Chapter 651 - The Final Battle

Chapter 651: The Final Battle

Facing Battle God Lingtian's continuous urging, an impatient expression appeared on Ji Yaoyue's face!

She pondered for a moment before waving her hand and saying again, "Let's wait a while longer. We haven't tested the true strength of this half-step Saint Realm beast!"

"We have to get a good grasp on its true strength before we can think of a way to destroy them in one fell swoop!"

"Otherwise, we can still only face these attacks helplessly. Don't you think so?"

Under Ji Yaoyue's persistence, Battle God Lingtian could not say anything. Therefore, he could only continue to attack the half-step Saint Realm beasts!

On the side, Ji Yaoyue focused her attention on the communication device on her body!

Once she received news of Zhou Hao's success from the communication device, she would immediately evacuate everyone from this place!

At the same time, on the other side, Zhou Hao had already been fiercely suppressed by Zhao Mengxue and Zhou Yitong, who had suddenly erupted with valiant strength!

He punched heavily towards Zhao Mengxue and Zhou Yitong. However, it was useless. Instead, he was repelled by the aftershock and retreated a few steps!

After Zhou Hao saw this, he immediately thought to himself that something was wrong and could not help but feel depressed!

Were such powerful mutated beasts really from the demon race? Perhaps not!

It seemed that they had other origins!

Thinking of this, Zhou Hao's face immediately turned solemn!

Now, it was already time for him to use his killing technique. Otherwise, with these two mutated beasts becoming more and more valiant as they fought, it probably would not end well for him!

Zhou Hao immediately stood up with his Thousand Feather Armor. Countless feathers flew out from his huge wings. The feathers turned into flying swords that quickly flew towards Zhao Mengxue and Zhou Yitong!

Bang! Bang! Bang!

This was because the speed of the flying swords was too fast. The moment they flew out, sonic booms instantly erupted.

Zhao Mengxue and Zhou Yitong instantly felt the arrival of death. They could sense that the aura of death was approaching them step by step!

Zhao Mengxue immediately drew a cold breath and instantly retreated in the other direction!

Seeing countless flying swords stab into the ground in front of her, Zhao Mengxue was immediately shocked until her scalp turned numb!

If she had dodged a little later just now, she would have been instantly nailed by these countless swords!

“This bastard...”

Zhao Mengxue roared unwillingly, and then the expression on her face instantly became incomparably dark.

They suppressed the anger on their faces as they flipped in the air before landing firmly on the ground. Then, they looked at this scene in shock, their eyes filled with seriousness!

At this moment, they instantly realized a problem. That was, their combat strength was actually similar to Zhou Hao's!

If this continued, it would probably be impossible to determine the victor!

However, for some reason, the aura emitted from Zhou Hao's body instantly made the two of them tense!

They knew that Zhou Hao was not someone to be trifled with. If this continued, it would probably not end well for them!

Seeing Zhao Mengxue and Zhou Yitong staring at him violently with scarlet eyes, Zhou Hao's expression instantly became solemn.

He did not know the origins of these two mutated beasts at all!

He did not know why they could casually transform into human and beast forms, nor did he know what all of this even meant!

However, at this moment, the only thing Zhou Hao knew was that he had to face these two mutated beasts with his full attention!

Their moves were unpredictable and varied. They would always catch him off guard!

If he continued to delay this battle with them, the outcome would definitely not be good. Perhaps they would be able to suddenly finish him off.

Most importantly, Zhou Hao knew nothing about them. Therefore, he did not dare to continue fighting!

When he realized this, Zhou Hao immediately prepared to condense his Genesis Rune power. He would first restrain them before capturing them and forcing them to tell him what he wanted to know!

After learning their true identities, he could determine their goal!

Thinking of this, Zhou Hao immediately stretched out his hand and muttered silently, making Zhao Mengxue and Zhou Yitong instantly stunned.

They frowned and looked at Zhou Hao. They vaguely realized that this matter did not seem to be as simple as they thought!

Their intuition told them that if they did not stop this matter as soon as possible, a lot of trouble would definitely happen!

“Big Brother! Quickly stop this brat!”

Zhao Mengxue roared and quickly rushed towards Zhou Hao!

However, Zhou Hao’s expression did not change at all. Immediately after, Zhao Mengxue’s expression suddenly trembled!

Zhou Hao slowly floated in midair. He frowned tightly, and a cold expression appeared on his face. With a wave of his hand, light slowly appeared on his finger!

This light was constantly growing until it became incomparably dazzling and flickered continuously!

Zhao Mengxue and Zhou Yitong, who were quickly running towards Zhou Hao, were immediately blinded by the light!

“Wu Ah Ah!”

Zhao Mengxue and Zhou Yi immediately roared in incomparable pain!

They began to struggle with all their might, wanting to escape from this incomparably dazzling huge light!

However, what the two of them did not expect was that as the light instantly exploded, their bodies were instantly tightly restricted and they were unable to move at all!

When they realized this, their expressions instantly changed!

Before they could react, their bodies were instantly bound tightly. Then, they fell heavily to the ground and were no longer able to counterattack.

They were like crabs that had been trussed up. They did not even have the strength to struggle and could only gasp for breath as they looked at Zhou Hao with hatred.

Chapter 652 - Analysis of the Energy Stone

Chapter 652: Analysis of the Energy Stone

Seeing that he had dealt with them, Zhou Hao took a deep breath and thought to himself that these two guys were really powerful!

If not for the power of the Genesis Rune, he wouldn't have been able to deal with the two of them!

Fortunately, Zhou Hao was incomparably powerful. At this moment, he had sealed the two of them. It could be considered a huge contribution!

"Senior Ji must have waited for a long time. She must be anxious."

As Zhou Hao spoke, he took out his communication device and sent a message. Then, he directly teleported away with the two of them. When they reappeared, they had already arrived outside his Luo God Warship. He then entered the warship.

After throwing the two of them in, Zhou Hao could not be bothered to waste his breath. He immediately knocked them unconscious and said.

"Little Yu, analyze them. I want to know why these two things can alternate between human form and beast form."

After Zhou Hao finished speaking, several robots appeared in the Luo God Warship and directly threw the two leopard-shaped individuals into the laboratory to analyze.

On the other side, after Senior Ji received this news, she was stunned for a moment. She could still see the stone tablet, but she still chose to believe him after receiving the message Zhou Hao sent over. She immediately said to Lingtian.

“Let’s retreat. This guy is too difficult to deal with. We’ll come up with a combat plan later.”

Hearing this, Lingtian heaved a sigh of relief. This half-step Saint Realm beast was too powerful, and its intelligence was very high and violent. If not for his agile movement technique, he would have been severely injured long ago.

However, he was still slightly injured.

“Alright, let’s retreat!”

As he spoke, Battle God Lingtian waved his hand, and endless lightning power condensed above his head. Ji Yaoyue’s entire body was covered in flames.

The two of them worked together to unleash a move. After forcing this half-step Saint Realm beast back dozens of meters, their bodies moved and they directly fled with these people!

On the other side, Zhou Hao had already begun to analyze. Soon, he had a conclusion.

“Master, these two are very strange life forms. They have the bloodline of mutated beasts and the bloodline of humans in their bodies. They should be warriors nurtured by humans. Their bloodlines are 70% human and 30% mutated beast. There is an extremely strange power in their bodies that allows them to unleash the combat strength of mutated beasts.”

At this moment, the two of them slowly returned to their human forms because they were unconscious.

Zhou Hao nodded. He had suspected something similar, but he was unable to confirm it.

“Very good, put this analysis into a report and transfer it to me.”

With that said, Thousand Feather Armor directly transmitted the information to Zhou Hao’s device.

Just as the information finished transferring, Ji Yaoyue video-called Zhou Hao.

Zhou Hao smiled and thought that Senior Ji was most likely anxious to hear about the results.

“Senior Ji, the mission has been completed.”

Zhou Hao picked up the call and immediately said.

“Good job. Where are you now? I'll go to your place.”

Ji Yaoyue was very anxious and said impatiently.

“Alright, Senior Ji, I have another surprise. Come and take a look.”

“Oh? Then send the coordinates quickly. I'll go over now.” Ji Yaoyue was immediately stunned. Her face lit up as she hurriedly said.

Zhou Hao smiled. Senior Ji definitely did not know what his surprise was. He immediately sent the coordinates and hid the Luo God Warship tens of thousands of meters in the sky.

Not long after, Ji Yaoyue appeared in his perception range and Zhou Hao brought her in.

As soon as she entered, Ji Yaoyue asked anxiously, “Did you get the stone tablet? But I think the stone tablet is still there.”

Zhou Hao smiled and did not say anything else. He directly led Ji Yaoyue into his energy cabin.

When he returned, Zhou Hao placed the energy stone into the energy cabin. An endless amount of energy was released from the energy stone.

“Look, that's the source of the energy in the stone tablet. The stone tablet is not the true energy source, but this stone.”

Zhou Hao said simply, and Ji Yaoyue immediately smiled.

“That's right. Does that mean that the stone tablet is useless now?”

“That's right. The radiation has already decreased and will slowly disappear. At that time, we can abandon the island or directly shatter it and let it fall to the bottom of the sea.”

Zhou Hao said directly.

“Not bad, not bad indeed. By the way, Zhou Hao, your spaceship is so powerful. Can you analyze what other uses this thing has?”

Ji Yaoyue was still wondering if this could benefit the humans.

“Yes!”

Zhou Hao smiled.

When Thousand Feather Armor was analyzing the energy stone just now, Zhou Hao had already learned that not only could this energy stone release energy for the Luo God Warship, but the Luo God Warship could also collect its energy and release it as an energy pulse!

The strength of this energy pulse was the full strength attack of a peak Heaven Realm expert!

“Senior Ji, please take a look.”

Zhou Hao immediately got the Thousand Feather Armor to simulate the use of this energy stone and the two of them instantly arrived in the virtual cabin.

Then, the Thousand Feather Armor released the simulated energy pulse. Immediately, a powerful strength erupted, and a super combat strength that was comparable to a twelfth-grade Heaven Realm directly erupted.

“It’s so powerful. This thing can actually erupt with such powerful strength!”

Ji Yaoyue was immediately shocked and hurriedly asked.

“Other than this spacecraft, can other spacecraft also use this?”

Ji Yaoyue really wanted to ask if other spacecraft could also use this. After all, if it was possible, wouldn’t their combat strength be multiplied if they equipped the fighter planes with this?

“This... is very difficult. This is because this energy is very powerful. Ordinary spaceships can’t withstand it. Before this energy can be released, the spacecraft would probably explode first!”

Zhou Hao told the truth, making Ji Yaoyue immediately depressed.

“So it’s only useful to you, and the others still won’t be able to use it?” Ji Yaoyue said helplessly.

“Uh... that’s not true. As long as the toughness is above a value of 60, it can be equipped. However, the highest level of spacecraft made of known raw materials only has a value of 30. Only things that come out of the ancient ruins can reach 60.”

Zhou Hao got the Thousand Feather Armor to analyze it in detail. Therefore, everything was listed.

“Sigh... Forget it. The items from the ancient ruins are very precious. There’s only so many of them in the entire human race. Forget it, since you can use it, go ahead. However, you can’t let anyone know.”

Ji Yaoyue immediately said. She was worried that it would be bad if the foreign races found out!

However, Zhou Hao took a deep breath and could not help but say.

“Senior Ji, I’m afraid that there are already people who know about this!”

As soon as he finished speaking, Ji Yaoyue’s expression changed on the spot!

“What? People that already know? How is that possible? Only you and I know about this. I’ve never told anyone about it. How could anyone know? Did you tell anyone?”

Ji Yaoyue was very puzzled, not understanding how this news could have spread.

“It wasn’t me or you. It was someone else!” Zhou Hao smiled.

Chapter 653 - Interrogation

Chapter 653: Interrogation

When Ji Yaoyue heard this, she immediately frowned.

“Others? How would others know?”

Zhou Hao said, “This is the second thing I wanted to tell you. It’s also the surprise I had for you.”

Ji Yaoyue was confused by Zhou Hao and did not understand.

“Surprise? I’m afraid this isn’t going to be a pleasant surprise, right?”

Zhou Hao smiled and led Ji Yaoyue to the analysis room. There was a man and a woman tied up there.

After seeing the two of them, Ji Yaoyue was stunned for a moment and exclaimed.

“These are... Zhao Mengxue and Zhou Yitong? Why are they with you?”

Ji Yaoyue was very puzzled. These two were Heaven Realm experts from her Battle God Battalion and had extraordinary cultivation. How did they end up in Zhou Hao’s hands?!

“So Senior Ji knows the two of them. That makes things easier.”

As Zhou Hao spoke, he took out the information and handed it to Ji Yaoyue. The latter looked at it and was immediately shocked.

“What? You’re saying that these two guys are half beast and half human? Spies? No way? Our Battle God Battalion has verified their identities very clearly. Our Battle God Battalion has a backup copy of every Huaxia martial artist. How could...”

Ji Yaoyue did not dare to believe it. Other than their identities as spies, she was also shocked that the two of them were half beast and half human!

“I bumped into these two guys when I came out of the forbidden area just now. They said that they were your subordinates and wanted to take the energy stone from me,” Zhou Hao said.

“What? I never told them about that!” Ji Yaoyue was immediately shocked!

“I know Senior Ji naturally wouldn’t tell them. However, they still knew about it. I highly suspect that they have some way of detecting the energy stone. I knocked the two of them unconscious and brought them back so we could interrogate them.”

“Senior Ji, shall we interrogate them together?”

The reason why Zhou Hao said this was because he wanted to ask Senior Ji if they should inform others about the interrogation or if the two of them should just keep it to themselves.

After all, the theft of the energy source of the stone tablet was carried out in secret. If these two were interrogated publicly, it would inevitably expose their theft!

Therefore, Zhou Hao wanted to interrogate them secretly here.

Ji Yaoyue immediately understood and said, "We'll interrogate him here. Only you and I will know about this!"

Zhou Hao nodded and immediately said, "Little Yu, wake them up."

As he spoke, a white mist appeared. Zhao Mengxue and Zhou Yi also woke up!

The two of them had just woken up when they saw Ji Yaoyue. Their expressions immediately changed as they hurriedly said.

"Senior Ji, save us. This Zhou Hao is a spy. He's a spy from the foreign races!"

"That's right, Senior Ji, don't be fooled by Zhou Hao. He's a spy from the foreign races. Kill him quickly!"

The two of them were still unwilling to give up and actually played the blame game.

Zhou Hao smiled and could not help but say, "It's really true that the guilty party blames others first. Interesting, interesting."

Ji Yaoyue snorted coldly and her powerful cultivation exploded, directly shocking the two of them to the point of vomiting blood.

"Stop talking nonsense. Tell me your identities and goals. Otherwise, die!"

Ji Yaoyue was not stupid. Although she had always trusted these two people, she now trusted Zhou Hao even more!

"Senior Ji, what do you want us to say? We... we're not sure!"

Zhao Mengxue's expression was a little flustered, but she still gritted her teeth and said.

"Hehe, they really don't give up."

Zhou Hao smiled and snapped his fingers. Immediately, the battle footage of the three of them was projected.

Zhou Hao had equipment on him that allowed him to record footage of the battle. Zhou Hao had long recorded them when he was fighting them.

Seeing this video, Ji Yaoyue was even more shocked and did not dare to believe it. Although Zhou Hao had said that the two of them were half beast and half human, she was still suspicious.

However, after seeing this video, he completely believed it!

After Zhao Mengxue and Zhou Yi saw this video, their expressions were extremely ugly. They did not expect Zhou Hao to have even recorded a video!

“Is there anything else you want to say? If not, answer Senior Ji’s question honestly.”

With that said, Zhou Hao directly got two chairs and let Ji Yaoyue sit with him.

Zhao Mengxue and Zhou Yi looked at each other and did not speak. Their expressions made Ji Yaoyue’s expression turn even uglier!

“You don’t want to tell me? Then I’ll kill you!”

“Even if you kill us, we won’t say anything!” Zhao Mengxue still had some backbone and immediately said.

When Ji Yaoyue heard this, she was furious and was about to attack. When Zhou Hao saw this, he hurriedly stopped Ji Yaoyue.

“Senior Ji, aren’t you... too rash? You’re going to kill them before the interrogation even begins? Wouldn’t that be a pity?”

Ji Yaoyue was furious. “Can’t you see that they don’t want to say anything?”

“Just because they don’t want to tell you doesn’t mean they can’t. If you kill them, you really won’t be able to say anything.” Zhou Hao was speechless.

What was wrong with this big sister? Did she not even have the means to interrogate people?

“Do you have a way to make them speak?” Ji Yaoyue immediately said.

“Of course, Senior Ji, just watch. I have a way. However, this method might be a little abnormal. cough cough, you have to endure it.”

Zhou Hao coughed dryly. Zhou Hao still knew how to interrogate criminals. When he was in school, he had learned psychology. As long as he could break through the other party’s psychological defense, things would be easy.

“Alright, I’ll watch.”

Ji Yaoyue sat to the side angrily. She did not look like a half-step Saint Realm expert who ruled the largest organization of the human race, the boss of the Battle God Battalion.

Instead, she looked like a little girl with a temper.

Zhou Hao smiled and looked at the two of them.

“I know you don’t want to tell me. You’re very loyal to your organization. However, do you really think everything will be fine if you don’t tell me?”

“Also, you guys are in my hands and won’t be able to get out in this life. Don’t expect anyone to save you. In fact, you guys probably also know that your organization won’t save you either, right?”

As soon as he said this, their expressions immediately changed. They naturally knew how cold-blooded the organization they worked for was.

However, they still gritted their teeth and did not speak!

“Very good. Since you don’t want to tell me, fine. I’ll find a way to get you to spill the information.”

Zhou Hao directly got the Thousand Feather Armor to secure them. Then, Zhou Hao also used the power of the Genesis Rune to seal them. Other than moving their mouths, they could do nothing else.

“I’m a very patient person. Since you guys don’t want to tell me, I’ll just have to use some methods.”

As he spoke, Zhou Hao directly pressed his palms together and used the Endless Cage.

However, this time, he had also invited Ji Yaoyue in.

After entering this dark space, Ji Yaoyue was immediately stunned.

“Is this a fluctuation of mental strength? Is this your cultivation technique? Or is this a technique of the spirit gem?”

Ji Yaoyue was very shocked and did not dare to believe it.

Chapter 654 - Big Black Dog

Chapter 654: Big Black Dog

Zhou Hao explained.

“This is a cultivation technique of mine, a mental strength cultivation technique. It’s very powerful. It’s a cultivation technique of the Moro Race that’s specially used to attack mental strength.”

Ji Yaoyue nodded and was surprised by Zhou Hao’s methods.

At this moment, Zhou Hao looked at the two people who were still imprisoned and smiled.

“This is my mental space. I control everything here. I know that you guys must think that illusions are useless and that you’ll definitely be able to persist later.”

With that said, Zhou Hao waved his hand, and two large black dogs appeared in this space.

This scene stunned Ji Yaoyue and Zhao Mengxue for a moment.

This was Zhou Hao’s mental space. He could do whatever he wanted. Therefore, it was easy for him to condense two big black dogs.

However, they all did not know what these two big black dogs were for.

“Cough cough... this is a little inappropriate for children, but... Desperate times call for desperate measures.”

Zhou Hao then flicked his finger lightly. Immediately, a pink smoke spread around the two of them. After absorbing the smoke, their bodies immediately heated up. This heat was a power used to stimulate primitive desires!

Seeing this, the three of their expressions changed!

Ji Yaoyue’s face turned red and she could not help but say, “How despicable.”

Although she said this, she did not stop him.

However, Zhao Mengxue and Zhou Yitong could not take it anymore.

“Um... I’ll let you guys enjoy yourselves first.”

Then, Zhou Hao removed the black cloth and saw the two of them lying on the ground in a sorry state!

“How is it? Do you want to tell me?”

Zhou Hao asked indifferently.

Although this was the mental world, everything here still felt the same as the real world!

Therefore, in the past half an hour, they had experienced a powerful battle!

“Nonsense. Do you think we’ll tell you just because of that?! You underestimate us!”

Zhao Mengxue was in an extremely sorry state. Her clothes had been bitten to pieces, revealing a large area of pink and white flesh.

However, she still gritted his teeth and said.

Zhou Hao also broke down.

Ji Yaoyue frowned and looked at Zhou Hao. Her meaning was obvious. His method was not effective either!

Zhou Hao smiled and did not care.

“I knew you guys wouldn’t tell. It’s fine.”

With that said, Zhou Hao clapped his hands, and then ten big black dogs appeared.

“Then enjoy yourselves for a while. We’ll chat later.”

Then, the black cloth was removed, and the two of them were clearly on the verge of breaking down.

“It’s fine, continue to enjoy yourself!”

Of course, only a few minutes had passed in this space, but Zhou Hao made them feel like a few hours had passed.

When Ji Yaoyue saw this, she smiled and thought to herself that Zhou Hao was really good at this. No wonder he said that it was abnormal just now. He was simply crazy!

After removing the black cloth this time, he could see that the two of them had collapsed. However, despite this, the two of them also seemed to be more spirited!

“Bring it on! I want to see what you can do. I’m not afraid!”

Zhou Yitong roared. At this moment, he was on the verge of collapse!

When Ji Yaoyue saw this, she frowned, feeling that Zhou Hao would fail.

However, Zhou Hao was even more excited when he saw this!

“Alright, let’s see if you can keep this up!”

As he spoke, Zhou Hao waved his hand and condensed a hundred big black dogs. This scene frightened Zhou Yi and Zhao Mengxue!

Zhao Mengxue was the first to break down!

“I’ll tell you, I’ll tell you, I’ll tell you everything. Spare me, spare me!”

She had gone completely crazy now. Their minds were still intact, but their bodies were out of control.

That feeling was even more terrifying. It was simply torture.

Ji Yaoyue finally chuckled. This Zhou Hao was simply too evil!

This time, before they could come out, Zhou Hao waved his hand and created an endless number of big black dogs. There were more than a hundred of them, all ready to attack!

When Ji Yaoyue saw this, she felt even more amused.

“Senior Ji, actually, this interrogation is very simple. As long as we can break through their mental defense, it’ll be fine. Just now, Zhou Yitong was furious and was on the verge of breaking down. If they keep calm, it won’t be easy for me. As long as they react like how Zhou Yitong just did, we won’t be far from success.”

“And now, with so many big black dogs, they will definitely submit.”

After Zhou Hao finished speaking, Ji Yaoyue nodded. If this went on, it might really work.

“Where did you learn these dirty tricks?”

Ji Yaoyue could not help but ask.

Zhou Hao coughed dryly. “This is talent... talent...”

“What talent? You’re just a pervert!” Ji Yaoyue rolled her eyes at him.

Zhou Hao coughed dryly and did not refute. Soon, five hours passed as Zhou Hao sped up the time!

These five hours were simply as long as a century!

They originally thought that they had survived, but the moment they saw Zhou Hao take the black cloth away and the endless black dogs appeared behind him...

Zhao Mengting fainted...

Zhou Yitong also cried...

Ji Yaoyue covered her mouth and laughed for a long time after seeing their reaction.

"You can even faint in my mental world. Impressive."

Zhou Hao smiled and woke her up. Then, he looked at Zhao Mengxue and Zhou Yitong.

"Have you guys decided? If not, I'll give you guys some more time to consider."

Zhou Hao chuckled. The endless black dogs behind him were even more terrifying than demons!

"Yes, yes, we've thought it through..."

"That's right. We'll tell you everything... everything..."

Zhao Mengxue and Zhou Yitong hurriedly spoke impatiently, their eyes filled with endless fear!

At this moment, they really submitted!

Chapter 655 - The Evil Dark Gods

Chapter 655: The Evil Dark Gods

When Zhou Hao saw this, he smiled. Ji Yaoyue could not help but snicker, thinking to herself that this Zhou Hao was really an unpredictable fellow.

"Alright, since you're willing to tell me, things will be easy."

After Zhou Hao finished speaking, he smiled and looked at the two of them.

"It's very difficult for me to trust others. Therefore, I'll interrogate you separately. If what you say is different, then there's nothing I can do. Both of you will die. If what you say is true, I can consider letting you off."

After saying this, Zhao Mengxue and Zhou Yitong were dumbfounded!

This brat was too freaking cunning. The two of them originally wanted to just fool him, but they did not expect him to do this!

This immediately disrupted their plan. There was nothing they could do.

Ji Yaoyue also smiled and thought to herself that this brat was really smart. With him around, she really saved a lot of trouble!

Zhou Hao ended the Endless Cage illusion and directly pulled Zhao Mengxue to a private space to begin the interrogation.

"I won't say anything else. Tell us everything you know."

Zhou Hao crossed his leg and sat with Ji Yaoyue. He looked at Zhao Mengxue.

Zhao Mengxue already knew that she had no chance to lie. Even if she was not afraid of death, Zhou Yitong was still afraid!

Moreover, she could only tell the truth. If she made something up and their stories did not match up, it would be over!

Zhao Mengxue's eyes were filled with helplessness. Only at this moment did she know how powerful Zhou Hao was!

"I'm the president of a branch of the Dark Gods."

The first sentence was undoubtedly a violent bomb. In an instant, Ji Yaoyue and Zhou Hao's expressions changed!

The Dark Gods, this human parasite, was actually so deeply rooted that their spies had even infiltrated the Battle God Battalion!

This made Zhou Hao and Ji Yaoyue very frightened. The two of them looked at each other and saw each other's shock!

"Continue!"

Zhou Hao said coldly, and Zhao Mengxue said slowly.

“Although I’m the branch president of the Dark Gods, I don’t know much about them. I’ve lived in a confined space since I was young. Even now, I don’t know where it is.”

“Ever since I was young, I have grown up in the darkness. During that time, I would compete with my companions. I would fight them for food and even kill them. This was the only way for us to survive.”

“I’ve seen too many children my age die in pools of blood. I’ve also seen too many disobedient children have their limbs broken in the end.”

“I don’t know where we came from or who our parents are. I only know that we need to listen to the Dark Gods. Otherwise, only death awaits us!”

At this point, Zhao Mengxue’s body trembled. Clearly, the memories of her childhood made her afraid!

Even now, she was still afraid of the situation at that time!

“When we grew up, we learned martial arts, cultivation techniques, and the knowledge of the outside world. We learned to hide ourselves. In short, we learned a lot!”

“When we reached adulthood, we were also considered to have truly joined the Dark Gods. At that time, we consumed something called the Beast Heart. It changed the genes in our bodies and also increased our combat strength. In other words, from that moment onwards, we became half human and half beast!”

“It took us several years to gain full control and the ability to switch at will. However, when we become especially furious, we still can’t control ourselves!”

Zhao Mengxue’s words shocked Zhou Hao and Ji Yaoyue. It could be said that they had never heard of such a situation!

The Dark Gods were indeed a cult. They had actually nurtured martial artists since they were young. Moreover, they trained them like they were raising puppets!

Their methods made Zhou Hao and Ji Yaoyue’s scalps tingle and their backs turn cold!

Zhao Mengxue smiled bitterly. Speaking of this, it could be considered a release for her!

“After I grew up, I became more capable and also joined the Dark Gods. At that time, I also started to gain some authority. However, I still know that we were only raised to become warriors that carry the genes of humans and mutated beasts. Everything about us had been decided the moment we were born!”

“There are many such warriors in the Dark Gods. We’re only two of them. In addition, although we’re the branch president of the Dark Gods branch, we’ve never seen our president. We don’t know who he is at all!”

“Every time an order is given to us, it is transmitted through the network. Moreover, it seems like they have always been monitoring us. As long as anything happens to us, they will abandon us without hesitation!”

Zhao Mengxue was naturally telling the truth. The Dark Gods were an underground organization and would definitely not be exposed. Therefore, they were most worried about being exposed. Once exposed, it would be a disaster for them!

“All I can tell you is that the Dark Gods are much more powerful than you can imagine. Their spies can infiltrate any organization in the world. Moreover, they have technology that can change the genes of humans. As long as you eat the Beast Heart, you will obtain the ability of a mutated beast!”

“Many people took the initiative to join the Dark Gods in order to obtain such an ability...”

This was an extremely troublesome problem. Zhou Hao’s expression was ugly, and so was Ji Yaoyue’s!

The Dark Gods were deeply rooted and huge. This was something she had never expected. However, even without thinking, she could still understand how big they had become. After all, they had not dealt with the Dark Gods for such a long time.

Zhou Hao looked at Zhao Mengxue as she continued to explain a few not-so-important clues.

Most importantly, they had already been exposed. They did not have much contact with the Dark Gods to begin with. Even as branch presidents, they only maintained contact with their superiors and not with anyone else.

The scale and strictness of the Dark Gods made Ji Yaoyue and Zhou Hao worried for a moment.

At this moment, Zhao Mengxue suddenly thought of something and said directly.

“Oh, right, the Dark Gods and the Mutated Beast Alliance already know about the stone tablet. Moreover, they have already set up an opportunity to snatch the stone tablet. We went over today to investigate the situation, but we didn’t expect to encounter you guys.”

With that said, Zhou Hao and Ji Yaoyue’s expressions immediately changed!

“Moreover, they have also developed an instrument that can detect the energy source of the stone tablet, which is the thing we carry in our backpacks. With that thing around, we can detect the stone tablet!”

When Zhou Hao heard this, he hurriedly took out a small radar-like item.

“How do I use this?”

Zhou Hao immediately asked.

Chapter 656 - Solution

Chapter 656: Solution

Zhao Mengxue did not hide anything and directly told Zhou Hao how to use it. Then, Zhou Hao opened it!

He was very worried. He had already placed the energy stone on the spacecraft. If they knew that it was with him, wouldn't he be in even more danger?

However, to Zhou Hao's relief, he was unable to detect the energy stone at all. Even though he was in the Luo God Warship, he was still unable to detect this energy source.

“Thousand Feathers, analyze this device and see if we can stop its detection.”

As Zhou Hao spoke, he handed the device to Thousand Feather Armor and quickly analyzed it.

“Reporting to Master, the material used to make our spacecraft is a special material that can isolate all auras inside. The accuracy of this device is not high enough to capture the weak signal that is being emitted from our spacecraft.”

Thousand Feather Armor's words made Zhou Hao even more relieved.

Ji Yaoyue was shocked. “Your spaceship is really impressive. It can do anything!”

Zhou Hao smiled. This was the warship of the Luo God Race and was incomparably precious. It contained the supreme inheritance of the Luo God Race, so it was naturally powerful!

After sending Zhao Mengxue away, Zhou Hao and Ji Yaoyue began to question Zhou Yitong. This guy did not dare to hide the truth and basically told the same thing as Zhao Mengxue.

Therefore, they could basically confirm that what the two of them said was true!

“Senior Ji, what should we do?”

Zhou Hao could not help but ask.

“Sigh, I really have a headache. I can’t lock them in a cage yet. Otherwise, our matter will very likely be exposed. Why don’t... we keep them in your spaceship? In any case, you have a huge place here. How about that?”

Ji Yaoyue felt a headache coming on. If she killed them, wouldn’t she be breaking her promise?

However, not killing them was a problem. After all, she did not want anyone to know about the energy source of the stone tablet. Therefore, after thinking about it, she could only leave them with Zhou Hao.

Zhou Hao sighed and nodded. They had no other choice.

“Sure.”

Then, Zhou Hao brought them to a sealed space and sealed their cultivation.

“What should we do with the second stone tablet? Should we use the same trick?”

Ji Yaoyue asked at this moment. The matter regarding the stone tablets had to be resolved as soon as possible. If it could not be resolved, it was very easy for problems to occur!

Moreover, the foreign races and the Dark Gods had already targeted him. He had to end the battle quickly!

“The first stone tablet will soon lose its use. At that time, we humans might not be the first to know. The Dark Gods and the Mutated Beast Alliance might find out before the human race does. Therefore, at that time, they will be even more anxious to obtain the second and third stone tablet!”

“Therefore, the priority now is to resolve it as soon as possible. However, using the same trick will easily arouse suspicion!”

Zhou Hao frowned and could not help but say.

Ji Yaoyue naturally understood this and agreed with Zhou Hao.

“But other than this method, what other methods do we have?”

Ji Yaoyue immediately said.

Zhou Hao thought for a moment and immediately had an idea!

“Got it!”

When Ji Yaoyue heard this, she was immediately stunned for a moment and hurriedly asked, “What is it?”

Zhou Hao smiled. “This method still requires Senior Ji’s cooperation.”

“Of course we’ll cooperate. So what should we do?” Ji Yaoyue hurriedly asked.

“It’s very simple. I need you to remove a group of guards from the stone tablet. It’s best if only a few Heaven Realm experts are left. At that time, I’ll get the mutated beasts to snatch it. During the chaos, I’ll go in and take the energy source of the stone tablet!”

Hearing this, Ji Yaoyue frowned.

“Can it work? What if they also have a way to enter the stone tablet?” Ji Yaoyue did not understand Zhou Hao.

“Senior Ji, you might not understand what I mean. I mean, the mutated beats will be following my orders!”

Zhou Hao repeated, making Ji Yaoyue immediately stunned.

“Follow your orders... How do you plan on getting them to do that? Could it be that... there are also mutated beasts that listen to you among the foreign races?”

Ji Yaoyue was a little shocked.

“That’s right. I have a divine artifact that can control mutated beasts. The Hundred Feet Worm King and the Silver Bone Bear King in the twelfth spatial rift already listen to my orders. I can get them to come over and put on a show. However, don’t let the experts kill them. They’ll still be useful in the future!”

When Zhou Hao said this, Ji Yaoyue was immediately shocked!

“So the Hundred Feet Worm King and the Silver Bone Bear King are following your orders. I was wondering why the spatial rifts had been so safe during this period of time. It turns out that they’re your people!”

Ji Yaoyue immediately smiled.

“Alright, this is very easy. I’ll find an opportunity to evacuate a few people. At that time, you can attack!”

As Ji Yaoyue spoke, she went to make the arrangements.

Zhou Hao did not hesitate and arrived at the twelfth spatial rift alone. Then, he called the Hundred Feet Worm King and the Silver Bone Bear King.

The Hundred Feet Worm King was very obedient after being controlled by the Beast Control Ring. Although the Silver Bone Bear King was not loyal to him, as long as he gave it enough compensation, it was still willing to help!

Zhou Hao did not waste his breath and explained the plan. The Hundred Feet Worm King naturally had no objections.

However, the Silver Bone Bear King was a little hesitant.

“Um... Big Brother, will it be dangerous? If... the humans accidentally kill me, won’t it be too big of a loss for me?”

The Silver Bone Bear King was a classic example of a coward and cherished its life very much. Zhou Hao was not surprised that it would say such a thing.

“Don’t worry, many people will retreat when the time comes. Moreover, what’s in it for me to kill you? Even if I do want you killed, there’s no need for me to rely on them to kill you. I can just get the Hundred Feet Worm King to kill you, right?”

Zhou Hao was telling the truth. The Silver Bone Bear King was very smart and naturally knew!

However, it was still hesitant.

“You still lack Energy Bars, right? After this is done, I’ll give you 10,000. How about that?”

After Zhou Hao finished speaking, the Silver Bone Bear King’s breathing quickened and its eyes immediately widened!

“What... What did you say? Really?”

The Silver Bone Bear King was a classic example of someone who would not do anything unless there were benefits. With such benefits, it would naturally think twice!

“Although it’s a little dangerous... cough cough, I trust you. Alright, I’ll do as you say!”

