saber aura!

The high walls that had collapsed were instantly cleared.

Commander Zhao, He Biao, Zhen Hong, and the other grandmasters were completely dumbfounded when they saw this. Their mouths gaped open.

Roar! Roar!

However, at this moment, the three terrifying overlord-level demon beasts roared angrily, their bodies suddenly emitting an extremely large amount of energy.

This energy instantly condensed into flames, poisonous fog, water arrows, and other large-scale attacks. They quickly spread across the entire sky, drowning the supernatural expert, Han Pu.

Commander Zhao and the others did not have the time to be shocked as they shouted worriedly, “Senior Han!”

Zhou Hao was also shocked. He did not expect that the innate divine power unleashed by a demon overlord would be even more terrifying than the Seven-tailed Cloud Mink he had killed last time. They could even affect the spatial environment.

Boom!

Suddenly, a golden light flashed from the area enveloped by the flames, poison, and water arrows.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 93

Chapter 93: Cloud Mink King

Han Pu, who was covered in light, rushed out.

The blue tight suit on his body was like a spider as dozens of blue tentacles shot out and locked onto the bear’s head. Then, with a pull, Han Pu himself directly rushed out of the encirclement.

Commander Zhao and the other grandmasters heaved a sigh of relief when they saw this.

Boom!

However, at this moment, in the area covered by the flames, poison, and water arrows, a palm hundreds of meters wide suddenly condensed and slapped towards Han Pu.

With this slap, the air in the entire world froze.

Han Pu turned around, his pupils constricting extremely as he said in fear, "A high... high-level overlord!!!"

As soon as he finished speaking, the palm slapped down.

Han Pu's body was directly slapped to the ground, creating a huge pit almost a thousand meters tall.

Bang! Bang! Bang!

Immediately after, the ground shook crazily like a level-ten earthquake.

Zhou Hao and the others couldn't help but look at the wilderness area. They saw a thousand-meter-tall mink-shaped creature slowly walking over on the ground.

With every step, it crossed 10,000 meters.

In the blink of an eye, the Cloud Mink King arrived outside the high wall.

"Cough cough... this, this is the Cloud Mink King!!" Han Pu struggled to stand up from the huge pit. His face was covered in blood, and his eyes were filled with despair. "Commander Zhao, why... why have you provoked a demon beast of this level!"

Commander Zhao's body trembled. "Could it be... because we killed the Seven-Tailed Cloud Mink? It... it was probably a direct descendant of the Cloud Mink King!"

He Biao, Zhen Hong, and the other grandmasters also came to a realization. No wonder terrifying demon overlords appeared in this beast wave attack.

It turned out that they were being controlled by a high-level overlord beast, Cloud Mink King.

"It's over. The Cloud Mink King is a powerful presence in the area around Huadong City. Even supernatural experts don't dare to casually provoke this beast. I didn't expect us to provoke such an existence!"

The grandmasters, who had just seen hope, instantly fell into despair.

Even the supernatural expert, Han Pu, could do nothing. They could only wait for death.

“If the Laser Rail Cannon was still here, we could have relied on that weapon to fight to the death. Unfortunately...” Commander Zhao gritted his teeth. At this moment, he hated the Dark Gods to the core. However, he also knew that if the Dark Gods hadn’t destroyed the Laser Rail Cannon, the Cloud Mink King probably wouldn’t have appeared!

The thousand-meter-tall Cloud Mink King swept its cold gaze across these human experts.

“A group of ants actually dared to kill the direct descendant of my Cloud Mink Race. You guys must be really tired of living... From today onwards, the Huadong City will cease to exist!”

Roar! Roar! Roar!

The three overlord-level powerful demon beasts roared one after another, and the remaining hundreds of thousands of demon beasts also roared together.

The beast roars shook the heavens and the earth.

“Sigh, looks like I have to do it myself... But that’s good too. I was the one who killed the Seven Tailed Cloud Mink. Since you’re its senior, I can only kill you too!!”

Suddenly, a faint voice sounded.

Swoosh! Swoosh! Swoosh!

Not only did Commander Zhao and the others look towards the source of the voice, the Cloud Mink King, the three demon overlords, and the other king-level demon beasts also looked over.

Zhou Hao slowly took a few steps forward in red armor.

The Cloud Mink King’s cold eyes were void of emotion. It said coldly, “Was it you who killed my descendant? You insignificant ant.”

“That’s right!”

Zhou Hao nodded, but his attention was focused on the virtual screen of the Heaven Dao software.

Luck Points: 234,13,200 (Current level: achievable dreams!)

In just half a minute, his luck points had increased by nearly 700,000 again.

“Hehe, do you really think you can kill me?” The Cloud Mink King’s cold voice was filled with disdain.

Commander Zhao and the other grandmasters all shook their heads.

Even the extraordinary grandmaster, Han Pu, was not a match for the Cloud Mink King. Even if Senior Zhou had done many impressive deeds, they still did not believe that he could resist the Cloud Mink King who was a high-level demon overlord.

“Senior Zhou, come back quickly. We’ll fight to the death. You and Senior Han will take the opportunity to escape and prepare to rebuild the Huadong City!”

