Chapter 551 - Depressed

Chapter 551 Depressed

There were even many versions of this rumor!

“What? You said that Bai Renxue came out naked and Zhou Hao only put a shirt on her body after she came out?”

“Ah? The two of them even... kissed passionately in the air?”

“Damn, no way. They didn’t leave? Did they really just condense an independent space in the air and make love right in front of all of

us?”

“Wait... what did you say? Bai Renxue and Zhou Hao are the ones that are truly in love. Bai Renxue is only engaged to Ning Yunfeng because she couldn’t help it?”

“Heavens... Ning Yunfeng forced Bai Renxue to get engaged to him? Has she always maintained an underground relationship with Zhou Hao?”

“The reason why Ning Yunfeng was injured was because he tried to kill his love rival, Zhou Hao? Was that why he spent a high price to invite Blue, William, and Feng Baichuan. Unfortunately, the four of them couldn’t even beat Zhou Hao.”

More and more rumors grew. All kinds of rumors instantly swept through Moro City!

This news naturally reached Blue’s ears. He did not dare to believe that the two of them could return alive!

Of course, he was worried that Zhou Hao and Bai Renxue would come to take revenge, so he hid immediately.

The first thing Bai Renxue wanted to do after returning to Moro City was to find Blue and kill him!

Unfortunately, Blue ran quickly and Bai Renxue was unable to bump into him at all!

The rumors outside naturally reached Bai Renxue’s ears!

She had heard a lot of different versions and was extremely furious. She could not provide an explanation either. An explanation would only backfire and make the situation worse!

However, she hoped that Ning Yunfeng would not care about the rumors nor believe them!

For this matter, she still wanted to explain to Ning Yunfeng in person, so she directly went to the Ning family's territory!

As soon as she arrived at the Ning family, she saw a disgusted expression from the Ning family disciples, making her heart sink.

"Is Yun Feng around?"

Bai Renxue could only pretend she hadn't noticed and ask.

"Miss Bai, why are you looking for our Young Master?"

Although the Ning family's disciples were still polite, their expressions still explained everything!

"I have my reasons!"

Bai Renxue frowned and immediately said.

"Sorry, Miss Bai, our young master is currently recuperating. Please go back."

The Ning family's disciple directly refused, making Bai Renxue very angry! Usually, these Ning family disciples would be polite to her. They had never been like this before. They must have heard the rumors and gossip, that was why they were like this!

Of course, after thinking about it, there was still another problem that Bai Renxue had to face!

The attitude that the Ning family's disciples expressed must be Ning Yunfeng's!

In particular, the fact that Ning Yunfeng was avoiding her explained the problem!

Bai Renxue was not a clingy person and directly said, "Since your young master is unwilling to see me, forget it. Help me tell him that he knows very well what kind of person I, Bai Renxue, am."

With that said, Bai Renxue left.

In fact, she had thought of not explaining anything and was waiting for Ning Yunfeng to find her before explaining things to him. After all, although she did not have much love for Ning Yunfeng, they were still engaged. She still treated herself as part of the Ning family.

Bai Renxue was like this. She was a very traditional person. Since she had accepted it, she did not think too much about it.

However, today's matter shook her heart!

Originally, she thought that Ning Yunfeng believed her. After all, after all these years, Ning Yunfeng knew very well what kind of person she was. She thought that he definitely wouldn't believe that she had done such a thing!

However, since he did not appear, it meant that there was a very serious problem!

It was possible that he knew that she had not done it. However, rumors had spread and he had lost a lot of face. He, Ning Yunfeng, was someone who cared about his reputation and that was why he was like this!

Bai Renxue smiled bitterly in his heart. Perhaps in his eyes, she was simply not as important as his so-called reputation!

At this moment, she was not angry or furious. She was only disappointed!

Ouyang Tingxuan naturally heard this, but she did not care. Even if this was true, she did not care.

In fact, she disliked Ning Yunfeng!

This person was scheming and also had a ruthless side. It was obvious from the fact that he did not agree to meet Bai Renxue!

Moreover, ever since that day, Bai Renxue had been hiding in her room without leaving the door. Ouyang Tingxuan's heart ached for her. Therefore, after thinking for a moment, she still went to Bai Renxue's courtyard.

As soon as she walked in, she sensed a violent aura. This aura was very chaotic. It could be imagined that Bai Renxue's current mood was definitely not good.

Ouyang Tingxuan sighed and said indifferently, "Sister, are you alright?"

In the room, Bai Renxue sighed when she heard Ouyang Tingxuan's words. "Sister, don't worry. I'm... fine!"

Nori

Ouyang Tingxuan smiled. "Alright? From your aura, I can tell that you're not good. Do you think you can fool me?"

Bai Renxue revealed a depressed expression and sighed.

Ouyang Tingxuan did not enter the room. Instead, she sat at the door and smiled.

"Sister, although I don't understand your feelings, I think this is actually not a bad thing. Because of this, you were able to see his true colors. Isn't that a good thing?"

After Ouyang Tingxuan finished speaking, Bai Renxue immediately smiled.

"Sister, your way of persuading people is really unique."

"I'm telling the truth. I've said from the beginning that Ning Yunfeng is not a good person. However, you had to repay his kindness. Master also gave his permission, so you agreed. To be honest, I feel very indignant for you. Although Sister has never been in a relationship, I still know that a girl has to find someone they love. You and Ning Yunfeng are not in love. It seems more like the union of two rich and powerful families. Are you angry with me for saying this?" As soon as Ouyang Tingxuan spoke, she hit the nail on the head. Bai Renxue also knew this and had thought of this before, so she did not refute.

"Sister, I also know what you're saying... but..."

"But... you're a very obedient little girl and a little girl who keeps her word. Therefore, after agreeing to Ning Yunfeng, you treated yourself as a member of the Ning family and quickly adapted to this identity. Although I don't know if this was your original intention, seeing you like this still makes my heart ache."

"Although the Ning family has a good family background, Ning Yunfeng is still not your best choice. Perhaps you had also sensed it and just ignored it. Think about it. Don't you

agree?"

Ouyang Tingxia and Bai Renxue talked about everything. Naturally, they did not hide anything.

Chapter 552 - Looking for a Woman

Chapter 552 Looking for a Woman

When Bai Renxue heard this, she did not say a word, but she agreed.

Ning Yunfeng was not a good person. His actions had also verified her thoughts and her sister's previous warning!

"Sister, I want to ask you a question. Compared to Zhou Hao and Ning Yunfeng, who do you hate more?"

Ouyang Tingxuan said. "Who do I hate more?"

Bai Renxue was stunned for a moment and pondered for a moment before saying.

"Actually... I kind of hate Zhou Hao. If not for him, I wouldn't be like this!"

"However, I can't be ruthless. If not for him, I would have died. He saved me and respected me. Moreover, he was not the one who spread these rumors. Therefore, I can't hate him."

"As for Ning Yunfeng, I can't say that I hate him now. I'm only disappointed. Sister, I'm so disappointed in him. I went to find Zhou Hao for him and I was in danger because of him. He didn't ask me what I had experienced and only treated me like this because of the gossip. I'm really disappointed in him!"

Bai Renxue was telling the truth!

If not for Ning Yunfeng, she wouldn't have encountered any of this!

However, it was useless for her to say anything now!

"Hehe, looks like you're still very rational."

Ouyang Tingxuan smiled. She naturally believed that her sister would not be like what the rumors described.

However, she was unable to resolve this knot in Bai Renxue's heart and could only give her advice.

"Since you think so, I'm relieved. Sister, in the end, there is no right and wrong. It's just that everyone's standpoint is different!"

"The Ning family is a large family. If such a thing is spread, Ning Yunfeng will naturally be embarrassed. Therefore, you shouldn't be too concerned about him treating you like this. Moreover, the Ning family hasn't been peaceful recently. It's best to take

advantage of this opportunity to cancel the engagement. Otherwise, Master will be helpless when dealing with the Ning family in the future because of you.”

10

“Secondly, Zhou Hao saved you and can be considered your benefactor. Logically speaking, you still owe him a favor. Among them, the most innocent one is actually Zhou Hao. I also heard about what happened in Machine City. Ning Yunfeng and the other two were greedy for Zhou Hao’s treasures, so they joined forces to kill him.”

“However, this Zhou Hao’s cultivation level is profound. The four of them combined were unable to defeat him. This is unexpected.”

“You also know what happened after that, so I won’t say anything else. In any case, as a bystander, I think Zhou Hao is the most wronged!”

After Ouyang Tingxia finished speaking, she did not say anything else and left.

Bai Renxue sighed and naturally understood.

At the same time, Zhou Hao returned to Moro City. He was dressed completely in a black robe!

Even if he did not want to hear the rumors, he had still heard them!

However, Zhou Hao was extremely helpless!

He did not expect this matter to be spread!

This Fatty Jin kept calling him big brother, but he had spread this news right after Zhou Hao left. Wasn’t the other party scamming him?

Zhou Hao walked around the city. Wherever he went, he would hear about this topic being discussed. He could not stay any longer and soared into the sky, leaving Moro City. Just as Zhou Hao was feeling depressed, the divine soil jumped out. It rubbed its white jelly-like body into the shape of a face. Then, it looked at Zhou Hao with a smile and said, “Brother, why are you so damn helpless and depressed?”

“This is a damn good thing. If news of this gets out, which one of these two girls will you choose?”

The divine soil’s despicable face immediately leaned towards Zhou Hao and smiled despicably. “If I were you, I would choose that Su Xiaoyu!”

“She’s the second miss of the Su family from the International Auction House. She’s rich, powerful, and has status. How many men dream of being ranked as the daughter of a rich family?!”

“If you choose her, your identity will naturally rise.”

Zhou Hao was feeling depressed. When he saw the wretched face of the divine soil, he immediately stretched out his hand gloomily and pushed the other party to the side. He said unhappily, “Go, go, go. Don’t disturb me. I’m not in a good mood!”

However, the divine soil did not give up. It chuckled and leaned towards Zhou Hao. With a smile, it said, “What’s there to be annoyed about? Are you annoyed that you can’t choose who you want to be with?”

“If there’s really no other way, that Bai Renxue is not bad either. She’s a member of the Super Organization and has a special ability!”

“Her physique is also very special. It’s the Ice Lotus Flame Physique. If you get together with her, the children you two give birth to will definitely have the most outstanding genes!”

The divine soil became more and more excited as it spoke. It chuckled and said, “If you really can’t choose, just flip a coin. If it lands on head, you will pick Second Miss of the Su family. If it lands on tails, you will pick Bai Renxue. What about it? I can even help you flip it!”

Zhou Hao was already extremely depressed. Now that he heard the divine soil constantly chattering in his ear, he was even more depressed!

He suddenly grabbed the divine soil and forcefully tore it into pieces. He threw it on the ground in frustration and said gloomily, “Enough, enough. Shut up and stop bothering me!”

The torn divine soil quickly squirmed on the ground.

The different parts quickly attracted each other and it quickly condensed, turning back into a face that was several times larger than before. It smiled slyly and moved closer to Zhou Hao.

“What? Could it be that your standards are too high? You don’t even fancy these two women?”

“Hehe, if you don’t like either of them, why don’t I help you find another woman?”

“Tell me, what’s the type of woman you like?”

“Let me tell you, women with big butts are more likely to give you sons. Look at that woman over there. Although her waist is a little thicker and she’s not as thin as those two, she’s still quite alright! After all, nobody’s perfect.”

“That one over there is not bad either. Although she’s a little old, based on my intuition, she would make a good wife!”

“This one is also very to my taste. Hehe, if you don’t want it, help me ask for her contact information. Who knows, at my age, I might even fall in love again?”

“Pfft, I think you just want to feel young!”

The divine soil pointed at many female martial artists who entered Moro City with an ugly expression.

Zhou Hao was even more furious and immediately spat!

“Hehe, right, I haven’t asked. What did you and Bai Renxue do in the Ice Snow Prison?”

Chapter 553 - Mental Test

Chapter 553 Mental Test

Zhou Hao was furious, but there was nothing he could do. He did not say a word. “Hey, why aren’t you saying anything? Even if you don’t say anything, I still know that you must have slept with that woman, right? That woman is beautiful. Her skin is white, she’s beautiful, and she has long legs. I don’t believe you won’t be tempted!”

The divine soil spoke tirelessly, and Zhou Hao could only pretend not to hear it.

After a long time, its voice weakened a lot. Only then did Zhou Hao say, “When will the frog wake up?” The divine soil sighed. “Its essence has been damaged. To a large extent, it needs to sleep for a few years. Sigh...” When Zhou Hao heard this, he frowned. If it slept for a few years, it would be a little long!

“Is there nothing we can do?” Zhou Hao hurriedly asked.

“If we can find the mental strength essence, we might be able to wake him up early. However, this thing is very rare.”

The divine soil pondered for a moment and said.

“Very rare? Does the Moro Race have any?” Zhou Hao asked again.

“Speaking of which... there really is one! But...”

At this point, the divine soil hesitated.

“But what?” Zhou Hao was stunned.

“It’s just that it’s a little dangerous there, but it’s also dangerous. You also know that the mental strength of the Moro Race is very powerful. That mental strength essence is even being guarded inside a mental barrier. If you want to obtain it, it’s very dangerous.”

The reason why the divine soil said this was actually because it did not want Zhou Hao to go. It was nothing much for them to sleep for a few years. After all, they would sleep for decades, centuries, or even years.

However, Zhou Hao did not think so. After all, the frog had already slept for so long. It had only been awake for a few days after sleeping for more than a hundred years. Zhou Hao could not help but feel that it was too much.

“It’s fine. Tell me where that is. We’ll go and get it now!”

Zhou Hao immediately said.

“Ah? You’re going there to get it? Really?”

The divine soil did not really believe it. Actually, it was not that it did not believe it, but it was a little worried.

“It’s fine, don’t worry. I know what to do.”

Zhou Hao said directly.

“Alright, let’s go and take a look. If not, we can return!”

As the divine soil spoke, it marked a spot for Zhou Hao. Zhou Hao’s body moved and he sped away.

The Moro Race’s space was very large. They flew for an entire day before arriving in front of an extremely hidden building.

This place was like an oval egg that was enveloped by a light barrier.

“This is a treasure location of the Moro Race. There’s a mental strength essence here. Mental strength research is very precious to the Moro Race. If not for a huge contribution, the Moro Race wouldn’t have been willing to take it out at all!”

“This thing can save the lives of the Moro Race beings. You’ve seen those people who died, right? If they obtain a mental strength essence when their mental strength is exhausted, they can at least live for another eight to ten years. Those people are all big shots with considerable value. They probably won’t be able to obtain a trace of essence even if they use everything they have. It can be imagined how precious this thing is!”

The divine soil hurriedly said. He was also telling Zhou Hao to be mentally prepared. The Moro Race naturally had to strictly guard such a precious thing!

“I see... How do we get it?”

Zhou Hao said directly.

“I have a way to let you in, but you have to pass the mental strength test of the Moro Race’s supreme expert to obtain that mental strength essence. If you fail, I’m afraid...”

At this point, the divine soil hesitated for a moment.

“What are you afraid of?” Zhou Hao asked.

“I’m afraid I’ll be immersed in the illusion forever and die in it!”

The divine soil took a deep breath and said solemnly!

When Zhou Hao heard this, he was stunned for a moment before smiling. “Die? Hehe, interesting.”

As he spoke, Zhou Hao was about to walk in.

“Are you not going to reconsider it?” the divine soil said directly.

Zhou Hao took a deep breath and hesitated for a moment before saying.

“Since you guys have recognized me as your master and are fighting for me, I can’t retreat just because it’s dangerous. Although I’m not a powerful person, I’m still willing to give up everything I have for the people around me. I can’t let you guys down.”

Zhou Hao smiled and his expression was very relaxed. However, as soon as he finished speaking, the expression of the divine soil indeed changed.

After a long time, he looked at Zhou Hao and immediately said, “What if... it was me instead of the frog... Would you have done the same?”

“Of course!”

Zhou Hao’s answer was without hesitation, but the divine soil said nothing.

However, it still looked very touched.

Its body emitted a strange light that covered Zhou Hao, making him walk directly into the oval egg

“I can help you enter this place, but I can’t help you with the mental strength test. You have to complete it yourself. Remember, you have to persist, understand?”

The divine soil still said a few words. It was obvious that it was worried!

Zhou Hao nodded and gave it a relieved expression!

Zhou Hao had just entered when he arrived at a sealed black space. Then, a cold intelligent entity spoke.

“Are you going to accept the mental strength test?”

After this voice sounded, Zhou Hao was stunned for a moment and could not help but say to the divine soil, “Actually, I’ve always had a question. This Moro Race has been dead for so many years, so why can these robots still operate?”

When the divine soil heard this, it immediately smiled. “Your current civilization still relies on electricity to maintain its energy. The Moro Race and the others can already use atomic power to generate electricity. Let me tell you this. The microscopic world of objects is composed of molecules and atoms. They move infinitely, and this power is used by the Moro Race as the source of their strength. Therefore, as long as the universe is not destroyed, their energy will not be cut off. Of course, this energy can only maintain the operation of some of their machines. Not everything could be done this way. For example, those super warships can’t rely on this atomic power.”

“It has to be known that their civilization only has one energy essence missile. Even if your current civilization doesn’t eat, drink, or use electricity, it will probably take ten years for you guys to supply the energy it requires to be launched!”

After the divine soil finished speaking, Zhou Hao was simply shocked. This was too ruthless!

Zhou Hao naturally knew this. After all, he had learned this in high school.

He did not expect the Moro Race to be such an advanced civilization!

Thinking of this, Zhou Hao took a deep breath and said, “I accept the challenge.”

“Alright, the challenge begins. Please choose the trial scene.”

“One, modern civilization.”

“Two, machine civilization.”

“Three, fictional framework civilization.”

When Zhou Hao heard this, he was immediately stunned. He could not help but blink and look at the ground. The latter was also dumbfounded, not understanding what was going on.

Chapter 554 - Dao Arena

Chapter 554 Dao Arena

Zhou Hao did not understand what was going on, so he thought for a moment and asked.

“This is my first time participating in this test. What’s the use of these scenes you mentioned?”

Zhou Hao was very curious.

The intelligent entity’s voice sounded.

“In order to push the accuracy of the test to the greatest extent, we have set up these few scenes. The settings of each scene are different. Similarly, one’s personal mental state will still be accounted for. However, no matter which scene it is, the essence is the same. Challenger, please choose the scene you want to experience.” Zhou Hao blinked. He did not know what to expect. Instead, the divine soil said, “It’s best not to be realistic. Otherwise, you will sink deeper. Once you believe in the contents of the mental world, it’s very easy for you to not be able to walk out. Choose a fictional civilization!”

Zhou Hao nodded.

“I choose... the fictional civilization!”

“Alright, please choose. Fictional modern civilization and fictional ancient civilization.”

The intelligent entity spoke again.

This time, without the reminder of the divine soil, Zhou Hao directly chose the fictional ancient civilization!

It was also at this moment that the light became especially bright. The intense light pierced Zhou Hao until he could not open his eyes. He hurriedly closed them. When he opened them, he had already fallen asleep!

At the same time, a special scene slowly appeared in Zhou Hao's mind!

The divine soil's eyes were filled with worry as it muttered to itself, "Zhou Hao, you have to persist. You can't die in that illusory world, understand?!"

As soon as this voice fell, Zhou Hao could not hear it at all. At this moment, he slowly opened his eyes and saw a strange place. It was a tattered Dao Arena that looked a little old.

At this moment, a middle-aged man was walking up with a small child.

"Sigh... Hao'er, when you were born, you were already infected with a bad illness. Before you reached the age of ten, you were still safe. However, after you were ten, your body would weaken. This was told to me by the four Daoists in the Dao Arena. I originally did not believe it, but after your tenth birthday a few days ago, you often fell unconscious. I found many physicians, but they were all unable to see through your illness. Looks like you might really have to spend your life in the Dao Arena in the future."

"As my son, you naturally have to fight for the people of the world. Unfortunately, your life doesn't belong to the Imperial Court, so... I can't disregard your life."

The man was wearing armor and looked like a general. He was holding a child and had his eyes closed. Although the child looked very cute, the man could sense a layer of death aura covering his face. The child's breathing was also uneven, making the man very worried.

"My Zhou family has fought for the Imperial Court for generations. I don't say that I've done much for the sake of the world, but why can't my son even enjoy the treatment of an ordinary family? Why did he have to encounter such difficulties when he was still an innocent and romantic child... As your father, I named you Zhou Hao because I hope that you will be righteous, mighty, and unrestrained."

"However... I still can't beat the heavens!"

The man's words seemed to be heard by the child. He slowly opened his eyes with a confused expression.

He was only ten years old and naturally did not understand so many confused words. He only looked at the path up the mountain and thought that it was another path he needed to take to seek medical treatment.

In just a few days, he had gone to many clinics and many places. This time, he still innocently thought that he had come here to seek treatment.

“Father, which medical center are we at?”

The child asked, making the man’s eyes turn red.

“Son, I don’t think you can be treated, but... you might be able to live here. However... you’re unable to walk my path. In this life, I’m afraid you can only survive in this Dao Arena and become a Daoist priest.”

As the man spoke, his expression was a little unwilling. As a general of the country, he naturally hoped that his son would be like him and become a legendary figure. However, this thought was clearly unrealistic. In order for his son to live, he could only bear the pain and part with his love.

He originally wanted to stay here with his son and watch him grow up. However, for the sake of the country and the citizens, he could only abandon his ten-year-old son!

Perhaps it was not considered giving up. He was just giving his son a new life!

Zhou Hao was born when he was in his forties and he had been fighting in the war his entire life. Seeing his son like this, he no longer felt like establishing a family. He only hoped that Zhou Hao could grow up healthily!

Soon, they arrived at the Dao Arena. The four old Daoists had long been waiting there. The four of them had their own expressions and were very amiable. “Seniors...”

The man wanted to say something, but he was stopped by the Daoist priest.

“If you want him to live, leave him here. Don’t worry. Since he came to the Dao Arena, we will be responsible for his life. Ten years later, when he recovers, I will naturally let him leave the mountain.”

The old Daoist priest in the lead received Zhou Hao. The reluctance on the man’s face became even stronger. His eyes were red, but he still did not let it flow down. Instead, he left decisively.

Zhou Hao naturally did not understand this. He only felt that he had relaxed a lot after coming here, so he was very happy.

“Since you’re here, you’re the Little Daoist. From today onwards, you’ll live here. This is your starting point and your end. Remember!”

Zhou Hao had heard this for more than ten years. He often heard it, but he did not understand what it meant.

Ten years quickly passed. Zhou Hao had been a Dao Child for ten years. Other than cleaning the courtyard, he usually cooked for the three Daoists. After cleaning, he would burn incense.

Ten years passed quietly. Zhou Hao did not learn any special abilities and only did these things day after day.

Ten years later, he was already twenty years old. In this year, after his birthday, the four Daoists took out something and called Zhou Hao to their side.

“From the moment you arrived here ten years ago, we always knew that this day will arrive. In the first ten years of your life, you were destined to be rich. In the previous ten years, you were destined to stay here. The next forty years, or even longer, will depend on how you choose. You will be the one to decide your next four lives.”

At this point, the four Daoists looked at Zhou Hao dotingly!

Zhou Hao nodded and did not think much of it. In the past ten years, he had listened to the four old Daoists and had never disobeyed them. The four Daoists also liked Zhou Hao very much.

“I’ve said many times that this is not the world you belong to. However, whether or not you can see through it is still up to you. If you choose to walk this path in the future, it will also be up to you. Perhaps you will take a path that will make you crazy, a path that will make you fall, and even a path that you will hate. In short... you will have to walk the remaining path yourself.”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 555 - Life

Chapter 555 Life

Zhou Hao had heard this many times. He did not understand what it meant to not belong to this world.

However, at this moment, the four Daoists took out four items and handed them to Zhou Hao.

The first Daoist priest gave him a powerful sharp spear. Lightning seemed to be flashing on it, making Zhou Hao shocked. It was as if with a spear in hand, he could challenge the entire world.

The second Daoist priest gave him a wine gourd that was filled with fine wine. When he opened it, a fragrance spread out. Even Zhou Hao, who had never drunk wine, wanted to drink it happily when he smelled this fine wine.

The third Daoist priest gave him a peach blossom-shaped jade pendant. It was very beautiful. After he put it on, his aura changed drastically. It was as if he had become a beautiful jade in the mortal world. It made him feel very elegant.

The last Daoist priest gave him a black mask that covered his face, leaving only his eyes outside. With this mask, Zhou Hao felt very safe as no one knew who he was. It was as if he could do whatever he wanted!

“The four items are your four lives. If you want, you can choose one yourself. If you’re tired, return here.”

With that said, the four Daoists got Zhou Hao to leave the mountain. Zhou Hao was also filled with curiosity about the world as he walked down the mountain.

Zhou Hao first returned to his hometown. His father was a general in charge of guarding a region and was very powerful. However, his father was already old and his deterrence towards the covetous foreign races was getting weaker by the day!

In addition, the current emperor was muddle-headed. In the end, his father could only sigh.

“I, Zhou Fangyin, have roamed the battlefield my entire life, only to serve an unfitting master, I’m unwilling, unwilling!”

This was what his father had said after meeting him. On that day, war broke out everywhere.

Zhou Hao hesitated for a moment and picked up the spear the old Daoist had given him!

With the spear in hand, Zhou Hao immediately fell into a daze. He felt that this spear seemed incomparably familiar, as if he had it long ago!

This spear was completely black with dragon patterns. It looked ancient and extraordinary. Most importantly, he had never seen this material before.

“Why am I so familiar with it? Is this spear called the Black Dragon Spear?”

Zhou Hao was very puzzled. After saying this, he was even more surprised!

However, he did not think about this anymore. Instead, he held the spear in his hand and was incomparably heroic. Powerful strength condensed in his body!

It was a powerful force that allowed Zhou Hao to resolve all the evil hearts!

He even entered the imperial city with the spear and killed the muddle-headed emperor, establishing the Great Zhou dynasty!

After the previous dynasty was destroyed, the new empire also became known as the Great Zhou empire!

Zhou Fangyin had become the emperor. Although he was already 60 years old, he was still very happy!

However, he looked at his son and felt a sense of unfamiliarity.

“Son, although you used your own strength to establish a great career, why... do I see a thirst for power in you and a merciless cold storage?”

These words had always lingered in Zhou Hao’s ear. He knew that Zhou Fangyin would die ten years later!

Zhou Hao would also become the emperor at the age of 30!

When he turned 30, his father’s death made his heart turn even colder. He raised his spear and went into battle, killing the emperors of six other countries and unifying the country, becoming the strongest emperor in the world!

Emperor Zhou!

His crazy expansion of territory could be seen with the naked eye.

For the past five years, Zhou Hao had always been in battle. He had killed countless people!

However, he was oblivious to this. Instead, he became even more ambitious!

Later on, he expanded the Great Zhou and married the princess of six countries, his wife!

At the age of 35, he had his first child.

Seeing the child being born, Zhou Hao suddenly felt that he was tired of everything.

Although he was tired of it, no one dared to be disloyal to him in front of the greatest emperor.

Another five years passed. And after these five years, his son suddenly became seriously ill, just like when he was young!

His expression was ugly. This was his first and only son. Seeing his son's lifeless appearance, he felt very painful!

This year, he left with his son and brought him to seek help. However, for some reason, he could not find the way to the Dao Arena!

He knew that the four Daoists definitely had a way to deal with his son.

However, he could not remember the path!

Seeing his son getting worse by the day, he was really in a mess. Later on, he gave up. Instead of letting his son be treated by doctors endlessly, it was better for him to end his life happily.

He put down his spear and picked up the wine gourd given by the Daoist priest.

That wine was like the most beautiful wine in the world. As he drank, he brought his son to travel around happily. Two years after he left, the Zhou Kingdom was in chaos. Without Zhou Hao holding down the fort, the Zhou Kingdom collapsed. Seeing this, Zhou Hao could not be bothered and did not think about it at all.

He only wanted to travel with his son and have fun.

"Everyone says that it's good to be the emperor, but... I don't think so."

Sitting on the sailboat, he drank wine as he looked at the beautiful scenery. His son played the flute beside him. This kind of life made Zhou Hao feel unprecedented ease.

However, good times did not last long. His son even died on his tenth birthday!

Zhou Hao's heart ached. He was the most powerful person in the world, but for some reason, he was unable to control his son's life!

He was in pain and tired of all of this.

This year, he arrived in a strange country. There were many beauties here. However, he was sloppy and despised.

Originally, he did not care about all of this at all. However, after he got drunk again, he was brought home by the daughter of a local farmer. She helped Zhou Hao shave his beard, wash his body, and change his clothes. She even helped him put on the plum-shaped jade pendant.

Zhou Hao woke up and looked at himself in the mirror. He was somewhat numb and suddenly felt that he looked very good like this.

He had fought battles his entire life and had never been happy. At this moment, in his clean white clothes, under this overbearing beauty, he was a dreamy male and was loved by countless women.

He originally refused, but he could not resist so many beauties giving their bodies to him.

Zhou Hao gradually fell into depravity. It was said that a hero could not resist the charms of a beauty. No one was an exception!

Moreover, the beauties here were simply like fairies. They were so beautiful that it was suffocating!

Zhou Hao gradually changed. Although he was 40 years old, his aura and appearance were good. Even young men in their twenties were jealous when they saw him.

Countless women were willing to follow Zhou Hao. In this year, he had countless women.

Every time he woke up and saw the unfamiliar woman beside the bed, he would be in a daze. He would need to think for a long time before remembering who the woman was.

Chapter 556 - Walking Out

Chapter 556 Walking Out

The more women there were, the happier Zhou Hao became.

He did not know why he felt this way, but he liked this feeling very much!

Three years later, Zhou Hao had seen hundreds of women if not thousands.

He believed that with his charm, he could conquer all women!

That was until he met the most beautiful woman in this country. That woman also liked him. However, after making love to him, that woman actually committed suicide!

She left Zhou Hao a letter. It said a lot, but there was only one sentence that touched Zhou Hao the most.

“You like me as a woman, but not for who I am. I was willing to fulfill your desire. However, I am not able to tolerate seeing you with other women in the future. Instead of suffering that way, I might as well leave like this when I still have your affection...”

Zhou Hao looked at this letter and suddenly felt that there was nothing in the world to yearn for.

He liked this woman very much. However, because of him, she had died!

Zhou Hao blamed himself very much. He threw away the jade pendant, took out the last item, the mask, and left!

Zhou Hao, who was wearing a mask, seemed to have been forgotten by the world. He was not worried that everyone would recognize him, nor was he worried that they would find him!

Behind this mask, he suddenly became very strange.

He would dare to do anything he did not dare to in the past. He would kill, commit arson, bully others, and do anything heartless!

It was as if this mask had allowed him to release all the ugliness in his heart!

Zhou Hao was immersed in it until he met a child the size of his son. Similarly, this child had a serious illness.

His heart stirred as he took the child with him and left.

“I heard that the heart of a young girl can cure your illness and save your life.”

After Zhou Hao finished speaking, the child was clearly frightened but did not pay much attention to it.

Only when Zhou Hao took back more than a hundred hearts did the little boy's face turn pale. He looked at Zhou Hao as if he was looking at a monster.

Zhou Hao ignored him and helped him make the heart into medicine for him to drink.

The boy was very afraid, but he still followed obediently.

Slowly, three years passed, and the little boy had also grown a lot. He looked at Zhou Hao's strange, ferocious, and inhumane side and was even more afraid.

Finally, this fear turned into courage. One night, he picked up a saber and stabbed Zhou Hao in the heart while Zhou Hao was sleeping.

Zhou Hao opened his eyes and looked at the saber in front of his chest. However, for some reason, he did not feel any pain.

It was as if his heart had already died!

"Hehe, you're indeed as I thought. You... are no longer human!"

After the boy finished speaking, he spat out blood and died on the spot. Zhou Hao looked at him and slowly took off his mask, feeling

sad.

He suddenly thought of the old Daoist's words. When he felt tired, he could return there!

At this moment, he was really tired.

After wielding the spear in his hand, he had established a magnificent career and obtained supreme authority.

After drinking wine, he no longer cared about anything and only wanted to travel and play.

After putting on the jade pendant, he suddenly fell in love with women. As long as they were beautiful, he would like them. He had been with beauties that most people would not be able to see in their entire lives. This kind of life also made him falter.

After putting on the mask, he was able to unleash his crazy and cruel side. He could do whatever he wanted in the darkness!

These four lives suddenly made Zhou Hao feel very bored!

"Are these the four lives I have lived... Indeed... boring."

Zhou Hao sighed and slowly walked back.

He sat on the ship and looked at his reflection on the lake. His expression suddenly changed as he saw another world!

In that world, he was born in a very ordinary family and was born in a city with advanced technology. He had parents who loved him and women he liked. In order to grow, he worked hard every day and lived a wonderful life.

He suddenly envied himself on the other side of the lake and felt that this other life was more meaningful!

Zhou Hao took a deep breath and slowly returned to the Dao Arena.

At this moment, the Dao Arena was the same as when he had arrived. The four old Daoists were still standing there, looking at him with a smile and amiability.

However, Zhou Hao smiled.

“Four lives. Supreme authority, endless beauty, crazy ugliness, and unrestrained depravity. These are four lives and the temptation that no one can resist!”

Se

“Be it power, beauty, or freedom, or lack of restraints, they are all great temptations. I didn’t expect this mental strength test to be so difficult!”

As Zhou Hao spoke, his eyes gradually regained clarity.

What he saw were not four old Daoists, but four roads. Those were the roads he had walked on.

“I don’t know how others will be like here. In any case, I’m tired of it. I don’t want my life to be like this. Be it power, beauty, or freedom... I don’t want it.”

At this point, Zhou Hao waved his hand and had already revealed his appearance. At this moment, the intelligent entity’s voice sounded in Zhou Hao’s mind.

“Congratulations, you have taken the initiative to walk out of the S level dream realm. You have received three mental strength essence.

After saying this, Zhou Hao seemed to have recovered. He slowly opened his eyes. It was still the empty space in front of him.

As for the divine soil, it looked at Zhou Hao in shock.

“Damn, you’re awake? It has to be known that no one can wake up from this mental strength test of the Moro Race. You actually woke up and took the initiative to see through this test. You’re too impressive!”

The divine soil was shocked, and its eyes were filled with disbelief. As for Zhou Hao, he only smiled. Three small bottles appeared in his hand, and they were filled with essence power!

Zhou Hao did not hesitate and walked out. He directly placed this essence power on the frog.

The other party seemed to have sensed something and absorbed it crazily. Its aura also became stronger and stronger. It was only a matter of time before it woke up.

“With three mental strength essence, it’ll wake up in a few days. Hehe, I didn’t expect you to be so reliable!”

The divine soil patted Zhou Hao’s shoulder and smiled.

Zhou Hao also smiled and did not say anything

Just as he was leaving, he bumped into Fatty Jin and the others on the way.

“Big Brother!”

Fatty Jin saw Zhou Hao and ran over enthusiastically. Zhou Hao was speechless.

“Big Brother, I didn’t expect you to be here. Quick, come with me. Moro City is extremely lively. That Ning family actually invited everyone to participate in the meeting for the sake of the opening of the mental world the day after tomorrow. Anyone with a chip can enter. What the Ning family wants to do this time is to form a group. After all, it will be a few days before everyone enters and it will take at least three days for everyone to wake

up!”

Chapter 557 - Angry Super Organization

Chapter 557 Angry Super Organization

After Zhou Hao heard this, he was stunned for a moment and was somewhat surprised.

“What does the Ning family mean by inviting everyone to hold a meeting?” “What else? It’s just to prepare for the mental world that will open in the future!”

Zhou Hao nodded.

“Big Brother, leaving aside the fact that you originally had a grudge with that Ning Yunfeng, you stole his woman from him. Putting all the old and new grudges together, of course he would want to find and kill you!”

“However, do you think he’s capable of that? How laughable. Back then, the four of them couldn’t even beat you alone. Now, he’s still severely injured and still dares to say such things. How disdainful. Big Brother, don’t worry. Their Ning family has a lot of people but our Jin family has a lot of people too. If they make things difficult for you, I’ll kill them!”

Fatty Jin did not like Ning Yunfeng at all. That brat was simply too cocky. Fatty Jin had long been unable to tolerate it, so he naturally did not want to keep him around!

Zhou Hao also knew a little about this matter. He smiled and did not say anything. “Are you going to the meeting too?” Zhou Hao asked.

“Of course. I still want to see what expression that Ning Yunfeng is going to make. Oh, right, this time, the Ning family invited everyone except for that one person from the Super Organization. Hehe, Big Brother, you should understand now, right?” Fatty Jin suddenly smiled and said.

When Zhou Hao heard this, he was surprised for a moment before smiling.

This Ning Yunfeng was really petty. Because of what happened, he actually did such a thing. He was really a despicable person.

“When the time comes, I want to go and see how shameless this Ning Yunfeng is!”

The two of them walked towards Moro City. Zhou Hao passed by a place and his expression changed. He looked over and frowned.

“This place...”

“Boss, what’s wrong?”

Fatty Jin hurriedly said.

When Zhou Hao saw this, he was somewhat shocked. This was the inner mountains. Back then, he had escaped here when he was killed by that wisp of mental strength.

However, at this moment, it seemed that this place was different!

“What is this place?”

Zhou Hao asked. Fatty Jin hurriedly took out the map and looked at the place covered in death aura.

“It’s a forbidden area. It’s the inner mountain of the Moro Race and also the Tenth Area of the Moro Race. However, for some reason, this place ended up like this. The Moro Race has an independent mountain in every area. Big Brother, please look at the nine mountains in the distance!”

After Fatty Jin finished speaking, Zhou Hao followed his gaze and was shocked. He saw nine very tall mountains that reached into the clouds, and his heart trembled.

“This Tenth Mountain was also once the Tenth Area, but it later became a forbidden area. I heard that no one who entered survived.”

Fatty Jin’s words surprised Zhou Hao because he clearly remembered that there was a mysterious man here!

“Boss, let’s go quickly. It’s almost time for the meeting. I’m afraid we won’t be able to make it in time. Perhaps you can even see Bai Renxue!”

At this point, Zhou Hao said helplessly, “There’s nothing between Miss Bai and me. Stop talking nonsense.”

Zhou Hao was very speechless. When Fatty Jin saw this, he was immediately excited and could not help but say in his heart.

“As expected of Big Brother. Even Bai Renxue is not even worthy of your attention. Looks like that woman must be chasing after my Big Brother!”

Zhou Hao naturally did not know what Fatty Jin was thinking. If he did, he would definitely be furious!