The Silver Bone Bear King was very excited and immediately nodded in agreement.

Zhou Hao nodded. "Go and prepare. I'll send you a message when the time comes. You can come directly. Remember, don't hurt humans. You also have to ensure your safety, understand?"

"Don't worry, humans below the fifth-grade Heaven Realm can't hurt me!"

The Silver Bone Bear King patted its chest and immediately said.

Needless to say, the Hundred Feet Worm King was a third-grade Heaven Realm expert with combat strength equivalent to a sixth-grade Heaven Realm expert. It was also extremely difficult for human experts to injure it!

After assigning the tasks, Zhou Hao left and waited silently for Ji Yaoyue's message.

Chapter 657 - Putting On a Show

Chapter 657: Putting On a Show

At night, Zhou Hao returned home and had dinner with his parents. Then, Zhou Hao entered the Heaven Dao software.

Fairy Yue Ling was still live-streaming. Just like last time, Zhou Hao casually gave away 10,000 Body Tempering Fluids before leaving.

This made the users extremely envious. Fairy Yue Ling had casually gotten more than 10,000 Body Tempering Fluid. It was simply ridiculous!

Zhou Hao did not care at all. He had gotten 20,000 Body Tempering Fluids after giving away 10,000. Zhou Hao never felt that he had lost anything from these transactions!

Zhou Hao opened the shop and looked carefully.

His current combat strength was off the charts. He had the Ancestral Physique, an incomparably strong body, and a spirit gem. His mental strength was also extraordinary.

The armor on his body was impenetrable and Zhou Hao was already very satisfied with it!

However, he still felt that he should be learning a powerful cultivation technique!

Zhou Hao opened the cultivation technique section and specially browsed through the holy-level cultivation techniques. There were many cultivation techniques here. There were combat techniques, spell techniques, long-range techniques, and short-range techniques. In short, there was everything!

Zhou Hao browsed for a long time and suddenly saw a cultivation technique called “Mental Strength”!

This immediately made Zhou Hao’s expression change!

Only Saint Realm experts could cultivate mental strength. Could this cultivation technique be cultivated too?

Zhou Hao took a deep breath and without saying a word, he directly clicked on this cultivation technique. His mouth widened as he looked at the price!

“50 billion!”

Zhou Hao coughed dryly. This was not a small number!

Although there was a lot, Zhou Hao did not care. He exchanged some useless things he had for gold coins and bought the “Mental Strength” cultivation technique.

Then, Zhou Hao began to check his compatibility score.

Zhou Hao’s compatibility with every cultivation technique was very high, but Zhou Hao’s compatibility with this cultivation technique was only 30%!

This was really pitiful, making Zhou Hao very depressed!

The powerful thing about this cultivation technique was that it could allow one to condense mental strength and use it as an attack method. With this, he could control anything he wanted to!

For example, flying swords and flying knives!

This cultivation technique matched the Thousand Feather Armor well!

The wings of the Thousand Feather Armor had a total of 99,841 flying feathers. Each of them was indestructible and extremely powerful!

Originally, Zhou Hao had only wrapped them with his mental strength before shooting them out. However, that method was not very refined. The speed was not fast, the accuracy was not high, and it was also not very flexible.

However, with this cultivation technique, things would be different!

This cultivation technique could allow him to condense his mental strength even more and make it easier for him to control things!

Although Zhou Hao's compatibility was only 30%, he could still control ten flying feathers!

Under Zhou Hao's control, the flying feather would spin rapidly. Moreover, with Zhou Hao's cultivation, the destruction of the flying feather would be more than doubled.

"This cultivation technique is really compatible with me. With it, my combat strength will at least double!"

Zhou Hao laughed and immediately started training in the control room.

"If I don't use any cultivation techniques, my speed would only be 300 meters per second. On the other hand, my speed would be very fast if I use my cultivation techniques, but I can't keep using my cultivation techniques. It's too draining."

"Therefore, in most battles, I can't always depend on cultivation techniques to move around. I still have to rely on my own speed!"

"My body is powerful and I'm very fast. However, my speed of 300 meters per second is nothing compared to the speed of the flying feather when it's being controlled by my mental strength, which is 800 meters per second! At this speed, it's very difficult for ordinary people to resist. Moreover, if I catch them off guard, there's an 80% chance that I'll be able to succeed!"

Zhou Hao was very satisfied. The enhancement of this cultivation technique was very large, and the destructive power of the flying feather was also very high!

Most importantly, he could suddenly erupt with strength and catch his enemies off guard. In addition, if there were many enemies, he could rely on this to clean up the battlefield. It was very extraordinary!

"With my body, mental strength, and the strength of Little Yu, even a ninth-grade Heaven Realm expert will be instantly killed by me if they're not careful!"

Zhou Hao smiled. With this method, his combat strength was naturally off the charts!

Soon, two days passed. As Zhou Hao waited, he finally received a message from Senior Ji.

The meaning was simple. In the message, Senior Ji told him that he could already start preparing!

Without saying a word, Zhou Hao directly contacted the Hundred Feet Worm King. Then, Zhou Hao hid among the guards on the island.

Almost four hours later, Zhou Hao heard a furious roar. Then, he saw the Hundred Feet Worm King's hundred-meter-long body instantly land on this island. The Iron Bone Bear King also jumped out of the sea fiercely, roaring incessantly.

"HaHaha, kids, hand over the stone tablet and we'll spare your lives!"

The Iron Bone Bear King was very excited. They had made inquiries at the bottom of the sea and learned that there were only three Heaven Realm experts on the island. He and the Hundred Feet Worm King would definitely be able to deal with them!

When Zhou Hao heard the Iron Bone Bear King, he immediately felt helpless. This guy was really a little strange. However, he ignored it!

The humans were immediately frightened by their invasion!

"Prepare for battle!"

"The mutated beasts are attacking. Fight quickly!"

"It's the Hundred Feet Worm King and the Silver Bone Bear King. These two guys are both Heaven Realm experts. It's very difficult for us... to resist. Call for backup! Quickly!"

When the Heaven Realm experts on the island saw this scene, they immediately got their subordinates to call for backup. Then, the three third-grade Heaven Realm experts instantly rushed out and stood together with the Hundred Feet Worm King and the Silver Bone Bear King!

They were very nervous. Be it the Hundred Feet Worm King or the Silver Bone Bear King, they had both been famous for a long time and had extraordinary combat strength. It was not something they could resist at all!

Therefore, the three of them were already prepared to sacrifice themselves!

However, after fighting, they realized that the Hundred Feet Worm King and the Silver Bone Bear King were not trying to kill them. Instead, they were testing him!

This immediately made them happy!

"These two guys aren't really trying to snatch the stone tablet. They must have come in advance to investigate. Let's deal with them carefully and wait for help!"

The three Heaven Realm experts reached a consensus and fought the Hundred Feet Worm King and the others.

However, this battle more or less looked a little funny. Both sides were only testing each other and did not attack ruthlessly at all. It was very strange.

Zhou Hao smiled and could not be bothered. He directly entered the stone tablet space. This time, after having done it before, his speed immediately increased a lot. Not long after, he retrieved the energy stone.

Then, Zhou Hao hurriedly walked out of the forbidden space.

There were many ancient beasts under the stone tablet. Zhou Hao did not want to fight them.

After leaving the forbidden area, Zhou Hao immediately ordered the Hundred Feet Worm King to retreat.

The Hundred Feet Worm King was happy. After all, this was the territory of the humans. It was more or less worried. Although it trusted Zhou Hao, it did not trust the other humans!

However, just as they were about to leave, an extremely powerful storm sounded from the distant sea and roared!

At this moment, Zhou Hao's expression instantly changed!

Chapter 658 - Arrival of the Sea Beasts

Chapter 658: Arrival of the Sea Beasts

The distant sea breeze whistled as it blew towards the shore, making people feel like they could not stand steadily.

Moreover, the surrounding wind sound also became louder and louder. Countless sea winds swept across the sea, instantly raising a huge wave on the entire sea!

The waves gradually became stronger and stronger until it turned into a tsunami. The tsunami immediately raised waves as tall as a five-story building and slapped crazily towards the shore!

Seeing this shocking scene, the expressions of the group of people in front of them immediately became incomparably afraid. Everyone's faces were filled with fear and shock as they watched this scene in a daze, unable to return to their senses for a long time!

"It's the sea beasts... The mutated beasts from the bottom of the sea are here?"

When Zhou Hao saw this shocking scene, his breathing instantly became hurried!

It had to be known that because underwater mutated beasts hid at the bottom of the sea all year round, it was very difficult for humans to detect their strength.

Moreover, the strength of the underwater mutated beasts was much stronger than the mutated beasts on land. Each of them was a powerful opponent that could not be underestimated!

Even though Zhou Hao was experienced and knowledgeable, he still inevitably felt fear and a chill run down his back when he saw the huge commotion at the sea level!

He retreated nervously and subconsciously wanted to avoid fighting these mutated beasts at the bottom of the sea.

This was because he knew that these mutated beasts at the bottom of the sea had definitely appeared at this moment to compete with them for the energy source of the stone tablet!

Thinking of this, Zhou Hao immediately secretly took out his communication device and prepared to send a message to Senior Ji, telling her to leave this place as soon as possible and to stop putting on an act!

On the other side, Senior Ji and the others also saw the sea beast that had suddenly appeared!

The might of the sea beasts could not be underestimated. If they were attacked from both sides by the sea beasts and the mutated beasts under the stone tablet, they would be in danger!

Instead of intervening at this moment, it was better for them to watch the sea beasts and the mutated beasts fight from afar. It was better for them to hide and watch the sandpiper and clam fight!

The underwater mutated beasts had originally wanted to snatch the energy source of the stone tablet.

If they fought, they wouldn't have to put on an act here. It would also be more realistic and believable.

The heavens were really helping him!

Ji Yaoyue was about to tell Zhou Hao this news when she looked up and saw that the Hundred Feet Worm King and the Silver Bone Bear King were already frightened out of their wits!

"Damn! What is this?!"

The Hundred Feet Worm King was so frightened that its expression changed drastically, and its entire body trembled uncontrollably.

Such violent waves and ferocious tsunamis were clearly caused by the true ferocious mutated beasts at the bottom of the sea!

The Silver Bone Bear King was also shocked. Its eyes were filled with horror, and it was so shocked that its scalp began to tingle!

The Silver Bone Bear King jumped onto the Hundred Feet Worm King's body and roared, "Run! The mutated beasts are here. Run for your life!"

When Ji Yaoyue saw this, she immediately could not help but sweat.

They seemed to have forgotten that they were also mutated beasts and were actually frightened by the mutated beasts at the bottom of the sea. It was really embarrassing!

Fortunately, the few people she brought over did not discover anything. Their expressions were still incomparably calm as they looked indifferently into the distance. Then, they turned around and said, "Senior Ji, let's hide first!"

"Alright!"

Ji Yaoyue nodded and immediately retreated to the shore with the group.

At the same time, Zhou Hao, who was hiding in the distance, carefully put away the energy source and hid in the dark to observe the enemy.

They could not leave this place for the time being. They had to quietly observe the surrounding situation before making a decision!

Otherwise, if they chose to leave now, if they were discovered by the mutated beasts guarding the stone tablet and the mutated beasts from the bottom of the sea, it would cause a pincer attack. At that time, they would definitely be in danger!

Therefore, they could only choose to stay put!

At the same time, in the distant sea, the tsunami immediately became even faster and more violent than before!

Immediately after, large waves immediately appeared on the vast sea level!

In the waves, countless incomparably long and narrow huge tentacles rushed out. Looking carefully, it was actually a crab that was a hundred meters wide and a hundred meters long!

This crab was different from ordinary crabs. Not only was it huge, but it also had a thick and long tail!

It suddenly raised its tail and smashed heavily towards the sea level. In an instant, it emitted a loud bang that tore through the air!

Immediately after, countless waves were instantly raised and sprinkled onto the surrounding ground!

“Heavens, this underwater mutated beast is really too powerful...”

Zhou Hao, who was hiding and observing, was immediately shocked by the scene in front of him!

He looked into the distance in shock, especially when he saw the incomparably valiant ferocious beast roar at the sky, he was immediately shocked until his ears trembled violently!

“Could... could this ferocious beast be... the legendary... Bone Eroding Giant Crab?”

Zhou Hao had once read about this Bone Eroding Giant Crab in an ancient book. It was an ancient mutated beast. Not only was it huge, but the armor on its entire body was incomparably hard. It could be said to be invincible!

Its two huge pincers were also powerful and could cut iron like butter!

Moreover, the water pressure pillar it spat out could forcefully pierce a huge hole in the stone!

Its roar would also form a violent shock wave in the air, shocking everything within a five-kilometer radius.

If such a ferocious ancient mutated beast appeared here, all the mutated beasts within a radius of five kilometers would probably not be its match!

Roar!

A furious roar instantly exploded, and then a violent sound immediately whistled from his surroundings. Zhou Hao looked up in shock and saw that the Bone Eroding Giant Crab was already stepping on the waves and quickly walking towards the shore!

Boom! Boom! Boom!

The Bone Eroding Giant Crab's body was huge. When it stepped on the land, it also emitted a violent sound, shocking the surrounding ground to tremble violently!

Roar! Roar!

At this moment, a violent roar sounded from the left. This roar resounded throughout the entire horizon, and even the surrounding ground trembled because of this violent sound!

Seeing this, many people present were immediately stunned by the scene in front of them!

Countless small rocks kept condensing around the stone tablet. More and more rocks gathered until they formed the shape of a dinosaur skeleton!

Chapter 659 - Intense Battle

Chapter 659: Intense Battle

When Zhou Hao saw this, he was immediately shocked until his scalp went numb and his entire body trembled.

He looked at the mutated beast in the distance in shock. He did not expect this mutated beast to be a huge stone skeleton formed by the rocks around the stone tablet.

Zhou Hao looked at the mutated beast formed by the stone tablet in the distance in shock, feeling incomparably shocked!

He did not expect this stone tablet beast to have such a special ability!

Soon, the stone tablet beast rushed towards the Bone Eroding Giant Crab at lightning speed under the gazes of everyone!

It let out a furious roar and raised his sharp claws. It roared and quickly attacked the Bone Eroding Giant Crab!

Boom!

A violent sound instantly sounded. This attack could be said to be very powerful and fast. It even exploded with a violent buzzing sound in midair!

“Hehe, how dare you go against me! You’re courting death!”

After the Bone Eroding Giant Crab saw this scene, a sneer appeared on its face. A mocking expression immediately flashed in its sharp crab eyes!

Immediately after, it quickly waved its crab claw and hammered the head of the stone tablet beast!

The Bone Eroding Giant Crab waved its huge claws very quickly. There were even rumbling sounds erupting in the air!

Immediately after, a loud bang sounded!

A sharp sound of an iron weapon colliding sounded. Then, the entire sky seemed to have instantly exploded, making everyone’s expressions shocked and incomparably at a loss!

“Heavens, I think I’m going deaf...”

When the few people hiding around saw this, they were both shocked and panicked!

They did not expect the battle between two valiant experts and mutated beasts to be so powerful!

In the next moment, everyone was shocked!

The stone tablet beast’s pale body flashed like a beam of light as it quickly smashed down from the sky and instantly fell into the ground!

Clang!

The entire ground seemed to have shattered from the trembling, raising large amounts of dust!

Countless gravel filled the surroundings, making the scene look very grand!

In midair, although the Bone Eroding Giant Crab did not have any expression, for some reason, everyone seemed to see its proud gaze!

This scene made the surrounding people think that the stone tablet beast was something insignificant.

“Damn, did you guys see that? That Bone Eroding Giant Crab is a little too powerful...”

“That’s right. It instantly swatted the stone tablet beast into the ground. Such strength is really shocking!”

“The ability of the Bone Eroding Giant Crab is really powerful. It’s not something we can compare to at all!”

However, soon, the ground shook violently!

Immediately after, the stone tablet beast that was flickering with white light instantly exploded with a heart-wrenching roar. Then, it quickly emerged from the huge pit that had been smashed into!

The stone tablet beast no longer had its previous awe-inspiring appearance. Now, it looked like a piece of trash that had been beaten very miserably.

Originally, its body was still filled with a faint light. But now, that light had instantly disappeared.

A deep cut appeared on its body, and large drops of blood flowed out.

At this moment, the Bone Eroding Giant Crab in front of it was staring fixedly at the distant stone tablet beast. Its blood-red eyes were filled with anger and seriousness!

In fact, it had made thorough preparations to snatch the energy source from the stone tablet this time. It was completely confident in its ability.

But now, it suddenly realized that it seemed to have been looked down upon!

This was the first time the Bone Eroding Giant Crab felt so angered by a mutated beast!

Especially when the stone tablet beast looked at it like it was looking at an ant!

Roar! Roar!

The Bone Eroding Giant Crab suddenly roared angrily, and then large areas of killing intent spread out!

Countless energy whistled over from the surroundings. Even the air exploded with incomparably sharp roars!

Waves of dark clouds immediately gathered in the violent wind and quickly smashed down!

The Bone Eroding Giant Crab also planned on using this opportunity to deal with the stone tablet beast. Therefore, it immediately rushed towards the stone tablet beast valiantly!

Waves of sharp sounds sounded. Then, the Bone Eroding Giant Crab opened its bloody mouth and rushed towards the stone tablet beast!

A second ago, the stone tablet beast was still thinking about what to do. However, soon, when it realized that the Bone Eroding Giant Crab was already in front of it, it was too late!

“Roar! Roar!”

The Bone Eroding Giant Crab’s bloody mouth instantly opened, and then it bit into the stone tablet beast’s body.

The stone tablet beast widened its eyes in shock and disbelief. It looked at the Bone Eroding Giant Crab in front of it in a daze and did not even have the strength to roar!

It only felt that its strength seemed to be dissipating bit by bit. Other than that, it did not feel anything else.

The stone tablet beast widened its eyes unwillingly and frowned at the Bone Eroding Giant Crab in front of it.

However, no matter how unwilling it was, at this point, it could only obediently admit defeat.

The stone tablet beast’s body was shattered, but it still could not help but look at the Bone Eroding Giant Crab nervously, as if it was worried that the other party would suddenly attack it.

As expected, the Bone Eroding Giant Crab found that the stone tablet beast was already prostrating itself on the ground. A sneer appeared on its face before it roared at it, immediately scaring the stone tablet beast until its entire body trembled as it looked at it in fear.

The Bone Biting Giant Crab swept its gaze around and took a deep breath. Then, it directly pulled the stone tablet from the ground. It seemed that it was prepared to directly snatch this stone tablet.

Despite being so valiant, the minds of these mutated beasts were still very simple. It directly pulled the stone tablet and left, not caring to check if the thing it wanted was inside.

Seeing this huge crab pull the stone tablet and plunge into the sea proudly, Zhou Hao coughed dryly and touched his nose. If the other party knew that he had taken the energy source of the stone tablet, would it go crazy?

Chapter 660 - Blood Bat King

Chapter 660: Blood Bat King

Zhou Hao was a little embarrassed. After all, this Bone Eroding Giant Crab had spent a lot of effort. It had even lost a leg because of this. This was a huge loss for it!

However, if it suddenly discovered that it had spent so much effort and paid such a huge price to obtain a useless stone tablet, it would definitely be furious!

Zhou Hao shuddered and was very worried. He hurriedly took the energy source of the stone tablet and returned to the spacecraft. Without saying a word, he placed it in the energy cabin.

In this way, he had also obtained the energy source of the second stone tablet!

Zhou Hao heaved a sigh of relief. At this moment, Ji Yaoyue's message arrived. Zhou Hao sent her a location, and then Ji Yaoyue rushed over.

Seeing that the energy source of the stone tablet had landed in the energy cabin, she heaved a sigh of relief.

"We're just missing the last one. After that, I can relax."

Ji Yaoyue smiled and said.

Zhou Hao was the same. Only after dealing with the last one could the problem be considered to be resolved!

“By the way, Zhou Hao, did you see that Bone Eroding Giant Crab? I didn’t expect it to appear. There are really many enemies in the deep sea that are difficult for us to kill. Sigh... I’m very worried when I think of this.”

Ji Yaoyue said gloomily. Even Zhou Hao was the same.

“Senior Ji, I feel that the mutated beasts don’t seem to be as peaceful as we think. If we can cause the mutated beasts on the island to fight the mutated beasts in the sea, perhaps it can reduce the pressure on us!”

After saying this, Ji Yaoyue’s expression immediately changed.

“Do you have any ideas?”

Since Zhou Hao could say this, he naturally had a plan. Otherwise, why would he say this out of the blue?

Zhou Hao smiled and scratched his head. “My idea is a little unreliable. I think we can use this stone tablet as bait to let the mutated beasts on land and the mutated beasts in the sea fight!”

After saying this, Ji Yaoyue was stunned for a moment and could not help but say, “Isn’t this too risky?”

Zhou Hao also felt the same way, but he still said, “If we can get a fake stone tablet, we might be able to do it. However, we can only do this once. If we do it a second time, I’m afraid no one will be fooled.”

Ji Yaoyue also nodded.

“Alright, let’s not talk anymore. In the eyes of the others, one of the stone tablets has gone missing, and the other has been stolen by a sea beast. The entire human race has exploded. I have to go for a meeting.”

Ji Yaoyue smiled bitterly and left.

After she left, Zhou Hao did not stay idle and immediately analyzed.

“Little Yu, other than providing energy to our Luo God Warship, what else can this energy source do?”

After Zhou Hao finished speaking, Thousand Feather Armor immediately analyzed and said.

“Reporting to Master, the energy of this stone tablet is very pure. Other than controlling the power of the soul, it can also increase mental strength. However, although Master’s

mental strength is enhanced by the spirit gem, it is still far from reaching the standard that this Soul Control Stone can emit.”

Thousand Feather Armor’s answer made Zhou Hao very depressed.

“Since this thing is a Soul Control Stone, do you have a way to make it useful?”

Zhou Hao continued to ask.

Thousand Feather Armor said directly, “Master, this Soul Control Stone has a unique control technique. This technique is very special and I don’t think I’ll be able to do anything.”

Zhou Hao knew that Thousand Feather Armor was helpless, but the frog might not be!

“How do I use this?”

Zhou Hao had brought back two. If this thing could be used to control mutated beasts, it would be really impressive!

This was undoubtedly an extraordinary contribution to the human race!

“Hehe, you want to control mutated beasts with it, right? Your current mental strength is simply not up to par. You’ll still need to wait two years before we can talk about doing anything with it!”

The frog said bluntly, making Zhou Hao helpless!

“I don’t believe that I’m not able to use this thing at all,” Zhou Hao said gloomily.

“Sigh, unfortunately, it can’t be helped. It can only be used on your spaceship for now. It can’t be used anywhere else!”

Zhou Hao was very depressed when he heard the frog say this. However, he had no choice but to sigh.

“Alright!”

Zhou Hao shrugged.

The first and second stone tablets had already been resolved. However, Zhou Hao and Ji Yaoyue were still worried about the third one!

“Once that sea beast discovers that the stone tablet it risked its life to take is useless, it will definitely go crazy. At that time, it will definitely come for the last stone tablet. Therefore, we still have to act as fast as possible. Do you have any solutions?”

The first two methods were all Zhou Hao's and they were very successful. This time, Ji Yaoyue still hoped that Zhou Hao could once again come up with a good plan to resolve the third stone tablet!

Zhou Hao was also a little depressed, but he smiled.

"I can't use the first method again, but that doesn't mean I can't use the second method twice. After all, the second stone tablet has been taken away by the sea beasts. The mutated beasts on the land will definitely not be able to sit still for the third stone tablet. Therefore... I can get them to put on an act again!"

Zhou Hao felt that his idea was very good.

However, at this moment, he received a message from the Hundred Feet Worm King.

"Master, not good. The Blood Bat King plans to personally snatch the stone tablet!"

As soon as this information appeared, Zhou Hao was stunned on the spot, and so was Ji Yaoyue!

"What? The Blood Bat King? That's... that's a mutated beast infinitely close to the Saint Realm. What was it doing here?!"

Ji Yaoyue was very shocked.

"Master, the Blood Bat King has already begun to depart. It is estimated to arrive in... three hours!"

The Hundred Feet Worm King sent another message. These words made Ji Yaoyue and Zhou Hao's expressions turn extremely ugly!

"This Blood Bat King's combat strength is outstanding. If he attacks personally, I'm afraid our human race can only use Saint Realm martial artists. Otherwise, we won't be able to deal with this guy at all!"

Ji Yaoyue was extremely anxious. Without saying a word, she immediately contacted Battle God Lingtian as well as the experts of the various families.

Finally, a total of five half-step Saint Realm experts headed towards the third stone tablet!

There was a half-step Saint Realm expert from the Super Organization, an expert from the Global Auction House, and an expert from the capital. The remaining two were Ji Yaoyue and Lingtian!

The five of them had grand auras and directly arrived at the third stone tablet. Zhou Hao also rushed over.

At this moment, he saw a change in the sky in the distance. A huge shadow arrived with huge wings that covered the sky and sun. Its huge eyes emitted a terrifying coldness!

Needless to say, this guy must be the Blood Bat King!

Seeing this, the expressions of Zhou Hao and the others immediately changed!

Chapter 661 - An Egg

Chapter 661: An Egg

The Blood Bat King was the mutated beast expert closest to the Saint Realm. Not only that, but the Blood Bat King's bloodline was noble and had existed for a long time. It had an influential position in the Mutated Beast Alliance!

Most importantly, the Blood Bat King inherited its bloodline from a true Saint Realm old demon, the Blood Bat Emperor!

In the entire human race, there were only three Saint Realm experts who could compete with him!

At this moment, seeing the Blood Bat King suddenly flash over with an endless bloody rain, Zhou Hao, Ji Yaoyue, and the others were freaking depressed!

They had never expected that their show last time would actually completely anger the Blood Bat King!

Originally, Zhou Hao had only arranged for the Hundred Feet Worm King and the others to compete for the energy source of the stone tablet. Who knew that the Blood Bat King ended up finding out about this? In the end, this guy also wanted to compete for the energy source of the stone tablet!

"What should we do?"

When Ji Yaoyue saw this, she hurriedly whispered to Zhou Hao.

Zhou Hao took a deep breath and could only nod. "Now, we can only rely on the ancient beast guarding the stone tablet to last a little longer!"

After Zhou Hao finished speaking, he did not hesitate at all and landed on the island without saying a word. He was waiting for the Blood Bat King to face the ancient beast guarding the stone tablet before immediately entering and finding an opportunity to obtain the energy source!

The Blood Bat King stirred up a violent wind as it rushed over. Its powerful strength even forced the two Battle Gods, Ji Yaoyue and Lingtian, to avoid the light!

They stood in the void and hid. The Blood Bat King flapped its huge wings and landed on the island. Its powerful cultivation exploded and enveloped the surroundings!

In the forest around the stone tablet, an extremely terrifying aura also quietly woke up. However, this aura was still inferior to the Blood Bat King!

It was a huge black alligator with huge fangs. It was very terrifying. At this moment, it looked at the Blood Bat King and raised waves of violent wind that whistled continuously.

"Hmph, this stone tablet belongs to my Mutated Beast Alliance!"

The Blood Bat King spoke in the human language and bombarded the big alligator.

The Blood Bat King's strength was very powerful. Being infinitely close to the Saint Realm, its endless cultivation spread out, condensing endless blood-colored aura in this storm.

This blood-colored aura was the Blood Bat King's technique. The moment it appeared, a corrosive power spread out and caused all the living beings on the island to melt faster.

Zhou Hao immediately frowned!

"Damn, this blood-colored aura is actually corrosive!"

Zhou Hao was very helpless and could only crawl underground. His Thousand Feather Armor's level was very high and he was not afraid of the corrosive power at all. However, Zhou Hao was still worried that they would discover him and cause his plan to fail!

Zhou Hao took a deep breath and waited quietly.

The huge alligator and the Blood Bat King fought directly. A huge storm exploded on the sea, causing dark clouds to fill the sky and violent winds to blow.

When Zhou Hao saw this, he hurriedly entered the forbidden area and arrived under the stone tablet. With his experience from the last two times, he naturally knew what to do.

However, when he opened the bottom of the stone tablet and found the energy source, he was immediately stunned!

This time, the energy source had already cracked. A huge stone egg was placed at the side. Zhou Hao could clearly see a force being slowly absorbed from the energy source and entering the stone egg!

“This...”

Zhou Hao’s eyes immediately widened in disbelief. What kind of mutated beast was this? It was actually using this energy source to wake itself up.

Of course, Zhou Hao did not recognize what it was. He immediately called out the frog and the divine soil. The two of them were also frightened when they saw this!

“Damn, this... this is actually a freaking Neksa!”

These words stunned Zhou Hao.

“What are you talking about?” Zhou Hao could not help but ask.

“This is someone from the freaking Neksa Race. They had been destroyed for several eras. I didn’t expect to see one on Planet Earth!”

After the frog finished speaking, Zhou Hao was even more puzzled.

“It’s still alive? Also, did you say that the Neksas are very powerful?”

Zhou Hao had heard and seen alien creatures before, but he had never seen them before. He only knew a few from the frog.

However, since the frog was so shocked, Zhou Hao knew that this Neksa must be very powerful!

“From the looks of it, it should take a while for it to wake up. However, this energy source is already useless. The energy inside has basically been absorbed. Let’s go.”

Zhou Hao looked at the egg and could not help but ask, “Then what should we do with this egg? Should we just hand it to the Mutated Beast Alliance?”

After Zhou Hao finished speaking, the frog shook its head.

“This egg... is a problem. If I don't take it away, there will definitely be problems in the future. How about this? Take it. Find a time and put it in the universe, let it fend for itself.”

The frog's words made Zhou Hao frown. He could not help but say, “Isn't it too cruel to leave it to fend for itself?”

The frog shook its head. “Cruel? What's there to be cruel about? Are you going to raise it?”

Zhou Hao kept feeling that there was something wrong with the frog's words. For the frog to be against him raising it, there must be some secret. It was just that the frog was unwilling to tell him what this secret was.

Zhou Hao blinked and was a little curious. However, he did not ask and simply stuffed the egg into his backpack before leaving the forbidden area.

Seeing Zhou Hao come out, Ji Yaoyue and the others heaved a sigh of relief.

“How was it? Did you take it out?”

Ji Yaoyue and the others were only concerned about the energy stone. As for the Blood Bat King and the big alligator, it was best for them to kill each other!

“That stone tablet is broken, and so is the energy source inside,” Zhou Hao immediately said.

“It's broken? Really?” Ji Yaoyue asked in surprise.

“Of course, I've already checked. It's useless even if they obtain it. That energy source is no different from an ordinary stone.”

After Zhou Hao finished speaking, Ji Yaoyue nodded.

“In that case, this matter has been resolved. There's no need for us to stay here anymore.”

As he spoke, Ji Yaoyue and Battle God Lingtian left directly. Zhou Hao swept a glance at the Blood Bat King and the big alligator and ignored them before leaving immediately.

These mutated beasts that were infinitely close to the Saint Realm fought crazily, causing a huge commotion.

However, not long after, the Blood Bat King still defeated the guardian and returned to the depths of the spatial rift with the energy stone.

Regarding this matter, the humans were naturally worried, but there was nothing they could do. Only Ji Yaoyue and a few others knew that the energy stone was already useless.

After Zhou Hao returned, he hid the egg. Since the frog had said to throw it away, he would throw it away. Zhou Hao couldn't keep it anyway.

"Sigh, the technology on Planet Earth is too poor. There aren't many raw materials either. There are many good things that can't be made. How depressing!"

The frog sized up the Luo God Warship and sighed.

Chapter 662 - Thirteenth Ancient Ruin

Chapter 662: Thirteenth Ancient Ruin

Zhou Hao asked curiously when he heard this.

"What do you want to make?"

The frog immediately smiled. "Of course it's something good. It won't be long before we enter the universe. We naturally have to prepare some good stuff."

When Zhou Hao heard this, he immediately glared.

"What? We're going to the universe? What do you mean?"

Planet Earth had yet to be resolved and he was actually going to the universe? Zhou Hao really did not understand.

"Nothing. We'll have to go to the universe sooner or later. It's almost time."

The frog waved its hand, making Zhou Hao confused. However, he ignored it and continued to train in his training room.

Zhou Hao's improvements were getting smaller and smaller. Although he had the spirit gem, his physical improvement was very slow, and so was his cultivation level.

Perhaps this was related to the increase in his bodily functions!

The Ancestral Physique he cultivated was an extremely precious technique in the universe that could infinitely increase his physical strength!

From this alone, it could be seen that this Ancestral Physique was different.

“Your Ancestral Physique is also about to break through, Soon, you will reach the peak of the first stage. Find a time to break through and experience your new strength.”

The frog smiled, but its eyes were filled with worry.

Zhou Hao could naturally tell. He also smiled. “Don’t worry, I know what to do!”

After the matter of the three stone tablets was resolved, things became relatively quiet. However, the humans lived in fear. After all, in their eyes, the mutated beasts in the sea took one stone tablet, and the Mutated Beast Alliance in the spatial rift took another.

They were worried that these two stone tablets would change them greatly, but only Zhou Hao and Ji Yaoyue knew that it didn’t matter. Therefore, they did not care.

Soon, three months passed.

Zhou Hao’s cultivation had already reached the fourth-grade Heaven Realm and was very powerful. His Ancestral Physique had also reached the stage of breaking through.

At this moment, Zhou Hao was sitting cross-legged in his training room. He was already completely prepared. The aura in his body was very huge, and the frog beside him was on tenterhooks.

“The breakthrough of the Ancestral Physique is about weight loss. It’s very simple and straightforward. Zhou Hao, the only thing you can do is persist, understand? As long as you persist, you will succeed!”

After saying this, Zhou Hao nodded.

He had already circulated the Ancestral Physique cultivation technique. In an instant, Zhou Hao felt a very hot force being released from his body!

“The Ancestral Physique cultivation technique has been circulated. Begin!”

Thousand Feather Armor’s voice also sounded in the training room, prepared to save Zhou Hao at any moment.

The moment Zhou Hao felt this heat, he felt endless pain!

The pain was simply everywhere. If anyone saw Zhou Hao from the outside, they would definitely be shocked.

At this moment, his body began to tear apart, and countless cracks appeared on his body. Blood flowed down. Not only that, but the bones in his body also emitted cracking sounds as they shattered!

“How... how ruthless. Is this the Ancestral Physique? I thought that my tolerance was already very high, but I still underestimated the Ancestral Physique!”

Zhou Hao was very shocked. He gritted his teeth and persisted, relying entirely on his willpower!

This force was very fast and destroyed everything in Zhou Hao's body. It even destroyed all the functions in Zhou Hao's body, making him look like a pile of rotten meat!

Moreover, this rotten meat was even being roasted and tempered by the hot force!

Zhou Hao was in unbearable pain. Fortunately, his willpower was firm and he could still persist.

Slowly, all of his body melted, leaving only a spirit gem floating in the air and an extremely deep power core rolling there.

That was everything that was left of Zhou Hao.

At this moment, Zhou Hao could still sense his essence power being protected by the power of the Ancestral Physique.

Not long after, Zhou Hao felt this force gradually emit, stimulating his body and cells to quickly regenerate!

Zhou Hao was very shocked!

“This Ancestral Physique is indeed extraordinary. My shattered body can actually condense essence energy on my body. In other words, every cell in my body has been injected with essence energy. They have all been nurtured by essence energy!”