“That’s right, Senior Zhou, don’t be rash!”

“Senior Han is an extraordinary expert after all and has many methods. He should be able to escape with you!”

He Biao, Zhen Hong, and the other grandmasters shouted anxiously.

Zhou Hao had helped the Huadong City enough. They did not want to see him die here.

However, Zhou Hao was unmoved. He raised his eyes and looked indifferently at the Cloud Mink King. He said casually, “How would I know if I don’t try?”

Chapter 94

Chapter 94: Beaten Up

As Zhou Hao spoke, he quickly filled in the boxes of cultivation techniques, medicinal pills, and weapons.

Then, he spent more than 20 million luck points in an instant.

“I hope the system won’t disappoint me. After all, my status says “achievable dreams”!”

At that moment, Zhou Hao took a deep breath, and his heart raced. He stared intently at the silver mystery box.

“Ten consecutive... boxes!”

As he clicked on it subconsciously, the silver mystery box directly occupied the entire virtual screen. It quickly spun before exploding!

“Ding! Congratulations on obtaining a rare top-grade cultivation technique” Nine Revolutions Golden Body Art “from the silver mystery box.”

Ding... congratulations on obtaining a rare top-grade weapon, the Black Tortoise Divine Turtle Armor, from the silver mystery box! ‘

“Ding, congratulations... on obtaining 1000 roses!”

“Ding... congratulations... on obtaining 1,000 Heaven Dao coins!”

“Ding... Congratulations... on obtaining a rare top-grade Primordial Blood Pill!”

“...”

“The items have been placed in your backpack. Please take note!”

The system announcement kept reminding him.

At the same time, a public announcement appeared in the system.

“Congratulations user “I am just an ordinary person” for obtaining a third-level cultivation technique in the silver mystery box!”

“Congratulations... for obtaining a third-level weapon!”

“Congratulations... for obtaining a third-level medicinal pill!”

In less than half an hour, the system sent three consecutive messages.

“Damn, it’s this “I’m just an ordinary person” again!”

“What? Is this guy even human? How could he obtain three rare-level items!”

“How is this possible? How on earth did this person do it?!”

“I admit that I’m really jealous. What the heck! Why? Why does he get to obtain so many rare-level items when I can’t even get a single one?!”

This time, a large number of users in the software went wild.

Zhou Hao had gotten six rare-level items in a single day.

Zhou Hao caused quite a stir.

However, at this moment, he did not have the time to care about this.

After obtaining three rare-level items, he heaved a sigh of relief.

“I spent more than 20 million luck points, I’ve accomplished my goal. It was worth it!” Zhou Hao did not forget his situation. He hurriedly turned to his personal page and prepared to extract the three items.

The moment Zhou Hao clicked on the “Nine Revolutions Golden Body Art”, information surged in. “The” Nine Revolutions Golden Body Art “is a peerless physical establishment cultivation technique from the ancient primordial era. This cultivation technique is powerful and terrifying. Regular mystery boxes only allow up to three revolutions while silver mystery boxes allow up to six revolutions. Please note!”

Upon seeing this, Zhou Hao immediately cursed, “Damn, what a scam!”

“Humans always boast shamelessly, but their endings are usually very tragic. Today, you will end up dead in my hands, just like those other human experts. The Cloud Mink King’s cold voice sounded again.

As it spoke, it raised its huge claw and slapped down.

Boom!

The surrounding airflow froze as a terrifying pressure descended from the sky.

Zhou Hao instantly felt as if his body was pressed down by a mountain and felt like he was ceaselessly sinking. It was as if his skin and bones had been broken.

Without having the time to continue cursing and checking the information, he hurriedly received the “Nine Revolutions Golden Body Art (Incomplete)”, the Black Tortoise Divine Armor, and the Primordial Blood Pill.

Boom!

At this moment, the Cloud Mink King’s huge claw had already swatted down.

“Senior Zhou!”

“Damn it, damn it!”

“Cloud Mink King!!!”

Commander Zhao and the others watched as the spot where Zhou Hao was standing instantly turned into a huge pit. All of them were heartbroken. After all, Zhou Hao was

not a supernatural expert and did not have a powerful protective suit. Facing the Cloud Mink King's attack, he was simply unable to withstand it!

Han Pu was currently heavily injured and had no strength to save Zhou Hao. He could only watch as the expert died under the Cloud Mink King's huge claw.

In the huge pit, the Black Tortoise Set armor on Zhou Hao's body transformed in an instant. The special stretchable material was instantly covered in an ancient turtle shell pattern. This pattern emitted an ancient aura, as if it was a divine turtle that was absorbing the essence of the sun and moon.

At the same time, the Dragon Elephant Wisdom Technique caused Zhou Hao's blood essence to undergo a crazy transformation. Zhou Hao's bones and meridians were instantly covered in a dark gold color. His blood was as viscous as mercury, and his heartbeat extremely slowly. However, with every beat, the surrounding air trembled.

"First revolution!"