The two of them rushed over and quickly arrived at Moro City. Fatty Jin was the first to lead the way and entered Moro City with Zhou Hao.

However, in order to not cause trouble, Zhou Hao still disguised himself and covered his face before arriving at the Jin family’s residence. At the same time, in the Super Organization, after they heard what the Ning family did, they were all furious!

“Damn, who the hell do they think they are? They’re going against our Super Organization! How dare they not invite us? The Ning Family is really courting death!”

“That’s right. Let’s go to the Ning family now and kill that Ning Yunfeng!”

They were filled with righteous indignation and had long been furious and silent. Firstly, it was because of the matter with Bai Renxue. Secondly, it was also because the Ning family’s actions were really unbearable!

At this moment, Ouyang Tingxuan hurriedly stood up.

“Alright, let’s stop here. Stop talking!”

Ouyang Tingxuan stood up and blocked their path.

Seeing Ouyang Tingxuan, they immediately became extremely respectful. The big sister of the Super Organization was the disciple of the president, just like Bai Renxue.

The president had a total of two disciples, but Ouyang Tingxuan had always been by his side. Some people even guessed that Ouyang Tingxuan was the president’s daughter.

However, this matter had not been verified!

“Big Sister Ouyang, don’t you think the Ning family is going too far? What the hell do they mean? They dare to target our Super Organization. Do they think we’re pushovers?”

The people from the Super Organization were very powerful. The special abilities they cultivated were not inferior to ordinary cultivation. To a certain extent, they were even stronger than martial artists!

They specialized in a single ability and their special abilities had long been perfected. They were naturally powerful!

When Ouyang Tingxuan heard this, she sighed. “We don’t need to care why the Ning family did this. Moreover, Ning Yunfeng is severely injured and wants to spend a little to make these geniuses work for him. However, he underestimates everyone and thinks too highly of himself. The mental world is not something you can challenge with quantity. What you need is quality. Thus, those ordinary disciples won’t be able to contribute much. After all, true geniuses would listen to his orders in the first place.”

“We will only have one chance to enter the mental world. Who wouldn’t do their best for themselves? Why would they help him get his petty gains?”

Ouyang Tingxuan hit the nail on the head. There was nothing wrong with what she said. It was the truth. If the Ning family wanted to get everyone to help them, they were simply looking down on the heroes of the world!

After the Super Organization members heard this, they nodded.

However, they were still very worried about Bai Renxue and could not help but ask.

“Um... Big Sister Ouyang, is Big Sister Bai... alright?”

The reason why they asked this was because they were worried!

“There’s no need for you to worry about this. You all know very well what kind of person Ren Xue is. Our Super Organization is not afraid of others gossiping. It doesn’t matter what they say. Our Super Organization is righteous and upright. We’re not afraid of others saying anything. Therefore, you don’t have to care about what other people think.”

After Ouyang Tingxuan finished speaking, she no longer spoke and left.

All of them nodded. They naturally did not believe in rumors!

Chapter 558 - Pure Love

Chapter 558 Pure Love

Soon, Zhou Hao and Fatty Jin arrived in Moro City. After resting for a while, they went to participate in the meeting.

Zhou Hao disguised himself and followed Fatty Jin without saying a word. However, Fatty Jin could not help but turn around to look at Zhou Hao, making him feel very helpless.

They arrived at the central square of Moro City and saw many people.

Of course, Zhou Hao did not know most of the people. However, she still knew the people from the auction house, the Chaimet family, and the Itanli family. Seeing them, Zhou Hao did not say a word!

On the other hand, Su Xiaoyu and the others attracted the attention of many people at this moment. As the four chief auctioneers of the auction house, they had noble statuses. Not only that, but they also had beautiful faces. Their appearance naturally attracted the attention of many people.

Zhou Hao looked at Su Xiaofei. This woman was still pretending to be cute as she followed behind the three sisters. In fact, Zhou Hao knew very well how powerful she was.

Zhou Hao did not think much of it and followed Fatty Jin in.

Just as he entered, he heard many people whispering. "This Ning Yunfeng is too freaking shameless, right? He still wants to use the Ning family's name to hold this meeting. He's simply shameless. Does he really think that we'll work for him?"

"That's right. Ning Yunfeng is extraordinary, but we're not bad either. We're all geniuses from the various factions. What does he want us to do? How laughable!"

"Hehe, did you all hear what happened to Ning Yunfeng and Bai Renxue a few days ago? If this Ning Yunfeng jumped out at this moment, could it be that he's not afraid of being seen as a cuckold? How dare he show off at this critical moment?"

As they spoke, their expressions were indignant. Zhou Hao, who was following behind, also felt helpless and a little embarrassed when he heard this.

When Fatty Jin heard this, he was extremely excited. He was thinking of how to bring this up!

"Tell me, how did that Zhou Hao get Bai Renxue?"

"I think it's despicable!"

"No way. That Zhou Hao is so powerful. He probably wouldn't do such a thing, right?!"

"That's hard to say. This Zhou Hao is only good at fighting, but I heard that he doesn't have such a background. He's just a student of the Battle God Battalion. Compared to the others, his status is much lower. I don't think Bai Renxue would like him. He must have used some method to force Bai Renxue to accept him!"

Hearing this, Zhou Hao naturally did not care. These were all people who listened to the rumors. Zhou Hao ignored them and treated them as farts.

However, after Fatty Jin heard this, he was displeased and immediately said.

"Damn, what the hell are you guys talking about?!"

As soon as Fatty Jin spoke, everyone was stunned.

Fatty Jin was very angry. It was fine if the other party said something else, but how could he tolerate someone insulting his brother?!

Therefore, he stood up and couldn't help but say.

"Uh... Brother Jin, do you know what's going on?"

They were stunned for a moment. They were filled with reverence for Fatty Jin. This person was similar to Ning Yunfeng and was from an ancient martial family. Their statuses were noble and not something ordinary people could compare to!

Therefore, when they heard Fatty Jin say this, no one dared to be angry.

"Do I know what's going on? Of course I know!"

As Fatty Jin spoke, he looked at everyone and said.

"I'm one of the few people who have seen this. Back then, when Brother Zhou Hao and Bai Renxue walked out of the space, I saw them. They were a perfect match. Zhou Hao was 1.9 meters tall and was handsome and carefree. I won't say much about Bai Renxue. After all, she is definitely a beauty that could cause the downfall of a country. When the two of them stood together, they were simply a perfect match!"

"At that time, the two of them were intimate. Bai Renxue was even wearing Brother Zhou Hao's white shirt. Think about it, do you think Bai Renxue would wear your shirt? Also, have you heard of Bai Renxue wearing Ning Yunfeng's shirt?"

"I don't think so. As for why Bai Renxue would wear Brother Zhou Hao's shirt, you can ask your female friends. Ask them when and why they would be wearing men's clothes and you'll know the answer!"

There was actually no need to ask about this at all. If they were not close relatives, something like this was simply not possible. After all, the two would need to have an intimate and extraordinary relationship.

Therefore, this alone was enough to explain everything

Hearing this, many people frowned. Some of them believed it, but many still did not.

At this moment, Fatty Jin continued.

“Let me tell you guys. Actually, when I saw this scene back then, I was very, very angry. Everyone knows that Ning Yunfeng and I are good friends and good brothers. We’re both ancient martial families and are even on the same side. Seeing his woman being so intimate with another man, how could I not be furious?!”

“At that time, I was furious and wanted to argue with him and expose the two of them. However, when I took that step, I stopped. Do you know why I stopped?”

Fatty Jin could be said to be very excited. When he said this, he was even more excited. After saying every word, he could not help but interact with everyone.

They were also somewhat amused. They did not know if what the other party was saying was true. Just the fact that Fatty Jin and Ning Yunfeng were good friends was pure nonsense!

All of them knew that Fatty Jin and Ning Yunfeng were like fire and water. Fatty Jin had even threatened many times to teach Ning Yunfeng a lesson.

However, he was unable to defeat Ning Yunfeng and could only rely on badmouthing the other party!

But at this moment, he kept saying that he was good friends with Ning Yunfeng. Who could believe this?

However, in order to give the other party face, they still could not help but ask.

“Brother Jin, why?”

Fatty Jin coughed dryly and was very smug. He immediately waved his hand with an extremely rich expression.

“Because... I saw the most precious love in this world!”

When he said this, everyone was stunned for a moment. No one expected Fatty Jin to say such a thing

“To be honest, I was really touched. These two must be true lovers. Their love is the most pure form of love. In front of such love, everything is so ugly. Do you know why true love is priceless and what true love looks like? At that moment, I finally knew!”

“It’s the power of love that stopped me and made me ashamed of my inferiority. I couldn’t go forward at all, let alone confront them. Their power of love is too great!”

Fatty Jin’s words were unbelievable. Everyone was dumbfounded. They looked at this scene and stared at each other with confused expressions. They were shocked by Fatty Jin’s words.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 559 - Attack

Chapter 559 Attack

Everyone was confused by Fatty Jin's words, but it made sense!

"There's something else that everyone should know. Actually, Bai Renxue doesn't like Ning Yunfeng at all. Everyone knows about this. It was the Ning family that initially proposed the marriage. In fact, the Bai family had received the favor of the Ning family in the past. Miss Bai is a person who knows how to repay kindness. In addition, Ning Yunfeng was shameless and insisted on coaxing her. That was why Miss Bai agreed!"

"However, actually, Miss Bai doesn't care about this Ning Yunfeng at all. You guys weren't there, so you wouldn't know that Miss Bai was looking at Zhou Hao affectionately. That scene was simply like a scene from a romance novel. Her attitude made her seem like a little woman that had fallen into a river of love. To be honest, I was touched!"

"In such a situation, how could I separate them? Don't they say that it was better to ten temples than to ruin a marriage? This has been common since ancient times. All of you should know this!"

At this point, Fatty Jin cleared his throat and sighed.

"Sigh, actually, I pity Ning Yunfeng very much. I can't bear to see him suffer either. However, even if I can't bear to, shouldn't such love in this world be worthy of our protection? Moreover, Bai Renxue is a blessed daughter of the heavens. Can someone she likes be unworthy? Didn't you see Zhou Hao? He's simply too perfect. Be it his aura or cultivation, he's much stronger than Ning Yunfeng. Only such a person is worthy of Miss Bai."

"Therefore, I don't think there's anything wrong with it at all. On the other hand, if it were me, I would simply let it go. How should I put it? This is simply the responsibility of a man. As a man, you should respect your lover and let her be with who she wants to be. I don't think Ning Yunfeng should be pursuing Zhou Hao for this matter at all. What do you think? From what I can tell, this is simply not the temper of a martial artist. It's the temper of a child!"

Fatty Jin's mouth was simply a weapon. He quickly and logically made this matter so reasonable that everyone listening to him was confused!

“Also, didn’t you guys say that there’s no need for Ning Yunfeng to keep Bai Renxue by his side? Although it’s very uncomfortable for him to be made a cuckold, I think he should thank the person who released this news. In this way, he can also be considered to have been injured earlier. If he waited until after having a marriage and a kid with Bai Renxue, wouldn’t the news be even more shocking and painful? Therefore, I think he should thank the person who leaked the news. At the very least, if it were me, I would thank that person and Zhou Hao even more!”

Fatty Jin’s words were simply shocking. To put it bluntly, wasn’t the other party cheated on?

It was also considered normal for Ning Yunfeng to have such a reaction. However, Fatty Jin had directly belittled him, making them really unable to believe Fatty Jin’s words.

After instilling this twisted logic into their minds, he said.

“Everyone, after hearing what I said today, you should understand, right? You guys weren’t able to witness the power of their love. On the other hand, I had seen what true love is like. If I were Ning Yunfeng, I would definitely be touched, let alone break them up!”

Fatty Jin was very excited. At this moment, a furious roar sounded!

“Fatty Jin, shut up!”

The person who arrived was none other than the official Ning Yunfeng. When he heard Fatty Jin’s words, his face could be said to be red from anger. Without saying a word, he directly used his cultivation to bombard Fatty Jin.

Fatty Jin snorted. Although he could not stop talking, he did not hold back at all. Without saying a word, he waved his hand.

Although Ning Yunfeng’s combat strength was extraordinary, after being severely injured by Zhou Hao, his combat strength had decreased by a lot, so he was naturally unable to defeat Fatty Jin.

Tas

After the two of them separated, the Ning family disciples and the Jin family disciples immediately came up. The two families formed a stalemate.

“Hmph, Ning Yunfeng, are you crazy? Are you out of your mind? You actually attacked me. Did you forget that we’re good friends?!”

Fatty Jin immediately said shamelessly.

“Fatty Jin, shut your dog mouth. Otherwise, don’t blame me for being impolite!”

Ning Yunfeng was about to vomit blood. When he heard Fatty Jin’s words, he was furious. He knew how sarcastic this brat was!

“Damn, you’re really crazy. I already said that Miss Bai and Zhou Hao are true lovers, but you still have the heart to break them up. Also, you can’t beat Zhou Hao, so why are you acting tough? Zhou Hao appeared today, so do you dare to attack him? You trash! I bet you know that I’m not willing to lower myself to your level... That’s why you dare to take advantage of me!”

Fatty Jin was not afraid. Now that Ning Yunfeng was severely injured and could not defeat him, he was naturally not worried. Moreover, his big brother was right next to him. Even if they fought, once his big brother attacked, the Ning family would be finished! “Fatty Jin, stop talking! Do you really think I won’t kill you?”

Ning Yunfeng’s face turned red from anger. He looked like he was about to vomit blood.

Originally, Fatty Jin wanted to say something, but Zhou Hao coughed dryly and stopped him.

Zhou Hao felt that it was better not to make a big deal out of this matter, nor did he want to cause trouble and be discovered.

After Fatty Jin heard his boss’s words, his body moved and he retreated.

On the other hand, Ning Yunfeng looked at Zhou Hao. For some reason, he felt that this person was a little familiar.

However, he could not tell what was familiar, but he still felt disgust towards this person!

Of course, he hated anyone who was with Fatty Jin, so he did not try to find out who this person was!

Fatty Jin sat down and looked at his brother as he whispered.

“Big Brother, why didn’t you teach this trash a lesson just now? If you did, the Ning family wouldn’t dare to be arrogant at all!”

“You’ve already caused a lot of trouble. Stop talking.”

Zhou Hao sighed helplessly. This Fatty Jin was really good at talking.

Zhou Hao was originally very angry. However, after thinking about it, he realized that Ning Yunfeng originally did not have a good impression of him anyway. However, this matter had affected Bai Renxue.

However, in fact, the two of them really did not do anything. No matter what, Zhou Hao did not care. He did not care about such things anyway. "Big Brother is just too soft-hearted. Seeing Ning Yunfeng like this, you don't have the heart to bully him. Big Brother, although you've stolen his woman, I don't think it's wrong. The two of them aren't married yet. It's totally fine. In this day and age, there are still plenty of people who get married and get divorced. Therefore, Big Brother, don't feel guilty. I think highly of you and Miss Bai."

Fatty Jin even consoled Zhou Hao.

Chapter 560 - The Frog Awakens

Chapter 560 The Frog Awakens

When Zhou Hao heard this, he was very helpless and sighed. What was going on? There was nothing between him and Bai Renxue!

As for Ning Yunfeng, after seeing Fatty Jin return, he also stood angrily to the side. Behind him were the Ning family disciples, their expressions unkind as they looked over from time to time.

Of course, Ning Yunfeng still had some aura. As a genius, he had a halo around him. Be it his aura, cultivation, or appearance, they were all extraordinary.

However, his face was sometimes red and sometimes pale. Clearly, he was not feeling good.

At this moment, Fatty Jin suddenly leaned closer to Zhou Hao and said, "Big Brother, should we think of a way to kill this Ning Yunfeng after entering that mental world? I've disliked this brat for a long time. Should we find a few opportunities to kill him?"

After hearing the other party say this, Zhou Hao frowned. This guy was really bold and daring to say anything!

In fact, when the other party said this, his eyes lit up. He was already impatient to kill Ning Yunfeng!

Zhou Hao frowned and could not help but say.

“What are you thinking? Is this guy so easy to kill? Since the Ning family dares to let him wander around, they must have given him some life-saving methods. Don’t you know the life-saving methods of your ancient martial families? It’s probably very, very difficult to kill him!”

As Zhou Hao spoke, Fatty Jin nodded. That was indeed the case. Their ancient martial families had many life-saving methods. Moreover, the other party was the most favored geniuses in their families. Naturally, he had many unknown methods!

“Sigh, that’s true, but I just want to kill him. I really don’t like this brat!”

Zhou Hao sighed. This Fatty Jin was really a guy who wanted the world to be in chaos!

Not long after, everyone arrived. Ning Yunfeng took a deep breath and looked at everyone.

“Everyone, the mental world will be opened tomorrow. This time, my Ning family has gathered all the geniuses to discuss exploring the mystery of the mental world together. I know that many people have come for the spirit gem of the Moro Race and the inheritance of the Moro Race. Therefore, I think it’s necessary to hold today’s meeting.”

As Ning Yunfeng spoke, the people below closed their mouths. Not many people here could compare to Ning Yunfeng’s status. Fatty Jin was one of them, so he naturally had a disdainful expression.

In fact, looking at Ning Yunfeng’s appearance, he even curled his lips with disdain. Fatty Jin’s expression seemed to say, “If you have the ability, why don’t you mess with me?”

Ning Yunfeng was very angry and could only pretend that he did not see Fatty Jin as he kept talking

Just as Ning Yunfeng finished speaking, many people could not help but say, “Brother Ning is right. We indeed have to discuss this matter. I think that after we enter, we shouldn’t waste time. Instead, we should conserve our time for the various mysteries and opportunities in the mental world!”

Many people chimed in. Needless to say, they were all on Ning Yunfeng’s side!

“Hmph, those few people are really spineless. They usually curry favor with the Ning family, but they’re still like this now. I really don’t know why such trash is here!”

Fatty Jin could not help but complain to Zhou Hao in a low voice.

Zhou Hao smiled and continued to listen.

Ning Yunfeng smiled and looked at everyone before continuing

“That’s what I mean too. After all, we’re from outside. Everything here is very unfamiliar to us. Therefore, if we want to find our own fortune in this world, we have to be united. Therefore, I suggest that we set three rules. Everyone, try your best not to fight among ourselves, lest our internal strife activates some inexplicable taboo and attracts a fatal disaster!”

Ning Yunfeng’s words were naturally reasonable. They were not stupid and understood the seriousness of this matter!

However, many people did not care at all. The reason why the Ning family did this was because they wanted to smoothly obtain their good fortune. They had many people who could enter the mental world, so as long as no one caused trouble, they would definitely be able to obtain the good stuff as soon as possible!

Moreover, these people would not gain any benefits from opposing Ning Yunfeng. Therefore, after thinking about it, many people also agreed! This meeting was very short. After it ended, Zhou Hao and Fatty Jin returned to the Jin family’s residence!

Just as he returned to his foothold, Zhou Hao felt a fluctuation in his backpack. Then, he saw the frog jump out.

“Not bad, not bad. Kid, you actually passed that mental strength test for me. You surprised me!”

The frog was in high spirits and was even more dazzling than last time. Obviously, it had benefited greatly after absorbing all the mental strength essence.

“What? Did you recover?” Zhou Hao looked at him and could not help but smile.

“Yes, I’ve recovered. Moreover, that essence is very good. I’m in a better state than before!”

The frog chuckled. He could tell it was happy.

Zhou Hao also smiled. “It’s good that you woke up. The mental world will be opening tomorrow. I don’t know anything about that place.”

“I don’t even know where to find that spirit gem or other good fortune. Tell me so that I won’t be like a headless fly.”

Zhou Hao said.

The frog patted its chest and immediately said, “I won’t refuse such a small matter!”

“Be it this gem or some other good fortune, they’re all in the mental tower. By the way, doesn’t your modern civilization have a Heaven Tower? The Moro Race also has one of those things. All the treasures are inside.”

Zhou Hao was stunned for a moment. “Hmm? You actually know about the Heaven Tower of our modern civilization?”

“Nonsense, of course I would know. After all, I followed Huang. Many things were left behind by him.”

Zhou Hao was surprised.

“However, if you enter that mental world, you will have to rely on yourself. After all, I won’t be able to enter either. I can only say that the higher your status is, the better your chances of entering the Heaven Tower and finding good fortune will be. That gem is in the ninth level of the tower. Whether you can obtain it or not depends on your good fortune!”

The frog said solemnly.

“We already obtained the chip. What do you mean by a higher status?”

Zhou Hao could not help but ask.

“The chip is only the key to connecting to the mental world, but you still have to find the host. To put it bluntly, you will be entering someone else’s mental world, so you naturally have to use someone else’s identity. The higher your identity, the closer you can get to the Heaven Tower. If you can find the identity of the Moro Race’s patriarch, not to mention the spirit gem, everything in there will be yours!”

Chapter 561 - Love Seed

Chapter 561 Love Seed

After Zhou Hao heard this, he was surprised for a moment and still did not understand.

“But where should I find that high-status person?”

The frog smiled. At this moment, it revealed a mysterious expression. "Don't worry about this matter. I'll help you when the time comes. Alright, I've been sleeping for the past few days and I've been bored to death. I want to go out and play!"

As he spoke, the frog left with the divine soil. Zhou Hao sighed and wondered why these two guys were so unreliable!

Soon, the next day arrived. Zhou Hao was sitting in the room when he felt a strange mental strength erupt!

Fatty Jin hurriedly ran over and shouted.

"Big Brother, the mental world has opened. Look at the sky!"

Zhou Hao was stunned for a moment and hurriedly ran out. He looked up at the sky and his expression immediately changed!

At some point in time, another world had appeared in the sky!

This world was identical to this world, except that it was much more agile. In fact, one could even see many figures moving. The entire world seemed to have come to life!

Zhou Hao was shocked. He did not dare to believe it!

At this moment, the chip in his hand also emitted fluctuations and was like a guiding force. In the air, beams of light also condensed. Only people with the chips could approach these beams!

Zhou Hao was very shocked when the city in the sky condensed. He had never seen such a magnificent scene!

Not long after, the huge sky had already turned into the world under his feet!

At this moment, Zhou Hao suddenly turned around and saw two lights flash past and arrive on his shoulder, turning into the frog and the divine soil.

"Damn, I haven't felt so excited in a long time. How is it? Does it feel good?"

The frog looked at the divine soil and could not help but ask. "Good... good my ass. You actually made me do such a disgusting thing with you. I... I'm too disappointed in you!"

"Bullsh*t, weren't you so excited just now? If you weren't, why did you look around so much? Why were you using your hands? Don't think I don't know how many women's laces you secretly stole!"

The frog immediately said bluntly.

"I wasn't stealing it. I took it by mistake!"

"By mistake? Accidentally? How is it possible for it to be a mistake when you took so many black laces? Bullsh*t, you're the most wretched. How dare you judge me!"

The frog said mercilessly.

Zhou Hao frowned and could not help but watch the two of them argue on his left and right shoulders. However, he could not be bothered. What they had done was most likely not a good thing!

However, at this moment, countless magnificent auras directly arrived. Without exception, all the people who came were women!

Moreover, they were all beautiful women. There were more than twenty of them!

They were furious and immediately spoke when they saw the two guys on Zhou Hao's shoulder.

"Hmph, so it's you, a despicable guy. You actually asked your spirit pet to do such a thing!"

"What a despicable person. You actually did such a despicable thing. Today, we'll teach you a lesson!"

With so many female martial artists coming, Zhou Hao was confused on the spot. He was confused and did not know what was going on!

At this moment, he turned around and looked at the two of them. He immediately said, "What happened? How did the two of you provoke them?!"

The frog and the divine soil looked at each other and the former blinked.

"Aiyo, aiyo, I... I'm injured again. No, I need to rest!"

As it spoke, the frog immediately entered Zhou Hao's backpack. As for the divine soil, it also blinked.

"He's injured. I'll take care of him. Zhou Hao, good luck!"

As it spoke, the divine soil also entered the backpack.

Zhou Hao's scalp turned numb. Seeing these women chase after him, he immediately took the chip and flew into the air without saying a word.

"Trying to escape?".

“You pervert, you actually did such a thing. How detestable. Today, we’ll kill you to vent our anger!”

As soon as Zhou Hao ran, the women chased after him. Their bodies were behind him as they attacked him.

Zhou Hao hurriedly dodged and said, “Beautiful women, what... what’s wrong with you? I don’t know those two. You should settle your grudges with them!”

Zhou Hao did not want to be blamed for this!

However, what he said was useless. They saw the two spirit pets enter Zhou Hao’s backpack!

“Hmph, whatever you say is useless. If they were not your spirit pets, why would they enter your backpack?!” “That’s right. You want to lie to us? How laughable. Quickly surrender. Otherwise, we won’t be polite to you!”

Seeing them like this, Zhou Hao knew that things were not that simple.

“Surrender? You won’t be polite even if I surrender!”

Zhou Hao shivered and sped up. He did not neglect them at all!

This scene was immediately seen by many people in Moro City. They could all sense the fluctuations of the chip and also see the abnormality in the sky.

At this moment, Zhou Hao was floating in the air, so he naturally attracted their attention!

Su Xiaoyu saw Zhou Hao at first glance and frowned. When she saw the women behind her, her expression turned even uglier.

On the other hand, Su Xiaofei could not help but smile. “This Zhou Hao is really a romantic. He sure has a lot of flings. Looks like the rumors between him and Bai Renxue might be true!”

Bai Renxue also saw Zhou Hao in the air and snorted coldly. She turned around and returned to her room. Ouyang Tingxuan also smiled and did not care.

Sun Yue also saw it and covered her mouth to laugh. Feng Baichuan’s expression was even uglier.

Last time, he was the only one who did not get taught a lesson by Zhou Hao. He was a little angry and felt that Zhou Hao looked down on him!

At this moment, Ning Yunfeng also saw Zhou Hao, and his expression was even uglier!

He had been looking for Zhou Hao for a long time. At this moment, he directly flew out and joined the group of women, shouting.

“Zhou Hao, I’ve finally found you. Let’s settle all the old grudges today!”

As soon as he finished speaking, everyone could not help but look up. When they saw Zhou Hao, they were immediately shocked!

“This person... this person is actually Zhou Hao?”

“It can’t be wrong. Didn’t you see Ning Yunfeng verify it himself?”

“That’s right. This person is Zhou Hao. He’s really elegant. How did he provoke so many women? Looks like the matter between him and Bai Renxue is not baseless!”

They were all shocked, but even more men revealed envious expressions!

“Sigh, this is what a man should be like. He has so many flings. How enviable!”

“That’s right. He isn’t satisfied even though he already has Bai Renxue. This man actually provoked so many women. I can tell that he’s a romantic!”

Zhou Hao was very depressed at this moment. He directly entered a pillar of light and entered the sky. The women behind him did not have any chips, so he shook them off.

“Sigh... I’ve finally gotten rid of them...”

Zhou Hao wiped his cold sweat and said.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 562 - Team

Chapter 562 Team

Zhou Hao walked in and heaved a sigh of relief. Most of these women did not have chips, so they were naturally unable to enter!

However, Ning Yunfeng had a chip. He directly walked in and immediately roared as he attacked Zhou Hao!

“Zhou Hao, I’ll definitely kill you today!”

Zhou Hao frowned and looked at Ning Yunfeng’s attack with a very displeased expression. His blood essence roared and he punched out.

This punch directly caused a bang in the air. Ning Yunfeng’s expression was ugly. It was not easy for him to resist. His body moved, and he gave up on attacking and directly dodged.

At the same time, other figures also entered the mental world barrier. The first to bear the brunt was Fatty Jin!

“Damn, Ning Yunfeng, are you courting death? Isn’t she just a woman? If you dare to attack my brother, do you believe that I will kill you?!”

Fatty Jin looked valiant, but he was meticulous. When he saw that Ning Yunfeng was up to no good, he wanted to find an opportunity to deal with this brat. He wanted to take advantage of Ning Yunfeng and take his life!

Fortunately, the Ning family members were not to be trifled with. They flew over and blocked in front of Ning Yunfeng, stopping Fatty Jin.

“Fatty Jin, I’ll say it again. This has nothing to do with you. Get lost quickly!”

Ning Yunfeng roared repeatedly. He was already unable to tolerate it!

“Damn, who the hell do you think you are? If you want me to get lost, why don’t you open your eyes and look in the mirror first? Let me tell you, my brother and Bai Renxue are in love. If you want to interfere in the relationship between my brother and Miss Bai, I won’t sit still!”

Ning Yunfeng, although the two of you are engaged, you’re not married either. Miss Bai has the chance to choose someone else. Also, I’m telling you now that my brother wants your woman. If you dare to attack me today, I’ll kill you!”

Fatty Jin was very arrogant. In any case, Ning Yunfeng’s current combat strength was not good and he was covered in injuries. If he did not act arrogantly now, when else would he have the chance to?

At this moment, Ouyang Tingxuan walked over and said indifferently.

“Gentlemen, this matter has nothing to do with our Super Organization. Please don’t drag us into your mess.”

Although Ouyang Tingxuan's words were very light, no one dared to ignore it. The other party was a true genius of the Super Organization, and her status was even higher than Ning Yunfeng's!

Fatty Jin also knew that his words had indeed offended the Super Organization a little. Therefore, he coughed dryly and could not help but smile.

"Big Sister Ouyang, I know, I know. I won't lower myself to Ning Yunfeng's level. Moreover, you also know that my Jin family admires the Super Organization very much. Moreover, given the relationship between my brother and Miss Bai... cough cough, we're basically family!"

Fatty Jin was already certain that Bai Xueren was Zhou Hao's woman!

Zhou Hao was very helpless and could not help but say, "Miss Ouyang, don't listen to his nonsense. Miss Bai is..."

"Thank you for your concern. My sister is very good. Better than ever."

Ouyang Tingxuan smiled. Her face was covered by a veil, so no one could see her face.

However, after hearing Ouyang Tingxuan's words, Zhou Hao swept his gaze over and did not see Bai Renxue. He sighed in his heart. She did not even come here. How could the other party still say that she was fine? At the same time, the four auctioneer sisters of the Su family also arrived. Although Su Xiaoyu's expression was somewhat unnatural, she still followed behind her big sister.

"Zhou Hao, we've met. I haven't thanked you in person for what happened last time."

Su Xiaobing immediately said, making Ning Yunfeng's expression change on the spot.

Not only that, but Sun Yue also arrived with Feng Baichuan and the others behind her.

"Hai, I've been looking for you for a long time and couldn't find you. Back then, I couldn't tell that you were so carefree. I apologize for what happened to Feng Baichuan last time. I also thank you for not touching him on account of my father."

After Sun Yue finished speaking, Ning Yunfeng's expression changed again!

The Sun family was a large family of the Battle God Battalion. His father was a peak twelfth-grade Heaven Realm expert!

With their father's close relationship with the two Battle Gods, no one would dare to go against the Sun family. At this moment, Sun Yue was clearly trying to protect Zhou Hao!

Ning Yunfeng's expression was very ugly. He looked at Zhou Hao and knew that he could not attack him today no matter what. There were many people around him, but there were even more people around Zhou Hao!

Other than the Jin family, there was also the auction house and the Sun family. These three families were not weak.

Moreover, there were also the old men from the Battle God Battalion!

"Zhou Hao, one day, I'll kill you myself!"

Ning Yunfeng said fiercely!

When Fatty Jin heard this, he immediately smiled.

"Come, come, come. Kill my boss right now. Don't worry, we won't attack. Let's see how you plan on fighting my big brother."

"The four of you couldn't even defeat my big brother. Now that you're severely injured, you still dare to say that you're going to kill my big brother. You're simply courting death. Ning Yunfeng, when did you become so hypocritical?!"

Fatty Jin did not care and immediately mocked.

"Fatty Jin... you... you..."

Ning Yunfeng was furious and almost vomited blood. He wondered why he hadn't realized sooner that this Fatty Jin's mouth was actually so disgusting!

"What? Are you not convinced? Take a good look in the mirror. Now, be good and go find your good fortune. Don't provoke us. Otherwise, Ning Yunfeng, we won't be polite to you!"

Fatty Jin sneered and was furious. The disdain in his voice was obvious.

Ning Yunfeng was very angry, but what was the use? He really could not do anything now!

At the very least, he was unable to resist so many people. Even Zhou Hao alone was too much for him to handle.

Therefore, Ning Yunfeng immediately turned around and left. However, he swore that he would kill Zhou Hao the moment he had the chance!

Zhou Hao looked at the surrounding people and smiled. He cupped his hands at Su Xiaobing and Sun Yue. "Thank you!"

The reason why they stood up and spoke like this was to warn the Ning family. Zhou Hao naturally saw this kindness!

“What’s there to thank? I haven’t thanked you properly for the last time. If not for us, you wouldn’t have provoked the Ning family and the Itanli family.”

Although Su Xiaobing was not happy with men at all, she still respected Zhou Hao a little!

After all, Zhou Hao’s strength was like the ceiling. They did not dare to not respect him!

The people from the auction house left directly. Before leaving, Su Xiaoyu looked deeply at Zhou Hao with a hint of bitterness in her eyes. Zhou Hao did not know if he had seen wrongly, but that gaze made Zhou Hao shudder.

“Zhou Hao, you’re indeed powerful. No wonder my father gave you a chance to protect me. With such a cultivation, you’re already an invincible existence in the Moro Race. If there’s trouble here, I can also mention your name.”

Sun Yue teased Zhou Hao as Feng Baichuan followed behind with an ugly expression.

Chapter 563 - 3 Opening the Mountain

Chapter 563 Opening the Mountain

When Zhou Hao heard this, he immediately smiled. He naturally knew that Sun Yue was joking and did not care.

After saying this, Sun Yue looked at Feng Baichuan and could not help but say, “What are you waiting for? Hurry up and apologize! Hmph, I haven’t even reprimanded you for hanging out with Ning Yunfeng. When we get back, I’ll tell Father!”

When Feng Baichuan heard this, his expression immediately darkened. He hurriedly said, “Brother Zhou, I’m sorry. I didn’t know about your relationship to Sun Yue, so… don’t take it to heart. Thank you for showing mercy that day.”

Zhou Hao waved his hand indifferently.

Moreover, Feng Baichuan did not cause any losses to him. As they were talking, the Itanli family arrived. Blue looked at Zhou Hao with an ugly expression and was even a

little worried. After all, no one else knew that he had tricked Zhou Hao. However, Zhou Hao knew! This guy would definitely not let him off after he had sent him to danger.

“Leave immediately after the mental world ends. Don’t fight Zhou Hao. This person... is too powerful! We’ll plan after we return!”

Blue thought so, and so did Zhou Hao. At this moment, he looked at Blue and snorted coldly in his heart.

“This person... has to be dealt with as soon as possible. I can’t let him live. Last time, I was soft-hearted and let him off. Because of that, he almost killed me. If I still let him off, I might not be so lucky next time!”

Zhou Hao really wanted to kill the other party!

He could not let Blue live!

“After the mental world opens, we have to find the spirit bodies within two hours. According to the records, our Sun family only has a total of four carriers. Therefore... Sorry, Zhou Hao, you still have to find the carrier yourself!”

With that said, Sun Yue left with Feng Baichuan.

Zhou Hao saw that they were trying their best to find the spirit body, so he also went to find one.

Many soul fluctuations appeared in this mental world. As long as one fused with them, they could enter.

At this moment, the frog and the divine soil crawled out and stood on Zhou Hao’s shoulder.

“Our spirit body has to be powerful and has a noble status. Otherwise, it’s basically impossible to obtain that spirit gem!”

The frog said.

Zhou Hao was very helpless. Where could he find such a spirit body with such status? There were so many people competing for ordinary spirit bodies. Wouldn’t it be even harder to find a high-status spirit body.

Zhou Hao also saw many spirit bodies, but the frog and the divine soil did not agree. Zhou Hao watched as time ticked by and became even more anxious.

“If we delay any longer, we won’t be able to enter!”

Zhou Hao could not help but say.

The little frog frowned and suddenly said, "By the way, when we were being chased, did you go to the inner mountains and meet the man living in the mountains?"

Zhou Hao was stunned for a moment before nodding. "Yeah, I saw him. He was the one who saved me. What's wrong?"

When the little frog heard this, its expression changed for a moment and it hurriedly said, "Did he ask you to leave that place and never enter again? Did he have an extraordinary aura? Did he also have a worried expression on his face?"

Zhou Hao nodded. That person was indeed like this. He was very handsome, but he always frowned with sadness in his eyes!

"That's great. Since you met him, let's go and find him!"

"The two of you are fated. He will help you, he will definitely help you!"

As he spoke, the frog immediately urged, "Let's go to the inner mountains, which is the Tenth Area!"

Zhou Hao blinked, but he still listened to the frog and hurriedly left. After seeing the inner mountains, he frowned.

This place was enveloped by countless lightning and could not be entered at all.

"Does he not want to let me in?" Zhou Hao said indifferently.

"Hmph, even if he doesn't want you to enter, you still have to!"

The frog was very anxious. Then, it jumped up and immediately roared at the mountain!

"The two of you are fated. Since he can see you and you saved him, the meaning is clear. It also means that he's the only one who can help you fulfill your wish. For you to survive for so many years, it means that you still have lingering thoughts in your heart. By opening this place and letting us in, you will also be able to fulfill your wish!"

The frog roared repeatedly, making Zhou Hao very puzzled, not knowing what it meant.

However, this lightning did not show any signs of weakening. It was still so powerful! "Hmph, you won't even listen to me? I already said that only he can fulfill the desire in your heart. Do you not dare to face the past or do you not dare to remember?"

"In the mental world, everything returns to its essence. The scenes from the past also replay themselves. Don't you want to see the person you hurt back then?!"

As soon as it finished speaking, its voice became very anxious, but the mountain remained unmoved!

Zhou Hao sighed and could not help but say, "Since we can't enter, let's forget it..."

Zhou Hao was not a person who forced things. Some things were better left to nature!

However, the frog was very displeased when it heard this!

"You coward, you don't even dare to face the past? Where's your courage from back then? Where's your ability? What's the use of hiding here now?!"

This voice was very loud and carried the displeasure and anger of the frog.

Zhou Hao shook his head and turned to leave.

However, at this moment, the lightning that filled the sky suddenly disappeared. A beam of light suddenly opened in the inner mountains. A man in white armor stood there and looked at Zhou Hao, the frog, and the divine soil with a complicated expression. He sighed.

"It opened!"

The frog immediately became excited.

The man in the white armor waved his hand, and a transparent spirit body appeared from between his eyebrows and landed in front of Zhou Hao.

He did not say anything and turned to leave. He landed on a mountain peak and sat cross-legged. He looked at all of this with empty eyes and fell into reminiscence.