“This is drastically different from the Body Tempering Fluid!”

Zhou Hao was very shocked. Slowly, the power of the Ancestral Physique began to condense. Zhou Hao's body gradually grew, and it looked the same as before.

However, Zhou Hao could clearly sense that the moment this strength appeared, Zhou Hao's physical strength exploded with a bang.

Almost half an hour later, Zhou Hao slowly opened his eyes. At this moment, he had already completely fused with this new body.

Zhou Hao was very confident in his current body and immediately said, "Little Yu, test my current body."

Thousand Feather Armor immediately scanned it and said respectfully, "Reporting to Master, at your current physical level, you can reach the third-level life form. However, you will still be considered as an ordinary life form. In the universe, you are still ranked at the bottom."

"But on Planet Earth, your body can definitely be ranked in the top ten!"

After saying this, Zhou Hao was also somewhat shocked. He was not shocked that he was still ordinary in the universe, but that his ranking on Planet Earth was not high.

"Tch, you've only broken through to the first stage. Didn't you hear Thousand Feather Armor say that you're an ordinary life form and a third-level life form? Basically you're still trash."

The frog was not so polite and immediately made Zhou Hao speechless.

After breaking through, Zhou Hao could clearly sense that his strength had improved greatly. That feeling was very wonderful.

"My current physical strength has already reached the first stage of the Ancestral Physique. Although it's not very powerful, my combat strength is enough for me to fight a half-step Saint Realm expert!"

Zhou Hao felt that his combat strength had at least doubled.

"My body is already very strong now, and so is my mental strength. It can be said that there are basically no loopholes!"

Zhou Hao was very satisfied. Such combat strength could be said to be the most omnipotent. Be it his body, speed, or mental strength, as long as he continued to increase them at the same time, Zhou Hao felt that his potential could definitely be fully developed.

After training in the training room for a long time, Ji Yaoyue called him. Zhou Hao hurriedly picked it up.

"Zhou Hao, the thirteenth ancient ruin, an underground palace in the deep sea, just opened. I want you to lead a team and go in there to train."

Zhou Hao was stunned for a moment.

Zhou Hao still knew a little about the thirteenth ancient ruin. These ancient ruins were confidential to the public, but as the subordinate of Senior Ji of the Fire God Team, he basically knew everything.

The thirteenth ancient ruin was not very dangerous. On the contrary, it was rumored that there was a very high-level training base in the ruins. It was definitely good for him to go.

Chapter 663 - Trial

Chapter 663: Trial

Zhou Hao did not expect to be sent to explore the thirteenth ancient ruin.

He had never expected such a thing to happen.

“Senior Ji, you want me to go in and train?”

“Of course, you’re a good seedling now. If any good opportunities come up, I naturally have to think of you. The level of the training base there is extremely high. Even we humans can’t find it. Therefore, the spots are limited. Only people from elite teams are qualified to enter,” Ji Yaoyue immediately said.

Zhou Hao was a little touched. He did not expect Senior Ji to be thinking about him.

“You want me to lead a team?”

Zhou Hao hurriedly asked in confusion.

“Yes, you will be leading the team. You will still be leading Scholar and the others. After you enter, you have to be careful, understand?”

Zhou Hao nodded and was not too worried.

“Alright, when are we leaving?” Zhou Hao asked.

“I’ve already arranged it. There’s no time to lose. You guys can go now. The thirteenth ancient ruin is not very dangerous, but the failure rate can still reach about 10%.”

This number was already very good. After all, the ancient ruins were filled with danger. To be able to reach 10% was already quite low.

Moreover, Zhou Hao was confident that he would even be able to resist a half-step Saint Realm expert!

That afternoon, Zhou Hao and the others went to the deep sea together.

In the submarine, Veteran was very happy to see Zhou Hao.

“Captain Zhou, we’re so relieved that you’re leading the team this time. Hahaha.”

Ever since the last incident, Veteran could be said to be extremely respectful to Zhou Hao. Even the usually arrogant Xue San was the same.

Scholar had a meticulous personality and also respected Zhou Hao very much.

“You can’t say that. If not for you guys last time, I would have died too,” Zhou Hao said with a smile.

“Hahaha, that’s what I like to hear!” Veteran’s personality was still the same, straightforward.

“Alright, veteran, cut the crap. Captain Zhou, how much do you know about the ruins this time?” At this moment, Xue San said solemnly.

Zhou Hao shook his head. “I really don’t know much. I know very little about this ruin. Brother Xue, do you know a lot about this ruin?”

Xue San nodded. “This ruin has opened twice and a few seniors have entered. They weren’t in any danger, but they didn’t obtain the greatest treasure inside. I heard that the treasure is a training base, but I haven’t grasped the exact details. This is because every person’s training base is different. There is a mental strength training base, physical training base, and even combat techniques training base. Although there aren’t many dangers, it still takes a long time to go through them. The time can be anywhere from seven days to five months.”

After Xue San finished speaking, Zhou Hao was stunned for a moment.

“I see. In that case, it’s a good thing for us.” Zhou Hao nodded.

“Yes, but nothing is absolute. After all, the greatest treasure has yet to be opened. We don’t know if there’s any danger inside. We still have to be prepared. After all, that’s an ancient ruin. We can’t just treat it as an ordinary place” Xue San said solemnly.

Zhou Hao had experienced the strangeness of the mental world of the Moro Race last time. However, this thirteenth ancient ruin was thousands of kilometers different from the Moro Race's ancient ruins. He was only going to the training base of the ancient ruin. Although it was still a ruin, the danger level was definitely not comparable to the Moro Race!

"Of course, other than the ruins, we also have to be careful of these sea beasts. We humans have only explored 20% of the deep sea world. We don't even know how many powerful mutated beasts there are in the deep sea."

"Therefore, unless necessary, we rarely enter the deep sea!"

Xue San's words made Zhou Hao take a deep breath. 70% of Planet Earth was the deep sea. There were naturally countless mutated beasts in the deep sea. In such a huge number, they did not know how many of them were Saint Realm mutated beasts!

The situation had always been extremely tense for humans!

Soon, they arrived at the location. This was the 8,000 meters deep sea. This was the first time Zhou Hao had come to the deep sea. He was wearing the Thousand Feather Armor and was extremely careful.

After hiding the submarine, they arrived at the huge pit in the deep sea. Under this pit was the thirteenth ancient ruin.

Originally, this place was filled with a strange magnetic field that prevented everyone from entering. However, now that the magnetic field had weakened a lot, Zhou Hao and the others did not have to spend any effort to enter the deep pit.

Not long after, specks of light came from the bottom of the pit. Finally, it became brighter and brighter, and then they saw a huge castle.

This thing was very dazzling. It was all embedded with shells and pearls and looked incomparably luxurious.

Zhou Hao was shocked. He looked at the thirteenth ancient ruin and was a little surprised.

"It's said that this thirteenth ancient ruin is a secret base built in the deep sea to nurture some martial artists. Later on, it was discovered by the Battle God Battalion and was sealed. It has never been moved."

Xue San knew a lot about the thirteenth ruin. Presumably, he had done his homework before coming!

"How are we supposed to get in?" Zhou Hao asked.

“We can just enter from the front door.”

As Xue San spoke, he directly walked down. The front door of the palace was very large. The four of them landed in front of the door and slowly pushed it open.

The four of them walked in and were immediately shocked.

There was seawater outside, but there was not a single drop of water inside the hall!

This made Zhou Hao dare to be mysterious!

“What an interesting place!”

There was nothing in the hall. Instead, there were more than ten pillars surrounded by words.

Zhou Hao swept his gaze over. “Mental strength training base, physical strength training base, combat technique training base, cultivation technique training base, strength training base...”

There were more than ten types in total, and they were very detailed. Zhou Hao smiled and looked at the few of them.

“Of course I chose the physical training base!”

Without saying a word, Veteran walked in front of the pillar and stretched out his hand to place it on the pillar. In the next second, Veteran was sucked away by the pillar as he was enveloped by a shining light.

“He has entered the training space inside this pillar. We’re not idling either. Let’s take our pick.”

Xue San smiled and chose to focus.

As for Scholar, he chose the cultivation technique training base.

Seeing that they had all entered, Zhou Hao was somewhat depressed. After thinking for a moment, he still clicked on the strength training base. Then, he was directly sucked in fiercely by the suction force produced by the pillar!

In the next second, Zhou Hao appeared in a small but sealed room with no exit.

There were tall walls around him with many words engraved on them.

Chapter 664 - Five Years

Chapter 664: Five Years

Zhou Hao looked at these words and immediately took out the device.

This device entered many ancient words. Under the translation of this device, Zhou Hao understood them.

“Challenge Mission: Within the time limit of five years, break the barrier around the secret room in order to leave. If you can’t open it in five years, you will die!”

“Five years? If you fail, you will die?”

Zhou Hao immediately felt worried!

“Didn’t they say that there would be no danger? Why does it say that I will die if I fail?”

Zhou Hao was very worried. Moreover, if he could not break the surrounding barrier, he would have to stay here for at least five years. In those five years, they would definitely think that he was dead. Therefore, he had to send a message...

He hurriedly took out his device and realized that it had lost its signal!

He frowned tightly. In this deep sea palace, it was like he was trapped inside a special magnetic field and could not communicate with the outside world at all!

If he really trained in this palace for five years, what would the people outside think?

They would definitely think that he was dead!

“This strength mission actually gave me a time limit of five years. At that time, the entire outside world will think that I’m dead! Even Xu Ling will think that way.”

“What should I do?! What should I do?!”

Zhou Hao instantly did not know what to do!

However, he still hurriedly pulled himself together!

“No, I have to get it out as soon as possible. Otherwise, I’ll definitely be done for!” Zhou Hao sighed in his heart and was somewhat anxious. If he did not resolve this matter as soon as possible, it would definitely not work!

It was fine if he was trapped here for a month or two, but what if he was trapped for seven to eight months?

Perhaps even a year or two!

His family, friends, and Xu Ling in the outside world would all think that he was dead!

Zhou Hao was immediately burning with anxiety. “Damn, if I had known this would happen, I wouldn’t have come!”

He was extremely depressed. Without saying a word, he activated the Ancestral Physique and bombarded the walls. However, these walls seemed to be refined from fine steel and could not be broken!

“Damn it! This damn secret room! Break!”

Zhou Hao gritted his teeth and waved his fists fiercely! Boom! Boom! Boom! The attacks bombarded the wall and carved a large number of patterns. Zhou Hao smashed crazily with his full strength!

“Break!” Zhou Hao shouted at the top of his lungs.

“I don’t want to stay here for five years!”

The continuous bombardment did not cause any cracks on the strange wall.

“Damn it, damn it.” Zhou Hao meditated in the secret room in despair.

Zhou Hao slowly calmed down and analyzed. Since he had been given five years, it meant that it was definitely not easy to break through this wall!

However, Zhou Hao was worried that his family in the outside world would be anxious. It would be best if he could contact the outside world from the palace and tell his parents and girlfriend that he was safe and sound.

Unfortunately, all the signals here were cut off, and they were unable to leave!

Zhou Hao’s eyes were like blades as he looked straight at the drawings and words on the wall.

“I don’t have five years to waste. I have five months at most. I have to break this place open.”

Zhou Hao slowly stood up and carefully comprehended a large number of drawings and engraved words into his mind. After a period of time, the drawings and engraved words had already been absorbed into his memory. The strength techniques on the wall were all recorded in his head!

Zhou Hao began to officially cultivate. The desire to go home was the only reason Zhou Hao persisted!

What he could do now was to turn his yearning to go home into greater motivation and invest 100% of his energy!

Fortunately, there was a lot of food in Zhou Hao's backpack. It was enough for him to eat for a long time. Not to mention a few days, he wouldn't even be able to finish it in a few years!

Zhou Hao forgot to eat and sleep. Other than eating and going to the washroom, he was completely immersed in cultivation!

These techniques of unleashing strength were very different. Compared to Zhou Hao's random punches, they were much more varied!

In the beginning, Zhou Hao did not care. After all, he had the Ancestral Physique and was very powerful to begin with. However, after cultivating these wall techniques, he realized that he had been scattering his strength all this time.

After being divided, the strength that he unleashed on a single point might only be 56% of his full strength.

However, if this power was gathered at a single point, it would be much stronger!

This was the main gist of this strength technique!

This thing looked a little simple, but it was really difficult to cultivate!

Control of strength and restraints on the body were very difficult!

Zhou Hao took a deep breath. With this practice, time passed quickly. It took him an entire month.

Zhou Hao punched every day and left marks on the wall. In the past two days, he punches became much stronger than before!

Zhou Hao seemed to have seen a glimmer of hope and became even more determined.

Time passed minute by minute, and Zhou Hao began to use the same technique day after day!

Finally, five months passed!

In the past five months, Scholar, Veteran, and Xue San had all come out one after another. After they returned and realized that Zhou Hao had not returned, they were all anxious.

“Senior Ji, Captain Zhou... has been in there for five months. What... what should we do?”

The person who spoke was a veteran. He was very nervous and worried.

Senior Ji was the same. His face was filled with worry as he could not help but say, “The thirteenth ancient ruin is not dangerous. Why... would he be in there for five months?”

“Could Zhou Hao have encountered another opportunity?”

Ji Yaoyue could only think so. In her eyes, Zhou Hao’s ability, talent, and even strength were definitely not something they could compare to!

But now, they had all returned, but Zhou Hao had not. What was going on?

“It’s also possible, but... Senior Ji, if he still hasn’t come out after five months, a problem has most likely occurred. Our data shows that on average, people come out after three months. If it’s more than three months, then there’s a problem. So... should we make backup preparations?”

At this moment, the person who spoke was Xue San. He was very calm and said seriously.

“What backup plan?”

At this moment, Ji Yaoyue could not help but ask.

“We still have to persist in the abnormality of the thirteenth spatial rift... Should we also inform Zhou Hao’s parents?”

Xue San was always spot on, so Ji Yaoyue was somewhat uncertain.

“Are we supposed to tell Zhou Hao’s parents the truth? Should we tell them that all the martial artists who have not returned for more than five months can basically be considered to be dead?”

“If we tell them, won’t Zhou Hao’s parents be heartbroken?”

“And most importantly, it’s still too early to tell. How about this? If Zhou Hao doesn’t come out in seven months, we can prepare then and tell Zhou Hao’s parents.”

Ji Yaoyue hurriedly said, but her eyes were filled with deep worry.

Chapter 665 - A Sign of Chaos

Chapter 665: A Sign of Chaos

Ji Yaoyue placed a lot of importance on nurturing Zhou Hao. He was the warrior she was most confident in. If anything happened to him, Ji Yaoyue’s heart would definitely ache!

“The Mutated Beast Alliance is becoming more and more restless. Sigh... It won’t be long before a war breaks out. It’s been many years since there has been a large-scale battle. For so many years, although the Mutated Beast Alliance has been attacking continuously, we all still know that they’re just testing the waters. However, I keep feeling that they’re about to start a war!”

Ji Yaoyue’s words also echoed the sentiment of the others. Ordinary people had felt that the humans had been constantly fighting the Mutated Beast Alliance. However, the higher-ups knew very well that these fights were used to hide some bigger motive!

In fact, they knew that the Mutated Beast Alliance was actually extremely ambitious under this pretense!

At the same time, Zhou Hao was very anxious in the secret room. However, anxiety was useless. He could only try his best to practice the strength-producing technique in the secret room!

Fortunately, Zhou Hao’s comprehension ability was not bad, so he could sense the improvement day by day!

Soon, another four months passed!

Ji Yaoyue sat in her spacecraft and looked at the projection of Scholar and the others with a very nervous expression.

Scholar, Veteran, and Xue San were all somewhat anxious.

“Senior Ji, Captain Zhou... he hasn’t come out yet. What should we do?!”

Especially Veteran. He was already extremely anxious. His relationship with Zhou Hao was the best, but at this moment, Zhou Hao was still trapped in the secret room. Seven months had already passed!

These seven months felt like years to them!

Ji Yaoyue bit her red lip. After a long time, she sighed.

She recalled the time she met Zhou Hao and also the time she stole the energy source with him. She had never expected such a day to come!

“What’s going on? How could there be a problem in the thirteenth ancient ruin?! How is this possible? Isn’t that just an ancient training base?!”

Ji Yaoyue said regretfully!

However, it was too late for regrets!

“Do you think Captain Zhou encountered any opportunities inside?”

At this moment, Xue San said directly!

He also respected Zhou Hao and knew him better. He felt that Zhou Hao was definitely not someone who would die so easily!

He probably encountered opportunities inside!

“That... that’s also possible. I believe that Captain Zhou won’t die so easily!”

Scholar and Veteran hurriedly said.

They definitely did not believe that anything would happen to Zhou Hao in the training base!

“I understand what you mean. Then, let’s wait another three months. If Zhou Hao doesn’t come out by then, we’ll... announce it!”

Ji Yaoyue immediately said.

Just as she hung up the video call, Zhu Zao called.

“Senior Ji, hello,” Zhu Zao said respectfully.

“Heavenly King Zhu, what’s wrong? Did something happen in the thirteenth spatial rift?” Ji Yaoyue said nervously.

“That’s right. The magnetic field of the thirteenth spatial rift has changed. Not only that, but a strange element has also been detected in the surroundings. We can’t analyze it now, but I keep feeling very worried. I’ll let you know!”

Zhu Zao was in the thirteenth spatial rift. A training base had already been established here. At this moment, it had also been suspended and everyone was on guard.

The battle between the humans and the mutated beasts had never stopped. They always had to pay close attention!

“How strange are the strange elements there?”

Ji Yaoyue immediately said.

“We can’t analyze it yet... Also, there hasn’t been any changes at the moment. However, I keep feeling that there’s something wrong with this matter. Senior Ji, now that many people know, it’s causing panic. They all think that mutated beasts will attack the Earth-level cities. What should we do?”

Zhu Zao immediately asked. Ji Yaoyue took a deep breath and nodded. Only then did she say, “This matter can’t be underestimated. The Mutated Beast Alliance has always been restless. They must have done something. Heavenly King Zhu, you must pay close attention. I’ll send members of the elite camp over and send three more Heaven Realm experts!”

After saying this, Zhu Zao heaved a sigh of relief. There was only one Heaven Realm expert in every spatial rift. If they sent two more, he would gain a lot of confidence!

“Alright, Senior Ji, I received it. Don’t worry, if there’s any problem, I’ll report it immediately!”

With that said, Ji Yaoyue nodded and hung up.

She rubbed her eyebrows, feeling very tired.

“Why is the Mutated Beast Alliance so restless recently?”

After saying this, Battle God Lingtian also sent a message. Ji Yaoyue picked up, and Battle God Lingtian immediately said, “Yaoyue, there have been some problems in the Sky City and the Underwater World recently. These mutated beasts seem to be making a big move!”

Lingtian Battle God said anxiously.

When Ji Yaoyue heard this, she took a deep breath and could not help but ask, “How is it? Is there a big problem?”

After saying this, Battle God Lingtian said, “Not at the moment. It’s precisely because nothing happened yet that I’m so anxious. Sigh... what should we do?!”

Battle God Lingtian also had an anxious expression. However, even though he was anxious, there was nothing he could do. After all, the territory of the Mutated Beast Alliance was too dangerous and they were unable to enter.

Not only that, but most importantly, the humans were currently no match for the Mutated Beast Alliance!

“What we can do is to hold the fort. This matter... is not something we can control. With Master and the others around, there shouldn’t be too many problems!”

At this moment, Ji Yaoyue could agree with him. After all, the fate of the true human race was in the hands of those human Saint Realm experts!

“Alright, I hope Master and the others have a good plan!”

Lingtian Battle God sighed.

At the same time, Zhou Hao was still training crazily in his secret room. At this moment, he had already broken the second stone tablet. There were still two more left!

Zhou Hao was surprised to discover that after learning this technique, not only did his combat strength change, but even his control of the essence energy in his body had a shocking change!

This matter had really exceeded his expectations!

“Everything can be traced back to its essence... They’re all the same. Be it essence energy, physical or mental strength, they all have to be accurately controlled. Only by controlling the strength of every molecule in your body can you control all the strength!”

Zhou Hao slowly understood. He was really incomparably shocked by the contents of the ancient training ruins!

“The ancient civilization of the human race is simply much stronger than the current era!”

Zhou Hao had always thought so. However, he sometimes wondered if these civilizations were really native to Planet Earth.

Could it be that they were a race that came from outer space?

Zhou Hao did not dare to confirm it at this moment.

Chapter 666 - Chaos

Chapter 666: Chaos

Ten months had already passed, but Zhou Hao had not returned. After Ji Yaoyue heard this news, she took a deep breath with grief on her face!

“In that case... let’s announce it!”

After saying this, Ji Yaoyue closed her eyes and leaned back on the sofa. In the end, tears still flowed!

She thought very highly of Zhou Hao. Although Ji Yaoyue was usually as cold as an ice mountain, she was still very meticulous. Zhou Hao was her precious friend and the companion she thought the most highly of. Now that this companion had died because of her, she was naturally extremely grief-stricken!

When Scholar, Xue San, and Veteran heard this news, their expressions were also very ugly.

After a long time, Ji Yaoyue said, “Zhou Hao’s house is in the villa of the Battle God Battalion in the Jiangnan Base. Go there for me...”

“In addition, a problem has occurred in the thirteenth spatial rift. You guys stay there and help Heavenly King Zhu.”

Ji Yaoyue really did not know how to talk about this. It was really difficult for her to say such a thing.

“...Got it...”

Scholar and the others also left with sad expressions.

At the same time, Zhou Xueguo and Wang Shuyun were cooking at home. Xu Ling was also there and was helping.

“Lingling, Auntie made dumplings for you today. The dumplings Auntie makes are very delicious, you know.”

Wang Shuyun smiled. Although she was smiling, one could always see a trace of worry in her eyes.

However, Zhou Xueguo did not care at all. Instead, he looked at the television and drank tea with his legs crossed.

Wang Shuyun looked at Zhou Xueguo and frowned. She did not say anything and whispered to Xu Ling, “Ling Ling, have you contacted Little Hao recently?”

When Xu Ling heard this, her heart skipped a beat. In the past ten months, she had not contacted Zhou Hao, so she came here to see if she could find Zhou Hao.

After hearing Wang Shuyun’s words, she immediately had a bad feeling!

“I... I... I saw him a while ago. He’s been very busy recently.”

Xu Ling could only say this. However, Wang Shuyun could still sense it!

Be it Xu Ling’s expression or her movements, they all revealed a nervous feeling.

“Yes, yes, let’s eat dumplings now.”

Wang Shuyun took a deep breath and became even more uneasy, but she did not say anything.

Soon, the food was ready. Zhou Xueguo also sat at the table and began to eat.

Wang Shuyun smiled. “Aiya, Little Hao hasn’t been back for a long time. Our family hasn’t had a good meal together!”

Hearing this, Zhou Xueguo immediately smiled. “Our son must be very busy. Let’s not disturb him.”

When Wang Shuyun heard this, she immediately said, “Our son risks his life every day. I’m really worried.”

“What are you worried about? Our son is so powerful. Didn’t you see that even the inspector has to be polite to our son? I’ve asked around. Our son’s current status is only at the international level. There aren’t many monsters who can defeat him. Don’t worry.”

Zhou Xueguo was very relieved. He was very confident in his son.

At this moment, the doorbell suddenly rang.

“Are we expecting guests?”

Wang Shuyun took a look. Who else could come at noon?

After opening the door, they were stunned for a moment when they saw three unfamiliar men appear at the door.

“May I ask who you are?”

Be it Scholar, Veteran, or Xue San, they all took a deep breath with sad expressions.

“Hello, Auntie. We’re Zhou Hao’s friends. Today... today...”

The person who spoke was Veteran. He was a straightforward man, but the moment he said this, he choked up.

Seeing this, Wang Shuyun’s face turned pale on the spot, and she could not help but raise her voice.

“What’s wrong with my son? Did something happen to him?”

As soon as he said this, Xu Ling and Zhou Xueguo could no longer sit still and hurriedly ran over.

Seeing the three of them, Xu Ling was immediately shocked. These three were all from the elite camp of the Battle God Battalion. They had always rarely appeared, so why would they suddenly appear like this?!

“The three of you... are the Heavenly Kings of the Battle God Battalion’s elite camp, right? I want to ask, did... did you come here because of... Zhou Hao?”

Even a strong woman like Xu Ling trembled a little.

Tears streamed down Veteran’s face. Scholar and Xue San also cried. However, he still said firmly, “Uncle, auntie, we haven’t been able to contact him for ten months. He’s trapped in the thirteenth ruin. The Battle God Battalion suspects that Mr. Zhou Hao is very likely dead...”

After saying this, Wang Shuyun’s face turned pale and she immediately fainted!

Xu Ling also almost fainted. If not for her powerful physique, she would have passed out!

“The thirteenth ruin? I’ve heard of that. Isn’t it a training base? How could this be? How...”

Xu Ling had a look of disbelief.

“We also suspect that Mr. Zhou is only trapped, but now that we can’t enter and Zhou Hao can’t come out, we can only suspect this. However, there’s also a possibility for us to be wrong!”

At this moment, a commotion suddenly sounded from outside!

Scholar and the others were stunned for a moment. They hurriedly ran out to take a look and were instantly stunned.

Everything was fine just now. Why did it suddenly become chaotic?

They clearly saw that Qu City was in chaos, and the source of the chaos was actually caused by humans!

Swoosh! Swoosh!

A loud bang exploded, and then a roaring hum sounded from the distance. Immediately after, an ear-piercing police siren quickly erupted around them!

Many people were gathered outside a large supermarket.

All of them raised the bricks and rocks in their hands anxiously and suddenly hurled them towards the huge French windows in the distance!

A huge clang sounded.

Loud bangs sounded. They all continued to smash the rocks and bricks at the huge glass in the distance!

Clang!

Swoosh! Swoosh!

Noise kept sounding. Soon, the French windows at the entrance of the supermarket were shattered. Immediately after, all the glass was shattered.

When countless people saw this, they immediately surged in!

They flew into the distance crazily, and then their breathing began to become hurried, as if they were preparing for a “big project”!

“What are you doing?! What are you guys doing?! Get out quickly! Is there no justice in the world?!”

When the supermarket manager saw this, his expression immediately changed!

He looked incomparably panicked and hurriedly tried to stop this group of people from breaking through the supermarket and rushing in, but he was helpless!

His strength alone was really too weak and insignificant. He was simply unable to resolve the situation!

Chapter 667 - Arrival of the Mutated Beast

Chapter 667: Arrival of the Mutated Beast

There were too many people who wanted to rob and burn the supermarket. All of their eyes were bloodshot and they seemed to wish that they could directly rob the entire supermarket!

Soon, the group quickly rushed in from the gaps of the windows!

Their eyes were filled with greed as they wanted to take all of the things away!

They used all the plastic bags and small carts. They were about to rush out after filling them up, prepared to make some preparations for their future lives!

When the supermarket manager saw this, his expression changed drastically!

He looked at the surrounding people in shock, and then a sad expression appeared on his face. He cried helplessly, "What are you guys doing? Don't snatch our things!"

"Law? Justice?"

"With the mutated beasts invading, these things don't mean anything!"

A person who was snatching things from the supermarket suddenly sneered. His face revealed disdain and ridicule as he said coldly, "The mutated beasts are about to arrive. Moreover, these mutated beasts are violent beasts that have gone through a second mutation!"

“If we don’t keep a bigger stockpile of things now, when the mutated beasts destroy the entire city, we will be finished!”

After saying this, the expressions of the surrounding people suddenly became anxious. Then, their breathing became incomparably anxious!

The few of them could clearly sense the atmosphere begin to tense.

Just as this person said this, the few of them were even more frightened and uneasy!

Even the speed at which they were snatching things began to increase.

This scene stunned the supermarket manager. He could not help but ask anxiously, “No... no way. Where did you hear this news?”

“Don’t you know?”

One of them could not help but say worriedly, “Didn’t news spread some time ago that the mutated beasts will undergo an unprecedented riot? It even said that the entire Jiangnan Base will fall into a desperate state!”

“We still don’t know what a second mutation mutated beast is like. If it’s even stronger than the previous mutated beasts and has some special abilities, won’t we be crippled?”

After this person finished speaking, the manager’s expression became frightened and uneasy. Then, goosebumps seemed to appear all over his body, making him afraid!

The supermarket manager had a surprised expression and could not help but ask hesitantly, “How could that be? Didn’t the Battle God Battalion of Jiangnan Base say that the previous news was fake?”

“They said that someone was deliberately spreading rumors to create panic. Hasn’t the rumors been refuted already?”

Unexpectedly, just as he said this, a sneer immediately appeared on the faces of a few people. Then, they shook their heads coldly and smiled sarcastically. “Hehe, is that so?”

“Then I can tell you directly that the news is actually true!”

“It’s just that they don’t want us to know about this. That’s why they deliberately said that it was a rumor.”

“We’ve already received news that spatial rifts have started to appear in many places in Jiangnan, which is why many mutated beasts are being born. It’s very violent!”

The more they spoke, the more anxious and nervous they became!

They seemed to have already expected how terrifying Jiangnan Base would become when the mutated beasts invaded in the future!

At this point, the supermarket manager's expression also became extremely panicked!

His eyes were filled with anxiety and unease. He felt fear instantly surrounded him, making his breathing uneasy!

If that was the case, wouldn't the world become completely chaotic?

After being in a daze for a moment, the supermarket manager suddenly erupted with an extremely intense strength. Then, his entire body became incomparably anxious!

His eyes were filled with urgency. Then, he spoke nervously and said in fear and unease, "Since Jiangnan Base is going to be gone, there's no point for me to continue working for this supermarket!"

"Damn, let's start robbing!"

Immediately after, the supermarket manager began to push the small cart and quickly rushed into the crowd to join the looting!

This was not the only large supermarket that was robbed. Many other supermarkets had also suffered varying degrees of attack and invasion!

Many supermarkets had already begun to make early warnings and closed their doors to prevent themselves from being implicated when they were robbed and burned.

Although this was the case, many people still directly pried open the shutter door and quickly rushed in!

They wished they could snatch everything that was in sight!

After the riot, the entire Jiangnan Base fell into panic!

Boom!

In the distance, a roar suddenly erupted!

Small mounds suddenly surged out from the ground, as if something was about to surge out from the ground.

Immediately after, countless figures quickly jumped out from the ground!

These things were extremely fast. In the blink of an eye, they quickly jumped out from the ground!

Looking carefully, these things were actually rats, cockroaches, and all kinds of insects with carapace!

However, these insects were incomparably huge compared to their original size!

A rat was the size of a dog. From afar, its green bean-sized eyes flickered with a shocking gaze!

The people who were originally fighting crazily were immediately shocked when they saw this!

Their breathing began to become hurried. Then, they roared in fear, "Run!" Then, they turned around and quickly ran.

When others saw this, they were immediately shocked!

No one expected that things would actually develop in such a direction. It was really unexpected!

After seeing these mutated beasts, a group of people immediately threw away the food they had just stolen and turned around to run crazily!

Compared to food, their lives were more important!

They had to ensure that they were alive in order to give themselves more opportunities to do other things in the future!

Countless huge insects quickly jumped out from the ground. Then, as if they had gone crazy, they quickly rushed into the distance!

Soon, the insects pounced towards the distant crowd aggressively!

"Wu Ah Ah!"

When the few of them saw these insects, they were immediately frightened!

They screamed and fled in all directions. Some who were lucky escaped quickly. Some who were slow were directly pounced on by the insects!

The moment they were pinned onto the ground, before they could even let out a scream, their heads were bitten off!

Chapter 668 - Storm Center

Chapter 668: Storm Center

At the same time, all the martial artists in the danger zones on Planet Earth were fighting with their full strength. Be it the thirteenth spatial rift or the other spatial rifts, they were all fighting with their full strength!

However, the battle in the thirteenth spatial rift was the most intense!

“Damn, what’s going on? What are these mutated beasts trying to do? Are they planning on starting a war with us humans?!”

All the martial artists were shocked. Be it Heaven Realm experts, supernatural experts, or grandmasters, they were all shocked!

They looked at the scene in front of them in disbelief, their mouths agape.

Bang!

With a loud bang, violent roars instantly erupted from the surroundings!

A moment later, everyone who was standing at the side was immediately splattered with large amounts of blood!

Blood spread and was instantly sprinkled around. Immediately after, a portion of the people closest to these mutated beasts were directly splattered with bright red blood!

An extremely rich bloody aura immediately spread out in the air!

None of the people closest to the mutated beasts were lucky enough to escape this scene.

The mutated cockroaches, rats, and lizards all looked especially ferocious. Their palm-sized eyes flickered with a bright light!

Immediately after, countless figures quickly pounced forward!

Furious roars sounded. A moment later, many people in the surroundings were immediately frightened until their faces turned pale and they almost fainted!

Their faces seemed to reveal extreme fear. Their faces were pale, and even their breathing began to become hurried.

Their speed was not as fast as these mutated beasts at all. Almost instantly, the mutated beasts quickly swallowed many people around them!

Seeing this, many people became even more horrified. Then, they turned around and quickly fled forward.

However, just as they took a step forward, they were quickly pounced on by these mutated beasts.

After being pounced on, they did not even have the chance to cry for help. Their heads were instantly bitten off, and blood splattered everywhere!

The mutated beasts seemed to have gone crazy as they attacked the humans crazily. They were all biting crazily, not giving anyone a chance to react!

“Ahhh! Mom!”

Seeing that a five-year-old girl had been directly pounced to the ground by a huge mutated rat beast, the little girl was immediately frightened!

Tears kept spreading from her eyes, and then she cried crazily!

“Little Mei!”

When the girl’s mother saw this, she was so frightened that her scalp began to tingle!

Fear and unease spread in her eyes. Then, her breathing began to become especially hurried!

Just as her daughter was about to be eaten by the mutated beast, the girl’s mother exploded with an extremely violent strength!

She suddenly got up from the ground and quickly ran towards her daughter!

Just as the mutated beast was about to bite off the little girl’s head, the girl’s mother suddenly pounced over and kicked the mutated beast flying!

No one could underestimate a mother’s determination to protect her child!

After the girl’s mother kicked the mutated beast, dark green blood immediately spewed out of the mutated beast’s mouth!

Blood immediately splattered everywhere, and a fishy smell spread out.

After the blood spread out, everyone’s arms that were corroded by the blood began to burn fiercely!

“Chi la la!”

An extremely rich bloody aura instantly spread out. Then, countless screams roared from the surroundings!

Miserable cries sounded incessantly. Anyone who was pounced on by the mutated beasts would be bitten into pieces by the mutated beasts. It was a tragic sight!

Many people were so frightened by this hellish scene that their faces turned pale. They held their breaths and did not even have the strength to scream as they fainted!

Soon, blood flowed like a river on the ground of the entire city, making everyone fall into huge despair!

Not long after, the mutated beast roared, and then an extremely loud and violent noise could be heard!

They were like a violent wind as they whistled and spread over, almost wiping out most of the city!

Hearing this, the remaining people were immediately frightened until their faces turned pale. They fled in all directions crazily, but they were still unable to escape from these mutated beasts!

Be it speed or strength, these mutated beasts were not something ordinary people like them could compare to.

Just as these mutated beasts pounced towards the surroundings very fiercely, an extremely intense trembling sound suddenly erupted in the air!

In the next second, the ground began to tremble crazily!