Under the huge claw, Zhou Hao shouted. All the bones in his body emitted cracking sounds as his body emitted a strength that was even more terrifying than the ancient dragon elephant figure.

"Second revolution!"

The blood in his entire body circulated faster and gradually began to boil. The dark gold color in his bones and meridians deepened again.

"Third revolution!"

The viscous blood was mixed with a dark-golden color. As it boiled, a monstrous strength surged, as if an ancient divine dragon had awoken. His bones and meridians gradually turned golden.

Boom!

As Zhou Hao completed his third revolution, he raised his fist and punched it lightly. A supreme force that was like a tsunami storm directly pierced through the Cloud Mink King's huge claw. At the same time, an incomparably terrifying force swept out.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 95

Chapter 95: Senior Zhou, We're Willing to Be Your Mount!

The thousand-meter-tall Cloud Mink King was sent flying hundreds of meters away as if it had been struck by a giant hammer that was ten times its size.

The other three powerful overlord-level demon beasts were also blasted flying by the aftershock of the collision, and they smashed into the ground beside the Cloud Mink King.

As for the other hundreds of thousands of demon beasts, they were instantly crushed into pieces of meat by the terrifying pressure. Only the king-level demon beasts could barely support themselves as they were sent flying. The high wall defense behind them also collapsed like bubbles.

However, Zhou Hao controlled himself in time and did not let the aftermath of the collision affect Commander Zhao and the others.

Then, Zhou Hao leaped out and slowly landed on the ground.

The tip of his foot stomped lightly on the ground, and his figure flashed in front of the Cloud Mink King's enormous body in the blink of an eye. As he looked at the Cloud Mink King that was covered in blood, he said indifferently, "Cloud Mink King, it seems that you're just as weak as your descendant. You're both trash that can't even withstand a single blow!"

The Cloud Mink King was instantly furious. Its thousand-meter-tall body struggled to stand up. "Ant..."

Just as it spoke, Zhou Hao slashed out with his saber.

Swoosh!

A spatial rift almost a hundred meters in length instantly appeared, and a terrifying tearing aura enveloped the Cloud Mink King.

"Ant, how dare you do this to me..."

Before the Cloud Mink King could finish speaking, its head and body quickly separated, falling down and rolling in front of Zhou Hao.

Slap!!

Zhou Hao stomped over and crushed the Cloud Mink King's head as if he was stepping on a cockroach.

The other three overlord-level demon beasts were so frightened by this terrifying scene that their souls flew away. They scrambled and escaped frantically.

Chi! Chi!

Saber light appeared and directly cut their bodies into two.

Blood splattered across the wilderness.

After killing the most threatening Cloud Mink King and the three feudal overlord-level demon beasts, Zhou Hao turned around and strode towards the dozens of king-level demon beasts.

These king-level demon beasts were intelligent. At this moment, they did not dare to make the slightest movement and prostrated themselves on the ground.

"Spare, spare us!"

"Senior Zhou, please, please spare us. We are willing to be your mounts!"

"Yes, yes, we are willing to be your mounts forever!"

When Zhou Hao heard the demon kings beg for mercy, he scoffed. "There are so many of you. I don't need so many mounts!"

"Choose me. I'm the softest and most comfortable to sit on!"

"I... I was born to be a mount!"

"Sir, look at me. The hair on my back is very soft. You can even put a saddle on me!"

The demon kings shouted one after another.

At this moment, Han Pu, Zhao, He Biao, Zhen Hong, and the others were all standing rooted to the ground like wooden sculptures.

The only thing on their minds was how Zhou Hao completely blew their expectations. Not only did Zhou Hao not die, but he even easily killed the insufferably powerful high-level overlord, the Cloud Mink King. And now, the demon kings were so scared they were even begging to be his mount.

What happened in the last ten seconds made them feel like they were in a dream.

Han Pu was the first to recover from his shock. He stared fixedly at the red figure standing in front of dozens of huge king-level beasts.

“A ninth-grade supernatural grandmaster! This senior is definitely a peak-level ninth-grade supernatural grandmaster!!” he shouted crazily with admiration on his face.

Only then did Commander Zhao and the other grandmasters react. All of them looked at Han Pu, their eyes subconsciously revealing confusion.

“Senior Han, what is a ninth-grade supernatural grandmaster?” Commander Zhao couldn’t help but ask.

Han Pu looked back at Commander Zhao, took a deep breath, and slowly said, “The supernatural level has nine grades, from the first grade to the ninth grade. And the difference in strength between each grade of a supernatural expert is incredibly huge.”

“A third-grade supernatural expert like me can easily deal with or even kill low-level overlord-level demon beasts and insects, as well as supernatural experts of the Machine Race. And supernatural grandmasters of the third to sixth grade can kill intermediate-level overlord-level beasts. Some with extremely strong combat strength can even contend with high-level overlord-level demon beasts!”

At this point, he paused for a moment and cast his gaze at Zhou Hao, his eyes burning. “But to kill a high-level demon overlord, only supernatural experts above the sixth grade can do it. This senior seems to have not used his full strength to kill the Cloud Mink King just now. This shows that he is definitely a peak-level ninth-grade supernatural grandmaster!”