"What are you waiting for? Quick, fuse with this spirit body so that you can enter that world. If you don't fuse with it, you'll be chased out!"

Zhou Hao took a deep breath and held the chip. Then, he fused the spirit body with his mental strength. In an instant, Zhou Hao felt a very strange power.

He sat cross-legged and slowly closed his eyes.

Boom!

A grand mental fluctuation instantly soared, and the entire world changed. Be it the people inside or outside the mental world, they could all sense a powerful mental strength appear. Then, a spatial barrier was formed in the sky. No one from the outside could pass through the barrier!

Everyone closed their eyes, and their souls were connected to that world!

Zhou Hao was the same. At this moment, he felt his body gradually lighten. Immediately, a powerful light shone on the top of Zhou Hao's head.

This light was very powerful and covered everything. Its power was very strong, making everyone present unable to avoid falling asleep.

Only Zhou Hao remained calm!

In the next second, he slowly opened his eyes!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 564 - Wen Jiutian

Chapter 564 Wen Jiutian

Everything in front of him had changed. He was no longer in the same world!

However, everything still looked the same. It was just that there was more life!

Zhou Hao opened his eyes and was completely stunned when he saw the scene in front of him!

The sky was still blue and there were many strange buildings. There were many battleships in the sky and many robots on the ground.

What especially shocked Zhou Hao was that there were ten pieces of armor floating in the sky. The pressure emitted by these ten armor made people feel fear. The powerful fluctuations seemed to be able to shatter mountains and rivers with a single punch!

At this moment, a faint voice floated over.

“Mental strength is very strange. All of us have mental strength. Ordinary people know that people with powerful mental strength are mentally strong. As for us martial artists, especially us Moro Race martial artists, we cultivate mental strength and enslave all things. This is our strength. However, do you know where this mental strength comes from?”

“It comes from... the soul!”

“Perhaps you think it’s ridiculous for me to say this. Since ancient times, legends have been spread everywhere, but no one was able to witness it directly. However... our Moro Race’s research shows that there are indeed souls in this world. Everyone has a soul, and this soul is the source of our mental strength!”

In the distance, an old man in a teacher’s uniform was lecturing. His words made everyone around listen carefully.

Zhou Hao was stunned for a moment. Before he could recover, a furious voice sounded from a machine in front of him.

“Little brat, hurry up and listen to the class obediently. Otherwise, I’ll kill you!”

This voice seemed to be very terrifying. Zhou Hao clearly did not sense anything, but his body actually instinctively trembled!

Immediately after, his spirit completely integrated into this world, and rich information was transmitted. Zhou Hao was stunned for a moment, and many memories appeared in his mind!

And this memory was not his, but the host’s!

“The son of Tenth Area Master Wen Cangdao, Wen Jiutian!”

Zhou Hao blinked and was shocked!

“The son of the Tenth Area Master was one of the ten most talented youths of the Moro Race. He was also one of the ten core disciples of the Moro Race!”

Zhou Hao was incomparably shocked and did not dare to believe it!

“This person... this person is actually a core disciple of the Moro Race. This... this identity... is too freaking powerful!”

Zhou Hao was incomparably shocked. At this moment, the woman’s voice sounded in his mind.

“Little brat, why are you still in a daze? If you don’t listen properly in class, I’ll cut off your allowance this month after you return so that you won’t be able to woo those girls!”

The woman snorted and immediately spoke. Zhou Hao hurriedly retracted his thoughts and pretended to listen to the class.

However, he was shocked!

“This voice should be Wen Jiutian’s mother, the wife of the Tenth Area Master. Her status is also noble. There are a total of ten area master spots in the Moro Race. The armor in the sky is their proof of identity. With this identity, I’m afraid I have a very high chance of obtaining that spirit gem!”

Zhou Hao smiled and was smug. He was secretly shocked that he had chosen such a good identity!

However, Zhou Hao quickly became suspicious.

“What I saw in the inner mountains should be Wen Jiutian. However, why is he still alive? This Moro Race has disappeared for countless years and has become an ancient ruin. However, is he... a human or a spirit?!”

Zhou Hao was very puzzled and did not understand what was going on.

Another thing that made Zhou Hao depressed was that the frog and the divine soil had not entered his place. In other words, he could not contact them.

“Damn, if they don’t come in, how am I supposed to get the gem myself? With them around, things will definitely be much easier!”

Zhou Hao sighed. If he had known, he would have prepared identities for the two of them!

Zhou Hao pretended to listen, but Wen Jiutian’s memories also echoed in his mind, and he immediately smiled.

“This Wen Jiutian is really a profligate son. There’s a term that’s most suitable for him. He’s the son of a rich family. His father is the Tenth Area Master. He himself is a genius with an extraordinary cultivation and an illustrious family background. Therefore... he’s like an ordinary rich second-generation heir. He likes to flirt with girls and do ridiculous things!”

“However, this person is quite loyal. He can be considered a good person.”

Zhou Hao smiled and was listening to the lecture. Unexpectedly, at this moment, a brat came to his side and hurriedly said to Zhou Hao.

“Not good, not good. Boss, you... you were discovered for stealing that Energy Stone. This news will quickly spread to the higher-ups. I reckon... I reckon... the patriarch will definitely be very furious. That Energy Stone only appears once every few decades, but... but...”

This was his companion and also his attendant. After Zhou Hao heard this, he remembered that he had stolen something previously. That thing was very precious and he had given it to a charming woman as a gift to spend the night with her!

Just as he was thinking of a solution, a huge mechanical hand suddenly appeared in the sky. This huge hand suddenly shot out countless threads that directly wrapped around Zhou Hao, making his expression change drastically!

“This is... the Machine Arm of the Moro Race. It’s extremely powerful and is specially used for the sinners of the Moro Race! Damn, I just woke up and I’m already being captured!”

Zhou Hao immediately shouted in his heart. That thing was very powerful. No matter how hard he tried, he was unable to break free. He was quickly caught in the air.

“Hmph, you stole the Energy Crystal just to have a romantic night with that wild woman. Wen Jiutian, you’re too ridiculous. Do you know your mistake?”

In the sky, a powerful mental strength erupted, condensing a cold face that stared fixedly at Zhou Hao.

This strength was very powerful, and Zhou Hao immediately spat out blood.

“Boss, quickly admit your mistake. Otherwise... Otherwise, the patriarch won’t let you off!”

Zhou Hao’s lackeys shouted anxiously!

“That’s right, Boss. As long as there’s life, there’s hope. Quickly admit your mistake, or the patriarch will beat you to death!”

The people from the Tenth Area were immediately anxious when they saw their young master being captured!

Although Wen Jiutian was a good-for-nothing, he had always treated his people as his brothers. In other words, he had many friends but also many enemies.

Other than the people in the Tenth Area, everyone else sneered when they saw Zhou Hao in the sky. “Is this person even worthy of becoming one of the ten core disciples? How laughable. Is there really no one else in our Moro Race that is worthy?”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 565 - Pretending

Chapter 565 Pretending

They all had mocking expressions. When the Tenth Area disciples heard this, they were also furious!

“What the hell do you know? My brother is not like that at all!”

They explained weakly, but they were still pale. After all, Wen Jiutian was indeed guilty!

Zhou Hao was very helpless. He had just arrived here and was already facing torture? This was too unfair!

Therefore, Zhou Hao could not be bothered with what others were thinking and immediately said.

“I was wrong, I was wrong. Patriarch, don’t be angry. I won’t dare to do it again!”

Zhou Hao’s words stunned many people. They did not understand why the usually arrogant and stubborn Wen Jiutian would suddenly admit his mistake today.

Even the patriarch was confused. Clearly, he had not regained his senses, but he still spoke.

“Although you admitted your mistake, you still committed this crime. Therefore, you will definitely be punished!”

As he spoke, a powerful force immediately spread in the air. It was filled with lightning. This was a punishment method.

Zhou Hao’s scalp went numb. “Damn, the people of the Moro Race cultivate mental strength. Their bodies are so weak that they can’t even withstand a single blow. I came here to find the spirit gem. If I get hit, won’t I be bedridden? Then how the hell am I supposed to find treasures?!”

Thinking of this, Zhou Hao immediately shouted.

“Patriarch, I was wrong, I was wrong. I’m not feeling well today. Can you postpone the punishment and beat me up next time?”

Zhou Hao hurriedly said. He did not want to be beaten like this!

“Hmm? You still want to negotiate with

me?!”

The patriarch was very furious. He immediately scattered lightning and instantly spread over.

However, at this moment, a huge palm with mental strength condensed immediately protected Zhou Hao, blocking the endless lightning power!

Immediately after, Zhou Hao saw a woman appear in front of him with anger!

“Hmph, Big Brother, Jiutian has already admitted his mistake, but you still wanted to punish him so severely. It’s just an Energy Stone. We’ll pay for this loss. Let’s drop this matter. If anyone continues to mention this in the future, don’t blame me for being impolite!”

As the woman spoke, she walked in front of Zhou Hao. Zhou Hao looked at this woman and his heart trembled!

This person was Wen Jiutian’s mother, Li Fanchen!

Moreover, she was the biological sister of the patriarch!

“Little brat, are you causing trouble again? I’ll kill you!”

As he spoke, Li Fanchen stretched out her hand and waved it at Zhou Hao. The force was even more overwhelming, and it roared incessantly, shocking everyone.

Zhou Hao’s scalp also turned numb. Wasn’t his mother here to save him? Why was she doing this?!

However, when this slap landed on his body, he realized that for some reason, 90% of his strength had disappeared. It did not hurt at

all!

“Little brat, are you stupid? Quickly vomit blood and shout in pain!”

Li Fanchen’s voice sounded in Zhou Hao’s mind. Only then did Zhou Hao return to his senses, thinking to himself that his mother was too shameless!

However, Zhou Hao still hurriedly spat out blood and shouted. Not only that, but his eyes also turned white and he directly fainted!

Li Fanchen blinked and was shocked.

“This brat’s acting has improved!”

The surrounding people were also stunned for a moment when they saw Li Fanchen attack. They thought that Li Fanchen wanted to protect his son. Unexpectedly, her punishment was not much weaker than the patriarch, so no one said anything.

The patriarch naturally could tell. He sighed and slowly disappeared, ignoring it.

Li Fanchen directly carried Zhou Hao and walked towards the Tenth Area. Soon, she arrived in the hall and threw Zhou Hao to the ground with a cold snort.

“Alright, brat, stop pretending!”

Li Fanchen snorted and kicked Zhou Hao.

Zhou Hao hurriedly stood up with a smile and hurriedly said, “Thank you, Mom. You saved me back there!”

“Alright, you brat, you only know how to cause trouble. I know that girl. Bring her back later. Didn’t you do it with her? You even caused such a huge commotion. Bring her back and we’ll hold a wedding for you in a few days!”

Li Fanchen snorted and rolled his eyes at Zhou Hao. Although she was furious, Zhou Hao could naturally see the doting in her eyes!

Zhou Hao felt a headache coming on. He really did not know who that woman was. He did not even leave her name behind. The two of them had known each other outside the Moro Race and had an intimate relationship. He did not actually give the other party that item as part of a transaction. It was simply because that woman needed it. Therefore, Zhou Hao had stolen it to give it to her!

Hearing his mother say this, Zhou Hao did not know how to answer. He could only cough dryly and say, “Um... After that night, we didn’t contact each other. I don’t know her family address either... If you want me to find her, I’m really...”

“What? You paid such an expensive price just to sleep with her for a night? And you don’t know anything else? Isn’t this a bit too expensive? Even your father was not as profligate back then!”

When Li Fanchen heard this, she was furious.

“Uh... Mom, calm down, calm down...”

Zhou Hao immediately smiled apologetically. This matter was indeed ridiculous. Zhou Hao was also very helpless, thinking to himself that this Wen Jiutian was really sentimental!

“Alright, I’ll handle this for you. Don’t let your father know. Otherwise, you’ll be beaten up again!”

Li Fanchen could not help but say.

Zhou Hao thought of Wen Jiutian’s father, Wen Cangdao, and frowned. In his memories, Wen Jiutian was very rebellious and did not get along well with his father.

Therefore, other than fighting, there was nothing else for the father and son to do when they met!

“Got it.” Zhou Hao did not know what to say.

“Sigh, your father actually feels very sorry for you. He just expected better from you. You have good talent. If you spend all your effort on cultivation, you wouldn’t be ranked at the bottom of the top ten core disciples. Don’t hate your father. Actually, he dotes on you more than Mom.”

Li Fanchen naturally knew about the relationship between the father and son, so she could not help but say.

Zhou Hao was not Wen Jiutian. Although he knew that he was rebellious, he really did not know how he was supposed to handle this.

Unexpectedly, at this moment, a shout sounded!

“Hmph, unfilial son, you even dare to steal the Energy Stone of your race. I’ll break your legs!”

As soon as he finished speaking, a mighty man walked in. His aura was extremely powerful, and what was even more terrifying was that the pressure wreaked havoc and squeezed out this space!

Zhou Hao’s body was immediately imprisoned and unable to resist, making him incomparably shocked!

“This cultivation... Could it be Saint Realm?”

As Zhou Hao was shocked, the man had already arrived and was looking at him angrily.

Chapter 566 - Slaying

Chapter 566 Slaying

Zhou Hao was a little nervous. He knew that Wen Jiutian's father was different from his mother. When the other party hit him, he would do it for real.

Therefore, at the critical moment, Zhou Hao immediately became obedient and said.

"Dad, I was wrong!"

This was also something that Zhou Hao was in a hurry to say. In Zhou Hao's memories, Wen Jiutian rarely called Wen Cangdao "dad". The two of them rarely spoke. Most of the time, when Wen Cangdao attacked Wen Jiutian, Wen Jiutian would not say a single word!

At this moment, hearing Wen Jiutian immediately call him dad, Wen Cangdao was still stunned for a moment.

"What... what did you say... Did you just admit your mistake?"

Wen Cangdao nodded and said in surprise.

"Ah... I was wrong. Dad, don't hit me anymore. Can you postpone your punishment? I still have something to do these last two days. It won't be good if you beat me to the point where I can't get out of bed!"

After saying this, Li Fanchen immediately smiled.

"Alright, now that our son admitted his mistake, can't you just let him off? Don't do it again, alright? Moreover, I just taught him a lesson. He won't dare to do it again!"

Li Fanchen hurriedly said, and Wen Cangdao immediately did not know what to do. He looked at Zhou Hao and finally said, "Hmph, since you know your mistake... you have to correct it. I'll punish you in the future!"

After Zhou Hao heard this, he smiled and hurriedly agreed before leaving!

On the other hand, Li Fanchen and Wen Cangdao were a little surprised. Why was their son suddenly so sensible? He even knew to admit his mistake?

"Um... did I hear wrongly just now?"

At this moment, Wen Cangdao looked at Li Fanchen and suddenly said.

“Of course not. Our son has grown up.”

Li Fanchen watched Zhou Hao leave with a doting expression.

Just as Zhou Hao walked out of the hall, he saw many Tenth Area disciples standing outside. When they saw Zhou Hao come out, they heaved a sigh of relief. “How is it, Boss? Are you alright?” Zhou Hao nodded. “I’m fine!”

“It’s good that you’re fine. It’s good that you’re fine!” They heaved a sigh of relief. Seeing that Zhou Hao was fine, they also felt relieved.

Zhou Hao looked at his brothers and suddenly recalled that he had yet to resolve Blue. Now, he should first deal with Blue. After that, he also needed to think of a way to obtain the

gem!

Blue definitely could not leave this world. Otherwise, there would be no end of trouble in the future!

“Someone informed me. I know who this person is. Brothers, find him for me!”

Although he did not know if he could find Blue, with the other party’s identity, the host Blue obtained must not be an ordinary person. He must be a disciple in one of the ten areas!

As Zhou Hao spoke, he turned into a long arc and led his brothers to start searching!

Zhou Hao had a noble status. Not only was he a core disciple, but he was also the young master of the Tenth Area. His cultivation level and status were extraordinary. Ordinary people also did not dare to provoke him.

“Although Wen Jiutian is good-for-nothing, he’s not bad at leading people. Especially his own team. His people are like brothers to him. That is probably why so many people support him unconditionally!”

Zhou Hao looked at his brothers behind him and did not have any complaints. His heart warmed!

Zhou Hao did not want to cause trouble for others, but this Blue was cunning by nature. If the other party woke up, he would definitely hide immediately and not reveal himself. Who knew when the other party would stab him in the back!

Zhou Hao was afraid of this bastard, so it was impossible for him to let him off!

Their group searched many mountains but did not find their target. Everyone had a very pure aura and there were no other auras in their spirit bodies. As outsiders, Zhou Hao and Blue had different mental fluctuations. Therefore, with this difference, it was still easy for Zhou Hao to find Blue!

Finally, at the Sixth Area, he found Blue!

Zhou Hao could tell at a glance that the other party was Blue based on the aura and mental strength. He immediately stretched out his hand and pointed!

“It’s him. Take him down!”

The disciples from the Tenth Area were stunned for a moment, but they still did not hesitate to capture this person!

However, they were very puzzled. This person was not famous and was only a disciple with good talent in the Sixth Area. He was low-key and honest and had not done anything out of line. Why did their boss have to think that he was the one who had snitched?

After being captured, that person was also stunned and hurriedly begged.

“Brother Wen, I... I didn’t provoke you. Why... why would you capture me?!”

He was very nervous and was so frightened that he peed his pants. This person’s talent was not bad, but he was a coward. Moreover, he knew what kind of person Wen Jiutian was. Wen Jiutian was a restless person. If he was caught, even if he did not die, he would still be skinned alive!

Zhou Hao looked at him. Seeing him like this, he knew that Blue had not woken up yet. However, although he had not woken up, he would soon. This was because Zhou Hao could sense that his spirit body was becoming stronger and the aura that only belonged to Blue was condensing!

If Blue woke up, it would be very difficult to kill him. Blue had many life-saving methods. If he let him go right now, the other party might be able to escape!

It would be difficult to capture him again!

Therefore, Zhou Hao immediately wanted to kill him!

“We can’t let this person live!”

Sensing Zhou Hao’s killing intent, the others were stunned.

“Boss, are you going to kill him?”

“That’s right, Boss. Must we kill him? Killing someone from the Moro Race is not a wise choice!”

When they saw this, they were stunned!

Zhou Hao nodded. “Even if it’s unwise, we still have to kill him!”

After the Tenth Area disciples heard this, they were immediately stunned for a moment, but their eyes quickly turned cold.

“Since you want to kill him, Boss, let’s do it. You just committed a crime and were caught by the patriarch. If you continue to commit another crime, it won’t be good. Let’s kill him together. In this way, even if the punishment is handed out, the burden will be distributed and greatly reduced!”

They immediately spoke.

However, Zhou Hao did not want to implicate them at all, so he did not hesitate. His body moved, and he immediately attacked, placing a palm on the top of the other party’s head!

Immediately, this person spat out blood crazily, and his aura was instantly filled with death aura!

It was also at this moment that Blue’s spirit body completely woke up. He had just woken up when he sensed the death of his host. Even his own spirit body instantly died!

He also sensed Zhou Hao’s aura and roared.

“Zhou Hao, it’s you! It’s you!”

He roared angrily, but it was already useless. Zhou Hao did not hold back. With a second palm, the other party completely disappeared!

When everyone saw Zhou Hao attack like this, they were shocked and in disbelief!

They originally wanted to attack together and not let their boss be punished. They wanted to help him share the burden. However, at this moment, Zhou Hao was in a hurry to attack. It was something they had never expected!

It was also at this moment that in the ancient hall, a man in a white mummy-like attire suddenly opened his eyes. His expression changed drastically as he looked at the soul bottle in front of him!

“Dead? How could... Blue is dead? How could Blue be dead too?”

Chapter 567 - Unfilial Son

Chapter 567 Unfilial Son

This person was very shocked and did not dare to believe it!

However, he was unable to know how it happened because he was also unable to enter the ancient ruins!

Moreover, because he was the one who requested the Battle God Battalion to send Blue and Buye to the ancient ruins, he would not be able to put the blame on the Battle God Battalion. Now, even though they were all dead, the Battle God Battalion would not be held responsible!

Moreover, the ancient ruins were originally filled with danger. This person also knew that. Therefore...

He was very furious, but there was nothing he could do!

At the same time, Zhou Hao smiled after killing Blue. He did not care about the consequences. Moreover, he had also thought about it. Although he currently had a noble status and would not die easily, this matter would definitely still blow up!

Indeed, the Sixth Area Master hurriedly rushed over. Seeing this scene, his face was instantly filled with anger!

He really wanted to kill Wen Jiutian, but he could not. Wen Jiutian was the son of the Tenth Area Master. Moreover, he was the flesh and blood of the patriarch's sister. He did not dare to attack at all!

However, he knew that this matter would not end like this. With a wave of his hand, he spread the news. Soon, ten figures arrived, including Li Fanchen!

When they saw this, their expressions were extremely ugly.

"Hmph, Sister Li, Brother Wen, look at the son you raised. In broad daylight, he killed one of our disciples. How is this behavior any different from that demon?!"

The patriarch was very furious, but he was also helpless. This Wen Jiutian was his nephew, so he naturally had to protect him.

However, they all knew how serious this matter was. Therefore, even if he wanted to cover up, he could not!

When Li Fanchen saw this, her body went into a daze for a moment, and she was so frightened that her face turned pale. Stealing and killing were two different things!

Killing in front of everyone was definitely not a small matter. At this moment, even she did not know what to say!

When Wen Cangdao saw this, he hurriedly helped Li Fanchen up, his expression extremely ugly!

“Patriarch, Brother Wen, I... need an explanation for this!”

The Sixth Area Master immediately said with anger!

“Unfilial son, unfilial son, unfilial son!”

Wen Cangdao immediately roared. With a flick of his sleeve, a powerful force immediately bombarded Zhou Hao.

Immediately, that force blasted him to the point of vomiting blood.

“This child will no longer be surnamed Wen and will no longer be my son. You can do whatever you want to him. It’s fine even if you kill him!”

Wen Cangdao immediately said. When Li Fanchen heard this, she immediately cried and pleaded.

“Everyone, please let go of my son. I beg you... my son is still young... he’s not sensible...”

Li Fanchen was very anxious!

Wen Cangdao’s heart ached when he saw his wife like this. However, at this moment, even if he wanted to protect his son, he couldn’t say anything! After a long time, he said.

“Big Brother, Seniors, I won’t intervene in this matter. I don’t want to care how you punish him. I, Wen Cangdao, have a poor fate. When I fought with my brothers and sisters in the mountains and rivers, I killed too many people. This is heaven’s way of punishing me. That is also why I only have this one son in my life. Forget it, forget it. If he dies, I’ll just treat it as the end of my Wen Family.”

After Wen Cangdao finished speaking, he pulled Li Fanchen and left.

However, after saying this, they all sighed. They naturally understood Wen Cangdao's difficulties.

The Sixth Area Master also sighed and was very speechless. What the hell was this? Was the other party trying to get him to pity their situation?

However, he could only resign himself to fate. After all, Wen Cangdao had even saved his life back when they were fighting in the mountains and rivers. Moreover, the one who had died was only an ordinary disciple and was unrelated to him. Therefore, after thinking about it, he let the matter go!

This was how the world worked. The world of martial artists was the coldest. No one cared about the dead disciples.

Therefore, the few of them looked at each other and moved their mouths slightly, but no sound came out. After the few of them finished speaking, they left one after another. Only the Sixth Area Master remained.

"You killed a disciple of my Sixth Area. This matter won't be easily resolved. You will bear my punishment!"

After saying this, the Sixth Area Master immediately waved his hand, and a powerful force slapped Zhou Hao's body.

Zhou Hao did not have the time to dodge at all. This person's cultivation was at least at the Saint level, just like his father.

After the palm strike, Zhou Hao naturally fell unconscious. However, when he slowly woke up, he realized that he was lying in his hall.

His parents were sitting beside him and looking at him.

"You're awake? How do you feel?"

After Li Fanchen saw that her son was awake, she immediately asked in concern.

"Hmph, of course he's fine! He ate all that medicine. If something happened to him, it would only be because he consumed too much medicine!"

Wen Cangdao snorted. Although he said this, he still looked deeply at Zhou Hao and used his mental strength to see for himself. After confirming that there was nothing wrong, he was relieved.

“This Old Six is too much. He actually gave our son such a severe punishment. Hmph, I shouldn’t have saved him back then!”

Li Fanchen snorted unhappily.

“Alright, this matter is over. Jiutian, let me ask you this. Do you know your mistake?”

Wen Cangdao looked at Zhou Hao and his expression became stern.

Zhou Hao hurriedly got up and lowered his head. Then, he said, “I know my mistake...”

Hearing this, Wen Cangdao immediately slapped him!

“Bullsh*t! What is your mistake?”

This slap did not use his cultivation and did not hurt Zhou Hao. However, he was confused by his father’s words.

“Ah...? I killed someone. Wasn’t that a mistake?”

Zhou Hao was confused and could not help but say.

“What’s wrong with killing someone? I’ve killed more than a hundred thousand people. Who’s going to blame me?”

Wen Cangdao immediately shouted coldly and continued.

“Although you’re usually a good-for-nothing, I know that you’re not a violent person. You focus all your energy on women and don’t like to shout and kill. However, today, you insisted on killing this person in front of so many people. It can be seen that you have a reason to kill him!”

“I don’t want to ask about this. I can’t be bothered to ask. As martial artists, we are different from ordinary people. We just kill people. It’s nothing. Back then, when I was six years old, someone bullied me, so I poisoned him and killed him. However, no one suspected me. It is fine to kill, but you have to think carefully about what will happen after killing someone. You were not wrong to kill someone, but you were wrong to not have considered the consequences. Don’t be stupid. Do you understand?!”

Wen Cangdao’s words immediately stunned Zhou Hao. Was this what a father should say to his son?

“What’s wrong? Are you shocked? Hmph, you brat, you’re really young and inexperienced. You’re really done for. Killing a person is not a big deal at all. However, your methods are so trashy. You’re really not even half as good as me. As long as you

want to, killing a person with such an insignificant identity is very easy. However, you chose to use the most clumsy method. This is what you did wrong!"

"So, do you know your mistake?!"

Wen Cangdao snorted. His words were so shameless that Zhou Hao was stunned.

Chapter 568 - Ancestral Physique

Chapter 568 Ancestral Physique

Zhou Hao was stunned and did not recover for a long time.

Li Fanchen smiled.

"Silly son, your father is teaching you how to kill!"

When Zhou Hao heard this, he felt a headache coming on. His parents were teaching him how to kill? This was something he had never expected!

"Hmph, did you think I was going to punish you for killing someone? Did you think that I was going to be angry? You're wrong, Jiutian. I've never thought that there's anything wrong with killing someone. The only thing wrong was your method of killing. As the tenth young master with a noble status, killing someone in public is simply wrong. You could have easily killed him in secret!"

Wen Cangdao said indifferently, having no intention of blaming anyone at this moment.

At this moment, Zhou Hao also understood. A warmth flashed in his heart. At the same time, he sensed a mental fluctuation.

This fluctuation was not his but Wen Jiutian's!

This fluctuation was filled with guilt, yearning, and regret...

Zhou Hao was stunned for a moment. At this moment, he realized what the frog meant by 'regret'!

At this moment, with Wen Jiutian eyes, Zhou Hao looked at Wen Cangdao and Li Fanchen. At this moment, he basically felt as if those were his own parents and not strangers.

Although this was all an illusion of the mental world, Zhou Hao still felt this gentleness.

Therefore, Zhou Hao smiled.

“I’ll help you replenish this regret.”

Zhou Hao looked at his parents and said.

“Dad, Mom, I know I was wrong. Not only do I know I was wrong, but I also know how stupid I was. My method of killing him was wrong. I was even wrong to... have killed him myself!”

When Zhou Hao spoke, Wen Cangdao and Li Fanchen immediately looked at each other and saw the joy in each other’s eyes.

“Oh? Not bad, son. Continue!”

Li Fanchen smiled, her eyes filled with love. “Actually, there are many ways for me to kill him. He’s only an ordinary disciple of the Sixth Area. Although his talent is good, he’s very ordinary. His life and death won’t affect the clan at all. Therefore, if I want to kill him, I just have to use some special methods. For example, when he’s out training, I can find someone to ambush him. Perhaps the simplest way is for me to ask Father to help me. As the Tenth Area Master, it would be extremely easy for Father to kill him!”

After saying this, Li Fanchen and Wen Cangdao were even smiling. They looked at Zhou Hao for a long time before laughing out loud.

“Not bad, not bad. Our son is quite smart, hahaha!”

As soon as he finished speaking, Wen Cangdao immediately waved his hand. A force spread over Zhou Hao’s body, directly healing the injuries on his body. Then, he smiled and waved his hand, producing a strange small bell.

Wen Cangdao shrunk this small bell and threw it to Zhou Hao.

“This item is Father’s intrinsic item, the Dry Kun Bell. This item is forged from deep sea meteoric iron and there are eighty-one array formations inside. These array formations originated from an ancient civilization and this bell is basically Father’s trump card. At this moment, I have given you a third of my essence power to resist a full-power attack from a Saint Realm expert. This item will be yours for life and will be yours for use. No matter how much time has passed, as long as you’re still alive and this item still exists, this item will always belong to you!”

“As my son, if you want to kill someone, you don’t have to spend so much effort. With this item, you can even fight a twelfth-grade Heaven Realm expert!”

After saying this, Zhou Hao was stunned. The small bell was directly branded with Zhou Hao’s identification and became his treasure!

Although Zhou Hao was very touched, he was also very helpless. This was because this was a mental world. No matter how powerful this thing was, he could not take it out!

Therefore, it was better if the other party taught him some cultivation techniques!

“Hmm? Looks like you’re not very satisfied?” Wen Cangdao immediately smiled and could not help but say.

“Uh... this is naturally good, but... Father, I want to learn some cultivation techniques. I wonder if you know any powerful cultivation techniques?”

Zhou Hao immediately smiled and stretched out his hand shamelessly. Hearing this, Wen Cangdao laughed out loud.

“It’s rare for my son to work so hard. In the past, you would never listen to me when I taught you cultivation techniques. Now that you want to learn it, I naturally have to teach you!”

As he spoke, Wen Cangdao waved his hand, and an ancient scroll appeared.

“On this scroll are ancient cultivation techniques. There are a total of eighty-one cultivation techniques. Don’t underestimate these eighty-one cultivation techniques. If you can completely understand them, even I won’t be your match!”

Wen Cangdao smiled.

Zhou Hao blinked and was very happy. Then, he thought for a moment and said.

“Senior Father, our Moro Race experts all have powerful mental strength but weak bodies. However, I want to cultivate both my body and spirit. I wonder if you have a powerful body tempering technique that I can learn?”

Zhou Hao smiled. With such a father, he naturally had to make the best use of him!

At this moment, Zhou Hao finally understood how a rich second-generation heir felt. This was what it meant to be able to do anything!

“Body tempering technique?”

Wen Cangdao was stunned for a moment.

“Yes, yes, that’s right. Dad, I want to learn!”

Zhou Hao hurriedly said.

“When it comes to body tempering techniques, it is actually very difficult. We don’t have many body tempering techniques in the Moro Race territory. They’re also not very effective. However, the strongest body tempering technique in the world is the Ancestral Physique!”

Wen Cangdao said this with a solemn expression.

“There are thousands of types of physiques for martial artists. For example, the Strength Enhancing Physique, the Liquid Physique that increases speed, and the Blood Rain Frost Physique that can allow one to master an ultimate element. And the source of these physiques is the Ancestral Physique!”

“The Ancestral Physique is the source of these myriad physiques. If you learn this cultivation technique, you will have the strongest body in the world!”

When Zhou Hao heard this, his eyes lit up!

Although he had the power of Genesis Runes and powerful mental strength, he still needed to rely on his physical strength!

His Nine Revolutions Overlord Body Art and the God Slaying Art were both augmented on his body!

He realized that this physical strength was really powerful in today’s battle. With a single punch, he could destroy a martial artist of the same level! If he could obtain the Ancestral Physique, wouldn’t that be perfect?!

“Dad, I want to learn the Ancestral Physique. Please teach me!”

Zhou Hao hurriedly said anxiously!

II

11

Wen Cangdao was immediately speechless.

“Do you think you can learn it just because you want to? That’s the Ancestral Physique, one of the nine techniques recorded on the Eternal Monument. Do you think you can get it just because you have a powerful father? Moreover, just like how the spirit gem is sealed in the Heaven Tower, this Eternal Monument is also sealed in the tenth level of the Heaven Tower. It’s really too difficult to get it!”

Hearing this, Zhou Hao was not disappointed!

He was planning to visit the Heaven Tower anyway. As long as he could enter, he would have a chance to obtain the Ancestral Physique and even the spirit gem!

Chapter 569 - Su Xiaoyu

Chapter 569 Su Xiaoyu

Seeing Zhou Hao's interest, Wen Cangdao did not want to dampen his enthusiasm, so he pondered for a moment and said.

"Since you want to learn, I'll think of a way. Learn these techniques first."

Wen Cangdao sighed and was very helpless.

"Don't worry, Dad!"

Zhou Hao kept calling him "dad", making Wen Cangdao very happy.

"Alright, lay low for a while, understand?"

Zhou Hao naturally nodded like a chick pecking at rice.

"Alright, you can leave now."

Wen Cangdao and Li Fanchen looked at each other and said speechlessly.

Zhou Hao immediately left.

Seeing Zhou Hao leave, Wen Cangdao smiled, and Li Fanchen was the same.

It had been a long time since she had seen the father and son get along so well.

"Our son seems to have changed..."

Wen Cangdao said after a long while.

“Changed? Well, he definitely changed for the better. Isn’t this a good thing?” Li Fanchen immediately rolled her eyes.

“Of course it is. I just feel that... his personality has changed drastically. If not for the fact that I can still sense his essence power, I would have suspected that the foreign races have occupied his body...”

Wen Cangdao smiled.

“What? Were you checking your son’s mental strength?” Li Fanchen immediately said.

“Hmm... After all, we have always fought each other. This time, after returning, I suddenly felt that he had become much better. Thus, I couldn’t help but take action to check,” Wen Cangdao said.

However, he still frowned. Although he could tell that his son still had the same mental strength, he could also feel something strange about it.

“Alright, don’t think too much. I think our son has grown up!”

Li Fanchen had a satisfied expression. There was nothing better than a happy family.

“Sigh... the Moro Race is going to undergo a change. After Senior Huang left, this world was sealed. We... are also unable to break through to that realm. I’m afraid it won’t be long before my bloodline is exhausted and I enter an aging state. At this moment, the only thing I can’t let go of is my son.”

At this point, Li Fanchen was the same.

“So... you plan to help your son obtain the Ancestral Physique from the Heaven Tower’s Eternal Monument? You should know... that thing...”

Li Fanchen knew her husband very well and could understand what the other party was thinking.

“I know... it’s just that I’m going to die a little earlier. Don’t worry, I’ve long been prepared... In order to let our son live forever, it’s time for us... to start that plan!”

Wen Cangdao immediately said, and Li Fanchen nodded and gently leaned on Wen Cangdao.

“We’ll be together... for our son’s sake. Don’t worry, our son has grown up. I can relax and let him live alone in this world, but I’m worried about you... Therefore... I’ll go wherever you go...”

Li Fanchen smiled. Wen Cangdao was very touched and hugged his wife tightly

Zhou Hao walked out of the hall at this moment and was very excited. He had obtained eighty-one powerful cultivation techniques!

Moreover, these were ancient cultivation techniques. There was no need to mention how powerful they were!

Therefore, Zhou Hao did not hesitate and directly returned to his room to memorize!

He did not care whether he could cultivate or not. In any case, he would remember everything!

This was a good thing. If he remembered them, he wouldn't be able to use these in the future. He could also give it to others!

This was the mental world. He could not bring things out, but he could still remember them. Zhou Hao spent two days imprinting all the cultivation techniques in this place into his head and remembered them well!

"Hehe, eighty-one cultivation techniques. This thing is simply... I didn't come for nothing!"

"It would be even better if I could obtain that Ancestral Physique..."

"Also, what is the assessment of this mental world? How am I supposed to wake up? I still don't know how to obtain that fortune!"

Before Zhou Hao entered the mental world, he knew very little. After entering, he also did not put much thought into it.

Now that he had entered, he naturally had to figure out the rules here!

Therefore, after thinking for a moment, his body moved. He wanted to find those familiar faces and ask!

After entering this place, everyone's cultivation level and mental strength were different. The time they woke up was also different. However, Zhou Hao did not understand why he had woken up so early.

Could it be because of Wen Jiutian?

Zhou Hao could not be bothered to think. At this moment, his body flew out.

Soon, he circled around and frowned. He actually did not find anyone familiar. Just as he was about to leave, he suddenly saw a woman in white armor fighting a man.

The woman's martial path was not strong and was not the man's match at all. She was beaten very miserably.

When Zhou Hao saw this woman, his expression immediately changed!

"Su Xiaoyu!"

As Zhou Hao spoke, his body moved and he appeared in front of the girl.

This scene stunned everyone for a moment, and their expressions changed slightly! This was only an ordinary fighting arena. Moreover, the status of the disciples was very low. Zhou Hao was one of the top ten core disciples and was also the tenth young master. This status was simply legendary. Naturally, it shocked them!

Zhou Hao could not be bothered with them and looked at the woman.

The expression of the woman in white armor instantly changed. She knew what this Wen Jiutian was like, so she immediately took a step back with a vigilant expression!

Zhou Hao immediately smiled and shook his head. It seemed that Wen Jiutian's reputation was really too tarnished. Any woman would have such an expression when they saw him.

Zhou Hao knew that Su Xiaoyu had yet to wake up, so he could not be bothered. With a wave of his hand, a powerful force directly imprisoned this woman. Then, his body moved, and he looked at the person who was interfering and said indifferently.

"I happen to lack a female disciple in the Tenth Area. I'll take this person."

As Zhou Hao spoke, he left.

On the way, Zhou Hao's actions shocked many people. He directly carried a woman back. Wasn't this too bold?!

"Boss is indeed boss. He doesn't rest at all. He was clearly beaten until he vomited blood and fainted, but after waking up for two days, he came to find a woman..."

"Boss likes this. After all, who doesn't like women? However, Boss's taste this time is a little bad. Although this woman is beautiful, her personality is too intense. Doesn't Boss usually like sexy women that take the initiative to approach him?!"

They curled their lips. At this moment, when they saw Zhou Hao carry this woman, they were somewhat curious.

Of course, they naturally did not care. This was not the first or second time. They were already used to it!

However, the change in taste this time still puzzled them!