Not long after, the trembling of the ground gradually began to calm down. However, just as everyone thought that this matter had calmed down, a huge brown bear suddenly rushed out from the ground!

The brown bear was about five meters long. When its huge body rushed out from the ground, many people around were immediately frightened to the point of shouting in shock!

“Heavens, another ferocious mutated beast has appeared. We’re done for. We’re completely done for this time!”

The group’s eyes were immediately filled with despair. They looked at this scene in incomparable fear and unease, feeling as if the entire world was about to be overturned!

Now that such a powerful giant bear beast had appeared, it probably wouldn't take long before the entire Jiangnan Base was turned upside down by this giant bear beast.

Everyone who saw this giant bear beast were so frightened that their faces turned pale, and their breathing quickened. They almost fainted on the ground!

The giant bear beast suddenly howled at the sky before roaring violently again. if it wanted to tear the entire sky apart!

This scene immediately frightened the group of citizens hiding in the distance!

The aura of this giant bear beast was very powerful, reaching the tenth-grade Heaven Realm!

Chapter 669 - Destruction of the Mutated Beasts

Chapter 669: Destruction of the Mutated Beasts

A violent aura immediately enveloped the surrounding 50 kilometers.

An extremely oppressive aura spread out and swept over with a roar, making everyone fall into an unprecedented panic.

Everyone was enveloped by the bear's pressure. They were so frightened that their faces trembled, their breathing quickened, and their scalps began to tingle.

Their faces were filled with despair. They did not even have the chance to escape. They directly fell to the ground and did not even dare to get up and leave!

They felt an extremely intense pressure roar as it pressed over, suppressing them until they could not move.

The giant bear roared and widened its head-sized eyes. Its breathing quickened as it swept its gaze around. Then, it let out a series of gurgling sounds that sounded ferocious!

This scene was really shocking. Instantly, an extremely ferocious panic rose in the entire Jiangnan Base!

Panic overwhelmed them. Everyone felt an unprecedented pressure!

However, before they could escape, they suddenly heard the furious roars of the mutated beasts, as if they wanted to tear the entire sky apart!

Seeing this scene, the surrounding citizens were immediately frightened!

Their breathing began to become hurried. Then, their entire bodies trembled violently as they looked at the distant scene in incomparable fear!

However, in the next second, something even more shocking happened!

The giant bear beast suddenly roared at the sky before erupting with an unprecedented strength!

It directly grabbed the pile of mutated rats and cockroaches on the ground and stuffed them into his mouth to chew violently.

Blood immediately splattered around. Soon after, the giant bear beast ate all the mutated beasts until nothing was left.

When many people saw this, they were so frightened that their breathing immediately became hurried. They seemed to have broken down, and their heads buzzed.

The group was immediately frightened until their faces turned pale and they could not breathe properly. Their expressions changed drastically as they fell into fear and did not dare to move!

Soon, the giant bear tore apart all the rats and cockroaches within a radius of one meter.

Only the sound of chewing could be heard in the air, and a series of cracking sounds swept over!

In an instant, many people around were so frightened that goosebumps appeared!

This voice was really too intense, making everyone's faces turn pale from fear. Their breathing quickened, and their eyes were filled with fear and unease.

The entire city exploded with roars and alarms.

"Citizens, the giant bear beast is currently sweeping through the entire Jiangnan Base. Citizens, please escape to a safe place as soon as possible and don't go out!"

At the same time, the Battle God Battalion also became chaotic.

After Zhu Zao learned of this news, he immediately brought the group to the place where the giant bear beast was wreaking havoc.

Looking at this incomparably bloody scene, Zhu Zao's heart began to ache.

He really did not expect things to turn out like this. Such violent mutated beasts had actually appeared in the various cities!

His subordinate's expression also darkened. When he looked at this valiant giant bear beast, his expression immediately trembled. Then, the subordinate said with a pale face, "How could this be..."

"This giant bear mutated beast has actually reached the tenth-grade Heaven Realm. Can we really deal with this mutated beast..."

Zhu Zao's expression became incomparably solemn. He swept her gaze around, and then his expression darkened. His eyes were solemn as he said, "tenth-grade Heaven Realm..."

"Let's give it a try. There's only one mutated giant bear beast now. If we work harder, we should be able to deal with it!"

As Zhu Zao spoke, he took out an extremely sharp saber from his waist. The saber flickered with a cold light, as if it would directly cut off the head of this giant bear beast in the next moment!

Seeing this, the few subordinates beside Zhu Zao also became 120% vigilant!

As they took out their weapons, they looked into the distance with gloomy expressions.

The riot this time had already caused tens of thousands of casualties. It could be said to be very tragic!

Although these small mutated beasts' attack power was inferior to the giant bear, there were still a lot of them. Therefore, no one was able to resolve this matter!

Now, they had yet to eliminate these small mutated beasts. Now that such a huge bear beast had appeared, it simply made things worse for them!

If the giant bear went crazy, it would cause even more serious casualties!

The sight of the mutated beasts eating humans was really too terrifying. All the residents were frightened when they learned of this!

Only then did they truly understand what it meant to have the end of the world descend upon them, causing them to fall into intense despair!

Zhu Zao looked into the distance and his gaze instantly became solemn.

In the distance, an incomparably huge brown bear that was ten meters tall was rushing quickly towards them!

“It’s the giant bear mutated beast. The mutated beast is here!”

“We’re done for. We’re dead this time!”

“Run, run. If you don’t run, it’ll be too late!”

“It can’t be helped. We can’t escape. No one can escape from a tenth-grade Heaven Realm bear beast...”

“We’re done for, we’re definitely dead...”

“The entire Jiangnan Base is about to be destroyed. Even if we escape, we won’t have a chance!”

“We can’t give up so easily. Even if we have to die, we can’t die in the mouths of these mutated beasts!”

“That’s right. We have to live with ambition. We can’t give up so easily because of this...”

“We’re dead meat. We’re definitely dead meat. No one has come to support us until now. Do we still have a way out?”

“Didn’t you guys see that Heavenly King Zhu of the Battle God Battalion has arrived? He’s over there!”

The group looked in the direction of the voice and saw Zhu Zao lead a group of people over.

“Heavenly King Zhu! But... even if he comes, there are too few of them. There’s no way for us to deal with this giant bear beast!”

“I heard that there have also been riots in other places...”

Everyone was very shocked. Meanwhile, in a secret room, a man looked at the last stone tablet and sighed.

Chapter 670 - Mysterious Old Man

Chapter 670: Mysterious Old Man

Zhou Hao was still in the thirteenth ancient ruin, and now, there was only a stone tablet left!

However, the stone tablet was still very difficult for Zhou Hao to break through!

“More than ten months have passed outside. I wonder if Dad, Mom, and the others are alright. I wonder if Xu Ling is alright. They will definitely think that I’m dead!”

Zhou Hao was very worried, but he was really helpless. After all, he had already used his full strength, but the outcome was still the same!

“Looks like I have to take it slow!”

Zhou Hao took a deep breath and continued to practice!

Soon, after half a day, Zhou Hao finally punched out and immediately shattered the stone tablet!

It was also at this moment that the secret room instantly disappeared. However, in the next second, Zhou Hao did not appear outside. Instead, he arrived at a very strange place!

In this place, there was a very strange magnetic field that connected to the ground!

Zhou Hao hurriedly walked over and was immediately incomparably shocked!

In the space he was in, there was a huge hole that connected to the ground. Strange fluctuations were constantly emitted from below!

That fluctuation was the same as the fluctuation Zhou Hao had sensed on the stone tablet!

“What is this?!”

Zhou Hao’s expression immediately changed drastically, not understanding what was going on!

He looked around carefully. The underground abyss was bottomless, and Zhou Hao was unable to investigate.

“Is this... really just a training base?”

Zhou Hao frowned. He felt that this place was not as simple as he thought!

“First, it was the mystic realm I entered, and now this. What’s going on?”

Zhou Hao was very depressed, but there was nothing he could do. At this moment, the only path he could take was the spatial tunnel under this abyss. Even if Zhou Hao did not want to go, he could only stay here!

He tried to see if there were any other paths to take, but to his disappointment, there was none. He could only choose to enter the abyss!

“Damn, if I had known, I really wouldn’t have come!”

Zhou Hao was very depressed, but even so, he still chose to jump down decisively!

As Zhou Hao’s body descended, the strange fluctuation made Zhou Hao frown!

This aura made Zhou Hao very depressed!

Soon, Zhou Hao arrived below. A rotting aura instantly condensed here. It was very ancient!

Zhou Hao took a deep breath. It was dark here and he could not see anything. This made Zhou Hao a little afraid. He waved his hand and propped up a starlight before looking around!

This place seemed to be an abandoned place and was in ruins. Not far from here, there was a huge stone door that was sealed by countless chains!

These iron chains made Zhou Hao’s expression change drastically because it actually carried the aura of a Genesis Rune!

“It’s the aura of a Genesis Rune again!”

Zhou Hao was stunned and did not dare to believe that this iron chain was identical to the one tied to the Azure Dragon!

“What is this place?”

Zhou Hao was very curious. If the situation here was the same as the Azure Dragon, it was very likely related to Huang!

Zhou Hao felt that this thirteenth ruin must contain a secret. Otherwise, he wouldn’t have arrived here.

He slowly approached the stone gate. Although the stone gate was secured with iron chains, he could still walk in. However, due to the rich Genesis Rune power, ordinary people were unable to enter!

“This aura and the extent of its obstruction is close to the Saint Realm. I’m afraid even Senior Ji will be unable to do anything about it!”

Zhou Hao took a deep breath. Without saying a word, he immediately used the power of the Genesis Rune and slowly walked into the stone gate!

After walking in, the surroundings immediately changed. Zhou Hao also saw a huge altar. On this altar, a man was sitting cross-legged!

This man had been sitting here for an unknown period of time. He was old and filled with a rotting aura, but his cultivation was terrifying!

Saint Realm!

It had to be a Saint Realm expert!

After Zhou Hao sensed that aura, he felt a powerful death aura!

It was as if one would immediately die if they were touched by this expert!

Zhou Hao was extremely frightened. He still did not know if this old man was dead or alive. After hesitating for a moment, he still walked over.

“Senior?”

Zhou Hao called out softly. After he finished speaking, the old man actually moved slightly. Although he did not speak, a voice sounded from his body.

“After so many years, someone actually found this place. It’s really not easy!”

When Zhou Hao heard this, he was immediately stunned!

“Senior, you’re still alive?”

The voice took a deep breath.

“Alive...? I suppose so, but not entirely. My strength has been used to suppress the restriction. It’s been decades and I’ve never left this place.”

The voice was very calm, but Zhou Hao knew that the other party had experienced a lot in the darkness for the past few decades.

He did not dare to believe it!

“Senior, what are you suppressing here?”

Zhou Hao said suspiciously.

“A mutated beast from outer space, a void beast!”

The old man said solemnly, making Zhou Hao somewhat shocked.

“A void beast? What kind of mutated beast is that?” Zhou Hao did not understand and was very surprised.

“They’re the noblest race in outer space. Their bodies are so powerful that they can wander in the void. That’s why they are called void beasts!”

“They have a thousand years of inheritance and have the memories of every generation in their bloodline. Void beasts have an extremely noble bloodline in outer space. Even at birth, they were already first-level life forms in the universe... Such a noble life form is simply the nightmare of a star system!”

“Fortunately, it had just arrived on Planet Earth and was still in its infancy. After we found out, we used the power of the Genesis Rune to seal it for decades. However... The power of the Genesis Rune is getting weaker and weaker, and its strength is getting stronger and stronger. It’s already very difficult for me to seal it!”

After saying this, Zhou Hao saw the altar immediately light up. Then, the ground under their feet became transparent like a mirror, allowing Zhou Hao to see the endless darkness underneath!

Zhou Hao saw a pair of eyes!

It was an extremely cold and terrifying pair of eyes. When they looked at Zhou Hao, they were filled with blood!

Zhou Hao’s scalp went numb. He saw the firm armor, thick limbs, and sharp claws!

Zhou Hao did not know what this was, but it looked very similar to an ancient Tyrant Dragon, but it was far more ferocious than that!

It had two wings on its back and horns on its head. It was completely black and had blue lines drawn on it. It looked mysterious and terrifying!

Zhou Hao drew a cold breath, and the voice sounded again.

“This is the void beast I was talking about. It has yet to mature but its strength is already at the Saint Realm. Moreover, it’s about to break through the limit of our human race and reach the half-step Dao Realm!”

After saying this, Zhou Hao was immediately stunned!

Chapter 671 - Void Beast

Chapter 671: Void Beast

Dao Realm?

Zhou Hao had never heard of this realm, but he could still easily understand that it was a realm that was even stronger than the Saint Realm!

Otherwise, it wouldn’t have such powerful strength!

“Senior, is there nothing we can do to stop him?”

Zhou Hao asked anxiously.

“This matter... is very, very difficult. Its strength is not something Planet Earth can compare to at all. Moreover, although it’s still young, it has grown a lot. It has accepted the inheritance of the ancestor’s bloodline and has endless memories. Its growth is naturally very fast!”

“Although this altar is cut off from the outside world and it can’t directly absorb energy from the outside world, it actually has a special cultivation technique that can produce essence energy for cultivation.”

The old man’s words shocked Zhou Hao.

“Not only that, but the most powerful ability of this void beast is its ability to control other mutated beasts. Void beasts have a talent that allows them to release a strange magnetic field. This magnetic field can affect the mind of mutated beasts, stimulate their bloodline, and help them advance. An adult void beast can completely control other mutated beasts, but young void beasts can’t do this. They can only increase the cultivation of other mutated beasts, but it will cause chaos. Back then, in order to seal this void beast, three stone tablets were used. However, after a long time, they’ve long been useless.”

Hearing this, Zhou Hao was shocked!

“Senior, you said that the stone tablets are actually used to suppress it. Was the Soul Control Stone on the stone tablet used to control it?”

Zhou Hao did not dare to believe it.

“Indeed. However, the Soul Control Stone has also been slowly changed by its magnetic field and has long mutated,” the old man said helplessly.

Zhou Hao did not dare to believe that such a thing existed in the world. He was shocked and somewhat frightened and worried!

If that was the case, what should they do with this mutated beast?!

Could they just let it out like this?

“Senior, is there no way to kill it?”

After saying this, the old man took a deep breath.

“I’m also thinking of a way. Moreover, I’m doing it secretly. I’m afraid it’s very difficult for human martial artists to kill it. Therefore, in order to destroy it, I used genetic technology to create two talented warriors. One is called Ji Yaoyue, and the other is called Lingtian. They were raised by me and are now the official presidents of the Battle God Battalion.”

This old man’s words were indeed shocking!

These words made Zhou Hao’s head buzz!

“Senior Ji and Senior Lingtian are actually... actually genetically modified people?” Zhou Hao did not dare to believe it.

“Although they were modified, they were still like ordinary people. They were also born normally after ten months of pregnancy. However, I did something to them. For the sake of Planet Earth, I could only do this. In fact, I’ve even tampered with many martial artist families. Although many people can cultivate after the global mutation, there are still very few of them. I can only rely on special methods to maximize the potential of humans!”

The old man said solemnly. In order to resist the foreign races, there was nothing else we could do. Moreover, modified genes are not as harmful as people think. Instead, it gave a lot of people the ability to contribute to Planet Earth!

“Senior, then how can the two of them deal with the void beast?” Zhou Hao hurriedly asked.

“The two of them are immune to the corrosion of the Genesis Rune and are not affected by its intrinsic talent. As for the others... it’s hard to say. Even Saint Realm experts are the same!”

“Moreover, even though I’m suppressing the void beast now, I know that it had already separated a spirit body more than ten years ago. It wanted to get out day after day... In the end, it finally got rid of the altars under its tireless efforts!”

“I don’t know which mutated beast it entered or who it controlled. In short, from then on, the various war zones never stopped.”

After the old man finished speaking, he was very helpless and filled with grief. This matter was very shocking to Zhou Hao.

Zhou Hao took a deep breath. He had never expected this!

“Senior, are you serious?!”

After saying this, Zhou Hao hurriedly said.

The voice floated faintly. “That’s right, that’s the truth. I can’t suppress it for long. At that time, the future of the human race can only be handed to you.”

At this point, the voice floated and then emitted an extremely profound rune.

“These are ancient words, the most ancient Genesis Rune. It has the power to seal everything. If it’s really possible, I hope you can... seal the void beast!”

“You are a human warrior and a Genesis Rune Master. You have to shoulder this hope!”

After saying this, an extremely dazzling light landed in the depths of Zhou Hao’s glabella. Then, Zhou Hao’s brain felt a sharp pain. After a long time, he finally felt the sealing power land on the spirit gem.

“Go on, prepare with your full strength.”

With that said, the old man waved his hand and Zhou Hao left!

In the thirteenth ancient ruins, above the sea, Zhou Hao had just come out when countless messages appeared on his contact list.

Zhou Hao hurriedly opened it. Xu Ling, Scholar, Veteran, Xue San, and Ji Yaoyue had sent him countless of messages

At the same time, Thousand Feather Armor’s voice sounded in Zhou Hao’s mind.

“Master, you’ve finally left that mystic realm. Now, something bad has happened. The entire Planet Earth has fallen into chaos.”

With that said, the Luo God Warship had already arrived above Zhou Hao.

Zhou Hao did not hesitate and immediately entered the Luo God Warship. Then, his expression changed when he saw the big screen!

“The thirteenth spatial rift has fallen and Jiangnan Base is now a hell?”

His mind was blank because Qu City was in the Jiangnan Base. His parents were there!

“Let’s go to Qu City immediately!”

The entire city fell into chaos. Everyone felt an unprecedented despair!

For a moment, cries and roars sounded incessantly, causing the entire city to fall into silence and be filled with the aura of death!

At the same time, Zhu Zao’s expression became especially ugly.

He gripped the saber in his hand tightly, and large amounts of sweat appeared in his palm. Instantly, a large area of the handle of the saber in his hand was soaked!

Sweat dripped down his palm one drop after another and fell to the ground, indicating the anxiety and unease in his heart.

“Bastard, die!”

Zhu Zao gritted his teeth and his expression turned dark. He said coldly, word for word, “Attack. We have to destroy this giant bear beast!”

After Zhu Zao gave the order, many people around immediately picked up the weapons in their hands and immediately attacked the giant bear beast!

Chapter 672 - Tragic

Chapter 672: Tragic

Bang! Bang! Bang!

Countless combat cannons flashing with blue light quickly locked onto the distant target. Then, cannonballs quickly bombarded the giant bear beast!

In an instant, the entire sky was instantly illuminated. The sound of cannon fire constantly exploded!

Facing the attacks of the countless huge cannons, a careless expression flashed on the giant bear beast's face. Then, it opened its bloody mouth and roared!

"Roar! Roar! Roar!"

Cold roars spread out. Then, the roars trembled like countless invisible airwaves, spreading in the surroundings!

Before the countless bullets could hit the giant bear beast, an explosive sound instantly erupted in the air!

Immediately after, thick smoke quickly wreaked havoc in the surroundings. Countless thick smoke spread out and enveloped the entire sky!

The huge impact of the explosion instantly flipped the giant bear beast to the ground. The giant bear beast directly fell to the ground. After smashing into the ground, it exploded with a heart-wrenching roar.

The giant bear beast's roar was very powerful, so powerful that many people around were shocked to the point of breathing becoming hurried.

A surprised expression appeared on their faces, as if they did not expect things to develop in such a direction!

No one expected the appearance of the giant bear beast to cause such intense panic!

The fur on the giant bear beast's body was like steel nails, making them not know how to stop the giant bear beast's attack!

The fur on the giant bear beast's body was also so hard that bullets could not penetrate it. It was extremely terrifying!

They really did not expect the invasion method of the giant bear beast to be so terrifying!

However, soon, the giant bear beast got up from the ground again. It casually grabbed a few small mutated beasts and quickly stuffed them into its mouth, chewing with all its might.

Seeing this, the group's expressions immediately became especially terrified and uneasy.

They did not expect the mutated beasts to be so aggressive this time, making them instantly spirited. They tried their best to pick up their weapons and prepared to deal with the giant bear beast!

The giant bear beast's expression darkened before it immediately began to struggle with all its might. Its eyes were solemn as it quickly pounced towards the distance!

Just as it was about to pounce over, the giant bear beast's breathing became hurried. Then, its expression also suddenly turned evil, as if it wanted to kill almost half of everyone in this city.

At this moment, countless citizens were scattering crazily, trying their best to escape!!!

They knew that if they could not escape now, everything would be in vain!

The giant bear beast erupted with furious roars, as if it wanted to immediately kill them and devour all the mutated beasts!

Countless figures that erupted with heart-wrenching trembling sounds, as if they wanted to immediately tear the giant bear beast into pieces!

The ability of the giant bear beast was very powerful and was not something they could compare to at all.

The giant bear beast opened its mouth and roared. Waves of furious roars erupted from its mouth, as if it was swearing to immediately tear everyone into pieces!

Everyone was frightened by this.

They looked at the giant bear beast vigilantly, as if they wanted to tear it into pieces. They wanted to defeat it instantly!

However, to many people, the giant bear beast was simply a very difficult existence to defeat!

If someone had killed the giant bear beast at this time, everyone in the city would be grateful to him.

After realizing this, a few humans immediately gathered their courage from somewhere and suddenly rushed in front of the giant bear beast, wanting to kill it!

However, that was just a fool's dream. The giant bear beast could easily resolve this matter.

The giant bear beast's claw was very huge. With a slap, it could directly blow hundreds of people to the ground!

When everyone fell to the ground, before they could recover, they were instantly stomped into meat paste by the giant bear beast!

Puchi!

With a loud bang, the surroundings were instantly soaked in blood!

Immediately after, an extremely intense bloody aura instantly spread out in the air!

A bloody aura whistled and spread out. A moment later, large numbers of despairing and helpless roars instantly roared from the surroundings!

Most of the despairing roars were emitted by the people watching this shocking scene.

Before the people who had been flattened by the giant bear beast could even let out a scream, they were instantly stomped into meat paste!

Blood gradually spread out from under the giant bear beast's feet. Then, the entire ground seemed to have become hell!

"It's over. The giant bear beast's attack is really too ferocious. I'm afraid we can't fight it head-on!"

After the few people under Zhu Zao saw this, their expressions immediately darkened!

They clenched their fists tightly as a cold expression appeared on their faces. Then, their eyes were filled with anger as they shouted coldly, "Heavenly King Zhu, do you want to continue with the cannon attack?"

His subordinates immediately spoke solemnly and asked word by word.

"Immediately launch the cannon attack. We have to take it down!"

After saying this, many people around immediately felt shocked!

Their hearts instantly tensed up as they looked nervously into the distance at the giant bear beast that was still wreaking havoc in the city.

The surrounding people's breathing became extremely nervous. Their expressions darkened, and then their faces were filled with seriousness. They opened their mouths coldly and berated, "Damn it!"

"This giant bear beast is really fearless and violent!"

“If we continue to let it wreak havoc, our entire city will probably fall into a state of death!”

Hearing this, the expressions of many people around immediately became solemn.

Chapter 673 - Unable to Solve

Chapter 673: Unable to Solve

Their expressions were also extremely worried, and their eyes were filled with nervousness and seriousness. They looked into the distance expectantly and said word by word, “I didn’t expect such a thing to happen to our city!”

As soon as he finished speaking, the sound of cannonballs instantly sounded in the distance. Then, before the cannonballs could hit the giant bear beast, they instantly exploded in midair!

Large amounts of smoke immediately spread out from the surroundings, blocking the sun in an instant.

The attack power spread by the explosion was really too powerful. Even many high-level buildings around were instantly struck to the ground and shattered!

Countless tall buildings seemed to have been shattered and fell to the ground, turning into a large ruin!

The impact of the explosion was really too powerful. Before anyone could react, almost a third of the city had fallen into such a desperate situation!

In the distance, thick smoke from countless cannonballs surged out.

Many people could not tell what was going on inside and could not help but tremble in fear as they wondered what was going on.

“So many cannonballs have been fired. Is this giant bear beast already dead?”

“I don’t know. I can’t see my surroundings at all. What’s going on?”

The group could not help but guess. Their eyes were filled with confusion as they stuck their heads out and looked around in surprise.

However, everyone hoped that this giant bear beast could be instantly killed by these cannons!

After the giant bear beast was killed, the entire Jiangnan Base would be peaceful again!

Even if they could not directly kill the giant bear beast, there were still benefits to directly blasting it into pieces!

However, soon, a change happened!

Swoosh! Swoosh!

A violent wind suddenly spread out from the surroundings. Large dark clouds swept out!

Immediately after, a tall, huge, and extremely fast figure instantly jumped out!

The giant bear beast's body was especially healthy. It did not look injured at all on the surface, as if the cannons had not touched it at all!

"Why couldn't the cannons kill this giant bear beast?!"

"That's impossible... Why would such a thing happen..."

"Could it be that our cannons are useless against this giant bear beast?"

Seeing this scene, the expressions of Zhu Zao and the group of people under him changed drastically!

Their breathing became nervous and uneasy, and they were especially frightened. Suddenly, they roared and shouted, "Continue attacking immediately!"

"We have to stop it. We can't let it continue to destroy Jiangnan Base..."

After everyone heard this, their expressions immediately became especially terrified. In the next second, they turned around and wanted to escape!

They knew that if they began to attack the giant bear beast with violent cannons, it would cause very serious damage to the entire city!

Everyone was so frightened that their expressions were shocked. Their eyes were filled with disbelief as they watched this scene in a daze!

The giant bear beast was forced to the point of not even having the time to react. It directly faced the cannons and continued to destroy the city fearlessly!

Everyone was shocked when they saw this!

Many people escaped with expressions of despair!

They knew that the giant bear beast's ability was very impressive. They were no match for the giant bear beast at all!

If they could not defeat the giant bear beast at that time, they would definitely be swallowed alive by the giant bear beast!

By then, it would be too late.

If they lost their lives, everything would be over!

However, the giant bear beast did not seem to have the intention to let them off. When the time came, it exploded with an extremely powerful force and roared as it pounced in their direction!

When they realized this, everyone present was shocked!

Seeing this despairing scene, everyone present was instantly stunned!

Especially Zhu Zao's subordinates. Their expressions also became very panicked and helpless!

"Heavenly King Zhu, should we request support?"

"That's right, Heavenly King Zhu. If we don't ask for support, we probably won't be a match for this giant bear beast at all!"

When the few people under Zhu Zao saw that they were about to be at a disadvantage, their hearts immediately tensed up. Then, their breathing began to become hurried!

Zhu Zao pursed his lips tightly and could not help but say with a solemn expression, "No..."

"Currently, the entire world already has thirteen spatial rifts... They don't even have the time to care about themselves. How can they care about us..."

After hearing this, everyone's hearts were raised tightly. They instantly felt an unprecedented despair!

At this moment, Zhou Hao also felt a bad feeling. After thinking of the old man's words, Zhou Hao understood that perhaps this was the beginning of something big!

Zhou Hao was a little shocked and afraid. He had never expected all of this to happen so quickly!

Even a mysterious Saint Realm senior was unable to suppress the void beast for a long time. Moreover, the void beast was only a small infant!

If he let it grow, everything would be over!

Zhou Hao immediately asked the frog. When it heard the void beast, its head buzzed!

"What did you say, void beast?!"

Zhou Hao nodded. Then, the frog did not dare to believe it. It immediately took out the information and showed Zhou Hao the appearance of this void beast. It looked identical to the void beast under the altar!

"Heavens... it's over, it's over, it's completely over... How could there be a void beast on this small Planet Earth... It's over... your Planet Earth is completely finished!"

Zhou Hao knew that the frog knew more about this void beast than the old man, so he hurriedly asked.

"How much do you know about the void beast?" Zhou Hao hurriedly asked!

"How much? Of course I know a lot. In the entire universe, there are only a total of twenty void beasts. Although they're a race, every one of them travel alone. Their bloodlines are extremely noble and they are very difficult to nurture. Because of this, it can be said that they begin to nurture the next generation from the moment they are born!"

Chapter 674 - Battle

Chapter 674: Battle

"Usually, there is only one void beast in a single universe . They can be considered to be the master of a realm!"

"It has to be known that a realm master can control countless world overlords and countless star systems. Your Planet Earth is just the dust of a huge star system, and an adult void beast is like a god to your Planet Earth!"

After saying this, Zhou Hao was dumbfounded!

"What... it's so powerful?"

Zhou Hao was very shocked and did not dare to believe it!

"Of course, I've only seen two void beasts in my life. They can control countless mutated beasts and make them listen to their orders. Although it's very difficult for them to grow and they need a long time, once they mature, ordinary realm masters won't be able to defeat them at all. Only an eternal expert can kill them!"

"But an Eternal-level cosmic overlord won't attack easily!"

After saying this, Zhou Hao's heart skipped a beat.

"Is there really no other way?" Zhou Hao did not believe it. There was nothing he could do!

He did not believe that it would be like this!

"Even if you don't believe me, this is the only way. Zhou Hao, let's go. The energy on the Luo God Warship is enough for you to rush out of Planet Earth. At that time, I'll bring you to a weak planet to increase your cultivation. At that time, we'll explore the universe. How about that?"

At this moment, the frog had already begun to think of ways to escape!

After saying this, Zhou Hao immediately became anxious. If this void beast was so powerful, they would definitely not be able to defeat it!

"No, if we leave like this, what will happen to Planet Earth? What will happen to my family?" Zhou Hao naturally did not want to give up Planet Earth. Moreover, things had not gotten to that point yet.

"Of course, you can bring your family along. They can also live on the Luo God Warship!" the frog immediately said.

"My family can leave with me, but Planet Earth is my home. Do I have to become a homeless person? No... even if I die, I won't escape like this!"

Zhou Hao would not give up on Planet Earth. To him, Planet Earth was his only concern. If Planet Earth was gone, he would really have no home!

At the same time, the battlefield in the thirteenth spatial rift was still intense.

At this moment, the giant bear beast was very crazy. Its gaze had become much sharper!

Its gaze immediately locked onto the group of people escaping in the distance!

“Not good, it has discovered us. Run!”

When the few of them were targeted by the giant bear beast, their expressions immediately became incomparably frightened and uneasy. All of their expressions were very panicked and helpless, and even their breathing began to become hurried!

This was the most important time to escape. If they missed this time, everything would be over!

The giant bear beast roared and let out a heart-wrenching roar. Then, it waved its claws fiercely!

In the air, a loud bang suddenly exploded. Then, a violent wind roared and rose from the ground!

It was as if countless hurricanes had suddenly risen from the ground!

The houses were instantly blown away. Immediately after, countless walls were torn apart!

Originally, the combat deployment of Jiangnan Base was not very strong. Zhu Zao and the others even had to bring several heavy tanks over with the intention of destroying the giant bear beast.

But now, under the pressure of the giant bear beast, they immediately seemed very small and insignificant!

“Damn! This hurricane is really too intense. We can’t resist it at all!”

“It’s over. The wind actually swept me up. If we fall from such a high altitude, we’ll definitely die!”

“I’m still young. I don’t want to die yet. Save me!”

Countless screams and groans instantly spread out. Immediately after, the warriors shouted in incomparable fear. Hundreds of tanks were also blown away by the hurricane!

They did not even have any combat strength left and directly smashed heavily onto the ground, as if they had lost all their combat strength!

“This giant bear beast’s destructive power is really too powerful. We’re not its match at all...”

“Even the cannons can’t hurt this giant bear beast at all. How are we supposed to survive...”

Everyone fell into despair and instantly felt that they were not far from death.

Seeing the countless people who had fallen into pessimism, Zhu Zao’s breathing became hurried.

His eyes were filled with anxiety and unease. Then, he hurriedly said softly, word for word, “We have to use a more powerful weapon!”

Just as Zhu Zao said this, the few assistants under him looked at each other, and their expressions suddenly became extremely solemn.

“Heavenly King Zhu, if we want to use a more powerful weapon to attack the giant bear beast, won’t the city also be implicated?”

One of the assistants asked, and the other assistant’s expression also became especially solemn.

Then, he slowly said softly, “It’s still unknown if the giant bear beast can be defeated...”

“If we really use a powerful weapon, it’s hard to guarantee that Jiangnan Base won’t suffer some danger...”

When Zhu Zao and his subordinates saw the giant bear beast that was constantly destroying the entire city, their expressions immediately became especially solemn!

Their expressions were anxious and especially uneasy. Even their breathing was very hurried!

“The most important thing now is that our combat troops have already been severely damaged!”

“Moreover, this giant bear beast is very cunning. It actually specially rushed towards the location with more people. At that time, the more people it encounters, the more damage it will cause”

Not only was the giant bear beast very huge, but it was also very good at using its size. It could instantly slap the group of people into meat paste.

Moreover, its feet were very big. It could trample a large number of people to death just by taking a single step.

Such valiant strength really made people feel that the deterrence was too powerful. It was simply incomprehensible.

At the same time, the giant bear beast stood in the middle of the entire city and looked down at the people around it with a smug expression!

“Hehe, I can eat my fill today!”

Chapter 675 - Despair

Chapter 675: Despair

The giant bear beast's eyes were filled with smugness, as if it was the ruler of this world. It looked down on the experts and swept its gaze around with a smug expression.

“All of you will become my feast!”

The giant bear beast licked its lips, its eyes filled with urgency. It seemed to want to open its mouth and devour everyone around it!

The giant bear beast opened its bloody mouth and roared as it jumped to the ground in the distance. Then, it instantly swallowed dozens of people into its mouth!

“Brother!”

After seeing that her brother had actually died in the mouth of the giant bear beast, a woman immediately roared in despair!

She hurriedly pounced over, wanting to save her brother from the giant bear beast, but she was helpless!

This was because before she could approach the giant bear beast, she was bitten and devoured by its bloody mouth!

Seeing this, the expressions of many people around it immediately changed!

Their breathing was nervous and anxious, and their faces were filled with anxiety. Then, their eyes were filled with fear and immediately felt especially uneasy!

The siblings were swallowed by the giant bear beast one after another. There was no room for negotiation!

Bang! Bang! Bang!

Many members of the Battle God Battalion around them took out their pistols and began to crazily fire at the distant giant bear beast!

With a few bangs, the guns were fired. Countless bullets directly bombarded the giant bear beast!

However, these bullets were instantly deflected before they could touch the giant bear beast!

“Hehe, you stupid humans actually dare to fight us. How laughable!”

The giant bear beast snorted and suddenly opened its bloody mouth and exhaled!

A huge airflow was immediately spat out from the giant bear beast’s mouth. Then, several hurricanes were blown towards the surroundings!

Swoosh! Swoosh! Swoosh!

An extremely sharp cracking sound suddenly sounded. Many surrounding combatants were immediately blown to the ground and smashed heavily!

This scene made many people around it feel very uneasy!

Countless figures looked around in fear and suddenly shouted for help. Then, they turned around and quickly ran around.

“Hehe, you guys are still thinking of escaping. Let me tell you, even if you guys want to escape, you won’t be able to escape from me!”

The giant bear beast seemed to feel a little displeased eating like this. Therefore, it opened its bloody mouth and suddenly took a deep breath!

As it breathed in, a huge vortex spread out around it!

As the vortex constantly spun, an extremely intense and terrifying aura immediately whistled and spread out!

“Wu Ah Ah Ah!”

“What is this? Why is it so powerful?!”

“Save me, save me!”

“This demon is really too terrifying. I’m going to be eaten!”

Many people around were incomparably frightened and uneasy. They really did not expect this mutated beast to be so powerful!

