Chapter 609 - The Shocked Ji Yaoyue

Chapter 609: The Shocked Ji Yaoyue

The Hundred Feet Worm King was completely dumbfounded. It knew that it was definitely unable to escape Zhou Hao's control!

Zhou Hao looked at the Silver Bone Bear King and said indifferently.

"Brother Bear, I also don't want to see you go against us humans. Otherwise, I won't be polite to you. Do you understand?"

As he spoke, Zhou Hao looked at the Hundred Feet Worm King and sent a mental message. It instantly knew what Zhou Hao was thinking.

"This guy wants me to spy on the Silver Bone Bear King. He wants me to kill it if I find it to be a threat to humans?"

The Hundred Feet Worm King was shocked, but so what? The strength of the Beast Control Ring was not something it could resist at all.

The Silver Bone Bear King chuckled and said directly, "I'm not that stupid..."

It did not want to fight the humans in a big battle to begin with. After all, as long as the two sides fought, there was a chance for it to die. Since it valued its life so much, it naturally would not do such a stupid thing.

Zhou Hao looked at it and left.

The Hundred Feet Worm King glared fiercely at the Silver Bone Bear King and left.

Zhou Hao left and directly arrived at the spacecraft.

"The second part has been found. Little Yu, prepare to fuse."

Zhou Hao was very excited to see what potential the Thousand Feather Armor would unleash after fusing with the second part!

The current Thousand Feather Armor had a gravity system. If it fused with the second part, it would definitely be able to develop a new function!

Little Yu did not say a word and immediately began to fuse with it. It had an absolute advantage, and this second part did not have any intelligence at all. Therefore, it was devoured by Little Yu on the spot!

“Reporting to Master, the fusion has been completed. The Thousand Feather Armor has recovered by 30%. You can use the Gravity Domain and Teleportation.”

When Zhou Hao heard this, he immediately became excited.

“Teleportation?”

“That’s right, Master. The greatest effect of the Thousand Feather Armor wings is Teleportation. However, it’s not complete now. The speed of teleportation is also limited, and the teleportation range is only restricted to 1,000 meters.”

A thousand meters!

This was already a lot!

It had to be known that in a battle, if one could teleport 1,000 meters, it would definitely affect the outcome of the battle!

Although his Golden Crow Escape Technique was very fast, it was still not instantaneous!

At this moment, Zhou Hao was wearing armor, and a pair of two-meter-long wings appeared on his back. In the next second, Zhou Hao activated Teleportation!

In an instant, he felt himself appear in the sky a thousand meters away!

“Master, this teleportation can be in any direction. As long as it’s within a thousand meters, you can instantly teleport.”

Little Yu’s voice sounded in Zhou Hao’s mind.

“What a good function!”

Zhou Hao laughed and looked at the forest below. He stared at a tree and directly teleported over in the next second.

“Hahaha, a divine technique, a divine technique!”

Zhou Hao was very happy. With this, his combat strength would explode!

Zhou Hao was extremely excited!

Time passed quickly. In the blink of an eye, Zhou Hao had been resting for nearly a month. There were only a few days left before his break ended.

In the next few days, Zhou Hao stayed by his parents' side and accompanied them to shop as usual.

"The lives of ordinary people are really satisfying."

Zhou Hao smiled. The past few days had allowed him to enjoy a rare moment of comfort. Other than eating and shopping, he did not have much to do.

However, he knew that this kind of life was no longer suitable for him.

The month-long break finally ended. Ji Yaoyue's message was also sent to Zhou Hao punctually.

"Come and find me high up in the sky."

Zhou Hao looked at the message and bade his parents farewell. His body soared into the sky and instantly arrived above a thousand meters. He saw the strangely-shaped warship that belonged to Ji Yaoyue.

Zhou Hao had just arrived when the warship emitted a suction force. Zhou Hao did not resist and entered the warship.

"How was your one month of vacation? Do you feel rested?"

Sun Shan smiled and looked at Zhou Hao.

"Not bad... I'm just... a little not used to it," Zhou Hao said.

"I understand your feelings. The life of a martial artist and an ordinary person is drastically different. We are unable to enjoy the lives of ordinary people, and they are also unable to enter the world of martial artists. This is fair."

Sun Shan smiled and said.

"Alright, Senior Ji is looking for you. Go on."

As he spoke, he looked at Zhou Hao, feeling very shocked!

This brat had actually already broken through to the Heaven Realm. This cultivation was already top-notch among the thousand-year youths!

Moreover, most importantly, he had learned a lot about Zhou Hao from his daughter during this trip to the ancient ruins. This brat's combat strength was simply outstanding. He had even defeated the geniuses of several families and factions despite them joining forces. This result was probably something that even Senior Ji back then did not have!

Zhou Hao still arrived at Ji Yaoyue's room. He did not know what was going on with this woman. Every time Zhou Hao arrived, she would be showering.

Zhou Hao was very depressed. Didn't this big sister know how beautiful she was? Didn't she know how good her figure was? How devastatingly gorgeous she was? Such treatment to a young man in his twenties was simply torture!

Zhou Hao could only lower his head and not dare to look at her.

"Little brat, your break is over. Come with me to the deep sea today."

Ji Yaoyue immediately said without hesitation.

Zhou Hao was stunned for a moment and asked, "The deep sea?"

"That's right. A strange island has appeared there and there are extremely precious resources there. The restless fellows on the sea want to compete for them, so before they rush over, we have to deal with that place."

Ji Yaoyue wiped her hair and said indifferently.

"No problem."

Zhou Hao nodded.

"Hmm... before that, I want to test your combat value so that I can figure it out."

After Ji Yaoyue finished speaking, Zhou Hao nodded and naturally did not refuse.

"How?" Zhou Hao asked.

"Come with me."

As Ji Yaoyue spoke, she brought Zhou Hao to a private space.

"You can unleash your combat strength as much as you want in this space. You don't have to worry about destroying this place. Even I am unable to damage this place at all."

Ji Yaoyue said.

Zhou Hao did not hide anything. His Heaven Realm cultivation exploded, and he even activated the God Destroying Art, the Ancestral Physique, and the Nine Revolutions Overlord Body Art!

In an instant, his combat strength soared!

In the beginning, Ji Yaoyue's expression was normal, but when she saw Zhou Hao's aura becoming stronger and stronger, she was immediately shocked!

"Heaven Realm... sixth-grade combat strength?"

She was incomparably shocked!

"He's already able to unleash a sixth-grade Heaven Realm combat strength with a first-grade Heaven Realm cultivation without using any treasures. He's too monstrous!"

Ji Yaoyue knew that Zhou Hao's talent was extraordinary. Ordinary geniuses could only unleash twice the combat strength of ordinary martial artists, but this guy's combat strength was multiplied by six times!

Was this guy hacking?

Chapter 610 - The so-called Saint Realm

Chapter 610: The so-called Saint Realm

Ji Yaoyue simply did not dare to believe her eyes. Even she was incomparably shocked by such talent!

"As expected of a genius. Looks like he has a very good chance of breaking through to the Saint Realm!"

Ji Yaoyue smiled and interrupted Zhou Hao.

"Alright, the test is over. Follow me."

With that said, Ji Yaoyue brought Zhou Hao back to her room.

Then, she looked at Zhou Hao and said, "Your combat strength is very high, and you can even reach six times that of an ordinary Heaven Realm expert. I'm guessing that you definitely have a special way to increase your combat strength, right?"

Ji Yaoyue smiled and could tell at a glance why Zhou Hao's combat strength was so powerful!

As a half-step Saint Realm expert, she was very observant. If not for having special methods, no one would be able to unleash the strength of a sixth-grade Heaven Realm expert when they were only at the first-grade Heaven Realm!

This was simply impossible!

"Yes, yes, I came across a few opportunities, so... I have ways to increase my combat strength."

Zhou Hao did not hide anything. There was no need to hide such a thing at all. Many martial artists had ways to increase their combat strength, and Zhou Hao was not the only one!

"Currently, many cultivation techniques I know are used to stimulate blood essence to increase combat strength. However, these methods are not good. Therefore, if it's the same for you, try your best to use it less unless it's a matter of life and death. Do you understand?"

Ji Yaoyue said directly. She was naturally saying this for Zhou Hao's sake.

Zhou Hao naturally could tell, so he immediately said, "Senior Ji, don't worry. I understand."

Zhou Hao immediately nodded and smiled.

"That's good. I have two things to tell you next."

After Ji Yaoyue finished speaking, Zhou Hao was immediately stunned for a moment and was somewhat surprised. Wasn't she about to go to the deep sea? What could the second matter be about?

However, Zhou Hao did not care.

"The first thing has to do with the deep sea. That place is much more dangerous than the spatial rift. It has to be known that 70% of Planet Earth is filled with oceans. There are countless mutated beasts in the sea, and they are even stronger. However, they rarely walk on land, so we humans are relatively safe."

“However, nothing is absolute. After the global change, many mutated beasts gained the ability to go ashore. In fact, the world places a lot of importance on this.

“Moreover, there are rich resources at the bottom of the sea that are very important to us human martial artists. Therefore, the war with the deep sea foreign races has been extremely frequent in the past few years.”

At this point, Ji Yaoyue sighed helplessly. However, there was nothing she could do about this.

“In the sea area, the combat strength of our human race is limited, so the plan to conquer the deep sea is very difficult. For these plans to work, what we need most are peak-level martial artists. In other words, Saint Realm experts! This is also the second thing I wanted to discuss with you!”

When she said the words Saint Realm, even Ji Yaoyue’s breathing became solemn. A martial artist of this level already had the strength to rule the battlefield. It was very terrifying!

At any time, a Saint Realm martial artist was a key figure who could rule the entire battlefield!

It was not an exaggeration to say that if there were twenty Saint Realm human martial artists on Planet Earth, they would have unified Planet Earth long ago!

This was not nonsense, but the truth. The strength of a Saint Realm expert was not something ordinary martial artists could understand at all!

When Zhou Hao heard this, he was also shocked. He did not have any concept of a martial artist of this level!

“Zhou Hao, I don’t know how much you know about Saint Realm experts.”

Ji Yaoyue looked at Zhou Hao and said directly.

“This... I don’t know much.” Zhou Hao did not feel embarrassed. After all, he indeed knew nothing about them. Thus, he told the truth.

“It’s normal for you not to know. Saint Realm is a realm that’s very difficult to get to. And the Saint Realm experts of the human race usually don’t show themselves. Therefore, it’s natural that you don’t know.”

Ji Yaoyue smiled and said, “Martial artists below the Saint Realm cultivate essence energy, physique, and mental strength. However, at the Saint Realm, they cultivate the power of will!”

“Mental strength can also be said to be the power of will, but there’s an intrinsic difference between the two. The power of will is an upgraded version of mental strength. Only by mastering the power of will can one be considered a true Saint Realm expert. Of course, breaking through to the Saint Realm is also a huge breakthrough for the body.”

Ji Yaoyue immediately said and stretched out her finger. An extremely small but powerful force condensed on her finger and flickered with a faint light.

This strength had a natural noble feeling, as if it was above everything. This strength shocked Zhou Hao!

However, this was not the end. Ji Yaoyue pointed at Zhou Hao lightly with her finger. A huge power of will seeped out from her body and enveloped Zhou Hao. In an instant, Zhou Hao felt as if he had been separated from the world. He was shocked to discover that the essence energy and air within a meter around him had become thin.

This scene shocked him greatly.

“Looks like you’ve already sensed it. This is the power of will. To put it simply, it’s the power to control everything!”

With that said, Ji Yaoyue retracted her finger. The power that was imprisoning Zhou Hao’s entire body instantly melted like a snow rain!

“This is the power of will!”

Zhou Hao was very shocked and hurriedly said, “Senior Ji, are you a Saint Realm expert?”

Hearing this, Ji Yaoyue shook her head. “No, I’m only a half-step Saint Realm expert. It’s very difficult for one to enter the Saint Realm. Not only does one need talent, but most importantly, one needs powerful mental strength as well as the comprehension of the power of will to enter the Saint Realm.”

“Actually, relatively speaking, the requirement on the body to enter the Saint Realm is not high. Our essence energy is constantly nourishing the body. As long as we cultivate normally and have enough talent, the body will basically not be affected.”

“The only difference is mental strength. Everyone’s mental strength is different. After all, one’s mental strength is dependent on factors such as talent and opportunities. It can’t be summarized in one way or another. Of course, I’m only talking about ordinary martial artists. The extremely special ones are not like this.”

At this point, Ji Yaoyue waved her hand. A projection appeared in the room, and there was some information regarding the Saint Realm on it.

“A large portion of breaking through to the Saint Realm depends on mental strength, but there are also exceptions to this rule, for example extremely special martial artists...”

“The most typical type of such an artist are body tempering martial artists. Such martial artists can completely rely on their bodies to enter the Saint Realm. Once they enter the Saint Realm, they will be even stronger. In the ancient times, the combat strength of body tempering martial artists was not something ordinary martial artists could compare to. Each and every one of their attacks carried a terrifying destructive power. Even if the other party was a Saint Realm martial artist, they would still be heavily injured or killed when hit by a Saint Realm body tempering martial artist.”

“Therefore, body tempering martial artists are very powerful, but very few can enter the Saint Realm. Among the information we have, there is only a very small amount of information that mentions body cultivation.”

Chapter 611 - Island

Chapter 611: Island

When Zhou Hao heard this, he was also incomparably shocked. He did not expect a body tempering martial artist to have so much difficulty advancing!

Of course, he had long known that body tempering was difficult, but he did not expect it to be so difficult!

However, their results were also not something ordinary people could compare to. The combat strength of body tempering martial artists was one whole level higher than ordinary martial artists!

“Moreover, body tempering martial artists place a lot of importance on physique, bloodline, and even blood essence. Basically, all the martial artists that can enter the Saint Realm have monstrous physiques and their physiques are far stronger than the physiques we know of.”

At this point, Ji Yaoyue looked at Zhou Hao and smiled. “You’re a body tempering martial artist, right? However, I don’t sense any special physique from you, but your blood essence power far exceeds others. This surprised me.”

Ji Yaoyue was very puzzled, but she did not ask further. Because everyone had their own secrets, it was not appropriate for her to ask so much.

“The physiques we know at this stage include the Ice Muscle Body, the Fire Muscle Body, the Water Muscle Body, the Wood Muscle Body, and the Five Elements Physique. There are also the Liquid Body, the Rock Body, and the Poison Body. These are extremely special physiques.”

“Although these physiques are very powerful, they’re still a little far from breaking through the threshold of the Saint Realm. However, we can’t say for sure that people with these physiques can never cultivate the Saint Realm in their lives. It’s just that it’s very difficult.”

As Ji Yaoyue spoke, she waved her hand, and the scene changed.

“And among the physiques we know of, there are a few that have the highest chance of reaching the Saint Realm. For example, the Purgatory Body, Overlord Body, Divine Body, Thousand Demon Body, and Asura Body. These are all extremely powerful physiques.”

“However... these physiques are still far inferior to the Ancestral Physique!”

After she finished speaking, Ji Yaoyue looked at Zhou Hao. Although she did not confirm it with Zhou Hao, she was still quite certain with her guess.

Not only did the Moro Race possess the spirit gem, but they also possessed the strongest cultivation technique in this world. After all, the Moro Race back then was established by a general under Huang. Their strength was not something that could be compared to now!

Even the current Heaven Tower was modeled after the one in Moro Race. Based on this alone, it could be imagined how powerful the Moro Race was!

Updates by

“The Ancestral Physique is the ancestor of all physiques. This is a big deal. It is a foundational physique in which all the other physiques branched out from. Of course, this is not to say that the Ancestral Physique has all the different types of extraordinary powers. However, the Ancestral Physique does have something that the other physiques don’t. It has the ability to evolve infinitely!”

Ji Yaoyue’s grasp of the Ancestral Physique shocked Zhou Hao. He had also heard about this from the frog. He did not expect Ji Yaoyue to also know as well.

“The limitless evolution of this Ancestral Physique has led to a very high plasticity in the later stages of this physique. In the end, it can even help one reach a level of indestructibility, allowing one to be invincible in the face of all techniques. I still remember that the information mentioned that in ancient times, even before the time of the Moro Race, an Ancestral Physique expert broke through to the Saint Realm. With

his powerful cultivation, that figure was simply like a war god that had descended to the mortal world. No one in the world could fight him and he was invincible in the world.”

“In that period of time, the world could be said to be completely controlled by that expert with the Ancestral Physique. Even now, this still shocks me.”

Ji Yaoyue smiled and waved her hand to put the information away.

She had said so much because she wanted to tell Zhou Hao some information about body tempering. She did not have any other meaning.

Moreover, she was also deliberately helping Zhou Hao hide the matter of his Ancestral Physique!

Zhou Hao belonged to the Battle God Battalion and was not from any other organization. The humans were not united either. Therefore, for safety reasons, Ji Yaoyue felt that it was better for her to pretend to be unaware of Zhou Hao's background at all times.

This was also to reassure Zhou Hao and make him less worried.

“That’s all I have to say. Zhou Hao, you’re the most talented person I’ve ever seen. Therefore, I hope you can break through to the Saint Realm. At present, your cultivation level is still not enough. When you reach the tenth-grade Heaven Realm, I’ll provide you with opportunities.”

This promise was not made casually. To any Heaven Realm expert, such a promise was very important!

“Currently, you’re still unaware of the method to break through to the Saint Realm. Although I’ve already explained so much to you, there are still a lot of things you will need in order for you to break through to the Saint Realm. You’ll know when the time comes.”

After Ji Yaoyue finished speaking, she lightly put on her armor. The enthusiastic red armor outlined her incomparably beautiful body!

“Alright, we’ve arrived at the deep sea. Let’s go.”

With that said, the cabin above Ji Yaoyue opened. With a step, she arrived above the deep sea!

Zhou Hao also followed closely behind. When he saw the huge sea, his expression immediately changed!

Dark clouds covered the vast sea, but the sea was completely different from how Zhou Hao remembered it.

This scene was like the end of the world. It was shocking!

“Is this... the sea?”

Zhou Hao was very surprised. This was not what he had seen on television!

“This is the sea, but it’s not the sea you think of. The sea ruled by us humans is naturally much more beautiful than this. This is the deep sea, the territory of the sea beasts!”

Ji Yaoyue smiled and pointed at a small island below.

“That’s the island that recently appeared. That’s the place we’re going this time. We’re going to collect the essence crystals that have appeared on that island. This essence crystal is very precious and is extremely malleable. It’s very suitable for forging armor or weapons.”

After Ji Yaoyue finished speaking, she looked at Zhou Hao.

“Put on your armor. This place is filled with danger. I can’t guarantee what will happen next.”

Ji Yaoyue instructed.

Zhou Hao did not hesitate and immediately put on the Thousand Feather Armor!

This silver feather-like armor immediately shocked Ji Yaoyue. She could not help but say, “Zhou Hao, this armor of yours is not bad. It’s probably an ancient product, right?”

Zhou Hao smiled and nodded.

“Alright, let’s go down.”

As Ji Yaoyue spoke, she flew towards the island with Zhou Hao.

Zhou Hao was extremely vigilant. This was not the Moro Race territory and was very dangerous. Moreover, even Ji Yaoyue was fully armed.

The two of them were very fast and arrived at the island in the blink of an eye.

After getting closer, Zhou Hao’s eyes widened. He looked at the huge island and did not know what to say!

This place... did not look like the island in Zhou Hao's impression. It was simply like a ruined demon forest!

The ground here was black, the trees were black, and everything was black. It simply made one feel repressed and fearful!

It was terrifying at first glance!

Chapter 612 - Cuttlefish Ice King

Chapter 612: Cuttlefish Ice King

Zhou Hao looked at the huge island and was incomparably shocked!

"This place... is very strange. Zhou Hao, be careful when you go down later. Follow behind me, understand?"

As Ji Yaoyue spoke, she landed on the island with Zhou Hao.

From the outside, the island already looked extremely oppressive. After entering, it became even more oppressive. Zhou Hao took a deep breath. This place was sinister and terrifying everywhere, a little like a terrifying blockbuster!

"According to our detection, there's a huge abyss in the center of this island. The resources we want are inside that abyss. This time, our main goal is not to bring these resources back, but to scout. Originally, such missions were only meant for me or that guy Lingtian."

"However, I brought you along this time because I wanted you to experience it. In addition, I approve of your strength very much. I believe that in the near future, you will really be able to help us."

"Our goal is actually very simple. If this place is very dangerous, we can just abandon it. We definitely can't let human experts take the risk. If this place is not dangerous, our next step will be to bring the mining team. After all, our strength is limited. Do you understand, Zhou Hao?"

After Ji Yaoyue finished speaking, Zhou Hao nodded. He agreed very much with their method. If this place was really filled with danger, wouldn't they be courting death if they came here without resolving it?

If there was no danger, or if the danger was manageable, things would be easy.

It was very easy for the mining team to come and start the mining process.

After Ji Yaoyue finished speaking, she immediately led Zhou Hao towards the center.

However, at this moment, a change happened. The ground trembled, and many black squirming creatures crawled out from the ground.

These things were the size of a human arm. They did not have eyes, but they had mouths filled with teeth. They were extremely terrifying!

"These are Bloodthirsty Sea Monsters. They're not that powerful. However, since they're around, it means that there's at least one Heaven Realm sea beast expert nearby!"

Ji Yaoyue looked at these things and could not be bothered to waste her breath. With a wave of her hand, a huge flame rushed over and instantly burned these things to ashes.

"Why is it that their presence indicates that a Heaven Realm sea beast is nearby?" Zhou Hao asked in confusion.

"They usually attach themselves to the surface of the huge sea beasts' bodies and absorb the dirt that appears on their skin. Even though it's just dirt, it serves as their tonic."

Ji Yaoyue immediately explained.

Zhou Hao nodded. He had naturally never heard of such a thing.

"Heaven Realm sea beasts are very powerful. They're even larger than the mutated beasts we saw on the land. Their average height is about a hundred meters, and their strength is shocking. You have to be extremely careful! You can't be careless!"

Ji Yaoyue explained to Zhou Hao like a big sister. After her explanation, Zhou Hao quickly grasped the deep sea.

After these Bloodthirsty Sea Demons died, they did not stop. Several huge sea beasts also rushed out from the ground. They were dozens of meters long, had extremely terrifying appearances, and looked like creatures from the deep sea.

When Ji Yaoyue saw this, she snorted.

“So this island was sunk in the deepest part of the sea. But why did it suddenly float up?”

Ji Yaoyue was filled with questions. Zhou Hao naturally knew that Ji Yaoyue was only asking this question because those creatures were inhabitants of the deep sea.

“Their cultivation levels are only at the supernatural level. There’s nothing to be afraid of.”

Ji Yaoyue looked at Zhou Hao, and he immediately understood. Without saying a word, his body rushed over.

He did not take out any weapons. After all, his body and the Thousand Feather Armor could already be considered as weapons!

The powerful wings directly expanded to a size of ten meters. With Zhou Hao’s powerful body, these supernatural-level sea beasts were unable to withstand a single blow and were instantly dealt with!

Ji Yaoyue did not attack. Instead, she remained vigilant of her surroundings.

Because there was a Heaven Realm sea beast around, she did not dare to act rashly.

This was also the reason why she let Zhou Hao do the attacking.

After killing these things, the two of them continued to advance. Not far away, they saw a huge abyss.

This abyss was emitting white gas and waves of coldness. The surrounding black wood was also covered in frost, making it look like it was covered in silver.

“There’s a problem...”

Ji Yaoyue said directly.

Zhou Hao was stunned for a moment and did not discover anything wrong.

“This island used to be submerged in the deep sea. Why did it suddenly float up? And why is there the aura of ice crystals in this abyss?!”

Hearing this, Zhou Hao had a puzzled expression, not understanding what ice crystals were.

“An ice crystal is an extremely precious ice-element Ancestral Stone. The essence energy emitted by this thing can be absorbed by those ice-element martial artists. The

effect is very good. This thing is not produced in the deep sea, but why are there so many ice crystals here?”

Ji Yaoyue had a puzzled expression.

At this moment, Zhou Hao’s expression suddenly changed because he sensed an extremely dark aura!

This aura was very powerful, as if it was staring at Zhou Hao and the others with killing intent!

“It’s coming!”

Ji Yaoyue snorted and looked at the abyss. Immediately, Zhou Hao saw a huge tentacle slowly rise up. Then, he saw a huge creature that was like an octopus climb up!

However, it was different from an octopus. Its entire body was snow-white and carried an extremely cold aura!

“It’s the Cuttlefish Ice King!”

Ji Yaoyue seemed to know this sea beast and immediately exclaimed.

“Cuttlefish Ice King?” Of course, Zhou Hao naturally did not know what this creature was.

“This creature has a twelfth-grade Heaven Realm cultivation and has always been wandering in the deep sea. Moreover, it’s very cunning. There were many times when I wanted to kill it, but it escaped. I didn’t expect it to actually dare to come here!”

Ji Yaoyue shouted coldly. As she spoke, her red armor was instantly filled with flames. The heat emitted by the flames shocked Zhou Hao!

If not for Zhou Hao’s Thousand Feather Armor being extraordinary, he would have long been melted into iron liquid!

“Human, this is my territory. Don’t advance rashly, or you’ll die!”

The Cuttlefish Ice King spoke in human language with a threatening tone.

“Big cuttlefish, you actually forgot about me. Did you forget about me cutting off your three tentacles three years ago?”

Ji Yaoyue snorted and said indifferently.

“It’s you!”

The Cuttlefish Ice King was immediately incomparably shocked as it looked at Ji Yaoyue in fear.

“That’s right. Since you’re here this time, don’t leave. I haven’t killed a twelfth-grade Heaven Realm sea beast in a long time!”

As Ji Yaoyue spoke, she directly activated her cultivation technique, condensing a flame spear in her hand that was extremely hot!

The Cuttlefish Ice King was very frightened. It immediately slapped the ground and spat out countless ice gas that whistled towards Zhou Hao and the others!

Chapter 613 - Powerful Ji Yaoyue

Chapter 613: Powerful Ji Yaoyue

Seeing the ice gas rush over, Ji Yaoyue’s expression gradually turned cold, and her eyes were filled with sharp anger. The flame spear in her hand exploded with a powerful wind, and hot flames spread incomparably fiercely with the wind!

In an instant, the ice gas spat out by the Cuttlefish Ice King burned and evaporated. A water stain appeared on the ground!

Seeing this, the Cuttlefish Ice King’s tentacles immediately trembled in fear.

Recalling the painful experiences of being defeated by Ji Yaoyue time and time again, the Cuttlefish Ice King immediately felt fearful and swung its tentacles. It was prepared to quickly escape after sending the two of them flying!

“Trying to escape?”

Ji Yaoyue could tell at a glance what the Cuttlefish Ice King was thinking. Therefore, she immediately jumped to the edge of the abyss!

The spear in Ji Yaoyue’s hand suddenly waved, and she immediately drew a stream of air that flickered with flames that surrounded the edge of the abyss, directly cutting off the Cuttlefish Ice King’s escape route!

Not only that, but the tentacles that were climbing the edge were also forcefully cut off by the hot flame spear. Countless severed tentacles fell into the abyss, emitting cold roars!

“Wu Ah Ah!”

“Not good!”

The Cuttlefish Ice King endured the pain and wailed in pain. Its expression was filled with fear. Seeing that its escape route had been cut off and that it had no way out, it could only bite the bullet and try to break through the huge screen of flames!

Swoosh! Swoosh!

However, just as the Cuttlefish Ice King's tentacle approached the huge flame screen, it was burned by a hot wave of heat and a loud sizzling sound even started emitting!

Large amounts of white smoke rose in the air. Zhou Hao narrowed his eyes and carefully smelled the air. He could not help but laugh and sigh. “This roasted squid scent sure smells really good.”

“You... you bastard, I'll kill you!”

The Cuttlefish Ice King endured the pain of being roasted and suddenly retracted its tentacles. It waved its remaining dozens of intact tentacles and rushed towards Zhou Hao.

“Not good!”

Zhou Hao was shocked. This Cuttlefish Ice King's strength had already reached the twelfth-grade Heaven Realm. As a mere first-grade Heaven Realm expert with sixth-grade Heaven Realm combat strength, his combat strength was naturally inferior!

The angered Cuttlefish Ice King waved its huge tentacles and attacked Zhou Hao. Countless cold air spewed out from its mouth and instantly rushed towards Zhou Hao like sharp swords!

“Move aside!”

Ji Yaoyue's gaze turned cold. Almost in a breath, she instantly appeared in front of Zhou Hao.

Using the flame spear in her hand, she drew a circle in the air and filled the surroundings with countless burning flames, forming a huge protective barrier that enveloped the two of them.

The ice gas pierced into the flame barrier. The moment it pierced through the barrier, a large amount of water instantly splattered onto the ground. The Cuttlefish Ice King was unable to attack at all!

Fire countered ice. The Cuttlefish Ice King was destined to face a tragic defeat when facing Ji Yaoyue's defense!

"Damn..."

After the Cuttlefish Ice King saw this, it was instantly stunned on the spot!

Several of its huge and thick tentacles swayed violently. The Cuttlefish Ice King was barely able to control the shock in its heart!

Its round and black eyes revealed extreme shock. It subconsciously took a few steps back, but there was still no way for it to dodge or retreat!

Zhou Hao, who was surrounded by the flame glass barrier, felt the surrounding flames roasting him. Countless beads of sweat rolled down his forehead and back, making him feel suffocated and difficult to breathe.

"Senior Ji, can we put this protective barrier away? I feel like I'm about to become a roasted octopus."

Zhou Hao held his chest and panted heavily. Sweat fell like rain, and he had a nervous expression.

Ji Yaoyue looked at Zhou Hao indifferently and said softly, "Endure it for a while. Otherwise, I'll be distracted if I'm protecting you."

"Fire restrains ice. This way, the ice gas and attacks of the Cuttlefish Ice King will be useless against you."

"Ah..."

Zhou Hao's expression turned awkward. Helpless, he could only hide in the protective barrier to prevent himself from being captured by the Cuttlefish Ice King.

On the other side, the Cuttlefish Ice King, who had failed repeatedly, immediately prepared to take a detour and go through the side to avoid being entangled by Ji Yaoyue!

However, Ji Yaoyue did not plan to give the Cuttlefish Ice King a chance to escape. She took the initiative to attack. Countless pillars of fire condensed from cold flames rushed towards the Cuttlefish Ice King!

The Cuttlefish Ice King had a shocked expression and immediately stretched out countless tentacles that spun continuously in the air.

Large transparent water beads spread out in the void of the abyss behind it and slowly rose. In an instant, they condensed into a thick ice wall in front of the Cuttlefish Ice King!

At the same time, the Cuttlefish Ice King raised its two tentacles and condensed the cold strength on its body into its tentacles!

A moment later, the tentacle smashed down!

Chi! Chi! Chi!

Noises exploded in Zhou Hao's ear. Zhou Hao immediately realized that the Cuttlefish Ice King had targeted him and was prepared to use him to delay Ji Yaoyue and take the opportunity to attack!

The ice gas quickly filled the cracks on the ground as ice gas the size of an arm spread out. It rushed towards Zhou Hao inch by inch!

All the plants and creatures that came into contact with this ice gas were instantly frozen and lifeless!

Five hundred meters, three hundred meters, a hundred meters, fifty meters!

Seeing that the distance was getting closer and closer, in less than a minute, a long and wide ice pillar tunnel appeared in front of Zhou Hao!

Even the weeds and rocks on the ground were frozen into ice sculptures!

The Cuttlefish Ice King was resisting Ji Yaoyue's attack while taking advantage of this opportunity to ambush Zhou Hao. At this moment, Ji Yaoyue was unable to do anything!

"Senior Ji, save me, save me!"

Zhou Hao's scalp went numb. He looked at the countless cold ice pillars that whistled over and was so frightened that he retreated repeatedly. However, before he could get any further, his entire body trembled from the burning flames and he immediately bounced back.

"Senior Ji, are you protecting me or scheming against me..."

Zhou Hao was shocked and muttered helplessly and nervously.

"Are you courting death?!"

After Ji Yaoyue realized what the Cuttlefish Ice King was thinking, her expression turned ruthless. She immediately jumped and instantly passed through the flame barrier, arriving in front of Zhou Hao!

Ji Yaoyue snapped her fingers, and the flame barrier immediately cracked open from above. It quickly fell along the left and right and smashed into the ground, causing a large number of sparks.