Chapter 570 - Misunderstanding

Chapter 570 Misunderstanding

The woman's expression instantly became especially stunned.

Especially after being blown by the cold wind, she finally regained her senses and immediately began to struggle with all her might.

"Let go of me quickly. Let go! Let go of me!"

The woman was immediately frightened until her face trembled, and her eyes were filled with anxiety. She was so afraid that her entire body began to tremble.

However, she did not have much strength. Seeing Zhou Hao hug her forcefully, she did not have the strength to resist at all.

"Don't be nervous."

Zhou Hao smiled. Su Xiaoyu's mental strength had yet to fully awaken, so it was inevitable that she did not know who he really was and was afraid of him.

However, even though Zhou Hao had already said this, she was still extremely nervous and afraid.

"Don't bully me. You're a core disciple. If you do anything to me, what will the other disciples think?!"

The woman was still struggling violently, but Zhou Hao's expression became very strange.

"Don't worry, I won't do anything to you. Moreover, even if I really want to do something to you now, you won't be able to resist, right?"

Zhou Hao chuckled and deliberately looked at the woman with a smile.

“You!”

After the woman heard this, her expression immediately froze.

Although Zhou Hao’s words were indeed a little wretched, it could not be denied that his words were indeed reasonable...

If he really wanted to do something to her now, she would be unable to resist at all.

Moreover, Zhou Hao’s current identity was very noble. Not to mention doing anything excessive to her, it was also normal for him to treat her as his toy!

Moreover, it would be fine if he only wanted to use her to warm his bed. However, if he really wanted to kill her, it would only take a moment!

The woman was very worried. If Zhou Hao really did anything to her, she would be unable to resist.

Her expression became especially shy and incomparably red, especially since Zhou Hao was still hugging her tightly.

This was the first time in her life that a man had hugged her like this. She was very shy and afraid, but what could she do?

Soon, Zhou Hao brought the woman into the hall. After pushing open the door, the woman immediately became even more afraid!

She pushed Zhou Hao away nervously and tried her best to distance herself from him. Then, her eyes were filled with anger as she frowned and looked at him unhappily.

“You’re too much. Didn’t you say that you wouldn’t do anything to me?!”

Zhou Hao smiled calmly.

He waved his hand indifferently and waved his hand forcefully. A strand of essence energy whistled and gathered in the woman’s body, instantly healing all her injuries.

At this moment, Zhou Hao got someone to prepare a woman’s dress and handed it to her.

“There’s a bath in the hall. Your entire body is dirty. Quickly wash up and change into this clean set of clothes.”

After Zhou Hao finished speaking, he did not say anything else. Instead, he turned around and walked out, sitting at the entrance of the hall.

When the woman saw that Zhou Hao had actually turned around and walked out, she finally relaxed.

However, she still could not help but be nervous. She secretly looked at her tattered armor. After hesitating, she still made up her mind and picked up the dress on the ground, prepared to wash off the dirt on her body and change into the clothes.

“What is this man planning to do to me...”

After the woman washed up, she could not help but look at Zhou Hao outside the door.

Seeing that Zhou Hao was still sitting cross-legged and did not have any intention of moving, she finally relaxed.

Perhaps because she had been tossing and turning for the entire night, she was somewhat tired. Or perhaps because the competition in the day was too intense, she had also consumed a lot of physical strength. She immediately felt that her stomach was a little hungry. Zhou Hao slowly opened his eyes and smiled. Then, he immediately got someone to prepare some food and sent it to the hall.

“Eat as much as you want. There’s no poison in it.”

Zhou Hao smiled and turned to leave.

A puzzled expression appeared on the woman’s face. She did not know what Zhou Hao wanted to do to her.

Especially when she saw the incomparably sumptuous dinner, her stomach immediately began to growl as she constantly swallowed her saliva.

“Forget it. In any case, I can’t get out of this situation. So what if I die?!”

The woman took a deep breath and picked up the food in front of her to eat.

When Zhou Hao saw this, he could not help but smile.

The few people standing in the distance immediately looked at Zhou Hao in confusion when they saw his expression.

“What’s going on with boss?”

“That’s right. I didn’t expect Boss to treat such a woman so well. It has to be known that in the past, Boss wouldn’t even bother to deal with such a person.”

“Did Boss suddenly change?”

They did not know why Boss suddenly treated this woman so well.

Everyone immediately looked at this scene helplessly, not knowing why their boss was so interested in this woman!

“What’s wrong with this guy? Why is he suddenly so good to this woman?”

After hearing about this, Wen Cangdao was immediately somewhat puzzled. He wondered if his son had finally listened to him.

Was Zhou Hao planning to find a marriage partner and have a child to raise a descendant for him?

Wen Cangdao pondered for a moment. He did not know what was going on, so he simply waved his hand and turned around to stop thinking. Soon, it was nighttime. The woman finished eating and began to rest.

Zhou Hao pushed open the door and walked into the hall. When he saw that the woman was asleep, he covered her with his clothes.

“Kill everyone who has any thoughts about her immediately!”

Zhou Hao’s voice immediately sounded in the minds of his lackeys!

The lackeys opened their eyes and immediately walked out with a saber in their hand.

In an instant, many people died outside. All of them had improper thoughts.

“Boss, everyone has been dealt with!”

Chapter 571 - Generous

Chapter 571 Generous

Zhou Hao nodded and did not care. At this moment, he looked at her and smiled. He did not say anything and watched as she slept before leaving the hall.

The next morning, the woman woke up. She suddenly woke up and looked at the clothes she was wearing, stunned.

Zhou Hao felt that the other party had woken up and asked someone to prepare food before walking in.

“Eat it. I didn’t poison it.”

After the woman heard this, she was stunned for a moment. She looked at Zhou Hao and did not know what to say. She did not know why Zhou Hao was doing this, nor did she know what he was planning.

“Oh, right, I’ve killed those people in the Moro Race territory who have ill intentions towards you. You can rest assured now.”

Zhou Hao seemed to have said something very ordinary, but the woman was stunned for a moment. She looked up at Zhou Hao with confusion.

“Can... you tell me why?”

Zhou Hao did not speak, but the woman said anxiously.

“I’m just an ordinary disciple. My status is ordinary, my martial arts are ordinary, everything is ordinary. The only thing that I can think of is my decent looks. However, compared to the women you have been with, it’s nothing. I don’t understand why you’re doing this... Can you tell me? I’m... a little worried!”

She looked at Zhou Hao and was really very worried. Why was this person so good to her for no reason?

She could not understand!

“You might not believe me if I tell you, because you’re still not her yet.”

Zhou Hao’s words confused the woman.

“What do you mean? I don’t understand.” The woman looked confused. “You’ll understand in the future.” Zhou Hao smiled.

He did not know how to say this either, but he was telling the truth. She was not Su Xiaoyu now, but she should be tomorrow.

She originally did not believe Zhou Hao’s words, but seeing Zhou Hao’s serious expression, she still chose to believe him!

Although this sounded a little strange, wouldn’t she still be the same in the future? What did the other party mean?

“Although I don’t understand, I still have to thank you.”

Zhou Hao smiled and waved his hand. After today, Su Xiaoyu would wake up, and this woman's memories would be erased and replaced by.

Zhou Hao walked out of the hall and continued to sit cross-legged as he waited silently.

The woman took a deep breath. After eating, she still sat there to cultivate.

Zhou Hao looked at the distant sun and slowly descended. Finally, the sun set and dusk fell, his expression a little melancholic.

Although this was only a remnant memory and a legacy left behind by the Moro Race, Zhou Hao still liked this place very much. He was very envious of Wen Jiutian for having such a world and so many good brothers.

Moreover, Zhou Hao seemed to be able to understand his pain!

After surviving for so long, he had seen the Moro Race disappear in front of him. His family and parents had all slowly disappeared. This pain was not something an ordinary person could experience!

The mental strength of the woman behind him was also becoming weaker and weaker. Perhaps she did not know it herself, but another mental strength was waking up. It was the mental strength that only belonged to Su Xiaoyu.

Zhou Hao did not disturb her and waited silently. At a certain moment, Su Xiaoyu's mental strength suddenly trembled and she completely woke up.

When she opened her eyes to look at Zhou Hao, she only felt one thing. It was not worry, fear, or unfamiliarity. Instead, she was a little shy.

After waking up, she naturally remembered all of her memories. She also remembered what Zhou Hao had done to her, so she felt a little complicated.

"Welcome to the mental world of the Moro Race."

Zhou Hao turned around and smiled at Su Xiaoyu.

Su Xiaoyu took a deep breath and smiled. "Thank you."

She thanked him naturally because Zhou Hao had been protecting her for the past two days. During the time that she was waking up, it would be very dangerous. If her spirit body in this world died, it would also affect the mental strength that was sleeping inside.

Once she died here, her true body outside would also die!

“Why are you being so polite?” Zhou Hao smiled and then directly imprinted a copy of the eight-one cultivation techniques his father had given him.

“These are 81 supreme cultivation techniques. Take them and learn as much as you can. This residence is mine. No one dares to enter casually.”

Zhou Hao smiled. After saying this, he left.

Su Xiaoyu also smiled. Then, she looked at the cultivation techniques and her expression changed!

“This... this... this is a Saint Realm cultivation technique? They’re all Saint Realm cultivation techniques... There are more than eighty of them. If this were to be placed outside, it would... it would cost a lot!”

“Zhou Hao actually gave this to me just like that... This is too... generous!”

Su Xiaoyu was very shocked. Of course, she also knew Zhou Hao’s identity at this moment. He was the son of the Tenth Area Master of the Moro Race, Wen Jiutian.

With a noble status and an extraordinary status, as well as a powerful cultivation, such a treasure was nothing!

However, the other party had still given it to her for free!

After Su Xiaoyu woke up, she felt relieved. At this moment, she also began to plan what she could bring back from the Moro Race!

These eighty-one cultivation techniques were very precious, but Zhou Hao was ambitious and still did not feel satisfied.

“Since I entered with mental strength, I can naturally temper my mental strength. The Moro Race is a race that specializes in mental strength, so there must be a place to cultivate mental strength!”

As Zhou Hao spoke, he directly headed towards the Moro Race’s training base!

This place was like the training base of the Battle God Battalion. There were many modern equipment used to help martial artists cultivate!

However, the equipment here was definitely not something the equipment of the Battle God Battalion could compare to!

“There are only two ways to cultivate mental strength. The first is to use the genetic modification liquid to improve mental strength from the beginning and use medicine to

stimulate the growth of mental strength. However, this has a drawback. Therefore... as a last resort, we can't use this method!"

"Moreover, my mental strength is not suitable. This modification liquid is targeted at the Moro Race disciples. If I use it directly and something happens, I'm afraid it'll be too late for regrets!"

"Therefore... the second method is more suitable for me!"

Zhou Hao smiled and pushed open the door to enter a strange space!

The second method of mental strength tempering was a stupid method. It had the same principle as smelting steel. One would need to torment their mental strength in order to improve it!

This was what Zhou Hao wanted to do!

This was a space people used to cultivate mental strength. Through pain, pressure, and so on, it could achieve the effect of tempering mental strength!

After Zhou Hao entered, he directly began to cultivate.

Only after this training did he realize how painful it was. The training of mental strength was even more difficult than the training of the body. If one did not have strong mental strength, they would easily collapse from such torture!

Chapter 572

Chapter 572 Revenge

Zhou Hao stayed there for an entire day!

On this day, he had experienced more than ten illusions. His mental strength had even undergone countless lightning strikes and flames.

In any case, he had tried everything he could.

For the entire day, Zhou Hao's head was dizzy. If not for his firm willpower, he would have probably collapsed long ago!

The next day, Zhou Hao ended his training and returned to his residence in the Tenth Area.

As soon as he returned, he saw his lackeys waiting for him.

"Big Brother, you're back. The... the woman you brought here called three more women over. We... didn't dare to stop them and let them in."

Zhou Hao was stunned for a moment, but he did not think much of it. Su Xiaoyu was naturally looking for her sisters.

"Mm... I understand."

After Zhou Hao returned, he saw the four Su sisters as soon as he entered his residence. Although their mental strength was currently in different bodies, he could tell from mental strength fluctuations that these people were undoubtedly them.

When Su Xiaoyu saw Zhou Hao return, she was a little embarrassed. After all, this was Zhou Hao's territory. It was really inappropriate for her to bring her sisters over without telling him in advance.

However, Su Xiaoyu still did so. It was not only because the identities they obtained were far inferior to Zhou Hao's, but also because this place was filled with danger. Therefore, she took the initiative to bring them here.

"Hehe, we meet again."

Zhou Hao smiled and walked in. After saying this, Su Xiaoyu heaved a sigh of relief after seeing that Zhou Hao was not angry.

As the eldest sister, Su Xiaobing stood up at this moment and looked at Zhou Hao gratefully.

"Zhou Hao, thank you. Our auction house will never forget this favor!" Su Xiaobing naturally knew how big of a favor Zhou Hao had done for them!

"You're welcome. There's no need to talk about this between us. Oh, right, I gave Su Xiaoyu a copy of the cultivation technique I obtained. You can learn it together. It's safer here. Don't worry about it."

"However, with my identity... cough cough, I seem to be a good-for-nothing lover boy. Therefore, people might spread some bad rumors. I hope you don't mind." Zhou Hao

was worried that they would misunderstand. However, this place was only an illusionary memory fragment. How could they take rumors spread by these dead people seriously?

They naturally understood this as well. This was because when they had just arrived at the Tenth Area, they had heard the disciples from the Tenth Area say that they were Zhou Hao's toys. However, they did not care at all.

"We naturally don't care about this. After all, this is only a memory fragment."

Su Xiaobing smiled.

The few of them had also come here for the good fortune of the Moro Race. However, after seeing Zhou Hao's identity, they basically gave up. Zhou Hao's identity could be said to be one of the best in the Moro Race!

It was impossible for them to compete!

"That's for the best. Oh, right, I have a question. I want to ask you guys when this will end. Moreover, do you know how to obtain the inheritance?"

Zhou Hao asked directly.

Hearing this, the Su sisters were immediately stunned and somewhat surprised.

"You don't know?"

Su Xiaoyu asked in confusion.

Zhou Hao coughed dryly. "Uh... I really don't know. Was I supposed to know?"

"Of course, this is not a secret. However, I'm just surprised that you don't know since everyone knows about this. However, there's not much to it. If you want to obtain that inheritance, there's only one way. That is to enter the Heaven Tower. As long as you pass the ninth floor and arrive at the tenth floor, you will obtain the inheritance."

"However, this Heaven Tower is even more difficult than the Heaven Tower of the Battle God Battalion. Therefore, it's probably very, very difficult to break through!"

Su Xiaobing sighed. There was nothing she could do about this. After all, this was the rule here.

"I see..."

This answer was similar to what Wen Cangdao had said. Zhou Hao also understood that this was the only way to obtain the spirit gem.

“Then how can we leave this place?”

Zhou Hao asked again.

“This is very simple. After the mental world opens, it will last for a month. After a month, it will end. Of course, if anyone can obtain the spirit gem, it will end early.”

“The spirit gem is the source of all the strength in this world. Once the spirit gem leaves the Moro Race, everything here will end. Ashes to ashes, dust to dust.” Su Xiaobing said indifferently, and Zhou Hao finally understood.

In other words, he still had nearly a month’s time and had plenty of time!

“Understood. Oh, right, the others have all woken up, right? Do you have any way to find them?”

Zhou Hao suddenly said.

The four women were stunned for a moment before nodding.

“Of course we can. However... what are you planning on doing?”

Zhou Hao smiled. “Of course I’m researching some serious matters. There are many people here who want to deal with me, right? After all, these people are displeased with me. I’m not a kind-hearted person. In here, I can basically do whatever I want. Shouldn’t I use this opportunity to teach them a lesson?”

After Zhou Hao finished speaking, the four women immediately smiled, thinking to themselves that Zhou Hao was really down-to-earth to say something like this.

“What are you laughing at? Shouldn’t I take advantage of this situation? What’s wrong? Do you think I’m petty?” Zhou Hao spread his hands.

“How could that be? If I were Brother Zhou, I would probably be even more overboard!” Su Xiaofei immediately covered her mouth and chuckled. She knew that Zhou Hao was not to be trifled with. She was very worried about William, Ning Yunfeng, and the others!

With Wen Jiutian’s identity, Zhou Hao could basically do whatever he wanted in the Moro Race. If they wanted to go against Zhou Hao, they could not do it outside. However, in here, it would be even more difficult!

“Alright, leave this to us. Don’t worry, we know what to do.”

Su Xiaobing said directly.

“Yes, I’ve already instructed the people outside to listen to your orders. With them around, everything will be easier.”

Zhou Hao winked. When the four women heard this, they realized that Zhou Hao was actually very bad.

Of course, Su Xiaofei already knew this.

This guy was not easy to deal with. Wherever he was, many things would definitely happen.

As Zhou Hao spoke, he left and began to temper his mental strength.

However, the expressions of the people outside who had woken up were indeed extremely ugly!

In particular, as long as Ning Yunfeng and the others woke up, they would be beaten up by the lackeys from the Tenth Area. Although the sect also punished Wen Jiutian’s lackeys, the punishment was simply not enough. Instead, after a while, they were beaten until they were covered in injuries and were extremely depressed!

“Damn, they’re too much!”

At this moment, in a secret room, Ning Yunfeng and the others were sitting together. One of them cursed with a red and swollen face.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 573 - Business

Chapter 573 Business

They sat together with ugly expressions!

These people were all geniuses. They had even obtained good identities!

Although their statuses were not very noble, they could still be considered important disciples in the Moro Race. They originally thought that they could obtain a lot of good fortune, but how could they have guessed that Zhou Hao actually had such a noble status!

On the other hand, he had turned the tables and dealt with this group of people. In just a few days, they would either be beaten up or unable to leave the house. Basically, they were blocked from any opportunities to find good fortune in the Moro Race!

Of course, some were worried, and some were happy. When Fatty Jin learned of this, he naturally found Zhou Hao immediately. Sun Yue was the same.

Zhou Hao naturally welcomed them and gave them a lot of preferential treatment. The Tenth Area basically became their home!

However, they were still a little worried about Zhou Hao's actions.

"Aren't you afraid that those people will work together to deal with you?"

Sun Yue could not help but ask.

"Why should I be afraid? They're not my match outside, and they're even less so here."

Zhou Hao smiled and was very calm. He was naturally telling the truth. To Zhou Hao, they were not his match outside, let alone here!

"Uh... you're really confident." Sun Yue smiled and could not help but say.

At this moment, Fatty Jin ran over. "Big Brother, these people want to fight you!"

Zhou Hao was stunned for a moment. "A fight?"

"Uh... apparently, they teamed up and want to talk to you. Should we go?"

Zhou Hao smiled. "Of course I have to go and see what methods they have. If they don't have anything up their sleeves, then they have to listen to me if they want to obtain good fortune in the mental world of the Moro Race. Otherwise... Hmph!"

"Big Brother, why don't we kill them all? After all, no one would know that we did it. If we keep our mouths shut, the others won't know either."

Fatty Jin winked. He was not afraid of anything at all.

"Kill them all?"

Hearing this, Sun Yue, Su Xiaobing, and the others were shocked. They never expected Fatty Jin to actually be so ruthless despite looking like an honest man!

"Killing them is not a bad choice. After all, we've already offended them and won't be able to reconcile. However, killing them now is still risky. They must have some methods. If we fail, I'm afraid we'll be jointly criticized when we go out."

After all, they had limited time here. They won't stay here forever and will leave one day.

Zhou Hao was in the Battle God Battalion. Although he was not afraid of these people, what about his family?

These people were not easy to deal with. Take Ning Yunfeng for example. If the people from the ancient martial families really wanted to deal with his family, they could endanger his parents' lives without him knowing. Therefore, Zhou Hao did not want to be too ruthless!

However, there were still lessons to be taught!

"That's true... Brother, what should we do?" Fatty Jin immediately said.

"I'll meet them. Let's see if they will act according to the situation."

As Zhou Hao spoke, he directly led them to the agreed location.

as

The Moro Race territory was very large. Ning Yunfeng and the others deliberately avoided the interior and found a place outside to meet.

When Zhou Hao arrived, he saw that the expressions of the people present were extremely ugly and smiled.

"Long time no see, everyone."

As Zhou Hao spoke, his gaze deliberately paused on Ning Yunfeng. The latter snorted and looked at Zhou Hao without saying a word.

However, Zhou Hao did not care. Instead, he sat in the main seat and looked at them as he said indifferently.

"This Moro Race is indeed worthy of being a powerful race from ancient times. These opportunities are simply unbelievable. I wonder if everyone has obtained anything in the past few days?"

"Of course, if you guys want to obtain good fortune, I happen to have the ability to help you guys. However, the price for my help is very high. I wonder if you guys want it."

Zhou Hao said indifferently, his words making their expressions turn ugly.

This guy still had the cheek to do business with them. He was clearly the one who stopped them from searching for good fortune, but now, he jumped out and said that he was willing to help them find good fortune. He was simply too shameless!

Their expressions were ugly as they looked at Ning Yunfeng and did not speak.

Zhou Hao also smiled. "What? You don't have anything to say? Since you don't, I'll be leaving. My time is money. There are many places in the Moro Race where I can cultivate. I have to make the best use of my time."

As Zhou Hao spoke, he was about to leave.

Ning Yunfeng and the others naturally wouldn't let Zhou Hao leave like this.

Therefore, Ning Yunfeng stood up and said indifferently, "Zhou Hao, before we came here, we had an agreement not to fight among ourselves. By doing this, you're breaking our agreement." "Agreement? Sorry, you didn't invite me to that meeting. I didn't go either, so I naturally don't know what this agreement was."

Zhou Hao smiled. His words immediately made Ning Yunfeng's expression turn ugly.

The people beside him were even more furious. They immediately slammed the table and shouted angrily.

"Zhou Hao, you're too arrogant. Do you think you're very powerful? I'll kill you today!"

As he spoke, that person could not tolerate it any longer and immediately attacked. In this place, he could not unleash his combat strength and only had the strength of his host.

As for his host, he had just become a supernatural expert. Zhou Hao was already a Heaven Realm expert. Seeing him punch over, Zhou Hao waved his hand and a powerful force directly knocked him to the ground, making him vomit blood.

"Your courage is commendable, but you forgot that... you guys can't beat me here."

Zhou Hao smiled and swept his gaze over everyone before continuing.

"If you want to rely on brute strength, that's fine too. I won't refuse. However, I wonder if you can resist my strength."

Zhou Hao was very indifferent. After he finished speaking, the expressions of the people present turned even uglier. On the other hand, Fatty Jin and the others were smiling as if they were watching a show.

Ning Yunfeng knew that this was not a solution at all. Therefore, he took a deep breath and immediately said.

"Zhou Hao, tell me what you want to do!"

Ning Yunfeng had to say this. After all, they were now all living under the same roof and had no choice but to lower their heads. This mental world would only exist for a month. Now that they had woken up, a week had already passed. If they continued to delay like this, they really wouldn't have any chance to obtain any good fortune before the entire mental world ended.

Zhou Hao looked at Ning Yunfeng and found it funny when he saw that the other party was very angry. However, he still spoke and stated his condition.

“My condition is very simple. I want your wealth in the outside world. In exchange, I can provide you with a Saint Realm cultivation technique. I have a total of eighty-one of them. I have all the types you want. However, your wealth will be a key component for us to reach an agreement. The price of my cultivation technique is 1 billion per cultivation technique!”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 574 - Attack

Chapter 574 Attack

Zhou Hao smiled faintly. After he finished speaking, their expressions changed slightly. When they heard Zhou Hao mention the eighty-one Saint Realm cultivation techniques, their eyes instantly burned!

This Saint Realm cultivation technique was not an ordinary cultivation technique. Even if they had a deep background, it was still very difficult for them to obtain it!

Even Ning Yunfeng's eyes flashed with surprise when he heard this news!

If what Zhou Hao said was true, then they were really tempted!

The few of them looked at each other. Their gazes were not subservient, but instead contained cold killing intent!

At this moment, they had the intention to kill!

They did not act like this just now because there was no huge temptation of benefits. At this moment, they completely had a reason to attack!

The reason why Zhou Hao said this was to speed up the process. Otherwise, it would be too slow. If they did not say or do anything, how could his business continue?!

After saying this, Zhou Hao could already sense the changes in their expressions.

“What? Are you guys not interested?” Zhou Hao immediately asked. He even took out the cultivation technique. It flickered with an ancient aura, making everyone’s expressions change!

A burly man not far from Zhou Hao stood up.

“Zhou Hao, you’re really impressive to have gotten such a good treasure. However, it’s very difficult for you to cultivate the eighty-one cultivation techniques alone. Why don’t you give it to us!” With that said, the other four auras also exploded!

They suddenly attacked!

There were a total of five of them!

The person who had just spoken roared and grabbed at Zhou Hao’s hand with a thunderous aura!

Another man not far away waved his hand and sprinkled red, yellow, blue, and green poison. It turned into a palm that also headed towards Zhou Hao.

The lightning power was indeed extraordinary, and so was the poison. Zhou Hao could not help but narrow his eyes.

Among the five of them, Ning Yunfeng was also one of them. He was the organizer this time and would naturally attack!

William had not spoken just now. Now that they had attacked, he, who had always been cautious, was naturally the same!

He did not use his cultivation technique and instead used a mental attack. His host was a Moro Race member and had powerful mental strength. However, he could only use the ability of the host of this world.

Ning Yunfeng was also extraordinary. A huge saber beam condensed when he attacked. This saber beam was also condensed by mental strength and was very powerful!

Although his identity was not a core disciple, he was still a genius with a status that was almost comparable to a core disciple. His methods were naturally powerful!

The fifth person was also powerful. He took out a strange device and activated it. After that, he put on armor that emitted a hot force!

The five of them attacked together without any prior discussion. However, they were all people who had experienced hundreds of battles and naturally knew when to attack to produce the greatest effect.

However, they underestimated Zhou Hao!

The moment they attacked, Zhou Hao smiled and was also prepared!

Zhou Hao was most worried that they would not attack. In fact, if they attacked now, it would be much easier!

Of course, Zhou Hao also knew that they could not afford to wait. If they continued to waste time like this, it would not be beneficial to them at all. It was better for them to do this now and take a gamble. Perhaps they would get lucky!

“Hmph, although he’s strong, can he resist the five of us?”

“This is not the outside world. His physical strength can’t be brought in. Moreover, we’ve all entered the mental world and are using the host’s strength. We can’t even master the essence. I don’t believe he can!”

“Arrogant person, kill him today and share his dirty items!”

These people sneered in their hearts and attacked directly.

At this moment, they also saw that Su Xiaobing and the others did not intervene. Fatty Jin and the others also stood by the side.

At this moment, they only had eyes for Zhou Hao. However, if they found out why Su Xiaoyu and the others were not intervening, they would probably immediately regret their decision!

“Do you think I can’t do anything to you just because I can’t use my physical strength here? Hehe, you’re really wrong!”

Zhou Hao smiled. As he spoke, his mental strength exploded with a bang, and a powerful force swept out!

He had been tempering his mental strength these past few days and had long wanted to try. However, back then, he had no one to practice on!

Zhou Hao also wanted to test how powerful his mental strength was!

The moment the five of them arrived, Zhou Hao had already moved. He looked at the person closest to him. This person's cultivation was extraordinary, but in Zhou Hao's eyes, he was nothing!

He immediately condensed a mental strength palm and slapped over!

The moment this person saw Zhou Hao's palm, his expression immediately changed drastically. He could sense an irresistible force in that palm. Without saying a word, he turned from attacking to defending!

However, he was still sent flying by Zhou Hao's slap!

Zhou Hao also smiled at the person who used the poison.

"Your poison is too simple. It can't kill me at all."

Zhou Hao was careless at all. With a wave of his hand, a barrier power condensed into a light screen, instantly enveloping the poison and directly obliterating it!

Before he could react, Zhou Hao slapped him.

At the same time, William also came over. Although his mental strength was very powerful, compared to Zhou Hao, it was like the difference between a star and a moon!

Zhou Hao waved his hand, and the powerful mental strength palm slapped over ruthlessly. In an instant, the other party's mental strength palm was obliterated.

Not only that, but Zhou Hao's body moved and appeared above William's head. His mental strength turned into a hammer that smashed down!

William could only resist with his full strength.

However, how could he resist Zhou Hao's attack? Without hesitation, he was sent flying on the spot and spat out blood!

At this moment, Ning Yunfeng also arrived. However, he had also seen the three of them lose to Zhou Hao!

At this moment, Zhou Hao smiled and looked up at Ning Yunfeng. His eyes were filled with deep killing intent, making Ning Yunfeng's back turn cold and his scalp tingle. He was actually frightened by Zhou Hao's gaze on the spot and did not dare to attack. His body forcefully stopped in midair as cold sweat flowed!

Zhou Hao sneered and could not be bothered with him. Then, he dealt with the last person and arrived in front of them.

“Tell me, why do you have to fight? Did I say I wanted to fight you? I obtained this treasure. If you want it, you have to pay the price. Don't you have to pay for your meals?”

“It's that simple. Why did you have to attack? You guys are really going against the rules. Do you guys know that?”

As Zhou Hao spoke, he directly grabbed one of their heads and smashed it to the ground.

Chapter 575 - Extremely Shameless

Chapter 575 Extremely Shameless

Zhou Hao said as he smashed.

“Why do you have bad intentions towards my treasure? Did I do anything wrong? If you want this cultivation technique, you have to buy it. You have to pay the price fair and square. Why do you have to shout and attack me?”

Although Zhou Hao spoke, his hand did not stop. He grabbed the person's head and kept smashing it towards the ground!

Soon, the person's face was covered in blood, but this person was still unable to escape from Zhou Hao!

With Zhou Hao's powerful mental strength, he directly imprisoned their bodies. At this moment, they could only let Zhou Hao do as he pleased.

Zhou Hao's action dumbfounded them. All of them looked at Zhou Hao in fear.

In particular, the people who had attacked Zhou Hao previously were all treading on thin ice. This was because they did not know if Zhou Hao would also smash their heads like this!

However, what would come would still come. Zhou Hao looked at them and could not help but say.

“You guys... also attacked me just now, right? Tell me, what are you guys doing? How could you guys do this? What if you set a bad example for the kids?”

As Zhou Hao spoke, he put the person down and walked towards them.

One of them was incomparably frightened. At this moment, he was already terrified. He directly struggled free from Zhou Hao's restraints. His body moved and he flew out.

However, it was already too late.

Zhou Hao arrived in front of him and slapped with his hand. The huge mental strength was like a mountain pressing down on him, making him unable to resist. He was immediately slapped to the ground and spat out blood!

“What? Running away? You're too immoral. After hitting me, you ran away. Do you think you can get away with that?”

“Also, we all came from the real world. We're supposed to be good friends and comrades, but what about you guys? You actually bullied me. I'm very sad that so many people tried to beat me up, understand?”

Zhou Hao's words simply made them furious!

He called them good friends and comrades!

However, what had he been doing behind their backs this entire time? This brat had specially dealt with them. Among them, several of them were beaten to the point of not daring to go out!

Wasn't it too shameless to say such things now?!

However, no one dared to say any of this. Seeing that Zhou Hao had grabbed another head and smashed it towards the ground, they were all dumbfounded!

“The two of you also attacked, right? By the way, you still haven't told me why you attacked, right?”

Zhou Hao directly jumped in front of the two of them and looked at them sideways. The huge deterrence and pressure made their backs turn cold and cold sweat flowed down.

One of them's eyes flashed and his head instantly came alive as he pleaded.

“Zhou Hao... No, no, no, Brother Zhou, no, no... Grandpa Zhou, how about this... I... I'll give you 50% of my treasure as compensation. Can you let me off?”

After the person finished speaking, he was nervous. Zhou Hao's expression was happy as he blinked and looked at him, thinking to himself that this person was really smart!

"Hey, hey, hey, isn't this all just a misunderstanding? Couldn't you have made yourself clear from the beginning? I've always been a magnanimous person. I won't take such a small matter to heart. Oh, right, are you really willing to give me 70% of your treasures?"

Zhou Hao blinked and smiled.

The person's expression immediately froze.

"Brother Zhou... I just said 50 %..."

"What? 50%? You clearly said 70%. What do you mean? Are you messing with me?"

Zhou Hao was immediately furious and acted like he was about to deal with him.

"No, no, no, I was wrong. I was wrong. 70%, 70%, Brother Zhou, 70%!"

That person was instantly afraid and changed his tone.

"Sigh... that's right. Kid, you have a bright future!"

Zhou Hao patted his shoulder and winked.

"However, I can't just believe you based on your words."

After Zhou Hao finished speaking, the person was stunned.

"I swear, I swear, alright?"

"If swearing was useful, why would we need law enforcement? I don't believe you!"
Zhou Hao immediately said.

"Then... then what should we do?" The person was also confused and did not know what to do!

"It's very simple. Can't you just give me an IOU? Just write that you owe Zhou Hao 70% of the treasures and the net worth of everything you have on you. Oh, right, don't try to mess with me. I know how much your net worth is. If it's any less, hehe, don't blame me for being impolite!"

Zhou Hao immediately sneered. When that person heard this, he immediately started writing

He was really worried that he would be killed if Zhou Hao accidentally used too much strength!

Compared to money, his life was more important!

With someone setting an example, the others also understood the situation. They immediately took out 70% of their treasures and wrote an IOU to protect themselves!

Zhou Hao was very happy. Then, he looked at Ning Yunfeng.

“Brother Ning, look at you. Is this...? Hmm?”

Zhou Hao smiled and did not finish speaking. Ning Yunfeng’s expression was even uglier than shit!

“Take it!”

He suppressed his anger and waved his hand to write the IOU before leaving.

Zhou Hao smiled and did not care. Then, he looked at everyone.

“The transaction I mentioned just now is not bad. However, if you guys want to buy a Saint Realm cultivation technique with 10 billion, the offer still stands. I won’t scam you guys.”

Zhou Hao said indifferently. In their eyes, this guy was simply a demon.

However, what could they do? They did not dare to not buy it. This brat was too ruthless. He would attack if they decided not to buy. In the end, he would even pretend like he did nothing wrong!

Why didn’t they realize long ago that this brat was so shameless?

If they had known this would happen, they wouldn’t have gone against such a person!

Regardless of whether they were willing or not, these people also took out the IOUS to exchange for the Saint Realm cultivation techniques!

Zhou Hao chuckled. He was really happy. Holding a large number of IOUS was simply awesome!

“This is worth at least hundreds of billions. How satisfying!”

Zhou Hao was overjoyed. Su Xiaoyu and the others were also speechless when they saw Zhou Hao like this.

They had never expected Zhou Hao to be so shameless.

Of course, Su Xiaofei still knew that Zhou Hao was this shameless. Moreover, he was smart. Fortunately, they were friends with Zhou Hao. If they were enemies, they would not be able to resist at all! After all, he was capable of anything

Zhou Hao smiled and returned with his gains.

After returning to his residence, Zhou Hao divided the money and went to temper his mental strength.

However, at this moment, Wen Cangdao's tired voice sounded in Zhou Hao's mind.

"Little brat, come over."

Zhou Hao was stunned for a moment and did not hesitate. He directly went to the hall in the Tenth Area and was stunned for a moment when he saw his parents!

Chapter 576 - Opening the Moro Heaven Tower

Chapter 576 Opening the Moro Heaven Tower

Zhou Hao was stunned for a moment when he saw Wen Cangdao and Li Fanchen!

It had only been a few days since they last met, so why had they aged so much? They looked exhausted and weak!

"Dad, Mom, are you guys hurt?"

Zhou Hao was very worried and hurriedly asked.

"Little brat, can't you say something nice?!" Li Fanchen could not help but curse. Then, she waved her hand and threw a spatial ring over.

"We've stored all the savings we've accumulated inside there. There are also top-notch perfect-grade energy crystals and many weapons. In addition, your father and I worked together to create a mental clone. This clone is specially made for you. It condenses

half of your father and my mental strength and can resist Saint Realms or even peak-level Saint Realm experts!"

When Zhou Hao heard this, he was a little puzzled, not understanding why the other party did this. What were his parents doing?

"Dad, Mom, keep it. Why... Why are you guys giving this to me?!"

Zhou Hao hurriedly said.

Wen Cangdao smiled slightly. "Stinking brat, didn't you say that you wanted that Ancestral Physique cultivation technique? Your mother and I have thought for a long time and couldn't think of a way to obtain it. Therefore, we prepared these things for you. In a few days, the Heaven Tower will open. At that time, you can enter with these things."

"The Heaven Tower is very difficult to beat. The challenge on each floor is extremely difficult. With your cultivation, you can only pass through the first three floors. However, you won't be able to pass the remaining seven floors. Therefore, these things are to help you pass the remaining seven floors and help you obtain the Ancestral Physique cultivation technique!"

At this point, Wen Cangdao took a deep breath and coughed. Zhou Hao was very anxious.

"It's fine. It's just that the past few days have been too draining. It's nothing serious. We won't die yet." Wen Cangdao said indifferently.

"Dad, Mom... you guys..."

To be honest, Zhou Hao was really very touched. Wen Jiutian's parents were simply too good to him. Although he knew that this was only because they thought that Zhou Hao was their son, Zhou Hao was still very touched.

"Alright, you're a young man. What's there to be shy about?"

Li Fanchen could not help but roll his eyes at Zhou Hao and say.

"By the way, you got so many girls staying here, but it doesn't seem like you've done anything to any one of them. What does this mean? Could it be that... you aren't capable of doing it anymore?"

Li Fanchen changed the topic and Zhou Hao was immediately speechless!

Was this something a mother should say? It simply shocked him.

“Mom, these are all my friends,” Zhou Hao hurriedly said.

“Friend? Not drinking buddies?” Li Fanchen could not help but ask.

“What drinking buddies?” Zhou Hao was stunned for a moment. This was the first time he had heard of this term.

“An intimate friend who had a physical relationship after drinking. Isn’t that... your relationship with them?”

Li Fanchen could not help but say.

“What... these are my good friends. They’re not like what you said at all!”

Zhou Hao did not know what to say!

“Alright, alright, I won’t say anymore. However, at your age, it’s also time for you to start a family. Your reputation in the sect is terrible. It won’t be easy for us to propose a marriage. If you like any girl, just tell me and I’ll help you handle things. You can leave everything else to us. How about that?”

Li Fanchen blinked at Zhou Hao. Her inappropriate words made Zhou Hao very depressed.

At this moment, his thoughts were not on this at all. He only wanted to obtain the Ancestral Physique and the spirit gem as soon as possible.

However, Zhou Hao still felt a little reluctant to see them like this.