The ability of the mutated beast was very impressive. This was something no one had expected!

At this moment, an extremely terrifying strength instantly spread out!

Many people around sensed such a terrifying feeling. An extremely terrifying suction force kept spreading out!

Countless people could only watch helplessly as the giant bear beast approached them and swallowed them into its stomach. However, they were helpless!

“Roar! Roar!”

An extremely cold roar suddenly exploded. Immediately after, large amounts of blood spread from the corner of the giant bear beast’s mouth!

After this blood spread out, the giant bear beast licked its lips in satisfaction, looking satisfied.

After wreaking havoc in the city this time, this group of mutated beasts all erupted with unprecedented strength, as if they wanted to kill all the humans!

The giant bear beast seemed to be showing off its strength as it roared!

This voice seemed to be announcing that his strength had already reached a certain level and that everyone was inferior to it!

The surrounding bloody smell did not dissipate for a long time and spread around!

The stomach of the giant bear beast seemed to be able to accommodate everything. It instantly devoured many people around it!

Moreover, the size of the giant bear beast became larger and larger as it ate more people!

In the beginning, the giant bear beast that everyone saw was only five meters tall. But now, after constantly devouring people, it actually began to gradually increase in size. In fact, it was already seven to eight meters tall!

Fear and unease immediately appeared on everyone's faces!

Their expressions changed drastically from nervousness, and even their breathing became hurried. Their entire bodies swayed as if they were about to faint!

"Heavens, this giant bear beast is too powerful!"

"Why would such a monster appear in the world? Could it be that the heavens don't want us to live..."

"This time, the entire world is going to be destroyed. We're done for..."

"Is the heavens punishing us? Is that why they treat us like this..."

"The natural disasters are endless and our world is about to be finished. It's because the heavens can't stand it and don't want us to live..."

"The world is about to be destroyed, and we're done for..."

Everyone saw the scene of the giant bear beast directly devouring these thousands of people. The citizens in the city were also frightened by this scene until their faces turned pale!

Their mentality had been destroyed. Now, they felt that the entire world was about to be destroyed!

Many people even lost the desire to live!

Their eyes were filled with confusion as they walked around in a daze!

Countless people directly climbed to the top of the building. All of them seemed to have gone crazy as they kept jumping down from the roof!

Chapter 676 - Hell

Chapter 676: Hell

Seeing this, the group's expressions immediately became incomparably shocked!

They all jumped down the building as if they had been brainwashed!

Zhu Zao and his subordinates, who were standing in the distance, saw this scene one after another.

Their eyes were filled with shock. They could not help but look at this scene hesitantly, wondering if what they were seeing was real or fake.

"No, why did the world suddenly become like this..."

When the few subordinates saw this, their expressions immediately changed!

Their eyes were filled with anxiety and unease, and even their breathing was hurried. They could not help but scan their surroundings before slowly saying, "What's going on?"

"We don't even have support now. Can we only wait and see the entire city being destroyed by the giant bear beast?"

After saying this, everyone fell into unprecedented despair!

"Roar! Roar! Roar!"

In the distance, the roar of the giant bear beast continued to sound.

The giant bear beast narrowed its eyes and swept its surroundings with a dangerous expression. Immediately after, the surrounding people instantly sensed that the aura on the giant bear beast's body seemed to have become much stronger!

"I still need to eat more humans and mutated beasts to maintain my body in its optimum state!"

The giant bear beast's eyes flickered with a ferocious light. Its expression suddenly became incomparably solemn, and then a sinister expression appeared on its face!

If it devoured other mutated beasts or living humans, it could increase its ability!

The giant bear beast suddenly opened its eyes. Its scarlet eyes were filled with a bloodthirsty divine light!

As long as a mutated beast like the giant bear devoured other mutated beasts, it could become stronger. At that time, it could evolve into an extremely powerful mutated beast!

“Today is the day all of you die. Just you wait. I’ll eat all of you sooner or later!”

The giant bear beast opened its mouth and crazily rushed towards the distant group!

Countless people were buried in the jaws of the mutated beasts and were bitten into meat paste, without any chance of revival.

Jiangnan Base had completely become a hell!

“No, we have to kill this giant bear beast as soon as possible!”

Zhu Zao’s expression suddenly became solemn. He suppressed the anger and displeasure in his heart and slowly said with an incomparably gloomy expression, word for word, “I want to ask my superior for instructions!”

After his subordinates heard this, their expressions suddenly became incomparably solemn.

All of them looked at Zhu Zao incomparably solemnly before slowly saying word by word, “Please do!”

Zhu Zao’s lips trembled for a moment before he said again, “I will request for a pursuit cannon attack!”

“Pursuit... pursuit cannon?”

After saying this, Zhu Zao’s expression suddenly became especially nervous.

Their breathing became very solemn, and then they spoke in incomparable surprise. They said again, “Isn’t the lethality of the pursuit cannon a little too much...”

It had to be known that the pursuit cannon was not an ordinary thing.

If they attacked with the pursuit cannon, it would definitely cause irreparable damage!

Soon, the expressions of the surrounding people changed!

Their expressions were especially solemn, and even their voices were somewhat anxious!

However, Zhu Zao’s expression looked unprecedentedly solemn!

His eyes were filled with nervousness. Then, he slowly opened his mouth and said again, “If the cannon is really fired at Jiangnan Base, I’m afraid the entire Jiangnan Base will fall into destruction...”

The group's expressions became especially solemn. Their faces were solemn and anxious. Soon, their expressions became especially anxious!

Zhu Zao pondered for a moment before slowly saying again, "Now, things have already developed to an irreversible level!"

"If we want the situation to change, we have to pay a price!"

"Now, the giant bear beast is wreaking havoc in the city. If we let the giant bear beast wreak havoc in the city, the casualties will be even more serious!"

Zhu Zao's expression tightened, and then his lips trembled. A moment later, he slowly said word by word, "We... have to make the decision as soon as possible."

"If we can't sacrifice ourselves, the casualties will be even more serious if we release the giant bear beast to another city!"

After saying this, the capable subordinates of Zhu Zao immediately fell silent.

The reason why they were silent was entirely because they also knew that what Zhu Zao said was actually reasonable.

If they continued like this, extremely serious damage would definitely occur. At that time, the entire world would probably become an Asura Battlefield!

At that time, everything would be over!

When they realized this, their expressions suddenly changed!

They suppressed the nervousness and unease in their hearts, their faces filled with nervousness and fear. After pondering for a moment, they finally decided to go along with the plan!

At the same time!

A subordinate was already preparing to call their leader!

Not long after, he received instructions from his superior. The higher-ups said that the cannon had been approved and they could begin firing the pursuit cannon now!

After saying this, the expressions of Zhu Zao and the others instantly became especially solemn. They clenched their fists tightly, their eyes solemn!

In the distance, a rumbling sound quickly spread over. Then, the surrounding people knew that the pursuit cannon in the distance had already begun to lock onto the distance!

This scene made many people present nervous and solemn!

They could not help but scan their surroundings before slowly saying again, word for word, “The pursuit cannon will be fired soon...”

At this moment, everyone’s hearts were tense. Their breathing was somewhat hurried as they stared into the distance nervously!

Not long after, something unexpected happened in the distance!

Chapter 677 - Two Supremacies

Chapter 677: Two Supremacies

Squeak! Squeak!

A voice that shocked everyone quickly sounded!

The giant bear beast suddenly roared and quickly sounded from its surroundings!

When they saw this, their expressions suddenly changed!

Facing the crazy attack of the giant bear beast, everyone present immediately became incomparably nervous and afraid!

“Heavenly King Zhu, shouldn’t we give the order to launch now?!”

The group saw the giant bear beast gradually become incomparably irritable and even somewhat crazy!

Their expressions instantly became incomparably anxious.

The group’s breathing began to become uneasy. Then, their expressions turned ugly, and their breathing quickened. They instantly felt incomparably anxious!

“Fire!”

Zhu Zao suddenly raised the walkie-talkie in his hand and shouted at the combat command room not far away!

After receiving the order from the higher-ups, they could begin to attack!

Zhu Zao's eyes were filled with hatred as he stared fixedly at the distant giant bear beast. His eyes were filled with the urge to immediately kill it!

Anyone who saw this would find it unbelievable!

When everyone present saw this, their expressions suddenly became solemn!

They were about to witness the fall of a city...

However, this was also something they had no choice but to do.

If they did not resolve this giant bear beast as soon as possible and allowed them to wreak havoc, not only would Jiangnan City be destroyed, but the entire world would probably be destroyed in the hands of this giant bear beast!

At the same time!

A whistling sound sounded in the air. A moment later, countless pursuit cannons fired at the giant bear beast!

At first, the giant bear beast did not know what these things were.

It stood rooted to the ground and tilted its head, looking around in confusion. It could not help but ask in surprise, "What is this?"

However, before the giant bear beast could react, a loud bang instantly exploded in the surroundings!

Immediately after, countless cold roars quickly bombarded over!

Before the giant bear beast could react, it realized and figured out what these things were!

Immediately after, countless cannonballs quickly bombarded its body!

Waves of whistling sounds instantly sounded. Then, the surroundings instantly exploded with a sharp whistling sound!

The giant bear beast sensed the danger and it instantly reacted. Then, it quickly burrowed into the ground and escaped!

The cannons could not track the traces of the giant bear beast and exploded on the spot.

Just as everyone thought that the giant bear beast had been killed, not long after, they heard a sharp roar that instantly exploded!

Suddenly, an even larger, harder, and stronger giant bear beast crawled out from the ground!

Seeing this, Zhu Zao's head instantly buzzed.

His eyes were filled with shock. He could not help but look at this scene hesitantly, so shocked that he could not return to his senses for a long time!

Zhu Zao really did not expect this giant bear beast to be so powerful!

Originally, they thought that this mutated beast could be defeated instantly. As long as they used the pursuit cannons, they could easily deal with this giant bear beast!

But now, what no one expected was that after this mutated beast escaped, it became even more powerful!

No one expected such a scene!

The moment the giant bear beast appeared, it exploded with a roar. Immediately after, a few trees actually rose from the distant sea level!

Countless waves roared and swept towards the coast. Then, the sea level boiled like a pot of river water!

Many people around were immediately incomparably shocked when they saw this, wondering if they had seen wrongly!

However, when everyone saw this scene, they finally realized that they were not mistaken at all. This was all happening in front of them!

Seeing this scene, many people around immediately became incomparably stunned!

Their breathing was somewhat anxious and they even saw a huge alligator turtle quickly crawl out from the sea level!

Everyone instantly fell into a state of collapse!

They had not expected things to turn out like this!

Everyone seemed to be shocked speechless by this scene. They watched in shock as the huge alligator turtle rushed towards Jiangnan Base step by step. They felt as if the world had fallen into destruction!

The arrival of a single giant bear beast was already enough to make them suffer. Now, another mutated beast that was even larger than the giant bear beast had appeared!

This scene shocked everyone to the extreme!

“Damn, we’re done for this time.”

When the few of them saw that the huge alligator turtle’s body was actually so huge, their expressions immediately changed drastically. They looked at the scene in front of them in disbelief, unable to return to their senses for a long time. They did not dare to believe the scene they were seeing!

If these two huge mutated beasts attacked them together, at this rate, they would probably be stomped to death and be eaten by these mutated beasts sooner or later!

Just as all the citizens of Jiangnan City fell into despair, the huge alligator turtle actually did something that shocked everyone!

After it rushed to the place with the most people, it did not even move. Instead, it looked at the distant scene solemnly. Then, it said coldly, “Hehe, I didn’t expect a brown bear like you to be here.”

The giant bear beast that was originally wreaking havoc in the city was immediately stunned when it saw this scene!

Immediately after, it exploded with a furious roar. Then, it sneered and said unhappily, “Since you can come here, I can naturally come too.”

“What? Are you planning to come here and compete with me for the resources here?”

A gloomy expression appeared on the giant bear beast’s face. Then, it spoke coldly and berated word by word.

Chapter 678 - Competition

Chapter 678: Competition

When the huge alligator turtle heard this, its face was filled with disdain. It smiled mockingly and said, "Compete for resources?"

"Hehe, do you think you're worthy? Let me tell you, this is my territory. As long as I'm here, no mutated beast can step foot here!"

The huge alligator turtle looked up and roared, sneering. Then, it slowly said again, "If you're not convinced, fight me."

"This way, we can see who's more suitable to be the leader!"

After saying this, the huge alligator turtle's expression suddenly became solemn!

Immediately after, the two huge mutated beasts began to fight!

The surrounding citizens, who were originally nervous, were all frightened!

They originally thought that these mutated beasts would definitely attack them together.

However, he did not expect the two mutated beasts to fight each other!

This scene stunned everyone!

If these two mutated beasts fought each other, didn't it mean that they would be fine?

It would be really good for them!

Many people around were originally extremely nervous.

But now, when they heard that the giant bear beast and the huge alligator turtle were about to fight, their originally nervous and worried hearts immediately relaxed a lot!

Seeing this, everyone present was instantly shocked speechless for a long time!

If word got out that two mutated beasts were fighting, it would really be unbelievable!

When they realized this, many people around also gathered around and spoke with nervousness and fear.

"Two mutated beasts suddenly appeared and are going to fight each other. This scene is really unheard of. It hasn't stopped?"

"That's right. No matter what, as long as the mutated beasts don't attack us, it's fine!"

After saying this, many people around nodded, indicating that Heavenly King Zhu would definitely be able to resolve this matter!

This scene stunned many people present.

Everyone's eyes were filled with nervousness!

Just as everyone was in a daze, the huge alligator turtle suddenly aimed at the giant bear beast and roared as it quickly ran towards the other party!

This scene made the expressions of everyone present change!

They really did not expect the two mutated beasts to fight!

Squeak! Squeak!

Immediately after, a terrifying voice sounded from afar!

The giant bear beast was no exception. It seemed to have seen something very infuriating. It directly stood on its toes and quickly rushed towards the distant huge alligator turtle!

Boom!

As the giant bear beast rushed over at high speed, countless violent winds around it seemed to have their own consciousness and quickly flew towards everyone!

The giant bear beast's eyes stared fixedly at the huge alligator turtle in front of it. Its sharp and angry eyes stared fixedly at the giant bear beast.

It hated this huge alligator turtle that had suddenly appeared here and was looking for trouble with it. If not for the other party's appearance, the bear beast would have been able to enjoy everyone here alone!

At this moment, everyone immediately felt fear in their hearts. Even their breathing quickened!

They really did not expect things to turn out like this, making it hard for everyone to accept the current situation!

Boom!

This was because the giant bear beast was really too fast. It even almost tore a huge hole in the air!

Under the speed of the giant bear beast, the surrounding wind instantly turned into a hurried dark cloud. Then, the giant bear's gaze directly locked onto the distant huge alligator turtle!

The entire air seemed to be about to be torn apart because of the giant bear's speed!

Roar!

A voice quickly exploded. Immediately after, the giant bear understood that its attack on the huge alligator turtle was completely useless.

This was because the huge alligator turtle's shell was very hard!

No matter how fast it was, it was still unable to easily tear apart the other party and turn it into pieces!

When the giant bear realized this, its expression immediately became incomparably furious.

At this moment, the mutated beast on the other side instantly became very smug.

It looked at the giant bear provocatively, its face filled with a mocking smile. A smile appeared on its face. Then, it slowly said, "Hehe, giant bear, do you think you can defeat me like this?"

"Let me tell you, you're just dreaming. No one can defeat me!"

When the giant bear heard the huge alligator turtle say this to it, its expression suddenly froze!

A moment later, countless furious flames seemed to explode in the giant bear's heart!

This scene made everyone present incomparably frightened and afraid!

They knew that if these two mutated beasts fought, they would probably not have a good time!

Thinking of this, many people immediately took advantage of the fact that the two mutated beasts were fighting and quickly turned around to escape!

Realizing this, the expressions of the surrounding people immediately turned very ugly!

After thinking about it, they decided that it was best for them to take this opportunity to escape.

However, the huge impact produced by the battle between the two mutated beasts was really too powerful!

It was even to the extent that their group felt countless cold roars sweep over from their surroundings!

A moment later, everyone was stunned. They really did not expect things to turn out like this!

Everyone did not dare to believe this scene. Their expressions even became especially panicked and afraid, making them uneasy.

Boom!

A violent trembling sound immediately exploded!

Immediately after, an extremely cold thick smoke burned!

An incomparably huge pit suddenly appeared where the giant bear beast was standing!

The huge alligator turtle's eyes were filled with killing intent as it looked into the distance!

As for the giant bear beast, it quickly took a few steps back. A cut appeared on its forehead, and blood gradually flowed out along the cut!

Chapter 679 - Zhou Hao's Return

Chapter 679: Zhou Hao's Return

Seeing this, the giant bear beast's expression turned very ugly.

It swept its gaze towards the huge alligator turtle and realized that it had not gained any benefits from it.

The huge alligator turtle's neck was also cut, and layers of blood appeared!

The two of them were evenly matched and could be said to be very valiant!

However, the giant bear beast's eyes rolled around as it looked at the residents who were about to escape in the distance. Its expression became especially ugly.

It could not help but turn around and look at the huge alligator turtle. It said coldly, "I know that you must have come here today to devour these people, right?"

The huge alligator turtle, whose thoughts had been guessed, revealed a sarcastic expression.

It narrowed its eyes and looked at the giant bear beast dangerously, its eyes filled with coldness and gloom. Then, it said word by word. "That's right!"

Unexpectedly, after hearing this, the giant bear beast smiled and slowly said, "Hehe, alright, in that case, I'll tell you the truth.

"Actually, my goal is the same as yours. I also want to devour the people here to achieve my goal of leveling up.

"But look, they're already prepared to escape while we're fighting. If we continue to fight, we'll be evenly matched.

"Even if we fight for three days and three nights, I'm afraid we won't be able to determine the victor. In that case, let's rely on our own abilities to eat these people!

"This is still much better than them escaping while we're busy fighting, right?"

After hearing the giant bear beast's words, the huge alligator turtle pondered for a moment and immediately felt that the other party's words made sense!

It nodded and said coldly, "Alright, we'll do as you say today. You better not play any tricks with me!

"Otherwise, I definitely won't let you off!"

The giant bear beast sneered and nodded. "Hehe, alright, I know!"

After the two mutated beasts reached an agreement, they suddenly turned around and quickly chased after the group of people who were about to escape!

This scene instantly stunned everyone. After regaining their senses, they became incomparably frightened!

"Why did they suddenly start attacking us again?!"

"Could... this be the end of the Jiangnan area?"

“Why... didn’t our support come?”

“The foreign races have completely erupted. We’re done for. Jiangnan Base is done for!”

All the martial artists felt despair. Those half-step Saint Realm beasts were incomparably powerful. Countless mutated beasts also emerged from the ground and destroyed the entire Jiangnan area!

Everyone had already begun to retreat into the defensive center. The defensive center was extremely well-protected and was made of titanium alloy. Not only was there an indestructible titanium plate on the outside, but there was also a protective barrier.

Countless mutated beasts pounced over and were directly killed by this protective barrier!

Although the human cultivators had already escaped towards the defensive center, they were still severely injured!

In the sky, Zhu Zao, Scholar, and the others were also covered in injuries. The few of them were only Heaven Realm experts. Facing two half-step Saint Realm beasts, they were also helpless!

Moreover, these two mutated beasts were extremely terrifying. They constantly devoured other mutated beasts to increase their level!

The giant bear beast was especially frightening. In the beginning, it was only a Heaven Realm expert, but now, for some reason, it was actually a half-step Saint Realm expert!

The huge alligator turtle was also very violent. Its turtle shell was indestructible and its bite strength was shocking. With a palm, the entire ground collapsed several meters.

No weapon could penetrate its armor, let alone a martial artist!

Heavenly King Zhu was incomparably anxious, and Scholar and the others were even more so!

At this moment, Heavenly King Zhu couldn’t help but ask anxiously, “Will Senior Ji and the others still come to support us?”

“Heavenly King Zhu, now... Senior Ji is currently in Sky City. Two half-step Saint Realm experts have also appeared there. Battle God Lingtian, on the other hand, is in the deep sea. The situation is the same there. The other organizations and the seven divisions are all resisting with their full strength!”

“The mutated beasts are coming continuously like death attendants. They want to die together with us humans. In this battle, we humans... are probably going to lose. At the very least, we will lose one of our four regional bases. And it is very likely that it's going to be our Jiangnan Base!”

Xue San said in a deep voice. This news could be said to be a bolt from the blue for him. This time, the mutated beasts had come prepared. They had even released so many strange mutated beasts as cannon fodder.

They were not afraid of death, but the humans were. Even though they fought with their full strength, tens of thousands of people still died!

The entire Jiangnan Base was about to fall!

After escorting Zhou Xueguo and Wang Shufang into the defensive center, Xu Ling also joined the battle.

However, her combat strength was really limited and she was unable to kill her way over!

“Are... are we all going to die here?”

Although they had defensive tools, it was very difficult for them to predict what would happen!

What if the defensive center was breached? Then Jiangnan Base would be finished!

Xu Ling was burning with grief. In addition, she had already heard the news of Zhou Hao's death, making her even more grief-stricken!

“No!”

“Now is not the time to be sad. I have to help Zhou Hao and protect his parents!”

Xu Ling fought with all her might against these crazy mutated beasts!

At this moment, she only had one thought in her mind. She wanted to protect Zhou Hao's parents, Qu City, and Jiangnan Base. This was her mission!

However, even so, they would still lose sooner or later!

However, at this moment, a huge spacecraft flew over. It was Zhou Hao's Luo God Warship. At this moment, it had already returned to its normal appearance. It was huge, ferocious, and very extraordinary!

Not only that, but a figure also walked down from the spacecraft. A powerful aura swept in all directions. His bright armor carried endless sharpness!

If this person was not Zhou Hao, who else could it be?

Zhou Hao's spacecraft landed in the air, making the human warriors stunned!

Even Zhu Zao and the others were the same!

However, when they saw Zhou Hao walk out of the spacecraft, they were shocked!

"It's... it's Zhou Hao. He's actually not dead!"

Heavenly King Zhu also knew about Zhou Hao. At this moment, he was incomparably shocked to see Zhou Hao!

Other than Heavenly King Zhu, Scholar and the others were also shocked.

"Captain Zhou, you're back. Captain Zhou is back!"

They were immediately excited.

In the distance, Xu Ling also saw the familiar figure with a supreme domineering aura, making her feel extremely proud!

Chapter 680 - Powerful

Chapter 680: Powerful

As soon as Zhou Hao came out, he did not have the time to greet Zhu Zao and the others. The two half-step Saint Realm beasts were very powerful, so powerful that it made one furious!

One was a huge brown bear that was incomparably powerful and agile. The other was a big huge alligator turtle with a hard carapace and shocking defense!

These two mutated beasts were both overlord-level beasts. Moreover, at this moment, their bodies were surrounded by a strange magnetic field and fluctuations. Zhou Hao knew that if he did not deal with the two of them, Qu City would be destroyed!

Zhou Hao stood up and rushed over without saying a word!

“Zhou Hao, be careful. That’s a half-step Saint Realm beast!”

Heavenly King Zhu was naturally happy to see Zhou Hao return. Xiu Ai and the others were also incomparably excited!

However, he was still a little surprised to see Zhou Hao rush over!

After all, Zhou Hao was only a fifth-grade Heaven Realm expert, but he actually wanted to fight this mutated beast at this moment. It was really a little unbelievable!

Zhou Hao did not care at all. At this moment, after using the Ancestral Physique, the Nine Revolutions Overlord Body Art, and the God Destroying Art, his combat strength soared!

Soon, he arrived at the twelfth-grade Heaven Realm!

Although he had reached the twelfth-grade Heaven Realm, he was still inferior to a half-step Saint Realm expert!

However, although Zhou Hao’s level was not high enough, his combat strength was still extremely shocking!

At this moment, a powerful force instantly condensed. A powerful aura instantly enveloped the area, making everyone instantly shocked!

“Heavens... What’s Zhou Hao’s cultivation level?”

The big huge alligator turtle was not simple either. Its huge carapace instantly emitted a hot light. In the world, it was as if a flame purgatory had been condensed. Fortunately, Zhou Hao had arrived. Otherwise, humans would have long been unable to endure it!

Seeing Zhou Hao like this, the huge alligator turtle roared into the sky, its voice incomparably loud as it waved its palm fiercely at Zhou Hao.

That palm was simply a destructive palm. Everyone broke out in cold sweat!

Even Zhou Hao was really shocked!

“Damn, this is too freaking ruthless. As expected of a half-step Saint Realm expert. Unfortunately, it’s useless against me!”

A smile flashed across Zhou Hao's face. He did not care about this slap at all. When he saw this palm descend, he unleashed a powerful force and the Heaven Raising Staff appeared in front of him!

Zhou Hao sneered and a powerful force instantly condensed. He slowly stood rooted to the ground and assumed a posture!

"What is Captain Zhou doing? Is he going to resist this huge alligator turtle head-on?"

"This huge alligator turtle's combat strength is close to the Saint Realm. It's impossible for it to defeat a half-step Saint Realm beast. Isn't Captain Zhou courting death by doing this?"

After Scholar and the others saw this, they were all anxious. The humans were no match for the mutated beasts to begin with, so how could they fight a monster with an incomparably powerful physique head-on?

Although this was the case, Zhou Hao could still resist the other party!

He slowly punched out. No aura or cultivation could be seen. However, after this punch was unleashed, a change happened when it collided with the palm of the huge alligator turtle!

They all expected Zhou Hao's palm to be severely injured!

However, they did not expect Zhou Hao's palm to actually pierce through the palm of the huge alligator turtle!

This scene shocked them greatly!

Roar!

This Giant huge alligator turtle did not know how to speak human language, but one could sense its anger from its roar. This roar even affected the giant bear beast. At this moment, the giant bear beast also jumped up and stomped fiercely at Zhou Hao!

"Captain Zhou, be careful!"

Veteran immediately roared.

Zhou Hao smiled. "Don't worry, it can't beat me with this kind of attack!"

With that said, Zhou Hao's body instantly flew a hundred meters and dodged.

"Heavenly King Zhu, leave this half-step Saint Realm beast to me. I'll leave the other beasts to you!"

Zhou Hao smiled. He had also seen Xu Ling just now. With her around, Zhou Hao knew that his parents would definitely be fine!

“Student Xu, wait for me to finish killing the monsters.”

Zhou Hao whistled at Xu Ling and continued to fight.

Xu Ling was extremely happy to see Zhou Hao return. She could not help but cover her mouth and cry.

For so many days, she had been under a lot of pressure. On the one hand, she was in danger of being surrounded on all sides, and on the other hand, Zhou Hao had disappeared!

Under this double blow, she had long lost her faith and could collapse at any moment!

However, at this moment, Zhou Hao's return had given her a goal. She also relaxed, especially when she saw that Zhou Hao was so powerful.

Zhou Hao continued to participate in the battle. He knew that there was chaos everywhere, but the other battles were not like this!

In the battles happening elsewhere, both sides were only trying to break through each other's barriers. Only the thirteenth spatial rift had such a huge problem!

This problem must also be related to the void beast!

This was because Zhou Hao could sense a strange magnetic field aura from their bodies. The magnetic field aura was identical to the one on the void beast!

Zhou Hao's body was like a ghost as his Ancestral Physique exploded. Every time he attacked, he would condense his attack into a single spot. He punched out, forcing the huge alligator turtle and the big bear beast to retreat!

Although these two guys were in a crazy state, they still knew pain and roared repeatedly!

“These two mutated beasts are definitely not half-step Saint Realm beasts. They must have advanced!”

“Looks like the spirit body of the escaped void beast has helped them level up by a lot!”

Zhou Hao analyzed secretly. If anyone could do this, it would definitely be the void beast!

Thinking of this, Zhou Hao sighed. All they could do now was resolve this battlefield. At the same time, they had to think of a way to increase their defenses!

Other than that, Zhou Hao did not know what else to do!

As the battle continued, Zhou Hao was incomparably ferocious. His punches were like heavenly punches with an invincible intent!

It was also because of Zhou Hao's extraordinary heroic appearance that these two huge mutated beasts lost their advantage. After a strange fluctuation came from the ground, these mutated beasts turned around and fled back. They were neither fanatical nor furious...

When Zhou Hao sensed this, his expression immediately changed. This was because he knew that they were definitely being summoned by the void beast's mental strength. Therefore, without saying a word, he immediately chased after them!

However, at this moment, an extremely terrifying pressure descended with a bang. It was the power of a Saint Realm expert. In short, as this power poured down, no one could move!

The crazy mutated beasts also instantly escaped!

After waiting for a few minutes, the aura finally disappeared. Only then could Zhou Hao move.

"Damn it!"

Chapter 681 - Only One

Chapter 681: Only One

Zhou Hao was very furious, but there was nothing he could do. He knew that this was the method of the void beast!

After these mutated beasts retreated, Zhou Hao looked at the devastated Jiangnan Base and was very sad!

He couldn't help but feel emotional!

This was war. Moreover, this was only a small-scale war. If the mutated beasts rushed over bravely, they would be unable to resist at all, especially the void beast under the altar. If it rushed over, Zhou Hao and the others would definitely be killed!

At this moment, Xu Ling and the others landed beside Zhou Hao. Xu Ling pounced into Zhou Hao's arms, her eyes filled with yearning as she hugged him tightly. Tears fell, but she did not say anything.

Zhou Hao knew that in the past ten months or so, Xu Ling must have been very anxious about him. He could not bear to see her like this. He hugged Xu Ling and patted her back lightly.

"Um... although my words at this moment will affect the atmosphere a little, I still have to say..."

At this moment, Heavenly King Zhu spoke awkwardly. After he finished speaking, Xu Ling's pretty face immediately turned red and she hurriedly crawled out of Zhou Hao's arms.

"Heavenly King Zhu." Zhou Hao smiled.

"Zhou Hao, time is tight. Let's cut the long story short. This matter is too serious. Let's quickly report to the Holy Temple!"

When Zhou Hao heard this, he was immediately stunned. "Temple?"

"It's the most sacred martial artist alliance of our human race. The rulers of the five continents have gathered. This time, there's going to be a special meeting. Peak Heaven Realm experts will all participate, and you... are also invited!"

Zhou Hao took a deep breath and nodded. There were indeed some things that needed to be reported.

This battle had caused a very serious trauma to Jiangnan Base. It was very difficult for them to recover, but still had to try.

Xu Ling brought Zhou Hao to see his parents. After seeing that his parents were safe, Zhou Hao heaved a sigh of relief.

Seeing that their son was not injured, Zhou Xueguo and his wife heaved a sigh of relief.

After settling his parents down, Zhou Hao boarded the Luo God Warship and headed straight for the Battle God Battalion!

Ji Yaoyue had long learned from Scholar that Zhou Hao was not dead and was very happy!

Zhou Hao arrived at the Battle God Battalion's headquarters and directly entered the highest meeting room of the Battle God Battalion!

The video of Zhou Hao's battle with the two half-step Saint Realm beasts had long been sent back. They were all shocked by Zhou Hao's combat strength!

In the entire Battle God Battalion, only Ji Yaoyue and Lingtian had half-step Saint Realm cultivation. The others only had five peak-level Heaven Realm experts.

There were not many Heaven Realm experts as well, only around 50.

In this highest-level meeting, there were only eight people. Ji Yaoyue and Lingtian were sitting in the main seats. After Zhou Hao entered, he was also arranged to sit in the first row.

They did not have anything to say about this sudden matter, but Zhou Hao did!

However, it was not appropriate for him to reveal everything directly. After all, he kept feeling that Ji Yaoyue and the others were hiding something from him.

"This time, the foreign races are quite aggressive. It should be related to the stone tablet. They took the stone tablet and allowed the mutated beasts to evolve. The situation seems to be quite dangerous for us humans."

"That's right, Senior Ji, Senior Lingtian, the thirteenth spatial rift has already completely fallen. Half of Jiangnan Base has also been destroyed. We need time to rebuild our home and establish a defense line. However, what we lack is time!"

These peak-level Heaven Realm experts said gloomily.

Zhou Hao did not speak, and Ji Yaoyue and Lingtian could only try their best to comfort him.

Soon, after Ji Yaoyue gave them a huge mission, she dismissed them. Only Zhou Hao was left behind!

"Zhou Hao, how did your combat strength improve so quickly? You're only a fourth-grade Heaven Realm expert. How did you erupt with a half-step Saint Realm combat strength?!"

Ji Yaoyue was very shocked and asked directly.

Lingtian was the same. Back then, when he first saw Zhou Hao, Zhou Hao was only a quasi Heaven Realm expert. How long had it been? However, now, Zhou Hao was already a half-step Saint Realm expert!

“Senior Ji, I obtained some good fortune in the thirteenth ancient ruin, which is why I have my current ability.”

Zhou Hao took a deep breath and looked at Ji Yaoyue and Lingtian. He immediately asked, “Sirs, are you... hiding something from me?”

Hearing this, Ji Yaoyue and Lingtian were stunned for a moment and looked at Zhou Hao in confusion.

“Zhou Hao, what do you mean? What did we hide from you?”

They did not understand why Zhou Hao suddenly said this.

“It’s like this, Senior Ji. I saw an old man in the ruins. This old man can use the power of Genesis Runes. Moreover, he claims to be your master!”

After Zhou Hao finished speaking, Ji Yaoyue and Lingtian’s expressions immediately changed drastically!

Without saying a word, the two of them immediately took out instruments and sealed the space. Ji Yaoyue even used a cultivation technique that Zhou Hao did not know of to descend a barrier and monopolize the surrounding aura.

Seeing them like this, Zhou Hao was immediately shocked.

After doing this, Ji Yaoyue and Lingtian looked at Zhou Hao nervously.

“Zhou Hao... you said... you saw our master? Where is he?”

Ji Yaoyue said nervously, and Lingtian was even more so.

“In a sealed altar in the ruins, there’s a void beast sealed there. Your master has been sealed there for 50 years...”

Zhou Hao immediately said.

After saying this, Ji Yaoyue immediately cried. “I knew it. I knew it. Every time I see Master, his aura becomes very blurry. In the end, Master went missing and we could only meet with one of Master’s clones. In order to seal that mutated beast, he exhausted everything and couldn’t even maintain his clone!”

Ji Yaoyue said very sadly. This was the first time Zhou Hao had seen her so sad.

It was not only her. Even Lingtian cried!

“Master said that the future depends on us. However, what should we do to deal with that void beast?!”

Lingtian said dejectedly.

When Zhou Hao heard this, he understood that the human race was probably in a huge crisis!

“Senior Ji, Senior Lingtian, can you tell me now how many Saint Realm experts our human race has? If the foreign races invade, how are we supposed to resist?”

Zhou Hao asked directly!

Ji Yaoyue and Lingtian sighed with ugly expressions!

“The... only Saint Realm expert in the human race is our master. Other than him... there are no... Saint Realm experts!”

After saying this, Zhou Hao was dumbfounded on the spot!

No Saint Realm expert... Didn't... Didn't this mean that it was over for them?

The void beast would be at the Saint Realm when it appeared. How would humans resist it? How would they survive?

Chapter 682 - Holy Temple

Chapter 682: Holy Temple

Zhou Hao was somewhat shocked. These words caught him off guard!

He had always thought that there would be three Saint Realm experts in the entire human race, but now, it seemed this rumor was only spread to appease the humans on Planet Earth!

“What about the mutated beasts? How many Saint Realm experts do they have?”