Chapter 614 - Begging for Mercy

Chapter 614: Begging for Mercy

A moment later, Zhou Hao felt his arm being grabbed. Then, his body flew up into the air as Ji Yaoyue pulled him away!

However, the ice pillars on the ground were still chasing Zhou Hao fiercely. They kept stacking on top of the ground and roared as they rushed into the sky!

“A good opportunity!”

The squid Ice King’s green bean-sized eyes suddenly flashed. Then, using its countless thick and long tentacles, it quickly surrounded the two of them!

Ji Yaoyue grabbed Zhou Hao’s arm with one hand and soared into the sky. Her other hand held the handle of the flame spear and waved it in the air. Countless cold flames roared as they exploded!

When the flames touched the Cuttlefish Ice King’s tentacles, a large portion would be instantly cut off!

“Wuu!”

The Cuttlefish Ice King did not expect the other party to suddenly use such a dirty move. Its expression changed violently, and its breathing began to become hurried!

However, at this moment, it could only watch helplessly as its tentacles were cut off!

The intense pain made the Cuttlefish Ice King’s tentacles retract because of the pain, but a large portion of them were still cut off, making it look incomparably tragic.

However, to their surprise, the Cuttlefish Ice King's tentacles had a regenerative ability!

The several tentacles that had been cut off previously had already been replaced with some finger-sized tentacles that were gradually growing. Moreover, they were growing at a visible speed!

Ji Yaoyue's expression turned cold as she immediately waved her spear and sent countless flame pillars flying fiercely at the Cuttlefish Ice King!

The Cuttlefish Ice King rolled and dodged to the side, but it was still no match for Ji Yaoyue's speed. In an instant, several of its tentacles were cut off by the fire pillars.

Updates by

Before the Cuttlefish Ice King could even cry out in pain, it saw its severed tentacles emitting thick white smoke. It looked especially tragic.

"Damn it!"

The Cuttlefish Ice King panted heavily, and its entire body trembled uncontrollably.

It suddenly shouted, and with a strange squeak, it resounded in the sky. The Cuttlefish Ice King suddenly opened its mouth and spat out a black water pillar!

"Damn, it's the cuttlefish venom. It's extremely corrosive. Dodge!"

Ji Yaoyue shouted, grabbed Zhou Hao, and threw him forward!

Zhou Hao's eyes widened in shock as he saw his body being thrown into the distance uncontrollably!

At the same time, one of the Cuttlefish Ice King's tentacles had already attacked impatiently. It was about to smash into Zhou Hao!

If this attack landed on him, he would definitely be beaten into meat paste!

Zhou Hao panicked and subconsciously covered his face with his hand. However, in the next moment, he felt his arm being pulled forcefully. Then, his entire body was directly pulled up!

Zhou Hao suddenly opened his eyes and saw that the huge tree he had just passed had been hit by the squid's venom. The tree directly turned into a pool of water, and not a single bit of it was left!

"Damn, this Cuttlefish Ice King actually has a backup plan. Is it really that powerful?"

Zhou Hao was shocked and at the same time, he felt a little lucky. If he had been hit by the Cuttlefish Ice King's Cuttlefish Poison just now, he would probably have been covered in blood!

However, not long after, the Cuttlefish Ice King quickly attacked again!

The Cuttlefish Ice King was like a bolt of lightning. It quickly used its remaining dozen or so tentacles to prop its body up. Then, it directly ejected from the ground and charged valiantly towards Zhou Hao!

At this moment, the Cuttlefish Ice King was clearly desperate!

It was originally a ferocious beast. Now that it was being humiliated like this, he naturally could not endure it and wanted to resist!

Bang!

The Cuttlefish Ice King opened its mouth again and quickly spat out a mouthful of poison at Zhou Hao and Ji Yaoyue!

Ji Yaoyue was extremely fast as she grabbed Zhou Hao and quickly rushed into the sky. The range of the squid's venom was limited and was only a hundred meters. Therefore, it had to keep chasing forward in order to use the venom to kill Zhou Hao and Ji Yaoyue!

Because it was not close enough, countless venom splattered back onto the Cuttlefish Ice King's face. However, it did not seem bothered by this and quickly wiped away the venom with its tentacles before continuing to chase!

"Hehe, are you thinking highly of yourself again just because I went easy on you a few times?"

A cold smile appeared on Ji Yaoyue's face. She gripped the flame spear in her hand tightly again and drew an arc under her feet!

Bang!

In the air, a loud bang instantly exploded. Immediately after, a hole was instantly torn in the air under Ji Yaoyue's feet!

Countless burning flames exploded with loud sounds. It was as if the safety pins of countless grenades had been pulled off as they exploded and bombarded the Cuttlefish Ice King!

"Wu Ah Ah!"

The Cuttlefish Ice King's body was hit by countless explosive flames, immediately causing its skin to explode with blood!

Green blood spread out and splattered all over the ground. All the plants that came into contact with the Cuttlefish Ice King's blood withered and turned to ashes!

A look of disbelief appeared in the Cuttlefish Ice King's eyes!

It did not expect Ji Yaoyue to instantly resolve its move without using her full strength. It was really unbelievable!

The Cuttlefish Ice King was immediately frightened and stood rooted to the ground, looking at Ji Yaoyue and Zhou Hao in shock.

Seeing the countless flames rushing towards it, the Cuttlefish Ice King suddenly regained its senses and quickly escaped!

It subconsciously wanted to escape from this place, but it was still unable to dodge. In the end, it was too late!

Ji Yaoyue's flame spear descended from the sky and quickly pierced the top of its head, cutting off most of its skin!

Immediately after, the flame spear pierced through most of its body and directly nailed the Cuttlefish Ice King to the ground!

"It's still not dead?"

Zhou Hao's eyes widened in shock as he looked at the Cuttlefish Ice King that was still struggling violently on the ground.

"Only by taking out its heart will it die completely. Otherwise, it will quickly regrow its head or tentacles."

Ji Yaoyue held onto Zhou Hao's arm and landed steadily on the ground. She looked at the Cuttlefish Ice King in front of her with a solemn expression and walked towards it step by step.

The Cuttlefish Ice King let out a scream and looked at Ji Yaoyue in panic and helplessness, begging for mercy in fear.

Chapter 615 - Alert

Chapter 615: Alert

Seeing Ji Yaoyue walk towards it step by step, the Cuttlefish Emperor's breathing quickened.

It subconsciously staggered back a few steps, then looked at Ji Yaoyue in incomparable fear and stammered, "I... I'm sorry, I'm sorry!"

"Give me a chance. Don't kill me. I can still be useful to you!"

This short sentence made Ji Yaoyue reveal a sneer.

She narrowed her eyes and looked at the Cuttlefish Ice King in front of her with a dangerous expression. She sneered and said, "Useful to me? Hehe, you're probably joking. Why can't I tell how useful you are to me?"

Ji Yaoyue did not care about the Cuttlefish Ice King's little tricks at all. She looked at the Cuttlefish Ice King in front of her with an indifferent gaze and immediately said coldly, "I've let you escape several times. This time, I definitely won't let you off!"

As soon as she said this, the Cuttlefish Ice King's expression immediately became especially terrified and uneasy!

Its eyes were filled with fear as it looked at Ji Yaoyue in front of it in panic and helplessness, its eyes rolling crazily.

Seeing Ji Yaoyue walk towards him step by step, the Cuttlefish Emperor's cold sweat was about to drip down.

It endured the fear and unease in its heart and looked at Ji Yaoyue in front of it in incomparable panic. Then, it chuckled and said, "I... I know a place where there's a peerless secret treasure!"

"Peerless secret treasure? What do you mean?"

Hearing the Cuttlefish Ice King's words, a puzzled expression appeared on Ji Yaoyue's face. She frowned and looked at the Cuttlefish Ice King, asking the question word by word.

"Some time ago, a secret treasure suddenly fell from the sky on the island I was on. That treasure was the size of a goose egg and flickered with light. Every time I approach, I could feel an endless force roaring towards me!"

The Cuttlefish Ice King's eyes kept rolling as it quickly recalled!

Seeing that Ji Yaoyue was actually willing to listen to its nonsense, an anxious smile immediately appeared on the Cuttlefish Ice King's face.

After hesitating for a moment, it said anxiously, "If... if you're willing to spare me, I'll bring you to find this peerless secret treasure now!"

Hearing this, Zhou Hao and Ji Yaoyue looked at each other.

Immediately after, Ji Yaoyue's expression darkened as she slowly shouted coldly, "You want to lie to me? I'm afraid I'm not that easy to lie to!"

Ji Yaoyue's expression was solemn as she narrowed her eyes and sized up the Cuttlefish Ice King in front of her. She knew that it was very cunning and might be lying to them.

The Cuttlefish Ice King had already escaped cunningly several times previously. This time, she couldn't let it escape again!

Just as Ji Yaoyue was about to attack, the Cuttlefish Ice King's expression suddenly trembled. It directly cowered and lay on the ground!

Then, it looked at Ji Yaoyue in front of it while trembling and said, "I... I can't beat you. I'm not your match at all!"

"The flame spear in your hand is my nemesis. If I want to escape and play any tricks, won't you be able to instantly kill me with a single move?"

"Please give me a chance. I'm telling the truth. Think about it. Even if you kill me, the benefits you can obtain are only so little. If you obtain this treasure, it can help your cultivation increase greatly!"

The Cuttlefish Ice King's eyes were filled with anxiety as it spoke shakily.

Ji Yaoyue's eyes darkened. After hesitating for a moment, she decided to follow it and take a look first.

If there was really a treasure, it would be easy for her to kill this mutated beast after obtaining it.

Thinking of this, Ji Yaoyue immediately nodded and said, "Alright, I'll give you a chance!"

"If you dare to lie to us, I'll definitely kill you with my own hands and make sure that you can never be reborn!"

The Cuttlefish Ice King's expression was happy, thinking to himself that this was a good opportunity!

Therefore, it immediately nodded anxiously at Ji Yaoyue and hurriedly said, "I... I understand. Don't worry, I'm telling the truth!"

"Lead the way immediately!"

Ji Yaoyue pulled Zhou Hao up from the ground and berated it with a solemn expression.

"Hehehe, alright, alright. Please come with me!"

The Cuttlefish Ice King slowly got up from the ground. A dark expression flashed in its bean-sized eyes. Then, it slowly said with a sinister smile, "We'll get to this treasure soon."

Soon, the Cuttlefish Ice King brought the two of them to the edge of the abyss.

A sly smile flashed in the Cuttlefish Ice King's eyes. Then, it chuckled and said, "Here. This is the only way to the land of treasures!"

The Cuttlefish Ice King pointed at the bottom of the abyss with its tentacles and chuckled.

"Under the abyss? Could there be some ferocious beast lying in ambush?"

Zhou Hao looked at the Cuttlefish Ice King solemnly and asked.

"Ah... hehe, sir, are you joking? I'm the only squid in this abyss. If there were any other mutated beasts, wouldn't they have long eaten me? How could they leave me alone until now..."

The Cuttlefish Ice King chuckled and laughed. What it said sounded reasonable.

"Then how can we get to the bottom of the abyss? Who knows how deep this abyss is? What if there's any danger?" Zhou Hao asked.

"You can sit on me. I can climb very quickly. We'll be able to arrive very quickly."

The Cuttlefish Ice King's eyes were filled with a fawning smile. It stretched out its newly-sprouted tentacles in front of the two of them and chuckled.

"Fine."

Ji Yaoyue nodded and immediately took out a rope and wrapped it around a few of the Cuttlefish Ice King's tentacles. She tied them tightly to prevent the other party from throwing them off.

The Cuttlefish Ice King endured the pain as a ruthless expression flashed in its eyes!

However, this expression disappeared in an instant. Instead, it chuckled and looked at the two of them. "Are you ready? Shall we go?"

"Let's go."

Ji Yaoyue tied the rope to her and Zhou Hao's waists and instructed Zhou Hao to grab her hand and the rope tightly.

Zhou Hao nodded. However, for some reason, he felt vaguely uneasy, feeling that something might happen.

Chapter 616 - Into the Abyss

Chapter 616: Into the Abyss

However, seeing that Ji Yaoyue seemed to be especially interested in that treasure, Zhou Hao did not plan to disturb her interest.

It should not be dangerous for them to go over and take a look. After all, Ji Yaoyue's combat strength was so powerful. In just a few moves, she had beaten the Cuttlefish Ice King to the point of being unable to resist.

Presumably, they would not be in any danger. Therefore, Zhou Hao followed Ji Yaoyue's instructions and grabbed the rope tightly, tying it around his waist.

Ji Yaoyue looked at the Cuttlefish Ice King coldly and shouted, "Let's go. Take us down!"

The Cuttlefish Ice King chuckled and immediately nodded. "Alright, alright, we'll leave now, we'll leave now!"

After saying this, the Cuttlefish Ice King immediately crawled down from the edge of the abyss!

Its tentacles had many suction cups that could help it firmly suck its body onto the surrounding cliff.

Its speed was so fast that Zhou Hao felt dizzy and was about to get carsick.

As they got further and further away from the edge of the cliff, their surroundings also became darker.

Only the continuous roars could be heard!

However, the Cuttlefish Ice King was extremely fast. In less than half an hour, they had crossed ten thousand feet and instantly arrived at the bottom of the cliff!

After arriving at the bottom of the cliff, Ji Yaoyue and Zhou Hao slowly opened their eyes.

When they saw the scene at the bottom of the cliff, Ji Yaoyue and Zhou Hao widened their eyes in shock!

There were flowers, plants, and trees everywhere at the bottom of the cliff. Looking from afar, they could even see a lush forest with streams flowing around

Updates by

At the bottom of the cliff was actually a small island. It looked like a paradise.

After Zhou Hao saw this, he could not help but look around and ask curiously, "Where's the treasure?"

"Right... here."

The Cuttlefish Ice King chuckled and suddenly retreated!

Its eyes were filled with cunning as a sinister smile appeared on its face.

"What's going on?"

Ji Yaoyue was stunned. She frowned and looked at the Cuttlefish Ice King in front of her. She shouted coldly, "You dare to lie to us?"

"So what if I lie to you?"

The Cuttlefish Soldier King's eyes flickered with a bright expression. Then, it slowly opened its mouth and chuckled as it said again, "Because you stupid humans have already fallen into my trap!"

The Cuttlefish Soldier King suddenly looked up and roared as green light flashed in its eyes. Then, it looked at Ji Yaoyue and Zhou Hao with a gaze that was filled with crazy revenge!

Seeing this, Ji Yaoyue and Zhou Hao had no choice but to be vigilant.

For some reason, Ji Yaoyue suddenly felt that this Cuttlefish Ice King seemed to be certain that it would be able to kill them here!

When she realized this, Ji Yaoyue suddenly became vigilant. She subconsciously grabbed Zhou Hao's arm and took a few steps back, wanting to pull away from the Cuttlefish Ice King.

However, the Cuttlefish Ice King smiled coldly and said sarcastically, "Hehe, you guys fell into my father's territory. Do you think you can really run?"

"Let me tell you, I lured you here on purpose. I can't beat you guys, but it's still easy for my father to beat you!"

The Cuttlefish Ice King sneered. Immediately after, Ji Yaoyue felt the entire ground seem to tremble violently!

Ji Yaoyue and Zhou Hao could not stand firm. Their bodies swayed as they held onto a tree to prevent themselves from falling.

Ji Yaoyue could vaguely sense an extremely explosive force sweeping over!

"Damn! There's a giant cuttlefish here. Run!"

Ji Yaoyue's expression darkened as she grabbed Zhou Hao's arm. The two of them were about to escape, but the surrounding ground kept trembling. They were unable to stand firm at all!

"Trying to escape? Hehe, I'm afraid it won't be that easy!"

With a roar, Ji Yaoyue suddenly saw a huge tentacle grow in the air. It would probably take ten people to hug it!

Clang!

The squid's tentacles suddenly smashed down. Ji Yaoyue pulled Zhou Hao and rolled, barely dodging its attack.

“Hehe, Ji Yaoyue, long time no see. I didn’t expect to meet you again here.”

A hoarse voice filled with killing intent sounded. Then, the entire island was lifted up by a huge squid!

Its body was even larger than this island and looked very shocking!

“You... you’re... the Cuttlefish Emperor?”

After seeing this incomparably huge body, Ji Yaoyue’s expression was stunned. Then, she panicked slightly and retreated a few steps vigilantly.

At this moment, they no longer had the chance to escape. The entire island was covered in the body of the Cuttlefish Emperor. There was a bottomless abyss above. With their current ability, they were simply unable to rush up!

“It’s me.”

The Cuttlefish Emperor let out a hoarse laugh and said slowly.

“Why aren’t you dead yet? I clearly killed you before. Why...”

Before Ji Yaoyue could finish speaking, the Cuttlefish Emperor’s tone suddenly became ruthless.

It sneered and shouted, “I was lucky to have survived with half a beast core!”

“However, I can only survive if I stay on this island, and all of this is thanks to you!”

The Cuttlefish Emperor was extremely furious and panted heavily. Even the ground was trembling continuously!

It suddenly laughed crazily and said gloomily, “That’s why my son lured you here. It wanted to let me have a good meal and take revenge!”

In the distance, the Cuttlefish Ice King also roared, its eyes filled with a sneer. It took firm steps and walked towards Ji Yaoyue and Zhou Hao.

Behind it, countless huge tentacles floated in the air, as if they were cheering!

“Hehe, with my father here, do you really think I can’t deal with you guys? Ji Yaoyue, don’t tell me you really think you’re invincible? How laughable and stupid!”

Ji Yaoyue pulled Zhou Hao and took a step back calmly. She used her spear to use the flame barrier again and trapped Zhou Hao inside.

“Squid Emperor, this is our grudge. It has nothing to do with anyone else!”

Ji Yaoyue clenched the spear in her hand tightly and shouted coldly, “If you’re confident in defeating me, come at me!”

As the strongest Battle God of the Easterners on Planet Earth, as soon as Ji Yaoyue said this, a cold killing intent spread out, making the Cuttlefish Ice King in front of her unable to help but take a few steps back and look at her vigilantly.

Chapter 617 - Cuttlefish Emperor

Chapter 617: Cuttlefish Emperor

“Dad, this is a difficult character. We can’t let our guard down!”

The Cuttlefish Ice King recalled the fear of being dominated by Ji Yaoyue and felt timid. Immediately, it did not dare to take another step forward.

This was the deterrence of the Battle Gods. Even if they did not immediately fight, they still had a crushing advantage in terms of aura!

The Cuttlefish Ice King looked at Ji Yaoyue fearfully, its green bean-sized eyes filled with hesitation and struggle!

If it were to fight Ji Yaoyue alone, it had no chance of winning!

It still had to rely on its father!

“It’s up to you whether you live or die!”

Ji Yaoyue clenched the spear in her hand tightly. Wherever the tip of the spear streaked past, it spat out large amounts of flames that exploded in midair and left terrifying flame marks on the ground!

The Cuttlefish Ice King originally relied on its father as its backer, but when it saw the flame marks, its body immediately trembled violently, and its eyes were filled with struggle!

“Son, don’t be afraid. She’s just a human. I can shatter her into pieces with a single punch!”

The Cuttlefish Ice King exploded with a furious roar. Countless muscles that were visible to the naked eye exploded from its body!

Seeing this, Ji Yaoyue’s eyes turned ruthless before she shouted coldly, “Squid Emperor, have you forgotten that you were defeated by me back then? Do you think you can defeat me now?”

“If I could defeat you back then, I can defeat you again!”

As soon as she finished speaking, a huge change immediately happened!

With a bang, a violent pressure immediately erupted from the surroundings, blowing away countless sand, rocks, and debris!

A dark and bloodthirsty expression flashed in the Cuttlefish Emperor’s eyes!

It immediately waved its huge tentacles and attacked the place where Ji Yaoyue was. Moreover, as it moved, the entire island kept trembling!

Ji Yaoyue’s face darkened. She did not expect this Cuttlefish Emperor to be so cunning and take the opportunity to ambush her!

“Alright, since you want to die, I’ll fulfill your wish!”

Ji Yaoyue’s eyes were sharp as she watched the Cuttlefish Emperor’s huge tentacles bombard towards her!

She could even smell the unique fishy smell of the Cuttlefish Emperor!

Ji Yaoyue immediately calmed herself down. Then, the pendant on her chest quickly spread out, forming an incomparably hard armor around her body that protected her body!

Soon, the armor was covered in burning flames that instantly protected Ji Yaoyue!

Roar! Roar!

The Cuttlefish Emperor’s tentacles instantly smashed down, raising large amounts of dust around!

The Cuttlefish Emperor looked at the thick smoke with a sneer.

He smiled and slowly said with a smile, “Hehe, you’re still far inferior to me.”

Unexpectedly, before the Cuttlefish Emperor could finish smiling, it saw a figure slowly walk out of the thick smoke.

It was Ji Yaoyue!

The Cuttlefish Emperor's expression was shocked. It immediately opened his bloody mouth and quickly bit towards Ji Yaoyue!

Ji Yaoyue immediately stretched out her hand and waved the spear in her hand!

Her furious roar sounded like an explosion!

Not only was the Cuttlefish Emperor unable to smash Ji Yaoyue's body into two, but it was also burned by the heat wave airflow Ji Yaoyue waved around. Its eyes were filled with panic!

It had to know that it was completely confident in its strength and speed!

Ever since it was defeated by Ji Yaoyue, the Cuttlefish Emperor had been hiding here and cultivating diligently!

Now that it had finally gotten the chance to face its enemy, it naturally had to ruthlessly kill this person and resolve the threat!

However, the Cuttlefish Emperor did not expect that during the time it was cultivating diligently, Ji Yaoyue's ability had also improved a lot!

Its expression suddenly became ruthless before being filled with gloom as it roared unwillingly at the sky!

This time!

No matter what, it had to erupt with its strongest ability and instantly kill this Ji Yaoyue!

As the ground trembled continuously, an extremely terrifying pressure immediately swept over!

Immediately after, the entire ground seemed to be trembling continuously. Zhou Hao, who was protected by the flame barrier, almost fell to the ground because he could not stand properly!

Hu!

A powerful hurricane suddenly erupted in the air. Ji Yaoyue suddenly looked up and saw that the Cuttlefish Emperor's huge tentacles were sweeping towards her!

“Are you courting death?!”

Countless trees were sliced in half by the bombardment of the huge tentacles. Killing intent roared over!

Ji Yaoyue jumped up from the ground!

The spear in her hand suddenly swayed in midair, and a fire wall instantly rose from the ground!

However, the Cuttlefish Emperor was not so easy to deal with. Its body was too huge. Even though the spear in Ji Yaoyue’s hand was powerful, it was still unable to cut off the Cuttlefish Emperor’s tentacles. Instead, it only left a two-meter-deep opening.

This small injury and pain was nothing to the Cuttlefish Emperor!

It originally had an extremely powerful regenerative ability. Although it had been wounded, the wound was still recovering at a visible speed!

“Hehe, Ji Yaoyue, you see it, right? This is my father’s strength!”

The Cuttlefish Ice King sneered. Under its father’s valiant combat strength, it also became much more confident!

It took a step forward. However, before it could walk over, the extremely fast Ji Yaoyue grabbed the rope tied to its body!

“Damn... Damn, I forgot to untie the rope!”

The Cuttlefish Ice King’s expression froze. Just as this thought appeared in its mind, it felt its body lighten and its entire body was instantly pulled up!

“Wu Ah Ah!”

As Ji Yaoyue unleashed her valiant strength, the Cuttlefish Ice King was directly pulled and arrived under the Cuttlefish Emperor’s huge tentacles!

If its father’s tentacle landed on it , it would immediately turn into cuttlefish cake!

“Let... let go of me! Ahhh!”

The Cuttlefish Ice King’s expression froze, and then its eyes were filled with fear and despair!

If it did not dodge as soon as possible, it would be killed!

In a moment of desperation, the Cuttlefish Ice King suddenly made up its mind and suddenly cut off its tentacles!

“Wu Ah Ah!”

A heart-wrenching scream sounded. The Cuttlefish Ice King endured the pain and suddenly swung its body, barely dodging its father’s huge tentacle!

Chapter 618 - Genesis Rune Reappears

Chapter 618: Genesis Rune Reappears

The Cuttlefish Ice King instantly left. It knew how powerful its father was!

Even Ji Yaoyue was no match for its father!

It could be said that humans would never be able to take advantage of mutated beasts of the same level!

Ji Yaoyue also knew that this was the case. She originally did not expect to encounter a half-step Saint Realm beast. That was also why she dared to bring Zhou Hao here to train and also to see if this island was safe!

However, who would have expected that this was actually the territory of the Cuttlefish Emperor!

Ji Yaoyue was very anxious. If this continued, it would be over!

The Cuttlefish Emperor’s huge tentacles smashed down, raising a huge bang in the abyss.

Ji Yaoyue dodged as the flames on her body erupted. She was extremely powerful.

“Ji Yaoyue, I almost died in your hands back then, but after so many years, I’ve absorbed the essence of the underwater world. You can’t beat me now!”

The Cuttlefish Emperor’s huge head stretched out from the abyss, and countless attacks rose from the ground!

This was where its body was located. She was even battling on the body of the Cuttlefish Emperor. How was she supposed to win such a fight?!

“Moreover, you’re a half-step Saint Realm expert while I’m infinitely close to becoming a Saint Realm expert. You’re done for today!”

At this point, the aura of the Cuttlefish Emperor exploded. A powerful force suppressed the entire space. At this moment, Ji Yaoyue’s expression was extremely ugly. The protective flames on her body could not help but dim!

Countless tentacles attacked. Although Ji Yaoyue was very agile, she was still unable to dodge so many tentacles!

There were several times when she could only resist head-on, but she was smashed heavily to the ground, spat out blood, and was injured!

Ji Yaoyue was very anxious. She wanted to find an opportunity to escape, but it was very difficult!

Ignoring how powerful this Cuttlefish Emperor was, just that Cuttlefish Ice King alone was already not easy to deal with. At the very least, Zhou Hao was unable to deal with it!

Therefore, she still needed to make sure the Cuttlefish Ice King wouldn’t find an opportunity to ambush Zhou Hao!

Therefore, after a while, she naturally fell into a disadvantage!

“This can’t continue. It’s very difficult to ask for help here. Even if I ask for help, it’ll be too late. Lingtian has gone to the Underground World and I won’t be able to contact him for a while. What should I do? Can I only use that move?”

Ji Yaoyue hesitated. Although that move was powerful, it would consume too much energy if she used it. She did not want to use it unless it was a matter of life and death!

“Hahaha, Ji Yaoyue, do you know? I’ve waited for this moment for a long time. I’ve soaked up a lot of essence and even absorbed this ancient island, refining it into a part of my body. Although my body is clumsy, my strength continues to flow. You’re not my match at all. Today, I’ll kill you!”

The Cuttlefish Emperor laughed loudly and shook the void. Countless ice crystals manifested and the place became incomparably cold, turning into an ice world. The huge tentacles carried a destructive power that was very difficult to resist!

Ji Yaoyue resisted with all her might. The flame spear in her hand kept flashing, but it was always negated by the absolute zero temperature here, preventing her from unleashing most of her strength!

“This Cuttlefish Emperor sure is meticulous. It even used the peerless ice crystal of this abyss to deal with me!”

Ji Yaoyue snorted coldly. Her body had suffered many injuries, and even her red armor had been damaged. Her aura also quickly fell!

Although it was true that Ji Yaoyue had powerful mental strength as a half-step Saint Realm expert, her mental strength was not very effective against the Cuttlefish Emperor. After all, they were both half-step Saint Realm experts. Moreover, the Cuttlefish Emperor’s cultivation was even deeper than hers. Thus, even if she used her mental strength, it would still be useless!

Seeing that the situation was getting worse and worse, Ji Yaoyue was extremely anxious!

Zhou Hao was even more anxious. He was unable to withstand the temperature here. At this moment, he knew how insignificant his strength was!

“What should we do? What should we do? If Senior Ji dies, it will be a huge loss for us humans!”

Zhou Hao was extremely anxious. At this moment, Murong Xun, that old thing who had not come out for a long time, spoke.

“Right now, the only thing that can save you is the spirit gem. By using the power of the Genesis Rune with it, you can imprison the Cuttlefish Emperor for a moment. That will be enough for you two to escape. However, the Cuttlefish Emperor is an expert infinitely close to the Saint Realm. I’m afraid the backlash will be extraordinary!”

Murong Xun’s words made Zhou Hao take a deep breath. His eyes flashed with coldness. Without saying a word, he stretched out his palm!

He activated the spirit gem and a mental storm instantly erupted. A powerful force instantly spread throughout the entire abyss!

This scene stunned the Cuttlefish Emperor and Ji Yaoyue!

“What are you doing? Zhou Hao, stop. Don’t use that power. You’ll die!”

Ji Yaoyue was very anxious. She knew very well what Zhou Hao wanted to do!

However, Zhou Hao ignored it because he knew that if he did not use this power, Ji Yaoyue would definitely die!

Zhou Hao closed his eyes as the spirit gem appeared between his eyebrows. That power instantly enveloped everything. Many ancient words appeared on Zhou Hao's body before they lit up the entire abyss!

"This... this is the power of a Genesis Rune... You humans actually haven't given up on Genesis Runes..."

The Cuttlefish Emperor was shocked when it sensed this aura. Even the Cuttlefish Ice King was the same.

As for Zhou Hao, he had already unleashed the power of the spirit gem to the limit. With a wave of his hand, endless Genesis Rune characters appeared and instantly formed the word "seal"!

"Seal!"

Zhou Hao stretched out his finger and pointed fiercely at the Cuttlefish Emperor. A huge force descended like a mental storm!

"A mere Heaven Realm expert wants to seal me? You're courting death!"

The Cuttlefish Emperor instantly used the power of its will. Its powerful will turned corporeal and manifested into a huge cuttlefish. Its entire body flickered with golden light as it attacked Zhou Hao fiercely!

"Seal!"

Zhou Hao shouted again and a powerful force surged out. At the same time, a huge backlash instantly arrived, causing Zhou Hao to immediately vomit blood!

He gritted his teeth and endured with all his might. The huge cuttlefish that was formed from the Cuttlefish Emperor's will also roared incomparably. The power of the Genesis Rune seemed to be above everything. It was an ancient power that originated from the spirit gem, a mysterious item in the universe.

Ordinary strength was simply unable to resist!

It was only because Zhou Hao's cultivation level was too low. If he had a half-step Saint Realm cultivation, he would have been able to seal the other party!

However, even so, the power of the Genesis Rune still made the Cuttlefish Emperor roar incessantly!

The surroundings instantly froze. Countless runes turned into huge chains that immediately wrapped around the Cuttlefish Emperor's body, imprisoning it!

As for Zhou Hao, blood flowed from his seven apertures. He felt weak and dizzy. He directly fainted.

Before his eyes closed, he saw a fiery figure appear beside him.

In the next second, his consciousness disappeared.

Ji Yaoyue's face was filled with worry. "Idiot, you're too rash!"

As she spoke, she continued to hold Zhou Hao's body close to her chest. Using this opportunity, she soared into the sky, turned into a stream of light, and disappeared!

It was also at this moment that a powerful willpower directly descended!

Chapter 619 - Fire God Team

Chapter 619: Fire God Team

This force was very powerful and filled with a terrifying aura!

The Cuttlefish Emperor sensed this aura and was immediately frightened.

"This... this is..."

It wanted to speak, but a huge aura appeared and tore open the spatial rift. A huge hand directly pinched its body, preventing it from speaking!

"Squid Emperor?"

In the void, a man's voice sounded. It was very deep and carried endless strength.

"The power of this Genesis Rune is not supposed to be used. However, since you've discovered this secret, then die."

The huge palm seemed to have the same strength as the world as it pinched the Cuttlefish Emperor's body fiercely.

Just as it was about to be pinched to death, another claw stretched out from the void!

It was a hand with dragon scales. The hand grabbed fiercely and immediately saved the Cuttlefish Emperor.

“Our foreign races won’t tell anyone about this. You’re also not allowed to kill the Cuttlefish Emperor.”

The voice was also cold and domineering.

The huge hand in the void paused for a moment. Then, a sneer sounded and the hand retracted.

From the beginning to the end, the owner of this hand did not say a word to the subsequent will.

Of course, Ji Yaoyue was unaware of all this. She placed Zhou Hao on her bed and felt that his aura was unstable. She was very anxious!

“This rash guy. In this world, we can’t rashly use the power of Genesis Runes. He should know better!”

“Also, even if he can use it, he shouldn’t have. After all, the difference in their strength is so huge. The backlash is enough to kill him. I don’t understand why he still dared to attack!”