“I... I’ll try my best...”

Zhou Hao took a deep breath and said.

“Alright, go back and prepare.”

Wen Cangdao smiled and waved his hand to send Zhou Hao out.

Zhou Hao took a deep breath and looked at the hall, his heart somewhat heavy.

After Zhou Hao left, a trace of determination flashed in the eyes of the two people in the hall. They looked at each other and smiled.

“Our son has grown up...”

“That’s right... He’s grown up... but...”

As he spoke, Wen Cangdao took a deep breath and looked at himself and the hall.

“However... We... have been dead for so long. Our mental strength has also been attached to the Moro Race’s spirit gem. Why did we wake up this time?”

Wen Cangdao looked at his wife and muttered to himself.

Li Fan was stunned for a moment, but her eyes quickly flashed with clarity.

“Why... Could it be that our mental strength... has been awakened after the opening of the mental world?”

Wen Cangdao sighed, but soon, he smiled.

“Since we can recover a trace of clarity from the control of this spirit gem, it means that our son has succeeded. Only the mental strength of a living person can awaken the mental strength of a dead person. And there’s only one person who can wake the two of us up together!” As Wen Cangdao spoke to this point, he smiled. Li Fanchen also smiled.

“Then that little guy...?”

“Although he’s not our son, he must have been recognized by our son to have entered this world with our son’s mental strength. Since he’s someone our son recognizes, we can also consider him to be our son!”

Wen Cangdao smiled. His gaze seemed to be able to see through the hall and look at the distant Zhou Hao. He could even see the true mental strength of Wen Jiutian attached to Zhou Hao!

Zhou Hao did not know this.

He used all his strength to prepare for the Heaven Tower that was about to open!

This was because he knew that he only had one chance. This time, if he did not seize this opportunity, not only would he not obtain the spirit gem, but he would also not be able to obtain the Ancestral Physique!

Therefore, Zhou Hao did not hesitate at all!

In the blink of an eye, three days passed!

On the morning of the third day, an ancient aura rose in the entire Moro Race!

As this ancient aura appeared, ten figures directly stepped into the sky! The armor in the air attached to their bodies. Immediately, a powerful mental strength exploded. As they connected, they directly condensed into the shape of a tower!

This tower had a total of nine floors!

However, above the ninth floor, the blurry scene prevented Zhou Hao from seeing if there was a tenth floor!

All the Moro Race beings looked at the Heaven Tower in incomparable shock!

“I didn’t expect the Moro Heaven Tower to open!”

“The Heaven Tower of my Moro Race is different from the other Heaven Towers. It’s the real deal, and it basically contains all the treasures of the world!”

The Moro Race beings were all shocked. It was not only them. Even Su Xiaoyu and the others from the real world were the same!

“In our world, there are also many Heaven Towers. The various families and factions all have a Heaven Tower of different sizes, but those are not the real deal. Even the one in the Battle God Battalion is not the real deal. The real deal is here... This is the true Heaven Tower!”

They muttered to themselves in shock.

At this moment, the Moro Race’s leader among the ten radiant figures spoke indifferently.

“The opening of the Moro Race’s Heaven Tower will last for seven days. All members of my Moro Race can enter and seek good fortune. After seven days, the Heaven Tower will close for a hundred years. Therefore... treasure this opportunity and obtain as many treasures as you can!”

“Alright, enter!”

- Chapter 577 - ighting oneself

Chapter 577 - ighting oneself

Chapter 577 Fighting oneself

As soon as he finished speaking, everyone in the mental world looked up at the Heaven Tower!

At this moment, Ning Yunfeng was the same. His expression was cold!

“The Heaven Tower has opened. There’s good fortune inside. Zhou Hao, just you wait!”

After Ning Yunfeng finished speaking, he directly walked towards the Heaven Tower!

“It’s not easy for the Heaven Tower to open. This time, we have to obtain a lot of good fortune!”

In the mental world, all the illusory Moro Race beings entered one after another.

Zhou Hao saw this and also flew in!

As soon as they entered, the ten area masters looked at the Tenth Area Master, Wen Cangdao, with strange expressions!

“Brother Wen, is it really worth it for you and your wife to work together and consume half your lives to open the Heaven Tower?”

Wen Cangdao and Li Fanchen looked at each other and smiled.

“We don’t care about that. We just know that this is what we were supposed to do...”

The couple smiled. However, after hearing this, their gazes were filled with confusion.

“Although our spirit bodies have been absorbed by the spirit gem, at this moment... We have also awakened a lot of intelligence. The opening of this spirit world is only a legacy. Moreover, you guys... should know that the current Wen Jiutian is not really Wen Jiutian!”

Wen Cangdao’s expression remained and his eyes continued to stay bright.

“Even if he isn’t Jiutian, as long as Jiutian was willing to let him enter with his body, we are fine with it. If this is a person Jiutian has recognized, we will also recognize him!”

Wen Cangdao and Li Fanchen still smiled as they watched Zhou Hao enter!

After Zhou Hao entered, he was different from the others. The Heaven Tower here was incomparably vast. After everyone entered, they were all imprisoned in their own space. They could not see anyone else and could only see a figure that looked identical to them condense in this void!

“Defeat yourself and you can enter the next level!”

These were the first words spoken by the figures that looked identical to them! After these figures finished speaking, the battle began!

Zhou Hao was very shocked as he looked at the figure who was identical to him and had the same cultivation level. With a wave of his hand, powerful mental strength exploded with endless power.

And that person was the same!

“He’s no different from me. How am I supposed to fight this battle?”

Zhou Hao was very puzzled, but he still did not use the treasure Wen Cangdao had given him. Instead, he wanted to see if he could defeat the other party alone!

The other party’s martial cultivation and mental strength were identical to his. Powerful mental fluctuations swept out at this moment as they fought!

Not only that, but even their combat techniques were the same!

At this moment, Wen Cangdao looked at Zhou Hao and smiled.

“In the Heaven Tower, you will have to constantly fight yourself. In the end, although the cultivation levels will be the same, the grasp of martial arts is still different. These copies of you in the Heaven Tower are a manifestation of your true self’s strength. However... that strength will increase according to the floor number. Even I will find it very difficult to beat the version of you on the tenth floor. Therefore... you have to use the treasure I gave you well!”

Wen Cangdao’s voice sounded in Zhou Hao’s mind. He took a deep breath and understood! “This Heaven Tower is rather interesting. It’s as if I’m fighting a copy of myself. From the first floor to the tenth floor, I will have to fight myself again and again. However, every version of me on a higher floor will be even more perfect. It’s as if I’m looking at a mirror. In this Heaven Tower, I will need to fix my flaws and increase my combat strength.”

After Zhou Hao understood, he did not hesitate and fought.

“Jiutian, you have to remember that the version of you you’ll be fighting in the first five floors will only use mental strength to attack you. They will also be able to rely on your experience and are capable of unleashing their combat strength to the limit. However, things will not be the same after the fifth floor. After you get to the fifth floor, those versions of you will have a deeper understanding of living beings and their combat strength also surpasses your own. You have to find a way to increase your

comprehension. If you are unable to win, use the treasure I gave you. However, you must not forget to remember the entire process!”

Wen Cangdao continued, his voice echoing in Zhou Hao’s heart.

Zhou Hao nodded and understood. He was also shocked!

“I’m afraid this will be the only time you’ll have to fight yourself. Moreover, you’ll be fighting an even more perfect version of yourself. The other party will understand you better than anyone else!”

Zhou Hao smiled. At this moment, he understood that not only was he fighting himself, but he was also figuring out a way to defeat himself!

Slowly, Zhou Hao could already suppress his other self. As time passed, Zhou Hao finally defeated the other party.

“If you pass the first round, you can obtain a Saint Realm cultivation technique.”

As soon as he finished speaking, Zhou Hao arrived at the second floor!

He would still be fighting himself on this floor.

However, compared to the version of him on the first floor, this version was even more calm. His aura was more restrained, and his methods were also richer!

The combat experience was even more so!

Zhou Hao was suppressed, but he learned crazily. Gradually, his understanding of mental strength became stronger and he slowly adapted to this rhythm. He also resisted the other party’s methods!

The second floor, the third floor, the fourth

floor...

He repeated the process on all these floors as well...

Zhou Hao’s learning ability was shocking, and his combat talent was very extraordinary. Although this was still a mental world, Zhou Hao’s actual combat strength was at the Heaven Realm and he even knew Genesis Runes. His grasp of mental strength was naturally faster than others!

Soon, he arrived on the fifth floor!

The version of him that appeared was now different. He stood there without any aura, making Zhou Hao stunned.

Zhou Hao felt a sense of danger. At this moment, the person who looked identical to him actually unleashed extremely powerful mental strength!

Although this mental strength was powerful, the fluctuations were identical to his. It was the same mental strength, but the technique he condensed was even stronger and sharper!

Zhou Hao's expression was extremely ugly. He knew that the version of him on this floor was already not something he could resist!

Therefore, without hesitation, he took out the treasure Wen Cangdao gave him and even used the clone!

This clone was identical to Zhou Hao. At this moment, it appeared and became Zhou Hao's shadow. A powerful force rose.

Zhou Hao's expression changed and he was very shocked!

"Is this the mental clone my parents refined for me? It's indeed extraordinary!"

With the support of his mental clone, Zhou Hao's cultivation became even stronger. With a wave of his hand, endless mental strength was directly unleashed, instantly obliterating the other party!

He did the same thing on the fifth floor, the sixth floor, and the seventh floor!

Zhou Hao instantly passed the seventh floor!

At this moment, everyone was stunned!

This was because the strongest among them could only reach the fifth floor! The others had all failed when they reached the third or fourth floor. When they saw Zhou Hao enter the seventh floor, they were all dumbfounded!

"How... how is this possible? After all, that is the seventh floor. How could Zhou Hao resist it?!"

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 578 - Frog and Divine Soil

Chapter 578 Frog and Divine Soil

As they were shocked, Zhou Hao had already arrived at the seventh floor!

He was still facing himself on the seventh floor. However, his powerful strength was already comparable to the mental clone his parents had given him!

Zhou Hao was very shocked!

His own strength had already reached the Saint Realm. However, the strength of the other party was still limited to the Heaven Realm!

However, even so, the other party could still fight him to a tie.

This matter was really strange. How could a Heaven Realm expert fight a Saint Realm expert? However, at this moment, it was indeed possible!

Zhou Hao was shocked!

“Is this because of his understanding of living beings? The way he uses his mental strength seems to be different. It’s as if he is a level higher, reaching a completely new level!”

Zhou Hao was shocked and did not dare to believe it.

“Although he’s very powerful, the mental clone Father gave me can still defeat you!”

Zhou Hao took a deep breath and used all his strength. He even took out countless energy gems that erupted with powerful brilliance, instantly increasing the endless strength of the mental clone under the shadow!

It was also under this power that allowed him to instantly kill the other party!

Zhou Hao took a deep breath. The seventh floor was so difficult. What should he do on the eighth floor?

He entered the eighth floor, but strangely, he did not see a version of himself on the eighth floor. Instead, he saw a frog.

Seeing this frog, Zhou Hao was immediately stunned!

“The frog... why was the frog here?”

The little frog looked at Zhou Hao and chuckled.

“Yo, there’s actually someone who can reach the eighth floor. I’ve been bored here for a long time. Come, come, fight me for 300 rounds!”

The little frog laughed loudly. Its body moved and immediately turned into a huge toad. Its huge toes were even taller than Zhou Hao as it stomped fiercely at him!

Zhou Hao’s scalp went numb. He was puzzled as to why the frog had appeared on the eighth floor. At the same time, he was also shocked that this guy was actually so powerful and could even transform into such a huge body!

He hurriedly fought the frog and tried to think of a solution!

The frog’s strength made Zhou Hao’s heart palpitate. Although he had the mental clone to help him, he still could not defeat the other party!

“Wow, you brat, you’re very immoral. What treasure are you using? Why is your mental strength so condensed? Something’s wrong. There must be an expert who helped you condense a mental clone. Otherwise, how could you have arrived here!”

The frog was indeed smart. It could tell at a glance!

Zhou Hao took a deep breath and shouted.

“Frog Hero, do you know the divine soil?”

After saying this, the frog was stunned and immediately said.

“The divine soil of the ninth floor? Do you freaking know him?” The frog looked at Zhou Hao with its huge eyes and said directly.

“Of course, Brother Frog, that guy told me that you’re always bringing it to see women shower. He hates you very much. I originally didn’t want to tell you this, but after seeing your elegant and handsome appearance, I couldn’t help but want to tell you this!”

Zhou Hao hurriedly said. He knew the frog’s temper. This guy liked to be praised!

Indeed, after the frog heard this, it immediately smiled and coughed dryly.

“That’s right. I’m indeed elegant and handsome. However, I’m not a peeping tom. I was simply teaching that thing how to differentiate males from females. That guy doesn’t even know how to differentiate male and female. It’s pitifully stupid!”

The frog sneered and said.

“Brother Frog, that divine soil had asked me to teach it how to differentiate between male and female. However, I refused the divine soil because of you. I admire you very much. So, um... look, can you just let me pass?”

Zhou Hao smiled. He knew the frog's temper. This guy was not from the Moro Race. He must have stayed here for fun!

Therefore, as long as he said something interesting that could move the other party, the other party would definitely agree!

Indeed, the frog smiled when it heard this.

“Interesting. You suit my taste very well. In that case... I'll let you pass. In any case, I'm not a gatekeeper. I just sleep very comfortably here since no one can disturb me here.”

The frog waved its hand and immediately, a light sprinkled down. Under Zhou Hao's shocked expression, he directly entered the ninth floor!

Zhou Hao was very emotional. This frog had a strange temper. Just now, it was still shouting and killing. Now, it had let him pass so easily... this guy did not care about anything. He did everything according to his preferences!

It was also at this moment that Zhou Hao arrived at the ninth floor and saw a huge white face floating in the air.

Zhou Hao was shocked. Was this divine soil?

This aura... was a little powerful!

It had become stronger compared to when it was following him. What was going on?

“Kid, you actually came to this floor. That toad actually let you come up?”

The divine soil was very surprised. It still knew the methods of the frog. How could this guy get up there?

Zhou Hao smiled. “Grandpa Divine Soil, well... I was sent here by the frog. It wanted me to teach you how to differentiate between male and female.”

“What?!”

When the divine soil heard this, it was immediately excited.

“Can you really teach me how to differentiate between male and female? I've been unable to differentiate them for so many years.”

It did not dare to believe it. It looked at Zhou Hao and could not help but exclaim.

“Of course. However, the condition is that you have to let me pass!”

Zhou Hao smiled. As soon as he finished speaking, the divine soil narrowed its eyes.

“Hehe, so you want to go to the tenth floor. You’re quite bold. Aren’t you afraid of dying on the tenth floor?”

The divine soil suddenly sneered, making Zhou Hao stunned.

“Why? Isn’t the tenth floor the place with good fortune?” Zhou Hao could not help but ask.

“It’s indeed a land of fortune, but that’s only if you can stay alive. Kid, with your ability, you’ll definitely die after entering the tenth floor. It’s already not easy for you to reach the ninth floor. You can already obtain a lot of good fortune without going up there, so don’t be greedy.” The divine soil waved his hand and immediately said.

Zhou Hao naturally could not agree. The tenth floor had a spirit gem and the Ancestral Physique secret technique. Wouldn’t it be a pity if he did not go?

“Grandpa Divine Earth, I really want to know what’s the danger on the tenth floor. Why will I definitely die if I enter?”

Zhou Hao immediately said.

“Because... there’s a ferocious spirit imprisoned there!”

These words immediately stunned Zhou Hao.

“ferocious spirit? What’s that?”

Zhou Hao did not understand and could not help but ask.

on

“The spirit body of a bad person. This person has been imprisoned on the tenth floor for a long time by the Moro Race and has been used to guard the mental gem and supreme secret manuals on the tenth floor. If you go in, you will definitely be torn apart by him. Therefore, return obediently and you can still preserve your life!”

After the divine soil finished speaking, Zhou Hao indeed hesitated for a moment!

The divine soil was extraordinary to begin with and had never lied to him. Therefore, the tenth floor was definitely filled with danger!

Chapter 579 - Dark Man

Chapter 579 Dark Man

Zhou Hao hesitated. However, if he did not go to the tenth floor, he might regret it for the rest of his life. However, if he went, he was really worried that something would go wrong like what the divine soil said!

“Grandpa Divine Soil, I still want to go!”

Zhou Hao took a deep breath and said.

“Are you sure?”

“Yes!”

Zhou Hao replied firmly.

“Since you want to go, I won’t stop you. However, before you go, tell me how to differentiate between male and female!”

The divine soil had not forgotten about this and could not help but say.

Zhou Hao nodded and used his mental strength to condense a man and a woman in the void!

“Grandpa Divine Earth, actually, men and women are very easy to recognize. Look here...”

As Zhou Hao spoke, he pointed at the man and woman’s chests.

“The thing that’s bulging here belongs to a woman. When you touch a woman here, she’ll definitely become furious and irritable. She might even want to kill you. Moreover, this thing’s soft to the touch.”

"If what you feel is hard and muscular, it means that you're touching a man. He usually won't be furious, but he will still be angry. However, his anger will be far inferior to a woman's anger."

Zhou Hao blinked and said.

This was all nonsense, but the divine soil actually listened!

"I see... When the frog and I peeked at people taking a shower, we saw many people with soft lumps on their chests. It turns out that they were all women. No wonder the frog revealed such a wretched expression!"

The divine soil could not help but say, making Zhou Hao helpless. He hurriedly said.

"In that case, Grandpa Divine Soil, since I already told you, can you let me pass now!"

Zhou Hao smiled and hurriedly said.

"Alright, go then!"

The divine soil kept its word. With a wave of its hand, Zhou Hao's body directly disappeared!

At the same time, everyone's expressions changed drastically because Zhou Hao had entered the tenth floor!

As for the tenth floor, it was not revealed. Everyone could only see up to the ninth floor because the tenth floor was enveloped in the sky and blocked by the clouds. No one could see it!

Wen Cangdao smiled and looked at Li Fanchen.

They did not know what Zhou Hao told the divine soil and the frog, but they knew that their son had entered the tenth floor!

This scene shocked the other area masters!

The tenth floor!

"Wen Jiutian actually entered the tenth floor. That place... even we don't know where it is!"

"I just heard that that place is very extraordinary. After entering, one would easily die. The spirit gem we obtained is stored there, and there's also supreme secret manuals there. Now that Wen Jiutian reached the tenth floor, perhaps he can really obtain that spirit gem and make it recognize him as its master?"

At this moment, the ten area masters could no longer sit still. They were very nervous. Zhou Hao naturally did not know that his figure had appeared on the tenth floor!

The moment he appeared, Zhou Hao felt endless darkness and endless coldness!

This coldness and darkness made him feel as if he was in front of a deep sea beast with its mouth wide open. He could not see anything, but he could sense the threat of death!

Zhou Hao felt as if he had been struck by the ground. He hurriedly circulated his cultivation, prepared to resist what was about to happen!

At this moment, a crisp sound sounded, like the sound of steel colliding.

In the next second, a person in chains walked out!

This person made Zhou Hao's expression change!

He was not shocked by this person, but by this chain!

This chain was identical to the Azure Dragon Chain he had seen before. It was filled with the power of Genesis Runes!

Could it be that... this person was also imprisoned here by that bastard?

"Hehe, to think that someone could actually get this far... I haven't seen anyone for so many years!"

That person had disheveled hair and a dirty face. His appearance could not be seen clearly, but the aura on his body made Zhou Hao's scalp tingle!

The other party had surpassed the Saint Realm! He was even stronger than his father, Wen Cangdao!

This was because the aura on his body was far stronger than his father's!

Zhou Hao took a deep breath and said.

"Greetings, Senior."

Zhou Hao did not know how to address him and could only say this.

"What a polite brat. You're here for the spirit gem, right? Sorry, I can't give it to you. Not only that, but I also want to kill you and invade your body to escape!"

That person smiled coldly.

Zhou Hao took a deep breath and said, "Senior, I don't know what happened to you, but... I want to ask if the chains on your body are made from the power of Genesis Runes?"

These words immediately made the man's expression change drastically. He opened his eyes in shock and looked at Zhou Hao in disbelief.

"You actually know about Genesis Runes. I'm afraid... not many people in the entire Moro Race know about this. How would a junior like you know?"

"Also... you were actually able to come so far... How did you get here?"

He finally reacted and hurriedly said.

"I naturally walked up floor by floor," Zhou Hao said.

"You have some ability. You said that this chain is made of the power of Genesis Runes. Let me ask you, do you know anything about Genesis Runes?"

The man said nervously.

"Of course, I... am also a Genesis Rune Master!"

Zhou Hao immediately said, and the other party's expression changed drastically!

"You know about the Genesis Rune... are you Huang's disciple? Or are you... related to that demon?"

At this point, the man lowered his voice. His body also gave off the smell of a beast, as if he would instantly kill Zhou Hao if he said anything wrong!

"I'm not related to that demon, nor am I Huang's disciple. I just unintentionally obtained the power of the Genesis Rune and inherited its essence," Zhou Hao replied truthfully.

That person narrowed his eyes and looked at Zhou Hao.

"You accidentally obtained it? I'm not satisfied with this answer!"

That person snorted and walked over slowly.

"I don't believe what others tell me. I only believe what I can see for myself. Since you know about Genesis Runes and have come to me, you won't be able to leave. I want to occupy your body and take a good look at your memories!"

As the person spoke, he waved his hand, and endless darkness enveloped Zhou Hao!

This darkness was very deep and powerful. Zhou Hao was unable to resist it at all!

“Senior!”

In his panic, Zhou Hao hurriedly shouted!

That person looked at Zhou Hao and sneered.

“Why? Are you afraid? Scared? I haven’t felt such joy in a long time. Let me apologize to you in advance. Sorry, but I want to use you to experience the joy I haven’t enjoyed for a long time!”

As he spoke, he no longer held back. Darkness instantly enveloped Zhou Hao. At this moment, Zhou Hao was also about to step into darkness!

He knew that once he entered the darkness, only death awaited him!

Zhou Hao gritted his teeth and immediately clapped his hands together. He pointed fiercely at the darkness!

“Seal!”

This was the power of a Genesis Rune. Zhou Hao did not know if he could use it, but he kept feeling that since he was a Genesis Rune Master, he would definitely be able to use it. It didn’t matter whether he was in an illusion or reality!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 580 - Puzzlement

Chapter 580 Puzzlement

Zhou Hao had not used the power of a Genesis Rune for a long time. It was not that he did not want to use it, but there was really something wrong with this technique. Moreover, he would be monitored by that person!

However, at this moment, Zhou Hao had already discovered that there was no other way to stop the other party!

He could only give this a shot!

Therefore, at this moment, Zhou Hao did not hesitate and immediately used the power of the Genesis Rune!

With a bang, a powerful fluctuation instantly spread out. Endless strange power condensed into a word!

Seal!

As soon as this word appeared, countless more seals appeared behind Zhou Hao!

When that person saw this, his expression suddenly changed as he was directly imprisoned!

This person's body was covered in endless darkness like an abyss. However, at this moment, this person was still unable to do anything and was fixed in place!

His face was filled with disbelief and shock!

After using this technique, Zhou Hao felt his mental strength instantly being absorbed. A weak feeling instantly appeared in his body!

Zhou Hao looked at the person and hurriedly said.

"Senior, I don't mean to offend you. I don't want to do anything. The Moro Race has already disappeared for a long time. This time, it has only reappeared as a mental world. I don't know if you're an illusionary person in the mental world, but I really don't have any ill intentions!"

"I just want to take the spirit gem and obtain the Ancestral Physique. It's that simple!"

Zhou Hao was worried that the other party would misunderstand, so he hurriedly explained. It was not that he really wanted to do anything, but that he wanted to obtain good fortune!

Hearing Zhou Hao say this, the ferocity in the person's eyes disappeared. The other party narrowed his eyes and said indifferently.

"Of course I know that this is an illusory world. The Moro Race has already been destroyed, but I haven't disappeared. The tenth floor is an eternal space. Everything that is in here won't disappear."

After this person finished speaking, Zhou Hao was shocked. This person was actually still alive in this world. However, was he unable to leave the ancient ruins?

Or was he unable to leave the tenth floor of the Heaven Tower?

“Kid, since you know a Genesis Rune, that’s good. Let’s make a deal. Open my chains and I won’t kill you. How about that?”

The person spoke with a hint of anticipation.

However, Zhou Hao was unable to tell if this person was a good person or a bad person. Therefore, he did not dare to let him out easily.

“Sorry, Senior, I can’t let you go!” Zhou Hao said directly.

“I know what you’re worried about. I’m already someone from the last century, so I naturally won’t interfere in your matters. I have my own things to do. Don’t worry, I won’t stay here on Planet Earth. I want to leave this place and do what I should do!”

Zhou Hao looked at this person. For some reason, he felt that this person was not lying.

However, Zhou Hao was still a little uncertain!

“But how can I prove that what you said is true? What if you’re lying to me?”

Zhou Hao said bluntly.

The person smiled. “After saying so much, you still don’t trust me. Kid, do you think your Genesis Rune power can control me? You’re wrong. If I wanted to struggle free, I could have done so directly. The reason why I don’t want to is because I don’t want your Genesis Rune power to spread out and be sensed by others. Look above your head!”

After he finished speaking, Zhou Hao hurriedly looked up. His expression immediately changed!

There was a strange light barrier above his head, and this light barrier was emitted from the man’s body.

In other words, this man had completely enveloped his Genesis Rune aura so that it wouldn’t alert anyone?

The person smiled and waved his hand. Countless pieces of glass seemed to have shattered in front of him. Then, he regained his freedom and unlocked the seal.

“With the power of the Genesis Rune, that person will definitely kill you. If not for my help, it would have been even easier for him to attack you if he knew that you were in the ancient ruins.”

“Don’t bother telling me that you can’t enter this place unless you’re below the Heaven Realm. You’re wrong. Just because a Heaven Realm expert can’t enter, it doesn’t mean that a Saint Realm expert can’t enter. It also doesn’t mean that a Dao Realm expert

can't enter. Moreover, aren't you curious? Why is it that you can enter the ancient ruins as you please but a Heaven Realm expert can't? Moreover, who can guarantee your safety in the ancient ruins?"

"All of you are geniuses nurtured by the various factions. If they didn't investigate thoroughly and send you in, what if something bad happened to all of you? Wouldn't they be sending the geniuses they nurtured painstakingly to their deaths?"

That person had a sneer on his face, but it could be seen that he really knew more about this than Zhou Hao.

Zhou Hao took a deep breath. Indeed, he had also thought about this before. Why was it that they were allowed to enter as they pleased?

If they had not investigated thoroughly, would they really dare to let them in?

Therefore, they must have investigated this ancient ruin before. It was definitely not as Battle King An had said!

Zhou Hao looked at this person and took a deep breath. Many thoughts flashed through his mind!

At this moment, he was at the other party's mercy. If he did not do as he said, the other party would definitely kill him!

Moreover, the other party had promised that he would not do anything bad. Therefore, it was not impossible for Zhou Hao to believe him!

Thinking of this, Zhou Hao nodded.

"I hope that you are a man of your word."

"Don't worry, brat. I mean what I say!"

As he spoke, he pulled out all the chains on his body and looked at Zhou Hao.

"Release them for me."

Zhou Hao looked at the chains and took a deep breath. To be honest, he did not know if he could unlock them either. He could only try.

He closed his eyes as the power of the Genesis Rune spread out and connected to the chains. Immediately, he felt an extremely powerful will on the chains!

This will had already been fading for a long time, but it was still incomparably powerful!

Zhou Hao did not dare to rashly use it because the power of the Genesis Rune of this will was ten to twenty times stronger than his own!

He frowned and thought to himself that he probably could not unlock the chains!

However, at this moment, he sensed that there were certain areas on the chains that had weaker Genesis Rune power.

He realized that he could take on those weaker areas.

After all, it was only natural for there to be some small problems after so many years. Therefore, he took a deep breath, condensed all his Genesis Rune power, and immediately attacked!

Immediately, a silent cracking sound sounded, and the chain actually trembled for an instant.

When the man saw this, his eyes flashed and an extremely powerful strength erupted from his body. With a bang, he directly shattered the chains!

“Hahaha! I’m finally free!”

The man was extremely happy and excited when he felt that he had regained his freedom!

At the same time, in an extremely distant place, in a space thousands of meters underground, a man also opened his eyes.

“My Genesis Rune Iron Chain has been destroyed?”

Chapter 581 - Three Protectors

Chapter 581 Three Protectors

The man was very shocked, and his expression was extremely ugly!

"I didn't expect him to still escape. Hmph, so many years have passed. Even if he comes out, he can only struggle at death's door and won't dare to come in front of me. Forget it, so be it. I don't have the time to care."

The man did not care at all. After saying this, he closed his eyes.

At this moment, in the Heaven Tower, after he undid the seal, he looked at Zhou Hao and smiled.

"My name is Dongfang Hong. Remember this name."

"The spirit gem is inside and the Ancestral Physique you want is also recorded in the supreme secret manual. However, whether you can obtain it will depend on your luck."

As he spoke, that person waved his hand, and his body turned transparent as he floated away.

This scene did not attract everyone's attention, making Zhou Hao even more surprised!

"What is this person's cultivation level? How was he able to prevent my Genesis Rune power from spreading? Moreover, he was able to escape without alerting anyone in this mental world. Also, most importantly, why is he imprisoned here? What's his relationship with Azure Dragon King?!"

"Or... what's his relationship with Huang?"

Zhou Hao was filled with curiosity, but at this moment, he could not understand these things. He could not think about it and nor did he need to think about it. He took a deep breath and directly walked into the darkness!

At this moment, Zhou Hao had entered the tenth floor, but everyone outside was already in an uproar!

They had already walked out at this moment. Only one person was still in the Heaven Tower!

Moreover, the nine floors below had all lit up. Above the clouds, the tenth floor that they could not see was gradually appearing!

The tenth floor was not an extension of the tower, but three extremely magnificent huge statues!

It was blurry and could not be seen clearly!

"Who entered the tenth floor? Heavens, I thought the tenth floor of the Heaven Tower only existed in legends. Are we finally going to get to see the tenth floor?"

“This tenth floor is very difficult to enter. Who exactly entered the tenth floor?”

“It... it’s Wen Jiutian! It’s Wen Jiutian. So many people went in, but he’s the only one who didn’t come out. It must be Wen Jiutian!”

Someone suddenly said as everyone looked at people from the Tenth Area!

Indeed, they did not see Wen Jiutian among the people from the Tenth Area. Moreover, the other people from the Tenth Area were also extremely shocked.

“That’s right, it’s our boss. Our boss has entered the tenth floor!”

After they finished speaking, everyone did not believe it. This was because how could a mere Heaven Realm brat enter the tenth floor?!

“We don’t believe that Wen Jiutian can enter the tenth floor. He... he must have cheated!”

“Yes, that’s right. He must have cheated!”

It did not matter if they were envious or jealous. Either way, they did not like Zhou Hao entering the tenth floor!

“How noisy!”

At this moment, the Tenth Area Master snorted.

“What do you mean he cheated? Is the Heaven Tower a place where you can cheat just because you want to?”

After Wen Cangdao finished speaking, everyone fell silent.

They were only saying this for the sake of saying it. Moreover, how could he cheat? Could it be that someone had given him the green light to pass?

In the Heaven Tower, one could only rely on combat strength.

However, they also wouldn’t believe it if Wen Cangdao’s father said that he did not give his son any special methods.

“I suppose... he didn’t cheat, but... he has a good father...”

It was unknown who muttered. However, when Wen Cangdao heard this, he was not offended and was instead very happy.

“That’s right. Jiutian has a good father, you can only be envious of him. Hahaha.”

Li Fanchen shook her head and couldn't help but laugh.

"Why, why!"

Ning Yunfeng's eyes were wide open. He was furious and he looked like he was about to spit fire!

"My talent is higher than his and my family background is also better than his! Why does he get to be luckier and stronger than me!"

"I can't beat him in a fight. Even my luck is not as good as his. Why is it that a random identity he found just so happened to be the identity of a core disciple and the son of an area master?"

"Why? Why?! I can't accept this!"

Ning Yunfeng was furious. If Zhou Hao was right in front of him, he would bite him to vent his anger!

However, with his strength, he would not be able to touch Zhou Hao at all.

On the other hand, Su Xiaoyu and the others smiled and sighed in their hearts.

At this moment, as Zhou Hao slowly walked up the tenth floor, the darkness slowly faded away. Then, he saw three statues! These statues were so big he could not see the end of them.

Aside from being extremely large, these statues also carried an aura of death, and no fluctuations could be felt from them.

When Zhou Hao reached this point, he was stunned, not understanding what was going

a

on.

At this moment, a voice sounded.

"Never would I have imagined that someone would finally reach here."

When these words were spoken, it was as if they came from the ancient past, like a long river, flowing with history, appearing before Zhou Hao's eyes.

Zhou Hao was taken aback, but did not respond.

But after this voice appeared, the entire mental world froze. Only the people that came from the real world could hear this voice!

Fatty Jin and the others saw the entire mental world freeze. Their eyes were filled with shock because they realized Zhou Hao might actually be able to obtain the inheritance.

Zhou Hao took a deep breath. When he heard that voice, he didn't say anything, because he knew that the voice definitely had more to

say.

"This place is known as the Three Saints World. These three guardians were created after I gathered the power of the universe. These three guardians can ensure that Planet Earth will not be invaded for ten thousand years. But now, at the time of your arrival, several eras have passed. Perhaps, it is already at the brink of destruction."

"Since you are able to come here, it means that you and I are considered to be fated. Over the long years, the three guardians have already fallen asleep. What you need to do now is to awaken them. If you succeed in awakening them, you can come before me and obtain my inheritance. You will know the mysteries of the universe and obtain the Ancestral Physique that you desire."

Zhou Hao was shocked. The other party actually knew what he was here for!

However...

Who was this person?!

Zhou Hao didn't ask this question, because he knew that the other party would definitely tell him that he would only have the right to ask after waking up the three guardians!

Thus, Zhou Hao did not ask any questions. Instead, he raised his head and looked at the three guardian statues.

As the voice faded, the three guardian statues emitted a strange light that slowly revealed their figures. Zhou Hao's gaze also landed on them.

Chapter 582 - 2 Awakening

Chapter 582 Awakening

The first statue appeared. This was a statue of a person dressed in blood-red, and his appearance couldn't be seen clearly. One could only sense a murderous aura emanating from him. He held a saber in one hand and a sword in the other. From head to toe, the murderous aura was bursting forth, and he was extremely powerful. Even though Zhou Hao was very far away, he could still sense the powerful killing intent emanating from him!

After that, the second statue also appeared. This was the statue of an old man with a transcendent aura. His face was still unclear, but one could feel an extremely ancient power appearing on his body.

ver

Finally, the third statue appeared. The third statue was a lifeless statue of a woman. Zhou Hao couldn't see her face clearly, but he could sense that her aura of death was very dense, causing him to frown.

However, in the next moment, the woman's body began to emanate boundless life force. As soon as that life force appeared, Zhou Hao seemed to see a garden. All of the flowers and plants began to revive, emanating intense life force!

Zhou Hao took a deep breath as he looked at the three statues, clearly confused. "The first one is filled with killing intent, and the killing intent is intense. The second one is ethereal, and I can't quite understand it. As for the third one, it's even stranger. Sometimes it's lifeless, and sometimes it's overflowing with life force. This... is even more confusing!

Having reached this point in his train of thought, Zhou Hao looked at the three statues and bowed deeply.

"Three Guardians, I don't know your names, nor do I know if you are real or fake. However, as an Easterner from Planet Earth, I am full of admiration for you. I'm bowing for no other reason than to express my respect!"

After saying this, the three statues emitted a flicker.

The killing intent of the first statue became even stronger and spoke.

"I appreciate your kind intentions."

The illusory aura of the second statue also condensed as it chimed in.

"I, too, appreciate your kind intentions."

The third statue was also surrounded by an aura of death, but the woman spoke coldly.

"I appreciate your kindness, but... you don't have to bow to me."

Zhou Hao was delighted when he heard the three voices. Although the third statue's words were a little strange, Zhou Hao was still very happy. He also felt confident.

"From what I can see, you have a strong saber art. You and I can be considered to be fated. After all, I specialize in killing. I'm the Killing Guardian. However, even so, I am not obligated to wake up for you."

Zhou Hao was stunned for a moment, and then the statue spoke again.

"However, if you answer my question, I will wake up for you!"

"I want to ask you, where does your killing intent come from?"

This question was very strange. Zhou Hao frowned. He did not have an answer.

However, Zhou Hao thought for a moment and spoke.

"My killing intent... mostly comes from helplessness..."

"Helplessness? That's a very strange answer. Tell me about it," the statue said curiously.

Zhou Hao took a deep breath and said, "I'm not a person who likes to fight and kill. In fact, when I was in high school, I was a bad student who wasted my time. It was only after I stepped into the world of martial arts and gained the ability to protect the people around me that I started to feel proud. I know that what I'm saying has nothing to do with the question you're asking, but I still want to tell you that I'm not a bloodthirsty person. I'm just helpless. People want to kill me. I can't just sit around and wait to be killed. Mutated beasts attack and hurt my friends and family. I can't just stand by and do nothing."

"Thus, I can only say that my killing intent comes from helplessness. As long as there are other solutions, I will not choose to kill."

Zhou Hao didn't know if his answer was approved or not, but he knew that this was his honest feelings.

He did not like to take the initiative to kill. Sometimes, it was only because he felt helpless.

The same went for the mutant beasts. He was only guarding the border of the rift.

He had killed Buye and Blue because they had violated him. He could only do this. Looking back, Zhou Hao felt helpless.

However, after saying that, the statue burst into laughter.

“Your answer is like a child’s, but I have to say that I like your answer. I like your helplessness!”

“If you don’t kill for your own selfish desires, it means that your heart is pure, kind, and clean. That’s what true killing is all about. Fighting for protection, fighting for survival, fighting for responsibility.”

“I, too, didn’t want to kill anyone, but fate made me wield the saber and draw the sword. You’re very similar to me, very similar... So, you’ve passed!”

After he finished speaking, the statue gradually began to emit a strange power. Then, before Zhou Hao’s eyes, it gradually disappeared, turning into endless ashes that flew into the void.

Zhou Hao knew that the other party had awoken, but he had no idea where he had gone.

The second statue was an old man with a bizarre power and a transcendent aura. Zhou Hao felt like the other party was a stranger to him, an aura he had never seen before.

“That answer earlier was very interesting. After I heard it, I also found it very interesting.”