At this moment, Zhou Hao hurriedly asked!

“There are no Saint Realm beasts either. There’s only a void beast that has been sealed by Master. However, this seal is about to loosen. From today’s matter, it can be seen... When the void beast appears from the seal, it will be the disaster of our human race!”

Ji Yaoyue said in pain. She originally thought that it would take a long time. Her combat strength was already at the half-step Saint Realm, and she had a high chance of growing to the Saint Realm!

However, this suddenly disrupted her plan. This really made her a little depressed.

Zhou Hao sighed. He also knew that they might know something, so he did not hide anything and told them everything he had seen in the ruins.

After hearing this, Ji Yaoyue and Lingtian were shocked. They had never expected such a situation!

Zhou Hao took a deep breath and looked at Ji Yaoyue and the others. He could not help but ask, “Senior Ji, what should we do now?”

“The leaders of the various alliances will be attending this meeting. Zhu Zao is right. The Holy Temple has already sent an invitation. You’re also invited.”

After Ji Yaoyue finished speaking, Zhou Hao could not help but ask.

“Senior Ji, I want to know what kind of organization this Holy Temple is?” Zhou Hao could not help but ask.

“It’s actually very simple. It’s an organization jointly established by the five alliances to coordinate the work of the five alliances. In addition to our Huaxia, the European Union, and the African Alliance, there are also the North American and South Korean alliances. The Holy Temple is made up of these five organizations.”

“This Holy Temple is extremely hidden from the outside world. Not many people know about it. There are many opinions, and no one knows the exact details. However, there is indeed a relatively ancient existence in the Holy Temple. We also don’t know when that existence came into our world.”

“I can only say that that existence... is very dangerous!”

When Ji Yaoyue said this, she suddenly took a deep breath and frowned. Zhou Hao knew that this might be the guy who had plotted against Huang!

Zhou Hao took a deep breath and his expression was very ugly. However, he did not say anything and asked, “Then when are we going?”

Ji Yaoyue immediately said, "Tomorrow!"

Soon, the next day, Ji Yaoyue brought Zhou Hao and Lingtian directly to a mysterious island. At this moment, this place was completely guarded and many armies were stationed here.

Not only that, but there were also a few half-step Saint Realm experts holding down the fort!

After seeing Ji Yaoyue arrive, they let her in.

"This Holy Temple has many secrets, so it's very well protected. For the safety of the human race, the Holy Temple has really contributed a lot. It's not only in terms of martial artists, but also in terms of construction!"

Ji Yaoyue's words shocked Zhou Hao.

Soon, they entered the center of the Holy Temple. This was a huge center and was incomparably magnificent. Zhou Hao did not quite believe it.

Ji Yaoyue brought Zhou Hao and the others to the territory of the Huaxia Alliance. There were only 25 people sitting here!

Other than the few people Zhou Hao knew, they were all experts from the various divisions and families!

The Huaxia Alliance only had a total of four half-step Saint Realm experts. One of them was the commander of the seven large divisions and the other was the leader of Peijing. In addition to Ji Yaoyue and Lingtian, there were a total of four!

In the other alliances, the North American Alliance had the most and had three experts. South Korea had the least and only had two.

In other words, there were only fifteen half-step Saint Realm experts in the world!

There were only a hundred peak twelfth-grade Heaven Realm experts!

This was already the strongest combat strength on Planet Earth!

Zhou Hao exchanged pleasantries. He originally thought that the martial artists on Planet Earth were enough to resist the mutated beasts, but now, it seemed that they were still far inferior!

Of course, Zhou Hao thought for a moment. Perhaps the Mutated Beast Alliance was not as powerful as he imagined. After all, humans could still resist the attacks of the

mutated beasts in the Underground World, the Sky City, the Endless Deep Sea, and the thirteen spatial rifts!

It could be imagined that the strength of the Mutated Beast Alliance was probably similar to the humans!

After Ji Yaoyue and the other fifteen half-step Saint Realm experts sat down, their expressions were solemn. These were all half-step Saint Realm experts, ministers of the North American Alliance. They stood up and opened the information.

“Everyone, the crisis of Planet Earth has arrived. We have detected that many radioactive magnetic fields have appeared on Planet Earth. Just like the stone tablet, these magnetic fields are the same as the magnetic fields that are found on mutated beasts. This magnetic field can control mutated beasts and make them powerful and violent. It is the strangest magnetic field we have ever seen!”

“Up until now, we still haven’t discovered the source of this magnetic field!”

The North American martial artist spoke fluent English. The information was then translated into Zhou Hao’s ear.

After hearing the North American martial artist’s words, the others were also shocked.

At this moment, the African Alliance martial artist chimed in, “Indeed, this magnetic field is too powerful. With it around, it will probably be very difficult for us to resolve with so many mutated beasts. However, the situation is not that bad. The environment of the foreign races is very bad, and they can only increase their strength by killing their own kind. Therefore, although the number of mutated beasts is large, they are still inferior to us humans in terms of top experts!”

This person was also a powerful martial artist from the African Alliance. His strength was at the half-step Saint Realm, and his aura was surging. He was indeed extraordinary!

The other martial artists also whispered. At this moment, the Temple Master, an old man in a golden robe, stood up.

This person did not have any cultivation and was not a martial artist. However, it could be seen that this person was very authoritative and dignified and had obtained the love and respect of many people.

He slowly stood up, took a deep breath, and immediately said, “The crisis of the human race has arrived. We have to work together to survive. All the preparations are for this day. We will definitely defeat the mutated beasts and protect our home!”

His aura was very extraordinary. His words were encouraging, making everyone's blood boil.

"Everyone, for the safety of our human race, let us completely clean up our human territory. Senior Ji, Mr. Roosevelt, Mr. Jin Guosen, Mr. Praka, and Mr. Michael, I'll leave the cleanup operation of the human race to you. We'll definitely provide support for you. All the armies are ready and the operation can begin at any time!"

In order to deal with this matter, the humans had already made plans. They wanted to clean up the entire place to prevent the matter at the thirteenth spatial rift from happening again!

Chapter 683 - Reappearance of a Half-step Saint Realm Beast

Chapter 683: Reappearance of a Half-step Saint Realm Beast

Patrolling Planet Earth was indeed very important. To Zhou Hao and the others, this was something they had to get done. They had to completely reorganize the living areas of the humans on Planet Earth!

Soon, they started operations. Ji Yaoyue brought Zhou Hao and the others back to the Battle God Battalion and gave the order.

Zhou Hao followed a few twelfth-grade Heaven Realm experts to the first spatial rift. Although this was a spatial rift, it was also where the Origin Stone Forest was located!

The first spatial rift was the most dangerous place other than the thirteenth spatial rift. When Zhou Hao and the others arrived, they saw the troops stationed here.

"The person guarding the first spatial rift is Heavenly King Zheng. His cultivation has reached the eleventh-grade Heaven Realm. Although he hasn't reached peak combat strength, Heavenly King Zheng's cultivation is still very powerful!"

The person who spoke was a peak Heaven Realm expert from the Battle God Battalion's elite camp. His name was Luo Dayou. This person was infinitely close to reaching the half-step Saint Realm and was very extraordinary!

“Hello, Heavenly King Zheng,” Zhou Hao said with a polite smile.

Heavenly King Zheng also nodded. “Mr. Zhou, we’ve heard a lot of your legends. Seeing you today, I can tell that you’re indeed extraordinary!”

Heavenly King Zheng immediately smiled when he saw Zhou Hao.

“Heavenly King Zheng, you’re too kind. We came to the first spatial rift this time to investigate. After all, the geographical location of the first spatial rift is very special. It’s connected to the sea, the land, and the center of the desert. Back then, the riot at the first spatial rift was also the most intense. The magnetic field here is also the same!”

Zhou Hao’s information had naturally come from the Battle God Battalion. Only three days had passed since the last riot, but the Battle God Battalion had already calculated a lot of data.

“That’s indeed the case. Last time, during the riot, we sensed a large number of strange auras in the ancient forest and the deep sea in front of us. Therefore, I reported it to the Battle God Battalion.”

Heavenly King Zheng hurriedly said, and Zhou Hao understood.

Zhou Hao and Luo Dayou began to quickly investigate. Although Luo Dayou cultivation was at the twelfth-grade Heaven Realm, he knew that Zhou Hao’s combat strength was at the half-step Saint Realm. On Planet Earth, he was basically a peak-level expert!

Therefore, they respected Zhou Hao very much! The two of them investigated for a long time but still did not discover anything.

Zhou Hao and Luo Dayou stationed themselves here.

“We’ve already inspected the Origin Stone Forest, but not the deep sea. Mr. Zhou, let’s go to the deep sea to investigate together tomorrow!”

Luo Dayou said worriedly.

Zhou Hao nodded. The next day, the two of them directly entered the deep sea. They were still shocked when they sensed the remaining magnetic field in the deep sea!

However, although he was shocked, Zhou Hao knew that this must be the magnetic field of the void beast!

Zhou Hao took a deep breath and became somewhat worried.

The two of them began to investigate, but they did not discover anything!

The two of them were about to return to land from the sea when an intense roar suddenly erupted from the Origin Stone Forest!

Zhou Hao and Luo Dayou were immediately shocked. Without saying a word, they directly arrived at the Origin Stone Forest and were immediately shocked!

With a huge roar, a half-step Saint Realm beast suddenly appeared in a large forest!

"This... this...!" Luo Dayou's eyes narrowed.

The sudden appearance of a half-step Saint Realm beast caused a commotion among countless experts. The experts of the first spatial rift were all mobilized!

In fact, the entire Planet Earth was notified!

Ever since the last incident, countless satellites had risen on Planet Earth to detect the aura of these half-step Saint Realm experts. As long as they were mobilized, they would be instantly detected!

Of course, the sudden appearance of this mutated beast still shocked all the martial artists.

Usually, be it humans or beasts, if they wanted to reach the half-step Saint Realm, they needed to grow step by step with difficulty, and they would have long been recorded in the files.

Zhou Hao instantly felt a threatening aura! He revealed a strange gaze.

"With the surveillance Ji Yaoyue and the others have on Earth, we definitely know about all the half-step Saint Realm beasts. However, this sudden appearance of a half-step Saint Realm beast..."

Suddenly, a roar made Zhou Hao tremble!

Zhou Hao opened his hands and waved them lightly from top to bottom. Snow-white silver wings actually spread out behind him.

Under the sunlight, his wings emitted a dazzling colored light as they danced in the air and rushed straight for the half-step Saint Realm beast!

"System: Warning! Warning! Danger ahead! Half-step Saint Realm beast detected! Please evacuate quickly!"

The loudspeaker in the first spatial rift issued a warning to all martial artists. After all, this was a half-step Saint Realm beast.

“...Alright, we can't continue forward. If we continue forward, we will definitely attract its attention. It's better for us to observe here and see if we can win against it.”

Zhou Hao looked at this mutated beast, narrowed his eyes, and took a deep breath.

This new half-step Saint Realm beast roared at the sky before letting out a painful growl!

“Its... its... its body actually... actually began to grow at a visible speed. Its strength is growing rapidly! In the blink of an eye, it had already unleashed its half-step Saint Realm!”

“Damn, how ridiculous! Even hackers aren't able to level up this quickly!”

When Luo Dayou saw this, he was stunned!

“Senior Ji, Senior Ji, I'm Zhou Hao!”

This matter was too dangerous. He had to tell Senior Ji about this matter!

As Zhou Hao spoke, he directly sent a message to Ji Yaoyue.

“Zhou Hao, what's the matter?” Ji Yaoyue immediately picked up the phone and hurriedly said.

“Senior Ji, I'm currently in the Origin Stone Forest of the first spatial rift. There's a half-step Saint Realm beast here. Its aura is still unstable and crazy. It has the same aura as the giant bear and the huge alligator turtle. Its cultivation is also increasing at a visible speed and has directly reached the half-step Saint Realm. Moreover, it's actually still transforming!” Zhou Hao revealed a frightened expression, his expression very solemn.

“Zhou Hao! What did you say? Say it again!” Ji Yaoyue was immediately shocked and in disbelief!

This mutated beast was not recorded in the database at all. It had just appeared!

“Senior Ji, there's no time! Its strength is still increasing and is already infinitely close to the Saint Realm!” Zhou Hao hurriedly said.

“How about this? Leave at least 300 meters away from there immediately. Make sure you're safe and observe carefully from a distance! Without my order, you're not allowed to die!” Ji Yaoyue's voice was somewhat worried as she spoke in the sky above the Pacific Ocean, inside a huge plane.

At this moment, all the other council members had already been dispatched. Only Lingtian was left in the command center to oversee the situation.

Di! Di! Di!

“System: Warning! Warning! A special life aura has been discovered!”

“Warning! Warning! Please prepare for battle!”

“Damn it! What kind of monster is this?! Everyone, listen to my command. Without my order, no one is allowed to go out and attack without permission!”

Chapter 684 - Evolution Crystal

Chapter 684: Evolution Crystal

“System, connect me to Luo Dayou and the others’ communication bracelet immediately.”

“Luo Dayou? Luo Dayou? Hey, quickly send me your current location. Hurry up.”

At this moment, rumbling sounds had already appeared in the originally calm deep sea of the Pacific Ocean, as if something was gradually controlling the deep sea to form a large sea vortex.

“Damn it, what’s going on?”

“I don’t know. This is neither an earthquake nor a tsunami. It feels like something is under the deep sea.”

The huge wave that was raised slammed fiercely onto the rocks on the shore. The huge wave that was at least seven meters tall caused considerable destructive damage to the surrounding environment. The mountains shattered, the ground shook, and the heavens and the earth shook.

Zhou Hao turned around and saw that there was definitely something at the bottom of the sea. However, at this moment, this mutated beast was breaking through here, so Zhou Hao could not ignore it.

“Although a half-step Saint Realm beast is powerful, so what?”

After all, Zhou Hao had a half-step Saint Realm combat strength. Even if he fought this guy, he might not necessarily lose.

However, at this moment, an ear-piercing sound sounded from the sky. Roar. On careful look, it was actually a charming Ji Yaoyue wearing fiery red armor.

“Zhou Hao, is this the half-step Saint Realm beast you were talking about?”

Ji Yaoyue looked at this half-step Saint Realm beast that was about to end its transformation, and her eyes were more or less filled with disbelief. Where did this half-step Saint Realm beast come from? Most importantly, what kind of strength made its strength increase crazily?

“Senior Ji, this guy’s cultivation is increasing rapidly. I’m very sure that there’s a mysterious power or crystal in its body that’s helping it ascend in a straight line!”

Ji Yaoyue still did not believe it. She looked at Luo Dayou in confusion and asked, “Luo Dayou, do you think...”

Luo Dayou lowered his head respectfully and hurriedly said, “It’s as Mr. Zhou Hao said.”

“In fact, I suspect that it mutated from a supernatural beast. Its aura is very strange and unstable. It’s fluctuating constantly!” Luo Dayou hurriedly said!

It went from being a supernatural expert to a half-step Saint Realm expert?

They had never seen such a situation before. Even that void beast would probably find it very difficult to pull off something like this, right?

Under normal circumstances, whether it was a human or a beast, if they wanted to reach a peak-level, they would inevitably need cultivation techniques, cultivation techniques, equipment, or Dharma treasures. Moreover, Heaven Realm beasts not only increased their cultivation, but also their bloodline and spirit.

“No matter where it comes from, I have to think of a way to analyze it!”

As Ji Yaoyue spoke, she directly attacked. Together with Zhou Hao and the others, she instantly subdued this mutated beast, making it lose its life the moment it was about to break through!

Then, she took the device and began to detect its evolutionary roots!

At this moment, the people from the various alliances arrived. South Korea, Africa, the European Union, and North America had all sent experts. After all, this was a huge matter!

Under the witness of the various alliances, the detector quickly detected something.

“Senior Ji, seniors, let’s investigate the body of this mutated beast... There’s... there’s an Evolution Crystal!”

After hearing this, they were immediately stunned!

Evolution Crystal!

Although Zhou Hao did not understand, he could tell that this Evolution Crystal was definitely a treasure!

Although he still had many questions to ask, Zhou Hao still decided to silently observe the situation first to prevent himself from causing any more unnecessary trouble, Zhou Hao muttered to himself.

The other experts were more or less puzzled. What was this Evolution Crystal?

Was this thing good or bad? How valuable was this Evolution Crystal? Everyone looked at Ji Yaoyue, Lingtian, Luo Dayou, and the others. Everyone present was definitely smart. Just by looking at the array, they could tell that this Evolution Crystal was not simple...

Could an expert from the European Union advance to the half-step Saint Realm after eating this Evolution Crystal? What if he had eaten more than one?

“Could this thing be the key to the breakthrough of the mutated beasts? What if we eat it?”

As soon as he said this, everyone present began to panic.

“Just now, this demon beast only ate one and its strength soared so quickly. If we can obtain at least half of it, we will at least be able to advance from the Heaven Realm to the half-step Saint Realm!”

“That’s right. If we obtain a few, won’t we instantly become a Saint Realm expert?”

Although the European Union and the others realized that this thing was powerful, they did not know about the void beast!

“Shut up!”

Ji Yaoyue immediately snorted!

Ji Yaoyue, Lingtian, Luo Dayou, Zhou Hao, and the others all knew the special nature of this “Evolution Crystal” and its danger. They could not help but glare at the European Union expert angrily. The European Union expert deliberately pretended not to know anything with a puzzled expression.

The few of them who knew the special nature of the Evolution Crystal knew very well that the half-step Saint Realm expert's strength must have increased crazily because of the Evolution Crystal.

The few people who knew this secret did not want anyone else to know about it. Once this secret spread, it would definitely cause a huge commotion.

"That's right. Look carefully at the surrounding environment. It's impossible for a half-step Saint Realm expert to be born in this sea. It must be because this Evolution Crystal was absorbed by the demon beasts."

"Everyone saw the increase in its strength after eating the Evolution Crystal, right? There should be more Evolution Crystals in this deep sea. I'll go and find some right now."

Immediately, all kinds of discussion sounded. Many people looked at the reactions of Ji Yaoyue, Lingtian, Luo Dayou, Zhou Hao, and the others from the corner of their eyes.

"Quick, quick, quick, let's go and find the Evolution Crystal immediately."

For a moment, a large number of experts from various countries began to dive into the deep sea crazily to conduct a large-scale search.

Previously, when they saw the half-step Saint Realm experts, they did not even dare to say a word. Now, these people couldn't contain their desire. Seeing the representatives of the other factions leave quickly, only Ji Yaoyue and Lingtian were left looking at each other.

"I bet that guy from the European Union said that on purpose," Lingtian cursed loudly.

"Hmph, these people only care about the benefits in front of them and don't understand the foundation of the Evolution Crystal. So what if we let them have it?" Ji Yaoyue said calmly.

"Are you really not in a hurry? If I'm not wrong, you need this Evolution Crystal more than I do." A devilish smile appeared on Lingtian's face.

"Zhou Hao, Luo Dayou, there must be more Evolution Crystals in the nearby area. Do your best to search for them."

"Yes, Senior Ji."

With a plop, Zhou Hao and the others rushed into the deep sea. Ji Yaoyue also followed.

In the dark deep sea, Zhou Hao opened his backpack and took out the deep sea detector to search for the Evolution Crystal. He quickly advanced towards the deep sea.

Chapter 685 - Competition

Chapter 685: Competition

“Ji Yaoyue, Lingtian, as well as those who know the effect of the Evolution Crystal... None of them mentioned what it can do or what it can be used for.” Zhou Hao’s eyes were sharp.

“Just as I guessed, Senior Ji more or less knows something about this thing, but she just chose to stay silent. This means that... this thing must have something that drives people crazy.” Zhou Hao did not dare to relax at all. He stared intently at the deep sea detector and quickly searched. Then, thirty minutes passed...

Zhou Hao was somewhat shocked that in just a few minutes, the second Evolution Crystal was discovered. Moreover, the person who obtained it was Ji Yaoyue.

“Zhou Hao, Zhou Hao?” A voice sounded from the communication watch.

“This voice? Is that Chaimet?” Zhou Hao replied.

“Hahaha, you still remember me. I say, your Battle God Battalion is really impressive. It’s only been a few minutes, but your president has already obtained an Evolution Crystal,” Chaimet said with a smile.

“Oh, looks like you’re quite well-informed.” Zhou Hao quickly hung up. Although he was more or less happy that Senior Ji had obtained the Evolution Crystal, he was still concerned. After all, it had only been a few minutes, but Chaimet actually knew so quickly.

After cutting off the communication, Zhou Hao focused even more and searched. “The first Evolution Crystal is with me, and the second is with Senior Ji. From the looks of it... there are really many Evolution Crystals in the deep sea!”

Only twenty minutes later.

A smell that made people want to vomit spread throughout the entire rock layer. With his sensitive nose, Zhou Hao recalled the scent and noticed a trace of strange smell mixed inside.

Zhou Hao's eyes lit up.

"It must be the Evolution Crystal!"

"Zi! Zi! Zi!" In an instant, the incomparably hard rock layer was broken as if it was fragile as paper.

The buzzing sound was mixed with other sounds.

"Hmm? Damn? What's going on?" Zhou Hao was surprised to see a corpse on the ground...

Not far in front of him, he discovered a body that looked like a South Korean martial artist. When he walked closer, he saw that the person's body had already been divided into two. His upper body was still struggling in pain as he stretched out his weak hands. It was as if he wanted to grab onto something. Unfortunately... his body would forever remain in the vast Pacific Ocean forever.

Swoosh! A figure rushed out and knelt at the side. "Cui Jinming! Cui Jinming! Wake up! You actually killed him? Robert, you're too much."

The three South Korean martial artists looked at each other angrily. Opposite them stood a sixth-grade Heaven Realm expert from the European Union.

"He's just a third-grade Heaven Realm expert. If he had obediently handed over the Evolution Crystal, we might have been able to spare his life. Who asked him to resist? The strong prey on the weak? Don't you understand such a simple principle?"

At this moment, Zhou Hao had already arrived. When the European Union member saw Zhou Hao, he immediately became nervous.

"Zhou Hao? Not good... Let's go quickly."

The four people from the European Union immediately fled when they saw Zhou Hao arrive.

"Damn it! Bastard!" The South Koreans gritted their teeth as if they were furious at themselves for being so weak.

Zhou Hao looked at the corpse and immediately contacted President Ji. "Senior Ji, I'm Zhou Hao. Just now, the European Union snatched a fast-growing crystal from the South Koreans and even killed a South Korean Heaven Realm martial artist."

“Zhou Hao, just now, the people of the various countries began to fight with each other. According to what you said, I estimate that there have been more deaths. The current situation is no longer that of a single person. This is a competition between the countries and even the various organizations. It’s incomparably cruel.”

“Understood,” Zhou Hao replied.

Zhou Hao realized that if he was not strong enough, even obtaining the Evolution Crystal would be a disaster. Then, Zhou Hao left decisively!

However, Zhou Hao knew that the competition had become even more intense!

From then on, the various countries became even crazier, and the competition became more and more intense.

At night, Ji Yaoyue and Lingtian discovered the fifth, sixth, and seventh Evolution Crystals at the same time. Ji Yaoyue and Lingtian obtained seven Evolution Crystals together!

About an hour later.

“Hmm? This is...”

“This! This! This is! That’s right! This strange smell must be from the Evolution Crystal!”

Zhou Hao smiled and immediately approached to search for the Evolution Crystal. Zhou Hao knew very well that if he hesitated, the others would snatch the crystals from him.

Boom! With a bang, the strange smell emitted from the rock.

When the smoke dissipated, Zhou Hao was surprised to discover the Evolution Crystal!

“Three! It’s actually three Evolution Crystals!” Zhou Hao ignored his surprise and waved his hand!

His invisible mental strength was like an invisible net that quickly wrapped around the three Evolution Crystals. Even though he was more than thirty meters away, the crystals were still quickly retracted.

With a bang, three figures walked over from afar and rushed towards Zhou Hao. On careful look, they were council members of the European Union, and one of them was Robert.

“Evolution Crystals! There are actually three of them!” When the European Union saw this, they hurriedly went up to snatch them.

“These Evolution Crystals are mine!” Zhou Hao’s eyes were unprecedentedly sharp!

“Collect!” Zhou Hao directly put the Evolution Crystal into the “Thousand Feather Vest” formed by the Thousand Feather Armor Set. In other words, unless those guys killed Zhou Hao, they could forget about obtaining the Evolution Crystals. Zhou Hao looked coldly at the council member of the EU and then at Robert.

“Everyone, I’ll take my leave first.” Zhou Hao instantly disappeared into the deep sea with a dazzling light.

The dazzling light disappeared in an instant.

At the same time, the two council members from the European Union watched as Zhou Hao left with the crystals. They were immediately furious and looked at Robert!

One of the young men with black curly hair could not help but say loudly, “Senior Robert! That’s a total of three Evolution Crystals! Did Zhou Hao just take them away?”

“In my opinion, our Robert doesn’t care about those so-called Evolution Crystals at all. Otherwise, with Robert’s strength, wouldn’t it be easy for him to snatch the Evolution Crystal?” another person said sarcastically.

The duo spoke with good chemistry. Little did they know that Robert had long seen through their thoughts. He could not help but sneer, “If the two of you want to obtain the Evolution Crystals, then go after it yourself. Do you really think you can use me as a shield? Do you believe that I’ll send you to your death now? Hmph!”

After saying this, Robert turned around and left.

The two Heaven Realm experts from the European Union looked at each other in confusion. Seeing that Zhou Hao had obtained three Evolution Crystals, they were also very envious and wished they could snatch those crystals... However, the problem was that Zhou Hao was too abnormal. Back then, when Zhou Hao was still at the supernatural level, he could already kill a Heaven Realm expert. Now that he had already stepped into the Heaven Realm, his strength was definitely not to be underestimated. He was definitely not someone the two of them could defeat.

However, the two of them were not easy to deal with. They directly spread the news!

Soon, the news that Zhou Hao had obtained three Evolution Crystals was quickly spread to all the countries!!

Chapter 686 - Foreshadowing

Chapter 686: Foreshadowing

Zhou Hao snorted. Since he had obtained three Evolution Crystals, it meant that they were his. It had nothing to do with anyone else!

Be it the European Union or North America, if they wanted to compete with him, they were courting death!

Zhou Hao did not indulge them!

However, they did not know that in the dark space below the altar, the void beast was smiling.

“After so many years of waiting, it’s finally time. You guys can compete and absorb it. At that time, you will become the nutrients for my clone and help me break through the altar and get out of here. At that time, Planet Earth will be my food!”

The void beast laughed, making the old man sigh. He did not have much life left and could only persist.

This was fate. He was unable to stop it and could only watch helplessly!

In the outside world, the exploration of the various alliances finally ended two days later!

The Huaxia Alliance had obtained twelve Evolution Crystals!

The European Alliance had obtained ten Evolution Crystals!

The North American Alliance had obtained ten Evolution Crystals!

The African Alliance had obtained eight!

South Korea had obtained the least, only six!

In total, everyone had obtained forty-six!

This matter was naturally reported to the Holy Temple!

“We still have to test this Evolution Crystal. Only after learning that it’s harmless to us humans can we study how to absorb it. Don’t forget about what happened to those mutated beasts. They lost their minds after absorbing the crystal!”

This was Ji Yaoyue’s report, but they did not know if the other four alliances would listen to her!

However, regardless of whether they listened or not, this matter was still extremely important to the entire human race!

“The various alliances have already obtained the crystals. The next step is to break down the crystals and try to crack it as soon as possible!”

This was the order of the Holy Temple and the order of the humans!

When Ji Yaoyue left with Zhou Hao and the others, her face was filled with worry!

Even though the Holy Temple had given the order, Ji Yaoyue and the others were still worried that the people from the other alliances would not listen to them at all!

If they really did not analyze it clearly and rashly took it out to absorb, it would be a huge threat and damage to them!

Zhou Hao sighed and was extremely helpless. They were simply unable to stop this matter. In fact, it could not be said that they were unable to do anything at all!

They had obtained so many crystals. If they really absorbed them, it would easily cause chaos!

After all, Ji Yaoyue and the others were currently guessing that this thing was released by the void beast!

If they fell into its trap, the consequences would be unimaginable!

“Zhou Hao, your spacecraft has technology that surpasses our Planet Earth. Use it to analyze what this Evolution Crystal is!”

Ji Yaoyue immediately gave Zhou Hao this mission.

“No problem, Senior Ji. However, I’m very curious. What is this Evolution Crystal? You guys seem to know a lot about it!”

Zhou Hao asked curiously.

When they heard about the Evolution Crystal, some people were very shocked and excited. Clearly, they knew about it!

"This Evolution Crystal is an ancient product of a ruin. It can modify genes and maximize the improvement of one's physique. You can understand it as something that can be used to modify human genes and help us become even stronger!"

"However, there were only two Evolution Crystals back then. One of them was absorbed by my master, and the other is missing. It was also because of this Evolution Crystal that my master broke through to the next level!"

Ji Yaoyue said truthfully, making Zhou Hao immediately shocked and in disbelief.

"I didn't expect this..."

Zhou Hao was a little surprised. Then, he took back an Evolution Crystal and let Thousand Feather Armor analyze it.

However, after two hours, even Thousand Feather Armor found it extremely difficult to analyze.

"Master, the structure of this crystal is very complicated. It doesn't seem to be a recent product. It seems to be an extremely ancient thing. It's so ancient that it's very difficult for me to analyze.

"However, there's indeed a way for this crystal to improve genes. There's even a way to improve the body. However, I still detected a strange substance in this crystal. Even I can't analyze this substance."

Thousand Feather Armor's answer made Zhou Hao very depressed. According to the frog, the void beast was very ancient and only had a single bloodline inheritance. It was extremely terrifying and inherited memories that spanned a few eras. It wasn't strange for Thousand Feather Armor to not know.

"How troublesome!"

Zhou Hao took a deep breath and said gloomily. Then, he directly turned this news into a report and sent it to Ji Yaoyue!

When Ji Yaoyue saw this report, she sighed. Perhaps she had expected this from the beginning.

"Pass down the order to all the alliances... Let them know that the Evolution Crystals must be sealed. We can't use them!" Ji Yaoyue's words made Zhou Hao unable to help but ask.

"Senior Ji, what will you say when they ask you for the reason? Are you going to tell them about the void beast?" Zhou Hao took a deep breath and asked a difficult question!

“We can’t talk about the void beast yet. If we do, it will inevitably cause panic. It’s really unnecessary for us!”

“After all, once the news gets out, the world of martial artists will easily be chaotic, especially the world of ordinary people!”

Zhou Hao also knew about this. If he did not keep it as a secret, they would be in a mess before the void beast arrived!

“Senior Ji, I understand what you mean. However, there’s no reason for you to do so. It’s also not easy for the Holy Temple to take your suggestion. It’s even harder for the other alliances to listen to your orders.” Zhou Hao sighed. The complexity of the human heart was no simpler than fighting mutated beasts!

“That’s indeed true, but... I can’t wait any longer. If some of them really can’t control themselves and consume this Evolution Crystal, it’s very easy for the void beast to succeed!”

“Although I don’t know how it did it, I know it has bad intentions. This void beast won’t be so nice as to create so many Evolution Crystals for us humans to evolve!”

Ji Yaoyue was not stupid. Ever since the void beast woke up, it had been sealed for 50 years. In the past 50 years, it naturally wanted to come out at all times. It also had a huge hatred for humans!

It would probably destroy the entire Planet Earth the moment it came out!

A powerful Saint Realm beast was not something they could understand at all. There was a huge difference in level, and it was almost impossible to deal with it!

“I’ll go and let them know. Wait for my news!”

After Ji Yaoyue finished speaking, she immediately hung up. Zhou Hao took a deep breath and became very depressed.

“Sigh... I hope they can cooperate well!”

Zhou Hao could only pray.

Chapter 687 - Consumption

Chapter 687: Consumption

Zhou Hao hung up the communication device and began to train.

However, at this moment, the frog walked out and raised its eyebrows when it saw the Evolution Crystal.

“Are you the one who found this Evolution Crystal?”

After the frog finished speaking, Zhou Hao nodded.

“Do you know this thing?” Zhou Hao asked curiously.

“Of course, there’s nothing in this universe that I don’t know. This Evolution Crystal is the essence energy of the void beast. It had accompanied it since it was born. If it absorbs all of this thing, it can pass its infancy. However, I’m afraid it has a motive for spreading this thing!”

The frog frowned. Zhou Hao also nodded.

“I think so too, but do you know why it did this?” Zhou Hao asked curiously.

“I’m not sure about that. Void Beasts are high-level creatures in the universe. They have thousands of years of memories and are very powerful. I’m afraid not many people in the universe know much about them!”

The frog’s words made Zhou Hao even more depressed. If even the frog did not know, then it was even more impossible for them to know!

The strongest technology on Planet Earth was inferior to the Luo God Warship. Therefore, Zhou Hao was somewhat worried about what would happen to this thing.

“Alright, Zhou Hao, I’ve already made a plan to leave Planet Earth. Whether you leave or not, I’ve already prepared. If... Planet Earth is really devoured by the void beast, you have to make plans as soon as possible, understand?”

The frog took a deep breath and said with a solemn expression!

Zhou Hao also frowned. He naturally knew that he could not abandon Planet Earth. After all, this was his home!

Zhou Hao sighed and returned to his study. He opened the Heaven Dao software. Recently, he had been so busy that he had been entering the Heaven Dao software.

Just as he entered, he naturally attracted a large number of users. After all, the user 'I'm just an ordinary person' was completely a heavyweight big shot!

The status of a diamond member, the high drop rate, and the ease of spending money were all synonymous with this ID.

However, Zhou Hao did not care about any of this.

After going online, Zhou Hao rushed into the shop to find information about the Evolution Crystal. However, he did not find anything even after searching for a long time!

Zhou Hao thought for a moment and directly hung this thing in the shop, leaving a record. If anyone recognized this thing and wanted to buy it, Zhou Hao could also find the buyer immediately and ask about the use of this essence crystal.

After doing this, Zhou Hao still arrived at Fairy Yue Ling's live-stream. He casually swiped hundreds of Body Tempering Fluid and left coolly.

After arriving at the training room, Zhou Hao set the gravity to be multiplied by twenty times and began training crazily.

"From the ruins, I learned how to control my body and essence energy, doubling my combat strength. However, my cultivation level is still very low!"

Although Zhou Hao's combat strength had already reached the half-step Saint Realm, his cultivation was only at the fourth-grade Heaven Realm. There was still a lot of room for improvement!

"Sigh, ever since I cultivated the Ancestral Physique, it has been very difficult for me to break through. Most of my essence energy has been absorbed by my body..."

Zhou Hao sighed. Fortunately, regardless of whether his body absorbed it or not, his combat strength still soared. Zhou Hao was still very satisfied with this!

Soon, Ji Yaoyue contacted Zhou Hao. Before she could speak, Zhou Hao saw the helplessness on her face!

"The Holy Temple rejected my request. They can't let all the alliances hand over the Evolution Crystals!"

Ji Yaoyue said helplessly. This matter made her very annoyed!

"I knew it would be like this. Senior Ji, what should we do?" Zhou Hao could not help but ask!

"There's nothing we can do. We can only let them do as they please!" Ji Yaoyue frowned.

Indeed, the next day, the European Union held a press conference. They developed an instrument that could evenly distribute the power of the Evolution Crystal to the humans!