Although Ji Yaoyue said this, she did not hesitate to get the recovery device. It took her an entire day to save Zhou Hao’s life.

Zhou Hao opened his eyes groggily. Ji Yaoyue heaved a sigh of relief and could not help but sit at the side. Her worried heart also relaxed.

“You brat, you’ve finally woken up...”

Ji Yaoyue rolled her eyes at Zhou Hao and could not help but say.

After Zhou Hao woke up, his head was in incomparable pain. He shook his head and checked his state. His body was fine. However, the status of his brain was more important.

“There’s no need to examine. I’ve already checked you. Your body is fine, but your brain is severely injured. If not for the spirit gem, you would have died long ago.”

Ji Yaoyue could not help but say, “However, you don’t have to worry. I’ve injected you with the Spirit Body Fluid to help you recover. However, you can’t use the power of the Genesis Rune for the time being, understand?”

“Oh wait, even after you reach the Saint Realm, you still shouldn’t use the power of the Genesis Rune. As for why, I can’t tell you. In short, don’t use it in the future!”

Although Ji Yaoyue said this, she also knew that if Zhou Hao had not risked his life to use the Genesis Rune, the two of them might have died there.

“It was my negligence this time. I didn’t investigate well. I didn’t expect the Cuttlefish Emperor to still be alive and be hidden on the island.”

Ji Yaoyue was very helpless. Zhou Hao nodded and struggled to sit up. He realized that he was lying on Ji Yaoyue’s bed and was very embarrassed. He hurriedly sat up.

“Hehe, you’ve basically recovered. Go back and rest well. I’ll get Sun Shan to make arrangements for you.”

Ji Yaoyue smiled. Only then did Zhou Hao sit up. He bade her farewell simply and left her room.

Sun Shan was waiting outside and heaved a sigh of relief when he saw Zhou Hao come out.

“You’re really lucky. It’s all thanks to Senior Ji’s Spirit Body Fluid. That thing was originally used for her breakthrough. This fluid is very rare and there’s only a limited supply of it in the entire human race.”

Sun Shan sighed. Fortunately, this was Senior Ji’s place. If it were anywhere else, Zhou Hao would probably have died long ago.

“Then I guess I was really lucky...”

Zhou Hao was also feeling lingering fear.

“Alright, I’ve already made arrangements for you. You’re now an official member of Senior Ji’s Fire God Team. I’ll bring you to the camp to meet your colleagues.”

As Sun Shan spoke, he opened the cabin door. The two of them left and quickly arrived at the Battle God Battalion’s headquarters.

This place was far larger than the Battle God Battalion Academy.

“After officially joining the Battle God Battalion, your direct officer will be Senior Ji. To be honest, you’re the first person to join the Fire God Team right after graduating from the Battle God Battalion. It has to be known that these people from the Fire God Team are all experienced warriors. The person with the lowest cultivation level is still above the seventh-grade Heaven Realm. In your case, they’ve made an exception.”

Sun Shan smiled and said. Then, he led Zhou Hao into the central hall of the Battle God Battalion and went up to the third floor.

“The third floor is the area where the Fire God Team members are located. There aren’t many members in the Fire God Team. There are only five of them in total, including you. Although there aren’t many of them, the combat strength of the Fire God Team is number one in the Battle God Battalion.”

“There are only a total of 50 Heaven Realm experts recorded in the Battle God Battalion. There are less than 300 Heaven Realm experts in the entire human race on Planet Earth. It can be said that our Battle God Battalion covers a sixth of them. This is also why the Battle God Battalion is so powerful.”

“The Heaven Realm martial artists of the Battle God Battalion have their own rankings. You are currently in the 50th place, which is the last place. The higher your ranking, the more rewards and resources you will obtain.”

“As for the missions that come with rewards, aside from the mandatory missions, there are also collection missions.”

Sun Shan said a lot in his introduction. Zhou Hao was also able to grasp the basics. After all, these rules and regulations were similar to when he was in the Battle God College.

The only difference was that the rules had become even stricter!

“Alright, I’ll bring you to your room first.”

As he spoke, Sun Shan brought Zhou Hao to an area on the third floor. This building was very large, with an area of more than 10,000 square meters!

When Sun Shan pushed open the door, Zhou Hao was shocked!

This was a room that was more than a thousand square meters. There were all kinds of high-tech products inside. It was very luxurious!

“This is the standard of the Fire God Team. How is it? Not bad, right?”

Sun Shan smiled and could not help but say.

“Hehe, not bad indeed.”

Zhou Hao smiled and indeed felt very good.

“Of course. The Heaven Realm experts of the Battle God Battalion can be considered the backbone of this world. There are only 300 Heaven Realm experts in the entire

human race. It can be said that from this moment onwards, you, Zhou Hao, are already the peak combat strength of the human race.”

After Sun Shan finished speaking, Zhou Hao also smiled. Back then, he would have never been able to imagine that he would one day have such accomplishments.

“Alright, let’s not talk anymore. Let’s go and meet your team members.”

With that said, Sun Shan left with Zhou Hao and walked to the center of the third floor. He waved his hand and sent four messages.

“Aisha, Tie Ta, Long An, Beiqiu Yang, come over for a moment.”

With that said, four people walked over.

These three men and one woman were all Easterners. Moreover, their auras were indeed powerful. The weakest of them had a seventh-grade Heaven Realm cultivation!

Sun Shan smiled and said directly.

“Come, let me introduce you. This is Zhou Hao, the fifth member of your Fire God Team.”

Chapter 620 - Overlord Body

Chapter 620: Overlord Body

After Sun Shan finished speaking, the four of them looked at Zhou Hao and were stunned.

They could naturally tell that Zhou Hao’s cultivation was only at the first-grade Heaven Realm. With this cultivation, it was really a little far-fetched for him to be an elder of the seven large divisions as well as a member of the Fire God Team!

“Battle King Sun, did I hear wrongly? Is this our new member? I’m afraid with his cultivation level, he’s not qualified, right?”

The person who spoke was Tie Ta. He was a tall and burly man with muscles that were very extraordinary. His body was very powerful. From afar, one could sense the explosive strength of his body!

“Hehe, Senior Ji naturally has her reasons for choosing him. However, Senior Ji has already said that if you’re not satisfied, you can challenge him to a duel. It’s fine as long as no one dies.”

Sun Shan crossed his arms.

This group of people were all arrogant people. If Zhou Hao was an expert above the sixth-grade Heaven Realm, they would not say anything!

However, they were naturally very dissatisfied that Zhou Hao was placed on the same level as them despite only being at the first-grade Heaven Realm!

There was a difference between every level of Heaven Realm. Some people were even unable to break through to the next level despite trying for their entire lives!

Sun Shan had given them the option to challenge Zhou Hao because he wanted them to know Zhou Hao’s strength. Otherwise, it would not be good even if they ended up becoming team members.

“Haha, alright, brat. Put on your armor and let’s go to the combat room. If you can last for ten minutes, I’ll acknowledge you!”

The other three watched the show as Tie Ta spoke. They naturally understood how powerful Tie Ta was. Not to mention a first-grade Heaven Realm expert, even a fifth-grade Heaven Realm expert would find it difficult to last for ten minutes against him!

Although he was only an eighth-grade Heaven Realm expert, his combat strength was not something ordinary people could resist!

“Sure.”

Zhou Hao said directly. He naturally understood Sun Shan’s logic.

“Haha, alright, satisfying. At least you’re not spineless. Let’s go.”

As he spoke, Tie Ta put on his black armor and revealed a ferocious expression. Then, he tapped the void and immediately, a meter-long hole appeared under his feet. It was dark inside and it was unknown where it was connected to.

“A hundred meters underground is a special combat room. In there, you can unleash all your strength. You don’t have to worry about destroying that place. That place is a training base of the ancient ruins. Even a Saint Realm expert will find it very difficult to destroy it.”

Sun Shan smiled. Tie Ta had already jumped down.

Although Zhou Hao had just woken up and had mostly recovered, he still put on the Thousand Feather Armor.

“Wow, his armor is so beautiful!”

Aisha spoke. She was the only woman among the three of them. She was very beautiful and revealed a wild smell. However, most importantly, she had powerful mental strength. Zhou Hao could sense that this woman definitely relied on mental strength to attack!

“It’s not like good looks can help in this situation.” The person who spoke was Long An. He was probably the oldest and had the strongest cultivation. He had a tenth-grade Heaven Realm cultivation.

He looked at Zhou Hao indifferently. He was certain that Zhou Hao would not be able to last.

On the other hand, Bei Qiuyang looked deeply at Zhou Hao and then took out his phone. He fiddled with something and suddenly raised his eyebrows and smiled.

“I think he can last for about ten minutes.”

Bei Qiuyang’s words stunned them for a moment, not understanding what was going on.

Zhou Hao also looked at Bei Qiuyang. This guy smiled with a smart look in his eyes. He could tell that this guy should be very smart.

His gaze swept past the three of them before jumping down.

Just as Zhou Hao went down, Aisha could not help but ask, “Beiqiu Yang, why are you so sure? He’s a first-grade Heaven Realm expert. I’m afraid that with a slap from Tie Ta, he will die.”

Aisha could not help but say.

Long An did not speak, but he also shared her sentiments.

“You guys are really underestimating Zhou Hao too much. This guy is the genius student of the Battle God Battalion. He entered the academy for a year and advanced from the supernatural level to the Heaven Realm. He was even a participant in the last ancient ruins and ended up obtaining all the inheritances. He even obtained a supreme body tempering cultivation technique. Initial judgment is that he should have the Ancestral Physique.”

After saying this, be it Aisha or Long An, they were all shocked.

“Really? He’s actually so monstrous?”

Aisha was a little shocked.

“Not only that, but he also obtained the spirit gem. That thing has a powerful mental strength enhancement ability. Aisha, I’m afraid that you’re going to have a rival soon.”

Bei Qiuyang smiled and said, looking a little mischievous.

“So powerful. I can’t take it anymore! I want to test him too!” Aisha immediately said.

“You guys are really something. Bei Qiuyang, how many times have I told you not to invade Senior Ji’s database? How many times have I told you? If she finds out, she will definitely use you as a sparring partner.”

Sun Shan smiled. When Bei Qiuyang heard this, he immediately shuddered and hurriedly put away his phone.

“However, Bei Qiuyang is right. Zhou Hao’s strength definitely exceeds your imagination. However, Aisha, you can’t test him this time. He and Senior Ji just escaped from the half-step Saint Realm Cuttlefish Emperor. I heard from Senior Ji that he was the one who used his mental strength to trap the Cuttlefish Emperor for a few seconds so that they would have a chance to escape.”

“However, it’s also because of this that he suffered a huge trauma to his brain. He won’t recover for the time being. Therefore, you have to wait.”

Hearing this, Aisha and the others were stunned!

“He escaped from the... half-step Saint Realm expert?” Bei Qiuyang’s mouth immediately gaped open!

“That’s not right either. That Cuttlefish Emperor is not half a step away from breaking through to the Saint Realm. In fact, it’s extremely close to breaking through to the Saint Realm. Think about it, even Senior Ji was defeated.”

Sun Shan smiled and did not speak. He was also very optimistic about Zhou Hao’s talent.

The reason why he said this was to help Zhou Hao consolidate his position. After all, experts needed to be respected. Only with mutual respect could they become good companions.

Otherwise, even if they were friends, a first-grade Heaven Realm expert and a twelfth-grade Heaven Realm expert would never be able to fight together!

What he wanted now was for these people to completely treat Zhou Hao as an existence on the same level as them!

Zhou Hao did not know this. At this moment, he arrived underground and saw that the entire place was empty. He nodded.

“Zhou Hao, I won’t bully you. I’ll only use half of my combat strength. If you can’t persist, don’t blame me!”

Tie Ta smiled. After saying this, his cultivation immediately exploded, and an extremely powerful aura swept over!

His body was even more extraordinary!

“My physique is very special... It’s the Overlord Body, you have to be careful!”

When Zhou Hao heard this, he was immediately shocked. He had heard Senior Ji mention the Overlord Body yesterday, but he had encountered it today. His heart immediately ignited with the desire to fight!

“Brother Tie Ta, you don’t have to control your combat strength because... I cultivate... the Ancestral Physique!”

Chapter 621 - Battle Maniac

Chapter 621: Battle Maniac

After Zhou Hao finished speaking, Tie Ta was immediately shocked and looked at Zhou Hao in disbelief!

“Ancestral Physique! You actually cultivate the Ancestral Physique. Hahaha, good!”

Tie Ta was simply a battle maniac. After hearing Zhou Hao’s words, he was immediately excited. Without saying a word, he immediately shouted. Then, his body was like a cannonball, filled with a powerful astral aura!

“You have to be careful. My Overlord Body is incomparably powerful. When my essence energy releases the astral aura, it can even cut through pure steel!”

As he spoke, a powerful force immediately blasted out!

The strength of the Overlord Body lay in the domineering aura!

This was an innate attribute that came with the awakening of the Overlord Body. It was very powerful!

In terms of destructive power, the Overlord Body was definitely top-notch among the physiques. That astral aura was both domineering and thick. Ordinary essence energy could not resist it at all!

However, his opponent had the Ancestral Physique!

With the limitless evolution of the Ancestral Physique, all techniques were insignificant in front of the Ancestral Physique. Even astral aura would not be able to resist it.

However, Zhou Hao had not broken through yet, so he was naturally unable to unleash his true strength!

Therefore, Zhou Hao was not careless. Without saying a word, he directly used the God Destroying Art and the Nine Revolutions Overlord Body Art. His combat strength instantly soared!

This scene shocked Tie Ta.

“Damn, I didn’t expect him to have such powerful techniques. In an instant, his cultivation increased to the sixth-grade Heaven Realm. How impressive. However, a mere sixth-grade Heaven Realm expert is still not enough!”

The difference of two whole grades was not small!

That was a chasm that was like the heavens and the earth!

After all, for experts at the Heaven Realm, a difference of one grade was already insurmountable!

Of course, that only applied to ordinary Heaven Realm martial artists. For a genius like Zhou Hao, things were naturally different!

He also smiled as his powerful Ancestral Physique erupted. The Nine Revolutions Overlord Body Art also completed its third revolution. Together with the God Destroying Art, Zhou Hao instantly punched out!

This punch was very powerful and carried a bang!

This shocked Tie Ta greatly, and he laughed out loud!

“Good fellow, looks like I’ve underestimated you by using 50% of my cultivation. Alright, I’ll try with 80% of my cultivation!”

As he spoke, he increased his strength and punched out!

Boom!

A huge bang sounded, and Zhou Hao’s body retreated. Fortunately, with the Thousand Feather Armor blocking the attack, most of the strength was absorbed, allowing Zhou Hao to be unharmed!

As for Tie Ta, his body did not move at all, but he could still feel his arm turn numb!

“There aren’t many Heaven Realm martial artists who can fight me head-on. This Zhou Hao has some ability!”

He thought to himself and smiled. He clenched his fist fiercely as he stared at Zhou Hao from afar!

“However, my combat strength isn’t completely reliant on my body. I’m also very powerful with cultivation techniques. Try this, Heaven Raising Giant Palm!”

As he spoke, his palm slapped over, forming a huge palm in the space. It was extremely extraordinary!

This palm that was mixed with an eighth-grade Heaven Realm cultivation instantly smashed over. It was extremely extraordinary!

This technique immediately shocked Zhou Hao. This Tie Ta was indeed powerful. His physique was already very powerful, but his cultivation technique was also extraordinary. He was just like Zhou Hao!

“Hahaha, Brother Tie, I couldn’t tell that your cultivation technique was so powerful. In that case, why don’t you take a look at my cultivation technique?”

As Zhou Hao spoke, he directly laughed and instantly used the Green Wood Art!

He was already a Heaven Realm expert now, so this Green Wood Art became even easier to unleash. It directly condensed vines that filled the sky and instantly spread out, firmly locking this huge palm!

Tie Ta smiled when he saw this.

“Try my cultivation technique, the Peerless Battle Fist. Tell me what you think!”

As he spoke, Tie Ta had already punched out. This punch was extremely domineering and carried a powerful force!

It directly shattered the void and rumbled over.

Zhou Hao shouted.

“Good timing, Shadow Seven Sabers!”

Before this, Zhou Hao did not have a saber in his hand. However, after he waved his hand, an incomparably huge saber aura tore through the void!

The huge blade was extremely powerful. In an instant, it arrived on the huge fist. An explosion sounded, and it felt refreshing!

When Tie Ta saw this, he was incomparably shocked!

“It’s indeed impressive. The person Senior Ji thinks highly of is naturally extraordinary. He’s a first-grade Heaven Realm expert and has a secret technique to activate a sixth-grade Heaven Realm cultivation. His cultivation technique also has a compatibility score that exceeds 90%. Otherwise, he wouldn’t have been able to resist my attack at all!”

“Most importantly, his body is very powerful. That’s the Ancestral Physique. His future is limitless!”

Thinking of this, Tie Ta looked at Zhou Hao and no longer had the intention to underestimate him.

“Zhou Hao, you’ve impressed me. Therefore, I won’t hold back this time!”

Tie Ta’s combat desire was aroused. This guy was a combat maniac. There were not many people who could fight like Zhou Hao and had powerful cultivation techniques!

Therefore, he naturally wanted to fight to his heart’s content!

Zhou Hao smiled and said directly, “Brother Tie Ta, I won’t hold back either. Be careful, Gravity Domain!”

As soon as Zhou Hao finished speaking, wings immediately grew on the Thousand Feather Armor on his body. An extremely powerful fluctuation spread out from the Thousand Feather Armor. In an instant, it enveloped an area of 100 meters!

The gravity here instantly multiplied by more than three times!

This was the special function of the Thousand Feather Armor, the Gravity Domain!

Any martial artist in this domain would be suppressed by this gravity, and their speed would be strongly suppressed!

Without speed, one's physical strength would naturally be greatly reduced. This scene shocked Tie Ta!

"Domain! What a powerful armor. I didn't expect it to have such an effect. It must be a product of the ruins!"

As Tie Ta was feeling shocked, Zhou Hao even spread his wings.

"Brother Tie Ta, use your strongest defense. Otherwise, you won't be able to block my attack!"

If Zhou Hao had said this from the beginning, Tie Ta would definitely sneer!

But now, he wouldn't!

This was because he had already witnessed Zhou Hao's ability!

Therefore, after hearing the other party say this, his expression immediately became nervous. Without saying a word, he activated his Overlord Body to the limit. Not only that, but the black armor on his body also emitted a strange black light that enveloped him!

Under the effect of the three times gravity, his speed slowed down. He knew that he was unable to dodge Zhou Hao's attack at all. Since he could not dodge, he would face it head-on!

"Come, Zhou Hao, let me see if your attack can break my Overlord Body!"

He roared, and Zhou Hao did not stop. The wings on his back flew out and turned into feathers, looking incomparably dazzling!

Zhou Hao could sense a powerful strength coming from the wings!

"Is this the strength of the Thousand Feather Armor? I've only recovered 30%. If it was recovered to 100%, how strong would it be?!"

Zhou Hao was shocked. With a wave of his hand, he instantly flew towards Tie Ta like a meteor.

It was so fast that Tie Ta only saw a stream of light before he felt a huge force charging over!

A bang instantly sounded in the ground!

Chapter 622 - Vice Council Member

Chapter 622: Vice Council Member

The people outside were still waiting. They looked at the time and saw that it was almost ten minutes.

They thought that Zhou Hao should be able to pass. After all, Senior Ji had personally selected Zhou Hao. With his cultivation, he should be able to last for at least ten minutes!

However, to their surprise, the two of them flew out of the underground combat room after six and a half minutes.

Zhou Hao's expression was calm, but Tie Ta was extremely happy and laughed out loud.

This scene stunned Aisha, Long An, and Beiqiu Yang.

"He didn't last ten minutes? That's impossible..."

The first to speak was Bei Qiuyang. He was stunned. He had read the other party's information in detail.

"He's able to unleash a sixth-grade combat strength and has a spirit gem, an Ancestral Physique, and powerful armor... How is it possible that he can't even last ten minutes?"

He muttered, and Long An and Aisha were also puzzled.

"Tie Ta, did you not hold back?"

Aisha could not help but ask curiously.

Not to mention them, even Sun Shan frowned!

In his opinion, Zhou Hao should have been able to last for ten minutes. How did things end up like this?

Long An also looked over, his expression still indifferent as he waited for Tie Ta to continue.

Unexpectedly, Tie Ta immediately said, "That's right. I used my full strength and even activated 100% of my Overlord Body."

This scene made them sigh.

"You were only supposed to test Zhou Hao, not fight him to the death. Why did you take it so seriously?!"

Aisha was immediately speechless. After all, the other party was a newbie. Although he was a genius, he was still a first-grade Heaven Realm expert. Tie Ta was too disrespectful.

"If Tie Ta uses his full strength, even a ninth-grade Heaven Realm expert might not be able to defeat him. Therefore, with six and a half minutes, he can still be considered to have qualified."

At this moment, Long An could not help but speak. His evaluation was fair.

After all, the difference between the two of them was too great. He originally thought that Tie Ta would show mercy, but who knew that this Iron Mountain would really not show any mercy!

"Hahaha, you... you guys are mistaken!"

When Tie Ta heard this, he smiled even more.

"We didn't end early because Zhou Hao could not persist any longer, but because I couldn't persist any longer."

At this moment, Tie Ta could not help but say.

As soon as he finished speaking, they were shocked!

"What?! You couldn't hold on any longer? Did you lose?"

Aisha was the first to widen her eyes. She was already very beautiful and wild. At this moment, she was incomparably shocked and looked even more dashing.

Long An and Bei Qiuyang were also shocked. If this was true, then they would really have to examine this person's ability!

“Not to the extent of losing. It’s just that I can’t do anything to this brat Zhou Hao. He can resist my Overlord Body and even my cultivation technique. Tell me, what’s the use of me staying inside?”

“Moreover, the armor on this brat’s body is very powerful. It actually has its own Gravity Domain. In his domain, I can only be beaten. Although he’s still unable to kill me, I can’t dodge either. I could only be treated as a sparring dummy and be beaten by him. Therefore, we ended the battle.”

Tie Ta did not hesitate and told them everything. This shocked them!

“You... you were beaten by him and couldn’t fight back...”

Aisha’s mouth widened in disbelief this time.

“That’s right. This brat is fast and his cultivation technique compatibility is high. With the Gravity Domain, I was unable to touch him at all. Therefore, I could only be treated as a sparring dummy.”

Tie Ta smiled helplessly. This shocked them!

“So powerful...”

Although Aisha could not bring herself to believe it, she knew that Tie Ta would not lie.

Long An and Bei Qiuyang were also shocked, but they were even happier.

“You’re really a genius. Zhou Hao, sorry, we apologized for our attitude just now. You’re our companion, an important companion. Welcome to the Fire God Team. I’m the vice captain. Long An, I’m older than you guys. They all call me Brother Long. You can also call me that.”

Long An walked over at this moment and patted Zhou Hao’s shoulder before smiling.

“You’re welcome, Brother Long.”

Zhou Hao naturally did not care about what they had just said!

Zhou Hao understood that if he wanted to be respected, he needed to have the strength to make others respect him. After all, without strength, it was simply impossible for one to have requests.

Therefore, not only did Zhou Hao not care, but he also felt that it was very normal.

“In the future, you will be our team’s Little Five.”

At this moment, Aisha walked over and smiled.

Bei Qiuyang also walked over with a smug expression and could not help but say, "Not bad, Five. You're really impressive. With a new member like you joining our Fire God Team, it's even easier for us to do missions!"

Zhou Hao also smiled and looked at the four team members excitedly.

"Alright, let's talk later. I'm going to bring Zhou Hao to receive his new position title. You guys can get together later."

With that said, Sun Shan smiled and was very satisfied with Zhou Hao. He brought him directly to the top floor.

"Good brat, you shocked them with a single battle. It has to be known that they're all geniuses. Now, with a super genius like you around, they'll feel even more pressured."

"Of course, you don't have to feel guilty. It's reasonable for them to be like this."

"First of all, your cultivation level is different from theirs. It's only natural for them to be unwilling to have the same status as you. Now that you have gained their approval, things will be much smoother. In the future, they will also be at ease to work with you."

Sun Shan smiled.

"I know." Zhou Hao also smiled and naturally understood this.

"Alright, as a member of the Fire God Team, you naturally have your privileges. Not only are you a member of the Fire God Team, you also get an extraordinary position in the Seven Kingdom Alliance. In fact, the position you have been given is not a special envoy, but a vice council member!"

After Sun Shan finished speaking, Zhou Hao was shocked!

This council member's status was not ordinary at all!

Moreover, he was a council member of the Alliance Kingdom. His status was even higher than the elders of the seven large human divisions!

However, he would still be inferior to the leaders of the seven large divisions!

"Are you shocked? Normally, only twelfth-grade Heaven Realm experts can obtain the status of vice council member. However, you're Senior Ji's subordinate, so your status is naturally higher. Soon, you will be an official council member and be on the same level as the commanders of the seven large divisions. It has to be known that they are all experts infinitely close to reaching the half-step Saint Realm!"

Sun Shan's words made Zhou Hao really excited and shocked!

Be it in the Alliance Kingdom or Eastern Huaxia, this identity was simply extraordinary.

After arriving at the top floor and doing some simple procedures, Zhou Hao received his identity.

"The vice council member has absolute authority. You can command any team as long as their statuses are lower than that of the vice council members of the seven divisions!"

"Be it martial artists or ordinary teams, you will be able to lead them completely. This is our privilege, the privilege of the Battle God Battalion. Even the military will have to make concessions!"

Sun Shan said this with pride!

Chapter 623 - Luo God Warship

Chapter 623: Luo God Warship

After Sun Shan finished the simple introduction, he smiled.

"You have a special warship parked in the cabin of your room. It's a semi-intelligent fighter plane. This fighter plane is not cheap. It's a part of the Fire God Team."

"This place is not far from the Jiangnan Base. You can go home at any time or stay here."

After saying all this, Sun Shan left.

After he left, Zhou Hao returned to his room and looked around. He was very shocked.

Of course, what he cared about the most was that warship!

That was a super high-level warship. Although it was not comparable to the Thousand Feather Armor, it was still not bad.

This could be considered a semi-intelligent entity. It was mainly used for traveling anyway.

Although Zhou Hao did not actually need it since his speed was very fast, this was still a symbol of his status.

Zhou Hao sat in the cockpit and was about to familiarize himself with this warship when he heard Thousand Feather Armor's words ring in Zhou Hao's head.

"Master, I've already completed the fusion. The warship can start at any time!"

Hearing this, Zhou Hao was extremely excited. He hurriedly moved and left. In the blink of an eye, he had already arrived at the abyss rift and arrived in his warship.

"You've completely the fusion? How was it?"

Zhou Hao was very excited and could not help but ask.

"Master, this warship has many treasures. Its true identity is a warship of the Universe's Luo God Race. However, the Luo God Race was devoured by other races and the owner of the warship escaped with all the inheritance of the Luo God Race. In the end, he was still unable to escape from the pursuit. He died and the warship was severely damaged."

"Now that I've completely repaired it, you will be able to use a lot of its functions. However, the inheritance can only be slowly unlocked after Master's cultivation increases!"

When Zhou Hao heard this, he immediately blinked and was somewhat speechless.

"Why do the good things have to be hidden? I still need to have a high enough cultivation to unlock it? Isn't... isn't this a joke?!"

Zhou Hao was instantly depressed.

"Master, this is the inheritance of the Luo God Race. There's nothing else we can do. Other than some gems that can change genes, the other items are all locked. You can only unlock it one by one after breaking through to the Saint Realm."

After Thousand Feather Armor fused with this intelligent entity, it gained complete control of the warship and naturally knew about everything that was inside.

"Alright, bring me to see the gems."

Zhou Hao said directly.

Thousand Feather Armor immediately transformed into the appearance of a child and appeared beside Zhou Hao. Then, it brought him into a room on the warship.

This was a space that had been opened up. Countless gems were placed inside, shining brightly.

“What’s this?” Zhou Hao could not help but ask.

“This is a Starcloud Stone, a gem with the power to modify things. It can be said that this gem can instantly allow supernatural beasts to break through to the Heaven Realm. You can use this to build your own mutated beast army!”

After Thousand Feather Armor finished speaking, Zhou Hao was immediately shocked!

His own mutated beast army?

This was good!

The Beast Control Ring was sold in the Heaven Dao software. Even if he currently did not have any, it was still very easy for Zhou Hao to get it!

He only needed to seal a few supernatural beasts and give them the Starcloud Stone to evolve!

Just thinking about it made him excited!

“That’s great!”

Zhou Hao was shocked.

“Master, there’s another problem. You don’t have full authority in the warship the Battle God Battalion gave you. Our Luo God Warship can change its shape at will. Moreover, I can even fuse with the Battle God Battalion’s warship without them finding out!”

After Thousand Feather Armor finished speaking, Zhou Hao immediately became even more excited.

“Alright, let’s absorb that warship. However, don’t get discovered!”

After all, that thing was very expensive. If anything happened, how was he supposed to compensate?!

“Don’t worry, Master. Planet Earth’s technology is very outdated. After fusing with this intelligent entity, I’ve already grasped many ancient technological powers in the universe. This is only a small matter.”

With that said, Zhou Hao returned to his room in the Battle God Battalion and drove the spacecraft out. After arriving, the spacecraft was instantly sucked into the ground by the Thousand Feather Armor.

Then, the entire warship was absorbed. All the functions of this warship were simulated by Thousand Feather Armor. As for the body of the warship, it was also shattered and absorbed.

Actually, Zhou Hao's heart ached. However, if he did not do this, the Luo God Warship could only stay underground.

Moreover, it might be very dangerous in the future. If he could bring the Luo God Warship with him, he might be safer!

Soon, the fusion ended, and an identical warship appeared. However, this was not the warship given by the Battle God Battalion, but the Luo God Warship!

"Originally, your authority was still restricted. The Battle God Battalion still had full authority over the warship. Now, I've still made it seem as if they have full authority over this warship... However, they're actually unable to control this warship at all. If they want to control it, they will only be able to do so if we let them!"

Thousand Feather Armor smiled.

When Zhou Hao heard this, he nodded but didn't care much.

Then, Zhou Hao returned to the base. At night, a small gathering was held. It could be said that this was the first time the five of them were eating together. As a newbie, Zhou Hao was very humble.

On the other hand, Tie Ta kept chatting to Zhou Hao non-stop.

This guy was simple-minded and was a battle maniac. He liked sparring with Zhou Hao very much. The two of them could be considered to have become friends after a fight!

As for Long An, he was the vice captain and was very calm. Although he did not speak much, one could sense that he was an extremely capable leader!

As for Bei Qiuyang, he was rather flashy. He looked gentle, but he had the most evil ideas. Moreover, he was a super technological genius!

He could even hack into Senior Ji's network system. This made them very helpless!

Senior Ji had no choice but to warn him not to mess around. However, this brat still kept hacking in secret and was impossible to guard against.

"Zhou Hao, you're really impressive. First-grade Heaven Realm... Even so, your combat strength is much stronger than ours. When we had your cultivation level, we were far inferior to you!"

Tie Ta laughed, and even Aisha nodded.

“I originally thought that I was talented enough. However, compared to you, I’m still far inferior!”

As Aisha drank, her face was red and she was very beautiful.

Long An smiled. “Zhou Hao, you’re a newbie. If there’s anything you don’t understand, just ask us. Also, your ranking is 50. If you want to obtain more resources, go ahead and challenge the tower. With your combat strength, it’s not a problem for you to enter the top 30!”

Zhou Hao nodded. Although he had this intention, he did not want to be too high-profile!

However, Zhou Hao still needed those resources and treasures very much!

Now, the Luo God Warship’s treasures could not be opened. Although he had quite a bit of Starcloud Stones, he could not use them on himself and could only use them to create a mutated beast army. They were still useless for the time being.

Therefore, Zhou Hao still needed those resources!

Chapter 624 - Rushing to the Jiangxi Base

Chapter 624: Rushing to the Jiangxi Base

Translator: Atlas Studios Editor: Atlas Studios

The next morning, Zhou Hao went to the mission hall. As a member of the Fire God Team, he naturally received a lot of attention.

Other than the Fire God Team, there were many members from other teams here. However, many of them did not live here. As Heaven Realm experts, they usually had important matters to attend to.

Of course, Zhou Hao also had important orders. The only difference was that his orders had not been assigned to him yet.