“My name is... Dao Cang. I am the Protecting Guardian. I’m afraid my question will be nothing like you’ve ever heard before.”

“What is Dao? What does Dao consist of?”

“I know you don’t have a concept, but I still want to ask you, what is Dao?”

“You can understand Dao as your bottom line. They are the principles that will persevere in the face of death. That is Dao, it is also... what your heart desires!”

The old man’s voice was ethereal, but when he spoke, Zhou Hao was stunned.

“What my heart desires?”

Zhou Hao had never thought of this question before. This question really surprised him.

“It’s fine. Just say what you want to say. I’ll listen to you.” The old man smiled and said.

Zhou Hao nodded and smiled.

“My heart... Actually, it’s like what I said just now. I’m not someone with great aspirations. When I was in high school, all I wanted was to get into a good university, have a good job, and date the girl I like. This is what my heart desires. This is what I want to do.”

“Slowly, I became stronger. I did what I wanted to do, but deep down, I still wanted to become stronger. I have many people I want to protect. If this is what you mean by Dao, then perhaps my Dao is... for my family, for my friends, for my life...”

Zhou Hao’s voice wasn’t loud, but the old man also laughed.

“Interesting. Interesting. As expected of a child. Very interesting. However, I can tell that everything about you is based on friends and family. Your heart is very kind. I already know your Dao. Therefore... I will also let you

pass!”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 583 - Huang?

Chapter 583 Huang?

With these words, the old man’s statue slowly disappeared like the first statue.

And in front of Zhou Hao, there was only the last statue, the statue of the woman that was filled with life and death.

“Since you’ve already passed twice, I’ll also ask you a question.”

“I am the Guardian of Life and Death. I control the lives and deaths of many people. Let me tell you about an interesting experience I encountered in the past.”

“There was an old man who was critically ill, and his children and grandchildren fought over his inheritance. He said two sentences, and the first was, ‘I really want to die. If I die... I don’t have to think about anything anymore. I don’t have to see these things that make my heart ache.’

“The second thing he said was ‘I don’t want to die. Because if I die... then there will be nothing left. I will lose these children and grandchildren who don’t care about familial love. My family property will be gone, and there will be no trace of myself in this world.’

“This is what the old man said. Let me ask you, why did he say these two contradictory sentences?”

Zhou Hao frowned.

This question was too profound!

A question that involved life and death was difficult to answer. It was a problem that troubled many people!

And now, the other party was asking him what the old man’s words meant. Zhou Hao also wanted to know what the answer was.

“Take your time. However, if you can’t answer in five minutes, you’ll fail.”

Zhou Hao took a deep breath, thought for a moment, and then spoke.

“I don’t know why the old man said that. Perhaps when he said that, he indeed wanted to die because he doesn’t want to see the world anymore. He doesn’t want to see things that make him unhappy.”

“But at the same time, he also didn’t want to die. Indeed, if he dies, he won’t be able to see anything. The happy things and the unhappy things will have nothing to do with him.”

Then, the woman asked.

“Do you have any understanding of life and death?”

Zhou Hao frowned. In the end, he had never thought about life and death.

However, he hesitated for a moment before speaking

“I’ve never thought about life and death. I have my own things to do. However, I can also die before I’ve finished doing what I want to do. After all, what if one day, I end up being killed by a Heaven Realm expert?”

“As a martial artist, I can experience any situation. But what I want to say is that when I’m alive, I have to do everything that I want to do. If I end up dying one day, I won’t be too reluctant. Because when you die, it means that this world no longer has anything to do with you. There’s nothing to regret.”

"All I can say is that while I live, I do what I can, and live meaningfully. When I die, I die a worthy death. I won't betray my conscience, and I won't betray myself. That's all."

"Therefore, life and death are meaningless to me. I can only say that they are just scenery in my life."

Zhou Hao's words caused the young woman to stare in shock.

"They speak of you as if you were a child, speaking words that only a kid would say. But I think you are very mature, and your understanding of life and death is on point. Life and death do not move for your will. What you must do is to do everything you wish while you are alive. When you die, you must close your eyes and walk the final path. Whether it is good or bad, it will all be up to your choice."

"I am very satisfied with your answer. Therefore, I will awaken for you!"

With that said, the statue slowly shattered into pieces and turned into a beam of light that entered the void.

At this moment, the three statues had revived on their own, and he had done what the living voice had instructed him to do!

"The three statues have come to life. Very good, you have succeeded. I have one last question. Only by answering it will you have the right to obtain everything you want!

He asked slowly.

"I want to ask you, what is destiny?"

This question caused Zhou Hao to frown. What was destiny? This question was simply too broad. Even he didn't know how to answer

it!

"Destiny... What is destiny?"

Zhou Hao took a deep breath. This question was even harder to answer than the question of life and death!

This was because destiny included life and death, as well as everything else. It was just like life, everything you experienced was part of your destiny!

Zhou Hao thought for a moment before speaking

"I'm only a junior, so I don't have much experience. I've only stepped into the world of martial artists for a very short period of time, and my experience in life is also very short. I still don't understand it very deeply."

"But if you want me to answer, I will say that destiny is both fair and unfair. Everything that we have experienced is just a journey in the human world, a process!"

"There are good and bad things in this. There are joys and sorrows. However, all of this is part of our destiny. Don't mock Heaven for being unfair. After all, you don't know the hardships of others."

"Take spring, summer, autumn, and winter, for example. All year round, the petals of spring can only survive through summer. By autumn, they will wither. By winter, they will disappear. That is their destiny."

"The same applies for the snowflakes that gathered in the sky and landed on the ground. Although short, such is the life of a snowflake."

kan

"The same applies to spring silkworms. When summer comes, it breaks out of its cocoon and becomes a butterfly. When autumn comes, it becomes the next generation's nutrients. Such is the life of a silkworm."

"Therefore, I feel that destiny is like a big road to us. Along the way, there is good scenery, bad scenery, and beautiful scenery. You will like them very much, but can you stop and look at them all the time?"

"Bad scenery. You hate it. However, will you hate this road just because it contains bad scenery?"

"I think it's wrong to think this way. Don't think that destiny is unfair. Everything is for the best."

Zhou Hao's words fell upon the ethereal voice in the sky. The other party was stunned.

"Everything... is for the best..."

He muttered to himself, then laughed.

"You're such a child. The words of a child, the words of a child..."

At this moment, the heavens and earth changed. At the same time, a resplendent ray of light suddenly appeared, emitting endless spiritual will.

“Whether destiny is good or bad, it’s all just a process. You’ve said a lot. You’re the first person I’ve seen who can treat destiny as a scenery along the way. I hope you can continue to be so magnanimous.”

“I’ve imprinted the Ancestral Physique you want into your psychic power. You can check it at any time, and the spirit gem will also be yours.”

“I know you have a lot of questions for me, but there’s a limit to what I can tell you.”

The voice laughed helplessly.

“Oh, right, I still haven’t told you my name. My name is... Huang!”

Zhou Hao’s eyes widened!

Chapter 584 - Reality and Illusion?

Chapter 584 Reality and Illusion?

Huang!

The strongest man?

The Huang that had once destroyed the entire martial arts world!

Zhou Hao was extremely shocked. He had never expected to see him in the Heaven Tower!

“You possess the power of Genesis Runes, so you must have heard of my legends. There are many things that I cannot explain to you clearly. It is useless for you to know so much given your current strength.”

“Let’s talk about the spirit gem.”

As soon as the words left his mouth, a strange power spread out. Zhou Hao suddenly realized that his surroundings had changed. In front of him was a beautiful place with mountains, rivers, and forests. A man was sitting by the lake, sipping tea, looking very pleased.

“Have a seat.”

Huang gave Zhou Hao a look, saying with a smile.

Zhou Hao was a little nervous. He had heard Dongfang Hong say that this place was not virtual. In other words, Huang was still alive?

Zhou Hao sat down in confusion and looked at the man with a heavy heart. He indeed had many questions to ask.

“I got the spirit gem from the end of the universe. There are five of these things. Five gems control five different energies. If all five of them are gathered together, they will summon an ancient civilization. With all five, you will be able to obtain endless power and even rule over everything.” “The spirit gem contains a powerful mental strength that can condense the power of Genesis Runes. In other words, the power of Genesis Runes is derived from the spirit gem.”

“The other gems also have special powers. No one knows that the spirit gem is on Planet Earth, but... it won't be long before they find this place. Therefore, I'm afraid that the future will be very dangerous.”

Huang looked at Zhou Hao and said indifferently. Then, he smiled.

“You being able to walk in front of me proves that we are fated. The spirit gem will recognize very few people as its master, but I think you are qualified.”

After that, Huang waved his hand. The distant sun emitted a strange power that slowly fell into his hand, turning into a white gem.

“This is the spirit gem. Whether you can get its recognition or not is your fortune.”

After saying this, the spirit gem shone with infinite light. Everything around it was swallowed up by the white light. There was only white light in front of him!

Zhou Hao was so blinded that he couldn't open his eyes, but in the next second, he still tried his best to open them.

He opened his eyes and was stunned.

“What... what... is this place?”

Zhou Hao looked around in surprise. What he saw was a grand hall, and he was standing there in a strange costume.

“Zhou Hao, what are you thinking about? Today is the day you take over the great hall of the God Race. After we enter, we will officially be married. Silly boy, haven't you always wanted to marry me? Why are you still in a daze at this time?”

A pleasant voice sounded at this moment. The familiar smell and familiar voice made Zhou Hao turn his head abruptly.

“Xu Ling? Why are you here?”

Xu Ling was wearing the same strange clothes as him. It was very luxurious, and she had a delicate red color on her face. She was very beautiful, like a fairy. Zhou Hao couldn't take his eyes off her.

He was stunned and looked puzzled. Xu Ling was also stunned when she heard this.

“What's wrong with you, Zhou Hao? Are you still unable to tell the difference between the real world and the illusory world after returning from there?”

Xu Ling smiled and touched Zhou Hao's face tenderly.

“Be good. That is just an illusory world. You are not from there. You are the leader of the God Race and will succeed the throne. Everything in that world is just your training. In the end, you still have to return to the real world.”

Xu Ling smiled and looked at Zhou Hao. She took his hand and led him to a throne.

“If you sit on it, you will be the king of the God Race. You will also be my... husband!” Xu Ling's voice was filled with charm, making Zhou Hao even more curious.

He turned around and saw familiar faces.

There were Yun Yan, Zhang Yi, Luo Li, Sun Ping, Ning Yunfeng, Su Xiaoyu, and Fatty Jin.

All of them were extremely happy, cheering below.

“Zhou Hao, our king, we are proud of you!”

They were screaming excitedly, but Zhou Hao had a puzzled look on his face.

At this moment, his father walked over. He was also dressed in luxurious clothing, and looked at Zhou Hao with love.

“Son, it's time for you to inherit Father's position. You will become the leader and have the highest position in our God Race.”

His father, Zhou Xueguo, had a very strong

aura.

Zhou Hao found it very strange. His father wasn't a martial artist at all. How could he have a cultivation? Moreover, what was this God Race? How had he become the new leader of the God Race?

"Dad... you..."

Zhou Hao was even more confused.

"Silly boy, are you still not fully awake? That world is just a training exercise for you. Everything you saw there was just an illusion, but right now, everything is real. Alright, there are so many people watching. Don't waste time. Tomorrow, we will hold a wedding for you and Xu Ling."

Zhou Xue Guo smiled and looked at Zhou Hao. He was very gentle as he pulled Zhou Hao to his seat.

As Zhou Hao looked at the throne, a strange sound seemed to rise in his heart.

"Sit on it. As long as you sit on it, you will be the king of this world. You will have everything..."

However, there was a faint voice that sounded in Zhou Hao's mind.

"Don't sit. If you sit on it, you will no longer be the same you. You will be immersed in this world. This place is an illusion..."

Zhou Hao took a deep breath and was stunned. He didn't know what was going on and whether he should sit down.

"Son?"

Zhou Xueguo frowned slightly, his expression slightly angry. "Why aren't you sitting down yet? Today is the handover ceremony. You must not embarrass the God Race at this time, understand? I know that you haven't completely walked out of that world, but your father's life is coming to an end. Today is a good day, a good day for your succession ceremony. Don't think too much about it, okay?"

Zhou Xueguo was very angry, but he still said gently in the end.

Zhou Hao looked down at his seat and took a deep breath. A look of struggle appeared in his eyes.

There were no memories of this place in his mind. What... was this place?

Wasn't he in front of Huang just now? Hadn't he just entered the world of the spirit gem? How had he suddenly become like this?

Could this place be fabricated?

“No, I can’t!”

Zhou Hao shook his head. He was still firm on his thoughts. This place was too strange. His father was the previous king of the Grit and had become a martial artist.

As for Xu Ling, she would never talk to him like that. Even if she was gentle, she would still tease him.

There were others who wished that they could sit on this chair. This chair seemed to have magical powers!

Zhou Hao took a deep breath, then backed up and flew out of the hall!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 585 - This Is Real?

Chapter 585 This Is Real?

The moment Zhou Hao flew out, everyone was stunned.

Zhou Xueguo looked angry and disappointed as he looked at Zhou Hao.

Tears streamed down Xu Ling’s face as she watched Zhou Hao leave.

However, Zhou Hao flew out of the hall and arrived above the world. Looking down, he was even more shocked!

This was a world that stretched as far as the eye could see. He didn’t know where the end was, but he could sense that this world was flourishing and extremely powerful!

He was stunned as the sound of rushing wind came from behind him. Fatty Jin was the first to arrive in front of Zhou Hao. He could not help but ask, “Big Brother, what’s wrong? Have you not recovered yet? This is already the third time. You rejected the throne three times. Have you not forgotten about that world?”

Fatty Jin looked at Zhou Hao with concern.

Zhou Hao looked at Fatty Jin and took a deep breath. "Do you think that that world is fake? Was the mental world we went to also fake?"

Fatty Gold nodded. "Of course it was fake. That place is just one of our training grounds. Big Brother, you are the pride of the God Race. With such an identity, why do you still miss the weak you from that world?"

Fatty Jin couldn't help but laugh. His appearance was somewhat similar to the Fatty Jin that Zhou Hao knew.

"Big Brother, I know that you haven't recovered. Actually, I was the same at the start. I didn't recover either, so... I drank the divine water. It can break all illusions and curses. Why don't you drink a mouthful too? As long as you drink it, you will understand how to differentiate illusion and reality."

Fatty Jin's words were filled with bewitchment. Zhou Hao was stunned for a moment and couldn't help but ask, "You're saying that after drinking that thing, I can distinguish reality from illusion?"

"Of course, many of us drank it. In fact, we have lived in the illusory world for more than ten years. Of course, the influence is very deep. Therefore, many people did not wake up. They only woke up after drinking the divine water. However, you have always been unwilling to do so. After all, you are of noble status. Uncle Zhou cannot force you."

Fatty Jin smiled and couldn't help but tease.

Zhou Hao nodded. At that moment, Xu Ling flew over and gently held his hand.

"Don't feel burdened. I'll wait for you to recover. I'll accompany you and wait for you to slowly recover."

Xu Ling was very gentle, more gentle than ever.

Zhou Hao nodded. Although his heart was filled with questions, he was unable to hurt Xu Ling.

After returning to his residence, Zhou Hao was very tired. He fell into a deep sleep and was awoken by the sound of someone speaking

"Ahh, Zhou Hao hasn't recovered yet. This boy is too deep into his dreams. What should we do? Are we really going to forcefully feed him the divine water?"

It was Zhou Xueguo's voice. Zhou Hao heard it very clearly.

"I don't think so. Our son has grown up. Besides, it's just a matter of time. He'll recover sooner or later."

Wang Shuyun said.

“It’s just that we have to trouble Xu Ling. If she hadn’t been by Zhou Hao’s side, who knows how many ridiculous things this brat would have done.”

Wang Shuyun smiled as she held Xu Ling’s hand.

“Mom, why are you talking about this? Zhou Hao and I are husband and wife. We’re basically one. My heart naturally aches for him.”

Xu Ling’s gentle voice also sounded, warming Zhou Hao’s heart.

“Did I really misunderstand? Is this my world? Everything that happened on Planet Earth is fake?”

Zhou Hao was very confused. At that moment, he sat up and walked out of the room. He saw his parents and Xu Ling standing outside talking

“Ah, you’re awake.”

Xu Ling was very happy and pulled Zhou Hao’s hand affectionately.

“I... I want to visit Planet Earth.”

After Zhou Hao said that, Xu Ling, Zhou Xueguo, and Wang Shuyun’s expressions changed, but they still sighed.

“If you want to go, I’ll go with you.”

Xu Ling smiled and held Zhou Hao’s hand as they walked out.

The two of them arrived at a strange altar. As the light shone down, their figures disappeared. When they reappeared, they were already in the starry sky. In the distance, there was a lifeless planet floating there, emitting a strange fluctuation.

There were many people standing guard outside Planet Earth.

“What’s going on?” Zhou Hao was stunned.

“Planet Earth was originally the Purgatory World. There was an evil power here, so it was sealed by many life forms in the universe. No one could enter. Back then, we went in only to search for the true secret, but we didn’t find the secret. We were one generation away from faltering.”

“If the God Race had not summoned us back by force, we might have died in there... just like this planet.”

Xu Ling said gently, which made Zhou Hao even more confused.

However, he knew that this planet was Planet Earth. That feeling could not be wrong!

“You can’t go in here. No one can. Besides, it’s full of danger. Once you go in again, you’ll falter completely and never be able to get out again. This is a cursed planet.”

Xu Ling’s voice was very heavy, which made Zhou Hao even more astonished.

“Alright, let’s go back,” Xu Ling said with a smile. “Be a good boy and forget about this place. Everything here is fake. I’m still your wife, and your father is still here. That’s a blessing.” She gently held Zhou Hao’s hand.

Zhou Hao took a deep breath, and the confusion in his eyes deepened. When Xu Ling saw this, she smiled even more brightly.

“Oh right, I brought some divine water. Do you want to drink it?”

As Xu Ling spoke, she took out an azure blue jade bottle. It contained divine water and emitted a strange fluctuation.

“As long as you drink it, you won’t be in so much pain,” Xu Ling said gently.

Zhou Hao took a deep breath, exhaled, and nodded.

“I made you worry.”

As he spoke, he took the divine water and prepared to drink it.

Perhaps everything before was only an illusion, and only the scene before him was real.

Xu Ling was right. Her father was here, Xu Ling was by her side, and his friends were also by his side. This was a blessing. It was everything he needed. What else could he ask for?

As for whether this world was really real?

So what if this place wasn’t real? Wasn’t this what he wanted?

Powerful strength, intimate lovers, healthy parents. What else could he wish for?

Zhou Hao’s gaze became more and more unfocused, and he became more and more confused. Xu Ling was also smiling more and more happily.

Zhou Hao picked up the divine water and put it closer to his mouth.

However, at that instant, an anxious voice could be heard!

“Zhou Hao, don’t drink it!”

Chapter 586 - Test

Chapter 586 Test

The anxious voice interrupted Zhou Hao’s thoughts. He looked up.

That was Wen Jiutian!

That’s right, it was Wen Jiutian!

There was madness in his eyes and anxiety on his face!

“Zhou Hao, this place is fake. This is an illusion of the spirit gem. Don’t fall for it. Don’t!”

Wen Jiutian was very anxious. Zhou Hao was instantly stunned. He immediately stopped himself from drinking the divine water!

Xu Ling frowned. Her expression was ugly. However, she soon concealed it and sighed.

“Wen Jiutian is crazy. For some reason, he doesn’t want to wake up. He committed a grave mistake in that world, and no one can save him. Therefore, in this real world, he’s playing the fool. Zhou Hao, you must ignore him!”

Xu Ling hurriedly said. Zhou Hao frowned and looked at Wen Jiutian.

“Hmph, Zhou Hao, this is the world of the spirit gem. Don’t be fooled, don’t!”

At this time, many people from the God Race rushed over. When they saw Wen Jiutian, they were very angry and wanted to suppress him. However, Wen Jiutian’s body flashed and actually disappeared. No matter how the people from the God Race searched, they couldn’t find him!

Zhou Hao said to Xu Ling with a smile.

“Let’s go back.”

Xu Ling looked at Zhou Hao and was stunned for a moment. Then, she smiled. "Yes, yes. Let's go back. Don't let this lunatic affect our mood."

With that, Xu Ling left with Zhou Hao.

However, although Zhou Hao didn't say it out loud, in his heart, he became even more certain that this world was a fabricated one!

"I didn't expect the world inside this spirit gem to be so powerful. I'm already awake now, but why can't I break this illusion?"

Zhou Hao's heart was filled with doubt. However, he knew that as long as he didn't falter, there would always be a chance for him to leave!

After returning, Zhou Hao acted as if he didn't care about the past and welcomed everyone.

Only when he was alone did he reveal an expression that showed an understanding that he did not belong to this world.

He wanted to see if the spirit gem would believe him if he did a great job at acting like he was fooled!

Time passed day by day. Zhou Hao did not know how much time had passed, but it felt like an eternity.

Throughout this time, he did not sit on the throne and would find excuses to decline every time.

As for the marriage between Xu Ling and him, Zhou Hao had declined time and time again.

Slowly, it was as if everyone believed Zhou Hao. Zhou Hao didn't know if they were acting or if they really believed him. In any case, he was loved and respected by everyone.

However, Zhou Hao had never forgotten the method to leave this place.

Similarly, Zhou Hao was also waiting, waiting for the spirit gem to lose its cool!

It had placed him in this illusory world, but he had not assimilated with it. It knew that. Therefore, it would definitely be anxious and reveal its weakness!

Zhou Hao had no other choice but to wait!

Finally, the day arrived!

The God Race was in turmoil. Countless foreign races invaded, and war broke out!

When Zhou Hao saw this, he didn't attack. His friends and family were all protecting him.

"Zhou Hao, run! Run!"

"Yes, don't turn back. You must leave this place. Although we can't defeat these foreigners because you declined the throne and failed to obtain the strongest God Race power, we don't blame you. Live well!"

"That's right, Zhou Hao... you must live on. You are our king, our hope!"

Fatty Jin was dead. The Su sisters were dead. Ning Yunfeng was dead. All the people he knew were all dead!

This was what they had all said before they died.

"Zhou Hao... why... don't you believe that this is the real world...? Why are you so ruthless?"

As for Xu Ling, she was surrounded, seriously injured, and on the verge of death. She lay in Zhou Hao's arms, looking at him with cold eyes. Truth be told, that gaze pierced his heart.

However, Zhou Hao watched all of this coldly. His heart was very calm. He knew that this was a show put on by the illusory world!

It wanted to affect his heart and emotions.

Zhou Hao ignored it. He wanted to see what the world would become!

"Bastard, you don't deserve to be my son. How can I have a son like you? You are a waste, a good-for-nothing. The God Race... was destroyed because of you. You are our sinner. I will never forgive you!"

His father, Zhou Xueguo, had also died on the battlefield. Before he died, he looked at Zhou Hao in pain and roared.

As for his mother, she didn't say anything, but everyone could see the disappointment in her eyes.

Zhou Hao's expression was numb, and he was laughing coldly in his heart. He wanted to see what would happen in the end.

In the end, whether it was the entire God Race or the foreign races, both sides suffered heavy losses. The battlefield was filled with corpses and everyone died in battle. In this world, only Zhou Hao was left!

He watched all of this indifferently, still puzzled!

After doing so much, did this spirit gem think that he would falter? Didn't the other party know that he would never believe what was happening in front of him?

He could not be bothered with them. He sat cross-legged in the void and waited.

Zhou Hao had plenty of patience. As long as he could persevere, nothing would go wrong.

However, all of a sudden, Wen Jiutian returned. His face was suddenly filled with regret as he looked at Zhou Hao.

"I... I was wrong... This world... is the real world. Zhou Hao, I lied to you, but you... why were you so ruthless? So many people died in front of you. Why didn't you save them?"

Was Wen Jiutian also affected by this world?

Or... was this not the real Wen Jiutian?

Zhou Hao couldn't be bothered with him. With a wave of his hand, an endless wave of light immediately blasted onto Wen Jiutian's body, destroying his spirit!

This place was only a fake world. Everything was an illusion. Naturally, Zhou Hao would not show mercy.

He sat in the air and felt the death aura around him. He smiled.

"Is there anything else you can do, spirit gem? You've killed everyone. You think you can change me and make me falter just because you're desperate? You underestimate me."

At this point, Zhou Hao said coolly. As soon as the words left his mouth, boundless light shone out in front of him. All of the scenery disappeared, and all Zhou Hao could see was a vast expanse of white.

In this space, a man shrouded in a black robe appeared in front of him!

"I didn't expect your willpower to be so strong. I'm surprised that the illusion can't affect you..."

That person spoke with an ancient tone. Similarly, there was also great hostility.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 587 - Departure

Chapter 587 Departure

Zhou Hao looked at the black-robed man. Perhaps this was the will of the spirit gem.

“By doing this, you want me to immerse myself in your illusion before killing me? Is that right?”

“Kill you? You’re wrong. I don’t want to kill you. I only want to absorb your mental strength. Moreover, you’ve come before me. If you don’t die, then I will die. Once the spirit gem recognizes you as its master, I will no longer exist.”

Zhou Hao was taken aback.

“You... are not the spirit gem?”

“Yes and no. I am a wisp of spiritual wisdom from the spirit gem, but only a wisp. The spirit gem is very powerful. I don’t know how I was born, but even I can’t control the spirit gem completely. It’s as if it has its own will, and my birth was just an accident.”

Zhou Hao was even more confused than the black-robed man.

“Once it recognizes you as its master, I will disappear. That’s why I want you to immerse yourself in the spirit gem and absorb your mental strength!

That person did not hide his intentions.

Zhou Hao looked at him and said with a smile, “Now that your hopes are dashed, are you planning to pledge allegiance to me?”

“Pledge allegiance? I don’t think so. Do you think you can absorb the spirit gem? Although I don’t believe you can absorb it, I can’t be absolutely sure. What if you really get its approval? Therefore, I still have to stop you. But now, I’ve failed. You’ve been given a chance. However, in the end, whether you can obtain the spirit gem or not depends on your luck.”

The black-robed man laughed, then gradually disappeared.

"I hope that you will fail. In that case, you will become my nutrient, and I will be one step closer to controlling the spirit gem!"

After he finished saying those words, the black-cloaked man disappeared. In the endless white space, Zhou Hao saw a white crystal.

That... was the spirit gem!

Zhou Hao slowly walked over. Just as he approached, he felt an extremely powerful mental strength erupt. That force made Zhou Hao suck in a breath of cold air as his body was suddenly spread out, unable to get close.

Although the black-robed man didn't stop Zhou Hao, it didn't mean that the spirit gem would automatically recognize Zhou Hao as its master!

Zhou Hao took a deep breath and sat down on the ground.

Since the spirit gem was a treasure that relied on mental strength, he could only obtain it by branding it with his mental strength!

Therefore, Zhou Hao closed his eyes and released his powerful mental strength!

"Since I've come this far, don't struggle anymore. Become my gem. That is where you belong!"

As Zhou Hao spoke, he sent his powerful mental strength directly towards the spirit gem.

Although his mental strength was pitifully small compared to the spirit gem, at this moment, his strong mental strength was like a sharp sword that tore open a hole, allowing Zhou Hao to instantly appear in front of the spirit gem!

Zhou Hao was shocked. As soon as he touched it, he felt an intense pain in his soul. The endless mental strength seemed to be about to burst through his mind!

Zhou Hao gritted his teeth and held the spirit gem tightly.

"It's impossible for you to kill me with your mental strength!"

Zhou Hao's will was firm, and he began to absorb the spirit gem!

Although the spirit gem resisted, Zhou Hao made up his mind. That strong willpower was the most advantageous weapon! Time ticked by. Zhou Hao didn't know how much time had passed, but outside, it had only been an instant!

Everyone's eyes were still fixed on the moment that Zhou Hao had entered the illusory world. As of this moment, the mental world had ended!

The people in the real world also felt the mental strength slowly dissipating. They would soon leave this world too!

"Hasn't Zhou Hao come out yet? How much longer will it take?!"

"Boss should be able to obtain the inheritance of the Moro Race, right?"

Fatty Jin and the others were filled with worry. Slowly, their mental strength began to disappear like a tide, causing them to take a deep breath and close their eyes.

When they opened their eyes, they were already back in the Moro Race territory.

Above their heads, the mental world still existed, but they had already come out. Only Zhou Hao was still inside!

At the same time, cracks also appeared in this ancient ruin. A wave of transport fluctuations made them feel as if they were being separated from this world.

Fatty Jin and the others were extremely worried. However, there was nothing they could do. The fluctuations of the teleportation in the ancient ruins grew stronger and stronger. In the end, their figures slowly disappeared.

Many people were extremely excited.

"It's finally over. I can finally leave this place..."

"I've gained a lot from this trip, this is great!"

They were very happy! "Zhou Hao, just you wait. This place is nothing. Once we return to the real world, I'll let you know how powerful I am!"

Ning Yunfeng coldly snorted. His voice carried with it a chilling intent as it gradually dissipated into the void!

Bai Renxue looked at the world above her and sighed. "Sigh..." She said nothing and turned to leave.

Su Xiaoyu's beautiful eyes were also staring at the world above her. Her heart was filled with emotions. In the end, she turned around and left the world.

Everyone left except for Zhou Hao!

He was immersed in that space, and his mental strength was slowly eating away at the spirit gem. He didn't know how much time had passed.

Finally, he slowly opened his eyes.

A white light flashed between his eyebrows. He subconsciously touched it and could clearly feel that the spirit gem was imprinted on his body.

"It's over?"

Zhou Hao was both surprised and confused.

"Good boy, you've finally woken up. This space has already collapsed and everyone has left. Let's hurry up and leave!" The frog and the divine soil jumped onto Zhou Hao's shoulder and said.

"They're all gone?" Zhou Hao was taken aback.

"Of course, you've already obtained the spirit gem. This thing is a treasure. Let's not study it now. Let's leave this place and talk after we leave!"

As the frog spoke, it hurriedly waved its hand. A teleportation fluctuation came from this space.

Zhou Hao nodded and prepared to leave. But at that moment, he subconsciously turned around and saw a man in armor not far away.

"Wen Jiutian...?"

Zhou Hao was stunned for a moment before blurting out.

"Leave. This is a world that you don't belong to. Father has acknowledged you. In the future, you will be my younger brother. Before long, I will also leave this place. At that time, we will meet again."

Wen Jiutian smiled and waved his hand. Zhou Hao's figure also gradually disappeared from this teleportation!

The next second, Zhou Hao appeared on the ancient altar!

But at this time, an extremely dangerous signal exploded in Zhou Hao's mind!

Chapter 588 - The Treacherous Ning Family

Chapter 588 The Treacherous Ning Family

Zhou Hao had just come out when he felt a thick murderous aura erupt!

He opened his eyes to take a look, and his expression suddenly changed. In the altar, he was surrounded by people who were all looking at him!

Was

Zhou Hao's expression was extremely ugly. He followed the killing intent and his expression immediately changed!

Itanli family!

That's right, the other party was from the Itanli family!

Zhou Hao had killed Buye previously. Moreover, he had also killed Blue in the mental world. Zhou Hao did not find it strange at all that Itanli's men came looking for him the moment he came out!

"Zhou Hao!"

At this moment, Sun Shan hurriedly landed beside Zhou Hao and said indifferently, "The Itanli Family said that you killed Blue and Buye. Regardless of whether or not anyone can testify to this matter, you have to insist that you didn't kill them. Do you understand? I have already sent someone to get Battle King An. They will be here soon!"

Sun Shan was standing in front of him at this moment. Zhou Hao heaved a sigh of relief.

It seemed like the Battle God Battalion did not abandon him after finding out about this.

"Boy, don't be relieved yet. Do you think that the Itanli family will mobilize such a large force just because two of their descendants have died? This is only one of the reasons. The matter of you in the Moro family has already been reported. Boy, you're quite capable. You've obtained the spirit gem, right?"

Sun Shan said softly. Zhou Hao understood what he meant!

He looked over and his expression changed drastically. Not only the Itanli family, but also the Chaimit family and the Ning family. They were all here.

It was to the extent where even Jin Family and the auction house's people were here!

Were they... all waiting for him?

Zhou Hao's heart sank when he saw neither Su Xiaoyu nor Fatty Jin.

The fact that they were no longer around meant that these families were probably going to make a move on him. In front of the families, individual strength seemed insignificant.

Although Fatty Jin and Su Xiaoyu were on his side, their families were not!

Sun Shan had said that everyone already found out about his gains in the Moro Race world. In other words, they had an ulterior motive here!

Killing Blue and Buye was a serious matter, but it was not to the extent that they would mobilize so many people!

They only had one purpose in doing this, and that was to obtain the spirit gem from Zhou Hao!

"Kid, it's good that you understand. Don't worry, the Battle God Battalion won't abandon you!"

Sun Shan's words warmed Zhou Hao's heart. At this moment, Zhou Hao was still very touched that the Battle God Battalion did not abandon him!

At this moment, a man from the Itanli family stood up.

"Mr. Sun, since Zhou Hao has already come out, I think your Battle God Battalion should be held accountable. A life for a life, a debt for a life. This is what you Easterners say. You won't deny this, right?"

After Sun Shan heard this, he smiled.

"It is true that these words have been passed down by our ancestors, so I naturally wouldn't deny this. However... our ancestors also said that you need evidence for every accusation you make. May I ask if you have any evidence, Mr. Bu Shan?"

Sun Shan was not in a hurry and immediately spoke. He was stalling for time.

"Evidence? What evidence do you need? He has the aura of Blue and Buye on him. I can sense it. Isn't this evidence?"

Bu Shan snorted.

"Mr. Bu Shan, this shouldn't be considered evidence, right? Although Zhou Hao has the aura of the two of them on him, it can only mean that they have fought before. It doesn't

mean that Zhou Hao killed them. It's possible that they were killed by someone else after escaping from Zhou Hao!"

Sun Shan continued to smile and argue, making Bu Shan's expression turn extremely ugly!

"Mr. Sun, you're making excuses. As an Easterner, you have to bear the consequences of your own actions. Do you dare to let Zhou Hao answer my questions?" Bu Shan did not give up, but Zhou Hao was not stupid!

At this moment, he did not want to cause trouble for himself!

"Sorry, Senior Bu Shan, I don't know what you're talking about. Although Blue and I fought, I didn't kill him. Many people can testify."

Zhou Hao's face was not red and his heart did not skip a beat as he immediately said.

"You... you're lying!"

When Bu Shan heard this, he immediately went crazy!

Seeing that Bu Shan did not know what to say, a man walked out of the Ning family. He was dressed in a suit and leather shoes and looked elegant. He smiled.

"Mr. Sun Shan, this matter is filled with questions. However, regardless of whether Zhou Hao killed him or not, he's still considered suspicious, right? Before this matter can be decided, let's not frame Zhou Hao. However, Mr. Sun Shan, do you also want to know the truth and find out the truth?"

When Sun Shan heard this, he frowned slightly and looked at the person from the Ning family.

"Hehe, Brother Ning, your words are indeed reasonable. We indeed have to investigate this matter. How about this? Our Battle God Battalion will investigate this matter properly and give you a satisfactory answer. It's getting late. Zhou Hao and the others have just come out of the ancient ruins and have many things to do. We'll talk about this another day. How about that?"

Sun Shan knew that the Ning family was up to no good by bringing this up!

"Mr. Sun Shan, you're being a little uncoordinated. Isn't the Battle God Battalion supposed to be the most lawful? However, aren't you contradicting yourself by doing this? If Zhou Hao is suspicious, of course we have to investigate him properly. As a member of the Battle God Battalion, you should not be involved. How can we let you investigate?"

“Many families in our auction house feel that this matter should be jointly investigated. Moreover, we all think that your Battle God Battalion shouldn’t be involved with the investigation.”

After the Ning family member finished speaking, Zhou Hao’s heart skipped a beat!

This person had a powerful mouth. With just one sentence, he had placed the Battle God Battalion on the opposite side of everyone!

They did this because they wanted to control him. Moreover, now that he had obtained the spirit gem, all of them wanted a share of the loot. Since the Ning family had spoken like this and implicated all the families and factions, they were naturally willing to go along!

If the Battle God Battalion still did not know what was good for them, it would mean that they were going against all of them!

Zhou Hao was furious. The Ning family was indeed a group of sinister and cunning people!

Sun Shan naturally understood as well, and his expression turned ugly on the spot. He stared fixedly at the Ning family member, his eyes about to spit fire!

“Brother Ning, I don’t understand what you’re saying. Are you saying that I should hand over Zhou Hao and the people of my Battle God Battalion to you so that you can investigate as you please?”

It could be said that Sun Shan was already furious. Therefore, his words were not as indifferent as before. Instead, they were filled with coldness and killing intent!

“Mr. Sun, you’re wrong. You’re not handing this matter to us, but the entire world, right?”

The Ning family members smiled as if victory was already in their grasp.

However, at that instant, a cold and pleasant voice could be heard.

“How dare you touch a member of my Battle God Battalion!”

As soon as he finished speaking, a graceful woman appeared in front of Zhou Hao. She was incomparably sexy!

However, the aura on his entire body made the world tremble!

Chapter 589 - Incomparably Domineering

Chapter 589: Incomparably Domineering

As soon as this voice fell, everyone's expressions suddenly changed as they hurriedly looked over!

A valiant woman had already landed in front of Zhou Hao!

As soon as this person appeared, everyone fell silent. When they saw this person, their expressions instantly became solemn.

Be it the Itanli family or the Ning family, they all took a deep breath when they saw the woman, their faces solemn.

Zhou Hao also looked at this woman. Although it was only her back, Zhou Hao still could not help but look at her graceful figure.

Of course, this was not because Zhou Hao was a pervert. It was because this woman's figure was really too good. Even Yun Yan was inferior to her!

Moreover, what shocked Zhou Hao the most was that this person's aura was too powerful. It was even much stronger than Battle God Lingtian!

"Could this woman be Battle God Shengwu?"

Zhou Hao had some guesses.

After Sun Shan saw the person arrive, he heaved a sigh of relief. The huge burden in his heart had also been relieved. He knew that after this woman appeared, the matter would be resolved.

The person from the Ning family who had just spoken had an extremely ugly expression. Battle God Shengwu's appearance had simply disrupted everyone's expectations. They looked at Battle God Shengwu with extremely ugly expressions and were at a loss for words!

Battle God Shengwu's beautiful eyes swept over everyone at this moment. Her noble and cold aura was like a snow lotus. At this moment, she was definitely stunning!

"What? You can't speak?"

Battle God Shengwu looked at them and smiled faintly. Her smile was even more charming.