After hearing this, the grandmasters came to a realization.

Among them, Zhen Hong could not help but ask anxiously, “Senior Han, may I know how many ninth-grade supernatural experts there are in our country?”

Commander Zhao glared at him. He didn’t think that it was appropriate to ask for such classified information.

However, Han Pu did not mind. He shook his head and said, “It’s extremely difficult for supernatural experts to make any small advancement. They require a large number of precious resources, but many of these resources are in the hands of the foreign races. Therefore, not only in our country, but even in the entire world, there aren’t many experts who have broken through to the supernatural level.”

He sighed and continued, “As for the top supernatural experts above the sixth-grade, their numbers are even fewer. Ninth-grade supernatural grandmasters who are able to easily kill a high-level overlord are almost as rare as a phoenix feather or a qilin horn.”

The grandmasters were stunned before looking at Zhou Hao.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 96

Chapter 96: Me? A Ninth Grade Supernatural Expert?

“Does that mean that Senior Zhou’s strength is already at the peak of the human race?” They were somewhat in disbelief.

After all, during this period of time, they had often hunted and cleaned the wilderness with Senior Zhou and had even participated in the cleanup operation together.

Even though Senior Zhou’s performance indeed proved that he was very strong, they only thought that he had the strength of a peak-level grandmaster.

In the end, they were told that Senior Zhou was actually a peak-level ninth-grade supernatural expert!

This shock was not inferior to the shock they felt when they saw Zhou Hao kill the high-level overlord-level Cloud Mink King!

Hearing the tone of Commander Zhao and the others, Han Pu snorted in dissatisfaction. “What? Do you not believe me? Hmph, although I, Han Pu, am only a third-grade supernatural expert, I can’t even tell a peak-level ninth-grade supernatural expert when I see one!”

Commander Zhao hurriedly said, “Senior Han, you’re mistaken. We just... we just don’t dare to believe it!”

He Biao, Zhen Hong, and the others hurriedly explained, “That’s right. We’ve also interacted with Senior Zhou for some time, but we’ve never seen him explode with such strength!”

Han Pu glanced at Commander Zhao and the others and said indifferently, “Each of the peak-level ninth-grade supernatural experts is a treasure of our human race, so how could they easily expose themselves? This Senior Zhou must be deliberately suppressing his strength because he doesn’t want to attract the attention of the powerful foreign races.”

“Yes, yes, Senior Han is right!”

Zhen Hong, He Biao, and the others thought of Zhou Hao's performance these days and could not help but come to a realization.

No wonder Senior Zhou cleared the wilderness area so quickly and even killed the Seven-Tailed Cloud Mink so easily. It turned out that he was a peak-level ninth-grade supernatural expert.

"It's really a huge honor for your Huadong City to have a peak-level ninth-grade supernatural expert." As Han Pu spoke, he became envious. "Even I rarely come into contact with a peak-level ninth-grade supernatural expert. Commander Zhao, the few of you actually interacted with such an expert for an extended period of time. You guys were quite fortunate!"

Commander Zhao and the others pondered for a moment before their eyes lit up. They smiled and said, "Senior Han, you're right. We were very lucky!"

"Yeah, very lucky indeed!"

...

Zhou Hao did not know that he would be falsely identified as a peak-level ninth-grade supernatural expert after killing the high-level demon overlord Cloud Mink King.

At this moment, he looked at the 52 king-level demon beasts in front of him and felt somewhat worried.

Zhou Hao glanced at the bottom right corner of the virtual screen.

Luck Points: 427,19,600 (Current level: achievable dreams!)

After killing hundreds of thousands of demon beasts and three demon overlords, his luck points soared to more than 40 million.

Therefore, for the time being, he did not lack luck points.

And if he killed all 52 king-level demon beasts, he would at most get around 6 million luck points. Compared to the 40 million luck points, 6 million was only icing on the cake.

Therefore, he indeed found it difficult to deal with these demon kings.

After hesitating for a moment, Zhou Hao turned around and looked at Commander Zhao and the others who were talking in low voices. His figure flashed in front of them.

"Senior Zhou!"

"Senior Zhou!"

Commander Zhao and the other grandmasters hurriedly bowed respectfully.

“Senior Zhou, if I had known that the Huadong City had a peak-level ninth-grade supernatural expert like you, I would have been relieved,” Han Pu also went forward and said respectfully.

“Me? A ninth-grade supernatural expert?” Zhou Hao was stunned. He wondered when he had become a supernatural expert and what Han Pu meant by the ninth-grade.

Suppressing his doubts, he asked, “Senior Han, Commander Zhao...”

Han Pu hurriedly waved his hand. “Lord Zhou, just call me Han Pu or Little Han.”

Commander Zhao also added, “That’s right. Senior Zhou, you’re too polite. Just call me Little Zhao from now on.”

The corner of Zhou Hao’s mouth twitched. He did not understand why Commander Zhao was suddenly so respectful.