In comparison, the Fire God Team and the Thunder God Team were the teams that took on the most difficult and dangerous missions. Although they usually looked more relaxed, these two teams still handled the most dangerous missions.

Zhou Hao had nothing to do and arrived at the mission center to look at the mission rewards.

Most of these missions involved killing mutated beasts. Of course, there were also some long-term training missions. For example, they would be asked to train some martial artists with supernatural cultivation... It was similar to giving tuition classes.

Zhou Hao swept his gaze over. There were many Heaven Realm beasts on the list. The biggest problem with these beasts was not that they were hard to kill, but that they were hard to find!

For example, the Hundred Feet Worm King's reward value was 10 billion!

However, this Hundred Feet Worm King rarely appeared. Moreover, one couldn't just spend their time waiting for it to appear every day, right?

Therefore, he felt very helpless!

Zhou Hao blinked and suddenly thought of a plan!

He had the Hundred Feet Worm King and the Iron Bone Bear King working for him. If he could use them to lure out the other Heaven Realm beasts before setting up the Beast Control Ring, wouldn't it be fine?

There were also some supernatural-level beasts that he could directly capture and use to nurture them into Heaven Realm experts!

Zhou Hao was very shocked. After thinking for a moment, he directly took the spacecraft.

On the way, he had already contacted the Hundred Feet Worm King. The latter received the signal and hurriedly came out to see Zhou Hao.

"I need three supernatural beasts. Capture them and bring them to me. Now."

Zhou Hao ordered directly, and the Hundred Feet Worm King naturally did not dare to hesitate. Without saying a word, it returned. Almost six hours later, it captured three supernatural beasts.

The Falcon Leopard King, the Desert Alligator Turtle, and the Shadow Eagle.

The three of them had their cultivation restricted by the Hundred Feet Worm King. They looked at Zhou Hao and the Hundred Feet Worm King in fear and disbelief!

They definitely did not expect that the Hundred Feet Worm King they were loyal to was actually a lackey of the humans!

Zhou Hao was very satisfied and directly brought them into the spacecraft. Although this spacecraft was very small, it still had an independent sealed space.

Zhou Hao brought them into a huge secret room and freed them from their restraints. He directly controlled them with the Beast Control Ring and took out three Starcloud Stones.

“Eat these and you will break through!” Zhou Hao did not know if it was true, but he said it anyway.

The three mutated beasts listened to Zhou Hao and naturally did not hesitate to eat it.

After the three mutated beasts ate it, the Starcloud Stones immediately exploded in their bodies. The three mutated beasts roared repeatedly, and the aura on their bodies instantly became restless.

In the next second, Zhou Hao felt that they were indeed advancing. Be it their physiques or cultivation, they were all slowly advancing.

The three mutated beasts seemed to be unable to withstand the powerful strength brought about by this thing and fainted one after another.

However, as their transformations continued quietly. Zhou Hao also left and waited silently.

Zhou Hao had just returned to the cabin when he received a call from his father, Zhou Xueguo.

Zhou Hao hurriedly picked it up, thinking that something had happened. It turned out that a distant relative of his was seriously ill and his parents had asked him to bring them over.

Zhou Hao was naturally anxious and immediately went home. Without saying a word, he drove the spacecraft to the Jiangxi Base.

Sitting on the spacecraft, Zhou Xueguo and Wang Shuyun were stunned!

“Son... is this your plane?”

Zhou Xueguo and Wang Shuyun had never seen something like this before and found it difficult to accept for a moment.

“My leader gave it to me.” Zhou Hao smiled and did not say anything. It was not that Zhou Hao did not want his parents to know too much about him, but because many things about him were dangerous. If he did not tell them, they would also not need to worry.

“You have such a good leader.” Zhou Xueguo looked at the buttons all over the cabin and did not dare to move.

Zhou Hao brought his parents to his room and prepared tea.

“Dad, how’s my uncle?” Zhou Hao could not help but ask.

Zhou Xueguo sighed. “Your uncle is already 80 years old... However, he doesn’t have any illness. It’s just that when one reaches a certain age, they won’t be able to take it anymore. I’m going to visit him this time. Otherwise, I’m afraid I won’t be able to see him one last time.”

After hearing this, Zhou Hao also sighed with emotion. The lifespan of martial artists was very long, but the lifespan of ordinary people was indeed very short!

Zhou Hao looked at his parents with gray hair and sighed in his heart.

Although he had secretly fed his parents the Body Tempering Fluid, it still wasn’t very effective. It did not impact much!

Zhou Hao decided to get a few more good herbs for his parents. At the very least, he had to slow down their aging and change their physiques.

Soon, they arrived at the Jiangxi Base. In order to avoid wasting time, Zhou Hao parked the plane at the Jiangxi Base headquarters.

Seeing Zhou Hao arrive, the president, inspector, and special envoy of the Jiangxi headquarters arrived. More than twenty people were standing there to receive him.

These people were all high-level figures in the Jiangxi Base, but at this moment, when they saw Zhou Hao, they were all filled with reverence.

This was because they knew that in Zhou Hao’s eyes, their cultivation level and status were nothing!

“Council Member Zhou, you’re here.”

The chief inspector of Jiangxi Base had a quasi Heaven Realm cultivation. When he saw Zhou Hao arrive, he walked over very respectfully.

Zhou Hao smiled. "Inspector Lu, there's no need to make such a big scene. I'm not here as a vice council member this time, but as an ordinary person. I'm accompanying my parents to visit a relative."

Zhou Hao smiled and said directly.

"I see. Council Member Zhou, do you want me to send someone to protect... Uh... What am I saying? You're a Heaven Realm expert. Why do you need someone to protect you..."

The chief inspector of Jiangxi immediately smiled.

"Hehe, prepare a car for me," Zhou Hao immediately ordered.

"Alright, President Zhou, don't worry. We're already prepared the cars."

As the chief inspector spoke, he brought Zhou Hao to the parking lot and parked more than ten cars.

"I don't know which one President Zhou needs, so I prepared a few."

There were luxury cars and ordinary cars here. Zhou Hao found a relatively low-key one and left with his parents.

Just as he left, the special envoy behind him and some important members of the Jiangxi Base heaved a sigh of relief.

This was a big shot who had surpassed the status of an elder. They did not dare to offend him.

"This Council Member Zhou is really young."

The person who spoke was the vice chief inspector. At this moment, his eyes were filled with admiration and worship.

"Compared to Council Member Zhou, that son of mine is simply trash. Not only is his martial arts not good, but he also causes trouble for me all day long!"

As he spoke, the vice chief inspector received a call. After receiving it, he immediately frowned.

"This bastard left with the guards?"

Chapter 625 - Kidnap?

Chapter 625: Kidnap?

After the vice inspector finished speaking, Inspector Lu frowned and could not help but say.

“Vice Council Member Zhou has come to our Jiangxi Base. Old Hou, don’t let your son cause trouble at this moment, understand?”

He was naturally worried because that brat was a lawless person. He relied on his father being a vice inspector and simply did not care about anything!

“Yes, Inspector Lu. I’ll call him now!”

With that said, Hou Zhenfeng hurriedly hung up and called his son.

“Little brat, why did you bring the guards out? What are you doing?”

As soon as the call connected, Hou Zhenfeng shouted angrily at his son.

“Uh... It’s nothing, Dad. I’m just taking these brothers out for a meal. Don’t worry, I won’t cause trouble.”

Hearing his son’s words on the other end of the phone, Hou Zhenfeng heaved a sigh of relief. “Alright, go back after a simple meal. A big shot will be staying in Jiangxi Base these two days. Don’t cause trouble, understand?”

“Don’t worry, Dad. I’m the most obedient! Alright, Dad, we’re about to start eating. I won’t talk to you anymore.”

With that said, Hou Tianyu hung up.

“This brat brought the guards to eat.” Hou Zhenfeng smiled. Inspector Lu frowned but did not say anything.

This was Hou Zhenfeng’s guard team. He had no right to interfere, so he did not say a word and got into the car to leave.

After Hou Tianyu hung up the phone, he snorted.

"I wonder which bastard snitched on me and actually told my dad. No, I have to resolve the matter quickly. I've been coveting that little girl from the Zhou family for a long time. I have to get her no matter what!"

As Hou Tianyu spoke, he directly led the more than twenty grandmaster-level guards behind him towards the First People's Hospital in Jiangxi.

At this moment, Zhou Hao's car had also stopped at the First People's Hospital in Jiangxi.

Zhou Xueguo and Wang Shuyun hurriedly went upstairs. After asking around, they found the ward and walked in.

An old man with white hair was lying on the bed with two men and two women beside him. They were not young and looked about the same age as Zhou Hao's father.

"Uncle? Why... why are you here?!"

Zhou Hao and the others had just knocked and entered when the older middle-aged man recognized his father and immediately could not help but say.

Zhou Xueguo was an older member of the family, so he was a senior to them. The old man lying on the bed was Zhou Xueguo's cousin and Zhou Hao's uncle.

"Cousin is sick. How could I not come?"

Zhou Xueguo was very anxious and hurriedly walked to the bed. The old man looked up at Zhou Xueguo and immediately smiled. He struggled to sit up.

"Little cousin, you... cough cough... why did you come all the way here to see me?"

Feng Pingshan looked at Zhou Xueguo and hurriedly said.

"My good brother, if not for you, I would have died in the coal mine when I was young. How could I forget your favor? I should have come long ago when you were sick!"

As Zhou Xueguo spoke, his eyes turned red.

Zhou Hao knew that his father had roamed the world with his uncle when he was young. At that time, his uncle was in his thirties, and his father was only in his teens. His uncle had always taken care of his father.

"Aiya, what illness? I'm old and useless. My time has arrived."

As Feng Pingshan spoke, he looked at Wang Shuyun and Zhou Hao.

“Sister-in-law, you’re here too. Aiya, do you think an old man like me is worth it for you to travel so far? Is this Little Hao? He’s grown so big in just a while.”

Wang Shuyun hurriedly said, “Cousin, don’t say that. You helped us a lot back then!”

“Hehe, come, Little Rui and Little Gang, come here.”

After Feng Pingshan shouted, Zhou Hao saw Feng Xiaorui and Feng Xiaogang arrive. They were similar in age to Zhou Hao, but they still needed to call him Uncle.

“Call him Little Uncle, hehe.”

Feng Xiaorui and Feng Xiaogang hurriedly greeted Zhou Hao, and Zhou Hao also smiled.

“We’re about the same age, so don’t call me that. Just call me Zhou Hao.”

“No, no. We’re family. How can we mess up our seniority?” Feng Pingshan said directly.

Bang!

However, at this moment, the door was kicked open and a person walked in with a few burly men behind him.

This scene shocked several people in the room.

When Feng Xiaorui saw this, she was so frightened that her pretty face turned pale.

“Hou Tianyu? What... what are you doing here?” She was very angry. At the same time, a trace of worry and fear flashed in her eyes, which Zhou Hao detected.

Feng Xiaogang was the same, but he still gathered his courage and said, “Hou Tianyu, don’t force us. In the end, we’re also medics and have contributed to Jiangxi Base. If you keep acting like this, we can only take measures!”

Hearing this, Hou Tianyu immediately smiled.

“Hahaha, how freaking interesting. Your medical laboratory? I don’t even care. What bullsh*t contribution? How laughable.”

“The reason why I came here today is to tell you that you can either become my woman and my lover. I’ll request for a serum from the warzone army and give it to your grandfather to let him live for a few more years. If you don’t agree, there’s nothing I can do. I can only use some methods to hinder you. Choose.”

Hou Tianyu immediately smiled brightly.

“What... What did you say? I’m a first-level researcher. I’m qualified to apply for the serum!” Feng Xiaorui’s expression immediately changed.

She knew about this matter. Hou Tianyu had threatened her a few days ago, but she did not want to be this disgusting man’s woman. Moreover, he was already married. How could she be his lover?!

However, she did not expect Hou Tianyu to really come looking for her!

Feng Xiaorui had never doubted Hou Tianyu’s ability. This guy’s father was a vice inspector of the Jiangxi Base and had a high-level position. He could easily kill them if he wanted to.

“Haha, how laughable. You’re indeed qualified. Under normal circumstances, they would also approve it. However, now that I’m involved, it depends on whether I’m willing or not. As long as I say the word, I can delay the serum for three months or two months. I can handle the delay, but your grandfather can’t!”

Hou Tianyu teased as if he was certain that he would be able to get this way with Feng Xiaorui!

“You... you... you bastard!” Feng Xiaorui was furious.

Feng Xiaogang was the same. “Hou Tianyu, how dare you abuse your authority. What right do you have to do this?!”

“With what right? Don’t you know that my father is the vice inspector? In this Jiangxi area, he’s like a king. His word is final. Didn’t you know that?”

Hou Tianyu said indifferently. This scene made Zhou Hao narrow his eyes and his expression was very ugly!

He did not expect this Jiangxi area to be so corrupt. The son of a vice inspector actually dared to do such a thing in broad daylight!

Chapter 626 - Try

Chapter 626: Try

When Feng Pingshan heard this, he was furious and immediately said.

“I’ve been through a lot of difficult situations. How can I be frightened by someone like you? Isn’t it just going to cost me my life? I’m already 70 or 80 years old. It’s time for me to die. Granddaughter, ignore him!”

Feng Pingshan was a tough nut to crack and immediately shouted angrily, looking a little angry.

Zhou Hao knew that back then, this uncle of his had some ability!

Although he was not a martial artist, he was still able to get his way.

“Ignore me? Old man, are you stupid? Do you think I’m here to joke?”

“Even if you don’t want this serum, it doesn’t matter. However, this Feng Xiaorui has to leave with me today. As long as she accompanies me for three to five days, I’ll let her come back. In exchange, I can give you guys whatever you want. I can satisfy all of your desires.”

“But even if you don’t agree, I will still forcefully take her away today, understand?”

Hou Tianyu immediately said arrogantly!

“You... you shameless person!” Feng Xiaorui was furious.

“What’s wrong? How am I shameless? Isn’t it normal for men to like women? You should be glad that I like you for your beautiful appearance and good figure. Otherwise, why would I care about you?”

“Moreover, can’t you be my woman? If you become my woman for a year, I will promote you to the director of a research organization without hesitation and give you 1 billion yuan a year as pocket money.”

“I’ll give your grandfather the serum... No, I’ll even give your father the serum. How about that?”

Hou Tianyu immediately said with disdain and said all this nonchalantly.

However, hearing his words, the Feng family was furious, and their faces were pale.

Wang Shuyun and Zhou Xueguo looked at Zhou Hao and could not help but ask, “Son, what should we do? Can you resolve it?”

Of course, Zhou Hao could resolve it. After all, it was not a big deal.

“Don’t worry, Dad, Mom. With me around, everything will be fine.” Zhou Hao smiled. After saying this, Zhou Xueguo and Wang Shuyun relaxed.

“Alright, I’ll give you three minutes to consider. Feng Xiaorui, whether you’ve thought it through or not, prepare to leave with me.”

Hou Tianyu did not care about their opinions at all.

Zhou Hao smiled at this moment and could not help but say, “Interesting. I didn’t expect to see a beast in human clothing today.”

Zhou Hao’s words immediately stunned everyone in the room.

Especially the Feng family members, they were all dumbfounded.

“Damn, you dare to insult me? Are you courting death?!” Hou Tianyu was immediately furious. He waved his hand. “Come, break this brat’s leg!”

As he spoke, two burly men walked out from behind. They were clearly martial artists.

“Wait!”

Seeing this, Feng Xiaorui hurriedly shouted.

“What’s wrong, has my sweetheart agreed?” Hou Tianyu smiled.

“This has nothing to do with him. If you have any grudges, then punish me. If... if you can do everything you promised, I... I...” Feng Xiaorui gritted her teeth, her face pale. She wanted to agree.

“This kind of person is a beast. You can’t trust his words.” Zhou Hao spoke again, making Hou Tianyu even more furious!

Feng Xiaorui was clearly about to agree, but in the end, she was interrupted by Zhou Hao!

“You’re really courting death!” Hou Tianyu immediately cursed.

“Uncle... This person is the son of the vice inspector of the Jiangxi Base. He’s very powerful. Don’t interfere. I can handle it.”

Feng Xiaorui hurriedly said. She was worried that she would implicate Zhou Hao.

"It's fine." Zhou Hao did not care at all. Instead, he looked at Hou Tianyu and raised his finger lightly.

Immediately, two strong winds shot out and pierced through the knees of the two martial artists, instantly making them kneel on the ground.

"As martial artists, you guys are supposed to defend our homeland until death. However, you guys are relying on your ability to help bad people bully ordinary people. You're really wasting the talent the heavens gave you. Since you don't plan on using your talent properly, I'll take back this talent on behalf of the heavens."

With that said, Zhou Hao snorted.

Others did not feel anything, but the two grandmasters were dumbfounded!

They felt an extremely terrifying aura envelop them. That aura was something that even Vice Inspector Hou could not compare to!

They wanted to struggle, but it was useless. Zhou Hao immediately broke their meridians and turned them into ordinary people.

From now on, they would lose their cultivation!

This scene dumbfounded everyone present. Feng Xiaorui drew a cold breath. She did not dare to believe that Zhou Hao had done this!

Feng Xiaorui felt that Zhou Hao was too powerful. She had not even seen him do anything, but the two martial artists were already lying on the ground?

Zhou Xueguo and Wang Shuyun also did not expect their son to be so powerful. They only knew there were supernatural-level martial artists and master-level martial artists, but they did not know their exact abilities!

It was true that they knew that their son was powerful. However, they still thought that it would take some effort for him to deal with these people. They never expected that their son would defeat the two of them in an instant. He was too ferocious!

"You... you... who are you?!"

Hou Tianyu was scared on the spot!

Although he did not know who Zhou Hao was, he knew that the other party's cultivation was at least at the supernatural-level!

"Someone you can't afford to offend."

Zhou Hao looked at him and smiled. Then, he continued, "Since you're such a pervert, the solution is actually very simple. From today onwards, I'll make you lose your right to be a man."

With that said, Zhou Hao tapped his finger lightly and also shot out a gust of wind. It instantly hit Hou Tianyu's lower body. In an instant, Hou Tianyu covered his crotch and roared!

This frightened the Feng family!

This was Vice Inspector Hou's only son. Vice Inspector Hou doted on this son very much. Otherwise, Hou Tianyu wouldn't be like this!

Now, before Zhou Hao could finish speaking, he had already crippled the other party's manhood. Wasn't this equivalent to courting death?!

"Uncle, you... you're too rash. His father is Vice Inspector Hou. You... you better run!"

Feng Xiaorui immediately said, and the Feng family members were so frightened that their faces turned pale.

"It's fine, don't worry."

Zhou Hao smiled and did not care at all. This made Feng Xiaorui not know what to say.

"You bastard, how dare you do this to me... I... I'll freaking kill you. Go, find Adjutant Zhao. Go!"

Hou Tianyu immediately roared, and the martial artists behind him hurriedly ran out.

Zhou Hao did not stop him. He wanted to see how corrupted the officials in Jiangxi were. If there was too much corruption, he did not mind helping to clean it up!

"Alright, go ahead and call for help. I want to see who can save you today!"

Zhou Hao could not be bothered. Then, he turned around and took out a Body Tempering Fluid.

"Uncle, I don't have any serum here, but this nutrient solution is better than the serum. Try it."

Zhou Hao smiled and handed this to Feng Xiaorui.

Chapter 627 - Backer

Chapter 627: Backer

Feng Xiaorui was stunned for a moment when she received the item.

As a researcher, she had some understanding of many medicines!

Although she had never seen this before, judging from the quality, she could tell that it was something good.

She hurriedly took out a testing device and gently removed a drop.

Immediately, the numbers displayed made Feng Xiaorui and Feng Xiaogang frightened.

"This... this nutritional component is actually a hundred times more effective than the Enhancing Liquid we developed... this..."

Feng Xiaorui was shocked and in disbelief.

This was only the most basic Body Tempering Fluid. Zhou Hao had a lot of them in his possession. With a wave of his hand, he directly took out a box with a hundred of them.

"I still have a lot more here. You can take it all." After Zhou Hao finished speaking, Feng Xiaorui and Feng Xiaogang were dumbfounded.

"No, no, no... this... this is too expensive..." Feng Xiaorui's breathing quickened on the spot.

"Is this thing very expensive? Little Hao, you probably didn't get these for free. If it's really useful, Uncle will buy a few. I definitely won't let you lose money."

Feng Pingshan spoke at this moment. As an elder, how could he casually ask for something from a junior?

"No need, Uncle. You've helped my parents so much. We definitely have to help you with this." Zhou Hao smiled.

"That's right, Cousin. Just accept it." Zhou Xueguo did not know if this thing was worth anything. In any case, since his son said it was fine to give it to the other party, then it was fine.

However, Feng Xiaorui hurriedly shook her head. "This... this is not a small favor. The Enhancing Liquid developed by our company cost 500,000 yuan each. The one Uncle took out is comparable to 100 vials of Enhancing Liquid. That's... 50 million..."

"Moreover, there's a huge box that's full of them. This is... a total... a total of 5 billion!"

When this number appeared, everyone was dumbfounded!

Even Zhou Xueguo was dumbfounded. This... this thing was actually worth 5 billion?

His son had given him a lot a while ago!

Moreover, he had switched to something better recently. Wouldn't that new thing be even more expensive?

Wang Shuyun also realized this and was dumbfounded.

Feng Pingshan's mouth also gaped open. "What... 5 billion... This... this..."

"This is only my preliminary guess. Even though the effect is multiplied by a hundred times, the price might increase more than a hundred times. It's very likely to be a thousand times. Uncle, this thing you gave is really too expensive. We really can't take it."

Feng Xiaorui hurriedly said, making Zhou Hao sigh.

"Just keep it. These things don't mean anything to me. Moreover, you're a researcher. When your research succeeds and you end up making some good stuff, you can just repay me with those." Zhou Hao hurriedly said with a smile.

"Moreover, Uncle needs it now. Therefore, there's no need to be so polite. After all, we're family."

These words made it really difficult for Feng Xiaorui to refuse. It had to be said that Zhou Hao's words made it very easy for her to accept.

"This... this..." Feng Xiaorui took a deep breath and nodded.

"Uncle, thank you... Our Feng family won't forget this favor."

Zhou Hao smiled. At this moment, footsteps sounded from outside the door. The person had yet to arrive when the voice sounded.

"Which bastard dares to touch Vice Inspector Hou's son? He's really courting death!"

As soon as he finished speaking, a burly man kicked the door open and walked in.

Seeing this person, Hou Tianyu was extremely excited. "Brother Zhao, it's him. It's that person!"

Adjutant Zhao looked at Zhou Hao and snorted coldly. He ignored him and hurriedly took out some medicine to feed to Hou Tianyu.

"Young Master Hou, after drinking this, all the tissues will be repaired. Even that place can be repaired. Take it first. In a while, I'll bring you to the military area and they'll use the best equipment to check your injuries."

Vice Commander Zhao's words made Hou Tianyu extremely happy, and he hurriedly drank it.

This scene made Zhou Hao's expression turn ugly. This Adjutant Zhao was really despicable!

"Adjutant Zhao, right? Do you know that doing this will cause him to suffer the same trauma?" Zhou Hao said directly.

Adjutant Zhao frowned. "Kid, what do you mean?"

"You undoubtedly made him suffer a second time," Zhou Hao said indifferently.

"Hahaha, how laughable. Kid, who do you think you are? Now that I've arrived, don't even think about leaving. How dare you hurt Young Master Hou. You're about to become a dead man."

As he spoke, Adjutant Zhao's cultivation spread out. With a sixth-grade supernatural cultivation, he could also be considered an expert.

However, such an expert was too insignificant in Zhou Hao's eyes.

"A mere sixth-grade supernatural expert dares to act cocky? How laughable!"

Zhou Hao smiled and still did not move. His cultivation exploded and pressed down on Adjutant Zhao!

The powerful strength of the Heaven Realm instantly made Adjutant Zhao vomit blood. He was immediately forced to kneel on the ground by this pressure!

Crack!

In fact, under this powerful pressure, his legs were directly broken. His entire body was pressed to the ground, unable to move!

“A supernatural-level official is actually engaging in malpractice and playing favorites. Looks like the core members of Jiangxi Base have to be dealt with!”

Zhou Hao immediately said, shocking Adjutant Zhao on the spot!

Since the other party dared to say something like this, it meant that he was definitely not a small figure. Moreover, his cultivation was too freaking powerful!

How old was he? He was only in his twenties and was already a Heaven Realm expert. How was this possible?!

“Friend, please tell me who you are... If there’s a chance, I hope... I hope to reconcile. I’m Vice Inspector Hou’s personal guard.”

At this moment, Adjutant Zhao even mentioned Vice Inspector Hou, but Zhou Hao’s expression turned even uglier.

“You don’t deserve to know my identity. Vice Inspector Hou, what a good Vice Inspector Hou. Not bad, really, not bad at all!”

Zhou Hao snorted coldly and was very furious.

This was only a region and it was already so corrupted. What about the other regions? It must be the same!

The soldiers in front were fighting bloody battles, and they, the parasites, were not only enjoying peace at the back, but they even dared to do such a thing. They were really courting death!

Zhou Hao did not waste his breath and told Hou Tianyu directly.

“Didn’t you want to find someone to deal with me? I’ll give you a chance. Find the backer of your Hou family. I want to see who it is!”

After Zhou Hao finished speaking, Hou Tianyu said angrily, “Are you trying to scare me? Do you really think I wouldn’t dare to? Fine, just you wait!”

As he spoke, he called his father.

“Dad, come over quickly. Someone wants to kill me!”

He immediately shouted into the phone. This scene immediately made Hou Zhenfeng’s expression change.

“What? Where are you? I’ll go over now!”

Chapter 628 - Three Seconds

Chapter 628: Three Seconds

Hou Zhenfeng was naturally angry. As the vice inspector, how could he tolerate someone trying to kill his son?!

Therefore, without saying a word, he soared into the sky and rushed towards the Jiangxi People's Hospital with killing intent!

He had a first-grade Heaven Realm cultivation and was like Zhou Hao. At this moment, he was traveling at full speed and had also instantly arrived!

After sensing his son's aura, he snorted coldly. His voice instantly resounded in the ward. A powerful aura shattered the window with a bang, and his figure directly appeared in the room!

The Feng family members in the room were dumbfounded when they saw Vice Inspector Hou. This was a big shot from Jiangxi. They did not expect him to come too!

It was over!

At the very least, that was what Feng Xiaorui and Feng Xiaogang were thinking. The faces of the two siblings immediately turned pale!

Zhou Hao frowned. This Hou Zhenfeng was really bold. He actually released a Heaven Realm cultivation in the base. He was really too lawless!

Zhou Hao took a step forward, and his aura spread, directly blocking all the pressure!

Otherwise, the aura just now would have been enough to severely injure the few people in the room!

Zhou Hao stood there and looked at Hou Zhenfeng coldly. The latter also saw Zhou Hao, and his expression instantly changed!

"Vice... Vice Council Member Zhou!"

Hou Zhenfeng's head buzzed and his scalp went numb!

He did not expect that his son had provoked Vice Council Member Zhou!

"Vice Inspector Hou, you're really putting on airs. Don't you know that you're not allowed to rashly use your martial artist cultivation in the base? Not only did you use it, but you also forcefully barged in. You've really broadened my horizons."

Zhou Hao's words made Hou Zhenfeng's heart turn cold!

He knew that Zhou Hao must be angry!

"Vice Council Member Zhou... don't... don't misunderstand. I had no choice. My son said that someone wants to kill him..."

Hou Zhenfeng hurriedly said. He did not dare to easily offend Zhou Hao!

His status was on the same level as the elders of the various divisions. How could he dare to offend him so easily?

"There's no need to kill him. He can be punished by the law. Killing him will only dirty my hands. However, I didn't expect Vice Inspector Hou, as an important member of the Jiangxi Base, to indulge his son like this."

"I was wondering why Hou Tianyu was so arrogant. It turns out that he has a good father supporting him!"

Zhou Hao said indifferently with coldness in his eyes.

After saying this, everyone in the room was stunned.

In particular, the Feng family members were especially stunned. They knew the identity of Vice Inspector Hou. At this moment, he was actually talking to Zhou Hao in such a humble manner. What did this mean?

This meant that Zhou Hao's status was at least higher than Vice Inspector Hou's!

Zhou Xueguo and Wang Shuyun also widened their eyes. They knew the identity of the inspector. He was the most important official of the various bases, and even someone of his status had to act like this in front of his son.

They couldn't help but wonder what their son's identity was and why he was so powerful.

"Council Member Zhou, I... I don't know what my son did, but don't worry, I won't let him off easily!"

Hou Zhenfeng was extremely afraid. He looked at his son, his eyes flashing with anger!

At this moment, Hou Tianyu was also dumbfounded. No matter how stupid he was, he still knew what the words “council member” meant!

He did not expect to encounter such a big shot here!

“Vice Inspector Hou, cut the crap. If you can, go ahead and find the person who’s supporting you. I’m curious to find out who he is. If not, I’ll send your son to the bureau today. As for you, I’ll seal your cultivation and send you to the spatial rift for ten years.”

Zhou Hao had absolute authority over them. If not for the fact that the war was tense and a Heaven Realm expert could not be casually killed, Zhou Hao would have long killed him!

For such a person to have such a son, he was definitely not a good person!

At the very least, he was not a good leader!

“Vice Council Member Zhou, do... do you really have to be so ruthless? You’ve already punished my son. Isn’t... that enough?”

Hou Zhenfeng’s expression immediately changed, and anger flashed in his heart!

His son was already kneeling there with his manhood broken. Wasn’t this enough?

Even if the other party was a council member, this was still too much!

“Enough? Vice Inspector Hou, looks like you don’t understand what I mean. Every family has their own rules. Similarly, as citizens, we naturally need to abide by the country’s rules. I’m just following the rules!”

“Moreover, I’ve already been kind enough. If not for the fact that you’re a Heaven Realm expert and have helped the human race, I would have long killed you!”

Zhou Hao snorted and his attitude was very firm. This scene made Hou Zhenfeng’s expression turn very ugly!

“Vice Council Member Zhou, if you really want to do this, I can only risk my life to protect myself!”

Hou Zhenfeng immediately said. He knew that this matter would not end peacefully today.

“You’re not my match. If I attack, you won’t be able to last three seconds.”

Zhou Hao said indifferently, making Hou Zhenfeng frown.

“Although Vice Council Member Zhou is a genius, isn’t it a little exaggerated for you to think that you can defeat me in three seconds?”

Hou Zhenfeng immediately said.

“You don’t believe me? Alright, I’ll show you.”

Zhou Hao smiled and could not be bothered to waste his breath. A strange power flashed in his eyes. Although he did not use much mental strength, he could still use simple mental attacks!

Therefore, when his eyes flashed with a strange color, Hou Zhenfeng had already been trapped in the Endless Cage!

Zhou Hao could not be bothered with him. He directly waved his hand, instantly making Hou Zhenfeng dispirited. In the next second, Hou Zhenfeng’s entire body was covered in cold sweat as he sat on the ground.

The moment Zhou Hao dispersed the Endless Cage, Hou Zhenfeng recovered and panted heavily. At this moment, he finally understood how powerful this young man in front of him was!

This scene puzzled everyone in the room. It had only been a few seconds since Zhou Hao finished speaking before Hou Zhenfeng sat on the ground.

Such strength simply made the Feng family members widen their eyes!

The person in front of him was the second strongest expert in Jiangxi Base. How could he be insta-killed by Zhou Hao?

“Are you convinced, Vice Inspector Hou?” Zhou Hao said indifferently.

The mental attack just now had directly made Hou Zhenfeng lose his combat strength. It was very easy for Zhou Hao to deal with people with lower combat strength!

Hou Zhenfeng was speechless. His face was filled with fear and disbelief.

In the blink of an eye just now, he had experienced endless torture. This torture could directly affect his mental strength, making him exhausted and without any combat strength!

Only at this moment did he know that although they were both first-grade Heaven Realm experts, the difference between him and Zhou Hao was simply like the difference between the heavens and the earth!

However, at this moment, hurried footsteps sounded from the corridor. Then, two middle-aged men walked into the ward one after another. When they saw this scene, they were shocked!

Chapter 629 - Elder Fan

Chapter 629: Elder Fan

The person who arrived was none other than Inspector Lu!

After he heard this news, he was dumbfounded!

Who was Zhou Hao? He was someone that Senior Ji thought highly of. He was a vice council member!