However, no one dared to admire this beauty because they knew what this person represented!

The person from the Ning family who had just spoken narrowed his eyes and immediately smiled.

“Battle God Shengwu, you’ve come at the right time. We’re even more relieved now that you’re here to uphold justice.”

As soon as the Ning family member spoke, they schemed.

Unfortunately, Battle God Shengwu swept her gaze over him and said indifferently, “What? Is someone from your Ning family also dead? Is that why you’re trying to blame Zhou Hao?”

These words made the expression of the Ning family member change on the spot. The meaning behind these words was that there were no deaths in their Ning family and that they had no reason to interfere!

Everyone understood this, including the Ning family.

“No... no one from our Ning family died, but... but...”

“But what? However, do you think Zhou Hao was the one who killed those guys from the Itanli family? Ning Yuancheng, do you have any evidence?”

“If not, it’s not wise for you to frame my Battle God Battalion like this!”

Battle God Shengwu snorted and looked at Bu Shan of the Itanli family.

“Bu Shan, when the ancient ruins of the Moro Race opened, you came to find me and brought Blue and Buye to test their mental strength. I told you that although the Moro Race has been investigated and that there weren’t many dangers, there were still risks given that it was an ancient ruin. I’ve told you this. You’ve also told me that the descendants of the Itanli family are not trash and have the ability to protect themselves!”

“Now, your descendants are dead and you’re blaming my Battle God Battalion?”

“What? Were we not kind enough to share the ruins our Battle God Battalion found?”

Battle God Shengwu’s words immediately made Bu Shan’s expression turn ugly. He was speechless.

Battle God Shengwu snorted and swept her gaze over everyone. Her gaze paused on Ning Yuancheng for a few seconds before returning to Bu Shan.

“Or is it that you have an ulterior motive, Bu Shan? Is it because Zhou Hao obtained the inheritance of the Moro Race that you want to take this opportunity to benefit from the situation?”

After saying this, Battle God Shengwu’s powerful cultivation instantly condensed, and a huge pressure instantly swept out!

Everyone’s expressions changed drastically. That aura that surpassed the Heaven Realm and had already reached the Saint Realm was simply like the might of the heavens!

“Hmph, what a vicious scheme. What do you take my Battle God Battalion for?”

Battle God Shengwu was very furious and continued.

“All the families and factions present, my Battle God Battalion already said that life and death are up to fate when we opened the ancient ruins. Not to mention you, even if someone from our Battle God Battalion dies, we will still accept it. Moreover, everyone who enters has signed an agreement. Now that something has happened, Bu Shan, you can blame my Battle God Battalion!”

“If Blue and Buye were the ones who obtained the inheritance today, you would probably be smiling more happily than anyone else!”

Battle God Shengwu did not show any mercy. Others might not dare to say this, but she dared to!

Moreover, what she said was also reasonable!

The Moro Race’s ruins were controlled by the Battle God Battalion. Although the Battle God Battalion did not dare to monopolize the ruins, they still occupied absolute dominance among all the factions!

Moreover, Battle God Shengwu was so powerful. There wasn’t anyone in all these families who could match her. To a greater or lesser extent, they were all afraid. Therefore, after Battle God Shengwu finished speaking, they did not dare to say anything.

“However, my Battle God Battalion has always been honest and upright. We will investigate this matter. However, do you think our Battle God Battalion will hand Zhou Hao over to you now that he has obtained the inheritance?”

“Or, let me ask you this. If the descendants of your family obtain the inheritance, would you be willing to hand it over?”

Battle God Shengwu was straightforward and did not hide anything.

Her meaning was very clear. Regardless of whether Zhou Hao was the murderer or not, their Battle God Battalion would not hand him over now that he had obtained the inheritance!

Zhou Hao was also shocked when he heard this. This person was indeed worthy of being a Battle God. Her temper was really not something ordinary people could compare to!

This was too domineering!

“Alright, I won’t say anything else. I know what you guys are planning. If you’re not convinced, call the strongest person in your family to find me. I’ll chat with him.”

After saying this, Battle God Shengwu turned around.

In an instant, Zhou Hao was stunned. Battle God Shengwu’s appearance was simply too beautiful!

It was as if she was not a mortal, but a fairy from the sky.

“Sun Shan, bring Zhou Hao back to the base.”

As Battle God Shengwu spoke, she waved his hand. Immediately, a bang sounded in the sky outside the altar. Zhou Hao hurriedly looked up and was even more shocked.

In the sky, an extremely hideous spaceship floated. It was completely dark blue and looked like a spirit from hell.

Battle God Shengwu’s body moved and disappeared from her original spot.

At this moment, a light sprinkled down and directly enveloped Zhou Hao and Sun Shan. In the next second, Zhou Hao felt an extremely powerful suction force.

“Don’t resist. Consider yourself lucky to be able to board Battle God Shengwu’s Blue Demon Warship.”

Sun Shan looked at Zhou Hao before his body floated up lightly and was instantly sucked in.

Zhou Hao also touched his nose and relaxed his body. Under the suction force, he instantly entered the spacecraft.

Chapter 590 - Ji Yaoyue

Chapter 590 Ji Yaoyue

Zhou Hao entered the spacecraft and looked over. It was all high-tech. Countless buttons and screens dazzled him.

However, compared to his own spaceship, he could still sense that it lacked technology.

It had to be known that after Thousand Feather Armor controlled the intelligent entity, all the control systems of the spacecraft were carried out by Thousand Feather Armor. There were no buttons at all.

There was only a huge screen.

“What are you thinking about?”

Sun Shan saw Zhou Hao in a daze and could not help but say.

“Uh... I’m a little... shocked.” Zhou Hao coughed dryly and hurriedly said. “Right? This Blue Demon is the exclusive warship of Battle God Shengwu. There’s only one such warship on Planet Earth, and it contains all the highest technology on Planet Earth. Not only that, but this warship is something that was found in the ancient ruins and is a product of the ancient times. Not only does it have a lot of research value, but this Blue Demon’s combat strength is also ridiculously powerful.”

“There are no more than five such battleships on the entire Planet Earth!”

Sun Shan also looked at the Blue Demon enviously and smacked his lips.

“It’s so precious... I wonder if it can compete with the Thousand Feather Armor.”

Zhou Hao blinked and could not help but think.

“Alright, Battle God Shengwu has come personally. Other than protecting you, she also has something to tell you.”

After Sun Shan finished speaking, he turned around and sat in the cockpit. Just as Zhou Hao did not know what to do, a small robot appeared in front of him.

“Mr. Zhou Hao, Senior Ji is waiting for you. Please come with me.”

As he spoke, the robot led the way and Zhou Hao hurriedly followed behind.

After arriving at a place that was like an elevator, Zhou Hao felt the entire elevator descend. Then, he arrived at a huge room!

Zhou Hao blinked and was stunned!

This place... was very simple. Other than a huge sofa, there was a huge projection. Not far away, there was a huge bed.

On the bed... there were a few small black things scattered here and there, making Zhou Hao blink.

“Damn... Could this be the bedroom of Battle God Shengwu?!”

Zhou Hao was shocked and stunned.

At this moment, Battle God Shengwu, who was wearing a bathrobe and wiping her hair, walked out of the door behind him. Water beads were hanging on her hair, and she smelled especially fragrant. She walked over in an incomparably enchanting and sexy manner.

Her long, fair legs almost blinded Zhou Hao.

She walked with her bare feet.

“Sorry I’m late. I was delayed by something.”

Battle God Shengwu was rather carefree. As she spoke, she sat on the sofa, making Zhou Hao not know what to do.

“This is my room. I haven’t cleaned it yet. Sit down.”

Battle God Shengwu pointed at the sofa in front of Zhou Hao and said casually.

“Uh... alright.”

Although the woman in front of him was very beautiful, Zhou Hao really did not dare to be presumptuous. He did not even dare to look at her.

Although she was very beautiful... and enchanting... Zhou Hao was still a little afraid.

“Zhou Hao, right? Impressive. You obtained the spirit gem of the Moro Race and even obtained a Saint Realm cultivation technique. You didn’t make a wasted trip.”

Battle God Shengwu smiled and casually threw away her towel. She lit a cigarette. Under the lingering smoke, she looked at Zhou Hao curiously.

“Oh, right, I forgot to introduce myself. I’m Ji Yaoyue, also Battle God Shengwu of the Battle God Battalion.”

Ji Yaoyue introduced herself simply. When Zhou Hao heard this name, he could not help but think to himself.

“What a beautiful demon... This name suits her.”

However, Zhou Hao did not dare to say this.

“Let me ask you this. Did you kill Blue and Buye?”

After Ji Yaoyue asked, Zhou Hao was immediately stunned. He looked up and was about to say no when Ji Yaoyue curled her lips.

“Don’t tell me you didn’t kill them. Others might not know, but I do. Although there are no real-time surveillance cameras in the Moro Race, there are devices that collect mental strength. Be it Blue or Buye, they lost their signs of life after encountering you. Don’t tell me it’s a coincidence?”

Zhou Hao was dumbfounded on the spot!

Did she know that he had killed someone?

However, despite knowing that he had killed someone, she still protected him. Moreover, she had spoken so righteously just now, making Zhou Hao think that she believed him completely.

“Uh... Senior Ji, you... you already know?”

Zhou Hao scratched his head and could not help but say.

“Nonsense, of course I know.”

Ji Yaoyue could not help but smile and say indifferently.

“You’re really hiding your strength. Lingtian told me that you’re the same person as that Senior Zhou, right?”

Ji Yaoyue’s words made Zhou Hao even more helpless.

There were really no secrets between experts who had surpassed the Heaven Realm!

“There’s no need for you to be nervous. Don’t worry, you and I are the only ones that know that you killed someone. No one else will know about it. Even Lingtian, I won’t tell him.”

Ji Yaoyue waved her hand and did not care at all. Then, she looked at Zhou Hao and narrowed her eyes.

“However, in return, you have to stay in the Battle God Battalion for the rest of your life and you are not allowed to betray us. Otherwise, I will... kill you!”

A second ago, she was still calm, but in the next second, she was filled with endless domineeringness, making Zhou Hao’s back turn cold.

“Senior Ji, may I ask if it’s because of the spirit gem?” Zhou Hao said.

He was worried that the spirit gem he had fused with would be taken away by them!

“Nonsense, of course. However, don’t worry. Once a spirit gem recognizes a master, it’s very difficult to take it away. Even if I kill you, it will still return to the universe. Even if it is found, ordinary people won’t be able to get it to recognize them as its master. After all, despite so many patriarchs and geniuses in the Moro Race, there weren’t more than five people who can completely control the spirit

gem.”

Ji Yaoyue’s words relieved Zhou Hao. As long as they did not want to kill him, he was naturally not worried.

“Senior Ji, don’t worry. Whether I have the spirit gem or not, I won’t leave the Battle God Battalion!”

Zhou Hao immediately said.

“Hehe, your answer surprised me. However, I won’t mistreat you if you stay in the Battle God Battalion. The matter of you obtaining the Moro Race’s inheritance is a huge secret. Only the people who participated in this operation know about it. In fact, many of them don’t know much about it. Therefore, don’t worry, your safety is still guaranteed.”

“In addition, now that you’ve returned with such a huge contribution, I can’t let you continue to be a student no matter what. From today onwards, you’re an official member of the Battle God Battalion and a member of my Shengwu Division. Your status is comparable to the acting elders of the various divisions. When you step into the Heaven Realm, you will be treated as an official elder. How about that?”

Chapter 591 - Vacation

Chapter 591: Vacation

When Zhou Hao heard this, he was extremely excited on the spot!

After all, as an acting elder, wouldn't his status be similar to that of the Xu family's patriarch?

It had to be known that the other party was an expert at the twelfth-grade Heaven Realm and was one of the elders of the Green Cloud Division.

If he joined the Shengwu Division, he would be like them once he entered the Heaven Realm!

At that time, even the Xu family would have no choice but to treat him seriously!

Zhou Hao was very excited. Bai Linglong was indeed telling the truth!

"Alright, Sun Shan will explain the treatment to you personally after this. I won't say too much to you. Let's talk about... the Saint Realm cultivation technique first. You can keep the eighty-one cultivation techniques, but I need one. Of course, it's not for nothing. I'll give you 50 billion yuan. Is that alright?"

Ji Yaoyue's first words made Zhou Hao's head ring!

50 billion...

Damn!

This was too freaking generous!

"Senior Ji, of course there's no problem. Not to mention 50 billion, even if you don't pay, I'll still give it to the Battle God Battalion!"

Zhou Hao immediately said without hesitation.

"Hehe, cut it out. My Battle God Battalion doesn't lack that bit of money."

Ji Yaoyue rolled her eyes at Zhou Hao. She naturally did not believe his nonsense.

"You also gave the cultivation techniques to the Su family, the Jin family, and the Sun family. This was fine. After all, these families all have an intimate relationship with my Battle God Battalion."

Ji Yaoyue said indifferently and continued.

"The second thing is about your spirit gem. I think you should know something about the spirit gem, right?"

Ji Yaoyue asked.

"I know a little. It's said that the ancient products of the universe can open ancient civilizations and obtain powerful strength. It's even possible to use it to make announcements in the universe." Zhou Hao told Ji Yaoyue what Huang said.

"That's right. Not many people... know about this. Including you, there are less than ten people who know. The others only know that this is a mysterious gem. In their eyes, it's just a treasure. They don't know that this thing comes from the ancient civilization in the universe. They don't know that there are a total of five such gems."

Ji Yaoyue nodded and said indifferently.

"Since you've obtained this thing, you have to slowly master it. The spirit gem is very powerful and is very helpful to you. I won't say much."

Ji Yaoyue was rather carefree and did not waste her breath.

"You must be tired after experiencing so many days in the Moro Race space. Therefore, I think I'll give you a month off. After a month, I'll find you personally. In this month, you can relax well. After that, your life won't be easy after you join my Shengwu Division. Do you understand?"

Ji Yaoyue smiled with gratification in her eyes.

She had never even thought that it was possible for Zhou Hao to obtain that fortune.

However, who knew that this guy was actually so full of surprises!

It was naturally much better for the spirit gem to be placed in the Battle God Battalion than anywhere else. At the very least, with her around, she could protect it and supervise it.

It would be bad if it fell into the hands of some evil family!

Hearing that he would be given a month off, Zhou Hao was extremely happy. Ever since he entered the Battle God Battalion, he had not been able to relax.

After coming out of the ancient ruins this time, it had simply changed drastically.

Be it his martial path or his identity, they were incomparable.

“What? Are you tempted? Since you’re tempted, I won’t disturb your vacation time. After you talk to Sun Shan, you can have fun.”

Ji Yaoyue smiled. She did not look like a battle god at all. Instead, she looked like a female gangster!

Zhou Hao blinked and coughed dryly.

“Senior Ji... can I... ask you a question?”

Zhou Hao was really too curious and could not help but want to ask.

“Oh? What question?”

Ji Yaoyue was also a little puzzled.

“Um... Senior Ji... how... how old are you?”

Zhou Hao looked at Ji Yaoyue. No matter how he looked at it, she was about his age. If he had to guess, he would only say that she was about two to three years older than him!

Be it her aura, temper, or appearance, she did not look like a middle-aged woman!

However, her cultivation was not at the Heaven Realm, but the Saint Realm!

Could such a cultivation be cultivated in twenty years?

Indeed, hearing this question, Ji Yaoyue smiled. She could not be bothered to waste her breath. With a wave of her hand, a big screen appeared in the entire room. Then, the identity of a Huaxia resident on Planet Earth was displayed.

Zhou Hao hurriedly looked over and saw the new year column. His eyes immediately widened.

“A year... older than me!?”

Zhou Hao’s eyes widened in disbelief.

“Senior Ji... are... are you only a year older than me?”

At this moment, Zhou Hao became like a pervert. As soon as he opened his mouth, Ji Yaoyue frowned.

“What? Do I look like I’m older?”

Ji Yaoyue could not help but say.

“No, no, no... but... Senior Ji, why is your cultivation...”

Zhou Hao did not finish speaking. He was really puzzled. The other party was only a year older than him. How did the other party cultivate to this point?

It had to be known that his cultivation only soared after obtaining the Heaven Dao software. Even so, he could be considered a talented person!

Even if he was not especially monstrous, he was still not far off. However, compared to her, he was simply far inferior!

“Hmph, this... is a secret. Alright, you can get lost.”

Ji Yaoyue sneered and waved her hand, directly pushing Zhou Hao out. In an instant, Zhou Hao left his room. When he appeared, he had already arrived in front of Sun Shan.

“How was the conversation? Not bad?”

Sun Shan smiled and looked at Zhou Hao.

Zhou Hao nodded, but he hurriedly said, “Mr. Sun, I want to ask you, how old is Senior Ji today? Just now, she showed me her identity information and apparently she’s only a year older than me. I... I’m a little suspicious. If she’s really a year older than me, then she’s too monstrous!”

Zhou Hao hurriedly said.

When Sun Shan heard this, he smiled. “This matter is a secret. Sorry, I can’t tell you.”

After Sun Shan finished speaking, he ignored the depressed Zhou Hao and said.

“Hand over your gains in the Moro Race ruins. You can sell all your things or keep them. However, you have to take out the eighty-one Saint Realm cultivation techniques.”

Zhou Hao naturally knew this. After putting away his things, he directly placed the remaining things in his backpack and handed the backpack to Sun Shan.

“You don’t want any of this? Don’t you want to exchange them for money? Or do you have anything you want? You can exchange them for favors too.”

Zhou Hao really did not know what he needed, so he thought for a moment and said.

“Then hand it over first. I’ll ask you for whatever I need later, alright?”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 592 - Gathering Team

Chapter 592: Gathering Team

After Zhou Hao finished speaking, Sun Shan nodded.

“That’s a good suggestion. Let’s do as you say.”

After saying this, Sun Shan smiled and said.

“Your reward this time has been decided. I believe you will be very satisfied.”

Zhou Hao nodded and was naturally satisfied. There were two things he valued the most.

One was money.

50 billion. Ignoring everything else, just the secret manual alone was worth 50 billion. How could Zhou Hao not be excited?

Another was his identity!

Zhou Hao’s identity was comparable to an elder of the seven large divisions. What kind of concept was that? In other words, he was on the same level as the leader of the Xu family!

If he stepped into the Heaven Realm, this identity would be fixed. He was only the acting elder now. However, even so, Zhou Hao still had the qualifications to make the Xu family treat him seriously!

This matter made Zhou Hao very happy!

“Alright, I’m going on a vacation. Uncle Sun, tell Sun Yue and the others I said hi.”

Zhou Hao smiled.

“Alright, I won’t see you out then. You can get off from here.”

Sun Shan smiled and gently opened the cabin door. Zhou Hao was stunned for a moment. He did not expect Senior Ji to be so thorough. They had already arrived at the Jiangnan Base.

“Thank you. See you later, Mr. Sun.”

Zhou Hao chuckled. His body moved and he directly flew out of the cabin door before heading towards the Jiangnan area.

Ever since he entered the Battle God Battalion, it had been more than a year since he returned home. Although he had also contacted his parents, they must still be very worried about him.

Therefore, Zhou Hao still returned home immediately.

“Aiya, son...!”

Wang Shuyun was extremely excited when she saw Zhou Hao, especially Zhou Xueguo.

“Little brat, you’ve been gone for so long. You don’t even return once every year or two!”

Although Zhou Xueguo said this, he knew that it was not easy for their son to live outside. Their family’s life and status were all brought about by their son. Otherwise, the old couple would not have been able to live in such a high-end residential area.

“My mission was especially hard, so I didn’t return. This time, I took a month off. I’ll be able to spend more time with you guys.”

Zhou Hao smiled.

Zhou Xueguo and Wang Shuyun were extremely happy. At night, they prepared a table of good food and the family ate happily.

At night, Zhou Hao could not wait to tell Xu Ling that he had returned and was on leave for a month!

After Xu Ling learned of this news, she was especially happy!

However, to his surprise, Xu Ling instantly spread the news of his leave. Yun Yan, Zhang Yi, and the others all learned about it.

Therefore, the few of them instantly gathered the next day.

“Zhou Hao, you’re impressive now. You’re a member of the Battle God Battalion. Hmph, does this mean that we will be able to go out and act arrogantly now? After all, you’ll be protecting us.”

Yun Yan was still sexy and hot. She could not help but tease Zhou Hao when she saw him.

“I’ll give you a discount for using my name.” Zhou Hao was also in a good mood and could not help but say.

Yuan Cheng still had the same old temper. When he saw Zhou Hao, he could not help but say, “Zhou Hao, you’re now a member of the Battle God Battalion. Do you have anything good to share with us?”

Yuan Cheng was not shameless at all. He stretched out his hand and could not wait to receive gifts from Zhou Hao.

Zhou Hao smiled. Of course, he had to prepare something for them.

“One for each of you. These are all cultivation techniques that suit you. Don’t underestimate this cultivation technique. It’s even more precious than a Heaven Realm cultivation technique.”

Zhou Hao took out a few techniques from the eighty-one cultivation techniques and gave one to each of them. They were all cultivation techniques that were suitable for them.

It was not that Zhou Hao was stingy and only gave them one. However, at present, they had just stepped into the supernatural level and it was already very difficult for them to cultivate a single Saint Realm cultivation technique.

The few of them were shocked when they received the cultivation technique!

“Heavens, this cultivation technique is extremely expensive in the Green Cloud Division. It’s even the kind that’s priceless. Zhou Hao, you’re too awesome!”

Yuan Cheng was immediately excited and could not help but say.

Zhou Hao smiled. “Did you all return to the Green Cloud Division?”

They were all under the Green Cloud Division and were already supernatural experts. Naturally, they had to join the frontline.

Of course, Xu Ling was an exception. The Xu family did not want her to be in the frontline.

However, the others were all on the frontline.

“Fang Yu and I are currently working beside Instructor Bai. With her around, our lives are pretty good.”

Bai Linglong directly brought the two of them back to the Bai family. Those two followed her and would travel between the seventh spatial rift and the twelfth spatial rift.

As for Zhang Yi, he had it the most difficult. He went to the frontline army and went wherever there was a problem. It could be said that he was busy all year round.

On the other hand, Yuan Cheng had always been afraid of death. Although he belonged to the frontline, he belonged to the Technology Department and was specialized in developing those aircraft. This guy's combat strength was extraordinary and he had true talent. He was also a genius.

Seeing that they had all settled down, Zhou Hao was also relieved.

“That's good. If you have any difficulties in the future, let me know.”

Zhou Hao said directly. They were all comrades who had experienced life and death together. Zhou Hao did not say this to act cool. He really meant it.

They naturally understood.

“By the way, Zhou Hao, where have you been for so long? It's been almost a month.”

At this moment, Zhang Yi asked.

Zhou Hao smiled and did not tell them about the ancient ruins. This matter was classified and he only told them that he was carrying out a mission.

The few of them had not seen each other for so long, so they naturally ate and drank happily.

“When do the two of you plan to get together publicly and get married? Zhou Hao, you're a man. You have to take the initiative in this matter, understand? You can't make Xu Ling wait for you for so long!”

Yun Yan could not help but say after drinking. Zhou Hao naturally knew that she was being kind and also smiled.

“Don't worry, I'll work hard!”

Zhou Hao smiled as he spoke. Xu Ling looked at Zhou Hao with yearning and heartache. She knew what Zhou Hao had experienced for the two of them to be together!

She shook Zhou Hao's hand lightly and smiled sweetly.

Zhou Hao also smiled and intertwined his fingers. He could sense the warmth from Xu Ling. Zhou Hao really liked that feeling.

All his hard work had not been in vain. Ever since he entered the Battle God Battalion and entered the top 50, the Xu family had already officially recognized him.

However, it was still far from enough. He only felt that his relationship with Xu Ling was still only possible and not certain!

Now, things were different. He completely had the ability to make the Xu family treat him seriously!

Therefore, Zhou Hao knew that it was also time to go to the Xu family and resolve this matter completely!

"Let's find a time to visit your house soon. I haven't seen my parents-in-law in a long time!"

Zhou Hao whispered into Xu Ling's ear.

Chapter 593 - Change in the Heaven Dao software

Chapter 593: Change in the Heaven Dao software

After Zhou Hao finished speaking, Xu Ling's ears immediately turned red.

Fortunately, everyone had drunk a little. Xu Ling's face was originally a little red, so it was impossible to tell. Otherwise, Yun Yan and the others would definitely be teasing her if they saw anything.

"Mm, mm... I'll do as you say."

Xu Ling's voice was very soft and she was extremely shy.

At night, after they left, Zhou Hao and Xu Ling strolled along the streets like university students. It could be said that Zhou Hao had been thinking about this for a long time.

He did not expect it to really happen!

"Don't you think it's time for me to propose a marriage?" Zhou Hao looked at Xu Ling and said.

Pfft...

Hearing this, Xu Ling immediately smiled.

"Do you think this is the ancient era? Proposing marriage? What are you thinking..."

Xu Ling laughed to death. Why was this guy so silly?

"Uh... then... then what should we do?" Zhou Hao hurriedly said.

"Are you stupid? Of course... of course... we should date first..."

When Xu Ling said this, she was extremely shy.

To be honest, the two of them had yet to become boyfriend and girlfriend. At the very least, the two of them only had a tacit agreement. However, they did not say it verbally!

When Zhou Hao heard this, he immediately understood. Without saying a word, he hurriedly knelt on one knee.

However, Xu Ling grabbed him.

"Silly guy, I was only teasing you. I don't actually want you to do something like that. I'm willing to be your girlfriend, very willing!"

Xu Ling said gently. Although her beautiful eyes were shy, they were also firm.

This was her intention. Zhou Hao had done so much for her, so she did not care about these redundant formalities at all. It was enough for her to know that she was in Zhou Hao's heart!

Zhou Hao had yet to recover, but he was still dancing around excitedly. He immediately hugged Xu Ling and soared into the sky, shouting excitedly in the sky.

"Wow...!"

Xu Ling was extremely shy in Zhou Hao's arms. At the same time, she wondered why Zhou Hao was still like a child after experiencing so much.

Of course, her heart ached and she was touched.

In the end, she was just like him and was only a 19-year-old child...

The two of them flew in the sky for a long time before Zhou Hao sent her back.

After sending her home, Zhou Hao returned home.

On the way, Zhou Hao was still extremely excited.

After returning to his room, Zhou Hao lay in bed and organized his thoughts. Only then did he open the Heaven Dao software!

Zhou Hao had not entered the Heaven Dao software for a long time and did not know if it had been updated.

The moment he entered the Heaven Dao software, Zhou Hao was stunned for a moment because this software had gone through another upgrade.

The entire interface was much more luxurious. Moreover, what shocked Zhou Hao the most was!

This time, it was not 2D, but 3D!

"Dear 'I'm just an ordinary person', as an excellent platinum member, please shape your identity."

This was the first time Zhou Hao had entered the Heaven Dao software after the upgrade. Zhou Hao needed to create a virtual identity to enter.

This was a little similar to the Heaven Tower, but it was still different.

"This Heaven Dao software is getting better and better."

Zhou Hao smiled and made a figure in armor that looked a little like Iron Man.

He did not want to use his original appearance as it would give him some privacy.

After Zhou Hao built the model, he directly entered the virtual space like the Heaven Tower software.

He had just appeared on the central square as the comments appeared in the sky,

“Welcome, platinum member—I’m just an ordinary person.”

Many users of the Heaven Dao software were in an uproar!

“Heavens, the big shot hasn’t appeared for a month!”

“Where is the big shot? He hasn’t been online for so long!”

Many people here shouted in surprise. Seeing Zhou Hao’s figure appear, they immediately surrounded him.

“Big shot, long time no see. Are you going to the mystery box or the live-stream room this time? Or the shop?!”

“Big shot, without you, our lives in the Heaven Dao software are very ordinary. It’s been a long time since something hot-blooded happened!”

Zhou Hao smiled when he saw the various strange virtual figures appear beside him.

He did not expect them to still remember him after not coming here for so long!

Zhou Hao had just updated the Heaven Dao software and did not know much about the new functions. Then, he opened the operation page and was stunned for a moment.

In addition to the mystery boxes, the live-stream room, and the shop, there was also an additional private territory.

Zhou Hao was a platinum member and could have a private space of 100 square meters.

Zhou Hao directly opened it and entered his private space.

“Respected platinum user, I’m just an ordinary person. This is your private space. Everything here will be isolated from the public.”

Zhou Hao nodded. This Heaven Dao software was not bad. He did not expect it to be so perfect.

There was nothing in this hundred square meters space, but it could connect to various functions.

Be it the mystery box, the live-stream, or the shop, they could all be seen in his private space.

Zhou Hao opened the shop. It had been a long time since he first entered the Heaven Dao software. At that time, he was also the first person to have unlocked the shop.

After entering this time, Zhou Hao suddenly realized that there were many more people in the shop.

In just a month, many people had also opened the hidden function of the shop!

Zhou Hao was somewhat surprised. Just as he was about to take a good look, he received a private message from Fairy Yue Ling.

“Big shot, you haven’t visited the Heaven Dao software in a long time. I thought you had forgotten about me.”

Zhou Hao smiled. Seeing that she was live-streaming, he directly clicked on it. Then, the screen changed and he arrived at her live-stream.

The live-stream this time was different from the past. It looked as if he had arrived at her house.

Fairy Yue Ling was wearing a white dress and was sitting on a platform in the front. There were many virtual users sitting below her.

“This... this doesn’t look like a live-stream anymore. Instead, it looks like... a theater...”

Zhou Hao immediately smiled.

At this moment, many people noticed Zhou Hao and screamed.

“The big shot is here. Indeed! The big shot wouldn’t forget about Fairy Yue Ling!”

“Hahaha, the big shot hasn’t been here for a long time. He’ll definitely spend crazily this time!”

“That’s right, big shot. Come, spam the screen. After so long, don’t suppress yourself!”

They all spoke up. Even Fairy Yue Ling was somewhat expectant.

Zhou Hao smiled and looked at his luck points. His head immediately buzzed!

His luck points...

It was a little terrifying!

A total of... 5 billion!

She had already reached the level “Queen of Luck”!

This scene immediately stunned Zhou Hao!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 594 - Crazy Spam

Chapter 594: Crazy Spam

Zhou Hao still remembered that his luck points weren't this high the last time he checked.

Moreover, this was the first time his luck points had been so high!

Could it be that... he had done something?

He had not killed any mutated beasts, so how did he obtain such high luck points? This... this was a little ridiculous!

Zhou Hao's head buzzed as he looked confused!

"Could it be because I entered the ancient ruins? But I didn't kill any mutated beasts there?"

Zhou Hao's head became dizzy. Although he did not know what was going on, his luck points were ridiculously high now. He could do anything with confidence!

Zhou Hao looked at his identity. He was still 10 billion yuan away from becoming a diamond member!

Zhou Hao had already received 50 billion yuan in his account. Without saying a word, he immediately charged 10 billion yuan and directly increased his status to the diamond level!

With this, the cheers in the live-stream increased!

"Damn, a diamond... a diamond!"

"The big shot became a diamond big shot in an instant just now!"

"Damn... I'm so envious. That must have cost more than 10 billion!"

"If I remember correctly, the big shot just became platinum not long ago. His charging value is far from 10 billion. In other words, the big shot charged at least 5 billion in an instant?"

"Heavens... the big shot is the big shot. Everyone, start worshipping him crazily!"

They were all excited, and Fairy Yue Ling was also shocked!

To any streamer, a diamond big shot was a precious existence in the live-stream!

A small streamer like her did not have many big shots holding down the fort. She only had a few platinum big shots!

Zhou Hao had suddenly become a diamond big shot, making her extremely excited. This also caused her live-stream to become even more popular!

Because Zhou Hao was a diamond big shot, he could attract popularity to the live-stream. As long as he entered someone's live-stream to spend money, the Heaven Dao software would automatically promote the streamer.

This was the authority and strength of a diamond member!

Zhou Hao did not care about this and hurriedly checked out the gifts in the live-stream.

The original rare-level Energy Bar had also become a Supreme Energy Bar. The Comprehension Fragment had also become a Comprehension Book. Moreover, there was also something that made Zhou Hao even more excited!

Body Tempering Essence Fluid!

This thing was very precious. It cost 50 million to give away!

The Supreme Energy Bar only cost 5 million each. The Comprehension Book was not cheap either. It cost 10 million each!

This was really not something ordinary rich people could afford!

However, Zhou Hao did not care. He had the support of the Queen of Luck. This time, he had to get his fill!

The most important thing was the Body Tempering Essence Liquid!

After Zhou Hao returned, he had yet to see the Ancestral Physique activate. However, as long as he wanted to create a cosmic life form, he definitely needed Body Tempering Fluid!

Zhou Hao was currently a third-level life form and was still a distance away from becoming a first-level life form. Therefore, he was determined to obtain this Body Tempering Essence Fluid!

Without saying a word, Zhou Hao immediately gifted 100 Body Tempering Essence Fluids!

A hundred cost a total of 5 billion!

Moreover, Zhou Hao looked at his multiplier. It was 1 to 10,000!

If he won, wouldn't it be awesome?!

Zhou Hao did not say a word and immediately gave away a gift.

In an instant, the screen displayed it!

"Ding! Congratulations' I am only an ordinary person 'for obtaining the reward multiplied by 3,000 times!"

"Ding! Congratulations' I am only an ordinary person 'for obtaining the reward multiplied by 8,000 times!"

"Ding! Congratulations' I am only an ordinary person 'for obtaining the reward multiplied by 6,000 times!"

"Ding! Congratulations' I am only an ordinary person 'for obtaining the reward multiplied by 10,000 times!"

...

As soon as this scene appeared, everyone's minds went blank!

The entire sky above the live-stream was densely filled with gifts from Zhou Hao. They were not looking at the gifts at all and were instead stunned by the rewards!

Looking around, all the multipliers were above 1000!

With such a multiplier, even if he was being rewarded with feces, he would still be able to make a killing!

"Damn... Damn!"

"Damn your grandfather!"

"This... this freaking..."

“Big shot... this is too freaking ruthless!”

“Is this the strength of ‘I’m just an ordinary person’??

This scene was not only limited to this live-stream room, but also the entire sky above the Heaven Dao software.

Everyone looked at this scene in a daze, dumbfounded.

They did not dare to believe that this was done by a single person!

Fairy Yue Ling also covered her mouth in excitement. She had once shown her face in a live broadcast, so her virtual identity was her true identity.

Although her virtual identity could not express her unique ethereal aura, it was still obvious that she was a beautiful woman!

However, at this moment, this beautiful woman also did not care about her image. Her mouth actually widened in shock!

Zhou Hao could not be bothered. With the blessing of the Queen of Luck, he could only give away gifts brainlessly.

After losing count of the Body Tempering Fluid in his backpack, Zhou Hao could not be bothered. He had also gifted many Comprehension Books, as well as the Supreme Energy Bars!

At this moment, everyone was shocked!

Fairy Yue Ling’s live-stream was also instantly filled with countless people entering.

Zhou Hao smiled and felt that his rewards were not bad. After spending 7.8 billion, he retreated and left the live-stream!

Zhou Hao’s move stunned the people in the other live-stream rooms.

They were really far inferior to Zhou Hao. Who else was able to come in to spend so much money just to leave quickly!

“Is this the big shot? He gave so many gifts but did not ask for anything in return?”

“Heavens, Fairy Yue Ling is really making a killing. With such a big shot around, what’s there to worry about in the future?!”

“Hehe, in my opinion, Fairy Yue Ling and ‘I’m just an ordinary person’ must have something fishy going on. Otherwise, the big shot wouldn’t be so ruthless. Didn’t you

guys see? The gifts given by the person ranked second on the rankings is substantially lower than gifts given by the big shot...”

As they were guessing secretly, Fairy Yue Ling was also shocked. Seeing Zhou Hao leave directly, she was very puzzled and hurriedly sent a message to Zhou Hao.

“Big shot, why... why did you leave...?”

Zhou Hao smiled and replied, “There wasn’t any special reason. I just wanted to open some mystery boxes.”

“I see, big shot... I... I’m going offline soon. I wonder if I can invite you to my private space as a guest.”

Fairy Yue Ling was a little nervous. She was worried that Zhou Hao would not come.

Zhou Hao blinked. He did not know that people could still be invited to other people’s private space, so he thought for a moment and agreed.

“Alright, call me when you get off the live broadcast.”

After Zhou Hao finished speaking, he did not think much of it and opened the mystery box.

This time, it was the platinum mystery box. However, it still contained the treasure Zhou Hao wanted!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 595 - Attending the Feast

Chapter 595: Attending the Feast

Zhou Hao had already opened many platinum mystery boxes. Although this thing consumed a lot of energy, it had to be said that the rewards were still very good.

And now, Zhou Hao’s mystery box had increased by a level, so it was naturally incomparable!

“What’s new about the diamond mystery box?”

Zhou Hao bought one for 100 million and then opened it.

After opening it, Zhou Hao was stunned for a moment.

This mystery box and the platinum mystery box were indeed different. Its function had become even stronger!

The platinum mystery box allowed one to fill in the cultivation technique that one needed. After filling in the box, there would be a certain probability for it to appear. One could even perfect the cultivation technique and advance it.

And this diamond mystery box was even more simple and straightforward!

You could directly write the cultivation technique you wanted. If you didn't know the name, you could even fill in an overview and the system would come up with a top-notch cultivation technique!

For example, one could write body tempering cultivation techniques above the Saint Realm.

In this way, the rewards produced by the mystery boxes were more specific.

If one wanted a certain cultivation technique, such as the Golden Crow Escape Technique, they could directly write it down!

Zhou Hao took a deep breath and thought for a moment before filling in the God Destroying Art!

This God Destroying Art was an upgraded cultivation technique of the God Slaying Art!

The God Slaying Art was already very powerful. Zhou Hao really did not know how powerful this God Destroying Art would be!

Thinking of this, Zhou Hao spent 2 billion and directly bought 20 diamond mystery boxes to open them.

With the support of the Queen of Luck, Zhou Hao ignored everything and directly opened it.

"Ding! Congratulations' I am only an ordinary person 'for opening the diamond mystery box and obtaining the Dragon God Armor Fragment!"

"Ding! Congratulations' I am only an ordinary person 'for opening the diamond mystery box and obtaining the diamond-level cultivation technique—Thousand Shadow Technique!"

"Ding! Congratulations' I am only an ordinary person 'for opening the diamond mystery box and obtaining the diamond-level cultivation technique—Blood Demon Slash!"

“Ding! Congratulations’ I am only an ordinary person ‘for opening the diamond mystery box and obtaining the diamond-level weapon—Dragon Scale Saber!”

...