Zhou Hao figured that it probably had to do with his killing of the demon overlord just now. After thinking about it, he decided that that was the only possible reason. He shook his head and changed his tone. “Little... Little Han, Little Zhao, what do you plan to do with these king-level demon beasts?”

As he spoke, he added, “It’s a pity to kill them. After all, the beast wave attack has accumulated too many demon beast materials this time. It’s meaningless to kill 52 more.”

Han Pu nodded repeatedly. “Senior Zhou is right. The value of 52 king-level demon beasts is huge. Isn’t it a little wasteful to just kill them for materials extraction? It’s better if we find some other way to take advantage of them!”

Upon hearing this, Zhou Hao, Commander Zhao, and the others looked at Han Pu.

In terms of foresight and experience, it was obvious that the geniuses who had reached the supernatural level were far superior to them.

Tip: You can use left, right keyboard keys to browse between chapters.

- Chapter 97

Chapter 97

Chapter 97: New Transport Tools

Han Pu continued, "Everyone, you might not know this, but the intelligence of a king-level demon beast is not low. Moreover, its aura pressure can intimidate low-level demon beasts, and its speed is also extremely fast. If they were used as transport tools, you could avoid a lot of trouble!"

"In the frontline fortresses near the spatial rifts, they have been coming up with different ways of using the demon beasts as transport tools. It's very effective!"

Zhou Hao's eyes immediately revealed interest. In the hundred years since the Cataclysm caused the world to go through a major change, the various bases had been separated by countless wilderness areas that were filled with large numbers of foreign races. Since then, transportation became extremely inconvenient. For example, Instructor Shen, Yuan Cheng, and the other Yanjing geniuses had to spend a lot of effort to arrive at the Huadong City, and this was even when the Huadong City was not far from Yanjing City.

Traveling from Yanjing City to Huanan City was even more troublesome. Not to mention the Yanjing geniuses, even Instructor Shen would have to apply if he wanted to go there.

Therefore, according to Han Pu, using a king-level demon beast as a transport tool was indeed a good idea.

"Little, Little Han, those demon kings just now all wanted to be my mount, but if it were any other expert, then they might not be able to suppress the demon kings!" Zhou Hao said, feeling a little uncomfortable.

Commander Zhao and the others also nodded and said, "That's right, Senior Han. How could a king-level demon beast be willing to be a transport tool for us humans!"

Han Pu smiled and said, "This isn't difficult. King-level demon beasts are also afraid of death. The frontline fortress base has invented a special chip after studying some techniques of the Machine Race. As long as this chip is embedded into the demon beast's brain, it can be controlled by special energy fluctuations."

"With Senior Zhou here right now, I believe those demon kings will be willing to allow us to embed chips into them!"

Commander Zhao said in surprise, "I didn't know such technology existed!"

Han Pu nodded. "The technology of the Machine Race is indeed very advanced. After researching their technology, we were able to make a technological breakthrough."

Zhou Hao frowned and said, "Could the foreign races use the chips to take advantage of us?"

"Senior Zhou, don't worry about this. To be controlled by the Chip, one has to be willing and special methods are also required. Otherwise, if the target shows any signs of resisting, the special energy waves of the chip will be disturbed," Han Pu hurriedly explained.

Only then did Zhou Hao feel relieved. "In that case, Little Han, I'll have to trouble you to get some chips."

Han Pu smiled and said, "Don't worry, if the frontline fortress near the spatial rift knows that the beast wave attack has been dealt with in Huadong City and that more than fifty king-level demon beasts have been captured, they will definitely be willing to support the chips!"

Commander Zhao and the others immediately laughed.

"This is all thanks to Senior Zhou and Senior Han!"

"That's right. If not for the two supernatural experts, our Huadong City would have been done for this time!"

Han Pu shook his head. "I didn't help much. If not for Senior Zhou, I would have died here too. A high-level demon overlord like the Cloud Mink King rarely attacks cities!"

"Alright, I won't stay any longer. I have to return to Yanjing City as soon as possible and report the situation here before heading to the frontline fortress."

With that said, Han Pu soared into the sky and quickly disappeared.

Zhou Hao looked at the collapsed high walls and sighed. "Although the beast wave attack this time resolved the disaster in a short period of time, the city has also lost a lot. The four main defensive walls have almost completely collapsed and need to be rebuilt!"

Commander Zhao nodded and sighed. "Fortunately, most of the residents in the city are fine."

"Little Zhao, you have to make appropriate arrangements for the aftermath of the disaster. You also have to compensate the citizens for their losses..." Zhou Hao said with a solemn expression.

Commander Zhao immediately turned solemn. "Senior Zhou, don't worry. I'll personally supervise the reconstruction after the disaster."

Zhou Hao smiled. “I believe in Commander Little Zhao. In addition, although the beast wave attack this time has caused a lot of losses in the city, the number of demon beasts and insects in most of the wilderness areas has also decreased greatly. We can completely take this opportunity to expand the city’s defense line outward.”

“Agreed!”

“Seconded!”

He Biao, Zhen Hong, and the other grandmasters nodded excitedly.