Be it his identity or cultivation, they were not something they could compare to!

Vice Inspector Hou's son had actually provoked such a person. Wasn't he courting death?

However, at this moment, he was still standing respectfully behind another middle-aged man!

Although he was the inspector of the Jiangxi Base and was the most authoritative person, he was still inferior to this person!

This was because this person was one of the elders of the Green Cloud Division, Fan Shengbin!

This person was the backer of the Hou family and was also Hou Zhenfeng's cousin!

Now that something had happened to his cousin and nephew, he naturally had to come and take a look!

However, he saw this scene as soon as he entered!

Hou Zhenfeng had a first-grade Heaven Realm cultivation. However, he was actually instantly dealt with by Zhou Hao. From the looks of it, he had been severely injured by mental strength!

As for him, he was only a third-grade Heaven Realm expert. Facing Zhou Hao, he probably also did not dare to say anything rash!

Moreover, he also knew Zhou Hao's information very well. Those who could join the Fire God Team had at least sixth-grade Heaven Realm combat strength!

The fact that this person had entered as a first-grade martial artist was enough to explain everything!

"Vice Council Member Zhou..."

At this moment, Inspector Lu hurriedly spoke.

Zhou Hao had long seen them and could not help but smile. "Inspector Lu, are you Vice Inspector Hou's backer? Are you also here to help him?"

When Inspector Lu heard this, he immediately became embarrassed. He also knew that Zhou Hao was probably furious. This matter today was not easy to resolve.

"Vice Council Member Zhou, hello. I'm Fan Shengbin, one of the elders of the Green Cloud Division. I know that since Vice Council Member Zhou took action, it's naturally because the Hou family has committed a huge mistake. However, I still hope that you can spare him this time on account of the Hou family's contribution. In this way, our Fan family and the Hou family will be extremely grateful."

This matter could not be blown up. Hou Zhenfeng was a Heaven Realm expert. If something really happened to him, it would be a huge loss for their two families!

Zhou Hao looked at Fan Shengbin and narrowed his eyes. He was secretly shocked. He did not expect the elder of the Green Cloud Division to come out!

However, Zhou Hao was even more furious!

"I've never wanted to cause trouble. It's just that some people are too troubling. Therefore, there's nothing I can do. This matter has implicated me. I have no choice but to resolve it this way."

Zhou Hao looked at Fan Shengbin and said, "Since you're here, this matter will be easy to handle. Let's get things back on the right track. Hou Tianyu has committed many crimes, so I can't be bothered to waste my breath. Hurry up and get the bureau to investigate him. I want to know if it's a death sentence or a heavy punishment."

“As for this Hou Zhenfeng... Although as a Heaven Realm expert, he’s very valuable, his morals are not compatible. His cultivation needs to be reduced to the supernatural level. Also, he needs to be sent to the frontline to train.”

Zhou Hao did not waste his breath and said directly.

These words immediately made Fan Shengbin’s expression turn ugly!

As an elder of the Green Cloud Division, his status was as high as Zhou Hao’s. At this moment, he had already humbled himself by saying what he said earlier. However, this Zhou Hao actually did not give him any face!

This made him very displeased!

“Vice Council Member Zhou, I don’t think you have the right to interfere in the matters of our Jiangxi Base, right?”

Fan Shengbin immediately said.

“Right? Of course I do.”

As Zhou Hao spoke, he took out his token and showed it to Fan Shengbin!

With this, Fan Shengbin’s expression immediately turned ugly!

Zhou Hao could punish anyone below the level of an elder. As long as there was a problem, he could punish them!

“We still need proper procedures and evidence to deal with them. Therefore, I’ll have to trouble you, Elder Fan.”

Zhou Hao said indifferently.

Fan Shengbin took a deep breath and looked at Zhou Hao. “Do you have to make things so tense? Vice Council Member Zhou, although you’re now a high-level official, you still have to leave some room for negotiation. Otherwise, it won’t be good!”

Fan Shengbin’s words were half a threat and half a warning. Naturally, Zhou Hao could tell!

“Elder Fan, your words are very interesting. Instead of punishing others for their mistakes, you want me to forgive them. What kind of world is this? Is there no such thing as fairness?”

“Hou Tianyu attempted to kidnap someone in broad daylight with his guards and even used his authority to interfere with the serum requested by the researchers. Shouldn’t this be investigated thoroughly? Shouldn’t he be punished?”

“Martial artists are humans, but aren’t ordinary people also humans? Moreover, aren’t those people who have sacrificed their youth for research also humans?”

“Jiangxi Base is really too disappointing. Elder Fan, if you really keep doing things like this, I think... your status as an elder will soon come to an end!”

Zhou Hao was not polite. At this moment, he was really angry!

Feng Xiaorui and Feng Xiaogang were both researchers. Be it for martial artists or ordinary people, they had contributed greatly!

Such people had risked their lives for very little benefit. In the end, they were even manipulated like this!

It was even to the extent that they took advantage of his sister, who had been contributing to frontline research for so many years. Hou Tianyu even tried to abduct her to spend the night with him just because he thought that she was beautiful!

What kind of world was this? These guys were simply even more ridiculous than bandits!

This was a society ruled by law!

Zhou Hao’s words naturally made Fan Shengbin unable to say anything. This was all the Hou family’s fault and he could not defend them at all.

As long as Zhou Hao insisted, there was nothing he could do.

Therefore, he negotiated with Zhou Hao.

“Vice Council Member Zhou, if... you can show mercy, our Fan family and Hou family will fully support you. In the future, if the Feng family has any problems, we will help them with our full strength.”

“Look, how about this?”

Ordinary people would not refuse. The Fan family was an elder family of the Green Cloud Division. The patriarch of the Hou family was even the vice inspector of the Jiangxi Region!

These two statuses were both high and powerful. Ordinary people would definitely agree to this!

However, they still underestimated Zhou Hao!

Hearing this, Zhou Hao was really angry!

“What’s wrong with you guys? Can’t you guys tell what this matter is about? You actually went to this extent for your own benefit. Elder Fan, you really taught me a lot. Forget it, it’s useless for me to talk to you anymore. I’ll get the Battle God Battalion to handle this matter.”

Zhou Hao snorted and could not be bothered. He waved his hand, and a powerful cultivation appeared. He immediately slapped Hou Zhenfeng and used the Genesis Rune’s sealing technique to seal his cultivation to the supernatural level!

Zhou Hao then pointed out with his finger and imprisoned Hou Tianyu. With a wave of his hand, he captured him and brought him to his side.

This scene made Fan Shengbin’s expression turn extremely ugly.

“Vice Council Member Zhou, are you determined to do this?!”

Fan Shengbin did not say a word and immediately attacked. His third-grade Heaven Realm combat strength instantly spread out!

Chapter 630 - Mission

Chapter 630: Mission

Zhou Hao snorted and could not be bothered to waste his breath. He directly exploded with a sixth-grade Heaven Realm combat strength, instantly making Fan Shengbin’s expression turn ugly!

“Elder Fan, please respect yourself. If you attack the vice council member because of this, I have the right to deal with you!”

Zhou Hao’s voice was not loud, but his attitude was very firm, making Fan Shengbin immediately furious!

However, he did not dare to attack!

Zhou Hao's combat strength was too powerful and had a sixth-grade Heaven Realm aura. How could he fight the other party?

There was a difference of three grades!

Therefore, he could only wave his hand fiercely and leave.

"Cousin..."

When Hou Zhenfeng saw this, his head buzzed. Hou Tianyu even fainted. He really could not withstand such a blow!

Even Elder Fang was unable to resolve this matter. No one in their Hou family could save him now!

Inspector Lu sighed and hurriedly said, "Vice Council Member Zhou, this matter..."

"I'll leave this to you. Investigate what Hou Tianyu did. Also, I'll take Hou Zhenfeng away. You don't have to worry."

Zhou Hao immediately said, making Inspector Lu unable to say anything. Even Elder Fang did not dare to interfere in this matter, so how could he?

"Understood, Vice Council Member Zhou."

Inspector Lu took a deep breath and shouted angrily at Vice Inspector Hou's guards, "What are you waiting for? Take them all away!"

Those people were already dumbfounded. They didn't dare to disobey at all. They directly left with Adjutant Zhao and Hou Tianyu.

At this moment, the room fell silent. This situation simply left them all dumbfounded.

Even after Zhou Hao left with Hou Zhenfeng, they did not speak.

"Dad, Mom, you guys chat. I'll deal with him first."

As Zhou Hao spoke, he pulled Hou Zhenfeng and disappeared.

After Zhou Hao left, the Feng family regained their senses and drew a cold breath.

"Vice Council Member Zhou, can you spare me..."

Hou Zhenfeng immediately begged for mercy.

"It's already too late..."

Zhou Hao's expression was cold as he dragged him along while using the Golden Crow Escape Technique. In a few minutes, they arrived at the twelfth spatial rift and found Heavenly King Zhu Zao.

Zhou Hao directly told Zhu Zao about this matter, making Zhu Zao immediately smile bitterly. Then, he smiled coldly towards Hou Zhenfeng.

"Hmph, what parasites. I must be blind to leave the base to you guys!"

Heavenly King Zhu was on the same level as an elder. As a fifth-grade Heaven Realm expert, he was naturally very furious.

He immediately brought people to send Hou Zhenfeng to the frontline of the spatial rift without any hesitation.

"Zhou Hao, although it's very satisfying for you to do something like this, you still have to think twice before doing such a thing in the future. After all, the human heart is complicated. Even with Senior Ji protecting you, you shouldn't mess around, understand?"

"Of course, I'm not blaming you. I just feel that you're still too young. Sometimes, you don't have to be rash to resolve these things. Do you understand?"

Zhu Zao naturally had good intentions. Zhou Hao understood and nodded.

"I understand, Heavenly King Zhu. Don't worry, I won't be so rash in the future."

Zhou Hao smiled and chatted with Zhu Zao for a while before returning to the Jiangxi Base.

Then, he picked up his parents and sent them home.

On the way, his parents were very happy. Their son was so capable, so they were naturally proud. At the same time, they kept asking Zhou Hao about his identity.

When Zhou Hao revealed his identity as the council member and even said that there were only more than a hundred Heaven Realm experts in the entire Eastern human race, his parents' eyes immediately widened!

Zhou Hao smiled and did not explain further.

After the matter was resolved, Zhou Hao bade his parents farewell.

Zhou Hao took the spacecraft and was about to return to the Battle God Battalion base when Ji Yaoyue's message arrived.

Zhou Hao hurriedly opened it, and a charming and enchanting woman instantly appeared on the screen. She was wearing a bathrobe and was incomparably fragrant.

Zhou Hao felt ashamed. He was really a little embarrassed to see Senior Ji like this every time.

He subconsciously moved his gaze away to prevent himself from looking at Ji Yaoyue's hot figure and asked, "Senior Ji, do you have any instructions?"

"Yes, recently, there was a sudden earthquake in the Tark Alahan Desert area in the southern area of Planet Earth. I sensed a powerful magnetic field fluctuation there, as if there was a mutation."

"I still have to deal with other matters and can't leave for the time being. Therefore, I'll leave this mission to you."

"Go to the elite camp and find a few people to form a team. We'll go with you to the southern area of the Tark Alahan Desert. Tell me what happened as soon as possible."

A faint mist still surrounded Ji Yaoyue and kept rising. Her face was slightly red from the temperature, making her look charming.

Zhou Hao secretly looked up at Ji Yaoyue and was immediately shocked by this scene. He hurriedly lowered his head with a red face and agreed, "Alright, I'll go and pick a few people now."

After Zhou Hao hung up the message, he immediately got up and left for the special training camp, prepared to choose a team of combat participants to accompany him on the combat mission.

Soon, Zhou Hao arrived at the entrance of the elite camp. He pushed open the door and walked in. He saw a group of people training intently in the house.

"Everyone!"

Zhou Hao clapped his hands at everyone and smiled. He said, "Senior Ji has issued the latest mission. Recently, there has been a serious earthquake in the Tark Alahan Desert area south of Planet Earth!"

"The magnetic field fluctuations nearby are very frequent. Senior Ji is worried that a mutation will occur, so she appointed me as the team leader and told me to come and choose six members who will work with me on the combat mission!"

"Please gather here."

As soon as Zhou Hao finished speaking, he immediately attracted the attention of many people around.

They all looked at Zhou Hao. When they sensed that Zhou Hao was only a first-grade Heaven Realm expert, their expressions immediately became disdainful.

“Hehe, is Senior Ji not sober? She actually asked a first-grade Heaven Realm weakling to be the team leader. I’m afraid that before we even arrived, this brat would have been eaten by the mutated beasts, right?”

“That’s right. She’s just looking down on us third-grade Heaven Realm experts. How embarrassing.”

“Wouldn’t such a person be dragging us down if we fought alongside him? We can even team up ourselves to carry out combat missions in the Tark Alahan Desert. Why would a trash like him need to be our leader and command us?”

The group of people said such fearless words, not caring about Zhou Hao at all.

Moreover, their voices were very loud, and Zhou Hao could hear them clearly.

Zhou Hao’s eyes flashed as he swept his gaze over everyone’s faces. Then, he smiled and slowly said, “Are you unconvinced?”

Chapter 631 - Bet

Chapter 631: Bet

After Zhou Hao finished speaking, he looked at them with a strange expression!

They were all Heaven Realm experts. There were only more than 300 of them on the entire Planet Earth, and there were only 50 of them in the Battle God Battalion!

At this moment, there were only e Heaven Realm experts in the elite camp, and most of them were only supernatural experts.

They were naturally arrogant and did not care about the first-grade Heaven Realm Zhou Hao!

Zhou Hao swept his gaze over. The strongest was a third-grade Heaven Realm expert. The other two were second-grade Heaven Realm experts and were not bad.

After Zhou Hao finished speaking, everyone in the room was stunned for a moment. One of the second-grade Heaven Realm burly men immediately smiled.

“You must be Zhou Hao. Hehe, interesting. I really don’t understand why Senior Ji allowed you to join the Fire God Team.”

“You, a mere first-grade Heaven Realm expert, want to lead a team? How shameless. Zhou Hao, what ability do you have to command us?”

That person was very disdainful and sneered at Zhou Hao.

Zhou Hao swept his gaze over this person and could not be bothered to waste his breath. He said directly, “I know you’re not convinced. Very good. The world of martial artists is not that complicated. If you’re not convinced, you can challenge me. I’ll make you admit defeat.”

They were arrogant. Zhou Hao naturally understood why a third-grade Heaven Realm expert didn’t trust him.

Only fists could convince such a person!

“Alright, keep your word!”

That person immediately sneered and was about to attack, but another second-grade Heaven Realm expert in light blue armor spoke.

“Veteran, don’t be rash. The fact that Zhou Hao was able to enter the Fire God Team shows that there’s a problem.”

“What problem?” The burly man from before could not help but ask.

“What problem? Sigh, Veteran, you’re still so simple-minded. Think about it, what kind of person is Senior Ji? In all these years, have we ever heard of Senior Ji playing favorites? If Zhou Hao doesn’t have the ability and the combat strength of a sixth-grade Heaven Realm expert, what right does Senior Ji have to resist the objections and recruit him to the Fire God Team?” Zhou Hao heard the man in the light blue armor say this indifferently and smiled.

This person was quite smart and his analysis was also very accurate. Zhou Hao could not help but think highly of him!

In fact, that was the case!

If not for Zhou Hao's profound cultivation and extraordinary combat strength, Senior Ji would not have recruited him. However, many people just could not see this!

For example, this burly man called Veteran!

"Scholar, are you serious? Why am I not convinced by you? He's only a first-grade Heaven Realm expert. How could he have a sixth-grade combat strength?"

Veteran was very unconvinced. This matter simply exceeded his expectations!

"Actually, I don't believe it either, but I'm more willing to believe Senior Ji's judgment."

"Therefore, let's just obey the order."

The person called Scholar spoke.

However, Zhou Hao was still not satisfied.

"Scholar's words do make sense. Regardless of whether you believe in me or not, you still have to believe in Senior Ji. Therefore, since Senior Ji sent me here, it naturally means that I have the ability to lead you!"

"Of course, I'm also not someone who is unqualified. I speak with my strength. Veteran, I know you're unconvinced. It's fine. You guys can all challenge me. No, the three of you can challenge me together. I'll let you see if I'm qualified to lead you with my combat strength."

The reason why Zhou Hao did this was to resolve all the conflicts here!

The place he was going to was filled with danger. If they did not listen to his orders during the battle, it would be over!

It was better for him to defeat them here!

However, after Zhou Hao finished speaking, the relationship between the few of them changed!

It was the same for the supernatural experts!

It was even to the extent that the third-grade Heaven Realm expert with the highest combat strength had his eyes flash with coldness!

Zhou Hao's words were undoubtedly an insult to them. Of course, to truly powerful people, such words would not be an insult!

However, Zhou Hao's cultivation level was clearly weaker than theirs, but he still said this so confidently. They could not help but feel that he was insulting them!

"Damn, you're really courting death. I don't need help at all. I can cripple you alone!"

Veteran was furious and roared.

Zhou Hao smiled and could not be bothered. He directly took out a card with 20 billion inside.

"I won't waste my breath on you guys. Let's make a bet. The three of you can attack together. If I lose, I'll give you guys this 20 billion. Think of it as me treating you guys to a meal. Moreover, I'll immediately turn around and leave, never to return to this elite camp again!"

"However, if you lose, don't waste your breath and listen to my orders obediently. I, Zhou Hao, don't intend on pleasing anyone. If you don't listen to my orders, don't follow me on a mission. If you do, you have to listen to my orders. If anyone disobeys my orders, I'll cripple them!"

At this point, Zhou Hao's aura instantly changed. At this moment, he was filled with a dangerous aura, making the three of their expressions change.

Zhou Hao threw the card to the ground and looked at the three of them.

"What? I've already said so much, why aren't you guys attacking? Are the people from the elite camp idiots?"

Zhou Hao snorted and instantly caused the three of them to choke.

"Very good, then let me try out your brilliant moves!"

The third-grade Heaven Realm expert who had not spoken also roared. He instantly put on black armor and took a step forward, his third-grade combat strength directly erupting.

Veteran and Scholar were the same. They naturally could not tolerate Zhou Hao's repeated humiliation, so they also attacked.

Zhou Hao smiled and said indifferently, "That's right. However, the three of you are still not my match. We're not on the same level at all!"

These people were all proud and bloodthirsty. They were like falcons! One needed a certain amount of strength to tame them!

Therefore, at this moment, Zhou Ha did not feel that he was being very arrogant. Instead, he understood that this was the best outcome!

He did not hold back either. His Ancestral Physique erupted, and he instantly used the God Destroying Art and the Nine Revolutions Overlord Body Art!

In an instant, he reached sixth-grade combat strength!

This scene made the three of their expressions suddenly change drastically. Zhou Hao's aura was ridiculously powerful!

However, there was no turning back. They were already on the bowstring and had to fire!

Therefore, even though they knew that Zhou Hao was incomparably powerful, they still chose to attack!

Zhou Hao did not use his mental strength. Although his mental strength had not completely recovered, it was still very easy for him to use mental strength to deal with them.

However, Zhou Hao wanted to defeat them with the most brutal strength!

Only in this way would it be easy for him to lead the team this time!

“Good timing!”

Zhou Hao shouted and laughed. His body immediately moved. He was wearing the Thousand Feather Armor, and his entire body emitted a shocking blood essence power!

“I’ll let you taste my iron fist!”

At this moment, Veteran was the closest to Zhou Hao and had already arrived in front of Zhou Hao. His powerful fist smashed down!

However, facing this punch, Zhou Hao only stretched out two fingers!

Chapter 632 - The Powerful Zhou Hao

Chapter 632: The Powerful Zhou Hao

Zhou Hao stretched out two fingers. Everyone was stunned, thinking to themselves that Zhou Hao was really too arrogant!

“You want to stop me with two fingers? How arrogant. Zhou Hao, I’ll make you regret doing this!”

Veteran shouted as his powerful combat strength exploded. A lion condensed in his fist and roared repeatedly!

“Mad Lion Fist!”

This punch was extremely domineering and caused a storm!

This scene made the supernatural experts who were watching take a deep breath!

“Captain Veteran actually used the Furious Lion Fist. This was what made him famous back then!”

“That’s right. Back then, Captain Veteran used this punch to kill a second-grade Heaven Realm beast. With just a punch, he shattered its heart!”

They said directly with a shocking tone!

However, they did not expect Zhou Hao to still only use two fingers against this punch!

Everyone predicted that Veteran would definitely break Zhou Hao’s fingers and severely injure him!

However, what happened next made everyone gasp!

The indomitable fist directly stopped on Zhou Hao’s two fingers!

The endless strength seemed to be facing a mighty mountain that could not be shaken at all!

Hiss!

Everyone drew a cold breath. Even Scholar and the third-grade Heaven Realm expert in the black armor!

“He actually blocked it. How... is this person so powerful?”

“Even I don’t dare to be so careless with Veteran’s fist. As expected of a member of the Fire God Team, this guy is indeed powerful!”

The two of them looked at each other and saw the shock in their hearts!

Veteran's eyes widened as if he had seen something unbelievable.

"Your strength is very great, and your fist technique is also very exquisite. However, your strength is not focused enough, and much of it is scattered. You only managed to use 12 to 13 percent of your strength in that fist. If you can condense 100 percent of your strength into one point, even I won't dare to block it like this!"

At this moment, Zhou Hao said indifferently and looked at him.

"Try this punch of mine. I'll only use 30% of my strength!"

As Zhou Hao spoke, he punched out. The punch was calm and did not have any fancy functions. However, with a powerful blood essence power, this punch rumbled out!

In an instant, a storm sounded. A strength that was several times stronger than the previous punch exploded with a bang.

Veteran's expression changed drastically. He couldn't care less about losing face. Without saying a word, he took out a shield from his backpack and blocked in front of him.

Boom!

A huge bang directly forced Veteran back hundreds of meters. The web between his thumb and index finger was torn, and his shield was dented!

It had to be known that this shield was forged from deep sea iron and was incomparably powerful. It could even resist a fourth-grade Heaven Realm expert's full strength attack!

However, it was actually unable to resist Zhou Hao's punch!

The disdain in Veteran's eyes instantly turned into shock and reverence.

At this moment, Scholar had also arrived!

"Zhou Hao, your body is very strong. Try my sword technique!"

Scholar held a sword and instantly spread sword aura throughout the entire world!

This sword aura turned into countless afterimages that were endless and sharp.

Zhou Hao took a look and nodded to himself. This Scholar's sword technique was really superb!

“Your sword technique is not bad, but it’s still not enough. Although I don’t know how to use a sword, I know how to use a saber. Swords and sabers share the same essence. Watch as I counter your sword technique!”

As Zhou Hao spoke, he took out his long saber and directly used the Shadow Seven Sabers.

Although the Shadow Seven Sabers was not a Saint Realm cultivation technique, it was still a rare Heaven Realm cultivation technique and was extremely powerful!

Zhou Hao did not condense countless blades. Instead, he only condensed one!

Compared to the endless afterimages of the other party’s sword, it was very insignificant!

However, even so, this saber move destroyed all the sword afterimages and also ruthlessly smashed Scholar into the ground, creating a deep pit!

“Your sword technique is exquisite, but you still haven’t mastered it. In the end, it’s not about the number of swords you can condense. I expect you to also understand that all that flashiness means nothing!”

Zhou Hao said indifferently, his words suddenly enlightening Scholar!

However, at this moment, the last third-grade Heaven Realm expert also arrived. With a wave of his hand, he unleashed a powerful force. The powerful fluctuation spread out. It was mental strength!

“Try my technique!”

The man in black armor unleashed an incomparably huge mental strength as he charged fiercely at Zhou Hao with a bang.

“Mental strength? Hehe, then you’ll be disappointed. Just watch how I counter your mental strength!”

Zhou Hao smiled and slowly stretched out his hand. His finger tapped in the air and he directly stretched out the power of the Genesis Rune!

He tightly used a trace of the power of the Genesis Rune. It was not very powerful, but it still blocked the other party’s mental attack!

At this moment, Zhou Hao’s eyes flashed with a strange color. When the man saw this, his expression immediately changed!

This was because he realized that he had fallen into an illusion when he looked at Zhou Hao's eyes. He had entered an illusory space and was tied up by countless chains like a pig on a chopping board!

"Your mental strength is very powerful and your technique is also extraordinary. Unfortunately, you have encountered me."

Zhou Hao smiled helplessly. In this Endless Cage, Zhou Hao was the master and incomparably powerful!

With a wave of his hand, an intense pain stimulated the man. Lightning flashed and thunder roared. In just a few breaths, the man was on the verge of collapse.

Zhou Hao waved his hand and released the Endless Cage. That person stood rooted to the ground in cold sweat, panting and dispirited.

The three of them had all unleashed their moves at Zhou Hao. In the end, they were still defeated by Zhou Hao!

At this moment, everyone was dumbfounded and did not dare to believe what they were seeing!

There was only one word in their hearts!

Powerful!

He was too powerful!

He was ridiculously powerful!

Even Veteran and the other two were convinced!

Especially Veteran. He had a straightforward personality. Since he could not defeat the other party, he was naturally convinced!

"Damn, this is too abnormal. Is this really the combat strength of a first-grade Heaven Realm expert?"

Scholar was also convinced. "This person has a deep understanding of saber techniques. He's right. You can't win with just a few extra swords. In the end, it still depends on your essence!"

He had not forgotten that Zhou Hao's saber had obliterated his thousands of sword aura!

As for the man in black armor, he was even more shocked!

“What powerful mental strength. The illusion felt so real. Moreover, it’s not just a simple illusion. It was an illusion with mental strength. He probably could have easily killed me with a single thought!”

He took a deep breath. At this moment, he had completely understood how powerful Zhou Hao was.

Zhou Hao stood with his hands behind his back and looked at the three of them. He smiled and picked up the bank card.

“Looks like the three of you have lost. In that case, I’ll take back this card.”

Zhou Hao placed this in his backpack and cupped his hands at the three of them, bowing deeply.

This scene made the three of them even more puzzled.

Chapter 633 - Ancient Creature

Chapter 633: Ancient Creature

This scene stunned the three of them, not understanding what Zhou Hao meant!

“Kid, you were the one who won. Why did you bow to us? What do you mean?”

Veteran immediately said.

Zhou Hao smiled and looked up. “I want to apologize.”

“Apologize? What do you mean? What did you do wrong?” Veteran frowned and could not help but ask.

“Actually, my original intention was to ask everyone to complete the mission with me. However, this mission is very difficult. Therefore, in order to carry out the mission better, I can only challenge the three of you.”

“I know very well that in the world of martial artists, strength is everything. I can only use this method to convince you guys. However, it is not my intention to offend you guys. I hope you guys won’t mind.”

Zhou Hao's words could be said to be very satisfactory!

Was this the carrot and stick approach?

Of course, they also knew that they were in the wrong!

They should obey Senior Ji's orders. Not to mention Zhou Hao being very powerful, even if Zhou Hao was an ordinary person, they should still listen to the arrangements!

This was an order and not a joke!

"Hahaha, Zhou Hao, I'm sorry for what you said. I was stupid just now. I apologize. This time, I will join your team. Moreover, I'll be absolutely obedient!"

Veteran laughed. Zhou Hao's words were very pleasant to hear and he enjoyed it.

Scholar also smiled. "Zhou Hao, you're being too kind. This mission was assigned to you by Senior Ji, so you naturally have the right to make us cooperate with the mission. Even without this battle, we should still cooperate with you and listen to your orders because we're from the Battle God Battalion!"

Scholar also admired Zhou Hao greatly. He had the demeanor of an expert and was also kind-hearted.

"Zhou Hao, I, Xue San, have witnessed your strength today. Not bad, I believe in you. It is true that you were a little arrogant just now... However, remember this, you have the right to be arrogant. If I had your cultivation, I would be even more arrogant than you! Hahaha!"

The black-armored man immediately said. He was also very pleased.

"Thank you."

Zhou Hao smiled and looked at the supernatural experts.

"I still need three quasi Heaven Realm experts. I wonder if anyone else wants to join my team?"

With what had happened before, the quasi Heaven Realm martial artists immediately recommended themselves.

In the end, after Zhou Hao chose the three of them, he brought Veteran, Scholar, and Xue San onto the spacecraft and headed towards the coordinates given by Senior Ji.

On the way, they were very quiet. However, when they looked at Zhou Hao, their eyes were filled with reverence.

“Third Brother Xue, this place has just appeared and has a special magnetic field. Therefore, we have to be careful later.”

Zhou Hao looked down. That place was enveloped in smoke and he could not see anything below.

However, judging from the detector, this place was indeed very strange!

“Yes, we have also been notified of this place. Originally, this place was only a large river, but overnight, it became land. It’s really confusing.”

“Most importantly, this magnetic field is also very strange. It’s a magnetic field we’ve never seen before!”

Xue San also had some understanding of the situation here, so he could not help but say.

“In that case, we have to be careful when we go down later, understand?”

Zhou Hao looked at everyone and immediately said, “Don’t worry. In terms of combat strength, we might not be your match, but in terms of experience, you might not be as experienced as us!”

Xue San smiled.

This was also the truth. Zhou Hao had only experienced a few life and death situations. As Heaven Realm experts, they were naturally experienced warriors!

It was even to the extent that they had fought tens of thousands of battles.

Soon, Zhou Hao and the others arrived above the island. Then, they opened the cabin door and the seven of them put on their armor and went down.

Zhou Hao rarely carried out missions. This was the first time. However, they were experienced warriors. Not only were they armed, but they also brought many detectors.

As soon as they landed on this land, they were enveloped by smoke. The visibility was very low!

At this moment, Scholar took out an instrument and said, “There’s an aura of life in this fog. Everyone, be careful. This might not be an ordinary fog, but... mutated beasts!”

After saying this, everyone was shocked. Fortunately, they all had armor and breathing systems to block the air from the outside world.

“Mutated beasts?”

Zhou Hao said in surprise.

Scholar nodded. "That's right. These should be ancient fungus-type insects. They're so small that you can't see them with the naked eye."

"Zhou Hao, look here."

As he spoke, he held the device and pulled up the footage.

Immediately, after the screen was enlarged dozens of times, Zhou Hao finally saw the appearance of this insect.

They were insects with seven to eight legs that were like centipedes. They were very small!

"These insects are poisonous. They will destroy the perception system of humans. Once they enter the divine body, they will quickly rely on the blood essence in our bodies to reproduce and then attack our cells, instantly causing inevitable damage!"

After Scholar finished speaking, Zhou Hao was still extremely shocked. He did not expect such a small insect to be so powerful.

"I've already collected a sample. We can eliminate this insect now. But... why have these ancient creatures suddenly appeared?"

"Could it be that the creatures that have been buried in the deep sea have revived? This is not a good sign!"

Scholar's tone was filled with worry. Zhou Hao also sighed. Such a matter was inevitable!

These insects were easy to deal with. They directly used essence energy to condense flames and burned them.

In an instant, these insects disappeared, and Zhou Hao and the others also saw the path in front!

This place was very strange. There were many special plants growing here. These things were not recorded in their information.

"Looks like... they're really from the bottom of the sea. I don't know how long these creatures have existed for, but they probably have existed longer than us humans. Therefore... everyone, be careful!"

Scholar had a worried expression. After collecting some more specimens, he continued forward.

Zhou Hao was worried and did not know what was hidden here. The group did not fly. It was not that they could not, but they did not want to be too conspicuous. In this unfamiliar environment, it was best for them to move forward slowly. Otherwise, they might alarm some unknown existence. At that time, it would be too late for them to regret it!

Zhou Hao and the others walked in bit by bit. The magnetic field here also became stronger.

“The magnetic field is too powerful and has already disrupted our signal. Zhou Hao, should we continue forward or... leave?”

Chapter 634 - Spatial Rift

Chapter 634: Spatial Rift

“Since we’ve already chosen this path, let’s continue walking. If we leave now, won’t we have traveled so far for nothing?”

Zhou Hao’s tone was firm as he swept his gaze over everyone. Then, he lowered his voice and said vigilantly to everyone, “Everyone, be careful. Keep an eye on the surrounding situation at all times to prevent any unnecessary chaos!”

“Sure.”

Seeing Zhou Hao’s determination, the few of them nodded solemnly and agreed. Then, they continued to walk forward.

There was a thin thick fog around him. Zhou Hao took out his compass and continued to move forward.

The further they went, the stronger the magnetic field became.

Zhou Hao looked around vigilantly and immediately said slowly, “Everyone, remember not to come into direct contact with the mutated beasts.”