He opened a few boxes in a row. The items were not bad, but they were not what Zhou Hao wanted, making him a little depressed.

However, he was not discouraged. He had long known that the advanced cultivation technique of the God Slaying Art, the God Destroying Art, was very rare. Last time he tried, he still failed to get it after trying for a long time!

This time, he did not look forward to it too much!

“Ding! Congratulations’ I am only an ordinary person ‘for opening the diamond mystery box and obtaining the treasure-level medicinal herb—Thousand Words Lingzhi!”

“Ding! Congratulations’ I am only an ordinary person ‘for opening the diamond mystery box and obtaining a diamond-level weapon—Sky Universe Destruction Sword!”

“Ding! Congratulations’ I am only an ordinary person ‘for opening the diamond mystery box and obtaining the diamond-level technological weapon—Laser Divine Spear!”

“Ding! Congratulations’ I am only an ordinary person ‘for opening the diamond mystery box and obtaining the diamond-level cultivation technique—God Destroying Art!”

Zhou Hao opened a few more. Finally, he successfully obtained the God Destroying Art!

At this moment, Zhou Hao clearly saw that his luck points had instantly been consumed by 90%. In the end, there was not much left.

His luck level had also gone from being Queen of Luck to just Overwhelming Luck.

Zhou Hao knew that his mystery box session for today had also come to an end. He was very shocked.

Now, he carried both the Nine Revolutions Overlord Body Art and the God Destroying Art. In addition, he cultivated the Ancestral Physique cultivation technique. Once he succeeded, one could imagine how powerful his body would be!

Zhou Hao chuckled and immediately learned the God Destroying Art.

He already had a compatibility score of 100% with the God Slaying Art, so learning this God Destroying Art was naturally not much different. It would be able to reach 80% compatibility very soon!

Zhou Hao was very shocked. At this moment, he was using the Heaven Dao software and could not test it out. Just as Zhou Hao was about to leave the Heaven Dao software and go outside to test how powerful this God Destroying Art was, he received a message from Fairy Yue Ling.

“Big shot, I’m ready. I’ve given you permission to enter my private space. You can come directly.”

Zhou Hao looked at it and blinked, feeling a little hesitant.

It didn’t seem especially good for him to not go.

However, it also did not seem especially good for a man like him to go to her place.

However, on second thought, this place was only virtual and nothing much. Therefore, Zhou Hao tapped lightly and directly entered Fairy Yue Ling’s private space.

As soon as he entered, Zhou Hao smelled birds and flowers. Then, he saw a paradise.

There were mountains, rivers, and forests. In this beautiful place, there was an ancient small pavilion. Fairy Yue Ling was sitting in the pavilion, playing a stringed instrument with a graceful tune.

Fairy Yue Ling knew that Zhou Hao had arrived and immediately started playing. The sound was extremely beautiful, and Zhou Hao had never heard such a pleasant tune.

As for Fairy Yue Ling, she was really like a fairy. She was wearing a retro white dress that floated around with an immortal aura. It was as if Zhou Hao was watching a scene from a television drama.

Zhou Hao was really shocked when he saw this.

After the performance ended, Zhou Hao directly clapped.

“It’s good, it’s really too good.”

Although Zhou Hao did not know music, he could still tell if it was very pleasant!

The sound of her instrument was soul-stirring. After hearing it, one’s mood would be lifted. It was simply a good sound in the mortal world!

“Big shot, you’re too kind.”

Fairy Yue Ling’s face turned red as she walked over and bowed gracefully.

“Big shot, I’ve prepared some wine for you. Please try it.”

As she spoke, Fairy Yue Ling waved her hand, and a very small stone table and chair appeared in the space. There were a few dishes and a pot of wine on it. It was very extraordinary.

Zhou Hao smiled and sat down.

“Can you sense these things in this virtual world?”

Zhou Hao pointed at the wine and food.

“Of course. This virtual space is connected to your senses. As long as you want, your body will be able to sense everything here accurately.”

Fairy Yue Ling smiled and poured a cup for Zhou Hao.

Although Zhou Hao’s virtual figure was covered in steel armor, he still had a mouth. He picked up the glass and drank it in one gulp, emitting an extremely sweet taste from his mouth.

“Delicious. Is this wine?”

Zhou Hao could not help but say.

“This is fruit wine, a type sold in the shop. Actually, I’ve never drunk it before.”

Fairy Yue Ling smiled and also drank the wine. She could not help but nod.

After drinking a cup of wine, Fairy Yue Ling looked at Zhou Hao and smiled.

“Big shot, you haven’t come to the Heaven Dao software for a while. Did... did you encounter something?”

As soon as Fairy Yue Ling spoke, she was filled with concern, making Zhou Hao feel a little strange.

“Uh... I had a private matter. It’s been settled,” Zhou Hao said with a smile.

“Oh... I thought that... the big shot doesn’t want to come to my live-stream room anymore. It turns out that the big shot had something to do. Looks like I was thinking too much.”

Fairy Yue Ling’s face turned red and she could not help but say. After saying this, Zhou Hao blinked. What did this woman mean...

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 596 - Strange Duo

Chapter 596: Strange Duo

Fairy Yue Ling also seemed to know that what she said was somewhat strange. Her pretty face immediately turned red as she hurriedly explained.

“Um... I don't have any other meaning. Big shot, don't misunderstand...”

Zhou Hao did not say anything. To be honest, he did not come to her live-stream to buy gifts because he liked this woman. He just had a lot of luck points and wanted to get a lot of equipment.

It was the same no matter which live-stream room he went to. Therefore, Zhou Hao was a little embarrassed by her sudden kindness!

It made him feel as if he was trying to seduce her!

“Um... Fairy Yue Ling, why did you call me over?” Zhou Hao asked.

“Of course I called you over to thank you, big shot. Because of you, my live-stream instantly became popular. My fanbase also increased a lot, so... I called you here today to especially thank you... big shot, you've done so much for me. Of course I have to repay you...”

When Fairy Yue Ling said this, she became very shy. Zhou Hao hurriedly said.

“Uh... No need, no need. I've also obtained many benefits...”

Zhou Hao hurriedly waved his hand. Why did he feel that the scent here had suddenly changed?

“What's wrong, big shot? Don't... don't you want to see the benefits I carefully prepared for you?” Fairy Yue Ling blinked her sexy big eyes and could not help but say.

“Benefits...? Uh... what benefits?”

Zhou Hao was indeed a little curious. He did not know what the benefits would be this time.

“Big shot, wait a moment...”

As Fairy Yue Ling spoke, she hurriedly got up and left, not knowing where she had gone to.

Not long after, the light in the entire virtual space darkened. A beam of light shone not far away, and there, a Fairy Yue Ling in a red dress slowly walked out.

She was peerless and devastatingly beautiful. In this red dress, she was incomparably beautiful.

This scene instantly stunned Zhou Hao!

This woman... was too damn beautiful!

After the lights and sound arrived, Fairy Yue Ling began to dance.

Dressed in a red dress, she outlined her figure perfectly. Her long legs and exquisite small waist were simply the nemesis of men.

When Zhou Hao saw this, he immediately felt his mouth turn dry. Moreover, Fairy Yue Ling was simply incomparably charming. Her gaze was constantly teasing Zhou Hao. Zhou Hao's small heart could not take it anymore!

To be honest, the other party was really too beautiful. Zhou Hao really could not hold back and hurriedly flashed away.

Fairy Yue Ling was dancing when she suddenly saw Zhou Hao leave. She was stunned for a moment before receiving Zhou Hao's message and immediately smiled.

"I can't take it anymore... Fairy Yue Ling, you're too beautiful. If I continued to stay there, I wouldn't have been able to take it anymore. Thus, I left first..."

After saying this, Zhou Hao directly exited the Heaven Dao software. When his spirit returned to his body, he was still a little overwhelmed!

"This woman is simply the nemesis of men. I think there's no man in the world who can resist her!"

Zhou Hao shook his head and relaxed. Then, he took a deep breath and communicated with the Ancestral Physique cultivation technique in his body!

The Ancestral Physique cultivation technique was very extraordinary, so Zhou Hao naturally had never cultivated it.

"Frog, how do I cultivate this?"

At this moment, Zhou Hao called the frog and the divine soil out.

After returning from the Moro Race's mental world, these two guys had been hiding in his backpack. However, how could the two of them remain obedient? Thus, those two often sneaked out.

Fortunately, the two of them were also relatively cautious and did not cause too much trouble.

"What? You're unwilling to cultivate even after receiving the cultivation technique?"

The frog walked out, dressed in a suit and leather shoes. It stuck its hand into its pocket in a carefree manner.

Its sunglasses had also changed. They were even more exquisite and beautiful.

Zhou Hao found the divine soil to be even more unbearable. For some reason, this guy had turned himself into a miniature version of Superman. He was wearing red underpants and had muscles all over his body.

"Damn... are the two of you... crazy?"

Zhou Hao was stunned when he saw these two guys. What were they wearing?!

The frog did not say anything. This guy had always been different. Whenever Zhou Hao saw him, he was always in a strange suit, a cloak, and sunglasses. Now that he had changed into a new suit, although Zhou Hao was shocked, he could still accept it!

However, what was going on with this divine soil?!

Why did this guy make himself look like Superman?!

Especially the red underpants. It was simply too damn exquisite!

"Cough cough, how is it? Did I blind your titanium dog eyes with my attire?" As soon as the frog opened its mouth, it used a popular internet phrase, making Zhou Hao even more shocked.

"What have you guys been through these past few days?" Zhou Hao could not help but be curious.

"Hehe, your current civilization is a little interesting. Women actually expose their thighs in public. They seem to try to put on as little clothing as possible. It has to be known that such a situation is something we can only see when we are peeping!"

"Also, you guys even wear triangular underpants on the outside. This is a little interesting!"

“I was the one who dressed the divine soil. How is it? Isn’t it very domineering? Isn’t this Superman? He’s omnipotent, especially the red underpants. Doesn’t it look especially compatible with me?”

The frog chuckled, making Zhou Hao not know whether to laugh or to cry.

“Forget it, as long as you guys like it. Let’s get down to business. How do I cultivate this Ancestral Physique?”

After Zhou Hao took it out just now, he did not understand. The cultivation technique of this Ancestral Physique was not something that could be learned with the Golden Crow Escape Technique. Zhou Hao looked at it and couldn’t figure out the information about dantian and meridians at all. He was not a doctor, so he was naturally confused.

“How stupid. You can’t even understand such a simple thing? You martial artists nowadays are really forgetful. You can’t even understand the information about dantian and meridians. You’re really trash.”

The frog casually glanced at it and curled its lips.

“Uh...” Zhou Hao was immediately embarrassed.

“Dantian is the foundation of a martial artist’s cultivation. As the saying goes, one cultivates muscles, bones, and skin on the outside and internal breath on the inside. By this, they are referring to the dantian. All the strength of martial arts actually comes from the dantian. You just don’t know it!”

“As for meridians, they are the place to store essence energy. You’re currently a third-level life form and have only developed 30% of your meridians. However, it’s already enough for you to cultivate the Ancestral Physique!”

As the frog spoke, it revealed an extremely dangerous smile, making Zhou Hao stunned for a moment. He felt that its smile was a little terrifying.

“Actually, I want to tell you that you only need to be a third-level life form to cultivate the entry-level Ancestral Physique . There are not many cultivation techniques that require an especially high-level body. This is why the Ancestral Physique is so impressive!”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 597 - Harder than Ascending Heaven

Chapter 597 Harder than Ascending Heaven

After the frog finished speaking, it looked at Zhou Hao and smiled.

“What’s impressive about the Ancestral Physique is that anyone can cultivate it. It has nothing to do with you being trash or a genius. As long as a living being becomes a third-level life form, they can cultivate it. But...”

Hearing the word “but”, Zhou Hao knew that something was definitely wrong!

“But what?”

“But... although everyone can cultivate this cultivation technique, very few people have succeeded in the past millions of years. Either they died on the path of cultivation techniques or they lacked the resources. In short, very few people succeed. The reason why the Ancestral Physique cultivation technique is powerful is also because it’s not like other cultivation techniques. If one succeeds in cultivating an ordinary cultivation technique, they will succeed. However, for the Ancestral Physique cultivation technique, the end of it is unimaginable. It’s a cultivation technique that will require you to improve infinitely!”

The frog smiled and said, its eyes flashing with surprise!

Zhou Hao was stunned!

“Improve infinitely... Are you lying to me?”

Zhou Hao could not help but ask.

“Of course not... This is the special feature of this cultivation technique. As long as you have sufficient perseverance and resources, you can cultivate the Ancestral Physique to the limit. However, not many people have this perseverance.”

When Zhou Hao heard this, he was a little surprised. How could it be impossible for so many people? Between resources and perseverance, Zhou Hao still felt that resources were still a little more difficult. However, the descendants of those large family clans should not lack resources.

“I don’t understand. Can you tell me in more detail?” Zhou Hao could not help but ask.

es

“In more detail, huh? Actually, it’s very simple. The Ancestral Physique is different from other body tempering cultivation techniques. It improves your body and uses powerful strength to obliterate every inch of your skin and every bone in your body. Then, you will be reborn. In this way, you will be able to change your body and increase your physical strength!”

The frog’s words made Zhou Hao’s head buzz!

“What?!”

If that was the case, wouldn’t it be too dangerous?

Since it was a matter of reconstructing his body, if he failed...

“Are you afraid? The Ancestral Physique is like this. One has to have powerful willpower to persist. Moreover, you also need sufficient resources. It’s hard to imagine how many treasures one will need to improve the Ancestral Physique every time. It can be said that the costs are multiplied every time. Therefore, brat, hurry up and earn money...”

The frog chuckled and tapped Zhou Hao’s glabella lightly. A message was transmitted.

It had transmitted an explanation of the Ancestral Physique cultivation technique. It also helped Zhou Hao better understand the meridians and dantian in his body.

After Zhou Hao absorbed it, his heart was shocked. When he looked at the Ancestral Physique again, he suddenly realized that this cultivation technique carried so much weight!

“The Ancestral Physique you want is here. However, whether you dare to cultivate it or not is up to you. I can tell you right now that there are too many people who have died cultivating the Ancestral Physique. You have to be mentally prepared.”

With that said, the frog could not be bothered with Zhou Hao and waved its hand.

“Alright, if there’s nothing else, don’t disturb me. We’re going to see Superman.”

As he spoke, he brought the divine soil into his backpack.

Zhou Hao took a deep breath and had a solemn expression.

To be honest, he was very worried about this cultivation technique!

If what the frog said was true, this cultivation technique was simply a life-threatening charm. If one was careless, they would die!

However, this cultivation technique was very powerful. Zhou Hao would still feel that it was a pity if he did not cultivate it!

“In this world, there’s no gain that you don’t have to pay for. Only by giving can you obtain gains!”

“Moreover, there are no shortcuts on the path to becoming an expert!”

Zhou Hao narrowed his eyes. Without saying a word, he made up his mind and directly began to cultivate!

This Ancestral Physique was not difficult to cultivate. It absorbed essence energy to temper the body.

Similarly, he could also absorb the Body Tempering Essence Fluid and the Energy Bar.

Fortunately, Zhou Hao had a lot of them in his backpack. He had hundreds of thousands of Body Tempering Essence Fluids and Supreme Energy Bars. Zhou Hao directly took out a portion and began to cultivate.

The cultivation technique of this Ancestral Physique was very simple. After absorbing this thing, one could send it to the body through the Ancestral Physique cultivation technique. Every part of the body, including every meridian, acupuncture point, and every cell, would be able to absorb it!

Zhou Hao closed his eyes and began to cultivate the Ancestral Physique. In the blink of an eye, he had already absorbed 10,000 essence fluids. His Ancestral Physique absorption could also be considered to have reached the entry-level!

This Ancestral Physique had a total of nine levels, and Zhou Hao was only at the first level. He was still far from reaching the second level.

Moreover, every time he broke through, he needed to reconstruct his body.

If he wanted to break through to the ninth level, he would need to break through nine times!

Moreover, it would become more and more difficult every time!

Zhou Hao took a deep breath. This was really too difficult!

If he failed once out of nine times, he would die. The difficulty was rather high!

However, Zhou Hao was not discouraged. His gaze was incomparably firm!

After cultivating for the entire night, Zhou Hao was shocked to discover that his body had become much stronger the next morning!

“It’s indeed extraordinary...”

Zhou Hao smiled and was very satisfied.

Now that his mental strength was extraordinary and he had the support of the spirit gem, he was confident. Moreover, his power of the Genesis Rune was also incomparably powerful. Although he did not dare to rashly use it, he could still use it at a critical moment!

As for his own body, he had the support of the Ancestral Physique and the support of the God Destroying Art as well as the Nine Revolutions Overlord Body Art. His combat strength was also not bad. Be it long-range or close combat, Zhou Hao was not afraid of anything!

“Not bad. You reached the entry-level in one night. Impressive.”

The frog and the divine soil jumped out and could not help but say.

It was unknown what these two guys had been looking at all night. The frog was no longer wearing a western suit, but a traditional Chinese suit with a huge chain covered in coiled peaches.

There was also the divine soil. It was not in the shape of a superman. Instead, it had become Bruce Li!

Zhou Hao slapped his forehead. These two guys were always cosplaying, making Zhou Hao really speechless!

“It’s easy to practice, but... When you break through...”

Zhou Hao could not help but sigh, feeling very pressured.

“The difficulty of the Ancestral Physique lies in breaking through. If one’s will is not firm, they will definitely not be able to withstand the pain of breaking through. Therefore, you have to grit your teeth and persist.”

The frog patted Zhou Hao’s shoulder and encouraged.

Zhou Hao rolled his eyes at the frog and could not be bothered with it.

Zhou Hao had yet to try the God Destroying Art he had obtained yesterday. At this moment, Zhou Hao walked out of the house. His body moved, and he directly appeared in a spatial rift. He wanted to test how powerful his God Destroying Art was!

The God Slaying Art increased one's combat strength by three times, so it was unknown how much this God Destroying Art could increase.

Just as Zhou Hao was about to try, he suddenly sensed a familiar aura. He looked down and was immediately stunned.

Iron Bone Bear King?

No, it should be called the Silver Bone Bear King now!

Chapter 598 - Deal

Chapter 598: Deal

Zhou Hao still remembered trading with this guy for the Essence Energy Ancestral Stones. After so long, this guy had actually broken through to the Heaven Realm and reached the level of the Silver Bone Bear King.

However, why did it still come to this spatial rift so sneakily after becoming a Heaven Realm expert?

Zhou Hao was very curious. His body moved and directly appeared in front of the Silver Bone Bear King!

"Hey."

Zhou Hao greeted, shocking the Silver Bone Bear King. It was just about to attack when it sensed Zhou Hao's aura and was stunned for a moment.

"It's you?"

The Silver Bone Bear King naturally did not forget Zhou Hao. The two of them had done business before.

"You still remember me, Brother Bear." Zhou Hao smiled, and the Silver Bone Bear King nodded.

"Of course, I definitely can't forget your aura. Kid, why are you here?"

The Silver Bone Bear King could not help but say.

“I also wanted to ask you the same question. What are you doing here?”

As a Heaven Realm expert, this guy was not allowed to come to the spatial rift. It had to be known that the mutated beast alliance and the human alliance had an agreement that Heaven Realm experts from both sides could not easily appear in the spatial rift.

However, this Silver Bone Bear King had secretly come here and did not hesitate to destroy this agreement. It could be imagined that there must be a reason!

Updates by . com

“What am I doing? Of course I’m returning to my nest. Hmph... that Hundred Feet Worm King is really too powerful. I couldn’t beat it and was almost killed by it, so I escaped back.”

The Silver Bone Bear King did not hide anything. This sentence alone made Zhou Hao laugh.

“I thought you came back for something. It turns out that you were chased out of the Hundred Feet Worm King’s territory!”

Zhou Hao immediately smiled and was somewhat speechless.

The Silver Bone Bear King did not feel embarrassed. It sat on the ground and snorted coldly. “I don’t know where this guy got an especially powerful treasure. That thing emits a silver light like a pair of wings and is very powerful. If not for that thing protecting me, I might not have lost!”

The Silver Bone Bear King said in a muffled voice, feeling unconvinced!

However, after Zhou Hao heard this, his expression indeed changed!

“What did you say? Wings? Silver wings?”

The first thing Zhou Hao thought of was the Thousand Feather Armor!

Be it the wings or the silver color, they were all features belonging to the Thousand Feather Armor!

“Yes, that thing is attached to its back and has become a pair of wings. It flies very quickly, and that thing is very hard. I can’t damage it with a single punch. It’s really strange!”

The Silver Bone Bear King sighed and was very depressed. After breaking through to the Heaven Realm this time, it originally wanted to rely on the advantage of its bloodline to deal with the Hundred Feet Worm King and then become an overlord.

However, who would have expected this Hundred Feet Worm King to have such a treasure? It had really exceeded his expectations.

After Zhou Hao heard the Silver Bone Bear King's words, he was even more certain. He waved his hand and put on the Thousand Feather Armor. He looked at the Silver Bone Bear King and asked directly.

"Did the Hundred Feet Worm King also have this armor and these wings?"

Zhou Hao looked at the Silver Bone Bear King excitedly.

The Silver Bone Bear King looked at Zhou Hao and immediately widened its eyes in shock!

"Yes, yes, yes... this is it... Kid, you have it too?"

The Silver Bone Bear King was very shocked and did not dare to believe its eyes!

When Zhou Hao heard this, he was extremely excited. There was no need to mention how precious the Thousand Feather Armor was. Now that he had obtained one of them, he still lacked the six other ones that were outside. If he could obtain another one from the Hundred Feet Worm King, he would be one step closer to recovering the Thousand Feather Armor completely!

Thinking of this, Zhou Hao narrowed his eyes, put away the Thousand Feather Armor, looked at the Silver Bone Bear King bag, and smiled.

"Brother Bear, we're intimate partners. Do you want to work together again?"

After Zhou Hao finished speaking, the Silver Bone Bear King's expression immediately changed and it instantly understood!

"You... you... you mean... you mean..."

It was very shocked and did not dare to believe Zhou Hao!

"Brother Bear, you want to kill the Hundred Feet Worm King and I want that armor. If we work together, it will be easy for us to kill it. This transaction will not be a loss for either of us. You're so smart, you can figure it out, right?!"

Zhou Hao said directly and did not waste his breath. After the Silver Bone Bear King heard this, its expression also changed. It naturally knew what Zhou Hao meant!

"I understand what you mean, but... I don't think you have the ability to fight a Heaven Realm expert!"

The Silver Bone Bear King was not stupid. Zhou Hao's aura was only at the quasi Heaven Realm. How could he fight a Heaven Realm expert?

The Hundred Feet Worm King was not a small character. Its strength made the Silver Bone Bear King tremble. If not for the fact that it did not want to kill him, he would have died long ago!

Zhou Hao smiled and said indifferently, "Looks like you don't believe in me?"

"Of course, you're only a quasi Heaven Realm expert now. You're still far from being able to fight it. Even if I find someone to work with, it won't be you!"

The Silver Bone Bear King did not hide anything and immediately said.

Zhou Hao smiled and could not be bothered to waste his breath. He immediately activated the Ancestral Physique. Not only that, but he also instantly activated the Nine Revolutions Overlord Body Art and the God Destroying Art!

In an instant, his combat strength directly multiplied by nine times!

This multiplication instantly took effect. He looked at the Silver Bone Bear King and said indifferently.

"Brother Bear, didn't you once say that you have a very strong body? I'll use 30% of my strength in this punch. Let's see if you can withstand it!"

The moment Zhou Hao's aura erupted, the Silver Bone Bear King came to a realization. Zhou Hao's aura simply shocked it!

It could tell that this aura did not belong to an ordinary quasi Heaven Realm cultivation, but a Heaven Realm cultivation!

At this moment, its eyes widened. Zhou Hao's fist had also arrived!

"Hmph, even if your aura is very strong, my body is still incomparably powerful. The bloodline of my mutated beast race is even superior to your human race. Not to mention you, even a third-grade Heaven Realm human expert will die if he wants to fight me. If you dare to fight me head-on, it will be equivalent to suicide!"

The Silver Bone Bear King immediately spoke. Without hesitation, it directly circulated all its strength. Its fur was silver and very powerful. At this moment, it also punched out and punched fiercely at Zhou Hao!

In the next second, their fists suddenly collided!

Boom!

A huge bang shook the surroundings, instantly razing the surrounding mountains to the ground.

Fortunately, this was the spatial rift and there were no human cultivators here. Otherwise, even if ordinary supernatural experts were affected by the wave of air just now, they would still be severely injured!

A powerful force wreaked havoc between the two of them. The Silver Bone Bear King's eyes widened. As that force surged down, it realized that it was actually unable to resist and was directly sent flying!

Although it was not injured and did not use its full strength,...

Zhou Hao sending him flying with a punch still shocked it incomparably!

Chapter 599 - Agreement

Chapter 599: Agreement

Zhou Hao stood with his hands behind his back and looked at the Silver Bone Bear King as he said indifferently.

"Brother Bear, I said that I only used 30% of my strength in this punch. I'm definitely not lying to you. Is such strength qualified?"

Zhou Hao smiled. His words instantly filled the Iron Bone Bear King with joy!

"Yes, yes, your strength is actually comparable to mine. If the two of us work together, that Hundred Feet Worm King will be nothing to be afraid of!"

The Silver Bone Bear King laughed loudly and was very happy. It did not expect Zhou Hao to be so powerful!

"In that case, how are we supposed to kill the Hundred Feet Worm King? Let me make this clear first. I won't go to your foreign race headquarters. At the very least, I'll only stay in this spatial rift."

Zhou Hao said directly. If he went to the foreign race's headquarters, the first to die would definitely not be the Hundred Feet Worm King, but himself!

"Is there a need for you to tell me this? If the other foreign race beings found out that I colluded with the humans to kill the Hundred Feet Worm King, they'll probably kill me. I'll think of a way to get the other party to the spatial rift. However... the Hundred Feet Worm King has the same wings as you. That thing is indestructible and we can't destroy it with our strength. How are we supposed to kill it?"

The Silver Bone Bear King suddenly thought of this and could not help but say.

Zhou Hao smiled faintly. "Don't worry, I have my own way."

"Oh? You have a solution?" the Silver Bone Bear King could not help but ask.

"Of course, the level of the armor on my body is higher than his. Therefore, I'm confident that I can control his armor once we fight!"

The Thousand Feather Armor only had one intelligent entity and it was with Zhou Hao. If they really fought, even if the Hundred Feet Worm King was very powerful, Zhou Hao was still confident that he could kill it!

Updates by . com

"Since you have a solution, let's give it a try!"

After the Silver Bone Bear King finished speaking, it nodded. "I'll contact you for the exact time. Take this."

As it spoke, the Silver Bone Bear King gave Zhou Hao a communication device, making him stunned.

"Hmph, I can tell from your expression. Do you still think that we mutated beasts are simple-minded? How laughable. The toys produced by our foreign races are comparable to the toys produced by you humans."

After the Silver Bone Bear King finished speaking, its body moved and left.

As soon as it left, Zhou Hao felt a few powerful auras approach with a familiar smell.

"The aura of that explosion was very powerful. At the very least... it can only erupt from a Heaven Realm beast. Hmph, the foreign races are really arrogant. They actually broke the agreement and came to this spatial rift!"

The person who spoke was Bai Linglong. She was still wearing the capable white warrior uniform and looked valiant.

Zhu Zao, who was beside her, narrowed his eyes and sighed.

“Recently, the foreign races have been becoming more and more restless, especially the Hundred Feet Worm King. Because we’ve occupied the thirteen spatial rift and turned it into a training base, they have become even more ambitious to attack the spatial rift!”

As one of the commanders of the twelve spatial rifts, Zhu Zao was also very helpless.

“Fortunately, Heavenly King Zhu, you were here. Otherwise, the Hundred Feet Worm King would have killed its way over long ago,” Bai Linglong said directly.

“The Hundred Feet Worm King is a newly-advanced Heaven Realm expert. In less than ten years, it has grown to become very ambitious. However, it is still being controlled by the Blood Demon Race. Fortunately, with Sword King Qing around, the Blood Demon Race doesn’t dare to easily break the agreement.”

Zhu Zao said.

Soon, the few of them arrived near the explosion. They were shocked when they saw the scene!

“This... this strength is definitely something that only a Heaven Realm expert can achieve. Based on the traces left behind, it’s obvious that the surrounding mountains within five kilometers were shattered in an instant. ”

When Bai Linglong saw this scene, she drew a cold breath. She was only a quasi Heaven Realm expert now and had yet to reach the Heaven Realm. Therefore, when she saw this scene, she was naturally somewhat afraid.

Heavenly King Zhu nodded. Suddenly, he looked up. In the distant sky, there was a figure!

“There’s someone there!”

Zhu Zao’s expression changed as he suddenly looked over. Bai Linglong and the others were the same.

“Is it a friend or a foe?” Bai Linglong frowned. Because she was too far away, she could not see clearly.

Zhou Hao smiled. Seeing them rush over, his body moved and he headed towards them.

“He’s headed towards us!”

Bai Linglong's expression tightened as she immediately entered a combat prepared state!

"Looks like this fluctuation must be related to this person!"

Zhu Zao also narrowed his eyes and circulated his cultivation.

"What? It's only been a year since we last met, but you guys don't know me anymore?"

However, a faint laughter broke their anxiety, making them stunned the moment they heard this voice.

Zhou Hao landed in front of them with a smile and could not help but smile.

This scene immediately made Bai Linglong and Zhu Zao widen their eyes!

"Zhou Hao!"

They could not believe that it was Zhou Hao!

"How could it be you... and your aura... quasi Heaven Realm!"

Zhu Zao was immediately shocked. He still remembered that he had just entered the Battle God Battalion and was only a first-grade supernatural expert!

It had only been a year, and he was already a quasi Heaven Realm expert?

This was too impressive!

Bai Linglong was also shocked. She looked at Zhou Hao in disbelief.

"Greetings, Heavenly King Zhu and Instructor Bai."

Zhou Hao said respectfully. Be it Zhu Zao or Bai Linglong, Zhou Hao revered them greatly.

They were all heroes who protected the human race and were worthy of Zhou Hao's respect.

"Haha, you brat, you really surprised me. Looks like you've improved a lot in this past year in the Battle God Battalion!"

Zhu Zao smiled and looked at Zhou Hao. As a Heaven Realm expert, he could sense a powerful force from Zhou Hao.

Zhou Hao did not want to be like how he was before. Back then, he was worried that he would be seen through and had always controlled his aura. Now, he no longer cared about this and blatantly revealed his martial cultivation.

“Thank you, Instructor Bai and Heavenly King Zhu,” Zhou Hao hurriedly said.

“It’s useless to thank us. You earned your ability yourself. However, your improvement is really unexpected!”

Heavenly King Zhu laughed loudly. Seeing Zhou Hao’s combat strength, he was even more happy.

“Oh, right, did you... do this?”

Heavenly King Zhu hurriedly asked.

“Hmm... I encountered a suspicious foreign race Heaven Realm expert and fought him.”

Zhou Hao originally wanted to casually lie and say that it had nothing to do with him, but he was a little worried that Heavenly King Zhu and the others would make a big deal out of nothing. Moreover, they seemed overly nervous, so he told the truth.

“What... you... you fought a Heaven Realm expert...?”

Heavenly King Zhu was even more shocked when he heard this.

“I encountered some opportunities, so... I gained the ability to fight a lower third-grade Heaven Realm expert,” Zhou Hao said with a smile.

“Good... good... good. You were able to fight a Heaven Realm expert just after reaching the quasi Heaven Realm. Once you break through to the Heaven Realm, how impressive will you be? Not bad. Zhou Hao, you’re indeed worthy of being a member of our Green Cloud Division. Good job!”

After Zhu Zao heard this, he laughed loudly, his eyes filled with gratification.

Chapter 600 - Break

Chapter 600: Break

Bai Linglong was also very happy. Seeing Zhou Hao like this, she nodded.

“Now, you have the strength to make the Xu family treat you seriously. Kid, you didn’t disappoint Xu Ling!”

Bai Linglong naturally knew about Zhou Hao and Xu Ling, but she originally felt that this matter would take at least a few years.

However, she did not expect Zhou Hao to grow to such a level in a short year. It shocked her!

“Why did you come back this time? Your Battle God Battalion’s special training is very strict, right? A few days ago, that guy, Sun Zishan, even stammered when he told me that you went on a mission. I didn’t expect it to end so quickly?”

Zhu Zao asked.

Zhu Zao probably did not know about the ancient ruins either, so Zhou Hao did not say anything.

“Yes, after completing the mission, they gave me a break. Therefore... I’m currently on leave,” Zhou Hao said with a smile.

“You don’t rest even though you’re on leave. You actually came to the spatial rift. Good brat, I like it!”

Zhu Zao mistakenly thought that Zhou Hao had come to the spatial rift to help. In fact, Zhou Hao had come to experiment with the God Destroying Art. Therefore, after hearing the other party say this, Zhou Hao felt a little embarrassed.

“Uh... hehe... I was just looking around,” Zhou Hao scratched his head and could not help but say.

“Alright, let’s not stand here anymore. Let’s return to the base together.”

Heavenly King Zhu smiled and brought Zhou Hao back to the base.

Updates by . com

Bai Linglong looked at Zhou Hao and wanted to say something, but she stopped herself several times.

Zhou Hao did not know what she meant, but Zhu Zao still understood, so he whispered.

“Zhou Hao, do you have any news about your master?”

This question immediately filled Bai Linglong with anticipation.

Zhou Hao knew that they had never forgotten Senior Zhou. However... Senior Zhou would never return.

Zhou Hao thought for a moment and looked at Bai Linglong. He waved his hand and took out the Black Dragon Spear.

"I've seen my master. He... went to a very far place to hunt mutated beasts. Before he left, he asked me to give this Black Dragon Spear to Instructor Bai."

Zhou Hao sighed. He could only say this. He hoped that this Black Dragon Spear could make Instructor Bai completely let go of Senior Zhou.

After all, Zhou Hao could not bear for an illusory figure to affect Instructor Bai like this!

Seeing the Black Dragon Spear, Bai Linglong's eyes instantly turned red. She received it and looked at it with a bad feeling.

"What else did he say?"

Bai Linglong looked at Zhou Hao, her eyes filled with anticipation.

"My... my master said... he won't forget everyone. However... he won't return either. He will use a new identity to continue protecting the humans. Perhaps... he's already by your side."

Zhou Hao really did not know how to comfort Bai Linglong. He did not want to hurt Bai Linglong.

Zhou Hao was not stupid. He still understood Bai Linglong's feelings for Senior Zhou. Unfortunately, he himself was Senior Zhou and could not respond to her feelings.

"Did he really say that?"

Bai Linglong's face instantly turned pale.

No one had seen Senior Zhou's appearance before. Therefore, even if he changed his identity and stood in front of her, she still wouldn't recognize him.

"Sigh..."

Zhu Zao sighed. He had always felt bad for Senior Zhou.

If not for the sake of the spatial rift, Senior Zhou would not have been like this. Although he did not understand why such a person who cared about the world would learn a forbidden technique like the Genesis Rune.

He could not understand.

“Heavenly King Zhu, Instructor Bai, you guys shouldn’t have such an expression. My master knew long ago that this would happen. That’s why he never showed his face to others. It was because he didn’t want anyone to worry when he left.”

“My master has a huge ambition and will continue to fight for the sake of the safety of the human race. Therefore, the two of you, please restrain your emotions. In fact, such an emotion can be seen as a sign of disrespect to my master.”

Zhou Hao smiled, and Heavenly King Zhu nodded.

“That’s right. Senior Zhou will definitely continue to fight at the frontline. We should be proud of him...”

Heavenly King Zhu smiled, but Bai Linglong was still unable to escape from this sad relationship.

“Instructor Bai, my master knows that you’re very powerful with a spear. By giving it to you, he’s also returning this Black Dragon Spear to the Green Cloud Division. I think you should understand what my master means, right?”

Zhou Hao was worried that Bai Linglong would not be able to understand and could not help but ask.

“I understand...”

Bai Linglong was very sad. As she looked at the Black Dragon Spear, she could still vaguely see Senior Zhou, who was wearing red armor and holding the Black Dragon Spear, moving around among the mutated beasts.

“It’s good that you understand.”

Zhou Hao sighed. After resolving Senior Zhou’s matter, Zhou Hao had a simple meal with them before returning.

To be honest, Zhou Hao did not feel good seeing them like this. After all, he was Senior Zhou. Their feelings for Senior Zhou were meant for him.

Zhou Hao had actually thought that such a day would come. He originally wanted to reveal the secret one day and become Senior Zhou. If that happened, it would definitely cause a commotion.

However, as time passed, Zhou Hao had already given up on such an immature thought!

Those beautiful memories would forever be sealed and remain as beautiful memories.

Moreover, he did not need Senior Zhou's name to prove himself!

Time passed quickly. In the blink of an eye, a week passed.

Other than accompanying his parents, Zhou Hao also accompanied Xu Ling. Of course, he also returned to school and saw some familiar faces. Other than that, he cultivated.

This matter had already been engraved in Zhou Hao's bones.

"Now, it seems that my technique is still too ordinary. Be it the Green Wood Art or the Shadow Seven Sabers, they can't compare to my current combat strength."

"Although my Ancestral Physique hasn't improved to the second stage, it's still very powerful. There's also the Nine Revolutions Overlord Body and the God Destroying Art that complement each other."

"Also, my mental strength is enhanced by the spirit gem and is even condensed. However... this spirit gem is immersed in my mind and I can't use it at all. My strength is still not at the Heaven Realm. Although my mental strength is powerful, I'm far from being able to activate the spirit gem."

"Looks like it's time to find time to break through to the Heaven Realm!"

Zhou Hao narrowed his eyes. His cultivation had already been fixed at the quasi Heaven Realm for a long time!

Not only that, but Zhou Hao's body tempering had long been 100%. On this foundation, he had also cultivated the Ancestral Physique, God Destroying Art, and the Nine Revolutions Overlord Body Art!

It could be said that Zhou Hao's physical body was incomparable to an ordinary third-grade Heaven Realm expert!

Therefore, it was very easy for him to break through!

"Breaking through to the Heaven Realm is different from breaking through ordinary realms. It requires a huge condensation of mental strength and a qualitative increase in the body. I've made sufficient preparations now. I should be able to give it a try!"

Zhou Hao immediately called the frog and the divine soil over and asked them how to break through to the Heaven Realm. The frog did not hide anything and directly handed

the method to Zhou Hao. After that, it entered his backpack and continued to watch the movie it was watching with the divine soil.

Zhou Hao looked at the way to break through with determination!