In recent years, the various bases had been constantly shrinking their defense lines. However, such counterattacks and expansion were very rare. Their Huadong City could be considered to have profited from the disaster.

Moreover, the Cloud Mink King, who was the greatest threat in the wilderness outside the city, was already dead. Unless the foreign races mobilized other royal families, the wilderness area was no longer a threat to the Huadong City.

Commander Zhao laughed and said, “Senior Zhou’s suggestion is good. After Senior Han transports the chip and controls these demon kings, we will carry out a large-scale cleanup operation.”

Chapter 98

Chapter 98: Switching Guns for Cannons

Han Pu was very efficient. In the evening, he had already returned from the spatial rift frontline fortress. These chips were very easy to operate. As long as the demon kings did not resist, the chips could be inserted into their brains.

However, even though the 52 king-level demon beasts did not know what the use of the chips was, they could more or less guess that they were definitely extremely detrimental to them. Therefore, even in the face of Zhou Hao’s suppression, 17 demon beasts still resisted.

Zhou Hao naturally killed them casually, and he obtained another 2 million luck points.

The remaining 35 king-level demon beasts obediently accepted the chip when they saw the other demon beasts get killed. Among these demon beasts, there were 21 intermediate-level demon kings and the remaining 14 were low-level demon kings.

By the time they were done, it was already late at night.

Most of the residents of the city were still in the city, but some were still in the Underground Base. At this moment, the underground communication signal was switched on.

Soon, Zhou Hao's phone rang.

"Son, son, where are you? How are you?"

As soon as he picked up the call, he heard his parents' anxious voices.

Zhou Hao hurriedly said, "Dad, Mom, I'm fine. I was with my classmate when the alarm sounded. I am in the Underground Base as well. I'm just in another place."

Hearing this, Zhou Xueguo and Wang Shuyun heaved a sigh of relief. "Son, I'm glad you're fine! You scared us to death!"

Zhou Hao smiled and said, "Dad, Mom, according to our instructor, the beast wave attack has been resolved outside. We should be able to come out by tomorrow at the latest."

"Ah, the beast wave attack has been resolved? That's great!"

"Thank god!"

Zhou Xueguo and Wang Shuyun became excited. Many people beside them seemed to have heard it as well as they hurriedly asked for the source of the news.

After receiving confirmation, they shouted excitedly.

After hanging up the phone, Zhou Hao smiled. He took a look at Commander Zhao and the other grandmasters who were discussing the reconstruction of the base camp. He shook his head and disappeared.

When he arrived at the wilderness area, he clenched his fist and punched out lightly.

Buzz.

The air immediately trembled like a bell and did not stop for a long time. At the same time, his body was like a bowstring. His aura swept out like a storm, causing a large number of towering ancient trees to shake continuously.

“This foundation-establishing cultivation technique “Nine Revolutions Golden Body Art” is really abnormal. It’s already so powerful when it’s only at its third revolution, I wonder how strong it will be if I master the ninth revolution!” Zhou Hao could not help but exclaim.

Then, he took out the God Slaying Saber and touched the saber with his fingers. He seemed to be able to hear low groans. Clearly, this saber had an extraordinary past.

Swoosh!

With a thought, water ripples appeared on the red armor on his body and quickly turned into profound turtle shell patterns. Even after being attacked by the Cloud Mink King’s huge claw, not even a trace was left on the armor. From this, it could be seen how powerful the Black Tortoise Divine Turtle Armor’s defense was.

Moreover, at that time, Zhou Hao didn’t even really activate his armor.

“This beast wave attack has switched all my guns into cannons!”

Zhou Hao was excited. After spending tens of millions of luck points, almost all his cultivation techniques, equipment, and weapons had been upgraded to the third level, allowing his strength to increase explosively.

In the past, his full combat strength was only at the peak-level grandmaster level, but this time, even the supernatural expert, Han Pu, mistook him for a peak-level ninth-grade supernatural expert!

It had to be known that he had only used 30% of his strength to kill the Cloud Mink King. His power was completely due to the enhancement effect of the “Nine Revolutions Golden Body Art”. He had not even relied on the might of the “Sky Splitting Divine Technique” and the God Slaying Saber.

And his true cultivation level at this moment was only at the master level.

“I wonder what level I’ll be able to reach if I unleash my full strength now!” Zhou Hao’s eyes flickered with anticipation. He really wanted to give it a try, but unfortunately, he didn’t have a target that would allow him to test his strength.

Shaking his head, he gathered his thoughts and opened the Heaven Dao software.

His gaze quickly landed on the silver mystery box page.

Zhou Hao had basically gotten all the top-grade third-level items and was only missing the third-level weapon.

After thinking for a moment, he clicked on the mystery box again.

Ding! Please fill in three categories: cultivation technique, weapon, and medicinal pill. ‘

Hearing the system’s reminder, Zhou Hao subconsciously filled in the “Nine Revolutions Golden Body Art” (Incomplete), “Sky Splitting Divine Technique”, “God Slaying Saber,” Black Tortoise Divine Turtle Shell “, and” Primordial Blood Pill “.

Swoosh!

The boxes soon appeared.