“Because we still don’t know how powerful these mutated beasts are or how many there are. We should first investigate the surrounding environment and confirm that the situation is in our favor before making plans!”

“Alright, no problem!”

The few of them nodded in agreement with Zhou Hao.

The group walked all the way and arrived at a flat path. In front of them was an endless wilderness. In the distance, there was a distant mountain that reached into the clouds.

Around the wilderness, there were countless cracks that stretched for miles. It looked very shocking.

Hu! Hu! Hu!

“Roar! Roar!”

There were also the roars of mutated beasts around them. Accompanied by the sound of wind, the roars sounded when the few of them heard this noise, they immediately tensed up and became vigilant.

“What is this sound? Could there be a mutated beast...”

The quasi Heaven Realm Wang Ziliang frowned and looked around nervously.

However, because the surrounding voices were continuous and transmitted from all directions, it was simply impossible for Wang Ziliang to figure out where the noises came from.

Wang Ziliang immediately gripped the quiver in his hand tightly and took out the bow and arrow he was carrying on his back with his left hand to prevent any mutated beasts from suddenly appearing around them and catching them off guard.

“This noise sounds especially chaotic. There should be mutated beasts in all directions, and there are many of them!”

Another quasi Heaven Realm member, Zhang Xiaoxue, also picked up the long whip at her waist and looked around vigilantly.

“Look at the spatial rift over there. Something seems to be squirming!”

Veteran subconsciously pulled out the plasma gun at his waist and looked into the distance vigilantly. Because it was a little far away, the group could not see clearly what was in the distance.

Zhou Hao quickly took out the binoculars hanging around his neck and looked at the spatial rift. His pupils immediately constricted in shock!

“The spatial rifts on the ground are filled with mutated beasts!”

Zhou Hao's tone was especially solemn. After everyone heard this, they all raised the binoculars in their hands and looked over!

At the edge of the spatial rift, there were several mutated beasts with heads like ferocious tigers and bodies like giant elephants. Their long tails kept wagging behind them as they tried their best to climb out of the spatial rift!

Moreover, these were not the only ones. There were also countless densely-packed mutated beasts that had pretty much filled the entire spatial rift to the brim. They were stepping on the bodies of their companions and quickly trying to struggle free!

However, the spatial rift was too steep and their claws were not as sharp as cats. It was not easy for them to climb out.

From time to time, mutated beasts would fall down the spatial rift because they were exhausted, raising a large amount of flames!

Zhou Hao immediately climbed up a tall tree to see what was under the spatial rift.

Only then did he discover in surprise that there was still rolling smoke and steam coming from the spatial rift. He did not know what was in the depths of the spatial rift.

Previously, because of the thick fog, they could not see these mutated beasts clearly. However, now that the fog had dissipated, they suddenly saw such a terrifying scene!

Could these be the first batch of mutated beasts that had undergone a second mutation because of the change in Planet Earth's magnetic field?

"Damn, it's the mutated beasts that had gone through a second mutation!"

Zhou Hao's expression was solemn. He put down the binoculars in his hand and looked at his team members. His tone was solemn as he said word by word, "At present, we still don't know what kind of attack method the mutated beasts have!"

"Let's not fight them head-on for the time being and continue exploring!"

Looking into the spatial rift, there were at least tens of thousands of mutated beasts that had gone through a second mutation!

No matter how powerful they were, it was still difficult for them to instantly kill so many mutated beasts when they were outnumbered.

In fact, if they fought here, it was very likely that their physical strength would be exhausted before they could kill these mutated beasts.

After all, they did not know how many mutated beasts were hidden in the spatial rift. For now, they could only temporarily avoid fighting them head-on!

“Yes!”

This was not the place with the strongest magnetic field fluctuations on Planet Earth and the fluctuations here were only at 20%. Despite this, such a change still occurred.

They did not know if there were any more secrets hidden in the depths!

Fortunately, these mutated beasts had not crawled out of the spatial rift yet, so they were not much of a threat.

Moreover, they were wearing specially-made armor that prevented mutated beasts from detecting their scent. Thus, the mutated beasts could not discover them.

Everyone’s minds quickly recovered. Everyone took a deep breath and held their combat weapons in their hands in case anything happened.

Everyone continued to walk forward and soon arrived in front of a large wilderness.

If they wanted to find a place with stronger magnetic field fluctuations, they had to pass through this wilderness and the distant mountains. In fact, the place with the strongest magnetic field fluctuations was behind those mountains!

Since they needed to pass through the wilderness, it also meant that they had to pass through this large spatial rift filled with mutated beasts!

There were not many spatial rifts for the time being. Although there were less than ten, they all stretched for several kilometers and pierced into the mountain range!

Zhou Hao’s expression was solemn as he immediately waved his hand and ordered, “Put on your flying devices. If necessary, we’ll fly directly over there. Try your best to avoid contact with them!”

Following Zhou Hao’s order, the six of them immediately tied the flying devices to their waists.

They did not want to fly and attract attention, so they chose to rely on external forces to minimize their movements to prevent the mutated beasts from discovering their whereabouts.

One end of the flying device could project a rope forward and insert it into the ground.

Then, with a press of the switch at their waists, the rope would quickly shrink. With this, they could sprint for a short distance.

Chapter 635 - Second Mutation Mutated Beasts

Chapter 635: Second Mutation Mutated Beasts

Soon, everyone installed the flying devices onto their waists. Then, they all lowered their bodies and quickly moved forward.

Tap, tap...

With a crisp sound, Zhou Hao took the first step and led everyone towards the distant wilderness.

The remaining six people also looked around vigilantly, their eyes filled with vigilance.

Looking around, there was an incomparably long and narrow spatial rift every two meters or so. The roars of the mutated beasts that had gone through a second mutation could be vaguely heard from the spatial rift.

At this moment, the claw of a mutated beast had already landed on the edge of the spatial rift!

Gulp...

When everyone saw this, their hearts started to pound as they swallowed nervously.

The mutated beasts were only half a meter away from them and could crawl out at any moment.

It had to be known that they still did not know much about these mutation beasts in the spatial rift.

Zhou Hao immediately waved his hand at the people behind him, indicating for them to stand rooted to the ground and not act rashly for the time being.

After observing for a moment, everyone realized that because their claws could not get a good grip, it was still very difficult for them to climb out of the spatial rift.

Veteran suddenly took out a testing device and strode towards the spatial rift.

“Veteran! Where are you going? Come back quickly!”

After Scholar saw this, he was immediately anxious. He was worried that Veteran would do something rash.

Veteran made a “Silence” gesture and whispered, “We can use the equipment to learn more about them.”

Hearing this, everyone immediately became solemn. Their eyes were filled with worry as they looked nervously at Veteran in front of them, worried that something would happen.

Everyone watched this scene vigilantly, afraid that something unexpected would happen.

Fortunately, everything was still relatively stable. Although the claws of the mutated beasts were placed on the edge, it still could not get up for a while, so it was still considered safe.

Veteran immediately activated the testing device in his hand and leaned towards a mutated beast’s claw to scan it.

Soon, a transparent panel appeared in front of the seven of them.

On the leftmost side of the interface was a mutated beast with a tiger head and a snake tail. It was slowly circling around. On the right, a series of analyses of the mutated beast appeared.

Species: (Unknown)

Physical index: 500

Strength index: 200

Intelligence Points: 20

After everyone took a look, Zhou Hao directly clicked the transfer button that appeared in front of him. Then, he transmitted this data and immediately closed the interface.

“Looks like the system doesn’t know what this mutated beast is either. These new mutated beasts come with a lot of potential dangers. Everyone, be careful!”

Zhou Hao reminded everyone to be careful before quickly walking forward with everyone.

“Roar! Roar!”

The surrounding roars of the mutated beasts constantly sounded, and even the ground trembled slightly.

Zhou Hao thought to himself that the situation was bad. The shaking of the ground was not good news for them!

This was because according to Zhou Hao's rich combat experience, this meant that there was clearly a very intense abnormality!

Gulp...

Zhou Hao's heart instantly tensed up. He could not help but speed up.

If all the mutated beasts in the spatial rift rushed out at this moment, no matter how powerful they were, they would be no match for these mutated beasts!

This was because there were too many mutated beasts. Even if they only used their feet to step on them, they could easily trample the seven of them to death!

Even Zhou Hao, who had always been calm, instantly felt cold sweat appear on his back.

Fortunately, the ground shook for only an instant and quickly stabilized.

Zhou Hao continued to walk forward when he suddenly heard a heart-wrenching roar from behind!

Everyone was immediately shocked. Everyone stopped in their tracks and quickly looked behind them!

Soon, everyone discovered that a mutated beast had already stepped on its companion's body and was quickly climbing up from the spatial rift!

"Damn!"

Zhou Hao's pupils constricted. He did not expect a mutated beast to break out of the spatial rift!

The aura of this mutated beast was very powerful. It had probably already reached the sixth-grade Heaven Realm!

If he fought him, Zhou Hao was indeed confident that he could directly kill this mutated beast.

However, at this moment, they were only here to investigate the reason for the magnetic field vibration and were not here to kill these mutated beasts at all.

Moreover, there were too many mutated beasts in the spatial rift!

If they delayed their advancement because they were fighting this mutated beast here, causing more mutated beasts to break through the spatial rift and jump out, they would be done for!

Therefore, Zhou Hao immediately made a decision. He waved his hand and shouted at his team members, “Run! Don’t fight it head-on!”

As soon as he finished speaking, everyone immediately activated the flying devices attached to their waists and flew for a short distance to prevent attracting the attention of more mutated beasts!

In the beginning, the mutated beast appeared very calm. However, after it escaped from the spatial rift, it suddenly became incomparably irritable!

It suddenly sniffed the air and then tilted its head to sense carefully in their direction. Suddenly, it looked up and roared!

The mutated beast’s roar was very sharp and sounded like nails that were scratching the blackboard. It was incomparably ear-piercing!

This noise made everyone’s expressions change!

Everyone immediately pressed a button on their armor. Soon, devices were quickly placed around their ears to protect their hearing from being disturbed by the sound.

In the next moment, the mutated beast seemed to have gone crazy. It lay on the ground and quickly rushed towards them!

The mutated beast’s figure was very huge, at least two meters long. Every time it ran and stepped on the ground, it would erupt with a violent tremble!

Countless dust rose from the ground around it. In an instant, it was like a sandstorm, raising large amounts of dust mist behind it!

Although the mutated beast was very powerful, its speed was not as fast as theirs. In addition, everyone was flying for a short distance, so they quickly pulled away from the mutated beast.

“Phew... this mutated beast is quite difficult to deal with.”

Veteran grabbed the aircraft with one hand and looked back at the mutated beast that was still chasing after them from a hundred meters away.

Chapter 636 - Sudden Change

Chapter 636: Sudden Change

"It doesn't seem to be able to see us."

Zhou Hao grabbed the flying device with one hand and took advantage of the fact that he was flying to turn around and look at the mutated beast that was quickly chasing after them.

The mutated beast's eyes were white and did not have black pupils.

Moreover, it almost stepped on the wrong spot a few times and came very close to falling back into the spatial rift.

"I understand. Let's travel along the edge of the spatial rift and try to get it to fall during the pursuit. After all, it's not able to see us. If it falls, it will be very difficult for it to climb out again!"

Zhou Hao waved his hand and immediately ordered.

Everyone leaned towards the cracks in the ground in an attempt to shake off the mutated beast that were chasing them.

However, when the mutated beast stepped on the ground, the violent rumbling sounds it emitted immediately alarmed the mutated beast in the spatial rift!

Their climbing speed suddenly became faster, and their roars immediately became extremely frequent!

The ground trembled violently again, and the few of them almost lost their balance!

Roar! Roar!

The mutated beast stepped on the claw of a mutated beast that was about to crawl out. It suddenly roared and grabbed its companion!

"Damn! Another one..."

Veteran turned around and saw this bold scene. His scalp immediately went numb!

One was already not easy to shake off. Now, there was actually another one.

However, in the next second, the mutated beast's movements instantly shocked everyone until their hair stood on end, and their expressions were filled with fear!

The mutated beast actually picked up its companion and bit off its companion's head!

Chi!

Blood immediately splattered out. However, the blood of these mutated beasts was actually green!

Blood splattered everywhere. After spraying onto the ground, it actually emitted a sizzling sound. It surged and emitted white bubbles. It looked like it was poisonous!

This scene shocked them!

No one expected the mutated beast to eat its companions!

The mutated beast directly opened its bloody mouth and threw its companion's head into its mouth. It kept chewing, and green blood kept flowing down. The scene was really bloody!

"Damn, this scene is too bloody. Quickly record it and upload the information to the headquarters!"

Veteran immediately took out a recording device and uploaded the scene just now to the clouds. Then, he directly sent it to the headquarters!

"Let's take this opportunity to run!"

Zhou Hao couldn't care less. His priority was to ensure the safety of his team members.

However, as soon as he finished speaking, the mutated beast that had eaten its companion suddenly let out a violent roar. Then, its speed suddenly increased by a lot!

This scene made the expressions of the surrounding people change drastically!

It was not a good thing for the mutated beast to become faster!

This meant that they had to fly in order to escape from this mutated beast. However, if they flew, they might attract the attention of some other hidden mutated beasts in this area!

After all, this place was still an unknown world to them. No one knew if there were any other ferocious mutated beasts hidden here.

If they encountered a ferocious beast that could fly, they would definitely die!

Thinking of this, Zhou Hao immediately roared and shouted at everyone, "Get away from the spatial rift and head over to that spot over there in the northwest direction. After you arrive, lie down and don't move!"

The group ran towards the spot with all their might. After arriving at the designated spot, they immediately got down and held their breaths without making a sound.

Zhou Hao realized that this mutated beast did not rely on its vision to chase after them. Because it was blind and could not see its surroundings, it had almost fallen into the spatial rift several times.

In addition, their armor could hide their scent, so it could not rely on scent to find them at all.

The only thing it could rely on was its sharp hearing!

They did not know how powerful the mutated beast's hearing was.

At this moment, the speed of the mutated beast increased explosively. In almost a few seconds, it instantly caught up to the 500 meters they had painstakingly widened.

At this speed, if they were caught, Zhou Hao would not be able to take care of them at all!

He had wasted too much time. They had to leave this place as soon as possible. Moreover, there was an even more serious danger waiting for them ahead.

Everyone lay on the ground, holding their breaths and focused, not daring to breathe heavily.

The mutated beast suddenly stopped. It turned its ears and listened carefully around, but it did not hear their escaping footsteps for a long time.

The mutated beast was suddenly furious. It grabbed a companion and quickly ate it.

The mutated beast was only a meter away from them. It bit its companion's throat and blood immediately splattered onto the armor of Veteran and Scholar.

"Damn... how disgusting..."

Scholar said with disgust.

Immediately after, a rotting smell rushed to Scholar's head, making him almost vomit.

He carefully moved his arm and pressed the button on his helmet. Only then did he turn off the breathing device and block the disgusting smell.

The mutated beast was eating happily when it suddenly stopped. It could not help but turn its ears to listen around. A moment later, it suddenly looked up and roared!

Then, it quickly rushed into the distance!

Only the corpse of a mutated ferocious beast with its head bitten off was left lying quietly on the ground, emitting a stench.

After the mutated beast's figure completely disappeared in front of everyone, Zhou Hao and the others sat up from the ground.

Scholar looked at the green sticky blood on his armor in disgust. He could not help but vomit. "Why does this thing look so much like snot?"

"Quickly collect them and take them back so we can sample and analyze them. This is a chance given to us by God. At the very least, we have the samples. Moreover, we didn't even need to do any work."

Veteran quickly went forward and cut off a piece of meat from the mutated beast's corpse with a dagger. He placed it in a sample bag, vacuumed it, and stuffed it into his backpack.

On the other side, Scholar also endured his disgust and placed the blood that had splattered on his body into a transparent glass bottle before storing it in his backpack.

"Did you guys notice that the mutated beast just now seemed to have changed after eating its companion..."

Zhou Hao narrowed his eyes and looked at the corpse of the mutated beast that was already dead. He said solemnly, "Could it be that these mutated beasts have the ability to devour their companions to increase their strength?"

Chapter 637 - Devour

Chapter 637: Devour

When he realized this, Zhou Hao's expression immediately turned ugly.

He stared at the corpse of the mutated beast and could not help but ask again, "But why do they only eat their heads and not anywhere else?"

“Could it be that only their heads can cause them to mutate and it’s useless for them to eat the bodies?”

Scholar hesitated for a moment and immediately went forward. He used a small knife to cut all the parts of the mutated beast’s body into thin pieces and collected them with a research bag, prepared to bring them back to investigate the composition of the mutated beasts.

After doing all of this, everyone got up again and continued to walk forward.

However, this time, their speed was much faster than before.

Previously, they could still walk forward step by step. But now, they could only use the flying device to quickly fly forward for a short distance, increasing their speed to prevent them from lingering.

This place was really too dangerous. Moreover, there were many unknown mutated beasts that might appear soon.

Moreover, they did not know when the mutated beast that had devoured its companion would suddenly appear. Therefore, they did not dare to take the risk to deal with that mutated beast.

Because they had been chased by the mutated beast just now, their speed had increased by a lot.

It only took them twenty minutes to pass through the wilderness full of spatial rifts.

Seeing that the wilderness in front of them had disappeared and was replaced by a forest filled with green trees, they immediately became worried.

“This forest doesn’t look very peaceful...”

Veteran could not help but narrow his eyes and size up his surroundings. Then, he immediately looked at Zhou Hao and asked worriedly, “Zhou Hao, will we be in danger if we go in?”

Everyone looked towards the distant forest.

They kept feeling that in such a dense forest, there would always be some hidden danger, making them feel that there were hidden mutated beasts lurking inside, prepared to take their lives at any moment.

Zhou Hao stood at the entrance of the forest and hesitated for a moment before saying firmly, “No matter how dangerous it is, we still have to go through it. After all, this is a mission assigned by Senior Ji.”

After a pause, Zhou Hao immediately said solemnly, "Let's go. Everyone has to be 120% vigilant to prevent any danger that might happen at any moment!"

That scene of the thousands of mutated beasts struggling to climb up the spatial rift just now was really too shocking.

This was the first time the few of them had seen so many mutated beasts. They inevitably felt somewhat nervous and afraid.

Fortunately, they were wearing armor. These mutated beasts could not smell their scent for the time being. As long as their movements were not big, it would not attract their attention.

Under Zhou Hao's lead, everyone quickly regained their calm.

They took a deep breath and stared at the distant forest with solemn expressions. They were already prepared to enter.

"Let's go!"

Zhou Hao waved his hand and led everyone into the forest.

Just as everyone walked into the forest, they saw a huge ferocious tiger suddenly walk over from afar!

The ferocious tiger's body was surprisingly huge. It looked almost two meters long, and it was only less than ten meters away from where they were!

If it pounced over at this moment, it would definitely cause a battle!

It had to be known that this place was different from the vast wilderness just now. There was a huge tree that reached into the clouds every three steps!

If they hit these giant trees in battle, it would definitely attract the attention of more mutated beasts!

After the battle with the mutated beast just now, everyone also realized that the mutated beasts here seemed to have better hearing!

If they attracted another thousands of mutated beasts, they would probably become the food of the mutated beasts in less than a second!

When Zhou Hao thought of this, he could not help but start to feel nervous. Large drops of sweat fell from his forehead!

Fortunately, that ferocious tiger did not notice them at all. Instead, it sat on the ground with its legs raised high, listening to something.

A moment later, it suddenly raised its head and roared as if it had gone crazy. Then, it quickly rushed towards the distant mountain peak!

The ferocious tiger was like a gust of wind as it quickly disappeared from their sight.

However, to everyone's shock, after the ferocious tiger roared, countless roars erupted around it!

This noise stunned the group of people on the spot!

This was because the noises sounded from all directions. It was as if the mutated beasts were everywhere and had always been lurking around them!

Hearing these noises continuously erupt, they were all immediately shocked to the point of breaking out in cold sweat.

They lay on the ground and did not dare to move at all, worried that they would be discovered by the surrounding mutated beasts.

After the roars of the surrounding mutated beasts gradually weakened, Zhou Hao continued to lead the team forward.

Zhou Hao held the detector in his hand and tried his best to bring everyone to avoid the gathering of the mutated beasts as they quickly rushed towards the mountaintop.

Buzz! Buzz!

Zhou Hao suddenly stood rooted to the ground. He turned around and looked at his team members. Then, he said with a solemn expression, "Did you notice?"

"It seems that the closer we are to the peak, the greater the shaking of the surrounding ground?"

"That's right!"

Veteran expression instantly became solemn as he held the detector. He activated the switch. After looking at the monitoring data, he said anxiously to Zhou Hao, "We should be reaching the magnetic field center soon. We've already covered 80% of the distance!"

As Veteran spoke, he immediately picked up the binoculars hanging around his neck and looked into the distance.

He quickly saw an extremely shocking scene!

Halfway up the mountain, there was a huge black bear covered in a cold aura!

Countless mutated beasts around them seemed to have gone crazy as they quickly ran towards the mountaintop!

“Thereâ€¦ there are so many mutated beasts! Zhou Hao! Look!”

Veteran’s heart skipped a beat, and his shocked voice kept trembling. He hurriedly waved his hand and said to Zhou Hao.

Chapter 638 - A Shocking Scene

Chapter 638: A Shocking Scene

Zhou Hao’s expression turned solemn as he immediately picked up the binoculars. Immediately after, he saw a shocking scene through the binoculars!

The scene was indeed as Veteran had said. Countless mutated beasts were roaring and quickly flying towards the mountaintop!

Part of the reason why the ground was trembling was because there were too many of these mutated beasts. They rushed crazily towards the mountaintop, and the huge stomping force caused the entire mountaintop to tremble!

However, this was not all. What shocked Zhou Hao even more was that these beasts were not ordinary beasts at all.

These beasts were actually ancient mutated beasts that had disappeared for a long time!

Some of these ancient beasts had already disappeared for nearly a year. If not for the fact that Zhou Hao had read a lot of information and had a deep impression of these ancient beasts, he probably would not have recognized them!

However, where did these ancient mutated beasts that had disappeared for so long come from...

Why did they suddenly appear here? What was going on?

Zhou Hao did not understand. He could not help but look into the distance and discover that these ancient mutated beasts seemed to have suddenly appeared from halfway up the mountain!

Otherwise, if the mutated beasts had taken the same route as them, these mutated beasts would definitely have passed by their location!

Could it be...

Could these ancient mutated beasts have appeared out of thin air?!

“Roar! Roar!”

Just as Zhou Hao was thinking in a daze, a roar suddenly sounded from afar. Zhou Hao looked over in shock and saw at a glance that the roar was actually emitted by the black bear!

Moreover, what shocked Zhou Hao even more was that the black bear actually stretched out its claw and grabbed the mutated beasts that were running towards it!

It waved its hand and instantly grabbed a ferocious beast. Then, its two hands pulled apart and quickly tore one of the mutated beasts into two!

Bang!

After a loud noise, an unpleasant stench spread out.

Zhou Hao was shocked to discover that the black bear seemed to be deliberately waiting there. After tearing apart a ferocious beast, it began to chew in big mouthfuls.

Then, it directly smashed a ferocious beast into pieces with a single punch, crushing it into a ball of meat paste. After having done this, it threw the smashed mutated beast into its mouth to chew, causing the surrounding ground to begin to tremble continuously!

Fortunately, the mutated beasts heading towards the mountaintop did not have the intention to resist!

They seemed to have gone crazy. They only had one goal, and that was to rush to the top of the mountain!

“There’s a huge wild bear blocking the way. Be careful when you leave. Don’t let that bear discover you.”

Zhou Hao reminded before continuing to lead the way.

Zhou Hao led everyone and carefully approached the mountaintop.

The closer he got to the black bear, the more he could sense a huge force spreading out!

Zhou Hao's heart skipped a beat as he thought to himself that this was bad. He could not help but mutter in shock, "Damn, this black bear's combat strength has probably already reached the sixth-grade Heaven Realm!"

As soon as he said this, the hearts of the surrounding people immediately trembled!

They were simply unable to defeat a sixth-grade Heaven Realm ferocious beast. Moreover, their surroundings were like a tide as mutated beasts constantly surged over!

Zhou Hao subconsciously clenched his fists and looked at everyone solemnly. He whispered, "Everyone, you have to be careful!"

Veteran, Scholar, and Xue San had especially nervous and uneasy expressions. They subconsciously looked at the black bear in the distance, their faces filled with anxiety.

If the few of them worked together, they were confident that they could kill this black bear.

However, there were too many mutated beasts surging up the mountain around them, and it was too risky!

If they attracted the attention of these mutated beasts at that time, it would be terrible. With so many mutated beasts, even if they were only stepped on, they could still be directly stomped to death!

"I didn't expect such a powerful ferocious beast to exist here!"

"That's right. Its strength is really too powerful. I think if it attacked, it might be able to directly beat me up with a single punch!"

"Could it be that this ferocious beast is guarding something?"

The few of them could not help but ask suspiciously.

"With this ferocious beast guarding this place, we definitely won't have a chance to approach the mountaintop..."

"Not necessarily. Look!"

Zhou Hao pointed into the distance and suddenly heard a roar!

Immediately after, countless mutated beasts that were several times larger than the black bear struggled quickly. They roared and rushed towards the black bear!

They stepped directly on the black bear. When they raised their feet again, it could be seen that the black bear's limbs had already been stomped into meat paste!

Seeing this, many people's expressions immediately became incomparably shocked!

They looked at Zhou Hao in incomparable shock, their eyes filled with shock. They asked in a daze, "What's going on? It seems like an even more powerful ferocious beast has appeared!"

"That's not just any ferocious beast..."

Zhou Hao's expression turned extremely ugly. His lips moved before he slowly said, word for word, "That's a mutated beast from the ancient times!"

"Ancient... times?"

Everyone was shocked and did not realize what was going on.

However, before they could react, they suddenly heard a violent sound that instantly exploded!

Immediately after, the surrounding ground shook rapidly.

Zhou Hao and the others were about to lose their balance. They quickly lay down and maintained their figures to prevent themselves from shaking!

After the shock ended, everyone got up from the ground with difficulty.

"Zhou Hao, have those ancient beasts disappeared..."

The quasi Heaven Realm Yang Zifeng walked to Zhou Hao's side nervously and asked word by word, "Could it be that these ancient beasts are going to disappear after the fluctuations end?"

"No."

Veteran beside him shook his head when he heard this. Then, he slowly said solemnly, "They probably went up the mountain."

Although this mountain was very large, there were probably hundreds of thousands of mutated beasts that had flown past just now!

Wouldn't these mutated beasts directly cause this mountain to collapse if they all went up?

"Quick, take this opportunity to go up the mountain!"

Zhou Hao waved his hand and immediately led everyone to quickly rush up the mountain!

When they passed by the black bear, whose limbs had been stomped into meat paste and could not move at all, the bear even looked up and roared angrily at them!

Chapter 639 - Strange Fluctuation

Chapter 639: Strange Fluctuation

The few of them were shocked. Veteran had a bad temper to begin with. After seeing this, he immediately raised his leg and kicked the black bear's head!

"Alright, ignore it. Hurry up and go up the mountain to see what's going on!"

Scholar pulled Veteran over and quickly left with him.

As everyone walked forward, they looked at the detector and saw that the distance from the location of the fluctuation was shrinking bit by bit!

15%...

10%...

5%...

Just as he was about to reach the fluctuation, Zhou Hao suddenly stopped in his tracks!

Seeing that Zhou Hao did not continue forward, everyone stopped one after another.

They had already reached the top of the mountain. Zhou Hao suddenly waved his hand and gestured for everyone to be quiet. Then, he said with a solemn expression, "Everyone, squat down and hide. There's... a problem in front!"

When everyone heard this, they immediately lowered their bodies and hid behind the bushes. They carefully looked into the distance of the mountaintop.

When everyone saw the scene far away from the mountaintop, they were immediately shocked!

In the distance from the mountaintop was a huge valley. In the valley, countless dense ancient beasts were gathered. It was the same group of beasts that had just rushed to the mountaintop!

All the ancient beasts formed a circle. In the center was a huge stone tablet that was at least ten meters tall!

There were dense words written on the stone tablet, but they could not understand the words at all.

In the next second, the stone tablet suddenly emitted an ear-piercing sound. Then, an invisible fluctuation spread out and instantly surrounded these mutated beasts!

As the ground shook, the mutated beasts that were surrounded by the fluctuations emitted by the stone tablet all underwent a change!

Some of them had turned into corpses without any flesh, but they could still move and were even stronger than before!

Some of them became unrecognizable. They had the head of a tiger, the body of a cow, the tail of a snake, and the claws of a dragon. They opened their mouths and spat out hot flames, instantly igniting the surrounding flowers and trees!

Some who failed to mutate simply turned into a pile of burnt charcoal. With a bang, they instantly fell to the ground and turned into thick smoke that instantly dissipated!

Moreover, after these mutated beasts mutated, Zhou Hao could clearly sense that their levels had actually improved greatly in a short period of time!

Some mutated beasts had wider vision and could see everything within a five-kilometer radius.

Some mutated beasts became even more sensitive. They could hear even finer sounds in an incomparably noisy environment!

There were also mutated beasts that had a breakthrough in their sense of smell. They could now distinguish more than 10,000 types of gasses!

Looking around, there were at least 100,000 mutated beasts gathered here. There were at least 50,000 that had succeeded in their mutation!

What shocked Zhou Hao even more was that the surrounding air was emitting buzzing sounds. Moreover, there were constant fluctuations in the void, and several spatial rifts appeared out of thin air!

The interior of the spatial rift was pitch-black, and no one knew what was inside!

“Roar! Roar!”

In the distance, a mutated beast suddenly roared. Then, its eagle-like gaze suddenly stared at them!

“Damn, a mutated beast has discovered us. Run, return to the spacecraft!”

Zhou Hao hurriedly pulled up the few people lying on the ground and ran!

At this moment, they did not care if they would be discovered by these mutated beasts.

Since he had already investigated and found out what was going on with the violent trembling, he had to leave this place as soon as possible!

Otherwise, if they stayed here for too long, they would cause a lot of unnecessary trouble!

The group quickly flew forward. However, not only did the ferocious beast that had discovered them have sharp senses, but its speed had also increased explosively!

It maintained a distance of ten meters behind them. They were simply unable to shake it off!

At this rate, even if they reached the spacecraft, they would have no chance to board. Moreover, if the spacecraft was destroyed by this mutated beast, they would not be able to return at all!

“This can’t continue!”

Zhou Hao’s expression darkened before he roared, “You guys go first. Get on the ship first. I’ll delay it. You guys can drive the spacecraft over to pick me up later!”

As soon as he finished speaking, Zhou Hao immediately made a sharp turn and stopped. Then, he quickly rushed towards the tiger-headed beast!

“Zhou Hao! You can’t defeat that sixth-grade Heaven Realm beast!”

Everyone immediately became anxious, but Zhou Hao was not afraid at all and quickly rushed over!

“No, I’ll help him!”

Scholar panicked and hurriedly wanted to return.

“Me too!”

The three quasi Heaven Realm team members also said anxiously, but they were grabbed by Veteran.

“You’ll be a burden to Zhou Hao if you go back!”

Veteran roared and said anxiously, “We’ll listen to Zhou Hao’s arrangements. He’s the captain of our team. I believe in his decision!”

“We should board the ship as soon as possible and rush back to pick him up. Otherwise, the more time you waste, the more danger he will be in!”

After being yelled at by Veteran, Scholar and the others finally returned to their senses!

“Zhou Hao, don’t worry. We won’t abandon you no matter what!”

Veteran’s eyes were red as he gathered his strength and quickly ran towards the spacecraft. Soon, they boarded the spacecraft and rushed towards Zhou Hao!

At this moment, Zhou Hao was facing the tiger-headed beast that was pouncing towards him. He immediately activated the power of the Genesis Rune, and countless runes instantly condensed around him!

Then, he pointed with his finger and immediately imprisoned the tiger-headed beast!

However, the huge backlash was too much for him to handle. Blood instantly flowed from Zhou Hao’s seven apertures. His breathing quickened, and his face turned especially pale!

“Now!”

Veteran immediately opened the cabin door and lowered the retractable ladder. Taking advantage of the fact that the tiger-headed beast had been imprisoned, he immediately grabbed Zhou Hao’s belt with one hand and pulled him up!