"This will be a revolutionary change. The power in the Evolution Crystal is much stronger than we imagined. After analyzing it with the American Alliance, we found out that it only allowed first-grade Heaven Realm martial artists to instantaneously advance to the sixth-grade Heaven Realm!"

"Everyone, please look!"

The European Union released a video of their Heaven Realm martial artists absorbing that power.

In the video, the person who absorbed this power was in great pain. His entire body was bleeding, and he looked miserable.

"Everyone, don't be afraid. The Evolution Crystal can change your genes and shape your body. This method will naturally be somewhat difficult. As long as you persist, you will advance by leaps and bounds!"

Indeed, after he finished speaking, that person became much quieter, and the aura on his body became stronger and stronger!

In the end, it actually stopped at the eighth-grade Heaven Realm!

This scene shocked everyone in the alliance, even Ji Yaoyue!

Although she knew that there was definitely something wrong with this crystal, seeing them separate the energy for others to absorb still made her excited!

"Heavens, it's actually so effective!"

"Heavens, what a timely opportunity!"

"Oh... my God, this is the most beautiful thing I've ever seen!"

After seeing that it was a video, everyone was shocked and excited!

They had never expected to see this!

“Alliances, our European Union is willing to share our technology. However, the price is that every alliance has to give us an Evolution Crystal. In this way, we can work with you and share our gains!”

The half-step Saint Realm expert from the European Union was not greedy. If the others wanted their equipment and technology, they had to give them their Evolution Crystals!

“We’re willing!”

“Sure!”

“One crystal. Our South Korea is willing to pay!”

It was worth it to pay one crystal. After all, with this technology, they could create many experts for their country!

It was even to the extent that those half-step Saint Realm experts might have a chance to break through to the Saint Realm!

This was a huge blessing to Planet Earth and their alliance!

However, this blessing made Ji Yaoyue and Zhou Hao a little worried!

“Our Huaxia Alliance doesn’t need this technology!”

Ji Yaoyue immediately expressed her stand, making many Huaxia experts dissatisfied. However, they did not dare to say anything. Even the leader of Peijing was a little dissatisfied!

He was also a half-step Saint Realm expert, but Ji Yaoyue had even made the decision for him. How could he be willing to accept this?

However, he still did not say anything!

“I don’t think this technology is that mature yet. Isn’t it too risky and bold for the European Union to use it on the human body so quickly?”

Ji Yaoyue immediately pointed out this problem, making many people nod.

Chapter 688 - Arrival of Danger

Chapter 688: Arrival of Danger

Many people agreed with Ji Yaoyue's words. After all, there were many problems with this Evolution Crystal. They were not sure if it could really be used on a person's body!

It was really unacceptable for such a thing to be used on a person before it was verified!

Although many people agreed with Ji Yaoyue, most of them were still envious when they saw that this power could really allow them to break through!

After all, it only took one Evolution Crystal to go from the Heaven Realm to the half-step Saint Realm. This was enough to make anyone crazy!

However, there were pros and cons to everything. However, they still did not know the drawbacks. They only knew that they could increase their cultivation at this stage, which made them crazy for it!

"Senior Ji Yaoyue, I think the reason why our human race can have today's improvement is because we take things too slowly. If we do things step by step, I'm afraid we humans will still be stuck in the era of the industrial revolution."

Someone could not help but refute. The person who spoke was even a Heaven Realm expert from the European Union. He was a little displeased. This development was jointly developed by their European Union martial artists. This should have been a good thing, but Ji Yaoyue had always been so against it, making them really angry!

Ji Yaoyue's expression was very ugly. She could not help but say, "There's a huge problem with this matter to begin with. You guys did not consider the consequences at all. Putting aside the potential dangers it has, just from a research perspective, your rash advancement is problematic!"

There were many things that Ji Yaoyue could not say. She could only explain weakly.

Zhou Hao was also incomparably depressed. He knew that things would definitely end up like this. Many people were incomparably greedy and knew that the Evolution Crystal could increase their cultivation. Therefore, they naturally could not control their desires!

Zhou Hao was very helpless about this. However, he still understood that this was what reality was like!

Perhaps Ji Yaoyue also understood, so she sighed and did not say anything else!

Not long after, the meeting ended!

Ji Yaoyue handed all the Evolution Crystals in Huaxia to Zhou Hao and let him hide them on his spacecraft. She felt that Zhou Hao's spacecraft was the safest place to store them in the entire world!

Although it caused many people to be dissatisfied, this matter also eventually ended!

Soon, a few months passed. Originally, the human race only had twelve half-step Saint Realm experts, but because of the Evolution Crystal, there were instantly ten more!

It basically doubled!

Moreover, this increase had only occurred in the European Union, North America, South Korea, and Africa. However, Huaxia had never changed!

Huaxia, which was originally in the lead, now had the least.

Although this was somewhat inappropriate, they would now have an easier time dealing with the Mutated Beast Alliance!

In just a few months, the hostile territory in the deep sea, the Sky City, and the spatial rifts had all shrunk rapidly in the hands of the five alliances!

The territory of the Mutated Beast Alliance was getting smaller and smaller. It was originally a happy matter, but for some reason, Ji Yaoyue and Zhou Hao could not be happy!

This was because she knew that the strongest boss was not the Mutated Beast Alliance, but the void beast!

Amidst this anxiety, a problem finally appeared one day!

Two of the new half-step Saint Realm experts of the European Union had suddenly disappeared!

That's right, they just disappeared!

It disappeared into thin air without any warning and was suddenly lost!

The communication equipment could not be found, the satellite of Planet Earth could not locate it, and even their aura could not be located!

It was as if they had never appeared on Planet Earth!

This matter shocked everyone!

A half-step Saint Realm expert was already a peak-level expert on Planet Earth. Could there be other Saint Realm experts above Planet Earth?

Could it be that they had attacked?

This matter puzzled everyone.

“Zhou Hao, who do you think did this?”

Ji Yaoyue looked at Zhou Hao nervously and asked directly.

“I... although I think it's the void beast, I really hope that it's not!”

Zhou Hao took a deep breath and could not help but say.

“...That's what I think too. It probably has already broken through the seal!”

Ji Yaoyue took a deep breath.

Zhou Hao sighed and was very nervous. If the void beast really came out, it would really be over!

When they returned to the base, the frog could not help but jump out.

“Zhou Hao, let's run. Run quickly. If we're late, we'll be done for!”

Zhou Hao frowned and somewhat understood what the frog was thinking.

“Do you also think that this matter is related to the void beast?”

“Bullsh*t, I don't just think so. I definitely know so. Although I still don't understand the Evolution Crystals, judging from the radiation it radiates, it must be the work of the void beast. Otherwise, how could there be such a good thing?!”

Zhou Hao blinked and sighed. He also understood this!

At the same time, in a royal residence in the European Union, the newly-advanced half-step Saint Realm martial artist, Trondo, was drinking red wine in his backyard.

“Half-step Saint Realm cultivation... It is indeed impressive. I didn't expect myself to step into this realm one day!”

Trondo immediately said with a ruthless expression.

However, at this moment, a strange aura suddenly transmitted over, making Trondo's body immediately tremble. Before he could react, his eyes instantly turned blue, and he revealed a strange and cold smile.

"Although it's a little lacking, it's not bad either. I'll eat you today."

He suddenly muttered to himself and grinned. Then, he waved his hand and directly condensed a teleportation array from the void. In the next second, a pair of cold and huge eyes emitted a bloodthirsty light.

Trondo laughed and took a step forward, disappearing from the back garden, leaving behind only the unfinished glass of red wine!

In the next second, the aura disappeared, and so did the teleportation array. Everything returned to calm.

At the same time, in the sealed place, the huge void beast laughed.

"Soon, soon. I'm about to break out of the seal. At that time, the entire Planet Earth will be my nutrients. I'll be able to break through to the half-step Dao Realm!"

The void beast smiled very happily, but the human alliance fell into panic!

The second!

This was already the second half-step Saint Realm expert to suddenly disappear!

And this time, the other party disappeared even more mysteriously without anyone noticing!

However, at the scene of the crime, Zhou Hao and Ji Yaoyue still discovered a terrifying detail!

Red wine!

Chapter 689 - Reaping Benefits

Chapter 689: Reaping Benefits

Red wine!

That's right, red wine!

As soon as this thing appeared, Zhou Hao and Ji Yaoyue were shocked!

This scene was clearly not a fighting scene. The glass of red wine was clearly drunk by Trondo.

However, before he could finish drinking, an accident happened. Moreover, he did not resist at all and it was all gone!

Zhou Hao and Ji Yaoyue looked at each other and could tell that they were both horrified!

"Zhou Hao, it must be the void beast!"

Ji Yaoyue took a deep breath and said with an ugly expression.

Zhou Hao had also guessed it. He had long been prepared for this outcome. After all, they didn't know much. However, the frog had given them a key piece of information.

In the entire universe, there were only more than ten of them. Every one of them was a mighty figure who ruled an entire universe. Just their infant bodies alone had a Saint Realm cultivation. They were stronger than all the experts on Planet Earth!

No one knew how many methods it had. Even the frog did not know!

After all, it had already existed for a thousand years. Its foundation was not something ordinary factions could compare to!

Moreover, this void beast had high intelligence and bloodline. It was understandable for them to have some methods that they did not know about!

This matter instantly caused panic. The sudden disappearance of a half-step Saint Realm expert would make any faction or human feel fear!

Even a half-step Saint Realm expert would suddenly disappear, let alone others!

Therefore, the five alliances instantly panicked!

"This is a huge matter for our human race and we can't slack off. For now, we have to protect each other. All half-step Saint Realm experts, don't be alone. It's best if we stay in groups of two to three. This way, if there's a problem, you can still be protected!"

This was the opinion of the Holy Temple. It had to be said that it was still useful. However, it was hard to say just how useful it was!

At the very least, Ji Yaoyue and Zhou Hao were still skeptical.

“Zhou Hao, did you notice? The two half-step Saint Realm experts who disappeared recently both broke through because of the Evolution Crystal!”

Ji Yaoyue was very smart. Zhou Hao had also discovered this!

“Senior Ji, we still have to make preparations early!” Zhou Hao said solemnly.

“Alright!”

Ji Yaoyue sighed and could only say this.

At the same time, in a royal club in the European Union, three half-step Saint Realm experts were lying here, enjoying the massage of a beauty.

“Charlie, how do you think Trondo and William disappeared?”

The person who spoke was a blond man with blue eyes. He had a nervous expression because he had also only broken through to the half-step Saint Realm because of the crystal.

As for Trondo and William, they were both experts who had broken through because of the crystal. They were naturally afraid now that those two had disappeared just like that!

Moreover, he also recalled that Ji Yaoyue from Huaxia had forbidden them from experimenting. At this moment, he was really very worried.

“Hehe, Paul, you’re too timid. Is this even a big deal? It’s not a big deal at all. The three of us are all half-step Saint Realm experts. Although you and I have just broken through, Brother George is still a proper half-step Saint Realm expert. With him around, we’ll definitely be fine!”

The person who spoke was a tall thin man. After saying this, he could not help but look at the burly man who was closing his eyes and enjoying himself. His firm muscles made people feel very pressured!

The blond man sighed and could only nod. After a long time, he could not help but ask, “Do you think... there will be any aftereffects after we use the crystals to evolve? Or are there any problems? I checked my body yesterday and there was a lot of radioactive material. Could this be related?”

The blond man had a worried expression. It was not his fault for being worried. After all, this was indeed a terrifying thought for him.

Hearing this, the tall man's face was also filled with nervousness. He looked at the blond man and took a deep breath.

"No matter what, we're already half a step into the Saint Realm. Even if there's any problem, it's too late for us. At this moment, we only need to know how Trando and William disappeared. As long as we avoid the problem, everything will be fine!"

The tall man smiled.

At this moment, the bald man who had been silent suddenly spoke.

"Don't worry, I haven't been modified by the Evolution Crystal. You're experts nurtured by the European Union. If there's a problem, I'll think of a way to resolve it!"

George opened his eyes at this moment.

"Moreover, I'm also confident that I can resolve this matter. After all, Saint Realm experts are no longer around. A half-step Saint Realm expert has peak combat strength. Be it us or the Mutated Beast Alliance, it's the same!"

George was very confident. After all, his strength was obvious!

However, just as he finished speaking, the two people in front of him suddenly trembled. A strange blue light flashed in their eyes before they looked up at him.

"Hehe, did you say you have a solution?"

It was a familiar but incomparably unfamiliar tone. They looked at George with ridicule.

George's expression changed drastically as he widened his eyes and stared at the two of them!

At this moment, the two of them felt incomparably unfamiliar. Moreover, their auras were very strange. Their cold gaze made him feel as if he was being stared at by a beast.

"What's wrong with the two of you?"

George's expression changed on the spot, and then he looked at the two of them vigilantly.

"What a group of lowly creatures. Sigh..."

The two of them spoke in unison and even shook their heads. Then, they could not be bothered with George. They waved their hands, and a teleportation fluctuation appeared in the air. Then, the two of them directly entered the pitch-black space and disappeared!

From the beginning to the end, George did not dare to stop them because he knew that he could not stop them either. Although he was a veteran half-step Saint Realm expert, he was still unable to defeat the two of them once they fought!

Thinking of this, he could only watch as they disappeared!

When the space completely disappeared, George heaved a sigh of relief. Then, without saying a word, he immediately contacted the European Union. Then, this news instantly exploded, and the five alliances instantly collapsed!

In the Holy Temple, after George finished speaking in fear, everyone's scalps went numb!

A half-step Saint Realm expert was turned into a puppet just like that and sent into a strange space. It was really unimaginable!

Everyone's eyes widened, their scalps went numb, and they were extremely frightened. This was something they had never expected!

However, at this moment, a strange aura suddenly erupted from the entire Holy Temple.

This aura belonged to the half-step Saint Realm experts who had been modified by the Evolution Crystal. Blue light rose from their bodies, and they were very terrifying.

At the same time, a cold voice sounded.

"After putting the bait out for so long, I can finally reel in the benefits today!"

Chapter 690 - Doomsday Is Coming

Chapter 690: Doomsday Is Coming

The moment this voice rose, everyone's expressions turned ugly!

More than ten half-step Saint Realm experts emitted a strange fluctuation. Not only that, but their eyes also flickered with a deep blue light!

This light was bloodthirsty and cold, making people feel fear!

“Who is it?!”

The five alliances were instantly dumbfounded. They looked at the dozen or so people who had soared into the sky and were all dumbfounded!

“Stupid low-level creatures, this is too funny. Don’t you know that you can’t have a free lunch? How stupid.”

This was said by more than ten half-step Saint Realm experts in unison!

Their gazes emitted a blue light as they looked at everyone with a cold and bloodthirsty intent.

The people from the five alliances were dumbfounded. They did not know what this guy was at all. Only Zhou Hao and Ji Yaoyue knew!

“Who are you?!”

The people from the few divisions were completely dumbfounded!

“Hehe, who am I? You will know soon. In three days, I will break through the shackles. At that time, your entire Planet Earth will become my food!”

With that said, more than ten half-step Saint Realm experts tore through space and left!

A cold wind swept past, and everyone’s backs turned cold. Only at this moment did they understand that they had screwed up!

In particular, the people from the European Union had suffered extremely heavy losses. Among the few half-step Saint Realm experts, the European Union experts accounted for half of them. There were even many half-step Saint Realm experts who still wanted to break through to the Saint Realm through the Evolution Crystal!

Zhou Hao swept his gaze over the people present and sighed. At this moment, there were only ten half-step Saint Realm experts in the entire human race!

Of course, this did not include Zhou Hao!

Zhou Hao’s cultivation was only at the fifth-grade Heaven Realm. Although he could erupt with a half-step Saint Realm combat strength, he was still far inferior!

Zhou Hao was somewhat depressed. After absorbing so many half-step Saint Realm experts, that void beast would probably break through to the Saint Realm!

In the Holy Temple, the people from the five alliances were dumbfounded.

“What’s going on? Can someone explain?!”

The person in charge of the Holy Temple also felt a headache coming on!

At this moment, Ji Yaoyue walked to the front of the stage and looked at everyone. She looked at the strongest combat strength of the humans on Planet Earth and took a deep breath as she said with an extremely solemn expression.

“Everyone, I’m afraid the end of Planet Earth has arrived this time. The person who took away more than ten half-step Saint Realm experts is a mutated beast from outer space known as the void beast!”

After saying this, everyone present was stunned for a moment.

Many of them naturally believed that there was outer space. After all, this was not a big secret on Planet Earth!

Moreover, most importantly, some of them had participated in scientific research. Many of those ancient ruins had traces of outer space!

“Senior Ji, can I trouble you to explain what this void beast is?”

At this moment, many people asked.

Ji Yaoyue shook her head. “I don’t know much about this mutated beast either, but I can tell you that my master, the last Saint Realm expert of the human race, spent all his life and cultivation to seal it for 50 years!”

After saying this, they were instantly dumbfounded!

A Saint Realm expert had spent his life to seal it for 50 years!

And this was not even to kill it.

“How... how could this be?!”

“Heavens, are we done for?”

“Is this the end of the world?”

The people below instantly fell into panic. After all, even a Saint Realm expert was helpless. What could they do?

All the peak twelfth-grade Heaven Realm martial artists and above were present. The leaders of the various alliances and the armed forces were also present.

“What we have to do first is to calm down. Even if it is very powerful, it doesn’t mean that we will definitely lose!”

“I think the priority now is to leave behind the embryos. We can now implement our human embryo plan!”

Ever since they learned about the aliens, the five alliances had long discussed and formulated an embryo plan so that Planet Earth would not be completely destroyed!

However, no one wanted to do this unless it was a critical step!

But now, there was no chance!

Hearing Ji Yaoyue say this, everyone fell silent!

Doomsday was coming!

“Secondly, we have to think of a way to create a weapon that can kill a Saint Realm expert. I think that when it appears, it will definitely be a Saint Realm expert. Therefore, we can only risk it all. Now, there’s nothing we can do. On the verge of death, we humans can only work together!”

After Ji Yaoyue finished speaking, although the others were somewhat afraid, they also understood that this was their last chance!

A Saint Realm expert was simply a disaster of destruction for Planet Earth!

“With our current technology, we can’t hurt it at all. Now, we can only develop thirteen ancient ruins. Our Battle God Battalion is willing to share these ancient ruins so that all experts can enter and find methods that can allow us to injure a Saint Realm expert!”

As Ji Yaoyue spoke, it could be imagined how much determination she had. However, it was unknown if this determination was useful!

Soon, all the experts began to prepare, and Ji Yaoyue called Zhou Hao to the side.

“Zhou Hao, my master left you a way to seal it, right? You’re our backup plan. Try to figure it out as soon as possible, understand? As long as any one of us succeeds, our Planet Earth will be saved!”

Ji Yaoyue said directly, and Zhou Hao naturally understood!

“Alright, Senior Ji, don’t worry. I’ll do my best!”

Zhou Hao said directly.

After returning to his spacecraft, Zhou Hao began to study this sealing technique. That Saint Realm expert had placed this sealing technique into Zhou Hao's body as a seed. However, Zhou Hao still did not know if he could learn it!

Zhou Hao tried, but he was surprised to discover that this seal was too mysterious. Zhou Hao was unable to understand it at all!

"What should I do?"

Zhou Hao was incomparably depressed, but the frog snorted.

"Although the power of the Genesis Rune is very good, it's still not easy to seal the void beast. It has to be known that the bloodline of the void beast is much more noble than the bloodline of the Genesis Rune Master. Even if the power of the Genesis Rune Master comes from the Ancient Era, it can only be considered to be evenly matched with the bloodline of the void beast. It's really laughable for you to want to seal it when you don't even have a half-step Saint Realm cultivation!"

The frog sneered. Zhou Hao's cultivation was far from reaching the half-step Saint Realm. It was too difficult for him to activate this Genesis Rune!

After all, combat strength was combat strength, and cultivation level was cultivation level. The two were incomparable!

Chapter 691 - Powerful Void Beast

Chapter 691: Powerful Void Beast

Zhou Hao took a deep breath and was very depressed. However, there was nothing he could do about it. His cultivation level was too low, so it was very difficult for him to activate this Genesis Rune!

"Then what should we do? Are we going to watch Planet Earth be destroyed?"

Zhou Hao's expression was difficult!

“Run, run with me. With me around, don’t worry. I can definitely find a planet that’s suitable for you to live on. Moreover, we can find a planet that’s very weak, just like Planet Earth. When you become stronger, we’ll explore the universe again.”

The frog immediately made up its mind. This guy did not have much feelings for Planet Earth. After all, its endless life force made its time here on Planet Earth seem insignificant. For others, they had spent thousands and hundreds of years here and could not relate at all.

After all, the frog could sleep for thousands of years!

Therefore, it felt that it was just a planet. If it was gone, it was gone!

In the universe, many planets would directly disappear every day. One more Planet Earth was not a big deal. He did not care!

However, Zhou Hao cared. This was his home, his hometown. As a person from Planet Earth, how could he bear to abandon this home?

Although he could take his parents, Xu Ling, and the others away, this was not a long-term solution after all!

“Let’s not talk about this anymore!”

Zhou Hao sighed and began to study this Genesis Rune. He did not believe that he was unable to comprehend this Genesis Rune with the spirit gem.

Soon, it was the third day!

The entire Planet Earth began to become nervous. Ji Yaoyue even went to look for Zhou Hao immediately. Seeing Zhou Hao’s depressed face, she knew that Zhou Hao had not succeeded!

It was the same for her. She had searched all thirteen ancient ruins and could not find anything good to resist a Saint Realm weapon!

“Zhou Hao, this will be the most difficult battle for our human race. You are our hope. We will buy you time. Therefore, you have to think of a way to comprehend this, understand?”

Ji Yaoyue looked at Zhou Hao and said seriously!

“But...” Zhou Hao wanted to say something, but Ji Yaoyue interrupted him.

“Listen to me, Zhou Hao. Be it your talent or combat strength, you’re stronger than us. You’re only a fifth-grade Heaven Realm expert, but you already have the combat

strength of a half-step Saint Realm expert. If you reach the half-step Saint Realm, it's not impossible for you to have the combat strength of a Saint Realm expert. Therefore, even if we fail, you have to think of a way to live and protect the humans we left behind to take revenge for us. Do you understand?"

Ji Yaoyue could already sense that this would probably be the most difficult battle!

"Senior Ji, I..." When Zhou Hao heard this, he felt sad. Perhaps in this battle, the humans would be destroyed. Even if they survived, they would probably suffer heavy losses!

"Alright, it's about to come out. We're already prepared to die. Although a Saint Realm expert is very powerful, the human experts left behind are all outstanding half-step Saint Realm experts. It's not as if the ten of us don't have the slightest chance of killing it. Moreover, there's also the technological team. They've developed a superconducting laser cannon. Even I can't withstand this laser cannon with my full strength. Perhaps we can really kill it!"

Ji Yaoyue forced a grin and sounded a bit depressed.

Zhou Hao also understood this and felt very helpless.

However, at this moment, an extremely strange fluctuation appeared from the deep sea!

The five alliances had long been observing. The moment they sensed this aura, all the satellites immediately locked onto that place. All the experts in the Holy Temple also immediately saw it!

It was a huge black beast. Its eyes were blue, its body was black, and its figure was incomparably huge. Its huge head was very hideous, and there was a pair of wings made of bones on its back. It looked very terrifying!

It appeared in the void, and a powerful aura instantly suppressed everything!

All the experts appeared around at this moment. However, they did not dare to approach at all!

Only Ji Yaoyue and the other ten half-step Saint Realm experts could resist this aura and slowly approach!

"So powerful, it's definitely a Saint Realm expert... How is it so powerful?!"

Lingtian's face was pale and he did not dare to believe it. Ji Yaoyue was the same.

"The life and death of our human race will be decided today. Let all the departments prepare!"

With that said, the Holy Temple immediately began to prepare!

“Superconducting Laser Cannon, preparing!”

In the distant sky, a few huge satellites appeared. A huge cannon slowly stretched out from them and locked onto the void beast from thousands of kilometers away!

Not only that, but there were also countless missiles!

“Fire!”

With the order of the Holy Temple, all the weapons began to be fired. Powerful destructive power instantly condensed at a point and shot towards the void beast!

“I hope it’s useful. It would be best if it could die from the explosion!” Ji Yaoyue looked at this scene nervously.

Everyone watched this scene nervously. Be it the martial artists at the scene or the warriors and council members who were watching from the satellite broadcast, they were all very nervous.

However, the void beast only took a look at the countless weapon attacks and could not be bothered!

Boom!

In an instant, a huge bang directly exploded on its body. The sound was incomparably loud, turning into a super powerful sound wave that directly swept through the entire sea level!

In an instant, the sea instantly flowed in the other direction and caved in!

Everyone stared intently at the center of the explosion. It was pitch-black there. A huge mushroom cloud enveloped everything, and a hurricane swept across the sea!

“Is it useful? It seems to be useful?”

“It was hit. If it still doesn’t die, then... then there’s nothing we can do!”

“It is definitely dead. That’s the strongest firing weapon of our human race. If it’s still useless, it won’t make sense!”

They watched this scene very nervously, even Ji Yaoyue and the others.

Zhou Hao was even more so. His face was filled with hope!

“Hmph, you still want to kill the void beast at this level? How laughable. Why is it called a void beast? None of you understand!”

The frog’s voice sounded in Zhou Hao’s head, making his heart skip a beat.

“What did you say... it’s useless?” Zhou Hao’s scalp went numb.

“Of course it’s useless. Let’s not talk about how powerful this explosion is. Even if it could, there’s a huge space in its mouth. Why do you think it is called the void beast? It contains another space in its mouth. It’s not an exaggeration to say that an adult void beast can suck a galaxy in with its mouth!”

These words stunned Zhou Hao!

After the thick smoke dissipated, the huge figure slowly appeared in front of everyone. They were completely dumbfounded!

“Heavens...”

Chapter 692 - Destruction

Chapter 692: Destruction

Everyone was stunned. This huge figure slowly appeared without any injuries at all. That appearance made them feel despair!

Any firing weapon was useless against it. It could be seen that among the humans, only martial artists could resist the void beast!

However, the ten half-step Saint Realm martial artists looked at the void beast and felt their scalps tingle. This was because they knew that any one of those explosions would instantly turn them to ashes!

However, at this moment, this huge impact did not injure the void beast at all!

“How... how are we supposed to fight this? Are we humans really going to die?!”

“Too powerful. The laser cannon and missiles that are enough to destroy any martial artist are actually unable to cause any damage to it. This... this...”

They were extremely frightened and their minds had long gone blank!

Regarding this, Zhou Hao looked at everything on the screen. He had never expected such a situation!

It was too terrifying, simply too terrifying!

“Since we can’t deal with him with firing weapons, we can only do it ourselves!”

As Ji Yaoyue spoke, she wore red armor and her entire body burned like flames. Battle God Lingtian beside her was the same. His powerful half-step Saint Realm cultivation instantly exploded.

The two of them were stronger than the others. The two of them were infinitely close to the Saint Realm. At this moment, when they used their cultivation, it also made the void beast’s huge eyes flash with surprise.

“I didn’t expect there to be such talented people like you on this barren Planet Earth. Forget it, after absorbing you, I will only be able to stabilize my Saint Realm and pass my infancy.”

The void beast sneered. This was only its infancy and had yet to reach maturity. It was still young!

To be a Saint Realm expert at a young age was unimaginable!

“It’s useless to say anything else. Today, we swear to live and die together on Planet Earth!”

As she spoke, Ji Yaoyue directly rushed out, and the ten half-step Saint Realm experts flew out together!

This was a peak-level battle for the sake of humanity. There were countless humans that depended on them!

Of course, many people still did not know that the end of the world had arrived. However, with the development of the Internet, they still quickly found out!

Everyone looked at the screen on their phones and saw a tiny figure around the huge mutated beast. They clenched their fists tightly!

“Hehe, I didn’t expect to fight alongside Senior Ji in the final battle.”

The person who spoke was the number one person in the European Union, James. He had always been at odds with Ji Yaoyue, but at this moment, for some reason, he had suddenly let his grudge go.

“Hmph, after we win, I’ll definitely beat you to the ground!”

Ji Yaoyue immediately said, and James laughed. “Alright, at that time, let’s see who will be the one looking for his teeth!”

They all released their strongest combat strength. However, that void beast was too powerful. As a Saint Realm beast, it had absolute strength that surpassed everything.

Ji Yaoyue and the others had used all their strength, but they were unable to injure it. This made everyone despair.

“Looks like we have no choice!”

As she spoke, Ji Yaoyue’s aura instantly guaranteed, and a red flame burned!

This scene shocked everyone!

“This is... burning mental strength!”

“Heavens... a half-step Saint Realm expert already has mental strength. If she burns it like this, she’ll probably die!”

“Mental strength is mental strength. Although burning mental strength can increase strength, once mental strength is burned to death, it will mean death!”

Seeing this, everyone fell silent. Many people even cried!

The others also smiled when they saw Ji Yaoyue like this. Multicolored flames rose from their bodies!

At this moment, they were like the most dazzling flames in the sky, illuminating the world!

When Zhou Hao saw this, he clenched his fists tightly!

“Sigh... they actually burned their mental strength. Be it failure or success, they’re all done for. Even if they don’t die, they’ll still be in a vegetative state.”

The frog shook its head and said regretfully.

Zhou Hao’s eyes were filled with grief and pain!

“Is there no other way?” Zhou Hao gritted his teeth and said directly.

“No... the void beast is already in its infancy. Its Saint Realm strength is basically invincible. No one can defeat it. Its body is very powerful, but its mental strength is weak. However, even if it's weak, it's still not something you can resist!”

The frog seemed to have said something unintentionally. After Zhou Hao heard this, his expression immediately changed!

“What did you just say? Its mental strength is weak?” Zhou Hao could not help but ask.

“Ah... Compared to its strength, its mental strength is still a little weak. However, compared to you guys, he's naturally incomparable!”

The frog said directly.

Zhou Hao knew this news and told Ji Yaoyue and the others without hesitation to use mental attacks.

Even if Zhou Hao did not say anything, they still knew.

This was the reason why Ji Yaoyue burned her mental strength!

“This is our last attempt. If we win, Planet Earth will be saved. If we lose, Planet Earth will be destroyed. Everyone, attack with your minds!”

Ji Yaoyue shouted as her entire body emitted a destructive aura that directly enveloped an area.

The others were the same!

The void beast roared repeatedly. In its eyes, they were all ants. How dare these ants attack it? Wasn't this courting death?

In particular, they had already burned their mental strength. Even the void beast felt a sense of danger from the powerful mental attack.

“Damn it, damn it, a bunch of ants!”

The void beast roared repeatedly as its huge body rushed over!

Everyone watched as the ten of them rushed towards the void beast, emitting various lights. As for the void beast, its huge black hole-like body also smashed towards them!

“Will it succeed...”

“Lord... protect us!”

“We have to win... We have to win!”

Everyone began to pray because they knew that this was their final attempt!

If they failed, their human race would be completely destroyed!

After the rumbling ended, the ten figures instantly landed. Although they were still alive, their auras were very weak.

The void beast stood in the air like a king!

At this moment, everyone was silent!

However, the void beast still roared repeatedly, and its aura became chaotic. It roared and looked at the ten of them, feeling extremely furious!

Mere ants had actually injured him!

“My mental strength has been thwarted. I need at least three days to recover. Otherwise, it will cause huge damage to my mental strength. Hmph, I’ll let them off this time!”

As it spoke, the void beast directly burrowed into the bottom of the sea and disappeared!

Chapter 693 - Escape?

Chapter 693: Escape?

The ten half-step Saint Realm experts in the sky had already been beaten until they no longer had any life force and fell into a deep sleep!

Zhou Hao’s face was filled with grief. Fortunately, the void beast had already been severely injured and had already fled in panic, burrowing into the ground. While Zhou Hao was grief-stricken, he suddenly heaved a sigh of relief.

However, what Zhou Hao was worried about now was that all the half-step Saint Realm experts in this world had already been killed or crippled.

At this moment, they still did not know how powerful this void beast was.

It would be fine if it fell asleep for decades or centuries.

Perhaps the Battle God Battalion could also develop some unique methods to deal with them and deal with them according to the strength and ability of this void beast.

However, what if this void beast woke up not long after?

There were not many half-step Saint Realm experts in this world to begin with.

Now, they had already fallen asleep because of this void beast.

If they could not get back up and deal with the void beast, the entire world would probably fall into panic!

When he realized this, the expression on Zhou Hao's face immediately became extremely worried and nervous!

Just as Zhou Hao was feeling nervous, the frog crawled out of Zhou Hao's pocket.

After it came out, it immediately said to Zhou Hao anxiously, "Why are you still so calm? Do you know that something big is going to happen?"

The frog was so anxious that it even took off its sunglasses. It swung its cloak and slowly said, "If you don't run quickly, you won't be able to escape!"

After saying this, Zhou Hao's expression immediately froze.

He could not help but ask hesitantly, "Are we escaping now?"

The frog had suddenly appeared and wanted him to escape. How was this possible?!

Zhou Hao definitely could not agree, so he asked in confusion.

The frog's expression looked especially solemn. It could not help but frown and say worriedly, "The void beast is about to wake up!"

"At the very least, there are still two to three days before the void beast wakes up. Therefore, it's best for us to escape immediately before the void beast wakes up!"

"Otherwise, if the void beast wakes up, the entire world will probably die in the mouth of the void beast!"

Hearing the frog say this to him, Zhou Hao's expression immediately became very solemn.

He pondered for a moment before shaking his head indifferently. His eyes were filled with confusion as he said, "We can't leave for the time being!"

Now, so many experts of the Battle God Battalion had been dealt with by this violent mutated beast.

If not for them, they would not have a chance at all!

When he realized this, Zhou Hao's expression immediately became incomparably solemn. His eyes were gloomy. Then, he slowly said again, "No matter what, I definitely can't be a coward!"

Zhou Hao's words were extremely firm, but when the frog heard this, its expression became especially ugly.

It could not help but frown, and its expression was dark. It slowly said hesitantly, "Kid, do you know what your choice means?"

As it spoke, the frog's expression immediately froze.

It looked at Zhou Hao in front of it in confusion and slowly said, "Have you really made up your mind?"

Facing the frog's doubts, Zhou Hao's expression immediately revealed determination.

He pondered for a moment before slowly nodding. "I've already made up my mind!"

Since Zhou Hao was so insistent, the frog could not say anything else. Helpless, it could only choose to stay with Zhou Hao!

But now, the few half-step Saint Realm experts had already been beaten into a deep sleep by the void beast!

Without their help, would he still be able to do things so smoothly?

In the afternoon, Zhou Hao brought a group of people and brought these half-step Saint Realm experts who had fallen asleep into the space cabin.

After settling the few of them down, Zhou Hao immediately said, "Everyone, don't worry!"

"I'll definitely do a good job. Leave the void beast to me. Don't worry!"

This time, Zhou Hao was determined to die. He had always thought that if he could do this well, there would be no need for so many people to sacrifice themselves.

But now, Zhou Hao realized that he was really too naive.

The strength and level of the void beast was far more powerful than he had imagined!

The ability of this mutated beast made everyone on Planet Earth fear it!

They felt that if this mutated beast appeared, it would definitely be able to easily destroy the entire world!

Now, dozens of half-step Saint Realm experts were unable to do anything to it. It was enough to show how powerful this mutated beast was!