Cultivation Technique: “Nine Revolutions Golden Body Art” (Incomplete) (Requires higher level)

“Sky Splitting Divine Technique”

Weapon: God Slaying Saber—Blade of Nirvana.

Black Tortoise Divine Turtle Armor.

Medicinal Pills: Primordial Blood Pill

Upon seeing this, Zhou Hao was immediately disappointed. Indeed, other than the God Slaying Saber, Zhou Hao was unable to upgrade anything else.

Chapter 99

Chapter 99: There Seems To Be More Types of Gold Mystery Boxes!

“Looks like there should be a limit to what I can get from the silver mystery boxes!” He muttered to himself in thought. The hint from the “Nine Revolutions Golden Body Art” had already indicated that there were higher-level mystery boxes above the silver mystery box. After all, the silver mystery boxes only allowed up to the sixth revolution and there were three more revolutions left.

After hesitating for a moment, he simply charged another 50 million yuan.

His account balance immediately increased to 753,100 coins.

As for his level: 32,1730 / 10,000,000 (Silver)

Clearly, he still needed 700,000 experience points to level up.

“If the silver mystery box is able to increase my strength by so much, how miraculous would an even higher-level mystery box be?” With this in mind, Zhou Hao no longer hesitated and directly opened the silver mystery box seven or ten times in a row.

Immediately, his virtual screen was filled with silver mystery boxes.

Ding! Congratulations on opening 100 roses in the silver mystery box. ‘

“Ding! Congratulations...”

“...”

The system’s notifications kept sounding. They were all roses and Heaven Dao coins.

Zhou Hao was not surprised by this. After all, without the luck enhancement, the probability of him obtaining a rare-level item was next to nothing.

At the same time, the information regarding his consecutive opening of the silver mystery box was also read by a large number of users who were staring at the silver mystery box page.

As a user who had opened six rare-level items in a row, many people were actually paying attention to him.

“Roses, Heaven Dao coins... Hehe, sure enough, Lady Luck doesn’t always favor a certain person!”

“Don’t be so jealous. Last time, he drew six top-grade rare items, and half of them were third-level items. You can’t be envious of his luck. Let alone missing 70 items, even if he missed a few hundred, he still gained a lot!”

“That’s right. Everyone knows what a third level item of the silver mystery box represents!”

“Last time, this guy opened a thousand ordinary mystery boxes to upgrade to the silver level. This time, he’s opening another seventy silver mystery boxes in a row. Could he be trying to level up again?!”

“Damn, now that you mention it, it’s really possible. Maybe he already obtained all the top-grade items of the silver mystery boxes!”

Many users had guessed correctly. Zhou Hao was indeed trying to level up.

After opening seventy boxes, he turned to his personal page without even looking at the notifications.

Level: 1,021,730 / 100,000,000 (Gold)

Zhou Hao smiled bitterly when he saw the experience points he needed to level up after reaching the gold level. 100 million experience points was equivalent to 10 billion yuan.

However, it was fortunate that his strength had soared now, so earning 10 billion yuan was not difficult. It had to be known that just the Cloud Mink King he killed was worth more than 10 billion yuan on the market.

Of course, if he really wanted to sell it, no one in Huadong City would be able to afford to pay for it.

The currency here was different from the currency in the past. It wasn’t that easy to just print out mass quantities.

Soon, he returned to the shop section’s mystery box page.

As expected, another gold box appeared on the right of the silver mystery box.

Gold mystery box.

“This should be a higher level mystery box!” Zhou Hao directly clicked on the introduction to the rules in the upper right corner of the mystery box.

After browsing through it, he came to a realization. The gold mystery box was similar to the silver mystery box. One still had to fill in their own cultivation techniques, medicinal pills, and weapons. However, the upper limit of the items had increased, and each box cost a million Heaven Dao coins.

It was simply ridiculously expensive.

Apart from that, there were two additional gold mystery boxes. One was for synthesis and the other was for pets.

Zhou Hao focused on these two types of boxes. The synthesis boxes did not require Heaven Dao coins, but it required roses instead. Each synthesis box cost ten roses.

Basically, the synthesis boxes allowed one to put the medicinal pills, weapons, and cultivation techniques together to randomly produce something new.

The pet boxes were relatively simple. As long as one filled in the pet list, the system would automatically increase the pet's level.

In addition, pets could also be synthesized!!

Zhou Hao was very surprised. "This gold mystery box seems to have more variations!"

After thinking for a moment, he swept his gaze over the information regarding the gold mystery box.

There were only a few hundred messages. Compared to the thousands of messages regarding the silver mystery boxes, there were clearly not many users who opened the gold mystery boxes.

However, the information regarding the synthesis boxes appeared as frequently as the information of ordinary mystery boxes.

"One million Heaven Dao coins is required to open a single gold mystery box. It's indeed not as cheap as ten roses for one box!" Zhou Hao smiled. He only had more than 50,000 Heaven Dao coins in his account, which was not enough for him to open a single gold mystery box. However, he had accumulated a lot of roses. He had more than 120,000 roses and could open more than 10,000 boxes.