The moment Zhou Hao was pulled up, the power of the Genesis Rune instantly dissipated. The tiger-headed beast immediately roared and pounced towards the two of them.

At the same time, the retractable ladder was quickly retracted. The tiger-headed beast missed and could only take a defensive stance as it roared at the spacecraft.

Chapter 640 - Demon Stone

Chapter 640: Demon Stone

Sitting on the spacecraft, these people were very nervous, feeling as if they had just survived a disaster.

They still could not forget the shocking scene when they saw the stone tablet!

The scene of the mutated ancient beasts seemingly losing all their intelligence after being corroded by the strange fluctuations was also very impactful!

At this moment, everyone's hearts were filled with gloom!

That stone tablet was too terrifying. It could even transform those mutated beasts, allowing them to mutate and improve greatly in a short period of time!

If the Mutated Beast Alliance found out about this and relied on the corrosion of the fluctuations to get stronger, wouldn't Planet Earth be occupied by them?

Zhou Hao was also very nervous as he took a deep breath.

"We've collected everything we can, right?"

Scholar nodded. "Yes. Even the stone tablets have been collected. However, I couldn't collect anything from the ancient altar and the fluctuations in the surrounding space."

Scholar's face was filled with worry!

That stone tablet was really too terrifying. It was not a product of the current era at all. It must be a product of the ancient times!

However, he did not know where this thing came from.

The things left behind from the ancient times were really too strange and powerful. They did not know how many more of such stone tablets there were. If there were more of them, it would be very troublesome!

Perhaps this thing had already been discovered by the Mutated Beast Alliance!

Zhou Hao was also worried as he took a deep breath.

"I'll report this to Senior Ji. Everyone, you've worked hard. Go back and rest well."

After Zhou Hao finished speaking, Scholar and the others nodded.

"Captain Zhou Hao, you worked the hardest in this battle. If not for you, we would probably have all died. Therefore... thank you..."

They were all speaking from the bottom of their hearts. Although they were very disdainful of Zhou Hao at first, they had slowly started to recognize his strength. At the same time, Zhou Hao's sense of responsibility also touched them.

Therefore, at this moment, they all respected Zhou Hao very much!

Zhou Hao smiled. "We're comrades, so it's only natural for us to help each other. Don't say such things in the future!"

Soon, they arrived at the base. Zhou Hao took the items they had collected and immediately went to find Ji Yaoyue!

Zhou Hao immediately reported this situation to Ji Yaoyue. Hearing this, Ji Yaoyue's expression immediately changed!

"What did you say?! The stone tablet can cause mutations in mutated beasts and increase their level in a short period of time?"

Ji Yaoyue knew very well what this signified!

Zhou Hao immediately nodded. "There's an ancient altar around the stone tablet. We can't understand the runes on it at all. There are teleportation fluctuations in the surrounding space. I think this must have come from some ruin!"

Ji Yaoyue naturally agreed with Zhou Hao's guess. She nodded.

"You're right, that must be the case!"

At this point, he looked at Zhou Hao and could not help but ask.

"Were you still unable to crack it even after using your Genesis Rune?"

Zhou Hao shook his head. To be honest, he really wanted to crack it, but there was nothing he could do!

"I'm afraid this is a very ancient ruin. No matter what, this thing can't fall into the hands of the foreign races!"

As she spoke, Ji Yaoyue immediately sent a large army to guard the island.

However, even so, Ji Yaoyue still felt worried.

“Recently, the appearance of the ruins has been increasing. To be honest, I’m very worried.”

Hearing Ji Yaoyue say this, Zhou Hao’s face was also filled with worry.

In the end, this stone tablet’s effect was too strong!

“I’ve already tried to break through the altar, but I can’t do it with my strength. I have to at least reach the Saint Realm!”

Ji Yaoyue took a deep breath, her eyes filled with shock!

Saint Realm experts were already top-notch in the human race. However, even a half-step Saint Realm expert was unable to deal with this thing. It was really unimaginable!

Zhou Hao knew that the humans would definitely think of a way to resolve this matter. They might even mobilize a Saint Realm expert!

However, this matter would definitely be kept secret!

After Zhou Hao returned to his room, he immediately entered the virtual space of the Luo God Warship.

“analyze the stone tablets collected today.”

Zhou Hao immediately got Thousand Feather Armor to analyze the stone tablets. Thousand Feather Armor controlled the Luo Sky Warship and its technology was far more advanced than the technology on Earth. Perhaps it could figure out something.

“Reporting to Master, this stone tablet is made of the Demon Stone of the universe. It can mainly release plasma fluctuations. This fluctuation can affect the blood in the body and cause one to enter a violent state. It has the greatest effect on the mutated beast’s bloodline!”

When Zhou Hao heard this, he immediately said, “Then do we have any way to break it down?”

“At present, this stone tablet is not easy to break down, but we can use it as the energy source of the Luo God Warship,” Thousand Feather Armor replied directly.

“Oh? This can be used as an energy source?” Zhou Hao was very puzzled. He did not expect such a thing to have such a miraculous use.

“That’s right. The Luo God Race’s Luo God Warship can absorb any energy as an energy source. Moreover, the radioactive material of the Demon Stone is extremely rich. It’s quite suitable to be used as an energy source.”

Hearing this, Zhou Hao was a little tempted. However, this thing was already protected by the humans. It was not easy to take it away!

Moreover, he could not enter the altar himself!

“If you want to enter the altar, it’s actually very easy!”

At this moment, the frog and the divine soil crawled out.

“Do you have a solution?” Zhou Hao immediately asked.

“Be it the technology of your human race or the technology of the ancient times, they’re all the same to me. In fact, this divine soil over here can modify its aura to disguise itself as an essence. It’s really too easy for you to enter!”

The frog was very smug, and the divine soil was even more so. The two of them looked mighty, making Zhou Hao speechless.

“Now is not the time. The humans are protecting this thing with their full strength. If we enter now, we’ll probably cause unnecessary trouble. Let’s wait for some time to pass before we go.”

Zhou Hao blinked and said directly.

After putting this matter down, Zhou Hao did not stay idle. At this moment, he was training crazily in the training room of the Luo God Warship.

The training room of the Luo God Warship was far stronger than the training room of the humans. It could change gravity, causing sufficient gravity fluctuations to condense in this small space.

Not only that, but it could also simulate battles. Be it physical or mental strength, it could simulate all kinds of battles.

Zhou Hao had already used the Body Tempering Fluid to temper his body. He knew that he should also proceed to the second stage of the Ancestral Physique!

“The second stage of the Ancestral Physique is not that simple. However, your strength shouldn’t be a problem. Breaking through to the second stage is not a big problem. It’s fine as long as you can endure the pain!”

Seeing that Zhou Hao was ready, the frog could not help but instruct.

“Don’t worry, I’ll be able to endure it!”

- Chapter 641 - Problem

Chapter 641 - Problem

Chapter 641: Problem

Zhou Hao was confident in himself. At the very least, he was confident in his current self!

The sealed space of the Luo God Warship was far safer than other places. This was also the reason why Zhou Hao had chosen to stay here!

At this moment, he began to condense the second stage of the Ancestral Physique cultivation technique!

Every breakthrough was a life-and-death matter.

The strength of this Ancestral Physique lay in the fact that it could increase the strength of all the cells in one’s body. Although this process was very painful, it could still allow one to change all the organs, bones, and blood of one’s divine body!

At this moment, Zhou Hao began to condense. With this circulation, he immediately felt an extremely intense flame rise in his body!

These flames could not be seen with the naked eye, but the intense fluctuations still shocked Zhou Hao!

It was because as soon as this temperature appeared, it directly refined the cells, flesh, and other things in his body!

It was as if he was a precious sword that was being grinded. Only after experiencing tens of thousands of times of grinding could a good sword be made.

A raging fire burned in Zhou Hao’s body. His divine body also instantly shriveled under the roasting of the flames!

Countless impurities were burned and evaporated, becoming incomparably pure.

His physical strength also slowly increased!

However, the only drawback was that the pain was really too unbearable!

Even though Zhou Hao was prepared, the pain of his muscles reforming still shocked him!

This pain was no longer an ordinary pain!

It was a pain that was emitted from his cells. It was so painful that it seeped into his bones!

Fortunately, Zhou Hao persisted. When he broke through to the second stage, Zhou Hao immediately felt different!

“My body is so powerful. I feel that it’s twice as powerful as before. In other words, now that I’ve used the Ancestral Physique, the Nine Revolutions Overlord Body Art, and the God Destroying Art, I can unleash a seventh-grade Heaven Realm cultivation!”

Zhou Hao was very shocked. Just as he was immersed in joy, the communication device rang. Zhou Hao hurriedly picked it up.

The person who sent the message was none other than Senior Ji!

At this moment, Senior Ji’s expression was a little nervous. “Zhou Hao, enter the Battle God Battalion’s virtual space. There’s an important meeting you have to participate in.”

Zhou Hao was stunned for a moment. This was the first time he had been asked to participate in a meeting!

Therefore, he did not hesitate and hung up the phone to let Thousand Feather Armor connect to the virtual space!

Immediately, when he entered, he arrived at a hall with a total of twenty people!

These people were all experts of the Battle God Battalion and were at least vice council members.

As for the people sitting at the top, they were at least twelfth-grade Heaven Realm experts.

At this moment, Ji Yaoyue was sitting in the center. She looked at the vice council members of the Battle God Battalion and took a deep breath.

“Everyone, I have especially bad news. I have to tell you that according to the information we have, there is a problem with an ancient ruin on Planet Earth. Many strange stone tablets have appeared.”

“So far, we’ve already found three locations!”

“I think this is a sign, a bad sign!”

Ji Yaoyue’s meaning was very obvious. For this thing to appear so easily, it meant that they were about to experience a lot of stress.

If the Mutated Beast Alliance found the item, the consequences would be unimaginable!

Zhou Hao also took a deep breath and became nervous.

“These stone tablets are guarded by half-step Saint Realm beasts. They’re very powerful. If we want to completely seal the stone tablets, we have to deal with these beasts!”

When Ji Yaoyue said this, her expression also turned ugly.

After all, it was not easy to deal with so many half-step Saint Realm experts!

A half-step Saint Realm beast could take on two half-step Saint Realm humans by itself!

“How are we supposed to deal with so many of them? Unless, unless... a Saint Realm existence takes action!”

At this moment, a council member hurriedly said with a nervous expression.

Hearing this, they nodded. If a Saint Realm expert took action, this matter would definitely be resolved.

When Ji Yaoyue heard this, she shook her head. “The Saint Realm experts of our human race have an agreement with the Saint Realm experts of the Mutated Beast Alliance. They won’t be able to attack easily. If we really attack and end up breaking the contract, it will only harm our human race.”

“In the depths of the spatial rift, there are a large number of mutated beasts in the Underwater World, the Sky City, and the Underground World. It’s very difficult for us to capture them. Even if we can, once Saint Realm experts enter the battlefield, their lethality will be too great. Moreover, our human race is still inferior to the Mutated Beast Alliance. If not for the advantage on the ground and the secret weapons of our human ruins, their Mutated Beast Alliance would have long attacked us.”

“At this moment, if we break the agreement, it will undoubtedly mean war!”

Ji Yaoyue immediately shook her head. Many people knew about this. However, if they did not do this, it would really be too difficult for them to deal with these three half-step Saint Realm beasts!

“Senior Ji, what should we do?”

These people could not help but ask. This question was naturally on everybody’s mind.

They did not understand how to deal with these mutated beasts guarding the stone tablets!

Ji Yaoyue was also worried. Fortunately, she had already controlled the radius of 50 kilometers around the stone tablets. This was good news for the humans.

“Right now, we can stop the mutated beasts from the outside world from approaching the stone tablets. Or rather, we can seal the news so that the Mutated Beast Alliance won’t know about this in the first place. However, this is not the most long-term plan. Therefore, I feel that the priority now is to come up with a way to deal with the half-step Saint Realm beasts!”

After Ji Yaoyue finished speaking, she said, “We have many weapons left behind from the ancient ruins. Our first step should be to increase the destructive power of these weapons. It’s best if we can use it to kill a half-step Saint Realm beast!”

“Then, for our second step, we can destroy the others separately. A half-step Saint Realm beast’s combat strength is equivalent to three half-step Saint Realm experts of our human race. We’ll gather four, five, or even six people and destroy it separately.”

After Ji Yaoyue finished speaking, everyone nodded. The chances of them succeeding in pulling off the first step was slim... However, the second step could be implemented!

There were more than ten humans that had surpassed the half-step Saint Realm. If these ten could work together, it would be too easy for them to kill a half-step Saint Realm beast!

“Senior Ji, we understand what you’re saying, but... this time, the problem is occurring in our Huaxia territory. Do you think the other two alliances can help?”

There were a total of six powerful human alliances on Planet Earth. There was the Eastern Huaxia Alliance, the Western Alliance, and the African Alliance was another. There were a total of three. Usually, everyone seemed to be willing to help each other... However, at such a critical moment, it was inevitable that some people would refuse to help!

It was also because of this reason that Ji Yaoyue sealed the news.

Chapter 642 - Secret Discussion

Chapter 642: Secret Discussion

Although the humans were resisting the foreign enemies together. However, truth be told, the hearts of the people were not united and there were many problems between them. This was also inevitable.

Therefore, what Ji Yaoyue did was also the safest!

“Although we don’t have many solutions now, we still have to enter a level-one combat prepared state and strictly guard against the movements relating to the stone tablets. I feel that this is a huge challenge for us humans!”

At this point, Ji Yaoyue’s expression also became solemn.

When Zhou Hao saw this, he had the idea of stealing the stone tablets!

This was not because Zhou Hao was tempted by this treasure, but because this was something that the humans could no longer resolve.

Otherwise, Zhou Hao would not have thought of stealing the stone tablet.

But now, the humans could not resolve it, so Zhou Hao had no choice!

After the meeting ended, Zhou Hao left the virtual space and left the training room.

“Frog, divine soil, do you have a way to steal that stone tablet? There’s a half-step Saint Realm beast holding down the fort there. Do you think we can do anything?”

Zhou Hao could not help but ask. He definitely could not steal it himself. However, he could ask for the help of the frog and the divine soil!

These two guys were extraordinary!

“Half-step Saint Realm? That’s a little difficult, but it’s not impossible!”

Zhou Hao was immediately shocked. He could not help but say, “What can you do?”

“The solution is very simple. As long as someone attracts that half-step Saint Realm beast, we can enter and snatch it”

After the frog finished speaking, Zhou Hao was furious!

“Isn’t that obvious? If someone could resolve that mutated beast, Senior Ji and the others wouldn’t have to worry,” Zhou Hao could not help but say.

“You’re really stupid, Zhou Hao. Sigh...”

The frog immediately shook its head and looked at Zhou Hao in disdain.

Zhou Hao did not understand. He coughed dryly and could not help but ask, “Can you explain yourself? Is there a point in keeping me waiting?”

Zhou Hao was very angry. The frog laughed, rubbed its eyes, raised its chin, and chuckled. “Don’t you have Senior Ji? Although she can’t defeat a half-step Saint Realm beast, she can still stall for time!”

“As long as she can delay for more than ten minutes, we can snatch it away. Why don’t you discuss it with her?”

After the frog finished speaking, Zhou Hao understood. It turned out that this brat was thinking of using Senior Ji!

Zhou Hao frowned. He really did not know how to tell Senior Ji this.

If he did, would Senior Ji think that he was secretly coveting this?

However, even if he did not say anything, Zhou Hao was still worried. If this fell into the hands of the Mutated Beast Alliance, things would change!

“Think about it. However, I think it shouldn’t be a problem. You have good intentions. After all, you’re helping mankind.”

The frog said shamelessly, making Zhou Hao unable to help but roll his eyes.

This guy really knew how to twist words. It immediately changed the scope.

However, Zhou Hao did not know if this would work.

“Alright, I’ll try telling Senior Ji about this.”

Zhou Hao sighed. Thinking of this, he immediately contacted Senior Ji.

Soon, Ji Yaoyue picked up the video call. Her exquisite face was filled with worry.

“What’s wrong, Zhou Hao? What’s the matter?”

Zhou Hao nodded and thought for a moment before saying, “Senior Ji, I have something to discuss with you. Look, can we talk in person?”

These words stunned Ji Yaoyue for a moment. She did not think much of it.

“No problem, I’ll send you the coordinates. Come over.”

With that said, Ji Yaoyue sent the coordinates.

Zhou Hao immediately rode the Luo God Warship over.

It was better to talk about this in person. After all, it was quite shady.

Soon, Zhou Hao arrived at Ji Yaoyue’s coordinates on the Luo God Warship. Then, Zhou Hao entered Ji Yaoyue’s spacecraft.

This time, he did not see Sun Shan. After entering, he went to Ji Yaoyue’s room.

This time, he was still a little disappointed as he did not see Ji Yaoyue come out from the shower.

“You’re here. Have a seat. Why do you have to tell me in person?”

Ji Yaoyue said.

Zhou Hao coughed dryly and sat on the sofa, still a little embarrassed. However, he still said, “Senior Ji, I have a way to enter the altar and snatch the stone tablet.”

These words made Ji Yaoyue stand up in shock!

“What did you say? Do you really have a way?”

How could Ji Yaoyue not be shocked? This matter had given them headaches!

The reason why they were unable to resolve the stone tablet was because they were unable to enter due to the power of the altar!

“I have a way, but I need time.”

Zhou Hao said directly.

“That is fine. I can delay that half-step Saint Realm demon beast. As long as you can enter, things will be easy!”

Ji Yaoyue was very happy. Zhou Hao did not expect this.

“Um... Senior Ji, I don't want everyone to know about this. Look, can we keep it a secret?”

Zhou Hao was worried about this matter. Zhou Hao did not want to reveal his ability too early.

“Oh?”

Ji Yaoyue was stunned for a moment, but she quickly understood.

“That's fine, no problem. I can help you resolve this problem.”

Ji Yaoyue immediately said and did not care too much. This was human nature. Even she was prone to this.

Moreover, she still knew that many people were watching Zhou Hao attentively!

“In addition, Senior Ji, I want a piece of this stone tablet, is that alright?”

Zhou Hao felt that after all his hard work, this request was not too much.

Ji Yaoyue was even more puzzled and could not help but say, “This stone tablet has serious radioactive fluctuations. Are you sure you want one? The experts have analyzed it. Even for us, we would still have to place it 3,000 meters underground to seal it. After all, this thing is useless to us humans. It's just like how the Essence Energy Ancestral Stone is useless to mutated beasts!”

When Zhou Hao heard this, he immediately said, “If that's the case, it's even better if you give me all three. I have a way to resolve them!”

When Ji Yaoyue heard this, she narrowed her eyes and sized up Zhou Hao with confusion.

However, she knew that Zhou Hao definitely had a secret. Therefore, after thinking for a moment, she still spoke.

“If you can really resolve this matter, then everything will be fine. However, I really want to know how you plan on resolving this matter? As your companion, I think I also have the right to know.”

Chapter 643 - Valentine's Day

Chapter 643: Valentine's Day

After Zhou Hao heard this, he pondered for a moment and nodded.

“Senior Ji, this is my secret. Actually, I don’t want to tell you, but since you asked, I naturally have to tell you. However... Can you tell me the reason why you want to know?”

If it was only to help form the human race, there was no need for Senior Ji to know how he could resolve the matter of this stone tablet!

After all, this was Senior Ji’s personality. Even though he had cultivated the Ancestral Physique, she had never said anything. She only implicitly told him the method to cultivate the Ancestral Physique.

However, this time, she actually directly asked him. He was a little surprised.

“Then I’ll tell you the truth. There are also spies in the human alliance of our Eastern Huaxia. These stone tablets are not a small matter. If any of them gets out, it will cause chaos in the human race!”

“It’s not like this has never happened before. Take the Dark Gods organization that you’re familiar with as an example. We’ve spent an unknown amount of effort to uproot them, but to no avail. Therefore, if this stone tablet falls into our hands, I’m worried that... we won’t be able to protect it at all!”

“The Dark Gods are pervasive. If they can kill our genius students in the academy, they can also think of a way to resolve the matter of the stone tablets. It’s better to be safe than sorry. You should understand what I mean, right?”

Ji Yaoyue’s words immediately made Zhou Hao recall the last time the Dark Gods captured Zhang Yi’s sister.

If they knew that this stone tablet was hidden in the territory of Huaxia, they might very well start scheming.

It was better to be safe than sorry. If they were tempted and these things fell into the hands of the foreign races, it would be over!

“Senior Ji, I understand what you mean. In that case, I’ll let you know how I plan on resolving these stone tablets. Please come with me.”

As Zhou Hao spoke, he left Ji Yaoyue's spacecraft and arrived in front of it.

"Isn't this the spacecraft I gifted you? What's wrong? Where are you taking me?" Ji Yaoyue was stunned for a moment.

"Senior Ji, the spacecraft you gifted has already been absorbed by my spacecraft."

Zhou Hao's words stunned Ji Yaoyue. Before she could speak, Zhou Hao brought Ji Yaoyue into the spacecraft and arrived at the center of the Luo God Warship.

"Senior Ji, please look."

Even without Zhou Hao saying anything, Ji Yaoyue was still incomparably shocked after taking a look!

"This... this spacecraft... is not the one I gave you. This technology is not something our Planet Earth can make now. Is it from the ruins?"

Ji Yaoyue could tell at a glance. Her spacecraft was also from the ruins, but compared to Zhou Hao's, it was still far inferior!

Although she did not know much about spacecraft, she could still tell.

"It's called the Luo God Warship. I obtained it by chance. It comes from outer space and has super advanced technology. The power of the stone tablet can be sealed in this spaceship and become one of the energy sources that powers up my spaceship."

"This is also the solution I had in mind. It's what I meant when I said I could resolve them."

After Zhou Hao finished speaking, Ji Yaoyue was immediately shocked. This spacecraft was really too powerful. It had an independent virtual space, an independent training room, and even powerful defense. It even had a super intelligent entity!

"In that case, what are we waiting for?"

Ji Yaoyue immediately smiled.

"However, we can't enter openly this time. I think we should take the stone tablets away and put them on your spacecraft without anyone noticing. That way, no one will know where the stone tablets went and it will disappear into thin air. That's the best solution. What do you think?"

Ji Yaoyue's words matched Zhou Hao's thoughts!

"Then what should we do now?"

Zhou Hao immediately said.

"It's very simple. I'll attract the attention of the others, and you can sneak in."

"Wait for my news."

As she spoke, Ji Yaoyue left. She must have gone off to make the arrangements.

Zhou Hao also left on the spacecraft.

On the way, just as Zhou Hao was about to fly back to the base, Thousand Feather Armor's voice sounded.

"Master, today is Valentine's Day. Aren't you going to ask Miss Xu Ling out for a meal?"

Zhou Hao was stunned for a moment before slapping his forehead.

"Look at me. I was so busy that I forgot. In the future, you have to remind me of such things."

As he spoke, Zhou Hao took out his phone and called Xu Ling.

Xu Ling was handling official business in her office when she suddenly received a call from Zhou Hao. She hurriedly picked up and asked with a smile, "What's wrong?"

"Student Xu, what are you busy with? If you have time, why don't you come out for Valentine's Day?"

Zhou Hao chuckled.

He was holding flowers in his hand. The 99 delicate red roses were very dazzling on the black wrapping paper. Only such beautiful roses were worthy of Xu Ling!

On the other end of the phone, Xu Ling smiled gently and nodded. She chuckled and said, "Alright, where can we meet later?"

Zhou Hao thought for a moment and suddenly thought of a good place. Therefore, he smiled and said, "I know a new barbeque shop opened in the square. The food there is not bad. Where are you? Shall I pick you up?"

After Xu Ling heard this, she smiled and said, "It's fine, I'll go myself. I'm not far from the square. Let's meet in the restaurant."

"Alright, I'll send you the address."

"Sure."

After hanging up the phone, Zhou Hao quickly rushed to the agreed location.

When he arrived at the door, Zhou Hao immediately walked in.

“Hello, sir. Do you have an appointment?”

After the attendant saw Zhou Hao arrive, she immediately asked with a smile.

“Yes, I’m Number 027.”

Zhou Hao took out his phone and showed the attendant the number he had reserved.

After the attendant saw this, he smiled and nodded. “No problem, sir. Please come with me!”

Under the envious gazes of the girls, he walked to the reserved seat with the flowers and sat down.

Not long after Zhou Hao sat down, he saw a taxi at the door slowly stop. Then, he saw Xu Ling get off in a black suit.

She was already very beautiful. Now that she was wearing a black suit, she looked even more elegant.

Seeing this, Zhou Hao immediately got up and walked to the door to pick Xu Ling up.

After arriving at the door, Xu Ling immediately smiled when she saw Zhou Hao and shyly received the roses.

“Thank you.”

Xu Ling held Zhou Hao’s hand shyly and followed him into the restaurant.

Before the dishes were served, Zhou Hao handed a gift box to Xu Ling and chuckled. “This is a gift for you!”

Chapter 644 - Leaving Directly

Chapter 644: Leaving Directly

Xu Ling was very curious. After receiving it, she asked curiously, "What's this?"

"Open it and you'll know."

Zhou Hao smiled and said slowly. At such a critical moment, he was actually keeping her in suspense.

Xu Ling opened the box and saw that it actually contained a Frost Armor and a backpack. She opened the backpack and saw that there were 10,000 bottles of Body Tempering Fluid.

"This is...?"

Although Xu Ling did not know what it was, she could sense that it had powerful strength, making her very shocked.

"This is Body Tempering Fluid. You're already a supernatural expert. When you break through to the Heaven Realm, you have to temper your body to 100% purity."

"Don't underestimate this Body Tempering Fluid. This is the most powerful Body Tempering Fluid in the human race."

Zhou Hao smiled proudly. The Body Tempering Fluid in the Heaven Dao software was definitely much better than the ones developed by the humans now.

"Ah...? ordinary Body Tempering Fluid already costs hundreds of thousands per bottle. If this is even better, wouldn't it cost more than a million? There's 10,000 bottles here... Why... why did you give me such a precious thing?"

Xu Ling was stunned and subconsciously looked at Zhou Hao, not knowing why he would give her such a precious gift.

Zhou Hao's expression seemed indifferent.

He smiled and said slowly, "These things are not that important. You're the most important to me. Just accept these gifts."

This short sentence made Xu Ling's face turn red. She did not hesitate to accept the gift and immediately thanked him.

"Zhou Hao, thank you very much."

Xu Ling kept thanking him, making Zhou Hao's expression somewhat displeased.

He frowned and looked at Xu Ling seriously. He said word by word, "Xu Ling, you don't have to be so polite with me. I'm supposed to do these things for you."

Soon, the dishes were served. After the two of them ate, Zhou Hao sent Xu Ling home.

Then, Zhou Hao returned to the training base and sat cross-legged. He closed his eyes and opened the Heaven Dao software.

The moment the software opened, the name "I'm just an ordinary person" appeared in Fairy Yue Ling's live-stream.

The people who were originally quietly watching the live stream were immediately incomparably excited when they saw this ID!

"Damn, this big shot is here again!"

"Damn, come and watch the big shot. What kind of legend is the big shot going to create this time?"

"The big shot has come to dominate the live-stream. Fairy Yue Ling, why aren't you dancing for the big shot? What are you waiting for?"

"Fairy Yue Ling is probably already stunned by the big shot and doesn't know how to react. Hehe, how interesting!"

"That's right. This is the first time I've seen the big shot descend. It's said that this big shot is very rich. I wonder if I will be able to see how rich this big shot is today?"

"This big shot is even more impressive than the rumors say. You'll see for yourself in a while!"

"Hehe, the big shot is indeed the big shot. As soon as he entered the live-stream, the popularity of the live-stream immediately soared to 5 million. I bet Fairy Yue Ling is going to earn a lot of money again."

Looking at the suddenly lively live-stream, everyone was discussing this person with the ID "I'm just an ordinary person".

Fairy Yue Ling also saw Zhou Hao's ID and immediately opened her phone to send him a message.

"Big shot, you're here."

Zhou Hao saw the message but did not reply. Instead, he began to show off his gifts in the live-stream.

Not long after, a line of words appeared on the entire screen of the live-stream. It read, "Congratulations 'I'm just an ordinary person' for giving away 10,000 Body Tempering Fluids!"

Seeing this, all the netizens were immediately stunned by the scene in front of them!

All of them were silent. A moment later, an enthusiastic discussion suddenly erupted, instantly causing an uproar!

Not only that, but Fairy Yue Ling was also stunned. She looked at the gifts in the live-stream and was so shocked that she could not return to her senses for a long time!

"Damn! Did you guys see that? He's indeed a big shot. He's so generous. He directly gave away 10,000 bottles of Body Tempering Fluid. He's simply too rich!"

"That's right. Body Tempering Fluid is so precious. Ordinary people probably haven't even seen it before. Now, he's directly giving away 10,000 bottles. How generous!"

"Tsk tsk, I knew it. If I stay in this live-stream room long enough, I'll definitely encounter this big shot. As expected, I actually encountered him!"

"Only a beautiful woman like Fairy Yue Ling can attract this big shot's attention!"

"Big shot, big shot, big shot!"

"Give out more gifts, big shot, give out more gifts!"

"Ahhh, how enviable!"

"Hehe, I'm really envious of Fairy Yue Ling. After obtaining these 10,000 bottles of Body Tempering Fluid, she'll be rich!"

An uproar immediately exploded in the live-stream!

Zhou Hao smiled. Although his luck points were not high, he still obtained 20,000 bottles of Body Tempering Fluid after giving away 10,000 bottles.

After giving away the gifts, Zhou Hao did not say anything and left the live-stream.

This made those people even crazier.

"Did you see that? This is what a big shot is like. He gave away so much Body Tempering Fluid and left directly as if nothing had happened."

"How rich. When will we have such an ability?!"

“Hahaha, dream on! In the Heaven Dao software, no one is as impressive as the big shot. Big shot, I’m willing to kneel for you!”

As they spoke enthusiastically, Zhou Hao had already left.

After entering the shop to take a look, he exited the Heaven Dao software.

Just as he went out, he received a private message from Fairy Yue Ling.

“Big shot, why are you leaving so soon?”

Zhou Hao smiled and replied, “I’ve been busy recently and didn’t have the chance to send you gifts... Today, this thought crossed my mind, so I just dropped by to send you some gifts. If there’s nothing else, I’ll be leaving.”

“Big shot, you’re really carefree.”

Fairy Yue Ling replied with a smile.

Zhou Hao also replied with an expression before ignoring the other party and entering the training room.

“My Ancestral Physique is already at the second level, and my cultivation is also at the first-grade Heaven Realm. Although my combat strength is very extraordinary with the addition of the Ancestral Physique, the God Destroying Art, and the Nine Revolutions Overlord Body Art, I can sense that both the God Destroying Art and the Nine Revolutions Overlord Body Art have already reached their limits. I’m afraid that as I break through, their effects will decrease.”

Zhou Hao was starting to worry. However, at present, his combat strength was still very extraordinary!

As for his mental strength, it was also outstanding. After all, with the spirit gem, his mental strength was not something ordinary Heaven Realm experts could compare to!

Chapter 645 - Soul Control Stone

Chapter 645: Soul Control Stone

Zhou Hao trained crazily in the training room.

Be it his mental strength or his body, he had to train harder to break through as soon as possible.

After training for a while, he received Ji Yaoyue's message.

"Zhou Hao, everything is ready. Tomorrow, Battle God Lingtian and I will go together to seal the half-step Saint Realm beast. Of course, this is just my excuse to buy you time."

Zhou Hao immediately replied, "Don't worry, Senior Ji!"

Ji Yaoyue nodded and hung up the communication device.

Zhou Hao also hurriedly prepared. The next day, he directly mixed into the team and entered the island with the stone tablets.

Senior Ji and Battle God Lingtian led the team.

It was very rare for the two big shots of the Battle God Battalion to deal with a single mutated beast together.

However, many people were not very optimistic about whether they could achieve their goal this time.

"Senior Sister Ji, can the two of us do it? Although we have the sealing cultivation technique, that's still a half-step Saint Realm expert. Isn't it too risky?"

Lingtian was somewhat surprised, not knowing why his senior sister had suddenly become so bold.

"Let's give it a try. Otherwise, there's nothing we can do. When we fight later, we have to ensure our safety. To put it bluntly, this is just a test. Do you understand?"

Ji Yaoyue said.

Lingtian nodded. "I understand."

The group directly entered the island. No one knew that Zhou Hao had sneaked in.

With two half-step Saint Realm experts, the journey was relatively simple. The mutated beasts that appeared had all been destroyed by the two of them.