When he realized this, a firm expression appeared on Zhou Hao's face. Then, he slowly said again, "This world is going to change because of this!"

"Therefore, we have to do our best and do the best we can!"

"We can't escape like this!"

"Planet Earth is our home. No matter what, we can't let Planet Earth fall into danger because of this void beast!"

Zhou Hao's words were extremely firm!

His eyes were filled with determination. Then, he smiled and said with a light smile, "Hehe, so what if the void beast is very powerful?"

"We can still deal with this void beast. Although it will take some effort, it's not a problem."

The void beast had also not gained from the battle.

It was also beaten until it was half crippled. Even its breathing had become weak.

If he could directly kill this ferocious beast with a single strike, it would also prevent his family from being implicated.

Chapter 694 - Trouble

Chapter 694: Trouble

The greatest power of the void beast was that it could easily destroy a city. At this moment, no one on Planet Earth was its match!

Therefore, if they wanted to defeat the void beast, the only thing they could do now was to work together!

As for whether it would work, they did not know!

Ji Yaoyue and the others fell asleep and were sent to the hospital.

Looking at everyone who had been lying in the seriously ill space cabin with their eyes closed, Zhou Hao's expression was filled with nervousness and worry.

Zhou Hao knew that he had to choose this path no matter what!

Be it for his own sake or for his country's...

The void beast seemed to have heard this and suddenly began to tremble violently underground!

When the frog saw this, it could not help but smile. It said cheerfully, "Hehe, what? Are you afraid?"

"It's fine. There are still three days left anyway. If you change your mind in these three days and want to leave this place, just let me know! I'll be waiting"

The frog put on its sunglasses proudly and looked especially carefree.

In particular, the red robe that it got from who knew where made it look very handsome.

Zhou Hao's expression became very solemn.

He was not a timid person. However, the current situation did not give him any chance to choose!

The invasion of the void beast made everyone panic and anxious.

They always felt that this void beast represented the destruction of the world!

When they realized this, everyone became completely afraid of the void beast!

As long as the void beast did not die, the entire Planet Earth would not be peaceful!

Therefore, for Zhou Hao, killing this void beast was the priority!

At the same time, war broke out all over the world.

Countless mutated beasts stirred up the peace of the world without restraint, causing the entire world to be in danger.

Moreover, as the mutated beasts attacked the city, chaos broke out everywhere!

Many large shops and supermarkets had their windows shattered. Countless people surged in and instantly robbed everything in the supermarket!

On the tall buildings, a group of people could be seen everywhere. Standing on the roof, they had already fallen into despair. They were prepared to die after jumping down. In this way, everything would be over.

Many people also drove their cars north, escaping crazily, wanting to escape from this world!

However, no matter what, they were still on Earth. As long as they were on Earth, they would not be able to escape from this place!

Zhou Hao's hope for Planet Earth was that one day, it could return to its original state. This was the life he wanted to work hard for!

But now, the world had fallen into chaos!

If he did not resolve this mutated beast as soon as possible, the danger they needed to face would increase when the chaos increased!

When he realized this, Zhou Hao immediately said firmly, word for word, "Since I'm standing on Planet Earth, I have to fight for my living environment!"

"If everyone is unwilling to stand up when we encounter danger, then our world will be destroyed again sooner or later!"

Everyone was so shocked that they were speechless. They were so shocked by Zhou Hao's words that they prostrated themselves in admiration!

A person like Zhou Hao was really too righteous!

The hero of this era was none other than Zhou Hao!

When they realized this, everyone looked at Zhou Hao in shock. They were so impressed that their breathing began to become anxious!

Zhou Hao's gaze suddenly became much more solemn. He looked indifferently into the distance, and even his breathing began to become heavy.

What was the most important thing in the world to Zhou Hao?

His parents, friends, and girlfriend were all here. He definitely could not watch them get hurt!

But now, the few half-step Saint Realm warriors had already fallen asleep!

If this matter could not be resolved as soon as possible, when the void beast woke up in the future, the entire Planet Earth would face even more serious trouble!

When he realized this, Zhou Hao's expression suddenly became solemn.

Now, he only had one solution!

That was to gather a few twelfth-grade Heaven Realm warriors to find the traces of the void beast. If they could find it, they could take the opportunity to kill it in one strike!

The void beast was already severely injured. If they could take the opportunity to defeat it now, they could easily chase it out!

Thinking of this, Zhou Hao's face immediately became solemn.

Soon, Zhou Hao arrived at the Battle God Battalion and gathered ten warriors who had reached the twelfth-grade Heaven Realm. They were prepared to search for the traces of the void beast with him!

After learning this news, the void beast was filled with disdain!

They were just a group of ordinary people. What ability did they have to compare to it?

However, it definitely could not let them find it so easily!

Thinking of this, the void beast immediately condensed countless mutated beasts, prepared to cause some trouble for Zhou Hao and the others!

After receiving the summoning of the void beast, countless riots erupted all over the world!

Countless mutated beasts were drilling out from the ground crazily, prepared to wreak havoc in the city!

A violent wind roared, and then a rich smoke instantly spread out.

After the thick smoke dissipated, the killing intent that was originally lingering around suddenly increased!

Then, an incomparably huge ferocious beast suddenly appeared in the entire city!

It was a huge macaque beast that was almost ten meters tall. Its eyes flickered with an incomparably scarlet expression!

It stood proudly in the distance. As far as its eyes could see, there was no one it cared about!

The macaque beast looked around solemnly before staring fixedly into the distance. It took a step forward and a huge pit suddenly appeared under its feet!

Chapter 695 - Deterrence

Chapter 695: Deterrence

“Heavens! What a big deal!”

When everyone present saw this, their expressions immediately changed!

Their breathing became nervous as they watched this scene in incomparable shock. They really did not expect such a powerful macaque beast to appear in the world!

When many people realized this, their expressions immediately became incomparably shocked, and their breathing became horrified!

They really did not expect so many mutated beasts to appear!

“Is this a mutated beast that has reached the Heaven Realm?!”

“This mutated beast’s ability is probably almost as powerful as the void beast, right?”

Everyone was so shocked by this scene that they were speechless.

Although the void beast had already been severely injured and had fallen into a deep sleep,

However, these mutated beasts were also very powerful and were not something they could imagine at all.

Everyone's breathing became incomparably nervous!

Everyone looked at this scene anxiously, wanting to see what would happen!

Now, when they realized this, everyone was so shocked that they were speechless!

However, soon, something even more shocking happened!

The ground suddenly shook, and then countless huge lizard beasts crawled out from the ground!

Seeing that the mutated beast was getting closer and closer to them, everyone present was shocked speechless!

Could they deal with such a powerful ferocious beast...

At the same time, in the combat command center, a group of people had very solemn expressions. Their eyes were filled with anxiety as they looked into the distance!

Once such a mutated beast appeared, the lethality it would cause would be unimaginable!

The expressions of the group became very solemn. They could not help but look at the huge beast in the distance with hesitation, their faces filled with worry.

"Is our world really going to be destroyed because of this?"

Everyone present had very worried expressions. They were worried that they would be completely destroyed...

It had to be known that some time ago, a mutated beast with very powerful attack power exploded in a city and instantly turned the entire city into ruins!

Instantly, many people helplessly became the food of the mutated beasts.

Such a thing was really unbelievable!

Now, everyone felt that they were unable to escape this misfortune!

When they realized this, everyone's faces revealed surprise!

They really did not dare to believe that things would turn out like this!

If the entire city fell into ruins, the humans in the world would also fall into destruction!

If the world was destroyed just like that, then they would all be finished!

The mutated beast looked down at its surroundings and slowly said, word for word, "Hehe, you bunch of insignificant humans!"

"I'm warning you. You better know your place and surrender obediently. Otherwise, I won't let you off easily!"

The mutated beast's face was filled with smugness. When it swept its gaze over the surrounding humans who had begun to flee crazily the moment they saw it, it immediately felt an especially sense of accomplishment.

Such a sense of accomplishment really made one feel smug!

The macaque beast smiled and stretched out its claws to scratch its fur. Then, its eyes were filled with gloom as it said with a slight smile, "Hehe, run. Run as much as you want!"

"If you're any slower, you will become my food!"

The macaque beast's eyes were filled with smugness. Then, it slowly said again, "Run. Just run."

"No matter where you escape to, you will still become my food!"

A mocking smile appeared on the mutated beast's face. Then, it slowly said word by word, "If you still want to die quickly, come to my mouth obediently."

"Otherwise, I'll directly bite your heads off. At that time, I'll turn you all into bloody paste!"

After saying this, everyone around was instantly frightened by these words!

Their breathing became hurried. After pondering for a moment, they quickly said, "Do... do we still have a way to escape..."

The mutated beast's face was filled with smugness, as if it was about to eat everyone in these cities!

When they realized this, everyone's faces revealed disbelief and surprise!

Their faces were filled with anxiety as they ran forward without caring!

This group of people seemed to have seen a terrifying wolf, tiger, and leopard. They fled crazily in all directions!

Such a mutated beast was really too powerful, making everyone feel something they have never felt!

They did not believe that things would develop to this state at all. At this moment, they felt as if their world view had been shattered and that they have gained a new understanding of this world!

The mutated beast's expression was especially ferocious. After sweeping its gaze indifferently around, it immediately opened its bloody mouth and began to roar!

“Roar! Roar! Roar!”

A furious roar immediately sounded. Immediately after, the surrounding crowd was shocked until their scalps went numb and they could not breathe properly. Even their expressions became very frightened and helpless!

They tried their best to escape, but they were helpless. They felt as if a pair of invisible hands was holding their throats!

It made them feel suffocated, as if their entire bodies were instantly imprisoned!

Such a matter was really shocking!

The macaque beast wanted to increase its strength and level to a certain extent before moving towards an even stronger level!

What it understood the most was that with its current strength, it was actually still somewhat uncertain if it could become the “helper” of the void beast.

But now, if it ate everyone in this city, its strength would increase greatly!

Chapter 696 - Weak Move?

Chapter 696: Weak Move?

At the moment, the macaque beast was still wondering how it could deal with these humans that were constantly disrupting it. It also wanted to obey the void beast's orders.

On the other hand, humans were also frightened by this mutated beast until their faces turned pale. Their legs were also trembling violently, and they did not know how to escape!

Just as everyone fell into despair, a buzzing sound erupted in the entire sky!

More than ten fighter planes were quickly rushing over!

Waves of buzzing sounds constantly echoed in the entire sky, making everyone shocked and in disbelief, their eyes widened!

Soon!

With a few swishing sounds, dozens of cannonballs quickly whistled towards the macaque beast!

The macaque beast narrowed his eyes and looked at the cannonballs that were charging at him with a dangerous expression.

The speed of the cannonballs was very fast and violent!

The macaque beast was stunned. Then, it looked at the cannonballs and muttered to himself in confusion, "What are these?"

"Hehe, is this another laughable trick created by humans? How laughable!"

The mutated beast did not care about these things at all. Its face was filled with smugness. Then, it slowly opened its mouth and said again, "Hehe, do you really think the few of you can deal with me?"

"You guys have really overestimated your strength and standard. I can easily send these things flying with a single finger!"

Countless forced bullets were flying towards it at high speed!

The macaque beast's face was filled with surprise. Then, its eyes were filled with disdain as it said mockingly, "Hehe, what an insignificant trick!"

With a disdainful snort, countless bullets quickly locked onto the macaque beast's head!

With several swishing sounds, water lights that flickered with cold light swept over with a roar.

The mutated beast opened its mouth and spat out a mouthful of flames, as if it wanted to burn everyone around!

No one expected this mutated beast to be so powerful!

It had to be known that the mutated beasts they had seen before were all only capable of unleashing physical attacks.

Now, this macaque beast had suddenly appeared and even started casting spells!

When they realized this, the expressions of everyone present changed. They widened their eyes in shock and watched in a daze as the macaque beast opened its bloody mouth, as if it wanted to swallow everything around it!

Such a thing was really unbelievable!

However, after feeling disbelief, everyone's expressions immediately became incomparably nervous and frightened. This was because this mutated beast was not easy to provoke!

What they needed to do the most now was to escape as far as possible!

Waves of plane roars still sounded as they rushed over in an endless stream. This was the final struggle of this city!

However, in the next second, a series of swishing sounds quickly sounded!

Countless cannonballs tore through the sky and quickly arrived at the head of the mutated beast!

Bang! Bang! Bang!

A rumbling explosion immediately sounded violently. Immediately after, incomparably dense black smoke quickly rushed over!

The speed of the cannonballs was very fast. Before anyone could react, the cannonballs had already smashed into the head of the macaque beast.

An incomparably violent sound instantly exploded. A moment later, everyone's expressions changed!

Large amounts of thick black smoke suddenly appeared where the macaque beast had been hit. It looked especially dense!

After the explosion ended, everyone standing around was shocked when they saw this!

The macaque beast's entire body was pitch-black from the explosion. A large portion of its fur had even been ignited by the fire. There was even a charred smell in the air!

When they smelled this smell, everyone swallowed nervously.

They hoped that this mutated beast could be killed as soon as possible. In this way, the crisis would quickly be resolved!

However, not long after the explosion, a rich black smoke quickly spread out!

A moment later, a figure flew over with a roar. The surrounding people focused and saw that it was the macaque beast that had been blasted away!

The mutated beast was only burned on the surface, but there were no injuries on its body!

Such strength was really too powerful, making everyone look at it in a different light!

When many people realized this, their expressions immediately froze!

Immediately after, their breathing began to become hurried. They really did not expect to encounter such a thing!

The ability of the mutated beasts was too powerful. It was not something they could imagine at all!

A cold expression appeared on his face. Then, he frowned and said, "Hehe, you dare to attack me with such a weak move?"

After saying this, the expressions of many people around immediately became incomparably frightened. They knew that this macaque beast was really too powerful!

They were not its match at all. It was simply a fool's dream for them to want to defeat it!

An explosion immediately sounded around, followed by sharp explosive sounds!

Although the mutated beast did not say anything, the expression on its face was obvious enough!

It was acting like it was fine on the surface, but in fact, it was almost unable to restrain the anger in its heart!

It was really furious that this group of people had messed things up!

The expressions of the group suddenly became incomparably panicked. Then, they slowly said word by word, "Let's take advantage of this opportunity to escape!"

The longer they delayed here, the more danger they would have to face. Instead of waiting, it was better for them to leave immediately!

Chapter 697 - Gathering to Kill the macaque beast

Chapter 697: Gathering to Kill the macaque beast

However, the macaque beast suddenly roared!

At this moment, the trembling on the ground suddenly became greater and greater.

As the trembling of the ground increased, the expressions of many people around also became extremely anxious.

It had to be known that last time, such a tremor had attracted many mutated beasts and almost destroyed the entire city!

But now, not long after the macaque beast appeared, the surrounding ground instantly began to tremble violently!

As the ground trembled continuously, countless cockroaches broke out of the ground!

They had thick carapace and looked especially ferocious. They quickly crawled out from the ground. Then, their faces were filled with ruthlessness as they swept their gazes around!

Everyone hated cockroaches. Of course, these people were no exception!

Now that they saw so many cockroaches suddenly appear in front of them, all the citizens were immediately frightened until their faces turned pale!

They had never seen such huge cockroaches. Now that they saw them, they were immediately frightened, and their expressions changed drastically!

But now, this matter was already happening in front of them. No matter what, it was impossible for them to resolve this matter.

At this moment, Zhou Hao had already led ten warriors who had reached the twelfth-grade Heaven Realm to this place!

In the air, cannon fire sounded continuously!

Amidst the sound of cannon fire, a wave of “Charge! Kill!” suddenly sounded.

Immediately after, the man in front suddenly raised his arm high. His face was filled with anger as he roared at the distant group of people, “Charge, attack!”

“Kill these bastards and return peace to Planet Earth!”

Soon, the group rushed in front of the macaque beast. Their faces were filled with ferocity, as if they wanted to defeat the other party directly!

It had to be known that although the warriors Zhou Hao led this time had reached the twelfth-grade Heaven Realm, they were still inferior to those half-step Saint Realm warriors.

However, their current strength and level could not be underestimated. No one could easily underestimate them!

Moreover, they had also undergone long training. In terms of physical fitness, they had never lost to anyone.

“Charge, go up quickly. If we can defeat it, we will definitely make contributions!”

The group’s eyes were filled with excitement as they watched this scene impatiently!

Although their strength had not reached a powerful level, it seemed that it was about enough.

When they realized this, the group’s faces immediately became nervous and solemn.

They had to be extra focused in order to do this well. Otherwise, they really did not know what to do against the attacks of these mutated beasts!

When they realized this, the group became confident. Then, they slowly said again, “If we work together, we might really be able to defeat this macaque beast!”

“That’s right!”

Hearing this, more than ten twelfth-grade Heaven Realm experts began to stand together and cheer.

Zhou Hao’s expression immediately became even more solemn.

With these people helping him, Zhou Hao also became much more confident.

If they could seize this opportunity well, they would definitely be able to do a good job!

Zhou Hao did not know the origins of these mutated beasts.

However, he also understood that if they did not eliminate these mutated beasts as soon as possible, there would be more trouble waiting for them in the future.

When he realized this, Zhou Hao's expression suddenly became especially solemn.

He suppressed the anger in his heart and waved his hand, quickly pointing at the sky.

The macaque beast was there. He could see it at a glance!

Seeing this, a disdainful expression appeared on the macaque beast's face. It chuckled and sneered, "Hehe, you guys are really interesting.

"It's just a fight. Is there a need to take so long? In my opinion, you should forget about scheming against me!

"My ability is much stronger than yours. The outcome of our battle is not up to you to decide!"

After saying this, the few warriors' expressions turned somewhat ugly. They knew that this macaque beast was also powerful!

However, if they could do this well, they would be compared to those people that had fought the void beasts.

At that time, everyone on Planet Earth would feel respect for them!

In the distance, the sound of cannonballs being fired and roars immediately sounded.

Immediately after, the sound of sabers colliding suddenly exploded.

Countless mutated beasts roared angrily. The few warriors wished that they could kill these terrifying mutated beasts instantly!

However, they were also helpless. If they could help at all, they would do their best to help out!

After all, times were different now. No one had expected that such a thing would happen on Planet Earth!

The ferocious beasts were also shocked that such a thing happened.

At this moment, Zhou Hao's eyes were filled with determination as he calmly watched countless cannon fire roared and attacked. He was certain that even if he had to face the attack of countless mutated beasts, he would definitely be able to do a good job!

The expression of the other twelfth-grade Heaven Realm warriors also immediately became extremely solemn.

Zhou Hao suppressed the nervousness in his heart and looked at the scene in front of him solemnly. He could not help but say firmly, "No matter what, we have to win this battle today!"

Suddenly, the sound of gunfire sounded in the distance, accompanied by roars and the sound of sabers colliding!

Chapter 698 - Resolved

Chapter 698: Resolved

Zhou Hao was wearing a blue combat suit. He stood at the highest point and swept his gaze around in the distance.

When he saw his surroundings clearly, his expression suddenly turned extremely ugly.

There were broken walls everywhere on the ground. Many of them were already covered in blood!

Moreover, there were many corpses on the ground that emitted an incomparably stench.

It was not only the blood of humans, but also the blood of ferocious beasts. All of them gathered together like a stream of blood!

Seeing this, everyone could not help but gasp!

"I'm afraid this can even compare to the Asura Hell..."

Someone immediately said worriedly. Another young man also looked at this scene with worry and was speechless.

In this battle, the combat soldiers were all like paper that would shatter with a slight touch!

The evolved mutated beasts were really too powerful. They were not something they could compare to at all.

If they could not kill these mutated beasts at that time, they would face an even more dangerous situation when they fought again!

When he realized this, Zhao Hao's expression became slightly dissatisfied.

He suppressed the anger in his heart and slowly said, "Do these mutated beasts think that there's no one left for us humans?"

"You actually dare to be so fearless and arrogant in front of us. You're simply looking down on us!"

In this world, humans and mutated beasts were completely irreconcilable!

Now that the Mutated Beast Alliance had risen, the entire world had fallen into chaos!

Everyone thought that this matter would not be resolved so easily.

Now, the void beast had used its aura to mobilize countless small fries in the beast world to deal with them!

Zhou Hao's expression became extremely gloomy. He frowned and looked at the distant macaque beast, deciding to end the battle quickly!

"Let's go!"

With Zhou Hao's order, the martial artists who followed Zhou Hao here all picked up their weapons and quickly pounced towards the macaque beast!

Just as everyone was about to come into contact with the macaque beast, its body flickered with a large amount of light!

At this moment, incomparably cold lights erupted!

Immediately after, a violent pressure instantly spread out. Cold lights roared as they rushed over from afar!

This pressure really made them feel disbelief!

This intense pressure immediately made many people feel their breathing quicken, their scalps tingle, and their bodies were even trembling violently!

Fear appeared on their faces. They subconsciously wanted to take a few steps back, wanting to get as far away from this mutated beast as possible.

Such a scene really made them feel that it was unbelievable!

The huge strength emitted by the mutated beasts really made all the martial artists feel that they were inferior!

Only Zhou Hao's expression looked especially calm without any changes.

He stared fixedly at the macaque beast and suddenly raised his hand, condensing a ball of pale yellow light in his hand.

After such a pale yellow light spread out, Zhou Hao's face still seemed very calm!

However, only those who were familiar with him knew that Zhou Hao had already begun to use the power of the Genesis Rune!

The power of the Genesis Rune was constantly transmitted over. At this moment, Zhou Hao immediately felt his entire body being enveloped by a warm force!

A moment later, Zhou Hao felt as if he had endless strength spreading out!

In the next second, Zhou Hao suddenly waved the strength in his hand!

The moment he waved his strength, Zhou Hao immediately felt that he seemed to have the strongest strength in the world!

Bang!

A light flashed and immediately rushed towards him.

Soon, before the macaque beast could react, all its strength was instantly unleashed onto its body!

The mutated beast widened its eyes in shock and looked at Zhou Hao in front of it in a daze. Especially when it saw the ball of light in his hand, it could not help but ask curiously, "What... what is this?"

However, the macaque beast could not guess what it was at all.

Not long after this light instantly exploded, a loud bang sounded in the air!

Immediately after, the macaque beast was instantly charred, and its entire body was turned into a pile of residue.

Seeing this, the expressions of everyone present became especially shocked!

Zhou Hao's strength was really too powerful. It was not something the group of them could compare to at all.

The power of Genesis Runes constantly erupted, instantly blasting a deep pit where the macaque beast was!

When the few warriors who had reached the twelfth-grade Heaven Realm saw this, they were immediately shocked until their eyes widened. They looked at this scene in a daze, their faces filled with disbelief!

This strength was really too powerful. Everyone was instantly shocked by this scene to the point of being speechless!

He did not expect Zhou Hao to be so powerful. None of them were his match.

It seemed that Zhou Hao, this young man, had hidden his strength very well!

If Zhou Hao had attacked from the beginning, perhaps the void beast would face a different outcome.

Perhaps it was also a simple thing for Zhou Hao to directly kill them!

After Zhou Hao finished dealing with the macaque beast, he swept his gaze around and immediately said in a solemn tone, "Now that the war is ongoing all over the world, the Battle Gods of the Battle God Battalion are also busy..."

"However, we still have to do our best and take precautions. Only then can we deal with the invasion of these mutated beasts."

After Zhou Hao finished speaking, he looked into the distance with a sad expression.

The city that originally had a beautiful environment and beautiful scenery had actually been reduced to such a state. As far as the eye could see, there were broken walls everywhere, filled with injuries and spots!

Such a matter really made Zhou Hao feel mixed emotions.

He looked into the distance and was deep in thought. His once beautiful home had now become a mess.

Chapter 699 - Rekindled Fighting Spirit

Chapter 699: Rekindled Fighting Spirit

Zhou Hao had never expected this void beast to be so cunning. It was true that it was injured, but it had sent so many small fries to cause trouble, causing Zhou Hao to be unable to do anything but deal with it!

After all, other experts were unable to deal with half-step Saint Realm beasts. Only Zhou Hao could!

In the blink of an eye, three days had almost passed. Zhou Hao was very anxious. Now, as long as this guy crawled out, it would be a destructive blow to them!

“What should we do?”

Zhou Hao was in a lot of pain, but there was nothing else he could do now. He could only forcefully activate the sealing technique!

“If I forcefully activate this technique, the failure rate will be as high as 80%. Moreover, I need at least ten twelfth-grade Heaven Realm experts to burn their lives to reach the half-step Saint Realm. Only by burning their lives together with me can I use this technique!”

After countless deductions, Zhou Hao finally understood that this was the only way!

After the frog learned of Zhou Hao’s plan, it immediately sighed. “Are you crazy? The failure rate is as high as 80% but you still want to try... You should just run!”

The frog wanted to escape. Of course, it was also because Zhou Hao was not bad that it said this. Otherwise, it would have escaped long ago!

“I can’t leave. Senior Ji and the others have all fallen asleep because of this void beast. If I leave like this, I’ll let anyone down. If I stay, even if I die, I’ll have no regrets!”

Zhou Hao had already made up his mind. Then, he took a deep breath and returned home.

His parents had long known about the void beast. To the humans, it was not a secret that all the experts of the human race were asleep and that void beast was not dead yet. They also knew that it would not be long before it made a comeback. At that time, Planet Earth would definitely be destroyed!

Seeing Zhou Hao return, Zhou Xueguo and Wang Shuyun were very nervous. After receiving an affirmative answer from Zhou Hao, they fell silent.

“So be it. After all, Planet Earth is going to be destroyed anyway. If we don’t die, where else can we go?”

Zhou Xueguo smiled and shook his head.

Wang Shuyun was the same. “Let’s have a reunion meal, hehe.”

The old couple were very open-minded. After all, Planet Earth was already gone, so how could they still be around? Moreover, as long as they were open-minded, death was only a thought.

Zhou Hao smiled and kept some of the things he wanted to say in his heart. Since his parents were already prepared to die, he didn’t have to share what he originally wanted to say.

After dinner, Zhou Hao found Xu Ling. In the sky, the two of them lay on the Luo God Warship and looked at the lights below. Xu Ling hugged Zhou Hao tightly.

“Are we really going to die?”

Xu Ling also asked this question.

“Are you afraid?” Zhou Hao asked with a smile.

“No, with you around, I’m not afraid at all.” Xu Ling smiled sweetly.

Zhou Hao swore to himself that he would definitely not let his family die like this!

The next morning, Zhou Hao arrived at the Holy Temple. He saw that the Holy Temple did not have any desire to fight at this moment. He saw that these once extremely proud Heaven Realm experts were now sitting there silently, as if the end of the world had arrived!

“What’s wrong with you guys? Why are you so listless?”

Zhou Hao’s appearance made their eyes glow, but this glow was still relatively dim.

“Captain Zhou, we... are waiting for death.”

They all smiled bitterly. After all, even Senior Ji and the other ten half-step Saint Realm experts could not defeat that guy. What could these Heaven Realm experts possibly do?

“Die? Why? Even if we have to die, we have to do our best and die without regrets!”

Zhou Hao looked at them and said coldly.

Hearing Zhou Hao’s words, their expressions recovered a little. They looked at Zhou Hao and asked, “Captain Zhou, is there anything else we can do?”

Although they asked this, they also knew that there was definitely nothing they could do!

However, at this moment, Zhou Hao actually nodded!

“Yes!”

This word instantly made their expressions change in disbelief!

“Yes? Captain Zhou, what’s your plan?”

After saying this, they were all excited. As for Zhou Hao, he took a deep breath and said.

“I have a way that has a 20% success rate. However, I will need ten peak twelfth-grade Heaven Realm experts. We will burn our souls and use a sealing technique. In this way, we will have a chance to seal it. Other than that, I have no other way!”

Hearing that there was only a 20% chance, they were stunned for a moment. All of them looked at Zhou Hao in surprise.

“Only 20%?”

They felt that this probability was really too small...

It could basically be said that failure was guaranteed!

Zhou Hao looked at them and shook his head. “Even if it’s only 1% or 0.1%, we still have to give it a try. If we succeed, although we’ll die, what about our families? They can still live. Planet Earth would still be here, our homes would still be here. We’re not fighting for ourselves or for our country, but for the sake of all of humanity!”

“Even if we die, it doesn’t matter. This is our fate as martial artists, right?”

“We will fight for our families and Planet Earth. Although we will die, it will be an honorable death. Even if we fail, we will have no complaints in the netherworld, right?”

Zhou Hao’s words were like a stimulant that hit their hearts, instantly reviving them!

“That’s right. So what if we fail? We’ll still die here. Even if we die, we have to strike a blow to it and irritate it!”

“That’s right. Even if we die, we have to die a worthy death!”

“Damn, Captain Zhou, I’m a peak twelfth-grade Heaven Realm expert. I’m willing to sacrifice my life!”

“Me too. Although I’m only a tenth-grade Heaven Realm expert, I’m also willing!”

“Me too!”

They instantly recovered. All of them had intense fighting spirit, making Zhou Hao smile when he saw them.

“Ten twelfth-grade Heaven Realm experts. There’s no need for the others. If we succeed, it will be up to you guys to repair our homes and protect all of humanity. I’ll leave this responsibility to you! Remember this!”

Zhou Hao laughed. He had found ten twelfth-grade Heaven Realm experts who were willing to sacrifice their lives from the five alliances. Now, they just needed to learn this sealing technique from Zhou Hao.

This cultivation technique was very easy, but the threshold was high. Originally, it needed a Saint Realm cultivation to activate, but this was impossible. Therefore, now, only ten twelfth-grade Heaven Realm experts and Zhou Hao, who had the spirit gem and the power of the Genesis Rune, had the chance to activate it!

Chapter 700 - Crazy

Chapter 700: Crazy

After Zhou Hao finished speaking, he looked at all the martial artists and saw that their eyes were moist. He saw the hatred in their hearts and knew that this was their last chance!

Zhou Hao told these ten people all the details of the sealing technique!

The ten of them also gradually made some progress after a night of crazy learning. Finally, at dawn, the eleven of them directly attacked!

The ten of them boarded their respective battleships and headed straight for the deep sea!

“Little Yu, are you sure that the void beast is under the sea?”

When Zhou Hao was doing this, he had Thousand Feather Armor start investigating. In the entire Planet Earth, Thousand Feather Armor was the most capable. It was most suitable for it to investigate the void beast.

“That’s right. The void beast is currently in the deep sea. Its life aura is very strong and its soul is somewhat weak, but it’s still recovering. It won’t be long before it completely recovers!”

As he spoke, Zhou Hao immediately took a deep breath and immediately contacted the other ten twelfth-grade Heaven Realm experts!

“Everyone, the void beast is at the bottom. Get ready and abandon all distracting thoughts. This is our last battle. Victory or defeat depends on this!”

Zhou Hao said directly, and the dozens of twelfth-grade Heaven Realm experts agreed. This was the final battle!

Soon, they arrived at a depth of a thousand meters in the deep sea. Be it Zhou Hao or the other twelve Heaven Realm experts, they saw the black and blue figure under the huge abyss!

Without saying a word, Zhou Hao began to use the power of the Genesis Rune. The twelve Heaven Realm experts surrounded Zhou Hao and began to unleash the sealing technique!

Powerful strength immediately erupted. Countless complicated words crawled out of the void. The huge strength condensed together and turned into a huge cage that directly exploded!

Zhou Hao held hands with the dozen or so people and immediately enveloped them with a huge spatial rune.

At this moment, the void beast roared and also discovered them.

“Hmph, another seal. You want to seal me?! You’re courting death!”

It was very furious and hated this sealing technique extremely. Therefore, after sensing this seal, it was furious on the spot!

A huge impact directly blasted over from its body. The powerful Saint Realm strength was not something they could resist at all!

“Time to burn our mental strength!”

Zhou Hao shouted angrily.

“Zhou Hao, are you crazy? Do you really want to burn your mental strength? In this way, even if you live, you’ll still be like Ji Yaoyue and the others, a living dead!”

The frog’s voice immediately sounded in Zhou Hao’s mind. It was very anxious. If Zhou Hao died, wouldn’t it lose its good master?

When Zhou Hao heard this, he shook his head. This was the last chance. There was no time to think. In short, Zhou Hao would do his best!

After Zhou Hao’s furious roar, the ten twelfth-grade Heaven Realm experts directly unleashed their life forces, and a powerful sealing power directly erupted!

At this moment, the void beast’s entire body trembled. Although this sealing power was not very strong, it could still restrain it!

“Damn it, the sealing power of the Genesis Rune and this ancient power actually appeared on this lousy planet. It’s really unexpected!”

The void beast was very furious. At this moment, it opened its mouth, and endless black holes appeared. Its strongest technique was the power to devour the void!

Its current thought was very simple. It wanted to directly devour this sealing power into its stomach!

However, how could Zhou Hao let it get its way? He immediately shouted and his powerful mental strength exploded!

He also began to burn his mental strength. At this moment, the sealing power instantly condensed!

Zhou Hao was a Genesis Rune Master to begin with and was even a good one. He could naturally use this sealing technique. The only problem was that his cultivation level was not high enough!

However, with ten twelfth-grade Heaven Realm experts burning their lives here, this gap was also getting smaller and smaller!

The ten twelfth-grade Heaven Realm experts had already burned away all their strength. The seal was also instantly condensed!

Outside, everyone from the five alliances was watching this scene and placing all their hopes on them!

In the Holy Temple, the experts of the five alliances watched this scene nervously!

“Look, Captain Zhou and the others’ life auras have erupted. They... they must have burned their lives to activate this powerful strength!”

“That’s right... they burned their lives...”

“Heaven, please bless us!”

Everyone began to pray as they looked at the twelve dots on the device.

One of them was incomparably huge, representing the void beast. The other eleven were Zhou Hao and the others. At this moment, the eleven light spots emitted a super powerful life aura.

However, slowly, the ten outermost ones gradually dimmed.

“Their... their life auras are about to disappear...”

“Are they... going to die? Are they going to sacrifice their lives for our Planet Earth and all of humanity?”

“But... but that void beast is still alive...”

They were very afraid. Many people had tears on their faces as they watched everything nervously.

In the end, when they saw the ten light spots disappear completely, many people fell into despair!

“It’s over, it’s over... we’re completely done for...”

“No, we still have Captain Zhou. Look, Captain Zhou is still alive!”

They were all shocked. At this moment, Zhou Hao felt that the others were already dead, and his heart was filled with grief!

“You didn’t die in vain. The sealing power has been completed. Whether or not I can seal it will depend on this battle!”

Zhou Hao’s thoughts were very simple. Even if he could not kill it, he still had to seal it. Whether it was a year, ten years, or a long time, as long as he could create time for everyone on Planet Earth, it would be worth it!

“I’m not afraid of death, but I’m afraid of dying for nothing. Void beast, no matter how long the seal lasts, as long as I succeed in sealing you, it will be considered as my victory!”

Zhou Hao laughed and directly sealed the void beast’s divine body. With the support of Zhou Hao’s spirit gem, his huge mental strength turned into a stream of light that directly entered the void beast’s head!

Zhou Hao also roared and wanted to enter!

“In any case, I can’t live anymore. I’ll treat it as a part of the seal. Before I die, I’ll strike a blow to you as best as I can!”

Zhou Hao was already prepared to die!

“Zhou Hao, you can’t enter his mental world. If you enter, you’ll be eaten by it!”

The frog exclaimed, but Zhou Hao did not hesitate and entered without hesitation!

With endless anger and determination, he turned into a stream of light and directly entered the depths of the void beast’s spirit!