But at the moment, he did not have anything he wanted to synthesize.

"I still have to earn more money... I also have to buy more cultivation techniques, secret techniques, and combat techniques!" Closing the virtual screen, infinite anticipation rose in his heart. Just the Heaven Dao software mystery boxes alone had allowed him to completely transform. The synthesis boxes and the pet boxes will probably bring even more miraculous changes.

Chapter 100

Chapter 100: The beast wave attack Is Not Over!

The next day, when there was a glimmer of light in the sky...

The entrance to the Underground Base opened one after another.

Countless citizens rushed out one after another.

In this beast wave attack disaster, the North Station suffered the most losses, followed by the West Station. As for the East Station and the South Station, other than the destruction of the defensive line, the buildings inside the defensive line were intact.

However, the government had long announced that it would compensate for all the losses of this disaster.

So, even though most people's homes have been destroyed, they do not feel grief, but are actively cooperating with the government to rebuild their homes.

At Qu City High School.

Ring ring!

The crisp school bell sounded. A large number of students who were still traumatized by the beast wave attack disaster entered the classroom under the supervision of the teachers.

In the focused training class, Zhou Hao, Xu Ling, Yuan Cheng, and the other students were already standing in front of the virtual cabin in an orderly manner.

However, many of them were whispering.

"Did you guys hear? The reason why the beast wave attack in our city was resolved so quickly is mainly because of Senior Zhou!"

"Senior Zhou? Could he be the expert who killed all the insect beasts in the West Station?"

"Yes, yes, that's him. Speaking of which, we were able to escape calamity all thanks to this Senior Zhou!"

"That's right. If not for this expert, we would probably have become food for the insect beasts!"

"Unfortunately, we aren't even able to thank him personally!"

"How could an expert of Senior Zhou's level be someone we can see so easily?"

Zhou Hao stood in the crowd and listened to the students' discussion. He immediately felt a little amused. If they knew that he was the Senior Zhou that they all respected and admired, their jaws would probably drop.

At this moment, Xu Ling suddenly leaned over. "Zhou Hao, where were you when the beast wave attack disaster happened?"

A delicate fragrance immediately surged into Zhou Hao's nose. He glanced at Xu Ling from the corner of his eyes and saw the plump flesh underneath her collarbones. His eyes couldn't help but widen.

Bang!

Xu Ling sensed Zhou Hao's abnormality and hurriedly adjusted herself. She raised her foot and kicked Zhou Hao's butt. She said angrily, "Pervert, where are you looking?!"

She deliberately lowered her voice. After all, many students were standing around.

Zhou Hao coughed lightly and said innocently, "Xu Ling, you can't blame me for this. That place of yours is just too big. I only did it subconsciously. I couldn't just close my eyes after seeing it, could I?"

"You, why are you still going on about that!" Xu Ling's face was red from embarrassment as she kicked Zhou Hao again.

Only then did Zhou Hao apologize honestly. "Alright, I'm sorry. Stop kicking. You're basically a martial artist now. Your kick is very painful."

Xu Ling pouted. "Hmph, I'll keep kicking you if you keep letting your eyes wander around!"

Zhou Hao hurriedly changed the topic to prevent Xu Ling from continuing to flip out. "During the beast wave attack, I was not far from my house. When I heard the alarm, I immediately went into the Underground Base. What about you guys... Were you guys really at the bar near the North Station?"

Thinking of the scene back then, Xu Ling looked at Zhou Hao with some lingering fear. "Fortunately, you didn't come back then. Otherwise, it would have been tragic. With your strength, if you had fallen behind while escaping, you would be in danger!"

"Hehe, I suppose it's just my luck!" Zhou Hao pretended to be glad.

Xu Ling was about to speak when Instructor Shen strode in.

The whispers in the classroom immediately disappeared, and the students straightened their backs.

Shen Jing swept his gaze around. Seeing that the students were all here, the worry on his face disappeared. He looked at Yuan Cheng and said indifferently, "In the future, if there are any private gatherings of students, you must ask for permission from me in advance. This time, you're lucky to have bumped into Senior Zhou, who was able to quickly provide support. If you're unlucky next time, you'll implicate the entire class!"

Yuan Cheng lowered his head and said, "Yes, Instructor!"

The other students also revealed fearful expressions.

"Students, the city has dealt with the beast wave attack disaster safely, but for our training class, the beast wave attack has not ended!" Instructor Shen said slowly.

The students were puzzled, not knowing what Instructor Shen meant.

Soon, Instructor Shen continued, "Because of Senior Zhou's contribution, almost all the demon beasts and insects in this beast wave attack have been killed, causing the demon beasts and insects in most areas outside the wilderness area of the city to decrease by nearly 80%."

"The foreign races that have surpassed the general level have also been completely wiped out. Therefore, after the unanimous decision of Commander Zhao from the military and the other grandmasters, we will start a thorough cleanup operation in the wilderness the day after tomorrow!"

After a pause, Instructor Shen continued, "All year three students from all the high schools in the city will participate in this wilderness cleanup operation..."

As soon as he said this, the students were stunned.