"There's a lot of ancient creatures here. It looks like these guys have all revived. It's not good news for us. After all, they're from the foreign races. If they form an alliance with the Mutated Beast Alliance, it'll be detrimental to us!"

Lingtian's face was filled with worry.

He had to be worried. After all, the human race was weak!

“Therefore, we can only do our best. If the two of us break through to the Saint Realm, Master and the others will also be able to relax a lot!”

Ji Yaoyue said directly.

“Breaking through to the Saint Realm is so difficult. Even if our cultivation meets the requirements, we’ll still be restrained by the shackles of the body. Our life form levels aren’t very high, so it’s very difficult for us to break through.”

“Didn’t Master only break through because his genes changed and he became much stronger than us ordinary people? Wasn’t that why he had the chance?”

Lingtian sighed.

Ji Yaoyue naturally knew this, but she did not care. This kind of thing could not be forced!

“Alright, act according to the situation later. We mainly want to test what this guy is capable of!”

At this point, Ji Yaoyue and Lingtian had already brought the team to the center!

Immediately, rumbling sounds sounded, and furious roars spread in all directions!

A huge Tiger Lion appeared. This guy was much larger than last time!

Its entire body flickered with a golden light and was very powerful!

“How powerful. This aura... this guy is even closer to the Saint Realm than we are!”

When Lingtian saw this, he was immediately shocked!

“It’s fine, we just need to test its strength!”

As Ji Yaoyue spoke, she put on her armor and condensed a flame spear in her hand as she rushed over.

Lingtian was the same. His entire body emitted endless lightning, and he held a huge hammer in his hand that emitted extremely intense fluctuations!

However, the Tiger Lion was not to be trifled with. It immediately roared repeatedly and slapped its palm fiercely at the two of them.

The huge palm raised a rushing wind in the air and smashed down with endless strength.

This claw made Ji Yaoyue and Lingtian's expressions change drastically!

"Such strength from a casual claw. How terrifying!"

Lingtian drew a cold breath. Then, lightning filled the sky as she attacked the Tiger Lion with the endless flames.

The Tiger Lion roared in pain. Its voice was extremely loud, shaking countless mutated beasts to death!

When Zhou Hao saw this, he was incomparably shocked. This Lion Tiger was really too powerful!

However, Zhou Hao did not have the time to watch this. He found an opportunity to slip away and arrived behind the altar.

"Everything is ready. The two of you can begin."

Zhou Hao immediately communicated with the frog and the divine soil with his divine sense.

"Divine soil, what are you waiting for? Hurry up and create an entrance!"

After the frog finished speaking, the divine soil said unhappily, "I know. You don't need to rush me!"

As it spoke, the divine soil emitted a strange yellow light.

The moment it came into contact with the altar, the yellow light seemed to have assimilated and actually became very strange!

That aura also instantly enveloped Zhou Hao's body.

"Alright, you have the same fluctuations as this altar. It won't stop you. We can just walk in!"

The frog could not help but say.

Zhou Hao did not hesitate and walked in.

From the outside, he could only see the stone tablet, but after entering, Zhou Hao was shocked!

In this space, countless mutated beasts bared their teeth as they absorbed the fluctuations.

There were many types of mutated beasts, but none of them were mutated beasts that Zhou Hao had seen before!

“What’s wrong with Planet Earth? Why are these ancient creatures suddenly appearing? Forget it, it’s more important to obtain the stone tablet!”

As Zhou Hao spoke, he walked towards the stone tablet.

When this thing was far away, it looked relatively huge. However, after entering, he realized that the source of this thing’s strength was not the stone tablet at all, but the huge white stone below the stone tablet!

This was the thing that had brought strength to the stone tablet!

“What is this?”

Zhou Hao immediately frowned.

The frog was immediately shocked when it saw this!

“Damn, this is actually the Soul Control Stone of the Beast Taming Division!”

When Zhou Hao heard this, he was stunned for a moment. “Soul Control Stone?”

“That’s right. In the universe, there’s a particularly developed race that developed a stone that can control cosmic beasts. This thing can release fluctuations and connect to the central nervous system of the mutated beasts to achieve a control effect. However, I never expected this thing to exist on Planet Earth!”

After the frog finished speaking, Zhou Hao understood that this thing was developed to control mutated beasts!

“Is there any other use for it other than this?” Zhou Hao hurriedly asked.

“No, other than affecting the mental strength and strength of the mutated beasts, this thing has no other use. Later on, that race was wiped out when the mutation of these stones caused the mutated beasts to become uncontrollable

“However, the energy of this thing is still very powerful. It’s not a bad choice to use it as an energy source!”

Chapter 646 - Taking the Opportunity to Sneak Attack

Chapter 646: Taking the Opportunity to Sneak Attack

Zhou Hao nodded and immediately looked at the frog. "Alright, alright, stop nagging. Let's go in quickly!"

Hearing this, the frog immediately shook its head helplessly and sighed. "Aiya, young people are just too impatient!"

The frog waved its finger and pointed at the stone tablet. It muttered, "As long as you cut your finger and drip blood into it, you can sign a contract with the stone tablet. After that, the stone tablet will naturally move away."

"It's that simple?"

Zhou Hao was speechless for a moment and immediately flicked the frog away. Then, he took out the blade and cut his finger, dripping blood into the stone tablet.

Slap!

With a light sound, the blood on Zhou Hao's finger immediately dripped onto the stone tablet. Immediately after, Zhou Hao was shocked to see that the blood that dripped onto the stone tablet had been completely devoured!

Seeing this, Zhou Hao was shocked. He did not have the time to ask the frog what was going on. He saw the stone tablet suddenly emit a rumbling sound!

Zhou Hao immediately tensed up and looked around worriedly. Fortunately, there was no movement around, and the sound of the shaking was relatively weak, so he probably wouldn't get discovered by the surrounding people.

Soon, the trembling of the stone tablet stopped. Zhou Hao looked down at his feet and realized that a small square space the size of a palm had appeared under his feet.

The spatial depth was about two feet wide. Zhou Hao looked around, but he did not see any energy source. He could not help but frown and ask the frog, "Where's the energy source?"

The frog pushed its sunglasses up and smiled at Zhou Hao in front of it. It swung its cloak and chuckled. "Hehe, the energy source is in the barrier under this stone tablet."

“The barrier under the stone tablet?”

Zhou Hao was stunned. He looked at the frog in confusion and asked, “What barrier? Didn’t you say just now that it would be fine as long as I dripped my blood on the stone tablet?”

“That’s right. You signed a contract with the stone tablet. What does the opening of the stone tablet have to do with the energy source? If you want to obtain the energy source, you still have to open the barrier below!”

Zhou Hao was speechless. Was this frog messing with him?!

When the divine soil heard the two of them talking, it immediately formed a smiling face and looked up to laugh. It even formed a few tear drops to express its mood.

“Ahahaha, I’m really amused. This stupid frog is too interesting!”

Zhou Hao had a depressed expression and was not in the mood to argue with the divine soil and the frog. Therefore, he hurriedly asked, “Then tell me, how do I open the barrier of this energy source?”

Zhou Hao frowned and looked at the small pit. He discovered that there was indeed a thick water ripple-like thing flashing on the surface, as if there was a layer of seawater floating on it.

Zhou Hao was about to reach out to touch it when the frog shouted angrily, “Stop! You’re really bold. How dare you touch this fatal thing with your hand?”

“Ah.”

Zhou Hao hurriedly retracted his hand and looked at the frog. He urged anxiously, “Stop keeping me in suspense. Tell me quickly, how do we resolve this?”

After saying this, the frog immediately adjusted its sunglasses and swung its cloak coolly. It chuckled and said, “It’s very simple. As long as you drip the Body Tempering Fluid on this, you can melt this barrier.”

When Zhou Hao heard this, he immediately took out a bottle of Body Tempering Fluid, unscrewed the cap, and dripped some onto it.

Indeed, the moment the Body Tempering Liquid made contact, the barrier quickly melted like chocolate on a hot summer day!

The barrier quickly melted drop by drop. Zhou Hao was happy and immediately looked over. Indeed, he saw a small box shining under the barrier.

It seemed that the barrier had previously blocked Zhou Hao's sight. This was one of the methods used to protect the energy source.

Zhou Hao was about to reach in to take the box when he was suddenly stopped by the frog.

"Wait!"

"What's wrong now?!"

Zhou Hao frowned and looked at the frog. He said helplessly, "Can you tell me everything at once? Stop scaring me like that!"

Zhou Hao was really depressed. Who could withstand such twists and turns?

The frog coughed and chuckled. "It's actually very simple. You just have to..."

"Alright, stop!"

Zhou Hao hurriedly waved his hand and said, "That's already the third time you said it's simple. In my opinion, it's very complicated!"

"If you don't tell me everything at once, I'll stuff you into this barrier and you can fend for yourself!"

Seeing that Zhou Hao seemed to be really angry, the frog did not dare to keep him in suspense anymore. Therefore, it chuckled and said, "It's very simple... cough cough, as long as you throw this in, you can break the last barrier inside and successfully take out the energy source."

After hearing the frog's words, Zhou Hao immediately received a small pill from it and threw it in.

"Quick! Zhou Hao! Take us up!"

The frog was anxious and simply jumped onto Zhou Hao. Seeing this, the divine soil also quickly turned itself into a paper plane and flew into the air.

Zhou Hao leaped up.

Indeed, a moment later, a group of densely-packed palm-sized insects with carapace quickly crawled out of the cave!

Seeing this dense swarm of insects crawl out of the cave, Zhou Hao was immediately frightened until his scalp went numb.

He recognized these insects. They were all rot-eating insects that had long died out in the ancient times!

There were at least thousands of them.

“Rot-eating insects... why would they appear here?”

Zhou Hao subconsciously muttered, but halfway through his sentence, he suddenly regained his senses.

That’s right. Previously, when they probed the magnetic field trembling and passed through the spatial rifts, they had already seen many ancient mutated beasts come back to life. It was not surprising for them to see these things here.

After the insects dispersed, Zhou Hao jumped down and quickly took out the energy source under the stone tablet.

The energy source was a hexagonal colored crystal that emitted a faint light. It looked like a beating heart, but it was cold to the touch.

Chapter 647 - Identity Exposed

Chapter 647: Identity Exposed

The moment Zhou Hao obtained the energy source, he instantly felt that his body seemed to be filled with strength.

He decided that it was best for him to place the energy source on the spacecraft as soon as possible.

Thinking of this, Zhou Hao immediately hid the energy source on his body. Then, he looked at the divine soil and said, “Alright, we can go out now.”

The divine soil nodded and immediately changed Zhou Hao’s aura. In an instant, the divine soil brought Zhou Hao and the frog out of the sealed space.

The moment he came out, Zhou Hao immediately felt the surrounding air begin to open up.

He smiled and stretched his body. Then, he sighed. "I'm still more used to the outside world. The air is much fresher."

Zhou Hao was ready to leave when he suddenly heard someone call out to him from behind.

Zhou Hao turned around and saw a man and a woman walking towards him side by side.

"You're Senior Ji's subordinate, Zhou Hao, right?"

The man smiled and strode over. After seeing Zhou Hao, he immediately stretched out his hand and introduced himself. "My name is Zhou Yitong. This is Zhao Mengxue. We're also Senior Ji's subordinates. I've seen you before."

Hearing Zhou Yitong introduce himself, Zhou Hao immediately narrowed his eyes and carefully sized up this man who claimed to be Senior Ji's subordinate. His name was Zhou Yitong.

It had to be known that he knew all the people under Senior Ji very well.

The person in front of him was most likely an impostor.

Why did the other party suddenly come here and even bump into him here? Why did he take the initiative to talk to him?

Could it be that they were also here to snatch the energy source?

Although he was suspicious, Zhou Hao did not act rashly. Instead, he looked indifferently at Zhou Yitong in front of him, smiled, and nodded politely.

Zhou Hao was still not sure what the two people in front of him did for a living.

"By the way, why did you come out from there?"

Zhou Yitong and Zhao Mengxue looked at Zhou Hao curiously, as if they did not know why he was here.

Before figuring out who these two people were, Zhou Hao would definitely not say anything. After all, the matter of him coming to get the energy source was a secret between him and Senior Ji.

As for the remaining people, none of them knew.

Moreover, Zhou Hao was not sure who they were now. He did not know whether they were bad guys or spies from another faction who had come here to investigate?

Therefore, Zhou Hao did not plan to directly fight these two people. After all, no matter where they came from, they were still human.

Moreover, they were from the same organization and there were so many people nearby. If the news of him killing the two of them spread, it would be troublesome.

Zhou Hao did not say anything else. He packed his bags and turned to leave.

Zhou Yitong and Zhao Mengxue looked at each other when they saw this. Then, they immediately stepped forward anxiously and followed beside Zhou Hao.

“Zhou Hao, why aren’t you saying anything? Did you encounter any difficulties? If you have any difficulties, just tell us. We can help you!”

“That’s right, handsome!”

Zhao Mengxue also smiled and leaned towards Zhou Hao.

A fragrant smell surged into his nose. The rich smell made Zhou Hao frown. He hurriedly turned his body to the side and dodged Zhao Mengxue’s body that was leaning towards him.

Zhao Mengxue almost lost her balance and fell to the ground. Her face turned pale before she frowned and looked at Zhou Hao unhappily. She shouted, “Zhou Hao! What are you doing?!”

“Sorry, I don’t have a good attitude towards people I’m not familiar with. Everyone who knows me knows this about me.”

Zhou Hao looked at Zhao Mengxue coldly and did not show any mercy. Instead, he turned around and continued to walk forward, ignoring the two of them.

Zhao Mengxue was both angry and anxious. She immediately felt that she had been ruthlessly insulted. It was really too much!

However, at this moment, she had to persuade Zhou Hao to stay as soon as possible. Otherwise, all his previous efforts would be in vain!

Therefore, Zhao Mengxue immediately blocked Zhou Hao with Zhou Yitong and said anxiously, “Handsome, just tell us!”

“Senior Ji was the one who asked us to investigate the surrounding environment. If we don’t find anything, we’ll definitely be scolded by Senior Ji when we return!”

“Take pity on us and tell us, alright, handsome?”

Zhao Mengxue kept winking at Zhou Hao with an anxious expression. She looked at Zhou Hao and urgently needed an answer.

In order to prevent them from continuing to pester him, Zhou Hao could only say perfunctorily, "I fell in accidentally and came out in a daze. I don't know what happened either."

"What's inside?"

They did not give up and continued to ask.

Zhou Hao shook his head indifferently and said softly, "There's nothing inside. I didn't see anything. It's just a void surrounded by thick white smoke."

After saying this, Zhou Yitong was immediately furious. This brat was clearly lying!

Zhao Mengxue was also furious. She placed her hands on her waist and pointed at Zhou Hao angrily. She shouted, "You bastard, you still dare to fool me? Hurry up and hand over the stone tablet's energy source..."

Halfway through Zhao Mengxue's sentence, Zhou Yitong was immediately shocked. Then, he hurriedly waved his hand at her, indicating for her to stop.

Zhao Mengxue's expression was shocked. Then, she said solemnly, "Cough cough, hand over the item so that we can report to Senior Ji!"

"Otherwise, if you delay serious matters, you won't be able to escape responsibility!"

Hearing Zhao Mengxue's words, Zhou Hao immediately narrowed his eyes.

Only he and Senior Ji knew about the energy source of the stone tablet. No one else knew about it!

How did these two know about this?

It seemed that these two people definitely had ill intentions!

He sneered and frowned as he sized up the two of them. Then, he shouted coldly, "The energy source of the stone tablet? What's that? I don't recall mentioning that just now."

Zhao Mengxue and Zhou Yitong were shocked. Only then did they know that they had let the cat out of the bag.

However, seeing that Zhou Hao did not have the intention to fight them, the two of them calmed down a little.

Chapter 648 - Calculation

Chapter 648: Calculation

Then, he slowly said, "We heard from Senior Ji that we were going to come here to find this thing. What's wrong? Don't you know about this?"

Hearing Zhou Yitong and Zhao Mengxue's confident expressions, Zhou Hao knew that these two were definitely up to no good!

Thinking of this, Zhou Hao immediately frowned and sized up the two people in front of him, suspecting that they had a detection device.

Otherwise, how would they know that he had the energy source of the stone tablet?

Thinking of this, Zhou Hao's heart sank. Then, he calmed down because he knew that it was not a good time to attack.

Zhou Hao thought for a moment and immediately took out his communication device. Then, he prepared to send a message to Senior Ji to tell her that the plan had succeeded.

Unexpectedly, just as Zhou Hao took out the communication device, he heard a roar from afar!

Zhou Hao's entire body tensed up. He frowned and looked into the distance. He saw Zhao Mengxue's face suddenly turn into a leopard's face!

Her ears disappeared and were replaced by a pair of furry ears!

However, Zhao Mengxue's leopard face only vaguely appeared when she was angry. When she calmed down, her appearance returned to normal.

Zhao Mengxue knew that she had been exposed and no longer had anything to worry about. She suddenly pointed at Zhou Hao fiercely and said evilly, "Stop talking nonsense and hand it over quickly!"

At this moment, Zhou Yitong and Zhao Mengxue had revealed their true appearances. Because of their anger, their furry ears couldn't help but pop out as they roared angrily.

They were worried that if Zhou Hao really called people over, they wouldn't be able to defeat him. They were also worried that if they couldn't snatch the energy source of the stone tablet, they wouldn't be able to report to the higher-ups when they returned.

Thinking of this, the two of them immediately became fearless.

Since they had already revealed their true form, they might as well give it their all!

"Are you from the demon race?"

Zhou Hao was fearless. He raised his fist and clenched it tightly. He frowned and looked at the two people in front of him gloomily.

"You want to start a fight? Alright, let's see if you have the ability to escape from me!"

Zhao Mengxue and Zhou Yitong looked at each other. After looking at each other, they immediately jumped and quickly rushed out from the distance!

Roar!!!

The two of them let out roars that only mutated beasts could emit, especially Zhao Mengxue. Her eyes flickered with a bloodthirsty and violent expression!

"Today is the day you die. Your corpse and the energy source of the stone tablet will be left behind!"

Zhao Mengxue looked up at the sky and suddenly roared!

After Zhao Mengxue's roar dissipated, another buzzing sound exploded in the air. The heaven-piercing sound immediately exploded, shocking the void to the point of trembling!

Zhou Hao suddenly looked up at the fluctuations in the distance. He could tell at a glance that it must have been caused by the battle between Senior Ji and the others!

After Zhou Hao saw this, he was immediately burning with anxiety. He wanted to quickly resolve the matter here and rush over to help Senior Ji.

However, Zhao Mengxue and Zhou Yitong were in a fighting posture. They bared their teeth and looked at Zhou Hao with violent expressions.

"Sister, this guy is unarmed. Let's bite off his head first and then dig out his organs to eat. How about that?"

Zhou Yitong licked his lips and slowly said with a smile.

“Hehe, Brother, that sounds great. Let’s kill him now. We’ll eat him first and then bring the stone tablet energy source back to report!”

As soon as they finished speaking, the two of them instantly jumped up from the ground and shot towards Zhou Hao like arrows!

Facing the two of them’s ferocious attacks, Zhou Hao did not have the slightest fear. A moment later, a cold smile appeared on his face before he slowly said, “Petty tricks!”

Zhao Mengxue took out a half-meter-long saber from behind her and quickly slashed at Zhou Hao’s head!

The moment her saber was about to touch Zhou Hao’s body, Zhou Hao actually disappeared into thin air in front of the two of them. Then, he instantly appeared behind them!

“Damn! How is this brat so fast?!”

Zhou Yitong was the first to react. His expression immediately tightened. Then, his eyes were filled with shock as he roared. He directly turned around, wanting to deal with Zhou Hao.

However, before he could do that, Zhou Hao spun and quickly dodged the two of them before arriving behind them again!

“Taste my kick!”

Zhou Hao shouted and directly jumped up, quickly kicking towards Zhao Mengxue’s back!

“Wu Ah Ah!”

When Zhou Hao kicked Zhao Mengxue, he directly hit her abdomen. She instantly spat out blood before speeding up crazily!

Blood splattered and instantly surged out. Large drops of tears immediately left on Zhao Mengxue’s face. When she opened her mouth, she even spat out a few teeth!

It was obvious how powerful Zhou Hao’s kick was...

“Sister!”

Zhou Yitong’s expression immediately changed drastically when he saw Zhao Mengxue being sent flying dozens of meters away and landing heavily on the ground!

He hurriedly pounced over and helped Zhao Mengxue up. Then, he looked fiercely at Zhou Hao and shouted angrily, “Zhou Hao! Don’t you know how to show mercy to a delicate lady?”

“A delicate lady?”

Zhou Hao looked at Zhou Yitong as if he had heard a huge joke. He looked at him mockingly and smiled disdainfully. “That’s really interesting. I don’t think that description applies here.”

Zhou Yitong was instantly angered again. His eyes were filled with anger as he suppressed the anger in his heart and said angrily, “You brat, how dare you say such a thing!”

“Sister, wait for me for a while. I’ll kill this bastard and take revenge for you!”

As soon as he finished speaking, a powerful pressure immediately erupted from the surroundings!

Zhou Yitong’s eyes flashed with a strange expression. Immediately after, leopard patterns erupted from his body. Then, he quickly jumped up!

Bang! Bang! Bang!

A sonic boom instantly sounded. Immediately after, Zhou Yitong was like an arrow that flew out and quickly rushed towards Zhou Hao!

Chapter 649 - Powerful Attack Power

Chapter 649: Powerful Attack Power

Zhou Hao stood rooted to the ground and watched as the extremely fast Zhou Yitong held the Wolf Spike Mace and smashed it heavily towards his head!

He did not dodge. Just as the spike mace was about to hit his head, he flew up!

His speed was really too fast, so fast that in the blink of an eye, he had flown a hundred meters away!

Seeing this, Zhou Yitong's face instantly flashed with shock!

He looked at this scene in surprise and could not return to his senses for a long time. He did not expect there to be someone in the world who was fast enough to escape from his control in an instant!

A moment later, an incomparably shocking scene happened!

"Green Wood Art!"

Zhou Hao roared and countless branches immediately rose from the ground!

Branches broke out of the ground and instantly grew into the thickness as an arm. It instantly spread towards Zhou Yitong!

Zhou Yitong's expression changed drastically. He looked at Zhou Hao in front of him in shock and did not return to his senses for a long time. He even wondered if he was hallucinating!

However, when he saw the scene in front of him clearly, he was so shocked that his eyes widened. He subconsciously jumped up!

Bang! Bang! Bang!

Behind him, the sound of countless branches breaking out of the ground sounded. Even the surrounding ground shook continuously!

When Zhou Hao was covered in sweat from running, the growth of the branches finally stopped.

As the branches instantly dissipated, Zhou Hao arrived in front of Zhou Yitong in the blink of an eye.

An indifferent expression appeared on his face. Then, he swept a cold glance at Zhou Yitong, who was lying on the ground, and said coldly, "I don't have time to play with you."

The next moment, Zhou Hao immediately took out a long saber from his backpack.

The moment Zhou Yitong saw the long saber that was constantly flashing with a cold light being pulled out, his expression suddenly changed!

His eyes were filled with shock. No matter what, he did not expect Zhou Hao to be so serious this time!

"Shadow Seven Sabers!"

Zhou Yitong's eyes widened. Then, he flew and quickly arrived beside Zhao Mengxue. He grabbed her and prepared to escape.

"I'm afraid it won't be easy for you to leave!"

Zhou Hao shouted coldly. In the next second, he quickly waved the Shadow Seven Sabers and immediately sent a huge saber beam blasting in front of Zhou Yitong!

When they saw this, Zhou Yitong helped Zhao Mengxue up. The two of them were extremely shocked!

They looked at this scene in shock and did not recover for a long time. They were incomparably stunned to discover that such a thing had happened!

The moment Zhou Hao attacked just now, the two of them instantly knew that this brat was not someone to be trifled with!

In this desperate situation, Zhou Yitong and Zhao Mengxue looked at each other and suddenly nodded!

The two of them were furious. After roaring, they instantly tore through their clothes and transformed into an incomparably huge leopard that was two meters long!

The two cheetahs were completely golden and had black spots on their bodies. At this moment, they were standing side by side. They looked at Zhou Hao and roared in unison!

Such a scene was really incomparably shocking!

Roar!!!

With an angry roar, the female leopard with large amounts of blood flowing from the corner of her mouth suddenly exploded with high speed!

Zhou Hao was not to be outdone. He used the Green Wood Art again. In the next moment, countless trees instantly rose from the ground, forming a natural barrier in front of Zhou Hao!

The female leopard was incomparably furious. She watched as countless trees rose from the ground but did not seem to have any intention of dodging. Instead, she seemed to have gone crazy and quickly roared as she rushed over!

She quickly smashed through countless trees as if she did not feel any pain!

After smashing through dozens of trees one after another, she finally stopped!

“I didn’t expect your physical strength to be so valiant. Your bodies are also very tough. Looks like it’s going to be a little difficult to cut off your heads.”

Zhou Hao narrowed his eyes and sized up the female leopard with an incomparably cold expression as blood surged from the corner of her mouth. He saw the female leopard shake her head and spit out an angry breath. Her round eyes were already scarlet and bloodthirsty!

Roar! Roar!

With a furious roar, the female leopard opened her bloody mouth and rushed fiercely towards Zhou Hao, as if she planned to directly bite off his head!

Now that the female leopard had revealed her full form, and her body had instantly become incomparably hard, she could resist a large portion of the attacks!

As long as she aimed at Zhou Hao’s head and bit him when Zhou Hao attacked him, Zhou Hao would no longer have any chance to resist!

Thinking of this, an incomparably ferocious and violent expression immediately appeared on Zhao Mengxue’s face!

Zhao Mengxue was extremely fast. Almost instantly, she arrived in front of Zhou Hao. Her eyes were filled with ferocity as she rushed towards Zhou Hao’s head!

At the same time, a branch quickly broke out of the soil in front of Zhou Hao!

Before Zhao Mengxue could react, the branch instantly rose from the ground and quickly grew towards the sky!

A moment later, Zhao Mengxue’s body was directly bound by the branches that grew at a rapid speed, making her unable to move!

“Sister, let me help you!”

At this moment, Zhou Yitong immediately flew up and quickly rushed towards where Zhao Mengxue was tied up!

A saber the size of a forearm was instantly conjured out of thin air and directly left his hand. It instantly cut off the branch that was tied to Zhao Mengxue!

The moment the branches were cut off, Zhao Mengxue’s body immediately fell uncontrollably. Then, she fell heavily!

Fortunately, Zhao Mengxue’s figure was light. She swayed her tail and stabilized her body. Then, she lightly stepped on a broken branch and landed firmly on the ground!

The moment she landed on the ground, Zhao Mengxue's breathing began to become hurried. She frowned and looked at the wounds on her body.

Chapter 650 - Killing Technique

Chapter 650: Killing Technique

"Big Brother, take out your ultimate technique. Otherwise, you won't be able to defeat this bastard!"

In order to prevent Zhou Hao from figuring out what they were saying, Zhao Mengxue immediately began to communicate with her brother in Beast Language.

Zhou Yitong also narrowed his eyes, his expression revealing a dangerous aura as he looked at Zhou Hao.

"Alright. I'll start using my killing technique now!"

With a furious roar, Zhao Mengxue and Zhou Yi roared at the sky. Then, their bodies instantly became stronger!

Their originally two-meter-long bodies had actually become five meters long and six meters tall!

Standing in front of Zhou Hao, they were like mountains. Just by looking at them from afar, one would feel especially fearful!

When he saw this, Zhou Hao was immediately stunned!

He looked at the two people who had instantly become stronger in shock. He really did not expect them to erupt with such an abnormal state!

Zhao Mengxue and Zhou Yitong's beast bodies instantly became stronger. Facing the two huge mutated beasts, the branches Zhou Hao had set up with the Green Wood Art seemed to have lost their effect and were useless.

Tap, tap, tap!

A ferocious expression appeared on Zhao Mengxue's face. Then, she sneered and looked at Zhou Hao, who was the size of an ant in their eyes, with ridicule.

“Hehe, Zhou Hao, do you think we’ll be suppressed by you so easily? Aren’t you being too naive?”

After the other party said this, Zhou Hao’s expression suddenly changed drastically!

Zhou Hao watched as Zhao Mengxue’s huge paw descended. It was so fast that it arrived in front of him almost instantly!

It seemed that after Zhao Mengxue evolved into her original form, her combat strength instantly soared, and she quickly gained the upper hand!

However, when Zhao Mengxue’s paw smashed heavily onto the ground, Zhou Hao immediately dodged nimbly.

Zhou Yitong’s eyes also revealed a bloodthirsty expression. He stomped his paw heavily on the ground to vent his dissatisfaction!

Zhou Hao was still very fast. Even though they had become larger and stronger, they still had a weakness. Their reaction speed was much slower!

Buzz!

As Zhou Yitong’s paw stomped heavily on the ground, the surrounding ground trembled crazily. Zhou Hao almost lost his balance and fell to the ground!

This aura was really valiant, making Zhou Hao, who originally did not think these two were very powerful, instantly start to be vigilant. He had no choice but to start thinking seriously about how to deal with them!

“Damn it!”

Zhou Yitong bared his cold teeth and roared as he spat out a mouthful of flames that rushed towards Zhou Hao!

Seeing Zhou Yitong suddenly unleash this move, Zhou Hao’s expression immediately tightened!

“I didn’t expect you to have such a move!”

The abilities of these two people were really not to be underestimated. Now that they had transformed into such forms, their combat strength points quickly soared. Now, Zhou Hao was already on the verge of losing control of the situation.

At the same time, on the other side.

Senior Ji was fighting alongside Battle God Lingtian against the mutated beasts in the outer periphery!

Now that they were fighting a half-step Saint Realm beast, they were faced with extreme difficulty. Even if she and Battle God Lingtian were holding down the fort here, the situation was still helpless!

Seeing that the battle was becoming more and more difficult, the half-step Saint Realm beast suddenly opened its bloody mouth and spat out countless cold ice pillars that instantly rushed towards all of them!

Many of their Heaven Realm companions were unable to resist these ice pillars. Incomparably painful and uneasy expressions appeared on their faces, and even their breathing became hurried!

“How dare you guys barge into my territory and try to steal my stone tablet. I’ll cut off your heads and chew them into pieces today!”

The half-step Saint Realm beast had a huge dragon-like body. It had two long horns on its head, an incomparably long and narrow tail, and a huge beast with scales all over its body!

With a stomp of its foot, it was enough to cause the entire ground to tremble violently. With a breath, it could instantly blow away many Heaven Realm experts!

Seeing that the people under him seemed to be unable to resist the mutated beast, Battle God Lingtian’s expression darkened. Then, he subconsciously looked at Ji Yaoyue beside him and said anxiously, “Battle God Shengwu, we’ve already pretty much grasped the ability of this half-step Saint Realm beast, right?”

“Can we leave now? Our subordinates are about to collapse!”

Battle God Lingtian’s breathing also began to become hurried. He hurriedly looked at Ji Yaoyue and asked anxiously.

Ji Yaoyue was burning with anxiety. She knew that since she had yet to receive Zhou Hao’s message, it meant that Zhou Hao had not succeeded!

Therefore, no matter what, they could not leave this place at this moment!

Otherwise, if this half-step Saint Realm beast discovered that Zhou Hao had already stolen the energy source of the stone tablet, it would definitely chase after him!

It would be fine if Zhou Hao escaped. However, facing a half-step Saint Realm beast that even he and Battle God Lingtian could not defeat even if they worked together, Zhou Hao would also be helpless.

The more she thought of this, the more anxious Ji Yaoyue felt. She was afraid that if they left early, Zhou Hao would encounter some danger!

However, Battle God Lingtian knew nothing about all of this!

This was because Ji Yaoyue had told him that they had only come here to test the ability of these mutated beasts.

But now, Battle God Shengwu was unwilling to leave no matter what. Battle God Lingtian couldn't help but wonder what was going on.

Could it be that Battle God Shengwu planned to charge in in one go?

Or did Battle God Shengwu have other thoughts and planned to do this?

Thinking of this, a puzzled expression immediately appeared on Battle God Lingtian's face. Then, he said to Battle God Shengwu anxiously, "Battle God Shengwu, I think we should leave this place as soon as possible."

"If we continue to delay, we probably won't have a chance to leave. Moreover, this half-step Saint Realm beast is really too powerful. We can't defeat it at all!"
